

## God level 661

### Chapter 661

"Huh! There are already people here!"

As soon as the dozen or so people came in, they saw Yan Mao and Grave Sheep, and their expressions changed slightly.

It's not a good thing to be beaten first.

Yan Mao and the others took a glance, and they saw that these dozen people were all from Tianyu. Only one person is the master of the Great Perfection.

They became anxious.

A competitor appeared, and they had to seize the time to realize it.

At that moment, the two closed their eyes and realized it.

The people in Tianyu ignored Yan Mao and the two.

Fighting is prohibited here..

They hurried to the stone monument and looked at it.

After a while, there was a sound of surprise in the crowd.

"Huh! This stone tablet says that there is white tiger evil spirit in the altar, why didn't I see it?"

"yes! I didn't see it either!"

Everyone looked at the altar in surprise.

"Ah! It's normal that you can't see the invisible substance of evil spirit...."

A Tianyu player is smart and authentic.

Everyone looked at each other and seemed to believe it.

Among the crowd, a young man looked thoughtful.

The young man looked very proud, and at such a young age he was the master of the Great Perfection.

His name is Bai Shi, a famous super genius in Tianyu.

At this moment, Baishi always felt that the altar was empty.

He didn't feel any energy fluctuations

"Friends, where is the evil spirit of the white tiger in this altar?"

Bai Shi directly interrupted Yan Mao's thoughts with a casual tone.

"How would I know! do not ask me!"

Yan Mao was interrupted, feeling irritated, and retorted angrily.

Bai Shi frowned.

This Star Alliance player is quite arrogant!

Haha!!

It seems that his fighting strength and momentum are not as good as mine.

If fighting is not prohibited here, He really wanted to teach Yan Mao a lesson.

In fact, from the moment he came in, he found that Yan Mao and Fengyang were weaker than him.

He didn't know that Yan Mao and Fengyang were injured.

He thought that these two people were not as good as him. Himself.

In addition, these two people were older than him, so they were inevitably a little arrogant and had less respect in their hearts.

At that moment, he curled his lips and turned to look at Grave Sheep.

Grave Sheep didn't like this person either.

"Don't ask me either. When we arrived, the altar was like this. If you want to know more, go to the altar in person and it will become clear!"

Grave Sheep's tone was very harsh.

Bai Shi's frown deepened.

He had never seen the white tiger evil spirit. Who knows if there is white tiger evil energy in the altar.

If it was true, he would not dare to go up.

He has not yet mastered the secret of evil energy turning into karma. Technique.

In short, Boss Bai Shi was unhappy after being hit with a series of bad blows. He curled up his lips.

"Cut~! Come one step early, what's the big deal! To understand the secret technique, you also need to look at your understanding. Seeing that you are quite young and your cultivation level is not as high as mine, I am afraid that your understanding is not very good!"

The voice was neither loud nor quiet, but Yan Mao and Fengyang heard it clearly.

The two of them felt that this guy deserved a beating for some reason.

Unfortunately, fighting is not allowed here!

It's good to die. As soon as Bai Shi's words fell, Tianyu's An old man stepped forward to flatter him

"Lord Baishi, I heard that these dominant players from the Star Alliance don't have much talent. Except for one Yuchen, everything else was just so-so. However, even if that Yuchen comes, he can't compare to you"

"Brother, you've said that. That Yu Chen is pretty good, he should be on par with me."

Bai Shi pretended to be humble.

Yan Mao and Fengyang rolled their eyes.

This guy is really ignorant.

The best person in the Star Alliance is not Yu Chen, but Emperor Qin

"never mind! Let's realize it quickly! Bai needs to be the first to pass the test"

"Master Bai Shi, we are here early. The true meaning you comprehend belongs to the true meaning of killing, and your understanding is extremely high. It is not difficult for adults to be the first to pass the level."

The old man quickly flattered him.

As soon as he finished speaking, many Tianyu players also followed suit.

"That's right! Master Bai Shi's talent and understanding are among the top three in our Heavenly Domain. I estimate that within two days, adults will be able to understand this secret technique."

"I am very sure of that! Your Excellency will definitely take first place!"

Baishi was praised by everyone, and his heart was lifted.

He smiled and said, "Thank you, everyone! Baimou can't guarantee that he will realize his feelings in one day, but there will be no problems in the next two days."

"Tsk tsk!! Master Bai Shi is really powerful. I couldn't understand it within three days!"

All the Tianyu players exclaimed.

Bai Shi smiled, but there was pride in his eyes, and he glanced at Yan Mao and Yan Mao from time to time.

Yan Mao and Fengyang were speechless.

This group of people is really confident!

Realized in two days He figured out the secret technique and thought it was amazing.

With such results, you still want to get the first place?

So what if Emperor Qin suddenly understood the secret technique within a few minutes?!

What's more, the first place was taken away by Emperor Qin long ago.

You guys are still daydreaming!

Yan and Mao thought this group of people was funny.

However, they didn't bother to pay attention and continued to comprehend.....

Not long after, another group of players arrived.

This time I came to the Demon Realm.

After reading the information on the stone tablet, the people in the Demon Realm began to meditate and gain insights.

Next, there were more and more people.

Half an hour later, hundreds of people were already in the assessment hall.

The twin mistresses and a group of people also came in.

They glanced at the whole place with murderous expressions.

However, they did not dare to kill anyone.

In this place of inheritance for high-grade star masters, even if there are four golden puppets, they are still vulnerable to the spirit of inheritance.

They must follow the rules!

However, this inheritance opportunity also moved their hearts.

One by one, they came to the foot of the stone monument to express their feelings.

The four golden puppets stood by silently.

There is nothing the Gemini mistress can do.

He is not the true master of the puppets, he only has command authority and no way to put them away.

Just like that, more and more people came over.....

At the same time, in another temple of the Heritage Temple.

Qin Feng has been talking to the spirit of inheritance for almost an hour.

The spirit of inheritance is a man with a majestic temperament.

At this moment, he was smiling all over his face, looking at Qin Feng with a look on his face.

"I didn't expect that Brother Zulong and Brother Qilin would both choose you! This makes me have the urge to let you directly inherit this inheritance!"

The spirit of inheritance sighed.

But then, he said worriedly: "I am just an obsession. If I really did that, it would be against the will of the original body. Well, I've thought of a compromise that will allow you to get the inheritance quickly. Qin Feng's eyes lit up:"

Senior, tell me!"

"The method is that I will directly let you challenge the last level, but the difficulty will be increased five times. As long as you pass, you will get the inheritance immediately"

"Senior, this is a good idea, junior is willing!", Qin Feng was delighted.

The spirit of inheritance hesitated and said: "Qin Feng, let me remind you. The difficulty of the last level is increased by five times. Without the late-stage strength of a low-grade star master, it would be difficult to pass."

Qin Feng: "....."

These words gave Qin Feng a headache.

His current strength is only at the mid-low level, not as good as the late level.

In this way, the difficulty has been increased three times, and he will not be able to pass this level.

"Senior, if we follow the normal assessment procedures, how many more tests will we need to pass before we can get the inheritance?"

"You still have to pass five more levels, and you must ensure that the total score is first. Therefore, I will increase the difficulty of the last level for you by five times. It means you passed five levels at once!"

Qin Feng suddenly realized.

If he follows the normal procedures, he will definitely get the inheritance.

"Qin Feng, if you are not sure, just follow the normal procedure, that's okay."

The spirit of inheritance is already very biased towards Qin Feng.

"Senior, I want to know. If we follow the normal procedures, how many days will it take to get the inheritance?"

"As soon as ten days!"

Qin Feng was stunned.

In six days, the low-level star master will be able to come in.

If he gets the inheritance after ten days, the tea will be cold.

"Senior, I want to try a shortcut! Challenge the last level directly!"

Qin Feng quickly made a decision

"Have courage!"

The spirit of inheritance was overjoyed.

He likes young people with adventurous spirit.

When he was alive, he liked adventure and excitement.

"Qin Feng, since you have chosen. I will also give you two favorable conditions. After all, the difficulty of the last level has been increased five times. It is really too difficult. Only low-level star masters can pass it if they have hope in the later stage."

"It's too difficult for you to be a top-grade master. So, I give you two chances to challenge. If you fail both times, you will follow the normal procedure and continue to take the assessment."

The spirit of inheritance has taken great care of Qin Feng.

Qin Feng was overjoyed and said gratefully: "Thank you, senior!"

"Take these two jade talismans!"

The spirit of inheritance waved his hand, and two jade talismans flew towards Qin Feng

"During the challenge, if you find yourself defeated, you can escape by crushing the jade talisman. Remember! If you are not your opponent, don't hold on! It's extremely dangerous there and could kill you!"

The spirit of inheritance said very seriously.

Qin Feng took a deep breath and became inexplicably nervous.

The next second, the spirit of inheritance waved his hand.

A light door appeared in the eyes of the two people.

"This entrance leads to the last level!"

"Senior, here I go!"

Qin Feng took a deep breath and stepped through the door.

The next second, the light door closed and disappeared.

"Is this too difficult for him?!"

The spirit of inheritance glanced slightly uneasily, and the figure gradually faded and disappeared..

Chapter 662

But after Qin Feng passed through the light door, he entered a strange starry sky.

He levitated in the air and looked around.

I saw four divine swords rising slowly from the four ends of the world.

Each divine sword is thousands of times larger than the earth. It can't be seen at a glance, and it seems to pierce the sky. It's unimaginable!

Qin Feng was as insignificant as a speck of dust in front of the Four Swords.

The next second, the four swords sounded in unison.

The overwhelming sword energy rolled over, and the power of the sword suddenly reached the level of a mid-level low-grade star master.

"Master, these four divine swords are so terrifying!"

The voice of Ming He sounded in Qin Feng's mind.

The voice was full of shock.

Now, Chu Chu, Zixing and others are all in retreat and unable to help.

Only Ming He is left to fight alongside him.

"These four swords should be of the middle grade star master level Yuanwu level."

Qin Feng took a deep breath and his expression became serious.

Even without the control of the master, the middle-grade star master Yuanwu can still exert the power of the low-grade star master in the middle stage.

This is equivalent to saying that Qin Feng and Ming He have to face four He is a mid-level star master by name.

But just as this thought came to his mind, the voice of the spirit of inheritance sounded in the void.

"Qin Feng, according to the original assessment rules. Four-fifths of the power of these four divine swords will be sealed. Because of your special situation, all seals have been lifted"

"You now have to face the full power of the four divine swords! Of course, as long as you pass the assessment and get the inheritance. These four divine swords are yours!"

Qin Feng was overjoyed.

These four divine swords are all mid-grade star master level Yuanwu.

If he gets it, his strength will definitely increase greatly.

"Senior, what are the names of these four divine swords?"

"These four divine swords are called the Four Sealing Heaven Swords! The sword of the east is named Fengtian, the sword of the west is named Dingtian, the sword of the south is named Kengtian, and the sword of the north is named Juetian.

"The four swords are all mid-grade star master level Yuanwu. When the four swords are combined, the power increases tenfold. If coupled with the Heaven Sealing Formation Diagram, it can become the Heaven Sealing Sword Formation, and its power will be increased tenfold!"

"What? Are there any array diagrams?" Qin Feng suddenly felt something was not good.

The next second, a huge formation appeared in the void under his feet, tens of thousands of times larger than the solar system.

Immediately, the four divine swords began to merge with the formation.

The power and momentum continued. hurricane!

"not good!"

Qin Feng quickly entered the fighting state.

Chaos Golden Transformation!

In an instant, he transformed into a towering giant, comparable to a planet, exuding billions of golden lights...

His momentum doubled instantly!

The combat power increased to 440,000 Gai!

Jieji Combined!

Styx's combat power is superimposed!

The combat power skyrockets to 640,000 Gai!

The Divine Pillar of Faith is activated!

Billions of believers output the power of faith!

The combat power skyrockets to 700,000 Gai!

This is Qin Feng's strongest state!

Of course, if When Chu Chu and others come out of seclusion, his strongest state will be even stronger. All this is not over yet!

Buzz~!

A clear cry!

Infinite golden light appears behind Qin Feng's head! The golden wheel of merit! Now!

Sixteenth level of halo!

Universal illumination The world!

Buzz~!

Another clear cry!

Boundless red light appears under Qin Feng's feet!

The red lotus of karma! Appear! The flower blooms to the ninth level! The sea of fire is overwhelming! The two phases are superimposed! All increased by twenty-five!

Boom~! Boom~! Boom~! Boom~!

The four divine swords are also integrated with the Sealing Heaven Formation!

The Sealing Heaven Sword Formation is completed!

The power is increased twenty times!

Boom~!

Billions of sword lights are shooting towards Qin Feng!

Covering the sky and covering the earth!

The sword power in the sky has completely reached the late stage of the low-grade star master.

Qin Feng pointed his finger!

Yuantu Abi's two swords rushed out of the sea of blood!

Each magic sword has reached the low-grade star master level.

The two swords combined! Comparable to the middle-grade star Main level Yuanwu!

Bang~! Bang~! Bang~! There was a violent explosion in the starry sky!

Countless spaces instantly collapsed!

Billions of worlds were turned into powder!

A war broke out!

It was like the destruction of the universe!

Qin Feng's assessment goal , is the Heaven-Breaking Formation!

Deep in the void, the spirit of inheritance watched silently, somewhat stunned.

"This guy is really good! No wonder Brother Zulong and Brother Qilin chose him!"

The Spirit of Inheritance nodded with pleasure.

But then, the Spirit of Inheritance became more and more surprised.

He originally thought that Qin Feng would be defeated if he could hold on for a quarter of an hour at most.

After all, this powerful Heaven Sealing Formation was fully activated. , only low-grade star masters can break it in the late stage.

Below the late-grade star master, it will 100% fail.

Qin Feng's combat power is 700,000, which is still in the mid-term category of low-grade star masters.

The combat power of low-grade star masters in the mid-term is 50-100 Ten thousand Gai, the later stage is 1-2 million Gai.

Qin Feng is still far away from the threshold of the late stage.

Unexpectedly, after a quarter of an hour passed.

Although Qin Feng was at a disadvantage, he advanced and retreated in a controlled manner, without any panic or injury.

This is better than inheritance Zhiling expected much better.

He originally thought that Qin Feng would be seriously injured and withdraw within a quarter of an hour.

"It seems I underestimated this guy! I don't know if he can last for an hour!"

In the blink of an eye, an hour has passed.

Qin Feng still persists and is intact.

The spirit of inheritance is stunned.

Can this kid persist for three hours?

In the blink of an eye, three hours have passed.

Qin Feng is still at a disadvantage, but he is still not injured.

The inheritance The spirit of inheritance was shocked.

Eight hours later, Qin Feng was still not injured.

The spirit of inheritance was stunned.

One day later, Qin Feng's disadvantage became obvious, but he was still not injured.

The spirit of inheritance was overjoyed.

He had not expected Qin Feng in the first place. Feng Neng passed the test.

He just wanted to use this method to test Qin Feng.

He wanted to see what Qin Feng's potential was.

And the result made him so satisfied. He could last for a day under the Sealing Heaven Sword Formation.

There was an 80% chance of inheriting the spirit. Will, Qin Feng was identified as the successor.

He simply closed the entrance to the inheritance place and stopped allowing more people to enter.....

He waited for Qin Feng to fail in the challenge before going through the normal process.

As long as nothing happens, this inheritance must be Qin Feng.

Of course, this is the idea of the spirit of inheritance.

Qin Feng is unwilling to follow the normal process. It would take too much time and would not help him grab more high-grade inheritance.....

But on the other side, in the Secret Skills Assessment Hall, more than 10,000 contestants had entered.

Everyone was sitting densely in the hall, each taking the time to comprehend. The atmosphere of competition was very strong.

The entrance to the Heritage Land is closed.

These people have gotten the message.

However, they don't care about that.

They are all racing against time and want to enlighten the secret within three days.

But at the end of the day, no one realized it.

Time flies.

In a blink of an eye, it was the next day.

Bai Shi from Tianyu was finally the first to realize the secret technique.

This made people around him extremely envious.

Since Bai Shi's enlightenment, people have realized it one after another.

On the third day, Yan Mao and Feng Yang also realized it one after another.

The twin mistresses of the Starry Sky Clan also realized this.

He is also the only high-level master of the Starry Sky Clan, Dzogchen.

On the fourth day, when the last entrant also completed the assessment.

Only more than 200 people passed the first level of assessment.

At this moment, in another hall.

More than 10,000 examiners are concentrated here.

The first assessment is completely over.

But everyone's expressions were very bitter.

More than 98% of people failed, so naturally no one was happy.

At this moment, the hall was divided into several small groups.

Each of the five major forces occupies a position.

Nearly a thousand people from the Star Alliance also came, and there were only more than a hundred master-level elites, most of whom were God Emperors.

Yan Mao and Fengyang naturally became the leaders of these people.

After all, they have the highest cultivation level.

On the other side, there were more than two thousand people from Tianyu.

At this moment, Bai Shi was very proud.

This time he was the first to understand the secret technique.

Beside him, many Tianyu players were complimenting him

"Lord Baishi, you are the first person to understand the secret technique. The first place in this first competition belongs to you!"

"Of course! Master Bai Shi is one of the top three super geniuses in our world! He won this first place with ease!

Bai Shi felt comfortable.

He smiled and said, "I'm not sure about this!" After all, I came here before most people. Whether I have the least amount of time to comprehend or not, I will have to wait until the real ranking comes out to find out!"

A Tianyu player smiled and said: "Sir! Even if you are close to ten, you will not be able to escape the first place.

Bai Shi smiled: "I don't want to know whether he is the first or not." At least better than those two guys!"

Baishi looked at Yan Mao and Fengyang provocatively.

He was still worried about what happened before.

When he saw this, Yan Mao and Yan Mao sensed it and turned to look.

The three of them looked at each other.

Bai Shi's lips turned around. Slightly raised, full of disdain.

The contemptuous look in his eyes was very provocative.

Yan Mao frowned, very annoyed

"Brother Yan, this guy is at odds with us!" The grave sheep are not happy either.

"snort! Looking at his arrogant look, I don't understand what there is to be proud of.", Yan Mao sneered.

The words were neither loud nor quiet, but they still shocked a lot. Everyone in the audience looked over.

Everyone could see that Bai Shi and Yan Mao seemed to have some conflicts.

They just didn't know what happened between them. What

"Yo! Brother Bai Shi, what's wrong with you?"

A voice sounded from the Demon Realm side.

The speaker was a middle-aged man named Youtong, who was also a high-level master of Dzogchen.

As soon as he said this, everyone looked at Bai Shi

"No big deal! Bai is a friend who is curious about the Star Alliance. What will be the results this time?", Bai Shi said with a smile.

Hearing this, Youtong rolled his eyes and looked at the Star Alliance with a hint of ridicule.

The Star Alliance and the Demon Realm have enmity.

In addition, the Star Alliance has always been known as the number one force in the universe, and the Demon Realm has long been aware of this. Jealousy.

Right now, there is friction between Tianyu and the Star Alliance, and he will naturally get involved.

"Brother Bai Shi, the new generation of the Star Alliance has few talents. None of them can threaten your performance. Why are you curious about their performance?"

This Youtong is nakedly mocking the Star Alliance for its lack of talent.

All the Star Alliance players were very angry and glared at him angrily.

Yan Mao frowned:"Youtong, what do you mean?! You really think our Star Alliance has no talent!"

"oops! Brother Yanmao, I just said it casually, don't think too much about it. However, your results this time seem not to be as good as mine, let alone Brother Bai Shi!"

Youtong joked angrily.

As soon as he said this, the players from the Demon Realm and the Heaven Realm all laughed.

The laughter was harsh.

The Star Alliance players sounded very unhappy, but they didn't know how to refute.

You know, this In the first assessment, Yan Mao had the best score in the Star Alliance.

But Yan Mao's performance was indeed not as good as You Tong and Bai Shi.

This left the Star Alliance players speechless.

But Yan Mao and Fengyang didn't think so at all.

Only the two of them knew that Qin Feng had the best result in the first game.

Others didn't know that Qin Feng had already passed.

No one knew that Qin Feng had persisted in the Sealing Formation for four days without defeat.

In the end, Qin Feng completely shocked the spirit of inheritance.

Now, in the eyes of the spirit of inheritance, these players are not worthy of being compared with Qin Feng.

"Brother Yanmao, was You right?", Youtong asked with a half-smile.

Bai Shi on the side also showed a playful smile.

Yan Mao found it funny.

At that moment, he sneered and said:"Youtong, you are too self-righteous. To tell you the truth, the first place winner in this first assessment belongs to our Star Alliance."

As soon as these words came out, the whole audience was stunned for a moment.

Immediately, the people from the Demon Realm and the Heavenly Realm burst into laughter.

On the other side, the people from the Ancient Realm and the Disbanded Alliance also shook their heads slightly.

Isn't this Yan Mao crazy? ?

Even if this first place is not from Bai Shi, it will definitely not be from the Star Alliance.

Whoever realizes the secret skill first, they will all see it.

"Brother Yanmao, are you awake and talking nonsense? Everyone can see that the first person to realize the secret technique this time is Bai Shi. How could he be someone from your Star Alliance?"

You Tong shook his head and sneered.

Bai Shi said disdainfully:"Brother You Tong, why bother talking to them? You'll know after a while when the ranking monument is refreshed."

Grave Sheep sneered: "I'm afraid you will feel ashamed after seeing the rankings!"

Baishi couldn't help laughing as if hearing a big joke.

"Ha ha!! , I will be ashamed? It should be you who are ashamed, right? What a joke!"

"yes! Those words are too speechless! Ha ha!!"

The people in the Heavenly Domain and the Demonic Domain couldn't help it.

The whole audience burst into laughter.

But at this moment, the center of the hall shook, and a gray sky tablet rose from the ground.

The ranking sky tablet finally appeared.

But Tian The laughter between the realm and the demon realm continued.

At this moment, a golden light flashed on the sky monument, and information emerged.

The first place, Emperor Qin (Star Alliance), enlightenment time: 3 minutes.

The second place, Bai Shi (Tian) domain), enlightenment time: 3137 minutes.

These two lines of information were extremely dazzling!

Everyone saw it!

For a moment, everyone was dumbfounded.

Damn it~!

The first place turned out to be from the Star Alliance.

It only took 3 minutes.

The second place Compared with one of the famous Baishi, there is a difference of more than a thousand times!

The gap is as big as heaven and earth!

The laughter in the heaven and demon realms suddenly stopped, and everyone opened their mouths, and their smiles froze.

It was too big Embarrassing!..

Chapter 663

The whole place suddenly fell silent!

Damn it~! three minutes!

It only took three minutes to realize it!

Everyone stared at Qin Feng's results in disbelief.

Yan Mao and Feng Yang looked disdainful.

This group of ignorant and arrogant guys finally opened their eyes!

Especially that Bai Shi, with his 3137 minutes of comprehension time, he still wants to take the first place?

It's so laughable!

"It's Lord Qin!"

An excited exclamation sounded from behind Yan Mao.

"Ha ha!! It turns out that Lord Qin Huang is here too!"

The masters of the Star Alliance turned their heads and looked around one by one, looking for Qin Feng excitedly.

The God Emperors of the Star Alliance were even more amazed.

The secret technique of turning evil energy into karma is too difficult.

They have all learned it personally.

They It is really unimaginable how Emperor Qin understood the secret technique in 3 minutes.

He is simply a god-like existence!

"Who is Lord Qin?"

Someone in the crowd asked curiously.

They couldn't wait to get to know such a powerful figure.

Qin Feng's rise was too short.

Many God Emperors of the Star Alliance still know about him.

However, the Dominator-level elites have long regarded Qin Feng as their leader.

Of course. After what happened today, Qin Feng's reputation will be fully spread at the God-Emperor level, and finally spread throughout the Star Alliance. At this moment, not only the people in the Star Alliance are excited.

People in the Ancient Territory and the scattered alliance are also enthusiastically The discussion started.

Only the people from the Heavenly Domain and the Demonic Domain were embarrassed, standing there not knowing what to say.

They were still mocking the Star Alliance before.

But in the blink of an eye, they were slapped in the face, and they were slapped very hard.

"Bai Shi, didn't you say you wanted to win first place?", the grave sheep looked at Bai Shi with a smile but not a smile.

"Grave Sheep, he is more than a thousand times slower than Lord Qin Emperor, how can he compete with Lord Qin Emperor for first place!"

Yan Mao followed up with a last strike.

Bai Shi opened his mouth in embarrassment.

"This...couldn't this be a mistake made by the spirit of inheritance?"It took Bai Shi a long time to hold back these words.

The people in the Star Alliance burst into laughter.

This was so funny!

This guy's grades were so inferior that he actually blamed the Spirit of Heritage for making a mistake. At this moment, even Guyu and San The people in the Alliance shook their heads slightly.

The people in the Heavenly Domain and the Demonic Domain were embarrassed.

They were in the same spirit.

Before, they had laughed at the Star Alliance together.

In the blink of an eye, they were laughed at by the Star Alliance in public, and they couldn't argue.

Listen. Seeing the harsh laughter all around, Bai Shi became angry and said: "What's so funny! Who is your Qin Emperor? Come out and meet him, let me see what is so great about him?!"

As soon as these words were said, the people of the Star Alliance became commotion.

Yes!

They laughed for a long time, but they still didn't know who Emperor Qin was.

The masters were also confused.

They had been searching for a long time, but they couldn't find Emperor Qin.

Even Yanmao Grave Sheep felt strange.

The two of them had been searching for a long time, but there was no trace of Qin Feng.

This is very strange!

As early as four days ago, Qin Feng was taken away by the spirit of inheritance.

"how? Isn't Emperor Qin willing to come out?", Bai Shi looked around the crowd.

At this moment, everyone felt strange and looked at the people from the Star Alliance.

But after waiting for a long time, no one stood up.

Bai Shi's eyes lit up, this Emperor Qin was a little strange!

Why did he Not coming forward?

Is he not here, or does he not dare?

"hehe!! I thought there was some great person coming out of the Star Alliance? It turns out that he is a coward who doesn't even dare to come forward!"

Bai Shi's tone was full of sarcasm.

He was also angry and wanted to regain his face with his words.

But those words angered everyone in the Star Alliance.

Yan Mao was furious:"Who do you think you are! How dare you say that Lord Qin Huang is a coward! I see you are looking for death!"

"snort!! It's none of your business whether I'm looking for death or not! However, you said that Emperor Qin was not a coward, so why didn't he dare to come forward? Or is he no longer in the secret realm of inheritance at all?"

Bai Shi squinted his eyes and looked at the crowd.

Everyone was shocked.

Yes!

It's hard to hear what Bai Shi said. Why didn't Emperor Qin come forward?

If you say he is timid, it doesn't make sense. Is it possible that Qin Feng is really No longer in the secret realm of inheritance?

This thought made the people of the Star Alliance uneasy.

Could it be that Emperor Qin was purged out by the spirit of inheritance?

If so, then this inheritance fight will be very detrimental to the Star Alliance!

Only You Yanmao and Fengyang are full of confidence.

Qin Feng was picked up by the spirit of inheritance because he was too good, and he will never be cleared out.

It's just that they can't find Qin Feng.

"cut! What kind of person is Lord Qin Huang? Just because of you, we can meet each other?!", Yan Mao looked at Bai Shi with disdain.

He now admired Qin Feng extremely.

In his mind, Bai Shi was not worthy of talking to Qin Feng.

Bai Shi laughed in anger: "Ha! Stop praising Emperor Qin. I think he probably broke the rules and has been eliminated by the Spirit of Heritage, so he can't be seen here."

As soon as these words came out, many people suddenly realized that they felt it made sense.

Youtong even echoed: "Brother Bai Shi makes sense! I guess Emperor Qin just cheated. Under normal circumstances, how could it take 3 minutes to realize something? It must be cheating!"

"that is! He must have cheated!"

Many contestants from the Heaven and Demon Realm followed suit.

Yan Maofengyang was so angry that he rolled his eyes at these confusing words.

At the same time, in the corner of the crowd, the Twin Palace Masters silently watched the dispute between the two parties, with a sneer at the corner of his mouth and a deep smile in his eyes. There is ridicule in the depths.

What a bunch of idiots!

As long as there is a chance, he will definitely kill all these idiots.

"Sir, these people from the Star Alliance, Heaven Realm, and Demon Realm are really funny!"

The Scorpio Palace Master on the side whispered.

The Gemini Palace Master smiled coldly: "Just wait! We will destroy them whenever we get the chance. By killing this group of people, the energy of the Three Life Bottles will be filled up. Any adult will definitely be satisfied with our performance."

As soon as these words were said, the two looked at each other and smiled.

In their eyes, these people in front of them were all dead.

The feeling of controlling other people's destiny gave them a sense of superiority.....

At the same time, in another temple.

Qin Feng had already come out of the Sealing Heaven Sword Formation.

He persisted for four days and four nights, but finally fell short and had to quit.

In other words, he failed in the first challenge!

The inheritable spirit is extremely satisfied with his performance

"Qin Feng, what are your plans?", the spirit of inheritance asked kindly.

"I have one more chance! I want to challenge again!"

Qin Feng said very firmly.

In two days, the lower-grade star masters will come in.

He must obtain this high-grade inheritance as soon as possible

"Qin Feng, unless your strength reaches the late stage of a low-grade star master. Otherwise, you really can't break this sword formation. Sometimes, it's just a hair's breadth away!"

The spirit of inheritance kindly persuaded.

He hoped that Qin Feng would challenge according to the normal procedures.

In the hall, the contestants were waiting for the second assessment.

If he followed the normal procedures, Qin Feng would definitely succeed.

"Senior, you can actually break the formation without using the later stage strength. I have found a way."

"tell me the story!"The spirit of inheritance was curious.

Qin Feng smiled and said:"As long as the four divine swords cannot be combined, the power of the formation can be reduced ten times. In this way, there is no need for later-stage strength. The spirit of inheritance was puzzled:"

Then how do you make the four great swords incompatible?" This is very difficult!"

"Divide it into four! If I can separate four forces, and each force can deal with a divine sword, I can naturally prevent them from combining. Then, as long as I break one of them, the formation will break itself!"

"Makes sense!", the inheritance spirit nodded slightly.

He understood what Qin Feng meant

"But how can you separate the four forces by yourself?"

"This is where I'm currently having trouble!"

Qin Feng sighed.

He can let the shadow clone face one divine sword, and Styx drags the other divine sword.

Then, the strongest body can deal with the other divine sword.

As long as the main body breaks the formation of that divine sword The gate, the formation collapsed.

But here comes the problem. There are four divine swords in total, not three.

Then who will deal with the fourth divine sword?

Qin Feng thought about it. Although he has many men, no one can deal with it..The power of each divine sword combined with the formation diagram is unparalleled.

Without the initial combat power of a low-grade star master, it would be impossible to hold off, and would even cause the death of many innocent men.

"You have a good idea! But it is difficult to achieve!"

The spirit of inheritance also felt sorry for it.

But at this moment, he seemed to sense something and turned his head to look in another direction.

"Senior, what's wrong?"

"There was a quarrel in the hall, and it still has something to do with you? Some people call you a coward!"

The spirit of inheritance smiled.

Qin Feng frowned.

Being scolded is a very unpleasant thing.

"Do you want to deal with it?!", the spirit of inheritance asked with a smile

"Senior, are there any rules?"

"what ever! However, the number of murderers must not exceed twenty!"

Qin Feng was overjoyed:"Thank you, senior!"

"Take it!", the spirit of inheritance threw over a token.

His care for Qin Feng can be described as doting.

In fact, Qin Feng's performance made him very satisfied. What's more, both Zulong and Qilin chose Qin Feng.

He vaguely felt Qin Feng will definitely be extraordinary in the future, so he wants to fulfill Qin Feng's future

"Seniors, juniors, come as you go!"

Qin Feng took the token, entered his vitality, and disappeared out of thin air.

The next second, he appeared quietly above the temple.

No one in the audience noticed his arrival.

There were constant quarrels in the crowd.

Qin Feng silently glanced at the audience.

The next second, his eyes fell on a corner of the hall, with a look of ecstasy on his face.

In that corner, he saw four golden puppets standing silently.

Jin Human puppets!

Haha!! It takes no effort to get them!

As long as he gets these four puppets, twelve golden puppets will be gathered together. He can condense the Panzu puppet! That is a low-grade star master level puppet!

Killed Panzu's puppet!

There is hope for him to break the Sealing Heaven Sword Formation!..

Chapter 664

At this moment, the quarrel among the crowd became louder.

Qin Feng followed the sound and looked.

I saw Yan Mao and Bai Shi confronting each other

"Yan Mao, you don't have to hide it. We are all smart people! We can all see that Emperor Qin has been kicked out of the secret realm by the spirit of inheritance!"

Baishi pretended to smile coolly, as if he had penetrated everything.

"Brother Bai Shi is right! We all called him a coward, but he hasn't come out yet. It can be seen that this Emperor Qin is either a coward, or he is not in the secret realm! You

Tong also smiled and agreed.

Yan Mao was furious: "You really don't know whether to live or die!" When Emperor Qin comes out, you will be dead!"

"that is! When Lord Qin Huang comes out, none of you can escape!"

The members of the Star Alliance were filled with indignation.

"Ha ha!! What's the use of talking nonsense? If you have the ability, tell Emperor Qin to get out!"

Youtong

's tone was extremely arrogant. But as soon as he finished speaking, a cold voice sounded above everyone's heads.

"You want to see me so much!"

Everyone was startled and looked up one after another.

They saw an extremely handsome young man in white clothes, with the skirt of his clothes flying, standing in the air.

"It's Lord Qin!"

"Ha ha!! Lord Qin Huang is back!"

A cheer erupted in the Star Alliance.

Yan Mao's face was flushed with excitement.

He had long been furious by Bai Shi and You Tong!

People from other forces looked surprised. It turns out that Emperor Qin has always been here!

But they Why didn't you notice it before?

Everyone couldn't figure it out!

Bai Shi, You Tong, Twin Palace Masters and other masters all looked at Qin Feng silently.

He was a top-grade master of Dzogchen. He was extremely handsome and looked very young. He is indeed a super genius.

This was the first impression of Qin Feng among the masters.

All the masters had a look of fear on their faces.

Only the Master of the Twin Palaces had a disdainful look on his face, as if he were an expert outside the world, watching coldly..

Since he took charge of the four golden men, he has grown to the extreme.

Even if the star master came half a step, he would not take it seriously, let alone Qin Feng is just a master.

At the same time, Bai Shi looked at Qin proudly wind

"hehe! It turns out that you are Emperor Qin! Did you go there just now?"

Baishi's tone was arrogant, as if he was asking his subordinates again.

In fact, he was a little jealous in his heart.

He had always boasted of extraordinary talent.

People with the same level of cultivation as him were older than him.

But now that he saw Qin Feng, He felt ashamed.

Qin Feng had the same cultivation level as him, but was younger than him.

In addition, in the test of comprehending the secret technique, the gap between the two was unimaginable, so he naturally felt ashamed.

But after this, it was endless Jealousy.

At the moment, he was putting on airs in public, just to save his face.

Qin Feng frowned slightly.

Bai Shi's tone made him quite unhappy.

But before he could speak, Youtong also echoed:"Brother Bai Shi , do you still need to ask? This kid must be scared, so he has been hiding in a corner. I really didn't expect that people in the Star Alliance are all courageous people!"

"court death!"

"Ouch! Do you want to do something to me? There is a clear rule here that you cannot fight each other!"

Youtong had a mean smile on his face.

Qin Feng took action directly.

The whole audience screamed in shock.

Damn~!

Emperor Qin really took action.

Boom~!

There was a loud noise!

The whole hall shook violently!

A shrill scream, in Echoing in the air!

The crimson blood mist kept rolling!

Qin Feng actually blasted Youtong with one punch.

The whole audience was shocked!

The next second, Qin Feng waved his hand, and hell and heaven appeared.

The blood mist and the true spirit were swallowed up instantly!

All the screams stopped suddenly!

Hiss~!

The whole audience took a breath!

Everyone's backs were running cold.

Oh my god!

Emperor Qin actually killed Youtong instantly.

That was an instant kill!

It wasn't a seal!

Even so! The half-step star master is not so powerful!

This Emperor Qin is too terrifying!

At this moment, everyone looked frightened, looking at Qin Feng, not daring to breathe.

The atmosphere in the field became extremely depressing.

There was no air in the air A little noise.

No one dared to make any noise for fear of angering Qin Feng.

Bai Shi was so frightened that his face turned pale and his body was trembling. At this moment, he realized how terrifying the young man in front of him was..

Even the master of the twin palaces showed a look of horror.

The arrogance in his eyes disappeared, and Qin Feng's eyes became extremely fearful.

Qin Feng was too lazy to pay attention to his surroundings.

He waved, and a storage ring flew over.

Then It was Youtong's storage ring.

Youtong was killed.

No one among the thousands of Demon Realm players dared to speak!

Qin Feng casually checked the storage ring and showed a hint of joy.

There were many treasures in Youtong's storage ring..

He put away the storage ring with satisfaction and then looked at Bai Shi

"Now it is your turn!"

Baishi's face changed drastically, and he backed away in fear.

His strength was comparable to Youtong's.

Qin Feng could kill Youtong instantly, so naturally he could kill him instantly.

Eh! No!

Baishi suddenly heard something, and shouted loudly at the sky above the hall. Shout:"Senior Spirit of Inheritance! Someone violated the rules here! Someone killed someone!"

With this shout, everyone woke up.

That's right!

Emperor Qin just killed someone, why didn't the spirit of inheritance respond?

"Senior Spirit of Inheritance, come out quickly! Someone violated the rules here!"

Baishi roared extremely anxiously.

"What's the fuss about?!"

An impatient voice sounded above the hall.

Then, the spirit of inheritance came out of the void.

"senior!"

When Bai Shi saw the spirit of inheritance, it was like seeing a relative, and he almost knelt down and cried bitterly.

"Senior, he...he killed someone! He killed people here!"

Baishi excitedly stepped forward to complain and pointed at Qin Feng.

"I know it!", the spirit of inheritance nodded slightly.

Bai Shi cried:"Senior, this guy has violated the rules, punish him quickly!"

"I want you to teach me how to do things?!", the spirit of inheritance is unhappy.

"ah?!", Bai Shi was so shocked that he couldn't speak.

Then the spirit of inheritance looked at Qin Feng and said gently:"Qin Feng, don't let meDo!"

"Senior, I understand!"

As soon as these words came out, everyone felt that something was wrong.

Qin Feng took action instantly.

Bang~!

He slapped Bai Shi into a pulp.

The next second, hell and heaven all appeared, swallowing up Bai Shi's flesh and blood. Everything was clean.

Bai Shi's soul was wiped out!

Everyone was dumbfounded, and everyone opened their mouths. Oh my god!

Qin Feng actually killed Bai Shi in front of the spirit of inheritance!

Soon, Tianyu The people reacted.

A Tianyu player pointed at Qin Feng:"Senior...Senior, he...he killed someone...."

"Why don't you just kill one person? What's all the fuss about?!", the spirit of inheritance said angrily.

"ah.....", the Tianyu player was dumbfounded.

He thought he heard wrongly.

The whole audience was confused!

One by one, you look at me and I look at you, and you can't figure out the situation.

Qin Feng turned his head, looked at the player and smiled.

The man was so frightened that his whole body was shaking.

Qin Feng was too lazy to pay attention to that person.

He casually put away Bai Shi's storage ring, took a step forward, and reached the sky above the Twin Palace Master and others.

The people of the Xingkong Clan were shocked, and they all felt like they were facing a formidable enemy.

"What do you mean?", the Twin Palace Master stepped forward to ask.

Qin Feng ignored it.

He looked directly at the Aries Palace Master in the crowd.

"Do you remember me?", Qin Feng looked at him with a smile

"Who are you?", Palace Master Aries was puzzled.

Ancestor Wutian was the name of his incarnation.

At first, his incarnation and Qin Feng met in the Ziyun Secret Realm and became enemies.

But the connection between the incarnation and the real body was isolated by the Ziyun Secret Realm.

He did not Knowing everything that happened inside, he naturally couldn't recognize Qin Feng.

The corners of Qin Feng's mouth curled up slightly. It seemed that the original form of Patriarch Wutian couldn't recognize him.

"Are you from the Starry Sky Clan?"

Qin Feng's eyes swept across the twelve palace masters

"That's right! We are the lords of the twelve houses in the starry sky. I don't know, Your Excellency....."

Gemini zodiac signs want to test.

The four golden men behind him were on alert.

Qin Feng sneered:"I have a grudge against the Xingkong clan!"

The Lord of the Twelve Palaces was shocked.

Qin Feng suddenly took action, and billions of sword lights shot out, swallowing up the Lord of the Twelve Palaces in an instant.....

The dazzling sword light stabbed everyone so hard that they couldn't open their eyes!

In the next scene, the sword light faded and all the twelve palace masters disappeared, and they were killed instantly with one move.

Only the four golden puppets were left, emitting dazzling golden light and rushing toward Qin Feng.

Those four terrifying auras, which were comparable to the Great Perfection of the Half-Step Star Master, soared into the sky and shocked the entire audience.

Qin Feng waved his hand, and a sea of blood surged out, immediately wrapping the four golden men and pulling them directly into the hell realm.

The four golden puppets are in hand!

Qin Feng was happy.

The whole audience was stunned!

The four Half-Step Star Master Dzogchen puppets were captured by Emperor Qin in just one move!

Emperor Qin definitely has the strength of a low-grade star master.

Everyone gasped, too shocked to speak.

The next second, Qin Feng waved his hand and got the twelve palace master's storage ring.

After a brief exploration, he looked happy.

In the storage ring of the twin womb masters, there is actually a middle-grade star master inheritance.

In this way, 17 middle-grade biographies, all of them were enlightened by him alone

"Senior, thank you!"

Qin Feng handed over to the spirit of inheritance and disappeared out of thin air.

Only a group of people were left standing there, looking confused..

Chapter 665

After a long time, everyone came back to their senses and looked at the spirit of inheritance one by one.

"What are you looking at? Three minutes later, the second assessment begins!"

Throwing these words, the spirit of inheritance disappeared out of thin air.

Everyone was confused again.....

At the same time, in the small universe.

In the hell realm, above the sea of blood.

Qin Feng looked at the middle-grade star master inheritance light group in his hand with a happy face.

There are a total of seventeen middle-grade star masters in the chaotic star field.

It's all in his hands!

The combined value of these inheritances is infinitely close to that of a top-grade inheritance.

Qin Feng will not lose anything if he comes this time.

"such a pity! Now is not the time to refine it....."

Qin Feng put away the inheritance light group with some regret.

He has now reached a cultivation bottleneck.

Even if he refines this middle-grade inheritance, it will not allow him to achieve a breakthrough in cultivation, but will waste a lot of the power of the inheritance.

He wants to wait until he breaks through to half-step Star Master before he can devour this inheritance.

By then, his cultivation level will definitely skyrocket.

In addition to this inheritance, he also has more than 200 Black Sky Crystals in reserve.

Put away the inheritance light group.

There was a space fluctuation around Qin Feng, and a two- or three-year-old baby appeared out of thin air.

"Meet the owner!"

Styx bowed his hands and saluted.

He was very conspicuous in his little red robe.

"Master, those four guys are completely under control!"

The Styx waved his hand.

The blood sea below surged, and four huge waves rose into the sky. On each wave was a golden puppet, which had been sealed with energy.

Qin Feng raised his hand, and activated the divine seal of faith. Four o'clock The starlight flew towards the four golden men.

The next moment, the starlight flew into the puppet's eyebrows.

Click~! Click~! Click~! Click~!

Four soft sounds!

The soul mark in the golden puppet's body was easily shattered.

Immediately, Qin Feng's index finger moved together to draw four golden runes in the air, which were printed on the eyebrows of the four golden figures.

The next second, he had telepathy with the four golden figures.

"Done!"

Qin Feng waved his hand, and the seals on the four golden figures were lifted.

Boom~! Boom!~! .....

The four golden men all knelt down and saluted Qin Feng respectfully.

Styx on the side was stunned.

The master's methods are truly incredible!

It would be difficult for even a top-grade star master to change a puppet of this level.

At this time, Qin Feng waved again, and eight golden lights flashed in succession.

Another eight golden figures also appeared

"Put these on!"

Qin Feng waved his hand again, and twelve pieces of starry sky armor flew towards the golden puppets...

Ka~ka~ka~.....

The starry sky battle armor automatically possesses you!

Each golden puppet transformed into a battle-armored god general, and their momentum doubled instantly...

Some of the combat power was 15,000 Gai, but it doubled to 30,000 Gai instantly!

Some cost 20,000 yuan, doubled to 4 yuan!

Styx was stunned!

"It seems that these starry sky battle armors are more suitable for the twelve golden people!"

Qin Feng was pleasantly surprised.

Then, he figured it out. Back then, the Lord of Qilin built the Twelve Star Sky Armor, wasn't it just for the Twelve Golden People to use!

Only halfway through, Ziyun City was destroyed by the Ancient Territory, Tianyu , Demon Realm jointly attacked.

His only disciple Xie Yan betrayed him again.

Finally, the Lord of Qilin fell.

Xie Yan ran away with the half-finished twelve-star sky armor.

That Xie Yan was a genius in refining weapons.

He finally completed the half-finished starry sky battle armor and rewarded it to the Lord of the Twelve Palaces.

Now, when Qin Feng takes it back, it can be regarded as returning to the original owner.

The starry sky battle armor and the twelve golden men are matched together, which is perfect!

The Panzu puppet combined in this state will definitely be more powerful.

Qin Feng stepped forward and disappeared.

Styx also left.

Next, he reached the other end of the endless sea of blood.

The front was bigger than the solar system. The Samsara Heavenly Disk, which was several times higher, was slowly rotating.

Qin Feng waved his hand, and the Twelve God-Armored Golden Men appeared.

With a seal, the Twelve God-Armored Golden Men turned into twelve rays of golden light and threw themselves into the Samsara Heavenly Disk.

The next second, Qin Feng began to control.

Hell reincarnation, golden man unites!

Boom~! Boom~! Boom~!

The reincarnation sky plate roars continuously!

The whole hell world trembles!

In the blink of an eye, twelve golden lights reincarnate in the sky plate Fusion into one.

Golden light collides!

Heaven and earth are shocked!

Then, a sigh!

A towering giant bigger than the earth walks out of the samsara disk.

The giant's body looks like it is made of gold, wearing divine armor, carrying a giant axe, exuding  
The endless eternal breath...

Every step he takes, the world trembles, and all laws are chaotic.

"Ding! Congratulations to the host, your Panzu puppet has been successfully condensed, and its  
combat power has reached 700,000 Gai (not in peak state)....."

It's finally done!

Qin Feng was surprised and happy.

This Panzu puppet actually has a combat power of 700,000 Gai, which is not yet at its peak state.

In other words, the strength of this Panzu puppet can still be improved.

This puppet is so powerful!

Qin Feng was surprised and happy.

Styx was even more shocked.

This guy is much stronger than him!

Boom~!

The towering giant came to Qin Feng and knelt down directly.

Billions of miles of space were shattered by its kneeling

"Subordinate..Xia..Pan...Zu has met the master!"

The golden giant spoke human words in a low voice.

It's just that his mouth was clumsy and he didn't speak fluently.

Styx was surprised:"Hey! Master, this puppet is very intelligent!"

Hearing this, the Panzu puppet twisted its stiff head and glanced at Styx unhappily.

It actually had emotions and seemed to hate being called a puppet.

Qin Feng was surprised and happy at the same time.

Look at it like this , the spiritual intelligence of Panzu's puppet is no less than that of ordinary people.

The higher the spiritual intelligence of the puppet, the stronger it is.

This is a good thing!

"Panzu, get up!"

""Thank you, Master." Panzu stood up slowly.

Qin Feng became more and more satisfied as he watched.

The strength of this Panzu puppet is comparable to that of a mid-level low-grade star master.

It will be easy to break the formation this time.

"Styx, Panzu, let's go!"

"yes!"

Qin Feng waved his hand, and the three of them disappeared out of thin air.

A quarter of an hour later, Qin Feng led the two of them into the Heaven Sealing Sword Formation again. As soon as the three of them appeared, Qin Feng used Chaos Golden Body, and his combat power soared to 44 Wan Gai.

Then, he summoned the phantom clone with the same combat power of 44 Gai.

Of course, the phantom clone was not as powerful as Qin Feng.

Qin Feng also had the power of faith superimposed, the Golden Wheel of Merit and the Fire Red Karma Lotus increases, and its strength is much stronger than the phantom clone.

"Master, I am the weakest and may hold you back....."

Styx suddenly felt worried.

He looked at the phantom clone and Pan Zu, and they were both stronger than him.

Not to mention Qin Feng's strength.

Qin Feng smiled slightly.

This little guy is an innate creature from the ancient universe. He has high intelligence and strong self-esteem.

"If you were asked to deal with a magic sword alone, how long could you last?"

"Return to Master, I can hold on for a quarter of an hour at most!"

0·Please give me flowers 0·····

The corner of Qin Feng's mouth curled up:"That's enough!"

At this moment, the four poles of the world shook, and four divine swords floated out of the air.  
.....

The Sealing Formation, which is much larger than the solar system, slowly emerges at Qin Feng's feet.....

"action!"

With a command, Ming He attacked the Dingtian Divine Sword, Panzu's puppet attacked the Kuntian Divine Sword, and the shadow clone attacked the Juetian Divine Sword.

Qin Feng dodged and faced the Sealing Heaven Divine Sword.

In At this moment, he activated the Divine Seal of Faith.

The power of faith was superimposed, and his combat power increased by 60,000 Gai to 500,000 Gai.....

At the same time, the Sealing Heaven Divine Sword in front matched the formation diagram.

Buzz~!

The sword roars into the sky!

A sword gate takes shape!

The power is increased tenfold!

Immediately, a little starlight rang out from the tip of the divine sword, like the rising sun, shining brightly!

Buzz~! Buzz~!

The golden wheel of merit and red lotus of karma appear one after another!

The golden light shines!

The sea of fire is raging!

Everything is improved twenty-five times!

The six supreme divine seals are activated at the same time.....

On the other side, the Sealing Heaven Divine Sword was also activated instantly!

Billions of sword lights are coming!

Qin Feng pointed his finger!

000

Yuan Tu Abi shot out!

Two swords combined!

Meet the attack!

A loud bang!

All dharmas are destroyed!

A big war breaks out!

In this confrontation, Qin Feng had the absolute upper hand.

At the same time, fighting was also taking place in three other directions.

The battle between the phantom clone and the Jue Tian Divine Sword ended in a draw.

Panzu's puppet fought with the Kuntian Divine Sword and gained the upper hand.

Xiao Minghe fought against the Dingtian Divine Sword and was completely at a disadvantage.

After only three moves, he was completely defeated.

He had no choice but to draw out the sea of blood to protect him and delay time by trembling.

The sea of blood never dries up, and the river Styx never dies!

In the blink of an eye, after thirteen moves,.....

The Dingtian Divine Sword found an opportunity and cut through all the seas with one sword!

Click~!

The River Styx was cut in half!

Blood spurts!

Styx screams! Fall into the sea of blood!

In the next breath, he emerged from the sea of blood intact.

The Dingtian Divine Sword burst out with billions of sword lights, strangling him instantly and turning him into blood mist...

In the starry sky, Styx's screams were heard again.

At this moment, Styx was extremely anxious.

If he continues to be killed like this, he will really die...

The four divine swords of Sealing Heaven all have the ability to destroy true spirits.

In the blink of an eye, Styx was resurrected again, his face already pale, but at this moment, the Dingtian Divine Sword broke through the sky again.

Styx hurriedly sealed his seal, and hundreds of millions of blood seas turned into fetal membranes to block him.

Click~!

The Divine Sword of Dingtian easily split open the fetal membrane of the sea of blood and slashed towards the Styx again.....

Styx is sad, he is about to be hacked to death again.

If he was beheaded this time, his spirit would definitely be damaged.....

But at this extremely critical moment, a world-destroying loud noise sounded in the distance!

But it was Qin Feng who defeated the Sealing Heaven Sword!

Breaking through the Sealing Heaven Sword Gate!

As soon as the sword gate is broken, the formation collapses!

The Dingtian Divine Sword that came with a sharp cry, retreated automatically and stopped attacking.....

Styx is ecstatic!

At the same time, above the starry sky, the incomparably hearty laughter of the spirit of inheritance rang out

"Ha ha!! Little friend Qin Feng, you succeeded! The inheritance of this deity will be inherited by you!!"...

Chapter 666

As the laughter fell, the spirit of inheritance walked out of the void

"I've met seniors!", Qin Feng bowed respectfully.

Panzu Puppet, Ming He, and Shadow Clone also followed.

Qin Feng waved and took the three of them into the small universe.

"Qin Feng, you did a great job, far beyond my expectations!"

The spirit of inheritance smiled with his hands behind his hands. The more he looked at Qin Feng, the more satisfied he became. Then, he waved, and the four divine swords shrank rapidly and turned into a three-foot green peak sword, floating in front of him.

He waved again, and that The Sealing Heaven Formation, which was larger than the solar system, shrunk into a palm-sized formation.

He made a series of seals.

Click~! Click~! Click~! Click~! Click~!

Five soft sounds in a row!

The four divine swords and The soul seal in the Sealing Formation Disk was actively broken by the spirit of inheritance.

"alright! Qin Feng, please refine all the God-Sealing Sword and Formation Disk!"

The spirit of inheritance waved his hand, and the four divine swords and array plates flew towards Qin Feng.

"Thank you, senior!"

Qin Feng was pleasantly surprised.

These five treasures are all middle-grade star master-level Yuanwu.

The five pieces are matched with each other, and their power is comparable to high-grade star master-grade treasures. Their value is immeasurable!

As far as Qin Feng knows, most high-grade star masters are There are no high-grade Star Lord-level Yuanwu.

They still use mid-grade Star Lord-level Yuanwu.

Thinking of this, Qin Feng got excited.

The harvest this time is too great.

Just getting this set of treasures is worth it!

""Zero zero zero""Qin Feng, refining the Heaven Sealing Divine Sword is the identity symbol of the successor of the Lord of the White Tiger. You refine them first. After the refining is complete, I will give you the inheritance!"

"Thank you, senior!"

Qin Feng bowed his hands, put away the treasure, and disappeared into thin air.

He went back to the small universe to refine the divine sword.

Qin Feng also made plans. From now on, the Four Swords of Sealing Heaven will be his main weapons, and Abi Yuantu will be used by the shadow clone.....

Time flies!

In a blink of an eye, three hours passed.

One day in the outside world is one hundred and twenty days in the small universe.

Since the hatching of Styx, the time force field of the small universe has increased to 120 times.

Today, three hours have passed in the outside world, and fifteen days have passed in the small universe.

In these fifteen days, Qin Feng completely refined the four divine swords and the Heaven-Sealing Formation.

At this moment, in a main hall.

Qin Feng looked at the four divine swords in front of him with a look of joy.

"Finally the refining is finished! It turns out that the Four Sealing Heaven Swords are actually swords of humanity. That being the case, let's return to the human world!"

Qin Feng waved his hand, and the four divine swords and the Heaven-Sealing Formation flew to the human world.....

After a while, there was a rumble and roar in the human world.....

"Ding! The Sealing Heaven Divine Sword (mid-grade star master level) was successfully integrated with the human world, and the perfection of the human world was increased to 53%....The host's combat power is increased to 24 Gai (basic combat power)....."

"Ding! The Dingtian Divine Sword (mid-grade star master level) was successfully integrated with the human world, and the perfection of the human world was increased to 63%....The host's combat power is increased to 260,000 Gai (basic combat power)....."

"Ding! The Trapped Sky Divine Sword (mid-grade star master level) was successfully integrated with the human world, and the perfection of the human world was increased to 73%....The host's combat power is increased to 280,000 Gai (basic combat power)....."

"Ding! The Juetian Divine Sword (mid-grade star master level) was successfully integrated with the human world, and the perfection of the human world was increased to 83%....The host's combat power is increased to 300,000 Gai (basic combat power)....."

"Ding! The Sealing Heaven Array (mid-grade star master level) was successfully integrated with the human world, and the perfection of the human world was increased to 93%....The host's combat power is increased to 320,000 Gai (basic combat power)....."

"It's really unintentional!"

Qin Feng was ecstatic.

He originally thought he would perfect the hell world (71%) first, but he didn't expect the human world (93%) to progress faster, approaching 100%. To put it simply, he was only half a step away from breaking through the Star Master. One step away.

Not only that, his basic combat power has also been increased to 320,000 Gai, and his comprehensive strength has completely reached the late stage of low-grade star masters. The only

ones who can really threaten him now are those low-grade star masters who have reached the Great Perfection.

But There are only a few Dzogchen masters.

There are two Dzogchen masters in the ancient domain, one in the demon domain, and one in the scattered alliance.

There are no Dzogchen masters in the heaven domain, only three late-stage ones.

But those late-stage masters can no longer threaten Qin Feng.

"It is said that our Star Alliance does not have a late-stage powerhouse, but I can be considered one now!"

Qin Feng smiled slightly and prepared to leave.

It was time for him to inherit the inheritance.

But at this moment, the system sounded in his mind

"Ding! It is detected that there are three living spirit bottles on the host, which contain massive amounts of soul essence, blood energy and true spirit energy....."

"Ding! Remind the host that absorbing souls from the hell realm can improve perfection....."

"Ding! Remind the host that absorbing true spirit energy in the heaven world can improve perfection....."

"Huh! There is also this matter!"

Qin Feng quickly took out a bunch of storage rings and rummaged through them.

After a while, he found the three-color spirit bottle from the twin palace master's storage ring.

That is the three-color spirit bottle that specializes in collecting essence, blood and true spirits.

Qin Feng clearly sensed the large amount of energy contained in it.

He had checked it before, but didn't know what the bottle was for.

Now the system prompted him to realize something.

The next second, he opened the seal of the Sansheng bottle.

From the blood bottle, a huge amount of blood rushed out, like a sea of blood, and rushed towards the hell world.

At the same time, hundreds of millions of soul fragments rushed out of the soul bottle, like a river, and also poured into the hell world.

Spirit bottle Countless broken groups of true spiritual light surged out of it and rushed towards the heaven world.....

"Ding! The hell world successfully absorbed a large amount of blood and soul power, and the perfection of hell was increased to 75.%.....The host's combat power is greatly improved....."

"Ding! The paradise world successfully absorbed a large amount of true spirit power, and the paradise degree was increased to 32.%.....The host's combat power is greatly improved....."

"It seems that killing people still has some effect. However, it is somewhat difficult to ascend to this heavenly realm. It seems to only absorb the true spirit!"

Qin Feng was a little worried.

Only those who are half-step master or above can produce true spirits.

How can there be so many masters above half-step master in this world?

"Ding! Remind the host that consuming merit points can improve the perfection of the heaven world....."

"Ding! Remind the host that consuming karma points can improve the perfection of the hell realm. ...."

"Ding reminds the host that consuming life points can improve the perfection of the human world. ...."

"It turns out it can still be like this!"

Qin Feng was surprised and happy.

He now has 100,000 karma points and more than 23 million merit points. The karma points were too little, so Qin Feng did not use them.

He also wanted to improve the level of the lower karma fire red lotus.

Whether it is the merit golden wheel , or Karma Fire Red Lotus, the early levels require less karma and merit.

That way, the level will be improved quickly and it will be of great help. In the later stage, every time you upgrade to a level, a huge amount of karma and merit will be consumed.

Even if the upgrade is successful, the increase will be Just doubling it can be said to be half the result with twice the effort.

Qin Feng thought about it and realized that the improvement of the Golden Wheel of Merit could be postponed. Even if it was upgraded to the seventeenth level, the increase in combat power would be limited.

Simply, he spent all the more than 23 million merit points on Ascend to the heaven world.

When the merit points are exhausted, the perfection of the heaven world is 43%, and the combat power increases again.

Today, Qin Feng's basic combat power has reached 350,000 Gai, the perfection of the human world is 93%, and the hell world is 75% , Paradise 43%.....

In the main hall, Qin Feng opened his eyes with satisfaction and felt very happy.

His strength has improved a bit.

All three realms have been improved!

"Strange! I know both the merit value and the karma value. What is that destiny value?"

Qin Feng was a little confused.

The destiny value can improve the perfection of the human world. He couldn't figure out where it came from.

He thought for a while, but still couldn't figure it out, so he left the small universe.

It was time for him to inherit the inheritance.....

At the same time, the chaotic star field is outside the boundary.

Beside the Cause and Effect Sky Monument, the Ancient Lord, Demon Lord, Heavenly Lord, and Blue Lord all looked unhappy.

Not to mention the Yanmao Tomb Sheep that were sealed by the Star Alliance, all were released, and their number returned to eighteen.

The number of the top masters of the other four major forces, Dzogchen, is small.

There are still thirteen people left in the ancient domain, while the number in the demon domain and heaven domain has dropped to fourteen, and the number of scattered alliances has dropped to six.

Youtong, Baishi, and the two masters of the palace were all killed by Qin Feng.

They are all top-grade masters of Dzogchen cultivation.

What makes the masters of the four major forces even more depressed is that 17 orange lines appear on the blood lotus representing the master of Ziwei Star.

That means that all seventeen mid-level inheritances have been obtained by the Star Alliance.

This result made everyone in the Star Alliance extremely happy.

But the people from the four major forces were so angry that they wanted to vomit blood, and they were all jealous to death.

This time, they completely lost to the Star Alliance in terms of master-level disciples, and they didn't even have a chance to turn around.

"Great Star Lord, our harvest this time is pretty good!"

The Tianfu Star Master stroked his beard excitedly.

Ziwei Star Master smiled and said nothing.

She guessed that all this should be Qin Feng's credit.

Now, she is very satisfied with Qin Feng's performance.

Looking at the people in the Star Alliance The Demon Lord looked very happy, but he was extremely unhappy.

He said angrily: "Ha!! There are just a dozen middle-grade inheritances. Frankly speaking, even if the inheritance of twenty or thirty middle-grade star lords were added together, it would not be as good as the inheritance of one high-grade star lord."

The ancient master also smiled and echoed: "Yes! As long as you can get a high-grade inheritance, this trip will not be in vain. The Star Alliance's dominant players this time are very good, but they are powerless against high-level inheritance!"

God also smiled and said: "Of course! For high-grade inheritance, you still have to rely on the lower-grade star masters. Dominant players are incapable of winning! Master Lan also said: "There is only one and a half days left, so the half-step star masters and low-grade star masters can go in." At that time, the competition really begins!"

The tone of the leaders of the four major forces was very sour.

They actually united to suppress the Star Alliance.

It is true that the Star Alliance performed so well this time that it was difficult for them not to be jealous.

Lord Ziwei sneered in her heart.

0.8 She naturally listened. These four people are jealous

"There's only one and a half days left, what are you four so anxious about? Maybe there are new changes that will surprise you even more!"

Ziwei Star Lord said with profound meaning.

The Demon Lord looked disdainful: "Tch! Seventeen middle-grade inheritances are gone, what else can change. Is it possible that your Star Alliance can still get a high-grade inheritance?"

The ancient master also sneered: "Yes!" Is it possible that your Star Alliance can still get a high-grade inheritance? You are too high up on your subordinates!

God shook his head and said, "Purple Lord is joking." ...."

As soon as he said this, several people burst into laughter.

But as soon as the laughter started, something happened suddenly.

The blood lotus representing Lord Ziwei suddenly bloomed with a dazzling red light.

Buzz~!

Heaven and earth echo!

Sound transmission from the avenue!

The whole audience was shocked!

The next second, an extremely bright red line appeared on the blood lotus, emitting an astonishing spiritual light, very dazzling.....

Damn it~!

The Star Alliance actually received the inheritance of a high-grade Star Lord!

The whole audience was extremely shocked!

The masters of the four major forces are extremely embarrassed!

The smile is extremely stiff!..

Chapter 667

"It is the inheritance of a top-grade star master!"

Everyone in the Star Alliance was overjoyed and couldn't help cheering.

Even Ziwei Star Master showed excitement.

The inheritance of top-grade star masters!

There are only five!

Each one will affect the balance of power in the future.

As long as you get one, it is enough. That's it.

The stone hanging in Ziwei Star Lord's heart has fallen.

She finally doesn't have to worry so much.

"Lord Star, our mission this time has been basically accomplished! I guess it must have been Qin Feng."

The voice of Master Tianfu rang in Ziwei Star Master's ears.

She looked back and saw excited expressions on the faces of Tianfu Star Master, Shenfu Star Master, Jumen Star Master, and Earthquan Star Master.

At this moment, the four of them were in an extremely In excitement.

On the other side, the star masters of the four major forces looked at each other with ugly expressions. The atmosphere in the venue was also very depressing.

The ancient master, the demon master, the heaven master, and the blue master seemed to have been hit, and their expressions Gloomy.

They originally thought about counterattacking on the high-grade inheritance.

But before it even started, they lost the game.

According to this development, after this exploration of the chaotic star field, the number one position of the Star Alliance still cannot be shaken.!

Thinking of this, the masters of the four major forces were extremely unwilling.

At that moment, the four of them looked at each other and started transmitting messages secretly.

"Everyone, the current situation is that the Star Alliance is the only one, and 02 is extremely detrimental to all of us!"

The Ancient Master secretly transmitted the message.

The Ancient Territory has been coveting the position of the Star Alliance for a long time. Naturally, the Ancient Lord will not watch the Star Alliance continue to grow.

"yes! One of the five top-level inheritances has been lost to the Star Alliance. Can't let them get a second one."

God also sent a message with great concern.

"You two, I think this is the end of the Covenant. You don't even look at the Star Alliance's Star Lord strength. They don't even have a low-grade star master in the late stage, how can they compete with us next?"

The Demon Lord also sent a message secretly.

He still didn't take the Star Alliance seriously.

Blue Master was worried:"Demon Lord, you must not be careless again. If you think about it, the previous Covenant Juggernaut players looked average. But what's the result? Not only did they obtain the inheritance of 17 middle-grade star masters, but they also obtained one of the high-grade star masters."

As soon as these words came out, the Demon Lord's expression changed.

The Ancient Lord and the Heavenly Lord also nodded slightly.

Immediately, the Ancient Lord sent a message: "The Blue Lord is right, you must never underestimate the Star Alliance again. We cannot make the same mistake a second time. What's more, the assessment of the inheritance of high-grade star masters is not all based on strength."

"That's right! The contents of those assessments are all kinds of strange, some are based on potential, some are based on luck, and some are based on whether the true meaning is the same. If we continue to be careless and allow the Star Alliance to obtain a second high-grade inheritance, what will happen in the future?....."

God couldn't speak anymore, and the worry in his tone became even stronger.

If Star Alliance is really allowed to continue to grow, it is inevitable that one company will become the dominant one.

Going forward, these forces will naturally be annexed by the Star Alliance one by one.

This is definitely not the result they want to see.

The five major forces have been balanced for a long time.

No one wants to see one family dominate.

This is also the fundamental reason why the Star Alliance has always attracted hatred.

The Demon Lord panicked when he heard these words.

The enmity between the Demon Realm and the Star Alliance runs deep.

If the Star Alliance continues to become stronger, I am afraid that it will be the first to attack the Demon Realm.

At the moment, he sent a message: "Everyone, we must find a way to prevent the Star Alliance from getting the inheritance of the second high-grade star master. Otherwise, the consequences will be serious!" The ancient master echoed: "I mean the same thing?!"

"What does the ancient master have to say?"

"I suggest that we all join forces and play together as players....."

At this moment, the masters of the four major forces are secretly uniting.

It didn't take long for the four parties to reach a consensus and send messages to their subordinates.

They let the half-step star masters and the low-grade stars secretly unite, and when they meet the star masters of the Star Alliance, they will suppress them together.

If they meet at the inheritance place of high-grade star masters, they will also want to suppress the Star Alliance so that the players of the Star Alliance will not get the inheritance.....

At the same time, the Ziwei Star Master was also secretly discussing with the four Star Lords.

"Great Star Lord, our Star Alliance performed too dazzlingly this time. I'm afraid it has aroused the fear of the four major forces.", Jumen Star Master secretly transmitted the message.

Ziwei Star Master sneered and transmitted the message: "This is inevitable!"

"Lord Star, I think the fact that the Star Alliance performed so well this time must be Qin Feng's credit. In terms of ability, he is the only one who has the possibility of inheriting the inheritance of a high-grade star master."

The Lord of Tianfu Star put forward his own opinion

"I think so too! Don't forget, although Qin Feng is not a star master, his luck is at the red level, which is higher than ours and not under the great star master." Shenfu Star Master agreed. As soon as these words came out, everyone nodded, and I am even more convinced that Qin Feng has obtained the inheritance of the top-grade star master.

"Great Star Lord, my subordinate has a suggestion. With Qin Feng's luck and strength, he is fully qualified to be a leader. How about we let those half-step star masters and low-level star masters go in and obey Qin Feng's orders!"

The Earthquan Star Master expressed his opinion.

Ziwei Star Master's eyes lit up:"It makes sense! Qin Feng is a person blessed by luck. If we take him as the leader, maybe we can get the inheritance of the second high-grade star master!"

"That's right!"

All the Star Lords nodded.

At that moment, the five people made a decision and gave orders to those low-grade Star Lords and Half-step Star Lords.

After letting them in, they reported to Qin Feng, with Qin Feng as the leader.

Those half-level Star Lords It didn't matter if the Bu Star Master received the order.

Only a few of the lower-grade Star Masters were unconvinced, but they didn't say anything.

In this way, the five major forces were secretly making arrangements and waiting for the barrier rules to change after a day.....

At the same time, in the chaotic star field.

The inheritance place of the White Tiger Lord.

In a special space.

The spirit of inheritance looked at Qin Feng with a look of relief.

"Qin Feng, the inheritance has been granted to you! You refining well!"

"Senior, I can do it!", Qin Feng was grateful

"good! It's time for me to leave. The revenge of the Five Spirits Clan depends on you."

"Senior, I will not let go of the Ancient Realm, the Demonic Realm, and the Heavenly Realm. I will definitely make them pay the price and avenge the Five Spirit Clan!"

What Qin Feng said is true.

He previously received the inheritance from the Lord of Zulong and Qilin, and now he has received the inheritance from the Lord of White Tiger.

While getting these great opportunities, he also inherited the grievances between the two sides.

Even if He will not cause trouble in the Ancient Realm, Demonic Realm, and Heavenly Realm.

These three realms will never let him go.

He is the successor of the Lord of Three Spirits.

As long as he lives, the three realms will be afraid of him.

"There is another breakup alliance! They also secretly helped the three regions back then, and even took in the traitor Hao Yan from the Qilin clan!"

"The elders understand!", Qin Feng secretly wrote it down.

He originally only wanted to kill a Xie Yan to avenge the Qilin clan.

Now it seems that the disbanded alliance cannot be let go.

Having said that, if he wants to unify the universe in the future, the strength of the disbanded alliance must also be Clear

"By the way, I have always been very confused when it comes to Xie Yan's betrayal. I really can't figure out why he betrayed him. There are some problems here...."

The spirit of inheritance showed deep thought.

Thinking of this, Qin Feng was also very curious.

He also asked Purple Star and Jade Qilin.

Neither of them knew why Xie Yan betrayed.

Anyway, the whole thing feels weird

"Forget it, don't think about it anymore!"

The spirit of inheritance sighed and looked at Qin Feng kindly.

"Qin Feng, you have to remember, you can't be quick and quick! If you want to take revenge on the Three Realms and the Disbanded Alliance, you must at least have the peak strength of a high-grade Star Lord!"

"The elders understand!"

Qin Feng deeply agrees.

The Ancient Lord, the Demon Lord, the Heavenly Lord, and the 000 Blue Lord are all top-level star masters.

He wants to avenge the Lord of Five Spirits, and it cannot be done overnight.

"take care!"

The spirit of inheritance glanced around reluctantly.

Tens of billions of years of waiting have finally come to an end.

He looked at Qin Feng, showing his last kind smile, and his figure gradually turned into countless stars and disappeared into the void..

Qin Feng bowed deeply to the place where the spirit of inheritance disappeared.

The inheritance of the Lord of the White Tiger was obtained.

He did not refine it, but put it away.

His cultivation reached a bottleneck. If he refines it now , it will waste a lot of White Tiger's divine power and is not cost-effective.

Therefore, Qin Feng's most urgent thing at the moment is to perfect one of the three realms to 100%.

In this way, he can break through in one fell swoop

"Only one day left! Those low-grade star masters are coming in!"

Qin Feng smiled slightly.

He has successfully completed the task assigned by Ziwei Star Master.

Next, he has to compete with those low-level star masters for inheritance.

Qin Feng waved and had an extra token in his hand.

This is to control the White Tiger. The token of the inheritance place.

He has become the successor of the White Tiger and naturally controls the entire inheritance place.

Now, he has to deal with some trivial matters.

The next second, he flashed and disappeared from the place..

## Chapter 668

At the same time, in the White Tiger inheritance place, in another hall.

The second assessment has ended.

Tens of thousands of assessors are waiting for the start of the third assessment.

At this moment, the atmosphere in the venue was lively and the crowd was muttering.

It can be clearly seen that the audience is divided into two major groups.

More than a thousand people from the Covenant gathered together.

On the other side, more than 8,000 people gathered together from the four major forces of Heavenly Domain, Demonic Domain, Ancient Domain, and Dispersed Alliance.

The two sides are clearly divided, and there is even some hostility.

At this moment, the Star Alliance side.

More than a dozen masters gathered around Yan Mao and Grave Sheep, whispering to each other.

"Brother Yan, Lord Qin Huang has disappeared since he last appeared. I didn't see him take part in the second assessment this time either. Where did he go?"

A master asked curiously.

Yan Mao shook his head: "I don't know either! However, is Lord Qin Huang an ordinary person? You can tell by looking at the attitude of the spirit of inheritance towards him."

"From my perspective, this inheritance assessment is just a formality. The inheritance must be obtained by Emperor Qin, that is, by our Star Alliance."

Having said this, Yan Mao was extremely proud.

Grave Sheep also said happily: "Looking at the attitude of the spirit of inheritance, you can tell that Lord Qin Huang is his designated successor. People in the Demon Realm and Heaven Realm can only be jealous!"

As soon as these words were said, everyone in the Star Alliance showed joy.

The inheritance of high-grade star masters is extremely important.

Even if they can't get it themselves, they hope that people outside the Star Alliance will get it, and they must not let other forces take it away.

"Brother Yan, I'm afraid those people won't be willing to accept it! You see what they are secretly discussing, isn't it some conspiracy?"

A master reminded.

Yan Mao and others looked up, and sure enough they saw the leaders of the Demon Realm, the Heaven Realm, the Ancient Realm, and the scattered alliance, gathered together and whispering.

Yan Mao smiled coldly: "Even if they are playing tricks, they still can't do it. Can't beat Lord Qin....."

The grave sheep sighed: "It's not my kind! Its heart must be different!" "....."

The leaders of the four forces were indeed discussing how to get rid of Qin Feng.

At this moment, a master of the Demon Realm whispered: "Everyone, you all saw what happened before. Emperor Qin killed people in public, but the spirit of inheritance stood aside and watched."

"This shows that the spirit of inheritance has recognized Emperor Qin. We people are just foils. You said, what's the point of us continuing to take assessments?"

The master looked at everyone with righteous indignation, and another heaven master agreed.

"Brother Cheng makes sense! Everyone, if we continue to wait like this, sooner or later this inheritance will be acquired by Emperor Qin, which will be detrimental to our four forces!"

Hearing this, everyone was anxious.

They didn't want Qin Feng to inherit

"Guys, what do you think we should do? Is there any way we can prevent Emperor Qin from being passed down?"

"Ah! Of course!", the Demon Realm Lord sneered

"Brother Cheng, what can I do?"

The Lord of the Demon Realm said proudly: "Have you forgotten?" In another day, the lower-grade star masters will be able to come in. We only need to wait for one more day, and then we can send a message to them and ask them to come over and grab the inheritance."

As soon as this suggestion came out, everyone's eyes lit up.

Yes!

They are not the opponents of Emperor Qin, but those low-level star masters are!

There is a barrier in the chaotic star field, and they cannot send messages to the outside.

But when the star masters come in, Then they can send the message.

After thinking about this, everyone was overjoyed

"Brother Cheng is still smart!"

Everyone looked at Chengdao with admiration.

Chengdao smiled proudly: "So everyone, please be patient. In one day at most, the low-level star masters from our four families will arrive and they will definitely be able to seize the inheritance. In addition, Emperor Qin must die!"

"Why?"

Everyone was surprised.

The star masters will not attack the master easily. They are bound by the talent of cause and effect.

Chengdao sneered: "Guys, haven't you understood? That Emperor Qin was clearly the master, but he had a strength close to that of a low-level star master. This talent is too terrifying! If he is not eliminated, it will become a big problem!"

Everyone suddenly understood

"good! This Emperor Qin must die!"

"right! His soul must be shattered and he must not be allowed to live!"

Everyone quickly reached a consensus.

At this time, someone else worried:"How many of them do you think? What if Emperor Qin had received the inheritance before the Star Lords came in?"

Hearing this, everyone smiled and shook their heads.

"That is impossible! Brother Li, you are thinking too much!"

"yes! This is the inheritance of a top-grade star master. As far as Star Master takes action, he won't be able to win the inheritance without ten days and a half. It has only been five days since this inheritance started!

Chengdao also smiled coldly:"Brother Li, you think too highly of Emperor Qin." Do not worry! He has no chance to inherit. When the Star Lords come in, it will be his death!"

Just after saying this, there was a burst of space fluctuations in the sky above the hall.

Everyone was startled and looked up one after another, and saw Qin Feng walking out of the void.

"Lord Qin Huang!"

The people from the Star Alliance cheered.

"he came!"

The people from the four major forces were extremely nervous.

They all looked at Qin Feng and did not dare to move.

But at this moment, Qin Feng looked towards them.

The people from the four major forces became even more panicked.

"Brother Cheng, what should I do? Emperor Qin looked over!"

A master whispered.

Cheng Dao took a deep breath and then sent a message to everyone: "No matter how strong Emperor Qin is, he is still young and has nothing to be afraid of. I'll stabilize him first!"

After saying this, Cheng Dao raised his head and looked at Qin Feng: "Brother Qin Huang, I am Cheng Dao from the Lower Demon Realm....."

But before he finished speaking, Qin Feng raised his hand and killed him to pieces.

In the air, there was only a cloud of blood mist, wrapped in the true spirit, rising slowly.

The whole audience was stunned!

Why did Emperor Qin kill someone without any warning?

In the blood mist, the enlightened true spirit was extremely frightened.

He wailed: "Your Majesty Qin Emperor, I didn't do anything! Why did you kill me?"

Qin Feng was puzzled: "I will kill you! What does it have to do with you?"

Chengdao was stunned.

What does this mean?

But before he could figure it out, his essence, blood and soul were sucked into the hell world, and his true spirit was sucked into the heaven world.

They were all strangled in an instant, and they didn't even have time to scream.

The next second, Qin Feng waved again, and the four divine swords of Sealing Heaven came out together, turning into billions of sword lights, sweeping across the entire scene in an instant.....

More than 8,000 people were killed instantly!

Screams kept coming!

At the same time, hell and heaven emerge at the same time!

Instantly suck up all the essence, blood, broken souls and true spirits of the entire audience.....

"Ding! Successfully swallowed the essence, blood and soul-crushing energy... The perfection of the hell realm increased to 76%...The host's combat power is improved...."

"Ding! Successfully swallowed the true spirit energy...the perfection of the heaven realm increased to 44%.....The host's combat power is improved....."

"Ding! Killed 8,754 people...The evil spirit was successfully transformed into karma, and the karma value was 70,000....."

In fact, killing ordinary people does not have much karma value.

The more powerful people are slaughtered, the higher the karma value will be.

Another improvement!

Qin Feng smiled.....

On the other side, the people in the Star Alliance were extremely shocked and dumbfounded.

Emperor Qin killed more than 8,000 people in one move.

Among them, there are one to two hundred master-level experts.

I'm afraid even low-grade star masters generally can't do it.

In the crowd, Yan Mao's mind still echoed Qin Feng's words just now: I will kill you! What does it have to do with you?

These words are extremely domineering!

This is like if humans want to eat whole grains, do they need to discuss it with the whole grains first?

The answer is no!

In other words: I eat you! What does it have to do with you?

I'm just hungry, eat whatever you want!

The sage is unkind and treats all things as stupid dogs, nothing more than this!

Yan Mao looked at Qin Feng silently, his expression becoming more and more awed.

At this time, Qin Feng put away the storage rings of more than 8,000 people, stepped into the air, and came to the sky above the Star Alliance people.

"I have met Mr. Qin Huang!"

Everyone came forward to salute one after another, showing great respect.

"No need to wait any longer here! I have received the inheritance!"

Qin Feng said lightly.

There was cheering below.

The Star Alliance finally got a high-grade inheritance.

"Congratulations to Emperor Qin! Congratulations to Emperor Qin!"

Everyone congratulated

"Lord Qin, can you leave us your communication imprint? In the future, if we find traces of other high-grade inheritance places, we will notify you as soon as possible!"

Someone made this suggestion.

Everyone agreed.

Qin Feng waved and left his communication mark.

Everyone took note of it.

A quarter of an hour later, Qin Feng opened the inheritance temple and released everyone.

More than a thousand Star Alliance members came to Qin Feng resigned and continued to hunt for treasure.

Qin Feng also joined the ranks of exploration.

There are still four high-grade inheritances that have not been found, and he still needs to work hard.....

At the same time, in the chaotic star field, outside the barrier.

A white-haired old man and a man in green stood in the sky, looking at the five major forces in the distance.

They silently watched every move of Ziwei Star Lord, Ancient Lord, Demon Lord and others.

But the masters of the five major forces did not notice their existence.

These two people are Changbai and Yuan Qing from Fengtianmen

"Junior brother, do you really want to do this?", Changbai sighed

"I want to avenge Shakya!"

Yuan Qing's tone was filled with sadness.

The disciple he had raised died inside like this.

He wanted to send his own incarnation to take revenge, and at the same time, he wanted to get what he wanted!

"Junior brother, you are only one step away from breaking through to the pinnacle of a high-grade star master. Now, you have to kill an incarnation, which will cause great damage to your cultivation. If your incarnation perishes within it, billions of years of hard work will be in vain. Changbai still wanted to persuade.

Yuan Qing looked sad:"I won't avenge my disciples!" I feel uneasy!"

"That's it! what ever!"

Changbai shook his head and stopped persuading.

Yuan Qing looked at the barrier in the distance silently.

At this moment, sadness welled up in his heart.

Poor disciple, for the sake of his great cause, he can only.....

Why! Sixteen billion years of planning...Zero...

Second senior brother, I hope you will not disappoint me.

Yuan Qing let out a long sigh, feeling inexplicably distressed..

Chapter 669

Time flies.

In the blink of an eye, the day passed.

There are only three hours left before the Star Masters enter the chaotic star field.

One day has passed in the outside world, and four months have passed in the small universe.

In the past four months, Feng Di, Chu Chu, Bao Bao, Zixing and others have all come out of seclusion one after another.

They have all cultivated to the half-step of Star Master Great Consummation, their luck has been raised to the orange level, and even their potential has been subtly improved to the mid-level Star Master.

The inheritance of the middle-grade star master is indeed extraordinary, its value is much higher than that of the low-grade star master, and the changes it brings to the girls are also huge.

Now, the combat power of Emperor Feng and others has reached 20,000 Gai.

In this way, it can bring Qin Feng a combat power stack of 120,000 Gai.

In addition, the cultivation level of Xiao Universe is also developing rapidly.

Those subordinates who had obtained the inheritance of low-grade star masters and the inheritance of masters also came out one after another, giving birth to a large number of god emperors and half-step masters.

Individual outstanding people have broken through to the level of inferior masters.

This increased the power of faith that Qin Feng could obtain from 60,000 Gai to 80,000 Gai.

Calculated in this way, Qin Feng's strongest state can reach 1.1 million Gai, which has completely reached the combat power level of a low-grade star master in the later stage.

The late-stage combat strength of a low-grade Star Lord is 1 to 2 million Gai.

The Dzogchen of the lower-grade star master is 2 to 4 million Gai.

Of course, with Qin Feng's method, his strength will be stronger, and he can go sideways among the strong ones in the later stage.

Only those powerful ones in Dzogchen can suppress him, and that's just suppression. It's very difficult to seal him, let alone kill him.

This improvement in strength makes Qin Feng extremely satisfied.

He is full of confidence in the next inheritance battle.

However, it is said that after the Phoenix Emperor and his daughters came out of seclusion, they joined the construction of the small universe one after another, and the entire small universe entered a state of rapid and rapid development.

At this moment, there is a hall in the Heavenly Palace.

Qin Feng sat leisurely on the sofa and listened to Liu Yan's report.

Luo Li is in retreat.

Her mid-grade star master inheritance and refining has reached the final critical moment.

Therefore, her position as the manager of the Heavenly Palace was temporarily replaced by Liu Yan for a period of time.

Only Yun Xi was left in charge of Earth affairs and the affairs of the Alchemy Department.

Of course, Liu Yan replaced the general manager of affairs, and the position of concubine was also replaced.

When Qin Feng is in the mood, he enjoys it.

Occasionally, Qin Feng would also summon Phoenix Emperor, Purple Star, Yu Qilin, Yun Xi, and Ni Shan to come over and enjoy themselves.

Qin Feng's life is so fresh, moist, and extremely comfortable!

"Your Majesty, Yun Xi reported that the Pill Department has produced 1.2 billion emperor-level elixirs and they will be distributed tomorrow."

Liu Yan reported the work

"very good!", Qin Feng nodded with satisfaction

"Nishan reported that there are still 400,000 living planets to be developed, and there is a serious shortage of manpower. I beg your Majesty to capture some more prisoners!"

"Um!"

Qin Feng nodded slightly, his eyes full of contemplation.

As his cultivation level increased crazily, his small universe also expanded crazily. Now it is the size of tens of thousands of galaxies.

As the small universe expands, more and more life planets appear. More than a million of them have been discovered one after another.

It is impossible to develop one by just relying on the input of talents from the Earth's star field.

Subsequently, Qin Feng accepted Nishan's proposal, captured outside prisoners, and asked those prisoners to help develop.

Qin Feng thought this was a good idea.

Then, he and the shadow clones searched around.

Styx also brought the Three Life Bottles to help search.

In this way, once the three of them found people from the four major forces, they killed them all with half-step dominance and above. , all the God-Emperor-level players were captured alive into the small universe. Anyway, even if the God-Emperor-level players were killed, they wouldn't get much karma, and their energy was scarce, so Qin Feng looked down upon them.

And these God-Emperor-level captives were used to develop those The primitive life planet is very suitable.

After all, the living environment of the primitive life planet is very harsh, and it is difficult for ordinary humans and low-level monsters to survive.

After this decision was implemented, the effect was very obvious.

Qin Feng's merit value skyrocketed like a rocket. In just a few days month, it increased by more than 10 million.

This made Qin Feng very satisfied.

Of course, he also imposed strict restrictions on the captives of the God Emperor.

Each prisoner signed a slave contract with him.

If these God Emperors Qin Feng can kill them with a single thought if they have the slightest dissent.

In addition, these captives cannot leave the small universe for life.

Of course, if these captives make great contributions, they can gradually obtain the same status as the earth elemental masters. Treatment.

Nishan is responsible for this specific merit assessment system.

In addition, due to the shortage of manpower, the Chu Chu girls helped direct the prisoners and went to various primitive life planets to participate in the development

"Your Majesty, Feng Di, Zixing, Yu Qilin, Chu Chu, and Bai Qi have reported that their development work has been completed, and all the major creation heavenly monuments and faith heavenly monuments have been established. Will return soon!"

Liu Yan made the last report.

Qin Feng nodded with satisfaction.

These developments have been initially completed.

It won't be long before his merit points will skyrocket again!

With merit points, he will be able to perfect the heaven world faster.

"Huh! Where is the baby? Only then did Qin

Feng think of his daughter.

Liu Yan smiled:"The baby has not been reported!" I contacted her once. She said she was very busy and asked me not to disturb her"

"This little guy is so playful!", Qin Feng smiled and shook his head.

But at this moment, the system's voice sounded in his mind

"Ding! Your subordinate Qin Baobao (Lord of the Earth Star) created the first human being (male, crude level).....Qin Baobao received massive merit rewards, and the host received 10 million merit rewards....."

"Ding! Congratulations to the host, you have gained 10,000 lives....."

"Huh! This is....."

Qin Feng was surprised and happy.

What did the baby do?

He actually gained 10 million merits at once, and even gained 10,000 lives.

He quickly said hello to Liu Yan, took one step away, and disappeared from where he was.  
.....

At this moment, deep in the small universe.

On an extremely primitive life planet, on a grassland.

Qin Baobao looked at the human man in front of him with excitement.

The man was blond, naked, and looked like a savage.

At this moment, he was kneeling on the ground, kowtowing to Qin Baobao with admiration.

He was created by the baby.

In his heart, the baby is the omnipotent God

"Saw God!!!"

The man was extremely excited.

The baby was also surprised.

She didn't expect that she suddenly realized the method of creation, and she actually created a human being by doing it casually.

Behind the baby, there were more than a dozen god emperors standing, and one They all looked amazed.

These god-emperors were all blond and blue-eyed, and looked very similar to the wild man in front of the baby.

They were all captives from the heavenly realm.

The two leaders were the god-emperors Dzogchen, one named Yahpinghua, and the other His name is Lu Dongfa.

At this moment, when the two of them saw Qin Baobao's methods, they were both in admiration.

"Mr. Baby, you can create people out of thin air. It's really amazing! I have never heard of such a method, not even a top-grade star master can do it!"

Jehovah flattered him enthusiastically

"yes! Lu has never seen it before! Master Baobao's methods are incredible!"

Lu Dongfa also rushed to flatter him.

Qin Baobao was elated when he heard this, and his little face was raised slightly, full of pride.

"God, please give this humble servant a name!"

The savage man looked at the baby expectantly.

"right! You are the first human being created by this baby, I have to think about it carefully...."

Baby thinking hard

"Got it! I'll call you Duck Egg from now on!"

Savage man:"....."

Jehovah:"....."

Lu Dongfa:"..

Chapter 670

The savage man was about to burst into tears:"Baby God, can you give me another name?"

"how? Don't like it?!" Qin Baobao's little mouth turned up high,"I racked my brains to come up with this!"

"This...this name....",The savage man didn't know what to say.

When he was created, he was endowed with a lot of wisdom and understood many things.

Jepinghua couldn't laugh or cry:"Master Baobao, the name Duck Egg is a bit tacky. How about changing it to the homophonic sound of 'Adam'!" The savage man's eyes lit up:"Baby God, I think the name Adam is not bad."

"All right! All right! Then you will be called Adam from now on!"

Qin Baobao looked indifferent.

She was just playing.

At this moment, there was a fluctuation in the air.

Everyone was startled and looked up and saw Qin Feng walking out of the void. As soon as Ye Pinghua and others saw Qin Feng , with frightened expressions on their faces, they all came forward and knelt down.

"Meet the Qin Emperor!"

"dad!!"

The baby also shouted excitedly.

Adam was shocked.

This boy in white was actually the father of the baby God. That must be even more powerful.

Adam was in awe and knelt down quickly, not daring to breathe.

"Get up, everyone!"

Qin Feng fell from the air and touched his daughter's little head with a doting look on his face.

"Baby, is this the human being you created?", Qin Feng looked at Adam with a smile

"Yes! dad!" Qin Baobao looked proud.

Adam was so nervous that he didn't even dare to breathe.

Ye Pinghua and others stood aside silently, also not daring to breathe, and they were extremely nervous in their hearts.

"Creating a human being out of thin air is unheard of. how did you do it?", Qin Feng was curious

"whee!! Dad, I had an epiphany after I realized the true meaning of creation to a certain extent."

Qin Feng suddenly realized.

When you realize the true meaning of creation to a certain extent, you will realize a unique innate ability of your own.

For example, the ability of the Ziwei Star Master is to see the future.

The baby's innate ability is to create humans.

At this time, the baby He added:"However, creating humans is not that easy! This kind of soil is needed to create humans."

The baby took out a ball of soil full of spirituality.

Qin Feng could tell at a glance that it was the master-level spiritual soil, called Jiutian Breathing Soil. It is used to plant spiritual objects and make puppets. It is very suitable.

But although this Jiutian Breathing Soil is Dominant level, but extremely rare. The rarity is no less than half-step Star Lord level items.

At the moment, Qin Feng curiously said:"Baby, how about you create another human being, let me see!"

"OK! It just so happens that Adam is lonely, so I will create a female companion for him to keep him company!"

Baobao readily agreed.

Adam on the side was delighted.

Then, Baobao looked at the group of people behind him, took a photo of one of the women, and began to make a doll.

Adam was made by her in imitation of a man from Tianyu, so he is blond and blue-eyed. Many.

She also fabricated this female doll according to the women in the heaven.

Not long after, a female clay doll was successfully made.

Baobao quickly used the art of creation, input his true meaning, and the doll came to life.

A blond woman with blue eyes appeared in In front of the world.

She first glanced around blankly, and finally saw the baby. She quickly stepped forward and instinctively knelt down to worship.

At the same time, Qin Feng's mind sounded again.

"Ding! Your subordinate, Qin Baobao (Lord of the Earth Star), created the first female (crude level) .....Qin Baobao received massive merit rewards, and the host received 10 million merit rewards. ...."

"Ding! Congratulations to the host, you have gained 10,000 lives....."

Qin Feng was pleasantly surprised.

He actually gained experience again.

In this way, he saw that the baby's luck improved at a speed visible to the naked eye.

Obviously, the creation of a human being by a baby is a matter of great merit. As the merit increases, so does the luck. Even the Golden Wheel of Merit will be upgraded by one level.

In addition, Qin Feng also realized something when he saw the baby creating a human being, and he had a deeper understanding of the true meaning of creation.

"Baby God, please give her a name too!"

Adam looked at the new female companion and was very excited.

In the days to come, he will no longer be lonely.

"This! Just call her little doll! This name is as cute as me!", the baby said with a cute face.

Everyone was sweating on their foreheads.

Adam looked bitter.

God really doesn't know how to name the baby!

Qin Feng shook his head with a smile: "Baby, you created this female human being already an adult. It's inappropriate to call her a little doll. Why not call her Eve!"

"whee!! Okay! Let's call her 'Eve' from now on!"

The baby always obeyed his father's words.

Adam was overjoyed and quickly pulled Eve to express his gratitude to the baby and Qin Feng.

"Thank you God for the baby's name! Thank God, Father, for the name!"

Qin Feng smiled and said nothing.

"Dad, after I just created Eve, I found that my skills in creating humans have improved. Next time, if I create humans again, I will definitely create more perfect humans."

The baby said with a proud face.

Qin Feng's heart moved.

He suddenly thought of an idea.

The baby's creation of humans can increase the life value.

Obviously this kind of creation of humans is related to humanity, that is, related to the human world.

If the baby is allowed to go to the human world Will creating humans improve the perfection of the human world?

Qin Feng's eyes gradually lit up, and the more he thought about it, the more feasible it became.

"Baby, daddy wants to give you a task"

"What mission?", the baby looked curious

"Go to the human world and create some humans. The more perfect the better!"

"OK! But I don't have the Jiutianxi soil anymore, and I don't have the materials to create a human being. The bit of Nine Heavens Breathing Earth before was given by Ye Pinghua!"

Baobao was worried.

Qin Feng nodded slightly, this is a trouble!

He wanted Baobao to go to the human world to create a human, but it was impossible without materials. It seems that he had to find a way to find some Jiutianxi soil.

But at this moment, Jepinghua stepped forward with a smile: "Your Majesty Qin Huang, Mr. Baobao, my subordinates know that there is a large amount of Jiutianxi soil in one place."

Qin Feng's eyes lit up: "Where?"

"The inheritance place of the Lord of Holy Light!", Jehovah said respectfully.

The Lord of Holy Light, the high-grade star lord of the heavenly realm in ancient times.

He also fell into the chaotic star field back then.

Today, the four high-grade inheritances that still exist in the chaotic star field are: Yuan Phoenix, Lord of Xuanwu, Emperor Shi, Lord of Holy Light

"How do you know that there is Nine Heavens Breeding Soil in that inheritance place?", Qin Feng was curious

"Because my subordinates are descendants of the Lord of Holy Light, they know more about him. This jade talisman contains relevant information about my ancestors. I hope Lord Qin will accept it. It may be of some help to you...."

Jehovah respectfully handed over a jade talisman.

Qin Feng took the jade talisman and took a look, it was really helpful.

He looked at Jehovah and a smile appeared on his lips.

He was quite satisfied with Jehovah's attitude.

"Dad, does the inheritance place of the Lord of Holy Light really exist in the Nine Heavens?"

"should have!", Qin Feng put away the jade talisman.

But at this moment, another message came from his communication talisman.

Qin Feng took it out and saw that it was from Yan Mao.

It turned out that the outer boundary had changed, and the star masters were entering one after another. Chaos Star Territory

"Dad, what's wrong?"

"The Star Lords are coming in! It's time for us to set off!"

"okay!", the baby is excited.

She has long been suffocated in the small universe.

"Jehovah!"

"The subordinates are here!"

"From now on, you will be responsible for the development of this living planet! You are the leader here, with Lu Dongfa as the auxiliary, and the others follow the orders of the two of you."

Qin Feng briefly completed the appointment

"Thank you, Lord Qin!"

Yepinghua and Ludongfa were overjoyed and knelt down one after another to thank them.

The other captives also knelt down and worshiped.

The baby looked at Adam and Eve with some reluctance.

These two people were her first creations.

"Jehovah, I entrusted Adam and Eve to you. You must take care of them on my behalf! When I have free time, I will come back to see it!"

Baobao gave instructions carefully.

Ye Pinghua said with a serious face: "Master Baobao, don't worry! I will definitely let the descendants of Adam and Eve spread all over this planet and let them prosper...."

"That's good!" The baby was relieved.

Qin Feng smiled slightly: "Let's go!"

With a wave of his hand, the father and daughter disappeared out of thin air.
