

## God level 701

### Chapter 701

With a scream, Qin Feng punched Xuan Ming until he vomited blood and flew backwards.....

Yuan Fengzhiling was completely dumbfounded.

Why in the blink of an eye, Qin Feng is so much stronger than Xuan Ming!

Are you dazzled?!

At this moment, Xuan Ming's extremely sad and angry roar came from ahead.....

"impossible! This is impossible....."

Before he could finish his words, Qin Feng took advantage of the victory to pursue him. With a move of the sword formula in his hand, the Four Divine Swords of Sealing Heaven shot towards Xuan Ming, bursting out with billions of sword lights.....

For a time, the sky and the earth were covered, and the sun and moon lost light.....

"No!"

Xuan Ming screamed, and also sacrificed a divine sword, splitting billions of sword lights, and faced the sword...

Ka~! Ka~! Ka~!

The four divine swords of Sealing Heaven crushed billions of sword lights in an instant, Countless rays of sword light penetrated Xuan Ming's body, blood flew all over the sky, and screams continued...

At the same time, the void clone appeared strangely behind Xuan Ming, offering a Tai Chi diagram.....

In an instant, Tai Chi unfolded, the heaven and earth moved, the sun and moon changed colors, and the secrets of billions of avenues were hidden within.....

Buzz~!

Tai Chi Tu fired a ray of golden light, which directly hit Xuan Ming's back, causing him to roll over and spurt out a large mouthful of golden blood again.....

Wow~!

Xuan Ming spurted out a mouthful of golden blood, and his momentum instantly weakened.

At this moment, his eyes showed fear and anxiety.....

He has realized that Qin Feng has really become stronger. He is no match for him. If he doesn't escape, he will die.....

"You die!"

Thinking of this, Xuan Mingzhuangruo rushed towards Yuan Feng's spirit crazily.....

As long as Yuan Feng's spirit doesn't die, he won't be able to escape.

This Ten Thousand Miles of Rivers and Mountains map has cut off the connection with the outside universe, so he has no way to use the River Map and Luoshu to escape.

The cosmic Rubik's Cube formed by Hetu Luoshu overlaps with the outside universe.,.....

To put it simply, if he cannot create the Map of Rivers and Mountains, he cannot rely on the Map of Rivers and Luoshu to return to 16 billion years ago...

That is his best means of escape.

In an instant, Xuan Ming was in front of the spirit of Yuan Feng.

"roll!"

Qin Feng's sword technique was activated, and the four divine swords of Sealing Heaven blasted Xuan Ming away again.

Xuan Ming screamed, rolled over and vomited blood again.

After a while, he stabilized his body...

But at this moment, his An extremely huge formation diagram appeared under the feet, which was the Sealing Heaven Formation Diagram.....

Buzz~! Buzz~! Buzz~! Buzz~!

Qin Feng waved his hand casually, and the four swords sounded in unison. The four divine swords of Sealing Heaven were in place at the same time. The formation of Sealing Heaven Sword was formed, and its power was increased tenfold!

"not good!"

In the midst of the great formation, Xuan Ming suddenly felt that something was not good, and his heart sank.....

"Xuan Ming, you are dead today!"

Qin Feng made a seal, activated the sword formation, and opened the four sword gates...

Billions of sword lights shot out, ten times stronger than before, overwhelming Xuan Ming.....

"No~! "

Xuan Ming roars in despair

"Traitor, you too have this day! Go to hell!"

The spirit of Yuan Feng also took the opportunity to attack.

The shadow clone also raised the Tai Chi Diagram and shot a golden light directly towards Xuan Ming.....

"Ah~! ah~! "

In the center of the formation, screams continued.

In this way, Qin Feng, the shadow clone, and the spirit of Yuan Feng joined forces to continuously attack and strangle.....

It lasted for a full hour, and Xuan Ming finally couldn't hold on any longer and was blasted into a ball of blood mist.....

Qin Feng's left hand was heaven, and his right hand was hell, swallowing up all the blood mist broken spirits, and his momentum increased a lot.....

In that place, the 'Six Paths' he wanted most were left behind.

Ha ha!

Everything is available!

Qin Feng waved his hand and sucked the six golden rings over. With a few flicks of his fingertips, he shattered the Xuanming Divine Mind in them.

At this point, these six realms have become ownerless things.

As long as he refines it with the true meaning of destiny, he can turn it into his own Six Paths and be promoted to the Lord of the Universe.

The more Qin Feng thought about it, the more he looked forward to it.

At this time, the spirit of Yuan Feng came over

"This traitor's past body is finally destroyed!"

Yuan Feng Zhiling said in a pleased tone, as if his wish for many years had been fulfilled.

Speaking of which, this guy is really difficult to kill.

If Qin Feng hadn't been good enough and made rapid progress, even if he had a map of mountains and rivers, he wouldn't be able to kill Xuan Ming.

On the contrary , It is very possible that Xuan Ming destroyed them

"sister!"

"What's wrong?" Yuan Feng Zhiling looked at Qin Feng with a smile. The more she looked at her brother-in-law, the more pleasing she became.

"Is Xuan Ming not dead yet?", Qin Feng suddenly asked.

Under normal circumstances, if Xuan Ming is really going to die, the spiritual thoughts attached to the six paths will automatically disintegrate.

But judging from the situation just now, the spiritual thoughts are still there, and he needs to take action personally. Only then defeated

"You guessed it right! Xuan Ming is not dead yet!", Yuan Feng Zhiling nodded slightly.

"how so? His physical body and true spirit have all been extinguished, and the Six Paths are also left here. Why is he not dead yet?"

Qin Feng was puzzled.

Yuan Fengzhiling explained:"What you just killed was just his past body. The spirit of Xuan Ming should have taken Hetu Luoshu and sought refuge in the future body."

"Is there a future life?"Qin Feng felt amazing

"That's right! Hetu and Luoshu are both high-grade star master-level treasures. When the two phases are combined, they form the Universe Rubik's Cube. Their power is much stronger than ordinary high-grade star master-level treasures. It is very magical!"

"It can be used to summon the past body to fight, and it can also summon the future body. However, there is a limitation. The past body is immortal and the future body is immortal"

"Now that Xuan Ming's past body is dead, he can summon his future body. Hearing this

, Qin Fengruo realized something:"In other words, this Hetu Luoshu indirectly gave Xuan Ming two more lives." Then if he summons his future body, will it be stronger?"

Yuanfeng Zhiling smiled and shook his head:"Don't worry! He didn't dare to come again. People's future is unpredictable, and different choices will have different results. This time, his plan failed and he was doomed to be weak in the future."

"According to the strength of his previous incarnation, his future incarnation will only have the strength of a middle-grade star master and will not be stronger than his past incarnation."

"In addition, his future body has a flaw, that is, it cannot remember what happened 16 billion years ago. Because his past body 16 billion years ago was killed by you, this will make him forget many of the secret techniques he has learned, and his strength will drop a lot."

"What's more, the future body is his last chance. If he is killed again, he will completely disappear from the world. Therefore, I concluded that Xuan Ming would not dare to come again. Qin

Feng's eyes lit up: "In other words, if I can kill his future body, I can completely kill him and get his Hetu Luoshu?"

"Yes!" Yuan Feng nodded, "However, this person will definitely retaliate for his anger. If he is defeated this time, he will definitely make a comeback. If my prediction is correct, who will he go to the ancient domain to look for?.....It's just that without his Six Paths, he can no longer become a big phenomenon."

"Which person in the Ancient Realm should you focus on in the future? He will be your real enemy. As for Xuan Ming, if he wants to take revenge, he should be willing to be that person's lackey and use that person's power to suppress you! Qin Feng was shocked:"

Sister, did you say that the person from the ancient domain is the ancient master?"

"What is the name of the current Ancient Lord?"

"Guhu!"

"not him!"

"Then he is.....", Qin Feng was curious.

Yuan Fengzhiling said: "Qin Feng, go and refine these six paths first. Although Xuan Ming is unlikely to come again, it would be bad if he comes and grabs the six paths again. If you refine them, He can't take it back. When you refine it, I'll tell you some of the causes and consequences."

Qin Feng thought the same thing.

At this moment, Feng Di's voice sounded in his mind again

"Qin Feng, let me out! I want to talk to my sister!"

Qin Fenglian thought and released Feng Di.

Immediately, a beautiful figure appeared out of thin air.

"Xiao Shi, have you recovered your memory?", Yuan Feng Zhi Ling looked at Feng Emperor with concern.

"Sister, I remembered it all!"

The two sisters were extremely emotional when they met.

When Qin Feng saw this, he smiled slightly and left silently.

He was going to the small universe to refine the Six Paths, so he would not disturb the meeting between the Feng Emperor sisters..

Chapter 702

The next second, Qin Feng returned to the small universe.

In the Heavenly Palace, he summoned Chu Chu, Zixing, Yu Qilin, and Bai Qi.

"Brother, the baby has broken through to a low-grade star master!"

Chu Chu's tone was full of envy.

After the baby broke through, she immediately shared her inner joy with the two closest people.

One was Qin Feng, and the other was her aunt Chu Chu.

Qin Feng looked at his sister dotingly.

As he followed With the improvement of her cultivation, Chu Chu became more and more youthful and beautiful, and her figure became more and more perfect, with graceful curves.

"I summoned you here just for this matter. Bao Bao, Ming He and Xuan Xi are all low-grade star masters, and Yue'er is a middle-grade star master."

As soon as these words came out, Chu Chu, Zixing and the girls were surprised and happy.

Emperor Feng's breakthrough had just happened, and they didn't know it yet.

At this moment, Chu Chu exclaimed: "Sister Yue'er is so powerful, she deserves to be the reincarnation of Shi Feng!"

Zixing smiled bitterly and said: "It seems that we are lagging behind. Not to mention compared with Feng Di, he can't even compare with Bao Bao, Ming He and Xuan Xi."

Qin Feng smiled slightly: "It's not a big deal if I'm holding you back. My presence will slow down your progress. Take these black sky crystals!"

Qin Feng waved his hand, and there were more than 5,000 black sky crystals in front of him. He got them from the storage rings of the man in green robe and cloak.

Now, he doesn't need it urgently.

On the contrary, Chu Chu and the girls have already reached half a step. Star Lord's Great Perfection needs these Black Sky Crystals to break through.

In the blink of an eye, more than 5,000 Black Sky Crystals were divided into four parts and flew towards the four Chu Chu people.

Each of them received more than a thousand pieces.

The girls were overjoyed.

So many Black Sky Crystals. Tianjing is enough for them to break through to low-level star masters

"Brother, you are so kind!", Chu Chu couldn't wait to kiss her brother.

Zixing, Yu Qilin, and Bai Qi were also pleasantly surprised.

"Okay, you all should seize the time to retreat! In a few days, something big should happen!"

"Brother, what will happen?"

Qin Feng pondered:"I just used Qimen Dunjia to deduce that the situation outside the Chaos Star Territory is unstable. I'm just afraid that the outside world should be aware of what is happening here."

"This time, all the members of the four major forces were killed and injured. How could they be willing to accept it? I'm just afraid that some arrangements will be made that are unfavorable to us."

Hearing this, all the girls couldn't help but worry. No matter how strong the Star Alliance is, there is only one power.

It would be terrible if the Ancient Territory, the Demonic Territory, the Heavenly Territory, and the scattered alliances joined forces.

"Qin Feng, what will the four major forces do?", Zixing asked with concern.

Qin Feng shook his head slightly:"I don't know, I haven't deduced it yet....."

Qi Men Dun Jia is one of the secret arts of destiny.

Qin Feng has initially mastered it, but is not very proficient yet.

"Brother, what should we do now?"

"You should quickly retreat and break through, and make progress in this direction. The result of my deduction is auspicious, which can greatly reduce our danger."

The girls suddenly realized and showed happy expressions.

At that moment, the girls resigned to Qin Feng one after another and went to retreat to break through.

Then, Qin Feng also left the hall.

The next second, he entered the Holy Land of Heavenly Palace.

That was his special place. The cultivation place was only recently completed.

Entering the holy land, Qin Feng sacrificed the 'Six Paths' and started refining...

Time flies.

In the blink of an eye, only three hours have passed in the outside world, and half a month has passed in the small universe.

On this day, the holy land was filled with purple light.....

In the starry sky, six golden rings larger than the solar system emerged one by one.....

The path of heaven, the path of humanity, the path of blood, the path of ghosts, the path of beasts, and the path of hell. This is the Six Paths!

Within the golden rings, there is a starry sky of its own.

Six paths appear!

Whether it is the five-pole starry sky or the three worlds.

Regardless of whether it is a human, a demon, a ghost, a true spirit, or an elementalist.....

Without exception, everything is connected to the Six Paths.

At that moment, the entire universe was linked together with the Six Paths as the center and became a whole.

Qin Feng felt a strange feeling in his heart.

At that moment, he became the master of all living things, whether they were humans, monsters, ghosts, devils, spirits, or gods. He could destroy them with just a thought.....

"Ding! Congratulations to the host, you successfully refined the 'Six Paths' ....."

"Ding! The Six Paths and the Samsara Heavenly Disk are automatically merging.....The Six Paths of Reincarnation Condensed Successfully....."

The fusion of the Six Paths Society and the Samsara Heavenly Disk was somewhat beyond Qin Feng's expectation.

However, the fusion of the two seems to be more complete.

The next second, the system prompts sounded in Qin Feng's mind

"Ding! The six paths of reincarnation and the five-pole starry sky are successfully linked....."

"Ding! The Six Paths of Reincarnation and the Hell Realm are successfully linked....."

"Ding! The six paths of reincarnation are successfully linked to the human world....."

"Ding! The Six Paths of Reincarnation and the Heaven Realm are successfully linked....."

At this moment, Qin Feng felt a little more enlightened.

In the future, people from the outer universe can be allowed to enter the three realms of life.

When those people die in the three realms, their true souls will return to the six realms of reincarnation.

After reincarnation, they will be born in the small universe...

After going through this process, those people will become native beings of this universe.

Their fate will be controlled by Qin Feng.....

Their belief in Qin Feng will also be deep-rooted and never change.....

This is also one of the ways for Qin Feng to obtain his destiny.

After figuring out all this, Qin Feng suddenly understood

"Ding! Congratulations to the host, your six-path reincarnation link is completed, the one-dimensional universe is formed, the host realm breaks through to the Lord of the Universe (low-grade, initial 0.9%), and the combat power skyrockets to 30 million Gai (basic combat power)....."

"Finally a breakthrough!"

Qin Feng opened his eyes happily.

He is now the Lord of the lower-level universe.

In the eyes of outsiders, he is just a lower-level star master, but in reality he is not.

"Ding! The host is successfully promoted to the Lord of the Universe, and your faith in the minds of the people of the universe increases. The total power of faith is 2 million Gai (after the increase in Elysium), which is increased to 5 million Gai (after the increase in Elysium)....."

"Ding! Detects that the host controls the Six Paths of Reincarnation and automatically comprehends the Six Paths of Psychic Transformation....."

"Ding! Chaos Golden Body Transformation (Invincible Technique) and Six Paths Psychic Transformation (Invincible Technique), are being automatically fused...."

"Ding! The fusion is successful. Congratulations to the host for acquiring a new skill - Cosmic Golden Body Transformation (quasi-god-level skill)...."

Cosmic Golden Transformation: After the host superimposes all combat power, and then activates the transformation, you can get a six-fold increase...

Note: The host's six-path reincarnation perfection is 60%. If it is perfected to 100%, you can get a ten-fold increase.

At the same time, the Cosmic Golden Body Transformation is automatically promoted to a god-level skill, giving birth to other special effects.

"So that's it!"

Qin Feng was ecstatic.

This Holy Body Golden Body Transformation is so powerful, it deserves to be a quasi-god-level skill.

If we talk about god-level skills, Qin Feng already has one, and that is god-level devouring.

This is what Qin Feng has grown up to now. Now , he has hope to obtain the second god-level skill.

Speaking of which, whether it is the Chaos Golden Body Transformation or the Six Paths Psychic Transformation, they can only increase the basic combat power.

This Holy Body Golden Body Transformation will transform everything. After the combat power is superimposed, it would be terrifying to increase it.

In short, Qin Feng's strength has increased several times. Even if he encounters a mid-level late-stage star master, he is not afraid at all.

Even when he encounters a mid-level Dzogchen star master, He was sure of saving his life.

Now, the only ones who can kill him are those high-grade star masters.

Thinking of this, Qin Feng smiled confidently, stepped out and disappeared into the small universe.

The next second, the place of Yuanfeng inheritance.

In the inheritance hall, the spirit of Yuan Feng and Emperor Feng were chatting.

At this moment, Qin Feng walked out of the void

"Qin Feng, have you broken through to a low-grade star master?"

Emperor Feng looked at Qin Feng in surprise.

"Huh! Have you refined the Six Paths? So fast!"

Yuanfeng Zhiling was also surprised.

As far as she knew, even if she mastered the Divine Seal of Destiny, it would take at least half a month to refine the Six Paths. Qin Feng completed it in just three hours, which was too fast. Yuan Feng completed it in just three hours.

Feng Zhiling didn't know that Qin Feng had a small universe.

Qin Feng smiled and said nothing and did not explain.

At this time, he asked: "Sister Yuan Feng, you see that my six paths have been refined and my cultivation has also broken through. Can you tell me, who is the person from the ancient domain you are talking about?"

Yuan Feng Zhiling looked at Qin Feng for a while and nodded with satisfaction.

Now she couldn't see Qin Feng's details clearly.

This young man's potential far exceeded her imagination.

At that moment, she said:"Okay , tell you now.....".

Chapter 703

Yuanfeng's spirit reveals memories

"Back then, our Five Spirit Clan had a decisive battle with the Three Realms. The two sides were originally of equal strength. Xuan Ming betrayed us at the critical moment, leading to our disastrous defeat."

"The Lord of the White Tiger and I fell. Emperor Shi of the Demon Realm and the Lord of Holy Light in the Heaven Realm also died. Xuan Ming lost his body in that battle and began to build six paths."

"All in all, there were almost no one left alive in that battle except Xuan Ming. At least people outside thought no one got out alive."

"In fact, there was still one person who survived, and he was the Lord of the Ancient Domain at that time. He was seriously injured and fled back....."

Qin Fengruo realized something:"Sister Yuanfeng, the person you told me to be careful about was the Lord of the Ancient Domain at that time?"

"That's right! it's him! His name is Gu Shang. The current Lord of the Ancient Territory is only his descendant."

Yuanfeng Spirit continued:"After that battle, the five spirits declined, the three realms were severely damaged, and the entire cosmic force was severely hit."

"After that, the remaining affiliated forces of my Five Spirit Clan gathered together and established the Star Alliance, inheriting the Five Pole Star and not benefiting the Three Realms. This is the best result"

"But people have always ignored a problem. People in the Star Alliance probably thought that Gu Shang died after being seriously injured. But I sensed that Gu Shang was not dead. He should have been in seclusion and plotting....."

"Tens of billions of years ago, Gu Shang was the ancient pinnacle star master. He was better than me and comparable to Zulong."

"Tens of billions of years ago, Ziwei Star Master was only a high-ranking star master, and Gu Hu was only a high-ranking star master."

"Tens of billions of years later, Ziwei Star Lord and Gu Hu both broke through to the peak of high-grade Star Lords. Do you think Gu Shang has broken through to the Great Consummation of a high-grade star master?"

As soon as these words were said, Emperor Feng's face changed drastically.

She had already told her sister about the situation outside, but she didn't think about it in such detail.

Now that her sister analyzed it like this, she felt a little uneasy again.

Qin Feng also said worriedly:"Gu Yu has been deliberately concealing the existence of Gu Shang. It is indeed strange....."

The spirit of Yuan Feng said solemnly:"Gu Shang is extremely ambitious. If he waits for him to break through to the Great Perfection of a high-level star master, your star alliance will be destroyed."....."

Hearing this, Qin Feng's face changed slightly.

If we talk about the peak of a high-grade star master, it is a big level better than a high-grade star master.

The Dzogchen of the high-grade star master is two levels stronger than the peak of the high-grade star master.

This strength gap has expanded exponentially.

If Na Gu Shang really breaks through to the Great Consummation of the High-grade Star Lord, he will be the invincible existence in this universe.

The Spirit of Yuan Feng continued: "That Gu Shang has always wanted to be the Lord of the Universe, but he has not mastered the Divine Seal of Destiny and cannot control the Six Paths. This is his biggest problem."

"If Xuan Ming is defeated this time, his future body will definitely seek refuge with Gu Shang, teach him the method of destiny, and tell Gu Shang that you have obtained the Six Paths, so Gu Shang will find you sooner or later!"

Qin Feng suddenly realized.

He finally understood why the spirit of Yuan Feng told him to be careful about Gu Shang.

"It seems that Gu Shang and I will eventually confront each other and there is no way to escape!"

The corner of Qin Feng's mouth curled up slightly, but he was not afraid.

Seeing this, the spirit of Yuan Feng couldn't help showing admiration.

This young man's courage is extraordinary and worthy of admiration.

"Qin Feng, you must not take the initiative to go to the ancient domain before you reach the level of the high-grade Dzogchen Star Master. The ancient domain is very mysterious, and it contains the secret of the fall of the Lord of the Ancient Universe."

"If you take the initiative to go in, I'm afraid it will be more dangerous than facing the five ancient warriors. Without the Dzogchen strength of the high-grade star master, the Jedi would have no chance to escape!"

Qin Feng took a deep breath:"I know!"

These words, the inheritance spirit of the Lord of Holy Light reminded him.

The spirit of Yuan Feng sighed again:"When Gu Shang attacked Wuji Star, he went to the holy land on Ziwei Star. It seemed that he was going to fly to the sky for some secret.. I can't guess what it is exactly."

Hearing this, Qin Feng was slightly moved.

He had obtained the Flying Talisman Seal from the Lord of the Ancient Universe.

But he hadn't figured out what it was for yet.

At this moment, a system prompt sounded in Qin Feng's mind.

"Ding! Hidden conditions are activated, starting the dualistic universe evolution mission....."

"Ding! Remind the host that your hell realm can swallow the demon realm, your heaven realm can swallow the heaven realm, and your human realm can swallow the ancient realm.....After the swallowing is successful, the three realms merge and the six realms are universal, and the host can be promoted to the master of the dual universes....."

Qin Feng's eyes lit up and he was overjoyed.

It turns out this can be done.

When he becomes the Lord of the Dual Universe, can the ten pole stars merge?

If he really succeeds, his future achievements will definitely surpass those of the ancient Lord of the Universe.

In fact, Qin Feng still has another uneasy point.

The Lord of the Ancient Universe can fall, which shows that he is not an invincible existence.

If he cannot surpass the Lord of the Ancient Universe, he may fall.

Therefore, he eagerly hopes to surpass the ancient Lord of the Universe.

Now, he sees hope.

At this moment, a soft sound suddenly came from above the temple

"Huh! This is....."

Qin Feng was surprised and quickly looked up.

He could tell that it was the cracking sound coming from outside the temple.....

"This is the Hunyuan Star Domain barrier weakening itself.....", Yuanfeng Spirit explained, "This barrier is based on major inheritances. Now that all the inheritances have been taken away, it begins to slowly weaken."

"After three days, mid-level star masters will be able to enter. On the fourth day, high-grade star masters can also enter."

Hearing this, Qin Feng felt something in his heart and raised his hand to make calculations.

In an instant, Qimen Dunjia was activated.

Nine palaces and eight trigrams, plum blossoms and six lines appeared frequently. Three Qimen and Eight Gates, Liuyi Dunjia

, came out layer by layer.

After reasoning for a quarter of an hour, Qin Feng put away his secret technique and frowned.....

"Qin Feng, what's the result?", Emperor Feng asked nervously.

Qin Feng replied: "Mixed good and bad! I just calculated the results, and the four forces have mobilized all the middle-grade star masters to come. Their purpose is to come in and encircle and suppress our Star Alliance people."

"Star Master Ziwei also guessed it. She also called in the starThe middle-grade star master rushes to help. However, there are only thirteen people on the Star Alliance side, and twenty-four people on the Four Sides. There is a huge disparity in strength between the two sides."

"Qin Feng, our situation is very bad!", Emperor Feng was very uneasy.

Thirteen people compared with twenty-four people, they must have fallen below.

As far as she knew, the Star Alliance only had one middle-grade Dzogchen Star Master. But there were three among the four forces.

Among the top experts, the Star Alliance does not have an advantage.

In terms of numbers, let alone

"Qin Feng, why don't we go out now and meet directly with Lord Ziwei and the others. With Lord Ziwei and the others protecting us, we should be safe."

Emperor Feng thought of a good way.

But without thinking, Qin Feng shook his head directly: "I have deduced this method, and it is a sign of great disaster. Go out and escape death. There are terrible dangers out there, waiting for us to get out. Ten times more terrifying than those mid-level star masters...."

Emperor Feng was stunned: "There is such a thing. Then what should we do?"

Qin Feng's lips curled up slightly: "The best way is to hide in this chaotic star field and wait for those mid-level star masters to come in. As long as you endure it One day later, it will be safe if Lord Ziwei and others come in again."

Emperor Feng sighed: "I'm afraid there will be another war in three days."

Qin Feng said calmly: "It's a mixed bag of good and bad! If you can turn bad luck into good, but It's a great opportunity. Yue'er, go and gather the members of the Star Alliance in this star field."

"If they are willing to accept my protection, let them enter the pagoda. If they are not willing, let them leave the Yuanfeng inheritance place.

"good! I'll take care of it now!"

Feng Di turned around and disappeared out of thin air.

Previously, the movement of Yuan Feng's inheritance place had long attracted Tian and other members of the Star Alliance. At this moment, they studied outside the inheritance place for a long time, but could not enter.

Qin Feng saw that the alliance For his own sake, he wanted to save their lives.

Otherwise, these people would be wiped out when the mid-level Star Lords from the four major forces entered.

That would be a loss for the Star Alliance, and Qin Feng naturally did not want to see it.....

At the same time, outside the chaotic star field.

Somewhere in the starry sky, Yuan Qing looked at the chaotic star field.

At this moment, his face was very pale.

The incarnation of loss had quite a backlash on him.

"Huh! Second senior brother failed?"

Yuan Qing suddenly felt something, and there was an incredible look in his eyes.

Before that, his incarnation was killed by the second senior brother. The second senior brother should be invincible.

Who can defeat the second senior brother?

The more Yuan Qing thought about it, the more surprised he became.

He didn't see it, the senior brother behind him showed a strange smile..

Chapter 704

"Yuan Qing! The barrier of this chaotic star field is weakening, and it seems to be coming to an end. ...."

Changbai clasped his hands behind his back, pretending to sigh

"yes! Looking at this situation, the mid-level star master will be able to enter in three days. On the fourth day, the barrier will be removed and high-grade star masters will be able to enter. Senior brother, do we have to wait until the barrier is removed?"

"Just want to see the results. Aren't junior brothers curious about the whereabouts of 'Six Paths'?"

Changbai said lightly.

Yuan Qing was shocked and looked at Changbai in shock.

When did the senior brother know that the second senior brother was building the Six Paths?

Changbai seemed to know what he was thinking and said calmly: "Sixteen billion Years ago, I saw Xuan Ming coming from the future, wearing six golden rings. This thing revived my dusty memory....."

Changbai waved his hand, and the space in front of him fluctuated, and an old man in gray robe appeared out of thin air.

The old man's appearance was very similar to that of Changbai. He held a long banner with demonic energy billowing in his hand. His cultivation level was the Great Perfection of the Middle-grade Star Master, and his combat power and momentum reached 100,000.

The late-stage combat strength of a mid-level Star Lord is 200 million Gai to 500 million Gai.

100 million Gai = 10,000 Zi.

In conversion, the late-stage combat strength of a mid-level star master is 20,000 Zi to 50,000 Zi.

The main combat strength of the middle-grade Dzogchen Star is 50,000 Zi to 100,000 Zi.

But the combat power of this gray-robed old man is 200,000 Zi, which is far stronger than the average middle-grade Dzogchen Star Master.

"This is the incarnation....."

Yuan Qing looked at the gray-robed old man with a complicated expression.

He had always thought that the senior brother had not cultivated the avatar, but now he realized that he had been deceived.

It would be impossible for the senior brother to cultivate the avatar to be so strong without tens of billions of years.

It turns out that senior brother had a plan for a long time!

Yuan Qing sighed inwardly

"Junior brother, are you willing to help me?", Changbai stroked his long beard

"I am willing to follow the instructions of my senior brother!"

Yuan Qing handed over his hands, feeling helpless.

Changbai smiled with satisfaction:"In the past few days, if the people inside don't come out. Three days later, I let Gray Robe enter and go get the Six Paths myself. Yuan

Qing was surprised:"Senior Brother, there are quite a few people alive inside, how do you know whose body the Six Paths are in?"

Changbai smiled and said nothing.

He didn't know who took away the Six Paths, but he clearly knew the location of the Six Paths.

It was easy for him to know the location.

Yuan Qing saw that he didn't say anything and didn't dare to ask more questions.

"Junior brother, look at the people in the Star Alliance, they seem very anxious....."

Changbai's eyes looked into the distance.

The Ziwei Star Lord, Ancient Lord, Demon Lord and others gathered there.

The two of them hid in a special space and were never discovered by Ziwei Star Master and others.  
.....

At the same time, next to the Heavenly Monument of Cause and Effect.

The ancient lord, the demon lord, the god, and the scattered alliance gathered together.

The Covenant was isolated.

The two sides are clearly divided.

Now that things have happened, the four major forces have suffered a big loss, so naturally they will not look good on the Star Alliance.

If it weren't for the contract, I'm afraid they would have started fighting long ago.

The five Ziwei Star Masters felt extremely stressed.

At this moment, five people were communicating in private

"Great Star Lord, the rules of this barrier are changing. It will take up to three days for a mid-level Star Lord to enter."

The Lord of Tianfu Star looked at the barrier in front of him anxiously.

"When will our people arrive?", Ziwei Star Lord asked with concern

"It will arrive in two days. The people from the four major forces can all arrive within three days. We are now in a huge trouble!", the voice of the Lord of Tianfu Star

"What's the trouble?", Jumen Star Master interjected and asked.

Tianfu Star Master sighed: "Think about it carefully. There are only thirteen middle-grade star masters here, and there are twenty-four from the four forces."

"Three days later, when they go in, our side will definitely be at a disadvantage, and those masters, half-step star masters, and low-level star masters will inevitably be massacred. By then, we don't know how many people will survive! Why~! "

With this sigh, the Ziwei Star Master, Jumen Star Master, Divine Auxiliary Star Master, and Earth Quan Star Master all frowned with sad expressions on their faces.

This is the current situation!

"At present, I hope Qin Feng and the others can persist for one day. As long as we persist until the fourth day, we can protect them....."

Star Master Ziwei also had no choice but to worry.

In fact, she felt more anxious inside.

She was worried about Qin Feng's safety.

If Qin Feng dies, the Star Alliance's actions will be in vain.

Thinking of this, Star Master Ziwei raised his head and looked at the Heavenly Monument of Cause and Effect.

Her eyes fell on Qin Feng's name, with a complicated look in her eyes.

It was worry mixed with appreciation.

Not long ago, Qin Feng's name was quietly promoted from the half-step star main area to the low-grade star main area.

Qin Feng's progress is so fast that it is unprecedented and breathtaking.

Unconsciously, Qin Feng's importance in her heart became higher and higher.....

On the other side, the Ancient Master and others were also discussing in secret.

Several people glanced at the list on the monument from time to time, with murderous intent hidden in their eyes.

"snort! There are only people from the Star Alliance left on the sky monument, which is getting more and more annoying the more I look at it!", the Demon Lord secretly transmitted the message.

The Ancient Master sneered:"Demon Lord, don't worry. After three days, none of these people would survive."

As soon as these words were said, everyone understood and smiled.

Three days later, their mid-level star master sent out a group of people to intercept the people of the Star Alliance. The remaining ten or so mid-level star masters went to sweep and kill them. It's not easy for those masters, half-step star masters, and low-grade star masters.

This time, the Star Alliance will definitely not get any benefits.

"hey-hey!! Even the Star Alliance didn't expect that it would end like that.", the devil is proud

"This can only be blamed on them being too arrogant and wanting to eat alone, which naturally aroused everyone's public indignation!"

"hehe! Three days later, there will be no names on this monument. Even the Star Alliance did not expect such a result."

As soon as these words came out, many star masters showed gloating expressions.

They were all confident about what would happen in three days.

As long as they killed the people on the sky monument, they would be able to feel balanced, and maybe they could get back the inheritance..

This thought made the Ancient Master and others look forward to it.

Only the Blue Master looked strange, and his eyes fell on one of the lists, and that was Qin Feng.

He accidentally discovered that this guy named 'Qin Huang', before He is still a half-step star master, and now he has become a low-level star master. He doesn't know what adventures he will get.

This makes him a little envious, and at the same time he also has some speculations.....

At the same time, in the Chaotic Star Territory, there is the place where Yuan Feng inherits.

Under Qin Feng's arrangement, Emperor Feng has notified all the scattered Star Alliance members.

Those people learned that the four major forces would have middle-grade star masters coming to eliminate them. They were all shocked and fearful.

These naturally obeyed the arrangement and were taken into the pagoda by Qin Feng.

As a result, there are no more scattered Star Alliance members in the Chaos Star Territory, and they are all protected by Qin Feng.

After doing this, Qin Feng went into seclusion with Emperor Feng.

The two tried to fuse the Nirvana Sun Flame and Nirvana Moon Flame.

As long as the fusion is successful, the Nirvana Phoenix Fire will be obtained, and the two of them will have the power to be reborn from the ashes.

Even if you encounter a high-grade star master, you still have a chance to escape..

Time flies so fast, and it's the third day in a blink of an eye.

Three days have passed in the outside world, and one year has passed in the small universe.

During this year, Qin Feng and Feng Di successfully completed the fusion of Nirvana and Phoenix Fire.

The sun and the moon shine together, and the yin and yang are in harmony.

Once the Nirvana Phoenix Fire is completed, Qin Feng and Feng Di naturally gain the innate skill of being reborn from the ashes.

Rebirth from the fire: Even if the true spirit is killed, as long as the fire of Nirvana continues, it can be reborn from the flames.

This will also be one of Qin Feng's trump cards against high-grade star masters.

In addition, Qin Feng sensed changes in the depths of his soul, and became more closely connected with Feng Di, and their relationship became closer, as if they were one body.

In the next time, Qin Feng stayed in seclusion in the small universe.

Over the past year, he has devoured a lot of resources.

After all, he killed many half-step star masters and low-level star masters and found many useful resources from their storage rings.

He also exploited all the treasures that Emperor released on the top of the pagoda, and he obtained a lot of resources from them.

After making full use of those resources, his cultivation level was upgraded to Lord of the Universe (lower grade, initial 11%), and his combat power was increased to 35 million Gai.

But on this day, in the small universe, in the heavenly palace.

Qin Feng is in retreat in a secret room.

Suddenly, he felt something in his heart and left the secret room.

The next second, he arrived outside the inheritance place and saw the spirit of Yuan Feng and the Phoenix Emperor.

The two women were looking into the void at the edge of the star field. The barrier there seemed to be on the main body, and the rumbling sounds kept ringing.

"Qin Feng, you are here!"

As soon as Qin Feng arrived, Emperor Feng sensed it.

"Um", Qin Feng also raised his head and looked into the distance, "The barrier has reached its limit, and those middle-grade star masters should be coming in."

As soon as he said this, a very small figure appeared in the barrier.

Finally someone came in!

"People are coming! Qin Feng, let's go back to the place of inheritance. There is a large array of protection here. For a while, they can't find it, and it will take more time."

Yuan Feng Zhiling suggested.

According to his idea, he only needs to survive for one day. After all the high-grade star masters have come in, Qin Feng and others will be safe. There is a contract between the high-grade star masters and they cannot attack each other, but they can stop it. Middle-grade star master kills someone

"Sister Yuanfeng, if you stay alone in the inheritance place, I will leave this puppet behind!"

Qin Feng waved his hand, and the Panzu puppet appeared.

After all, the spirit of Yuan Feng is just the spirit of inheritance. When the energy is exhausted, she disappears between heaven and earth.

Leaving the Panzu puppet behind, Qin Feng can return at any time through reverse summoning. To the place of Yuanfeng inheritance

"Qin Feng, are you planning to take the initiative?", Yuan Fengzhiling asked.

Qin Feng sneered: "That's right! Once the four major forces are defeated, they will play this trick. If this is the case, let them suffer even greater losses."

"Having said that, even if all their people are not dead, they will not be willing to take away the inheritance of the Chaotic Star Territory."

"Later, the four major forces jointly suppressed the Star Alliance, which was the norm. There will eventually be a war in the future. In this case, we might as well start fighting back now....."

"Makes sense!", Emperor Feng agreed.

Yuan Feng's spirit also nodded slightly: "Okay! I'm here to stay. If things go bad, you return. This inheritance formation can cover your aura..."

Just after saying this, seven or eight more black spots appeared one after another next to the barrier in the distance.

More and more middle-grade star masters came in.

At that moment, the spirit of Yuanfeng took Panzu's puppet and returned to the place where Yuanfeng inherited it.

Qin Feng took Emperor Feng into the small universe, stepped into the air, and disappeared from where he was.....

A quarter of an hour later, a dispute broke out on the edge of the Chaos Barrier.

At this moment, at the edge of the barrier, two groups of forces were confronting each other.

There were only thirteen people in one group, and they were the mid-level Star Lords of the Star Alliance.

The leader was a man with sword-shaped eyebrows and starry eyes, a tall and straight figure, and a heroic spirit.

His name is Yingmeng, and his cultivation level is the middle-grade Star Master Dzogchen.

At this moment, Yingmeng frowned and looked coldly at the twenty-four people opposite.

These twenty-four people are the middle-rank star masters of the four major forces.

Among them, three middle-grade Dzogchen Star Masters stood at the front.

One is an old man in red robe, named Blood Ancestor, who comes from the Demon Realm.

One is a flat-headed man named Gu Keng, who comes from the ancient domain.

One is an enchanting woman named Pan Shen, who comes from the Heavenly Realm.

Behind the three people, there is also a mid-level late-stage star master. He is an old man with a sinister face named Jiuyin, who comes from the scattered alliance.

"Blood Ancestor, what do you mean?", Ying Meng asked coldly.

Although Xue Ancestor, Ying Meng, Gu Keng, and Pan Shen are all mid-level star masters with Dzogchen cultivation, the strongest one is Xue Ancestor.

Ying Meng is not afraid of anyone, only fear of others. blood ancestor

"What do you mean?"

The Blood Ancestor sneered: "Yingmeng, you are pretending to be stupid with us!" This time, you, the low-level star masters of the Star Alliance, killed all the people from our four major forces. What do we mean?"

"this.....", Yingmeng swallowed.

Speaking of which, when he heard the news for the first time, he was also very shocked and felt too exciting.

The four major forces and the Star Alliance are all competitive rivals. Deep down in his heart, Yingmeng agreed to do this, but it was a bit too much.

Not only Yingmeng thinks this way, but also all the mid-level Star Lords of the Star Alliance think so.

"Blood Ancestor, I think there is some misunderstanding here! As we all know, the low-level star masters of our Star Alliance are not strong and are weaker than your ancient domain, demon domain, and heaven domain. How could they kill all your people? Will there be any changes?"

As soon as Ying Meng finished speaking, the whole audience was thoughtful.

But Blood Ancestor sneered: "What you said sounds reasonable, but when you think about it carefully, it doesn't make sense. Even if there is a change, why are only people from our four forces dying, but your Star Alliance has no losses?"

"this.....This is something we all need to explore!" Yingmeng couldn't explain the reason.

Blood Ancestor smiled darkly: "It's all nonsense to say so much! No matter what the reason, all of us from the four forces are dead, and the low-level Star Lords of your Star Alliance should be buried with them. This is only fair!"

"Blood Ancestor, don't bully others too much!", Yingmeng was furious.

Everyone in the Star Alliance showed angry expressions.

"So what if I just bully you?!"

The Blood Ancestor dropped these words and looked aside.

"Gu Keng, Pan Shen, you lead people to kill the Star Alliance people, we only have one day. If we miss this day and Zi Zhu and others come in, we will have no chance!"

"good!"

Gu Keng and Pan Shen each wanted to take people away.

"What are you going to do?"

Yingmeng was in a hurry, and the people with the Star Alliance were about to stop him.

Blood Ancestor and Jiuyin led twelve middle-grade star masters, and surrounded Yingmeng and others.

"Yingmeng, don't even think about leaving. This time, I will stay with you!"

The Blood Ancestor seemed to be smiling but not smiling.

Jiuyin also looked gloating.

The two of them teamed up with twelve middle-grade star masters, who were stronger than the thirteen star alliance members, and could completely trap the star masters.

And Gu Keng , Pan Shen and ten others went to eliminate the members of the Star Alliance, and everything was divided into perfect

"Lord Yingmeng, the situation is not good!"

The message from his subordinates rang in Yingmeng's ears.

His face became increasingly ugly.

At this moment, the Blood Ancestor warned again:"Gu Keng, Pan Shen, we only have one day left, don't waste it. Gu Keng smiled confidently:"

Brother Blood Ancestor, don't worry!" With the strength of Pan Shen and I, we can sweep the entire chaotic star field twice in one day. It's easy to kill all the members of the Star Alliance! Pan

Shen also smiled sweetly and said:"Brother Gu Keng, I will lead people to the east, and you will go to the west." Let's clean up separately and we should be able to clean it up four times!"

"This method is very good! Walk!"

At that moment, the two of them took the people away.

"Stop them!", Yingmeng shouted anxiously

"Yingmeng, do you think I don't exist?", the Blood Ancestor taunted.

The two sides were on the verge of breaking out, and a battle broke out.

The star field was suddenly filled with murder, and the space collapsed.....

But no one noticed that there was an old man in gray robe in the distance, watching all this coldly.

The old man in gray robe is the incarnation of Changbai - gray robe.

Seeing that the two sides finally started fighting, Gray Robe smiled happily, then took a step forward and walked towards the depths of the Star Territory.

His direction is very clear, as if he has a goal already, which is vaguely the place where Yuan Feng inherits.....

But it was said that Pan Shen led four middle-grade star masters to search in the eastern star field.

An hour later, the five people were a little surprised.

They crossed dozens of star fields along the way, and traces of resource development could be seen in many places. Those resources had also been collected, but there was not a single living being in sight.

This is completely different from what they imagined!

It stands to reason that there are tens of thousands of Star Alliance members in this chaotic star field.

They wanted to kill them all, hundreds of them in an hour.

But why don't you see any of them now?

This is strange!

At that moment, five people gathered for a meeting

"Lord Pan, something is wrong! The area we searched is quite large, why didn't even the God-Emperor of the Covenant find it? Not to mention those Lords and Star Lords."

A mid-level star master was confused.

Pan Shen also frowned and said:"It's a little weird! It is also possible that they are concentrated in a certain area. Let's do thisgroup action. I will be in a group, and you will be divided into two groups of four. This is more efficient!"

Soon, after the five people discussed, they divided into three groups and took action in the East District.

Time passed quickly, and another hour passed in the blink of an eye.

One of the groups approached the Yuanfeng inheritance place unknowingly.

That group's Both of them are in the middle stage of middle-grade star masters. One is named Qiujiao, who comes from the Demon Realm.

The other is named Mingtang, who comes from the Heavenly Realm.

Both of them have a combat strength of about 10,000 Zi.

At this moment, the two of them are a little agitated.

This journey. They found nothing.

Not to mention the people who found the Star Alliance, they didn't even pick up any resources. They were all plundered.

"These junior members of the Star Alliance are really hateful. They have plundered these resources so cleanly that there is not even a mouthful of soup left....."

Prisoner Jiao complained, with a bit of condescension in his tone.

Mingtang smiled slightly:"This also shows that everyone of them is extremely rich now. If you kill just one of them, you will gain a lot."

Prisoner Jiao's eyes lit up:"That makes sense!"

After saying this, there was a burst of space in front of him. Fluctuating, a young man in white walked out of the void.

The person coming is none other than Qin Feng!

The two prisoners were stunned for a moment.

But then, they discovered that Qin Feng was just a low-level star master.

The two were immediately overjoyed.

Now, there is still a low-level Star Lord alive in this chaos, and he must be from the Star Alliance.

"Ha ha!! I was worried that I couldn't find anyone, but I didn't expect this guy to come to my door automatically! Brother Ming, do you take action, or do I?"

Prisoner Jiao didn't even look at Qin Feng and asked Mingtang directly.

Mingtang smiled:"If I take action, I will kill this kid. I get 70% of the treasures on him, and you get 30%!

Prisoner Jiao raised his eyebrows:"This can't be done!"

Mingtang smiled:"Then let's do it together and split it 50-50!"

Prisoner Jiao laughed and said,"Haha!! That's pretty much it, then let's....."

But before he finished speaking, Qin Feng stepped in front of the two of them and slapped the prisoner Jiao directly with his palm.

"you wanna die!"

Qiu Jiao was furious.

He didn't expect that this little low-level star master would dare to attack him.

At that moment, he met him with a palm.

Mingtang on the side saw this scene, shook his head, and looked at Qin Feng's eyes, just like looking at a fool.

He could see at a glance that Qin Feng was only in the early stage of a low-grade star master.

With such a cultivation level, he could have a combat power of 500,000 Gai at most.

But Prisoner Jiao has a combat power of 10,000 Gai, which is 100 million Gai, more than twenty times that of the low-grade star master.

This kid was afraid that he would be killed instantly by the prisoner dragon's palm.

At that moment, he didn't actually take action, but just watched with gloating.

The prisoner dragon was furious.

A small low-grade man. Star Lord, even in the early stage, dares to attack himself.

This is too little regard for himself!

"Boy, go to hell!"

Prisoner Jiao took action with anger.

The fist was used with all its strength, and the fist burst into golden light.....

He wants to kill Qin Feng to pieces with one punch.....

Huh! This is?

He suddenly felt something was wrong...

Qin Feng was also completely activated at this moment.

This is Qin Feng's first battle after breaking through to the Lord of the Universe.

At this moment, with a thought in his mind, he instantly activated the combination of star poles and world poles.

Although Chu Chu, Yu Qilin, Zixing, and Bai Qi have not come out of seclusion, Feng Di, Bao Bao, Ming He, and Xuan Xi are all there.

With this combination completed, his combat power surged to 67 million.

The power of faith is superimposed!

Combat strength increased again to 72 million.

"This is...."

Qi Jiao was a little shocked.

Why did this boy's combat power increase so much all of a sudden?

It actually reached more than 70 million!

However, he is not worried.

His combat power is 10,000 Zi, but he can still overwhelm Qin Feng.

But at this moment, Qin Feng performed the cosmic golden transformation.

Buzz~!

The world is infinite and resonates from all directions!

Qin Feng's whole body suddenly burst into purple-gold light!

Invincible skill activated!

The combat power increased six times!

Suddenly it jumped to 43,000 Zi!

"How can this be!"

Prison Jiao's expression suddenly changed.

The combat power of the late middle-grade is 20,000 to 50,000 Zi.

How could this guy's combat power surpass him so much all of a sudden?

In panic, a ninth-grade karma red lotus appeared under his feet.

Everything increased. Nine times!

His confidence increased again!

But at this moment, buzz~! buzz~! buzz~!

The twenty-fold golden wheel of merit!

The sixteenth-grade karma fire red lotus!

The nine-layer Hongmeng Holy Ring!

Appeared at the same time, forty-five times The increase is earth-shattering!

"not good=! "

Prisoner Jiao realized that something was wrong and his eyes showed despair.....

Boom~!

A loud noise!

Qin Feng killed him to pieces in one fell swoop. Blood mist was flying all over the sky. There was only a storage ring and a ninth-grade fire red lotus left in the sky...

Mingtang on the side was dumbfounded...

Chapter 706

Qin Feng waved.

The broken blood mist essence and other energy were sucked into the palm, and instantly entered the hell and heaven in the small universe.

Part of the energy belongs to the hell world, part of the energy belongs to the heaven world, and part of the energy belongs to the six realms of reincarnation.

However, Qi Jiao's true meaning and luck were also swallowed up.

After those insights and luck were crushed, they were absorbed by the Lord of the Five Polar Stars, the Lord of the Three Realms, and the three thousand innate beings in the human world.

Qin Feng clearly felt that Chu Chu and others' understanding and luck had improved.

The strength of the three thousand innate creatures has also improved somewhat.

Such changes surprised Qin Feng.

In the past, he killed the Star Lord and could not get his true meaning and luck.

Now, he can get it.

As the Lord of the Universe, after Chu Chu, Xuan Xi and other Lords of the Pole Star and the Lord of the Three Realms gain enlightenment, he can also share the enlightenment of the three thousand creatures and Chu Chu and others.

Qin Feng could even share the insights gained from the daily cultivation of Three Thousand Living Beings and Chu Chu and others.

In other words, even if Qin Feng does not practice true meaning, his perception will continue to improve.

Because the Lords of the Five Polar Stars, the Lords of the Three Realms, and the three thousand innate beings are all helping him to realize.

This is one of the benefits of being the Lord of the Universe.

The Half-Step Master of the Universe didn't even compare.

In the same way, the true meaning and luck gained by Qin Feng from killing those star masters can also bring great benefits to Chu Chu and others.

This is tantamount to changing the direction and training the subordinates.

At this moment, the system prompt sounded in Qin Feng's mind

"Ding! The host has successfully killed the middle-grade star master (middle stage), and his cultivation level has increased to 17% of the low-grade early stage (Lord of the Universe)...the combat power has been greatly improved....."

"Ding! Successfully killed the middle-grade star master.....Gain karma value of 50 million....."

"Ding! Six Paths of Reincarnation Receive Energy Replenishment.....Completeness increased to 63%...."

"Really good!"

Qin Feng was very satisfied with the results of this battle.

At this time, he looked up and saw Mingtang looking at him with great horror.

When their eyes met, Mingtang was so scared that he backed away, as if he suddenly woke up from his trance. Came over

"Can you escape?"

Qin Feng waved and put away the prisoner's storage ring and karma red lotus, and then chased after him.....

Mingtang was frightened when he heard the sound of breaking through the air behind his head.

"My friend, Qi Jiao and I are not together. I am from the Heaven Realm, and he is from the Demon Realm! There is a misunderstanding here! Please let me go, little friend!"

Mingtang ran away and begged for mercy, while secretly sending a distress message to Pan Shen and the others.

He was so frightened that his face turned pale.

His strength was comparable to that of the Prisoner Jiao.

Qin Feng could kill him instantly if he could kill the Prisoner Jiao.

How dare he not run away?!

Qin Feng sneered in his heart.

This guy thought he didn't know the plans of the four major forces. He really underestimated himself.....

In the blink of an eye, Qin Feng chased after him.....

At the same time, outside the boundary of the Chaos Star Territory, next to the Cause and Effect Sky Monument.

Star Master Ziwei, Star Master Tianfu and others all looked at the list on the heavenly monument with anxious expressions.

The five of them were all frightened.

The Ancient Lord, Demon Lord, Heavenly Lord, Blue Lord and others on the side all showed gloating expressions.

Especially when they saw the wrinkled look of Ziwei Star Master, they felt particularly happy.

"Purple Lord, are you feeling uneasy now?", Ancient Lord Land.

Ziwei Star Lord was displeased:"What does it have to do with you?"

"Brother Gu, Purple Lord is restless right now. If you ask this, she will definitely be upset. Ha ha!!"

The Demon Lord laughed loudly after speaking, and the voice was very strange.

The Lord also laughed and said: "Purple Lord, I am afraid that no one of the low-ranking members of the Star Alliance will be able to survive this time."

Ziwei Star Lord: "It's too despicable for you to do this!"

The Demon Lord sneered: "This world is dominated by the jungle!" How despicable is that? Our low-level star master was killed by your people. Now it is our people's turn to kill you. This is the cycle of heaven. Why not?!"

"That's right! The Demon Lord is right!"

"hey-hey! This time, all the low-level Star Lords of the Star Alliance were killed, which was retribution!"

The people from the four major forces all agreed.

Everyone in the Star Alliance was about to explode with anger.

Lord Ziwei sneered: "Ha! Are you that confident? Aren't you worried that stealing the chicken will end up losing the rice? I'm afraid that those middle-grade star masters who want to kill our people will fail and be killed by our people instead."

As soon as these words came out, the Demon Lord and others seemed to have heard a big joke, and burst into laughter.

The Demon Lord laughed so hard that his neck turned red.

"Ha ha!! Purple Lord, are you talking in your sleep during the day? How many of your people can survive and still want to kill our people? What a joke!"

As soon as the Demon Lord finished speaking, the expression of a Demon Realm Star Lord behind him changed slightly.

Then, he took out a life soul tablet from his body.

At this sight, his expression changed drastically.

The Star Lords around him also exclaimed in surprise.

"This life card is broken!"

Hearing this, the Demon Lord was startled. He quickly looked at it and was dumbfounded.

The Star Lord was even more sad and angry: "Lord Demon Lord, the prisoner's life card is cracked! He has fallen!"

"Damn it!", the Demon Lord was so angry that he cursed.

But at this moment, the Purple Lord's ridicule sounded in his ears.

"Who just said that one of his people would not die? Who is the joke?!"

"you....", the Demon Lord's lungs almost exploded with anger.

But he couldn't refute. Not only was he embarrassed, he was also extremely depressed.

"Demon Lord, please be patient! As far as I'm concerned, this was just an accident. With the strength of the Star Alliance inside, how could they possibly kill our people first?"

The Lord comforted him.

But as soon as he finished speaking, a high-ranking Star Master from the Heaven Realm shouted anxiously

"Lord God, this is not good! Mingtang's life card was also cracked!"

"What?!"

"God, Mingtang has fallen!"

0·Please give me flowers 0·.....

The Star Lord's voice was sad.

The whole audience was dumbfounded.

If Prisoner Jiao was an accident, it would be a bit strange for Mingtang to fall immediately afterwards.

At this moment, the four major forces looked at each other with complicated expressions.

Even Star Master Ziwei, Star Master Tianfu and others showed strange expressions.

This situation is a bit unbelievable!

Could it be Qin Feng?!.....

At this moment, in the Chaotic Star Territory, the place where Yuan Feng inherited it.

In the inheritance temple, the spirit of Yuan Feng was worried about Qin Feng.

But at this moment, the space in front of her fluctuated, and an old man in gray robes, holding a long flag in his hand, walked out of the void.....

The old man is the incarnation of Changbai - gray robe

"Who is coming?!"

Yuanfeng Zhiling looked at Gray Robe in shock.

The next second, she found that the old man looked very familiar.

"Xiaofeng, don't you remember me?"

000

The gray-robed man smiled warmly and had a kind look on his face.

"I gave you twelve earthly branch sacred flags back then!"

As soon as he said these words, Yuan Feng's spirit seemed to have remembered everything and showed a look of great joy.

"Senior, it turns out to be you! Back then, thanks to your twelve earthly branch sacred flags, my sister was reincarnated smoothly!"

The spirit of Yuanfeng was very excited.

It turned out that the mysterious old man who gave Yuanfeng the twelve earthly branch sacred flags was Changbai himself.

Gray robe is the incarnation of Changbai, and his appearance is very similar, so the spirit of Yuanfeng did not recognize him immediately. come out

"Huh! Senior, why are you here?" Yuan Feng's spirit felt strange.

Gray robe sighed: "I just came out of seclusion and heard that Xiao Qi had died. I felt sad, so I asked this incarnation to come and see you. to settle our karma....."

"Xiaoqi? Who is that?"

"He is the Lord of Qilin! Back then, like you, he also accepted my fate when he was young."

The spirit of Yuan Feng was surprised. He didn't expect that the Lord of Qilin would have a similar experience to himself.

"By the way, senior, you just said you would settle the cause and effect. What is the cause and effect?", the spirit of Yuan Feng was very curious.

The gray robe smiled slightly, glanced at the Demon Ancestor puppet next to him, and a joy flashed through his heart.

Then, he pretended to sigh: "This is the matter! Let's start with Xiaoqi....."

I! God level elemental

Chapter 707

Gray Robe continued: "Back then, when I was traveling around the world, I met Xiao Qi by chance and found that he was a peerless genius in refining weapons, and his future achievements would far exceed mine. So I taught him the art of refining weapons."

"At the same time, the old man also told him the method of refining the Demon Ancestor Puppet, as well as a refining analysis diagram for refining the Samsara Heavenly Disk....."

"Samsara Heaven Disk! Tsk~! Tsk!! With my talent in refining weapons, I am afraid that I will not be able to refine them in my lifetime. Only a refining genius like Xiao Qi can refine it!"

The gray robe was filled with emotion.

The spirit of Yuan Feng was confused.

However, she knew about the Master of Qilin refining the Samsara Sky Disk and the Twelve Demon Ancestor Puppet.

And the Twelve Demon Ancestor Puppet passed through the Samsara Sky. The role of Pan was finally integrated into the Panzu Puppet.

Thinking of this, she looked at the Panzu Puppet beside her and was a little surprised.

She didn't expect that this matter was also related to this senior.

"Senior, why do you want Qilin to refine the Samsara Heavenly Disk?" The spirit of Yuan Feng was very curious.

Gray Robe smiled slightly: "Everyone knows that if you control the six paths, you are qualified to become the master of the universe. But if the Six Paths are incomplete, it will still be difficult to achieve the position of Lord of the Universe. If you want the six paths to be complete, you need to merge the six paths with the samsara sky disk to form the six paths of samsara....."

The spirit of Yuan Feng suddenly realized: "So that's what happened! Eh~! Senior, why did you suddenly think of asking the Lord of Qilin to refine the Samsara Heavenly Disk?" The gray robe sighed: "Hey~! That is his destiny. Things in this world seem chaotic, but in fact they are all destined.

"For example, your fate is the Seven Kills Chao Dou Fighting! You secure your life with seven kills, fight in all directions, and eventually die!"

The spirit of Yuan Feng nodded slightly.

She has been fighting on the battlefield almost all her life. Even people with stronger cultivation than her are afraid of her.

Because she can be reborn in nirvana, she is almost unkillable.

Until the end, Emperor Feng It was only after she was reincarnated that her secret technique of rebirth was broken.

Gray Robe continued: "And your twin sister Shi Feng has the fate of Hong Luan, which is closely related to the Emperor Star....."

"Emperor Star? what is that?"

"Emperor Star is the one who has the opportunity to control the six paths of reincarnation and become the master of the universe!"

"So that's it...", if the spirit of Yuanfeng has some enlightenment.

She couldn't help but think of Qin Feng.

At this time, Gray Robe smiled mysteriously: "In other words, if you find your sister, you can find the whereabouts of the Six Paths of Reincarnation."....."

Yuan Fengzhiling was stunned. She vaguely felt that there was something else in Gray Robe's words.

The gray robe added: "In addition to being accompanied by the Red Luan, there must also be lucky stars such as Ziwei, Zuofu, Youbi, Wenchang, Wenqu, etc. to help. In addition, there must be 'Sha Po Lang' as the star. its paving the way....."

"Sha Po Lang?" Yuan Feng's spirit was puzzled.

Gray Robe smiled and said: "Kill Po Lang, that is, Seven Kills, Po Army, and Greedy Wolf. Among them, you have the destiny of Seven Kills, the Lord of Qilin has the destiny of Pojun, and the destiny of Greedy Wolf!"

The gray robe lightly twirled his beard and looked at the Panzu puppet with a smile...

Yuan Fengzhiling said in surprise: "Senior, you wouldn't say that this puppet is Greedy Wolf, right?"

The gray robe smiled and said: "That's right! It is the greedy wolf. However, it is not a complete greedy wolf!"

As soon as these words came out, Yuan Feng's spirit was very surprised.

Even Panzu's puppet looked up in shock.

Now that it has quite high intelligence, it can still understand these words.

"Huh! Senior, when you talk about these things, it seems that they all revolve around the Lord of the Universe. Do you know who is the Lord of the Universe?" Yuan Feng Zhiling asked in shock.

She vaguely felt that something was wrong.

Gray robe still said calmly: "The emperor's destiny cannot be calculated or pushed. The fate of the Lord of the Universe is inherently uncertain. Having said that, destiny can be changed."

"Now those who have obtained the Six Paths of Reincarnation will not be able to sit on the emperor star until they become the master of the universe. As long as I take away his six realms of reincarnation, I can become the master of the universe on his behalf....."

Yuan Feng's expression changed drastically, and he secretly thought something was wrong...

But at this moment, Gray Robe took action first.

He has a basic combat power of 200,000 zi, which is far superior to the average mid-level Dzogchen Star Master. He is invincible...

The spirit of Yuan Feng is just a residual thought, and his combat power is only 0.4 million zi. How can he be the opponent of Gray Robe.

In just a split second, Gray Robe used a sealing secret technique to imprison Yuan Feng's spirit on the spot, unable to move even half a minute.....

"die!"

The Demon Ancestor Puppet roared wildly, raised its giant axe, and slashed at Gray Robe, trying to rescue Yuan Feng's spirit.

However, it was pinned in mid-air by Gray Robe and unable to move.

The Demon Ancestor Puppet roared anxiously and kept attacking Qin Feng. He sent a distress message, but found that the induction had been cut off long ago.

He could no longer contact the owner.....

The spirit of Yuan Feng also contacted Emperor Feng immediately, but found that he could not be reached.

"Don't waste your efforts! Before I came in, I had used secret techniques to isolate this area of time and space, so you can't communicate with that guy. hey-hey!!"

The gray-robed Jie Jie smiled strangely.

Yuan Feng's spirit was frightened and angry:"Senior, you... why are you doing this?!"

"I want to change my destiny against the will of heaven!"

"What kind of life change!"

"Instead of following my destiny, I want to worship heaven as my lord, become an immortal emperor, and be the lord of the universe!"

Yuanfeng Zhiling was angry.

Until this moment, she didn't know that she had been being played as a pawn by the old man in front of her.

"You despicable old thief! Didn't you say that destiny is irreversible, so how can you change it?"

"Ha ha!! Although destiny is difficult to reverse, it can also be changed. What's more, I've already succeeded more than half of the way. Do you think Shi Feng really needs to be reincarnated? According to her original destiny, she does not need to be reincarnated to assist the Emperor Star"

"It was my husband who plotted against her, forcing her to reincarnate. This is equivalent to removing the generals around Emperor Xing. On the other hand, I have tampered with the Heavenly Stem Flag given to you, and I can find out the location of her reincarnation."

Speaking of this, Gray Robe sighed again.

"In fact, Shi Feng was reincarnated for the second time this time. She was reincarnated in the solar system for the first time, but not on the earth. Instead, he was reincarnated on a living planet called Mars."

"That Mars became Yinghuo and guarded the heart and fate, Shi Feng was reincarnated, and his talent was transcendent. I secretly took action and wiped out all the people on Mars, allowing Shi Feng to be reincarnated on Earth again."

"After experiencing the mystery of the second pregnancy, after Shi Feng was reincarnated, his talent was indeed not as good as before.....hey-hey!!"

The more the gray robe talks, the more proud he becomes.

"It seems that you are afraid of my sister by doing this."

"That's right! With her here, it will be very difficult for me to kill the Emperor Star!

Yuan Fengzhiling sneered:"What a pity!" You thought you could change your life against the odds, but in the end, you still failed to change your life. My sister is still assisting Emperor Star!"

"Ha ha!! Xiaofeng, you are short-sighted. According to the previous fate, Shi Feng should be the top-level pinnacle star master now. Under her protection, the emperor star's position is unshakable."

"But now, she is only a mid-level Star Master at best. Her position as emperor and empress will shift, and another woman will inevitably appear to take up half of the position of empress and empress."

"That woman has not appeared by the Emperor Star's side yet, which has made the Emperor Star unstable. Do you think I have succeeded in changing my life? Ha ha!!"

The more the gray robe talked, the more proud he became. At the end, he laughed wildly.

The spirit of Yuan Feng was extremely angry: "Since you are so powerful, why don't you just plot against the Emperor Star?"

The gray robe smiled: "The Emperor Star cannot be deduced. Only by calculating the people around him can we calculate some of his movements. If my calculation is correct, he has definitely not cultivated to a middle-grade star master, and is at most a low-grade star master."

"By the way, he probably hasn't realized the Divine Seal of Destiny yet, right? The mark I planted on the Heavenly Stem Flag was completely erased in the past few days. Calculating the time, he shouldn't be able to realize the Divine Seal of Destiny so quickly."

"Based on this calculation, he probably hasn't had time to refine the Six Paths yet. It seems that guy is impatient! He hadn't even refined the Six Paths of Reincarnation yet, so he and Shi Feng ran out to see what was going on. It is estimated that he wants to leave this chaotic star field as soon as possible....."

Gray Robe said self-righteously while looking at Yuan Feng Zhiling's face.

He wanted to determine whether his judgment was accurate from Yuan Feng Zhiling's eyes.

This kind of destiny deduction, the more things have happened in the past, the more accurate the prediction will be.

The more present and future something is, the harder it is to deduce it.

Therefore, he could not figure out Qin Feng's current situation clearly.

"snort!"

Yuanfeng Zhiling sneered, closed her eyes and ignored him.

She had already guessed the intention of the gray robe.

"hey-hey!!!", Gray Robe sneered, "It doesn't matter if you don't say it. As long as you are here, they will come back sooner or later. Then I will set up a trap here first and wait for them to take the bait!"

As soon as he finished speaking, Gray Robe waved his hand.

Between heaven and earth, an altar was formed out of thin air, trapping Panzu's puppet in the center of the altar.....

Panzu's puppet struggled desperately!

The gray robe waved his long flag, and a torrential mist of blood, energy, and soul shrouded the puppet of Panzu.....

"hey-hey!! This flag is called Panzu Banner, and I have been preparing it for you for many years. Panzu, you have turned into a puppet. I will help you restore subversion. Just be my slave in this life and be used by me.....This is your destiny!"

As soon as he finished speaking, Gray Robe began to perform sacrifices.

The extremely angry roar of Panzu's puppet came from the blood mist.....

At the same time, on the other side of the star field.

Qin Feng looked at the storage ring in his hand with joy.

That's Mingtang's storage ring.

After killing Mingtang, he got another 50 million karma points.

The cultivation level is increased to 23% of the initial stage of low-grade (Lord of the Universe).

The perfection of the six paths of reincarnation has been increased to 66%, and the strongest state combat power has been increased to 50,000 Zi, which just reaches the threshold of the perfect combat power of the middle-grade star master.

The Dzogchen battle strength of the middle-grade star master is 50,000 to 100,000 Zi

"Qin Feng, our harvest is unsatisfactory!"

The Feng Emperor's joyful voice rang in Qin Feng's mind.

Qin Feng opened her vision and could simultaneously see everything happening outside.

"Twenty-two left!"

Qin Feng smiled slightly and put away the Mingtang Storage Ring.

But at this moment, he suddenly felt something and his face changed slightly.

The next second, he pinched with five fingers, activated the Qimen Dunjia Index, and started Deduced.....

"The Xun wind is the yin wood, the thunder is the yang wood, the fire produces Gen earth, and the white tiger bites the east wind.....not good!"

"Qin Feng, what's wrong?", Emperor Feng was panicked.

She saw that something was wrong with Qin Feng's face.

"The place of inheritance hides murderous intent! Who could this be?"

Qin Feng looked at the place of inheritance, with a cold light in his eyes.

Emperor Feng was surprised:"Qin Feng, what about my sister?....."

Halfway through, she stopped talking again.

She thought that Yuan Feng had fallen long ago, and now it was just a lingering memory, and there was no longer any danger.

Even if nothing happened today, the spirit of Yuan Feng would automatically dissipate in a few days.

It's just that she feels a little uncomfortable inside

"Qin Feng, shall we go back and take a look now?"

"Looking at it now, the hexagram shows a sign of great misfortune. To put it bluntly, the person coming is extremely strong. We need to slow down, improve some strength, and then fight back!"

As soon as Qin Feng finished speaking, three stars flew from the distance, galloping like dragons, shaking the entire starry sky. It turned out that it was Mingtang who sent out a cry for help, and Pan Shen and the others came!

Emperor Feng was surprised:" Qin Feng, come as soon as you say, someone is coming again!"

Qin Feng smiled coldly.

The end of the sea is the shore, and the mountain is the peak. I am the peak!

He will crush all those who want to deal with him, leaving no one behind!.

Chapter 708

In the distance, three stars are getting closer...

Boom~! Boom~! Boom~!

The rumbling noise keeps coming!

In the blink of an eye, three stars rushed to the scene.

The aura faded, and three figures appeared.

The leader was a beautiful woman with blond hair tied into golden braids.

It's just that those pigtails are like little snakes, constantly twisting and turning, full of spirituality and evil.

She is Pan Shen, the middle-grade Dzogchen Star Master, who comes from the heavenly realm.

Behind him, there was an old man in linen and a young man in blue shirt.

The old man in sackcloth is a late middle-grade star master who comes from the ancient domain.

The young man in blue shirt only has the early cultivation level of a middle-grade star master and comes from the scattered alliance.

As soon as the three people arrived at the scene, they looked around

"Huh! Where is Mingtang?"

The three of them saw no sign of Mingtang, nor the figure of Prisoner Jiao. They only saw Qin Feng standing alone in the void.

Pan Shen looked at Qin Feng silently, with a flash of surprise in his beautiful eyes.

This boy in white is so handsome, but...

Pan Shen's nose moved slightly, and she smelled a faint smell of blood.

That was the smell of blood from Mingtang and the prison. This boy.....

Pan Shen's pupils shrank, and there was a light in his eyes...

She vaguely felt that Qin Feng was in danger...

The old man in sackcloth beside him also sniffed around, his eyes darkened, showing a solemn look.

Mingtang and Prisoner disappeared, but the smell of their blood was still there. Could it be that... the old man in sackcloth looked at Qin Feng with confusion in his eyes.

This young man is only a low-grade star master. There is no way he can kill Mingtang and Qijiao.  
.....

The young man in blue shirt was not as stable as Pan Shen and the old man in sackcloth.

When he saw that Qin Feng was just a low-level star master, he immediately showed disdain.

He can easily kill a small low-level Star Lord.

"Boy, get over here! I have something to ask you!"

The young man in blue shirt is extremely arrogant.

He wants to show off in front of Pan Shen.

This low-level Star Lord should be from the Star Alliance, just in time to show off his power.

Qin Feng frowned, this guy is really arrogant!

Didn't he Smell the blood all around?

Seeing Qin Feng not moving for a long time, the young man in blue shirt shouted loudly again

"Boy, what are you dawdling about?! you..."

"Brother Lan, wait a minute! Something weird!", the old man in sackcloth interrupted.

He felt something was wrong and wanted to inquire about the situation of Mingtang and others first.

The young man in blue shirt didn't take it seriously: "Brother Ji, don't stop me! He's just a low-level star master, what's so weird about him? I'll capture him first!"

As soon as he finished speaking, the young man in blue shirt took a step forward and rushed out.

No!

The old man in sackcloth had no time to stop him.

But the young man in blue shirt just took one step forward and had just reached mid-air.

Qin Feng flashed and suddenly reached his Above his head, he punched directly.

Click~!

Qin Feng blasted through the space with one punch, boom~!

There was a shocking loud noise!

The young man in blue shirt didn't even have time to scream, and was exploded by Qin Feng's punch. Nothingness.

Then, Qin Feng sucked in the palm of his hand and swallowed up all the essence, blood, true meaning, and luck of the young man in blue....

"Ding! The host has successfully killed the middle-grade star master (early stage), and his cultivation level has increased to 32% of the low-grade early stage (Lord of the Universe)...the combat power has been greatly improved.....

"Ding! Successfully killed the middle-grade star master.....Gain karma value of 50 million....."

"Ding! Six Paths of Reincarnation Receive Energy Replenishment.....Completeness increased to 68%...."

So cool~!

Qin Feng was happy.

Killing a mid-level star master will make him improve a lot.

For him, killing is indeed the fastest way to progress.

If this continues, he will be able to fight back quickly and rescue the Yuan Feng Spirit and Demon Ancestor Puppet.

It's too late to say it, but it's soon!

It all happened in the blink of an eye.

In just the blink of an eye, Lan Shi was killed instantly, not even a single fragment was left behind. Only a storage ring was left, suspended in the air.

The old man in sackcloth and Pan Shen were dumbfounded.

No way?!

This low-grade star master actually killed Lan Tong instantly!

After all, Lan Tong is also a middle-grade early-stage star master, but this guy is only a low-grade early-stage star master.

There was a huge gap between the two sides, and Lan Tong was actually killed, and he was killed instantly.

None of them reacted.

At this moment, Qin Feng reached for Lan Tong's storage ring.

"Damn it!"

The old man in sackcloth roared angrily, and his whole body exploded with 30,000 swords.

He raised his hand and the sky was filled with sword light, which shot out towards Qin Feng like a heavy rain.....

Lan Tong is a direct descendant of Lord Lan, so there must be many treasures in the storage ring.

At this moment, the old man in sack clothes was still thinking about fighting Qin Feng for the storage ring.

"roll!"

Qin Feng put away the storage ring, raised his hand and shot out the Four Divine Swords to seal the sky...

Billions of sword lights crushed the old man's sword light, and the old man shot into a sieve.....

"Not dead yet?!"

Qin Feng is about to draw his sword to attack again.....

"Lord Pan, save me!"

The old man finally panicked!

At this moment, he realized that Qin Feng was more terrifying than he imagined!

"snort!"

Pan Shen was also furious.

This kid really ignored her and killed people continuously in front of her.

In an instant, her eyes lit up with dazzling silver light.

The supreme true meaning - the divine seal of Kunde! Activate!

The ground is Kun, A gift of virtue!

Kunde's divine seal is the original true meaning of the earth system, ranking low among the supreme true meanings.

But it is ultimately among the one hundred and eight supreme true meanings, and its power is extraordinary!

Pan Shen's eye skills are activated instantly!

Wherever he looks, Wherever there is, all flesh and blood is 100% petrified, even a high-grade star master cannot avoid it.

What's more, Qin Feng is just a low-grade star master.

Buzz~! Buzz~!

Divine eyes reach the sky! See the universe!

See everything in the world at a glance. Go back to the mortal world!

"Huh! This is....."

Qin Feng suddenly felt something was wrong.

He felt an invisible energy that instantly penetrated all his protection and invaded his body.

The next second, his body, blood, hair, and cells were all petrified at a speed visible to the naked eye, and his body was unable to move.....

"Qin Feng, what's wrong with you?"

The anxious voice of Emperor Feng rang in Qin Feng's mind.

She found that Qin Feng had stopped moving.

With this delay, the old man in sackcloth took the opportunity to escape and recovered from his injuries in an instant.

Pan Shen looked at Qin Feng who was gradually petrified, and the corner of his mouth She showed a proud smile.

She was absolutely petrified, and even the high-grade star master had to retreat three points. Of course, the low-grade star master couldn't stop her now!

"Lord Pan, thank you for your help! Your petrification skills are truly extraordinary! It is indeed a secret technique of supreme true meaning!"

The old man in linen clothes was grateful and admired.

Pan Shen smiled slightly: "No need to be polite! Let's kill this guy first!"

As soon as she finished speaking, she took one step through the air and charged towards Qin Feng. This young man could instantly kill Lan Tong with one move, and severely injure the old man in sackcloth with one move. His strength barely reached the level of the middle-grade star master. ....He is truly a master!

She must take action as soon as possible to kill this young man, otherwise there will be endless trouble!

You know, in this star field.

Those who have reached the Great Perfection of Intermediate Star Masters are her, Ying Meng, Gu Keng, and Blood Ancestor.

Now there is a mysterious young man in front of him.

She now suspected that the young man in front of her killed the people from the four major forces.

Therefore, she had to kill ruthlessly and kill the young man in front of her.

At this moment, all the momentum in her body exploded, and her combat power suddenly reached 70,000 Zi.....

Qin Feng only has 50,000 Zi.....

While Qin Feng is petrified, he cannot defend himself!

Pan Shen used all her strength to blast away with her palm. She wanted to completely kill Qin Feng into pieces.

"not good!", Emperor Feng exclaimed anxiously.

At this critical moment, a sudden change occurred.

The petrification of Qin Feng's whole body faded away at a speed visible to the naked eye, and then he met Pan Shen's attack with a palm.....

"Huh!"

Pan Shen was surprised, and his eyes instantly turned silver.

Absolute petrification started again!

Invisible true energy seeped into Qin Feng's body.....

"The same method was used on me twice!"

Qin Feng sneered!

The Divine Seal of Karma is activated!

Petrification transfer!

In an instant, absolute petrification is transferred to the shadow clone.

This absolute petrification can petrify all flesh and blood, even high-grade star masters are no exception.

But it has a fatal The flaw is that non-blood flesh cannot be petrified.

The phantom clone is only in a spirit state and has no physical body.

Jedi petrification has no effect on him at all.

Qin Feng's damage transfer perfectly cracked the absolute petrification.....

The next second, God Pan was dumbfounded.

Her absolute petrification actually failed.

This was the first time she had seen a low-level star master crack his own unique technique.

But at this moment, attacks from both sides approached.

Qin Feng instantly released the Golden Wheel of Merit, the Red Lotus of Karma, and the Holy Ring of Hongmeng... a forty-five-fold increase!

Shocking!

Pan Shen felt something was wrong, and a holy ring appeared behind his head!

There was actually a twenty-fold increase!

In the next breath, the two palms touched each other!

A loud bang!

Terrifying explosive energy is swaying in all directions!

Like a huge boulder shattering the thin ice surface, countless spaces are shattered, and billions of laws collapse!

Pan Shen actually vomited blood and flew out!

"This this....", the old man in Mai was too shocked to speak.

Qin Feng would not give them a chance and killed them directly

"Let's take action together!"

Pan Shen was extremely angry and quickly summoned the old man in sackcloth to fight against the enemy.

The two of them rushed over together.

But at this moment, the phantom clone flew out of Qin Feng's body, holding a Tai Chi diagram, and met the old man in sackcloth.

Qin Feng instantly sacrificed The Four Sealing Heaven Swords and the Sealing Heaven Formation Diagram were released.

The four swords were in place!

The formation diagrams matched!

Pan Shen was trapped in the formation at once!

The Sealing Heaven Sword Formation was completed, and its power increased tenfold.

The next second, the great formation There was a fierce fight inside.....

The phantom clone also fought with the old man in Mai.....

At the same time, the place of Yuanfeng inheritance.

Gray Robe has temporarily controlled Panzu's puppet.

At this moment, Panzu's puppet's eyes were red and he stood in the center of the altar, looking a little stupid.

It turns out that Panzu's puppet's spiritual intelligence has been sealed by the gray robe...

But after it absorbed the blood and soul power in Panzu's banner, its momentum gradually increased by 000.

In the blink of an eye, Panzu's puppet's combat power has skyrocketed from a low-grade star master to a late-stage mid-grade star master.

But all this is not over yet. The momentum of Panzu's puppet is still soaring. It is rushing towards the Great Perfection of the middle-grade star master... The spirit of Yuanfeng on the side is stunned.

"Old thief, what on earth are you doing?"

"Ha ha!! It doesn't hurt to tell you! Do you know who Panzu is?"

"What status?" Yuanfeng Spirit was still very curious.

Gray Robe smiled proudly and said: "Panzu is one of the three thousand innate beings created by the Lord of the Ancient Universe, and his strength ranks among the top three among the three thousand beings. Reached the pinnacle of high-grade star master!"

"Later, the Lord of the Ancient Universe fell, and Panzu died in battle! His true spirit was broken into twelve parts and reincarnated into twelve demon ancestors. Later, the Twelve Demon Ancestors were killed and were refined into Twelve Golden People."

"However, I spent tens of billions of years collecting Panzu's soul and blood essence and refining it into this Panzu flag."

"Now, as long as I fuse this Panzu Banner with the Panzu Puppet, I can get a more powerful puppet. Its combat power can surpass the middle-grade Star Master Dzogchen and is not inferior to me."

"You think, if such a powerful puppet joins forces with me to kill the people of the Emperor Star, is it 100% possible to succeed?"

As soon as these words were said, Yuan Feng's spirit changed drastically.

With just one gray robe, Yuan Feng's spirit was worried that Qin Feng would not be able to deal with it.

If there was another puppet as powerful as gray robe, Qin Feng would be dead.

"snort!! Easier said than done! This puppet has been refined by the Emperor Star for a long time. Can you control it?"

"Haha, you don't have to worry about this, the puppet's intelligence has been sealed by me, and what replaces its will now is the remnant soul of Panzu under my control. It naturally obeys my command!"

Yuanfeng Zhiling rolled his eyes:"So, if you die, this puppet will eventually take advantage of Emperor Star!

The gray robe frowned:"How could I die?!" The person who is going to die can only be the Emperor Star! Smelly girl, mess up my mood! snort!"

The gray robe snorted coldly, then ignored Yuan Feng's spirit and continued to sacrifice Panzu's puppet..

Chapter 709

But on the other side, Qin Feng's Heaven Sealing Sword Formation trapped Pan Shen.

Although his combat power is only 50,000 Zi, it is much less than Pan Shen's 70,000 Zi.

But his methods are endless, Yuanwu is extremely powerful, and his strength is increasing one level at a time.

Pan's famous trick"Absolute Petrification" also has no effect on him.

In this way, Qin Feng quickly gained the absolute upper hand.

In the sword formation, Pan Shen kept shouting in shock.....

Outside the sword formation, the old man in sackcloth also fell into a disadvantage and was completely suppressed by the phantom clone.

Although the combat power of the phantom clone is not as good as the main body, it still has a combat power of 30,000 Zi, which is equivalent to the old man in Mai.

But the phantom clone has mastered several supreme divine seals, and has Tai Chi Tu to rely on. Even if it encounters a strong man with a combat power of 50,000 Zi, it can fight, let alone this old man.

After only a dozen rounds of this fight, the old man was completely at a disadvantage and was knocked over dozens of times.....

The older man in sackcloth became more and more frightened as he fought, secretly thinking that this young man in white clothes was too powerful, and just one clone could completely suppress him.

His body completely suppressed Pan Shen.

I'm afraid that his strength is even stronger than Master Gu Keng.

Among the four middle-grade star masters of Dzogchen, the strongest one is Blood Ancestor, followed by Ying Meng, Gu Keng, and Pan Shen.

This made the old man in sackcloth feel his heart sink, secretly thinking that something was wrong.

At the moment, while struggling under the phantom clone, he sent a message for help to Gu Keng.....

At the same time, Chaos Star Territory, East District.

In a certain starry sky, five people from Gukeng are gathering together

"How is the situation over there?"

"Returning to Lord Gukeng, not a single Star Alliance member was found."

"And you?"

"Sir, we didn't find it either!"

"How weird!", Gu Keng frowned.

Three hours later, the five of them split up and swept the entire East District, but they didn't even see a ghost, let alone a human being.

"Sir, there is something evil in this chaotic star field! There are so many people in the Star Alliance. With our abilities, we should be able to meet them just by looking. Could it be possible that they all went to the West District?"

A middle-grade star master was greatly puzzled.

"This is weird! I'll contact Pan Shen and ask her about the situation there!"

Gu Keng took out the messenger jade talisman.

But as soon as he took out the jade talisman, a flash of inspiration came, and he trembled for a moment, but a message came.

Gu Keng's expression changed drastically when he looked into it with his spiritual thoughts.

"Sir, what's wrong?"

"God Pan and the others are in danger and want us to go over and reinforce them!"

Hearing this, the star masters were shocked

"No way? Wasn't Yingmeng trapped by the Blood Ancestor? Besides Ying Meng, who else in the Star Territory can threaten Lord Pan?"

"Not much to say, let's go quickly for reinforcements!"

Gu Keng put away the jade talisman and rushed to the battlefield of Pan Shen and others.

The star masters followed closely.....

At the same time, the battle scene.

As soon as the sack-clothed old man finished sending the distress message, a shrill scream came from the Sealing Heaven Sword Formation.

Pan Shen was killed by Qin Feng!

The troublesome old man's face changed with fright.

He originally thought Pan Shen could hold on until Gu Keng arrived, but he didn't expect to be defeated so quickly. It was over now...

The old man didn't dare to think too much, turned around and ran away.

The phantom clone quickly stepped forward to intercept...

On the other side, within the sword formation.

Pan Shen has been blasted into blood mist by Qin Feng.

At this moment, Qin Feng waved his hand and absorbed the blood mist.....

Pan Shen's essence, blood, energy, law understanding, and luck were all swallowed up.....

"Ding! The host successfully killed the middle-grade star master (the realm of Dzogchen), and his cultivation level increased to 73% of the early stage of the low-grade star (Lord of the Universe)... The combat power was greatly improved.....

"Ding! Successfully killed the middle-grade star master.....Gain karma value of 50 million...

"Ding! Six paths of reincarnation gain energy.....Completeness increased to 74%....The amplification effect of the cosmic golden body is increased to 7 times!"

Qin Feng was overjoyed. With a thought, his combat power instantly increased to 70,000 Zi.

But at this moment, another prompt came from the system.

"Ding! Your subordinate Chu Chu (the Lord of Fengji Star) received a large amount of luck, and his luck was upgraded to the mid-level green level... He successfully broke through the bottleneck and was promoted to the early stage of the low-level star master....."

Chu Chu had no luck before.

After Qin Feng killed several middle-level star masters in succession, Chu Chu not only shared his luck, but also reached the middle-level youth level.

With luck, it is easier to break through bottlenecks, it is almost a matter of course.....

This change made Qin Feng very happy.....

"Ding! Your subordinate Purple Star (the Lord of the Fire Star) received a lot of luck, and his luck was upgraded to the mid-level green level... He successfully broke through the bottleneck and was promoted to the early stage of the low-level star master....."

"Ding! Your subordinate Yu Qilin (the Lord of the Water Pole Star) received a large amount of luck, and his luck was upgraded to the mid-level youth level... He successfully broke through the bottleneck and was promoted to the early stage of the low-level star master....."

"Ding! Your subordinate Bai Qi (the Lord of the Human Realm) received a lot of luck, and his luck was upgraded to the mid-level green level... He successfully broke through the bottleneck and was promoted to the early stage of the low-level star master....."

Qin Feng's eyes lit up, what a good thing!

But all this is not over, the system prompts again.....

"Ding! Your subordinate Qin Baobao (the Lord of the Earth Star) has received a lot of luck, and his luck has been upgraded to medium orange level... his strength has greatly increased....."

The baby made a human out of clay and gained a lot of merit, which was accompanied by orange-level luck.

This time she got good luck again, and her luck was directly promoted from low-level orange level to medium-level orange level....."

"Ding! Your subordinate, Qin Baobao (Lord of the Earth Star), has gained a lot of earth element insights, comprehended the supreme true meaning - the Kunde Divine Seal, and has achieved a breakthrough in cultivation to the mid-term luck of the low-grade star master... his strength has greatly increased....."

"Ding! The host successfully shared his insights... Congratulations to the host for obtaining the supreme true meaning - the Kunde Divine Seal... His strength has increased again....."

"Huh! The baby is really a lucky person!"

The light in Qin Feng's eyes is getting brighter and brighter.

Now that the baby has mastered two supreme divine seals, his strength is stronger than that of Styx.

Styx's cultivation has also been upgraded to the middle stage of low-grade star master, but his true intention is not as good as that of the baby.

In short, he killed one God Pan, the harvest is really great.

"Brother, I made a breakthrough!"

"Qin Feng, we have made a breakthrough, what is the situation outside now?"

The joyful voices of Chu and Chu girls rang in his mind.

Qin Feng smiled slightly: "Now is not the time to explain, you guys should get together first!"

"oh!"

The girls were well-behaved and merged one after another.

The Pole Star of Wind merged!

The Pole Star of Water merged!

The Pole Star of Fire merged! The

Pole Star of the Human World merged!

In an instant, Qin Feng's combined combat power soared to 85,000 Zi!

It's unimaginable!

"not bad!"

Qin Feng put away the storage ring left by Pan Shen with a casual move.

He felt secretly happy.

At this moment, the screams of the old man in sackcloth rang out from outside the formation.

It turned out that Qin Feng's strength had improved. Later, the phantom clone was affected by the synchronization, and its momentum kept increasing. In the blink of an eye, it reached 50,000 zi, completely crushing the old man in Mai. After a few rounds, the phantom clone killed the old man into slag.

Qin Feng He quickly waved his hand and removed the sword formation.

As soon as he saw it, he saw a large mass of blood mist not far away, which was fixed in the air by the shadow clone using Tai Chi diagram. The blood mist kept surging, and he couldn't be reborn. Qin Feng was unable to do so.

As soon as he appeared, the old man's cry for mercy could be heard in the blood mist.

"Sir, have mercy! Please forgive me!"

"Today I am stronger than you! That's how you ended up! If I am not as good as you, who will spare my life?"

Qin Feng sneered, sucked in the palm of his hand, and swallowed up the blood mist.....

"Ding! The host kills the middle-grade star master (successful in the later stage, and the cultivation level is increased to 97% of the early stage of the low-grade star (Lord of the Universe)...the combat power is greatly improved....

"Ding! Six Paths of Reincarnation Receive Energy Replenishment.....Completeness increased to 78%....

"Ding! Your men have received a lot of luck and enlightenment... their strength has improved.....

"Ding! Successfully killed the middle-grade star master.....Obtained karma value of 50 million...totaled to 250 million....."

After this, Qin Feng's comprehensive combat power reached 90,000 Zi.

Afterwards, he consumed all 250 million karma values, and the Karma Fire Red Lotus was upgraded to level 21, one level higher than the Golden Wheel of Merit.

In this way, his total increase reached 50 times

"Brother, your cultivation is about to break through again, right?", Chu Chu asked happily.

She sensed that Qin Feng's realm aura had changed.

"Just a little bit closer!", Qin Feng's mouth curled up slightly.

He is now at 97% of the early stage of low-grade, just one step away from the middle stage.

At this moment, in the far distance of the starry sky, five star points that are difficult to see with the naked eye are heading in this direction. Come here

"Qin Feng, someone is here again!", Emperor Feng reminded.

Qin Feng sneered: "We have killed 5, and there are still 19 left. These 5 came just in time!"

As soon as he finished speaking, Qin Feng stepped into the void and took the initiative to greet him.  
.....

At the same time, within the Yuanfeng inheritance.

The gray robe's sacrifice has been halfway completed, and the combat power of Panzu's puppet has been increased to 120,000 Zi...

The spirit of Yuan Feng on the side saw it in shock.

Gray Robe was surprised and happy

"Tsk tsk!! I thought that after the sacrifice was completed, this puppet would have a combat power of up to 200,000 Zi. Now it seems that this puppet's combat power will surpass me!"

"It is worthy of the Greedy Wolf destiny. The more complete it is, the stronger it will be. You were supposed to be a powerful general under Emperor Star, but you became a puppet."

"But that's okay too. When I become the master of the universe, you will be my subordinate!! Ha ha!!"

The more Gray Robe practiced, the more he was amazed.

This Panzu puppet was stronger than he expected.

And he was also happy in his heart.

With the help of such a powerful puppet, he was more sure of killing the Emperor Star..

However, Yuan Fengzhi's heart grew colder the more she looked at it.

Now she only hoped that Qin Feng would not come back, otherwise there would be no chance of death!

As for letting Qin Feng come back to destroy Gray Robe, she didn't even dare to think about it.

In her opinion, Come on, that's absolutely impossible..

Chapter 710

At the same time, there was already an uproar outside the Chaos Star Territory barrier.

Especially the Tianyu side was in complete chaos.

The strongest man they sent, God Pan, died.

Pan Shen was a middle-grade Dzogchen Star Master and the most promising candidate to be promoted to a high-grade Star Master in Tianyu. He fell like this.

As we all know, every additional high-grade star master can greatly increase the strength of the force, and even affect the balance of the various forces.

When Pan Shen died, Tianyu suffered a huge blow.

God is extremely angry.

The three high-ranking star masters in Tianyu were also extremely angry.

The people from the Ancient Domain, the Demonic Domain, and the disbanded alliance were equally frightened and angry.

They all suffered heavy losses.

But looking at the list on the monument, no one from the Star Alliance died.

They really can't imagine what happened in the chaotic star field

"Purple Lord, your people are so ruthless!", God's eyes turned red with anger.

Ziwei Star Master frowned:"Ha! It was obviously your people who went in to kill people, and now they are killed in reverse. Are you blaming us again? How ridiculous!"

"you....."

God does not know how to refute.

Because Star Master Ziwei tells the truth.

The Ancient Lord, Demon Lord, Blue Lord and others were also extremely depressed.

They really couldn't figure out how their middle-grade star masters were obviously stronger, but they were killed several times, and one of them was a middle-grade Dzogchen star master.

"hehe! Purple Lord, did your people set any trap inside?"

The Ancient Master asked in a strange tone.

Ziwei Star Master frowned:"What does the Ancient Master mean?!"

"I really can't think of anyone in the Star Alliance who can kill Pan. I'm afraid that you people from the Star Alliance have used dirty tricks, right?"

These harsh words made the five Star Alliance Star Lords frown.

000 Ziwei Star Lord was even more annoyed:"If things are like this, you still have to look down on us Star Alliance people. It seems that the few middle-grade star masters you have died deserved to die!"

Hearing this, the Ancient Master and others frowned and were very annoyed.

The Demon Lord sneered:"Haha! Purple Master, why are you so proud? You have to know that dirty tricks will never come to light, and your people can just do it for a short while."

"The same technique cannot be used twice on middle-grade star masters. Your people will be counterattacked soon, just wait and see!"

Ziwei Star Lord sneered:"Ha! I'll wait and see!"

Now that things have happened, the two sides have already reached the point where they are at odds with each other.

They are just bound by the contract and are not allowed to take action, but they refuse to give in to each other in words.....

On the other side, in the Chaotic Star Territory, Gu Keng and his five men were rushing towards the battlefield.

According to the address given by the old man in Mai, they would be there in another quarter of an hour.

But at this moment, the void beneath the five people's feet changed.

A formation larger than the Milky Way appeared under the feet of the five people.

"Huh! This array diagram....."

Five people were shocked

"This array diagram is a star master level treasure!"

Another person whispered in a greedy tone.

At this moment, there was a space fluctuation above everyone's heads.

Qin Feng transformed into a towering giant and walked out of the void.

He was also surrounded by the four divine swords of Sealing Heaven.

"Yo ho! He is a low-grade little star master!"

Everyone breathed a sigh of relief when they saw that Qin Feng only had a low-grade star cultivation level.

"This little guy should be from the Star Alliance, right?!"

"Ha ha!! Now in this star field, who else has a cultivation level lower than that of a mid-level star master? It's only the juniors from the Star Alliance."

"Huh! This junior's swords are all mid-grade star master level treasures! Ha ha!! I want it!"

"Wait! I should have one too! Let's discuss how to divide it? There are five of us, but the sword only has four handles!"

At this moment, these people actually treated Qin Feng as a fat sheep and coveted Qin Feng's divine sword, but did not take Qin Feng seriously.

Gu Keng also had fiery eyes:"I want Gu to see it....."

But before he finished speaking, Qin Feng said that with a move of his sword skills, the four divine swords turned into towering giants and flew towards the formation, matching the formation diagram.....

Buzz~! Buzz~buzz~buzz~

Sealing Heaven Divine Sword, unite with Dongfang!

The Divine Sword of Dingtian, combined with the West!

The Divine Sword of Trapped Sky, unite with the South!

The ultimate divine sword, unite with the north!

At the same moment, Qin Feng's fighting strength was also revealed, suddenly reaching 90,000 Zi, shocking the world and shocking all the world.....

"This...how is this possible!"

Gu Keng and others were dumbfounded.

Gu Keng's combat power is only about 90,000 Zi.

But Gu Keng is the middle-grade Dzogchen Star Master!

The white-haired boy in front of him is clearly only at the early stage of the low-grade.....

The next second, Gu Keng woke up with a start.

"not good! We can't let him complete the sword formation! Do it!"

As soon as these words fell, everyone woke up.

At that moment, Gu Keng rushed directly to Qin Feng.

The other four rushed to the Four Divine Swords of Sealing Heaven.

They wanted to prevent the divine swords from matching the formation diagram and prevent Qin Feng from setting up the sword formation.

This The combat power of the young man in white is comparable to that of Gu Keng.

If the young man in white is allowed to set up a sword formation again, they will be finished.

This sword formation looks like a high-grade star master level, and its power is terrifying.

A high-grade star master level formation is powerful. Being stronger than the high-grade star master Yuanwu, even the high-grade star master would have to retreat, let alone them.

In just a moment, Gu Keng rushed in front of Qin Feng and punched Qin Feng.

He wanted to stop Qin Feng from pinching him. Move the sword technique.

But at this moment, a black shadow walked out from behind Qin Feng, which was the shadow clone. The shadow clone instantly performed the Tai Chi diagram!

The Tai Chi diagram moved, the sky and the earth moved, and the sun and the moon lost light...

A ray of golden light shot out, knocking Gu Keng back thousands of miles.

At the same time, Qin Feng's eyes suddenly turned into silver eyes, blooming with substantial silver light...

Absolute petrification activated!

Wherever his eyes went, Gu Keng's five Everyone was turned to stone, and each one was stranded in the void like a sculpture...

He actually mastered Pan God's unique skill!

In fact, the baby also mastered it.

This is the benefit of obtaining the Kunde Seal!

"How could he know Pan Shen's unique skill?!"

The five people in Gukeng were extremely horrified!

In the next breath, they all broke free from the petrification.

But with this delay, all four divine swords were in place!

~! Buzz~! Buzz~! Buzz~!

Sealing Heaven Sword Sect!

Dingtian Sword Sect!

Trapped in the Sky Sword Gate!

Jue Tian Sword Sect!

The four sword gates take shape!

The Heaven Sealing Sword Formation is completed!

Time and space are all sealed!

The four major sword gates erupted, and billions of sword lights shot out, engulfing all the five Gu Keng people.....

The shadow clone also offered sacrifices to the Tai Chi diagram.

Tai Chi transforms into Wuji, Wuji transforms into two instruments, two instruments transform into three talents, and three talents transform into four images...

The Tai Chi Diagram also bursts out with a golden light from above, shooting towards the five people in the formation.....

"Ding! Successfully killed the middle-grade star master (early stage), and the host's cultivation level broke through to 3% of the low-grade middle stage (Lord of the Universe)... The combat power was greatly improved.....

"Ding! Successfully killed the middle-grade star master (early stage), and the host's cultivation level was increased to 9% of the low-grade middle stage (Lord of the Universe)... The combat power was greatly improved.....

"Ding! Successfully killed the mid-level star master (mid-level realm), and the host's cultivation level increased to 18% of the low-level mid-level star master (Lord of the Universe)...the combat power was greatly improved.....

"Ding! The host successfully killed the middle-grade star master (late stage), and his cultivation level was increased to 31% of the low-grade middle stage (Lord of the Universe)...the combat power was greatly improved.....

"Ding! The host succeeded in killing the middle-grade star master (Dzogchen Crystal Core), and his cultivation level increased to 58% of the low-grade mid-grade (Lord of the Universe)... The combat power was greatly improved.....

"Ding! The Six Paths of Reincarnation receives a large amount of energy replenishment.....Completeness increased to 86%....The amplification effect of the cosmic golden body is increased to 8 times!"

In just a quarter of an hour, Qin Feng killed all five people, and his cultivation level broke through to 58% of the mid-low-grade level in one fell swoop. His comprehensive combat power soared to 130,000 Zi.

He was so happy that he took away all the storage rings of Gu Keng and the five people with a wave of his hand. close.....

At the same time, Gray Robe had completed 70% of the sacrifice to Panzu's puppet.

The puppet's combat power has also been increased to 180,000 Zi.

The originally struggling puppet also became docile at this moment and began to obey the command of the gray robe.

It's just that its eyes have lost their spirituality and look a little stupid.

The spirituality of Panzu's puppet comes from Panzu's true spirit, and Qin Feng has been identified as the master.

What Panzu Banner absorbs is Panzu's soul and body essence and blood.

That spirit is controlled by Gray Robe.

After the two merged, the true spirit was blinded and was temporarily controlled by the gray robe.

But in this way, spirituality is greatly compromised.

However, Gray Robe was already very satisfied.

In his opinion, Qin Feng's strength will not exceed 10,000 Zi.

What he had to do was to kill Qin Feng instantly with one blow without giving him any chance to escape, otherwise there would be endless troubles.

Therefore, the stronger this puppet is, the more satisfied he will be..
