

God level 711

Chapter 711

But on the other side, Qin Feng's strength increased greatly after killing the five Gu Keng people.

Even the combat power of the phantom clone also broke through to 80,000 Zi.

The luck and strength of Bao Bao, Chu Chu and others have improved.

Together with the three thousand innate beings in the human world, their cultivation progress has accelerated, and they have all reached the Great Perfection of High-level Dominance without even realizing it.

Some outstanding individuals have reached the half-step star master level.

These innate creatures were born together when Qin Feng opened up the small universe.

They are Qin Feng's most direct subordinates and are extremely loyal to Qin Feng, even more so than the members of the Qin clan.

In their hearts, Qin Feng is both their master and their biological father.

And as their strength increases, the power of faith also increases dramatically.

"Dad, we killed five more bad guys!"

The baby's cute voice sounded again in Qin Feng's mind.

This little guy is getting stronger and stronger, but she only looks like six or seven years old, but she is still extremely cute.

Now, she is extremely popular in the human world.

Those The humans created by her all respected her as the Empress.

And because she was so small, she looked like a little girl, so the humans called her the 'Girl Empress'.'

"Qin Feng, we have killed ten people and there are fourteen left.", Emperor Feng reminded.

Qin Feng nodded:"Well, there are only twenty hours left, I have to speed up the time!"

As soon as he finished speaking, he rushed towards the border of the barrier.....

There, Yingmeng was leading the Star Alliance people to fight fiercely with the Blood Ancestor and others.

Qin Feng is now eager to kill the people from the four major forces, then kill a carbine, kill the gray robe, and get back Panzu's puppet.

He had lost touch with Panzu's puppet, and he knew without even thinking that someone had sealed his intelligence.

And all of this must be completed before the high-grade star master comes in to avoid another change.

He used Qimen Dunjia to calculate that the people coming would have strong reinforcements.

He couldn't kill the incoming person before the barrier expired, so he wouldn't have a chance to kill him.

This is indeed the case!

Changbai has been waiting outside, waiting for the barrier to dissipate.

As soon as the barrier is dispelled, he will immediately go to support the incarnation, and Qin Feng will definitely die.

Changbai is a top-grade peak star master, and he has not signed any contract, so he can definitely take action.

Qin Feng's way to save his life is to kill Gray Robe, then hide in a place and wait for Lord Ziwei to come to protect him. Then he will be safe.

If Qin Feng is not destroyed, he will kill Hui Pao.

Gray Robe can still use Yuanfeng's spirit and Panzu's puppet to find Qin Feng.

The spirit of Yuan Feng and Emperor Feng have a natural telepathy.

The contract between Qin Feng and Panzu's puppet was not broken.

In short, if the puppet and Yuanfeng spirit are not rescued, Qin Feng will be in great danger.

Therefore, Qin Feng must destroy Gray Robe and snatch back Panzu's puppet and Yuanfeng's spirit within the remaining twenty hours.

However, he was worried that his strength was insufficient, so he had to kill the remaining fourteen middle-grade star masters in order to further improve his strength.

Thinking of this, Qin Feng rushed to the battlefield.....

One general's success and ten thousand bones withered!

He wants to turn all those who plot against him into stepping stones and crush them severely.
.....

At the same time, outside the boundary of the Chaos Star Territory, next to the Cause and Effect Sky Monument.

There was chaos.

The Star Lords of the four major forces all showed grief in their eyes.

Just now, the life cards of Gu Keng and the other five people were shattered.

Five more middle-grade star masters died from the four major forces.

Even the middle-grade Dzogchen Gu Keng is dead.

The ancient master looked gloomy.

Gu Keng is the top-grade star master seed in the ancient domain! pity! just this!

"how so?"

The Demon Lord muttered, looking a little dazed.

On the other side, the five Star Lords of the Star Alliance all had strange expressions on their faces.

This result was completely beyond their expectations!

At this moment, the Blue Lord's voice sounded in the crowd. the sound of

"I have made a discovery that I want to tell you!"

"What was found?"

Everyone looked at Master Lan curiously.

Master Lan took a deep breath and looked up at the Heavenly Monument of Cause and Effect.

"Everyone, when you look at this Heavenly Monument of Cause and Effect, do you see the man named Emperor Qin?"

As soon as these words were said, Ziwei Star Master frowned slightly.

Everyone looked up and soon saw the name 'Qin Huang'

"Huh! There were only three people in the lower-level Star Alliance in the mid-term, and now there are four. When did this Emperor Qin appear?"

"yes! I have never seen this Emperor Qin in the lower middle school before."

The Star Lords were a little confused.

Master Lan smiled coldly:"To be honest, after Gu Keng and the others died just now, I saw with my own eyes that Emperor Qin's name rose from the early stage of low grade to the middle stage of low grade."

"What?!"

Everyone opened their eyes wide.

The ancient master asked in surprise:"Master Lan, what do you mean: Gu Keng's death is related to this Emperor Qin?"

Master Lan looked at Star Master Ziwei with a smile but not a smile.

"Lan couldn't tell whether it was related to Emperor Qin. However, before that, Lan saw with his own eyes that Emperor Qin had broken through from a half-step star master to the early stage of a low-grade star master. In just a few days, he had broken through to the middle stage of a low-grade star master."

"Such a fast breakthrough speed is a bit strange. As for whether the deaths of Gu Keng and Pan Shen were related to him, it would take Zi Zhu to explain."

As soon as these words were said, the star masters of the four major forces looked at Ziwei Star Master one after another.

"Purple Master, please explain, who is this Emperor Qin? Why haven't I heard of it before?", the Demon Lord asked coldly.

Ziwei Star Master glanced at Master Lan angrily.

This damn guy actually shifted everyone's attention to Qin Feng.

This is not a good situation!

Then, she looked at the Demon Lord: "Explain What?"

"Explain, did Emperor Qin kill Gu Keng and the others?", the Demon Lord chased after him and asked.

Ziwei Star Lord sneered: "Guess for yourself! Didn't you say before that you would let me wait and see? How is the result?! It seems like a few more of your people have died!"

"you.....", the Demon Lord was embarrassed and angry.

He did say that before, and now he was slapped in the face again

"snort! Just don't say anything! In twenty hours at most, we can get in. I want to see when the time comes, who is Emperor Qin? I'm afraid he's just a treacherous villain!"

The Demon Lord wanted to regain the ground with words.

Ziwei Star Lord was furious.

For some reason, she felt uncomfortable when she heard others slandering Qin Feng.

At that moment, she said coldly: "Demon Lord, it seems that your Demon Domain Not many middle-grade Star Lords died, that's why you spoke so easily. There are still 20 hours before we enter. Are you sure the Blood Ancestor can survive?!"

As soon as these words came out, the Demon Lord's face changed slightly, and he actually became panicked.

The Blood Ancestor is the seed of a high-grade Star Lord in the Demon Realm.

Among the five major forces, who has the best chance of breaking through to a high-grade Star Lord, it is definitely the Blood Ancestor.

The Blood Ancestor has already reached the pinnacle of the Great Consummation of the Middle Grade Star Master, with a combat power of 120,000 zi, and is half a step away from breaking through to the High Grade Star Master.

If the Blood Ancestor falls, it will have a huge impact on the Demon Realm.

"hehe! Shameless talk! I'm too lazy to argue with you!"

The Demon Lord muttered and ignored the Ziwei Star Lord.

His voice was very low and he seemed to lack confidence.

Pan Shen and Gu Keng fell one after another.

He couldn't help but worry about the Blood Ancestor.

The Blood Ancestor was Bi Pan Shen and Gu Keng. Strong, but not much stronger. Not only him, but also several other Star Lords in the Demon Realm began to feel uneasy.....

At this moment, in the chaotic star field.

The Blood Clan led thirteen middle-grade star masters and killed everyone in the Star Alliance in a dark and bloody manner.

The two sides have been fighting for almost 5 hours now.

The Blood Ancestor and others gained the upper hand in the battle.

The Star Alliance was gradually unable to hold on any longer. Two early-stage mid-level Star Lords had been injured, and the situation was very embarrassing.

0·Request flowers 0·……

Ying Meng saw it in his eyes and felt anxious in his heart.

"Lord Yingmeng, if this continues. Don't talk about saving Emperor Qin and others, we ourselves will perish here!"

At this moment, Ying Meng heard a message from his subordinates.

Ying Meng was helpless:"Everyone, we must hold on, otherwise……."

Before the sound transmission ended, a scream rang out from the venue.

A star master in the early stage of mid-level was blasted away. His body was torn apart and blood was spread all over the sky.

"not good! Wu Feng is injured!"

The Star Alliance side exclaimed.

Ying Meng secretly thought something was wrong and was about to go to the rescue in a flash.

"Yingmeng, your opponent is me!"

The Blood Ancestor flashed forward and stopped Ying Meng.

At the same time, the other two mid-level star masters chased Wu Feng.

The two pursued him with all their strength, leaving no room for error.

Obviously, this The two of them wanted to kill Wu Feng on the spot.

The people of the Star Alliance were in a panic, and they wanted to rescue them, but everyone was stopped by an opponent.

It was over!

The hearts of the Star Alliance were sinking!

Wu Feng was seriously injured. , and their cultivation level is only at the early stage of middle-grade.

000

One of those two people is at the middle-grade stage, and the other is at the early-stage middle stage.

Together, they can definitely destroy Wu Feng!

"help me!", Wu Feng wailed.

Everyone in the Star Alliance was helpless.

People from the four major forces all looked secretly happy.

"Yingmeng, I think you are a joke. You can't even save your own life, but you still want to save other people. It's really funny!!"

The Blood Ancestor looked sarcastic.

At this moment, the two men who were chasing Wu Feng took action.

The two struck with all their strength, punching and palming, and a golden light burst into the sky.
.....

"Let's die together!"

Wufeng roared.

Even if he dies, he will die with these two people.

Yingmeng and others all showed sad expressions.

They knew that Wufeng's counterattack was just an egg hitting a stone, which was useless.

But at the critical moment, in the sky, Suddenly there was a loud noise.

Click~!

The space collapsed~!

A white palm that was bigger than the planet burst out of the air and directly shot...

Peng~! Peng~!

Two muffled groans!

The giant hand exploded with one palm. He killed the two people who were chasing Wu Feng.

Then, when the giant hands came together, the blood mist true spirits of the two people were completely swallowed up. The aura of the two people completely disappeared...

The whole audience was stunned!

Oh my God!

Killed instantly with one palm. Two middle-grade star masters.

Who are they coming?

Everyone stopped involuntarily and looked into the sky in horror.....

At this time, the sky trembled.

A young man in white clothes walked out of the void

"Ding! Successfully killed the middle-grade star master (early stage), and the host's cultivation level broke through to 61% of the low-grade middle stage (Lord of the Universe)... The combat power was greatly improved.....

"Ding! After successfully killing the middle-grade star master (mid-term realm), the host's cultivation level increased to 69% of the low-grade mid-grade (Lord of the Universe)... The combat power was greatly improved... The corners of Qin Feng's mouth curled up slightly.

Just killing two weaker mid-level star masters will make a lot of progress.

After he kills the area in front of him, he should be able to easily break through to the late stage of low-grade..

Chapter 712

At this moment, the whole audience was suffocated, the atmosphere was a little depressing, as if time had frozen.

The middle-rank star masters looked at Qin Feng with fear on their faces, not even daring to breathe loudly.

Even the Blood Ancestor showed fear.

You know, the Blood Ancestor is the number one middle-grade star master recognized by the five major forces!

But even if he takes action, he can't kill two mid-level star masters with one palm.

This boy in white is a super master!

Everyone has this idea in their hearts

"Friends, is there some misunderstanding between us?"

The Blood Ancestor's tone was actually very polite.

The two mid-level star masters who died just now were not from the Demon Realm.

If possible, he would rather give up avenging them and not become an enemy of Qin Feng.

As soon as he said these words, Yingmeng The others were nervous.

If this young man was just passing by, he would probably be attracted by the Blood Ancestor.

Yingmeng and others had never met Qin Feng, so naturally they didn't know that Qin Feng was also from the Star Alliance.

The most important thing was that they couldn't believe it The Star Alliance would have such a strong man!

Misunderstanding?!

Qin Feng raised the corner of his mouth slightly and was too lazy to pay attention to the Blood Ancestor.

His eyes swept across the audience lightly.

The mid-level Star Lords of the Star Alliance all have the Star Alliance emblem on their chests. , easy to identify.

Thirteen in total!

Except for a few injured ones, all others are intact, but they look a little embarrassed.

It seems that before he came, the situation of the Star"Zero Zero Zero" alliance was very bad.

The Blood Ancestor saw Qin Feng ignored him and suddenly felt something was wrong.

At that moment, he asked cautiously:"Friend, who are you?"

Qin Feng raised the corner of his mouth:"Star Alliance!" Emperor Qin!"

As soon as these words came out, the whole audience was shocked.

Ying Meng and others were ecstatic.

The faces of Blood Ancestor and others changed greatly.

But in the next breath, Qin Feng suddenly took action, and the phantom clone instantly separated.

"not good!"

The blood ancestor's expression changed greatly, and he was about to step forward to stop Qin Feng.

Among these people, he was the only one who could stop Qin Feng.

But at this moment, Yingmeng stopped him,

"Blood Ancestor, your opponent is me! Ha ha!!"

"Damn it!"

The Blood Ancestor was furious.

This scene was very similar to that not long ago.

But at that time, it was the Blood Ancestor who stopped Yingmeng from saving people, but now it's the other way around.

With this delay, Qin Feng and Xuying's clones They took action at the same time.

The four divine swords of Sealing Heaven turned into four sword dragons and strangled four middle-grade star masters in an instant. The shadow clone's Tai Chi Tu also killed a middle-grade star master with one blow.

The whole audience was shocked.!

At this moment, everyone was horrified to discover that Qin Feng's clone actually had the strength of a middle-grade star master. The fighting spirit of the four major forces suddenly collapsed, and they fled in all directions screaming. The people of the Star Alliance cheered, The pursuit followed...

Qin Feng and the shadow clone did their part, chasing and killing at the forefront, and a one-sided massacre began.....

"Ding! Successfully killed the middle-grade star master (early stage), and the host's cultivation level broke through to 74% of the low-grade middle stage (Lord of the Universe)... The combat power was greatly improved.....

"Ding! Successfully killed the middle-grade star master (early stage), and the host's cultivation level increased to 81% of the low-grade middle stage (Lord of the Universe)... The combat power was greatly improved.....

"Ding! Successfully killed the middle-grade star master (late stage realm), and the host's cultivation level increased to 96% of the low-grade mid-grade star master (Lord of the Universe)... The combat power was greatly improved.....

"Ding! Successfully killed the middle-grade star master (middle stage), and the host's cultivation level broke through to 7% of the low-grade late stage (Lord of the Universe)...the combat power skyrocketed.....

Qin Feng was already extremely powerful, but now he had people from the Star Alliance helping him.

The scene was completely one-sided. In the blink of an eye, Qin Feng slaughtered all the mid-level star masters from the four major forces, leaving only the Blood Ancestor, who was tightly entangled by Ying Meng.....

In just a short moment, Qin Feng's cultivation skyrocketed to 58% of the late low-grade level.

The perfection of the Six Paths of Reincarnation also increased to 9 Universe Golden Body, an increase of nine times!

Qin Feng's combat power also skyrocketed to 200,000 Zi.

It all happened so fast that Blood had no time to stop it.

At this moment, Qin Feng turned to look at him.

The Blood Ancestor woke up in shock and struck with all his strength. After being repulsed, he turned around and ran away.

"Ah! Can you escape?"

Qin Feng took a step in the air and chased him...

He now has a combat power of 200,000 Zi and has various amplitudes. It is not easy to kill this blood ancestor.....

In one thought, Qin Feng chased after the Blood Ancestor.

The Blood Ancestor was horrified, with boundless anger in his eyes.

"Boy, do you think you can really kill me?! To tell you the truth, even a top-grade star master can't kill me, let alone you!"

The Blood Ancestor screamed sadly.

Qin Feng was too lazy to pay attention. The Four Divine Swords of Sealing Heaven burst out with thousands of sword lights and shot away...

At the same time, the Blood Ancestor finally activated his last trump card.

The Supreme True Intention - Blood Origin God Seal!

Endless Blood Clone!

His body turned into 480 million Blood God Sons in an instant...

Each Blood God Son is a clone of the Blood Ancestor, and their strength is at the master level.....

But every blood god son has used the blood escape technique, and his speed is no less than that of a low-grade star master.....

Just like that, 480 million Blood God Sons fled in 480 million directions...

Qin Feng only killed thousands of Blood God Sons with one blow, but it had no effect at all...

Endless Blood The clones are said to be infinite, but in fact there is a limit to the number, which is 480 million.

But this blood clone has a special characteristic. As long as one blood god son survives, the blood ancestor will be immortal.....

This is an extremely powerful life-saving technique...

Looking at the dense crowd of Blood God Sons fleeing in front of him, Qin Feng frowned.

How to kill so many?!

At this moment, Yingmeng's voice sounded behind him

"Mr. Qin Huang, this is not going to be easy. This blood ancestor actually realized that the endless blood clone cannot be killed at all... Hey!"

Yingmeng sighed helplessly. All the Star Alliance members also looked depressed.

It is almost impossible to kill the endless blood clones.

And as long as one is missed, the blood ancestor will not die.....

I really didn't expect that the Blood Ancestor would secretly practice such a powerful secret technique...

From now on It can be seen that the strongest ability of the Blood Ancestor is to escape...

In the blink of an eye, tens of millions of Blood God's Sons escaped hundreds of millions of miles away.

Ying Meng and others could only watch with expressions of shamelessness.

Even if they take action, they will kill tens of millions at most, but it will not work at all.

Qin Feng smiled coldly: "Is this guy really unkillable?"

Yingmeng smiled bitterly: "It should be unkillable! Even if a high-grade star master takes action, he may not be able to kill him, let alone us....."

"That's not necessarily the case!"

As soon as Qin Feng raised his hand, he sacrificed a treasure, which was the top-grade star master-level Yuanwu - pagoda...

As soon as the divine tower appeared, it immediately rose in the wind.....

Boom~Long~Long!

In the blink of an eye, the black pagoda turned into a towering tower, bigger than the solar system...

The next second, Qin Feng made a secret control.

The sea of blood is endless, with the pagoda as its shore...

In just an instant, the pagoda sucked in all the 480 million Blood God Sons without missing a single one.....

Yingmeng and others were stunned.

It turns out that the pagoda can swallow up 0.0% of the creatures in a realm...

No matter how fast the Blood God Son runs, he can't escape from the realm in one fell swoop.

The scope of a realm is equivalent to the area of the Demon Realm, which is much larger than the Chaos Star Realm.

But it was said that the Pagoda had collected 480 million Blood God Sons and trapped them all on a certain floor.

Qin Feng didn't say much and entered the pagoda in a flash.

The next second, the shrill screams of the Blood Ancestor could be heard from inside the pagoda.
.....

Not long after, the screams suddenly stopped, and all the breath of the Blood Ancestor also dissipated.....

Outside the tower, Yingmeng and others looked at each other with awe in their eyes.

This Lord Qin Huang is so powerful!

Even the Blood Ancestor, who was known as the first middle-grade star master, was easily killed by him...

In the tower, a system prompt rang in Qin Feng's mind.

"Ding! Successfully killed the middle-grade Star Master (Great Perfection Realm), and the host's cultivation level broke through to 98% of the late-low-grade Star Master (Lord of the Universe)...the combat power increased sharply....."

"Ding! Successfully killed the middle-grade Star Lord (Dzogchen Realm), gained a lot of energy from the Six Paths of Reincarnation, and raised the perfection level to 94%....."

"Ding! Successfully kill the middle-grade star master, the karma value increases by 50 million, totaling 700 million....."

"Ding! Your subordinate Styx (the Lord of Hell) has gained a lot of blood insights and realized the supreme true meaning - the Blood Seal....."

"Ding! The host successfully shared his insights... Congratulations to the host for obtaining the supreme true meaning - the blood source seal... The strength has greatly increased again....."

"really not bad!"

Qin Feng opened his eyes with joy.

After killing the Blood Ancestor, his cultivation level broke through to 98% of the late stage of low-grade, just one step away from the perfection of low-grade.

And his comprehensive combat power also increased to 230,000 Zi.....

At the same time, inside the Yuanfeng inheritance place.

Gray Robe finally completed the sacrifice of Panzu's puppet.

The pole-coiled ancestral flag was completely integrated into the puppet's body.

The combat power of Panzu's puppet was also increased to 260,000 Zi in one fell swoop.

The gray robe's combat strength is 200,000 Zi.

At this moment, Gray Robe looked at Panzu's puppet, and the more he looked at it, the more satisfied he became.

"Xiaofeng, do you see it? The combat power of this puppet is 260,000 Zi. If I join forces with it, it is a strong alliance. I'm afraid that in the blink of an eye, I canStars instantly turned into fans....."

The more the gray robe talks, the more proud he becomes

"By the way, 0.8, has the combat power of that emperor star reached 10,000 Zi?"

The gray robe looked at Yuanfeng Zhiling with a smile.

He wanted to see the answer from Yuanfeng Zhiling's face.

Yuanfeng Zhiling closed her eyes silently, with a look of grief.

At this moment, she was thinking about her sister and Qin Feng felt worried.

Now she only prayed to Qin Feng not to return, otherwise he would be dead.

Seeing this, Gray Robe couldn't help but secretly thought: "Is it possible that Emperor Star doesn't even have the combat power of 10,000 Zi?"

This thought made him even more proud.

"Xiaofeng! Don't say that Emperor Xing doesn't have a combat power of 10,000 Zi. Even if he has a combat power of 100,000 Zi, he will still die if he comes back."

"Today, take a good look at how I killed the Emperor Star and became the Lord of the Universe on his behalf. When the time comes, please persuade your sister to follow me."

"She has the horoscope of Hong Luan, which is a good horoscope for Emperor Wang. I will become the master of the universe in the future and need her assistance. Of course, I won't treat her badly. Ha ha!!"

The gray robe laughed proudly.

It seemed that everything had become his possession.

The spirit of Yuan Feng closed his eyes tightly, feeling extremely sad and angry in his heart..

Chapter 713

On the other side, inside the pagoda.

Qin Feng put away the blood ancestor's storage ring with satisfaction

"Qin Feng, all the mid-level star masters of the four major forces were killed by us. This time we have completely angered the four major forces. Be careful when you go out....."

Zixing's reminder rang in Qin Feng's mind.

She was worried.

Qin Feng didn't take it seriously: "Even if we don't kill these mid-level star masters, the four major forces will not let go of the Star Alliance, let alone me. This time, I get all the benefits. How can they sit still?"

Zixing thought so and said no more.

"Qin Feng, shall we go back now?", Emperor Feng cares about the spirit of Yuan Feng

"Um! This matter must be resolved quickly and cannot be delayed until the high-ranking star masters come in. Otherwise, you will be in big trouble!"

Qin Feng thought

"Ding! Consume 700 million karma points to succeed.....Karma Red Lotus was promoted to the twenty-sixth level... everything increased twenty-six times...."

"not bad!"

The corner of Qin Feng's mouth curled up slightly.

Now, all his increases are fifty-five times!

Whether it is the Red Lotus of Karma, the Golden Wheel of Merit, or the Hongmeng Holy Ring, the highest level is thirty-six times. The sum of the three stacks is one hundred and eight. Times, that is the limit.

In fact, few people can condense the Golden Wheel of Merit or the Red Lotus of Karma to more than thirty levels.

As for the Hongmeng Holy Ring, very few people can condense it.

In short, in this universe, The person with the highest increase is the Ziwei Star Master.

She is in charge of the Golden Wheel of Merit and has only reached the thirty-third level, which means the increase is thirty-three times.

02 Qin Feng can increase the increase fifty-five times, which is simply appalling!

After doing all this, Qin Feng became more confident.

The next second, he left the pagoda.....

Ying Meng and others have been waiting outside the tower for a long time.

When they saw Qin Feng appearing, they all stepped forward to salute.

"I've been waiting for you to meet Lord Qin!"

Ying Meng and others spoke respectfully.

They have already seen that Qin Feng is only a low-grade star master, but no one dares to underestimate Qin Feng.

In fact, they are very afraid of Qin Feng.

Qin Feng can easily kill even the Blood Ancestor. How could they provoke him?

Unknowingly, Qin Feng had a very high status in the hearts of these mid-level star masters, second only to the five major star masters.

"You're welcome!"

Qin Feng waved his hand and put away the pagoda.

At this time, a middle-grade star master squeezed out of the crowd and bowed directly to Qin Feng.

"Wu Feng thanks Lord Qin Huang for his life-saving grace!"

"Brother Wu Feng, there is no need to be polite!"

Qin Feng waved his hand, and invisible force lifted Wu Feng.

Wu Feng was grateful: "Wufeng owes you your life, and I will definitely remember it in my heart!"

Qin Feng smiled and didn't take it to heart.

Everyone around looked at all this with emotion.

They came to save the low-grade star masters.

Now it's better, they were saved by the low-grade star masters.

If If Qin Feng hadn't arrived in time, I wouldn't have imagined the consequences!

Thinking of this, everyone respected Qin Feng even more

"Lord Qin Huang, are Tiantong, Mingxu, and Xuanxi safe? Ying

Meng asked respectfully.

Wu Feng and others also looked over with concern.

Qin Feng smiled slightly:"They are all practicing in my pagoda. No one was injured, so you don't have to worry!"

Hearing this, everyone was overjoyed and breathed a sigh of relief.

"That's great! Sir, what do we need to do next?"

"I'm going to fight the enemy!"

"Sir, I am willing to follow you!"

Yingmeng and others asked for help one after another. Qin Feng pondered for a while and said:"If you can trust me, then go to my pagoda first. It depends on the situation!"

Qin Feng doesn't know how strong his opponent is.

If the opponent is too strong and asks Yingmeng and others to help, it will affect Yingmeng and others, so it depends on the situation.

"Sir, I am waiting to go!"

Yingmeng and others agreed without hesitation.

Qin Feng was delighted, and with a wave of his hand, he gathered Yingmeng and others into the first floor of the pagoda. The low-level Star Lords, Lords, and God Emperors of the Star Alliance were all there. After completing this, everything was complete.

At the moment, Qin Feng put away the pagoda and rushed towards the inheritance place of Yuanfeng.

After Ying Meng and other middle-grade star masters entered the pagoda, they joined the lower-grade star masters and masters. It was a joy to meet each other.

After some understanding, Yingmeng and others knew more about Qin Feng's deeds.

They also knew that the Star Alliance and others were able to stay intact under the protection of Qin Feng. The more the Lord understood, the more shocked he was, and the more he respected Qin Feng.....

At the same time, outside the Chaos Star Territory.

The place became even more chaotic.

The Star Lords of the four major forces all looked ugly.

The Demon Lord's face turned even pale.

Just now, the Blood Ancestor's life card was shattered, and he almost spurted blood out of anger.

At this point, all the mid-level star masters from the four major forces were wiped out.

These Star Lords have all become polished commanders.

Such a blow is too big for them.

It will also be a huge blow to the future development of the four major forces.

It is conceivable that in the days to come, new high-level star masters will appear in the Star Alliance.

And among their reserve newcomers, there are all vacancies from masters to mid-level star masters, and even half of the god emperors are missing. What a waste of development!

If things go on like this, the Star Alliance will surely become the dominant family and devour them all one by one.

A huge sense of crisis spreads in the hearts of many giants of the four major forces.

Originally, they were wary of each other.

But at this moment, they unknowingly became more united

"Purple Lord, your people are so powerful! hehe!"

The demon lord's eyes are filled with hatred.

"Blame me? Is it wrong that our people are strong?"

Ziwei Star Master said angrily.

In fact, she was also feeling strange in her heart.

Is this guy Qin Feng too cruel?

It made her tremble!

"snort! You are proud for now!", the Demon Lord was extremely aggrieved.

The Ancient Lord also sneered:"Purple Lord, if there is a way, the greatest prosperity will inevitably decline! It's not a good sign to be sharp! Especially this little guy named Qin Huang, I really want to see who he is?!"

The Ancient Master aimed his gaze at the Heavenly Stele of Cause and Effect.

On the Heavenly Stele of Cause and Effect, there is only one name in the late-stage area of the low-grade Star Lord, and that is Emperor Qin.

That is also the top position, exuding red-gold light, and looks very special. It was eye-catching.

The ancient master glanced at it, and the bosses of the four major forces all looked at it with extremely complicated expressions.

The situation now is very clear, there is something wrong with Emperor Qin.

After the death of the Blood Ancestor and others, Emperor Qin's cultivation level improved rapidly. , it broke through to the late stage of low-grade in a blink of an eye.

If you say that those middle-grade star masters have nothing to do with Emperor Qin, no one will believe it!

Seeing this situation, Ziwei Star Master took a deep breath.

She said coldly:"Everyone, you Don't forget it. You all have a contract, you can't do anything to these juniors!"

"hey-hey! We haven't forgotten! Purple Lord, you don't have to worry. The power of that contract is astonishing, and we dare not offend it. I won't attack him. However, we must get to know this Emperor Qin...."

The ancient master showed an expression that seemed to be a smile but not a smile.

"That's right! This contract has a time limit, which is only two months.....Ha ha!!!"

The Demon Lord laughed.

There was a trace of cruelty in the laughter. Everyone also showed a knowing sneer.

Ziwei Star Lord frowned and his heart sank.

Tianfu Star Lord, Shenfu Star Lord, Jumen Star Lord, 000 Land Quan Star Master also showed an uneasy look.

This time, Qin Feng had completely offended many giants.

The Demon Lord and the Ancient Lord had implicit threats, and they could not take action against Qin Feng now.

But Er After a few months, they will be able to take action.

By then, can the five of them keep Qin Feng?

This thought made the five of them feel a little uneasy.

"Everyone, there are only 18 hours left before we can go in. When the time comes, everyone should remember the appearance of Emperor Qin, so as not to forget him in two months....."

God reminded me again.

Everyone sneered.

Star Master Ziwei's face darkened.

Qin Feng is her disciple and her destined husband. Is it really going to be bad luck this time?

At the same time, in the chaotic star field.

Qin Feng has rushed back to the outskirts of the Yuanfeng inheritance place

"Sure enough, someone did something!"

Qin Feng only glanced at it and found that the periphery of the inheritance place was isolated from time and space.

With this method, at least the middle-grade star master Dzogchen strong

"Dad, how is Panzu doing now?", the baby is worried about Panzu's puppet.

Since Panzu's puppet gained intelligence, she has become closer to Panzu.

After all, children like to play.

Now, she knows that Panzu's puppet has been kidnapped, and she feels a little sad.

"I can sense the position of Panzu's puppet, but it's very vague. Someone must have sealed his intelligence. Not much to say, let's go in first!"

Qin Feng took one step forward and forcibly penetrated the space barrier and entered the inheritance place...

Chapter 714

At the same time, in the place of inheritance.

The gray robe is studying the map of thousands of miles of mountains and rivers in front of him

"Tsk tsk!! This is a high-grade star master level treasure! pity....."

The gray robe looked at Yuan Feng Zhiling with a look of regret.

Yuan Feng Zhiling quickly closed her eyes, too lazy to look at him

"Why! Xiaofeng! Are you still so stubborn now? You should know that Emperor Star will die when he comes back. Why do you have to be angry with me over a dying person? Speaking of which, you and I had a master-disciple relationship."

"Why don't you help me and I'll make your sister a saint in the future? What do you think?"

The gray robe is good at tempting

"snort! dream!", the spirit of Yuan Feng sneered.

"Hey~! I want you to help me, just to give you a chance to make meritorious service. Do you think I really need your help?"

The gray robe shook his head repeatedly.

"Ah!", Yuan Feng Zhiling sneered and said nothing more.

She knew that this old thief was extremely cunning and did not want to listen to any of his tricks.

Gray Robe was a little depressed.

He was indeed deceiving Yuan Feng Zhiling.

It turns out that the Wanli Jiangshan Map is very special. It needs to be controlled by an artifact spirit.

But to become the artifact spirit of the Ten Thousand Miles of Rivers and Mountains Map, it cannot be made of flesh and blood.

To put it simply, it is difficult for people to directly refine the Ten Thousand Miles of Rivers and Mountains Map.

The gray robe cannot control the spirit of Yuan Feng. He had no way to control the Wanli River and Mountain Map.

He wanted to coax the spirit of Yuan Feng and use the Wanli River and Mountain Map to deal with Qin Feng, so that Qin Feng would not have any chance to escape.

But looking at the situation, this method did not work.

However, he did not Care.

With or without the Map of Ten Thousand Miles of Rivers and Mountains, he and Panzu's puppets could join forces to destroy Qin Feng.

Gray Robe sneered and put the Map of Ten Thousand Miles of Rivers and Mountains into the storage ring.

At this moment, the space in front of him fluctuated.

A The extremely handsome young man in white walked out of the void.

The person who came was none other than Qin Feng!

When Yuan Feng saw Qin Feng, his expression changed drastically

"Qin Feng, run!"

"Ha ha!! Now that you are here, leave your life behind!"

As soon as the gray robe saw Qin Feng, the Eye of Destiny was automatically activated.

He saw Qin Feng auspiciously protecting his body, with purple energy reaching the sky, and billions of stars looming around him...

This young man is the Emperor Star!

Haha!!

He finally waited!

The next second, like an evil tiger, he pounced on Qin Feng.

At the same time, Panzu's puppet also pounced on Qin Feng under his control.

"go to hell!"

The gray robe roared ferociously, and punched out...

Buzz~! There was an earthquake in the sky!

A golden wheel of merit appeared behind the head of the gray robe, emitting sixteen layers of halo, reflecting the heaven and the earth...

Buzz~!

There was another earthquake in the sky! Ming~!

Another Hongmeng Holy Ring appeared behind the gray robe, emitting thirty layers of halo, illuminating all the worlds...

Changbai controlled the two supreme divine seals of destiny and creation.

This time, in order to be infallible, he put himself The Hongmeng Holy Ring and the Golden Wheel of Merit were all given to Gray Robe.....

It is not an exaggeration to say that it is a desperate bet!

Changbai also worked hard to come here!

In an instant, the gray robe's growth rate reached forty-six times.....

Coupled with his 200,000 pieces of combat power and momentum, after the increase, the surrounding space was shattered by the momentum, and no one could match it...

At the same time, Panzu's puppet also struck Qin Feng with an ax...

The ax struck at the same time. It contains two supreme seals

, one is the Open Heaven Divine Seal, and the other is the Dry Gold Divine Seal... the two major divine seals are both attack-type divine seals, and the two phases actually have a bonus effect, terrifyingly reaching a thirty-fold increase... and Panzu The combat power on the puppet is 26. With this increase, the attack power is extremely terrifying, not much weaker than the gray robe.

Two attacks hit Qin Feng at the same time... click~! Click~!

The void ahead was shattered by the remaining force.....

"Not good.

She was once a high-grade pinnacle star master, and her knowledge was naturally extraordinary.

These two terrifying attacks, any one of them can instantly kill the middle-grade Dzogchen Star Master.

Two combined attacks were unimaginable.

Under the top-grade star lord, absolutely no one can resist.....

It's over!

Yuan Feng was heartbroken and looked at Qin Feng sadly.

Why does this guy come back?

At this moment, Qin Feng also took action.

He punched out directly.

Boom~!

The fighting force of 230,000 Zi was like a volcano that had been oppressed for thousands of years, erupting in an instant.....

Buzz~! Buzz~! Buzz~!

Three more clear calls!

Golden Wheel of Merit!

Karma Fire Red Lotus!

Hongmeng Holy Ring!

The three extreme phenomena are displayed at the same time!

The fifty-five-fold increase is unparalleled in the world!

Bang~!

A sound that shook the universe!

The land of Yuanfeng inheritance was shattered in an instant.....

The vast starry sky of billions is shattered inch by inch.....

Even the nearby planets were affected by the aftermath of the explosion, shattered instantly, and turned into cosmic dust.....

In the dazzling light of the explosion, the gray robe groaned, spitting out a large mouthful of blood, and flew out at the same time as Panzu's puppet.....

The spirit of Yuan Feng not far away was dumbfounded.....

No way?

Qin Feng fought one against two and actually got the upper hand!

But before she could think about it, Qin Feng waved his hand, and the pagoda rose in the storm, sucking the gray robe in with a swish.

Qin Feng dodged and entered the pagoda.

In the field, only Panzu's puppet, whose intelligence was not high enough, was left, standing there stupidly.

The joint situation that Gray Robe had worked so hard to create was easily solved by Qin Feng.

The next second, Panzu's puppet woke up, raised his giant axe, and slashed at the pagoda crazily.
.....

The giant tower trembled violently!

But the pagoda is also a high-grade star master level treasure and is not so easy to destroy.....

At the same time, the seventh floor of the pagoda.

There is an extremely huge temple, like a palace of heaven and earth.

The gray robe was sucked in, and he looked up in shock.

But at this moment, a huge formation diagram rose under his feet.

The gray robe was shocked.

There was another wave of fluctuations in the sky above our heads!

Qin Feng and the shadow clone walked in at the same time.

Before Gray Robe could say anything, the phantom clone performed the Tai Chi Diagram

"Huh! Tai Chi diagram!"

Hui Pao exclaimed.

That is the most powerful treasure of his junior brother!

Before he could think about it, Tai Chi Tu fired out a golden light and bombarded him directly.

Tai Chi Tu's attack ignored any defense increase.....

The gray robe did not dare to neglect and quickly defended himself.

Nowadays, the combat power of the phantom clone is 150,000 Zi, which should not be underestimated.

Qin Feng instantly used the Four Divine Swords to seal the sky!

The four swords fell and the sword gate took shape!

The Heaven Sealing Sword Formation is completed! The power is increased tenfold!

Billions of sword lights engulfed Gray Robe.....

The phantom clones sacrificed the Tai Chi diagram and attacked together...

The shrill screams came one after another in the sword light... The gray robe struggled desperately while commanding Panzu's puppet from a distance.

Outside the tower, Panzu's puppet felt Gray Robe's anxiety. He raised his hurricane force and slashed at the pagoda with all his strength...

Boom~! Boom~! Boom~!

The sound of splitting the tower was earth-shattering!

Billions of galaxies are trembling!

The spirit of Yuan Feng on the side was shocked and extremely anxious.

Although the pagoda is not an extraordinary thing, the Panzu puppet is also extraordinary.

If we keep chopping like this, the giant tower will be split into pieces.....

Just when the spirit of Yuan Feng was extremely anxious, the extremely sad screams of gray robes came from the tower.....

(Yes) click~!

A soft sound also came from Panzu's puppet body at the same time, as if some seal had been broken.....

The giant ax held high in the air also stopped in mid-air.

There was also a look of struggle in the puppet's eyes.

The spirit of Yuan Feng was ecstatic.

The gray robe was actually killed.

Even the sealed spiritual intelligence of Panzu's puppet is breaking free...

At the same time, inside the tower.

System prompts also sounded in Qin Feng's mind.....

"Ding! Successfully killed the middle-grade Star Lord incarnation (Dzogchen realm).....Obtain karma value of 100 million....."

"Ding! Successfully killed the middle-grade star master-level incarnation (the realm of Dzogchen)...the cultivation level broke through to 7% of the lower-grade Dzogchen (Lord of the Universe).....Fighting power surges....."

"Ding! The Six Paths of Reincarnation absorbed enough energy and the perfection level was increased to 100%...The cosmic golden body transformation is promoted to a god-level skill, the combat power increases tenfold, and special effects begin to awaken....."

Chapter 715

"Ding! Awakening successful, congratulations to the host for obtaining the Third Ming King Dharma....."

The next second, a large amount of information poured into his mind...

Qin Feng showed a look of ecstasy.

The method of the Three Generations of Mingwang can be condensed into the image of the Three Generations of Mingwang.

The three statues of Myōō are respectively: the present Myōō and the Fudo Myōō.

The King of Ming in the Past Life - King Vajra.

The Ming King of the future world - the Ming King of Wei De.

The Fudo Ming King was transformed by Qin Feng's obsession with his own self and was born from the Hongmeng Holy Ring.

Once the statue of King Ming is completed, Qin Feng's combat power will increase by 1 million Zi.

In addition, Fudo Mingou seems to be condensed from the Hongmeng Holy Ring, so it has a strengthening effect on the Hongmeng Holy Ring.

Skills below the quasi-god level cannot weaken the increase of Hongmeng Holy Ring.

Let the phantom clone also use Hongmeng Holy Ring.

King Kongming was transformed from Qin Feng's evil thoughts and was born from the red lotus of karma.

Once the statue of King Ming is completed, Qin Feng's combat power will increase by 1 million Zi.

The rest of the effects are similar to Fudo Myooh.

King Wei Deming was transformed from Qin Feng's kind thoughts and was born from the golden wheel of merit.

Once the statue of King Ming is completed, Qin Feng's combat power will increase by 1 million Zi.

The rest of the effects are similar to Fudo Myooh.

However, if you want to condense the image of the Third Myoting King, you need to upgrade the Hongmeng Sacred Ring, the Golden Wheel of Merit, and the Karma Fire Red Lotus to the highest level thirty-six before they can start to condense.

For example, Qin Feng's Hongmeng Holy Ring is ninth grade.

Once you reach the highest level of level 36, you can condense the statue of Fudo Ming King.

"Condensing the statues of the three generations of Mingwang is really a good way to be invincible at the same level!"

Qin Feng is very satisfied.

This time, he has gained a lot.

Not only has he perfected the Six Paths of Reincarnation, but he has also obtained the Third World Ming 000 King's Law.

His cultivation has also exceeded 7% of the low-grade Dzogchen Perfection, and his comprehensive combat power has soared to 330,000.

Of course, there is still a huge gap between him and the high-grade star master.

The threshold of combat power for a high-grade star master is 3 million zi.

Therefore, there is a saying: all those below the top grade star are ants.

No matter how strong the middle-grade star master is, in front of the high-grade star master, he will be defeated. He is an ant.

In history, there have been many low-grade star lords and middle-grade star lords. They have risen and fallen in tens of billions of years, and hundreds of them have fallen. However, high-grade star lords are strong and stable, and only a few have fallen in tens of billions of years.

And every time a high-grade star lord dies, the three realms mourn and the world weeps with blood.
.....

Therefore, if Qin Feng wants to fight the high-grade star master, it is extremely important to condense the statue of the third generation Ming King.

Thinking of this, Qin Feng looked forward.

Suspended there is a golden wheel of merit (sixteenth level), a Hongmeng holy ring (thirty levels), and a storage ring.

These are all left behind after Gray Robe died.

Qin Feng opened his mouth and swallowed all the Golden Wheel of Merit and Hongmeng Holy Ring.....

"Ding! Devouring the Golden Wheel of Merit (Sixteenth Level) Successfully... The host's Golden Wheel of Merit is promoted to the Twenty-third Level....."

"Ding! Successfully swallowed the Hongmeng Holy Ring (thirty level)... The host's Hongmeng Holy Ring was promoted to the thirty-second level....."

"The Hongmeng Holy Ring has reached the thirty-second level! really not bad!"

Qin Feng was extremely happy.

Then, he consumed the 100 million karma value he had just obtained, and the Karma Fire Red Lotus was promoted to the twenty-seventh level.

In this way, his Hongmeng Holy Ring was 32nd level, and the Karma Fire Red Lotus was 27th level. Grade, the Golden Wheel of Merit is 23rd level.

At present, Hongmeng Holy Ring can be upgraded to 36th level at the fastest.

By then, he can condense (acai) the Immovable King Ming Statue

"I wonder what happened to Panzu's puppet?"

Qin Feng put away the storage ring in Gray Robe and left the pagoda.....

At the same time, outside the Chaos Star Territory.

Somewhere in the starry sky, Yuan Qing looked at Changbai in astonishment.

At this moment, Changbai's face was gloomy, and the corners of his mouth were still bloodshot.

Just now, his incarnation Gray Robe fell, causing a huge backlash to him.

"Damn it! My Hongmeng Holy Ring!", Changbai was extremely angry.

The incarnation that had been condensed for tens of billions of years was destroyed.

But the 30-layer Hongmeng Holy Ring, which he spent 30 billion years to build, was destroyed by the incarnation...

Wow~!

Changbai spurted blood and trembled with anger.

His layout, his plan, his tens of billions, were ruined in one day.....

"Senior brother, are you okay?"

Yuan Qing lamented, with a sad look on his face.

The love for his brother can be learned from heaven and earth.

Changbai's mouth was bleeding, and he smiled bitterly: "My incarnation has fallen!"

"Hey~! Brother, don't be sad!"

Yuan Qing felt the same and looked sad.

His incarnation also died, so he could understand Changbai's mood.

"I also lost my Hongmeng Sacred Ring... It cost more than 30 billion yuan of hard work!"

Changbai's body was shaking uncontrollably.

His originally rosy face turned decadent and hazy, as if he had aged ten years all of a sudden.....

"Senior brother, my condolences!"

The corners of Yuan Qing's eyes were moist, as if he couldn't bear to see his brother sad.

He is always so sentimental.

Changbai: "Junior brother, I saw the Emperor Star! Yuan Qing:"

Yeah!"

Changbai: "Your Tai Chi diagram is in the hands of his clone."

Yuan Qing: ""

For a moment, Yuan Qing's expression froze.

The joy in his heart disappeared.

Hey~! Senior brother really... can't you just make him happy for a little longer?

The two were silent.

After a moment, Yuan Qing said coldly: "Senior Brother, there are still seventeen hours left before we can go in....."

Changbai nodded: "When the time comes, you and I will go find Emperor Star together....."

Yuan Qing sighed: "I'm afraid someone will get there first."....."

At the same time, Qin Feng arrived outside the pagoda.

The Panzu puppet was still standing where he was, struggling with himself.

Qin Feng stepped forward and reached the puppet. He pointed to the center of his eyebrows... click~!

A crisp sound.

Panzu's puppet suddenly became energetic and began to undergo subtle changes.

Qin Feng also felt that the feeling between himself and the puppet was back.

The next second, Panzu's puppet was completely awake.

Bang~!

The puppet knelt down, the void was thousands of miles away, and it was shaking.

"Panzu deserves to die! If you offended your master before, I hope you will be punished!"

Pan Zu's puppet actually knelt down to apologize.

"Huh!"

Qin Feng looked at it in surprise.

Not only did this puppet become stronger, but its spirituality was also the same as that of a real person.

"Qin Feng, Gray Robe merged the Panzu Banner with it. That Panzu flag contains the essence, blood and soul of Panzu during his lifetime. Their fusion is equivalent to making Panzu complete. Now, this Panzu puppet has become a strange existence that is half human and half spirit....."

Not far away, the spirit of Yuan Feng explained.

Qin Feng suddenly realized

"Get up! This is not your fault!"

"Thank you master!" The Panzu puppet stood up respectfully, its actions becoming more and more humane.

Qin Feng walked to the spirit of Yuan Feng again, clicked with his index finger, and released her imprisonment.

Then, he released Feng Emperor from the small universe.

"Sister, are you okay?" Emperor Feng asked with concern.

Yuan Fengzhiling smiled: "I am just a lingering thought, what will happen to me. But I'm relieved that you are all safe."

Speaking of this, she looked at Qin Feng and sighed.

This young man really impressed her!

If she were still alive, she would probably fall like her sister.

"Qin Feng, the gray robe you killed this time was just an incarnation. His body should be hidden outside the chaotic star field, you have to be prepared...."

The spirit of Yuanfeng kindly reminds me

"I know! Seventeen hours left!"

Qin Feng raised his head and looked at the barrier in the distance.

After seventeen hours, the barrier will not be able to stop the high-grade star masters, and it is the last critical moment.

He must do it within seventeen hours. Made some preparations

"Qin Feng, Xiao Shi, I can't accompany you anymore.....", Yuan Feng's spirit revealed his eyes and sighed.

She is leaving. This spirit body cannot last long.

"elder sister.....", Emperor Feng was reluctant to give up.

Qin Feng was also reluctant to give up.

But if Yuanfeng's spirit is not allowed to disperse, it will have a great impact on Yuanfeng's reincarnation.

"Sister Yuanfeng, I wonder if I can see you again?", Qin Feng sighed.

Yuan Feng smiled delicately: "If you become the true master of the universe, you may be able to find my reincarnation... Of course, I may be reincarnated in other universes. After all, the six paths of reincarnation in this universe are no longer there....."

"Let me not talk about this anymore. I will tell you a secret before I leave. The Map of Thousands of Miles of Rivers and Mountains and the Pagoda of Buddha are ancient treasures. Rumor has it that these two ancient treasures can be fused together. If the integration is successful, it will be amazing...."

Qin Feng's eyes lit up, this rumor was interesting.

The Map of Ten Thousand Miles of Rivers and Mountains and the Thirty-Three Layers of the Pagoda are both high-grade star master level treasures.

If the two merge into one, the power must be extremely powerful.

It's exciting just thinking about it!

"Sister Yuanfeng, the pagoda is okay, I have already made sacrifices. But the map of thousands of miles of mountains and rivers requires a spiritual weapon, and I can't control it even after you leave."

Qin Feng thought of a headache.

Yuanfeng Zhiling smiled and said: "Have you forgotten the Panzu puppet? It is half human and half spirit, without flesh and blood. You can make it a weapon spirit, and you can easily control the world map."

Qin Feng's eyes lit up, this is indeed a good idea!

"Okay, everything that needs to be explained has been explained. Qin Feng, I want to talk to Xiao Shi....."

Qin Feng understood and left on his own.

Emperor Feng was left to say goodbye to Yuan Fengzhiling.

A quarter of an hour later, the spirit of Yuan Feng dissipated and entered reincarnation.

Qin Feng also left in a hurry with the puppets of Emperor Feng and Panzu.

The location of this place has been known to Changbai and it is no longer safe.

Qin Feng will hide in a secret place and prepare in the next seventeen hours to deal with those high-grade star masters..

Chapter 716

Soon, Qin Feng arrived at the inheritance place of the Lord of the White Tiger.

He is the inheritor of the White Tiger, so he can naturally control the place of inheritance.

After entering the inheritance place, Qin Feng took out dozens of storage rings.

Those are the rings of mid-level star masters, and the resources inside are astonishingly huge.

After Qin Feng finished handling the storage ring, he summoned many outstanding subordinates such as Feng Di and Chu Chu.

Afterwards, he distributed the newly obtained resources and told them to retreat quickly.

It has been less than 17 hours since the top-grade star masters entered.

Converted into small universe time, it is three months.

In the past three months, as long as these subordinates digest those resources, Qin Feng's strength will be greatly improved.

After doing those things, Qin Feng also entered the retreat, took out the pagoda and the map of mountains and rivers, and began to study how to integrate.....

With Qin Feng's talent and level of weapon refining, he quickly discovered some of the mysteries of the Pagoda and the Wanli Jiangshan Map.

The thirty-three layers of the pagoda are mostly illusory spaces, infinitely wide.

The Map of Ten Thousand Miles of Rivers and Mountains is a real small world that can allow living beings to survive. It is more magical than the vast world. The drawback is that the space is limited.

The combination of the two things just complements each other.

After thinking about this, Qin Feng moved all the Star Alliance members in the Pagoda into the inheritance temple in the White Tiger inheritance place.

He began to study fusion.....

Time flies.

In the blink of an eye, sixteen hours passed by the outside world.

During these sixteen hours, tens of thousands of members of the Star Alliance were waiting in the White Tiger Temple.

Luo Li has been ordered to tell everyone about the situation outside.

Yingmeng and others also confirmed Luo Li's statement.

Tens of thousands of people were a little frightened.

In the crowd, there was constant muttering

"I really didn't expect that the four major forces would be so shameless and unite to attack us, our Star Alliance."

"Now our Star Alliance is in some trouble!"

"yes! The four major forces have four high-grade pinnacle star masters and twelve high-grade star masters. This combination completely crushed the Covenant. I don't know...hey~! "

The members of the Star Alliance are very worried.

Those middle-grade star masters also surrounded Yingmeng and were discussing the current situation.

"Lord Yingmeng, the current situation is becoming increasingly unfavorable to our Star Alliance!"

"Why! The four major forces were originally on guard against each other, but this time our Star Alliance performed so well that we actually united them. I don't know what they will do after this chaotic star field is over....."

Yingmeng said seriously:"Even if the four major forces want to deal with our Star Alliance, it will only happen in two months. We should consider the current problems first."

"Lord Qin Huang said that in addition to the people from the four major forces in this chaotic star field, there are also two terrifying high-level star masters hidden outside. Those two people have no good intentions towards our Star Alliance....."

As soon as he said this, all the middle-grade star masters changed their expressions.

This is what makes them most uneasy.

The Star Lords of the four major forces are not too worried. After all, there are Star Lords with contractual restrictions.

But Emperor Qin said that there were no contract restrictions for the two high-grade star masters. Killing them was as easy as crushing ants.

"Lord Yingmeng, what do you think are the origins of those two high-grade star masters?"

"Either he is an ancient relic, or he is a devil from outside the world. Forget it, these things are taboo, we'd better say less....."

Ying Meng's voice was low.

The ancient relics refer to the subordinates of the Lord of the Ancient Universe.

The Dao Demon from outside the world is related to the fall of the Lord of the Ancient Universe.

The middle-grade star master showed a secretive expression.

This topic involves the fall of the ancient Lord of the Universe, and they dare not discuss it in depth.

There is a taboo in the world!

"Why! Now I'm just worried about those two mysterious high-ranking star masters, who don't know about us....."

A mid-level star master looked worried.

Ying Meng comforted:"You don't have to be so anxious. Lord Qin Huang will make arrangements."...."

"That's right! Let's just follow Mr. Qin Huang, he will definitely protect us!"

Wufeng Star Master was the first to echo.

Qin Feng had saved his life.

He was more grateful to Qin Feng than anyone here.

Just after he said those words, a sudden change occurred in the world. , is quietly brewing.....

Small universe, inside the Holy Land of Heavenly Palace.

At this moment, a purple light burst out from the Holy Land, illuminating the entire small universe and the three realms....., hundreds of millions of disciples and captives were shocked, looking at the top of the sky one by one.

At the top of the starry sky is the palace of heaven.

At this moment, the power of heaven is mighty and the auspicious light shines in the sky.....

In Qin Feng's mind, the voice of the system sounded.....

"Ding! The pagoda and the map of mountains and rivers were successfully integrated.....Congratulations to the host for obtaining the realm of outer heaven.....",

"Ding! The weapon spirit Panzu is automatically promoted to the Lord of Tianwaitian....."

"Ding! The host successfully shared the enlightenment of his subordinate Panzu (the Lord of Tianwaitian) and obtained the Supreme True Intention Dry Gold Divine Seal... his combat power was greatly increased....."

"Ding! The Qianjin Divine Seal and the Kunde Divine Seal automatically merge successfully... The host obtains the Qiankun Divine Seal... and the combat power increases again....."

The Divine Seal of Heaven and Earth is far stronger than Qianjin and Kunde, and ranks among the top ten among many supreme true meanings.

At this moment, Qin Feng opened his eyes with ecstasy.

Oh my god!

His thoughts had just scanned the entire outer world.

After the thirty-three-story pagoda was merged with the Wanli River and Mountain Map, it became the thirty-three-story pagoda.

Each heaven is as big as a thousand worlds, like a holy land in the sky, where living creatures can survive and spiritual flowers and plants can be planted.

These thirty-three heavens are collectively called the Heaven Beyond Heaven!

Panzu Puppet is the Lord of Heaven and Earth, much like the Lords of Xuan Xi, Ming He, and Bai Qi, but there are some slight differences.

In addition, the scope of Tianwaitian is comparable to that of a world.

Tianwaitian can be understood as the fourth realm parallel to the three realms

"Ha ha!! It turns out it can be like this!"

Qin Feng had a lot of information in his mind, all about the wonderful functions of Tianwaitian.

He laughed and walked away.

The next second, he appeared in the sky above the White Tiger inheritance land.

Qin Feng looked around the starry sky.

Chaotic Star Field It has been sealed for tens of billions of years and has never been disturbed.

The spiritual energy in this star field is extremely rich, and the concentration is a hundred times that of the outside world.

If it is completely opened, it will definitely be a holy land for cultivation.....

0.....Asking for flowers.....

Qin Feng's mind moved, and a looming outer world appeared in the sky.

The world was divided into thirty-three layers, with layers like fairyland, shrouded in clouds and mist, and floating in the air.....

That is exactly the sky!

"suck!"

As soon as Qin Feng sealed the seal, Tianwaitian produced an extremely huge suction force and began to swallow up the spiritual energy of the entire star field.....

Boom~! Long~! Long~! , the entire star field trembled!

The majestic spiritual energy surges like a sea, rushing towards the sky.....

That's the chaotic star field that contains tens of billions of years of spiritual energy.....

Among them is also the energy formed by hundreds of thousands of elemental masters after their death during the ancient catastrophic war...

The total amount of this energy is comparable to that of a top-grade star master who has practiced for tens of billions of years...

Then, something magical happened.

The more energy Tianwai Tiantun absorbs, the stronger Qin Feng's combat power becomes.....

Such changes alarmed Yingmeng and others.

It's just that they are in the inheritance temple and can't figure out what's going on outside..... \ \

But everyone in the field could sense that the concentration of spiritual energy in the air was decreasing at an extremely rapid rate that was visible to the naked eye.....

In the main hall, everyone looked shocked

"How strange! Why did the spiritual energy concentration suddenly drop several times?"

"No! Already reduced tenfold"

"its not right! Reduced by twenty times....."

Everyone was a little dumbfounded.

The speed of spiritual energy decline in these four weeks is terrifying!

Some masters and god emperors who were meditating and practicing stopped their practice one after another and looked around in shock... In this way

, the change lasted for half an hour.

There is not a trace of spiritual energy around, and it is not as good as the outside world.

Everyone looked at each other, feeling inexplicably uneasy.....

"Lord Yingmeng, what happened outside?"

"Not sure!"

Ying Meng was also a little uneasy.

Such a change was beyond his expectation.....

At the same time, outside the inheritance place, in the starry sky.

That day, the outer world actually swallowed up all the spiritual energy in the entire chaotic star field, leaving no trace behind. It was far inferior to the outside world...

This was how a holy land of cultivation was turned into a barren spiritual energy.....

"Ding! Congratulations to the host for absorbing enough spiritual energy and breaking through to 71% of the lower level Dzogchen (Lord of the Universe)...the combat power has skyrocketed....."

"Ding! Absorb enough spiritual energy, and the perfection of Tianwaitian reaches 100%....",

"Ding! The connection between Tianwaitian and the Three Realms is successful, and the mode of entering the world outside the Tianwaitian is opened....."

"good! Finally finished!"

Qin Feng opened his eyes with joy.

The completion of the Tianwaitian structure this time actually allowed him to greatly improve his cultivation. However

, there are only twenty minutes left before the high-grade star master enters, and he must speed up the next operation.

Qin Feng Take one step into the air and disappear directly into the starry sky..

Chapter 717

The next second, Qin Feng returned to the small universe, gave Luo Li a few instructions, and entered Tianwaitian.

Not long after, Luo Li appeared in the hall.

Everyone in the hall was shocked

"Miss Luo Li, do you have any orders from Lord Qin Huang?", Ying Meng stepped forward to ask.

Everyone watched silently.

"Lord Yingmeng, my majesty's pagoda has been integrated with the map of mountains and rivers, turning into a special big world."

"You can practice and live in that world. The concentration of spiritual energy inside is ten times that of the outside world, and the time force field is also ten times that of the outside world."

Luo Li briefly described the situation in Tianwaitian.

The time force field of Tianwaitian is different from that of the small universe.

The time force field of the small universe has been increased to 130 times that of the outside world.

But the time force field of Tianwaitian is only 10 times.

But Yingmeng and others People were very excited after hearing this.

Although they can also change the time force field, maintaining the time force field requires a huge amount of soul power and is difficult to last.

If there is an area that can always maintain 10 times the time force field and the aura If it is strong, it is really a holy land for cultivation, and they are naturally willing to go there.

At this time, Luo Li said again:"This newly condensed world is called Tianwaitian. It has many wonderful uses, but there are conditions for entering it."

"Miss Luo Li, what kind of restrictions are these?", Yingmeng asked curiously

"This restriction is very simple, that is, we must sign a contract with my Majesty before"820" can enter. Otherwise, you won't be able to get in....."

Luo Li waved his hand, and a light door appeared in the center of the hall.

"Signing the contract is also very simple. If you send a ray of your soul into the light gate, you will automatically sign a contract with my Majesty. You will be able to pass through this light door and enter the outer world."

"Of course, you must be sincere in order for the contract to be signed successfully. Once the signing is successful, in the future, you can be summoned to enter Tianwai Tian as long as you silently recite the name of the Lord of Tianwai Tian in any corner of the universe....."

"Of course, you can also recite my Majesty's name silently, and you can also be summoned into the outer world. However, my Majesty is very busy with things. Things in Tianwaitian are managed by the Lord of Tianwaitian. Please try to disturb His Majesty as little as possible....."

Luo Li explained in detail again.

Ying Meng was curious:"What is the name of the Lord of Heaven and Earth?"

"Panzu!"

Everyone silently wrote down the name, and at the same time they were surprised that they could be summoned to the outer world just by calling the names of Panzu and Emperor Qin in their hearts.

If they encounter danger in the future, this is a way to escape.!

But to get this kind of benefit, you must first sign a contract with Emperor Qin.

Everyone began to weigh the gains and losses, and they were all a little excited.

At this time, Luo Li said again: "By the way, let me remind you all again. Once the contract is signed, it cannot be canceled. From now on, you will be treated as respectfully by my Majesty as I am. You guys have thought it through!"

As soon as these words were said, the whole place was in commotion.

Recognizing Emperor Qin as the emperor is not a problem at all.

But the signing of the contract cannot be eliminated, which makes people a little uneasy!

At that moment, many people started to have doubts.

But at this moment, A hearty laugh rang out from the crowd

"Ha ha!! Miss Luo Li is so frank, which shows that Mr. Qin Huang is magnanimous!"

The person who spoke was none other than Master Wufeng!

Everyone felt that it made sense.

If Emperor Qin had bad intentions, he would not have let Luo Li say those words.

"Miss Luo Li, I, Wu Feng, am willing to sign the contract!"

At this time, Wu Feng walked directly to the light door and sent in a drop of blood essence and a soul energy.

When the essence, blood and soul energy enter Tianwaitian, they are automatically absorbed by Tianwaitian.

The next second, a golden contract pattern automatically formed between Wu Feng's eyebrows.

The contract is established!

Wu Feng instantly had a telepathic connection with Qin Feng, and at the same time, Yupan Zu also had a telepathic connection.

Then, with a happy face, he stepped into the light door and entered easily.

As soon as Wu Feng entered, everyone's hearts fluttered.

Wu Feng is a mid-level star master!

Even the central star master is willing to sign, so what are they, the god emperor masters, still hesitating about?

"Miss Luo Li, we are also willing to sign a contract!"

At this time, Tiantong and Mingxu came out.

These two people were low-level star masters.

They had dealt with Qin Feng before and admired Qin Feng extremely.

Soon, the two also signed a contract and entered the outer world. God.

At this time, the gods, emperors and masters could no longer sit still and rushed forward to sign the contract.

"Lord Yingmeng, what are your plans?"

The middle-grade star masters looked at Yingmeng.

Yingmeng thought for a while and said: "I think Lord Qin Huang is extremely talented, and his future achievements will probably be higher than those of the high-grade star masters, and he is also quite protective of us. Why can't such an outstanding person follow?"

Hearing this, the eyes of the middle-ranked star masters lit up.

You are right!

Emperor Qin is so outstanding, so it is not a lucky thing for them to follow him.

At that moment, the middle-ranked star masters also stepped forward to sign the contract. Contract.

At the same time, in the small universe, the 33rd day of Tianwaitian came up.

Qin Feng was suspended in the sky, and system prompts kept ringing in his mind.....

"Ding! The contract between the middle-grade Star Master (Wufeng) and the host was successfully signed.....The host's faith has been enhanced...the life value has increased by 5 million.....,

"Ding! The contract between the low-grade star master (Mingxu) and the host was successfully signed.....The host's faith has been improved...the life value has increased by 500,000.....,

"Ding! The contract between the low-grade star master (Tian Tong) and the host was successfully signed.....The host's faith has been improved...the life value has increased by 500,000.....,

"Ding!....."

Next, Qin Feng's power of faith and destiny skyrocketed.

He was pleasantly surprised to find that as long as an elemental master above the God Emperor level signed a contract with him, his life value would be generated.

The higher the cultivation level, the greater the life value.

For example, the God Emperor has a life value of 500, the Overlord has a life value of 5,000, a half-step star master has a life value of 50,000, a low-grade star master has a life value of 500,000, a middle-grade star has a life value of 5 million..., after tens of thousands of people, the life value skyrockets.

Qin FengzuiAll you need is the life value, which can be promoted to the Hongmeng Holy Ring.

There will be such changes, which is the benefit brought by Tianwaitian.

Not only that, with the addition of these people, Qin Feng's power of faith has also skyrocketed.

These changes made Qin Feng very happy.

Of course, Qin Feng made some settings between Tianwaitian and Xiaouniverse.

People who come from outside the realm can only enter the outer world, not the three realms, let alone the small universe.

People in the small universe can enter and exit the three realms if their cultivation reaches the master level, and they can enter and exit the outer world if their cultivation level reaches the star master level.

In other words, Chu Chu and others can freely enter and exit the small universe.

This is equivalent to Qin Feng's small universe opening an entry and exit to the outside world.

In addition, after the death of those outsiders, their souls will return to the six realms of reincarnation, reincarnate in the small universe, and become natives of the small universe.

Just like that, a quarter of an hour passed in the blink of an eye.

All those tens of thousands of people signed the contract and entered Tianwaitian.

Qin Feng's power of faith skyrocketed, and his life value reached 370 million.

He directly spent 200 million life points to upgrade the Hongmeng Holy Ring to the thirty-third level, which was three levels short of the ultimate thirty-sixth level.

And Qin Feng's life value is still 170 million! , if you want to upgrade the Hongmeng Holy Ring to the thirty-fourth level, you need 300 million lives. You can only wait for the opportunity to continue collecting.....

"It's almost time....."

Qin Feng thought and went to the outside world again.

If there is no one in the chaotic star field, everyone in the Star Alliance has entered the outer world and become his believers0....., he raised his head and looked at the distant border. The barrier was in danger.

He must enter his strongest state.

He must be careful when facing a high-grade star master.

The next second, he thought.

The extremes of stars merge, the extremes of world merge, and the power of faith is instantly superimposed.

In the blink of an eye, his combat power surged to 50,000 Zi.

His current basic combat strength is 40,000 Zi.

Chu Chu, Yu Qilin, Zi Xing, and Bai Qi are the low-grade mid-term star masters.

Xuan Xi, Bao Bao, and Styx are low-level late-stage star masters.

Emperor Feng is the mid-term star master.

Coupled with the power of many beliefs, an additional 10,000 Zi can be stacked, and the total is 50,000 Zi.

The next second, he activated the cosmic golden transformation, which increased tenfold, and his combat power reached 500,000 Zi.

This is an invincible skill that cannot be weakened.

Then, Qin Feng had another thought.

The combination of Tianji is activated!

Panzu's 260,000 Zi combat power was superimposed. 丶

Qin Feng's combat power instantly reached 760,000 Zi

"760,000 yuan! You should be able to save your life in the hands of a high-grade star master!"

Qin Feng murmured, not sure in his heart.

After all, the combat power threshold of a high-grade star master is 3 million zi, and there are more special methods.,

"pity! Panzu is half human and half spirit, without a physical body. Otherwise, his combat power can also be enhanced by the cosmic golden body....."

Qin Feng looked regretful.

The cosmic golden body transformation is only effective on flesh and blood bodies, not half-human and half-spirit.

Therefore, Chu Chu, Ming He and others can merge together first, and then increase the size of the cosmic golden body.

Panzu can only increase his combat power after completing his golden transformation.

However, Qin Feng felt that there should be a way to transform Panzu's puppet body into a body of flesh and blood.

If the transformation is successful, Qin Feng's strength will be greatly improved.

"Qin Feng, is the time coming soon??",

"yes! Dad, are we almost here?"

The voices of Emperor Feng and his daughters rang in Qin Feng's mind.

At this moment, they were very nervous. Everything was coming to an end.

Qin Feng was about to face the greatest danger.

Just talking about Changbai and Yuan Qing would not let him go.

"It should be soon!", Qin Feng muttered.

As soon as he said this, there was one side between heaven and earth.

Click~! Click~!

A crisp sound resounded around the star field.

That was the sound of the barrier about to break.

The next second, the edge of the sky 0.7 cracks appeared in the invisible barrier, and dazzling rays of light came through.....,

Qin Feng dodged and disappeared on the spot, escaping into the White Tiger inheritance land.
.....

At the same time, outside the barrier.

The Ancient Lord, the Demon Lord and others all looked at the barrier in front of them silently.

"The barrier is about to be broken!"

"hey-hey! This time, I want to see who Emperor Qin is!"

The Ancient Master and others murmured.

They also glanced at the Creation Sky Monument on the side from time to time.

Qin Feng's name has risen to the Great Perfection Area of the Low-grade Star Master, high up and very dazzling.

This makes the Ancient Master and others hate it.

And Ziwei The Star Master and others looked anxious.

At this moment, the barrier in front crackled and completely broke.

"broken!"

"Find Emperor Qin quickly!"

The Ancient Master and others shot away one by one, rushing directly towards the chaotic star field.

"let's go!"

The five Ziwei Star Masters also followed closely....., and another star field.

Changbai and Yuan Qing also saw all this

"Senior brother, the barrier has dissipated! Let's go in too!"..

Chapter 718

Changbai and Yuan Qing also saw all this

"Senior brother, the barrier has dissipated! Let's go in too!"

At this moment, the two of them also flew towards the chaotic star field.....

On the other side, the Ancient Lord, Demon Lord and others were a little dumbfounded as soon as they entered the chaotic star field.

The starry sky is extremely lacking in spiritual energy. There is not even a trace left. It is not as good as the outer star field.

"Ancient Lord, this chaotic star field is a little weird! It hasn't been sealed here for tens of billions of years, so why isn't there a trace of spiritual energy?", the Demon Lord looked around in confusion.

The Ancient Lord frowned:"It's really weird!"

At this moment, the five Ziwei Star Masters also entered the chaotic star field and flew in five directions. The four major forces quickly separated five high-grade star masters, one after the other.

The rest also dispersed to search.

After them It seems that as long as they can find Qin Feng first, even if they can't do anything, they can still do something.

In a blink of an eye, everyone in the field left.

Changbai and Yuan Qing also followed in.

Changbai rushed to Yuan Qing immediately. The place of inheritance of Feng.

But Yuan Qing went to the place of inheritance of Emperor Shi.....

At the same time, the White Tiger inheritance place.

Qin Feng is already ready to join the Star Alliance.

His biggest threat now is not the Star Lords of the four major forces.

With the contract in place, the four major forces will not take action against him for the time being.

His biggest threats are Changbai and Yuan Qing.

These two people are extremely powerful, and there are no contractual restrictions, so you cannot meet them in advance.

Otherwise, you will be in danger.

Thinking of this, Qin Feng quickly gave the order to the shadow clone.

The next second, the phantom clone that had been hiding in the Holy Light inheritance place took the initiative to show up and performed the Tai Chi diagram.

The spiritual light rising from the sky broke through the sky, and billions of hexagram diagrams spread out in all directions.....,

07 This huge movement suddenly alarmed all the Star Lords,

"Where is the aura!"

"Right over there!"

"Could it be that Emperor Qin did it?"

"Go check it out!"

In an instant, the Ancient Lord, the Demon Lord, the Heavenly Lord and others rushed towards the location of the phantom clone.

Changbai and Yuan Qing, who were hiding in the dark, also saw it.

"Junior brother, this is your Tai Chi diagram! It must be that kid! Walk!"

The two sent messages to each other and immediately rushed in the direction of the phantom clone.

At the same time, Ziwei Star Master, Tianfu Star Master and others also discovered it.

The five star masters also hurried over.

They had to be the first to respond. Qin Feng, so as not to be tampered with by others.

But when the five people were on their way, there was movement on the summons token.

The five people quickly took it out and took a look, and there was a look of understanding in their eyes.

It turned out that the message was sent by Qin Feng, but it was to They rushed to the White Tiger Heritage Site to meet them.

It was clear that Qin Feng was planning to attack the east and attack the west, and he deliberately diverted other Star Lords to join them in advance.

At that moment, the five people quietly changed their direction and converged towards the White Tiger Heritage Site.

Among the five of them, the Lord of Tianfu Star is the closest to the Land of White Tiger.

However, he said that the Lord of Tianfu Star is rushing to the Land of White Tiger at full speed.

Not far behind him, there is also a man with thin cheeks.

This man is called Wu Qi is a high-grade star master from the scattered alliance.

Wu Qi's strength is considered weak among the high-grade star masters, but it is still easy to kill the middle-grade star master in seconds. It is a joke that all the top-grade and below-grade star masters are ants!

Wu Qi's mission this time , just to stare at the Tianfu Star Master to find Qin Feng.

Regardless of the means used secretly, Qin Feng's appearance and aura must be recorded.

At this moment, the direction he saw the Tianfu Star Master rushing towards did not seem to be the direction of the phantom clone. Can't help but feel strange

"Hello! Tianfuxing, are you running in the wrong direction? There's a bright light over there, and there's obviously someone there. Why are you rushing in this direction?"

"None of your business!"

The Master of Tianfu Star left a word and hurried away at full speed.

Wu Qi rolled his eyes in anger, secretly thinking that there was something wrong with this old thief.

He looked at the aura in the distance, and then at the Star Master of Tianfu, hesitating whether to Notify the Blue Master.

After a slight hesitation, he chased after the Tianfu Star Master and decided to take a look first before talking.....

In the blink of an eye, the Tianfu Star Master arrived in the sky above the White Tiger inheritance land.

Qin Feng sensed it and appeared directly

"Qin Feng!"

The Lord of Tianfu Star was filled with surprises.

"I've seen Xingzun!", Qin Feng saluted respectfully

"Ha ha!! As long as you're fine, there's no need to be polite. By the way, can you see Yingmeng and others?"

"They are all safe! Don't worry, Xingzun!"

As soon as he said these words, Wu Qi also arrived.

When he saw Qin Feng, he realized that the boy in white was a low-level star master.

Is this Emperor Qin?

He is so young!

"Boy, are you Emperor Qin?"

Wu Qi is arrogant and has no good intentions.

"That's right! I wonder if this senior has any advice?"

"Just admit it! I ask you, how did Blood Ancestor, Gu Keng and others fall?"

"I have been practicing here in seclusion, who knows what is happening outside!"

Wu Qi smiled coldly. This guy obviously didn't tell the truth.

"Then I ask you again, why has your cultivation improved so quickly in the past few days?" Wu Qi's tone was like questioning a subordinate.

Qin Feng was displeased:"Who is my senior?! Why should I tell you? Wu Qi frowned:"

Junior, you are very arrogant!! There has never been a low-level star master who dared to talk to me like this."

"Wu Qi, I think you are too arrogant. We from the Star Alliance, what qualifications do you have to question us? go away!"

Tianfu Star Master scolded him directly.

Wu Qi's face fell instantly, and the anger in his heart suddenly rose.

Tianfu was so disrespectful to him.

At that moment, he said angrily:"Tianfu, let this kid explain the cause and effect. He Maybe there is still life. Otherwise, it is hard to say whether he will survive two months later. You can protect him for a while, but you can't protect him for a lifetime!"

"Are you threatening me... huh? who?!"

Halfway through the words, Tianfu Star Master's expression changed slightly.

At this moment, a giant hand larger than the planet came out of the air and struck Qin Feng directly. Tianfu Star Master was keen and took action to fight. There was a burst of fighting.

The earth collapsed, and billions of stars shattered into pieces.

Two groans!

Tianfu Star Master and the sneak attacker sent out at the same time.

The next second, a person fell out of the void, it was Yuan Qing.

In the fight just now, Yuan Qing and Tianfu Star Master ended in a draw.

Wu Qi on the side was very surprised.

Tianfu is much stronger than him.

If someone can fight Tianfu, he is naturally much stronger than him.

"Who are you? Why do you want to attack people from our Star Alliance?"

At this moment, the Lord of Tianfu Star was extremely nervous and cautiously guarded Qin Feng.

The man in green robe in front of him was obviously not a member of the five major forces, which meant that this person had not signed a contract.

He could take action against Qin Feng.

But Qin Feng is just a low-grade star master. If he is hit by this person, his soul will definitely be shattered. He cannot be careless!

The more Tianfu Star Master thinks about it, the more uneasy he becomes.

He did not expect that there will be other high-grade star masters here.

Qin Feng But his face was calm.

He glanced at Yuan Qing silently, and recognized that this guy was the true form of the man in Qingpao.

The people of Fengtianmen are indeed not simple!

It is difficult to lure them away by simply turning the tiger away from the mountain.

On the other side, Wu Qi But he was excited.

The appearance of Qin Feng made the four major forces feel threatened. They had long wanted to get rid of him, but there were contractual restrictions.

"This friend, Wu recommends that you eradicate the root cause. Just don't take action! Now that you've taken action, you can't give up halfway! This Emperor Qin has extraordinary potential. If you don't die today, you will be in serious trouble tomorrow!"

Wu Qi was adding fuel to the fire.

Tianfu was furious:"Wu Qi, stop stirring up trouble!

Wu Qi sneered:"I'm not provoking, but telling the truth.""

Yuan Qing ignored the two of them and looked at Qin Feng proudly.

"We meet again!"

"What a pleasure to meet you!" Qin Feng looked calm.

Yuan Qing also smiled calmly:"As an Emperor Star, you are destined to bring the Xianchi Peach Blossom. There will be many women to help you in your life. My senior brother concluded that it was Lord Ziwei who saved you this time, so he secretly followed Lord Ziwei and prepared to sneak attack on you."

"But I know you are as cunning as a fox, so I am afraid you will do the opposite. So I secretly followed the Tianfu Star Master, but I didn't expect it to be like this! It seems that the final winner is me!"

Yuan Qing felt proud for a while, his expression full of confidence.

Tianfu Star Master's face changed slightly, and he suddenly felt bad.

But he didn't understand, if he was in his way, this guy could really hurt Qin Feng?

Why should he be confident?

"Friends, how about joining forces with me? I'll deal with Tianfu, you go kill Emperor Qin! Yuan

Qing looked at Wu Qi with a smile.

Wu Qi was stunned for a moment, then smiled bitterly:"You are joking, I am under a contract. If I violate the rules, I will be punished by heaven. Please don't harm me!"

"Why! This is a trouble 883!",

Yuan Qing sighed and looked up at the sky.

The ancient master of the universe is dead, and the ancient six paths have disappeared.

But the ancient heavenly law and divine punishment are still there, so all contracts can still take effect, and the rules of heaven and earth are still operating.

At this moment, A few more starlights lit up in the distance.

Jumen Star Master and Shenfu Star Master also rushed over.

Tianfu Star Master couldn't help but look happy.

Yuan Qing was helpless, it seemed that he couldn'tMy hands can no longer function

"My friend, I'm sorry!"

Yuan Qing suddenly turned around and said this to Wu Qi

"What?"Wu Qi was stunned.

The next second, Yuan Qing set up the Seal Technique.

The Divine Seal of Destiny was activated!

Destiny asked the heart!

A thread changed the fate!

Buzz~!

A soft groan!

Wu Qi's heart was shocked.

He had the intention of killing Qin in his heart. The thought of the wind.

But at this moment, his thought was strengthened ten thousand times by Tianming Wenxin.

His mind suddenly became hot, and he rushed directly towards Qin Feng, killing him with one punch.

Tianming Wenxin strengthened the thought he had , thereby changing his behavior and achieving the effect of changing his destiny against the will of heaven. This is a wonderful use of the Divine Seal of Destiny, but it requires a lot of soul power.

This time, in order to achieve his goal, Yuan Qing desperately urged Destiny Wenxin to To the extreme, his own soul almost collapsed.

But the effect was also very obvious. Wu Qi really took action against Qin Feng.

"Wu Qi, what are you doing?! Tianfu exclaimed and quickly took action to stop him.

"Lord Tianfu, your opponent is me!"

Yuan Qing stopped Tianfu immediately.

Wu Qi was in a deserted place and attacked directly in front of Qin Feng.

"Qin Feng, run away!"

The Tianfu Star Master yelled anxiously, and his heart sank.

A high-grade Star Master took action, and Qin Feng had a reason to survive.

But the next second, he was dumbfounded.

Not only did Qin Feng not escape, but he met Wu Qi s attack..

Chapter 719

But the next second, Tianfu was dumbfounded.

Not only did Qin Feng not escape, but he faced Wu Qi's attack.

"Qin Feng, what are you doing?"

Tianfu exclaimed, and the secret channel was completely over.

A low-grade star master and a high-grade star master had a head-on confrontation. Isn't this just sending him to death!

Yuan Qing, on the other hand, looked happy.

He secretly thought that Emperor Qin's brain was not working well.

But Wu Qi His face was full of ferociousness. At this moment, the murderous thoughts in his mind overwhelmed everything, and he had even forgotten about the contract.

He only had one belief now, which was to beat Qin Feng into a pulp.

Boom~Long~Long!

His The momentum was fully unleashed, and the fighting power of 3.6 million Zi was overwhelming, shaking the entire chaotic star field!

Wherever the momentum went, the space was shattered.

At this moment, even if the master came close, he would be crushed instantly....., extremely scary!

Qin Feng looked calm, and his momentum suddenly exploded, reaching 760,000 Zi.....

"Huh!"

Wu Qi was surprised.

It's really surprising that a low-grade star master can achieve such a combat power, far exceeding the middle-grade Dzogchen!

But in the next breath, he showed disdain.

Even if Qin Feng has a combat power of 760,000 Zi , compared with his 3.6 million Zi, there is a huge difference.

He can still kill this peerless genius in an instant!

When he thinks that this peerless genius will die in his own hands, he is so excited that his eyes turn red.

But at this moment, something happened Rebirth!

Buzz~! Buzz~! Buzz~!, behind Qin Feng, the golden wheel of merit, the holy ring of Hongmeng, and the red lotus of karma appeared one after another. The golden light of merit!

The black and yellow holy light!

The red light of karma!

The three lights intertwined, shocking the earth!

Eighty-three A terrifying increase of 20 times, breaking through the sky!

"This is...."

Wu Qi was finally moved!

Generally, low-level star masters have no means of increasing their power.

But there are three types of this kid!

Even Wu Qi had to admire him!

It's a pity that this boy met a high-grade star master!

Buzz~!

A clear cry!

A strange force field of heaven and earth radiated out in all directions with Wuqi as the center.

In an instant, the force field of billions of miles of void was changed, forming Wu Qi's true realm.

True meaning field: A high-grade star master can form his or her own true meaning by realizing a certain supreme true meaning to perfection.

The role of the field of true meaning weakens all positive reinforcement of the other party.

If you encounter the same level, it often has no effect.

It can have excellent effects on those whose cultivation level is lower than your own.

Therefore, the gap between middle-grade star masters and high-grade star masters is not only the difference in combat power, but also the limitations in the field of true meaning.

Buzz~!

In an instant, the golden wheel of merit, the sacred ring of Hongmeng, and the red lotus of karma behind Qin Feng became dim.

The increase of eighty-three times was halved to forty-one and a half!

Qin Feng was helpless.

If he condenses the image of the Third Ming King, no matter how strong the True Intent Domain of the top-grade star master is, it will not be able to weaken his increase.

This is the benefit of the Three Worlds Mingwang Statue!

Wu Qi was overjoyed when he saw that the field had an effect, and a golden holy wheel appeared behind his head.

The Holy Wheel produces the Eight Treasures Holy Virtue Pool in the Heavenly Realm, one produced every billion years.

Wu Qi's holy wheel is an intermediate holy wheel, which can increase the power by twenty times.

He paid a great price to get this from God.

With this increase of twenty times, the power of Wu Qi's punch skyrocketed, and the heaven and earth were instantly shattered.

"Hey!", Tianfu Star Master was completely desperate.

Yuan Qing opened his eyes wide with excitement.

He waited for Qin Feng to be killed, and then snatched the six paths immediately.

But at this moment, the mutation reappeared.

Qin Feng thought in his mind, the invisible projection of the sky outside the sky enveloped billions.

An alternative field force field was generated!

The shackles of heaven and earth appeared out of thin air!

Buzz~!

The power of the shackles suddenly locked around Wu Qi.

His holy wheel also dimmed instantly , the increase was halved!

Thirty-three days after the Ten Thousand Miles of Rivers and Mountains were merged into one, the function of the shackles of heaven and earth was still there. Its external effect was actually similar to the true meaning domain of the top-grade star master.

This made Wu Qi horrified.

Domain?

This A low-level star master also knows the realm of true meaning?

How is this possible!

At this moment, the attacks from both sides collided!

Boom~!

The huge explosion energy formed a mushroom cloud larger than the Milky Way, and all the surrounding planets were shattered.

Qin Feng Spurting out a mouthful of blood, he rolled backwards and flew back tens of billions of miles.

Wu Qi also flew backwards for more than a billion miles.

But in the next second, Qin Feng stabilized his body, his injuries recovered instantly, and his momentum was still at its peak.

This scene made both Tianfu and Yuan Qing dumbfounded.....

Aren't all the top-grade and the bottom-grade just ants?

Why couldn't Wu Qi kill Qin Feng instantly or even cause substantial damage to Qin Feng?

But at this moment, the starry sky shook violently!

Click~!

A dark golden lightning thicker than the planet struck down towards Wu Qi from the top of the endless sky....., click~! Click~! Click~! , wherever lightning passes, all space, all time, and all laws are shattered and turned into nothingness.....

"No!"

Wu Qi shouted in horror.

But it was too late!

The dark golden lightning struck him and engulfed him instantly...

The golden lightning illuminated the entire star field.....

In just an instant, Wu Qi was exploded, flesh and blood flew all over the sky, and even the pillar of luck was shattered....., but this is not over. The golden lightning turned into a spider-like electric grid, swimming in the blood mist, burning wildly, shattering Wu Qi's soul and true spirit.....

In the blood mist, Wu Qi kept screaming, and the lightning damage continued, and it seemed that it would last for a while.....

Qin Feng's eyes lit up when he saw this scene, and he immediately teleported and rushed over.....

At the same time, all the Star Lords were shocked by the golden thunder and lightning, and they all looked over in great surprise.

"It's the ancient God of Punishment Thunder!"

"Oh My God! Someone broke the contract!"

"who is it?!"

The starry sky echoed with the exclamations of the powerful ones.

In the next second, all the top-grade Star Lords turned into starlight and rushed here.

Many people were still muttering, who was so stupid as to dare to violate the oath?

Violated. The oath will not only be punished by heaven, but also be eaten by inner demons, and it will be difficult to break through in the future.

In order to peacefully coexist, the five major forces signed a restrictive contract with the highest punishment.

Even the top-level peak star masters did not dare to break the contract.

After all, that idiot broke the contract?.....

In the blink of an eye, the divine thunder of punishment dissipated.

In the blood mist, Wu Qi groaned repeatedly.....

He suffered not only from physical pain, but also from mental torture.

At the same time, he was wailing inwardly.

In this life, his cultivation has come to an end.

This is a contract with the highest punishment....., and at this moment, Qin Feng arrived.

As soon as Qin Feng arrived, he sucked in the blood mist energy from his palm.....

As soon as the blood mist entered his body, it was swallowed up and transformed by the six reincarnations...

Qin Feng's momentum was rising...

Wu Qi was seriously injured and did not recover for a long time.

Qin Feng came to suck his blood.

He was furious and wanted to take back the blood essence that had been sucked away, but was horrified to find that he had lost his senses.

"Damn it!"

Wu Qi jumped with anger.

The blood mist rolled and condensed into a physical body again.

But with this recovery, his fighting strength dropped to 3 million, which was equivalent to the loss of billions of years of cultivation.

And Qin Feng swallowed it After such a short period of time, his combat power surged to 800,000 Zi.

Of course, Wu Qi's combat power dropped sharply, mainly because he was severely injured by the divine thunder, and the energy absorbed by Qin Feng was in the minority.

But this has made him extremely accepting!

"

Wu Qi looked ferocious.

Qin Feng sneered: "You are going to kill me! Then why can't I fight back?!"

What did Wu Qi think of?

He quickly looked at Yuan Qing angrily

"Why do you want to harm me!"

"Why!", Yuan Qing shook his head.

He was a little disappointed with Wu Qi.

It's really embarrassing that a high-grade star master couldn't kill a low-grade star master.

It's true that this Wu Qi is weak among the high-grade star masters.

Wu Qi saw Yuan Qing just shook his head, said nothing, and was furious in his heart.

But at this moment, Qin Feng took the initiative to attack him.

"Boy, you are looking for death!"

"Ah! It's not certain who will die!"

The two sides fought together instantly.

This time, Qin Feng's strength increased.

Wu Qi's strength plummeted. The battle between the two ended in a draw!

Shenfu Star Master and Jumen Star Master just arrived.

They saw everything in front of them, and some I was confused.

Tianfu fought against a mysterious high-grade star master, and the two were on par.

Qin Feng and Wu Qi fought against each other, and they were even the same.

Just Tianfu!

When had Qin Feng been so strong?

"What are you two doing standing around? Still not helping!"

Tianfu Star Master shouted angrily. (Li Qianhao)

Yuan Qing saw that the situation was not good, turned around and left through the air.

Tianfu was stunned for a moment, this guy is really not a human being, he left just as he said, but it was harmful What a tragedy for Wu Qi.

The next second, he shouted excitedly:"You two, Wu Qi broke the contract!"

As soon as these words came out, Shenfu and Jumen noticed that Wu Qi's face was pale and he was obviously seriously injured..., and they were immediately overjoyed.

"Do it!"

The next second, Tianfu, Shenfu, and Jumen rushed towards Wu Qi at the same time.

"You...what are you going to do...ah! ah! ~! Fang!"

In an instant, Wu Qi was surrounded by Qin Feng and four others, screaming miserably...

It turns out that as long as someone makes an appointment, that person can be attacked by anyone.

How could the three people from Tianfu miss such a great opportunity.

Three They joined forces with Qin Feng and carried out the most brutal beating on Wu Qi.

Qin Feng also summoned the shadow clone and joined the battle group..

Chapter 720

This siege was extremely brutal.

Every so often, Wu Qi was exploded again...

Qin Feng took the opportunity to swallow the blood mist.

Wu Qi was horrified and desperately tried to resurrect...

But as soon as he recovered his body, he was exploded again, and Qin Feng once again swallowed the blood mist...

In this way, Qin Feng became stronger as he fought, while Wu Qi's strength became weaker and weaker...

Tianfu Star Master and others also became more and more frightened as they fought.

They could sense that Qin Feng was getting stronger.

What's even more terrifying is that Qin Feng can actually swallow the soul fragments and true spirit fragments of high-grade star masters.

This is equivalent to saying that Qin Feng has the means to kill high-grade star masters.

A low-grade star master can have the means to kill a high-grade star master, which is very scary!

In fact, what Wu Qi fears most now is Qin Feng.

Although the three people from Tianfu are very strong, it is extremely difficult to destroy his true spirit...

But Qin Feng can destroy his broken spirit in a few seconds.

Wu Qi was extremely frightened and tried his best to escape, but was trapped by Qin Feng and four others...

Wow~! Huh~! Huh~! , more and more Star Lords arrived.

They were all shocked by the scene before them

"Tianfu, what are you doing?!"

A Demon Realm Star Lord yelled loudly

"Tianfu, please stop quickly!"

Another Tianyu Star Lord scolded.

Tianfu said coldly: "Wu Qi ignored the contract and killed people from our Star Alliance. How can we let him go!"

"ah~! "

All the stars exclaimed!

It turns out that the person who broke the contract was Wu Qi!

Many Xingzun secretly thought that Wu Qi was stupid.

No matter how impatient he is, he still has to wait until Contract 190 is over to take action. , if you take action now, you will not only be punished by heaven, but your inner demon will also eat your soul, and you will lose the possibility of advancement for life. It is not cost-effective!

"Hey~! This guy is really....."

The stars shook their heads helplessly and could only watch silently. No one dared to go up to rescue them.

If they come to the rescue, they will definitely collide with Tianfu and others.

At that point, they are in violation.

Unless the rescue method is extremely clever, there will be no collision with Tianfu and others.

They can't do this.

Unless the top-level pinnacle star master comes, Wu Qi may be rescued without breaking any rules. pity!

The Ancient Lord, the Demon Lord, the Heavenly Lord, and the Blue Lord were all fooled by Qin Feng, and were sucked in by the phantom clone before.

The four of them were the fastest and ran over first.

Now, the four of them are farthest from the battlefield, and they are the last to arrive.

This move to lure the tiger away from the mountain still played some role.

In the blink of an eye, Wu Qi was killed half to death.

Qin Feng's combat power has skyrocketed...

The Star Lords of the four major forces were anxious to see it, but they had no choice but to feel extremely depressed.....

At this moment, they also noticed.

Among the three people of Tianfu Xingzun, there is also a young man in white.

The young man in white was obviously just a low-grade star master, but his combat power and aura far exceeded that of a middle-grade star master, and it was infinitely close to 900,000 zi, which was unbelievable.

What's even more shocking is that this young man seems to be able to swallow human blood with strange methods.....

"Who is this boy in white?"

"Couldn't he be Emperor Qin?"

The Star Lords whispered.

After saying these words, the changes in the field regenerated.

Wu Qi finally couldn't hold on any longer.

At this moment, his combat power had dropped to more than 2 million, and his soul and true spirit had been weakened to the extreme..... 丶

The person who caused him the most harm was Qin Feng, not the three people from Tianfu.

Wu Qi was so frightened that he wailed loudly at Qin Feng

"Emperor Qin, don't kill me! Please don't kill me!!"

This scene immediately made all the Star Lords dumbfounded.

This young man in white is really Emperor Qin!

What they didn't expect was that Wu Qi did not beg for mercy from the three people in Tianfu, but instead begged for mercy from a low-level Star Lord. What a strange thing!

These things Xingzun has just arrived and hasn't figured out the trick yet.

"Emperor Qin! I was wrong! Do not kill me!", Wu Qi continued to beg for mercy.

"When you attacked me, did you ever think of sparing me?"

"I was harmed by someone! I didn't really want to do anything!"

"Ah!"

Qin Feng sneered.

At this point, if he lets Wu Qi go again, it will be like letting the tiger go back to the mountain, which is absolutely impossible.

With this in mind, he invoked the sword technique, and the four divine swords of Sealing Heaven shot out, instantly killing Wu Qi. He was strangled to pieces.

The next second, he spit out his palm and sucked the essence and blood wildly.

"No~! Master Lan, save me!"

Wu Qi screamed miserably.

The sound of sorrow resounded throughout the Chaotic Star Territory. The Blue Lord in the distance heard it and jumped with anxiety. There was only one high-grade peak leader and two top-grade star masters in their alliance. If Wu Qi died, the scattered alliance would be broken.

The alliance suffered extremely heavy losses!

"stop!"

Master Lan shouted sternly.

The penetrating power of the sound was so strong that all the Star Masters were shocked and their blood was boiling with fear on their faces. The expressions of the three Tianfu Star Masters could not help but change slightly, and they were afraid. The top-grade Star Master vs. the top-grade Star Master Dingfeng has a natural fear!

But Qin Feng did not relent, but accelerated his attack.

He knew that if Wu Qi was not destroyed today, he would become a big trouble in the future.

At this moment, he sacrificed the Sealing Heaven Formation.

Sealing Heaven Sword Formation 1 Success, billions of sword rays strangled crazily.

The phantom clone also used the Tai Chi diagram, shooting out thousands of golden rays, killing crazily.....,

"(ahce) little thief! you wanna die!" Master Lan was so angry that his eyes were red.

Although they were far apart, Master Lan saw everything Qin Feng did.

He stopped, and Tianfu and others were obviously slow to attack.

But the little thief in white was Instead, he accelerated his attack, clearly not taking himself seriously.....

"Little thief, try again!"

Master Lan hurried on as fast as he could while issuing a stern warning...

But as soon as he finished speaking, Qin Feng launched his strongest blow, directly bombarding Wu Qi's true spirit to pieces.....

The shrill screams penetrated countless spaces and penetrated the depths of the soul.....

Qin Feng took the opportunity to swallow with all his strength, and swallowed up the huge blood mist in one go...

The six paths of reincarnation in his body also rotated rapidly, erasing all the marks of the true spirit...

In just a moment, Wu Qi completely died...

The heaven and earth seemed to be sensing. , the starry sky dimmed, and blood rained in the boundless starry sky.....

The entire universe and countless sentient beings feel sadness in their hearts.....,

Star Lord has fallen, and the world and the earth are sad!

Wu Qi actually fell!

Blue Master almost collapses

"Little thief, I'm going to tear you apart!"

He turned into starlight and came at full speed, galloping like a dragon, causing the starry sky to tremble...

Qin Feng ignored it and closed his eyes to absorb the energy.....

"Ding! Successfully killed the high-grade star master.....Obtain karma value of 500 million....."

"Ding! After successfully killing the high-grade star master, the host gained a massive amount of energy, and his cultivation level broke through to 87% of the early stage of mid-grade (Lord of the Universe)... The overall combat power was increased to 1.5 million Zi....."

"Ding! Remind the host that your small universe will expand as your cultivation level increases. The host breaks through to the middle level, and the scope of the small universe expands ten times, and has been promoted to a medium universe....."

Qin Feng opened his eyes happily.

Killing a high-grade star master actually caused his cultivation level to directly break through to 87% of the early stage of mid-grade, which is not far from the middle stage.

And the small universe has expanded ten times, which means that more life planets have been born, and he can send people to develop them.

That also represents a lot of potential merit!

"Huh! Emperor Qin made a breakthrough!"

The Star Lords were surprised.

Qin Feng's methods shocked them again and again.

Looking at Qin Feng's combat power and momentum, it has reached 1.5 million Zi.

Is this really just an ant?

If Qin Feng's super increase is also included, It is completely comparable to the top-grade Star Lord.

All the Star Lords are ants!

This iron law was broken by Qin Feng.

At this moment, the mood of the Star Lords was extremely complicated, and the atmosphere in the field was a bit depressing.

And the three of Tianfu, Jumen, and Shenfu But people admired and admired Qin Feng.

At this time, Qin Feng looked at the battlefield. In addition to the faint smell of blood, there was also a holy wheel and a storage ring floating in the void.

"Qin Feng, please accept these!"

The Lord of Tianfu Star waved his hand and gave all the trophies to Qin Feng.

Qin Feng did not refuse and put them away directly.

Now surrounded by enemies, it is not the time to be polite.

But at this moment, the blue master's incomparable sound sounded in the distance angry roar

"Little thief, you are looking for death!!"

As the voice fell, the Blue Lord arrived in a blink of an eye. The mighty power of heaven came in an instant, oppressing the world to pieces.

The whole audience was afraid!

The three people in Tianfu were frightened.

The suppression of that level made the three of them very uneasy.

But At this moment, a clear voice fell from the sky

"Master Lan, what are you crazy about?"

Soon, boundless spiritual flowers and fragrant beads fell one after another.

A woman with supreme majesty in her beauty fell from the sky and landed in front of Qin Feng.....

Star Lord Ziwei has also arrived!...
