

## God level 621

### Chapter 621

"This is....."

Qin Feng looked at the dome in surprise.

The dome is completely black and has a cold atmosphere.

"Dad, what is that?"

"yes! This thing is so strange!"

"Qin Feng, isn't this the only will in the blood world? Look at these blood beasts! They seem to be protecting it!"

The voices of Feng Di and others rang in his mind.

Qin Feng was also surprised. His spiritual thoughts passed through the layers of blood beasts and probed towards the dome.

As soon as his thoughts touched the dome, they were rebounded by the eggshell..Buzz

~!

A soft sound!

The dome shook!

It seemed that a certain will was awakened.

Immediately, a will containing various negative emotions such as resentment, worry, hatred, hatred, fear, etc., emerged from the dome. spread out.....

Hundreds of millions of miles of heaven and earth were covered.

It makes people feel depressed!

There is also a weak thought in that will, which is actually frightened by the intrusion of strangers, just like a child seeing a stranger...

Its thought expresses the intention of expelling, wanting Qin Feng to leave...

All around, Thousands of blood beasts became restless and looked at Qin Feng warily one by one...

What made Qin Feng strange was that these blood beasts didn't know that they were attacking together, and they seemed a little lacking in intelligence.

To put it bluntly, the will behind controlling them is not smart enough.....

"Qin Feng, this dome has a will. It should be the will behind controlling these blood beasts.....Be careful!"

Yu Qilin's worried voice sounded in his mind.

Qin Feng nodded slightly.

In fact, he really wanted to know what this dome was.

At that moment, he calmly took a step forward.

But the next second, something happened. Suddenly.

Boom~!

The entire group of blood beasts became restless!

Countless blood beasts exuded thick hostility, and the violent momentum joined together, shocking the earth.

Buzz~!

The dome also issued a super strong pressure, comparable to The low-grade star master came directly to Qin Feng, destroying the world!

Ka~! Ka~! Ka~!

Is this...?

Qin Feng was shocked.

His body actually cracked under the pressure, and he was in severe pain. Body...

He quickly took a step back...

The group of blood beasts immediately calmed down.

Even the dome became quieter, and its will was no longer impetuous..... very strange!

Qin Feng secretly breathed a sigh of relief

"Qin Feng, we can't get close to it!"

"We seem to be on its cordon. If we get one step closer, it will attack....."

"yes! However, it only had coercion and no elemental force field just now. Couldn't it take the initiative to attack? This is different from ordinary low-grade star masters!"

"Fortunately it's different! If it was really the same as an ordinary low-grade star master, we would have been in danger just now...."

The girls were chattering in the small universe.

Qin Feng also sent a message: "This dome seems to be just a thought and has not started practicing yet, so he has no power of vitality. However, his will is comparable to that of a low-grade star lord, and he can generate pressure at the level of a low-grade star lord."....."

"So this is ah!"

The girls suddenly realized

"Wow! That low-grade star master is too terrifying! Just the will of a low-grade star master is so powerful. If it were a complete low-grade star master, it would be unimaginable!"

Chu Chu sighed with a look on his face.

The girls nodded one after another with emotion.

Qin Feng thought of Xuan Xi.

This beautiful sister looked so kind, but she turned out to be so powerful!

He could hardly resist the will of a low-grade star master.

Let alone a complete low-grade star master.

At that moment, Qin Feng said through his mind again: "Even if it is will, this dome has its own attack method. These blood beasts were created by it....."

"Qin Feng, then you'd better not provoke it easily. Otherwise, it would be dangerous if it launches a herd of beasts to attack"

"yes! Let's retreat!"

Yu Qilin, Feng Di and others all suggested evacuation.

This dome is really too dangerous.

Qin Feng was a little unwilling: "Don't be afraid! This dome's intelligence is very weak and it basically relies on instinct. According to my judgment, its intelligence is not as good as that of a half-year-old baby. It is probably just formed....."

These words shocked the girls.

This will has just been formed and it is already so powerful.

How powerful would it be if it were fully grown?

I'm afraid there is hope of becoming a mid-level star master.

In fact, Qin Feng didn't say a word.

He felt that the aura of this dome was similar to the aura of the three thousand innate beings in his own small universe.

It's just that the three thousand innate beings are still incubating and have not yet given birth to a will.

The dome in front of me has begun to have a will.

This suddenly made him think of a question.

When he created the small universe, three thousand innate beings were born.

When this large universe was created, there should also be innate beings appearing.

So could this dome be one of them?

And this blood realm should be the nest for cultivating domes.....

"Dad, let's go! The baby is a little scared!"

Qin Baobao was shocked by the power of this dome.

"I will try again!"

Qin Feng's mind was determined, his eyes suddenly lit up with white light, and his memory spying activated.....

His secret technique instantly passed through the blood beasts and landed on the dome.

Buzz~!

The dome actually had feelings, trembled slightly, and resisted instinctively...

However, it had a new will, and even though its soul power was powerful, it didn't know how to resist...

At this moment, Qin Feng actually spied a little memory...

In addition, A light screen popped up in his eyes, showing the information about the dome.

The further he reaches the advanced stage of cultivation, the more advanced things Qin Feng comes into contact with, and many things cannot be scanned for information at first glance.

Name of thing: Spirit of the Styx (fetal body, innate creature)

Level: lower-grade star master level

Origin: At the beginning of the creation of the universe, a hellish River Styx was born. The Styx River in Hell encounters the Blood Nest. The energy of the Styx and the energy of the Blood Nest merge to give birth to the spirit of the Styx.

Seeing this, Qin Feng suddenly realized that everything was similar to what he had guessed.

This guy is indeed an innate god!

He looked around at the sea of blood, which should be the blood nest.

Looking towards the black dome again, YingIt was transformed from the River Styx in hell, and the will inside is the spirit of the River Styx.

It's just that when the idea of the spirit of the Styx was first formed, everything was like a blank sheet of paper, so it grew very slowly.

In addition, Qin Feng learned from the spied memories.

The energy provided by this blood nest has made it difficult for it to grow anymore, and it has almost reached its limit.

In other words, this Styx spirit longs for a better living environment.

Otherwise, it will be difficult for it to make any progress even if it takes hundreds of millions of years.

Qin Feng's eyes lit up.

This Stygian Spirit looks great!

He had the idea of conquering.

It's just that this Styx spirit is too strong-willed, and he still can't conquer it now.

However, he can be raised first, and when he breaks through to dominance, he will hopefully be able to conquer it.

But how to conquer it?

But at this moment, an angry will came from the front.

The dome actually exploded at this moment!

Qin Feng's memory snooping just now completely angered it.

It's just that its intelligence is too weak and its reflex arc is too long.

Only at this moment did it react.

Roar~!

Thousands of blood beasts roar!

He is about to attack Qin Feng

"not good!"

"Brother, run quickly!"

The faces of Chu and Chu girls changed greatly with fright.

Qin Feng remained unmoved. His whole body's aura exploded, and thousands of meters of bloody light shot out through the sea. It was a shocking force! It turned the river upside down!

The endless sea of blood extended from his body!

The waves of blood rolled!

Roaring with murderous intent!

Thousands of blood beasts were entangled as soon as they entered the sea of blood...

The blood beasts roared with overwhelming momentum! The entire blood world trembled violently.

In an instant, all the players in the blood world felt it.

Everyone was shocked. The ground looked at the heaven and the earth.

What happened?

Why did the blood world suddenly shake?

This made them feel vaguely uneasy.

But on this side, thousands of blood beasts were fighting into the endless sea of blood.

It seemed that a war was about to break out.

The girls felt uneasy.

But at this moment, a sudden change occurred.

The originally angry will of the dome actually sent out a joyful thought after seeing the endless sea of blood.....

Like an angry baby who suddenly saw the milk and suddenly calmed down his anger.....

Thousands of blood beasts actually calmed down.

Qin Feng was delighted.

It was exactly as he suspected.

He quickly spread out the endless sea of blood with all his strength and enveloped the dome...

The dome did not resist and actively merged into the sea of blood.....

It discovered that this endless sea of blood was obviously much more advanced than its own blood nest, and actually reached the peak of low-grade star master level.....,

If it can be cultivated in the endless sea of blood, it will definitely grow faster.....

Soon, it took the initiative to absorb the blood energy from the endless sea of blood...

At the same time, it sensed the existence of the netherworld underworld in the sea of blood, and also actively absorbed the energy from the underworld.....

But the endless sea of blood and the underworld are strongly repellent to it...

The dome relies on instinct to automatically dissolve and turn into a long, dark river, actively integrating into the endless sea of blood...

It only has a ball of will light left. Ball, suspended above the sea of blood.....

The next second, the ball of light actively absorbed the air of the Blood Sea, the Underworld, and the Styx, forming a three-color giant egg that entered the depths of the Blood Sea...

Its breath perfectly blended with the Blood Sea, as if It's one.

At the same time, it also became attached to Qin Feng, just like its own child...

Then, like those innate creatures, the three-color giant egg fell asleep on its own.

This Styx spirit seems to have evolved.

As soon as it fell asleep, the blood beasts became quiet one after another, and one by one they took the initiative to sink into the endless sea of blood and disappeared...

Not only that, the blood beasts in every corner of the entire blood realm also disappeared out of thin air one by one.

They all teleported and merged into the endless sea of blood one by one.

On the sea, Yu Chen and others were dumbfounded.

They were originally fighting with the blood beast.

But in the next second, all those blood beasts disappeared out of thin air.

They have no prey.....

In the blink of an eye, all the blood beasts in the blood realm entered the endless sea of blood.

This strange scene left Chu Chu and the girls dumbfounded...

At the same time, a system prompt sounded in Qin Feng's mind.....

"Ding! Hell's Styx (lower-grade star master level) is automatically merged into the endless sea of blood (lower-grade star master peak) successfully.....Endless Sea of Blood is promoted to a mid-grade star master level treasure...The host's combat power is increased to 24,000 Beijing (basic combat power)....."

Qin Feng opened his eyes wide with joy.

The endless sea of blood has been upgraded.

He finally had a mid-grade star master level treasure.

The next second, with a thought in his mind, the endless sea of blood quickly entered his body and disappeared.

To his surprise, the three-color giant egg also entered his small universe.

You know, only the living beings who have signed a contract with him can enter his small universe.

The spirit of Styx has given birth to a will and is considered a living being, but it has not signed a contract with him!

How could the Spirit of Styx get in?

At this moment, a system prompt sounded in his mind

"Ding! The host successfully adopted the innate creature - the spirit of the Styx (low-grade star master level, fetal body), achieved supreme merit, and gained merit worth 500,000....."

"Is this okay?!"

Qin Feng was stunned.

Immediately, he was greatly surprised.

He didn't expect that adopting a congenital creature would have so many merits.

Thinking about it, these congenital creatures were born from heaven and earth.

It's just that this part of the world cannot be nurtured.

Qin Feng Adoption is equivalent to helping this world, which is a great merit.

In this way, his merit value has accumulated to 730,000.

When it accumulates to 800,000, he can upgrade the golden wheel of merit to the eleventh level.

This thought made Qin Feng full of expectations..

Chapter 622

"Brother, the spirit of the Styx came in with the sea of blood, will it be okay?", Chu Chu was a little worried.

Qin Feng smiled slightly:"Don't worry! It'll be okay! It's still a carcass, so it won't do much harm. What's more, it has already fallen asleep....."

After saying this, with a thought in his mind, the endless sea of blood automatically activated.

The entire blood world actually trembled.

The next second, the sea of blood surges into the sky!

Countless blood energy was extracted from the sea of blood, sucked into Qin Feng's small universe, and merged into the endless sea of blood

"Sure enough it can!"

Qin Feng was delighted.

He had discovered before that the sea of blood in the blood world contained huge energy.

That energy was the source of power for the blood beasts.

He tried to absorb it with the endless sea of blood, but he couldn't.

But it's different now..

The endless blood sea merged with the Hell Styx, and was able to control the blood world and absorb the energy in the blood sea.

Qin Feng was in a good mood and absorbed the energy happily.....

As energy is absorbed, the power of the endless sea of blood becomes stronger and stronger.  
.....

Meanwhile, the outside world.

In the square, everyone watched the changes on the stone tablet nervously.

The atmosphere in the venue was heated.

The Tianfu Star players all looked happy.

The surprise Qin Feng gave them was really amazing!

It's unimaginable!

At this moment, Qin Feng's points are 36,000 points.

You know, in history, the highest score a person can score is 17,000 points, which is less than half of Qin Feng's.

This comparison is very scary!

The players on the court were dumbfounded.

In the crowd, there was constant discussion

"OMG! Emperor Qin scored 36,000 points. How did he do it?"

"Not sure! I can't imagine that he is only a late-stage God Emperor"

"yes! It's incredible! By the way, it's over in twenty minutes. How many points do you think Emperor Qin can score in the end?"

"have no idea! However, Qin Huang has 36,000 points and has already secured the first place in the first game....."

As soon as this was said, everyone nodded slightly.

Yu Chen of Ziwei Star has 3400 points, Yao Chen has 2700 points, and Yu Fei has 1100 points.

The three of them combined for only 7200 points, which is far behind Qin Feng.

Ziweixing can only rank second.

Now, Ziweixing's players have long since given up.

There are still 20 minutes left, and the first competition is over.

The gap of nearly 30,000 points is absolutely impossible to catch up.

All the Ziweixing players were extremely depressed.

For the first time in billions of years, they lost in the first game, and they lost by a big score!

Having said that, the performance of the three Yuchens was not bad at all, even better than the previous session.

In the last session, the three Ziweixing players totaled just over 6,000 points.

It's just that they didn't expect that this year there would be a freak like Emperor Qin.

In addition, everyone was surprised.

The game is almost over, and ten players including Xiongzhaohao and Yanmao still have 0 points.

The people of Jumen Star and Shenfu Star were so anxious that they jumped on their feet.

But the people of Earthquan Star couldn't be happier.

They only have one of their weakest players scoring more than 200 points, allowing Diquanxing to secure third place.

No one knows what happened in the Blood Realm.

Time flies!

In the blink of an eye, there are only ten minutes left until the end.

People suddenly discovered that the scores on the spiritual monument had not changed, and they didn't know what was going on.....

At the same time, above the void.

The five Star Masters looked at the scores on the spiritual monument and sighed.

Qin Feng's score shocked them.

However, Ziwei Star Master became more and more conflicted.

The better Qin Feng is, the more annoying she will be!

To put it bluntly, she is more reluctant to give up.

She had made up her mind and was determined not to become Qin Feng's woman.

If Qin Feng's performance is mediocre, she will feel that her decision is wise.

But Qin Feng is performing so well now, far surpassing her back then.

Now she was doubting whether her decision was right?

Do you really want to give up?

Damn it!

How could I have this idea?

I'm actually attracted to a playboy?

This is absolutely impossible!

The more Ziwei Star Master thought about it, the more irritated he became.

But at this moment, she saw Xuan Xi staring at Qin Feng's points in the crowd below, with a bright smile on his lips.

She was inexplicably annoyed.

This woman really doesn't know how to respect herself.

Doesn't she know that Qin Feng is a playboy?

Hooking up all day long!

Really annoying!

"Tsk tsk!! Brother Tianfu, Qin Feng has scored 36,000 points, which is more than any previous player! Brother Tianfu, how did you discover this talent?"

Earthquan Star Master's admiration sounded behind Ziwei Star Master.

He was envious from the bottom of his heart.

Jumen Star Master also said with envy:"Brother Tianfu, this time your Tianfu Star is expected to get the first place in the overall ranking.!"

"Ha ha!! luck! Just luck!"

The Tianfu Star Master stroked his beard proudly.

The Divine Assistant Star Master on the side was unhappy:"Why are you so proud! If Qin Feng hadn't been there on your Tianfu planet, you wouldn't have even thought about taking first place. If you give Qin Feng to our Divine Assistant Star, we can also take first place!"

"Pooh! Want Qin Feng? Don't dream!", Tianfu Star Master said angrily.

"mean!", the Shenfu Star Master's tone was sour.

Now he is beginning to envy the Tianfu Star Master.

"Huh! This is?"

Ziwei Star Master suddenly sensed something.

All the Star Masters looked at it one after another.

"Big Star Master, what's wrong?"

Ziwei Star Master waved his hand, and a blood-red spiritual bead appeared in front of him.

That is the blood realm.

A low-grade star master-level spiritual object.

But at this moment, the momentum of the blood realm is declining rapidly, and the treasure level is heading towards the half-step star. main stage fall.....

"How is this going?"

All the Star Lords were shocked.

Lord Ziwei made a seal in succession.

In the Blood Realm, a picture of a scene appeared before everyone's eyes.

In the picture, Qin Feng was suspended deep in the seabed, like a human-shaped black hole, swallowing crazily. Absorbing the energy of the blood sea...

The energy surged, the blood sea was overwhelming, and the scene was astonishing!

As the blood sea was swallowed up by the energy, the sea water gradually changed from blood color to light blue, becoming more and more like the color of ordinary sea water...

As the energy increased With the loss, the power of the blood sea is constantly weakening, and the blood realm will also become weaker.....

"Good boy! How did he do that?"

The Star Masters were very shocked.

They had all tried to absorb the energy in the blood sea, but they couldn't.

But now, Qin Feng can do it.

Even the Master Ziwei was surprised.

This guy really surprised her. ah!

"This little guy is really amazing!", Tianfu Star Master couldn't help but marvel.

Jumen Star Master was a little anxious: "Great Star Lord, take action quickly! If Qin Feng is not prevented from absorbing blood energy, the blood world will fall to half a star master level....."

Although the effect of this blood realm is relatively useless, it is still a low-grade star master. It would be a pity if it falls.

"yes! Great Star Lord, if you don't stop me, this treasure will not be saved! This Qin Feng cannot be viewed with common sense!"

Shenfu Star Master also advised.

Ziwei Star Master hesitated.

She could see that Qin Feng would benefit from absorbing blood energy.

If other players did this, she would not hesitate to stop it...

But Qin Feng did this. , she couldn't bear to interrupt.....

"never mind! Let him be!"

Ziwei Star Master waved his hand, and the screen disappeared.

Click~!

A soft sound!

The blood world spirit orb cracked, and the momentum dropped directly to the half-step Star Master level.

All the Star Lords felt a little fleshy.

Ziwei Star Master lamented.

What a bad fate.!

I couldn't bear to stop it.

No!

Next time, I must be cruel!

At this moment, the momentum of the blood world spirit bead finally stopped falling.

Lord Ziwei secretly breathed a sigh of relief.

As long as he cultivates it well in the future... There is still hope for the blood world to recover.....

At this time, several Star Masters looked at the time and saw that there were only 2 minutes left. The first competition was about to end.....

At the same time, in the blood realm.

Deep in the blood sea, Qin Feng finally absorbed the blood energy.

The color of the entire blood sea changed from dark red to light blue.

The endless blood energy was sucked away by the endless sea of blood.....

The blood energy of this sea of blood contains the energy of various negative emotions such as greed, hatred, resentment, and ignorance.

This was something that didn't exist before the Endless Sea of Blood.

Now with this absorption, the endless sea of blood has become even more perfect.....

"Ding! Congratulations to the host, your endless blood sea has absorbed enough Shura blood, its power has been greatly increased, and its level has been improved.....Your combat power has been increased to 25,000 Jing....."

"It turns out that blood can be called the blood of Shura!"

Qin Feng opened his eyes happily

"Ding! It is detected that the host conditions are met.....Hidden rewards activated!"

"Ding! The method of rewarding the host's supreme world—opening up the three realms!"

A cool energy rushed straight into his mind.

There was a lot of information in Qin Feng's mind.

The next second, he showed a look of joy.

This time, he got something good again.

You know, breaking through to the realm of domination requires Create a Small Thousand World.

From then on, the world will be immortal and the Overlord will not die.

Then, cultivate the Small Thousand World into the Great Thousand World, and you will reach the Star Lord realm.

This is the method of the Small Thousand World, and it is a commonly used promotion method for the Overlord..

And opening up the Three Realms is also a way to advance to become a master, and it is much higher than the way of the Small Thousand Worlds.

It requires opening up threeWorld is equivalent to one person mastering three small worlds at the same time.

These three worlds are the hell world, the human world, and the heaven world.....

The realm of hell represents the sin of death, which is the past.

The human world represents the suffering of the world, which is the present.

The heavenly world represents all good things, which is the future.

Qin Feng savored it carefully.

It is not difficult to create the human world, and there is no need to resort to any treasures..

Both the hell world and the heaven world need Star Lord level treasures as support.

Qin Feng thought of something and smiled.

He already has the Star Lord-level treasure to establish the hell realm, which is the endless sea of blood...

## Chapter 623

"Brother, the end time of the competition is coming soon!"

Chu Chu's reminder sounded in his mind.

Qin Feng looked at his points.

36,000 points!

He was very satisfied.

As for other people's points, the point tokens could not be seen, so he could only go out and check the scoring stone tablet.....

At the same time, deep in the Blood Realm.

Yu Chen, Yao Chen, and Concubine Yu stared blankly at the sea of blood below.

"strangeness! Why did the water in this sea of blood turn light blue?", Yu Chen looked confused.

"yes! It's as if some energy in the sea water has been absorbed. Could it be that something has changed in the blood world?", Concubine Yu also looked puzzled.

"Something must have changed! Now not a single blood beast can be found in this blood world."

Yao Chen smiled bitterly.

He felt a little inexplicably worried.

But Yu Chen didn't care and said:"Just mutate! Anyway, our current points are enough to win first place. The three of us have 7200 points together, while Ziwei only scored 6100 points in the last session. This result should satisfy the players of Ziwei Star!

Concubine Yu also said proudly:"Of course!" The three of us are considered to be relatively outstanding among the previous ones! Let me guess: At this moment, the Ziweixing players should be cheering excitedly when they see our points."

Hearing this, Yu Chen smiled and said nothing.

He thought so too.

But Yao Chen worriedly said:"I always feel that this competition is weird. In previous competitions, I never heard that the color of this sea of blood could change! By the way, what's the score between Xiongzhaohao and Emperor Qin?"

"Xiongzhaohao should be about a thousand points! As for Emperor Qin, he should have 700 to 800 percent!", Concubine Yu guessed.

Yu Chen smiled coldly:"Concubine, you think too highly of them!

Concubine Yu was stunned:"No way?" Xiongzhaohao is not weak in strength! It is not difficult for him to get a thousand points. And that Emperor Qin, if the rumors are true, he should get 700 or 800 points. Yu

Chen smiled and shook his head:"It's not a matter of strength. Listen carefully to the voice over there."....."

Concubine Yu quickly listened carefully.

There was a faint sound of fighting from that direction.

That was the sound of fighting when Shen Tu and others besieged Xiongzhaohao.

Concubine Yu suddenly realized:"I didn't expect it! Qin Huang and others have been fighting from the beginning to the present! In this way, wouldn't they have 0 points?"

Yu Chen said proudly:"This is not clear! These weaklings will always do some weird things. Who knows what they think!"

Concubine Yu felt funny:"I really doubt that they all have 0 points."

Yu Chen said happily:"Whether it is 0 points, it will be soon I can witness it!"

After listening to the conversation between the two, Yao Chen's last worry disappeared and he became confident again.....

At this moment, the space trembled.

Then, a powerful spatial fluctuation came.

The three of them turned into white light and were forcibly teleported out.

The first competition is finally over.....

At the same time, in the square.

Everyone saw that the time was up.

Everyone is looking forward to it.

At this moment, three white lights lit up in the field.

Yu Chen, Yao Chen, and Concubine Yu appeared.

The three of them were confident and calm. They seemed to have a chance to win and were not anxious to check the points.

"Look! The players are starting to come out! The competition is over!"

At this moment, shouts rang out from the crowd.

The atmosphere was very heated.

Especially the Tianfu Star side, the shouts were the loudest.

Yu Chen smiled slightly.

Such an atmosphere was just as he expected!

It was just the Ziweixing side, why did it feel strange?

Not at all. Where are the shouts?

As soon as this thought came to mind, Yu Chen vaguely felt that something was wrong with the atmosphere on Ziweixing's side.

Those players were all lifeless and somewhat depressed.....

Yu Chen suddenly felt something was wrong.

Yao Chen and Concubine Yu also noticed.

But at this moment, three more white lights lit up.

Qin Feng, Shenze, and Feiming appeared.

As soon as the three of them appeared, the whole place was in a state of shock.

"Emperor Qin is out!"

The people from Tianfu Star even shouted excitedly.

"Long live Lord Qin! Long live!"

"Lord Qin Huang, you are so awesome!"

The shouts got louder and louder!"

In particular, some female nuns shouted very loudly.

Even the players from Ziweixing looked at Qin Feng.

Yu Chen and the others felt something was wrong and quickly raised their heads to look at the scoring stone tablet.

Seeing this, the three of them were completely dumbfounded.

36,000 points!

How can this be?

At the same time, white lights flashed in the field!

Players from the Earth Star, Giant Gate Star, and Divine Auxiliary Star were also teleported out one after another.

As soon as everyone appeared, they looked at the spiritual monument anxiously.

At this moment, Xiongzhaohao and others were completely dumbfounded.

I saw a dazzling message on the top line of the stone tablet.

Emperor Qin (Tianfu Star), points: 36,000 points

"so tall?!"

Xiong Zhao and Yan Mao opened their mouths.

Even Shen Tu was so shocked that his jaw dropped.

At this moment, all the players were dumbfounded.

At this moment, the power of heaven descended with overwhelming momentum.

The figure of the giant star master appeared out of thin air. And now.

The whole audience suddenly fell silent.

Xiongzhaohao, Kongliu and another Jumen player all looked ashamed.

They all scored 0 points this time! They were at the bottom in the first game!

They saw their own Star Master, Naturally, they felt ashamed!

Speaking of which, it was all Qin Feng's fault.

But after seeing Qin Feng's points, the three of them did not dare to have any hatred towards Qin Feng.

This Emperor Qin was so terrifying!

They could not figure it out at all.

"The first competition is over!"

The voice of the giant star master resounded throughout the audience.

"The current ranking is as follows: Tianfu Star ranks first with 36,000 points. Ziweixing ranked second with 7200 points, and Diqianxing ranked third with 370 points. , Jumenxing and Shenfuxing tied for fourth, both with 0 points!"

As soon as these words were said, Xiongzhaohao, Yanmao and others all looked miserable.

The players from the two pole stars also sighed.

This is not a good start!

The giant star master calmly took a look at Xiongzhaohao. One glance, but no further questions

"All pole star players return to the player area! After ten minutes of repairing, the second luck test was conducted!"

"Just a reminder! Luck scores are very important! Ziwei Xingzun will test it for you personally!"

As soon as the words fell, the whole audience was moved.

Ziwei Star Lord was about to go out.

He was the well-deserved strongest player in the alliance!

After leaving those words, the giant star master disappeared in a flash.

Qin Feng and other players returned to their respective areas..

Tianfu Star cheered.

Diquan Star was also in high spirits.

This time, they were overjoyed that they could get third place in the first game.

The other three pole stars were naturally crestfallen.

However, Qin Feng said that once When he arrived at the Tianfu Star player area, countless players congratulated him.

Everyone looked at him with great admiration and kindness.

Even the high-ranking masters were very respectful to Qin Feng.

Now, he is the leader of Tianfu Star. A hero.

His status in Tianfu Star has risen to an extreme.

"Qin Feng, you performed well this time!"

Xuan Xi's beautiful eyes moved on Qin Feng's face, full of appreciation. The more she looked at this younger brother, the more she liked him.

"Sister Xuan Xi deserves the award! Just luck!", Qin Feng said modestly casually.

Xuan Xi smiled and said:"You don't have to be modest. With your current results, you have a great chance of helping Tianfu Star win first place. This result exceeded Xingzun's expectations. However, you should not underestimate the second luck test"

"how do I say this?", Qin Feng asked curiously.

His score is far higher than the second place, is it possible that he will capsize?

Xuan Xi smiled and said: "Ziwei Xingzun attaches great importance to luck, so the score given by luck is also very high. Besides, luck is elusive and extremely rare."

"Many half-step star masters cannot break through to high-grade star masters because they are stuck in luck. Without luck, many half-step star masters will never be able to break through in their lifetime. This shows how precious luck is."

Qin Feng suddenly said: "That's it!" How is luck rated?"

"Blue-level luck is 3,000 points, orange-level luck is 30,000 points, and red-level luck is 300,000 points!"

"So high!", Qin Feng was a little surprised.

With such a rating, his points would be frighteningly high.

He has red-level luck.

Xuan Xi smiled and said: "This is very reasonable! People who have good luck, even if they have green-level luck, will have extraordinary achievements in the future."

"Therefore, don't underestimate Yu Chen and the others. They still have a chance to make a comeback."

Qin Feng smiled and said nothing.

He has good red-level luck, so there is nothing to worry about.

"By the way, Sister Xuan Xi. The luck you just mentioned is only three major levels. In this test, isn't the small level tested? For example, Qing-level luck is divided into three levels: upper, middle and lower. Xuan Xi shook his head:"

This is unexpected!" Luck is inherently elusive and difficult to measure. This time, Ziwei Xingzun will give you a test, which will consume some merit."

"It would be good if she gives you a high level test. Unless necessary, Ziwei Xingzun will not waste his merits to test people's luck."

"I see!"

Qin Feng suddenly realized.

It seems that his Qi-gazing technique is an extremely rare secret technique.

Xuan Xi said again:"Qin Feng, this is also an opportunity for you. Through this test, you can understand your own luck."

Qin Feng smiled and nodded.....

At the same time, the Ziweixing area.

Yuchen and the other three looked frustrated and ugly.

I think their Ziwei star has been number one for billions of years.

Could it be that this time, Ziweixing's honor will be destroyed in their hands?

Yuchen was very unwilling

"I really didn't expect that! This Emperor Qin is much stronger than we expected!

Concubine Yu sighed with emotion, and

Yao Chen also echoed:"Yes!" I'm afraid we will lose this time!"

"That's not necessarily the case!", Yu Chen sneered.

"This luck test has not been completed yet, are you discouraged? As long as all three of us are lucky enough to score. There is also a chance to surpass Emperor Qin!"

Yu Chen encouraged the two of them.

He continued:"Sometimes a strong person may not have good luck. Are you sure that Emperor Qin must have good luck?"

"this....."

Neither Yao Chen nor Concubine Yu were sure.

There are no rules when it comes to luck. It does not mean that those who are strong will have luck.

At that moment, Yao Chen and Concubine Yu thought for a while and nodded slightly.

That's right!

Being strong does not mean you will have luck.

They still have a chance to win.

With this thought, the confidence of the three people returned.

At this moment, the void shook, and the overwhelming divine power covered the entire place.

The whole audience was shocked and raised their heads.

He saw an indescribably beautiful woman appear above everyone out of thin air.

Star Lord Ziwei appears!

The whole place fell silent immediately.

As you all know, the second test is about to begin..

Chapter 624

Star Lord Ziwei appears!

The whole place fell silent immediately.

As everyone knows, the second test is about to begin.

Qin Feng raised his head and looked at the Ziwei Star Master.

This Ziwei Star Lord has exquisite and beautiful facial features, a graceful figure, and an extremely noble temperament.

Everyone was extremely astonished, and their eyes were filled with wonder, but they did not dare to feel any blasphemy.

Qin Feng looked calm.

He has seen a lot of stunning beauties and owned a lot. He has long been immune, so he is very indifferent.

Star Master Ziwei glanced at everyone lightly, and finally his eyes fell on Qin Feng.

Qin Feng's calm look made her frown slightly.

Strange!

How could this playboy see himself so calm?

Isn't this person beautiful?

Besides, I am the woman in his destiny, why didn't he react at all?

Thinking of how Qin Feng and Xuan Xi were chatting intimately just now, and the two were calling each other sister and brother, how could he be so dull when he saw him?

This made her boss unhappy.

There are still some who are not convinced!

She recalled the fragments of the future seen by the Divine Mirror of Creation.

In that clip, Qin Feng was pressing on her and racing wildly, but his eyes were gentle, hot, obsessed, and loving, which made her fall...

That look was completely different from the current look.....

She thought Qin Feng should have looked like that when he saw her for the first time...

But now it seems that is not the case.

What's going on with this fancy carrot?

This feels terrible!

Star Lord Ziwei was inexplicably angry.

Her expression became more serious unconsciously, but no one dared to ask.

The whole place fell silent.

Everyone was trembling with fear and did not dare to breathe.

At this time, Lord Ziwei waved his hand, the square shook, and a large altar rose from the ground.

That is the altar for testing luck!

"Between you two, who comes first?"

Ziwei Star Master looked at both Jumen Star and Shenfu Star.

According to the rules of the game, the last one in the last game will test the luck level first.

In the last game, Jumen Star and Shenfu Star tied for last place.

"Star Lord! Let us go first!"

Baiyun Star Lord gave suggestions.

He represented the Divine Auxiliary Star, and his tone was a little helpless.

"good! Then let's get started!", Lord Ziwei agreed.

Star Lord Baiyun looked at Yan Mao and the others.

The three of them understood, and the weakest Kui Yan came out first.

Everyone in the audience looked at him.

"Kui Yan is going to be the first to test his luck!"

"Do you think Kui Yan has Qing-level luck?"

"hehe!! Do you think you have such good luck? If luck were so easy to come by, low-grade star masters wouldn't be so rare."

There was a lot of discussion among the crowd.

Kui Yan was worried and excited at the same time.

What he was worried about was whether he had any luck?

He always thought that he had good luck, so he should have luck.

But in fact, he didn't. Many people think that they are lucky and should be the proud ones of heaven, but after taking a test, they all have no luck to protect them.

There are too many such examples, and he can't help but feel a little worried. What he is excited about is that the opportunity to test his luck is extremely rare. It is rare.

Currently in the Star Alliance, only Ziwei Star Master has this method.

But Ziwei Star Master does not take action easily.

It is also a chance that he can have such an opportunity.

As long as he can detect the luck, even the God's Auxiliary Star. If his grades are very poor, he will also be focused on training by the alliance.

This is also a turning point in his fate.

Before he knew it, Kui Yan walked to the center of the altar.

"Are you ready?"

The voice of Lord Ziwei sounded in the sky above our heads.

"Return to Star Lord! Ready!"

Kui Yan took a nervous breath.

Lord Ziwei waved his fingers, and a golden light hit the altar.

The altar was activated instantly, rumbling and spinning, and thousands of golden lights converged towards the center of the altar, rushing towards Kui Yan...

Buzz~!

The altar was clear. Ming!

Kui Yan's whole body trembled slightly, and a white light glowed all over his body...

Everyone watched nervously. Whether

Kui Yan has luck or not will be known soon.

Everyone in Shenfu Star became nervous.

But at this moment, All movement stopped suddenly.....

The white light on Kui Yan disappeared.

There was a sigh of regret in the crowd.

Kui Yan looked at himself blankly, then walked down the altar with a look of despair.

The greater the expectation, the greater the disappointment.

In the air, Star Master Ziwei sighed helplessly.

Kui Yan's luck test is over and there is no luck.

She also wasted 50,000 merit points.

This altar for testing luck requires 50,000 merit points to be activated once.

Merit is inherently difficult to collect.

She would not test other people's luck unless necessary.

This is the reason why Ziwei Star Master does not take action easily.

After Kui Yan went down, it was Feng Yang and Yan Mao's turn soon.

Both of them are top-level masters of Dzogchen, but they both have no luck.

As a result, Shenfuxing scored a total of 0 points in the two tests, firmly placing it at the bottom.

This is the worst result in the history of Shenfu Star.

The Divine Assistant Star Master was embarrassed for a while.

The next test is the people from Jumenxing.

As a result, none of the three Xiongzhao people had any luck.

After two games, the Giants scored 0 points.

This made the giant star master's face darken, and he was a little dissatisfied with the performance of the three men.

The players were filled with emotion.

They originally thought that Xiong Zhao was so good and his potential was at the low-grade Star Lord level, so he should be lucky.

But in the end, Xiongzhao had no luck.

This shocked everyone.

At this moment, all the players realized that having luck was harder than they thought.

Xiongzhao was also hit hard.

Without luck, even if he has the potential of a low-grade star master, he may not be able to become a low-grade star master.

Perhaps, half-step Star Master is his limit.

This was hard for him to accept.

Time flies.

In the blink of an eye, the three people from Earthquan Star had also finished the test, and none of them had any luck.

Even Concubine Yu from Ziweixing took the test.

Still no lucky ones appeared.

This made all the players feel depressed.

Especially those high-ranking masters, their expressions are not good-looking.

It wasn't until this moment that they realized that becoming a Star Master was too difficult.

Which one of those who went up for the test this time is not the best among high-grade masters?

Those are the elites among the elites! pity!

No one has luck.

Not even Concubine Yu and Xiong Zhao.

Not only the players felt depressed, but even the Star Masters were anxious.

Could it be that among the talents of this generation in the Star Alliance, there are not one or two who can become Star Masters?

In the sky, Star Master Ziwei was the most depressed.

She had already spent 500,000 merit points in vain, but she couldn't find anyone with good luck, so she was inevitably a little disappointed.

Just then, another person walked up to the altar.

This time it's Yaochen!

"Yaochen went up!"

"He should be lucky! He is second only to Emperor Qin and Yu Chen!"

"Why! It's hard to say! This luck is so hard to come by!"

As the crowd murmured, Yao Chen had nervously walked to the center of the altar.

"Are you ready?", Ziwei Star Lord asked expressionlessly

"Star Lord! I'm ready!", Yao Chen replied respectfully.

Lord Ziwei flicked his fingers casually, and 50,000 merits gathered together into a golden light and hit the altar.

The altar was activated instantly, and thousands of golden lights converged on Yao Chen.

Yao Chen's whole body trembled, and the white light shimmered. Release.

The next second, the mutation regenerates.

Buzz~!

A clear cry!

A blue light rushes out from Yaochen's head!

The momentum is overwhelming!

One after another!

For a time, the glow is endless, and the auspicious energy rises into the sky.

Countless golden flowers and necklaces , the jade lotus falls from the auspicious air.....

The whole place was in a sensation!

"Oh my God! It's Qing-level luck!"

"Ha ha!! I just said, our Ziweixing will definitely produce a lucky one!"

"Yaochen is amazing!"

All the Ziwei star players cheered.

Even Ziwei star master smiled.

She finally saw someone with luck.

In the void, the four major star masters, including Tianfu and Jumen, all showed smiles.

"Finally found a lucky one.", Earthquan Star Lord breathed a sigh of relief.

"yes! Among the contestants in the last session, there were two young-level lucky ones. I wonder if there can be two this year?", Jumen Star Master said.

Tianfu Star Master stroked his beard and said with a smile:"There should be two! Don't forget, Qin Feng is still missing! That kid must be lucky!"

The Tianfu Star Master is now extremely satisfied with Qin Feng.

But as soon as he finished speaking, the strange voice of the Divine Auxiliary Star Master sounded behind him.

"Brother Tianfu, don't talk too much. Qin Feng's potential is good. But good potential does not mean you will be lucky. Heaven is jealous of talented people, as is often the case in this world!"

Tianfu Star Master frowned:"You old guy can't see Qin Feng, okay? A small thing that always bothers me"

"hehe!", the Divine Assistant Star Master didn't take it seriously,"I just said it casually, just to remind you not to be too complacent!"

"cut!", Tianfu Star Master was disdainful, "You are just jealous! You will know soon whether Qin Feng is lucky or not, just wait and see!"

Just after saying this, there was another commotion below.

An orange light pillar rose into the sky.

The Tianfu Star Masters and others were shocked.

The orange light pillar represented orange-level luck.

This time, Yuchen was tested.

That Yuchen It is actually Orange Level Luck, which means there is a chance to become a mid-level Star Lord!

The four Star Lords were stunned.

Immediately, the Earthquan Star Lord looked surprised: "Haha!! Everyone, our Star Alliance has produced another incredible genius!"

"yes!! Unexpectedly, Yu Chen had orange level luck. It's a pity that his potential is a bit low, and he only has the potential of a low-grade star master."

"Then you don't understand! Luck improvement is more rare than potential. Yuchen has orange-level luck. Even if his potential is insufficient, he still has a chance to be promoted to a mid-level star master!"

"yes!! This Yuchen is a super genius and must be cultivated well!"

"yes! Over the past hundred billion years, only three people have reached the orange level in their luck test. Yuchen took one! Amazing, amazing!"

The major star masters sighed, and their eyes when they looked at Yu Chen changed.

To a certain extent, luck is more important than potential.

Of course, both are excellent, which is the most perfect.

But at this moment , the Lord of Shenfu Star's eyes lit up:"Brother Tianfu, Yuchen has orange level luck, so his luck points are 30,000 points, plus Yao Chen's 3,000 luck points, the total score of Ziwei Star is 42,000 points , has already overtaken Tianfu Star."

With this reminder, the Lord of Tianfu Star frowned.

Shen Fu was right, that was really the case!

The situation is not good for Tianfu Star!

This time, even if Qin Feng has Qing-level luck, Tianfu Star's total score will be It's only 39,000 points, which is still not enough.

Unless Qin Feng's luck can also reach the orange level.

At this time, the Shenfu Star Master continued to stimulate:"Brother Tianfu, there have only been three orange-level luck in hundreds of millions of years. This time, we already have Yuchen's orange level luck. Qin Feng should not be at the orange level. The possibility of having two orange-level fortunes in a row in one era is almost 0!"

As soon as the words were finished, the star masters felt that it made sense and nodded one after another.

The Tianfu star master sneered:"The final test hasn't come out yet, how do you know that Qin Feng is not orange-level luck?!"

The Divine Assistant Star Master laughed:"Then I'll wait and see!"

The Lord of Tianfu Star snorted coldly and stopped talking.

In fact, he was worried in his heart.

He didn't know that Qin Feng's luck was far beyond the orange level, and was a superior red level.  
.....

At the same time, the atmosphere below was heated.

Yuchen's orange-level luck is enviable even to those low-level star masters.

The crowd was buzzing with excitement.

At this moment, it was finally Tianfu Star's turn to test his luck..

Chapter 625

All the Star Lords looked down.

At this moment, in the square, the Ziweixing player area was filled with cheers.

Yuchen was surrounded by the players like a hero

"Brother Chen, you performed so well this time!"

Concubine Yu looked at him with admiration, and little stars appeared in her eyes.

"Of course! In tens of billions of years, only two people's luck has reached the orange level, and Brother Yuchen is the third. This alone is amazing!"

"yes! This time, our Ziweixing can keep the first place!"

All the Ziweixing players really admire Yu Chen.

Yu Chen is smiling with a proud look in his eyes.

"By the way, do you think it is possible for Tianfu Star to catch up?"

A Ziweixing player suddenly said

"Ah! Do you think that's possible?! If Tianfu Xing wants to surpass us, it will need three green-level lucky players, or one orange-level lucky person. Either of these two conditions is impossible!"

"Um! This is true! Look, Fing Ming went up for a test!"

As soon as these words were said, all the players looked towards the test altar.

In just a moment, Feiming completed the test, and there was no luck.

The players from Tianfu Star lamented, but they had no choice.

But the players from Ziweixing cheered.

"Ha ha! Wei Ming has no luck. The remaining Emperor Qin and Shenze, even if they both have Qing Qi Luck, can only be tied with us."

"hehe!! Do you think Tianfu Star can be like our Ziwei Star, where one pole star can produce two lucky ones?"

"Forehead! That's right! How can Tianfu Star compare to our Ziwei Star! Besides, Kanzawa is not considered outstanding!"

All the Ziweixing players were talking excitedly.

At the same time, Shenze had already walked to the altar anxiously.

After a while, the test was completed.

As expected, Shenze had no luck.

The Tianfu Star players were a little disappointed.

Ziweixing The contestants went crazy again!

At this moment, even Yuchen was excited.

In the end, who comes first between Tianfu Star and Ziweixing depends on Qin Feng's test results

"Brother Chen, do you think this Emperor Qin can have orange-level luck?"

Concubine Yu was a little nervous.

This is related to the final pole star ranking.

Yu Chen smiled coldly: "Is it so easy to have orange-level luck?"

As soon as this was said, someone echoed

"that is! Orange-level luck only appears three times in tens of billions of years. It is impossible to have two consecutive appearances in the same session"

"That's right! I think it would be great for Emperor Qin to have Qing-level luck!"

The Ziweixing players chatted excitedly, as if they had already won the first place.

Yu Chen also showed a proud smile. At the same time, everyone on the Tianfu Star side looked at Qin Feng. Feiming and Shenze both scored 0 points. Only Qin Feng is left without a test. Tianfu Star's last hope rests on Qin Feng. But if Tianfu Star wants to get first place, Qin Feng must have orange-level luck. Can Qin Feng really have orange-level luck? Is it luck? Everyone is worried. No one can guarantee it.

"Qin Feng, just try your best!"

Xuan Xi gave an encouraging look.

In her opinion, it is a bit difficult for Qin Feng to have orange-level luck.

As long as Qin Feng can have green-level luck, she thinks it is great.

"Lord Qin Huang, we believe in you!"

All the Tianfu players also expressed their encouragement.

Qin Feng smiled and said nothing.

He felt that these people were too nervous!

Some were funny and some were cute.

He was not worried at all about this matter.

He was a red-level lucky man.

"Sister Xuan Xi, I'm going!"

Throwing these words, Qin Feng walked out of the player area calmly.

As soon as he came out, the whole audience was shocked. Everyone looked at him, without exception.

At this moment, he became the focus of the audience.

In the crowd There's a lot of discussion

"look! Emperor Qin is out!"

"This game has reached the final critical moment!"

"yes! What kind of luck do you think Emperor Qin will have? Is it blue level or orange level?"

"hehe! Who knows this? I think it's more likely to be in the green level, but the orange level is too difficult. Of course, he might not be lucky....."

Discussions continued in the field.

Even Yu Chen paid close attention.

At the same time, above the void.

The Four Star Lords also paid attention.

Tianfu Star Master's expression became tense.

Whether Tianfu Star can win the first place depends on Qin Feng

"Finally it's Qin Feng's turn! Brother Tianfu, you have to be mentally prepared....",The Divine Assistant Star Master deliberately exerted pressure.

Star Lord Tianfu said coldly:"Just watch carefully! Why bother talking so much nonsense!"

"hey-hey!!"

The leader of Shenfuxing laughed, looking like he was watching a good show.....

Meanwhile, below is the square.

Qin Feng has strode up to the altar.

Everyone in the audience was nervous and looking forward to it.

In the air, Star Master Ziwei looked at him silently with mixed emotions.

As the owner of Ziweixing, she naturally hopes that Ziweixing can achieve good results.

But inexplicably, she hoped that Qin Feng could surpass Yu Chen

"Are you ready?"

Ziwei Star Master's voice sounded in the air, and it was a little gentle, not as cold as he was to other players.

"Star Lord, you are ready to begin!"

Qin Feng looked at Lord Ziwei with a smile. His face was filled with a sunny smile, full of confidence.

At this moment, his smile was so brilliant that it confounded all living beings and made people's eyes light up.

Even Lord Ziwei was stunned. I secretly praise him.

This playboy's appearance is really impeccable!

It's not an exaggeration to say that he is an unparalleled young master.....

It's a pity that it's too fussy.....

"Then let's get started!"

Ziwei Star Master put away his distracting thoughts and shot out a golden light with a snap of his fingers.

50,000 merits were injected into the altar!

Buzz~!

The altar was activated!

Thousands of golden lights surged towards Qin Feng.....

"The test begins!"

The whole audience opened their eyes wide and the air became tense.

Star Master Ziwei even held her breath.

She was all nervous for Qin Feng.

In just a moment, thousands of golden lights gathered on Qin Feng.

Qin Feng smiled slightly, Jing Jing Wait for your own pillar of destiny to be inspired.....

But at this moment, the system prompts sounded in his mind

"Ding! Alert the host! I found the unclaimed merit value. Do you want to absorb it?"

Qin Feng's eyes lit up.

Hey! There is merit!

Isn't this what he needs most right now!

"absorb!"

Qin Feng made the choice without hesitation

"Ding! Successfully absorbing the merits of the ownerless... The host obtains 50,000 merits, and the current cumulative merits are 780,000...."

"It can still be like this!"

Qin Feng was delighted.

The merit value is 780,000, which is just a short distance from the goal of 800,000.

With 800,000 merit, he can upgrade the golden wheel of merit to the eleventh level, which is thirteen petals away from the flower of the soul. Will also make great progress

"Huh! This is....."

There was a sound of surprise in the air.

Star Master Ziwei looked at Qin Feng in surprise.

The whole place was in an uproar.

As soon as the thousands of golden lights converged on Qin Feng, they disappeared like a mud cow entering the sea without any response.

This phenomenon is completely different from other players!

Even if other players were not lucky, their whole bodies would glow with a white light.

But Qin Feng didn't react at all.

Did I make a mistake?

Ziwei Star Lord has self-doubt.

The whole place also started whispering.

"what's up? Why was there no aura reaction in Emperor Qin's test? Could it be that Ziwei Xingzun made a mistake in his operation?"

"impossible? What kind of person is Ziwei Xingzun? How could she fail?"

"Could it be that Emperor Qin had no luck??"

"Uh~! Probably not, right? Emperor Qin was so good, how could he have no luck?"

The crowd kept muttering.

Everyone was confused.....

In the void, the four Star Lords also looked at each other.

They didn't understand what was going on.

Qin Feng's phenomenon was obviously different from other players.

Is it really the Great Star Master's mistake?

At this time, Ziwei Star Master pinched a seal with a serious look on his face, and once again ejected a golden light of merit, injecting another 50,000 merits.

This time, she was worried that she would make a mistake and did it very seriously.

Buzz~!

The altar is activated again!

Thousands of golden lights converged on Qin Feng's body...

Qin Feng couldn't hold back and absorbed it again.

His merit value has skyrocketed again, reaching 830,000, and he can be promoted to the Golden Wheel of Merit.....

All the players were shocked

"No way! Emperor Qin had no luck!"

"this.....Why!"

Countless players shook their heads and sighed.

Some players who idolized Qin were even more sad.

If there was no response the first time, it might be Master Ziwei's mistake.

But the second time, everyone could see that Master Ziwei was very serious and would never It will be a mistake.

There is only one result, that is, Qin Feng has no luck, so there may be no reaction.

This answer disappointed many players.

Especially the players from Tianfu Star, each one felt lost.

It was difficult for them to accept this. The result.

How could such a powerful Lord Qin have no luck?

Is there something wrong?

On the contrary, the players of Ziweixing cheered.

Yu Chen was even more proud.

He was a shining star after all.!

Even if Emperor Qin's potential reaches the level of a high-grade star master, without the protection of luck, it would be good if he can be promoted to a low-grade star master at best.

In terms of future, Emperor Qin is equal to Yaochen.

And he will be above them, superior to these two. Above all others, he became the well-deserved number one in this session!

The more Yu Chen thought about it, the more proud he became.

In the void, the Lord of Tianfu Star was dumbfounded.

Qin Feng had no luck!

How could this be?

"Ha ha!! Brother Tianfu, I just told you not to be happy too early. did you see? Qin Feng doesn't even have the luck of being a junior. His future achievements may not be as good as those of Yu Chen!"

The Divine Assistant Star Master smiled happily.

The Tianfu Star Master was displeased and still defended:"Even so! That's better than you people from the Divine Auxiliary Star!".....

At the same time, over the square.

Star Lord Ziwei was a little dumbfounded.

She was sure that she didn't make a mistake this time.

Then why didn't Qin Feng react?

Could it be that Qin Feng has no luck?

This is impossible!

This guy is his destiny.

Thinking back to the scene in the future, he was riding so happily and passionately on his body. He was obviously very cultivated. How could he have no luck?

Where did this go wrong?!

How could her man be mediocre!

Even if she doesn't want to surrender to this man, that shouldn't be like this.....

At this moment, Ziwei Star Master was a little flustered and unwilling.....

Unknowingly, she became worried about Qin Feng.

She hopes Qin Feng's future will be better.....

At this moment, Qin Feng felt funny when he heard the comments and exclamations around him.

These people are really self-righteous.

However, it's time for him to show off his luck.

830,000 merit points are enough!

Xuan Xi once told him a secret.

Entering the core area of Ziwei Holy Land, there will be some special opportunities.

One of the most important opportunities is to test the attack power.

Therefore, he eagerly hopes that the Golden Wheel of Merit will be upgraded to the eleventh level.

Now, this goal has been achieved

"Xingzun, I am special. If you try again, you can test my luck....."

Qin Feng looked at Ziwei Star Master with a smile.

There was an uproar all around.

Didn't Emperor Qin have no luck?

Is he still struggling to his death?

In the crowd, Concubine Yu frowned: "Brother Chen, what is Emperor Qin doing? Is he struggling to his death?"

Yu Chen sneered disdainfully: "I think he is humiliating himself! Ziwei Xingzun has already tested him twice. It's all benevolence and justice!"

At the same time, in the void.

The Divine Assistant Star Master also shook his head slightly: "Brother Tianfu, it seems that Qin Feng is unwilling to accept it! But he made such an unreasonable request, aren't you afraid that the Great Star Lord will be angry? You'd better come forward! In case the Great Star Lord is unhappy!"

At this moment, everyone in the field looked at Ziwei Xingzun.

Everyone thought that Qin Feng made such a request because he was unwilling to accept the result.

Many people are worried about Qin Feng.

A test by the Master of Ziwei Star will cost 50,000 merits, so just do it if you ask for it.

I'm just afraid that Lord Ziwei will be angry.

But the next second, everyone was stunned.

In the air, Star Master Ziwei nodded slightly: "Yeah~! Let's come again!"

She agreed readily.

I saw a flick of her finger, and a golden light was injected into it.

The altar is activated again!

Light up thousands of golden lights!

The next second, golden light gathered around Qin Feng.

Buzz~!

A clear cry!

Qin Feng's whole body lit up with dazzling white light!

The next second, a red beam of light shot into the sky from above his head!

That is the highest level of red luck!

In an instant, the sky shook!

The purple glow fills the sky~!

Billions of auspicious energy are rolling in~!

Heaven and earth roar with joy!

The world is shaken!

Countless golden flowers, necklaces, hanging beads, and jade lotuses fell one after another from the auspicious air.....

Among the clouds, golden dragons, colorful phoenixes, unicorns and other auspicious animals are walking among them.....

Immortal music is faint, the sound of heaven is brilliant, and the auspiciousness is incomparable.....

I saw Qin Feng bathing in the morning auspiciousness, showing his supreme nobility and solemnity...

This scene shocked the whole audience and actually made people want to worship..

Chapter 626

This scene shocked the entire audience, and actually made people want to worship...

Red level luck!

Only five people in the entire Star Alliance have achieved it, and that is the five Star Lords!

But they are all top-grade star masters, just God Emperor Qin Fengcai.

What is even more shocking is that the four major star masters, Tianfu, Jumen, Shenfu, and Diqian, are all low-level red-level luck.

On the other hand, look at Qin Feng's red-level luck!

Red and purple, the auspicious energy reaches the peak, and the power is shocking. It definitely exceeds the lower level red level luck, and is not under the luck of the Ziwei Star Master.

The Ziwei star master's luck is already moderately perfect, and he is just one step away from being promoted to the upper red level.

But it took Star Master Ziwei tens of billions of years to slowly improve.

Qin Feng is so young and is still just a small god emperor.

How did he do that?!

The Four Stars were extremely shocked!

Look at me!

Let me look at you!

Confused!

Qin Feng's luck is actually better than all of them!

This is incredible!.....

At the same time, everyone in the square was dumbfounded.

In tens of billions of years, there has never been a new red-level luck in the Star Alliance.

But now, it appears!

That is Emperor Qin!

He is also the sixth red-level luck master after the five great star masters. He has crushed all the middle and lower-level star masters and is unparalleled.....

At this moment, the mouths of several low-level star masters leading the team opened wide.

They had previously envied Yu Chen's orange-level luck.

But now it seems that Yu Chen's luck cannot be compared with Qin Feng's!

Yu Chen's luck is not one thousandth as good as Qin Feng's!

At a glance, Yuchen's luck could barely reach the orange level.

Qin Feng's luck is not only red level, but also an extremely high level red level.

Comparing the two, the gap is huge!

Among the crowd, Xuan Xi's beautiful eyes revealed a strange color.

This brother surprised her so much!

Not only does his talent reach the high-grade star master level, but his luck is also at the red level.

He will definitely become the sixth high-ranking star master in the Star Alliance.

Thinking of this, Xuan Xi's beautiful eyes gradually glowed...

On the other side, Concubine Yu was dumbfounded.

She didn't expect Qin Feng's luck to be so terrible!

In such comparison, Yuchen's orange-level luck is nothing at all.

I'm afraid that after today, Emperor Qin's name will be famous in the Star Alliance, powerful in the world, and become an unattainable existence!

Comparing Yu Chen and Emperor Qin, there is a huge difference.

At this moment, she thought of what Yu Chen had just said again, and suddenly felt strange, even a little embarrassed.

She looked at Yu Chen calmly.

But they found that Yu Chen had already lost his soul and seemed to have been severely hit.

Hey~!

Concubine Yu sighed, feeling helpless.

She knew that Yu Chen was arrogant and always thought that he was the son of destiny.

But this time, Qin Feng hit him hard on his potential.

Now, Qin Feng's luck has hit him hard again.

Yu Chen suddenly felt as if he had fallen into an abyss and was helpless.

In this life, he can't compare with Qin Feng at all!

It wasn't just Yu Chen who thought this, everyone in the audience felt that Qin Feng was a hundred times stronger than Yu Chen.

Yu Chen has been a low-grade star master in his life. With better luck, he can barely become a middle-grade star master.

But Qin Feng is destined to become a top-grade star master.

At this moment, everyone's eyes changed when they looked at Qin Feng.

But they didn't know that the Five Stars were even more shocked than they were.

Based on Qin Feng's potential and luck, Qin Feng is likely to become the second strongest person in the alliance, second only to Ziwei Star Lord.

These Star Lords didn't know that they still underestimated Qin Feng's luck.

Qin Feng's luck is not the same as that of Ziwei Star Master, but a superior luck.

It's just that this altar can only measure roughly, so it's not accurate.

At this moment, Qin Feng put away the Luck Light Pillar.

All visions in heaven and earth disappeared.

It was quiet all around.

Everyone was still immersed in shock.

In the air, Star Master Ziwei was in a very complicated mood.

She originally thought that her luck would be much better than Qin Feng's.

As long as her luck exceeds that of Qin Feng, she can change her destiny and not become Qin Feng's woman.

But now it seems that the situation is not good!

Qin Feng's luck is actually the same as his own.

It's all over now!

Will she eventually become this guy's woman?

Could it be that the high-ranking self wants to serve this playboy with a group of women?

Lord Ziwei is not willing to give in!

At this moment, Qin Feng had already got off the altar and walked towards the Tianfu Star contestant area...

Lord Ziwei looked at Qin Feng's back silently.

To be honest, this boy is so outstanding!

This is the most promising talent she has ever seen in her life!

Much stronger than she was back then!

If you cultivate it well, you will definitely surpass yourself.

At this moment, Star Master Ziwei was in a trance.

She suddenly had the urge to become Qin Feng's woman and obeyed her destiny.....

She couldn't help biting her red lips, with a complicated expression...

At this moment, the scoring stone tablet lit up with a dazzling light.

The points after Qin Feng's name jumped to 336,000 points.....

Tianfu Star has a total score of 336,000, ranking first.

This score is 8 times that of the second-place Ziweixing!

The whole audience was moved!

The Ziweixing players were a little embarrassed.

They have long lost the arrogance they had before.

They were once so high, but this time they fell miserably!

In the air, Star Master Ziwei sighed.

She doesn't care about points.

She was worried about how to deal with her relationship with Qin Feng..... never mind!

It's better to forget about this trouble first!

Lord Ziwei looked at the audience

"Ranking competition! It ends here!"

Her voice spread throughout the room, attracting everyone's attention.

"In this competition, Tianfu Star ranked first, winning 5 places in the core area of the Holy Land and 50 places in the inner area....."

"Ziweixing ranked second, winning 3 places in the core area and 30 places in the inner area....."

"Land power star ranked third, and won 2 places in the core area and 20 places in the inner area. ...."

"Jumenxing and Shenfuxing tied for fourth place, obtaining 1 place in the core area and 10 places in the inner area....."

"Three hours later, enter the Holy Land!"

This announcement made the whole audience cheer.

The opportunity for the Holy Land is finally here!

Especially the players from Tianfu Star, each and every one of them cheered with great excitement. ....

"Very good! Our Tianfu Star has 50 shortlisted places! There are still 5 core quotas!"

"This time, thanks to Lord Qin!"

"Long live Lord Qin! Long live!!"

For a time, there were thunderous cheers, and the fiery atmosphere spread throughout the entire venue!

The other Pole Star players were envious.

It would be great if their star field could also produce a Qin Emperor.

Above the void, the Lord of Tianfu Star laughed heartily

"Ha ha!! Old Shenfu, didn't you say that Qin Feng has no luck? What else can be said now?!"

Tianfu Star showed off proudly.

The Earthquan Star Master and Jumen Star Master on the side laughed and said nothing.

The Shenfu Star Master looked embarrassed.

He was slapped in the face again!

Why is this Qin Emperor always unexpected ?

"cut! How proud are you? Aren't you just lucky to have picked up such a talented person?.....It's not your fault!"

The tone of the Shenfu Star Master was sour.

The Tianfu Star Master stroked his beard and said with a smile: "Shenfu Star Master, don't forget it! You are the one who keeps jumping around and is not optimistic about Qin Feng. I have always been optimistic about him! Facts have proved that I am right, which also proves that I have a better vision than you! This is a skill!"

God's Assistant Star Master: "....."

The Divine Assistant Star Master rolled his eyes and was unable to refute for a moment.

At this moment, the space around Zhongxingzun fluctuated.

Lord Ziwei returns.

The four people quickly saluted the Lord Ziwei

"Congratulations to the great star! Congratulations to the Great Star! God has mercy! Let's add a new super genius to our Star Alliance!"

The Earthquan Star Master said excitedly.

The Tianfu Star Master and the Jumen Star Master all looked happy.

Even the Divine Assistant Star Master also had relief in his eyes.

The appearance of Qin Feng!

It is indeed a blessing for the Star Territory Alliance!

"Brother Tianfu, you have discovered an amazing talent for the alliance this time. You have done a good job!"

Ziwei Star Lord casually praised

"Ha ha!! This is what I should do! Besides, I'm just lucky."

Tianfu Star Master stroked his beard, his face full of pride.

Ziwei Star Master looked at his happy look and felt very complicated!

She originally expected Tianfu Star Master to bring a talent to herself.

But this old man brought a man to herself.!

But she can't tell anyone about this yet, she can only keep it in her heart.

"Great Star Lord, Qin Feng is the number one genius in our Star Alliance in tens of billions of years. I suggest you train him well. In the future, he is likely to become the sixth high-level star master in the alliance!"

Jumen Star Master sincerely suggested.

The other three people nodded in approval.

"Will do!", Lord Ziwei looked down from a distance

"When this Holy Land opportunity is over, I will talk to him personally. Next, you go back and allocate the quotas for the core area and the inner area of the Holy Land. You will give me the list later!"

"yes! Big Star Lord!"

Everyone took the order one after another.

The Lord of Tianfu Star rolled his eyes and suddenly took out three Black Sky Crystals.

Then, he said in a strange way:"Oh! Divine Assistant, the three Black Sky Crystals I won from you this time are going to be rewarded to Qin Feng. Then tell him how I won it. Are you angry about this?!"

"you.....", the Divine Assistant Star Master rolled his eyes in anger.

"Ha ha!! I'm leaving!"

Tianfu Star Master laughed proudly and disappeared out of thin air.

Earth Quan Star Master and others smiled. Shenfu Star Master was angry, embarrassed, and helpless...

Then, all the Star Masters left one after another.

The core area of the Holy Land and The number of places in the inner area is limited and must be allocated in advance..

Chapter 627

A quarter of an hour later, in a room.

Lord Tianfu summoned Qin Feng

"Qin Feng, you performed very well this time!"

The Lord of Tianfu Star stroked his beard, with a look of relief on his face. This little guy was so proud of him. The more he looked at it, the more satisfied he became.

After today's incident, Qin Fenghui will be famous all over the world.

And the reputation and status of Tianfu Star will be There will also be great improvements in the Star Alliance.

"Xingzun, these are what subordinates should do!"Qin Feng behaved very humbly.

"You don't have to be humble! You have to perform far beyond my expectations. This time, I will reward you well! Take these three Black Sky Crystals first!"

The Lord of Tianfu Star waved his hand, and three black sky crystals flew towards Qin Feng

"Star Lord, this.....", Qin Feng was surprised and happy.

The reward for three black sky crystals is very generous!

"Take it! If you really want to thank me, then thank the God's Assistant Star Lord."

"Why?"

"This is what I won from a bet with him....."

The Lord of Tianfu Star briefly talked about the bet between the two.

After Qin Feng heard this, he smiled and put away the Black Sky Crystal happily.

As a result, he has 9 black sky crystals on his body.

Generally speaking, for a high-grade master to break through the bottleneck of Dzogchen and become a half-step star master, only 10 black sky crystals are needed.

He's almost ready

"Qin Feng, what other rewards do you need? Just mention it!"

Tianfu Star Master will continue to reward

"Star Lord, it's enough for me to get three Black Sky Crystals as a reward."

"Qin Feng, don't be embarrassed, you deserve this. Think about it, what are you missing? If you don't mention it, you won't have time as soon as you enter the Holy Land."

"Oh well! Star Lord, when entering the core area of the Holy Land this time, who will you arrange to enter?"

"You, Shenze, and Feiming are definitely going in. I haven't decided on the candidates for the other two spots yet."

"Xing Zun, my subordinate wants two places, is it possible?"

"sure! I wonder who you want to give those 2 places to?"

The Lord of Tianfu Star agreed very readily.

He was very satisfied if Tianfu Star could get the second place.

Now that he has won the first place, what's the harm in giving two more places to Qin Feng?

What's more, this is Qin Feng credit

"I want to give it to Purple Star and Jade Qilin!"

"Oh, these two little girls are extremely talented, and they are not inferior to Shenzawa. OK! Give them the two core spots!"

"In addition, I also want to win four inner-final places for Chu Chu, Qin Baobao, Feng Di, and Bai Qi!"

"These are all small things! What's more, these four of your subordinates are all extremely good. As long as they are given enough time, they can all become top-grade masters. Even if you don't fight for it, they have a high chance of being selected this time.

Qin Feng was overjoyed:"Thank you Xingzun!"

"No need! Go ahead and get ready! This opportunity in the Holy Land is extremely rare, you must seize it!"

"By the way, I remind you! Even if your potential and luck are extremely good and have almost reached their peak, you must be careful. There are many strange things in this world"

"If you are careless, they will plot against you. For example, the elusive Fengtian Sect and the ancient clan whose details are unclear."

The Lord of Tianfu Star said very seriously.

Then, he looked into the distance with a deep look on his face.

"Qin Feng, don't think that I am alarmist. I think back then, the Lord of the Five Spirits was so powerful, and his luck was so great, but in the end he died and his clan was destroyed, so you should not underestimate the people of the world."

"This time, when you enter the Holy Land, you must seize the opportunity and improve your strength. In this way, you will be able to survive better in the chaotic star field a month from now!"

Tianfu Star Master said sincerely.

"Star Lord, I understand!"

Qin Feng was moved.

He knew that Tianfu Star Master was sincerely thinking about him.

At the same time, he also felt some pressure.

One month later, the trip to the Chaos Star Territory.

For the inheritance of Yuan Feng and other high-grade star masters, his opponents It should be those half-step star masters and low-level star masters.

He really needs to improve his cultivation as soon as possible.

Afterwards, Tianfu Star Master gave a few more instructions, and Qin Feng left.....

Time flies.

In a blink of an eye, three hours passed.

All the major pole stars have assigned their lists.

Tianfu Star, the five core places are Qin Feng, Shenze, Feiming, Purple Star, and Yu Qilin.

Chu Chu and others also entered the fifty inner quota.

Those players had no input into these allocations.

Tianfu Xing's ability to win first place is all due to Qin Feng.

Without Qin Feng, Tianfu Star would definitely be at the bottom, with only one quota to enter the core and only ten to enter the inner circle.

It is natural and reasonable to allocate more to Qin Feng's men.

At this moment, in the forbidden area of Ziwei Star.

The five star masters, including Ziwei Star Master and Tianfu Star Master, stand suspended in the air.

They are waiting for the gate of the Holy Land to open.

The Holy Land of Ziwei is only opened once in a million years.

According to the time calculation, it will be opened in a few minutes.

The five star masters were a little nervous.

In the valley below them.

One thousand, seven hundred players had already gathered together.

Everyone was nervous and looking forward to it. There was constant discussion and the scene was very lively.

In the corner, Qin Feng was in a very good mood.

Not long ago, his golden wheel of merit was promoted to the eleventh level.

The distance between the flower of the soul and its thirteen petals has been increased to 91%, and its combat power has been increased to 26,000.

In addition, with the efforts of the phantom clone, Luo Li, Nishan, Liu Yan, and Shangguan Yunxi, everyone on the earth has completed taking the potion.

This resulted in tens of millions more elemental masters on the earth, all of whom migrated into the small universe.

These tens of millions of elemental masters are distributed among the five polar stars, and they all refer to the Heavenly Monument of Creation.

This brought Qin Feng's merit points into a period of explosive growth, with tens of thousands of merit points coming in every moment.

According to this development, Qin Feng will be able to accumulate 1.8 million merits in less than a month.

At that time, he will be able to bloom ten petals of the soul flower, and he will be promoted to the Great Perfection of God Emperor.

Moreover, it is the only flower with thirteen petals in the universe, which has never been seen in ancient and modern times.

Thinking of this, Qin Feng was in a better mood and had a great time chatting with Zixing and the girls.

Yu Qilin and Zixing acted coquettishly.

The two women were moved by Qin Feng.

This time, Qin Feng helped them win a spot in the core area.

The two women were extremely moved.

Qin Feng had no choice but to hold the two women's thin waists with each hand.

This makes everyone around him envious.

But this scene made Star Master Ziwei extremely angry.

This playboy really doesn't know how to restrain himself, as if he can't live without a woman.

She originally thought that as long as Qin Feng performed well in the Holy Land, she would obey her destiny and try to be his woman.

But seeing his romantic nature, he still thought more carefully.

The more Ziwei Star Master thought about it, the more annoyed he became, and his expression turned out to be a little angry.

She didn't realize it herself, but she was already jealous.....

In another corner.

Yu Chen looked at Qin Feng silently.

Looking at Qin Feng hugging him from left to right, he was a little envious.

The women around Qin Feng are all stunning, even better than Concubine Yu.

"Brother Chen, this Emperor Qin is really interesting. There are so many beauties around him....."

Concubine Yu's tone was strange, and she looked at Qin Feng with a strange look.

She was just thinking, if she had not met Yu Chen, but had met Qin Feng first, would she, like Zixing and others, serve this man together?

Yu Chen turned his head and looked at Concubine Yu's confused eyes, his pride was stung.

Immediately, he said coldly: "He's just a playboy! What's so good about him?"

Concubine Yu smiled.

Yu Chen said coldly: "Although he is excellent, it does not mean that he is the best in the Holy Land. If you want to get opportunities in the Holy Land, it depends on your understanding, not your potential and luck!"

"That's true!"

Concubine Yu nodded slightly to express her approval.

Yu Chen smiled coldly and said nothing.

He secretly vowed to perform well in the Holy Land this time.

Since his potential and luck cannot compare with Qin Feng, then he should surpass Qin Feng in understanding. Wind.

He was very confident in his understanding.

He felt that he would be able to surpass it.

He would definitely impress everyone!

At this moment, the center of the forbidden area roared.

The Holy Land was about to open!

Everyone was excited, and one by one he Reputation.

A door of light appeared out of thin air in the center of the forbidden area.

"The gate to the Holy Land is open!"

The crowd roared.

All the contestants showed excitement.

At this moment, light and shadow flashed.

Twelve lotus stands flew out from the light door.

Those lotus stands were as bright as jade, with twelve petals, and the whole body was enveloped in Taoist charm.

"Twelve core players go up!"

The voice of Lord Ziwei rang in the air.

At that moment, twelve figures flew up to the lotus platform.

The lotus platform was the voucher for entering the core area of the Holy Land, that is, the reception lotus platform.

Without the lotus platform, it would be impossible to enter the Holy Land.

Qin Feng chose one at will. For the lotus platform, Purple Star and Yu Qilin each chose one.

The remaining 9 lotus platforms are Shen Ze, Feiming, Yu Chen, Yao Chen, Yu Fei, Shen Tu and another contestant from Diqian Star.

There is also Jumen The heroic move of the star, the Yan Mao of the divine auxiliary star.

As soon as the twelve people took their positions, they flew into the light gate and disappeared.

Everyone in the field was envious.

Then, another one hundred and twenty receiving lotus platforms flew out of the light gate..

These receiving lotus dais, with only nine petals in bloom, were used to guide them to the inner area.

One hundred and twenty contestants flew out, one after another onto the lotus dais, and entered the holy land.

Several people from Chu Chu were among them.

After a moment, the light Another 1,568 lotus pedestals flew out from the door.

These lotus pedestals only had six petals, and they were ushers to the outer area.

The contestants rushed to get on the lotus pedestals and entered the holy land one after another..

Chapter 628

In the blink of an eye, all the players entered the holy land.

The entrance to the holy land closed automatically and disappeared.

In the forbidden area, only the five stars are left in the sky.

"Everyone is in! I wonder how Qin Feng's performance will be?"

The Earthquan Star Master is very concerned.

He is somewhat grateful to Qin Feng.

Shen Tu has told him what happened in the Blood Realm.

Without Qin Feng's help, it would be impossible for the Earthquan Star to get the third place.

"How he performs depends on his understanding," the Jumen Star Master said casually

"Qin Feng is very good! But I am very worried about him and wonder if he can last ten years."

The Lord of the Divine Auxiliary Star said in a sour tone.

The flow of time in the Holy Land is different from that in the outside world.

One day in the outside world is one year in the Holy Land.

The Lord of the Divine Auxiliary Star said that if you persist for ten years, if you persist in the Holy Land for ten years, the outside world will pass. Ten days.

The Lord of Tianfu Star was displeased: "Shenfu, you underestimate Qin Feng! How could it be only ten years? That's just an upper-middle level of understanding!"

The Divine Assistant Star Master shook his head: "I'm not talking nonsense! If you think about it carefully, Qin Feng's potential and luck are so high, why is his cultivation level only in the late stage of the God Emperor? This is obviously due to poor understanding and slow realization of realm, so his cultivation level is naturally low."

This analysis came out.

The eyes of several major Star Lords lit up and they felt that it made sense. They nodded one after another.

Even the Lord Ziwei frowned.

Could it be that Qin Feng's understanding is really average?

In fact, no one knows that Qin Feng's cultivation level is low, not because of lack of understanding, but because his cultivation time is too short.

In addition, what he cultivates is the God Emperor of the Universe, and the flower with thirteen petals is dozens or even a hundred times more difficult than the ordinary God Emperor..This breakthrough is naturally slow!

"hehe!! Mr. Shenfu, you are the only one who talks a lot! How Qin Feng's understanding is, we'll find out just waiting to see!"

Tianfu Star Master said angrily.

Shenfu Star Master was about to fight back when he was interrupted by Ziwei Star Master.

"Everyone, stop fighting! Just wait and see!" .....

But on the other side, Qin Feng was sitting on the lotus platform and passed through the light gate.

The next second, he entered a void.

The void is filled with raging black storms.

When Yu Chen and others saw the black storm, their faces changed with fear.

One by one, they were sitting on the lotus platform, trembling and not daring to move too much.

Qin Feng knew that the black storm was the legendary Black Elemental Wind.

Black Elemental Wind is a kind of supreme energy that can overcome the power of elements of all attributes and double the damage to elemental masters.

Even if the Great Perfection of the High-grade Master encounters the wind of the Black Element Realm, it will disappear in an instant, without even a chance of reincarnation, which is extremely terrifying.

Therefore, Yu Chen and other talents were as afraid of him as a tiger.

Fortunately, the lotus platform they were riding on was designed to resist the invasion of these black elemental winds.

Without the help of the lotus platform, one would have to be at least half a star master level strong to be able to barely withstand the raging wind of the Black Element World.

You must know that the combat power threshold of a half-step star master is 10 million yuan, which is dozens of times stronger than the Dzogchen master of the top grade...

The difference in strength between the two is as great as heaven and earth.

No matter how strong a top-level master is, if he encounters a half-step star master, he can only be killed instantly.

It can be seen from this that the Black Element World Wind is not something that the masters can resist.

At this moment, Qin Feng silently observed his surroundings.

He discovered that the Black Elemental Wind at the entrance to the Holy Land was relatively thin, and became more violent as he went deeper.....

At the same time, more and more players are coming in.

When all the players saw the Black Element World Wind, their whole bodies tensed up and they felt uneasy.....

The crowd was also muttering constantly

"did you see? This is the Black Element World Wind! Be careful now, don't let the boundary wind break the defense of the lotus platform. Otherwise, if it sticks a little bit, it will blow you away....."

"Oh My God! So terrible!"

"Of course! Didn't you listen to Xingzun's previous introduction? By the way, have you sensed the flow of time around you?"

"Sensed!! Rumor has it that a year here is a day outside! It seems to be true!"

Everyone sighed.

After a moment, one thousand, seven hundred players came in one after another, and all entered.

Bang~!

The entrance to the Holy Land was closed!

The whole void trembled!

Everyone was alarmed!

At this moment, deep in the void, bursts of roaring...

For a moment, sound waves vibrated, the sky and the earth shook, and the space trembled.....

A ball of white light as big as a planet gradually lights up in the depths of the violent black elemental wind.....

The dazzling white light illuminated the entire holy space.

Then, in the white light, a huge black shadow appeared.....

The black shadow is like a human figure, hundreds of millions of miles high, no facial features visible, sitting cross-legged with legs.....

As soon as he appeared, everything fell silent!

The overwhelming power is coming!

Boundless momentum, endless glory!

It seemed that as long as he was willing, he could destroy a world with just one finger...

The contestants looked at the black shadow with fear and uneasiness in their hearts, but also had the urge to worship...

Rumor has it that this black shadow is a remnant of the ancient Lord of the Universe.

As for whether it is true or not, we don't know.

"Come!", the black shadow spoke.

Echoes from heaven and earth!

Echoes also resounded in the minds of all the players.

The next second, they understood.

It turned out that this mysterious black shadow was going to tell them about the Three Thousand Avenues.

This was their chance this time!

Why? Three thousand avenues, that is, one hundred and eight supreme true meanings, and two thousand eight hundred and ninety-two supreme true meanings.

The total is exactly three thousand!

These three thousand true meanings all have the possibility to achieve the great world!

Therefore, there are three kinds of supreme true meanings in the world. The theory of Thousand Worlds.

And achieving the Thousand Worlds is a sign of being promoted to Star Lord.

In other words, listening to the sermon this time is a great opportunity for all contestants to be promoted to Star Lord!

Of course, this also depends on personal understanding.

The better the understanding. The more, the greater the success rate of being promoted to Star Master in the future.

In fact, before entering the Holy Land, many players only comprehended the top true meaning.

After leaving, the true meaning was promoted to the supreme true meaning.

Some outstanding players even obtained two The three supreme true meanings may even be promoted to the highest true meaning.

Everything depends on the level of understanding!

At the moment, the contestants were so excited that they controlled the lotus platform and flew towards the black shadow.

The lord of the ancient universe's residual sermon was reliable. The closer they are, the more benefits they get.

After a while, the distinction between levels is revealed.

The six-petal lotus platform can only fly thousands of miles close to the black shadow, but it cannot withstand the pressure of the black elemental wind and stops one after another.

Because the higher the The closer you are to the black shadow, the more violent the wind in the Black Element Realm becomes!

The location where those six-petal lotus platforms reside is the outer listening area!

And the one hundred and twenty nine-petal lotus platforms stop thousands of miles away from the black shadow.

That is the inner Listening to the sermon area!

The benefits of listening to the sermon in the inner area will be ten times that of the outer area.

Qin Feng and other twelve twelve-petal lotus platforms stopped at a hundred miles away from the black shadow.

That is the core area!

In the core area The benefits of listening to sermons are ten times that of the inner circle and a hundred times that of the outer circle.

When everyone is in place, the power of God appears again!

Everyone looks pious, and the scene gradually becomes quiet.

Only then does the black shadow speak.

As soon as he speaks, he touches the great road, Changes in heaven and earth.....

Behind him, the sky is full of rays of light and purple.....

All around him, the sky was filled with flowers and golden lotuses were blooming.....

Countless auspicious energy surged out, gathered into the canopy of heaven and earth, and dropped billions of hanging beads, necklaces, and curtains of beads.....

One after another Sanskrit sounds gradually rise...

The sound of heaven echoes.....

Spread throughout the entire void in an instant.....

It was a sound I had never heard before, not even a language... it was the sound of Taoism.....

At this moment, Daoyin was recalled in everyone's mind, and all living beings were suddenly in various states of mind.....

Some people have faces full of pain, some have faces full of dementia, some have faces full of enlightenment, some are clasping their hands and laughing, and some are crying.....

However, the layering is obvious.

In the outer area, there were many people with faces full of pain and confusion, and these people gained the least... In the inner area, most people showed signs of sudden enlightenment.

In the core area, some people laughed, some cried, and some clapped their hands as if they were crazy.

But they gained the most.

Qin Feng sat in it, listening to the Taoist sounds. He instantly understood each note and gained a lot.....

He listened slowly and carefully, and the more he listened, the more delighted he became.

His gains are also getting bigger and bigger.

However, he soon discovered.

This black shadow preaching is getting more and more difficult.

The Tao taught at the beginning is the most basic and simple. It becomes more difficult as it goes on, but the benefits are also greater.

In just the past three hours, Yu Chen, Yao Chen and others began to show signs of difficulty.

Qin Feng was still very relaxed.

This shocked Yu Chen and others.

This shows that Qin Feng's understanding is extremely high!

At this moment, Qin Feng seemed to have thought of something and connected to the phantom clone.

The phantom clone is an extension of his body. In addition to having strong combat power, it also has another function, that is, it can assist him in enlightenment.

Qin Feng's eyes lit up, and he quickly asked the shadow clone to comprehend the Tao sound together.

He also became more relaxed.

But Qin Feng was still not satisfied, and he controlled the clone to do another thing.

A moment later, an astonishing scene happened in the small universe.

I saw the clone of the shadow, incarnating hundreds of millions of feet, imitating the appearance of the shadow, sitting cross-legged in the void, preaching to the tens of millions of elemental masters on the five polar stars.

He repeated the Taoist sound he just heard and spread it throughout the five polar stars.....

The effect of this kind of re-preaching is greatly reduced, and it is not as good as the outer areas of the Holy Land.

But the avenue is the avenue!

This is the highest opportunity in heaven and earth!

Around the phantom clone, a celestial phenomenon appeared, with countless flowers falling from the sky, golden lotuses blooming, and purple clouds emerging.....

This caused hundreds of millions of elemental masters to kneel down and worship.....

Some people with high understanding also gained insights from that sound.....

The next second, Qin Feng experienced huge changes.

"Ding! The host has meritorious service in preaching... and will be rewarded with 13,000 merits.  
....."

"Ding! The host preaches with merit... and is rewarded with 21,000 merits....."

"Ding! The host has meritorious service in preaching... and will be rewarded with 17,000 merits.  
....."

"Ding! Host....."

As the understanding among the crowd increased, Qin Feng's merit value skyrocketed like a volcanic eruption...

This made him extremely happy..

Chapter 629

"Ding! The host has meritorious service in preaching... and will be rewarded with 14,000 merits.  
....."

"Ding! The host has meritorious service in preaching... and will be rewarded with 16,000 merits.  
....."

"Ding! The host preaches meritoriously....."

Time flies!

In the blink of an eye, ten days passed.....

Qin Feng listened.

Phantom clone preaching.....

Qin Feng was fascinated by what he heard and had many insights.....

The five supreme truths of cause and effect, creation, heaven, Wuji, and Kaitian are all making continuous progress.....

At the same time, he also realized other supreme truths.....

His understanding of the three thousand avenues is getting deeper and deeper...

As his understanding of the true meaning progresses, his combat power is quietly improving, and his whole body's aura is constantly increasing.....

After ten days, his combat power increased to 27,000 Beijing, which was a full increase of 10 million trillion combat power...

You must know that the combat power increased by Jade Qilin and Purple Star beside him were less than one million trillion combat power. Less than one-tenth of Qin Feng's.

Obviously, their gains were far lower than Qin Feng.

The same is true for Yu Chen and Yao Chen not far away. No one's combat power has increased by more than a trillion combat power...

It's just such a change in time that no one has noticed yet.....

In addition, his merit points have accumulated to more than 1.1 million, and he is getting closer to the goal of 1.8 million...

Time flies!

In the blink of an eye, another ten days passed.

The black shadow's preaching became more and more profound.

Most people began to show signs of pain...

Some people beat their feet and chests, some scratched their ears and cheeks, and some were thinking hard.....

Some people even stabbed themselves with knives, and blood flowed out...

It was really difficult to understand the meaning of the great road, and they couldn't understand it. They went crazy and felt so uncomfortable that they almost collapsed.....

Of course, some people suddenly realized it and looked up to the sky and screamed.....

As the saying goes: If you hear the Tao in the morning, you will die in the evening!

Nothing more than that.....

In the crowd, Yu Chen, Yao Chen and others were listening with increasing difficulty, and they all frowned...

On the contrary, Zi Xing and Yu Qilin performed stronger.

Although their cultivation level is not high, they are reincarnations.

The memory of two lives is extraordinary.

A lot of things can be understood in just one click, and you can gain a lot from it.....

Qin Feng was the most relaxed and listened with gusto.....

Not only that, he still has the energy to let his avatar preach.....

Unknowingly, his combat power increased to 28,000 capital, and his merit points reached 1.7 million...

Another month passed in the blink of an eye.

The Black Shadow Preaching Gets More Deep.....

Qin Feng's combat power increased to 29,000 yuan... His merits increased to 2.4 million...

However, he was not in a hurry to break through his cultivation level and still listened eagerly to the sermon.....

It's just that the improvement of combat power and merit has slowed down... because it is getting more and more difficult to understand the great road...

In the blink of an eye, half a year has passed.....

The avenue is mysterious and the opportunity is deep...

Qin Feng's combat power has been increased to 30,000 yuan... His merits have been increased to 3 million...

At this time, many listeners turned pale after listening...

There were actually weepers in the crowd.....

Even Yu Chen, Yao Chen and others started scratching their heads.....

At this moment, a mournful roar suddenly sounded from behind the crowd.

"I am so lonely~! God has no mercy on me! I am not willing to accept it!"

In the outer area, a white-haired old man suddenly stood up, stood on the lotus platform, and spurted out a large mouthful of blood.

Blood foam spattered, and the old man's breath weakened rapidly, and he became ten years older in an instant.

He roared sadly, and a white light flashed. , the old man disappeared out of thin air, leaving only a six-petal lotus platform, floating alone in the void.

The people around him were stunned.

This scene shocked everyone in the scene.

Everyone looked at it one after another, some with compassion, some with gloating, and some with disdain. Ridiculous...

Many people in the crowd who knew the old man were filled with emotion.

The old man was a half-step top-grade master with great strength!

However, this hearing had nothing to do with strength, but only with understanding.

The old man had insufficient understanding and was weak mentally. After pouring out his efforts, he was directly eliminated from the Holy Land. He had the opportunity to listen to sermons in the Holy Land for thirty years!

He only lasted for half a year!

This made many people feel sorry for him!

What's more, he was worried!

This was not only an opportunity, but also an opportunity. A test of understanding!

No one wants to be eliminated too early, which proves that the understanding is too poor!

It would be a bit embarrassing!

At the same time, in the sky above the forbidden area outside, the five star masters were chatting and waiting.

At this moment, a white light flashed below.

The white-haired old man who was eliminated appeared.

The old man's breath was weak and his face was lost.

"The first elimination has appeared!"

"Only half a day has passed!"

"yes! This person has average understanding!"

Several Star Lords came to pay attention one after another.

The old man woke up with a start and bowed his hands to the five Star Lords with a look of shame on his face:"It's because my subordinates are incompetent!"

"No need to think too much! Just step aside and wait for others!"

Ziwei Star Lord casually consoled me.

"yes! Big Star Lord!"

The old man bowed respectfully and stepped aside to regain his strength.

At this moment, he was very depressed.

He was the first to be eliminated.

This proved that his understanding was the worst.

Then his evaluation in the eyes of the Star Lords was lowered.!

The old man had no choice but to continue meditating.

But after a while, a white light lit up, and the second elimination candidate appeared.

It was an old woman with gray hair.

The old man was relieved that he finally had a companion, and he was not as embarrassed as before.

One A person who is too good will be lonely.

A person who is too mediocre will also be lonely...

Time flies, and more and more people are eliminated.

Five days have passed in the outside world, and five years have passed in the Holy Land.....

The number of eliminated people has increased to more than three hundred.

The mentality of the Five Star Lords also gradually became tense.

In terms of time, those who can persist in the Holy Land for fifteen years are considered to have superior understanding.

There are no more than a hundred talents with this level of understanding in each session.

If you can persist for twenty-five years, you are considered to be super enlightened. There will be no more than thirty people in each session.

Those who can persist for thirty years are considered to have unparalleled understanding. There are only a few in each session, no more than three.

How many of the players in this generation will have peerless understanding?

The five stars are all looking forward to it.

This is also an indicator for them to evaluate talents.

At the same time, within the Holy Land.

The sound of the Tao is faint, the fairy music is floating.....

Three thousand avenues echo in the void.

It's been five years!

The difficulty of Black Shadow Preaching increased tenfold...

Almost everyone had a look of pain on their faces.

Even Qin Feng frowned slightly.

He also began to feel tired.

However, he has not yet launched into full force.

He is having a hard time because controlling the shadow clone to preach the gospel requires him to do two things at once, which consumes more energy.

It would be easier if he and his clone realized enlightenment together and let the clone help him share some of the burden...

However, in order to gain merit, he still insisted on preaching in his clone.

Such opportunities to gain merit are extremely rare!

He must cherish it!

Over the past five years, he has gained tremendously.

The perception of the five supreme true meanings has improved a lot, many supreme true meanings have been glimpsed through the door, and many people have entered the room.....

He was also pleasantly surprised to find that the more true meaning he comprehended, the greater it would help him open up the Three Realms.

Perhaps, this is just a matter of accumulation, waiting for him to soar into the sky.

In short, in the past five years, his combat power has increased to 36,000 yuan, and his merit accumulation has reached 6 million...

Time flies, and another year has passed.

The number of eliminated people doubled, and the elimination rate became faster and faster.....

Now more than 500 people have been eliminated from the outer zone.....

But on this day, a player in the inner circle roared, exhausted, and spat out a mouthful of blood, and his momentum became extremely sluggish.....

Seeing that he was about to be eliminated, a sudden change occurred in the field.

I saw the nine-petal lotus platform under him burst into aura, three of the petals shattered, turned into three white lights, and merged into the man's body.

The man was instantly refreshed and his mental strength returned to its peak.

It's just that the lotus platform he sat on changed from nine petals to six petals, and his protective power was greatly reduced.

At that moment, he was automatically teleported to the outer area and dropped a level.

But he escaped being eliminated.

When everyone saw this scene, they were filled with envy.

This is the benefit of getting an inner quota!

It turns out that getting a spot in the inner circle gave me one more opportunity to listen to sermons...

While everyone was envious, the pressure also increased.

Those who can be selected into the inner circle are all outstanding ones selected by the Star Lords, and their understanding is definitely not bad.

Right now, even some people in the inner area are starting to lose their ability to hold on, let alone others..... really!

Over the next year, more and more people from the inner circle were eliminated.

In the ninth year, a player in the core area was also eliminated to the inner area.

That person is a player from Diquanxing.

At the same time, huge changes have also taken place in Qin Feng's small universe.

After preaching in the phantom clone for several years,.....

Of the tens of millions of elemental masters who persevered, only a few hundred thousand remained.

Those are the best of the best.

At this moment, the three thousand innate beings who had been sleeping deep in the small universe finally made some movement.

Three thousand innate beings correspond to three thousand avenues.

Every innate being listens to a Great Way.

Their originally hazy consciousness began to become clear after listening to the Great Dao.....

Not only the three thousand innate beings began to listen to the sermon.....

Even the spirit of the Styx, sleeping in the endless sea of blood, was awakened by the meaning of the Dao and began to listen to the Dao.....

It hears the way of reincarnation and the way of Shura.....

At the same time, the system prompts sounded in Qin Feng's mind.....

"Ding! The host preaches that the innate soul has merit.....Reward 80,000 merits....."

"Ding! The host preaches that the innate soul has merit.....Reward merit of 110,000....."

"Ding! The host preaches that the innate soul has merit.....Reward 90,000 merits....."

"Ding! host evangelism....."

"Ding! It is detected that the host's merit value exceeds 10 million, and the hidden reward is opened....."

"Ding! Rewarding the host with merits to promote him to Chaos Transformation. At the cost of 5 million merits, Chaos Transformation can be promoted to Chaos Golden Body....."

Chaos Transformation: Basic combat power increased by 50% (invincible skill)

Chaos Golden Body: Basic combat power increased by 100% (invincible skill)

"Huh! And such a good thing!"

Qin Feng was pleasantly surprised.

This Chaos Transformation is different from other amplification skills.

Other skills may be restrained or suppressed by laws, making the amplification invalid.

For example, the Golden Wheel of Merit and Yuanwu, within some laws or formations, the amplification will fail.

But Chaos Transformation is invincible.

Its increase ignores the weakening of all laws and skills and will never expire.

The Chaos Golden Body is an advanced skill of Chaos Transformation, and it is also not weakened by any laws or skills, nor will it fail. will fail.

This is an absolute improvement in strength, not a relative one.

This skill is too useful.

Qin Feng was delighted.

He saw that his merits had accumulated to 10.3 million.

At the moment, he chose without hesitation To be promoted to Chaos Golden Body..

Chapter 630

As soon as Qin Feng made a choice, a golden light lit up in his body and rushed directly to his brain.....

"Ding! Congratulations to the host, the Chaos Golden Body (Invincible Skill) has been successfully promoted.....It cost 5 million merit points, and currently there are 5.3 million merit points left....."

"Success!"

Qin Feng was overjoyed.

At the moment when he successfully promoted his technique, a vague thought swept across his body.

Qin Feng was startled and raised his eyes to see what seemed to be a mysterious black shadow.....

At this moment, there was a muffled groan not far from him.

Feiming was exhausted and spat out a mouthful of blood.

A burst of white light lit up, his lotus platform turned into nine petals, and he was directly eliminated to the inner area.

Finally, someone from Tianfu Star was eliminated.

As soon as there was this movement, all the players in the nearby core area looked over.

Yan Mao and Xiong Zhao both showed signs of gloating over misfortune.

The three people from Ziweixing were even more sarcastic.

"Brother Chen, Tianfu Star has been eliminated.", Concubine Yu said with a little joy in her tone

"Saw it!", Yu Chen smiled coldly, "That Wei Ming is only in the late stage of high-grade, he can sneak into the core area, it's just luck!"

"yes! Some high-grade Dzogchen people have not been able to enter, but he can come in at the late stage of high-grade things. He is completely clinging to other people's light!"

Yao Chen's tone was sour.

In the past, the first place went to Ziweixing.

This time, it was taken away by Tianfu Star.

Naturally, he felt a little unhappy.

Having said that, he was telling the truth.

The top-grade Dzogchen Tomb Sheep and Kong Liu failed to come in.

Those two people were so depressed that they could only hang out in the inner area, and their harvest was much less than that of Fming.

Thinking of this, Concubine Yu also said angrily: "Yao Chen is right! Although Tianfu Star won first place, who are the people who entered the core area? Except for Shenze, who is a top-grade Dzigchen, what else are they?"

"Emperor Qin should come in! But what happened to Feiming, Yu Qilin, and Zixing? Fing Ming is in the late stage of top grade, so it's barely tolerable. The Jade Qilin is only halfway to the top grade, and the Purple Star is only the middle grade Dzigchen."

"Can you enter the core area with such a level of cultivation? How does Tianfu Star Master allocate the core area quotas?"

Speaking of this, Concubine Yu was still a little aggrieved.

Yu Chen sneered: "Haha! Yu Qilin and Zixing are both the Qin Emperor's women, so they can come in."

"snort! These two women relied on men to get in, which is really disgusting!"

Concubine Yu looked jealous.

Her jealousy was very complicated.

First of all, she looked down on the cultivation of Yu Qilin and Zixing.

The strength of these two people was obviously much worse than hers, so why should they be on an equal footing with her and enjoy the same opportunities?.

Secondly, she is jealous of the appearance of the two women, both of whom are prettier than herself.

Thirdly, the men of these two women are better than her own, but these two women are not as good as her, so why do they take all the advantages?.....

"Concubine, just wait and see the good show! So what if these two women got in through their connections? They are not going to be eliminated yet. Feiming has been eliminated, and it will be their turn next!"

The corners of Yu Chen's mouth were raised high.

Concubine Yu glanced around. Now, except for Qin Feng, Yu Qilin, and Purple Star, all the others in the core area are high-grade Dzogchen.

Qin Feng is a freak and cannot do calculations according to common sense. It is understandable..

But Yu Qilin and Zixing are not even high-grade masters.

The next one to be eliminated must be one of them.

Thinking of this, Concubine Yu sneered.

She was waiting to see the show...

At the same time, another wave of Taoist sounds came..

Concubine Yu quickly paid attention and listened attentively.....

Time flies!

In the blink of an eye, it was the tenth year, and someone in the core area was eliminated again.

This time it was Shen Ze who was eliminated...

Purple Star and Yu Qilin were still there.

This surprised Concubine Yu and made her depressed for a long time.....

Yuchen, Yaochen, Xiongzhaoh, Yanmao, and Shentu were also very surprised.

Now these are the only people left in the core area.

They don't know the details of Yu Qilin and Purple Star.

Both women are reincarnated, but their cultivation time is short.

In fact, Purple Star has the potential of a lower-grade star master. If he has enough time to practice, he will be no worse than any of them. It is destined to cultivate to the high-grade Dzogchen.

Although Jade Qilin only has the potential to be a top-grade dominator, with Qing-level luck, it is easy to cultivate to the top-grade Dzogchen..What

's more, this competition is about understanding and has little to do with cultivation.

Yu Chen and others always treat it with prejudice.....

But it is said that after ten years, the sound of the Tao becomes fainter and even more obscure and difficult to understand.....

Yu Chen and others' faces twisted upon hearing this.

Yan Mao and Xiong Zhao have begun scratching their heads.....

It feels so uncomfortable to not understand and yet want to understand.

People were eliminated from the field one after another.....

Today, there are only more than 300 people left in the outer area and only more than 70 people left in the inner area.....

In the crowd, some people were slapping their thighs wildly, some were tearing their hair, and some were crying bitterly.....

There are also people who have a sudden enlightenment, break through the bottleneck, and greatly increase their cultivation level.....

In the blink of an eye, in the eleventh year, the applications in the core area were eliminated.

Jade Qilin and Purple Star are still there.....

"Brother Chen, Shen Tu has been eliminated, why are those two women still there?"

Concubine Yu was extremely uncomfortable.

She could no longer hold on even with all her strength.

"Concubine, wait! Shentu was just average, so it was normal for him to be eliminated. Yu Qilin and Zixing probably won't be able to hold on for long. Didn't you see the pain on their faces?"

Yu Chen endured the discomfort and tried to comfort him.

But as soon as he finished speaking, Zi Xing's face showed joy, and his whole body's momentum surged. He finally broke through the bottleneck in one fell swoop and was promoted to a half-step high-level master...

The violent momentum rose into the sky, filled with hundreds of millions of miles, making the competitors at the back envious... another one made a breakthrough while listening to the sermon.....

Yu Chen was stunned.

Concubine Yu and others were in a daze.....

This woman's understanding is not bad!

Time flies!

In the blink of an eye, the thirteenth year has passed, and the sound of Taoism has become increasingly difficult.....

Qin Feng already frowned.

He was also increasingly struggling.

At the same time, the phantom clone's preaching became slower and slower.

At that time, there were less than a thousand people in the small universe who could persist in listening to the sermon.

Luo Li, Nishan, White Tiger Emperor, Whale Emperor and others are among them.....

In addition, all three thousand innate beings and Styx spirits are here.....

In the blink of an eye, it's the fourteenth year.

Yan Mao finally couldn't hold on anymore, worked hard and was eliminated directly to the inner circle.

Wait until the fifteenth year.

In the core area, Yu Chen was scratching his head and head, sometimes giggling, sometimes in pain, almost falling into madness.....

He couldn't hold on any longer.

At this moment, Concubine Yu's voice sounded beside him.

"Brother Chen, I can't do it anymore!"

With this unwilling shout, Concubine Yu turned into white light and was eliminated to the inner circle.

Immediately afterwards, Yu Qilin and Xiong Zhao also groaned one after another, vomited blood, and were eliminated to the inner circle.

Yu Chen woke up with a start.

He looked up and saw that there were only four people left in the core area.

They were him, Yaochen, Zixing, and Qin Feng.

At this moment, he discovered that both Yaochen and Zixing were just like him, with faces It was painful.

Only Qin Feng listened to the Tao Yin calmly, with a smile on his face from time to time.

Seeing this scene, Yu Chen was shaken all over and was extremely shocked.

Is this impossible?!

The Tao Yin is so difficult now , Qin Feng's expression is so relaxed!

Is his understanding better than mine?

Impossible!

This is absolutely impossible!

Yu Chen roared in his heart!

He has already lost in terms of potential and luck.

In terms of understanding, he must not lose again.

He is not willing to live in the shadow of Qin Feng.

He wants to stand out!

He wants everyone to look at him with admiration.....

Yu Chen was unwilling to accept it, and tried his best to comprehend the sound of Tao again...

At the same time, there were only about twenty people left in the inner area.

Feng Di, Bao Bao and Chu Chu are all here.

Bai Qi has been eliminated to the outer area.

There were only about seventy people left in the periphery.

Many of them were eliminated from the inner area.....

At the same time, outside the holy place.

In the forbidden area, more than a thousand people have been eliminated.

Where everyone gathered there was a lot of discussion.

In the sky, the five stars are also paying close attention

"Great Star Lord, today is the fifteenth day, and there are still 117 people who have not come out yet, which is much better than the previous session. There were only 94 people who persisted in the last session until now!"

Earthquan Star Master analyzed.

Jumen Star Master also smiled and said:"Those who can persist to the fifteenth day are talents with superior understanding and should be cultivated well. To be honest, this year's contestants are indeed better than the last!"

As soon as these words were said, the Star Lords nodded slightly. When the players below heard this, they were all envious of the players in the Holy Land.

The future of those people will be brighter!

At this time, the Star Lord Tianfu thought of something, and a look on his face Looking proudly at the Divine Assistant Star Master

"Divine Assistant, didn't you say that Qin Feng could not hold on for ten days? Look! It's been fifteen days now and he hasn't come out yet? Your vision! It's so bad!"

The Divine Assistant Star Master was depressed:"Haha! He hasn't come out for just fifteen days. Look how proud you are. He's not the only one who hasn't come out. There are 117 others! If he can last until 25 days, I will admire him!"

"25 daysThat's super understanding, you dare to think about it!", Tianfu Star Master rolled his eyes angrily.

Shenfu Star Master said proudly:"You have no confidence in yourself, why are you so proud? Thinking about it, if Qin Feng had superior understanding, he would definitely not be a God Emperor....."

Tianfu Star Master was displeased:"Humph! So much nonsense! Just wait and see!"

After saying this, Tianfu Star Master said no more.

In fact, he was also unsure.

Time flies.

An hour later, a white light lit up, and a middle-aged man appeared in the field.

All the players in the audience looked at him with admiration in their eyes.

Fifteen days in the outside world, fifteen years in the Holy Land!

If this man can persist for fifteen years, that is a sign of superior understanding, and his future will be bright.

"Brother Hexi! congratulations!"

"Brother Hexi, I admire you for being able to persevere for so long and for your high level of understanding!"

Many people complimented the man

"Ha ha!! He is just lucky!"

The man looked proud and proud of his understanding.....

He returned to the crowd, received courtesy and praise from everyone, and enjoyed all the glory.

Next, every few hours, someone will be eliminated.

Everyone who was eliminated was welcomed by their respective pole star forces, just like returning heroes.

Moreover, this cheer is getting stronger and stronger!

The later people are eliminated, the higher their understanding and excellence will be, and naturally the more popular they will be.....

In the air, Star Master Ziwei watched silently.

She has always cared about Qin Feng, hoping that Qin Feng would perform better, and was afraid that Qin Feng would be eliminated too early.....

In this way, time flies by.

In a blink of an eye, it was the twenty-fifth day.

This is the limit of peerless talent.

Qin Feng has not been eliminated yet.

The Lord of Tianfu was very excited:"Shenfu, today is the 25th day, what else do you have to say?"

"snort!", the Lord of the Divine Assistant Star is a little embarrassed.

This Qin Feng is really weird!

How can he have super understanding?

If this is the case, he shouldn't be the God Emperor!

At the same time, in the Holy Land, there has been a big Change.

In the core area, only Qin Feng and Yu Chen remained.

In the inner area, only Feng Emperor and Yao Chen remained.

The rest were all eliminated to the outer area, and only 29 people remained.

Added together, There are only thirty-three people.

Chu Chu and Bai Qi have been eliminated from the Holy Land.

Bao Bao and Yu Qilin are still holding on in the outer area.

In fact, those who can persist until now are all talents with super understanding.

Here is something that makes everyone There is an unexpected existence, that is Feng Di.

Her understanding is beyond everyone's expectations.

You know, even the top-level masters such as Concubine Yu, Xiong Zhao, Yan Mao, Shen Tu, and Shen Ze have been eliminated from the core area one after another. Arriving at the outer area,

Emperor Feng still sat firmly in the inner area, which had to be admired.

But on this day, the core area, which had been silent, suddenly heard an earth-shaking roar.

Yuchen spat out a mouthful of his heart's blood.

He Qin Feng glanced at Qin Feng unwillingly, turned into white light, and was eliminated from the core area.

After all, he could not compare with Qin Feng!

This scene shocked the whole audience.

Everyone raised their heads and looked towards the core area.

There was only one person left there. The lonely figure from behind!

That was Qin Feng!

Everyone was shocked.

This young man was so strong!

Regardless of his potential, luck, and understanding, he was extremely powerful and impeccable.

At this moment, Qin Feng realized He opened his eyes.

He already felt very strenuous.

Now, he wanted the phantom clone to stop preaching and start enlightening with all his strength.
