Chapter 81

Seeing the confident look on Lin Jianhao's face, Shangguan Yunyang and others were confused.

Is it possible that the beast tide in Ice Moon City really has nothing to do with the Lin family?

Shangguan Yunyang and Wei Qing looked at each other

"Lin Jianhao, put aside the beast tide issue for now. What about the secret deal between your Lin family and Zhou Changtong?"

It is a felony to create a swarm of beasts and attack human cities. It is also a felony to secretly trade with wanted criminals.

In the video, Lin Zhongyue and Zhou Changtong traded the Ice God Fruit, which was played clearly.

This evidence has been confirmed.

Lin Jianhao I want to deny it, but I'm afraid no one will believe it.

"City Lord, this transaction has nothing to do with me or my Lin family. It has something to do with it." Lin Jianhao completely denied it.

Shangguan Yunyang frowned: "Lin Jianhao, are you insulting the IQ of this city lord?"

"The subordinates dare not!" Lin Jianhao looked calm and said, "City Lord, the Ice God Fruit is not in the hands of our Lin family. It is in the hands of another person. And that person is the real mastermind behind the scenes."

As soon as these words came out, Shangguan Yunyang and others were shocked.

"how to prove?" Shangguan Yunyang asked.

Lin Jianhao smiled slightly:"I can find the whereabouts of the Ice God Fruit!"

The Ice God Fruit can only be refined by ice cultivators. If it is swallowed by other elemental masters, it is no different from poison.

Qin Feng is a fire elemental master and cannot swallow it.

He believes that the Ice God Fruit is still in Qin Feng's possession. inside the ring

"Can you find the whereabouts of the Ice God Fruit?" Shangguan Yunyang and others were surprised.

If they can help the alliance find the Ice God Fruit, it will be a great achievement!

In fact, even if it is true that the Lin family and Zhou Changtong secretly traded, as long as the Lin family hands over Ice God Fruit can also escape death penalty and receive a lighter punishment

"Where is the Ice God Fruit?" Shangguan Yunyang said eagerly

"City Lord, after dawn, people from our Lin family will send news, and everything will be revealed." Lin Jianhao kept it secret.

"good!" Shangguan Yunyang turned to look at the other two congressmen,"Zhou Tong, Li Yu, you two will have a good chat with Councilor Lin tonight."

"yes! City Lord!"

This is tantamount to putting Lin Jianhao under house arrest.

"Lin Jianhao, I hope your Lin family can send you good news early tomorrow morning.", Shangguan Yunyang stood up and left.

Wei Qing hurriedly followed.

After leaving the meeting hall, Shangguan Yunyang frowned.

He was still a little irritable.

Such a big thing happened to the Lin family, and as the city lord, he could not escape the blame..

If this matter is not resolved, his application for promotion to the third-level base city this year will be in vain.

"City Lord, are you worried about advancing to the base city?", Wei Qing handed over a luxury cigarette made by Zhuque Alliance.

"yes!", Shangguan Yunyang took the cigarette and sighed.

"In fact, the city lord does not need to worry about this matter.", Wei Qing lit a cigarette for Shangguan Yunyang, "Even if the Lin family's matter is not resolved. Yunyang City can still be promoted to the third level base city"

"Deputy City Lord Wei, are you kidding?"

Shangguan Yunyang smiled and blew out a puff of smoke.

Even if this guy is flattering, he can't open his eyes and tell lies.

Speaking of which, Wei Qingnian is older than him, but the two are close friends who have fought together and have a very good relationship.

That's okay. Said that Wei Qing was his confidant

"City Lord, I am telling the truth."

Wei Qing looked serious, and there was joy deep in his eyes.

"oh?" Shangguan Yunyang was curious.

From the look on this guy's face, it didn't look like he was flattering.

But even if there was no such thing as the Lin family, Yunyang City still needs 70 performance points to upgrade to a third-level base city!

"Say it! what is going on? Wei

Qing's face was full of joy and he said:"City Lord, I have a great news to tell you." We have a super genius in Yunyang City. That man was only 17 years old, and he had already cultivated to one-star perfection."

"What?!" Shangguan Yunyang was so excited that his hands shook and he almost dropped his cigarette.

Then, he asked with surprise on his face:"Is this true? At the age of 17, he cultivated to the level of One-Star Dzogchen."

"of course it's true! I saw it with my own eyes. By the way, Xixi was also present and she saw it too.", Wei Qing's face was full of pride.

Discovering Qin Feng, a genius, made him happy all afternoon, and he still hasn't recovered yet.

"Tsk tsk!! He cultivated to one-star perfection at the age of 17! This talent is better than mine! This is so great!"

Shangguan Yunyang took a deep breath of cigarette excitedly.

As long as such a genius is reported to the alliance, he will be reported for meritorious service and rewarded with high performance points.

In today's era, mankind is threatened by the starry sky beast tribe, and the seven major alliances are fighting against each other. Competition.

Everyone is very thirsty for talents.

Genius-level elemental masters will be the first in every alliance.

Wei Qing said excitedly: "City Lord, that boy is not only amazing in training, but his fighting skills are god-like." The presence"

"He also has good fighting talent?" Shangguan Yunyang was pleasantly surprised again.

Major leagues attach great importance to fighting talent, so they have established a global fighting network to cultivate and collect talents in this area.

After all, no matter how high the talent is, it ultimately depends on actual combat ability.

So, even if The talent is average, but if you have genius-level fighting talent, it will be valued by the alliance and focused on training.

Of course, if the talent is good and the fighting ability is strong, then it will shine brightly, and it will be the treasure of the alliance.

"To what extent does that young man's fighting ability reach?" Shangguan Yunyang asked impatiently.

Wei Qing said with a proud look on his face: "Hehe! You may not believe it. With his fighting skills, he surpassed Lin Fuhai and defeated him!"

Bang~!

Shangguan Yunyang's cigarette butt dropped in shock.

His mouth opened wide.

Oh my God!

One-star Dzogchen defeated the three-star early stage!

This is incredible.

He has never heard of such fighting talent!

If it were him, he wouldn't be able to do it at all.

Immediately, Shangguan Yunyang looked ecstatic

"Ha ha!! Brother Wei, Yunyang City's luck has come. By the way, what's that boy's name?"

"His name is Qin Feng!" Wei Qing smiled with a smile on his face, "By the way, there is a second one.thing!"

Fuck! What else?

Shangguan Yunyang felt like he was drifting off

"Brother, say it quickly!"

"She is Qin Feng's sister, and that little girl is also a fighting genius. She is not yet an elemental master, but she defeated a mid-level one-star elemental master and obtained a second-level baron!"

Shangguan Yunyang opened his eyes wide in surprise again.

Oh my god!

This is another fighting genius!

Where did these brothers and sisters come from?

They are simply a blessing to Yunyang City!

"Ha ha! Very good!" Shangguan Yunyang laughed heartily.

This time, even if something happens to the Lin family, it doesn't matter.

After discovering this pair of genius brothers and sisters, why should Yunyang City not be able to advance?

"Brother, why are you telling me now?", Shangguan Yunyang complained a little

"hey-hey! I originally reported to you. No, it just happened to happen with the Lin family, so it was delayed."

"correct! Where do brother and sister Qin Feng live? Take me to meet them!" Shangguan Yunyang couldn't wait.

Wei Qing smiled and shook his head:"City Lord, look at the time, it's almost 12 o'clock in the night. The brother and sister have also gone to bed, so let's go and see them tomorrow! Shangguan Yunyang slapped his head:"

Look at me, I even forget the time when I'm excited." Okay, let's go see them tomorrow. By the way, you stay here tonight and don't let Lin Jianhao escape."

"Don't worry, City Lord, I'll watch, he won't cause any trouble. By the way, the Lin family also had some conflicts with Qin Feng today....."

Wei Qing recounted what happened during the day.

Shangguan Yunyang frowned: "The Lin family is getting more and more outrageous now. No matter what the outcome of this incident is, it's time to rectify it."

Wei Qing nodded: "My subordinates think so too. By the way, Lin Jianhao said that after dawn Can you know the truth and not know what medicine is sold in the gourd?"

Shangguan Yunyang sneered: "Tomorrow morning, when the Lin family comes, let's see what they say. That's it for today! I'll leave the affairs here to you."

After giving these instructions, Shangguan Yunyang left in a happy mood.

Wei Qing looked at his relaxed back and smiled.

He knew Shangguan Yunyang very well.

I guess this guy will be too excited to sleep again tonight.

Chapter 82

After Shangguan Yunyang left, Wei Qing returned to the chamber and monitored Lin Jianhao with two other members.

Before I knew it, it was past one o'clock in the night.

Inside the house, Lin Jianhao was smoking leisurely and looking at his watch, with a smile on his lips.

It's almost time, the uncle and fourth uncle should take action.

At the same time, in the villa area.

Qin Feng's residence.

Qin Feng did not sleep.

He used the ice concealment technique and hid in the corner of the yard.

He was waiting for the Lin family's sneak attack.

At this moment, two very light piercing sounds sounded outside the courtyard.

After a moment, two black shadows like civet cats landed in the yard very lightly.

Qin Feng looked intently.

Those two people were wearing black night clothes and masks.

One of them is still bald, reflecting the night light.

Qin Feng smiled.

That smile is very evil.

Today he specifically asked Liu Yan about the strength of the Lin family.

We know that Lin Daoqian, the head of the three great earls of the Lin family, has a bald head.

The bald man in black in front of him should be Lin Daogan.

At the moment, Qin Feng took out two electronic remote control devices and quietly approached Lin Daoqian.

At the same time, Lin Daoqian and Lin Fuhai were looking at their surroundings.

The two looked at each other and took out their weapons.

Qin Feng was surprised when he saw Lin Daoqian's weapon.

It was a bone-white spear, and the aura it exuded was very strong.

Light screens automatically popped up in his eyes.

Item name: Dragon Bone Gun

Category: Yuanwu

Grade: Mid-grade

Efficacy: Amplitude attack power 200% (all elements)

This is actually a middle-grade Yuanwu!

Got rich!

Qin Feng was pleasantly surprised.

Middle-grade Yuanwu has a price but no market, and cannot be obtained by money alone.

Very few people can possess elemental masters below four stars.

This Lin Daoqian is very lucky!

However, it soon became its own.

This dragon bone gun is all elemental, and he can use it too.

Qin Feng thought proudly.

Unconsciously, he had sneaked three meters behind Lin Daoqian.

At the same time, Lin Daoqian exchanged a look with Lin Fuhai and prepared to sneak into the house.

At this moment, Qin Feng took action.

He took a step forward and appeared behind Lin Daoqian in an instant.

"Um?"

Lin Daoqian immediately noticed that the air flow behind him was abnormal.

He was about to turn back.

At this moment, Qin Feng pressed the electronic remote control in his hand.

Bang~!

The lights in the aisle suddenly turned on.

Lin Daoqian and the two were startled.

Just when the two were distracted, Qin Feng's blood and bone knife struck out.

No!

Lin Daoqian was shocked.

But Qin Feng had already pressed the second remote control.

Qin Feng's voice suddenly sounded in the room

"I have been waiting for you for a long time!"

The sound suddenly sounded, especially loud in the silent night.

Lin Daoqian was startled.

Good guy!

This kid is in the house!

Hey! Then behind me... just with this hesitation, the sword energy was close to me and stung. The back of his neck.

Before Lin Daoqian could figure out what was going on, Qin Feng lost all opportunities to escape due to Qin Feng's repeated calculations.

Click~!

A flash of knife light flashed in the dark night!

A bare head shot into the sky. The incision was as flat as a mirror, with a thick layer of frost condensed on it.

There was no blood splashing.

All the blood vessels were frozen by Qin Feng's ice power, and not a trace of blood flowed out.

Lin Fuhai was startled.

He quickly turned his head and saw He found a headless corpse.

But before he could figure out what was going on, another knife flashed.

Lin Fuhai felt a pain in his neck and flew up.

He was horrified to find that the sky and the earth were spinning, but he couldn't control it. He held his body.

The next second, he fell from the air.

He saw two headless corpses standing in front of him.

The two corpses looked so familiar.

And Qin Feng stood between the two corpses, looking at himself and sneering.

Lin Fuhai thought of something, despair showed in his eyes, and gradually lost their luster.

Plop~!

Lin Fuhai's head fell heavily on the lawn, and the incision was also covered with ice.

The night wind came, and there was a lingering sound floating in the air. The smell of blood.

There was no trace of blood on the ground.

Qin Feng was excited.

Today's counter-sneak attack was very successful.

It did not make a big noise, did not alert anyone, did not make any traces of fighting, and left no traces of blood.

He quickly Put away the bodies of the two people.

The night wind blew by, and the smell of blood disappeared.

It was as if nothing happened.

"I've been waiting for you for a long time, Mr...."

Qin Feng's voice came from the room again.

Qin Feng pressed the remote control in his hand and the sound stopped suddenly.

That was the voice he had recorded in advance.

Then, he picked up the last trophy, which was also the dragon bone gun.

This is how you get the middle-grade Yuanwu!

Qin Feng's strength will increase greatly again.

He felt great.

The Lin family are really gift-giving boys!

Qin Feng put away the dragon bone gun with satisfaction and cleared the battlefield again.

He returned to the house only after he found that everything had been cleaned up and no suspicious traces were left.

Then, he recycled all the belongings of Lin Daoqian and the others and exchanged a total of 1.7 billion.

Another huge sum of money!

It's so cool!

After this calculation, his total net worth is more than 3.1 billion

"Tomorrow, the Lin family will find out that Lin Daoqian and Lin Fuhai have lost contact. I wonder what they will think?"

Qin Feng smiled evilly, feeling secretly happy.

But at this moment, a wave of ice energy came from Chu Chu's retreat.

"Huh! This is... Could it be that this girl...."

Qin Feng seemed to have thought of something, and his eyes were shocked.

Immediately, his figure flashed and rushed towards Chu Chu's retreat..

Chapter 83

After a while, Qin Feng rushed to the training room and saw Chu Chu looking at himself excitedly.

"elder brother!", the little girl looked happy when she saw Qin Feng

"Little girl, have you refined the Ice God Fruit?"

Qin Feng looked at Chu Chu in surprise.

He clearly sensed that the ice energy in Chu Chu was fluctuating.

"OK!", Chu Chu nodded excitedly, "Brother, I can sense the power of ice now, and I can also become an elemental master."

The little girl was so happy.

Hiss~~!

Qin Feng couldn't help but take a deep breath.

"how did you do it?", he looked at Chu Chu in surprise

"How is it done?", the little girl was confused.

She scratched her head, unable to understand what her brother meant.

Qin Feng smiled, but he was still a little impatient.

"I mean, it usually takes 24 hours to refine the Ice God Fruit. It seems that you only spent 8 hours, which is one-third of the time of ordinary people. how did you do it?", Qin Feng asked curiously

"Oh, this!", the little girl suddenly realized, "Hehe!! Brother, I was about to sue you! I made a surprising discovery!"

"What was found?"

"Brother, don't I have a dual constitution? One has an ice physique, and the other has an unknown mysterious physique."

Qin Feng nodded slightly.

When Chu Chu was young, she once took a talent test.

Her ice sensitivity was 0.5, and she also had a mysterious sensitivity of 0.9.

What that mysterious type is is still unclear.

Chu Chu continued:"Before, when I was refining the Ice God Fruit, the mysterious physique activated a mysterious elemental power on its own, which made me refining the Ice God Fruit three times faster, and then without knowing it, I was refining it. Finished...."

"Uh~! There is such a magical thing!"

Qin Feng was surprised.

He had never heard of such mysterious elemental power.

Eh! That's not right!

Isn't Chu Chu's sensitivity to mysterious elements 0.9?

If the sensitivity is less than 1.0, doesn't it mean he can't control the power of the elements?

Could it be that the sensitivity is 0.9 ? Can he occasionally control the power of elements?

Or is there something special about the mysterious element?

Qin Feng was confused and couldn't understand it.

When he got the system, his best wind and thunder sensitivity was only 0.7, so naturally he could not understand it at 0.9 What does it feel like?

At this time, Chu Chu said with a mysterious face:"Brother, in fact, when I am fighting with others, I can occasionally sense the power of that mysterious element."

"Whenever the elemental power is activated, I will feel that other people's movements are so slow, and I can easily find his flaws and defeat him!"

"Well~~! ", Qin Feng was surprised again.

He looked at the little girl: "So, the power of the mysterious element affects your fighting talent."

"Yes! So every time I fight, I try to sense its presence. I don't know if I tried too many times. I feel like it's getting easier and easier to sense it."

Speaking of this, the little girl looked excited.

Qin Feng was also pleasantly surprised.

If the little girl's mysterious element talent awakens, it would be a great thing.

The brother and sister have always depended on each other, and he naturally hopes that Chu Chu will become stronger and stronger.

At this time, He thought of another question.

Generally, the power of multiple physiques and elements will interfere with each other.

This is common sense.

But this common sense does not seem to apply to Chu Chu.

Chu Chu's mysterious elements are really magical.

"Little girl, tomorrow morning, we will test your elemental sensitivity. See what level your ice talent has reached. Let's see if there is any change in your sensitivity to mysterious elements."

"Great!", Chu Chu jumped for joy.

She thought so too.

"OK! I also went to practice. You should rest earlier!"

"whee! Brother, you forgot, I still have three ice elixirs that I haven't refined yet!"

Chu Chu took out a small bottle with three blue pill-like things in it.

This is exactly what Qin Feng got from Lin Xue's storage ring.

Qin Feng smiled:"Then you can refine it!"

A quarter of an hour later, Qin Feng went to another training room.

After dealing with those trivial matters, it was time for him to practice.

Chu Chu was making progress, and naturally he couldn't lag behind.

What's more, it was time for him to work hard towards the two-star elemental master.

In this In a world where strength is respected, the higher the strength, the more you can gain.

And his goal is to surpass the existence of nine stars, how can he slack off.

At that moment, Qin Feng began to practice.

In this practice, the four elements of ice, wind, fire and thunder entered Body.

The second star pattern on the four-system divine seal was condensing at the same time.

There was no words all night.

Early the next morning, Qin Feng opened his eyes with joy, called up the template, and checked the results of his practice.

Practitioner: Qin Feng, who is in the realm of wind system (Peerless): One-star Great Perfection (second star pattern 7%)

Thunder realm (peerless): One-star Great Perfection (second star pattern 3%)

Ice realm (peerless): One-star Great Perfection (second star) Pattern 3%)

Fire Realm (Good): One Star Dzogchen (Second Star Pattern 53.2%)

"This seems a bit slow!"

Qin Feng frowned slightly and closed the interface.

Of his four elements, the wind element is the fastest, and the second star pattern completion rate has reached 7%.

According to this progress, he will definitely be able to break through to a two-star elemental master within a month..

For other people, it would be impossible to break through in less than ten years.

Some even take decades.

But Qin Feng still can't wait. He wants to break through to the two-star elemental master as soon as possible.

Last night, he killed Lin Daoqian and Lin Fuhai, The Lin family will definitely fight back.

Although Lin Jianhao was trapped by his design, the Lin family still has a more powerful four-star master.

That is the old head of the Lin family - Lin Yuankun.

He is a four-star Dzogchen master and a retired Yunyang City master. old congressman.

If he takes action, Qin Feng will be in danger.

Unless Qin Feng can break through to the second star early.

I don't know when Sister Yan's nuclear warhead will be delivered.

Qin Feng is somewhat eager to start a god-level challenge.

If he expected Not bad, the reward for this challenge must be a treasure that speeds up the formation of the second star pattern.

Thinking of this, Qin Feng to the training room.....

At the same time, in the city lord's palace, the meeting hall.

One night passed.

Lin Jianhao had been smoking all night, and the crystal ashtray in front of him was filled with cigarette butts.

But his expression was very calm.

He was waiting for good news from his family.

He believed that both his uncle and fourth uncle had succeeded.

Wei Qing, Zhou Tong, and Li Yu on the opposite side were also bored.

The three of them guarded Lin Jianhao all night.

Crack~!

The door to the chamber was pushed open.

Shangguan Yunyang walked in

"Lin Jianhao, one night has passed, haven't you received any news from the Lin family?"

Shangguan Yunyang said as he sat down.

"City Lord, it should be soon!", Lin Jianhao put out the cigarette butt in his hand

"Hope you can give me a satisfactory answer. To tell you the truth, I got a call this morning. The league already knows about you."

"They have already sent someone over and they will arrive this afternoon. If you can't give a reasonable explanation today, I can't protect you. When the time comes, the Alliance people will take you away, don't blame me for not helping you."

Hearing this, Lin Jianhao's face changed slightly.

If he is captured by the alliance, it will not end well.

At this moment, there was a gentle knock on the door.

"come in!", Shangguan Yunyang said casually.

The door opened and a beautiful female assistant walked in

"City Lord, we just got a call from the front desk saying that Lin Tianyang wants to see Councilor Lin."

"good! Bring him!"

"Yes, City Lord!"

Hearing this conversation, Lin Jianhao's eyes were filled with joy.

His family finally sent him good news..

Chapter 84

After the female assistant left, Shangguan Yunyang and others looked at each other.

The Lin family really sent someone here early in the morning.

Is there really a hidden secret?

Not long after, the door opened again.

The female assistant led Lin Tianyang in.

At this moment, Lin Tianyang was in a bad mental state, as if he hadn't slept all night, and his eyes were bloodshot.

Lin Jianhao didn't pay attention to the details and was a little happy to see him

"What's going on?", Lin Jianhao asked with a smile.

"father..", Lin Tianyang quickly approached, and then whispered:"My uncle and fourth uncle didn't reply all night, and the phone calls couldn't be reached."

Lin Jianhao was shaken all over.

Could it be that something happened to the uncle and fourth uncle?

How can this be?

The two of them join forces, even if the three-star Dzogchen masters have to retreat, they still can't deal with Qin Feng?

Lin Jianhao began to panic.

This time, not only was he unable to prove his innocence, but he also made his uncle and fourth uncle disappear.

"Lin Jianhao, is there any news?" Shangguan Yunyang urged.

"this....", Lin Jianhao looked ugly, "City Lord, there are some problems here, maybe...."

Shangguan Yunyang frowned: "Lin Jianhao, what do you mean?"

Wei Qing also said angrily: "Lin Jianhao, you said it yourself. After dawn, your family will send you news, which will allow you to prove your innocence. Now, you are talking to us Said something went wrong in the middle. Do you think we won't hand you over to the alliance?"

"That's not the case...I....", Lin Jianhao was anxious, but didn't know how to explain

"That's it!" Shangguan Yunyang was a little irritated, "Lin Jianhao, this city lord gave you a chance, but you didn't cherish it. Then let's hand you over to the Alliance!"

"Zhou Tong and Li Yu took Councilor Lin to the Special Prison Department and put him under guard!"

"Yes, City Lord!"

Lin Jianhao's expression changed drastically.

He was completely panicked.

If he were in Yunyang City, with the Lin family's connections and influence, he would still have hope of minimizing the big issue.

But in the alliance, he would have to shed his skin even if he didn't die, and the Lin family also counts. Ruined.

To the behemoth of the Alliance, the Lin family is just an insignificant little family.

"Deputy City Lord Wei, let's go!"

Shangguan Yunyang and Wei Qing are about to leave.

He can't wait to see Qin Feng.

He is excited when he thinks of this super genius

"City Lord, I have something to say!" Lin Jianhao anxiously called Shangguan Yunyang to stop.

"oh?" Shangguan Yunyang turned around and said, "Say it!"

"City Lord, I know who has the Ice God Fruit.

Shangguan Yunyang's eyes lit up: "Who?"

"Qin Feng!"

"What?!" Shangguan Yunyang was shocked.

"Lin Jianhao, what are you talking about?", Wei Qing didn't believe it at all.

How did this Ice God Fruit get related to Qin Feng?

"Deputy City Lord, I know you may not believe me when I say this. But I have proof!"

At this moment, Lin Jianhao was ready to risk everything.

Even if he died, he would drag Qin Feng into the water.

Shangguan Yunyang and Wei Qing were shocked.

Could this really have something to do with Qin Feng?

If it is true, even if Qin Feng He is a super genius, and the league will also punish him.

"Say it! What evidence do you have?" Shangguan Yunyang's expression became serious.

This matter involved Qin Feng, and he became worried.

He didn't want to see a super genius destroyed.

Lin Jianhao took a deep breath:"I can't say the specific reason at the moment. clear. However, I am certain that the Ice God Fruit is in Qin Feng's storage ring. If you don't believe it, the city lord can check it out!

Wei Qing was furious:"Absurd!" You don't have any evidence, so you asked us to check Qin Feng's ring. What do you mean? Your Lin family has a conflict with Qin Feng, but you can't frame him like this.

Shangguan Yunyang also frowned:"Not bad!" It is taboo in the elementalist world to check other people's storage rings without any evidence. This will make people alienated. Lin Jianhao, you are going to make our Yunyang City lose a genius! I think you have bad intentions!"

"City Lord!" Lin Jianhao was panicked,"Now that things have happened, I don't intend to hide it anymore."

"Last night, my uncle and fourth uncle went to find Qin Feng, hoping to find evidence of his crime and then hand him over to the government to bring him to justice. But after the two of them went there, they didn't come back all night."

Lin Jianhao's words were slightly changed, changing the assassination to search.

But as soon as these words came out, everyone was shocked.

Even the two congressmen Zhou Tong and Li Yu were shocked.

Lin Jianhao was too courageous.

Wei Qing was so angry Without hitting a beat:"Well, Lin Jianhao, I warned you yesterday not to touch Qin Feng, but you sent someone to touch him last night, and you turned a deaf ear to my words! ? Shangguan Yunyang was also angry:"

Lin Jianhao, you have violated a big taboo." Regardless of the Ice God Fruit and Beast Tide incidents. You Lin family must be punished for attacking Qin Feng."

"City Lord, I admit this mistake, and I am willing to take responsibility. However, I also did this to expose the truth of the matter"

"What is the truth? Tell me!", Shangguan Yunyang asked coldly.

Lin Jianhao took a deep breath:"The truth is like this. Qin Feng and Zhou Changtong are accomplices!"

Lin Tianyang on the side was stunned and opened his mouth.

This was the first time he discovered that his father's ability to open his mouth was unparalleled.

The expressions of Shangguan Yunyang and Wei Qing also changed slightly.

The development of this matter has exceeded Their expectations.

At that moment, Shangguan Yunyang said seriously:"Lin Jianhao, keep talking!"

"Here's the thing. Our Lin family does have a secret deal with Zhou Changtong."

After hearing this, everyone's expressions changed slightly.

Lin Jianhao actually admitted it on his own initiative.

Lin Jianhao continued:"I just didn't expect that Zhou Changtong has a helper, and that is Qin Feng! During the transaction, they got greedy and assassinated my third uncle Lin Zhongyue."

"Afterwards, they were afraid of retaliation from our Lin family, so they used my third uncle's mobile phone, pretended to be his third uncle, and framed the Lin family."

"In fact, Qin Feng and Zhou Changtong jointly detonated the beast tide in Bingyue City. He is also the mastermind behind the whole thing."

Lin Jianhao's eyes showed resentment.

He had already given up.

He couldn't hide the secret deal between the Lin family and Zhou Changtong. He simply admitted it, then dragged Qin Feng into the water, and planted the beast tide on Qin Feng, and both sides suffered losses.

Shangguan Yun Yang took a deep breath:"These are all your one-sided statements, do you have any conclusive evidence?"

"City Lord, I can prove it from three aspects"

"Those three aspects?"

"First, my uncle and fourth uncle went to Qin Feng's residence last night and did not return. It seems that they were assassinated by Qin Feng and Zhou Changtong. We will know this when we go to Qin Feng's residence and see if there are any traces of fighting or blood. Shangguan Yunyang nodded slightly:"

Keep talking!""

"Second, check Qin Feng's storage ring. See if there is any Ice God Fruit inside. If so, all the truth will be revealed. After all, Zhou Changtong and Qin Feng are both Fire Element Masters. If they can't swallow the Ice God Fruit, the evidence of their guilt must be there."

"What about the third point?"

"Third, check Qin Feng's fire talent. At the age of 17, he cultivated to one-star Dzogchen. His fire talent is at least genius level"

"If his fire talent is genius level, this is normal. If it's not genius level, then there's a problem"

"oh?" Shangguan Yunyang was confused,"If it's not a genius-level talent, what's the problem?"

Lin Jianhao sneered:"Then his cultivation level improvement should be obtained by taking fire-type rare items." And in this transaction, there is Emperor Liujian (fire)... In this case, it can be explained that his talent is not genius level, but he can achieve such a level of cultivation."

These words made everyone nod slightly.

Shangguan Yunyang sat back in his seat and began to think deeply.

At this moment, his phone rang.

Shangguan Yunyang answered the phone:"Hello! I am Shangguan Yunyang...Oh, I am the Inspector...Okay! good! I see!"

After Shangguan Yunyang hung up the phone, he looked at Lin Jianhao

"It was just the call from the Alliance's Inspector General. He will arrive at our Yunyang City in person in three hours. This time, he brought the Ice God Leaf"

"Ice God Leaf?" Lin Jianhao's eyes were filled with joy, "That's great!

Shangguan Yunyang sneered: "Don't be too happy too early." If none of the three points you mentioned are consistent. That proves that you are spreading rumors and slander, and your crime will be increased!"

Lin Jianhao's expression changed slightly.

Immediately, he said confidently: "Don't worry, City Lord, as long as the Inspector uses the Ice God Leaf to test it, he will know immediately whether Qin Feng has the Ice God Fruit."

It turns out that the Ice God Leaf and Ice God Fruit are both items on the Ice Moon God Tree. They can sense each other even through the storage ring.

"good! Then wait another three hours for the inspector to arrive, and we will go to see Qin Feng together."

Lin Jianhao's face showed joy.

He was 90% sure that the Ice God Fruit was on Qin Feng.

By then, Qin Feng would not be able to clean himself up even if he jumped into the Yellow River.

As for whether Qin Feng and Zhou Changtong were colluded, this is not important. It was his purpose to frame the tide of beasts on Qin Feng..

Chapter 85

But on the other side, Qin Feng went to wash up after leaving the secret practice room.

When he finished cleaning up and returned to the living room refreshed, he found that Chu Chu had prepared breakfast.

"Huh! Little girl, you have broken through to the middle stage of physical fitness! not bad!"

Qin Feng looked at Chu Chu and was very pleased.

But Chu Chu raised her mouth and said, "I refined three ice spirit pills to improve my cultivation level so much. I feel so sad!"

Qin Feng smiled.

One ice spirit pill is worth 100 million, and three pills are worth 300 million.

This can completely buy a good low-grade Yuanwu.

The value of 300 million only improves the cultivation level to a strong body. In the mid-term, it was very luxurious.

Even the children of wealthy families would not dare to be so lavish, so Chu Chu felt very distressed.

She felt that 300 million was too wasteful.

"Little girl, money is for spending. As long as you are strong enough, are you still worried about not making money? After I test my talent later, I will buy you 10 more Ice Spirit Pills so that you can reach the Great Perfection of Strengthening Your Body as soon as possible."

Qin Feng said while drinking porridge.

Chu Chu's cooking skills are very good.

The breakfast prepared by the little girl is very delicious.

"Want to buy 10 more? That's 1 billion!", Chu Chumei was so wide-eyed.

"Brother, that's such a waste, I don't want it anymore. You might as well buy me a Yuanwu!"

The little girl is worried about money.

After all, it is not easy for her brother to make money.

Qin Feng smiled:"Little girl, don't be reluctant, my brother is not short of money now! However, you are right, it is time to buy you a Yuanwu."

Chu Chu is now a master of ice-type body strengthening and can use Yuanwu.

With Yuanwu, this little girl's strength will be greatly improved.

When she reaches the point where she has perfected her physical strength, she should be able to take the third-level baron examination.

Thinking of this, Qin Feng felt happy.

He was also very happy that his sister had become stronger.

"Brother, you really don't need to buy the Ice Spirit Pill....", Chu Chu took a mouthful of porridge,"That's too luxurious, and we are not a wealthy family."

Qin Feng pinched the little girl's cheek fondly:"We are not a wealthy family now, but we will definitely be in the future. Don't worry about so much, I will take care of the money!"

"oh~, ", the little girl scooped the porridge obediently, feeling very happy.

It's good to have a brother.

Qin Feng smiled. He had 3.1 billion, which was more than enough to buy an ice elemental weapon and 10 ice spirit pills.

What's more, he is just such a sister. If he doesn't pamper her, who will?

Besides, his improved cultivation can devour demon cores.

Chu Chu had no choice but to make more money and buy training resources for Chu Chu.

"Little girl, your mysterious elemental power seems to be working again.", Qin Feng took a bite of pickles

"Um, how should I say it?", the little girl was puzzled.

Qin Feng smiled and said:"Others can only refine one Ice Spirit Pill in one night, but you refined three. It seems that your refining speed is three times that of ordinary people."

"whee! It's true!", Chu Chu was also very happy.

If this magical ability was fully awakened, it would be even more powerful.

At this moment, there was a knock on the door.

"I'll open the door!"

The little girl put down the bowls and chopsticks and ran over with a bound.

Today, she was in a very good mood.

When she opened the door, Shangguan Zixi stood at the door very handsomely, holding a silver password box in her hand.

"It's Sister Xixi! Come on in and sit down!"Chu Chu was very happy to see Shangguan Zixi.

The two had only known each other for a day, but they got along very harmoniously.

"You are having breakfast!", Shangguan Zixi is a little shy.

She is not usually like this.

She is always a little uncomfortable just in the presence of Qin Feng

"Sister Xixi, have you eaten?"

"Well, I've already eaten!"

The two of them were talking and came to the dining table.

Shangguan Zixi looked at Qin Feng and smiled shyly.

"Chu Chu, didn't you make an appointment to go to Douwang with us last night? Why didn't you go?"

"Oh, I went to practice last night. Sister Xixi, are you here to see me on the Fighting Network?"

When it comes to fighting, Chu Chu looks excited.

She is very obsessed with this.

"I'm here to give this to your brother!" Shangguan Zixi put the password box on the table.

Qin Feng raised his head: "Is it a nuclear warhead?"

"Um~! ", Shangguan Zixi nodded shyly, "Sister Yan was too busy and didn't have time to come over, so she asked me to deliver it."

Qin Feng was pleasantly surprised: "Thank you very much!"

He thought he would have to wait until the afternoon, but he didn't expect it to be delivered early in the morning..

The work efficiency of Liu Yan and Shangguan Zixi is simply amazing!

He didn't notice that Shangguan Zixi's face was a little red and she was a little embarrassed.

She didn't know why, but she was particularly concerned about Qin Feng's affairs.

This was done, and I personally delivered it early in the morning.

"Qin Feng, I want to thank you too!", Shangguan Zixi said slightly shyly

"Um, thank me?", Qin Feng was stunned.

Immediately, he saw Shangguan Zixi's blushing face, thought of something immediately, and smiled.

She should be thanking herself for not talking about her little things everywhere.

"Miss Zi Xi is so polite...Chu Chu, make a cup of tea for Miss Zi Xi....."

"okay! Sister Xixi, sit down first!"

The three people chatted and the atmosphere became brighter.

At this time, Shangguan Zixi took a look at Qin Feng.

Viewed at such a close distance, Qin Feng's sword-shaped eyebrows and starry eyes were extremely handsome. He was really handsome.

"Qin Feng, let me tell you another happy event...",Shangguan Zixi said with a smile, her expression gradually became more natural.

"happy event?"Qin Feng said with a smile,"What good news did Miss Zi Xi bring? Zi

Xi covered her mouth and smiled,"This morning, I heard my father call the alliance and say that we have a super genius in Yunyang City. The Alliance is very excited and said they would send someone over today to take a look."

"No need to guess, the super genius my dad refers to is you!"

"Um..." Qin Feng smiled,"What kind of happy event is this?"

"You really don't know?"Zi Xi smiled and said,"Let me tell you this, the alliance attaches great importance to the cultivation of geniuses. As long as the report is reported below and a genius is discovered, they will send someone to verify it."

"As long as it is verified to be correct, a reward will be awarded to the genius. The reward is very generous."

Speaking of this, the girl's face showed envy.

There is a reward!

Qin Feng is also interested.

Even Shangguan Zixi is moved, the reward is definitely not bad

"What are the rewards usually given?", Qin Feng asked curiously

"This is unclear. However, I heard that rare items like Emperor Lien's Ooze can sometimes be rewarded."

"so good?!", Qin Feng was shocked.

If this is true, the reward is too generous.

At this time, he was completely moved.

Shangguan Zixi said again: "In short, before the reward, the people in the alliance will conduct an assessment of the genius. Then based on the assessment points, a grade will be assigned. The higher the level, the more generous the rewards will be!"

"Oh, what aspects do they mainly assess?", Qin Feng asked

"One is talent level, and the other is actual combat ability. By the way, my dad also reported Chu Chu! When the time comes, she will also take part in the assessment together."

"Do I have one too?", Chu Chu was a little surprised

"Yes! So, when I got this news, I came to tell you two early in the morning, so that you can be energetic enough to achieve good results, so that you can get good rewards."

"Sister Xixi, you are so kind!", Chu Chu was so happy.

But Qin Feng murmured in his heart.

If he really wants to be tested, his fire talent will lower his points, and at the same time, some flaws will be exposed.

You know, his fire talent is good. level, far from reaching the genius level.

Others will have some doubts about his fire element cultivation.

At the same time, he will also lose better rewards.

Thinking of this, his eyes fell on the password box aside.

It seemed that he was going to Start the god-level challenge and improve your fire talent.

"Miss Zi Xi, when will the person taking the alliance assessment come?"

"Get it today!"

"So fast?!"Qin Feng was a little surprised

"They ride in low-altitude flying chariots, which are usually very fast....."

"oh!"Qin Feng quickly stood up and said,"Chu Chu, please accompany Miss Zi Xi first. My brother suddenly had some insights and wanted to go into retreat."

After saying that, Qin Feng picked up the password box on the table and went straight to the training room.

He wanted to improve the fire talent before the alliance assessors arrived.

However, will this challenge reward Qi who improves the fire talent? He doesn't know what the object is.

No matter what, he has to try it..

Chapter 86

Entering the secret training room, Qin Feng opened the password box and placed three ultra-miniature nuclear warheads inside.

Only in this era can such things be so easy to obtain.

Even so, Qin Feng still spent 600 million coins.

Then he started to make some preparations.

He first tied the detonation remote control device to the nuclear warhead, then cut his wrists, poured his own blood on the nuclear warhead, and made other preparations.

After doing this, Qin Feng closed the box and stuffed it into the storage ring.

Then, he swallowed a beast core and repaired the wound on his wrist.

Then, Qin Feng checked the challenge template again.

Challenger: Qin Feng (King Level)

Level: Level 9 (One Star Great Perfection)

Talent Skill: God Level Devouring

Combat Skill: Violent Blow

Auxiliary Skill: Ice Concealment Technique

Combat Power Index: 8000 points

"system! Start a god-level challenge!", Qin Feng said something he hadn't seen for a long time.

"Ding! The one-star god-level challenge is activated, reminding the host that you only have two opportunities to challenge"

"Ding! Enter the challenge map - Desert of Death after 10 seconds, 10...9...8...7...."

In a flash of white light, Qin Feng disappeared.

The next second, he entered a strange desert land.

There was a scorching sun hanging in the sky, which was bigger than a washbasin and even bigger than the sun on Earth.

The air temperature was like fire, at least 200 degrees Celsius or above.

The sand was baked red.

At a glance, there is a sea of red sand, almost like dark red magma, boundless.

The air was also smoke-like and swaying, seriously affecting people's vision.

Qin Feng looked calm and took a gentle breath.

The hot and dry air flowed into the heart and lungs, feeling a little hot.

This place is truly a desert of death. Ordinary people cannot survive at all, not even genetic warriors.

No spirits?

Qin Feng looked around and found no monsters except sand.

But at this moment, there was a sudden movement behind him.

A giant black hand came out of the sand and slapped him on the back.

The giant hand was extremely fast, bringing up a curtain of sand that came overwhelmingly, as if it was going to blow him away.

Qin Feng was shocked to realize that this attack momentum was at the level of an early four-star attack, and he could not resist it forcefully.

The initial four-star combat power threshold is 15,000 points.

Qin Feng only has 8,000 combat power points.

At this moment, Qin Feng made a mistake in his steps and narrowly avoided the blow.

Bang~!

The giant hand smacked the air, and the earth trembled, sending flying sand flying across the sky.

Then, poof~! puff~! ...

Another seven or eight giant hands came out from the sand and slapped Qin madly.

Qin Feng was shocked.

What kind of monster is this?

He actually grew so many hands.

And each hand is the size of an adult.

But the war situation was critical, and he didn't have time to think so much.

In the blink of an eye, those seven or eight giant hands surrounded him.

Qin Feng kept giving way.

Suddenly, his feet stopped.

The hot sand suddenly came to life and wrapped around his legs, making him unable to move.

A giant hand also attacked at the same time.

Qin Feng was so frightened that he could no longer avoid it and had to resist.

One shot breaks the air!

The dragon bone gun appears!

A violent blow!

The attack power is doubled continuously.

Boom!

There was a loud noise.

Qin Feng was slapped so hard that he vomited blood and flew out.

The giant black hand was also defeated by Qin Feng and turned into countless fine sand flying

"Huh~! "

A sound of surprise came from under the desert.

Obviously, Qin Feng was not killed with one palm, which surprised the mysterious spirit.

Then, the desert shook, and a three-foot-tall spirit slowly rose from the bottom of the desert and emerged.

This monster looks like a human, with a fiery red body and a pair of earthy yellow eyes. It is very evil.

And he was surrounded by a large mass of black sand.

The black sand was constantly changing, sometimes turning into several big hands, and sometimes turning into something like a shield.

It turns out that the previous black hands were all transformed from black sand.

Qin Feng quickly swallowed a beast core, repaired the injury, and at the same time stared at the spirit.

Category: Monster

Name: Sand Demon (ordinary level)

Level: Level 19 (early stage of four stars)

Skill: Earth Escape (common in the desert, the skill stone can be dropped on the first kill)

Equipment: Counter-flowing Sand (special Yuanwu, middle grade, It can be dropped on the first kill)

Warning: Very dangerous level (win rate is less than 10%)

Damn it!

This is actually a spirit from the early four-star stage!

Moreover, this spirit also possesses a middle-grade elemental weapon, which should be the black sand.

Originally having weapons and equipment was a bug in this challenge.

But now, this spirit also possesses a middle-grade Yuanwu, which is a special type.

This weakened Qin Feng's equipment advantage.

In a head-on confrontation, he is definitely no match for the Sand Demon.

That winning rate of less than 10% is dazzling.

This god-level challenge is really abnormal!

However, if he can kill this sand demon, he will get a skill stone and a mid-grade Yuanwu, which is definitely a big gain!

Especially the special mid-grade Yuanwu, which is more powerful and much more valuable than ordinary Yuanwu.

Thinking of this, Qin Feng felt hot in his heart.

His mind was spinning rapidly, thinking of ways to deal with the Sand Demon.

"Strange...weird...human beings...."

At this time, the sand demon actually spoke, speaking in a very unskilled human language, and looking at Qin Feng with confusion.

Obviously, he was surprised that this human being, who was only level 9, was not killed by him.

Qin Feng was shocked.

I go!

This guy can actually talk!

"Ding! The divine challenge begins!"

Challenge content: Kill the Sand Demon within ten minutes!"

"Ding! The challenge will automatically start after 3 seconds...3...2...1.."

"Ding! The challenge begins! Automatic timer 10:00....."

Codes! Another ten minutes!

It's incredibly difficult!

At this moment, the sand demon moved and rushed straight towards Qin Feng.

The countercurrent sand surrounding him instantly turned into a black spear and was lifted into his hand. He wanted to kill this human being with one shot.

But the next second, he was stunned.

Qin Feng, who was seriously injured on the spot, jumped up and ran far away like a rabbit.

The Sand Demon was suddenly confused!

How can this be?

Wasn't he seriously injured just now?

Why did everything recover all of a sudden?

Damn humans!

The next second, the sand demon was furious. He felt like he was being played and rushed to Qin Feng again.

Qin Feng used the ice concealment technique and disappeared on the spot, even his breath disappeared.

The sand demon suddenly lost his target and was a little confused.

But Qin Feng did not dare to waste time.

He must kill the Sand Demon within ten minutes.

Otherwise, he fails his mission and will receive no reward.

At the moment, Qin Feng ran towards the distance while looking at the timer.

1 minute passed...

2 minutes passed.....

3 minutes passed.....

The sand demon was still in a daze, searching everywhere for traces of Qin Feng.

Qin Feng relied on the ice concealment technique to escape thousands of meters away.

At this time, Qin Feng quickly took out the box containing the ultra-miniature nuclear warhead and buried it directly in the sand.

Then, without even looking, he continued to run forward.

He must race against time.

Soon, the Sand Demon sensed it.

He sniffed the air hard.

It smells of blood! The smell of human blood!

Ha ha!!

He found traces of the human being.

The sand demon excitedly rushed towards the place where the box was buried.

6 minutes passed...

7 minutes passed...

7 minutes and 22 seconds passed...

Qin Feng turned around and saw that the sand demon had arrived at the place where the box was buried.

The sand devil is proud.

Is this human a fool?

He thought he wouldn't be able to find it if it was hidden under the sand.

He grabbed the sand and lifted it out with force, and was suddenly stunned.

It was just a box, not Qin Feng at all.

It's just that there was Qin Feng's blood in the box, carrying Qin Feng's aura, so he was fooled.

The sand demon suddenly felt bad..

Chapter 87

The sand demon suddenly felt something was wrong.

But at this moment, Qin Feng got directly into the sand and pressed the remote control button at the same time.

Three ultra-miniature nuclear warheads exploded simultaneously.

Boom~~!!

The sky is falling apart!

The dazzling explosion light shone through the sky and the earth, blocking all light.

The world turned dark in an instant.

In the explosion, the shrill screams of Sand Demon and Qin Feng sounded simultaneously.

The next moment, the sky and the earth gradually returned to light, and a mushroom cloud rose.

An extremely huge deep pit appeared on the ground, and countless sand grains melted, forming many glass-like substances.

The sky filled with dust covered the earth.

In the smoke and dust, the Sand Demon stood upright with his extremely broken body, looking ahead.

Just a few thousand meters ahead, Qin Feng was squirming in the sand.

At this moment, he was covered in blood and looked extremely miserable.

The fire armor was completely destroyed when it resisted the shock wave, turning into mutilated fragments hanging on his body.

During the explosion, a high temperature of tens of thousands of degrees was formed, which burned all his hair and eyebrows.

The explosive power of this nuclear warhead is too terrifying.

Even the weakest ultra-miniature nuclear warheads, if three of them exploded at the same time, a strong person in the early four-star stage would not be able to withstand it.

In fact, Qin Feng was thousands of meters away from the center of the explosion and got into the sand, which reduced a lot of damage and impact.

But he was still severely injured and dying.

Fortunately, his body was strengthened by four-series elements and strengthened by fifth-level genetic medicine, so his physical strength was not inferior to that of a four-star strong person.

In addition, he devoured the beast core in advance, which prevented him from dying on the spot.

Qin Feng got up staggeringly.

Not far away, the sand demon slowly fell down.

Before he died, his eyes were full of disbelief.

Why is this human not dead?

The next second, his body collapsed, leaving several treasures on the ground.

Ha ha!!

Success!

Kill the Sand Demon within ten minutes, mission accomplished!

Qin Feng was ecstatic.

At the same time, he was a little lucky.

Before, he asked Liu Yan that one of these ultra-miniature nuclear warheads could not kill a four-star expert.

Unless it's three consecutive hits.

Therefore, he used three pills at once, and it was successful.

By the way, hurry up and collect the loot!

Qin Feng swallowed several beast cores and rushed forward.

His mission is completed, and the time he can stay in this world is limited, so he must collect the loot as soon as possible.

Along the way, the god-level devouring movement was taking place.

Those beast core energies were constantly repairing his injuries.

The shriveled and burned muscles are reviving, the scorched skin is falling off, and the burned hair and eyebrows are growing again.

By the time Qin Feng reached the deep pit at the center of the explosion, his injuries had already fully recovered.

This god-level swallowing heals injuries, which is really amazing.

Ha ha!!

Baby got it!

Qin Feng picked up the three treasures left by the Sand Demon, and was ecstatic that he had made a lot of money this time.

The three treasures are a crystal core, a skill stone, and a black sand full of spirituality.

That crystal core is level 19, which is equivalent to a four-star early stage demon core.

Qin Feng recycled it to the mall and received 3 billion coins.

This made Qin Feng feel happy.

It's so easy to make money.

This income alone far exceeds the loss of nuclear warheads and fire armor.

I made a lot of money this time.

He couldn't help but think that hunting down a few four-star monsters after going out would be very profitable.

However, four-star monsters, like four-star elementalists, are rare.

Qin Feng took out the skill stone again.

Item Name: Skill Stone (Earth Escape)

Category: Rare Item (Extremely Rare)

Notes: Cannot be swallowed (you need to have earth physique to swallow it)

"Ugh, I can't swallow this!"

Qin Feng had no choice but to put away the skill stone, and wait until he gets the earth talent later to devour it.

Then, he took out the ball of black spiritual sand, and a light screen popped up in his eyes.

Item name: Counter-quick sand

Category: Yuanwu

Grade: Medium-grade efficacy : Special type (equipped for both offense and defense)

Note: cannot be used (requires earth elemental power)

"I made a lot of money this time!"

Qin Feng was delighted.

Special types of Yuanwu are very rare.

It is almost impossible for special types to appear in low-grade Yuanwu.

Special types can only appear in middle-grade Yuanwu, and their value is two or three times that of regular Yuanwu.

For example, ordinary Yuanwu The value of the middle-grade Yuanwu ranges from 1 billion to 5 billion.

The value of the special middle-grade Yuanwu ranges from 5 to 10 billion.

This counter-quick sand was not damaged at all in the previous nuclear explosion, which shows that its value is not low.

Qin Feng It is estimated that it should be a high-quality special type, and it is probably close to tens of billions.

This thought made him a little scared.

If the sand demon had not been careless and used the defensive function of the counter-quick sand, he might not have died.

He could win. It was also with luck.

All in all, the harvest this time was very good!

The only pity was that he couldn't use the two trophies because he didn't have an earth physique.

"I wonder if earth talents will be rewarded this time?"

Qin Feng muttered in his heart.

At this moment, a prompt came from the system

"Ding! Congratulations to the host for completing the first god-level challenge at the one-star level. Rewards have begun to be distributed....."

"Ding! Reward a piece of wind star pattern fragment!"

"Ding! Reward a thunder star pattern fragment!"

"Ding! Reward a fire star pattern fragment!"

"Ding! Reward a piece of ice star pattern fragment!"

"Ding! Reward a high-level strengthening stone!"

"Ding! Reward a skill stone!"

"Ding! A fire qualification enhancer (Tianpin)!"

"Ding! One ice qualification enhancer (Tianpin)!"

The reward this time is very generous!

"Sure enough, there is a fire qualification enhancer! Hey, there is also an ice type."

Qin Feng was greatly surprised.

These are what he needs most.

The alliance examiner is coming soon, and he must improve his fire talent as soon as possible.

And the ice enhancer, he can give it to Chu Chu, so that the little girl can also He can get good grades in the exam.

His ice element has already reached a peerless talent, so there is no need to improve it.

At this time, Qin Feng thought, and he had a bottle of red liquid in his hand.

That was the fire element qualification enhancer (Heaven) product).

Qin Feng took it without hesitation

"Ding! Qualifications are being strengthened...."

The medicinal liquid entered his body and turned into warm energy, pouring into his limbs and bones, quietly transforming his body.

Sometimes it feels numb and itchy, sometimes warm, and there is a strange comfort.

Qin Feng couldn't help but close his eyes and immersed himself in the transformation.

This feeling lasted for several minutes

"Ding! Congratulations to the host, the fire element qualification has been successfully strengthened and reached the genius level!"

Great!

Qin Feng opened his eyes with a look of joy.

The fire element talent has reached the level he wanted.

Unfortunately, it has not yet reached the top peerless level.

This heavenly level is still worse than the divine level.

Qin Feng Some ideas are still unfinished.

He estimated that with another heaven-grade qualification enhancer, the fire element can reach peerless talent.

He is not in a hurry about this.

Because there are two challenges to the one-star god level, he still has one more opportunity to challenge.

There should be more rewards in the next challenge.

Next, Qin Feng digested the remaining rewards

"Ding! Successfully swallowed the wind star pattern fragments, and the completion of the second star pattern condensation +40%...."

Sure enough, these star pattern fragments speed up the condensation speed of the second star pattern.

Qin Feng was surprised and continued to devour

"Ding! Successfully swallowed the thunder star pattern fragments, and the completion of the second star pattern condensation +40%...."

"Ding! Swallowing Ice System Star Pattern Fragments....."

"Ding!....."

"Ding! Successfully swallow the skill stone and acquire the skill - Freezing Technique!"

Freezing Technique: It can instantly freeze the target, or cause the target to move slowly.

There is one more skill, and it is the control skill that Qin Feng lacks.

Qin Feng is delighted.

His abilities are becoming more and more perfect, and his overall strength is also getting better and better. Stronger.

At this time, with a thought, he had a silver spirit stone in his hand.

This was the last reward. A light screen popped up in Qin Feng's eyes.

Item name: Advanced Strengthening Stone

Category: Rare Item (Extremely Rare)

Effect : Can upgrade ordinary skills to advanced skills

"Hiss~! This time I got a treasure!"

Qin Feng took a deep breath, his eyes full of surprises.

What are advanced skills?

When an elemental master reaches the six-star level, he will condense the six-pointed star array and awaken the advanced skills.

To put it simply, advanced skills are only those with six stars or above. Only elemental masters can master it.

Qin Feng's violent blow, ice concealment technique, and ice sealing technique are all ordinary skills.

But with the advanced strengthening stone, he can immediately have advanced skills

"System, upgrade the freezing technique!"

"Ding! Strengthening....."

The high-grade reinforced stone dissolves, and the cool feeling spreads throughout the body instantly, making Qin Feng feel more comfortable

"Ding! Strengthening successful! 'Freezing Technique' was promoted to 'Absolute Freezing Technique'!"

Absolute Freeze: An advanced skill that can instantly freeze everything to absolute zero, which is extremely powerful.

Qin Feng quickly opened the challenge template.

Challenger: Qin Feng (King Level)

Level: Level 9 (One Star Great Perfection)

Wind Realm (Peerless): One Star Great Perfection (Second Star Pattern 47%)

Thunder Realm (Peerless): One Star Great Perfection (Second Star Pattern 43%)

Ice Realm (Peerless): One Star Great Perfection (Second Star Pattern 43%)

Fire Element Realm (Genius): One Star Great Perfection (Second Star Pattern 93.2%)

Talents and Skills: God Level Devouring

Combat Skills: Violent Blow

Auxiliary Skills: Ice Concealment Technique, Absolute Freeze (Advanced Skill)

Combat Power Index: 8000 points

After reading the data, Qin Feng smiled.

The completion rate of the second star pattern of the fire system is 93.2%, and it is about to break through.

The progress of the other three series has also improved significantly, and he is very satisfied.

However, his title is still King Level, and it seems that it will be more difficult to advance to the next level than before.

Qin Feng closed the interface with satisfaction.

At this moment, his dwell time expired.

A white light flashed and he was sent out of the challenge space..

Chapter 88

The next second, Qin Feng returned to the secret practice room.

He looked at himself and saw that his injuries were basically healed.

After the dead skin on the body surface is shed, new and tender skin will grow.

Smooth and tender, and as white as jade, it made him look whiter than before.

The only difference is that the burnt hair has just grown back and turned into a short haircut.

Qin Feng didn't care about this and left the secret practice room with satisfaction.

The harvest this time was very good.

The only regret is that the special mid-grade Yuanwu cannot be used. I can only look forward to obtaining the earth talent after the next god-level assessment.

Half an hour later, Qin Feng finished taking a shower, changed into clean clothes, and went to the living room feeling refreshed.

In the living room, Chu Chu was lying on the sofa comfortably, eating potato chips and reading comics.

"Huh! Brother, did you go get a haircut? Looks so energetic!" Chu Chu saw Qin Feng's new hairstyle and was a little confused.

Didn't his brother go to practice?

"Where is Miss Zi Xi?" Qin Feng sat next to Chu Chu and ate a piece of potato chips.

"whee!! Sister Xixi was beaten away by me!"

"Well....", Qin Feng sweated on his forehead, "Did you two fight?"

"Not at all!" The little girl smiled and said, "Sister Xixi and I fought for a few rounds and lost seven out of seven. I felt it was too humiliating, so I ran away."

"Why...! You really...can't you give her a little bit?" Qin Feng was a little dumbfounded.

"whee!! Brother, didn't you say that Zhuge Liang conquered Meng Huo seven times and subdued him! I just want to subdue Sister Xixi and make her my little follower."

"Uh..." Qin Feng is a little confused. This little girl doesn't even have the idea of the eldest lady of the city lord's palace.

"So have you conquered it?"

"Nope! Sister Xixi was not convinced. She said she would bring the top fighting master in Yunyang City to challenge me tomorrow. If I win, she will really win over me and follow me from now on... Hee hee!!"

The little girl ate the potato chips with great satisfaction in her big eyes.

"Little girl, this is for you!" Qin Feng took out a bottle of blue liquid.

The liquid exuded a faint aura.

It was he who had just obtained the ice qualification enhancer (Tianpin). As soon as

Qin Feng took it out, the ice energy around him began to stir.

"Wow! Brother, what is this?", the little girl opened her eyes wide in surprise.

She immediately sensed the changes caused by the liquid.

This thing is definitely a treasure.

"This is a treasure to improve your ice-type qualifications. The effect should be even stronger than the Ice God Fruit"

"What? More powerful than the Ice God Fruit?!"

Oh my God!

The Ice God Fruit is worth more than 10 billion!

There is also a priceless one on the market. You can't even buy it if you want!

This thing is actually better than the Ice God Fruit.

How much is it worth?!

"Brother, where did you get it?", the little girl was excited

"Don't ask this, and don't tell anyone."

"Oh.~oh~",The little girl nodded obediently, looking very cute

"Go and refine it quickly!"

"whee!! Great! Brother, you are so kind!~mua!"

The little girl kissed Qin Feng on the forehead and ran away to refine it.

The ice qualification enhancer (Tianpin) is easier to refine than the Ice God Fruit. It melted a lot.

After ten minutes, the little girl finished refining and ran back to the hall jumping up and down.

She was so happy today

"Finished refining?", Qin Feng was leisurely sipping fragrant tea.

"OK~!", the little girl's face was full of excitement,"Brother, I feel that my ice talent has become so powerful. When are we going to test the talent level?"

"go now!"

"Great!", the little girl jumped up happily.

The brother and sister cleaned up.

Then they went out and saw the courtyard door was pushed open and a group of people walked in.

Wei Qing was among them.

"Deputy City Lord Wei, why are you here?", Qin Feng hurriedly greeted.

Wei Qing hurriedly smiled and said:"Little brother Qin Feng, we are here to find you."

"oh~! ", Qin Feng quickly looked at the group of people.

There are more than a dozen people in this line.

The first two were actually five-star masters.

One of them was a handsome middle-aged man, looking at him with a kind face and a friendly smile.

Judging from his appearance, he is somewhat similar to Shangguan Zixi.

Could it be that he.....

At this time, Wei Qing pointed at the handsome man and introduced enthusiastically:"Qin Feng, this is our city lord."

It turned out that this man was Shangguan Yunyang.

The number one expert in Yunyang, and also the number one genius in the past

"I have met the Lord City Lord!"Qin Feng did not dare to neglect and hurriedly greeted him

"good! good! This kid is really a talented person!"

Shangguan Yunyang smiled with satisfaction.

For this young man, Qin Feng, he was inexplicably getting better and better, and he liked it very much.

However, there were more important things at the moment, and it was inconvenient for him to express his personal emotions too much.

"Qin Feng, this is the inspector from the alliance."

Wei Qing introduced the old man next to Shangguan Yunyang again.

The old man was wearing a black uniform and had a cold temperament, but his cultivation level had reached Five-Star Perfection, which was higher than Shangguan Yunyang. The old man's name is Wei Xun

"I've met the Inspector!", Qin Feng paid his respects

"good! good!", Wei Xun's cold face showed a rare smile.

He still liked geniuses very much.

At this time, Qin Feng suddenly saw a middle-aged man standing behind Shangguan Yunyang, with a serious look on his face. Looking at himself with a sneer.

He also recognized this man at a glance.

This guy was Lin Jianhao.

The memories of his previous life overlapped, and when Qin Feng saw Lin Jianhao again, his heart suddenly surged with anger.

In the original earth world, he was often persecuted by the Lin family. , he even almost died.

The mastermind behind all this was Lin Jianhao.

Now, the two meet again. It can be said that enemies meet each other, and they are extremely jealous.

But Lin Jianhao does not know the hatred in his previous life.

"Qin Feng, this is the head of the Lin family and a councilor of our Yunyang City.", Wei Qing casually introduced Lin Jianhao

"Today, we came here for two things. This first thing...."

"Let me tell you!", Wei Xun interjected, "Little friend Qin Feng, the first thing I did when I came to Yunyang City this time was to thoroughly investigate the loss of the Ice God Fruit and the incident of the Beast Tide in Ice Moon City."

"Now, Lin Jianhao reported that you and Zhou Changtong were responsible for the beast tide incident. This matter is so important that I have to investigate thoroughly. I hope you can understand. Hearing these words

, Qin Feng smiled in his heart. He had already guessed that Lin Jianhao would jump over the wall in a hurry.

But on the surface, he pretended to be shocked and angry: "This is ridiculous!" Lord Inspector, this is completely framed and slandered by Lin Jianhao! Zhou Changtong and I don't know each other at all....."

Lin Jianhao sneered: "Boy, you know best whether you recognize me or not. Then let me ask you, did my uncle and fourth uncle come here last night?"

"What and what! Are your uncle and fourth uncle familiar with me? No one came last night at all"

"Ha ha!!" Lin Jianhao was overjoyed.

This is what he wanted

"Boy, you're lying!", Lin Jianhao sneered.

Immediately, he looked at Wei Xun: "Master Inspector, my uncle and fourth uncle must have been here last night. This guy said no. You can immediately prove that this kid is lying by checking the surrounding area for signs of fighting or anything like that."

After saying that, Lin Jianhao looked at Qin Feng proudly, secretly thinking that this kid is too young.

As long as there are signs of fighting around, no matter what the situation is, it means one thing.

That is Qin Feng is lying.

Lord Inspector The first impression of Qin Feng will become worse, and the rest will be easier to handle.

"You guys go check it out!"

Wei Xun ordered several alliance staff.

Those people acted quickly and began to collect evidence everywhere.

Lin Jianhao also had a smile on his face.

He was confident that last night must have left traces.

This Qin Feng is dead..

Chapter 89

Lin Jianhao also had a smile on his face.

He was confident that last night must have left traces.

This Qin Feng is dead

"Inspector, no one really came here last night..." Qin Feng pretended to defend himself.

The more Qin Feng behaved like this, the prouder Lin Jianhao became.

He thought Qin Feng was afraid.

"Don't worry, little friend Qin Feng, as long as you are innocent, we will naturally give you justice.", Wei Xun still maintained a kind smile.

"But what if someone deliberately framed me?"

Wei Xun looked at Lin Jianhao and then said:"If someone falsely accuses me, no matter who he is, he will be severely punished!"

Qin Feng smiled. This was what he wanted.

Lin Jianhao curled his lips and seemed a little unhappy.

It didn't take long for the staff to finish the investigation and returned to Wei Xun one after another.

"How's it going?"

"Sir, we have checked the surrounding areas and all the rooms. There are no signs of fighting or blood...."

"Wha...what?!" Lin Jianhao was shocked

"impossible! This is absolutely impossible! Last night, my uncle and fourth uncle were clearly here."

Lin Jianhao started to panic

"Sir, there must be some clues, why don't you check again!"

Wei Xun frowned.

His impression of Lin Jianhao was declining.

Qin Feng sneered: "Lin Jianhao, if you don't have it, you don't have it. But if you insist on saying yes, you are forcibly framed!"

"Mr. Inspector, you have also seen that the fact is that Lin Jianhao is framing me. I hope you will find out! Lin

Jianhao was angry: "Boy, you must have erased all the traces, otherwise there would be no traces..."

As soon as he said this, a staff member became upset: "Congressman Lin, you are doubting our ability to work." ?"

"According to your previous confession, Lin Daoqian and Lin Fuhai should have been killed. If these two people were killed, there should be blood stains left behind."

"To remove these bloodstains, traces will remain. But we checked and there was no sign of any movement around, and there was no attempt to cover up criminal evidence....."

"This is impossible!" Lin Jianhao shook his head repeatedly, "There must be a way to prevent blood stains!

The staff member sneered: "Yes, yes!" But this method cannot happen to little brother Qin Feng. Zhou Changtong can't do it either!"

"what way?" Lin Jianhao seemed to have grasped a life-saving straw.

The staff continued: "It's very simple! When the Ice Master kills someone, he can use the power of ice to seal the blood vessels of the deceased so that no blood can flow out. But little brother Qin Feng and Zhou Changtong are both fire elemental masters, so they can't do this."

"In fact, they are not the only ones who cannot do it. There are few people in the entire Yunyang City who can do it. Because Lin Daoqian is a three-star Dzogchen strongman, and Lin Fuhai is the peak of the three-star early stage."

"If you want to kill these two people silently, you will need at least an early four-star ice elemental master. But as far as I know, there are no ice masters with four stars or above in Yunyang City....."

As soon as he said this, Lin Jianhao was stunned, and he began to doubt himself.

Could it be that the uncle and fourth uncle really didn't come last night?

But Tianyang saw the two of them setting off with his own eyes!

Just then, another staff member walked in.

Behind him were several counts.

These people all live nearby

"I've met the city lord! I've met the Inspector!"

Several earls hurriedly came forward to salute.

Wei Xun nodded slightly and asked:"Did you hear the sound of fighting here last night?"

The earls looked at each other with thoughtful expressions.

After a moment, everyone shook their heads.

"My lord, I heard no fighting last night"

"My subordinates didn't hear it either!"

Wei Xun nodded slightly.

Immediately, he looked at Lin Jianhao with a cold expression: "Lin Jianhao, what else do you have to say!"

Lin Jianhao's face suddenly became extremely ugly.

"My lord, I really did not lie. My uncle and fourth uncle are really missing. I....."

Wei Xun frowned: "Leave your defense to the Criminal Law Department! I don't want to hear it!"

Lin Jianhao opened his mouth and was speechless for a long time. correct! Ice God Fruit!

Lin Jianhao said quickly: "Sir, the Ice God Fruit must still be on this kid. Take out the Ice God Leaf and you will know after you try it!"

"I need you to teach me how to behave?!", Wei Xun directly retorted.

He now has a very bad impression of Lin Jianhao.

Lin Jianhao was embarrassed and had to shut up.

At this time, Wei Xun turned to Qin Feng and said with a kind face: "Little friend, if there is any offense, please, please forgive me"

"My subordinates understand! Sir, feel free to check!"

"good!", Wei Xun made a move with his hand.

A spiritual leaf appeared above his palm.

The spiritual leaf was as green as emerald, surrounded by cold air, as if there was thin ice covering it.

Under the sun, it reflected colorful light.

This is the Ice God. Ye.

As soon as the Ice God Leaf came out, Lin Jianhao was excited.

As long as it was found that the Ice God Fruit was on Qin Feng, he would be able to turn over immediately.

Shangguan Yunyang and Wei Qing also became nervous.

They were really worried about any accidents.

If If the Ice God really appeared on Qin Feng, then this super genius would be ruined.

At the same time, Wei Xun began to control the Ice God Leaf.

He closed his eyes, clamped the Ice God Leaf with two fingers, and injected ice energy into it.

Waves of strange fluctuations emanated from the divine leaves and spread in all directions, covering a kilometer radius.

A few minutes later, Wei Xun opened his eyes and put away the ice divine leaves.

"Sir, how is the situation?" Shangguan Yunyang asked anxiously

"There is no Ice God Fruit here!"

Hearing this, Lin Jianhao was shaken all over.

There is no Ice God Fruit?

How is this possible?

Did this kid eat the Ice God Fruit?

But he is a Fire Element Master!

Did I guess wrong?

Lin Jianhao is stupid, he He began to doubt himself.

At this time, he suddenly felt that everyone looked at him with contempt.

Obviously, everyone thought that he was framing Qin Feng

"Lin Jianhao, take care of yourself!"

Wei Xun's cold voice sounded in his ears.

Lin Jianhao's heart sank.

Immediately, he quickly looked at Wei Xun:"By the way, sir, there is one last item that has not been checked. You should quickly check his fire talent...there must be something wrong here!"

"snort!" Wei Xun looked at him coldly and motioned to several staff around him.

Soon, several staff moved in a huge tester from outside the hospital.

They even brought equipment for testing talent..

Chapter 90

The huge elemental talent tester was moved into the courtyard.

Qin Feng smiled.

Lin Jianhao is a good opponent.

He took care of everything that ordinary people would almost ignore.

It's a pity that luck is with you, and it's useless to let you make all kinds of calculations.

As the saying goes: When time comes, heaven and earth all work together, but heroes are not free when they go.

This time, Lin Jianhao's plan will fail again

"Little friend Qin Feng, I have two things to do when I come to Yunyang City this time. The first thing is to thoroughly investigate the Lin family. The second thing is to assess the children's potential."

Wei Xun smiled kindly.

"Um, why is this?"Qin Feng pretended not to know anything.

Wei Xun smiled and said:"That's the thing. Our Southern Alliance attaches great importance to talents. As long as talents reach a certain level, the alliance will give corresponding rewards to encourage them and spare no effort to cultivate them."

"Early this morning, we received a report from the Lord of Shangguan City, saying that a super genius has emerged from Yunyang City, which is you, my little friend. It just so happened that I was coming to Yunyang City, so I decided to do two things together."

"I see!", Qin Feng pretended to suddenly realize.

At this time, he saw Shangguan Yunyang and Wei Qing looking at him with smiles on their faces, their eyes full of encouragement and ardent expectations.

Whether Qin Feng is a super genius or not depends on This time the talent test.

As for the fighting talent test, everyone has already seen it.

But at this moment, Lin Jianhao bit the bullet and intervened: "Sir, Qin Feng is only 17 years old, and he has cultivated to one-star perfection. If his talent doesn't reach the level of genius, it's very suspicious!"

"Try saying one more thing!", Wei Xun was furious.

Lin Jianhao quickly lowered his head and retreated.

But a flash of light flashed across his eyes.

He did this on purpose, and the right thing is to say ugly things first.

In case Qin Feng didn't reach it, he would have something to say..

Wei Xun glanced at Lin Jianhao coldly, turned his head again, and looked at Qin Feng with a smile.

"My friend, this assessment needs to test your fire talent. It just so happened that Lin Jianhao doubted your talent. Two things that happen to be done together. I hope you understand!"

"Sir, I understand!"

"good! let's start!"

Wei Xun gave an order, and several staff members began to get busy.

One staff member took out a few test tubes and began to test the fire element content in the air.

A few minutes later, the results came out

"Report to the team leader, the SH value of the fire element in the air is 1.07!"

"Adjust the corrector and reduce the sensitivity of the niobium-actinium probe by 0.07!"

"yes! Team leader.....The equipment is well tested... and running normally! Ready to test!"

Several staff quickly adjusted the tester and it was ready for testing.

"Lord Earl, please put your hand on the sensing area and then use your heart to sense the power of fire....."

A female staff member guided Qin Feng in the operation with a smile and a very respectful tone.

This should be the most high-end tester.

Qin Feng pressed one hand on the sensing area and began to sense the power of fire.

Invisible fire energy surged in, the instrument probes vibrated, and everyone opened their eyes wide, waiting for the results.

The most nervous people on the field were Lin Jianhao, Chu Chu, Shangguan Yunyang, and Wei Qing.

After a while, a red grid lit up on the display.

Then the 2nd grid lights up.

Then No. 3, No. 4, No. 5...

In the blink of an eye, No. 9 lit up.

At this moment, everyone became nervous and opened their eyes wide.

This test has reached its most critical moment.

It turns out that each level of talent is divided into high-grade, medium-grade, and low-grade. Only peerless talents are not divided into grades.

When 9 bars light up on the display, it means that the talent has reached the top level.

If the 10th grid lights up again, it means that Qin Feng's talent has reached the level of a genius.

Then Lin Jianhao's doubts will be self-defeating.

If Qin Feng fails, there will be more doubts about him.

At this moment, Lin Jianhao was more nervous than anyone else.

He opened his eyes wide and kept shouting in his heart to stop, and cold sweat broke out on his forehead.

But at this moment, the tenth grid lit up.

There was a cheer from the crowd

"Ten squares! It's ten grids! yeah~! "

Chu Chu was the first to cheer.

Shangguan Yunyang and Wei Qing looked at each other and smiled.

Qin Feng did not disappoint them.

His talent is truly genius level!

Plus god-level fighting talent!

All things considered, Qin Feng is definitely a super genius!

After so many years, Yunyang City finally has a super genius, and this time Yunyang City is expected to advance.

Shangguan Yunyang and Wei Qing both had excitement in their eyes.

The staff members also looked happy.

What a genius!

There are only a handful of them across the entire league.

Now there is one more.

Only Lin Jianhao was shaken all over and became lost.

It was difficult for him to accept what he was seeing. impossible!

This is absolutely impossible!

"Arrest Lin Jianhao!", Wei Xun's tone was without a trace of emotion.

"grown ups! I...."

"Congressman Lin, don't try to resist! Otherwise, we have the right to kill you on the spot!"

Two alliance staff quickly handcuffed Lin Jianhao.

Another staff member inserted a needle into Lin Jianhao's neck.

It was an elemental induction slowing agent that weakened Lin Jianhao's strength.

Lin Jianhao did not dare to resist and was completely controlled.

At this time, Wei Xuncui looked at Shangguan Yunyang with a look of joy.

"Lord Shangguan, congratulations on the birth of an incredible genius from Yunyang City!"

"Ha ha!! where! where! Just luck!"

Shangguan Yunyang said modestly, and he was already extremely happy in his heart.

But at this moment, a change occurred in the field.

The eleventh stripe lit up, emitting a dazzling light.

Oh my God!

There are more than ten stripes. Ah!

The crowd exclaimed.

Everyone opened their eyes in surprise.

Eleven squares, that represents the genius-level mid-level!

Shangguan Yunyang was excited.

This kid's talent is really higher than himself!

It turns out that he is just Just a low-grade genius

"good! very good!", Wei Xun nodded repeatedly.

He has been patrolling major base cities all year round and has been responsible for many tests.

He has seen a few low-level geniuses.

As for the middle-level geniuses, this is the first time he has seen them, and he is a little excited.

"Lord of Yunyang City, this time, your Yunyang City has gained a treasure. This time, if the people above knew about it, they would definitely praise you."

"Ha ha!! I didn't expect little brother Qin Feng's talent to be so high..."

Shangguan Yunyang was so excited that his handsome face turned red.

But at this moment, everyone thought it was going to be over.

The twelve grids lit up again.

All Everyone was shocked. Oh my god!

Isn't it? He is actually a top-grade genius!

This time, everyone was excited.

Shangguan Yunyang swallowed."

Wei Xun, who had always been relatively restrained, was finally moved.

He was ecstatic.

Ha ha!! This is great!

Our Southern League finally has a talented newbie.

This time, the alliance is about to boil.

The Northern Alliance, which has always been against us, just recently produced a talented newbie.

They have always laughed at the Confederacy's lack of talent and its young generation.

Now, you can feel proud.

The staff also thought about this problem and showed great joy.

In the crowd, Lin Jianhao was completely stunned.

He suddenly felt a pang of regret in his heart.

At this moment, Qin Feng opened his eyes and removed his hand from the sensing area.

When he faced him, he saw everyone looking at him with great enthusiasm.

Those eyes were full of excitement and joy..
