

## God level 591

### Chapter 591

"Huh! These two people are....."

One after another, arrogant eyes glanced at Qin Feng and Feng Di.

Qin Feng has a divine cloak, but they can't see through it.

Emperor Feng also used secret techniques to conceal his cultivation.

However, her appearance is so outstanding that these high-quality masters have some vague impressions.

"This woman in red dress seems to be from Tianmo City! The last time I saw her, she was only a low-level master."

"hehe! I think you remembered it wrong! How could a low-grade master appear on this level?"

"This... maybe these two people look too much alike. I made a mistake....."

Some high-ranking masters secretly transmitted messages

"By the way, who is this guy in the black cloak?"

"I can't see through it! I don't remember any of those half-step top-grade ones wearing black cloaks....."

Among the crowd, someone secretly looked at Qin Feng.

At this moment, Qin Feng and Feng Emperor became the focus of everyone.

Qin Feng was also observing everyone secretly.

Thirty-three top-grade masters.

There are 20 people in the early stage of high-grade, 9 people in the middle stage, 3 people in the late stage, and 1 person in the

Dzogchen stage. The combat strength in the early stage of high-grade is 20,000 to 4 capital.

The mid-term top grade is 40,000 to 70,000 Beijing.

In the later stage of the top grade, the price is 70,000 to 100,000 Beijing.

The highest level of Dzogchen is over 100,000 Beijing.

These are the real masters.

Qin Feng took a deep breath.

His current physical combat power is 10,000 Beijing.

The phantom clone does not have the help of the starry sky battle armor, and has only 0.75 million combat power, which is weaker.

I'm afraid Yue'er won't be able to pass this first level of being a top-grade master!

Qin Feng was a little worried.

Thinking of this, he couldn't help but look at a black-haired man in the crowd of 1,000 people.

That man is the only high-grade Dzogchen Master, named Master Shenzawa.

They are also the favorites to take first place in this assessment.

Even Qin Feng heard about it.

Then, he looked at another heroic middle-aged man.

This man's name is Master Feiming. He is a high-grade late-level cultivator. He has practiced the Immovable Divine Seal and is best at defense.

Although this famous master is not as good as the master of Shenze in terms of cultivation, it is not necessarily weaker than the master of Shenze in terms of defense.

At this moment, Qin Feng heard whispers behind him again

"Feng Yue, you just said that no one would be promoted, and now two people have appeared.", Lord Yutian joked with a smile.

Lord Feng Yue was a little embarrassed.

But then, he said with some disdain:"So what if these two people are promoted? With their half-step high-grade master cultivation, they simply cannot survive the first level."

As he spoke, there was a rumble in the air, and the world trembled.

"It's about to begin!"

The crowd whispered.

All the masters looked cautious and held their breaths one by one.

The atmosphere in the venue became tense.

Qin Feng and Emperor Feng also became nervous.

The assessment of this top-level master is extraordinary.

"Qin Feng, I may not be able to survive this time!", Emperor Feng was worried

"Don't think so much, try it first and then talk!"

As soon as these words were said, the sky collapsed and the earth shattered.

Thirty-five divine thunders struck down wildly!

Ka~! Ka~! Ka~!

Thunder and light intertwined all over the sky!

All laws of time and space were shattered.

In an instant, thirty-five lightning strikes The divine thunder blasts people.

Each divine thunder is equivalent to a full blow with a combat power of 20,000 Beijing!

This is just a blow at the threshold of high-grade masters!

Such a test is obviously biased towards high-grade masters, so that they will not get 0 points , so that they can all qualify.

In the hearts of the Star Lords, they are the main force in the Chaotic Star Territory.

More than a dozen groans continued!

All thirty-three top-grade Lords blocked the first wave of divine thunder! Some people were very relaxed! Some people were very relaxed!

It's very difficult!

When the divine thunder fell, Qin Feng used the Divine Seal of Heaven and swallowed up half of the attack energy. The divine thunder comparable to 20,000 Beijing, to him, is 10,000 Beijing.

He groaned. , resisted the attack.

On the other side, Emperor Feng cast the Divine Seal of Karma. All the attacks from the divine thunder were transferred to the shadow clone.

In the small universe, the shadow clone cast the Divine Seal of Heaven, eliminating half of the damage.

But he still resisted Without the remaining attack, cracks appeared all over the body.

When the phantom clone could not eliminate the damage, the remaining damage value was transferred back, and Feng Di must not be able to resist it.

Seeing that the clone was about to explode.

At this critical moment, the clone cast another The Infinite Divine Seal slows down time by forty times.

The time when his whole body explodes is slowed down.

At the same time, the Divine Seal of Creation is possessed!

The power of reincarnation increases tenfold!

The speed at which the body is repaired is faster than the speed at which it is destroyed.

This For a moment, the phantom clone's body doubled in size, as if it was going to explode!

It returned to normal for a while!

After doing this several times, he consumed all the damage and recovered.

From the outside, Feng Di's smooth forehead was covered with cold sweat.

She She sensed the changes in the shadow clone.

Everything was so dangerous!

The shadow clone was just a hair away from exploding!

Although the shadow clone was immortal, once the shadow clone exploded, the excess damage would be transferred, and she would definitely bear it. I can't help it.

In short, she passed this level (acai) very dangerously.

"Ha ha!! The first level actually has 40,000 points!"

A high-level master shouted with joy.

Everyone quickly took out their tokens to watch.

Sure enough!

All the high-level masters showed joy.

Qin Feng and Feng Emperor looked at each other and smiled, some of them thinking it was profound.

Qin Feng's current points are 12.06 Ten thousand points!

Feng Di's score is 119,900 points!

Higher than these high-grade masters.

On the other side, Master Feng Yue looked at the points in the token and his face was filled with joy

"Oh My God! Feng Yue, look! Those two people are still there!", Master Yutian whispered.

Master Feng Yue quickly looked up and saw Qin Feng and Feng Di standing there intact. He was dumbfounded.

At this time, other people also noticed it and looked at Qin Feng and Feng Di. Emperor.

These two half-step high-grade masters actually resisted.

Is it possible that they also have the strength of high-grade masters?

The scene instantly fell into silence and became quiet.

The expressions of all the high-grade masters were complicated.

After a moment, Master Feng Yue listened. The sigh of Lord Yutian sounded from the side

"Feng Yue, you are really a crow's mouth! Nothing works!"

Master Feng Yue looked embarrassed.

At this moment, Emperor Feng took out the token and issued an instruction.

A white light flashed, and she disappeared out of thin air.

It turned out that Emperor Feng voluntarily gave up the next test,

She knew that she could not pass the second level, and the points she had gained so far were enough. The top masters were not surprised by this scene.

But why didn't the guy in the black cloak give up?

Everyone looked at Qin Feng curiously.

Is it possible? This guy thinks he can pass the second level?

All the top masters don't believe it.....

At the same time, outside the Tianzhen Tower, it was already boiling.

Those eliminated were all talking about it.

The most discussed one is a mystery contestant.

The man was wearing a black cloak

"You said that you also saw a guy in a black cloak on the second floor. He was promoted from the first floor? Have you cleared all the second levels?"

"yes!"

"This is impossible! I saw it on the third floor too!"

"Um, I saw it on the fourth floor too!"

"No way, I saw him on the fifth floor too!"

"I also saw him on the sixth floor!"

As the discussion deepened, people became more and more surprised.

In the corner, Lingxi listened to people's discussions and felt that this was a bit strange.

She vaguely felt that the person these people were discussing was the same as the man in the black cloak she had seen before. The guy looks very similar.

It can't really be him, can it?

If so, how could he appear on so many floors?

Could it be...

Lingxi thought of a possibility that she couldn't believe.

She shook her head, feeling that she was overthinking.

The world It's impossible for such a person to appear in the world!

If that were the case, that would be terrible!..

Chapter 592

On the other side, Chu Chu and others were eliminated and quietly retreated to the corner of the square, avoiding everyone's sight.

At this moment, another beautiful figure came up, it was Emperor Feng

"Sister Yue'er, you're out!", Chu Chu greeted

"Well, are you all ready?". Emperor Feng looked at a few people

"Everything is fine."

Emperor Feng quickly sent a message to Qin Feng.

The next second, several people disappeared quietly.

At this moment, everyone was still arguing passionately, and no one paid attention to the changes in the corner.....

At the same time, Tianzhen Tower, seventh floor.

Qin Feng has quietly summoned the five Feng Emperors into the small universe.

The next second, the five polar stars merged!

His combat power increases by 12 million.

The combat power of the main body has been increased to 11,200 Beijing, and the phantom clone has been increased to 8,600 Beijing.

None of the surrounding high-ranking masters noticed this change.

In the crowd, Lord Yutian looked at Qin Feng curiously

"Feng Yue, do you think this guy can pass the second level? Yutian asked curiously.

Master Feng Yue sneered:"Do you think you can pass this second level?"

"Well...it's not very likely!", Lord Yutian smiled bitterly

"That's not clear! You and I can't pass it, do you think he can pass it if he is a half-step top grader? He should have stopped at the second level just like us.

Lord Yutian smiled and said, "I think so too!"

At this moment, the space shook, and the second wave of divine thunder landed.

Thirty-four divine thunders burst out of the sky!

They blasted through the space!

The incandescent electric light shone through the sky and the earth!

This time, each thunder light was comparable to 40,000 thunderbolts. Jing's attack!

Boom~! Boom~! Boom~!

There were bursts of earth-shattering explosions!

Screams continued in the thunder!

In an instant, seventeen high-grade early stage masters turned into blood mist.

And the moment the divine thunder fell, Qin Feng cast the Divine Seal of Karma, and all the damage was transferred to the phantom clone.

In an instant, the phantom clone exploded, and the remaining damage returned to the body.

But even so, the damage was only 20,000 yuan.

Qin Feng quickly cast the Divine Seal of Tiandao, took it easily.

The next second, the thunder light dissipated.

Only 17 people were left intact in the field!

The remaining people were all blasted.

When those people were resurrected, they all looked at Qin Feng in shock.

Among them was Feng Feng. Master Yue and Master Yu Tian.

Both of them were dumbfounded!

Even they couldn't bear it, but this half-step top-level man in a black cloak actually resisted.

Before they could think about it, they were forcibly teleported out.

At this moment, The message came from everyone's tokens.

Everyone looked happy when they saw it.

This level is 50,000 points.

With this accumulation, they got 90,000.

Qin Feng had 170,600, far ahead.

Although Emperor Feng did not participate in the first round , In the second level, the points were still 109,900 points, which was still more than these people.

Soon, the divine thunder fell in the third level.

This wave of divine thunder was comparable to the combat power of 70,000 people.

Everyone used their methods one after another.

For a time, the Eight Immortals crossed the sea, each Showing his magical power. This time, Qin Feng sacrificed the two swords of Abiyuantu, fired a sword light, and met the divine thunder.

Under the Kaitian Divine Seal!

The power of that sword was extremely terrifying! There was a shocking loud noise!

The sword light and thunder light intertwined!

That god The thunder shattered the sword light and continued to slash down wildly.

However, the power of the divine thunder also dropped to 50,000 jing.

Next, Qin Feng repeated his old trick!

The divine seal of cause and effect, damage transfer.

The phantom clone consumed 20,000 jing. Damage.

The remaining 30,000 Jing damage is transferred to the main body.

The Divine Seal of Heavenly Dao swallows half of the damage!

At this moment, the attack power is reduced to 15,000 Jing. The

Wuji Divine Seal!

The Divine Seal of Creation!

Cast at the same time!

Qin Feng's body swells twice in size. It shrank for a moment, terrifying to the extreme.

At this time, the thunder light dissipated.

There were only four people left in the field, and Qin Feng.

Those four people were the master of Shenze, the high-rank Dzogchen master.

As well as the late-rank master Famous Master, and the other two The famous late-stage master.

The rest were all eliminated.

At this moment, the four masters of Shenze looked at Qin Feng in astonishment.

Qin Feng's body was still expanding and changing.

He had been desperately trying to digest the damage, and his body was in a state of shock at any time. On the verge of bursting.

This time, it lasted for a full three minutes.

Qin Feng's body gradually returned to normal.

He also successfully passed the third level.

The four masters of Shen Ze couldn't help but look at each other face to face.

Soon, the points came out..

This level is 70,000 points.

Qin Feng's points have accumulated to 240,600.

The points of the four people on the field are 160,000 points.

The five of them have the highest scores in this assessment.

And Feng Di ranked first with 10.99 points. Sixth place.

Qin Feng got two of the top ten reward places, and he felt very happy.

In the small universe, Feng Di and others were already jumping for joy.

0·Please give me flowers 0·····

"Is the test over? Now that we have the same score, who is first?"

In the crowd, Lord Shen Ze suddenly spoke.

"yes! I heard that the first place has the most generous rewards, and the second and tenth places have the same rewards. We all have 160,000 points, how do we calculate it?"

The famous master felt that this was a big deal.

The other two high-grade late-stage masters also felt the same way.

They actively ignored Qin Feng.

Although Qin Feng's performance was amazing, they felt in their bones that a half-step high-grade master was still not as good as them.

Maybe, , this guy in a cloak is just very good at defense.

Looking at Qin Feng's performance just now, he could barely hold on, much more difficult than them.

At this moment, the voice of the Universe Star Lord rang in the sky.

000

"Next, there is an additional test and the final test! Who is first? You'll know once you try it!"

The voice of the Universe Star Lord rang in the air.

"Star Lord, how many points are there for this additional test?"

Lord Shenzawa looked up to the sky and asked.

He has the highest cultivation level, a transcendent status, and a sense of arrogance in his heart.

That's why he dared to ask directly

"80,000 points!"

The voice of the Universe Star Lord sounded again.

When Qin Feng heard this, a smile appeared on his lips.

80,000 points, even if these guys passed, the total points would only be 24 points.

But he now has 240,600.

Then he is still testing!

The first place was already his!

At that moment, he took out his token and retreated directly.

The white light flashed and Qin Feng disappeared.

Lord Shenze looked at the place where Qin Feng disappeared and sneered proudly: "Ha! Quite interesting!"

The Lord of Famous Ming also said: "The first place should be distinguished between you and me!"

As soon as these words were said, the two looked at each other and smiled.

At the same time, in another dimension.

Star Lord Huanyu looked at the scene in front of him and shook his head slightly, feeling a little funny.

These two poor guys!

The first place has long been It's someone else's, and they don't know it.

Even if they both pass the additional test, it's useless.

However, it's none of his business.

He just follows the rules.

At that moment, he started the additional test..

Chapter 593

At the same time, outside Zhentian Tower, on the square.

People were talking a lot.

In the corner, Lingxi had already met Feng Yue

"How many points did you get?", Lingxi asked with concern

"4 points!", Feng Yue sneered.

He only passed one level of the high-grade master test.

"Wow! So many!", Lingxi looked adoring.

4 points was out of reach for her.

She only scored 1,400 points.

Seeing Lingxi's surprised look, Feng Yue realized that his score was very high.

Think about it, the top-grade ruler was only 33 They must all be popular candidates in the top fifty, and they are also the key training targets of Tianfu Star.

"Feng Yue, how many can you get in this time? Any hope of getting into the top ten?", Lingxi looked forward to it.

She only had 1,400 points and couldn't even get into the top 200.

Feng Yue's 4 points shocked her.

Feng Yue smiled bitterly: "There are thirteen people above the mid-level master! If we want to talk about the top ten, it is these strong people who take all the positions, so I am responsible for that!

Lingxi smiled sheepishly: "I forgot about this!"

In fact, she is very satisfied with Feng Yue's results.

He deserves to be her man

"By the way, I also saw a strange guy on the seventh floor!"

"How strange is that?"

"The guy was wearing a black cloak and couldn't see clearly. However, he was clearly a half-step to the top grade, but he survived the two levels of the top grade master assessment!"

Feng Yue thought of Qin Feng wearing a black cloak.

This guy left such a deep impression on him!

He couldn't help but admire him.

"No way? Did you see it too?!" Lingxi seemed to have seen a ghost.

Feng Yue was stunned: "What? Have you seen it too?!"

"yes! I saw that guy on the fourth floor, and he passed all three levels!

Feng Yue was shocked: "You mean, the guy in the black cloak is just a low-grade master?"

As soon as these words came out, he quickly shook his head.

"This is absolutely impossible! How could a low-level master pass two levels in a row on the seventh floor? That can only be achieved if the defense power is at least infinitely close to the mid-level of high-grade. How could a low-grade master do it?"

Feng Yue didn't believe it at all.

Lingxi said with a complicated expression:"I didn't say he was a low-grade master!"

"Definitely not!"Feng Yue took it for granted.

Lingxi smiled bitterly:"I mean, someone has seen him on the third floor!"

"Three...three floors?!"Feng Yue's eyes widened,"You said he is a half-step master.?"

"No! Someone else saw him on the second floor!"

"What?"Feng Yue's mouth opened wide.

"Someone else saw him on the first floor!"

Feng Yue:"....."

Feng Yue was speechless.

Is that guy just a god emperor?!

This is absolutely impossible!

That's not how you joke!

At the moment, he didn't believe it:"Ling'er, don't tell me, someone has seen him on the fifth and sixth floors, right?"

"That's right! From the first floor to the seventh floor, everyone has seen him!"

"Forehead....."

Feng Yue was speechless, what a coincidence!

Immediately, he said with a half-smile but not a smile: "Ling'er, you mean, that guy is just a God Emperor?"

Lingxi shook his head: "I dare not think about that! But this matter is weird."

Feng Yue sneered: "If my guess is correct, what you are seeing is not the same person. It's just that they look alike."

"Perhaps these guys knew each other and deliberately pulled off this stunt to attract everyone's attention. Their purpose is just to become famous. It's really boring to act like this!

Lingxi nodded: "It makes some sense!"

"Don't talk about it. This first competition ended quickly. It's time for your rival, Purple Star, to come out too!", Feng Yue hugged Lingxi's slender waist.

Lingxi sighed: "Hey! I searched for her in the crowd for a while, but couldn't find any trace of her. I don't know where she went.

"Could it be that she got the news in advance and knew that your man was excellent, so she deliberately avoided you?"

Feng Yue gently pinched Lingxi's waist.

He was now high-spirited and smug.

"Look how beautiful you are!"

Lingxi rolled her eyes at him angrily, but there was a smile on her lips.

She also felt that her man performed very well this time, and he must be better than Zi Xing's man.

Today, she suffered repeated blows, and she was holding back a sigh of relief in her heart. She was sulky.

Now that she saw hope of venting her anger, she felt better.

"Linger, look over there! Purple Star is out!"

Feng Yue looked at the crowd.

Lingxi looked up and saw Zi Xing walking out of a remote corner.

Qin Feng had already taken off his cloak and followed him out.

Feng Emperor, Yu Qilin, Chu Chu and others Everyone was +. The group was talking and laughing.

Lingxi was happy.

She finally waited for the main character to appear.

"Feng Yue, let's go there!"

Feng Yue smiled confidently: "Let's go!" My husband will definitely help you find your place this time." .....

But on the other side, Qin Feng and others appeared, attracting attention from all around.

Many people cast envious looks at Qin Feng.

This guy is really pretty and blessed!

Just when Qin Feng and the Zixing girls were chatting happily, there was a commotion in the crowd in front, and Lingxi and Feng Yue came over.

"Ouch~! Sister Zixing, you guys really had a great time chatting!"

Lingxi greeted with a hypocritical smile.

The girls from Zixing frowned.

Why is this annoying woman here again?

This movement shocked the surroundings.

Everyone looked over curiously.

This corner suddenly became the focus of attention. focus

"Sister Lingxi, didn't you leave angrily before? Why are you in the mood to find me again?!", Zi Xing said with sarcasm.

"My sister was joking. I just heard something very happy, so I came to congratulate my sister."

"oh? What's up?", Zi Xing looked confused.

"Sister Zixing, I heard that you found a little man. Couldn't it be him?"

Lingxi glanced at Qin Feng, with the corners of her mouth slightly raised.

Although this Qin Emperor is extremely handsome, he is just a little god emperor after all.

Zixing frowned: "Please pay attention to your words! Qin Feng is my man, not some little man!"

"Ouch~! Don't be angry, sister. I just think that when a woman chooses a man, she must choose someone with strength, not just based on looks. For example, my sister's man....."

Lingxi looked at Master Feng Yue proudly

"Although he is not excellent, he is still a top-notch master....."

Lingxi looked at Zi Xing proudly again.

Anyone can see that show off look.

Zixing, Fengdi and the other girls suddenly realized.

This woman actually came to compete with the man.

They all laughed.

In their minds, Qin Feng's excellence was unparalleled. This Feng Yue master was not even worthy of carrying Qin Feng's shoes.

Feng Yue didn't know it.

He pretended to be embarrassed:"Xiao Ling, what you said will make me very embarrassed. If I am not good enough, then the little brother Miss Zixing chose... Oops! In a moment of quick words, little brother Qin Huang Don't you mind?"

Feng Yue looked at Qin Feng with a smile, his provocation was very obvious.

The onlookers around looked strange.

It was the first time they saw women compared to men.

Qin Feng looked at Feng Yue calmly:"My friend is so confident, so the results obtained in this assessment should be good, right?"

"Not too bad! Only scored 40,000 points. I wonder how many points the little brother Qinhuang scored? Oh, right! Forgetting that you are just the God Emperor is probably only a few points, right?"

As soon as these words came out, Lingxi pursed her lips and smiled, feeling so happy.

This Emperor Qin couldn't compare with his own man!

The onlookers all around gave Qin Feng sympathetic looks.

In front of his own woman, like this This Emperor Qin must be very embarrassed when compared with others!

At this moment, the Sky-Suppressing Tower suddenly shined brightly.

Everyone was startled and looked around.

They saw Lord Shenze flying out from the seventh floor.

There was a commotion all around.

"Lord Shenzawa has come out!"

"He is the only one who has stepped forward. It seems that he must be the first one this time!"

Just after saying this, the Lord of the Universe Star descended from the sky...

"Universal Star has announced the results!"

"I heard that only the top 100 will get rewards. I wonder if I can get into the top 100?!"

"Why! I don't want any rewards, I just want to be among the top 5,000! If you are less than 5,000, you will be eliminated!" the crowd murmured, everyone nervously waiting for the announcement

"I declare! The first test ended successfully!"

The voice of the Universe Star Master resounded throughout the entire venue.

The venue was also quiet for a moment.

The Universe Star Master continued:"In this assessment, five thousand people who are outside the competition will be eliminated!"

"The top 100 will receive additional rewards!"

"The 11th to 100th place will be rewarded with 100 white crystals!"

As soon as these words were said, the whole audience burst into envy.

"Tsk tsk!! One hundred white crystals! So many!"

"The rewards this time are really generous!"

Huanyu Star Master continued to announce:"The second to tenth place will be rewarded with 300 white crystals!"

"Oh My God! 300 yuan!"

The crowd exclaimed louder.

In the crowd, Feng Di and Qin Feng looked at each other and smiled.

According to Qin Feng's calculation, Feng Di should be sixth, and he got 300 white crystals.

"The rewards for the second to tenth places are so generous, and the rewards for the first place will be even more generous!"

Everyone became even more curious.

The Lord of Universe Star announced again:"The first place will be rewarded with 500 white crystals, plus a burst of Tai Qing Qi!"

Oh my God!

This reward is so generous!

This is just an additional reward!

When all the tests are over, no one can imagine how generous the rewards will be.

This selection competition is really the right time.

The alliance is We sincerely want to cultivate outstanding people.

At this moment, the Lord of Universe Star waved his hand.

The tower that was hundreds of millions of feet tall, even the size of a fist, was put away by him.

At the same time, everyone's tokens came with information.

Everyone picked it up and took a look. It turned out that the list of the 101st to 5000th came out.

After everyone read it, some were overjoyed and some were sad.

Qin Feng also took a look.

Purple Star, Jade Qilin , Chu Chu, Bao Bao, and Bai Qi are all within the two hundred.

That Lingxi is above the two hundred.

"Huh! Little brother, your name is Emperor Qin, right?", Feng Yue asked knowingly

"That's right!"Qin Feng didn't hide it either.

"Uh~! Why didn't I find your name among the 101 to 5000 names? You were eliminated at 0.8, right?"

Feng Yue said angrily.

"oops! You are the real deal! Brother Qin Huang is feeling sad! Why did you bring it up?"

Lingxi pretended to joke.

Qin Feng looked confused.

When was he eliminated?

These two idiots are too self-righteous.

At this moment, the token came again.

The list of the 11th to 100th Also came out.

Feng Yue suddenly ranked 35th

"Sister Zixing, look, my Feng Yue is ranked 35th. oops! This is how I got one hundred white crystals."

Lingxi showed off excitedly.

At this moment, the third wave of information came up from the token.

The list of first to tenth names also arrived.

Zi Xing glanced at the token and smiled.

"Sister, do you think who is the first?

Lingxi was stunned:"What are you looking at?" Anyway, the first place is 100% dominated by Kanzawa, what does it have to do with you?"

Feng Yue also looked confused.

However, the two of them still looked at the token.

But at this glance, the two of them were confused.

The first place on the list suddenly was - Emperor Qin, with 240,600 points..

Chapter 594

"This...this number one is you!"

Lingxi and the two looked at Qin Feng in great shock.

Qin Feng's lips curled up slightly:"I seem to be the only one here called Emperor Qin!"

As soon as these words were said, Lingxi and Lingxi felt as if they were struck by lightning, and their whole bodies were shaken violently.

"This...how is this possible?! You are just the God Emperor, how could you possibly win first place!"

Lingxi couldn't accept this fact.

Feng Yue didn't believe it either: "Little brother, stop joking. There is absolutely no way this person is you! He just has the same name as you!"

Qin Feng was speechless.

At this point, these two people were still unwilling to face reality.

At the same time, the entire square was boiling.

"Look! The first place is actually Emperor Qin! Why isn't he the Lord of Shenzawa?"

"Huh! It's really not the Lord of Kanzawa. Who is this Emperor Qin?!"

"Never heard of it!"

At this moment, an extremely majestic voice sounded in the void.

"Emperor Qin, come up and receive the award!"

As soon as these words were said, everyone looked around.

Everyone wanted to see who the Emperor Qin was.

Feng Yue's eyes lit up: "Little brother, the real Emperor Qin is about to come out. Do you think you can fool people with the same name? Little brother, you think too simplistically"

"that is!", Lingxi agreed. But as soon as the two of them finished speaking, the sky and the earth were brilliant, and the power of the gods was majestic!

A golden light fell in front of Qin Feng, forming a ladder to the sky, connecting the sky and the earth.

"02 Emperor Qin, Star Master is waiting for you!"

Huanyu Star Master also looked over.

Lingxi and Feng Yue were completely dumbfounded this time.

Oh my God!

The first place Emperor Qin is really the young man in front of him!

What about them before?.....

The two of them suddenly felt extremely embarrassed.

Qin Feng glanced at the two of them with disdain and stepped onto the ladder to heaven.

"It turns out that he is Emperor Qin!"

At this moment, everyone looked over.

But the next second, everyone discovered that Qin Feng's cultivation was in the late stage of the God Emperor.

The whole audience was stunned!

"OMG! He is only in the late stage of God Emperor!"

"How can this be?! How did a god-emperor get first place in the later stage?"

"Is this Emperor Qin really the late God Emperor?!"

Everyone couldn't believe it.

In the crowd, Lord Shenze was also dumbfounded.

He thought who had defeated him.

Unexpectedly, it was a late-stage God Emperor!

But how could the late-stage God Emperor defeat him?

At this moment, the crowd There was an exclamation in

"I remembered! The person in the black cloak who appeared on the first to seventh floors should be Emperor Qin!"

"right! I'm just talking about how the same person appears on every level!"

"Oh My God! This Emperor Qin is really in the late stage of the God Emperor!"

"This is incredible!"

At this moment, the truth was revealed.

Everyone looked at Qin like a monster.

No matter how he did it, it was incredible that a god emperor could win the first place in the later period. I'm afraid it is unique since ancient times.

In other words, this Emperor Qin's talent is so terrifying!

No one doubts that he can become a top-grade star master in the future.

At this moment, everyone looked at Qin Feng in awe.

Among the crowd, Feng Yue's face was extremely ugly.

When he thought of what he had just done, he wanted to find a crack in the ground to crawl in. It was so embarrassing!

He sighed and quietly retreated.

Lingxi had long been lost.

Compared with Qin Feng, his man was really different. Thousands of miles away!

It's like one is in heaven and the other is on earth.

Why is such an outstanding man actually a man from Purple Star instead of his own man?.....

Unknowingly, Qin Feng climbed to the end of the ladder and came to a special space.

He met an old man with white hair.

The old man looked at him with a smile and a kind face.

And beside the old man, there were two low-level star masters standing

"Emperor Qin, this is Tianfu Xingzun, why don't you come and pay your respects soon!"

The Lord of Huanyu Star came next and kindly reminded him.

Qin Feng was shocked.

The old man in front of him was actually the strongest person in Tianfu Star.

He didn't dare to ask for help and hurriedly came forward to pay homage.

"I have seen Xing Zun before!"

"good! good! good!"

The Lord of Tianfu Star stroked his beard and praised three times in succession.

This Emperor Qin surprised him so much!

It far exceeded his expectations!

"Young man, your talent is the only one I have ever seen in my life! In the entire Star Alliance, among the younger generation, no one can compare with you."

"Xingzun received the award!"

"Ha ha!! Little one, don't be humble! Stars like Jumen Star, Earthquan Star, Divine Assistant Star, and even Ziwei Star cannot produce talents like you. Those old guys should be crazy with envy!"

The more Tianfu Star Lord looks at Qin Feng, the more he likes him. This young man is so satisfying to him.

When Qin Feng got the special promotion, he was already very shocked.

Even Ziwei Star Lord was alarmed and was quite fond of Qin Feng. Agreed.

But looking at it today, he still underestimated Qin Feng!

This boy is much better than imagined.

By the way, a few days ago, the auspiciousness fell from the sky, indicating that the unworldly talent has arrived, and it should be this boy!

The more Tianfu Star Master thought about it, the happier he became.

He also thought that after bringing Qin Feng to Ziwei Star, he must show off in front of Ziwei Star Master and others.

"What's your name, young man?", the Lord of Tianfu Star looked kind.

"Qin Feng!"

"good! Qin Feng, keep up your efforts! Try to get into the top ten next time."

Qin Feng already knows.

There are only two tests in this selection competition.

He got first place in the first test, which was a lot of tricks.

Tianfu Star Master also hopes that he will enter the top ten in the second test, and he really values him ah!

"Return to Xingzun, I will try my best!"

The Lord of Tianfu Star smiled and said:"Qin Feng, as long as you can still enter the top ten in the second test, I will give you some additional rewards on the basis of the original rewards! how do you feel?"

As soon as these words came out, several star masters around were surprised.

Xing Zun really valued this young man!

He even wanted to give him extra rewards. This was simply making a fuss!

What's more, Xing Zun is a top-grade star master. He The extra rewards must not be bad.

Such good treatment!

They are all a little envious!

000 Qin Feng's eyes also lit up:"Xingzun, I will definitely fight for it!"

"good! I hope you won't disappoint me. This is your reward this time, collect it!"

The Lord of Tianfu Star took out a storage ring.

Qin Feng took it happily.

Five hundred white crystals and a burst of Taiqing Qi were obtained.

"Star Lord, I retire!"

"Qin Feng, remember what I said. If you can also enter the top ten in the second assessment, I will give you an additional reward. Of course, the better you perform, the more generous the rewards will be!"

"The elders know!"

At that moment, Qin Feng bowed and retreated.

After Qin Feng left, the Universe Star Master whispered:"Xing Zun, are your requirements for Qin Feng too high?"

The other star masters also nodded slightly.

They also felt that it was higher.

Qin Feng was able to get first place this time because he had a low cultivation level and gained the advantage of accumulating points.

Really compared to defense power, the three top-level Late-stage masters, as well as high-grade Dzogchen Shenze masters, are higher than Qin Feng.

Even some high-grade mid-term masters are not much worse than Qin Feng.

And in the next test, there is no care for the weak in cultivation.

Huanyu Star The Lord was very worried that Qin Feng would not be able to enter the top ten.

The Lord of Tianfu Star caressed his beard and said with a smile: "This Qin Feng is extraordinary. I believe that he will not let me down."

The Huanyu Star Masters looked at each other with some doubts..

Chapter 595

Qin Feng returned to the square after receiving the reward.

Zixing and others jumped for joy, and they all gathered around Qin Feng and asked questions.

Lingxi saw this scene and left in despair.

This time, she was completely beaten.

Afterwards, the award collection continued.

Next are the rewards for second to tenth place.

Qin Feng's estimate was very accurate. Feng Di came in sixth place and got three hundred white crystals.

A quarter of an hour later, all the rewards were distributed.

The Lord of Universe Appears Again

"Additional rewards for the first test have been distributed! Next, proceed to the elimination phase. If you have less than 5,000 points, please leave the square within a quarter of an hour!"

Hey~!

There were constant sighs in the crowd.

Many people were unwilling to give in, but they were helpless.

In the blink of an eye, tens of thousands of contestants retreated, leaving only five thousand people.

The whole square suddenly became empty.

The Lord of the Universe looked around Everyone:"I'll give you two hours to repair!" Two hours later, the second and final test will be conducted!"

As soon as he finished speaking, he disappeared out of thin air.

In the square, many people meditated on the spot.

Some people raised the barrier and began to heal their injuries. In the previous test, some people were injured.

Qin Feng also raised the Xunfengyun boundary flag. , covering a small area

"Yue'er, this is for you!"

Qin Feng took out the Tai Qing Qi he had just obtained.

Tai Qing Qi: It can improve the potential of middle-grade domination to the potential of high-grade domination.

This is what Feng Di needs most.

Feng Di was delighted. Take it.

A few minutes later, Qin Feng and the shadow clone quietly switched.

Qin Feng entered the small universe.

Emperor Feng and Yu Qilin also entered the small universe.

Zi Xing, Chu Chu, Bao Bao and Bai Qi stayed in the outside world.

After entering the small universe, Emperor Feng went into retreat to refine the Qi of Taiqing.

Before leaving, she handed over the 300 white crystal rewards she had just received to Qin Feng for distribution.

Qin Feng gave Yu Qilin 100 white crystals.

Jade Qilin is now the master of low-grade Dzogchen, and is just one step away from breaking through to mid-grade.

These 100 white crystals just help her break through the bottleneck.

After a while, Yu Qilin also went to retreat.

As a result, Qin Feng has 700 white crystals in his hands.

He swallowed it all in one breath.....

Time flies.

In a blink of an eye, the two hours of repair time were over.

The token came with new information.

In the square, people picked up tokens to watch.

The information is about the second assessment.

The first test is about defense and reincarnation ability.

The second item is a test about time, space, and speed abilities.

To put it bluntly, both of these are selecting people with strong survivability.

As long as these two abilities are strong, you can escape even if you encounter an enemy with stronger combat power than yourself.

After reading the information, there was no discussion in the audience

Some are happy, some are sad.

Not everyone is good at time, space, speed.....

At this moment, in a corner of the square.

More than twenty top-level masters gathered together.

Master Shenzawa is also among them.

In the last game, Shenzawa Master did not get first place.

He has always been worried about it!

At this moment, all the top masters had read the information on the token, and they all looked happy.

"Everyone, this second test, regardless of the level of cultivation, only looks at the individual's time and space ability and speed. This kind of test is fair!"

"yes! The scoring mechanism in the previous game was biased. Otherwise, it would be impossible for Emperor Qin to get first place. It's even hard to say whether he can make it into the top ten."

All the top masters were indignant.

Obviously, they were a little unconvinced that Qin Feng won the first place in the first game.

In the corner, Master Shenze's mouth was slightly raised with a look of disdain.

He thought so too.

If not Qin Huang had the advantage of low cultivation, how could he win the first place? You know, his points in the first game were 24 points, while Qin Huang had 240,600 points.

Qin Feng only had a little more points than him.

In fact, Qin Feng Without the advantage of low cultivation, the maximum score would be 160,000 points.

Lord Shenze was naturally unconvinced!

He felt that the first assessment was unfair!

But this time it was different.

He could truly prove himself.

At this moment, Fei Lord Ming is gone.

If Lord Shenze is ranked first among the people, then Zai can be ranked second.

Lord Ming is also very unconvinced by Qin Feng's first place.

"Shenze, the assessment rules this time are very fair!", Feiming looked happy.

Lord Shen Ze sneered:"It should have been like this!"

"yes! This time, Emperor Qin could not take advantage."

Master Feiming looked at the location of Qin Feng.

It was obscured by a blue cloud. He couldn't see clearly what was going on inside, and he didn't know what Emperor Qin and others were doing.

Master Shenze also looked at Qingyun Barrier:"What do you mean? For once, can Emperor Qin enter the top ten?"

The Famous Lord was disdainful:"Without rules of favoritism, he should be inferior to a top-grade Lord. The last time he won first place was related to his ability to defend and reincarnate."

"But this time the assessment is about time, space, speed and other abilities. He cannot be strong in every aspect. People always have strengths and weaknesses, no one is perfect"

"Many examples have proven this. A person who is extremely good at one aspect will be terrible at other aspects."

"In my opinion, Qin Feng's time and space speed is only average. Besides, he is just a god emperor after all. His lack of cultivation is his biggest disadvantage. This time, I find it difficult for him to enter the top 100!"

Master Fiming made a clear and logical analysis.

Master Shenze nodded slightly, feeling that it made sense.

At this moment, another unruly voice sounded behind the two of them.

"Two, this time the first place should be between the three of us. As for Emperor Qin, he is not qualified yet!"

The person who spoke was a man in golden clothes, named Lord Tiankun. He is a late-stage master with a high level of cultivation. He is best at the law of time and space speed.

Hearing the words of Lord Tiankun, Shenze and Feiming looked at each other and smiled.

They recognized this sentence very much. The three of them all recognized each other as rivals.

The next assessment will be the performance stage for the three of them.

As for Qin Feng, they didn't take it to heart at all.....

At the same time, inside the Qingyun barrier.

Zixing, Chu Chu, Bao Bao, and Bai Qi were all anxiously waiting for Qin Feng to show up.

The repair time has come and the assessment is about to begin!

At this moment, the phantom clone changed.

Yin and Yang reverse each other!

Qin Feng appears

"Brother, you are finally out. Huh! Your momentum seems to have improved a lot....."

"Wow! Dad, you seem to be awesome again!"

The baby looked adoring.

In this world, the person she admires most is her father.

Zixing and Bai Qi also looked happy.

They also sensed that Qin Feng's momentum had greatly increased.

Qin Feng smiled and said nothing.

This Once, he swallowed 700 white crystals, and his cultivation reached 91% of the late stage of the God Emperor of the Universe. His basic combat power was increased to 70 million trillion, which is 6,000 Beijing, which is a full 20 million trillion more combat power than before.

He is far away from The ultimate in the late stage of the God Emperor is just a hair away

"Brother, where are sisters Yue'er and Yu'er? Have they come out of quarantine?", Chu Chu asked with concern

"Out of seclusion!"

Qin Feng waved, and the surrounding space fluctuated. Yu Qilin and Feng Emperor appeared at the same time.

"Huh! Sister Yu'er, you have broken through to the middle level of dominance!"

Chu Chu looked at the Jade Qilin happily.

The Jade Qilin has broken through to the early stage of the middle grade, and its combat power has increased by 12 million.

Then Hundreds of white crystals have no white flowers

"Sister Yue'er's qualifications have also improved!"

Purple Star also looked at Feng Di with joy.

Two hours outside, and nearly ten days in the small universe.

Within these ten days, Feng Di refined the Qi of Taiqing, and his potential was raised to the upper-grade master level.

At this point, the masters of the five polar stars, except Bai Qi has mid-level domination potential, and the rest have high-level domination potential.

In addition, Feng Di's combat power has also been increased to 2 million trillion, which is equivalent to Chu Chu.

Seeing that Yu Qilin and Feng Di have made great progress, Everyone was happy.

Qin Feng was naturally pleased.

If he used the combination of the five pole stars, he could get 20 million trillion combat power superposition.

With the starry sky armor and chaos transformation, his strongest state could reach 16,000.

He was confident. You can protect yourself in the hands of the mid-level masters and even defeat the weak among them.

The combat power of the mid-level masters is: 4 to 70,000 Beijing

"OK! Time is running out, is everyone ready?", Qin Feng looked around at the girls

"All ready!"

"Brother, have you read the second assessment information?"

"Look!"

Qin Feng and Chu Chu looked at each other and smiled.

This second assessment is exactly what they are good at.

The Wuji Divine Seal ranks seventh among the Supreme Divine Seals, but it is a powerful weapon to restrain the laws of time and space.

This assessment is too difficult for them. Advantageous

"Brother, if you enter the top ten this time, there will definitely be no problem!", Chu Chu looked confident.

Qin Feng smiled slightly: "It depends on the specific situation!"

In fact, Qin Feng is very confident.

Now his strength has greatly increased, and he has the Wuji Divine Seal in his hand. Entering the top ten is not a big problem.

However, he wanted to achieve better results.

In that case, he can gain recognition from the Lord of Tianfu Star and receive better rewards.

While speaking, Qin Feng waved his hand, and the Qingyun barrier was removed.

Everyone showed up in the square

"Emperor Qin and the others are out!"

Everyone looked at them one after another.

Unknowingly, Qin Feng had become the focus of everyone's attention.

Even Lord Shen Ze cast a strange look.

At this moment, there was a sudden movement in the air, and the boundless might of the Star Lord descended from the sky..Then one day, an old man with gray hair fell from the void.

"It's the Taixu Star Lord!"

The crowd whispered.

Everyone looked at the old man in awe.

This old man was Taixu Star Master, one of the three low-level star masters of Tianfu Star.

Taixu Star Master's eyes were piercing.

He glanced at the whole audience.

"This assessment is hosted by me!"

"You already know the content of the assessment. I would like to remind everyone that the results of the second assessment are very important."

"If some of you do not do well in the first assessment, this second assessment is your only chance to turn around!"

"The points from the two assessments are added up, and those who rank in the top 300 will have a great opportunity to enter the Ziwei Holy Land!"

As soon as these words were said, the atmosphere in the whole place became heated.

People were talking about it.

"Why! There were only over 600 people in my last game. I don't know if I still have a chance."

"hey-hey! I ranked over 400 in my last game, but I am good at timing. This time, the results should not be bad. Maybe, I have a chance to enter the top 300!"

"The first three hundred! Tsk tsk!! That is an opportunity related to Ziwei Holy Land!"

There were some in the crowd who were happy, some were sad, and some were gloating.

At this moment, Lord Taixu waved his hand.

Boom~! Boom~! Boom~! There was a loud noise in the sky!

Countless spaces were shattered!

The power of time was distorted!

A huge divine mirror billions of meters long came out of the void and landed in the center of the square.

The mighty power of heaven crushed the entire crowd!

The momentum was overwhelming!

Everyone was frightened.

The second test was about to begin..

Chapter 596

The divine mirror is clear! The aura shines out!

The countless starlights in the mirror formed vortexes of their own, like a rotating galaxy.

This magical mirror is called Taixu Mirror, and it is the natal weapon of Taixu Star Master.

At this time, the voice of Lord Taixu sounded in the field

"The second game takes place in the Taixu Mirror!"

"In this process, no matter what means you use, as long as you can reach the end point, the game is completed!"

"The length of time it takes you to reach the end point is related to the level of your points, so the less time, the higher the points!"

"The game officially begins!"

As soon as he finished speaking, a light hole vortex appeared on the mirror.

The players rushed into the light hole.

"Let's go!"

Qin Feng gave an order, and a group of people followed the flow of people and stepped into the light cave.

Not far away, Lord Shenze looked at Qin Feng's back and smiled coldly.

He wanted to know, without the help of rules, Qin Feng's How many more points can I get?

"Brother Shenzawa, what is there to pay attention to that boy? This time, it would be great if he can enter the top 100!"

Master Feiming's voice sounded from the side.

Master Tiankun also smiled and said:"Brother Feiming is right! Brother Shenze, your opponents this time are me and Brother Feiming, not Emperor Qin. Without further ado, let me take the first step!"

As soon as he finished speaking, he took a step forward and rushed towards Taixu Mirror.

Lord Shenze smiled slightly and followed closely.....

But on the other side, Qin Feng stepped across the light hole in one step.

The next second, his feet landed on the ground and entered the Taixu Mirror.

He looked around and found that he was standing on a small platform with no one else around.

In front of him was a folded and twisted passage.

The passage is filled with strange energy, and there are streaks of white light that appear and disappear in every corner of the passage.

Some of those white light marks are space cracking blades, which can cut the body and soul, and are extremely powerful.

Some are sub-1,000-yuan entrances that suck people in and trap them in a closed space.

If you want to get out, you can only break the space barrier.

But this will waste a lot of time.

Therefore, those white light marks cannot be approached.

But the key point is that those white light marks appear randomly.

It may appear here one second, disappear the next, and appear somewhere else out of thin air.

In short, this twisted passage is full of dangers.

At the end of the passage, there is a white light hole, which is the exit.

The exit is the end!

"It seems that each player is in an independent space!"

Qin Feng waited for a moment, but did not see the second person arriving.

He waved quickly, and the surrounding space fluctuated, and six figures appeared in front of him. It was Zi Xing, Feng Emperor and other six people.

"Qin Feng!"

"elder brother!"

The girls were a little surprised.

When they saw Qin Feng, they knew that their results in this competition would not be bad.

This was completely a subconscious behavior.

But Zixing looked worried.

"Qin Feng, this passage seems to be very dangerous!"

She pressed on those white light marks.

The powerful aura emitted by some light marks can easily strangle a mid-level master.

Although they will not die, the damage is inevitable.

"yes! I feel so dangerous too!", Yu Qilin was also a little worried.

Qin Feng nodded:"It is indeed a bit dangerous! Those white light marks are so elusive that you never know when they will appear around you, making people avoid them."

"In my opinion, this assessment is not only about time, space, and speed, but also about luck. If you are lucky and don't encounter the white light mark even once, the speed will naturally be scary!"

As soon as these words were said, everyone nodded.

Chu Chu even said happily:"Brother, when it comes to luck, who can compare with you? Not even the Tianfu Star Master can compare. Qin

Feng (acai) smiled and said,"You are the only girl who talks a lot!""

"whee!", Chu Chu stuck out her pink little tongue.

Today, she was in a particularly good mood.

Those examiners paid great attention to Qin Feng, and some even said that she was also her brother's woman.

After hearing this, she felt inexplicably happy.

Thinking about it, she and her brother are not related by blood, so why does her brother never see her as a woman, but always as a little girl?

Qin Feng didn't know that Chu Chu was thinking wildly.

He urged: "Everyone, let's start!"

Everyone quickly took out their participation tokens and activated the timer.

This assessment is based on the length of time as the scoring criterion.

If the timer is not activated, the results will be invalid.

Qin Feng also activated the token.

The next second, he will use Purple Star. The six people gathered in the small room.

Chaos transformation!

The combat power increased to 10,500 Beijing!

The starry sky battle armor possessed!

The combat power increased to 14,000 Beijing!

The five star poles merged!

The combat power increased to 16,000 Beijing!

In a flash, Qin Qin The wind enters the twisted channel

"Brother, the flow of time in this channel has been slowed down a hundred times!"

Chu Chu and others soon sensed the abnormality.

Qin Feng pinched the seal, and the Wuji Divine Seal was activated!

The time force fields of Qin Feng, Chu Chu, Yu Qilin, Feng Di, Bao Bao, and Bai Qi were superimposed, and the 110 times time force field was emitted within the Wuji Barrier.

In an instant, he offset the time delay in the passage and accelerated the time 10 times.

Then, he flew towards the end of the passage.

In this passage, teleportation is not possible. He can rely on his own speed to fly to the end of the passage.

Qin Feng has a combat power of 16,000 Beijing. With the 10 times time force field bonus, he can move at a speed comparable to that of 160,000 Beijing.

This speed exceeds that of most high-grade Dzogchen. Dominate.

In addition, the Wuji Divine Seal is extremely sensitive to space.

Along the way, he sensed the elusive white light marks one breath in advance and avoided them early. There was an element of luck in this.

Qin Fenghua was seen. As a ray of light and shadow, as fast as a bolt of lightning, it shot towards the end, all the way unimpeded...

At the same time, various things were happening in other participating channels.

A half-step master was in the channel. He was flying at full speed, but the 110-fold time delay caused his speed to drop a hundred times, making him as slow as the early God Emperor.....

In another passage, a mid-level master who is good at time ability is proudly flying rapidly in the passage.

But at this moment, more than a dozen white light marks appeared strangely in front of him, cutting him into more than a dozen pieces in an instant.

The next second, another streak of white light appeared, sucking in the minced meat.

There was only one head floating in the field.

The mid-level master looked confused.

The next second, he was wailing.

If his flesh and blood are lost, his cultivation will be damaged.

But when he wanted to find his lost body, he found that all the white traces of light had disappeared.

He couldn't sense where his physical body had gone at all.....

In another passage, Shenze dominates the flyer calmly.

His combat power is 120,000 Beijing, and his time field is also powerful.

Even with the delay of the passage, his speed is comparable to that of a mid-level master.

In addition, his spatial ability is also strong, and it is not difficult to avoid those sudden white light marks.

Even if he didn't avoid it, he could still hold it on.

It seems that the first place this time is none other than myself!

Time flies!

In the blink of an eye, six minutes passed.

Qin Feng's speed in the passage was frightening, and he did not encounter any white light marks along the way. His luck was invincible.

It was at this moment that he saw the exit ahead.

Qin Feng ducked and passed through the light hole.

Ha ha!!

Assessment completed!

As soon as Qin Feng's feet landed, he found himself in a temple hall. wide! unmanned!

He quickly took out his participation token.

The token was automatically activated, and a message appeared on it

"Participant Qin Huang completed the assessment with a cumulative time of 6 minutes and 17 seconds and a score evaluation of 1.03 million points. He ranked first this time."

"So many points!"

Qin Feng was pleasantly surprised.

He didn't have time to think too much and waved again.

Zixing, Yu Qilin, Chu Chu, Bao Bao, Feng Di, and Bai Qi all appeared.

The six of them immediately took out their tokens.

"Wow! Brother, my time is 6 minutes and 19 seconds, and I have 1.01 million points, ranking second!"

"Dad, I am also 1.01 million points! Tied for second place!"

"I also scored 1.01 million points!"

"Me too!"

All six Chu Chu people scored 1.01 million points.

The six people were extremely ecstatic.

Zixing said with excitement: "We all scored 1.01 million points this time. That adds up to the points from the previous game. We are now in the top ten!"

"Huh! It seems to be true!"

"Ha ha!! Not only did we enter the top ten for the second level, but we also entered the top ten for the overall score. There are a lot of rewards in these two waves!"

Purple Star and the others were ecstatic again.

"Let's get out!", Qin Feng put away the starry sky armor.

The next second, everyone activated the tokens and took out the Taixu Mirror one after another.....

Time flies!

In the blink of an eye, another twenty minutes passed.

Another figure entered the hall.

The person coming was none other than Shen Ze.

When he saw that there was no one in the hall, a smile appeared on his lips. really!

He was the first to arrive.

At the moment, he calmly took out his participation token.

The token is automatically activated and a message appears

"Contestant Kanzawa, completedAfter verification, the cumulative time was 30 minutes and 43 seconds, and the score evaluation was 210,000 points, ranking eighth this time."

What?!

I'm only ranked eighth!

Master Shen Ze was dumbfounded.

But before he could think about it, a light and shadow rushed into the hall.

The person who came was none other than Master Tian Kun.

"Ha ha!! Brother Shenzawa, you are really amazing! Unexpectedly, you still won the first place! My little brother is convinced!"

Master Tian Kun laughed heartily.

Shenze looked at him with a strange expression: "Look at your results!"

"Ha ha!! Is this still necessary? I'm definitely second. However, this second place is not bad."

Master Tian Kun smiled and took out the token.

But the next second, his smile stiffened.

Damn it!

How did he get ninth?!

He was cold for a while, and quickly looked at Shen Ze: "Shen Ze Brother Ze, what is your rank?"

"eighth!"

"Um...who are the top seven?"

"Didn't see it! When I came in, there was no one here."

As soon as he said these words, another figure entered the hall.

The person who came was none other than Master Feiming.

"Both of them are indeed faster than me! Ashamed! Ashamed! It seems that I can only get third!"

Master Feiming had a smile on his face and seemed very satisfied with the third place.

But both Shenze and Tianpeng looked strange.

At this time, Feiming slowly took out the token.

But the next second, he was confused. Oh!

Why is he only in tenth place?!..

Chapter 597

"Why am I only tenth?"

The famous master was in disbelief.

Immediately, he looked at Shenze and Tianpeng

"You two, what's your rank?"

"ninth!"

"eighth!"

Shen Ze and the other two smiled bitterly.

Feng Ming was confused.

How is this possible?

Among all the assessors, the three of them are the strongest.

How did they get eighth, ninth and tenth?

"Two people, who are the top seven?!"

Master Fiming looked around and saw no one else.

Master Tianpeng smiled bitterly: "We don't know either! When we arrived, there was no one else here."

These words made the Master of the Ming Dynasty dumbfounded.

This means that those seven people came very early, so they walked fast!

The Master of the Ming Dynasty was stunned for a while, and then said: "It seems that these seven people came several minutes earlier than us! Then their scores should be very high, right?"

"yes! Lord Shenzawa nodded slightly, "In my estimation, they came three or four minutes earlier than us, and they probably beat us by 20,000 to 30,000 points!"

"So manyThe score." The famous ruler was surprised, "Brother Shenzawa, are you overestimating them?"

"this....", Lord Shenzawa also felt that he was a bit overestimated.

But then, he smiled and said: "It doesn't matter if you overestimate, it's only 20,000 or 30,000 points more. This time, we failed to win the top three. But in this selection, the most important thing is the overall score."

"That's right!", Lord Tianpeng also agreed, "The best reward is still in the overall ranking. As long as those seven people scored 20,000 to 30,000 points lower than us in the first assessment. The overall ranking is still not as good as ours"

"at this point! I agree!"

The famous master finally showed a smile.

In the first assessment, the three of them were second, third and fourth respectively. They had a big advantage.

"By the way, do you think there will be Emperor Qin among the top seven?", Master Feiming asked suddenly.

As soon as these words came out, Shenze and Tianpeng were a little uneasy.

Qin Feng took first place in the first game, and this time he entered the top seven.

The overall ranking is likely to be first.

The rewards for the top ten in the total ranking are a lot less than one place!

None of the three people want to lose one place.

Especially Lord Shenzawa.

He is the only top-level Dzogchen Lord among the players.

But in his first game He didn't get the first place in the second game.

If he doesn't get the first place in the overall rankings, what's the point of losing face?

"Let's go! Let's go out and have a look! Whether there is Emperor Qin or not, you will know by looking at it."

Kenze couldn't wait any longer.

"That's right! As long as there is no Emperor Qin, the top three are still ours. Those people should be no more than a few minutes ahead of us!"

Master Feiming agreed.

Tianpeng nodded slightly.

But they didn't know that Qin Feng and the others were nearly half an hour faster than them, and their points were frighteningly high.

At that moment, the three of them left the hall.

The next second , the three of them returned to the square.

But the square was empty, except for the Taixu Mirror.

The three of them were a little dumbfounded.

At the same time, above the void.

In that special space.

The Lord of Tianfu Star stroked his beard and said He looked at Qin Feng, Chu Chu and others with a smile. As soon as the seven of them came out, they were brought over by Taixu Star Master

"good! good! Except for Qin Feng, the six of you all have high potential!"

The talented star master also admires Chu Chu and others.

Of course, what he admires most is Qin Feng.

This time, Qin Feng opened his eyes again.

"Qin Feng, not only did you not disappoint me, you also gave me an unexpected surprise! I thought you were only strong in defense and reincarnation, but I didn't expect that you were also strong in time, space, and speed. It was perfect!"

The Tianfu star master has been full of praise.

The surrounding star masters also cast appreciative glances at Qin Feng.

The second assessment!

1.03 million points!

They couldn't even imagine this result.

Even some half-step star masters were He was muttering.

If they were asked to participate in the test, would they be able to achieve similar results?

The answer is not sure!

At this thought, those half-step star masters were serious about Qin Feng.

This boy will definitely surpass them when he grows up in the future.

Hearing the star The Lord kept praising Qin Feng, and the girls from Purple Star all looked happy.

They all hoped that their men would be recognized by the Star Lord!

At this time, the Lord of Tianfu Star said again:"In short, you deserve the first place in this competition! I will also fulfill my promise and give you additional rewards!"

Qin Feng was delighted and said respectfully:"I am just lucky! Thank you Xingzun for your love!"

"Ha ha!! You don't have to be modest either! You are the future of my Tianfu Star!"

What the Tianfu Star Master said was meaningful, and he vaguely regarded Qin Feng as the successor of Tianfu Star.

The other star masters were slightly moved.

"but...", the Lord of Tianfu Star looked at the Purple Star girls again,"You guys! It seems that you are suspected of cheating!"

These words made the Purple Star girls feel a little embarrassed and worried.

They were worried that it would be fatal if Lord Tianfu thought their achievements were invalid.

Qin Feng looked calm.

He knew that what he did in the Taixu Mirror could not be hidden from the Master of Tianfu Star and the Master of Taixu Star.

"Star Lord! This assessment stipulates that as long as the end point can be reached, the assessment is completed. There are no restrictions on any means, and there is no restriction that we cannot help each other. Our behavior did not violate the rules, right?"

Qin Feng fought for the girls of Zixing.

The Lord of Tianfu Star smiled slightly. In fact, he didn't know how Qin Feng took the girls into his body. He was not aware of Qin Feng's small universe. However, There are thousands of secret techniques in this world, and there will always be a few that even top-level star masters have never seen. Such things are normal.

"You are right! Therefore, you have caught the mistake in this assessment. According to the rules, your results are valid!"

Tianfu Star Master said with a smile

"Thank you Xingzun!"

The girls from Purple Star were overjoyed and thanked them one after another.

Lord Tianfu Star stroked his beard:"You are all Qin Feng's daughters.....Well, my subordinates?"

He originally wanted to say woman, but after looking at Bao Bao and Bai Qi, he quickly changed his mind.

"Yes!", the girls admitted.

The Lord of Tianfu Star smiled and nodded: "Qin Feng was able to get the first place in this assessment, not only because of his powerful abilities such as time and space. His luck is also extremely high! The few of you who follow him will have great luck, and there will be many benefits in the future!"

"OK! No more to say! This is your reward for this game!"

The Lord of Tianfu Star waved his hand, and seven storage rings flew to Qin Feng and the others.

Qin Feng took it and saw that the reward was the same as the previous one.

Five hundred white crystals and a stream of Taiqing Qi.

The girls from Purple Star I also took a look and found that each person had three hundred white crystals, which was the same as the previous one.

Everyone was happy in their hearts.

"Qin Feng, this is an extra reward for you!"

The Lord of Tianfu Star waved his hand, and there was a golden wheel in his hand, which seemed to be composed of pure energy and exuded seven layers of halo.

As soon as the golden wheel appeared, the golden light shone thousands of miles away, brightening the whole world!

In the golden light, there was the sound of heaven. Immortal chants, golden flowers and jade lotuses emerge one after another, countless hanging beads resemble bead curtains, and clouds and purple clouds suddenly appear, all of which are boundless auspiciousness and incomparable sacredness...

0·Requesting flowers 0·.....

"Golden Wheel of Merit!"

Several Star Lords exclaimed in their hearts.

The next second, they were shocked.

Could it be that Star Lord wants to reward Qin Feng with the Golden Wheel of Merit?

This is too generous!

The Golden Wheel of Merit!

Only middle-grade Star Lords can be rewarded!

None of them!

At this thought, all the Star Lords went crazy with envy.

The Tianfu Star Lord looked at the Golden Wheel of Merit in his hand, with a trace of reluctance flashing in his eyes.

But the next second, he still handed it over firmly.

"Qin Feng, this golden wheel of merit is my reward for you, accept it!"

"Thank you Xingzun!"

Qin Feng took it respectfully.

Although he didn't know what the Golden Wheel of Merit was for, looking at the expressions of several Star Masters, this must be a good thing.

"Qin Feng, as long as you refine this golden wheel of merit, you will be protected by heaven and earth, protected from all evil, and even your luck will be improved....."

"Can it also improve luck?!"

Qin Feng was greatly surprised.

Luck is an extremely rare thing!

Generally, only when you reach the lower-level star master can you obtain the protection of heaven and earth and the luck is born.

That is still the weakest low-level Qing-level luck.

This golden wheel can actually still Improving luck is amazing!

000

Tianfu Star Master smiled and said:"Improving luck is only one of its benefits. It has more benefits. You will know it after refining it....."

"By the way, this seven-layer golden wheel of merit took Master Ziwei a billion years to refine. In the whole world, she is the only one who can refine it. You should cherish it!"

Qin Feng took a deep breath.

Having said that, this thing is really extremely precious!

The Star Lords around him also looked envious.

The Star Lord valued Qin Feng more than they imagined.

"Thank you Xingzun!", Qin Feng saluted respectfully.

Unknowingly, he was doubly grateful to the old man in front of him.

He could feel that the Lord of Tianfu Star treated him sincerely.

"OK! There is no need to say more about this matter, you should quickly refine the golden wheel of merit! If there is no owner of this thing, the star owners will covet it. Once it is refined, it is yours and the Star Master cannot take it away."

Qin Feng suddenly realized.

This golden wheel of merit is really magical.

"Xuan Xi took Qin Feng and others to the temple for retreat. If you don't refine the Golden Wheel of Merit, don't come out!"

The Tianfu Star Master looked at the beautiful woman on the side.

She was an enchanting royal sister, bright and charming.

She was also the Xuanxi Star Master, one of the three lower-grade star masters in Tianfu.

At this moment, the star masters understood the star master's painstaking efforts.

Qin Feng's cultivation level is too low. If he doesn't refine the Golden Wheel of Merit earlier, he might be robbed by the Star Lord.

The temple is already protected and safe, and with the protection of Star Lord Xuanxi, it won't be a big problem.

"You guys, come with me!"

Xuanxi Star Master smiled sweetly at Qin Feng, revealing her white teeth. She was really good-looking and gorgeous.

She had a good impression of Qin Feng.

This young man is not only handsome but also talented.

The only flaw is that he is too young. There were so many, so she kept a distance.

At that moment, Qin Feng and others left with Xuanxi Star Master..

Chapter 598

A moment later, Qin Feng and others entered the temple.

Lord Xuanxi was guarding outside the palace.

At this moment, inside the temple, there is a repair area.

In a secret training room

"Brother, this is for you!", Chu Chu took the initiative to give the reward he just received to

"Dad, I'll give you the baby's too!"

Baobao, Fengdi and others all brought it out.

Qin Feng refused: "These rewards! You all can take it yourselves! I'm almost at my bottleneck and I can't use it for the time being, but you need it the most!"

"Qin Feng, you don't need it now. But when you break through to the Great Consummation of the God Emperor, you still need a lot of white crystals.", Zixing persuaded.

Qin Feng smiled slightly:"Don't worry about that! Besides, there are still rewards for the overall ranking that have not been distributed yet!"

As soon as these words were reminded, everyone's eyes once again showed joy.

With their current points, the top seven in the total ranking will be taken.

"Let's not talk about this anymore. Before the second assessment is over, you should seize the time to refine these white crystals. They should be able to greatly enhance your strength! In addition, this pure energy is given to you!"

Qin Feng waved his hand, and a stream of Taiqing Qi flew towards Bai Qi.

"Thank you, Your Majesty!", Bai Qi took it excitedly.

With this Tai Qing Qi, his qualifications can also be upgraded to "zero zero zero" to the upper level master level.

"Enter the small universe!"

Qin Feng waved and sent the six people from Purple Star into the small universe.

Then, he also entered the small universe, leaving only the phantom clone guarding the secret practice room.

The next second, Zhongjixing, inside the secret practice room.

Qin Feng took He took out three hundred white crystals and swallowed them in one breath...

After a moment, majestic energy filled his body.....

"Ding! Devouring the White Crystal Successfully.....Cultivation level breaks through to 100% in the late stage of the God Emperor of the Universe, and combat power increases to 8,000 Beijing....."

"Ding! Congratulations to the host, the reincarnation petals of the flower of the soul are 100% completed, the flower of the soul has fully bloomed again - the flower has twelve petals, and the combat power has been increased to 8,500....."

The next second, Qin Feng's whole body was filled with spiritual light, and the flower of the soul appeared above his head and slowly bloomed.....

The flower blooms with twelve petals!

The petals are divided into twelve colors!

The elements of the nine series occupy nine colors, and space, time, and reincarnation each occupy one color.

Twelve colors in total!

The fragrance of flowers overflows, the sky is filled with glow, and it is extremely sacred and solemn!

Qin Feng slowly opened his eyes, like a god.

He raised his head and looked at the flower of the soul with joy on his face.

The flower finally bloomed with twelve petals!

He has also cultivated to the limit of the late God Emperor.

The next step is for the three flowers to gather together and fuse the Divine Origin Bead to achieve the Great Perfection of the God Emperor of the Universe.

Qin Feng thought, and the clouds above his head were full of auspiciousness.

On the left, the golden flower of the other shore emerges, with thirteen petals in bloom, the golden light fills the sky, and auspiciousness suddenly arises...

On the right, the jade-colored flower of the soul emerges, with thirteen petals in bloom, the silver light is overwhelming, and the fragrance is overflowing.....

"The Flower of the Other Shore and the Flower of the Spiritual Ring both have thirteen petals, but the Flower of the Soul only has twelve petals. This is not perfect!"

Qin Feng murmured in his heart.

He is a person who pursues perfection.

Since the flower of the other side and the flower of the soul can bloom with thirteen petals, it stands to reason that the flower of the soul can also bloom.

If the flower of the soul opens with thirteen petals, he When the flowers gather together again and again, they will definitely condense the unique divine source beads.

I am afraid that no one has been able to condense them from ancient times to the present.

Thinking about this, Qin Feng was a little excited.

In fact, don't say that the three flowers are all thirteen As long as one of them has thirteen petals, it is already astonishing. Even top-level star masters have never done it.

Qin Feng's thoughts and actions are unimaginable to the world.

His ambition is huge!

He wants the flower of the soul. To open the thirteenth petal, he needs to absorb a new kind of energy.

Nine elements, time, space, and twelve kinds of energy that can be displayed in this world, he has mastered them all!

Then there is a tenth in this world Three kinds of energy?

Qin Feng thought for a while, but couldn't think of anything, so he simply didn't think about it.

The next second, he put away the three flowers and took out the golden wheel of merit.

As soon as the golden wheel appeared, the room was filled with glow and auspiciousness..It makes people happy!

This treasure has its own auspiciousness and is a natural vision. It is absolutely extraordinary!

The reward from Lord Tianfu this time is not simple!

Qin Feng watched with joy, and a light screen automatically popped up in his eyes.

Item name: Golden Wheel of Merit (Seven) Heavy Halo)

Grade: Lower Grade Star Master

Remarks: Can be swallowed

"Huh! This is actually a Star Lord level treasure!"

Qin Feng's eyes shone.

What surprised him even more was that this thing could actually swallow.....

At that moment, he opened his mouth and swallowed the functional golden wheel...

The next second, a wonderful ability filled his body, seeping into every cell in his body and into his soul.....

That energy is warm, majestic, and vast.....

A sacred and solemn aura emanates from him.....

"Ding! Devouring Function Golden Wheel (Seventh Level) Successful.....Congratulations to the host for gaining a lot of merit and power, and the combat power has been increased to 0.9 million.....The golden ring of merit (seven rings) condenses into success....."

Buzz~!

The sky shook!

Sanskrit sounds descend from heaven!

It seems like it comes from nine days away!

Seven haloes of light appeared behind Qin Feng's head, his holiness revealed itself, and all worlds respected him.....

"Ding! Congratulations to the host, your flower of soul has absorbed a large amount of merit power and bloomed merit petals (27%) ....."

The flower of the soul appeared again on Qin Feng's head.

Next to the silver petals of reincarnation, a small bud of golden petals begins again, which is the petal of merit.

Qin Feng was pleasantly surprised.

He finally figured out how to condense the thirteenth petal, which turned out to be the power to absorb merit.

When the merit petals reach 100%, the flower of his soul will officially bloom and start the thirteenth petal.

At that time, he will be able to gather three flowers at the top (all with thirteen petals), which will be unprecedented!

"Ding! Congratulations to the host for improving his merits and winning the favor of luck. His luck has been increased to 23% of the superior red level (reaching 100% is god-level luck)....."

"Ding! Congratulations to the host for improving his luck. The inheritance of the Lord of Qilin has been awakened 100%. He has obtained massive power of Qilin and his combat power has been increased to 10,000 Beijing....."

"Ding! The inheritance of the Lord of Qilin is completely awakened, and the essence of Qilin is awakened....."

"Ding! Congratulations to the host for receiving the nourishment of Kirin Essence, and its potential has been increased to 39% of the thirteenth ring. (When it reaches 100%, it is a god-level talent) ....."

"Ding! Remind the host that promotion to a god-level elementalist requires both luck and talent to reach the god-level....."

Qin Feng slowly opened his eyes.

When he opened his eyes, his eyes were filled with light.

There is great wisdom, great freedom, and a natural divine bearing hidden in those eyes...

Wherever the eyes go, the world changes.

Zi Xing and others in retreat are all shocked.

One by one, they looked at the place where Qin Feng was, their eyes showing shock.....

"This golden wheel of merit is wonderful!"

Qin Feng pursed his lips slightly, collected the divine light in his eyes, and returned to normal...

Refining the Golden Wheel of Merit not only allowed him to find a way for the flower of the soul to bloom with thirteen petals, but also allowed him to completely inherit the inheritance of the Lord of Qilin. Awakening.

Now, his combat power has been increased to 10,000 Beijing, and his strength has greatly increased again.

In addition, he has also obtained the Golden Wheel of Merit for body protection.

Thinking of the Golden Ring of Merit, Qin Feng automatically thinks of the Golden Wheel of Merit. The phantom exudes a seven-layer halo.

This represents the seven-layer golden wheel of merit.

This golden wheel of merit has infinite uses. With its existence, it can improve attack, defense, speed, understanding, etc., everything can be improved.

One layer of halo, It can be doubled.

Qin Feng's seven-fold merit golden wheel means it can be increased seven times.

In addition, the merit golden wheel can be upgraded. As long as enough merit power can be collected, the power can be improved.

According to him According to the information obtained from refining the Golden Wheel of Merit, this Golden Wheel of Merit can be upgraded up to the thirty-third level, which is extremely powerful, but the further you go, the harder it is to improve.

In addition, only the Lord Ziwei in the entire universe can create such wonderful things..

And Qin Feng only needs to raise the Golden Wheel of Merit to the twelfth level, and the flower of the soul can bloom with thirteen petals.

But how to obtain the power of merit, Qin Feng has no idea.

In short, Qin Feng has obtained the merit The Golden Wheel is equivalent to possessing a low-grade star master-level Yuanwu bodyguard, which increases the strength.

However, this meritorious golden wheel also has a flaw.

That is, those who possess the meritorious golden wheel cannot be easily entangled by too many causes and effects, especially those who cannot Kill the Star Lord.

As long as you kill a Star Lord, your merits will be greatly weakened, and the Golden Wheel will be downgraded or even disappear completely.

Because the Star Lords have luck and are protected by heaven and earth, they cannot be killed easily.

This pair The moral golden wheel is fatal!

But for Qin Feng, this flaw is not a flaw at all.

Because he has mastered the divine seal of cause and effect, the cause and effect of killing people, the merit golden wheel will naturally not weaken and can be continuously upgraded. 0.8

This thought made Qin Feng secretly happy and continued to study the Golden Wheel of Merit in retreat.....

At the same time, outside the temple, in the assessment square.

Lord Shenze, Lord Fiming, and Lord Tianpeng are still looking confused.

They have been out for a while and still don't know who the top seven are.

At this time, more and more examiners came out.

The three of them wanted to see when Qin Feng would come out.

But Qin Feng was not seen among the people who came out.

This gave the three of them a vague premonition.

Time flies!

By the time the last assessor came out, sixteen hours had passed and that person only scored 7 points.

This is compared with Qin Feng's 1.03 million points!

The difference is huge!

This second assessment is finally over.

The next second, the entry token message came.

The rankings of the second assessment have all been refreshed.

Everyone in the audience was shocked when they saw the rankings.

The three people in Shenzawa were even more stunned!..

Chapter 599

"The first place turned out to be Emperor Qin!"

"Why is it him again?!"

"Oh My God! This Emperor Qin is too powerful!"

"Yes, he, a god emperor, actually won first place in both games in the late stage! This is incredible!"

The crowd was constantly amazed.

Shenze, Feiming, and Tianpeng looked at each other with very ugly expressions.

At this time, other high-level masters also gathered around

"Brother Shenzawa, why aren't you number one?"

All the high-ranking masters were very puzzled.

They couldn't accept it in their bones that a god emperor could overwhelm them in the later stage.

This hurts the face of the high-ranking masters.

In the last game, Qin Feng got the first place, which already made them embarrassed. Wu Guang.

Everyone placed their hopes on Lord Shenze, thinking that he could win the first place this time.

But they didn't expect that Qin Feng would still win the first place this time.

"Why~! ", Lord Shenzawa smiled bitterly.

He was in a very bad mood.

At this time, another exclamation came from the square

"Huh! Look, the second place is Zixing Prime Minister, she...she seems to be Emperor Qin's woman!"

"This...can't be right? Isn't the Lord of Purple Star the Lord of Heavenly Demon City? How could she....."

"Ah! You are so ill informed. Lord Purple Star himself admitted that she was Emperor Qin's woman!"

"Hiss~! How could a god-emperor allow a female master to be his woman?.....That's right! Emperor Qin is no ordinary divine emperor!"

"Huh! Look! The third place is Lord Jade Qilin, the fourth place is Lord Chu Chu, and there are five Phoenix Emperors... Oh my god! The second to seventh places are actually the women and subordinates of Emperor Qin!"

"Uh~! It's really like this!"

"Oh My God! How did they do it?"

The crowd kept exclaiming, and the discussion became more intense.

After Master Shenze and others listened, they all took out their tokens and took a closer look.

Sure enough!

At this time, all the top masters 02 were moved.

A group of people looked at each other..

After a moment, Master Famous said in a deep voice:"Everyone, don't you think this is weird?"

"how do I say this?"

All the top masters looked curious.

The famous master smiled coldly: "It doesn't matter if Emperor Qin takes first place alone, but all his women and men are in the top seven. Isn't this too much of a coincidence?"

"Yes!"

With this reminder, all the high-rank masters suddenly realized.

What a coincidence!

Such a coincidence is too weird!

The famous master sneered again: "Look at Qin Huang's women and subordinates, they are all cultivators below the early middle-rank masters. For, with this level of cultivation, how can he overwhelm us?"

"yes! We are all top-grade masters, how can we not be better than them?"

All the high-ranking masters nodded their heads.

"Brother Feiming, what do you mean?"

Everyone vaguely understood something.

Lord Famming smiled coldly: "Isn't this obvious? I suspect Emperor Qin is cheating!"

As soon as these words came out, everyone was shocked.

Everyone looked at each other and were speechless for a moment.

For a moment, there was a bit of silence in the venue.

Such remarks cannot be spread easily.

After a while, Lord Tianpeng spoke first: "I think Fei Brother Ming makes some sense. It would be reasonable to say that Emperor Qin alone could defeat us. But now, he and his men have all surpassed us. If you say there is no cheating, I don't believe it!"

"That's right! There must be cheating here!"

"I didn't expect them to cheat! How abominable!"

All the high-grade masters agreed one after another.

Some high-grade mid-level masters were even more angry.

Without Qin Feng's seven people, many of them could enter the top ten.

If they entered the top ten, the rewards would be greatly increased.

This would hurt their interests.

"Brother Shenze, what do you think of this matter?" Master Fming looked at Shenze.

Everyone also looked at Shenze.

Master Shenze had the highest cultivation level and was vaguely the leader of the high-level masters.

"This issue....", Shenze frowned, "If Emperor Qin and others really cheated, the Star Lords should be able to see it. Why didn't they mention it?" As soon as these words came out, all the high-ranking Lords frowned. yes!

No matter how you say it, Qin Feng is just a god emperor.

If he really wants to cheat, wouldn't the star owners be able to tell?

At this moment, a monstrous force descended from the sky, and the mighty power of God overwhelmed the entire audience.....

Everyone was startled and raised their heads.

I saw the Taixu Star Lord walking out of the void.

He looked around the audience with a majestic expression.

Everyone held their breath and did not dare to make any noise.

The whole place became quiet for a while

"This assessment has ended! The top 300 rankings have been announced!"

"The top ten go up first to claim their prizes!"

As soon as he finished speaking, a ray of golden light fell to the ground, forming a ladder to heaven, but no seven people appeared.

Shenze, Feiming, and Tianpeng hesitated for a while, then walked towards the ladder. When they reached the ladder, Shenze stopped and looked towards Taixu Star Lord

"Lord Star Lord, I have a question, I don't know whether to ask it or not?!"

"explain!"

"Sir, this time Emperor Qin and his subordinates all entered the top seven. Don't know how they did it? Is it too much of a coincidence? Or are they....."

Lord Shenzawa hesitated to speak.

But as soon as his words came out, the whole place was in commotion.

Everyone understood what this meant.

This is clearly a suspicion that Qin Huang and the other seven are cheating.

The crowd also started talking about it

"Yes! Lord Shenzawa is right! Is it a bit unreasonable for Qin Huang's seven people to take over the top seven?"

"Why is it unreasonable? Qin Huang won first place not long ago. Why is it impossible for him to finish second?"

"hehe!! If you think about it carefully, if it was just Emperor Qin, I wouldn't doubt it, but if all his subordinates achieved such good results, wouldn't it be an exaggeration?"

"Huh! When you say that, it seems like there is something wrong!"

At this time, the whole audience was arguing.

Many people began to suspect that Qin Feng and others were cheating.

Of course, there were also a few people who felt that they were not cheating and defended Qin Feng and others.

For example, the players in Tianmo City.

And Lingxi!

She He is also defending Qin Feng and others, making people Incredible.

Lord Feng Yue remained silent.

The human heart is so complex.

Seeing this scene, Shenzawa and other high-ranking masters all had smiles on their lips.

They hope for such a scene!

They need fairness!

Taixu Star Master frowned slightly. snort!

A cold snort rang in everyone's ears.

The hearts of all the players in the field suddenly jumped, as if they were about to burst. Even Shenze was not surprised.

They have no doubt that as long as Master Taixu has a thought, the entire audience will die violently.

Everyone was shocked and broke out in cold sweat.

"The results of Qin Huang and others are real and effective! If you continue to gossip and disrupt the order of the competition, you will be disqualified!"

The Taixu Star Master looked serious.

Everyone present was intimidated.

Shenze looked even more embarrassed.

This was tantamount to being slapped in the face by the Taixu Star Master.

It can be seen that the Taixu Star Master valued Qin Fen far more. Higher than him.

All the players were secretly shocked.

Did Qin Huang and others really not cheat?

Lingxi and Feng Yue looked at each other with surprise.

They both understood it very well.

Regardless of whether Qin Feng cheated or not, one thing is It is undeniable.

That is, Qin Feng's status in the heart of Taixu Star Master is much higher than that of Master Shenze.

In fact, not only the two of them think so, but other players also thought about this issue.

It seems that this Emperor Qin is really not simple Ah!

At this time, the Taixu Star Lord's voice sounded again in the field.

"What are you three still doing? Why don't you go up and claim the prize!"

Taixu Star Master's expression was indifferent.

Shenze Master and the other three were frightened and hurriedly stepped onto the ladder to heaven.  
.....

At the same time, in the temple.

In the secret training room, Qin Feng has come out.

He understood most of the research on the Golden Wheel of Merit.

At this time, information came from his token, and all the rankings for the second assessment came out.

However, only the rankings are shown, not the points.

Qin Feng smiled slightly.

It's time for him to go out.

After a while, the overall ranking will be out, and you can receive rewards again.

The next second, Qin Feng came out of the small universe.

Chu Chu and others were still in seclusion, and Qin Feng was not in a hurry to call them out.

Let them retreat for a while to improve their cultivation.

After a while, Qin Feng left the temple.

At the entrance of the temple, Star Master Xuan Xi has been waiting for a long time

"Qin Feng, have you refined the Golden Wheel of Merit?"

Xuanxi Star Master smiled slightly, bright and moving.

Her beauty is not inferior to the girls from Purple Star. She is extremely beautiful. Among the three low-level star masters of Tianfu Star, she is the strongest.

Further down is Taixu Star Master , the Universal Star Master, and then the four Half-Step Star Masters

"Return to Star Lord, the refining is complete!"

"You are so fast! Huh! Your strength has also improved a lot! You are indeed different!"

The beautiful eyes of Star Master Xuan Xi shone with admiration.

Not only was this young man unparalleled in appearance, but his potential was too terrifying. It was hard for her not to admire her.

What a pity! He was just a little too carefree!

There were so many beauties around him. , the beauty is not inferior to hers.

She cannot accept this.

Otherwise, she might be tempted by 000.

Of course, this does not hinder her appreciation of Qin Feng

"Star Lord has given you the award!", Qin Feng responded politely.

He still respects the Star Master very much.

Not to mention the low-grade Star Master.

Even half-step Star Master can instantly kill the high-grade Dzogchen Master. That is a completely different level of existence. It is unimaginable.

"OK! Now that you have been refined, Xingzun is relieved. I will take you to see him!"

"That's troublesome for the Star Lord....."

"You don't have to be so polite. Your talent is well known, and your future achievements will definitely be above mine. If you don't mind, just call me sister in private. Maybe, I will still rely on you in the future!"

Xuan Xi said with a smile.

With a Star Master taking such an initiative to show his kindness, Qin Feng would naturally not take advantage of him.

He smiled slightly: "Then I will call you Sister Xuan Xi from now on."

"This is right! By the way, show you something interesting?"

Xuanxi Star Master waved his hand, and an image appeared in front of the two of them, playing in the air.

In the scene, Master Shenze questioned the Taixu Star Master, which was the scene in the examination room not long ago.

After a moment, Qin Feng finished watching the image.

Star Master Xuan Xi waved his hand, and the vision in the sky disappeared.

"Brother, these people are a little skeptical and even a little dissatisfied with the results achieved by the seven of you."

"Human nature! However, I will soon win them over!"

Qin Feng smiled heartily.

That confident look was dazzling and particularly charming.

Xuan Xi's eyes lit up and she felt her heart beating.

Soon, she returned to normal. She thought to herself that she was really going to die!

She was so excited. She must not let this little brother fall for her.

Her star master does not want to share a man with other women.

This is absolutely impossible!

"Just have confidence! I'm curious, though, what are you going to do?!"

Xuan Xi was indeed curious.

Qin Feng pursed his lips slightly: "Maybe they will come to you without me taking the initiative. Sister Xuan Xi, you will know when the time comes"

"All right! let's go!"

At that moment, the two people left the temple..

Chapter 600

A moment later, Qin Feng and Xuan Xi Star Master rushed to the special space

"Has the Golden Wheel of Merit been refined?", Tianfu Star Lord asked with concern

"Yes, Star Lord!"

"good! good!"

The Tianfu Star Master looked at Qin Feng with a look of joy.

The Golden Wheel of Merit is not easy to refine.

Being able to refine it so quickly also indirectly shows that Qin Feng has extraordinary talent.

The surrounding Star Masters also showed envy.

Refining Once you have the Golden Wheel of Merit, it becomes your permanent possession, and no one else can take it away.

This is equivalent to Qin Feng binding a Star Lord-level Yuanwu.

What's even better is that this Golden Wheel of Merit can also be upgraded.

If Qin Feng can collect enough merit in the future, he can upgrade it to a mid-grade star master-level Yuanwu, and its power will skyrocket.

"I thought it would take you ten and a half days to refine it, but I didn't expect it to be so fast. It seems that your physique and the Golden Wheel of Merit are very suitable! In this way, you and Star Master Ziwei also have some fate!"

The more Tianfu Star Master looks at Qin Feng, the more he appreciates it.

"Xingzun received the award! Xing Zun, I have a question that I would like to ask for advice on. ....".Qin Feng asked respectfully

"Say it!"

"The subordinate wants to know how to obtain the power of merit?"

This is the issue that Qin Feng is most concerned about at the moment.

If he cannot obtain new power of merit, he will not be able to make the flower of the soul perfectly bloom with thirteen petals.

"This old man doesn't know either.....", Star Master Tianfu shook his head slightly,"However, Star Master Ziwei must know. Star Master Ziwei has a good impression of you!"

"Last time, you got the only special promotion in the entire Star Alliance, which she appreciated very much. After this selection, I will take you to meet her! When the time comes, just ask her yourself!

Qin Feng was overjoyed:"Thank you Xingzun!"

Tianfu Star Master smiled again and said:"I'm afraid Ziwei Star Master underestimates you. She will definitely be even more surprised when she sees you. Maybe, she will give you additional rewards!"

Qin Feng smiled slightly and didn't say much.

Tianfu Star Master also noticed that Zixing and others were not there, but he didn't ask any more questions.....

At the same time, in the square.

All the extra rewards for the second assessment have been distributed.

At this moment, except for Feng Yue, all the top masters gathered together.

Everyone gathered around Shenze, Tianpeng, and Tianpeng and talked in low voices.

Although the Taixu Star Master suppressed everyone's suspicions, these high-ranking masters were still unconvinced.

They still feel it's unfair and think Qin Feng cheated.

"Brother Shenzawa, the rewards have been distributed. It seems that the overall ranking will be announced soon!"

The ruler of Mingming was a little uneasy.

"yes! I don't know if the three of us can make it into the top five this time!"

Master Tianpeng was also a little worried.

Shenze frowned:"What are you worried about? In the first game, except for Qin Feng and Feng Di, the other five people's results were very average, and they did not even enter the hundredth place."

"How can the five of them compare with us? This time, it is certain that the three of us will enter the top five.

Shenzawa looked confident.

"good! In this second game, although the Qinhuang seven occupy the top seven, I think their points are not much different from yours."

"that is! In your first game, you had more than 100,000 points more than those five people, and Brother Shenzawa had more than 200,000 points more. The five of them are no match for the three of you!"

All the high-level masters agreed.

They all thought that the three of Shenze could enter the top five.

If they entered the top five, the reward would be a new level.

After hearing what everyone said, Feiming and Tianpeng secretly breathed a sigh of relief.

They also felt that they could Entering the top five.

The reason why these people think this way is because only the rankings were shown in the second game, and the points were not displayed.

According to common sense, Qin Feng and others are not high in cultivation. If they can score thousands more points than them, they will get the ranking. It was extremely impressive, let alone hundreds of thousands more than them.

At this moment, the void trembled, and endless power rolled in.

The whole audience was shocked and raised their heads.

I saw a group of people walking out of the void.

The leader It was the Tianfu Star Master.

Behind him, there were Xuan Xi, Taixu, Huanyu, and four half-step star masters.

And the end of the team was Qin Feng.

Everyone saw that Qin Feng actually appeared with the star masters, Surprised, but also envious.

Master Shenze is even more jealous.

He is the only high-grade Dzogchen Master of Tianfu Star, and is also the candidate for the next half-step star master.

Even he does not have such treatment, this God Emperor can have such The treatment?

This thought made him feel very uncomfortable.

"Why don't you meet Xingzun soon?!", Taixu Star Master frowned.

Everyone woke up and knelt down one after another.

"We have met the Star Lord!"

For a time, the shouts were astonishing and the respect was like a sea, stretching endlessly.

"Everyone, get up!"

"Thank you Xingzun!"

Everyone stood up, everyone was nervous, and the atmosphere in the venue became solemn.

"The two games have ended and the rankings for the top 300 have been decided!"

Tianfu Star Master said calmly.

The five thousand contestants below were all nervous.

They still don't know who the top three hundred people are.

But that is related to the opportunity to enter Ziwei Holy Land!

At this time, Taixu Star Master Stepped forward:"Before releasing the list, I would like to explain the rewards."

"The 101st to 300th place will be rewarded with 300 Xingxi stones and the opportunity to enter the Ziwei Holy Land."

As soon as these words fell, the whole audience was in a state of shock.

Oh my God!

This reward is so generous!

Even top-level masters such as Shenzawa were moved.

The extra rewards for the first and second games before, and the second place arrived. The tenth place will only be rewarded with 300 white crystals.

Taixu Star Lord continued:"The eleventh to the one hundredth place will be rewarded with 500 Xingxi stones and the opportunity to enter the Ziwei Holy Land."

Everyone was moved again.

The rewards for the overall ranking are really generous!

Taixu Star Lord continued:"The tenth place will be rewarded with one Zhongtian Crystal, 500 Tiantian Crystals, and the opportunity to enter the Ziwei Holy Land....."

OMG!

There is actually a Zhongtian Crystal reward!

The whole audience was shocked again!

Countless people showed envy.

Those middle- and low-grade masters were even more jealous.

Although the effect of one Zhongtian Crystal is only equivalent to 100 White Crystals, they have special effects that can help mid- to low-grade masters break through their bottlenecks.

This alone is enough to drive the middle- and low-grade masters crazy.

"The ninth place will be rewarded with one Zhongtian Crystal and 700 Tiantian Crystal, and the opportunity to enter the crape myrtle holy land will be rewarded....."

"The eighth place will be rewarded with one Zhongtian Crystal, 1,000 Tiantian Crystal, and the opportunity to enter the crape myrtle holy land....."

"The seventh place will be rewarded with two medium-sized crystals and 1,000 white crystals, as well as the opportunity to enter the crape myrtle holy land....."

Everyone exclaimed again.

At the seventh place, Zhongtian Jing finally doubled

"The sixth place will be rewarded with three Zhongtian Crystals, 1,000 Tiantian Crystals, and the opportunity to enter the crape myrtle holy land....."

"Fifth place will be rewarded with four Zhongtian Crystals, 1,000 Tiantian Crystals, and the opportunity to enter the crape myrtle holy land....."

"Fourth place will be rewarded with five Zhongtian Crystals, 1,000 Tiantian Crystals, and the opportunity to enter the crape myrtle holy land....."

Everyone became more and more moved.

The rewards of Zhongtian Crystal are getting more and more!

Even those high-ranking masters are jealous

"Third place will be rewarded with one Black Sky Crystal, five Zhongtian Crystals, 1,000 White Sky Crystals, and the opportunity to enter the crape myrtle holy land....."

What?!

The reward is Heitianjing!

The whole place was in an uproar.

All the top masters looked at each other with fiery eyes.

Black Sky Crystal is mined from the Black Hole Celestial Body and is a higher level than Zhongtian Crystal.

The effect of one black sky crystal is the same as the effect of 10,000 white crystals.

In addition to this, it also has a special effect.

That is, it can help high-grade masters break through to half-step star masters.

Of course, one black sky crystal is not enough.

It requires at least ten yuan.

In fact, many half-step star masters have no chance to obtain the Black Sky Crystal. It is amazing for a low-level star master to have two or three pieces in his hands.

This time, Tianfu Star's rewards cost a lot of money!

"Black Sky Crystal! I must get it!"

Shenze clenched his fists silently.

He was still nervous.

However, he felt that he had a chance to win second place.

Besides Emperor Qin, who else is qualified to compete with him?

At the same time, Feiming and Tianpeng met each other. Looking at each other.

The two of them also looked nervous.

They all felt that they had a chance to win the third place.

In that case, Hei Tianjing would be obtained.

Except for Qin Feng and Shen Ze, they all thought that the third place was among them. 1.

At this time, the voice of Taixu Star Lord sounded in the air again

"Second place will be rewarded with one Black Sky Crystal, ten Zhongtian Crystals, 2,000 White Sky Crystals, and the opportunity to enter the crape myrtle holy land....."

()"First place will be rewarded with two Black Sky Crystals, twenty Zhongtian Crystals, and 3,000 White Sky Crystals, as well as the opportunity to enter the crape myrtle holy land....."

"Wow! The rewards for first and second place are even more generous!"

"yes! Especially the first place, 2 Black Sky Crystals, 20 Zhongtian Crystals... Tsk tsk! I can't imagine it!"

The crowd was in an uproar again.

Those high-level masters were almost drooling.

Even the four half-step star masters were tempted. They looked at each other and shook their heads.

Why didn't they meet such a good opportunity in the first place?

What a comparison between people. It's so popular!

Among the crowd, the happiest person is Qin Feng.

All the rewards for the first seven will be his.

At this time, the voice of Taixu Star Master sounded again

"OK! The reward content has been explained. Now, everyone can check their overall ranking of zero!"

As soon as these words were said, everyone's participation tokens came.

Everyone couldn't wait to take out the tokens to check.

Shenze, Feiming, and Tianpeng were faster.

In just a blink of an eye, the three of them took out their tokens. Check the token.

But the next second, the three of them were completely dumbfounded!..
