Chapter 721

"The Purple Lord is here too!"

The crowd was in commotion.

The three people in Tianfu were at peace.

As expected, Master Lan's anger calmed down.

As soon as the Ziwei Star Lord arrived, it was like a needle that calmed the sea, and everything calmed down.

Qin Feng looked at the beautiful master's back and secretly breathed a sigh of relief.

Although his strength has greatly improved, he is not arrogant enough to dare to challenge the master of the top-level pinnacle star.

The combat power range of high-grade star masters is from 3 million to 8 million. , the threshold for the top level is 20 million zi.

Therefore, high-grade star masters are naturally afraid of top-grade peak experts.

As for the high-grade Dzogchen, it is even stronger!

A top-grade peak powerhouse cannot instantly kill a top-grade star master.

The top-grade Dzogchen can instantly kill the top-grade peak!

This is the gap!

Fortunately, there is no high-grade Dzogchen Star Lord in this universe yet.

Otherwise, this universe would have been unified long ago

"Zi Zhu, your people killed Wu Qi, how do you explain it?!"

Master Lan tried his best to suppress the anger in his heart.

Master Ziwei said coldly: "Wu Qi broke the contract first and deserves to be killed. Why do you need to explain!"

"you.....", Master Lan was so angry that he rolled his eyes.

"If you are not convinced, you can also break the contract!", Ziwei Star Lord sneered

"You've gone too far!"

Master Lan was so angry that his body was shaking, but he didn't dare to take action against Qin Feng. Even he didn't dare to say that he could withstand the punishment of divine thunder and heaven.

Even if he could, the Tao-eating inner demon that followed would It will seriously affect his future cultivation progress.

In the whole world, if there is anyone who is not afraid of divine thunder and punishment and Tao-devouring inner demons, it is only the top-grade Dzogchen Star Master.

But such a peerless powerhouse has not been born yet.

I thought about it. For a while, Master Lan resisted his impulse and did not dare to break the contract.

Besides, even if he took action, he was no match for Master Ziwei. Among the top five top-level experts, Master Ziwei ranked first in strength, followed by the Ancient Master.

At this moment, the Ancient Lord, the Demon Lord, and the Heavenly Lord also arrived one after another. As soon as the three of them arrived, they looked at Qin Feng. They saw what Qin Feng did from a distance.

The young man in white acted decisively. He was ruthless and a daring person.

What surprised them even more was that Qin Feng was only at the early stage of middle-grade cultivation, but his combat power reached 1.5 million. You must know that the combat power of ordinary early-stage middle-grade star masters was also just 0.3 to 0.5 million.

The strength of this boy in white is really abnormal!

The three ancient masters looked at the Golden Wheel of Merit, the Holy Ring of Hongmeng, and the Red Lotus of Karma behind Qin Feng, and they were filled with envy.

These three amplitude methods, it would be great if a top-grade star master could master one kind.

This boy can actually master three!

The three ancient masters were naturally envious.

At the same time, they were also surprised.

Gods and demons cannot coexist, and merit and evil cannot coexist!

With the Golden Lotus of Merits, people who own the Karma Red Lotus cannot have the Karma Red Lotus. In the same way, those who have the Karma Red Lotus cannot have the Golden Wheel of Merit.

But Qin Feng can have both, which is surprising.

In short, Qin Feng's excellence has brought them There is tremendous pressure and deep threats.

If this child is not eliminated, it will become a serious problem!

"Ancient Lord, Demon Lord, God, you have come at the right time! Zi Zhu's men killed Wu Qi but didn't give any explanation. What do the three of them think?!"

Blue Master asked deliberately, wanting to put pressure on Ziwei Star Master.

Ancient Master said hurriedly:"Zi Master, everyone has been killed, can't I give one explanation? Don't you care what everyone thinks?!"

Ziwei Star Master smiled coldly:"The four of you are a group, what do you think, and what does it have to do with me? In short, if anyone dares to breach the contract, we will take action!"

"you.....", the ancient master was so shocked that he was speechless.

God frowned:"Zi Lord, we won't worry about Wu Qi's death because of his breach of contract. Can his storage ring and holy wheel be returned to the disbanded alliance?""

"dream!", Ziwei sneered.

This guy must have lost his mind!

The Demon Lord sneered:"Zi Lord, don't be too arrogant! Now, we have a contract and cannot do anything. But don't forget, the contract is only for two months. Have you ever thought about the consequences once the deadline expires?"

These words are a naked threat!

The atmosphere in the venue was instantly depressed!

Tianfu Xingzun and others frowned.

Ziwei Star Lord sneered:"No matter what we do, you will take action against the Star Alliance. Why be so hypocritical?! Demon Lord, you better stop talking nonsense. If you dare to come, then come. Our Star Alliance has never been afraid of anyone!"

These words completely made their position clear.

Everyone's expression changed!

"Purple Lord, so brave! Demon Lord, God Lord, Blue Lord, let's go!"

The Ancient Master smiled coldly.

At that moment, the four major forces stopped talking nonsense and left together.

Before leaving, Master Lan gave Qin Feng a cold look.

In the blink of an eye, the Star Lords of the four major forces left. Far

"Great Star Lord, these guys left together, and the next step should be to discuss how to deal with our Star Alliance!"

The Earthquan Star Master looked worried.

The Jumen Star Master sneered:"They have become bare commanders now, and it is difficult for all the forces to find a master. Even if there is a plan, they should take action themselves. That should be two months later"

"Let's not talk about this for now, let's go back too!"

Ziwei Star Master waved his hand, and the void trembled and rumbled.

Then, a huge planet appeared in front of the six people. It was the Star Alliance's planetary aircraft.

The next second, Qin Feng and the five star masters entered the planetary aircraft..After a moment, the planet turned into a stream of light and flew towards the headquarters of the Five Polar Stars..... \

0.....Asking for flowers....., in the blink of an eye, the chaotic star field became silent and became a lifeless dead area.

After the people from the Star Alliance were completely gone, a void shook.

Changbai and Yuan Qing came out.

The two of them looked at the direction Qin Feng left with gloomy expressions.

"Senior brother, the situation is over!", Yuan Qing was heartbroken.

Tens of billions of years of planning were ruined in one day, and he also set up a Tai Chi diagram.

Changbai was also extremely depressed.

He wanted to sneak attack Qin Feng from beginning to end.

But Ziwei Star Master seemed to have realized it early, and kept The secret guard prevented him from taking action...

Couldn't that woman be another empress of Emperor Qin?

Changbai frowned.

He changed his fate against fate and abolished half of Shi Feng's title of empress. Naturally, there would be another one A woman filled in the gap.

Could it be that the person who filled the vacancy was Lord Ziwei?

This thought made him depressed.....,,

The master of Ziwei Star is no less outstanding than Shi Feng back then, or even better.

With the help of this woman, the Emperor Star is even more powerful!

However, the relationship between them has not developed to that stage yet. It seems that the two of them still have a master-student relationship...

What a pity!

According to destiny, Master Ziwei, the master, will eventually be fucked by her good disciple.....

The more Changbai thought about it, the more depressed he became.

According to this momentum, his tens of billions of years of defying fate and changing his destiny have not only failed to weaken the power of the Emperor Star, but have made him stronger and stronger.

However, his change of destiny also caused the Emperor Star to suffer an extra disaster!

This disaster should fall on the four major forces.

As long as the Emperor Star can survive this disaster, it will be a blessing in the future.

If it fails, the Emperor Star will be beyond redemption!

"Senior Brother, all the benefits are now taken up by the Emperor Star, and even my Tai Chi Diagram has been lost.....", Yuan Qing sighed.

Hearing this, Changbai was also a little depressed.

The Hongmeng Holy Ring that he had accumulated over 30 billion years was also lost.

"Junior brother, do you want to take revenge?"

"How to take revenge?"

"A great calamity is coming to the Emperor Star, and it should be from all directions. You and I can unite with them to attack the Emperor Star! Of course, you can also act in secret....."

"The power of the four directions? Senior brother, are you talking about the ancient realm, the demonic realm, the heavenly realm, and the scattered alliance?"

"Exactly!"

Yuan Qing smiled slightly: "I'm afraid that the second senior brother has already taken action first."....."

"That guy Xuan Ming... Haha!", Changbai sneered.

The next second, the two figures disappeared into the void.

From the beginning to the end, the two of them did not tell each other's plans, but they each had their own plans..

Chapter 722

At the same time, on the planet aircraft.

In the meeting hall, Lord Ziwei and the other five stars eagerly asked Qin Feng

"Qin Feng, Yingmeng and the others, are they okay?", Ziwei Star Lord asked with concern

"Master, they are all safe!"

Qin Feng waved his hand, and Ying Meng, Wu Feng and others appeared out of thin air. The entire hall was almost full. The five star masters took a closer look, and almost all of them were middle-grade star masters, low-grade star masters, half-step star masters, and masters. No less, I was immediately overjoyed.

This time the five major forces fought for the opportunity, and the Star Alliance won a great victory!

"I've seen Xingzun! I have met Mr. Qin Huang!"

When Yingmeng and others saw the presence of the Five Star Lords, they all paid homage to him.

Then, everyone paid homage to Qin Feng with great respect.

The Five Star Lords were amazed.

Qin Feng actually subdued everyone in such a short period of time, and even Even the middle-grade star masters have been subdued, which is really extraordinary.

"You go down!", Ziwei Star Lord lightly ordered

"yes! Big Star Lord!"

Yingmeng and others left respectfully.

Qin Feng did not stop him.

With Tianwaitian, no matter where in the universe Yingmeng and others are, he can gain the power of faith from Yingmeng and others as long as he activates the Seal of Faith.

This is The magical effect of Tianwaitian, there is no distance limit for the superposition of beliefs.

Therefore, he allowed Yingmeng and others to leave.

In a blink of an eye, only Qin Feng and six people were left in the hall.

Only then did Ziwei Star Master look at Qin Feng and looked at it carefully.

Looking at She was filled with emotion at Qin Feng's unparalleled handsome face.

This disciple always impressed her, and she couldn't even figure out where the limit of his potential was.

After just thinking about it, she found it unimaginable.

It seemed that destiny was given to him by fate. The other half I arranged is really excellent...

With this thought, a strange color flashed across the eyes of Ziwei Star Master

"Qin Feng, with your current strength, can you fight against a high-grade star master?"

Ziwei Star Master stopped thinking wildly.

"Master, if you encounter a weak high-grade star master like Wu Qi, your disciple will not be afraid at all. But if you encounter someone with strong strength, you may be at a disadvantage."

The stronger the high-grade star master is, the stronger the true meaning field will be, and the greater the suppression of Qin Feng's increase.

Therefore, when Qin Feng encounters a strong high-grade star master, the increase advantage will not be obvious.

Unless he condenses the third generation Ming King Like, there is no need to worry about the realm of true meaning.

However, after hearing this, Star Lord Ziwei showed joy.

The four Star Lords from Tianfu and Jumen were also overjoyed.

Qin Feng's meaning was obvious. He already had the combat power of a top-grade Star Lord. It's just that the top-grade star masters are on the weaker side.

This is enough!

Tianfu Star Master even stroked his beard and smiled and said: "Qin Feng does have the strength of a top-grade star master. Before, he was still a low-ranking Dzogchen, and he was at a disadvantage when facing Wu Qi. Now that he is in the early stage of middle level, if he fights Wu Qi again, he will definitely be stronger."

As soon as these words were said, all the Star Lords nodded in agreement.

Everyone looked at Qin Feng with a little more respect.

Unknowingly, the Star Lords had treated Qin Feng on an equal footing.

The Divine Auxiliary Star Master also said happily: "Great Star Lord, if you include Qin Feng, our star alliance has the strength of five high-grade star masters, and one top-grade pinnacle is much stronger than any other force!"

Ziwei Star Master smiled bitterly: "Now is not the time to be happy. If it's just one-on-one, no force can be our opponent. Even if it's one against two, we in the Star Alliance are not afraid"

"But the key to the problem is that the four major forces are joining forces. In this way, they have four top-level pinnacles and eleven top-level star masters. Two months later, I still don't know what crazy moves I will do!"

Hearing this, all the Star Lords frowned and felt sad in their hearts.

Star Lord Ziwei said again: "However, we don't need to be pessimistic. Although the high-end combat power of our Star Alliance is insufficient, we have many middle- and low-level star masters, half-step star masters, masters, and god emperors."

"With the help of these huge lower-end combat capabilities, we can activate the Five-pole Star Formation to defend and attack....."

As soon as these words were spoken, the eyes of all the stars lit up

"The Great Star Lord is right! The five-pole star formation controls the sky and the earth and is unbreakable. Even if their combat power is several times stronger than ours, they will still be difficult to defeat."

"yes! As long as we can hold on and survive this most difficult period, the future belongs to our Covenant. Their talents below mid-level star masters are almost cut off....."

"I'm afraid that if they have foreign aid, it will be difficult....."

"Ah! Now in the universe, except for the four major forces, it is difficult to find foreign aid....."

Several Star Lords were talking about it.

The Master of Ziwei Star interrupted:"Let's not discuss these for now! After returning to the headquarters this time, gather all the peripheral available strength....."

"Great Star Lord, what standard?"

"It can be called by anyone above the God Emperor! After the four of you go back, prepare your formations on your respective polar stars! I am responsible for Ziweixing!"

"yes! Big Star Lord!"

The four stars respectfully accepted the order.

This time, the Star Alliance is ready to fight with all its strength.

The five-pole star formation is their last resort.

In fact, the nests of each major force have their own protective towers. The formation.

The old nest of the scattered alliance is the Three Talents Formation of Heaven, Earth and People!

Unfortunately, Wu Qi fell, and the three talents formation lost one person from the main formation, and the protection of the scattered alliance nest was greatly reduced.

This is also one of the reasons why the blue master is extremely angry.

As for the There are four high-grade star masters in the Demon Realm and the Heavenly Realm each, and their lair protection array is the Four Elephants Array.

There are five top-grade star masters in the Ancient Realm, and the lair protection array is the Rebellion Five Elements Elemental Array.

In short, these are super enhanced versions of the grand array. , the array eyes require the strength of a high-grade star master to operate.

"Master, you all have a mission. What is the disciple's mission?"

Qin Feng also wants to contribute his own strength

".Just practice in seclusion! Qin

Feng was stunned:"Master, the crisis of the Star Alliance is coming, how can I stand by and watch?"

Ziwei Star Master shook his head:"The five-pole formation only requires five formation eyes. You can't help at the moment. Besides, your cultivation speed has always been extremely fast, and your potential for improvement is huge. If you can improve your strength in the next two months, it will be the greatest help to us!"

Tianfu Star Master nodded:"Qin Feng, the Great Star Master is right! It's hard for the five of us to make any progress until we reach the upper level, and we won't make the slightest progress after

two months of hard training. On the other hand, you are at the early stage of middle-level cultivation and have huge room for improvement!"

As soon as these words were said, everyone nodded, feeling that it made sense.

Qin Feng also felt that the same was true.

Lord Ziwei also said:"Qin Feng, if you need any resources or help, just ask. Although we have the Five Great Formations as our last resort, we are still passive after all."

"If the four major forces find some foreign aid, such as ancient relics and demons from outside the world, our five-pole formation will not be able to hold on."

"To put it bluntly, the five-pole formation is just a delaying tactic and can only allow us to survive for a while. If the Star Alliance wants to truly escape danger, it may depend on you!"

The five stars all looked at Qin Feng with serious expressions.

Qin Feng was surprised:"Master, how do you say this?"

Ziwei Star Master said helplessly:"The Star Alliance wants to completely resolve the crisis unless there are two top-level peaks. At present, you are the most promising person to become the second top-level warrior with peak combat power."

"Of course, with your potential and talent, it is possible for you to reach the top level of Dzogchen in the future, not to mention reaching the pinnacle of top level. What you lack most right now is time"

"It's a pity that the four major forces will not give you enough time. I estimate that if our five-pole star array can last for two to three years at most, energy resources will be tight. If you cannot reach the peak strength of high-grade within two or three years, the Star Alliance will be in danger....."

Speaking of this, the five Ziwei Star Masters all cast eager glances at Qin Feng.

Qin Feng suddenly realized it and felt pressured.

It seems that the Five-pole Star Formation consumes a lot of energy, and even with the power of the Star Alliance, it cannot sustain it for a long time!

Then he must find a way to break through his strength as soon as possible

"Qin Feng, can you tell me, is there any way to improve your strength as soon as possible?", Ziwei Star Lord asked

"Master, there really is a way. To be honest, I have understood the Divine Seal of Faith. If everyone in the Star Alliance signs a contract with me, then my power of faith will be greatly improved, and my overall strength will naturally be improved....."

"Huh! Belief in the Divine Seal ranks among the top ten in the Supreme True Meaning, and it is God's support. I didn't expect you to realize it too!"

Ziwei Star Master was surprised.

She knew that Qin Feng had already understood creation, but she didn't expect to understand faith. It was really not easy!

The four Tianfu Star Masters were also dumbfounded.

Then, Ziwei Star Master said again: "This matter is easy to handle. I will ask Yingmeng to do it and let everyone in the Star Alliance sign a contract with you....."

Qin Feng was overjoyed: "Thank you, Master!"

The Star Alliance has a huge number of members, with more than 10 billion people on the five polar stars.

If these people are willing to sign a contract with themselves, it means a huge power of faith and a huge number of lives.

Fate value is what Qin Feng wants most urgently.

If he could break through to the thirty-sixth level as soon as possible, he would be able to condense the statue of Fudo Myooh.

By then, he would be closer to the top.

Qin Feng was excited when he thought of this.

He will arrange for Panzu and Luo Li to deal with this matter and try his best to accept those contractors.

In addition, his universe has become a medium universe, expanded ten times, and many more life planets have been born.

He also needs a lot of manpower to develop the planet and help him collect merit.

At this time, Star Master Ziwei said again: "Qin Feng, I will give orders to the entire star field. Whether they are willing to sign a contract depends on their personal wishes and cannot be forced. Otherwise, they will be alienated!"

"Master, I understand! Everything is voluntary and will not be forced!"

Qin Feng answered simply.

The contract is voluntary and cannot be forced.

However, he believes that middle-level star masters such as Ying Meng will show up to speak out, and the Star Alliance is in a critical situation.

As long as Star Alliance members are truly willing to overcome the difficulties together, He would still be willing to sign the contract.

Later, Lord Ziwei and Qin Feng discussed the specific matters of signing the contract.

With Panzu controlling Tianwaitian, he can open the entrance anywhere in the five polar stars, and the contract will be signed quickly.

When the time comes, Qin Feng will sign the contract even if he is an eight-star elemental master. No matter how weak the eight stars are, they can still provide some power of faith.

With the existence of Tianwaitian, these people can provide Qin Feng with faith in any corner of the universe, as long as Just have a contract.

Secondly, signing a god emperor is worth 100 lives, a reincarnation realm is worth 10 lives, and the emperor is 1 life.

There are tens of millions of members above the emperor on the five polar stars.

That symbolizes There are billions more lives, waiting for Qin Feng to harvest.

Thinking of this, Qin Feng felt secretly happy.

Soon, the meeting ended.

Ziwei Star Master and the four major star masters each arranged their subordinates.

Qin Feng was also ready to implement it His own plan.

Naturally, he will not wait until his strength reaches the peak of high-grade.

He has already thought of a way to counterattack in advance.

By then, the four major forces will definitely be surprised..

Chapter 723

A quarter of an hour later, the small universe, the Heavenly Palace.

In the meeting hall.

Qin Feng sat on the tall throne, and Luo Li stood aside.

In the hall, hundreds of God Emperors stood there tremblingly, not daring to look up at Qin Feng.

The hall was so quiet that you could hear breathing.

Qin Feng looked down at the emperors and swept his eyes across them.

These God Emperors are specially selected captives from the Heavenly Realm, the Demonic Realm, and the scattered alliances.

"Your Majesty, can you speak??" Luo Li asked in a low voice.

Qin Feng nodded slightly.

Luo Li took the order and looked at the emperors

"Everyone, I am calling you here this time to give you a great opportunity to make meritorious deeds. As long as you can seize this opportunity and make great achievements, you can eliminate your status as a prisoner and become His Majesty's subordinates."

After saying this, the whole audience was excited.

All the captives looked at Luo Li excitedly.

As captives, their status in the small universe is comparable to that of slaves. They have to complete heavy work every day, and in the end there are no cultivation resources available, and it is difficult to cultivate. Not only that

, any low-level elemental in the small universe can command them.

They have no status at all.

In days like this, they can't see the day when they can get ahead.

But now there is an opportunity to eliminate the identity of the captives, They were naturally moved.

What's more, being able to become Emperor Qin's subordinates was a noble existence in the eyes of these captives.

The long-term life of captives has caused their values to shift.

"Lord Luo Li, what kind of opportunity is this to make meritorious deeds?"

Some prisoners can't wait.

Luo Li said quietly:"It's just a mission! To put it simply, it is an undercover mission. This time, we will send you back to your respective hometowns and let you work as undercover agents."

"However, in order to keep the mission secret, some restrictions will be placed on you. This restriction is very cruel. Once you reveal your identity, your body will self-destruct, your soul will be wiped out, and you won't even have a chance to reincarnate."

"In addition, once you are suspected by others and someone wants to check your memory, the secret technique will also be triggered, causing you to self-destruct on the spot and your soul will be wiped out without any trace left....."

These words made the emperors panic

"Ah~! This... this... this is too dangerous!"

"yes! Once someone suspects us, as long as he checks our memory, we will be dead!"

The crowd kept muttering, and many God Emperors began to give in.

This undercover mission is too dangerous.

Unless it is not discovered, once it is discovered, it will be death!

However, there are still some God Emperors who are tempted. Instead of spending their whole lives being a prisoner, why not try your best to become a master!

"Lord Luo Li, how long will this undercover agent last?"

"Of course, until your undercover forces are wiped out!"

This time, the crowd rioted again

"That may take a long time!"

"yes! Being an undercover agent for such a long time, it is very difficult not to reveal your mistakes, but once you reveal your mistakes, you will die!"

In the crowd, more people were shrinking back.

Luo Li glanced at the emperors lightly

"Everything is voluntary and will not be forced. If you wish to achieve this great merit, take the initiative to come forward and receive the secret technique. Let's start with Tianyu. Who is willing to go undercover?"

Luo Li looked at the many prisoners of the God Emperor from the Heaven Realm.

These prisoners looked at each other, and most of them showed hesitation.

At this moment, an elegant blond man walked out of the crowd and saluted Luo Li respectfully.

"Lord Luo Li, I am willing to go!

Luo Li's eyes lit up:"What's your name?"

The man replied respectfully:"The villain's name is Jehovah!"

Qin Feng's heart moved. He looked at Jepinghua and felt that he looked familiar.

Soon, he remembered.

Bao Bao once fabricated a pair of human beings on a living planet, called Adam and Eve, and entrusted them to a god emperor. Captive management.

The God-Emperor prisoner is the Jehovah in front of us.

"very good! Go and accept His Majesty's secret technique!"

"yes!"

Ye Pinghua came to Qin Feng's throne anxiously.

"Jepinghua has met His Majesty the Qin Emperor!"Jehovah bowed down respectfully.

Qin Feng lowered his head and looked down:"Jehovah, this time I went to Tianyu as an undercover agent. Once exposed, you will die without any chance of survival. Have you considered it clearly?"

"Returning to your majesty, Jepinghua has thought clearly and will risk his life to achieve great achievements. Please give me the secret technique!"

Ye Pinghua said it clearly and decisively.

Qin Feng's eyes lit up, and he secretly thought that this person is a talent, decisive in doing things, and he admires it quite a lot.

"good! Then I will give you a chance to make meritorious deeds!"

Qin Feng flicked his index finger, and a contract mark was printed directly into the center of Ye Pinghua's eyebrows and disappeared.

Ye Pinghua was so excited that he suddenly felt that there was something more in his soul.

He knew that the secret technique was great, and he knelt down with great joy.

"Thank you, Your Majesty, for giving me the opportunity to make meritorious deeds!"

Qin Feng smiled:"As the first person to stand up and accept the task, I should also give you a reward." Take this forbidden fruit!"

Qin Feng waved his hand, and a forbidden fruit flew towards the Lord.

"Thank you, Your Majesty!"

The LORD, as if he had found a great treasure, carefully collected the forbidden fruit and then respectfully withdrew.

"Who else is willing to go undercover in Tianyu?", Luo Li asked again.

With Jepinghua taking the lead, several people immediately walked out

"I am willing to go to the east!"

"I, Raphael, would like to go!"

After a while, more than a dozen Tianyu prisoners were willing to go.

Qin Feng gave them secret techniques, but no longer gave any rewards.

Next, it was the turn of the Demon Realm prisoners, and more than a dozen people were willing to be undercovers.

The leader The man's name is Satan.

This guy, like Yepinghua, has the Great Perfection cultivation of the God Emperor.

Finally, it was the turn of the captives who broke up the alliance, and there were more than a dozen people who were willing to go undercover.

The leader's name was Zeus, and he also had the Great Perfection cultivation of the God Emperor. Perfect.

Qin Feng planted soul secrets on these people.

After doing all this, he left directly and let Luo Li arrange the rest.

Luo Li sent those who did not dare to work as undercovers back and continued to be slaves. Use.

Three groups of people, namely, Jeping, Satan, and Zeus, were released quietly, allowing them to return to the Heavenly Realm, the Demonic Realm, and the Disbanded Alliance respectively to serve as undercover agents.....

But he said that Qin Feng left the hall and came to the heaven world and Xuan Xi's palace.

In the room, the decoration is exquisite and the incense is wafting.

Xuan Xi was making tea for Qin Feng, and

Qin Feng was sitting comfortably on the dragon chair, admiring Xuan Xi's graceful figure.

That white skirt couldn't hide the beauty of her curves.

What makes Qin Feng happy is that Xuan Xi has made great progress during this period. Unknowingly, he has broken through to the Great Consummation of a lower-grade star master, and his luck has also been greatly improved.

Obviously, Qin Feng killed many middle-grade star masters and Wu Qi, and the sharing of his true feelings and luck brought huge benefits to Xuan Xi and others

"Would it be dangerous for Qin Feng, Ye Pinghua and others to go back undercover?"

Xuan Xi brewed a cup of fragrant tea and gently placed it on the coffee table in front of Qin Feng.

"Not as dangerous as imagined. Those undercover agents are all God Emperors and their cultivation is not high. The four major forces who went to the Chaotic Star Territory this time were all talents above the master level and did not pay attention to the God Emperors."

"It is impossible for high-grade star masters to pay attention to a small person like the God Emperor, so it is easy for Je Ping Hua, Satan, and Zeus to get in."

Qin Feng picked up the fragrant tea and took a sip.

Xuan Xi suddenly said:"That's true! However, the cultivation level of these three groups is not high. Even if they go undercover, they will not be able to find out any important information."

"It was a lie that I asked them to go undercover, but the coordinates were true!"

Qin Feng put down the tea cup with a smile.

Xuan Xi was puzzled:"What does it mean to be a coordinate?"

Qin Feng smiled without saying a word, casually took Xuan Xi's slender waist and pulled him into his arms.....

Xuan Xi was happy and shy, leaning against her gently.....

"You haven't said it yet!", Xuan Xi was a little coquettish.

Qin Feng's lips curled up slightly: 157"Let me tell you this, I used to use space reverse summoning, and there was a distance limit. But with Tianwaitian, there is no longer a distance limit"

"As long as Jehovah and others enter the heavenly realm, I want to enter the heavenly realm with just one thought. Wanting to return to the Star Alliance was just a thought."

Xuan Xi suddenly realized it.

Immediately, she said in surprise:"Hey! Qin Feng, in this way, you can enter the sky to attack at any time. Even if the sneak attack fails, you can still use space summon to return to the Covenant at any time."

"You can also use the same method to deal with the demon realm and break up the alliance. This trick is so wonderful!

Qin Feng smiled slightly:"The four major forces want to wait until two months before attacking the Star Alliance." I want to take advantage of the fact that before the contract ends, I will sneak attack and kill a few high-grade star masters!"

Xuan Xi was frightened and admired at the same time when he heard these words.

In the whole world, the only one who dares to attack and kill the top-grade star master is his own man.

In the eyes of others, top-grade star master The Star Lord is an unattainable existence and cannot be shaken.

Below the Star Lord are all ants!

These words have been deeply rooted in the hearts of the people!

But these are in vain in front of Qin Feng

"By the way, Qin Feng, you arranged undercover agents to go to the Heavenly Territory, the Demonic Territory, and the Disbanded Alliance. Why didn't you arrange someone to go to the Ancient Territory?"

Xuan Xi suddenly thought of this.

Qin Feng put down the tea cup in his hand and whispered: "Someone once told me that if you don't reach the strength of the high-grade Dzogchen Star Master, you should not easily infiltrate into the ancient domain. Among the three domains, the Ancient Domain is the most mysterious, hiding behind it the secret of the fall of the Lord of the Ancient Universe!"

"I also used Qimen Dunjia to deduce that sending people into the ancient domain would only serve to arouse the enemy, so I gave up. Xuan Xi suddenly said:"

No wonder you don't send people to the ancient domain." According to what you say, the ancient domain is really mysterious!"

"Let's not talk about that first... we will talk about it later!"

Qin Feng pursed his lips slightly, picked up Xuan Xi, and strode towards the bedroom..

Chapter 724

A few days later, Qin Feng left the palace with a healthy mind and body, feeling extremely comfortable.

Xuan Xi's tenderness and deliciousness made him have endless aftertaste.

As for the previous topic about the ancient domain, the two did not talk about it again in the future, because Xuan Xi had already fallen asleep...

Qin Feng felt sorry for Xuan Xi and did not bother him.

Not many people could withstand his continuous conquests for seven days and seven nights.

What's more, this was Xuan Xi's first experience before.

A quarter of an hour later, Qin Feng returned to Tiangong.

In the secret room, he took out a light wheel from the storage ring.

As soon as the nimbus appeared, the golden light shone brightly in the secret room, and it looked very much like the golden wheel of merit.

This is Wu Qi's Holy Wheel.

Qin Feng stared, and a light screen popped up in his eyes.

Item Name: Holy Wheel

Grade: Intermediate (increased 20 times)

Source: Eight Treasures Holy Virtue Pool (Heaven Realm)

Eight Treasures Holy Virtue Pool: After the death of the Lord of the Ancient Universe, his meritorious golden wheel (thirty-sixth level) and The fusion of the Eight Treasures Holy Pool (high-grade star master level)...

Note: The Holy Wheel produced by the Eight Treasures Holy Pool combines the power of merit and a little power of the Eight Treasures, and can be swallowed

"Huh! So this is ah!"

Qin Feng was pleasantly surprised.

To put it bluntly, the main component of this holy wheel is the power of merit.

In other words, by swallowing it, you can get a lot of merit.

And these merits come from the Lord of the ancient universe and have been transformed by the Eight Treasures Holy Pool. Only after mutating and forming this unique Holy Wheel can it be used by others.

Everything in the world is really wonderful!

Qin Feng opened his mouth and swallowed the Holy Wheel

"Ding! Devouring the Holy Wheel (Intermediate) Successful.....Get 200 million merit points.....",

200 million merits!

It's really good!

"Ding! Spend 200 million merits to succeed, and your golden wheel of merits will be promoted to the twenty-sixth level....."

Qin Feng opened his eyes happily.

The Golden Wheel of Merit has been promoted to the 27th level.

This holy wheel is a treasure!

"By the way, the Holy Wheel is produced in the Eight Treasures Holy Virtue Pool. If I seize the Eight Treasures Holy Virtue Pool, won't I be able to gain a lot of merit? Maybe it can make my golden wheel of merit reach the thirty-sixth level in one fell swoop!"

Qin Feng's eyes gradually became brighter.

After Ye Pinghua and others infiltrated the Tianyu, he sneaked in to take a look.

Thinking of this, Qin Feng checked his karma value again, and there was still 500 million.

This I got it by killing Wu Qi.....

"Ding! Spending 500 million karma points, your karma fire red lotus is promoted to level 29....."

At this point, Qin Feng's Hongmeng Holy Ring is 33rd level, Karma Red Lotus is 29th level, and Merit Golden Wheel is 26th level. , all increases increased to 88 times.

Qin Feng was pleased that his strength had improved again.

However, whether it is the Hongmeng Sacred Ring, the Red Lotus of Karma Fire, or the Golden Wheel of Merit, the further you advance, the greater the number of destiny, karma, and merit required.

Afterwards, Qin Feng continued to look through Wu Qi's storage ring.

Looking through it, he smiled crookedly. The resources inside were so rich. There were two low-grade star master-level Yuanwu pieces and more than 30,000 pieces of black sky crystals.

The assets of a top-grade star master are indeed extraordinary!

Qin Feng opened his mouth and swallowed all the more than 30,000 fast black sky crystals. His cultivation level soared to 99% of the early stage of the middle grade (Lord of the Universe), and his combat power increased a lot..., but he was just one step away. It will break through to the mid-term.

Qin Feng was in a good mood and continued to look through the storage rings and found a special jade bottle.

He opened the jade bottle and took a look. It contained spiritual water that emitted three colors of light, exuding heart-stopping energy fluctuations.....

A light screen automatically popped up in Qin Feng's eyes.

Name: Three Light Divine Water

Three Light Divine Water is composed of the fusion of soul light water, soul light water, and spiritual light water.

Water of Soul Light: Can corrode human soul.

Water of Soul Light: consumes blood, essence, flesh and blood.

Water of spiritual light: Swallowing true spiritual consciousness.

The three sacred waters are all highly poisonous. If you take them alone, you will be irreparably damaged by the Star Master.

But when three waters are combined into one, the three-light divine water obtained can greatly improve a person's cultivation. One drop of divine water is as magical as a thousand black sky crystals.

Source: The ancient Six Paths of Reincarnation was born. After endless reincarnations of living beings, the essence liquid accumulated over time is extremely rare. After the collapse of the Ancient Six Paths, it will no longer be born.

Defect: The body, soul, and true spirit of a high-grade star master have been perfected, so the three-light divine water is ineffective for high-grade star masters, and for middle-grade star masters and below are all holy grades.

After reading this, Qin Feng was a little lucky.

His body, soul, and true spirit are not perfect, so this divine water is effective on him!

Looking at the volume of that bottle, there are at least more than a hundred drops, which is equivalent to the effect of more than 100,000 black sky crystals.

Qin Feng was delighted and at the same time fortunate that this divine water was ineffective against high-grade star masters.

Otherwise, he would have been refined by Wu Qi long ago, and he would not be able to benefit from it.

At that moment, he opened his mouth and sucked in all the divine water in the bottle...

The next second, he exuded a monstrous force.....

"Ding! Successfully swallowed the Three Light Divine Water.....The host's cultivation level breaks through to 23% of the middle stage (Lord of the Universe).....Combat power increased to 160,000 Zi (basic combat power)..... .",

"That's great!"Qin Feng was overjoyed.

His current basic combat power is 160,000 Zi, but in his strongest state it is infinitely close to 2 million Zi, and his strength has improved a lot.

If coupled with his terrifying increase, he can sneak attack on those high-grade stars. Lord, it will be very effective.

Qin Feng is very satisfied with the current harvest.

He also found some cultivation experience from Wuqi Storage Ring and began to retreat.
.....

At the same time, the mysterious ancient land.

At this time, the Ancient Master and others have not returned yet.

The bad news of Gu Yu's defeat in the Chaotic Star Territory was not returned.

But at this moment, deep in the forbidden area of the ancient domain, a figure appeared.

The man was wearing a gray robe, with a sinister look on his face, and he suddenly exuded the aura of a middle-grade star master.

He is Xuan Ming's future body.

At this moment, Xuan Ming silently came to the entrance of a valley and looked into the valley with awe.

All I could see was that the valley was filled with thick white fog, making it impossible for my spiritual consciousness to explore.

"Xuan Ming pays homage to Master Gu Shang!"

Xuan Ming bowed his hands to the thick fog.

After a long time, a coercive voice sounded in the thick fog, and a heavenly power even more powerful than the top grade peak also shrouded Xuan Ming.

"Xuan Ming, how dare you come to see me? Xuan

Ming swallowed his saliva and said slightly nervously: "Master Gu Shang, if it weren't for my surrender back then, you wouldn't have been able to defeat Yuan Feng.""

"snort! Your surrender is just using me to deal with Yuan Feng. After all, why did you come?"

"., Lord Gu Shang, Xuan Ming came here this time to tell you the whereabouts of the Six Paths."

"oh?!"

The thick fog rolled for a while, and the people inside seemed to be moved.

But the next second, a sigh came from inside

"Xuan Ming, you know that I have made a great vow and will not come out of seclusion until I reach the Supreme Perfection. With this oath, you have shielded all inner demons. What's the use of telling me the whereabouts of the Six Paths now?"

"Unless I go against my great wish and force my way out of seclusion, then the gain outweighs the loss. Therefore, even if you tell me the whereabouts of the Six Paths, I won't be able to retrieve them!

Xuan Ming smiled: "Master Gu Shang cannot get it, just because he has not broken through to the high-grade Dzogchen." If I can help you break through to the Great Consummation, wouldn't you be able to get out? Gu

Shang was confused: "I'm not sure myself, why can you help me?"

Xuan Ming said confidently: "I came from the future and have witnessed many things." Master Gu Shang has achieved the Supreme Perfection in the future, so I know what Master Gu Shang lacks most at the moment."

"If I give you a few pointers, your breakthrough to Dzogchen will be more than ten times faster."

Hearing this, Gu Shang asked happily: "In the future, I will reach the top level of Dzogchen? Then this universe should be in my hands, right?"

Xuan Ming sighed: "Hey! To be honest, sir, this is not the case. In the future, you will break through to the top level. Not long after Dzogchen, you fell into the hands of the Emperor Star (Hao Wanghao)....."

There was a silence in the thick fog, and the rolling stopped.

After a while, Gu Shang's voice sounded in the fog

"Who is Emperor Star?"

"Star Alliance Qin Emperor! Today's new six paths are in his hands"

"Why did you help me get dressed?"

"With the help of adults, destroy the Emperor Star to avenge the six realms of being taken away and the past body being killed. What's more, if the Emperor Star doesn't die, my future body will eventually die in his hands. I am also trying to save myself!"

"Can you really help me speed up my breakthrough to the highest level of Dzogchen?"

"Letting adults break through to the high-grade Great Circle as soon as possible is the only way to change the future situation. This is the result of what I have deduced for a long time. For this reason, I specially collected breakthrough methods for adults from the future....."

"How long does it take to break through?"

"within one year!"

"good! come in!"

As soon as the voice fell, the thick fog rolled, and a passage appeared out of thin air in front of Xuan Ming.

Xuan Ming walked along the passage deep into the thick fog..

Chapter 725

But on the other hand, a few days later, Lord Ziwei and others returned to the Star Alliance headquarters.

The five star masters each got busy.

Panzu, Luo Li, Yingmeng and others also started contract matters.

Qin Feng's popularity in the Star Alliance has increased rapidly due to the testimonials of many mid-level star masters, low-level star masters, half-step star masters, masters, and god emperors.

Especially the killing of Wu Qi was rumored to be miraculous, and the members of the Star Alliance were in a frenzy.

For a time, Qin Feng's popularity and status were comparable to those of Tianfu Star Master and others, and he became the idol of countless young elemental masters.

People who are willing to sign a contract with Qin Feng are queuing up every day...

Qin Feng's power of faith and destiny are skyrocketing every day, day and night, and it's so exciting.....

Time flies.

In the blink of an eye, one month has passed.

One month in the outside world, nine years have passed in the small universe.

In these nine years, Qin Feng's understanding of the three thousand avenues has greatly improved.

His cultivation level has also been increased to 37% of the middle stage (Lord of the Universe), and his combat power has been increased to 170,000 Zi (basic combat power).....

In addition, core subordinates such as Chu Chu, Bao Bao, Yu Qilin, and Ming He have made rapid progress with the cultivation of a large amount of resources.

Baobao and Styx are both low-grade Dzogchen star masters.

Chu Chu, Yu Qilin, Zixing, and Bai Qi are in the late lower-grade stages.

Xuan Xi is only half a step away from the middle-grade star master.

Emperor Feng has completely refined the inheritance from his previous life (peak of top grade), acquired a large amount of new resources, and has been promoted to the middle stage of middle grade.

In addition, the three thousand innate beings in the human world have all broken through to half-step star masters, and some outstanding ones have broken through to the early stage of low-grade star masters.

Coupled with nearly 10 billion new contractors, Qin Feng's power of faith has increased more than ten times.

In short, the combination of star poles, boundary poles, and the power of faith can bring Qin Feng a combat power stack of 90,000 Zi.

This does not include Panzu's Tianji Fusion.

In short, Qin Feng's strongest state combat power is nearly 2.9 million Zi, which is infinitely close to the combat power threshold of a top-grade star master.

However, his combat power increase multiplier exceeds that of all high-grade star masters.

After this period of time, the contract matters were basically completed.

Qin Feng gained a life value of more than 2 billion.

He upgraded the Hongmeng Holy Ring to the thirty-fifth level.

At this point, his growth rate has reached 90 times, and his strength has greatly increased again.
.....

At this moment, in the small universe, in the heavenly palace.

Qin Feng leaned on the sofa, crossed his legs, and sipped the high-grade spirit wine comfortably while checking his progress.

"It actually takes 2 billion lives to upgrade to the thirty-sixth level, but I only have 1.3 billion lives left. Unfortunately... I'm still short of 700 million lives!"

Qin Feng looked regretful.

He was almost able to complete the Hongmeng Holy Ring.

If he could complete it, he would be able to condense the Immovable Ming King Statue.

By then, his Hongmeng Holy Ring's increase would not be weakened, and he would not be able to deal with high-grade stars. Lord it is easier

"Where can I get the remaining 700 million lives?", Qin Feng thought.

If he wants to get the life value, he must either create a new creature like a baby.

Or let a powerful person above the emperor level sign a contract with himself.

The emperors of the Star Alliance have basically signed with him.

Only Only the new great emperors in the scattered alliance, heavenly domain, demonic domain, and ancient domain are left.

It seems that it is time for him to capture some prisoners.....

"Jehovah and Satan have successfully penetrated into the heavenly and demonic realms. Why hasn't there been any news from Zeus?"

Qin Feng silently put down his wine glass, feeling a little anxious.

In another month, the contract restrictions of the Star Lords will end.

He must take advantage of the end of the contract to weaken the peak combat power of the four major powers, and it is best to kill him with a sneak attack. One or two high-level Star Lords.

His first target is Qianze Star Lord who has broken the alliance.

First of all, Qianze's combat power is about 4 million Zi, which is relatively weak among the Star Lords.

Secondly, Qianze Star Lord is also one of the four major stars who has broken the alliance. The weakest force has the weakest headquarters defense.

Finally, the Blue Master is also the weakest among the top-level experts.

With these three conditions, his sneak attack has the highest chance of success.

Therefore, he has been waiting for news from Zeus..At this moment, footsteps sounded behind him.

Qin Feng turned around and saw Luo Li walking over wearing a nightgown.

"Are you awake?"

Qin Feng happily admired the graceful curves under his nightgown.

"Um!"

Luo Li's pretty face turned red.

Your Majesty is so strong. She even suspected that she was not a qualified concubine. She would faint every time.

In fact, in the past nine years, Qin Feng, in addition to practicing, also wandered around.

Sometimes , he would go to the Earth with Luo Li to have a look.

Sometimes, he would give advice on the alchemy skills of his disciples Liu Yan and Yun Xi, and sometimes he would go to see the development of new life planets.

When he was interested, he would also go and enjoy the Feng Emperor and his daughters.

The life is very pleasant!

"Your Majesty, has there been no news from Zeus yet?"

Luo Li came over and filled Qin Feng's bottle with wine.

As Qin Feng's personal concubine, she knew more about the situation.

"not yet! It is estimated that the situation of breaking up the alliance is a bit complicated....."

As soon as he said this, Qin Feng's communication jade talisman started to move.

He quickly took it out and saw that it was from Zeus.

After he read the message, he looked overjoyed

"Your Majesty, who sent the message?"

"Zeus!"

Luo Li was delighted: "Zeus' undercover operation was successful."?! "

Qin Feng smiled: "Not only was it successful, Zeus also brought great news. The Blue Lord went to the Ancient Territory five days ago to discuss with the Ancient Lord, the Demon Lord, and the God how to deal with the Star Alliance."

"Now that only Qianze Xingzun is left guarding the headquarters of the Dispersed Alliance, this is a great time for me to take action! Luo

Li's beautiful eyes shone:"Your Majesty, this is a once-in-a-lifetime opportunity!"

Qin Feng naturally put his arms around Luo Li's waist, kissed her gently on her smooth forehead, and then said with a smile:"The good news doesn't stop there. Do you know why Zeus took so long to reply to my message?"

"Why?", Luo Li cuddled up coquettishly

"It's related to Sanguang Divine Water! This time, I may get a large amount of Sanguang Divine Water, at least ten thousand drops...."

At this moment, Qin Feng was in a good mood and let go of Luo Li happily.

"So many! Your Majesty, how does this matter have anything to do with Sanguang Divine Water?"

Luo Li was surprised and curious.

She knew very well that one drop of the Three Light Divine Water is equivalent to a thousand Black Sky Crystals.

Ten thousand drops is equivalent to a million Black Sky Crystals, which is extremely terrifying!

"I won't know the specific situation until I meet Zeus. Luo'er, I'll leave the trivial matters of the small universe to you. I'll go to the Alliance Headquarters!"

"Your Majesty, be careful!", Luo Li was reluctant to leave.

Qin Feng smiled slightly and disappeared out of thin air..

Chapter 726

The next second, Qin Feng appeared in a secret room.

In the secret room, more than a dozen god emperors gathered together, led by Zeus

"Meet the owner!"

As soon as Zeus saw Qin Feng appear, he quickly stepped forward and knelt down.

The other dozen people also stepped forward to salute.

These are all undercover agents sent by Qin Feng.

Qin Feng still remembers the names of the best among them, for example, one named Ha Dis, a Poseidon

"Get up, everyone!", Qin Feng glanced at everyone lightly

"Thank you master!", Zeus and others stood up respectfully

"Master, please take a seat!"

Poseidon was the most clever and moved the Taishi chair in the corner of the secret room.

"Tell me, what is the situation now?", -Qin Feng sat down

"Master, a dozen of us have passed the selection. In an hour, we can enter the forbidden area and have the opportunity to obtain the Three Lights Divine Water. I still hope the master will give instructions on what to do next!"

Zeus reported seriously

"How many people have passed the selection this time?", Qin Feng asked casually

"Returning to the master, more than 9,700 people passed the selection, with cultivation levels ranging from the early stage of the God Emperor to the Great Perfection. One hundred and twenty-seven people have reached the Great Perfection of the God Emperor!"

Zeus answered very carefully.

Qin Feng secretly praised him.

This Zeus looks rough on the outside, but in fact he is a careful person who is worth cultivating.

"very good! The data is clear. By the way, why is there no emperor in this selection of your alliance?"

"Returning to the master, according to Qianze Xingzun's wishes, the emperor cannot withstand the energy of the Three Lights Divine Water, and at least it requires the cultivation level of the early God Emperor. In fact, even in the early stage of the God Emperor, if one forcibly refines a drop of the Three Light Divine Water, there is a 60% chance of one's body exploding to death."

"If you want to die without exploding your body, you need at least the strength of the late God Emperor or above. However, many God-Emperors signed up for this once-in-a-lifetime opportunity, knowing that there was danger....."

Qin Feng nodded slightly, thinking this was only reasonable.

The power of the Three Lights Divine Water cannot be tolerated by ordinary God Emperors. It naturally involves great risks.

However, once one drop is successfully refined, even the initial cultivation of the God Emperor can break through to half-step dominance in a short period of time.

The more it is refined, the better the effect will naturally be.

It turns out that during this trip to the Chaotic Star Territory, all the Lords, Half-Step Star Lords, Low-grade Star Lords, and Middle-grade Star Lords of the scattered alliances perished.

Even the God Emperor lost most of it.

This caused a serious fault among the experts who broke up the alliance.

In order to make up for this shortcoming and cultivate master-level elites as soon as possible, Master Lan discussed with Qianze Xingzun to open the forbidden land that had been sealed for 17 billion years.

There is a core fragment of the six ancient paths hidden in the forbidden area.

The Three Light Divine Water was generated from that core fragment.

It takes a million years for those six fragments to generate a drop of three-light divine water.

Today, the fragments have been sealed for more than 1,7 billion years, and should produce more than 17,000 drops, equivalent to more than 1.7 million pieces of Black Sky Crystal.

Rumor has it that Lord Blue discovered the fragment one hundred billion years ago and obtained a large amount of the Three Light Divine Water.

At that time, Master Lan was just a mid-level Dzogchen Star Master.

He relied on those three-light divine water to break through to the high-level star master.

After the breakthrough, the Three Light Divine Water was no longer effective against the high-grade Star Master, so the Blue Master sealed the fragments of the Six Ancient Paths and kept them as secrets.

It wasn't until today that there was a talent crisis in the scattered alliance that he remembered this incident and decided to use the Sanguang Divine Water.

For this reason, he discussed with Qianze Xingzun for a long time, and finally started the selection in the entire scattered alliance star field.

Those who can be selected can only be the powerful ones above the God Emperor.

In order to maintain confidentiality, contestants are not allowed to communicate with the outside world during the selection period.

Zeus and others were afraid of being discovered as undercover agents, so they did not dare to contact Qin Feng during the selection period.

This is the reason why he has not contacted Qin Feng for a long time.

It was not until today that the selection was over and the eliminated candidates were cleared out of the headquarters, and all communications were restored.

From Qianze Xingzun's point of view, even if someone leaks information now, it's too late to cause trouble.

After all, the holy land will be opened in an hour, and the contestants will compete for more than 17,000 drops of the Three Light Divine Water, which can be completed within an hour.

In two hours, if any major force gets the news, it will be too late to arrive, so there is no need to worry at all.

Because of this, Zeus and others found the opportunity to send a message to Qin Feng.

They also received another news during this period. The blue master left the alliance five days ago.

"Master, there is currently only Qianze Xingzun guarding the forbidden area. Do you want to act now? As long as you defeat Qianze Xingzun, the more than 17,000 drops of Three Light Divine Water will be yours. Zeus suggested enthusiastically.

Hades, Poseidon and others also nodded secretly, thinking that this idea was acceptable.

In their view, more than 17,000 drops of the Three Light Divine Water are extremely precious.

For this treasure, the owner is worth fighting for.

Qin Feng smiled slightly: "There's no need to take action right away. According to the plan, you enter the Holy Land first. I can grab the divine water first, and then kill Tianze Xingzun!"

Kill Tianze Xingzun?!

Zeus and others thought they heard wrongly, and their eyes widened.

Tianze Xingzun is stronger than Wuqi Xingzun!

Can the master kill Tianze Xingzun?

Zeus and others all opened their eyes. Taking a deep breath of cold air, he couldn't believe it.

Qin Feng was naturally too lazy to explain.

"So be it! Everything goes according to plan!"

"Yes, master!"

Zeus and others respectfully accepted the order.

Qin Feng ducked and returned to the small universe to make other arrangements.....

An hour later, more than 9,000 God Emperors gathered densely in the forbidden area of the Disbanded Alliance.

These people are already the last elites of the disbanded alliance.

In the air, Tianze Xingzun looked at the scene in front of him with some helplessness.

Behind him were two great emperors who were his servants.

Before this, his servants were all masters, but they had already died in the chaotic star field, and they could only find two great emperors to make up for it.

"Are you all ready?"

"Star Lord, we are ready!"

"Then go in! Remember, you only have one hour, how much Three Light Divine Water you can get depends on your own ability!"

"Xingzun, I will understand!"

"good! Everyone, come in!"

Tianze Xingzun waved his hand, and a light gate appeared out of thin air.

The ancient six fragments were sealed in the dimensional space behind the light gate.

At that moment, the god emperors entered the light gate one after another.

Zeus and others also followed the flow of people. Light Gate.

After they entered, they found that they had entered a huge temple.

There was a huge and broken spiritual pool in the center of the temple. The spiritual pool was filled with strange gray spiritual liquid.

And above the spiritual liquid, droplets of water were suspended. The beads exude golden, silver, and purple spiritual light, with more than 10,000 drops.

That is the most precious three-light divine water!

"Wow! many!"

The God Emperors were overjoyed and rushed to fly over the spirit pond to grab the Three Lights Divine Water.

According to the rules of the game, whoever grabs it belongs to whom. The more you grab, the greater the benefits.

But the next second, something happened in the field. Suddenly.

I saw a burst of space fluctuations above the main hall.

A young man in white appeared out of thin air.

It was Zeus who sent a message to Qin Feng.

Qin Feng summoned a reverse direction in space and arrived at the forbidden temple.

As soon as he appeared, all time stopped and the space Solidified.

The gods and emperors were stagnant in mid-air, maintaining a running and fighting posture, which was extremely weird.

At this moment, they seemed to be statues suspended in the air, each one lifelike, but unable to move or even think.

This scene made Zeus and others They were all dumbfounded.

Then, Qin Feng waved his hand and took all the thousands of god emperors into Tianwaitian.

Panzu, Luo Li and others had already made preparations.

These god emperors would become his slaves and would be sent Go to the small universe and develop those new life planets.

A lot of merit will be waiting for him to harvest again.

"You guys should go back to the outer world and help Panzu and Luo Li deal with those prisoners!"

Qin Feng looked back at Zeus and others

·Asking for flowers·····

"Please obey your master's orders!"

Zeus and others saluted respectfully.

Qin Feng waved and took Zeus and others into the outer sky.

In a blink of an eye, Qin Feng was the only one left in the entire temple.

At that moment, he took a step forward and came to the sky above the spiritual pool.

Look. He was excited as he drank more than 10,000 drops of the Three Light Divine Water in front of him.

This was a spiritual object that had been accumulated for 17 billion years, and now it all belonged to him.

Qin Feng opened his mouth and sucked in more than 17,000 drops of the Divine Water. Swallowed the water.....

At the same time, within the forbidden area.

Qianze Xingzun looked at the light gate below, his eyes full of envy.

Three Light Divine Water!

One drop is equivalent to a thousand black sky crystals.

This effect is so good that even top-grade peak star masters are jealous, let alone him, a top-grade star master.

Unfortunately, the Three Light Divine Water is ineffective against high-grade star masters.

Otherwise, how would these God-Emperors have the chance to get this great opportunity!

Thinking of this, Lord Qianze felt a little sour.

If the Three Light Divine Water is effective for a high-grade star master, he would be satisfied with just a thousand drops, but there are more than ten thousand drops hidden in this secret realm!

"Star Lord, how many masters can we create after this assessment?"

The servant next to Qianze asked curiously.

In fact, that servant was also jealous.

However, his cultivation was only at the emperor level, and he was not qualified to participate in the competition for opportunities.

0.....,, ,

"With so much Three Light Divine Water, there is no problem in creating hundreds of masters. We can even create a few half-step star masters....."

Qianze looked expectant.

But he didn't know that those more than 10,000 drops of divine water had already been occupied by Qin Feng.....

But on the other side, Qin Feng opened his mouth and swallowed more than 10,000 drops of divine water, and the god-level swallowing function automatically started...

That much divine water contained extremely huge energy.

It took a full quarter of an hour to digest everything.....

"Ding! Successfully swallowed the Three Light Divine Water (more than 13,000 drops)... The host's cultivation level broke through to 7% of the late middle level (Lord of the Universe).....Combat power increased sharply to 300,000 Zi (basic combat power).....",

"Ha ha!! It has broken through to the late mid-level stage!"

Qin Feng was in an extremely happy mood.

With his greatly increased strength, his success rate in killing Qianze would be even higher.

These three-light divine fruit are really good things!

"Could this spiritual pool be formed from the fragments of the six ancient paths?"

Qin Feng looked at the spiritual pool in front of him again.

He saw that the spiritual pool was broken and exuded the aura of the ancient times.

The spiritual liquid in the pool contained the aura of ancient remnant spirits...

Qin Feng observed for a while and determined that the spiritual pool was the fragment of the six ancient paths. It was formed.

It's just that I don't know what kind of alienation happened, and it turned into a strange spiritual pool.

Otherwise, it is a rare treasure, worth as much as the Star Lord level Yuanwu.

Qin Feng is going to take it away.

Such a treasure, he How can we waste natural resources?

At that moment, he made seals with his hands and began to collect the spirit pool.

As soon as he started to move, the temple shook violently.

Click~! Click~! Click~!, and the next second, a crack appeared on the floor and walls of the hall. A huge crack.

This temple is built based on the spiritual pool.

Once the spiritual pool is gone, the temple will collapse.....

At the same time, within the forbidden area.

Qianze Xingzun was chatting with his servants.

Suddenly, the entire forbidden area shook violently, and a huge roar sounded from behind the light gate.

Qianze's face changed slightly.

How is this going?

Could it be caused by the fighting between those god-emperors?

As soon as this thought came up, there was a loud noise.

Click~!

The light gate collapsed and the space was shattered!

An extremely handsome boy in white walked out of the void

"It's you!"

Qianze was shocked.

He recognized Qin Feng at a glance..

Chapter 727

"It's you!"

Qianze was shocked.

He recognized Qin Feng at a glance.

The servants beside Qianze were also shocked.

This young man is a mid-level star master at first glance.

But the disbanded alliance no longer has a middle-grade star master?

Who is this young man?

Qin Feng looked at Qian Ze calmly.

He had already taken the spiritual pool into the hell realm, and the system immediately gave him several prompts, which made him feel very happy.

It turns out that as long as the spiritual pool is slightly refined and combined with the six paths of reincarnation, it can become a high-grade star master level treasure, which can greatly increase his strength.

Just as soon as the spiritual pool was closed, the forbidden area of the temple automatically collapsed, and Qin Feng had to show up.

He had to get rid of the obstacle Qianze first before he could deal with the Lingchi matter.

"Emperor Qin, why did you come out of our Holy Land of Disbanded Alliance? Have you already....."

Qian Ze instantly thought of those thousands of god emperors, and was afraid that the end would be bad.

His face became extremely ugly, and his nameless anger surged into the sky.

"It seems that you are here for the Sanguang Divine Water this time... Is it possible that there is a traitor within our scattered alliance?"

Qian Ze's face became increasingly gloomy.

Qin Feng's lips curled up slightly:"I'm here to kill you!"

"kill me? Ha ha!!"

Qian Ze seemed to have heard a big joke after hearing"Four Seven Seven".

Those servants also looked at Qin Feng as if they were a fool.

Are you kidding?!

A star master in the late mid-level actually said that he wanted to kill a person. High-grade Star Master, isn't this crazy!

Let alone the middle-grade late stage, even the middle-grade Dzogchen Star Master is like an ant in front of the high-grade Star Master.

Qianze sneered: "Emperor Qin, do you think Am I as weak as Wu Qi?! Besides, the killing of Wu Qi was not done by you alone, but by people from your Star Alliance who joined forces to kill him."

"But I didn't expect that you would be so swollen that you would dare to come to my door alone. Just in time, I will kill you today to avenge brother Wu Qi!"

As soon as he said these words, Qianze exploded instantly, and his momentum was fully unfolded, reaching the terrifying 4 million Zi.

The endless power of heaven crushed all the restrictions in the forbidden area, instantly covered the headquarters of the scattered alliance, and shocked thousands of stars.....

Countless members of the scattered alliance were alarmed and looked towards the forbidden area of the headquarters.

At this moment, everyone saw Qianze rising into the air and turning into a towering giant. His whole body was filled with auras of light, as dazzling as a god.....

"Oh My God! It's Qianze Xingzun showing off his power!"

"what's going on?"

"I do not know!"

The hundreds of millions of members of the scattered alliance are terrified...

In the forbidden area, all the servants are retreating crazily, with panic on their faces.

If the high-grade star master takes action, as long as there is a slight aftermath, they, the great emperors, will suffer, how can they not be afraid.

Buzz~!

Again It was a clear cry!

A Karma Red Lotus appeared at Qianze's feet, with the twenty-fourth grade.

Qin Feng's eyes lit up, this old guy actually had a Karma Red Lotus, and he didn't know where he came from.

It seemed that, High-grade star masters have their own heritage and cannot be underestimated.

For example, Tianfu Star Master and Jumen Star Master have not realized the Divine Seal of Creation, but they all have golden wheels of merit.

Those were gifts from Ziwei Star Master.

And Qian Qian As a high-grade star master, Ze naturally has his own way to obtain some treasures that increase his strength.

The twenty-fourth grade karma fire red lotus!

That can be exchanged for more than one billion karma values!

Qin Feng's heart is moved.

It's here. At this moment, Qianze took action, and punched Qin Feng directly.

Wherever the fist passed, all the spaces collapsed...

The servants of the emperor around him retreated even more panicked, for fear of being affected.

"Boy, I want you to be smashed to pieces!!"

Qianze's face was ferocious, with some disdain in his eyes.

He could tell at a glance that Qin Feng's current combat power was only about 300,000 Zi, which was not worth mentioning at all.

However, he did not completely underestimate him. Instead, he used all his strength as soon as he took action!

He wanted to Kill this arrogant young man with one punch.

How dare he say that he wants to kill himself!

He wants this young man to pay the price!

At this moment, Qin Feng also exploded instantly.

The world merged!

The stars merged!

The power of faith was superimposed!

In just a moment, Qin Feng's basic combat power increased to 430,000 Zi.....

"Huh?!"

Qianze was slightly surprised. This Qin Emperor really had some tricks.

But the next second, Qin Feng used the cosmic golden body transformation, and his combat power instantly soared to 4.3 million Zi!

Tianji merged!

Panzu's combat power was superimposed!

The combat power surged to 4.56 million Zi, surpassing Qianze in one fell swoop!

"How can this be!"

Qianze's face changed drastically.

He clearly remembered that a month ago, Qin Feng's strongest state was only 1.5 million Zi combat power.

It has only been a month, how could there be such a big change!

Buzz~! Buzz~! Buzz~!, there are three more clear sounds of heaven and earth!

Qin Feng's Golden Wheel of Merit, Hongmeng Holy Ring, and Red Lotus of Karma emerged one after another.

The three-color aura soared into the sky!

The ninety-fold increase shocked the heavens and the earth!

"not good!"

Qian Ze opened his eyes wide in horror.

He was finally afraid.

Until this moment, he knew that he had underestimated Qin Feng.

But it was too late to regret. The arrow was on the string and he had to take action.

"Boy! I will fight with you!"

Qianze instantly displayed his True Intent Domain.

Qin Feng's increase was halved!

But it was still forty-five times higher, surpassing any top-grade star master today.

At that moment, Qin Feng's shackles of heaven and earth were also imposed on Qianze On the body.

Qianze's amplitude was only twelve times left!

This gap was decisive!

In the next breath, the fists collided!

A loud noise that shattered the universe!

Boom~Long~Long~!

The forbidden land was shattered, and countless space inches were broken. Shattered...

Those attendants who had been retreating crazily failed to escape the fate that affected Chiyu in the end. They were affected by the aftermath of the attack and instantly turned into powder and disappeared into ashes.

Qianze even screamed in agony, and his body exploded with a punch. , divided into more than ten pieces.....

In the distance, hundreds of millions of members of the scattered alliance were dumbfounded.

Qianze Xingzun, who had always been aloof in their eyes, was actually bombarded by a mid-level star master!

This is incredible!

The next second, the mutation regenerated in the field.

That was bombed into dozens of piecesThe fleshy Qianze divided into a dozen directions and fled in all directions.

Every piece of flesh and blood has cast a secret technique, emitting a dazzling red light, and its escape speed is no less than that of a top-grade star master running at full speed.

Now he didn't dare to fight Qin Feng head-on, he just wanted to escape.

As long as he can escape with a piece of flesh and blood, he can survive...

This scene is equivalent to a dozen high-level star masters running away. There is no way to intercept them. Even top-level peak star masters will feel powerless.

But at this moment, the scene Sudden mutation occurred.

The phantom clone, which had been ambushed a long time ago, walked out of the void and instantly performed the Tai Chi Diagram.

The Divine Seal of Heaven and Earth!

The infinite divine seal!

Yin Yang Divine Seal!

The three supreme true meanings are activated at the same time!

The Tai Chi diagram blooms with billions of golden light!

Buzz~!

Tai Chi Tu Ming!

The great yin and yang, the infinite Taiyi!

Under the urging of the three supreme divine seals, the efficacy of the Wuji Diagram was finally pushed to its extreme.

In an instant, the entire star field, all space, all time, all laws, and all avenues were imprisoned...

Boom~! Boom~! Boom~! ,

Qianze's pieces of flesh seemed to have hit an invisible wall, and were blocked one after another.

At the same time, Qin Feng sacrificed the Four Divine Swords and Formation of Sealing Heaven.

The Heaven-Destroying Sword Formation emerges!

The four sword gates are taking shape....,

"No!"

Qianze realized something and roared in despair...

But the next second, the four sword gates shot out billions of sword lights, like a rushing sword tide, swallowing up all the dozen pieces of flesh and blood... The phantom clone also Joined the attack.

Now, the combat power of the phantom clone has reached 3 million, just reaching the threshold of a high-grade star master.

Once he joins, it is equivalent to the cooperation of one more high-grade star master.

The next second, swords all over the sky Qianze's shrill screams rang out in the light.....

A quarter of an hour later, the billions of sword lights faded away, leaving only Qin Feng in the field.

He stood proudly in the sky, his clothes were flying, and the faint smell of blood floated in the sky.....

In the distance, hundreds of millions of members of the scattered alliance were completely dumbfounded.

This boy in white clothes really killed Qianze Xingzun!

You know, that is the supreme high-grade star!

At the same time, the system prompt also sounded in Qin Feng's mind

"Ding! Successfully killed the high-grade star master.....The host gains a karma value of 600 million.....",

"Ding! Successfully killed the high-grade star master, and the host obtained a large amount of energy.....Cultivation level breaks through to 97% in the late middle stage (Lord of the Universe)... combat power increases to 400,000 Zi....."

1.9"Ding! Successfully kill the high-grade star master, your core subordinates will gain a lot of insights and luck... Your core subordinates will greatly increase their strength....."

"Ding! If you successfully kill the high-grade star master, the three thousand innate spiritual enlightenment you have nurtured will be improved, your luck will be improved, and your strength will be greatly increased...the power of faith you will gain will be greatly increased....."

"That's great!"

Qin Feng was delighted to release his strongest state.

This time, he killed a high-level star master by himself, which was much better than last time.

You know, Qianze is better than Wu Qi.

This The sneak attack plan went very smoothly!

Qin Feng was delighted and put away Wu Qi's Yehuo Red Lotus and Storage Ring with a wave of his hand..

Chapter 728

Qin Feng was delighted and put away Wu Qi's red lotus and storage ring with a wave of his hand.

In the distance, hundreds of millions of members of the scattered alliance stared blankly at this scene.

Most people were completely stunned.

Some smart people are escaping quietly.

Qianze Xingzun is dead!

The headquarters of the Disbanded Alliance will definitely fall!

If you don't run away now, when will you wait?!

But at this moment, Qin Feng raised his head and his eyes instantly swept across the entire scattered alliance headquarters.

The headquarters of the Dispersed Alliance is infinitely vast, comparable to thousands of solar systems.

But with just one glance, he had a panoramic view of the entire headquarters.

Hundreds of millions of members of the scattered alliance could clearly feel a cold and majestic look sweeping over them.

They were suddenly panicked!

Is this the ability of a person with great supernatural powers?

They used to watch the battles, the ones that were close were relatively easy to say, but the ones that were further away could only be watched through secret techniques or Yuanwu.

But this young man locked everyone's eyes with just one look.

Hundreds of members who had just escaped from the headquarters' borders were horrified.

They sensed it, and Qin Feng's eyes were locked on them.

These hundreds of people were panicking. They didn't know whether they should run away or stay.

.....

Hundreds of millions of members of the scattered alliance also noticed it. They all looked at those who were trying to escape, and then looked at Qin Feng.

Qin Feng glanced at the hundreds of people and snorted coldly.

With this slight groan, the hundreds of people instantly self-destructed, and screams resounded, which were particularly loud in the vast starry sky.

Hundreds of millions of members of the scattered alliance were extremely shocked!

Oh My God!

At such a long distance, this powerful young man killed hundreds of people with just one groan, including many emperor-level beings!

At this moment, everyone was in panic. They stood there one by one, not daring to move, let alone escape.....

"From now on, whoever dares to move will be punished by you!"

Qin Feng's voice was not loud, but it instantly spread to every corner of the scattered alliance headquarters, and everyone heard it....., the members of the scattered alliance were even more afraid to move, they were all trembling, and they didn't even dare to breathe loudly...

At this time, Qin Feng waved.

Luo Li, Zeus and tens of thousands of subordinates appeared

"I have met His Majesty!"

Luo Li and others saluted respectfully.

"Bring all the people who have broken the alliance into the outer world. If they are willing to follow me and voluntarily sign a contract with me, I will give them the status of residents of the small universe, and they will be under the unified jurisdiction of Zeus in the future!"

"If you are unwilling to sign a contract with all living beings, then you will be forced to sign a slave contract and be sent to the small universe to develop planets. You will be a slave for life and will not be able to turn over!"

Qin Feng said these words calmly.

These words were not only meant for Luo Li and others, but also for the members of the alliance.

"I obey your Majesty's orders!"

Tens of thousands of subordinates accepted the order in unison, and the momentum was overwhelming!

But the members of the alliance were uneasy, not knowing what the future would be like, but no one dared to move even half a step.

At that moment, Luo Li and Zeus led tens of thousands of Qinmen personnel to carry out the mission.....

Those members of the disaffected alliance did not dare to disobey and were captured obediently.

The vast majority of people chose to sign a contract with all living beings, and only a few signed a slave contract...

As more people signed, Qin Feng's power of faith and life value also increased.....

Qin Feng looked at it for a while and felt that there were not many problems, so he left the phantom clone in the field and returned to the small universe.....

After arriving at the Holy Land of Heavenly Palace, he couldn't wait to summon the strange spiritual pool, and followed the system's prompts to begin the ritual.....

At the same time, in that distant ancient domain.

The headquarters of the ancient domain, inside the temple.

The four giants, Ancient Lord, Demon Lord, Heavenly Lord, and Blue Lord, are discussing how to deal with the Star Alliance

"Everyone, the five top-grade inheritances have been snatched away by the Star Alliance, and all our subordinates died in the battle. One is ebbing and the other is ebbing, which is extremely detrimental to us!"

The Lord of Heaven was worried.

The Ancient Lord nodded: "These are all trivial matters. Emperor Qin of the Star Alliance is our biggest threat! That monster had just broken through to the early stage of mid-level, and had a combat power of 1.5 million Zi. I would like to ask you, do you have such strength when you are in the early stage of mid-level?"

"this....."

The Demon Lord, the Heavenly Lord, and the Blue Lord looked at each other, a little embarrassed.

When they were in the early stage of middle-grade star masters, their combat strength was only 20,000 to 30,000 pieces.

Compared with Qin Feng, this is simply a world between heaven and earth. He is not even qualified to compare.

At that moment, the Demon Lord sighed: "Brother Gu, if you say so, Emperor Qin is indeed a monster! He is the greatest threat to us.

"With the potential of this child, he will definitely be able to break through to the highest level of perfection in the future. By that time, our four major forces will be doomed."

Master Lan sneered: "I'm afraid that he doesn't have to reach the high-level Dzogchen. As long as he reaches the top of the high-level cultivation, it will be our disaster, so we say: This child can't be kept!"

"That's right! This child cannot be kept!"

All the giants nodded.

The Ancient Master said again: "Emperor Qin is too dangerous! He is so young and has such terrifying strength. If we give him a few more decades, he should be able to barely catch up with us.

"Therefore, we cannot give him enough time to grow. One month later, the contract ends and we start immediately! The Demon

Lord smiled bitterly: "Brother Gu, the biggest problem before us is how to break the Star Alliance's five-pole formation?"! People from the Star Alliance are not stupid. If they go back this time, they will definitely hide in the headquarters."

"Once the five-pole formation was launched, with the strength of all four of us, we continued to attack furiously. I am afraid it would take two or three years to break the formation! This is a protracted battle. Will there be any demons outside the territory who are taking advantage of this period?

The Ancient Master muttered: "Your concerns are justified." It would be best if this battle could be fought quickly. Delaying it for a long time will not be good for us!"

The Lord pondered for a while, then lowered his voice and said: "Everyone, I have a set of formation flags called the Four-pole Tianyuan Formation. This is a high-grade star master-level formation. If it can be activated, it can deliver a high-grade perfect strike.!"

As soon as this was said, everyone was shocked

"hiss! This formation can actually deliver a top-grade Dzogchen blow! With this power, one strike can destroy the Five Great Formations!"

"God, I didn't expect you to have such powerful means!"

The giants were surprised and happy.

What surprised them was that God had this trump card, which they didn't know before. What they were happy about was that with the Four-pole Tianyuan Formation, they could kill Emperor Qin and destroy the Star Alliance, just around the corner.

But they didn't expect, God smiled bitterly:"Although this formation is extremely powerful, we can't use it yet.".....", the ancient master wondered:"How do you say this?"

The God sighed:"This formation requires one high-grade star master in each of the four poles and the twelve heavenly directions to preside over the formation flag. In other words, sixteen high-grade star masters are needed , to open the great formation. But our four major forces combined, there are only fifteen people!"

Everyone suddenly realized and couldn't help but frowned.

The Ancient Master was helpless:"This is indeed a trouble! If Wu Qi had not died, there would have been exactly sixteen people. Now it's good, there is one less person! The Star Alliance has not exhausted its energy! Just after saying this, a hearty laughter sounded in the sky above the hall

"Ha ha! Everyone, if I join you, there will be exactly sixteen people!"

"who?!"

"who?!"

The four giants were all shocked. They looked up one after another and saw an old man in white robes walking out of the void. This old man had white beard and white hair, and his Taoism was like an immortal. His eyes were like abyss, as if he were hiding the stars in the world, and he looked like an upright master..

That appearance and temperament are extraordinary!

His cultivation has also reached the peak of high-grade, even higher than the ancient master.

The four major domain masters couldn't help but take a deep breath, with fear in their eyes.

This old man is a super master

"May I ask if you are.....", the ancient master asked politely,

"I'm Changbai!"

Changbai stroked his beard and smiled, stepping down from the air.

"Changbai? Head of Fengtian Sect?", the ancient master asked curiously.

Changbai glanced at the ancient master in surprise.

The ancient domain was really not simple, he actually knew his identity.

"That's right! I am from Fengtianmen. I just heard from you that the formation requires sixteen people, and you are still short of a high-grade star master. How about I join you?"

Changbai asked with a smile while stroking his beard.

The ancient master and others all looked strange.

Apparently, the old man had been eavesdropping for a long time, and they didn't even notice it.

It's scary to think about it!

This old man is not easy to mess with!

"Brother Changbai, why do you want to join us?", the Ancient Master inquired.

Changbai smiled bitterly: "It's true! I have a dispute with the Star Alliance, and that little thief from Emperor Qin stole my things. I am just like you, I also want to destroy the Star Alliance and kill Emperor Qin.....",

"That's it....."

The ancient master and the others were doubtful.

Changbai smiled: "If you all doubt my sincerity, we can sign a heavenly punishment contract to show my sincerity. Of course, my only request is that everything on Emperor Qin's body belongs to me."

"this.....", the ancient master's hearts were moved.

If a top expert like Changbai joins, the destruction of the Star Alliance will be just around the corner.

But isn't Changbai's request a bit weird?

He wanted everything on Emperor Qin's body. Could it be 937 some kind of treasure?

At this moment, the four ancient masters secretly communicated and started discussing.

After some discussion, the four agreed.

Instead of speculating about the uncertain treasure, they hoped to get rid of the Star Alliance and Qin Feng as soon as possible.

Especially Qin Feng's potential is really a threat to them.

After Qin Feng is eliminated, the things can be given to Changbai first.

At that time, if the treasure is found to be important, the four of them can work together to snatch it again.

If the treasure is ordinary, the matter will be over.

After making up their minds, the four of them readily accepted Changbai and extended his invitation.

Soon, the five people signed the contract.

Everyone gets what they need, and everyone is happy.

Especially the blue master is the most excited.

Qin Feng killed Wu Qi, which made him secretly resentful. Now he finally has a chance to take revenge.

At the moment, he said with a face of joy: "Everyone, now that Brother Changbai has joined, the Four-pole Tianyuan Formation can be activated. In one month, it will be the death of the Star Alliance and the Qin Emperor's little thief!"

The Demon Lord laughed: "Haha!! This is natural! Next, we only need to make some preparations and wait for the contract to end in a month. Speaking of which, I also want to thank God for providing the great array!"

God smiled proudly: "I just provided it. It's just the formation flag! If we can't gather enough sixteen high-grade star masters, this formation flag will be useless. We have to thank Brother Changbai for joining us!" The

Ancient Master laughed: "Everyone, have you noticed? We lack means, so God will take it. We came up with a trick. We were short of manpower, so Brother Changbai joined in. Everything went so smoothly, it was God's help! The existence of the Star Alliance and Emperor Qin, even God can't stand it....."

But as soon as he said these words, Master Lan's expression changed drastically.

The next second, he took out a cracked life tablet from the storage ring.

The ancient master and others suddenly felt that something was not good

"Master Lan, what's wrong?"

"Tianze is dead!"

"What?!"

The Ancient Master and others were extremely shocked.

God was stunned:"It's over! Once Tianze dies, the Four-pole Tianyuan Formation will no longer be activated!"

As soon as these words were spoken, everyone's faces turned extremely ugly..

Chapter 729

God was stunned:"It's over! Once Tianze dies, the Four-pole Tianyuan Formation cannot be activated!"

As soon as these words were said, everyone's faces turned extremely ugly.

"How could this be?!"

Everyone is extremely unwilling to give in.

Master Lan is even more sad and angry.

He only has two high-level star masters who are gone.

He has really become a polished commander.

"who?! Who did this? Could it be Emperor Qin?!"Master Lan was so angry that he gritted his teeth.

Everyone looked at each other.

The Ancient Master pondered for a while and said:"Master Lan, I think this matter is most likely related to Emperor Qin! If you want to talk about who you have enemies with when you break up the alliance, it is none other than the Star Alliance."

"Ziwei, Tianfu, Jumen, Divine Assistant, and Land Rights in the Star Alliance are all bound by contracts, and they absolutely dare not attack Tianze. Only Emperor Qin, that little thief who is not bound by the contract, dares to take action against Tianze!"

As soon as these words came out, everyone felt that it made sense, but they couldn't believe it.

"Brother Gu, what you said is indeed reasonable. But if you say Emperor Qin's little thief can kill Tianze, I absolutely don't believe it!"

"That's right! I agree with Brother Mo. Emperor Qin YingTianze cannot be killed. Last time, Wu Qi fell, firstly because of divine punishment, and secondly because of the siege by the Star Alliance. If Wu Qi and Qin Huang were to fight alone, Qin Huang's little thief would definitely not be Wu Qi's opponent."

The Demon Lord and the Heavenly Lord expressed doubts about Qin Feng's strength.

The Ancient Lord nodded:"I also think Emperor Qin's little thief can't kill Tianze, but besides him, who else is the most suspicious at the moment? Besides, killing doesn't necessarily require a direct confrontation. Perhaps, the little thief must have used some trick or some dirty trick!"

"This is possible!"

The Demon Lord and God nodded slightly.

"Everyone, something happened in Tianze! Lan needs to rush back to take a look and find out what happened!"

The blue master put away the life cards with a gloomy look.

"That's fine! Brother Lan, go and come back quickly! Regarding dealing with the Star Alliance, we still need to discuss it together.", the ancient master ordered

"Brother Gu, I know it! Everyone, Lan will take his leave now!"

Throwing those words, the Blue Master hurried out of the temple.

Looking at the Blue Master's leaving figure, everyone sighed.

The Demon Lord sympathized:"It will be three or four days before the Blue Master returns to the Alliance Headquarters. thing. It's hard to say how many people in the headquarters can survive. This time, the disbanded alliance will suffer serious losses!"

"indeed so!", the ancient master sighed,"Hey! Let's not talk about that first. Our biggest problem now is: Tianze is dead and the Four-pole Tianyuan Formation cannot be activated. What should we do?"

"this....."

The Demon Lord and God looked sad.

The two of them were at a loss.

At this time, Changbai whispered:"I have a way?"

Everyone's eyes were dazzled.

"Brother Changbai, what can you do?"

"I have a junior brother named Yuan Qing. If you can persuade him to join, the formation can be completed!"

"Brother Changbai, how strong is your junior brother?"

Changbai smiled:"What do you think of the Star Alliance's Tianfu Star Master's strength?"

The ancient master replied:"Tianfu's strength is pretty good. He ranks among the top three among many high-grade star masters. He is also one of the most promising candidates to break through to the peak of high-grade star masters in the next billion years. Changbai stroked his beard and smiled:"My junior brother's strength is only stronger than that of Tiantian Mansion!"

As soon as these words came out, the three major domain lords were all overjoyed.

"That's great! The stronger the people in the main formation, the more powerful the formation will be. Brother Changbai, you have to go and persuade your junior brother...."

The ancient master said excitedly.

The Demon Lord and God also looked forward to it

"OK! I will go find him now. There will be news within five days!"

Changbai smiled, stepped into the void, and disappeared.

At that moment, only the three ancient masters were left in the field.

"You two, what are your plans?"

The Ancient Master looked at the Demon Lord and God

"What else? We can only wait here for news from Master Lan and Brother Changbai."

The Demon Lord looked helpless.

The Ancient Lord smiled: "That's right! By the way, Gu suggested that you send a message back to remind your subordinates to be careful of Emperor Qin's sneak attack.

The Demon Lord curled his lips and said, "Ha!" I'm sorry that Emperor Qin doesn't dare to go to our Demon Realm to cause trouble. If he dares to go, he won't even think about coming out alive. Our Demon Realm is different from the scattered alliance, but we are guarded by three Star Lords! The Lord of Heaven was not impressed either :

"We are also guarded by three Star Lords in our Heavenly Domain. I forgive Emperor Qin's little thief who dare not go there." However, it's okay to give the subordinates a warning..."

The Demon Lord smiled casually:"That makes sense!"

At that moment, the two men casually sent a reminder message to their subordinates.

In fact, in their hearts, they believed that they were much stronger than those who broke up the alliance. Qin Feng would definitely not dare to sneak attack on their lair.....

But on the other side, Luo Li, Zeus and others moved very quickly.

In just one day, they emptied the Disbanded Alliance headquarters of all the people, not even a wild dog was spared, let alone a human being.

In addition, all the resources of the scattered alliance headquarters, whether it is spiritual flowers, spiritual grass, mine resources, or even libraries, have also been moved into the small universe by Luo Li and others.

The headquarters of the scattered alliance, which was originally rich in spiritual energy, turned into a barren land lacking in spiritual energy in an instant.

After this, Qin Feng's faith increased greatly.

The life value has also increased by 300 million.

It is true that there are not many talents left in the disbanded alliance, and the life value is a little lower.

But even 300 million is still a huge amount.

With the previous superposition, Qin Feng's life value has accumulated to 1.6 billion, getting closer and closer to the goal of 2 billion.

As long as he accumulates 2 billion, he can condense the Fudo Ming King Statue, and the basic combat power will increase by 1 million zi, and the growth rate of the Hongmeng Holy Ring will no longer be weakened.

By that time, his strength was unimaginable.

Perhaps, he can find a way to resolve the crisis in the Star Alliance.

To achieve this goal, Qin Feng must capture more prisoners.

The heavenly realm or the demonic realm is his next target.

But he said that after Luo Li and others finished handling those trivial matters.

In the small universe, Qin Feng also finished refining that special spiritual pool.

One day in the outside world means four months have passed in the small universe.

It took Qin Feng four months to complete the spiritual pond.

Once the spirit pool is successfully refined, it will actively merge with the hell world..... now.
System prompts sounded in Qin Feng's mind.....

"Ding! The sacrifice is successful... Congratulations to the host for obtaining the top-grade star master level treasure - the reincarnation pool....."

"Ding! The reincarnation pool and the hell realm actively merge....."

"Ding! The fusion is successful...your hell realm is strengthened and promoted to binary level 11%.....The host's combat power is increased to 450,000 Zi....."

"Huh! It can still be like this!"

Qin Feng's eyes widened in surprise.

He didn't expect that after being promoted to the dual level in the hell realm, his cultivation level did not change, but his combat power increased greatly...

It turns out that upgrading the level of the three realms can also be greatly improved. His strength.

Now, his heaven world and human world are both at the one-yuan level.

The hell world is at the two-yuan level.

As for the difference between one yuan and two-yuan, he has not yet figured it out, and the system has not prompted, but he is sure that this is Good thing.

As for the rest, he needs to explore slowly in the future.

At this time, the system fed him a lot of information, which was about the role of the reincarnation pool.

After digesting the information, Qin Feng was ecstatic.

He waved and summoned Panzu into the hell realm.

"Master, are you looking for me?" Panzu saluted respectfully

"Panzu, have you seen the spiritual pool below?"

Qin Feng hovered in mid-air, looking down at the reincarnation pool below.

"Saw it! Master, what is the purpose of this spiritual pool?" Panzu's eyes showed curiosity.

Qin Feng smiled and said:"This reincarnation pool has many wonderful uses, one of which may be useful to you. As long as you soak in the spiritual pool for a period of time, you will continue to absorb the spiritual liquid in the pool to temper your body."

"It won't be long before your puppet body becomes flesh and blood. At that time, you are no longer half-human and half-spirit, but a real human being. Panzu was ecstatic:"

Thank you, Master, for giving me good fortune!""

At this moment, Panzu was extremely excited.

The biggest regret in his heart was that he had no flesh and blood body and could only be half human and half spirit.

This was like a shackles from heaven and earth, making him trapped and unable to move forward.

Unless he could get rid of it. The puppet body turned into a real human being.

Coincidentally, the opportunity to become a real human being came. How could he not be excited?

Qin Feng smiled:"Your situation is special, and the transformed body will probably be extremely extraordinary.""

Panzu was extremely grateful:"All this is given by the master!"

"Go down and soak!"

"yes!"

Panzu bowed, flew into the spiritual pool, and began to soak.....

Qin Feng was delighted to see it.

If Panzu can succeed, he can first merge with Panzu Tianji and then perform the cosmic transformation.

This subtle change can greatly increase Qin Feng's combat power in his strongest state, giving him at least 2 million more combat power.....

Thinking of this, Qin Feng was secretly happy.

Then, he waved again, and the space in front of him fluctuated, and a little boy carved in pink and jade appeared.

"Styx has met his master!", the boy saluted respectfully

"Styx, during this period, Panzu will be practicing in this pool of reincarnation. You are here to protect him and prevent anyone from disturbing him."

"The subordinates know!", Styx took the order.

Follow, he turned to look at Lingchi

"Huh! Master, I don't know why, when I saw this spiritual pond, my heart palpitated, I had some understanding, and I even felt that the breath of the spiritual pond was very friendly."

Minghe looked at the reincarnation pool with curiosity.

Qin Feng smiled slightly.

The predecessor of Minghe, like Panzu, was one of the three thousand innate beings created by the Lord of the Ancient Universe.

However, Panzu was one of the strongest innate beings..

However, due to various reasons, the Styx was not hatched, so it is still considered the weakest among them.

The reincarnation pool evolved from the fragments of the six ancient paths, and is naturally inextricably linked to them.

It is precisely because of this connection that Panzu transformed Only by being human can we have hope

"Master, I feel that this spiritual pond can help me realize something. Can I practice my enlightenment next to the spiritual pond?"

Minghe looked at Qin Feng expectantly.

Qin Feng smiled slightly:"Of course!

Styx was overjoyed:"Thank you, master!""

At that moment, Qin Feng gave a few instructions and left the hell world.

After a while, he returned to the outside world, and a reverse summons quietly returned to the Star Alliance.

Two days after Qin Feng left, the Blue Master finally arrived at the headquarters.

Waiting for him Seeing the barren headquarters, he was completely dumbfounded.

The star field that was originally full of life became dead.

Not to mention there were no people, not even a dog could be seen, and there was not even a spiritual grass.

He couldn't imagine , how did all this happen?

No matter how big the storage ring is, it can't hold so many resources.

The desolation in his eyes made him instantly angry.

"who?! Who did this?"

Master Lan's roar echoed in the starry sky.

The voice was full of endless anger and boundless sadness..

Chapter 730

Time flies.

Three days have passed since Qin Feng destroyed Tianze Xingzun.

Three days in the outside world, one year has passed in the small universe.

During this year, the prisoners who broke up the alliance have been properly arranged.

Qin Feng set aside a star field in the small universe for the prisoners of the scattered alliance to live, and it was managed by Zeus.

In fact, these prisoners have signed a contract with all living beings and are willing to be Qin Feng's followers, which can provide Qin Feng with the power of faith.

There are also a few die-hards who were signed into slave contracts and sent to the depths of the star field to develop living planets.

In short, everything is on track.

At this moment, in the Heavenly Palace.

Qin Feng leaned on the sofa comfortably, thinking about his next plan.

Luo Li and Liu Yan helped him massage his thighs.

Yun Xi stood behind the sofa and massaged his shoulders.

The three people's techniques were all on point. Qin Feng closed his eyes comfortably and relaxed completely.

Nishan on the side is helping Qin Feng make tea.

Today, Nishan is the development manager and is responsible for the development of the living planet.

Luo Li's identity is the general manager of external affairs of Tiangong, responsible for managing prisoners and visitors from Tiangong.

Liu Yan's identity is the internal affairs manager of Tiangong, responsible for managing the internal affairs of Qin Clan.

Yun Xi's identity is the Earth Manager, who oversees all matters on the Earth.

The four girls also have a common identity, that is, they are Qin Feng's concubines.

"Your Majesty, now that everything in the small universe is on track, when are you going to sneak attack on the Demon Realm and the Heaven Realm?"

Nishan brought the brewed tea over.

Qin Feng opened his eyes, took the spirit tea, took a sip, and the fragrance overflowed.

"Tian Ze's death will definitely alarm the Demon Realm and the Heaven Realm, I'm afraid they are already on guard against me.", Qin Feng put down the tea cup

"Your Majesty, are you still planning to attack them?", Luo Li's slender hand rubbed Qin Feng's thigh

"Of course we can't let them go! Twenty-six days until their indenture restrictions end. During this period, it will be beneficial to our Star Alliance to kill one or two more high-grade Star Lords!"

Qin Feng used Qimen Dunjia to deduce it.

If he can't kill another high-level Star Lord, it will be extremely detrimental to the Star Alliance.

As for why this is the case, he has not calculated it yet.

In fact, this disadvantage comes from the Four-pole Tianyuan Formation..

If Qin Feng kills another high-grade star master, even if the four major forces find Yuan Qing, they will not be able to open the grand formation.

Naturally, Qin Feng does not know about this matter.

Now he just wants to follow the results he deduced, To make another sneak attack, he would have to kill at least one more high-grade star master.

But Qin Feng knew very well that whether it was the heaven domain or the demon domain, there were three high-grade star masters guarding it, making a sneak attack extremely difficult.

He would have to have at least one man to defeat him. Only with the strength of the three top-level star masters can we escape unscathed, otherwise we will die.

"Master, are you going to deal with the Demon Realm or the Heavenly Realm next?", Yun Xi asked delicately

"Heavenly domain!"

"why?"

"Firstly, the three Star Lords in the Heavenly Realm are weaker than those in the Demonic Realm; secondly, the Eight Treasures Holy Virtue Pool in the Heavenly Realm contains a large amount of ancient merits, which is of great use to me."

The girls suddenly realized

"Your Majesty, if you want to make a sneak attack, you'd better do it early. Today, God is still staying in the ancient domain to discuss matters. If God comes back, you will have no chance."

Ni Shan added some hot water to Qin Feng's teacup.

Qin Feng nodded slightly:"That's right! Now we are waiting for Panzu. As long as Panzu's body is transformed successfully, my strength will be greatly increased. If you go for a sneak attack then, your success rate will be greatly increased....."

"That's right! Your Majesty, safety comes first. If Panzu has not come out of seclusion, you should not go out easily... Your Majesty, who of us will sleep with you tonight? Nishan asked shyly.

The four girls all looked forward to it.

Qin Feng smiled evilly, and just as he was about to say something, a system prompt came to his mind.

"Ding! Your subordinate Styx (Lord of Hell) achieved enlightenment...beside the Reincarnation Pool, he used the ancient remnants to create 480 million Shuras....."

"Ding! Your subordinate Styx founded the clan successfully.....Acquire massive merits and great luck... Styx's Blood Origin Seal and Shura Seal have improved understanding.....Cultivation level breaks through to the early stage of middle-grade star master...."

"Ding! The host's sharing of insights is successful, and your awareness of the Blood Origin Seal and Cultivation Seal is improved.....Increased host combat power....."

"Ding! Host sharing successful.....You get 200 million merit points and 100 million life points....."

"good! good!", Qin Feng was overjoyed.

He always thought that Xuan Xi would break through to the mid-level star master first.

Even Baobao Qin was one step faster than Styx.

Unexpectedly, Styx also had his own opportunity and actually created the Shura clan. With this, he broke through to the mid-level star master.

The benefits this brought to Qin Feng were also huge. Not only did the Jieji combined combat power increase, but his life value also accumulated to 1.7 billion.

His merit value also accumulated to 500 million.

Among them, 300 million were obtained from the development of living planets this year.

"Your Majesty, what's wrong?"

The girls felt Qin Feng's joy

"Styx broke through to the mid-level star master.....", Qin Feng said with a smile

"That's it!", the girls were pleasantly surprised.

At this moment, the system prompt came again in Qin Feng's mind

"Ding! Your subordinate Panzu (the Lord of Heaven and Earth)... His puppet body is fused with a large amount of spiritual liquid from the Reincarnation Pool and evolved into the body of the Heavenly Witch (the top-level body of flesh and blood)... his combat power has been increased to 300,000 Zi....."

"Ding! Your subordinate Panzu has obtained the body of a celestial witch. The host's celestial body can be multiplied tenfold by the cosmic golden body... The host's strongest state combat power is greatly increased....."

"Ha ha! What a good thing!", Qin Feng stood up happily

"Your Majesty, what happened?", Luo Li asked curiously

"Panzu has also made a breakthrough, it's time for me to take action too.....", Qin Feng pinched Luo Li's cute little face

"Your Majesty, then be careful!"

The girls were concerned.

Qin Feng smiled slightly and left in one step..
