

## God level 671

### Chapter 671

A quarter of an hour later, Qin Feng summoned Feng Di, Chu Chu and others to prepare to set off.

But at this time, he received more than fifty messages.

It was sent to him by forty half-step star masters and seventeen low-level star masters from the Star Alliance.

The content of the message was that they would all obey Qin Feng's orders during the next expedition.

As long as Qin Feng is in need, they will arrive immediately.

This is an order arranged by the Master of Ziwei Star.

Qin Feng was slightly surprised after receiving the message.

He guessed that the Master of Ziwei Star made such a decision after noticing some of his own performance through secret techniques.

In short, this decision is a good thing for him.....

But on the other side, as soon as those star masters entered the chaotic star field, they couldn't wait to start sweeping, searching for inheritance everywhere.

At this moment, on a deserted planet.

Two proud figures stood on the top of a huge mountain.

Their aura is in harmony with the heaven and earth, as if they are part of the planet.

These two people are both low-grade star masters from the Great Perfection and come from the ancient domain.

They are also the leaders of this group of Star Lords in the Ancient Territory.

The one on the left looks middle-aged, dressed in gray robe, and has a cold temperament.

His name is Star Lord Yongzhao.

The one on the right is an old man with gray hair and a majestic temperament.

His name is Ancient Chaos Star Lord, and he is even more powerful than Yongzhao Star Lord.

"How weird!"

At this moment, Gu Chaos silently looked into the distance.

There was a bit of starlight somewhere, flying towards a certain direction in the chaotic star field at an extremely fast speed.

Looking at the speed of the starlight flight, it completely reached the Great Perfection of a low-grade star master. level

"yes! I think this guy is weird too! As soon as everyone came in, they gathered together to discuss how to deal with the Star Alliance, except this guy didn't participate."

"Look at the way he flew all the way, without any hesitation or pause, as if he was very familiar with the Chaos Star Territory....."

Star Lord Yongzhao also expressed his opinion.

Gu Chaos nodded slightly:"There is something wrong with this guy! After all, he is a member of the alliance. The alliance is a group of rabble. Sometimes, the blue master's orders are not easy to

implement!" Yingzhu rolled his eyes:"Gu Chaos Brother, should we follow him? See what that guy is going to do?"

"this.....",Gu Chaos hesitated.

After a moment, he shook his head:"Forget it! That guy is not easy to mess with! If we fight alone, we are no match for him. Unless, you and I join forces!"

"This is true!", Yongzhu was helpless.

Xie Yan is the pinnacle of the Great Perfection of the low-grade star master, with a combat strength of 4 million Gai.

Both of them have a combat strength of more than 3 million Gai, which is indeed a bit worse.

It turns out that the person they just discussed was actually It's Xie Yan.

At this time, Gu Chaos said again:"Besides, the Ancient Lord has explained that our goals this time are, firstly, to seize the inheritance of high-grade star masters, and secondly, to deal with the star masters of the Star Alliance."

"The scattered alliance, the demon realm, and the heaven realm are all our allies. Let us not conflict with our allies."

Yao Zhu nodded:"Brother Gu Chaan is right! Having said that, the Star Lords of the Star Alliance are all thieves. As soon as they came in, they slipped away very quickly. They seem to have guessed that our four forces are going to deal with them.

Gu Chaan sneered:"They are not stupid either!" At present, the Star Alliance has all the benefits, so it is natural to think that we should suppress them. In fact, we won't deal with them all. As long as we catch them in the middle stage of low-grade star masters, they will have no hope."

"That's right! Capture the thief first and capture the king! The Star Alliance is only in the middle three stages, and there are not many experts. After sealing those three middle stages, the remaining low-grade early stages and half-step star masters are not worth mentioning."

Yao Zhu also smiled.

As soon as he finished speaking, a message came from the two people's jade talisman.

The two people quickly took out the jade talisman and took a look, with joy in their eyes.

"That's it! Xuan Xi from the Star Alliance was intercepted by people from the Demon Realm and could not be captured for a while. Walk! Let's go over and help!"

Gu Chaan happily put away the jade talisman.

At that moment, the two of them flashed and rushed in the direction of the message.

In the blink of an eye, the two of them disappeared into the vast starry sky.

The surroundings became quiet.

But At this moment, a figure covered in green robes walked out of the void.

The man in green robes looked at the direction in which Gu Chaos and Gu Chaos were leaving, and smiled coldly, with disdain deep in his eyes... They are just two low-level star masters!

If his body were here, he could kill him in the blink of an eye.

To be honest, he really didn't take these low-level star masters seriously.

Even though he is just an incarnation now, his combat power has reached 6 million. He is a high-grade star master and has rich combat experience. It is not difficult to kill low-grade and late-stage star masters.

It is also easy to seal these low-grade Dzogchen ones.

Of course, his target is not these people.

The man in green robe turned his head and looked at Xie Yanli again In the direction to go, he took a step in the air and followed quietly.

It turned out that the man in green robe was the incarnation of Yuan Qing.....

At the same time, there is another star field.

Qin Feng just came out of the small universe.

The phantom clone and Styx were summoned by him.

Now that the lower-grade star masters have come in, he needs to make some redings.

But at this moment, a message came from his communication jade talisman.

Qin Feng glanced at the message and his face changed slightly.

"Master, what's wrong?", Styx asked curiously

"It's a distress message sent by Star Master Xuan Xi! She was besieged by people from the demonic and celestial realms. Those people want to kill her!"

Qin Feng put away the communication jade talisman.

Ming He's face changed slightly:"Master, killing the Star Master is a big deal! How dare people from the Demon Realm and Heavenly Realm do this? Qin

Feng sneered:"Any tree that is as beautiful as the forest wind will destroy it!" Our Star Alliance performed too well before, and they felt a crisis"

"Besides, the causal contract signed this time only restricted the Star Master from killing the Overlord. There is no restriction on star owners fighting each other! Let's not talk anymore, it's important to save people!"

Qin Feng casually took the Styx and Phantom clones into the small universe, and rushed in the direction where Xuan Xi asked for help.

Xuan Xi was his sworn sister.

Naturally, he wanted to rescue him...

Chapter 672

At the same time, another star field.

Several low-level star masters are fighting!

The violent aftermath of the battle rippled through all directions!

The affected area is several times larger than the solar system.

In the battle area, the space collapsed and the laws were shattered.....

The aftermath of the unbridled energy formed a violent boundary wind, sweeping everything.....

If the God-Emperor touches one, he will turn into ashes on the spot...

Even the masters dare not come even close!

Otherwise, you will be seriously injured!

A battle between low-level star masters.

Extremely scary!

At this moment, the core area of the battle.

Three low-level star masters and nine half-step star masters are teaming up to besiege Xuan Xi

"I didn't expect that your Demon Realm and Heaven Realm would collude together so quickly. It's so shameless!"

Xuan Xi stared coldly at the people in front of him

"Star Master Xuanxi, we are all our own masters, what is there to be shameless about? On the contrary, it is you, the Star Alliance, who are shameless!"

The black-faced man headed by him sneered sarcastically.

The black-faced man's name is Wuyuan Star Master. He comes from the Demon Realm. His cultivation level is the same as Xuan Xi's. He is a low-grade mid-level star master.

Behind Wuyuan are the eleven star masters and five more. The half-step star masters come from the Demon Realm.

Two low-grade early stage star masters and four half-step star masters come from the heavenly realm.

"Why are we in the Star Alliance so shameless?", Xuan Xi was angry

"Need to ask? There are only five inheritances of high-grade star masters. The five major forces can just get one each. If your star alliance has obtained one, then withdraw voluntarily. But if you still send people in, you are too greedy and shameless!"

Wuyuan Star Master shamelessly quibbled.

The Star Masters behind him laughed loudly.

They want to suppress the Star Alliance, so there is no reason!

Xuan Xi was furious: "These inheritances are ownerless things, and they are fought for based on their ability. You couldn't grab it, but you blamed us. It's really ridiculous!"

Wu Yuan's lips curled up: "Skill? The inheritance you received before was just luck. However, your good luck must come to an end! You are also doomed!"

"Do you really think you can kill me?", Xuan Xi sneered.

Wu Yuan raised the corner of his mouth: "You think you can't do it?! To tell you the truth, Lord Gu Chaos and Lord Yongzhu will arrive in a quarter of an hour, and you are dead! Xuan Xi's face changed drastically:"

I didn't expect that Gu Yu would also collude with you!""

Gu Chaos and Yaozhu are low-grade Dzogchen Star Masters.

As long as one of them comes, she will be in extremely danger.

If two of them come together, she is doomed.

Xuan Xi finally panicked!

No!

She can't sit still and wait for death! She is thinking about it. Then, Xuan Xi suddenly dodged and wanted to escape.

"Can you escape?"

Wu Yuan and others immediately caught up.

The two sides fought again!

The starry sky roared!

The world trembled!

Billions of attacks broke out!

After a moment, there was a muffled groan.

Xuan Xi was blasted so hard that he vomited blood and flew backwards.

She was actually injured.

After all, she Her strength is comparable to that of Wuyuan.

But Wuyuan also has eleven helpers, so she is no match.

Wuyuan became proud when he saw Xuan Xi was injured.

"Ha ha!! Xuan Xi, if you surrender voluntarily, I promise to seal you and not kill you!"

"roll!"

"snort! In seven minutes at most, Lord Gu Chao and Lord Yaozhu will arrive. If you don't surrender, you'll have no chance!"

Hearing this, Xuan Xi was extremely anxious.

Seven minutes!

It's too short!

Is she really doomed today?

At this critical moment, there was a space fluctuation from above.

Everyone was startled and looked up one after another, and saw an extremely handsome man. A young man in white clothes walked out of the void.

The person who came was none other than Qin Feng!

"Qin Feng!", Xuan Xi was surprised and happy.

After Wu Yuan and others saw Qin Feng's cultivation level, they smiled disdainfully.

This young man in white is just a small master, not even a half-step star master, so what's the point? Worrying.

Seeing Xuan Xi's excitement, they thought some master was coming, but it turned out to be a false alarm.

I really don't understand, what is Xuan Xi so excited about?

"Sister, are these guys the only ones?"

Qin Feng looked at Wuyuan and others coldly.

Xuan Xi said anxiously: "Don't worry about them, let's break out quickly. In seven minutes, Gu Chao and Yao Zhu are coming. They are both low-grade Dzogchen Star Masters."

"Sister, don't worry! I'll get rid of these guys before they arrive!", Qin Feng said very calmly.

But as soon as his words came out, Wuyuan and others seemed to have heard a big joke and couldn't help laughing.

"Ha ha!! Did I hear you correctly? This little master actually said he was going to get rid of us. Is he crazy?"

"Lord Wuyuan, let me deal with him!"

A half-step star master took the initiative to ask for help.

"good! You can seal him within one move!"

"no problem!"

The half-step star master dodged and pounced directly on Qin Feng

"roll!"

Qin Feng casually threw a punch

"Ha ha! You dare to confront me head-on!"

The half-step star master laughed with disdain and punched him.

Eh! That's not right!"

The next breath, the half-step star master suddenly realized that something was wrong.

But it's too late!

Boom!

A loud noise!

Qin Feng exploded with billions of golden light with one punch, directly blasting the half-step star master.

The screams echoed around!

The sky is full of blood mist!

Even the soul and true spirit were blasted to pieces!

The next second, a white light flashed!

All the blood mist, soul fragments, and true spirit fragments were instantly swallowed into Qin Feng's body.....

"Ding! Successfully killed the Half-Step Star Lord.....Karma value increased by 100,000....."

"Ding! Successfully absorbed the essence, blood and soul-crushing energy.....The completion level of Hell Realm has been increased to 78%....The host's combat power is improved....."

"Ding! Absorbing true spirit energy successfully.....The completion level of Paradise Realm has been increased to 45%....The host's combat power is improved....."

Not bad!

Killing a Half-Step Star Lord is a big benefit!

Qin Feng was delighted.

But Xuan Xi and others were dumbfounded.

Oh My God!

This boy in white actually killed a Half-Step Star Lord with one punch!

This is something that even a low-grade late-stage Star Master would find difficult to achieve.

But this young man actually did it!

This is incredible!

The atmosphere of the scene suddenly changedExtremely depressing.

Wuyuan and others looked at Qin Feng in horror, vaguely feeling bad.

At this moment, Qin Feng waved.

The Sealing Heaven Formation, which was larger than the solar system, slowly emerged under everyone's feet.

The next second, the Four Divine Swords of Sealing Heaven fell from the sky!

"not good!"

Wu Yuan's face changed drastically!

He felt the extreme danger and wanted to run away.

But at this moment, Qin Feng made a seal and the Heaven Sealing Sword Formation was activated instantly.

The Divine Sword roared!

The formation resonated!

In an instant, the heaven and earth All realms are sealed, space is imprisoned, and there is nowhere to escape.

The four sword gates burst out with billions of sword lights, shrouding Wuyuan and others, and engulfed them in an instant..

## Chapter 673

"No~! "

Screams continued in the sword light!

Peng~! Peng~! Peng~! ......

There were dozens of muffled sounds in a row.

The fleshy bodies of Wuyuan and others were all exploded and turned into eleven blood mist masses instantly.....

The power of the Sealing Heaven Sword Formation is comparable to that of a high-grade Star Lord-level Yuanwu.

With Qin Feng in hand, he can sweep through the low-level and late-stage star masters, and deal with Wu Yuan and others with ease.

"Sir, don't kill me! I was wrong!"

"Sir, please let us go!"

In the blood mist, Wu Yuan and others were heard wailing for mercy.

Qin Feng was too lazy to pay attention. As soon as he invoked the sword technique, billions of sword lights reaching the sky shot out again, twisting the true spirits of Wu Yuan and others. smash.....

The next second, he opened hell in his left hand and heaven in his right hand, madly swallowing all the energy.....

"Ding! Successfully absorbed a large amount of essence, blood and soul-crushing energy.....The completion level of Hell Realm has been increased to 87%.....The host's combat power is greatly improved....."

"Ding! Successfully absorbed a large amount of true spiritual power.....Paradise completion level increased to 57%.....The host's combat power is greatly improved....."

"Ding! Successfully killed the Half-Step Star Lord.....Karma value increased by 100,000....."

"Ding! Successfully killed the Half-Step Star Lord.....Karma value increased by 100,000....."

"Ding! Kill the Half-Step Star Lord....."

"Ding! Successfully killed the low-grade Star Lord.....Karma value increased by 1 million....."

"Ding! Successfully killed the low-grade Star Lord.....Karma value increased by 1 million....."

"Ding! Successfully killed the low-grade Star Lord.....Karma value increased by 1 million....."

That's great!

Qin Feng's eyes showed joy.

After killing these eleven Star Lords, his basic combat power increased to 400,000 Gai, and his accumulated karma value reached 4.7 million.

"Ding! It is detected that the host's karma value has skyrocketed. 4 million karma values can be consumed to upgrade the ninth-grade karma fire red lotus to the twelfth-grade karma fire red lotus. Do you want to upgrade?"

Qin Feng's eyes lit up and he was full of surprises.

The karma value increased so fast that the Karma Fire Red Lotus could be upgraded to three levels in a row. That is a three-fold increase, which is very cost-effective.

"promote!"

"Ding! Successfully consumed 3 million karma points... Congratulations to the host, your Karma Fire Red Lotus has been promoted to the twelfth level...."

Buzz~!

A clear cry!

Spread throughout the world!

At the feet of Qin Feng, the red lotus of Karma bloomed with blood, and it bloomed with twelve petals, which was extremely magical.....

"Qin Feng, did you kill them all?"

Xuan Xi couldn't believe what she was seeing.

She couldn't sense any breath from Wu Yuan and others.

"Um!"

Qin Feng smiled casually and put away the Heaven Sealing Sword Formation.

Xuan Xi was extremely shocked.

Oh my God!

Qin Feng really killed those people!

She looked at Qin Feng in disbelief, her eyes gradually brightened, There was appreciation, joy, and some admiration.

Unknowingly, this young man had far surpassed her.

If she assessed correctly, Qin Feng's comprehensive strength had already entered the level of a low-grade Dzogchen Star Master.

The Star Alliance finally There is a top strong man who can compete with other forces.

What's more terrible is that this younger brother is so handsome! The more

Xuan Xi looks at it, the happier he is.

She finally understands why so many outstanding women are willing to follow Qin Feng.

It's true that Qin Feng is too good. He has a fatal temptation that makes people fall unconsciously. Even she started to feel moved.

"Qin Feng, let's leave quickly! In a few minutes, Gu Chaan and Yaozhu came over."

Xuan Xi remembered the urgent situation at hand and quickly stopped thinking.

"That's fine!"

Qin Feng nodded slightly.

Naturally, he is not afraid of Gu Chaos and Yao Zhu.

None of them can do anything to him.

But if those two people join forces, he will be at a disadvantage.

What's more, he rashly and Gu Chaos two Fighting to the point where both sides suffer will only benefit others.

"Sister, let's go!"

"Wait a moment!"

"What's wrong?", Qin Feng looked back

"hug me!", Xuan Xi's pretty face turned red.

Qin Feng was stunned.

Immediately, he figured it out and couldn't help but smile.

The next second, he naturally put his arms around Xuan Xi's waist and gave her a princess hug.

Xuan Xi Both hands were clumsily grasping Qin Feng's gown.

This was the first time she was held by someone, and her hands felt like they had nowhere to put them.

Qin Feng smiled at the corner of his mouth:"Sister, are you ready?"

"Um!"

"Let's go!"

Qin Feng dodged and turned into a stream of light, shooting towards the starry sky in the distance.

Until this moment, Xuan Xi secretly breathed a sigh of relief.

The big stone in her heart could finally be let go.

It turned out that Xuan Xi knew that she was not fast. , and then let Qin Feng hug her and leave.

Otherwise, sooner or later they would be caught up by Gu Chaos.

Qin Feng understood what she meant instantly and agreed without asking any more questions.

This also made her less embarrassed..

She also secretly praised her brother for his intelligence. No wonder he was so carefree and liked by many women.

Even she couldn't help but like him.....

But he said that Qin Feng and his wife had just left not long ago.

Two starlights flew from a distance and landed directly on the place where they had just fought. It was Gu Chaos and Ying Zhu who were following them.

"strangeness! Wuyuan's aura disappeared!"

"yes! This is the place designated by Wuyuan, why is there no one there?"

Gu Chaan and the two looked confused.

But the next second, Gu Chaan's nose moved.

He smelled the residual smell of blood and the smell of true spirit debris around him, and his face suddenly darkened.

"Hey, something happened to Wuyuan! He should be killed!"

"This is impossible!" Yao Zhu was shocked.

Immediately, he said: "Wu Yuan is a mid-level low-grade star master. Those who can kill him must at least have the strength of a low-grade Dzogchen Star Master, and must also have the special ability to kill true spirits. The Star Alliance does not have such masters! Gu Chao nodded:"

Yes!" The strongest ones in the Star Alliance are only at the mid-low level, and there really are no such masters. There's something weird about this!"

"By the way, the lingering smell around here is very fresh, Wuyuan and others had just died. Let's check the trail and maybe we can catch the murderer!"

"good!"

At the moment, the two of them used their secret skills to explore the surroundings.

After a while, they found the direction in which Qin Feng left and chased him.....

At the same time, deep in the chaotic star field.

Something big is also happening in that mysterious forbidden area.

The cloaked man has come out of seclusion.

At this moment, he was furious

"Damn it! Damn it! My four golden puppets are lost! The inheritance of the Lord of the White Tiger is also lost! who? Who did it?"

Boom~!

The cloaked man stamped his foot on the ground.

The entire forbidden area was shaking violently.

Xie Yan on the side lowered his eyebrows and closed his eyes, remaining silent.

"Hao Yan, can't you contact the Master of the Twelve Palaces under you?"

"Returning to the master, their soul cards were all broken into pieces, and they must have died."

Xie Yan replied respectfully.

"Sure enough!", the cloaked man's lungs almost exploded with anger.

"Master, now that we have lost a White Tiger inheritance, the situation is not favorable for us. ....", Xie Yan is worried

"not necessarily!", the cloaked man sneered, "According to the original plan, I might have to kill a dozen star masters to condense the six-path spiritual body."

"But this time, God favored me and gave me a psychic body. I have already transformed that psychic divine body into a six-path spiritual body! Ha ha!!"

At the end of the sentence, the cloaked man laughed proudly.

Even if he lost four golden bodies, it was not as good as the six spiritual bodies he gained.

Xie Yan was surprised and happy: "Congratulations, master! Congratulations, Master! As soon as the master's physical body is completed, he can refine various inheritances, and his strength will be restored to its peak, just around the corner!"

"Ha ha!!", the cloaked man also laughed happily.

After a long time, he sighed: "Tens of billions of years! I finally regained my physical form. With this physical body, I can inherit those inheritances. Over the years, I can only watch but not eat, and I am almost exhausted!"

As soon as he finished speaking, he pinched a seal.

The next second, the 'Six Paths' behind him continued to roar, and the entire secret realm trembled violently.

Boom~! Long~! Long~!

After a moment, the 'Six Paths' shrank, and slowly Integrated into his body.

The six-path spirit body is the best physical body to fuse with the 'six paths'.

After this fusion is completed, the cloaked man's combat power and momentum soared to 7 million, extremely tyrannical.....

So strong!

Hao Yan was shocked, envious, and a little scared.

With a combat power of 7 million, he can defeat the lower-grade Dzugchen Star Master.

"good! good!"

The cloaked man also felt his own changes with satisfaction.

"hey-hey! As long as I refine another high-grade star lord's inheritance, I will immediately be able to return to the strength of a middle-grade star lord....."

The combat power threshold of a middle-grade star master is 30 million Gai, and it is easy to kill a low-grade Dzugchen star master instantly.

If he could return to the strength of a mid-level star master, he could kill all the low-level star masters in the chaotic star field and turn them into energy to feed the 'Six Paths'.

By then, he will be one step closer to being the Lord of the Universe.

He wants to admire heaven!

He wants to be the Lord of Destiny!

The more the cloaked man thought about it, the more he looked forward to it

"Master, when shall we set off?"

"Leave now!" The cloaked man couldn't wait. "I already know the positions of those high-grade star masters. Let's seize Emperor Shi's inheritance first!"

"Master, I have a concern"

"What worries?"

"Master, although you are extremely powerful, as the saying goes, you cannot defeat four people with just one fist. There are a lot of players there. I'm afraid that the two of us can't destroy a group of them, and maybe we'll lose another inheritance....."

"Makes sense!"

The cloaked man nodded slightly.

Although he has been hiding in the chaotic star field for many years, he cannot control the inheritance of the high-grade star master.

Tens of billions of years ago, when his physical body was still there, he was only a high-grade star master.

Everyone is at the same level. , naturally cannot be controlled.

And once the high-grade star master inheritance is opened, it will stimulate the sky, and the entire chaotic star field will be excited.

Therefore, as long as one inheritance is opened, all the star master level players will be attracted.

This is not good for his plan!

"There is a way! This deity activates two inheritance places at the same time. This allows them to be divided into two groups. It's hard to deal with all the Star Master players, but it's easy to deal with only half of them!"

The more the cloaked man thought about it, the more he thought it was feasible.

Hae Yan was still a little worried: "Master, start two inheritances at the same time. When we gain one inheritance, will we lose another inheritance? The cloaked man didn't take it seriously:"

So what if I lose it?" As long as I can get an inheritance, and with the help of the power of the Six Paths, I can refine it in a very short time. To put it simply, I was able to break through to the mid-level Star Master in a very short period of time."

"At that time, I will kill everyone in the chaotic star field. Whoever steals the inheritance will spit it out again. Everything is perfect!"

Xie Yan's eyes lit up: "Master is wise!"

"Then let's get started!"

The cloaked man waved, and there were two jade talismans in his hand.

The barrier tokens arranged in the inheritance of Emperor Shi and the inheritance of the Lord of Holy Light.

The barrier was secretly arranged by him to prevent others from discovering the inheritance.

Now, He wanted to open the barrier, activate the two inheritance places, and let those star master level players take the initiative to divert.

The next second, the cloaked man activated two jade talismans..

Chapter 674

The next second, the cloaked man activated two jade charms.

At that moment, deep in the chaotic star field, a sudden change occurred.

Deep in a certain nebula, a streak of demonic energy broke through the blockade and connected to the sky and the earth.

The overwhelming demonic power spreads everywhere, shocking the heaven and the earth.

The entire star field trembled!

Countless Star Lords, Lords, and God Emperors all looked at it.

At this moment, an idea came from the demonic energy

"I am Emperor Shi! If you want to get the inheritance of this deity, come quickly!"

The spirit of inheritance has awakened!

It is the Emperor Shi Xingzun of the ancient demon realm!

Everyone is ecstatic!

Those who were fighting have given up the fight.

Those who are fighting for resources have also given up the resources around them.

Everyone is scrambling. They rushed towards the land of Emperor Shi's inheritance.

How could those grievances and resources compare to the inheritance of a top-grade star master!

But at this moment, the mutation reappeared.

Another holy light rose into the sky, shocking the starry sky!

The entire star field It trembled again!

Countless players were alarmed again!

A powerful idea emerged from the holy light and swept across the billions of stars!

"I am the Lord of Holy Light! If you want to get the inheritance of this deity, come quickly!"

Oh my God!

Another inheritance spirit has awakened!

This time it is the Lord of Holy Light in the ancient heaven.

Everyone became even more crazy.

In just a few seconds, two inheritances erupted one after another.

But then, people became a little worried?

Two A high-grade star master inherits!

How to choose?!

The crowd gradually divided into two groups.

One group rushed to the inheritance place of Emperor Shi.

The other group rushed to the inheritance place of the Lord of Holy Light.

If you look carefully, you will find that.

Most of the players from the Demon Realm went to the Land of Emperor Shi, and most of the people from the Heaven Realm went to the inheritance place of the Lord of Holy Light...

On the other side, deep in the Chaotic Star Realm, within the mysterious forbidden land.

The cloaked man looked at it with a sneer. The distant starry sky.

One south and one north!

Emperor Shi of the Demon Realm in the South, Holy Light of the Heaven Realm in the North

"Let's go!"

The cloaked man took a step forward and rushed towards the land of Emperor Shi's inheritance.

Hao Yan followed closely.

They wanted to take down Emperor Shi's inheritance as quickly as possible, and then turn around to grab the Holy Light inheritance, so time is precious.....

But not long after the two left, a strange figure walked out of the void quietly.

This person is the incarnation of Yuan Qing - the man in green robe

"The breath of the six paths!"

The man in green robe took a greedy breath of air, and a sneer appeared at the corner of his mouth.

The next second, he quietly followed the man in cloak and rushed to the place where Emperor Shi inherited.

At the same time, on the other side of the star field.

Qin Feng He was flying at high speed with Xuan Xi in his arms.

The beauty in his arms was getting softer and warmer.

Qin Feng felt a little bit and couldn't help but look down and saw Xuan Xi's beautiful face was flushed.

But just At this moment, a change occurred deep in the star field, which alarmed the two of them.

They couldn't help but turn their heads and saw a ray of demonic energy and a ray of holy light rising into the sky one after another.....

"Huh! Look at this celestial phenomenon...it should be that the inheritance of the high-grade star master has been activated! There's more than one!"

Qin Feng was pleasantly surprised.

What he was worried about before was that he couldn't find the inheritance, and now it finally appeared.

Xuan Xi also looked excited:"Great! Qin Feng, where shall we go?"

"Of course I have to go to both! How could these inheritance be given away?"

The corners of Qin Feng's mouth curled up slightly.

He has a huge appetite!

"You mean, we go to a place alone?", Xuan Xi hesitated.

She wanted to work together with Qin Feng, not separately.

She thought very clearly that with the strength of her low-grade mid-term star master, she had no advantage in fighting for inheritance.

Those low-grade Dzogchen star masters could She was restrained to death.

Not only her, but other Star Alliance players also had no advantage.

Among the Star Alliance, only Qin Feng could compete with those low-grade Dzogchen Star Masters.

In this case, she might as well stay with Qin Feng By his side, he tried his best to help Qin Feng obtain his inheritance.

"Sister, I will send a clone to a place of inheritance. And when I go to another inheritance place, there will be no delay on either side."

Qin Feng's idea is very simple.

The phantom clone is an extension of his body. He can conduct the assessment on both sides at the same time.

When necessary, he can change the clone into the main body and the main body into the clone by turning the yin and yang between each other when necessary, without wasting any time.

"Then you plan to go to that inheritance in your own body??"

"Go to the inheritance of the Lord of Holy Light!"

Qin Feng thought of the words of Ye Pinghua.

There is Nine Heavenly Breathing Soil in the inheritance of the Lord of Holy Light.

He wanted to get some for the baby.

Let the baby go to the human world to knead the soil to create a human being, and perfect the human world as soon as possible, so that he can make a half-step breakthrough. Star Lord

"Sister, are you planning to go to that inheritance place?"

"Of course with you!", Xuan Xi said calmly.

Qin Feng smiled slightly and released the phantom clone.

The next second, the phantom clone flew towards the direction of Emperor Shi's inheritance.

Qin Feng held Xuan Xi and flew towards the Lord of Holy Light.....

At the same time, there is another star field.

Gu Chaan and Yaozhu looked at the demonic energy and holy light in the distance in surprise.

"It is the inheritance of Emperor Shi and the inheritance of Holy Light that have awakened! Brother Gu Chaan, where should we go?"

"this....", Gu Chaos thought, "Let's go to the inheritance of the Lord of Holy Light! It's closer to us. If you get there first, you may have an advantage!"

"good!"

At that moment, the two of them rushed towards the inheritance place of the Lord of Holy Light. As for tracking Qin Feng, they had long forgotten it.

Those were trivial matters, far less important than obtaining the inheritance of the high-grade Star Lord.....

But on the other side, Qin Feng was extremely fast.

It didn't take long for him to arrive near the place where the Holy Light was inherited.

"Sister, come down!"

Qin Feng let go of his hand and let Xuan Xi come down.

As he approaches the inheritance place, he will meet more and more people.

It's a bit indecent for them to hold him like this.

"oh!", Xuan Xi was a little reluctant to leave.

The warmth in Qin Feng's arms made her linger.

It turned out that just by being held by someone, she could feel a kind of happiness and nostalgia.

That feeling was wonderful!

This was the first time she experienced it.

Xuan Xi Xi thought about it and fell into deep thought.

"Sister, let's go!", Qin Feng urged

"oh~! ", Xuan Xi followed him obediently.

Unknowingly, Xuan Xi was already obeying Qin Feng's advice.....

It didn't take long for the two of them to arrive at the entrance of the inheritance place.

It was a rift in time and space, and endless holy light broke out of the sky.

At this moment, many players who arrived were rushing to enter the holy land.

Most of these people are masters and god emperors, and only a few are half-step star masters.

As soon as Qin Feng and the two arrived, they attracted everyone's attention.

Everyone discovered at first glance that Xuan Xi was a low-grade star master.

All the contestants immediately panicked, with expressions of awe on their faces, not daring to breathe.

Even the half-step star master showed a look of awe.

The low-grade star masters are the top-tier figures among all the players, and they cannot afford to offend them at all.

But the next second, they were stunned again.

When Xuan Xi arrived at the entrance, she asked Qin Feng to enter first, and she followed behind like a subordinate.....

But everyone can see that Qin Feng is just a master.

This made them a little dumbfounded.

When can a master command a low-level star master?

Or are they overthinking it?

In the blink of an eye, Qin Feng and Xuan Xi entered the inheritance holy land.....

"The female Star Leader just now was Xuan Xi Star Leader of the Star Alliance, right?!"

"seems like it!"

"Who is that boy in white? Judging from his cultivation, he is just a small master. Why does Star Master Xuan Xi look more like his subordinate?"

A half-step star master said in a very sour tone.

He was a little jealous.

"Why do you think so much?! Let's go in quickly! The inheritance assessment will begin soon....."

At this moment, a group of people also entered the Holy Land one after another..

Chapter 675

But Qin Feng and the two entered the Holy Land and soon entered the Heritage Temple.

At this moment, nearly a thousand people have gathered in the Heritage Temple, divided into two large groups, with distinct distinctions.

One group has seven or eight hundred people, the other only two or three hundred people.

The party with more people was arrogant and looked coldly at the party with fewer people.

Qin Feng saw it after a brief analysis.

The party with more people is gathered together by the ancient realm, the demon realm, the heaven realm, and the scattered alliance.

Not only were there many of them, there were even three low-grade star masters.

Looking at the side with the smaller number of people, they are the people from the Star Alliance.

At this moment, the Star Alliance not only has a small number of people, but also does not even have a low-level Star Master.

They were stared at eagerly by each other, and the pressure was extremely high.

Especially the three low-grade star masters made them feel afraid.

Nowadays, it is no secret that the four major forces have joined forces to suppress the Star Alliance.

If fighting was not prohibited in this inheritance temple, the four major forces would have pounced on them long ago.

The arrival of Qin Feng and Xuan Xi shocked everyone.

As soon as the people from the Star Alliance saw them, they immediately shouted

"It's Lord Qin Huang and Lord Xuan Xi who are here!"

"I have met Mr. Qin Huang!"

"I've met Master Xuanxu!"

Everyone in the Star Alliance was extremely excited. They came forward one by one to respectfully meet.

However, their attitude towards Qin Feng was more respectful than Xuan Xi's.

Qin Feng's performance in the White Tiger Heritage Land has already made a difference between these masters and the God Emperor. Word spread.

They all knew that Qin Feng had the strength of a low-grade star master.

That would be very scary!

You know, Qin Feng is still just a master, but he already has such strength, and his potential is extremely evil.

He will definitely surpass him in the future All the low-grade star masters.

Not only that, Qin Feng is also the only disciple of Ziwei Star Lord, and his status is also extremely noble.

All these things make Qin Feng's status in everyone's hearts extremely high, already slightly higher than Xuan Xi and other low-grade star masters

"That's great! Mr. Qin Huang and Mr. Xuan Xi are here, and we also have star master level experts here!"

"yes! I can finally breathe a sigh of relief. Otherwise, I would always be stared at by the three Star Lords across from me. It would be so scary!"

On the Star Alliance side, the crowd kept muttering.

In their opinion, the Star Alliance just came with two low-grade Star Lord-level powerhouses.

But the four major forces on the opposite side all showed disdain.

These people from the Star Alliance are so funny. ?

Just a low-grade star master came, and they were so happy. They didn't know what to be happy about?

Aren't they afraid of such an obvious disadvantage?!

The people from the four major forces shook their heads.

They didn't understand Qin Feng. , thinking that Qin Feng is just a top-grade master of Dzogchen.

With such strength, if he were among the first batch, it would be considered top-notch.

But as the star masters entered the chaotic star field, they became mediocre.

At present, the four major None of the forces bothered to pay attention to Qin Feng.

Especially the three low-level star masters. They had been paying attention to Xuan Xi and never glanced at Qin Feng from the beginning to the end.....

But it was said that after Qin Feng arrived at the Star Alliance, he chose a corner and waited in a low-key manner for the inheritance assessment to begin.

The inheritance spirit here has the strength of a lower-grade Dzogchen Star Master. If combined with the formations and treasures of the inheritance temple, even a low-grade Dzogchen Star Master can suppress it.

For example, if the Lord of the White Tiger's inheritance spirit hadn't really taken a fancy to Qin Feng.

With the strength of the spirit of inheritance, combined with the Sealing Heaven Sword Formation, even a low-grade Dzogchen Star Master could be killed.

All this shows that for the inheritance spirit of the high-grade star master, it is definitely not possible to be tough. You can only act according to its rules.

"Dad, there are so many people outside!"

"Brother, let us out!"

"Master, I also want to come out and take a look!"

"Qin Feng, we also want to go out and have a look....."

At this moment, the voices of Bao Bao, Chu Chu, Ming He, and Feng Di resounded in Qin Feng's mind.

Qin Feng has opened their horizons for them, allowing them to see everything in the outside world.

They can't wait to take part in the inheritance assessment.

The women all wanted to help Qin Feng so that he could get this inheritance.

Minghe is Qin Feng's servant, so he naturally also thinks about Qin Feng

"Let's wait until the spirit of inheritance comes out!"

Qin Feng replied to the girls.

He had obtained a jade talisman from Jehovah, which contained an introduction to the Lord of Holy Light.

After all, Jehovah is a descendant of the Lord of Holy Light, so he naturally knows the Lord of Holy Light very well. Lord.

According to the information Qin Feng has, the assessment rules this time should be somewhat special.

After Qin Feng replied, the girls obeyed and waited anxiously one by one.

In this way, Qin Feng waited in a low-key manner.

Xuan Xi was also meditating beside him.

More and more contestants entered.

Not long after, Gu Chaan and Yaozhu also came in.

The two of them only glanced at Xuan Xi and chose to wait in a low-key manner without asking any more questions.

Even though they were both low-ranking masters Perfect Star Master, but he did not dare to act arrogantly in the inheritance temple.

Only those who dared to ignore the inheritance rules of high-grade star masters and above were mid-grade star masters.

Time passed very fast, and five hours passed in the blink of an eye.

Then. As time goes by, there are more and more players in the field, reaching more than 20,000 people. More than

30 low-level star masters from the four major forces have come.

There are only seven low-level star masters on the side of the Star Alliance, and they have the highest cultivation level. There are two low-grade mid-term star lords, and Xuan Xi is one of them.

Among the four major forces, there are six mid-term low-grade star lords, two low-grade late-stage star lords, and two low-grade Dzogchen stars. It can be seen from this that both sides The strength gap between the Star Alliance and the Star Alliance is very large.

The players of the Star Alliance feel the pressure, and the atmosphere in the field has become depressing. At this moment, the star masters of the four major forces are gathering together to discuss how to deal with the Star Alliance.

Gu Chaos and Ying Zhu are invisible became the leader

"Everyone, the Star Alliance has received a high-grade inheritance. This inheritance cannot be obtained by them again no matter what!"

Gu Chao looked at everyone

"Don't worry, Lord Gu Chaos, the Star Alliance is not our opponent. Look at the Star Alliance, there are not many talents at all!"

"yes! There is not even a low-level late-stage Star Lord in the Star Alliance, and our Lord Gu Chaos and Lord Yongzhu here are completely incomparable to them!"

All the Star Lords smiled relaxedly, as if they were convinced of the Star Alliance.

Gu Chaos and Yao Zhu looked at each other and smiled without saying a word.

Indeed, no one in the Star Alliance can compete with them!

As for Qin Feng?

A small Lord, not worthy of their attention.....

At the same time, the Star Alliance side.

Xuan Xi and other seven low-level star masters all felt the pressure and gathered together to discuss

"Star Master Xuan Xi, the situation is not good! They gathered together and muttered for a long time, probably discussing how to deal with us! I'm afraid that this inheritance will be missed by us! Why!"

A middle-aged man wearing a gray gown said with a worried look on his face.

His name is Xu Star Master, and he is another low-grade mid-term star master in the Star Alliance.

Among the seven low-grade star masters, he and Xuan Xixiu are the only ones. is the highest.

Therefore, he vaguely regards himself as the leader.

"Virtual Star Lord, don't worry! With Emperor Qin here, we still have a chance to inherit it."

Xuan Xi looked calm.

She was full of confidence in Qin Feng

"Emperor Qin?", Xu Xingzhu glanced at Qin Feng not far away, smiled bitterly and shook his head.

"Star Master Xuanxi, Emperor Qin is only a master after all. He should not be able to help much in this inheritance competition....."

Xu Ming sighed helplessly

"What the Virtual Star Master said makes sense. Although little friend Qin Huang is excellent, his cultivation is not enough after all!"

Another white-haired old man echoed.

"yes! This time the inheritance competition mainly depends on the performance of Star Master Xuan Xi and Brother Xu Ming."

Other Star Masters expressed their opinions one after another.

Although the Ziwei Star Master has ordered them to obey the orders of Emperor Qin, they are still a little arrogant in their hearts and will not easily recognize a master.

They do not think that Qin Feng is as good as them. On par with them, let alone surpassing them

"You guys.....",Xuan Xi was speechless.

However, she knew that some things were beyond common sense.

Even if she said it, no one would believe it.

If this is the case, then let these people understand the truth with facts!

"Everyone, I just want to say that Emperor Qin is our hope. Just wait and see."

Xuan Xi dropped these words and stopped talking.

The star masters looked at Qin Feng not far away with doubts, still feeling unreliable.

They were all powerless. Emperor Qin was just the ruler, so what could he do?

At this moment, a rumble came from the entrance of the hall.

Bang~!

The door of the Heritage Temple was closed.

This also meant that the entrance to the Heritage was closed, and the assessment was about to begin.

The discussion in the audience stopped, and suddenly the score became quiet. The atmosphere became a little tense.

At this moment, there was a fluctuation in the sky above the hall, and the voice of the spirit of inheritance echoed in the air.

"Five minutes later, the first inheritance assessment begins! This time is your assessment token!"

As soon as he finished speaking, a piece of holy light burst out over the hall.

Thirty thousand assessment tokens flew out from the holy light and fell into the hands of each examiner.

Qin Feng took a token.

Inside the token was An introduction to the assessment rules.

After reading it, a smile appeared on his lips.

Everything was as he expected. The Lord of Holy Light assessment uses a points system, and the one who ranks first in total points can obtain the inheritance.

And the rewards for each assessment are It is a first-place system.

To put it simply, in each assessment test, only the first place will be rewarded, and the others will not be rewarded.

In this way, he does not need to let the Feng Emperor and the girls out.

Anyway, in every assessment, only the first place will be rewarded. There are rewards for being famous, just let Feng Emperor and others secretly help him get the first place every time.

At that moment, Qin Feng dripped essence and blood into the token and entered his identity information.

Before long, there were more than 30,000 people in the audience. The players all finished entering the information.

Everyone's tokens trembled again.

The assessment information came!

Everyone looked at it.

Qin Feng also picked up the token and looked at it.

At this sight, a smile appeared on his face.

It turned out that the first The content of this assessment was actually an assessment of alchemy.

This is his strength!

It can be seen from this that Jehovah did not lie. His ancestor, the Lord of Holy Light, is very good at alchemy. The reason why the Lord of Holy Light has many Nine Heavens Breathing Land, then They are all used to cultivate spiritual flowers and spiritual grass.

Qin Feng smiled and put away the token.

But there were sighs all around.

"Why! How could this first test be alchemy? I can't do it at all!"

"me too! I don't know how to do it at all. I got 0 points for the first item! It's over! It's over!"

Many players looked bitter.

Even some Star Masters frowned.

Xuan Xi and Xu Ming also frowned.

They are not good at alchemy either.

In fact, most of the elemental masters' time is spent on In terms of cultivation, there are very few people who specialize in alchemy.

Among the crowd, Gu Chaan looked happy.

This assessment is perfect for him. Alchemy is what he is good at.

Yao Zhu on the side looked at him with envy: "Brother Gu Chaos, your alchemy skills have long been famous in the universe. The first place in this assessment belongs to you!"

"yes! The first place in this assessment must be Lord Gu Chaos."

Many Star Lords followed suit.

Gu Chaos felt proud.

He stroked his beard and smiled: "Haha! Alchemy is a matter of talent, and there are also people like Crouching Tiger, Hidden Dragon among them! It's too early for you to say!"

He said this, but in his heart he was sure that he could win the first place.

Yaozhu smiled and said: "No matter what, the first place this time will definitely not be someone from the Star Alliance. When it comes to alchemy, both the Ancient Domain and the Heavenly Domain surpass the Star Alliance." As soon as these words came out, everyone smiled and nodded.

At this moment, the hall shook, ten light doors emerged, and the entrance to the assessment place opened.

Everyone filed in.

Qin Feng also followed the flow of people and entered. in..

## Chapter 676

The next second, Qin Feng entered a secret assessment room.

The layout of the secret room was simple, with a desk in the center and fourteen prescriptions for elixirs on it.

There are ten types of God Emperor level elixir recipes, three Dominator level elixir recipes, and one Star Lord level elixir recipe.

The content of the assessment is to refine all fourteen types of elixirs.

The assessment time is three days.

Of course, if someone can refine all the elixirs in one day, the test will end immediately.

This is a first-place reward system. Only the best will be selected, and there is no need to wait for everyone to finish the assessment.

Such a competition system can greatly speed up the competition process.

Qin Feng was very satisfied.

His ambition is to grab all the Holy Light and Emperor Shi inheritance.

If the inheritance here can be grabbed earlier, he can free up time to grab the Emperor Shi inheritance.

Thinking of this, Qin Feng thought and activated the Wuji Divine Seal...

The four-week time instantly increased to 30 times.

In other words, thirty minutes have passed here and only one minute has passed outside.

As his understanding deepened, the power of Qin Feng's Wuji Divine Seal increased.

Increased from 20 times to 30 times.

The next second, he quickly walked to the table, picked up the elixir prescriptions, and began to review them...

These elixir prescriptions were all ancient prescriptions from tens of billions of years ago, and were somewhat different from today's elixir system.

This is called a test of alchemy level.

Qin Feng started with the God-Emperor level elixir recipe.

He just glanced at it and put it aside. It was too simple.

Next, he picked up the Dominator Level Pill Formula and understood it after looking at it for a while.

Finally, he picked up the Star Lord level elixir recipe and reviewed it.....

"Bliss Pill?! Interesting elixir! Unexpectedly, the Lord of Holy Light has such "zero and zero" hobbies....."

Qin Feng smiled slightly, put down the Star Lord level elixir recipe, and began to prepare the medicinal materials.

For each type of elixir, the secret realm only provides three materials, which means there are only three opportunities.

If it fails three times, a certain elixir will lose the qualification to refine it.....

Qin Feng's alchemy skills are extremely skillful.

It only took him a few minutes to select the medicinal ingredients.

The next second, he waved casually.

Fourteen divine alchemy furnaces fell from the sky!

Bang~! Bang~! boom~....

The alchemy furnaces all landed!

Room tremors!

Qin Feng waved his hand again.

Poof~! Poof~! puff~! .....

Under each alchemy furnace, there is an immortal elixir fire burning.

The next second, the furnace lid flew up.

Fourteen medicinal materials flew into the alchemy furnace at the same time.....

Qin Feng pinched the Danjue with both hands.

He actually refined fourteen pills at the same time.

In the small universe, Emperor Feng and others were stunned.

This was the first time they saw someone being able to refine fourteen different elixirs at the same time. They had never heard of it before.

Liu Yan and Shangguan Yunxi were also watching.

The two women have learned Qin Feng's true knowledge of alchemy.

This time, in order to improve the two women's alchemy skills, he specially opened their horizons for them to observe and practice.....

Seeing this, the two women were naturally shocked.

They secretly thought that this master was worthy of being their man, he was extremely strong in every aspect... The more the two women looked at him, the more they admired him.....

But he said that Qin Feng had already started refining elixirs.....

The other contestants are still reading Danfang.

They don't have Qin Feng's time cheating ability.

Coupled with the low level of alchemy, it would take more than ten minutes to review a god-emperor level elixir recipe.

Many players smiled bitterly after reading the first God-Emperor level elixir.

Even some half-step star masters feel overwhelmed.

Refining alchemy is so difficult!

Many of them don't know how to make alchemy.

In a certain secret room, Star Master Mingxu sighed deeply after reading the God-Emperor-level elixir prescription in his hand.

This is the first God-Emperor-level elixir recipe he has read. He has not read the more difficult Dominator-level elixir recipes and Star Lord-level elixir recipes that will follow!

"Why! This is a recipe from tens of billions of years ago! It is quite different from the current alchemy system."

"You must have at least a master-level alchemy level to understand it. Otherwise, the failure rate of alchemy is high!"

Mingxu put down the alchemy recipe helplessly and picked up the second one.

At this time, he was in a bad mood.

His alchemy level was considered excellent among the Star Alliance, even better than Xuan Xi.

But he looked at these God Emperors It's hard to make even the best pill recipes, let alone others.

"It seems that the Star Alliance will not have any good results this time. I am afraid that the first place will fall to Gu Chaos....."

Mingxu picked up the prescription pessimistically and continued to watch.

In his opinion, he represents the highest level of alchemy in the Star Alliance.

If he can't do it, others can't do it either.

And Gu Chaos is a star master level alchemy master, so winning this game won't be a big problem.

In fact, not only Mingxu thinks so, but others also think so.

At this moment, in another alchemy secret room.

Gu Chaan had read all the prescriptions, and a confident smile appeared on his lips.

"It's so simple! This first place belongs to me!"

When he thought that he would get the first place reward, Gu Chaan felt happy.

At that moment, he calmly summoned the alchemy furnace and made the first God-Emperor-level elixir.....

At the same time, in another secret room.

Qin Feng flew with his hand seals and controlled fourteen alchemy furnaces at the same time...

Dang~! Dang~! Dang~!

There was no sound inside the alchemy furnace for refining god-emperor level elixirs. The elixirs had been prepared.

Those elixirs were jumping around in the elixir furnace and wanted to be released, but Qin Feng refused to release them.

Feng Di and his daughters couldn't understand, they were amateurs after all.

Liu Yan and Yun Xi could see it, but they were a little confused.

"Master, your God-Emperor level elixirs have been refined, why don't you open the furnace to collect the elixirs?"

Yun Xi said softly.

She really couldn't hold back the curiosity in her heart.

"This is raising pills! After they have absorbed all the remaining medicinal power in the elixir furnace, then open the furnace again and you will be able to obtain the perfect level elixir....."

Qin Feng explained carefully

"oh!"

If Yun Xi realized something, she looked at Qin Feng's back and admired her even more.

The relationship between her and Qin Feng was very strange.

Qin Feng taught her alchemy. She considered herself Qin Feng's disciple, and she usually called Qin Feng Master.

Qin Feng doesn't deny it.

In fact, her other identity is Qin Feng's concubine.

Sometimes, when Qin Feng is in the mood, he will enjoy her.

She has long been deeply in love with her. This man.

Time flies.

In the blink of an eye, an hour has passed in the secret room, and only two minutes have passed in the outside world.

There is a clanging sound in the three alchemy furnaces.

Those are the three master-level elixirs that have been prepared!

Qin Feng did not Open the furnace and continue to raise the elixir.

At present, the thirteen elixirs have been refined and are waiting to be opened.

Qin Feng's pressure is also much less.

He begins to focus most of his energy on the most difficult ones. Star Lord level elixir.

Now go all out, and the Star Lord level elixir refining progress will go straight up.....

Time flies.

In the blink of an eye, an hour passed in the secret room.....

Only a minute has passed outside.

At this moment, there is another secret room.

Gu Chaos hands flew with seals, and he controlled the alchemy furnace in front of him with great familiarity.

Bang~!

A soft sound!

The top cover of the alchemy furnace flew up, and a white elixir mist rose up from the vines. A dripping white elixir pill flew out from it, and the fragrance was overflowing.....

"Ha ha!! The first one is finished!"

As soon as Gu Chaan waved his hand, the pill flew into his hand.....

In just three minutes, he refined the first God-Emperor level elixir, which was simply an extraordinary performance.

Even he himself is extremely satisfied!

At this moment, everyone's assessment tokens began to tremble.

Gu Chaan quickly took it out and saw an extra message on it.

First place: Ancient Chaos (Ancient Domain), alchemy achievement: God-Emperor Level Pill (1 pill, good quality), score 20 points.....

"Ha ha!! not bad!!"

Gu Chaan laughed with satisfaction.

In another secret room, Mingxu had just finished reading the Star Lord level elixir prescription.

When he was about to select the medicinal materials, he sensed movement on the assessment token.

He quickly took out the token. Take a look.

Bang~!

The token fell to the ground.

Damn~!

Before he started refining the alchemy, Gu Chaos had already refined the first kind of elixir.

Is the gap so big?

Mingxu's heart It sank directly

"Why! It's over!"

Mingxu sighed helplessly, his face extremely ugly.....

At this moment, all the players saw this message from the assessment token.

Everyone was dumbfounded.

Many of them didn't even finish reading the elixir recipe before Gu Chaos refined the first elixir.

This ancient chaos is really too strong!

Everyone was amazed, but at this moment the assessment token trembled again, and another message came.

Everyone took out their tokens to watch.....

First place: Emperor Qin (Star Alliance), Alchemy achievement: God-Emperor level pill (1 pill, perfect quality), score 100 points...

Second place: Ancient Chaos (Ancient Domain), Alchemy achievement: God-Emperor level pill (1 piece, good quality), score 20 points.....

"Oh My God! A super genius suddenly appeared in the Star Alliance, surpassing Ancient Chaos at once....."

People kept exclaiming in their hearts...

In the secret room, Gu Chao also saw this message and was a little dumbfounded..

Damn it~!

Was he overtaken by others?!

How can this be!

He is a star master level alchemist!

This time, he performed exceptionally well, why was he still surpassed?

"Who is this Emperor Qin? I takeWhy haven't you heard of it? There is no such person among the low-level Star Lords of the Star Alliance! Could it be that he is a half-step star master?"

Gu Yu was depressed.

He thought about how he, a low-ranking Dzogchen Star Lord, could be surpassed by a half-step Star Lord!

"Damn it! This kid must have been lucky enough to come up with a perfect elixir. According to the speed of refining alchemy, he is definitely not as good as me! No, I have to go back and overtake him!"

Gu Chaos was very unwilling.

He quickly took out the second pill recipe and prepared to refine the second God-Emperor level pill.  
.....

But at this moment, the token trembled, and there was another message.

Could it be that someone has successfully refined it again?

Are there so many alchemy masters this time?

Gu Chaan frowned, picked up the token with a look of boredom, and checked it.

The next second, he was dumbfounded.

The information coming this time is not that other people have succeeded in refining elixirs, but that Emperor Qin's performance has changed again.....

First place: Emperor Qin (Star Alliance), Alchemy achievement: God Emperor level pills (2 pills, perfect quality), score 200 points...

Second place: Ancient Chaos (Ancient Domain), Alchemy achievement: God Emperor level pills (1, good quality), rated 20 points...

In an instant, Qin Feng's points were ten times that of Gu Chaos.

Gu Chaos was stunned for a long time.

Immediately, he became angry: "Didn't this kid just refine a pill? Why did he refine a second one in the blink of an eye? What a joke!"

After saying this, the token information changed again.

Qin Feng's score became 3 magic pills, with a score of 300

"Damn it~! Is this a big joke?"

Gu Chaan began to suspect that there was something wrong with his eyes.

But as soon as he finished speaking, Qin Feng's score became Divine Pill Level 4, with a score of 400.

Gu Chaan: "....."

His eyes couldn't help but widen.

But Qin Feng's score changed again, becoming 5 magic pills with a score of 500.

Gu Chaan was completely dumbfounded and could not speak.

Is that human being?

As soon as this idea came up, Qin Feng's grades skyrocketed...

6 stars.....Rating 600.....

7 pieces.....Rating 700.....

8 stars...0.8..score 800.....

9 pieces.....Rating 900.....

10 pieces.....Rating 1000.....

10 God Emperor Pills...1 Dominator Pill (perfect level)...score 2000

10 God Emperor Pills...2 Dominator Pills (perfect level)...score 3000

10 God Emperor Pills...3 Dominator Pills (perfect level) ....Rating 4000

10 God Emperor Pills...3 Dominator Pills (perfect level)...1 Star Lord Pill (perfect level)  
.....Rating 14,000...

At this moment, everyone was dumbfounded...

Gu Chaos was completely confused!

At this moment, the voice of the inheritance spirit sounded over all the secret rooms.

"Ding! Emperor Qin has refined all the elixirs in advance, and the first assessment is over....."

As soon as these words were said, the whole place was shocked, and many secret rooms sounded exclamations of surprise.

"What?! it's over? I haven't finished reading the first recipe yet!"

"Woo! Woo! Woo! Can you give me some face? I haven't understood the rules of the competition yet, why is it over? Can I think about my self-esteem?!"

As people exclaimed and sighed, the spaces in each secret room fluctuated continuously.

The contestants were forcibly teleported out one by one.....

This assessment is so embarrassing!

Except for the first place Qin Feng who scored 14,000 points and the second place Gu Chaan who scored 20 points, everyone else scored 0 points..

Chapter 677

A quarter of an hour later, everyone returned to the main hall.

This assessment took less than ten minutes from start to finish, and the progress was too fast.

As soon as everyone returned to the main hall, they started discussing

"That Emperor Qin is so strong!"

"yes! Who is the Qin Emperor?"

The people from the four major forces all looked at the Star Alliance.

Everyone in the Star Alliance was already very excited.

Those Lords and God Emperors worshiped Qin Feng.

Lord Qin Huang is really extraordinary!

Even the half-step Star Lords have some admiration. Qin Feng was shocked.

All the low-level star masters were also shocked.

They took the initiative to walk in front of Qin Feng

"Brother Qin Huang, Xu Mou admires you!"

Xu Ming bowed his hands, his tone full of admiration.

"I admire you very much!"

Several other Star Lords from the Star Alliance also saluted Qin Feng.

Qin Feng shocked them too much.

They really admired Qin Feng and spoke highly of Qin Feng.

At least half a step ahead of the Star Lords. , can communicate with them on an equal footing.

Qin Feng smiled and said nothing.

Although the arrogance of these low-level star masters is still there, their attitude towards him has become much more polite, and even somewhat respectful.

As for the two dozen half-steps The star master was completely impressed, with complete respect in his eyes.

02 At this time, Xuan Xi came over.

She looked at Qin Feng with a smile, her beautiful eyes were full of joy, and she was a little proud.

This younger brother gave her so much face Got it

"Mingxu, what I said is right! Xuan

Xi said with a smile

"Star Master Xuanxi, you do have a good sense!" Mingxu was indeed a little impressed.

Xuan Xi smiled again:"What you see now is just the tip of the iceberg!"

She likes Qin Feng more and more as her sworn brother, and she spares no effort to praise him.  
When

Mingxu and others heard this, they were a little puzzled.

Could it be that Emperor Qin had other outstanding qualities besides his ability in alchemy?

But at this moment, the sky above the hall shook, and the voice of the spirit of inheritance sounded.

"In the first alchemy test, Qin Huang ranked first with a score of 14,000 points, and Gu Chaos ranked second with 20 points. The rest are all 0 points!"

Everyone was embarrassed when they heard this.

Some of the thin-skinned ones turned red.

This inheritance spirit really doesn't give everyone face.

It insists on saying things that everyone knows, so that everyone can make a fool of themselves.

"First place rewards are now distributed! Emperor Qin, this is your reward!"

As the voice of the inheritance spirit sounded, a piece of holy light burst out in the air.

A large ball of golden, non-golden, non-yellow spiritual soil, exuding a hazy yellow light, fell from the air to Qin Feng's head.

"yeah! It's the Nine Heavens Breathing Land!"

The baby's excited voice sounded in Qin Feng's mind.

"The total value of so many Nine Heavens Breathing Soils exceeds half a Star Lord level item, and is almost close to a low-grade Star Lord Yuanwu."

Zixing also sighed.

Qin Feng opened their horizons for them.

They could see everything outside at the same time.

Qin Feng was also overjoyed.

You know, Nine Heavens Breathing Land is very rare.

Generally, even if the outside world finds it, it will only be the size of a fist.

This A piece of Nine Heavens Breathing Soil is the size of tens of thousands of fists. If a baby is allowed to knead the soil to create humans, it will not be a problem to create millions of people.

Then the merits and destiny values will be unimaginable!

Qin Feng's eyes are full of expectations

"What a big ball of Jiutianxi soil!"

"Tsk tsk! With such a large quantity, the value is close to a low-grade star master-level Yuanwu....."

Everyone looked envious.

Even those low-level star masters are jealous.

Soon, the mass of Nine Heavens Breathing Soil reached the sky above Qin Feng's head.

Qin Feng happily took it into his body and passed it directly to the baby

"Dad, I'm going to the human world! This time I will think about it carefully and try to create a perfect human being!"

The baby was so excited.

The little guy was full of energy.

The next second, the baby was holding a ball of nine-day soil and flew to the human world.

Qin Feng was looking forward to it.

After the baby finished kneading the soil to create a human, He should be able to break through to half-step Star Master.

By then, his strength will only increase greatly.

At the same time, there was a commotion in the hall.

Qin Feng received the reward, and his identity was revealed to the world.

There was a lot of discussion in the hall.

"It turns out that this young man in white is Emperor Qin!"

"Looks really good!"

Several female cultivators were amazed to see

"Huh! Why is this Emperor Qin just a master?"

"Yes! I thought Emperor Qin was a half-step star master!"

The four major forces were shocked.

Among the crowd, Gu Chaos was surprised and depressed at the same time.

He never expected that he would lose to a small master. It was so embarrassing.

"It's really hard to figure out how this Emperor Qin could win. Is he that powerful as a master? The talent for alchemy is so much higher than ours?"

"yes! I can't understand it either!"

Among the four major forces, many Star Masters spoke sourly and were jealous.

They all scored 0 points in this test.

This is not conducive to the subsequent inheritance competition.

On the contrary, Qin Feng's advantage is too obvious.

When I think of Qin Feng Feng, a little master, was so far ahead of them, so naturally he felt jealous.

Even Gu Chuan and Ying Zhu felt jealous.

"Don't worry. If you look at it, this Qin Emperor is only good at making alchemy, but in other aspects he must be ordinary. In the next assessment, we will find a way to get rid of him, and we will get rid of the threat!"

Yao Zhu said his suggestion.

The eyes of all the star masters lit up and they all smiled sinisterly.

It is just a small master, and it is not difficult to get rid of it.

This master is really childish!

He thought he was performing well, so he Can he get inheritance?

He doesn't even look at his own strength.....

At the same time, Qin Feng silently glanced at the forces from all directions.

He saw the expressions of Yongzhu and others, vaguely guessed what they wanted to do, and couldn't help but sneer in his heart.

"Qin Feng, you have to be careful in the next assessment. Gu Chaos and the others should be uneasy and kind."

Qin Feng's ears rang with mysterious sounds.reminder.

Xuan Xi cares about him more and more now

"I know!", Qin Feng nodded slightly.

At this moment, the voice of the spirit of inheritance sounded in the air

"Ten minutes later, the second assessment will start. All contestants, please be ready!"

As soon as he finished speaking, there was new information on the assessment order 000 card.

Everyone checked it one after another.

Qin Feng also picked up the token and checked it.

After he read it, he couldn't help but smile. The second assessment content was the assessment of grabbing the forbidden fruit..

Fighting and fighting are allowed during the assessment.

However, 1 point will be deducted for taking the initiative to fight, and 10 points will be deducted for killing one person. If you grab a forbidden fruit, you will get another 10 points.

After the assessment, all those with less than 0 points will be eliminated. Out of the game, directly kicked out of the Land of Heritage.

This assessment was simply created for him.

He has 14,000 points, so he can kill people well.

Every time he kills a Half-Step Star Lord, he can gain a lot.

Kill. For a low-grade star master, the harvest will be even greater.

Not only that, those forbidden fruits are treasures!

This second assessment is conducted in the Garden of Eden.

There is a sacred tree growing in the Garden of Eden, called the Tree of Good and Evil.....

There is a kind of spiritual fruit growing on the tree, which is called the forbidden fruit.

This fruit contains huge energy.

The effect of eating one forbidden fruit is equivalent to refining three black sky crystals, which is an absolute treasure.

Of course, although this forbidden fruit is good, its quantity is much more limited.

It is also a matter of points, so a fierce battle is inevitable.

Qin Feng was excited and couldn't help but licked his lips..

Chapter 678

At the same time, the people from the four major forces also finished reading the information.

Gu Chao and others all looked happy

"God help me!", Gu Chao felt happy in his heart.

He looked up at Qin Feng, with a disdainful sneer on his lips.

Just now he was worried about how to deal with this little master, but now the opportunity has come.

This little master must die!

Otherwise, he The chance of getting the inheritance will be very low.

The gap of 13,980 points is not so easy to close.

At this time, a message came over

"Brother Gu Chaan, you go grab the forbidden fruit in a moment. I'll deal with that boy from Emperor Qin! Gu Chaan was delighted:"

Brother Yuzhu, I'm sorry to trouble you this time.""

"Just convenient! It doesn't take much effort to kill a little master...."

Yaozhao had a relaxed and carefree look on his face.

At this moment, there was a constant roar in the center of the hall, four light doors emerged one after another, and the entrance to the Garden of Eden opened.

The second assessment has begun!

Gu Chaos entered first.

People followed closely.

The more you take the first step, the more opportunities you will have to grab the forbidden fruit.

"Qin Feng, we are following you!"

Xuan Xi said proactively.

Mingxu and others also nodded.

Everyone can see that if the Star Alliance wants to win the inheritance, it depends on Qin Feng.

In this second assessment, they must protect Qin Feng.

Qin Feng After taking one look at Mingxu and the others, his favorable impression of these people greatly increased.

Although these people are arrogant, they have big rights and wrongs and are very loyal to the Star Alliance.

"let's go!"

Qin Feng took the lead to walk towards one of the light gates.

Xuan Xi, Mingxu and others followed closely.

Among the crowd, Yong Zhuo stared at Qin Feng.

As soon as he saw Qin Feng entering the light gate, he quickly took several stars with him. Lord, also walked towards the light door...

The Garden of Eden is very big. The four light doors represent four different entrances.

Entering through different entrances, you cannot touch them at the beginning.

However, after Qin Feng stepped through the light door, he Entering a beautiful garden, surrounded by exotic flowers and plants, the fragrance is overflowing.....

The ground is covered with gold, agate, cat's eye and other kinds of jewelry. It's so beautiful.....

This is a magnificent world!

"So beautiful!"

Someone in the crowd exclaimed!

"stop looking! Let's go find the forbidden fruit!"

With this reminder, people rushed to disperse around.

Qin Feng waved and released the Panzu puppet.

Without Qin Feng's instructions, the Panzu puppet followed the flow of people and flew deep into the Garden of Eden.

This Panzu puppet He has a very high intelligence and can be manipulated as a normal person.

Such a highly intelligent puppet is unique in this world.....

"Huh! That puppet..."

Mingxu and others were surprised.

They could vaguely feel that the puppet had combat power comparable to that of a low-grade star master.

But before they could look any further, Panzu's puppet disappeared.

Qin Feng smiled slightly:"Let's go!"

He didn't want to explain the problem of the puppet.

Everyone understood and left.

But at this moment, the light door behind everyone flashed with light and shadow, and Yongzhu walked in with seven low-level star masters.

"Emperor Qin, don't leave in a hurry yet!"

With a sinister laugh, Yao Zhu walked over slowly.

Xuan Xi frowned.

"Yuzhu, what are you going to do?"

Mingxu quickly stood in front of Qin Feng and protected Qin Feng.

The other star masters also stepped forward to protect him.

They all thought that Qin Feng was not strong enough and they must protect him.

But a few of them had scars on their foreheads. Cold sweat, looking very uneasy.

This Yongzhu is a low-grade Dzogchen.

Even if they join forces, they are no match for Yongzhu.

And here, as long as you are willing to be deducted points, you can kill people.

The situation is not good now!

Mingxu and others are mainly They are worried about Qin Feng.

As star masters, they are not easy to be killed, but Qin Feng is just a master.

"Mingxu, you are not qualified to talk to me, get out!"

Yao Zhu smiled arrogantly and waved his hand violently.

The violent wind of spiritual explosion pushed Mingxu and Xuanxi away at once, revealing Qin Feng behind.

No!

The faces of Mingxu and others changed drastically. I want to help again

"Mingxu, your opponent is us!"

The seven star masters behind Yongzhu flew forward to stop the seven Mingxu people.

The situation suddenly became tense.

The surrounding players were shocked, and they couldn't help but stop and watch.....

Qin Feng saw this scene and smiled coldly

"Boy, you didn't expect today to happen! You only know how to be an alchemist, but you actually want to compete with our star master for inheritance! Simply looking for death!"

Yao Zhu sneered.

From the bottom of his heart, he despised the master Qin Feng.

"So much nonsense!"

"court death!"

Yao Zhuo was furious, and his whole body's momentum exploded. He suddenly reached a combat strength of 2.6 million, and the mighty power of heaven instantly suppressed the entire audience.

The gods and emperors could hardly withstand the pressure, and their faces changed drastically, with frightened expressions on their faces.....

In fact, Yongzhu is the weakest among the lower-grade Dzogchen Star Lords, not as strong as Gu Chaos, and even less powerful than Xie Yan.

Compared with the men in cloaks and green robes, they are not on the same level at all.

But to other low-level star masters, he is a top-level figure who cannot be offended.

"It's over now!"

Several Star Alliance Star Lords panicked.

Qin Feng looked calm.

He sneered in his heart and was about to enter combat mode.

But at this moment, a system prompt sounded in his mind.

"Ding! Your subordinate, Qin Baobao (Lord of the Earth Star), successfully created humans from clay in the human world. A total of 129,600 people (perfect level) were created, and he gained immeasurable merit... Qin Baobao's luck has been greatly improved. , the potential is greatly improved....."

"Ding! Congratulations to the host for receiving a fortune worth 1 billion... and a life worth 1 million....."

1 billion merit!

One million lives!

Damn it!

So many!

Qin Feng is overjoyed

"Ding! Congratulations to the host, the perfection of the human world has been increased to 100%, and it has been promoted to the one-level human world... The host's cultivation level has automatically broken through to the early stage of the half-step universe master 0.001%....Combat power surged to 1 million....."

Ha ha!! My cultivation level finally broke through!

Qin Feng was ecstatic in his heart!

The baby is so awesome! correct!

How come the realm he broke through is half-step universe master?

Instead of star master?

Qin Feng was confused.

Immediately, he figured it out.

His method of cultivation is not the same as others.

Others practice one sand, one world.

When many masters are promoted to half-step star masters, they need to refine a planet and integrate it into their own small world.

Let your own small world be promoted to a big world.

This is the origin of Star Lord.

But Qin Feng cultivates the universe.

Therefore, other people only become one Star Lord throughout their lives.

Qin Feng wants to become the master of the universe and a man who encompasses countless stars.

At this moment, the system prompted again

"Ding! Congratulations to the host, your promotion to the human world has been successful. The improvement of all living beings in it has been accelerated, and their faith has been improved... The power of the host's faith has accumulated to 100,000." As soon as this prompt ended, Ying Zhu had already come to kill him.

"Boy, what are you thinking about?! Go to hell!"

Yao Zhu slapped it with a vicious palm!

That palm was earth-shattering. The entire space in the Garden of Eden was trembling, and all the laws around it were extremely distorted.....

"not good!"

"Damn it!"

"Get out of here! (of the)"

"Ha ha!! You can't save him! This kid is dead!"

The star masters of the Star Alliance yelled anxiously.

They wanted to rescue, but were blocked by the star masters of the four major forces.

The star masters of the four major forces were still laughing proudly.

But at this moment, A sudden change occurred.

With a thought in Qin Feng's mind, the chaotic golden body transformed!

The stars merged!

The realm merged!

The power of faith was superimposed!

Qin Feng's combat power instantly increased to 2.42 million...

Buzz~! Buzz~!

Sixteen The Golden Wheel of Merit!

The Twelve-Rank Fire Red Lotus!

Appeared at the same time!

"roll!"

Qin Feng met Tao Zhu's attack with a punch, and the twenty-eight-fold increase was activated instantly.

The fists and palms collided!

Boom~!

A shocking loud noise!

The heaven and the earth are shattered! All magic is destroyed!

A shrill scream!

Qin With one punch from the wind, the tree was blown away until it vomited blood and flew hundreds of millions of miles away.

The surrounding area was filled with confusion..

Chapter 679

Emperor Qin actually knocked Master Yongzhu away with one punch!

The star masters of the four major forces were dumbfounded.

They couldn't believe their eyes.

You know, even Xie Yan, who is recognized as the strongest low-level star master, can't blow away Tao Zhu with one punch.

How did Emperor Qin do it?

But at this moment, Qin Feng looked at the seven star masters with cold eyes.

"not good!"

"Run!"

The seven low-level star masters were so horrified that they turned around and ran away.

"Can you escape?!"

Qin Feng casually waved his hand, and the Sealing Heaven Divine Sword, the Fixed Heaven Divine Sword, the Entrapment Heaven Divine Sword, and the Jue Tian Divine Sword all appeared.

He pinched the sword secret, and the four divine swords evolved into billions of sword lights, forming seven swords. Dragon, strangled the seven low-grade star masters...

With the divine sword in hand, the strength increased greatly again!

In just the blink of an eye, the seven dragons of sword light strangled the seven star masters into dregs, even their souls. Into pieces...

Qin Feng thought.

Hell emerged, sucking blood mist like crazy.....

Heaven appears and swallows the true spirit.....

The scene was shocking and terrifying.....

"Ding! Successfully killed the low-grade Star Lord.....Karma value increased by 1 million....."

"Ding! Successfully killed the low-grade Star Lord.....Karma value increased by 1 million....."

"Ding! Successfully killed the low-grade Star Lord....."

"Ding! Successfully absorbed a large amount of essence, blood and soul-crushing energy.....The completion level of Hell Realm has been increased to 92%....The host's cultivation level is improved.....Increased combat power....."

"Ding! Successfully absorbed a large amount of true spiritual power.....Paradise completion level increased to 57%....The host's cultivation level is improved...the combat power is improved....."

000 In the blink of an eye, the seven star masters were wiped out by Qin Feng.

Mingxu, Xuanxi and others were stunned.

Those masters and god-emperors were even more petrified.

Kill seven low-level star masters in one move!

So scary!

At this point, Qin Feng's karma value skyrocketed by 7 million.

His cultivation level has also been increased to 19% of the initial half-step universe master, and his combat power has been increased to 1.2 million Gai (basic combat power)...

In his current strongest state, his combat power is 2.82 million Gai.....

"Boy! you wanna die!"

At this moment, the roar of Taozu came from the distant starry sky, and there was a rapid sound of breaking through the air...

The Taozu that was blown away rushed back.....

At this moment, he was furious!

He was actually blown away by a little master...

This is simply unforgivable!

He wants to kill Qin Feng to save face!

"Just in time!"

Qin Feng put away the storage rings left by the seven star masters, and stepped forward to greet them.

Many onlookers below had strange looks on their faces.

Obviously, Yongzhu did not see the scene where Qin Feng instantly killed the seven star masters, otherwise It will not be delivered to the door automatically.

In the blink of an eye, Qin Feng and Yaozhu met in the air, and the battle was about to break out...

Soon, everyone below discovered that Yaozhu's momentum was weaker than at the beginning.

He seemed to be injured. , unable to recover.

This is something that everyone cannot understand.

With the Star Lord's ability, no matter how injured he is, he can recover instantly.

Everyone does not know that Qin Feng's attack has the power of the Shura Seal attached to it.

Shura True meaning can restrain the power of reincarnation and make injuries difficult to repair.

Only with the power of creation, the power of immortality and other supreme true meaning powers can the injury be restored.

In addition, it will take a lot of time to heal.

Therefore, Many Star Lords will feel a headache when they meet someone who has mastered the true meaning of Shura.

They are people who exist for fighting.

Unless you are stronger than him!

If you are equal in strength to him, as long as you are injured, you will be killed by him sooner or later..

This kind of person cannot fight with him for a long time!

Before everyone could think about it, a battle broke out in mid-air...

Yao Zhu sacrificed a huge fang stick, as long as a galaxy, and each fang tooth was like a huge mountain peak.....

With one move of his spiritual secret, the giant stick hit Qin Feng's head directly.....

Boom~! Long~! Long~!

The void explodes!

The sky is falling apart!

The whole sky above the Garden of Eden was blown to pieces.....

Huge space storms are raging everywhere!

Below, tens of thousands of players were alarmed and looked up one after another...

Gu Chaos was also alarmed...

When he looked up, he happened to see Qin Feng offering up the Four Divine Swords of Sealing Heaven and receiving Yin Zhu's respect.....

The four swords bloom!

Billions of sword lights!

Brilliant for thousands of miles!

This time, Qin Feng's strength increased greatly.....

However, Yao Zhu's strength has declined!

The attacks from both sides collided instantly...

Boom~!

Loud noise from heaven and earth!

Billions of miles of space are shattered inch by inch and turned into powder.....

Millions of laws were destroyed one by one and turned into nothingness.....

At this moment, the place where the two sides fought turned into chaos.....

Ah~!

The shrill screams came out from the chaos...

Qin Feng actually knocked away the huge fang club with just one encounter, and bombed the 灌杼 into a ball of blood mist...

Gu Chaos and others were shocked.....

All the players in the audience were petrified.

Destroy a low-grade Dzogchen Star Master with one move!

What kind of strength is this?!

The next second, hell emerges and heaven appears.....

The two worlds are madly swallowing the true spirit of blood mist.....

Yaozhu felt a great threat, and the blood mist rolled fiercely.....

He struggled and screamed desperately

"Brother Gu Chaos! Help me! help me!"

Everyone (acai) was extremely horrified.

Yao Zhu was actually asking for help!

The four major forces were in great danger.

"not good!"

Gu Chaos is even more anxious.

Yaozhu must not die!

He is the backbone of the ancient domain.

"Boy stop it!"

Gu Chaos rushed into the sky and roared with all his strength.

Qin Feng naturally ignored it and accelerated his control over the two realms of hell and heaven, swallowing up all the blood mist true spirits in the blink of an eye.....

"Ding! Successfully killed the low-grade Star Lord.....Karma value increased by 1 million....."

"Ding! Successfully absorbed a large amount of essence, blood and soul-crushing energy.....The completion level of Hell Realm has been increased to 94%....The host's cultivation level is improved.....Increased combat power....."

"Ding! Successfully absorbed a large amount of true spiritual power.....Paradise completion level increased to 59%....The host's cultivation level is improved...the combat power is improved....."

At this moment, Qin Feng's strength surged again.

The breath of Tao Tzu also disappeared completely.

"He killed Master Yaozhu!"

Everyone below exclaimed in surprise

"You actually killed Tao Zhu! Damn thing!"

Gu Chaos screamed.

Immediately, he looked down:"Everyone! Join forces with Gu to kill this beast! If he doesn't die, none of us will survive!"

As soon as these words were said, the four major forces felt the same way.

This Emperor Qin's strength is too terrifying, and he still has so many points, so he can kill people with confidence and boldness.

If they don't join forces, they can only wait to die!

"Lord Gu Chaos! I'm here to help you!"

"I'm here to help you too!"

"And I!"

In an instant, all the low-level star masters and half-step star masters from the four major forces came out.

"Kill me!"

Give the order!

Gu Chaos took the lead in killing.

More than twenty low-level star masters, and more than a hundred half-step star masters followed closely behind, in a mighty manner.....

That scene and momentum completely frightened many masters and god-emperors.....

With so many Star Lords joining forces, even a strong man like Xie Yan would have to escape.

Mingxu, Xuanxi and others panicked when they saw such a scene.....

"Star Master Xuanxi, the situation of Emperor Qin is not good!"

Mingxu was anxious.

Unknowingly, he had changed his name to 'Qin Feng' as sir.

This time, he was completely impressed by Qin Feng and was willing to serve as his subordinate."

"Star Master Xuanxi, Star Master Mingxu, let's go help Lord Qin!"

The Star Lords of other Star Alliance are also extremely anxious.

They are all worried that something will happen to Emperor Qin.

That is the star of hope for their Star Alliance and must not be lost.

"Let's go help!"

Xuan Xi flew into the air first.

The low-level star masters and half-step star masters of the Star Alliance followed closely.

But at this moment, a sudden change occurred in the air.

Qin Feng was seen standing in the air, with his clothes flying, looking down at the ancient The chaotic crowd laughed loudly....

"Ha ha!! Just in time!"

As soon as the words fell, Bahuang shook, Liuhe shook...

The overwhelming divine power rose out of thin air.

A sky-holding formation larger than the Milky Way appeared at the feet of Gu Chaos and others...

Sealing the sky formation - appeared!

Buzz~!Buzz~!Buzz~!Buzz~

Sealing Heaven Divine Sword!

Fixed Heaven Divine Sword!

Tramping Heaven Divine Sword!

Absolute Sky Divine Sword!

Four swords turned into the sky!

Ten thousand methods came out of the sword door!

The four great divine swords turned into towering giant swords, instantly Combined with the formation diagram!

The power is increased tenfold!

The Heaven Sealing Sword Formation is completed!

Qin Feng took more than a hundred star masters into the sword formation in an instant.....

Confined by time and space!

All methods are blocked!

Immortal seal for a while!

Four swords destroy the gods!

Within the formation, there was a fierce sound of fighting.....

Fighting against more than a hundred star masters with the power of one person is majestic and terrifying.....

Everyone below was dumbfounded..

## Chapter 680

At this moment, within the Sealing Heaven Formation.

Qin Feng has a golden wheel of merit on his head, a red lotus of karma on his feet, and a heaven-sealing sword in his hand.

Under his guidance, the four sword gates erupted with billions of sword lights, like four waterfalls of swords, sweeping across hundreds of Star Lords.

Under the leadership of Gu Chaos, those star masters sacrificed their Yuanwu and went all out.

For a time, the two sides fought fiercely, and they were evenly matched.

No one can do anything to anyone!

The sound of fierce fighting spread outside the formation, the earth trembled, and the whole world was shocked...

Tens of thousands of players below stared blankly at the giant formation in the sky, anxiously waiting for the result.

At this moment, no one thought about grabbing the forbidden fruit.

Everyone knows that the outcome of this battle will determine the fate of the Star Alliance and the four forces.

The winner takes all! The loser is the bandit!

If your side loses, even if you grab the forbidden fruit, it will still be a dead end without the protection of a top powerhouse.....

At this moment, in mid-air.

Mingxu looked worried.

He turned to look at Xuan Xi beside him

"Star Master Xuanxi, do you think Emperor Qin can win?"

"Qin Feng should be able to win, right?.....".Xuan Xi's tone was uncertain.

Although Emperor Qin is very strong, he has too many people on his side.

In addition to top powerhouses like Gu Chaan, there are also two low-grade late star masters, twenty-three low-grade early star masters, and more than a hundred half-step star masters...

Just thinking about these makes Xuan Xi feel guilty.

Not only was she feeling guilty, the Star Lords of the Star Alliance were also worried.

They also want to help.

But Qin Feng's formation was blocked and they couldn't get in.

They can't attack the formation from outside.

If you do that, you will be helping Gu Chaos and others attack Qin Feng from both inside and outside.

At this moment, the crowd below was also talking a lot.

Everyone looked anxious.

Among the crowd in the ancient domain, several masters kept whispering

"Brother Yuan, do you think Lord Guyu and the others can defeat Emperor Qin?"

"snort! of course! Emperor Qin only has one person. Even if he defies heaven, can he deal with more than a hundred star masters by himself?!"

"That's right! I support Brother Yuan's point of view!"

Several ancient domain masters cheered each other up.

But as soon as they finished speaking, a shrill scream came from the formation.

The faces of everyone below changed slightly. Listening to this sound, someone died. Some people who are familiar with this sound I have already guessed that it was the death of a half-step star master.

On the Ancient Territory side, in the crowd, the faces of the masters changed slightly and they became a little uneasy.

"Brother Yuan, it seems to be Master Fuliu's voice. Could it be that he has already....."

"don't worry! Even if Master Fuliu falls, Emperor Qin will pay the price. This is a tactic. He will eventually be consumed to death by Master Gu Chaos....."

The master named Yuan was still cheering everyone up.

There is an inexplicable stubbornness in his heart.

But just as he finished speaking, several more screams came from the formation.

Several more half-step star masters have died.

The master's face changed slightly, and his expression was a bit unbearable. It was so embarrassing...

At the same time, within the formation.

The evenly matched situation finally changed.

After Qin Feng killed several half-step star masters, he gradually gained the upper hand.

Every time he kills a Half-Step Star Lord, his strength will increase by one point.....

The more he kills, the stronger he becomes!

As for Gu Chaos side, as long as someone is injured, their combat power will drop, and it will be difficult to recover for a long time...

This is the influence of Shura's power, which is very detrimental to their protracted war.

Gu Chaan and others saw this change and felt extremely anxious.

"Lord Gu Chaos, the situation is somewhat unfavorable!"

"snort! I don't believe it! This kid has no energy at all! After all, he has just broken through to the half-step of Star Master, and the energy in his body is limited and will definitely be exhausted soon!"

Gu Chaos sneered and continued fighting.

The Star Lords' eyes lit up and they felt that it made sense.

At that moment, they became excited and continued to fight crazily.

They wanted to consume Qin Feng alive!

These people didn't know that Qin Feng's appearance He looks like a half-step star lord, but in fact he is a half-step star lord.

What he is not afraid of most is a protracted war.

In the blink of an eye, he kills more than a dozen half-step star lords in a row. Not only does his Yuanli lose his appearance, but he becomes more and more wary. The stronger he gets.

His advantages become more and more obvious.

Gu Chaos and others feel vaguely uneasy.....

In the blink of an eye, another quarter of an hour passed...

Qin Feng killed dozens of half-step star masters and seven or eight low-level star masters, and his combat power increased sharply...

One after another, he gained the upper hand and completely Suppressed the ancient chaos side.....

Gu Chaos and others were finally frightened.

"Lord Gu Chaos, the situation is not right! Why is this kid getting stronger and stronger?!"

"How do I know!"

Gu Chaos face was depressed.

But at this moment, a shrill scream sounded in the field, and a low-level late-stage star master was killed.

That person was a master second only to Gu Chaos.

This time, Gu Chaos side Completely collapsed.

Everyone roared and ran away in all directions, trying to break the formation and escape.....

"Ha ha! Leave them all behind!"

Qin Feng was proud of the world, his long hair fluttering.

With one move of his sword technique, billions of sword lights struck in all directions, killing like crazy.....

At the same time, outside the formation.

Everyone heard the screams in the formation, and everyone was frightened.

They didn't know what was going on inside the formation.

Like this, it lasted for a full quarter of an hour...

Buzz~!

Heaven and earth are clear!

All worlds are at peace!

The Sealing Heaven Formation has disappeared!

There is only one stalwart figure, fluttering in white clothes, standing in the air...

That person is Qin Feng!

Everyone else has disappeared!

The people of the Star Alliance immediately cheered.

Among the crowd, Xuan Xi was so excited that he could no longer hide his inner feelings, his beautiful eyes were full of admiration.

The people from the four major forces were dumbfounded.

So many star masters joined forces, but they were still destroyed...

This Emperor Qin was too terrifying!

The people from the four major forces began to panic, and the atmosphere in the field became extremely depressing...

But they did not dare to move for fear of angering Qin Feng in the air.

At this moment, Qin Feng looked down and came...

The Star Alliance players were so excited, as if being looked at by Qin Feng was a supreme honor.  
.....

The players from the four major forces were so frightened that they trembled...

At this moment, Qin Feng waved his hand, and six figures instantly appeared behind him.....

It was Ming He, Feng Di, Chu Chu, Yu Qilin, Zixing and Bai Qi.

Since the baby made a human out of clay, he has gained great merit, great luck, and great insights.

As soon as the battle just ended, Bao Bao went into seclusion in the human world and began to strive for the position of low-level star master.

As soon as the six people from Styx appeared, the people below were surprised.

When Xuan Xi saw the Zixing girls, he was a little envious... it turned out that these women had been following Qin Feng.

At this moment, Qin Feng's voice sounded in the air

"Do it!"

Qin Feng gave an order, and the six men from Minghe rushed towards the four powerful god emperors.

And Qin Feng also took action.

0·Please give me flowers 0·.....

He directly slaughtered those masters.

Soon, Xuan Xi and others also understood.

Qin Feng wants to capture the god emperors of the four major forces and kill those masters.

Xuan Xi, Mingxu and others quickly commanded everyone in the Star Alliance to help capture the God Emperors of the four major forces.....

In the blink of an eye, Qin Feng slaughtered hundreds of masters.

More than 20,000 god emperors were all captured and sent to the small universe to work as coolies.  
.....

At the moment, there are only a few thousand members of the Covenant left in the entire Garden of Eden.

Qin Feng took all Ming He and others back to the small universe.

Those prisoners still need to be dealt with by Styx and others.

With those prisoners, the development progress of his small universe will be improved faster, and the increase in merit value will be accelerated...

In addition, Qin Feng's harvest from this massacre was extremely rich.

His cultivation level increased to 73% of the initial stage of Half-Step Universe Lord, and his combat power increased to 1.7 million Gai.....

The perfection of the paradise world is 79%.

The perfection of the hell realm is 99.99%, and it is just a short step away from breaking through to the one-dimensional hell realm.

In addition, his karma points have accumulated to more than 43 million...

To put it simply, if he wants to break through the hell realm to the one-dimensional level, he can break through it immediately by spending tens of thousands of karma points.

000All this is just in his one thought.....

However, Qin Feng was not in a hurry to break through.

He put away all the storage rings belonging to Gu Chaos and others, and then looked at the assessment tokens. There were still 230 points left.....

After doing all this, he slowly fell from the sky.

People from the Star Alliance hurriedly came from all directions and saluted.

"Lord Qin, all the people from the four major forces have been cleaned up, and no one has been left behind....."

Mingxu stepped forward to report, his attitude was extremely respectful.

The other Star Lords also looked pious.

At this moment, Qin Feng's status in their hearts is comparable to that of a mid-level Star Lord in the Star Alliance, and he is extremely respected.....

"I see!", Qin Feng nodded slightly.

At this moment, there was a burst of space fluctuations, and the Panzu puppet appeared.

Mingxu and others were slightly moved.

They sensed that the combat power aura of this puppet actually reached the level of a low-grade mid-level star master..

Lord Qin Huang is really shocking.

Not only does he have a subordinate of a low-grade early star master, but his puppets are also so powerful

"The master, the man, the forbidden fruits are all in hand!"

The Panzu puppet's language is blunt, but it is very spiritual.

It is holding aThe ring was handed over respectfully.....

Just when Qin Feng was fighting with others, Panzu's puppet had quietly found the tree of good and evil and picked off all the forbidden fruits.

"well-done!"

Qin Fengzhu took the storage ring and after a brief inspection, he showed a look of surprise.

There were one hundred and one forbidden fruits in the ring, which was worth more than 300 black sky crystals.....

Immediately, he put the Panzu puppet into the small universe and put away the storage ring.

The moment they put away their storage rings, everyone's assessment tokens trembled.

New assessment news is here.

Everyone picked up the tokens and watched.

Qin Feng also checked.

I saw the information displayed: First place, Emperor Qin (Star Alliance), with a total score of 1240 points.....

In addition, the rest are all 0 points, and many people even have negative points..
