

God level 641

Chapter 641

But it was on the other side, on the huge flying planet.

In the meeting hall of Lord Ziwei's palace.

The Five Star Lords specially summoned Qin Feng.

At this moment, several Star Lords looked at Qin Feng with joy.

Qin Feng's previous performance shocked them

"Qin Feng, do you know why we summoned you?", Tianfu Star Master asked with a smile

"I hope Xingzun will tell you!" Qin Feng looked at Tianfu Star Master.

Tianfu Star Master smiled and said nothing.

At this time, Ziwei Star Master said: "Just now, we had a discussion. We were pleasantly surprised by your strength. By the way, can your current comprehensive strength be close to half-step of Star Master Dzogchen?"

"Maybe a little bit worse....", Qin Feng answered very humbly.

He has never fought against Half-Step Star Master Dzogchen, so he doesn't know the details yet.

And Jin Yao has just broken through to the mid-term half-step star master. He is weaker than most mid-half-step stars. It is not difficult to defeat him.

"That's pretty good!"

Ziwei Star Master and others all showed joy.

Then, Ziwei Star Master said again: "Actually, the opening of the Chaotic Star Field this time is very important to all the major forces in the universe. This time it's a battle between inheritance and destiny"

"You should know that the Chaos Star Territory has five high-grade star master inheritances, dozens of mid- and low-grade star master inheritances, and hundreds or even thousands of master inheritances. Obtaining these inheritances will have a great impact on the major forces."

"In fact, the greatest influence is the inheritance of the five top-level star masters. Obtaining any one of them can greatly increase the foundation of a force."

Qin Feng nodded slightly to express his understanding.

The strength of the high-grade star master is much stronger than that of the middle and low-grade star masters. It can be said that there is a world of difference.

As long as one side can have one more high-grade star master, it will have a huge impact.

High-grade star masters The inheritance of the Star Master is naturally extremely precious.

Star Master Ziwei continued: "This time, the Demon Realm, the Heaven Realm, the Ancient Realm, the scattered alliance, our Star Alliance, and some mysterious forces will all gather in the Chaotic Star Realm."

"Everyone's primary goal is to seize the inheritance of the high-grade star master, and the rest of the inheritance is secondary."

"According to our original goal, as long as we can grab a high-grade star master inheritance, we will have reached the goal."

After hearing this, Qin Feng was puzzled: "Master, the strength of our Star Alliance is at the forefront among many forces. Except for the Ancient Territory, other forces are worse than us. Why do you only expect to grab the inheritance of a high-grade star master?"

According to Qin Feng's idea, with the strength of the Star Alliance, there should be a plan to seize the inheritance of two high-grade star masters.

But unexpectedly, Ziwei Star Master and the four major star masters looked at each other and showed a bitter smile.

"Disciple, you don't know something!", Lord Ziwei sighed.

"Our Star Alliance ranks high because we have five top-grade Star Lords. But the opening of the Chaotic Star Field this time is very detrimental to our Star Alliance!"

Ziwei Star Master looked helpless.

The four Star Lords also smiled bitterly.

Qin Feng was even more confused: "Master, how do you say this?"

"Let me tell you this! This time, we mainly rely on the low-grade star masters to seize the inheritance of high-grade star masters. Although our Star Alliance is very strong, there are not many talented people among the low-level Star Lords."

"Among the seventeen low-grade star masters, most are in the early stage of low-grade, but there are only three in the middle stage of low-grade, and none in the late stage and Dzogchen."

"But other forces have the existence of low-grade late stage and Dzogchen. Even the Sanyu Alliance has a low-grade Dzogchen existence."

"Our Star Alliance may not have many low-level star masters, but there are too few masters. In a comprehensive comparison, we may still be at the bottom. With such strength, we hope to grab a high-grade Star Master inheritance, which would be great."

Speaking of this, Star Master Ziwei was very worried.

This time, if the Star Alliance loses, the strength and status of the Star Alliance will decline in the future.

Qin Feng suddenly realized when he heard this.

Based on this analysis, the Star Alliance is really at a disadvantage.!

At this time, Lord Ziwei said again: "We originally thought that the Star Alliance would suffer a loss this time, but your appearance gave us a surprise!"

"Master, how do you say this?"

Ziwei Star Master smiled and said: "Your cultivation level is still at the master level, and you can enter the chaotic star field one month in advance. This is your advantage, and it is also the advantage of our Star Alliance."

"As long as you get a high-grade star master inheritance within this month, our star alliance will guarantee the bottom line."

Qin Feng was a little confused: "Master, we are not the only ones who can enter the chaotic star field one month in advance." Why aren't you worried about other masters getting the inheritance of high-grade star masters?"

Ziwei Star Master and the four major Star Lords looked at each other and smiled.

Then, she said: "We have deduced that in the chaotic star field, if you want to enter the inheritance place of the high-grade Star Lord, you can't do it without the strength of the half-step Star Lord. arrive"

"Those masters can at most receive the inheritance of middle-grade star lords, but they are powerless against the inheritance of high-grade star lords. The only exception is you! Now, you are our Star Alliance's best hope."

Ziwei Star Master looked expectant.

Qin Feng suddenly realized

"However, you only have one month. This time is too tight. Don't be distracted by other things after you go in. Just look for the inheritance of the high-grade star master. In this way, you can hope to obtain the inheritance of a high-grade star master."

Ziwei Star Master gave serious instructions again.

The Chaos Star Territory is too big, and it will take a lot of time just to go in and look for the inheritance.

The test for the inheritance of the high-grade star master is very difficult, and it is not that fast.

"A month later, half-step star masters and low-level star masters from all major forces will enter. At that time, you can act according to the situation. You can continue to stay in the Chaotic Star Territory to find a high-grade inheritance, or you can come out."

"remember! Don't underestimate those low-grade Star Lords. Even the weakest low-grade early-stage star lord has the ability to kill the half-step star lord in great perfection. That naturally kills your ability."

Qin Feng nodded slightly.

The combat power of a half-step star lord in the later stage is 60-90 million jing.

100 million jing is equal to 10,000 gai.

The great perfect combat strength of a half-step star lord is 10,000-20,000 gai.

The combat strength of a low-grade star lord in the early stage But it is 200,000-500,000.

Facing a low-grade star master, Qin Feng may be killed.

It seems that he still needs to improve his strength.

His goal is to inherit more than one high-grade star master.

Even if he completes the super god-level mission , he must get the inheritance of three high-grade star masters, Yuan Feng, White Tiger Master, and Xuanwu Master.

If possible, he also wants the inheritance of the other two high-grade star masters.

Judging from his current strength, it is a bit overwhelming.

Improving his strength as soon as possible is what he must do

"Qin Feng, take this jade talisman!"

Ziwei Star Master waved his hand again, and a jade talisman flew towards Qin Feng

"Master, what is this?", Qin Feng turned out to be a jade talisman

"This is some information about the chaotic star field. Of course, these are just what we know. Maybe it can help you understand what's going on inside in advance....."

"Disciple understands!", Qin Feng put away the jade talisman

"actually.....", Ziwei Star Master said solemnly again, "We have also deduced another result. After the chaotic star field ends this time, the cosmic catastrophe will soon begin...."

"Therefore, this chaotic star field opportunity is very important to all major forces, and all forces will go all out. Because everyone wants to improve their strength before the catastrophe....."

Star Master Ziwei looked at Qin Feng solemnly.

The same is true for the Four Star Lords.

Qin Feng also felt the pressure and looked solemn

"In order to make your trip smooth, the five of us have decided to allocate some more resources to you. We hope they will be helpful to you! take it!"

Ziwei Star Master waved his hand, and another storage ring flew out.

Qin Feng took it and saw that there were 30 pieces of black sky crystals, 1,000 pieces of Zhongtian crystals, and 300,000 pieces of white sky crystals.

This is far higher than Rewards for those low-level Star Lords.

In fact, it is very difficult for the Star Alliance to come up with such rewards.

Qin Feng was moved!

At this moment, he realized that the five Star Lords had bet the hopes of the Star Alliance on him. Oh!

This is a huge responsibility!

"Master, I understand! I will definitely do my best!", Qin Feng silently put away the storage ring

"Do you have any questions or needs?"

"there is none left! By the way, Master, can I pass on those secrets of merit and virtue that you taught me to my daughter Qin Baobao?"

Qin Feng thought that what the baby understood was also the divine seal of creation.

Those secret techniques must be suitable for her.

"Can! She is your daughter and my disciple. It's been passed down from generation to generation!

Qin Feng was overjoyed:"Thank you so much, Master!"

Then, Qin Feng resigned and left.

He wanted to hurry up and go into seclusion.....

Time flies.

In the blink of an eye, sixteen days passed.

The flying planet of the Star Territory Alliance has unknowingly arrived near the Chaos Star Territory..

Chapter 642

In the blink of an eye, sixteen days passed.

The flying planet of the Star Territory Alliance has unknowingly arrived near the Chaos Star Territory...

At this moment, it is somewhere above the planet.

Qin Feng looked through the planet's light shield and admired the starry sky outside with a contented expression.

Outside, the sky is filled with stars.

The scenery of the universe is really beautiful!

He has been staying here for a day, and he has been quite enlightened by watching the wonders of the universe along the way.

After all, he is different from others.

The path he took was that of the Master of the Universe.

What he wanted to do was create the universe.

Observing other people's universes and gaining insights about them is something that ordinary elemental masters cannot understand...

Qin Feng withdrew his gaze.

The observation just now gave him some insights, and he was quite happy.

Speaking of which, except for him and the Five Star Lords who were not in retreat, everyone else was in retreat.

This makes him look special.

In fact, he has a small universe and a time force field that is 110 times larger than the outside world.

He stayed in seclusion in the small universe for fifteen days, which was equivalent to five years in the outside world.

In these five years, he has gained a lot.

More than 1,300 Zhongtian Crystals were all devoured by him, and his cultivation level broke through to the late half-step of high-grade domination, and his combat power increased to 96 million yuan.

There are still 49 black sky crystals left in reserve.

The black sky crystals are used to break the bottleneck of the half-step star master.

In addition, he distributed the 300,000 daytime crystals rewarded by the alliance and the more than 70,000 daytime crystals obtained from Jin Yao to the six Chu Chu people.

These more than 370,000 crystals, plus the Zhongtian Crystal rewards received by Chu Chu and others, will definitely make their cultivation level greatly improve.

Not only that, the tens of millions of elemental masters in the entire small universe, as well as the three thousand innate beings in the human world, are making continuous progress.

The more they progress, the more Qin Feng gains the power of faith.

Power of Faith: The Seal of Faith extracts some combat power from believers and superimposes it on themselves.

The combat power drawn from each believer is very small, and the proportion is fixed.

Therefore, the stronger and more the believers are, the more power of faith Qin Feng will gain.

At the beginning, the power of faith that Qin Feng could draw was 2 million Beijing, but now it has been increased to 3 million Beijing.

All this is still improving.....

Qin Feng has a small universe and can cultivate followers infinitely.

In this regard, God, who has also realized the divine seal of faith, cannot compare with him.
.....

"It has arrived!"

Qin Feng stared at the starry sky in front of him.

Hundreds of millions of miles away, a large gray gas cloud appeared, boundless...

That gray cloud is a barrier that can cover all obstacles and prevent high-grade star masters from entering.

The chaotic star field is deep in the gray cloud.

At this moment, Qin Feng sensed that the planet under his feet began to slow down...

Many players in retreat sensed it.

For a time, thousands of spiritual consciousnesses swept across the air.....

There was a space fluctuation next to Qin Feng, and a beautiful figure appeared.

Qin Feng looked back.

The person coming is Xuan Xi.

She wore a moon-white official uniform, which was exquisite and close-fitting, perfectly highlighting her beautiful figure.

"Qin Feng, you have made great progress!", Xuan Xi looked appreciative.

It had only been ten days, and Qin Feng's aura was getting stronger and stronger, and she couldn't see through it at all.

"No matter how much I improve, I can't compare to my sister!", Qin Feng smiled slightly.

He was telling the truth. Xuan Xi is a middle-level low-grade star master, much stronger than him.

Xuan Xi pursed his lips and smiled and said:"Brother, you are humble! With your potential, it is only a matter of time before you surpass your sister... Hey! Those people from those forces arrived so early!"

Qin Feng followed the sound.

Sure enough, at the boundary of the chaotic star field, there were four huge things.

Each thing was bigger than the earth.

He looked carefully and saw that the four things were actually one planet and two giant cities. , a spaceship.

In fact, those are all aircrafts.

Above each aircraft, there are many people floating densely.

They seem to be waiting for the arrival of the Star Alliance.

At the top, there are more than a dozen people gathered together.

Those dozen people The aura was so long that one could not see it at a glance.

Qin Feng looked over and realized that the dozen or so people had sensed it.

A dozen extremely powerful divine thoughts penetrated the light shield in an instant and swept across the entire planet. Passed by Qin Feng.

Qin Feng was horrified that these people were all high-grade star masters.

However, the spiritual thoughts of these star masters did not stop at all, and they seemed not to take Qin Feng seriously and took them back.

"Sister, these people are....."

"They are God, Demon Lord, Ancient Lord and others. It seems they have been waiting for a long time...."

Xuan Xi took a deep breath and looked solemn.....

At the same time, at the gathering place.

More than a dozen high-level star masters, all with their hands behind their backs, watched the Star Alliance planet arrive.

Each of them is an ancestor-level figure who dominates the party, and each of them has a powerful aura.

"The people from the Star Alliance are really late in arriving!"

A top-grade star master said with a sneer.

"Ah!! Everyone knows that the Star Alliance may be beautiful on the surface, but there are hidden dangers underneath. Even their new generation can't do it! The delay for so long is probably due to the selection of talents."

"yes! Rumor has it that among their low-grade star masters, there is not even one late-stage star master. With such strength, how can you compete with us?"

As soon as these words were said, the faces of all the high-grade star masters showed joy.

There are four forces here.

Each party has the strength of a low-grade star master or above in the late stage.

Some forces have more than one.

Even the weakest alliance of casual cultivators, There is a low-level star master in every place.

That person is none other than the traitor of the Qilin clan, the leader of the starry sky beast clan.

The starry sky beast clan is one of the seventeen forces in the Rogue Cultivator Alliance.

The master of the starry sky beast clan, is the main candidate for the scattered alliance to compete for inheritance this time. (Sanmeng: the abbreviation of the scattered cultivator alliance)

"Everyone, the low-level Star Lords of the Star Alliance have no talent. Are there any talents among their masters?"

"It seems not! There are only a few of them who are high-level masters of Dzogchen. This time, they have no advantage in the competition for the inheritance of middle- and lower-grade star masters."

"hehe!! The Star Alliance is really getting worse every year!"

Many big bosses had a look of gloating on their faces.

Then, another big boss said: "If the five Ziwei Star Masters accidentally fall, can the Star Alliance still maintain its territory?"

As soon as these words were said, the big guys showed playful expressions.

While the big guys were chatting, four people in front of them remained silent.

Among the four people, the first one on the left was a man in blue shirt. The man has an extremely elegant temperament and a smile on his face.

He is the strongest person in the alliance - Lord Blue.

Next to Lord Blue, there is a man shrouded in black mist, with a terrifyingly cold aura.

He is the strongest person in the Demon Realm. The one who is the Demon Lord.

Next to the Demon Lord is a blond man, exuding golden light, and his aura is extremely sacred.

He is the most powerful person in the Heavenly Realm - God.

The last one is the most mysterious number one in the Ancient Realm. The strong one - the Ancient Master.

The Ancient Master had his eyes closed from the beginning to the end, ignoring everything that everyone was discussing.

At this moment, the flying planet of the Star Alliance finally arrived and stopped not far away.

The Ancient Master Only then did he open his eyes.

When he opened his eyes, his eyes actually contained the stars of the universe, which was very strange.

At this moment, five people appeared out of thin air on the flying planet, and they were the five Lords of Ziwei Star.

The next second, Ziwei The Star Lord came out of the air, followed closely by the four Tianfu Star Lords.....

"Lord Ziwei is here! It's time to erect a monument of cause and effect!"

"Even with the protection of cause and effect, the Star Alliance would not be able to achieve any good results this time. The five major forces, I'm afraid they will be at the bottom...."

Many big shots are in the mood of watching a good show.....

But no one knew that just as they gathered at the border of the Chaotic Star Territory, something was happening deep in the Chaotic Star Territory.

In this chaotic star field, there are chaotic Jiutian Gangfeng and broken stars everywhere.

At this moment, on a broken planet, a man in black appeared in a cloak.

He stood there silently, breathless.

Even if someone stood in front of him, they would not be able to sense his presence.

At this moment, he was looking outside the barrier, his eyes were shining with starlight, as if he could penetrate all time and space, all barriers, and see everything in front of him.....

"Tens of billions of years! These people are finally here.....Then it's time for the people from Fengtian Sect to come too, right? hehe!! How can Fengtian compare with Qintian?!"

The cloaked man said with ridicule.

The next second, his figure gradually became transparent and disappeared.

If any high-level star master saw this scene, he would be extremely shocked.

As we all know, the chaotic star field is the main battlefield of the ancient catastrophe.

Then After a big battle, the battlefield formed a barrier of its own, and there were no living creatures in the field.

But now, why is there a cloaked man here?!..

Chapter 643

But as soon as the outside world arrived, Ziwei Star Master and others arrived.

The four Tianfu Star Masters stood aside.

The Ziwei Star Lord discussed with the Ancient Lord, Demon Lord, Heavenly Lord, Ancient Lord, and Blue Lord.

The five giants are discussing the details of the Cause and Effect Sky Monument.

Others are waiting.....

At the same time, on the Star Alliance's flying planet.

Qin Feng looked at the big guys curiously.

There was some yearning in his heart.

If one day, he could become one of them, how would it feel?

"Brother, I guess the contract will be signed soon. I'll go get ready!"

"Sister, go!"

Xuan Xi turned around and disappeared into the air.

With a thought in his mind, Qin Feng communicated with Feng Di and the girls.

After a moment, he waved, and Feng Di and the girls appeared out of thin air.

"Qin Feng, are you here?"

Feng Di looked at his beloved man lovingly.

"Here we are, look over there!", Qin Feng indicated with his eyes.

The girls followed their gazes and looked

"Dad, are those all high-grade star masters?"

Qin Baobao looked at Ziwei Star Master and others with a cute look on his face.

The little guy even counted them, there were twenty-one people in total.

"That's right! They are all!"

Qin Feng smiled and pinched the baby's little face. It was soft, white and tender.

This retreat lasted more than five years.

The baby looked a little older, like a six or seven-year-old porcelain doll, carved with pink and jade, and became more and more mature. Her hair was cute.

Qin Feng looked at her cultivation and found that she was already in the late stage of high-grade domination.

Zixing, Fengdi and others were also in the late-stage of high-grade domination.

Qin Feng was very pleased.

He did not waste the more than 370,000 white crystals in vain.

In fact, Tiantian Jing has no effect on him anymore, and it is more suitable to use it for Feng Di and the girls.

In addition, Feng Di and the others all have high-grade star master potential.

Only Zi Xing has the low-grade star master potential.

He needs to improve them. Otherwise, except for Purple Star, it will be difficult for others to break through to the Star Lord.

Fortunately, the opportunity is now!

There are dozens of mid- and low-grade Star Lord inheritances in the Chaos Star Territory.

As long as they get these inheritances, their potential will be Can make great progress.....

At this moment, the starry sky ahead was filled with golden light.

Qin Feng looked quickly.

I saw many big guys joining forces, and a white sky monument hundreds of millions of feet tall was born out of thin air, hanging high in the sky, emitting a hundred and zero layers of halo, and it continues to take shape.....

One hundred and zero weights, coincident with one hundred and eight supreme true meanings.

As we all know, among the three thousand avenues, there are one hundred and eight supreme true meanings, and the rest are all supreme true meanings.

The divine seal of cause and effect ranks first in the supreme true meaning.

Qin Feng knew that was not the case!

He had previously received an opportunity from the Lord of the Ancient Universe at the Ziwei Holy Land, and had received three mysterious golden talismans to enter the body.

During this period of seclusion, he has unlocked the first path, which is the so-called Fengtian.

Take control of your destiny and you can serve heaven!

It turns out that above cause and effect, there is a supreme divine seal, which is the divine seal of destiny.

The Seal of Destiny is the fusion of the Seal of Destiny and the Seal of Creation.

He has mastered the Divine Seal of Creation.

As for the Divine Seal of Destiny, he already had half the chance.

Twelve earthly branch sacred flags are hidden in the small universe.

If he can obtain ten more Heavenly Stem Divine Flags, he can form the Destiny Formation and touch the true meaning of Destiny.

Just when Qin Feng was thinking wildly, the void ahead shook and the universe roared.

Countless retreatants were alarmed and walked out of the retreat one by one.

Boom~!

Billions of dollars in the sky are shaking!

The monument is finally completed!

Qin Feng knew that it was the Heavenly Monument of Cause and Effect.

After a while, everyone will sign a causal contract on the heavenly monument.

The causal contract binds all players.

Low-grade star masters and half-step star masters cannot kill the master, nor can they seal the master, otherwise the cause and effect will be aggravated and the position will be permanently locked.

What awaits is the revenge in the future.

This is the protection of the five major forces for their elite children.

However, the strength of this protection is limited.

As long as the benefits are great enough, those who should be killed will still be killed.

However, with this protection strategy, the casualty rate will be much lower.

It still plays a certain role in protecting elite children.

All parties are happy to do so.

In addition, the half-step star master is also protected.

Low-level star masters are not allowed to kill half-step star masters at will.

There are no restrictions between the same level.

In fact, Qin Feng dismissed these.

He has the divine seal of cause and effect, and killing people does not depend on cause and effect.

This causal contract has no binding effect on him.

He will kill whatever he deserves!

However, he was happy to sign the contract.

With the protection of this contract, others have to pay some price for hurting him, but he has nothing to do when he hurts others. Isn't it wonderful?

At this moment, the voice of Lord Ziwei sounded in the ears of all the players.

"Come all over!"

At this moment, people from the Star Alliance flew out of the planet one after another and flew towards the cause and effect sky monument.

"Dad, shall we go there now?" Baobao asked cutely.

All the girls also looked over.

Qin Feng is their backbone.

"Let's go!"

Qin Feng flew away first.

The girls followed closely.

For a time, more than 1,700 people flew out of the Star Alliance.

At the same time, aircraft from the Ancient Territory, Demonic Territory, Heavenly Territory, and scattered alliance also flew. There are a large number of players.

There are more than 1,700 players in the ancient domain, more than 1,500 people in the demon domain and celestial domain, and more than 1,200 players from the scattered alliance.

These are the quotas that have been discussed by the five forces.

After a while, players from the five parties gathered together.

The scene was vast and magnificent!

Players from all forces were sizing each other up.

Qin Feng was also silently sizing up other forces.

At this sight, he couldn't help but frown.

Master said It's all true!

Other forces have strong men who are above the late stage of low-grade star masters.

Only the Star Alliance does not.

This makes the Star Alliance, known as the number one force in the universe, a little embarrassed.

From time to time in the crowd, calls from other forces are heard sarcasm

"hehe! Isn't the Star Alliance known as the number one force in the world? Why don't they even have a master who is above the late stage of low-grade star master?"

"yes! Our low-grade late-stage and above strong ones canThere is three!"

"Shh~! Keep your voice down! It would be bad if the Purple Lord heard what you said!"

The Purple Lord is the Ziwei Star Lord.

These players are the elites of the major forces and have always been unruly.

At the moment, many people curled their lips and didn't take it seriously.

"What we said is true! What can't be said? That's it! If you don't want to say it, don't say it. When this opportunity is over and the facts are in front of us, we will not be too late to say it!"

"Ha ha! I'm afraid that when the time comes, the Star Alliance will be the first to evacuate. After all, their performance is too poor and they are embarrassed to stay here....."

There was a lot of teasing in the crowd.

At this moment, the contract signing began.

The first ones to sign the contract were the low-grade star masters.

According to the ranking of forces, the Star Alliance is barely considered the largest force in the universe and was the first to sign.

Next are the ancient domain, the demonic domain, the heavenly domain, and the scattered alliance.

A group of low-grade star masters signed the contract, and the names of many star masters were displayed on the sky tablet. There were power notes behind the names, which were in red gold.

The names are arranged according to their cultivation level.

The seventeen low-level star masters of the Star Alliance all have names at the end, which makes them look a bit eye-catching.

Next, the half-step star master signed the contract.

Things improved slightly for the Covenant.

However, there is only one Half-Step Star Lord Dzogchen, which is still too little.

In the end, the masters signed the contract. The Star Alliance still had no advantage and could only be considered average.

It didn't take long for all the players to sign.

There are more than 8,000 names densely arranged on the monument.

Qin Feng's cultivation is a half-step high-grade master, so he is ranked in the middle and lower ranks, not as tall as the Chu Chu women, and is very inconspicuous.

In other words, no one even noticed his presence.

At the same time, many high-ranking star masters looked at the stone tablet and whispered.

"There are quite a few names on the list of Heavenly Monuments! I wonder if in the end, only one-third of the names will be left?"

"hehe!! It's hard to say!"

The big guys smiled and shook their heads.

This sky monument not only has the effect of the contract, but also can see the life and death status of the signer.

If a player dies, his name will disappear from the sky monument.

Although these players have signed the contract, but The protection level of that contract is limited, and killing each other is inevitable.

As long as one-third of the players can survive this time, they feel good.

Next, the players from the five major forces returned to their temporary stations.

In this chaotic star field, It will take another five or six days to open.

Today, they just completed the signing of the contract.

Time flew by.

In the blink of an eye, five days passed.

During these five days, a steady stream of players came.

Most of them were semi-finalists. Players below the Step Master level, and even some in the early stage of the God Emperor, have arrived.

These people come from the five major forces.

But they are not the elites of the forces. They cannot sign contracts and do not receive the protection of the contracts, so their names are not on the sky monument..

In fact, when they entered the chaotic star field, the danger was much greater than that of the Qin Feng elites.

But in order to get the opportunity, these people came anyway.

Five days later, the number of players increased to hundreds of thousands, and the scene was very spectacular.

These In addition to the five major forces, there are also some special forces among the people, such as Fengtianmen.....

In the blink of an eye, on the sixth day, roaring sounds continued to sound inside the chaotic star field.

In the outer boundary, gray clouds surged and the starry sky trembled..

The rules of the enchantment begin to change...

The chaotic star field is finally about to open!

The players were all excited.

The atmosphere of the scene also became heated..

Chapter 644

The chaotic star field is finally about to open!

The players were all excited.

The atmosphere of the scene also became heated

"It's finally opening! I'm so anxious to wait!"

The crowd was talking excitedly, including many divine emperors.

"I heard that there are no living creatures in the Chaos Star Territory, but those exotic flowers and plants can grow freely. For tens of billions of years, no one has set foot anywhere. There must be countless magical flowers and herbs, right?!"

"Of course. Not to mention the exotic flowers and plants, there are countless such as Xingxi Stone, White Sky Crystal, Zhongtian Crystal, and Black Sky Crystal. After all, it has not been mined by anyone for tens of billions of years!"

"hey-hey! For God Emperors like us, even if we can't grab any inheritance, it's still good to get some resources....."

The more the contestants discussed, the more excited they became, and it seemed that the future was bright...

At this moment, the gray barrier in front of them emitted an extremely dazzling white light.....

The barrier is completely open!

"opened!"

Everyone exclaimed.

The next second, many players rushed through the barrier and entered the chaotic star field.....

The half-step star masters and low-level star masters looked envious.

They won't be able to go in until a month later.

But after this month's delay, there will definitely be a lot of resources that these weaklings will get the first advantage of.

Thinking of this, the half-step star masters and low-level star masters felt uncomfortable, but there was nothing they could do.

On the other side, Qin Feng followed the flow of people and passed through the barrier.

The next second, he entered a vast star field, surrounded by the howling Nine Heavens Gang Wind, extremely violent.....

At the same time, there were a lot of muffled sounds around him, and even a few screams.

Qin Feng followed the sound and found that many God Emperors had pain on their faces...

If he wanted to resist the Jiutian Gangfeng, he would at least need the God Emperor. The above strength.

Those screams just now were caused by several Lun Hai realm players who did not believe in evil and forced their way in.

In an instant, they were strangled to pieces by the strong wind. Even their souls were crushed into pieces and disappeared...

The opportunity here ultimately belonged to those above the God Emperor.

Of course, these Nine Heavens Gangfeng are nothing to Qin Feng.

It's nothing to the Chu Chu girls.

"Qin Feng, these nine heavenly winds will dissolve the consciousness!"

Purple Star's voice sounded behind him.

Hearing this, Qin Feng unfolded his spiritual consciousness.

Sure enough!

As his spiritual consciousness travels through the Nine Heavens Gang Wind, it will gradually melt away, and the range that can be scanned is only half of the usual.

This is not conducive to the players' exploration of the secrets.!

Divine consciousness is their main means of treasure hunting.

Soon!

More and more players discovered this problem, and they all frowned.

"My consciousness is limited!"

"yes! No matter there are so many, let's hunt for treasures quickly!"

The players sighed helplessly and left one after another.

No one started fighting when they met.

This Chaos Star Territory is very large, a quarter of the Star Territory Alliance's territory.

Such a large area is enough for everyone to explore separately. There is no need to fight at the beginning.

The first competition in this treasure land is the speed of treasure hunting.

The stronger the consciousness, the greater the advantage.

At this moment, more and more players are coming in.

The vast majority of people, against Jiu There was nothing we could do about the Tiangang wind dissolving the consciousness, so we had to accept it.

At this moment, a proud laugh rang out from the crowd.

"Ha ha!! The Nine Heavens Gang Wind dissolves the consciousness? Nothing more than that!"

Qin Feng followed the reputation and saw a young man wearing Tianyu costumes, looking at everyone with a proud face.

The young man's cultivation was not weak, and he had reached the Great Perfection of the High-Grade Dominator.

Everyone wondered why the young man was so proud.

Just at At this time, a white halo appeared behind the young man's head, emitting thousands of feet of holy light, showing his holiness.....

The moment the white halo appeared, the young man's consciousness suddenly tripled.

As a result, the range of his consciousness was not weakened by the Nine Heavens Gang Wind, but instead increased by 50%

"Everyone, Fei has taken the first step!"

The young man glanced at everyone proudly and flew into the depths of the void.

Only a group of players were left with envy.

Even the top-level masters of Dzogchen who were powerful were envious.

"Tsk tsk!! This Feilin's method is really enviable!"

"Damn! Let the guy from this Tianyu have too much advantage!"

"Walk! Walk! Walk! We must seize the time to hunt for treasure!"

Several top-grade masters left cursing, their voices full of jealousy.

Seeing this scene, Qin Feng felt curious.

The white halo aura of Feilin made him feel that it was somewhat similar to the Golden Wheel of Merit, but it was somewhat unnecessary..The golden wheel of merit is golden and emits multiple halos.

The white halo of Feilin is white and does not have multiple halos.

"Qin Feng, that is the Holy Light Wheel of the Heaven Realm. It has similar effects to the Golden Wheel of Merit of our Star Alliance, but it is different."

Zixing explained beside him

"The Golden Wheel of Merit can absorb the evolution and upgrade of merit, but the Holy Light Wheel cannot absorb the evolution of merit. It has only three fixed levels, namely low level, intermediate level and high level. The power can be increased three times at low level, five times at intermediate level, and ten times at high level."

"In short, the Holy Light Wheel is a specialty of Tianyu, but its quantity is extremely limited. Among the master level, if you are not the most elite disciple, it is impossible to have it. This Feilin should be an extremely extraordinary existence among the Heavenly Domain Dominators!"

Zixing is very knowledgeable and explained in detail.

Qin Feng suddenly understood.

Speaking of which, the merit golden wheel rewards of the Star Alliance are also extremely limited.

There are half-step star masters and low-level star masters.

But only Yuchen is in the master level. , Yaochen, and Yu Fei.

Of course, Qin Feng also has it!

Thinking of this, Qin Feng smiled slightly:"Since the Holy Light Wheel is effective, the Merit Golden Wheel should also be effective."

"Of course!"

The girls from Zixing looked at each other and smiled.

"Then let's get started!", Qin Feng looked at the women.

The next second, a sudden change occurred in the field.

Buzz~! Buzz~! Buzz~!

For a time, the field shook continuously.

Purple Star, Yu Qilin, Feng Emperor, Chu Chu, Baobao A golden wheel of merit and virtue appeared in the back of Bai Qi's head, and all of them emitted a six-fold halo!

They were all six-fold golden wheels of merit and virtue!

In an instant, the scope of the six Purple Star people's consciousness expanded six times.

You know , the six of them are all high-grade masters in the late cultivation level.

This expansion is six times, and their spiritual consciousness range is three times that of the high-grade master Dzogchen.

Simply put, their efficiency in finding treasures is three times that of the high-grade master Dzogchen..

This is very scary!

You must know that among this group of people who come in, the ones with the highest cultivation level are the top-grade masters of Dzogchen.

But they are three times as high as the top-grade Dzogchen. They will be the group of people with the highest search results among all the contestants.

"Damn it~! The range of their consciousness is dozens of times that of mine!"

The crowd exclaimed.

All the players looked over with great envy.

In this early stage, whoever has a wider range of spiritual consciousness will have the upper hand.

At this moment, even those powerful masters of Dzogchen who are the top-level masters are jealous.

This The range of spiritual consciousness of several women is not only wider than theirs, but even Feilin is not as good as them!

Naturally, these people don't know that the golden wheels of merit of the six Purple Star people are all condensed by Qin Feng.

Mastering the teachings taught by Ziwei Star Master Secret technique.

Qin Feng swallowed the nine-fold golden wheel he got from Jin Yao, and then used his accumulated merit to create these six golden wheels.

Now it seems that it will be of great benefit to their treasure hunt!

At the same time, , more and more contestants came in.

Everyone was shocked and envious when they saw the scene in front of them.

The Golden Wheel of Merit is extremely rare.

If you are not the most elite girl in the Star Alliance, it is impossible to get it...

But no When they reacted, Qin Feng also unfolded his spiritual consciousness.

Boom~! Boom~!

That divine consciousness was like substance, extremely powerful, and spread out in all directions at a very fast speed, reaching hundreds of millions of miles in an instant... As soon as

Qin Feng's divine consciousness unfolded, The range is comparable to the Great Perfection of Half-Step Star Lord

"This...how is this possible?"

At this moment, the whole audience was dumbfounded.

Even the girls from Zixing were stunned. They all looked at Qin Feng with admiration.

Then, tens of thousands of people around saw Qin Feng's cultivation clearly, and they were even more confused. No way.

Isn't it?

This guy's cultivation is only half a step into the late stage of high-grade domination. How could his consciousness be so strong?

Isn't this a ghost?

Naturally, these people don't know that Qin Feng's soul flower has bloomed. Thirteen petals.

How can his consciousness be ordinary?

"Damn! Did I read that correctly? How could a half-step high-level master have such strong spiritual consciousness?"

A top-level master of the Great Perfection contestant pinched his thigh hard and grimaced in pain.

At this time, someone beside him said sourly: "There must be some secret technique. I estimate that the boy in white can last for a minute at most. Hmm~! This range should be his limit!"

But just as he finished speaking, a golden wheel of merit appeared behind Qin Feng's head... emitting thousands of miles of golden light, illuminating the world!

Sixteen-fold halo!

Extremely dazzling!

Damn~!

Sixteen-fold golden wheel of merit?

Everyone was extremely shocked!

Boom~! Boom~! Boom~!

The range of spiritual consciousness is expanded to sixteen times!

It is comparable to the range of spiritual consciousness of a low-grade star master in the middle stage!

The whole audience is completely confused!

The range of spiritual consciousness of a low-grade star master in the middle stage is hundreds of their Times, or even thousands of times.

This means that Qin Feng's treasure hunting speed is hundreds of times, or even thousands of times faster than theirs.

Is this really a treasure hunt?!

"Spread out the treasure hunt! Walk!"

Qin Feng gave an order, and the six people from Purple Star immediately dispersed and flew in six directions...

Qin Feng took one step and turned into a little starlight, hundreds of millions of miles away.

The speed was terrifyingly fast! It was definitely reached Half-step to the level of Star Master Dzogchen... everyone was petrified!

The whole place became quiet!

After a long time, someone swallowed: "Then... is that boy really a half-step high-level master?"

The crowd was silent..

Chapter 645

The crowd sighed for a long time before they dispersed to hunt for treasures.

For everyone, time now is very precious.

In this way, people poured into the Chaos Star Territory one after another, nearly a million people in front and behind.....

Everyone uses their own magical powers to explore resources in the vast star field.

On the other side, Qin Feng and Chu Chu were traveling separately.

Spread out and you'll have more chances of finding opportunities.

Half an hour later, Qin Feng appeared on a somewhat broken green planet.

He looked down with a look of joy on his face.

This spiritual energy reaches the sky, and below it are patches of spiritual flowers and herbs, countless of which are at the God-Emperor level, and even the Dominator level.

This is simply a huge medicine garden.

If these medicinal materials are used to make elixirs, the strength of the elemental masters of the small universe can be greatly improved, and the power of his faith can be greatly increased.

What's more, he has already trained Liu Yan and Shangguan Yunxi.

Both of them are god-emperor level alchemists.

You can leave the alchemy matters to them.

The development of the entire small universe is booming.

Don't throw away these medicinal materials.....

Qin Feng waved, and the space around him fluctuated, and a stunning beauty appeared.

This person is Luo Li.

Her current cultivation level is already the Great Perfection of the God-Emperor

"Your Majesty, are you looking for me?", Luo Li's eyes are charming.

Her current superficial identity is the manager of Tiangong, and her other identity is Qin Feng's concubine.....

"Luo'er, look below?"

"Wow~! So many magical medicines!"

Luo Li was amazed.

Qin Feng briefly explained the situation.

"Luo'er, you bring people to mine this planet's medicinal materials. After mining, contact me immediately and I will directly recall you to the small universe. I'll leave this puppet to your command....."

Qin Feng summoned another golden puppet.

Now, his seven golden puppets have all returned to their initial strength as a top-grade ruler, so protecting Luo Li is not a big problem.

"This is the jade talisman for controlling puppets!", Qin Feng threw out another jade talisman.

"Your Majesty, these are no problem!" Luo Li took the jade talisman excitedly.

She had never seen so many magical flowers and herbs.

"And them!"

Qin Feng waved again, and the surrounding space fluctuated continuously.

More than thirty figures appeared in succession, all of them in the early stage of the God Emperor. These are the best among the new generation in the small universe.

They all listened to the Tao and passed through it for more than ten years. With the hard training and the cultivation of a large amount of resources, he achieved a rapid breakthrough

"I have met His Majesty!"

When all the subordinates saw Qin Feng, they all knelt down and knelt down to worship him excitedly, with expressions of great admiration.

Now, Qin Feng is a god in their hearts.

"Get up!"

"Thank you, Your Majesty!"

All the men stood up respectfully.

"Manager Luo Li will tell you the specific things! Everything here is subject to her arrangements!"

"yes! His Majesty!"

All the men agreed in unison.

After arranging all this, Qin Feng left in a hurry.....

Half an hour later, Qin Feng discovered a huge star tidal mine in another star field.

He summoned the Little Lun King and more than thirty of the early God Emperor's subordinates.

Now the King of Small Wheels is also the God-Emperor of Great Perfection.

Qin Feng left a golden puppet and asked Xiao Lun Wang to lead people to mine minerals.....

An hour later, he discovered another resource area.

This time Qin Feng arranged for the White Tiger Emperor to lead people to mine and left behind a golden puppet.

The White Tiger Emperor is already half a master.

The combat power of the elemental masters in the entire small universe has been greatly improved.

Qin Feng is now trying his best to build his own power.....

When Qin Feng discovered the sixth treasure land, Luo Li and others had finished mining.

Qin Feng recalled them all to the small universe.

In this way, Qin Feng found resources and arranged for his men or ghost clones to mine them.

Ontology is always looking for resources.

He has hundreds of subordinates above the God-Emperor level, and he can mine resources hundreds of times faster than others.

In this way, wherever Qin Feng passed, he was like a locust, leaving no grass behind.

The resources of this chaotic star field are indeed extremely rich...

Qin Feng's harvest is getting richer and richer.

In the blink of an eye, thirteen days passed.

Qin Feng found more than 400 resource points and more than 70 master-level inheritances.

Even low-grade star master level inheritances have found three.

The middle-grade star master-level inheritance also discovered one.

He kept these inheritances for training his subordinates.

In addition, his phantom clones mined more than 30,000 white crystals and more than a thousand Zhongtian crystals.

These harvests can be described as extremely rich.

As far as Qin Feng knew, the resources discovered by Chu Chu and others were less than one thousandth of his.

Other players are even worse than him.

Not only is he fast in discovery, he is also extremely fast in mining.

But Qin Feng couldn't be happy.

What he needs most is the inheritance of a high-grade star master.

So far, he has not found even a single inheritance place for high-grade star masters.

But thirteen days have passed.

This is not a good thing for him.

In seventeen days, those low-grade star masters will come in, and he will have no chance to seize the inheritance of the high-grade star masters.....

At the same time, there are millions of players in every corner of the Chaos Star Territory.

Everyone has gained more or less.

Some lucky players have achieved extremely good results.

But no one knows that an undercurrent is surging in the chaotic star field.

But on this day, next to a neutron star, violent space fluctuations suddenly occurred.....

After a moment, a light door opened, and a white-haired old man walked out.

His whole body was shrouded in black mist, and his aura was violent. His cultivation of the Great Perfection Master had reached its ultimate level, and he was only a few steps away from being able to break through to become a half-step Star Master.

Just now, he entered a place of inheritance and received the inheritance of a low-grade star master.

As long as he digests this inheritance, he can break through to half-step Star Master

"Haha!! I never thought I would have such luck!"

The old man was so high-spirited that he couldn't help but raise his head to the sky and roar.

He was able to obtain the inheritance of a low-grade star master within thirteen days.

This is indeed extremely lucky!

Not everyone can be as defiant as Qin Feng.

The old man was satisfied.

He looked around, preparing to find a safe place to retreat and digest the inheritance.....

But at this moment, there was a spatial fluctuation in front of him.

A giant with golden light all over his body walked out of the void and struck him with a knife.....

The old man was furious:"You are looking for death!"

He is a top-level master of Dzogchen, and he is among the last group of people in this group of players.

Who is he afraid of?

Huh! wrong!

The next second, the old man's expression changed drastically!

The strength of the golden man opposite him actually reached half-step of Star Lord Perfection.

How can this be?

Didn't it say that the half-step star master can only come in after a month?

There are still 17 days left!

How did this guy get in?

"No! Senior, we have signed a causal contract! You can't kill me!"

The old man yelled in fear.

He turned around and ran away!

But it was too late, the man of golden light struck down with his sword!

Billions of heaven and earth shattered, and the endless space was shattered!

The overwhelming sword power struck down with one strike!

Click~!

Between heaven and earth A straight crack was opened!

The old man didn't even have time to scream, before he was chopped into pieces by a sword and turned into a mist of blood.....

Then, the blood mist rolled, and the old man wanted to be resurrected.

Three porcelain bottles flew out of the golden light.

One is blood color, one is jade color, and one is gold.

As soon as the three spirit bottles appeared, the blood-colored spirit bottle began to absorb the blood mist, the jade-colored spirit bottle was absorbing souls, and the golden jade bottle was absorbing the true spirit.

The old man screamed in the blood mist.

In just a moment, he was split into three.

The blood bottle devoured his flesh and blood.

The jade bottle swallowed up his soul.

The golden bottle swallowed up his true spirit.

The three bottles were automatically sealed, all the screams stopped suddenly, and the scene returned to tranquility.

At this time, the golden light on the golden man's body slowly faded, revealing his true form.

It was actually an expressionless metal puppet.

If Qin Feng were here, he would be surprised to find that this puppet is a golden puppet, or a golden puppet whose strength has reached its peak.

I saw the number "three" written in seal on the puppet, indicating that the golden puppet did not belong to Qin Feng.

Qin Feng's seven puppets are numbered six to twelve.

He hasn't gotten Puppet No. 1 to Puppet No. 5 yet.

According to the data, the higher the golden puppet is ranked, the stronger it is.

But it was said that this golden puppet No. 3, with a wave of his hand, put away its three spirits and disappeared into the void.....

At the same time, in another part of the chaotic star field.

In one week, more than a dozen masters of the demon realm robbed more than two hundred god emperors.

At this moment, the more than two hundred god emperors were kneeling on the ground and did not dare to move.

More than a dozen demon domain masters were laughing.

While they were mocking the God-Emperors, they were dividing the spoils.

But at this moment, a gap opened in the sky.

A giant with golden light walked out and slashed with one sword, wiping out the whole place.

Then, the golden light giant sacrificed the red, white, and gold spirit bottles and took away all the flesh, blood, souls, and true spirits of the audience.

When everything was completed, the golden light faded away, revealing the original appearance of the golden giant.

It turned out to be a golden puppet. The number in the seal script on its body was 'five'. This was the golden puppet No. 5, and its combat power and momentum had reached the level of half a star master.

After doing all this, Golden Man Puppet No. 5 also left.....

At the same time, deep in the chaotic star field, there is a piece of land suspended in the void.

At this moment, in the middle of the land, in a forbidden area.

The mysterious cloaked man appeared.

He looked ahead with fascination.

There are six mysterious rings there, forming a circle and suspended in mid-air.

Each halo is a different color.

Looking through the halo, it is a self-contained space, dark, deep, and endless. Various illusions appear from time to time, with human beings, demons, and true spirit incarnations struggling within it.....

In fact, this is not a halo, but six paths

"Sixteen billion years of cultivation!"

The cloaked man was filled with emotion.

It took him 16 billion years of skill to refine the foundation of the Six Paths, and his cultivation level has dropped to the early stage of the middle-grade Star Lord.

However, it doesn't matter.

As long as he can cultivate the Six Paths Once it is fully completed, he will be able to control the people of the world and learn from the heavens.

The opening of the chaotic star field this time is a great opportunity for him to perfect the Six Paths!

The corners of the cloaked man's mouth were slightly raised, full of pride.

At this moment, the space next to him There was a fluctuation.

A golden puppet appeared.

The number in seal script on the golden puppet was 'two'.

This was the second golden puppet. As soon as the puppet appeared, it respectfully took out the red, white, and gold jade bottle.

The cloaked man waved. , the three-color spirit bottle opened.

The blood-colored spirit bottle flew out with a streak of blood and fell into the hell realm. The jade-colored spirit bottle flew out with countless ghosts and fell into the evil ghost realm (hungry ghost realm).

The golden spirit bottle flew out with countless true spirits and flew into Heavenly Man said.

After a moment, the six spiritual lights shined brightly, seeming to have been improved a lot and their momentum greatly increased.

The man in the cloak also showed a happy look..

Chapter 646

After the six paths had finished absorbing the flesh, soul, and true spirit, the cloaked man waved his hand, and the three-color jade bottle flew back to the No. 2 golden man puppet.

"Go for it!", the cloaked man gave a random order.

The second golden puppet turned around and disappeared from the scene.

"It also requires a lot of flesh and blood essence and soul! This little bit is too little! Too little!"

The cloaked man sighed.

If he wants to complete the Six Paths, he not only needs the essence of flesh and blood and the true spirit, but also needs to attack the Demon Realm, the Heaven Realm, and the Ancient Realm.

The amount of follow-up projects will be huge.

If he can succeed, he will have the opportunity to become the new King of the Universe. Lord.

When he thought of this, the man in the cloak became excited.

More than 10 billion years of calculations and efforts were all put into action here.

"The guy from Fengtianmen should be here, right?"

The cloaked man waved again, and an ancient book appeared in front of him.

He opened the ancient book, and a spiritual light appeared on it, and a pattern similar to Bagua appeared.....

"Huh! This is..."

The cloaked man frowned, with a strange look in his eyes.

He just looked at the spiritual book and found that there are two uncertain existences in the chaotic star field.

The existence that can make him uncertain must be the direct descendant of Fengtian Sect. Disciples.

The direct disciples of Fengtian Sect, either have cultivated the divine seal of destiny, which can block all calculations.

Or they have exotic treasures that isolate the inferences, making it impossible for people to calculate their whereabouts.

For example, the Qian Shenqi that day fell into this category. precious

"strangeness! According to my plan, Fengtian Sect will only send one disciple this time, but this time it seems that two disciples have been sent. Is it possible....."

The cloaked man began to feel a little uneasy.

He was worried that his plan would be noticed by people from Fengtianmen.

Although he has the strength of an early-stage mid-level star master, he has made a huge sacrifice in order to build the Six Paths, and he has a fatal flaw.

That flaw prevented him from easily leaving the Six Paths Forbidden Land.

Otherwise, outside the forbidden area, his combat power would not be as good as that of the late Half-Step Star Lord.

This is also the reason why he has been staying in the forbidden area without showing up, secretly controlling the five golden puppets to kill the players everywhere.

However, as long as the Six Paths absorb enough flesh, soul, and true spirit.

His flaws will be diminished.

When it reaches a certain level, he can completely eliminate the flaws and get out of the forbidden area.

Of course, that requires a lot of flesh and blood essence.

Currently, with his ability, he can only kill some dominant players.

The barrier of this chaotic star field will first let in some dominant players, and then let in the half-step star masters and low-level star masters. If this happens, he is the one behind it.

He was just worried that he would not be able to control the situation if he allowed half-step star masters and low-level star master players to come in at the beginning.

Even if only dominant players were allowed in, he would not dare to massacre them openly.

Even if nearly a million players below the dominance level unite, he can't deal with them.

Therefore, he has been sending five golden puppets to kill those players quietly these days.

When the number of players drops to a certain level, he will go on a killing spree.

The original plan went smoothly!

But now the situation has changed!

He had just explored through the Heavenly Book and discovered that there were two uncertain existences in this chaotic star field.

He suspected that they were all direct disciples of Fengtian Sect.

This was somewhat inconsistent with his plan, which made him a little uneasy.

In fact, he perceived two incalculable beings.

One is Sakyamuni from Fengtianmen.

The other one is Qin Feng.

There are twelve earthly branch divine flags hidden in Qin Feng's small universe, which can isolate all speculations.

Because of this, the cloaked man misunderstood that he was also from Fengtianmen.

"Strange! I deduced before that Fengtian Sect would only send one master-level disciple, but how could it be two people now?"

The cloaked man was surprised and unsure.

"Huh! This is?"

The cloaked man's expression changed slightly, and he quickly took out a jade talisman from the storage ring.

As soon as the jade talisman came out, it automatically broke into two pieces.....

"not good! Lost another one!"

The man in the cloak was shocked and angry.

This jade talisman was connected to the inheritance of the middle-grade star lord.

The jade talisman shattered, which meant that the related inheritance of the middle-grade star lord was taken away.

The cloaked man's flesh was in pain.

He couldn't even stop it in time.

If it weren't for the fact that his body's flaws had not been repaired, he would have rushed out immediately and killed the guy who took away the inheritance of the middle-grade star master!

In this chaotic star field, there are five inheritances of high-grade star masters and seventeen middle-grade stars. The main inheritance, the inheritance of dozens of low-grade star lords.

He doesn't care about the inheritance of low-grade star lords.

The inheritance of mid-grade star lords and the inheritance of high-grade star lords are both treasures to him.

He wants to keep them, they will be of great use in the future!

But! In these short thirteen days, he has already lost the inheritance of two middle-grade star masters.

What he just lost was the second inheritance of the middle-grade star master!

The guy who took away the inheritance of the middle-grade star master was too efficient and too fast..

He didn't have time to react, and he couldn't figure out his whereabouts afterwards.

"This person is unpredictable! He must be a direct disciple of Fengtian Sect! Damn it! Damn it! If I hadn't been temporarily unable to leave the forbidden area, how could I have allowed him to become rampant!"

The cloaked man jumped in anger!

Another middle-grade star master has been lost!

In fact, the inheritance of a middle-grade star master is also extremely precious to the five major powers outside.

That can cultivate a middle-grade star master.!

Mid-level star masters from every major force are extremely rare.

"Huh! Something seems wrong! Even if that person is from the Fengtian Sect, why is he so efficient in snatching the inheritance of the middle-grade Star Lord? Does that person have half the strength of the Great Perfection of the Star Lord?"

The cloaked man was surprised.

Immediately, he smiled bitterly and shook his head.

"impossible! This is absolutely impossible! I have already done some tricks on the barrier. The first batch to come in can only be those below the Dominator level."

"No matter how powerful a master is, it is unbelievable that he can reach the early stage of half-step star master. How can he reach the Great Consummation?"

"correct! It must have been done by those two Fengtian sect disciples together! Damn it! Damn it! The people at Fengtianmen must have noticed something."

The cloaked man stamped his feet angrily.....

At the same time, in the sky above another star field.

Qin Feng looked at the inherited light group in his hand with a look of joy.

This is the inheritance of a middle-grade star master!

This is the second middle-grade star master inheritance he has received.

It turned out that the two mid-level star master inheritances that the cloaked man lost were all taken by Qin Feng alone.

It can be said that Qin Feng is the person who has gained the most in the Chaotic Star Territory.

At the moment, Qin Feng put away the inheritance light group and continued to search for treasures.....

At the same time, in another star field.

Emperor Feng also discovered a great opportunity.

She accidentally discovered a heritage temple.

That was actually the inheritance place of a middle-grade star master.

At this moment, she is undergoing the inheritance test in the main hall.

Not long after she participated in the test, the cloaked man in the forbidden area in the distance sensed it.

At this moment, the cloaked man looked at the jade talisman in his hand and smiled coldly.

"snort! Another thing that doesn't know how to live or die!"

The cloaked man waved his hand, and a golden puppet appeared.

"No. 5, go kill those who enter the inheritance land of Huorong Star Lord!"

The golden man puppet No. 5 nodded, turned around and stepped into the void.

When the golden man No. 5 left, a confident smile appeared on the cloaked man's face.

He had just calculated that the contestants who entered the inheritance place of the Huorong Star Lord would be cultivators. He is a top-level talent who dominates the late stage.

With such strength, in front of the No. 5 Golden Man Puppet, he can only be killed instantly. What's even better is that if the person who enters can be calculated by him, he will definitely die.

He can always lock on that person. position until she is silenced.

This kind of thing happened several times in these thirteen days.

Anyone who enters the inheritance of the middle-grade star master will be killed by him before they can obtain the inheritance.

He is the only one The one who couldn't be calculated was Qin Feng.

Every time Qin Feng entered a mid-level star master's inheritance place, when he noticed, Qin Feng passed the inheritance assessment and took away the inheritance.

He couldn't calculate Qin Feng's Relevant information, and the location after leaving.

But this time is different. The woman who accidentally discovered the inheritance will definitely die.

The cloaked man sat cross-legged, with a smile on his lips.

There was a jade talisman suspended in front of him.

This jade talisman Connected to the inheritance of the Huorong Star Lord.

He can sense the changes in the inheritance through this jade talisman.

The cloaked man closed his eyes slightly and waited quietly for Emperor Feng to be killed.

Time passed quickly.....

Half an hour later, the inheritance place of Huorong Star Lord.

Emperor Feng cultivates the fire element, which is in line with the inheritance requirements of this star master.

Coupled with her good understanding, she quickly passed the inheritance test.

At this moment, the spirit of inheritance looked at Feng Emperor with satisfaction.

"Little girl, I am very satisfied with your performance. I leave my legacy to you, and I hope you can carry it forward!"

"Thank you, senior!", Emperor Feng bowed respectfully.

The spirit of inheritance stroked his beard and smiled, and turned into dots of starlight, dissipating between heaven and earth.

At the same time, a group of inherited light fell from the sky.

Emperor Feng was delighted, and stretched out his hand to touch it.

But just At this moment, the space behind her suddenly cracked.

A puppet with golden light all over its body came out of the crack in the space and slashed at her back with a knife...

That knife penetrated the rainbow! The sword was so bright! It destroyed the world and destroyed the earth!

It was coming. The momentum actually reached 15,000!

"not good!"

Feng Di was horrified.

You must know that the combat power of Half-Step Star Lord Dzogchen is 10,000-20,000 Gai.

The guy who sneaked up from behind is obviously a strong person from Half-Step Star Lord Dzogchen.

Such a strong man can take action. Kill a high-level master instantly.

But it has not been a month yet, how come there are other half-step star masters in this chaotic star field?

Emperor Feng couldn't figure it out.

She didn't have time to think about it.

At that extremely critical moment, She held up the protective light shield without looking back.

The Divine Seal of Karma!

Activate at the same time!

Damage transfer!

Boom~!

A loud bang that destroyed the world!

The knife fell!

It hit the protective light shield!

But the light shield only trembled After a moment, it didn't break, and it couldn't even bounce Feng Emperor away, let alone kill him.

At this time, Golden Man Puppet No. 5 was stunned.

Even if it had low intelligence, it found it incredible.

It couldn't. Kill a master instantly.

At the same moment, somewhere in the starry sky hundreds of millions of miles away,

Qin Feng's body trembled slightly.

Just now, in the small universe, the shadow clone suffered a terrifying injury.

That level of injury , only half a step to perfection can be achieved.

The phantom clone easily resisted.

Qin Feng's expression changed.

The cause and effect damage was transferred!

Something must have happened to Yue'er!

With a thought in his mind, he made a reverse summons and disappeared in place.....

At the same time, in the land of inheritance.

The No. 5 golden man puppet failed in one blow, was stunned for a moment, and then took action again...

The sword light lit up!

Emitting thousands of meters of blade light!

But at this moment, Qin Feng appeared out of thin air.

Chaos Gold Body!

Combat strength instantly doubled!

Infinitely close to 20,000 Gai!

Open the divine seal! The sixteenth-level golden wheel of merit!

Start at the same time!

Qin Feng meets the golden man's respect with a punch!

Bang~!

Billions of spaces explode!

Qin Feng The fist blew away the golden puppet and left a fist mark on its chest.

"Huh! This is a golden puppet!"

Qin Feng was surprised and happy.

At this time, the golden puppet No. 5 struggled to get up.

Qin Feng waved his hand, and the phantom of the hell world appeared!

The sea of blood surged out, and the blood waves were excited, and all of a sudden wrapped around the five The golden man dragged it into the hell realm.....

Ha ha!!

Get a golden puppet!

Still a top level puppet!

Qin Feng was overjoyed.

This is definitely an unexpected bonus!

"Qin Feng!"

Emperor Feng was surprised and happy when he saw the man he loved coming, and his heart felt warm.

Sure enough, it is the hero who saves the beautiful, the easiest way to win the heart!

"Yue'er, go and get the inheritance!"

"Um!", Emperor Feng put away the inherited light group obediently.

"Qin Feng, this is the inheritance of the middle-grade star master!"

Emperor Feng shared the joy with his man.

Qin Feng's eyes lit up and he said happily: "Very good!"

Immediately, he said anxiously: "It's not suitable to stay here for a long time!" Let's retreat first!"

A puppet with half the strength of the Star Lord actually appeared here, and he vaguely sensed that something was wrong.

As soon as he finished speaking, he took Emperor Feng into the small universe.

The next second, he disappeared out of thin air..

Chapter 647

But on the other side, in that mysterious forbidden area.

The cloaked man narrowed his eyes slightly and stared at the jade talisman in front of him.

There is a small black dot in the center of the jade talisman.

That represents the person who broke into the inheritance place, that is, the Phoenix Emperor.

Suddenly, there was a golden light spot on the jade talisman

"The fifth is here!"

The cloaked man opened his eyes in surprise.

The golden light spot represented Golden Person No. 5.

The next second, the golden light spot approached the black spot.

Buzz~!

The jade symbol vibrated!

A dazzling spiritual light burst out!

It made people unable to see clearly. The appearance of the jade talisman.

This is Golden Man No. 5 taking action against Phoenix Emperor!

The jade talisman reacted automatically.

A confident smile appeared on the face of the cloaked man.

No. 5 took action, and the woman was dead!

The next second, the aura faded away.

The jade talisman appeared.

The man in the cloak took a closer look and was a little confused.

He saw that there were still black spots on the jade talisman.

"Why didn't you die?!"

The cloaked man's face was full of doubts.

Logically speaking, after Golden Man No. 5 took action, the black spot should have disappeared...

He had already deduced that the black spot was a female elemental with a high-level cultivation in the late stage of domination.

As long as No. 5 takes action, she will be killed instantly

"Could it be that No. 5's attack was off target?"

The cloaked man guessed that at this moment, the jade talisman vibrated again, bursting out with a dazzling aura...

No. 5 took action again...

Buzz~!

The aura faded again...

The cloaked man couldn't wait to look at the jade talisman.....

The next second, he became even more confused and his mouth opened wide.

In the jade talisman, the black dots are still there, but the golden light spots are gone, and there is an extra white dot in the field.....

Golden Man No. 5 is missing?

And who is that white spot?

Before he could react, the jade talisman shattered with a click, and all induction was cut off.

He is no longer aware of the situation in the inheritance land.

"Damn it!"

The cloaked man suddenly stood up, furious.

Mom!

Another mid-level Star Lord inheritance has been lost.

Now there are only fourteen left!

That's right!

It must be that white dot!

I want to find out , kill him!

The man in the cloak waved his hand, and the sixty-hexagram formation diagram appeared in front of him...

Heavenly stems and earthly branches, Qimen escape!

Liujia returned, looking for regulations!

He made secrets with both hands, and kept arranging the derivation formation.

Poof~!

The formation Half-way arranged, it will automatically collapse!

There is no way to deduce it!

The face of the cloaked man changed slightly.

"This white spot must be someone from Fengtianmen! There must be a destiny treasure in this guy!"

The cloaked man's gums were itching with hatred.

A master-level disciple of the Fengtian Sect definitely doesn't have such a high level of ability to shield the sky. He must rely on the help of treasures.

"no! We can't just let it go this time!"

He has been defeated by a junior three times in a row.

This time, he is going to fight back.

This is a matter of his face.

"correct!"

The cloaked man's eyes lit up and he showed joy.

The white dot is from the Fengtian Sect, and he couldn't deduce his whereabouts.

But that's not the black dot!

The white dot will save the black dot. The two must have a close relationship and should be together.

As long as he keeps locking the position of the black spot, he can find the white spot!

By then, if he kills the white spot, he will be able to give Fengtianmen a heavy blow.

There will be one less person to hinder him.

The cloaked man The more he thought about it, the more excited he became. When he waved his hand, the sixty-four hexagrams appeared, and the six hexagrams were connected. He asked back and forth...

He arranged the derivation formation again.

Poof~!

Halfway through the formation, it automatically collapsed again!

This time, even the black dots His whereabouts can no longer be deduced!

The cloaked man is confused!

What is going on?

It turns out that Qin Feng took Feng Emperor into the small universe.

The small universe is integrated with twelve earthly branches and divine flags, which can isolate all inferences and explorations.

Naturally, the cloaked man could not deduce the whereabouts of Emperor Feng.

At this moment, all the clues were lost.

"Damn it! Why can't you figure out the location of that female cultivator? Could it be possible that they are not in the same group? That woman was killed by people from Fengtianmen?"

The cloaked man was thinking wildly.

The more he thought about it, the more he felt that this was the case, but his mood became worse and worse.

In this way, he could not find out the whereabouts of the Fengtian Clan man again.

This time, Fengtian Clan was really generous!

So precious The treasure of destiny, they are also willing to reward it to the master-level disciples

"Is there no other way? By the way, isn't the Golden Man No. 5 puppet present? It cannot easily let go of the people on the scene! It should be hunting!"

The cloaked man's eyes lit up, and he quickly made a secret and used the control method to sense.

But after a moment, he frowned.

He couldn't contact No. 5.

This situation is not good!

The cloaked man suddenly felt uneasy and couldn't help but The ground was pacing back and forth.

What's going on?

This chaotic star field seems to be out of control.

"no! I want to check the location of No. 5!"

The cloaked man waved his hand, and a three-dimensional starry sky map appeared in front of him.

He wanted to find the location of No. 5 from the map through contract induction.

The map appeared, and he pinched the seals repeatedly to strengthen the induction.

But only four lights lit up on the map. The golden light spots are the golden puppets No. 1 to 4.

There is no trace of the golden man No. 5!

The cloaked man frowned.

How is this possible?

Although the golden man No. 5 is the weakest, he still has a combat power of 15,000. , they are not weak in the half-step Star Master Consummation. (10,000 Gai = 10,000,000 Jing)

Who in this star field can trap it?

Not even the two Fengtian Sect members can do it

"Damn it! Isn't it trapped by some formation?"

As soon as this thought came up, the cloaked man was shaken all over, and there was a soft sound in his body, as if some kind of bond was shattered.

He couldn't help but groaned, and a trace of blood flowed from the corner of his mouth.

The next second, there was a sound in the forbidden area. Roaring with great rage

"who?! Who took away my puppet! Wow~! "

The cloaked man was so angry that he wanted to vomit blood.

Just now, someone destroyed the contract between him and Golden Man No. 5.

This made him unbelievable!

If he wanted to destroy the contract between him and the golden man, even a high-ranking star master would find it difficult to do so.

Unless that person has mastered the Divine Seal of Faith!

Belief in the divine seal, that is the supreme divine seal, ranking very high.

In this universe, apart from God, few people seem to be able to control it!

Could it be that someone in this chaotic star field has mastered the Seal of Faith?

The cloaked man couldn't believe it.

However, he wasn't in much mood to think about it.

This time, he not only lost a middle-grade star master inheritance, but also a golden puppet.

Without a puppet, he was missing a minion, which greatly hindered his plan.

The cloaked man was filled with grief and anger.....

At the same time, in Qin Feng's small universe.

A few minutes have passed outside, but an hour or two has passed here. At this moment, above the hell world, Qin Feng looked at the No. 5 golden man in front of him with a look of joy.

He saw Golden Man No. 5 half-kneeling in front of him, with an extremely pious expression.

Around the No. 5 golden man, there are seven golden puppets standing

"Get up!", Qin Feng said with a smile.

Golden Man No. 5 nodded respectfully and stood up immediately

"Wow! Qin Feng, are you really successful?"

Feng Di's disbelieving voice sounded from behind.

This golden puppet is a half-step star master level existence.

Qin Feng can actually subdue him.

She was worried that Qin Feng wouldn't be able to subdue him before.

"I have mastered the Divine Seal of Faith, which is the supreme true meaning of the contract series. It is not difficult to conquer it, not to mention there are seven golden men to help me!"

Qin Feng held her slender waist and gently pulled her into his arms, feeling her softness and fragrance.

Emperor Feng raised his head, his beautiful eyes were full of love, and his heart was sweet and happy.

His man is really perfect in every aspect. Very strong

"Qin Feng!", Emperor Feng said coquettishly, "Let's go out to hunt for treasures again, maybe we can find the other four golden men. In this case, you will have all the twelve golden people you want....."

Qin Feng looked at her cute appearance and felt happy in his heart.

He just got a half-step star master level puppet and he was in a good mood.

"You don't need to go out, just stay in the small universe to refine and inherit!"

"Why?"

"There are only seventeen days left for outside treasure hunting. We have to plan for the future. After you refine this mid-level star master inheritance, your strength should improve greatly. Seventeen days later, we will be confident about those low-grade star masters"

"oh! All right!", Feng Di obediently agreed.

In fact, Feng Di staying in the small universe can isolate the cloaked man from the exploration.

This is a good thing for her.

"Qin Feng, these are for you!"

Feng Di waved his hand, and hundreds of Zhongtian Crystals flew towards Qin Feng.

These days, she has gained a lot.

In addition to getting the inheritance of this middle-grade star master, she also harvested hundreds of Zhongtian Crystals.

Next, she will try her best to refine In order to inherit the cultural heritage, Zhongtian Crystal is not needed for the time being, so it is better to improve Qin Feng's strength first.

Qin Feng did not pretend to be pretentious and put it away casually.

"Qin Feng, I'm going to retreat!"

"Um!"

The next second, Emperor Feng left and returned to Zhongji Star...

Qin Feng waved his hand, and more than three thousand Zhongtian crystals appeared in front of him.

This was his harvest these days.

He opened his mouth and sucked them all in.....

"Ding! Devouring Zhongtian Crystal Successfully.....Congratulations to the host for breaking through to the half-step high-level Dzogchen (cosmic level), and the combat power has been increased to 15,000 Gai....."

"not bad!"

Qin Feng happily Open your eyes.

Another easy breakthrough!

With his current strength, he can sweep through half-step Star Lords.

As for the lower-grade star masters, they are still a little worse.

The initial combat strength of a low-grade Star Lord is 200,000-500,000 Gai.

This difference is not small!

However, Qin Feng still has two middle-grade star master inheritances in hand.

If he swallowed it in one breath, his cultivation would definitely skyrocket.

However, Qin Feng planned to hold off on devouring it.

According to the information previously given by Ziwei Star Master, there are a total of 17 mid-level star masters in this chaotic star field.

He wanted to ensure that Chu Chu and others had the inheritance of middle-grade star masters, and then gobble up the excess inheritance of middle-grade star masters.

Thinking of this, Qin Feng took a step forward and left the small universe.

He wants to continue his treasure hunt.

After his strength improved, his confidence greatly increased.

In fact, he still had a feeling.

All this is just the beginning.....

At the same time, in another star field.

A handsome bald young man appeared in the sky above a deserted planet.

This young man is Sakyamuni.

At this moment, he was holding the seal in his hand, and ten Heavenly Stem Divine Flags were suspended around him.

After a moment, the ten heavenly stem divine flags shot out ten divine lights, directly hitting a mountain peak below.

Boom~!

The mountain peak exploded, and the upper half of it was blown away, but a mysterious entrance was revealed.

"found it!"

Sakyamuni looked surprised.

He had deduced tens of thousands of times in the past few days before deducing that there was a middle-grade star master's inheritance nearby.

He finally found this inheritance, which is the mysterious entrance in front of him.

The middle-grade star master's inheritance!

Sakyamuni's heart was moved!

He ducked and got into the entrance

When Sakyamuni entered the place of inheritance, the cloaked man in the mysterious forbidden area sensed it.

He took out a jade talisman, stared at the white dots on it, and frowned.

"Damn it! A middle-grade star master had just been lost, and another Fengtian sect disciple came. This time, one of them must be killed! Number four!"

As soon as he finished speaking, Golden Man No. 4 came out of the sky.

"Go to the inheritance place of the Star Lord and kill the intruders!"

Golden Man No. 4 nodded, turned around and disappeared.

The cloaked man waved again, and a map of the starry sky appeared in front of him.

After reading the map, he frowned.

The inheritance of the Star Lord is too far away from his forbidden area.

Gold No. 4 It will take at least half an hour for the people to arrive!

By the time the golden people arrive, it may be too late

"By the way, those twelve people should have come in too!"

As soon as the man in the cloak made a seal, twelve red dots appeared in the starry sky map.

When he saw the positions of the red dots, the man in the cloak was overjoyed.

The positions of the twelve people were near the place of inheritance.

He quickly took out the communication Jade Talisman, send a message to the outside world.....

At the same time, it was near the inheritance place of the Star Lord.

On a broken planet, twelve masters are gathering together.

There was joy on their faces.

This time, they had a good harvest.

If you look closely, you will find that eleven of these twelve people are wearing starry sky battle armor.

Only one old man with a hooked nose did not have a battle armor.

If Qin Feng were here, he would definitely recognize that the hook-nosed old man was very similar to Patriarch Wutian.

In fact, the old man with the hooked nose is the starry sky clan and the master of the White Palace.

These twelve people are the palace owners of the twelve star palaces of the Starry Sky Beast Clan.

At this moment, twelve people received the summons at the same time.

Everyone quickly took out the communication talisman and took a look, showing surprise.

After a moment, the Scorpio Palace Master whispered:"Everyone, the master's master has given the order, let's take action!"

"Um!"

Everyone nodded.

The master they mentioned was the Lord of the Starry Sky Beast Clan, also known as the Lord of the Starry Sky.

The man in the cloak was actually the owner of the Lord of the Starry Sky.

At that moment, the twelve people hurriedly put away their tokens and flew towards the place of inheritance. The place was very close to them.

A quarter of an hour later, the twelve people entered the inheritance place.

Not long after, fierce fighting sounds could be heard in the inheritance place.

At this moment, Qin Feng, who was hunting for treasure in the distance, suddenly turned his head to look in the direction of the place of inheritance.

The scanning range of his consciousness was hundreds of times that of other players.

At this moment, he sensed a violent energy fluctuation coming from that direction.

The power was no less than half The main level of Bu Xing.

This is not an ordinary contest between players! There should be something good in that direction.

Qin Feng hurried towards the place of inheritance..

Chapter 648

But on the other side, a fierce battle is taking place in the place of inheritance.

The starry sky clan and the masters of the twelve major star palaces joined forces to form a starry sky formation, forming a starry sky giant.

This is a formation created by simulating the fusion of twelve golden people and merging Panzu's puppet.

The twelve people originally relied on the Starry Sky Battle Armor to communicate with each other.

It's just that the Aries Palace Master's armor is missing, and he is wearing a replacement, the quality of which is more than one grade worse.

Therefore, the starry sky giant condensed by the twelve of them has great flaws, and its combat power cannot reach its peak.

But even so, the starry sky giant has reached the strength of the half-step star master and suppressed Shakyra.

After all, Sakyamuni's overall strength is only half of the early stage of Star Lord.

"Where did these twelve guys come from?"

Sakyamuni became more and more anxious as he fought.

These twelve guys joined forces and the starry sky giant they transformed into was too powerful.

If he hadn't used the Heavenly Stem Divine Flag to exert some of the effects of the Divine Seal of Destiny, he would have been no match at all.

One of the magical uses of the Divine Seal of Destiny That is: being able to predict the opponent's attack target and instantly find the opponent's flaws.

In this way, he can achieve greater results at a small cost and achieve twice the result with half the effort.

In the blink of an eye, the two sides fought hundreds of face-to-face encounters.

The battle has entered a fever pitch!

No one can do anything to anyone!

This frightened the Starry Sky Orcs.

Normally, it would be easy for a half-step star lord to defeat the early stage half-step star lord in the mid-term.

But this guy in front of them was clearly an early-stage half-step star lord, but they couldn't. He can't be defeated, so he can only suppress it.

This bald young man is not simple!

"Everyone, what is the origin of this bald head?"

The twin lords at the head of the twelve zodiac signs were very shocked.

"I don't know, this guy has a few tricks up his sleeve. It's obviously not as strong as ours if we join forces, but it can last for so long, it's hard to deal with!", the Lord of Taurus echoed

"Ah! Folks, we just have to hang on to him. As soon as the reinforcements arrive, he will be dead!", the Lord Scorpio laughed coldly.

"Scorpio is right! If you can't catch him, just trap him!"

The palace masters echoed.

When the Xinggong clan was transmitting the message privately, Sakyamuni was extremely anxious.

He had previously deduced good and bad luck, and he must take away the inheritance within half an hour.

Otherwise, he would encounter a catastrophe.

Now it has been Twenty-three minutes have passed and he has made no progress.

If this continues, the situation will not be good!

"what to do? Do I have to give up?"

Sakyamuni looked at the inheritance altar in front of him unwillingly.

The inheritance was right in front of him, but he was entangled.....

"Only 7 minutes left....."

Shakya was very worried.

At this moment, he suddenly felt a strong feeling of palpitations.

Sakyamuni's expression changed drastically, he turned around and ran away.

No more 7 minutes!

My life is at stake!

The palpitating feeling just now was a sign of danger coming.

Another wonderful use of the Divine Seal of Destiny is to predict danger and seek good fortune and avoid misfortune.

In the blink of an eye, Sakyamuni rushed out of the inheritance place.

The Starry Sky Clan is so confused.

"Why did that kid escape?"

"Not sure!"

"No matter so much! Whose orders are there to either capture this bald man alive or kill him! Let's go after it!"

"What about this inheritance?"

Some people are greedy.

The twin mistresses sneered: "Your Majesty's orders are the most important. Even the master doesn't dare to disobey them. What do you want to do?!"

The Master of the Twin Palaces is the leader of the crowd.

When he said this, everyone was solemn and did not dare to say anything.

"Without further ado, let's chase!"

As soon as he finished speaking, everyone chased him out.....

Not long after everyone left, a golden puppet split open the space and appeared in the inheritance place.

It raises its head and looks around, and the inheritance is still there.

At this moment, it received the order from the cloaked man and immediately went out to assist the Xingkong clan in hunting down Sakya.....

At the same time, within the mysterious forbidden area.

The cloaked man watched as the white, red, and gold dots on the jade talisman all disappeared.

He breathed a sigh of relief.

The inheritance of Yushou has been saved!

Not only that, the Fengtianmen disciples who just broke in should be targeted by the Xingkong clan.
.....

As long as they don't lose track of the target, when Golden Man No. 4 catches up with the target, they can eliminate a major hidden danger and at the same time bring back the rare treasure from Fengtian Gate.

The cloaked man became more and more proud as he thought about it, and happily put away the jade talisman.

It's just that he didn't notice it at the moment he put away the jade talisman.

There was another white dot quietly added to the jade talisman.

That's when Qin Feng arrived.

The cloaked man didn't think much and waved his hand to summon the starry sky map.

I saw only one corner of the star map, twelve red dots flying towards one in pursuit.

Behind the twelve red dots, there is a golden dot chasing after them.

That golden point is obviously faster!

The cloaked man smiled.

These are all his people, Jin Dian is Puppet No. 4.

As for the Sakyamuni they were chasing, they could not be seen on the map.

However, looking at the moving speed of the red dot and gold dot is very smooth, it means that the target is locked...

According to this situation, the target will be captured alive sooner or later.

The cloaked man smiled.

But within seconds, his expression changed drastically, and he quickly summoned nine jade talismans.

I saw black spots appearing on all the nine jade talismans.

Some have one black spot, some have two or three black spots, and some have more than a dozen black spots.

"how so?!"

The cloaked man was furious.

The situation seemed to be out of control!

This time, there were nine inheritance places of middle-grade star masters exposed.

Why is it such a coincidence?

Nine inheritance places were exposed, and he couldn't control it at all.

He can now Of the mobilized power, there are only three golden puppets left.

Do you want to mobilize No. 4 and the Xingkong clan?

The cloaked man looked at the red and gold dots on the map and hesitated.

If he mobilized, this Fengtian sect member would Will escape.

If not transferred, several mid-level star masters' inheritance will be lost.

But at this moment, the mutation reappeared.

The face of the cloaked man changed drastically again.

The next second, he took out another jade talisman.

Then It was the jade talisman that belonged to the place where Piao Shou inherited it.

But as soon as the jade talisman came out, it broke with a click.

The Piao Shou inheritance was actually snatched away.....

"Damn it! Who is this?"

The cloaked man yelled angrily.

He quickly pointed his fingers to deduce, but couldn't deduce anything.....

"It must have been done by another Fengtian sect member! Otherwise, nothing can be deduced. It seems that if I don't get rid of the Fengtianmen disciples, I will have no peace. In this case, let's get rid of the Fengtianmen first!"

The cloaked man's expression gradually became cold, and he regained his composure.

The next second, he waved, and the space in front of him fluctuated, and three golden puppets appeared one after another.

"No. 1, No. 2, and No. 3, go and assist No. 4 and capture that Fengtianmen member alive!"

The man in the cloak pointed at the map.

The three golden figures understood and quickly took the order and left.

At this moment, the man in the cloak concentrated all his strength to capture Sakyamuni alive.

According to his idea, he would capture one Fengtian sect member first, and then find another one. It would be even easier.

As for the inheritance places of the nine mid-level star masters...

The cloaked star master looked at the nine jade talismans in the air...

There were dozens of black spots in each jade talisman.

Obviously, every There are many people fighting for every inheritance place

"snort! Let these people fight for it! When I catch that Fengtian sect member, I will deal with you!"

The corners of the cloaked man's mouth turned up, showing disdain.

How can it be so easy to obtain the inheritance of a mid-level star master?

In this chaotic star field, except for the two Fengtian sect members, there should be no half-step star master level masters.

The remaining ones Players, the ones with the highest strength are the top-level masters of Dzogchen.

With such strength, it will definitely take a lot of time to obtain the inheritance of a mid-level star master.

The cloaked man is confident that if he loses one or two inheritances at most, he will be free.....

At the same time, somewhere in the star field.

Shakya ran away desperately, and the pursuers behind him were also chasing after him.

What frightened him even more was that there was a golden light in the distance, chasing after him very quickly.

The closer the golden light got, the stronger his heart palpitations became.

"Sure enough there is a problem! It's just that I activated all the suspicious places, why didn't these guys stop it?"

The more Sakyamuni thought about it, the more uneasy he became.

It turned out that the inheritance places of the nine middle-grade star masters were suddenly exposed together, and it was all Sakyamuni's fault.

In the past ten days, he had deduced dozens of places, all of which might be... The inheritance place of the middle-grade star master.

In the end, he chose the place of inheritance.

He had the greatest certainty about this inheritance.

But he didn't expect that as soon as he was about to get the inheritance, twelve guys came out to stop it.

Then, he foresaw the danger. , escaped early.

What surprised him was that the twelve guys chased after him directly and did not grab the inheritance.

This behavior was too weird!

Sakyamuni specializes in destiny!

He intuitively felt that there was someone behind this chaotic star field!

He was afraid that someone specifically prevented others from obtaining the inheritance of the middle-grade star master.

For example, the pursuers behind him.

In order to survive, he used secret techniques to deduce dozens of places that might have the inheritance of the middle-grade star master. There were some strange phenomena in the world.

Unexpectedly, the inheritance places of nine middle-grade star masters were exposed at once, and attracted tens of thousands of players from all around to grab the inheritance.

After doing all this, Sakyamuni felt proud. , secretly thinking that his plan to encircle Wei and rescue Zhao was successful.

The people behind the scenes would definitely be eager to stop people from snatching the inheritance, and would not pursue him anymore.

But unexpectedly, as soon as he had this idea, the feeling of throbbing in his heart became stronger.

Danger. It got worse.....

At the same time, over another star field.

Qin Feng was in a very happy mood.

He had just received the inheritance from the Star Lord.

In this way, he received the inheritance of four middle-grade star masters, and one of them, the Phoenix Emperor, was refining.

At this point, there are still thirteen middle-grade star master inheritances left in this star field.

"I wonder if the remaining thirteen inheritances have been taken away?"

Qin Feng was a little unfinished.

At this moment, information came through his communication.

Qin Feng quickly took out the communication talisman and looked at it, and he was overjoyed.

It turned out that there were five people: Chu Chu, Baobao, Yu Qilin, Zi Xing, and Bai Qi. They sent messages together.

They all found a place where the middle-grade star master inherited the inheritance.

But there were too many masters competing for it, and they couldn't take advantage at all, so they asked for his help.

Qin Feng smiled.

Five places , that is, the inheritance of five middle-grade star masters!

He finally had extra inheritance to devour.

But at this moment, another message came.

Qin Feng picked it up and took a look.

This time it was from Luo Li.

They were mining on a planet, and a huge inheritance temple appeared near the planet. At this moment, thousands of masters were flying towards the inheritance temple.

According to Luo Li's description, that temple was also A place where mid-level star masters inherit.

Now, Luo Li asked Qin Feng for instructions.

Would she like to take someone in to take a look?

Qin Feng quickly sent a message and asked her to stay where she is, as long as she stays near the inheritance temple.

After all, Luo Li's The cultivation level is too low, and it is dangerous to go in.

Although he has arranged the strongest puppet No. 4 to guard Luo Li, he is still worried. After

Qin Feng finished giving Luo Li orders, the White Tiger Emperor also sent a message.

They were mining The planet of spiritual grass emerged, and a huge holy land suddenly appeared.

At this moment, hundreds of players were flocking to the holy land.

According to the description of the scene, it was also a place where the mid-level star master inherited.

Qin Feng was finally moved.

In just a short while, he got the location of the inheritance places of seven middle-grade star masters.

This seemed to be the first big explosion in the chaotic star field.

It seemed that they must seize the time to snatch away all seven inheritances..

Qin Feng thought, and the phantom clone appeared.

Reverse summoning was performed!

One person and one clone disappeared at the same time..

Chapter 649

At the same time, somewhere in the star field.

In a huge inheritance temple, thousands of people have gathered densely.

In the corner, Qin Baobao looked left and right with a cute expression.

There are two high-ranking masters of Dzogchen among this group of people, and a dozen or so high-ranking masters of the later stages. There are quite a few competitors!

Her cultivation is at the late stage of high-grade domination, so she has no obvious advantage here!

Thinking of this, the baby was a little anxious.

She is very fond of this mid-level star master inheritance.

"Look at the little girl over there. She is only six or seven years old. She is actually in the late stage of a high-grade ruler."

"Huh! It really is!"

There was a commotion in the crowd.

Everyone looked at Qin Baobao involuntarily and felt surprised.

In front of the crowd, an old man with white hair showed worry in his eyes after seeing Qin Baobao.

"Brother Meng, have you seen it? That little girl looks like she is only seven or eight years old, and she is in the late stage of a high-grade ruler. This talent and understanding are unimaginable! I'm just afraid of this inheritance..."

The white-haired old man sent a message to a man in black not far away.

The cultivation of this white-haired old man is the highest level of mastery, Dzogchen, coming from the heavenly realm.

The man in black is also a top-level master of Dzogchen. His name is Meng He and he comes from the Demon Realm.

The two of them are the ones with the highest cultivation level in the audience, and they are also the candidates with the best chance of seizing the inheritance.

After hearing the message, Meng He glanced at Qin Baobao, with a look of jealousy and some worry on his cold face.

This little girl has extraordinary potential at first glance and is a great threat to him in seizing the inheritance.

"Brother He, what do you mean?"

Meng He called to the white-haired old man.

The white-haired old man smiled coldly: "Brother Meng, the fewer competitors in this inheritance, the better. Why don't we drive this little girl away!"

Meng He's eyes lit up: "What if she doesn't want to leave?"

"Just kill her!"

"good! Meng

He looked directly at Qin Baobao: "Little girl, who allowed you to come here?"

As soon as these words came out, the whole audience was stunned.

What does this mean?

Everyone is here to grab the inheritance.

Does anyone else need permission first?

"what do you mean?", the baby looked at Meng He cutely, confused.

"I mean, no children are allowed in this place!", Meng He showed a playful smile.

Baobao frowned: "Who stipulated it?"

"I!", Meng He mocked

"And I!" The white-haired old man also walked out of the crowd.

The whole place was in an uproar.

At this time, everyone understood.

Meng He and the white-haired old man wanted to drive the baby away to reduce the number of competitors for the inheritance.

This is a bit shameless!

However, No one in the audience spoke for Qin Baobao. Instead, they all looked gloating.

Baobao was indeed too good!

These people also hoped that Baobao would be driven away.

At this moment, Qin Baobao also figured it out.

She puffed up angrily. small mouth

"This is not your home, why can't I come?!"

"So you don't want to leave?!", Meng He looked cold.

"Little girl, if you don't want to leave, then don't blame us for being rude!", the white-haired old man was also full of murderous intent.

The two made it clear that if Qin Baobao didn't leave, they would take action.

At the same time, people around him started to cheer.

"Little girl, hurry up and go! This is not where a kid like you should come!"

"that is! If you don't leave, why are you still here?"

"hehe!! This girl is really not afraid of death! If Brother Meng and Brother He take action, you won't be able to leave even if you want to!"

The people around were mocking.

He wanted to drive the baby away.

The threat of this little girl was too great. For a time, the baby was criticized by many people. Almost everyone in the audience was talking about her and asking her to leave quickly.

Some even wanted her to leave. Face, relying on the strength of the crowd, she screamed and told the baby to get out.

The baby had always been pampered by Qin Feng, and she had seen such a scene.

For a moment, she was so frightened that she almost cried, and tears welled up in her big eyes.

"What's wrong with bullying a little girl? Do you really think that our Star Alliance has no one?"

A roar broke out in the crowd.

Then, seven figures rushed out of the crowd, walked to the baby, and stood side by side with her.

The leader was a black-bearded strong man, who turned out to be Kui Yan of Shenfu

Star, who dominates Shenfu Star. Ranked third among the super elites, his cultivation is at the peak of the late stage of high-grade domination.

Behind him, there are six people, all elites from the Divine Auxiliary Star.

At this moment, he faced Meng He and the white-haired old man with an angry look on his face. The baby saw the helper, and his young heart calmed down a little.

"Ouch! It turns out that this little girl is from the Star Alliance!"

Meng He joked with a smile, with a frivolous look on his face. He didn't take Kuiyan's seven people seriously at all.

None of these seven guys are top-level masters of Dzogchen, so there is nothing to worry about.

Besides, he has other people here. a white-haired old man

"You bad people! My dad will come and beat you up soon!"

The baby said angrily

"Ha ha!! She is indeed a little baby! At this point, you were still thinking about your dad. OK! You call your dad over and see if I can beat him?!"

Meng He laughed wantonly.

Everyone around him also burst into laughter, as if they heard a big joke.

The white-haired old man couldn't help but smile.

But the seven people in Kuiyan looked weird.

This Meng He really doesn't know how to live or die!

He dared to talk about beating Emperor Qin.

At this moment, the baby was so angry that she was about to explode. Her father was her idol.

She would not allow anyone to insult her father!

She was about to have an attack...

At this moment, there was a space above her head. Fluctuating, an unparalleled handsome young man in white appeared.

Qin Feng appeared!

"dad!!", the baby cheered in surprise

"It's Lord Qin!"

The seven people in Kuiyan looked respectful.

"dad?!"

The whole audience looked at Qin Feng curiously.

Meng He also looked over curiously.

The next second, he smiled

"Ha ha!! Little girl, is this your father? I thought he was some kind of master, but it turned out to be just a half-step high-level master! He is not as good as you! Meng

He mocked triumphantly.

The white-haired old man shook his head with a smile.

The surroundings burst into laughter again.

This time, even the God Emperors showed mockery.

People just like to follow the trend. When they see a party with more people, they will follow that party. , I felt like I was the winner.

This is a very strange human nature!

Qin Feng frowned.

He felt that the atmosphere in the audience was very strange.

The tone of the man in black made him unhappy!

"dad! They bullied me!"

The baby's big eyes were red, and tears were rolling down his face.

Qin Feng suddenly exploded!

Someone dared to bully his daughter

"Baby, what's going on?", Qin Feng suppressed his anger

"Dad, that's it....", the baby was about to explain.

Fluctuations surged in the sky above the hall, and a wave of divine power descended from the sky, covering the entire place.

Everyone was startled and raised their heads.

Then he saw the spirit of inheritance appear, his whole body exuding a dazzling spiritual light.

Looking at the aura of the spirit of inheritance, it suddenly reached half-step of Star Lord perfection.

The whole audience was in awe.

The air suddenly became solid.

Everyone looked at the spirit of inheritance with great awe.

This spirit of inheritance is too strong.

The half-step star master achieves great perfection!

Killing them instantly is easy!

Even the top-level masters of Dzogchen are no exception!

At this moment, Meng He and the white-haired old man became extremely respectful, not even daring to breathe.

The spirit of inheritance looked down at the audience with a proud expression.

He was very satisfied to see everyone's expressions of awe.

But at this moment, the inheritance spirit saw Qin Feng and Bao Bao talking.

He was completely indifferent to its appearance.

The spirit of inheritance frowned: "You two either shut up! Or get out of the inheritance hall! If you disrespect me, you are not qualified to inherit the inheritance!"

The spirit of inheritance was extremely arrogant.

As soon as he finished speaking, he exuded the power of heaven and pressed directly towards Qin Feng and his daughter.

All the players looked like they were watching the show.

Everyone looked at Qin Feng and his daughter with gloating eyes.

These two guys really have no eyesight!

This is just great!

They were reprimanded in public by the spirit of inheritance.

Let's see how the two of them step down?

Most likely it would be a loss of face.

In the crowd, Meng He and the white-haired old man looked at each other and smiled, with playful expressions on their faces.

"What did you say?!"Qin Feng turned to look at the spirit of inheritance.

The anger in his heart was rising, and the aura on his body was getting colder.

This spirit of inheritance was so arrogant.

The spirit of inheritance frowned.

It felt that something was wrong with Qin Feng's tone.

But it It was soon discovered that Qin Feng was just a half-step high-level master, not worth mentioning.

At that moment, he said proudly:"You guy who doesn't understand the rules! Get out of here!"

Boom~!

Qin Feng suddenly took action.

He punched directly at the spirit of inheritance!

Everyone was shocked!

Is this kid crazy?

He actually attacked the spirit of inheritance.

That is a half-step star master at the Great Perfection level!

The expressions of the seven people in Kuiyan also changed greatly. They secretly exclaimed,"No!

Emperor Qin is too impulsive!

In their opinion, Qin Feng is only half the strength of the mid-stage Star Lord, and is not a match for the Spirit of Inheritance.

Such impulsiveness, Qin Feng There is danger!

The spirit of inheritance also looked disdainful.

In just a moment, Qin Feng's attack arrived.

At that moment, the Chaos Golden Body opened!

Qin Feng's combat power surged to 30,000!

Buzz~!

Ten The six-fold golden wheel is activated!

The Divine Seal of Kaitian is activated!

The two phases are superimposed!

The attack is increased twenty-six times!

"wrong!"

The expression of the spirit of inheritance changed greatly.

It was horrified to find that Qin Feng's attack power far exceeded the scope of the half-step star master.

But before it could react,

Qin Feng's attack fell.....

A loud noise!

The world has changed!

Endless light shines throughout the world!

Qin Feng exploded the spirit of inheritance with one punch.

The shrill screams echoed over the hall.....

The whole audience was dumbfounded!

Qin Feng actually killed the spirit of inheritance with one punch!

That is a half-step Star Lord Dzogchen level existence!

That is also an existence they cannot afford to offend.

But now, it was killed instantly by Qin Feng.

Everyone took a deep breath of cold air and looked at Qin Feng's back with great fear.

The atmosphere of the scene became depressing.

At this moment, the inheritance light group slowly fell from the sky, but no one dared to step forward to fight for it.

In fact, no one dared to breathe loudly for fear of offending Qin Feng.

Qin Feng ignored everyone.

He reached out to catch the inheritance light group and put it into the storage ring.

The inheritance of the middle-grade star master of this inheritance place has been obtained.

At this moment, the crowd behind him retreated quietly.

Meng He and the white-haired old man walked the fastest and arrived at the entrance of the hall in a blink of an eye.

They were completely scared!

Just now, The two of them made the most noise!

"Did I let you go?"

Qin Feng's voice sounded out of thin air.

Cold and ruthless!

The atmosphere in the hall froze instantly..

Chapter 650

"Did I let you go?"

Qin Feng's voice sounded out of thin air.

Cold and ruthless!

The atmosphere in the hall froze instantly.

Meng He and the white-haired old man froze, looking at Qin Feng with pale faces, actually trembling.

Others who wanted to leave, now I was also panicked and didn't know whether I should go out or not.

"Who dares to move even half a step! I destroyed him!"

Qin Feng's tone was cold.

The whole audience was stunned.

Everyone stood in place and did not dare to move.

Qin Feng looked down at everyone.

Wherever his eyes went, the players did not dare to look at each other. Some people lowered their heads in fear. Some people were so frightened that no one dared to move even half a step.

Even the seven people in Kui Yan felt inexplicably scared.

At this moment, the atmosphere in the audience was extremely depressing!

Finally, Qin Feng's eyes fell on the baby

"Baby, tell me!"

"Dad, they all bullied me just now....."

Qin Baobao quickly complained and began to describe what happened before.

She was only halfway through when Meng He fell to his knees with a thump.

"Sir, I was wrong! I am blind and blind, and I hit your daughter. I hope you will spare my life!"

Meng He wailed.

He was scared.

"Shut up!", Qin Feng frowned, "Is it your turn to speak!"

"yes! yes! Meng was wrong!"

At this moment, Meng He had a strong desire to survive.

The white-haired old man on the side was anxious.

Qin Feng ignored it and continued to listen to the baby's story.

After a while, he finished listening to the process.

Everyone in the audience was worried.

They had all been bullied before. Baby.

They are afraid that Qin Feng will settle the score

"Are you going to beat me up?", Qin Feng looked at Meng He

"No! No! Misunderstanding...misunderstanding! That's a misunderstanding!", Meng He was so frightened that he could not speak coherently.

Qin Feng sneered and looked at the white-haired old man again.

"Did you kick my daughter out before? If she doesn't come out, are you going to kill her?"

"No! No! Sir, it was just a misunderstanding!", the old man was also frightened and trembling.

"And you people have also bullied my daughter?", Qin Feng looked at the people around him mockingly

"Sir, that is a misunderstanding!"

The whole audience was terrified.

Qin Feng sneered:"Go to hell!"

As soon as these words were spoken, the expressions of the entire audience changed drastically.

Someone in the crowd exclaimed: "Sir, you can't kill people indiscriminately! Otherwise, your golden wheel of merit will disappear! Kui

Yan and others also exclaimed.

This is indeed a problem.

Although the Golden Wheel of Merit is easy to use, it cannot kill innocent people indiscriminately. Otherwise, cause and effect will accumulate, and karma and sin will accumulate, causing the Golden Wheel of Merit to decrease or even disappear.

But These persuasion were of no use!

Qin Feng still took action.

He had mastered the divine seal of cause and effect, so what karma and sins were he afraid of!

All the constraints on the golden wheel of merit had no effect on him.

In an instant, golden light burst out!

Billions of sword lights stimulated Shoot the whole field!

There were screams and screams!

In an instant, thousands of players were blasted to pieces, and the blood mist rolled all over the sky...

Before these people could struggle to resurrect!

Heaven and hell all appeared!

Countless blood mist was swallowed up by the hell world. Everything must be completely wiped out.

Thousands of true spirits were dissolved by the heaven world

, and nothing was left! The screams took a long time to dissipate. In the blink of an eye, thousands of players were completely wiped out!

Only seven people from Kuiyan were left alive in the field!

They Seven of them were so frightened that their legs were shaking.

The scene just now was too terrifying.

If it were a low-level star master, he could kill thousands of players in one blow, but he could not destroy the soul and true spirit so quickly.

But Qin Feng was at the extreme In a short period of time, thousands of souls and true spirits were killed, which was extremely terrifying.

At this time, Qin Feng took back the phantom of heaven and hell.

His momentum actually increased by one point, and his basic combat power increased to 16,000 Gai.

After devouring so many players, he completed some of his hell and paradise.

Qin Feng smiled with satisfaction.

He waved his hand, and more than a thousand storage rings flew to his hand.

These are his trophies.

This time The harvest is not small!

"dad!", the baby ran over happily.

Dad helped her vent her anger!

At this moment, she was in a good mood.

Qin Feng fondly touched his daughter's little head and took her into the small universe.

The next second, he looked up at Kui Yan Seven people

"I have met Mr. Qin Huang!"

The seven people in Kuiyan were frightened.

"These are for you!"

Qin Feng waved his hand, and dozens of storage rings flew towards the seven people.

"Sir, you are...."

The seven people in Kuiyan were terrified.

"This is my reward for thanking you for standing up for my daughter!"

"Sir, this is what we should do, after all, we are all members of the Star Alliance!"

Kui Yan said respectfully

"Take it! If you are in danger in the future, please contact me!"

With these words, Qin Feng disappeared out of thin air.

The seven people in Kuiyan looked at the place where Qin Feng disappeared, and were amazed and happy.

The last words of Lord Qin Huang made them very happy.

This means that Qin Feng is willing Accept their favor.

Speaking of which, Qin Feng gave them so many storage rings, which surprised them.

It can be seen that Lord Qin Huang is a person with clear grudges.

At this moment, the seven people recognized Qin Feng , rising to a very high level

"Lord Qin Huang has become stronger again!"

"yes! Lord Qin Huang is my role model!"

Everyone in Kui Yan showed admiration.....

At the same time, in another inheritance temple.

The phantom clone is suspended in mid-air.

Luo Li stood behind him.

There was blood all around, the fishy smell was floating around, and the ground was full of pits.

Just now, the phantom clone slaughtered nearly a thousand players.

He and Luo Li were the only ones left in the audience.

The phantom clone is the extension of Qin Feng's body.

Everything here is under Qin Feng's control.

At this moment, the inheritance light group descended from the sky.

The phantom clone waved, put away the inheritance, and recalled Luo Li back to the small universe.

Another inheritance is in hand!

The next second, the phantom clone disappeared out of thin air.

He is going to grab a legacy.

At the same time, there is another place of inheritance.

Qin Feng is massacring thousands of players....

Chu Chu just stood aside and stared dumbfounded.

At this moment, Qin Feng finallyA killing spree..
