

God level 811

Chapter 811

Qin Feng was aroused by Lu Ming's shy look.

At that moment, he only felt that the woman in front of him was unrivaled in the world. She was the only beauty in the world...

Sure enough, the three Qingqiu sisters were all graceful and beautiful. They were simply works of art created by heaven and earth. Quality, flawless.

Having said that, Green Ming's shyness has unintentionally used the charm of charm, and her every move and every move is captivating.

In fact, she didn't mean to use the charm technique, it was the racial talent of the Qingqiu clan women.

Especially when you meet someone of the opposite sex who you fall in love with at first sight, you will naturally show it.....

Obviously, Green Ming has acquiesced to Qin Fengfang.....

"Sister Realm Master, this... I'm afraid this is inappropriate, right?"

Qin Feng looked away and looked at Qingqiu Realm Master with a little embarrassment.

This woman spoke too directly.

In front of her sister, she asked him to take away her sister's red pill without caring about her sister's feelings. Even more Don't ask her sister if she agrees

"how? Are you worried that my sister won't want to? Or do you have concerns?"

Qingqiu Realm Master had a smile on his lips, with a hint of playfulness, and the charm he exuded inadvertently always made people's eyes brighten.

Qin Feng smiled bitterly: "Sister Realm Master, you also know my current situation. I have a family behind me, and always cannot...."

Before I finished speaking, the sound of wind came from far to near, and there was also the sound of anxiety.

"That's right! You are indeed inappropriate!"

As soon as the words fell, a red shadow flashed.

Hong Yue hurried back in a hurry.

At this moment, her hair was a little messy, but it did not diminish her stunning beauty at all. On the contrary, she had a lively beauty that made people look very comfortable.

"Red moon!"

"Second sister!"

Qingqiu and Lu Ming both frowned.

Lu Ming even raised her little mouth.

They all thought that Hong Yue wanted to stop this good thing.

But Hong Yue didn't even look at them, but blushed with excitement. Looking at Qin Feng

"Qin Feng, my third sister is still young and is not suitable for you. On the contrary, I am more suitable for you. I wonder when you are going to break through the bottleneck? If you need it, my sister's red pill will be given to you at any time... Do you think so?"

Speaking of this, Hongyue's face was shy, but her eyes were very bold.

She stared closely at Qin Feng's eyes, wanting to get Qin Feng's answer, and she felt a little nervous.

The Qingqiu Realm Master smiled slightly, it turned out that she had misunderstood Hong Yue.

This girl is here to rob men.

But Lu Ming is anxious.

Ever since she was a child, the second sister has always liked to rob her own things. She has to choose any resources and magic weapons first, and this time is no exception.

She doesn't want to do it anymore.

"The second sister, the eldest sister said whoever she asked to give the red pill should give it. I didn't say I wasn't willing, so why do you say I'm not suitable? Hongyue frowned: "Ming'er, I'm your sister too." You listen to the eldest sister but not the second sister? Forget it, I won't argue with you! You are still young and don't understand some things yet. Let me make sacrifices for the family this time!"

"what the hell! Who says I don't understand?", Lu Ming's little face turned red with anger.

Qin Feng was a little embarrassed on the side.

The two women were vying to devote themselves to themselves.

Didn't they take into account their own feelings?

"Poof~! "

The Lord of Qingqiu is smiling at the side

"You two... I think it's better not to fight. You two can dedicate it to Qin Feng together....",

"ah?"

The two girls were surprised.

Qin Feng was also surprised.

Qingqiu Realm Master did a better job than the two sisters!

Qin Feng felt that it was a bit nonsense.

But he didn't want to, Lu Ming asked weakly: "Sister...Sister, can it really be done? ?"

She looked shy, but she actually wanted to move.

Hongyue's eyes were also shining, and she was secretly happy.

Qin Fengtong was so powerful that these two women would not be willing to do this.

The master of Qingqiu Realm smiled slightly: "You are the only ones who are willing, what else?"

The two girls looked at each other, both showing a hint of shyness.

It was obvious that they both agreed.

Qin Feng's heart thumped, secretly thinking that this trouble was off.

"Qin Feng, my sister agrees, what do you think?"

"This...Does Sister Realm Master have to be like this?"

"how? Isn't my sister beautiful??"

"That's not true! The two deputy realm masters are both stunningly beautiful in the world. I have never seen a more beautiful woman than them, but....."

"No excuses! I asked my two sisters to give me red pills. Firstly, they really took a fancy to you; secondly, they both also took a fancy to you; thirdly, it was forced by the situation!"

"Forced by the situation?"

"That's right! Do you know what my grandma's cultivation was before she died?"

"I don't know!", Qin Feng shook his head slightly

"The Great Perfection of the True God!"

"So strong!" Qin Feng was a little surprised.

Qingqiu Realm Master was only the peak of the True God, so it put great pressure on him, let alone the stronger True God Dzogchen.

"Then your situation is indeed not good!"

Qin Feng immediately understood the situation of Qingqiu Realm and couldn't help but worry.

The master of Qingqiu Realm smiled bitterly: "It seems that you have already figured it out. When grandma was here, I, Qingqiu Realm, ranked twelfth among the large forces, which was considered a high ranking. Anyone ranked in the top fifteen will have a true god, Dzogchen, sitting in charge."

"It's a pity that grandma died inexplicably more than a thousand years ago. With our current strength in Qingqiu Realm, let alone ranking in the top fifteen, even if we can rank in the top thirty, that is all a luxury....."

Qin Feng nodded slightly.

He knew that what Qingqiu Realm Master said was true.

According to the bet between Qingqiu Realm and Tiansheng Mountain, Qingqiu Realm cannot fall out of the top fifteen in this competition.

Otherwise, the women of the Qingqiu clan will become the playthings of Tiansheng Mountain.

The master of Qingqiu Realm will also become the furnace of the Heavenly Saint Ancestor.

But looking at the current situation, even if Qin Feng joins, Qingqiu Realm will definitely lose.

After all, Qin Feng's combat power is only infinitely close to the peak of the True God, and is still far from the perfection of the True God.

Qin Feng can't make up for the shortcomings of Grandma Qingqiu.

Qingqiu Realm will naturally not be able to return to its previous level of strength.

"However, we are not without hope. Qin Feng, as long as your cultivation reaches Quasi-God Perfection before the competition, you will definitely have the strength of the peak of a true god."

"At that time, even though we in Qingqiu Realm are not as strong as before, there is still a glimmer of hope to keep the top fifteen."

"Therefore, your breakthrough in cultivation is very important to us. This is also the reason why Hongyue and Ming'er are willing to give Hongwan....."

Qingqiu Realm Master revealed the real reason.

Qin Feng was silent.

He knew that what Qingqiu Realm Master said was true.

His breakthrough in cultivation is indeed important to Qingqiu Realm.

At this time, Hongyue also said:"Qin Feng, besides saving ourselves, there is another very important reason for us to do this..."

"oh? what reason?". Qin Feng looked at this beautiful woman.

0...Asking for flowers.....

"For our grandma!"

"? ", Qin Feng was confused

"It's like this. Originally, as long as grandma was still alive, we in Qingqiu Realm would definitely win the bet. But grandma went into seclusion a thousand years ago and died inexplicably. Afterwards, we checked and found that it was suspicious that grandma died...."

"Moreover, according to our secret investigation, we got a reliable news. One month before grandma's death, Patriarch Tiansheng went down to Tiansheng Mountain. Not long after grandma's death, the ancestor of Tiansheng returned to Tiansheng Mountain..."

At this point, Hongyue held on, with a trace of hatred in her eyes.

Qingqiu and Luming also looked downcast.

Thinking back then, grandma was I love the three of them so much, how can they not be sad?

"You mean, grandma's death is related to the Heavenly Saint Patriarch?"

"No evidence! However, nine times out of ten, it was him. Hong

Yue was indignant.

Qingqiu Realm Master also sighed: "Logically speaking, even if my grandma went crazy, she would not have died on the spot. The only explanation is that she was tampered with." If there is a motive, it is the ancestor of Tiansheng", ·

"In fact, it is no longer a matter of a day or two for the ancestor of Tiansheng to attack us in the Qingqiu realm. I just didn't expect him to be so vicious.....",

"I see!"

After Qin Feng heard this, he was a little surprised and a little angry.

He finally understood why the three Qingqiu sisters were so resistant to the ancestor of Tiansheng.

Because that person was probably the murderer of his grandma, that is, their enemy. Therefore, they would rather give the extremely precious red pill to themselves than let the people from Tiansheng Mountain take advantage of it.

"Qin Feng, I have said everything that needs to be said. If you have no objection, I will keep Hongyue and Ming'er...."

Qingqiu Realm Master smiled slightly, with a bit of amusement in his eyes.

The two Hongyue girls couldn't help but look at Qin Feng.

The eyes of the two women were a little expectant and a little nervous.

"this....."

Qin Feng thought, feeling helpless.

There are some things that he can't refuse just because he wants to.

For example, in this bet, he owed a favor to the master of Qingqiu Realm, and he would definitely help him.

But if he helped, he would stand on the opposite side of Tiansheng Mountain.

If he cannot win this bet, his future life will definitely not be easy.

Even for his own sake, he must improve his strength as soon as possible and cannot delay it any longer.

Thinking of this, Qin Feng glanced at Hong Yue and Lu Ming. They all had graceful figures, curvy figures, and were perfect to the extreme.....

"OK! I will accept the red pill from the two sisters!"

As soon as these words came out, Hong Yue and Lu Ming were so shy that they didn't dare to look at Qin Feng.

At this moment, the two women's extremely beautiful looks had their own characteristics, but they were both breathtakingly beautiful...

When the Lord of Qingqiu saw this One scene, a sweet smile

"Brother, let me take the first step. The two of them are at your disposal for as long as you want."

"Sister!" Hongyue was both shy and happy.

Green Ming was too embarrassed to speak.

The master of Qingqiu smiled, dodged, and left. As soon as the fragrant wind passed, only Qin Feng and Hongyue were left in the field.

The three of them Relatively, a little shy and a little embarrassed.

The scene became extremely quiet..

Chapter 812

After a while, Qin Feng broke the calm

"Sisters, how do we start?"

Qin Feng is somewhat unnatural.

"It's up to you, do whatever you want....."

Hongyue blushed with embarrassment and looked away.

Green Ming didn't dare to look at Qin Feng.

They are all grown girls for the first time, how can they know so much?

"That....."

Qin Feng looked at the shy appearance of the two girls. They were all extremely cute and incredibly beautiful.

He found it pleasing to the eye, and gradually relaxed his mind. He looked at the two girls generously, admiring their graceful curves.

After all, he is not a novice, so he is more relaxed than the two girls.

When he thought that these two women were both true gods, and their red pills would soon be his, he felt inexplicably comfortable.

That may be a sense of conquest.

By this moment, he already had the urge to taste the red pill.

Red pills for women in Qingqiu realm are extremely precious.

It can turn yin into yang, greatly improving the cultivation level of the opposite sex. It is comparable to the god-level "Nine Eighty-Three" Pill. It can be encountered but cannot be sought. It is extremely precious.

It's a pity that every Qingqiu woman can only give it once in her life.

Among these red pills, the true god level is the most precious and best.

It just takes hundreds of millions of years to cultivate a true god-level Hongwan.

It is extremely difficult for others to get it.

Qin Feng effortlessly had a woman come to his door...

Thinking of this, Qin Feng looked at Hongyue and then at Green Ming...

The two women were embarrassed by his straightforward eyes, and even the lively Hongyue I can't stand it anymore

"Qin Feng, if you don't know which one to choose first, then start with my sister...."

"ah....", Green Ming's pretty face turned red, "Second...Second sister...it's you first...I...I don't understand that....".

The more Lu Ming spoke, the softer her voice became, and she did not dare to look at Qin Feng's eyes.

Qin Feng smiled and shook his head.

These two sisters were competing with each other before, but now they are pushing each other away. What a contradiction!

"Two sisters, please don't tell me your order, just come together..."

"ah?"...Together."

The two women were surprised and seemed unprepared.

Qin Feng smiled slightly and waved his hand.

After a burst of space fluctuations, the three people disappeared out of thin air.

The next second, the auras of the three people appeared in the Star Alliance. Within the residence.....

Not long after the three people left, the Qingqiu Realm Lord in a white dress descended from the sky.

She didn't leave.

At this moment, she looked at the Star Alliance station from a distance, with a bit of envy and helplessness in her eyes.

Unfortunately, she cannot control her own destiny.

If she had a choice, she wouldn't watch the person she likes taking away her sister, not her....., a breeze blew by, and the leaves fell on her shoulders.

She suddenly felt a little lost and sad.

At this moment, a strange movement came from deep within the Star Alliance.

Qingqiu Realm Master caught it, and his pretty face turned rosy, which was really beautiful.

She knew that Qin Feng finally started.....

Time flies.

Unknowingly, two hours have passed...

The Lord of Qingqiu is waiting anxiously in the valley.

She can't let go of her sister, and she is also concerned about Qin Feng's cultivation progress.

I just didn't expect that it's been two hours and it's not over yet.

Qin Feng is really talented!

At this thought, Qingqiu Realm Master felt something strange in his heart, and his redness became even thicker.

At this moment, a monstrous force rose into the sky from the depths of the Star Alliance, and the endless imperial power spread to all directions.....

The supreme coercion overwhelmed the heaven and the earth, and even the Lord of Qingqiu felt great pressure.

Qingqiu Realm Master was shocked.

Immediately, she looked overjoyed.

After Qin Feng absorbed a red pill, he really achieved a breakthrough to Quasi-God Perfection.

Judging from this coercive momentum, it has completely reached the level of the true god.

That guy really didn't disappoint her!

Qingqiu Realm Master was excited.

With the addition of Qin Feng, a strong foreign aid, Qingqiu Realm finally saw the dawn of hope.
.....

But the next second, the leader of Qingqiu Realm turned to look at the Star Alliance station, showing a strange look again.

"This...doesn't this guy take a break? Why did it start again?"

Qin Feng seems to be a little different from the man in the rumors...

Qingqiu Realm Master was a little surprised, silently looking in the direction of the Star Alliance, with a strange look in his eyes.....

At this moment, she was particularly curious.

She even had the urge to go and see it live...

Time flew by.

Three hours had passed this time, and the overwhelming imperial power rose again in the direction of the Star Alliance, causing the world to tremble, and the sun and moon to dim...

Qin Feng broke through again, and his strength actually improved even more than the first time...

It turns out that what Qin Feng absorbed this time was Hongyue's red pill, which was stronger than Green Ming's red pill.....

Seeing this scene, Qingqiu Realm Master's beautiful eyes were filled with brilliance.....

Grandma once said that the more talented Junyan is, the more he will improve after absorbing the Qingqiu woman's red pill...

Looking at this situation, Qin Feng's improvement is much stronger than he expected....., there is hope for Qingqiu Realm!

She was saved too!

Qingqiu Realm Master smiled.

That beautiful face showed joy that it had never seen before.

That is the joy that comes from the depths of the soul...

At the same time, deep in the Star Alliance, in the Palace of the Holy Emperor 0....,

Qin Feng walked out of it with a satisfied look.

He had just absorbed the two women's red pills, and now he felt refreshed, his spirituality was greatly enhanced, and even his understanding and qualifications had improved a lot...

His cultivation level had even exceeded 32% of the Quasi-God Perfection, and his combat power had skyrocketed to 32%. With 20 trillion zi, the combat power has skyrocketed by a large amount, just reaching the threshold of the true god peak.

The true god's peak combat power is 200 trillion Zi to 300 trillion Zi. , but Qin Feng has many methods and an extremely high increase. There are probably not many people at the peak of the True God who can match him.

The only people who can threaten him now are the powerful ones above True God Dzugchen.

The Qingqiu clan's red pills are indeed a supreme treasure!

Thinking of this, Qin Feng felt extremely comfortable

"Hey~! She's still there!"

At this time, he suddenly sensed something and looked up at the valley in the distance.

Then, he smiled slightly and disappeared into thin air.

The next second, he appeared in the valley.

As soon as he appeared, Qin Feng saw the master of Qingqiu Realm looking at him with a smile.

That sweet smile can almost penetrate into the depths of a person's soul and make people feel extremely comfortable.

"How does it feel?", Qingqiu Realm Master approached with a smile

"very good! The effect is much better than I expected!"

Qin Feng was speaking psychologically.

This time I absorbed the red pill. Not only was the process extremely comfortable, but the effect was also surprisingly good, leaving people with endless aftertaste.

"Poof~! "

The Lord of Qingqiu covered his mouth and smiled sweetly

"Brother-in-law, looking at you like this, it seems that you still have more to say!"

"Brother-in-law?"

"how? My sister is yours, shouldn't I call you brother-in-law?"

Qin Feng smiled and said nothing.

In fact, he has calmly accepted 5.5

"Are they both okay?"

"Everything was fine, except that I was a little tired and fell asleep. Sister, is it true that the higher the cultivation level, the better the effect of red pills?"

Qin Feng asked casually

"Of course. Hongyue is stronger than Ming'er. You should feel that Hongyue's Hongwan is better, right?"

Qin Feng nodded slightly:"That's true!"

At this moment, a fragrant wind suddenly blew towards my face.

Qingqiu Realm Master approached Qin Feng and whispered into her ear.

She exhaled like blue and whispered:"Brother-in-law, let me tell you a secret, sister's red pill Ten times stronger than Red Moon, do you want it?...."

Qin Feng was slightly startled.

However, Qingqiu Realm Master blushed slightly, smiled and turned around to leave..

Chapter 813

Qin Feng was slightly startled.

However, Qingqiu Realm Master blushed slightly, smiled and turned around to leave.....

That turn around, full of charm and charming heart.....,

Qin Feng looked at that graceful back, seemed to think of something, and took a step forward to catch up.....

"how? Do you want your sister's red pill now?"

Qingqiu looked back with a smile on his lips, as pretty as a spring peach, charming and moving.

"However, my sister can't give it to you now. She has a bet.....",

Qin Feng knew that this woman had misunderstood.

However, he didn't bother to explain and just pushed it out with one palm.....

Immediately, the palm wind emerged, and the supreme imperial power was overwhelming, pressing towards the Lord of Qingqiu Realm.....

"Yeah~! you.....Don't use force... I will give it to you in the future..."

Qingqiu Realm Master shouted softly.

She thought Qin Fenghou was in a hurry and wanted to use force on the spot.....\

Qin Feng was speechless.

He didn't mean it at all.

Boom~, the two palms come together!

A muffled sound!

Qin Feng stood motionless on the spot.

However, Qingqiu Realm Master retreated crazily.....

What's even more terrifying is that the mountains behind her have been pushed away by Qin Feng's palm, and the land for hundreds of millions of miles has been shattered and turned into powder.

.....

The Qingqiu Realm Master was stunned and looked at Qin Feng blankly, unable to believe his eyes.

Yesterday, Qin Feng could hardly deal with any of her projections, but today he was able to repel her true form.

You know, her strength is considered strong among the true gods, so Qin Feng's strength of 5 would reach the limit of the true gods.

Thinking of this, the master of Qingqiu Realm was so excited that his eyes shone brightly, looking at Qin Feng as if he was seeing a peerless treasure.

This guy's talent was terrifying, far beyond her expectations.

I didn't expect that I still underestimated him.

"Sister Landlord, what do you think of my progress?"

Qin Feng came over with a smile.

"Very very good!"

Qingqiu Realm Master smiled with satisfaction.

She was full of praise for Qin Feng, and her beautiful eyes were full of joy.

"So if the four of us join forces, can we win the bet?"

Qin Feng pointed out the key point.

The four people he was talking about were him, Qingqiu Realm Master, Hong Yue, and Lu Ming. In large-scale competitions, only true gods and above are usually sent to participate, and even the false gods are not qualified.

Because Even if the pseudo-gods participate in the Great Perfection, they will not be able to pass various assessments, and will only get zero points in the end, and may even be in danger of falling.

Of course, if you think you have the strength of a true god, even a quasi-god can contribute to your own power Go out to fight, but you have to take responsibility for your life and death.

Although Qin Feng is only a quasi-god perfection, his strength is comparable to the limit of the true god's peak, and he is fully qualified to participate.

Moreover, he is also the last hope of Qingqiu Realm.

"It turns out...it turns out that you just took action because you wanted to test your strength!...I thought you....."

"What do you think happened to me?"

"I thought you....."

Qingqiu Realm Master smiled sweetly and did not say any more, but a blush flashed across his pretty face.

She knew she had misunderstood.

She thought Qin Feng still had unfulfilled intentions and wanted to absorb her red pill now, but she was afraid that she would use force if she disagreed.

Thinking of this, she found it interesting, and couldn't help but glance at Qin Feng, her eyes cut like water, and her eyes were straight.....

Qin was in the limelight:"Sister Landlord, don't tease me like this anymore....."

Pfft~!

The Lord of Qingqiu covered his mouth and smiled sweetly

"how? Are you afraid something will happen? As long as my brother-in-law is strong enough, what else can happen? Could it be that my brother-in-law is impatient?"

Qin Feng was speechless, what happened to this woman?

He immediately said rudely:"I'm not in a hurry! I'll take your red pill when the bet is concluded. When the time comes, I will make you suffer some hardships. Don't run away then.....",

"You...you...you can't tell the truth, can you?..",

Qingqiu Realm Master was a little panicked.

She suddenly thought of Hongyue and Ming'er.

He's still paralyzed even now.....

Qin Feng doesn't really want to punish her like that, does he?

At this moment, Qingqiu Realm Master suddenly realized that he had been suppressed by Qin Feng unknowingly.

When she thought about what might happen in the future, a strange picture appeared in her mind....

"Brother-in-law, um... um, my sister won't tease you anymore, can you please not punish her? After all, my sister is also a weak woman...."

The Qingqiu Realm Master actually begged.

The moment I lost Benimaru should have been a beautiful memory.

She didn't want to be in unbearable pain, so she could only ask Qin Feng.....

"Sister Qinglin, let's talk about business first!"

Qin Feng changed the topic but did not let go.

"Huh! You know my name so quickly. It seems that those two girls have already turned their arms outward....."

It turns out that the name of the Lord of Qingqiu is Qinglin

"Okay, let's get down to business. By the way, what do you want to ask?"

Qingqiu Realm Master is a little afraid to offend Qin Feng now.

She has to think about her future.

"Can the four of us win the bet together?"

"This... only has a 40% chance!",

Qingqiu Realm Master thought for a while before giving the answer,

"Only 40%?", Qin Feng is not satisfied.

What he wants is not 40%, nor 60%.

What he wants is a 100% certainty!

Because he can't lose!

If he loses, he will lose Hongyue, Green Ming, and Qing. Lin, or even him and the Star Alliance.

After all, he has been tied to the Qingqiu Realm, sharing weal and woe.

If the ancestor of Tiansheng lost, it would be okay, in order to save face.

He would not retaliate on the surface, that would make people He is said to be angry and of low character.

If he wins, he will have no scruples and will definitely destroy Qin Feng and the Star Alliance.

Who cares about the life and death of a losing force?

Therefore, Qin Feng cannot lose!

"Why is our win rate so low?"

Qin Feng looked at Qinglin

"This... this is not too low!"

Qing Lin is very satisfied with this result.

According to the previous situation, Qingqiu Realm has no hope of even 10%. As soon as

Qin Feng joined, his victory has been increased to 40%, which is extremely amazing.

"What is the fifteenth-ranked superior force now?"

Qin Feng is naturally not willing to give in.

According to the bet, as long as Qingqiu Realm remains in the top fifteen, he can win the bet, so as long as Qingqiu Realm wins the fifteenth place, everything will be fine.

"Currently ranked fifteenth is Tanlang Palace!"

"What strength?"

"One true god, Dzogchen, three true gods!"

"So strong?!", Qin Feng frowned.

He didn't expect that a force ranked fifteenth would have a true god, Dzogchen.

If Qingqiu Realm plus him, there would be two true god peaks, two true gods.

The four of them combined , barely able to deal with a strong man who has just stepped into the Great Perfection of True God.

"Hey~! This... is our current situation. Fortunately, the True God of Tanlang Hall has only just broken through. If we're lucky, there's still a chance to win....."

Qingqiu Realm Master was a little helpless.

Qin Feng shook his head:"We can't place our hopes on luck! This time, we must win. If I can break through to the pseudo-god realm before the Ten Thousand Races Conference is held, I should be 90% sure of winning the bet!"

"Ninety percent? so tall!"

The Lord of Qingqiu Realm was extremely shocked.

But then she thought about it and realized that it was indeed the case.

Qin Feng has only reached the Perfection of Quasi-God now, and he is already at the peak of the True God's strength.

If he can break through to the False God, his strength will definitely reach that of the False God. Dzogchen, and is not considered weak among the pseudo-gods Dzogchen.

Qin Feng said that he is 90% sure, which is already very low-key.

In her opinion, there is a 100% chance. At this thought, Qingqiu Realm Master was excited, and his beautiful eyes There was a brilliance in her eyes.

But the next second, she seemed to have thought of something, and she looked sad again.

"Qin Feng, your idea is very good. But we are too late! There is only one year left until the Conference of All Nations is held. You have just broken through to 973 Quasi-Great Consummation, and you want to break through to the pseudo-god realm in just one year. It is almost impossible...., "

The Qingqiu Realm Master sighed softly, with some disappointment in his beautiful eyes.

Qin Feng smiled slightly:"It may not work!"

"Do you have any quick secrets?", Qingqiu Realm Master asked casually.

But without thinking, Qin Feng nodded slightly:"Yes! Qingqiu Realm Master's eyes lit up:"

Qin Feng, what method?" If you need help from your sister, just ask!"

"good!" Qin Feng had this intention,"Sister Qinglin, please help me find out where the ancestral fire is, such as the Nine Nether Fire (ghost), the Ancient Fire of All Spirits (human), and the Seven Treasures Lotus Fire (earth)..."

"Huh! These are all wonderful things from heaven and earth! What do you want them for?"

"They allow me to quickly achieve breakthroughs in cultivation. As long as I can get one, I can break through to the pseudo-god within a year....."

Qin Feng thought of the collection tasks issued by the system.

He had almost consumed the God-Cleaning Pill that the system had rewarded last time.

If he wanted to cultivate more quasi-god followers, he had no choice but to collect another ancestral fire.

Whether it is refining the ancestral fire or cultivating quasi-god subordinates, Qin Feng's strength can be quickly improved.

At this time, Qin Feng thought of one of the fastest ways to improve.

Qingqiu Realm Master also seemed to see hope.

She smiled and said:"This thing doesn't seem difficult! Our Qingqiu clan also has tens of millions of people, and our connections in the divine world are not low. I will go back and make arrangements right away. If I can find an ancestral fire, I will bring it to you directly. Come here, just wait for my news....."

Qin Feng was overjoyed:"Sorry for bothering Sister Realm Master!"

Qingqiu Realm Master covered his mouth and smiled sweetly:"As long as you don't hold grudges and don't punish me when you take the red pill.....No more talking, I'll take a new step first....."

A gust of fragrant wind blew by, and the master of Qingqiu Realm left.

Looking at Qing Lin's retreating back, Qin Feng felt a little reluctant...

Unknowingly, this woman had entered his heart.

After a long time, he sighed softly and turned to leave.

No matter what, he had to win the bet one year later.

Even if not for yourself, you should do it for the people around you.....

Time flies so fast, one month has passed in the blink of an eye.

During this month, Qin Feng was quite diligent.

He didn't take the red pill and then abandon it, but he took great care of new people and new things.

As soon as he had time, he would plow new fertile fields to ensure sufficient rain and dew, so as to prevent the fertile fields from becoming barren and resulting in no harvest.....

Under Qin Feng's careful care, the fertile fields received abundant rain and dew, and streams often flowed smoothly in the valleys. The crops grew very gratifyingly. They also became in love with each other for a long time...

Time passed, and another half month passed...

Red Moon , Green Ming returned to Qingqiu Realm.

After the two girls returned, they and Qinglin helped Qin Feng search for the ancestral fire.....

Qin Feng also entered the dual universe,Begin to integrate resources and practice in seclusion.....

Time flies, and there are only three months left before the Ten Thousand Races Conference.

More than half a year has passed in the God Realm.

Qin Feng has been in the dual universe, but more than a thousand years have passed.

Over the past thousand years, the Star Alliance has developed by leaps and bounds, and its overall strength has quietly doubled.

The number of quasi-gods has been increased to 6.

These six people are Ziwei Star Master, Feng Emperor, Pan Zu, Fuzhi, Qin Baobao, and Ming He.

Among them, Ziwei Star Master stands out, his cultivation has reached the pinnacle of quasi-gods, and he has condensed the Seal of Destiny and constructed the Heavenly Soul.

Having a Heavenly Soul represents the potential to become a true god, and the strength is far stronger than that of the same level.

This made Qin Feng very pleased.

The conference of all races is about to be held.

The more quasi-gods produced by the Star Alliance, the more opportunities there are to gain points, and the higher the ranking will naturally be.

Of course, with the improvement of the Star Alliance's strength, Qin Feng's combat power has also skyrocketed, reaching 230 trillion Zi combat power.

Now, even if the three Qinglin sisters join forces, they may not be his opponents.

Of course, the three Qinglin sisters still know nothing about Qin Feng's progress.

In fact, the three of them still don't know that Qin Feng has dual universes.

The master of the two universes is Qin Feng's biggest secret.

Qin Feng will naturally not leak it until the critical moment.

At this moment, in the dual universe, there is the Holy Emperor's Heavenly Palace.

Qin Feng sat on the divine throne and listened silently to the reports of Fuzhi, Panzu, Yun Xi, and Liu Yan.

Today:

Lord Ziwei controls all matters in the Taishi universe.

Emperor Feng controls all matters in the Taichu universe.

Fu Zhi controls all affairs in the God Realm.

Liu Yan controls all matters in the earth world (the place of ancestral origin).

Yun Xi is in charge of the Medicine Master Palace and the allocation of various resources.

Panzu is stationed at the Samsara Temple.....

"Yun Xi, how many God-cleansing pills do we have left?", Qin Feng asked casually

"Master, the last God-cleansing pill was sent to Miss Chu Chu today....."

"oh!", Qin Feng nodded slightly.

Over the years, Chu Chu's qualifications have improved by leaps and bounds with his large amount of qualifications, and he has not been disappointed.

If there is anyone in the Star Alliance who will become the seventh quasi-god, it is Chu Chu.

Of course, this is also Qin Chu. Qin Feng is a very nostalgic person.

He and Chu Chu have been close to each other since childhood.

Now, even if he is in the position of a god, he still does not give up his innocent heart.

"Yun Xi, how is Chu Chu's cultivation status? Yun Xi smiled and said:"

Master, Miss Chu Chu's current situation is excellent. If nothing goes wrong, she will have a 70% chance of breaking through to quasi-god level by refining the God-cleansing pill today."

"Even if Miss Chu Chu fails this time, she still has enough time to break through the bottleneck. Thinking about it, before the Ten Thousand Races Conference is held, our Star Alliance should be able to produce seven quasi-gods....."

"not bad!", Qin Feng nodded slightly...

But just after he said this, a monstrous divine power suddenly rose up in the Taichu universe, so majestic that it covered the sky and the earth...

At the same time, a systematic prompt came from Qin Feng's mind.....

"Ding~! Congratulations to the host, your subordinate (Chu Chu).....The cultivation level breaks through to the quasi-god realm, and the strength increases greatly... The host's life value increases by 40 billion.....The host's combat power increases to 233 trillion zi...."

Huh! Chu Chu actually broke through!

Qin Feng was overjoyed and looked towards Chu Chu's retreat.

Fu Zhi, Pan Zu and others also sensed the strange movement and looked in that direction.....

"Master, look at the direction from which the divine power is coming. Did Chu Chu break through?", Yun Xi was curious.

"That's right! That's her!" Qin Feng stood up with a smile.

Everyone was overjoyed

"Father, congratulations on getting another quasi-god. At this conference, our Star Alliance's hope of being promoted to a large force has been raised again...."

"Your Majesty, I heard that the rewards for promoting a medium-sized force to a large force are extremely generous. With the current strength of our Star Alliance, promotion should be no problem...."

"Of course, it would be better if our Star Alliance had more quasi-gods..."

Fu Zhi, Pan Zu, and Yun Xi all looked excited.

Qin Feng smiled slightly, and was about to say something, but something unexpected happened. A sudden change occurred.

At this moment, a divine power several times stronger than Chu Chu's aura actually rose from the Taishi universe...

Fuzhi and others sensed it instantly

"Huh! Someone has made a breakthrough again!"

"What a powerful divine power! Once this person breaks through, his divine power is comparable to that of Quasi-God Perfection!"

"Oh My God! who is this? When did our Star Alliance hide such a powerful genius?"

At this moment, Fuzhi and others were stunned.

Who is this? As soon as this person broke through to the quasi-god, he reached the perfect strength of the quasi-god.

This talent is too terrifying!

I am afraid that among the Star Alliance Except for Qin Feng, this person is the most talented.

But they have never heard of such a talented person before?

At this moment, even Qin Feng was surprised.

He did not remember that he had such a powerful subordinate.

Just in time When he was confused, the system prompts sounded in his mind

", Ding~~! Congratulations to the host, your child (Hongjun) has successfully broken through the quasi-god... The host's life value has increased by 1 trillion... The host's combat power has increased to 20 trillion....."

Qin Feng was stunned.

The eighth person to become a quasi-god was actually his child.

However, his child is still in his mother's belly, just a fetus!

Is a fetus so powerful?

Could this be Hongjun's potential?

Qin Feng couldn't help but swallowed his saliva.

At this moment, the space in the hall fluctuated.

Star Lord Ziwei appeared.

I saw her holding her slightly bulging belly and walking over with an uneasy look on her face.....

"A baby is about to be born?"

Qin Feng looked concerned.

But it looked like Ziwei Star Master's belly was only slightly bulging, and he didn't look like he was about to give birth at all.

"Your Majesty, it's still early! He is currently just a fetus. However, he seemed to have broken through a realm just now and became extremely powerful, surpassing me. This made me very uneasy....."

As soon as these words came out, Fu Zhi and others suddenly realized.

It turns out (Zhao Hao) that the eighth person to break through to the quasi-god in the Star Alliance is actually the fetus in the belly of Lord Ziwei... Oh my god!

This child is so strong even before he is born.

Did he become a true god as soon as he was born?

"Yun'er, it should be fine.....",

Qin Feng comforted Ziwei Star Lord

"Your Majesty, I also discovered a strange phenomenon. Look....."Sound."

As soon as Ziwei Star Master's heart moved, he activated his momentum, and the divine power comparable to the peak of a quasi-god emerged.

Then, he didn't see anything the Ziwei Star Master did, and the majestic divine power surged in the lower abdomen where the fetus was.

The next second, The aura of the fetus and the aura of Lord Ziwei were perfectly integrated.

This greatly increased the combat power of Lord Ziwei, suddenly reaching the level of a false god.

This scene made everyone open their mouths in surprise.

This can also be done ?

Qin Feng couldn't help but his eyes shone with joy..

Chapter 815

"Your Majesty, look at this situation....."

Star Lord Ziwei was a little uneasy.

Qin Feng smiled slightly:"Don't worry, the child's consciousness should be awakened. When you arouse the momentum, he thinks you are fighting, so he uses his spiritual power to help you....."

Ziwei Star Master's beautiful eyes lit up:"Hey! That seems to be the case....."

In fact, it only takes a little thought to understand this matter.

She is also concerned and confused

"Your Majesty, when you say this, I think of something again...."

"What's the matter?"

"Whenever I practice, this child often comes up with his thoughts to assist me in my practice..."

Qin Feng's eyes lit up and he smiled: "This is mother and son working together, no wonder your practice progress is getting faster and faster, I thought your qualifications have improved.. However, having this kid help you also means that you have improved your qualifications....."

Ziwei Star Lord was shy and happy: "It seems that this child is the noble one in my destiny, that is, the mother is more valuable than the son.""

"Congratulations to the Star Lord for getting this Lin'er. With his help, your strength is no longer inferior to that of the false gods. Our Star Alliance has gained another great strength. We can look forward to the future.....",

Yunxi congratulated happily.

Fu Zhi, Pan Zu and others also showed joy.

A false god who has just stepped into the threshold can easily resist the combined efforts of several quasi-gods.

With the help of Linzi, the master of Ziwei Star skyrocketed in strength.

The situation of the Star Alliance is very good....., but at this moment, the system sent another prompt

"Ding~! Remind the host that your life value has accumulated to 97 trillion.....When the life value accumulates to 10 trillion...Can activate auxiliary spiritual weapon refining....."

Qin Feng's eyes lit up and he looked happy again.

So quickly, his life value has almost accumulated to 10 trillion.

When he accumulates 10 trillion, he can strengthen the 143 Eight Scenery Purple Fire Lantern to the top grade.

Speaking of which, this kid Hongjun provided 1 trillion life points alone, which helped him a lot.
.....

At this moment, Qin Feng's expression changed slightly.

He sensed the message from Qinglin.

The three sisters also arrived at this moment

"That's it for this regular meeting!"

"Yes, Your Majesty!"

At that moment, Qin Feng announced that the meeting was adjourned.

Everyone left.....

After everyone left, Qin Feng stepped out of the dual universe.

The next second, he returned to the God Realm.

A moment later, the Star Alliance station was in a living room filled with fairy spirit.

Qin Feng met Qinglin, Hongyue, and Luming.

When the three girls saw him, they all smiled and looked happy.

Red Moon and Green Tea are even more enthusiastic.

As soon as he sat down, the two women brought him tea and water, massaged his shoulders and patted his back. They were considerate and gentle...

This made Qin Feng very comfortable, and An Ran enjoyed the thoughtfulness of the two women.
.....

Qinglin was secretly amazed when he saw this scene.

Her two younger sisters were both arrogant and arrogant people, but not long after getting along with Qin Feng, they were completely devoted to Qin Feng and were treated submissively.....

Even she can't do this.....

"Brother-in-law, I haven't seen you for more than half a year, and your demeanor has become even more extraordinary. Has your strength improved?"

Qing Lin had a smile on his lips, his wonderful eyes were moving, and he was looking at Qin Feng.
.....

She hadn't seen him for more than half a year, and Qin Feng was even more impressive, which made her secretly admire him.

The red moon and green tea are also a joy to watch.

For more than half a year, they have been worried about and even worried that Qin Feng would not be able to eat well or sleep well.

Now it seems that Qin Feng looks very good, and they feel relieved and even feel happy.

They say girls are outgoing, but that's not all

"Sister Realm Master, I see you are in a good mood. It is necessary to come to see me today, right?"

Qin Feng smiled and put down the teacup.

"You are still smart! Hongyue, come and tell him...."

Qinglin covered his mouth with a smile and sat down gracefully

"Husband, there is information about the ancestral fire you asked us to find."

Hongyue gently pressed Qin Feng's shoulder to relieve his fatigue.

"Yeah? Where are the three ancestral fires?"

Qin Feng put down the teacup and looked at Hongyue happily.

Hongyue smiled sweetly:"We have received reliable news that in this gathering of all races, the Seven Treasures Lotus Fire (Earth), one of the ancestral fires, will appear."

"The seven-jeweled lotus fire can make people reborn by bathing in the fire, and can also heal all injuries and remove all poisons. Although it is called fire, it is a holy object for healing and is a treasure of heaven and earth....."

"It is said that it will be used as the first-class reward for a medium-sized force to be promoted to a large force, and it will appear in the conference....."

Qin Feng was overjoyed:"It seems that it is imperative for our Star Alliance to be promoted to a large force!"

Qinglin smiled:"Brother-in-law, I want to remind you. The Seven Treasures Lotus Fire is extremely precious, and only the first place should be able to get it. , so your star alliance must not only be promoted successfully, but also perform best among the promoted forces to be able to get it....."

Qin Feng smiled and said nothing.

He is very confident about this. If he gets the best promotion, it shouldn't be a big problem.

"Yue'er, is there any news about the other two ancestral fires?"

"some!" Hongyue gently rubbed her shoulders, "The second one we found was the Nine Netherworld Fire (ghost)."

"According to reliable information, a thousand years ago, the Yama Temple suddenly obtained a kind of heaven and earth spiritual fire, which was extremely powerful and very consistent with the cultivation methods of the Yama Temple....."

"It is said that the spiritual fire may have been given to them by the ancestor of Tiansheng. In short, based on various descriptions, we can be sure that the spiritual fire obtained by the Temple of Hell should be the Nine Netherworld Fire (Ghost)....."

Qin Feng frowned slightly: "What is the relationship between Yanshen Temple and Tiansheng Mountain? Why did Tiansheng Ancestor send them spiritual fire?"

"Yanshen Temple is one of the affiliated forces of Tiansheng Mountain, and the relationship between the two is extremely close."

"So what kind of strength does the Temple of Hell have?"

"Belongs to a large force. Previously, Yan Shen Shen's ranking among the large forces was sixteenth. But after my grandma died and our Qingqiu Realm's strength plummeted, the Yan Temple was the most promising force to enter the top fifteen."

Qin Feng suddenly realized: "So, the ancestor of Tiansheng gave the Fire of Nine Nethers to Yanshen Temple just to let them replace you in Qingqiu Realm and win the bet."

"Why! That should be it! There are two peak true gods and three true gods in the Temple of Hell. In terms of the number of true gods, there is one more than us. Now that they have obtained the Nine Netherworld Fire, their strength will increase greatly again! Hongyue smiled bitterly.

Qinglin also said: "Yes!" If the Temple of Hell didn't get the Nine Netherworld Fire, it wouldn't be that worrying, but with the Nine Netherworld Fire, it would be bad. Because the ancestor of Yama Temple has reached the limit of the true god peak, as long as he refines the nine ghost fires, he can break through to the quasi-god perfection.....",

"Hey~! Now more than a thousand years have passed, and we still don't know whether he has been refined or not....."

Green Ming was even more worried.

Qin Feng couldn't help frowning:"So, I want to use trading methods to exchange for the Nine Ghost Fire from the Temple of Hell, but that is impossible. The only way to get the Spirit Fire is to rob it...."

"That seems to be it. However, don't be impulsive. There are so many experts in the Temple of Hell, and they have the Heavenly Holy Mountain as their backer, so they are not that easy to deal with."

Qinglin reminded her kindly, her beautiful eyes full of concern.

Qin Feng smiled nonchalantly and said nothing more.

No one knows what he thinks

"Husband, you don't have to be disappointed. We also gained a lot this time. For example, we collected the ancient fire of all spirits (people)....."

Hongyue stopped and took out a jade bottle of magic weapon, which was covered with runes, as if suppressing the strange objects in the bottle.

Qin Feng's eyes shone:"Yue'er, are you saying that this bottle contains eternal spiritual fire?"

"Yes!", Hongyue smiled proudly.

Qin Feng was overjoyed:"That's great!"

Qing Lin and Lu Ming also covered their mouths and smiled.

"Husband, take it! This is a gift from our Qingqiu Realm to you, and it can also be regarded as a dowry for my sister and me. Qin

Feng smiled and said:"With this eternal spiritual fire, it will be just around the corner for me to break through to the false god.""

As soon as these words came out, the three women all looked happy.

If Qin Feng can break through to the false god, his strength will definitely reach the perfection of the true god, and the Qingqiu realm will be saved.

"By the way, Sister Qinglin, do you have the address of Yanshen Temple and relevant information? Give me a copy....."

Qin Feng happily put away the jade bottle.

Qinglin was stunned:"What do you want to do? Are you going to grab the Nine Netherworld Fire?"

Hong Yue and Lu Ming also panicked.

"Husband, there are five true gods in the Temple of Hell, and their ancestors may have broken through to the perfection of the true gods. You are not their opponent yet, so don't grab the spiritual fire at this time!"

Hongyue also persuaded.

Qin Feng smiled slightly:"Don't worry! I won't grab it for the time being. After all, my Eternal Spiritual Fire hasn't been refined yet, and I don't have time to grab it....."

Hearing this, the three women secretly breathed a sigh of relief.

"Then why do you want the information on Yama Temple?"

"Yan Shen Shen is the lackey of Tiansheng Mountain and the opponent we are about to face. Naturally, I want to know myself and the enemy and know more about them....."

Qin Feng talks nonsense

"Oh~ OK! What is recorded in this jade talisman is their information....."

Qinglin was persuaded and threw over a jade talisman.

Qin Feng took the jade talisman, and a flash of joy flashed in his eyes.

How could just an eternal spiritual fire satisfy him?

What's more, if he wants to create a new divine world, he must collect all the four ancestral fires and fuse them into the Creation Fire.

Therefore, he grabbed the Nine Nether Fires..

Chapter 816

Qin Feng happily put away the jade charm

"Husband, you won't sneak up on the Temple of Hell, will you?"

Lv Ming's voice was very low, and her big eyes were full of worry.

Among the three sisters, she was the gentlest and most well-behaved.

"yes! Qin Feng, are you really going to make a sneak attack? If you really want to make a sneak attack, just call the three of us sisters. It will be very dangerous for you to go there alone!"

Qinglin is worried after all.

This guy suddenly asked for the address of Yanshen Temple. I'm afraid it's not that simple.

"Don't worry, I won't make a sneak attack...."

Qin Feng prevaricates casually, not wanting to worry the three girls~.

Even if he went for a sneak attack, he wouldn't bring three women with him.

Because the three women have long been famous in the southern part of the God Realm, their skills are so obvious that others can easily identify them.

On the contrary, when he first came to the God Realm, everything was unknown.

As long as he wasn't caught red-handed, no one would think of him

"Sister Qinglin, when you come over this time, do you want to stay for a few days?"

"No! General, all forces are actively preparing for war, and we in Qingqiu Realm are no exception. After I go back, I have a lot of things to do. By the way, if you feel bored alone, how about I leave a sister to accompany you?"

Qingqiu Realm Master had a smile on his lips.

Hong Yue and Lu Ming's pretty faces were slightly red.

They had been separated from Qin Feng for more than half a year, and they did miss the days with Qin Feng.

"You are so busy with things that no one person can handle it, so let them go back and help you!"

"Besides, if I want to fight, I will fight for a lifetime of happiness, not temporary joy. During this period of time, I will concentrate on cultivation and will not be distracted by it."

"I don't want to lose the bet, let alone my woman, and you, my sister-in-law....."

These words spoke loud and clear.

The three girls' beautiful eyes lit up when they heard this, and their hearts were filled with joy.

This is a responsible man!

"Qin Feng, we got you right. Then we three sisters will not disturb you. We are waiting for your good news and wish you an early breakthrough to the pseudo-god realm....."

"I'd like to lend you some good words!"

"OK! We walked. You have to remember that my sister's red pill has been reserved for you. Don't let others get it....."

Qinglin smiled coquettishly, and suddenly the room was filled with radiance, making the whole world lose its light...

Such a stunning beauty, it can be said that her beauty can cover up the past and present, and her beauty can be shamed by thousands of flowers.

The next second, the fragrant wind drifted away, and the beauty was far away...

Qinglin took his two sisters and left.....

Qin Feng smiled and shook his head.

This sister-in-law is a bit difficult to deal with.

When he wins the bet and takes the red pill, he has to make her suffer...

Qin Feng seems to have thought of something, and the corner of his mouth slightly curls up with a devilish smile.....

The next second, he disappeared into thin air.

A moment later, in the dual universe.

The Holy Emperor's Heavenly Palace, a secret training room.

Qin Feng sacrificed the jade bottle of the spiritual weapon and unlocked the seal...

Suddenly, a glass-colored flame surged out from the jade bottle, forming a colorless sea of fire and swallowing up the entire world in an instant.....

The spiritual fire exudes the aura of eternity and carries endless power. It seems to be able to burn the sky and boil the sea. Wherever the flame reaches, all timelines begin to become chaotic.....

This is the eternal spiritual fire, one of the four ancestral fires!

Eternal spiritual fire, eternal and eternal, devours the present and the past. It can ignore all time acceleration and all time delay. It has some special magical effects.....

Qin Feng was so happy that he opened his mouth and sucked it in, then swallowed it...

Now, his strength has greatly increased, and he can swallow the ancestral fire with ease.

After a moment, Qin Feng's whole body momentum surged, and the entire dual universe rumbled and mutated.....

"Ding~! Congratulations to the host for successfully swallowing the eternal spiritual fire (human)...your dual universes have been strengthened...the potential of the host has been tempered.....Talent is tempered....."

"Ding~! Congratulations on the host quality improvement.....Talents are improved.....The combat power has been improved...the cultivation level has been improved.....",

"Ding~! Congratulations to the host for being promoted to Quasi-God Perfection 98%.....Combat strength increased to 2.7 million, ·Yizi....."

Qin Feng was delighted.

His strength has skyrocketed again, and his cultivation progress has also increased to 9.

The only pity is that he failed to break through to pseudo.

However, Qin Feng didn't pay attention, which was actually a good sign.

This shows that his foundation is stronger, so he has more energy.

Having said that, every time he refines an ancestral fire, his qualifications and talents will increase. Naturally, his foundation will become stronger and stronger, and his potential will become greater and greater.

Regarding this, the three Qinglin sisters still don't know the truth.

"The conference will be held in three months....."

Qin Feng thought.

He still wants to break through to the pseudo-god realm as soon as possible.

Although he can now fight against the True God Dzogchen, in the end he can only resist but cannot defeat the opponent.

But as long as he breaks through to the false god realm, he will not be afraid of the true god's perfection at all.

The combat power of the True God Dzogchen is 400 trillion Zi to 500 trillion Zi.

Qin Feng's current combat power is 270 trillion Zi, but with his high growth rate and many methods, he is still capable of fighting against the True God Dzogchen who has just stepped into the threshold.

"Ding~! Congratulations to the host for successfully collecting the eternal spiritual fire (human), one of the four ancestral fires... The second phase of the collection task is completed.....The host has received an extremely generous reward. Do you want to claim it?",

Qin Feng was delighted.

The system reward is finally here!

"receive!"

"Ding~! Successful collection. Congratulations to the host for receiving the following rewards: 200 God-Cleaning Pills and 10 God-Building Pills.....",

Qin Feng was overjoyed.

The more ancestral fires collected, the higher the reward!

The reward this time is far greater than the last time.

You know, last time only 100 God-Cleaning Pills were awarded.

This time, 200 were awarded at once.

He had already used up the God-Cleaning Pill, which solved his urgent need and allowed him to train a large number of his subordinates.

However, what is the God-Building Pill?

"Ding~! Remind the host that the God-Building Pill can greatly improve the cultivation level of the quasi-god. Each pill is worth ten God-Cleaning Pills....."

"Huh! One is equivalent to ten! That's good stuff!"

Qin Feng's eyes lit up and he suddenly became interested.

"Ding~! The host is reminded that each quasi-god can only take one God-Building Pill in his lifetime. Taking more will be ineffective. The host is advised to use it carefully to avoid waste."

An idea flashed in Qin Feng's mind.

Isn't he a quasi-god?

This shows that he can also eat it!

Perhaps, this God-Building Pill can also be used to break through bottlenecks...

Thinking of this, Qin Feng turned his hand over, and there was a milky-white elixir in his palm, and the fragrance overflowed.....

0.....Asking for flowers, he opened his mouth, sucked it in, and swallowed it...

The magic elixir entered his throat, turned into fragrant spiritual liquid, flowed to his limbs and bones, and penetrated into the depths of his soul...

Qin Feng felt refreshed all over his body, and entered a state of enlightenment. wonderful state.....

After a while, his whole body's momentum continued to surge.....

"Ding~ Congratulations to the host for successfully refining the God-Building Pill.....Cultivation level breaks through to pseudo-god realm 0.0%.....Combat power increased to 50 billion Zi.....", in a moment, Emperor Huang's power soared into the sky, vast and endless.....

It took a full hour. Finally the refining was completed.....

Qin Feng's eyes slowly opened and closed, his eyes filled with ecstasy.

This God-Building Pill really has the wonderful effect of breaking through bottlenecks!

His gains this time were too great.

Today, his combat power has reached 500 trillion zi, reaching the upper limit of the True God's Great Perfection.

If the three Qinglin sisters knew about this, they would definitely be crazy with joy.

This time they won the bet!

However, Qin Feng did not dare to relax yet.

The Saint Patriarch of that day was a deity at the level of a god.....0.

If the god wants to kill the true god, he can crush him with just a flip of his hand.

The strength gap between the two sides is too big.

Therefore, even if he wins the bet, he will still have to guard against the Heavenly Saint Ancestor in the future.

Unless he has the strength to eliminate this hidden danger, he can be completely relieved.

Thinking of this, he made a move.

The space in the hall shook, and a pretty figure appeared. It was Shangguan Yunxi.

"Master, are you looking for me?"

"Distribute these God-Cleaning Pills!"

Qin Feng waved his hand, and two hundred God-cleansing pills flew over.

"Wow~! so much....."

Yun Xi was overjoyed and happily put away the pills.

She is responsible for the distribution of various types of elixirs.

Currently, the Star Alliance is experiencing a surge in strength, and what they lack most is the God-Cleaning Pill.

These divine cleansing pills given by Master just solved her urgent need.

"I also need these seven God-Building Pills and give them to Ziwei, Fengdi, Panzu, Fuzhi, Baobao, Chuchu, and Minghe, one pill each....."

"Master, I will make arrangements right away!"

Yun Xi took the magic pill and was about to leave, but was stopped by Qin Feng.

"By the way, give Ziwei another one. There is a child in her belly, maybe this elixir will be useful for that child too...."

Qin Feng thought of Hongjun and sent another God-Building Pill

"Okay, Master!"

Yun Xi took the spirit pill respectfully and left.

After Yun Xi left, Qin Feng looked at the God-Building Pill in his hand.

In the blink of an eye, only one of the ten God-Building Pills was left.

What a pity!

This A person can only take one divine pill.

Otherwise, he will continue to devour it.

In any case, in the future, this divine pill must be a weapon for the Star Alliance to improve its strength.

He must find a way to get more pills, and the more the better

"By the way, Nine Netherworld Fire!"

Qin Feng's eyes lit up and he smiled.

Now that he has achieved a breakthrough in cultivation, he can do some adventurous things.

Thinking of this, he took out a jade talisman.

The address and information of the Temple of Hell are recorded there..

Chapter 817

Not long after, Qin Feng finished reading the contents of the jade talisman and had a general understanding of the Temple of Hell.

The land where the Yama Temple is located is called the Yama Realm, which is near the Qingqiu Realm.

There are six medium-sized forces and thirty-two small forces within it, and its jurisdiction is more than double that of Qingqiu Realm.

In fact, the original territory of Qingqiu Realm was larger than that of Yanshen Realm.

But after the death of Grandma Qingqiu, the strength of Qingqiu Realm plummeted.

Several large-scale forces in the surrounding area began to encroach on the territory of Qingqiu Realm.

Among them, the Temple of Hell went to the extreme and encroached on the most territory.

Originally, there were five medium-sized forces in Qingqiu and only four medium-sized forces in Yanshen Realm.

But over the past thousand years, Yan Shen Shen used various despicable means to win away two medium-sized forces from Qingqiu Realm.

As a result, there are six medium-sized forces in the Yanshen Realm, and only three are left in the Qingqiu Realm...

This matter has always made the three Qinglin sisters worried.

Unfortunately, the three of them are not opponents of the Yan Shen realm, and they are powerless to regain their territory...

What's more, the Yan Shen Shen's actions were secretly instigated by the Tian Sheng Mountain...

After reading this information, Qin Feng felt annoyed. I have a very bad impression of the Temple of Heaven.

Hongyue and Green Ming are his women.

Qinglin also made a reservation.

These guys actually teamed up to bully his own woman, which is a violation of his taboo and cannot be forgiven...

He is a person who must avenge and repay kindness."Zero One-Three"

This time, he wants to let the Temple of Hell have a taste of it. The feeling of being bullied, and then taking away their Nine Netherworld Fire.....

The corners of Qin Feng's mouth curled up slightly, revealing a sneer.....

Then, he put away the jade talisman and sensed the dual universe with his heart.

Star Master Ziwei, Feng Emperor, Fuzhi, Panzu, Qin Baobao, Ming He, and Chu Chu are all in retreat.

They have all obtained the God-Building Pill and are refining it. The refining will not be completed for a while.

This has to do with talent.

The higher the talent, the faster the elixir can be refined and the better the effect of absorbing the power of the medicine.....

Qin Feng estimated that it would take at least two or three days for the six masters of Ziwei Star to refine the God-Building Pill.

Such a long time is enough for him to go to the Yama Realm and back.

Therefore, he didn't plan to wait any longer and went straight to the Temple of Hell...

Thinking of this, Qin Feng was about to set off...

But at this moment, in Taishi Universe, a divine power rose into the sky and broke through the sky...

That divine power The momentum suddenly reached the peak level of pseudo-gods.....

Qin Feng was startled and quickly turned around to look...

None of his men had such strength.

At this moment, the system sent a message.....

"Ding~ Congratulations to the host, your son (Hongjun) successfully absorbed the God-Building Pill.....Breakthrough in cultivation to quasi-god perfection.....The host gains 1 trillion health points.....",

"Ding~! Congratulations to the host for gaining combat power in return....Your combat power has been increased to 530 trillion zi.....",

Huh! Hongjun refined the elixir so quickly!

This talent is dozens of times stronger than the best Fu Zhi!

Qin Feng's eyes shone with surprise.

But at this moment, the heaven and earth shook again in the Taishi universe...

Hongjun's divine power surged again, just reaching the level of the False God's Great Perfection.
.....

"Ding~ Congratulations to the host, your son (Hongjun) successfully condensed the Seal of Destiny and automatically condensed the Heavenly Soul... The combat power has been greatly improved.
.....".

"Ding~! Congratulations to the host for receiving combat power feedback for the first time....Your combat power has been increased to 550 trillion zi....."

Qin Feng is ecstatic!

After Hongjun's strength increased greatly, his combat power also increased to 550 trillion Zi. ·

Speaking of which, Hongjun has only attained the level of quasi-god Dzogchen cultivation, and his combat power barely reaches the pseudo-god Dzogchen level, crushing almost everyone at the same level.

The potential is extraordinary!

If Star Master Ziwei also refines the God-Building Pill, and mother and son work together, their strength will be even stronger.

Thinking of this, Qin Feng looked forward to it

"Ding~! Remind the host that your life value has accumulated to 10.9 trillion... The host can start the refining and strengthening of auxiliary spiritual weapons....."

Qin Feng was overjoyed.

Hongjun is really his good son!

With his help, his life value finally reached the target...

He can strengthen the Eight Scenery Purple Fire Lantern into a top-grade spiritual weapon, which can greatly increase.....

The most important thing is that the eight sceneries purple fire lantern is a sharp weapon that burns the gods, and it is most suitable for killing people.

Although Qin Feng has the power to crush the true god, it is extremely difficult to kill the true god in a short period of time.

If the mouth cannot be silenced on the spot, how many people will suffer?....., thinking of this, Qin Feng's figure flashed and disappeared into the hall.

He plans to strengthen the Eight Scenery Purple Fire Lamp first, and then go to the Temple of Hell...

This time, he should be able to use it.....

At the same time, the Yama Temple resident headquarters.

In the VIP Pavilion, the Lord of the Temple of Hell was chatting with a distinguished guest.

"Brother Kuidou, why are you here today?"

Yan Sui was smiling all over his face, and he enthusiastically ordered his clansmen to serve spiritual tea and fruits to the guests.

Yan Sui looked like an old man in his sixties or seventies.

He is the current master of the Yan Temple, and his cultivation is at the peak of the True God.

Na Kui Dou looked middle-aged and was also a strong man at the peak of the True God.

In fact, he was the direct grandson of the ancestor of Tiansheng.

After all the disciples had finished serving the spiritual tea and fruits, Yan Wei dismissed everyone.

After a while, in the living room, Only Yan Sui and Kui Dou were left.

Kui Dou then spoke:"Brother Yan Sui, Kui is following the order of his ancestor this time. I would like to ask, can your ancestor break through to the Great Perfection of the True God? Right now, the conference of all races is about to be held."

When he heard that it was the instructions from Patriarch Tiansheng, Yan Sui did not dare to neglect.

He hurriedly said:"Brother Kui, don't worry! Three days ago, my ancestor released a message from his retreat. In another seven days, he will be able to completely refine the Nine Ghost Fires and break through to the Perfect God in one fell swoop....."

Kui Dou was overjoyed: "That's good, my ancestor's hard work has not been in vain. This time, you in the Yan Shen Realm must win the fifteenth place and replace the Qingqiu Realm."

Yan Tui said confidently: "Haha! Brother Kui, as long as my ancestor succeeds in breaking through and replaces Qingqiu Realm, it will be easy to catch him." "

"Brother Yan Tui, even though this is the case, we cannot take it lightly, lest we capsize in the gutter."

Kui Dou drank the spiritual tea with a smile.

He also felt that the Yan Shen realm would definitely win.

"Brother Kui, to be honest, there are only three true gods left in Qingqiu Realm now, and the strongest one is Qinglin. Her cultivation level is only at the peak of true gods, so she may not be my opponent. I really can't think of any chance for them to make a comeback....."

Yan Sui smiled very proudly

"Hmm~! According to the current situation analysis, Qingqiu Realm is indeed not worth mentioning. It is hard to say whether they can enter the top thirty, let alone maintain the top fifteen."

"However, my ancestors have been waiting for this for more than 100 million years, and now success or failure depends on this. You must not make a mistake at this critical moment, otherwise my ancestor will be angry... Hehe!!"

Kui Dou laughed strangely and tasted the spiritual tea again.

The threat could not be more obvious.

Yan Sui's scalp felt numb when he heard it.

No matter how powerful the Yama Temple is, it cannot withstand the anger of a god.

Immediately, he seemed to think of something. What did he say? He lowered his voice and said, "Brother Kui, I have something I don't know whether to ask or not?"

"explain!"

"Brother Kui, you just said that the Heavenly Saint Ancestor has been preparing for this for more than 100 million years. Could it be that he has been eyeing that girl Qinglin more than 100 million years ago? If I remember correctly, more than 100 million years ago, Qinglin only had a seven-star cultivation level and was not worth mentioning....."

Kui Dou smiled slightly and put down the spiritual tea in his hand.

"Brother Yan Tui, now that things have come to this, it's okay to tell you0.....All the women of the Qingqiu clan have celestial fox immortal bodies, and those immortal bodies are also divided into upper, middle and lower grades. Rumor has it that the best grade is the Jiutian Snow Spirit Body."

"The Qingqiu clan has a history of tens of trillions of years since it was born in the God Realm, but the Jiutian Snow Spirit Body has only appeared in the first generation ancestor of the Kai clan....."

At this point, Kui Dou paused deliberately.

Yan Tui was surprised when he heard this.

The Qingqiu Realm also had its glory days. The first generation ancestor achieved the great perfection of the gods as the Nine Heavens Snow Spirit, leading the Qingqiu Realm to aspire to the position of super power.

It is a pity that Qingqiu Realm has gradually declined since the first generation of ancestors returned to the ruins.

"Brother Kui, what do you mean, that girl Qinglin is also a Jiutianxue spirit body?"

"That's right!"

"hiss~! "

Yan Sui took a breath, a little dumbfounded, and there was envy, even jealousy, deep in his eyes.

If you want to become a god, hard work alone is not enough, you also need absolute talent.

The vast majority of geniuses are destined not to become gods!

Only the geniuses among geniuses and the monsters among monsters have a chance to become gods.

And the gods are divided into realms, the highest is the Dzogchen Dzogchen.

If you want to achieve the Great Perfection of the Gods, it will be even harder...

Yan Kui suddenly figured out why the Heavenly Saint Patriarch spent so much money to get Qinglin's red pill.

If Qinglin is the spiritual body of Jiutianxue, then the value of the red pill is a hundred times that of Hongyue and Green Ming.

You know, red moonMingdu is a top-grade body.

It's hundreds of times better than a top-grade body. What's the concept?

It can be said that the purity of the energy contained in the red pill is infinite, the supreme and holy, and it can make the ancestor of the Heavenly Saint break through to the peak of the gods in one fell swoop!

Thinking of this, Yan Sui's throat rolled and he couldn't help but swallow his saliva.

At this moment, he was a little excited.

Of course, he didn't dare!

She is the target of Patriarch Tiansheng

"Brother Kui, according to you, that girl Qinglin is expected to break through to the Great Perfection of the Gods in this life?"

Yan Kui inquired carefully.

With such a spirit, even if she gives the red pill, it will not affect her cultivation progress.

But unexpectedly, Kui Dou raised the corner of his mouth and sneered slightly: "More than that!

Yan Kui was surprised: "It's not just the Great Perfection of Gods?" No way! Back then, the founder of the Qingqiu clan had only reached the Great Perfection of Gods. Could it be that she would surpass this 4.4 realm? I don't think her talent is that good."

"Hey! That's because she has no awakened memory!"

"Awakening?" Yan Sui became even more confused.

Kui Dou smiled proudly: "The Jiutian Snow Spirit Body is the only one in the world and there will never be another one. Where do you think Qinglin's Jiutian Snow Spirit Body came from?"

Boom~,

Yan Sui seemed to have thought of something, his whole body was shaken, and his eyes widened in disbelief...

After a long while, he spoke with difficulty: "Is it difficult... Could it be that Qinglin is the reincarnation of the founder of Qingqiu Mountain?"

"Brother Yan Tui, you finally guessed it right!"

Kui Dou tasted the spirit tea proudly.

Yan Kui was dumbfounded.

If this is the case, Qinglin is more terrifying than he expected.

Back then, the first generation ancestor of Qingqiu took several sisters to create a Entered the Qingqiu realm.

One detail here is that the first-generation ancestor has maintained a perfect body from beginning to end.

Until she returned to the ruins, Hongwan has never been lost.

Now that she has reincarnated and returned, she has become a true god again, and Hongwan is In the two lives, the energy is even more pure, probably more than two hundred times that of Red Moon Green Tea...

If this is true, then the value of the red pill is simply unimaginable. No wonder the ancestor of Tiansheng would put so much effort into it..

Chapter 818

"Brother Kui, I'm afraid Qinglin himself doesn't even know about these things you're talking about, right?" Yan Tui inquired carefully.

Kui Dou said proudly:"That's right! If she knew it, she would have awakened some of her past life memories. Then it wouldn't be the current level of cultivation. It would have skyrocketed long ago."

"Fortunately, she has not awakened yet, so she is destined to become a stepping stone for my ancestor and be used by my ancestor....."

Kui Dou smiled very proudly and evilly.

Yan Sui was puzzled:"It's strange! Qinglin himself doesn't know these secrets. How did Senior Tiansheng know?"

Kui Dou lowered his voice and said:"It's a long story. More than 100 million years ago, my ancestor entered Somewhere in the secret realm of Guixu, I got this secret by chance. After checking, I found that Qinglin was indeed born, so....hey-hey!!..."

"Senior Tiansheng is so lucky!" Yan Tui looked envious.

If he knew this secret, he would definitely do the same thing.

After the raw rice is cooked, Qinglin is obtained, and the benefits are countless!

"By the way, Brother Yan, this matter is a secret, please don't spread it outside....."

Kui Dou's expression suddenly became serious.

In the heat of the moment, he talked a little too much

"How dare I!"

Yan Sui couldn't stop laughing.

He had already signed a life and death contract with Tiansheng Mountain, and all life and death were under the control of Tiansheng Ancestor. 07.

If he leaked a word, he would probably die in the blink of an eye.

This is also the reason why Kui Dou dared to tell the secret.

"By the way, Brother Yan, are there any big moves in Qingqiu Realm recently?"

Kui Dou began to change the topic.

"There are no big moves. However, an interesting thing happened in Qingqiu Realm in the past year"

"What's up?"

"Qinglin didn't know what was wrong with his mind. She eliminated two medium-sized forces, the Taiyan Clan and the Divine Sword Clan, and allowed a force called the Star Alliance to replace the two clans' territories.....",

Kui Dou was alert:"Is that Star Alliance very strong?"

Yan Sui smiled and shook his head:"I sent someone to inquire. The leader of the Star Alliance is called Qin Feng. He is just a small quasi-god. What do you think? How powerful can the Star Alliance be?"

Kui Dou laughed dumbly.....,

Qinglin's brain is really flooded.

A force that uses quasi-gods as its front can only be considered a small force at best, or even a low-level force.

Using such a force to replace two medium-sized forces, as long as you have a slightly normal mind, you will not do this.

"Brother Yan, it's a little abnormal for Qinglin to do this. Is there anything fishy about the Star Alliance? For example, will there be a true god ancestor behind the Star Alliance? If so, that's not good."

Kui Dou is still a little cautious.

"Brother Kui, don't worry~ This happened nine months ago. I sent people to investigate carefully at that time. There is no quasi-god behind the Star Alliance, not even a false god..."

Yan Sui happily sipped the spiritual tea.

"From this point of view, the Star Alliance is not something to be afraid of.....", Kui Dou finally felt relieved.

"Not only is it not scary, it is simply pitifully weak....."

Yan Sui seemed to have thought of something, a little bit like

"Why did Brother Yan say this?"

"Brother Kui doesn't know. Except for a quasi-god, the rest of the Star Alliance is made up of high-grade star masters and middle-grade star masters. They haven't even seen a few high-grade Dzogchen. Do you think they are pitifully weak?"

Yan Sui smiled and shook his head.

He really looked down on the Star Alliance.

"So weak!" Kui Dou was a little surprised.

He originally thought that no matter how weak the Star Alliance was, it would have to have a few quasi-gods, but he didn't expect that there weren't even a few top-grade consummates.

"Brother Yan, are you sure you didn't make a mistake?"

"You can't go wrong! I sent a True God elder to investigate at that time. Given the strength of those in the Star Alliance, who can avoid their detection?"

"Unless there is the existence of the True God Dzogchen in the Star Alliance, there is no way to avoid the True God's detection. If the Star Alliance really existed, it would be impossible for them to commit themselves to Qingqiu Realm."

"Although these all happened nine months ago, in such a short period of time, given the strength of the Star Alliance, not much will happen."

Yan Sui looked confident.

Kui Dou also nodded slightly: "That's true!" Such a small force is not enough to take seriously."

They don't know that there are already seven quasi-gods in the Star Alliance.

Including Hongjun, who is still a fetus, there are eight.

As for the high-level Dzogchen, there are already hundreds of them.

However, these high-level officials have all entered the Double Naturally, Yan Kui cannot find out about cosmic cultivation.

Not to mention that Yan Kui cannot detect it. Even if the ancestor of Tiansheng goes there in person, he will not be able to find Qin Feng's dual universe. The master of the universe is extremely concealed.

The concealment of the master of the dual universe Stronger sex

"Brother Kui, do you think Qingqiu Realm is giving up on itself by doing this?"

"Hmm~! Looks like it to me!"

As soon as the words fell, the two looked at each other and smiled.

It turns out that the points obtained by the affiliated forces in the jurisdiction of each large power in the Ten Thousand Races Conference will also be attached to the large power.

Therefore, the more small and medium-sized forces in the jurisdiction, the stronger the forces, which also increases the points of large forces to a certain extent.

It is precisely for this reason that Yan Shenjing has been poaching the corners of Qingqiu Realm and poached two medium-sized forces from Qingqiu Realm.

Of course, the points that small and medium-sized forces can provide are very few, and they are often a drop in the bucket. At best, they can only be regarded as icing on the cake, and they cannot provide help in times of need.

What really determines the outcome is the competition between true gods and above.

In any case, Qinglin gave up the Taiyan clan and the Divine Sword Sect and chose the weak Star Alliance, which made Yan Wei and the others unable to understand. They always felt that Qinglin had gone crazy.

"Brother Yan Sui, it's time for Kui to leave."

"Um, brother Kui, how many days can you rest in this humble house before leaving?"

"No!" Kui Dou smiled and shook his head, "Now that the conference is about to be held, all races are busy with things, and I don't have any extra time. By the way, if the ancestor of your clan succeeds in breaking through, you have to inform Kui..."

"Brother Kui, don't worry, Yan will notify you first."

"That's good! By the way, your ancestor has been unable to refine the Nine Netherworld Fire for thousands of years. Is it possible that the old witch is causing trouble?"

"Brother Kui has a sharp eye! That old witch was obsessed with death, and my ancestor spent all his efforts on it. The good thing is that she finally couldn't hold it any longer. She would be completely gone in seven days at most...."

Kui Dou sighed: "After all, she was a powerful person in the True 597 Great Perfection of Gods. It's not surprising that she can last for so long. Okay, it's time for me to leave. By the way, Brother Yan Kui, if you have time, you can send someone to investigate again. After all, I'm a little worried about the Star Alliance...."

"good! Yan will arrange it tomorrow!"

"Goodbye then!"

As soon as he finished speaking, Kui Dou left.

Yan Kui was the only one left in the hall.

After a while, he looked at the direction where Kui Dou left and shook his head helplessly.

This Kui Dou was too careful, even a false god. Even the Star Alliance, which did not have one, was also worried about this.

However, he did not dare to go against Kui Dou's wishes and had to send someone over to investigate.....

Yan Wei didn't know that the hidden strength of the Star Alliance, which he looked down upon, was far stronger than he expected, even surpassing the Yan Temple.

At this moment, the Star Alliance is stationed in the dual universe.

A ray of purple light emerged from the Emperor's Holy Land, instantly illuminating the two universes of Taichu and Taishi.....,

Qin Feng's weapon refining was finally completed.

The light of supreme destiny illuminates the world instantly!

The destiny of heaven and earth begins to nourish.....,

Qin Feng was the first to enter the state of enlightenment, feeling the beauty of the inspiration blowout...

Billions of people in the Star Alliance were also nourished by luck, and inspirations emerged one after another, and they were filled with surprises.

Soon, everyone entered a state of enlightenment one by one...

The entire Star Alliance once again started to increase its strength..

Chapter 819

Soon, everyone entered a state of enlightenment one by one...

The entire Star Alliance once again started to greatly improve its strength.....

"Ding~! Congratulations to the host of your heaven and earth spiritual weapon - the Eight Scenery Purple Fire Lamp (ordinary grade), which has successfully integrated the ancient fire of all spirits and absorbed 10 trillion life points....."

"Ding~! The Eight Scenery Purple Fire was successfully strengthened and promoted to the spiritual weapon of heaven and earth - the Eight Scenery Double Fire Lamp (top grade)....."

"Ding~! Congratulations to the host for receiving the nourishing luck of the Eight Scenery Double Fire Lanterns.....The host enters a state of enlightenment....."

In this way, Qin Feng was completely immersed in a wonderful epiphany.

Those countless inspirations, like morning stars in the dark night, shine through the dark sky one by one, brighten the night sky, and shoot out endless starlight, making the world extremely bright.
.....

Time flew by so fast...

I don't know how long it took, but a raging force spread out from Qin Feng, pouring into Liuhe and Bahuang in a mighty way.....

"Ding~ Congratulations to the host for your successful enlightenment...your cultivation level has been upgraded to pseudo-god realm 11.%.....Combat power increased to 6·00 trillion Zi....."

The strength has broken through again!

Qin Feng's divine eyes slowly opened and closed, and his eyes were full of joy...

But at this moment, in the Taichu universe, the heavens and worlds shook slightly, and a divine power rose into the sky in the universe...

Someone broke through again!

Qin Feng was delighted and quickly turned around to see that it seemed to be Fu Zhi's retreat....., but before he could take a closer look, the second divine power rose in Taishi Universe.....

Then there are the third, fourth, and fifth roads....., the system prompts also came from Qin Feng's mind.

"Ding~! Congratulations to the host, your subordinate (Fu Zhi) has gained luck... his qualifications and understanding have been greatly improved....."

"Ding~! Fu Zhi refined the God-Building Pill in a sudden move... his cultivation level reached the quasi-god perfection... the host's living power was rewarded with combat power... his combat power was greatly improved.....",

"Ding~! Congratulations to the host, your subordinate (Ziwei Star Master) has received good luck... his qualifications and understanding have been greatly improved.....",

"Ding~! The Master of Ziwei Star refined the God-Building Pill during his epiphany... His cultivation level broke through to the Quasi-God Perfection... The host's living power was rewarded with combat power... The combat power was greatly improved....."

"Ding~! Congratulations to host your subordinate (Feng Di).....".....

In just this moment, Fu Zhi, Ziwei, Feng Di, Pan Zu, Qin Baobao, Chu Chu, and Ming He refined the God-Building Pill one after another, and each of them achieved great breakthroughs...

Fu Zhi and Ziwei broke through to the quasi-god level in one go. Complete.

Emperor Feng, Pan Zu, Qin Baobao, Chu Chu, and Ming He have all broken through to the quasi-god peak...

The progress of their cultivation is different, but they all far exceeded Qin Feng's expectations.....

According to his original estimate, of the seven people refining the God-Building Pill, at most only two or three could reach the quasi-god peak.

Although the rest of the people can greatly improve their strength, they still have to stay in the realm of quasi-gods...

After all, the effect of refining the God-Building Pill is linked to their talent and understanding.

The better the talent and understanding, the more benefits you will get.

The intelligence and talent of Fu Zhiqi are far inferior to Hongjun.

Under the same conditions, the absorption effect is naturally poor.

Unexpectedly, Qin Feng refined a high-grade spiritual weapon this time.

Under the nourishment of ten times the luck of heaven and earth, the understanding of Fu Zhiqi increased tenfold.

The effect of refining the God-Building Pill has also increased by more than ten times in this short period of time.

Therefore, the effect of these seven people refining the magic pill is surprisingly good!

This is also their great luck!

Likewise, this is Qin Feng's luck!

However, this sudden improvement in understanding is not permanent and will fall back to a balance after a period of time.

If Qin Feng loses one of the heaven and earth spiritual weapons, the Star Alliance will lose some luck, and everyone's talent and understanding will also be reduced.

This is the value of the spiritual weapons of heaven and earth.....

But he said that after each of Fuzhi's seven people made great breakthroughs, more than a dozen people broke through to the peak of high-grade Dzogchen, and more than 40 people broke through to high-grade Dzogchen.....

What makes Qin Feng even more happy is that the Tianfu Star Master also broke through to the quasi-god level due to luck.

In this way, the quasi-god expert of the Covenant.

There are two quasi-gods in Dzogchen, five quasi-gods at the peak, and one quasi-god.

Qin Feng's salary also skyrocketed with the promotion of these subordinates.....

Now, his combat power has increased to 690 trillion Zi.....

"Not bad.

Qin Feng smiled with satisfaction.

He raised his head slightly and looked up at the sky.

All I could see was the magic lamp hanging high in front of me.

One white and one purple, two divine fires, shaped like Tai Chi, slowly rotating around the magic lamp, exuding the power of destroying the heaven and the earth.....

That white divine fire is an eternal spiritual fire (human being), which can burn all true spirits, ignore all the laws of time and delay, and all spirits will die if it touches it.

That purple divine fire is the sky-burning purple fire (sky), which can burn all the divine foundations and ignore all obstacles of the laws of space. The gods will die when they encounter it.

The two divine fires complement each other, can control all time and space, reverse all laws, destroy the foundation of gods, and kill true spirits, all at the flick of a finger. They are simply a weapon for killing people and stealing goods.

This is the top-grade spiritual weapon Eight Views Double Fire Lamp.

Qin Feng became more and more satisfied as he watched.

With this spiritual weapon, it would not be difficult for him to kill the true god.

As for the false god Dzogchen, you can kill it instantly!

Qin Feng waved and put away the magic lamp.

Then, he waved again, and two beautiful figures appeared in the field.

One is Yun Xi and the other is Ziwei Star Master

"Master, are you looking for me?"

"Send this God-Building Pill to Lord Tianfu!"

"Yes, Master!"

Yun Xi obediently took the magic pill and left.

At this point, Qin Feng's ten god-building pills have been consumed.

After Yun Xi left, Ziwei Star Master came over with a smile.

"Your Majesty, why did you summon me?"

"good! good! Judging from your situation, your realm has been stabilized. This is faster than I thought!"

Qin Feng looked at his beloved wife with satisfaction.

"It's all thanks to our children. If he hadn't been secretly assisting me in my cultivation, I wouldn't have been able to consolidate so quickly."

Ziwei Star Master stroked his slightly bulging belly, his face full of pride.

"This little guy is indeed very good!"

Qin Feng's hand gently fell on the slightly swollen belly, feeling the rhythm of the little life...

The little guy seemed to sense his presence, and actually sent out extremely intimate mental fluctuations, like wet foam, which made Qin Feng's heart warm.....

"Yun'er, now that your mother and son are connected, what level of combat power can you achieve?"

"Infinitely close to the threshold of true God!"

"So high?!", Qin Feng was overjoyed

"Your Majesty, look!"

With a thought in Ziwei Star Master's mind, the quasi-god's Great Perfection Divine Power burst out, and his combat power and momentum actually reached the pseudo-god realm.

Ziwei Star Master's Three Yuan Gods are basically extraordinary, containing destiny and good fortune, the two top three. The Supreme Divine Seal has also condensed the Heavenly Soul.

Therefore, although her cultivation is quasi-god perfection, her combat power is comparable to that of a false god.

Of course, this is not over yet.

The next second, another divine power Emerged from the body of Ziwei Star Master.

That divine power is also quasi-god Dzogchen, but its combat power and momentum have reached the pseudo-god Dzogchen.

That is Hongjun's divine power.

Although Hongjun only has quasi-god Dzogchen cultivation, his combat power has already reached Beyond the same level of a great realm, reaching the Great Perfection of False Gods.

Qin Feng once suspected that Hongjun's divine foundation was the middle-grade Thirty-six Heavens Divine Foundation.

The Jiuji Divine Foundation cannot reach this level. As for the three yuan Not to mention the divine base.

Unfortunately, this little guy is still a fetus and cannot be detected...

At this moment, Hongjun's combat power is compatible with that of Ziwei Star Master. Mother and son are of the same mind. The two people's combat power is perfectly integrated. As expected, it has reached Crossing the threshold of the True God Realm.

Seeing this, Qin Feng was overjoyed

",Very good! Yun'er, you have such strength. It will be difficult for our Star Alliance to shine in this conference of all races. It seems that the reward of the Seven Treasures Lotus Fire will be ours with a 90% chance....."

"As long as I can help His Majesty, I will be happy."

Ziwei Star Master's eyes are full of tenderness

"By the way, you have such strength, I can safely leave with the phantom clone. The Star Alliance has you on guard, so there shouldn't be any danger.....".

"Your Majesty, where are you going?"

"Go to the Temple of Hell!"

"The Temple of Hell? You said last time (Qian) that they are the hostile forces in Qingqiu Realm. They have five true gods. If you go alone, you are probably in danger! Let me go with you!"

"Need not!" Qin Feng refused, "It is enough to have the shadow clone accompanying me. If you stay and guard the Star Alliance, I'll feel more at ease. Besides, if I really need your help, I can summon you at any time....."

"Your Majesty, then be careful!", Ziwei Star Lord is still a little uneasy.

"Um~! "

At that moment, Qin Feng said goodbye, took one step and disappeared into thin air.

Time flies by so fast.

In the blink of an eye, a day passed in the God Realm.

Ten years have passed in Qin Feng's dual universe.

Everyone in the Star Alliance has fully digested the benefits brought by the Eight Scenery Double Fire Lanterns, and their strength has greatly improved.

The star master of Tianfu also refined the God-Building Pill, and his combat power improved greatly. He was only one step away from cultivating the quasi-god realm...

Qin Feng's combat power also increased with the progress of these people, and unknowingly increased to 700 trillion Zi.....

That is to say, on this day, the Yin Temple near the Temple of HellAt the foot of the mountain, a handsome figure appeared.

Qin Feng finally came..

Chapter 820

The Temple of Hell is ahead.

Qin Feng's spiritual consciousness swept across the entire area in an extremely vague manner.

A rough estimate is that there are more than 60 million people in the realm of the gods, including five true gods, more than 20 false gods, and more than a hundred quasi-gods...

This force is really huge!

As for the distribution of true gods...

Qin Feng raised his head and looked towards a valley.

That is the forbidden area of the Temple of Hell.

In that forbidden area, there are three powerful auras, one is the peak of the true god, and the other is the true god.

Especially the peak aura of the True God has reached its peak limit, and the next step will be the Great Perfection of the True God.

That person should be the ancestor of Yanshen Temple.....

The Nine Netherworld Fire is on him...

However, judging from the current situation, it will not be easy for him to grab the Nine Netherworld Fire.....

Qin Feng also didn't expect that Yan Shen Shen's defense against the Nine Netherworld Fire would be so tight.

While the ancestor of the God of Hell was refining the Nine Netherworld Fire, there were actually two true gods guarding him.

This is equivalent to saying that if he wants to grab the spiritual fire, he will have to face three true gods at the same time, and one of them is about to break through to the perfection of the true god.

This also shows that the ancestor of Yan God has reached a critical moment in refining the spiritual fire.

There is no time to delay!

Qin Feng put on the mask silently, hiding his peerless handsome face, and his long black hair was flying in the mountain wind...

The mountain wind was blowing, and the dead leaves were falling, mixed with the fragrance of the forest.....

Qin Feng raised his feet and walked forward. The leaves in front of him strangely moved to the sides.....

One step, two steps, three steps...

Qin Feng's clothes were flying in the wind, but his whole person slowly merged into the air and disappeared without a trace.....

Yama Temple, Forbidden Valley.

The spiritual energy in the valley is rich, turning into a milky white spiritual mist. Strange flowers and plants can be seen everywhere, as ethereal as a fairyland...

The ancestor of the God of Hell is in retreat deep in the valley.

At this moment, at the entrance of the valley, in a leisure courtyard.

Two true god old men were meditating with their eyes closed.

The old man on the left, with a red face and a white beard, and strange eyes on his forehead, is the second elder of the Yama Temple.

The old man on the right, with a bald head and no beard, and golden snakes wrapped around his ears, is the third elder of the Yama Temple.

The two of them have been guarding here for more than a thousand years, protecting the ancestors of the God of Hell.

If Qin Feng wants to get in touch with the ancestor of the God of Hell, he must first pass through these two people.

If a fierce battle breaks out with these two people, the ancestor of the God of Hell will inevitably be alarmed...

At this moment, the second elder Taishang seemed to sense something, his eyebrows moved slightly, and he slowly opened his eyes...

Then, he casually Turning it over, a communication jade talisman appeared in the palm of the hand.

The second elder Taishang took one look at it and frowned slightly....,

"Second brother, what's wrong?", the third elder Taishang also opened his eyes

"The palace master sent a message asking me to go to Qingqiu Realm in the near future and find out more about the Star Alliance..."

The second elder put away the communication talisman with a look of displeasure.

The third elder also frowned:"Star Alliance? Which Star Alliance only has a small quasi-god in charge?"

"That's right!"

"What happened to the palace master? A Star Alliance, which may not even be considered a small force, actually asked you to go check it out a second time.....", the third elder also became unhappy.

"Hey~! This is the meaning of Tianshan Kuidou, and the palace master dare not violate it"

"Ha~! The guys at Tiansheng Mountain are just too idle and are gesticulating about us, the Temple of God, all day long. It's really ironic that the appearance of a small Covenant makes them suspicious....."

The third elder looked disdainful.

The second elder's face changed slightly, and he lowered his voice and said:"Third brother, it's better not to say these words, so as not to hear through the wall. If Tiansheng Mountain finds out that we are gossiping, there will be trouble....."

"Just don't mention it!", the third elder closed his mouth gloomily.

"Third child, then you stay here alone. I will go to Qingqiu Realm now and check out the Star Alliance....."

"Go for it! I am enough here! What's more, if we want to check other people's details, it would be best for you to go... It's just that it's only been nine months, and the strength of the Star Alliance has definitely not changed much, so your going will be in vain....."

The third elder muttered

"You're right, I'm just doing my best....."

The second elder shook his head and smiled bitterly.

He also didn't believe that in just nine months, the Star Alliance would undergo earth-shaking changes.

However, he still had to follow the order of the palace master. Besides, for this kind of probing other people's details, the fifth great master of the Temple of Hell is really suitable, because he has the third strange eye - the Sky-Peering Eye.

Peering into the sky, you can see the nine gods and demons from above, and the nine ghost treasures from below.

Even if it is the Dzogchen of the true God, it is difficult to spy on it.

The divine eye between the second elder's brows is the Sky-Peering Eye.

Generally speaking, any true god has either a heaven and earth spiritual weapon or an accompanying spiritual creature.

Accompanying spiritual objects are born together with the living beings. They contain the destiny of heaven and earth from the moment they are born, and their power is not weaker than the spiritual weapons of heaven and earth.

The Sky-Peeping Eye is the companion spirit creature of the second elder.

The thin golden snake was wrapped around the earlobe of the third elder, which was also an accompanying spiritual creature...

At that moment, the second elder gave instructions to the third elder and left the valley.

After a while, only the third elder was left at the entrance to the forbidden area.

He looked at the leaving figure of the second elder and shook his head slightly....., then he slowly closed his eyes and continued to meditate.....

But neither he nor the second elder noticed that a mysterious figure wearing a mask walked out of a remote corner outside the entrance to the forbidden area.

The person who came was Qin Feng who had just sneaked in.

At this moment, Qin Feng was also looking in the direction where the second elder was leaving, with a strange look in his eyes...

He had just accidentally heard the conversation between the two people.

The second elder actually wanted to detect the details of the Star Alliance!

It seems that the Star Alliance has been noticed by some people.

However, fortunately, he found out in advance and could make some preparations.

What's even better is that one of the two true gods who originally guarded the base has been transferred away, which is of great benefit to himself.

Thinking of this, Qin Feng's eyes showed a hint of joy.

Afterwards, he sent a summons to Star Master Ziwei, asking her to readjust the personnel of the Star Alliance stationed in the God Realm, and adjust their strength to the level of 9 months.

Those personnel who have greatly improved in strength are transferred to the dual universe in advance.

No matter how powerful the second elder's sky-peeping pupil is, he can't see the existence of dual universes.

In this way, people outside will feel that the Star Alliance has not made any progress in these nine months. , after doing all this, Qin Feng breathed a sigh of relief and disappeared out of thin air.....

The next moment, the entrance to the forbidden area.

The third elder is meditating with his eyes closed.

Suddenly, at the entrance in front, the spiritual mist surged, and a black shadow emerged from the thick fog, looming... hiss~his~!

At this moment, the golden snake hanging on the third elder's left ear sensed the black shadow.
.....

This soul-eating snake is full of spirituality!

It just raised its head suddenly, facing the direction of the black shadow, spitting out snake letters, and exuding a monstrous aura.....

"who?!"

The third elder also opened his eyes at the same time and looked at the black shadow coldly.

This is the forbidden area of the Temple of Hell!

"Huh!"

But when the third elder saw the black shadow's cultivation clearly, he was a little stunned.

The person who came was actually just a false god.

Which false god disciple is this?

He is really courageous!

"who?", the third elder asked proudly

"hey-hey~! "

A strange laugh came from the thick fog.....

The third elder's expression changed drastically.

This laughter is so unfamiliar, he must not be a member of the clan.

Immediately, he became furious.

A little false god dares to break into the forbidden area of the Temple of Hell, he is simply seeking death!

The third elder activated the soul-eating snake with just a thought.

The demonic snake instantly transformed into a giant python, opening its mouth and sucking it in the direction of the black shadow...

The corner of the third elder's mouth smiled slightly, showing a look of gloating.

His soul-eating snake has a talent that can suck people's soul power from a distance. It is irresistible. Once it is attacked, it will not only make the soul fly away, but also lose the soul power and become muddled.

Even some weak people can have their entire soul sucked out in one gulp and die suddenly on the spot.

This little false god is in trouble!

Thinking of this, the third elder became even more proud, and the smile on his face became thicker and thicker...

But when he was about to burst out laughing, the smile on his face froze.....

After the soul-swallowing snake finished swallowing, only the spiritual mist rolled across the opposite side, and the black shadow was not affected at all...

The third elder was stunned!

How can this be!

Even if the true god is unprepared, some soul power will be forcibly devoured by the soul-eating snake. This guy is just a little false god, how come he is not affected at all?!

The third elder quickly scanned his consciousness, but was shocked to find that the black figure seemed to have no soul.....

At this moment, the black figure let out a contemptuous taunt, turned around and fled out of the valley.....

The third elder was furious.

Once upon a time, he was reduced to being laughed at by a little false god

"Damn it! You can't escape!"

The third elder dodged and chased after the black shadow.

In a blink of an eye, the building was empty.

The entrance became empty.

At this moment, a burst of white mist rolled, and Qin Feng wore a mask and emerged from the thick fog. go out.....

He looked at the direction in which the third elder was leaving, with a smile on his lips.

The black shadow just now was the phantom clone.

The third elder fell into the trap of luring the tiger away from the mountain and was lured away.

Now, no one can stop him from entering the depths of the forbidden land.

At that moment, Qin Feng turned around and dived deep into the forbidden area.

He didn't dare to waste time. It would be bad if he waited for the third elder to find out and rush back.

Of course, he is not afraid of the three elders at all, nor is he afraid of the ancestor of the god of hell, but he is afraid of the ancestor of the heavenly saint.

You know, the ancestor of Tiansheng is the lord of gods.

Generally speaking, the maximum combat power of the True God Dzogchen is 500 trillion zi.

But the battle power threshold of the gods is 5000 trillion zi.

Qin Feng's current combat power is only 700 trillion Zi, and he is still unable to fight against the gods.

The strength gap between the gods and the true gods is like a gap between heaven and earth, which cannot be crossed.

People have never heard that there is a true God, Dzogchen, who can transcend the level and challenge the gods.

Since ancient times, such a monster has never appeared in the God Realm.

In short, Qin Feng must fight quickly this time, so as not to waste too much time and attract the ancestor of Tiansheng, which will be a dead end.

At the moment, Qin Feng's figure flashed and quietly sneaked in..
