

God level 761

Chapter 761

Qin Feng was delighted.

At this time, Shangguan Yunxi also opened his eyes

"Master, I have refined it!"

Shangguan Yunxi looked at Qin Feng with fascination.

After becoming the second order of the hell world, she became Qin Feng's core subordinate, and she became even more in tune with each other.

"Yun Xi, as the second order of the hell world, you will be in charge of the souls after death from now on....."

"What about Xuan Ming?"

"Xuan Ming is in charge of the Shura people and maintains the order of the hell world....."

"oh! Master, can I send an incarnation to manage the hell realm?"

Shangguan Yunxi asked obediently

"sure! However, after you separate into incarnations, your cultivation progress will be slowed down.", Qin Feng kindly reminded.

But Shangguan Yunxi said happily:"It doesn't matter how fast you practice, I just want to be by your side forever and learn alchemy with you!"

"Whatever you want!", Qin Feng smiled.

He didn't expect Shangguan Yunxi to become much stronger.

Cultivation is not Yunxi's specialty.

Alchemy is her specialty.

"Thank you, Master! whee!"

Shangguan Yunxi was particularly happy.

She quickly made seals with her hands and cast her secret technique.

After a moment, her whole body lit up with spiritual light, and she transformed into an incarnation, which turned out to be that of an old woman. Her face was cold and inaccessible to humans and animals.

Qin Feng Yi was stunned:"Yun Xi, how did you turn your avatar into the appearance of an old woman? Yun

Xi blushed and said,"Master, I only want to show my beauty to you alone, and I don't want others to see it.""

Qin Feng laughed dumbly.

"Po Meng has met Master!"

Yun Xi's incarnation saluted Qin Feng

"Po Meng?"

Qin Feng was stunned again.

Immediately, he smiled meaningfully.

After a while, Po Meng resigned to Qin Feng and went to the hell world to take care of the souls of the dead.

"Master, I have another happy event that I haven't reported to you!", Yun Xi said as if offering a treasure

"Say it!", Qin Feng sat down with a smile

"Master, the main ingredient you want to refine Manjushu Dan is Manjusha Huaer. The nutrients for these flowers come from the water of Wangchuan River."

Qin Feng nodded slightly.

Manjudan, to put it bluntly, absorbs the memories and reactions of all living beings in reincarnation.

Taking Manjudan is equivalent to absorbing the ready-made insights of others.

For Qin Feng, Manjudan is an important resource for him to cultivate his power in the future. It's a pity that Manjusha Huahua (Flower of the Other Shore) is too difficult to grow.

Of course, the main reason is that Qin Feng is too busy and has no time to study.

Now Shangguan Yunxi said that he had researched it, which immediately aroused his interest.

Shangguan Yunxi continued:"Master, I studied the Wangchuan water and found that the memory and perception of this water's ability to wash the soul is very magical, but the washing speed is too slow. Generally, it takes several years for the soul to be washed before the memory can be purified."

"If you encounter a master, it will be difficult to clean it for billions of years. Just like the previous high-grade corpse chief. It has been soaked for 30 billion years, but the memory has still not been completely cleaned. Otherwise, it would have become the ultimate corpse king long ago.

Qin Feng nodded: "You make sense!" But in this world, there is no better spiritual water than Wangchuan water to clear memories and insights from past lives.

Yun Xi smiled and said, "This is the happy news that my disciple wants to tell you." In the past few years, I have used Wangchuan water and Huangquan water as the main ingredients to refine a magical soup, which is a hundred times more effective than Wangchuan water."

"As long as you drink it, you will forget your past life memories. If this decoction is used instead of Wangchuan water, the soul of the deceased will be reincarnated faster. And the speed at which we can cultivate the flowers of the other shore will increase a hundred times."

Qin Feng's eyes lit up. This is indeed good news.

"good! Xi'er, you did a great job on this!"

Qin Feng was in a good mood, and he drew Yun Xi into his arms with a wave of his hand...

Yun Xi was a little shy and allowed his master to tease him.

"Master, that decoction hasn't been named yet. Otherwise, Master, please give me a name for the medicine!"

"From now on, your incarnation will manage those things. Let's call this medicine Meng Po Tang!"

"Um!"

This name is very ordinary, but Yun Xi is inexplicably happy. He always feels that the name given by the master must be the best name in the world. This is also true for stupid fans.

After a quarter of an hour, Yun Xi resigned and prepared to refine a large amount of Meng Po Tang.

Qin Feng doesn't have that much time to love his children.

One day later, he will rush to the ancient domain.

It is also the last place in the three ancient realms, and a war is inevitable.

He must make some preparations to improve as soon as possible. Strength.

He has god-level luck and the Divine Seal of Destiny.

These two talents give him super intuition.

This intuition is to let him improve his strength quickly, otherwise his trip to the ancient domain will be dangerous.

If before, he really There was no way to improve his strength.

Fortunately, Yun Xi had perfected the Alchemy Seal, so he had the means.

Qin Feng thought, and more than 3,000 Manju Pills appeared in front of his eyes.

Immediately, he summoned another alchemy furnace to burn those souls. The pill was put back into the furnace, and a few drops of blood essence were added into it.

Qin Feng's blood was no longer ordinary blood, it contained the Great Way of Danyuan...

The next second, he activated the Seal Technique and activated the Divine Seal of Danyuan...

Time passed quickly!

An hour later, the alchemy furnace was opened, and more than 3,000 Manjudan pills came out of the furnace. The fragrance of the pills overflowed... After being reshaped in the furnace, the efficacy of the medicine has changed! Qin Feng can make the Manjudan pills in his hand work again.

He waved his hand and Summoned Liu Yan over

"I have met His Majesty!"

"Yan'er, distribute these three thousand Manshu Pills to the three thousand innate beings."

Qin Feng waved his hand, and a storage ring flew towards Liu Yan.

"Your Majesty, three thousand innate beings have taken two Manjudan pills. Aren't they already at their limit? Qin

Feng smiled slightly: "My Alchemy Seal has been perfected and I can change the upper limit of the medicine's efficacy." The upper limit of Manjudan has been increased from two to three. These three thousand Manjudan are endowed with the way of the source of the pill, allowing them to conflict with their original limits. Liu Yan was overjoyed: "

Your Majesty, I will distribute them right away!"

At that moment, Liu Yan left happily.

Looking at Liu Yan's graceful back, Qin Feng also showed a look of relief.

These three thousand Manju Pills made the three thousand ancestorsThe refining of creatures will greatly increase the strength of the three thousand innate creatures.

It can even allow him to perfect several supreme divine seals.

For example, Fu Zhi's Divine Seal of Destiny.

Now, he is just short of the last six divine seals to achieve perfection.

As soon as he had this thought, a system prompt sounded in his mind

"Ding! Your subordinate Chu Chu (the Lord of Fengji Star) has perfected the Fengji Divine Seal.The host shares his thoughts on success.....The host's Fengji Divine Seal is perfected... and the combat power is greatly increased....."

"Ding! Congratulations to the host...your subordinate Chu Chu has achieved a breakthrough in cultivation to the middle-grade star master.....Greatly increased strength....."

Qin Feng's eyes shined.

Chu Chu finally broke through to the Great Consummation of the Middle Grade Star Master.

In addition, Chu Chu's Fengji Divine Seal was perfected, allowing him to complete another Supreme Divine Seal.

At this point, he only has five supreme divine seals left that have not been perfected.

And his basic combat power has also been increased to 140 million Zi.

Qin Feng was delighted and made a move.

The space in front of him fluctuated, and a bright and beautiful girl appeared.

The appearance of those bright eyes and white teeth, as well as the graceful and charming curves, are by no means inferior to those of Emperor Feng and Lord Ziwei.

The person who came was none other than Chu Chu

"elder brother! I have a breakthrough!"

Chu Chu ran over happily

"I already know....", Qin Feng looked pleased.

Immediately, he puzzled and asked:"Why is your Tai Chi divine seal not perfect yet? The first one you comprehend is the Wuji divine seal."

Chu Chu's little mouth curled up slightly: "Tai Chi is among the top ten divine seals, and it is too difficult to comprehend. Otherwise, I would have broken through to a high-grade star master just like the baby."

Speaking of the baby being a high-grade star master, she has not broken through yet, which makes her a little depressed.

After all, she is also the baby's aunt, how can she be surpassed by a little baby.

Qin Feng smiled and said nothing.

His Tai Chi Divine Seal has been perfected for a long time, but it is a pity that he cannot share it with Chu Chu.

As the master of the universe, he can share his feelings with his subordinates, but they cannot share his feelings.

"However, now that I have perfected the Fengji Divine Seal, I will be able to break through to a high-level Star Master immediately!"

Chu Chu sat down next to Qin Feng and leaned on Qin Feng's shoulder. His big eyes were full of pride.

Qin Feng shook his head and said: "Don't rush to break through. First complete the Tai Chi Divine Seal and then break through. Only in this way can you overwhelm your peers with strength. level. Chu

Chu worried: "My understanding is not as good as that of Sister Yue'er and Baobao. It is really difficult to perfect the Tai Chi seal."

"Take this elixir!"

Qin Feng casually took out a Manjudan

"Huh! Isn't this Manjudan? I have already taken two pills, and taking them again has no effect."

Chu Chu looked confused.

"This elixir is different from the previous ones. It's still effective if you take it"

"That's it!"

Chu Chu's eyes lit up and she took it happily.

She always followed her brother's words like an imperial edict and never doubted it.

As long as Qin Feng said yes, she thought it was yes.

"There are also these two pills of Tao Enlightenment, which are twice as effective as Manshu Dan. You should also accept them!"

"Brother, you are so kind! mwah!"

Chu Chu was overjoyed and kissed Qin Feng directly on the face.

Qin Feng shook his head:"Nothing big or small!"

He pushed Chu Chu away calmly.

The older this sister is, the less she understandsWomen are on guard

"Brother, will there be a big battle in the ancient domain this time?"

"That's natural! Perhaps after this battle, we can see the true face of this world."

Hearing this, Chu Chu looked serious.

"Brother, then I will go into retreat now!!"

"Go for it!"

At that moment, Chu Chu took three pills and left in a hurry.

She wanted to break through to the high-level star master as soon as possible so that she could help her brother.

After Chu Chu left, Qin Feng summoned Zi Xing, Yu Qilin, and Bai Qi.

Three Humans are also middle-grade star masters who have reached the Great Perfection.

The difference is that Purple Star and Jade Qilin have completed one supreme divine seal and are comprehending the second.

Bai Qi's understanding is worse, and the first divine seal has not been completed yet.

Qin Feng He also gave the Dao Enlightenment Pill and Manshu Pill to the three people.

Time passed quickly, and one day passed in the blink of an eye.

In the blink of an eye, Qin Feng's boat of no return was only two hours away from the ancient domain.

At this moment, the ancient Deep in the domain.

Gu Shang is going through the last critical moment of the fifth decay.

As long as he passes this decay, he can break through to the high-level Dzogchen Star Master.

But at this moment, his communication jade talisman came. Information.

He endured the pain of decay all over his body, picked up the jade talisman and took a look, with a strange look on his face..

Chapter 762

Gu Shang showed a strange expression.

This message was sent by Yuan Qing.

He always thought that Yuan Qing and Gu Hu died together.

You know, even Gu Hu and Changbai have fallen, how can Yuan Qing survive?

But Yuan Qing was still alive and sent him a summons.

This is a little weird.

Gu Shang continued to check the messages.

At this sight, he was even more shocked.

The message indicated that Emperor Xing knew that the jade disc of creation in the ancient human world was on his body.

You know, not many people know this secret.

How did Yuan Qing know this?

And Yuan Qing also told him that Emperor Star came this time for the Jade Disk of Creation.

Moreover, the Emperor Star is on the road, and we can reach the Ancient Territory in only two or three hours.

"strangeness! How could Yuan Qing know so much?"Gu Shang frowned

"how? Are you in trouble?"

At this moment, the space behind Gu Shang fluctuated.

A huge black vortex appeared out of thin air.

The ethereal voice came from that vortex.

Seeing the vortex, a fear flashed across Gu Shang's eyes.

He wanted to deny it, but he had a special telepathy with the person behind the vortex.

As long as there were fluctuations in his heart, that person could sense it.

"See for yourself!"

Gu Shang waved his hand casually, and the communication jade talisman turned into a spiritual light and flew into the vortex.

After a moment, a chuckle sounded in the vortex

"hehe! interesting!"

"What do you think about this?", Gu Shang asked carefully.

But at this moment, his decay broke out again, with a look of extreme pain on his face.

The mysterious vortex exuded a cold consciousness, and swept over Gu Shang's body.

"You are in trouble!", a cold voice sounded from behind the vortex

"How to say this?"

"How do you think Emperor Xing knew you had the Jade Disk of Creation on you?"

"this...."

Gu Shang shook his head slightly, the pain on his face getting stronger and stronger.

His Fifth Decay is approaching its final moments, and it's becoming increasingly difficult to deal with distractions.

"Yuan Qing should have told him!"

"Yuan Qing? How did Yuan Qing know that?", Gu Shang was surprised

"hey-hey!! I know a little bit about Yuan Qing's origins... Don't underestimate him....."

Gu Shang frowned:"Strange! Since Yuan Qing told Emperor Xing this secret, why did he tell me that Emperor Star is coming soon?"

"Here comes the conspiracy! I just want to use your hand to get rid of the Emperor Star. Or it could make you both lose, so you can't believe everything he says, and you can't disbelieve it either....."

Gu Shang was puzzled:"How do you say this?"

The mysterious man whispered:"He said that Emperor Star will arrive in two or three hours. Perhaps, only half of this information is right. For example, Emperor Star will definitely arrive Arrive, but not in two or three hours, but in one hour?"

Gu Shang's face changed drastically.

He is now decaying to the last moment. Even moving his body an inch will cause pain to his bones, let alone fighting.

"So what?", Gu Shang is helpless

"You and I deepen our cooperation! I sent the corpse chief to help you. Let it block the Emperor Star for two or three hours to buy you time. Gu

Shang nodded slightly:"Two or three hours is enough for me to complete the Five Declines of Heaven and Man.""

As soon as the Five Declines of Heaven and Man are completed, he can break through to the Great Consummation of the High-grade Star Lord, and his combat power reaches 20 billion.

By then, he will not be afraid of the people behind the vortex, and it will be even easier to kill the Emperor Star.

In fact, he As long as he persists for an hour, the decay can be completed.

However, if the Emperor Star arrives within an hour, it will not be good.

So, he decided to cooperate

"OK! Then let's sign a new contract!"

Gu Shang looked at the black vortex

"good!", a contract flew out of the vortex.

Gu Shang took the contract, read it once, and signed it with blood.

A moment later, the contract between the two was completed.

The contract flew back into the vortex again.

At that moment, Gu Shang With the seal seals, the spiritual power fluctuated in all directions.

The black vortex shook slightly, opening a white space hole.

Then, a mummy walked out of the light hole, exuding a torrential corpse aura, and its power was shocking.

Gu Shang looked at the mummy, his eyes complex

"Gu Shang, do you think this corpse leader can block the Emperor Star?"

Behind the vortex, the mysterious voice sounded again.

Hearing this, Gu Shang looked at the eyebrows of the corpse leader.

The green crystal of the source of truth was clearly visible.

The corpse leader was a top-grade Dzogchen star master during his lifetime. After his death, he was The mysterious man was made into a corpse king, and his combat power was 9 billion.

With this strength, it should be easy to resist the Emperor Star, and he could even kill the Emperor Star.

Thinking of this, Gu Shang replied: "It should be able to block it easily, and even be able to kill it." Kill the Emperor Star!"

As soon as he said this, the mysterious voice sneered.

"Ah! Gu Shang, now that things have happened, do you still dare to underestimate Emperor Xing?"

"how do I say this?"

"Think about it! At the beginning, Gu Hu, Chang Bai and other sixteen people joined forces, as well as the Four-pole Tianyuan Formation, but they failed to destroy the Star Alliance. Instead, they were destroyed by the Star Alliance. How powerful do you think the Star Alliance side is?"

"this.....", Gu Shang thought, "Is it possible that the strength of the Emperor Star is close to the high-grade Great Perfection?"

"It should be so!"

"So fast?!"

Gu Shang was shocked and couldn't believe it.

If the Emperor Star really has that kind of strength, and then joins forces with the Star Alliance, it will be difficult for the corpse leader to resist.

If he can't resist the Emperor Star, he will be in trouble.

After all, he is about to enter. The most vulnerable moment

"Do you think too highly of Emperor Star?", Gu Shang still doesn't believe it.

In his opinion, Qin Feng is at most half a step into the Great Perfection, and it is impossible to improve so quickly.

"Ah! Don't forget, who gave you this news?"

"Are you worried about Yuan Qing?", Gu Shang's eyes lit up.

"That's right! Yuan Qing deliberately provoked Emperor Xing to fight with you. If the Corpse Chief hadn't stopped the Emperor Star, your breakthrough plan would have failed....."

Gu Shang frowned: "This Yuan Qing is annoying. It seems that I have to be more careful."

As soon as he finished speaking, he took out a jade plate.

That is the creation jade dish of the human world.

He looked at the Creation Jade Disk and then at the corpse leader, feeling a little worried and reluctant.

After a while, he carved a few runes on the jade plate before throwing it towards the corpse leader.

The corpse chief seemed to have sensed it. He opened his white pupils, opened his mouth and sucked in the jade dish, then swallowed it into his body.

The jade dish enters the body and the ancient world trembles.

The power of heaven and earth poured into Shikui's body.

The corpse leader's momentum skyrocketed, reaching a combat power of 10 billion Zi in the blink of an eye.

Gu Shang's eyes were filled with joy.

With such combat power, it should be able to completely block the Emperor Star.

It turns out that this corpse chief is the ancient master of the human world.

But for some unknown reason, he was turned into a corpse master by a mysterious man.

And his creation jade plate fell into Gu Shang's hands.

Now that the jade plate has entered the body, it can be regarded as returning to its original owner.

This greatly increased Zhikui's combat power.

Of course, this is not the strongest state of Zhikui.

It has not yet integrated the ancient domain.

But in Gu Shang's opinion, this is enough to deal with Qin Feng.

Gu Shang didn't know that Qin Feng had already had the ability to kill the top corpse master.

He underestimated Qin Feng.

In fact, the person behind the vortex also underestimated Qin Feng

"now it's right!", a voice sounded again from behind the vortex.

Gu Shang said lightly:"After the matter is completed, I will take back the jade plate!"

"what ever!"

As soon as he finished speaking, the black vortex slowly disappeared.

Gu Shang breathed a sigh of relief. During this period, the guy woke up more and more frequently.

It seems that he will be able to break through the seal soon.

Gu Shang's heart Some worries.

He must break through to the high-level perfection as soon as possible.

Otherwise, he will not be qualified to negotiate with that guy.

Thinking of this, Gu Shang looked at the top-level corpse leader

"Go for it!"

The top corpse leader's eyes flashed with dark light, and he disappeared from the spot.....

At the same time, somewhere in the star field.

A spiritual boat flew out of the void.

This is Qin Feng's boat of no return.

At this moment, the bow of the boat of no return.

Five people, including Ziwei Star Master and Tianfu Star Master, are looking at the star field in the distance.

"Great Star Master, look at the distance, we can reach the Ancient Territory in half an hour!"

The Lord of Tianfu Star stroked his beard and smiled.

Shen Fu and others also smiled.

The Ancient Territory is the last place they conquered.

As long as the Ancient Territory is conquered, the entire universe will be the world of Emperor Qin and the world of the Star Alliance. Only then did he finish his words. , the space around the five people fluctuated, and Qin Feng appeared out of thin air.

"I have met Mr. Qin Huang!"

Tianfu and others saluted one after another with respectful expressions.

"You don't have to be polite!"

Qin Feng's eyebrows were a little happy, and he seemed to be in a good mood.

Everyone found that his temperament was different.

"Qin Feng, has your cultivation improved again?", Ziwei Star Lord was curious

"That's right!"

Qin Feng smiled slightly.

One day has passed in the outside world, and four months have passed in the small universe.

In the past four months, many of his core subordinates have taken Manjudan, and their strength has greatly improved, and their true meaning has improved by leaps and bounds.

Naturally, he has gained a lot..

In the past four months, he has perfected two more supreme divine seals, and his combat power has increased to 150 million.

In other words, he has only three supreme divine seals left to perfect, and he is getting closer and closer to breaking through to the high-level star master. Getting closer.

In addition, Chu Chu, Zixing, and Yu Qilin also successfully broke through to the high-grade star master.

Bai is only one step away from breaking through to the high-grade star master.

His overall strength has greatly increased.

As for He couldn't even imagine how strong he was now. He was at least twice as strong as before he killed the top-level zombie leader.

If he breaks through to the top-level star master again, his combat power will be even more unimaginable.

"Qin Feng, you are becoming more and more difficult for me to see through."

Ziwei Star Master looked at Qin Feng, her eyes filled with pride.

The stronger this disciple is, the happier she will be.

"Master, thank you! How far are we from the ancient realm now??"

"Head east here and arrive in half an hour!

Qin Feng was delighted: "Faster than I expected!"

At this moment, everyone began to discuss the plan after entering the ancient domain.

Qin Feng had long been full of curiosity about the ancient domain.

In the past, he did not have the strength of the high-grade Dzogchen and did not dare to go to the ancient domain.

Now, his strength has exceeded the average The top-grade Dzogchen Star Master.

He can uncover all the mysteries.

Time flies!

In a blink of an eye, the Boat of No Return has arrived at the boundary of the ancient domain.

Qin Feng put away the Boat of No Return and took the Ziwei Star Lord The five of them were taken into Tianwaitian.

One of them flew to the Ancient Territory..

Chapter 763

In just a moment, Qin Feng reached the sky above the ancient domain.

He looked down at the ancient domain, which was vast and boundless, and felt heroic in his heart.

As long as he swallows the ancient domain, he can become the master of the two universes.

But in order to devour the Ancient Realm, you need to refine the Creation Jade Disc first.

Where is the creation jade plate?

On Gu Shang?

Just as this thought came to my mind, dozens of figures flew from below, headed by a white-haired old man.

"Who is coming?"

The old man shouted, resounding for hundreds of millions of miles.

Countless people were startled and looked up one after another. They saw Qin Feng standing in the sky, and they all looked curiously.

In the blink of an eye, the old man and others flew in front of Qin Feng.

These people all It was the God Emperor, and none of them were Star Masters.

The white-haired old man at the head was the God Emperor Dzogchen.

Qin Feng ignored it, and his consciousness spread across the entire ancient domain.

He was curious about where Gu Shang was?

In just a moment, he sensed In a huge valley, thick fog shrouded, swallowing up the consciousness, making it impossible to visit.

Could it be that Gu Shang was in the valley?

Qin Feng thought.

The white-haired old man was a little impatient.

This kid didn't even look at himself.

Really. How arrogant!

He didn't know that the boy in white in front of him was the Emperor Star that his ancestor reminded him.

He thought he was just an ordinary boy.

After all, his ancestor reminded him that the Emperor Star's cultivation level was above the middle-grade star master.

Such a high How can he be a young man with cultivation level?

Not only he thinks so, but others also think so

"Hello! Boy, I'm asking you something!!"

The white-haired old man began to look unkind.

In the distance, countless people from the Ancient Territory saw this scene and showed gloating.

In their opinion, Qin Feng was going to be unlucky.

They were also happy to see Qin Feng unlucky.

But right now At this time, a sudden change occurred in the field.

I saw Qin Feng's eyes retracted from the distant valley and transferred to the old man. The old man was annoyed.

The boy finally looked at himself.

He raised his head proudly, ready to scold him.

But At this moment, Qin Feng's eyes flashed, and the old man exploded himself.

Everyone was dumbfounded! Everyone looked at Qin Feng in horror.

Qin Feng waved his hand, and dozens of people standing in front of him were all turned into powder.

In the distance, Countless people from the ancient domain saw this scene and exclaimed in fright

"He...he is the Emperor Star! It must be the Emperor Star!"

"Not good! Emperor Star is coming!"

The entire ancient domain was in commotion, and people were running around, all in great panic.

Regarding the Emperor Star, Gu Shang warned these people.

Their expressions changed when they heard the name of the Emperor Star.

Qin Feng didn't bother to pay attention to these ants, and stepped in vain. He walked towards the valley deep in the ancient domain.

The ancient sorrow should be in the valley.

The secret of the ancient domain should also be hidden in it.

With this step, Qin Feng's cultivation aura was inadvertently released.

The middle-grade star master is perfect!

The fleeing people became even more panicked.

Now that the Ancient Territory doesn't even have a master, who can resist a Star Lord?

Is a catastrophe in the Ancient Territory coming?

Thinking of this, tens of billions of people fled desperately.

The huge Ancient Territory is fragile. It was as if it were made of paper.

At this moment, there was a loud noise, and the world shook!

Click~!

A giant stepped through the void with one foot, fell from the sky, and stopped in front of Qin Feng. As soon as the giant appeared, the energy was overwhelming, and the fighting power of 10 billion Zi instantly enveloped the entire ancient domain.

Tens of billions of people were startled and turned their heads.

Seeing this, everyone was overjoyed.

They all saw that the mysterious giant was here to help them.

"Look, there is a source of truth crystal between the giant's eyebrows!"

"Oh My God! This giant is actually a high-grade Dzogchen star master!"

"Ha ha!! The ancestor really has a hidden trick! Now, Emperor Star will be in trouble!"

Everyone stopped and showed joy.

A high-grade star master would definitely be able to kill a mid-grade star master instantly. At this moment, Qin Feng was also a little surprised.

There was actually a top-grade corpse master hidden in this ancient domain.

At this time, the exclamation of Tianfu Star Master rang in his mind

"Lord Qin Huang, he is the ancient lord of the human world. Unexpectedly, he was also refined into a zombie"

"I see!"

Qin Feng nodded slightly.

The battle in ancient times was really brutal. The Lords of the Three Realms were all refined into corpse masters.

So what is Gu Shang's identity?

How could he control the ancient realm and this corpse master?

"Qin Feng, this corpse leader should have the creation jade plate of the ancient domain on his body."

Ziwei Star Master reminded him in time.

Qin Feng's heart moved, and he quickly looked carefully, and his eyes suddenly lit up.

Sure enough, the corpse leader had the aura of the Creation Jade Disk.

The third jade disc he wanted was found.

That's it. At this moment, thirty-six layers of Hongmeng Holy Ring appeared behind the corpse chief, and he punched Qin Feng directly.

10 billion Zi combat power!

Thirty-six times increase!

The attack power of that punch reached 360 billion Zi! The fist's attack power reached 360 billion

Zi! Billions of golden lights bloomed on the sky.

Wherever the golden light passed, time and space collapsed, laws shattered, and everything turned into the energy of chaos.....

That aura of destruction is so terrifying!

In the distance, tens of billions of people looked at this astonishing scene with their mouths wide open.

More people opened their eyes in excitement.

They wanted to witness with their own eyes that Qin Feng turned into powder under that punch!

A middle-grade star master will never be able to block the attack of a high-grade Dzogchen!

"Qin Feng, be careful!", Ziwei Star Master is also a little worried.

In any case, the people opposite are top-notch corpse masters.

Qin Feng's eyes are excited.

He is very curious about how far he has improved now.

Now is the time to give it a try!

He thought As soon as it moves, it starts! The fusion of Tianji! The fusion of

Realm!

The fusion of Star!

The basic combat power explodes to 350 million Zi!

The five polar stars of the dual-level universe merge!

The five major stars of Ziwei, Tianfu, Shenfu, Jumen and Earthquan Zun's combat power is also superimposed.

This time, their superposition level is 80%.

The basic combat power soars to 550 million Zi!

The power of faith is superimposed!

It surges to 700 million Zi again!

The golden transformation of the universe!

Qin Feng's The combat power soared to 7 billion zi!

He met the attack of the corpse leader with one punch! The statue of the Third Ming King appeared!

A 108-fold increase!

The attack power of that punch instantly reached 756 billion zi!

Boom~!

There was a sound like the world was shattering. Loud noise!

The corpse chief roared, and his fist shattered!

The whole arm was cracked!

The huge body flew backwards!

How is this possible?

Countless people were dumbfounded!

They couldn't imagine that a middle-grade star master actually flew away. The name is Top-grade Dzogchen.

Not to mention Top-grade Dzogchen, even blasting away a top-grade Star Lord is surprising!

This completely goes against the rules of heaven and earth!

The next second, the corpse chief roared, and his whole body exuded spiritual light.

The entire ancient domain began to shrink.....

The corpse leader is going to use his combination to devour the ancient realm!

Qin Feng laughed, summoned the Four Sealing Heaven Swords, and surrounded and suppressed it without giving it any chance.....

Billions of sword lights instantly swallowed up the corpse king.....

Seeing this scene, countless people turned around and ran away.....

But at this moment, the phantom clone walked out of the void and casually offered the Tai Chi Diagram.

In an instant, the Tai Chi diagram turned into the size of the solar system, blooming with thousands of golden lights.....

Billions of rays of light illuminate the heaven, earth, mountains and rivers!

The nine-color auspicious energy shocks the heavens and the world.....

Taiji transforms two rituals, two rituals act as three talents, three talents form four images, four images become five elements, five elements form six unions, six unions determine seven stars, seven stars produce Bagua, and Bagua connects nine palaces.....

All laws were destroyed, the sun and the moon lost their light...

Tens of billions of people in the ancient domain were instantly imprisoned, unable to move one by one!

With a wave of his hand, the phantom clone snatched away tens of billions of people and took them all into the outer world.....

At this moment, a scream came from the sword light in front!

The corpse leader collapsed and turned into a bloody mist!

"Ding! Successfully killed the top zombie leader.....The host gains 50 billion merit points....."

"Ding! After successfully absorbing the evil spirit of the corpse, three Hongneng Pearls (high-grade Dzogchen) will be automatically condensed....."

"Ding! Remind the host that you have accumulated 21 Hongneng beads (10 high-grade beads, 7 top-grade peak beads, and 7 high-grade Dzogchen beads)....."

Qin Feng was delighted.

This time, it was very easy to kill the best corpse leader.

He looked up and looked ahead again, where there was a Principle Source Crystal and a Creation Jade Disk suspended.

The treasure he wanted was obtained!

Qin Feng waved his hand and got the Principle of Origin Crystal.

He opened his mouth and swallowed the Crystal of Principle.....

"Ding! Successfully swallowed the Crystal of Principle Source.....The host has gained a lot of insights into the true meaning of eternal life, and the divine seal of eternal life has been completed.Combat strength is improved....."

Qin Feng's eyes shined.

Another divine seal has been completed!

He is now only short of the Divine Seal of Destiny and the Divine Seal of Ancient and Ancient Times.

The Divine Seal of Destiny lies in full realization.

The ancient and modern divine seal!

Qin Feng's use of Qimen Dunjia deduces that there is one of the three great divine seals of Gu Shang.

By swallowing Gu Shang's Principle of Origin Crystal, his ancient and modern divine seal will be perfected.

Qin Feng smiled slightly, stepped into the air, and walked towards the valley in the distance.

Gushang will be his opportunity!

At the same time, the phantom clone waved, sucked the creation jade disc into his hand, and began to refine it.

The void clone is an extension of Qin Feng's body.

If he refines it, it is equivalent to Qin Feng refining it.

As long as this jade dish is refined, Qin Feng will be the master of the twin universes.

Everything is happening in sync!

In just a moment, Qin Feng arrived at the entrance of the valley.

At the same time, in the valley. ancient sorrowFace hurts.

He has reached the final moment of his decline.

As long as you give him half an hour, he will be able to complete the decay.

But at this moment, he had no intention of completing the decay, and looked outside the valley with a horrified expression...

He sensed that the corpse leader had fallen, and a powerful aura was approaching!

Did the Emperor Star destroy the Corpse Chief?

How can this be?

This is less than ten minutes!

This is too fast!

Gu Shang panicked!

At this moment, a huge black vortex appeared behind him.

Behind the vortex, a surprised voice sounded

"Gu Shang, we all underestimated the Emperor Star!"

"Why! He's already here!"

Gu Shang sighed

"Unlock the seal! Let me come out and help you!"

The mysterious voice sounded from behind the vortex..

Chapter 764

"Unlock the seal! Let me come out and help you!"

The mysterious voice sounded from behind the whirlpool.

Gu Shang turned his head and looked into the depths of the whirlpool.

There was endless darkness and cold breath, which made people palpitate.

Do you want to solve it?

Gu Shang's throat surged, and there was a trace of fear and hesitation in his eyes.

Also At this moment, thick fog rolled violently outside the Void Valley.

An aura of domination came and enveloped the entire valley in an instant.

Ka~ka~! Ka~!

The invisible divine power oppressed the valley barrier and cracked every inch. , even the surrounding space was sunken, and the laws of heaven and earth were chaotic.

Then, a human-shaped black shadow appeared in the thick fog, walking slowly, becoming more and more clear.

That was the Emperor Star!

Gu Shang finally showed a trace of panic.

He hurriedly He took out a piece of jade talisman. With a soft click

, the jade talisman collapsed and turned into dots of starlight that poured into the mysterious vortex.

Boom!

The vortex trembled violently and the void shook violently.

The seal was being released.....

A black mist, like thick ink, surged out.

After a while, the thick fog gathered and turned into a man in black.

A cold and powerful aura spreads out. Wherever it goes, space is imprisoned and time stops flowing.

"I'm finally back."

The man in black raised his head and looked around greedily, with a smile on his lips.

"Senior, I hope you can help me."

Gu Shang looked at the man in black in awe, with anxiety hidden deep in his eyes.

The man in black smiled and said nothing.

But at this moment, there was a loud noise.

The world screamed!

The void cracked!

Billions of spiritual lights illuminated the starry sky!

The overwhelming imperial power came rolling in!

Click~

The barrier of the valley completely collapsed.

Gu Shang and the man in black looked at the entrance of the valley and saw Qin Feng stepping into the valley with elegant steps.

"Huh! Are you just a mid-level star master?"

Gu Shang and the man in black both looked surprised.

They couldn't believe that the beautiful young man in front of them was just a small mid-level star master.

How is this possible!

You know, Qin Feng only spent about ten minutes. How could it be that he was just a middle-grade star master after killing a top-grade corpse puppet? Even if Qin Feng was a top-grade star master, they felt it was too much. The top-grade corpse puppet has the perfect strength of a top-grade star master, and he could instantly kill a top-grade star master with just a look. things, let alone killing the middle-grade star master instantly.

But the current situation is that the young man in front of them killed the top-grade corpse puppet, so they had to believe it.

Thinking of this, Gu Shang felt very uncomfortable.

He practiced hard for hundreds of years After billions of years, he is actually not as good as a small mid-level star master. How can he accept this?

"Little guy, how did you kill the corpse puppet? Did he use a special secret technique to restrain corpse puppets?"

The tone of the man in black was condescending, his eyes swept over Qin Feng, and his eyes were full of suspicion.

Qin Feng's cultivation level was too low, and he did not believe that Qin Feng had the strength to surpass the corpse puppet.

In his opinion, Qin Feng He must have used a special secret technique to restrain corpse puppets.

Gu Shang's eyes lit up, and he secretly thought that the man in black was right.

Qin Feng's mouth curled up slightly, and he sneered.

He could hear the man in black's words. In his tone, he looked down upon himself, thinking that he was taking advantage of others.

"Qin Feng, be careful about this man in black, he has appeared in the Mirror of Creation."

The voice of Lord Ziwei sounded in Qin Feng's mind.

Her tone was a little uneasy.

After this reminder, Qin Feng remembered the picture predicted in the Divine Mirror of Creation.

He couldn't help but look at the eyebrows of the man in black, and there was indeed a star there. The crystal of the source of truth exudes a strange spiritual light, which is breathtaking.

This ancient domain is really weird!

First a top-quality corpse puppet appeared, refined by the master of the ancient human world, and now a mysterious and strange one appeared. The man in black.

It seems that this man in black is more powerful than the best corpse puppet.

Qin Feng couldn't figure out the identity of this man in black, so he looked at Gu Shang.

He saw Gu Shang with a haggard face, exuding an aura of decay, but His aura contains a strong Taoist charm.

At this moment, the aura of defeat all over his body is flowing to the center of his eyebrows, which is a symbol of experiencing the five declines of heaven and man.

The so-called return of all Taoist rhymes, hidden in the courtyard, transforming Tao into the source, will it bring peace and prosperity.

It seems that Gu Shang is close to breaking through the high-level Dzogchen.

"Qin Feng, Gu Shang's breakthrough is imminent, let's take action quickly, lest once he breaks through, you will be besieged by two top-level Dzogchen, and the situation will be bad."

Ziwei Star Master noticed this and secretly urged.

Qin Feng nodded slightly, but hesitated in his heart.

He still needs the Divine Seal of Destiny and the Divine Seal of Ancient Times to complete one hundred and eight divine seals, and then he can condense the top grade Divine foundation.

Nowadays, the divine seal of destiny is hidden in the perfection of enlightenment.

But there is no clue about the ancient divine seal.

This supreme true meaning is also one of the ten divine seals, which is extremely profound.

As far as Qin Feng knows, only the ancient sorrow is currently perfect..

He also expected Gu Shang to break through to the high-level Great Perfection, kill him in one fell swoop, and then swallow his Principle Source Crystal to complete the ancient and modern divine seal.

Unfortunately, Gu Shang has not broken through yet!

"Boy, you haven't answered my words yet."

The man in black's tone was cold.

"Who are you?"

Qin Feng inquired

"It's me asking you!"

The man in black was a little impatient.

"Ah!"

Qin Feng sneered. This guy really didn't take him seriously.

He was too lazy to talk nonsense. He raised his hand and slapped Gu Shang, to strike first.

Suddenly, the storm started again, and the color of the starry sky changed.

Gu Shang was great. Horrible.

He is in the fifth state of decline of heaven and human beings and cannot move. How to resist?

"Boy, you are looking for death!"

The man in black was furious. A small mid-level star master dared to ignore him.

He waved his hand and soared into the sky with overwhelming divine power.

The fighting power spread out and reached 30 billion, shocking hundreds of millions. The star field was trembling.

The faces of Ziwei Star Master and others changed drastically.

They saw everything outside through Qin Feng's vision and couldn't help but panic.

Even Gu Shang was shocked.

Obviously, he did not expect that, The combat power of the man in black has reached 30 billion zi.

300 zi!

That is the limit of the combat power of the top-grade Dzogchen Star Master.

300 zi is also the limit of individual energy that this universe can carry.

If it exceeds this limit, it will be forcibly teleported out. This universe has entered the mysterious outer world.

What's more, the man in black has only entered this place in incarnation, not his true body.

Could it be that the man in black's true body has reached the quasi-god state?

If so, he will release the man in black today If he comes in to deal with the Emperor Star, he is afraid that he will resist the wolf at the front and welcome the tiger at the back, putting himself in crisis. The more

Gu Shang thought about it, the more afraid he became.

At this moment, the man in black fell with a palm, covering the sky and the sun, making the stars dim..

The red lotus of karma appeared under his feet, emitting thirty layers of halo, activated with thirty increment, and he was actually a man in the demonic path. The combat power of 300 zi increased tenfold, and instantly reached the destructive power of 900 billion zi!

Boom~boom ~Boom~!

The palm of the hand lit up with a bright light that reached the sky, filling the starry sky. Wherever the wind of the palm passed, the sky and the earth were torn apart. All space, all time, and all laws were transformed into chaotic nothingness.

The endless power of annihilation was in the universe. It exploded, seeming to destroy the universe in one fell swoop.

Gu Shang, Ziwei and others were stunned. But the man in black's eyes showed joy.

All along, he had hidden his strength from Gu Shang and tricked him into unlocking the sealed entrance. Just for this moment.

Now, he is going to succeed.

As long as he destroys the Emperor Star in front of him and takes away the Six Paths, why can't he swallow the Heavenly Soul?

As long as he swallows the Heavenly Soul, he will be the true master of the universe and can become the true master of the universe. God, not a quasi-god who cannot freely enter this universe.

At this moment, Qin Feng's long hair was fluttering, and his clothes were flying. He proudly stepped into the air and faced the attack of the man in black with a palm. He didn't move. King Ming!

King King Kong Ming!

King Ming Weide!

The three great kings of Ming appeared behind him.

The six divine eyes opened and closed, like the six-round divine sun rising, shooting out six golden lights.

A hundred and eight times increase!

Look at the world!

Qin Fengyi The palm was waved away, and it turned into a huge golden palm that reached the sky like a planet. It was like pouring gold. Three thousand prophecy talismans and seals surrounded it. Billions of rays of light illuminated the nine worlds. The heaven and earth moved, the sun and the moon changed colors, and the supreme divine power was fully displayed..

The man in black looked disdainful.

A small mid-level star master, no matter how fancy his moves are, he will be dead when he encounters him.

Boom~!

The two palms met instantly!

The explosion that destroyed the universe sounded.

The endless void collapsed, and time and space Turned into powder.

The huge ancient domain was also shattered by the aftermath of the explosion, shattered into pieces and flying in the sky.

Qin Feng and the man in black were each knocked back hundreds of millions of miles.

The two sides were evenly matched.

How is this possible?

Deep in the thick fog, Gu Shang was dumbfounded.

The man in black was also stunned.

He thought he could easily kill Qin Feng, but he didn't expect it to be a tie.

It turned out that Qin Feng had swallowed the Principle of the top-grade corpse puppet before, and his strength quietly increased. The comprehensive combat power increased to 8 billion Zi, and after an amplitude of 108, the two were evenly matched.

The more perfect the number of supreme true meanings, the greater the improvement in strength.

The man in black was stunned for a moment, jealous in his heart.

This Emperor Star is so much better than (Li Liaohao)!

He must destroy it.

Otherwise, the position of the Lord of the Universe will not be guaranteed.

The position of the Lord of the Universe can only be his.

The man in black quickly pressed the seal, and the halo of the Karma Red Lotus under his feet increased from the thirty-sixth level to the thirty-sixth level.

His increase increased from thirty times to thirty-six times.

He originally practiced the Demonic Way, but has not yet perfected it. Now he has exhausted some of his original energy to forcefully complete the Demonic Way.

Qin Feng frowned slightly when he saw this.

The guy on the opposite side has increased his power and his combat power has greatly increased.
This is not a good thing.

But at this moment, the system prompts sounded in his mind

"Ding! Congratulations to the Lord, your phantom clone has completely refined the Jade Disc of Creation (ancient human world)... The fusion degree of the universe pole star has been increased to 100%....."

Note: When combined with Ziwei Star Lord and others, the combat power will be superimposed by 100%.

Qin Feng was overjoyed and opened his mouth to take a breath

"Ding! The host swallowed up the ancient human world.....The ancient human world and the host's human world began to merge....."

"Ding! Fusion successful.....Congratulations to the host for being promoted to binary level 100 in the human world.%...Greatly increased combat power.....The Lord of the World adds a second sequence....."

In just a moment, the broken ancient domain was completely swallowed up by Qin Feng.

His combat power also skyrocketed...

Chapter 765

"Ding! Congratulations to the host for increasing its combat power to 9 billion....."

The voice of the system echoed in my mind.

Qin Feng felt great.

It's just that no one has noticed this change yet.

At the same time, the secret technique of the man in black was completed, and the red light of the karma red lotus under his feet shone brightly, and the thirty-six layers of halo reflected through the sky of billions of stars.

"Emperor Star! Die!"

The man in black suddenly took action.

Boom~!

He punched out!

300 zi combat power!

Thirty-six times increase!

The attack power of that punch suddenly exceeded 1 trillion zi, surpassing the limit of the universe's structural laws.

It was dazzling. The light of his fist shines through the starry sky!

Even trillions of light-years away, countless galaxies, which were still night, turned into day at this moment.

Countless weak lives looked at the sky in horror, giving birth to boundless fear.

In the battlefield, The fist of the man in black ignited a black and red fire that reached the sky, as if it came from the depths of hell.

This fist carried endless jealousy.

He has always been pretentious, and even the ancient Lord of the Universe did not pay attention..
Today,

Qin Feng was completely outmatched.

This completely angered him!

He wanted to destroy Qin Feng with his own hands!

Boom~!

That punch fell with a crash.

In an instant, the sky and the earth were brilliant, and all the magic was brilliant.

The endless power of heaven rolled in. Then, like destroying dry matter, it shattered the endless starry sky in front, and 43.7 billion stars were all turned into powder, and they were all annihilated.

Qin Feng smiled coldly, and the third Ming King appeared again!

Immovable is the king!

Vajra is angry! The mighty frown!

Three Ming Kings open their divine eyes at the same time

Six rays of golden light shine directly for 930,000 miles!

Qin Feng's momentum soared into the sky, and he punched out, meeting the fist of the man in black.

At that moment, Qin Feng's fist was like a fairy volcano that had been suppressed for ten thousand years, erupting instantly, lighting up the sky with golden light, surrounded by faint sounds of heaven, exaggerating the heavens, with endless divine power, majestic and invincible.

At this moment, there were only two fist lights left in the vast universe.

A red light, a golden light.

There is no room for any other light!

In the blink of an eye, the golden and red lights intersect!

Star Master Ziwei, Star Master Tianfu, Emperor Feng and others all opened their eyes nervously.

This time, the man in black's fighting power has skyrocketed. Can Qin Feng still be able to stop him?

Star Master Ziwei and others were extremely worried.

On the other side, Gu Shang's eyes were shining with excitement.

He thought Qin Feng was dead.

This time, the man in black forcibly improved his strength, and he didn't believe Qin Feng could still stop him.

Boom~!

Two fists collide!

The starry sky breaks!

All space, time, and laws collapsed one after another and turned into nothingness.

In the starry sky, there are only two bright lights of gold and red, which intersect with each other and illuminate the universe, lingering for a long time.

All winds (ahcf), all sounds, all phenomena, and all phenomena are frozen at this moment.

After a long time, the light dissipated!

Qin Feng's figure slowly appeared, as calm as the wind, without any injuries.

Opposite, the man in black had a face as heavy as water.

The distance between the two of them is hundreds of millions each, and they are evenly matched.

Star Master Ziwei and others were extremely happy.

Gu Shang was extremely shocked.

How can this be?

The man in black did not hesitate to spend his energy to improve his strength. How could the Emperor Star be evenly matched?.

Gu Shang could not accept the facts before him, his face was gloomy, and his heart was extremely lost.

Not far away, the man in black also looked ugly.

He was also in disbelief.

The young man in front of him completely surpassed his understanding.

He has never seen anyone with talent that reaches Qin Feng's level, not even one-tenth of the level.

I didn't expect that this universe could breed such an unparalleled monster.

If this enters the God Realm, it will definitely shock the entire God Realm and cause huge waves.

This talent is so terrifying!

The man in black couldn't help but take a deep breath of cold air, his expression gradually became serious, as if he was facing a formidable enemy.

At this moment, he no longer dared to underestimate Qin Feng.

Such a monster must not be allowed to stay!

The murderous intent in the eyes of the man in black is getting stronger and stronger.

His thoughts are turning, and he is transmitting messages secretly,

"Gu Shang, now that things have happened, it's time to use your trump card. If you and I don't join forces, I'm afraid we won't have a chance to destroy the Emperor Star."

Hearing the message, Gu Shang showed a wry smile.

He knew that the man in black was right.

Qin Feng's growth rate was terrifying. If he didn't stop it, the consequences would be unimaginable.

Although he was afraid of the man in black, the two of them He has signed a life and death contract.

If he chooses the man in black, he can still keep a chance of survival.

Alas~ He sighed in his heart, and Gu Shang quickly pinched Seal Jue.

The ancient and modern divine seal is activated!

A strange aura emanated from Gu Shang.

The aura of death that day was drawn from every cell in his body, gathering at the center of his eyebrows at an unprecedented speed.

Taoist rhymes gather together and trace their origins for a long time.

Gu Shang's momentum continued to surge, and a looming Principle Crystal condensed between his eyebrows.

He unexpectedly broke through the high-grade Dzogchen at this moment. In the distance, Qin Feng sensed the abnormality for the first time and quickly looked at Gu Shang.

"Qin Feng, stop him quickly!"

Ziwei Star Master also sensed it, and suddenly felt that something was not good.

Without waiting for Ziwei Star Master to urge him, Qin Feng took action.

With his current strength, he can at most be tied with the man in black. If there is another high-grade Perfection, the situation will be It would become very unfavorable.

He was also very surprised, why did Gu Shang's breakthrough progress suddenly speed up dozens of times?

It's just that he didn't have time to think about it.

He had to stop it all.

With a thought in his mind, Qin Feng stepped forward step by step In the air, he traveled hundreds of millions of miles in an instant and killed Gu Shang directly, hoping to destroy this threat in the bud.

At the same time, the man in black also stepped forward and appeared in front of Qin Feng out of thin air, blocking the way.

The two sides immediately fought.

The battle was instant. Explosion.

The laws collapsed!

The starry sky shook!

Two powerful figures clashed, and the universe was on the verge of destruction.

.....

At the same time, two more figures appeared strangely on the edge of the battlefield.

One is a young man in a green shirt, and the other is a beautiful woman in white clothes.

At this moment, the young man looked at the universe that was about to collapse in the distance, with a smile on his lips.

"Auntie, Emperor Star has indeed gone to war with Luo Zu's incarnation. When they both lose, we will reap the benefits."

Yuan Qing looked at the beautiful woman in white with a smile.

Yuan Wumeng nodded slightly, and his elegant face also showed joy.

"Qing'er, Luo Zu's incarnation is a powerful being, and you can even deduce his whereabouts. It seems that your understanding of the Divine Seal of Destiny is almost complete."

"The aunt has won the prize, but the nephew is still one step away from perfection."

Yuan Qing smiled humbly, with a hint of amusement in his eyes.

The Divine Seal of Destiny ranks second among the Supreme Divine Seals, second only to the Divine Seal of Cause and Effect.

Not everyone can achieve perfection.

That requires peerless talent.

And he is exactly the same. Have talent in this area

"Qing'er, according to your calculations, our actions today should be auspicious, right?"

"This is hard to say!" Yuan Qing seemed to think of something and shook his head slightly.

Yuan Wumeng was confused:"What? Something else happened?"

"Auntie, I have deduced it hundreds of times, and the obituary I got is: If you don't encounter an ambush, everything will be fine. The nephew is puzzled, what does it mean to not meet someone?"

"Isn't this simple?" Yuan Wumeng smiled slightly,"If we don't encounter an ambush, that is, if we don't encounter an ambush, everything will be fine. Auntie has already observed the surroundings. Apart from us, there is no one else ambushing here. What happens today should go well."

"Auntie's words make sense!"

Yuan Qing nodded slightly, but he always felt that something was wrong.....

At the same time, the small universe in Qin Feng's body.

In the human world, on the top of a sacred mountain.

There is a huge temple there.

At this moment, inside the temple.

Fu Zhi is trying his best to comprehend the Divine Seal of Destiny.

He had just swallowed the last Daoyun Pill, and the effect was surprisingly good. His realization had also entered the final critical moment..

Chapter 766

At this moment, inside the temple.

On the purple-white glazed altar, Fu Zhi's legs were crossed and suspended on it. Thousands of rays of light were emitted all over his body. Countless auspicious fairy music fell from the sky. The mist of air billowed out, and golden lotuses emerged from the ground.

Suddenly, his sword eyebrows trembled, and three dragon roars rang out from his body.

Ho~ho~! Roar~!

The mighty heavenly dragon shook the world.

The overwhelming power of the dragon spread out of the temple.

The entire human world was shaken.

Bai Qi, three thousand innate creatures, and countless human creatures all looked towards the temple.

Everyone was shocked!

What on earth did Fu Zhi do to arouse such prestige!

At the same time, three divine lights, two gold and one purple, flew out of Fu Zhi's body.

In the blink of an eye, the three divine lights turned into three real dragons, two gold and one purple, surrounding them, and the dragons were boundless and majestic.

What is strange is that the two golden dragons are complete in shape, but the purple golden dragon is looming and incomplete.

The two golden light dragons were transformed from two supreme divine seals.

The purple light dragon is transformed from the Divine Seal of Destiny.

This is the image of the law and the true return of the great road.

Fu Zhi was conceived by Qin Feng, and possesses Qin Feng's dragon bloodline, which is why he has such a celestial phenomenon.

As the head of the three thousand innate beings bred by Qin Feng, Fu Zhi has extraordinary talent and understanding. Even Feng Emperor Panzu cannot compare with him.

You must know that Emperor Feng was the First Phoenix in his previous life, a top-level pinnacle star master.

Panzu's previous life was also a peak-level existence, and he was the first of three thousand innate beings bred by the Lord of the Ancient Universe.

But both of them were far inferior to Fu Zhi in terms of talent and understanding.

Just looking at Fu Wai's appearance, he looks like a seven or eight-year-old child. He has not been practicing for a long time, but he has already realized three kinds of supreme divine seals.

Two of them have been perfected, and the last one, the Divine Seal of Destiny, is just one step away from being perfected.

As long as he realizes success, he can help Qin Feng realize success.

This is also the reason why Qin Feng attaches great importance to Fu Zhi.

There was another dragon roar.

The purple light dragon transformed from the Divine Seal of Destiny is becoming more and more solid.

The divine seal shapes the source, and the soul is ever-changing.

Fu Zhi kept making secrets.

Buzz~buzz~ two more clear chants!

Pictures and books soared into the sky, covering the sky and the earth, and their majestic energy suppressed all directions.

The entire human world was in a commotion again, and everyone looked up.

I saw the divine map unfolding, vast and vast, turning into a giant Bagua map in an instant, comparable to the size of the solar system.

This is a river map.

At the same time, the divine book also unfolded, majestic and transformed into a nine-gong diagram, which was extremely huge.....

This is Luoshu.

Hetu turns into Bagua, Luoshu divides into nine palaces.....

Heaven and earth reflect Yin and Yang, and life and death are divided into nine levels.

The river map sinks and the Luoshu floats.

When the two things come together, the sky is clear and the earth is turbid.

The cosmic Rubik's Cube takes shape.

Fuzhi slowly opened his eyes and looked up at the Universe Rubik's Cube. He couldn't help but frown slightly, as if he had encountered some obstacle.

There was a space fluctuation, and a shadow clone appeared next to Fuzhi.

Fu Zhi sensed something and quickly turned around

"The child has met his father!"

Fu Zhi saluted respectfully.

The phantom clone is an extension of Qin Feng's body. Seeing the clone is like seeing Qin Feng himself.

Fuzhi respects Qin Feng as his father very much.

"Fu Zhi, your understanding of destiny has encountered obstacles?"

"My father asked very much. The child is only one step away from perfection. Hetu Luoshu allowed me to control Tian Yuan and Earth Yuan, but my child still lacks a little Human Yuan. But I really don't know how to master the human element?"

Fu Zhi sighed helplessly.

The phantom clone nodded slightly, "Human Yuan is destiny, and destiny is the foundation of the human world. If you want to master the human element, it is not difficult"

"Father, do you have any idea?", blooming with splendor

"Just refine it!"

The phantom clone threw a piece of jade butterfly.

It was the creation jade butterfly of the ancient domain.

"Father, is it that simple?"

Fuzhi looked at the jade butterfly in his hand, doubtful.

The shadow clone smiled slightly:"It's that simple."

Fu Zhi said no more and hurriedly offered sacrifices to the Creation Jade Butterfly.

After a moment, he was shocked, and thousands of rays of light bloomed all over his body.

The Creation Jade Butterfly was refined.

He also had an instant enlightenment.

"Done!"

Fu Zhi's eyes shone brightly, and he quickly made seals with his hands.

There was a clear sound.

The purple light dragon transformed from the divine seal of destiny instantly solidified, and finally became perfect.

Fu Zhi continued to seal seals, two gold and one gold. Purple, the golden dragons transformed from the three divine seals blend with each other, and merge into a purple-gold spiritual bead in a moment.

This spiritual bead is the three-yuan divine foundation, constructed from the three supreme divine seals, but it must be completed before breaking through to the high-level star master , this is also the method for the ancient Lord of the Universe to become a god.

"The god base has also become!"

Fu Zhi opened his mouth and sucked in, then swallowed the God-based Spirit Bead into his belly.

In an instant, his whole body's momentum surged.

Ka~ a soft cry!

Fu Zhi broke through the cultivation bottleneck and broke through to the top-level star master. His whole body's momentum surged. The whole person also changed from seven or eight years old to the appearance of ten years old.

In an instant, his whole body exuded boundless divine power, and thousands of auspicious clouds gathered in the sky.

Looking at his combat power aura, it actually reached 100 million Zi, which was comparable to that of Ziwei Star Lord. In comparison, by first condensing the three-yuan divine base and then breaking through, the combat power far exceeds that of ordinary high-grade star masters, and is also stronger than most high-grade peaks. The shadow clone secretly praised it.

This was completely beyond his expectations.

Fu He was extremely excited.

He also didn't expect that his strength could improve so much.

Speaking of which, he also has to thank his father.

"The child thanked his father! If it weren't for the Three-Yuan Divine Foundation gifted by his father, the child would not have achieved such an achievement."

Fu Zhi saluted respectfully to the shadow clone and was extremely grateful.

The shadow clone smiled: "Your destiny seal has been completed. Now go and find out the origin of the man in black."

"Try it now, kid!"

Fu Zhi was filled with joy and respectfully accepted the order.

As soon as he turned around, he stepped into the Universe Rubik's Cube in front of him and blended into it instantly.

The next second, the Universe Rubik's Cube blended into the entire world, invisible and traceless... and At the same time, Bai Qi, three thousand innate beings, and countless beings in the human world looked at the place where Fu Zhi disappeared with envy.

Just now, Fu Zhi made a breakthrough with the Three-Yuan God Foundation, and was deeply shocked. them.

0..... Asking for flowers.....

With the breakthrough of the three-yuan divine foundation, the strength far exceeds that of the same level.

How great it would be if they could also condense the three-yuan divine foundation!

It's a pity that they don't have Fu Zhi's talent and understanding, so they can only look back and sigh.

The phantom clone also looked at the direction where Fu Zhi disappeared.

To Qin Feng, the Three-Yuan Divine Foundation is simply a low-grade Divine Foundation.

What Qin Feng wants to condense is the top-grade divine foundation, which is constructed from one hundred and eight supreme true meanings.

Now, he is just one step away from building a high-grade divine foundation.

With the breakthrough of the Three Yuan God Foundation alone, Fu Zhi's strength can make such a huge improvement.

If he breaks through with a high-grade divine base in the future, his combat power will be unimaginable.

The phantom clone was full of expectations.

At the same time, outside the small universe.

For one hour in the small universe, only a few minutes have passed in the outside world.

Qin Feng has fought hundreds of rounds with the man in black.

The two sides fought in darkness, and the universe collapsed.

For a while, no one could do anything to anyone

"Ding! Congratulations to the host, your subordinate Fu Zhi has perfected the supreme true meaning - the Divine Seal of Destiny.....".....0

"Ding! Congratulations to the host, you have successfully shared the insights from Fuzhi - the Divine Seal of Destiny has been completed.....Greatly increased combat power.....".....

Everything came as expected!

Qin Feng was delighted.

He had long known about the changes in Fuzhi through the phantom clone.

This little guy didn't disappoint.

His Divine Seal of Destiny was finally perfected, and his combat power was improved again.

In addition, Fuzhi has become the second rank in the human world, and his cultivation has broken through to a high-level star master, and the superimposed combat power that can be provided to him has increased.

In this way, Qin Feng's combat power unknowingly increased to 10 billion Zi, just reaching the combat power threshold of the high-level star master's great perfection.

"Just the last divine seal is missing."

Qin Feng is in a good mood.

He has completed one hundred and seven supreme divine seals, and is just short of the last modern and ancient divine seal.

As long as he completes the last one, he can condense the high-grade divine foundation and achieve a great breakthrough in cultivation.

At this time , the man in black came to kill again.

Qin Feng sneered.

He had just improved his combat power, and it was time to change the situation of the battle.

But at this moment, a divine power soared into the sky.

Not far away, Gu Shang's whole body was emitting thousands of rays of light. The Crystal of Principle Source has formed between his eyebrows, bursting out three rays of spiritual light.

Gu Shang finally succeeded in breaking through.

His Crystal of Principle Source has taken shape.

Moreover, he is not an ordinary breakthrough.

He used the three pieces of light given by the man in black. The method of filling the gap of the Yuan Shen Foundation, after the breakthrough, the combat power far exceeds that of the best corpse puppet.

Of course, this method of filling the gap is called the pseudo Three Yuan God Foundation, which is not as good as Fu Zhi's true Three Yuan God Foundation.

At this moment, Qin Feng looked at Gu Shang from a distance.

The three spiritual lights emitted by the crystal of the source of truth between Gu Shang's eyebrows represent the three supreme true meanings, that is, the three sources of truth. One of them is the modern and ancient divine seal that Qin Feng lacks.

Seeing this, Qin Feng's eyes showed joy.

The man in black was also overjoyed.

Gu Shang succeeded in breaking through and he finally had a helper..

Chapter 767

"Gu Shang is about to break through"

"This situation is not good!"

"Brother, withdraw first!"

The voices of Ziwei, Feng Di, Chu Chu and others rang in Qin Feng's mind.

Through the vision opened by Qin Feng, they saw everything happening outside.

Gu Shang's changes made them uneasy.

At this moment, Gu Shang finally broke through. After completion, the momentum exploded instantly, and the combat power suddenly reached 24 billion Zi. The divine power was so majestic and shocking.

The faces of Ziwei and the girls changed greatly.

This guy became so strong after the breakthrough.

"Ha ha! Brother Gu Shang, congratulations on your successful breakthrough!"

The man in black laughed heartily and his tone became much more polite.

"Dude, thank you!"

Gu Shang stepped forward and approached the battlefield.

In fact, he had regrets in his heart.

The top-grade Dzogchen combat power is 10 to 30 billion zi.

He relied on the divine foundation filling method to build a pseudo-ternary divine foundation to have 24 billion Zi's combat power.

In addition, in order to speed up the breakthrough, he activated the Ancient and Ancient Divine Seal and offered the past to connect the present, so as to achieve the glory of this moment.

From now on, for tens of billions of years, his talent will not be revealed. , it is difficult to improve his cultivation.

This is his regret.

Of course, all this is because Qin Feng grew too fast, forcing him to use this trick.

Thinking of this, he hated Qin Feng extremely.

In the blink of an eye, Gu Shang arrived next to the man in black, stood side by side, and confronted Qin Feng.

Ziwei, Chu Chu and others held their breaths, not daring to take a breath.

The atmosphere of the "710" in the field became tense.

This scene, and fate The picture predicted by the divine mirror is exactly the same.

Lord Ziwei is indeed right, the future predicted by the God of Creation will definitely happen.

At this moment, both the man in black and Gu Shang are confident.

The two of them can't win a mid-level product together. Star Lord, that's a joke

"Emperor Xing, you are dead this time!", the man in black sneered proudly

"That's not necessarily the case!", Qin Feng was calm and composed

"When death is imminent, you still dare to speak harshly! Let's go!"

The man in the night stepped forward with a step in the air. Gu Shang followed closely.

The two punched at the same time.

Boom~boom~!

The sky collapsed and the earth shattered, and the flow of eternity was cut off!

The two fists bloomed with billions of sky lights, one red and one silver, bright and reflected in the starry sky. Billions of galaxies.

Buzz~buzz~!

The Karma Red Lotus lights up at the feet of the man in black.

The attack increase is thirty-six times.

The Hongmeng Sacred Ring lights up on Gu Shang's back.

The increase is also thirty-six times.

"Just in time!"

Qin Feng directly faced him, one against two, and punched out with both fists.

Boom~boom~!

In an instant, the two fists burst into golden light, reaching the sky and the earth, shining all over the world, and brightening the universe.

Three Thousand Prophecies said Patterns appear in the sky, and nine hundred million Zen singing heavenly sounds spread out layer by layer.

Past, present, future.

Vajra, immovable, mighty virtue.

The third Ming King stands in the sky, and the endless power of heaven comes out.

One hundred and eight times increase activation. Four fists intertwined!

The universe screamed!

Thousands of galaxies detonated, billions of stars turned into powder, and countless weak creatures were annihilated. Only the three colors of gold, red, and silver were left in the starry sky, and nothing else could be seen again. Don't hear its sound.

It's extremely quiet!

It's like the destruction of the universe, everything is frozen, eternally still!

Ziwei and others opened their eyes in horror, not daring to breathe.

They couldn't see everything in the field, let alone the outcome.

Such great power During the fight, they were not even qualified to watch, let alone intervene.

If they were not in Qin Feng's small universe, they would have been shattered into powder by the aftermath of the attack, and would never recover.

After a long time, the strong light dissipated.

The starry sky turned from extremely bright to bright. It became extremely dark, as if the place of battle had been completely destroyed and plunged into endless darkness and nothingness.

Star Master Ziwei and others still could not see everything.

Gradually, the sky and the earth were polished, and the dawn began to appear.

All the results of the battle were about to appear.

Ziwei, Chuchu, Emperor Feng and others suddenly became nervous and opened their eyes wide.

After a long time, the starry sky returned to light, and the sky was filled with broken stars.

Qin Feng and the other three were all gods with ten thousand feet, standing in the void, and each retreated tens of billions. Thousands of miles.

Qin Feng fought one against two, and the fight ended - Oh my god!

Ziwei, Feng Di, Chu Chu and others were delighted.

Qin Feng's performance far exceeded their imagination.

"Senior Luo, how could this happen!"

Gu Shang was extremely shocked.

He never expected that he and Luo Zu's clone would only be able to draw a tie with Qin Feng.

Why did this Emperor Star increase his strength again!

He really couldn't accept the fact before him.

"Damn it!"

The man in black roared, and a turmoil surged in his heart. What methods did this Emperor Star use?

Why did it get stronger with each war? As soon as their side increased their strength, the Emperor Star's strength also increased greatly, and they became stronger when they encountered strong ones.

"Boy, why does your combat power keep increasing? Did you use some secret technique?"

"That's right! This guy must have used secret techniques to continuously increase his combat power. Emperor Star, are we right?"

The men in black and Gu Shang shouted continuously.

Qin Feng's performance was too exaggerated and completely beyond normal logic.

They could not accept the fact that the two top-level Dzogchen who joined forces could not deal with a middle-level star master.

In their opinion , Qin Feng must have used secret techniques to temporarily increase his combat power.

But even if he explains it this way, it is extremely exaggerated.

"Didn't you two say that I am dead? Why bother talking nonsense now!", Qin Feng sneered.

The man in black became angry:"Boy, don't be so arrogant! I know that you have used secret techniques, but all secret techniques have a time limit. I am afraid that your secret techniques will not last long."

"Senior Luo is right! The secret technique is ultimately a side sect and cannot last long. Emperor Xing, I don't think you can be arrogant for long. When the time limit for your secret technique is up, it will be the time when your soul will be reincarnated. If you have some understanding and take the initiative to hand over the Six Paths, we can spare your life!"

Gu Shang was cunning and deliberately used words to trick Qin Feng.

Qin Feng sneered.

It's ridiculous that these two people are still doubting his strength until now.

However, with one against two, the best is a tie.

He wants to It will be extremely difficult to destroy Gushang unless we can find a way to break the situation.

"Emperor Star, have you thought about it?"

Gu Shang urged again.

Seeing Qin Feng's silence, he became even more convinced that Qin Feng's combat power was short-lived and could not last.

The man in black had the same idea.

The two exchanged glances, and both looked self-righteously happy.

"Boy, give you three breaths, if you don't hand over the Six Paths, don't blame our men for being ruthless!"

The man in black has the confidence again.

"So much nonsense!"

The corner of Qin Feng's mouth curled up slightly.

These two people are really whimsical!

He has real combat power. In terms of protracted war, I'm afraid these two people will regret it.

"How dare you speak harshly!"

The man in black was furious and immediately stepped forward to fight.

Gu Shang followed closely.

The two sides fought again, the void shattered and the stars wailed.

An unprecedented war broke out again.....

At the same time, the starry sky in the distance.

Yuan Wumeng and Yuan Qing looked at the battle in the distance and were stunned with shock.

"I really didn't expect that! The Emperor Star has grown to such an extent that it can lead to a tie between one and two."

Yuan Qing sighed deeply, with anxiety hidden in his eyebrows.

He plotted against Xuan Ming, plotted against Changbai, plotted against Yuan Wumeng, plotted against Luo Zu, plotted against the Lord of the Ancient Universe, plotted against everything.

But he didn't expect that Qin Feng's appearance made him completely lost. Fang Cun, my heart became infinitely worried

"I didn't expect that this Emperor Star would be so terrifying. His talent and potential far exceed that of Luo Zu and I."

Yuan Wumeng's eyes were deep.

If she were not on the opposite side, she would admire Qin Feng very much.

Unfortunately, there can only be one master of the universe.

"Auntie, you said that Emperor Star's strength has been continuously improved. Did you use some secret technique?"

"possible.", Yuan Wumeng nodded slightly,"No matter what, I hope he and Luo Zu's clone can both be injured, that is the most beneficial to us."

This time, she spent a lot of money to bring her clone to this cosmic dimension, and she didn't want to do it in vain0.....

"Auntie, the Emperor Star integrates the six realms, as well as the ancient hell world, heaven world, and human world. Logically, he should be the master of this universe."

"If he finds that something is wrong, he can escape to any place in this universe as long as he activates the power of the Lord of the Universe. The nephew thinks that we should attack him secretly, so that we have a greater chance of retaining him."

Yuan Qing came up with a proposal.

Qin Feng was too much of a threat to him. He couldn't wait to destroy Qin Feng and eradicate future troubles.

"This... let's take a look first!"Yuan Wumeng doesn't want to take action too early.

She wants to maximize her profits.

"Auntie isn't worried that Emperor Xing has escaped? Yuan

Wumeng smiled and said:"If you want to become the master of the universe, it is not enough to rely on those alone. You also need to understand the divine seal of destiny and condense the seeds of the heavenly soul.""

"Emperor Xing is now at most half the lord of the universe, and has not yet reached the level where his mind can reach, that is, what his body can reach, so he cannot escape. We don't have to worry, we just have to wait and see what happens"

"I see!"

Yuan Qing pretended to be suddenly enlightened, but there was a look of displeasure deep in his eyes.

How could he not know the key to this?.....

At the same time, in the mysterious world of time dimension.

Fu Zhi followed his father's orders and traveled through various time dimensions to inquire about the origin of the man in black.

He controls the destiny of heaven and the destiny of this universe.

Fifty billion years ago, he could use the Hetu Luoshu to find out the ins and outs of all living things.

At this moment, countless figures and pictures slid past Fu Zhi, as fast as a white horse passing by, in an endless stream.

He saw Yuan Feng, saw Zu Long, and saw Gu Shang.....

Suddenly, he was attracted by the picture of a time node.

He quickly looked carefully... and saw that in the picture, his father was fighting fiercely with the man in black and Gu Shang.

Suddenly, a woman in white came out of the air and attacked his father.

Later, the three men teamed up to deal with their father, causing him to be defeated.

Fu Zhi suddenly felt angry.

He knew that his father was fighting Gu Shang, a man in black, but who was this woman in white who suddenly appeared?

He quickly controlled the Rubik's Cube and moved the time nodes.

After a moment, he saw another image.

In the picture, the woman in white and Yuan Qing spied on the battle between Qin Feng and others, and the two also discussed how to sneak attack Qin Feng.

According to time calculation, the sneak attack will occur in half an hour.

Fu Zhi quickly locked onto the woman in white and continued to control the Universe Rubik's Cube to investigate her identity.

Time flies, and in the blink of an eye, he traces back to 50 billion years ago.

It turns out that the woman in white 5.8 is actually the daughter of the Lord of the Ancient Universe, named Yuan Wumeng.

Fu Zhi looked at Yuan Qing aside.

This Yuan Qing's cultivation level is not high and he is considered a minor character.

He always calls her Aunt Yuan Wumeng, and she has the same surname. She must be the grandson of the Lord of the Ancient Universe.

Fu Zhi was curious and focused on Yuan Qing to find out the root cause.

After a moment, he looked shocked.

Yuan Qing is actually a fake destiny, and no basis can be found, which is really weird.

Is he more mysterious than Yuan Wumeng?

"What a strange guy..."

Fu Zhi couldn't figure it out.

However, he didn't have time to think too much.

In half an hour, Yuan Wumeng will launch a sneak attack on his father under the influence of Yuan Qing, which will be very detrimental to his father.

He must hurry up Send the message to his father.

A thought came to his mind.

Fu Zhi and Qin Feng were connected.

Soon, he passed the information he knew to Qin Feng.....

But on the other side, Qin Fengzheng and Gu Shang were fighting fiercely.

The two sides fought until time and space were reversed and the starry sky was dim.

The universe is on the verge of collapse.

But neither side can do anything to the other.

But at this moment, a message came from Fuzhi.

After Qin Feng digested the news, he was stunned for a moment.

Then, his eyes shone with excitement.

He finally thought of a way to kill Gu Shang..

Chapter 768

"Father, I suggest you evacuate immediately."

Liu Zhi's spiritual message rang in Qin Feng's mind, and his tone was a little anxious.

Yuan Wumeng will sneak attack Qin Feng in half an hour.

You must know that the woman and Luo Zu are equal existences. Even if they are clones, their combat power is still the same. It has reached the limit of high-grade perfection, which is 300 Zi.

By then, Qin Feng will be besieged by three powerful men, and the situation is extremely unfavorable.

Fu Zhi is naturally worried

"My father's ancient and modern divine seal has not yet been completed, so how can I withdraw now?" Qin Feng didn't take it seriously.

Fu Zhi was so anxious that he quickly sent a message: "Father, I saw the future. You were besieged by the three of them and were completely at a disadvantage. If he doesn't leave now, his father will be in big trouble when Yuan Wumeng takes action."

"Besides, even if Father doesn't leave, he can't take Gu Shang's life, so why put himself under a dangerous wall."

What Fu Zhi said made sense.

He had already observed the subsequent battle between Qin Feng and Gu Shang through the Universe Rubik's Cube. The two sides were equally powerful. If they continued to fight, there would be no winner.

Qin Feng wanted to It is impossible for Yuan Wumeng to kill Gu Shang before a sneak attack

"Father, the days are long, let's withdraw!", Fu Zhi persuaded

"If I withdraw now, there will be great trouble in the future!", Qin Feng shook his head secretly.

As soon as these words came out, Fu Zhi fell silent.

The destiny moved, and the heart was connected.

After the destiny seal is completed, he will have extraordinary intuition about the good and bad future.

Fu Zhi's intuition, if his father deliberately avoids This crisis will lead to even greater crises in the future.

Somehow, this is a test of destiny for his father, which cannot be avoided.

Qin Feng's destiny seal has also been perfected, so he naturally has such an intuition.

He also Thinking of the scene predicted by the Divine Mirror of Creation, it seems that everything has been determined by destiny.

Even if 10 reaches the current state, he still cannot escape from the trap of destiny. If he wants to completely get rid of destiny, he can only fuse the Divine Seal of Destiny and the Divine Seal of Creation, Achieve the Seal of Destiny.

The Seal of Destiny is the ultimate seal above the one hundred and eight supreme seals. It is also the source of shaping the heavenly soul.

By mastering the Seal of Destiny, you can get rid of the influence of destiny and luck, and everything is for yourself. Arbitrary.

From then on, he will be invincible by all laws, invincible by all calamities, live as long as the sky, and will be immortal.

Unfortunately, Qin Feng has not yet mastered the divine seal of destiny.

"Father, why did we avoid this crisis and there will be greater crises in the future?"

Fu Zhi knew that his father had the same intuition.

Qin Feng guessed: "In this battle, my father's strength has been exposed. Even if I escape now, Luo Zu and Yuan Wumeng will not let me go. They may give up their prejudices and cooperate with each other"

"The next time they meet, the true bodies of the two people may appear. At that time, let alone escape, I'm afraid it will be difficult to protect myself, and the crisis will naturally be greater."

"Father, what should we do?" Fu Zhi was anxious.

He had detected some of the roots of Luo Zu and Yuan Wumeng.

Both of them were terrifying existences in the quasi-god realm, and the ones they sent were their clones.

The two had been fighting each other for their heavenly souls. Contained by the ancient world.

Of course, there are many other factors that prevent the two people from coming.

If the two give up their conflicts and come together with their true bodies, my father will definitely not be an opponent.

"Father, whether you run away or not, future crises are inevitable. What should we do?", Fu Zhi hesitated and had no idea.

"Where there is danger, there is opportunity! Although this is a test of fate for me, it is also a great opportunity for me. As long as my father can kill Gu Shang and complete the ancient and modern divine seal, he will be able to break through to a high-level star master."

"At that time, even if Luo Zu and Yuan Wumeng come in person, the father will have nothing to fear."

Qin Feng was confident in his heart.

Fu Zhi's eyes lit up, and he secretly thought that this was indeed the case.

But then, he said sadly: "Father, judging from the current situation, it is almost possible for you to kill Gu Shang!"

"Ha ha!! If we can't defeat you, we'll outsmart you, so watch out."

Qin Feng smiled and immediately started his actions.....

Fu Zhi was curious and quickly watched the battle secretly..... outside world.

Qin Feng and Luo Zu were fighting in full swing.

Luo and Zu became more and more frightened as they fought.

The two sides have fought for hundreds of millions of rounds, and Qin Feng's fighting strength has not diminished at all.

This made the two of them begin to wonder whether Qin Feng had used secret techniques.

It would be terrible if Qin Feng did not use secret techniques but fought with strength.

The more Luo and Zu thought about it, the more anxious they became.

Ziwei and others also looked anxiously.

Fu Zhi was curious about what his father would do.

At this moment, Luo Zu and Gu Shang stepped forward again and bombarded Qin Feng.

Qin Feng quickly attacked the two.

Suddenly, the starry sky broke and time shattered.

The overwhelming power of heaven is mighty.

Fuzhi, Ziwei and others all held their breaths.

Boom~boom~!

The sky suddenly appeared, there were loud noises, and countless voids shattered.

Just when Ziwei and others thought that the outcome of this meeting would be the same as before, something unexpected happened.

After the collision between the two sides, Qin Feng screamed in the field.

In the next breath, Qin Feng vomited blood and flew hundreds of millions of miles away, only to be blown away by Luo Zu and his two men.

At the same time, Qin Feng's fighting strength retreated.

In the blink of an eye, it dropped from 100 Zi to 3 billion Zi, which was 30% of its original combat strength.

Such a sudden change makes the beauty of Ziwei and the girls pale.

Tianfu and other subordinates were also confused.

Even Luo Zu and Gu Shang were dumbfounded.

Why did Emperor Star's strength suddenly drop drastically?

But soon, they thought of something and looked ecstatic

"Senior Luo, this kid really used a secret technique. Now that the time limit for his secret technique has expired, his strength has plummeted."

Gu Shang was ecstatic

"Ha ha!! Don't let him get away! Chase!"

Luo Zu's clone shouted excitedly.

In front of him, Qin Feng vomited blood, then turned around and ran away.

The two hurriedly chased him, but they were not worried at all.

Qin Feng's strength dropped to 30% of the original, and he would definitely die.

In this way , the two sides formed a situation of chasing and escaping.

However, Qin Feng's strength dropped sharply, and his speed was obviously not as fast as Luo Zu's two. It would be a matter of time before he was caught up.

This made Ziwei and other subordinates extremely anxious.

Only Fuzhi's eyes looked weird. He knew very well that his father's performance just now was definitely not his true strength.

Moreover, wasn't the direction in which his father escaped from Yuan Wumeng's hiding place? Could it be that his father 's behavior just now was not true strength.....

Fu Zhi vaguely guessed something.....

At the same time, on the other side.

Yuan Wumeng and Yuan Qing were also shocked by the scene before them.

"Auntie, the Emperor Star was severely damaged. This guy really used a secret technique.", Yuan Qing was excited

"I didn't expect Emperor Star to be defeated so quickly. It seems that I think highly of him."

Yuan Wumeng sighed.

She still expected Qin Feng and Luo Zu to suffer losses!

"Auntie, kill the Emperor Star and seize the six important things."

"This is natural!"

Yuan Wumeng dodged and disappeared on the spot.

This Emperor Star has come to her door on his own initiative. How could she let it go?.....

But Qin Feng said that while escaping to Yuan Wumeng's hiding place, he calculated Luo Zu's position behind him.

His injury was naturally fake, everything was his plan.

Not long after, he felt the starry sky in front of him tremble quietly, and he knew that Yuan Wumeng was coming.

He quickly reduced his escape speed.

After this slowdown, Luo Zu was the first to catch up.

"Ha ha! Boy, let's catch him without any effort!"

Luo Zu spread his big hand, covering the sky and the earth, and grabbed Qin Feng directly.

He actually wanted to capture Qin Feng alive.

Now Qin Feng's combat power has dropped to 3 billion. Even if it has increased by 108 times, it will still be vulnerable..

Boom~ Long~! Long~!

The huge palm pressed down like the sky, smashing all the void.

Ziwei and the girls exclaimed, secretly shouting that something was wrong.

But Luo Zu looked proud, the little guy in front of him was about to be captured by him..At this critical moment, a sudden change occurred.

Boom~!

A loud bang!

A white jade hand penetrated the void and grabbed Qin Feng first.

"who?!"

Luo Zu was furious, someone wanted to snatch his trophies.

He quickly pushed back and attacked the incoming person.

The jade hand had to resist. The palms of his hands were intertwined, and the two people collided head-on.

Bang ~ The sky collapsed and the earth shattered, and all realms were destroyed.

The void The Nine Heavens Gang Wind formed by the destruction swept away hundreds of millions of stars. Wherever it went, the stars were blown into powder and scattered all over the sky.

Qin Feng also exploded and flew hundreds of millions of miles away.

As soon as the Gang Wind passed by, the field The figure of Yuan Wumeng appeared in

"It's you!" Luo Zu was shocked.

He didn't expect that Yuan Wumeng would also send clones to the lower realm.

You know, for existences like them to send clones to the lower realm, it would cost a lot.

If there is no benefit, they will never do that. Do it.

Is it possible that Yuan Wumeng got the news in advance?

"Yuan Wumeng, why are you stopping me?"

"Why can't I stop you?"

Yuan Wumeng sneered.

Whoever gets the Six Paths will be the master of half the universe. How can she give in?

"It seems that you already know that boy is the Emperor Star."

Luo Zu's face was gloomy.

At this moment, Gu Shang also arrived 087

"Senior Luo, let me run away."

With this reminder, Luo Zu and Yuan Wumeng saw that Qin Fengzheng was quickly chase in one direction.

Yuan Wumeng took a step forward and was about to chase him.

Luo Zu dodged and stopped in front of her.

Yuan Wumeng frowned: "Luo Zu, what do you want to do?"

Luo Zu sneered: "Of course I want to stop you! Gu Shang, hurry up and chase the Emperor Star. I will stop this woman"

"Damn it!" Yuan Wumeng was furious.

Luo Zu had already taken the lead in attacking her.

The two sides immediately started fighting.

Gu Shang was overjoyed and quickly chased Qin Feng.

Yuan Wumeng was intercepted by Luo Zu.

He went to deal with Qin Feng alone, too. It's easy to catch.

After all, that kid's combat power is only 3 billion pieces of gold, so he's not worth mentioning.

.....

At the same time, Qin Feng discovered that only Gu Shang was chasing him, and a smile appeared on his lips.

Everything was as he expected.

He quickly speeded up and stayed away from Luo Zu and Yuan Wumeng, but he deliberately dragged Gu Shang away.

In this way, the two sides chased each other and quickly escaped from the sight of Luo Zu and the two.

A quarter of an hour later, the two of them traveled through the sky of billions of stars.

Gu Shang was a little annoyed after him.

He was obviously close to catching up with Qin Feng, but every time he was just a little behind.

Unknowingly, another quarter of an hour passed.

Qin Feng felt that it was almost done and he could take action.

He quickly stopped and stopped running away

"Ha ha! Emperor Xing, why don't you run away?!"

Gu Shang was overjoyed, thinking that Qin Feng was exhausted and could not escape.

He laughed arrogantly, sped up and rushed towards him.

How could a man with only 30% of his combat strength be compared with him?

"Even when death is imminent, you are still proud!", Qin Feng sneered.

Gu Shang was angry:"How dare you be so tough!"

He slapped Qin Feng directly with his palm.

But in the next breath, he was dumbfounded.

Qin Feng's momentum exploded, reaching the sky and the earth, and all the eight wastelands in the universe were changed by it.

The momentum instantly returned to its peak state, and there was no trace of it. He looked injured.

Gu Shang suddenly felt something was wrong and his face changed drastically..

Chapter 769

"You weren't hurt?!", Gu Shang exclaimed.

Qin Feng ignored him at all, raised his palm to the sky, and suppressed it.

Suddenly, the starry sky was silent, and the strong wind roared.

The overwhelming imperial power rolled down, and the world-destroying golden light came.

Everything was like The god came to the world and looked down upon the world.

Gu Shang was frightened.

At this point, there was no way out.

He bravely faced it with a palm.

All 240 Zi combat power was unleashed.

Thirty-six times the increase was added directly, and the power of one palm reached more than 8,000 Hundreds of billions of zi.

And Qin Feng has a combat power of 10 billion, a 108-fold increase, and his attack power is infinitely close to 110 billion zi.

Comparing the two, one can judge.

But the gap is not huge, Qin Feng It is still extremely difficult to kill Gu Shang.

What's more, the higher the level of power, the harder it is to kill him.

In the blink of an eye, the attacks of both sides will collide.

But at this moment, a sudden change occurred.

Qin Feng crossed his palms , directly taking Gu Shang's body.

He actually gave up all defense and chose a lose-lose style of play.

"You madman!"

Gu Shang was shocked, but he couldn't avoid it, so he had to grit his teeth and fight hard.

Boom~boom~!

Two shocking loud noises!

Qin Feng's palm hit Gu Shang solidly.

Gu Shang also hit solidly with his palm. On Qin Feng.

In an instant, the wind and clouds changed color, the sun and the moon lost their light. The world was shattered inch by inch, and countless galaxies flowed back in time.

A shrill scream.

Gu Shang's body exploded and broke into dozens of pieces, and divine blood flew in the sky..

His physical body could not withstand that terrifying blow.

But he absolutely believed that Qin Feng's physical body could not withstand his own blow.

After all, Qin Feng gave up all protection.

This guy is a madman!

Ziwei and the girls also They all closed their eyes and couldn't bear to see Qin Feng's physical body disintegrate.

But then, a strange scene happened.

Qin Feng only shook slightly, and his divine body was safe and sound, let alone disintegrated.

He actually easily withstood Gu Shang with his physical body A full blow.

Ziwei and others were also extremely shocked. Gu Shang was also completely dumbfounded.

How is this possible!

How could Qin Feng resist his own blow with only his physical body?

But before he could think about it, Qin Feng used his weapon..In an instant, sword light filled the sky.

The Heaven-Sealing Divine Sword!

The Heaven- fixing Divine Sword! The Trapped Heaven Divine Sword!

The Heaven-Destroying Divine Sword!

The four swords appeared together, each one extremely huge, beyond the Milky Way, the light of the Heaven-Connecting Sword lit up, sealing the sky. Jedi.

Gu Shang suddenly felt that something was not good, and with a thought, countless pieces of flesh and blood flew back, gathered into meat balls, and wanted to be reborn.

Qin Feng pointed his sword, and the four divine swords turned into billions of lightsabers, and the Minced meat dumplings

"Damn it!"

Gu Shang was angry and wanted to coagulate his blood and be reborn again.

A formation ten times larger than the Milky Way rose slowly below.

The Sealing Heaven Formation appeared!

The four divine swords returned to their positions immediately!

In the blink of an eye, the Sealing Heaven Sword Formation Taking shape.

The four sword gates shot out endless sword light and strangled Gu Shang.

A shrill scream!

Gu Shang's rebirth failed again.

"Emperor Star, why doesn't your body collapse?"

Gu Shang roared while trying to revive.

He really couldn't understand why Qin Feng could withstand his own blow just by relying on his physical body.

Even Luo Zu's clone couldn't do this.

Thinking that he could do it just by relying on his physical body. Withstanding that blow, only a super powerful person in the quasi-god realm can do it.

In other words, only the realm of Luo Zu's true body can do it.

But Qin Feng is only a middle-grade star master, and he is far from even the high-grade Dzogchen. Let alone reaching the quasi-god realm.

This is completely illogical!

He really can't figure it out!

It's even harder to accept!

Besides, Qin Feng has such an ability, why didn't he use it before?

Could it be that this guy has never used it from the beginning to the end.

This thought made Gu Shang even more shocked.

Not to mention that Gu Shang was puzzled, even Ziwei, Chu Chu, Tianfu and others didn't understand it.

Only Emperor Feng thought of something and smiled knowingly.....

At the same time, in the small universe.

In a remote starry sky, countless star fragments float.

The void is filled with huge space cracks.

The surrounding time dimension has been severely distorted.

The black boundary-breaking wind is raging crazily.

There had just been an extremely horrific explosion here.

At this moment, the void shook slightly.

Countless gray energies emerged out of thin air.

The next second, a lot of gray energy gathered together and transformed into a handsome young man, who exactly looked like Qin Feng.

He is Qin Feng's phantom clone.

It turns out that Qin Feng used the divine seal of cause and effect to transfer Gu Shang's attack to the phantom clone.

Naturally, the phantom clone couldn't bear it and was killed in one blow.

But as long as Qin Feng's body is immortal, the shadow clone can be reborn indefinitely.

This means that the yang pole generates yin, the yin pole generates yang, the yin and yang transform, and are eternal.

Qin Feng used this method to make his body comparable to the quasi-god realm, completely shocking Gu Shang.

Qin Feng was very satisfied with the effect.

The Karma Seal is indeed the first supreme divine seal, ranking above the Destiny Seal.

It is also one of Qin Feng's trump cards.....

The outside universe.

But Gu Shang failed in one move, and Qin Feng took advantage of him and was trapped in the Heaven Sealing Sword Formation.

He wanted to coagulate his blood and resurrect, but he was pierced by billions of sword lights again and again, and returned to blood foam.

In this way, his body, his soul, and his true spirit were constantly being strangled by the sword array, and his momentum was gradually declining.

This made Gu Shang furious and heartbroken.

"Boy, do you think you can kill me with this sword formation? You are simply dreaming!"

"I have already reached the perfection of my true spirit. Even if you hang me for decades, you will never try to destroy me!"

Gu Shang roared loudly.

Qin Feng ignored it and continued to strangle.

Gu Shang's momentum continued to decline a little bit, but the speed was too slow.

At this rate, it would be difficult to completely kill Gu Shang without decades of strangulation.

After all, Gu Shang is not an ordinary high-grade Dzogchen, but a super-high-grade Dzogchen who broke through with the false three-yuan divine foundation.

If he were placed in the God Realm, he would be a super strong man who swept across the same level. How could he be killed easily.

But If you can kill him, the harvest will be greatRich.

Seeing Qin Feng not giving up, Gu Shang became even more angry

"Boy, you really dare to dream! If you have the guts, don't run away!"

As soon as he finished speaking, a burst of true spirit fluctuations surged through the formation. It was a kind of message.

"Qin Feng, this guy summoned someone, he should have contacted the man in black for rescue. This is not good!"

Ziwei Star Master immediately noticed

"Brother, this guy is too difficult to deal with. I'm afraid we won't be able to kill him."

"yes! The man in black is not far from us. If he came, it would only take more than a quarter of an hour. We simply don't have enough time."

Chu Chu and Feng Di both felt helpless. But

Qin Feng smiled slightly.

He had already had a plan in his mind.....

At this moment, the star field in the distance.

Luo Zu received the true spirit message from Gu Shang

"Yuan Wumeng, stop now! We've all fallen into a trap!" Luo Zu took the initiative to stop.

Yuan Wumeng was stunned:"What do you mean by this?"

"I just received a summons from Gu Shang, and the injury to Emperor Xing was actually fake. Gu Shang had fallen into the trap and was trapped in the sword formation by Emperor Xing."

Luo Zu's face was gloomy.

He was actually fooled by a junior, and he was naturally unhappy.

"This guy is really cunning, you and I have underestimated him. how? Are you going to rescue Gu Shang?", Yuan Wumeng sneered.

Luo Zu shook his head:"I am not worried about Gu Shang. Although he is not as good as Emperor Star, it is impossible for Emperor Star to destroy him. The two of them are considered to be on the same level. What I'm worried about now is that Emperor Xing will take the opportunity to escape.
Yuan

Wumeng was startled:"You are right, we will chase him!""

At that moment, the two of them gave up their differences, turned into two rays of starlight, and rushed towards the direction where Gu Shang asked for help.....

At the same time, on the other side, in the Heaven Sealing Sword Formation.

Gu Shang was still cursing.

He was sure that Luo Zu would arrive soon and Qin Feng could not kill him, so he was confident.

But at this moment, a sudden change occurred in the sword formation.

Qin Feng activated the Karma Seal again.

Attack this and that!

Billions of sword light attacks, through the conversion of the divine seal of cause and effect, transfer the damage to Gu Shang's true spirit.

Gu Shang's extremely shrill screams immediately rang out from the formation.

The body is easy to kill, the soul is easy to destroy, but the true spirit is difficult to destroy.

The most difficult thing to kill a powerful Dzogchen person is to destroy his true spirit.

Generally, only by completely destroying their physical body, soul, cultivation, etc. can they attack the true spirit hidden in the deepest part.

The best corpse puppet has no real spirit, so it is easy to destroy.

But the top-grade Dzogchen experts are different. The true spirit is the basis of their infinite resurrection, so it is difficult to kill them.

Of course, this is for others, but it is different for Qin Feng.

He has mastered the divine seal of cause and effect.

Another wonderful use of the Karma Seal is that it can transfer attacks of any kind to the enemy's true spirit.

This is simply a weapon for slaughtering high-grade Dzogchen.

In just a moment, Gu Shang's momentum plummeted as if he had been hit in a critical area in the formation.

He shouted in horror: "How so? Emperor Star, what methods did you use? Let me out quickly!"

Qin Feng sneered: "Didn't you say that I can't kill you?"

"Ah~! It hurts! God, I...I was wrong. Please let me go. As long as you love me, I will never be your enemy from now on!"

Gu Shang wailed loudly.

His true spirit was constantly being strangled. It was the pain coming from the depths of his soul, which was unbearable for him.

Qin Feng sneered, and with a thought, two figures flew out of his body.

One was a virtual shadow clone, one at a time, were Fu Zhi. As soon as the shadow clones appeared, they sacrificed the Tai Chi Diagram, transformed into the Great Dao Wuji, and three thousand talisman seals, and fixed the space of the formation.

Fu Zhi sacrificed the Hetu Luoshu, transforming into the Nine Palaces Bagua, the fourth level of flight, freezes the time of the formation.

Qin Feng seals the seal, and time and space rotate in the sword formation. Years and years are separated by yin and yang, and the flow of time accelerates a thousand times.

"No~! ", Gu Shangbi's shrill scream echoed in the universe, "Lord Emperor Xing, please spare my life!"

This speed accelerated, and Gu Shang's true spiritual aura was withering at a speed visible to the naked eye.

Half a quarter of an hour later, a soft popping sound came from the formation.

Like the cold wind blowing out a lonely lamp.

Then everything quieted down.

Gushang has fallen!

Suddenly, the sky of billions of stars became dim.

The weak creatures on countless stars all felt inexplicably sad (Zhao Li's), as if the whole world was sad.

They didn't know that a great man had just died

"Ding! Successfully kill the top-level Dzogchen strongman.....The host gains 300 billion karma points....."

"Ding! After successfully absorbing blood energy, ten Hong Neng Pearls (top grade Dzogchen) are automatically condensed....."

"Ding! Remind the host that you have accumulated 34 Hong Neng Pearls (10 high-grade beads, 7 top-grade peak beads, and 17 high-grade Dzogchen beads)....."

The rewards from killing Gu Shang are far greater than those of top-quality corpse puppets!

Qin Feng waved again, and Gu Shang's storage ring and the Principle of Origin crystal were all in hand.

He looked at the Principle Source Crystal and put it away with satisfaction.

His ancient and modern divine seal will soon be perfected, and he can achieve a breakthrough in cultivation

"Brother, you really killed that guy! You are so awesome!"

Chu Chu was overjoyed

"Father, let's withdraw! Luo Zu and the others should arrive soon!"

Fu Zhi also looked excited.

Qin Feng smiled slightly:"Let's go! Go back to retreat!"

With a wave of his hand, he took Fuzhi into his body.

Then, he and the shadow clone disappeared out of thin air.

The next second, Qin Feng appeared at the Star Alliance headquarters.

There were many of his subordinates in the headquarters, so he only needed one thought You can return to consciousness.

After Qin Feng left for a full quarter of an hour, Luo Zu and Yuan Wumeng rushed over.

But everything was empty..

Chapter 770

The battlefield.

Luo Zu and Yuan Wumeng looked around in surprise.

I saw that the surrounding starry sky was broken, time and space were distorted, countless stars and dust were scattered and floating, exuding a dark and cold atmosphere, and there was also a faint smell of blood.

"Gushang has fallen.", Luo Zu looked ugly.

"This is impossible! Gu Shang is a perfect body achieved by the pseudo-three-yuan divine foundation. How can it be destroyed at the drop of a hat?"

Yuan Wumeng didn't believe it at all.

"If you don't believe it, look!"

Luo Zu took out a black gold talisman, which was the life and death contract talisman he signed with Gu Shang.

But at this moment, there was a deep crack in the middle of the talisman.

Yuan Wumeng was shocked.

There are only two reasons for the contract talisman to crack. , one is a breach of contract, and the other is the accidental death of the person who signed the contract.

Obviously, Gu Shang did not dare to breach the contract, which is no different from seeking death.

Then there is only one possibility left, Gu Shang died

"impossible? Emperor Xing and Gu Shang are strong men of the same level. How could he kill Gu Shang?"

Yuan Wumeng still couldn't believe it.

Luo Zu smiled bitterly:"I didn't believe it at first, so I never paid attention to the changes in the contracted talisman. It wasn't until I caught a trace of the broken spirit talisman and found that the talisman was broken that I couldn't believe it. Do not believe."

With this reminder, Yuan Wumeng quickly dispersed her spiritual thoughts and searched everywhere.

After a while, she found a trace of the breath of true spirit fragments, which was very similar to Gu Shang's breath.

This was enough to show that Gu Shang had fallen.

Yuan Wumeng Wu Meng's face darkened.

At this moment, she finally believed it

"Luo Zu, look at the remaining traces of this battlefield. Their fight should have ended half a quarter of an hour ago. According to our speed, the whole battle was over in only half an hour."

"In other words, it only took Emperor Star half an hour to kill Gu Shang. Do you think this is possible?"

Yuan Wumeng made his own analysis

"this....", Luo Zu opened his mouth and was speechless.

Not to mention Qin Feng, even if he and Yuan Wumeng joined forces, it would not be possible to kill Gu Shang in half an hour.

This is only possible unless someone from the quasi-god realm takes action.

But Qin Feng is only a mid-level star master, and his combat power is only at the same level as them. How can he do it?

This is simply a fantasy

"I also think it is impossible, unless....."

Luo Zu looked at Yuan Wumeng with a strange expression.

"Don't look at me. My true body is in the Temple of Reincarnation, you don't know that. Besides, neither you nor I have the Six Paths in our bodies, so our true bodies cannot go down to the lower realms. Why do you need to doubt me?"

Yuan Wumeng was a little unhappy.

Luo Zu nodded slightly.

He knew that Yuan Wumeng was not lying.

Their bodies are all in the Temple of Reincarnation, so this matter cannot be done by Yuan Wumeng's body.

"It seems that this matter can only be done by Emperor Star. But his strength is far away from the quasi-god realm. How did he do it? Does he have help?"

Luo Zu muttered, full of confusion in his heart.

Yuan Wumeng sneered:"Luo Zu, we all know this part of the universe. Only Emperor Star can threaten the existence of Gu Shang. Others are still qualified to be Emperor Stars. helper.

Luo Zu sighed:"Hey!" That's big trouble. No matter how Emperor Xing did it, it showed that he had mastered some kind of special attack method, which was comparable to the quasi-god realm to a certain extent. Yuan

Wumeng took a deep breath and said,"If this is the case, this Emperor Star will be too terrifying. This person will be the biggest threat to you and me!"

Luo Zu nodded slightly:"That's right!" Yuan Wumeng, how about you and I put aside our prejudices and join forces to destroy the Emperor Star?

Yuan Wumeng's eyes lit up:"This is exactly what I mean!" But the Emperor Star is nowhere to be seen, how to destroy it? Luo

Zu smiled coldly:"If my prediction is correct, he has most likely fled to the Star Alliance headquarters. Maybe he was seriously injured.""

"After all, his strength is only at the same level as Gu Shang. If he can kill Gu Shang in such a short time, he will definitely have to pay some price, and it is impossible to escape unscathed. It's the best time for us to go to the Star Alliance to kill him now."

"Makes sense!" Yuan Wumeng nodded slightly,"I was afraid that boy was cunning and didn't flee to the Star Alliance."

"That doesn't matter, we will destroy the Covenant directly. The Star Alliance is the foundation of the Emperor Star, so I don't believe that he doesn't feel sorry for it. Say it again. Without that foundation, the growth rate of the Emperor Star will also decrease."

Luo Zu chuckled, very cruel.

"Makes sense!"

"Let's go! At the speed you and I go, we can reach the Star Alliance in about three hours."

"good!"

At that moment, the two of them turned into two rays of starlight and rushed towards the Star Alliance headquarters.....

At the same time, the Covenant headquarters.

On Zhongji Ziwei Star, in the main hall of the headquarters.

Star Master Ziwei, Fu Zhi, Feng Emperor, Pan Zu, Chu Chu, Qin Baobao, Tianfu and other senior members of the Star Alliance were having a meeting.

At this moment, everyone in the hall was amazed at Fu Zhi's improvement in cultivation.

Even the Lord Ziwei looked envious.

However, everyone's topic quickly shifted to the current situation

"Fu Zhi, you said that the black man and the white man before were just clones?"

Everyone was shocked.

Those two people are so powerful, but they are just clones. It is unimaginable.

"That's right! The man in black is named Luo Zu, and the woman in white is named Yuan Wumeng. Both of their bodies are in the Temple of Reincarnation, trapping their heavenly souls."

Fu Zhi controls the destiny of heaven and can control it for fifty billion years.

He already knows most of the details about these two people.

"Just the clones are so powerful, so what are the actual cultivation levels of the two people?"

"Quasi-god realm!"

"hiss~! "

The whole place gasped.

High-grade Dzogchen is already out of reach for them.

The quasi-divine realm, which is one level higher than the top-grade Dzogchen, is simply unimaginable.

"As far as I know, the ancient master of the universe has a quasi-god perfection. These two people definitely have the strength to become the master of the universe. They will also be Qin Feng's biggest opponents!"

Ziwei Star Lord sighed.

Everyone nodded slightly.

Legend has it that there are two realms of quasi-gods, one is the quasi-god realm, and the other is the quasi-god perfection.

Luo Zu and Yuan Wumeng are only one hour lower than the ancient master of the universe. realm

"I'm worried about another problem now. Although Qin Feng killed Gu Shang, the clones of Luo Zu and Luo Zu were still there. I'm just afraid that the clones of these two people will come looking for revenge. At their speed, they can arrive there in three or four hours."

As soon as these words came out, everyone's expressions changed slightly.

If this is really the case, can Qin Feng still be able to resist the two powerful men with a combat power of 30 billion Zi?

This has to worry everyone.

But Fu Zhi smiled slightly: "Everyone Don't worry. My father is in retreat, and he will soon be able to break through to a high-level star master. At that time, even if those two people join forces, there will be no return."

Everyone nodded and showed joy.

After experiencing so many things, they became more and more confident in Qin Feng.....

Meanwhile, Microcosm.

Heavenly Palace, inside the forbidden area for cultivation.

Qin Feng crossed his legs and hung in the air.

There was a three-color Principle Source suspended in front of him.

This is Gu Shang's Principle Source Crystal, which is obviously larger than the ordinary Principle Source Crystal.

At this moment, Qin Feng kept pinching the seal (bcff) to practice the crystal of Taoyuan.

Click~click~!

Two soft sounds!

The spiritual crystal cracked, and two slender cracks were clearly visible.

Qin Feng used his finger skills, and the Principle Source Crystal instantly bloomed with dazzling spiritual light, completely cracked, divided into three, and turned into three Source Crystals.

One purple, one green, one yellow.

Purple is the divine seal of modern and ancient times, green is the divine seal of longevity, and yellow is the divine seal of thick earth.

This is the consummation of ancient sorrow
Three great sources.

Qin Feng waved his hand and put away the Immortality Seal and the Thick Earth Seal.

Keep these two Source Crystals for great use in the future.

Then, he excitedly looked at the Jingu Divine Seal, opened it, sucked it in, and swallowed it.....

"Ding! Successfully swallowed the Crystal of Principle Source.....The host has gained a lot of insights into the true meaning of ancient and modern times, and the divine seal of ancient and modern times has been completed.....Combat power surges....."

"Ding! Remind the host that you have completed one hundred and eight supreme divine seals and can try to construct a high-grade divine base....."

"It's finally done!"

Qin Feng was overjoyed and quickly closed his eyes and concentrated to build the divine foundation.

Three supreme divine seals can build the three-yuan divine foundation, which is a low-grade divine foundation.

Nine supreme divine seals can construct the nine-pole divine foundation, which is a low-grade divine foundation.

Thirty-six The supreme divine seal of the Tao can build the divine foundation of all heavens, which is a middle-grade divine foundation.

One hundred and eight supreme divine seals can construct the divine foundation of the great avenue, which is a high-grade divine foundation.

Time flies, and the years are fringed.

In the blink of an eye, three days have passed in the small universe.

More than two hours had passed in the outside world.

Ziwei, Fengdi and others were suffering from waiting.

According to their calculations, Luo Zu and Yuan Wumeng would arrive in half an hour.

But there was no movement from Qin Feng.

They again They didn't dare to disturb.

Just as everyone was waiting impatiently, a huge change occurred in the small universe.

The forbidden area where Qin Feng was located suddenly heard the roar of dragons and phoenixes, which instantly spread to every corner of the small universe.

Countless stars, countless stars Domain, countless creatures in countless galaxies were shocked.

Each one seemed to have telepathy and couldn't help but look in the direction of Qin Feng's practice.

The next second, a sky-reaching purple light rose in that direction, instantly illuminating every corner of the universe..Whether it is the five polar stars, the hell world, the heaven world, the human world, or the extremely distant edge of the universe, they are all illuminated by purple light. The divine power reaches the sky, shocking the world. Countless creatures in the universe feel it in their hearts, and they are filled with supreme awe. He kowtowed in worship and was extremely excited.

But at this moment, the purple light became even stronger, penetrating the small universe and reaching the outside universe. In an instant, the Star Alliance headquarters and Qin Feng's residence lit up with purple light, covering hundreds of millions of stars.

Avenue The holy power suddenly appeared.

Countless members of the Star Alliance felt the feeling in their hearts, and the shadow of Qin Feng appeared in their hearts. Standing in the sky, the holy power was so majestic that people kowtowed and worshiped with great respect.

"Success! Dad succeeded!"

Fu Zhi was extremely excited. He obeyed the power of heaven and kowtowed in the direction of his father.

Ziwei, Feng Emperor, Tianfu and others also cried with joy and kowtowed one after another.

But at this moment, a monstrous force rose up in the purple light, making the heaven and earth tremble, and all spirits Frightened, vast, and boundless.

Fu Zhi and Ziwei also sensed something, and were extremely ecstatic.

At the same time, Qin Feng's mind echoed with the sound transmission of his system

"Ding~ Congratulations to the host for successfully constructing the Tiandao Divine Foundation (high-grade Divine Foundation), and the strength has skyrocketed....."

"Ding! Congratulations to the host for successfully devouring the Hong Neng Pearl (high-grade Dzogchen)... His cultivation level has broken through to the top-grade star master... His combat power has skyrocketed....."

"Ding! Congratulations to the host for successfully devouring the Hongneng Pearl (high-grade perfection)... His cultivation has reached the top of the top-grade... His combat power has skyrocketed....."

"Ding! Congratulations on your host's breakthrough. Your small universe has been upgraded from a medium to a large universe. The space has been expanded a hundred times, and the control of time and space has been strengthened a hundred times....."

"Ding! Congratulations on the breakthrough of the host realm. If you meet the conditions, you can try to condense the heavenly soul.....Information is being transmitted....."

After a long time, the purple light faded away, and the power of heaven calmed down.

In the small universe, countless creatures have sensed the changes in the universe.

The small universe at this moment can no longer be called a small universe. It is almost the same size as the outside universe.

It should be called the inner universe, the big universe created by Qin Feng.

The center of the inner universe, the holy domain of the Heavenly Palace.

Countless people looked up to Qin Feng.

I saw Qin Feng standing on the top of the starry sky, with purple air under his feet and a divine light on his back.

His divine eyes opened and closed, and the supreme power of heaven rolled down.

Qin Feng succeeded.

Not only did he build a high-grade divine foundation, but his cultivation also reached the peak of a high-grade star master in one fell swoop, and he was only one step away from the high-grade Dzigchen.

With this success, his temperament has undergone tremendous changes.

"I wonder to what level my combat power has been improved? It's time for those two guys to come too!"

Qin Feng was curious. He raised his head and looked into the distance.

He actually saw through the inner universe at a glance and directly saw the changes in the outer universe. He faintly saw two starlights coming from the border of the Star Alliance. As expected,

Luo Zu and the two were almost there..
