

## God level 631

### Chapter 631

As soon as Qin Feng's thoughts moved, the small universe changed.

In the small universe, the voice of the phantom clone's preaching suddenly stopped.

With the sound of the great avenue, billions of elemental masters walked out of the retreat and knelt down to the clones in the sky.

Over the years, some elemental masters who could not hold on had retreated into seclusion.

But their gains were huge.

The admiration and gratitude of these elemental masters for Qin Feng have reached the extreme...

Qin Feng is also very pleased.

The preaching over the past few years has sown countless seeds.

In the coming years, the cultivation of these elemental masters from the earth will surely improve by leaps and bounds...

These people are his subordinates and the foundation for his future.

Their progress will be of great help to Qin Feng.....

In addition, Qin Feng also made some special discoveries.

Since the spread of the word, only a few human elementalists have persisted.

Except for the veteran masters such as the White Tiger Emperor and the Ice and Snow Emperor, only the newcomer Xiaolunwang persisted.

You know, Xiao Lun Wang has just broken through the nine stars.

The White Tiger Emperor and others were in Qin Feng. With focused training, he has become the Great Emperor.

However, experiencing this mission.

The small universe should soon give birth to a group of powerful people in the Wheel Sea Realm, even god emperors.

There will also be more people in the realm of the Great Emperor.

The development of the Five Pole Stars will also expand.

Deep in the universe, all major life planets will also become targets for immigrants.

These are all things for later!

What surprised Qin Feng even more was that the three thousand innate beings kept insisting on listening to the sermon and no one was absent.

Their performance is much better than tens of millions of elemental masters.....

The spirit of Styx has also been listening.....

But at this moment, the shadow clone stopped preaching.

The stars and rivers are changing, and the world is trembling!

Three thousand powerful thoughts came from him!

Sweep across the galaxy and travel across the galaxy!

Thoughts fell on the clone one after another.....

Those thoughts were conveyed to Qin Feng through the clone.....

Each intimate thought is like a child acting coquettishly towards his father, with respect like the tide and affection like the sea.....

The feeling was very cordial and comfortable...

Qin Feng was very pleased.

This sermon was not in vain.

The loyalty of these innate beings to him is unparalleled, even surpassing that of tens of millions of elemental masters.....

At this moment, the spirit of the Styx also sent a kind thought, and had a heart of surrender...

Qin Feng was happy and comforted.

He doesn't have time to deal with it now, he will talk about it after the enlightenment is over.

After everything was done, all the innate beings withdrew their thoughts and fell into deep sleep.  
.....

The phantom clone returned to the Heavenly Palace and began to listen to his insights, helping Qin Feng share some of the pressure.....

At the same time, within the holy land, the meaning of the great road echoed endlessly.....

In the inner area, Yao Chen was in great pain.

The sound of the Tao is profound and its meaning is extraordinary...

Extraordinary people can understand it!

Yu Chen and Feng Emperor also frowned.

This inner area is thousands of miles away from the black shadow, and the sound of Dao has been weakened a lot, and its power is less than one-tenth of that in the core area.

But even if it was weakened by one-tenth, Yu Chen felt extremely uncomfortable and couldn't help but beat his chest.

He turned to look at Feng Di and found that the woman acted calmer than him.

Could it be that this woman's understanding is stronger than hers?

Yuchen was depressed.

He knew Feng Di and knew that this woman was Qin Feng's woman.

I didn't expect that this woman had such a high level of understanding, much better than Concubine Yu.

He thought of Jade Qilin and Purple Star again.

The understanding of these two women is also better than that of Concubine Yu.

And these two women are also Qin Feng's women.

Thinking of this, Yu Chen felt uncomfortable.

Even if Emperor Qin's potential, luck, and understanding were better than his, even his women were better and more beautiful than his.

What's even more depressing is that he actually has several more.

Yu Chen raised his head and looked at Qin Feng in the core area.

At this moment, he saw the pain on Qin Feng's face, and it seemed that he could no longer hold on.

He was suddenly pleasantly surprised.

If Qin Feng is also eliminated to the inner circle, he will feel more balanced.

But before he could be happy for a long time, the pain on Qin Feng's face gradually disappeared and he returned to his previous calmness.

Yu Chen was shocked.

How did Emperor Qin do it?

Can his understanding be improved?

Naturally, he didn't know that it was the shadow clone that started to help Qin Feng share his feelings.

This sharing reduces the pressure!

Qin Feng's understanding became much smoother and not as difficult as before.....

In this way, his understanding of the three thousand avenues became deeper and deeper, and he gained more and more.....

Unknowingly, his combat power has increased to 37,000 yuan, which is incredible.....

Time flies...

In the 26th year, Yao Chen was eliminated to the outer zone.

Only Feng Di and Yu Chen were left in the inner area.

In the 27th year, Yu Chen was also eliminated to the outer zone.

Emperor Feng is still in the inner area.

Everyone was moved.

Emperor Feng's understanding was actually higher than that of Yu Chen.

This made everyone respect Feng Di, and no one dared to look down upon her.

Of course, Emperor Feng's gains were also huge.

She had unknowingly broken through to a half-step high-level master.

In the 28th year, Emperor Feng was finally eliminated to the outer zone.

At this moment, there are only seven people left in the outer area, namely Feng Di, Yu Chen, Yao Chen, Yu Fei, Xiong Zhao, Yu Qilin, and Zixing.

But Qin Feng is still in the core area, like a lonely king.

Everyone looked at his back and were extremely shocked.

Even Yu Chen could only sigh, sincerely convinced.

At this moment, he knew that his understanding was hugely different from Qin Feng's, and they were incomparable.

Even, he is not as good as Feng Emperor.

Time flies so fast, and in a blink of an eye, it is the thirtieth year, which is the last year.

Qin Feng is still in the core area.

Sometimes he frowns and thinks, sometimes he smiles.

He was getting closer and closer to his limit.

Only Feng Di and Yu Chen were left in the outer area, and the rest were all eliminated.....

Meanwhile, the outside world.

Inside the holy land, there was a lot of excitement.

Today is the end of the Holy Land Opportunity.

As soon as this opportunity is over, they will head to the Chaos Star Territory.

That is the real place of opportunity, and it is also the place where all races fight.....

At this moment, Tianfu Star's main heart excellent.

The Divine Auxiliary Star Master on the side had a red face and was very aggrieved.

These days, Tianfu Star Master always mocks him for his lack of vision.

But he couldn't refute.

Just now, Lord Tianfu laughed at him again

"Big Star Lord, it's over in one minute. Only Qin Feng, Yu Chen and Feng Di did not come out. It seems that these three people are the only ones who have achieved peerless understanding this time. This result is not bad!"

Earthquan Star Master analyzed.

According to past results, there are only two or three people who achieve peerless understanding in each session, and sometimes there is only one.

This time there are three peerless understandings, which is a very good result.

"Great Star Master, not only did orange luck and red luck appear this time, but there were also three peerless talents. It can be said that this class of players is stronger than any previous class. It seems that great luck is coming for our Star Alliance!"

The giant star master smiled confidently.

All the star masters nodded one after another and looked happy.

"Especially the boy Qin Feng, not only does his potential be terrifyingly high, his luck has also reached the red level, and now his understanding is also peerless! This can be regarded as the first genius in the history of our Star Alliance!"

The Tianfu Star Master boasted proudly while stroking his beard.

That proud expression made the Divine Assistant Star Master beside him itch with hatred.

The Earthquan Star and the Jumen Star Master were also envious.

If they could With such talents, they will be more proud than the Lord of Tianfu.

The speaker is unintentional, but the listener is intentional.

Lord Ziwei listened silently.

The better Qin Feng is, the more conflicted she becomes.

Should she be Qin Feng's woman? ?

Star Lord Ziwei bit her red lips, extremely upset

"Great Star Lord, the time has come!"

Jumen Star Master reminded.

Ziwei Star Master nodded slightly and looked in the direction of the exit of the Holy Land...

At the same time, the crowd below also became commotion.

"Time is up! Lord Qin Huang is coming out!"

This cry rang out from the crowd.

Unknowingly, Qin Feng had a very high status in the hearts of all the players.

Even Xiong Zhao, Yao Chen and others admired them extremely.

At this moment, everyone looked towards the center of the forbidden area.

They Waiting for the door of the Holy Land to open again.

Waiting for Qin Feng to walk out.

Qin Feng has become the focus of their attention.

As for Yu Chen, he has been overshadowed by Qin Feng's dazzling light, and few people think of him.....

At the same time, within the Holy Land.

The sermon is finally over!

The last sound of heaven falls!

Everything is quiet!

All stress disappears!

Qin Feng was already sweating on his forehead and looked haggard.

In the outer area, Emperor Feng was dripping with sweat and his pretty face turned pale.

Yuchen even had bleeding from his mouth and nose, and was in a daze.

If it doesn't end, he will be eliminated.

Fortunately, he persisted until the last moment and saved the last trace of his face and pride.

He breathed a long sigh of relief.

But if we really compare, his understanding is even worse than Feng Emperor's.

If compared with Qin Feng, there is a huge difference.

Thinking of this, Yu Chen looked at Qin Feng's back silently.

This time, he was convinced of his defeat.

But at this time, changes occurred again in the Holy Land.

Deep in the wind of the Black Yuan Realm, a towering purple light suddenly lit up, covering the sky and the earth...

A moment later, a strange lotus platform flew out of the purple light.

The lotus platform was completely purple, with thirteen petals.

It took the initiative to fly towards Qin Feng and stopped three thousand feet away from Qin Feng.

This coincides with the Three Thousand Avenues.

One foot long!

A total of three thousand feet!

It is called the three thousand avenues.

At the same time, the mysterious black shadow finally opened its eyes.

His eyes were like giant lamps, and like the sun and the moon rising together, revealing thousands of golden light, shocking the earth and the earth, and the boundless divine power rolled out, making the holy land tremble...

Yu Chen and Emperor Feng both opened their eyes wide in surprise, with great fear in their hearts..

Qin Feng was also shocked

"Come!"

The black shadow spoke, and the holy voice was like an edict!

This character echoed in the minds of three people at the same time.

In an instant, Qin Feng, Feng Di, and Yu Chen understood the meaning of the black shadow.

The thirteen-petal purple lotus, also known as Thirteen Pinliantai.

The black shadow is telling them that as long as they can walk onto the purple lotus platform, they will be taken into the light group where the black shadow is.

The black shadow will grant opportunities and grant a great blessing...

However, if they want to leave To reach the purple lotus platform, they need to give up the protection of their own lotus platform and rely on their own strength to pass through the obstruction of the black elemental wind.....

Yu Chen and Feng Emperor both smiled bitterly and shook their heads.

They would not get this opportunity.

The Black Element World Wind requires the strength of half a star master or above to be able to withstand it.

The threshold combat power of a half-step star master is 10 million Beijing.

But Yuchen's combat power was only 250,000 yuan, how could he withstand it.

As long as he encounters a little bit of wind from the Black Element Realm, his soul will disappear and he will have no chance to get close to the purple lotus platform.

Emperor Feng is even less likely!

In the core area, Qin Feng looked at his accumulated merit points, a total of 18.5 million.....

Enough merit!

It's time for the flower of soul to bloom with thirteen petals!

Qin Feng slowly stood up.

It's time for him to break through in cultivation!

This time, he not only breaks through to the Great Perfection of the God Emperor, he wants to break through to more realms.....

He will decide the opportunity of this purple lotus platform..

Chapter 632

Qin Feng stood up, alarming Yu Chen and Feng Di

"What does he want to do?" Yu Chen was surprised.

Is it possible that Qin Feng wants to walk out of the Lotus Platform?

With this thought, Yu Chen shook his head repeatedly.

He thought it was impossible!

Without the protection of the Lotus Platform, he would be attacked by the wind from the Black Element world. Attack.

Qin Feng absolutely cannot bear it!

It requires the strength of a half-step star lord to resist!

The weakest combat power of a half-step star lord is 10 million yuan.

Qin Feng is just a god emperor, how could he be like that? Terrifying combat power?

Not to mention Qin Feng, even he only has 250,000 capital.

This is the gap between a top-level master and a half-step star master, as if there is a world between heaven and earth.....

At the same time, Emperor Feng also opened his beautiful eyes in surprise and quickly sent a message to Qin Feng

"Qin Feng, what are you going to do? Are you going to the Purple Lotus Terrace?"

"That's right!", Qin Feng replied briefly.

Emperor Feng's beauty turned pale:"Qin Feng, that's too dangerous! do not go!"

"Yue'er, I know what I know, don't worry!"

Qin Feng comforted.

Emperor Feng's expression was complicated.

She knew Qin Feng and knew that the decisions made by Qin Feng would never be changed.

She also knew that Qin Feng never did anything that he was not sure of.

But she really couldn't figure out why Qin Feng Can you withstand the wind of the Black Yuan Realm?

Feng Di's beautiful eyes trembled, full of worry.

She didn't want anything to happen to Qin Feng.

Yu Chen couldn't hear the sound transmission between the two, but was very curious about Qin Feng's behavior and kept paying attention silently..

He didn't believe that Qin Feng really dared to walk out of the lotus platform.....

At this moment, the world changed.

Qin Feng has completed communication with the system.

Buzz~!

A clear cry!

Sounded from Qin Feng's body.....

At the same time, the system prompts also sounded in my mind.....

"Ding! Congratulations to the host, your golden wheel of merit has been successfully promoted to the twelfth level.....Spending 1.6 million merit points.....The remaining merit value is 16.9 million...."

"Ding! The petals of merit are condensed, and the flower of soul blooms again (the flower blooms with thirteen petals).....The host's combat power is increased to 40,000 Beijing....."

The next second, the flower of the soul appeared in the sky above Qin Feng's head and slowly bloomed.....

After a while, the fragrance of the flower overflowed, and the flower opened with thirteen petals, divided into thirteen colors. The colorful light bloomed, and hundreds of millions of rays of light shone on the heaven and earth, brightening the entire holy land.....

"Oh My God! what happened....."

Yu Chen opened his eyes wide in surprise.

Nine is the ultimate, twelve is perfection!

A flower with thirteen petals has never been seen or heard of in the universe.

Yuchen was shocked.

This was the first time he saw the strange phenomenon of a flower with thirteen petals!

At this moment, the heavens resonated, and all the worlds congratulated...

The purple air in the air was like a tide, turning into a canopy of heaven and earth...

Infinite auspiciousness descended from the purple air!

Countless golden flowers, hanging beads, necklaces, and fairy lotuses descended.....

Emperor Feng was surprised.

His man made it!

The flower of the soul also bloomed with thirteen petals!

Yu Chen on the side was dumbfounded.....

At the same time, outside the holy land, within the forbidden area.

Star Master Ziwei and many players are waiting for Qin Feng and the others to come out.

But the time has come, but the door to the Holy Land has not been opened.

Everyone is waiting anxiously.

But at this moment, the world shook.....

Suddenly, the sky above the forbidden area shone brightly.

Everyone was startled and raised their heads.

I saw auspiciousness descending from the sky, covering the entire Ziwei Star.

Purple clouds rolled in, and the colorful rays of light shone all over the world, shocking hundreds of millions of people.....

"Oh My God! It's auspiciousness from heaven!"

"This is an auspicious sign!"

In the forbidden area, countless players exclaimed.

The five star masters were also moved.

After a moment, the Tianfu Star Master looked excited:"See the auspiciousness coming from the sky again! Great Star Lord, our Star Alliance is going to have a character!"

"yes!"

Zhongxingzun also nodded excitedly

"Everyone, could this auspicious event be caused by Qin Feng?", Earthquan Star Lord suddenly mentioned

"Ha ha!! I think they are inseparable!", Tianfu Star Master stroked his beard and laughed.

Shenfu Star Master curled his lips, but did not dare to refute.

Except for that weirdo Qin Feng, no one else seemed to be able to figure it out.

Ziwei Star Master was disappointed.

She also suspected that it was Qin Feng. Made it.

But the better this man is, the more uneasy she becomes.....

Now that things have happened, it would be a lie to say that she is not moved.

She was really tempted.....

At the same time, within the Holy Land.

Yu Chen stared blankly at the flower of the soul in the sky.

The flower has thirteen petals!

Unheard of!

He couldn't help but swallow.

Today, he finally saw it.

No wonder Emperor Qin is so strong!

This guy is simply a monster!

Yu Chen looked at Qin Feng's back silently, and was deeply impressed...

But at this moment, the mutation reappeared.....

Qin Feng's head shined with spiritual light again, and the golden flower of the other shore and the jade-colored flower of the soul emerged one after another... the two flowers bloomed slowly, both with thirteen petals...

In an instant, the golden light was endless, and the jade color soared into the sky...

Oh my God!

The flower of the other shore and the flower of the soul also have thirteen petals!

How can this be?!

Isn't the number twelve considered perfect?

Why did Qin Huang's three flowers break this limit?!

Yu Chen was completely dumbfounded, his mouth opened wide!

At this moment, the heaven and earth roared!

The flowers of the other shore, the flowers of the soul, and the flowers of the soul begin to gather.  
.....

As soon as Sanhua comes into contact, a dazzling white light bursts out, brightening the endless world.....

The Three Flowers Gathering has begun!

Boom~! Long~! Long~!

The world roars~!

The dazzling light swallowed it up!

Qin Feng's figure did not enter the strong light and could no longer be seen clearly.

Yu Chen was so stimulated by the strong light that he could not open his eyes.....

He tried hard to open his eyes, trying to see clearly what was happening inside, but was shocked to find that he couldn't detect it at all.....

After a moment, the strong light exploded again, three points brighter...

Billions of rays of light illuminated the entire holy land.....

Deep in the strong light, the turbulent weather surges.....

"Ding! The Three Flowers Gathering is completed, and the Divine Origin Bead (cosmic level) is successfully condensed... Congratulations to the host for breaking through to the early stage of the Divine Emperor's Great Consummation.....Combat strength increased to 80,000 Beijing....."

Qin Feng opened his eyes happily.

He finally broke through!

But it's not over yet!

One move from him, 200,000 white crystals emerged.....

Qin Feng opened his mouth and sucked it all in, swallowing it all.....

"Ding! Successfully swallowed the Tiantian Crystal...breakthrough to the peak of the God Emperor's Great Perfection...combat power increased to 230,000 Beijing....."

"Ding! Successfully swallowed the Tiantian Crystal...the Divine Origin Pearl was promoted to the World Pearl...the cultivation level broke through to half-step dominance.....Combat strength increased to 400,000 Beijing....."

"Ding! Successfully swallowed the Tiantian Crystal...breakthrough to half-step to dominate the Great Perfection...combat power increased to 1 million Beijing....."

Breakthrough in one fell swoop to dominate the Great Consummation in half a step!

Qin Feng was delighted.

But at this moment, a change occurred in the small universe.

With Qin Feng's continuous breakthroughs in cultivation.

The small universe expanded rapidly and became dozens of times larger.

Even the five pole stars have become ten times larger, and each pole star is a hundred times the size of the earth.

This shocked tens of millions of elemental masters!

At this moment, all the elemental masters looked up at the sky.

In the sky above the endless universe, a world pearl ten thousand times larger than the five pole stars emerged, looming.....

The Pearl of the World exudes layers of Dao charm, encompassing three thousand avenues. It is bright and sacred...

At this moment, the three thousand innate beings who were originally sleeping were awakened...

One by one, they sensed the Pearl of the World. existence, sending out joyful thoughts...

The next second, three thousand innate beings turned into starlight, flew into the Pearl of the World, and merged into it.....

At this point, there are three thousand more stars in the Pearl of the World.

Each of these three thousand innate beings understands a great way.

Their integration makes the charm of the Three Thousand Avenues of the Pearl of the World more complete.

Qin Feng's Pearl of the World is more perfect, and its grade is directly upgraded by one level.

Qin Feng's combat power unexpectedly increased to 1.3 million.

At the same time, outside the small universe.

In the holy land, all the bright light gradually faded away...

Yuchen finally saw Qin Feng's figure clearly.

The next second, he was stunned again.

I saw Qin Feng's body bathed in the rays of light, and his head auspicious aura.

A huge pearl of the world is suspended in the auspicious clouds.

What shocked Yu Chen was that the average person's world pearl was only the size of a fist.

Qin Feng's Pearl of the World is as big as Mu Xu.

He looked carefully and saw that inside the Pearl of the World, the sun, moon and stars were shining all over it, the five-colored light illuminated the heavens, and the sound of immortals from all directions resounded throughout the world... Looking outside the Pearl of the World, there were countless golden lamps, golden lotuses, necklaces, smallpox, and pendants. Pearls fell all over the sky, like water dripping from the eaves, in an endless stream...

This scene was sacred and extraordinary, and Yu Chen was amazed...

He had never seen a pearl that half-dominated the world with such momentum...

Now, when he saw Qin Feng, he felt inexplicably afraid.

He had no doubt that it would be easy for Qin Feng to kill him now...

At this moment, the mutation happened again.

Buzz~!

A clear cry!

The Pearl of the World trembled.

I saw a huge green lotus emerging from the bead.

The green lotus has thirty-nine petals, blooming with the pure light of Taoism.

"Could this be the divine lotus that created the world? No way!"

Yu Chen's pupils shrank slightly, extremely shocked.

It is said that only the Half-Step Star Master can condense the World-creating Divine Lotus.....

The divine lotus that created the world is the object of all living things.

Only when the World-creating Divine Lotus is born, can the small worlds of the rulers slowly give birth to living beings and no longer be barren.....

Then, the small world was gradually promoted to the great world and became the real world.

But Qin Feng is only half-step master, and he is not half-step star master yet, how can he condense the creation divine lotus?

This is incredible!

What surprised Yu Chen even more was that the ordinary Divine Lotus of Creation has thirty-six petals.

Qin Feng's flower has thirty-nine petals!

Yuchen understood it after thinking about it for a moment.

Think of the three flowers gathered at the top of the half-step star master. They all have twelve petals, and the total number is thirty-six.

Thirty-six!

This is also the number of days of the week!

Qin Feng's three flowers gathered at the top, but they all bloomed with thirteen petals, which together made the number thirty-nine!

What does these thirty-nine coincide with?

Yuchen is puzzled!

But at this moment, three petals fell off from the thirty-nine-petal green lotus.

Qinglian suddenly changed from thirty-nine to thirty-sixth grade.

The three petals that fell off automatically turned into three jade dishes.

The Pearl of the World is centered on three jade discs and automatically evolves and decomposes.  
.....

One jade plate is one realm, three pieces are three realms.....

It turns out that Qin Feng launched the method of opening up the three realms...

There was a loud noise in the sky and the earth!

The Divine Pearl is opened!

The Divine Lotus of Creation emits a dazzling green light!

It lights up the world!

Yu Chen was so stimulated that he couldn't open his eyes again, and couldn't see clearly everything in front of him...

In the light, Qin Feng summoned another 400,000 white crystals and dozens of Zhongtian crystals, and swallowed them all in one breath.....

The heaven and earth roar continuously!

His momentum skyrocketed!

This change lasted for a quarter of an hour before all the green light faded away.....

Qin Feng's figure reappeared, and the sky above his head changed again.

The huge Pearl of the World disappeared, leaving only a huge thirty-six green lotus.

And the green lotus holds three big worlds!

One side is hell, representing death and sin!

One side is the human world, representing the suffering in the world!

One side is heaven, representing all the good things!

Of course, these three big worlds are not perfect.

But when Yu Chen saw everything in front of him, he was completely confused.

What state is Qin Feng in?

This looks very much like a half-step star master.

The half-step star master is the thirty-sixth grade green lotus holding a big world.

But Qin Feng is Qinglian who holds the three big worlds.

This seems to be more advanced than a half-step star master.

What shocked Yu Chen even more was that he had never heard that one person could own three worlds.

Even a top-grade star master can't do it!

What is going on with Emperor Qin?

The more Yu Chen thought about it, the more shocked he became, and the more he was in awe of Qin Feng.....

He was very curious about what Qin Feng's cultivation level was.....

At this moment, Qin Feng opened his eyes happily.

He finally broke through to the Great Consummation of low-grade domination, and was just one step away from being a mid-grade dominator..

Chapter 633

Next, as long as Qin Feng perfects the Three Realms, his cultivation will continue to break through.....

And he already has some perfect resources, such as the endless sea of blood.

It's just that he doesn't have time to deal with it now...

Qin Feng thought, and all the visions above his head disappeared.....

At this moment, he suddenly had a clear understanding.

The method he obtained to open up the universe should be: the method of the five poles and three realms.

The five poles stabilize the world, and the three realms control all living beings!

He suddenly thought, could the nests of the Demonic Realm, Heavenly Realm, and Ancient Realm be the three realms of this universe?

I'm afraid even if it is, the Three Realms are still broken and have lost most of their original functions, so they can no longer control sentient beings.

However, even the broken Three Realms have an extremely rich foundation.

Therefore, the Demon Realm, Heaven Realm, and Ancient Realm all have the strength to compete with the Star Realm Alliance and should not be underestimated.

Qin Feng put away his distracting thoughts and looked at the purple lotus platform in front of him.

It's time for him to take action!

Time waits for no one!

He had a thought!

Chaos Golden Body is cast!

The whole body bloomed with dazzling golden light, like a golden man!

His fighting power is soaring!

After breaking through to the Great Consummation of Low-level Dominance, his combat power reached 3 million Beijing!

As soon as this Chaos Golden Body is used, the combat power is doubled and raised to 6 million Beijing!

As for the starry sky battle armor, it is a master-level Yuanwu.

Only useful for the Overlord, not the Star Master.

And Qin Feng's cultivation level is very strange.

He clearly only has the cultivation level of a low-grade master, but he is restricted by the star master level.

The starry sky battle armor is useless to him.

Qin Feng planned to give this armor to Emperor Feng.

The combat power of 6 million Beijing is enough to resist the Black Elemental Wind!

Buzz~!

There was an earthquake in the sky!

The golden wheel of merit appeared behind Qin Feng's head!

Awesome golden light!

Twelve layers of halo!

The divine energy illuminates the heavens!

"It's actually a twelvefold golden wheel!"

Yu Chen was filled with envy.

The Golden Wheel of Merit is extremely difficult to refine.

Moreover, the higher the level of the Golden Wheel, the more difficult it is to refine.

He originally refined a seven-layer Golden Wheel and then stayed in seclusion for hundreds of years.

This was his luck. It was refined because of its high level of understanding and understanding.

Unexpectedly, Emperor Qin's golden wheel was actually twelve layers!

Yu Chen sighed.

But he felt something was wrong. It seemed that Emperor Qin was not very old.

So how much did Emperor Qin spend? The golden wheel that has been refined for a long time?

Just when Yuchen was confused, another clear sound resounded throughout the world.....

The golden wheel of merit shines brightly!

Another layer of halo appeared!

It turned into thirteen levels of halo!

Qin Feng's Golden Wheel of Merit has been promoted!

Yu Chen was dumbfounded.

It is extremely difficult to upgrade the Golden Wheel of Merit. You need to do something of great merit to be promoted.

Moreover, the further back this golden wheel goes, the harder it is to get promoted.

Promoting from the twelfth level to the thirteenth level, many middle-level star masters have not been able to do it. How did Emperor Qin do it?.

Besides, when did Emperor Qin ever do anything of great merit?

"Am I not dazzled?!"

Yu Chen muttered in a low voice, he couldn't believe it!

Buzz~!

There was another clear sound!

Qin Feng's Golden Wheel of Merit was promoted to the fourteenth level!

Damn~!

Yu Chen's eyes widened.

But at this moment, the third level Three clear chimes sounded.

Qin Feng's golden wheel was promoted to the fifteenth level.....

Bang~!

Yuchen's jaw dropped!

Except for Ziwei Star Lord, who is a thirty-level golden wheel, the other four star masters are only fifteen levels.

After all, the other four star masters are not good at collecting merit.

Now, Qin Feng is also a fifteen-fold golden wheel!

Oh My God!

Is this guy a monster?!

At the same time, Qin Feng opened his eyes happily.

He spent more than 10 million merits and continuously promoted the Golden Wheel to the fifteenth level.

Now he only has more than 30,000 merit points left.

The next promotion to the sixteenth level requires fifteen million merits, which is getting harder and harder.

However, the fifteen-weight golden wheel is enough!

He took a deep breath and stepped out of the lotus platform in one step.

Behind him, Yu Chen and Feng Emperor shouted in surprise.

Boom~!

Qin Feng stepped into the void!

Woo~! Woo~!

The wind from the Black Element Realm roars!

The world has changed!

There is no light from the sun or the moon!

All laws of time, space, and reincarnation are shattered....,

In just an instant, the Black Elemental Wind swallowed up Qin Feng.

Emperor Feng screamed in fright!

"not good!"

Yu Chen also exclaimed.

But the next second, a bright golden light lit up in the dark world wind!

The black elemental world wind restrained all elements and doubled the damage to any element.

Even the Star Master is no exception!

But Qin Feng is Chaos Yuan Power, the quality is higher than all elements, and is comparable to the Black Yuan World Wind.

Black Yuan World WindThe damage is doubled and has no effect on Qin Feng.

At the same time, Qin Feng's body lit up with four purple lights.

That is the light of the supreme divine seal!

The Divine Seal of Heaven is activated! Damage halved!

The Seal of Cause and Effect is activated! Damage transfer!

The Seal of Creation is activated! Invincible repair!

The Promise Seal is activated! Time deficit!

The golden wheel of merit starts!

Fifteen halos enveloped him!

All defenses are increased fifteen times!

Boom~!

Qin Feng easily resisted the strangulation of Heiyuan Jiefeng!

"Uh~! Oh My God....."

Yu Chen was dumbfounded.

That's the style of the Black Element world!

Only a half-step star master can bear it!

He didn't even dare to touch it.

This Emperor Qin is too scary!

Yu Chen took a deep breath of air-conditioning, and a look of admiration gradually appeared in his eyes.

Emperor Feng on the side was even more ecstatic.

It turns out that my man is so powerful!

She had trusted the right person in her life.

Thinking of this, Emperor Feng's beautiful eyes were filled with emotion and his face looked proud!

Boom~!

Qin Feng broke away from the Black Element world wind and took the first step.....

That step was one foot long, and when one foot fell, a golden lotus was born.....

He actually had a clear understanding in his heart... it turned out that the wind of the Black Yuan Realm actually contained the meaning of the Three Thousand Great Dao!

Crossing the first level of boundary wind, Qin Feng had an epiphany and deepened his understanding of the three thousand avenues.....

At this moment, Qin Feng suddenly realized.

No wonder, the purple lotus platform is three thousand feet away from me.

No wonder, the mysterious black shadow made him walk through the Black Element World Wind...

It turns out that this is not only a test, but also an opportunity!

Qin Feng was excited and took the second step.

As soon as his foot fell, another lotus was born...

Qin Feng had another level of enlightenment in his heart...

Just like this, Qin Feng took one step at a time, realized one step at a time, and gave birth to a lotus step by step.....

The closer you get to the thirteenth-grade purple lotus platform, the more violent the wind in the Black Yuan Realm becomes.....

But Qin Feng was gaining more and more insights, and his momentum was quietly increasing...

When Qin Feng reached the third thousand steps, which was exactly three thousand feet, he reached the purple lotus platform...

He stepped down, and the third thousand golden lotuses were born.... in an instant!

Haoran's true meaning emerges, and the boundless meaning touches him.....

An epiphany came to his mind...

Qin Feng was shocked and his momentum exploded...

At this moment, he broke through the bottleneck and reached the early stage of mid-level domination.....

His basic combat power then skyrocketed to 5 million yuan.....

Boom~!

Momentum explodes!

The Holy Land trembles!

Yu Chen and Emperor Feng were dumbfounded again

"OMG! He broke through again!"

Yu Chen was dumbfounded.

He now admired Qin Feng so much that he even wanted to worship him.....

Emperor Feng's joy was beyond words.

At the same time, Qin Feng was also overjoyed.

These three thousand feet were not lost in vain, it was indeed a great opportunity!

The initial combat power of a half-step star master is 10 to 30 million yuan.

The combat power of Half-Step Star Lord in the mid-term is 30 to 60 million Jing.

His basic combat power is 5 million Jing. When he uses Chaos Gold, he has 10 million Jing behind him, which just reaches the strength of Half-step Star Lord in the early stage.

You must know that the Half-Step Star Master is an ancestor-level existence among many small forces.

Even among the big forces, it is a backbone.

The number of masters who are half-step star master or above determines the background of each party's forces.

Qin Feng was extremely happy.

He was able to withstand the Black Elemental Wind before because of the characteristics of Chaos Elemental Power.

At that time, his overall strength barely reached the threshold of a half-step star master.

Today's breakthrough has allowed him to truly possess the strength of a half-step star master (early stage).

Qin Feng was in a good mood and stepped onto the purple lotus platform.

The lotus platform immediately emitted a brilliant light, purple energy soared into the sky, and fairy music from all directions resounded throughout the world.....

Immediately afterwards, it held Qin Feng and flew deep into the Black Element World Wind, entering the huge light group.....

At the same time, Yu Chen and Feng Emperor were also forcibly sent out of the Holy Land..

## Chapter 634

Qin Feng saw only the stars flowing around him, and he passed through layers of space in an instant.....

The next second, his feet landed on the ground, the scenery around him changed, and he returned to the forbidden area.

When he appeared, he alarmed everyone.

More than a thousand pairs of eyes looked over.

"It's Lord Qin Huang who's coming out!"

There were exclamations in the crowd.

Chu Chu, Zixing and other girls were overjoyed.

They had been panicking for a long time.

When they saw that Qin Feng was fine, they felt reassured.

"Huh! Lord Qin Huang has broken through to the middle level of dominance!"

The crowd exclaimed again.

Everyone looked at Qin Feng with their eyes full of shock and respect.

According to Yu Chen, Emperor Qin can withstand the wind of the Black Yuan Realm when he reaches the Great Perfection of the Lower Grade..

Now he is a middle-grade master, and his strength must be stronger.

A middle-grade master has half the combat power of a star master, which no one can imagine.

In the air, the five star masters saw Qin Feng coming out safely, and they all breathed a sigh of relief. This young man is the future of the Star Alliance!

In total, there are four high-grade star masters in the Demon Realm and the Heaven Realm, and there are five high-grade star masters in the Ancient Realm. The alliance has three high-grade star masters.

If Qin Feng can successfully grow into a high-grade star master, then there will be six high-grade star masters in the Star Alliance.

By that time, the Star Alliance will truly be the number one force in the universe.

Star Master Ziwei looked at Qin Feng silently, with admiration and joy flashing in his eyes.

Qin Feng is different from others!

I'm afraid that when he reaches the middle-grade star master, he will have the combat power of a high-grade star master.

Of course, this is just the speculation of Lord Ziwei

"Qin Feng!"

The voice of Lord Ziwei sounded in the field.

Below, everyone quieted down and looked at Lord Ziwei one after another.

"The subordinates are here!" Qin Feng was very respectful.

Facing the strongest man in the Star Alliance and one of the top men in the universe, he did not dare to show any slights.

"You did very well this time! I am very satisfied!"

Ziwei Star Master unabashedly praised in public. All the Star Lords also smiled and nodded.

Qin Feng's performance was indeed very dazzling. It is not an exaggeration to say that he is the first genius of the Star Alliance in tens of billions of years.

"The Great Star Lord has received the award, but my subordinates are just lucky!", Qin Feng said humbly.

But the people around him were envious.

To be praised by the Great Star Lord in public is a lifetime worth of bragging and glory!

"You don't have to be humble! For your excellent performance, I want to reward you well."

As soon as these words came out, everyone looked at Qin Feng with envy.

Even the four star masters were moved.

Ziwei Star Master really valued Qin Feng very much!

She actually wanted to give Qin Feng an extra reward.

Qin Feng was also surprised.

This is an unexpected gain!

"Qin Feng, tell me! What kind of reward do you want?", Lord Ziwei asked warmly

"this....",Qin Feng thought for a while and said,"Great Star Master, my subordinates are very interested in collecting merit. Can you teach me how to obtain merit?"

Qin Feng wants to increase the level of the Golden Wheel of Merit, which requires a lot of merit.

With his current means, the merit gained is limited and he can no longer make ends meet.

The Master of Ziwei Star controls the Divine Seal of Creation, and his understanding of merit is unmatched by anyone in the entire universe.

Rumor has it that her Golden Wheel of Merit is already at the 30th level, and is not far away from the ultimate 33rd level.

It would be best to find her to learn how to obtain merit.

"This can be taught to you!", Ziwei Star Lord readily agreed,"What else do you need?"

Everyone was moved again and envied Qin Feng even more.

No one knew the little thoughts of Ziwei Star Master, and they all envied Qin Feng.

Qin Feng didn't know either, and secretly thought that this big star master is really good!

Not only is he beautiful, Impeccable and so generous to yourself

"that.....If possible, I would like a merit golden wheel....", Qin Feng was a little embarrassed.

He has already received this golden wheel of merit reward twice.

"Can!"

Ziwei Star Master waved his hand, and there was an eight-fold golden wheel in his hand.

"The golden wheel of merit is extremely difficult to condense. This is the last golden wheel in my hand. Take it!"

Ziwei Star Master waved his hand, and the golden wheel flew towards Qin Feng

"Thank you, Big Star Lord!", Qin Feng happily took it

"This jade disc records many ways to obtain merit, as well as hundreds of secret techniques and techniques related to merit. This is my experience after tens of billions of years of research....."

Star Master Ziwei has another golden jade dish in his hand.

Everyone around him was slightly moved when he heard those words.

Even the Four Stars were moved.

The experience of tens of billions of years of research!

The Master of Ziwei Star actually took it all out at once and wanted to teach it to Qin Feng.

This is too much to give up!

Just when everyone had this idea, the voice of Lord Ziwei sounded in the field

"These insights are precious and I cannot impart them to you easily. unless....."

Ziwei Star Master paused and looked at Qin Feng silently.

"Great Star Lord, just say...."

Qin Feng was nervous, he was too eager for this jade plate.

That is tens of billions of years of hard work by a high-grade star master.

Just by penetrating this jade plate, his understanding of the divine seal of creation can be raised to the pinnacle level.

Star Master Ziwei smiled faintly: "If I read it correctly, you should also have realized the Divine Seal of Creation!"

"Daxingzun Mingjian! My subordinates are realizing this!" Qin Feng didn't hide it.

There was an uproar around him.

"Oh My God! Emperor Qin actually realized a supreme divine seal!"

"yes! That's amazing!"

"If he could realize the Divine Seal of Creation to perfection, his achievements would be limitless!"

Everyone was filled with admiration.

Ziwei Star Lord continued: "You have understood the Divine Seal of Creation, and you have a master-disciple relationship with me. If you are willing to worship me as your teacher, this jade plate will be taught to you!"

As soon as these words were said, the whole place was in a state of shock.

Even the four major star lords were moved.

Ziwei Star Master has never accepted a disciple before, and she has extremely high vision.

Unexpectedly, she actually thought of accepting a disciple today.

Qin Feng also He was stunned.

When the Lord of Tianfu Star saw this, he was anxious.

This was a great opportunity for Qin Feng and he couldn't miss it.

He quickly urged:"Qin Feng, why don't you thank the Great Star Lord quickly!"

Qin Feng suddenly understood.

Ziwei Star Master is the master of the Star Territory Alliance, and there are many benefits to worshipping her.

Besides, Ziwei Star Master's understanding of the Divine Seal of Creation is unmatched by anyone, and he is fully qualified to be his master.

"Thank you to the Great Star Master for not giving up. Qin Feng is willing to worship the Great Star Master as his teacher!"

"good!"

Ziwei Star Master pursed her lips slightly, with a sly smile in her eyes.

Her goal was achieved.

With the identity of Master Qin Feng, it will be easier for her to control Qin Feng in the future and make him get rid of his troublesome habits.

If she uses big It would be strange for others to control him as a Xingzun.

"Take this!"

Ziwei Star Master waved his hand, and the golden jade saucer flew towards Qin Feng

"Thank you Master!"

Qin Feng took the jade plate and respectfully thanked the beautiful master

"Qin Feng, I have something to tell you in advance. I do not accept disciples easily, but if I do, the discipline will be extremely strict! In the future, you should practice hard and don't be distracted by trivial matters! Otherwise, don't blame Master for being harsh on you!"

Ziwei Star Master said something else, and he has already paved the way to control Qin Feng.

"Qin Feng understands!", Qin Feng respectfully promised, and he has no doubt that he has it.

Ziwei Star Lord was delighted:"It's good if you understand! You will work hard in the future and I will always pay attention to your progress....."

"yes! Master!"

After watching this scene, all the contestants were filled with envy.

The way they looked at Qin Feng changed.

Even not far away, Xuan Xi, Bai Yun and other low-level star masters looked at Qin Feng. The way they looked at Qin Feng also changed.

Ziwei Star The Lord is the strongest person in the Star Alliance and the Lord of the Star Alliance.

As the only disciple of the Ziwei Star Lord, Qin Feng has the same status as the prince.

In the future, low-level Star Lords like them will have to be polite to Qin Feng

"In the future, if you have any questions, you can come to me at any time....."

Star Master Ziwei encouraged him a few more words.

Qin Feng obeyed respectfully.

Star Master Ziwei was satisfied that he finally had a way to control this guy.

Then, she looked at the contestants: "This opportunity in the Holy Land is over! Everyone repairs for seven days! After seven days, we will enter the Chaos Star Territory!" As soon as she finished speaking, all the contestants cheered.

Entering the chaotic star field is their real goal.

There are dozens of light star master-level inheritances there, including five high-level star master inheritances.

That is their real place of opportunity!

Even Qin Feng was a little excited!

His current super-god-level mission is to obtain the inheritance of the Lord of Five Spirits.

The inheritance of Yuan Feng, White Tiger Lord, and Xuanwu Lord that he lacked was among them.

If you complete this super god-level mission, the system will also give you a super generous reward.

"Everyone, please disperse!"

"yes! Big Star Lord!"

All the contestants bowed and dispersed.

This time, everyone gained a lot from listening to the sermon in the Holy Land.

At this moment, everyone left in a hurry, taking advantage of the seven days of repair time to retreat and improve.

Qin Feng, Feng Di, etc. The people just left.

After a while, all the contestants left.

Only the five stars were left in the field.

"These masters enter the chaotic star field, and their main goal is the inheritance of middle-grade and low-grade star masters. For the inheritance of those high-grade star masters, we still have to rely on the half-step star masters and low-grade star masters!"

The divine auxiliary star master looked at the leaving figures of the players with a look of emotion on his face.

Hearing this, all the star masters were shocked Nodding slightly.

According to the enchantment rules of the Chaotic Star Territory, one month after these players enter, the enchantment rules will change. By then, both half-step star masters and low-level star masters can enter.

At that time, the most intense competition will It has just begun.

The previous month can only be regarded as an appetizer.

Because at that time, it was related to the inheritance of the five top-level star masters.

Such inheritance would have a decisive impact on the major forces.

At the moment, Ziwei Star Master looked towards Four Stars

"Four of you, please go back and make arrangements! Those half-step star masters and low-level star masters who can be mobilized will be mobilized. In seven days, let's set off together!"

"yes! Big Star Lord!"..

Chapter 635

A quarter of an hour later, the players all returned to their stations and went into retreat.

Qin Feng also went into seclusion.

At this moment, in the small universe.

Qin Feng, Chu Chu, Qin Baobao, Feng Di, Yu Qilin, Zixing, and Bai Qi gathered together for a meeting

"Take these white crystals and share them!"

Qin Feng waved his hand, and more than 30,000 white crystals were automatically divided into six parts and flew towards the six people.

The girls took the white crystals, each of which contained more than 5,000 yuan, which could greatly increase their cultivation.

These are Qin Feng's last remaining White Sky Crystal.

Now, all the White Sky Crystals and Zhongtian Crystals on his body have been used up, leaving only 9 Black Sky Crystals.

"Qin Feng, why don't you keep it for yourself?"

All the girls were puzzled.

Qin Feng smiled slightly: "My cultivation level is different from yours, and I consume hundreds of times more energy than you. This white crystal is of no use to me anymore. The only ones that can be useful to me are Zhongtian Crystal and Black Sky Crystal."

The girls were shocked.

This change is very much like a half-step star master.

For those masters above the half-step star master, the white sky crystal is of little use to them, only the middle sky crystal and the black sky crystal are useful.

Only Qin Feng is middle-grade. He is just a master.

However, they can also understand.

Qin Feng is a universe-level master, which is different from ordinary masters.

Thinking of this, all the women feel very proud.

The stronger their men are, the happier they are.

Chu Chu and Baobao are early. They are Qin Feng's crazy fans. The two of them have long admired Qin Feng.

"Dad, there are so many white crystals! The baby is so happy!"

Baobao Qin counted the crystals in his arms with a cute look on his face.

The other girls also looked excited.

With more than 5,000 white crystals each, coupled with the great insights gained in the Holy Land, this retreat will definitely make people happy. Their strength has greatly improved.

"Zi Xing and Bai Qi stay, you all go to retreat!"

The girls agreed and left happily.

In a blink of an eye, only Qin Feng, Zixing and Bai Qi were left in the field.

"Your Majesty, why do you leave us?"

Bai Qi asked respectfully.

Qin Feng looked at the two of them:"You all know that there are five star masters in my universe, and the stars can be combined."

"After I broke through to Dominate, I opened up the Three Realms. Now there are three more realm lords"

"The position of World Lord is equivalent to that of Star Lord. Become a realm master and you can merge with your own realm."

"Now I want to choose one of you to be the leader of the human world. I don't know which of you is going?"

As soon as he said this, Bai Qi said quickly:"I am willing to go!"

Qin Feng looked at Zixing:"What are your plans?"

Purple Star said with excitement:"I want to be the Lord of the Fire Pole Star!"

Of course she wants to stay in the Five Polar Stars area.

This is the center of the universe.

The most important thing is that Qin Feng's heavenly palace is on the Jianmu Sacred Tree of Zhongji Star.

She wants to stay with the man she loves and serve her at any time. Man, satisfy him with everything.

On the other hand, the Lord of the Three Realms is more like a feudal official. It is not convenient to find Qin Feng.

"OK! That's it!", Qin Feng nodded in agreement.

Zixing was very happy.

Bai Qi also looked happy.

The masters of the five polar stars were either Qin Feng's women, or their sisters and daughters.

He had been caught in the middle, and it felt weird.

He didn't either Silly, it's time to change places, don't hinder Qin Feng's family

"You all come with me!"

Qin Feng waved his hand, and the three of them disappeared out of thin air.

The next second, the three of them arrived above the Fire Pole Star.

Qin Feng began to make secrets...

As the master of this universe, it is easy for him to change the master of the Pole Star...

After a moment, the entire Fire Star trembled violently, and the universe roared...

On the Fire Star, all the elemental masters were horrified, and they looked up at the sky and saw the three of Qin Feng.

Everyone quickly knelt down and worshiped with great piety.

Now, Qin Feng is here The status in the hearts of the elemental masters is equal to that of gods, which is supreme.

At this moment, the pole star trembled.

In the astonished eyes of everyone, a huge golden rune, exuding thousands of feet of golden light, was drawn out from the fire pole star.

That is the Supreme True Meaning - the Divine Seal of Opening Heaven!

This extraction of the Divine Seal has no impact on the strength of Qin Feng and Bai Qi.

Afterwards, Zixing sacrificed his True Meaning Divine Seal into the Fire Star.....

"Ding! Your follower (Purple Star) successfully refined the divine seal...Purple Star became the Lord of the Fire Pole Star....."

"Ding! The true meaning of the Holy Fire (Purple Star, supreme) and the true meaning of the contract (Host, supreme) are automatically merging....."

Purple Star is a dual cultivator of dark fire, and there are two kinds of true meanings that he can master, one is the true meaning of holy fire, and the other is the true meaning of abyss.

Both are the supreme truth.

After Qin Feng listened to the sermon in the Holy Land, he understood the true meaning of the Three Thousand Dao.

Some supreme true meanings have also been fulfilled.

The true meaning of the contract is one of them.

Spiritual contracts are his strength, and it will be easy to fulfill them.

"Ding! Fusion successful.....Congratulations to the host for obtaining the supreme divine seal - the divine seal of faith.....Combat power is improved...."

"Ding! Congratulations to the host, your Fire Follower (Purple Star) has obtained the Supreme Seal - the Seal of Faith.....Combat power has been greatly improved...."

Qin Feng was delighted.

Got another supreme divine seal.

He also realized the true meaning of the Holy Fire.

But he is not good at the true meaning of the Holy Fire. He relies on himself to understand it, and it will take many years and months to complete it.

Let Purple Star become the leader of the Fire Pole Star, which is a very correct player.

"Qin Feng, we succeeded!", Zixing was extremely happy.

Qin Feng smiled slightly:"You're done here, you can go to retreat!"

"Um!", Zixing obediently agreed.

"Bai Qi, come with me!"

After a while, the two came to the Tiangong.

This Tiangong is Qin Feng's palace in the small universe, in a special dimensional space.

Its existence cannot be seen in the small universe.

But it connects the small universe and the earth's star field.

At this moment, It has changed again.

Above the palace, there is a huge thirty-sixth grade green lotus suspended.

On top of the green lotus, there are three big worlds.

The left side is cold and cold, which is hell.

The center is chaotic, which is the human world.

The light on the right is heaven.

It is the three realms.

Qin Feng's heavenly palace also connects the three realms.

He has become the center of the five poles and three realms.

"bring it on!"

Qin Feng waved his hand, and the two people disappeared out of thin air.

In the next scene, the two people appeared in the human world.

Bai Qi turned around and looked around, his consciousness sweeping across the world.....

After a moment, a look of wonder appeared on his face.

He is a mid-level master, and he also has a small world.

But compared to this human world, his small world seems too small.

This human world is more than a hundred times bigger than his small world.

Not to mention, Qin Feng also has a hell world and a heaven world.

The bigger the world, the stronger the strength!

Bai Qi felt incredible

"Your Majesty, your world is really big!"

Bai Qi sighed while looking around.

The human world is filled with gray chaos everywhere, and it is difficult to see the surrounding scenery clearly. It is undeniable that this world is very vast.

Bai Qi becomes more and more envious as he looks at it.

Thinking of his small world, it was all filled with loess and flying sand, without even spiritual energy, it was extremely desolate.

Your Majesty's human world still has the energy of chaos, it's just different!

"Huh! That is...."

Bai Qi seemed to sense it and looked into the depths of the chaos.

He actually sensed that there was the breath of life in the chaotic air.

There's more than one!

A full three thousand!

In fact, those are the three thousand innate beings.

At this time, Bai Qi was extremely shocked!

You must know that no living thing can survive in the big world or the small world.

This is a restriction imposed by the rules of heaven and earth!

Even top-grade star masters are no exception!

The small world is deserted.

All kinds of spiritual flowers and plants can grow in the vast world, but there can be no living things, not even an insect can survive.

If a living being is forcibly ingested, it will die soon, and even the soul will be completely dissipated and cannot be recycled.

But in your majesty's human world, there are actually living things alive!

This is incredible!

Your Majesty's Three Realms are different from the Great and Small Thousand Worlds!

At this time, Qin Feng waved his hand, and a golden jade dish flew from the depths of the chaos.

"Bai Qi, this is the creation jade dish of the human world. After you refine it, you will be the master of this world and rule the human world for me!"

"Thank you, Your Majesty!", Bai Qi took it happily.

Having become the master of the human world, he is Qin Feng's agent in the human world.

"By the way, let me remind you, after becoming the Lord of the Human World. Your little world will automatically integrate into the human world and become a part of it. Are you willing to do this?"

"The subordinate is willing!"

Bai Qi agreed without even thinking about it.

This is a good thing for him!

There is a big difference between his small world and this human world.

"good!", Qin Feng nodded slightly.

Bai Qi popped out a little blood essence from his fingertips and flew towards the creation jade disc.

The jade disc instantly sucked up the essence blood, turned into golden light, and merged into his body.....

The next second, the entire human world was boiling, and countless spiritual energy surged towards Bai Qi.....

At the same time, after Bai stood up, a small phantom of the Thousand Worlds appeared, fell from the sky, and began to merge with the human world.....

"Ding! Bai Qi refining and creating the world success.....The middle-grade dominator-level Xiaoqian World (Bai Qi) and the human world begin to merge....."

"Ding! The mid-level dominator-level Xiaoqian World (Bai Qi) successfully merged with the Human Realm, and the perfection of the Human Realm increased to 34%....The host's combat power is greatly improved..."

"Ding! Congratulations to the host, your follower (Bai Qi) succeeded in succeeding as the master of the human world, and the perfection of the human world has been increased to 43.%.....The host's cultivation level breaks through to the late stage of mid-level dominance.....Combat power increased to 10 million Beijing"

"It can still be like this!"

Qin Feng was overjoyed.

It turns out that choosing a Realm Master for the Human Realm can actually improve the perfection of the Human Realm.

You know, if he wants to break through to the Star Lord, the perfection of the three realms must reach 100% to succeed.

Therefore, he took The goal of his training was to perfect the three realms.

Understanding this reason, he became excited.

Because he still had a hell realm to perfect.

The endless sea of blood and the reincarnation disk were all materials used to perfect the hell realm!

There is also the spirit of the Styx, which can make him the master of hell.

With this wave completed, he will be able to greatly improve his strength!

This thought made Qin Feng happy..

Chapter 636

"Your Majesty, you seem to have made a breakthrough again!"

Bai Qi sensed that Qin Feng's aura had strengthened a lot.

Qin Feng smiled and said nothing.

Then, he waved his hand again, and a loud rumble came from the depths of the chaos.

A mountain of stone pillars slowly rose from the ground, and the heaven and earth were filled with it. tremor.....

After a long time, the mountain of stone pillars took shape, standing in the center of the sky and the earth. It was engraved with hundreds of millions of talismans and seal characters, and the divine seal of faith was printed inside, exuding boundless divine power.....

As soon as Shizhu Mountain was completed, dragons roared and phoenixes roared, and the energy of chaos surged...

The three thousand innate spirits sensed it, and each of them emitted strong thoughts, and actually sent out prayers to Shizhu Mountain.....

Bai Qi was surprised.

He couldn't help but ask:"Your Majesty, what is this mountain of stone pillars?"

Qin Feng replied:"It is not a mountain, but a pillar of faith. It's just too huge and looks like a mountain. You can call it - Totem Mountain!"

Bai Qi seemed to understand,"Your Majesty, what is it used for?"

"This pillar of faith absorbs the power of faith. As long as a creature sincerely worships the deity in its heart, it can generate the power of faith."

"When the faith pillar absorbs the power of faith, it can be transferred to the deity and turned into combat power. This is how the Seal of Faith works!"

Qin Feng was in a good mood and explained patiently.

Bai Qi suddenly realized:"That's it! Your Majesty, the three thousand innate gods in the human world all sincerely worship you. They should also have the power of faith!

Qin Feng smiled and nodded:"That's true!" Moreover, the higher the cultivation level of a believer, the stronger the power of faith generated. Although these three thousand innate creatures have not yet hatched, their cultivation is comparable to that of the God Emperor."

"Therefore, the power of faith generated by these three thousand innate beings cannot be underestimated! Bai

Qi was surprised:"Your Majesty, you must also build the pillars of faith on the five polar stars. Those tens of millions of elemental masters will all be your believers." The power of faith is definitely very strong."

Qin Feng smiled slightly:"This is natural!"

Thinking of this, Qin Feng was a little happy.

Generally, people who have understood the divine seal of faith are particularly strong in their own lair.

Because their divine pillars of faith are built in their lair, they can absorb the divine power of faith and greatly increase their combat power..

But once they leave their nest, it will be difficult for them to absorb the power of faith.

Without the help of the Divine Pillar of Faith, they can only absorb the power of faith from the believers around them. The number is extremely limited, and the strength they can improve is also limited.

But Qin Feng is different!

He Carrying the small universe with him, countless believers are always around, and he can absorb a massive amount of power of faith at any time.

To put it bluntly, faith can only be fully developed when the divine seal of faith is in his hands.

Afterwards, Qin Feng gave a few more instructions and left. The human world.

And Bai Qi stayed in the human world to guard it.....

After leaving the human world, Qin Feng built a pillar of faith on each of the five pole stars.....

After doing this, he took a step forward and reached the sky above the endless sea of blood.

At this moment, Qin Feng's feet were filled with waves of blood.

In front of him, there was a roulette wheel that was a hundred times larger than the planet, which was the Samsara Heavenly Disk.....

After so many years of cultivating their souls, each of the seven golden puppets in the Samsara Heavenly Disk has reached the level of mid-level dominator perfection.

If seven golden figures join forces to perform the Seven Star Meteor God Formation, they will have the strength of a top-grade master.

Qin Feng is very satisfied with this recovery speed.

When he enters the chaotic star field, he can go on a killing spree and absorb the blood essence and residual souls of those masters.

Those remnant souls can nourish these golden puppets and make them recover faster.

You know, when these golden puppets were at their peak, each of them had half the strength of a star master.

Then through the gang leader of Samsara Tianpan, the Panzu puppet condensed is the combat power of the low-grade star leader.

This is an existence with great potential!

Then, Qin Feng looked at the endless sea of blood below.

The blood surges to the sky!

The evil spirit is rolling!

On both sides of the blood sea, the netherworld and the hell river are like two prone dragons, one yellow and one black, galloping and roaring, constantly pouring the air of death and corruption into the endless sea of blood...

Qin Feng's spiritual mind penetrated the bottom of the sea..

In an instant, the sea of blood roared!

Boom~! Long~! Long~!

A huge wave rises into the sky!

On top of the huge waves, there is a dark giant egg, exuding an extremely majestic aura.....

This is the Spirit of Styx!

Its intelligence is getting stronger and stronger, much like a one or two year old child. As soon as it sees Qin Feng, it sends out extremely kind thoughts, simple and sincere.....

Nowadays, it has a growing fondness for Qin Feng.

Qin Feng smiled slightly, looked at the surface of the dome, and found that fine cracks had begun to appear on it.

It seems that the spirit of Styx is about to hatch. really!

The endless sea of blood can speed up its hatching!

At this time, the spirit of the Styx sent thoughts to Qin Feng, asking why Qin Feng came.

Qin Feng's thoughts were directly conveyed to him, asking him if he was willing to become the master of hell.

The spirit of the Styx sang happily and readily agreed.

Qin Feng was overjoyed. He pulled out the essence and blood with one finger, drew a rune, and disappeared into the dome.

The spirit of Styx did not dodge.

After a moment, the runes were printed, and the contract between the two was completed.

There was telepathy between the two parties, and the relationship also changed slightly.

The spirit of the Styx became closer to Qin Feng, and even relied a little on him.

To a certain extent, he regarded Qin Feng as a relative.

This subtle change made Qin Feng very happy.

He has finally conquered the spirit of Styx.

This guy is not ordinary.

It is now unincubated and unable to move freely.

If it is hatched, it will have half the strength of a star master and can move freely, which is truly extraordinary.

Immediately, Qin Feng had a thought in his mind.

One person and one egg disappeared out of thin air.

The next second, one person and one egg appeared in the hell world.

The hell world is as big as the human world, filled with the spirit of the underworld, dark and cold.  
.....

Such an environment is particularly suitable for spiritual bodies to survive.

It would be most suitable for the undead and ghosts to exist here...

Even the souls of ordinary people can survive here for a long time and will not die...

You must know that the souls of ordinary people are extremely weak and it is difficult to survive in the outside world. This should be their best place to live.....

Thinking of this, Qin Feng has some ideas, waiting to be realized in the future.....

Then, he waved again, and a black jade disc flew from the depths of hell.

That is the Jade Disk of Creation in the Hell Realm.

Qin Feng quickly kneaded the secrets and made sacrifices...

After a moment, the jade disc turned into a spiritual light, flew into the dome, and merged into the body of the spirit of the Styx...

In an instant!

Heaven and earth vibrate!

Hell roars!

Countless ghost energy surges.....

"Ding! The Spirit of Styx successfully fused with the Jade Disk of Creation (Hell).....The Spirit of Styx succeeds as Lord of Hell.....The perfection of the hell realm has been increased to 31%.....The host's combat power is greatly improved....."

Qin Feng waved again, and the Samsara Heavenly Disk and the Endless Sea of Blood flew from the void...

Boom~! Long~! Long~!

The sea of blood fell to the ground, and the evil spirit soared to the sky.

The underworld and the underworld appeared together, and the reincarnation disk was suspended above the sea of blood...

Qin Feng quickly pressed the seal and began to perform sacrifices.....

"Ding! Huangquan was successfully merged into the hell realm, and the perfection of the hell realm was increased to 36%...The host's combat power is greatly improved....."

"Ding! The Styx was successfully merged into the Hell Realm, and the perfection of the Hell Realm was increased to 41%...The host's combat power is greatly improved....."

"Ding! The reincarnation disk was successfully merged into the hell realm, and the perfection of the hell realm was increased to 49%...The host's combat power is greatly improved.....

"Ding! The endless sea of blood was successfully merged into the hell realm, and the perfection of the hell realm was increased to 60%...The host's cultivation has broken through to the middle-level master's perfection...the combat power has been increased to 16 million yuan..."

At the same time, the spirit of the Styx let out a burst of joy, flew to the sea of blood, and sank into the depths of the sea...

Qin Feng also He opened his eyes with joy.

He had made a breakthrough again!

The middle-grade master had reached perfection! He was only half a step away from being a high-grade master.

And his combat power had reached 16 million yuan.

With such strength, he dared to compete with Half-step Star Lord has fought in the mid-term.

The combat power of Half-step Star Lord in the mid-term is 30-60 million.

Qin Feng was very satisfied.

Then, he looked at the endless sea of blood with regret.

The spirit of Styx left just now Before, I conveyed an idea to him.

This time, the Spirit of the Styx is going to retreat and will cut off all contact with the outside world until it comes out.

In other words, during the period when the Spirit of the Styx is in retreat, , Qin Feng is unable to use the realm fusion of the hell realm.

This realm fusion is similar to the star fusion.

It is to superimpose the combat power of the realm master onto Qin Feng.

However, what makes Qin Feng gratified is that as long as the spirit of the Styx When it breaks out of the cocoon from the dome, its strength will greatly increase.

The benefits to Qin Feng are also huge.

After sorting out these things, Qin Feng left in a happy mood.

These breakthroughs in cultivation allowed him to gain greater control over the chaotic star field. He is more confident in his mission.

His opponents in the Chaos Star Territory are mainly half-step star masters and low-grade star masters.

Qin Feng's current strength is still average for those half-step star masters.

For low-grade star masters It's not worth mentioning.

But Qin Feng has a huge advantage, that is, he can enter the chaotic star field one month in advance as the master.

Thinking of this, Qin Feng felt even better.

The next second, He took one step in vain and left the hell realm..

Chapter 637

After leaving the hell realm, Qin Feng returned to the Heavenly Palace and began to retreat.

The secret technique of merit taught by Master Ziwei is the result of tens of billions of years of hard work, and he must study it carefully.

Time flies!

In the blink of an eye, seven days passed in the outside world, and it was the day for the Star Alliance to set out.

On this day, in the small universe, in the heavenly palace.

Qin Feng walked out of a dormitory.

At this moment, he was in a very comfortable mood.

He had just enjoyed Luo Li, and felt that his whole body was full of energy and extremely comfortable.

Seven days have passed in the outside world, and two years have passed in the small universe.

In the past two years, he has thoroughly understood all the secrets of merit and virtue taught by Master Ziwei.

Now, his understanding of the Divine Seal of Creation has reached an extremely high level, his strength has improved, and his combat power has increased to 17 million yuan.

Because of his deepening understanding of the Divine Seal of Creation, he learned many ways to obtain merit.

For example, helping some primitive life planets and accelerating their evolution is also a blessing.

This method is not easy for others.

The vast universe is endless.

Even if the owners want to find a primitive life planet, it is extremely difficult.

But this is too easy for Qin Feng.

His small universe has evolved for so many years and has become infinitely vast, producing hundreds of primitive life planets.

It's just that the life on it is primitive plants and the like, and there are no living creatures.

Qin Feng arranged for some monsters and elemental masters to live there, open up those primitive life planets, and speed up the evolution of life.....

He arranged for Ni Shan, Emperor White Tiger, Emperor Xuanwu, King Xiao Lun and others to do this.

At the same time, Qin Feng established a creation monument and a belief pillar on each developed life planet for future new creatures to understand and believe in... In this way, after two years, the effect is very significant.

His merit value skyrocketed, and every corner of the small universe had the breath of life, and he became more and more spiritual.....

This increase in merit value has a long history...

As more and more creatures in the small universe multiply, the merit he gains will continue to increase.

And the power of faith he gains will become more and more.....

He is the only God in this universe.

However, Nishan and others are busy spreading civilization in the small universe and transforming various primitive planets.....

The management of the Earth Star Domain was assigned to Liu Yan and Shangguan Yunxi.

These two women have begun to grow up. Both of them have the perfect cultivation level of the Great Emperor, and they are more than enough to manage the Earth Star Territory.....

The earth is the origin of life in Qin Feng's small universe, and it is also one of the foundations of destiny.

Qin Feng naturally has to pay attention to it.

The monsters and humans that are now spread to various primitive planets in the small universe are all creatures from the earth.

All in all, it was all arranged in perfect order.

Qin Feng checked the merits and found that they had accumulated 11 million...

The efforts of the past two years have not been in vain!

At this moment, there was movement in the communication jade talisman.

He picked it up and saw that it was Xuan Xi who announced the gathering.

"The time has finally arrived!", Qin Feng put away the communication jade talisman.

He looked around again, a little reluctant to leave. He had lived a very comfortable life in the Tiangong in the past two years.

He sometimes learned the secret skills, and when he was bored, he went to find Emperor Feng. , Yu Qilin, Zixing, and Luo Li talked about romance.

Or they went to the major Pole Star cities for some fun.

During the period, he also enjoyed Liu Yan and Shangguan Yunxi.

The flowers bloomed for the first time, which was extremely refreshing!

The so-called waking up to hold the power of the world and lying drunk on the lap of a beautiful woman is nothing more than that!

But now, he is going out to fight again.

This is how life should be!

Qin Feng waved his hand, and a golden wheel of merit emerged, emitting an eight-level halo, with a shocking momentum.....

This was awarded by the Master Ziwei last time and he has not used it yet.

The next second, he opened his mouth and sucked in, and Jinlun swallowed it.....

"Ding! Successfully swallowed the Golden Wheel of Merit (eighth level), gained 12 million merit points, and accumulated 23 million merit points....."

"Ding! If it is detected that the host has enough merit, 15 million merit points can be spent to upgrade the golden wheel of merit to the sixteenth level.....May I ask if you are promoted??"

"Promotion!"

"Ding! Congratulations to the host, your merit golden wheel has been successfully promoted to the sixteenth level. It cost 15 million merit points and left 8 million....."

Buzz~!

A clear cry~!

A golden light appeared behind Qin Feng's head!

A golden wheel appeared in the golden light, emitting sixteen layers of golden halo, reflecting the heaven and earth, with a shocking momentum...

Sixteen layers of golden wheels!

Everything increases sixteen times!

Strength has improved again!

Qin Feng is happy

"Ding! Remind the host that 25 million merits will be consumed to advance to the seventeenth level of merit gold, and 40 million merits will be consumed to advance to the eighteenth level...."

Note: The Golden Wheel of Merit is promoted to the eighteenth level, which can increase the luck value again!

"It turns out that you have to reach the eighteenth level before your luck can be improved again!"

Qin Feng's eyes lit up and he showed joy. He finally has a goal.

If he wants to break through to a god-level elemental master, his luck must reach the god level.

Now, his luck is 31% of the superior red level.

When it reaches 100 %, he can be promoted to god-level luck.

He is still far away from this goal.

Qin Feng put away the golden wheel of merit, took a step forward, and disappeared.

The next second, he appeared in a secret practice room.

Here is him In the palace outside.

Qin Feng waved again, and the surrounding space fluctuated continuously.

Chu Chu, Bao Bao, Feng Di and others were all present

"Brother, is it time?"

Chu Chu hasn't seen her brother for a long time, so she happily stuck to him.

"Um!"Qin Feng looked at Chu Chu with a smile.

After two years of not seeing each other, his sister has become more and more lively. She is eighteen or nineteen years old, full of vitality, delicate and pure, and unparalleled in beauty. She is not inferior to Feng Di.

More importantly Yes, her figure is extremely well developed, with a slim waist that can be grasped, a full and round front, and graceful curves

"Well, I have broken through to the halfway level and reached the top level, which is not bad!"

Qin Feng looked pleased.

"Of course! The more than 5,000 white crystals given by my brother, and the Holy Land that I have listened to for more than 20 years, how can I say it?It will be bad!"

Chu Chu hugged her brother's arm and raised her little face proudly.

It is also a happy thing to be praised by her brother.

"Dad, the baby is also halfway to reaching the top level of Dzogchen! Why don't you praise the baby?"

Baobao Qin raised his little mouth cutely and looked very unhappy.

Qin Feng smiled and touched the little guy's head:"The baby is great too!"

The baby was happy at this, and his eyes were smiling like crescent moons.

The girls couldn't help but smile when they saw this scene.

Qin Feng took another look at the girls' cultivation, and showed joy again.

After spending the past two years in seclusion, Everyone has made great progress.

Chu Chu, Bao Bao, and Bai Qi have all broken through to the half-step high-grade perfection.

Purple Star and Jade Qilin have all broken through to the early stage of high-grade domination.

Emperor Feng surprised Qin Feng the most. She also broke through to the early stage of high-grade domination.

In short, everyone has greatly improved in strength.

"Time is up! let's go!"

The group of people left at this point.....

A quarter of an hour later, the group arrived at the meeting hall.

More than a thousand players have gathered in the hall.

At this moment, everyone was chatting excitedly.

After listening to the sermon in the Holy Land and spending seven days in retreat, everyone has gained a lot, and their overall strength has made great progress.

Before, there were nearly a hundred contestants of the Divine Emperor's Great Perfection.

Now, all of them have been promoted to half-step masters.

There are even five or six more high-level masters of Dzogchen.

Even Yuchen's combat power has been increased to 300,000 Beijing.

This made him proud and made people around him envious.

In short, the improvement in strength makes everyone feel very good.

At this moment, the light and shadow flashed at the door of the hall, and Qin Feng and his party walked in.

"It's Lord Qin!"

"Lord Qin Huang is here!"

There was a stir in the crowd.

Everyone's eyes were extremely respectful.

Even Yu Chen restrained his arrogance and looked at Qin Feng with awe.

Unknowingly, Qin Feng became the most special existence among all the players.

Not only was he strong, he also Even his identity is extraordinary.

The only disciple of the Lord of the Star Alliance is the Prince of the Star Alliance!

But all the players are not jealous at all, only full of admiration.

It is really the excellence of Emperor Qin that no one can compare with. They can only Look at the back of his neck

"Huh! Take a look! Several of Emperor Qin's women have broken through to high-level masters, and his daughter and sister are also halfway to high-level perfection!"

"Oh My God! This progress is too fast!"

The crowd exclaimed again, filled with envy.

After these seven days, most people have only improved to a small level, and some people have not even been able to break through.

Qin Feng's women and men are all above a large level. The improvement.

The difficulty is completely different!

Of course they don't know that Qin Feng has the time acceleration of the small universe and a large amount of resources.

Naturally, they cannot compare.

Qin Feng and others did not pay attention and walked directly to Tianfu Star Differences between players

"I have met Mr. Qin Huang!"

Shenze and others stepped forward to salute one after another.

Those high-ranking masters looked at Zi Xing, Jade Qilin, and Feng Emperor with complicated expressions.

Naturally, they had not taken these three women seriously.

Now, these three women have caught up. You know, among the 1,700 players, the number of high-level masters does not exceed 200.

These are upper-level combat forces.

The three girls from Purple Star have already reached this level.

Chu Chu, Bao Bao, and Bai Qi are far away from this level. There was only one step away.

At this moment, there was a fluctuation in the sky above the hall.

Five Star Lords appeared out of thin air.

The whole place was immediately quiet, and they all looked up.

Lord Ziwei glanced at the whole place, and finally his eyes fell on Qin Feng.

Her beautiful eyes moved and she scanned Qin Feng for a long time before nodding slightly.

She was very satisfied with Qin Feng's progress.

"Four, tell them to come over!"

"yes!"

The four major star masters sent messages one after another. After a moment, white light flashed in the center of the hall, and dozens of figures flashed, all of them extremely powerful and extremely arrogant.

These people are the half-step star masters and low-level star masters of the alliance.

They appeared. After that, he glanced at the surrounding players indifferently, with a cold expression.

It was clear that he was looking at his subordinates and did not take them seriously.

In fact, many Half-Step Star Masters looked at Qin Feng and glanced past them without stopping at all..

These half-step star masters have a high status, and most of them have been in retreat.

If not summoned by the star masters, they will not show up.

As for what happened in the past few days, they are not clear about it, and naturally they do not know what Qin Feng is special.

Many half-step star masters and low-level star masters regard Qin Feng as an ordinary mid-level master.

Qin Feng also looked at the star masters and found many acquaintances.

For example, his sister Xuan Xi, as well as the universe star master, Taixu Star Master and others.

Seventeen low-grade star masters and forty-one half-step star masters were present.

These are the backbone of the Star Alliance's fight for the inheritance of high-grade star masters.

Of course, there is also Qin Feng.

The five major star masters I am full of expectations for Qin Feng

"I've seen five Star Lords!"

All the Star Lords saluted one after another with a respectful attitude.

"Great Star Master, everyone is here!", Tianfu Star Master reminded in a low voice.

Ziwei Star Master nodded slightly: "Okay! Brother Tianfu, come and announce it!"

"yes! Big Star Lord!"

Tianfu Star Lord promised, and looked at the many Star Lords and players below. The boundless majesty enveloped the entire audience.

Then, Tianfu Star Lord began to announce:

"From now on, we will head into the Chaos Star Territory. It's a long way to go. According to time, we should arrive in half a month by flight."

"In order not to let everyone waste this half month of traveling time, but also in order for everyone to improve their strength. The alliance has decided to release some more resources to you."

"The resource rewards are now as follows: 10 black sky crystals for low-grade star masters, and 200 mid-sky crystals for low-grade star masters. Half-step Star Lord, 5 Black Sky Crystals, 100 Zhongtian Crystals"

"A high-grade dominator costs 50 pieces of Zhongtian crystal, a half-step high-grade dominator costs 30 yuan, a mid-grade dominator costs 15 yuan, a low-grade dominator costs 10 yuan, and a half-step dominator costs 5 yuan!"

As soon as these words were said, there was a burst of cheers below.

Even the low-grade star masters and half-step star masters showed joy.

The alliance is really generous!

The rewards given this time are very generous!

"Everyone understands what I just said!"

"clear!", everyone shouted

"good! Low-level star masters come and receive rewards!"

Seventeen low-level star masters stepped forward.

Tianfu Star Master waved, and seventeen piles of rewards were distributed.

Each pile contained 10 black sky crystals and 200 white sky crystals.

The star masters happily accepted them.

The surrounding players They were filled with envy.

Immediately afterwards, forty-one Half-Step Star Lords came forward to receive their prizes. Each of them received 5 Black Sky Crystals and 100 White Sky Crystals.

All the contestants were once again envious.

Next, all the Low-grade Star Lords and Half-Step Star Lords The Star Master thought that the Lord of Tianfu Star was giving out rewards to high-ranking Lords.

But at this moment, the Lord of Tianfu Star looked at Qin Feng in the crowd.

"Qin Feng, this is your reward! Take it!"

As soon as he finished speaking, a bunch of crystals flew towards Qin Feng.

They were 5 pieces of black sky crystals and 100 pieces of Zhongtian crystals.

At this moment, the whole audience was in an uproar.

All the players were extremely envious, but they took it for granted.

But some low-grade ones The star masters were stunned.

Especially those half-step star masters were so upset!

Damn it~!

A small mid-level master got the same reward as them?

What's going on?..

Chapter 638

Most of these half-step star masters were in retreat before and did not understand Qin Feng at all.

"Something is wrong! Did Tianfu Xingzun send the wrong reward?"

"yes! How could a mid-level master have such a high reward?!"

"There must be a mistake!"

The half-step star masters murmured

"I'll ask!"

A middle-aged man with a majestic figure walked out of the crowd and stepped forward.

"Tianfu Xingzun, did you send the wrong reward?", the middle-aged man asked in public

"It's Lord Jin Yao!"

The crowd whispered.

All the players looked at the middle-aged man.

Many players recognized him.

It turned out that the middle-aged man was called Jin Yao Star Lord. His cultivation was in the early stage of Ban-step Star Lord and belonged to Ziwei Star.

Ban-step was born as Ziweixing. Star Master, Jin Yao Star Master has always been arrogant. He looked down upon the half-step star masters of other polar stars, not to mention Qin Feng, a small mid-level master.

Tianfu Star Master was slightly startled.

He did not expect There are still people who are confused about this matter.

All the players also looked at Jin Yao Star Lord with strange expressions. Emperor

Qin is a person who can withstand the wind of Black Yuan Realm, that is, a person with the strength of a half-step star master, of course he is qualified to win a half-step star The Lord's reward.

It seems that this Jin Yao Star Lord just came out of seclusion and didn't understand the situation!  
In fact

, not only the Jin Yao Star Lord didn't understand it, but most of the Half-Step Star Lords didn't understand it either.

Even some low-level Star Lords didn't understand it. Clearly.

These people looked at Tianfu Star Master with puzzled faces.

Seeing this scene, Tianfu Star Master smiled slightly and was about to explain.

But at this moment, Ziwei Star Master's voice sounded in the field. The sound interrupted him.

"Jin Yao, do you have any doubts?!"

"Returning to the Great Star Master, his subordinates are a little confused?", Lord Jin Yao answered truthfully.

"What if I said that giving Qin Feng a half-step star master-level reward was a unanimous decision among our five star masters?"

"This... Since it is a joint decision of the five Star Lords, it is certainly correct! But, can the Great Star Lord explain to everyone why Qin Feng was given a half-step star master level reward? If there is no explanation, everyone will have to guess."

Jin Yao Star Master boldly expressed his inner thoughts.

Some half-step star masters also nodded slightly.

They also felt that there should be a reasonable explanation.

But more star masters secretly frowned.

This Jin Yao Star Master is a little ungrateful!

He dares even dare to question the decisions of the Star Lords is to take oneself too seriously.

Perhaps, some people say that this is for the pursuit of justice and equality!

But everything in the world has never been equal from beginning to end.

The only equality is our possession of life. Quan.

As soon as those words came out, the four major star masters all frowned slightly.

Even the Ziwei Star Master also frowned slightly.

She once heard the Jumen Star Master mention that this Jin Yao Star Master was a bit arrogant and arrogant. , often looked down upon the half-step star masters of other polar stars. She was a bit arrogant in her dealings with others and had offended many of her peers.

Because Jin Yao was from Ziwei Star, she did not pursue the matter.

Now it seems that she indulged this guy. She even dared to question her decision.

In this case, she would use this guy to establish authority for her disciples.

Thinking of this, Lord Ziwei glanced at Qin Feng again.

Qin Feng's face was calm and calm, and his attitude was calm. He was so indifferent.

The young man's jade-like demeanor was natural, making people look extremely comfortable, and his calmness was stunning. The female cultivators all around looked at them with secret praise, and there were many who looked infatuated.

Ziwei Star Master looked at it silently. , and looked at Jin Yao

"Jin Yao, I will give you an explanation. Qin Feng is my only disciple....."

Lord Ziwei deliberately half-said.

All the players looked calm.

But those star owners who didn't know the truth were in an uproar.

Especially those half-step star masters were even more furious. They all looked at Qin Feng with astonishment on their faces.

Damn it~!

This little mid-level master actually became the disciple of the Great Star Lord?

Why is this?

Many of these half-step star masters wanted to worship under the great star master, but they were all rejected.

How virtuous and capable is this little mid-level master, that he can actually enter the gate of the Great Star Master?

Many half-step star masters showed jealousy and dissatisfaction.

Especially those half-step star masters of Ziwei Star are even more unhappy.

This Qin Feng was obviously not born in Ziweixing.

Ziweixing has those mid-level masters, and they basically know about them.

Strange!

Why did Ziwei Xingzun choose to help other pole stars this time?

Is there anything special about this Qin Feng?

The star masters looked at Qin Feng carefully.

They saw Qin Feng's combat power, but they could see that Qin Feng was really just a mid-level master.

Apart from that, Qin Feng doesn't see anything special except that he is young and handsome, right?

Could it be that just because this guy was so handsome, the Great Star Master accepted him as his disciple?

At this thought, the Star Lords were inexplicably annoyed and sent messages to Star Lord Jin Yao one by one.

After Jin Yao was stunned, he felt uncomfortable in his heart.

I think he also applied to become a disciple of Ziwei Xingzun, but was rejected.

The reason is that he is not talented enough and is not qualified yet.

Looking back now, he was a little annoyed.

Could it be that his talent is not as good as that of a mid-level master?

"Great Star Master, I think there is something wrong with this matter!", Jin Yao boldly proposed.

All the stars frowned.

The players around were confused.

Damn~!

Is this guy crazy?

Emperor Qin is so good, but he said something inappropriate?

This guy didn't even check, he just spoke directly, What you do is too reckless.

At that moment, the Divine Assistant Star Master sneered:"Jin Yao, what do you think of us?"....."

"Brother Shenfu, let me handle it!"

Ziwei Star Lord interrupted softly.

Shenfu Star agreed and stopped talking.

"Jin Yao, tell me! Why do you feel it is inappropriate? You can say whatever you want, as long as it's reasonable, I'll accept it!", Ziwei Star Lord smiled gently.

Jin Yao's eyes lit up, secretly thinking that the Great Star Lord still favored the local Star Lord.

He was polite to him, but he didn't expect that the Divine Assistant Star Lord was not polite to him at all.

At that moment, he He boldly said:"Great Star Lord, I think this reward is given out based on strength. In this case, we must treat them fairly and not show favoritism!

"The Star Lords should not give Qin Feng special rewards just because of his special status. That would make other players feel unfair and not conducive to unity!"

As soon as these words were said, many half-step star masters nodded.

But all the players found it funny and shook their heads.

If it weren't for Jin Yao being a half-step star master with a noble status, I'm afraid some players would start to ridicule.

The four major star masters They are not happy either.

This guy actually said that they were showing favoritism in public. They are really the worst offenders and do not know how to speak.

What's more, they are not showing favoritism at all!

Qin Feng is fully qualified to receive the reward of the Half-Step Star Lord.

Ziwei Star Lord has been waiting for it. This sentence.

At that moment, she said coldly:"Jin Yao, you said that some of our Star Lords are showing favoritism, do you have any evidence? If there is no evidence and you speak freely, you are guilty of the following and should be punished!"

"ah....", Jin Yao was startled.

Why is this happening?

Immediately, he wondered:"Great Star Lord, Qin Feng came to receive the reward of the Half-Step Star Lord with the cultivation of a middle-grade Lord. This is inappropriate for a discerning person. Isn't this clear evidence?"

Ziwei Star Lord sneered. : "If Qin Feng has the combat power of a half-step star master, do you think he is qualified to receive this reward?"

"Of course!", Jin Yao replied without hesitation, "Qin Feng is only a mid-level master, how can he have half the combat power of a star master?"

As soon as these words were said, except for the insiders, the remaining star masters all nodded.

They all felt that Qin Feng could not have the combat power of a half-step star master.

You know, the combat power of the top-level master Dzogchen can be twenty or thirty. Ten million capital, that is extremely outstanding.

But the combat power threshold of a half-step star master is 10 million capital.

This is an insurmountable gap!

What's more, Qin Feng is only a middle-grade ruler, and he is far away from the perfection of a high-grade ruler.

Qin Feng How could he have the strength of a half-step star master?

Even if they beat him to death, they wouldn't believe it!

Seeing the expressions of the star masters, Ziwei Star Master smiled coldly.

She knew it would be like this.

Qin Feng's situation is too special.

Even if he tells the truth, No one would believe it.

Therefore, this matter must be confirmed in person to make people convinced.

In this way, she also gave Qin Feng an opportunity to establish his authority and establish status and prestige among the star masters.

She wanted to make this young man, Cultivate him as the successor of the Star Alliance.

At that moment, she said:"Jin Yao, so you have some doubts about the words of our Five Stars?"

"The subordinates dare not! The subordinate is just telling some facts to avoid being misunderstood!"

Jin Yao thinks he is right.

He is still complaining in his heart that Qin Feng can receive such treatment because of his status as a disciple of the Great Star Lord.

As for Qin Feng having half the strength of the Star Lord, only a ghost can believe it!

Ziwei Star Lord said coldly Said:"It seems that if we don't present the facts, you really think we are telling lies.""

"However, the ugly words are ahead. If it turns out, Qin Feng is half as powerful as a Star Lord. If you jump to conclusions without considering the facts and question the decisions of the Star Lords, you are committing the following offenses:"

"I forgive you for having a reason, and I will not punish you severely. I will only confiscate your reward and reward it to Qin Feng to show that you framed him.as compensation for him."

These words made Jin Yao tremble with fear.

For a moment, he was a little confused.

Seeing that the Great Star Lord said so firmly, is it possible that Qin Feng really has half the strength of a Star Lord?

Is this impossible?!

Those Star Lords He also fell into surprise and doubt.

Star Lord Ziwei said again:"Of course! I act justly. If Qin Feng does not have the strength of a half-step star master, I will confiscate his reward. He will give you his reward in recognition of your merit in exposing it. What do you think?"

Hearing this, Jin Yao's eyes lit up and his heart became hot.

If he can get Qin Feng's reward, it will be equivalent to doubling his reward, which is comparable to those low-level star masters.

"Great Star Master, I think this method is very good! The subordinate is willing!"

Jin Yao agreed on the spot.

All the players showed strange expressions.

It seems that this guy is going to be unlucky!

But the star masters looked envious.

In their opinion, Jin Yao should get the reward.

Qin Feng definitely didn't have half of it. The strength of the Bu Star Master.

But they couldn't figure out why the Ziwei Star Master dared to do this?

At this moment, the Ziwei Star Master looked at one of the Half Step Star Masters

"Shuiyue, come out!"

"yes! Big Star Lord!"

A beautiful woman walked out of the ranks of Half-step Star Lords.

This woman's name is Shuiyue Star Lord, and she was promoted to Half-step Star Lord only half a year ago.

She is the weakest among the Half-step Star Lords.

But among the Half-step Star Lords, The Lords frowned when they saw her coming out.

Everyone knows that Lord Shuiyue is the confidant of Lord Ziwei!

They will not collude with Qin Feng secretly and deliberately let things go, making it appear that Qin has half-stepped Star Lord Strength, right?

Seeing the distrustful looks of the star masters, Ziwei Star Master was annoyed.

She chose Shuiyue because Shuiyue was the weakest and the most suitable candidate to challenge. As long as

Qin Feng's strength is as good as Shuiyue's Almost, doesn't it prove that Qin Feng has half the strength of a star master!

She can't pick the strongest one!

Not only the Ziwei Star Master thinks so, the four star masters are also a little dissatisfied with the suspicion of the star masters.

That's where At this time, a clear voice sounded in the field

"Master, there is no need to ask Lord Shuiyue to come out. Let's let the disciple fight with the Lord Jin Yao! Lest others suspect us of cheating!"

Qin Feng walked out of the crowd with a smile.

There was an uproar around him.

Oh my god!

Emperor Qin actually wants to challenge the Jin Yao Star Master?

Isn't this too impulsive?

The Jin Yao Star Master is half a step above the peak of the Star Master, and his combat power has reached 30 million Beijing.

Isn't it humiliating for Emperor Qin to challenge him?

Even if it can be proved in the end that Emperor Qin is half as powerful as Star Lord, the scene may not be good-looking.

That kind of proof is more like a kind of charity.

Star Lord Ziwei He and the four star masters also felt that something was wrong and frowned.

Jin Yao and the star masters looked happy.

In this way, they were relieved that they were not cheating.

As for this Qin Feng, is he a little too arrogant? He really thought that he would let go. ?

Thinking of this, Jin Yao smiled proudly:"I admire the courage of little friend Qin Feng!"..

Chapter 639

"Your guts! I appreciate it too!"

The corners of Qin Feng's mouth curled up slightly.

He was mocking Jin Yao!

This guy even dared to question the decisions of the Star Lords. He was simply ignorant.

"each other! each other!"

Jin Yao didn't take Qin Feng's words seriously at all.

"Disciple!"

The voice of Lord Ziwei sounded behind Qin Feng.

There was a bit of anger in his tone.

"Master, what's the matter?", Qin Feng looked at the beautiful master.

The master is so beautiful!

The extremely perfect facial features, and the snow-white skin that can be broken by a blow, are so beautiful.

Qin Feng smiled and admired it.

However, Ziwei Star Master was She was very angry.

She arranged for Shui Yue, the weakest player, to play not only to prove his strength, but also to hope that Qin Feng could gain the upper hand and make the scene look good!

Now, Qin Feng actually picked Jin Yao.

This Jin Yao is half a step away. At the peak of the early stage of Star Lord, the combat power reached 30 million yuan, and he was one step away from being promoted to the mid-stage Star Lord.

How could Qin Feng be his opponent!

Qin Feng's self-assertion completely disrupted her plans. She was naturally annoyed.

Having said that, if Qin Feng could really defeat Jin Yao, or even tie with Jin Yao.

That would definitely shock the audience!

The key to the problem is that Qin Feng cannot be Jin Yao's opponent.

In her opinion, Qin Feng At most, she is a little stronger than Shui Yue, but she can't take more than five moves in Jin Yao's hands.

Not only does she think so, but so does the four great stars.

"Disciple, this matter is arranged by my master, please step aside!"

"Qin Feng, please listen to the instructions of the Great Star Lord."

The Tianfu Star Master also persuaded.

At the same time, Qin Feng's ears heard the message from the Ziwei Star Master.

"Now is not the time to be impulsive. You are no match for Jin Yao. Just listen to my arrangements!"

After the transmission, the Master of Ziwei Star signaled Qin Feng to leave with his eyes.

However, Qin Feng raised the corners of his mouth slightly and bowed his hands.

"Master, since it is Jin Yao Star Lord who has doubts, I should fight with him to be more fair!"

"you.....".Star Lord Ziwei was so angry that her eyes turned white.

"good! I promise you to fight Jin Yao. If you can't support five moves. Even if you can prove that you have half the strength of a Star Lord, you won't get any reward from Jin Yao!"

Ziwei Star Master's tone was filled with anger.

Qin Feng really doesn't listen to discipline at all!

Since he is disobedient, let him suffer some losses.

If not, it will be even harder to discipline him in the future!

At the same time, the people around him are The players were in an uproar!

Oh my god!

Let Qin Huang insist on five moves in the hands of Jin Yao Star Master?

Is this request a bit high?

It seems that Qin Huang made the big star master angry!

All the players are worried about Qin Feng. Even Yuchen frowned.

How strong was Qin Feng? He witnessed Qin Feng resisting the Black Yuan Realm Wind with his own eyes at that time.

But as long as the strength reaches about 10 million Beijing, he can resist the Black Yuan Realm Wind.

Jin Yao has 30 million Beijing.

How could Qin Feng triple his strength in just seven days?

This is absolutely impossible!

Yu Chen couldn't help but look worried.

He didn't want to see Qin Feng in embarrassment.

Unknowingly, Qin Feng had already It was the benchmark in his heart.

On the other side, Jin Yao had a look of joy.

Star Lord Ziwei's words made him feel relieved.

"Little friend Qin Feng, can we start?" Jin Yao asked confidently.

This time, he will make Qin Feng unable to hold on even with every move.

"let's start!" Qin Feng was too lazy to talk nonsense.

As soon as he finished speaking, everyone knew that the show was about to begin.

The atmosphere in the audience instantly became tense, and everyone looked over

"Ha ha! Then I won't be polite!"

Jin Yao laughed wildly and took action suddenly.

In an instant!

His whole body lit up with silver light, and his aura exploded, reaching 33 million Beijing in an instant...

Damn it~!

33 million Beijing!

This guy is actually half-step to the middle stage of Star Lord!

He Not the peak of the early half-step star master!

This sudden change shocked everyone, and even the five star masters were stunned.

They did not expect that Jin Yao had actually practiced a secret technique that could conceal his cultivation. Even they He also concealed it.

It's over this time!

Qin Feng will lose!

I'm afraid he can't hold on for three moves.

At the same time, Jin Yao saw everyone's shocked expressions and felt very proud.

This is the effect he wanted!

This time , he wants Qin Feng to be his stepping stone to show his progress.

Buzz~!

The golden wheel of merit and virtue appeared behind Jin Yao's head, and it turned out to be a nine-fold golden wheel.

The amplitude of everything was nine times!

Clang~!

There was another sword cry!

The true meaning of the Invincible Sword Dao is activated!

The amplitude is increased by seven times!

This Jin Yao is the best at attacking!

He practices the Invincible Sword Dao, and the attack is extremely powerful...

Jin Yao punches out, superimposing a sixteenfold increase.....

Boom~! Boom~! Boom~!

The world has changed!

The space of all realms collapses!

Wherever that punch passed, all laws were broken.....

"not good!"

Everyone's expressions changed drastically, and they were all worried about Qin Feng.

Even some half-step star masters' expressions changed slightly.

The power of Jin Yao's punch was so terrifying that many of them couldn't resist it.

This Qin Feng is going to be unlucky.!

At this moment, Qin Feng moved!

The Golden Body of Chaos was unleashed!

Golden light burst out!

Qin Feng's combat power surged to 34 million yuan!

It was even stronger than Jin Yao!

The Divine Seal of Faith - activated!

Within the small universe!

Five The pillars of faith in the Three Realms are activated!

Billions of faiths echo!

Qin Feng's combat power surges to 36 million!

Buzz~!

The golden wheel of merit emerges!

Sixteen layers of halo are emitted!

The sky and the earth are shining, and the Japanese language is the same light!

All battles The power increased sixteen times!

The Kaitian Divine Seal was activated!

The power increased ten times again!

The two phases were superimposed twenty-six times!

Qin Feng swung his fist to meet Jin Yao's attack!

The twenty-six times increased fist exuded a dazzling energy. The golden light shone through the entire hall...

Everyone was so stabbed that it was difficult to open their eyes!

Boom~!

One gold and one silver!

Two fists collided!

A loud bang!

Destroyed the world! The temple shook violently!

Billions of miles of space The layers were shattered~!

I saw the dazzling golden light swallowing up the silver light! A shrill scream came from the light!

Qin Feng blasted the golden light with a punch.

His body exploded to pieces!

Blood mist filled the sky! The whole audience was dumbfounded.

It became so quiet!

Even the air froze, as if time had stopped moving, it was terrifyingly quiet!..

## Chapter 640

Qin Feng actually blasted the Jin Yao Star Lord with one punch!

Everyone is unbelievable!

Isn't this a dazzling sight?

At this moment, the blood mist rolled.

Jin Yao regrouped his body.

He looked at himself confused.

He was actually blasted by a small mid-level master!

How can this be?

Could he be worse than a little master?

His fragile self-esteem suffered a huge blow, and he was a little lost.....

The thought of handing over the reward made him extremely unwilling.

At this moment, Qin Feng looked at Jin Yao silently, waiting for him to give out the prize.

The onlookers around thought the same thing.

The current situation couldn't be more obvious. Qin Feng definitely has half the strength of a star master.

Unexpectedly, Jin Yao suddenly raised his head: "Qin Feng, it was my mistake just now. Let's try again."

Jin Yao wanted to save face.

As for whether Qin Feng has the strength of a half-step star master, it doesn't matter.

He just wanted to blast Qin Feng once and regain his face.

Qin Feng was displeased: "Get the reward!"

Qin Feng was too lazy to talk nonsense.

According to the rules, he should get the reward.

Seeing this, Jin Yao secretly wondered why this guy didn't agree?

Could it be that his attack just now was the strongest one, but he couldn't use it a second time?

In this case, I must force him to fight, so that everyone can see his true strength, and I can also regain my face.

"Qin Feng, don't you dare?", Jin Yao deliberately provoked the general

"enough!", Lord Ziwei spoke to stop him.

This Jin Yao is too shameless. He is still dawdling after losing. What does he mean?

Seeing that Lord Ziwei stopped him, Jin Yao curled his lips slightly, and the look of dissatisfaction in his eyes became stronger.

He became more and more I feel that my guess is right.

Qin Feng should only be able to send out one blow and cannot send out a second blow, so Master Ziwei stepped forward to protect his disciple.

Humph!

What Master Ziwei does is really unfair.

He thought like this in his heart, and his face It also showed up.

Anyone can see that he is not convinced.

Qin Feng is smart and can see what this guy is thinking at a glance.

It seems that he can't teach this guy a lesson.

"Do you really want to fight me again?", Qin Feng raised a sneer at the corner of his mouth

"hehe! I'm afraid you don't dare!"

"It's not that I don't dare! I'm worried about accidentally killing you!"

Qin Feng said casually.

Jin Yao was stunned for a moment, and then laughed with a mocking look on his face.

"Ha ha!! Qin Feng, you are so good at blowing. Even a low-grade star master would have a hard time killing a half-step star master, and at most they would seal us. You, a mid-level master, are too shameless to say this!"

As soon as these words were said, the half-step star masters couldn't help but smile.

They also felt that Qin Feng was bragging a little.

At this time, Jin Yao thought he was right and said:"I know that what you just used was your strongest attack. It's a pity that you can only deliver that one blow, but not the second one, so on the surface it looks like you are very strong, but in reality....."

When Jin Yao said this, he paused deliberately.

Everyone around was also surprised and suspicious.

Not to mention, Jin Yao's speculation is really possible.

Otherwise, how could a mid-level dominator defeat a half-step dominator?

Jin Yao said disdainfully:"So, don't talk about killing me, you don't even have the possibility of killing me a second time....."

After saying this, Qin Feng raised his hand and punched him directly.

That punch was extremely domineering!

This guy was fooled!

Jin Yao was filled with surprises.

As expected, this guy couldn't stand the provoking method. If he took the initiative to attack, he could fight back.

He must regain his face this time!

He wanted everyone to see that Qin Feng's real strength was not that strong.

Qin Feng simply couldn't unleash his second attack!

Jin Yao looked at Qin Feng's attack with disdain and punched him with all his strength.

His eyes are full of confidence!

Huh! wrong!

Why is the momentum of Qin Feng's punch stronger than the last time!

Jin Yao suddenly realized something was wrong and exclaimed that something was wrong.

But it's too late!

Boom~!

A loud noise!

Blood mist bursts!

Qin Feng blasted Jin Yao into pieces with one punch.

The whole audience was shocked again!

If they had some doubts before, they no longer had any.

The eyes of the half-step star masters looking at Qin Feng changed, and they no longer showed any contempt.

You know, those who can blast the mid-stage half-step star master with one punch can only do it in the late half-step.

But among the forty-one half-step star masters, there is only one half-step Dzogchen and four late half-step masters.

Qin Feng has also done it, then his strength is comparable to the late half-step, and he is considered to be the upper-level strength of the half-step star master.

But his cultivation level is only mid-level master!

This is unimaginable!

At this moment, Qin Feng's sarcasm sounded in the field.;

"Don't you say I can't blast you a second time?"

In the blood mist, Jin Yao's mind was clear.

He became angry:"So what about the explosion? You can't kill me! I can still be resurrected!"

But just after saying this, Qin Feng made a secret with his right hand and activated the hell world!

In an instant, yin and yang were reversed, the sun and the moon lost their light, and the sky and the earth changed color.....

The shadow of an infinite and huge world emerged.

In the shadow, a sea of blood surged violently.....

Above the sea of blood, a huge roulette wheel was rumbling and spinning...

Jin Yao suddenly felt that something was not good and quickly accelerated his resurrection.

The surrounding blood mist gathered rapidly.

But at this moment, Qin Feng just waved his right hand gracefully.....

The hell realm immediately produced a huge suction force, sucking in the blood mist that Jin Yao turned into, and also sucked in Jin Yao's storage ring... and then, Jin Yao's soul was also dragged in.  
.....

"not good!", Jin Yao was in a panic.

But before he could react, his soul was crushed by the reincarnation disk, and then turned into countless starlight energy, which was completely absorbed by the hell world. The miserable screams echoed in the hell world, Disappeared soon.....

Jin Yao's body and soul were completely destroyed!

Everyone was surprised!

This is something that the same level cannot do.

In the blink of an eye, only a group of true spirits and a nine-fold golden wheel of merit were left in the field, which seemed unable to be absorbed by the hell world.

At this moment, Jin Yao regretted extremely.

He finally Realized that I was so wrong.

Qin Feng is not bragging, he can really kill him!

His true spirit is wrapped in the golden wheel of merit and is about to escape.

As long as the true spirit survives, he can still be resurrected.

But in a second, Qin Feng waved his left hand, and a huge shadow of the world appeared behind him.

The world of heaven appears!

The light of heaven shines.

I saw billions of feet of light shining on the heaven and earth, and countless scriptures praising the eternity...

An extremely huge suction force was generated...

In an instant, the escaped true spirits and the golden wheel of merit were sucked in...

A moment later, there was a sound coming from the heaven world. Jin Yao's scream!

The true spiritual light group that was originally the size of a head is melting and getting smaller at a speed visible to the naked eye.....

This time, Jin Yao was completely panicked

"Do not kill me! Lord Qin Feng, please don't kill me! It is my fault!"

The true spirit made a frightened cry for mercy.

Everyone around was shocked when they saw this scene.

Especially the half-step star masters were dumbfounded.

You must know that the true spirits of the star masters are extremely powerful, even if their souls and bodies are destroyed, the true spirit will not perish.

If you want to kill the true spirit of a half-step star master, it is difficult for a low-level star master to do it, but Qin Feng's heaven world can easily wipe out the true spirit.

And the speed at which the true spirit is wiped out, Far more than a low-grade star master, and comparable to a mid-grade star master.

In other words, Qin Feng not only has the ability to kill half-step star masters, but his efficiency is much higher than that of a low-grade star master, and he is comparable to a mid-grade star master..

This is too scary!

At this moment, all the half-step star masters felt inexplicably cold all over, and they looked at Qin Feng with fear in their eyes.

In the blink of an eye, the true spiritual light group dissolved until it was only the size of a pea. It's going to die out completely.

It's all changing so fast!

"Disciple, spare his life!"

Qin Feng smiled slightly, waved his hand, and released the true spiritual light group.

But the true spiritual light group was only the size of a sesame seed. It was really miserable!

The next second, Qin Feng withdrew the phantoms of the hell world and the heaven world.

With this retraction, his whole body's momentum surged.~!

"Ding! Congratulations to the host for absorbing enough energy... His cultivation level has broken through to the early stage of half-step high-level domination... His combat power has been increased to 20 million yuan....."

Another breakthrough!

Qin Feng was pleasantly surprised

"Look! Emperor Qin's cultivation level has broken through again!"

"Huh! Half a step to the top!"

The whole audience was shocked again.

Everyone looked at Qin Feng as if they were looking at a monster.

Those Half-Step Star Lords felt chills running down their backs.

Emperor Qin actually broke through at this moment, fearing that the Half-step Star Lords would suppress him later. He couldn't stand it anymore. What

's even more terrifying is that he killed the Half-Step Star Lord like a chicken.

Even the only Half-step Star Lord, Dzogchen, looked at Qin Feng with a little fear.

This is like the difference between a wolf and a sheep.

Sheep and sheep Wolves can be as strong as each other, but sheep are afraid of wolves.

To these half-step star masters, Qin Feng is just a wolf!

And they are a group of sheep!

They kill each other, but they can't kill each other.

Qin Feng The wind can kill easily.

If this is not a wolf, what is it?

How can they not be afraid?...

At this moment, the true spirit the size of a rice grain emits spiritual light.

In the blink of an eye, Jin Yao is resurrected again, but his cultivation level has dropped to half Bu Zhu.

It was so miserable!

As soon as he was resurrected, he looked at Qin Feng with great fear, his whole body trembling.

The threat of death just now was really terrifying.....

In the air, Star Master Ziwei shook his head slightly when he saw this scene.

Star Master Tianfu even mocked:"Jin Yao, do you believe Qin Feng's words now? He didn't want to kill you, it was all your own fault!"

"I.....", Jin Yao was embarrassed and regretful.

The Lord of the Giant Gate Star sneered:"Jin Yao, you have always been arrogant and rude! You have bullied my colleagues in the Giant Gate Star before, and you are totally to blame for your fate today!"

"Great Star Lord, this person ignored your dissuasion before, which is disrespectful. He should be sealed for ten thousand years as punishment!"

"Right!", Lord Ziwei waved his hand, and there was an array disk in his hand.

"ah? No!!" Jin Yao was so frightened that his legs weakened and he begged loudly for mercy. Star Master Ziwei was too lazy to talk nonsense. With a wave of his hand, he sucked Jin Yao into the formation disk and sealed it.

The whole audience was in solemn silence!

The majesty of the Star Master cannot be violated!

"Disciple, please step back too!", Lord Ziwei took back the formation disk.

As for the storage ring that Qin Feng had obtained before, and the nine-level merit golden wheel.

She pretended not to see it at all!

No one in the audience dared to say anything.

Qin Feng's majesty, no one dared to be offensive.

Even those low-level star masters are afraid of him.

Qin Feng's establishment of authority this time was very successful..
