

## God level 791

### Chapter 791

As soon as the hot air touched his skin, he felt a slight burning pain.

Qin Feng was surprised.

With his current strength, his physical body is extremely strong. Even if he is burned in the divine fire, he will not feel any burning pain.

This Eight Scenery Flame Palace is a little weird.

Qin Feng quickly looked around.

I saw that this palace was extremely huge, like a small world.

The sky and the earth are filled with extremely violent fire-yuanqi.

The fire energy was pure to the extreme, forming a large area of vitality mist, dyeing the world into scarlet.

That is to say, these spiritual mists, once they stick to people's skin, will automatically form sparks of flames, burning the skin and making people sting.

Seeing this, Qin Feng found the reason and immediately became interested in these fire energy.

He could see that these fire energy was extremely special and contained huge energy and destructive power.

Thinking about the name of the Taiyan clan again, it contains the word "flame", which must be related to fire. I am afraid that most of this clan is fire cultivators.

With a thought in his mind, Qin Feng secretly activated the supreme divine seal of the fire system.

A red light flashed across his body.

The violent fire energy immediately became extremely gentle. It no longer formed sparks of flames and burned his skin. Instead, it became like warm water and penetrated into his body.

Qin Feng suddenly felt like soaking in a hot spring, extremely comfortable.

His aura was also increasing slightly.

Qin Feng was delighted that these fire energy were simply treasures and could actually nourish his cultivation.

At the same time, in the dual universe, everyone in the Star Alliance also saw the situation in the outside world, and they all started discussing it curiously.

"Is this the Eight Scenery Flame Palace?"

"The fire energy around here seems to be something special!"

"Dad, is this the world of gods outside? Can you let me go out and have a look?"

Among the crowd, Qin Baobao was the most excited, shouting in a sweet voice.

Children are always most interested in new things.

"no!", Qin Feng flatly refused

"why?", the baby's little mouth curled up

"The fire energy in this temple has extremely destructive power. If one does not practice the supreme divine seal of the fire system, all the top-grade peak star masters will be instantly reduced to ashes....."

Hearing this, everyone was stunned.

"Oh My God! This fire energy is so terrifying!"

Everyone was amazed.

This Yanhuo Palace is really full of dangers, so you have to be careful every step of the way.

"This place is called the Eight Scenery Flame Palace, and the killing array inside should be related to flames. Your Majesty, you have to be careful!"

Ziwei Star Master carefully reminded

"Um~! "

Qin Feng nodded slightly, opened his mouth and took a breath.....

The fire energy around him immediately surged into his mouth like a tsunami.....

"Ding~! Congratulations to the host for swallowing a large amount of ancestral fire... his cultivation level has been slightly improved... his combat power has been slightly enhanced....."

This fire energy is helpful to your cultivation.

However, this progress is still too slow.

Even if there is enough fire energy, he will have to devour it for several months before he can break through to his current state.

Obviously, too slow.

People from the Taiyan clan will not give him time.

Qin Feng stopped swallowing.

The system sent a message

"Ding! Remind the host that ancestral fire is born from ancestral fire. There must be an ancestral fire near this place....."

"Ding! Remind the host that ancestral fire is one of the important resources of the Creation God Realm and is indispensable....."

"Ding~! The god-level collection task is activated, and the task content is to collect the four ancestral fires. The four ancestral fires are: Nine Netherworld Fire (Ghost), Ancient Fire of All Spirits (Human), Seven Treasures Lotus Fire (Earth), and Burning Heaven Purple Fire (Heaven). ...."

"Ding! Collect the four ancestral fires and merge them into the Creation Fire, allowing your universe to evolve toward the divine realm.....and greatly enhance your strength....."

"Ding! This god-level collection task has no time limit, and there is no penalty for failure... Every time you collect a kind of ancestral fire, you can get a generous reward....."

Qin Feng was overjoyed and his eyes lit up.

The direction on how to create the divine world has already emerged.

His main task now is to find the ancestral fire hidden in Yanhuo Palace.....

At this moment, there was a rapid sound of breaking through the air in the distance.

"Your Majesty, someone seems to be coming!"

"Should we hide?"

"Everything is empty here, there is nowhere to hide!"

Everyone in the Star Alliance reminded me

"No need to hide! Just wait for them to come!"

Qin Feng waved, and the space around him rippled. The next second, the phantom clone appeared with a black gilt mask.

At this moment, a large group of people appeared in front.

The leaders were Tai Geng and Tai. C.

The two of them were followed by more than a dozen quasi-god realm elders.

They saw Qin Feng and the shadow clone at a glance, and immediately rushed over aggressively.

"Here they come!"

"Oh My God! Two false gods, one quasi-god, Dzogchen, and a dozen quasi-gods. They are too strong!"

"Your Majesty, be careful!"

When the Star Masters saw the situation in front of them, their hearts jumped into their throats. They all held their breath and watched nervously in the dark.

Qin Feng's expression was still calm.

However, the shadow clone flashed and fled in the opposite direction of the person. go.....

"Where to escape?!"

Tai Geng and others yelled and cursed.

At this moment, their hearts were filled with overwhelming anger.

Tai Shang is the strongest man of the Taiyan clan and the future hope of the Taiyan clan.

With Tai Shang, the Taiyan clan has great hope for the future. He was promoted to a superior force.

However, he didn't expect that Taishang fell into the universe of Yuanshi.

Once Taishang died, the Taiyan clan's mid-level power status could not be guaranteed.

How could the Taiyan clan not be angry?

They wanted to tear Yuanshi into pieces right away.

In the blink of an eye, Tai Geng and others rushed to Qin Feng and surrounded Qin Feng.

"Huh! This guy is not Yuanshi!"

Tai Geng and others were a little surprised.

They had all seen Yuan Shi, and that guy looked like a middle-aged man, and his cultivation was Quasi-God Perfection. But in front of them was a handsome young man, born with a kind of nobility.

However, , this young man only has the cultivation level of Dzogchen, and is obviously not Yuanshi.

With such low cultivation level, they are not even qualified to look at each other seriously.

They are all fake gods and quasi-gods.

"snort! I thought it was Yuan Shi who came out, but it turned out to be just a small high-grade Dzugchen, go to hell!"

Tai Bing was eager for revenge. When he saw that it was not Yuan Shi, he became furious. He punched the ant to kill it.

"Tai Bing, stop!"

Tai Geng quickly took action and blocked Tai Bing's attack.

"Second brother, why? Tai

Bing was angry and glared at Tai Geng.

"It's not too late to ask Yuan Shi's whereabouts first, then kill him!"

The two of them were talking to themselves, not taking Qin Feng seriously, as if they were sure of Qin Feng.

.....flowers 0..

"Boy, answer me, where is Yuanshi now?"

Taigeng looked down at Qin Feng with an proud expression.

"If you want to ask, just ask that person!"

Qin Feng smiled coldly and looked at the phantom clone.

Tai Geng and others frowned.

This little guy is not high in cultivation and not very courageous. He is so arrogant in the face of powerful people like them.

"Second brother, this guy is so young and his cultivation level is not high. He must be a descendant of Yuan Shi. Since he won't tell Yuan Shi's whereabouts, just kill him!"

Tai Bing is so hot-tempered that he has long wanted to take action.

"Two ancestors, I have a guess!"

Dazai stood out from the crowd.

"explain!"

"The two ancestors only saw this boy here, but not Yuan Shi. Yuan Shi must have been seriously injured and unable to go out, so he sent two people to find out the details."

Dazai alluded to Qin Feng and the shadow clone.

Everyone's eyes lit up and they felt that it made sense.

Even if the strength of the ancestor on the ether falls, Yuan Shi will not get any benefits, and the injury must be extremely serious.

Thinking about this, everyone's hearts happiness.....

Since Yuan Shi was severely damaged, it would be easier to kill them.

The only thing they have to do is to find the whereabouts of Yuan Shi

"Makes sense! The formation of the Eight Scenery Flame Palace has been closed, Yuan Shi definitely did not escape. The entrance to his universe should be with these two boys. Boy, is it on you?"

Taigeng looked down at Qin Feng.

Qin Feng smiled slightly:"It doesn't hurt to tell you! You have to agree to my request"

"any request?"

"Give me the ancestral fire hidden in Yanhuo Palace!"

Everyone was stunned for a moment.

This kid is really crazy!

The fire of ancestral origin is the supreme holy object of their Taiyan clan. Even if a giant in the true god realm wants it, they will not give it to them.

How dare this kid You are trying to steal their sacred objects! You are really seeking death!

Tai Bing immediately roared:"Boy, are you crazy? Come on, who has the entrance to the universe? It's you? Or the boy in black robe?"

"Feel sorry! If you don't give me the ancestral fire, don't tell me!"

"you wanna die!"

Tai Bing was furious and slapped Qin Feng's head directly.

This time, no one stopped him.

In an instant, the sky and the earth moved, and the wind and clouds changed color.

The big hand turned into a big hand of flames reaching the sky, with the power to boil mountains and burn seas. falling from the sky.....

This palm has a combat power of 14 trillion zi, a seventy-fold increase, and comes with monstrous fire damage, which can destroy everything...

Seeing this, Qin Feng quickly took action to fight.

When everyone saw this scene, they all showed endless ridicule and shook their heads.

This kid really doesn't know how to live or die.

The false god can instantly kill any top-grade Dzogchen, just like killing an ant.

This poor boy is about to perish.

At this moment, Qin Feng met Tai Bing's attack with a palm.

Two palms collide!

Boom~!

There was a loud noise from heaven and earth!

The temple shook and flames burst out!

Qin Feng's body swayed slightly and he took several steps back.

Tai Bing was blown away.

This scene immediately made everyone dumbfounded..

Chapter 792

At this moment, everyone's mouths were open and their eyes almost fell out.

They never expected that Patriarch Tai Bing would be blown away by a high-grade Dzogchen.

You know, Patriarch Tai Bing is a false god, two realms higher than the young man in front of him!

Why was he blown away?!

If this matter were told, no one in the entire God Realm would believe it.

This is so contrary to common sense!

Of course, if they hadn't seen it with their own eyes, they would never believe it.

But the fact is right in front of you!

Dazai and others were extremely shocked, and the eyes they looked at Qin Feng changed, and there was no longer the disdain they had before.

Some quasi-god realm elders even showed signs of fear.

Being able to defeat Patriarch Tai Bing head-on is enough to show that the young man in front of him has the strength of a false god.

You know, in the southern part of the God Realm, every false god is a big boss.

At this moment, Tai Geng was also extremely shocked.

I saw his throat rolling, and his expression gradually became serious, which showed that his heart was not calm.

"I didn't expect that my little friend would have such strength at such a young age, I admire you so much!"

Taigeng's tone changed.

In his words, he had regarded Qin Feng as a being of the same level.

In fact, his strength was only slightly stronger than Tai Bing.

Qin Feng could defeat Tai Bing, so his strength should be equal to him. He How could we not be afraid?

At this moment, the sound of breaking wind sounded from behind the crowd, and there was Tai Bing's roar.

"I'm going to tear you apart!"

Tai Bing came back angrily and killed

""Nine hundred and eighty-three" He never expected that he would be blown away by a high-grade Dzogchen.

This made him lose face and become angry.

Oh ~ a red light flashed ~!

Tai Bing arrived in the blink of an eye and was about to attack Qin Feng

"Third brother, stop!", Tai Geng shouted to stop.

"Second brother, what do you mean?"

Tai Bing's eyes were about to burst. He couldn't accept the humiliation just now. He wanted to regain his face.

Tai Geng ignored him and turned to look at Qin Feng.

"My friend, your cultivation level is not higher than the high-level Dzogchen, but you can surpass the level and fight against the masters of pseudo-gods. Even the Lord of the Universe cannot do this. My friend, how did you do it?"

As soon as these words came out, everyone's hearts lit up.

That's right! Even the Lord of the Universe couldn't achieve such strength. The young man in front of him was so weird!

"Ah!", Qin Feng sneered slightly and was too lazy to answer.

This Tai Geng was just probing him.

Tai Geng frowned: "Little friend, do you think I can't guess that Yuan Shi has fallen if you don't tell me?"

"Wha...what? Ancestor Taigeng, do you think Yuanshi fell?!"

Everyone was shocked.

Even Tai Bing showed surprise.

Tai Geng smiled coldly: "You don't even think about it, if this little friend is not the master of the universe, how could he have such strength."

Immediately, he looked at Qin Feng and said: "Little friend, if I guess correctly, you can become the master of the universe. That is the universe that has inherited the original beginning." In other words, you took advantage of both Yuanshi and Taishang to gain something, right?!"

As soon as these words were said, everyone looked at Qin Feng nervously.

They wanted to find the answer.

Qin Feng smiled slightly.

Tai Geng's speculation was somewhat close to the truth.

However, he did not want to explain those useless things.

At that moment, he said coldly : "You don't need to probe my mouth! To tell you the truth, I was the one who killed the Supreme Being, and I also got that universe!"

As soon as these words came out, the whole place exploded.

Dazai was filled with grief and anger: "It turns out you killed my father! Two uncles, I hope you will avenge my father!"

Tai Geng and Tai Bing didn't expect that Qin Feng would admit it directly.

The two of them were also furious.

"good! good! My little friend is really willful! Just admit it! Set up the formation!"

Tai Geng waved his hand.

Everyone took their positions.

Tai Geng and Tai Bing distributed the positions of Yin and Yang.

Dazai led a dozen quasi-god realm elders and distributed the positions of the Four Elephants and Bagua.

A quasi-god level killing array was arranged in an instant..

Qin Feng was trapped in it.

The atmosphere between the two sides instantly became tense.

When the Star Masters saw this scene, they were extremely nervous and felt uneasy.

His Majesty was surrounded by two false gods and more than a dozen quasi-gods. The situation was not good. Ah!

Qin Feng's expression was calm and calm.

"Boy, I admire you for being so calm even when death is imminent!"

Tai Geng really doesn't understand why Qin Feng is like this.

It stands to reason that Qin Feng's strength is about the same as his own.

Together with the help of the large formation, they can suppress Qin Feng and eventually kill him..

Seemingly guessing what Tai Geng was thinking, Qin Feng smiled calmly.

"Do you think you can trap me because there are so many of you? I'm afraid you are overthinking it. Not necessarily, you will be surprised soon!"

"Yeah?"

Tai Geng narrowed his eyes and became suspicious.

Does this kid have some trump card, so he is so calm?

"Second brother, stop talking nonsense with this guy, activate the formation, let's kill him together and avenge the eldest brother!"

Tai Bing was irritable and helpless, wishing to take action immediately.

Tai Geng was suspicious and still thinking.

Suddenly, a light flashed in his mind, and he seemed to have thought of something. He suddenly raised his head and looked into the distance.

Where he saw a figure running away quickly. , has actually gone around to the exit of Yanhuo Palace.

That figure is none other than the phantom clone.

"By the way, I almost forgot about this guy. Could this guy be this kid's trump card?"

Tae Geng looked at the phantom clone.

At the same time as Tai Geng looked at the phantom clone, Qin Feng showed a panic look on his face.

Tai Geng turned around and happened to see this scene. His eyes suddenly lit up, and he secretly thought that he had guessed correctly. Yes.

He quickly said proudly:"I'll give you a mission. Whoever kills that black-robed boy will be rewarded heavily!"

"Ancestor, I am willing to go!"

The fifth elder rushed to ask for orders.

This scene made Qin Feng frown.

Tai Geng saw it secretly, and was more sure of his judgment, and was overjoyed.

He quickly said:"Fifth elder, I'm afraid it's not right for you to be alone, let the sixth elder do whatever you want. go together!

The fifth elder said indifferently: "Ancestor, I have been secretly observing the black-robed boy for a long time. His cultivation level is only the highest level of Dzogchen. I can easily kill him if I go alone. I don't need the help of the sixth elder!" The sixth elder was displeased:

Fifth elder, don't be too arrogant!" You haven't fought against the boy in black robe, so how do you know that he doesn't hide his strength?"

The fifth elder said disdainfully: "There was only one universe in Yuanshi, and it has been inherited by the boy in front of me, so the boy in black robe is definitely not the master of the universe. That being the case, what else is there to be afraid of?"

Hearing this, everyone nodded and felt that it made sense.

The fifth elder should be able to kill the black-robed boy alone.

Tai Geng was worried and said hurriedly: "Don't worry about it, you two go together. This is the safest!"

"Yes!"

At that moment, the two people were no longer distinguishing each other. They turned around and chased after the shadow clones.

Seeing the fifth elder and the sixth elder leaving, Qin Feng finally breathed a sigh of relief and felt funny in his heart.

It turned out that he had deliberately pretended to be nervous just now. , just to deceive Tai Geng.

In this way, Tai Geng will send people to hunt down the phantom clone.

This is Qin Feng's plan to lure the tiger away from the mountain. He has always wanted to find an opportunity to kill one or two quasi-god realms, so as to break through the realm in one fell swoop.

If the people of the Taiyan clan were all together, he would have no chance.

Therefore, he thought of this method from the very beginning when he saw Taigeng and a group of people coming to kill him, and quickly ordered the phantom clone to separate from him.

Now, he The plan is half successful

"Ha ha!! My friend, I seem to have discovered your trump card....."

Tai Geng smiled proudly.

However, he still had some doubts in his heart

"That's not necessarily the case!"

Before Tai Geng could think too much, Qin Feng's figure flashed and suddenly rushed out.

"not good! He wants to escape!"

"Take action!"

Everyone exclaimed and launched attacks on Qin Feng.

A great battle broke out immediately.....

At the beginning, Tai Geng's attention was diverted, and he had no time to think about the fishy nature.

In the blink of an eye, the two sides fought for more than a thousand rounds.

Qin Feng was completely at a disadvantage.

Tai Geng and others became more and more frightened as they fought.

This young man's combat power is obviously only about 7 trillion zi, but the increase has reached 17 times, far exceeding the limit of the Lord of the Universe! what on earth is it?

In the God Realm, increase is a common method and is also an important trump card for everyone.

Therefore, there are many secret techniques for amplification in the divine world.

But most of the increase multiples are less than fifty times, and only a few can reach a hundred times.

This type of secret technique is often in the hands of true god realm giants and is extremely precious.

The Lord of the Universe can control merit, karma, and destiny. He is born with the ability to simultaneously display the Golden Wheel of Merit, the Red Lotus of Karma, and the Hongmeng Sacred Ring.

They can increase their increase multiplier to 108 times, which is stronger than the giants of the True God Realm.

This is the special thing about the Lord of the Universe that even the powerful in the True God Realm are jealous of.

Of course, this is just one of the advantages of the Master of the Universe.

The Master of the Universe has many advantages. For example, carrying a universe with you is equivalent to carrying a mobile base and an inexhaustible talent base.

At the same time, the universe can produce its own resources, which is equivalent to having an inexhaustible treasury.

And Qin Feng's dual universe is even more magical!

These are all things for later.

At this moment, what shocked Tai Geng and others was that the Lord of the Universe's increase limit was 108 times.

Qin Feng's increase rate was actually 17 times, which they had never heard of

"Second brother, this guy is so weird! He is much stronger than Yuan Shi"

"yes! This is my first time seeing you too!"

Tai Geng was also filled with emotion.

"Two ancestors, there must be a huge secret hidden in this guy. If we kill him, we will definitely get a lot of benefits!"

Dazai suddenly interjected.

Everyone's eyes lit up, and they secretly thought that it made sense.

At that moment, everyone's attacks became more fierce. For a moment, the sky collapsed, the divine light burst, and the three thousand avenues were all in chaos.

If the space of the God Realm was not abnormally stable, everything around him would have been destroyed at this moment. It will all turn into nothingness.

Under the siege of everyone, Qin Feng's situation is extremely bad, and he is suppressed with little power to fight back.

After all, his strength is only equal to Tai Geng, which is the combat power of the false god.

And the opponent has Two false gods, plus a dozen quasi-gods.

This is equivalent to three false gods besieging him alone in 5.2.

Seeing Qin Feng retreating steadily, everyone in the Star Alliance was frightened and extremely anxious.

Suddenly, there was a muffled groan!

Qin Feng Unprepared, Tae Geng hit him in the chest. His chest suddenly sunk, and he spurted out divine blood, and retreated backwards.

Everyone in the Star Alliance exclaimed, and secretly said that something was wrong.

"Ha ha!! This kid is finally injured!"

Taigeng and others were ecstatic.

"Let's kill him together!"

Tai Geng gave an order, and everyone took action at the same time.

However, no one noticed that the fifth elder and the sixth elder were chasing the phantom clones and had long since escaped everyone's sight.

The distance between the two sides, at Tai Geng's speed, would take a long time. After a while, it was enough for Qin Feng to kill a quasi-god realm.

At this moment, Tai Geng and others came to kill together.

This time, more than a dozen of them attacked at the same time.

The joint attack was Burning the Sky and Boiling the Sea , destroying everything in sight, destroying all the heavens and worlds.

The overwhelming divine power covered the sky and the earth, and came with crazy oppression.

Tai Geng and others' eyes flashed with excitement.

They seemed to see that Qin Feng would be under this blow , turned into a ball of blood mist.

But at this extremely critical moment, they suddenly saw Qin Feng showing a sarcastic smile, and his snow-white teeth.

There was a starlight shining on the tips of the teeth.

The next second, Qin Feng just reversed the yin and yang and switched places with the phantom clone..

### Chapter 793

Before everyone could react, Qin Feng turned into a phantom clone.

The attacks from Tai Geng and others also fell at the same time, bombarding the clones together.

Boom~!

There was a loud noise, and the temple trembled.

The phantom clone was blasted to pieces, instantly turned into nothingness and dissipated in the air.

The phantom clone was killed.

Tai Geng and others were stunned, and they all opened their mouths in shock.

"Then...why did that boy suddenly turn into a man in black robe?"

Dazai had a bad feeling.

"not good! Fell into a trap!"

An idea flashed in Tai Geng's mind. He thought of something and his face changed drastically.

"Second brother, what's wrong?", Tai Bing looked confused.

Tai Geng was anxious: "Haven't you figured it out yet? The man in black robe before was the clone of that boy. That kid must have used a secret technique to make the clone switch places with him."

At this reminder, everyone's expressions changed drastically.

"Damn it!", Tai Bing was furious, "The fifth elder and the sixth elder are in danger!"

"probably not!", Tai Geng shook his head, "Although that boy's strength is comparable to that of a false god, it's not easy to kill a quasi-god. He can't destroy a quasi-god without even an hour."

"What's more, it's even harder to kill the Fifth Elder and the Sixth Elder when they are together. He would not kill the fifth and sixth elders foolishly, he should have escaped! Dazai hurriedly said:"

Ancestor, before I came, I had ordered the three elders to lead tens of thousands of clan members to surround the holy land and set up a great formation of all spirits on the periphery. Even if that kid escaped from the Flame Palace, he would never be able to break through the Great Formation of All Spirits!

Tai Geng was overjoyed: "26 Well done!" That kid wants to escape from the golden cicada's shell, it's a dream! Let's chase!"

At that moment, everyone chased in the direction where the fifth elder left.

The Yanhuo Palace was extremely huge.

At this moment, it was not far from the exit of the Yanhuo Palace.

The fifth elder and the sixth elder looked at Qin Feng in confusion.

Just now , they were about to catch up with the shadow clone.

But unexpectedly, the shadow clone suddenly turned into Qin Feng.

The two of them were immediately shocked, and a trace of fear flashed in their eyes.

"Boy, do you think the two of us will let you go if you become the Lord of the Universe?"

The fifth elder deliberately pretended to be disdainful, but he was extremely guarded in his heart. The Lord of the Universe in his mouth refers to Qin Feng.

He thought that the shadow clone deliberately changed into Qin Feng's appearance to scare them away.

The sixth elder's eyes lit up, He felt that the fifth elder's guess was correct, and his mind gradually calmed down.

Seeing the two people's expressions, Qin Feng smiled coldly and waved his hand. The surrounding space trembled, and countless light points poured out from the void, condensing into a human shape. Transformed into a man in black robe.

The phantom clone was resurrected!

"This...this is.....", the Sixth Elder was stunned.

"not good! Run!"

The fifth elder instantly thought of the reason and turned around in fear.

The sixth elder woke up and immediately turned pale and ran away.

The man in black robe and Qin Feng appeared at the same time, which is enough to show that the Qin Feng in front of him is real.

This guy is the universe The masters are as powerful as false gods. They are no match at all. How can we not be afraid of them?

"Want to escape? late!"

Qin Feng smiled coldly, stepped forward, and stopped in front of the two of them in an instant. The sixth elder panicked and backed away repeatedly. But the fifth elder had an idea, "Sir, the most important thing you should do now is not to kill us, but to escape from the flames. palace"

"Otherwise, when the two ancestors of our clan arrive here, you won't be able to escape even if you want to!"

At this time, the fifth elder said again: "Sir, if you let me go, I am willing to give you the secret of the great formation to help you escape....."

The Sixth Elder did not stop him.

He knew that the Fifth Elder was a temporary measure.

Even if Qin Feng gets the forbidden magic formula, he can't escape. There are still tens of millions of tribesmen outside who are besieging him.

Qin Feng smiled coldly, with disdain in his eyes.

Will he escape?

What a joke!

Even if he is allowed to escape, his identity as the master of the universe will be exposed.

What he needed was to keep this secret.

Therefore, he wants to kill all the Taiyan clan!

"What a noise!"

Qin Feng sneered, suddenly took action, and slapped the fifth elder with one palm.

"crazy! You are crazy! Lao Liu, come and help me!"

The fifth elder was horrified and shouted repeatedly.

The sixth elder hesitated for a moment and then rushed to help.

They knew very well that as long as they joined forces to fight Qin Feng, they would be able to persist until Tai Geng and others arrived.

By then, they would be saved. But if he faced Qin Feng one-on-one, the danger would be even greater.

Blinking, the sixth elder rushed to the vicinity of the fifth elder.

But at this moment, a black light flashed, and the phantom clone blocked his way.

"roll~! "

The Sixth Elder was furious and swept away with his palm.

He looked down upon the phantom clone at all.

What qualifications does a guy with only the highest level of Dzogchen cultivation have to fight head-on with a quasi-god master?

Does he think he is also the master of the universe?

Boom~!

The two hands met instantly!

There was a loud sound of earth shattering!

The Sixth Elder groaned and was blasted thousands of miles away by the shadow clone.

The sixth elder was immediately dumbfounded.

He was actually blown away by a high-grade Dzogchen junior!

Could it be that this man in black robe is also the master of the universe?

Naturally, he didn't know that Qin Feng was the master of the twin universes.

Qin Feng's clone is also extraordinary in strength and has already reached the level of the Lord of the Universe. It can sweep across the same level and fight across levels.

At the same time, there was a scream!

The fifth elder was exploded by Qin Feng's palm, and blood mist flew all over the sky.

When the Sixth Elder saw this scene, he was very anxious and rushed to the rescue.

He just wanted to buy some time for the Fifth Elder until Tai Geng and others arrived.

The phantom clone stepped forward and stopped in front of him again, and the two sides started fighting.

For a time, the field was divided into two large groups.

The Sixth Elder and the phantom clone fought together.

But it was the phantom clone that gained the upper hand.

On the other side, Qin Feng shot the fifth elder into a blood mist and killed them like crazy...

The fifth elder screamed repeatedly.

The screams echoed in the void

"ah.....~! Boy, you can't hit me! I am a quasi-god, even if I give you a day and a night, you will never try to destroy me!"

In the blood mist, the pained roar of the fifth elder came out.

He was extremely angry and unwilling.

Although he thought he could not die, being killed like this would cause huge damage to his cultivation.

This is himself The reason why I always wanted to avoid fighting

"Boy, there is a way to heaven but you don't take it, and there is no door to hell but you break in. When my ancestor Taigeng arrives, you will die without a burial place! I won't let you go either!"

It seemed that Qin Feng could not destroy him.

The fifth elder broke the jar and cursed Qin Feng.

"Ah! You really think you can last that long!"

Qin Feng sneered.

The path of cause and effect was moving, the six armors returned to their rituals, the zodiac returned to their positions, attacking here and there.

Qin Feng's attack instantly integrated into the path of cause and effect, directly blasting through the five elders' divine base, and the destructive power suddenly increased tenfold....This is Qin Feng's true strength

"Ah~~! This this.....big.....Sir, no...don't kill me...."

In the blood mist, the extremely frightened voice of the fifth elder came out.

With just one blow, Qin Feng blasted through his divine base, and his momentum dropped by more than half.

He finally realized the danger of death.

Only then did he realize that he 433 had far underestimated Qin Feng

"Sir, don't... don't kill me!"

The fifth elder wailed in great horror.

Boom~boom~! Boom~!

Qin Feng didn't listen at all, and bombarded hundreds of punches in succession.

Click~ a crisp sound~!

The soul base was shattered, and the true spirit was wiped out~!

Only the last one was left in the air The screams were echoing.

In just a few minutes, Qin Feng killed a quasi-god.

The next second, he opened his mouth and began to swallow.....

At the same time, the Sixth Elder was dumbfounded when he saw this scene.

This killing speed is too fast!

Even the false god Dzigchen cannot do it!

He suddenly turned pale with fear, turned around and ran away.

If you don't run away now, when will you wait?

But before he could escape a few steps, he was blocked by the phantom clone, and the two sides became entangled again.

The Sixth Elder was extremely anxious, but there was nothing he could do.

The phantom clone is much stronger than him, so it's not easy for him to escape.

At this moment, Qin Feng swallowed up the blood mist.....

"Ding~! Congratulations to the host for killing a powerful quasi-god... and gaining 300 billion karma points....."

Ding~ Congratulations to the host for successfully swallowing the broken Three-Yuan God Foundation... The 32 supreme divine seals are automatically integrated into the Creation God Foundation....."

"Ding~! Congratulations to the host, your Creation God Foundation has been integrated with 160 supreme divine seals...your combat power has increased to 8 trillion....."

"Ding~! Congratulations to the host for successfully using the blood-devouring mist energy...your cultivation level has broken through to the quasi-god realm....."

Click~

A soft sound came from Qin Feng's body.

The barrier of cultivation was violated.

He finally broke through to the quasi-god realm, and his momentum soared into the sky.

Chapter 794

Boom~Boom~! Boom~!

Qin Feng's aura surged, his whole body's aura doubled, and endless imperial power spread out, oppressing the hall's aura and causing chaos.....

Buzz~buzz~! Buzz~!

Waves of clear chimes sounded...

A round of divine rings appeared behind Qin Feng, blooming with golden divine light, reflecting across the world.....

The golden wheel appears and the divine light appears!

This is the sign of breaking through to the quasi-god realm.

The moment the top-grade Dzogchen breaks through to the quasi-god realm, the true spirit will merge with the divine base, thus stimulating the divine ring...

The sixth elder was dumbfounded when he saw this scene.

When the fifth elder died, he was filled with grief and anger.

But at this moment, his sadness was gone, only boundless fear!

Qin Feng has broken through to the quasi-god realm, and his strength must have doubled.

When Qin Feng completes his breakthrough, it will be his death!

"Get out of here!"

The sixth elder was so angry that he hit the phantom clone with all his strength.

He wanted to get rid of the phantom clone's entanglement and ran away.

Boom~

The two sides attacked head-on.

"ah~! "

The Sixth Elder screamed miserably and was blown away by vomiting blood, rolling thousands of miles away.

The phantom clone takes advantage of the victory to pursue, and with one step, it breaks through the air and chases away.

"This...how is this!"

The sixth elder was in disbelief.

Just a second ago, the shadow clone was only slightly stronger than him.

How come in the blink of an eye, the shadow clone was much stronger than him.

But before he could think about it, the shadow clone The clone came out of the air and suppressed it with one palm.

"Damn it!"

The Sixth Elder exclaimed and hurriedly came forward.

Boom~

There was a loud noise, and in an instant, the Sixth Elder's body cracked, and the whole person was blasted tens of thousands of miles away.

The strength of the phantom clone has been greatly improved..What the hell is going on?!

The Sixth Elder wailed silently!

Of course he didn't know that the shadow clone was an extension of Qin Feng's body.

With Qin Feng's breakthrough in cultivation, the strength of the shadow clone also increased, and it continued to follow Ascension.

At this moment, the aura in front of me shined brightly.

Not far away, one hundred and eight divine rings appeared behind Qin Feng.

There were also more than a hundred golden stars dotted among them.....

One hundred and eight divine rings represent one hundred and eight supreme divine seals, and more than one hundred golden stars represent more than one hundred supreme divine seals.....

Qin Feng finally completed his breakthrough, and the vision of the Creation God Foundation was fully revealed...

Suddenly, purple light came out from his whole body, rendering all the heavens and worlds... Within the spiritual light, the fairy sound formed on its own, resounding throughout the world...

There were countless golden lanterns, golden lotuses, necklaces, smallpox, and hanging beads falling all over the sky, like water dripping from the eaves, a steady stream, extremely auspicious...

In the distance, the Sixth Elder happened to see this scene and was completely dumbfounded.

He has seen people who have broken through to the quasi-god realm, and most of them have three divine rings, that is, those who have achieved godhood with the three-dimensional god base.

Only a very small number of people have the Nine Paths Divine Foundation, that is, the Nine Extremes Divine Foundation, and have achieved godhood.

All achievers of the Jiuji Divine Foundation are stronger than those of the same level. They are the elites in the quasi-god realm.

But this young Lord of the Universe has one hundred and eight divine rings. What is the concept of this?

A divine foundation with one hundred and eight rings!

He had never heard of it, and he didn't even dare to think about it.

In fact, only a handful of people in the God Realm have heard of the existence of the Dao Shen Ji.

It's normal that the Sixth Elder didn't hear about it.

As for the Creation God Foundation, which is stronger than the Dao God Realm, it is more vague than ancient legends, and no one knows it.

Buzz~

The breakthrough is over!

All celestial phenomena disappeared!

"Ding~! Congratulations to the host, your cultivation has broken through to the quasi-god realm. Your current cultivation progress is 0.7 in the quasi-god realm.%......Combat power increased to 20 trillion Zi....."

Qin Feng was ecstatic.

The combat power of 2 billion Zi is the limit of combat power in the pseudo-god realm.

He had just stepped onto the threshold of quasi-god, and he already had such fighting power.

If coupled with his super amplification, he can definitely fight against the false god Dzogchen.

The combat power of the false god Dzogchen is in the range of 30 trillion zi to 50 trillion zi

"Ding! Congratulations to the host for his breakthrough in cultivation.....Your dual universe has doubled.....The resource production speed has doubled..."

Qin Feng was delighted.

There are many benefits to his cultivation breakthrough.

At this time, he raised his head and looked at the Sixth Elder.

When the Sixth Elder saw him, he was so frightened that his liver and gallbladder split, and his face turned pale for an instant....But before he could think too much, the shadow clone also arrived and slapped it down with a palm.

With that palm shot, the shadow clone's cultivation aura was also exposed, and it actually reached the quasi-god realm.

His strength was the same as Qin's. The wind is rising simultaneously

"Why... why did you mention it again?..! "

The Sixth Elder was completely desperate.

So forget it if the Lord of the Universe is a freak.

This man in black robe is also a freak.

Boom~!

The phantom clone fell with a palm!

With a shrill scream, the Sixth Elder turned into a ball of blood mist.

The power of the phantom clone's strike actually reached the threshold of a false god.

In the blink of an eye, the Sixth Elder came to life again.

But at this moment, the light and shadow in front of his eyes dimmed.

He quickly looked up and saw Qin Feng looking down.

He was so frightened that his legs weakened and he fell to his knees with a thud.

"Sir, have mercy on me! Please spare my life!!"

The sixth elder burst into tears and kowtowed repeatedly.

He gave up resistance completely.

Qin Feng was really too strong, and he didn't even have the thought of resistance.

Qin Feng sneered and was about to take action.

This time, he wanted to destroy the entire Taiyan clan. , it is impossible to survive.

Only in this way can he be guaranteed to be the master of the universe.

"stop~! "

At this moment, a group of people appeared in the distance.

Tai Geng and others finally arrived, just in time to see the Sixth Elder kowtow and beg for mercy.

Tai Geng and others were shocked and angry.

When did the Taiyan clan suffer such humiliation?

"Old...Ancestor, save me!"

The Sixth Elder was ecstatic and wanted to escape.

Qin Feng sneered and slapped a palm, accompanied by the Cause and Effect Road.

Boom~!

The temple shook!

That palm directly killed the Sixth Elder to pieces, and even the Divine Foundation was completely destroyed. broken.....

"Stop~! ", Geng roared in anger.

A group of people went crazy came to the rescue.

Qin Feng ignored him and slapped him with another palm.

Click ~ a soft sound!

The true spirit is extinguished!

Everything will disappear!

With just two palms, Qin Feng instantly killed a quasi-god.

This kind of efficiency is comparable to that of a true god realm giant.

Tai Geng and others were completely dumbfounded.

When did the Sixth Elder become so vulnerable?

They didn't realize that it was Qin Feng who became too strong, not the Sixth Elder who became weak.

Immediately, Tai Geng's eyes were about to burst, and his heart was burning with urgency.

"Ah~! Little bastard! My husband is going to kill you!

At that moment, a group of people rushed over with great anger...

Every quasi-god elder is the mainstay of the family.

Qin Feng actually killed an elder in front of them, how could they not be angry.

Qin Feng didn't take them seriously. He opened his mouth and swallowed the blood mist in front of him.....

At this moment, Tai Geng was the first to arrive.

"Little bastard! Take your life!"

Boom~

Tai Geng rushed towards Qin Feng.

The shadow clone dodged and blocked his way.

"roll!"

Tai Geng's eyes were full of disdain.

He already knew that the phantom clone was just a clone of Qin Feng.

His opponent was only Qin Feng himself, and even trying to stop him was a dream!

Tai Geng swept with one sleeve and wanted to kill him. The phantom clone flew out.

But unexpectedly, the two of them fought.

Boom~!

There was a loud sound of the earth shattering!

Tai Geng and the phantom clone flew out at the same time.

With this blow, the two sides were evenly matched.

"This...how is this possible!"

Tai Geng was so shocked that his eyes almost fell out.

Qin Feng's clone was able to tie with him.

Not far away, Tai Bing and others were stunned.

At this moment, Qin Feng swallowed the blood mist clean.....

"Ding~! Congratulations to the host for killing a powerful quasi-god... and gaining 290 billion karma points....."

"Ding~! Congratulations to the host for successfully using the blood-devouring mist energy...to break through to the quasi-god realm 2.3.%.....Combat power increased to 21 trillion Zi....."

The strength has improved again!

Qin Feng is happy

"Ancestor, this guy has reached the level of quasi-god!!"

Tai Bing and others also arrived.

Everyone's expressions changed drastically when they discovered Qin Feng's breakthrough.

"Without further ado! Kill him together!"

Tai Geng took the lead and pounced on Qin Feng again.

Tai Bing and others followed closely.

The shadow clone dodged first and stopped Tai Geng again.

At that moment, Tai Bing led a dozen quasi-gods and rushed towards Qin Feng. blast away

"Boy, go to hell!"

Tai Bing was furious. He broke the sky with a punch. The golden divine fire rolled down and swallowed Qin Feng overwhelmingly.

Dazai and other dozen quasi-gods launched the strongest blow.

In an instant, more than a dozen attacks hit Qin Feng at the same time. Xiang Qin Feng.

Everyone in the Star Alliance was frightened when they saw it.

Those are all quasi-gods and false gods!

Qin Feng, however, proudly stood in the air, raised his hand and directly faced the crowd to attack.  
.....

Boom~boom~! Boom~!

There was a series of loud noises, accompanied by several screams.

Tai Bing and Da Zai were both vomited blood and flew backwards.

The dozen or so quasi-god elders were blasted on the spot, causing blood mist to fill the sky.....

Qin Feng used a pair of more than a dozen people to crush them all in one encounter.

The false gods of Dzogchen and the strong are nothing more than this!

Tai Gengcheshocked.

He really didn't expect that even if Qin Feng's clone became stronger, his real body would be even more frighteningly strong.

Now, even if they join forces, they are no match for Qin Feng.

If the fight continues, maybe he will fall.

With this in mind, he yelled: "Retreat!"

As soon as he said this, Tai Geng ran away first.

Qin Feng was stunned for a moment.

He didn't expect that this person was so shameless that he would even ignore his clan members and descendants in order to save his life.

Seeing this, Tai Bing and Da Zai were also panicked.

The two hesitated for a moment, then fled.

In the blink of an eye, there were only a dozen blasted quasi-god elders left in the field.

"Ancestor, save us!"

When the elders saw that Tai Geng and the others had left them and ran away, they were filled with grief and anger, and shouted anxiously.

Qin Feng couldn't care so much, and instantly sacrificed the four divine swords, inspiring hundreds of millions of sword lights, and shouted at the elders Strangling away.

The phantom clone also used the Tai Chi Diagram to assist Qin Feng in killing the quasi-gods.

For a moment, the sky was filled with sword light and screams continued.....

Many elders wanted to be resurrected and escape, but the space was restricted by the Tai Chi diagram and they could not escape at all...

It didn't take long before some people started to die.....

"Ding~! Congratulations to the Lord for killing a powerful quasi-god... and gaining 310 billion karma points....."

"Ding~! Congratulations to the host for killing a powerful quasi-god... and gaining 270 billion karma points....."

"Ding~! Congratulations to the host for killing a powerful quasi-god... and gaining 320 billion karma points....."

In just a moment, Qin Feng and the shadow clones joined forces and killed eleven quasi-god masters, accumulating 400 million karma.

There were only three quasi-god elders left in the field, and they kept wailing.....

At the same time, Tai Geng and the others had escaped from the Flame Palace.

Outside the palace, tens of millions of clan members had already surrounded them.

They were a little dumbfounded when they saw the two ancestors and the clan leader escaping in embarrassment.

The three people in Taigeng were even more undecided.

"Second uncle, why did that boy become so strong all of a sudden?!"

Dazai was still frightened.

Tai Geng had a gloomy look on his face: "I don't know either! However, that kid is a hundred times stronger than Yuan Shi back then. We are no match."

"Second uncle, what should we do now? That guy will come out sooner or later!"

Dazai was a little panicked.

Tai Geng had a sinister look on his face: "At this point, we can only activate the Eight Scenery Flame Palace, activate the fire of the ancestral origin, and burn him to ashes!"

Tai Bing was horrified: "Second brother, once the fire of ancestral origin is activated, the entire palace will not be spared, not even an inch of gold will be left. Even the false god Dzugchen will fall in it. That kid will definitely fall, but many elders will also be inside! Tai Geng's face was gloomy:"

Now that things have happened, I can no longer care about that much." If we wait for that kid to break out of the Fire Palace, we will lose the chance to kill him."

"This...", Tai Bing hesitated.

Dazai also wanted to kill Qin Feng right away. He wanted to avenge his father.

At that moment, he advised: "Third uncle, that kid is a peerless evildoer. We must not let him leave the Flame Palace. Come out alive. If not, we will be in danger of annihilation. Tai

Bing was startled and secretly thought it was reasonable.

"That's it! Let that boy be buried with the elders (Zhao Qianzhao)! Second brother, let's do it!"

"good!"

At that moment, Tai Geng and Tai Bing pressed the seals at the same time.

It turns out that activating the Yanhuo Palace requires two false gods to operate together. This is a big killer weapon and the foundation of the entire Taiyan clan.

In just a moment, the entire Yanhuo Palace The Fire Palace began to vibrate slightly, and the palace began to emit a spiritual light, just like a giant beast gradually awakening...

Seeing this scene, Dazai breathed a sigh of relief.

He could finally avenge his father.

Once the fire of the ancestral origin came out, even if The false god Dzugchen must also die.

That boy is dead this time.....

At the same time, inside the Yanhuo Palace.

Qin Feng and the shadow clone are working together to kill the elders.

At this moment, there is only one living person left, the Great Elder, who is still struggling.

But at this moment, the hall suddenly trembled

"Huh! This is....."

Qin Feng was confused and looked around

"He...they actually activated the Fire Palace....."

The great elder's tone was extremely sad and angry.

He also noticed the movement in the palace and immediately guessed that he was being treated as an outcast.

Tai Geng and the others actually wanted to burn him and Qin Feng together.

"What happened to activating the Fire Palace?", Qin Feng asked curiously

"Ha ha!! When the Fire Palace is activated, the fire of the ancestral source will fall. At that time, I will die, and you will die with me! Ha ha!!"

In the blood mist, the great elder's wild laughter echoed.

He had already regarded death as a piece of paper.

The only thing that made him happy was that Qin Feng, the god of death, was also going to die.

The fire of the ancestral origin could burn the false god Dzogchen to death..

And Qin Feng was just a quasi-god.

But he didn't realize that Qin Feng's eyes lit up with joy when he heard the words 'Ancestral Fire'.

That was exactly what Qin Feng needed to collect..

Chapter 795

"Ha ha!! Little bastard, I'm not going to survive, and neither can you!"

In the blood mist, the great elder's voice was full of schadenfreude and a bit of desolation.

He loved his family, but he also hated being treated as an abandoned son.

However, he hated Qin Feng even more.

If Qin Feng hadn't appeared, How could he be regarded as an abandoned son, and how could he die!

He wished that the boy in front of him would die immediately!

At this moment, he had forgotten that if the Taiyan clan had not murdered Yuanshi, how could he have suffered the retribution he had now.

Qin Feng It is a creature born from the universe of Yuanshi.

To a certain extent, he can be regarded as a descendant of Yuanshi.

Now, he has avenged Yuanshi.

The Supreme Being conspired to seize it, but Yuanshi died.

Qin Feng was born, and Tianyan was robbed..

There is reincarnation in the way of heaven, and there is a cycle of cause and effect, and all retributions are not satisfactory at all.

Qin Feng pointed his sword, and billions of sword lights shot out overwhelmingly, instantly breaking the great elder's true spirit.....

"Ah~! You little bastard must die a good death.....ah~! "

The screams echoed in the void.

That was the great elder's final curse.

The great elder died and disappeared without even a chance of reincarnation.

"Ding~! Congratulations to the host for successfully killing the powerful quasi-god.....Obtain 430 billion karma points....."

Then, Qin Feng opened his mouth and inhaled, swallowing all the blood mist transformed by more than a dozen quasi-gods.....

"Ding~! Congratulations to the host for successfully devouring the broken Three-Yuan God Foundation... 31 supreme divine seals are automatically integrated into the Creation God Foundation....."

"Ding~! Congratulations to the host for successfully devouring the broken Three-Yuan God Foundation... The 34 Supreme Divine Seals are automatically integrated into the Creation God Foundation....."

"Ding~! Congratulations to the host....."

With the continuous devouring, Qin Feng's combat power and momentum are also rising sharply.  
.....

At the same time, outside Yanhuo Palace.

Tai Geng and Tai Bing pressed the seals repeatedly.

Buzz~buzz~! Buzz~!

The Eight Scenery Flame Fire Palace keeps vibrating, and the aura becomes more and more powerful.....

Immediately afterwards, the entire Taiyan Clan's station lit up with red light and shook continuously.

Under the ground, countless majestic spiritual energy was extracted, and then the waves of spiritual energy gathered together, rushing towards the Flame Palace like turbulent sea water.....

This change alarmed the entire Taiyan clan.

At this moment, thousands of tribesmen looked at the Eight Scenery Flame Palace, and they were all shocked.

417 Generally speaking, the Tai clan will only use the Eight Scenery Flame Palace when they encounter a major crisis, or when life and death are at stake.

For example, millions of years ago, a giant in the True God Realm wanted to invade their family's residence.

Several ancestors joined forces to activate the Yanhuo Palace and repel the true god realm giant, so that the Taiyan clan could survive.

Of course, that giant had just broken through to the True God Realm, and his strength was only at the bottom of the True God Realm.

Otherwise, the Taiyan clan would not be able to repel that person.

But what's going on now?

Didn't the two ancestors and the elders join forces to kill Yuan Shi?

How come there are only two ancestors and the clan leader?

Why didn't the elders come out?

Is it because of Yuanshi?

The tribesmen were shocked and doubtful, and many people began to discuss

"Third uncle, the two ancestors actually activated the Eight Scenery Flame Palace. Could it be that Yuan Shi has become extremely powerful?"

"Hey~! I'm afraid you've guessed! The two ancestors would not use this move unless they had no choice. In my estimation, that Yuanshi has the strength of the false god Dzigchen."

"Oh My God! So strong! However, once the Fire Palace is activated, the ancestral fire can burn everything. Even if Yuanshi has the cultivation of the false god Dzigchen, he will be reduced to ashes."

"yes! Not to mention that the false gods have reached the Great Consummation, even the giants of true gods have to retreat. This time, Yuan Shi will die. The only pity is that his universe will also be burned to ashes....."

"Hey~! A universe master is about to perish like this. What a pity for that universe!"

In the crowd, everyone was filled with regret.

Of course, more people were there to gloat and thought that Qin Feng was dead.

In fact, the Supreme Being (Yuan Qing) did not use the Yanhuo Palace to deal with Yuanshi back then because he was worried that the universe would be destroyed.

Now, Tai Geng and the others can no longer control so much.

They have provoked Qin Feng, so they must deal with this trouble and eliminate the family crisis.  
.....

Boom~~!

The underground spiritual energy was extracted faster and faster, extending towards the surrounding mountains, which gradually alerted nearby forces.....

It turns out that the Taiyan clan is located in a corner of Shouyan Mountain.

This Yanshan Mountain stretches for hundreds of millions of miles, and there is a superior spiritual vein hidden underground, which is shared by (chda) three medium forces and a dozen small forces.

The Taiyan clan is one of the three medium forces.

At this moment, Tai Geng and Tai Bing were frantically extracting spiritual energy in order to activate the Flame Palace.

Such unusual movements naturally alarmed the surrounding forces.....

At this moment, the Eight Scenery Flame Palace was completely activated, lighting up the sky with red light, connecting the sky and the earth, illuminating everything tens of billions of miles in radius.....

"Ha ha!! Activated! Activated!"

Tai Geng laughed wildly with pride.

He had been worried that Qin Feng rushed out before activating the Yanhuo Palace.

Fortunately, the boy had no sense of crisis. He only knew that the elders missed the opportunity to escape.

The Eight Scenery Yanhuo Palace has already Activated.

It will automatically attack all living things inside until it is completely destroyed.

At this moment, the whole building glows with flames.

That is the ancestral fire inside, and the fire shines through the thick, transparent As soon as the flame appeared, the surrounding temperature increased rapidly.

Wherever the light went, all the flowers, plants and trees dried up, and the soil on the surface turned into scorched earth.

The surrounding air formed a heat wave, causing the tribesmen far outside the forbidden area to be heated. Back off again and again

"Ha ha! The ancestral fire appeared inside! That little bastard is dead this time!"

Dazai grinned excitedly.

He seemed to have seen the scene of Qin Feng being burned alive.

Tai Geng and Tai Bing also smiled and wiped the sweat from their foreheads.

The power of the ancestral fire is too strong!

Even if they are in the flames Outside the Fire Palace, I also felt very hot...

At the same time, inside the Fire Palace,

Qin Feng was devouring the last bit of blood mist...

The temperature all around was rising crazily, and the palace walls were gradually heating up like baked iron plates. redness.....

Immediately afterwards, the surrounding space began to distort under the high temperature, making everything around it look deformed.

In the dual universe, everyone in the Star Alliance was shocked when they saw this scene.

You know, this is the world of gods.

The spatial structure of the divine world is ten thousand times more stable than that of the ordinary universe.

Even the powerful pseudo-god Dzogchen cannot break through the divine space with one punch.

But before the ancestral fire appeared, the temperature it emitted distorted the space of the God Realm.

This shows how terrifying this ancestral fire is.

Everyone couldn't help but become worried.

At this moment, Qin Feng finally swallowed up all the blood mist

"Ding! Congratulations to the host for integrating 24 supreme divine seals. Your creation world has accumulated 372 supreme divine seals...your combat power has been increased to 23 trillion....."

"Ding! Congratulations to the host for successfully swallowing all the blood mist energy... Your progress has been upgraded to Quasi-God Realm 16%.....Combat power increased to 28 trillion Zi....."

The strength has improved again!

Qin Feng opened his eyes happily.

As soon as he opened his eyes, the anxious reminders of everyone in the Star Alliance rang in his mind.

"Your Majesty, the situation is not good. Let's break out!"

"yes! The temperature in the surrounding area has suddenly increased, and I am afraid that the ancestral fire is about to appear."

Everyone in the Star Alliance is anxious.

"That's too late!"

Qin Feng looked up at the sky.

At this moment, hundreds of millions of prophecy runes suddenly lit up over the entire Yanhuo Palace.....

Bah~bah~!

The sound of flames burning!

A large number of purple flames appeared out of thin air all around, exuding the power of burning the sky and boiling the sea, and engulfed Qin Feng.

In an instant, the color of heaven and earth changed, and everything burned!

"What a powerful divine fire!"

Qin Feng actually felt the threat, and couldn't help but hold his breath, waiting for the flames to come...

Everyone in the Star Alliance held their breath nervously, not even daring to take a breath.

"Ding~! Remind the host that the sky-burning purple fire (heaven), one of the four ancestral fires, has been discovered... If the host successfully collects and refines it, he will receive generous rewards....."

It turns out to be the Burning Sky Purple Fire!

Qin Feng suddenly realized.

At this moment, endless purple fire came towards his face.

Huh~huh~!

The monstrous divine fire instantly swallowed Qin Feng.....

Bah~bah~!

The violent purple flames turned into fiery snakes and swam on Qin Feng's skin.

Wherever it passed, the snow-white jade skin left scorch marks.

Qin Feng's face showed pain.

But before he could catch his breath, the sky-burning purple fire eroded from the wound into his body.....

Constantly burning his blood, his bones, and his cells.....

Greater pain hits all over the body.....

In the blink of an eye, Qin Feng's eyebrows and hair were all burned away, and most of his body was scorched...

He wanted to quickly repair his body, but was horrified to find that the injuries caused by the Burning Sky Purple Fire could not be repaired.....

This is extremely scary!

Qin Feng quickly activated the supreme divine seal of the fire system, but found that he could only get some relief, but in the end he still couldn't withstand the burning of the flames...

This sky-burning purple fire was really terrifying!

No wonder the powerful pseudo-gods of Dzogchen were reduced to ashes under the burning of the divine fire, and the true giants also had to retreat... At this moment, Qin Feng realized that he had underestimated the power of the ancestral fire.

But it was too late.

His injuries from the Burning Sky Purple Fire are irreparable and will only get worse.....

The fires all around are getting stronger and stronger.....

This is a process of ebb and flow.

After only a moment of stalemate, Qin Feng's injuries worsened and his momentum began to decline...

There was a look of extreme poverty on his face.

"Your Majesty...Your Majesty...."

"not good! Your Majesty cannot withstand the attack of this ancestral fire!"

"Your Majesty, rush out of the sea of fire and escape! If you hesitate any longer, it's too late!"

Everyone in the Star Alliance was completely panicked, and they were as anxious as ants on a hot pot.

Qin Feng was in unbearable pain.

This was the first time he encountered such a big crisis.

But in the pain, he still remained awake.

He knew that this If you go down, you will definitely turn into ashes.

As for escaping now, that is unrealistic. The exit has long been blocked by Tae Geng.

It will not be a matter of time for him to break through the exit. I am afraid that he will not be able to hold on for that long in the sea of fire.....

Then he has only one way!

Qin Feng actually opened his mouth and inhaled, swallowing a large piece of sky-burning purple fire.....

He actually wanted to forcibly refine the divine fire.

Successful swallowing is equivalent to refining the divine fire.....

When the purple fire entered his throat, it instantly scorched his esophagus, causing Qin Feng's whole body to convulse in pain.

He still endured the severe pain and used the god-level swallowing technique.....

"Ding~! Successful devouring... Congratulations to the host for refining a small ball of sky-burning purple fire. The flame resistance has been improved... and the combat power has been improved. ...."

"Ding! Alert host.....The Burning Sky Divine Fire destroyed a large space in the hell world...your dual universes were destroyed...the host's combat power dropped....."

It turns out that Qin Feng stored the sky-burning purple fire he swallowed in the hell realm.

Before refining, the Burning Sky Purple Fire will attack the Hell Realm crazily, causing damage to the Hell Realm...

Just a small ball of purple fire will burn through a hole the size of a planet in the Hell Realm...

However, once Burning Sky When the purple fire is refined, it will stop destroying the hell realm.

"Ding~! Remind the host that you can spend 10 billion karma points to repair the damage in the hell world. Do you want to repair it?"

"repair!"

"Ding~! Spend 10 billion karma points to succeed.....The host's hell realm has been restored as before, and its combat power has also been restored....."

Qin Feng is ecstatic!

Everything was as he expected!

He finally found a way to refine the sky-burning purple fire.

As long as he spends some karma points, he can continuously refine the sky-burning purple fire.

And his karma value has accumulated to more than 8 trillion, and he is worried about not being able to spend it all.....

At that moment, Qin Feng opened his mouth and sucked in another mouthful of Burning Sky Purple Fire.....

"Ding~! Successful devouring... Congratulations to the host for refining a small ball of sky-burning purple fire. The flame resistance has been improved... and the combat power has been improved. ...."

"Ding! Alert host.....The Burning Heaven Divine Fire destroyed a large space in the hell realm....."

"Ding~! Spending 9.6 billion power points to succeed.....The host's hell realm is restored....."

"Ding~! Devour successfully....."

In this way, Qin Feng refined more and more sky-burning purple fire.

His momentum is also increasing... his fire resistance is also increasing.....

The destructive power of the Burning Heaven Purple Fire to the Hell Realm is steadily declining. ....

Everything has entered a virtuous cycle.

Chapter 796

Everyone in the Star Alliance saw Qin Feng's change and couldn't help but secretly breathed a sigh of relief.

Your Majesty has never let them down!

Qin Feng also felt secretly happy.

The more Burning Heaven Purple Fire he refines, the stronger he becomes.

The hell world's resistance to the sky-burning purple fire is constantly increasing, and less and less karma points are used for each repair.

In this way, the stability of the hell world was unknowingly strengthened, with some fire attributes...

Not only that, Qin Feng's body also underwent tremendous changes under the tempering of the burning sky purple fire...

His skin, His flesh and blood, his tendons, his bones, every cell, and even his soul were greatly strengthened by the Burning Heaven Purple Fire.....

This greatly improved Qin Feng's fire resistance~.

His combat power and momentum have soared all the way.-.....

The monstrous divine fire seemed to be unwilling to give up, and was devouring and burning crazily. It burned more and more fiercely... and Qin Feng's refining speed became faster and faster.  
.....

At the same time, outside the Eight Scenery Flame Palace, red light penetrated the sky, and the surrounding temperature was getting higher and higher.

The Taiyan clan members were speechless at the sight.

"Ha ha!! Second brother, the power of the Flame Palace has been completely activated! That kid must be struggling inside, unable to survive or die!"

Tai Bing laughed excitedly.

Tai Geng also laughed without saying a word.

As long as the Eight Scenery Flame Palace is activated, it will automatically attack the enemy, so they don't know the real situation inside.

"I hope this guy dies as quickly as possible. Second uncle, how long do you think this kid can last?"

Dazai's hatred for Qin Feng is very deep.

"Generally speaking, the powerful false god Dzogchen will turn into ashes within two or three hours when being burned by the sky-burning purple fire."

"Although this boy's strength is comparable to the False God's Dzogchen, he has used secret techniques after all, and the physical God base should not be as good as the real Pseudo God's Dzogchen."

"According to my estimation, he will be reduced to ashes within an hour at most...."

Tai Geng stroked his long beard and analyzed carefully.

"Makes sense! It's a pity that the elders also died together...."

At the mention of the elders, Dazai looked gloomy.

Tai Geng and Tai Bing also looked ugly.

In any medium-sized force, quasi-god powerhouses are the mainstay.

This time, the Taiyan clan lost more than a dozen quasi-gods, and the loss was really too great.

This time, the strength of their clan must have plummeted.

Among the three medium-sized forces in the Shouyan Mountains, their ranking should drop to the bottom.

Originally, the Taiyan clan had the Supreme Lord in charge, and the Eight Scenery Flame Fire Palace suppressed the clan's luck, and firmly held the top position in the region.

Thinking of this, Tai Geng and the others felt very uncomfortable.

Speaking of which, all this is thanks to Qin Feng

"Hey~! Dazai, if you give up on the elders, I'm afraid we will be wiped out!", Tai Geng smiled bitterly.

"Uncle Er, I can understand your choice. Although all the elders have died, the kid will be burned alive, and their sacrifices are worth it. The only pity is that the original universe is not available."

Dazai looked regretful.

"If you can't get it, don't get it! As long as that kid dies. Maybe after his death, he will leave something behind....."

Tai Geng said slowly.

As soon as he said these words, both Dazai and Taibing's eyes lit up.

That's right!

Qin Feng's strength is so exaggerated that he can fight enemies across two realms. He must have some big secret hidden in him.

Maybe Qin Feng will leave something behind after his death.

As long as they can get it, the Taiyan clan will be prosperous.

Thinking of this, the three of them looked at each other with secret expressions of joy.....

At the same time, in the Shouyan Mountain area, to the east, over a certain mountain range.

A white-haired old man and a middle-aged man in blue shirt stood in the clouds, looking at the direction of the Taiyan clan's residence.

In that direction, red light penetrated the sky and turned into a flame.

This vision has appeared for more than a quarter of an hour, and it has surprised all the forces in the Shouyan Mountain area.

These two people are the two giants among the forces.

The white-haired old man is the behind-the-scenes ancestor of the Baiyun Sect.

The middle-aged man in blue shirt is the guardian of the Divine Sword Sect.

These two people are both super strong men of the False God's Dzogchen. They were once known as the Three Lords of Shouyan, and they are also the three strongest people in this area.

But at this moment, the two of them looked in the direction of the Taiyan clan with expressions of fear.

Today, the white-haired old man and the middle-aged man in blue shirt were discussing together what the Supreme Being was doing.

Because it won't be long before a conference of all ethnic groups will be held in the southern part of the God Realm, and the spheres of influence and the division of interests will be re-planned.

Baiyun Sect and Shenjian Sect have already begun planning candidates for participation.

There was no movement from the Taiyan clan.

Since Taishang announced his retreat to the outside world tens of thousands of years ago, the Taiyan clan has become very low-key, which is very different from the arrogant and domineering people in the past.

This naturally aroused suspicion between the two.

But the Taiyan clan was very tight-lipped, and the two of them didn't find out anything.

It was even rumored that the Supreme Being was breaking through the bottleneck of the True God Realm in order to participate in the next Ten Thousand Races Power Conference.

This rumor made the two of them very worried, but there has been no movement from the Taiyan clan.

Until today, the Taiyan clan finally made some movement, and it was still a movement that frightened both of them.

"The Taiyan clan actually activated the Eight Scenery Flame Palace. What kind of terrible person did they provoke?"

The middle-aged man in blue shirt had his throat rolling.

The Bajing Yanhuo Palace is the Taiyan clan's weapon to suppress the clan. It will not be used lightly unless it is absolutely necessary.

Something big must have happened here.

"Brother Lanren, how about we go take a look?", the white-haired old man suggested

"This....okay! Lao, let's go!"

The middle-aged man in blue shirt hesitated for a moment, but after all he couldn't hold back his curiosity.

At that moment, the two of them rushed towards the Taiyan Clan's headquarters.....

Not only these two pseudo-gods, Dzogchen masters, but also large and small forces and casual cultivators within a radius of hundreds of millions of miles, there are people who are curious to investigate.....

At the same time, the Taiyan clan was stationed outside the Bajing Yanhuo Palace.

Tai Geng and the other three were waiting anxiously.

At this moment, the flames of the Flame Palace gradually dimmed, and the heat quickly faded.

The three of them are overjoyed!

"Ha ha!! The flames retreated, which was a sign of success. The boy was burned to death!"

Tai Bing laughed happily

"Second uncle, you still overestimated that boy!", Dazai breathed a sigh of relief.

Taigeng smiled slightly:"Yes! I thought he could hold on for an hour, but I didn't expect that he couldn't hold on for half an hour. I really overestimated him....."

.....Asking for flowers...

While the three of them were talking, the people from the Taiyan tribe on the periphery were also excited when they saw this scene.

Many of them have seen such scenes.

Once the Eight Scenery Flame Palace is activated, it will not stop until death.

Only by burning the enemies inside to ashes will the Flame Palace automatically contain the sky-burning purple fire.....

There is no doubt that there are no bones left of the guy inside...

Just when Tai Geng and others were thinking that they were right, huge changes were also taking place in Yanhuo Palace.

At this moment, inside the palace.

The endless sea of purple fire was swallowed up completely by Qin Feng, leaving nothing behind.....

There was only a little heat left in the air, and a bit of burnt smell...

Qin Feng was suspended in the air, closing his eyes slightly, feeling the aftertaste of refining.....

"Ding~! Congratulations to the host for converting a large amount of Burning Sky Fire... Your combat power has increased to 32 trillion Zi....."

The progress of his cultivation remained unchanged, but his combat power increased dramatically.

Qin Feng was delighted, his eyes slowly opened and closed, and his eyes became brighter, with purple-gold flames hidden in them....0

His whole temperament also became more fierce!

This time, he not only improved his combat power, but also gained additional fire damage.

The Burning Sky Purple Fire can directly ignore the physical body and harm the ancestral fire of the God Base.

From now on, it will be easier for him to kill powerful people above quasi-god level.

Click~click~! Click~!

There were bursts of crackling sounds!

The burnt skin on Qin Feng's body cracked and fell off, revealing skin as white and tender as an egg.

His hair and eyebrows also grew back at a speed visible to the naked eye.

The whole person took on a new look, becoming fresher, more handsome, and extremely noble.

"Congratulations to Your Majesty for refining the divine fire!"

"Your Majesty is reborn from the ashes today, and you will surely soar into the sky tomorrow!"

Everyone in the Star Alliance congratulated one after another, and everyone was happy.

"Your Majesty, what are your next plans?"

Qin Feng's lips curled up slightly:"Destroy the Taiyan clan!"

As soon as he finished speaking, he flashed and flew straight to the exit.....

At the same time, outside Yanhuo Palace.

Everyone saw that the Yanhuo Palace automatically stopped operating, and all the auras gradually converged until they disappeared.

Everything is finally over!

The three people in Taigeng were very excited.

Thousands of Taiyan clan members have also made up their mind.

The powerful enemy was finally destroyed!

"Second uncle, the Yanhuo Palace has stopped functioning, and that boy should be dead!"

"Ha ha! Walk! Let's go take a look at that boy's belongings and see if there are any treasures?"

Taigeng laughed loudly and walked towards the entrance of Yanhuo Palace.

Taibing and Dazai also followed behind him excitedly.

But just as the three of them walked to the entrance triumphantly, there was a loud noise, mixed with a burst of fire...

Click~!

The entrance restriction was forcibly broken, and a handsome and handsome figure shot out of the sky...

The whole audience was shocked and looked at each other.

At this sight, Tai Geng and the other two people were so frightened that their faces turned pale and they backed away.

This broke the restriction and came out. The person is Qin Feng..

Chapter 797

The whole audience was shocked and looked around.

At this sight, Tai Geng and the other three were so frightened that their faces turned pale and they backed away continuously.

The person who broke out of the ban was Qin Feng!

"You...why are you not dead?!"

"This... this is impossible."

Tai Geng and the other three screamed.

They couldn't believe their eyes at all.

"Let you down!"

Qin Feng sneered, and purple flames rose all over his body.

The power of the flames destroyed the sky and the earth, and the land thousands of miles away instantly turned into scorched earth. The monstrous heat wave forced Tai Geng and the others to retreat...

Immediately, the three of them saw the purple flames clearly. It was as if I had seen a ghost, and I was so scared that I was dumbfounded.....

"You...you actually refined the Burning Sky Purple Fire!"

Tai Geng's lips were trembling.

As soon as his words came out, the whole place was shocked, and countless tribesmen were stunned.

My God!

The Burning Heaven Purple Fire is the ancestral fire!

Even the true gods cannot refine it!

The young man in front of him was actually refined!

This is unbelievable!

But before everyone could think about it, Qin Feng suddenly took action.

Click~!

A palm split the sky and fell!

Suddenly, the wind and clouds changed color, the sun and moon became dark, and the heaven and earth moved.

Wushen mighty and mighty, carrying the sky-burning purple fire that destroyed the heaven and earth, crushing towards Tai Geng and the others.....

"No~! "

"run! Run!"

The three people yelled in fear,"420" turned around and ran away...

Boom~!

With a palm falling, the world instantly turned into a sea of fire.....

"ah~....."

An extremely shrill scream!

Dazai died instantly and turned into ashes.....

The Burning Heaven Purple Fire and the Avenue of Cause and Effect greatly increased Qin Feng's attack power, and he actually had the ability to instantly kill the quasi-god Dzugchen.....

Tai Geng and Tai Bing were also severely injured. They both vomited blood and flew away. Their whole bodies were scorched black and they were in extremely miserable condition.....

"Ding~! Congratulations to the host for successfully killing the powerful quasi-god Dzugchen. ....Obtain 470 billion karma value...."

Qin Feng was delighted.

In the past, he had exhausted all his karma in order to practice the Sky-Burning Purple Fire, but now he was making money again.

He opened his mouth and inhaled again, and Dazai's countless divine base fragments and blood mist energy were absorbed.....

"Ding~! Congratulations to the host for the successful creation of the Devouring God Base Fragments.....73 supreme divine seals, automatically integrated into the foundation of the Creation God.....The host's combat power is increased to 33 trillion Zi....."

"Ding~! Congratulations to the host for successfully consuming energy.....Cultivation level increased to quasi-god level 21%.....The host's combat power has increased to 35 trillion Zi..."

Qin Feng was overjoyed and his strength increased again.....

As soon as he thought about it, he chased Tai Geng and the others...

Hearing the thunder and wind behind them, the two Tai Geng were so frightened that they rolled over and crawled...

They had no intention of resisting at all, and they wished they had more legs. , the faster you escape, the better.....

In the blink of an eye, the two of them fled to the vicinity of the tribe

"Hurry... Hurry! Quickly open the All Spirits Formation!"

Tai Geng shouted anxiously and was extremely embarrassed.

All the clansmen suddenly woke up from the shock.

The third elder who had been on standby quickly waved the formation flag and issued the order.  
.....

"Open the All Souls Formation!!"

Buzz~buzz~! Buzz~!

The formation was activated instantly, and the sound continued...

Tens of millions of Taiyan clan members pressed the seals at the same time, and auras bloomed all over their bodies.....

Buzz~~~!

The formation was completely activated, and the might of the formation soared into the sky.

At this moment, Qin Feng arrived in pursuit and reached behind Tai Geng and the others in one step.

He was going to strangle Tai Geng and the two of them.

"Don't hurt my ancestor!"

The three elders waved their formation flags and immediately directed the combat power of tens of thousands of clan leaders to gather into one force and bombard Qin Feng.....

The power of that blow actually reached the level of the False God's Great Perfection... For a moment, the sky became dark and the earth became dark, and the mountains collapsed and the earth cracked....

"roll!"

Qin Feng also punched out...

His current combat power is 3 trillion Zi, and he has reached the Pseudo God's Great Perfection. The

Pseudo God's Great Perfection combat power is 30 trillion Zi to 50 trillion Zi...

In just an instant. , King Ming casts

King Kong Ming, Weide Ming, and Fudo Ming to appear...

The eyes of the three Ming Kings open simultaneously, and the six divine lights shine through the heaven and earth!

One hundred and forty-seven times the increase is revealed, crushing all the increase secrets in the world.....

With such an increase, the power of that punch could destroy the world and instantly surpass the limit of the False God's Great Perfection.....

Boom!

Click~~!

Qin Feng shattered the Ten Thousand Spirits Formation with one punch...

The three elders' true spirits were shattered on the spot...

The monstrous purple fire turned into a boundless sea of fire, instantly devouring tens of millions of Taiyan tribesmen...

The Burning Sky Divine Fire rolled and spread, wherever it went, no matter where it was, Both high-grade star masters and low-grade star masters were instantly turned into ashes.....

In just one encounter, more than half of the Taiyan clan members were lost, and the formation of all spirits was completely destroyed. There were screams and screams. The scene was like Shura Hell, extremely cruel.....

"Ding~The host kills a powerful quasi-god.....Karma value increased by 230 billion....."

"Ding~The host kills a high-grade Dzogchen Star Master.....Karma value increased by 120 billion....."

"Ding~The host kills a high-grade star master.....Increased karma value....."

At this moment, Qin Feng's karma value exploded and continued to skyrocket, exceeding one trillion in the blink of an eye.....

"No~! "

"Escape~! Escape quickly."

Tai Geng and the two looked desperate and extremely regretful at the same time.

If they could do it all over again, they would never dare to provoke the evil star Qin Feng.

But everything is too late!

Now they only pray that some members of the clan can escape from this The catastrophe left behind a family fire, and there will be opportunities for revenge in the future.....

Of course, these two people are not good people.

These two were the ones who escaped the fastest.

As for those weak tribesmen, they have long ignored them.....

"Can you escape?!"

Qin Feng took a step in the air and stopped the two of them instantly.

In the next second, in front of the horrified eyes of the two, he used the sword formation, trapped the two of them in the formation and strangled them.....

"Ah~! Ah~! Spare your life! Sir, have mercy!"

"Sir, we were wrong! How wrong we were! I just beg you to spare our lives!"

Within the sword array, billions of lightsabers were strangling...

At the same time, there was also the Burning Sky Purple Fire that was burning the divine foundations of the two...

Coupled with the assistance of the Cause and Effect Avenue, the power was extremely terrifying!

Tai Geng and the two simply couldn't bear it. , the momentum continued to plummet, and the screams continued...

Qin Feng was very excited.

This was the first time he had strangled a false god.

If he could kill these two people, he would definitely gain a huge harvest...

Although Yuan Qing was once the false god Dzogchen , but after all, he is a resurrected body, and his strength is only at the quasi-god perfection level.

Yuan Qing is far inferior to these two....

"Sir...please spare my life...please spare my life!"

"Sir, we are willing to recognize you as our lord, please show your noble hand....."

Qin Feng sneered in his heart.

The secret of his master of the universe was known to these two people, how could he be left alive?

Qin Feng immediately increased the intensity of strangulation, and the screams became even more fierce.....

"Your Majesty, the Taiyan people are going to escape....."

The reminder from Lord Ziwei sounded in Qin Feng's mind.

Hearing this, Qin Feng looked up and saw millions of remaining members of the Taiyan clan, breaking into pieces and escaping in all directions.....

"Father, don't let these people escape, otherwise some of your secrets will be leaked..."

Fuzhi was also full of worries.

They had just arrived in the God Realm and had no foundation, so they had to be careful.....

"They can't escape!"

As soon as Qin Feng waved his hand, a space door appeared in the sky, emitting a dazzling white light.....

The door to reincarnation is opened to the divine world.

Everyone in the Star Alliance immediately understood Qin Feng's intention and were all overjoyed.

"Go help the phantom clone to destroy the Taiyan clan without leaving a single person alive!"

"Yes!"

The space flickered, and the phantom clone appeared first.

Then, Ziwei Star Lord, Feng Emperor, Pan Zu, Fuzhi, Qin Baobao, and three thousand innate beings all rushed out of the space door and entered the God Realm.....

These are all star master level experts.

The next second, the phantom clones led thousands of Star Lords and chased them in all directions...

Most of the remaining Taiyan clan members were below the Star Lords in strength, and they were all seriously injured.

Their strength is far inferior to Qin Feng's subordinates.

What's more, the phantom clone has the power to approach the False God's Great Perfection.

In just a moment, the scene fell into a one-sided massacre...

The Taiyan clan members were quickly wiped out, and there were screams...

And Qin Feng continued to control the sword formation, strangulating the two Tai Geng with all his strength...

The two Tai Geng I also sense the situation outside.....

"Ah~! Sir...please...please let them go!"

The two begged

"snort! Let them go! What a joke!"

"Damn... damn little bastard! You have to die...Ah! You must die a good death!"

The two of them were so desperate that they broke the can and cursed Qin Feng.

After a while, the cursing stopped abruptly.....

"Ding~! Congratulations to the host for successfully killing Tai Bing.....Gain 730 billion karma value..."

"Ding~! Congratulations to the host for successfully killing Tai Geng.....Obtained 810 billion karma points..."

Finally killed them all!

Qin Feng was delighted and very satisfied with his efficiency.

Roughly speaking, he killed a false god in about a quarter of an hour, which was very efficient.

Qin Feng After waving his hand, he put away the sword array, and the blood mist energy formed by Tai Geng and the two appeared in front of him...

He opened his mouth and sucked it in.....

"Ding~! Congratulations to the host for devouring a large number of divine base fragments (two false gods).....24 Supreme Divine Seals are integrated into the Creation Divine Foundation...your combat power increases to 38 trillion Zi....."

"Ding~! Congratulations to the host for successfully consuming energy (two false gods)... Your cultivation progress has been upgraded to quasi-god realm 34%..0.2....Power increased to 4.4 billion Zi....."

But it's not over yet.

Qin Feng raised his head and looked around.

The Star Alliance's pursuit of the Taiyan clan is coming to an end.

There are only a few dozen Taiyan clan members left escaping, but they are still the turtles in the jar.

More and more Star Alliance men began to rush back.....

Everything is going to end well.

Qin Feng opened his mouth and inhaled, and for a moment, the remaining energy of tens of millions of Taiyan people gathered towards him.....

"Ding~! Congratulations to the host for absorbing a massive amount of blood mist energy.....Cultivation progress increased to 35%.....The combat power has been increased to 45 trillion Zi...

The combat power is 45 trillion Zi, not far from the limit of the False God's Great Perfection.

Qin Feng was very satisfied.

At this moment, the voice of the system sounded in his mind

"Ding~! Remind the host that you have successfully collected the Burning Sky Purple Fire, one of the four ancestral fires, completed the first stage of the mission, and obtained extremely generous god-level rewards... The host can claim them at any time....."

Qin Feng's eyes lit up, there were so many good things!

The mission reward is finally here.

This is a god-level reward!

I don't know what kind of treasure the system will reward..

Chapter 798

At this moment, the sound of breaking the air came from all around.

Star Master Ziwei and others returned one after another.

The Taiyan clan has been killed

"Your Majesty, fortunately, the mission has been accomplished! Here are the trophies we collected!"

Ziwei Star Master handed over a storage ring with a look of joy on his face.

Qin Feng took it and saw that there were tens of millions of storage rings in the storage ring, which were left by those Taiyan people.

He was slightly After taking a look, the resources in those storage rings are very rich.

If you add up to tens of millions of them, it's a huge harvest.

"very nice! Ziwei, take care of these resources!"

"yes! His Majesty!"

Ziwei Star Master took over the storage ring and was delighted.

Qin Feng asked her to manage such a massive amount of resources, which shows that he has great trust in her.

This man is worthy of her trust.

In fact, those resources are only used by quasi-gods and below, so for Qin Feng Feng is of no use.

However, it is just right to train many subordinates.

The Lord Ziwei can convince everyone regardless of her strength or prestige, so it is most suitable for her to manage resources.

What's more, Qin Feng doesn't have time to manage many trivial matters.

He needs someone like Ziwei. Good wife

"Your Majesty, this is the storage ring of that quasi-god realm, it should be useful to you....."

Emperor Feng handed over another storage ring, which belonged to the third elder.

"good!", Qin Feng took it casually.

Previously, he collected the storage rings of Tai Geng, Tai Bing, 28th Dazai, and more than a dozen quasi-god elders. The storage rings of those big guys had a lot of treasures and resources. More generous.

After he has finished handling the trivial matters here, he will slowly check and digest it.

There are also rewards for this mission, waiting for him to receive.

Thinking of this, Qin Feng is secretly happy.

The harvest this time is really great.

At this moment, Xing Feng Everyone in the alliance was also very excited. They all looked around excitedly and marveled.

"Father, the spiritual energy here is so strong, it is more than a hundred times that of our twin universes! It's truly worthy of being in the realm of gods!"

"Your Majesty, I feel that in this world of gods, the laws of the three thousand avenues are looming, and it is easier to comprehend than in the dual universe."

"I feel the same way. If we were to practice in this God Realm, our progress should be dozens of times faster than in the dual universe!"

"yes! yes! This God Realm is simply a holy land for cultivation! I can't wait to go into seclusion right now, maybe I'll have a breakthrough soon....."

The members of the Star Alliance were talking excitedly.

Many people can't wait to practice on the spot and try to break through the bottleneck that has been stuck for a long time.

In fact, the Star Lords who have been promoted to the God Realm from many large worlds and small universes often have amazing talents and talents, far exceeding the ordinary level of the God Realm.

In the early stages of entering the God Realm, they will all experience rapid improvement.

This is all because the spiritual energy concentration and laws of the vast world and the small universe are very weak. Without extremely high talent, it is difficult to cultivate to the star master level.

"Your Majesty, I suggest that Taiyan Station be built into the base of our Star Alliance in the God Realm. Anyone who is a nine-star elemental or above can enter the God Realm to practice. This can greatly speed up their progress and enhance the strength of the Star Alliance!"

"As for those below nine stars, they will continue to stay in the dual universe and let them practice in the universe. Those below nine stars do not need to understand any divine seal laws. They only need more time to polish their spiritual energy. It is more suitable to practice in dual universes."

"After all, the time flow rate of the dual universe is thousands of times that of the God Realm, which is very suitable for training low-level elementals."

Ziwei Star Master solemnly made a suggestion.

As soon as her words came out, everyone's eyes lit up and they all showed ecstasy.

"Your Majesty, Master Ziwei's suggestion is great! Those with nine stars and below are most suitable to practice in the dual universe, and those with nine stars and above should practice in the God Realm. In this way, we will have a continuous supply of talents and our overall strength will continue to increase....."

"Your Majesty, I also agree with this proposal...."

"I also agree....."

Everyone agreed, their eyes full of anticipation.

Qin Feng smiled slightly.

That's exactly what he meant.

In fact, many of his subordinates are cultivating within his universe, which consumes the resources of the universe.

This is not good for his cosmic growth.

If nine stars and above are arranged to practice in the God Realm and cultivate them with the help of the spiritual energy and resources of the God Realm, he can save a lot of resources.

This does not hinder the growth of the universe, it is the best of both worlds!

What's more, after his universe evolved into a dual universe, even if many of his subordinates are not in the universe, they can ignore the distance and complete the superposition of various abilities without weakening his combat power.

On the contrary, the improvement in strength of many of his subordinates will continue to improve his strength.

At the moment, Qin Feng said cheerfully: "I just visited this place. There are spiritual veins gathering here, and it is a blessed land. Let's build a base here!"

"Your Majesty is wise!"

"We will obey the Holy Order!"

All the subordinates cheered endlessly

"Your Majesty, I want to practice on the spot right now and try to break through the bottleneck. I hope your Majesty will give you permission!"

"Your Majesty, I also want to practice some practice here...."

"Do whatever you want!", Qin Feng smiled slightly.

He asked for his permission for such a small thing. These people are really afraid of him.

After receiving the promise, there were thousands of Star Lords meditating on the spot, eager to break through the bottleneck.

The cultivation environment in the God Realm is really great. , they can't wait to break through....

"Yuner! Moon!"

"I'm here!"

Ziwei Star Master and Feng Emperor agreed in unison

"You two take people to look around! The construction of this station will be left to you two."

"Yes, Your Majesty!"

The two girls happily accepted the order.

Immediately, the two girls took thousands of Star Lords to inspect the station.....

"Father, my sister is missing!"

Fu Zhi suddenly came to report, looking anxious.

The sister he mentioned was naturally Qin Baobao.

Qin Feng smiled slightly:"Baobao is hunting down the last survivor of the Taiyan clan....."

Qin Feng raised his head and looked in a certain direction.

From beginning to end, he was secretly observing the battle situation around him and would not let any fish slip through the net.

Now, only the last high-grade star master of the Taiyan clan is on the run, and the rest are all killed.

As long as that high-grade star master is killed, the Taiyan clan will be truly wiped out.

"Father, is my sister in danger? I'm going to help him right now!"

"Need not! The phantom clone has gone to respond!"

"Oh, all right!"

Fu Zhi breathed a sigh of relief.

In fact, the high-grade star master had fought with Qin Baobao several times, but he was no match for Qin Baobao.

They were both high-grade star masters, and Qin Baobao was one of the star masters who had achieved the pseudo-three-yuan god foundation. position, the strength is much stronger than that of the same level.

That person is naturally not Baobao's opponent.

What's more, the shadow clone also went to help.

At that moment, Qin Feng no longer cared about those trivial matters, and disappeared in one step.

The next second , he arrived in the sky above the Eight Scenery Yanhuo Palace, and began to seal the seals and practice the Yanhuo Palace...

This Yanhuo Palace is the Taiyan clan's clan-suppressing artifact, how could he miss it.

Buzz~

In just a moment, the Eight Scenery Yanhuo Palace It was activated, and prophecy runes lit up all over the body.....

Suddenly, the temple shook and the earth cracked.

The next second, the temple slowly rose from the ground and slowly floated high into the sky.....

Qin Feng was excited and continued to practice.....

At this moment, there suddenly were various movements outside the forbidden area.

Qin Feng quickly turned his head to look, and saw a series of spiritual lights rising into the sky, and a system prompt came from 650's mind.....

"Ding~! Congratulations to the host for your subordinate Kui Long breaking through the realm and breaking through to the supreme star master... The host's life value has increased by 10 billion....."

"Ding~! Congratulations to the host, your subordinate Xuan Ming has broken through the realm and reached the top level of cultivation... The host's life value has increased by 50 billion....."

"Ding~! Congratulations on hosting your subordinates.....Breaking through the realm...the host's life value increases....."

Qin Feng suddenly realized that it was his subordinates who had broken through, and more than one of them.

This God Realm is indeed a holy land for cultivation!

Far exceeded my expectations.

Qin Feng was greatly relieved.

Afterwards, he continued to refine the Eight Scenery Flame Palace.

Outside the forbidden area, many subordinates are still practicing.

They were already very talented, but when they suddenly came to the environment of the God Realm, it was as if they had received a God-given opportunity, and they all hit the bottleneck crazily one by one.....

In this way, as more people make breakthroughs, Qin Feng's accumulated number of lives continues to increase.

His progress in refining the Yanhuo Palace is also accelerating...

In the blink of an eye, the Yanhuo Palace has been refined by 90%, and the entire palace has shrunk to a size of a hundred meters.....

At this moment, he sensed something and suddenly raised his head and looked in the direction where Qin Baobao left.

In that direction, he sensed two extremely powerful auras approaching Qin Baobao.

The auras of those two people have clearly reached the level of pseudo-god perfection.

"Trouble is coming!"

Qin Feng frowned slightly and immediately accelerated the speed of the sacrifice.

He did not rush over immediately because the phantom clone had already rushed there..

Chapter 799

At this moment, Qin Feng went all out to worship the Flame Palace.

He wanted to complete the sacrifice as soon as possible so that he could rush to support the phantom clone.

The visitors were two powerful pseudo-gods of Dzogchen.

I can't handle it alone.....

At the same time, there was a mountain range in the distance.

An old man with a bruised nose and swollen face was running around in the jungle.

He is Taidai, the last survivor of the Taiyan clan.

He is a top-grade star master.

At this moment, Taidai used a secret technique to blend his breath into the surrounding spiritual trees and plants. His whole body seemed to disappear out of thin air, and even a quasi-god could not detect it. , precisely because of this secret technique, he managed to escape the pursuit of the Star Alliance.

At the moment he escaped, he was extremely happy.

He also thought that if he could escape alive, he would continue to reproduce and leave many bloodlines for the Taiyan clan.

Although he is not young, he is a cultivator and is still getting stronger with age. He can still complete the task of inheriting the bloodline.

In that case, after waiting for tens of thousands of years, he can let future generations avenge today's blood!

But just as Taidai was thinking about how to take revenge in the future, Qin Baobao caught up with him.

The moment she saw Qin Baobao, Taidai was extremely shocked.

His secret skills of concealment are unparalleled in the entire clan, and even quasi-gods cannot detect it. How did Baobao Qin discover it?

He didn't know that Qin Baobao had understood the divine seal of creation.

The Divine Seal of Creation ranks third among the three thousand avenues and restrains all life laws.

Taidai's secret technique belongs to the category of life system, so it was naturally easily cracked by Qin Baobao, so he chased after him.

But he said that when the two met, they were stunned for a moment and then started fighting.

At first, Taidai saw that Qin Baobao was just a little girl and didn't take it to heart at all.

Unexpectedly, as soon as the two of them fought, Taidai was beaten until his nose was bruised and his face was swollen, which was extremely miserable.

Taidai was so sad and angry that he couldn't even beat a little girl.

He could only cry without tears and take the opportunity to escape.

At this moment, he is being chased by Qin Baobao

"Damn it! Damn it! What kind of person did Patriarch Taigeng provoke!"

Tai Dai ran away in embarrassment, his heart filled with endless complaints.

Hua~~la~ there was a sound of leaves passing behind him.

Oh my God!

That little evil star caught up again so quickly!

Tai Dai was so anxious that cold sweat broke out on his forehead. Flee forward desperately.....

"Little old man in front, where are you running to?"

A petite figure chased after him. It was Qin Baobao.

"Little...sister-in-law, please let go... let the little old man go!"

When Taidai saw Qin Baobao, his legs trembled with fear. He begged and ran away desperately... He had suffered a big loss at the hands of Qin Baobao and was seriously injured. He had no ability to resist at all. If he does it again.

If you are caught up, you will definitely fall on the spot.

"Let you go? dream!"

Qin Baobao was holding a long sword and was chasing after him.

When Taidai saw that Qin Baobao was determined to kill them all, he felt a little desperate and resentful.

"Little girl movie! Why are you so vicious! Even if you kill me today, I will not let you go if I act like a ghost!"

"Too dull? So your name is Taidai? No wonder you look so stupid!"

"Damn girl! My name is Taidai... not Tai... ah~! "

A scream!

When the two were scolding each other, Qin Baobao caught up with Taidai and struck him with a sword until he vomited blood and flew out.....

The next second, Qin Baobao stepped into the air and pursued the victory...

Taidai felt desperate when he heard the wind behind his head.....

He wanted to run for his life, but his injuries were getting worse and worse, and he was already weak...

But at this critical moment, two sounds of breaking through the air were heard in the sky in front of him.

Two figures appeared in the distance. They were the ancestor of the Baiyun Sect and Lan Ren of the Divine Sword Sect. They were also the two strongest people in the area.

They are all superpowers of the false god Dzogchen.

"Bai...Senior Lanren, ancestor of Baiyun, save me! ....help me!! Tai

Dai shouted wildly, as if he had grasped a life-saving straw, and flew towards the two of them desperately.

Ancestor Baiyun and Lan Ren could not help but look down, and saw an old man with a bruised nose and swollen face, and ragged clothes flying towards them in a very embarrassed manner.....

"Who is this person?", Lan Ren frowned.

Tai Dai's face was swollen even more like a pig's head. He

"Hey~! It seems to be Tai Dai from the Tai clan.....", Baiyun recognized it

"Senior...Senior! help me!"

Tai Dai shouted anxiously and tried his best to get closer to the two of them.

But the two had no intention of rescuing him.

Tai Dai is a member of the Taiyan clan and his disciple, why should he save him?

What's more, Taiyan The clan is in competition with them, and they are happy to see the Taiyan clan being attacked.

However, they are also curious, who is chasing Taidai?

"You're too stupid, don't run away!"

At this moment, there was a cute cry, and a petite figure rushed out of the jungle and chased after him.

The two ancestors of Baiyun took a closer look and were a little stunned.

They did not expect that the person who was chasing Tai Dai was actually A little girl wearing nine-colored neon clothes, with a slim waist and a ribbon.

This little girl is about eight or nine years old. She has red lips and white teeth, and her skin is as white as snow. She is as cute as a porcelain doll.

"Huh! What a seedling!"

Ancestor Baiyun was amazed.

He could see at a glance that Qin Baobao was very young.

Usually at this age, it would be good if his cultivation level could reach the level of an eight-star elemental master.

But the little girl in front of him not only had her cultivation level reached A high-grade star master has also built a pseudo-three-yuan god base, and will definitely become a quasi-god in the future.

Even now, the strength of this little girl is comparable to the high-grade Dzogchen level.

With such qualifications, few in the Baiyun Sect can compare. Ah!

Ancestor Baiyun sighed.

Lan Ren also showed admiration.

This little girl is indeed a rare genius.

At this moment, Qin Baobao finally caught up with Tai Dai and blasted him with a sword. Blood mist was flying in the sky.

Ancestor Baiyun and Lanren watched leisurely, but still did not come to rescue.

To them, Taidai was just a nobody, and they did not care about his life or death.

"Ah~! Ah~Senior Baiyun, Senior Lanren...save me! ...help me!"

Tai Dai's wail came from the blood mist.

When Qin Baobao saw someone nearby, he felt uneasy and tried his best to strangle Tai Dai's true spirit.

"two.....Senior, help! I have a secret... a secret I want to tell you... ah....."

As soon as these words came out, Qin Baobao was very anxious.

The secret this guy was talking about must be related to his father's identity as the Lord of the Universe.

She must not let this secret get out.

At the moment, Qin Baobao's attack intensified, and the screams in the blood mist became even more fierce.

Taidai's true spiritual aura was also declining rapidly.

Ancestor Baiyun and Lan Ren suddenly felt something was wrong.

I'm afraid Tai Dai really has a secret. , at that moment, Patriarch Baiyun said:"Little girl, please stop for a moment. I want to ask Tai Dai something....."

Seeing that Qin Baobao was a genius, Patriarch Baiyun fell in love with talents and said it very politely.

But Qin Baobao was worried that Taidai would leak the secret, so he continued to attack desperately no matter where he was willing to stop.

Ancestor Baiyun couldn't help but frown slightly.

Lan Ren was even more unhappy. When did a high-level star master dare to disobey the pseudo-god ancestor?

"Little girl! stop!", Lan Ren warned.

Qin Baobao didn't listen.

The screams of the blood mist gradually became weaker and weaker.

Tai Dai's true spirit was about to collapse, and he didn't even have the strength to wail, let alone tell the secret.

Lan Ren frowned Da Wrinkle:"Stop!"

Qin Baobao still refused to listen and fought with all his strength.

Lan Ren was furious:"Little girl, if you don't stop, don't blame me for being rude!"

Hearing this, Qin Baobao began to panic.

But she still didn't stop. As long as she used her sword again, she could destroy Tai Dai and avoid future troubles forever.

Boom~

Qin Baobao slashed down with his sword with all his strength, and blood mist flew everywhere....Click

~

There was a soft sound, and there was a cracking sound in the blood mist. Taidai's voice stopped completely, leaving only the last trace of breath.

Qin Baobao was ecstatic.

Taidai's true spirit cracked, and with one more sword, it could be completely eliminated.

She immediately raised her sword to strike.....

Lan Ren was extremely anxious, and his heart burst into anger.

"court death!"

With one step, Lan Ren was in front of the baby and slapped Qin Baobao with his palm.

This little girl has repeatedly violated his wishes. Even if she is a genius, she is nothing in his eyes.

He does not have Baiyun. The ancestor's love for talent.

He wanted to slap this ungrateful girl to death with one palm...

There was a gust of wind and thunder, and the palm came close to Qin Baobao's head.

Qin Baobao's eyes widened in horror, and his little face turned pale....She couldn't resist this palm at all...

Ancestor Baiyun was also stunned for a moment, with regret in his eyes.....

It is a pity that such a good seedling should die like this.....

However, it was not easy for him to stop Lan Ren.

This little girl is indeed a little disobedient.

In the blink of an eye, that palm is about to fall.....

Qin Baobao is about to lose his mind.

(OK) She was so frightened that she cried:"Dad, save me!"

"No one can save you!"

Lan Ren smiled cruelly and took the shot with all his strength.

But at this extremely critical moment, a cold shout resounded throughout the audience.

"Who dares to touch my daughter! court death!"

Buzz~

A black shadow instantly appeared next to the baby and met the blue blade's palm.....

The phantom clone finally arrived.

Boom~!

A loud noise!

Suddenly, the world moved, the worlds cracked, and the mountains below exploded.....

The phantom clone and the blue blade flew out at the same time.

With this palm, both sides fought evenly.

"Huh! Here comes the master!"

Ancestor Baiyun was shocked and quickly looked at the phantom clone.

Lan Ren was also shocked and looked at the person.

In this Yanshan area, there are dozens of small and medium-sized forces, but there are only three powerful pseudo-gods, Dzogchen.

One. It's Lan Ren, one is Baiyun Ancestor, and the other is Tai Shangshuo.

They are also called the Three Giants of Shouyan!

When did there be another false god, Dzogchen?

The two of them paid great attention to the visitor and quickly looked at the phantom clone.

But when the two of them took a closer look, they were stunned.

They saw that the aura of the person who came was actually only in the quasi-divine realm..

Chapter 800

"How can this be!"

Ancestor Baiyun stared at the phantom clone with disbelief in his eyes.

A quasi-god can actually tie up with Lan Ren!

Who dares to believe this!

Lan Ren is also unbelievable.

He was actually beaten by a The quasi-god was repulsed.

Although he was the weakest among the three giants of Shouyan, he was still the giant of the pseudo-god Dzogchen.

How could he be defeated by a quasi-god!

How could he lose face if he said this?

Thinking of this, Lan Ren was extremely angry.

He didn't want to admit that a quasi-god could withstand his own blow.

Not to mention quasi-god, even if the other party was a false god, it would be the greatest humiliation to him.

At this moment, the scene Suddenly a sword light flashed in the middle.

Everyone looked quickly and saw Qin Baobao slashing at the blood mist with his sword...

Lan Ren wanted to stop it, but it was too late...

An extremely weak scream!

The true spirit collapsed!

Tai Dai finally He was killed and couldn't die anymore.

Qin Baobao also secretly breathed a sigh of relief.

Dad's secret was finally kept.

"Damn girl! you wanna die!"

Lan Ren was furious, stared at Qin Baobao fiercely, and was about to take action....

"dad!"

Qin Baobao was so frightened that he stepped back.

"How dare you touch my daughter! court death!"

The shadow clone flashed, stopped in front of Qin Baobao, and looked at Lan Ren coldly.

Lan Ren was stunned.

Then, he sneered angrily:"A little quasi-god dares to be arrogant in front of me! Do you think you are qualified to challenge me by blocking my palm? 793

The corners of the phantom clone's mouth curled up slightly:"Then you can give it a try!"

Lan Ren was furious:"Then I will try your depth!"

As soon as he finished speaking, he rushed towards the phantom clone.

The two sides immediately fought together.

In the blink of an eye, the two sides exchanged hands a hundred times, and they were evenly matched.

Suddenly, the sky and the earth in this area became dark, and the roar was endless, and people thousands of miles away were alarmed.

Previously, the forces that had been alerted were on their way to Taiyan's station.

At this moment, they were alerted by the movement here again, and they all changed directions and rushed here.

In the field, Ancestor Baiyun had long been stunned.

As for the first palm, it was luck that the phantom clone could block it.

But now that we have fought for more than a hundred rounds, that is strength.

At this moment, the sound of breaking through the air continued to be heard all around the battlefield, and figures covered in dust appeared one after another.

These are the leaders of the surrounding forces. They all came to investigate the situation of Taiyan's station and were attracted by the movements here...

Judging from their cultivation, they are either false gods or quasi-gods. They are all big shots.

But when these people saw the fighting situation on the field, they were all dumbfounded.....

Occasionally there were exclamations from the crowd

"Who is the man in black? He actually ended up in a tie with Senior Lan Ren! It's too strong!"

"Oh My God! I'm not dazzled! The man in black seems to be just a quasi-god...."

"Huh! And it's true!"

"Hiss~! This is incredible!"

For a moment, many of the big guys who were watching were dumbfounded...

Ancestor Baiyun also kept swallowing his saliva, and his mood was extremely complicated.

He had never seen such a powerful quasi-god.

On the other side, Baobao Qin was so happy that he kept shouting "Come on dad", seemingly not worried about the outcome of the battle...

But she knew that what was in front of her was just her dad's clone. When dad's real body arrived, Lan Ren would be in bad luck.....

At this moment, Lan Ren became more and more frightened as he fought.

He originally had some luck in his heart, thinking that it was only luck that blocked his palm.

Unexpectedly, after this fight, I discovered that the phantom clone's strength was completely inferior.

He is now riding a tiger that is unable to get off.

There are more and more people watching around, and they are all the leaders of the forces in this area.

Even for the sake of face, he still wants to win or lose with the shadow clone.

Otherwise, how could he hang out in this area in the future?.....

At the same time, Taiyan was stationed inside.

Qin Feng's training in the Eight Scenery Flame Fire Palace is coming to an end.

The anger in his eyes grew stronger and stronger.

The phantom clone is an extension of his body.

Everything that happened there was as vivid to him as if he were there in person.

If it wasn't for the purpose of refining the Eight Scenery Flame Palace, he would have rushed over and hacked Lan Ren to death.

This guy dared to attack his own daughter, he was looking for death!

The more Qin Feng thought about it, the more annoyed he became, and he kept speeding up the refining speed...

But at this moment, the system prompts came.

"Ding~! Congratulations to the host.. Your subordinate (Master of Tianfu Star) has successfully broken through the bottleneck... and advanced to the top level of Dzogchen.....You got 100 billion values...."

Huh! Brother Tianfu finally broke through to the high-level Dzogchen.

Qin Feng was pleased.

At this point, he has three high-grade Dzogchen Star Masters under him, namely Ziwei Star Master, Panzu, and Tianfu Star Master.....

"Ding! It is detected that the host's karma value, merit value, and destiny value have exceeded 1 trillion.....After meeting the conditions for promotion to the Third Ming King... When asked if he would be promoted

, Qin Feng's eyes lit up, and something good was about to happen again.

He needs improvement in this area now

"promotion~! "

"Ding! Successfully consumed 1 trillion power points.....Congratulations to the host, your Vajra King has been successfully promoted to the Great Vajra King.....Amplification multiplier (cjag) increased to 50 times...."

"Ding! Consume 1 trillion virtue points to succeed.....Congratulations to the host, your meritorious king has been successfully promoted to the great meritorious king.....Amplification multiplier increased to 50 times...."

"Ding! Consumed 10,000 life points to succeed.....Congratulations to the host, your Fudo Myooh has been successfully promoted to the Great Dao Fudo Myooh... The increase times have been increased to 50 times.."

"Ding~! The Third Ming Dynasty successfully integrated.....The host gains additional combat power... Your combat power increases to 46 trillion Zi....."

Boom~boom~boom~!

Purple light rises, King Ming rises in the sky!

The golden lotus appears, and the sky is full of auspiciousness!

The three great kings of Ming Dynasty appeared one after another.

The next second, the three great Ming Kings automatically merged into one, turning into the true form of the Ming Kings with three heads and six arms...

Qin Feng's momentum also skyrocketed.....

He was overjoyed.

The improvement of Qin Feng's combat power means that the strength of the phantom clone has also improved...

Because the phantom clone is different from the ordinary clone, it is an extension of Qin Feng's body.

The two breaths are connected, and their combat power increases simultaneously..... really!

As soon as something changes on Qin Feng's side, the situation on the other side will change drastically.....

At this moment, over there on the battlefield.

More and more people are watching.

Everyone was shocked by the strength of the shadow clone.

Lan Ren became more and more anxious as he fought.

But at this moment, a sudden change occurred in the field.

The phantom clone suddenly burst into purple light, reflecting across the sky and the earth, and the Taoist sounds from all directions were sung...

A three-headed and six-armed true body of King Ming appeared in the aura...

The phantom clone's combat power also increased to 150 times in an instant.

His combat power also increased.

The two-phase bonus assistance immediately increases the combat power!

Boom~!

The phantom clone blasted away with all his strength... with a loud bang!

Lan Ren groaned and was blown away.....

"Oh My God!"

The whole audience exclaimed.

A quasi-god realm blasted away the pseudo-god Dzogchen giant!

Is this true?

All the bosses couldn't believe what they were seeing!

"Ah~!! Damn it!!"

The next second, Lan Ren roared and rushed back to the scene.

Everyone onlookers couldn't help but look at him.

This made Lan Ren even more ashamed and angry.

He was actually blown away by a quasi-god in full view of everyone.

This is A complete humiliation for him.

He must regain his face and kill this kid.

"I will fight you until death today!"

As soon as Lan Ren returned, he quickly pressed the seal.

Boom~Boom~! Boom~!

The whole world suddenly trembled violently.....

In the next breath, a long sword larger than the planet slowly emerged from the void...

The huge sword covered the sky and the earth, and the endless sword intent filled the world.....

The whole world became dark, and everyone around was terrified.....

"It's...it's the God-killing Sword!"

"Oh My God! Senior Lan Ren actually sacrificed all the God-killing Swords!"

"It's over! It's over! The man in black is finished!"

Countless people actually felt sorry for the phantom clone.

Even Patriarch Baiyun shook his head secretly and sighed when he looked at the phantom clone. As soon as the

God-killing sword comes out!

The man in black will definitely die!

You know, this God-killing sword However, the spiritual weapon of heaven and earth not only has infinite power, but can also absorb the destiny of heaven and earth.

It can be used to kill enemies, or it can be used to suppress the destiny of a clan, and use the destiny of heaven and earth contained in it to nourish a clan...

Such a spiritual object can only Only moderate and above powers are eligible to own it, and they can only own one at most...

For example, the Taiyan clan owns the Eight Scenery Flame Palace!

The Divine Sword Sect owns the God-killing Sword!

The blue blade is the sword guardian!

That is The moment Lan Ren sacrificed the God-killing Sword, earth-shaking changes took place in Taiyan Station.

Qin Feng finally refined the Eight Scenery Flame Palace..
