

## God level 651

### Chapter 651

But he said that on the other side, outside the boundary of the Chaotic Star Territory.

Beside the Heavenly Monument of Cause and Effect, hundreds of star masters gathered there.

They had been waiting anxiously for thirteen days.

In seventeen more days, they can go in

"Thirteen days have passed. I wonder how many of those mid-level star master inheritances have been discovered?"

In the crowd, some Star Lords murmured, with a somewhat anxious tone.

These Star Lords are all low-grade and half-step Star Lords.

They are not very interested in the inheritance of low-grade Star Lords, but are extremely concerned about the inheritance of mid-grade and high-grade Star Lords.

It's just that it's extremely difficult to inherit a high-grade star master, so most people's goal is to focus on mid-grade

"hehe!! Brother Wei, what are you in a hurry for? The higher the level of inheritance, the higher the degree of concealment. Based on those masters, I'm afraid I won't be able to find two or three within a month."

"yes! Brother Wei, don't worry! There are seventeen middle-grade star masters in the chaotic star field. When we enter, there will be at least twelve or three left. Those masters are not worth mentioning!"

As soon as these words were said, the star masters laughed loudly, and the atmosphere was very relaxed.

To be honest, they really didn't take those masters seriously.

The forces of all parties did not regard the masters as their main force.

The main task of the masters was to harvest Low-grade star masters inherit and exploit many resources.

As for the inheritance of mid-grade and above, it depends on these half-step star masters and low-grade star masters.

They are the real main force of all parties.

"By the way, which force has gained the most so far?"

"Need I say more? It must be the ancient domain, their new generation is very powerful!"

"hehe! Are the new generations of our Demon Realm bad?"

"Have you forgotten our Tianyu?"

"Stop fighting! Let's give a ranking. I think the ancient domain is first, followed by the demon domain and the heavenly domain. The two are equally powerful and can't be distinguished. Then there are the San Alliance and the Star Alliance. These two parties are equally powerful and it's hard to tell the difference!"

The person who spoke was a middle-aged man from the Ancient Territory named Mojia Star Lord.

As soon as his words came out, all the Star Lords nodded, feeling that this ranking was somewhat reliable.

But the people in the Star Alliance were angry.

Star Territory Alliance No matter how you say it, it is ranked first in the universe.

This Mojia actually ranks the Star Alliance and the weakest Alliance. This is obviously a naked irony.

"Mojia, do you think too highly of your ancient domain and underestimate our Star Alliance?", Xuan Xi asked.

Mojia didn't take it seriously: "Oh! Isn't this the beautiful star leader Xuan Xi of the Star Alliance? how? Do you think I made a mistake? If you don't look at the cultivation rankings on the Heavenly Monument, your new generation's rankings are all at the bottom...."

As soon as these words were said, everyone looked at the cause and effect sky monument not far away.

The names of the elite disciples of the five major forces are all listed above.

Except for the more than 300 people at the top who are half-step star masters and low-level star masters.

There are more than 7,000 people below, who are the dominant players of the five major forces.

Behind each player's name, their affiliation is clearly marked.

Star Alliance players are obviously low in cultivation and ranked low.

If there weren't a large number of Star Alliance players, it really wouldn't be much better than the Disbanded Alliance.

"Star Master Xuanxi, according to the cultivation ranking on the heavenly monument, your star alliance does not have any advantage!"

A demon star master smiled happily.

"yes! I also feel that the new generation of your Star Alliance is a bit unreliable!"

Another Star Lord from the Heaven Realm echoed.

Star Lord Mojia became even more proud:"Haha!! Xuan Xi, you saw it! Everyone says so. This is not my intention to belittle your Star Alliance. It is indeed because your talents are in short supply and the strength of the new generation cannot keep up!"

As soon as these words came out, the star masters around them smiled. There was pride in their smiles.

They wished that the Star Alliance would be unable to succeed.

Who is not jealous of the Star Alliance's number one position?!

Seeing the surrounding people, they were either ridiculing or adding insult to injury. Expression.

The Star Lords of the Star Alliance were extremely depressed.

But Xuan Xi was not convinced:"I think you are looking down on others! Who said that low cultivation level means weak strength? Before you see the facts, what you say is all nonsense!"

As he said this, the people in the Star Alliance immediately thought of Qin Feng.

This is right!

Low cultivation level does not mean low strength.

For example, Qin Feng's cultivation level is only half a high-grade master, but his strength is comparable to a half-step star Lord.

Star Lord Mojia sneered:"Star Lord Xuanxi, your dream is good, but it must be combined with reality. As we all know, the higher the level of cultivation, the more difficult it is to fight at higher levels.

"At the level of domination, there is almost no possibility of transcending the level. Often the level of cultivation level represents the strength of one's strength."

"It is an indisputable fact that the new generation of Star Alliance players are weak in cultivation. Is it possible that you think a miracle will happen?"

"Who says miracles won't happen!", Xuan Xi is full of confidence in Qin Feng

"Ha ha!! It turns out that Star Master Xuan Xi placed all his hopes on miracles! That's no wonder!"

Mojia's tone was full of sarcasm.

People around him actually laughed.

This made Xuan Xi embarrassed and angry.

On the other side, more than twenty high-ranking star masters including Ziwei Star Master, Ancient Master, Tianzhu, etc. gathered together.

They did not participate in the discussion.

But they all heard the discussions of many low-level star masters and half-step star masters.

Tianfu Star Master and Jumen Star Master all frowned and felt a little unhappy.

Especially Mojia from the Ancient Territory , which made them very unhappy.

But several high-ranking star masters from the ancient domain all smiled.

On the contrary, they felt that Mojia's performance was good.

The high-ranking star masters from the demonic domain and the heavenly domain were watching the show, with playful expressions on their lips. Smile.

At this moment, laughter broke out below, and everyone was laughing at Xuan Xi for talking in his sleep.

This laughter came, and the Ziwei Star Lord, who had been closing his eyes in meditation, opened his eyes.

The laughter of these guys is so annoying.

Since So...

Lord Ziwei glanced over indifferently.

Those Star Lords sensed this and became silent, and their laughter stopped abruptly.

The majesty of a high-grade star master cannot be offended.

What's more, Star Lord Ziwei is not an ordinary high-grade star master..No one dares to offend these half-step star masters and low-level star masters.

"Purple Lord, what do you mean?"

The Ancient Master stared at the Ziwei Star Master with a half-smile.

He seemed dissatisfied with the Ziwei Star Master for intimidating those low-level star masters.

The Ziwei Star Master sneered:"I think these people are ignorant! He doesn't know enough, but he laughs at others. Don't you think it's ridiculous? The Ancient Master smiled and said:"

Zi Master, I think what Mojia said makes sense. How is it ridiculous?" Of course, if you can come up with facts to prove that a miracle happened, no one will say that."

At this time, the Demon Lord interjected:"Zi Lord, I understand your mood very well. You, the new generation of the Star Alliance, are a little weaker. However, the fact is the fact after all. If you don't say it today, you will say it somewhere else tomorrow. It's hard for you to guard against words like this!"

These words left Ziwei Star Master speechless.

These two guys really thought that the Star Alliance had no talents.

"You two, it seems that my words are useless! Judging from your tone, you are very confident in your men. Why not, let's just look at the facts!"

Ziwei Star Master was too lazy to say anything and waved his hand to summon the Divine Mirror of Creation.

The Demon Lord laughed:"Haha! I wonder how Purple Lord sees the facts? Use this mirror of creation to spy?"

Ziwei Star Master nodded:"My Divine Mirror of Creation is sensitive to luck. As long as someone under your command has received the inheritance of the middle-grade Star Master, some marks will appear. You can observe it with just a drop of blood essence....."

The Demon Lord smiled and said,"I've heard about this a long time ago! Let me give it a try!"

As soon as he finished speaking, he shot out a drop of blood and flew towards the Divine Mirror of Creation.

This scene alarmed all the Star Lords.

Everyone looked over.

I saw the demon lord's essence and blood falling on the mirror of creation, spread out like a lotus, black and red like fire, blooming with a red halo.

That means the Demon Lord's luck is red.

But at this moment, there are three cyan lines in the red lotus.

When the people in the Demon Realm saw this scene, they immediately showed disappointment.

Even the Demon Lord frowned, his eyes showing disappointment.

God laughed happily

"Ha ha!! There aren't any orange lines, only three cyan ones. Demon Lord, it has been more than ten days, and your Demon Realm has not received the inheritance of the middle-grade star master, but has only received the inheritance of three low-grade star masters!"

The Demon Lord is the Lord of the Demon Realm.

The performance of the Demon Realm players will be related to his luck.

The cyan lines appearing on the red lotus represent the inheritance of the low-grade star master obtained by the Demon Realm. The luck of the low-grade star master is usually It is green level.

Orange is the inheritance of the middle-level star master.

The luck of the middle-level star master is usually orange level.

This is one of the wonderful uses of the Divine Mirror of Creation.

In short, the current performance of the Demon Realm is very average.

God's ridicule, This greatly embarrassed the people in the Demon Realm.

The Demon Lord said angrily: "What are you so happy about? Come and try it! I want to see if your heavenly realm has received a middle-grade inheritance!"

"Ha ha! Just give it a try!"

The God spurted out a drop of blood with a confident look on his face.

The blood beads spread out and the lotus began to bloom.....

The whole audience paid attention.

The next second, the blood lotus bloomed, with only three green lines on it and no orange lines.

Tianyu also did not get the inheritance of the middle-grade star master, and only got three low-grade ones.

Everyone in Tianyu suddenly felt lost.

The demonic side burst into laughter

"Ha ha!! God, you have not received the middle-grade inheritance, and I don't know what you were so proud of just now!"

"hehe!! It's still a long time! Don't worry!"

The Lord laughed and said no more.

"I'll try it too!"

The blue master was also curious about the performance of his men.

He shot out a drop of blood essence.

After a moment, the blood lotus bloomed, with only a green line and no other color.

At this time, the whole audience was moved.

Thirteen days have passed. , the three forces have not obtained the inheritance of the middle-grade star master!

The difficulty of obtaining the inheritance is higher than they imagined!

"Ancient Lord, please!", Ziwei Star Lord looked at the Ancient Lord

"good!"

The Ancient Master confidently clicked his fingers, and a drop of essence and blood flew out.

The people around him couldn't help but hold their breath and stared carefully.

The next second, the essence and blood fell on the divine mirror, and a bloody lotus bloomed, with a Five green lines, nothing else.

The whole place was in an uproar.

Damn it~!

The ancient domain didn't even get the inheritance of the middle-grade star master.

"how so?"

"yes! Even the ancient domain has not received the inheritance of the middle-grade star master. Is it so difficult?"

The crowd kept talking.

The ancient master also frowned, no longer as high-spirited as before.

"Ancient Master, it seems that your results are just mediocre!", Ziwei Star Lord joked with a smile.

The Ancient Lord seemed to be smiling but not smiling: "Zi Lord, you should try it too! Let's see how many inheritances your Star Alliance can get? You can't even get two low-grade inheritances, right?"

Ziwei Star Lord was displeased: "Only low-grade? Are you sure that our Star Alliance will not get the mid-level inheritance?"

The ancient master smiled: "It's useless to talk more!" Still wait and see!"

"good!"

At that moment, Lord Ziwei pricked her fingertips and squeezed out a drop of blood.....

At this moment, Xuan Xi and other people from the Star Alliance all watched with bated breath.

But behind Xuan Xi, a strange voice sounded

"hehe!! With the strength of the new generation of the Star Alliance, there are at most two green lines. Perhaps like the scattered alliance, there is only one green line!"

The person who spoke was Mojia.

These words were particularly harsh, and Xuan Xi couldn't help but frown.

At this moment, the essence and blood of the Ziwei Star Lord fell on the divine mirror.

The essence and blood spread, the blood lotus bloomed, and the fragrance spread everywhere. Overflow...

Everyone opened their eyes and looked.

The next second, the lotus blossomed completely.

There were four orange lines and twenty-one green lines on it.....

Everyone around screamed

"Four orange lines!"

"How can this be?"

The exclamation just ended, and the fifth orange line appeared...

The crowd was confused again.

At this moment, someone else exclaimed

"Look at the monument!"

Everyone hurriedly followed the sound and saw that hundreds of names were missing from the heavenly monument, including two high-level masters of Dzogchen.

Those two were Meng He and the white-haired old man named He.

Qin Feng had killed them before There are more than a thousand people, hundreds of whom are elite disciples of the four major forces.

"Why are so many people missing all of a sudden?"

The crowd exclaimed.

The disappearance of names represents death.

If they were just sealed, the names would dim but not disappear.

But all the names of those people disappeared!

In just a few seconds, so many elite disciples died, it is too disappointing People were shocked.

This Heavenly Monument of Cause and Effect does not restrain dominant players, and no one knows who did it. What's more, Qin Feng has mastered the Divine Seal of Cause and Effect, and can kill without restraint, but he will not be stained by half of the cause and effect.

"Huh! Why are all the people who died from the Ancient Realm, Heavenly Realm, Demonic Realm, and those who broke up the alliance? The people from the Star Alliance are not dead!"

These words shocked the entire audience.

Everyone looked and saw that it was indeed the case.

This time, the entire audience was quiet, and everyone had a strange look on their faces.

Lord Mojia, who had been the happiest person before, felt inexplicably embarrassed..

But at this moment, an orange line lit up again on the blood lotus of Ziwei Star Master.

Immediately afterwards, hundreds of names were missing from the sky monument, all from the ancient domain, the demon domain, the heaven domain, and the scattered alliance. There was no one missing from the Star Alliance.

Everyone in the audience was open-mouthed.

What on earth was going on? But before everyone could react, an orange line lit up again on the blood lotus of Lord Ziwei.

Immediately afterwards, another number was missing from the sky monument. Hundreds of names.

Everyone was completely dumbfounded.

Naturally, these people didn't know that this was the clone of Qin Feng and the shadow, killing each other at the same time.

Before everyone could recover, the orange line lit up again on the blood lotus, and the sky Another piece of death on the monument...

Just like this, every time there is an orange line on the blood lotus of Lord Ziwei, a large piece of the players from the four major forces will die.....

The whole audience was shocked to see..

Chapter 652

At this moment, the place was so quiet that even the sound of breathing could not be heard.....

Even Ziwei Star Master was shocked.

Her stunned expression caught everyone's eyes, making them even more surprised.

Obviously, the development of this matter has exceeded the expectations of the Ziwei Star Master.

I'm afraid there will be changes in the chaotic star field!

Just like this, it lasted for half an hour before all the movement stopped.....

There are twelve orange lines on the blood lotus.....

That represents the inheritance of twelve middle-grade star masters!

There were a total of seventeen mid-level star master inheritances, but twelve of them were lost to the Star Alliance.

Comparing it to other forces, they didn't get a single mid-grade inheritance, and only got a few low-grade inheritances.

The combined results of the four companies are far inferior to those of one Star Alliance!

The gap is too big!

This comparison made all the star masters take a deep breath.

In the crowd, those who had laughed at the Star Alliance were a little embarrassed.

Even the always confident Ancient Master felt shameless.

However, after the star masters saw the changes on the sky monument, their expressions became even worse.

There were more than 7,000 master-level elites, but now only more than 5,000 were left, and a total of 2,000 people died.

The vast majority of these dead people were from the Ancient Realm, Demonic Realm, Heavenly Realm, and scattered alliances.

Very few Covenant deaths occurred.

After reading this, the leader of all the forces had a look of pain on his face.

These elites are the future of their power!

So many people died, which had a huge impact on them.

If we talk about the past, the new generation of the Star Alliance was weak.

But now the situation is changing, and the new generation of the Star Alliance is no worse than them.

"Purple Lord, Gu is very curious, you have only a dozen or so high-level players in the Star Alliance to rule the Great Perfection, how come you have grabbed so many mid-level inheritances?"

The ancient master asked curiously

"yes! The total number of top-level masters of Dzogchen in our four major forces is more than sixty, which is almost six times as many as yours. Why does your family have the inheritance of 12 middle-grade star masters, but we don't have any?"

The Demon Lord also raised doubts.

Everyone was also puzzled and looked at Ziwei Star Lord.

"you ask me! I asked who to go?!"

Ziwei Star Master said angrily.

She didn't expect this either.

"Everyone, have you ever thought about it? Every time the Star Alliance didn't add another inheritance, two to three hundred elite children from our four families died, and the speed was extremely fast. Such efficiency is difficult for even a low-level star master to achieve!"

The God analyzed seriously.

After hearing this, everyone nodded slightly.

There is a big difference between killing and sealing.

A low-grade star master can seal two to three hundred master-level ones in a few minutes.

But to kill them, it will take at least dozens of times.

At this moment, everyone was confused.

Is it possible that a middle-grade star master had sneaked into the Star Alliance?

Thinking about it carefully, that is absolutely impossible!

The enchantment in the Chaos Star Territory is weird, and even the high-grade star masters can't help it. Let alone the middle-grade star. Lord.

What's more, this barrier can only allow those below the Lord level to enter, not even half-step Star Lords can enter.

"It seems that there is something strange happening in this chaotic star field! Maybe, all this is some kind of coincidence.", Master Lan sighed.

Gu Yu thought thoughtfully: "Master Lan, you mean that special changes have occurred in the Chaotic Star Territory. The Star Alliance was just lucky enough to continuously discover mid-level inheritances. Other forces were robbed continuously at the same time. What led to such a coincidence?"

"This... can be explained like this!", Master Lan smiled bitterly.

He really couldn't imagine why the Star Alliance could obtain twelve mid-level inheritances.

Others were also confused.

However, this explanation was in line with everyone's expectations.

No one wanted to see the Star Alliance family. Duda.

They would rather believe that it was just a mutation and not that the Star Alliance was too strong.

Ziwei Star Master sneered slightly and was too lazy to tell.

Tianfu Star Master and Shenfu Star Master also looked at each other and did not defend themselves.

In fact, they all suspected that it was. Qin Feng did it, but they couldn't believe it.

In fact, this result was a bit exaggerated, far exceeding their expectations for Qin Feng.

At this time, the ancient master spoke again: "No matter what happened inside, the middle-grade inheritance is after all A small fight. It is the inheritance of those high-grade star masters that really determine the achievements!"

"That's right! No matter how many middle-grade star masters you get, they can't compare to the inheritance of a high-grade star master!"

The Demon Lord echoed.

After hearing these words, everyone showed strange expressions.

Anyone with a discerning eye could see that the leaders of the two major forces were jealous of the Star Alliance.

Lord Ziwei found it funny.

In fact, seventeen middle-grade Star Lords plus The value of being together is infinitely close to that of a top-grade star master.

Ziwei Star Master knew that these two people were jealous and was too lazy to tell them apart.

She put away the Divine Mirror of Creation with a casual move.

The ancient master was stunned: "Zi Master, why Put away the magic mirror? You can continue to take it out and let everyone see the changes inside....."

"What catches your eyes? Your ancient domain's harvest is not as good as our Star Alliance. Aren't you upset that you keep staring?"

Ziwei Star Master deliberately mocked.

The Ancient Master was a little embarrassed.

Then, he insisted: "It's just starting now. It's too early to say who will gain more and who will gain less! Besides, what really determines the harvest is the high-grade inheritance....."

The ancient master was unwilling.

He has always wanted the Ancient Territory to become the largest force in the universe, so he wanted to compete with the Star Alliance in everything.

Just now, Guyu lost.

But that's not the final result.

He still wants to compete with the Star Alliance

"That's all! Everyone, just keep watching!"

Ziwei Star Master waved his hand, and the Divine Mirror of Creation reappeared.

Anyway, all the top-level star masters have signed contracts before, so there is nothing to worry about.

What's more, everyone has a way to know what the final gains of the various forces are. They can't keep it secret anyway. But as soon as the divine mirror appeared, another flash of inspiration appeared on the blood lotus representing Lord Ziwei, and an orange line appeared again.

Immediately afterwards, the names of hundreds of elite disciples were missing from the heavenly monument.

Everyone The Star Lord is extremely depressed!

What happened here?

The Star Alliance has received the inheritance of thirteen middle-grade Star Lords.

The Ancient Lord and several others feel uncomfortable

"It's just the inheritance of a mid-level star master! I don't know, who among the five parties will be the first to receive the inheritance of the high-grade star master?"

The devil pretended to be relaxed

"Ah! It's not easy to inherit a high-grade inheritance, it depends on your true strength. No one among the dominant players should be able to do it. Those will depend on the low-grade star masters....."

When the ancient master said this, he looked a little proud.

Compared to domination-level players, the low-level star masters of the Ancient Territory have an advantage over those of the Star Alliance.

There are two low-grade star masters in the ancient domain.

The strongest in the Star Alliance are only low-grade Star Lords in the middle stage, and the difference is huge.

This is the source of the ancient master's confidence.

Otherwise, he would not have asked Star Master Ziwei to take out the Divine Mirror of Creation.

He just wanted to let everyone see how the Ancient Territory surpassed the Star Alliance.

The number one force in the universe in the future should be the Ancient Territory, not the Star Alliance.

Those low-ranking Star Lords from the Ancient Territory also showed confidence.

Even the low-level star masters in the Demon Realm and Heaven Realm are confident.

Compared to the dominant players, the low-level star masters of the Star Alliance have no advantage and are far inferior to them.

Star Lord Ziwei just looked on with cold eyes.

These guys underestimate the Covenant.

She thought of Qin Feng.

I wonder when Qin Feng will get the inheritance of a high-grade star master, so that these old guys can open their eyes.

Thinking of this, Lord Ziwei glanced at the sky monument.

At this look, a look of surprise flashed across her eyes.

I saw Qin Feng's name quietly rising from the half-step high-grade domination area to the high-grade domination area.

Qin Feng's cultivation level has actually broken through to the level of a high-level master..

Chapter 653

But on the other side, in the chaotic star field.

After Qin Feng went on a killing spree, he obtained the inheritance of mid-level star masters one after another.

He massacred 2,000 to 3,000 elites from the four major forces, and 20,000 to 30,000 non-elites.....

The hell realm has been supplemented by countless flesh and blood spirits.

The heavenly realm is replenished by true spirits.

Both realms have been greatly improved...

This allowed Qin Feng's cultivation to unknowingly break through to the early stage of high-level dominance, and his combat power increased to 40,000 Gai.

During this process, Qin Feng did not kill anyone from the Star Alliance, and even helped many Star Alliance players.

This made those Star Alliance children very grateful, and everyone actively interacted with him.

Unknowingly, Qin Feng's status among the children of the Star Alliance increased rapidly and he became the backbone of everyone.

Qin Feng originally didn't know the location of the other two mid-level star master inheritance places, but was secretly informed by the children of the Star Alliance.

When those Star Alliance disciples saw that they had no chance to grab it, they contacted Qin Feng.

In the end, Qin Feng got the advantage.

In other words, these Star Alliance children have become Qin Feng's spies.

Among the new generation of the Star Alliance, only Qin Feng can do it and be recognized by the five pole stars.

Simply put, he is the leader of the new generation of the Star Alliance.

At this moment, in the small universe, the heavenly palace, and the meeting hall.

Qin Feng was in a very good mood.

He summoned Chu Chu, Baobao and all his subordinates.

Chu Chu looked at the main hall.

This time, Qin Feng summoned many people.

Not only Emperor White Tiger, Emperor Xuanwu, King Xiao Lun, Xiao Qingfeng and others were summoned.

He also summoned hundreds of God-Emperor-level subordinates.

"Brother, why did you summon so many people this time?", Chu Chu curiously asked

"Your Majesty, aren't the resources outside being exploited?" Emperor Xuanwu asked curiously.

He was leading people to mine minerals on a planet, but was forcibly recalled by Qin Feng

"No more mining!", Qin Feng smiled.

This time he massacred more than 20,000 people and obtained more than 20,000 storage rings.

The resources there were frightening.

Many resources were mined from the Chaotic Star Territory.

"Chuchu, Baobao, Yuer, Zier, these are for you!"

Qin Feng waved his hand, and the four middle-grade star masters flew towards the four girls.

"Wow! Thank you dad!", the baby jumped for joy.

The Chu Chu girls also showed surprise.

This was what Qin Feng chose for them, and it was the most suitable for their Star Master inheritance.

"Luo Li, Ni Shan, Liu Yan, Yun Xi, Bai Qi, this is yours!"

Qin Feng sent five more middle-grade star masters to inherit

"Thank you, Your Majesty!" Bai Qi burst into tears of gratitude.

Luo Li and the girls were naturally happy.

"And these are yours!"

Qin Feng waved his hand again, and more than twenty low-grade star master inheritances were sent out, flying towards the White Tiger Emperor, Turtle King, Little Wheel King and others. The low-grade star master inheritance has no effect on Qin Feng, but it has no effect on these From my subordinates' point of view, it was a great opportunity.

"Thank you, Your Majesty!"

The White Tiger Emperor and others were so excited that they were shaking all over.

"And these!"

Qin Feng waved his hand again, and hundreds of master-level inheritances flew towards those god emperors.

"Thank you, Your Majesty!"

"Long live your Majesty!! Long live!"

Those god-emperors knelt down and knelt down to worship in excitement.

"OK! You all go to retreat! The task I give you is to refine all the inheritance in five years!"

Qin Feng gave everyone a task.

In the past five years in the small universe, almost seventeen days have passed in the outside world, which happened to be when those low-level star masters came in.

Those people are Qin Feng's real opponents.

Qin Feng's ultimate goal is Those five high-grade star masters are inherited, so he must improve his strength as soon as possible.

If the strength of these subordinates increases greatly within five years, the power of his faith will skyrocket.

Of course, as the strength of Chu Chu and others increases, his strength will also increase greatly.

"Your Majesty, aren't we going to hunt for treasure?", Bai Qi asked respectfully.

Qin Feng said calmly: "There are only 4 middle-grade star masters left in the outside world. We don't need so many people to look for them. I and the virtual shadow clone can do it. If you hurry up and break through in cultivation, you will be of greater help to me!"

"The subordinates understand!"

"Your Majesty, we are going to retreat now!"

At this moment, all the subordinates asked to leave one after another.....

After a while, Qin Feng was the only one left in the field.

Looking at the people leaving, Qin Feng's heart was full of expectations.

Once these subordinates finish digesting this batch of resources, the strength of the Qin Sect will definitely rise to a higher level.

The power of faith will also increase several times.

Speaking of which, these subordinates are his direct lineage and foundation.

Of course he needs to be trained well

"There are still 17 days left, and those low-grade star masters are about to come in. I must hurry up!"

Qin Feng felt stressed.

After these days of exploration, he discovered that finding the inheritance of a high-grade star master was much more difficult than he imagined.

He could not guarantee that he would be able to get a high-grade star master before those low-grade star masters came in. Star Lord inheritance.

Therefore, he was ready to compete with the lower-grade Star Lord.

But he was not the opponent of the lower-grade Star Lord in the early stage, let alone the middle-grade Star Lord and above.

This is why he asked Chu Chu and others to go into seclusion with all their strength..

He wanted to have the strength to compete with those low-grade star masters before they came in.

Thinking of this, three inheritance light groups appeared in front of Qin Feng, which were the three extra mid-grade star master inheritances.

He opened his mouth and took a breath , and swallowed it all.....

"Ding! Congratulations to the host for successfully devouring the inheritance of the middle-grade star master (three)...all the inheritances have awakened 100%.....The host's cultivation level breaks through to the mid-level master level 87%.....Combat strength increased to 66,000 Gai....."

Qin Feng was delighted.

Now that his talent and potential have been improved, he can fully awaken at once by devouring the mid-level Star Master inheritance.

This efficiency is much better than before!

At this time, the system prompts sounded in his mind again

"Ding! Devouring three orange-level luck successfully.....The host's luck is increased to the superior red level by 46% (reaching 100% and promoted to the god level))....."

"Ding! Congratulations to the host for the improved luck...the combat power has been increased to 70,000 Gai..."

"not bad!", Qin Feng was delighted.

Then, he waved more than 20,000 storage items to fly out.

The next second, he began to take stock of the resources in the storage ring.....

An hour later, Qin Feng finished taking inventory.

In total, he obtained more than 70 Black Sky Crystals, more than 4,000 Zhongtian Crystals, 300,000 White Sky Crystals, and countless other resources.....

This harvest exceeded his imagination...

Sure enough! Killing and stealing is the fastest way to collect resources.

Qin Feng put away the Black Sky Crystal and the White Sky Crystal and swallowed all the more than 4,000 Zhongtian Crystals.....

His cultivation has been increased to 17% in the late stage of high-grade domination, and his combat power has been increased to 100,000 Gai.

However, there is still a gap between this and the strength of low-grade star masters.

The combat strength of a low-grade Star Lord is 200,000 to 500,000 Gai in the early stage, and 500,000 to 1,000,000 Gai in the mid-term.

As for the lower-grade star masters, they are stronger in the later stage and the Great Perfection, and there are no masters in the late stage and the Great Perfection in the Star Alliance.

Qin Feng's current strength can only be said to be that he can barely fight with the low-grade star master in the early stage, and he can only run away in the middle stage.

"In five years, these men of mine should be able to grow up!"

Qin Feng smiled confidently and disappeared into the heavenly palace...

This time his strength increased greatly, so did his confidence.

He still has 17 days, maybe he can find a high-grade star master to inherit.

As long as he can get one A high-grade inheritance will definitely increase its strength, and it may be able to fight against a low-grade star master in the middle stage.

The next second, Qin Feng appeared in the corner of the chaotic star field and continued to search.

He must seize the time to find a high-grade inheritance.....

Several hours have passed in the small universe, and only ten minutes have passed in the outside world.

At this moment, in the chaotic star field, in the mysterious forbidden area.

The cloaked man stared blankly at the nine broken jade talismans in front of him.

The inheritance of nine middle-grade star masters!

They were snatched away one after another!

It was so fast that he couldn't even react!

The cloaked man's lungs nearly exploded with rage.

He has been planning for tens of billions of years, and has long regarded the seventeen mid-level inheritances as his forbidden possessions, but he does not want to be robbed of thirteen.

Right now, he only has four poor ones left.

"Why so fast? This shouldn't be the case!"

The cloaked man was shaking with anger.

According to his idea, he would deal with it after he caught Shakya. It would be good to lose at most one or two.

But he didn't expect that before he caught Shakyra, all nine inheritances were lost.

He was really I can't figure it out, how can those little masters seize the inheritance so quickly?

Are the tests for the spirit of inheritance in vain?

Is it really that easy to pass?!

I can't figure it out!

I really can't figure it out! Of course the cloaked man doesn't know, Qin Feng Knowing how to reverse summon, it is very easy to go from one inheritance place to another.

The cloaked man does not even know that Qin Feng never participates in the inheritance spirit assessment, and always directly kills the inheritance spirits.

Of course, there are also inheritance spirits He took the initiative to send it up.

In this way, Qin Feng would naturally get the inheritance quickly.

It took a long time for the cloak to regain its composure.,

"snort! I would like to see who has received the inheritance!"

Thinking of this, the man in the cloak waved his hand, and the deduction formation unfolded...

But he was only halfway through the deduction, and the formation exploded.

The man in the cloak's face changed slightly:"You can't deduce it! Damn it! This matter is related to the people of Fengtianmen. It must be another Fengtian sect member who is responsible!"

Just after saying this, there was a burst of space fluctuations in front of me.

Then, four golden lights flashed out of the void.

The four golden puppets returned.

Behind them, twelve more people walked out in succession, and they were the twelve members of the Starry Sky Clan. Palace Master.

At this moment, the Twin Palace Masters were holding a half-dead bald young man in their hands. The Sakyamuni was captured alive by them! As soon as the cloaked man saw Sakyamuni, his eyes sparkled, and the depths of his eyes were full of ecstasy..

Chapter 654

"I've met the adults!"

The palace masters of the twin palaces abandoned Sakyamuni and knelt down to salute.

The other palace masters followed suit and saluted with great respect.

This cloaked man is their master's master. How dare they not be respectful?

"You guys are doing great! Is Hae Yan here too?"

"The master is already waiting outside the boundary. He asked me to bring you a message. After he enters the star field, he will immediately come to you to revive him!"

The tone of the Twin Palace Masters was extremely respectful.

Xie Yan is the name of the Lord of the Starry Sky Beast Clan.

"very good! It's not in vain that I gave him a good fortune back then!"

The cloaked man was very satisfied with Hae Yan's attitude.

When Hae Yan came in, he had a general in his hand!

That Hae Yan was the pinnacle of the Great Perfection of the lower-grade star master. The initial combat strength of the lower-grade star master was 200,000 to 500,000 Gai, and the mid-term combat strength It is 500,000 to 1 million Gai, in the later stage it is 1 to 2 million Gai, and in Dzogchen it is 2 to 3 million Gai.

Hao Yan's combat power is 3 million Gai.

His strength ranks among the top three among many low-grade star masters.

He He is also a traitor to the Qilin clan, and is naturally an enemy of Qin Feng.

In short, it is easy to kill the half-step star lord with Xie Yan's strength.

Even if he is a mid-level low-grade star lord, he can easily blow it up and steal the storage ring.

Take it away. The storage ring is very fatal to the star masters.

The awe of the strength of the lower-level star masters towards the strength of the upper-level ones will always exist.

At this time, Sakyamuni woke up from his coma.

As soon as he opened his eyes, he saw the cloak The man felt inexplicably familiar.

At the same time, the cloaked man also looked at him

"hey-hey! Boy, you are indeed a direct disciple of Fengtian Sect!"

The cloaked man looked ferocious.

Sakyamuni was surprised:"What is Fengtianmen? Shi does not understand what you mean?"

"hehe!! Now, you still want to hide it?! I know more about your Fengtian Sect than you do. Is that old guy from Changbai here here this time?"

The cloaked man's tone was filled with ridicule.

Sakyamuni was shocked when he heard this.

Changbai is the name of Uncle Grandmaster and the leader of Fengtian Clan.

Not many people in the world should know this.

How did this guy know the name of Uncle Grandmaster? ?

"Huh! this is....."

The cloaked man seemed to have noticed something. With a casual move, ten rays of light flew out from Sakyamuni's body and turned into ten sacred flags.

"Ha ha!! It's the Heavenly Stem Flag!"

The cloaked man looked at the ten sacred flags in front of him with excitement.

"It's been so many years! I saw it again....."

The cloaked man's eyes looked a bit sentimental as he recalled the memories.

If he hadn't been forced, how could he have embarked on this path?

Changbai! you owe me!

I will definitely ask you to repay it ten times or a hundred times!

The cloaked man waved his hand and put away the Heavenly Stem flag.

"Boy! Say it! Where is the other Fengtianmen person?"

"another one?", Sakyamuni was stunned.

He was the only one who came in at Fengtian Gate. How could he get another one?

"I do not know what you're talking about!"

"snort! Do you think that if you don't tell me, there's no way for me to know?"

The man in the cloak stretched out his hand to suck Sakyamuni over, and with one finger seal, he pressed it to the center of Sakyamuni's eyebrows.

But as soon as his fingers touched Sakyamuni's eyebrows, he noticed something and showed a strange color.

Then, he continued, Use the Seal Technique to connect dots on Sakyamuni.

Click~!

A soft sound!

It seems that some seal was broken.

The breath of Sakyamuni immediately changed.

"Huh! Psychic body! You are actually a psychic body! Very good! That's great! Ha ha!!!"

The cloaked man laughed wildly in surprise.

The psychic divine body is rare among trillions of people!

Sakyamuni's expression changed drastically.

The psychic divine body is one of his biggest secrets.

Only he and his master Yuan Qing know it.

In order to prevent others from discovering it, the master put a seal on him.

Unexpectedly, the cloaked man discovered the seal and broke it.

Seeing the crazy look of the cloaked man, Sakyamuni's heart sank.

You know, the greatest characteristic of the psychic body is After the body is taken away, there are no sequelae.

Unlike other bodies, no matter how the body is taken away, there will be great sequelae.

"Psychic body! It's rare even in tens of billions of years! I never thought God would help me! Jie! Jie!!"

The cloaked man smiled strangely.

Sakyamuni felt horrified: "You...you want to take away my body?"

"hey-hey! Didn't you say accomplices? When I take your body and devour your memory, everything will be known!"

"ah! ...senior! You...you misunderstood! I don't really have any friends. This time, I was the only one who entered Fengtianmen! Senior, please let me go!"

Sakyamuni was so frightened that his face turned pale and he begged loudly for mercy.

If someone takes away his body, his true spiritual will will be devoured and destroyed, and he will not even have the chance to reincarnate.

"Haha!! Let you go?! I have waited for so many years and finally waited for this opportunity, how could I let it go!! rest assured! You are not dying, but you are with me, haha!!"

The man in the cloak laughed wildly, and then collapsed into endless black mist, which crazily poured into Sakyamuni.

Sakyamuni suddenly screamed, rolling on the ground, and his delicate face was distorted.

The twin palace masters and others were stunned. But he didn't dare to ask any more questions.

After a while, Sakyamuni's screams suddenly stopped. He lay there motionless, but his chest kept rising and falling.

After a long time, he slowly stood up and opened his eyes.

But his eyes changed. , sinister and cold, with an evil smile hanging on the corner of his mouth

"This body is really good!"

‘Sakyamuni stood up.

The Gemini Womb Master and others were moved.

They knew that the person in front of them was not Sakyamuni, but a cloaked man.

At this time, 'Sakyamuni' waved his hand and put on his black cloak again.

It turns out that the cloaked man's body was completely destroyed in order to create the Six Paths.

That is not the ordinary destruction of the body, that kind of destruction cannot be rebuilt with a drop of blood.

This is also his biggest flaw.

Now, in this forbidden area, relying on the 'Six Paths', he can exert his early strength as a middle-grade star master.

But when he left the forbidden area, he had no physical body and could only exert half of the Star Lord's Dzogchen strength.

According to his original plan, as long as he kills tens of thousands of the first batch of dominant players, it will provide enough energy for the 'Six Paths'

'Six Paths' can help him reshape his original body.

It was similar to a kind of reincarnation, but it only took a very short time.

As long as he has a body, he can practice as before and obtain the inheritance of those star masters.

He has mastered so much inherited information, but he doesn't inherit it because he has no body.

After he has refined enough inheritance, and then refines the 'Six Paths' into his body, his strength will be restored to its peak, even more than before, reaching the peak of a top-grade star master.

Of course, this requires a lot of flesh and blood essence and energy.

Those low-grade Star Lords are his prey.

But the cloaked man didn't expect that his plan would be thwarted from the beginning.

The five major Jinmen slaughtered less than 10,000 players, and they lost mid-level inheritances one after another, and even lost a Jinren puppet.

According to the previous development, wait until the lower-grade star masters come in.

He hasn't been able to rebuild his physical body yet.

But now he's better, God actually sent him a psychic body.

Although this seizing body is worse than the Six Paths Reshaping, it doesn't matter.

As long as he uses the six paths to run in for a period of time, he will be able to fit in 100%, making this body like his reincarnation.

By then, his strength will at least be restored to the Great Perfection of a low-grade star master.

He can then go out and hunt down low-grade star masters.

The energy obtained by killing a low-level Star Lord is comparable to tens of thousands of Dominant-level players.

The more the cloaked man thought about it, the more satisfied he became.

With this body, the progress of his plan can be accelerated, which is better than he expected.

The changes in life, the ups and downs, are incredible!

"My lord, have you found any information about this man's accomplices?"

The Twin Palace Master asked extremely carefully, but the cloaked man was stunned by this question.

He absorbed all the memories of Sakyamuni and found that the guy didn't lie.

The Fengtian Sect really only sent him here this time.

Then This is strange!

Who is the other person?

Why can't I figure it out?

Does he have the treasure of destiny?

"The accomplice was not found. However, plans have now changed. I will be in seclusion for more than ten days. In the past ten days, the four golden puppets will be under your command!"

"ah.....", The owner of the Gemini uterus was surprised and delighted.

The four golden men are all half-steps of Star Master Dzogchen strength, and if they let him take command, then he is invincible.

The other palace masters were also surprised and envious

"Sir, why?", the twin mistresses are still a little confused.

"You don't have to ask! Take this three-life bottle!"

The cloaked man waved his hand, and the three-color spirit bottle flew away.

The twin palace masters respectfully caught the three-color spirit bottle.

"Go for it! With eleven of them, and these four puppets. Kill everyone you see, leaving no one behind. The more you kill, the better! By the way, remember to use the Sansheng Bottle to absorb the essence of their flesh and blood. I need to use it after I leave the customs!"

"The subordinates understand!"

The twin palace masters' eyes lit up with a look of fanaticism.

The other eleven palace masters also showed bloodthirsty looks.

They understand!

This master is going to go on a killing spree!

This shows that the master has the confidence. Not afraid of being exposed again.

At that moment, the twin palace masters gave orders and left with the four golden men and eleven palace masters.....

As soon as the Twin Palace Masters and others left, the cloaked man closed the forbidden area and began to retreat.

He must seize the time and use the 'Six Paths' to perfectly integrate this body.

It's best to finish it before the low-level star masters come in, so that he can go out, kill all the dominator-level players, and absorb more flesh and blood souls.....

But on the other side, in the distant Fengtian Gate Forbidden Area.

Yuan Qing sat cross-legged by the pool and fished.

When the cloaked man unlocked the seal of Sakyamuni, Yuan Qing's eyelashes trembled and he slowly opened his eyes.

"The seal is broken!", Yuan Qing sighed

"My poor disciple!"

There was a smile on the corner of Yuan Qing's mouth, as if he had known all this for a long time.

But a teardrop rolled down from the corner of his eye and slid slowly.

Yuan Qing was surprised, and silently wiped away the teardrop, his fingertips were a little wet.

How could he still be sad?

Yuan Qing originally thought he wouldn't know it, but the past flooded into his mind.

In the picture, a three-year-old bald child was holding a red spiritual fruit and handed it to him.

It was the spiritual fruit that children like to eat the most..

But the child was reluctant to eat it and wanted to leave it to his most respected master.

That child was the Sakyamuni he raised with his own hands.

Perhaps, from the moment he accepted Sakyamuni as his disciple, his fate was doomed.

Yuan Qing Feeling a little heartbroken

"I wonder if I will be so sad when my senior brother dies?"

Yuan Qing sighed.

An elder brother is like a father!

Yuan Qing didn't know and didn't want to think about it.

He stepped on the air and left the forbidden area.

He wanted to tell his elder brother about Sakyamuni..

Chapter 655

At the same time, in the chaotic star field.

After the Twin Palace Masters left with everyone, a bloody massacre began in the Star Territory.

This time, the four golden puppets did not separate, which was equivalent to the perfect union of four half-step star masters.

The flaw of the golden puppet is its lack of intelligence.

But now that the twin uterus master Twelve is assisting, there are no shortcomings in this regard.

With this combination, this force can be said to be invincible, and no one can defeat it wherever it goes. ,

Unless a low-grade star master level expert appears, no one can stop them.

In this way, the twin mistresses and others gathered together to massacre without restraint.....

The number of people killed by them increased at a linear rate.....

Time flies!

In a blink of an eye, eleven days passed.

There are still six days left before the lower-grade star masters enter.

At this moment, outside the boundary of the Chaotic Star Territory, under the Heavenly Monument of Cause and Effect.

All the star masters are looking at the list on the heavenly monument.

In the past eleven days, the list on the heavenly monument has been decreasing very quickly.

Today there are only more than 3,000 people left.

The list above are all elites of all major strengths!

Every time one person is missing, several major forces feel distressed.

Even Star Master Ziwei felt distressed for a long time.

In the past eleven days, not only the number of elite disciples in the Ancient Domain, Heavenly Domain, Demonic Domain, and scattered alliances has been decreasing rapidly.

Even the elite disciples of the Star Alliance are decreasing rapidly.

The only difference is that the elites of the four major forces including the Ancient Territory are reducing at a rate three to four times that of the Star Alliance.

This phenomenon occurred because the Twin Palace Masters and others were massacred by all the five major forces.

On the other side, Qin Feng and the shadow clones were also massacring the four powerful people.

As a result, the four most powerful people in the ancient domain will naturally die quickly.

"The battle there is more intense than we imagined!"

The God of Heaven looked at the monument and sighed.

In fact, he was very sad that so many elites of the new generation died.

"How strange! Why do fewer Covenant people die?"

The Demon Lord was very puzzled.

The Ziwei Star Lord on the side rolled his eyes without curiosity.

"Demon Lord, what do you mean? Do we Covenant people deserve to die more?"

"hey-hey!! Purple Lord, I just speak out and tell the truth. It stands to reason that the dominant players in your Star Alliance are not as good as our Demon Realm, not as good as the Heaven Realm, and not as good as the Ancient Realm. Why do the fewest people die?"

The Demon Lord's tone was very sour.

This matter had made him depressed for a long time.

And when he mentioned it, everyone found it strange.

The crowd started talking about it.

"yes! How weird! Why do Star Alliance players seem so weak, and why do they have the fewest deaths?"

"Could it be that the players from the Star Alliance were playing tricks?"

When the people in the Star Alliance heard these comments, the boss was unhappy.

According to these people, their Star Alliance should be weak.

Ahead, Lord Ziwei was naturally unhappy when she heard these comments.

She smiled coldly:"Demon Lord , your words sound harsh! Who said our Star Alliance's dominant elites are weak? The Demon

Lord sneered:"You Star Alliance dominator players have low cultivation level. This is obvious to all!" Need more to say?"

The ancient master also echoed:"That's true!"

These two guys are full of hostility towards the Star Alliance.

The Demon Realm and the Star Alliance have been feuding for a long time.

The Ancient Realm wants to overwhelm the Star Alliance and become the number one force in the universe.

As soon as the words of the two came out, many people nodded in agreement..

The people of the Star Alliance felt even more suffocated.

Star Lord Ziwei sneered:"Interesting! According to you, low cultivation level means weak power? Then let me ask you two, when you are a low-grade master, can you defeat a high-grade master?

The Demon Lord said proudly:"Of course!""

The ancient master also smiled and said nothing.

When they were young, they were suppressing existences of an era.

It was easy for the cultivation of lower-grade masters to sweep away the upper-grade masters.

Ziwei Star Master smiled:"Since you all admit it, why do we Star Alliance players with lower cultivation levels cannot defeat players with higher cultivation levels.?"

"this.....",The Demon Lord was confused.

The ancient master also fainted.

Both of them were surrounded by Ziwei Star Lord.

Ziwei Star Lord mocked:"So, it doesn't mean you have high cultivation level but you have strong strength. What you said before is a bit ridiculous!" The

Demon Lord was still tough:"Purple Lord, we are different from ordinary people and cannot talk to each other. You know, cultivation level The further you go, the more difficult it is to fight at higher levels. If you are not a true elite, you will never be able to do it."

Star Lord Ziwei smiled and said:"You are absolutely right! Therefore, the disciples of my Star Alliance are the real elites. It's normal to defeat your men!"

Demon Lord:"....."

These words left the Demon Lord speechless.

The star masters around were also stunned.

The crowd murmured again

"Don't tell me, Zi Zhu's analysis makes sense!"

"yes! Could it be that we underestimated the Star Alliance?!"

At this time, Ziwei Star Lord sneered again:"Demon Lord, facts speak louder than words. You look at the list on the monument, and you still can't understand which side is the strongest and has the most advantage?"

As soon as these words were said, everyone looked at the Heavenly Monument.

On the Heavenly Monument, in the Dominator-level list area, there were more than 700 people left in the ancient domain, more than 500 people in the demon domain and the heavenly domain, and

more than 200 people left in the disbanded alliance. people, but the Star Alliance has more than 1,100 people.

The advantage of the Star Alliance in terms of numbers is extremely obvious!

The Demon Lord and others were very depressed.

The Ancient Master also held his breath.

The Star Lords around him were also silent.

They originally thought that the Star Alliance's If the new generation is not good, it will inevitably decline in the future.

But this battle in the Chaotic Star Territory has made the new generation of the Star Alliance improve.

Sometimes, if you want to become the best, you do not necessarily have to improve yourself.

Let your opponent become Even worse, you can still highlight yourself as better

"hehe! Purple Master, although there are many of you, your low cultivation level is your fault. You have to know that the further you go in cultivation, the further your cultivation realm will be."

The ancient master began to suppress him with words.

The demon master immediately agreed:"That's right! Even if a mid-level master can defeat a high-level master. But when the high-grade master breaks through to the half-step star master, he can kill the middle-grade master instantly."

"I would like to ask Purple Lord, what is the significance of the previous level-stepping?! From my point of view, the state of cultivation is the last word"

"If you look at your star alliance, there are only 11 high-level masters of Dzogchen. This is a bit small! After all, your Star Alliance is number one in rankings and shouldn't be so few."

The Demon Lord seized on this weakness in cultivation and refused to let go.

These words gave the four major forces confidence.

Everyone looked at the Sky Monument and saw the high-grade ruler of the Great Perfection area.

The Star Alliance indeed only has 11 people, and the ancient domain However, there were 18 people, 15 from the Demon Realm, 14 from the Heavenly Realm, and 7 from the Scattered Realm.

In this comparison, the Star Alliance seemed to have insufficient strength.

The people from the four major forces once again showed their confidence.

The Ancient Master also echoed: "Purple Lord, your Star Alliance is the number one force in the universe, but you are only 11 high-level masters of Dzogchen. It's a bit unjustifiable! The Demon

Lord also echoed in a strange way: "Not to mention that the Star Alliance ranks first, it is also appropriate to rank second!" You are only ranked fourth, it really doesn't make sense!"

Both Heavenly Lord and Blue Lord laughed and said nothing.

The expressions of the four people were playful.

Ziwei Star Lord was very unhappy.

She wanted to refute, but she didn't know where to start.

At this moment, silver light flashed on the stone tablet.

Everyone was curious. , looked up one after another, and saw the high-grade dominator's late area, Feng Di's name lit up, and automatically rose to the high-grade dominator's large circle area.

Feng Di actually broke through at this moment.

Ziwei Star Master was overjoyed:"Who said that our star The alliance only has 11 great perfections? Isn't this 12?

The Demon Lord curled his lips:"Only 12That's all, it's just a breakthrough. I think that's it!"

After saying this, Zi Xing's name lit up and he was promoted to the Great Perfection area.

"hehe! 13 of them!", Ziwei Star Master was in a happy mood.

Demon Lord was depressed:"It's just luck!

The ancient master also smiled and said:"It is indeed luck!" Although your Star Alliance is not strong enough this time, you are quite lucky. However, there are only 13 of you, and you still rank fourth!"

As soon as these words were said, the names of Yu Qilin, Chu Chu, and Qin Baobao lit up at the same time.

Then, the three of them were promoted to the Dzogchen area at the same time.

At this time, there were 16 high-level rulers of the Star Alliance in Dzogchen, surpassing the Demon Realm in one fell swoop. Became second.

At this time, the whole audience was stunned.

Damn~!

What happened?

Even Star Master Ziwei, Star Master Tianfu and others were dumbfounded.

Several major Star Lords of the Star Alliance looked at each other , all looked strange.

They thought of Qin Feng for a moment.

Because these promoted people were all Qin Feng's subordinates!

All this must have been done by Qin Feng.

As for how Qin Feng did it, Ziwei Star Master Several people couldn't figure it out.

However, the five of them were very excited.

Qin Feng was so awesome that he actually won face for the Star Alliance at a critical moment.

Lord Ziwei was even more excited, and his affection for Qin Feng deepened.

Immediately, she looked at the Ancient Lord and the Demon Lord with a half-smile.

"You two, what else can you say?"

The Ancient Master and the Demon Lord suddenly felt embarrassed, and their old faces were a little red.

Especially the Demon Lord, who was proud of being ranked second in the Demon Realm just now, but now he has been suppressed.

"hey-hey!! It turns out that your Star Alliance has hidden strength!"

The Demon Lord laughed awkwardly.

With this reminder, everyone suddenly realized.

They also felt that this explanation was reasonable.

Otherwise, it would be too exaggerated for five people to break through at once.

However, having said that, they really underestimated the Star Alliance. Ah!

At this thought, everyone's eyes changed when they looked at Ziwei Star Master.

The Star Alliance is still difficult to deal with!

These people don't know that it was only after Feng Emperor and others refined the inheritance of the middle-grade Star Master that they could break through so fast

"Demon Lord, you don't care whether we hide or not. Facts have proved that the dominant players in your Demon Realm are much worse than our Star Alliance in terms of realm and numbers!"

Ziwei Star Master took the opportunity to be sarcastic.

The Demon Lord was embarrassed and depressed.

The Star Masters of the Demon Realm also felt aggrieved, but could not refute.

"So...so what? As the largest force in the universe, your Star Alliance ranks second. Isn't it glorious?"

The Demon Lord is still stubborn.

But just after he finished speaking, the sky monument flashed again.

The names of Qin Feng and Bai Qi lit up at the same time.

Then, the two of them were promoted to the Great Perfection area at the same time.

Bang~!

The whole audience His jaw dropped.

Damn~!

The Star Alliance's Master Dzogchen is also 18, tied for first place with the Ancient Territory. The

Demon Lord was so angry that he shook his body and almost vomited blood.

Everyone in the Demon Territory looked depressed.

They were all for The Demon Lord felt embarrassed.

Ziwei Star Lord was even more surprised and happy.

Because she saw that Qin Feng had also broken through to the Great Perfection of High-level Dominance.

Unknowingly, she became more and more concerned about this young man's every move..

Chapter 656

"Demon Lord, do you still say that now?"

Ziwei Star Master looked at the Demon Lord excitedly.

The Demon Lord felt aggrieved and turned away.

He really couldn't find an explanation.

At this moment, not only him, but also the Ancient Master, the Heavenly Master, and the Blue Master didn't know what to say.

The dominant players of the Star Alliance surpassed them in both the number of experts and the overall number of players.

It could be said that they were completely overwhelmed.

This was contrary to what they thought!

But at this moment, the crowd let out another exclamation.

"Huh! Look at the Divine Mirror of Creation!"

Everyone was startled and looked around.

At this look, the Ancient Master and the others looked depressed again.

They saw another orange line on the blood lotus of Ziwei Star Master.

Just now, the Star Alliance got another target. The Star Master passed on the inheritance.

Now the Star Alliance has received a total of 15 mid-level inheritances.

On the contrary, there are none from the Demon Realm, the Heaven Realm, and the scattered alliance.

The Ancient Realm only got one.

This scene looks very embarrassing.

The gap between the two sides is too big.

The harvest of the four forces combined is only one-fifteenth of that of the Star Alliance.

The Ancient Master and the others looked at each other, really unwilling to see this result. The more they looked at it, the angrier they became. The people of the Star Alliance were full of joy.

"I'm so sorry! Our Star Alliance accidentally gained something again....."

Lord Ziwei pretended to be emotional.

The faces of the ancient masters darkened.

This woman is just trying to confuse them

"Great Star Lord, there is only the last middle-grade inheritance left in this chaotic star field, will it still be obtained by us?"

Tianfu Star Lord deliberately said loudly.

The Ancient Lord and others sounded harsh to everyone.

This was clearly mocking their incompetence.

"hehe! What's the use of getting more middle-grade inheritance? The real harvest still depends on the inheritance of the top grade."

A high-level star master from the Demon Realm immediately responded.

"That's right! Only if you can get a top-grade star master is your ability. such a pity! High-grade star masters are not those that those masters have the ability to obtain. Purple Master, you master-level disciples are good, but they can't do anything against high-level inheritance!"

The Demon Lord smiled proudly.

Speaking of which, the strength of the Star Alliance's low-grade Star Lords and half-step Star Lords is really a mess. The

Ancient Lord also smiled and said: "Purple Lord, there are still six days left. When the time comes, we will Take a look at the abilities of the low-level star masters from all sides"

"yes! The real battle this time depends on the lower-grade star masters!"

This time, even Master Lan spoke.

He has a general under his command, and that is the leader of the Starry Sky Beast Tribe—Xie Yan.

This is the source of his confidence.

In short, after this conversation, everyone's focus has shifted.

Everyone is more concerned about the gains and losses of the inheritance of the high-grade star masters.

The low-grade star masters of the Star Alliance suddenly feel the pressure.

The other four major forces have a relaxed look on their faces.

Ziwei Star Master frowned: "Is it too early to talk about these now? There are still six days to go. Maybe, some of our master-level disciples will be able to obtain a high-grade inheritance"

"Purple Lord, you are joking."

The ancient master didn't believe it at all. He smiled and shook his head.

The demon master also sneered and said: "It is an idiot's dream for a master-level disciple to obtain a high-level inheritance. I'm afraid they can't even get through the entrance!"

Ziwei Star Master is annoyed.

If you talk about other masters, it is indeed impossible.

But with Qin Feng in the Star Alliance, it is possible.

These old guys still underestimate the Star Alliance.

There is a freak in their Star Alliance..At the moment, she was too lazy to tell:"Let's wait and see!"

The ancient master and the demon master looked at each other and smiled, thinking that the star master Ziwei had given up.....

At the same time, in the chaotic star field.

Over a deserted planet.

Qin Feng looked at his changes with joy.

Not long after, he received the inheritance of a middle-grade star master.

This is the second middle-grade inheritance he has received in the past eleven days.

In addition, he also received the inheritance of more than a dozen low-level star masters, all of which were given to his subordinates.

Just now, he swallowed up all the middle-grade inheritance he received.

His cultivation level has broken through to 17% of the upper-level dominating circle, his luck has increased to 51% of the upper-level red level, and his combat power has increased to 150,000 Gai.

This is not far from the combat power threshold of a low-grade star master.

"Of the 17 mid-level star master inheritances, I got a total of 15, and I missed two....."

Qin Feng had some unfinished ideas.

He didn't know that the other two middle-grade inheritances had been obtained.

A person from the ancient domain has to go.

One was taken away by the Twin Palace Master and his gang.

"Six days left....."

Qin Feng was thoughtful.

At this moment, he seemed to sense something, and his eyes lit up with joy.

Immediately, he waved and Luo Li appeared

"Your Majesty, are you looking for me?", Luo Li looked at Qin Feng affectionately.

Since she received the inheritance of the middle-grade star master, she has been in seclusion in the small universe for about three years, and has already broken through to the middle-grade star master.

"You give these Black Sky Crystals to Feng Di, Chu Chu, Bao Bao, Purple Star, Jade Qilin, and Bai Qi. 10 yuan per person!"

Qin Feng took out sixty black sky crystals.

Luo Li is now the manager of Tiangong, equivalent to his personal secretary.

Qin Feng will let her handle some trivial matters.

"So many black sky crystals!", Luo Li exclaimed.

She knew how precious this thing was.

Qin Feng smiled and said nothing.

There were more than a hundred Black Sky Crystals in his hand.

"Your Majesty, why do you suddenly want to give these things to them?"

"I just sensed that they have all broken through to the high-level mastery of Dzogchen.....These black sky crystals can help them break through to half-step star master...."

Luo Li suddenly realized:"I'll send it over right away!"

"By the way, take these too!"

Qin Feng took out tens of thousands of storage rings.

During this period, he slaughtered many players.

As long as they were not from the Star Alliance, regardless of whether they were elite children or not, they would all be slaughtered.

The storage rings of those people would naturally become Of course, he took out the White Sky Crystal, Zhongtian Crystal, Black Sky Crystal, and some useful ones in advance.

"Your Majesty, what should I do with these storage rings?"

"You select and classify the resources inside, and then distribute them to the outstanding disciples of the Qin family, urging them to speed up their cultivation....."

"clear! By the way, Your Majesty, haven't you discovered the inheritance of the high-grade star master yet?

Qin Feng shook his head:" I didn't find it!" The inheritance of the top-grade star master is too hidden and difficult to find."

"oh!", Luo Li nodded slightly.

She was a little anxious.

There are only six days left, and Qin Feng has not found a high-grade inheritance.

When those low-grade star masters come in, Qin Feng's advantage will be gone.

"Your Majesty, there are still six days. I'm sure you can find it. Qin

Feng smiled slightly:"I know it in my heart, you go back and make arrangements first!"

At that moment, Qin Feng took Luo Li back to the small universe and continued his treasure hunt.  
.....

At the same time, somewhere in the chaotic star field.

On a dense neutron star.

Yan Mao and Grave Sheep sat on the ground sweating profusely.

This is a super huge neutron, and the gravity is astonishingly strong.

Without the strength of a low-grade master, it would be difficult to survive on this neutron star.

Just seven days ago, the hundreds of Zhongtian crystals contained in this neutron star were mined by Yan Mao and Fengyang.

However, the two did not leave just like that.

During the mining process, they accidentally discovered an entrance to the barrier.

It was clearly the entrance to a place of inheritance.

But in order to enter the inheritance place, the barrier must be broken.

After figuring out the situation, the two teamed up to attack the barrier.

They bombed continuously for seven days, but still could not break the barrier, and were still sweating profusely from exhaustion.

At this moment, the two of them were sitting on the ground, looking helplessly at the barrier in front of them.

"Brother Yanmao, don't you think this barrier is strange?", the grave sheep kept panting.

"how do I say this?"

"You and I are both high-level masters of Dzogchen, but we can't break through this barrier even if we work together for seven days. It means that this barrier requires half a star master or above to open it."

"Makes sense! But what does this mean?" Yan Mao was a little puzzled.

But Feng Yang lowered his voice and said:"Brother Yan Mao, this entrance barrier is so difficult. Don't you think the inheritance here should be the inheritance of a high-grade star master?"

At this reminder, Yan Mao's eyes lit up.

"Huh! When you say that, it's really the case. If it is truly the inheritance of a high-grade star master, we should not be able to get it with our abilities! What should I do?"

"Brother Yanmao, we can't get it. Don't forget, we in the Star Alliance still have one person who can.", the grave sheep's voice was very low.

"Are you talking about Emperor Qin?!"

"That's right!", Fengyang nodded, "Brother Yanmao, should we send a message to Emperor Qin and ask him to mine?"

"this...", Yan Mao hesitated.

Qin Feng once made him lose face.

He was somewhat concerned.

Fengyang advised: "Yan Mao, there is no way for us to waste our time here. Besides, as time goes by, other forces will definitely find out. Rather than taking advantage of other forces, it is better to give it to Emperor Qin."

Yan Mao's eyes lit up. : "That's right! No matter what, the benefits must be given to us people in the Star Alliance. The Jedi can't let outsiders take advantage. Send a message to Emperor Qin quickly and ask him to come over quickly."

Although Yan Mao is a little petty, he is very interested in Star Alliance. Alliance is full of emotions.

Grave Sheep was even more delighted: "Okay! I will send the message now!"

At that moment, he took out the communication jade talisman and sent a message to Qin Feng

"Finished sending! Emperor Qin is rushing here!", Fengyang put away the communication jade talisman.

Yan Mao nodded: "We will stay here, and we can't let others take advantage."

But just as he finished speaking, more than thirty figures appeared in the void in the distance, flying towards this direction. Damn it

~!

It can't be such a coincidence, right?

Someone really is here!

Yan Mao and I looked at each other At one glance, I couldn't help but frown..

Chapter 657

"When someone comes, they come! What an unfortunate coincidence!", Yan Mao sighed

"Brother Yan, what should I do?"

Grave Sheep looked at the barrier behind him and saw that it could no longer be blocked.

During the bombardment of the barrier, the previous covering restrictions had been destroyed. Neither he nor Yan Mao understood the formation restrictions and could not rearrange them.

"Let's wait until they come over!" Yan Mao was helpless.

While the two were chatting, more than thirty people in the distance were gradually approaching.

Yan Mao and the two looked carefully.

They saw that the thirty people were wearing the uniforms of the ancient domain, and the five leaders were all The top-grade masters of Dzogchen are powerful, and the thirty or so people behind them are all top-grade masters.

Yan Mao and Grave Sheep looked at each other, and their expressions were a little ugly.

They were obviously no match for this group of people, and it seemed that the entrance to the inheritance place could not be saved..At this moment, more than thirty spiritual thoughts swept over and discovered the location of the two people in an instant.

The next second, the people from the ancient domain teleported over and surrounded the two Yan Mao.

"Ah! Isn't this a member of the Star Alliance?"

A tall and thin man looked at Yan Mao and Grave Sheep with an arrogant expression.

This man is the leader of this group of people in the ancient domain. His name is Yuan Zhen Star Lord. He is a top-level master of Dzogchen, but his combat power has reached 350,000. Jing, is even stronger than Yuchen.

Since Yuchen got the opportunity of Ziwei Holy Land, his combat power has only increased to 300,000 Jing.

In fact, Yuan Zhen's strength is also among the top three among the ancient domain masters.

At this moment, he He looked at Yan Mao and Fengyang with arrogance, not paying attention to these two people at all.

The fighting strength of these two guys was only a hundred thousand yuan, which was less than half of his.

"What are you two doing sneakily here?"

Yuan Yan's tone was high and condescending, as if he was questioning his subordinates.

Yan Mao and the others were a little depressed.

"We want to see if there is Zhongtian Crystal here. Since you are here, let us leave it to you!"

Yan Mao winked at Feng Yang.

Feng Yang understood.

The two turned around and left.

The so-called person who knows the current affairs is a hero. Since he is not an opponent, he should avoid the sharp edges first.

"Wait!"

Yuan Zhen called the two of them to stop.

Yan Mao frowned: "What do you mean?"

At this moment, someone in the crowd exclaimed

"Lord Yuan Zhen, look, there is a barrier here!"

Yuan Yan quickly followed the sound and saw a strange barrier not far away, looming.

If you don't look carefully, it's really hard to find.

He didn't think much and blasted it away with a casual blow. There was a loud noise!

The neutron stars shook a little, but the barrier was still intact.

"Huh! What a strong barrier!"

Everyone was surprised.

Yuan Yan also showed an unexpected look.

"Lord Yuan Zhen, isn't this the inheritance entrance of a high-grade star master?"

This reminder caused an uproar in the whole place.

Everyone thought it was possible.

Yuan Yan also showed excitement.

However, Yan Mao and the others lamented that they were still discovered.

However, there was no other way, so they had to avoid it first. Yes.

Thinking of this, Yan and Mao walked away in a flash.

"Where do you want it?"

Yuan Yan teleported and stopped the two of them.

At the same time, more than thirty people from the ancient domain also gathered around.

The atmosphere of the scene was immediately tense.

The hearts of Yan Mao and Mao sank, and they secretly thought that something was not good.

"What do you mean? Yan Mao asked in a deep voice.

Yuan Yan sneered: "Leave your storage ring and be sealed by us!"

Yan Mao was furious: "Why?!"

Grave Sheep also looked ugly and said:"Are you afraid that we will reveal this inheritance entrance?"

"Ha ha!!"

Yuan Yan and others burst into laughter.

Yan Mao and the others looked puzzled.

After a long while, Yuan Yan stopped laughing and said,"You two are overthinking. Even without this inheritance, you two would not be able to escape the fate of being sealed if you meet us. Yan

Mao suddenly said:"Are you deliberately targeting our Star Alliance?""

"That's right! We just don't like the people of the Star Alliance! To tell you the truth, we killed a lot of Star Alliance players along the way and sealed a lot of them."

Yuan Yan smiled sinisterly.

Everyone in the Ancient Territory looked proud.

When they met people from the Star Alliance along the way, they would kill them if they could, and seal those who couldn't be killed.

In fact, this was all instructions given to them by their superiors.

To put it bluntly, We are still fighting for the reputation of the number one force in the universe.

After hearing this, Yan Mao was furious:"That's ridiculous! Do you think doing this will prove that the Ancient Territory is stronger than our Star Alliance? Do you really think there is no one in our Star Alliance?"

"That's right! You Star Alliance Dominators really don't have much talent. Of all the masters I have met, no one can survive three moves in my hands! It seems that the new generation of your Star Alliance is useless."

Yuan Yan looked contemptuous.

Grave Sheep was also angry: "That's because you haven't met my Emperor Qin!"

"Emperor Qin?", Yuan Yan recalled.

Before he entered the Chaotic Star Territory, he had seen the Heavenly Stele of Cause and Effect, but did not see Emperor Qin's name in the area of the Great Perfection of the High-grade Lord. As for those below the Great Perfection of the High-grade Lord, he did not check.

Those people were not qualified. let him pay attention

"What Emperor Qin! Yuan doesn't remember that this person is among your superior masters, Dzogchen, and he is probably just a small person. Forget it, I'm too lazy to talk nonsense with you! Do it!"

As soon as these words were said, more than thirty ancient domain masters took action together.

Yuan Zhen also took action at the same time.

After a fierce fight, two shrill screams were heard in the field.

Yan Mao and Grave Sheep were bombarded to pieces.

The other party There are five high-grade masters of Dzogchen, and about thirty high-grade masters.

There are also masters like Yuan Zhang sitting in charge!

Naturally, Yan Mao and the two are no match.

In the blink of an eye, the grave sheep was sealed.

Yuan Zhang continued to seal Yan Mao. Mao.

Yan Mao's true spirit was struggling desperately while roaring angrily.

"You all wait! Emperor Qin will definitely not let you go!"

"Ha ha!! Just let him come over and give it a try! Let's see who doesn't let anyone go!"

Yuan Yan made several seals to seal Yan Mao's true spirit, and then put it into a jade bottle.....

At the same time, outside, next to the Heavenly Monument of Cause and Effect.

As soon as Yan Mao and Fengyang were sealed, the cause and effect heaven monument changed.

The names of Yan Mao and Tomb Sheep suddenly became dim, and they were particularly conspicuous on the monument.

This change caused the Divine Assistant Star Master's expression to change slightly.

That is an outstanding disciple under his command!

Star Master Ziwei could not help but frown, feeling worried in his heart.

At this moment, the demon lord's strange voice sounded in the field.

"Purple Lord, you finally have 18 top-level Dzogchen players, and now two more have been sealed. Does this only count 16?"

Ziwei Star Master said angrily: "It's just been sealed!"

"hehe!! Does that make a difference? It seems that in terms of the number of experts, you are still not as good as Guyu!"

The Demon Lord shook his head and pretended to sigh.

The Ancient Lord smiled and said nothing.

Ziwei Star Lord was worried and angry, but didn't know how to refute...

But he said on the other side, Yuan Zhan sealed Hao Yanmao and the two, just look To the subordinates around you

"Who is the Emperor of Qin that the guy mentioned just now?"

"I have never heard of the title Emperor Qin. He is probably not a great person."

"Yes! I haven't seen this person's name in the Dzogchen area of the upper-level ruler before, which means that this person's cultivation level is average. Lord Yuan Zhen, don't worry about it"

"yes! Even if Emperor Qin is a top-level master of Dzogchen, he cannot be the opponent of Lord Yuan Zhen."

All the subordinates were flattering one after another.

Yuan Yan felt very happy.

Immediately, he picked up the storage rings of Yan Mao and Fengyang and looked through them.

It didn't take long for him to look happy.

"These two guys have a lot of treasures. Come! Come! Come! Everyone divides it first!"

Everyone cheered and stepped forward to share the spoils together.

But at this moment, there was a space fluctuation in the air, and an extremely handsome young man in white walked out of the void.

Qin Feng arrived just in time.

Everyone was startled and turned their heads to look.

"Huh! Here comes another one!"

"He is also from the Star Alliance!"

Everyone saw the Star Alliance logo on Qin Feng's clothes at a glance. Qin Feng glanced at everyone coldly, and then looked around.

The ground was full of pits and traces of fighting, and there was a vague smell of blood floating around..

He couldn't help but frown, secretly thinking something must have happened to Yan Mao and Fengyang.

"What happened to Yanmao and the grave sheep?"

Qin Feng looked at the people in the ancient domain.

"Yan Mao and Grave Sheep? It's those two crooked-looking old men, one of whom has a goatee, right?"

Yuan Yan had a playful smile.

Qin Feng frowned:"It seems that these two were poisoned by you!"

"Ha ha!! Boy, you are smart. pity! You will be reunited with them soon too!"

As soon as these words were said, everyone burst into laughter.

They were laughing at Qin Feng for throwing himself into a trap.

Qin Feng frowned and was about to get angry.

Yuan Yan gave the order:"Destroy him!"

As soon as the words fell, two high-level masters, Dzogchen, took action first and stepped in front of Qin Feng in one step.

Yuan Yan and others were also preparing to take action.

But at this moment, a sudden change occurred.

Qin Feng casually took action with a palm of his hand. Those two people were beaten to pieces

"This is....".

Yuan Zhen and others were shocked!

With one palm, two top-level masters exploded into Dzogchen. It was so terrifying!

Yuan Yan simply couldn't do it.

But the next second, everyone was shocked again.

Just as the two people who were blasted were about to resurrect, the phantom of hell and heaven appeared behind Qin Feng, swallowing them up completely.

The two men's shrill screams echoed in the air.

In the blink of an eye, both of them had completely wiped out their true spirit marks.

Yuan Zhen and others opened their eyes in horror.

Oh My God!

This is not an instant burst, but a direct instant kill.

Even if the half-step star master takes action, it will not be so fast.

This boy.....

Yuan Yan and others were completely frightened. When they saw Qin Feng, they were all frozen in place as if they were seeing monsters. They were so frightened that they trembled and did not dare to move...

Yuan Yan even turned pale.

"You...are you the Qin Emperor?"

Yuan Yan suddenly thought of Yan Mao's last warning.

"You don't care who I am!" Qin Feng was unhappy.

Yuan Yan was frightened: "Sir, it was a misunderstanding just now. Then...that...I will let Yanmao and the others come out now...I hope you will..."

Boom~!

Qin Feng suddenly took action.

Billions of sword lights burst out, and screams were heard in succession.

In the blink of an eye, Yuan Yan and others They were slaughtered by him, and all flesh, flesh, and spirit were absorbed. More than thirty people in Yuanzhen were completely killed.

At the same time, changes also occurred on the outside world's heavenly monument..

Chapter 658

Outside, next to the Heavenly Monument of Cause and Effect.

Star Master Ziwei looked worried.

In any case, Yan Mao and Fengyang are considered the elite among the elite players among the dominant players.

Naturally she is reluctant to lose

"Purple Lord, now that the Star Alliance has sealed two Dzogchen players, in terms of the number of masters, you are fewer than those from the Ancient Territory!"

The eyes of the Demon Lord were full of gloating.

The Ancient Lord also mocked:"Hey! Speaking of which, he still lacks strength!"

Hearing this, everyone in the Star Alliance felt unhappy.

"Ancient Lord, what you said is so arbitrary.....", Lord Ziwei couldn't help but retort.

The Ancient Master smiled slightly:"Purple Master, do you think I made a mistake?! If it wasn't for lack of strength, how could you be sealed? Why haven't you seen people from my ancient domain being sealed?" As soon as he finished speaking, the sky monument appeared Just a flash of inspiration.

Everyone was startled and looked up.

Seeing this, everyone was dumbfounded.

I saw more than thirty players from the ancient domain died at once.

Five Dzogchen players died.

Even Yuan Yan, whom the ancient master valued very much, is dead!

The ancient master's mouth opened wide.

Damn it~!

This slap in the face is too quick!

Everyone around was dumbfounded.

What is going on here?

Why did so many outstanding disciples die in the ancient domain in less than a minute?

The whole place was quiet for a few seconds.....

Soon, everyone came back to their senses.

The ancient master was extremely distressed.

Ordinary players would be fine if they died, but the loss of five high-level masters of Dzogchen in one fell swoop made the ancient master deeply regretful.

Especially Yuan Zhen, a genius who was 100% capable of being promoted to a low-level star master, unexpectedly fell.

The ancient master was very heartbroken

"Ancient Lord, the strength of your Ancient Territory is even less impressive. So many of your techniques have died in just a short while, and even five of the Great Perfection have fallen. What a pity! Why!"

Ziwei Star Lord pretended to sigh.

"snort!"

The Ancient Master snorted coldly, feeling angry and embarrassed.

But at this moment, the Divine Assistant Star Master interjected.

"oops! Great Star Master, there are only 13 Dzogchen players left in the Ancient Realm, which is fewer than those in the Demon Realm and the Heavenly Realm, ranking fourth."

"Huh! It's true!"

Ziwei Star Master cooperated.

The two sang in harmony.

The ancient master was so angry that his face turned blue and white, but he couldn't refute.

But no one noticed that the mirror of creation had also changed.

Only the blood lotus representing the Ziwei Star Master was seen. On the blood lotus representing the Ancient Lord, the only orange line disappeared.....

At the same time, in the chaotic star field.

On the neutron star, Qin Feng was taking stock of the storage rings of Yuan Yan and others.

The storage rings of more than thirty top-grade masters have yielded extremely rich harvests.

Not to mention the Black Sky Crystal and the Zhongtian Crystal, there are three inheritances of the Light Star Master.

What surprised Qin Feng the most was that he found a middle-grade Star Master inheritance in Yuan Yan's storage ring.

Yuan Yan should have found this in the chaotic star field, but he just didn't have time to refine it.

"What good luck! Of the seventeen middle-grade inheritances, I got sixteen!"

Qin Feng opened his mouth and took a breath, swallowing the inheritance

"Ding! Devouring the inheritance of the middle-grade star master successfully... the host's luck is improved to red level 54%....."

"Ding! Devouring the inheritance of the middle-grade star master successfully...the inheritance is completely awakened.....The host's cultivation level has been improved to the level of master of Dzogchen 63%......Combat strength increased to 170,000 Gai.."

"good!", Qin Feng was delighted. His strength has improved again.

With his current strength, he can defeat most of the low-grade star masters in their early stages.

However, this is not enough.

Among the low-grade star masters who came this time, there are two low-grade stars in the ancient domain. There is one low-grade star master in the late stage of Dzogchen.

The Demon Realm has one low-grade star master in the late stage, and two low-grade star masters in the late stage.

There are three low-grade star masters in the heavenly realm in the late stage.

There are no masters among the low-grade star masters in the scattered alliance, and there are even no mid-term low-grade star masters. , but they have a low-grade Star Master Dzogchen strongman, that is, Xie Yan.

That guy is the Qilin traitor, the master of the Starry Sky Beast Clan, and is the target of Qin Feng's must-kill.

As for the Star Alliance, the strongest are only three low-grade mid-level, There are not even masters who are above the late low-grade stage.

This is the pressure of the Star Alliance.

With Qin Feng's current strength, he can at most escape from his subordinates in the mid-low-grade stage. If he encounters the late low-grade stage or above, he may not be able to escape the danger of being sealed or even killed..

Therefore, he has to speed up his improvement of strength.

Fortunately, Yan Mao and Fengyang discovered a high-grade star master inheritance, and he has another chance to improve his strength.

Qin Feng took out a seal from Yuan Zhen's storage ring Spirit bottle.

He repeatedly made seals with his left hand.

The mouth of the spirit bottle opened, and two groups of true spirits, wrapped in essence, blood and remnant soul, flew out from the bottle.

In the blink of an eye, the two groups of true spirits absorbed the essence, blood and remnant soul, and reshaped them. Two figures emerged, it was Yan Mao and Fengyang.

They were resurrected.

But their faces were pale, and their cultivation had dropped to the edge of the Great Perfection of the High-level Master, and they were just one step away from falling.

This time, the two people suffered a lot of losses.

"The seal has been lifted!"

"It's Lord Qin!"

As soon as the two of them saw Qin Feng, they immediately understood everything.

"Thank you, Mr. Qin Huang, for your life-saving grace!"

Yan Mao and the two excitedly raised their hands and saluted.

When they were sealed, they were extremely desperate.

If no one saves them, when Yuan Zhen brings them back to the ancient domain, they will inevitably end up in ashes, and they will not even have the chance to be reincarnated. None.

The result is very miserable!

"Get up! We are all allies and we should cooperate. This is your storage ring!"

Qin Feng waved his hand and returned the two people's storage rings.

"Thank you, Lord Qin!"

The two of them were very moved.

At this moment, Yan Mao's mood was very complicated. His view of Qin Feng changed greatly, from some original resistance to sincere recognition.

"You can also take these!"

Qin Feng waved his hand again, and thousands of medium-sized crystals flew towards the two of them, each worth 2,000 yuan.

"Sir, what are you doing?"

Yan Mao and Fengyang were both stunned.

"I see that your cultivation has fallen a lot. These Zhongtian Crystals should be able to help you restore your cultivation!"

Qin Feng must avenge his enemies and repay his kindness.

The fact that Yan Mao and Yan Mao were sealed has something to do with him.

The two of them also told themselves the inheritance address of the top-grade star master, which was a great gift.

He gave them to them It is also appropriate for them to recover their cultivation with some resources.

What's more, the benefits he gained from killing Yuan Yan and others are far greater than these Zhongtian Crystals.

But Yanmao and his two people feel differently.

These Zhongtian Crystals can not only help them recover Their cultivation can also greatly improve their strength.

Qin Feng was too kind to them.

The two of them burst into tears with gratitude.

Plop~! Plop~!

The two of them knelt down half-kneeling in excitement.

"Mr. Qin Huang is so kind, and Yan Mao is grateful. From now on, Yan Mao is willing to obey the orders of Lord Qin!"

"The grave sheep are also willing to listen to the adults' orders!"

The expressions of the two were very serious.

They were impressed by Qin Feng and were sincerely willing to support Qin Feng.

Qin Feng was pleased:"You two don't have to be like this, I accept your wishes! Get up!"

"Thank you sir!"

The two stood up respectfully.

"Huh! By the way, where are those people in the ancient domain?"

Only then did Yan Mao think of Yuan Zhang and others.

"They were all killed by me!"Qin Feng said it very casually.

Yan Mao:"....."

Grave Sheep:"....."

Yan Mao and Yan looked at each other in surprise.

Yuan Zhen's group of people are all top-grade masters, and there are five other top-grade Dzogchen masters.

With that kind of strength combined, even if you are facing a half-step star master in the early stage, you can deal with it!

Emperor Qin actually killed them all

"Lord Qin Huang, that inheritance entrance is over there!", Yan Mao actively led the way again

"Um!"

The next second, Qin Feng came to the entrance of the secret realm and saw a looming barrier.

"Sir, this barrier is very strong. Brother Yan and I worked together to attack for several days, but we couldn't do any damage....."

"yes! Those people from the ancient domain had also attacked before. They couldn't damage it at all. I'm afraid that without the strength of a half-step star master, it would be impossible to break through!"

Yan Mao and the two actively explained

"Let me try!"

Qin Feng stepped forward and punched. There was a crisp sound and it was easily destroyed.

Yan Mao and Yan Mao looked confused.

This was too easy!

But at this moment, a dark passage was revealed under the barrier. An extremely powerful thought awakened.

The divine power emanated from it, the heaven and earth trembled, and the laws of time and space were distorted.....

Yan and Mao suddenly felt pressure and infinite fear in their hearts.

Even Qin Feng's expression changed slightly.

The coercion of that thought actually reached the Great Perfection level of a low-grade star master.

Qin Feng had to be afraid.

Apparently, after he blasted through the barrier, he awakened the inheritance spirit inside.

At that moment, the terrifying thoughts of the inheritance spirit swept across one tenth of the chaotic star field.

In that area, a voice sounded in everyone's mind.

That actually asked them to come to the inheritance place and accept the inheritance assessment.

Qin Feng and the others naturally accepted this idea.

The three of them were stunned for a moment.

The spirit of inheritance has awakened and it is time to choose a successor.

But this way, more people will come to grab the inheritance.

But there is nothing we can do about it.

The inheritance spirit of this high-grade inheritance place is too powerful.

It possesses the power of the Great Perfection of a low-grade star master. Even Qin Feng can't do anything to him. He can only conduct a step-by-step assessment according to its rules.

"Sir, what should I do?", Yan Mao looked at Qin Feng

"The first to get the moon is the one near the water! Let's go in!"

Qin Feng took the lead to enter the place of inheritance.

Yan Mao and the others thought it was right.

They were the first to enter, so they naturally had an advantage.

At the same time, a large number of players in the area near the neutron star received the information, and they all went to the place of inheritance. The earth rushed over.

In an instant, thousands of escaping lights emerged.

On a certain desolate planet, the Twin Palace Masters were proudly looking at the three living spirit bottles in their hands.

In the past ten days, they had slaughtered tens of thousands of people, There was a lot of energy accumulated inside.

At this moment, an extremely powerful thought swept over him.

He felt it in an instant, and there was some more information in his mind.

The Twin Palace Master was stunned.

"Sir, do you feel it?", the Scorpio Palace Master on the side asked in a low voice

"Um! The inheritance of a top-grade star master! Unexpectedly, it was activated! let's go!"

With an order, the Lord of the Twelve Palaces and the four golden puppets marched towards the place of inheritance..

## Chapter 659

But on the other side, Qin Feng and the others entered the secret realm and soon entered a huge inheritance temple.

The hall was quiet and the atmosphere was solemn.

Qin Feng and the others did not dare to neglect.

The inheritance spirit of this high-grade star master is very powerful. If you don't follow the rules, it will not be difficult to kill them.

"Sir, which high-grade star master do you think this will be the inheritance of?"

Yan Mao and Fengyang both asked excitedly.

This is the inheritance place of the top-grade star masters!

It's a great opportunity for them to come in.

"Not sure!", Qin Feng was also a little excited.

He has already received the inheritance of sixteen middle-grade star masters.

But those sixteen together are not as valuable as one high-grade inheritance.

Having said that, there are five high-ranking star masters in the Chaos Star Territory.

They are: Yuan Feng, Lord of White Tiger, Lord of Xuanwu, Emperor Shi (Devil Realm), and Lord of Holy Light (Heaven Realm).

These five star masters were all extremely tyrannical during their lifetimes, and could kill mid-level star masters with just a flick of their hands.

As long as one force can obtain the inheritance of a high-grade star master, the trip will be worthwhile.

At this moment, a wave of space fluctuations surged over the temple, and overwhelming divine power shrouded it.

The voice of the spirit of inheritance sounded in the air

"Why only three came? The cultivation level is not high yet!"

The tone was a bit disappointing, as if he looked down upon the three of Qin Feng.

In fact, the Spirit of Inheritance hopes that the successor's cultivation level is above half-step Star Master, otherwise it would not set up such a strong barrier.

Qin Feng was silent Silent.

The two Yan Mao were a little embarrassed.

The spirit of inheritance did not struggle with that issue for a long time.

It was just an obsession. As long as you can enter this hall, no matter how you get in, you are qualified to participate in the inheritance assessment.

"This is your assessment points token! One minute later, the first assessment begins!"

As soon as these words were said, the space fluctuated, and three assessment tokens fell from the sky.

Qin Feng and the other two people caught the tokens one after another.

At the same time, information came from the tokens.

After reading it, the three people understood it immediately.

Chapter 1 The first level of the assessment is to control karma.

Within three days, if you cannot control your karma, you will be eliminated immediately.

Only those who have controlled your karma can go to the next level.

The nature of karma and merit are opposite.

Merit is the creation of the world. It is obtained from the common people.

Karma is obtained by killing the common people in the world.

Generally speaking, it is easier for those who have mastered the true meaning of the killing attribute to control their karma. And the higher the level of the true meaning of the killing attribute, the easier it is to control the karma.

For example , The true meaning of destruction that Qin Feng masters falls under the category of killing, and it is easier to use it to understand karma.

Yan Mao and Fengyang are worried.

All the true meanings they master do not belong to the category of killing.

"Brother Yan, this karma is hard to control!", the grave sheep is worried

"yes! The assessment time is only three days, I'm afraid we will be eliminated soon.", Yan Mao looked helpless.

"Why! It depends on your luck!" Grave Sheep smiled bitterly and shook his head, "By the way, Mr. Qin Huang, you probably don't understand the true meaning of the realm of killing, right?"

Grave Sheep suddenly thought of something.

Qin Feng is a person who has mastered the Golden Wheel of Merit.

Generally speaking, the Golden Wheel of Merit is difficult to refine.

Especially for those who have mastered the true meaning of the Killing Dao, it is even more difficult..

For those who have mastered the true meaning of creation, it is twice the result with half the effort.

The so-called creation leads to life, and killing leads to death.

The merits are immeasurable!

The karma is boundless!

Once destroyed in one life, the avenue will be endless!

Thinking of Qin Feng being so young, Grave Sheep began to practice Having transformed into the Golden Wheel of Merit, he must be better at the true meaning of creation.

Since the attributes of creation and killing are opposite, Qin Feng should not be good at the true meaning of killing.

If so, this assessment of controlling karma will not be good for Qin Feng.!

When the grave sheep said this, Yan Mao frowned slightly and started to worry about Qin Feng.

Even if he and the grave sheep were eliminated, it would not be good if Qin Feng was also eliminated!

This is the first level Being eliminated is equivalent to losing the qualification to inherit.

Then the inheritance of the top-grade star master here will be advantageous to others.

Naturally, he does not want to see this result.

"Grave Sheep, you don't have to worry! Mastering karma does not entirely rely on true intention, but also relies on understanding. Don't you still know the understanding of Lord Qin Huang?!"

Yan Mao muttered angrily.

"That's right!", Grave Sheep nodded repeatedly.

But the two of them still looked a little worried.

After all, the assessment only lasted for three days, and understanding alone may not be enough.

Qin Feng saw the expressions of the two people in his eyes, smiled slightly, and did not explain.

He refined The Golden Wheel of Merit uses god-level devouring, so there is no need to consider the issue of true meaning at all.

In fact, this karma perception test is beneficial to him. The true meaning of destruction he masters belongs to the category of killing, which is conducive to mastering karma.

His His understanding was also first-class.

Therefore, Qin Feng was full of confidence in this assessment.

At this moment, there was a fluctuation in the center of the hall, and a light door appeared out of thin air.

"Sir, the door to the assessment is open!", Yan Mao said excitedly

"Let's go!", Qin Feng entered first.

Yan Mao and Feng Yang followed closely.

When Qin Feng passed through the light gate, he found himself entering a huge temple.

There was a huge stone tablet in the center of the hall, with many words engraved on it.

There was a huge altar next to the stone stele.

A large cloud of strange white gas was trapped in the altar.

Qin Feng and the other three walked to the stone stele and looked at it.

After a moment, the three of them suddenly realized.

What was recorded on the stone stele was how to The secret technique of transforming evil spirit into karma.

Evil spirit is invisible and qualityless, and is the product of massacre of sentient beings.

In other words, if a person kills too many people, his temperament will quietly change, making people inexplicably fearful. It will affect his temperament. What changes is the invisible evil spirit.

The secret technique on the stone tablet is the method of converting one's own evil spirit into karma.

As masters, Yan Mao and Fengyang have naturally killed people, and there is no lack of evil spirit in them.

And the people Qin Feng slaughtered There are more, and the evil spirit is stronger.

Seeing this secret technique, the three of them are happy.

This level is better than theirs It's easier to imagine.

With secret techniques, it is much easier to gather karma.

Then, the three of them continued to look down and were surprised again.

It turns out that the white aura in the altar next to the stone tablet is the evil aura of the top-grade star master, named White Tiger Evil Aura.

According to the description on the stone tablet, after the examiner converts all his evil energy into karma, he can absorb the white tiger evil energy at will and convert it into his own karma.

How much you can absorb depends on your ability.

After reading it, the three of them were pleasantly surprised.

The concentration of the white tiger's evil spirit was so high that the invisible energy condensed into tangible white mist.

Perhaps just absorbing a ball is comparable to refining a black sky crystal.

This much white tiger evil spirit is equivalent to tens of thousands of black sky crystals.

Converted into Zhongtian crystals, that is nearly one million.

This is definitely a great opportunity!

Unfortunately, any player can only stay in this temple for three days.

How much white tiger evil energy you can absorb depends on your ability.

Not only that, you must first understand the secret technique of transforming evil spirit into karma.

Therefore, the time to truly absorb the evil spirit of the white tiger is not three days at all.

It would be even worse if you couldn't comprehend the secret technique within three days, and you wouldn't even be qualified to absorb the evil energy of the white tiger.

At the moment, Yan Mao and Feng Yang read the contents on the stone tablet, said hello to Qin Feng, and then started to meditate beside the stone tablet.

They have not grasped the true meaning of the Killing Path series, and their understanding is not perfect, so they must seize every minute and every second to understand it in order to succeed.

At this moment, Qin Feng was very excited.

He now knows whose inheritance this inheritance belongs to.

This is the inheritance of the Lord of the White Tiger!

Therefore, there is white tiger evil spirit here.

His super-god-level mission is to obtain the inheritance of the five spiritual masters: Zulong, Yuanfeng, Qilin Lord, White Tiger Lord, and Xuanwu Lord.

After the task is completed, there will be extremely generous rewards.

He has received the inheritance from the Lord of Ancestral Dragon and Qilin.

Now, he saw the inheritance of the White Tiger Lord again.

He must get this inheritance.

At that moment, he glanced at the secret technique on the sky tablet, felt something in his heart, and closed his eyes involuntarily.

At the same time, Yan Mao and Feng Yang were struggling to comprehend.

At this realization, their hearts sank.

All the previous optimism is gone!

This secret technique is too difficult!

The two of them can cultivate to the level of mastery and perfection, and their understanding will definitely not be bad.

But after thinking for a long time, they couldn't even find an entry point, let alone a superficial understanding.

In other words, they are still confused and cannot feel the diameter of the door.

"Grave Sheep, this secret technique is more difficult than we imagined. I'm afraid it will be difficult for me to understand this secret technique within three days. Not to mention absorbing the evil spirit of the white tiger!"

Yan Mao's message rang in the grave sheep's ears, full of helplessness.

He felt the same and quickly sent the message: "Brother Yan, judging from your tone, I'm a little sure. I have no confidence at all. I only have a 10% chance of success at most! Why!"

Grave Sheep also sighed.

But as soon as his transmission ended, strange energy fluctuations came from the front.

The two were startled and turned their heads to look, and saw Qin Feng opening his eyes with a look of joy.

At this moment, Qin Feng's temperament has undergone some changes. It is neither cold nor ethereal, but natural and natural, which makes people involuntarily admire him.

His aura seems to have become stronger.

How could there be such a change? ?

Lord Qin Huang won't suddenly understand the secret skill so quickly, will he?!

The two Yan Mao looked at each other and thought it was impossible.

Only a few minutes passed before and after, not so fast!

If this is true, it is too exaggerated! But as soon as the two of them had this idea, Qin Feng walked towards the altar, opened his mouth and took a breath.

The white tiger evil energy in the altar turned into a white line and poured into his mouth.....

This is the evil spirit of swallowing the white tiger!

Yan Mao and Yan Mao were shocked and shocked.

Lord Qin Huang definitely understood the secret technique.

If one does not understand the secret technique and forcibly absorbs the evil spirit of the white tiger, the true spirit of the soul will be corroded and die. Even a mid-level star master would not dare to do that.

Oh My God!

Lord Qin Huang realized it too quickly!

They haven't even scratched the surface.

What's even more exaggerated is that the way Lord Qin Huang refines the evil spirit of the white tiger is so special!

It turned out to be swallowed directly!

This speed is millions of times faster than refining!

For a moment, Yan and Mao were petrified.

The two of them stared blankly for a long time before looking at each other, speechless...

The two guessed right. Qin Feng understood the secret technique in just a moment.

The secret technique was almost tailor-made for him, and it was extremely easy to comprehend it.

At this moment, system prompts kept ringing in his mind

"Ding! Successfully swallowed the evil spirit of the white tiger...the host's combat power increased by 1 million yuan....."

"Ding! Successfully swallowed the evil spirit of the white tiger...the host's combat power increased by 1 million yuan....."

"Ding! Successfully swallowed the evil spirit of the white tiger...the host's combat power increased by 1 million yuan....."

"Ding! Successfully swallowed the evil spirit of the white tiger....."

As the prompts continued, Qin Feng's momentum continued to soar, and his mood was extremely happy.....

This is a great opportunity!

In the blink of an eye, Qin Feng sucked away one-fifth of the white tiger's evil spirit.....

At the same time, the group of people closest to the inheritance place will arrive in ten minutes..

Chapter 660

In the blink of an eye, Qin Feng absorbed one-fifth of the White Tiger's evil spirit...

At the same time, the group of people closest to the inheritance place will arrive in ten minutes.  
.....

The twin mistresses and others were further away, still an hour away.

In this way, Qin Feng happily absorbed the evil spirit of the white tiger under the envious gazes of Yan Mao and Yan Mao.

In the blink of an eye, he sucked up one-third of the White Tiger's evil spirit.

"Ding! Successfully swallowed the evil spirit of hundreds of flowers.....Congratulations to the host for reaching the supreme level of dominion and reaching 100 points in cultivation.  
%.....Combat strength increased to 200,000 Gai....."

"Ding! Remind the host that your cultivation level has reached the bottleneck. If you want to break through to half-step star master, you need to perfect one of the hell world, the human world, and the heaven world to 100%..."

Note: The current improvement progress is 61% in the hell world, 43% in the human world, and 27% in the heaven world.

Qin Feng couldn't help but stop absorbing the evil spirit, feeling a little happy in his heart.

His combat power reached 200,000 Gai, which was the threshold of combat power for a low-grade star master.

However, he also faced a problem.

To break through to half-step Star Master, he actually needs to perfect one of the three realms to 100%.

Soon, he figured it out again.

For the master to break through to the realm of star master, he also needs to promote the small world to the big world.

His cultivation is different from others, but the principles are the same.

Fortunately, he only needs to perfect one realm, and does not need to perfect all three realms.

Otherwise, it will take longer for him to break through to half-step Star Master.

Qin Feng made a plan right away and perfected the hell realm first.

His Hell Realm perfection is 61%, which is the highest level of perfection.

The question is, since it has reached a bottleneck, can the white tiger evil spirit continue to be absorbed?

Qin Feng opened his mouth and inhaled, and the evil spirit of the white tiger entered his body.....

"Ding! Successfully swallowed the evil spirit of the white tiger... converted into karma worth 100,000....."

"Huh! That's okay!"

Qin Feng's eyes lit up, and he was pleasantly surprised.

This is very similar to the merit value!

At that moment, he opened his heart and took a big gulp.....

"Ding! Successfully swallowed the evil spirit of the white tiger... converted into karma worth 100,000....."

"Ding! Successfully swallowed the evil spirit of the white tiger... converted into karma worth 100,000....."

"Ding! Successfully swallowed the evil spirit of the white tiger....."

In just a few minutes, Qin Feng absorbed two-thirds of the white tiger's evil spirit, and his karma value accumulated to 700,000.....

The Yanmao grave sheep on the side could only swallow their saliva.

Both of them were extremely envious!

Now, they admire Qin Feng so much.

At this moment, there was movement in Qin Feng's small universe.

In the hell realm, deep in the endless sea of blood, the spirit of the Styx that had been in seclusion suddenly woke up.

It seems to have sensed the evil spirit of the white tiger, and sends out pleasant thoughts to Qin Feng

"Master, let the Styx come out! Styx sensed his opportunity!"

Qin Feng was a little surprised.

The spirit of the Styx Spirit has improved!

It seems that the past ten years of seclusion have made great progress.

The next second, Qin Feng made a move, and a dark giant egg appeared in the sky.

Yan Mao and the two were surprised.

They didn't know what the dome was.

Qin Feng's methods always made them unbelievable.

In fact, the dome was the spirit of the Styx.

Qin Feng looked up and saw the spirit egg of the Styx. The cracks on its shell were crisscrossed, and it was about to hatch. As soon as it appeared, it threw itself into the white tiger's evil spirit with great joy.

The next second, the evil spirit surged and got in along the cracks in the eggshell.

At the same time, Qin Feng The system prompt rang in my mind again

"Ding! Your subordinate Styx (Lord of Hell) successfully absorbed the evil spirit of the white tiger.  
.....Blood evil true meaning (no superior) perception increased by 87%....."

"Ding! Your subordinate Styx (Lord of Hell) successfully absorbed the evil spirit of the white tiger.  
.....The perception of the true meaning of blood evil (no superior level) is increased by 88%....."

"Ding! Your subordinate Styx (Lord of Hell) successfully absorbed the evil spirit of the white tiger. ....Blood evil true meaning (no superior) perception increased by 89%.....

Qin Feng was a little surprised.

It turns out that the spirit of the Styx absorbs the evil energy of the white tiger and can enhance its true meaning. It's really weird!

The Yanmao Tomb Sheep was even more stunned.

Holy shit~!

Even the middle-level low-level star masters dare not directly absorb the evil spirit of the white tiger, but any egg summoned by Emperor Qin can absorb it.

Comparing one person to another is really infuriating!

In the blink of an eye, the spirit of the Styx absorbed one-sixth of the evil spirit of the white tiger.

"Ding! Your subordinate Styx (Lord of Hell) successfully absorbed the evil spirit of the white tiger.....The perception of the true meaning of the blood evil (no superior level) is increased by 100%, and the divine seal of the true meaning of the blood evil is successfully condensed.....

"Ding! Destroy trueThe divine seal (host) and the blood evil true meaning divine seal (Styx) are automatically merging....."

"Ding! Fusion successful! Congratulations to the host for obtaining the seventh supreme true meaning - Shura Divine Seal... The host's combat power has been increased to 210,000 Gai....."

Qin Feng was pleasantly surprised.

He unexpectedly obtained a supreme divine seal.

This is such great luck!

"Ding! Congratulations to the host, your subordinate Styx (Lord of Hell) has obtained the supreme true meaning - the Seal of Shura...."

Just after this prompt ended, a sudden change occurred in the sky.

Click~! Click~! Click~!

Just a few soft sounds were heard, and the eggshells in the air gradually cracked.....

After a while, a boy about two or three years old emerged from the eggshell.

The boy was wearing a red robe, his skin was white and tender, and he was very cute.

It's just that he has a cold expression, and his cuteness exudes an aura that is difficult for all living beings to approach.

What's even more surprising is that this little guy's cultivation level is actually at the early stage of a low-grade star master, with a combat strength of 200,000 Gai.....

As soon as he appeared, the boundless coercion of the Star Lord completely shocked Yanmao Fenyang.

Both of them couldn't help but take a deep breath of cold air, not even daring to breathe.

They dare not offend the low-ranking Star Lord in the slightest.

But at this moment, the little guy fell from the sky and knelt on one knee in front of Qin Feng

"Styx meets his master!"

Styx's voice was milky, but extremely respectful.

Qin Feng was also overjoyed.

Styx has finally hatched, and he is still as strong as a low-grade star master in the early stage.

In this way, when his realms are combined, they can be superimposed 200,000 battle strength.

He finally has the capital to fight against the low-grade Star Lord in the mid-term.

"Get up!"Qin Feng was in a happy mood

"Thank you master!", Styx stood up obediently

"You go back to hell first!"

"yes!", Ming He respectfully accepted the order.

Qin Feng made a casual move, and Ming He disappeared in place.

This scene made Yanmao Tomb Sheep completely dumbfounded.

Oh my god!

A low-grade star master turned out to be just a servant of Emperor Qin.

Thinking of this, The eyes of the two people looking at Qin Feng became fiery.

It was incomparable admiration and admiration.

The next second, the Styx returned to the hell realm.

The system prompt sounded again in Qin Feng's mind

"Ding! Congratulations to the host, your subordinate Styx (Lord of Hell) has been detected, his cultivation level has reached the low-grade star master level, and the perfection of the hell world has been increased to 71%.....The host's combat power is increased to 220,000....."

It turns out that improving the realm master's cultivation can also improve the perfection of the three realms.

Qin Feng was pleasantly surprised again.

Then, he looked at the white tiger's evil spirit, and there was still one sixth left.

He opened his mouth and swallowed.

After a while, it was all swallowed up.

Qin Feng's karma value increased to 1.1 million.....

"Ding! It is detected that the host's karma value reaches the standard, and the invisibility condition is activated... Is the host willing to condense the 'Karma Fire Red Lotus'?. '....."

Qin Feng's eyes lit up.

The Red Lotus of Karma and the Golden Wheel of Merit have the same purpose.

The two effects are very similar.

The only difference is that the Golden Wheel of Merit requires an increase in merit.

Karma Fire Red Lotus requires karma improvement.

Rumor has it that the Yehuo Red Lotus is one of the White Tiger Lord's special moves.

"Gather!", Qin Feng did not hesitate at all.

"Ding! Condensation industry fire red lotus (9th grade) success.....The karma value is 1 million, leaving 100,000.....Promotion to a lower level requires a karma value of 500,000...."

Buzz~!

A clear cry!

Qin Feng automatically floats.....

The next second, his feet were filled with red light, filled with evil energy.

Powerless killing intent rolled around...

A huge red lotus phantom bloomed at Qin Feng's feet.....

The flower blooms with nine petals and murderous intent fills the sky!

The nine petals are the ninth level, and all attacks and defenses are increased by nine times. The effect is similar to the Golden Wheel of Merit.

The amplification effect can also be stacked with the Golden Wheel of Merit!

Qin Feng was ecstatic!

In this way, he has the golden wheel of merit and the red lotus of karma.

It is estimated that before long, even Ziwei Star Master will not be able to match him in terms of amplification methods.

Having said that, one thought can make you a Buddha, and one thought can make you a demon.

Buddhas and demons also come to the same destination by different paths!

On the other side, the Yanmao Tomb Sheep was completely petrified.

They are not surprised that Emperor Qin can control karma.

But the Gathering Karma Fire Red Lotus is another matter.

In the world of cultivation, the Red Lotus of Karma and the Golden Wheel of Merit cannot coexist.

It is impossible for one person to have both things at the same time.

But Emperor Qin did it.

This is definitely the first person in history!

At this time, Qin Feng put away the Karma Fire Red Lotus and opened his eyes happily.

There was also an exclamation in the air

"You little guy is amazing!"

The person who spoke was the spirit of inheritance.

Qin Feng's performance shocked even the spirit of inheritance.

"Thank you for the compliment, senior!", Qin Feng bowed his hands in the air.

He has a deep connection with the Five Spirit Clan. Natural respect for the Lord of the White Tiger

"You performed very well! You have passed this level. Let's start the second level!"

As soon as he finished speaking, Qin Feng disappeared out of thin air and was forcibly summoned away by the spirit of inheritance.

Yanmao Grave Sheep looked at each other in confusion.

According to the assessment rules of this game, no matter whether he has mastered karma or not, he has absorbed it. No matter how much white tiger's evil spirit, they will enter the next level in three days.

But Emperor Qin's performance was so good that the spirit of inheritance actually broke the rules and allowed Emperor Qin to enter the next level in advance. The two of them admired Qin Feng very much.

Also. At this moment, footsteps sounded outside the hall.

A moment later, more than a dozen contestants entered the assessment hall.

The first group of people finally arrived..
