

## God level 741

### Chapter 741

After the ancient master left, the devil, god and others started discussing again

"In twenty days, our contract restrictions will be lifted. Do you think that Emperor Qin can break through to the top level Star Master within these twenty days?"

Master Lan looked worried.

In fact, he was very depressed deep down.

He could never imagine that the strength of a middle-grade star master could compare with his own.

"Is it so easy to break through the Star Lord?", the Demon Lord sneered.

The pride in his bones made it difficult for him to admit Qin Feng's excellence.

"That's right! If you want to break through to a high-level star master, you must realize a supreme true meaning to great perfection. Even if Emperor Qin had great understanding, he wouldn't be that fast, right? Brother Changbai, what do you think?"

God Lord looked at Changbai.

Demon Lord and Lan Lord also looked at Changbai.

Deep in their hearts, they all hoped that Qin Feng would not be too good....., and Changbai is the only person who has come into contact with Qin Feng recently, so his words naturally have weight.

"this.....", Changbai reveals memories

"Judging from the situation at that time, Emperor Qin did not have any supreme true meaning that had reached perfection in terms of true meaning, and many of them were far from perfect."

"If I look at it, it's a bit impossible for him to realize a supreme true meaning to perfection within twenty days....."

Changbai expressed his opinion.

It is extremely difficult to realize a supreme true meaning to perfection.

Even if it takes tens of thousands of years to achieve enlightenment, it will be difficult to achieve it.

Everyone here is a suppressor of an era!

This is also a source of pride for them.

It is more difficult for geniuses than ordinary people to recognize the excellence of others

"That's right! I think this is true too!", Master Lan was the first to agree.

Changbai added:"Actually, you don't have to worry! Even if Emperor Qin breaks through to a high-grade star master, at most it will be the perfection of a supreme true meaning. Such a high-grade star master will be weaker after all."

"He cannot be perfect in many true meanings. After all, he is still young, so he has so much time to realize the true meaning?"

As soon as these words were said, all the big guys nodded.

A person's energy is limited.

And comprehending the true meaning is the most energy-consuming and time-consuming.

Most people would waste their entire life's energy just to comprehend a true meaning, let alone There are two kinds.

Just like Master Lan and others, when they broke through to the high-grade star master, they only perfected one supreme true meaning, and no one could complete two gates.

Of course, after breaking through to the high-grade star master, they can also realize Other supreme true meanings.

However, the difficulty of understanding has increased by more than a hundred times.

Because of this, the Ancient Lord, the Demon Lord, the Heavenly Lord, and the Blue Lord have only mastered one Supreme

Divine Seal. Changbai had only mastered the Divine Seal of Destiny until recently. It took him 30 billion years to master the second divine seal - the divine seal of creation.

This was not because Changbai had poor understanding, but because he understood the supreme true meaning of the second gate. The difficulty increased by more than a hundred times, so it was naturally even more difficult..If the difficulty does not increase, he only needs tens of thousands of years.

"Mentioning this matter, Lan couldn't help but admire Zi Zhu!", Lord Lan suddenly mentioned Ziwei Star Lord

"yes! That woman is the only one among the many high-ranking Star Lords who achieved a breakthrough after achieving the perfection of two supreme truths, so her strength is comparable to that of the same level, even better than the ancient Lords!"

The Demon Lord sighed.

The Lord of Heaven also expressed admiration.

Speaking of it, Ziwei Star Lord's training time is much shorter than them, even shorter than many high-grade Star Lords.

But her strength has crushed the group of lords and has become the bright face of the universe today. The strongest person in the world.

Even Changbai had to admire him and was very jealous in his heart.

Although he had also realized the second supreme true meaning of creation, he still didn't know when he would complete it?

In such a comparison, he He was caught up by the junior Lord Ziwei, and they were on equal footing.

To be honest, he had practiced for hundreds of millions of years more than Lord Ziwei.

It was impossible to say that he was not jealous of Star Lord Ziwei.

At that moment, he caressed Xu Dao said:"As long as Emperor Qin is not like the Purple Master, who only breaks through after the two supreme true intentions are completed, there is no need to worry."

"With a true meaning breakthrough, his strength is at most twice as strong as the old man, and he is still less than half a step up to the level of high-grade Dzogchen. In that case, if we join forces, we can still suppress him!"

As soon as these words were said, the Demon Lord and others nodded slightly.

They were worried that Qin Feng had broken through with two true intentions.

If so, after Qin Feng broke through, he would definitely have the strength of half-step high-grade Dzogchen, which would be a big problem.

This At this time, Changbai smiled strangely and said:"Actually, with Qin Huang's talent and potential. He is completely capable of achieving breakthroughs in both true meanings, but it's a pity that he is unlucky! The Demon Lord was puzzled:"

Brother Changbai, how do you say this?"

Changbai smiled proudly: "If you think about it carefully, we are very anxious here." Isn't it the case with the Star Alliance? If the Star Alliance wants to escape from danger, Purple Lord and others alone are not enough. Emperor Qin knew very well"

"What he wants to do most now is to break through to a high-level star master as soon as possible. In this case, where does he still have the intention to realize one more true meaning and then break through? As long as there is a kind of perfection, he will break through."

The devil suddenly realized it.

The god said happily: "I still see the problem thoroughly! Master Lan breathed a sigh of relief: "As long as Emperor Qin doesn't have a breakthrough between his two true intentions, the Star Alliance will be dead this time." Some adult will definitely take action."

As soon as these words came out, everyone smiled.

They all thought of the same person, that is Gu Shang.....

Meanwhile, Microcosm.

Three days have passed in the outside world, and one year has passed in the small universe.

Heaven Realm, the palace of the Lord of Heaven Realm.

Qin Feng lay on the sofa with a comfortable look on his face.

This time, he came to the paradise world and enjoyed Xuan Xi.

At this moment, he only felt that his body and mind were at peace, and he was in particularly good condition.

"Ding! Your subordinate, the Spiritual Golden Monkey (Three Thousand Innate Beings).....The true meaning of Ruijin (Supreme Level) reaches the Great Perfection, and the cultivation level breaks through to the half-step Star Lord Great Perfection....."

"Ding! The host shares his thoughts on success.....Your Ruijin true meaning (no superior) synchronized feeling reaches great perfection...your combat power increases by 0.5 million (basic combat power).....",

"Ding! The total number of supreme true meanings (perfect level) obtained by the host has reached 254....."

"That's great!"

Qin Feng's lips curled up slightly, his eyes showing joy.

His current basic combat power has reached 4.3 million zi.

Even without the power of star fusion, boundary fusion, celestial fusion, and faith, after he used the cosmic golden body transformation, The combat power has also reached 43 million Zi.

With such combat power, he can fight against the Demon Lord and the God.

If external forces are added, he dares to fight Changbai.

Such a huge change does not mean that Qin Feng has broken through to the top level. The Star Lord did not condense the statue of King Ming.

Instead, he made another huge discovery in this year.

First, he refined the Worry-free Pond he obtained and integrated it into the hell world, strengthening it to The dual level was 57%, and the combat power increased by 30,000.

Later, Qin Feng used the Flower of the Other Shore to refine Manjudan. In the first batch, he refined more than 3,000 Manjudan, but he did not refine any of them. Transformation, most of the pills were distributed to the three thousand innate beings, as well as core subordinates such as Chu Chu.

This is because the three thousand innate beings, Chu Chu and other core subordinates have a special relationship with Qin Feng.

When they realize the true meaning to perfection, Qin Feng can The true meaning is complete.

This is equivalent to more than 3,000 people helping Qin Feng realize the true meaning.

Of course, Qin Feng would do this, but it was also a helpless move.

The Manjudan is very special and can only be slowly refined and realized, and the god-level swallowing cannot be instantaneous. Digestion.

It takes a year to refine and comprehend a Manjudan.

Qin Feng's time is precious, so naturally he cannot refine it one by one, so he asked his subordinates to help.

Unexpectedly, the effect was better than he expected. It was hundreds of times better.

A year later, the benefits were fully revealed.

After those innate beings ate Manjudan, there were successive beings who perfected their true meaning and greatly improved their strength. It was really killing two birds with one stone.

So far, there have been 257 of them. The innate soul has perfected its own true meaning.

Qin Feng has also benefited simultaneously.

For every perfected supreme true meaning, his basic combat power increases by 0.5 million.

His perfected supreme true meaning has reached 257 types.

So far, he has The basic combat power has reached 4.3 million Zi.

Three thousand innate beings coincide with the three thousand avenues.

Each innate being has realized a great true meaning, each of which is different.

The true meaning of the three thousand great avenues contains one hundred and eight kinds of supreme True meaning, two thousand eight hundred and ninety-two supreme true meanings.

Qin Feng also knows very well that after breaking through to a high-grade star master, it will be a hundred times more difficult to perfect the true meaning.

Therefore, he decided to try his best before breaking through to a high-grade star master. To perfect the true meaning.

Whether it is the supreme true meaning or the supreme true meaning, try to perfect it

"The flower of the other shore in my hand should be able to refine more than 10,000 manjudan. I wonder how Luo Li has prepared the materials?"

Qin Feng took a sip of the spiritual tea and began to think about the current problem.

The reason why he didn't take Manshu Dan was because the elixir hadn't been finished yet.....0.

He has to finish refining all the elixirs before he has time to refine the elixirs.

Otherwise, he will be delayed for a whileIt's time.

At this moment, footsteps sounded outside the hall.

Qin Feng looked up and saw a graceful figure walking in. It was Liu Yan

"Your Majesty, the statistics are out. Of the three thousand innate beings, more than 1,700 are currently out of seclusion, only 257 have achieved true meaning, and the rest have failed."

Liu Yan reported seriously.

Qin Feng nodded slightly:"It seems that he doesn't have enough understanding! Give these fifteen hundred Manshu Pills to those losers!"

Qin Feng took out a storage ring and threw it over.

Liu Yan took the storage ring and reminded:"Your Majesty, each person can only take this Manjudan twice in his life. The second time the effect is halved, and the third time it is ineffective. Do we really want to send it to those innate souls who have failed in enlightenment?"

Qin Feng put down the tea cup with a smile:"Give it!" Although the effect was halved the second time, many of them had reached their limit before, and if they were given another one, it would be perfect. Why not?"

"OK, Your Majesty! Here I go!"

Liu Yan put away the storage ring and rushed to the human world.

Not long after she left, Qin Feng heard the system upgrade in his mind.

"Ding! Your subordinate Fengdi (Lord of Zhongjixing).....The Seal of Cause and Effect (Ultimate Level) realizes the Great Perfection, and the cultivation level breaks through to the Intermediate Star Master Great Perfection....."

"Ding! The host shares his thoughts on success.....Your Karma Seal (to the highest level) realizes the Great Perfection at the same time... Your combat power increases by 20,000 Zi (basic combat power)... to 4.32 million Zi.....",

"Huh! Yue'er succeeded!"

Qin Feng's eyes shone with light.

He finally fulfilled the first supreme true meaning and could break through to the top-level star master.

"Ding! Remind the host that in order to obtain the foundation for becoming a god, you need to complete the nine highest true meaning numbers and then break through to the top level Lord of the Universe. Otherwise, you cannot become a god....."

"Ding! Remind the host that once you break through to a high-level Lord of the Universe, your divine base cannot be changed. If you later achieve perfection, you can only become a false god and cannot achieve the status of a true god....."

"Ding! Remind the host that if you lay the foundation with the nine supreme true meanings, you can get the low-grade divine foundation. If you complete the thirty-six supreme true meanings, you can get the middle-grade divine foundation. One hundred and eight kinds can get the high-grade divine foundation....."

"Ding! The method of laying the divine foundation is being transmitted...

Chapter 742

"Ding! The method to lay the divine foundation is being transmitted....."

The next second, Qin Feng was flooded with information.

A quarter of an hour later, he opened his eyes in surprise.

It turns out that comprehending multiple supreme true meanings and combining them in a certain way is actually the way to build a divine foundation.

However, it needs to be completed before breaking through to a high-level star master.

According to the system prompts, the method used by the ancient Lord of the Universe was the Three-Yuan God Foundation Method.

The so-called Three-Yuan God Foundation Method is to perfect the three supreme true meanings before breaking through to the high-level Lord of the Universe.

Ordinary universe masters use this method.

However, in the eyes of the system, this method is of inferior quality and is far inferior to the low-grade divine foundation method provided by the system.

Not to mention compared with the top-grade divine base.

In such a comparison, the gap is too big.

Qin Feng became more and more excited as he thought about it.

Even if he completes the low-grade divine base, he is still stronger than the Lord of the Ancient Universe.

However, he has only perfected one supreme true meaning now, and he is still eight short of the supreme true meaning before he is a low-grade divine base.

"Yue'er is worthy of being the reincarnation of Shifeng in"633"! The understanding reaches heaven!"

Qin Feng was in a happy mood, touched his chin, and left the paradise world in one step.

The next second, he appeared in Zhongji Star, Emperor Feng's palace.

At this moment, in the secret room, Emperor Feng was looking at it with a look of joy. own progress

"Huh! Qin Feng, why are you here?"

Fengdi looked at his man in surprise.

"I miss you, come and see you.....", Qin Feng walked over

"Qin Feng, I have broken through to the Great Consummation of the Middle Grade Star Master. When I cultivate my realm to the extreme, I can break through to the top-level star master..."

Emperor Feng said happily like a little girl, looking forward to Qin Feng's praise in his eyes.

Now, among Qin Feng's many subordinates, except Pan Zu, She is the one with the highest level of cultivation

"I saw. However, it is recommended that after you reach the ultimate level of cultivation, you should not break through to a high-level star master first....."

Qin Feng naturally hugged her slender waist

"why?", Feng Di snuggled up obediently.

It was rare for the two of them to have this moment of tenderness.

"You'll know just by looking at this."Qin Feng took out a jade talisman.

Emperor Feng took it curiously.

After she read the contents of the jade talisman, her eyes showed surprise. What

Qin Feng gave her was the three-dimensional divine foundation of the Lord of the Ancient Universe. Law.

Although Feng Di does not have a small universe and cannot become a true god, he has the opportunity to become a false god.

Even if he cannot become a false god, he can complete the three-dimensional god base and his strength can crush the same level.

"Qin Feng, where did you get such a profound secret technique? If I can build this three-yuan divine foundation, as soon as I break through to a high-grade star master, my strength will be comparable to that of the top-grade peak!"

Emperor Feng was overjoyed.

Qin Feng smiled and said nothing.

Emperor Feng was right.

As long as she completes the Three Yuan Divine Foundation and breaks through to the top-grade star master, she will reach the threshold of the top-grade peak.

Emperor Feng's strength will greatly increase , which means that Qin Feng's strength has greatly increased.

Of course, not everyone can practice the method of the Three-Yuan God Foundation.

That requires a heavenly understanding!

Currently, among Qin Feng's hundreds of millions of subordinates, there is the potential to learn the Three-Yuan God Foundation There are only a few who can do it.

Emperor Feng and Panzu can be considered the most hopeful, followed by Qin Baobao and Ming He, and it's hard to say about the rest.

After all, Emperor Feng and Panzu were at the pinnacle of high-grade star masters in their previous lives.

"Qin Feng, although this secret technique is excellent, it is unfortunately too difficult. It must fulfill the three supreme true meanings in order to build the divine foundation. I have only mastered two of them so far....."

Emperor Feng was a little unsure of himself.

The two supreme divine seals she has mastered, one is cause and effect, and the other is the supreme divine seal she mastered in her previous life - Tianyi divine seal (fire element).

Qin Feng smiled slightly: "My Yue'er has a great understanding. I saw it last time in Ziwei Star Holy Land. If you can't do it, there will be no hope for them."

"Tianyi Divine Seal, I have already perfected it in my previous life. As long as you give me time, I can reach Consummation again. But I haven't seen the third type of supreme divine seal yet!"

Feng Di's little mouth curled up slightly, showing a girlish look.

She would only behave like this in front of Qin Feng.

In front of outsiders, she was dignified and cold.

"Haven't you mastered several supreme true meanings? If you sum it up from it, it's not difficult to get another supreme true meaning."

Qin Feng pinched Emperor Feng's face lovingly.

"Let me realize a supreme true meaning again, which should be possible within a hundred years. But to complete it, it will take thousands of years, or even tens of thousands of years. I also want to improve my strength as soon as possible so that I can help you!"

Fengdi's thoughts have long been on Qin Feng.

"A hundred years here and less than a year in the outside world is not a long time. As long as you understand the supreme true meaning of the third door, you don't have to worry about it taking more time to achieve perfection. You can keep this Manjudan....."

Qin Feng took out a Manjudan.

Emperor Feng happily took it

"Qin Feng has this pill. If I realize the third supreme divine seal, it will be much easier to perfect it. It's a pity that each person can only take two pills of this pill. Any more will be ineffective, otherwise...."

Emperor Feng looked regretful.

She knew that Qin Feng was not short of Manshu Dan.

However, Manjudan has great limitations and is ineffective if taken continuously.

"Although there are restrictions, there are still opportunities to break through....", Qin Feng smiled mysteriously.

Emperor Feng was shocked:"Can it still be broken? Even the top-grade Dzogchen Star Master cannot break the restrictions of this Manjudan!"

Qin Feng smiled slightly:"There are three thousand avenues, and there are one hundred and eight supreme avenues. What I really understand How many people are there? There are even many supreme avenues that no one can touch. For example, the Alchemy Seal is the supreme true meaning of alchemy....."

"As long as I can master the Divine Seal of Danyuan, I can increase your limit of taking Manjudan to three pills. Emperor Feng was surprised:"

There is such a good thing!" Then after you master the Alchemy Seal, can you let me take the second Manjudan to increase its efficacy?"

"Yes, it can be increased to 70%!"

"That's great!" Emperor Feng was overjoyed and said,"I will keep this pill first. When you master the Danyuan Divine Spirit, I will take it again! During this period, I just need to perfect the Tianyi Divine Seal according to the memory of my previous life....."

Qin Feng nodded slightly:"This method is feasible!"

At this moment, Luo Li's message came to his mind

"Yue'er, Luo Li is looking for me, you should retreat first!"

"Um!"

After saying hello, Qin Feng left out of thin air.

The next second, it was the Tiangong and the meeting hall.

Luo Li took out a storage ring with a look of joy on his face.

"Your Majesty, the second batch of Manjudan auxiliary materials have been collected."

Qin Feng took the storage ring and looked at it, with joy in his eyes.

The materials were indeed all together.

This time, he can refine all the Bianhua flowers in his hand into elixirs, and he should be able to produce ten thousand manjudan.

By then, he will be able to make elixirs again. Obtained a wave of True Intention Consummation and greatly increased his strength.

Not only that, he also had time to eat Manjudan

"Well done, Luo Er!"

Qin Feng put away the storage ring with satisfaction.

"Your Majesty, are there any other important matters that need to be dealt with?"

"temporarily unavailable! During this time, you should retreat! There are only twenty days left in the outside world, and the four major forces will attack. A war is inevitable!"

With this reminder, Luo Li also felt the urgent atmosphere.

"Your Majesty, I am going to retreat now!"

After Luo Li left, Qin Feng waved, and another slim figure appeared.

"Master, are you looking for me?"

Shangguan Yunxi stepped forward to greet him, with 4.6 inexplicable shyness in his eyes.

The master does not summon him easily, so he is not here to cultivate himself today, right?

Qin Feng glanced at Yunxi with a half-smile.

What this girl was thinking, He can see through it at a glance

"Xi'er, the materials have been gathered and the elixir can be started. Come and help me!"

"oh~! "

Only then did Yun Xi realize that she had misunderstood.

"Let's go!"

Qin Feng smiled.

Speaking of which, he taught Liu Yan and Yun Xi how to make alchemy.

But in terms of alchemy talent, Yun Xi was better.

Qin Feng also wanted to focus on cultivating her alchemy talent.

The next second, the two of them appeared out of thin air. Disappeared and went directly to the alchemy room.....

At the same moment, within the ancient domain.

The ancient master met the ancestor Gu Shang.

Something is happening somewhere...

Chapter 743

Ancient domain, within the forbidden area.

The Ancient Master stood respectfully in the valley, looking at the thick fog in front of him.

In the thick fog, a huge black figure sat in it, exuding a breathtaking aura.

That black shadow is the ancestor of the Ancient Territory - Gu Shang, who is also the incoming Lord of the Ancient Territory.

At this moment, the ancient master's eyes were a little excited.

I haven't seen him for more than a month, and my ancestor actually broke through to the semi-high level of Dzogchen in one fell swoop.

This is great news for Elder Gu Yu!

Most of the pressure Qin Feng had put on him before was immediately relieved.

The half-step high-grade Star Master Dzogchen is different from other half-step realms.

It is just a transitional period, usually for a short period of time, much like the elemental master's tribulation period.

During the tribulation period, if the elemental master survives the tribulation, he will be able to achieve the nine-star throne.

Half a step into the Great Perfection of the High-grade Star Lord, after the Supreme Star Lord has survived the five declines of heaven and man, he can transform into the Great Perfection of the High-grade Star Lord.

This time is very short and can usually be completed within three months.

Once the transformation is completed, the strength will increase by more than ten times, making it unimaginably powerful.

Therefore, the top-grade Dzogchen Star Master can instantly kill the top-grade peak, which is a matter of a little finger.

In other words, Gu Shang can be promoted to high-level Dzogchen within three months.

From then on, the ancient domain became invincible.

The more the ancient master thought about it, the more excited he became.

He was also very curious, how could his ancestor suddenly break through to half-step of Dzogchen after being stuck at a bottleneck for so many years?

However, he did not dare to ask more questions

"Guhu!"

In the thick fog, a majestic and cold voice came out

"Ancestor, you say!", the ancient master's tone was extremely respectful.

"You said that Emperor Qin's combat power was only close to that of a top-grade Star Master more than a month ago, but now he is on par with Blue Master. Is this true?"

"Ancestor, this is absolutely true!", the ancient master replied respectfully.

Deep in the clouds and mist, Gu Shang was silent.

After a while, Gu Shang sighed:"The Emperor Star is indeed the Emperor Star!"

"Emperor Star? Ancestor, that is....", the ancient master asked curiously.

Gu Shang did not explain, but asked:"Did you just say that a top-grade corpse came out of the Demon Realm Wuyou Pond?"

"Yes, ancestor!"

"hehe! Fengtian came out, Qintian saw it, and the gods outside Feitian appeared. As long as our souls are immortal, the world will be in chaos!"

Gu Shang sneered again and again.

The ancient master was frightened and a little confused.

He didn't understand what that sentence meant, and he didn't dare to ask any more questions.

"Brother Xuan Ming, in that future, will the Corpse Chief appear at this time?"

Gu Shang didn't look back.

Behind him, thick fog rolled.

A figure in gray robe walked out of the thick fog.

"Brother Gu, in that future, the Corpse Chief will appear ten years later, ten years earlier than now. However, Brother Gu has broken through to half-step of Great Consummation, which is ten years ahead of the future."

The figure in gray robe is Xuan Ming

"I see!", Gu Shang nodded slightly, "Then Emperor Qin's strength is also stronger than that of the future."

"It is indeed stronger. In this period in the future, Qin Huang's strength has just reached the threshold of the top level, which is a bit weaker than the blue master. But now, he is on par with Master Lan."

—

—

—

\_ But if you move the whole body, good or bad luck is difficult to determine!

Xuan Ming smiled: "Brother Gu, the future is countless, the past is the only one, and the present can be expected." Although Emperor Qin is said to be stronger than in this period in the future, his strength is limited and not ten times stronger."

"And Brother Gu is ten times stronger than in the future during this period. This is Brother Gu's advantage."

"Therefore, we have changed the future, and it is indeed developing in a direction that is favorable to us!"

Hearing this, Gu Shang thought for a moment and smiled knowingly.

Xuan Ming was right.

At this period, he was ten times stronger than the future.

Qin Feng was also stronger than the future, but not ten times stronger.

In this comparison, he has made greater progress than Qin Feng.

At this thought, Gu Shang and Xuan Ming looked at each other and smiled.

But they didn't know that the information they got was wrong.

Changbai lied.

Changbai When fighting Qin Feng, Qin Feng's strength had already been upgraded to the demon lord level.

Not to mention, after Qin Feng got Manshu Dan, his strength improved again.

If Gu Shang improved tenfold, then Qin Feng The progress of the two is more than twenty times.

The gap between the two is getting wider and wider.

It's just that they don't know the truth yet.

"Brother Xuanming, how do you think we should deal with Emperor Qin? Should I wait until I break through to high-level Dzogchen, or should I let Gu Hu and the others take action after twenty days?"

Gu Shang asked again.

He now attaches great importance to Xuan Ming's opinion.

It is because of Xuan Ming's help that he was able to break through the bottleneck in one fell swoop and be promoted to Half-Step Star Master Dzogchen.

"Brother Gu, Xuan suggested that we start in twenty days. Even if Emperor Qin cannot be destroyed, he must be put under pressure and cannot be given time to breathe. Of course, it would be best if we could kill him!"

"Makes sense!", Gu Shang nodded slightly.

The ancient master was worried: "Ancestor, in twenty days, with our strength, I am afraid that we will not be able to break the Star Alliance's five-pole formation. If you can't break the formation, you will naturally be unable to deal with Emperor Qin. Gu

Shang muttered: "Gu Hu, you mentioned it before." If you want to activate the Four-pole Tianyuan Formation, you need twelve high-grade star masters?"

"Yes!"

"good! Then go back and wait for news. In ten days, I will find four helpers for you! The ancient master was overjoyed:"

Ancestor, are you serious about this?"

"Of course it's true!

Xuan Ming was also surprised: "Brother Gu, are you planning to cooperate with those people?" Gu

Shang sneered: "If he hadn't broken through to the half-step of Great Consummation, Gu would still hesitate. Now he can think about it."

Xuan Ming nodded slightly and said no more.

"Gu Shang, go back and prepare! In ten days, someone will come looking for you!"

"Yes, ancestor!"

The ancient master bowed respectfully and left happily.

His ancestors are indeed mysterious and powerful!

In twenty days, they can take action against the Star Alliance.

By then, it will be the day when the Star Alliance is destroyed and Emperor Qin will die. day.....

Time flies.

In the blink of an eye, twelve days passed in the outside world.

In the small universe, the past four years.

In the past four years, Qin Feng and Yun Xi worked together to finally complete the elixir refining and obtained a total of more than 11,000 Manjudan.

In the past four years, Yun Xi's alchemy skills have improved by leaps and bounds, and her cultivation level has reached half a star level.

This is naturally due to Qin Feng's strong support.

During this period, Qin Feng also distributed the newly refined elixir.

The 137 souls of the three thousand innate beings in the human world have all taken two Manjudan pills, reaching the limit of consumption. √

Qin Feng's gains are also huge.

His perfect supreme true meaning has reached 620 kinds, and his combat power has been greatly improved.

In addition, during these four years, Panzu also perfected the Qianjin Divine Seal.

Emperor Feng perfected the Tianyi Divine Seal.

Chu Chu perfected the Wuji Divine Seal.

The jade unicorn completes the divine seal of heaven.

Purple Star has perfected the Divine Seal of Faith.

Qin Baobao completed the Kunde divine seal.

Styx completed the Blood Origin Seal.

So far, there are eight types of Qin Feng's supreme divine seal.

His basic combat power also soared to 7 million Zi.

As long as he completes one more supreme business, he can reach nine. He can first build a low-grade divine foundation, which will greatly increase his strength again.

After constructing a low-grade divine foundation, as long as the number of perfect supreme divine seals is sufficient, the quality of the divine foundation can continue to be improved.

Speaking of which, Xuan Xi's Yin-Yang Divine Seal, Chu Chu's Creation Divine Seal, and Styx's Shura Divine Seal have not yet been perfected.

These are also the most promising types of divine seals currently.

At this moment, in the Heavenly Palace, inside the secret cultivation room

"There are still eight days left in the outside world, so there should be enough time!"

Qin Feng took out a Manshu Pill.

He planned to refine a pill himself, then comprehend a supreme true meaning, and construct a low-grade divine base to cope with the war in a few days.

The next second, he swallowed the medicine. Throat, start refining..

Chapter 744

Time flies so fast, in the blink of an eye, seven days have passed in the outside world, and more than two years have passed in the small universe.

At this moment, in the Heavenly Palace, inside the secret cultivation room.

Behind Qin Feng, nine supreme divine seals appeared, emitting nine divine lights, connecting the sky and the earth.

The next second, Qin Feng made several seals and used the Jiuji Divine Foundation method.

The four phenomena of Tian Yuan, Earth Yuan, Human Yuan and Divine Yuan appear.

The five elements come from the metal element, the wood element, the water element, the fire element, and the earth element.

Four images and five elements, nine poles lay the foundation!

The nine supreme divine seals are laid out in the directions of nine palaces and nine arts...

Buzz~!

The Jiuji Divine Foundation was completed instantly, blooming with endless holy light!

The mighty sky rises into the sky, and the boundless divine power fills the world!

Looking around, I saw that the divine base was like a spiritual bead, with the patterns of the nine avenues hidden inside, and the divine light shining outward.

Within the divine light, the sun, moon and stars were shining all over the sky, and the five-colored light illuminated the sky...

At the same time, countless golden lamps, golden lotuses, necklaces, ceiling flowers, and hanging beads appeared all over Qin Feng, falling all over the sky, like water dripping from the eaves, in a steady stream, There was an endless stream...

Endless auspiciousness filled the sky, thousands of miles of purple energy stretched endlessly...

The whole small universe was shocked by it.

Countless disciples looked at the Holy Land of Heavenly Palace with great awe and worship~!

Your Majesty has accomplished another great feat

"Ding! Congratulations to the host for successfully condensing the Jiuji Divine Foundation and increasing the basic combat power by 1 million Zi....."

"The god base is finished!"

Qin Feng opened his eyes happily, put away the divine base, and all the strange phenomena disappeared.

The Jiuji divine base is the low-grade divine base.

As long as the condensation is completed, the basic combat power can be increased by 1 million.

As for not entering The increased combat power of the three-yuan divine base of the top grade is only 300,000 zi.

But even that is very terrifying.

You know, the average middle-grade star master, Dzogchen, has only 100,000 zi in combat power.

That condenses the three yuan Shenji's mid-grade Dzogchen has at least 400,000 Zi combat power.,

"There is only one day left in the outside world. With my current fighting strength, I can easily defeat Changbai if I meet him again."

Qin Feng smiled.

In the past two years, he took a manjudan and continuously perfected nine kinds of supreme truth.

Added up, there are seventeen kinds of supreme truth.

As for the perfect supreme truth, it has accumulated to one thousand and three More than a hundred ways.

His understanding is extraordinary.

The effect of taking one Manju is naturally different.

In short, accumulated in this way, his basic combat power has reached 8.98 million Zi.

Now, just the combat power of his phantom clone, After using the cosmic golden body transformation, he can reach about 90 million Zi.

In other words, his clone can fight with Changbai.

As for his body, his strength is much stronger than the clone, so he will have no problem defeating Changbai.

Not to mention Changbai , even Master Ziwei is not his opponent.

Of course, if he can take over Star Master Ziwei, his combat power will definitely increase sharply again.

This thought flashed in Qin Feng's heart.

For some reason, with the true meaning of his destiny, As his understanding deepened, he had a strange feeling about the Ziwei Star Lord.

That feeling also happened to Feng Emperor.

Qin Feng used the art of destiny to deduce it, but he couldn't figure it out.

It's hard for his life to reach his own!

The closer people are to him, , the future becomes more difficult to predict.

After all, Ziwei Star Master is his master and a close person.

Only if he can perfect the Divine Seal of Destiny can he calculate the future of the two of them.

However, Qin Feng also guessed from this that Ziwei The relationship between Star Master and himself will be unusual in the future

"Ding! Your subordinate Bai Qi (Lord of the World).....Kaitian Divine Seal (reaching high-level enlightenment to Dzogchen, cultivation breakthrough to low-grade Star Master Dzogchen).....フ."

"Ding! The host shares his thoughts on success.....Your Kaitian Divine Seal (to the highest level) realizes the Great Perfection at the same time... Your combat power increases by 20,000 Zi (basic combat power)... to 9 million Zi.....",

"Huh! Bai Qi finally reached perfection!"

Qin Feng sighed.

Bai Qi's understanding is not particularly good. He took two Manshu Pills before he perfected the Kaitian Divine Seal.

At this point, Qin Feng's perfected Supreme Divine Seal has reached eighteen gates, and he can condense the second one. Jiuji Divine Base.

Jiuji Divine Base, formed by condensing every nine divine seals, is a low-grade divine base. With

10% of Jiuji Divine Base, you can obtain a basic combat power of 1 million Zi.

If four Jiuji Divine Bases are condensed God base, you can synthesize the Thirty-Six God Bases of the Heavens.

The Thirty-six God Bases of the Heavens, referred to as the God Base of the Heavens, is a middle-grade God base.

It is composed of four Jiuji God Bases, so it needs to complete the Thirty-Six Paths Only the Supreme Divine Seal can be condensed.

Once it is successfully condensed, it can increase the combat power of 10 million Zi.

At the moment, Qin Feng sat cross-legged and condensed the second Jiuji Divine Base in a happy mood.....

At the same time, Star Alliance headquarters, Ziweixing meeting hall.

The Ziwei Star Master, Tianfu Star Master, Shenfu Star Master, Jumen Star Master, and Earthquan Star Master gathered together to discuss matters.

At this moment, the five stars are all worried.

Tomorrow is the day the deed restrictions end.

The four major forces are definitely coming.

These days, the Star Alliance has adopted a closed-door policy, no one is allowed to go out, and no one is allowed to enter.

Therefore, they didn't know anything about the destruction of the scattered alliance, the Heavenly Domain, and the Demonic Domain.

Otherwise, they wouldn't be as worried as they are now

"Four of you, how is the formation going?", Ziwei Star Lord asked with concern

"Back to the Great Star Lord, our formations are all set up and we are waiting for the battle tomorrow!"

Tianfu Star Lord replied respectfully.

"That's good!", Ziwei Star Master nodded slightly, with sorrow hidden in his eyebrows.

Although they have the five major formations, the Star Alliance really has no confidence to fight against the four major forces on its own.

"Great Star Master, the four major forces are coming tomorrow. I wonder how many people will come?"

Tianfu Star Master asked in a low voice.

Ziwei Star Master was puzzled: "Aren't they just four high-grade peak masters and eleven high-grade star masters? Could it be that some god emperors are also being brought here? With the strength of the God Emperor, he is not qualified to be cannon fodder!"

The Lord of Tianfu Star was worried:"I am worried that they will find some helpers, which will be troublesome."

"This is a problem!", Ziwei Star Master frowned,"If this is really the case, it will be a disaster for our Star Alliance!"

Several Star Lords also showed worried looks.

Lord Ziwei sighed again:"From the current point of view, the only one who can help our Star Alliance rescue us is Qin Feng. As long as our five-pole formation can last for two years, we can buy some more time for Qin Feng"

"With his potential and understanding, he should be able to break through to the top level Star Master in two years. By then, he should have the combat power of a top-grade peak, or even stronger. In that case, our Star Alliance will have hope of escape."

As soon as these words were said, all the Star Lords nodded slightly and agreed.

Then, Tianfu Star Lord said worriedly:"...I'm afraid we won't be able to last two years! The four major powers know that we have the Five Great Formations, and they will definitely want to find a way to break them."

"this....."

Star Master Ziwei frowned, but could not think of a way to resolve it.

"Great Star Lord, how is Qin Feng's cultivation progress?"

The Divine Assistant Star Master asked with concern.

Several Star Lords could not help but look at the Ziwei Star Master.

Everyone pinned the hope of the Star Alliance on Qin Feng.

Ziwei Star Master is Qin Feng's master, and the two of them They are closely related and should know best.

"Not sure!", Ziwei Star Master shook his head slightly, "In order not to disturb his cultivation, I have not contacted him in the past two months."

"However, with his talent and potential, his strength should surpass Wu Qi and catch up with Qianze Xingzun."

The Star Lords nodded slightly, thinking it was very possible.

The Lord of Tianfu Star even sighed: "If Qin Feng's strength has reached the Qianze level, our regard for him will be in vain."

Qin Feng smiled slightly: "The war will start tomorrow. Before the war starts tomorrow, I will ask him to come out of seclusion, and then we will know what his current strength is."

Tianfu smiled: "I look forward to it." I hope he won't disappoint everyone!"

The Star Lords also looked worried.

They hoped that Qin Feng could give them (the king) a surprise.

If Qin Feng can really reach the Qianze level, he will have top-level peak strength in two years.

These people don't know, Qin Feng's strength is dozens of times stronger than Qianze's, and even stronger than Zi Zhu.....

At the same time, deep in the starry sky.

A divine boat is coming towards the Star Alliance.

This divine boat is the Demon Lord's boat of no return.

At this moment, the Ancient Lord, Demon Lord, Tianzhu, Lan Lord, Changbai, Yuan Qing and others are all on the Shenzhou.

Everyone's expressions were full of confidence.

In addition to the seven people from the four major forces, Brother Changbai.

The ancient master found seven more mysterious people.

These seven mysterious people are all top-grade star masters.

They were all arranged by Gu Shang.

It seemed that Gu Shang had reached an agreement and signed a contract with a certain mysterious force.

The ancient master did not dare to ask more questions about the origins of these people.

In short, there are sixteen on the Ancient Lord's side, and the Four-pole Tianyuan Formation can be activated.

This time, the Star Alliance is dead!..

Chapter 745

At this moment, on the boat of no return, the atmosphere is very happy.

The Ancient Lord, the Demon Lord, and the Blue Lord chatted happily

"Tomorrow is the day the deed restrictions end. Demon Lord, can we catch the Covenant?"

Master Lan couldn't wait.

The Demon Master smiled and said:"Brother Lan, don't worry! With the speed of the boat of no return, we will definitely arrive tomorrow.

The Ancient Master also smiled and said:"The Star Alliance only exists for this day." With our strength, as long as we break through the Five Great Formations and kill the Star Alliance, it will be easy!"

"Of course!"

The Lord of Heaven and others all showed a knowing smile.

This time, they have five high-grade peak star masters and eleven high-grade star masters.

With such strength, it is not easy to destroy the Star Alliance.

"Brother Gu, after destroying the Star Alliance, I hope I can spare a breath for Emperor Qin's little thief, Lan will kill him with his own hands!"

Master Lan gritted his teeth.

He hated Qin Feng.

"Brother Lan, don't forget it! My demon realm was also destroyed by that little thief. If you want to kill the little thief, let the devil do it!"

"The heavenly domain was also destroyed in the hands of the little thief. If you can't kill the thief with your own hands, Tianmou won't be willing to do it!"

The Demon Lord and the God Lord also expressed their opinions one after another.

They also hated Qin Feng extremely.

The Ancient Lord smiled:"Don't worry, you three! When the Star Alliance is destroyed, Emperor Qin's little thief will be handed over to you to deal with!"

"That's good! Haha."

The three of them laughed, thinking that Qin Feng was defeated.

Guys, after you deal with Emperor Qin, don't forget our agreement. Emperor Qin's relics belong to me....."

At this time, Changbai came over with a smile

"Ha ha!! Brother, this is our agreement, naturally we will not forget it."

Everyone looked at each other and smiled, chatting happily.

Everyone felt that the overall situation was under control.

"By the way, brother Guhu, who are those seven people?"

Changbai stroked his long beard and looked at the seven people on the other side from the corner of his eyes.

Those seven people were all helpers hired by the ancient master. They were all wearing gray robes, covering their appearance, and were mysterious.

This made people wonder. Think about it.

Fortunately, these 7,300 people are all high-grade star masters, and there is no top-grade pinnacle.

Therefore, Changbai, Demon Lord, Tianzhu, and Lan Lord are not too afraid.

With the strength of the above-grade pinnacle star master, with the power of one strike It is still possible to resist seven high-grade star masters.

However, the origins of these seven people are unknown, and the four of them are somewhat wary.  
When

Changbai asked this question, the demon master and others also looked at the ancient master.

They had long wanted to inquire.

The ancient master smiled bitterly: "To be fair, even Gu doesn't know where they came from. In short, the seven of them were invited by my Ancient Domain Ancestor, and the Ancestor did not tell me the rest of the news!"

"oh~! "

Changbai and the others nodded slightly and didn't ask any more questions.

At this time, Yuan Qing's message rang in Changbai's ears.

"Senior brother, I feel that those seven people all have the aura of extraterrestrial demons. It seems that Gu Hu has colluded with the Taoist demon from outside the territory!"

Changbai Sound Transmission replied: "That's right! These people are outsiders. Back then, I fought against Taoist demons from outside the territory. Their cultivation methods are different from ours, and their breaths are naturally different....."

"Junior brother, you don't have to worry. Although there are many demons from outside the domain, there are no masters. You and I can easily do it together. Yuan Qing sent a message:"

Senior brother, don't worry!" This time, junior brother will definitely help you with all his strength! What's more, what I hate the most in my life are extraterrestrial demons. I will never let them spoil your big event!"

"Junior brother, thank you very much this time!"

After the transmission, Changbai's eyes were filled with joy.

He helped the Ancient Master and others, that is, he wanted to use the hands of the Ancients to destroy Qin Feng.

His ultimate goal was to bring about the Six Paths of Reincarnation in Qin Feng.....

While Changbai and Yuan Qing were communicating, the seven men in gray were also secretly sizing up Changbai and the others.

One of them looked at Yuan Qing and Changbai with ridicule.

This person is none other than Xuan Ming.

With Gu Hu's help, his cultivation barely returned to the threshold of a high-grade star master, which was even weaker than Wu Qi's at the beginning.

However, such strength can also participate in the Four-pole Tianyuan Formation. , he had known for a long time that Gu Hu had colluded with Taoist demons from outside the territory.

After all, he comes from the future and knows some secrets.

Thinking of this, Xuan Ming glanced at Changbai and Yuan Qing coldly, with a hint of ridicule at the corner of his mouth.

Apparently, the two men did not recognize him.

The gray robe provided by the outsider Dao Demon is relatively easy to use and can isolate all detection.

"Six, when Emperor Qin dies, remember to grab the body!."

Xuan Ming quietly transmitted the message

"This is natural! This is what was agreed upon!"

The leader of the extraterrestrial Taoist demon smiled proudly.

The other extraterritorial Taoist demon said doubtfully: "Fellow Taoist Xuanming, from what you said before, Emperor Qin is just a middle-grade star master. Why do you value him so much? Xuan

Ming sighed: "Emperor Qin is not an ordinary middle-grade star master and cannot be underestimated. Maybe, he has already broken through to a high-grade star master....."

"hehe! Even if there is a breakthrough, it is just a breakthrough. I think you are looking down upon him because of your hard work."

As soon as these words were said, all the demons outside the realm nodded one after another, feeling that they were making a big fuss.

Xuan Ming raised his head slightly, too lazy to say more.

How can the Emperor Star be judged by ordinary people?.....

While Xuan Ming and others were chatting privately, Yuan Qing raised his head and looked at a certain direction in the starry sky, with a glimmer of light hidden deep in his eyes.

This time, who will be the real winner?

Guhu?

Changbai?

Yuan Qing sneered, his eyes full of disdain....., at the same time, in the distant sky.

Today's world is desolate, without any living beings, spiritual energy and resources.

All the resources and creatures here had been plundered by Qin Feng, turning it into a barren land.

At this moment, there was a spatial fluctuation in the sky.

Two mysterious figures walked out of the void.

One is an old man with a hunchback, and the other is a middle-aged man with extraordinary bearing.

The cultivation of both of them turned out to be at the peak of high-grade.

At this moment, the two of them looked at the desolate sky with sighs on their faces.

"I didn't expect that the prosperous paradise world in the past would become like this!"

The tone of the middle-aged man was actually a little sad.

The hunchbacked old man also sighed: "What a great change! Without further ado, let's put it out!"

"good!"

The middle-aged man took out a token.

He manipulated it slightly, and the token's aura shone brightly, and the sky above the sky suddenly trembled.

The next second, a towering giant corpse, exuding a monstrous corpse aura, came out of the air..This towering giant corpse is the corpse leader who ran out of the Demon Realm. As soon as the corpse leader appeared, looking at the devastated heaven, his godless eyes trembled slightly.

This change made the middle-aged man and the hunchbacked old man extremely frightened..

The two of them opened their eyes wide in shock and looked at the corpse leader warily for a while.

When they found that the corpse leader was no longer moving, the two of them breathed a sigh of relief.

"Brother Camel, did the corpse leader's eyes move just now?"

The middle-aged man asked in a low voice

"Moved!" The hunchbacked old man nodded slightly.

The middle-aged man was a little afraid and said: "This guy won't wake up completely, right? If he wakes up, we may not be able to survive!"

The middle-aged man told the truth.

Even if he is a top-grade peak expert, he has no power to resist in front of the half-step high-grade Great Circle Star Lord. The hunchbacked old man whispered: "That adult said that the Corpse Chief has already controlled It's under control, it should be completely under control, we don't have to worry. Besides, this corpse has been soaked in the waters of the Forgotten River for tens of billions of years."

"His memory should be almost cleaned. It reacted just now, probably because of the last remaining memory. After all, he is the lord of the ancient heaven in front of him"

"Now that he has returned to the ancient paradise world, some ancient memories will naturally be triggered, and some abnormal movements are normal."

The hunchbacked old man analyzed.

The middle-aged man nodded slightly and felt that it made sense.

The hunchbacked old man urged again: "Bless you, brother, don't waste your time! That adult asked us to assist the young master, but don't keep the young master waiting too long. If Gu Hu's side is allowed to take advantage, you and I will be to blame!"

"knew!"

The middle-aged man stopped talking and boldly pressed the seal.

The corpse chief had already reacted. He suddenly raised his head, his eyes burst out with a strange light, and the shadow of the Creation Jade Disc appeared behind him, emitting a spiritual light that reached the sky. , Earth-shattering..., the jade disc appeared, the world was shocked!

Boom~Long~Long!

The whole sky shook violently!

The next second, the whole sky lit up with light, and then shrunk rapidly.

In the blink of an eye, the sky shrank. As big as a planet, it slowly flew towards Zhikui and slowly integrated into Zhikui's body.

The Zhikui's combat power and aura suddenly surged, covering the sky and covering the earth....., the middle-aged man and the hunchbacked old man were amazed, and even had some fear in their eyes.

The general combat power of a half-step high-grade Dzogchen star is about 1 billion zi.

After this corpse leader merged with Tianyu, his combat power increased to 1.5 billion.

You must know that the two of them are at the top of the top level, and their combat power is only 0.5 billion.

Based on this calculation, if the Corpse Chief loses control, he can kill them instantly!

"He is worthy of being the Lord of the Ancient Heaven Realm! After he merged with the heaven world, his combat power reached such a terrifying level!"

The middle-aged man couldn't help but swallowed his saliva, looking a little uneasy.

The hunchbacked old man also took a deep breath:"Heaven and man are one! This is the unique method of the Lord of the Three Realms! It's a pity that we can't refine this jade plate of creation, otherwise we can become one with the heaven!"

The hunchbacked old man looked envious.

There are only two ways to refine the Jade Disk of Creation of the Three Realms.

One is to refine the Six Paths of Reincarnation first.

The other is to be given a reward by the Lord of the Universe after refining it.

They have no hope. Okay, I can only envy you

"Brother, don't think so much. Let's go meet the young master!"

"Um!"

At that moment, the two of them flew onto the shoulders of the corpse leader.

Then, the middle-aged man controlled the command talisman.

The corpse leader flew towards the Star Alliance.....

Time flies, and another day passes in the blink of an eye.

On this day, the contractual restrictions of the four major forces finally ended, and the deadline for the war came.

At this moment, in the small universe, in the secret room of Tiangong Cultivation.

Qin Feng's body is full of auspiciousness and the sky is full of purple light.....

"Ding! Congratulations to the host for condensing the second Jiuji Divine Base, adding 1 million Zi to its combat power, and raising the basic combat power to 10 million Zi.....",

Qin Feng happily put away the divine foundation.

He has condensed two Jiuji Divine Bases in total, and his basic combat power has reached 10 million Zi. , in other words, after his phantom clone transformed, its combat power was comparable to Changbai.

Not to mention his body

"Huh! The merit value has also accumulated to 1.9 billion! It seems that the prisoners have not been lazy in the past few years!"

This discovery made Qin Feng feel happy and regretful at the same time.

He only needed 100 million merits to complete the Golden Wheel of Merits.

If he was given a few more days, maybe he could complete it.

If he could complete it. , his strength can skyrocket again.

Unfortunately, time does not allow it!

As soon as he thought of this, the communication jade talisman came.

Qin Feng took it out and saw that it was indeed the master's summons, and the war was going to start today.

He hurriedly Put away the token and disappear into the secret room..

Chapter 746

Star Alliance headquarters, meeting hall.

The five stars gathered together, with anxious looks on their faces

"Great Star Lord, the Ancient Master should be arriving soon.", Tianfu Star Lord said

"Um!", Ziwei Star Master looked at the starry sky in the distance.

She was waiting for the Ancient Master and others.

Whether the Star Alliance can survive this time will depend on this battle.

"Lord Star, have you informed Qin Feng?", God's Assistant Star Master asked in a low voice

"Notified! He'll be there in a minute!"

"That's good! I wonder what Qin Feng's combat strength is now~?"

"I hope he can reach the level of Qian Ze."

The Divine Assistant Star Masters murmured.

If Qin Feng's combat power can reach Qianze's level, it means that Qin Feng has the potential to surpass Ziwei Star Master and become a top-grade Dzogchen Star Master.

This is hope!

In fact, even if Qin Feng has not reached the level of Qianze, if he can reach the level of Wu Qi, he still has the potential to become a high-level Dzogchen Star Master.

However, there is not much time left for the Star Alliance.

They hope that Qin Feng can progress faster. Now

, the Star Alliance's hopes are pinned on Qin Feng

"Everyone, are our requirements for Qin Feng too high? Qianze's combat power is 4 million Zi! Qin Feng's last combat strength was only 1.5 million Zi. It has only been two months. Can he progress so fast?"

The star master of Tianfu looked anxious.

Shenfu, Diqian, and Jumen also had wry smiles on their faces.

Their demands on Qin Feng were indeed too high.

In just two months, their combat strength had to be increased from 1.5 million to 4 million. Zi, it is definitely a miracle!

In this world, if anyone can do it, maybe Qin Feng is the only one.

However, several Star Lords are still a little worried.

If Qin Feng fails to do it, their expectations will be greatly affected.

"No matter what, I believe Qin Feng will not let us down!"

The Tianfu Star Master let out a long sigh.

The figure of Qin Feng appeared in his mind.

This young man always brings surprises to him.

I hope this time will be no exception!

"Qin Feng will be there in a moment! How he progresses will be known soon. Don't worry."

Ziwei Star Master looked at the starry sky in the distance.

In fact, she felt a little uneasy in her heart. After all, everyone's expectations for Qin Feng were too high.

Not only their five star masters, but also the members of the Ten Billion Star Alliance were also full of Qin Feng. expectations.

Unknowingly, Qin Feng became the spiritual support of the Star Alliance

"Everyone, I think Qin Feng is qualified if he has a combat power of 3 million Zi. Don't put too much pressure on him.",

Earthquan Star Lord said suddenly.

He was also afraid that the higher everyone's expectations, the greater the disappointment.

After all, the war is about to begin, and it would not be a good thing if the fighting spirit collapses.

"That's right! I think the combat power of 3 million Zi is not low. It has doubled in 2 months. Even a genius cannot do it."

All the stars agreed.

Ziwei Xing advocated opening his mouth, but stopped talking. At this moment, the space in the hall fluctuated.

An extremely handsome young man in white walked out of the void. It was Qin Feng

"Qin Feng!"

Zhongxingzun was surprised

"I've met Master! I've met all the Star Lords!"

Qin Feng smiled and said hello.

"Um!"

Ziwei Star Master smiled and nodded.

"Qin Feng, what are the results of these two months of retreat?"

The Lord of Tianfu Star asked expectantly.

"not bad!"

"Then has your combat power reached 4 million Zi? Oh, no, is there 3 million Zi?"

Shenfu Star Master asked impatiently.

Tianfu Star Master and others also looked at Qin Feng expectantly.

Qin Feng smiled slightly and released his combat power momentum.

In just an instant, the 10 million Zi combat power momentum, Filled this hall,

"Oh My God! 10 million Zi!"

Everyone was dumbfounded.

Immediately, several Star Lords looked ecstatic.

Even the eyes of Lord Ziwei showed excitement.

10 million Zi!

This combat power has surpassed the four major Star Lords, and is only among the Lord Ziwei.  
Next.

This far exceeded their expectations!

At this moment, the five of them seemed to see the future of the Star Alliance, and their fighting spirit doubled.

"Qin Feng, you did a good job!"

Ziwei Star Master's beautiful eyes were smiling.

Unknowingly, her appreciation for Qin Feng turned into admiration, and even some admiration.

If she was still somewhat resistant to the destiny arrangement before, now she is willing to let it take its course.

Just thinking about it, she It feels weird again

"Qin Feng, you are simply the hope for the future of our Star Alliance!"

"Ha ha!! Just what I said! This guy always surprises us and this time is no exception!"

Tianfu, Jumen, Shenfu, and Diqian were all shocked by Qin Feng, and even their expressions became much more respectful.

In two months, the increase from 1.5 million Zi to 10 million Zi was unimaginable to them..

What's more, the highest combat power of the four of them is only 9 million Zi, which is not as good as Qin Feng.

In this world where strength is respected, being strong is the fastest and most direct way to gain respect.

Several people looked at it in admiration.

Qin Feng smiled Without saying a word.

In fact, his combat power is more than that.

If he shows his true strength, his phantom clone can fight against the Ziwei Star Lord, let alone the real body.

"Qin Feng, your existence is the future of our Star Alliance! It seems that you have been practicing hard these days."

The Tianfu Star Master's tone was very polite.

"Brother Tianfu has given me the award. In fact, these days I...."

Qin Feng just wanted to talk about the current situation of the Demon Realm, the Heaven Realm and the scattered alliance.

The face of Ziwei Star Master changed slightly and he looked towards the starry sky in the distance.

"Hey guys, they're here!"

As soon as these words were said, the expressions of several Star Lords suddenly became serious.

"Let's go!"

Ziwei Star Master stepped away first.

The four people from Tianfu followed closely. Qin Feng also followed silently.

After a while, the six people arrived above Ziwei Star. As soon as the six people appeared, six vast divine powers covered the sky. Sun, enveloped the Star Alliance headquarters.

On the five polar stars, tens of billions of Star Alliance members felt it.

Countless people looked at the starry sky in the distance and were excited when they saw the five Star Lords and Qin Feng.

"The Star Lords are out!"

"Lord Qin Huang also came out!"

The storm is about to come!

These days, the members of the Star Alliance know that the four major forces will attack, and they feel more pressure in their hearts.

At this moment, the Five Star Lords and Qin Feng came out.

It was like a sea-fixing needle, which made them feel more at ease. For a time, countless cheers came from the five polar stars.

At this moment, the power of sixteen high-grade star masters came from a distance.

Hundreds of millions of people were shocked!

People from the four major forces are coming!

This time Sixteen high-ranking Star Lords!

The five Star Lords all frowned.

"Sixteen divine powers! After Wu Qi's death, the four major forces were fully prepared, and there were only fifteen people! Why are there sixteen?"

Tianfu Star Master and others were puzzled.

Qin Feng was even more surprised.

He had obviously killed seven high-ranking Star Masters, so why did the four major forces find seven more people?

Where did these seven people come from?

At this moment, A projection larger than the Milky Way appeared in the sky above the Star Alliance.

Four figures appeared in the projection, and they were the Ancient Lord, the Demon Lord, the Heavenly Lord, and the Blue Lord.

The four of them had not yet arrived, but the projection had already arrived..

They knew that Ziwei Star Lord would notice it in advance without waiting for them to get close to the Star Alliance. As soon as the projection appeared, the whole place was quiet.

Countless Star Alliance members looked nervously at the projection in the air.

The projections of the four ancient masters looked down, with expressions on their faces. proud

"Purple Lord, the end of your Star Alliance has come! Hahaha!"

The Ancient Master smiled with a proud look on his face.

The Purple Master sneered:"It's not certain who will be the doomsday!"

Tianfu Star Master also agreed:"That's right! Are we, the Star Alliance, afraid of you?

The ancient master frowned:"Who do you think you are?" I'm talking to your purple master, so you have the right to interrupt!"

This is quite unceremonious.

……Requesting flowers 0 丶……

Lord Tianfu was angry.

This is outright contempt for him.

Countless members of Tianfu Star were also angered.

The ancient master is really extremely arrogant!

When they arrived at the door of their house, they came to insult their Xingzun.

Qin Feng frowned.

Lord Tianfu has always taken good care of him.

He cannot tolerate being bullied by others!

"Guhu! If you want to fight, fight, no need to talk nonsense!"

Qin Feng looked at the projection in the air proudly.

Everyone was stunned.

Hiss~!

Lord Qin Emperor actually called the Ancient Lord by his first name.

Although the two sides were about to fight, the Ancient Lord had accumulated power for tens of billions of years, and no one dared to call him. His real name.

Even the top-grade star masters don't dare to call his name easily!

"It turns out to be Emperor Qin!"

Gu Hu looked at Qin Feng with a strange tone. He didn't scold Qin Feng like he scolded Tianfu.

Looking at his tone, it felt like he was having a conversation with the same class.

"Emperor Qin, the enemy of Gu Leng! I will report it!"

The ancient master said lukewarmly.

When Ziwei Star Master and the others heard this, they looked at each other, a little confused.

Gu Deng is one of the four top-level star masters in the ancient domain.

What happened to him?

Also, the ancient master's attitude towards Qin Feng's attitude seemed a little fearful!

"Emperor Qin, I am responsible for breaking up the alliance! I will definitely settle things with you today!"

"And my heaven!"....., ,

"The enemies of my Demonic Realm will also seek bloodbath from you!"

The Blue Lord, the Demon Lord, and the Heavenly Lord also spoke one after another.

The three giants all looked angry, but they didn't. What a contempt.

This made Star Master Ziwei and others unable to understand.

Billions of Star Alliance members were also stunned.

They couldn't figure out what was going on.

But they could see that none of the four giants dared to look down upon Qin Feng.

At this moment, Qin Feng sneered: "You want to take revenge on me! It depends on your ability!"

The Demon Lord said coldly: "Emperor Qin, don't be proud! We will be there soon. By then, not only you will have to die, but also the stars. Everyone in the country must die!"

As soon as these words came out, countless members of the Star Alliance were furious.

"So much nonsense!"

Qin Feng waved his hand and bombarded the aerial projection to pieces.

Ziwei Star Master glanced at Qin Feng and gave instructions to several Star Lords

"let's start! They're here!"

"yes! Big Star Lord!"

The four people from Tianfu immediately disappeared out of thin air.

"Qin Feng, please support me!"

"yes! Master!"

After giving the instructions, Lord Ziwei Star left.

The next second, Qin Feng felt that the Ziwei Star under his feet was trembling, making a thunderous roar.

At the same time, Tianfu Star, Jumen Star, Shenfu Star, and Earthquan Star Vibrated at the same time.

On the five pole stars, tens of billions of members were in place one after another. Formation restrictions were activated one after another.

Each pole star, large and small, billions of formation bases were activated...

At this time, Ziwei Star rushed A purple beam of light shot out, shining with all kinds of colors, reflecting the sky of billions of stars!

This is the energy of creation!

The heaven and earth bells are so beautiful!

The Giant Gate Star rushed out A emerald green light appeared!

This was the energy of the wind!

The purple light of creation asked the sun and the moon!

Earth, fire, water, and wind determined the universe!

The five-pole formation was activated instantly!

At this moment, a flying boat figure appeared in the distant starry sky.

The next second, sixteen high-level Star Lords flew out of the flying boat, each holding an array flag in their hands, and flew toward the Star Alliance headquarters with great momentum.....

The war is finally about to begin..

Chapter 747

"Here they come!"

When the tens of billions of Star Alliance members saw the incoming enemy, they couldn't help but become nervous. They sped up to control their respective formations... and there were five clear sounds of heaven and earth again!

The five star masters of Purple Lord, Tianfu, Jumen, Shenfu, and Earthquan , appeared at the top of the light pillar one after another...

The momentum of each Star Lord has skyrocketed.

The five-pole formation will gather the power of tens of billions of Star Alliance members on them, so the combat power will skyrocket...

Buzz~

The earth shook!

The five colors of sky light blended together!

A five-color light shield opened, covering the sky and the earth, protecting the entire Star Alliance headquarters.

The five-pole array was completely opened!

At this moment, sixteen starlights flew over, and the Ancient Lord The others arrived.

Sixteen top-level star masters turned into towering giants one by one.

"Purple Lord, we have the Four-pole Tianyuan Formation! It's easy to break your five-pole formation! Ha ha!!"

The ancient master laughed proudly

"Star Alliance, you will die this time!"

"Everyone, start the battle!"

The people from the four major forces sneered.

The next second, the ancient master held an array flag, located in the east, controlling the Tianyuan flag.

Changbai held an array flag, located in the west, and controlled the Shenyuan flag.

The devil held it A formation flag, located in the south, controls the Diyuan Flag.

The Lord of Heaven holds an formation flag, resides in the north, and controls the Human Yuan Flag. Twelve people, including Lan Zhu, Yuan Qi, and Xuan Ming, are in charge of the twelve spirit flags. array twelve poles.....

These sixteen people had obviously practiced before.

It only took a few seconds for"087" to appear and set up the formation.....

"Huh! Those seven people?"

Qin Feng could tell at a glance that among the ancient master and others, those who wore gray robes to cover their faces had never been seen before, and their auras were a bit weird.

He found that under the same combat power, the flesh and blood aura of those people was stronger than Yuanli. breath.....

"The aura of flesh and blood of these people is so strong. Could it be that their cultivation method is different from ours?", Qin Feng guessed.

At this moment, the ancient master and others' grand formation was launched.

When the two sides met, they fought at the first touch!

Buzz~

The four-yuan celestial pole formation was activated!

Sixteen high-grade star masters launched with all their strength!

In an instant, It almost drained everyone's energy from their bodies.....

The next second, sixteen formation flags lit up sixteen rays of skylight.

Sixteen rays of sky light intertwined and merged into one divine light, which bombarded towards the five-pole formation...

The power of that divine light destroyed the heaven and earth, and seemed to be able to destroy the universe with one blow...

Boom~~Long~!

Wherever the divine light passes, the space is shattered, the laws are annihilated, and even nothingness is annihilated.....

Before the attack arrives, the divine power arrives first!

The terrifying pressure of the attack came down instantly...

Ka~ka~! Click~!

The space where the five polar stars are located has been fractured, and there are space cracks between the sky and the earth.....

"not good!"

The five star masters were extremely horrified.

This blow from the ancient master and others was a full-strength blow from the half-step high-grade Dzogchen star master...

This was not something they could withstand!

"how so! Why could the Ancient Master and others create such a powerful formation!"

The hearts of Tianfu Star Master and others sank.

Ziwei Star Master frowned even more.

They originally thought that the Five Great Formations could withstand the crazy attacks of the four major forces, and there would be no problem for at least two or three years. Until their Yuan Power Exhausted.

The past two or three years have been Qin Feng's growth period!

But now it seems that it is hard to say whether they can hold on for one minute.

The high-grade Dzogchen Star Master is an invincible existence.

Even if it is half a step, it is hard to say. It's extremely terrifying!

However, the five Star Lords are not cowards.

No matter what, they must resist it!

If they can't stop it this time, the Star Alliance will be doomed!

This time, not only the five Star Lords feel bad, but also the Star Alliance members Everyone was shocked to realize that something was not going well!

At this moment, the sonorous and powerful voice of Lord Ziwei sounded in everyone's ears

"Fight to the death with me!!"

As soon as these words were said, the crowd was excited!

That's right!

Let's fight to the death!

There is no one in the Star Alliance who is greedy for life and afraid of death!

In an instant, hundreds of millions of members were running the formation with all their strength!

Countless members shared the same hatred and their blood was boiling!

Buzz ~

Five Great Formation An extremely dazzling spiritual light sounded! The defense of the formation was doubled!

At this time, the attack of the Ancient Master and others also arrived!

Boom~!

A loud noise like the collapse of the universe!

The divine light bombarded the five-color light barrier!

Click~!

Again There was a crisp sound!

The colorful light shield shattered!

The Tianfu Star Master, the Divine Auxiliary Star Master, the Giant Gate Star Master, and the Landlord Star vomited blood and flew upside down.

On the five pole stars, countless altars were destroyed...

Tens of billions of Star Alliance members were even more shocked. There was bleeding from all the orifices, and many people even fainted on the spot.....

There was only Ziwei Star Master, alone in the ground, with bloodshot eyes hanging from the corners of his mouth, and he was filled with sadness...

Under that blow, the five-pole formation was broken.....

"Sure enough!"

The hearts of countless Star Alliance members who were seriously injured and paralyzed were sinking.

The faces of the five Star Lords were ugly.

Their biggest support could not hold on for even a second.

The Star Alliance is going to be finished!

"Ha ha!! Purple Lord, your five-pole formation is nothing more than this!"

The Ancient Master looked up to the sky and laughed.

At this moment, he was extremely proud.

But his face looked a little tired.

Not only he was tired, but the other fifteen people also looked tired.

The Four-pole Tianyuan Array was not easy to activate.

Once activated, they were consumed. Most of the Yuan Power.

It is difficult for them to activate it a second time.

However, this is enough.

Once activated, they broke the five-pole formation and severely damaged the four people of Tianfu and tens of billions of members.

The Star Alliance still has a battle There are not many people left!

So, the Star Alliance is over!

"Purple Lord, I just said it! All of you in the Star Alliance will die this time!"

The Demon Lord's face was ferocious.

Below, countless seriously injured members of the Star Alliance were angry and frightened.

At this moment, a young man in white rose into the sky.

"It's Emperor Qin!"

Countless members saw Qin Feng.

The Ancient Master and others also looked at Qin Feng.

At this moment, Qin Feng became the focus of the audience.

Qin Feng was extremely angry in his heart.

He did not participate in the drill of the five-pole formation just now and could not intervene..Actually

, he didn't expect that the five giants could not block a move.

"Emperor Qin, you are willing to give up!"

"Are you here to surrender or to die?"

The Ancient Master and the others looked at Qin Feng with a proud look on their faces.

The overall situation is under control!

They are not afraid that Qin Feng will run away!

The Star Alliance is nothing without the five-pole formation.

They did not expect that this time it would be so smooth.

On the side Changbai's eyes showed a cold light, as if he wanted to take action.

Yuan Qing and Xuan Ming also had strange eyes.

The three of them had long been eyeing Qin Feng.

There are six reincarnations hidden in Emperor Xing!

But at this moment , Lord Ziwei stepped out of the way and stood in front of Qin Feng, making him stand out from the crowd.

"Master, you....."

"You run away! Here, my teacher will protect you! Remember, take revenge from me in the future!"

Ziwei Star Master turned around and smiled slightly.

The smile was miserable on that beautiful face.

Qin Feng felt a pain in his heart.

At this moment, the woman in front of him actually touched his heart.

"Master, I will not run away, let alone let you get hurt!"

Qin Feng said very seriously.

These words made Ziwei Star Master inexplicably moved and sad.

It turns out that she is so fragile and needs protection...

She has seen the future...

If she can survive this time , she really hopes that the future scene will come true.

What a pity!

She seems to have missed it.

Everything can only become a regret.....

"It turns out you are master and disciple! Master Zi, you have found a good apprentice! If you give him some more time, he should surpass you and me!"

The ancient master sighed.....

As soon as he said this, the Demon Lord and others believed it deeply.

The potential of this Emperor Qin is too terrifying.

Those demons from outside the world showed disdain.

They have long seen that Qin Feng is just a middle-grade Dzogchen Star Master.

It's too much for a small mid-level star master to be praised so much by the ancient master!

At this time, Changbai was no longer patient.

"Brother Gu, let's do it!"

"good!"

As soon as the words fell, the Ancient Master and the others were about to take action.

Ziwei Star Master took action first, and the Divine Mirror of Creation was instantly launched. Five purple lights shot out, taking care of the Ancient Master, Changbai, Demon Lord, Tianzhu, and Lan Lord..

In an instant, she fixed the five people in place at the same time.

At the same time, she shouted loudly: "Qin Feng, leave quickly!"

"Ha ha!! He can't escape! Yuan

Qing laughed and pounced on Qin Feng.

He had been waiting for this moment for a long time.

Xuan Ming saw that it was not good and rushed over with six extraterrestrial Taoist demons.

The remaining three ancient domain star masters also pounced on Qin Feng at the same time. Qin Feng.

In the eyes of the ancient domain forces, Qin Feng is the first must-kill target.

"Don't hurt Qin Feng!"

At this moment, the four Tianfu Star Lords arrived and stopped Yuan Qing, Xuan Ming and the other four.

But there were still seven high-grade Star Lords rushing towards Qin Feng.

"Qin Feng, run away! We buy you time!"

Tianfu Star Master and others shouted loudly.

Their eyes were extremely anxious.

Seven top-level Star Masters joined forces to besiege Qin Feng.

Qin Feng's situation was not good!

In the blink of an eye, the seven people were in front of Qin Feng.

Among these seven people, six were Dao Demons from outside the territory, and one was the Star Lord of the Ancient Territory.

Seeing the seven people approaching, Qin Feng tilted slightly.

The next second, he exploded.

The stars merge!

The ultimate combination of worlds!

The combination of heaven and earth!

The power of faith is superimposed!

Qin Feng's combat power instantly soared to 15 million Zi!

The momentum of this fighting force unfolds, earth-shattering!

Oh My God!

Is this guy really just a mid-level Dzogchen Star Master?!

Those demons outside the territory were extremely horrified.

The strongest among the seven of them is only 7 million Zi.

However, if there are many of them, this kid will still die!

This idea just came up!

Qin Feng broke out again!

The golden transformation of the universe!

1.4~!

The combat power instantly surged to 10 million Zi, which is 150 million Zi, exceeding the limit of the top-level peak star master.

How can this be!

The whole audience was extremely shocked!

Those extraterrestrial Taoist demons were completely dumbfounded!

""Death"

Qin Feng slapped him with one palm!

"No!"

All the Taoist demons from outside the domain were terrified and fled in all directions!

But it was all too late!

Boom~

The world was shattered!

The stars were shattered!

Qin Feng smashed seven people to pieces with one palm, blood mist flew all over the sky, and screams were shrill. It echoed endlessly...

He made a big move and swallowed up the blood mist.....

"Ding! Successfully kill the high-grade star master, and the host gains 530 million karma points.....

"Ding! Successfully kill the high-grade star master, and the host will gain 600 million karma points.  
.....

"Ding! Successfully kill the high-grade star master, and the host gains 613 million karma points.....

"Ding! Successfully killed the high-grade star master.....

.....

"Ding! The host's karma value has accumulated to 3.9 billion. It takes 2 billion karma values to complete the karma fire red lotus and condense the Vajra Bright King statue....."

Qin Feng's eyes lit up, showing a look of great joy.

He can finally condense the second statue of King Ming..

Chapter 748

Qin Feng's eyes lit up, showing a look of great joy.

He was finally able to condense the second statue of King Ming.

The next second, his mind moved, and he began to consume karma points to perfect the Karma Fire Red Lotus.....

At the same time, countless members of the Star Alliance woke up from the shock, became extremely excited, and cheered loudly.....

"Long live Emperor Qin! Long live!"

Emperor Qin is so powerful!

He actually killed seven high-ranking Star Lords in one encounter!

The Star Alliance is saved!

Countless members shouted loudly.

Tianfu Star Lord, Shenfu Star Lord, Jumen Star Lord, Earthquan Star Lord Everyone was ecstatic!

I really didn't expect that Qin Feng had become so powerful!

God treated the Star Alliance well! Star

Master Ziwei was also so excited that her eyes glowed softly.

She originally thought she would be separated from Qin Feng for life and death.

Unexpectedly, this The young man who touched her heart changed the entire situation with one move.....

"not good! Kill Emperor Qin first! Changbai exclaimed.

The ancient master and others woke up from the shock.

"break!"

Changbai bit the tip of his tongue and spurted out five rays of essence and blood, shooting directly at five rays of purple light!

Click~click~! Click~! Click~! Click~!

Five crisp sounds!

The confinement of the Divine Mirror of Creation was broken!

The five Changbai people Gaining freedom, the face of Lord Ziwei changed slightly, and he was about to use confinement again.

Changbai Company raised the spirit flag and attacked Star Lord Ziwei.

The two fought together instantly

"Go kill Emperor Qin quickly!"

Changbai shouted while fighting.

Ancient Lord, Demon Lord, Tianzhu, and Lanzhu didn't need Changbai's reminder, and they rushed towards Qin Feng.

Qin Feng's performance completely shocked them!

Only one month had passed, and Qin Feng It is so powerful.

The speed of progress is terrible!

If 20 cannot destroy Qin Feng this time, it will be even more impossible to destroy Qin Feng next time.

"not good!"

Ziwei Star Master was horrified.

The four giants were attacking Qin Feng at the same time. The situation was not good!

She was in a hurry and wanted to help Qin Feng, but was blocked by Changbai.

The four Tianfu Star Masters were also in a hurry.

The four of them He wanted to go to help, but was stopped by four high-level star masters, Yuan Qing and Xuan Ming.

In the blink of an eye, the four ancient masters rushed to Qin Feng

"Little thief! Go to hell!"

The Demon Lord bombarded with all his strength, and the Thirty-Rank Karma Red Lotus bloomed, and the attack was instantly increased by thirty times.

The Lord of Heaven also took action with all his strength, and the high-level Holy Wheel emerged, blooming endless holy light, which was also increased by thirty times.

The Ancient Lord and the Blue Lord also launched their own attacks. The special moves were increased by more than twenty times.

In an instant, the four of them attacked with all their strength.

With one attack from the four of them, even the Master of Ziwei Star would be severely injured, let alone blocked.

They were going to kill Qin Feng to ashes!

"Qin Feng, be careful!", Ziwei Star Master was extremely anxious.

Qin Feng, however, had a calm face.

Buzz ~ a clear sound!

The Golden Wheel of Merit appeared behind his head!

It emitted a thirty-five halo!

The thirty-five times increase was activated!

The ancient master was disdainful, the true meaning The domain was displayed.

Qin Feng's golden wheel of merit dimmed instantly, and the increase multiple dropped to eleven and a half times.....

The Demon Lord, God Lord, and Blue Lord all looked happy.

No matter how powerful Qin Feng is, he is only a mid-level star master after all.

His increase cannot withstand the realm of true meaning of the high-grade star master.

What's more, the top-level pinnacle star master's domain is even larger and can compress the increase to one-third.

But before the ancient master and others were happy, a red lotus of karma appeared at Qin Feng's feet.....

The red lotus blooms with thirty-six petals!

An increase of thirty-six times!

The Demon Lord takes action, and the realm of true meaning is exerted.

The Karma Fire Red Lotus dimmed immediately, and its growth rate dropped to twelve times!

But in the next breath, the Karma Red Lotus bloomed with dazzling light, and the red light penetrated the sky!

"Ding! Congratulations to your host, Fire Red Lotus, for your success!.....The statue of King Gangming was successful...the base combat power increased by 1 million Zi....."

Qin Feng's momentum surged instantly, reaching...

Then, a shadow of King Ming rose from the fiery red lotus, with a ferocious face, appearing behind him.....

Click!

All the domain shackles attached to the Karma Red Lotus were instantly broken!

The red lotus of karma is shining brightly!

Thirty-six times increase!

Cannot be weakened!

Qin Feng's increase suddenly reached more than forty-seven times!

"This...how is this possible?!"

The four ancient masters exclaimed from the bottom of their hearts!

Buzz~

There was another earthquake!

The Hongmeng Holy Ring appeared! The statue of Fudo Mingwang appeared!

The Hongmeng Holy Ring bloomed with thirty-six layers of golden light, shocking the earth... another thirty-six times. Amplification!

Cannot be weakened!

A crisp sound!

The true meaning field attached to the Hongmeng Holy Ring was instantly shattered.....

The increased suppression of Hongmeng Holy Ring is eliminated instantly!

Hongmeng Holy Ring!

Thirty-sixfold increase!

Cannot be weakened!

Qin Feng's increase increased to more than eighty-three times again!

The four ancient masters were completely dumbfounded!

How come Emperor Qin's growth rate is not affected by the realm of true meaning?

He hasn't reached the top level Star Master yet!

As soon as this thought came up, Qin Feng's shackles of heaven and earth were unfolded.

The increases of the Demon Lord, God and others are halved. not good!

The four of them suddenly felt bad!

But it was too late, Qin Feng instantly used the Four Divine Swords to seal the sky and fired at the four people.....

The four divine swords turned into billions of sword lights and engulfed the four people.....

Ah~

The screams echoed in the starry sky!

Everyone around was dumbfounded!

Qin Feng exploded the four ancient masters in one glance!

Those are four top-level peak experts!

The whole starry sky felt unbelievable!

"Run!"

The next second, there was a cry of surprise.

Changbai and the five people actually turned around and ran away.

Xuan Ming and Yuan Qing escaped even faster, and had already taken a step away.

Shenfu Star Master and Tianfu Star Master were chasing after them.

The other two Star Lords are also being chased by Jumen and Diqian Star Lord.

Ziwei Star Lord is chasing Changbai.

At the same time, the blood mist transformed by the four Ancient Lords is struggling desperately, they want to be resurrected.....

Qin Feng immediately used the Sealing Heaven Formation Diagram, activated the Sealing Heaven Sword Formation, and started a frenzied strangulation of the four ancient masters.....

Below, hundreds of millions of Star Alliance members were extremely excited!

At the same time, the five Changbai people escaped very quickly.

The members of the Star Alliance looked extremely anxious, fearing that they would all escape.

Especially the Nine Infant Star Master who was being chased by the Jumen Star Master.

Star Lord Ji Meng is being chased by Earth Star Lord.

Those two people are stronger than Jumen and Diqian.

Even if they catch up, they can't keep Jiu Ying and Ji Meng.

It would even be dangerous for them to pursue him.

Just when the Star Alliance members were worried, a figure wearing a black cloak walked out of the void.

As soon as he appeared, his overwhelming divine power overwhelmed the entire audience...

His combat power reached 110 million zi, which was even stronger than the Lord Ziwei.

This shocked the whole audience!

Here comes another super strong person at the top of the top level!

The situation is not good!

Star Master Ziwei and others also became nervous.

Changbai and others were shocked and happy at the same time.

Is this expert who suddenly appeared here to help them?

At this moment, everyone felt that the clothes on the mysterious man looked familiar.

But before they could think any further, the mysterious man took action.

With a casual move, Abiyuantu's two swords shot out, hitting Jiuying and Ji Meng respectively.....

Suddenly, there were two shrill screams!

Jiuxing and Ji Meng were bombarded to pieces!

The whole audience exclaimed!

Immediately, everyone was ecstatic.

Only then did they realize that the person who came was actually the clone of Emperor Qin.

At this moment, everyone admired Qin Feng extremely.

The Jumen Star Master and the Land Quan Star Master were also extremely emotional.....

The next second, the phantom clone swallowed Jiu Ying and Ji Meng's blood mist, and put away their storage rings.

At the same time, the blue master, the heaven master, the devil master, and the ancient master were also heard from the sealing sky sword formation. The scream of the Lord.....

"Ding! Successfully kill the high-grade star master, and the host will gain 700 million karma points. ....

"Ding! Successfully kill the high-grade star master, and the host gains 730 million karma points.....

"Ding! Successfully kill the top-level pinnacle star master, and the host will gain 2 billion karma points....."

"Ding! Successfully kill the top-level pinnacle star master, and the host gains 2.3 billion karma points...."

"Ding! Successfully kill the top-level pinnacle star master, and the host gains 2.4 billion karma points...."

"Ding! Successfully kill the top-level pinnacle star master, and the host obtains 2.8 billion karma points...."

"Ding! Because the host is stuck in the middle-grade Dzogchen Star Master bottleneck and cannot absorb 580 more elemental energy, the excess energy has automatically condensed into Hongneng Pearls (9 for top-grade Star Masters, 4 for top-grade Pinnacle Star Masters)....."

Hongneng Pearl: It extracts the energy essence of the whole body of the high-grade star master. The high-grade star master level is equivalent to 100 million black sky crystals, and the top grade peak is equivalent to 1 billion black sky crystals.

"This is not bad!"

Qin Feng was pleasantly surprised.

With a casual move, he put away the storage rings of the four ancient masters and the red lotus of the demon master.....

Then, he put away the high-level holy wheel left by God and swallowed it directly

"Ding! Devouring the Advanced Holy Wheel Successfully.....Earn 3 billion virtue points...."

"Ding! The host's merit value has accumulated to 4.9 billion.....Should we spend billions of merit to complete the golden wheel of merit?....."

Qin Feng's eyes lit up.

Of course he will reach Consummation.

The method of the Third Ming Dynasty King will be perfected by him.....

At the same time, in another starry sky.

A huge corpse king was rushing towards the Star Alliance at great speed.

On the corpse chief's shoulder, the hunchbacked old man looked at the communication jade talisman in his hand with great anxiety.

Tai Zhu on the side asked hurriedly:"How is the situation?"

The hunchbacked old manXi:"I didn't expect that the ancient master and others were vulnerable. They were almost wiped out! The young master is in danger now, let's go to the rescue quickly!"

Tai Zhu's face changed drastically:"No way, right? The Star Alliance is so strong?! The hunchbacked old man said anxiously:"

Don't ask so many questions yet, just speed up!""

"good!"

Tai Zhu made a seal, and the command talisman in his hand suddenly bloomed.

Immediately, the corpse leader under his feet shook, and its speed increased tenfold, directly breaking into the dimensional space....

## Chapter 749

But on this side, the shadow clone instantly killed Jiu Ying and Ji Meng and put away their storage rings.

The Jumen Star Master and the Earthquan Star Master went to support the Tianfu duo.

On the other side, Lord Ziwei has Changbai tightly entangled.

Changbai was so anxious that his veins jumped, and he struck with all his strength to repel the Ziwei Star Lord.

Immediately, he took out the spirit flag, turned it into a bridge to the sky, and was about to escape.

The strength Qin Feng showed was too terrifying. If he didn't leave, he would die here today.

Seeing this scene, Ziwei Star Master was very anxious, but there was nothing he could do.

She and Changbai are equally powerful.

If Changbai tried her best to escape, there was really nothing she could do.

At this moment, Changbai also breathed a sigh of relief. , as long as the spirit bridge is raised, he can escape to billions of galaxies away.

By that time, even the top-grade Dzogchen Star Master would not be able to catch up with him.

Not to mention Emperor Qin!

As long as he survives this time, he can make a comeback.

At this moment, he took one step forward and was about to step onto the Spiritual Bridge.

But at this critical moment, a golden light shot out...

Boom~!

A shocking sound!

Shatter countless dimensional spaces!

Changbai was blown away directly.

Immediately, a black shadow rushed toward him.

It was the phantom clone who took action!

At this moment, the phantom clone is holding a Tai Chi diagram, with a Hongmeng Holy Ring floating on its back, and a karma red lotus on its feet, all of which activate thirty-six times the increase.

When the two phases are superimposed, the increase will be seventy-two times, which cannot be weakened!

This is one of the effects of the statue of King Ming III!

As long as the Ming King Statue is successfully condensed, the clone can also gain the same increase!

"Damn it!"

Changbai roared.

He was actually beaten away by a mid-level star master's clone!

What a shame!

But before he could think about it, the shadow clone rushed over.

The two sides fought again. After the two met, Changbai was blown away again..

Billions of people were dumbfounded.

Lord Qin Huang was so powerful!

Just his clone was able to overwhelm Changbai...

Lord Ziwei was also surprised...

The next second, she rushed forward, teamed up with the phantom clone, and attacked Changbai.  
Launch a mad attack.....

Changbai was immediately entangled and unable to escape, roaring angrily.

Buzz~!

But at this moment, a golden wheel rose up, lighting up the entire universe!

Everyone turned around and saw that behind Qin Feng's head, the golden wheel of merit emitted thirty-six golden halos.....

Another image of King Ming emerges from the golden wheel of merit.....

Look at the Dharma's face, which is compassionate and majestic.....

"Ding! Congratulations to the host, your golden wheel of merit is complete, and you have successfully condensed the statue of Mingwang Mingwei... your basic combat power has increased by 1 million Zi....."

Qin Feng's momentum skyrocketed, soaring to 170 million Zi...

Buzz~! Buzz~!

King Fudo!

Vajra King!

Resurface!

The three Ming king statues gathered together to open their eyes together.....

The six divine eyes rise like the sun and the moon, revealing a golden light that seems to be able to penetrate the three realms and six paths. The boundless divine power appears, and the entire star field is trembling.....

"Ding! Congratulations to the host for bringing the Third Ming King's Dharma to perfection.....Basic combat strength increased by another 2 million Zi....."

Boom~!

Qin Feng's momentum completely exploded, soaring to 190 million in an instant. The overwhelming momentum covered the sky and the earth.....

At the same moment, the aura of the phantom clone also soared to 140 million, and the golden wheel of merit also appeared behind him...

In an instant, the golden wheel of merit, the red lotus of karma fire, and the Hongmeng Holy Ring lit up at the same time...

The 108-fold increase was incredible. weaken!

Boom~!

A loud noise!

The phantom clone blasted Changbai away with one blow, completely crushing him.....

Changbai screamed, blood spurted out, and his body rolled backwards.....

Before he could stabilize his figure, a big white hand fell from the sky and beat him into pieces. Blood mist flew all over the sky, and a shrill scream resounded through the starry sky...

The person who took action was none other than Qin Feng!

The strongest person on the Ancient Lord's side has fallen!

Cheers below!

"Ding! Successfully kill the top-level pinnacle star master, and the host gains 3 billion karma points...."

"Ding! Successfully condensed the Hongneng Pearl (top grade pinnacle level) automatically.....The number of Hong Neng Pearls has accumulated to 14 (9 at the upper level and 5 at the pinnacle of the upper level)....."

"not bad!"

Qin Feng was delighted.

At this moment, another roar sounded in the distance.

Xuan Ming was chased by Jumen and Shenfu.

The two of them joined forces to kill Xuan Ming, making him jump around and roar again and again.

Xuan Ming was originally from ancient times. Shang used secret techniques to barely restore his cultivation to the level of a top-grade star master, and his strength was very weak.

Even one-on-one, he was no match for the divine auxiliary star master.

Now, the divine auxiliary star master joins forces with the giant star master to predict Take advantage

"It turned out to be him!"

Qin Feng heard Xuan Ming's voice.

He put away Changbai's storage ring and the spirit flag, and stepped out...

In the blink of an eye, he was above Xuan Ming's head.....

"Xuan Ming, do you still remember me?"

"Emperor Star!"

Xuan Ming was scared to death...

Emperor Star was coming, and his last chance to escape was gone...

But he didn't want to die!

At this moment, he suddenly thought of something and rolled his eyes.....

"Emperor Star, don't kill me! I'm going to tell you a big secret now.....Yuan Qing is not an ordinary Fengtian sect member, you should kill him. If he doesn't die, you're doomed...."

Xuan Ming shouted loudly.

He comes from the future and knows some truth.....

As long as Emperor Xing kills Yuan Qing, Emperor Xing will have no chance to survive...

But before his plot can be accomplished, Qin Feng slaps him with a palm and turns him into a blood mist.....

Hetu and Luoshu fell from him.....

"Ding! Successfully kill the high-grade star master, and the host will gain 700 million karma points. ...."

"Ding! Automatically condensed Hongneng Pearl (high grade) successfully.....The number of Hong Neng Pearls has accumulated to 15 (10 at the upper level and 5 at the top level)....."

"Ding! Congratulations to the host for obtaining the Xuanwu inheritance.....The inheritance of the Lord of Five Spirits is gathered together, the super-god-level mission is completed, and extremely generous super-god-level rewards are obtained (you can consult and receive them from the system at any time)....."

"Ding! Congratulations to the host, your super god-level mission has been completed, you have successfully absorbed the luck of heaven and earth, and you have been promoted to the superior red level 100.%....."

"Ding! GongHost, your luck will automatically be upgraded to god-level luck.....Basic combat power increased by 1 million Zi....."

At this moment, Qin Feng's combat power surged to 200 million.....

At the same time, a purple beam of light rose into the sky from Qin Feng's head...

At this moment, the entire universe was shocked.

The sun, moon and stars shine brightly!

The color shines brightly for thousands of miles!

Immortal sounds from all directions resounded throughout the world...

Countless golden lamps, golden lotuses, necklaces, smallpox, and hanging beads fell all over the sky, like water dripping from the eaves, in an endless stream...

The heaven and earth were full of auspiciousness!

Since ancient times in the universe, the first god-level luck has appeared.....

Countless people were dumbfounded

"This luck...could it be....."

Star Master Ziwei seemed to have thought of something, her beautiful eyes widened.....

Her luck is still in the middle red level, not even the best.

And the superior red level is red with purple...

This purple luck should be the legendary god level luck...

Oh my god!

God-level luck actually exists!

Ziwei Star Lord looked at Qin Feng's back silently.....

At this moment, she regretted why she wanted to be Qin Feng's master.....

This guy won't keep a distance from himself because of this, right?.....

She suddenly felt worried about gain and loss.....

At the same time, Qin Feng was also extremely happy.....

His luck finally reached the divine level.

It can be seen that Xuan Ming's existence restrained his luck.

Once Xuan Ming died, his future path would be much smoother.

Now, his potential and luck have met the requirements to break through to the god level. The only thing missing is his cultivation.....

When he improves his cultivation to the level of Dzogchen Star Master, he can break through to the god level...

It can be said that everything is ready and all he needs is the east wind.

And after he breaks through to the high-grade star master, he can devour those Hong Neng Pearls, and his cultivation can soar all the way to the top level peak, or even more...

It depends on whether he collects many Hong Neng Pearls...

Thinking of this, Qin Feng raised his head and looked at the last person, that was Yuan Qing.....

Yuan Qing's strength is even stronger than that of Tianfu Star Master, and he is also the fastest to escape.....

At this moment, neither Tianfu nor Earthquan Star Master could catch up with him.

Qin Feng smiled slightly, put away Hetu and Luoshu, and stepped out.

The next second, he appeared in front of Yuan Qing, blocking Yuan Qing's way.

At the same time, Tianfu and Diqian also caught up, blocking Yuan Qing's escape route.....

Yuan Qing's eyes showed despair

"Emperor Qin, if you kill me, you will only benefit Gu Shang, why not....."

Yuan Qing wants to negotiate terms.

Qin Feng didn't bother to pay attention and just slapped it away with his palm.....

"Don't hurt young master!"

But at this moment, a giant hand broke through the space and slapped Qin Feng...

That giant hand exuded a torrential corpse aura.....

Qin Feng's expression changed drastically.

This corpse aura smelled like the Forgotten River water, which he was very familiar with.

This is obviously the arrival of the top-grade corpse chief..

Chapter 750

That giant hand exudes a monstrous corpse aura.....

Qin Feng's expression changed drastically.

This corpse aura smelled like the Forgotten River water, which he was very familiar with.

This is clearly a top-grade corpse master.....

At that moment, the monstrous divine power of the Corpse Chief filled the entire star field, oppressing the entire audience...

Lord Ziwei's expression changed drastically.

That coercion completely surpassed the top-level peak star master and reached the half-step level of high-level Dzogchen.....

Oh My God!

When did this universe have such a master?

At this moment, the giant hand fell, and the fighting strength instantly reached 1.5 billion.....

Click~! ~Click! ~Click!

Wherever that palm passed, the space was shattered inch by inch like glass.....

All time and space, all laws, and all avenues will be destroyed! not good!

Qin Feng is in danger!

The beauty of Ziwei Star Master is pale!

Qin Feng was frightened, the statue of the Third Ming King appeared, and he attacked with 108 boosts.....

After the combat power increase of 200 million Zi, the attack power reached 21.6 billion Zi.....

All this is unimaginable.

But the giant hand's attack also increased, actually 36 times.....

After all, the predecessor of Shikui was the lord of the ancient heaven world. The golden wheel of merit has thirty-six levels of perfection, so it can naturally increase by thirty-six times... With this increase, Shikui's blow reached 54 billion, far exceeding Qin Feng...

Qin Feng was frightened, and the shackles of heaven and earth were attached...

Buzz~!

A burst of shrewdness!

This time, Shikui's government was only weakened by one-third instead of one-half.....

It turns out that the shackles of heaven and earth weaken the high-grade Dzogchen Star Lord much weaker than other star owners.....

After this weakening, the attack power of that palm reached 36 billion.....

Bang~!

The two attacks collide!

All stars in the sky are annihilated!

Wherever the aftermath of the attack reaches, everything turns into chaos and nothingness.....

The three high-ranking star masters Yuan Qing, Tianfu, and Diqian were so shocked by the aftermath of the attack that they vomited blood and flew backwards.....

Qin Feng was so shot that blood spurted out and he rolled and flew tens of billions of miles away.  
.....

The whole audience was extremely shocked!

"Not dead!"

"Hiss~! Is this guy really just a mid-level star master?!"

Two voices of surprise rang out in the void.

Then, a towering giant corpse walked out of the void...

There were still two people standing on its shoulders, it was Tai Zhu and the hunchbacked old man...

Both of them looked at it in great shock. Qin Feng flew out.....

Is this boy in white really just a mid-level star master?

You know, even if a top-grade pinnacle star master faces a corpse king, he will only be killed instantly.

It is incredible that this middle-grade star master can resist head-on and not die in one blow.....

At the same time, Star Master Ziwei and others also recognized it!.That towering giant corpse is a corpse king, or a top-grade corpse king!

Rumor has it that only those who were high-grade Dzogchen Star Masters during their lifetimes can be refined into top-grade Corpse Chiefs. Their strength is comparable to that of a half-step high-grade Dzogchen Star Master, and their combat power is about 1 billion zi...

And this Corpse Chief is very special, and is actually stronger than a top-grade Dzigchen Star Master. The average high-grade corpse king is even stronger, reaching 1.5 billion zi.....

"Great Star Lord, the situation is not good!"

At this time, Shenfu and Jumen all gathered over.

Even Tianfu and Diqian, who were shaken away by the aftermath, also rushed over.

There were also shadow clones gathered over.

Everyone looked ugly.

In the distance, countless people The members of the Star Alliance were even more frightened. They all stared at the sky, too nervous to breathe.

The entire starry sky became quiet.

Everyone knew that the real crisis was coming.....

"Great Star Lord, what should I do?"

Several Star Lords looked at Ziwei Star Master anxiously.

At this moment, the shadow clones changed.

Yin and Yang reversed, and Qin Feng and the shadow clones were exchanged...

He was shot too far by that palm. , couldn't make it for a while, so he directly exchanged with the phantom clone. At this moment, his injuries have fully recovered.

As soon as he appeared, the eyes of the Ziwei Star Lord lit up.

The four star masters also showed joy.

The five of them all Looking at him sharply.

Unknowingly, Qin Feng became the backbone of everyone.....

"Qin Feng, are you okay?", Ziwei Star Master asked eagerly.

What just happened was too terrible. If it were her, I'm afraid she would have died.

"fine! However, I can't bear such attacks a few times.....", Qin Feng told the truth.

Hearing this, the faces of the Five Star Masters suddenly turned ugly.

Qin Feng is their only hope.

Even Qin Feng can't stop it, and the Star Alliance can't stop it even more.

"Great Star Lord, let's evacuate!", Tianfu Star Master was helpless.

Ziwei Star Master smiled bitterly:"Even if a few of us can escape, what will happen to the tens of billions of people below?"

As soon as these words fell, the Star Lords sighed.

They may not be able to escape, let alone the tens of billions of people below.

It seems that the Star Alliance cannot escape this catastrophe!

At this time, Qin Feng suddenly said:"Master Sir, do you trust me?"

Ziwei Star Master was confused.

She didn't know why Qin Feng asked like this.

"Of course I believe you!"

Ziwei Star Master answered truthfully.

After this experience, Qin Feng's position in her heart has undergone a qualitative change.

The trust is different from before, and she is even willing to get closer to Qin Feng.

Qin Feng hesitated for a moment , sighed:"Master, you think that with my current strength, I cannot be the opponent of Zhi Kui. The best I can do is escape with my life, but tens of billions of people below will suffer."

"However, I have a secret technique that can instantly increase my strength, but it requires the cooperation of my master. Don't know....."

Star Master Ziwei's eyes lit up:"Tell me, how can we cooperate?"

"Sign a contract with me as a sentient being, with me as the master and you as the slave. It's just that doing this would be disrespectful to Master....."

Qin Feng still respected this beautiful master.

She takes good care of herself.

Before, she was even willing to sacrifice herself in times of crisis to let him go first.

It would be a lie to say that he was indifferent.

As soon as Qin Feng said this, several people in Tianfu looked at each other with complicated expressions.

Once this contract is signed, the Great Star Lord becomes his disciple's subordinate.....

But the star master Ziwei smiled slightly and looked at Qin Feng dotingly.

"I thought it was a big deal Then sign it!"

Qin Feng was pleasantly surprised and looked at Ziwei Star Master with some emotion.

For the Star Alliance, Master is willing to sacrifice

"Master, then I will start....."

At this moment, Qin Feng approached the master.

As soon as he got closer, he could smell the subtle orchid body fragrance of his master.

The next second, his fingertips were bleeding, and he pressed his hand on the master's smooth forehead and began to carve the contract mark.....

On the other side, the corpse chief's shoulder.

Tai Zhu cured Yuan Qing's injury

"Young Master, are you okay?", Taizhu asked respectfully.

The hunchbacked old man stood guarding silently.

"I'm all right!" Yuan Qing turned to look at Qin Feng and others in the distance, "What are those people doing?"

"Young Master, do you want to kill them now?", Tai Zhu asked Yuan Qing for instructions

"Can you kill that boy in white?" Yuan Qing looked at Qin Feng.

Tai Zhu smiled bitterly:"That boy is very weird! It's not easy to kill him unless he doesn't run away. If he tries to escape, he may not be able to be killed. After all, this corpse chief's weakness is speed.  
Yuan

Qing frowned:"Is there any way to kill him?!" There are six paths in him!"

"What?! Is he the Emperor Star?!"

Tai Zhu and the hunchbacked old man were both shocked.

Yuan Qing was displeased:"What Emperor Star? I am a direct descendant of the ancient Lord of the Universe. This universe is supposed to be mine! You guys find a way to kill him, I want to take back the universe and avenge my ancestor!"

"The subordinates understand!"

"Young Master, we have a secret technique that can increase the growth rate of the Corpse Chief. We should be able to destroy him!"

Yuan Qing was overjoyed:"Then take action quickly!" As long as you succeed, I will definitely report to my aunt truthfully and let her reward you!"

"Thank you, young master!"

Tai Zhu and the two were overjoyed.

Then, Yuan Qing left the corpse leader and retreated to a distance, preparing to watch the battle.

Tai Zhu and the two began to use secret techniques.

After a while, a thirty-layer Hongmeng Holy Ring appeared behind Tai Zhu, and directly attached On the body of the corpse chief.

The Thirty Heavy Industry Fire Red Lotuses appeared under the hunchbacked old man's feet, and they were also attached to the body of the corpse chief.

The two could not superimpose their combat power on the body of the corpse chief, but they could use secret techniques to increase the increase multiplier of the corpse chief.

This Once stacked, the Zombie's increase multiplier increases to 96 times.....

The next second, the corpse leader opened his eyes, revealing a scarlet light, and killed Qin Feng not far away...

At the same time, Qin Feng and Ziwei Star Master completed the contract between all living beings.

The two of them suddenly felt connected and became in tune with each other.

Star Master Ziwei couldn't help but look at Qin Feng, with a different look in his eyes.

And the system prompt rang in Qin Feng's mind

"Ding! Congratulations to the host for successfully signing a contract with the Lord of Zhongjixing (other universe).....It is possible to obtain the incomplete state of the Pole Star Fusion (only the combat power can be superimposed by 50%) ...."

"Ding! Remind the host that by devouring the three realms of its universe, it can become the master of its universe. The Zhongpole star can achieve 100% perfection when combined....."

Qin Feng was overjoyed.

He instantly understood what was going on.

As soon as his heart moved, he took the Lord of Ziwei Star into Tianwaitian.....

Immediately, he performed Zhongjixing Fusion, and the Ziwei Star in the distance suddenly vibrated automatically...

The next second, extremely majestic energy surged from the Ziwei Star Master...

The Ziwei Star Master's combat power is 100 million Zi, The superposition is generally 50 million Zi...

The Zhongjixing star is the perfect combination (Ziweixing)!

Qin Feng's basic combat power instantly increased by 50 million Zi.....

After the cosmic golden body transformation!

His combat power soared to 700 million Zi!

The strength has doubled several times!

At this moment, the Corpse Chief came over again to kill him..
