

## God level 771

### Chapter 771

Qin Feng smiled slightly.

With his current strength, he is no longer afraid of Luo Zu and Yuan Wumeng joining forces.

After all, they were just two clones.

However, it would not be difficult for him to destroy the two clones, unless he could kill them with one blow.

Although the two Luo Zus cannot descend to the lower world, they have the ability to recall their clones instantly.

If Qin Feng couldn't kill him instantly, the two clones would have a chance to escape.

In that case, Qin Feng would lose the opportunity to weaken the strength of Luo Zu and others.

Killing the clones will damage the original strength of Luo Zu and Yuan Wumeng.

"If I break through to the high level of Dzogchen and kill these two clones instantly, there should be no suspense. It's a pity....."

Qin Feng felt a little regretful.

He devoured 17 high-grade Dzogchen-level Hong Neng Pearls, and his cultivation level continuously broke through to the peak of high-grade.

If you want to break through to high-grade Dzogchen, you will need dozens of high-grade Dzogchen level Hongneng beads.

However, there were only 10 Hong Neng Pearls left in his hand at the top level and 7 at the pinnacle level, which had little effect on him.

Of course, with Qin Feng's current strength, whether he can instantly kill Luo Zu's two clones will only be known in actual combat.

After all, Qin Feng himself didn't know to what level his combat power had improved.

Thinking of this, Qin Feng took one step and disappeared into thin air.

In the next breath, he arrived at the main hall of the Star Alliance headquarters.

Ziwei, Fuzhi and other senior officials were gathering there.

When Qin Feng appeared, everyone was overjoyed.

Everyone found that Qin Feng's noble temperament became even stronger, and just one look at him made people feel reverent and worshipful.

Even the master of Ziwei Star, who is at the top of the top level, can't help but feel reverence and has the urge to kneel down to Qin Feng.

Speaking of which, Qin Feng and she are at the same level of cultivation.

"Father, what level have you reached now?", Fu Zhi asked happily.

Everyone also looked curious.

After Qin Feng's breakthrough, not only did his temperament change drastically, but even his cultivation level was automatically hidden, and they couldn't see through it at all.

In fact, don't say they can't see through it, even if Even if the clones of Luo Zu and Yuan Wumeng come here, they can't see through it.

This is the magical effect of the Great Dao Shen Ji (high grade).

"The pinnacle of top quality.", Qin Feng said casually.

Everyone was overjoyed.

"Father, if you don't make a breakthrough, that's it. Once you make a breakthrough, you will rise to two realms in a row. Now even if Luo Zu and Yuan Wumeng come, we are not afraid anymore. Fu

Zhi was excited in his heart.

Everyone nodded, and their joy was beyond words.

Qin Feng smiled slightly:"As soon as it comes, destroy it." This time, I will make it impossible for them to come back."

Qin Feng still hasn't said a word.

By destroying the two clones of Luo Zu, he will be able to obtain a large number of Hong Neng Pearls (high-grade Dzogchen). There is hope for him to break through to the high-grade Dzogchen.

"The clones of Qin Feng and Luo Zu both have a combat power of 30 billion Zi, so it is difficult to kill them! What's more, both of them are powerful in the quasi-god realm. As soon as the situation goes wrong, they will recall the clones."

Ziwei Star Master has a lot of knowledge and kindly reminded him.

Everyone nodded silently.

Such a powerful clone is indeed extremely difficult to kill.

Fu Zhi did not take it seriously.

"It doesn't matter if there is no killing. As long as father drives those two clones out of this universe, we will have nothing to worry about. Their true form wants to go to the lower world, but they can't do it unless they can get the heavenly soul."

Fu Zhi controls the destiny and knows a lot about the details of Luo Zu and Yuan Wumeng.

After hearing the words, everyone felt reassured.

Fu Zhi said again: "Besides, with father's talent and talent, it won't take long for him to break through. Great Perfection. At that time, even if they come in person, we will have nothing to fear"

"You do know a lot.", Qin Feng smiled slightly

"Qin Feng, you have broken through to the peak of high-grade, have you become the master of this universe?"

Ziwei looked forward to it.

She had already regarded Qin Feng as her future, so she naturally hoped that everything would be fine for Qin Feng.

"not yet!", Qin Feng shook his head slightly

"Why?"

"This universe was not created by me. If I want to completely control it, I need to condense the Heavenly Soul."

After Qin Feng broke through, the system sent a large amount of information.

He already has a very clear understanding of how to become the master of the dual universes.

"So what do you do to condense the Heavenly Soul?"

Ziwei and everyone are very curious.

This is the first time they have heard of the existence of Tianhun.

"To condense the Heavenly Soul, two conditions need to be met. One is to cultivate to reach the highest level of perfection, and the other is to condense the divine seal of destiny.", Qin Feng explained casually

"I have heard about the Seal of Destiny. That belongs to the category of Daoji Divine Seal, which is one level higher than the Supreme Divine Seal. It is extremely difficult to condense!", Lord Ziwei sighed.

Lord Tianfu also said: "I heard that the Lord of the ancient universe spent hundreds of thousands of years condensing the Seal of Destiny."

"so long?"

"hehe! That is the Daoji Divine Seal, how can it be condensed so easily? To put it simply, the difficulty of condensing the Daoji Divine Seal is ten thousand times that of the Supreme Divine Seal."

As soon as these words came out, everyone was dumbfounded and even a little worried.

If it took Qin Feng hundreds of thousands of years to condense the Seal of Destiny, would Luo Zu and Yuan Wumeng go down to the lower world to trouble Qin Feng?

After all, it took too long, it must be There will be changes.

Qin Feng doesn't care.

Because his inner universe has evolved and can adjust the time difference of the universe to a thousand times.

In other words, a thousand years have passed in his inner universe, and only one year has passed in the outside world.

He He has been cultivating in the inner universe for hundreds of thousands of years, while only a few hundred years have passed in the outside world.

What's more, his understanding is much higher than that of the Lord of the ancient universe, and he is afraid that he will succeed within a few decades.

At the moment, Qin Feng smiled calmly: "Shangpin Da Da Consummation is indeed much easier than condensing the Seal of Destiny. In this case, I should break through to the high-level Dzogchen first. Maybe there is an opportunity to break through."

"Can you make a breakthrough today?"

Everyone was surprised.

This is too fast!

"Qin Feng, it takes tens of billions of years to break through from the top to the Great Perfection. How can you say that a breakthrough can be achieved?"

Ziwei Star Master can't believe it.

"Opportunity comes!"

"Opportunity?"

"Here they come!"

Qin Feng looked at the border of the Star Alliance from a distance.

He had already seen the figures of Luo Zu and Yuan Wumeng.

The opportunity for him to break through to the Great Perfection lies with these two people.

"Luo Zu and the others are here?"

Everyone also looked in the distance, but they couldn't see it.

Their strength was far inferior to Qin Feng's

"Let's go! Meet them!"

Qin Feng waved his hand and took everyone into the inner universe.

Then, he stepped into the air and disappeared out of thin air.

The next second, Qin Feng appeared at the distant Star Alliance border, standing tall in the air, with his clothes flowing, and his bearing was extraordinary.

Not long after, two star rainbows came from far to near, flying at a very fast speed, shocking the world.

When they got closer, the star rainbow turned into two figures, it was Luo Zu and Yuan Wumeng.

When they saw Qin Feng, they were all stunned. Overjoyed

"Ha ha! Yuan Wumeng, I just said that this kid escaped back to the Star Alliance's lair! Look, he is waiting for us here!"

Luo Zu laughed excitedly

"I didn't expect him to do this. This trip was not in vain."

Yuan Wumeng was also overjoyed. What they were most worried about was that Qin Feng did not escape back to his lair, but hid.

"Yuan Wumeng, this boy's temperament seems to be different from before, and I can't see through his cultivation."

At this time, Luo Zu finally found some clues and quickly transmitted the message secretly.

Before this, he could see through Qin Feng's cultivation level at a glance, but now he can't do it.

He doesn't know that Qin Feng has achieved the Dao Divine Foundation. , how could his clone be able to see through it?

"Huh! It really is!"

Yuan Wumeng also discovered some abnormalities.

Qin Feng's temperament was more noble than before, making people involuntarily admire him. It seemed really different.

In addition, she couldn't see through Qin Feng's cultivation.

But Then, she thought of something and quickly sent a message:"Luo Zu, this kid is deliberately covering up his cultivation. Is he trying to cover up his injuries?

Luo Zu's eyes lit up:"It makes sense!" This boy's strength is not much stronger than Gu Shang's. He can destroy Gu Shang. I don't believe it if he is not injured. Yuan Wumeng, you are still thoughtful!"

This compliment made Yuan Wumeng a little proud. After this exchange of messages, the two people's confidence increased greatly.

Luo Zu thought he had seen through everything, and looked at Qin Feng with a mocking look on his face.

"Haven't you two finished discussing it?", Qin Feng looked at the two of them calmly.

Luo Zu sneered:"Boy, how long do you want to keep pretending? Do you think we can't see that you are injured now? Qin Feng was stunned:"

Am I injured?" I do not know how?

Luo Zu said with disdain:"I knew you would deny it!" Stop pretending, you will be unscathed when you destroy Gushang. In that case, you think too highly of yourself! Yuan

Wumeng also sneered:"Emperor Xing, if you know a little more, you can hand over the Six Paths." If you still want to be tough, your injured body will not be able to stop the two of us from joining forces. You will definitely die here today!"

...Asking for flowers.....

After listening to what the two said, Qin Feng was speechless.

These two people really dare to underestimate themselves!

After seeing all this, Fuzhi, Ziwei, Chu Chu and others felt unhappy.

"These two guys are so arrogant! They still don't know that their father is no longer the same cultivation level he was three hours ago."

"Do not worry! They will regret it soon"

"Ah! I'm afraid they won't have a chance to regret it!"

Everyone in Fu Zhi thought it was funny.

"Boy, have you thought about it? If you have considered it well, you will hand over the Six Paths and sign a blood slave contract, and we will not embarrass you!"

Luo Zu urged with a sneer, also trying to test Qin Feng's details.

"You talk too much!"

The eyes of Qin Feng Shen opened and closed, and the power of God came into being.

"What did you say?!"

Both Luo Zu and Luo Zu were furious.

They didn't expect that Qin Feng would dare to be so tough.

"If you want to fight, fight! No need to say more!"

Qin Feng was no longer patient.

He took a step forward, thousands of miles of purple energy rose under his feet, and endless divine light bloomed behind him. The supreme power of heaven rolled in.

Suddenly, the sky and the earth shook, and the sun and the moon changed colors. , the sky of billions of stars shines brightly

"Damn it!"

"Kill him!"

Luo Zu and the two were shocked.

They did not expect that Qin Feng would dare to attack.

0.....

The two were angry and immediately joined forces to fight back.

Luo Zu took the first step and punched through the air.

Thirty billion combat power, thirty-six times increase.

The attack power of that punch reached one trillion zi, making the world tremble and the starry sky dim.

Yuan Wumeng followed closely behind and blasted away with a palm.

The same combat power of 30 billion Zi was increased by 36%.

The two of them joined forces and launched an extremely shocking attack, causing the world to howl and the gods and demons to retreat.

This time, both of them struck with all their strength, trying to injure Qin Feng.

At the same time, Qin Feng's momentum was sky-high and kept rising.

Pole Star Fusion!

The ultimate combination of worlds!

The combination of heaven and earth!

The power of infinite faith is superimposed!

In the blink of an eye, Qin Feng's combat power surged to 30 billion.

The golden transformation of the universe!

Combat power increased tenfold!

In an instant, Qin Feng's combat power increased to 300 billion Zi, which was ten times that of Luo Zu and Luo Zu.

"Huh! wrong!"

Luo Zu was horrified.

Yuan Wumeng's expression changed.

Both of them realized something was wrong.

But everything was too late.

Qin Feng took a palm and turned it into a big hand that reached the sky, shining with golden light, covering the sky and the earth.

The past, the present, and the future.

The three great Ming Kings appeared!

One hundred and eight times the increase!

With that palm strike, the attack power exceeded 30 trillion zi, causing the starry sky to turn upside down, the universe to rupture, and the sun and moon to lose light.

In an instant, the entire universe lost its brilliance. Plunged into endless darkness.

The entire universe and all living creatures fell into extreme panic.

The destructive power of that blow was no longer something this universe could bear.

"No!"

Luo Zu and the two yelled in fear.

They had realized the crisis and wanted to contact the main body to recall.

But it was too late.

Snap~pop~!

Two crisp sounds!

It was like slapping two flies to death with one palm.

In a moment, blood flowed It rains all over the sky, and the whole world is sad

"Ah~! My body will let you go!"

Endless wailing, echoing in the starry sky

"Ding! Successfully killed the high-grade Dzogchen level clone.....The host obtains 420 billion merit and karma value....."

"Ding! Successfully killed the high-grade Dzogchen level clone.....The host obtains 430 billion merit and karma value....."

"Ding! After successfully absorbing all the blood energy, twenty-seven Hongneng Pearls (top grade Dzogchen) were automatically condensed....."

Qin Feng was overjoyed.

He actually killed the two clones of Luo Zu with one palm.

Today's combat power is much stronger than he expected.

He was very satisfied.

The next second, Qin Feng waved his hand, and he got all the twenty-seven Hongneng Pearls (high-grade Dzogchen), two Principle Source Crystals, and two storage rings in front of him.

The harvest this time was very good.

Qin Feng looked at the Hongneng (high-grade Dzogchen) in his hand and smiled again.

The opportunity has come for him to break through to the high level of Dzogchen..

Chapter 772

"Father, congratulations on your great victory!"

"Congratulations to Your Majesty! Congratulations, Your Majesty!"

Everyone was very excited.

Star Master Ziwei also had a smile on her face.

This disciple has never let her down.

"Qin Feng, you destroyed the two clones of Luo Zu this time, but your strength was also exposed."

"Master, don't worry, they will never guess my strength."

Qin Feng smiled slightly and swallowed the 27 Hongneng beads (top grade Dzogchen beads) in one gulp.....

The next second, the sky and the earth were shaken, and the sun and moon were eclipsed.

Golden lotuses appear all over the sky, pearls hang down from the sky, and countless fairy sounds resound throughout the world.....

I saw Qin Feng's whole body's momentum surged, and endless purple light came out of his body.

"Ding! Congratulations to the host for successfully devouring the Hongneng Pearl (high-grade Dzogchen)... His cultivation level has broken through to the top-grade Dzogchen... his combat power has skyrocketed....."

"Ding! Congratulations to the host for his breakthrough in cultivation. The inner space of the universe has doubled....."

In an instant, Qin Feng's combat power surged like a blowout.

He actually broke through to the highest level of Dzogchen.

Luo Zu and Yuan Wumeng would never have expected such a quick breakthrough.

Ziwei and others were surprised and happy

""Four Nine Three" At the same time, Qin Feng's inner universe also underwent tremendous changes.

The starry sky there was surging, the space was expanding, the flow of time was automatically accelerating, and the ideas of the three thousand avenues of law were fully revealed.

Ziwei and others were in the inner universe. , the feeling was particularly obvious.

They were surprised to find that various laws of understanding were inexplicably growing in their hearts, and the aura of the surrounding starry sky was becoming increasingly dense.

Moreover, as the inner universe continued to expand, this feeling became more obvious.

A moment later , Qin Feng's inner universe has doubled in size, and is actually larger than the outer universe, and the concentration of spiritual energy is twice that of the outer universe.

"Everyone, why has the spiritual energy in this inner universe become so intense?"

"Affinity for the law has also increased"

"yes! This place has become more suitable for cultivation than the outside world. What exactly is going on?"

Ziwei, Fuzhi and others were surprised.

Qin Feng was also surprised.

The bigger the universe, the higher the quality, the deeper the closeness to the laws, and the more self-produced resources.

Simply put, the higher the quality The more the universe can cultivate more powerful subordinates, the more it can improve Qin Feng's strength

"strangeness! My cultivation level is not high, so how come the quality of my universe surpasses the outside universe?"

Qin Feng is puzzled.

You know, the higher the cultivation level, the higher the quality of the universe created. The master of the ancient universe is Quasi-god Dzogchen, which is two realms higher than him. How come the quality of the universe created is lower than him? ?

At this moment, a system prompt sounded in Qin Feng's mind

"Ding! Remind the host that you are the universe created by the Great Dao Shenji (high-grade), and the Lord of the ancient universe is the universe created by the Sanyuan Shenji (lower-grade). The quality of your universe is naturally much higher than that of the ancient Lord of the Universe....."

Qin Feng suddenly realized that this was the case.

Having a top-grade divine foundation is indeed extraordinary.

"Ding! Remind the host once again that condensing the Seal of Destiny will allow you to inherit the outer universe more perfectly and automatically upgrade the quality of the outer universe to the level of the inner universe....."

"Ding! God level challenge activated. Challenge content: Condensate the Seal of Destiny (outside universe time) within five years. If the challenge is successful, you will be rewarded with god-level skills.....There is no penalty for failing the challenge!"

Hey! There is a god-level skill reward!

Qin Feng was surprised, and his eyes shone with light.

The only god-level skill he possesses is god-level devouring.

That is the foundation of all his achievements.

If he can get another god-level skill, Future achievements will definitely be more brilliant.

However, the challenge of condensing the Seal of Destiny within five years is too difficult.

You know, the Lord of the ancient universe took hundreds of thousands of years to condense the Seal of Destiny.

But this god level challenge, Qin Feng was only given five years to imagine

"Ding! Will the host accept it? Please make your choice within 10 seconds. The countdown is 10....9....8....."

"accept!"Qin Feng didn't hesitate at all.

"Ding! The host accepted the task successfully. Challenge countdown 4, 364, 23 hours, 5959....."

The system is really racing against time!

Qin Feng couldn't help but become anxious.

He doesn't want to fail the challenge

"Father, congratulations on your breakthrough to the highest level of Dzogchen. When will you attack the ancient Tianwaitian?"

Fu Zhi looked excited.

Luo Zu and Yuan Wumeng are hiding in the ancient world.

My father's cultivation has just increased greatly, and he should be able to kill these two people.

"This matter will be put on hold until I can gather the Seal of Destiny."

Qin Feng decided to complete the challenge mission first.

The ancient world is too far away, and it will take a long time to come back. He may not be able to kill Luo Zu and the other two.

After all, Luo Zu and Luo Zu are both super strong men in the quasi-god realm. Not easy to deal with.

So, he might as well complete the challenge first

"Master, I am going to retreat now. Are you willing to help me?"

Qin Feng suddenly sent a message to Lord Ziwei.

Star Lord Ziwei said without hesitation:"Of course!"

"good!"

Qin Feng was so happy that he disappeared out of thin air with just one step.....

A quarter of an hour later, in the inner universe, inside the Heavenly Palace Temple.

Qin Feng stood alone in the living room.

He waved his hand, and the space in front of him fluctuated, and a beautiful figure appeared out of thin air. It was his beautiful master, Ziwei Star Lord.

I saw the owner of Ziwei Star wearing a long white dress with a thin waist and a red belt, which made her waist appear to be thin and her legs long. Her figure had clear curves. Her temperament was otherworldly and extremely beautiful.

She knew that Qin Feng was going to summon her alone, so she dressed up carefully.

Qin Feng found it pleasing to the eye and couldn't help but secretly praise it.

In terms of beauty, my master is definitely the best in this universe.

"Qin Feng, what should I do to help you realize the seal of destiny?"

Ziwei Star Master got straight to the point.

She is very concerned about her disciple's affairs.

"The disciple wants to borrow the master's magic mirror of transformation"

"no problem. It's just that I'm curious, how can this Divine Mirror of Creation help you realize the Divine Seal of Destiny?"

Qin Feng explained:"The Seal of Destiny is the fusion of the Seal of Destiny and the Seal of Creation.....The master's mirror of creation applies the laws of creation, but it can predict some scenes in the future, which is within the scope of the laws of destiny."

"This shows that it is mainly based on the laws of creation, but also possesses some characteristics of the laws of destiny. Doesn't having both qualities involve destiny? If I understand it carefully, it should be of great help to me in understanding the divine seal of destiny."

Ziwei Star Lord suddenly realized:"That's it! My Divine Mirror of Creation is an ancient artifact. Rumor has it that it was brought back from the God Realm by the Lord of the Ancient Universe. I didn't expect it to be even more magical than I imagined."

"Qin Feng, since this thing is useful to you, I will give it to you as a teacher!"

"Need not!"Qin Feng quickly refused,"I only need it for a period of time to comprehend, I don't need it. It would be more appropriate to keep it with Master"

"This...Okay, how can I help you?"

Ziwei Star Master knows that Qin Feng has many treasures and does not lack this treasure.

"Master only needs to activate the Divine Mirror of Creation and predict some scenes of the future, while I will contemplate it from the sidelines."

"This is simple!"

With a wave of his hand, Lord Ziwei summoned the Divine Mirror of Creation and injected a golden light of merit into it.

Buzz~

The Divine Mirror rang loudly, trembled slightly, and emitted a spiritual light that illuminated the entire hall.

The prediction is about to begin.

Qin Feng quickly held his breath and concentrated, carefully observing the detailed changes.

The next second, a picture appeared in the Divine Mirror of Creation.

Qin Feng was stunned when he saw the picture clearly.

Lord Ziwei's pretty face turned red.

I saw In the picture, Qin Fengzheng is having a romantic relationship with a woman with an excellent figure.....

That woman is the Lord of Ziwei Star.

Seeing this, Star Master Ziwei almost vomited blood.

How could she forget this!

"This... this magical mirror is malfunctioning, I'll start over."

Ziwei Star Master hurriedly covered up and fired a golden light of merit again.

Buzz~

The divine mirror rang, and the picture disappeared.

5.5 Wei Star Master secretly breathed a sigh of relief.

At this time, the second prediction picture gradually emerged.

Ziwei Star Master focused his gaze Look, I was dumbfounded again.

In the picture, she and Qin Feng were still chatting with each other, but they just changed the way

"Wrong...wrong.....wrong again!"

Cold sweat broke out on Ziwei Star Master's forehead, and a golden light was fired again, changing the prediction screen.

Before she could breathe a sigh of relief, the third screen appeared.

It was still a similar picture.

Ziwei Star Master was shy and anxious, and entered again A golden light.

In this way, she changed the screen eighteen times in a row, and the eighteen screens were all the same, but in different ways.

Star Lord Ziwei couldn't hold on any longer, so she closed the Divine Mirror of Creation.

"Qin...Qin Feng, this...this mirror is broken."

Ziwei's cheeks were red and she was stammering.

She didn't dare to look at Qin Feng.

But Qin Feng looked at the mirror of creation in the sky and fell into deep thought..

Chapter 773: Following fate leads to destiny, but going against destiny leads to good fortune. Seeing Qin Feng's silence, Lord Ziwei couldn't help but turn his head to look.

There was no joy, anger or joy in Qin Feng's handsome and noble face.

He narrowed his eyes slightly, thinking quietly.

The hall was quiet.

Such silence made Star Master Ziwei very uneasy.

She was both afraid that Qin Feng would take it seriously, and she was also afraid that Qin Feng wouldn't take it seriously.

The feeling of worrying about gains and losses made her tangled.

Unknowingly, Qin Feng occupied a very important position in her heart.

Therefore, she cares about Qin Feng's thoughts.

At this moment, Qin Feng's divine eyes slowly opened and closed, revealing an excited light, just like the dawn, the earth revived, and all vitality gradually bloomed.

Just now, he had an epiphany and realized many mysterious and mysterious mysteries, which made him excited

"you.....Did you have an epiphany?"

Ziwei Star Master secretly paid attention to Qin Feng's every change.

"Um!", Qin Feng's mouth curved, revealing a warm smile.

That smile was handsome. Flawless, makes Ziwei 15 Star Master suddenly intoxicated

"Oh, what did you realize?"

Ziwei Star Master asked in a low voice.

In fact, she wanted to know what Qin Feng thought of the previously predicted scene.

Qin Feng looked at her gently and smiled:"Follow fate and go against fate. Good or bad is up to the heart, destiny is mine."

These words made Master Ziwei's beautiful eyes light up, as if he was enlightened. He looked at Qin Feng with admiration in his eyes.

This young man really has great understanding.

"It seems like you gained a lot this time.", she was sincerely happy for Qin Feng

"It was indeed very rewarding. According to this progress, maybe within thousands of years, I will be able to condense the Seal of Destiny"

"Just a few thousand years?!", Ziwei Star Master was very shocked.

She knew that Qin Feng was talking about the time of the inner universe.

Now Qin Feng can control the time flow rate of the inner universe a thousand times, which is a few years when converted to external time.

You know, the Lord of the Ancient Universe In order to condense the Seal of Destiny, it took the outside world hundreds of thousands of years, but Qin Feng only needed a few years.

Comparing the two, this is amazing

"Master, my progress is so fast thanks to the prediction screen displayed by the Divine Mirror of Creation....."

"ah.....", Lord Ziwei was panicked.

She didn't expect Qin Feng to suddenly mention those scenes, and his pretty face turned red again.

"That...that mirror is broken,....Can't take it seriously....."

Lord Ziwei was in a panic and did not dare to look at Qin Feng.

She was a mess inside.

Qin Feng's smile grew even stronger, and he boldly looked directly at his master.

I saw Master's face as white as jade and shy and rosy, so beautiful and lovely

"Master, I know the mirror is not broken"

"Just...even if it's not broken, then...those things can't be taken seriously....."

Ziwei Star Master avoided Qin Feng's gaze and became even more panicked.

"Master, you said it. The prediction picture displayed in the Divine Mirror of Creation will definitely happen in the future, and it cannot be changed. Do you agree?"

Qin Feng walked over with a smile

"That...that...."

Seeing Qin Feng coming over, Ziwei Star Master was so nervous that her heart was pounding and she couldn't speak clearly. Her face turned even redder.....

If she hadn't been concerned about her master's identity, she would have run away.

No matter what, Master can't just run away when he sees his disciple!

In a moment, Qin Feng came closer.

Star Lord Ziwei held her breath, her heart rising to her throat.

She didn't know what Qin Feng was going to do. She was a little nervous, a little scared, and a little expectant.

Qin Feng lowered his head and looked at the master's extremely beautiful face. His eyes moved and glanced at the master's slender waist and long legs. Everything was perfect and impeccable.

Master is so beautiful!

Qin Feng showed appreciation

"Master, are you willing to help me?", Qin Feng's voice is very gentle

"ah?"

Ziwei Star Master was in a panic. This sudden question made her a little overwhelmed.

When she saw Qin Feng's expectant eyes, she couldn't help but nodded slightly.

From the bottom of her heart, she was willing to give everything for this disciple.

Qin Feng smiled.

Star Master Ziwei's agreement made him happy and moved.

Master has always been selfless dedication to him.

He owed her.

Qin Feng's eyes were a little more grateful, and A bit tender, not mixed with a trace of evil thoughts.

Those warm and pure eyes gradually made the Ziwei Star Master calm down.

She could see that Qin Feng was very grateful to her and a little bit in love with her.

This made her heart warm and inexplicably happy.

"Qin Feng, what should I do to help you?"

"Follow destiny....."

Qin Feng looked up and looked into the distance.

Without the help of Master, he would never have been able to complete the challenge task issued by the system at 080 (outside time) within five years.

"Comply with destiny? How is it smooth?", Ziwei Star Lord asked weakly

"Just follow the previous eighteen prediction pictures and let's go through them all....."

"Ah...how...how can this be done?....."

Star Lord Ziwei was completely panicked.

She recalled those predicted scenes, some were warm, some were sweet, and some were beyond description in words.....

She is the master, how could she.....

"Master, you just agreed..." Qin Feng's lips raised an evil smile.

"me....." Ziwei Star Master's pretty face turned red, and she suddenly felt like she had been cheated.

"Master, it is hard to disobey destiny, so it is better to obey it. Let's go!"

Qin Feng took Master's jade hand with one hand.

Ziwei Star Master froze slightly, but did not break away. He seemed to acquiesce, but his face turned redder.

Qin Feng smiled slightly, waved his hand, and left the hall with Ziwei Star Master.

The next second, the two of them entered the depths of the inner hall..

Chapter 774

Qin Feng smiled slightly and left the hall with Star Master Ziwei.

The next second, the two of them entered the depths of the inner hall.....

At the same time, in the central area of ancient outer heaven.

There is a huge temple here, the length of which is tens of thousands of times the diameter of the Milky Way, and the end cannot be seen at a glance.

The entire temple has its own nine-color divine light, surrounded by clouds, and is extremely solemn.

It is the Temple of Reincarnation, and it is also the hub for controlling the ancient outer world.

If Qin Feng wants to become the true master of the outer universe, he lacks control over the Samsara Temple.

The Temple of Samsara is divided into the East Hall, the Middle Hall and the West Hall.

The East Palace was controlled by Luo Zu.

The West Palace is controlled by Yuan Wumeng.

The middle hall is controlled by Tianhun.

The middle hall is the center of the Samsara Temple.

Controlling the middle hall is equivalent to controlling the entire Temple of Samsara.

It's a pity that Tianhun is unaware and only relies on instinct to act.

But at this moment, he was in the sky above the Temple of Samsara.

Luo Zu and Yuan Wumeng gathered together to discuss important matters.

Behind the two of them, each followed With hundreds of subordinates

"It's really unimaginable that the Emperor Star's combat power can reach 300 billion Zi even if he is only at the top level of cultivation....."

"yes! Even in the God Realm, the most outstanding high-level ones do not necessarily have a combat power of 30 billion, let alone 300 billion."

Luo Zu and his wife were sighing, envious, jealous, and even wanted to smile bitterly.

Qin Feng's situation is so special. Even if they tell all the sentient beings in the God Realm about it, no one will be shocked, only Being regarded as crazy.

The beings in the divine world will think that either they are out of their minds or they are lying to the gods.

"In fact, the most terrifying thing about the Emperor Star is the secret technique that increases the power by 108 times. If we don't restrain this secret technique of his, you and I will always be at a disadvantage....."

Speaking of this, Yuan Wumeng felt very uncomfortable.

Luo Zu was even more envious and jealous.

Thinking that the two of them relied on the help of the temple's formation, they only increased by 72 times, which was far less than Qin Feng's 108 times.

It turns out that the Temple of Reincarnation is a transit place for the six reincarnations and can control merit, karma, and destiny.

The East Hall controls karma and can use formations to condense thirty-six layers of karma fire red lotus to gain thirty-six times increase.

The West Hall is in charge of merit, and you can use formations to condense thirty-six layers of golden wheels of merit, obtaining a thirty-six-fold increase.

Both Luo Zu and Yuan Wumeng have thirty-six levels of Hongmeng Holy Rings.

They then used the temple formations they controlled, and naturally obtained a 72-fold increase.

Of course, this kind of additional increase obtained by relying on the main hall formation can only be used in the ancient Tianwaitian, and will become invalid if it leaves the Tianwaitian.

"Yuan Wumeng wants to control the secret of the Emperor Star. As long as you and I combine the formations of the east and west halls, the Golden Wheel of Merit and the Red Lotus of Karma can be shared, and you and I can gain a 108-fold increase. Come, the Emperor Star's secret technique will lose its advantage~"

"Of course, this depends on whether you are willing to bear grudges and join forces with me? Yuan

Wumeng smiled bitterly: "At this point, do I have any other choice?"

She knows very well that Qin Feng threatens Zu.

Of course she will join forces with Luo Zu to get rid of Qin Feng first

"Since you agree to join forces, let's sign the covenant!"

"good!"

Yuan Wumeng waved his hand, and a huge contract unfolded.

At that moment, Yuan Wumeng and Luo Zu signed the contract.

Immediately afterwards, hundreds of subordinates from both sides also signed their names on the contract.

Control the temple formation. , needing the help of these subordinates, naturally they need to sign a contract to avoid any discord.

Soon, everyone signed.

Yuan Wumeng sealed the contract, and the contract bloomed with aura, and everyone was compatible with each other.....

"Done!" Yuan Wumeng put away the contract with a look of joy.

Luo Zu also showed joy.

He said proudly:"Haha! Emperor Star would never have imagined that you and I could also obtain a 108-fold increase. His secret advantage was gone.

Yuan Wumeng also smiled and said,"That's true." Without the secret advantage of Emperor Star, he has nothing to fear. After all, the Emperor Star's combat power has barely reached the threshold of the quasi-god realm."

Hearing this, Luo Zu smiled and said nothing.

The quasi-god realm's combat power ranges from 300 billion Zi to 700 billion Zi. The combat power of Emperor Star is 30 billion Zi.

He and Yuan Wumeng's combat power are both 500 billion Zi. Zi.

Together, the two of them can easily suppress the Emperor Star.

"The only thing I'm worried about now is that the Emperor Star has broken through to high-level Dzogchen again. In that case, there will be big trouble."

Yuan Wumeng suddenly thought of the whole possibility again.

Luo Zu sneered with disdain:"That's absolutely impossible! It is extremely difficult to break through from the top level peak to the top level Dzogchen. With Gu Shang's talent and talent, it took tens of billions of years to barely break through."

"No matter how powerful the Emperor Star is, it is impossible for him to break through without hundreds of thousands of years. Do you think he can wait that long?"

".Makes sense!" Yuan Wumeng gradually felt relieved.

Luo Zu added:"Now, Emperor Xingli is just one step away from becoming the true master of the universe. He will soon reach the Temple of Reincarnation. In my opinion, it could be a few months at a faster time or a few years at a slower time. Yuan

Wumeng nodded slightly:"Then let's quickly prepare the formation and wait for the Emperor Star to come to the door, just in time to catch the turtle in the urn!""

As soon as these words were said, the two of them looked at each other and smiled, feeling like they had a chance to win.

They didn't know that Qin Feng had already broken through to the high-level Great Perfection.

Not only that, Qin Feng's understanding of the Divine Seal of Destiny had already been achieved. It was an excellent start. At this moment, Qin Feng was on the Ziwei Star Lord, experiencing the beauty of destiny, feeling the warm tolerance, and comprehending the mystery of fate.....

As his experience deepened, he understood more and more about the laws of destiny, and his strength continued to improve.....

Luo Zu and Yuan Wumeng were unaware of these changes.

At this moment, both forces are celebrating the successful signing of the contract and wishing for future (definite) victory.

The atmosphere in the court became harmonious, and both sides were in a good mood.

Just notPeople noticed that in the corner of the crowd, Yuan Qing looked strange.

He looked at everything in front of him silently and sighed in his heart.

This is not a situation he wants to see.

He has been secretly stirring up Luo Zu and Yuan Wumeng's forces, causing them to consume each other's strength.

But now, the two sides have joined forces.

None of this fits his plan.

To put it bluntly, this is all because of the appearance of the Emperor Star!

Is it possible that the appearance of a junior will disrupt everything for him?

For all this, he has been pretending for tens of billions of years!

A hint of gloom flashed across Yuan Qing's eyes.

He silently raised his head and looked towards the nave.

That's where the soul of heaven is..

## Chapter 775

In this way, Luo Zu and Yuan Wumeng began to decorate the Samsara Temple.

Qin Feng comprehends the law of destiny in his inner universe.

However, both sides have switched positions offensively and defensively.

When to attack and when not to attack, all the initiative lies in Qin Feng's hands.

Luo Zu and Yuan Wumeng had unknowingly fallen into passive defense.

During this period, Yuan Qing also secretly started his own plan.....

Time flies.

In the blink of an eye, one year has passed in the outer universe.

Thousands of years have passed in Qin Feng's inner universe.

For mortals, this is a red and pink skull at the fingertips, and the years will fade away forever.

Inner universe, heavenly palace sanctuary.

This is Qin Feng's place of cultivation and the supreme holy place in the inner universe. No one can enter at will without his permission.

At this moment, Qin Feng was sitting in the pavilion, quietly watching the flowers.

Look at the flowers blooming and fading, life and death flourishing and withering.

He also secretly used his destiny to deduce, watching that the spiritual flower was about to wither.

Occasionally, he would use the Divine Seal of Creation to gather a stream of luck and inject it into the withered flowers to bring them back to life.

This is changing one's destiny against nature, and it is also going against nature.

One flower flourishes, but thousands of flowers wither.

Qin Feng's change of the destiny of the spirit flower immediately produced a butterfly effect, and all kinds of spirit flowers around him withered one after another.

Only the spiritual flower whose destiny has been changed remains, a single branch that grows more and more prosperous.....

"interesting!"

Qin Feng smiled slightly and took in the changes.

After a moment, his eyes lit up, he felt enlightened again, and he felt happy.

At this moment, the space in the pavilion shook slightly, and a beautiful woman in white appeared out of thin air..

The person who came was none other than the Star Master Ziwei.

Her whole person became more beautiful, and her temperament became more fresh and refined.

Her appearance seemed to have its own light, making all flowers eclipse, the sun and moon dimming, and her beauty was dazzling and incomprehensible. Things.

Qin Feng looked at the beautiful master tenderly, with tenderness in his eyes without any distracting thoughts.

"Master, why did you leave seclusion? Has your Divine Seal of Destiny been fulfilled?"

"Still a little short of perfection. However, it will take at most one month to complete 047."

Ziwei Star Master walked over affectionately, and her eyes when she looked at Qin Feng were also full of tenderness.

It turned out that in order to help Qin Feng realize his destiny, she had stayed in the Tiangong Sanctuary for a thousand years, accompanying Qin Feng day and night.

With her help, Qin Feng's understanding of destiny has greatly improved and he has gained a lot. The

Master of Ziwei Star is also extremely smart, and he has unknowingly realized the Divine Seal of Destiny within these thousand years.

This makes Qin Feng very happy. , and urged her to speed up her consummation.

Now, Ziwei Star Master is only half a step away from consummation.

This makes Qin Feng very happy

"Master, your progress is faster than I expected. This is for you."

Qin Feng handed over a jade talisman.

Ziwei Star Master took it tacitly.

The two of them have been together for so long, and their relationship has become deeper and deeper. Even when they see each other, they will feel happy.

"Qin Feng, what is recorded in this jade talisman?"

"The three-yuan divine foundation filling method is something I got from Gu Shang's storage ring. When your Divine Seal of Destiny is perfected, you can use this method to condense the Three-Yuan Divine Foundation."

"There are also such mysterious methods. Qin Feng, thank you so much."

Ziwei Star Master was greatly surprised and happily put away the jade talisman.

When she saw that Fu Zhi could condense the three-yuan divine foundation, she was extremely envious.

But to condense the divine foundation, she had to surpass the top-level star master before she could. At this period, she thought that she would never be able to gather the divine foundation in her life, and that the high-level perfection would be the end of her cultivation.

But unexpectedly, Qin Feng gave herself such a big surprise.

You must know that to break through the quasi-god realm, you must possess the divine foundation. Foundation.

Now that she has obtained this method, she is in sight of condensing the divine foundation, and the future is promising.

Seeing Master Ziwei happy, Qin Feng is also happy for her.

When it comes to talents, Master Ziwei is definitely the top in this universe.

More The wonderful thing is that the Lord Ziwei has perfected the Immortality Seal and the Creation Seal, and now has the Destiny Seal.

The Destiny and Creation are the second and third highest (bhfd) Seals, and they are also the basis for condensing the Destiny Seal..

In other words, even if Ziwei Star Master condenses the pseudo-three-yuan divine base by filling the gaps, his future achievements will not be inferior to Fu's, and there is even hope of exceeding them. The divine base is the basis for achieving the quasi-god realm.

Before the quasi-god realm Above, is the True God Realm.

If you want to advance to the True God Realm, you must reach the Great Perfection in cultivation and condense the Godhead.

The Seal of Destiny is the basis for condensing the Godhead.

Now, the Master of Ziwei Star has this potential.

Fuzhi has not yet Neither

Luo Zu nor Yuan Wumeng.

So these two tried every possible means to devour the Heavenly Soul, and through this method, they wanted to obtain the seeds of the Seal of Destiny.

"Master, you came out of seclusion to find me before you perfected the divine seal. You must have something going on, right?"

Qin Feng picked up the spirit tea on the jade table beside him and took a sip of it happily.

"That's right! I come to you to tell you two things. Take a look at this first..."

Ziwei Star Master pointed his jade finger, and the Divine Mirror of Creation appeared out of thin air.

The next second, the Divine Mirror trembled slightly, the spiritual light bloomed, and a prediction screen appeared in the territory.

In the screen, a huge In the sky above the temple, Qin Feng confronted Luo Zu and Yuan Wumeng.

The next second, Luo Zu and Yuan Wumeng launched at the same time, and the temple formation below was activated.

Yuan Wumeng and Luo Zu actually relied on the temple formation to have The Golden Wheel of Merit and the Red Lotus of Karma.

Coupled with the Hongmeng Sacred Ring that the two of them possess, their growth rate has reached 08 times.

"Huh! interesting!"

Qin Feng smiled slightly and put down the spiritual tea in his hand.

"Aren't you in a hurry? These two people used the formation to gain an increase of 108, which completely eliminated your advantage."

Ziwei Star Master couldn't help but become anxious when she saw Qin Feng's indifferent expression.

She was also concerned and confused.

"Master, don't worry, even if these two increase the increase by 108 times, they are no match for me."

Qin Feng looked at his master tenderly, with confidence in his eyes.

Since he broke through to the high-level Great Perfection, his comprehensive combat power has increased to 1 trillion zi, which has exceeded the upper limit of the quasi-god realm.

That quasi-god realm battle The upper limit of his power is only 700 billion zi.

Yuan Wumeng and Luo Zu are both ordinary quasi-gods, and their combat power will never exceed 700 billion zi. Naturally, they will not be his opponents.

If it were not for completing the challenge mission, he would have long ago Just kill the Samsara Temple.

"Are you sure you don't have to worry?", Ziwei Star Lord asked weakly

"certainly!"

Qin Feng stood up leisurely and walked to the mirror of creation.

"Now, the only thing that can threaten me in this ancient world should be there."

His eyes fell on the temple in the picture.

The direction he looked in was the Central Temple of Samsara, where the Heavenly Soul is.

Since his understanding of the Seal of Destiny has deepened, his predictions about the future have become more accurate, and his intuition Also more sensitive

"Where is this temple?"

Ziwei Star Master asked softly.

She was also attracted by Qin Feng's attention.

"This is the Temple of Reincarnation, the pivotal place that controls the ancient outer world."

"Oh, is Tianhun here too?", Ziwei Star Lord is very curious.

"There is not only the Heavenly Soul, but also the Gate of Reincarnation, which is the exit to the God Realm.", Qin Feng withdrew his eyes

"Leading to the divine realm? Is it the Great Wild God Realm you once mentioned?"

Ziwei Star Master also put away the Divine Mirror of Creation.

Qin Feng smiled and joked: "There is only one God Realm. Apart from the Great Wilderness God Realm, are there any other God Realms?"

"You're the only one with a poor mouth.", Ziwei Star Master showed a little girlish look.

"Master, didn't you say you have two things to do with me? What about the other one?"

"Yes! That thing is very important!" Only then did Ziwei Star Master think of business.

"Oh, what's the matter?"

"Do you see any changes in me?"

Ziwei Star Master smiled and spun on the spot, with hidden joy in his eyes.

Qin Feng looked at her curiously when he saw her showing off.

His eyes flowed, slowly scanning from Ziwei Star Master's beautiful face, and then moved again On the graceful curves of the Ziwei star master.

Looking along the way, he couldn't help but secretly praise the master's exquisite figure, impeccable.

Qin Feng admired it silently.

His eyes only had tenderness and appreciation, without a trace of distracting thoughts.

When When his eyes fell on his lower abdomen, he was stunned. He saw that his flat abdomen in the past was now slightly bulging.

"Master, do you have it?"

Qin Feng seemed to have thought of something, his eyes glowed

"Um!", Ziwei Star Master's pretty face was slightly red, feeling ashamed and happy.

After receiving the confirmation, Qin Feng was overjoyed, and his face was full of joy.

He had worked hard for thousands of years and finally had a child, which was extremely difficult.

You know, the higher the cultivation level, the more The higher you are, the harder it is to have heirs. This is the law of nature.

Even true gods cannot escape this rule.

For example, in the God Realm, some true gods may not be able to have heirs even if they have accumulated tens of billions of years in order to have heirs. Obtaining a son and a half daughter.

Qin Feng's comprehensive strength is infinitely close to the Quasi-God Perfection. It is really not easy for him to obtain Linzi.

Of course, the same cannot be said for heirs like Fu Zhi.

"Master, thank you for your hard work."

Qin Feng looked at his woman dotingly, with love in his eyes.

Star Master Ziwei looked at his happy look, and sweetness surged in her heart.

This feeling made people very comfortable.

She raised her head slightly, and said coquettishly: "I have been you for a long time. Now that you have your child, do you still want to call me Master? Can you please call me Yun'er from now on? This is my nickname."

"good!", Qin Feng smiled and nodded repeatedly.

But at this moment, he suddenly thought of a question.

With his powerful spiritual mind, even if Luo Zu is hundreds of millions of miles away, he can sense it immediately.

Why does the master have such a strong heart? He had his own child so close that he didn't notice it at all.

Could it be that my child is different?

With his thoughts in mind, he quickly released his spiritual thoughts and looked towards the little life, and soon sensed a weak life. Existence.

He continued to explore.

But the next second, his eyes showed shock.

His child was really extraordinary!

It turned out that he actually sensed the three supreme divine seals of cause and effect, destiny, and creation in that weak life.

This is The top three supreme divine seals!

His child was born with it. Not only was he born with a divine foundation.

What shocked him even more was that the aura of the divine seal of destiny and the divine seal of creation were constantly flowing. The blending actually contains the breath of the divine seal of destiny.

Could it be that his child would possess the divine personality as soon as he was born?

Perhaps it was because of this specialness that he did not notice the birth of his child at first.

The more Qin Feng thought about it, the more he felt like this. Full of surprises.

He was full of expectations for this child

"Zi'er, let me see our child"

"Um.", Ziwei Star Lord nodded slightly with shame.

Qin Feng was excited and gently placed one hand on the slightly swollen belly.

Perhaps it was the connection between father and son. As soon as his hand touched the soft belly, a ball of chaotic thoughts, he made a call of love and passed it on intimately.

When that thought came into contact with Qin Feng's, Qin Feng actually felt the meaning of the law of fate, and then, a wonderful feeling rose from the bottom of his heart. Rushing into his mind.

The next second, his whole body was shaken, and the light in his consciousness exploded, and he had countless insights in an instant.

With the help of his child, he actually entered the epiphany..

Chapter 776

Boom~Boom~! Boom~!

Qin Feng's sea of consciousness was churning, and billions of thoughts, like sparks born from the contact of thunder and lightning, kept flashing in his mind.

Countless fragments of insights emerged in his mind like enlightenment.

As his insights continued to accumulate, the light in his eyes became brighter and brighter.

Buzz~

There is a clear sound in the heart, as if the heaven and earth are instantly clear!

Qin Feng's eyes widened, as if he had suddenly become enlightened, piercing the last layer of film and seeing the dawn.

That's the true meaning of destiny

"interesting!"

Qin Feng's eyes were filled with excitement.

"Did you have an epiphany?"

Ziwei Star Lord noticed something.

"Um!"

Qin Feng smiled and nodded.

This time he had no ordinary epiphany and gained a lot.

Next, he will retreat to digest these insights and condense the Seal of Destiny in one fell swoop.

Perhaps, he can complete the god-level challenge ahead of schedule.

According to the past With experience, there will be some surprises if you complete the system tasks in advance.

Speaking of which, this is all the credit of his child.

Qin Feng is even more looking forward to this unborn child.

At this moment, the little life seems a little tired , took the initiative to retract his chaotic thoughts.

Qin Feng also withdrew his big hand from the slightly bulging belly of Lord Ziwei.

But the next second, Star Lord Ziwei seemed to sense something and frowned slightly.

Qin Feng looked carefully and smiled.

It turned out that the little life in her belly was actively absorbing the spiritual energy in her body, as if it was hungry and thirsty, and it absorbed it very quickly.

This shows that the little one is growing up healthily.

"Qin Feng, this little guy is a little naughty!", Ziwei Star Lord's tone is a bit coquettish.

"Master, with this little guy causing trouble, it will take you some time to break through to the higher level of Dzogchen."

Qin Feng gently stroked her hair

"Didn't I agree to call me Yun'er from now on? Why call me Master again?"

"Well, listen to you"

"That's pretty much it."

Ziwei Star Master's heart felt warm, and she snuggled up to him affectionately.

"Don't worry, this little guy can't absorb much spiritual energy. I will break through to the high-level Dzogchen in the near future."

Ziwei Star Master looked confident.

But as soon as she finished speaking, the speed at which the little life absorbed spiritual energy suddenly increased a thousand times.

In just a moment, one-tenth of the spiritual energy in Ziwei Star Master was sucked away by him.

Then , the little guy fell into a self-slumber and finally calmed down.

This scene made the Lord Ziwei stunned.

After a long time, she exclaimed:"Qin Feng, our child is extraordinary. When he just absorbed the energy, I couldn't Prevent."

Qin Feng had expected it.

He smiled and said:"Yun'er, look, this little guy has an amazing appetite. It is said that with his presence, there will be obstacles if you want to break through to the highest level of Dzogchen."

"Is it possible that I have to wait until I give birth to him before I have a chance to make a breakthrough?"

Ziwei Star Master was a little depressed.

But then, she said with a happy face:"This belongs to you and me. For you and him, it doesn't matter if I make a breakthrough later."

"That won't happen either. Yun'er, this is for you."

Qin Feng handed over a storage ring, which contained seventeen Hong Neng beads (7 top grade, 10 top grade pinnacles).

Those Hong Neng beads were of low quality and were of little use to Qin Feng. What he needed was Top-grade Dzogchen level

"Huh! what are these?", Ziwei Star Lord's spiritual consciousness penetrated into the storage ring

"These are Hong Neng beads. After refining, you can obtain a large amount of pure spiritual energy, which should help you break through as soon as possible."

Ziwei Star Lord was overjoyed:"Thank you!"

Then, she happily put away the storage ring.

The two of them stayed warm for a while before going into seclusion.....

Time flies.

In the blink of an eye, another year has passed.

Another thousand years have passed in the inner universe.

Now, all Qin Feng's close men have moved into the inner universe to practice.

This is because the inner universe is not only full of spiritual energy, but also has a thousand times flow rate of time, which has many benefits and is of great benefit to cultivation.

In fact, over the past two thousand years, the inner universe has undergone earth-shaking changes.

Low-grade Star Lords and Middle-grade Star Lords, who were almost extinct in the outside world, sprung up in the inner universe.

For example, the God Emperor and his ilk are even more numerous.

All three thousand innate beings have broken through to low-level star masters.

A few outstanding ones have broken through to the middle level.

Qin Baobao and Xuan Ming have also broken through to high-level star masters one after another. They are all based on the three-yuan god base. Their future growth space is infinite...

In addition, Feng Di, Panzu, Fuzhi, Tianfu Star Master, and Shenfu Star Master I also want to continue to break through to the top.

In short, over the past two thousand years.

The cultivation of the inner universe has prospered, and the overall power has more than doubled.

Qin Feng's various superimposed powers and the power of faith have greatly increased, and his comprehensive combat power has increased from 1 trillion Zi to 1.3 trillion Zi. He is not far from the threshold of Quasi-God's Perfection.

.....Asking for flowers 0.....

The threshold of quasi-god perfect combat power is 1.5 trillion zi, which is more than twice the limit of quasi-god realm combat power.

But he said that everyone was busy that day.

Some are practicing, some are discussing Taoism, some are visiting relatives and friends, and some are refining elixirs and refining weapons...

The entire inner universe is thriving.

But at this moment, there was a tremor in the starry sky.

The Holy Land of Heavenly Palace suddenly bloomed with spiritual light that reached the sky, instantly illuminating the entire inner universe.

In the spiritual light, countless necklaces, smallpox, and golden lotuses fell from the sky.

Immortal music fills the sky, coloring the heavens.

Heaven, earth, and the universe are all filled with strange fragrances.

Everyone was startled and looked up.

Countless people were excited when they saw this cosmic phenomenon.

They knew that Qin Feng must be coming out of seclusion. He was the only god in their hearts and everyone's support.....

At this moment, the Heavenly Palace, the inner hall of the Holy Domain.

Qin Fengshen opened and closed his eyes and woke up from meditation with a happy face.

At the same time, the voice of the system sounded in his mind

"Ding! Congratulations to the host for successfully condensing the Divine Seal of Destiny (the Divine Seal of Daoji). The True Spirit and the Divine Seal of Destiny automatically merge and the Heavenly Soul is born....."

"Ding! Happy host to give birth to heavenly soul.....Comprehensive combat power surged to 1.5 trillion zi....."

Finally succeeded!

Qin Feng was overjoyed.

Everything is ready, he can kill the Samsara Temple

"Ding! Remind the host that your Heavenly Soul level is elementary. To breakthrough to the True God Realm, you need to reach an advanced level of Heavenly Soul. You can increase the perfection of the Divine Seal of Destiny to increase the Heavenly Soul level. You can also devour other Heavenly Souls to increase the Heavenly Soul level....."

Note: Tianhun levels are divided into elementary, intermediate and advanced levels.

Each level up will greatly increase the host's combat power.

"I see!"

Qin Feng was delighted.

He thought of the Heavenly Soul in the Reincarnation Temple.

"Ding! Congratulations to the host for completing the god-level challenge and successfully obtaining the reward....."

"Ding! It was detected that the host only took 2 years (outside time) to complete the challenge. It was completed ahead of schedule. The completion evaluation was doubled, and the task reward was increased from god level to super god level....."

Qin Feng was so happy that such a good thing happened

"Ding! Super god level rewards are now being distributed...

Chapter 777

"Ding! Congratulations to the host for receiving a super god level reward——《Book of Creation》……This divine code is a super-god-level skill. Practicing this code can allow the host to create a divine world and become the master of the divine world....."

Oh My God!

Create a world of gods!

Isn't the world of gods unique?

Can you create a new one?

Qin Feng was extremely shocked.

Besides, he has just condensed the primary heavenly soul, and he is not even a quasi-god, so he can create the divine world?

If he can really create, he will be the future Lord of the God Realm.

The Lord of the God Realm is the strongest being in the God Realm

"Ding! Remind the host that this divine code can only be practiced by the masters of dual universes. The masters of single universes are not qualified to practice... The host is not currently qualified for cultivation....."

Qin Feng smiled.

It is not easy for him to become the master of the two universes.

As long as he fights his way into the ancient outer world and captures the Temple of Reincarnation.

"System, are there many universe masters in the universe?"

Qin Feng suddenly thought of this question

"Ding~! It reminds that the Lord of the host universe is the leader of all realms and is an extremely rare existence. Whether it is in the heavens and the world, or in the Great Wild God Realm, there are only a handful of them."

"What about the Lords of the Twin Universes?"

"Ding~! It reminds that the host dual universe is even more extremely rare. Currently, there has only been one master of dual universes in the world, and the host will be the second person....."

Qin Feng was surprised. It turned out that the Lord of the Dual Universe was so rare.

"System, who is the only master of dual universes?"

"Ding~! It reminds the host that the person who created the Great Wilderness God Realm was also the former master of the Great Wilderness God Realm. He has now died."

"Fallen? How did he fall?"Qin Feng was a little surprised.

"Ding~! It reminds the host that the person's soul collapsed due to improper cultivation methods, so he transformed into all things, integrated into the Great Wilderness God Realm, and completely disappeared....."

Qin Feng suddenly realized.

Afterwards, he sighed in his heart:"In this way, there is no master of the dual universes in all the heavens and realms, and there is no master in the Great Wild God Realm either.""

"Ding~The host analysis is correct. The host will be the only master of dual universes in all the worlds. Remind the host that after you create the God Realm, you will be qualified to devour the Great Desolate God Realm....."

Can you still devour the divine realm?

Qin Feng was shocked.

But at this moment, a large amount of information came from the system, which was exactly the technique recorded in the"Creation Code".

Qin Feng quickly closed his eyes and absorbed it with all his strength.

It took a full hour for the message to be transmitted.

Qin Feng slowly opened his eyes, showing his surprise

«The Book of Creation is worthy of being a super-god-level skill. Its content is all-encompassing. There are tens of thousands of secret techniques recorded...

According to its records, the god world that Qin Feng will create in the future will be called the Dahong God World.

"System, why is the God Realm I created called the Great Flood God Realm? And the existing divine realm is called the Great Wild God Realm?"

Qin Feng thought of another question.

"Ding~! Back to the host, Huang means ancient desolation, and Da Hong means chaos and vastness....."

"Remind the host that the Great Flood God Realm is more perfect than the Great Desolate God Realm, because the"Creation God Code" is improved based on the skills of the master of the Great Desolate God Realm....."

"Remind the host again that the creation technique of the Great Wilderness God Realm is flawed, so the Great Wilderness God Realm is not perfect....."

Qin Feng was shocked.

The Lord of the Great Wilderness God Realm had problems because of his cultivation. Could it be caused by problems with his technique?

"System, wouldn't the "Creation Book" you gave me also have flaws? Xiu, will there be a danger of falling?"

"Ding! Remind the host that there is no need to worry. However, although the Great Flood God Realm created by the "Creation Code" is more perfect than the Great Wilderness God Realm, it is still not a perfect God Realm, so the host needs to continue to devour the Great Wilderness God Realm to make up for its flaws...."

"So, as long as I devour Da, I can get a perfect divine realm?"

"Ding! This system cannot give an answer because no one has ever practiced this method. Everything is the result of deduction and prediction, so the answer needs to be practiced by the host himself....."

Qin Feng was speechless.

However, the system told the truth.

It is true that no one has practiced this technique, so naturally no one knows the answer.

Fortunately, this technique is not in danger of extinction. The only worry is that after he has devoured the Great Desolate God Realm, he may not be able to obtain a perfect God Realm, and there may still be areas to improve.

However, the God Realm will definitely be stronger after devouring it.

Qin Feng suddenly thought that when he created the Great Flood God Realm and then swallowed up the Great Desolate God Realm, it would become a new God Realm.

What is the name of this new world of gods?

"Great Flood" and "Great Desolation" can be called "Honghuang" by taking one word each.

Qin Feng's intuition is interesting.

At this time, the system has gone silent.

The thousands of celestial phenomena caused by his condensed destiny seal have long since dissipated, and the stars in the sky have returned to normal.

Qin Feng had already heard the roar coming from outside the forbidden area, and many people were watching curiously.

He quickly dodged and disappeared.

The next second, he appeared in the inner hall of the Heavenly Palace and saw Lord Ziwei and Emperor Feng.

Both women are stunningly beautiful and have an otherworldly temperament. Their appearance is dazzling, pleasing to the eye, and extremely comfortable to watch.

At this moment, the two women were chatting in the hall and getting along extremely harmoniously.

Emperor Feng would touch Master Ziwei's slightly bulging belly from time to time, his eyes showing envy and love.

Qin Feng's appearance alarmed the two women.

"Qin Feng, you are out of seclusion!"

When the two girls saw Qin Feng, they looked happy.

"Um! Why are you here together?"

Qin Feng smiled and walked to Xian Lingyun's bed and sat down.

"I saw the amazing sky phenomenon over here, so I came over with Sister Yue'er to take a look. Qin Feng, have you successfully condensed your destiny seal?"

The two women, one on the left and one on the right, sat down next to Qin Feng intimately.

Seeing the two women's stunning beauty and getting along so harmoniously, Qin Feng was in a good mood.

"Well, I have successfully gathered it. Yun'er, you have also broken through to the highest level of Dzogchen."

Qin Feng was delighted when he saw Ziweixing's breakthrough in major cultivation.....

"This is thanks to the Hongneng Pearl you gave me. However, I only absorbed 10% of the energy of those Hong Neng Pearls, and 90% was absorbed by this little guy. He seems to like the energy of Hong Neng Pearl very much...."

Star Lord Ziwei caressed her slightly bulging belly, her eyes showing the joy of becoming a mother for the first time

"This little guy is not ordinary..."

Qin Feng smiled and looked at it, and the bulging belly was indeed bigger again.

"Qin Feng, would you like to give our child a name?", Ziwei Star Master looked forward to it

"Um....", what should Qin Feng think about his name?

Emperor Feng suggested:"Qin Feng, this little guy likes the energy of Hong Neng Pearl so much, I suggest that his name should have the word 'Hong' in it.""

"This can be done...".Qin Feng nodded slightly,"The best name is two words, and you have to think of one more word. By the way, Yun'er, is there anything special about you being pregnant with this child?...."

"There are many special places, but what I feel most profoundly is that he is as heavy as a thousand stones and as heavy as the universe, which makes me move a little slower....."

Star Lord Ziwei answered seriously.

Qin Feng nodded slightly:"That's right... This child is so heavy, so let's use the word 'heavy' as another word, and call him Hongzhong!"

"This name doesn't sound good!", Ziwei Star Lord shook his head repeatedly.

Emperor Feng said with a smile:"I thought of a good word. Since it is as heavy as a thousand pieces, the other word is 'jun'. I think I'll just call him Hongjun."

"Forehead.....".Qin Feng felt that the name was strange.

Why does it sound like the one from Earth Mythology?.....

But before he could speak, Star Master Ziwei's eyes lit up.

She said excitedly:"Yue'er is good at getting this name. Qin Feng, I have decided that our child's name will be Hongjun!"

Qin Feng:"....."

Qin Feng was stunned.

It turns out that Hongjun is my son!

"Hehe~! Sister Yun'er, my 4.1 name was chosen well, right?", Emperor Feng also looked proud.

"Well, I like this name very much. Qin Feng, what do you think?"

"Just take this one!"

Qin Feng saw that both girls liked him, and he readily agreed.

"Qin Feng, your destiny seal has been successfully condensed, then when will we attack the Temple of Samsara?", Emperor Feng asked suddenly.

Hearing this, Qin Feng smiled slightly.

He was ready. It was time to become the master of the twin universes as soon as possible and learn the Divine Code of Creation.

"Yun'er, Yue'er, please let me know. Three days later, we will go to the ancient outer world and attack the Temple of Reincarnation."

"Let's go now!"

The two girls were happy and left gracefully.

These two girls are both Qin Feng's virtuous helpers. One is in charge of many matters in the inner universe, and the other is in charge of many matters in the outer universe. With the help of the two of them, Qin Feng is at ease.

Looking at the two women After leaving, Qin Feng also got up and left.

He also had to prepare for the next battle..

Chapter 778

Qin Feng returned to the retreat with one step.

Next, he began to read through the Book of Creation in his mind.

After looking through it, he made an unexpected discovery and couldn't help but smile.

It turns out that the opening chapter of the Creation Code records a secret technique, which is exactly what Qin Feng needs.

This secret technique is the method of the Third Ming King that Qin Feng has learned.

However, Qin Fengxue's Mingwang Method is only the elementary level, and there will be intermediate and advanced levels later.

The primary Ming Wang method, also known as the Ming Wang method of all heavens, takes the meaning of the thirty-six heavens. Each of the three great Ming kings increases by thirty-six times, totaling one hundred and eight times.

The Intermediate Mingwang Method, also known as the Heavenly Mingwang Method, takes the meaning of the Heavenly Dao Forty-nine. Each of the three Mingwang increases by forty-nine times, totaling one hundred and forty-seven times.

Advanced Mingwang Method, also known as Daodao Mingwang Method.

The Great Dao is fifty, Tianyan is forty-nine, and one of them is human escape.

The Dao Ming Wang method takes the meaning of the Dao Fifty Perfection. Each of the three Ming Wangs increases by fifty times, accumulating a hundred and fifty times, and at the same time increases the basic combat power of one trillion zi.

This is extremely powerful.

You know, after Qin Feng accumulated various bonuses and used the cosmic golden body transformation, his comprehensive combat power was only 1.5 trillion zi.

If he masters the Great Dao Ming Wang method, his combat power will be directly increased by 1 trillion. The improvement in strength will be earth-shaking.

"What a surprise!"

Qin Feng was delighted and quickly learned the secret technique.

With a thought in his mind, a large amount of information poured into his mind.....

"Ding~! Congratulations to the host for mastering the Heavenly Mingwang method (pseudo-god level)... I would like to ask the host if it will consume 100 billion merit values, 100 billion karma values, and 100 billion life values to evolve the three major Heavenly Mingwangs into the Heavenly Mingwang...."

"Consume!"

Qin Feng made the choice of 18 without hesitation.

During this period, he had accumulated too much merit, karma, and destiny, and was worried that he had no place to use it.....

"Ding~! Congratulations to the host for successfully spending 100 billion merit points... Your Mighty King of Heavens has evolved into Mighty King of Heaven.....All increases increased to forty-seven times....."

"Ding~! Congratulations to the host for successfully spending 100 billion karma points... Your Vajra King of the Heavens has evolved into the Vajra King of Heaven.....All increases increased to forty-seven times....."

"Ding~! Congratulations to the host for successfully spending 100 billion lives... Your Fudo Myoyo of the Heavens evolves into the Fudo Myoyo of Heaven.....All increases increased to forty-seven times....."

All evolve smoothly!

This feels great!

Qin Feng thought and continued to study.....

"Ding~! Congratulations to the host for mastering the Dao Mingwang method (true god level)... It has been detected that the host's merit, karma, and life are insufficient, and the Mingwang statue cannot be evolved for the time being....."

"Ding~! Remind the host to evolve to the Great Dao Ming King, which requires one trillion each of merit, karma, and life....."

So much!

Qin Feng quickly checked his remaining values.

His merit value is only over 7 billion, his karma value is over 10 billion, and his life value is the most, over 120 billion.

Most of this destiny value comes from the rapid development of the inner universe.

The greater the population in the inner universe, the more developed the cultivation level, and the greater the number of top masters, the more lives Qin Feng will gain.

"All three values require one trillion, and I'm still far short. It seems that the Temple of Reincarnation is imperative....."

Qin Feng thought of Luo Zu, Yuan Wumeng, and Tianhun.

Killing these two people can provide him with a lot of karma points.

These two people are both quasi-god realm beings.

Devouring the Heavenly Soul can increase his merits.

All zombies, ghosts, evil spirits, etc., can increase their merits after being destroyed.

As for the destiny value, he will continue to vigorously develop the inner universe and improve himself...

The Daomingwang method cannot be practiced for the time being. Qin Feng turned over the chapter and continued to study the "Creation Code", and a large amount of information poured into his mind again.....

After a while, Qin Feng slowly opened his eyes, his divine light flashed, and he showed joy.

It turns out that if you want to create the divine world, you must not only become the master of the two universes, but also condense the foundation of the creation god.

The Creation God Foundation is a top-grade God Foundation, much more powerful than the Dao God Foundation (high-grade God Foundation).

Since the ancient times of Chaos, only the Master of the Great Realm has mastered it.

However, the Lord of the Great Wilderness God Realm has already fallen. Since then, he has learned his method and does not even know its existence, let alone anyone practicing it.

To put it bluntly, this is the only one in the world.

Qin Feng quickly thought, and countless information rushed into his mind.....

"Ding~! Congratulations to the host for taking the foundation of the God of Creation, would you like to start practicing?....."

"Practice!"

"Ding~! The auxiliary host is actively practicing...the practice was successful....."

Buzz~.....

There was a clear sound from heaven and earth~!

One hundred and eight divine rings appeared in succession behind Qin Feng's head, all of them filled with auspicious energy and glowing with golden light.

The three outermost divine rings are even more purple-gold in color, looking extremely noble.

These one hundred and eight divine rings exactly represent the one hundred and eight supreme divine seals, and the three outer purple gold divine rings represent the strongest three seals of cause and effect, destiny, and good fortune.

These one hundred and eight rings of divine seals are distributed in concentric circles.

In the center of the circle, there is a purple light seal, which is the seal of destiny.

"Ding~! It was detected that Su's subordinates Feng Di, Pan Zu, Fuzhi, Qin Baobao, and Xuan Ming all achieved the position of top-grade star masters with the three-yuan divine base... and were qualified to sign the Creation Pact....."

Qin Feng waved his hand, and with a burst of space fluctuations, he summoned Emperor Feng, Panzu, Fuzhi and others.

"I have met His Majesty!"

"Father, for what purpose have you called me?"

Everyone was surprised when they saw the vision behind Qin Feng's head, but they didn't dare to ask any more questions, and they all stepped forward to salute.

"I summoned you here to sign a contract with me to help me practice my secret skills. Are you willing?"

Qin Feng opened and closed his eyes and looked down at everyone.

Fu Zhi was the first to step forward:"My child is willing to go through fire and water for my father. , no matter what, let alone signing a contract....."

"good!"

Qin Feng raised his hand slightly, and a purple light ball flew towards Fu Zhi's eyebrows.

Fu Zhi accepted it happily.

When the light ball blended into his eyebrows,, Fu Zhi's body shook slightly.

The contract was signed immediately!

"Ding~! Congratulations to the host's subordinate Fuzhi for successfully signing the creation contract... Seven supreme divine seals were detected on Fuzhi's body.....Automatically absorb the breath of the divine seal..."

The next second, seven rays of silver light flew out of Fu Zhi's body.....

That represents the seven supreme divine seals that Fu Zhi realized: the Golden Divine Seal, the Lihuo Divine Seal, the Kanshui Divine Seal, and the Gentu Divine Seal.....

At the same time, seven rays of silver light also flew out of Qin Feng's body, which were the Duijin Divine Seal, Lihuo Divine Seal, Kanshui Divine Seal, and Gentu Divine Seal.....Same as volt.

The next second, these fourteen silver lights combined in pairs and turned into seven golden stars, dotted among the one hundred and eight divine rings behind Qin Feng's head, flashing non-stop...

At this moment, Qin Feng The telepathy between He Fu suddenly deepened a hundred times.

Qin Feng couldn't help but close his eyes.

Fu Zhique's body shook, as if a huge spiritual energy hit his soul, and his whole person was stirred from the depths of his soul.....

The next second, he exclaimed with joy on his face:"Hey! Father, my understanding has improved unexpectedly!"

This statement surprised everyone, and their eyes lit up.

Signing a contract actually has such benefits.

At this time, the vision behind Qin Feng's head also stabilized, and the seven golden stars no longer flickered.....

"Ding~! Congratulations to the host, your divine base has successfully integrated the seven supreme divine seals... The quality of the divine base has been improved.....Improved comprehensive combat power....."

Qin Feng opened his eyes happily.

The first try worked!

It turns out that the Great Dao Divine Foundation (top grade) is composed of one hundred and eight supreme divine seals.

The foundation of the Creation God is composed of three thousand avenues.

The Three Thousand Avenues are composed of one hundred and eight supreme divine seals and two thousand eight hundred and ninety-two supreme divine seals.....

Qin Feng had already perfected the 2,892 supreme divine seals.

Unfortunately, the Supreme Divine Seal cannot be directly integrated into the Divine Foundation.

It requires the assistance of two different divine breaths to integrate into the divine base.

Qin Feng has condensed the high-grade divine foundation, so he has a divine aura.

And Fu Zhi condensed the three-yuan divine base, and also had the aura of god.

Once these two breaths are combined, the seven supreme divine seals in Qin Feng's body are successfully integrated into the divine foundation.

Of course, the number of such fused supreme divine seals depends on how many kinds of supreme divine seals Fuzhi and others have perceived.

"Who comes next?"

"Dad, I'm coming! I come!"

Qin Baobao ran over happily, his pink face flushed with excitement.

800 After seeing Fu Zhi sign the contract, his understanding improved. He was so envious that he wanted to sign it right away.

The further he practiced, the more important his understanding became. It's a known fact that the bigger the

"You girl...."

Qin Feng pinched her cute little face, then pressed a finger between her eyebrows and began to sign the contract.....

"Ding~! Congratulations to host Qin Baobao for successfully signing the Creation Contract. Your divine foundation has successfully integrated the six supreme divine seals.....Divine basic items are improved.....Improved comprehensive combat power....."

A few seconds later, Qin Baobao walked down the steps with a look of joy.

Her understanding also improved.

Qin Feng's fused Supreme Seal also merged with the Six Paths.

This creation contract is a win-win situation, both parties are happy.

Next, Emperor Feng, Pan Zu, and Xuan Ming also signed the Creation Contract.

The understanding of the three people has greatly increased.

Qin Feng also integrated the forty-three supreme divine seals back and forth, and his comprehensive combat power also increased from .5 trillion Zi to 1.6 trillion Zi.

This put him in a good mood.

The improvement in strength of this Creation God Foundation is really astonishing. With just forty-one fusions, the combat power has been increased by 100 billion.

If all the remaining 2,800 paths are integrated, the combat power will be increased to an unimaginable level.

The more Qin Feng thought about it, the more satisfied he became.

The only regret is that only those who have gathered the divine base can sign a contract with him.

In the days to come, he would focus on training his subordinates.

Of course, before that, he had to deal with the Temple of Reincarnation first.

Thinking of this, Qin Feng looked at Emperor Feng and ordered: "Yue'er, let me know, we will set off tomorrow to attack the Temple of Samsara!"

Emperor Feng was surprised: "Your Majesty, didn't you say that we will set off in three days?"

Qin Feng smiled slightly: "I can't wait any longer!"

He had just obtained the Heavenly Daoming King's method, and also obtained the Creation God's Foundation method. His combat power had greatly increased, and he couldn't wait to try his skills..

Chapter 779

"Father, my child can't wait too."

"Dad, me too!"

Fu Zhi and Qin Baobao both looked excited.

Pan Zu and Xuan Ming smiled and said nothing, but the excitement in their eyes could not be concealed.

Obviously, Qin Feng's order was expected by everyone.

"Look at all of you, you are all fighting! I think I can't wait as much as I do, so I'll go back and make some preparations before setting off tomorrow!"

Qin Feng smiled slightly and put away the magical vision behind his head.

"We'll go back and get ready!"

Everyone happily accepted the order and left.

After a while, only Qin Feng and Feng Emperor were left in the hall. The place became quiet, and the air was filled with spiritual fragrance, which made people feel relaxed and happy.

Qin Feng couldn't help but look when he saw that Feng Emperor had not left. Facing her.

I saw Emperor Feng standing there, slim and graceful.

Wearing a red dress that clung to Liu's waist, he showed his gracefulness and gracefulness.

But there was a trace of hesitation on his fair and delicate face.

"Yue'er, are you worried?"

Qin Feng looked at his beloved woman tenderly

"Um~". phoenix Looks like he is hesitant to speak

"Say it!"

Qin Feng's voice was magnetic, but could not be refuted.

"I...hey~! Qin Feng, I envy Sister Yun'er so much..."

Emperor Feng sighed softly, walked forward slowly, and sat beside Qin Feng affectionately.

"Why?", Qin Feng asked softly.

Emperor Feng looked at him faintly: "Qin Feng, I have known you since you were young, much earlier than Sister Yun'er. But I didn't expect that Sister Yun'er had a baby before me. How could I not be envious?"

Qin Feng suddenly realized.

It turns out that this woman is still jealous.

"Yue'er, the higher your cultivation level, the harder it is to have heirs. This is the law of nature. Because the strength is too strong, the offspring born can easily unbalance the world. It's just a coincidence that Yun'er will be pregnant."

"Yue'er understands!", Feng Di nodded obediently.

Then, she stood up gracefully and changed her tone.

"Your Majesty, I have no intention of complaining. I just want to remind you that your Majesty's family has many fields. You must not favor one field over another and only focus on one piece of land, leaving other good fields uncultivated. I also hope that your majesty will receive all the rain and dew. Thank you for your hard work."

"Well....."

Qin Feng was slightly startled.

Yue'er is smart.

Immediately, with a smile on his lips, he said:"Forget it! I am busy with things now, and I have no time to spare. After I finish dealing with the matter of the Samsara Temple, I will take time to treat you well. However, whether there is any harvest depends on God's will."

Feng Di She blushed slightly, her eyes showing joy.

She said shyly:"With your Majesty's words, I feel relieved. As for whether you can reap melons and beans, you can only depend on God's will. I only hope that your majesty will not slack off and do more. It's hard work, don't fish for three days and dry the nets for two days."

Qin Feng nodded with a smile:"I can do it myself~",

"Your Majesty, that concubine has retired."

Feng Di happily saluted and left gracefully.

Qin Feng looked at the graceful figure, shook his head and smiled bitterly.

It was nothing to ask him to work frequently.

He was only worried that if he worked too frequently, he would destroy the fertile fields.....

After seeing off Emperor Feng, Qin Feng waved again, and the space in the field fluctuated.

A girl in a green dress appeared out of thin air.

The person who came was none other than Chu Chu.

Thousands of years later, when I saw Chu Chu again, the little girl became even more youthful, beautiful, full of vitality, and incredibly beautiful.

"elder brother!"

When Chu Chu saw Qin Feng, she was very happy. She sat down next to Qin Feng in one step and hugged her brother's arm affectionately. She wanted to get into his arms.

"Girl, you have been practicing for two or three thousand years, how come you are like a child..."

Qin Feng pushed his sister away calmly, but his tone was very doting.

"Brother, I haven't seen you for a long time. I miss you!"

Chu Chu coquettishly refused to let go of her arms.

Qin Feng smiled bitterly and shook his head:"Let go first, I want to tell you"

"All right!"

Chu Chu raised her mouth and reluctantly let go of her arms.

"Brother, why did you come to me for this?"

"Take a look at these first....."

Qin Feng waved his hand, and two Principle Source Crystals flew out of his sleeves, floating in the air and blooming with light.

"Brother, isn't this the Principle Source Crystal on the clones of Luo Zu and Yuan Wumeng!"

Chu Chu saw the origin at a glance.

"That's right! You've got a good idea!"

Qin Feng flicked his index finger, shooting out two rays of golden light, shooting at the two Principle Source Crystals...

Click~ka~!

Two crisp sounds!

Each Principle Source Crystal was divided into three, and turned into six in total. Pieces of fragments.

Each fragment contained the aura of the Supreme Divine Seal.

Then, Qin Feng waved his hand again, and two more pieces of Principle Source Crystal fragments flew out of his sleeves.

Those were the Principle Source that originally decomposed Gushang. The remaining crystals of the Principle.

At this point, there are eight fragments of the source crystal in the air.

"Chu Chu, the eight Dao crystal fragments in the air each contain a supreme divine seal. Choose one!"

Chu Chu's eyes lit up: "This is a good thing, I have to pick it up, hehe! Brother, I want this....."

"This fragment contains the secret of the Divine Seal of the Extreme Sky, which is suitable for you. ...."

Qin Feng thought, and the blue-white fragment automatically flew towards Chu Chu.

Chu Chu happily caught it

"Huh! Brother, why did you reward me with this treasure?"

"Help you build the three-yuan divine foundation!"

Chu Chu was overjoyed: "Brother, can I also condense the three-yuan divine foundation?" So what to do?"

"Take this and you will understand after reading it!"

Qin Feng threw a piece of jade talisman casually.

What was recorded there was the method of filling the missing foundation of the Three-Yuan God.

Chu Chu has perfected two kinds of supreme divine seals. If he follows the filling method and integrates a piece of Dao crystal fragment into his body, he can also construct the three-dimensional divine foundation. Yuan Shen Ji.

This kind of Three Yuan God base that is forcibly condensed from external objects is also a pseudo Three Yuan God base.

Chu Chu quickly read the contents of the jade talisman and showed great excitement.

"Brother, you are so kind to me...I also have a way to condense the three-yuan divine base."

"Little girl, let me remind you that the Three-Yuan God Foundation you condensed using this secret method is a pseudo-Three-Yuan God Foundation. It is not as good as the orthodox Three-Yuan God Foundation, and its future development will also be limited. Have you thought about it?"

Qin Feng kindly reminded.

Chu Chu didn't take it seriously: "Brother, my understanding is not as good as Fuzhi and Baobao. If I don't use this secret technique, I'm afraid I won't be able to condense the three-yuan divine foundation in my life, so I don't count that much!"

"As long as you want!"

Qin Feng knew that what Chu Chu said was true.

Her talent and understanding were limited. If she wanted to build the Three-Yuan God Foundation by herself, it would be almost impossible. She would have to find another way.

"Brother, I won't disturb you anymore, hee hee!"

Qin Feng smiled:"Go!"

At that moment, Chu Chu left happily.

Qin Feng was also in a good mood.

With the Dao crystal fragments and the three-yuan god base filling method, it is not difficult for Chu Chu to condense the pseudo three-yuan god base.

As long as Chu Chu condenses the pseudo three-yuan god base , he is qualified to sign a creation contract with himself.

In that way, he can integrate several supreme divine seals, and Chu Chu can also improve his understanding.

This is why Qin Feng wants to cultivate Chu Chu, so that both parties can win-win.

Of course, Qin Feng If you want to complete the Creation God Foundation as soon as possible, you must cultivate more subordinates with the God Foundation.

Just cultivating a Chu Chu is not enough.

Qin Feng waved his hand, and the space in the field fluctuated continuously.

The next second , Purple Star, Yu Qilin, Bai Qi, Tianfu Star Master, Shenfu Star Master, Earthquan Star Master, and Jumen Star Master all appeared one after another.

These seven people have perfected two supreme divine seals, and are still short of one supreme divine seal. Seal, talent and understanding are insufficient.

Under normal circumstances, it is difficult for seven people to condense the divine foundation in this life.

Qin Feng still has seven Dao crystal fragments in his hand, which can be used by these seven people.

At that moment, Qin Feng taught the seven people the three-yuan divine foundation The seven people were overjoyed.

Bai Qi, Tianfu, Shenfu, Diqian, and Jumen were even more grateful. The seven people received the technique and Dao crystal fragments. After thanking Qin Feng, they all went back to retreat.

Soon, An explosive news spread in the inner and outer universe.

Whoever can perfect the two supreme divine seals, Emperor Qin will help him condense the pseudo-ternary divine base. As soon as this news came out, it immediately caused a sensation among the star masters of the inner and outer universe.

Construction The allure of the divine base is too great.

For a time, the fire in the hearts of many star masters was ignited, and they all retreated to comprehend the supreme divine seal.

The cultivation atmosphere in the inner and outer universe also became more fiery (money-related)  
.....

Time flies so fast, and the next day is here in the blink of an eye.

On this day, it was over the Star Alliance headquarters.

Thousands of middle and low-level star masters gathered in the sky above Ziwei Star early.

These star masters all have auras as deep as the abyss.

The sky-connected momentum made the starry sky tremble, the sky shook, and thousands of purple energy emerged in response to the momentum.

Countless members of the Star Alliance were shocked to see it, and they all looked up at the Star Masters from a distance, not daring to breathe.

In the corner, the Tianfu Star Master silently looked at the scene in front of him, smacking his lips.

He is a veteran powerhouse in the outer universe, but he has never seen such a grand event in his life.

In fact, among these thousands of Star Lords, 3,000 were transformed from the 3,000 innate beings bred by Qin Feng.

These Star Lord bosses were hanging quietly in the air, completely silent, and no one was chatting in private.

They knew that Qin Tian Sheng Emperor was coming, and no one dared to disrespect the rules in front of Qin Tian Sheng Emperor.

Qin Tiansheng Emperor is Qin Feng's new title.

Everyone also knows that the attack on the Samsara Temple is about to begin.

And today is the day to set off..

Chapter 780

At this moment, the entire audience was solemn!

All the big guys are waiting quietly.

At this moment, above everyone's heads, the starry sky trembled slightly, and the sky lit up with golden light...

Endless imperial power, vast and mighty, fell from the sky and enveloped the entire star field.

Hundreds of millions of Star Alliance members looked up, each and every one of them fearful and did not dare to take a breath.

Thousands of star masters also held their breath and watched nervously.

I saw a majestic figure walking slowly out of the golden light... it was Qin Feng.

With one step in the air, he looked down at all living beings, his divine eyes opened and closed, and the power of God came into being.

"I have met His Majesty Qin Tiansheng Emperor!"

Billions of living beings bowed their heads one after another, and countless living beings shouted in unison. Waves of sound rose through the sky, shaking the three realms and six realms. The scene was extremely majestic.

Qin Feng clasped his hands behind his back, his expression unwavering

"Your Majesty, everyone from the outer universe is here."

Ziwei Star Lord stepped forward to return his orders.

"Your Majesty, the people in the inner universe are also ready."

Emperor Feng also stepped forward to return his orders.

"Set off!"

Qin Feng waved his hand, the starry sky shook, and a space door larger than the solar system opened above everyone's heads.

"Follow the Holy Order!"

Billions of living beings returned to life one after another. In the next second, under the leadership of thousands of Star Lords, tens of billions of Star Alliance people flew towards the door of space.

It was the entrance to the inner universe.

A moment later, thousands of Star Lords and tens of billions of members have entered the inner universe.

In the starry sky, only Qin Feng, Ziwei Star Master, and Feng Emperor are left.

"Qin Feng, how long will it take to go to the ancient outer world this time?", Ziwei Star Master is curious.

They have already known the location of the ancient outer universe.

Qin Feng is already the master of half of the outer universe, so he can naturally sense the hidden location of the ancient outer universe.

"If I had just broken through to the high level of Dzogchen, it would have taken me one or two months, but now it only takes seven days...."

Qin Feng smiled slightly.

Ziwei and Fengdi's eyes lit up.

Doesn't this mean that Qin Feng's strength has greatly increased?

"Qin Feng, your combat power has reached the limit of quasi-god realm! 63"

The two women were curious.

They knew that when Qin Feng broke through to the Great Perfection, his combat power did not reach the limit of the quasi-god realm.

After this retreat, he should have made great progress.

Qin Feng smiled and said nothing.

His combat power The power has reached 1.6 trillion zi, which has long reached the threshold of quasi-god perfection, let alone the limit of quasi-god realm.

That is no longer the same level.

In fact, the two women have made assessments that are far beyond common sense.

But they I don't know, but they still underestimated Qin Feng

"Time is running out, let's go!"

Qin Feng was too lazy to say more. They would naturally know when the war started.

At that moment, he waved his hand and took the two women into the inner universe.

Then, he disappeared out of thin air.....

Time flies so fast, seven days passed in a blink of an eye.

Qin Feng has arrived at the hiding place of ancient Tianwaitian.....

At the same time, the ancient world is beyond the sky.

In the West Hall of the Temple of Reincarnation, a celebration banquet is being held in a luxurious hall.

These days, the two forces are cooperating very harmoniously.

After two years of huge changes, they finally integrated the east and west halls into one.

In addition, Yuan Qing also gave the two of them a big surprise.

This made Luo Zu and Yuan Wumeng happy, and their confidence doubled, and they no longer took Qin Feng seriously.

So before the war started, Luo Zu proposed to hold a celebration banquet to wish both sides a victory.

Yuan Wumeng refused at first. After all, it would be too shameless to celebrate his victory before the war started.

But when she thought about it carefully, she realized that this battle must be won, so it would be a good idea to celebrate in advance.

What's more, once Qin Feng dies, she and Luo Zu will definitely fall out. If they don't celebrate, they may not have a chance in the future.

In this way, a strange celebration banquet was held in the West Hall.

Both sides sang and danced and celebrated for several days and nights without stopping.

At this moment, Luo Zu and Yuan Wumeng were sitting at the head of the banquet.

The two chatted happily

"Ha ha! Fellow Taoist Wumeng, you and I have another drink together!", Luo Zu boldly raised the gold-encrusted wine bottle in his hand.

"Fellow Daoist Luo, I am already too weak to drink, so I'd better drink less. What's more, these are still troubled times, and we must not relax."

Yuan Wumeng smiled and declined, unwilling to drink more.

"Ha ha! Fellow Taoist Wu Meng is too careful! With his current strength, it would be easy to destroy the Emperor Star. I am now afraid that he will not come. Are you still worried that he will cause trouble?"

Luo Zu put down the wine bottle with a look of disdain on his face.

"The God Lord is right, that Emperor Star is just a high-grade pinnacle star master. Even if it is a bit special, it is not as good as the two God Lords. Master Wu Meng thinks too highly of the Emperor Star.

One of Luo Zu's subordinates quickly echoed.

Yuan Wumeng said cautiously: "With our current strength, we are naturally not afraid of him. It's just that the Emperor Star is too weird. Two years have passed, who knows if there will be any changes?" The corner of Luo Zu's mouth curled up slightly. He said confidently: "It's only been two years, what tricks can he still do? Is it possible that he can break through to the high-level Dzogchen. Do you think he can do it in just two years?"

"Besides, even if he breaks through to the high-level Dzogchen, that's nothing to be afraid of. As long as he dares to come, we can let him come without any return."

Luo Zu looked confident.

Yuan Wumeng also nodded slightly.

A year ago, she was really worried about Qin Feng breaking through to the Great Perfection, but now she is not worried.

All this is because of Yuan Qing!

At this time, Luo Zu saw Xiang Yuan Wumeng's side.

Yuan Qing sat there with his head lowered, sipping the spirit wine silently, as if he was hiding something on his mind. As soon as Luo Zu looked over, he sensed it and quickly raised his head

"Yuan Qing, if you can kill the Emperor Star this time, you will be the greatest contributor. Come! I respect you for a drink!"

Luo Zu toasted generously and invited

"Senior Luo is honored! The elders just provided a formation, and they did not make any great contribution. I still give you a toast!"

Yuan Qing stood up quickly and drank first as a token of respect.

"Ha ha!! Easy to say! Say!"

Luo Zu also drank it all in one gulp.

"Yuan Qing, I am very curious. The God-killing formation you provided is a quasi-god-level formation. Even the Lord of the Ancient Universe didn't have this kind of magic circle. Where did you get it?"

As soon as Luo Zu put down the wine bottle, he started to inquire.

Just a year ago, Luo Zu and Yuan Wumeng's formation layout was coming to an end.

But Yuan Qing took out the formation diagram of the God-killing Formation and gave it to the two of them.

This After the two of them read it, they were overjoyed.

It turns out that the God-killing formation is a quasi-god-level formation that can greatly increase the offensive and defensive power of the East and West Temples.

With the God-killing formation, combined with the original amplification formation of the East and West Temples Law, even if a quasi-god realm master comes, (bjbf) Luo Zuer will be confident.

Since then, Luo Zu will no longer take Qin Feng in his eyes.

Unless Qin Feng's strength can reach the quasi-god perfection. level.

But that situation is absolutely impossible to happen.

Both of them believed that Qin Feng was dead, so there was this celebration banquet

"Senior Luo, I have said it last time. This formation diagram is a relic of the ancient Lord of the Universe. Senior, don't forget, I am the direct grandson of the Lord of the Ancient Universe...

Yuan Qing explained with a smile

"Really! It seems that I still don't know much about the master!"

Luo Zu smiled half-heartedly.

He was also a confidant of the Lord of the Ancient Universe back then, but he had never heard that his master had such a formation.

Quasi-god-level formations are rare in the world of gods, but not everyone can do it. Got it.

So he was very curious about how Yuan Qing got it.

But Yuan Qing kept saying that it was a relic of his ancestor, so he didn't ask too much, so he believed it.

However, after Yuan Qing said those words, Yuan Wumeng frowned slightly.

She was the daughter of the Lord of the Ancient Universe.

She knew clearly that the Lord of the Ancient Universe did not have that kind of array.

It was obvious that Yuan Qing's array was not an ancestral relic.

She also asked privately However, Yuan Qing always talked about it, which made her feel a little strange.

However, Yuan Qing was her nephew, and she trusted her very much, so she didn't ask more questions, let alone tell the truth in public.

At this moment, Yuan Qing There was a war between heaven and man in his heart.

In order to complete his plan, he took out the quasi-god-level formation chart regardless of the risk of exposing his identity.

This aroused the suspicion of Luo Zu and Yuan Wumeng.

Fortunately, Yuan Wumeng has always been He deceived people all over the place.

Luo Zu always asked for details, which made him a little uneasy.

However, this should be over soon.

"Senior Luo, aunt, and nephew have just made some deductions using destiny, and the Emperor Star should be attacking today!"

Yuan Qing changed the topic

"Coming today?", Luo Zu looked forward to it.

He couldn't wait to kill Qin Feng.

"That's natural! Yuan Qing smiled confidently.

His attainments in the Divine Seal of Destiny are unparalleled in the world except Qin Feng and Fu Zhi.

Yuan Wumeng was also curious:"Qing'er, have you tested this time?" Good or bad for the war?

Yuan Qing smiled and nodded:"Tested!" The hexagram indicates good luck! The Emperor Star must perish!" As soon as these words were said, everyone was happy.

At this moment, the heaven and the earth shook.

A series of huge bangs sounded over the temple.

Someone was bombarding the barrier of the ancient outer sky.

No need to guess, the person coming was the Emperor Star.

Luo Zu was overjoyed, stood up suddenly, and praised loudly

"Ha ha!! Yuan Qing, you are indeed capable! You said the Emperor Star would come today, and it did."

Everyone is ecstatic.

Yuan Qing's calculation is so accurate.

Emperor Xing must be dead.

"Everyone in the East Hall listens to the order! Get into position quickly and immediately activate the east hall formation. The rest will follow me to massacre the Emperor Star!"

"Yes!"

"Ha ha! let's go!"

Luo Zu laughed and left.

He couldn't wait any longer.

"Everyone in the West Hall listens to the order! Start the formation quickly and follow me to face the battle!"

"Yes!"

Everyone in the West Hall also left one after another.

In the blink of an eye, only Yuan Wumeng and Yuan Qing were left in the hall.

Yuan Wumeng was about to leave, but was stopped by Yuan Qing.

"aunt!"

"What's wrong?", Yuan Wumeng stopped.

"Auntie, this is for you!"

Yuan Qing handed over a jade talisman, then moved his lips slightly and transmitted a message to her.

"What?!" Yuan Wumeng was shocked

"Was it true what you just said?"

Yuan Wumeng seemed to be completely shocked by what Yuan Qing said.

But at this moment, Luo Zu's shouts sounded outside the hall

"Fellow Taoist Wu Meng, come out of the palace quickly and meet the enemy with Luo!"

Hearing the urging, Yuan Wumeng showed a trace of anxiety.

"Auntie, go and fight first! After the battle, I will explain to you!"

"All right!"

Yuan Wumeng hesitated for a moment, then took the jade talisman and left.

A moment later, Luo Zu's laughter sounded outside the hall.

"Ha ha!! Fellow Taoist Wu Meng, why have you been so lazy until now? Today's battle will be auspicious, Emperor Star will die, Luo can't wait!".....

In the main hall, Yuan Qing smiled coldly when he heard this.

What auspiciousness!

It's obviously a serious crime!

He just lied.

However, he didn't care about Luo Zu's life or death.

He only cares about his own interests.

Now, it's time for him to take action.

Yuan Qing's figure flashed and disappeared into the hall..
