

## God level 611

### Chapter 611

In that corner, Chu Chu was bargaining with a man in a blue shirt, while the baby looked on cutely.

Qin Feng and his party passed by, and Chu Chu and Bao Bao looked over happily.

"Brother, come here quickly! See if this is of any use to you?"

Chu Chu pointed at the thing in the hand of the man in blue shirt.

It was a bead as big as a fist.

Sealed in the bead was a roaring river with nine twists and turns.

The river water was turbid and yellow, exuding an eerie and cold atmosphere.

Qin Feng could tell at a glance He felt that the breath of this river fit very well with the endless sea of blood.

He suddenly felt curious and looked carefully, and a light screen automatically popped up in his eyes.

Item name: Netherworld Spring

Level: Half-step star master level

Function: Automatically absorb all the filth in the world, Filth, death.....

Note: This object can be perfectly matched with the endless blood sea. Its constantly growing filthy and dead energy can promote the endless blood sea to advance to a higher level and greatly increase its power.....

"Huh! This is a good thing!"

Qin Feng's eyes lit up.

His Endless Sea of Blood was once a mid-grade Star Master-level item, but now it has only returned to the low-grade Star Master level.

Qin Feng wanted to restore it to its original level, but was worried that there was no way.

But now With this Netherworld Underworld, it can be realized soon.

Besides, if he wants to quickly increase the power of Abiyuantu's double swords, the best way is to increase the power of Blood Sea.

This Netherworld Underworld Spring will have a great effect on him.

What's more , , the grade of this object is half-step star master level.

Many half-step star masters may not have a half-step star master level treasure, let alone a master.

If the masters know that this is a half-step star master level treasure, It is impossible to trade in a place like this. He will definitely go to a higher-end place.

The guy in front of him probably doesn't know the details of this treasure.

Qin Feng raised his eyes and looked at the man in blue shirt in front of him.

This man's cultivation level He is a middle-grade ruler, not even a top-grade ruler.

"Friend, what is this thing of yours?", Qin Feng deliberately inquired.

The man in blue shirt shook his head: "I don't know what it is exactly, it was something I got by chance. Its aura looks very similar to that of the Demon Realm, so it should be an unknown magical treasure. According to my assessment, it should be a Dominant-level magical treasure."

Hearing this, Qin Feng's eyelids twitched slightly.

This guy really didn't know the value of Netherworld. He actually thought it was a master-level treasure.

The value of the master-level and half-step star masters are a hundred times different and cannot be compared with each other.

"Friends, do you want it?", asked the man in blue shirt

"this.....", Qin Feng pretended to hesitate, "I am somewhat interested, but what a pity! This is a magic treasure, more suitable for people in the demon realm. If I buy it back, it may not be useful." The man in blue shirt smiled and said: "Friend, if you are not a demon I have kept the treasure for myself for a long time, why should I sell it? Who would be willing to sell a master-level treasure easily?"

"Makes sense! So what price are you selling this for?"

"27 pieces of Zhongtian Crystal!"

"You are selling it too expensive!", Chu Chu said first

"Isn't it?!", the man in blue shirt was depressed, "Little girl, all the Dominator-level items cost more than 30 Mid-Heaven Crystals. I'm already sold at a low price!"

"Just 25 yuan! If we could, we'd buy it!", Chu Chu rushed to give a price.

When she saw that Qin Feng wanted it, she started the counter-offering mode.

She wanted to get the maximum benefit for her brother.

Qin Feng smiled and said nothing.

He knew the truth and knew that 27 pieces of Zhongtian Jingtai It's cheap.

In fact, the value of this Netherworld Crystal is definitely more than 1,000 pieces of Zhongtian Crystal.

The value of half-step star master-level items is completely two levels from that of master-level items.

However, he can't interrupt his sister's kindness..That would break my sister's heart.

"Why! Little girl, 25 is too little. How about each of us take a step back and get 26 yuan!"

"mean! I said....", Chu Chu raised her mouth and continued to bargain.

Qin Feng smiled and said:"26 yuan, let's 26 yuan! I want it!"

The man in blue shirt's eyes shone:"This little brother still has the vision, then we will make a deal for 26 Zhongtian Crystal!"

The man was overjoyed..

He was originally worried that it would be difficult to sell this thing, because not everyone could afford twenty or thirty yuan of Zhongtian Crystal, and it would be difficult to find a buyer.

Now that he can sell it, he is very happy.

It seems that this young man in white is a rich man.

At this moment, both parties happily reached an agreement and were ready to trade.

But at this moment, a powerful force swept past.

The crystal ball in the hand of the man in blue shirt suddenly disappeared.

The man was shocked!

He quickly looked up and saw that his treasure was in the hands of the witch dolphin.

Everyone in Chu Chu frowned.

Qin Feng looked as usual.

He was aware of the arrival of the witch dolphin and the grave sheep.

The witch dolphin took action, but he didn't stop it.

He was curious what this guy was going to do?

At the same time, he also wanted to find an opportunity to teach the witch dolphin a lesson.

Maybe, the opportunity is coming!

"Witch Dolphin Lord, what do you mean? Why are you trying to steal my stuff?", the man in blue shirt asked angrily.

As soon as these words came out, the whole place was shocked, and everyone looked over.

The master of Xiongzhao frowned even more.

This witch dolphin really didn't give himself face, and kept looking for trouble in his own place.

He He quickly dodged and rushed over.

But at this moment, Wu Dou waved his hand, and a storage ring flew towards the man in blue shirt.

"Friends, there are 30 Zhongtian crystals in this ring. I want this treasure!"

The blue man took the storage ring and took a look. Sure enough, there were 30 Zhongtian Crystals.

30 Zhongtian Crystals!

This is higher than the price Qin Feng gave.

But he had already agreed with Qin Feng before, so this matter.....

The man in blue shirt's eyes flashed and his heart moved.

Everyone could see this scene clearly.

The witch dolphin came here on purpose to steal and buy things.

He wanted to embarrass Emperor Qin!

Chu Chu was furious on the spot: "What's going on with you guy? We have already negotiated a deal for this thing, and you are interfering with it. What do you mean?!"

"Ah!" Wood Dolphin disdainfully said, "As long as this treasure has not been traded, the autonomy still belongs to this friend. As long as he doesn't object, what's the problem if I get it?"

"Besides, the highest bidder gets it! If my price is higher than yours, it will naturally be mine. Is this wrong?"

Wood Dolphin looked proud.

Then he looked at the man in blue shirt again: "Friend, do you have any objection?"

"hey-hey!!", the man in blue shirt smiled coquettishly.

Of course he had no objection, but he was embarrassed to speak.

This scene made Wu Dou even more proud.

This is the benefit of being rich!

Emperor Qin, a little god emperor, also wants to compete with himself?

He wants Zixing to take a good look today, how bad her vision is!

"Emperor Qin, do you want this bead?"

Wood Dolphin looked at Qin Feng proudly.

He didn't see the origin of the bead.

In fact, he didn't care what the bead was at all. He just wanted to get back the dignity and face he had just lost.

And in Purple Star In front of him, he humiliated Qin Feng to show his excellence.

"Emperor Qin, you want beads and you are haggling over the price. Don't you have enough money?"

"Ha ha!! I can understand! You are a little god emperor, and your resources must be limited."

"How about this! I'll give you a chance now. You and I have a battle, limited to ten moves. As long as you win, this bead is yours"

"If you lose, you can kowtow to me three times in the hall. And yelled three times 'I'm rubbish! '"

As soon as these words came out, the whole place was in an uproar.

Damn~!

This witch dolphin is obviously here to stir up trouble!

Even the Xiongzhaoh master who rushed over was stunned.

Isn't this witch dolphin a bit bullying?

He is The high-grade ruler is in the late stage.

Emperor Qin is the late god emperor.

There is a lot of difference between the two sides.

Emperor Qin must not be able to catch a single move, let alone ten moves?

This witch dolphin is really a vengeance!

He lost face in Purple Star, so he wants to get rid of it. Emperor Qin got it back.

Hey!

This Emperor Qin is going to be embarrassed!

Many people began to sympathize with Qin Feng.

In their view, whether Qin Feng agrees or not, there will be no good ending.

Qin Feng disagrees, That is giving in.

Doesn't this mean telling Zixing that he is not as good as Wu Dolphin.

If Qin Feng agrees, it will be even more fatal.

Wu Dolphin will definitely humiliate him in front of Zixing and the girls, and lose all face.

In short, no matter what Qin Feng does, there will be no good results.

Everyone naturally sympathizes with Qin Feng.

But they don't know that the corners of the Tianfu Star players' mouths twitched when they saw this scene.

Wasn't it right?

Did they read it correctly?

The witch dolphin actually asked Lord Qin for a bet?

This is going to be bad luck!

At this moment, Shenze, Feiming, Tianpeng and other high-ranking masters all became excited.

They had all fallen into the pit before.

Now, someone took the initiative again About to jump in.

They all looked gloating and waited for the show to begin.

Of course, they hoped that the witch dolphin would fall more miserably so that they could feel balanced.

"Boy, do you dare?" Wu Dou looked at Qin Feng with disdain, "You won't give in in front of your own woman, will you? If so, I will look down on you!"

Wu Dou dropped these words and blocked Qin Feng's retreat.

If Qin Feng disagreed, he would be really cowarded and become the laughing stock of the Five Pole Stars.

Qin Feng smiled coldly.

He waited This is the opportunity..

Chapter 612

Qin Feng smiled coldly.

This is the opportunity he was waiting for

"Witch Dolphin, there's no point in fighting like this. If you want to bet, let's bet fairly!"

"how do I say this?"

"That bead of yours is worth 30 pieces of Zhongtian Crystal! And there are also 30 Zhongtian Crystals here!"

Qin Feng waved his hand, and 30 Zhongtian Crystals appeared in front of him.

Everyone was moved!

Even Grave Sheep and Xiongzhao were a little moved.

This Qin Emperor is really rich!

They all underestimated it before.

What a God Emperor can do Such wealth is extremely rare.

Wu Dou was also horrified.

He could give out 30 Kuazhong Tianjing, which was already most of his net worth.

That was a decision he made on the spur of the moment.

I really didn't expect that. Emperor Qin can also get it

"Boy, what do you mean?"Wood Dolphin was a little puzzled.

Qin Feng sneered:"What I mean is very simple! I don't take advantage of your bets. We can make even bets, a fair bet! Whoever wins gets the other's bet, and the loser has to kowtow three times and shout that he is a pig!"

Wu Dou was startled.

This boy said something very brave!

Could it be that he really dared to bet with him?

The onlookers around him were also surprised.

They originally thought that Qin Feng would find an excuse to avoid the bet, but they didn't expect They would confront each other directly.

The development of the matter was beyond their expectation!

Wu Dou sneered:"Why don't you dare?!"

He doesn't think he will lose.

It's just that he doesn't understand. Everyone can see that Qin Feng will definitely lose.

Why does Emperor Qin dare to make a fair bet!

Not only he can't figure it out, but others can't figure it out either.

Just At this time, Qin Feng said again:"Since you are willing to make a fair bet! If we were a man, we would bet bigger and more thoroughly. Do you dare?

Wu Dou frowned:"Why don't you dare?" But how do you bet bigger?"

"Naturally, upping the ante!"

Qin Feng waved his hand, and four more black sky crystals appeared in front of him.

This time, the whole place was agitated.

"OMG! That's Heitianjing!"

"Wow! It turns out that Emperor Qin is so rich! Just now Wu Dou laughed at him for having no money, now he is going to slap him in the face!"

At this moment, everyone was shocked by Qin Feng's wealth.

The value of one Black Sky Crystal is comparable to one hundred Zhongtian Crystals.

Four hundred Black Sky Crystals is comparable to four hundred Zhongtian Crystals.

Such wealth , even the half-step star master couldn't get it.

This Emperor Qin was so rich!

The witches and dolphins were dumbfounded.

He looked at the beads in his hand, only 30 pieces of Zhongtian Crystal were exchanged for them, and Qin Feng's four pieces of black Compared with the Tianjing, it pales in comparison.

He was too embarrassed to take it out.

When he thought about mocking Qin Feng just now, he became even more embarrassed.

This slap in the face was a bit fast!

The people around him even started to murmur.

"I really can't tell! This Emperor Qin is so rich!"

"yes! Now I finally understand why Emperor Qin was selected when he was only in the later stage of the Emperor's reign. It turned out to be based on connections."

"That's right! He must have a big backer behind him, otherwise he wouldn't be so rich. No wonder, with such low cultivation, he is favored by so many female masters"

"Hey~! It's so irritating that people are so different from each other!"

For a time, countless people looked at Qin Feng with envy, jealousy and hatred.

Even Xiongzhaohao and Grave Sheep were no exception.

At the same time, they were even more afraid of Qin Feng.

They did not dare to offend someone who had a backer.

But in their fear, they also looked down on them.

In their view, things that were not obtained by relying on one's own strength were ultimately despised.

That kind of contradictory mentality engulfed everyone's soul.

At this time, Qin Feng said proudly: "Witch Dolphin, this is how big our bet is! Do you dare to bet?"

"this....", Wu Dou hesitated.

He can't afford such a big bet!

To be honest, he was a little scared.

He didn't know how long he had to fight for such a huge bet before he could afford it.

Not to mention anything else, it took him countless years to save the thirty Zhongtian Crystals alone.

He didn't know that the Netherworld Crystal in his hand was worth dozens of Black Sky Crystals.

It's just that he doesn't know the goods!

That thing is what Qin Feng must get.

"Is this...is the stake too high?", Wu Dou swallowed his saliva.

Qin Feng sneered: "Is it possible that the wealth of a top-level master like you is not as good as that of a small god emperor like me? But from what you said just now, you should have more resources than me! You weren't bragging just now, were you?"

As soon as these words came out, everyone looked at Wu Dou.

Wu Dou's face was full of embarrassment and his expression was a little unnatural.

Unexpectedly, his pretense was kicked to the iron plate, and Qin Feng counterattacked an army. Now he is a little unable to get off the stage.

Just now. At this time, Qin Feng took Zixing's slender waist and whispered affectionately into Zixing's ear for a while.

After hearing this, Zixing laughed so hard that her branches trembled, and glanced at Wu Dolphin intentionally or unintentionally, full of ridicule..

The witch dolphin suddenly felt humiliated and jealous.

The people around the Divine Assistant Star frowned.

This Qin Emperor is a bit arrogant!

He just relied on his wealth to mock their witch dolphin master like this.

A small god emperor, Can you also use money to humiliate the master?

At this moment, the anger of the people in Shenfu Star was aroused.

Even the people in Jumen Star and Earthquan Star showed strange expressions.

They only worshiped people with strength.

Emperor Qin This little god-emperor relied on money to suppress a master, which impacted their values and made it difficult for them to accept.

At that moment, Grave Sheep's figure flashed and came to Wu Dolphin

"snort! Is having money a big deal?", Grave Sheep sneered.

"Witch Dolphin, you bet with him! The bet is not enough, I will help you raise it!"

"ah~! ", Wu Dou was a little surprised.

He was a little nervous about such a big bet.

At this moment, the voice of the grave sheep rang in his ears

"Witch brother, didn't you see it? That kid didn't dare to bet with you, so he deliberately raised the stakes so high to scare you away. In this case, we will use the trick to win against him! Make him regret it!"

"Woolen cloth!"

Wu Dou suddenly realized, with a look of surprise in his eyes.

That's right! How could he, a high-ranking master of the late stage, not be able to defeat a late God Emperor?

That's absolutely impossible!

This kid wants to scare himself away with a bet, but it's just a dream.

This time , even if he risked his life, he still had to collect the bets to make this kid regret it!

This thought made Wu Dou's confidence greatly increase

"Boy, just bet! Do you think I can't collect the bets? However, you can't go back on what you said!"

Qin Feng was secretly happy, this guy took the bait.

"Of course I won't regret it! As long as you can collect the bets, I will bet against you immediately. If you are worried, you can find a notary and we will make a gambling contract in public!"

"good!" Wood Dolphin was delighted, "I would like to trouble you to find a witness for the master of Xiongzhaoh! Also, everyone present, please be a witness!"

"no problem!", Xiongzhaoh readily agreed.

"Lord of the Witch Dolphin, don't worry! We are all watching! We won't let him deny it!"

The people around also agreed with a bang.

Everyone wanted to see this good show.

Many people even hoped that Wu Dolphin could attack Qin Feng.

Qin Feng, a god emperor, had so many resources, which made them feel a little unbalanced.

Wu Dolphin I'm so happy.

It turns out that such people support me!

"Boy, just wait until I collect the bets!"

Wood Dolphin waved his hand and displayed all the treasures in his storage ring.

There were thousands of white crystals in total, several half-step dominator level treasures, and two Zhongtian crystals.

"All the treasures in my storage ring are here. Brother Xiongzhaoh, please evaluate it. How much is it worth?"

Xiong Zhao looked at it and evaluated:"Including that strange bead, it's equivalent to 50 Zhongtian Crystals. Dear Qin Huang, do you agree?"

Qin Feng nodded slightly:"Approved!" However, it is too different from my bet"

"And mine too!"

Grave Sheep waved his hand, and a piece of Black Sky Crystal, twenty pieces of Zhongtian Crystal, and more than 10,000 pieces of White Sky Crystal were displayed.

Everyone around was moved.

The background of the top-level master of Dzogchen is different, and his wealth is terrifying!

What's more, Graveyard Yang is the second strongest person in the Divine Auxiliary Star, so the rewards from the trial are naturally quite a lot.

In fact, this is Graveyard Yang's entire net worth.

In order to help the Witch Dolphin, he completely bet on it.

Qin Feng sneered:"It's not enough!"

"Let me join in the numbers!"

At this time, a rough voice sounded from behind the crowd.

A black-faced strong man appeared.

"Lord Kuiyan is also here!"

The onlookers around were shocked.

The black-faced man was called Lord Kui Yan. He was the third master of the Divine Auxiliary Star, and his cultivation was at the peak of the late stage of the high-grade Lord. As soon as

Lord Kui Yan arrived, he waved his hand.

One black sky crystal, ten pieces Zhongtian crystal, thousands of white crystals.

Lord Kuiyan also bet all his wealth on it

"not enough!", Qin Feng is still calm

"And there we are!"

At this time, more than 200 Divine Auxiliary Star players came one by one.

Some collected more than a thousand white crystals, some collected hundreds, and some even took out one or two Zhongtian crystals.....

The scene is amazing!

Surprises all around!

The people of this Shenfu Star are really united!

The witch dolphin was greatly moved, took out the jade talisman, and wrote down the list and quantity of everyone's names one by one.

"Thank you all colleagues for giving Wu some face! I have recorded all the amounts you have contributed. When I win this game, I will return them one by one. These are the quantity lists. Can you see if they are correct?"

Wood Dolphin also sent all the lists.

The players of the gods' auxiliary stars secretly compared them, and they were all correct.

"Lord of the witch and dolphin, you don't have to worry about these things, just feel free to bet and fight!"

Many of the Divine Assistant Stars said hypocritically polite words.

The Witch Dolphin said proudly: "Okay! Everyone, when I win, not only will I return your money, but I will also give you dividends!"

"Ha ha!! Brother Wu Dou, we are optimistic about you!"

The players of the God's Auxiliary Star laughed loudly.

It was as if victory had waved to them.

This time, they spent most of their wealth in order to support Wu Dolphin.

If they lose, the players of the entire God's Auxiliary Star will be miserable.

But They were not aware of the crisis.

How could a high-level master lose to a god emperor?

If that were the case, it would be a huge joke!

Not only the people from the Divine Auxiliary Star thought this way, but also the players from the Jumen Star and the Earth Power Star..At this moment, the people from these two polar stars all looked at Qin Feng with sympathy.

This Emperor Qin showed off his wealth too much, and he was going to be in trouble this time!

Contrary to what everyone else thought, the players from Tianfu Star all snickered secretly..

Especially those high-ranking masters, they almost laughed out loud, with gloating hidden in their eyes.

This time, Lord Qin is going to trick the people of the Death God's Auxiliary Star, especially the Dolphins.

"Brother Xiongzhao, please evaluate now, are my bets enough?"

Wood Dolphin asked confidently

"That's enough!", Xiongzhao looked envious, "Not only is that enough! It also exceeds the value of a black sky crystal. Do you want to take some of it back?"

"No need!"

The witch dolphin waved, and all the items were put into a storage ring.

"Emperor Qin, be careful, all bets are on this storage ring. These bets are worth more than you take out. I'll bet you on this! I want you to know that without strength, no matter how much money you have, it's useless!"

Wood Dolphin proudly showed off the storage ring.

Qin Feng smiled playfully and said: "Are you sure you don't want to take back some of it? You must have more than me?"

"Sure!" Wood Dolphin smiled proudly, "That's all! By the way, we can sign the contract now, don't you stop making excuses to refuse!"

"good! Just sign it!"

At that moment, the two people completed the gambling contract.

Everyone around them became excited.

Such a huge bet!

They came to see each other in person.

Even Shenzawa and others were stunned.

The bet of the witch dolphin was comparable to five black sky crystals. The reward for first place in their trials is two or three times

"Boy, are you ready?"The witch dolphin put on the storage ring.

The onlookers all around started talking excitedly.

"I really didn't expect that! The witch dolphin master really got his bets together!"

"Is Emperor Qin's intestines full of regret now?!"

"hehe! A late-stage God Emperor who relies on his background will eventually expose his weaknesses!"

"hey-hey!! I'm still waiting for Brother Wu Dou to give me dividends!"

The spectators of the three pole stars are not optimistic about Qin Feng.

The people of Shenfu Star are even more gloating, waiting for dividends!

Qin Feng looked at Wu Dou calmly:"Let's start!"

As soon as these words were said, the whole place immediately fell silent.

The gambling battle they were looking forward to finally started.

"Ha ha!! good!"

Wu Dou laughed loudly, took the lead, and punched Qin Feng. The powerful force surged up, covering the sky and the sun, covering the whole place...

The huge fist, infinitely enlarged, was like a small planet, hitting Qin Feng. Wind, destroying heaven and earth.....

"So strong!"

Countless people exclaimed!

At this moment, Wu Dou unleashed his full blow.

He was about to blow Qin Feng away with one punch!

He wanted Qin Feng to lose all face in front of his woman!

At this moment, Qin Feng finally moved.

I saw him throw out a fist casually, and golden light bloomed in the fist...

Wherever the light went, countless spaces were shattered.....

Before people figured out what was going on.

There was a loud bang!

Qin Feng blasted the witch dolphin into pieces with one punch. Blood mist filled the sky, and screams echoed in the air...

Qin Feng waved his hand, and a storage ring flew out of the blood mist and fell into his hand.

Ha ha!!

The bet is in!

There was shock all around!

Oh My God!

A god-emperor instantly destroyed a high-grade master?!

The whole place became extremely quiet!..

Chapter 613

At this moment, the air is freezing!

There was silence all around!

Everyone couldn't believe their eyes!

People from Jumen Star and Diqun Star looked at Qin Feng in shock.

There was awe in his eyes!

At this moment, they all recognized Qin Feng.

I admire you from the bottom of my heart!

This is the sense of value in the world where strength is respected!

But everyone in Shenfu Star collapsed!

When Wu Dolphin lost, they were all miserable, and many people lost all their wealth.

At this moment, hundreds of people looked ashen.

Fengyang and Kui Yan even looked pale.

In order to support the witch dolphin, they staked all their wealth on it.

This time they all lost everything!

Qin Feng's power was beyond their expectation!

"impossible! This is absolutely impossible!"

At this moment, roars continued in the blood mist.

After a moment, the blood mist condensed, and the witch dolphin resurrected

"Boy, you must be cheating! Return the storage ring to me quickly!"

Wood Dolphin's eyes were red, and he pounced on Qin Feng again.

Everyone frowned.

This guy can't afford to lose!

"you wanna die!"Qin Feng was furious.

In an instant, his murderous intention burst out, and the phantom of the sea of blood appeared.....

The aura that destroys the world unfolds!

"not good!", Grave Sheep exclaimed.

He saw that Qin Feng had murderous intentions.

"stop!"

Grave Sheep jumped in front of Qin Feng.

He wanted to stop Qin Feng from killing him.

"roll!"

Qin Feng raised his hand and punched the Grave Sheep until it vomited blood and flew backwards.

Damn it~!

Everyone was shocked!

Everyone was dumbfounded!

Oh my God!

The Grave Sheep is different from the Witch Dolphin.

He is a top-grade one. The master of the Great Perfection, ranked second among the players of the Divine Auxiliary Star, was much stronger than the Witch Dolphin.

But unexpectedly, he couldn't even catch one of Qin Feng's moves.

Emperor Qin was much stronger than they imagined.!

At this moment, everyone was shocked.

Even the people in Tianfu Star were stunned.

Lord Qin Huang became stronger again!

Shenze and others looked at Qin Feng's back, showing deep fear.

At this moment , they realized more deeply that Qin Feng was terrifying, far beyond their imagination.

Even the Master of Xiongzhao looked serious.

He is the strongest person in Jumen Star!

He was confident that he could blow away the grave sheep with one punch.

Originally, He thought he was the third-ranked master among the five pole stars.

The only two perverts left in front of him were the two perverts Ziweixing.

But now it seems that he was too optimistic.

This Emperor Qin had already threatened him. Three positions.

He didn't know that Qin Feng's attack just now did not use the combination of the five polar stars.

That was not Qin Feng's strongest state.

At the same time, the witch dolphin had arrived in front of Qin Feng.

Qin Feng punched The blast of the grave sheep scared him so much that he suddenly woke up. Only then did he realize that he had been reckless, so he turned around and ran away in fear!

"Where to escape?!"

Qin Feng grabbed it with one hand and turned it into a towering hand. He grabbed the witch dolphin at once and crushed him into a bloody mist. The screams echoed in the square again!

Countless people were moved!

At this time, the witch dolphin He was also very angry.

He was injured many times, and his cultivation was damaged.

In the blood mist, he roared:"Emperor Qin, if you lose, you lose! Where are you staying? Why are you blasting my body repeatedly? Is it possible that you can still kill me? Do you think you are the Star Lord?"

"good! as you wish!"

Qin Feng was furious and punched the air again, crushing the remaining soul in the blood.

The witch dolphin screamed again! But the people around him frowned in confusion.

You know, when the masters fight, it is almost impossible to kill each other. , sealing the opponent at most.

If you want to kill a master, you have to take action at least half a step.

Emperor Qin has the upper hand, why doesn't he seal it and continue to attack?

Just when people were confused, a clear cry resounded throughout the audience..Buzz

~!

Qin Feng's whole body is full of blood!

In the small universe, the endless sea of blood and the reincarnation disk are excited at the same time.

The witch dolphin's physical blood mist and soul fragments are madly sucked into the small universe, and are swallowed by the sea of blood and the reincarnation disk. Got to be clean

"not good!!"

Wood Dolphin's true spirit sensed that something was wrong.

As soon as his blood mist and soul fragments entered the small universe, they completely cut off contact with him.

He felt that his vitality was disappearing rapidly!

The true spirit mark was weakening!

Death is approaching!

If this continues!

He will die completely!

Boundless fear suddenly surged into his heart

"don't want! Do not kill me! Lord Qin, don't kill me!"

The witch dolphin started wailing!

The cry moved the sky!

Everyone around was shocked!

They clearly felt that the life breath of the witch dolphin was disappearing quickly.

Emperor Qin could actually kill the master!

My God!

This is too scary Come on!

Grave Sheep had just returned. When he saw this scene, he turned pale with fright and did not dare to step forward to stop him.

Even Xiongzhao looked at Qin Feng with a look of fear.

Before, he wanted to compete with Qin Feng The third of the five pole stars!

Now, he no longer has this idea, but is afraid of Qin Feng.

This Emperor Qin is too terrifying!

Let's leave it to the two perverts Ziweixing to deal with!

After cultivating to the level of dominance, generally I regret my life!

Real death!

The fear it brought to them was heavier than that of ordinary people.

They had not felt the threat of death for a long time.

At this moment, Qin Feng let them witness it.

Everyone looked at Qin Feng and their eyes changed. They must be afraid, as if they were seeing the Half-Step Star Lord.

This is the person who can really kill them!

"Lord Qin, don't kill me! Please don't kill me! I was wrong! I was really wrong!"

The witch dolphin howled like a dog and kept pleading.

The whole audience stared at it in a daze, not daring to breathe. No one dared to go up and try to dissuade him.

This time, not even the grave sheep dared to intervene.

He stood there in a daze. , a little dumbfounded...

In the blink of an eye, Qin Feng swallowed up the flesh essence and soul fragments of the witch dolphin.

The flesh essence and soul fragments of the top-grade master are great supplements for Qin Feng.

His battle The power was unexpectedly increased to 17,000 yuan, a full increase of 20 million in combat power.

In fact, more energy was absorbed by the sea of blood and the reincarnation disk itself.

As long as these two treasures absorb enough With the energy, he can advance himself.

How cool!

Qin Feng opened his eyes happily.

There was only one light ball left in his hand.

That was the true spirit light ball of the witch dolphin, and the witch dolphin's energy was still coming from it. Begging for mercy.

As long as Qin Feng crushes this ball of light, the Samsara Heavenly Disk can swallow it up completely.

By then, the Witch Dolphin will be completely dead.

Qin Feng smiled coldly and was about to crush it.

In the field An old man's voice sounded

"Little friend, let him go!"

While he was talking, a white-haired old man appeared in the field.

With a finger, he blocked all time and prevented Qin Feng from crushing. As soon as the old man appeared, the whole audience was moved.

He was actually a low-level star master.

In fact, The old man is the leading star master of Shenfu Star - Baiyun Star Master.

At this moment, the light and shadow around Qin Feng flashed, a beautiful figure appeared out of thin air, and the fragrance came to his face.

Qin Feng took a gentle sniff, and the fragrance smelled It felt familiar and comfortable.

He turned around and saw that Lord Xuanxi was indeed here

"Qin Feng, just let him go! Xuan

Xi said with a smile, showing her beautiful white teeth.

She looked at Qin Feng with a smile, and her beautiful eyes showed unabashed appreciation.

The more she looked at this brother, the more she liked him. It was really terrible!

Xuan Xi even asked for mercy. , Qin Feng naturally wanted to give this face.

He waved his hand, and the wizard dolphin's true spiritual light flew towards the Baiyun Star Lord.

"Hey~! There's only so much left!"

Baiyun Star Master shook his head and sighed.

Then, he looked at Xuan Xi depressedly.

"Star Master Xuanxi, why did you stop me just now? If you didn't stop it, the witch dolphin wouldn't be so miserable! Xuan

Xi said angrily:"Then you have to ask the grave sheep?"

Grave Sheep was startled.

What does this matter have to do with him?

Star Lord Baiyun was also puzzled:"It has something to do with him? Xuan

Xi sneered:"Then you have to ask him, what did he do when Wu Dou attacked for the second time?"

Grave Sheep was depressed.

He intervened because he didn't want Wu Dolphin to suffer, but he didn't expect it to end up like this.

At that moment, he bit the bullet and said, "Lord Xuan Xi, I am Wu Dolphin's sworn brother. In such a critical situation, it makes sense to lend a hand, both emotionally and rationally, right? Xuan

Xi smiled slightly: "What you said makes sense!" What a coincidence. I am Qin Feng's sworn sister. If you can help Wu Dou, I can naturally help Qin Feng....."

"Forehead.....", Grave Sheep was stunned.

People around him also took a deep breath.

This Emperor Qin is really destined for women!

Such an extremely beautiful Star Master Xuan Xi is actually his sworn sister. It makes sense to be so partial.

"OK! This matter is over!", Baiyun Star Lord was a little irritated. What he was irritated about was Wu Dolphin, a troublemaker, who caused misery to the entire Divine Auxiliary Star players!

The next second, he waved his hand, and the True Spiritual Light group surged.

In the blink of an eye, Wu Dolphin's soul was reshaped, The body was reborn and resurrected again.

But as soon as he was resurrected, he started wailing loudly

"Oh my God! I...my cultivation level....."

At this moment, Wu Dou's face turned horribly pale.

His cultivation actually dropped to the level of a mid-level master.

The people around were also dumbfounded!

Then everyone shook their heads and sighed.

This witch dolphin is really miserable!

Not only did he lose the bet, but his cultivation also plummeted.

With the cultivation level of this middle-grade master, it is almost impossible for him to enter the inner area of the Holy Land.

At this moment, Wu Dou's heart was filled with despair, and he was completely stunned..

Chapter 614

"Why! You are also to blame!", Baiyun Star Master sighed.

Wu Dou's damage this time was not only his cultivation, but also his soul. If he wanted to return to a high-level master, it would take at least thousands of years of hard work.

But this happened before the Holy Land was opened.

He was going to miss a great opportunity.

Speaking of which, he only acted like this after provoking Qin Feng.

Thinking of this, Star Lord Baiyun looked at Qin Feng curiously.

This young man obviously only had the cultivation level of the God Emperor, but he actually had the means to kill the Lord. It was not simple. Ah!

Star Lord Baiyun secretly marveled

"Hello! If you lose the bet, hurry up and kowtow to my father. Remember to keep your word!"

Baobao's reminder caused a commotion all around.

The previous gambling battle did have such a rule.

Everyone looked at Wu Dou.

At this moment, he became the focus of the field again.

Wu Dou suddenly felt humiliated and a little unwilling.

Bai Yunxing The Lord sighed:"The witch dolphin suffered heavy losses this time and has received the punishment it deserves. In my opinion, let's forget it!"

But just as he finished speaking, a mysterious and powerful thought appeared in the air, exuding an aura of supreme nobility.

Then, a clear and beautiful voice sounded in the air.

The voice was not loud, but it echoed in everyone's mind.

"No rules no standards! Since it is an agreed thing, then do it as agreed!"

Hearing this, everyone looked up into the sky, but did not see anyone.

"It's Ziwei Xingzun's voice!"

A whisper rang out from the crowd.

Star Lord Baiyun quickly saluted Void:"I will obey the Holy Order of Star Lord!"

Seeing this scene, everyone in the venue was horrified.

It turned out that everything that happened here had been seen by Ziwei Xingzun.

After a moment, the thoughts in the air disappeared.

Everyone felt relieved.

Everyone knows that Ziwei Xingzun took back Thought

"Wu Dolphin, you must understand what Ziwei Xingzun means! Do it as agreed!"

Lord Baiyun was helpless.

Bang~!

Bang~! Bang~! Bang~!

Wu Dou immediately knelt down in front of Qin Feng and kowtowed three times in a row.

"Lord Qin, I was wrong! I am a pig! I'm really a pig!"

Now, Wu Dou's intestines are full of regret.

If he knew Qin Feng's strength, he would never do this.

Now, he has lost all face and has become the laughing stock of the five pole stars.

"From now on, you and I will not know each other when we meet!"

Qin Feng was too lazy to talk nonsense and turned around to leave.

Xuan Xi smiled slightly, turned around and followed.

Baiyun Star Lord shook his head slightly and disappeared in a flash.

After a while, Fengyang and Kui Yan also left.

Only the ones left in the field were The witch dolphin knelt down in embarrassment

"Lord of the Witch Dolphin, as you said, we collected the bet for you, and you have to pay it back!"

"yes! And mine!"

"Mine, remember to return it!"

Those Shenfu Star players left one by one after saying a word.

Their money was basically lost by Wu Dou, and there was no use staying here.

Wu Dou was even more desperate to cry without tears.

Not only did he lose this time , and still owe a lot of debt.

It's so damn good!

He also wrote down the list number one by one, and sent it to all the players of the Divine Auxiliary Star. He can't even think about defaulting on the debt.

His life is over.....

At the same time, in a temple hall.

A woman with extremely beautiful facial features and extremely noble temperament is holding these hands on her back and looking at the magical mirror in front of her.

The picture that appeared in the spiritual realm was the picture of the resource exchange venue.

This beautiful and noble woman is the most powerful person in the Star Alliance - Star Lord Ziwei.

Behind the Ziwei Star Master, there were four people standing, all of them with auras as deep as the abyss, and full of majesty.

The Lord of Tianfu Star was suddenly among them.

These four people are the other four giants of the Star Alliance: Jumen Star Master, Shenfu Star Master, Tianfu Star Master, and Earthquan Star Master.

At this moment, they were all staring at the magic mirror.

They had seen everything Qin Feng and others had done before.

The Jumen Star Master and the Earthquan Star Master were a little shocked.

The Divine Assistant Star Master looked ugly.

The Tianfu Star Master was filled with excitement.

This time, Qin Feng shocked him again.

He actually knocked away the grave sheep with one punch, and also possessed the secret technique of killing the master.

The strength this boy showed was stronger than he imagined!

It's really embarrassing for myself!

"Tsk tsk!! Tianfu, you are lucky! To find such an outstanding little guy!"

"yes! Tianfu, you are going to feel proud this time. Where did you find such a little monster?"

Both the Jumen Star Master and the Earthquan Star Master are extremely envious.

"Ha ha!! luck! It's just a matter of luck!"

Tianfu Star Master stroked his beard and laughed, the pride in his eyes hard to conceal.

"Ah! Although this little guy is excellent, his murderous intent is too strong and he still needs to be polished!"

The tone of the Lord of Shenfu Star was sour.

He admitted that Qin Feng was very good.

But this little guy made the players of Shenfu Star so miserable, which made his face look dull!

The Lord of Tianfu Star quickly defended:"Shenfu Star , you can't say that. This incident was initiated by the witch dolphin. Even if he loses in the end, he will continue to fight, and everyone will be angry....."

The Divine Assistant Star Master rolled his eyes:"Then we can't kill him, right? After all,....."

"OK!", Ziwei Star Lord interrupted the dispute between the two,"This matter has come to an end, don't mention it in the future!"

"yes!"

Tianfu Star Master and Shenfu Star Master respectfully promised

"You all go back! Brother Tianfu stays!"

"yes! Big Star Lord!"

The Star Lords bowed briefly and then disappeared out of thin air.

At that moment, only Star Lord Ziwei and Star Lord Tianfu were left in the field.

"Brother Tianfu, this Qin Feng is the only Emperor Qin who has completed a special promotion as you mentioned before, right?"

"right! it's him!", Tianfu Star Master looked proud.

"This Qin Feng is indeed an outstanding talent. With his current strength, only Yu Chen and Gui Che should be able to suppress him. Your Tianfu Star is expected to take second place this time."

Ziwei Star Master is also full of praise for Qin Feng.

Yuchen and Yao Chen are the two seed players of Ziwei Star who will participate in the battle tomorrow.

The cultivation of these two people is the peak of the Great Perfection of the top-grade ruler.

Each has a combat power of 250,000 Beijing. One is 230,000 capital, both of which are extremely extraordinary.

In fact, Ziwei Star Master feels that Qin Feng's potential exceeds that of Yu Chen and Yao Chen.

However, Qin Feng's cultivation level is too low and he has not yet grown up.

"The Great Star Master has received the award! To be honest, this Qin Feng is extremely extraordinary. Previously, our Tianfu planet had an auspicious sign of talents coming from the sky. I suspect that it was the appearance of Qin Feng!"

"And such things!", Ziwei Star Master's beautiful eyes lit up.

Only those who can become top-grade Star Masters will have auspicious signs.

Could this Emperor Qin be a top-grade Star Master?

This thought made Ziwei Star Master excited.

Now, the Star Alliance There are five high-grade star masters.

If there can be one more high-grade star master, the strength of the Star Alliance will be greatly increased.

Having said that, although Yu Chen and Yao Chen are both excellent, their potential is only at the low-grade star master level.

So. In comparison, Qin Feng seems precious.

It has been tens of billions of years!

Will the Star Alliance finally produce top-grade Star Master talents?

Could it be that the Star Alliance's luck is coming!

When he thinks of luck, Ziwei Star Lord looks towards Tianfu Star Lord

"Brother Tianfu, how is the luck of Emperor Qin??"

"this.....", Tianfu Star Master muttered, "I think he should be a person with good luck. I can't tell exactly how it is!"

Ziwei Star Master nodded slightly.

Neither she nor Tianfu Star Master knows the art of looking at Qi, so naturally they can't tell. We can only guess from some details.

"If you want to become a high-grade star master, you need at least a high-grade orange-level luck protection. I hope that Qin Feng's luck will not be too bad!"

Ziwei Star Master is a little worried.

If there is insufficient luck, even if the potential is sufficient, it will be difficult to achieve the position of top-grade Star Master.

Tianfu Star Master smiled and said: "What is Qin Feng's luck? Tomorrow's five pole star ranking conference will be held I can roughly tell"

"That's right! Just wait and see tomorrow!"

The two chatted for a while, and then the Tianfu Star Master left.

At that moment, only the Ziwei Star Master was left in the hall.

She was pacing back and forth, as if thinking.

After a while, she came to the mirror.

This The divine realm is called the Divine Mirror of Creation, which is one of the natal treasures of the Lord Ziwei and has many wonderful uses.

"This Qin Feng is a talent! Why not, check to see if he will become a high-grade star master in the future!"

Ziwei Star Master muttered in her heart.

The more she thought about it, the more curious she became about Qin Feng's future.

And her mirror of creation can peek into some fragments of the future.

However, this kind of spying can only target one person at a time, and it also needs to be It consumes a lot of merit.

Merit is precious!

She will not easily activate this magical function if it is not necessary.

But now, she is full of curiosity about Qin Feng's future.

At the moment, she pours a golden light into the magical mirror and inputs 10,000 merit points.

God of Creation The mirror showed no reaction, like a mud cow sinking into the sea.

Ziwei Star Master was stunned.

Generally speaking, 10,000 merits can peek into a certain segment of the low-grade star master's future.

This time, why did it fail?

Is the merit not enough?

Ziwei Star Master has Injecting 50,000 merits!

Still ineffective!

She was surprised!

50,000 merits can be spied onPinxingzhu.

Is it possible that Qin Feng's value is comparable to that of a high-grade star master?

She quickly injected 100,000 merit!

But the divine mirror only shone a little brighter, and then dimmed again.

Star Lord Ziwei was completely dumbfounded!

100,000 merits can spy on high-grade star masters, why is it not enough?!

Is Qin Feng more important than a high-grade star master?

Lord Ziwei bit her red lips and injected another 200,000 merits.

Anyway, she has already wasted a lot of merit and doesn't mind wasting some more.

She was unwilling to understand some of Qin Feng's future.

As soon as 200,000 merits were input, a sudden change occurred.

Buzz~!

The divine mirror is clear!

Emit a boundless light!

Red light penetrates the sky!

The next second, a picture appeared in the Divine Mirror of Creation.

When Star Master Ziwei saw the scene, her pretty face turned red.

In the picture, Qin Feng was naked, lying on a woman with an excellent figure, doing the most primitive and shy thing for human beings.

How weird!

How could you see such a scene?

Speaking of which, Qin Feng has such a good figure!

Lord Ziwei looked away from Qin Feng and looked at the woman under Qin Feng.

Seeing this, she almost vomited blood!

That woman turned out to be herself..

Chapter 615

This...how is this possible?!

Ziwei Star Lord was in a mess.

She was fucked by a god emperor!

How can this be?!

At this moment, his own singing and crying begging for mercy came from the screen.

But Qin Feng had no intention of letting go. He was still vigorous and fighting hard.....

He was still crying, saying that he had been like this for seventeen days and couldn't stand it anymore...

The Master Ziwei blushed with shame and couldn't stand it anymore...

How could he be like that?

Qin Feng had been beaten by Qin Feng for seventeen consecutive days...

At this moment, the picture automatically dissipated and everything turned into nothingness...

The Master Ziwei blushed and breathed a long sigh of relief.....

The scene just now stimulated her heart so much.

Looking back at the picture, I surrendered and begged for mercy, letting myself be manipulated by others, which I couldn't accept and couldn't imagine.....

Thinking of this, Star Master Ziwei shyly closed her long legs.....

Hey~!

A long sigh!

She gradually regained her composure and looked as normal.

The Mirror of Creation shows a fragment of the future.

But she couldn't accept this future!

She couldn't accept that kind of future!

I think she is the pinnacle of a high-ranking Star Lord, the strongest person in the Star Alliance, and a supreme being respected by the entire universe!

How could she be conquered by a subordinate?!

What's more, this subordinate is just a small god emperor.

What's even more irritating is that this little god-emperor is still a playboy and already has several female companions.

Do you want yourself and those women to serve this man together?

This is simply nonsense!

The more Ziwei Star Master thought about it, the more annoyed he became.

She is ambitious and has always wanted to conquer the Demon Realm, the Heaven Realm, the Ancient Realm, and the Loose Cultivator Alliance, unify the entire universe, and become the supreme being in this universe.

She never thought she would surrender to a man.

Not even with other women.

She was meant to be unique! fine!

That's just a sign of the future!

That can be changed!

She changed the trajectory of her destiny and could not let herself fall under Qin Feng.

It's just that she can't figure it out. That Qin Feng is just a god emperor. It's hard to say whether he can truly become a high-grade star master.

By what means can he conquer himself? never mind!

Don't think so much!

She wants to change the trajectory of this future.

Qin Feng, this man should be his in the future.

She won't hurt him, but she will stay away, try not to get close to him, and don't give this man any chance.

She believes that the future can be changed because fate itself is changeable.

Destiny is a fixed number, destiny is a variable.

A fixed number plus a variable, that is, fate, is above everything else, even above cause and effect.

It's just destiny that can be followed, but destiny is unpredictable.

Therefore, there is the Divine Seal of Destiny in this world, but there is no Divine Seal of Destiny.

The only thing favored by destiny is the divine seal of creation.

What she realized was the divine seal of creation.

Over the years, with the help of the Divine Seal of Creation, she has continuously improved her luck, and has reached the limit of medium red level luck.

There is only a slight difference between her luck and her luck reaching the upper level red level.

The stronger your luck, the stronger your ability to control your own destiny, and you can even get rid of the shackles of destiny.

As long as she one day breaks through to the superior red level luck, she can change that future and not become Qin Feng's woman or Qin Feng's plaything.

Thinking of this, Star Master Ziwei breathed a sigh of relief.

But somehow, she felt a little conflicted in her heart.

That kind of contradiction is that she is willing to be Qin Feng's woman.

She knew that it was destiny, and she had to cut off this hateful thought.

She is also confident that she can do it.

In this universe, if anyone could be the first to achieve superior red-level luck, it should be her.

Even the mysterious Fengtian Sect, no one can do it.

That's right!

There is also a mysterious man!

Star Master Ziwei thought of another thing.

Not long ago, a mysterious man's luck reached the upper red level, shocking the entire universe.

But no one knows who it is!

This incident also depressed her heart.

Afterwards, she secretly inquired and found out that the person was not the Demon Lord, God, or Ancient Lord, nor was he someone from the Fengtian Sect.

This made her confused about who the other party was.

In fact, this incident not only made her feel stressed, but other forces were also shocked.

Apart from that mysterious man, she has the best luck in the world.

As long as her luck is higher than Qin Feng, she is not afraid even if Qin Feng also has red-level luck.

She can still change her destiny.

She will never fall into Qin Feng's woman!

The more Ziwei Star Master thought about it, the more confident he became.

She didn't know that the mysterious man who had reached the upper level of red level luck was Qin Feng.....

But on the other hand, Qin Feng returned directly to his residence after leaving the exchange meeting.

This time, he entered the small universe.

Today, the entire small universe is prosperous.

Thanks to the efforts of the shadow clones, Nishan, Luo Li, Liu Yan, and Shangguan Yunxi, one-third of the ordinary people on earth have taken the reagent.

There are 20 million more elemental masters on the five polar stars. They are comprehending the heavenly monument of creation.....

In order to better live on the five pole stars, the White Tiger Emperor and others led a large number of subordinates to build hundreds of towns.

The popularity in the small universe is rising rapidly, one day at a time.

Qin Feng also felt that the twelve earthly branch sacred flags hidden in the small universe finally made some movement...

They were operating subtly, linking the breaths of tens of millions of cultivators.....

This scene surprised Qin Feng, and he also had an understanding in his heart.

He knows this is a good thing.

According to this development, sooner or later he will be able to realize the Divine Seal of Destiny.

In short, he was very satisfied with the prosperity of the small universe.

He looked at his merit score and found that it had increased to 170,000 unknowingly...

Then, Qin Feng entered the Heavenly Palace.

At this moment, there is a living room in the palace.

Qin Feng took stock of this harvest and almost smiled crookedly.

This time, he made a lot of money.

Now, he has 6 black sky crystals alone on his body, and even more Zhongtian crystals. It has reached 107, and there are more than 900,000 white crystals...

These resources are so abundant!

Now, just wait for his three flowers to gather together, he will be able to digest these resources crazily, and his strength will explode again.....

"The Master Yuchen of Ziwei Star has a combat strength of 250,000, and the Master Yaochen has a combat strength of 220,000. They are both difficult to deal with!"

Qin Feng murmured in his heart while putting away the storage ring.

When he came back, Xuan Xi told him this information on the way.

Those two guys are not only powerful in battle, but also have powerful divine seals.

In addition , In addition, these two people also refined the Golden Wheel of Merit, both of which are at the seventh level.

Xuan Xi analyzed it for him and found that with his current combat power, he should be comparable to Xiong Zhao.

But Xiong Zhao could not make a single move in Yao Chen's hands, and even more Not to mention comparing with Yuchen.

Judging from the current situation, Tianfu Star can only strive for second place. It is too difficult to win the first place.

But Qin Feng is not willing to accept it. He wants to win the first place.

No matter Xuanxi or Tianfu The Star Lord was very kind to him.

Naturally, he wanted to strive for the best interests of Tianfu Star.

He was a person who must avenge his revenge and repay his kindness.

Besides, Xuan Xi had misjudged his strength.

He was He took action and did not use the combination of stars, so he was naturally underestimated.

Thinking of this, Qin Feng waved his hand, and the space in front of him fluctuated, and a beautiful figure appeared.

"Owner! What do you want with your little slave girl?"

When Yu Qilin saw that there was no one around, he thought that Qin Feng wanted to enjoy her. His eyes were as charming as silk, and he was so charming.

"You girl...."

Qin Feng smiled and hugged her waist, pulled her into his arms, and filled his arms with fragrance.

"I have something serious to do with you!"

"What's going on?"

"Take these Zhongtian Crystals!"

Qin Feng waved his hand, and ten Zhongtian crystals appeared in his hands.

Jade Qilin was puzzled:"Didn't I say that last time? Entering the holy land to practice, I also have the opportunity to break through the bottleneck. Using it now is a bit of a waste."

Qin Feng shook his head:"When you go to the Holy Land to break through, it will be too late."

"Why?"

"I got the news from Sister Xuan Xi that the players Ziweixing will send out tomorrow will include two masters. One has a combat power of 250,000 capital, and the other has a combat power of 220,000 capital. Both of them have refined the Golden Wheel of Merit, making it difficult to deal with them."

Yu Qilin suddenly said:"So, you want me to break through to the half-step high level as soon as possible so that I can increase my strength. Qin Feng, do you plan to win first place?"

"That's right! You are now at the pinnacle of the middle-grade Dzogchen, and you are only half a step away from the upper-grade. Your breakthrough will enhance my strength a lot."

"It's just that these Zhongtian Crystals are used like this, wouldn't it be a pity?"

Qin Feng smiled: "As long as you can get the first place, you will make a lot of money, how can it be a pity? Besides, I won a lot of Zhongtian Crystals this time."

Yu Qilin smiled: "Okay! Then I'm going to retreat!"

"Go for it!"

Looking at Yu Qilin's leaving back, he was very graceful.

Qin Feng smiled and disappeared out of thin air.

The next second, he reached the depths of the small universe, above the endless sea of blood.

He waved, and a spiritual bead emerged.

With a flick of the index finger, the seal was lifted, and a turbid river emerged from the sky...

For a moment, the waves spread across the sky.....

Rolling turbid waves poured into the sea of blood, and endless filthy and dead energy merged into it.....

The entire sea of blood seemed to be activated, with waves of blood surging into the sky and a shocking momentum.....

Buzz~! Buzz~!

Two clear chimes sounded!

Two blood dragons burst out of the sea of blood!

Roaring and roaring above the sea of blood, actively absorbing the death energy brought by the underworld.....

These two blood dragons were transformed into the two swords of Abiyuantu in Zhengshu.....

"Ding! Netherworld successfully merged into the endless sea of blood.....The level of the endless sea of blood is promoted to the level of low-grade star master and great perfection.....The host's combat power is increased to 20,000 Beijing....."

With the Netherworld Spring, the Endless Dead Sea seems to have a foundation and becomes different from before.....

"Ding! Congratulations to the host, your Yuan Tu Sword has absorbed enough death energy from the underworld and has been promoted to the half-step star master level....."

"Ding! Congratulations to the host, your Abi Sword has absorbed enough death energy from the underworld and been promoted to the half-step star master level....."

Qin Feng opened his eyes happily.

This time, not only did his Endless Sea of Blood improve, but so did the two swords of Yuantu Abi...

In this way, the two swords of Yuantu Abi combined were comparable to a low-grade star master level treasure.

In addition, his combat power has been increased to 20,000 Beijing, which is a great improvement in strength!

Qin Feng was very satisfied and looked forward to tomorrow's ranking competition..

Chapter 616

Time flies!

In a blink of an eye, it was the next day.

Today is the Japanese character ranking of the five pole stars.

Early in the morning, the players from the five pole stars gathered in a square.

It was a huge circular square.

At this moment, there were more than 1,700 people gathered in the venue. The atmosphere was very lively and discussions broke out one after another.

Many people in the crowd looked south from time to time.

Where are the Tianfu Star players gathered?

In front of all the contestants, Star Master Xuan Xi has outstanding grace and incomparable beauty. He can be said to be a highlight of the square.

Qin Feng, who was beside Xuan Xi, was extremely handsome and calm, making the eyes of countless female cultivators shine.

The two of them seemed to be a perfect match when they stood together.

At this moment, many people in the venue were peeking at Qin Feng instead of Xuan Xi.

After yesterday's battle, Qin Feng's name had already spread, and even the players from Ziweixing knew about it.

This made those players who had never seen Qin Feng look at him curiously.

They were puzzled. Is this little God Emperor really that powerful?

Players from the four pole stars all believe it because they have witnessed it with their own eyes.

But the Ziweixing players were a little skeptical.

At this moment, Qin Feng and Xuan Xi were chatting.

The Tianfu Star players stood respectfully behind the two.

Even Shen Ze and other high-ranking masters looked at Qin Feng with awe in their eyes.

Unknowingly, Qin Feng had a very high status in Tianfu Star, which was very subtle.

He is already Tianfu Star, the well-deserved number one among the Half-Step Star Lords

"Sister Xuan Xi, how will you evaluate this ranking?", Qin Feng asked curiously

"Split into two sessions! One is the comprehensive strength assessment, and the other is the luck assessment, which are calculated based on points. In order to save time, this strength assessment will be a free-for-all, with points determining the winner!"

"Why the melee? Will there be a situation where two forces join forces to deal with one party? If so, that's not fair."

Qin Feng discovered a loophole.

Xuan Xi explained:"Several Star Lords have already thought of this. But once it came, there was not enough time. The Holy Land will be opened this afternoon, so the assessment must be completed as soon as possible"

"A one-on-one challenge would be a waste of time. Another point is that in such a melee, the quality of results depends on luck. Ziwei Xingzun is very concerned about luck. She is very satisfied with this assessment method. The other Xingzun also agrees, and finally decided"

"I see!", Qin Feng nodded slightly.

"This kind of melee style places great emphasis on teamwork. When the time comes, you two must cooperate with Qin Feng."

Xuan Xi looked at Shenze and Feiming

"Star Lord, don't worry, we will definitely cooperate with Emperor Qin."

The two Shensawa said very seriously.....

At the same time, over the square.

Ziwei Xingzun stood in a void barrier.

Behind her were the Four Star Lords.

In this barrier, the five of them can clearly see everything below.

The players below cannot see them.

At this moment, Ziwei Xingzun silently paid attention to Qin Feng.

Seen from such a close distance, this young man is truly unparalleledly handsome and has a flawless temperament that makes people's eyes light up.

When she first saw it, her heart skipped a beat.

But what happened next made her very unhappy.

This guy chatted so affectionately with that Xuan Xi, he was really a playboy.

And that Xuan Xi, why doesn't he respect himself at all? Why is he hooking up with Qin Feng!

The more Ziwei Xingzun looked at Xuan Xi, the more displeased he became.

Unconsciously, she frowned.

She didn't even notice that her mentality had quietly changed.

Yesterday, she also saw Qin Feng chatting affectionately with Zixing and Xuan Xi.

She didn't care at all.

But now, when she sees Qin Feng and Xuan Xi approaching, she feels uncomfortable inexplicably

"Great Star Master, what's wrong with you?"

Tianfu Star Master noticed that Ziwei Star Master looked wrong.

"I'm fine!", Ziwei Star Master calmly looked away, "Are you all ready?"

"It should be soon! In a few minutes, the Blood Realm will be opened....."

"good!"

Ziwei Star Master nodded slightly and stopped looking at Qin Feng and Xuan Xi, so as not to become more and more angry.....

Meanwhile, below is the square.

Shenfuxing player area.

Hundreds of Shenfuxing players were lifeless.

Yesterday, most of them were tricked by Qin Feng, and naturally they were not in a good mood.

At this moment, in the corner.

Fengyang, Kui Yanzheng and a man in black were discussing in secret.

The man in black is the most powerful player among the Shenfu Star players - Master Yanmao. His cultivation level is the top-level Master of Great Perfection, and his combat power has reached 180,000 Beijing.

"Grave Sheep, is that boy in white really as strong as you say?"

Yan Mao looked arrogant.

He glanced in the direction of Qin Feng from the corner of his eyes.

This time he heard many people say that Qin Feng was very powerful, even better than him.

This made him very unconvinced.

He did not believe that a god emperor You can really compare yourself to others

"Brother Yanmao, don't underestimate Emperor Qin. That guy is really strong, even Xiong Zhao is afraid of him. If you don't believe it, you can ask Kui Yan!"

Grave Sheep smiled bitterly.

What happened yesterday, Qin Feng left a big shadow on him.

"Yeah?", the corners of Yan Mao's mouth curled up slightly.

"Brother Yanmao and Brother Fengyang are telling the truth!", Kui Yan agreed.

Hearing this, Yan Mao frowned.

In this ranking competition, the representatives sent by Shenfuxing were the three of them.

The three of them, Zhongfengyang and Kui Yan, said so. It seems that Emperor Qin is still Some strength.

How strange!

How could a god emperor be so strong?

Yan Mao was puzzled and couldn't help but look at Qin Feng.

But at this moment, the sigh of a grave sheep sounded around him

"Why! This time, Emperor Qin appeared on Tianfu Star, and our third place on Shenfu Star was no longer guaranteed!"

"yes! I'm afraid that we will fall to fourth place this time, and there will be much fewer places to enter the core and inner areas of the Holy Land."

Kui Yan also looked depressed.

Ranking third will get 2 places in the core area and 20 places in the inner area.

Ranking fourth and fifth will get 1 place in the core area and 10 places in the inner area. There is a huge difference.

Yan Mao frowned:"It's just Emperor Qin, why are you so pessimistic? Could it be that a Qin Emperor could control such a large situation?"

Grave Sheep smiled bitterly: "Don't forget, there is another Shenze in Tianfu Star who is also a top-grade master of Dzogchen. In addition, Qinhuang's strength is not inferior to Xiongzhao, and the possibility of us winning third place is very small."

This is true.

If Qinhuang's strength is not inferior to Xiongzhao, then the possibility of them winning third place is indeed much smaller. If they can't win third place, what's the difference between fourth and fifth?

There is no difference!

The quotas are all the same!

Yan Mao frowned.

At this moment, a voice sounded in the minds of the three of them at the same time.

This voice came from the Star Lord of Shenfu

"Listen up, you three! After a while of melee, you join forces with the players from the Giant Stars to deal with the Tianfu Stars and prevent them from scoring. This time, even if our Divine Auxiliary Star ranks last, we cannot let Tianfu Star get second place!"

Hearing this, the three of them were shocked

"snort! You three, don't make a fuss. With Emperor Qin in Tianfu Star, it is very likely that he will get the second place. That kid deceived so many people in our Shenfu Star yesterday, and this bad breath must be released!"

"This time, even if our Divine Auxiliary Star becomes the last one, we cannot let the Tianfu Star get the second place!"

Feng Yang and Kui Yan suddenly realized.

Shenfu Xingzun is not bad-hearted, but he is very protective of his shortcomings.

Yesterday, so many players of Shenfuxing suffered a big loss.

This makes him who has always been protective of his shortcomings unable to accept it, and always looks for opportunities to vent his anger..

Fengyang and Kui Yan naturally understood.

Yan Mao was shocked.

Unexpectedly, Xing Zun spoke so highly of Emperor Qin!

At that moment, the three of them secretly discussed together.....

At the same time, the giant star player area.

Xiongzhaohao and the other two were discussing together.

Those two are the players of the giant star this time.

At this moment, Xiongzhaohao is a little sad

"Brother Xiongzhaohao, are you worried about Emperor Qin?"

The speaker was a middle-aged man named Master Kongliu, another high-ranking Master of the Jumen Star.

"yes! That Emperor Qin is difficult to deal with! Whether we can win second place this time is a bit hard to say.", Xiongzhaohao sighed.

Kongliu frowned:"That Emperor Qin is really so powerful!

Xiongzhaoh said helplessly:"I saw it with my own eyes!" How could it be false?"

These words made Kongliu worried.

Xiongzhaoh has always been arrogant, and even he said this, I'm afraid it is the truth.

So this time, Jumenxing is threatened.

This thought, Kongliu felt a little pressure.

That's it. At this time, Xiongzhaoh's communication jade talisman came with information.

He quickly took it out and took a look.

At this glance, he suddenly raised his head and looked in the direction of Shenfu Star.

In that direction, Yan Mao, Feng Yang, Kui Yan The three of them were smiling at him.

He quickly understood, with a look of joy on his face.

"Brother Xiongzhaoh, what's wrong?", Kongliu was curious.

Xiongzhaoh quickly sent a message secretly:"Brother Kongliu, there is good news. The people from Shenfu Star are willing to help us deal with Emperor Qin and the others. They want to help us win second place!"

"Is there such a good thing?"

The two looked at each other and smiled, with excitement on their faces.....

Meanwhile, in the air.

Within the void barrier, Earthquan Star Master looked at Qin Feng below with admiration.

"Brother Tianfu, if you have a little guy like Qin Feng this time, you can win the second place!"

"Ha ha!! This depends on luck!"

The Lord of Tianfu Star stroked his beard and smiled, feeling very happy.

This time, Qin Feng was too proud of him.

And the task he gave Qin Feng was to win the second place.

But just after he finished speaking, there was a sound coming from behind the two of them. Come the strange and sinister voice of the Lord of the Divine Assistant Star.

"hey-hey!! This time it's a melee. How many points you get depends on luck. Although Qin Feng is very strong, it does not mean that Tai Qiyun is also very strong. Haven't you heard of the saying that Heaven is jealous of talents?"

"There is a type of people in this world who clearly have the potential of high-grade star masters, but they are not protected by heaven and earth. Without the protection of luck, they cannot even become low-grade star masters. They can only watch people who are not as good as themselves become stars one by one. Lord, he eventually died young. This is God's jealous talent!!"

"How many talented people are envied by heaven and earth and die young? Without the protection of luck, even if the strength is far higher than that of the same level, he may not be able to become a star master. Even if you become a star master, you will still have many hardships!"

The tone of the Shenfu Star Master was sour.

The Tianfu Star Master frowned:"How do you know that Qin Feng's luck is bad?"

"Ha ha!! I just said it casually, Brother Tianfu, there is no need to be angry!"

"Ah! You old guy, don't you mean that Qin Feng is not lucky enough to get the second place this time?"

"Ouch~! I really think so!", Shenfu Star Master admitted frankly.

Tianfu Star Master was so angry that he just rolled his eyes:"Ha! It seems that what happened yesterday has made your old habit of being petty happen again. Then let's take a good look at the results of this melee and see what you say then.!"

"Then I will wait and see!"

The Lord of Shenfu Star showed a proud smile on his lips.

He had just given an order to Yan Mao and the others.

He didn't believe it. The Shenfu Star and Jumen Star joined forces and couldn't suppress Qin Feng.

"Stop fighting, you two!"

Ziwei Star Lord spoke.

The two immediately became quiet.

Ziwei Star Lord's prestige is still very high.

"Brother Jumen, it's almost time! let's start!"

"yes! Big Star Lord!"

The star master of Jumen bowed his hands and flew downwards.....

Meanwhile, below is the square.

Tianfuxing player area.

Qin Fengzheng was chatting with Xuan Xi.

Suddenly, his expression moved slightly, and his eyes showed a look of joy.

It turns out that his little universe has changed.

On the water pole star, the spiritual energy was overwhelming, and countless elemental masters were shocked.

Yu Qilin finally came out of seclusion at this moment.

She successfully broke through to half-step high-level dominance, and her combat power reached 70 million trillion.

Qin Feng was delighted.

Yu Qilin's strength has greatly improved, his five-pole combination has become stronger, and he is more certain of winning the first place.

At this moment, the sky trembled, shrouded in endless majesty.

The giant star master appeared.

The whole place suddenly fell silent.

As you all know, the ranking competition is about to begin..

Chapter 617

"Dad, the competition is about to begin!"

Bao Bao's excited voice sounded in Qin Feng's mind.

The little guy likes this kind of excitement the most.

This time, Bao Bao, Chu Chu, Bai Qi, and Feng Di entered the small universe in advance.

Qin Feng also opened the horizon for them, just to deal with the following competition.

At this time, the giant star master has landed in the center of the square.

He scanned the whole place with a majestic expression.

Everyone was quiet, but their mood was expectant and nervous.

The ranking of the five pole stars!

It is related to many people. The interests are also related to the face of the major pole stars. Everyone is naturally nervous.

Especially the high-ranking masters are the most nervous.

They are the most qualified to enter the inner and core areas.

Unfortunately, the quota is limited, and not everyone has the opportunity.

Whether they can get in depends on the result of this competition.

At this time, the voice of the giant star master spread throughout the audience

"This ranking competition is hosted by me! All contestants from the major pole stars are invited to come forward!"

As soon as these words were said, Qin Feng walked out of the crowd on Tianfu Star's side.

Shenze and Feiming followed closely behind.

At this moment, those high-level masters looked at Qin Feng eagerly.

Their opportunities and hopes were pinned on Qin Feng. As long as Qin Feng leads the team to second place, Tianfu Star will have 3 core quotas and 30 internal quotas.

At the same time, Shenfu Star will come out of Yanmao, Fengyang, and Kuiyan.

Jumen Star One side walked out, Xiongzhaohao, Kongliu and a woman.

Three people walked out from the Diqian Star side, and only one was the top-grade ruler of Dzogchen. Two men and one woman walked out from the Ziweixing side, namely Yu Chen, Yao Chen, and Yu Fei, all of them. Their expressions were arrogant, and their cultivation levels were all those of the top-grade Master of Dzogchen.

From the beginning to the end, these three people never looked at the contestants of the Four Pole Stars, and they felt like they were superior to others.

"Brother Yuchen, that Emperor Qin is so young!"

Concubine Yu looked at Qin Feng curiously while transmitting a message to Yu Chen beside her.

Qin Feng's handsome appearance has a fatal attraction for women.

Even Concubine Yu, who is as arrogant as she is, couldn't help but take a second look..

Yu Chen frowned slightly.

He and Concubine Yu are lovers.

His female companion always looks at other men, and she must feel a little uncomfortable.

"snort! What's the use of being young? Men look for strength. This Emperor Qin is just the God Emperor. Do you think he is really powerful? I'm afraid the rumors are exaggerated! Concubine Yu smiled:"

That's right! No matter how strong a god-emperor is, he can't be much stronger.""

After saying that, Concubine Yu stopped looking at Qin Feng.

Yu Chen's expression softened.

He said proudly:"These four pole star players rarely produce capable people. From my point of view, among these players, only Xiongzhao can see through it, and the others can't.

"However, even with Xiongzhao, his strength is only comparable to yours. He is so different from me and Yao Chen that it cannot be mentioned. As for others, it's even worse. Concubine

Yu smiled and said:"To be honest, in this ranking competition, we are just playing games with the four of them, just going through the motions." Winning first place was easy for us.

Yu Chen raised the corner of his mouth slightly:"See through but don't tell!""

At this moment, the star master of Jumen glanced at the contestants. There were fifteen people in total, and they all came out.

He waved his hand, and the fifteen points tokens flew to the contestants.

Qin Feng caught the tokens , looking at the token information, there were rules about the game.

He finished reading it quickly, with a look of surprise on his face. There were only two tests in this game.

One was a melee between the five pole star players.

The other was luck. Test.

At the end, the Pole Star ranking will be determined based on the total points of all players.

At this moment, the giant star owner waved his hand, the square shook, and a huge stone monument rose from the ground.

"This is the scoring stone, which will display your results in real time. You guys can refine the point tokens and enter your information!"

Hearing this, all the players entered the information one after another and refined the tokens.

After a while, a row of information appeared on the score tablet.

Total Ziweixing points: 0 points.

Yuchen (Purple Star), 0 points.

Yaochen (Purple Star) MSI, 0 points.

Yu Fei (Purple MSI), 0 points.

Tianfu Star total points: 0 points.

Qinhuang (Tianfu Star), 0 points.

Shenze (Tianfu Star), 0 points.

Fingming (Tianfu Star) , 0 points.

Giant star.....

After everyone read this information, they understood what was going on.

That is, the total score of the three players from each party determines the ranking of the major forces.

"Are the rules clear?"

The voice of the giant star master sounded

"Figured it out!"

"Are you all ready?"

"alright!"

All the players agreed.

The atmosphere in the field was solemn, and all the spectators became nervous.

The first competition was about to officially begin.

"let's start!"

The master of Jumen Star waved, and another light door emerged, which led to the assessment area.

The three players from Ziwei Star entered first.

Then the people from Jumen Star entered, and then the people from Shenfu Star entered.....

The order of entry is based on the last Pole Star ranking.

Tianfu Star players are the fourth batch to enter.

Earthquan Star entered last.

Qin Feng stepped through the light door and found himself in a bloody world. Under his feet was a sea of blood, in the sky was a bloody sunset, and the fishy smell was blowing from all around.

This is the Blood Realm, a strange world of sea of blood.

There is a blood beast growing in the sea of blood.

These blood beasts have extremely high cultivation levels, ranging from low-grade masters to high-grade masters.

Because the laws of the blood world are weaker than those of the outside universe, the blood beasts are weaker than outside players at the same level.

In this assessment, the way to gain points is to hunt blood beasts.

The points for low-grade dominator-level blood beasts are 1-3 points.

The points for a mid-grade dominator-level blood beast are 10-30 points.

Half-step to the top grade is 50-100 points.

Top-grade domination has 200-500 points.

The assessment time is only three hours, so you can hunt as many as you can.

During the assessment time, players are allowed to fight each other, but they are not allowed to kill each other.

After all, this is an internal competition, not a life and death battle.

At the same time, Qin Feng's performance yesterday was too shocking.

There is one more rule in this competition, which is not to swallow the flesh and blood essence of the contestants.

This is a restriction specifically for Qin Feng and also to protect other players.

For this rule, the three star masters and the Tianfu Star Master argued for a long time, and finally the Ziwei Star Master made the decision.

After all, it was just an internal competition, and their biggest goal was the Chaos Star Territory. For the sake of an internal ranking, it was not worth it to cause internal casualties.

After a while, all the players entered.

The entrance light door closes automatically.

Fifteen people were suspended above the sea of blood.

People outside can't see what's going on inside.

Only the Five Stars can see it.

At this moment, all the players were observing the situation around them.

Qin Feng smelled the smell of blood around him and felt vaguely excited.

The feeling this sea of blood gave him was somewhat similar to his own endless sea of blood.

"Lord Qin Huang, the blood beasts here are not easy to kill!", Shenzawa secretly transmitted the message.

He has participated in such a competition once and has a better understanding of the situation here.

"how do I say this?", Qin Feng asked

"Sir, the blood beasts here are born from the sea of blood and have no real body or real soul. Previous attacks against the body and soul were of no use against them."

"The only way to kill them is to destroy their Blood Evil Crystals. Otherwise, even if you kill them, they will be resurrected as soon as the Blood Evil Crystal returns to the Blood Sea."

"And once he is resurrected, he reaches his peak, and his strength is not lost at all. As the saying goes: the sea of blood never dries up, and the blood beast never dies. Then all our previous efforts will be in vain."

"However, the Blood Evil Crystal is extremely difficult to destroy. For example, a low-grade dominator-level blood evil crystal would require at least the destructive power of a mid-grade dominator to destroy it. If the Blood Evil Crystal is not destroyed, you cannot score points."

"Therefore, we will specifically hunt down the middle-grade dominator-level blood beasts for a while. Don't kill those high-grade dominator-level blood beasts, as those cannot be killed. There are only three hours left, so the choice is important."

Shenze transmitted the message carefully to prevent Qin Feng from taking detours.

He knew that Qin Feng had the means to kill the Lord.

But the blood beast is different from the Lord.

The Lord has a body, a soul, and a true spirit.

Qin Feng's means of killing, Just start from these three aspects.

But the blood beast has no body, not even a soul or a true spirit, only a strange blood evil crystal.

Qin Feng's method of killing the master may not be effective against the blood beast

"If you don't kill the high-grade dominator-level blood beast, your score will be very slow!" Qin Feng frowned, "Is it okay to seal the blood evil crystal?"

"does not work!", Kanzawa continued to transmit the message

"In fact, the blood beast is just a clone of the blood realm. There is only one will in the entire blood world, hidden deep in the blood sea. If you seal it, it can also absorb the blood sea and resurrect the blood beast, but you still won't get points!"

Qin Feng was surprised when he heard this.

Could it be that the entire blood world is a living thing?

At this moment, the voice of the giant star master rang out in the void

"Start the clock now, let's get started!"

As soon as the words fell, everyone's tokens trembled, and a timing message appeared.

The countdown time of the game: 3:00 hours.....

As soon as the time comes out, the game officially begins.

Players need to take action.

But at this moment, a sudden change occurred.

Six people from Jumenxing and Shenfuxing surrounded Qin Feng and the other three.

Others were surprised and looked over...

Chapter 618

Six people from Jumenxing and Shenfuxing surrounded Qin Feng and the other three.

Others were surprised and looked over.

The expressions of Shenze and Feiming changed drastically.

Are they being targeted?

If so, that's not a good situation!

Qin Feng frowned

"Are you Emperor Qin?"

Yan Mao asked knowingly.

There was a hint of arrogance in his expression.

Although many people said that Emperor Qin was powerful, he just didn't believe it.

How could a late God Emperor be so strong?

Qin Feng didn't bother to pay attention.

He looked at it coldly. Xiang Fengyang and Kui Yan.

The eyes of these two people shrank slightly, showing a trace of fear.

Qin Feng sneered in his heart and looked at Xiongzhaohao again.

Among these six people, Xiongzhaohao was the strongest

"Brother Xiongzhaohao, what do you mean?" Qin Feng asked.

Xiongzhaohao was a little embarrassed and said: "Hey! Brother Qin Huang, I hope you won't be angry. Everything is for the big competition ranking. Your existence threatens our Giant Gate Star. For the second place this time, we have to do this"

"Everyone is doing it for their own power, and some things are unavoidable. I hope brother Qin Huang can understand."

Xiongzhaohao said it very politely.

He didn't want to offend this young man with extraordinary potential too much, and wanted to leave a leeway so that they could meet each other in the future.

To put it bluntly, we have no life-or-death hatred.

Qin Feng's lips curled up coldly: "In other words, in order to win second place, your giant star united with the people from the divine auxiliary star to deal with us?"

"No! you are wrong!", Yan Mao interjected

"We are taking the initiative to help the giant star. You can understand that we deliberately found trouble with you because of what happened yesterday! This time, even if our Divine Auxiliary Star is last, we will drag you, the Tianfu Star, to support you!"

Yan Mao's words were full of provocation.

Shenze and Feiming were a little panicked.

The two looked at each other and secretly said it was over.

This time, Shen Fuxing did not even care about being in last place in order to get revenge. They really tried their best.

They really wanted to By doing this, Tianfu Star might really achieve nothing.

They would not be able to get the second place that Tianfu Star Lord expected.

At the same time, the onlookers suddenly realized.

The three players from Ziweixing smiled slightly, turned around and left.

For the three of them, these are just small fights between weaklings, and they are not interested.

They just want to score as soon as possible and stabilize the first place.

But the three players of Diqianxing are just watching.

These three People are not in a hurry to score.

Earthquan Star has been at the bottom for hundreds of millions of years. They have long been used to counting down, and they are so thick-skinned that they are afraid of it. The three of them came here just to have fun, with no intention of scoring.

Anyway, every time Every time, they were ranked last.

In this case, why should they work hard?

They might as well stay and watch this good show.

After a while, the three players from Ziweixing disappeared without a trace.

Xiongzhaosaw this One scene, he was a little anxious.

He wanted to score quickly

"Brother Yanmao, I'll leave this to you!"

"no problem!", Yan Mao smiled confidently

"Kongliu, let's go!"

Xiongzhaohao gave the order and was about to leave with Kong Liu.

Another player from Jumenxing, together with the three from Shenfuxing, surrounded the three of Qin Feng.

They wanted the four of them to join forces to trap the three of Qin Feng.

Then. Let Xiongzhaohao and Kongliu score.

Then the second place is guaranteed.

And Qin Feng and the other three are trapped, they must have 0 points.

In this way, Tianfu Star and Shenfu Star both have 0 points, and they are all at the bottom.

Then Shen Feng The auxiliary star's goal was achieved.

But just when Xiongzhaohao and the two were about to leave, a cold voice sounded in the field.

"Who allowed you to leave?!"

The person who spoke was none other than Qin Feng.

Xiongzhaohao was stunned and looked back:"What? You still want to keep the two of us! Yan

Mao sneered:"Emperor Qin, your opponent is me!""

"You do not deserve!"

Qin Feng suddenly took action and punched away. The sea of blood surged into the sky, and Yan Mao was directly hit until he vomited blood and flew backwards.....

"not good! He became stronger again!"

The whole audience was shocked.

Last time, Qin Feng knocked the grave sheep away with one punch like this.

But Yan Mao was much stronger than the grave sheep!

Logically speaking, Qin Feng could at most repel it, not blast it with one punch. Fei.

Only one day has passed. How did Emperor Qin become so powerful?

Everyone couldn't believe what they were seeing.

"Let's do it together!"

Xiong Zhao exclaimed.

Five people from Shenfu Star and Jumen Star rushed towards Qin Feng.

Qin Feng entered the strongest state in an instant.

Chaos Transformation! The combat power surged to 30,000 Beijing!

The five great poles The stars merged! The combat power increased to 45,000 Beijing!

Buzz~!

A clear cry! A golden wheel of merit appeared behind his head!

A ten-fold halo!

Shining for all ages! The golden light of merit shone throughout the world!

All increased tenfold!

This competition is prohibited Use Yuanwu, but the Golden Wheel of Merit is considered a special method and is not included in the ranks of Yuanwu. This is also a kind of care for Ziweixing.

Because the three players of Ziweixing all have the Golden Wheel of Merit, and other pole star players do not have this aspect. Advantage.

Coincidentally, Qin Feng has the Golden Wheel of Merit, and the ten-level golden wheel is stronger than the golden wheels of Yuchen and the other three. The highest among the three is only seven-level.

At this time, Xiongzhao and the five people joined forces. With one blow, they all attacked Qin Feng, and they arrived in a blink of an eye.

Shenze and Feiming were frightened and panicked, and were about to help Qin Feng out.

The Earth Star players watching on the side were frightened and secretly thought that Qin Feng was in danger.

This But three high-grade masters are perfect, and two high-grade masters attack together!

Even Yu Chen, who is the strongest among the players, may not be able to resist it.

Obviously, Xiongzhao and the five people have already planned it.

They want to work together Only by joining forces to defeat Emperor Qin can we remove the biggest threat.

At the most critical moment, before Shenze and Feiming could take action,

Qin Feng waved his hand and a protective light shield appeared in front of the three of them.

The Divine Seal of Heavenly Dao Activate at the same time, all damage will be reduced by half.

The Divine Seal of Karma is activated at the same time, and part of the damage will be transferred to the phantom clone.

The ten-fold golden wheel shines brightly!

All defenses increase tenfold!

Boom~!

A shocking roar! The sea of blood rolls! Huge waves surge into the sky.!

Qin Feng actually resisted with five people joining forces

"Oh My God!"

"So strong!"

The whole audience was dumbfounded.

Even Shenze and Feiming were stunned.

"This...how is this possible?!"

Xiong Zhao's eyes were wide open and he couldn't believe what he was seeing.

If it were him, he would definitely be blasted to the point of vomiting blood and flying backwards.

But Emperor Qin actually blocked him!

Could it be that Emperor Qin has surpassed him?!

At the same time, Yan Mao, who was blasted away, rushed back.

He happened to see this scene and was frightened.

"Just in time!"

Qin Feng formed a seal with one hand, and the endless blood sea in his body was activated, and he was connected to the blood sea outside.

For a moment, the blood wave surged into the sky...

A huge blood-colored barrier formed, trapping all six people from Shenfu Star and Jumen Star. live!

"Damn it!"

"let me out!"

In the barrier, the roars of the Xiongzhaos resounded.

The three players Shenze, Feiming, and Diqianxing were stunned. Oh my God!

The Xiongzhaos were originally going to trap Emperor Qin.

Now they are reversed. They were trapped by Emperor Qin.

However, could Emperor Qin alone trap six of them?

At this moment, Qin Feng activated the Wuji Divine Seal.

Within the barrier, the law of time changed, and the flow of time was slowed down forty times.

In other words, after three hours have passed outside, only four or five minutes have passed inside the barrier.

In other words, he only needs to trap these six people in the barrier for four or five minutes, which is enough.

Of course, those five or six minutes are Refers to the time within the enchantment.

After doing this, Qin Feng made a thought, and a shadow clone appeared, taking over his work and controlling the entire bloody enchantment.

Qin Feng was free to take action.

Shen Ze and others had already seen it. shocked

"Let us out quickly!"

There were constant roars in the barrier. There were rumbling attacks.

One of the attacks was particularly loud and cracked the barrier several times.

That was Xiongzhaos attack.

Qin Feng frowned.

He knew that his barrier could Trapping others, but not Xiongzhaos.

That guy will get out sooner or later.

No!

He can't let Xiongzhao escape.

This time, he wants both Jumenxing and Shenfuxing to score 0 points.

That's right!

Qin Feng's eyes lit up and he turned to look at the three people from Di Quanxing.

These three people were dumbfounded.

"Brother Shentu!", Qin Feng looked at one of them.

That person is the only high-level ruler of Earthquan Star, the Great Perfection Master, and the leader of the three.

"Ah..." Shen Tu quickly said politely, "Brother Qin, what's the matter?"

He was very respectful to Qin Feng and actually called him brother.

"Brother Shentu, do you want to get third place?"

These words made the three Shentu people's eyes light up.

Damn~!

Third place?

This is completely different from fourth and fifth place. The number of places to enter the core and inner circle is doubled.

It's just that they are used to counting down. , I've never thought about it.

But now that I think about it, I'm really a little excited

"Brother Qin, how do you say this?", Shen Tu looked forward to it.

Qin Feng smiled slightly:"There is no problem in my barrier trapping the five Liu Mao people! Only Xiongzhaohao can't be trapped. If you are willing to help, trap Xiongzhaohao with us and let them all got 0 points"

"And as long as you send the weakest person, kill a low-grade dominating blood beast at random, and get 1 point, you can win third place.

Shen Tu's eyes lit up:"This is a good idea!"

"Then Brother Shentu agreed!"

"Ha ha!! That's natural. Shen is very happy to cooperate with Brother Qin!"

Shen Tu was speaking from the bottom of his heart.

The potential of this Emperor Qin is so terrifying!

It is absolutely right to have a good relationship with Emperor Qin.

At this moment, there was a loud noise.

A figure broke through the barrier and rushed out.

"Ha ha!! Emperor Qin, you can't trap Xiongzhaohao!", Xiongzhaohao laughed proudly.

He was about to turn around to destroy the barrier and rescue Yan Mao and others.

This bloody barrier is very strange.

It is extremely difficult to break through from the inside out, and it will consume at least ten times more energy.

In fact, it was the result of the combined influence of the Wuji Divine Seal and the Tiandao Divine Seal.

But it would be much easier to attack the barrier from the outside.

However, he said that as soon as Xiongzhaohao got away, he was going to destroy the barrier. Qin Feng quickly ordered

"Trapped him tightly for me!"

As soon as the words fell, four figures rushed towards Xiongzhaohao.

Those four people were Shenze, Feiming, Shentu, and another person from Diqianxing.

Among the four, Shentu and Shenze were both top-grade masters. Great Perfection.

Once they joined forces, they trapped Xiongzhaohao to death.

"damn it! Shentu, what are you doing?", Xiongzhaohao's eyes were red with anger.

Shentu's attack was not strong, but his ability to pester people was first-rate.

With his help, Qin Feng became even more powerful.

"Ha ha!! Xiongzhaohao, you can cooperate with the Divine Assistant Star. Why can't I cooperate with Tianfu Star?"

"Shentu, what benefits did Emperor Qin give you? I'll give you double!"

Xiongzhaohao still struggled desperately.

But he found out in despair.

This time, let alone destroying the barrier, he couldn't escape even if he wanted to.

Shen Tu was extremely good at space abilities and trapped him to death.

More What's more, there are three people from Shenze beside him to assist him.

"Xiongzhaohao, don't say these useless things! This time, if I don't give you 0 points, my surname is not Shen!"

"Draft mom!"

"Ha ha!! I just like to see you angry! Brother Qin, go hunt the blood beast quickly. Shenze and I are here."

Shen Tu laughed proudly.

Qin Feng also smiled happily.

It seems that the situation is under control.

"Lord Qin Huang, I'm going to hunt the blood beast first!"

The weakest Earth Star player politely offered his hand to Qin Feng and flew to the depths of the blood sea.

Qin Feng smiled and flew in the other direction of the blood sea.

The heroic move echoed behind him An angry howl..

Chapter 619

Qin Feng smiled and flew in the other direction of the blood sea.

Behind him, Xiongzhaos furious roar echoed.

The baby's excited voice also sounded in the back of my head.

"Dad, you are great! Those bad guys are all trapped, and they will all get 0 points.!"

"Brother, let's go hunting quickly! The three guys from Ziweixing have already set off, and they are going to be one step ahead of us."

Chu Chu is a little anxious.

She knows that her brother's goal is first place, not second place.

Now only Qin Feng can score in Tianfu Star, and there are three people in Ziweixing.

If Qin Feng wants to fight one against three, he can't Easy.

Besides, the three Ziweixings are all super strong, and even the weakest Concubine Yu can compare with Xiongzhao.

Qin Feng also felt the same and wanted to seize the time.

But at this moment, Shen Ze's voice sounded behind him

"Mr. Qin Huang, remember to hunt the middle-grade dominator-level and half-step high-grade blood beasts, and do not kill the high-grade ones....."

Kanzawa was kindly reminding me.

The Blood Evil Crystal is too difficult to destroy.

Hunting high-grade dominator-level blood beasts is basically a futile effort.

"Qin Feng, Shenze's reminder makes sense. We only have 2 hours and 47 minutes left. Time is precious, don't waste it on high-grade blood beasts."

Yu Qilin also suggested it.

Qin Feng shook his head:"It's too slow to kill middle-grade and half-step high-grade blood beasts, and they can't surpass the three of Ziweixing. I'll try to kill a high-grade one first..."

As soon as he finished speaking, he flew towards the depths of the blood sea.....

At the same time, deep in the sea of blood.

Yuchen and the others were fighting with three blood beasts.

The golden wheel of merit appeared in the minds of all three people.

Yu Chen's golden wheel is seven layers, Yao Chen's is six layers, and Yu Fei's is five layers.

And those three blood beasts were all high-grade masters.

However, the strength of blood beasts is inherently weaker than humans of the same level.

What's more, these three people are super strong.

In just a moment, there were three screams in a row!

The bodies of the three blood beasts collapsed and turned into blood mist.

There were only three Blood Evil Crystals left in the field.

Yu Chen quickly launched his strongest attack.

The sevenfold golden wheel shines brightly!

The seven-fold increase is on!

Bang~! boom! ~! boom~! .....

In one breath, he attacked more than a hundred times in a row.....

Click~!

A soft sound!

There are cracks in the blood crystal!

He contacted and attacked dozens of times!

Bang~!

The blood evil crystal exploded!

Yuchen's token trembled.

The token shows 200 points earned!

Only then did he let out a long sigh of relief, and his face showed joy.

But there was a thin layer of sweat on his forehead.

This blood evil crystal is too difficult to destroy!

He attacked more than 200 times before destroying a blood evil crystal.

This is still the blood evil crystal in the early stage of high-grade domination, which is the weakest kind.

However, even the weakest one is still 200 points!

If you switch to a medium-grade one, it will only cost 10-30 points, which is a huge difference.

Even if it's half-step high-grade, it only has 50-100 points.

Calculated in this way, the points will come faster if you kill the high-grade dominator-level blood beasts.

At this moment, there was an explosion from the other side.

Yao Chen also destroyed a high-grade early stage Blood Evil Crystal and obtained 200 points.

It took him more than three hundred attacks before he succeeded, and he was already sweating profusely.

"oops! Damn it!"

On the other side, Concubine Yu exclaimed.

She attacked more than 400 times in a row, but was still unable to destroy the Blood Evil Crystal.

At this moment, the Blood Evil Crystal disappeared out of thin air and was summoned away by a certain will under the sea.

Her efforts were all in vain.

After the blood beasts were killed, the blood evil crystal stayed in the air for up to ten seconds.

If the blood evil crystal could not be destroyed within ten seconds, they would be rescued by the will of the sea.

"Hey~! All your work is in vain!", Concubine Yu looked frustrated.

"Concubine, this high-grade blood beast is inherently difficult to kill, so you don't have to worry about it....", Yuchen comforted.

Yao Chen also echoed: "Yes! In the entire blood world, the only ones who can kill high-grade blood beasts are Yu Chen and me. And I can only kill early-grade high-grade blood beasts at most, and I'm very tired. Yu Chen can still kill them. I got someone who is in the middle of the upper level."

Yu Chen smiled bitterly and said: "It is extremely difficult for me to kill someone who is in the early stage of the upper level, and it will also make me very tired. In short, there is no need to worry, Fei'er. Anyway, none of the other pole star players can be killed. High-grade ones, they don't pose a threat to us."

"that is!" Yao Chen also looked proud, "This time it is estimated that it will be the same as before. Our points should be more than three times that of the second place."

Yu Chen shook his head: "I'm afraid it won't stop!" Have you forgotten? When we left, they were still facing each other. I really don't understand what these weaklings think? Don't they understand that time is precious?"

After this conversation, Concubine Yu felt much better.

She smiled and said: "Weak people have their own way of survival! If my guess is correct, they should be fighting each other for second place. Listen, the sound of fighting hasn't stopped yet!"

The three of them looked in a certain direction.

That was the direction where the four men from Shentu were attacking Xiongzhaohao.

Although they couldn't see the scene, they could still hear the sound of fighting.

After watching for a while, the three of them looked at each other and smiled. A sense of superiority arises spontaneously

"Yuchen, I can't kill this high-grade blood beast, then I'll find someone who's lower-middle-grade or half-step high-grade."

"Go for it! Be careful with your aggressive moves, that guy is no weaker than you.", Yu Chen instructed

"knew! There is another Emperor Qin!", Qin Feng's figure appeared in Concubine Yu's mind.

But Yu Chen disdainfully said:"The Qin Emperor has nothing to worry about! The rumors are just exaggerations. How could a god emperor be as good as Xiongzhaohao? You think highly of him!"

"OK! I will be careful!"

Concubine Yu smiled slightly and flew to the depths of the blood sea.

Yu Chen shook his head slightly, feeling a little unhappy.

Why should his woman look up to a god emperor?

Isn't it because that guy is too handsome?

"Brother Yuchen, let's go too!"

"Um!"

At that moment, the two of them disappeared over the sea of blood.....

At the same time, in another place in the blood sea.

It didn't take long for Qin Feng to encounter a high-grade late-stage blood beast, and his luck was unparalleled.

Chu Chu and Yu Qilin were a little worried

"Brother, this guy is a late-stage high-grade guy. Can you destroy his Blood Evil Crystal?"

"yes! This one shouldn't be easy to kill. Should we change it? Time is precious!"

"Dad, let's kill him! Kill quickly!"

Baobao is the main militant, she has been excited for a long time.

"That's right! Try it first!"

Qin Feng ducked and arrived in front of the blood beast.

Open the divine seal!

The attack is increased tenfold!

The tenfold golden wheel!

Another tenfold increase!

The two phases are superimposed!

A total of twenty times the increase!

The power is earth-shattering!

Qin Feng can kill him with one punch. The blood beast exploded, and the blood mist filled the sky, leaving only a blood evil crystal suspended in the air.

He was about to launch the strongest attack to destroy the blood evil crystal.

But at this moment, the endless sea of blood and Yuantu Abi Shuang in the small universe The sword screamed in joy at the same time, as if he had seen something great.

With a thought, he sucked the blood evil crystal into the small universe.

The blood evil crystal instantly appeared in the depths of the endless blood sea.

The next second , a magical scene happened.

As soon as the blood evil crystal entered the endless sea of blood, it screamed, dissolved automatically, and turned into an extremely cold and special energy, which was absorbed by the endless sea of blood and the Abiyuantu swords at the same time.

That speed was fast It's so scary!

Qin Feng was stunned for a moment.

The girls in Chu and Chu were also dumbfounded!

No way?

So easy?!

Didn't you say that this blood evil crystal is difficult to destroy?

Soon, the girls thought of something and cheered.

"Qin Feng, your endless sea of blood can dissolve this blood evil crystal!"

"The endless sea of blood seems to have become a little stronger!"

"Abiyuantu's double swords have also become stronger!"

The girls were overjoyed.

At this time, Qin Feng's token also moved.

He picked it up and saw a message displayed on it.

"Successfully hunt down the late-stage high-grade dominator blood beast and gain 400 points!"

Haha!

It's so cool!

Qin Feng put away the token happily.

The Blood Evil Crystal is indeed a great tonic for Endless Blood Sea and Abi Yuantu!

In this case, he will hunt more. In this way, you can gain points and cultivate the Endless Sea of Blood and Yuantu Abi swords, killing two birds with one stone.

"Qin Feng, let's go to the bottom of the sea!", Emperor Feng reminded.

According to the information, above the sea of this blood realm, the strongest can only appear late-stage high-grade blood beasts, and they are extremely rare. Only high-grade perfect ones can be found under the sea.

Qin Feng didn't say anything, and he stabbed him all at once. Entering the bottom of the sea and diving towards the depths of the bottom of the sea.

Relying on the special induction of the blood evil crystal by the endless sea of blood, he soon encountered a high-grade big circle.

Qin Feng easily killed it, and then let the endless sea of blood swallow the blood Sha Jing, scored another 500 points.....

Qin Feng was delighted and continued to dive deeper.....

He always felt that there was some connection between this blood world and his endless sea of blood..

Chapter 620

At the same time, over the square outside.

In that special dimensional space.

Star Master Ziwei stared at the scoring stone tablet silently.

Her eyes fell on Qin Feng's name.

She didn't realize it herself, but she cared more about Qin Feng's results than the three Ziweixing players.

I wonder if that guy's performance can match Yao Chen's?

Lord Ziwei thought silently in his heart.

The blood realm has been closed.

Star owners like them can't find out what's going on inside, they just don't want to put pressure on the players and let them play freely.

After the competition is over.

Star owners can still view the entire process if necessary.

At this time, the argument behind Star Master Ziwei became louder and louder.

Tianfu Star Master and Shenfu Star Master chatter endlessly

"hehe!! Brother Tianfu, I think you are too proud. The game has just started, and you think Qin Feng can score more than 500 points. Don't know where your confidence comes from? Aren't you worried that he only scored 0 points?"

The Lord of Shenfu Star sneered.

At this moment, he was laughing to death in his heart.

He specifically ordered Yan Mao and the others to trap Qin Feng with all their strength so that Qin Feng could not score.

He just wanted Qin Feng to score 0 points and embarrass himself in public.

This is the only way. Only by doing this can he let go of the bad breath he had yesterday.

Star Master Tianfu rolled his eyes angrily: "With Qin Feng's strength, he can hunt down several blood beasts casually, how can he get 0 points?"

"oops! You can't say everything for sure! Who knows if Qin Feng is so unlucky that he can't even touch a blood beast, so he gets 0 points?....."

The yin and yang of the divine auxiliary star master is strange.

The Lord of Tianfu Star was unhappy:"Do you, an old man like you, know how to talk nonsense?!"

"Ha ha! Don't believe it! Even if Qin Feng didn't score 0 points, he couldn't have 500 points!"

The Shenfu Star Master looked confident.

He didn't believe it. With Yan Mao and the others stopping him, how could Qin Feng still get 500 points? Then he would have to kill at least dozens of mid-grade Dominator-level blood beasts.

The Tianfu Star Master said angrily:" Then just wait and see! This time, if Qin Feng gets 500 points, what will I say to you?"

"good! I'll just wait and see! If he really has more than 500 points, I will give him three Black Sky Crystals. What if he didn't? Do you want to give me three Black Sky Crystals?"

The Lord of the Divine Auxiliary Star suddenly made this suggestion.

The Lord of the Tianfu Star was stunned.

Immediately, he suddenly realized.

Yesterday, Qin Feng won many resources from the players of the Divine Auxiliary Star.

For other resources, the Lord of the Divine Auxiliary Star did not feel bad.

Only Those two black sky crystals made the Lord of the Divine Auxiliary Star extremely painful.

Now, he took a roundabout way and wanted to get back his money and profits from the Star Lord of the Tianfu Star.

"how? Don't you dare? Or do you think it is impossible for Qin Feng to score 500 points?"

The Shenfu Star Master deliberately mocked.

The Tianfu Star Master was disdainful: "Don't use such a clumsy way to provoke generals! Three pieces of Black Sky Crystal are just three pieces of Black Sky Crystal. I am not as stubborn as you, who is stingy and caressing about everything!"

The Lord of Tianfu Star did not forget to be sarcastic.

"hey-hey!", the God's Assistant Star Master didn't take it seriously, "Just do what you say! Three black sky crystals! The giant gate and land rights, you two bear witness!"

Jumen Star Master smiled and said nothing.

Earth Quan Star Master liked to join in the fun: "Okay! I will bear witness to you!"

The Divine Assistant Star Master was overjoyed: "Okay! Tianfu, just wait and see! See how proud you are after a while?"

"hehe! I don't know who will be crying in a while!"

"Stop fighting, you two! A quarter of an hour has passed since the competition, and the results should change soon. Let's watch the competition!"

The Earthquan Star was trying to smooth things over.

The two of them sneered and looked at the scoring stone tablet, waiting for changes.....

At the same time, above the square.

The players also anxiously watched the changes in the scoring stone tablet.

No one can see the scene in the blood realm. They can only guess the scene in the blood realm through the changes in points on the stone tablet.

Compared to other Pole Star players, the players from Ziweixing looked relaxed.

In their opinion, this game is just a formality.

Ziweixing is sure to win

"You think, our points in this game can be more than three times that of the second place, right?"

"This is not difficult! The four pole stars don't have much talent either!"

"You can't say that! That heroic move is very powerful, and the Emperor Qin is also good!"

"Emperor Qin? forget it! How powerful can a god emperor be? Don't believe the rumors!"

In the Ziweixing area, the players kept mumbling.....

At this moment, the scoring stone tablet finally made some movement.

The stone tablet shook slightly!

Exudes a faint aura!

"Look! There is movement on the stone tablet!"

At this moment, the whole audience was in a stir, and they all looked at the spiritual stele.

Even the Star Lords in the sky also paid attention.

Buzz~!

A clear cry!

On the stele, Yuchen's name first lit up with golden light.

Behind the name, the 0 The points jumped and turned into 200.

After a while, Yao Chen's points also turned into 200.

Ziweixing's total points turned into 400.

The points of other people did not change.

There was an uproar all around.

"The people of Ziweixing are just strong!"

"yes! Got 400 points so quickly! Tsk tsk!! too strong!"

"Who do you think will be the second pole star to score? Jumen Star or Tianfu Star?"

"You want me to see it! Jumenxing should be more powerful! After all, they held the second spot for many years"

"But recently there was a Qin Emperor in Tianfu Star, who was also very powerful....."

The crowd was buzzing.

The people of the four pole stars looked at the points on the stone tablet with envy and anxiety.

Their people haven't scored yet, and they don't know what the situation is...

At the same time, above the void.

Several Star Lords congratulated Star Lord Ziwei

"Big Star Lord, Ziweixing's strength is strong! After scoring so quickly, the situation of the other pole stars is still unclear!"

"yes! I don't know which player will score next?"

The Lord of Tianfu Star stroked his beard, feeling a little anxious.

He hoped that Qin Feng would be the next one to score.

But as soon as he had this idea, the God's Assistant Star sounded next to him. Weird sounds

"Brother Tianfu, don't think too much! The next one should be Xiongzhaohao, not Qin Feng's....."

"You know shit!", Tianfu Star Master said angrily.

But Shenfu Star Master gloated: "Don't believe it? Just watch!"

As soon as these words were said, the spiritual monument changed again.

Buzz~!

A clear cry spread throughout the audience.

Everyone looked over.

The next second, Qin Feng's name lit up with a dazzling light.

The 0 behind the name The points jumped a bit and became 400 points.

Tianfu Star's total points also jumped a bit and became 400 points, tied for first place with Ziweixing.

The whole audience was in an uproar.

"Oh My God! Qin Huang scored 400 points alone!"

"No way? He surpassed Yu Chen and Yao Chen?! "

At this moment, the whole audience was dumbfounded.

They couldn't believe what they were seeing.

Those proud Ziweixing players were even more confused.

How come they, who were so high in the past, were equaled by others?!.....

On the other side, above the void.

The Divine Assistant Star Master was shaken all over!

At this moment, he was dumbfounded!

How can this be?!

Wasn't Qin Feng trapped by Yan Mao and the others?

How come he still got points?

Scored 400 points once?!

This is impossible!

"Ha ha!! Shenfu, didn't you say that Qin Feng would score 0 points? Take a good look at it now. Does it have 0 points? What else do you have to say now?!"

Tianfu Star Master laughed proudly.

His tone was full of ridicule.

Shenfu Star Master blushed and felt a little embarrassed.

In fact, he was very shocked in his heart.

But he still said harshly: "Humph! So what? Maybe he was lucky enough to get 400 points. Anyway, there is a gap between the 500 points I said!"

Not long after these words were spoken, there were many changes on the stone tablet.

I saw that the points of Yuchen, Yaochen, and Concubine Yu changed again.

Yuchen's points became 400 points, Yaochen's 300 points, and Concubine Yu's 100 points.

Ziweixing With a total score of 800 points, they were promoted to first place.

Those Ziwei Star players breathed a sigh of relief. Ziwei Star is Ziwei Star!

The first place is still secure.

The pride on their faces appeared again.

On the other side, Tianfu Star's The players were all a little regretful.

They had just tied for first place and fell again.

But at this moment, Qin Feng's name lit up again, and the 400 points jumped to 900 points.

Tianfu Star directly overtook it and became the first!

Tianfu Star The players suddenly cheered excitedly.

The Ziweixing players were stunned.

They were surpassed!

This is the first time in billions of years!

The other players were also extremely shocked.

They stared at Qin Feng's face one by one. The name seems unbelievable...

Above the void, the five star masters were all shocked.

One person crushed Yu Chen and three others, and scored 900 points!

How did this Qin Feng do it?

The beautiful eyes of Ziwei Star Master shone, and there was joy in his eyes. Sexy.

This young man deserves to have the possibility of becoming her man.

At least so far, he has not disappointed her and even exceeded her expectations.....

The Jumen Star Master and the Earthquan Star Master were both stunned.

Star Lord Tianfu was stunned at first, and then became ecstatic.

This Qin Feng is so proud of him!

He originally only expected to finish second.

But now it seems that he is going to take first place!

"Ha ha!! Shenfu, did you see it? Didn't you say that Qin Feng couldn't score 500 points? He has already scored 900 points now, and it has only been less than 20 minutes!"

"snort!", the Lord of the Divine Auxiliary Star had a dark face.

He was shocked and depressed at the same time.

"What are you humming? Stop talking nonsense! Bring three black sky crystals!"

"for you!"

The Divine Assistant Star Master tossed it casually, and three black sky crystals flew over.

Although he is petty, he is a reputable person.

"Ha ha!! I earned three Black Sky Crystals without doing anything. It was so cool!"

The Tianfu Star Master took the Black Sky Crystal and pretended to show off.

The Shenfu Star Master was heartbroken.

He said unhappily: "What are you proud of? Qin Feng is only temporarily in the lead, and your Tianfu star will not really be able to get the first place."

"Yeah? How about we gamble again. This time there are still three Black Sky Crystals!"

"roll!", Shenfu Star Master scolded angrily.

This time, he didn't dare to gamble again.

This Qin Feng is not simple!

It was completely beyond his imagination!

This thought, Shenfu Star Master's feelings towards Qin Feng were... Changed.

He was a little impressed.

Next, in the field, the players of Ziweixing were all anxious.

One by one, they were waiting for Yuchen and the others to quickly surpass Qin Feng.

And the points on the memorial tablet were also constantly changing.

Yuchen, Yao The points of Chen and Concubine Yu are changing.

Qin Feng's points are also changing.

But what surprises people is that the combined scoring speed of Yu Chen and the three of them cannot keep up with Qin Feng alone.

Not only has the point gap between the two sides not narrowed, On the contrary, it is getting bigger and bigger.

The people in Ziwei Star are getting more and more desperate. But the people in Tianfu Star are getting more and more excited.

After a while, people discovered a strange phenomenon.

That is, except Qin Feng, Yu Chen and other four people The points are changing, and there is also a Diqian Star player whose points have also changed.

The remaining ten players have always had 0 points, without any change.

This makes the people from Jumen Star and Shenfu Star anxious.

They can't do anything about it at all. I understand what's going on.

In the blink of an eye, more than an hour has passed.

Tianfu Star's points have surpassed Ziwei Star's by more than a thousand points, firmly occupying the first place.

Even Diqian Star has scored more than 70 points, occupying the first place. Three.

But the total points of the Jumen Star and the Divine Auxiliary Star are still 0, and both have paid in advance.

This made the players of the two pole stars anxious.

The Lord of the Divine Auxiliary Star looked even more ugly.

This was completely different from what he had imagined. Ah!

At this moment, a sudden change occurred in the field.

Qin Feng's name suddenly shone brightly, and the golden light was dazzling.

The points behind him began to jump sharply.

Every time it jumped, it skyrocketed by 500 points!

In the blink of an eye, his points increased sharply. After jumping more than 20 times, the points increased by more than 10,000 points.....

This sudden change shocked everyone around.

How can this be?

How could one person kill so many blood beasts at once?

You know, the blood beasts in the blood realm rarely gather together.

At most three or four are together, most are separated.

How could Qin Feng kill so many people at once?

Did those blood beasts automatically gather together?...

At the same time, in the blood realm.

Qin Feng dived into the depths of the blood sea.

At this moment, a strange phenomenon appeared in front of him.

He saw thousands of blood beasts floating densely in front of him, with cultivation levels ranging from low-grade masters to high-grade ones.

He seems to have broken into the blood beast's lair.

Qin Feng looked behind many blood beasts.

At this sight, he was shocked.

I saw that behind many blood beasts, there was a huge egg with a height of ten thousand feet, emitting a faint aura.....

All the blood beasts surround the dome, seemingly protecting it..
