

God level 601

Chapter 601

"This...how is this possible! Why am I only tenth?", the famous master wailed

"I'm only ninth!", Tianpeng's face was extremely ugly.

"This is impossible!", anger welled up in Shenzawa's eyes.

His dignified high-ranking Dzogchen was actually ranked eighth!

He couldn't accept this result.

Not only the three of them, but also the high-ranking masters were dumbfounded.

None of them entered the top ten, all of them were Outside the top ten

"Oh My God! Emperor Qin and his men occupied the top seven!"

"It's true!"

The crowd also exclaimed.

If we talk about the second game, Qin Feng's seven people got the top seven.

Why is the overall ranking still in the top seven?

The next second, there was an exclamation again in the crowd

"Huh! Emperor Qin's men also got 1.01 million points! Emperor Qin is... Oh my God! 1.03 million points!"

Everyone was dumbfounded.

No wonder Qin Huang's seven people are still in the top seven.

But what is the concept of those seven with more than 1 million points?

You know, the eighth-placed Lord Shenze only has 210,000 points.

This score is too much like cheating!

1 Over time, this thought came to everyone's mind

"There must be something wrong here!", Shenzawa snorted coldly.

"That's right! There must be something wrong here!", Feiming is not willing to accept it.

"Brother Shenzawa, what should I do?", Master Tianpeng was a little confused.

He also felt that there was a problem, but he did not dare to say it.

Previously, the attitude of Master Taixu had made it clear that this matter was not allowed to be mentioned.

"Brother Shenzawa, I don't think we can just let it go like this, that would be unfair!", Feiming is still unwilling to accept

"That's right! We also think it's unfair!"

"yes! Qin Huang's scores are too fake. How could he get 1.03 million points? He is just a god emperor"

"He must have mastered some cheating method. Moreover, he used that cheating method to help him and his six subordinates all exceed 1 million points."

"Why! If that's the case, it's so unfair to us."

All the high-ranking masters agreed.

They all felt unwilling to make it into the top ten.

There is a huge difference between the rewards for the top ten and the rewards for those after the top ten!

At the same time, other players in the field also murmured.

They also I suspect that Qin Feng cheated.

Even the players from Tianmo City don't know how to explain it.

Qin Feng's score is indeed too exaggerated.

1.03 million points!

This is much more than the top-grade Dzogchen Master Shenze.

This It has exceeded their imagination!

"Brother Shenzawa, are we just going to accept our fate like this?", Feiming asked in a low voice.

All the top masters also looked at Shenze.

At this moment, everyone expected him to stand up.

Shenze smiled coldly: "Of course you can't accept your fate!"

Even for Heitianjing!

He has to stand up.

At this moment, the voice of Taixu Star Master sounded again

"The rankings are out! According to the ranking order, everyone can collect the rewards from Xingzun! First place, Emperor Qin!"

"The subordinates are here!"

Qin Feng came to Tianfu Star Master respectfully from behind the Star Masters.

Tianfu Star Master smiled slightly and took out seven storage rings.

He was going to give Qin Feng the rewards of the first seven.

After all, the first seven are Qin Feng. Just let him take it back and arrange it himself.

But just as the Lord of Tianfu Star distributed the rewards, Lord Shenze soared into the sky and bowed to the Lord of Tianfu Star.

"Star Lord, wait! I have something I want to ask Emperor Qin, and I hope Xingzun will allow it!"

Shen Ze lowered his head with some anxiety.

Tianfu Star Master was slightly startled.

Immediately, he looked at Qin Feng with a smile.

He wanted to see how Qin Feng would deal with it.

In fact, he had long seen that these top-level masters were not interested in Qin Feng. Feng's achievements are not very recognized

"Star Lord, I also want to know what Lord Shenzawa wants to ask.", Qin Feng looked calm.

Lord Tianfu nodded with satisfaction:"Okay!"

These words surprised Shenzawa.

Everyone below also showed curiosity.

"I wonder what Lord Shenzawa wants to ask?", Qin Feng looked at Shenze calmly

"Brother Qinhuang, I am very curious, you are obviously just the God Emperor, why did you get 1.03 million points for the second time. Can you tell me how you did it?"

Shen Ze watched leisurely.

He wanted to see how Qin Feng would answer.

Thousands of players below also looked at Qin Feng.

In an instant, Qin Feng became the focus of the audience.

Qin Feng smiled coldly:"This matter involves me. The secret technique, why should I tell you?! Or will your judgment be more accurate than that of the Star Lords?! If you think so, just tell me frankly and I will tell you the details right away!"

Shen Ze's face changed drastically.

How dare he say that.

That clearly means that the Star Masters are not as good as him.

All the players also changed their expressions.

This Emperor Qin actually spoke so sharply!

How powerful!

"Emperor Qin, don't talk nonsense! I didn't mean that at all, I... I was just curious about what secret technique you used."

Shenze looked panicked, fearing that the star masters would misunderstand.

Qin Feng's lips curled up slightly:"Are you just curious?"

"That's right!"

"That's sorry! Why should I want your curiosity?"

Qin Feng looked disdainful, thinking that the other party's request was really good.

Shenze was confused.

He really didn't expect that Qin Feng would be so disrespectful to himself in front of so many people.

You know, he is a Tianfu star. The only Great Perfection Master is the future Half-Step Star Lord. In the entire Tianfu Star Territory, except for those Half-step Star Lords, who would not give it?

Unexpectedly, he was actually disliked by a little God Emperor today.

This thought , he was very annoyed in his heart.

But on the surface he had to restrain himself.

He didn't have the courage like Qin Feng to talk and laugh in front of the Star Master.

Seeing this scene, the Tianfu Star Master nodded secretly, seeming to be very satisfied with Qin Feng's way of doing things, neither humble nor overbearing

"Brother Qinhuang, it's okay if you don't satisfy my curiosity, but do you want to satisfy the curiosity of all the players in the field? They are very puzzled that you got such high points!"

After Shenze finished speaking, he turned to look at Feiming and Tianpeng. People, hint with their eyes.

The two people understood and stepped forward one after another

"That's right! Fei was very curious and wanted to see little friend Qin Huang explain it."

"I'm also very curious!"

As soon as the two expressed their stance, the high-ranking masters also stepped forward.

"Emperor Qin, we are all curious!"

With these shouts, the high-ranking masters became more and more powerful. It is true that there is strength in numbers.

Even Shenzawa gradually gained confidence.

And the other contestants showed strange expressions.

The atmosphere of this scene was a bit weird.!

These high-level masters are clearly trying to cause trouble!

The players in Tianmo City began to worry about Qin Feng.

In the corner, Lingxi frowned.

She couldn't understand the situation in front of her.

Feng Yue still stood aside and did not participate in anything on one side.

In the air, Shenze looked at Qin Feng proudly

"Brother Qinhuang, have you seen it? Everyone is eager to know the truth, why don't you explain it?"

Qin Feng smiled coldly: "You thirty or so people represent everyone?" In your eyes, the other four thousand people are just air? Do you look down on them too much, or do you not regard them as human beings?"

"Forehead....", Shenzawa was stunned for a while.

But Qin Feng's words made those players think too much.

Especially the sensitive players looked at Shenzawa and others, inevitably feeling a little dissatisfied.

They didn't take a stand, not because they didn't want to know, but because they didn't dare to cause trouble.

But Shenzawa's chaotic representatives also hurt their self-esteem.

Shenzawa felt depressed when he saw the displeased looks in everyone's eyes.

At this moment, he seemed to realize that he was no match for Qin Feng in a quarrel!

At this time, Qin Feng said again:"Besides, if I fully satisfy the curiosity of the thirty or so of you, will it affect my receiving the reward?"

".....", Shenzawa was speechless.

This will naturally not affect it.

Qin Feng sneered:"Since it doesn't affect you, why should I tell you?!"

Shen Ze was confused.

He didn't know what to say.

At this time, Tianfu Star Master said:"What is a secret technique? If it can be announced at will, can it be called a secret technique? I don't even ask about Qin Feng's secret technique. You actually ask, isn't it too abrupt!

" As soon as the words came out, all the players nodded, feeling that it made sense.

Shenzawa and others suddenly looked embarrassed.

This is equivalent to Tianfu Star Lord criticizing them in front of everyone (acai)

"Star Lord, I was wrong!"

Shenzawa cupped his hands in annoyance.

Tianfu Star Master waved his hand casually:"It's okay, step back!"

Shenze hesitated.

He really didn't want to retreat like this.

At this moment, an idea flashed in his mind and he quickly looked at Qin Feng

"Emperor Qin, I want to make a bet with you, do you dare?"

Qin Feng's eyes lit up, and a look of joy flashed across his eyes.

This was what he was waiting for.

"How to bet?"

"Just bet on whether you can catch one of my moves? If you can take one of my moves without retreating ten thousand meters. I will respect you as a top-grade master in the future! If you lose, give up your first place to me! Do you dare?"

"Ha ha!!", Qin Feng laughed

"Are you kidding me? If I lose, you take away my first place. If you lose, just treat me as your respector. Isn't this just an empty promise, without any benefit. Do you think too highly of yourself?"

Qin Feng couldn't help laughing.

The players around him also smiled.

This Shenze went too far and took himself too seriously.

Shenze's face turned green and white.

This Emperor Qin really didn't take them seriously. What's going on!

All the high-ranking masters are indignant.

They are all used to being arrogant. When did they be so despised?

"Emperor Qin, do you mean that you are willing to make a bet as long as there are actual benefits?"

"That depends on whether you can take it out!"

"good! As long as you win! My reward this time will be given to you! Qin

Feng rolled his eyes:"What kind of joke are you starting with?" Can your eighth place reward be compared with my first place reward? Don't you have the sincerity to bet at all? Shenzawa frowned:"

Then I will add the rewards for the first and second assessments!""

"not enough!"

"Then I'll add my savings! There are 2,300 white crystals in total!

Qin Feng sneered:"Do you think it's enough?" As a reward for my first place, not to mention 3,000 White Sky Crystals, I also have 20 Zhongtian Crystals and 2 Black Sky Crystals."

"I don't need to tell you the value of Zhongtian Crystal and Black Sky Crystal, right? If you can't make a bet of equal value. This bet is over!

As soon as these words came out, Shenzawa was embarrassed.

Both Black Sky Crystal and Zhongtian Crystal are too precious.

Even if he bets all his wealth, he can't compare!

Below, Feiming, Tianpeng and other high-ranking masters all showed strange expressions.

At this time, Feiming whispered: "Everyone, is it possible that Emperor Qin simply did not have the confidence to gamble, so he deliberately made such a request so that Brother Shenze would retreat in spite of the difficulties?!" With this reminder, everyone The superior master suddenly realized

"That's right! Emperor Qin must have meant this!"

"I really didn't expect that! This guy is so cunning!"

"yes! How could he cheat if he wasn't cunning?"

"no! We have to help Brother Shenzawa! Let Emperor Qin appear!"

"That's right! We must unite and help Brother Shenzawa!"

All the high-ranking masters have reached an agreement.

For the sake of the high-ranking masters' face, and also in order not to be overwhelmed by a god emperor, they are ready to unite.

They want Qin Feng's will to be done in front of everyone.

They let everyone see through Qin Feng strength.

In their opinion, Qin Feng would never be able to catch Shen Ze's move.

As long as Qin Feng was forced to agree to the bet, they would win.

At that moment, Fing Ming flew into the air

"Emperor Qin, I am willing to use my rewards from the first and second games, as well as this reward, as well as the continuation of my 1,900 white crystals, as bets for Brother Shenze."

As soon as these words came out, the whole audience was shocked.

This is really a big deal!

Shenze's eyes also lit up and he looked at Feiming gratefully.

"And I!"

Tianpeng also flew up.

"Emperor Qin, I am also willing to use my rewards from the first and second games, as well as this reward, as well as my 1,700 white crystals to continue, as bets for Brother Shenze."

The whole place was in a stir again.

Even the Star Lords were moved.

Shenze looked excited.

"Emperor Qin, is the current bet OK?"

"Still not enough!"Qin Feng smiled.

Shen Ze frowned:"No way? The bet value we give here is almost the same as your first place reward!

Qin Feng sneered:"If I say it's not enough, it's not enough!" If it doesn't reach the limit that I'm satisfied with, it means it's not enough. Anyway, I have the initiative, and it's up to me to agree or disagree!"

These words made the three Shenzawa people angry.

This guy was obviously cheating!

Even though the value of the bet was almost the same, he still disagreed.

Those high-level masters were even more angry.

"Everyone, Emperor Qin must be afraid, so he deliberately cheated!"

"snort! He is not afraid of embarrassment either!"

"That being the case! We will make him more embarrassed and we will fully support Shenzawa!"

"good!"

The thirty or so top-level masters quickly reached a consensus.

At that moment, all the top-level masters flew into the air together.

"Emperor Qin is also willing to use his rewards from the first and second games, as well as this reward, as well as our savings, as bets for Brother Shenze. My savings are 1,500 white crystals!"

"I have 1,600 yuan!"

"I still have 1300 to go....."

At this moment, all the masters invested all their savings and rewards.

The surrounding players were shocked and surprised.

Even the half-step star masters were dumbfounded.

This is really a big gamble!

After a while, all bets were paid off.

Shen Ze couldn't help but swallowed his saliva.

The properties and rewards of more than thirty top-level masters.

Taken together, it's really a scary statistic!

"Emperor Qin, you have also seen these bets. The total value should be three times your first place reward. Don't you dare to gamble?"

Shenze's eyes were a bit mocking.

However, Qin Feng smiled evilly: "Since you are requesting so sincerely, I will mercifully agree!"...

Chapter 602

However, Qin Feng smiled evilly: "Since you are requesting so sincerely, I will mercifully agree!"

As soon as he said this, the whole place was in commotion.

Oh My God!

Emperor Qin actually agreed.

The players in Tianmo City were dumbfounded.

Other players were also very surprised.

Even Lingxi and Feng Yue frowned.

How could Qin Feng agree?

This is obviously a losing bet!

At this moment, the players in the field kept muttering

"I didn't expect that! Emperor Qin actually agreed!"

"yes! I thought he would keep refusing!"

"Why! The stakes on Shenzawa's side have been tripled. If you disagree, it will really look bad on your face."

"hehe!! When interests are related like this, why should we talk about saving face? Emperor Qin had the same idea as you and fell into the trap. After all, he is too young to save face!"

"yes! I also think Emperor Qin was impulsive"

"that is! Don't even think about it, QinHow could someone with the talent of a God Emperor be able to withstand a move from a high-grade Dzogchen Master? This time, he must have suffered a big loss!"

"Not necessarily! Emperor Qin's results in this selection have always been excellent!"

"hehe!! What do you know? , Qin Huang was able to achieve such results this time, no matter how he did it, it was extremely remarkable. But didn't you find that there is a key missing here?"

"What's the key?!"

"Attack power!"

"Forehead? how do I say this?"

"In these two tests, defense, speed, time, space, and reincarnation were all tested, but attack power was not tested. But the bet proposed by Master Shenzawa was about attack power....."

As soon as these words were spoken, everyone suddenly realized.

I didn't expect this Lord Shenze to be quite cunning!

Qin Huang performed well in all aspects, but failed to show his offensive power.

Normally, a person cannot be without flaws, there are always one or two weaknesses.

Judging from the current situation, Qin Huang's weakness may be attack.

Lord Shenzawa just wants to bet on this, and his heart is so cruel!

"Hey~! Emperor Qin is still too young!"

"yes! For the sake of face, I lost my reward like this. What a pity!"

Many people in the crowd shook their heads secretly.

No one thought highly of Qin Feng.

The gap between the cultivation levels of the two sides was too big.

If Qin Feng could withstand a move, it would be a fantasy, and it wouldn't even be a myth. Yes.

That's completely illogical!

At the moment, many people felt sorry for Qin Feng.

Even the star masters were worried about Qin Feng.

Xuanxi star master's beautiful eyes trembled slightly, and he was also worried about this younger brother.

On the contrary, those high-ranking masters were extremely happy. They all looked at each other with smiles on their lips.

They were afraid that Qin Feng would not agree.

Now that he agreed, everything would be easy.

In the air, the master Shen Ze was already full of joy.

"Brother Qinhuang, since you have agreed, let's start now!"

He can't wait

"Wait!", Qin Feng stopped him coldly.

Shenze's heart tightened: "Brother Qin Huang, you can't go back on what you said in public! Qin Feng's lips curled up slightly:"

Of course I won't regret it, but what about your bet?" Please take it out first! Just now, you were just talking about it, don't default on it when the time comes!"

Shenze breathed a sigh of relief.

He thought Qin Feng was up to something else.

"Ha ha! This is simple. Where should I place my bet first?"

"This is easy to handle!", Qin Feng turned to look at Tianfu Star Master

"Xingzun, please help us be a witness and take care of the bet for a while."

Tianfu Star Master smiled: "Okay! I'll just take it as a witness!"

He is also very curious about the extent of Qin Feng's attack power.

If Qin Feng can catch Shenze's move without retreating ten thousand meters, it will be perfect. There will be almost no weaknesses.

"You should all turn in the bets you just reported truthfully!"

The Lord of Tianfu Star looked down.

"yes! Star Lord!"

All the top masters were worried.

At that moment, Shenze was the first to step forward and hand over the bet.

Feiming, Tianpeng and others followed closely behind.

Xingzun had already taken the initiative, how could these people dare to play tricks on each other, like Jonah? The bet was placed.

However, after handing over the money, everyone felt empty and uneasy for some reason.

This time, the stakes were not just rewards, but also most of their net worth.

If they lost, they would become paupers.....

At the same time, Qin Feng also sent messages to Yu Qilin, Chu Chu and others.

At this moment, in the small universe.

Chu Chu and others came out of seclusion one after another.

At this moment, 12 hours have passed outside, but nearly 2 months have passed in the small universe.

During such a long period of time, and with the help of a large number of Tian Tian Jing, the five people in Chu Chu achieved great breakthroughs.

Now, Chu Chu, Bao Bao, Feng Di, and Bai Qi have all broken through to the lower level of Dzogchen, and they are just short of the last step to break through to the middle level of dominion.

The combat power of the four people has been increased to 4 million trillion.

Jade Qilin also made rapid progress, breaking through to the late mid-level cultivation level, and its combat power increased to 24 million trillion.

In addition, Bai Qi also refined the Tai Qing Qi, and his qualifications were upgraded to the upper-grade master level.

At this point, Qin Feng's five pole star followers have all reached the upper-level master level.

This made Qin Feng very happy

"Brother, this guy is so ungrateful!", Chu Chu was angry.

Qin Feng had already told them the whole story.

Emperor Feng smiled and said:"Chu Chu, you don't have to be angry! Once you get rid of them, they will cry!"

"whee!! So does the baby!"

The girls smiled similarly.....

At the same time, over the square.

All the top masters have already handed over their bets.

After everyone handed it over, they all felt a little inexplicably uneasy.

Lord Tianfu took stock of the bets and was a little surprised.

The total bets amounted to nearly 500,000 white crystals!

There are also 2 Zhongtian Crystals among them.

This does not include the overall ranking rewards.

These top-grade masters occupy the eighth to fortieth places.

Converted into rewards, it is three Zhongtian crystals and more than 20,000 Tiantian crystals, which is another huge wealth.

All these resources added together completely exceed the property of a half-step star master.

Tianfuxing took the initiative.

Those half-step star masters and low-level star masters couldn't help but take a deep breath.

This is a real gamble!

"Emperor Qin, now that the bet has been handed over, let's get started!"

Shenze looked at Qin Feng with confidence.

Qin Feng smiled slightly, and with a flash of inspiration, he put on the Shenyin cloak to cover his whole body.

Sure enough, it was him!

When the players saw this familiar figure in the cloak, they were not surprised. Strange.

The next second, Qin Feng was possessed by the starry sky battle armor, and his aura surged to 15,000. When the Tianfu Star Master and the three low-level star masters saw this scene, they all showed knowing smiles.

They could see that Qin Feng Wearing the Divine Shadow Cloak, he did not want others to discover the Starry Sky Battle Armor, which involved conflicts among the Starry Sky Clan.

But the Tianfu Star Masters did not care.

Then, Qin Feng used it again.....

Transformed into chaos, the combat power skyrocketed to 20,000 Beijing. The five polar stars merged, and the combat power skyrocketed to 2.4 Beijing!

Appearing in his strongest state!

"It's time to get started!"

Qin Feng stood proudly in the sky, his cloak flying.

"good!"

Shenze glanced at Qin Feng proudly.

Although Qin Feng had a divine cloak on him, which made it difficult for people to see through the details, he was still full of information.

The next second, he stretched out his hand.

Buzz~!

A clear sound!

A handle The black spear shot out of the air, exuding overwhelming pressure.

It was actually a master-level Yuanwu! There was an exclamation from below

"Oh My God! It's actually the dominant Yuanwu!"

"I've never heard of the Lord Shenze having a Lord-level Yuanwu before! Unexpectedly, he also has a trump card!"

"Now Emperor Qin is going to be completely finished!"

Master-level Yuanwu, most masters do not have it, it is very rare.

This sudden scene made many people even more worried about Qin Feng.

Star Master Xuanxi bit his red lips and became inexplicably nervous.

Those high-level masters A surprise

"Brother Kanzawa really did not disappoint us!"

"yes! Unexpectedly, he had such a hidden skill."

Everyone became more and more excited as they talked.

In the corner, Lingxi and Feng Yue lamented.

"Feng Yue, what do you think?", Lingxi suddenly asked.

0·Please give me flowers0·····

Feng Yue smiled bitterly:"Hey! Although I know Qin Feng can't win, we hope he can win!"

Lingxi was silent.

The attitude of the two was very strange.

This is the complexity of human nature.

When a person falls into a pit, he hopes that others will fall into it too.

Feng Yue and Ling Xi have this mentality.

They hope that all the top masters will fall into the pit.

But now it seems that things have backfired.

"Emperor Qin, take out your weapons!"

With Shenzawa's gun in hand, I own the world, and my heroic spirit surges."

"Your gun is good! Do you want to use this gun as a bet?"Qin Feng's eyes fell on the spear.

Shenze frowned:"What are you trying to do again? Aren't you afraid? Qin Fengyun said calmly:"

What I mean!" If you want to bet, bet completely! You add this gun, and I will add 10,000 white crystals. Do you dare to raise again?"

"Ah!", Shenze looked disdainful.

He had already seen it.

Emperor Qin was just scared, so he deliberately found this excuse to bluff.

In this case, he would have a thorough gambling fight

"Just raise, raise! I will also put this Tianze Divine Spear on the line!"

The whole audience was moved again.

These two sides are crazy.

"Then you can start now!"

"Let's do it!"

"good!"

As soon as the words fell, Shenze couldn't wait and launched an attack suddenly.

In an instant, the sky and the earth changed color.

000

Tianze Divine Spear turned into billions of feet!

The gun body shattered billions of spaces!

Countless winds and lightning surrounded it!

Crackling~!

The sky is dark and the earth is dark! Shenze's combat power is 120,000 Beijing.

At this moment, with the increase of his divine seal and Tianze's divine spear, the attack power of that gun has reached 1 million Beijing, destroying the world and destroying the world.....

"So strong!"

The expressions of all the players changed slightly.

The power of this shot was too terrifying.

Even Feiming and Tianpeng showed fear in their eyes.

If it were them, they wouldn't be able to catch this shot!

Emperor Qin is dead!

In the sky, Xuan Xi The Star Master's pupils shrank slightly and her jade hands clenched slightly.

As soon as the situation went wrong, she would come to the rescue.

In the blink of an eye, the shot reached Qin Feng's head.

Shenze's face was full of ferociousness!

This was his strongest blow!

For the sake of glory and profit, he wants to blast Qin Feng with one shot and safeguard the dignity of the high-ranking masters! We are going to win!

We are going to win!

All the high-ranking masters opened their eyes wide with excitement.

They want to see Qin Feng being killed. He was reduced to rubble and completely lost his face.

At this moment, Qin Feng finally moved.

Buzz~! The golden wheel appeared behind his head!

The rays of light soared into the sky!

The seven-layered golden wheel of merit was activated!

Everything increased seven times!

Ding! Open the divine seal of heaven. Also activated!

The ten-fold increase is activated!

The two phases are superimposed!

The seventeen-fold increase!

In the next breath, Yuantu Abi's two swords rush out of the sea of blood!

The two swords are combined!

Comparable to the half-step star master level Yuanwu!

The sea of blood is overwhelming!

The sword energy is peerless!

Two bloody sword lights met the spear in the air.

Behind Qin Feng, a phantom of a sea of blood appeared.

Boundless!

Covering the sky and the earth!

He originally had a combat power of 2.4 capitals, but with a seventeen-fold increase, it exceeded 400,000 capitals. The power of Yuan Tu's Abi swords instantly exceeded 1,000,000 yuan... In an instant, the attacks of both sides collided!

Boom~!

A shocking loud noise!

Countless spaces collapsed.....

All time, all laws destroyed.....

Like a world-destroying collision, the sky collapsed and the earth shattered. The light of the explosion illuminated the world and obscured all vision.....

In the light, there was a shrill scream, and a figure vomited blood and flew backwards.....

When the light faded away, only Qin Feng was left standing proudly.

Lord Shenzawa had been blown away and vomited blood, rolling millions of miles away.

Everyone was completely dumbfounded.

In an instant, the whole place became quiet.

The Lord of Tianfu Star showed a look of surprise..

Chapter 603

In an instant, the whole place became silent.

However, Tianfu Star Master showed a look of surprise.

The star masters were also stunned.

They originally thought that Qin Feng was good at resisting that blow.

But he didn't expect that Qin Feng could still gain the upper hand.

Thousands of players below were even more confused.

Oh My God!

I'm not dazzled!

The atmosphere in the whole place was extremely solid!

It's like time has stood still!

All the players couldn't believe the facts in front of them

"Brother, we won!"

"Dad, you are so awesome! The baby adores you so much!"

The joyful voices of Chu Chu and Bao Bao rang in his mind.

These two guys were the most supportive.

Qin Feng smiled slightly and put away the starry sky battle armor and Shenyin cloak.

At this moment, he was dressed in white, with long lapel flying, standing proudly In the sky!

Coupled with the perfect handsome face and the supreme noble temperament, it seems to have its own light and infinite charm...

Countless female cultivators below, their eyes are shining...

In the sky, Star Master Xuan Xi looks more and more at Qin The more Feng admired it, a gleam of light flashed across her beautiful eyes, and she bit her red lips.....

At the same time, those high-level masters recovered from their confusion, their faces turned pale...

They couldn't believe that Shenzawa actually lost!

And lost so miserably!

This time, they are all finished!

All rewards are lost!

He even lost his "zero zero" net worth!

What a tragedy!

The faces of all the top masters were ashen!

Everyone wants to cry but has no tears!

The atmosphere in the venue became depressing!

The players all around sympathized with him!

Even the players who were about to be eliminated felt a little pity for them.

Although they failed to enter the top 300, their net worth is intact!

In the corner of the crowd, Lingxi and Feng Yue both looked gloating.

These people just steal the chicken but lose the rice!

They all deserve it!

At this moment, a light and shadow flashed.

The blasted Shenzawa returned.

There was blood on the corners of his mouth, and he looked lost.

This time it was a huge blow to him!

Qin Feng looked at him indifferently

"Emperor Qin, I lost!"

Shenzawa smiled bitterly.

He was convinced of the defeat.

Qin Feng defeated him head-on.

Qin Feng's previous attack definitely exceeded 1.2 million Beijing's attack power, and he couldn't stop it at all.

This Qin Emperor is too terrifying!

Even more terrifying Yes, he was only in the late stage of the God Emperor, and his future achievements would be even more unimaginable... The more

Shen Ze thought about it, the more he became frightened, and even a little afraid... He was confused for rewards and face before!

Thinking of this, Shen Ze handed over to Qin Feng : "His Excellency Emperor Qin's strength is amazing, Shen Ze admires him!"

This scene moved the faces of all the top masters, and they looked at Qin Feng with a hint of fear.

Even Shenze gave in, what else could they do?

Not to mention the other players, they all admired Qin Feng. Fear again.

Unknowingly, Qin Feng rose to a very high status in the hearts of all the players.

He seemed to have become the strongest player in the hearts of all the players!

That is, the first master under the half-step star master of Tianfu Star!

"you flatter me!"

Qin Feng was polite casually.

"Qin Feng, please accept these!"

The Lord of Tianfu Star waved his hand, and more than 30 storage rings flew towards Qin Feng.

Those were the bets placed by the top masters.

Qin Feng happily accepted them.

Those were nearly 500,000 white crystals, and there were 2 medium-sized rings. Tianjing.

All the top-grade masters feel extremely painful.

"And these are yours too!"

The Lord of Tianfu Star waved his hand again, and forty storage rings flew towards Qin Feng.

They were the rewards for the first to fortieth place in the overall ranking!

Now they all belong to Qin Feng!

Qin Feng happily accepted them.

The top-level masters felt pain again.

Those were originally their rewards!

In short, Qin Feng harvested 4 black sky crystals, 54 medium sky crystals, 60 white sky crystals...

Thousands of players were envious.

Even the star masters were jealous. Envy.

After Qin Feng put away everything, Xuan Xi looked at Shenze

"Shenze, don't forget, the Tianze Divine Spear in your hand is also a bet!"

"Ah~! this....".Shenze looked reluctant to give up.

Qin Feng's eyes lit up:"I almost forgot! Brother Shenze, bring it!"

"Why!"

Shen Ze had a bitter look on his face.

He rubbed it for a while, and then threw the magic gun away with a look of pain on his face.

Qin Feng happily took it.

He got another Dominator Yuanwu!

Big profit!

The players around him sympathized with each other. Look at Shenze.

Shenze lost so miserably this time!

But those high-level masters looked at Shenze with resentment one by one.

Many people secretly complained to him.

This time, he is not a human inside and outside!

Wait for Qin Feng to accept it After raising the Tianze Divine Spear, Taixu Star Master announced that he would continue to receive awards.

After a while, all the rewards were distributed to 10,000 yuan.

Tianfu Star Master looked down at everyone

"This selection contest ends here! Xuan Xi!"

"The subordinates are here!", Xuan Xi stepped forward

"Next, it's up to you!"

"Yes!"

The Lord of Tianfu Star nodded slightly.

Then, he looked at Qin Feng with a smile:"Qin Feng, work hard!"

He had high hopes for Qin Feng.

After leaving these words, he turned and retreated.

Many Star Lords followed and left.

After a while, only Xuan Xi and the five thousand players were left in the field.

All the players looked at them with respect. Xuan Xi doesn't dare to be presumptuous.

From a certain perspective, Xuan Xi is the second most important person in Tianfu Star. Who dares to be presumptuous in front of her?

"The top three hundred rankings have been announced. These three hundred people can enter Ziwei Holy Land to practice in seclusion for a month. Sorry to the rest! You are eliminated!"

Xuan Xi looked down indifferently.

Countless eliminated people wailed.

The opportunity to practice in Ziwei Holy Land!

It was an opportunity ten times better than this reward!

What a pity!

They missed it like this!

To put it bluntly, they still lacked strength!

Next In one second, Xuan Xi waved his hand, and thousands of people turned into white light and disappeared. Only three hundred passers-by were left in the field. Among these three hundred people, only a few dozen were God Emperors of Great Perfection, and the rest were half-step masters. The above mentioned cultivation level.

Qin Feng's later cultivation level as God Emperor is actually the lowest among all the people.

This seems a bit abrupt!

"Five days later, Star Lord will personally take you to Ziwei Star. These days, I will arrange your accommodation, so just follow me!"

"yes!"Star Lord" and everyone followed him away.

After a while, Xuan Xi led everyone into the temple.

Soon, everyone discovered that Xuan Xi's attitude towards Qin Feng was completely different from theirs. They were on two levels.

Thinking about it, Xuan Xi Xi treats Qin Feng as his younger brother, how could he be like them?

.....

In the end, Xuan Xi arranged the best place for Qin Feng to live and practice.

Others are much worse.

Everyone dares to be angry but dare not speak out.....

After everything was arranged, Qin Feng returned to the small universe.

At this moment, in the small universe, on the Zhongji Star.

Chu Chu and others happily surrounded Qin Feng.

This time, their gains were huge

""Dad, are we getting rich this time?""

"You can say that!"

Qin Feng pinched his daughter's little face lovingly, it was fragrant and tender.

"Brother, this time is so enjoyable!"

"yes! I didn't expect our harvest this time would be so big!"

The ladies of Chu and Chu were excited."

Qin Feng smiled slightly:"This reward comes in time!" I heard from Sister Xuan Xi that the Ziwei Holy Land is also divided into levels, and the stronger ones can occupy the better positions.

"Therefore, you should take advantage of this period of time to make breakthroughs in seclusion and strive to occupy a good position in the Holy Land. That is an extremely rare opportunity!"

"There is also this matter!"

The girls suddenly realized, and a pressure arose in their hearts.

But Chu Chu frowned.

The next second, her lips moved slightly, transmitting the sound secretly.

"Brother, Star Master Xuanxi is so kind to you! You are all like siblings! In a few days, I will have another sister-in-law!"

The tone was sour.

Qin Feng was stunned and quickly sent a message back: "Chu Chu, don't think nonsense! There is a pure friendship between Star Master Xuan Xi and me!"

Chu Chu rolled her eyes angrily.

My brother is so evil!

It would be strange if she believed it. What makes her depressed is why did he forget about her?

Isn't she good-looking?

Qin Feng doesn't want to make the meeting too busy. Too long.

Soon, he distributed the resources.

Each of the six Chu Chu people received 10,000 white crystals.

Qin Feng also had 550,000 yuan in reserve.

Then, he gave Chu Chu, Bao Bao, Feng Di, and Bai Qi each The 5 pieces of Zhongtian Crystal allowed them to break through the bottleneck of the lower-grade Dzogchen.

In this way, he still had 34 Zhongtian Crystals left.

After everything was distributed, Chu Chu and others took the time to retreat.

In the hall, there were only 34 Zhongtian Crystals left. Qin Feng and Zixing.

Zixing looked at Bai Qi's leaving figure, thoughtfully.

"What are you thinking about?", Qin Feng asked casually

"Why! I envy Chu Chu and the others to be your Xingji followers. If I could also be your star follower. How wonderful that would be!"

Zixing sighed with a look on his face.

Qin Feng smiled:"There are only five Xingji followers, there are no more."

Zixing's eyes rolled:"Can you exchange me and Bai Qi? I am stronger than him. After becoming a Xingji follower, I will be of greater help to you!

Qin Feng was stunned:"There is no way to replace this!" Besides, my Kaitian Divine Seal is connected to Bai Qi. Without him, it would be difficult to achieve the divine seal!"

Zixing's little mouth curled up:"Why don't you have any way to replace it? Or you haven't thought of a way yet?"

"Bai Qi has always followed me and is loyal to me. I can't break his heart 0.8. If there is a way to get the best of both worlds, I will naturally do it, but I don't have it for the time being?"

Qin Feng took Zixing into his arms and felt the fragrance of the beauty.

Zixing was at his mercy, her eyes full of tenderness.

She would only be gentle in front of Qin Feng, but in front of outsiders, she would be a female boss

"Master, I think there will be a way to get the best of both worlds in the future."

Zixing acted coquettishly.

Qin Feng smiled slightly:"If so! Naturally easy to handle!"

Just after saying this, Qin Feng heard a system message from behind his head.

"Ding! Remind the host that if you complete the Three Flowers Gathering and condense the Divine Origin Bead, you will make unexpected discoveries... It can solve your current problem....."

It can still be like this!

Qin Feng's eyes lit up and he was overjoyed.

If there was a way to get the best of both worlds, he would certainly be happy

"Master, what's wrong?", Zixing acted coquettishly.

Qin Feng looked at Zixing's beautiful and lovely appearance and liked it in his heart.

It seemed that he hadn't enjoyed this little slave girl for a while.

At that moment, the corner of his mouth curled up slightly:"Tonight! It's you!"

The next second, he disappeared with Zi Xing in his arms..

Chapter 604

A few days later, Qin Feng left Purple Star's palace happily both physically and mentally.

Later, he came to a secret training room and took out a stone tablet base from the storage ring.

That was the base of the Heavenly Monument of Creation that he had treasured for a long time.

Now, he already knows that the Heavenly Monument of Creation was made by Lord Ziwei Star to teach all living beings in the world.

The formation of the Heavenly Monument of Creation is closely related to the Divine Seal of Creation.

Qin Feng speculated that the Monument of Creation might be related to the power of merit.

And the power of merit is what he needs most now.

Therefore, he began to study the Heavenly Monument of Creation in the hope of finding a way to obtain merit.

In this way, Qin Feng began to study. time flies.

In the blink of an eye, four days passed in the outside world.

More than a year has passed in the small universe, and huge changes have taken place.

In the Zhongji Star, the top of the Jianmu Sacred Tree is a special space layer, which is connected to the Jianmu on the earth.

To put it bluntly, it is the space node between the small universe and the external universe.

Now, there is an extremely huge temple in that space layer.

This temple was built by Qin Feng himself and occupies the entire special space layer.

This became his palace, above the five polar stars.

In this palace, he can easily observe changes in the entire small universe, and he can also observe changes in the solar system. It can be said that he kills two birds with one stone.

In addition, he also made some formation arrangements for this special space.

If it is his contractor, as long as he reaches the nine-star cultivation level, he can pass through the space barrier and enter the small universe.

Not his contractor, even a top-grade master cannot enter the small universe.

Once the temple was completed, news quickly spread around the earth.

Nishan and other emperors also deliberately promoted it.

They call Qin Feng's small universe the fairy world.

The palace where Qin Feng lived was called the Heavenly Palace.

As long as your cultivation level reaches nine stars, you can climb trees and ascend to the fairy world.

This news has brought joy to billions of people on Earth.

For this reason, Qin Feng also arranged a special altar called the Shengxian Terrace at the entrance to the earth.

Those who come in need to drip out their own essence and blood and complete a special ascension ceremony.

Once this ceremony is completed, the contract between all living beings will be automatically completed with Qin Feng.

However, only the essence and blood of people on earth are effective. Others cannot complete the ritual and cannot enter the small universe.

Qin Feng just wants to cultivate people on earth.

Qin Feng attaches great importance to Shengxian Terrace and specially arranges for Luo Li to manage it.

Ni Shan, Luo Li, Liu Yan, Shangguan Yunxi and other close relatives were also arranged in the Heavenly Palace.

These cronies can return to Earth at any time to facilitate the management of the Earth's star field.

Everything in the Heavenly Palace is left to Zi Xing to take care of, with Luo Li and others assisting.

In addition, he also selected hundreds of thousands of elemental masters from the earth and stationed them on the five pole stars.

Suddenly, the small universe became active, full of people, and its entire appearance was different.

Of course, each elemental master on the pole star has a manager, who is the White Tiger Emperor, Xuanwu Emperor, Ice and Snow Emperor, Whale Emperor, and Turtle Emperor respectively.

There is a higher manager above them, that is, the Lord of the Five Polar Stars.

When these people arrived for the first time, they were all shocked.

Each pole star is a hundred times the size of the earth, and the spiritual energy on it is hundreds of times that of the outside world. Spiritual flowers and spiritual grass are everywhere... What surprises them even more is that there is a heavenly monument of creation on each pole star.

This creation sky monument is larger than the one that appeared on the earth before, and the light of creation it emits contains more and richer information, ranging from one star to the content of the God Emperor's Great Perfection.

What surprised them even more was that the creation sky monuments on the five polar stars were open all day long.

As long as you are strong enough, you can always meditate beside the Heavenly Monument of Creation.

This opportunity made the hundreds of thousands of elementalists go crazy.

Every day, a large number of people go to see the monument.....

No one wants to miss such an opportunity.

At this moment, in the Heavenly Palace.

In a luxuriously decorated living room.

Qin Feng leaned on the sofa comfortably.

Nishan stood behind the sofa, a pair of Rouyi gently rubbing Qin Feng's shoulders.....

Luo Li half-crouched next to Qin Feng, kneading his legs...

Qin Feng's muscles relaxed and he enjoyed the two women's increasingly skilled techniques, which was extremely satisfying.

The two women felt happy when they saw his comfortable look.

These days, Purple Star, Yu Qilin, and Feng Emperor are all in retreat.

Qin Feng had nothing to do, so he asked Luo Li and Nishan to accompany him.

In his spare time, he enjoys the two girls, which is extremely comfortable.....

Life is like this, what else can I ask for?!

Having said that, over the past year or so, with the help of Qin Feng, both women have achieved the level of a great emperor.

The strength of the entire earth has also undergone earth-shaking changes.

The White Tiger Emperor and others have all entered the realm of the Great Emperor.

"Ding! Your people gain insights from the Heavenly Monument of Creation, make progress in their cultivation, and your merit value +47....."

"Ding! Your people gain insights from the Heavenly Monument of Creation, make progress in their cultivation, and your merit value +62....."

"Ding! Your people gain insights from the heavenly monument of creation.....Your merit value +56....."

"Ding! Your....."

That's great!

Qin Feng read the merit information happily.

Over the past year or so, he finally understood the secret of the Heavenly Monument of Creation and found a way to gain merit.

This also made him understand why Ziwei Star Master would build the Heaven Transformation Monument in large quantities and protect the weak.

All this is for merit.

This is the universal salvation of all realms and the creation of meritorious deeds.

Of course, not everyone can build the Heavenly Monument of Creation.

Only those who have mastered the divine seal of creation can build it.

The Divine Seal of Creation ranks third among the Supreme Divine Seals, and only Master Ziwei in the entire universe has it.

Therefore, only she can condense the golden wheel of merit, and only she can build the heavenly monument of creation.

People in the world don't know that there are two people in this world who have mastered the Divine Seal of Creation, and that is Qin Feng and Qin Baobao.

In addition, he also discovered a problem. if heBuilding the Sky Monument on other planets will be suppressed by the rules of the universe.

The Heavenly Monument of Creation cannot be displayed all the time, it can only appear once every few decades.

This is the same rule as the original creation sky monument of the earth.

It seems that the will of the outside universe intends to prevent the Ziwei Star Master from obtaining more merit.

Qin Feng also built a creation sky monument in the southern capital city of the earth, and the same phenomenon occurred.

In this way, the speed of collecting merit will be tens of thousands of times slower.

But if he builds it on the five pole stars, there will be no problems in this regard.

His creation monument can be displayed all the time, and his merit points can be continuously obtained.

In addition, his small universe time force field is 110 times that of the outside world, which is more conducive to obtaining merit.

In other words, the effect of Qin Feng's five heavenly monuments is comparable to that of Lord Ziwei's 100 million.

That's the benefit of having a small universe.

This is also the reason why Qin Feng moved most of the elemental masters on the earth into the small universe

"Ding! Congratulations to the host, the merit points you have collected have accumulated to 100,000. May I ask if you can refine them to improve the grade of the Golden Wheel of Merit?"

Qin Feng's eyes lit up.

Finally, quantitative changes lead to qualitative changes!

"Refining it!"

He gave the order without hesitation

"Ding! Refined with 100,000 merits.....The host obtains a large amount of merit power, and its combat power is increased to 11,000 Beijing....."

"Ding! Refined with 100,000 merits.....The completion rate of the merit petals of the Flower of the Soul is increased to 41% (at 100%, the Flower of the Soul has thirteen petals).....‘’

"Ding! 100,000 merits were successfully refined.....The host's golden wheel of merit is promoted to the eighth level, and everything can be increased eight times....."

Buzz~!

A melodious cry!

The shadow of the Golden Wheel of Merit appeared behind Qin Feng's head, emitting an eightfold halo!

The rays of light are blooming!

Noble and sacred!

Unparalleled!

Ha ha!!

Strength has improved again

"Wow! This is....."

Luo Li and Nishan were both shocked by the scene before them.

The two women felt as if they were seeing gods, they were filled with admiration and had the urge to worship.

Qin Feng smiled slightly and put away the vision.

He gently lifted Luo Li's chin with one hand, admiring the beautiful and delicate facial features.

Luo Li's eyes were as charming as silk, and her heart was filled with joy and a little uneasiness.

She remembered the madness of the past few days.

Thirteen days at a time!

Now that her cultivation has improved greatly, she shouldn't be as embarrassed as last time, right?

But at this moment, Nishan pinched Qin Feng's shoulder hard, feeling a little jealous.

Qin Feng smiled and let go of Luo Li.

The improvement of merit petals and merit golden wheel made him feel good.

This year's efforts have not been in vain!

"Ding! Remind the host that two hundred thousand merit points are needed to advance to the ninth level of the Golden Wheel of Merit....."

At this time, the system sent another prompt.

Qin Feng smiled slightly. really!

The advancement of this golden wheel of merit becomes more and more difficult the further you go.

Rumor has it that the Golden Wheel of Merit can be upgraded to the thirty-third level.

The Golden Wheel of Merit of Ziwei Star Master is already thirty levels.

Qin Feng is also looking forward to meeting Lord Ziwei and learning about merit.

He felt that the way to improve merit should be more than just creating a heavenly monument.

Speaking of which, it is rumored that the Lord Ziwei is the most beautiful woman in the universe. I wonder if it is true or not?

At this moment, Qin Feng seemed to sense something, and his face showed a look of joy.

Another good news!

This time it came from the phantom clone..

Chapter 605

With a thought in Qin Feng's mind, a shadow clone appeared out of thin air.

Behind the clone, Liu Yan and Shangguan Yunxi were still following.

The two women looked uneasy when they saw Qin Feng, and they were much more restrained than before.

What's more, Luo Li and Ni Shan were present.

During this time, both Liu Yan and Shangguan Yunxi have changed a lot.

Under Qin Feng's careful training, both women have achieved nine-star cultivation.

Of course, this is the result of Qin Feng using Yuqing's energy to forcibly improve their qualifications.

Luo Li and Nishan have also refined Yuqing Qi.

In other words, the four women all have the potential to dominate the lower classes.

In order to meet his needs, Qin Feng has been training Liu Yan and Shangguan Yunxi in alchemy and weapon refining, especially in alchemy.

After such a long period of training, the two women's alchemy skills have improved by leaps and bounds...

Luo Li reluctantly got up when she saw Liu Yan and the others arriving.

She still wants to be gentle with Qin Feng!

At this time, Qin Feng waved his hand, and a tube of reagent flew out of the storage ring of the shadow clone.

He took the reagent, observed it for a moment, and then showed a look of joy.

"Qin Feng, what is this?", Luo Li asked curiously

"This is the elemental talent activator!", Qin Feng observed with joy, "After more than a year of research, we finally succeeded!"

"Talent activator?!" Luo Li looked puzzled.

Nishan also looked curious.

Qin Feng explained with a smile: "This reagent allows ordinary people to stimulate their potential and acquire elemental talents."

"Then this is a good thing!"

Luo Li and Nishan both opened their eyes in surprise.

It is really difficult for ordinary people to have elemental talents.

Whether you can become an elemental master generally depends on your natural physique.

Not only in the Earth's star field, but also in other parts of the universe. The same is true for the Star Realm.

Generally speaking, only one in 10,000 ordinary people has elemental talents. Of course, high-level Star Realm people generally have high physical fitness, so this ratio is larger. Or they are the descendants of elemental masters, and they have a higher chance of having talents..

All of this is a law of destiny, and it is difficult to change in the world.

Even if there are several kinds of heavenly materials and earthly treasures that can allow ordinary people to have talents, after all, they are too rare and the cost is too high.

"Qin Feng, the cost of this medicine is high, right?", Luo Li asked with concern

"not tall! Adding 1,000 bottles together, the cost is only the value of one Xingxi Stone!"

"So low!"

This time, Luo Li and Nishan were shocked.

The cost is too cheap!

"Qin Feng, if this reagent is promoted to the Earth's star field, our Earth's strength will greatly improve!"

Luo Li was a little excited.

On the earth, there are more than 6 billion ordinary people without cultivation talents.

There are also more than billions of spiritual beasts without elemental talents.

If this reagent is promoted, how many elemental masters will appear on the earth? ?

Luo Li and Nishan both couldn't imagine it.

Qin Feng looked at them with a smile.

"In fact, it's not as exaggerated as you think! The success rate of this reagent is only 1%. Every ordinary person can only take it once in his life. It is ineffective for elemental masters! Luo

Li said excitedly: "Even if the success rate is 1%, that is already an exaggeration!"

"yes!", Ni Shan agreed, "I have never heard of this potion before. Qin Feng, you should have invented this, right?"

Qin Feng's alchemy talent is already at the top-grade master level.

They believed that Qin Feng had this ability.

Qin Feng smiled and said nothing.

They were right.

This potion was invented by Qin Feng, and there has never been anyone else in the universe. It has been refined before.

In fact, even if those star master level alchemists took action, it would be difficult to refine it.

The reason why Qin Feng was able to refine it was because he bought a bottle of fire talent awakening potion from the system mall.

He used that potion as a sample and spent a year to develop this potion.

Therefore, only he can refine this potion, and no one else can do it.

However, his potion is better than the system in terms of effect and success rate. It's much worse, but the cost is also much cheaper.

In fact, Qin Feng doesn't need much good efficacy, he just wants more practitioners.

As long as he promotes this potion, the human race and demon race on the earth will There will be nearly 100 million cultivators in the world.

He will move all these cultivators into the small universe and let them comprehend the Heavenly Monument of Creation.

That is a huge amount of merit!

It is useless for ordinary people to comprehend the Heavenly Monument. Only those with talents can Only then will it be effective.

Qin Feng roughly estimates that after this plan is completed, the millions of merits will not be lost.

In that way, it will not be difficult for his meritorious golden wheel to be promoted to the twelfth level.

The twelfth level of the golden wheel is the flower of his soul. Thirteen petals will bloom.

At that time, he will be able to gather the three flowers at the top, condense the Divine Source Bead, and be promoted to the Great Perfection of the Divine Emperor. The more

Qin Feng thinks about it, the more satisfied he becomes.

"Liu Yan! Yun Xi!"

"The subordinates are here!"

The two women came forward respectfully, with something else in their eyes besides respect.

These days, Qin Feng used his clones to teach them a lot of alchemy knowledge step by step.

In addition to being grateful to Qin Feng, the two women also had a different kind of affection for Qin Feng than before.

"Have you learned the method of refining this reagent?"

"Return to Your Majesty, we have learned!"

"good! In the next time, you two will refine this potion in batches, and I will ask my clone to help. It's just that the avatar field will go out for business, and the main work still depends on you! You two are going to have a hard time!"

"Your Majesty, this is what we should do!"

Liu Yan and Shangguan Yunxi were very excited.

They had always been protected and cultivated by Qin Feng, and they always felt a little indebted.

Now, they can finally do something for Qin Feng and realize their own value, and they are inexplicably happy.

"Sister Nishan, Luo Li, you two just go back to Earth to organize. Luo Li, just organize the human race to wait for the medicine to be taken, and Sister Nishan organizes the demon race"

"no problem!"

The two women hurriedly agreed.

After a while, the phantom clone and the four women left and went about their business.

Qin Feng dodged and went to the earth.

He wanted to build a super formation around the solar system to hide the entire solar system. Get up.

In this way, except for the Star Lord and above, no one else will be aware of the existence of the solar system, and even if they are aware, they will not be able to enter by force.

The earth is one of his future base camps and must be protected.

And with the reproduction of humans and monsters Ability, generation after generation, the population can continue to reproduce.

He is constantly developing new elemental masters in the new generation. Then he sends these people into the small universe to comprehend the heavenly monument.

In this way, his future Merit is a constant source of energy.

Therefore, he must protect the earth.

Besides, his small universe also needs a large number of living beings.

It is not only needed on the five polar stars, but also on some newly formed life planets. Human beings can also be put there.

He vaguely felt that the more creatures in the small universe, the more changes there were.

The twelve earthly branch sacred flags that had not moved at first started to move.

Qin Feng also had some understanding in his heart, which was about destiny. Comprehension.

This discovery surprised him.

He initially understood that the Divine Seal of Destiny was for all living things.

It is easier to comprehend it when there are living beings.

This is also one of the reasons why he actively moved people.....

Time flies!

In a blink of an eye, the five days of repair time are up.

In the small universe, the clones and Liu Yan have refined tens of millions of potions.

Today, there are twice as many cultivators on the Five Polar Stars.

Qin Feng's merits are accelerating every day... and this is just the beginning.....

But on this day, Qin Feng was studying various true meanings in the secret room...

The true meaning he is currently studying is called the Divine Seal of Faith, which is even one of the highest true meanings.

Belief in the divine seal, there is only one person in the universe who understands it, and that is the Lord of Heaven.

This divine seal can draw the power of believers for one's own use.

This information was obtained by Qin Feng from Lufa Tiandi's storage ring.

He was immediately interested in this sacred seal of faith.

If he can realize it successfully, he can train millions of elemental masters in the small universe into believers.

When fighting, he can absorb the power of faith to superimpose himself, and his combat power can skyrocket!

After this period of research, he also had some clues

"Ding! Congratulations to the host, your merit value has accumulated to 50,000....."

At this time, the system sent a message.

The system will automatically remind you of merit every time you add 50,000.

Qin Feng has now accumulated 50,000 merit points.

He was happy that his efforts these days had not been in vain.

The speed of collecting this merit is obviously twice as fast as before.

However, if you want to advance the Golden Wheel of Merits to the ninth level, you still need 150,000 merits.

Qin Feng is not in a hurry. There are still a large number of ordinary people on earth who have not taken the medicine. It is not difficult to improve this merit.

At least, the golden wheel of merit will be raised to the twelfth level very quickly.

"If I advance to the twelfth level as soon as possible, I will be able to break through to the Great Perfection of the God Emperor as soon as possible!"

Qin Feng looked forward to it.

But at this moment, there was movement in his communication jade talisman.

He took out the jade talisman and saw that it was from Xuan Xi.

The five-day training period was over.

The Lord of Tianfu Star called the players to assemble. The opportunity to go to the holy land of.

Qin Feng happily put away the jade talisman and disappeared into the secret room out of thin air..

The next second, Qin Feng appeared in the lobby of a villa

"dad! I'm out of customs!"

"Brother, are we about to start rendezvous?"

The voices of Baobao and Chu Chu sounded in Qin Feng's mind.

They also received the summons.

This time, everyone must be present for the meeting.

Qin Feng waved, and the lights and shadows around him flashed.

Several people from Chu Chu appeared.

Qin Feng saw six people. I am very pleased with the changes.

Chu Chu, Bao Bao, Feng Di, and Bai Qi all successfully broke through to the middle-level master, and their combat power reached 20 million.

Purple Star and Jade Qilin both reached the middle-level perfection, and their combat power reached 4,000 Ten thousand.

If the five stars are combined, Qin Feng's combat power can increase by 12,000.

Qin Feng's current strongest state can reach 36,000.

You know, when Qin Feng and Shenze fought, his strongest state was only 24,000. Jing.

This strength has been greatly improved.

This does not include the improvement of the Golden Wheel of Merit.

"very nice!", Qin Feng couldn't help but admire

"Zi'er, Yu'er, these are for you!"

Qin Feng waved his hand, and twenty Zhongtian Crystals flew towards Purple Star and Jade Qilin.

Both women are already at the bottleneck of mid-level masters.

Ten Zhongtian Crystals for each of them should allow them to break through to the half-step to high-level.

"Qin Feng, keep it for yourself!"

Purple Star and Jade Qilin waved their hands, and those Zhongtian Crystals flew back.....

Both women refused

"Why not?", Qin Feng was puzzled.

Zixing smiled and said:"You can keep these Zhongtian Crystals first. If you give it to us now, it might be wasted? Qin

Feng smiled and shook his head:"You have all reached a bottleneck. Isn't it just right to use them now?""

"Qin Feng, don't you know something? This time we enter Ziwei Holy Land, we have a chance to break through the bottleneck! Perhaps, we can break through in the Holy Land, so wouldn't it be wasted after refining these Zhongtian Crystals?"

Zixing explained with a smile.

Qin Feng suddenly realized:"So the Holy Land has such a magical effect?"

Zixing said again:"Yes! It is rumored that high-grade masters will have a chance to break through to half-step star masters! Of course, the holy land not only has this function, but also has many other magical effects. Such as realizing the true meaning, acquiring secret skills, etc.!"

Yu Qilin echoed:"There are also rumors that the Holy Land is the origin of this universe and the retreat place of the Lord of the Ancient Universe."

"The Lord of the Ancient Universe? Who is he?", babies are most curious

"He should be the one who created this universe."

"So where is he now?"

"Not sure! There are rumors in the universe that the master of the ancient universe has died long ago, so this universe has become chaotic and disorderly, and the masters of the five pole stars change frequently!"

Yu Qilin explained.

Qin Feng was curious:"Yu'er, how do you know that the Lord of the Ancient Universe has fallen?"

Yu Qilin said:"This is the memory of my previous life. It was first passed down from ancient tribes. Speaking of which, those guys from the Ancient Clan are quite mysterious. Their existence is very long"

"I see!", Qin Feng nodded slightly,"If the rumors are true, then the opportunities in Ziwei Holy Land are not simple!"

The girls also nodded.

The retreat place of the Lord of the Ancient Universe is definitely not simple.

Zixing added:"It is rumored that the holy land is divided into outer area, inner area and core area. The place with the best opportunities is the core area. Back then, someone broke through to half-step Star Master in the core area. However, there is a quota limit for those entering the core area."

"So how do you get a spot?"Qin Feng naturally wanted to enter the core area.

Zixing shook his head:"I don't know about this!"

Qin Feng smiled:"Then we don't want to think so much. Someone will naturally tell us when the time comes."

At this moment, a group of people left the villa.....

A quarter of an hour later, Tianfu Temple.

In the square, the players had already gathered.

At this moment, everyone's faces were somewhat excited.

In the crowd, there was constant discussion

"I'm going to Ziweixing soon! It's exciting just thinking about it!"

"yes! A rare opportunity in the Holy Land! Rumor has it that the holy land is only opened once in a million years. We were just lucky enough to meet him this time"

"It only opens once in a million years!! We people are really lucky!"

Many people were happy.

It was like winning a big prize.

"hey-hey! I'm afraid you don't know that as long as you practice for a month outside the Holy Land, the effect will be no worse than refining a thousand daytime crystals!"

"Is the benefit so great?"

"Of course! This is still the basic effect, and there are more benefits you can't think of. Why do you think this opportunity only opens up once in a million years? It must be extremely rare"

"To be honest, the opening of the Chaotic Star Field this time happened to be close to the opening of the Holy Land. This is also the luck of our Star Alliance!"

"Indeed!"

Everyone sighed and felt happy.

"By the way, you just said that the benefits of the outer area are so great, so are the benefits of the inner and core areas even greater?"

"This is natural! It is said that the benefits of the core area are more than a hundred times that of the periphery. However, there is a quota limit and not everyone can get in."

"There are restrictions! Why! Then I'm afraid I won't have a chance"

"Ha ha! You, a low-grade master, don't have to think about it. Not to mention you, even a high-grade master might not have a chance. Competition for this spot is fierce!"

"Hey~! Come to think of it! We, Tianfu Star, are not the only ones going to the Holy Land this time! There are four other pole stars. There are even more talented people on the Ziwei planet, including three of them who are of the highest grade, Great Perfection!"

"Speaking of which, among the five pole stars, our Tianfu Star can only rank fourth in terms of overall strength. I'm afraid there won't be many core quotas allocated."

"correct! Speaking of strength rankings, our Tianfu star may not necessarily be fourth this time. Don't forget, our Tianfu Star has the Qin Emperor!"

"yes! Lord Qin Huang's strength is completely at the level of the Great Perfection."

When Qin Feng was mentioned, these players unknowingly changed the focus of the topic.

At this moment, there was a commotion in the front.

A low cry sounded from the crowd.

"Look! Lord Qin Huang is here!"

As soon as these words were said, the originally noisy square suddenly became quiet.

Everyone followed the sound and saw Qin Feng and his party walking over.

Emperor Qin was indeed here!

Everyone looked at Qin Feng in awe.

Even Those high-ranking masters all showed awe.

Unknowingly, Qin Feng's prestige in the hearts of the players rose to an extremely high position.

Even most of the players respectfully called him 'Lord Qin Huang' in private. Dare to discuss friendship with peers

"Huh! Look at how the Qin Emperor's subordinates are all middle-grade masters."

Everyone was moved.

Five days ago, the five Chu and Chu people were still low-grade masters, and they were promoted to mid-grade so quickly.

The speed of progress was shocking.

At this moment, the sky trembled, and the overwhelming divine power crushed it.

Immediately, the space trembled slightly. , Star Master Tianfu and Star Master Xuanxi came out of the void.

The whole place was shocked and silent.

Star Master Tianfu glanced at the audience lightly, and finally his eyes fell on Qin Feng, and his eyes suddenly lit up.

He found Qin Feng She has made a lot of progress.

This young man always brings surprises to her.

When he saw Chu Chu and the others, he showed surprise again.

Then, he gave Qin Feng a meaningful look and smiled at the corner of his mouth.

This At this moment, Xuan Xi's message rang in his ears

"Xingzun, Qin Feng and his women are making great progress!"

"yes! This little guy always surprises!", Tianfu Star Master admired Qin Feng very much.

Xuan Xi continued to transmit the message:"Xing Zun, this is the five-star gathering. With Qin Feng here, Tianfu Star can be mentioned higher in the rankings."

"I hope so!"

The Lord of Tianfu Star said casually, but there was hope in his eyes.

Tianfu Star has always been ranked low among the five polar stars.

This time, he will be proud and proud.

All this depends on Qin Feng's performance.

"Is everyone here?", Tianfu Star Lord asked casually.

Xuan Xi glanced at the whole audience and said respectfully: "Star Master, everyone is here!"

"Then let's go!"

Tianfu Star Master waved his hand, the square trembled, and a super starry sky teleportation array slowly rose from the ground.

"Set off!"

Tianfu Star Master took the lead and entered the Starry Sky Gate.

Xuan Xi followed closely.

Next, no one in the audience came forward.

Qin Feng felt strange, but found that everyone was looking at him.

He suddenly understood and couldn't help but smile. Laughing, he was the third one to enter the star gate.

After Qin Feng entered, all the players breathed a sigh of relief and rushed to follow them.

The girls from Zixing all laughed when they saw this scene.

Their men unknowingly had They gained a very high status.

Immediately, they also entered excitedly with the flow of people.

The opportunity of the Holy Land is just ahead..

Chapter 607

But when Qin Feng stepped into the star gate, the sky and the earth spun for a while, and the surroundings were full of swirling starlight, making it difficult to distinguish up, down, left and right... It lasted for a full quarter of an hour before Qin Feng got his feet on the ground, his eyes lit up, and he had arrived in a new place.....

In front of him were Tianfu Star Master and Xuan Xi, surrounded by a wide square, and at his feet was a formation platform.

Under the formation platform, stood several uniformed staff.

At this moment, several staff members were alerted.

As soon as they saw Lord Tianfu, they went forward to pay homage in fear

"I've seen Tianfu Xingzun!"

"No gift!"

"Thank you Xingzun!"

At this time, the Tianfu Star Master turned back:"Xuan Xi, you take Qin Feng and the others to settle in first, and I will go see Ziwei Star Lord!"

After leaving these words, the Tianfu Star Master disappeared out of thin air.

After the Tianfu Star Master left, Xuan Xi's message rang in Qin Feng's ears

"Qin Feng, Star Lord is going to Ziwei Star Master to ask for benefits for you!"

"Um, what's the benefit?", Qin Feng sent a message to ask.

Xuan Xi sent a message: "Last time, you obtained the only special promotion in the Star Alliance. Xingzun reported it to Star Master Ziwei. Lord Ziwei appreciates it very much and has verbally promised you a reward."

"And in this selection, you performed very well. Star Lord can't wait to report, and also wants Lord Ziwei to fulfill his promise."

Hearing this, Qin Feng smiled. He didn't expect such a good thing.

He didn't know what the Lord Ziwei would reward.

While the two were chatting, the other contestants also appeared one after another.

Three hundred people were waiting When everyone arrived, a staff member respectfully came forward to greet them.

"Star Master Xuanxi, please bring your people from Tianfu Star to settle in!"

"good!"

At that moment, everyone left with the staff member.

After a while, the group arrived at the reception area.

There were four main halls in the reception area, namely the East Hall, the South Hall, the West Hall, and the North Hall.

According to the previous rules, the East Hall The giant star players are stationed in the hall, the divine auxiliary star players are stationed in the west hall, and the earth power star is stationed in the north hall. The last south hall is prepared for the Tianfu star.

As soon as the group arrived at the reception area, nearly a thousand spiritual consciousnesses came from the east, came from the South and North Halls, scanning towards Qin Feng and others.

Among them, the three spiritual consciousnesses are the most powerful, and they are clearly low-grade star master-level spiritual consciousnesses.

"With so many divine consciousnesses, it seems that people from Jumen Star, Shenfu Star, and Earth Quan Star have all arrived."

"hehe!! They're trying to find out more about us!"

The Tianfu Star players were all muttering in a low voice, and their expressions became tense.

When they came to Ziwei Star, they became rivals with other Pole Star players.

In this case, they naturally cannot be underestimated by their opponents and must show confidence. Stronger.

Soon, everyone discovered that the nearly a thousand spiritual consciousnesses stayed on Qin Feng for a relatively long time.

At the same time, various whispers sounded in the three major temples

"hehe! The strength of this group of players from Tianfu Star is not that great!"

"yes! Look at that boy in white, his cultivation is in the late stage of the God Emperor. Even the God Emperor can be selected in the later stage. It seems that Tianfu Star has no talent."

"Don't tell me, that boy in white is so handsome!"

"You women are so brainless. Apart from being good-looking, what else can this kind of pretty face do for you?"

"that is! In this world, strength is still respected. Looking at the current situation, Tianfu Star's ranking this time is probably not as good as the weakest Earth Quan Star, and it will be at the bottom!"

"hey-hey! I really want to know, how did the God Emperor sneak in in the later period?"

"Ha ha!! I am also very curious!"

"You'd better say a few words less. Maybe he came in through the back door and had a backer behind him."

"Ouch! Yes! If there is no backer, how can this kid be selected with the late cultivation of the God Emperor?"

Those people kept talking, some were gloating, some were sarcastic, and some were just looking at the show. What's amazing is that those people really didn't take the people of Tianfu Star seriously.

Their comments reached the ears of Tianfu Star players.

The corners of the mouths of all the Tianfu players twitched, and there were weird looks on their faces. These scoundrels dared to underestimate Lord Qin.

When the time comes, they will have something good to look at!

Thinking of this, they felt funny again.

Star Master Xuan Xi seemed to think this was the case It was fun. He blinked at Qin Feng and then smiled.

At that moment, he was so charming that Qin Feng's eyes lit up.

This sister is so beautiful!

At this moment, the space fluctuated.

There was a wave in the sky. Three low-grade star masters appeared.

These are the leading star masters of the other three pole stars.

"Star Master Xuanxi, your Tianfu star is the last one to arrive!"

The three star masters said with a smile.

"You three came early!", Xuan Xi greeted with a smile

"Xuan Xi, how about we hold a meeting to discuss the situation?"

Three Star Lords invited

"good!"Xuan Xi readily agreed,"Qin Feng, just follow the staff and settle in first. I'll be back soon."

At that moment, Xuan Xi left with the three star masters.

Qin Feng and others followed the staff and settled in the South Hall.

The South Hall was very large, and each player had an independent courtyard.

After everything was arranged, the players from Tianfu Star began to get familiar with each other.
His own residence.

Soon, a news spread.

Everyone from the Four Pole Stars had arrived.

The people from the Jumen Star in the East Palace convened the players from the Four Pole Stars and held a resource exchange meeting.

This was a temporary meeting It was held.

The venue was the East Hall, and the time was today.

This was a gathering of the four pole star elites, and there were probably a lot of treasures inside.

Chu Chu, Bao Bao, Feng Di, Yu Qilin and others were very curious, so they went over to participate..

They wanted to help Qin Feng find treasures.

Qin Feng originally wanted to participate.

But at this moment, the Lord of Tianfu Star summoned him.

A quarter of an hour later, Qin Feng saw the Lord of Tianfu Star in a living room.

"Xingzun, are you looking for me?", Qin Feng asked politely

"Um!", Tianfu Star Master stroked his beard and looked at Qin Feng with a smile.

"I just met with Star Master Ziwei and told her about you. Lord Ziwei praises you very much

"She originally wanted to summon you, but she was busy with things and couldn't spare the time. In order to encourage you, she asked me to give you a reward!"

While speaking, Lord Tianfu waved his hand, and a golden wheel of merit appeared in the palm of his hand, exuding a triple halo.

For a moment, auspicious energy abounded, and the glow was endless!

That was the triple golden wheel of merit!

Qin Feng was pleasantly surprised

"Why!", the Tianfu Star Lord sighed softly.

"This three-layered golden wheel of merit is comparable to a dominating Yuanwu. It is indeed a good thing. But one person can only refine one Golden Wheel of Merit. You have already refined the Sevenfold Golden Wheel, and this one cannot be refined. This seems useless to you."

Speaking of this, the Tianfu Star Master felt a little regretful.

Qin Feng also suddenly realized it and couldn't help but smile.

If it were someone else, there would be no way to refine two gold wheels of merit, so he could only give away the extra gold wheels.

But it's different for Qin Feng.

He can swallow the Golden Wheel of Merit and convert it directly into merit points to improve his level of the Golden Wheel.

In other words, this triple Golden Wheel of Merit is a great tonic for him. No one else can do this at all.

"Qin Feng, if you don't want this triple meritorious golden wheel, I will give you another dominator-level Yuanwu. What do you think?"

Lord Tianfu takes great care of Qin Feng

"No need to bother! Star Lord, I want this triple golden wheel of merit!"

"That's fine!"

The Lord of Tianfu Star waved his hand, and the golden wheel flew over.

Qin Feng happily put it away

"Qin Feng, I will tell you now about the opportunity of the Holy Land."

"Star Lord, say it!", Qin Feng is very interested in the Holy Land

"You must also know that this crape myrtle holy land only opens once in a million years. It is your good fortune that you young people can happen to encounter the opening of the Holy Land at this time!"

The Tianfu Star Master's tone was filled with envy.

"I wonder if you have heard that the Holy Land is divided into three areas, the outer area, the inner area, and the core area!"

"heard!", Qin Feng answered truthfully.

Tianfu Star Master nodded:"Then you should know that the benefits of the inner and core areas are much greater than those of the outer areas."

"There is no limit on the number of people in the outer area, only 120 people can enter in the inner area at a time, and only 12 people can enter in the core area. This rule was not set by the Master of Ziwei Star, but a rule automatically generated by the Holy Land."

Qin Feng nodded slightly to express his understanding.

Twelve is the number of perfection. This retreat place of the Lord of the Ancient Universe should coincide with certain principles of the universe.

The Lord of Tianfu Star continued:"In short, only those who can enter the inner area are There are 132 people, but there are a total of 1,700 players from the five pole stars. This quota is very limited, so before entering the Holy Land, the Five Pole Stars will hold a quota allocation meeting"

"At that time, a ranking of the five pole stars will be made. The higher the ranking, the more places you get. For example, the first-place Pole Star can use 5 core quotas and 50 inner quotas."

"What about the other rankings?", Qin Feng was curious

"Second place, 3 core quotas, 30 inner quotas. Third place, 2 cores, 20 inner perimetersThe fourth and fifth places both have 1 core and 10 inner circle. Qin

Feng was surprised:"There is not much difference between the fourth and fifth places, but the first place has the greatest benefits!""

Tianfu Star Lord sighed:"Yes! The first place is basically reserved for Ziweixing, and Ziweixing is basically the first in every assessment. Ziwei Xingzun will be somewhat biased and set the reward for the first place higher."

Qin Feng nodded to express his understanding.

This is also human nature.

If it were him, he might do the same thing.

"Xingzun, have you allocated quotas like this more than once? What was our Tianfu star's ranking last time?", Qin Feng asked suddenly.

The Lord of Tianfu Star smiled bitterly:"Our Tianfu Star was fourth last time. But what's the difference between fourth and fifth place?"

"In fact, a sacred place like this opens once in a million years. The five pole stars have participated dozens of times. Our Tianfu star's best result was third place, and the rest were hovering around fourth and fifth place!"

Speaking of this, Lord Tianfu is a little embarrassed.

"Forehead.....",Qin Feng was a little confused.

Tianfu Star has been so miserable

"Why!", the Lord of Tianfu Star sighed,"Perhaps it is because our Tianfu Star has not performed very well in these years, it is inevitable that we will be secretly laughed at by other pole stars, so I want to feel proud this time."

"Qin Feng, if you can help Tianfu Star win second place this time, I will give you an extra reward. Can you do it?....."

The Lord of Tianfu Star looked at Qin Feng expectantly

"Forehead? Why not go for first place?"

Tianfu Star Master smiled bitterly:"It's too difficult to win first place!"..

Chapter 608

The Lord of Tianfu Star smiled bitterly:"It's too difficult to win the first place!"

Qin Feng wondered:"Why?"

The Lord of Tianfu Star sighed:"Ziwei Star has occupied the first place for billions of years and has never been shaken. Winning first place, I don't dare to think about it"

"In fact, as long as you can win second place, I will be satisfied. If you can really win the first place, I will double your reward....."

Having said this, Lord Tianfu shook his head slightly.

He thinks it's impossible

"Xingzun, it doesn't matter if you get a reward or not, it's what subordinates should do to strive for a good ranking for Tianfu Xing. It's just that I can't guarantee that I can get the top two, I can only say that I will try my best!

The Tianfu Star Master was overjoyed:"I am very pleased that you can think so!"

"Star Lord, what will be assessed in the ranking of the five pole stars?"

Qin Feng asked another concerned question.

"All previous exams have been about luck and strength! Ziwei Xingzun attaches great importance to luck, and the specific assessment methods are different every year. We won't know until tomorrow"

"However, one thing remains unchanged. In each assessment, only three players can be selected from the five pole stars. We at Tianfu Star are going to arrange for you, Shenze, and Feiming to participate."

Qin Feng nodded slightly to express his understanding.

Tianfu Star Master added:"Each assessment stipulates that Yuanwu cannot be used and can only rely on one's own strength and secret skills. Your Starry Sky Battle Armor and Abiyuantu Dual Swords cannot be used."

Speaking of this, Tianfu Star Master showed worry in his eyes.

Qin Feng has more treasures than others.

If he does not use Yuanwu, Qin Feng's combat power should drop a lot. This is what he is worried about.

Tianfu Star Master does not know, Qin Feng's strength has greatly improved and is far stronger than he imagined.

If we talk about secret skills, including the combination of the five polar stars, the strength of Chu Chu and others has skyrocketed.

Therefore, even if Qin Feng does not use any Yuanwu, his strength is still higher than that of Qin Feng. It was much stronger before.

At this time, the Lord of Tianfu Star continued: "If you don't use Yuanwu, your strength should be comparable to Shenze, but your luck is much stronger than Shenze, so you are our trump card of Tianfu Star."

Qin Feng smiled and said nothing.

Tianfu Star Lord still underestimated him.

Even if he doesn't use any Yuanwu, he can easily defeat Shenze now, and it's easier than last time.

Tianfu Star Lord said again: "In short, you The opponents are those high-grade Dzogchen masters. According to the information obtained so far, both the Jumen Star and the Divine Auxiliary Star have two high-grade Dzogchen Lords, while the Earthly Power Star has only one, just like us. Ziweixing has 4"

"This time, Ziweixing will select the best three from the four top-level Dzogchen Masters to participate in the battle. One of them has a combat power of 250,000 yuan. When you meet him, you must be careful."

"clear!", Qin Feng was a little surprised in his heart.

The combat power of a high-grade Dzogchen Master is 100,000-200,000 Beijing.

That person's combat power is 250,000 Beijing. He is definitely not an ordinary high-grade Dzogchen Master. He is much stronger than Shenzawa.

This The potential of this kind of person must be at the Star Master level, and he is only half a step away from being a Star Master.

"alright! Go back and make more preparations! The assessment is tomorrow!"

"Subordinates resign!"

Qin Feng just left.....

A quarter of an hour later, he returned to his residence.

In the room, he couldn't wait to take out the triple merit golden wheel.

Ziweixing has a player with a combat power of 250,000 yuan. He must improve his strength...

The next second, Qin Feng opened his mouth and swallowed the Golden Wheel of Merit.

"Ding! Devouring the Golden Wheel of Merit (Third Level) Successfully.....The host obtains 600,000 merit points, and the cumulative merit value is 670,000....."

Ha ha!!

So cool!

Swallowing a triple merit golden wheel can actually earn 600,000 merits, which is a huge profit.

Qin Feng was overjoyed

"Ding! Remind the host that it takes 200,000 merits to advance your golden wheel of merit to the ninth level, 400,000 merits to advance to the tenth level, and 800,000 merits to advance to the eleventh level... Do you want to use merits?"

"use!"

"Ding! It took 200,000 merits to succeed. Congratulations to the host. The golden wheel of merits has been promoted to the ninth level....."

"Ding! It cost 400,000 merits to succeed. Congratulations to the host. The golden wheel of merits has been promoted to the tenth level. All attack, defense, speed, etc. have been increased tenfold."

Buzz~!

A clear cry!

The shadow of a golden wheel appeared behind Qin Feng's head, shining brightly...

Ten haloes were looming!

Noble temperament!

Like a god!

"Ding! Congratulations to the host for improving his merits and winning the favor of his luck. His luck has been increased to 31% of the superior red level (reaching 100% is considered a god-level luck).....Combat power is improved....."

"Ding! Congratulations to the host for the improved merit. The flower of the soul will bloom next time and the progress has been increased to 77% (the flower blooms with thirteen petals)...The combat power has been greatly improved....."

"Ding! Congratulations to the host for gaining a lot of merit and power, and the combat power has been increased to 15,000 Beijing....."

"That's great!"

Qin Feng opened his eyes happily, with some unfinished thoughts.

He is now two levels away from the 12th level of the Golden Wheel of Merit, and the flower of the soul has bloomed with 13 petals.

However, it takes 80 to advance to the 11th level of the Golden Wheel of Merit. Ten thousand merits, 1.6 million merits are needed to advance to the twelfth level...

He only has 70,000 merits left in his hand, which is far from enough.

Qin Feng is not worried.

His earth transformation plan is in full swing, and he is receiving a lot of merits every day.

As long as he is not impatient, it is only a matter of time before he is promoted to the twelfth level of the Golden Wheel.

Of course, Qin Feng still wants to be faster.

After all, the chaotic star field is about to open, and the fighting there will not be as gentle as inside the alliance. Mountains of corpses and blood The sea is also common.

Especially among his competitors, there will be half-step star masters and low-level star masters.

Therefore, he must break through to the master level as soon as possible.

Otherwise, how can he complete the super god-level mission?

Master of Yuan Feng and White Tiger , the inheritance of the Lord of Xuanwu, he must get it

"I wonder when I can meet the Ziwei Star Lord?"

Qin Feng muttered in his heart.

He wanted to know other ways to obtain merit.

But at this moment, the communication jade talisman came with a message.

He picked it up and saw that it was from Chu Chu.

It said that there was a new discovery at the resource exchange meeting. , let him go over and have a look.

ThisThe Source Exchange Meeting was organized by the Four Pole Star Laws.

Qin Feng originally wanted to take a look, but was summoned by the Lord of Tianfu Star.

Now that he is free, he just goes over to take a look.

At that moment, he put away the jade charm and left the room..

Chapter 609

At the same time, South Temple Square.

Nearly a thousand players from the four pole stars gathered here to exchange various materials.

The four pole stars have different specialties, and there are not many opportunities to gather together.

Opportunities for this kind of resource exchange are rare.

In the field, many people chose a position with several items suspended in front of them.

Those items are what they want to sell.

There were also some people walking through the crowd, looking around for what they needed.

There were people selling, people watching, and people bargaining, and the atmosphere was very lively.

Of course, there are also many people here who are not idle and wandering around.

After this scene, everyone in the room discovered a problem.

The people in Tianfu Star seem to be very poor!

There are very few people setting up stalls selling goods.

None of the top-grade masters setting up stalls are in use.

Unlike other pole star players, most of the top-level masters who set up stalls to sell goods.

They had many treasures on them, and many of them had no use for themselves, so they sold them.

But instead of setting up stalls, the high-ranking masters of Tianfu Star went to various small vendors to bargain hard, even for a Xingxi Stone.

They are stingy, one is more ruthless than the other, they all look like poor ghosts.

The players from the three pole stars were shocked to see it.

If they hadn't seen it with their own eyes, they wouldn't have believed that a high-ranking ruler could be so stingy.

Naturally, they didn't know that Qin Feng had tricked Qin Feng into being stingy when the top-grade ruler of Tianfu Star became stingy.

At the moment, many players are communicating secretly

"What's going on with the top-grade ruler of Tianfu Star? Why are one stingy than the other? It's too cheap!"

"yes! If they weren't all top-grade masters, I would have thought they were all poor people and almost drove them away!"

"Why! Tianfu Star is a little embarrassed this time! All they had to do was find someone from the later stage of the God Emperor to make up the numbers. Even these top-level masters are so poor that they really can't get on the stage!"

"I'm afraid that this time, Tianfu Star can't even compare to Earth Quan Star, and will be ranked last in tomorrow's ranking competition!"

For a time, there were various voices in the crowd. All kinds of schadenfreude could be heard.

Vaguely, the Tianfu Star players were actually isolated.

Many Tianfu Star players were aware of it.

At this time, there was another message in the crowd.

"Everyone, although Tianfu Star performed poorly, they also have an advantage!"

"What are the advantages?"

"It is this pole star that produces beauties! look! That must be the famous Lord of Tianfu's stunning purple star!"

"yes! This woman is so beautiful that it is beyond words. Not only her, but also several others from Tianfu Star, such as the Phoenix Emperor, Yu Qilin, Chu Chu... are not under the Purple Star."

As soon as these words came out, there was a commotion in the square.

Everyone looked around and saw two figures walking into the square.

Walking in the front was a middle-aged man with long hair braided and placed casually behind him, with a calm demeanor. Hidden majesty.

Everyone recognized him at a glance. He was the Grave Sheep Master, one of the two top masters of Jumen Star. He was extremely powerful.

Next to the Grave Sheep Master, there was also a young man in black.

The young man had short hair. , has an ordinary appearance, but an extremely arrogant expression.

His aura is very powerful, and he has reached the late stage of high-grade domination.

He is the seventh master among the players of the Divine Auxiliary Star - the witch dolphin dominator

"The Lord of the Grave Sheep and the Lord of the Witch Dolphin are here!"

The crowd murmured.

Many people showed awe.

The strength of these two guys is at the top of the crowd and cannot be easily provoked.

At this moment, Grave Sheep proudly scanned the audience.

He came to hunt for some treasures.

But the Witch Dolphin did. He had another purpose. As soon as he entered the square, he searched everywhere.

Soon, his eyes locked on the purple star in the square, and he walked over with excitement.

"Sister Zixing, long time no see!", the witch dolphin greeted affectionately

"It's you!" Zixing was a little surprised.

Immediately, she said coldly: "Witch Dolphin, I'm not familiar with you, please respect yourself! Please don't call me sister!"

These words did not give him face at all.

The people around him were startled and looked over curiously one by one.

Wu Dou felt embarrassed.

He has always been arrogant and conceited, and few people would not give him face like this.

However, he was not angry either.

Zi What kind of temper Xing has, he has already experienced it before

"Miss Zixing, I haven't seen you for so many years, but your temper still hasn't changed!"

Wu Dou sounded like they were familiar with each other.

People around him murmured curiously.

"Are the Witch Dolphin Master and the Purple Star Master familiar?"

"hehe! What you don't know is that the Lord of the Witch Dolphin once visited the Tianfu Star and accidentally met the Lord of the Purple Star. He was astonished. At that time, he was crazy about pursuing the Purple Star Master, but unfortunately he was rejected."

"That's it! Then this Purple Star Master's vision is too high! The Witch Dolphin Master is extremely good. He is a top-grade dominator in the late stage, ranking seventh among the Divine Auxiliary Star players!"

"Yes! However, when the Witch Dolphin Master pursued the Purple Star, his cultivation was only at the early stage of the upper level. Now that he has broken through to the late stage in such a short

period of time, it is enough to prove his extraordinary talent. Purple Star should look at it differently"

"That's right! Maybe the two of them can make it this time. If so, it's really a good story about a talented man and a beautiful woman!"

Many people looked like they were watching a show.

Even the grave sheep stopped and watched with a smile.

Wu Dolphin is his adopted brother.

He knew that Wu Dolphin was interested in Zi Xing.

This guy mentioned it many times in front of him.

This time, the two met again.

He also hoped that the two of them could make it.

At this moment, a lot of talk spread.

More and more people were watching the show.

But the talk changed when it reached the ears of the Tianfu players.

Those Tianfu players all looked at Wu Dolphin with strange expressions, and actually became a little sympathetic.

This guy dared to take advantage of Emperor Qin's woman, wasn't he seeking death?

At this moment, Zi Xing was already impatient:"What's my temper? No need to You care! go away!"

"Forehead...",The witch dolphin is depressed.

However, he finally saw Zi Xing again and was really willing to give up.

At the moment, he asked confusedly:"Zixing, you understand Wu's intention. I don't understand. What is wrong with me that you can't look down on me like this?"

"Ah! I don't like anything about you. And you are quite thick-skinned. I've told you, I'm not familiar with you, please go away! Don't get close to me!"

Zixing was a little impatient.

She was worried that Qin Feng would misunderstand when he came, and she was scared to death.

Women only care about the feelings of their beloved men.

They sneered at such indifferent people.

The witch dolphin was petrified.

In the past, Zixing was also very Annoying him.

At that time, he thought he was not good enough.

Now, his strength has improved greatly, and he has been praised by his colleagues, and even many female cultivators took the initiative to show their kindness. He gradually felt that he was good enough.

He thought that as long as he saw Purple Star again.

This woman He will definitely marvel at his own potential, and then be impressed by his own excellence, and finally accept his pursuit.

But the reality is different from what he thought.

Purple Star's attitude towards him is even worse than before.

Let alone pursuit now, he It was even difficult to get close. For a while, the spectators all around looked at Wu Dou.

The atmosphere in the venue was very awkward.

Wu Dou was in a dilemma, and he was also a little angry.

If he retreated in public like this, he would probably become the laughing stock of the Five Pole Stars..

Hey~!

Not far away, the Grave Sheep sighed.

The next second, he dodged and reached the side of the Witch Dolphin.

"Miss Zixing, my sworn brother's potential is not as good as mine. I'm afraid you Tianfu stars won't be able to find anyone who can compare with him. But Miss Zixing doesn't like it. Isn't it too high-minded?"

The Grave Sheep actually defended the Witch Dolphin.

The onlookers around were moved.

Even the Master of the Grave Sheep came forward!

This is surprising.

Purple Star was speechless.

Does it matter whether she has high standards or not?

Tianfu Star player Everyone frowned, and the boss was unhappy.

What does this grave sheep mean?

This Wu Dolphin is also the seventh master of Shenfu Star.

This guy actually said that few people in Tianfu Star can compare to Wu Dolphin.

Isn't that a mockery of Tianfu Star? No talent!

Speaking of which, this Divine Auxiliary Star is only ranked third, not much better than Tianfu Star.

What's more, Tianfu Star is different this time. They have a powerful trump card, that is Lord Qin Emperor.

Lord Qin Emperor is here!

There are two top-grade masters of Dzogchen who are equal to Tianfu Star, and they are not inferior to Shenfu Star.

At this moment, a figure came through the air and stood next to Purple Star. It turned out to be Shen Ze.

What Grave Sheep said just now, It pissed him off.

This guy really thought that there was no one in heaven!

"hehe! Grave Sheep, you are interesting. Who Girl Zixing likes is her own business. Whether her vision is high or low is none of your business!"

Shenze attacked directly without any mercy.

Grave Sheep frowned and looked at Shenze like a sword, with murderous intent instantly in his eyes.

He did not expect that Shenze would come forward.

To be honest, in his heart, He just looked down on people from Tianfu Star.

But this Shenze was also a high-grade Dzogchen Master, and he was wary of it.

At this moment, the two top-grade Dzogchen Masters were inexplicably facing each other.

Even the players from Shenfu Star and Tianfu Star did not know A confrontation broke out unconsciously.

The atmosphere in the field suddenly became tense.

Players from Jumen Star and Diquan Star were sandwiched in the middle, and they all felt that the atmosphere in the field was a little solid.

To be honest, the people in Tianfu Star were a little nervous.

They were worried about the gods. Ze is no match for Grave Sheep.

The combat power of Grave Sheep is 140,000 Jing, while Shen Ze only has 120,000 Jing, which is still a little bit behind. It would be great if Emperor Qin came!

Just after this thought came up, there was a space fluctuation in the field.

A figure appeared above everyone..

Chapter 610

Everyone was startled and looked up.

The person who came was a strong man with an unruly temperament, black hair, extraordinary prowess, and his fighting strength was even higher than that of a grave sheep.

Everyone was moved when they saw him.

Even Grave Sheep and Shenze looked in awe.

The person who came was none other than the most powerful among the giant star players - the Xiongzhao Master. His cultivation was at the pinnacle of the Great Perfection of the High-grade Master, and his combat power reached 200,000 Beijing.

Jumenxing ranks second among the five pole stars.

This person is also the most powerful person in Jumen Star, and he is extremely powerful.

It is rumored that he can be ranked in the top three among all the five pole stars.

"You two, please be patient!"

Xiong Zhao smiled and greeted Grave Sheep and Shenzawa.

He came out to be the peacemaker.

He called for this resource conference.

If the two forces fight here, the conference will inevitably fail, and it will lose his face. His prestige and credibility will be affected.

Therefore, Xiongzhao does not want a dispute between the two parties

"I've seen Brother Xiongzhao!"

Feng Yang and Shen Ze said hello one after another.

Both of them were extremely afraid of Xiong Zhao.

"Brother Xiongzhao, you have to comment! Feng Mou just told some truths. This Shenze is talking harshly, what do you think should be done?"

The evil one in Grave Sheep complained first.

People in Tianfu Star rolled their eyes one after another.

Xiongzhao also frowned slightly.

He had seen the whole process secretly.

This matter really cannot be said to be Shenzawa's problem.

"Brother Fengyang, I also understand the process. The relationship between a man and a woman is about mutual joy, and it is inconvenient for others to interfere. This matter still depends on the intentions of Miss Zixing and Wu Dou!"

What Xiongzhao said is fair.

Fengyang is a person who helps relatives but does not care, and has no sense of right and wrong.

He said a little harshly: "Brother Xiongzhao, don't you think Miss Zixing has too high a vision? Is my brother not good enough for her? Xiongzhao smiled:"

Grave Sheep, whether she has high standards or not is her own business. We outsiders should not interfere." Witch Dolphin, what do you think? Wu

Dou didn't dare to neglect:"Brother Xiongzhao, I don't mean to force you. I just want to ask Miss Zixing a few words, and then I'll leave!"

At this point, he looked at Zixing:"Zixing, I really don't have any chance.?"

"No! You don't stand a chance! Please stay away from me in the future!"

Zixing has already had enough of him.

Wu Dou is too embarrassed to say anything.

In front of more than a thousand people, being rejected so ruthlessly by Zixing can be described as a loss of face.

"Can you tell me why? Am I not good enough?"

Wood Dolphin is still a little unwilling.

People around him frowned.

This guy is a little disgusting.

Even Zi Xing rejected it so obviously, but he still insists on insisting on it. He shouldn't.

"Are you deaf? Sister Zixing said it so clearly, you still haven't understood? Please stay away from Sister Zixing from now on!"

Yu Qilin came over angrily.

As soon as she appeared, everyone's eyes lit up and they were very surprised.

This woman is so beautiful, with a pure and pure temperament. Her beauty and purple star have their own characteristics, and she is so beautiful even when she is angry.

The witch dolphin saw it for the first time. When he arrived at Yu Qilin, he was stunned for a moment.

It turned out that there was more than one woman as beautiful as Purple Star in the world!

However, he could hear that Yu Qilin also looked down on him.

This made him very frustrated!

"Purple Star, my sworn brother is so good, but you refuse him! You will regret it later!"

Grave Sheep sneered, then turned to look at Wu Dou

"Witch Dolphin, let's go! This woman's eyes are higher than her head, by her standards. I'm afraid I'll never find a man!", Grave Sheep comforted him.

But as soon as he finished speaking, Shenzawa couldn't listen anymore.

"Grave sheep! You are so self-righteous! Miss Zixing already had a loved one. The reason why she refused is because she really doesn't like your adopted brother!"

Shenzawa looked sarcastic.

As soon as those words came out, the whole place was in a state of shock.

The Lord of Purple Star actually had a beloved man!

The witch dolphin was shaken all over as if struck by lightning.

He looked at Purple Star with a bitter look on his face.

"No wonder you keep rejecting me! It turns out you already have a sweetheart. Is your sweetheart better than me?"

Zixing said angrily: "That's right! He is so much better than you. Besides, whether he is excellent or not, what does it have to do with you?"

"Ah! I'm just asking. In this case, Wu will not bother you again!"

The boss in Wu Dou's heart was unconvinced.

But now it's a done deal, and he has no choice.

People around him started talking curiously.

"It turns out that the Purple Star Lord already has a man!"

"Don't know who her man is? I guess it must be excellent!"

"It should be excellent! Otherwise, she would not refuse the witch dolphin master"

"Having said that, the Witch Dolphin Master is also an extremely talented person. Let's make it into the top 50 among the five pole star players!"

Just after saying this, there was another commotion at the entrance of the square.

Everyone followed the sound and saw a young man in white walking in.

The young man was extremely handsome, noble and dazzling.

As soon as he entered, he attracted the attention of countless people

"Lord Qin Huang is here!"

Everyone in Tianfu Star opened their eyes with excitement.

"It's him!"

"That late God Emperor!"

"He has the lowest cultivation level among the contestants in this session."

There was a commotion in the crowd.

Unknowingly, Qin Feng became famous among the other three pole star players.

But this reputation was not very good, and everyone looked down upon him.

Both Grave Sheep and Wu Dolphin looked at Qin lightly. Feng took one look at it and was too lazy to pay attention to it.

In their opinion, Qin Feng had no advantages except being handsome.

But at this moment, when Zixing saw Qin Feng, it was like seeing a savior.

"Qin Feng!"

She greeted him happily.

This scene made the three pole star players a little stunned.

The next second, Zixing arrived in front of Qin Feng and said something in Qin Feng's ear.

Just when people were guessing that the two of them were What's the matter?

Qin Feng hugged Zi Xing's slender waist affectionately and looked at the witch dolphin intentionally or unintentionally.

This witch dolphin dared to pester his own woman, which meant that he had violated his forbidden area and was simply seeking death.

The corner of Qin Feng's mouth Qiao, deliberately held Zixing in his arms.

Even a fool can understand this scene.

The whole place was in an uproar!

Oh My God!

The man dominated by Purple Star turned out to be only a late-stage God Emperor.

The players from the three pole stars were dumbfounded.

The witch dolphin was even more confused!

After doing this for a long time, he was actually robbed of his woman by a little god emperor!

This shocked him and made him extremely angry.

Am I not as good as a god emperor?

What a vision this woman has!

Damn it!

The witch dolphin cannot accept it and cannot understand it.

Not only him, but other onlookers couldn't understand either.

Only the Tianfu Star players knew the truth, but remained silent.

"Ha ha!! Purple Star, I thought you had such high vision! It turns out that the man you chose is just a god emperor. Your vision is nothing more than that!"

The witch dolphin couldn't help but taunt

"What do you know? Qin Feng is better than you in every aspect?"

"Yeah? Why didn't I see it? What do you think!"

Zixing said disdainfully: "Much more handsome than you!"

Witch Dolphin: "....."

This time, Wu Dou was speechless.

Qin Feng is indeed much more handsome than him.

But in this world, isn't strength respected?

Can handsome people be used as food?

Wu Dou secretly scolded Zi Xing for being superficial.

But at this moment, Yu Qilin also walked over.

Qin Feng also hugged Yu Qilin's thin waist affectionately.

Just like that, hugging each other, one in each hand, enjoying the blessings of everyone.

Everyone around was dumbfounded.

What's going on?

Isn't that Emperor Qin a man from Purple Star?

Why did he hold Yu Qilin in his arms again?

What's even weirder is that he did it in front of Zi Xing.

And Zi Xing was not angry at all.

The witch dolphin was a little confused.

After a while, he opened his mouth: "Aren't you a man from Zixing? Why are you holding other women?"

Qin Feng frowned: "What does it have to do with you?!"

"Sister Yu'er is also Qin Feng's woman, why can't he hold her?"

Zixing was angry and felt that this guy had too much trouble.

But as soon as she finished her words, the whole place was in an uproar again. Oh my God!

This Qin Emperor is so powerful!

He is a god emperor who actually has two female masters as companions.

They are all stunning!

In such a situation, even a low-level star master may not be able to do it.

How did he, a god emperor, do it?

At this thought, everyone looked at Qin Feng with admiration.

Even Xiongzhao and Fen The sheep's expressions were moved, and there was envy in the depths of their eyes.

The wizard's mouth opened wide. The woman he couldn't pursue was willing to serve the little god emperors with other women. This was simply an insult to him! Could it be!

He couldn't compare to such a little god emperor?

At this moment, he became angry with shame and had boundless jealousy and hatred for Qin Feng.

The appearance of Qin Feng was his shame.

But at this moment, another beautiful figure walked out came over.

The person who came was none other than Feng Di.

Feng Di was even more beautiful than Purple Star and Jade Qilin.

Her appearance shocked everyone.

"Husband, Chuchu and I have been waiting for you for so long, why did you come?"

Feng Emperor looked at Qin Feng leisurely.

Her words made the whole audience dumbfounded.

What? Husband?!

Damn~!

This Feng Emperor is also the Qin Emperor.woman.

At this time, even Xiong Zhao and Grave Sheep were stunned.

Look at Qin Feng one by one!

Astonishing!

How on earth did this guy do it?

This is too awesome!

At the same time, Qin Feng heard the message from Emperor Feng.

"Qin Feng, there is a treasure over there that will be of great use to you. Chuchu and Baobao are bargaining!"

Qin Feng's eyes lit up:"Let's go! Let's go!"

At this moment, the four people ignored everyone's surprised looks and walked straight to the innermost corner of the square..
