

God level 61

Chapter 61

As soon as he appeared, Qin Feng smiled and took out the Emperor's liquid (fire) and drank it all in one gulp.

It takes about a week for others to refine this emperor's ooze (fire).

But he has god-level devouring, and it only takes a few minutes to refine it all.

The spiritual liquid entrance is swallowing and rotating.

Warm energy spread throughout his body. Qin Feng felt extremely comfortable and couldn't help but close his eyes.

"Ding! Devouring Emperor Ooze (Fire) Successful....."

"Ding! Fire element cultivation increased by +10%..."

"Ding! Fire element cultivation increased by +10%..."

"Ding!....."

"Ding! The fire element cultivation has broken through to the extreme of one-star perfection!"

This Emperor's Liquid (fire) is so powerful! (The absorption of Emperor's Liquid is not affected by talent)

In just a few minutes, his fire element reached the ultimate level of one-star perfection.

But all this is not over.

"Ding! Successfully absorbed the energy of the Emperor's Ooze, and completed the second star pattern condensation +10%..."

"Ding! Successfully absorbed the energy of the Emperor's Ooze, and completed the second star pattern condensation +10%..."

"Ding!.....Second star pattern completion level 53%...."

This emperor's liquid can not only improve your cultivation, but also assist in condensing star patterns. It's so cool!

Qin Feng opened his eyes with joy.

He was very satisfied with the harvest.

Now, the fire element is complete and there is no need to worry about it anymore.

In the future, he only needs to condense the second star pattern to break through to the second star fire elemental master.

This is a painful process of meditation, and the length of time it takes is related to your cultivation talent.

However, Qin Feng is not in a hurry to break through the second star.

The next second, Qin Feng took out the Vulcan Fruit and ate it directly.

For other people, it would take three to five days to refine this magical fruit.

But Qin Feng has a god-level devouring ability and can refine it in a few minutes.

So, he couldn't wait to devour it.

Converting gains into strength as soon as possible is the best way to preserve the results.

The divine fruit enters the mouth, the fragrance overflows, and the swallowing starts automatically.....

Another burst of hot energy flows through all the limbs and bones.....

"Ding! Successfully swallowed the Vulcan Fruit, and the fire qualifications are being strengthened."

"Ding! Congratulations to the host, the fire talent has been upgraded to a good level!"

The fire element talent has been successfully upgraded to a good level.

Only one good level can be produced in 100,000 people, and it is rare in the entire Yunyang City.

Qin Feng was secretly happy and began to devour the Ice God Fruit again.

"Ding! Successfully swallowed the Ice God Fruit, and the fire qualifications are being strengthened."

"Ding! Congratulations to the host, your ice talent has been upgraded to peerless level!"

Qin Feng called up the training template.

Practitioner: Qin

Feng Wind realm (peerless): Mid-level one star (83%)

Thunder realm (peerless): Quasi-elemental master (divine seal completion 89%)

Ice realm (peerless)): Quasi-elemental master (Divine Seal Completion Degree 92%)

Fire Realm (Good): One-Star Great Perfection (Second Star Pattern 53%)

Talent Skill: God-level Devouring

Combat Skill: Violent Blow

Auxiliary Skill: Ice Invisibility Technique

Combat power index: 4000 points

After reading the information, Qin Feng was very satisfied. His talent in the ice system has also reached peerless level.

In this way, he only needs to practice for one day to break through to one star in both the thunder system and the ice system at the same time.

His strength will skyrocket again.

This time, the harvest is huge.

Speaking of which, he also wants to thank the Lin family.

Thinking of the Lin family, Qin Feng thought of Chu Chu.

He also had an Ice God Fruit in his hand, and he gave it to the little girl to eat when he returned.

In this way, the little girl will have the opportunity to become an elemental master.

Qin Feng was very happy.

He was very happy that his sister could become an elemental master.

At this moment, footsteps and conversations came from the distance.

Zhou Changtong and Lin Zhongyue started again. Returned.

Qin Feng was about to leave.

He suddenly rolled his eyes and seemed to think of something. He took out the Ice God Fruit from the ring, put it into his own ring, and then fell to the ground and pretended to be dead.

The rings of Zhou Changtong and Lin Zhongyue , he did some tricks, and then deliberately scattered them aside.

Now his strength has greatly increased, and his courage has also increased.

It didn't take long for footsteps to be heard in the field.

"Huh! Zhou Changtong, look! That guy is here!" Lin Zhongyue saw Qin Feng at a glance.

Zhou Changtong's eyes also lit up.

The two looked at each other and approached cautiously.

They were surprised, didn't this guy escape?

Why did he run back to his original position and still lie like this? There was no movement on the ground.

Could it be that this guy was seriously injured and fell into a coma? Or was he dead?

Both of them were a little confused.

After a moment, the two of them cautiously walked to Qin Feng.

Lin Zhongyue quietly drew out his long sword.

Zhou Changtong also secretly He took out the divine fire stick.

The two looked at each other and understood in their hearts.

They were going to attack together and kill Qin Feng to pieces, no matter whether Qin Feng in front of him was dead or alive.

Hey! Ring!

At this time, the two of them saw the scattered objects at the same time. They all recognized the ring.

Isn't this their ring!

Lin Zhongyue quickly turned around and asked with his eyes whether to pick up the ring first or kill Qin Feng to pieces first?

Zhou Changtong signaled to kill first!

At that moment, the two reached an agreement Opinion, he struck at Qin Feng at the same time.

Lin Zhongyue slashed Qin Feng's neck with his sword.

He wanted to chop off the masked man's head!

Zhou Changtong also struck at the same time, and the stick hit Qin Feng fiercely!

Hey! Not good!

Suddenly, Lin Zhongyue's face turned big. He suddenly turned around.

He saw that Zhou Changtong's stick was not hitting Qin Feng at all, but hitting him.

"Zhou Changtong, what are you doing?!" Lin Zhongyue was furious and quickly blocked it with his sword, with some disdain in his eyes.

In any case, he is also a mid-level three-star powerhouse.

This Zhou Changtong is only at the peak of the early stage.

Dang~!

That stick knocked the long sword away and hit it directly. Lin Zhongyue's brain collapsed.

Lin Zhongyue's eyes widened in horror, and he slowly fell backwards.

His eyes were full of disbelief.

"Jie! Jie! Boy, get up! How long are you going to pretend to be dead?"

Zhou Changtong babbled and laughed strangely.

At the same time, his body was slowly growing bigger and hair was growing on his face.

Chapter 62

"Jie! Jie! Boy, get up! How long are you going to pretend to be dead?"

Zhou Changtong babbled and laughed strangely.

At the same time, his body was slowly growing bigger, and hair was growing on his face.

In a blink of an eye, he turned into a two-meter-tall giant man with a face covered with hair and muscles. His appearance is weird and ugly.

But his momentum has reached the late three-star stage.

This guy really hides his strength.

The combat power threshold for the late three-star stage is 8,000 points, which is exactly twice that of Qin Feng

"Why~! "

A sigh.

Qin Feng opened his eyes helplessly, looking a little weak.

It was obvious that he had not recovered from a serious injury.

This was naturally disguised by Qin Feng

"How do you know I'm pretending to be dead?", Qin Feng tentatively said

"hey-hey! The smell of the dead and the living are different," Zhou Changtong said with a proud look on his face

"hehe!" Qin Feng glanced at Zhou Changtong and said, "Your nose is quite sensitive!"

"Very disappointed? Zhou Changtong smiled playfully, "Are you seriously injured and unable to escape, so you just want to pretend to be dead and escape?" Boy, you are still too young!"

"Hey~! I was discovered by you!", Qin Feng pretended to sigh.

Zhou Changtong was even more proud: "Boy, I killed Lin Zhongyue, aren't you curious?"

"I had already guessed it!", Qin Feng suddenly smiled, "You are not Zhou Changtong!"

As soon as these words came out, Zhou Changtong was shocked.

His pupils shrank sharply: "Boy, what are you talking about??"

"The real Zhou Changtong is only a first-level earl of Bingyue City. In other words, he is only a three-star early stage powerhouse. But Jianhao Lin is a four-star expert....", Qin Feng paused

"so what?", Zhou Changtong was a little puzzled.

"If Lin Jianhao was not delayed, it should be Lin Jianhao who should come today, right? This is also what you agreed on"

"good!"

"Why do you, a three-star player, trade with four-star experts in your early days? Aren't you afraid that Lin Jianhao will kill you? Just like you killed Lin Zhongyue. So, you must have something to rely on.", Qin Feng slowly analyzed.

He had noticed this doubt from the beginning, but never figured it out.

Just now, he pretended to die just to find the truth.

He wanted to see what happened when the baby could be found again. What would Zhou Changtong do?

Unexpectedly, he actually killed Lin Zhongyue.

This further proved Qin Feng's guess.

This guy must have a secret.

Sure enough, Zhou Changtong took a deep breath, and his eyes turned cold when he looked at Qin Feng.

"You are a smart man! Zhou Changtong quietly held the fire stick and said,"But smart people don't live long." Qin

Feng smiled bitterly:"I am seriously injured like this, how can I live longer?"

"Hey~! In fact, I just want to know the truth before I die, so that I can die in peace."Qin Feng had a look of despair on his face.

Hearing this, Zhou Changtong breathed a sigh of relief.

That's right. This guy was injured so badly. What did he have to worry about?

He didn't believe that Qin Feng was injured. Such a serious injury could still escape the palm of his hand. It would have taken ten and a half months for anyone to recover from such a serious injury.

After relaxing, Zhou Changtong showed a proud look on his face again:"Your curiosity The heart is too heavy! But how did you guess that I wasn't Zhou Changtong?"

Regarding this point, he was very confused and admired Qin Feng.

This guy was so smart that he guessed it right.

Qin Feng smiled mysteriously:"The key to the problem lies in the weapon in your hand!"

"You mean this divine fire stick?", Zhou Changtong was stunned.

He had had this divine fire stick for a while.

But why didn't he see the clue?

However, this divine fire stick did belong to the original Zhou Changtong.

"good! that's it!"Qin Feng's eyes were very determined.

"Tell me, what is the secret hidden on this divine fire stick?", Zhou Changtong's curiosity was completely aroused.

"Very simple! You put it into the ground first.....", Qin Feng explained seriously.

Zhou Changtong hesitated for a moment, then inserted the divine fire stick next to him

"Then what?"

"Then release your hands! Step back two meters and use the fire element force to sense again, and you will discover an extremely magical thing....."

"Yeah?" Zhou Changtong was doubtful,"Why do I think you are talking nonsense?"

Qin Feng sighed:"Hey~! I am a seriously injured person who is about to die. Do I need to talk nonsense?!"

When Zhou Changtong heard this, he thought it made sense.

But he still asked:"Why do you know so much?"

Qin Feng sighed:"This has something to do with my identity. After a while, I will take off the mask and tell you my true identity, and you will know what is going on."

This was very sincere.

Zhou Changtong believed it.

He let go of the divine fire stick, stepped back two meters, and began to try to sense.

But at this moment, a sudden change occurred.

Qin Feng made a 'swish' sound and jumped on the ground. He got up and grabbed the two rings on the ground.

He looked so full of life, not even the slightest bit seriously injured!

"Damn it!"

Zhou Changtong exclaimed.

He knew he had been fooled.

He quickly stood up and grabbed the ring.

Those two rings were the focus.

They were full of valuable treasures!

At this moment, Zhou Changtong wanted to bang his head against the wall.

How could he be so careless? ?

Why didn't you put away the ring first?

But at this moment, Qin Feng made a mistake and rushed towards the divine fire stick instead of grabbing the ring.

Zhou Changtong was overjoyed, is this guy a fool?

The treasure in this ring is better than the divine fire stick The stick was much more valuable.

He didn't even grab it!

Whoa~! Whoa~!

Lights and shadows flashed!

Qin Feng had the Wind Shadow Boots and was extremely fast.

In the blink of an eye, he grabbed the divine fire stick and took Lin Zhongyue's body into it as well.
Storage rings.

There are storage rings on this corpse, and there must be many treasures inside.

At the same time, Zhou Changtong's hand was also close to two storage rings.

But at this moment, Qin Feng casually pulled out the two storage rings. The ring disappeared with a swish.

Zhou Changtong immediately threw it away.

He quickly turned around and saw Qin Feng smiling at him.

The two rings had already arrived in Qin Feng's hands.

It turned out that the two rings had been tampered with by Qin Feng. They were all tied with transparent fishing lines, which could not be seen at all in the dark night.

Just when Zhou Changtong was about to catch them, Qin Feng pulled them back in time.

"You lied to me!"

Zhou Changtong was extremely angry and punched directly.

Whoa~!

The sword flashed!

The blood and bone sword appeared!

Skill - violent blow!

Boom~!

A shocking loud noise!

Within a few hundred meters, the mountain shook.

Qin Feng was punched The explosion forced him to step back dozens of steps before he regained his balance.

But he was not injured.

Zhou Changtong also took seven or eight steps back.

He was completely stunned!

What is going on?

Not only was this guy fully recovered from his injuries, but he also His strength has greatly increased!

What's even more depressing is that his weapon was cheated, which means he became a toothless tiger.

"Ha ha!! Brother Zhou, thank you very much!"

Qin Feng laughed heartily. The harvest this time was so amazing.

As soon as he finished speaking, he dodged towards the jungle.

This Zhou Changtong is a late three-star powerhouse.

Even if he has no weapons, he is stronger than Qin Feng

"Dog thief! Stop leaving!"

Zhou Zhang was so breathless that he hurriedly chased after him.

How could he just let it go?

Qin Feng's wind shadow boots flashed with inspiration, doubling his speed.

At the same time, he used the ice concealment technique and quickly blended into the air.

Zhou Changtong said this Just when he caught up, he found that Qin Feng's aura disappeared and the target was gone.

Ah~! Ah~! Ah~!!

Liar! You big liar!!!

Zhou Zhangdong's face turned red with anger!

He almost went crazy..

This time, not only was his treasure robbed, but also the weapons he used to eat were deceived.

What should he do? He couldn't find the target! What should he do?

He was angry and anxious!

By the way, the smell!

At this moment, he could no longer find the target. He didn't care about hiding it anymore.

An extremely terrifying aura emanated from him..

Chapter 63

At this moment, Zhou Changtong could no longer care about hiding.

An extremely terrifying aura emanated from him.

Qin Feng, who was escaping, sensed it, turned around quickly, and saw a terrifying scene.

Zhou Changtong's body was seen to be swollen, and the skin all over his body was cracked.

Finally, a piece of human skin fell off his body.

Zhou Changtong turned into a three-meter-tall monster with black hair all over his body and blood-red eyes.

His aura has also reached the ultimate level of three-star perfection, which is half-step to four-stars.

Is this guy a human or a monster?

Qin Feng was shocked.

Zhou Changtong's aura was both human and demonic, very weird.

After this transformation was completed, he sniffed the air around him vigorously.

It seems that in this state, his sense of smell is particularly sensitive.

Sure enough, he turned his head, looked in the direction of Qin Feng, and rushed over excitedly.

He smelled Qin Feng's scent.

Even if he couldn't see Qin Feng, he could smell the scent and still find Qin Feng's location. not good!

Qin Feng's face changed slightly, turned around and ran away.

But Zhou Changtong's speed was extremely fast, and he was infinitely close to the four-star elemental master.

Even with the help of Fengying Boots, Qin Feng was still slower than him.

The distance between the two is getting closer and closer.

Qin Feng was worried.

He is no match for a half-step four-star. If he is caught up, he will be dead.

"Despicable liar! You can't escape!", Zhou Changtong roared.

His nose kept sniffing the air, locking Qin Feng's range.

This scene happened to be seen by Qin Feng.

Qin Feng's eyes suddenly lit up, as if he thought of something, he turned to the left He ran away in that direction.

He heard the sound of water in that direction.

There should be a stream there.

Just like that, Qin Feng ran away desperately.

Zhou Changtong chased after him.

The distance between the two sides was getting closer and closer.

Ninety meters...eighty meters...seven Ten meters...

In the blink of an eye, the distance between the two sides was only twenty meters.

At this moment, Qin Feng finally saw the stream in front of him.

He was overjoyed and rushed over

"fraud! Go to hell!"

At this time, a fire dragon flew out of Zhou Changtong's palm, roaring and blasting towards Qin Feng in front.

Possessed by the god-level fighter, Qin Feng made a wrong step and easily avoided the blow while moving at high speed. At the same time, a leap body, and got into the stream.

Plop~!

The stream splashed!

Not good!

Zhou Changtong's expression changed drastically, and he blasted at the place where Qin Feng fell into the water. For a moment, the rocks broke apart and the stream stopped.

A large area of the stream was evaporated by the flames. Water mist.

But after a violent attack, the surroundings returned to calm.

There was no shadow of Qin Feng in the field.

This time, he couldn't even smell Qin Feng's scent.

"Damn it! Damn it!! how so?"

Zhou Changtong roared.

His face became extremely ugly.

Then, he stared at the direction of the stream, with a ruthless expression in his eyes.

The kid must have escaped along the direction of the stream.

This water has the effect of isolating the smell, so that He could no longer trace it by scent.

That kid was so cunning! His liver ached from being ventilated.

At the same time, he felt that he was too stupid.

Not only did he get nothing from this transaction, but he also gave away all his belongings. Get in.

No!

He can't let it go like this.

Ouch~~!!

Zhou Changtong suddenly looked up to the sky and roared like a monster. In the quiet night, the roar echoed in the mountains, making it extremely loud.

After a moment, the entire The demonic beasts and ferocious beasts in the Luohua Mountains roared, as if in response to Zhou Changtong.

The roars came one after another, and the entire mountain range was trembling. The momentum was extremely shocking.

Zhou Changtong roared several times in succession.

Then, a large group of demonic beasts and ferocious beasts, They all rushed over and started investigating along the stream.

They actually listened to Zhou Changtong's instructions.

In this way, hundreds of monsters and ferocious beasts were searching the stream.

In the blink of an eye, two hours passed.

Zhou Changtong found nothing.

He The whole person was stunned, staring at the river blankly, not knowing what to do.

After a while, he sighed deeply.

He couldn't stay in Luohua Mountain anymore.

This time, he exposed his true identity.

He must escape as soon as possible..

When he thought of the organization called"Hun", he was so frightened that he trembled all over.

It was extreme fear.

It was fear from the depths of his soul.

It was that organization that turned him into a monster that was neither human nor demon.

He finally escaped and didn't want to be captured again.

The people in that organization were all extremely powerful and extremely perverted.

They had been doing many ulterior things, even against human nature.

As soon as he turned around, Zhou Changtong Escaped into the night and escaped quietly.

At the same time, in a river dozens of miles away from Luohua Mountain,

Qin Feng walked out of the river.

Finally escaped!

Qin Feng smiled and looked in the direction of Luohua Mountain.

In the dark night, the mountains in the distance were like a giant beast lying between heaven and earth, very quiet.

It no longer posed a threat to him.

Qin Feng thought, and the power of fire spread all over his body, and his wet clothes steamed instantly Fuck.

It's like I just took a shower, and I feel a little comfortable.

How strange! What is that Zhou Changtong?

It looks like a human and a monster!

Qin Feng felt a little confused when he recalled Zhou Changtong's appearance.

Generally speaking, Samsung Monsters have some intelligence, but not high.

Only when they reach six stars, monsters have very high intelligence and can speak human language.

Some six-star monsters can even semi-transform.

Completely transformed, then That's eight stars or above.

Each of those existences is extremely terrifying, and can even destroy a base city with one palm.

But Zhou Changtong's characteristics are obviously inconsistent with those of monsters.

He also has many human characteristics.

Forget it.!

If you can't figure it out, don't think about it. Let's talk about it later! Qin Feng didn't bother to think about it. Before, he said that Zhou Changtong was not who he was, and he made a blind guess based on intuition.

Telling lies with open eyes is what he is good at.

Unexpectedly, he was deceived by him That's right.

He vaguely discovered a great secret.

Obviously, the world behind it is more exciting than he imagined.

After leaving the river, Qin Feng did not rush back to Yunyang City.

It is now more than three o'clock in the night.

It is very dangerous to drive in the wild at night.

Monsters are better at fighting in the dark than humans.

A quarter of an hour later, Qin Feng found a hiding place.

It was a dilapidated bungalow.

Inside the room, Qin Feng took out a wind demon core with excitement on his face.

That was obtained from Lin Zhongyue's storage ring.

Previously, Lin Zhongyue killed the one-star Dzogchen Wind Wolf.

Now, this harvest falls into Qin Feng's hands

"Ding! Swallowing the wind demon core (one-star perfection) successfully....."

"Ding! Wind system cultivation level increased by +10%..."

"Ding! Increase in departmental cultivation by +10%..."

"Ding! The wind element cultivation level breaks through to the late one-star stage..."

"Ding! Wind system cultivation level increased by +10%..."

"Ding! Increased wind system cultivation....."

"Ding! Wind system...."

"Ding! The wind element cultivation has reached the ultimate level of one-star perfection!"

"Ha ha!! The wind element is also complete!"

Qin Feng was ecstatic.

The absorption rate of this peerless talent is different.

So far, his wind and fire systems have been completed, and his strength has greatly increased.

Chapter 64

Qin Feng was ecstatic.

The absorption rate of this peerless talent is just different.

At this point, his wind and fire elements were perfected and his strength greatly increased.

Next, he continued to practice.

This practice infuses the body with the power of the four elements of ice, wind, fire and thunder.

Now, his ice talent has reached peerless level, and his training speed has increased by more than ten times.

The completion of his Ice Element Seal is 92%. At this rate, it will break through faster than the Thunder Element. time flies.

In a blink of an eye, it was noon the next day.

Qin Feng opened his eyes with joy.

This time, his ice element and thunder element both broke through to one star, and his strength skyrocketed again.

Qin Feng couldn't wait to call out the training template.

Practitioner: Qin

Feng Wind realm (peerless): One-star Dzogchen (second star pattern 3.4%)

Thunder realm (peerless): One-star early stage (0.01%)

Ice realm (peerless): One-star early stage (0.01) %)

Fire Realm (Good): One-Star Great Perfection (Second Star Pattern 53.1%)

Talent Skill: God-level Devouring

Combat Skill: Violent Blow

Auxiliary Skill: Ice Concealment Technique

Combat Power Index: 6000 points

"Ha ha!! All four series have achieved breakthroughs!"

Qin Feng is extremely excited.

He is now a unique fourth-series elemental master in the world.

His combat power has reached 6,000 points, which is very scary.

You must know that the initial combat power threshold of Samsung is only about 5,000 points.

With his current strength, he can easily sweep through the early three-stars.

In fact, not to mention the early three-stars, even the strong ones in the late three-stars would dare to fight.

If he said this, the world would not believe it.

You know, the entire In Yunyang City, there are no more than twenty masters of late three-star or above.

After all, Yunyang City is just a small and medium-sized base city.

After a while, Qin Feng walked out of the hut happily and rushed towards Yunyang City.

He wanted to meet him earlier now. He went to Chu Chu.

He had not seen her for a day and didn't know what happened to the little girl. He was a little worried.

The Lin family should have found Chu Chu, so he couldn't delay.

Of course, his main purpose in returning to Yunyang City this time was to destroy the Lin family..

The Lin family was immortal, and he was uneasy. With his strength greatly increased, Qin Feng's speed increased several times.

This time, it only took him more than two hours to rush back to the S-22 defense area.

On the way, he encountered one or two There are only five demonic beasts, but they are all five-element demonic beasts, without the ice and thunder elements he needs.

These two demonic beasts are very rare and not easy to encounter.

This is why Qin Feng wants to rush back to Yunyang City to buy demon cores Reason.

He doesn't have that much time to look for ice and thunder monsters, but he has money!

This time, all the resources on Guanglin Zhongyue were recovered, and he got a huge sum of more than 2 billion.

And he hunted He also received more than 400 million from the corpses of the monsters he killed. He also exchanged Zhou Changtong's divine fire stick for 500 million.

In addition to the more than 300 million he had on himself

, he actually had a huge sum of 3.3 billion. Become a truly rich man.

In this world, as long as you have strength, making money is so easy.

And this money is enough for him to buy the required demon cores, luxury cars, villas, and Yuanwu.....

Qin Feng felt happy just thinking about it.

Just when Qin Feng entered the S-22 defense area, he was in the deputy commander's office.

Wang Jianlai was warmly receiving an honored guest.

This distinguished guest is none other than Lin Xue from the Lin family.

"Deputy Commander Wang, I'm sorry to trouble you about this matter!", Lin Xue sat elegantly on the sofa, sipping fragrant tea

"You're so polite, it's just a small matter!", Wang Jianlai was all smiles.

As soon as he said this, footsteps sounded at the door of the office.

"Report!"

"come in!"

The door opened and an adjutant came in.

He also held a piece of information in his hand.

"How's it going?", Wang Jianlai asked casually

"Report to the leader that the situation has been clarified. The refugee group that Chu Chu belongs to He Feng was attacked by a group of ferocious beasts yesterday when they were on patrol. Only seven of them escaped, and He Feng and the other three lost contact!"

"Among the seven people who escaped, there was Chu Chu. Leader, this is the survivor's investigation report!"The adjutant handed over the information in his hand.

Wang Jianlai took it casually and started reading.

Lin Xue's hand on the side shook and she almost spilled the tea.

Chu Chu is not dead?!

This situation is not good!

Lin Xue felt a little bit in her heart. Uneasy

"Well, this is just an ordinary beast incident. This Chuchu is lucky!" Wang Jianlai flipped through the information casually for a while and threw it on the coffee table.

"Deputy Commander Wang, can I take a look at this report?", Lin Xue put down the tea cup calmly

"Can!"

Lin Xue smiled slightly, picked up the report on the coffee table, and read it carefully.

After a while, she finished reading the report.

There is nothing wrong with this report!

All the survivors said the same thing.

During the encounter with the vicious beast, Everyone ran away and saw no other suspicious people around.

After reading the report, Lin Xue was somewhat convinced that this was a normal vicious beast incident.

But she knew that this was just a superficial phenomenon.

She knew her nephew Lin Xuyang.

That guy is ruthless and meticulous in his actions. He will do things so that no one can see the truth.

"Deputy Commander Wang, can you take me to meet this Chu Chu?", Lin Xue smiled and put the report back into place.

"no problem!" Wang Jianlai agreed readily.

It was just a refugee, so it was not a big deal.

Besides, the Lin family was one of the three wealthy families in Yunyang City, so he naturally wanted to have a good relationship with the Lin family.

"Adjutant Zhou, go and bring that Chu Chu over!".

Chapter 65

"Adjutant Zhou, go and bring that Chu Chu over!", Wang Jianlai casually ordered

"this....", the adjutant was a little embarrassed, "Deputy commander, this Chu Chu was transferred by the commander. Now, she is the commander's personal subordinate, and her position is to be determined."

"Forehead...", Wang Jianlai was a little surprised, "Ms. Lin, look at this....."

He has no authority to use Liu Yan's personal subordinates and does not dare to use them.

"That's it....", Lin Xue was also a little surprised, "Deputy Commander Wang, how about we go meet Commander Liu?"

Lin Xue said with a smile.

In her opinion, given her identity and status, Liu Yan would definitely allow it to meet a refugee.

You know, behind her is the Lin family.

That Liu Yan was just an ordinary military region commander.

I'm just afraid that if I see myself, I will still curry favor with myself.

Just like Wang Jianlai in front of him.

She didn't know Liu Yan's identity and background, so she took it for granted.

"OK!" Wang Jianlai readily agreed, "Miss Lin, come with me!"

"Good job!"

At the same time, Liu Yan's residence.

The training ground in the courtyard.

Chu Chu was practicing in a black and white combat armor and holding a pair of titanium and actinium alloy swords.

She is extremely fast.

The scene was filled with her afterimage.

With the assistance of the best mecha, the power of each of her swords exceeds 500 points of combat power.

This is completely the combat power of a one-star early stage elemental.

If coupled with her superhuman fighting skills, even a mid-level one-star elemental can challenge her.

After a while, Chu Chu finished training.

She looked at the mecha on her body with a satisfied look on her face.

After this day of training, she has been able to completely control the mecha and integrate it perfectly with her own fighting skills, which makes her very satisfied.

If my brother knew my current strength, he would definitely be surprised!

The little girl thought beautifully.

At this moment, footsteps suddenly sounded behind her.

The little girl quickly turned around and saw Qin Feng looking at her with a smile on his face.

"elder brother!", Chu Chu ran over in surprise

"Little girl, I haven't seen you for a day, your strength has improved a lot!", Qin Feng patted the little girl's head lovingly.

This little girl was a little clingy.

As soon as she came up, she crawled into his arms.

"whee! Brother, does my mecha look good?", Chu Chu raised her head coquettishly

"Yes, Not Bad!"Qin Feng looked at it with interest,"How is the performance?"

Mechas are a supplementary form of genetic warriors.

Many level four genetic warriors can double their combat power after putting on mechas.

This type of warrior is also called a mecha warrior.

"Brother, this is the top TF-B-The X121 light mecha can automatically adjust its size and height. It weighs 60 kilograms. It contains a UF-37 micro-nuclear power source and is worth 130 million! So expensive!"

Chu Chu explained while pressing the button on her chest.

Click~!

With a soft sound, the mecha automatically detached from her body.

"However, it can increase my combat power by 100 points. With it, I am confident that I can defeat the mid-level one-star elemental!"

Speaking of this, the little girl's face was filled with joy

"very nice!"Qin Feng also nodded with satisfaction.

The stronger the little girl is, the happier he will be.

"By the way, brother, I bought a lot of the demon cores you asked me to buy....."

Chu Chu casually put all the mechas and weapons into the storage ring, and then took out a dozen wind and fire demon cores.

"very good!"Qin Feng's eyes lit up and he put it away happily.

After his wind and fire systems break through the second star, he can directly devour these demon cores and no longer need to waste time collecting demon cores.

"Little girl, you spent a lot of money to buy so many demon cores, right?"

Although these demon cores are all one-star, there are quite a lot of them.

"Well, all the money has been spent!", Chu Chu stuck out her tongue in embarrassment

"It doesn't matter! After the money is spent, you can still make more! By the way, has your promotion been completed?"

"I haven't taken the exam yet.!"

"Why don't you take the assessment?"

"I just bought the mecha and I'm not familiar with its operation yet. Sister Yan asked me to get used to it first, and then I can take the promotion assessment after I get familiar with it, and it will be easier to pass."

"That's right!", Qin Feng nodded slightly, "Where is Sister Yan?"

Thinking of that hot and bold woman, Qin Feng felt strange

"She went shopping with me yesterday and bought a lot of cultivation resources. I am currently in retreat and want to break through to two stars!"

Speaking of this, Chu Chu suddenly asked in a low voice: "Brother, how is the transaction going? Have you obtained any evidence of the Lin family's transaction?"

"Got! This time, the Lin family is in big trouble.", Qin Feng smiled charmingly.

Then, he said something in Chu Chu's ear.

After hearing this, Chu Chu opened her eyes wide in shock.

"Little girl, put this away!"

Qin Feng took out a spiritual fruit.

It was the Ice God Fruit. Oh my God!

The little girl's mouth opened wide.

What her brother said turned out to be true.

Then, she looked ecstatic: "Brother, you are so good!"

The little girl excitedly took the Ice God Fruit.

This is a rare item worth more than 10 billion!

She had never seen such a precious treasure before, and her hands were trembling. She carefully put the spirit fruit away, and the little girl was secretly relieved. tone.

She was so excited that her face turned red.

How could she not be happy when she thought that she would also become an elementalist?

"Little girl, let's go to the city now!", Qin Feng saw the little girl happy, and he was also very happy

"Brother, what are you doing in the city?"

"Buy some demon core! Then, let's take the promotion assessment together!"

The top priority is that Qin Feng wants to improve both the ice and thunder elements to perfection.

Then, he will upgrade the status of both brothers and sisters.

In this way, he and Chu Chu will both become nobles and have the foundation to deal with the Lin family.

"Brother, let's go!", Chu Chu had this idea for a long time.

But as soon as he finished speaking, there was a sound of footsteps outside the courtyard.

Then, Wang Jianlai led Lin Xue and walked in from outside the courtyard..

Chapter 66

"Huh! It's you!"

Wang Jianlai recognized Chu Chu at a glance.

Isn't this the little girl with super fighting talent?

Seeing Chu Chu, Wang Jianlai's eyes lit up and his mood improved.

He likes talented juniors

"Deputy Commander Wang, this little girl is Chu Chu!", Lin Xue smiled, but her eyes were a little cold.

She had seen Chu Chu's photos, and naturally recognized Chu Chu at a glance.

This girl is indeed alive.

Then there is a high probability that something happened to her nephew.

How to deal with it specifically? It's okay, she's going to torture this girl for a while

"Um...she is Chu Chu?" Wang Jianlai was a little surprised.

He knew Chu Chu, but he didn't know Chu Chu's name.

He didn't expect that this little girl was so talented in fighting and was actually a refugee.

However, it didn't matter.

As long as he had talent, he would appreciate it.

"Deputy Commander Wang, she is Chu Chu, that's right.", Lin Xue still smiled.

At this time, her eyes turned to Qin Feng, and suddenly her eyes lit up.

This boy is so handsome!

This should be Chu Chu's brother - Qin Feng. He is much more handsome than in the photo.

After being amazed, Lin Xue's eyes became cold again.

No matter how handsome he is, he is just a refugee.

In this era where strength is the only respect, men with strength are more attractive.

What's more, when I think about it, these brothers and sisters are related to their own family. The life and death of her nephew made her feel bad.

Until this moment, Lin Xue had not doubted the siblings too much.

She just felt that Lin Xuyang's loss of contact was related to the siblings.

"Miss Lin, you have also met Chu Chu. If you have anything, just ask her..." Wang Jianlai smiled gently.

Hearing this, Chu Chu was slightly startled.

Who is this woman?

She doesn't know her. What are you looking for?

Qin Feng narrowed his eyes slightly. He opened his eyes.

He noticed.

The woman's surname was Lin.

It seemed that someone from the Lin family came to the door.

"Little girl, I have something to ask you, come with me!", Lin Xue said with a smile.

It was just the meaning of the words. It did not mean any consultation. Instead, it had the meaning of a command.

"who are you?", Chu Chu frowned, "I don't know you. Why should I follow you?"

"Chu Chu, this is Miss Lin Xue from the Lin family in this city. The Lin family is a wealthy family in Yunyang City. Miss Lin must have something important to do when she comes to you, so don't neglect it."

Wang Jianlai reminded kindly.

He was worried that Chu Chu didn't know Lin Xue's background and accidentally offended the Lin family, which would be bad.

Therefore, he deliberately revealed Lin Xue's identity to remind Chu Chu.

After Chu Chu heard it, A trace of panic flashed across his eyes.

The Lin family came to the door so quickly.

Qin Feng looked calm and patted the little girl's shoulder gently, telling her not to be afraid.

"If you have any questions, just ask here! My sister won't go with you!"

Qin Feng said it very casually, with a lukewarm tone.

"Forehead...."

Wang Jianlai was slightly startled and glanced at Qin Feng with a strange expression, but said nothing more.

Lin Xue frowned secretly.

Of course she wouldn't ask here.

What Lin Xuyang did is not visible to the public

"Where is Captain Liu? I want to meet her!", Lin Xue asked casually.

Regardless of whether Chu Chutong agreed with her idea or not, as long as Liu Yan agreed, she would take Chu Chu away by force.

"The leader is in retreat! Unable to see guests!", Qin Feng said lightly.

Lin Xue frowned again.

Wang Jianlai quickly smiled and said:"Miss Lin, why don't you come again next time! Or, just ask Chuchu here!"

"Deputy Commander Wang, the matter I want to ask is relatively confidential and it is not convenient here!" Lin Xue's tone started to get a little impatient.

This refugee boy named Qin Feng is a bit irritating!

Wang Jianlai, an idiot, actually started to make fun of him

"Chuchu, come with me!" Lin Xue's tone was very stiff.

Immediately, she looked at Wang Jianlai again: "Deputy Commander Wang, please tell Commander Liu. I will take her people away first and send them back in two days!"

"Forehead....", Wang Jianlai was a little confused, "Well...our group leader didn't agree, so why not just take him away like this?"

"What's this?" Lin Xue didn't take it seriously, "Just a refugee girl. If Captain Liu really wants to ask, let her ask for someone from our Lin family!"

At this moment, Lin Xue's patience ran out and her tone became tougher.

As soon as she finished speaking, she moved forward and reached out to catch Chu Chu.

She must take this girl away today.

The life and death of her nephew is a big matter.

In an instant, her hand reached to the back of Chu Chu's collar.

Wang Jianlai was hesitating whether to stop him.

A sudden change occurred in the scene.

"roll!"

With a roar, Qin Feng took action.

With a random punch, he knocked Lin Xue away.

Bang~!

Lin Xue fell heavily to the ground, causing smoke and dust to rise.

Wang Jian was stunned by this scene.

This Lin Xue was... A mid-level one-star elemental!

She was actually punched away by this boy...

This boy.....

OMG!

He is actually a late-stage one-star fire elemental master!

Wang Jianlai was completely stunned.

Such a young, late-stage one-star fire elemental master was actually on the same level as him.

This young man's talent is too amazing! horrible!

He didn't know.

The strength just now was not Qin Feng's true strength at all, not even one-tenth of it was shown.

At the same time, Lin Xue also climbed up from the ground in embarrassment.

She looked at Qin Feng in horror. what happened?

Isn't this Qin Feng a refugee?

This is completely different from what is shown in the data!

Not only is this kid not a refugee, but his talent is even better than Tianyang's!

Could it be Xuyang.....

Lin Xue seemed to have thought of something, and her face instantly turned pale.

Immediately, she turned around and left without saying a word.

"Miss Lin...Hey...Ms. Lin...."

Lin Xue's sudden departure caught Wang Jianlai a little off guard.

He shouted several times, but Lin Xue ignored him at all.

In the blink of an eye, Lin Xue was gone.

She must tell her cousin the news as soon as possible

"elder brother....", Chu Chu looked up at Qin Feng.

Uneasiness flashed in those big eyes.

But Qin Feng had a smile on his face.

This is the effect he wants.

Everything is in his calculation.

Soon, the Lin family will have a headache

"Little girl, don't panic!", Qin Feng gently patted Chu Chu's shoulder.

At this time, Wang Jianlai looked at Qin Feng with a complicated expression.

He hesitated and said:"Little brother, take Chu Chu out of here quickly! The Lin family is not easy to mess with. It is estimated that they will bring people over soon."

After saying this, he sighed and left.

This is the only thing he can do.

Chapter 67

After Wang Jian came and left, Chu Chu looked at Qin Feng uneasily.

"Brother, the Lin family won't really send someone here, right?"

"So what if it comes?"Qin Feng smiled evilly,"Do we have to wait stupidly for them to come? In a moment, we enter the city!"

"Yes!", Chu Chu's eyes lit up,"This is outside the city, and fighting is not strictly controlled. Once in the city, the Lin family can no longer act recklessly."

"Little girl, look at this!", Qin Feng suddenly took out a storage ring

"this is....", Chu Chu was a little confused

"That woman's storage ring just now!"

"Forehead....",Chu Chu opened her eyes wide.

Immediately, she looked surprised:"Brother, I didn't even see Qing, and you stole her ring. How did you do it?"

"Can't speak!" Qin Feng patted the little girl on the head angrily,"How can this be called stealing? This is called taking!"

"whee!! Brother, there are a lot of good things in this ring, right?"

"Well, there is a low-grade Yuanwu and a few other good things. Let me take a look.....", Qin Feng took inventory of the contents of the ring with satisfaction.

Chu Chu looked excited.

Immediately, she worried again:"Brother, will she come here soon?"

"I'm afraid she won't dare to come!", Qin Feng sneered,"Besides, what if I'm here? Is there any evidence?".....

At the same time, Lin Xue hurried to the city after leaving the defense area.

She wanted to tell her cousin the shocking news as soon as possible.

Something must have happened to Xu Yang.

Thinking of this, she panicked.

She could even imagine Lin Jianhao's anger after knowing the truth

"Huh! Where is my storage ring?...."

Lin Xue accidentally glanced at the middle finger of her right hand.

There was nothing there!

Her storage ring disappeared.

Her face turned pale instantly.

There is her Yuanwu and most of her net worth!

How could it be missing?

Where did my ring fall?

Lin Xue was a little panicked.

Even if she is a member of a wealthy family, she can't afford such a loss?

Could it be...

She suddenly remembered her fight with Qin Feng.

If there is any drop, it is only when fighting Qin Feng.

Could it be that it was stolen by Qin Feng?

If this is the case, this Qin Feng's strength would be too terrifying!

He was able to take away her storage ring without her noticing.

How fast must this move be?

If he wanted to kill her, he would be killed in one instant.

Thinking of this, Lin Xue felt a cold air rising from the soles of her feet, and her whole body shivered. what to do?

Go back and ask Qin Feng for it?

Lin Xue thought for a while, but still didn't dare.

Before, when Wang Jianlai was present, Qin Feng didn't do anything to her.

Now that she goes back alone, it's hard to say what will happen.

What's more, she didn't notice that the ring was missing on the spot.

Now when I go back, I can't tell anything because there is no evidence.

It seems that he will suffer the loss of being dumb.

Lin Xue felt extremely painful and quickened her pace.

She wanted to tell her cousin.

Let my cousin take action early!

Deal with that hateful boy soon!

On the other side, after Qin Feng took stock of the rings, he put them away happily. There were many good things inside.

What an unexpected bonus

"Little girl, this is for you!" Qin Feng casually took out a bottle of medicine, which contained several light blue pills.

"Brother, what is this?"

"Here~! There are instructions on the medicine bottle, read it yourself!"

Chu Chu took a closer look and saw that there was indeed an instruction manual on the side of the medicine bottle.

After reading it, her face showed a look of joy.

The pill in this medicine bottle is called Bing Ling Dan, which is an ice training resource.

It can help ice The body-strengthening system can speed up the transformation of ice, and can also allow one-star ice masters to improve their cultivation.

"Wow! Brother, where are you from?", the little girl was excited.

She has the Ice God Fruit, and will soon be able to practice the ice system.

Now she has this Ice Spirit Pill, which can speed up the transformation of her body into ice.

This happiness comes too quickly.

"Where else could it come from? Of course it belongs to that woman!", Qin Feng said with a smile.

This ice spirit pill was of some use to him, but the effect was not great.

So, he gave it to Chu Chu directly, hoping that this little girl would complete the transformation of her body into ice as soon as possible.

Anyway, he can swallow the ice demon core , but Chu Chu couldn't

"whee!! Brother, I heard that one piece of this ice elixir is worth 100 million! Too expensive! There are three here, that's 300 million. That woman must be so distressed!"

Chu Chu was so happy.

In this world, cultivation resources are extremely scarce, so they are sold very expensively.

Qin Feng smiled indifferently.

For him, the effect brought by fifty ice spirit pills is not as good as A one-star early demon core.

What he lacks most is training resources.

They can be found almost all over the world.

"Little girl, put your things away!"

"Yes!", Chu Chu put away the medicine bottle happily.

At this moment, a majestic wave of water energy came from Liu Yan's retreat.

Chu Chu was overjoyed:"Brother, it's Sister Yan! She should have broken through to the early stage of two stars!"

"Walk! Go check it out!"

The brother and sister walked towards Liu Yan's retreat.

When they reached the door of the secret room, Liu Yan was walking out of the secret room with a happy face.

Qin Feng could tell at a glance that this woman was already a two-star early stage water elemental master.

She really succeeded in breaking through

"Huh! You are back!" When Liu Yan saw Qin Feng, her eyes showed joy.

But then, her pretty face turned red inexplicably.

She thought of this guy's brutality last time, which made her have some aftertaste, but it was a pity that Chu Chu was aside.

Qin Feng saw her , also smiled slightly awkwardly

"Sister Yan, congratulations on breaking through to two stars!", Chu Chu congratulated happily.

She was really happy for Liu Yan.

The two women have gotten along very well during this time.

"Not bad!" Liu Yan felt very comfortable.

"By the way, when I was in retreat just now, I seemed to hear a fight outside. Is nothing wrong?", Liu Yan suddenly asked

"Um...Sister Yan, people from the Lin family were here just now.....", Chu Chu simply recounted the matter.

After hearing this, Liu Yan was furious:"My people, she said she could take them away if she wanted? Even if the city lord comes, who do they think the Lin family is!" What a joke!

Chu Chu is her cash cow!

Who dares to touch Chu Chu!

Who is she in a hurry with?

"Chuchu, the Lin family will dare to do this next time. Just tell Sister Yan and Sister Yan will help you vent your anger!" Liu Yan said domineeringly

"Um..." Chu Chu was a little dumbfounded, "Sister Yan, that's the Lin family....."

"Ah! What about the Lin family?" Liu Yan curled her lips disdainfully.

Qin Feng glanced at her in surprise.

This woman is so good at boasting!

"Sister Yan, what is the strength of the Lin family?", Qin Feng suddenly asked.

This is what he is concerned about.

"The strength of the Lin family is pretty good in Yunyang City, with three counts, two lords, and more than a dozen barons and viscounts.", Liu Yan commented casually.

After hearing this, Chu Chu looked at Qin Feng uneasily. There are so many elemental masters in the Lin family.

The three counts represented three three-star masters, and the lord represented four-star masters.

Qin Feng asked again: "Sister Yan, apart from Lin Jianhao, who is the other four-star master in the Lin family?"

"He is the old head of the Lin family, Lin Jianhao's father. Rumor has it that the old head of the Lin family is a four-star Dzogchen master, and is now in retreat, trying to break through to five stars."

After hearing this, Chu Chu's eyes flashed with panic.

A four-star Dzogchen master!

If he is allowed to break through to a five-star, there will only be a handful of people in Yunyang City who can control him.

The so-called laws and regulations will become bullshit..

Laws and regulations are used to restrain the weak.

Qin Feng also frowned slightly.

This Lin family is stronger than he thought.

It seems that he has to buy the demon core quickly.

Although the old head of the Lin family is in retreat, he will not come forward for the time being..

But in the future, the two will inevitably collide, so he must improve his strength as soon as possible

"Sister Yan, I want to go to the city with my sister!"

"Oh, what are you going to do?"

"I want to improve my status.

Liu Yan's eyes lit up:"Just right!" I have broken through to two stars and can be promoted to Viscount, let's go together!

Chu Chu also said happily:"Great!" Together we will!"..

Chapter 68

Afterwards, Qin Feng and the others left the military area in Liu Yan's chariot.

An hour later, the three of them arrived at the Municipal Square.

Qin Feng asked Chu Chu and Liu Yan to go to Jinjue first, while he went to buy the demon core.

He didn't want people to know that he could swallow demon cores, so he deliberately drove away the two women.

Half an hour later, Qin Feng browsed the shops in the city center and plundered all the ice, thunder, wind and fire demon cores.

These are his future training resources, and it is not a bad thing to reserve them in advance.

After all this, he bought nearly a hundred demon cores, most of which were one-star.

Only about a dozen are two-star.

As for the Samsung ones, I haven't seen any of them.

Yunyang City is a small city after all, and people who can hunt three-star monsters are very rare.

However, Qin Feng is already very satisfied.

These demon cores are enough to support him until he breaks through to the late two-star stage.

Finding a deserted alley, Qin Feng swallowed several ice and thunder demon cores.

His ice element and thunder element also reached the ultimate level of one-star perfection in just a few minutes.

The strength skyrocketed again.

Qin Feng excitedly called up the training template.

Practitioner: Qin

Feng Wind realm (peerless): One-star perfection (second star pattern 3.4%)

Thunder realm (peerless): One-star perfection (second star pattern 0.01%)

Ice realm (peerless): One-star Great Perfection (second star pattern 0.01%)

Fire Realm (Good): One-star Great Perfection (second star pattern 53.1%)

Talent Skills: God-level Devouring

Combat Skills: Violent Blow

Auxiliary Skills: Ice Hidden Technique

Combat Strength index: 8000 points.

All cultivation levels are perfect, and the combat power has skyrocketed to 8000 points.

This combat power is comparable to that of Samsung in the later stage, and is not far from Samsung's Great Consummation.

But with his fighting skills, Qin Feng is confident that he can defeat the three-star Dzogchen master.

You must know that in the entire Yunyang City, there are no more than ten people with a strength of three-star perfection or above.

Now, the only people in the Lin family who can deal with him are Lin Jianhao and his father.

Qin Feng closed the training template, feeling happy in his heart

"Ding! The one-star god-level challenge mission begins!"

Task content: Enter the challenge space and perform a difficult challenge.

If you die, you can be resurrected and there is no reward.

If the challenge is successful, the reward will be generous

"Ding! Remind the host that you only have two chances to challenge this challenge!"

"Ding! The host is reminded that if one of your series breaks through to a two-star elemental master, you will lose the qualification to challenge."

Qin Feng was pleasantly surprised.

The god-level challenge was finally activated, and he had a way to improve his strength.

Now, he has reached the two-star bottleneck.

He needs to condense a complete second star pattern to break through the bottleneck.

He can condense the second star Grain formation is an arduous polishing process, and swallowing demon cores has no effect.

The speed of condensing star patterns is linked to talent.

The higher the cultivation talent, the faster the condensation.

But even with peerless talent, Qin Feng has to condense the second star pattern , it will take about a month.

In other words, it will be difficult for his strength to improve in this month.

For this, Qin Feng can't wait.

There is no guarantee that in this month, the two four-star experts of the Lin family will Will the attacker secretly attack him?

Especially the old head of the Lin family, who is a four-star Dzogchen powerhouse.

If he secretly attacks, the possibility of Qin Feng surviving is very low.

Therefore, he must improve his strength as soon as possible.

Now, this The god-level challenge gave him hope

"Ding! I would like to ask the host, do you choose to challenge?"

"Not selected yet!"

Qin Feng looked at the time. It was almost 5 p.m. and the people in the city hall were getting off work. It was too late.

He first went to meet Chu Chu and promoted his status.

In addition, these god-level challenges are very perverted.

He must Make more preparations.

Otherwise, as soon as he fails, he will lose a generous reward.

At that moment, Qin Feng hurriedly left the alley and rushed to the city hall.....

At the same time, the Lin family mansion.

In the study, Lin Jianhao was leaning on the leather sofa, smoking a cigarette and listening to Lin Xue's report.

But when he heard half of it, he froze.

He didn't even notice the cigarette ashes falling on his clothes.

After a while, Lin Xue finished reporting the situation and looked at her cousin anxiously.

There is anger in Lin Jianhao's eyes

"Xue'er, something must have happened to Xuyang!", Lin Xuyang put out the cigarette butt fiercely, his voice was a little hoarse.

"Brother Hao, maybe Xuyang is still alive.....", Lin Xue comforted in a low voice.

But she didn't believe it herself

"Hey, this silly boy Xuyang...he always thought that I was partial, but in fact I was trying to train him....", Lin Jianhao's eyes suddenly became a little moist.

All this time, he had been secretly observing Lin Xuyang's efforts.

Just to motivate Lin Xuyang, he was very demanding every time.

He also wants to be a kind and good father, but he can't, and now he doesn't even have the chance.

"If you are alive, you want to see people, if you are dead, you want to see corpses! Xue'er, go find your fourth uncle and ask him to catch that Qin Feng!."

"Brother Hao, that Qin Feng is an elemental master and should have a title. What's more, he is still a genius, I'm afraid....."

"In extraordinary times, use extraordinary means! So what if I have a title? So what if he is a genius? As long as he dies, nothing matters! Go for it! I will bear all the consequences!", Lin Jianhao clenched his fists

"Brother Hao, I understand! I'll do it now!"

"Go for it! The sooner the better! That kid's talent is amazing. If the city lord and the others find out, they will definitely be protected. At that time, we can't take action openly!", these words surprised Lin Xue: "I will go find my fourth uncle now!"

As soon as she reached the door, she was stopped by Lin Jianhao again.

"Xue'er, hasn't Third Uncle come back yet?"

"not yet! He couldn't get through to his phone either. Maybe he was delayed by something.....", Lin Xue didn't know how to continue speaking.

She has been worried about this too

"knew! Go for it!"

Lin Jianhao took a deep breath and frowned deeper.

Could something have happened to his third uncle?

He suddenly felt uneasy..

Chapter 69

On the other side, after Qin Feng left the alley, he went straight to the Jinjue office next to the city hall.

As soon as he entered the promotion office, a beautiful female staff member came over and stepped forward to receive him.

"Sir, is there anything I can do for you?", the female worker asked respectfully

"I'm here to be promoted! Where can I apply?", Qin Feng asked casually.

The female staff member was shocked.

To be promoted to a title at such a young age?

Could it be that this young man has broken through to the elemental master?

Thinking about it, she thought it was impossible.

To break through to the elemental master at such a young age is better than the first genius Lin Tianyang is even more powerful, even compared with the city lord.

If this is true, it is too exaggerated.

There is only one genius like the city lord in the entire Yunyang City, how can there be a second one?

It seems, This young man probably wants to be promoted to a peerage based on his combat prowess.

But even so, he is still an extremely extraordinary existence.

The female staff member took a deep breath: "Sir, come with me!"

Her tone was much more polite, and the look in Qin Feng's eyes was a little more brilliant.

After a while, the two of them arrived at the promotion assessment venue.

Inside, they saw that a promotion assessment was taking place.

The scene was lively, and the crowd cheered one after another..

Qin Feng looked towards the assessment ring.

He saw a little lolita wearing a mecha, holding a pair of titanium and actinium alloy swords, fighting fiercely with an elemental.

Both sides came and went, and the fight was evenly matched. The fighting scene was very exciting.

Qin Feng Smiled.

That little loli was Chu Chu.

And her opponent was actually a mid-level one-star Jin Yuanshi.

At this moment, the Jin Yuanshi was like a hedgehog, with each joint part of his body emitting a sword light from time to time, like a sneak attack. , extremely unexpected, and extremely shocking.

Master Jin Yuan is known for his powerful attacks and is very difficult to mess with. He is slightly stronger than the other five elements.

But when Chu Chu faced him, not only did he not fall at a disadvantage, but he gradually gained the upper hand..

This little girl has the strength of mid-level one star.

Qin Feng is very pleased.

The onlookers around are also amazed.

"Wow! This little girl is so awesome!"

"yes! Not long after she was promoted to First Baron, she applied to be promoted to Second Baron. I thought she was arrogant at first, but now it seems I was wrong!"

"Tsk tsk!! Did you find it? This little girl's combat prowess has not been tested, but her fighting skills are amazing...."

Everyone sighed and admired Chu Chu.

Opposite the assessment arena, there is a viewing platform.

Sitting on the stage were three assessors responsible for scoring.

Of these three examiners, two are one-star elemental masters.

The examiner sitting in the middle is a gray-haired two-star elemental.

At this time, the three of them were excited as they watched the battle on the ring.

So many years!

They have conducted thousands of strength assessments, and the successful ones have nothing to do.

Even if you succeed, it will be a lot of hard work and you will win by points.

Nothing like this Chu Chu, who won an overwhelming victory in the first game and obtained the first-level baron.

Immediately afterwards, she applied for promotion to the second baron.

Depending on the situation, she's going to win again.

What an eye-opener!

"Tsk tsk!! Mr. Cheng, this Chu Chu is very good!"

One of the examiners marveled.

"yes! Talent! This little girl is definitely a talent! I want to report this matter to the city lord. The city lord will definitely be very happy! Our Yunyang City has produced another incredible talent!"

The examiner Mr. Cheng became more and more excited as he spoke.

He also held Chu Chu's information form in his hand.

In the age column, it said thirteen years old, which was very eye-catching and amazing.

This means that Chu Chu still has great potential..At this moment, the battle in the field changed.

A muffled groan sounded, and the examiner was found by Chu Chu. He retreated to the edge of the ring with a sword and almost fell down.

Wow!!

People all around exclaimed.

"stop!"Mr. Cheng quickly stood up and shouted stop.

Chu Chu and the examiner quickly stopped.

"Xiaoyu, go down!"

Mr. Cheng gave instructions to the examiner and looked at Chu Chu with a smile. The more he looked at this little girl, the more he liked her.

In his line of work, when he sees someone with talent, he can't help but feel happy.

"Little girl, congratulations on passing the second-level baron examination!"

As soon as these words were said, there was cheers and applause all around.

Everyone was happy for Chu Chu.

When a person's achievements in a certain aspect are far higher than others, it is easy for others to be impressed and even worshiped by them.

Chu Chu also felt in her heart Pleasant

"Little girl, come here! We'll help you get promoted!" Mr. Cheng smiled gently.

"Thank you, examiner!"

The little girl happily agreed, and walked down the ring in the envious eyes of everyone.

Many of these people came to participate in the promotion of strength.

Without exception, they all failed, and they naturally envied Chu Chu.

Then they got off the ring, Chu Chu saw Qin Feng

"elder brother!", the little girl happily threw herself into Qin Feng's arms.

This aroused everyone's envy again.

This time, it was Qin Feng that everyone envied.

This young man is so lucky!

He has such a powerful sister.

Moreover, the relationship between the brother and sister It looks very good at first glance

"Little girl, not bad!"Qin Feng touched the little girl's head happily,"By the way, where is Sister Yan?"

"After she completed her promotion, she happened to meet her best friend. Then her best friend asked her to leave and said she would be back in a while."

"Oh, let's go! Complete your promotion first!"

The brother and sister came to the examiner's desk.

The staff had already taken out a bunch of information and started processing it.

Mr. Cheng took out a fingerprint recorder, looked at Chu Chu, and said with a smile:"Little girl, will you Let's collect your fingerprints! This fingerprint is to confirm the uniqueness of your title to avoid being impersonated."

"oh~! ", Chu Chu obediently stretched out her finger and pressed it on the instrument to scan...

The processing of this title is more complicated and rigorous than that of Quan Min, and cannot be faked.

The staff responsible for handling this matter were also very serious and careful.

After all, the time of the Barons is precious.

It only took more than ten minutes for Chu Chu's title to be processed.

"Miss Chu Chu, this is your title medal, please keep it!" Mr. Cheng smiled and handed over a gold baron medal.

This baron medal is slightly different from the elemental master's.

The pattern in the middle of the medal is a sword with two stars next to it.

This sword represents the promotion of strength. The stars represent two-star stars.

If an elemental master is promoted to nobility based on his cultivation, the pattern in the center is the pattern of various elements.

For example, for a fire elemental master, the pattern in the middle is fire.

"Thank you, old man!"

Chu Chu took the medal very happily, and then wore it happily, attracting envy from all around.

From then on, her social status rose to the sky, completely different

"Miss Chuchu, this title is acceptable in the Southern Alliance. As long as it is the base city of our Southern Alliance, you can get the corresponding title treatment there."

Mr. Cheng explained carefully.

There are seven major alliances on the earth today.

For example: Southern Alliance, Northern Alliance, Suzaku Alliance, White Tiger Alliance, Qinglong Alliance, etc.

Each alliance is like a big empire, with a Nine Star behind it. The elemental masters are supporting us.

The alliances are all friends and foes.

If humans didn't have a common enemy - the star beasts, they would have gone to war with each other.

This is human nature.

"Miss Chu Chu, as a second-level baron, you can get a subsidy of 50 million currency coins every year, and there are many other benefits. You can check it out by yourself..."

Mr. Cheng delivered another bank card to Chu Chu.

The card contained There is a cumulative promotion reward of 80 million.

The reward for promotion to the first baron is 30 million.

The second level is 50 million.

The third level is 70 million.

The fourth level is 100 million.

These rewards are issued by the alliance government, not the Yunyang City government.

And Yunyang City has to pay a certain amount of taxes to the alliance every year.

After taking the bank card, the little girl was very happy.

She got 80 million for nothing, so she was naturally happy.

Even Qin Feng's eyes lit up when he saw it.

Promotion A second-level baron can get 80 million.

If he is promoted to earl at once, wouldn't it be several hundred million?

Or even more?

Thinking of this, Qin Feng's heart is burning.

He just bought nearly a hundred demon cores. Almost all the money he had on him was spent.

Even Lin Xue's rings and Yuanwu were recycled.

After calculation, he only had more than 300 million left.

Now, he can make money again.

Besides, get a Earl Dangdang, That taste should be very good.

An earl, no matter how rampant the Lin family is, cannot be dealt with openly.

Even Lin Jianhao can't imagine that he can be promoted to an earl...

Chapter 70

Soon, Chu Chu's promotion process was completed.

Mr. Cheng looked at Qin Feng and smiled and said:"Young man, you have a very good sister!"

Mr. Cheng meant that after a baron was born in the Qin Feng family, the status of the whole family would be different in the future.

He has seen too many situations like this.

In many ordinary families, as long as a baron is born, the family can be promoted to the rank of common people.

"Young man, do you need to be promoted to Quanmin? Your sister is now a second-level baronet, and she is eligible to designate four family members to be promoted to Quanmin. We also have this additional business here. Mr.

Cheng kindly reminded.

A one-star early elemental master can be promoted to a first-level baron and is eligible to designate three family members as Quanmin.

A mid-level one-star elemental can be promoted to a second-level Baron and is eligible to designate four family members as Quanmin..

The titles promoted by strength have the same effect.

Qin Feng smiled and did not answer.

But Chu Chu smiled and said:"Old sir, my brother is already a fourth-level citizen. He is also here to be promoted to a knight."

"Um..." Mr. Cheng was surprised.

He looked at Qin Feng carefully. He came to be promoted at such a young age.

It is unlikely that he was promoted through cultivation.

He should be promoted through strength, just like Chu Chu.

This brother and sister It's really surprising!

Mr. Cheng's eyes shine.

He likes to discover talents.

The more talents Yunyang City produces, he will have an inexplicable sense of pride.

"Young man, do you also want to be promoted to a knighthood based on your strength?"Mr. Cheng asked expectantly.

As soon as he said this, everyone around was shocked.

Everyone looked at Qin Feng.

Oh my God!

Chu Chu's brother also wants to be promoted to a noble rank because of his strength?

Are all their family members so good?

"Old sir, will the treatment be different if you are promoted to a noble based on your strength or promoted to a noble based on your cultivation?", Qin Feng asked curiously.

He was very concerned about this issue.

Mr. Cheng smiled and said: "No difference! With the same title, no matter how you obtain it, you will receive the same treatment."

"However, there is no need for assessment to be promoted to a noble level. Strength promotion requires assessment of combat prowess."

Mr. Cheng said as he picked up the tea cup on the corner of the table.

After talking so much, he felt a little thirsty.

"In this way, it is much more convenient to cultivate to a higher level. Then let me cultivate and be promoted to nobility first.", Qin Feng said casually

"Wha...what?!"

Mr. Cheng's eyes widened in astonishment, and the hand holding the tea cup froze.

The people around him were equally shocked.

No way?

This kid looks like he is only seventeen or eighteen years old, and he has already broken through to the early stage of one star?

What if that's true ? In this way, this kid's talent is too terrifying!

It is comparable to that of the city lord!

Everyone can't believe it.

In this world, people attach great importance to cultivation talent and are extremely sought after.

"Young man, are you an early one-star elementalist?"

Mr. Cheng couldn't help but swallowed his saliva. He had even forgotten to drink tea.

"Old gentleman, look!"

Qin Feng waved his hand, and a fire dragon flew out from his palm, roaring and circling over the hall.

The raging heat wave instantly enveloped the entire hall, and the surrounding air temperature increased several degrees.

This momentum!

Oh my God!

This He was clearly the one-star Dzogchen Fire Master!

Bang~!

Mr. Cheng's hand shook.

The tea cup in his hand fell to pieces.

Everyone was also shocked, and everyone opened their mouths!

Oh my God!

Chu Chu's brother turned out to be a one-star Great Perfection Fire Master!

This talent completely surpassed that of the city lord! Could it be the legendary peerless talent?

When thinking of this, everyone took a deep breath.

What a peerless talent! Only one of the few in the world Count, everyone has become a giant!

But everyone can't believe it.

How could such a powerful genius appear in their small Yunyang City?

Could it be that this boy is a super genius, and he has accumulated countless resources?

Even if So, it was extremely scary!

At this moment, the venue became quiet.

The air seemed a little suffocating.

At this time, the fire dragon circled in the air, then flew back to Qin Feng's body and disappeared. There were many sounds in the hall There was a sound of swallowing saliva.

The eyes of everyone looking at Qin Feng changed.

Mr. Cheng took a deep breath, his expression was a little excited, and the eyes he looked at Qin Feng were full of fire. Even hotter than when he saw Chu Chu.

Although Chu Chu performed outstandingly, But after all, he is not an elemental master, and his potential is still limited.

But Qin Feng's potential is too terrifying.

He has never seen such a genius in his life.

In any case, these brothers and sisters are more amazing than the other.

"Young man, please take a seat!"

Mr. Cheng pointed to the seat in front of him, with a respectful tone in his tone.

The young man in front of him is destined to be extraordinary.

In the future, he can only look up and naturally he does not dare to neglect.

Qin Feng smiled and sat down casually.

"Hello! Xiaoli, clean up the broken tea cups on the floor and make me another cup of tea. By the way, make this little brother a drink too"

"Little brother, what kind of tea do you want to drink? We have Quelong tea from Zhuquemeng, which has a mild taste. There is also Xuanwumeng's Bingling Tea, which has a refreshing taste...."

There was a hint of flattery in Mr. Cheng's tone.

You know, he is a two-star elemental master, and he is usually aloof.

Now, he is actually trying to please a one-star elemental.

Chu Chu was stunned by this scene.

She had never had such treatment before.

Not only did she not, but all the people who came to do things were standing in front of Mr. Cheng.

Is there a place to sit there?

Not to mention there is tea to drink

"Then let's have Quelong tea!", Qin Feng said casually

"Xiaoli! Quickly make this little brother a cup of Quelong tea...."

"OK! grown ups!"

The female staff member named Xiaoli hurriedly went to work. When people around saw this scene, they didn't think it was inappropriate, but thought it was normal.

"Little brother, I'm going to apply for a title for you now. Please fill in the information....", Mr. Cheng politely took out an information form.

Qin Feng took it casually: "Old sir, I would like to ask. If I want to be promoted to the first level early, do I need to challenge the level one level, or directly jump to the next level?"

"Wha...what?!" Mr. Cheng opened his eyes wide again, thinking that he heard wrongly.

But at this moment, there was a commotion at the entrance of the hall.

A group of people came in menacingly.

The leaders were Lin Xue and an old man with gray hair.

That The old man's cultivation is actually at the early stage of three stars.
