

God level 681

Chapter 681

Regarding this result, everyone was not surprised, but happy.

The inheritance here is destined to belong to Emperor Qin.

The blessings of the Star Alliance have deepened yet again.

Qin Feng is also very satisfied with the result.

At this moment, the space in the field fluctuated.

Immediately afterwards, white light flashed and everyone was forcibly teleported out.....

The next second, everyone returned to the inheritance hall.

At this point, the second assessment officially ends

"Congratulations to Mr. Qin Huang for winning the first place again!"

All Star Alliance members congratulated one after another.

Qin Feng smiled and said nothing.

Xuan Xi on the side also showed joy and pride.

Unknowingly, this younger brother has grown up and has a very high status in the Star Alliance.

According to this development , he will soon be able to surpass those middle-grade star masters and become the top figure second only to the five star masters.

The status of the middle-rank star masters is extremely respected, and even the star masters are very polite to them and generally do not restrict their freedom.

Therefore , , the middle-grade star masters often come and go freely, and the dragon never sees its tail.

At this moment, the sky above the hall fluctuated, and holy light burst out.

Everyone was startled and looked up one after another, and saw a blond man in white robes, coming from the holy hall. He walked out of the light.

This man looked majestic, his aura was holy, and his whole body exuded seven layers of halo...

He was the spirit of inheritance!

"The spirit of inheritance has appeared," the crowd whispered.

If the spirit of inheritance is in the outside world, it will only have the strength of the low-grade star master Dzogchen.

But in this place of inheritance, he is almost invincible.

Everyone can't help but show awe.

The spirit of inheritance Ignoring everyone, he looked directly at Qin Feng

"You are very good, but..."Zero Zero Zero"...."

The spirit of inheritance didn't know how to continue.

Qin Feng's performance in the two assessments shocked him.

Especially in the second assessment, more than 20,000 contestants were eliminated at once, which caught him off guard.....

He had never heard of any Yuanwu that could contain a living person.

He didn't know that the items Qin Feng used to collect living people were not Yuanwu, but Qin Feng's unique small universe.

In short, Qin Feng's operation has greatly reduced the number of assessment players. There are 80 fewer Star Master and Dominator level players.%.....

Looking at the points again, Qin Feng has 1240 points, and the remaining players either have 0 points or negative points.

This makes the spirit of inheritance wonder how to proceed with the assessment...

He now doubts, does this assessment still need to continue?

Is there any point in continuing the assessment?

"Why~! ", the spirit of inheritance sighed.

After all, he is just an obsession, and everything must be carried out according to the final wish of the deity.

"Emperor Qin, I will now give you the reward for the second assessment....."

"Seniors, we have a suggestion. I hope seniors can listen to it....."

Xuan Xi suddenly spoke and saluted the spirit of inheritance.

"you say!"

"Senior, we have just discussed that we are willing to give up the assessment. Can seniors directly reward the inheritance to Emperor Qin?....."

Qin Feng was a little surprised when he said this.

Mingxu and others all smiled.

Obviously, they had just discussed it privately

"Are you all going to give up the assessment?"The spirit of inheritance was also a little surprised.

"That's right! We are all willing to give up!"

"Senior, only Mr. Qin Huang will participate in the assessment next, and no one will compete with him. In this case, you might as well pass it on to him directly!"

"yes! With Lord Qin's strength, it will be easy to pass the next test. I think there is no need for the test....."

At this moment, all Star Alliance members agreed.

Everyone opted out.

The spirit of inheritance was dumbfounded.

He still has three assessments that have not been started yet, is it over like this?

But if you think about it carefully, Qin Feng is the only contestant left, so there is really no need for assessment.

"this.....", the spirit of inheritance is in trouble.

After a long while, he sighed: "Your situation is quite special, so I can pass it on to you directly. But after all, I am just an obsession, so I still have to respect my wishes."

"How about this, I'll give you a chance to challenge. As long as you pass the challenge, the inheritance will be yours"

"If you fail the challenge, I will continue to give you the second assessment reward, but your points will be cleared, and you will continue to participate in the remaining assessments. Are you willing?"

"Senior, I do!", Qin Feng was overjoyed.

In this way, he could save a lot of time and replace the shadow clone earlier.

The situation over the shadow clone was not good.

In the land of Emperor Shi's inheritance, two major figures, the green-robed man and the cloaked man, appeared. The ultimate master.

And his enemy, Xie Yan, should not be underestimated.

The shadow clone has no prominence there.

Therefore, he must rush there as soon as possible.

Otherwise, the inheritance of Emperor Shi may be lost.

The spirit of inheritance sees Qin Feng agreed and nodded with satisfaction.

He also wanted to find a successor as soon as possible and respect the last wish.

Then, the inheritance spirit said: "The content of the challenge is very simple, forbidden fruit!"

As soon as these words came out, the whole audience was confused.

What kind of challenge is eating the forbidden fruit?

You know, eating one forbidden fruit is equivalent to refining three black sky crystals, and the benefits are endless!

In fact, everyone wants to eat the forbidden fruit, but they just don't have the blessing. Just fate

"Senior, what is the challenge of eating the forbidden fruit? Is the forbidden fruit poisonous? Or is there anything else special?" Qin Feng asked curiously.

The spirit of inheritance smiled slightly: "I knew you would ask this. In fact, the forbidden fruit is not poisonous. After swallowing, it can not only improve your cultivation, but also increase your wisdom and understanding."

"However, this is information that ordinary people know. There is one more thing that others don't know. That is, the forbidden fruit cannot be eaten continuously. If you eat ten pills at one time, it will produce extremely yang energy and burn your true spirit."

"If you eat twenty pills in a row, the power of Extreme Yang Qi will be doubled. And what I challenge you to do is. You ate the 101 forbidden fruits in your body in one go. Then the amount of extreme Yang energy you bear will directly increase tenfold."

"With such powerful Yang Qi, even the true spirit of a low-grade Dzogchen Star Master will be burned clean and annihilated on the spot. If you tried it as a mid-level star master, your true soul would still be severely damaged. At that time, even if people do not die, their intelligence will decline and they will become stupid!"

As soon as these words came out, everyone in the audience was shocked.

This test is too difficult!

"Oh My God! Even a mid-level star master can't bear it, that would be too dangerous!"

"yes! Emperor Qin's strength is very strong, but his cultivation level is only half that of a Star Master. His true spirit is not too strong, and the danger is even greater!"

"I suggest Emperor Qin give up the challenge, it's too dangerous!"

At this moment, everyone shook their heads, feeling very disappointed.

"Senior, your challenge is too difficult! Are you trying to embarrass Emperor Qin?"

Xuan Xi was annoyed.

She actually questioned the Spirit of Inheritance face to face for the sake of her beloved younger brother.

The Spirit of Inheritance smiled and said nothing.

Seeing this, Mingxu on the side knew that the Spirit of Inheritance would not change his mind.

He quickly persuaded Qin Feng: "Lord Qin Huang, I think this challenge is too dangerous, so you should give up! Anyway, I think with your strength, if you follow the normal process and challenge, you will definitely succeed."

"yes! I also beg you to give up!"

Another low-level star master requested.

Now, Qin Feng is the hope of the Star Alliance.

They don't want anything to happen to Qin Feng.

But Qin Feng is hesitant.

He understands his situation very well.

In fact, he seems half-step on the surface. In the early stage of the Star Lord, he is actually the half-step Master of the Universe.

His true spirit is extremely tough, stronger than the average low-grade Dzogchen Star Lord, and comparable to the early stage of the mid-grade Star Lord.

He is confident that he can withstand ten times the extreme Yang Qi is harmful to the body, but it is difficult to guarantee that it will not be injured.

If the true spirit is injured, it is not worth it.

"Emperor Qin, have you thought about it? I'll give you one last chance. If you don't want to, you can quit!"

The spirit of inheritance asked.

Qin Feng thought for a while and then said: "Senior, I agree!"

As soon as these words came out, the whole audience was shocked.

Wasn't it?

Emperor Qin actually agreed?!

Didn't he know the harm of ten times the extreme Yang energy?

"Lord Qin, why did you agree?"

Mingxu and others jumped anxiously.

Xuan Xi also panicked: "Qin Feng, this challenge is very dangerous. Even the true spirit of a middle-grade star master is unbearable, how can you....."

Qin Feng smiled slightly:"It's okay! I have my own way!"

It turned out that Qin Feng thought of the causal seal he had.

His Karma Seal has the function of transferring damage and can transfer part of the damage away.

The spirit of inheritance was also shocked.

He didn't expect that Qin Feng still agreed after he mentioned the difficulty.

At that moment, he couldn't help but admire:"Not bad! Emperor Qin, you are very courageous! In fact, this assessment is the last test, and I have increased the difficulty ten times. If the difficulty is not increased, you should be able to pass easily."

The tone of the spirit of inheritance was full of appreciation.

Then, he continued:"Because you are so courageous, I will give you two tips."

"The first one is to absorb the extreme Yang energy as much as possible and don't transfer its damage away. As long as you get through it, you will reap a great benefit. As for the benefits, you will understand after you pass the assessment!"

These words made Qin Feng secretly frown.

Without transferring the damage, he would not be able to use the Seal of Cause and Effect, and then the possibility of passing the challenge would be low. The

Spirit of Inheritance continued:"Article 2, you are in the first assessment When, did you refine a bliss pill?"

"Yes, senior!", Qin Feng answered truthfully.

The Bliss Pill is the Star Lord level elixir.

The spirit of inheritance smiled and said: "Let's put it this way, the perfect female elemental master has the energy of Yuan Yin in her body. If the female elemental master takes the Paradise Pill, the Yuan Yin Qi in her body will produce a ray of Extreme Yin Qi."

"Yin and yang naturally overcome each other, and extreme yin can overcome extreme yang! As long as you can absorb that ray of extremely yin energy, the difficulty of this test will be reduced, and the difficulty can even be reduced to half."

Hearing this, Qin Feng's eyes lit up.

If the difficulty is reduced by half, then as long as the true spirit strength reaches the Great Perfection level of the low-grade star master, he can pass the assessment.

With Qin Feng's strength, he can easily complete it.

But he needs to find a person first. Female elemental masters who are willing to help must also be in perfect condition.

After saying this, all Star Alliance members understood.

But at this moment, the crowd was commotion, and a dozen or so delicate or charming women came out.

"Lord Qin Huang, this little lady is willing to help you complete the challenge!"

"The little girl is also perfect and is willing to help you complete the challenge!"

"I do too!"

"And I....."

For a moment, all the girls looked at Qin Feng expectantly, hoping that he would agree.

In the crowd, there were many female elemental masters showing envy.

They also want to help Qin Feng, but they are not perfect and cannot produce extremely yin energy.

Qin Feng felt a little worried when he looked at the girls.

There was only one Bliss Pill in his hand.

At this time, the spirit of inheritance reminded: "Emperor Qin, let me remind you. The higher the cultivation level of a female elemental master, the higher the quality of Yuan Yin Qi in the body, and the more Extreme Yin Qi is produced, the more beneficial it is to you."

"In addition, everyone's physique is different, and the extremely yin energy produced will also be different. You're better off choosing just one helper. Multiple choice is not only useless, but harmful."

After hearing this, Qin Feng smiled bitterly.

He only had one Bliss Pill, and it was impossible to choose more than one.

At this moment, a slightly shy voice sounded next to Qin Feng

"Qin Feng, let me help you!"

Qin Feng turned around and saw Xuan Xi's pretty face was slightly red.

These words clearly meant that she was still perfect.

Everyone knew that this was a serious practice.

Xuan Xi also knew that it was a serious practice.

But Xuan Xi always felt a little shy to let this younger brother know that she was still intact.

To put it bluntly, she cared too much about Qin Feng.

Qin Feng had no evil thoughts about this practice.

But when he saw Xuan Xi blushing, he couldn't help but feel sad in his heart. Something strange flashed across his face.

What was this sworn sister thinking about?

He wouldn't do anything strange.

However, he thought about it and found that Xuan Xi was the most suitable among these female cultivators.

Xuan Xi was a low-grade mid-level star. Lord, my strength is much higher than that of those female cultivators, and the extremely yin energy I can condense will naturally be purer.

"Sister Xuan Xi, I will trouble you this time!", Qin Feng was grateful.

"Qin Feng, what you said is untrue. You have helped me so much, so I should help you once.", Xuan Xi said with a smile.

In the air, the spirit of inheritance saw this and said: "Emperor Qin, it seems that you have decided on a helper. Can we start?"

"That's it!"

"good!"

The spirit of inheritance waved his hand, and a light door appeared in the center of the hall.

It was the place leading to the challenge.

Qin Feng walked in without hesitation.

Xuan Xi followed closely.

When the two entered the door, the light door disappeared automatically..

Those female elemental masters who were not selected were all very upset.

They wanted to use this matter to get closer to Qin Feng, but now it was ruined..

Chapter 683

But Qin Feng entered a secret practice room after crossing the light door.

Xuan Xi came in immediately.

The secret room was very simply decorated, with two futons and an illuminated spiritual bead.

"Sister Xuan Xi, let's get started!"

"Um!"

Qin Feng walked over and sat cross-legged on the futon.

Xuan Xi also sat on another futon.

The two sat opposite each other, only two feet apart.

At such a close distance, Xuan Xi could feel the heat of Qin Feng's breath, You can see every detail of the facial features more clearly.

The facial features are so perfect, as if every inch is created by heaven and earth, flawless, giving people a sense of gentleness and unparalleled gentleness, and a sense of natural nobility.

Xuan Xi was fascinated by what she saw, and her heart beat faster involuntarily.

The next second, she came back to her senses, thinking that she was going to die.

This brother was so charming, she couldn't keep staring, otherwise her behavior would be out of control.

Thinking of this, She took a deep breath and her chest rose and fell

"Sister, I'm starting."

Qin Feng didn't have so many distracting thoughts.

As soon as he waved, one hundred and one forbidden fruits appeared in front of him, each with its own halo, shaped like an apple, with crystal clear color and overflowing fragrance.....

The next second, 02, under Xuan Xi's surprised gaze, he opened his mouth and swallowed ten forbidden fruits.....

"Ding! Swallowed the forbidden fruit (ten pieces) successfully.....Obtain a large amount of energy, and the host's cultivation level is increased to 75, the early stage of the half-step universe master. %....Combat power greatly increased.....Get the most yang energy....."

After the swallowing was completed, an extremely hot energy was generated in Qin Feng's body, which rushed directly to the Shenting Point, rushed into the depths of the soul, and instantly turned into golden fire. The flames were like glass, directly wrapping the true spirit and burning it.....

This burning made Qin Feng's spirit shaken, and his eyes showed joy.

With the burning of the extreme sun fire, the impurities of his true spirit were removed, his spirituality was constantly improving, and his understanding was also improving rapidly... In the past, the things that the Three Thousand Dao did not understand were now being enlightened.....

His momentum also increased unconsciously.....

It turns out that the energy of extreme Yang has such a wonderful effect.....

Qin Feng was very satisfied.

At the same time, Xuan Xi looked at Qin Feng in surprise.

The moment Qin Feng's body generated the extremely yang energy, Qin Feng's temperament quietly changed, exuding a strange charm, which had a fatal attraction for her.....

At this moment, Xuan Xi felt that Qin Feng's aura of sunshine attracted her so much that she couldn't help but want to be intimate with Qin Feng.....

Reason made her restrain herself again, and she could only watch silently, but her heartbeat was speeding up.....

However, her heart is getting happier and happier.....

Just looking at Qin Feng quietly like that, she felt happy...

When people see things they like, they will feel happy. This is human nature.....

At this moment, that wonderful epiphany made Qin Feng feel happy.

Then, he opened his mouth again and swallowed ten forbidden fruits again.....

"Ding! Swallowed the forbidden fruit (ten pieces) successfully.....Acquire a large amount of energy, and the host's cultivation level is upgraded to half-step universe master early stage 78%....Combat power greatly increased.....Obtaining the energy of the extreme sun, the power is doubled....."

By devouring it this time, the power of the Extreme Yang Qi is doubled, and the power of the Extreme Sun Flame that burns the true spirit is also doubled.

The impurities in Qin Feng's true spirit are cleared faster.

His enlightenment also slowly increased, speeding up again.....

Qin Feng was overjoyed.

And Xuan Xi looked at Qin Feng with eyes that were full of admiration...

She had fallen deeply in love unconsciously, but she didn't know it.

Next, Qin Feng swallowed ten more spirits, and the progress increased to 81% of the initial stage. His combat power increased again, and the power of the Extreme Sun Flame increased to 3 times...

Qin Feng's enlightenment speed increased again.....

He didn't stop and continued to swallow dozens of forbidden fruits.....

The power of the Extreme Sun Flame is rising continuously. The impurities in the true spirit are getting less and less, and the speed of enlightenment is getting faster and faster...

Qin Feng's perception is rising continuously.....

When it swallowed ninety pieces, Zhenling finally couldn't bear it anymore.....

The overly strong Yang Qi began to feed back, flowing all over Qin Feng's body in an instant.....

At this moment, Qin Feng's whole body exuded a dazzling golden light and a fiery masculine aura.....

Qin Feng knew that he had reached his limit and needed Xuan Xi's help...

He slowly opened his eyes and saw that Xuan Xi's charming eyes were staring at him with watery eyes.

That beautiful face showed obsession and greed, as if she wanted to eat him up in one bite.

Qin Feng was shocked.

What happened to this sworn sister?

"Sister Xuan Xi.....", Qin Feng called softly

"Oh..." Xuan Xi woke up in shock.

When she thought of her performance just now, she couldn't help but blush.

She was thinking about a lot of messy things just now, and she had already played with this younger brother in her mind... She didn't expect that she would be like this. Xuan Xi was too embarrassed to look away.

But when she turned her head, her eyes fell on Qin Feng somewhere, and she was dumbfounded.
.....

Qin Feng was stunned, looked down, and was dumbfounded...

The excess of extreme Yang energy filled his whole body, making him stiff and changed in some aspects...

What's more, he had a special physique and dragon-like characteristics. Obvious, naturally spectacular.....

"Sister Xuan Xi, I....."

Qin Feng was embarrassed, but helpless.

If the extreme Yang Qi does not wear off, he will not be able to control the changes in his body.

Pfft~!

Xuan Xi smiled sweetly

"Qin Feng, have you reached your limit? I see your body is changing and you can't control it anymore. It will be embarrassing if you go out like this...."

Xuan Xi teased and looked at Qin Feng's physical changes with great interest. He didn't shy away from suspicion at all, but was a little excited.....

Qin Feng was embarrassed:"Sister, can you help me quickly?"

Xuan Xi smiled and looked away:"Give me the Bliss Pill quickly, otherwise what should I do?"

"right!" Only then did Qin Feng remember the business.

He took out a milky-white elixir from the storage ring, which was the Bliss Pill. As soon as the elixir came out, the aroma filled the room.

Xuan Xi took the elixir and swallowed it, and then meditate with eyes closed.

Qin Feng waited silently.

After a while, the medicine took effect.

Xuan Xi's pretty face gradually flushed, her breathing became rapid, and an extremely yin energy gradually emerged in her body.....

At the moment when the extremely yin energy was generated, Qin Feng's eyes gradually brightened.

He just felt that Xuan Xi was getting more and more beautiful. Whether it was her exquisite facial features or her slender and graceful figure, she was absolutely beautiful to the extreme.....

This is the attraction of yin and yang.

The attraction of extreme yin and extreme yang is more obvious and can penetrate deep into the soul.....

Unknowingly, Qin Feng's mentality towards Xuan Xi changed, and he developed a strong liking for her, which was pure and deep, without any distracting thoughts...

At the same time, Xuan Xi's body contained more and more extremely yin energy, and her The body is also undergoing some wonderful changes...

Who is Qin Feng?

His spiritual consciousness is super strong, and he immediately noticed some changes in Xuan Xi.....

At this moment, Xuan Xi opened her eyes, and there was light in her beautiful eyes...

She saw Qin Feng looking at her at a glance, and then she realized that there had been changes in her body.....

She smiled slightly, not avoiding suspicion, and allowed Qin Feng to look at her curves.

Qin Feng was startled and looked up.

The two people looked at each other, each showing joy, as if they had a good connection, and they were very happy to see each other.....

"Ok?"Qin Feng asked warmly

"Um! The condensed Ji Yin Qi is not much, I don't know if it is enough for you. Qin

Feng said with a smile: "You will know after you try it first. Let's start the next step!"

"good!"

At this moment, the two began to take the next step.

Qin Feng also became nervous. Whether his physical changes can return to normal depends on Xuan Xi.

Of course, whether he can pass the challenge in the end also depends on this last step..

Chapter 684

"Sister Xuan Xi, let's get started!"

Qin Feng was ready.

He looked at the beauty in front of him silently.

The two were so close that he could even smell the fragrance of Xuan Xi.

From the time when the first ray of extremely yin energy was born from Xuan Xi, She had a strong attraction to Qin Feng.

Qin Feng couldn't help but want to love this sister.

This was especially true for Xuan Xi.

Her true spirit was not as strong as Qin Feng's, and her determination was not as strong as Qin Feng's, so she had long since Heart.

Therefore, her eyes are always affectionate and loving.

She really likes this brother now

"Qin Feng, open your mouth!", Xuan Xi said softly

"oh!", Qin Feng opened his mouth subconsciously.

Xuan Xi quickly pressed the seal.

The next second, a trace of pain appeared on her fair and tender face, and a large amount of cold sweat broke out on her forehead.

Qin Feng felt distressed.

He cared about this sister very much.

At this moment, Xuan Xi's red lips opened slightly, her jade teeth opened, and a gray light spurted out.....

That is the extremely precious Yin Qi.....

I saw that extremely yin energy flying directly into Qin Feng's mouth.

The next second, the extremely yin energy turned into a refreshing and cold energy, rushed directly into Qin Feng's Shenting point, and instantly turned into blue ice flames, the flames were like ice glass... For a moment, the extremely yang flames and extremely The flames of Yin blend into each other.....

The explosive destructive power of the extreme yang fire was neutralized by the extreme yin flame...

The pressure on Qin Feng's true spirit was greatly reduced...

In a second, yin and yang flourished, and all things were born.....

Once the two forces merge, new power is produced, nourishing and strengthening the true spirit.....

Qin Feng was so happy that he opened his mouth and swallowed the remaining eleven forbidden fruits...

With this swallow, his cultivation level skyrocketed to 99% of the initial level, and the power of the Extreme Sun Flame also surged tenfold.....

But Qin Feng had the help of extremely Yin flames and could easily resist it.....

In just a moment, the impurities in the true spirit were calcined, becoming as pure as glass...

Qin Feng instantly entered a wonderful state of enlightenment.

His understanding of the three thousand avenues was like a volcano erupting, with inspiration pouring out in a steady stream.....

After a long time, his soul was shaken, and there was a hint of understanding deep in his heart.....

"Ding! Congratulations to the host for realizing the eighth supreme true meaning - the divine seal of yin and yang... the clock of creation is beautiful, and yin and yang are divided.....

The extremely yang is Taichu, and the extremely yin is Taishi.

The beginning of all things is the beginning of its origin.

Peep into the yin and yang and you will see the essence!

Therefore, the true meaning of yin and yang is also called the original true meaning.

One of its special effects is Baixing, which allows people to glimpse the essence from the appearance, that is, the separation of yin and yang.

"Ding! The host has mastered the Yin-Yang Divine Seal... The combat power has greatly increased, rising to 100 in the early stage of the Half-Step Master of the Universe.%....."

"Ding! Remind the host that if you want to break through to the middle stage of Half-Step Universe Lord, you need to promote the second of the three realms to the first level....."

As soon as Qin Feng's thoughts moved, his karma value started to change.....

"Ding! Successfully spent 300,000 karma points... The perfection of the hell realm was increased to 100%, and it was automatically promoted to the one-level hell realm....."

"Ding! Congratulations to the host for successfully breaking through the bottleneck and being promoted to half-step universe master mid-term 0.01%.....Combat power increased to 3 million Gai (basic combat power)....."

Note: The world of the human world (one yuan level), the world of hell (one yuan level), and the world of heaven (basic level, 79% perfection) are all over. Qin Feng opened his eyes happily.

He finally understood the meaning of the spirit of inheritance.

It turns out that this challenge can help him obtain the Yin Yang Seal.

He succeeded too!

Not only that, his cultivation level has also broken through to the mid-stage of Half-Step Universe Lord, and he has gained a lot.....

"Qin Feng, did you succeed?"

At this time, Xuan Xi's voice sounded in Qin Feng's ears.

Qin Feng turned around and was shocked.

He saw Xuan Xi's face was pale and his breath was weak.

This look made Qin Feng feel distressed.

"Sister Xuan Xi, what's wrong with you?", Qin Feng was a little anxious.

Looking at Qin Feng's anxious eyes, Xuan Xi smiled slightly, with tenderness and relief in his eyes.

His efforts were not in vain.

"You haven't told me yet, are you ready?"

"I succeeded. Tell me quickly, what's wrong with you?"

Qin Feng could feel Xuan Xi's concern for her.

She didn't even care about her own condition, so she asked him first if he succeeded.

Xuan Xi smiled: "It's good if you succeed! I appear weak just because I have consumed some Yuanyin energy. It only takes a while to practice."

Qin Feng suddenly realized.

His extremely yang energy was obtained from the forbidden fruit.

Xuan Xi's extremely yin energy was extracted from the Yuan Yin energy absorbed by the Paradise Pill.

That Yuan Yin energy can only be obtained by a perfect body. Only women have it, and it is also a kind of original energy. If it is lost, it will harm the body.

"Sister, thank you!", Qin Feng was grateful

"I do it willingly!", Xuan Xi was full of affection.

The two looked at each other, and their hearts were connected.

Since Qin Feng absorbed Xuan Xi's extremely yin energy, there was some kind of wonderful connection between the two, and their hearts were naturally close...

Qin Feng looked at Xuan Xi with affection in his eyes.

That haggard expression still couldn't cover up Xuan Xi's beauty, which made Qin Feng more and more pitiful...

He stretched out his hand and put a palm against Xuan Xi's flat belly...

Xuan Xi did not avoid it and allowed Qin Feng's hot palm to stick to her lower abdomen through the thin gauze.....

She trusted Qin Feng very much and watched Qin Feng operate everything with gentle eyes.....

The next second, Qin Feng spit out a burst of fiery energy from his palm, penetrating into Xuan Xi's body.....

Xuan Xi suddenly felt energetic. The fatigue just now disappeared a lot, and the originally cold body became warm and comfortable...

It turned out that Qin Feng injected the excess Yang energy in his body into Xuan Xi Zero in the body.

He thought of the mutual reciprocity of yin and yang. Extreme yang can produce extremely yin, which can make up for Xuan Xi's loss.....

Unexpectedly, this trial was indeed effective..

Chapter 685

In this way, Qin Feng transported the excess Yang energy.....

Xuan Xi felt heat rising all over her body, the extreme yang automatically transformed into the extreme yin, and the loss was rapidly recovering...

Her originally pale face gradually became rosy.....

Half an hour later, Qin Feng finished transporting it.

Not only did Xuan Xi recover, his momentum was even stronger than before.

"Sister, it's ready!" Qin Feng retracted his big hand happily

"yes!" Xuan Xi also looked happy.

This time the challenge was a great success!

Qin Feng not only succeeded in the challenge, but also made breakthroughs in his cultivation.

Even Xuan Xi gained something.

"It's time to go out!", Qin Feng stood up.

Xuan Xi stretched and stood up.

Those graceful curves were fully displayed in front of Qin Feng. Qin Feng couldn't help but admire it.

Xuan Xi didn't shy away from it, and stood up with a smile, as if I'm glad Qin Feng can appreciate his figure

"Follow me from now on!", Qin Feng stared into her eyes.

Xuan Xi pursed her lips and smiled.

She understood what Qin Feng meant.

000"You already have Zi Xing and Feng Di by your side.....What else do you want me to do?"Xuan Xi asked with a smile

"Without you, I feel like life is incomplete....."

Qin Feng looked at her affectionately.

He really likes this woman.

Ever since he absorbed that ray of extremely yin energy, this woman's aura has been engraved in his body, and he can never forget it.....

Xuan Xi's heart had already melted.

She looked at Qin Feng's fiery eyes and said a little shyly:"Please give me more advice for the rest of my life!"

Qin Feng's eyes lit up and he said happily:"I will definitely live up to you in this life!"

They looked at each other with understanding.

Xuan Xi felt happy in her heart

"People outside should be waiting impatiently....."

Qin Feng plans to go out

"etc!", Xuan Xi suddenly stopped

"Sister, what's wrong?"

"Call me sister?", Xuan Xi was slightly coquettish.

"Xi'er (acai), what's going on?"

"I'm curious, how did you bring Zi Xing and the others with you?"

Qin Feng smiled and said: "I have a unique space that I can enter." But the premise is that you have to sign a contract with me first"

"Can I go in?", Xuan Xi hopes

"Of course you can, but are you willing to sign a contract with me? That's a little slave girl contract! From now on, I will be your master."

Qin Feng deliberately teased her.

Xuan Xi raised her mouth coquettishly: "Since I have promised to follow you for the rest of my life, how can I be afraid of signing a contract with you! Don't coax me, what kind of little slave girl contract is there in this world!"

Qin Feng pursed his lips and smiled: "Xi'er is still smart!"

He raised his hand, cut his fingertips, and drew the lines of the contract on Xuan Xi's smooth forehead using the blood as a guide...

A moment later, the contract between all living beings was completed.

The two instantly felt telepathy, and the connection between hearts The room got closer.

Xuan Xi looked at Qin Feng, his eyes were like autumn water, full of tenderness

"alright! It's time for us to go out!"

"Um!"

Xuan Xi responded obediently.

Qin Feng couldn't help but pinched her fair and tender face.

After he finished handling the trivial matters, he would love this sister properly.

At that time, the two of them came out of the air and left the secret room.

The next second, the two of them returned to the inheritance hall

"Lord Qin Huang and Lord Xuan Xi are back!"

Their appearance shocked everyone in the hall.

"Lord Qin Huang, has the challenge been successful?"

Mingxu asked anxiously.

Everyone also looked nervous.

Qin Feng smiled slightly:"Success!"

As soon as these words were said, the whole audience cheered

"Ha ha!! Very good! Lord Qin Huang succeeded!"

"yes! Our Star Alliance is going to get another high-grade Star Master inheritance. This is going to completely surpass the pace of the four major forces!"

At this moment, the members of the Star Alliance were all excited.

The whole audience shouted for thunder.

At this moment, there was another space fluctuation above the hall.

The spirit of inheritance walked out of the void.

He looked at Qin Feng with admiration: "Not bad! good! Emperor Qin, both your potential and understanding far exceed my expectations!"

The spirit of inheritance is satisfied with Qin Feng's performance."

"Senior, thank you!", Qin Feng bowed humbly

"You don't have to be humble! You are the most talented person I have ever seen in my life. My true self is far inferior to yours. In the future, your achievements will be limitless!"

"OK! Since you have successfully challenged, there is no more to say. This inheritance is yours! Come with me!"

The spirit of inheritance waved his hand, and a light gate appeared out of thin air. It was the core place leading to inheritance.

The next second, the spirit of inheritance entered the light gate.

Qin Feng followed closely..

Chapter 686

Entering the light gate, Qin Feng and the spirit of inheritance arrived at another hall.

There is an altar in the center of the hall.

There is a heritage light group sealed in the center of the altar, exuding an extremely sacred aura.

That is the inheritance of the Lord of Holy Light!

Qin Feng was excited.

This inheritance will soon become his.

"Emperor Qin, in accordance with the rules, refined these items. You can directly inherit the inheritance!"

The spirit of inheritance took out a few sealed spirit beads.

In one of the spirit beads, the thing sealed was the Garden of Eden.

Qin Feng was surprised: "Senior, are these?"

The spirit of inheritance introduced: "You have seen the Garden of Eden in this spirit bead before. In fact, it itself is a mid-grade star-level item....."

"So this is ah!" Qin Feng suddenly realized.

The spirit of inheritance said again: "There are also four holy rivers, a baptismal pool, and a worry-free pure land sealed in these six spiritual beads....."

"These four holy rivers and the baptismal pool are low-grade Star Lord-level items, and the Worry-free Pure Land is a mid-level Star Lord-level item. If you refine them all, and then combine them with the Garden of Eden, you can get a high-grade Star Lord-level item—Elysium!"

"This 10% world of bliss can be automatically projected into the minds of all your believers, causing them to yearn for bliss involuntarily, greatly deepening their faith in you, thereby increasing your power of faith tenfold!"

Qin Feng's eyes lit up and he suddenly became excited.

The power of faith is increased tenfold, which is infinitely useful and has many benefits.

For example, the power of faith he can draw now is 100,000.

If it is increased by the Paradise of Paradise, That is 1 million Gai.

And the power of his faith is constantly improving.

As the Qin sect members get higher and higher, the power of faith will become stronger and stronger.

When the power of faith reaches 1 million Gai, the Elysian World It can be increased to 10 million.

Thinking about it this way, this benefit is unimaginable.

At this time, the spirit of inheritance said:"In addition, if the world of paradise is 10%, the tree of good and evil in the Garden of Eden will automatically absorb hundreds of millions of believers The desire for good things, when absorbed to a certain extent, can grow a forbidden fruit....."

"In other words, with the Paradise of Paradise and countless believers, you will have an endless supply of forbidden fruits to enjoy. And you have mastered the yin and yang divine seal, you no longer need to be afraid of the extreme yang fire, you can enjoy the forbidden fruit at will....."

These words surprised Qin Feng again.

One forbidden fruit is equivalent to three black sky crystals.

And Qin Feng has a small universe, and will have endless believers in the future, and the forbidden fruit will continue to flow.

Even if the Lord of Holy Light had the Paradise and the Tree of Good and Evil, he could not compare with him.

This Paradise and the Tree of Good and Evil are so suitable for Qin Feng.....

"alright! Emperor Qin, please refine it! I won't bother you anymore!"

As soon as he finished speaking, the spirit of inheritance disappeared out of thin air.

Qin Feng waved his hand, got the seven sealed spirit beads, and started the sacrifice directly...

At the same time, he also activated the Yin and Yang Divine Seal and the Wuji Divine Seal.

The Yin and Yang Wuji cooperate with each other. See the source, see the law!

With the help of two phases, the influence of the time force field is doubled. One minute of the outside world, one hour of the force field...

This is also one of the functions of the true meaning of yin and yang (origin).

In this way, Qin Feng can be in a shorter time Refining seven treasures within a time period.....

Time flies.

In the blink of an eye, three days passed in the time force field, and only more than an hour passed in the outside world.

On this day, Qin Feng finally finished refining the Garden of Eden, the Pure Land of Worry, the Baptismal Pool, and the Four Holy Rivers...

He continued to seal the seals, and the seven treasures were automatically combined together, forming a vast paradise world, exuding endless holy energy. Powerful and majestic...

The next second, Qin Feng took the Paradise into the small universe.....

"Ding! Your Paradise (a top-grade star-level item) is automatically integrated with the paradise world....."

"Ding! The integration of Elysium was successful.....The perfection of the paradise world has been increased to 96%, and the host's combat power has been greatly improved....."

"Ding! Congratulations to the host, your projection of the Paradise is successful, and your power of faith has been increased tenfold....."

At this moment, the hearts of billions of elemental masters in the small universe were touched.

They looked up at the stars one by one, and inexplicably had a strong desire deep in their hearts, that is, to go to the Elysian World, to heaven...

Not only that, the tens of thousands of God-Emperor level prisoners, under the projection of the Elysian World, actually felt the resentment in their hearts. Gradually, they began to feel a sense of belonging to Qin Feng and began to believe in Qin Feng.....

This kind of brainwashing is incredible.

As the master of the small universe, Qin Feng can sense any change in the small universe, and naturally he can also sense the changes in the captives' mentality.....

This change made him very happy.

This paradise is worthy of being a high-grade star master level treasure, and it has magical effects on brainwashing.....

Over time, these tens of thousands of god-level captives will be transformed into tens of thousands of believers and a large number of power of faith.....

At this moment, the spirit of inheritance appeared again

"Emperor Qin, congratulations! From now on, you are my successor....."

The spirit of inheritance is very pleased.

Only more than an hour had passed, and Qin Feng had completed the formation of Elysium.

He has only seen such an outstanding talent in his life.....

"Emperor Qin, take it!", the spirit of inheritance waved his hand.

The inheritance light group in the altar automatically flew to Qin Feng

"Thank you, senior!" Qin Feng was truly grateful.

The spirit of inheritance smiled slightly: "My mission has been completed. What the future holds is up to you. I hope you can carry forward my legacy....."

"The juniors will do it!", Qin Feng replied respectfully.

The spirit of inheritance smiled and nodded: "With your peerless talent, you can naturally do it. By the way, in this day and age, does the ancient domain still exist?"

"Still there!"

Hearing this, the spirit of inheritance looked serious.

"Then be careful! Before you grow to high-level star masters, try to provoke the ancient realm as little as possible...."

The spirit of inheritance gives advice.

Qin Feng was surprised: "Senior, how do you say this?"

The spirit of inheritance pondered for a while, and then said: "There are some things that cannot be revealed in advance, otherwise it will be detrimental. In short, you have to remember that the master of this universe has fallen. He didn't die for no reason"

"Then he.....", Qin Feng still wanted to ask.

The spirit of inheritance shook his head slightly.

Qin Feng quickly kept silent.

The Spirit of Inheritance added: "Let me tell you one more thing. Above the top-grade star lords, there is the pinnacle of top-grade star lords. The leaders of several major forces should all have this peak strength of top-grade star lords."

"In fact, there is another realm above this, and that is the Great Perfection of the High-grade Star Lord. If your strength can reach that level, you are qualified to understand the truth about the fall of the Lord of the Ancient Universe."

Qin Fengruo realized something.

Then, he asked: "Senior, are you a god-level elemental master above the Great Perfection of the high-grade star master?"

"This...I don't know! That kind of state is beyond my understanding. Logically speaking, he should be a true god, right?...."

The spirit of inheritance showed deep thoughts and infinite yearning...

Then, he said earnestly and sincerely: "Those are too far away. Emperor Qin, you must not be too ambitious. Your current cultivation level is only half a star master, and you are still far away from a low-grade star master. distance, let alone a god level that I have never heard of. You have to be down to earth....."

"Senior, I understand....", Qin Feng understands the good intentions of the teleportation spirit

"Emperor Qin, take care! My wish has been fulfilled, and it's time to go..."

The inheritance spirit smiled happily.

He was very satisfied with the final result.

The next second, he turned into countless stars and dissipated between the sky and the earth...

Qin Feng faced the space, and bowed respectfully.

Having said that, the information told to him by the spirit of inheritance shocked him.

It seems that he still cannot be careless.

There are still many unknown secrets hidden in this world.

To put it bluntly, he still has to become stronger quickly. Get up.

Qin Feng opened his mouth and swallowed the inherited light ball of the Lord of Holy Light.

.....

At the same time, on the other side, the place of inheritance of Emperor Shi.

The inheritance hall was empty, not a single figure was seen.

At this moment, two figures appeared on the white faces in the hall, it was the cloaked man and Xie Yan.

As soon as the two people appeared, they quickly looked around and found that there was no one else, and couldn't help but look overjoyed.

"Master, we two came out first. The first and second places in this first assessment are the two of us."

Xie Yan said excitedly.

"Ha ha!! That's natural!"

The cloaked man also looked proud.

It turns out that the first level of the assessment here is based on the speed of passing the level.

The cloaked man and Xie Yan cooperated with each other in the assessment and actually passed the level with first and second place.

"This first assessment went quite smoothly. I wonder how the assessment went with the Lord of Holy Light?"

The cloaked man is still concerned about the inheritance on the other side.

Hao Yan smiled and said:"Master, you don't have to worry. My subordinates have observed before that there are no masters there. There are only two lower-grade Dzogchen Star Masters, namely Gu Chaan and Yao Zhu."

"But the strength of these two people is not as good as mine, so they are not worth mentioning. As for the others, they are even less worth mentioning.Unlike here, there are so many experts!"

"Their assessment progress is definitely not as fast as ours! We have time to cut off the beard!

Hearing this, the cloaked man smiled and nodded:"It makes sense!" It is estimated that by the time our first assessment is over, they will not have even completed half of their first assessment....."

"Of course!", Xie Yan echoed confidently.

But as soon as he finished speaking, the man in the cloak's face changed slightly. Immediately

, the man in the cloak took out a strange jade talisman from the storage ring.

But at this moment, the jade talisman was broken into pieces. It cracked.

The cloaked man was stunned, and his face became extremely ugly.

Xie Yan suddenly felt that something was not right, and quickly asked: "Master, what's wrong?"

"The place of inheritance of Holy Light no longer exists! The Holy Light inheritance must have been refined!"

"ah.....", Xie Yan was dumbfounded.

Before their first assessment was over, the inheritance of the Lord of Holy Light was taken away.

What happened over there?!..

Chapter 687

"ah.....", Xie Yan was dumbfounded.

Before their first assessment was over, the inheritance of the Lord of Holy Light was taken away.

What happened over there?!

"Master, is this impossible?! There are no powerful masters over there!" Xie Yan still couldn't believe it.

"If not, how could this jade talisman break? The inheritance must have been lost!", the cloaked man was extremely angry.

"Master, that....."

Just as Xie Yan was about to speak, a white light flashed in the hall, and the man in green robe appeared.

He was the third to pass the examination.

Xie Yan quickly shut up and said no more.

The man in cloak also looked at the man in green robe with a strange expression.

This person gave him a feeling of danger and familiarity, which made him have to be wary.

.....

At the same time, the land of Holy Light inheritance has been unsealed.

Thousands of Star Alliance members filed out to start a new journey.

Above the starry sky, Qin Feng stands in the sky, his long lapel flying.....

There was also a beautiful figure standing next to him, it was Xuan Xi.

In the blink of an eye, those members were gone Everything was clean, only the two of them were left in the void

"Qin Feng, your refining and inheritance speed is so fast!"

Xuan Xi raised her pretty face, her eyes full of joy and pride.

As long as Qin Feng achieves something, she will feel happy and proud.

Her heart is completely focused on this younger brother.

Qin Feng can feel that Xuan Xi He was really thinking about himself, and felt warm in his heart.

He gently held Xuan Xi's slender waist, pulled him into his arms, smelled the fragrance in his arms, and looked at him affectionately.

Xuan Xi's pretty face was slightly red, and her eyes overflowed with tenderness.

Qin Feng looked at Huan Xi, gently bowed his head and kissed her smooth forehead.

Xuan Xi's eyes were as charming as silk.

She was about to melt.

Qin Feng pursed his lips and smiled. He felt that Xuan Xi looked the cutest like this.

Unfortunately, he was still important. Things are waiting to be dealt with.

Otherwise, he will definitely enjoy it to live up to the current situation.

Speaking of which, he has not tasted the taste of a low-grade star master.

"Xi'er, I'll take you to a place"

"Hmm~" Xuan Xi nodded obediently, with a hint of shyness in her eyes.

She thought Qin Feng was going to take her there.....

At that moment, the two of them disappeared into the void.

The next second, the two entered the small universe and came to the paradise world.

Xuan Xi saw the Garden of Eden and the Tree of Good and Evil.....

The tree has already produced a young fruit.....

Qin Feng has many followers, and coupled with the acceleration of time in the small universe by more than a hundred times, the tree of good and evil bears fruit dozens of times faster.....

"Isn't this the Garden of Eden?" Xuan Xi looked around in surprise

"Yes, this is my paradise too....."

Qin Feng briefly explained the current situation.

Xuan Xi was surprised when he heard this,

"Qin Feng, do you mean that as long as I become the Lord of the Heaven Realm, you will be able to break through the realm of cultivation?"

"Yes!", Qin Feng smiled and nodded.

It turned out that after Qin Feng refined the inheritance of the Lord of Holy Light, his cultivation level was directly promoted to 100% in the middle stage of the Half-Step Lord of the Universe.

If he wanted to break through to the later stage, he needed to upgrade the Heaven Realm to One Yuan Level.

Today, the perfection of the heaven world is 96%

"Qin Feng, what can I do to become the master of heaven?", Xuan Xi asked

"Just refine it!"

Qin Feng waved his hand, and a creation jade disc flew from the endless light.

"I see!"

Xuan Xi took the jade dish and refined it with a drop of blood...

A quarter of an hour later, her breath was perfectly integrated with the heaven world.....

"Ding! Congratulations to the host, your subordinate Xuan Xi successfully refined the Jade Disk of Creation and was promoted to the Lord of Heaven Realm....."

Qin Feng was delighted.

Xuan Xi is a low-grade mid-level star master with a combat power of 700,000.

His strength has improved a lot

"Ding! When the perfection of the heaven realm reaches 100%, it will be automatically promoted to the one-level heaven realm... The host's cultivation level will automatically break through to the half-step master of the universe late stage 0.01%, .Combat power surges....."

Finally a breakthrough!

Qin Feng waved, and another inheritance light group appeared in front of him.

That was what he had always retained, the last inheritance of the middle-grade star master.

He opened his mouth, sucked it in, and swallowed it

"Ding! Successfully swallowed the inheritance of the middle-grade star master, and the inheritance was 100% awakened.....The host's luck has improved... and his cultivation level has been upgraded to half-step to the late stage of Lord of the Universe 5%....Great increase in combat power....."

Qin Feng was surprised.

Thoroughly refining the inheritance of a middle-grade star master only increased his cultivation by 5%.

The more advanced the practice, the more terrifying the energy consumed.

Qin Feng waved his hand, and another inherited light group appeared.

That was the inheritance of the Lord of the White Tiger that he had always kept.

Qin Feng opened his mouth and swallowed the inheritance.....

"Ding! Successful inheritance of the Lord Devouring the White Tiger (high-grade star master level), 100% awakening of the inheritance.....The host's luck is increased to the superior red level by 77% (promoted to god-level luck at 100%)....."

"Ding! The inheritance of the Devouring White Tiger Lord is successful... The host activates 71% of the Thirteenth Ring Talent (promoted to the God-level God-level talent at 100%)....."

"Ding! Successfully passed down the inheritance of the Devouring White Tiger Lord... His cultivation level was raised to half-step to the late stage of the Lord of the Universe 99%....Combat power surges....."

Qin Feng was delighted.

His cultivation level has reached 99% in the later stages.....

This is not over yet.

He waved his hand again, and more than three thousand Black Sky Crystals appeared.

The treasures he had accumulated for a long time could finally be put to use...

He opened his mouth and swallowed them all.....

"Ding! Successfully swallowed the Black Sky Crystal...The host's cultivation level has broken through to half-step, Lord of the Universe Dayuan 3%.....Combat power surges to 8 million (basic combat power)....."

8 million combat power!

Qin Feng was overjoyed.

His cultivation also broke through to Dzogchen 0.6%

"Ding! It is detected that the host's cultivation level has broken through to the half-step of the Great Perfection of the Lord of the Universe, and the Qintian Talisman is automatically activated....."

The next second, a golden light lit up deep in Qin Feng's soul.

The Qintian Talisman given by the Lord of the Ancient Universe was activated, and there was a hint of understanding in his mind.....

"It turns out that if you want to break through to the level of the Lord of the Universe, you not only need to improve your cultivation to 100% Dzogchen, but also form the 'Six Paths'. To form the Six Paths, you need to master the Divine Seal of Destiny first....."

Qin Feng suddenly realized.

Then, he felt a little worried again.

He has not yet mastered the Divine Seal of Destiny, which is a difficulty.

However, he was not in a hurry.

He wants to first improve his cultivation level to the half-step of Master of the Universe, 100%.

That requires extremely majestic energy.

Perhaps, he can reach 100% with the inheritance of two more high-grade star masters.

There are also three high-grade star master inheritances in this chaotic star field.

By the way, I should rush over to that Emperor Shi inheritance.

Thinking of this, Qin Feng opened his eyes and saw Xuan Xi looking at him in shock, his mouth wide open.

That looks very cute!

Qin Feng's successive breakthroughs had long stunned her.

"Qin Feng, what level of cultivation are you at now?"

"This...can be considered half-step to the Great Consummation of Star Lord, right?..."

"Hiss~! I think your momentum is stronger than that of the lower-grade Star Master Dzogchen! Let me tell you, you can now defeat the lower-grade star masters, and only the middle-grade star masters can deal with you."

Xuan Xi was excited, with pride and admiration in her beautiful eyes. The stronger her man was, the happier she would naturally be.

Qin Feng pursed his lips and smiled, stretched out his hand to take this lovely beauty into his arms, and kissed her gently.

Xuan Xi's pretty face smiled slightly Red, full of joy.

This man pampered her very much and made her feel happy.

She even longed that Qin Feng could enjoy herself now.....

"It shouldn't be a big problem to sweep through the low-level Star Lords. Facing a mid-level star master, I have to be more relaxed. The combat power threshold for a mid-level star master is 30 million Gai... Let's not talk about this anymore, it's time for me to go to the land of Emperor Shi's inheritance....."

Qin Feng let go of the beauty in his arms

"Then you should be careful.....",Xuan Xi is reluctant to leave.

She really wanted to be gentle with Qin Feng for a while.....

"Do not worry! This time, it will definitely open their eyes....."

Qin Feng smiled confidently, stepped into the air, and disappeared from where he was..

Chapter 688

At the same time, the place of inheritance of Emperor Shi.

In the main hall, the cloaked man and Xie Yan stood in a corner.

The man in green robe stood alone in a corner.

The three of them were silent.

At this moment, the cloaked man was in a complicated mood.

The inheritance of the Lord of Holy Light was lost, and the situation exceeded his expectations.

He must obtain the inheritance here as soon as possible and restore his cultivation to the middle-grade star master level before he can regain control of the situation.

In the next assessment, he had to pay attention to the man in green robe...

The man in cloak glanced at the man in green robe.

This guy should be his biggest opponent.

If the man in green robe had not appeared, he would have been far ahead, surprising the spirit of inheritance.....

"Xie Yan, do you know the origin of this man in green robe?", the cloaked man asked in a low voice.

"Returning to the master, my subordinates don't know, but he doesn't seem to be a member of the five major forces....."

The cloaked man frowned: "Not from the five major forces? Could it be that.... Let's see if this person's cultivation is at the lower level of Dzogchen Star Master. Outside of the five major forces, is there anyone who matches his temperament?....."

"this.....", Xie Yan thought.

Besides the five major forces, there are indeed some unique ones.

They do not join any force or form a force, and have been practicing alone.

Some of them claim to be ancient relics and believers of the ancient Lord of the Universe.....

There are many low-grade star masters and middle-grade star masters among these people. Most of them are famous, but none of them match the temperament of the person in front of them.

"Master, this subordinate can't think of anything....."

"That's it! Let's not mention this person for now. Who do you think will pass the test fourth?"

The cloaked man asked again.

He has been in the chaotic star field for tens of billions of years, and he is no longer familiar with the situation in the outside world. A lot of information can only be known through Hao Yan.

"Going back to the master, the fourth place should be Hei Fan from the Demon Realm. His cultivation level is also that of a low-grade star master, with a combat power of up to 3.9 million Gai. Among the five major forces, his strength is second only to me, and stronger than Gu Chaos and Yong Zhu."

"Um! What about the others??"

"As for the others, except for two low-grade late-stage star masters in Tianyu, the rest are not worth mentioning!"

"Huh! Isn't it said that the Star Alliance is already the largest force in the outside world? Why didn't you mention people from the Covenant?"

The cloaked man noticed this detail.

Xie Yan smiled and said:"The master doesn't know something. The Star Alliance is currently in a state of decline, and there are few talented people among the lower-grade Star Lords. Just like in this land of Emperor Shi's inheritance. The strongest person in the Star Alliance is called Tiantong, and his cultivation level is only at the mid-low level....."

The cloaked man suddenly said:"So, the fourth place should be Hei Fan from the Demon Realm....."

Just after saying this, a white light flashed in the hall, and there was a man in a black cloak.

The fourth one appears!

But the fourth one is not Hei Fan, but the phantom clone wearing the cloak of Shenyin.....

When the shadow clone appeared, the cloaked man, Xie Yan, and the green-robed man all showed expressions of surprise.

"Huh! its not right! This guy in the cloak must not be Hei Fan! His cultivation level is only half the level of Star Master...."

The cloaked man frowned.

Xie Yan was also surprised

"who is he?", the cloaked man asked in a low voice.

Xie Yan shook his head in confusion:"I don't know him!"

On the other side, the man in green robe was particularly surprised when he saw the phantom clone.

This guy was obviously only a half-step star master, but he actually surpassed a group of low-level star masters and became fourth, which is quite impressive.

Just here. At this time, under the cloak of the phantom clone, the body changed.

The clone turned into the main body, and the main body turned into the clone.

Qin Feng and the clone quietly exchanged, and no one around them noticed.

After this transformation, Qin Feng turned the phantom into the air. The clone took it into the small universe.

After doing all this, Qin Feng turned to look around, his eyes sweeping over the green robe man, the cloak man, and Xie Yan.

Especially Xie Yan!

He is a traitor to the Qilin clan, and he must kill him. Target

"A little half-step star master can actually get the fourth place! hehe!"

Xie Yan frowned.

The appearance of Qin Feng made his analysis wrong and he lost face in front of his master.

At this moment, a white light flashed in the hall, and another strong man with a black face appeared.

"Ha ha!! I have passed the test!"

The black-faced strong man laughed heroically.

He is the Black Fan of the Demon Realm.

According to his idea, except for Xie Yan, this group of competitors is his turn. He can at least get second place.

Therefore, this time, he He was so proud of passing the test that he couldn't help laughing.

Halfway through the laugh, he realized something was wrong.

There were four people in the hall.

He closed his mouth depressedly, looked at the four people in the field, and finally fell on Qin Feng. Jean suddenly frowned.

What's going on?

How could a small half-step star master surpass him?!

At this moment, the hall flashed with white light, and three more people came out.....

In this way, more and more players came out, and the atmosphere in the hall became more and more lively.....

It lasted three hours before all the contestants showed up.

The field was obviously divided into two large groups.

On one side are thousands of people from the Star Alliance, and on the other side are people from the four major forces.

The four major forces have not forgotten the instructions above and want to join forces to suppress the Star Alliance.

As for the man in green robe and the man in cloak, they were both proud and independent, and ignored everything around them.

They didn't pay attention to these people at all.....

At this moment, in the Star Alliance crowd, several Star Lords gathered around a middle-aged man with sad faces.

The middle-aged man is the Tiantong Star Master, the only low-grade mid-level Star Master in the Star Alliance, and the person with the highest cultivation level.

He has become the leader of the Star Alliance.

Unfortunately, his results in this assessment were very unsatisfactory and he did not make it into the top ten.

Not to mention the rest of the Covenant, they were worse than him.

According to the assessment rules, only those who enter the top ten can get points and rewards.

"Lord Tiantong, our results are not ideal!"

Among the several Star Lords, a white-haired old man spoke.

Qin Feng knew this old man.

He was the Taixu Star Lord from Tianfu Star.

Taixu naturally knew Qin Feng.

But Qin Feng always wore a Shenyin cloak. It was very low-key, and he didn't recognize it for a while.

He had also seen Qin Feng's shadow clone.

But in his impression, Qin Feng was just a master, but the man in the cloak in front of him was a half-step star master..

He didn't dare to connect the two because their realms were so different.

"Hey~! Everyone, the situation is not good for us!", Tian Tong is worried

"Lord Tiantong, what is your score this time?", another Star Lord asked in a low voice.

The assessment token information has not been updated yet, and no one knows the specific ranking results... When the Star Lord asked, all the Star Lords looked at Tiantong.

"Should be thirteen....",Tiantong smiled bitterly

"oh...."

Everyone is inevitably a little disappointed

"Why! It seems that our Star Alliance is indeed in a disadvantageous situation in this assessment!"

"Everyone, have you noticed? The four major forces have been eyeing us for a while, as if they have bad intentions!"

"I feel it too. They all gathered together and murmured for a long time....."

At this reminder, all the star masters looked around and saw four powerful people looking at this side with gloating.

Tiantong and others frowned, feeling unhappy, but there was nothing they could do.

At present, the performance of the Star Alliance is indeed unsatisfactory.

Qin Feng saw all this and did not take the initiative to say hello.....

At the same time, in the corner of the hall.

The cloaked man and Xie Yan communicated a few words to each other.

Hao Yan took the initiative to leave and go to the side of the four major forces.

He followed the cloaked man's order to unite the four major forces, and maybe he could use their strength to suppress the green-robed man.

After all, Xie Yan has a special status and is very prestigious among the four major forces.

The man in the cloak was very afraid of the men in green robes, so he arranged for Xie Yan to join forces.

The cloaked man didn't care about Qin Feng at all.

He is just a small half-step star master. Even if he gets fourth place, it is an accident and not worth paying attention to.

After a while, Hao Yan walked into the circle of star masters from the four major forces.

"I've met Master Xie Yan!"

When all the Star Lords saw him, they all saluted and showed respect.

Haoyan is the first among the lower-ranking Star Lords of the five major forces.

These people naturally respect him.

"Brother Haoyan, you should be able to win first place this time, right? Hei Fan asked with a smile.

Xie Yan smiled slightly:"There is no first place, only a second place!"

As soon as these words were spoken, all the Star Lords were amazed.

Hao Yan is indeed the strongest person.

Immediately, someone else exclaimed:"Hey! its not right! Lord Xie Yan, you have reached the ultimate level of Dzogchen, who else can surpass you? Shouldn't you be number one?"

Xie Yan smiled and said:"There is heaven outside the sky, and there are people outside the world. The person who won first place this time was actually my friend"

"Your friend?"

The Star Lords were surprised

"It's the one over there in the cloak....."

Xie Yan looked at him, and everyone looked at the cloaked man with doubts in their eyes.

"Brother Xieyan, what is the origin of that man?"Hei Fan inquired.

Xie Yan lowered his voice and said:"I don't know either. However, I was able to take second place this time because I cooperated with that friend. If not, the first place should be Chuan QingWhich one...."

Under Xie Yan's gaze, everyone looked at the man in green robe and thought that guy was weird.

"Brother Haeyan, why did you suddenly say these things?.....",Hei Fan vaguely understood some hidden meanings.

Xie Yan lowered his voice and said:"Let me tell you frankly, which of my friends in the cloak is willing to join forces with you. In the next assessment, if there is a chance, we will join forces to deal with the one in the green robe....."

"this....."

The Star Lords hesitated.

Hei Fan frowned:"Brother Haeyan, we four forces agreed before that we would join forces to deal with the Star Alliance? Why are we helping the cloaked people to deal with the green-robed people now?"

Haeyan smiled and said:"This is not a conflict! We are helping the cloaked people. If we deal with the men in blue robes, the men in cloaks will also help us deal with the Star Alliance. Besides, the threat from the Star Alliance is far less than that of the men in green robes. Cooperating with the men in cloaks will be beneficial without any harm!"

As soon as these words came out, many stars main echo

"That's right! The players coming in from the Star Alliance this time are all weak and really not worth mentioning!"

"Not to mention, it's really like this. Tiantong, the strongest player in the Star Alliance, seems to have only finished 13th, and the others were even worse!"

"Ha ha!! When you say it, I feel happy. This Star Alliance is in vain to be the number one force in the universe and cannot even make it into the top ten."

Xie Yan interrupted:"Let's not talk about this, do you think we should unite with the cloaked man? Brother Hei Fan, what do you think?"

This Hei Fan, like him, is a low-grade Dzogchen Star Master with very high prestige.

As long as Hei Fan agrees, it will basically become

"this.....", Hei Fan hesitated for a moment and then said,"Okay! Let's cooperate then!"

Xie Yan was overjoyed:"Okay! I'll send a message to a friend right now!"

At that moment, he sent a message to the cloaked man through the air.

After a moment, the cloaked man turned back and nodded slightly to the Star Lords.

Both sides smiled, and it was considered that they had initially reached a cooperation.

Hei Fan also secretly breathed a sigh of relief:"Brother Xie Yan, the cooperation is settled. You also tell your friends who will help us deal with the Star Alliance, and don't forget...."

Hao Yan said with a relaxed look:"Don't worry! Isn't it easy to deal with the Star Alliance? They don't even have one in the top ten, and they don't even have the qualifications to compete....."

After saying this, everyone came to check the token information.

The rankings for the first assessment are finally out.

Everyone took out their tokens to check.

At this moment, everyone couldn't help but look weird.

The information on the token showed:

First place, man in cloak, 10 points.

Second place, Xie Yan (dispersed alliance), 9 points.

Third place, man in green robe, 8 points.

Fourth place, Qinhuang (Star Alliance), 7 points.

Fifth place, Hei Fan (Demon Realm), 6 points. sixth place.....

"Isn't it? Someone from the Star Alliance actually entered the top ten! And won fourth place!"

"Who is Emperor Qin? Why haven't we heard that the Star Alliance has a low-level Star Lord named Emperor Qin!"

The players from the four major forces kept exclaiming.

But there was cheers from the Star Alliance.

"Ha ha!! Very good! Lord Qin Huang is here!"

"I really didn't expect that! It turns out that Lord Qin Huang has been with us all along!"

Those masters and god emperors were extremely excited.

Qin Feng had already had a very high status in their hearts.

Tian and other star masters were also stunned.

This was beyond their expectation.

In the corner, Qin Feng's mouth curled up slightly. Yiqiao.

All this is just the beginning..

Chapter 689

"Emperor Qin is here?"

In the crowd, Star Master Taixu was surprised and happy.

Star Masters such as Tian and others were surprised.

Before they came in, Star Master Ziwei had ordered them to obey Emperor Qin's command.

They also felt that Star Master Ziwei's arrangement was not good. Appropriate.

After all, Emperor Qin is just a master.

Is there any reason for the Star Master to obey the orders of the Master?

But now it seems that Emperor Qin can actually win the fourth place, far ahead of all the Star Masters. There is indeed something extraordinary about this moment. , Tiantong and others have greatly changed their views on Qin Feng.

These people do not know Qin Feng's performance in the inheritance place.

Otherwise, they would not think so

"Finally, one of our Star Alliance members has entered the top ten."

"yes! This Emperor Qin is amazing!"

Several Star Lords were full of praise.

"correct! Where is Emperor Qin?"

Tian Tong and others were looking around.

At this moment, the sky above the hall fluctuated, and the voice of the spirit of inheritance sounded.

"The first assessment rewards will be distributed on site! The sixth to tenth place will be rewarded with 100 black sky crystals....."

As soon as he finished speaking, five auras of light descended from the sky, each of which was wrapped in 100 black sky crystals.

They fell to three low-grade late-stage star masters and two low-grade mid-stage star masters.

Those five star masters are the sixth to tenth place this time.

At this moment, the five people were excited, waving their hands and sucking the rewards into their hands.

The players around looked envious.

One hundred black sky crystals are enough to make the hearts of low-level star masters flutter.

"Fifth place will be rewarded with 200 Black Sky Crystals!"

Another spiritual light wrapped around 200 black sky crystals and fell towards Hei Fan.....

Hei Fan happily received the reward.

While people were envious, they also kept mumbling

"Tsk tsk!! 200 black sky crystals! If only I could get it....."

"Rumor has it that Star Lord Emperor Shi obtained countless treasures in an ancient ruins, including countless Black Sky Crystals. It seems that this is true....."

"It should be true. Before getting that adventure, Emperor Shi Star Master was only a mid-level star master. After getting the chance, his cultivation level improved by leaps and bounds, and he was finally promoted to a high-level star master....."

The crowd was amazed and envious.

Qin Feng listened to these rumors silently and found them interesting.

The so-called ancient ruins should have existed before the death of the ancient Lord of the Universe.

At this time, the voice of the spirit of inheritance sounded again in the sky above the hall.

"Fourth place will be rewarded with 400 Black Sky Crystals!"

As soon as these words were said, the whole audience was in an uproar again.

400 yuan!

A group of people were so envious!

Everyone also discovered that starting from the fifth place, the rewards began to double...

At this moment, a spiritual light wrapped around 400 yuan Heitian Jing fell from the sky and landed in a corner of the hall.

There stood a man wearing a black cloak, it was Qin Feng

"The fourth place is Emperor Qin!"

"So where is Mr. Qin Huang!"

The people in the Star Alliance looked at Qin Feng excitedly.

The people from the four major forces also looked at Qin Feng.

The next second, everyone in the audience exclaimed at the same time

"Huh! Emperor Qin actually broke through to the half-step Star Master level!"

This is the surprised voice of the Star Alliance members.

"Huh! It turns out that Emperor Qin is just a half-step star master!"

This is the disdainful voice of the star masters of the four major forces.

They thought Emperor Qin was very powerful before and had been worried for a long time.

Now, they saw Qin Feng's cultivation clearly and they all breathed a sigh of relief.

One and a half steps No matter how strong a Star Lord is, he will never be better than a low-grade Star Lord.

Emperor Qin should be lucky enough to get the fourth place, so there is nothing to worry about. The Star Lords of the four major forces looked arrogant again.

Not only that, There are also many star masters who show greed, and look at Qin Feng with murderous intent.

A half-step star master is not worthy of possessing so many black sky crystals.

Qin Feng sees all this, and outlines a smile at the corner of his mouth Evil smile

"Third place will be rewarded with 800 Black Sky Crystals....."

"Second place will be rewarded with 1,600 black sky crystals....."

"First place will be rewarded with 3,200 black sky crystals....."

Three more spiritual lights descended, and a large number of black sky crystals fell on the man in green robe, Xie Yan, and the man in cloak.....

The surrounding players were so envious that they almost shed their tears...

Qin Feng's eyes also shone, this collection of Emperor Shi's inheritance is very rich!

It seems that I am about to have a big harvest again.

At this thought, the corners of Qin Feng's mouth curled up slightly.

Whether it is Xie Yan, or the man in cloak and green robe.

He wants to get the Black Sky Crystal they just got.....

However, Qin Feng vaguely felt that the cloaked and green-robed men were very extraordinary and could never be treated as ordinary star masters.

These two people should be similar to me and belong to the same level of invincible existence.

This is purely a gut feeling.

This intuition comes from the influence of luck, so Qin Feng believed in this intuition and did not act rashly.

At this moment, the voice of the spirit of inheritance sounded again in the sky above the hall.

"Rewards have been distributed! In a quarter of an hour, the second assessment will begin, please be prepared!"

As soon as he finished speaking, new information came to everyone's assessment tokens.

It was information about the content of the second assessment.

Everyone checked.

Qin Feng also picked up the tokens to check.

The next second, he curled up the corner of his mouth. Sneered.

This second assessment allows fighting each other.

In this case, he will naturally not be polite. In fact, the content of this second assessment is very simple.

That is to break into the thirty-three-story pagoda, whoever breaks into the third level first In the thirteenth level, whoever comes first will be awarded.

Only the top ten will receive rewards and points.

During this process, the players are allowed to fight each other.

After everyone read the information, they started to discuss it.

The star masters of the four major forces , the eyes looking at Qin Feng became extremely greedy

"Lord Hei Fan, the assessment will begin soon. Should we kill that boy Qin Huang first?"

"yes! That kid has four hundred black sky crystals on his body!"

"I support this proposal! A small half-step star master does not deserve to receive so many black sky crystal rewards...."

Several Star Lords agreed.

Greed has led them astray.

They all thought that Qin Feng was a soft persimmon, and they were determined to defeat Qin Feng.

"this.....", Hei Fan was also moved, "Brother Haeyan, what do you think?"

Haeyan pondered for a while and said: "If we want to attack Emperor Qin, people from the Star Alliance will definitely stop us. Look, Tiantong and the others have already I went to see Emperor Qin....."

Everyone looked quickly and saw Tiantong and others going to find Qin Feng.

Hei Fan frowned slightly: "How about this? Let's take advantage of this fighting opportunity to kill everyone in the Star Alliance without stopping. Brother Haoyan, are you willing to take action?"

"this.....", Xie Yan hesitated.

Hei Fan whispered: "Brother Xie Yan, look at the people in the Star Alliance. There are only seven star masters in total. Except for Tiantong, who is a low-grade mid-term star master, the rest are early stage. And we have more than forty star masters here....."

"There are three low-grade late star masters alone, and I am a low-grade Dzogchen. If Brother Hao Yan is willing to take action, he can easily destroy the Star Alliance,,,,,"

Hao Yan hesitated and said: "There is no problem in destroying the Star Alliance. But don't forget, there is also a man in green robe. If we all go to deal with the Star Alliance, will the man in green robe take the opportunity to break through and win the first place? Is he famous?"

Hei Fan smiled and said:"Isn't the man in the cloak your friend? You discuss with him and let him find a way to entangle the man in green robes. After we destroy the Star Alliance, we can help him destroy the green robe man. robe man, and then everyone can compete fairly for inheritance....."

Xie Yan's eyes lit up:"Then I'll ask my friends first....."

He felt that this method was feasible and quickly sent a message to the cloaked man.

After a while, the cloaked man came back with a message, expressing his agreement.

Haeyan was delighted:"My friend agreed....."

Hei Fan and others were overjoyed and quickly made arrangements.....

At the same time, the Star Alliance side.

Qin Fengzheng was talking to several star masters in Tiantong

"Brother Qinhuang, I see that Xie Yan and Hei Fan are looking at you from time to time, and I'm afraid they don't have any good intentions. There will be an assessment soon, you must be careful!"

Tianyi looked worried, but helpless.

Several other star masters also showed uneasiness.

They were more worried about Qin Feng.

Everyone could see that Hei Fan and others were trying to catch Qin Feng's attention.

Qin Feng was slightly worried. A smile:"Don't worry, Lord Tiantong, I have my own sense of discretion!"

As soon as these words were said, there was a fluctuation in the center of the hall, and a light door appeared out of thin air.

The second assessment was finally about to begin..

Chapter 690

Qin Feng smiled slightly: "Don't worry, Master Tiantong, I have my own sense of proportion!"

As soon as he said this, there was a wave of fluctuation in the center of the hall, and a light door appeared out of thin air.

The second assessment is finally about to begin

"The door is open!"

"go in!"

The crowd flowed and entered the light gate one after another.

After all the people from the four major forces entered, people from the Star Alliance began to enter.

After crossing the light gate, everyone entered a huge square surrounded by barrier light curtains.

And in the barrier Outside, there is a towering tower with thirty-three floors, which is the Pagoda.

According to the rules, when everyone enters the square, the surrounding barriers will be removed, and the tower invasion will begin.

When the last person from the Star Alliance enters the square, the entrance light door disappeared.

Buzz~!

There was a clear sound from the sky and the earth!

The surrounding barrier light curtain disappeared!

"The assessment has begun!"

"Everyone be careful!"

The nervous voices of Tian Tong and others sounded beside Qin Feng.

At the same time, two lights and shadows rushed out of the figure, and rushed into the first floor of the pagoda in the blink of an eye. It was the man in green robe and the cloak.

"So fast!"

"Someone got in!"

Tiantong, Taixu and others are a little anxious.

This second assessment is a battle of time. Only the top ten people who enter the top floor of the pagoda can achieve results.

"Emperor Qin, follow us!", Tiantong ordered.

Emperor Qin's cultivation level is too low.

They must protect Emperor Qin.

This Emperor Qin is the hope of the Star Alliance.

But the next second, the people of the Star Alliance found that something was wrong in the atmosphere.

Except for the man in green robe and cloak. After rushing into the pagoda, no one from the four major forces entered the tower. Instead, they surrounded everyone in the Star Alliance.

The expressions of everyone in the Star Alliance changed slightly.

At this moment, more than 40 low-ranking officials, including Xie Yan and Hei Fan, Star Master, with more than 200 half-step Star Masters, flew towards Qin Feng.

Everyone in the Star Alliance suddenly became nervous.

The person who came was evil!

Tian and other Star Masters were also uneasy.

So many Star Masters from the other side came together. , they are no match at all

"Master Xieyan, Master Heifan, you....."

Tiantong bit the bullet and stepped forward to say hello.

"Get out of here!", Hei Fan yelled loudly.

He didn't take Tiantong into his eyes at all.

Tian Tong was furious, his eyes were filled with anger.

Everyone in the Star Alliance was also filled with indignation.

Tian Tong was their leader.

Hei Fan refused to give Tian Tong such a favor. Face means not giving face to the Star Alliance!

"Boy, hand over the Heitian Jing quickly!"

Hei Fan looked at Qin Feng arrogantly, with disdain in his eyes.

"Hei Fan, do you think our Star Alliance people are easy to bully?!", Tiantong broke out

"That's right! I just think your Star Alliance is easy to bully!"

"you....."

Tiantong was almost furious!

"cut!"

Hei Fan didn't bother to look at Tiantong anymore, but looked at Qin Feng

"Boy, while I'm in a good mood now, hand over the Heitian Jing immediately! I will consider keeping your whole body!"

Speaking of this, Heifeng showed a playful smile.

People from the four major forces also showed signs of gloating.

At this time, everyone in the Star Alliance understood.

Regardless of whether Emperor Qin handed over the Black Sky Crystal or not, Hei Fan Everyone wants to kill Emperor Qin!

"Hei Fan, you have gone too far!", Taixu Star Master also exploded.

Hei Fan frowned:"Old man, who do you think you are? I'm talking, are you qualified to interrupt?"

The atmosphere suddenly became tense. At this moment, Qin Feng spoke.

"Xie Yan, why did you betray the Lord of Qilin back then?"

Qin Feng's voice was not loud, but it spread throughout the square in an instant.....

The whole place suddenly fell silent.

Everyone looked at Qin Feng in great surprise.

Damn it~!

This Emperor Qin is so brave!

Xie Yan is the first among the low-grade star masters!

Even Hei Fan is afraid of him!

How dare this kid call Hao Yan by his first name!

Xie Yan also frowned.

The most taboo thing in his life is betraying the Qilin clan. No half-step star master dared to mention this matter in front of him.

"you wanna die!", Xie Yan's face instantly darkened.

"Give you half a second to tell me why!" Qin Feng already had murderous intent in his eyes.

"What? half a second?! ", Xie Yan's anger suddenly rose.

Hei Fan also sneered: "Boy, you are more arrogant than me! You....."

Qin Feng was furious, "Who do you think you are!"

As soon as he finished speaking, he suddenly took action and aimed a palm at Hei Fan.....

Click~!

The heaven and the earth were torn apart, and all realms shattered...

Hei Fan didn't even have time to scream, before he was blasted by Qin Feng with a palm, exploding into blood mist all over the sky...

Even the soul and true spirit were smashed into powder...

Xie Yan Shocked: "You are....."

Qin Fengfeng was angry: "Half a second has passed! No need to talk nonsense! Die!"

Click~!

The space exploded and every inch was shattered!

Qin Feng slapped the Xie Yan into blood mist with another palm, and his soul and true spirit were all shattered...

Then, he opened his mouth and sucked in, swallowing all the blood mist.

In the small universe, hell and heaven are running at the same time, swallowing up all the essence and blood energy in an instant.....

The auras of Xie Yan and Hei Fan disappeared completely...

The whole audience was dumbfounded!

In just the blink of an eye, Qin Feng instantly killed two low-level Dzogchen Star Masters, even if the middle-level Star Masters took action, they were no more than that.

This Emperor Qin is so terrifying!

At this moment, the people from the four major forces were stunned. They all looked at Qin Feng in great horror. They stood there without even daring to breathe, let alone move an inch.

They were afraid of angering Qin Feng.

Even people from the Star Alliance did not dare to speak out.

The atmosphere in the venue became extremely depressing and cold.....

At this time, Qin Feng slowly rose into the air and looked down at everyone.

Wherever he looked, people from the four major forces were trembling with fear, even the Star Masters were no exception.....

"You all must die!", Qin Feng spoke slowly.

The people from the four major forces were suddenly frightened and turned pale.....

The next second, the crowd screamed and dispersed, running away in all directions.....

Their military morale had long since collapsed, and they had no intention of joining forces to deal with Qin Feng.

Qin Feng can instantly kill two low-grade Dzogchen Star Masters with two palms, and can easily kill them all.....

"Can you run?!"

Qin Feng instantly used the Four Divine Swords to seal the sky, and billions of sword lights shot out in all directions...

Wherever the sword light passed, the masters, half-step star masters, and low-grade star masters were exploded into blood mist.....

The screams kept ringing.....

The sword light fills the sky, endless.....

A quarter of an hour later, the sword light dissipated, and the massacre ended.

The more than forty Star Lords, the more than 200 Half-Step Star Lords, and the more than 500 Lords were all slaughtered.....

The remaining more than 20,000 God Emperors were all captured and sent to the small universe to work as coolies...

The whole place returned to silence!

There is a strong smell of blood lingering in the air!

Qin Feng waved his hand, and more than 20,000 storage rings flew into his hands.

These are his trophies this time.

After a while, he found 2,300 black sky crystals from several storage rings.....

That was exactly the reward that Xie Yan, Hei Fan and others received in the first assessment.

Now, everything is easier for him!

Qin Feng showed a satisfied smile.

He slaughtered hundreds of Star Lords and Overlords this time, and the hell and heaven worlds absorbed enough energy.

His cultivation level has thus been increased to 21% of the half-step Master of the Universe Great Consummation, and his combat power has been increased to 8.73 million Gai (basic combat power)

His karma value also increased by 53 million...

Qin Feng was very satisfied with this gain.

As soon as he waved his hand, he took out his 400 black sky crystals, plus the 2300 pieces in front of him, for a total of 2700 pieces.

The next second, he opened his mouth and sucked it all in.....

"Ding! Devouring the Black Sky Crystal Successfully.....The host's cultivation level has been upgraded to half-step of the Great Perfection of the Lord of the Universe 28%.....Combat power increased to 9 million (basic combat power)....."

"not bad!"

Qin Feng was satisfied and slowly fell from the air.

At this time, Tian Tong and others walked over

"Lord Qin Huang....."

Tian and others saluted, looking respectful and nervous.

"I'll talk about it later! I'll go to the tower first!"

Qin Feng stepped out and rushed towards the pagoda not far away.

He had already been delayed for a quarter of an hour. He didn't know what the progress of the man in green robe and cloak was..
