

God level 841

Chapter 841

The fragrant wind blows and Qinglin approaches

"Qin Feng, let's start!"

She raised her face as white as jade and looked at Qin Feng with her big eyes.

"Doesn't this affect the bet?"

"Of course it doesn't matter! The bet only stipulated that I would remain intact until the end of the competition, but it did not limit who I could sign the contract with, so I signed with whomever I wanted...."

"So, you - passed the exam?"

"Well, let's get started!"

At this moment, Qin Feng stopped talking and continued to seal and seal.....,

"Ding! The Creation Contract was signed successfully.....",

"Ding! Congratulations to the host for acquiring a true god's pinnacle subordinate (Qing Lin))
.....Get 11 trillion lives.....",

"Ding! Congratulations to the host for gaining combat power sharing from his subordinate
Qinglin.....Your combat power increases to 4900 trillion Zi....., .".

"Ding! Congratulations to the host for sharing the supreme divine seal from his subordinate
Qinglin... 23 supreme divine seals are automatically integrated into the creation god base.....Your
combat power increases to 500 trillion Zi.....".

The contract is signed!

Qin Feng opened his eyes happily.

Sure enough, the promotion gained from signing the contract with Qinglin was more than that of Hongyue Green Tea combined.

His combat power increased to 5000 trillion zi in one fell swoop, just reaching the threshold of the gods. , however, his increase multiplier is much higher than that of the gods.

In other words, his strength is not weak among the gods, and he should belong to the middle level.

At this time, Qinglin also opened his eyes.

The look in Qin Feng's eyes became a little different, and he was obviously closer.

"Qin Feng, has your current combat power reached the threshold of a god?", she asked with concern.

Ziwei Star Master and other girls looked at it one after another, and they all showed concern.

"Um! Got it!"

Qin Feng smiled slightly.

He didn't tell the truth.

His strength was much stronger than the threshold of the gods.

But the girls were overjoyed.

"That's great! Your Majesty, your strength has reached the standard. It will be much easier to handle next time."

"Also, my sister's red pill hasn't been given to Qin Feng yet. When the conference is over, Qin Feng absorbs the power of the eldest sister's red pill, and his strength can be greatly increased. By then, our Youth League may not necessarily be at the bottom among the top forces....."

"You girl talk too much...."

Qinglin blushed slightly, patted Hongyue's head, and cursed with a smile,

"Sister Qinglin, what is the strength of the Heavenly Saint Patriarch? Is it a combat power of 8000 trillion?"

Qin Feng asked with concern.

The range of the God's combat power is from 5000 trillion Zi to 8000 trillion Zi.

The ancestor of the Heavenly Saint is only one step away from the peak of the Heavenly God, so he must have cultivated to the limit of the Heavenly God realm, so Qin Feng speculated that it is 8000 Trillions of combat power.

But without thinking, Qinglin shook his head slightly:"No more!"

"How much is that?"

"9000 trillion Zi!"

"So high?!"

As soon as these words were said, Ziwei Star Master and Feng Emperor couldn't help but exclaimed.

Qin Feng also frowned.

Qinglin sighed:"The ancestor of Tiansheng is not ordinary! It is rumored that he obtained an ancient divine skill in a certain ruins, which allows him to practice two divine bases at the same time, one master and one master."

"The main divine foundation is the three-dimensional divine foundation, and the secondary divine foundation is the pseudo-three-dimensional divine foundation. This allowed his combat power to exceed the limit of the God Realm, reaching 9000 trillion Zi.....",

Hongyue also interjected:"Each of the ten top forces has one. The strength of the Heavenly Saint Patriarch ranks third among these ten people, and the two who are stronger than him are both at the top of the Heavenly Gods.....".Qin Feng suddenly said:"It turns out that the strength of the ancestor of Tiansheng is so strong. It seems that we still need to work harder. It's time for me to go into retreat."....".He is now thinking of refining the Seven Treasure Lotus as soon as possible to gain some strength.

"Qin Feng, please wait a moment! Qinglin took out a jade talisman and sent out a message.

Not long after, there was a sound of footsteps outside the hall. A moment later, dozens of figures filed in, it was the women of the Qingqiu clan.

These women were very charming. As soon as Yan entered, he saw Qing Lin and others, and they all came forward to greet him.

There were also a few bold ones who secretly glanced at Qin Feng...

Qin Feng was wondering what Qing Lin was going to do.

Qing Lin announced to the girls

"Everyone, I summoned you here because I want to announce something important to you. We, the Qingqiu clan, will form a new force with the Star Alliance after the competition, called the Qing Alliance.....",

Qinglin briefly talked about what they had discussed before, and told them about signing the contract.

After hearing this, all the girls agreed and happily expressed their willingness to sign the contract.

Only then did Qin Feng understand Qinglin's purpose.

This woman is devoted to herself.

Among these Qingqiu tribesmen, there are two pseudo-gods at the peak, more than a dozen pseudo-gods, and the rest are quasi-gods. They are also a considerable force.

Qin Feng also happily signed contracts with these women.

Signing a contract with them is equivalent to controlling the top leaders of the Qingqiu clan, which means controlling the Qingqiu clan.

It didn't take long for all the contracts to be signed.

Qin Feng's combat power increased to 5100 trillion Zi, and his life value increased by trillions. ,

What's even better is that the number of supreme divine seals he has integrated reaches 2890. , with only the last two steps left, his Creation God Foundation will be complete.

After handling these trivial matters, Qin Feng hurriedly left, entered the dual universe, and began to refine the Seven Treasures Lotus Fire.....·...

At the same time, at the resting place of Tiansheng Mountain.

In a secret room, the Heavenly Saint Ancestor sat on the throne with a solemn expression.

There were four people sitting in front of him, namely Huode Tianjun, Bichi Laomu, Jinjiaohuang, and Jinjiaodi.

At this moment, these people are all gathered together

"Four, have you thought about it?", the ancestor of Tiansheng asked in a deep voice.

Huodetianjun and the four of them looked at each other.

Immediately, Huodetianjun said helplessly: "Senior Tiansheng, Qingqiu Realm and Star Alliance Realm are the same. The three of us join forces to deal with them, that is, three against two, and we can't gain much advantage. After all, Qin Feng and Qin Lei are both extremely terrifying opponents."

The ancestor of Tiansheng smiled coldly: "I am not asking you to deal with both of them at the same time, but I am asking you to concentrate all your efforts to deal with Qingqiu Realm. As for the ranking of the Star Alliance, it does not matter, as long as Qingqiu Realm cannot enter the top fifteen Just fine"

.....Asking for flowers

"As for you, I suggest that you don't care about your ranking, as long as you complete this task. After the work is completed, I will give you a generous reward, which will definitely be more generous than the first place in the conference....."

As soon as these words were spoken, the eyes of Huode Tianjun and the four others lit up.

If we just hold back Qingqiu Realm, regardless of the ranking of the Star Alliance, then the task would be too simple.

What's more, Patriarch Tiansheng said he would be rewarded afterwards.

At this time, the Heavenly Saint Ancestor continued: "In addition, I will ask the King of Hell and others to cooperate with you, and there are more than twenty large forces that will also fully cooperate with you....."

The eyes of Huode Tianjun and the four others brightened even more.

With such power, the task would be much easier.

In fact, with these powers combined, they are confident that they can destroy both the Qingqiu Realm and the Star Alliance.

Of course, this is the four people's underestimate of the Star Alliance and Qingqiu Realm....., ·

"Senior, we can accept this task, and the reward afterwards.....",

"As long as you agree, we can sign the contract now. As long as the task is completed, the reward will be given!"

Huode Tianjun and others were overjoyed.

"Seniors, we are willing to take on the mission!"

"good!"

Tian Sheng Patriarch also showed joy.

Of course, the group signed the contract.

Both parties were very happy.

A quarter of an hour later, Huode Xingjun and the other two left happily.

Only Tian Sheng Patriarch was left in the hall..At this time, a dark shadow walked out from the corner and came to the side of the Heavenly Saint Ancestor.

This person was Kui Dou

"Ancestor, did you pay too high a price to deal with Qingqiu Realm this time?"

Kui Dou felt a little distressed.

The reward that the ancestor promised to Huode Tianjun and the others was too generous.

The ancestor of Tiansheng took a deep breath and said: "No matter what, I will get that girl Qinglin. As long as I get her red pill, I can break through to the peak of true god in one fell swoop!"

"With my secret technique of dual gods, once I break through to the peak of the gods, I will definitely become the strongest among the ten top forces. Then my voice in the Southern Alliance will be greatly enhanced.....",

Kui Dou was puzzled: "Ancestor, are you just for the right to speak?"

Ancestor Tiansheng sneered: "Of course not! It doesn't hurt to tell you! In one month, the spiritual roots of heaven and earth in the south will mature. This is a trillion This is a great opportunity that only comes once a year! If you miss it, you will have to wait for hundreds of millions of years!"

"Therefore, I must break through to the peak of the gods before this, so that I can get more benefits, and Qinglin is my shortcut....."

Kui Dou suddenly realized.

The spiritual roots of heaven and earth!

That should be the most precious thing in the southern part of the God Realm, and it would be of great benefit to the powerful gods.

No wonder the ancestor insists on getting Qinglin..

Chapter 842

But it was said that after Qin Feng entered the dual universe, he began to refine the Seven Treasures Lotus Fire.

The Seven Treasures Lotus Fire is extremely difficult for others to refine, but it is extremely easy for Qin Feng.

At this moment, inside the secret cultivation room.

Qin Feng took out a jade bottle, unlocked the seal, and a stream of colorful divine fire spurted out...

This is the Seven Treasures Lotus Fire!

As soon as the divine fire appears, everything becomes silent!

A horrifying scene appears!

The vitality in the bodies of the creatures within billions of miles around disappeared inexplicably, and they rushed towards the direction of the Seven Treasures Lotus Fire.....

Even Qin Feng clearly felt that his vitality was being forcibly absorbed by the Seven Treasures Lotus Fire, and it was passing quickly...

Qin Feng was startled and quickly stopped, but found that it had no effect.

At this moment, he suddenly realized!

It turns out that the Seven Treasures Lotus Fire can rob the vitality of all souls and cannot resist it, causing all living beings close to it to lose their vitality and eventually age and die.

In the same way, whoever can refine it can use the vitality it absorbs to feed himself back and repair all injuries.....

After thinking about this, Qin Feng opened his mouth and swallowed the endless divine fire.....

After a moment, his whole body was filled with colorful auras, and the overwhelming power of vitality soared into the sky, one after another.....

It turns out that this Seven Treasures Lotus Fire has been around for trillions of years, and no one can refine it. The vitality accumulated in it is limitless.....

Immediately afterwards, Qin Feng's fighting strength continued to surge.....

"Ding! Congratulations to the host for successfully refining the Seven Treasures Lotus Fire.....The host receives the infinite vitality of the Seven Treasures Lotus Fire to feed back..."637"..Cultivation level raised to False God Dayuan 21%.....Combat power increased to 5500 trillion Zi.....", for a long time, Qin Fengshen opened and closed his eyes, looking at the world, and the depths of his eyes were full of joy.

The harvest brought to him by the Seven Treasures Lotus Fire was so great that it actually exceeded the sum of the three ancestral fires, which greatly improved his strength.

What's even better is: the ancient fire of all spirits extinguishes the true spirit, the purple fire that burns the sky destroys the foundation of the gods, the nine netherworld fire eats the soul of the sky, and the seven treasure lotus fire swallows the vitality.

With the four great ancestral fires gathered together, the speed at which he can kill the True God will be increased several times.

"Ding! Congratulations to the host for completing the fourth phase of the collection task.....The host has received a generous reward. Do you want to claim it?"

"receive!"

"Ding~! Congratulations to the host on your success! The rewards you receive are as follows: 800 God-Cleaning Pills, 40 God-Building Pills, and 5 Extremely Divine Pills.....

"Ding~! Remind the host that the Extreme God Pill can greatly improve the cultivation level of the pseudo-god, but a pseudo-god can only be taken once. Taking more will have no effect. The host is advised to use it with caution....."

Qin Feng was delighted.

So many elixirs can greatly enhance the strength of subordinates.

He waved his hand, and a beautiful figure appeared out of thin air. It was Yun Xi.

"Master, are you looking for me?", Yun Xi asked playfully.

This girl is becoming more and more beautiful as she grows, and her body curves become more and more perfect. What's even more gratifying is that her cultivation level has also reached the level of quasi-god.

Qin Feng looked at her with a smile, showing a trace of relief.

"Xi'er, take these elixirs and you can arrange them....."

Qin Feng waved his hand, and hundreds of magic pills flew over.....

"So many!" Yun Xi was surprised and delighted.

She had been helping her master manage the elixirs, and she recognized at a glance that these were the extremely precious God-Cleaning Pills and God-Building Pills... If these elixirs are arranged, the strength of the Star Alliance will increase. It will be greatly improved, and Master's strength will also be greatly improved.....

When she thought of this, she felt happy.

As long as something is good for Qin Feng, she will always do it proactively and thoughtfully...

In short, she is completely devoted to Qin Feng.

Qin Feng also has great trust in this disciple.

In addition to daily alchemy refining, distribution of elixirs and other chores, I also enjoy her occasionally.....

"Xi'er, send these 5 extreme pills to Ziwei, Fengdi, Fuzhi, Panzu and Qin Baobao respectively....."

Qin Feng waved his hand and sent out 5 of the most precious Extreme God Pills.

Both he and Hongjun had taken this elixir, but it was no longer effective if they were taken again.

Ziwei, Fengdi, Fuzhi, and Panzu all entered the pseudo-god realm not long ago, so they were just ready to take it.

Qin Baobao's cultivation level followed closely behind, and he was about to break through to the pseudo-god realm, and it was almost time to use it.

"There are also these 9 pseudo-poles, one of which is given to Qin Baobao so that she can break through to the pseudo-god as soon as possible, and the remaining 8 are distributed as needed...."

"yes! Master!" Yun Xi carefully put away the elixir.

Qin Feng gave some more details before letting her leave...

Not long after Yun Xi left, the system prompt came again.....

"Ding~! Remind the host that you have gathered the four ancestral fires. The host can try to condense the creation fire.....After the condensation is successful, there will be additional rewards!".

Qin Feng's eyes lit up, showing a look of great joy.

It turns out that there are also people who can condense the divine fire of creation.

This is a good thing!

With a thought in his mind, he sacrificed a magic lamp... As soon as the magic lamp came out, eight scenes appeared, and the power of the world went crazy Gathering together to crush heaven and earth.....

For a moment, the sky sank and the earth sank, the world was twisted, the sky was dark and the earth was dark...

Look around the magic lamp again, one white, one green, one purple, three sacred fires, slowly rotating around the wick, containing the power to destroy the heaven and the earth.....

This is the top-grade spiritual weapon - the eight sceneries and three fire lanterns!

The white is the Ancient Fire of All Spirits, the green is the Nine Netherworld Fire, and the purple is the Burning Heaven Purple Fire.....

Qin Feng opened his mouth and spat out, and a stream of Seven Treasures Lotus Fire flew towards the magic lamp...

The four ancestral fires gathered together, and the four poles of heaven and earth resonated.....

In this way, Qin Feng began to condense the creation fire.....

At the same time, the major external forces are also actively preparing for the big competition in three days, either joining forces or joining forces...

During this period, some interesting little things happened.

For example, after the small forces that betrayed Qingqiu Realm learned that Qingqiu had won first place, the Star Alliance was promoted to a large force.

These wallflowers are filled with regret and fear.

In particular, the seven small forces that had taken refuge in the Bone Realm directly found the Covenant's residence and asked for asylum.....

According to the regulations, the Star Alliance destroyed the Bone Realm, and the territory of the Bone Realm will become the Star Alliance Realm from now on.

These seven small forces will be managed by the Star Alliance in the future.

Unexpectedly, Ziwei Star Master directly wiped out all seven small forces that came to his door, thus showing the Star Alliance's position...

Time flies so fast!

In the blink of an eye, two days passed in the outside world.

Twenty years have passed in the dual universe.

On this day, within the dual universe, a golden light soared into the sky, brightening the entire universe and shocking billions of living beings.....

The place where the golden light came from was exactly where Qin Feng was practicing...

At this moment, he was in the secret training room.

Qin Feng recalled the system's voice in his mind

"Ding~! Congratulations to the host for successfully condensing the Divine Fire of Creation... Your spiritual weapon of heaven and earth - the Eight Views and Three Fire Lamps (top grade) has been promoted to the Divine Fire Lamp of Creation (Tian grade)....."

Qin Feng opened his eyes with a joyful expression and looked forward...

He saw the magic lamp hanging high in front of him.

The golden divine fire burns on the wick, reaching all over the sky and the earth...

That golden divine fire is the divine fire of creation, which contains the power to destroy the universe. With just a spark, it can wipe out a vast world, which is extremely terrifying.....

"Ding! Remind the host that the Creation Fire can be used to kill gods. It is extremely powerful. The host should treat it with caution....."

"Huh! This divine fire can actually kill the gods?"

Qin Feng was ecstatic.

As we all know, true gods are extremely difficult to kill.

And killing gods is thousands of times harder than true gods.

Because gods are immortal and live as long as heaven and earth.

Heaven and earth are immortal, gods are not old.

If you want to kill gods, even the peak of gods It can't be done.

Even if the God of Great Perfection takes action, it can only suppress the seal for hundreds of billions of years and slowly erase the mark of its soul, but it may not succeed.

These are the top ten top potentials. The reason for the transcendent status.

Their leader is immortal, and even the superpowers can't do anything to them, so these people can enter the decision-making level of the Southern Alliance.....

In short, no one in the entire southern part of the God Realm can destroy the gods. The most they can do is suppress them.....,

Qin Feng is just a false god, Dzogchen, but he has the means to kill the gods. It is unprecedented and unprecedented, and extremely terrifying.

This will also become his biggest trump card and scare the gods.

Of course, beings above the Great Perfection of Gods are capable of killing all levels of Gods.

But the southern part of the God Realm is very weak, and the strongest one is the God of Great Perfection.

Qin Feng has this method, which is enough to make him proud of the southern part of the God Realm.....

"Ding! Congratulations to the host for successfully condensing the Creation Fire and receiving generous rewards... Will the host receive it?"

"receive!"

"Ding! Congratulations to the host for successfully receiving it! The rewards you receive are as follows: 2 Divine Fire Pills....."

Note: After taking the Divine Fire Pill, the host can withstand the forging of the Creation Divine Fire, with a 100% chance of obtaining the Fire Virtue Body, a 20% chance of obtaining the Fire Saint Body, a 5% chance of obtaining an Eternal Fire Body, and a 01% chance of obtaining the Creation Body. Fire body...,

Note: The divine fire pill is only effective for the first time taken, and the higher the fire talent, the better the body-burning effect will be.....

"This reward is good!"

Qin Feng's eyes gleamed.

As far as he knew, it was easy for people with the body of fire virtue to practice the laws of fire and be promoted to true gods.

The heavenly king of fire virtue had the body of fire virtue, and he was also known as the number one genius in the south..

And the body of the Holy Fire is even rarer than the body of Fire Virtue, and no one in the south has existed for trillions of years.

And those who have the body of the Holy Fire can easily reach the realm of gods by practicing the laws of fire.

The eternal fire body is even more rare. It's scary. It's rumored that one can cultivate to a realm above the gods, which is the realm of eternity.

As for the Creation Fire Body, there are no rumors in the God Realm.

Seeing that the success rate is only 0.1%, the Creation Fire Body is naturally stronger than the Eternal Fire Body. many.....

Qin Feng was moved by what he saw. He flipped it over and a red fire pill appeared in the palm of his hand...

The next second, he swallowed it in one gulp. The power of the pill turned into sweet fluid and flowed to his limbs and bones, feeling extremely comfortable.....

Then, he opened his mouth and inhaled, swallowing the divine fire of creation in the air...

The next second, the violent divine fire began to temper his body crazily from the inside out, and severe pain also swept through him.....

But after a while, Qin Feng's physical body began to change, and his momentum continued to increase.....

"Ding! Congratulations to the host for successfully tempering your body. Your physique has been strengthened, your fire talent has been strengthened, and your combat power has increased by 90 billion....."

"Ding! Congratulations on the successful body tempering in Su 3.1. Your physique has been strengthened, your fire talent has been strengthened, and your combat power has increased by 1000.
....."

"Ding! Congratulations to the host....."

Time flies so fast, three hours have passed in the blink of an eye... all the training is over!

"Ding! Congratulations to the host for completing the body tempering... Your combat power has been increased to 6000 trillion Zi, your physique has evolved to the Creation Fire Body, and your fire talent has been increased to the limit....."

"Success!"

Qin Feng opened his eyes with joy.

He actually easily achieved the Creation Fire Body. Not only did his fire talent reach the limit, but his combat power also increased a lot...

This may be related to his identity as the Lord of the Dual Universes.

In short, Qin Feng was very satisfied with the result.

Immediately, he thought of Emperor Feng.

Among his many subordinates, Emperor Feng was the most talented in the fire department.

He also had a Fire God Pill in his hand, which might help Emperor Feng improve. With fire qualifications, even the worst can be upgraded to fire virtue body.....

Thinking of this, Qin Feng dodged and disappeared out of thin air.....

At the same time, Tiansheng Mountain was stationed.

A strange figure appeared at the entrance of the station and entered it.

That figure is the mysterious man named Wen..

Chapter 843

However, it was said that after the man named Nawen entered the Tiansheng Mountain Station, someone quickly received him, and the two parties had a confidential conversation.

An hour later, in a secret living room.

Kui Dou looked carefully at the man named Wen in front of him.

With his cultivation at the peak of the true god, no matter how you look at it, the man named Wen is just a little false god, nothing surprising.

But he looked at the magic elixir in his hand again, and couldn't help but reveal a strange look.

Such a precious magical elixir cannot be obtained by a little false god!

"Fellow Taoist Wen Yuan, do you really want to give this 'Water-Reverse Divine Pill' to me?"

Kui Dou glanced at the man surnamed Wen.

Wen Yuan raised his hand and said, "Of course!" I hope Senior Kui will accept it."

Kui Dou was puzzled: "Fellow Taoist Wen Yuan, Kui doesn't understand. It seems a bit uneconomical for you to give away such a precious 'Water-reverse Divine Pill' in order to seek refuge in our Heavenly Holy Mountain!"

"Senior Kui, I know that this water-defying divine elixir is precious, but this water-defying divine elixir is only effective against true gods of the water system. The senior is a wood-type cultivator, and has not reached the realm of cultivation, so he is of no use at all. Instead, he is of great use to the senior."

"In this case, I might as well dedicate myself to Senior Kui and find a good future for myself."

19 These words were explained in a reasonable and reasonable manner, and made Kui Dou feel very comfortable. ,

However, he still didn't believe it, and smiled and said:"You have this magic pill, you can choose other top forces. Presumably for the sake of the elixir, they will also take you under their wing. Why did they choose me?....."

"Senior, you don't know something. There are many water cultivators among the top ten forces, but it is extremely rare to have such a high level of cultivation as senior. Moreover, Tiansheng Mountain ranks third among the top ten forces and can be allocated more. Quota for admission to Guixu...."

"Are you going to enter Guixu?!"

Kui Dou's expression became serious.

Wen Yuan took a deep breath and said:"To be honest with you, senior, I want to join Tiansheng Mountain just to get a chance to enter Guixu. And senior has a respected position in Tiansheng Mountain, so for It can be said that it is a piece of cake for seniors to fight for a spot.....",

"hehe! You are well-informed, and you actually know what Guixu is going to start. However, when you say this, I understand why you gave the elixir....."

"I hope seniors can give me this opportunity!"

"this.....That's it! I will accept this elixir and give you this fate....."

Kui Dou hesitated for a while and then readily agreed.

Wen Yuan was overjoyed:"Thank you, senior!"

Kui Dou smiled coldly:"Although I have promised you, I have to say something ugly ahead. The place of Guixu is extremely dangerous. Even if the true god enters, you may fall. You only have the cultivation of a false god. It's a narrow escape if you go in, you must go...."

Wen Yuan raised his hand and said:"Senior, life and death are determined by fate, wealth and honor. If I accidentally fall into it, it will be like this. I will not blame anyone....."

"good! Then go back and wait for news from me. I need to report this matter to my ancestor and ask him for a place!

Wen Yuan was overjoyed:"Thank you for your hard work, senior!""

At that moment, Wen Yuan resigned.....

After Wen Yuan left, Kui Dou looked at the god in his hand greedily. At this moment, behind the screen in the hall, a beautiful woman

"Kui Dou, do you really want to arrange a spot for this person?"-"certainly! I, Kui Dou, have always been in the cultivation world. If I don't give it, my reputation will be ruined. Besides, one quota in exchange for a water-defying magic elixir is a great deal!".

Kui Dou put away the Water-Reverse Divine Pill in his hand.

The beautiful woman glanced at it, showing a hint of envy.

Then, she said cautiously:"Kui Dou, don't you think it's strange? The Water-Resisting Divine Pill is extremely precious, even a true god cannot get it. How could a little false god like Wen Yuan have such a precious elixir?"

"He wants to enter Guixu at all costs, is there anything fishy about it? Kui

Dou said nonchalantly:"Maybe he got this elixir by chance. It was of no use to him, so he gave it away." Besides, with a false god like him, what could be so tricky about him? Even if there is something fishy about him, he will still make some big waves!

Hearing this, the beautiful woman nodded slightly:"That's right." This person's cultivation level is too low and he really can't make big waves. However, the spiritual roots of heaven and earth are treasured in Guixu, which are only opened once in a trillion years. It is also a great opportunity that only occurs once in a trillion years in our south. Don't let Xiao Xiao ruin it!"

"Do not worry! I know it well! Why worry about a little false god? It's good if he can come out alive. Not everyone is qualified to receive that opportunity. Even if you and I are true gods, we have to be wary when we go in....."

Kui Dou didn't take it too seriously.

At that moment, the beautiful woman nodded slightly:"That's right....."

But these two people didn't know that after Wen Yuan returned, he entered a secret training room.

In the secret room, Wen Yuan opened various restrictions.

After making sure that everything was safe, he sealed the seal again and again.

The next second, light and shadow flashed across his body, and strange figures emerged from his body.

In the blink of an eye, there were seven more figures in front of him, and they were all gods.

"Wen Yuan met seven sages!"

Wen Yuan saluted respectfully.

"Little friend Wen Yuan, there is no need to be polite!"

"My friend, how are things going?"

The seven gods were extremely polite to Wen Yuan.

"Let me tell you all, the matter has been settled....."

"Is Kui Dou trustworthy?"

"Don't worry, Your Majesty, Kuidou is a man of good credit. Tiansheng Mountain has enough places, and they don't mind allocating one. The most important thing is that the younger generations have low cultivation and they will not doubt it...."

As soon as these words came out, the seven gods all showed great joy.

"Little friend Wen yuan, you have made great contributions to our northern God Realm this time!"

"Ha ha!! As long as we sneak into Guixu, once the spiritual roots of that day mature, we can get a share of the pie....."

"Tsk ts!! When I think of the spiritual roots of heaven and earth that only mature once in a trillion years, I can't help drooling 443. I wonder how many immortal fruits that spiritual root can bear this time?"

"hey-hey! No matter how many fairy seeds it produces, as long as each of us grabs one, we will make a profit. This is taking food from the mouth of the tiger's mouth from the hands of the gods in the south. Don't ask for more....."

"If this happens, little friend Wen yuan will be the first to take credit!"

"Of course! I'm afraid the people in the Southern Alliance never imagined that little friend Wen Yuan is the master of the universe....."

"hey-hey! Little friend Wen yuan is a future peerless genius in our north. How can we compare with this poor and weak south? Even if they were given hundreds of billions of years, they still wouldn't be able to give birth to a master of the universe....."

This Wen Yuan is actually an extremely rare master of the universe, so he can hide seven northern gods in his body without anyone noticing.

It can be seen from the attitude of these seven gods towards Wen yuan that the Lord of the Universe has a very high status in the northern part of the God Realm.....

Of course, Wenyuan is only the master of a single universe and cannot be compared with Qin Feng, the master of dual universes.....

Time flies so fast, one day passes in a blink of an eye.

This day is the day of great competition among the major powers.

People from the Fire Virtue Realm, the Blue Pond Realm, the Double Dragon Realm, and the King of Hell Realm arrived at the venue early.

They have already secretly united and are waiting to attack the Qingqiu clan..

Chapter 844

At the same time, there was a reception room at the Star Alliance station.

People from the Star Alliance and the Qingqiu clan gathered together.

Qin Feng sat in the middle of the crowd. Both the people from the Star Alliance and the women of the Qingqiu clan were all respectful to him.

Since signing the contract, Qin Feng's status in the hearts of the girls in Qingqiu has greatly improved, and their relationship has become closer.

It seems that Qin Feng is already the master of the two major forces

"Qin Feng, when will Feng Di's sister come out of seclusion?"Qinglin asked with concern

"Not sure! She is at a critical moment now and should not be disturbed. Just keep waiting!"

"oh!"

Qinglin said no more, but there was some anxiety in his eyes.

Star Master Ziwei, Fuzhi, Hongyue and others were also anxious.

The competition is about to begin, and Emperor Feng has not yet left.

If the time is delayed for too long, it will be cancelled. Qualified.

Qin Feng was also a little anxious.

He closed his eyes and sensed the movement in the dual universe....., the time flow rate of the dual universe is more than 3,000 times that of the outside world.

An hour has passed in the outside world, and more than four months have passed in the dual universe...

Qin Feng wants to delay Feng Di for some more time. Even if it takes half an hour, Feng Di can still stay in seclusion for more than two months...

As long as Feng Di can go smoothly Once you are out of seclusion, you can compete with everyone else...

If it doesn't work, you can only let Emperor Feng give up the competition.

No matter what, he would not interrupt Fengdi's retreat, as that would be a waste of the Fire God Pill.

It turned out that Qin Feng gave the remaining Fire God Pill to Feng Di, and lent the Creation Fire to Feng Di to forge the body...

After all, Feng Di had the highest fire talent among his subordinates, so she came to the body forging effect. would be best.

As long as the Phoenix Emperor succeeds in forging his body, his strength will definitely grow greatly.....

And Qin Feng is waiting for Emperor Feng to come out of seclusion, not because he needs the combat power of Emperor Feng, but because he needs the divine fire of creation...

Emperor Feng has not finished forging his body, so he naturally wants to continue to leave the divine fire for Emperor Feng to use.....

"Brother, what kind of physique can Sister Feng Di get after completing her body training this time?..~? "

Chu Chu's voice interrupted Qin Feng's thoughts

"Hard to say! At the very least, it must be a body of fire virtue!"

Qin Feng raised his head and looked at his sister.

This girl is becoming more and more intelligent, and her cultivation has also broken through to the pseudo-god realm.

Speaking of which, the strength of everyone in the Star Alliance has exploded during this period.
.....

With the help of a large amount of God-Cleaning Pills, God-Building Pills, and Pseudo-Extreme Pills, everyone's strength increased greatly.

In addition, Qin Feng spent a lot of merit points to integrate the newly obtained spiritual weapon Jiuyin White Bones into the Earth Mother Scripture, and obtained a new spiritual weapon-the Earth Bone Spiritual Book.

The Earth Bone Spiritual Book uses white bones as its roots and scriptures as its pages. Its defense has reached the level of top-grade heaven and earth spiritual weapons... Once this divine book is completed, the top-grade heaven and earth energy will nourish the entire clan, allowing the overall strength of the Star Alliance to increase again...

This continues. , Fengdi, Fuzhi, Panzu, Qin Baobao, and Minghe all broke through to the peak of false gods.

More than a dozen people, including Tianfu Star Master, Diqun Star Master, Yu Qichu, etc., all broke through to the false gods..The number of quasi-gods increased by more than twenty.

What makes Qin Feng even more delighted is that his son Hongjun broke through to the false god Dzogchen....., with the help of Hongjun, the Master of Ziwei Star also broke through to the Great Perfection of False Gods...

In short, the overall strength of the Star Alliance has been greatly improved. Even without Qin Feng, it is completely comparable to a large force.

The improvement in the strength of these subordinates has also increased Qin Feng's combat power to 6440 trillion Zi.....

"Your Majesty, there is still a quarter of an hour before the meeting is about to begin. Why don't we go gather first?...."

The Lord Ziwei proposed

"Whatever!"

Qin Feng nodded slightly, time was indeed pressing.

At this moment, a monstrous momentum surged in the dual universe, shaking the earth.....,

"Ding! Congratulations to the host, your subordinate Feng Di has successfully forged his body with the divine fire of creation, and his physique has evolved into the body of the Holy Fire....."

"Ding! Emperor Feng's cultivation level breaks through to the Great Perfection of False God.....Combat power surges....."

"Ding! The Phoenix Emperor's divine base automatically reorganizes...its three-yuan divine base automatically evolves into the nine-pole divine base...its combat power skyrockets....."

"Ding! The host receives feedback from his subordinate (Feng Emperor) in combat power... Your combat power increases to 6600 trillion Zi....."

Emperor Feng finally succeeded!

Qin Feng was overjoyed and his eyes sparkled.

He originally thought that Emperor Feng would have the body of Fire Virtue at most, but he didn't expect that he would evolve into the body of Fire Saint.....

With the body of the Fire Saint, Emperor Feng has the hope of cultivating to become a god in the future.

What Qin Feng didn't expect was that at the moment when Emperor Feng's physique evolved, he could reorganize his divine base and evolve into the Jiuji divine base.....

You know, once the divine base is finalized, it is almost impossible to change.

This time, Emperor Feng was able to reorganize the Divine Foundation, which was truly a great opportunity and was unheard of.

Jiuji Divine Foundation is extremely rare in the entire south.

Emperor Feng is the only Jiuji Divine Base among his many subordinates, except of course Hongjun.

And the pseudo-god Dzogchen of the Jiuji Divine Base is as powerful as the threshold of a true god.....

"Huh! Qin Feng looks happy when he sees you. Could it be that Emperor Feng has left seclusion?"

Qinglin has always been careful.

"You are really sharp! Let's take a look!"

Qin Feng smiled and waved his hand, and a magic lamp flew out of the void and merged into his body.

The next second, the void shook, and Feng Di appeared in front of everyone out of thin air.

As soon as she appeared, she was radiant.

The false god The aura of great perfection instantly enveloped the entire hall.

"Huh! The false god has reached perfection!"

All the girls looked overjoyed.

Emperor Feng was also full of joy.

"Sister Fengdi, what's your physique now?"

"The body of the Fire Saint!"

As soon as these words came out, all the girls showed envy, even Qinglin and Ziwei Star Master.
.....,

"Brother, Sister Fengdi has made great progress. Your strength has also improved a lot, right?"

Chu Chu suddenly looked at Qin Feng.

Qin Feng smiled and said nothing.

His current combat power is 600 trillion Zi, and he is not afraid even if he faces the Holy Ancestor of Heaven.

What's more, he still has the Creation Fire as his trump card.

"Time is running out, it's time to go!"

Qin Feng waved, and the shadow clone appeared.

At that moment, a group of people headed towards Lingyun Palace..

Chapter 845

At the same time, in Lingyun Palace, 374 large forces were present.

The platform was full of people.

Only the cloud platforms in the Star Alliance Realm and Qingqiu Realm were still empty.

This can't help but get everyone talking.

Nowadays, Star Alliance Realm and Qingqiu Realm are regarded as the top five forces by default, and they have naturally become the focus of people's attention.

"The people from the Qingqiu clan and the Star Alliance haven't arrived yet. Aren't they also recruiting helpers?"

"Unlikely? The masters above the pseudo-god level in the south are basically all here, and I haven't seen any changes! They wanted to learn from Huodeshan, Bichitang, and Shuangjiao Pavilion, but it was already too late....."

The crowd murmured.

Many people looked in the direction of Huode Mountain, Bichi Hall, and Shuangjiao Pavilion with strange eyes.

These three forces are obviously different from three days ago.

Beside Huode Tianjun, Bichi Laomu, and Shuangjiao Kunzhong, the number of true gods has doubled, and there are even three more powerful true gods.

As for these true gods, everyone knows that they come from other large forces, including some of the top fifteen large forces.

Obviously, these three major forces have secretly reached an agreement with some powerful forces to allow some true gods to join them, thereby increasing their power.

Such things have happened in the past competitions, but at most they were true god level transfers, and the number was very small.

But like the three major forces each absorbing a dozen true gods, a total of more than 30 people together, including the true god Dzogchen. It can be said that the actions are large and amazing. This is the first time for everyone to see them.

"Looking at this battle, the three major forces must have paid a heavy price413!"·

"yes! This time, the power of the three major forces has increased by 60%. The situation of the Star Alliance and Qingqiu is not good!"

"hey-hey! These are battles for the top powers. We are not qualified to participate, so we can just watch the show....."

Whispers among the crowd.....

Unconsciously, this ranking competition turned into a battle between two parties.

One side is Xingmeng and Qingqiu, and the other side is Huodeshan, Bichitang, and Shuangjiao Pavilion.

The rest are just foils!

At this moment, on one side of the three major forces, Huode Tianjun and others were also chatting.

"Fellow Daoist Bichi, the people from Qingqiu and Star Alliance haven't come yet. Could it be that they got some news and are scared?"

Huode Tianjun had a teasing smile on his lips.

"I think so too!"

The two of them looked at each other and smiled even more.

"Two fellow Taoists, do you think Qingqiu and the Star Alliance will learn from us?"

The Golden Dragon Emperor was a little worried.

Huode Tianjun sneered: "Learn? How to learn? Brother Jinjiao, look around here. All the true gods and above are here. Where are they going to find people?"

As soon as he said this, the Golden Dragon Emperor looked around and it was indeed like this, and he couldn't help but secretly breathed a sigh of relief.

After the three of them reached an agreement with the Heavenly Saint Ancestor, they went back to plot again, and after all, they were unwilling to give up the Zhenji Pill.

In the end, the three families decided to take a surprise first, join forces to kill Qin Feng, and then concentrate their strength to kill Qin Lei.

Without Qin Feng and Qin Lei, Qingqiu and the Star Alliance are not worth mentioning.

Not to mention fighting for the Zhenji Pill, even if they are in the top fifteen None of them can get in.

These people don't know that the so-called Qin Feng and Qin Lei are both Qin Feng.

In their view, the biggest threat is Qin Lei from the Star Alliance, whose strength is comparable to the half-step god of Jiuji Divine Foundation.

As for Qin Feng in Qingqiu, his strength is barely half a step to the level of a god.

"Fellow Daoist Huode, do you think that if we join forces, we can really destroy Qin Feng within a quarter of an hour?"

The Golden Dragon Emperor is still a little worried.

He was scared last time when he was beaten by a shadow clone.

"Ah! Fellow Taoist Huode, our three major forces have joined forces to temporarily recruit so many true gods. Together with the people from the Palace of Hell, it is equivalent to three half-step gods, six true perfections, twelve true gods at the peak, and more than ten. True gods join forces....."- "With so many masters attacking with all their strength, they still can't kill one Qin Feng? Not to mention a quarter of an hour, even if it is killed within a minute, it is very possible!"

Huode Tianjun looked confident...Mother Bichi also smiled and said:"As long as Qin Feng is destroyed, Qingqiu Realm will not be a concern, and Senior Tiansheng's wish will be fulfilled. Then, we will join forces to deal with the Star Alliance....",

"You two, when we deal with Qin Feng, will Qin Lei rush to support us?"

"He couldn't save him in time! Unless he can arrive within a minute, do you think that's possible?"

Mother Bichi and Lord Huode both showed proud smiles.

They were afraid of Qin Lei, but not Qin Feng, and did not take Qin Feng seriously.

"Not to mention Qin Feng, Qin Lei must die this time, and everyone in the Star Alliance must die, no one is left alive!"

"This is natural! The women of the Qingqiu clan are wanted by Tiansheng Mountain, so it is not convenient for us to kill them. The same cannot be said for the people of the Star Alliance. Kill them all when they should be killed and leave no trace of trouble!"

"hehe! In addition to Qin Lei, a pseudo-god called Dzogchen, the Star Alliance only has four pseudo-gods left, which cannot be put on the stage at all....."

Just after saying this, there was movement at the entrance of the hall.

Everyone looked around and saw people from the Qingqiu clan entering.

The leader is Qin Feng.

Everyone didn't know that this Qin Feng was not the shadow clone from last time, but Qin Feng himself.

Following Qin Feng were the three Qinglin sisters, and then the Qingqiu girls...

Huode Tianjun and others glanced at each other and smiled at each other.

"Everyone, did you see this? There have been no changes in the Qingqiu Realm staff. It seems they can't find any foreign aid....."

Huode Tianjun and others secretly rejoiced.

At this moment, people from the Star Alliance also came in, causing a commotion...

Even Huode Tianjun and others showed surprise.

I saw that there were more than double the number of people in the Star Alliance than last time, reaching more than ninety people.....

There are three pseudo-gods in Dzogchen, five at the pinnacle of pseudo-gods, a dozen pseudo-gods, and the rest are all quasi-gods... Just looking at their cultivation, they have more than doubled compared to the last time.

Huode Tianjun and others were stunned. One by one, you looked at me and I looked at you. Some of them couldn't believe it....., only three days have passed, and the Star Alliance actuallyIt rose so fast...

This made them feel inexplicably uneasy.....

Even Wen Yuan, who was hiding in the crowd, looked stunned.

This was the first time he had seen a force's strength improve so quickly.

The southern part of the God Realm is really weird!

At this moment, the scene actually became a little quiet.

Everyone looked at the Star Alliance silently.....

"Fellow Taoist Huode, this Star Alliance is a little weird....."

"Don't worry! Although the number of them has increased, they are all false gods and have no influence....."

Huo De Tianjun and others quickly regained their confidence.

They don't believe that every false god in the Star Alliance can fight across ranks like Qin Feng.
.....

After a while, the Qingqiu clan and the Star Alliance took their positions.

Qin Feng soon discovered that there were more true masters from the three major forces, but he didn't pay too much attention.

Qinglin was a little worried.

Just as she was about to remind Qin Feng, the sky above the hall shook, and waves of heavenly power came pressing down...

Everyone looked up and saw ten super large cloud platforms descending from the sky.

Sitting on those ten cloud platforms are people from the top ten forces.

The atmosphere in the audience suddenly became serious, and no one below dared to say anything.
.....

Qin Feng also looked up and saw people from Tiansheng Mountain on the third cloud platform.

The ancestor of Tiansheng is sitting in the center of the cloud platform.

At this moment, the Heavenly Saint Patriarch was looking at the three major forces in the Fire Virtue Realm with curiosity.

Obviously, he saw changes in the lineups of the three major forces.

After a moment, he smiled knowingly.

It seemed that Huode Tianjun and others were determined to win the competition, so he felt relieved.

"Fellow Daoist Tiansheng, this conference is quite interesting! It seems that girl Qinglin can't escape from your grasp....."

A god also saw the changes in the lineup below and couldn't help but joke.

The other gods also looked at each other and smiled, everyone knew what was going on.

Patriarch Tiansheng smiled and said nothing.

This scene was not a sound transmission, everyone below heard it.

For a moment, everyone had strange expressions on their faces, secretly thinking that even the gods were not optimistic about Qingqiu Realm, and they were afraid that Qingqiu Realm would really lose.

Huode Tianjun and others were naturally secretly happy.

The girls in Qingqiu and everyone in the Star Alliance all frowned, secretly thinking that these gods looked down upon them.....

It seems that they are used to being aloof and do not know that Qin Feng is no longer under them. This time it will definitely open their eyes.....

At this moment, another ray of heavenly power descended from the sky.

Gengyi Tianzun slowly fell from the sky.

He glanced around and said:"It seems that everyone is here. The next competition will be hosted by me!"

As soon as he finished speaking, the jade tablet in the center of the hall emitted a spiritual light and made a clear sound.

The competition is finally about to begin.

Many people showed nervous expressions on their faces..

Chapter 846

As soon as he finished speaking, the jade tablet in the center of the hall emitted a spiritual light and made a clear sound.

The competition is finally about to begin.

Many people showed nervous expressions on their faces.....

The next second, the initial ranking and points are displayed on the jade tablet.

1st place, Qingqiu Realm (Qingqiu Clan): 391440 points...

2nd place, Baizu Realm (Baizu Mountain): 9372 points.....

3rd Place,.....

No. 374, Star Alliance Realm (Star Alliance): 344 points.....

.....

The points and rankings have continued the results of the last competition.

The Star Alliance replaced the White Bone Realm and inherited the White Bone Realm's points of 344 points, ranking third from the bottom...

As for the highly popular Fire Virtue Realm, Bichi Realm, and Double Flood Dragon Realm, they were all ranked outside the 300th place.....

As soon as this initial result appeared, Huo Detianjun and others were very unhappy, and they all showed disdain.....

In their opinion, it was entirely because the Star Alliance concealed its strength that they were surprised and allowed Qingqiu Realm to get so many points...

In other words, they thought the Star Alliance was close to cheating, and they were very unconvinced.....

Of course, they don't want to admit the excellence of the Star Alliance, that's why they think so.....

Even the ancestor of Tiansheng showed a touch of disdain when he saw the difference in points.
.....

At this moment, Tianzun Gengyi waved his hand, emitting tens of thousands of golden lights.....

Each ray of golden light is a jade talisman used to record competition points and information.

The contestants caught the tokens one after another and bound them with blood according to the rules.

Afterwards, everyone penetrated their spiritual consciousness to check the jade talisman, which recorded the rules and information of this competition.....

After a while, everyone looked happy after reading the message.

The competition method this time is a little different from the past.....

Even Qin Feng's eyes shone, secretly thinking that this competition was a bit interesting...

At this moment, the voice of Tianzun Gengyi sounded in the sky above the hall.

"Everyone, have you read the competition rules?"

Gengyi Tianzun looked down at the audience

"This competition is held in the magical world of spiritual water. What you have to do is to kill the essence of water mist."

"Let me remind you, those water mist spirits are born from the violent energy emanating from the spiritual roots of heaven and earth. Some are born only a few hundred years ago, and some are born hundreds of billions of years ago. Their strength ranges from quasi-gods to half-step gods....."

"They are a special kind of spirit, between living things and non-living things. They have the special ability to melt the divine base and suck the soul of heaven. You must be careful....."

"In addition, I would like to remind everyone that this competition does not advocate killing each other. Anyone who actively attacks other players will be forcibly deducted 10,000 points....."

"Points will not be deducted if the attacker counterattacks. In addition, if you kill a player without any reason, 100,000 points will be forcibly deducted. If a player is killed in self-defense, points will not be deducted....."

"Do you all understand?"

Gengyi Tianzun glanced at everyone.....

In the crowd, Huode Tianjun and others couldn't help but glance at Qin Feng, and they all showed a sneer...

Even if there are restrictions in the rules, they can't stop them from killing Qin Feng.

It's just 10 points, they can fully afford it.....

"OK! Without further ado, let's start the competition!"

Seeing that there were no objections from the candidates, Gengyi Tianzun waved his hand, and the surrounding space shook, and a white light door appeared in the center of the hall.....

"The entrance is open!"

"Let's go! Take the time to kill the monsters. The more you kill, the more points you get and the more benefits you get....."

All the players are excited.....

Immediately, several impatient players rushed towards the entrance.

The next second, all the players followed closely and filed in.....

"Qin Feng, let's go in too!", Qinglin whispered.

Unknowingly, she had given all the control to Qin Feng

"Um!"

Qin Feng nodded slightly and led the Qingqiu girls towards the entrance.

The shadow clone led the Star Alliance people to follow closely.

Just when Qin Feng arrived at the entrance and was about to go in, he felt a pair of cold eyes. From the looks of his eyes...

When he raised his head, he saw the Heavenly Saint Ancestor looking at him coldly, with a hint of ridicule hanging from the corner of his mouth.....

Qin Feng frowned slightly and sneered in his heart.

It seems that this old guy thought he was done with.

He didn't bother to pay attention and stepped directly in...

People from Qingqiu and Star Alliance also entered the competition area...

After seeing Qin Feng and others all entering, Huode Tianjun and others looked at each other.....

"That kid is in!"

"let's go!"

At this moment, people from the Fire Virtue Realm, the Bichi Realm, the Shuangjiao Realm, the Yan Shen Realm and others followed closely.....

Seeing this scene, Patriarch Tiansheng showed a proud smile.....

But Qin Feng stepped into the light door and found himself in a place similar to the vast world in the next second.....

It was surrounded by fog, the ground was a swamp shrouded in miasma, and the sky was gray, and the sun, moon and stars could not be seen.

In the distance there are mountains, rivers, lakes, and even further away there are seas and icebergs.....

According to the introduction in the Jade Talisman, this is a real world condensed by the laws of ice and water...

According to the introduction in the Jade Talisman, this world was jointly created by the masters of the three superpowers.....

In addition, this world is connected to the crack in Guixu.

The Gui Xu contains immeasurable hostility and water mist spirits...

The water mist spirits in this world escape from the Gui Xu.....

The spiritual roots of that day mature once every one trillion years, and after maturation, a large number of by-products are born, which are endless hostility and water mist spirits...

This time, the three superpowers attracted some water mist spirits, Came to assess these contestants...

But Qin Feng just finished looking around, and there were cheers of surprise not far away.

"Monster! There are monsters!"

"Don't grab it! Don't grab it! This was discovered first by us in Wumeng Territory....."

Hearing these shouts, Qin Feng looked up and saw a pale white shadow floating over the swamp not far away.

The shadow resembled a human figure, similar to a mass of mist, exuding a faint aura.

Without the aura, it would be difficult to distinguish. In the blink of an eye, it is not much different from the surrounding miasma...

Judging from the intensity of the aura, it should be the weakest quasi-god-level spirit.

At this moment, eight quasi-gods are running towards it.....

Killing the lowest quasi-god-level monster will give you 1,000 points!

This competition not only compares strength, but also luck and means.

Whoever kills more will get more points.

In other words, that side has a large number of people and has a huge advantage.....

But the spirit said that when it saw eight humans rushing towards each other, it did not avoid it, but instead faced it.....

Everyone suddenly burst into laughter, secretly thinking that this thing really has low intelligence!

A quasi-god-level spirit faced eight quasi-god humans and was obviously at a disadvantage.

But instead of running away, this spirit took the initiative to fight. It was obviously not smart enough.....

"Let's take action together! Destroy it!"

With a loud roar, the eight quasi-gods attacked the spirits together.....

These eight people come from the same origin. They are all people from the Wumeng realm. Naturally, they work together.....

Boom~! Boom~! boom~!

Eight attacks were fired at the same time, with astonishing power.....

Bang~! Bang~! boom~!

Eight attacks hit the spirit monster at the same time...

The spirit monster was instantly blasted away, turning into mist that filled the sky...

The eight people were overjoyed, thinking that this was all too easy.

But before they could finish rejoicing, a sudden change occurred...

The mist in the sky condensed instantly, and the monsters were reborn and pounced directly on the nearest person.

The man was shocked, and quickly formed a light shield to resist... but the spirit ignored the light shield, passed through, and immediately penetrated into the man's body.....

The man felt as if he had been electrocuted, his whole body convulsed violently, and he let out a shrill scream.....

Then, the man's body shrank rapidly at a speed visible to the naked eye, and his skin quickly withered and shrank... In the blink of an eye, only a piece of human skin was left of the man, and his body turned into a pool of yellow water, and a cloud of white mist emerged from it. Flying out from under the human skin, it was the water mist spirit monster...

This scene immediately made everyone dumbfounded.....

Eight quasi-gods besieged a water mist spirit monster, and one of them was actually killed by the opponent... What's even more frightening is that the water mist spirit monster can not only melt flesh and blood, but also melt the divine base, leaving that person without even a chance to be resurrected...

But it was said that after the water mist spirit monster killed one person, it seemed to have become stronger and pounced on the other seven people again...

The seven quasi-gods screamed in surprise, turned around and ran away, but they did not dare to fight against them...

A false god Seeing this, they met the water mist spirit monster...

The two sides immediately fought together, and they were evenly matched.

When everyone saw this scene, they couldn't help but take a breath...

Only a false god can beat a quasi-god spirit...

The difficulty of this test was much more difficult than they imagined.

No wonder, killing one A quasi-god realm spirit can score 1,000 points.

At this moment, deep in the swamp, thick fog rolled in, and five or six more spirits appeared and pounced directly on the crowd.....

One of them was even a pseudo-god-level spirit...

There was a commotion in the crowd, and dozens of people immediately fought against it.

The pseudo-god-level spirit was stopped by a true god.

The two sides were fighting together, and they were inseparable...

But this scene made everyone's hearts sink.

If all these monsters can leapfrog and fight, then humans will have the advantage.

You know, there are semi-god-level spirits here, and it doesn't take a god to deal with them...

This thought made all the players a little confused.....

"Qin Feng, this competition is much more difficult than before!"

Qing Lin whispered, with some worry on his brows.

Just after she finished speaking, the battlefield changed again.

I saw that the pseudo-god-level monsters actually killed the true god and retreated...

This time, the crowd became even more panicked.

No. Really?

The true god can't deal with the pseudo-god-level spirits?

But before everyone could think about it, the mutation regenerated.

The surrounding swamp fog rolled violently again, and then hundreds of water mist spirits rushed out from the fog in all directions and rushed towards the crowd. Come and kill them...

Obviously, the fighting here has attracted all the spirits around.....

Someone with sharp eyes suddenly saw that among the hundreds of spirits, one of them was at the pinnacle level of a true god, and he immediately screamed.....

"Oh my God! Really...a true god's pinnacle level spirit!"

"Oh my God! This...what should we do!"

"Is there any master of the True God's Dzogchen? Hurry...stop it quickly!"

"The true God's Dzogchen master hasn't come in yet! Quick... run quickly!"

There was panic in the crowd.....

Even the true gods have fled.

Facing the peak-level spirits of the True God, only the True God's Dzogchen can stop them...

In the blink of an eye, all fighting stopped.

Everyone gave up fighting and scrambled to escape.

Hundreds of spirits, led by the peak true god, chased thousands of humans...

The humans ran away in panic, all the wayThe roars continued, for fear that if they were too slow to escape, they would be sucked into human skin...

At this moment, these people just ran away, not even daring to look back...

At this critical moment, a golden sea of fire rose behind the crowd, like Like destroying the heaven and the earth, it rolled out toward hundreds of spirits and monsters...

Wherever the sea of fire went, it was like the world was being destroyed, and the heaven and earth were scorched.....

Whether it was a quasi-god-level, pseudo-god-level spirit, or the true god-level spirit, they were all evaporated in an instant and killed on the spot... In just one second, hundreds of spirits were killed instantly!

The person who took action was Qin Feng.

At this moment, Qin Feng was greatly surprised.

Killing a quasi-god-level monster is worth 1,000 points, a pseudo-god-level monster is worth 10,000 points, and a true god-level monster is worth 100,000 points...

Killing hundreds of them in one second makes his points skyrocket.....

Sure enough, the Creation Fire can instantly kill these monsters.

Qin Feng waved his hand and took back the sea of fire into his body.....

Only hundreds of black and silver water droplets were left in the sky, each containing energy that could destroy the world.

Seeing these water droplets, Qin Feng showed great joy.

Sure enough, the introduction in the Jade Talisman Assessment is true.

Although these spirits are difficult to deal with, after killing them, the extremely precious essence of Guishui and Renshui will be left behind.

The black water droplets are the essence of Guishui, and the silver water drops are the essence of Renshui...

Any drop is a big harvest, and the hundreds of drops in front of you are a big harvest.

Qin Feng waved his hand and put away hundreds of drops of Rengui water essence.....

Among them were the peak-level spirits of the True God, and the one left behind was the largest, as big as a fist...

After collecting the loot, the Qinglin girls gathered around

"Wow~! Brother-in-law, you are so powerful, you killed hundreds of monsters in one go....."

"This is not the place to talk! let's go!"

As soon as the words fell, Qin Feng left first.

Qinglin and the others followed closely.

Qin Feng felt that the essence of Rengui Water was of great use. He wanted to find a place where there was no one to try it, so he couldn't wait to leave.....

But it was said that thousands of players were fleeing.

Escape! Escape!

Everyone suddenly felt something was wrong.

Why does it feel like no one is chasing me behind me?

At that moment, everyone couldn't help but look back.

At this glance, everyone was surprised to find that hundreds of spirits disappeared out of thin air, leaving only a scorch mark between the sky and the earth, and the departing figures of Qin Feng and others..

Chapter 847

Everyone looked at the backs of Qin Feng and others, a little confused.

Soon, Qin Feng and others disappeared from everyone's sight.....

For a long time, everyone looked at me and I looked at you, with strange looks on their faces.....

"strangeness! Where did those hundreds of monsters go?"

"Was it destroyed by people from the Star Alliance and Qingqiu?"

"This is impossible! I didn't even hear the fighting, but I felt a burst of high temperature....."

Many people looked at the scorched marks on the world in front of them and nodded slightly.

They had felt the heat before, and it was fleeting.....

"I don't think it's possible either! Even if the Star Alliance has Qin Lei and Qingqiu has Qin Feng, if the two masters attack together, it is impossible for us to destroy so many spirits without our knowledge.!"

"Makes sense! I also think it's impossible! Unless those monsters are killed instantly by them, this will not cause a big disturbance....."

"But those monsters are extremely powerful! Especially the one at the pinnacle level of a true god. If he wanted to kill him silently, even a half-step god wouldn't be able to do it....."

An old man explained swornly.

Everyone nodded slightly, feeling that it made sense.

Seeing everyone's recognition, the old man felt an inexplicable sense of relief, and a smile appeared on his face...

But he was only halfway through smiling when an exclamation rang out from the crowd.

"Oh My God! Look at the jade talisman!"

Hearing this, everyone looked at the assessment jade talisman one after another.

When they saw this, everyone was dumbfounded.

They saw that the power points in the jade talisman had changed.....

No. 1, Qingqiu Realm (Qingqiu Clan): 8,468 million points...

No. 2, Baizu Realm (Baizu Mountain): 9,372 points.....

3rd Place,.....

"Oh my God! Qingqiu realm has more than 840,000 points!"

"Qing...Qingqiu realm suddenly increased by more than 400,000 points. Could it be...could it be that they really killed the previous spirits!"

"hiss~! "

As soon as these words came out, the whole audience gasped, and everyone looked at the backs of Qin Feng and others in great shock...

At this moment, there was no need to defend, everyone knew the truth.

The old man who was proud before was very embarrassed and his face turned red.....

At this moment, the miasma behind everyone rolled, and there was a sound of breaking through the air.....

Everyone followed the sound and saw a large group of people coming from the thick fog. It was another group of players...

After the players came in, not everyone appeared in the same place.

Instead, according to the order of entry, every three thousand people randomly appear in one place...

However, overall they are within a radius of a hundred miles, which is regarded as the starting point.....

After a while, the group of contestants walked out of the thick fog one after another...

The leader was none other than Huode Tianjun.

At this moment, his face was red and his eyes were proud.

The God of Hell followed behind him and kept flattering him...

Not long ago, after a group of them came in. I also encountered hundreds of spirits...

At first, everyone didn't understand the spirits, so they suffered a lot. Dozens of quasi-gods and seven or eight false gods perished on the spot.....

The most powerful one among them is the pseudo-god Dzogchen level. It is very powerful and it kills the most people. Even many true gods cannot do anything to it.....

Just when everyone was panicking, Lord Huode appeared from the sky and used the Nine-Mei True Fire to kill them.....

For a time, Huode Tianjun's amazing performance shocked the followers...

Then, under the leadership of Huode Tianjun, everyone worked together to destroy the other spirits...

The Huode realm was obtained in this opening battle. With more than 30,000 points, he is far ahead of other forces, which makes Huode Tianjun very satisfied...

While everyone is envious, they also continue to compliment Huode Tianjun.

The person who flatters you the loudest is the God of Hell.

"Lord Huode, this competition is simply tailor-made for you! Yan is truly envious!"

The King of Hell sighed with emotion all the way.

"Of course! Master Huode possesses Jiu Mei True Fire. The power of the Nine Real Fires is ten times that of the Samadhi Real Fire. Its power is infinitely close to that of the Ancestral Fire, which can restrain those water mist monsters....."

"yes! Lord Huode possesses the Nine-Measure True Fire, and can fight against spirits of the same level. We people are not so lucky. We are obviously cultivated as true gods, but we only dare to deal with pseudo-god-level spirits....."

Many people showed envy.

Even Old Mother Bichi showed a hint of envy.

This competition is obviously biased towards the fire cultivator, which is not good for her wood cultivator!

Lord Huode Tian felt very happy when he saw everyone's envious and admiring eyes.

He pretended to be humble and said:"I am just lucky! In fact, the power of those spirits is that they ignore defense and can melt the soul of the gods. In fact, their attack power is not strong. As long as we find their weaknesses, we can deal with them....."

Old Mother Bichi smiled bitterly:"Their weakness is that they are afraid of fire! Unfortunately, I don't have that method. By the way, Qin Lei got the Seven Treasures Lotus Fire last time, which is the ancestral fire, and it is more powerful than your Jiu Mei True Fire....."

Hearing this, Huode Tianjun's expression changed slightly.

Immediately, he said with disdain: "Then Qin Lei is not a fire cultivator at first glance. He got the Seven Treasures Lotus Fire and can't refine it, so what's the use? Besides, refining the Seven Treasures Lotus Fire requires the body of the Fire Saint. He has Haha!"

The God of Hell also agreed: "The body of the Fire Saint is rare even in trillions of years. Even Lord Huode is still a little bit far behind, let alone Qin Lei. By the way, the Qingqiu clan and Qin Feng doesn't know what's wrong...."

This group of people were walking and chatting, and only then did they think of business...

At this moment, they also saw a group of people in front of them.

The King of Hell quickly asked: "Have you people seen Qin Feng in Qingqiu?"

"Returning to Lord Yama, Lord Qin Feng has just left....."

"Um? Did he just leave? Which direction?"

When Qin Feng was mentioned, Huode Tianjun and others cheered up.

That was their first goal.

"Returning to the King of Hell, Lord Qin Feng left in this direction....."

"Let's chase!"

Huode Tianjun gave the order and was about to lead everyone away.

But at this moment, he seemed to have thought of something and turned back to look at the group of people.

"hehe! Seeing that you are all in good condition, you didn't encounter any water mist monsters when you came in! For the sake of telling me the news, I would like to remind you not to underestimate those monsters. At the same level, you are no match for them....."

As soon as he said this, someone in the crowd smiled bitterly

"Lord Huode, we have already seen it. Not long ago, our group was attacked by four to five hundred spirits....."

"What? Have you encountered four or five hundred?"

Huode Tianjun and others were shocked.

They had only encountered a hundred or so before, and they had to fight for a long time before they were eliminated.

But this group of people seemed to have finished the battle long ago, and it was not like they had encountered four or five hundred.Thinking of this, Huode Tianjun sneered:"How many people dare to lie in front of me? you....."

The man seemed to sense the evil intentions of Lord Huode Tian, and showed fear on his face.

He quickly said:"Lord Huode, I am really not lying! It is true that four to five hundred spirits appeared and were finally destroyed by Qingqiu and the Star Alliance....."

Huode Tianjun frowned:"Do you think I would believe such nonsense? The Qingqiu clan is mainly water cultivator and has no advantage in dealing with those spirits. How is it possible?....."

But before he finished speaking, the Jin Jiao Emperor's exclamation rang out from the crowd.

"Fellow Taoist Huode, look at the assessment jade talisman! Qingqiu Realm points have reached over 800,000 points, and Star Alliance has reached over 200,000 points....."

"Wha...what?!"

Everyone was shocked and took the jade talisman to have a look.....

1st place, Qingqiu Realm (Qingqiu Clan): 8,468 million points...

2nd place, Star Alliance Realm (Star Alliance): 236,400 points.....

3rd place, Huodejing (Huodeshan): 41200 points.....

4th place.....

Seeing this, the whole audience was stunned.

The faces of Huode Tianjun and others were extremely ugly...

They were complacent just now, but they didn't expect that Qingqiu Realm and Star Alliance Realm were already far ahead.....

The most frightening thing is, how long has it been since the opening, and Qingqiu and Star Alliance have already received such high points?

How is this done?!

They dare not imagine it!

"Fellow Taoist Huode, the situation is not good!" Mother Bichi's face looked ugly.

"It must be resolved quickly! All those above the true God follow me!"

Huode Tianjun looked gloomy and rushed towards the direction where Qin Feng left.....

Bichi Laomu, Jinjiao Kunzhong and others followed closely behind.

At the moment, under the shocked eyes of everyone, a team composed of true gods aggressively chased Qin Feng and others.....

There are nearly a hundred people in this team, and those with the lowest cultivation level are all true gods.....

In order to win the battle quickly, they have abandoned many of their subordinates and can no longer manage so many. Qin Feng has put too much pressure on them.....

At the same time, in this world, next to a lake shrouded in fog.

The girls from the Star Alliance and Qingqiu gathered around Qin Feng.

Along the way, they encountered many spirits and monsters, all of which were instantly killed by the phantom clones.

The phantom clone is an extension of Qin Feng's body, and can naturally use the Creation Fire.....

As a result, Star Alliance's points skyrocketed to more than 200,000 points, easily taking second place.

Because of this, Qin Feng gained a lot of Rengui water essence.....

At this moment, there was a drop of black Guishui essence and a silver drop of Renshui essence suspended in front of him.....

"Qin Feng, my grandma once told me that this Guishui essence can dissolve the divine foundation and cannot be swallowed....."

"And this Renshui essence can dissolve the heavenly soul, but it can't swallow it either....."

Qinglin and Hongyue were on the sidelines trying to persuade him.

Just now, Qin Feng took out these things and said he wanted to swallow them, which frightened them into death.

Although the essence of Rengui Water is a treasure, it cannot be swallowed directly, otherwise it will be a peerless poison that even the true gods cannot stop.....

"Don't worry, I know it!"

Qin Feng opened his mouth and sucked in, swallowed the two drops of essence, and closed his eyes.....

The faces of the Qinglin girls changed greatly.

They didn't expect Qin Feng to be so courageous.....

But the next second, a powerful momentum rose from Qin Feng...

After a moment, Qin Feng slowly opened his eyes, with a hint of joy in his eyes...

What the system said was indeed true, this Rengui Water is poison to others, but to himIt's a great supplement to enhance your strength.....

He still has hundreds of them on him..

Chapter 848

"Qin Feng, are you okay?"Qinglin looked concerned.

"Isn't this a good thing for me?"

Qin Feng had a smile on his lips.

Qing Lin looked carefully for a while and found that not only was Qin Feng fine, but his whole aura had also strengthened.

This shocked her!

The essence of Rengui water is extremely poisonous!

Qin Feng swallowed it How can it be okay if it goes down?

Hong Yue and Lu Ming also secretly breathed a sigh of relief. They were worried before.

The girls in Qingqiu were also relieved.

Unknowingly, Qin Feng became the support in their hearts.

None of them wanted to see Something will happen to Qin Feng.

Especially Hongyue and Lu Ming, they all left everything to Qin Feng.

If something happens to Qin Feng, they don't know what to do in the future.

Only everyone in the Star Alliance smiled, as if they had known it would happen. thing... after all, they knew that Qin Feng was not a reckless person after they had been together for so long.....

"Qin Feng, the essence of Guishui can dissolve the divine base, and the essence of Renshui can dissolve the heavenly soul. Are your divine base and heavenly soul really okay?"

Qing Lin is still a little worried.

Now her whole heart is tied to Qin Feng, and she doesn't want anything to happen to Qin Feng.

"It's fine! Although the essence of Guishui can dissolve the divine base, it cannot dissolve my divine base. On the contrary, after the essence of Guishui was swallowed by me, it automatically penetrated into my divine base, purified and strengthened my divine base, and improved my strength....."

"The same goes for the Renshui Essence. It automatically seeped into my Heavenly Soul, refined and strengthened it, and also improved my strength....."

These remarks made the girls in Qinglin dumbfounded.

The essence of Renguishui, the true gods are as afraid as tigers, and they don't dare to let the soul of the gods be stained at all.

It's incredible that Qin Feng used it directly to refine the Divine Soul.....

"Qin Feng, you are really different!"

Qinglin's beautiful eyes were full of joy, and she secretly thought that her vision was really good.

When she thought that after this competition, her red pill would be taken away by Qin Feng, her heart palpitated.....

"Husband, this is the first time I know that the essence of Rengui Water can refine the divine soul. In the past, it was used to refine magical powers, or added to heaven and earth spiritual weapons to enhance their power....."

"This is also the first time I know. This may be the opposite of everything. I'm afraid the true gods don't know it yet....."

"No matter if they know it or not, even if they know it, they don't dare to try it. Not everyone can compare with our husband....."

Hongyue and Green Ming were both full of pride...

Qin Feng smiled slightly and waved.....

The next second, the space shook, and hundreds of drops of Rengui water essence appeared out of thin air, suspended in the air...

Qin Feng opened his mouth and sucked it all in, then closed his eyes to refine it.....

"Ding! Congratulations to the host for successfully swallowing the essence of Guishui...your divine base has been refined....."

"Ding! Congratulations to the host god base for being successfully strengthened.....The host's physique changes and the water system qualifications are improved.....Combat power increased to 6760 trillion Zi....."

"Ding! Congratulations to the host for successfully swallowing the essence of Renshui...your heavenly soul base has been refined....."

"Ding! Congratulations to the host Tianhun for being successfully strengthened.....The host's physique changes and the water system qualifications are improved.....Combat power increased to 6850 trillion Zi....."

"Ding! Congratulations to the host, your physique has undergone its first transformation and has reached the level of water virtue body... your combat power has been increased to 6970 trillion zi."

After a moment, Qin Feng opened his eyes in surprise.....

What a great harvest this time!

Not only has his combat power been improved, but his physique has also changed...

He also did not expect that the essence of Rengui Water has a body-tempering effect similar to the Divine Fire of Creation.

The Creation Fire gave him a Creation Fire Body.

This essence of Rengui water allowed him to possess the body of water virtue, which obviously has not reached the upper limit...

On top of the body of water virtue, there is also the body of water saint, the eternal water body, and the creation water body.....

Qin Feng suddenly thought about what would happen if he had both the Creation Fire Body and the Creation Water Body...

That must be the combination of water and fire, which can conceive all spirits in the world and dominate all heavens and worlds.....

At this thought, Qin Feng's heart surged.....

It's a pity that too few people have swallowed the essence of Rengui Water. He still needs to swallow more of the essence of Rengui Water.....

"Qin Feng, what's the effect?"

The Qinglin girls looked forward to it, but at the same time they were a little worried.

After all, Qin Feng just swallowed too much in one go.....

"very nice! This thing is of great use to me, but it's a pity that there are so few...."

Qin Feng's expression was a bit unfinished.

The girls secretly breathed a sigh of relief and looked happy.

The Lord of Ziwei Star smiled and said:"Your Majesty, since this thing is useful to you, we will collect it and give it all to you after we get the essence of Rengui Water....."

"That's a good idea!"

"Just do it!"

Everyone nodded.

"Everyone, as mentioned in the Jade Talisman Assessment, the number of these water mist spirits is limited, we must hurry up to avoid being snatched away by other forces..."

Hong Yue couldn't wait.

"Hold on!"

Qin Feng waved his hand, and more than a hundred gray spiritual lights flew out and merged into everyone's bodies.....

As soon as the spiritual light enters the body, it automatically blends into everyone's sea of consciousness, wrapping everyone's divine souls, forming a gray protective shield.....

"Qin Feng, what is this?", Qinglin couldn't help but ask.

She felt that the gray protective shield contained the breath of Rengui water, and it also contained the breath of Qin Feng's soul power.

"Those gray masks contain the properties of Rengui Water and part of my soul power, which can help you resist the possession of water mist spirits."

"The most terrifying thing about those water mist monsters is that they ignore all kinds of defense methods and can penetrate into everything. This is also one of the characteristics of water. But with this protective cover, you don't have to worry about them possessing you....."

Qin Feng explained casually.

Everyone was overjoyed.

What they fear most is possession by spirits.

In this case, they have nothing to do with their power and can only watch the divine soul being melted.....

But with the protection given by Qin Feng, they are not afraid anymore.

Apart from ignoring defense and dissolving the divine soul, those spirits are not very strong in other aspects.....

"Father, with your help, it will be much easier for us to hunt the water mist monsters....."

"yes! With this method, I dare to fight against monsters of the same level....."

Everyone was excited.

Qin Feng shook his head:"You don't need to take action! It's too slow for you to hunt the spirits. What you have to do now is to notify me immediately if you find the spirits....."

"Yes!"

"Um! This way is better!"

Everyone suddenly realized.

Let them take action against the monsters, and it will be a hard battle.

Let Qin Feng take action, and it will be an instant kill.

Besides, they have signed a contract with Qin Feng and can communicate with each other.

As long as Qin Feng makes a thought, Qin Feng can Be there for them in seconds.....

In this way, the efficiency is hundreds or even thousands of times higher.....

"let's start! Everyone spread out and search!"

"good!"

"Remember, if you encounter danger, contact me immediately!"

"Don't worry, Your Majesty! I'll remember it!"

"Everyone, hurry up, the number of these monsters is limited!"

At this moment, more than a hundred people from Qingqiu and the Star Alliance rushed in all directions.....

Looking at the backs of everyone leaving, Qin Feng showed a satisfied smile...

He released these subordinates. If he had more than a hundred clones, he would be able to harvest the water mist spirits much faster.....

Afterwards, Qin Feng also chose a direction and rushed there.....

Not long after, he encountered a true god-level spirit.

Qin Feng was pleasantly surprised.

There are very few true god-level spirits, so he is really lucky.

As soon as the spirit saw him, it bared its teeth and claws and rushed towards him.....

Qin Feng waved his hand, and the divine fire of creation spurted out from his palm...

In an instant, the divine fire was born, burning the sky and destroying the earth.....

Pfft~!

A soft sound!

The spirit roared miserably, turned into mist, and evaporated.....

There was only a ball of Renshui essence the size of a fist left in the field, with aura of light and amazing momentum...

Qin Feng opened his mouth and sucked it in, swallowing it all.....

"Ding! Congratulations to the host for successfully swallowing the essence of Renshui...your heavenly soul base has been refined.....Water system qualifications improved.....Combat power increased to 7000 trillion Zi....."

The true god-level Renshui essence is really good!

Qin Feng's intention is still unfinished.

It was at this moment that he seemed to sense something and turned his head to look in one direction.....

I saw that in that direction, the thick fog kept rolling and the sound of breaking through the sky continued.....

Qin Feng clearly sensed that nearly a hundred breaths were coming towards this direction, and every breath was not inferior to the true god.....

What happened?

Why are nearly a hundred true gods coming here?

Are these people here to target you?

Thinking of this, Qin Feng couldn't help but frown..

Chapter 849

Are these people here to target you?

Thinking of this, Qin Feng couldn't help but frown...

But at this moment, he received a distress signal from Emperor Feng.....

Qin Feng quickly dodged and disappeared.

Regardless of whether these people came to deal with him or not, he had to save Emperor Feng first.

The next second, Qin Feng appeared next to a pool...

Above the pool, Emperor Feng was besieged by dozens of monsters...

The pool below was rolling continuously, and monsters rushed out of the pool one after another. Join the battle ring besieging Emperor Feng...

The pool is actually a nest of monsters.

At this moment, more and more spirits are besieging Emperor Feng... several of them are at the level of False God Dzogchen, and the siege situation is extremely terrifying.....

If it weren't for Feng Di's strength comparable to that of a true god, his body of Fire Saint, and the protective measures imposed by Qin Feng, he would have suffered a long time ago...

Even so, Feng Di's situation is still not good.

When she saw Qin Feng arriving, she was overjoyed.

Those monsters also discovered Qin Feng, and more than a dozen of them immediately pounced on Qin Feng...

Qin Feng sneered and waved away with a palm, shocking the world.....

Suddenly, waves of fire surged into the sky, and the boundless sea of golden fire swallowed up nearly a hundred monsters in an instant...

Poof~! Poof~! Poof~!

The monster will be destroyed at the first touch and is vulnerable to a single blow.....

In the blink of an eye, nearly a hundred monsters were wiped out, leaving behind nearly a hundred groups of Rengui water essence, large and small...

Qin Feng was delighted, opened his mouth and sucked it all in, swallowing it all.....

But at this moment, there was a sudden riot in the water pool below, and a shocking beast roar sounded, causing the earth and the earth to tremble, and all souls to be frightened... most of the competition area was shocked!

Boom~!

Before Qin Feng could refine the essence of Rengui water, a dragon-like spirit rushed out of the pool, causing huge waves.....

In the blink of an eye, it rushed to Qin Feng and swallowed Qin Feng in one gulp.....

That mouthful swallows the sky and the earth, melts gods and transforms into demons, and the aura of a half-step god is undoubtedly exuding, and it is extremely terrifying.....

This is actually a spirit at the level of the True God's Dzogchen. Those who appeared before were all its followers.....

"Your Majesty, be careful!", Emperor Feng exclaimed.

True God Dzogchen level spirits have developed spiritual wisdom and actually know how to ambush and sneak attack...

Generally speaking, only half-step gods can suppress the True God Dzogchen level spirits...

What's more, this spirit is attacking sneakily. , Qin Feng hasn't refined the essence of Rengui water yet.....

How could Emperor Feng not be worried?

"die!"

Qin Feng didn't take it seriously. He pressed it casually, and the world turned upside down...

Boom~!

A shocking loud noise!

The Creation Fire unleashed its power, blasting the dragon monsters to pieces, and the mist flew away.....

After a while, there was only a ball of Guishui essence left in the field, which was as big as a human head.....

Qin Feng swallowed it in one gulp.....

Ding! Congratulations to the host for successfully swallowing the essence of Guishui...your divine base has been refined.....Combat power increased to 7200 trillion Zi....."

The strength has improved again!

Qin Feng was delighted.

Emperor Feng on the side looked surprised and delighted.....

My man is becoming more and more unfathomable

"Yue'er, are you okay?"

"I'm fine! Your Majesty, time is running out, I will go look for you again....."

As soon as he finished speaking, Feng Di hurriedly flew to the side...

In order to help Qin Feng collect more Rengui water essence, Feng Di worked hard.....

Qin Feng was pleased and moved, and was about to leave.....

But at this moment, nearly a hundred sounds of breaking through the air were heard not far away, as well as powerful auras, each of which was not inferior to the True God.....

That group of people are chasing me again.....

Qin Feng frowned, are these people really here for him?

As soon as I had this idea, I heard some surprise sounds in the distance.....

"It's Qin Feng's breath! That kid is right over there!"

"Walk! Don't let him get away this time!"

This group of people really came for him.

Qin Feng sneered.

But at this moment, Qin Baobao sent another message.....

Qin Feng quickly dodged and disappeared out of thin air.

He is worried that the baby is in danger.....

Not long after Qin Feng left, two figures arrived.

The people who came were none other than Huode Tianjun and Old Mother Bichi...

As soon as they arrived, they saw traces of battles all over the ground, but did not see Qin Feng's figure, and they were immediately confused.....

"Huh! Where is Qin Feng?"

"yes! His aura was there just now, why did it disappear all of a sudden?"

Old mother Bichi looked depressed.

At the same time, more and more people arrived.

When everyone saw that Qin Feng was missing, they were very depressed.

"Damn it! Qin Feng disappeared as soon as we arrived. Why did that guy run so fast?!"

"Why! It was like this before!"

Everyone was extremely depressed.

They were like this before, and they clearly sensed Qin Feng's aura.

When they arrived, Qin Feng disappeared again. Just when they felt they had nothing to do, there was a huge explosion, and they rushed over. , Sure enough, they sensed Qin Feng's breath.

But when they arrived, Qin Feng's breath disappeared again, and it was a waste of time again.

"Lord Huode Tianjun, why do you think this is happening?"

"snort! Isn't this simple? That kid must have noticed something. As soon as he sensed our approach, he ran away in advance. What a cowardly young man!"

Huo Detianjun cursed angrily.

But as soon as he finished speaking, the crowd shouted in surprise.

"Oh My God! Look at Qingqiu's points....."

With this reminder, everyone looked at the jade talisman.....

I saw that Qingqiu's points had reached more than 1.3 million, which was a full increase of 500,000 points.....

Everyone was stunned and their faces were extremely ugly.

You know, since the start of the competition, except for the first battle, they have not gained points in other times, and they have all wasted chasing Qin Feng.....

Unexpectedly, they didn't even see Qin Feng's shadow, but Qingqiu Realm's points were rising rapidly. The gap between the two sides was getting wider and wider. How could they complete the task assigned by the ancestor of the Heavenly Saint?.....

"Damn it! Why did Qingqiu Realm's points increase so quickly?"

Huode Tianjun looked angry.

Mother Bichi comforted her: "Maybe they were lucky and met a group of spirits. However, their points have been Hand, it means that after killing those monsters, you will no longer get points. After all, the land here is vast and there are few monsters. It won't be that easy to find the second batch of monsters....."

But as soon as he said this, someone started exclaiming again.

"Look! Qingqiu realm points have increased again!"

Everyone looked at the jade talisman.

Sure enough, the points of Qingqiu realm rose to more than 1.4 million, and it increased by more than 100,000 points...

Mother Bichi suddenly felt embarrassed, and the faces of Huode Tianjun and others became extremely ugly.....

They have gained nothing so far, but their points in Qingqiu Realm are skyrocketing. This is a pace that is going to drive them crazy!

"Fellow Taoist Huode, what should I do?"

"Search! Carpet search! The examination area is so big, I don't believe I can't catch Qin Feng! let's go!"

At that moment, a group of people, led by Huode Tianjun, chose a direction to search.....

At the same time, in a valley.

Qin Feng and Qin Baobao stood together.

Not far in front of them, a drop of Renshui essence the size of a fist was suspended.....

Qin Feng opened his mouth and took a breath, swallowed it, and his momentum increased again.
.....

Immediately the two separated and continued to search for the target.....

Not long after, Qin Feng received another message from his subordinates...

He quickly teleported over.....

In this way, Qin Feng used many subordinates as spies to harvest points crazily...

He also let the shadow clones take action from time to time...

In this way, the points of Qingqiu Realm and Star Alliance Realm continued to skyrocket.....

The remaining more than 300 forces have made little progress in their points.....

Those people don't have the Creation Fire and can't kill a spirit in an instant...

It takes a lot of time for them to hunt down a spirit, and they may even be chased by the spirit and run away...

In short, these people can kill a spirit within a quarter of an hour. Monsters are extremely fast.....

And in a quarter of an hour, Qin Feng was able to kill hundreds of them...

The gap was simply a gap between heaven and earth.....

In this way, Qin Feng harvested the spirits happily...

The points in Qingqiu Realm and Star Alliance Realm continued to rise sharply, and Qin Feng absorbed more and more Rengui Water Essence...

His combat power was also slowly increasing, The physique is getting closer and closer to the body of the Water Saint.....

Such changes have already caused a huge sensation in the outside world.....

The points of Qingqiu and Star Alliance have been rising sharply, and the points of Huode Realm, Bichi Realm, and Shuangjiao Realm have been silent for a long time.....

The top ten forces were shocked.

Ancestor Tiansheng is even more anxious.....

In fact, Huode Tianjun and others were also extremely anxious.

They have been searching for traces of Qin Feng and have no time to harvest points.....

Soon, they discovered that Qin Feng seemed to know their intentions and had been fishing for them, exposing his traces from time to time. When they rushed over, they disappeared again.....

This made Huode Tianjun and others extremely angry, and they began to change their strategies. They wanted to catch people from Qingqiu and the Star Alliance and use them to blackmail Qin Feng.....

Soon, they found their opportunity.

In the deepest part of the water spirit fantasy world, there is the top of a snow mountain.

Huode Tianjun led nearly a hundred powerful true gods and surrounded the Ziwei Star Master...

At this moment, the cold wind blew and snowflakes were flying all around.

Star Master Ziwei looked nervous.

Huo Detian and others looked proud.

"This woman looks familiar to me. She seems to be the deputy leader of the Star Alliance. Her name is Ziwei....."

"hehe! A false god, Dzogchen, can be the deputy leader. Without Qin Lei, this star alliance would really not be considered a large force....."

"That's right! Star Alliance is nothing without Qin Lei. Qingqiu would be the same without Qin Feng....."

Hearing the other party's ridicule, Ziwei Star Master felt unhappy.

However, there are too many people on the other side, and they are all true gods.

She felt vaguely uncomfortable.

At that moment, she asked in a deep voice:"What do you want to do?"

Huode Tianjun sneered:"What qualifications do you, a little false god, have to ask questions? If you know the truth, you can claim your own spiritual power and you will be captured!"

"dream!", Ziwei Star Lord looked disdainful.

"Bitch girl! If you disobey, I will beat you until you do!"

As soon as he finished speaking, an old man rushed towards the Ziwei Star Lord...

Boom~!

A loud noise!

The old man vomited blood and flew out.

The whole audience was stunned!

That old man was a true god!

He was actually killed The woman in front of me was blown away by a palm.....

Isn't this woman a false god?

Everyone looked at Star Master Ziwei with strange expressions, secretly wondering, are the people in the Star Alliance all freaks?

In the past, Qin Lei also fought across levels, but now a random woman can actually fight across levels...

Moreover, the false god Dzogchen blasted away the true god. This is a cross-level realm, and she can challenge across levels. Extremely rare...

At this moment, Huode Tianjun's expression was not good-looking.

The subordinates behind him were even more embarrassed.

Because the old man who was just blasted out is a person from the Fire Virtue Realm.....

At that moment, Huode Tianjun gave a hint in his eyes.

A middle-aged man understood and stood out from the crowd.....

"See if you, a woman, have a moment, I will help you!"

As soon as he finished speaking, the middle-aged man rushed towards the Ziwei Star Lord...

Boom~!

There was another loud noise, and the middle-aged man was also vomited blood and flew out... This time, the whole audience was dumbfounded.

You know, that man is a true god at the pinnacle, why was he knocked away?

The woman in front of them is so strong?!

Of course they don't know that the Lord Ziwei is the false god Dzogchen, and the fetus in her belly, Hongjun, is also the false god Dzogchen.....

The mother and son of Ziwei Star are connected, and their comprehensive strength is infinitely close to the perfection of the true gods. The average true god is no match for them.....

"What a bunch of rubbish!"

Huode Tianjun was extremely angry.

He had always been arrogant and believed that a strong general would never have weak soldiers...

But he didn't expect that his men would be blown away by a little false god in full view of the public...

How could he hold his head up?.....

The people in the Fire Virtue Realm felt ashamed after being scolded...

Immediately, four more true gods made eye contact and rushed towards the Ziwei Star Master together... As soon as these four people made a move, there was a low cry from all around...

The Fire Virtue Realm It's really rare to bully a minority with more people... What's more, one of the four people is a true god. Lord Huode

Tianjun was also stunned for a moment, but the two sides were already fighting...

Lord Ziwei fought one against four, but he didn't fall behind. Feng, the battle scene instantly entered a stalemate...

Everyone became more and more frightened as they watched.

The more people in the Fire Virtue Realm look at it, the more embarrassed they become.....

But at this moment, there was an exclamation from the crowd.

"Master Huode, stop fighting! Make them stop! Your points in the Fire Virtue Realm have turned negative....."

"What?! Huo

De Tingjun was shocked and quickly took out the jade talisman to take a look.

At this sight, he almost vomited blood and died.....

I saw that the jade talisman showed...

No. 376, Huode Realm (Huode Mountain) points: -16200 points...

At this moment, the faces of people in the Huode Realm were extremely ugly.

They are obviously ranked third, with more than 40,000 points.....

But at this moment, it turned out to be more than 10,000 points, ranking first from the bottom.....

It turns out that they forgot the rules of the competition and took the initiative to attack other players, and they would be forcibly deducted 10,000 points.....

Just now, six consecutive true gods from the Fire Virtue Realm took the initiative to attack the Ziwei Star Master and were deducted 60,000 points.....

Thinking of this, Huode Tianjun's heart was bleeding.

I didn't have many points originally, but now it's even worse.....

"stop! Stop it all!"

Huode Tianjun roared.

The four true gods were frightened and withdrew from the battle circle one after another.....

But at this moment, a sneer sounded above everyone's heads

"snort! The woman who bullied me wants to leave?!"

Everyone was startled and looked up one after another, and saw Qin Feng walking out of the void.

Chapter 850

Everyone was startled and looked up one after another, and saw Qin Feng walking out of the void.
.....

"Huh! It's Qin Feng!"

"Ha ha!! This guy took the initiative to deliver it to your door!"

"hey-hey! There is a road to heaven, if you don't take it. There is no door to hell, you break in! Kill him together!"

Huode Tianjun and others were extremely excited.

Immediately, an order was given.

Nearly a hundred people rushed towards Qin Feng together, with a tacit understanding.....

They had already discussed it. As soon as they saw Qin Feng, they would take action together and be sure to kill Qin Feng instantly with one blow.....

I saw Huode Tianjun sacrificing the natural enemy's spiritual weapon - the Flame Divine Spear...

Old Mother Bichi sacrificed the heaven and earth spiritual weapon - the Coiling Dragon Wooden Staff...

The two of them attacked Qin Feng with all their strength, half a step closer to the combat power of the gods. Earth-shattering.....

The Golden Dragon Emperor and the Golden Dragon Emperor turned into two golden dragons, covered with lightning, intertwined with each other, and their momentum was overwhelming... The

Golden Dragon Emperor and the Golden Dragon Emperor did not have spiritual weapons of heaven and earth, but their bodies were spiritual weapons of heaven and earth.These two dragons were born from chaos when the God Realm was opened. They are the two innate creatures bred by the Lord of the Ancient God Realm....As soon as they were born, they brought with them the destiny of heaven and earth.....

After countless trillions of years of luck, their physical strength is comparable to the spiritual weapons of heaven and earth.....

Whenever they fight, these two brothers use their bodies to close the fight.....

Together, their combat power has completely reached the half-step god level, and their power is earth-shattering.....

At the same time, the six true gods headed by the King of Hell, Dzogchen...

The top twelve true gods headed by Yan Kui and Kui Dou, as well as nearly a hundred true gods, all launched the strongest attack...

These nearly a hundred people joined forces to concentrate their attacks. At one point, the endless divine power covers the sky and the earth, and its power is comparable to the full blow of the gods.
.....

"not good!"

Ziwei Star Master was so frightened that her face changed...

The next second, without even thinking, she teleported in front of Qin Feng, trying to block these attacks for Qin Feng.....

Huode Tianjun and others all showed mockery...

With their combined attack, even half-step gods would fall on the spot, let alone the true god's perfection.....

And this woman doesn't even have the strength of the True God's Great Perfection. She actually tries to help Qin Feng resist. She really overestimates her own capabilities.....

These people don't know that the Lord of Ziwei Star has long dedicated his life and glory to Qin Feng. Facing everything in front of him, he has no fear and regards death as home.....

This is true now, and it will be true in the future.....

"Master, let me do it!"

A gentle voice sounded in the ears of Ziwei Star Master.

Immediately, Qin Feng's majestic figure stood in front of her...

The Earth Bone Spirit Book was sacrificed!

Buzz~!

There was an earthquake in the sky!

The spirit book shined brightly, and an earthy yellow light mask blocks Qin Feng and Ziwei Star Master.....

This Earth Bone Spirit Book is a fusion of the Earth Mother Heavenly Scripture and the Nine Yin White Bone Fingers. Its grade has reached the high-grade level, and its defense power is extremely amazing.....

Huode Tianjun and others looked disdainful...

It was just a dream to try to block their joint attack with just a defensive spiritual weapon!

At this moment, they were all grinning, as if they saw the fate of Qin Feng being bombarded to pieces...

In the blink of an eye, all the attacks fell.....

Boom~!

A loud sound of heaven and earth shattering!

Heaven and earth shattered!

All worlds collapse!

The entire water spirit illusion world shook violently!

Tens of thousands of players were alarmed by the huge movement, and each one looked in the direction of the battle in astonishment.....

Even the water mist spirits lurking in every corner were alarmed. They all felt fear instinctively and hid themselves deeper...

At this moment, in Lingyun Palace.

Tianzun Gengyi and the gods were discussing the changes on the jade tablet.

Just now, I was still third in the Fire Virtue Realm, but in the blink of an eye, I lost more than 10,000 points and became the last one.....

This change surprised the gods.

Only Patriarch Tiansheng showed a smile, and he had some guesses.

But just when the gods were curious to inquire, there was a shocking loud noise in the competition area, like the stars collapsing and the universe being destroyed... shua! Uh-huh! Uh-huh!... the faces of the gods changed drastically, and they stood up one by one and looked at the entrance of the competition in shock...

Tianzun Gengyi was also shocked...

Only the ancestor of Tiansheng sat on the throne with a smile.....

He has been waiting for so long. Huo De and others finally took action. That Qin Feng will definitely die.....

"Fellow Daoist Geng Yi, what was going on with that movement just now?"

"yes! Judging from the size of the movement, it seemed that God had taken action. Are there gods in the examination area?"

The gods looked at Tianzun Gengyi with questions in their eyes... The appearance of any god is earth-shattering and will attract their attention...

Whether it comes from other divine realms or from the south, it will affect their future interests.....

"strangeness! The three gods did not arrange any god-level spirits in the examination area!"

Gengyi Tianzun also looked confused.....

The gods looked at each other, even more confused...

The three gods Gengyi Tianzun mentioned were the masters of the three superpowers.

Since the three gods have no arrangements, there will be no god-level existence.

But the movement just now could not have been produced without the strength of the gods.....

This made the gods uneasy

"Fellow Daoist Gengyi, do you want to send someone in to check?"

"That's right! If there really is a god inside, it will be detrimental to our southern players. After all, these people are the foundation of our south and cannot be lost....."

"Makes sense!"

Gengyi Tianzun nodded slightly and was about to go in to check.....

But at this moment, a lazy voice sounded in the field

"Don't be nervous, everyone! Such a movement may not be caused by the gods. As long as multiple people act together, such a movement can be caused....."

The gods were startled, and they looked around following the sound, and saw the Heavenly Saint Ancestor sitting there leisurely, with the smug look in his eyes that could not be more obvious.

At this moment, another exclamation rang out from the crowd

"Huh! Look at the points quickly...."

With this reminder, all the gods looked at the jade stele... and saw only the Fire Virtue Realm, the Blue Pond Realm, the Double Jiao Realm, and the King of Hell Realm. The points all plummeted to negative points...

The Fire Virtue Realm had the most people and suffered the worst loss. It was already minus 300,000 points... The

Bichi Realm and Shuangjiao Realm also dropped to more than 200,000 points...

The King of Hell Realm was Losing more than 100,000 points...

In short, the bottom four were taken over by these four major forces.

Seeing this scene, the gods suddenly realized and looked at the ancestor of the Heavenly Saint with strange eyes.....

This guy is too cruel!

Tianzun Gengyi frowned even more: "Fellow Tiansheng, is it too much for you to do this?"

"Too much?" The corners of Tiansheng Ancestor's mouth curled up slightly.

"Fellow Taoist Gengyi, first of all, I just want to get what I want. Secondly, I have not violated any rules of the competition, so how can I say it too much?"

The ancestor of Tiansheng had a calm face and did not take Tianzun Gengyi seriously at all.

In terms of strength, he is stronger than Tianzun Gengyi, not to mention that he did not violate the rules.

Tianzun Gengyi said displeasedly: "Tianzhengdao Friend, Qin Feng is a rare genius in our south for hundreds of millions of years. It seems unreasonable for you to deal with him like this....."

"genius? Isn't there another Qin Lei? I didn't kill them all!"

The ancestor of Tiansheng smiled coldly.

What kind of genius?

As long as he gets Qinglin's red pill, breaks through to the peak of true god, and gets the benefits of the spiritual root of heaven and earth, then Qin Lei will also have to kill him.

He will not leave any Disaster.

After hearing those words, Tianzun Gengyi breathed a sigh of relief.

He cared more about Qin Lei than Qin Feng.

He also personally invited Qin Lei to join the Zhenji Sect, but that guy has not yet agreed.....

Neither he nor the ancestor Tiansheng knew that Qin Feng and Qin Lei were the same person.

However, Tianzun Gengyi still didn't want anything to happen to Qin Feng.

But at this moment, the voice of the Heavenly Saint Ancestor sounded again

"Fellow Taoist Geng Yi, you don't really want to go in and stop it, do you? If so, you are breaking the rules of the game"

"According to the regulations, you are only responsible for hosting the competition and cannot interfere in the battles between players."

"Besides, do you think Qin Feng can block the blow just now with his strength? Not to mention Qin Feng, even that Qin Lei is choked.."

"In other words, it's too late for you to stop it now....."

Ancestor Tiansheng looked pleased.

Fellow Taoist Gengyi's heart thumped, and he secretly thought that there was some truth in these words...

I was afraid that Qin Feng was already in danger, and it would be useless for him to go in now, but would break the rules of the game...

Thinking of this, he smiled bitterly. , let it go.

The other gods also shook their heads slightly, secretly thinking that Qin Feng was finished...

At the same time, in the competition area, there was the top of the snow peak.

Huode Tianjun and others were dumbfounded.

They looked ahead in shock.

I saw Qin Feng standing proudly in the air without any injuries on his body.

He took that terrifying blow just now with ease.....

"This...how is this possible!"

"Something is wrong!"

Everyone's throats were rolling and they were swallowing saliva. They felt vaguely that something was not good in their hearts. Some even wanted to give up.....

Even Huode Tianjun felt extremely uneasy and wanted to turn around and run away...

But at this moment, Qin Feng smiled coldly.

"Now it's my turn to take action!"

As soon as these words were spoken, everyone's expressions changed..
