

God level 731

Chapter 731

After leaving the Heavenly Palace, Qin Feng will have accumulated 500 million merit and consumed it, raising the golden wheel of merit to the twenty-ninth level.

Then, he consumed the 600 million karma points obtained from killing Tianze and upgraded the Karma Fire Red Lotus to level 30.

In this way, his Hongmeng Holy Ring is 35th level, Karma Red Lotus is 30th level, and Merit Golden Wheel is 29th level.

The cumulative increase is 94 times, which is extremely terrifying!

After doing all this, Qin Feng stepped into the air and disappeared into the small universe.

The next second, he appeared in a secret training room in Tianyu.

In the secret room, Jehovah is meditating.

Qin Feng's arrival shocked him.

When he opened his eyes and saw it was Qin Feng, he was overjoyed

"Master, you are finally here!"

Ye Pinghua knelt down excitedly.

These days, he lived on tenterhooks for fear of being discovered as an undercover agent.

Therefore, he wished that Qin Feng could destroy Tianyu immediately and let him live a comfortable life.

"Get up!"

"yes! Owner!"

"How's it going?", Qin Feng asked

"Return to the master, God has not returned yet. However, the news that the master killed Tianze Xingzun four days ago has spread to the upper levels of Tianyu. Everyone is shocked, and the defense of Tianyu has also been strengthened....."

Qin Feng smiled slightly:"The upper level of Tianyu? Have you entered the upper level?"

Ye Pinghua said a little embarrassedly:"Returning to the master, now there are no middle or low-grade star masters and masters in Tianyu. Under the Star Lord, the great God Emperor Perfection is respected"

"Lu Dongfa and I are both God-Emperors of Great Perfection, and have been regarded as key training targets as the future upper echelons of Tianyu. Some news, the three major stars will also tell us some."

Qin Feng nodded slightly.

"Where are Xingyuan, Baijie and Jiuqi now?", Qin Feng asked again.

These three people are the three Star Lords of Tianyu.

Among the three, Xingyuan is the strongest, with a combat power of 7 million Zi.

Bai Jie and Jiuqi's combat power is also better than Qianze. They are all about 5 million Zi.

It is much more difficult to sneak attack on a Star Lord in this heaven than to break up the alliance.

Jepinghua's eyes lit up:"Master, are you going to take action?"

"Um!

Jehovah said happily:"That's great!" Master, I have been waiting for this day for a long time. The master, Xingyuan Xingzun, is responsible for patrolling the security of the sky. Jiuqi Xingzun is supervising the construction of the starry sky teleportation array"

"Star teleportation array? What are they going to do?" Qin Feng keenly saw the center point of the problem.

Ye Pinghua replied:"The rumor is that he wants to open up the ancient realm and the demon realm. In that case, if one of them is in trouble, the other two parties can quickly provide support."

"After the master killed Tianze Xingzun, Tianyu began to build the star teleportation array. The Demon Realm and the Ancient Realm are also under construction at the same time. Qin

Feng sneered:"Their desire to survive is really strong!" Jehovah suggested:"Master, I have been secretly observing this for a long time. It will take at least two days before they can successfully build it." You can take advantage of this period to launch an attack. If they wait until they build the teleportation array, they will have no chance."

Qin Feng smiled and said nothing.

Ye Pinghua was right.

Once the teleportation arrays of the three domains are completed, they will become one.

As long as he attacks any party, two parties will come to support him. They treat him like a turtle in a urn.

What a pity!

Although the idea of Three Domains is very good, they don't understand Qin Feng.

Qin Feng has a sky outside the sky and can escape at any time.

It is very difficult to trap him.

"By the way, you haven't mentioned Baijie Xingzun yet. Where is he?"

"Return to the master, Baijie Xingzun guards the Holy Virtue Temple in the forbidden area!"

"Holy Virtue Temple? But where is the Eight Treasures Holy Virtue Pool?"

"Exactly!"

"Is there a map of Tianyu?"

"Master, I have been ready for a long time."

Ye Pinghua proudly took out a jade talisman and handed it over respectfully.

Qin Feng took the jade talisman and looked at it, showing a satisfied smile.

The map was very detailed, including the construction location of the Star Teleportation Array and the location of the Holy Virtue Temple. , the locations of the palaces of the three major stars, and the location of the palace of the Lord of Heaven are all marked very clearly. The area of the sky is equivalent to five times the size of the headquarters of the scattered alliance.

With this map, Qin Feng has a plan in his mind

"Master, when are you going to take action?"

"Wait until they build the star teleportation array!"

"ah?!"

Jehpinghua opened his mouth wide, thinking that he heard wrongly.

When they build the teleportation array, won't everything be cool?

"Master, once they build the teleportation array, wouldn't it be too dangerous?....."

Jehovah looked puzzled

"You don't need to ask about this. Next, just do what I say!"

At that moment, Qin Feng gave instructions to Ye Pinghua.

After hearing this, Ye Pinghua nodded slightly and did not dare to ask why.

After dealing with this, Qin Feng waved again, and the space in the secret room fluctuated, and Lu Dongfa was summoned.

When Lu Dongfa saw Qin Feng, he quickly saluted in panic

"Lu Dongfa has met his master!"

"No need to be polite! I have a task for you to do now"

"Master, please speak!"

At that moment, Qin Feng gave Lu Dongfa some tasks again.

Lu Dongfa was confused and didn't know why Qin Feng did that, but he didn't dare to ask more questions and agreed to everything.

After doing this , Qin Feng returned directly to the small universe.

Time flew by.

In the blink of an eye, another three days passed.

There were only twenty-three days left for the termination of contracts of many Star Lords.

On this day, in the ancient domain, the meeting temple.

Ancient Lord, Demon Lord, Lord God, Lord Lan, and Changbai gathered together again.

In addition, there was another man in green robe, it was Yuan Qing.

At this moment, the atmosphere in the field was full of joy.

Just now, Yuan Qing agreed to join them and signed a contract

"This time, with the joining of brother Yuan Qing, our power has greatly increased. The demise of the Star Alliance and Emperor Qin is just around the corner!"

The ancient master was so happy that he couldn't close his mouth.

The demon master laughed:"Haha!! The day the contract ends is when Emperor Qin's little thief dies"

"That's right! Emperor Qin's little thief must die!", The Lord said with gritted teeth.

Speaking of which, the four major domain lords hate Qin Feng more deeply than the Star Alliance.

If it weren't for Qin Feng, how could so many of their men die?

Especially Master Lan, his hatred for Qin Feng is as deep as the sea.

His alliance was completely destroyed by Qin Feng.

He became a true polished commander.

As for Changbai and Yuan Qing, their attitude towards Qin Feng is to kill him.

If the Emperor Star does not die, they will die in the future.

If the Emperor Star falls, they still have a chance to become the masters of the universe.

Therefore, the six of them had the same chemistry and hit it off immediately.

At this moment, the Demon Lord's expression changed and he took out a jade communication talisman from his body.

After a moment, he said with a happy face: "Everyone, our Demon Realm's star teleportation array has been built."

As soon as he said this, the giants were overjoyed.

The Ancient Master smiled and said: "Haha!! The teleportation arrays in the Ancient Domain and the Heavenly Domain have also been established. In this way, our three domains are connected into one. Now, if the little thief dares to make a sneak attack again, he will definitely come back.."

The Demon Lord was proud: "Of course! As long as any one of us rushes to support him, we can easily kill him."

God smiled and said: "After all, I have to thank Brother Changbai. If he hadn't come up with this idea, I'm always a little worried!"

Chang Bai smiled and said: "Qin Huang's little thief is extremely cunning, and he got the benefit of sneak attacks to break up the alliance. He will definitely continue to sneak attacks. During this period, I and my junior brother have deduced dozens of times. The hexagram shows that the little thief will sneak attack a second time."

The ancient master nodded:"Fengtianmen's ability to deduce the destiny is unparalleled in the world. Brother Changbai said this, the little thief will definitely attack a second time.."

Master Lan sneered:"As long as he dares to come, Lan will be the first to support him. Strangely enough, what is Emperor Qin's strength now?"

Ancient Master pondered:"Although Gu doesn't know how he sneaked into Tianze , but when he came out of the Chaotic Star Territory, he wasn't that strong. If Gu looks at it, his strength should be much the same as Tianze."

Changbai sighed:"Even so, it's quite scary."

Master Lan said disdainfully:" So what? With the situation we have set up now. If he comes to sneak attack again, he will definitely die!"

God agreed:"Yes! As long as he dares to sneak attack, he will die! I don't know, is that kid that stupid? I hope he You can be stupid again!"

Yuan Qing smiled slightly:"Everyone, let's not talk about Emperor Qin for now. Let's talk about the Four-pole Tianyuan Formation!" At the mention of this, everyone became excited again

"yes! Now that we have the manpower together, let's start studying the formation. The next step is to destroy the Covenant."

"Ancient Lord, should we set off a few days in advance? When we arrive at the Star Alliance, the contract restrictions will end and we will destroy the Star Alliance."

"God, it seems that you are determined to destroy the Star Alliance. You can't wait any longer."

"Ha ha!! Of course!"

There was laughter from everyone in the field.....

At this moment, deep in the Demon Realm.

In a very secret room.

Satan took out a communication jade talisman and passed the news that the Demon Realm teleportation array was built to Qin Feng.

The next second, the space in front of him fluctuated.

Qin Feng walked out of the void

"Meet the owner!", Satan saluted respectfully

"Is the starry sky teleportation array completely built?"

"Yes Master! Hearing this

, Qin Feng was overjoyed.

This was the moment he had been waiting for.

Satan was a little confused:"Master, why did you wait until they built the teleportation array before taking action?" Isn't this detrimental to your actions? Qin

Feng smiled coldly:"That's ordinary people's thinking!" What's more, I made a sneak attack once, and this is the second time. Everything can be one or two, not three! This time, either there will be no sneak attack. Since there is a sneak attack, then there will be a cruel one. I will make it something they will never forget!"

The corners of Qin Feng's mouth curled up slightly, revealing a strange smile.

Satan also increasingly felt that Qin Feng was unfathomable and could not be measured by common sense.

"Where's the map?"

"Master, here!"

Satan respectfully handed over a jade talisman.

Qin Feng took it and inspected it. Inside was a map of the Demon Realm, marked in great detail.

After a moment, he put away the map with satisfaction and summoned the phantom clone.

Then, he entered The strongest state has been achieved. The fusion of star poles! The fusion of world poles!

The power of faith is superimposed!

The combat power soared to 600,000 zi. The merging of heaven and earth!

The combat power of Panzu was superimposed.

In an instant, it skyrocketed to 900,000 zi!

The golden body of the universe transformed!

Qin Feng's combat power soared to 9 million zi in an instant.

The phantom clone's combat power also reached 4.5 million zi.

Satan was dumbfounded.

Then, Qin Feng and the phantom clone disappeared out of thin air.

One person and one clone went deep into the Demon Realm. at..

Chapter 732

A moment later, deep in the Demon Realm.

Qin Feng appeared above the Demon Lord's palace.

He looked down at the back of the palace, where there was a river reaching the sky, coming from the sky.

According to the logo on the map, the river is called Wangchuan.

The water in the river is called Wangchuan water.

The river will eventually flow into a place called Wangyoutan.

There is an ancient bridge in the middle of the river, which exudes the atmosphere of eternity. It is called Naihe Bridge.

On both sides of the Forgotten River, there are red flowers blooming, called Manjushahua, also known as the flower of the other side.

Rumor has it that the Demon Realm is the hell realm of the ancient universe.

The Wangchuan River, Wangyou Pond, and Naihe Bridge are all leftover from ancient times.

Rumor has it that there is something going on in the six ancient realms.

After death, all creatures will pass through the Naihe Bridge and drink the water from the Forgotten River to wash away the memories of their past lives.

The Manjushuahua (Flower of the Other Shore) on the shore is the water of Forget River that penetrates both sides of the shore and merges with the spiritual energy of heaven and earth.

Those flowers contain the remnants of countless living beings' past lives, as well as the various true insights of elemental masters.

This flower is strange. There are no leaves on the flowers and no flowers on the leaves.

The leaves come out and the flowers fall, the flowers come out and the leaves fall.

Flowers and leaves cannot appear at the same time.

But this thing is used as medicine, but it can be used to refine the Star Lord-level elixir - Manhua Dan, which can enhance the perception of the highest true meaning.

However, ordinary alchemists cannot refine it, and they need to have a star master-level alchemy level.

People in the Demon Realm like to fight, and few people will work hard on alchemy.

What's more, alchemy focuses on talent.

No matter how enthusiastic you are, you still can't become a top alchemist without talent.

This resulted in the Demon Realm having no Star Master level alchemist.

Therefore, those manzhu and sawahua have never been picked.

But Qin Feng is a star master level alchemist.

Refining Manhuadan was easy for him

"It turns out the legend is true!"

Qin Feng looked at the thousands of Manjushuahuas on both sides of the Taiwan Strait and felt a little excited.

To break through from the middle-grade Dzogchen Star to the high-grade Star Master, at least one must have the highest true meaning to realize the Dzogchen.

But the difficulty of that realization is too high.

But With the help of Manhua Dan, it can greatly speed up his enlightenment.

These thousands of Manjushuahua can be refined into nearly ten thousand Manhua Dan, which is enough to complete his supreme true meaning.

It can even satisfy many of his subordinates.

In the future , there is no bottleneck if he and his men want to break through to the high-level star master. It takes ten million years for this Manjusawa flower to grow.

These thousands of flowers have been accumulated for hundreds of millions of years, which is not easy..

Thinking of this, Qin Feng waved his hand, and thousands of Manjushuahua broke out of the ground and rose from the ground, like a sea of flowers floating in the air.

But this movement immediately alerted the nearby watchers.

"who?!"

Whoa~! Whoa~! Whoa~!

The next second, a dozen Demon Realm guards rushed out from every corner, all of whom were cultivated by the God Emperor.

In the blink of an eye, the dozen or so people arrived, just in time to see Qin Feng. Thousands of spiritual flowers were put into the storage ring.

The guards were furious.

The person who came here was so bold!

He dared to come to the Demon Realm and steal their holy flowers.

The leader was about to scold him.

Qin Feng just looked at it with a faint look. Go, more than a dozen guards exploded in an instant, and they didn't even have time to scream.

No one else in the Demon Realm noticed this movement, but the three Star Lords in the Demon Realm sensed it.

The three people looked in the direction of the Demon Lord's Palace in shock..

What's going on?

Why did you hear the sound of soul shattering just now?

Could it be that the Demon Lord is back?

But there is no movement in the starry sky teleportation array!

The three Star Lords were puzzled.

At the same time, Qin Feng collected the spirit flowers and flew directly Xiang Naihe Bridge.

This is an ancient relic.

Without saying a word, he pinched the seal and began to close the Naihe Bridge.

As soon as the seal was touched, the Naihe Bridge trembled violently.

The Divine Bridge was connected to the Demon Realm!

It was like one body!

Qin Feng plundered forcefully, The entire Demon Realm trembled violently, rumbling and roaring.

At this moment, the tens of billions of members of the Demon Realm were alarmed, and each one looked in the direction of the Demon Lord's Palace in shock.

Then, three more extremely fast sounds broke through the air, rushing towards this direction.

It was exactly The Three Stars of the Demon Realm: Demon Qiong, Wuxiu, and Baxia.

When Qin Feng saw the situation, he immediately turned into a towering giant, grabbed the Naihe Bridge, and pulled it out of the ground, bringing out thousands of feet of dust.....

This time, all members of the Demon Realm saw it

"It's Emperor Qin!"

Yiwan members exclaimed.

The three Star Lords of Moqiong were shocked and angry.

They have been setting up formations at the border of the Demon Realm. As soon as someone breaks in, they will be able to sense it.

But so far, those formations have not It was destroyed, so how did Emperor Qin get in?

"Damn little thief! Put down the Naihe Bridge!"

"How dare you steal my most precious treasure from the Demon Realm? You are seeking death!"

The three Star Lords arrived in an instant and attacked Qin Feng at the same time.

In an instant, three sky-high attacks shattered all time and space, and the mighty power of heaven enveloped the entire Demon Realm...

Tens of billions of members were trembling with fear, and countless people were horrified. They retreated and quickly moved away from the battlefield.

In the fight between high-ranking star masters, any aftermath could kill them.

At the same time, somewhere in the corner of the Demon Realm.

More than a dozen God Emperors saw this scene with sad faces.

This More than a dozen people were undercover agents arranged by Qin Feng, and the leader was Satan.

"It's over! It's over! How could the master be so impulsive? He didn't run away when he saw three Star Lords approaching. With one against three, you will either die or be injured!"

Those undercover agents were anxious.

Even Satan looked anxious.

Even though he had seen Qin Feng show off his momentum once, he did not dare to go into details. Qin Feng alone could withstand the siege of the three Star Lords.

In the blink of an eye, the attacks of the three Star Lords Falling.

Satan and others did not dare to look anymore.

Countless members of the Demon Realm opened their eyes in anticipation, even a little excited.

They hoped that the three star masters would kill the young man in white to scum.

This hateful guy dared to steal the Demon Realm Saint Things are simply looking for death!

At this moment, Qin Feng took action.

With a wave of his hand, the four divine swords of Sealing Heaven shot out. The

Golden Wheel of Merit!

The Holy Ring of Hongmeng!

The Red Lotus of Karma!

They all appeared!

Ninety-four times. The increase completely shocked the three Moqiong people.

"Good boy!"

The three star masters immediately used their true meaning comprehension methods to suppress Qin Feng's increase.

The three domains were superimposed, and the effect was enhanced.

But Qin Feng still had a forty-fold increase.

His shackles of heaven and earth also imposed the three demons.

In an instant!

Both sides attacked. Collision!

Boom~!

A loud noise that shook the universe!

The color of the sky and the earth changed! The sun and the moon lost light!

The Demon Realm was about to explode!

The violent shock wave raged in all directions.

Everything in its path was turned into powder, and even the space was shattered. crack.....

The four people in the field groaned at the same time and flew backwards.

A draw!

With one against three, Qin Feng actually blocked a joint attack from the three of them.

Countless Demon Realm members were dumbfounded!

OMG!

That boy in white is actually super powerful!

Moqiong, Wuxiu, and Baxia were also dumbfounded!

How can this be!

More than a month ago, Emperor Qin did not have such strength at all.

But more than a month later, this guy was able to fight one against three.

Such combat power can only be matched by the Jiuying Star Master from the Ancient Territory.

The Lord of Jiuying Star is known as the first person under the pinnacle of high-grade

"We must not let this kid escape! Otherwise, there will be endless troubles!"

"That's right! I'll contact reinforcements!"

The three Moqiong people quickly reached an agreement.

This Emperor Qin is too terrible, and his progress is so fast that people can't imagine.

This time, they must get rid of Emperor Qin.

If Emperor Qin is allowed to escape, it will be like letting the tiger return to the mountain, and the consequences will be disastrous..At that moment, Mo Qiong and Ba Xia rushed towards Qin Feng.

Wu Xiu picked up the jade talisman and asked for help from the Tianyu and Guyu.

Qin Feng took the opportunity to take the Naihe Bridge into the hell realm.....

"Ding! Naihe Bridge automatically merges with your hell realm....."

"Ding! After the fusion is successful, the perfection of your hell realm is increased to 27% (dual level)...your basic combat power is increased by 20,000 zi...the strongest combat power is increased to 9.2 million zi...."

"Huh! That's okay!"

Qin Feng was full of surprises. As soon as the Naihe Bridge entered the hell realm, it was automatically erected above the underworld, as if it was a natural fit.

Everything merged extremely smoothly.

Qin Feng was a little stunned.

At the same time, he was also pleasantly surprised to learn that these The ancient relic can help him ascend to the three realms.

At this moment, Moqiong and Baxia came over to kill him.

"Ha ha! Just in time!"

The two sides immediately started fighting.

In the blink of an eye, Wu Yao finished sending the distress message and joined the battlefield.

In this fight, both sides were killed to pieces, and no one could take advantage of the other.

But the people in the entire Demon Realm were dumbfounded. The more they watched , They were even more in awe of Qin Feng.

In a corner, Satan and the others were even more shocked, with admiration deep in their eyes.

If they had come to be undercovers before, they had been helpless.

At this moment, they really wanted to follow Qin Feng.

If you can follow such a strong person, it will be a blessing.....

At the same time, the boundaries of the ancient domain.

Beside the starry sky teleportation array, two high-grade star masters were chatting.

"I really don't understand! This teleportation array has been built, why did the ancient master arrange for the two of us to guard here? Are you afraid that someone will damage it?"

"Naturally, we must obey the orders of the Ancient Lord. I heard that this was Lord Changbai's suggestion. The old man said that Emperor Qin would definitely attack again, so we just had to stand by so that we could go to the reinforcements as soon as possible....."

"hehe! I think Lord Changbai has a high regard for Emperor Qin. A small mid-level star master actually caused chaos in our three regions, and even built a starry sky teleportation array with great fanfare! is this necessary?"

"yes! I don't think it's necessary either. Let me see, whether Emperor Qin dares to attack again is a question!"

"Ha ha!! I also think that little thief doesn't dare anymore!"

But as soon as these words were said, there was movement in the communication jade talisman between the two.

When the two took it out and took a look, their expressions suddenly changed slightly, and they were a little embarrassed.

The news came from the Demon Realm.

Qin Feng actually made a sneak attack. Yes!

The two of them just said that Qin Feng didn't dare.

But they didn't expect to be slapped in the face so quickly, so they were naturally a little embarrassed.

"Brother Gudeng, let's go over quickly to provide reinforcements!"

"Yuan Cang, you stay and guard the teleportation array to prevent it from being destroyed.

Yuan Cang frowned: "Emperor Qin is obviously in the ancient domain." Are you afraid of someone destroying it? Send the formation? Besides, even if no one is watching. This kind of super starry sky teleportation array is also extremely difficult to destroy."

"Even if a high-grade star master takes action, he won't be able to destroy it even if he doesn't have a quarter of an hour. And this quarter of an hour is enough for us to rush back and stop it!

Gu Deng took a deep breath and said, "Yuan Cang, have you forgotten?" This is what Lord Changbai told me. He has deduced that this teleportation array has signs of being destroyed."

"Just now, we didn't believe Lord Changbai's words and thought Emperor Qin didn't dare to make a sneak attack. Think about it now, didn't Emperor Qin still have a sneak attack? Therefore, Master Changbai's prediction is still accurate! Hearing this

, Yuan Cang nodded slightly: "That makes sense!" then you go! I'll protect the formation!"

Gu Deng said no more, quickly entered the starry sky formation, and rushed to the Demon Realm for reinforcements.....

At the same time, Tianyu.

Next to the Super Star Teleportation Formation.

Xingyuan Xingzun and Jiuqi Xingzun were also chatting.

Suddenly, the two of them also received a request for help from the Demon Realm.

"Huh! This little thief of Emperor Qin is really not afraid of death! Is this guy stupid?", Jiuqi looked sarcastic.

"Jiuqi, you stay and take good care of this teleportation array. I'll go support you!"

Xingyuan Xingzun put away the jade talisman.

Jiuqi didn't care:"I don't know what God thinks, but the teleportation array still needs to be guarded. Could someone really be sabotaging it?

Xingyuan said softly:"This is God's order, just obey it!"

"All right!"

Jiu Qi took the order.

He was still a little afraid of Xingyuan.

The three major star masters in the Tianyu.

He and Bai Jie were about the same strength, but Xingyuan was better than them.

The next second, Xingyuan entered the teleportation array to support.....

But he said that on the other side, in the demonic realm.

Qin Feng and the three major stars fought fiercely.

It didn't take long for the starry sky teleportation array to bloom with dazzling light.

Then, a figure rushed out, it was the Ancient Lantern Spirit Lord who came from the ancient domain.

He was stunned when he saw the battlefield ahead.

This Emperor Qin is too terrifying!

They hadn't seen each other for more than a month, and yet he was able to fight one against three.

Given time, let him continue to grow, that would be great!

At this moment, Mo Qiong and the other three people came over when they saw the ancient lantern, and they were all overjoyed.

"Brother Gudeng! Come and help!"

"Brother Gudeng, let's kill this little thief together!"

Gu Deng laughed: "Haha!"! good! Here comes Gu!"

Just after saying this, a man in a black cloak walked out of the void, presented the Tai Chi diagram, and attacked the ancient lantern head-on.

That man was the shadow clone that had been hidden for a long time.

The ancient lantern was attacked by a sneak attack, and he felt depressed.

The two sides were immediately entangled. Together.

Moqiong and the others suddenly felt aggrieved.

They thought help had come, but they were blocked.

At this moment, the teleportation array lit up again.

Xingyuan also felt it.

Moqiong and others again Overjoyed.

Qin Feng's eyes also lit up.

The three people in Tianyu were finally transferred away by him.

"Ha ha!! I won't play with you anymore!"

Qin Feng waved his hand, instantly retracted the phantom clone, turned around and fled outside the Demon Realm.

"Little thief, where are you going?"

"Don't let him escape!"

At that moment, the five Star Lords chased Qin Feng.

In the blink of an eye, the six of them rushed out of the Demon Realm and went deep into the vast Star Realm.

Satan looked at Qin Feng's leaving back with a worried look on his face.

However, he still According to Qin Feng's order, dive towards the teleportation array.

.....

Although the master's strength is extremely strong, it is difficult for two fists to defeat four hands, and one person still cannot cope with the combination of the five star masters.

If we are caught up this time, we may be in trouble!

At the same time, Tianyu.

Beside the starry sky teleportation array, Jiuqi looked bored.

He never took Qin Feng seriously from the bottom of his heart

"Brother Xingyuan has been there for more than ten minutes, but I don't know what the outcome is. The people in the Demon Realm are really useless. A Qin Emperor made a sneak attack and even asked for help! Ah!"

There was a trace of disdain on the corner of Jiuqi's mouth.

But at this moment, there was a sound of footsteps behind him.

Jiuqi turned around and saw that the person who came was a young god emperor with blond hair.

He had some impression that this person seemed to be named Ye Pinghua

"Junior, what are you doing here?"

Jiu Qi frowned slightly.

This little god emperor came uninvited, which made him a little unhappy.

"Xingzun, my master wants to see you!", Jehovah said with some anxiety.

At this moment, he felt very uneasy.

"Your master? who is he?"

"Xingzun, it is not convenient to reveal the identity of my master. I will summon him now and ask him to come over!"

"So much nonsense! Let's get over here!" Jiu Qi became a little impatient.

Ye Pinghua hurriedly took out the jade talisman and issued a summons.....

At the same time, the border of the Demon Realm.

The five star masters followed Qin Feng and chased after him

"Little thief, don't run away if you can!"

"Ha ha!! Everyone, if you have the ability, chase me!", Qin Feng laughed

"Boy, don't be complacent. The Demon Lord will be here in a moment. No matter how fast you are, can you be faster than the peak of the top grade?"

Mo Qiong sneered.

In his eyes, Qin Feng is already dead.

The five of them don't have to catch up with Qin Feng. As long as they lock Qin Feng's position, Qin Feng will be dead when the Demon Lord and others arrive. But as soon as he finished speaking, Qin Feng sensed that there was something in the communication talisman.

He felt happy and turned around with a smile: "Everyone, I won't accompany you anymore!"

As soon as he finished speaking, he disappeared into thin air.

"Huh! What about the boy?"

Moqiong and others were stunned.

Qin Feng's breath disappeared out of thin air.....

The next second, Tianyu.

Qin Feng made a reverse summons and appeared next to Jepinghua

"It's you!"

Jiu Qi was shocked when he saw Qin Feng.

Qin Feng didn't want to say much, and took Ye Pinghua into the small universe with a wave of his hand, and at the same time released the shadow clone. Without saying a word, the shadow clone killed Jiu Qi directly.

Qin Feng did not dare to waste time and attacked the teleportation array crazily.

"Boy, what are you doing?"

Jiu Qi immediately realized Qin Feng's intention.

He wanted to stop Qin Feng, but was stopped by the shadow clone.

This time, Qin Feng's increase was not suppressed.

He attacked with all his strength, and the power of the attack was earth-shattering.

The entire heaven domain Everyone trembled violently!

The roaring sound resounded throughout the world!

At this time, countless people in the Heaven Realm were shocked and looked over.

A violent roar sounded from the depths of the Heaven Realm.

"Who dares to run wild in our heaven!"

Immediately, a figure rushed out from the depths of the sky.

It was Baijie Xingzun who was guarding the Shengde Temple.

At this moment, he rushed to support Jiuqi.

At this moment, there was a crisp sound between heaven and earth..Crack

~!

The starry sky teleportation array was finally blasted to pieces by Qin

Feng! Bai Jie and Jiuqi's expressions changed drastically.

Anyone who could destroy this super starry sky teleportation array in just half a minute must have extremely terrifying attack power.

It usually takes about a quarter of an hour for a top-grade star master.

The two of them suddenly felt that something was not good!

Qin Feng also let out a sigh of relief.

Immediately, he turned to look at Jiuqi, and then looked at Bai Jie not far away, with a sneer at the corner of his mouth..

He wanted to kill three Star Lords by himself, but he couldn't do it.

But if he said he could kill two by one person, he could still do it.

This thought made his smile grow thicker.

But Jiuqi and the others felt their hearts sink. It sank.

The teleportation array was destroyed and they had no support..

Chapter 733

However, the hearts of Jiuqi and the two of them sank.

The teleportation array was destroyed and they had no support.

At this moment, Qin Feng stepped into the air and reached the top of Jiuqi's head. With a sword move in his hand, the Four Divine Swords of Sealing Heaven shot towards Jiuqi.....

Buzz~! Buzz~! Buzz~!

Golden Wheel of Merit!

Hongmeng Holy Ring!

Karma Fire Red Lotus!

At the same time, the three supreme beings bloomed with dazzling light.....

"not good!"

Jiu Qi's expression changed drastically.

Qin Feng's attack made him smell the crisis.

He wanted to escape, but was entangled by the phantom clone.

"Brother Qi, let me help you!", Bai Jie roared and rushed over.

But in the next scene, Qin Feng's attack fell.

Boom~!

A loud noise that shattered all worlds!

In an instant, the sky collapsed and the earth shattered!

Countless stars were shattered!

Jiuqi screamed miserably, and was The blast was reduced to rubble, blood mist splashed all over the sky, and even the true spirit was shattered in an instant!

How is that possible!

Bai Jie was dumbfounded!

He originally thought that Qin Feng and the shadow clones would join forces to repel Jiuqi at most.

Unexpectedly, it was It exploded in one encounter!

You know, Jiuqi is much stronger than Tianze back then.

When Qin Feng dealt with Tianze, he couldn't explode with one move, but split his body with one punch.

He is stronger now than he was seven days ago A lot.

This blast of Jiuqi made Qin Feng's palm appear, sucking in the blood mist.

The blood mist rolled violently, and Jiuqi roared continuously.

He wanted to be resurrected, but the phantom clones kept attacking from the side, resurrecting him every time. Disperse...

Qin Feng took the opportunity to suck up the blood mist, consuming his energy at a speed visible to the flesh.

Jiuqi was completely frightened, enduring the boundless pain, and screamed miserably

"Ah~! Brother Bai, save me! Help me!"

The wailing sound spread throughout the entire Tianyu.

Hundreds of millions of Tianyu members were dumbfounded.

But the next second, they were even more confused. When

Bai Jie saw Jiuqi screaming, he didn't go to the rescue. Instead, he turned around and headed towards the Shengde Temple. He fled in the same direction.

He knew that even if he tried to rescue him, it would be useless.

Maybe, he would be trapped inside.

This Qin Emperor is too strong!

I am afraid that no one among the high-grade star masters can be his opponent.

The only way for him to escape now is , that is, to escape into the Holy Virtue Temple, activate the temple formation, and then wait for God to come back to rescue.

There is an eight-treasure merit pool in the Holy Virtue Temple, which is one of the most important treasures in the heaven, so the temple has arranged the formation.

He only needs to activate it The temple formation can be lower than the attack of the top-level peak experts.

In Bai Jie's view, no matter how strong Qin Feng is, he can't be compared to the top-level peak experts.

As long as he enters the Shengde Temple, he will be safe

"Ah~! White Festival! You don't save me! You must die a good death!"

In the blood mist, Jiuqi's extremely angry roar sounded.

He was desperate!

Completely desperate!

He originally expected Bai Jie to save him.

But the guy entered and escaped...

The shrill roar swayed in the starry sky, resounded through the endless starry sky.....

The people in the entire Tianyu were dumbfounded.

Of the two supreme stars, one was blasted by the boy in white and the other was scared away.

This situation is not good!

The next second, countless people woke up and fled towards the outside of the sky.

Neither of the two supreme beings can do it, and Tianyu will fall.

The sky is many times larger than the headquarters of the scattered alliance, and is as large as 10,000 solar systems.

The nearly 10 billion elemental masters fled madly, and the scene was extremely spectacular!

Qin Feng was too lazy to pay attention to those trivial matters.

The elemental masters who escaped were not as skilled as the God Emperor, so they could not escape much.

His main purpose is to kill the two Star Lords.

If you miss this opportunity, it will be difficult next time!

At the moment, Qin Feng accelerated the absorption of blood mist.

The phantom clones are also bombarding wildly, preventing Jiuqi from resurrecting...

The blood mist formed by Jiuqi is getting less and less, and the screams are continuous.

Qin Feng's momentum gradually increased.

As for Bai Jie who was escaping, he simply ignored him.

He wanted to concentrate all his combat power to destroy Jiuqi in the shortest possible time.

In the blink of an eye, Bai Jie fled to the entrance of the temple.

Qin Feng still ignored him and desperately absorbed the blood mist.....

Jiuqi was completely desperate and begged desperately

"Lord Qin Huang, don't kill me! Please don't kill me! ah~.....!!"

An extremely shrill scream echoed...

The last bit of true spirit was extinguished!

Jiuqi was completely killed!

The entire Tianyu fell into complete panic.

Escape!

Hide well!

The vast world was turned upside down by a young man!

At this moment, Bai Jie also fled into the temple.

Some clever Tianyu members also fled in.

There were still some who wanted to escape, but were blown away by Bai Jie.

Subsequently, Baijie activated the temple protection formation.....

At the same time, Qin Feng also swallowed up all the energy.....

"Ding! Successfully killed the high-grade star master.....The host gains a karma value of 700 million....."

"Ding! Successfully killed the high-grade star master, and the host obtained a large amount of energy.....Cultivation level breaks through to 17% of the middle-grade Dzogchen (Lord of the Universe)... Combat power increases to 800,000 Zi....."

"Ding! Successfully kill the high-grade star master, and your core subordinates will gain a lot of insights and luck... Your core subordinates will greatly increase their strength....."

"Ding! If you successfully kill the high-grade star master, the three thousand innate spiritual enlightenment you have nurtured will be improved, your luck will be improved, and your strength will be greatly increased...the power of faith you will gain will be greatly increased....."

"Ha ha!! Breakthrough!"

Qin Feng opened his eyes with joy.

His cultivation broke through to the middle-grade perfection, his combat power soared to 800,000 zi, and his strongest state reached 14 million zi.

This greatly exceeded the limit of a high-grade star master..

Rumor has it that Jiu Ying Xingzun, the strongest among the high-grade star masters, only has a combat power of 10 million Zi.

Not only that, Qin Feng's combat power has increased far more than Jiu Ying.

As for compared with Jiu Xing Peak, Qin Feng It's a bit worse.

Among the top-level peak experts, the Blue Master is the weakest.

But the Blue Master's combat power has also reached 35 million zi, which is much stronger than Qin Feng's combat power.

Qin Feng will eventually be stronger than the top-level peak experts. The strong ones are not even close.

However, if he condenses the Fudo Ming King Statue, he can fight against the Blue Master.

Thinking of this, Qin Feng looked up at the Tianyu members running around and smiled coldly.

The next second, Xu Feng The shadow clone performed the Tai Chi Diagram.

The chaos of heaven and earth is all-encompassing!

The great yin and yang, the infinite Tai One!

The shadow clone pushed the Tai Chi Diagram to the extreme.

In an instant, an invisible force enveloped the sky.

The vast sky, all space , all time and all laws were imprisoned.

The people in the Tianyu who fled everywhere were imprisoned and unable to move.

Only a few escaped.

Having said that, Qin Feng's basic combat power was increased to 800,000 Zi.

The phantom clone's The strongest state also reached 8 million Zi.

This imprisoned the entire heaven, and Qin Feng waved his hand.

Luo Li, Ye Pinghua, and hundreds of thousands of Qinmen members appeared.

Without Qin Feng's explanation, the two led dozens of Tens of thousands of Qin sect members went to capture those members of the Tianyu.

Qin Feng put away Jiuqi's holy ring and storage ring, and disappeared in a flash.....

At the same time, inside the Holy Deity Temple.

After Bai Jie activated the protective formation, he quickly took out the communication jade talisman and asked God for help.

Right now, the only one who can save his life is God.

Soon, he finished sending the distress message and he breathed a sigh of relief.

But at this moment, Jiuqi's last scream came.

Bai Jie's face darkened, and there was a hint of guilt on his brows.

After being together for so many years, it would be false to say that there is no emotion at all.

But human nature is selfish.

For the sake of his own life, he finally abandoned Jiuqi.

Bai Jie silently put away the communication jade charm.

He looked back at the center of the hall, where there was a huge holy pool.

That is the famous Eight Treasures Holy Virtue Pool in the world.

The pool contains holy water.

There is a prototype of a holy ring in the holy water, which is being gestated.

Bai Jie looked at the Shengde Pond and saw hundreds of Tianyu members standing there.

These guys, just like me, always hide in the temple to escape in times of crisis.

Dozens of them are also guards of the temple.

If these people dared to break into the temple during normal times, they would definitely be executed by him.

But at this time of life and death, he couldn't care less.

What's more, he himself was running for his life.

When Bai Jie looked around, the hundreds of people lowered their heads uneasily, not daring to look at him.

"Don't worry, Emperor Qin can't attack.", Bai Jie said casually.

At this time, among the crowd, a God Emperor asked carefully:"Xing Zun, can the great formation of this temple really block Emperor Qin's attack?

Bai Jie smiled coldly:"Of course!" Even if a high-ranking peak person comes and wants to break through the defense of this temple, he or she will not be able to succeed in just a few days and nights. What's more, Emperor Qin doesn't have that kind of strength yet."

"Besides, I have already reported the situation here to God, and he will definitely rush back immediately. The Ancient Territory is not far from our Heavenly Territory. With God's speed, we can reach it within two days."

As soon as these words were said, all the members breathed a sigh of relief.

The God Emperor also breathed a sigh of relief, with a weird smile on his lips.

For some reason, this smile made Bai Jie feel uncomfortable.

He couldn't help but frown. : "You're not a temple guard, are you? I've never seen you before! By the way, what's your name?Character?"

As soon as these words were spoken, everyone in the audience looked at the God Emperor.

"Return to Xingzun, my name is Lu Dongfa!"

"Lu Dongfa? Whose subordinate are you?"

As soon as these words were spoken, a clear voice sounded in the sky above the hall.

"He is my man!"

"who?!"

Bai Jie was startled. He quickly looked up and saw Qin Feng walking out of the void.

His face suddenly changed with fright.

He really couldn't figure it out. He had clearly activated the protective formation, but how did Qin Feng come in?

Naturally, he didn't know that Qin Feng teleported in using Lu Dongfa as the fixed coordinate.

That could ignore the obstruction of the temple formation.

This was the fundamental reason why Qin Feng didn't stop Bai Jie from escaping.

Everything was based on his calculation. among

"How... how is it possible?! How did you get in!"

Bai Jie screamed in horror.

He was about to collapse.

At this moment, he quickly took out the communication jade talisman and wanted to tell God the true situation here.

This was the last thing he could do.

But at this moment, Qin Feng took action, A punch to the sky, shattering the sky.

Before Bai Jie could send a message, Qin Feng blasted him with one punch..

Chapter 734

Before Bai Jie could send out the message, Qin Feng blasted him with one punch...

The screams echoed over the hall.

Crazy shock waves surged around...

Wherever the aftermath passed, those members of the Tianyu instantly turned into ashes and disappeared, and immediately the true spirits ceased to exist.....

Only Lu Dongfa was protected by Qin Feng's light shield and was unscathed...

But even so, he was still frightened.

The fight between the top-grade Xingzun is too terrifying!

The master's strength is even more terrifying, he actually exploded the Star Lord with one punch.....

At this moment, a wailing sound came from the rolling blood mist

"Lord Qin, please spare your life! Whatever you say, I promise you....."

Qin Feng didn't bother to pay attention and drank the blood mist crazily.....

At the same time, the ancient domain.

Next to the starry sky teleportation formation, Yuancang Star Lord is guarding the formation.

At this moment, the space ahead continued to fluctuate.

The Ancient Lord, the Demon Lord, the Heavenly Lord, the Lan Lord, Changbai, and Yuan Qing appeared one after another.

Yuan Cang was shocked and hurriedly came forward to pay homage

"I've met you adults!"

"Yuan Cang, activate the teleportation array quickly, we are going to the Demon Realm for support!", the ancient master urged

"yes!"

Yuancang Star Lord quickly activated the formation.

However, he kept muttering in his heart.

Gu Deng had already gone to support just now. There were also three Star Lords in the Demon Realm itself, and there would also be people from the Sky Realm to support.

In other words, at least the Demon Realm had There are five Star Sovereigns.

Could it be that even the five Star Sovereigns cannot destroy a Qin Emperor, so they need the support of so many top-grade peak experts.

Isn't this a joke?!

Yuan Cang is puzzled.

Naturally, he doesn't know that Moqiu Five People couldn't catch up with Qin Feng, so they had no choice but to send a message for help to the Ancient Master and others.

After the Ancient Master and others received the message, they were shocked.

The Qin Emperor's little thief could defeat an enemy in just a few days. 3.

The escape speed was even more astonishing, and the five Moqiu people were helpless.

At this time, the Ancient Master and others panicked.

Qin Feng's progress far exceeded their expectations.

They could no longer let Qin Feng grow. , so we decided to go to the Demon Realm together to support and destroy Qin Feng.

After a while, the starry sky formation slowly opened.....

"Everyone, let's go!", the Ancient Master was about to enter the battle.

But at this moment, his expression changed slightly, and he took out a jade talisman from the storage ring.

The next second, he frowned

"Ancient Lord, what's wrong?"

Everyone is confused

"News came from Gu Deng that when they were chasing Emperor Qin, the little thief disappeared out of thin air without a trace....."

The ancient master put away the jade talisman in annoyance.

Everyone looked shocked

"strangeness! Why did Emperor Qin disappear?", the Demon Lord wondered

"Otherwise, let's go to the Demon Realm first to see the specific situation! Maybe he was just hiding nearby.", God made a suggestion.

But as soon as he said this, Changbai's heart was moved, and he pinched his fingers and began to deduce in public.

Everyone also looked on curiously.

After a while, Changbai calculated the result, and his face changed drastically.

"not good! Everyone, there is a great evil in the sky!"

"What?", God was shocked, "Brother Changbai, Emperor Qin's little thief clearly appeared in the Demon Realm, why did he suddenly go to our Heaven Realm? Could it be that your calculation was wrong?! Changbai was displeased: "My plum blossoms are easy to deduce. The accuracy is always 100%, and there are no mistakes or omissions!"

After hearing this, everyone's expressions changed.

The next second, the Ancient Master gave a decisive order: "Yuan Cang, change the direction of the teleportation array and teleport to the heavens!"

The ancient master highly praised Fengtianmen's deduction skills.

"yes! Big Star Lord!"

Yuan Cang immediately controlled the formation.

Buzz~!

The teleportation array lit up with a dazzling spiritual light.

But the next second, the light dimmed again.

This time, everyone was dumbfounded.

It's over!

This is clearly from the other side of the sky. This happened because the teleportation array was destroyed.

Changbai frowned: "I thought that after the teleportation array was built, it would be destroyed, but I didn't expect it to happen so quickly!"

Hearing this, the bosses were a little embarrassed.

Changbai told them to send people to watch the teleportation array, and it would be best to build protective formations around the teleportation array.

Both the God and the Demon Lord felt that Changbai was making a fuss and only sent people to guard it. But no protective formation was built.

I didn't expect that I would be slapped in the face so quickly.

"Brother Changbai, you just said that there will be a big disaster in our heaven. Is there any way to remedy it?"

God is anxious for help.

"Let me deduce it again!"

As soon as he finished speaking, Changbai pinched his five fingers and performed the Plum Blossom Yi Technique.

Everyone was paying attention.

After a moment, Changbai sighed and shook his head repeatedly.

God's expression changed: "Brother Changbai, how is the situation?"

Changbai smiled bitterly: "It's impossible to deduce!" All the secrets about the future of Tianyu have been covered up."

As soon as these words were said, the Ancient Master and others were surprised.

Concealing the secret of heaven?

Only those who have mastered the divine seal of destiny can do it!

Yuan Qing interjected: "Everyone, I'm afraid you don't know that Emperor Qin also mastered the destiny of heaven. Divine Seal!"

"ah~! "

Everyone in the audience was shocked again.

The Divine Seal of Destiny ranks second among the Supreme Divine Seals.

It is extremely difficult to master, but I didn't expect that Emperor Qin also mastered it.

At this moment, God's expression changed drastically.

The next second, he took out a broken life tablet

"God, how is it?"

Everyone asked in surprise

"Jiuqi is dead!", the God's face was full of grief and anger.

Everyone was shocked.

A Star Lord died so quickly.

Was this done by Emperor Qin?

At this moment, another message came from the God's communication jade talisman.

He quickly took it out and took a look. , it was from Bai Jie.

After he read it, the anger in his eyes became even more intense.

The Ancient Master hurriedly asked:"God, is there something new?"

"That's right! This time it was from Bai Jie. He said that Emperor Qin destroyed the teleportation array and killed Jiuqi. Right now, he is hiding in the Holy Deity Temple and asking me to rescue him."

The Lord of Heaven put away the jade talisman, with some anxiety deep in his eyes.

Now the situation in Tianyu is not good, Jiuqi is dead, and Bai Jie is also in danger.

If Bai Jie falls again, Tianyu's strength will plummet.

Not only that, he also Worried that the sky will suffer major damage

"Everyone, Emperor Qin's little thief is in Tianyu now, let's go quickly. Maybe we can catch him and kill him on the spot! If you go late, everything will be late."

The Heavenly Lord said anxiously.

The Ancient Lord frowned:"It will take at least two days to go from our Ancient Territory to the Heavenly Territory. Is this too late? If only we had arrived, Bai Jie would have been poisoned long ago... Hey!

God said anxiously:"It's too late!" The defense of the Holy Virtue Temple is so strong that even if a top-ranking peak expert takes action, it will take three days and three nights to break through. It can definitely last until we arrive."

"The little thief of Emperor Qin must not know how powerful the temple formation is. He will not give up the opportunity to kill Bai Jie and will stay there forever. We took the opportunity to fight back, just in time to eliminate this big problem"

"Makes sense!"

All the big guys nodded.

At this time, the Demon Lord said:"Everyone, I have a treasure that can help us get to the Heaven Realm as soon as possible!"

Everyone's eyes lit up.

God was even more surprised:"Brother Demon, what kind of treasure is it?"

"This is it!"

The Demon Lord waved his hand, and a divine boat larger than the planet appeared in the sky, exuding the aura of eternity.

Looking at the divine boat, there was a sail.

Two large characters in seal script were written on the canvas - No Return!

"Huh! It's a boat of no return!", Changbai's eyes flashed.

The Ancient Master was curious:"Brother Changbai, do you know him? Changbai stroked his beard and nodded:"

It is said that in the ancient hell world, there was a river named Wangchuan." There is a sacred bridge on the Forgotten River, named Naihe Bridge. There is a divine boat under the Naihe Bridge, called the Boat of No Return. The Demon Lord was surprised:"

Brother Changbai, you are so insightful!" Yes, this is the boat of no return. This boat can travel through space and reverse the flow of time and space. When we sit on it, it only takes five hours to reach Tianyu!"

As soon as these words were said, the whole audience was surprised.

"Only five hours! That's great!"

"Ha ha!! Emperor Qin's little thief must not have known that we would arrive so soon. This time, he is dead! God was the most excited:"

Brother Demon, thanks to you this time!"

The Demon Lord was proud:"Haha!"! Brother Tian is so polite. Let's get on the boat quickly and rush over as soon as possible to kill Emperor Qin's little thief!"

"good!"

At that moment, the Ancient Lord, the Heavenly Lord, the Blue Lord, the Demon Lord, and Changbai all got on the boat.

Yuan Qing had been watching silently, but did not get on.

Changbai looked at him with a deep look.

"Junior Brother, why don't you come up?"

Yuan Qing smiled: "Senior Brother, if you five masters go together, you can kill Emperor Qin's little thief instantly. It's unnecessary for me to go..."

Changbai frowned and was about to say something.

God was worried about the situation in Tianyu and quickly interjected: "Brother Changbai, we can't delay any longer, the five of us are enough."

The ancient master also said: "Yes! The five of us are enough! Let brother Yuan Qing stay!"

After the two of them said this, Changbai couldn't say anything more.

At that moment, the Demon Lord controlled the boat of no return, instantly penetrated the dimensional space, and headed towards the heaven.

After Changbai and others walked away, the corners of Yuan Qing's mouth curled up slightly, A sneer appeared in his eyes

"Ah! Emperor Qin knew the art of destiny and could conceal good and bad fortunes. However, the elder brother was able to deduce that there was a great evil in the sky, indicating that Emperor Qin had done it deliberately. I'm just afraid there's a conspiracy here....."

Yuan Qing shook his head slightly.

The art of destiny allows people to seek good fortune and avoid misfortune.

Since there is a conspiracy, why should he go?

What's more important is that if he can think of it, his senior brother can definitely think of it too.

But the senior brother didn't tell me, what does this mean?

Could it be that the senior brother also has a conspiracy?

Thinking of this, Yuan Qing smiled slightly and stepped away.

He won't be fooled.....

At the same time, Tianyu, Holy Virtue Temple.

Lu Dongfa looked ahead with surprise.

I saw a big formation somewhere.

There is a true spiritual light group the size of a fist at the center of the array, and its momentum is extremely weak.

That was the last fragment of Baijie's true spirit.

As long as this fragment is destroyed, the White Festival will completely disappear.

But Qin Feng didn't destroy him, instead he just sealed him

"Master, why don't you completely destroy the White Festival Star Lord?"

Lu Dongfa asked the doubts in his heart.

Xingzun's resurrection ability is extremely strong.

As long as there are some fragments of the true spirit, he can be resurrected.

If the killing cannot be completed, everything before will be in vain.

At this moment, Qin Feng He was secretly feeling happy.

He blasted the White Festival, absorbed most of the energy, and his cultivation level was increased to 36% of the middle-grade perfection.

In his strongest state, his combat power was increased to 15.1 million pieces.

After hearing Lu Dongfa's words, He smiled slightly:"This Baijie can't die yet. If he dies, the life tablet will be broken into pieces, and God will not be fooled!"

"oh!"

Lu Dongfa was confused when he heard this.

Qin Feng didn't bother to explain and went directly to the Eight Treasures Saint Virtue Pond.

He wanted to collect this treasure..

Chapter 735

Qin Feng walked to the Eight Treasures Saint Virtue Pond and made seals repeatedly.

The temple trembled, and the holy pool slowly rose.

After a while, Qin Feng dragged it into the small universe.

As soon as this Eight Treasures Holy Virtue Pool enters the small universe, it will automatically fly into the heaven realm.....

"Ding! The Eight Treasures Holy Virtue Pool automatically merges with your heavenly world....."

"Ding! If the fusion is successful, your heaven realm will be strengthened and automatically promoted to binary level 11.%.....Your basic combat power increases by 50,000 Zi... and the maximum combat power increases to 15.6 million Zi....."

As soon as the Eight Treasures Holy Virtue Pool entered the heaven world, it automatically merged with the heaven world, as if it was a natural fit, and the integration was extremely smooth.

This scene is exactly the same as Naihe Bridge

"The world of heaven has also been promoted to the dual level!"

Qin Feng was happy and confused at the same time.

He didn't know what the benefits would be after being promoted to the dual realm.

However, after being promoted to the hell world and heaven world, although his cultivation level has not improved, his basic combat power has increased.

According to the system Reminder, the three realms of the Lord of the Ancient Universe are all at the one-element level.

Qin Feng's three-element changes began to advance to the two-element level.

Obviously, two elements are stronger than one element.

In other words, the route he is taking now is to surpass the ancient universe. The Lord's route.

This made him look forward to it even more.

At this moment, the system sent a prompt

"Ding! Remind the host that your Eight Treasures Merit Pool contains a large amount of merit. Do you want to draw it?....."

Qin Feng's eyes lit up

"Take it!"

"Ding! learn from success.....Congratulations to the host for obtaining 2 billion merits....."

So many!

Qin Feng was very happy.

I made a lot of money this time!

The Eight Treasures Holy Virtue Pond brought him great benefits.

At this moment, another message came from the system, introducing the function of the Eight Treasures Holy Virtue Pond.

Eight Treasures Holy Virtue Pool (high-grade star master level treasure): Actively absorb the merits of the reincarnated person.

After the death of some people with meritorious deeds, their souls will ascend to heaven.

960If these people are reincarnated again, their merits will dissipate.

The Eight Treasures Holy Virtue Pool will actively absorb those dissipated merits.

In other words, the Eight Treasures Holy Virtue Pool is a treasure that collects ownerless merits and is constantly running.....

This made Qin Feng secretly happy.

Naturally, the more merit, the better.

Thinking of this, he took out two more holy wheels.

That's what Jiuqi and Baijie left behind.

The next second, Qin Feng swallowed two holy wheels in one gulp and gained another 700 million merits.

In this way, his merit accumulated to 3.7 billion.

Later, he consumed all the 3.7 billion merits and raised the golden wheel of merits to 35 levels. ,

I just spent 700 million karma points, and the Karma Fire Red Lotus was upgraded to 32 levels.

After doing this, Qin Feng took out a large formation talisman and threw it to Lu Dongfa

"Once someone attacks the temple's protective formation, activate this great formation talisman to destroy Bai Jie's true spirit!"

"yes! Owner!" Lu Dongfa respectfully took the command talisman.

Qin Feng took one step and disappeared into thin air.....

At the same time, in the Demon Realm, the starry sky teleportation formation is located.

This is a forbidden area. Since it was built, no one is allowed to approach it. Only Xingzun can enter.

But at this moment, there was a figure wandering near the formation.

This figure is none other than Satan.

At this moment, Satan looked uneasy and looked outside the Demon Realm from time to time.

The Five Star Lords pursued Qin Feng and left the border of the Demon Realm. They have not returned yet.

On the one hand, he was worried about Qin Feng being caught up, and on the other hand, he was worried about the return of the Five Stars.

If he comes back and finds him lingering in this forbidden area, he will be dead.

"I wonder how the owner is doing? Nothing will happen, right?"

Satan paced back and forth, very uneasy.

At this time (bceg), the space in front of him fluctuated.

An extremely handsome young man in white walked out of the void.

"Owner!"

Satan was ecstatic when he saw it was Qin Feng.

"Are there any other supporters who have entered the Demon Realm?", Qin Feng asked casually.

In fact, it took less than a quarter of an hour for Qin Feng to go from killing Jiuqi, sealing Baijie, and returning to the Demon Realm.

This was all his careful layout, as well as Jiuqi and Baijie. Only if we are not united can we be so fast.

And what Qin Feng needs is this effect

"Returning to the master, no other support has arrived, and the five Moqiong people have not returned either!", Satan respectfully replied

"very good! Your mission is accomplished!"

Qin Feng waved his hand and took Satan into the outer world.

The next second, he used the Four Divine Swords to seal the sky and struck the teleportation array with all his strength.....

Boom~!

A loud noise shook the sky!

The Demon Realm is shaken, and the Star Realm is shaking!

It's like the coming destruction of the universe!

Click~!

Another crisp sound!

With just one blow, Qin Feng destroyed the starry sky teleportation formation.

Now, his combat power has greatly increased, and the increase has been increased to 102 times. The power of that blow is extremely terrifying.

After destroying the teleportation formation, Qin Feng finally breathed a sigh of relief.

Immediately, he dodged and disappeared into thin air.

The next second, he appeared on Wangchuan, made seals with his hands, and began to forcefully capture Wangchuan....., at the same time, the border of the Demon Realm.

Mo Qiong, Wu Xiu, Ba Xia, Xing Yuan, and Gu Deng were still searching around the place where Qin Feng disappeared.

Qin Feng disappeared out of thin air before. They always felt that Qin Feng used secret techniques to hide it, so they were unwilling to leave and had to find Qin Feng.

In this way, they searched for more than a quarter of an hour, but still found no results.

Mo Qiong waited for the heat to become a little irritable.

At this moment, there was a loud noise from the Demon Realm behind Ran.

Five people were shocked

"This is.....? Brother Moqiong, the power of this loud noise can only be achieved by high-grade star masters!"

"No way? Was there a sneak attack?!"

"not good! We fell into the trap of trying to lure the tiger away from the mountain!"

As soon as these words were said, the faces of the five people changed drastically.

Immediately, the five people rushed back towards the Demon Realm.....

At the same time, in the Demon Realm, the sky above the River of Forgetfulness.

At this moment, Qin Feng turned into a towering giant, unscrupulously grabbing Wangchuan...

A moment later, he completed the seal and sealed it, grabbed Wangchuan with both hands, and pulled it up from the ground, as if grabbing a giant python.

The entire Demon Realm was brought to its knees by himThe ground cracked, as if it was about to break.

The vast divine power he inadvertently exuded also completely covered the Demon Realm, shocking the entire Demon Realm... and countless people in the Demon Realm were dumbfounded.

One by one, they looked at the young man in the sky with great fear, hiding in the corner and trembling.

"what happened? Why did Emperor Qin come back?!"

"He...he seems to have become stronger!"

As soon as he said these words, Qin Feng took Wangchuan into his body.

The next second, Wangchuan automatically flew into the hell world and merged with the endless blood sea, as if it was a natural fit.

In this way, the endless blood sea has Three water sources were obtained, namely: Huangquan, Styx River, and Wangchuan.

After this integration was completed, Qin Feng's hell realm perfection was increased to 47% of the binary level, and his comprehensive combat power was also increased to 16 million zi.

Qin Feng's The momentum suddenly surged, and the boundless divine power increased by another point.....

"OMG! He seems to be getting stronger again!"

Countless people in the Demon Realm also noticed it, and suddenly fell into boundless fear.

At this moment, they were extremely afraid of Qin Feng.

This is simply the monster among monsters, and the increase in strength is extremely terrifying.

If this continues, I am afraid that the top-level experts will have to take action.

This For a moment, the people in the Demon Realm felt extreme fear.

They were afraid of Qin Feng from the depths of their souls.

"Ha ha!! not bad!"

In the air, Qin Feng felt great.

He took one step out and reached the deepest part of the Demon Realm. That is where the Worry-free Pool is.

Qin Feng lowered his head and looked at the dark pool below, with a smile on his lips.

At this time, the last ancient item in the Demon Realm was Relic.

If you collect it, your hell realm will be strengthened again, and your strength will be greatly increased.

At that moment, Qin Feng began to pinch.

But at this moment, something seemed to wake up at the bottom of the pool.

Qin Feng inexplicably felt a palpitation in his heart, which was an early warning of danger.

Immediately, another looming corpse air floated out from the depths of the pool.

Qin Feng was shocked. Could it be that there was something hidden under the pool?

At this time, the five Moqiong people rushed back. When they saw the scene in the field, they were furious.

In the Demon Realm, not only was the teleportation array destroyed, but Wangchuan was also missing.

Now, Qin Fen was about to attack the final Wangyoutan has taken action.

The three Star Lords in the Demon Realm are about to explode with anger.

"Emperor Qin's little thief! I will fight with you!"

With a roar, Mo Qiong was the first to pounce on Qin Feng.

The four people under Ba followed closely.

"Ha ha! You came just in time!"

Qin Feng laughed loudly and went directly to meet the five people.

He found that Wuyoutan was strange, so he simply gave up and went to deal with the five Moqiong people according to the original plan.

At the same time, he was also extremely wary of Wuyoutan.

The five Moqiong people were one. Seeing Qin Feng approaching, they were overjoyed.

They didn't know why Emperor Qin went crazy this time and stopped running away.

What they feared most was that Qin Feng ran away.

If Qin Feng ran away, they wouldn't be able to catch up.

But if they fight , If so, they are sure to kill Qin Feng.

At the same time, hundreds of millions of people in the Demon Realm are also happy.

They have the same idea as the five Moqiong people.

They hope that the five star masters will work together to kill Emperor Qin to eliminate the major trouble in the Demon Realm.

But the next second, they were disappointed.

In the blink of an eye, Qin Feng fought against the five stars.

He fought one against five, and it was a tie.

The people of the Demon Realm were dumbfounded.

The five Moqiu were also extremely horrified..Did this happen?

How could Emperor Qin become so powerful in just such a short time?

But no one heard it, but a sigh sounded from the bottom of Wuyou Pond.

"Why! No worries! No worries! Big dream for three autumns! Who woke me up?"

This sigh was so soft that no one could hear it.

Not even the five great stars of Moqiong heard it. Only

Qin Feng's ears trembled.

He heard it and was a little frightened.

However, he became more and more curious about what was under the pool. What's hidden?..

Chapter 736

But he said that Qin Feng and Mo Qiong fought against each other, causing the star field to collapse and all realms to collapse.

The aftermath of the attack can destroy any planet wherever it passes.

The entire Demon Realm became dark and dark.

Thousands of members of the Demon Realm were affected by the disaster and turned into ashes...

Hundreds of millions of Demon Realm people scattered in panic and scrambled to escape from the Demon Realm.

The scene descended into chaos.

The battle between the powerful ones is really terrible!

The five Moqiong people also became more and more frightened as they fought.

The five of them joined forces and could only draw with Qin Feng~.

This young man is already infinitely close to the top level of strength.

This is definitely not a good thing!

"Everyone, why did Emperor Qin suddenly become so much stronger?"

"I do not know!"

"Don't say so much! Brother Moqiong, please quickly send a message to the Demon Lord and ask them to come to the rescue!"

The five people communicated privately and quickly reached an agreement.

Moqiong quickly took out the jade talisman and summoned them out.

"If you look for reinforcements now, I'm afraid it's too late!", Qin Feng's lips curled up slightly.

Wu Xiu said angrily: "Boy, why are you so arrogant? You should be worried about yourself. You are now trapped by the five of us, and it is impossible to escape. When the Demon Lord and others arrive, it will be your death!"

"That's right! As soon as the Demon Lord and others come, you will be dead!"

Ba Xia and others all agreed.

Xingyuan and Gu Deng were a little anxious.

Normally, it would take about two days to reach the Demon Realm from the Ancient Realm at the speed of the top grade.

Can they trap Emperor Qin for so long? ?

The answer is no.

But the three Moqiong people don't think that way, because they know that the Demon Lord has a boat of no return.

At the moment of crisis, the demon master will definitely use the boat of no return.

At the speed of the boat of no return, in three or four hours They can rush to the Demon Realm.

As long as they can trap Qin Feng for three or four hours, that's enough. Qin Feng definitely doesn't know about this.

The more the three of them think about it, the more proud they are, and the three of them are attacking with all their strength.

They just wanted to trap Qin Feng.

At this moment, the voice of the ancient lantern rang in Mo Qiong's ears.

"Brother Moqiong, can we hold on until the Demon Lord and others come? That one is going to trap this kid for two days!"

The luck of ancient lanterns is full of worries

"yes! Two days were so difficult! This Emperor Qin is too strong!", Xingyuan couldn't help but agree.

Moqiong hesitated for a while, and then sent a message:"You two, it's true. Our Lord Demon Lord has a secret weapon and can arrive within three or four hours. We don't have to trap Emperor Qin for two days, only three or four hours!"

As soon as these words came out, Gu Deng and Xing Yuan were overjoyed.

"Ha ha! That's great!"

"Three or four hours, with the strength of the five of us, we can definitely do it!"

After receiving this good news, Gu Deng and Xingyuan were shocked.

They no longer held back and attacked Qin Feng with all their strength.

At that moment, the five people cooperated more and more smoothly, trapping Qin Feng to death.

In their In his eyes, Qin Feng could not escape this time!

Qin Feng saw the expressions of the five people in his eyes, and raised a smile at the corner of his mouth.

He had the same idea as the five Moqiong people, and he was also delaying.

However, Qin Feng delayed Time is for the value of fate. At this moment, the phantom clone, Luo Li, Ye Pinghua and others are arresting captives in large numbers in the sky.

Photographed by the phantom clone's lustful power, many prisoners signed a contract with Qin Feng, and then He was sent to the outer world by the phantom clone.

Some die-hards directly signed a slave contract and were sent into the small universe as slaves.

Everything there was arranged in an orderly manner, and the number of people who signed the contract has been rising sharply.

Qin Feng's life value has been increasing. Keep rising.....

Qin Feng is waiting for his life value to rise to 2 billion. 丶

In that case, he can condense the statue of Fudo Myooh.

At present, the number of lives has accumulated to 1.86 billion... the data is still beating at a high speed.....

Every time you jump, your life value will increase by hundreds.....

At this rate, he would be able to accumulate 2 billion in less than an hour.

By then, the death of the five Moqiong people will come.

Thinking of this, the corners of Qin Feng's mouth curled up slightly.

In this way, both sides have their own thoughts and fight endlessly.....

At the same time, deep in the starry sky.

A divine boat traveling through time and space.

This is the boat of no return!

At this moment, inside the Shenzhou.

The Ancient Lord, the Demon Lord, the Heavenly Lord, the Lan Lord, and Changbai were discussing how to deal with Qin Feng.

But at this moment, the Demon Lord received the news from Mo Qiong.

After reading it, his face changed drastically

"Demon Lord, what's wrong?"The ancient master saw something wrong with his expression.

The demon master was angry:"Qin Huang's little thief has entered my demon realm and robbed the Wangchuan of my demon realm. No, I have to return to the Demon Realm and kill this thief! The God's face changed slightly:"

Demon Lord, we are already halfway there, how can we turn back?" Bai Jie is still in trouble, we have to save him first!

The Demon Lord said angrily:"God, why can't you understand the situation?" Now Emperor Qin has gone to our Demon Realm and is no longer in the Heaven Realm. If we go to Tianyu now, we can't catch him!"

The Lord of Heaven was stunned, it seemed like this was the case.

The Ancient Lord frowned:"Two of you, don't you think it's weird? Emperor Qin clearly destroyed the teleportation array. Why is he in the heavenly realm one moment and the demonic realm the next. If we just turn back to the Demon Realm like this, maybe he will go to the Heaven Realm again. Then we will have nothing to lose!"

"yes!"

The Demon Lord and God suddenly realized.

Immediately, the two of them looked anxious again.

"Ancient Lord, what should we do now? According to the current situation, Emperor Qin can freely travel between the heavenly realm and the demonic realm. Our Heavenly Domain and Demonic Domain are facing threats at the same time!"

God frowned.

He was worried about Bai Jie's safety.

Bai Jie's life card was not broken, which means Bai Jie is still alive.

He must go to Tianyu to support as soon as possible.

He has already lost Jiuqi, and he cannot lose a high-ranking star again. Lord.

The Demon Lord also said anxiously: "The Emperor Qin's little thief is extremely hateful. He first robbed the Naihe Bridge in my Demonic Domain, and just now he robbed the Wangchuan River. I can't let her be arrogant anymore!"

At this time, Master Lan was confused: "Demon Master, if I remember correctly, there are five Star Masters in your Demon Realm now. Could it be that the five of them couldn't deal with Emperor Qin?"

"Huh! yes!"

With this reminder, everyone looked at the Demon Lord curiously.

The Demon Lord smiled bitterly: "I forgot to tell you just now. Mo Qiong sent word that the five of them could only draw a tie with Qin Huang after the five of them joined forces. At present, the two sides are at a stalemate!"

"What?!"

"How can this be?!"

Everyone was shocked, and each one showed an unbelievable look.

At this moment, the eyes of all the giants were a little panicked.

Qin Feng's rapid growth made them feel scared.

"Everyone, this cannot continue! We must find a way to get rid of him. If we don't get rid of it this time, there will be endless troubles!"

The ancient master took a deep breath of cold air.

Changbai also stroked his beard and thought deeply.

"Ancient Lord, tell me! What should we do?"The Demon Lord also calmed down.

The Ancient Lord pondered for a while and said:"Judging from the current details, Emperor Qin should have mastered some kind of space secret technique that can shuttle back and forth between the Demon Realm and the Heaven Realm....."

Everyone nodded slightly in agreement.

In fact, the ancient master's speculation was also correct.

The ancient master added:"Currently, we don't understand his secret technique, and we can't decipher his secret technique. The best way is to divide the troops into two groups, one to support the heavenly domain, and the other to support the demonic domain."

Everyone nodded slightly..

This is the only way to do it now.

They were forced by Qin Feng to have no choice.

The big bosses were extremely depressed.

At that moment, God said:"Currently, the situation in our heaven is the most critical. If it is too late, Bai Jie may not be able to hold on. Therefore, the Demon Lord's boat of no return....."

....Asking for flowers.....

God looked at the Demon Lord.

He wanted the Demon Lord to use the Boat of No Return to take people to the Heavenly Realm.

After all, the boat of no return is fast!

The Demon Lord frowned slightly.

He is also worried about his own demonic realm!

The Ancient Master pondered for a while and said:"Demon Lord, it is relatively safe with the five Moqiong people in the Demon Realm. At least, they can draw a tie with Emperor Qin. I suggest that if you don't return to the boat, you should rush to the Tianyu first."

"In this way, when our people reach the Demon Realm, even if Emperor Qin escapes back to the Heaven Realm, he will fall into our ambush in the Heaven Realm. The Demon Lord hesitated:"

This....."

At this time, Changbai said:"Demon Lord, I also agree with the ancient master's suggestion. How about this, I go to the Demon Realm to support you. I have a treasure called the Spiritual Flag. In terms of speed, it is worse than the boat of no return, but Not much slower"

"Based on the speed at which I pick up the spirit flag, I can reach the Demon Realm in about six or seven hours."

As soon as these words came out, everyone's eyes lit up and they all showed joy.

"Ha ha!! It would be great! With Brother Changbai going to the Demon Realm to support him, Emperor Qin's little thief has absolutely no way of escaping."

The ancient master laughed happily.

Everyone also agreed.

If it is true that Changbai is stronger than the ancient master, he should be on par with Ziwei Star Master.

If Changbai takes action, even if Qin Feng's combat power reaches the peak of high-level, he will not be able to win. Good thing.

With the help of the five Moqiong people, I am afraid that I will die on the spot.

"By the way, Brother Changbai, do you want Master Lan to go to the Demon Realm with you? youIf the two of them go together, if they encounter Emperor Qin's little thief, they will be more sure of catching him."

The ancient master suggested.

Changbai was worried:"I can only carry one person on my spirit flag, and two people cannot ride together!"

"So be it! Brother, I will go to the Demon Realm to support you first! After the Demon Lord sends us to the Heavenly Realm, he will then drive his own flying boat to the Demonic Realm....."

The ancient master proposed this method.

The Demon Lord sighed:"At present, it seems that this is the fastest way to support both sides. So let's do it!"

The Lord of Heaven continued:"With Brother Changbai's strength, maybe the Demon Lord doesn't need to rush back. He can kill Qin alone. Your Majesty."

Changbai smiled slightly:"I hope so! Everyone, please don't delay this matter! I'm going first!"

"Take care bro!"

Everyone cupped their hands.

Changbai ducked and got out of the Shenzhou.

The next second, he held out the spirit flag.

The spirit flag was green in color, with hundreds of millions of seal characters engraved on it, as well as dragons, phoenixes, unicorns and other ancient beasts.

Changbai made a secret, and the spiritual flag unfolded automatically, turning into a blue divine bridge across the long river of stars, with thousands of auspicious auras connecting the sky and the earth.

Changbai stepped onto the bridge in one step.

The next second, he appeared at the other end of the bridge.

This One step was equivalent to crossing the length of the Milky Way, which was extremely fast.

The Demon Lord and others were shocked and thought about the treasure.

Then, the four of them took the airship and rushed to the sky, and soon disappeared into the vast starry sky..

At this time, Changbai turned back and looked in the direction where the few people were leaving. He stroked his beard and smiled, with a proud look on his lips.

The next second, he once again used the spirit flag and stepped out.

But this time, his speed was unexpectedly It sped up several times, twice as fast as the Boat of No Return.

It turned out that he lied!

He had the spirit flag and could reach the Demon Realm in more than an hour, not six or seven hours at all.

Not only that , his spirit flag can be shared by two people.

But he did not let Master Lan follow.

Everything was concealed by him.

At that moment, Changbai sped up and rushed to the Demon Realm..

Chapter 737

At the same time, the demonic realm.

Qin Feng has been fighting with the five Mo Qiong for half an hour, and the two sides are still in a stalemate.

Countless people from the Demon Realm were watching from a distance, and each one of them was dumbfounded.

Emperor Qin is so powerful!

If the fight continues like this, the Demon Realm will be shattered...

The five Moqiong people are getting more and more frightened as they fight.

"Brother Moqiong, is this guy really just a middle-grade star master?"

"I also find it incredible! This kid is only at the middle level of Dzogchen, so awesome! If he waits for him to break through to a high-level star master, I'm afraid even the demon lord will no longer be his opponent....."

"correct! Do you think this guy is getting stronger as he fights?"

"Huh! It seems like something like that happened....",

"No way? I feel it too!"

As soon as this message came out, the five people in Moqiong were shocked.

In fact, Qin Feng became stronger as he fought.

In just half an hour, his combat power increased from 16 million words to 16.1 million words...

This improvement, although It couldn't change the situation of the battle, but Mo Qiong and others felt the pressure gradually increasing.

Then Mo Qiong and the five people panicked.

They really couldn't understand that Qin Feng's "550" had been fighting with them.

Logically speaking, Qin Feng The wind has been consuming, so why is the combat power still increasing?

They don't know that Qin Feng's shadow clone and Luo Li are catching prisoners in the sky.

As more and more prisoners are taken, Qin Feng's belief in As his strength gradually increased, his combat power also quietly improved.....

Not only that, his life value has increased to 1.95 billion, getting closer and closer to the limit of 2 billion.

This result made Qin Feng very satisfied.

In this way, the two sides continued to fight.

Time flies.

After 10 minutes, Qin Feng's life value increased to 1.96 billion...,

20 minutes later, 1.97 billion...,

50 minutes later, 2 billion!

Qin Feng's eyes lit up, he finally reached it!

"Ding! Remind the host that your life value has reached 2 billion, which can increase the Hongmeng Holy Ring from 35 to 36 levels, reaching the Hongmeng Great Perfection! Will it be improved?"

"promote!"

"Ding! Consume life value successfully.....Congratulations to the host, your Hongmeng Holy Ring has been successfully upgraded to level 36....."

Buzz~!

There was a loud earthquake!

The Hongmeng Holy Ring behind Qin Feng bloomed again, from thirty-five halos to thirty-six halos...

His combat power increase also increased from 102 times to 103 times. , but in the true realm of Mo Qiong and others, he can only achieve a 51.5-fold increase...

But even so, his attack power suddenly increased by one point.....

"what happened? Why has his attack amplification increased?"

"Damn little thief! Becoming stronger again!"

The five Moqiong people suddenly felt the pressure greatly increased, and they cursed one after another. But just after saying this, the strange changes reappeared in the field.....

Buzz~!

There was another clear cry from heaven and earth!

This time the tremor caused the earth to tremble, which was more than ten times stronger than the last time...

System prompts also sounded in Qin Feng's mind.....

"Ding! Congratulations to the host for completing the Holy Ring of Hongmeng, which can condense the statue of the Immovable King....."

The next second, a shadow appeared in the Hongmeng Holy Ring, rising in the wind.

In the blink of an eye, the phantom turned into a towering giant, reaching the sky and the earth.

Judging from his facial features, he is very similar to Qin Feng, but his face is expressionless and his eyes are slightly closed.....

This is the statue of Fudo Myooh!

As soon as the statue of Fudo Myoyo appeared, the Hongmeng Holy Ring burst out with billions of golden lights, shocking the earth and the earth.....

Click~!

A crisp sound!.The realm of true meaning attached to the Hongmeng Holy Ring was instantly shattered.....

The increased suppression of Hongmeng Holy Ring is eliminated instantly!

Hongmeng Holy Ring!

Thirty-sixfold increase!

Cannot be weakened!

Qin Feng's attack increase instantly increased to nearly 70 times!

His combat power has skyrocketed!

Boom~!

A loud bang!

The five Moqiong people were actually blown away...

Oh my God!

In the distance, countless members of the Demon Realm were dumbfounded!

"How can this be!"

The five Moqiong people exclaimed.

They all stabilized their bodies and looked at Qin Feng in disbelief.

At this moment, behind Qin Feng, the statue of Fudo Ming King changed from virtual to real.....

"Ding! Congratulations to the host, your Fudo Mingou Statue has been successfully condensed...
The basic combat power has been increased by 1 million zi....."

In just an instant, Qin Feng's combat power skyrocketed from more than 16 million Zi to 26 million Zi, and his momentum rose to the sky, covering the sky and the earth....., at the same time, the Fudo Myooh statue also slowly opened its eyes.

His eyes were like giant lights.

When he opened his eyes, it was like the sun and the moon rising together, revealing a golden light, and the boundless divine power appeared, making the entire demonic realm tremble.....

"This this.....",

Moqiong, Baxia and others all opened their eyes in horror.

"Run!"

At this reminder, the five Moqiong people exclaimed and immediately fled in all directions.

"Ha ha!! Can you escape?"

Qin Feng laughed proudly, and the four divine swords of Sealing Heaven instantly shot out.....

Bang~! Bang~! Bang~! Bang~!

Four shocking explosions~

Moqiong, Wuxiu, Gudeng, and Baxia were all exploded into blood mist.....

Xingyuan, who escaped the fastest, had no time to feel lucky when there was a space fluctuation in front of him...

A mysterious man wearing a black cloak, with thirty-six Hongmeng Holy Rings behind his back, and a Tai Chi diagram in his hand, walked out of the void.

The person coming is none other than the shadow clone!

Before Xingyuan could think about it, the shadow clone blasted him to pieces with a Tai Chi golden light, and blood mist flew all over the sky...

As soon as the Fudo Mingou statue was successfully condensed, the shadow clone's strength skyrocketed, reaching 20 million zi.

Not only that, he also possesses the Hongmeng Holy Ring of Great Perfection, which cannot be weakened. In addition, he has Tai Chi diagram, and his strength is infinitely close to the peak of the top grade.

Therefore, even though Xingyuan was considered a strong one among high-grade star masters, he was still blasted by the phantom clone's move.

The next second, Qin Feng used the Sealing Heaven Formation Diagram.....

An array as huge as several solar systems emerged, and the four divine swords took their positions...

The Heaven-Sealing Sword Formation was completed!

The power is increased tenfold!

The sword light turns into the sea!

Swallow five masses of blood mist instantly!

The phantom clone also joined the attack at the same time, the endless sword light shone through the demon realm, and the screams kept ringing out.....

"Ding! Successfully killed the high-grade star master.....The host gains a karma value of 500 million...the cultivation level is increased to 57% of the middle-grade perfection (Lord of the Universe)...the combat power increases sharply....."

"Ding! Successfully killed the high-grade star master.....The host gains a karma value of 600 million...the cultivation level is increased to 69% of the middle-grade perfection (Lord of the Universe)...the combat power increases sharply....."

"Ding! Successfully killed the high-grade star master...., ,

"Ding! Successfully killed the high-grade star master.....The host gains a karma value of 800 million...the cultivation level is increased to 100% of the middle-grade Dzogchen (Lord of the Universe)...the basic combat power is increased to 3 million zi.....The strongest combat power surged to 37 million Zi....."

The next second, the sword light in the sky dissipated, and everything emerged....., in the field, only Qin Feng and the shadow clone were left proudly in the sky, with a strong smell of blood floating around.....

At this moment, Qin Feng's long hair was flying, and his clothes were fluttering...

After killing five Moqiong people, his cultivation finally reached the middle level of perfection, and his strongest combat power reached 37 million zi...

Even the battle of the phantom clone His strength has also reached 30 million Zi, and he can compete with the blue master.

Among the several top-level peak experts, Blue Master is the weakest, with a combat power of 35 million zi.

But the phantom clone possesses the Hongmeng Holy Ring of Great Perfection, and coupled with the Tai Chi diagram, it can definitely fight against the blue master.

As for Qin Feng, both in terms of combat power and amplitude, he is stronger than the phantom clone, so his strength is naturally stronger.

In short, this plan exceeded Qin Feng's expectations...

At this time, Qin Feng waved his hand and collected all the storage rings and other trophies of the five Moqiong people.

Then, he consumed the karma value he had just obtained and upgraded the Karma Fire Red Lotus to the thirty-fifth level, leaving 400 million karma value...

At this point, Qin Feng's Hongmeng Holy Ring 2.9 was completed, the Golden Wheel of Merit and the Karma Fire Red Lotus has reached the thirty-fifth level, which is one step away from perfection.

Qin Feng was very satisfied and felt secretly happy.

In the distance, hundreds of millions of Demon Realm members were completely frightened.

Oh My God!

In just a quarter of an hour, all the five stars have fallen.....,,

This is too terrible!

At this moment, Qin Feng raised his head and looked at....., all the members of the Ten Billion Demon Realm were so scared that they were stiff and did not dare to move.....,,

Qin Feng smiled coldly, thinking about how to deal with these guys.

But at this moment, there was a sudden movement in Wuyoutan.

Qin Feng's heart moved, secretly thinking that the pool was strange.

Since the fight, he has been secretly on guard, but he has not seen any movement from it.

At this moment, it actually made some movement.

Thinking of this, Qin Feng turned around, stepped on the void, and walked towards Wuyoutan..

Chapter 738

When he arrived at the Wuyou Pond, Qin Feng looked intently but could not see the bottom of the pond.

The dark pool water can absorb all spiritual consciousness.

But from time to time, wisps of corpse energy overflow from the bottom of the pool, mixed with weird energy fluctuations.

"Something weird!"

Qin Feng muttered in his heart.

He pondered for a while, and prepared to enter the bottom of the pool to find out what was going on.

At that moment, he made a seal with his hand, lit up a protective light shield around his body, then stepped out and dived directly to the bottom of the water.

Wangyou Pool What is accumulated in the water is Wangchuan water.

Although this water is non-toxic, as soon as it sticks to the skin, it will penetrate into the soul and wash away the memory.

Therefore, it cannot be touched!

Therefore, Qin Feng opened a protective light shield to isolate the pool. Water.

The next second, he entered the water and dived to the bottom of the pool.

Soon, he encountered an obstacle. There was an invisible barrier that separated the water layer and blocked his dive.

Qin Feng took action, He struck the barrier with all his strength.

There was a muffled sound!

The entire Wuyou Pond surged and shook.

The barrier was not damaged at all.

Qin Feng was secretly surprised.

His all-out strike completely reached the level of the top-grade peak star master's strike. Unable to break the barrier at all.

Couldn't this barrier be arranged by a high-level Dzogchen expert?

But isn't the strongest person in the Demon Realm the Demon Lord?

The Demon Lord is only at the top of the high-level, so it is impossible to arrange such a sealing barrier.

That's it. At this moment, something seemed to be awakened at the bottom of the pool.

A cold breath rose from the bottom of the pool, penetrated the invisible barrier, and then penetrated Qin Feng's protective shield, penetrating into Qin Feng's whole body...

Qin Feng was shocked.

The cold breath could ignore his protective light shield.

The next second, the cold breath touched his skin and penetrated instantly.

He felt cold all over, and his limbs began to stiffen, as if he was being eroded by corpse air. The weird feeling... 14.

He was so horrified that he dodged and exited the bottom of the pool.

The next second, Qin Feng was above Wuyou Pool, and the chaotic energy in his body was moving rapidly...

In one breath, the energy in his body was circulating for 3,600 times. It took a million days to get rid of the strange feeling.

His body recovered and was no longer stiff.

However, a cold sweat broke out on his back.

What kind of monster is hidden under the pool?

In fact, Qin Feng did not He is not afraid of the powerful monster at the bottom of the pool.

His phantom clone is on the shore.

If he really encounters danger, he can still escape by turning the yin and yang.

However, he must be careful to destroy the Wannian Ship.

At this moment, Qin Feng began to hesitate, should he continue? Go into the bottom of the pool to explore?

If the monsters at the bottom of the pool are not eliminated, he will not be able to take away the worry-free pool. It would be a pity for a treasure!

But if he wants to remove the monsters at the bottom of the pool, he is afraid that he cannot do it.

Let alone the monsters. , even the invisible barrier, he can't break it.....

Just when Qin Feng was undecided, a spiritual flag hung down from the infinite horizon, turned into a bridge to the sky, and fell into the Demon Realm.

At the other end of the bridge, a white-haired old man with a Taoist spirit stepped over.

He took one step forward and arrived in front of Qin Feng from the distant horizon.

"It's you!"

Qin Feng frowned.

He had killed Changbai's incarnation and recognized this old guy at a glance.

The two looked similar and had the same breath.

"My friends, we meet again!"

Changbai stroked his beard and smiled, his eyes full of surprise.

He calculated that he would meet Emperor Star here.

Sure enough!

It seems that God is still favoring him!

As long as he kills Emperor Star, the Six Paths will be his.

"My little friend, surrender your six ways obediently and accept me as your master. I will spare your life!"

Changbai smiled and said cruel words

"dream!"

"Ha ha! Then I'll give you a ride!"

Changbai laughed, suddenly took action, and punched Qin Feng directly.

With that punch, three thousand dragons roared and took off in the shadow of the fist...

Three thousand dragons, a metaphor for the three thousand avenues.

The destiny avenue fist!

The supreme stunt!

This is also Changbai's most powerful stunt!

The attack power is increased thirty times!

The only flaw is that he can only use it ten times in a row before he loses his strength.....

If the Hongmeng Holy Ring hadn't been taken away by Qin Feng, he wouldn't have used this trick.

After all, this trick consumes too much...

However, in order to kill Qin Feng, he can't control that much.

He has been waiting for this day for too long! ,

"Boy! go to hell!"

Changbai grinned ferociously and used all his strength.

His combat power was stronger than the ancient master, comparable to the Ziwei star master, reaching 100 million zi. With this increase, the power reached 300,000 zi, which is 3 billion zi..The power of this blow can easily blast a high-level peak powerhouse like Master Lan.

Qin Feng also punched to meet it.

Buzz~! Buzz~!

The thirty-fifth-level golden wheel of merit!

The thirty-fifth-level karma fire red lotus!

Showed one after another!

Qin Feng's attack instantly increased seventy times!

Changbai's eyes showed disdain, and the true meaning domain instantly unfolded!

The true meaning domain at the peak of the top grade was twice as powerful as that of the top star master...

The power of countless domains unfolded!

Qin Feng's merit gold Lun Heye Huo Honglian instantly dimmed, and the increase actually dropped to a quarter of the original, reaching only seventeen and a half times.

Such an increase was not as good as Changbai's Tianming Dao Fist.

What's more, Qin Feng's combat power was only 37 million Zi before the increase. , far worse than the 100 million Zi before Changbai amplitude....., this little thief is dead!

Changbai's eyes showed ecstasy.

He had imagined what Qin Feng would look like after being blasted by him.

The Six Paths of Reincarnation will soon be his.

It was at this time that the mutation occurred again.

Buzz~!

Hongmeng Holy Ring emerges!

The statue of Fudo Myooh appears!

Thirty-six layers of mysterious yellow halo!

It reaches the sky and the earth, illuminates the world, and shines all over the world!

In an instant, it broke through the blockade of the realm of true meaning!

Hongmeng's growth cannot be weakened!

The increase is multiplied by thirty-six times, and the total is stacked up to fifty-three times.

The power of Qin Feng's punch instantly increased to about 2 billion zi.

At the same time, the phantom clone also took action. Taijitu launched the strongest attack and joined forces with Qin Feng to fight against Changbai.

Click~!

There was a sound of heaven and earth cracking!

Huge cracks opened in countless spaces!

The aftermath of the explosion spread, destroying everything wherever it went.

Qin Feng and Xuying's clones were blown away at the same time.

Changbai was stunned.

How can this be?!

This little thief and his clone teamed up to resist his own trick!

You know, his unique skills can blast the likes of Blue Master.

Is it possible that the strength of this little thief has reached the level of God and Demon Lord?

"Ha ha! Old thief, you are awesome!"

In the air, Qin Feng's mouth was bleeding, and he only suffered some minor injuries.

The next second, the injuries in his body recovered instantly

"Little thief, let's do it again!"

Changbai was unwilling to give in and rushed forward with a roar.

"Ha ha!! Old guy, I won't play with you anymore!"

Qin Feng laughed, disappeared out of thin air, and returned directly to Tianwaitian.

The shadow clone also disappeared at the same time.

In an instant, Qin Feng's breath disappeared without a trace, leaving no trace.

Changbai was stunned and stunned. The ground was stunned in the air...

After a moment, he looked up to the sky and roared: "Damn little thief! Use this weird secret technique again! Next time, I will definitely break your secret technique and kill you!!"

The boundless roar echoed over the Demon Realm.

In the distance, the members of the Demon Realm were dumbfounded.

This old man is a super powerful man, much more powerful than their Demon Lord!

At the same time, Tianwaitian.

Qin Feng was suspended in the air, and the corners of his mouth were slightly raised.

He knew that he was not Changbai's opponent yet.

However, he was not in a hurry.

His Golden Wheel of Merit and Red Lotus of Karma were about to be completed.

It wouldn't take long before he could condense King Wei De Ming and King Kong Ming.

When the time comes, he can easily defeat Changbai.

"Did this old man guess that I was in the Demon Realm?....."

At this moment, Qin Feng had some guesses.

The next second, he repeatedly performed seals and performed secret techniques.

The magic of the mind!

Open your eyes!

In an instant, Qin Feng's eyes glowed with silver light.....

At the same time, the border of the Demon Realm.

Among the hundreds of millions of Demon Realm members watching the battle, one Demon Realm member was shocked, and his eyes suddenly lit up with silver light.

In fact, this member of the Demon Realm was one of the undercover agents arranged by Qin Feng.

At this moment, Qin Feng used his spiritual skills to see everything in the field through his eyes.

In the distance, Changbai froze in the air for a long time and sighed helplessly.

Qin Feng's breath completely disappeared.

There was nothing he could do.

At this time, he looked at the people in the Demon Realm in the distance.

Everyone in the Demon Realm was excited and nervous at the same time.

This old man drove away Emperor Qin. He was obviously a friend of the Demon Realm and was on the same front as 853. √

"Come all over!"

Changbai's tone was gentle and his expression was kind.

He was like a kind elder, looking at all the descendants. The members of the Demon Realm looked at each other, still a little afraid.

Changbai stroked and said: "You juniors, don't be nervous, I and your The Demon Lord is a friend, and he came specifically to save the Demon Realm this time. such a pity! I came a little late after all....."

Changbai looked miserable and remorseful.

Members of the Demon Realm also felt sad.

At that moment, countless people rushed back to pay their respects to Changbai

"Thank you senior for coming to the rescue!"

"Senior, be kind! If you hadn't come to save me, our Demon Realm would have been destroyed by the traitors of Emperor Qin!"

A moment later, billions of Demon Realm members arrived in front of Changbai.

Everyone was grateful and sad.

Only a few people were still watching from a distance and did not dare to approach.

Qin Feng's undercovers naturally did not dare to approach.

At this moment, Changbai looked at The densely packed Demon Realm members in front of them shook their heads and sighed, with somewhat sad expressions.

A god emperor comforted him: "Senior, you have tried your best, don't blame yourself!

Changbai looked at him and smiled coldly: "When do I blame myself?" I just sigh, how humble your fate is!"

The God Emperor was stunned for a moment, before he could understand the meaning of these words.

Changbai suddenly took action and took the picture with his big hand. Billions of demons screamed and turned into blood mist...

This scene made Qin Feng, who was peeping in secret, a little bit. I was dumbfounded.

What is this old man going to do?

"Ha ha!! You humble ants are also qualified to be protected by me!! Go to hell!"

Boom~! Boom~! Boom~!,

Changbai slapped his palms a few more times, killing all the billions of demons.

"Ha ha!! There are hundreds of millions of people in the Demon Realm, but they are just corpse guardians!"

The next second, he continued to seal, and the blood mist of countless demons merged and turned into a bloody chain, flying directly to the Wuyou Pond...

The endless blood poured into the pond, and there was a crisp sound at the bottom of the pond, which seemed to be inside. The invisible barrier was broken.

The next second, overwhelming corpse energy rose into the sky from the bottom of the pool..

Chapter 739

The next second, a torrent of corpse energy rose into the sky from the bottom of the pool.

There was a rumble at the bottom of the pool.

The entire demonic realm trembled

"Out! It's coming out!"

Changbai's beard trembled with excitement.

He came to the Demon Realm this time just for the thing at the bottom of the pool.

Of course, killing the Emperor Star was also one of his goals, but unfortunately he failed to complete it.

At this moment, the thing at the bottom of the pool rushed out. , brought up the pond water all over the sky, it turned out to be a giant corpse hundreds of millions of meters high...

The giant corpse was dripping wet, its hands and feet were bound by huge iron chains, its eyes were closed tightly, and its corpse energy was soaring into the sky...

Qin Feng was a little surprised.

What surprised him was that Changbai actually knew that the blood of the people of the Demon Realm could break the underwater barrier.

Think about what Changbai just said: There are hundreds of millions of people in the Demon Realm, but they are just corpse guardians!

Could it be that the existence of the entire Demon Realm is In order to protect this giant corpse?

What is the origin of this giant corpse?

Qin Feng looked at it and was surprised to find that the giant corpse vaguely exuded an aura similar to merit and belief.....

In addition, there is also the smell of the Jade Disc of Creation!

The next second, a screen of light popped up in his eyes.

Name: Top-grade Corpse Master (half-step of top-grade Star Lord Dzogchen)

Origin: Lord of the ancient heaven world, he cultivated to Dzogchen, a top-grade Star Lord, during his lifetime, and was refined into Corpse King after his death.

Note: This corpse possesses the creation jade disc of the ancient heaven world within its body. If it is refined, it can swallow the heaven world.

Reminder: To become the master of the two universes, the host needs to refine the jade disc of the three realms.

After seeing this information, Qin Feng suddenly realized.

Bai Qi, Ming He, and Xuan Xi were able to become the Lords of the Three Realms because they refined the creation jade disk that he refined when he created the Three Realms.

Similarly, the three realms of the ancient universe also had the Jade Disk of Creation.

As long as he finds the three creation jade discs of the ancient Three Realms, he can swallow up the Three Realms of this universe.

At that time, he will truly control this universe, just like his own small universe.

He has become the true master of dual universes, controlling both universes with one person.

Thinking of this, Qin Feng became a little excited.

The creation jade disk of the ancient paradise world is on the giant corpse in front of him...

However, Qin Feng is a little confused, why does the Lord of the ancient paradise appear in the Demon Realm?

Shouldn't it appear in Tianyu?

What's even more strange is that he was actually trained as a corpse master and soaked in the Wuyou Pond.....

Another point, why can the blood of the people of the Demon Realm break the barrier at the bottom of the pool?

Qin Feng couldn't figure it out, so he continued to peek...

At this moment, Changbai looked around the corpse leader, feeling excited and surprised.....

"The chief corpse! He is indeed a top-grade corpse master! The secret left behind by Master is indeed true. If I can control this thing, why can't I destroy the Star Alliance and kill the Emperor Star? Ha ha!..┐"

Changbai became more and more proud as he watched.

Then, he pointed his swords and popped out a few sword energy...

Dang~! Dang~! Dang~!, several sounds of gold and iron!

The rune iron chains on the giant corpse struck one after another. Broken!

At this time, Changbai took out another simple soul flag and prepared to control the corpse king....

"No worries! No worries! Big dream for three autumns! Why don't you wake up?"

As soon as this mantra came out, the giant corpse was shocked. He slowly raised his head and slowly opened his eyes, revealing his empty eyes...

Changbai was overjoyed and secretly thought it was effective.

"Corpse slave, come and see your master quickly!", Changbai waved the soul flag in his hand.

The corpse leader turned his head and looked at Changbai.

The originally empty eyes suddenly condensed, and the corners of his mouth showed sarcasm.

Changbai suddenly felt that something was wrong.

But before he could think more, the corpse leader actually said sarcastically: "I am the Lord of Heaven! How can you, the slaves of heaven, be at your command?! die!"

"What?!", Changbai was horrified.

The Corpse Leader suddenly slapped him down with a palm.

Boom~!

There was a loud bang!

The space was shattered, and all the worlds were shattered!

Changbai was exploded with that palm, and even the soul flag was shattered.....,

Changbai screamed: "How is this possible! It has been tens of billions of years, and you are not completely dead yet! This is impossible!!"

The corpse leader ignored him and grabbed the blood mist with his big hand.

Changbai roared in shock, and the blood mist was wrapped in a green light and fled deep into the starry sky.

That green light is the spirit flag!

In the blink of an eye, Changbai turned into a starlight.

The corpse chief looked dull for a moment.

Then, his eyes lit up again, and he sighed helplessly: "It's so far away, it's hard to control this spirit corpse!"

The next second, with overwhelming corpse energy, he chased towards Changbai...

In the blink of an eye, one person One corpse disappeared into the vast starry sky.....

Outside the sky and within the sky, Qin Feng was horrified when he saw this scene.

It turns out that the corpse leader didn't come back to life on his own, but seemed to be controlled by someone.

It seems that there is a master behind Zhikui!

Having said that, the corpse leader was only half a step to the Great Perfection, and he had just woken up. His strength was not at its peak, and he could kill Changbai with one palm.

This strength is so terrifying!

If he catches up, he will probably be killed instantly by the Corpse Chief.

From this we can see how powerful the half-step high-grade Dzogchen is, not to mention how terrifying the high-grade Dzogchen is!

It's not easy for him to figure out the fall of the ancient Lord of the Universe, and it's even harder to get the jade plate of creation from the three ancient realms.

It seems that my strength is still not enough and I need to continue to improve my strength.

When he thinks of improving his strength, Qin Feng has two ways.

One is to complete the golden wheel of merit and the red lotus of karma, and condense the mighty and virtuous king and the vajra bright king.

But looking at the current situation, even if he gathers two great kings, he can defeat Changbai at most, but he can't defeat Shikui.

That Corpse Chief was only half a step towards high-level Dzogchen.

If another high-grade Dzogchen appeared, he would die.

Qin Feng also secretly used the art of destiny to calculate.

Even if he killed so many high-level Star Lords, the Star Alliance was still in crisis.

This real catastrophe comes from the ancient domain.

Isn't it because Gu Shang is about to break through to the high-level Dzogchen?

Qin Feng felt a little uneasy thinking about it.

It seemed that he had to break through to a high-grade star master quickly.

Regardless of whether Gu Shang has broken through to high-grade Dzogchen, the person behind Shikui alone may be a high-grade Dzogchen.

It's not easy for him to be the master of these two universes.

Speaking of breaking through to the high-level star master, his cultivation level has already reached the extreme of middle-level perfection. The only thing he needs to do is to realize a supreme divine seal to perfection.

If the more supreme divine seals he perceives to be perfect, the stronger he will be when he breaks through to a high-level star master...

And this time he got a large number of Biangan flowers from the Demon Realm, which can be used to refine a large number of star master level spirits (King's Zhao) Dan—a Manshu Dan.

This Manjudan is a superior spiritual creature that comprehends the supreme true meaning!

This thought made Qin Feng secretly happy, and he took a step forward and left Tianwaitian.

The next second, he appeared at the edge of the Demon Realm, next to the undercover agent.

The undercover agent was awake but had no idea what was going on.

Qin Feng didn't bother to say anything more and took the undercover agents into Tianwaitian with a wave of his hand.

There were also some remnants of the demon realm who were watching, but they were all captured by him and sent to the outer world.

After doing this, Qin Feng happily flew to the Demon Realm.

Now, Changbai and Xi Kui are gone.

The Worry-Free Pond became an ownerless thing.

Soon, Qin Feng successfully took away Wuyoutan and plundered all the resources in the Demon Realm.

This is another great harvest!

A quarter of an hour later, Qin Feng returned to Tianwaitian happily..

Chapter 740

Wait for Qin Feng to return to Tianwaitian.

Not long after, Luo Li and others also returned.

All the prisoners in Tianyu have been captured, and all the resources have been looted, leaving only an empty shell there.

Qin Feng recalled Lu Dongfa and killed Bai Jie's true spirit, gaining another 700 million karma points.

His karma value has thus accumulated to 1.1 billion. 丶

As long as he accumulates 2 billion karma values, his karma will be completed.

In addition, Qin Feng also ordered that the captives from the heavenly realm and the prisoners from the demonic realm be managed together.

The main reason is that there are too few prisoners in the Demon Realm, and most of the people in the Demon Realm were killed by Changbai, so the two are put together.

Later, he appointed Jehovah, Satan, and Ludongphas as leaders to jointly manage these captives.

After taking care of these trivial matters, he went to worship Wuyoutan.....

Time flies.

In the blink of an eye, three days passed.

At this moment, the ancient domain is in the meeting hall.

The Ancient Lord, the Demon Lord, the Heavenly Lord, the Blue Lord, and Changbai gathered together.

Changbai's face was pale, as if he had been seriously injured.

The Demon Lord and God looked miserable.

This time, their losses were too great.

All the people of the Demon Realm were gone, the Naihe Bridge, the Forgotten River, the Wuyou Pond, and other resources were all lost, leaving only an empty shell there.

Not only that, three high-ranking Star Lords from the Demon Realm also died.

The Demon Lord has completely become a polished commander.

The situation is the same for God. The three Star Lords in the Heaven Realm, the Pond of Eight Treasures Saint Virtue, and countless people are all gone.

He also completely became a polished commander.

Master Lan on the side had no expression on his face, but he was inexplicably happy in his heart.

He originally fell into the pit alone, but now that the Lord of Demons and God had the same fate as him, he felt much better.

Of course, he didn't dare to reveal it.

In short, both the Demon Lord and God are extremely sad and angry.

But the ancient master couldn't be happy either.

The Ancient Lantern Star Lord from the Ancient Territory also died in this sneak attack.

"Everyone, I expect a serious loss of 550 this time! Why!", the ancient master let out a long sigh

"That damn little thief of Emperor Qin! If I don't kill him, I swear I won't be a human being!"

The Demon Lord has a bad temper.

At this moment, he was grinning with anger.

"The same is true for Tianmou! That kid destroyed my heaven and destroyed my foundation. Even if I die, I will not let him go!"

The Lord of Heaven was also so angry that he almost exploded.

The hatred between the two of them towards Qin Feng was like a surging river, stretching endlessly.

"Guys, have you ever thought about it. The heavenly domain and the demonic domain are both extremely vast, and even my headquarters of the scattered alliance is extremely vast. How did Emperor Qin evacuate our nest? Ordinary storage rings can't do this!"

The blue master raised doubts.

The giants looked at each other, and they couldn't figure it out.

Of course they didn't know that Qin Feng had a small universe.

The ancient master pondered for a while and said: "This matter is weird! What Gu is most concerned about right now is how did Mo Qiong and others fall? Were they really killed by Emperor Qin? If so, did Emperor Qin's strength improve too quickly?"

As soon as these words were said, the faces of the giants changed slightly and they felt uneasy.

If this is really the case, Emperor Qin's progress is simply unimaginable!

"By the way, Brother Changbai, when you went to the Demon Realm to support you that day, you should have met Emperor Qin, right?"

The ancient master looked at Changbai.

At this moment, Changbai was sitting upright with his eyes closed. After asking this question, he slowly opened his eyes.

"Seen it!"

Changbai's tone was very weak.

The ancient master hurriedly asked: "How strong is Emperor Qin?"

Changbai pondered for a while: "It should be almost the same as Master Lan."....."

"What?!"

The whole audience exclaimed.

Emperor Qin's strength has improved so quickly!

He is actually on par with Master Lan.

"This is impossible! Can that kid compare to me?"

Master Lan didn't believe it at all.

He regarded Qin Feng as a junior in his heart and ignored him.

Changbai suddenly said that Qin Feng's strength had caught up with him.

This was unacceptable to him.

Not only Master Lan could not accept it, but also Ancient Master and Demon The Lord and God couldn't accept it.

They couldn't believe that a junior who didn't even have the strength of a top-grade star master more than a month ago could catch up with them.

Changbai glanced at everyone indifferently and sneered in his heart, these guys are all self-righteous.

In fact, Qin Feng's strength is stronger than what he said, and should be comparable to the Demon Lord and God.

He deliberately underestimated Qin Feng's strength because he wanted the guys in front of him to underestimate Qin Feng and suffer a big loss.

He So he can clean up the mess!

But he didn't expect that these guys were more arrogant than he expected.

Of course, he couldn't say too much about Qin Feng's strength.

Otherwise, Guyu would not use its true strength.

"Everyone, think about it carefully, if Emperor Qin didn't have the strength of Master Lan, how could he kill Mo Qiong and others?"

Changbai said lukewarmly.

As soon as he said this, the giants felt that there was some truth.

At this time, the ancient master said again:"Brother Changbai, if Gu is not mistaken. You must be injured, right?"

"That's right!" Changbai didn't hide it.

He paid a heavy price that day to escape from the hands of the Corpse Chief.

But as soon as those words fell, the faces of the Ancient Master and others changed slightly.

Changbai's strength was comparable to the Purple Master, and even stronger than the Ancient Master. First line!

He was actually injured!

"Brother Changbai, your injury was not caused by Emperor Qin's little thief, was it?", the Ancient Master asked uneasily.

Changbai sneered:"He doesn't have that ability yet!"

Everyone also secretly breathed a sigh of relief.

The Ancient Master was even more curious:"Then what are your injuries?"

"Why!", Changbai sighed,"To be honest, I went to the Demon Realm and drove away Emperor Qin's little thief. In the Wangyou Pond in the Demon Realm, a zombie suddenly rushed out and injured the old man....."

"The chief corpse? What kind of strength is this?"

"Half-step to the top level of Dzogchen!"

"Oh My God!"

The Ancient Master and others were shocked.

Half a step into the Great Perfection, he is almost invincible in this era.

"Brother, I admire you for being able to escape from the hands of the half-step high-grade Dzogchen!"

The ancient master said in a tone of sincere admiration.

If it were him, he would definitely not be able to escape.

The combat power threshold of half-step high-grade Dayuan (bfac) is 1 billion zi.

His combat power is only 90 million zi, and Changbai's is 100 million zi.

As for the real high-grade Dzogchen Star Master, that is unimaginable.

Changbai smiled bitterly: "It was a complete luck that I was able to escape. As soon as he came, the corpse leader had just woken up, and his fighting power had not yet fully recovered. Secondly, I also sacrificed a huge price. Otherwise, I would have died on the spot!"

"Tsk!! Tsk!! This corpse chief is really terrifying! By the way, what is its origin?"

The God looked at the Demon Lord with a look of amazement.

The Demon Lord was still confused.

He didn't know that there was such a powerful being hidden in the Demon Realm.

"Demon Lord, that corpse leader comes from your demon realm. You should know its origin, right?"

The Ancient Master inquired curiously.

The Demon Lord smiled bitterly and shook his head: "Brother Gu, you really don't want to say anything. I really don't know. All I know is that there is an invisible barrier under Wuyou Pond. But the strength of the barrier is impossible to break without the strength of the high-grade Dzogchen."

"To be honest, I secretly used many methods but failed to break the barrier. Unexpectedly, the barrier was broken automatically and the monsters inside were released."

The Demon Lord also sighed.

He didn't realize that there was a smile on the long white mouth.

The Demon Realm is just a corpse guardian, and the people of the Demon Realm who were the first to know the truth are long gone.

But after listening to it, everyone was secretly surprised.

The ancient master was even more surprised. Speculation: "Everyone, do you think the corpse leader was released, could it be caused by Emperor Qin?"

"Huh! It's very possible!"

"Oh My God! If this is true, the Star Alliance and Emperor Qin must have mastered many secrets"

"Is it possible that the Corpse Chief is the Covenant's method to deal with us?"

Everyone guessed and looked worried.

Changbai sighed: "Everyone, our strength is greatly reduced now. After twenty days, even if the contract restrictions on you are lifted, you will still be unable to activate the Four-pole Tianyuan Formation, and there will be nothing you can do against the Star Alliance!"

As soon as these words fell, the Ancient Master and others suddenly frowned.

Now the four major forces, including the Ancient Master and Yuan Qing, only have five top-level peaks and three top-level star masters left.

There are only eight people in total, and there is no way they can do it. Casting the Four-pole Tianyuan Formation

"Ancient Lord, this is not the way to go! Regardless of whether the Corpse Chief is the trump card of the Star Alliance, Emperor Qin's progress alone is a great danger to us."

"With our current strength, it will take several years to break the Star Alliance's five-pole formation. But in the past few years, Qin Feng has been able to break through to a high-level star master!"

Changbai emphasized Qin Feng's threat again.

The Ancient Master was surprised: "Brother Changbai, you mean that Emperor Qin hasn't broken through to the top-grade Star Master yet?"

"No way? Emperor Qin is not a high-grade star master?"

The Demon Lord, Heavenly Lord, and Blue Lord were also surprised.

In their opinion, if Qin Feng has strength comparable to the top-grade peak, he must have broken through to the top-grade star master.

Otherwise, how could he have such strong strength.

You know, the top-grade ones are all ants.

It is absolutely impossible for a mid-grade star master to have such strength.

Changbai smiled bitterly: "I'll tell you all! When I fought with Emperor Qin, I found that his cultivation level was at the middle level of Dzogchen....."

Hiss~!

The whole audience gasped.

Oh My God!

Qin Huangcai is a middle-grade Dzogchen, and he has such terrifying strength.

If he waits for him to break through to the high-grade Star Master, will he be able to reach the high-grade Perfection halfway?

All the big guys looked at each other

"It seems that I have to report this matter to my ancestors!"

The Ancient Master stood up slowly, with a gloomy expression.

At this moment, he finally couldn't sit still and decided to report to Gu Shang.

The Demon Lord, the Heavenly Lord, and the Blue Lord looked at each other without saying anything.

They seemed to know that the Ancient Territory was hiding something. Master, everyone understood it tacitly.

The next moment, the ancient master said hello and left in a hurry.

He wanted to report Qin Feng's situation to Gu Shang.

Changbai looked at his back and showed a smile..
