

God level 851

Chapter 851

As soon as he finished speaking, Qin Feng launched the Four Heaven-Destroying Swords.

The next second, the Heaven-Destroying Sword turned into a sword light that covered the sky and the earth, and shot towards Huode Tianjun and the others.....

For a moment, lightsabers were like rain and sword energy was like wind, one after another.....

The power of the sword that destroys heaven and earth fills the space between heaven and earth, annihilating all time, all space, and all laws...

Bang~! Bang~! Bang~!

In the blink of an eye, the bodies of the true gods were blasted one after another, and the blood mist filled the sky... screams came one after another!

The Star Lord Ziwei on the side was dumbfounded.....

"Oh my God! This guy must be a god!"

"quick! Run away!"

There was a cry of exclamation in the blood mist.

At this moment, they discovered that Qin Feng's strength had actually reached the level of a god, and it was not an ordinary god level, but a level comparable to the ancestor of the Heavenly Saint...

How could they not I didn't expect that I would provoke such a terrible opponent, and I felt extremely regretful.....

But now it's too late to regret...

Blinking his eyes, four figures rushed out of the blood mist and fled toward the exit of the examination room.....

These four people are Huo Tianjun, Bichi Laomu, Jin Jiao Emperor, and Jin Jiao Emperor.....

In that attack just now, all the true gods were blasted to pieces. Only these four people could withstand the attack and had a chance to escape.....

Of course, these four people are not intact. They all have blood on their mouths and their injuries are serious.....

Fortunately, they finally escaped.

As long as they rush to the exit of the examination area and escape from the war zone, they will be safe...

When Emperor Feng saw the four people trying to escape, he couldn't help but become anxious.

These four guys are all the culprits!

How could they be allowed to escape?

At this moment, the space between heaven and earth suddenly shook, and a majestic figure walked out of the void, blocking the way of Huode Tianjun and the four others.

The person coming is none other than the shadow clone!

"It's Qin Lei!"

"Get out of here!"

The four of Huode Tianjun shouted angrily and immediately joined forces to attack the phantom clone.....

Without saying a word, the phantom clone faced the attacks of four people with one against four.
.....

Boom~! Boom~! Boom~!Boom~!

Four loud bangs in a row!

The four Huode people vomited blood and flew backwards, but were blown back by the shadow clone. Star Master Ziwei was stunned to see...

The shadow clone's strength was actually so terrifying!

"No! impossible!"

The four Huode people were even more shocked.

Even if they are not Qin Feng's opponents, they are not Qin Lei's opponents even if they join forces...

But three days ago, these two people were not so strong!

What on earth is this? What's going on?!

But before they could think about it, Qin Feng's sword rain struck again, blasting Huode Tianjun and Old Mother Bichi in an instant...

At the same time, more than a dozen people were resurrected in the blood mist. The true gods rushed out of the battle circle one after another. They fled in all directions...

The shadow clones dodged and blocked one after another.....

Star Master Ziwei also hurriedly went over to help and prevent these people from escaping...

But it was not an option to continue like this..After all, these people are true gods. They are easy to defeat but extremely difficult to kill.

If they cannot be killed in time, as long as one or two escape, the gods will come and rescue them.
.....

Lord Ziwei couldn't help but feel a little worried when he thought of this.....

At this moment, Qin Feng sacrificed the Divine Lamp of Creation...

The monstrous divine fire turned into a sea of golden fire, fell from the sky, and swallowed up the boundless blood mist...

Wherever the divine fire of creation went, all true spirits, all divine foundations, All the heavenly souls are turned into ashes and smoke.....

This divine fire of creation can kill even the gods. How can these true gods resist it?.....

In the blink of an eye, a dozen true gods were killed.....

Qin Feng opened his mouth and inhaled, swallowing up the blood mist of the true gods, and his momentum skyrocketed.....

In the blink of an eye, his combat power increased a lot.

Qin Feng was delighted and continued to strangle.....

The phantom clone and Ziwei Star Master are assisting to prevent anyone from escaping.....

"Spare your life! Master Qin Feng, spare your life!"

"Lord Qin Feng, it's not us who want to deal with you, it's the Patriarch Tiansheng who instigated it....."

"Please spare your life, Lord Qin Feng!

At this moment, begging for mercy could be heard one after another in the blood mist. Even Huode Tianjun and Old Mother Bichi began to beg for mercy....., .

They finally realized their stupidity, but it was too late...

Qin Feng ignored him at all and strangled with all his strength...

Time flew by!

In the blink of an eye, a quarter of an hour passed.....

Nearly a hundred true gods were massacred, and even Huode Tianjun was not spared...

It was so easy to kill these true gods with the divine fire of creation.....

Even the True God's Dzogchen couldn't withstand it for several minutes, it was as easy as killing the water mist monster...

Seeing the enemies slaying, Ziwei Star Master was surprised and happy, and even the child in his belly was feeling excited mental fluctuations...

Qin Feng was also very satisfied. He opened his mouth and sucked in all the blood mist....

"Ding! The host killed ninety-seven true gods...the total karma value reached 84 trillion....."

"Ding! The host killed ninety-seven heavenly souls...the cumulative merit value reached 72 trillion....."

"Ding! The host has successfully swallowed the energy of the blood mist...your cultivation level has been raised to False God Dzogchen 96%....Combat power increased to 9000 trillion Zi"

"Ding! The host successfully devoured the god's base fragments.....The fusion of the supreme divine seal reaches perfection....."

Buzz~!

A scream from heaven and earth!

Qin Feng's whole body bloomed with spiritual light reaching the sky, and countless purple energy surrounded his body, stretching endlessly and reaching hundreds of millions of miles.....

Buzz~! Buzz~! Buzz~!

One after another, rings of divine foundations appeared behind Qin Feng, a total of one hundred and eight... There were 2,890 golden stars interspersed between the divine rings, which represented more than two thousand supreme divine seals. Together with the one hundred and eight supreme divine seals, it coincides with the number of three thousand avenues...

The three thousand avenues are complete, and the creation divine foundation is completed!

"Ding! Congratulations to the host, your Creation God Foundation has been completed.....Your combat power has been increased to 9,500 trillion Zi... all your increases have been increased from 150 times to 200 times....."

"Ding! Congratulations to the host, your Creation God Foundation is complete, and the conditions for the host to create a new God Realm have been met... Now transmit the method of creating the God Realm....."

In an instant, countless information merged into Qin Feng's mind.

After a long time, he slowly opened his eyes, his face full of joy..

Chapter 852

In an instant, countless information merged into Qin Feng's mind.

After a long time, he slowly opened his eyes, his face full of joy.....

The harvest this time is so great!

Not only has his strength greatly increased, but his Creation God Foundation has also been completed.

The perfection of the divine base means that he can create the divine realm and become the new master of the divine realm, and he is an existence that surpasses the master of the ancient divine realm.

Because his path is different from that of the ancient lord of the gods.

He re-improved and innovated on the basis of the failure of the ancient Lord of the Gods...

It was a more powerful and unknown route.....

Even the system cannot predict whether it will succeed or not.....

But once you succeed, you can control the reincarnation of the heavens and dominate them forever.
.....

Qin Feng's heart surged when he thought of this, and he was looking forward to the challenges in the future.....

Of course, he still lacks some foundation and external conditions to open up a new world of gods.
.....

For example, if your cultivation level breaks through to above the level of a god.....

For example, greatly improving the physique...

According to the system prompts, the physique of the Lord of the Ancient God Realm is the Creation Wind and Fire Body, which is a combination of the Creation Wind Body and the Creation Fire Body.

But the Lord of the Ancient God Realm failed to withstand the power of evolution that created the world, and eventually his physical body fell apart and fell among the heavens, ending in a miserable state...

This shows that the physique of the Lord of the Ancient God Realm was not solid enough.

If Qin Feng does not want to follow in the footsteps of the ancient Lord of the God Realm, he must upgrade his physique to a stronger level...

But now he only has the Creation Fire Body...

In terms of water cultivation, he is still only the Water Virtue Body, which is far from the Creation Body. The water body is still a bit far away.

Even if he becomes the Creation Water and Fire Body, it is not enough...

He must at least upgrade his physique to the Creation Three Body, such as the Creation Water, Fire and Wind Body, the Creation Water, Fire and Thunder Body, etc. in order to surpass the Lord of the Ancient God Realm...

In this way Only in this way can the risk of his death be reduced.

Otherwise, he will also fall like the Lord of the Ancient God Realm...

Thinking of this, Qin Feng's goal becomes clearer.

Next, he has two things to do.

One is to break through to the realm of gods as soon as possible, and the other is to obtain the creation water body as soon as possible.....

"Your Majesty, your cultivation is about to reach the level of a true god, right?"

At this moment, the voice of Lord Ziwei sounded in Qin Feng's ears.

She saw Lord Ziwei flying close with a happy face...

Seeing Qin Feng successfully kill many true gods, she was very happy in her heart.....

"Just a little bit closer!"

Qin Feng looked at his beloved wife with a look of relief.

His current cultivation progress is 96%. As long as he works harder, he can break through to the realm of true gods.

By then, his strength will be greatly improved, and he will be able to deal with the ancestors of Tiansheng. It's even easier.

In fact, his current combat power has reached 9500 trillion zi, which has exceeded the combat power of the Tiansheng Ancestor.

The Tiansheng Ancestor is only 9000 trillion zi.

However, the Tiansheng Ancestor's The increase was only 120 times.

After Qin Feng completed the Creation God Foundation, the increase increased to 200 times.

Comparing these two, his strength is much stronger than the ancestor of Tiansheng.

In other words, his current strength is comparable to Gods with the Jiuji Divine Base can approach the peak of the gods if they take one step further.

Among the top ten powers, only three have reached the peak of the gods.

Among the three super powers, there are only a dozen or so people who are at the peak of the gods.

In other words In other words, Qin Feng has reached the top level of the southern gods, and there are no more than twenty people stronger than him.

Of course, Qin Feng's ambitions don't stop there.

He not only wants to dominate the southern part of the God Realm, but also dominates the entire Spirit world.....

As for the ancestor of Tiansheng, it is just a stepping stone for him...

When he wins the Zhenji Dan reward from this competition, he will have to deal with that old guy.
.....

"strangeness! We have been fighting for so long, and we should have alarmed the entire examination area. Why don't you see other players coming to check it out?"

Qin Feng glanced at the battlefield, and there were seventy or eighty heaven and earth spiritual weapons suspended in the air. These are all peerless treasures. ah.....

"Your Majesty, the fight you just had was comparable to a battle between gods. No matter how brave those players were, they would not dare to come and check it out....."

Lord Ziwei's smile is like a flower, so pretty

"Yun'er, thank you for your hard work this time....."

"Your Majesty, this is what I should do. What's more, I didn't help much either. If you really want to thank you, you have to thank your child. He has done a lot of hard work....."

"That's right!"

Qin Feng stretched out his big hand and gently placed it on the slightly swollen belly of Lord Ziwei, caressing it gently...

He could feel that his child was sending pleasant mental fluctuations to him. It was very intimate...

Qin Feng I'm very pleased.

This little guy's spiritual thoughts are getting stronger and clearer...

Star Master Ziwei felt the warmth of the big hands and narrowed her beautiful eyes slightly, with a strong sense of happiness in her eyes.....

"Your Majesty, I have been pregnant with this child for at least thousands of years. I don't know when he will be born? Qin

Feng smiled slightly:"My Hongjun child is a holy fetus, how can it be compared to ordinary people?" It is normal for a holy fetus to last for hundreds of millions of years!"

As soon as these words came out, Hongjun's fetus seemed to understand, and he actually let out a wave of confidence, as if he wanted to prove himself.

"Your Majesty, judging from this child's reaction, I'm afraid he really is a holy fetus! He won't be born into an eternal existence, right?

Qin Feng smiled and nodded:"Most likely so!"

There was another burst of spiritual resonance, and Hongjun's fetus once again sent out a confident thought, seeming to show that he could do it...

Ziwei Star Master happily touched his bulging belly, with pride in his eyes.....

"Yun'er, please choose one of these spiritual weapons!"

Qin Feng pointed at the seventy or eighty heaven and earth spiritual weapons in front of him...

This time, he gained a huge harvest. There were so many spiritual weapons that he couldn't use them all. Naturally, he had to give a few to his subordinates.

After all, their strength is comparable to the level of true gods. It's time to own a spiritual weapon of heaven and earth for self-defense

"Your Majesty, that concubine is not polite. I want that long sword....."

"good!"

Qin Feng pointed, and the spiritual sword flew into the hands of Ziwei Star Master.

She was immediately overjoyed and couldn't put it down and put away the long sword.

Qin Feng waved his hand again, and the space in the field fluctuated continuously.

The next second, Emperor, Fu Zhi, Pan Zu and Qin Baobao were all present.....

When the four of them saw the many spiritual weapons suspended in front of them, they were all dumbfounded...

Immediately, Lord Ziwei told the four of them what had happened before...

The four of them were surprised, happy, and a little angry.

The Saint Patriarch was indeed vicious that day, and actually let so many people join forces to deal with Qin Feng.

Fortunately, Qin Feng was so powerful that if it had been anyone else, he would have died on the spot.

Afterwards, Qin Feng asked each of the four people to choose a spiritual weapon for self-defense.

The four of them each picked one piece, and they were all happy...

There were more than seventy pieces left, and Qin Feng put them away.

As for other subordinates, they are not strong enough and it is too early to use these spiritual weapons.

The three Qinglin sisters have their own spiritual weapons, so they don't need them for the time being.....

"Huh! Father, where are the two dragon corpses?"

Fu Zhi pointed downward...

Everyone looked down and saw the bodies of two golden dragons buried deep in the snow stained red by blood...

Qin Feng smiled slightly: "These are the Golden Dragon Emperor and the Golden Dragon. The emperor's corpse! I already knew it!"

As soon as these words came out, everyone was a little surprised.

"Father, you have chopped Huode Tianjun and Old Mother Bichi into thin air. How can the Golden Dragon Emperor and the Golden Dragon Emperor still keep their bodies intact? Could it be that the bodies of these two people are treasures?"

"That's right! The physical bodies of these two people are extremely powerful, comparable to the spiritual weapons of heaven and earth. Even if their divine souls are destroyed by me, their physical bodies are still intact, which is really rare! Maybe it can be refined directly....."

With a thought in his mind, Qin Feng pressed the seals repeatedly, and a series of treasure-refining restrictions were printed on the two dragon corpses...

The next second, the two dragon corpses sensed and emitted a golden aura...

Qin Feng With a flick of his fingertips, two drops of true blood flew into the eyebrows of the two dragon corpses and disappeared...

A moment later, the two dragon corpses seemed to be activated, letting out a shocking dragon roar that shook thousands of miles of snow-capped mountains.....

Seeing this, Qin Feng popped up two more streams of innate yin and yang energy and injected them into the two dragon corpses...

The two dragon corpses suddenly seemed to be completely alive. They flew directly into the air, showing their teeth and claws, showing an extraordinary appearance.....

Qin Feng made a seal again, and thunder fell from the sky one after another, landing on the corpses of the dragon.....

One level of sky thunder, one level of innate restriction.....

In a moment, thirty-six layers of forbidden combinations were completed.....

Roar~! Roar~!

There were two more dragon roars, and the two dragon corpses were intertwined, head to head like scissors, and tail to tail like stockings. In the blink of an eye, they turned into a pair of golden scissors, exuding a monstrous evil spirit, extremely fierce...

That flashing The blade of cold light seems to be able to cut into two parts at once, making it irresistible.....

"Ding~! Congratulations to the host for refining the spiritual weapon of heaven and earth - golden dragon scissors (top grade)....."

"Ding~! Congratulations on getting the luck and nourishment of a high-grade spiritual weapon... and gaining enlightenment....."

"Ding~! Congratulations to the host, your subordinates have also received luck... and gained enlightenment....."

After a moment, Qin Feng opened his eyes from his epiphany...

His combat power has been increased to 9600 trillion, and his strength has increased again...

Lord Ziwei and Fuzhi also opened their eyes and showed joy.

They also got a lot of benefits

"Your Majesty, your weapon refining skills have greatly improved!"

"It has indeed improved!"

Qin Feng smiled with satisfaction, waved his hand, and put away the golden dragon scissors in the air.

He just made it on a whim, but he didn't expect it to be successful.

Then, he entered epiphany through luck, He realized many weapon refining skills.

Unknowingly, his weapon refining skills rose to a small level.

After this competition is over, he plans to use the many spiritual weapons he just obtained as materials to refine the Heaven-Slaying Sword. Upgrade the level to another level.

Upgrade each of the four swords of Zhutian to the top level, and the combination of the four swords will be comparable to the heavenly level spiritual weapon.

At that time, his combat power will be greatly increased.....

"OK! Things here are over, it's time for us to move on to the next step!"

"Your Majesty, what shall we do next?"

"Continue to search for water mist monsters, this thing will be of great use to me. In addition, please inform me that if you see anyone in the Fire Virtue Realm, the Blue Pond Realm, the Double Jiao Realm, or the King of Hell Realm, you will not be killed! If you are not your opponent, please notify me!"

Qin Feng's eyes were full of murderous intent.

All the powerful men above the true gods in the four realms have fallen, but the false gods and quasi-gods are still alive. He must kill them all.

The so-called cutting off the roots, he can't leave any disaster behind.

"Father, according to the rules of the competition, one hundred thousand points will be deducted for killing one person.....", Fu Zhi reminded in a low voice.

Qin Feng smiled coldly:"The most important thing we need now is points!"

When everyone heard this, they nodded slightly.

The Qingqiu Realm's points are now over 5 million points, and the Star Alliance's are over 2 million points. There is really no shortage of points.

What's more, their people are still searching for water mist monsters.

With the speed at which Qin Feng hunted monsters, it was easy to get points, so they could afford to spend the points.

This time, the remnant parties from all over the world are going to spread rumors

"Your Majesty is right! The Holy Ancestor was so abominable that day, he wanted to kill you. The people in the four realms are accomplices. To eliminate them is to eliminate the minions of the ancestor of the Heavenly Saint!"

"Don't say so much! Take action!"

"yes!"

At this moment, everyone spread the message one after another, and then dispersed again and disappeared in all directions.....

But Qin Feng didn't notice that not long after he left, silver mist slowly escaped from a corner of the battlefield, like mercury, seeping through the snow layer and spreading to all sides...

This silver mist... As soon as it came out, the temperature of the entire snow mountain suddenly dropped by hundreds of degrees, freezing everything, even the howling cold wind. The entire snow mountain became dead and extremely quiet.....

It's as if time is frozen at this moment.....

At the same time, the silver mist was getting thicker and thicker, and two extremely evil auras were exuding from it, both of which had reached the level of gods...

It turned out that the water spirit illusion world was connected to Guixu, but the structure was not strong.....

In the previous battle, Qin Feng's combat power reached the level of a god. He inadvertently created a space crack, allowing the stronger spirits in Guixu to slip in.....

Qin Feng didn't expect this... and the gods outside didn't expect it either..

Chapter 853

But after Qin Feng and others dispersed, they each looked for their targets.....

Before, Qin Feng fought against Huode Tianjun and others, which wasted a lot of time.

But his subordinates were not idle. They had already found many monster targets, waiting for him to destroy them.....

Just like that, Qin Feng started another wave of points harvesting.....

This time, his strength increased greatly, and he killed monsters faster. He didn't even need the assistance of the Creation Fire to kill many monsters instantly...

In just a few minutes, Qin Feng harvested hundreds of monsters and devoured them. With a large amount of Rengui water essence, the combat power has been improved unknowingly, and the body is getting closer and closer to the body of the Water Saint... After killing hundreds of spirits, it stands to reason that Qingqiu and the Star Alliance can harvest two or three One million points...

But in fact, the points of Qingqiu and Star Alliance only increased by 600,000 points.....

Because Qingqiu and the Star Alliance have already started massacring the Huode Realm, the Bichi Realm, the Shuangjiao Realm, and the King of Hell Realm.....

Qin Feng has three sisters, Phantom Clone, Ziwei Star Master, Feng Emperor, and Qinglin, all of whom are above true gods.

Panzu, Fuzhi, and Qin Baobao also all have the power of the pseudo-god Dzogchen.

There are only remnants below the false gods in the four realms. How can they be their opponents? Naturally, they can only be massacred...

In this way, Qin Feng is harvesting points, and the phantom clone and others are responsible for the massacre.....

The remnants of the four realms were constantly decreasing...

But not long after, Qin Feng received a distress signal, which was sent by a woman from the Qingqiu realm.....

Without saying a word, he just dodged and disappeared into thin air.....

At this moment, in a valley... a woman in a white dress with extremely beautiful appearance and graceful figure was being surrounded by seven men.....

Those seven men were all wearing red and yellow suits, and they were the remnants of Huode Realm...

However, these people did not know the news that Huode Tianjun was killed, and they were teasing the beautiful woman....

"Tsk tsk! The women in Qingqiu Realm are so stunning! Especially your Qinglin Realm Master, he is so beautiful! It's a pity that she was attracted by the ancestor of Tiansheng. I can't even think about it....."

"Brother Lu, Qinglin Realm Master doesn't dare to think about it, but this girl in front of me is also a great beauty, I can feast my eyes on it later!"

"What did you girl grow up on? Why does it look white and tender? Why do I look so dark!"

"hey-hey! I don't understand, no matter how fair a woman is, there is something not white about her....."

"Ha ha!!!"

Several men laughed wantonly.....

The beautiful woman's face turned red with anger.....

She is a member of the Qingqiu clan, her name is Hua Yu, and she is in the pseudo-god realm.

The seven people in front of me are also false gods.

She originally entered this valley and found a quasi-god-level elf.

Just when she was happy, these seven guys happened to arrive.

Afterwards, these seven people joined forces to grab the monster, and after a lot of effort, they destroyed the little monster.....

This made Hua Yu very dissatisfied.

She didn't want to care about it at first, so she would look for it somewhere else...

But at this moment, Qinglin sent her a message, asking her to report any news about the remnants of the Four Realms.....

Huayu thought it was a coincidence and was about to report...

But she didn't expect that when these seven men saw that she hadn't left and that she was extremely beautiful, they actually surrounded her and started teasing her with words...

What they said later became more and more unreasonable and unreasonable. The words became more and more disgusting...

Huayu was so angry that her delicate body trembled and her face turned red.....

"You... you shameless people! If you don't tell me about the monster I found, and you even insult me with words, you will be dead when my uncle arrives!"

"Your uncle? oh! Are you talking about Qin Feng? Ha ha!! I'm afraid that guy has died in the hands of our realm master!!"

The men laughed again.

They knew that Huode Tianjun led nearly a hundred true gods to encircle Qin Feng.

They knew without guessing that Qin Feng would die!

But Hua Yu jumped with anger: "Nonsense! You are talking nonsense! My uncle is still alive and well!"

"Ha ha!! Living well?"

Those people laughed even more wildly.

No one in this competition area can survive in the hands of Huode Tianjun and others, unless they are gods! But are there gods in this competition area?

No matter how they think, they think Qin Feng is dead..

Calculating that it has been so long, I am afraid that I will die early.

When I think that Qin Feng is dead, Qingqiu is over.

Even if they insult this woman, they don't have to worry about anyone taking revenge, which makes them even more angry.....

"Little girl, you are still too young! Do you think that if Qin Feng comes to Qingqiu Realm, the Heavenly Saint Ancestor will let you go? To tell you the truth, not only will Qingqiu Realm be destroyed this time, but Qin Feng will also have to lose his life!"

"nonsense! You are talking nonsense!"

"Are we talking nonsense? It seems that you are determined not to die until you reach the Yellow River! Do you have to wait until the news of Qin Feng's death?"

"Lao Lu, you are too bad. You have to tell her such a cruel fact. Isn't that bad?"

"Ha ha!"

A few people laughed again.

But at this moment, a sneer sounded above everyone's heads.

"hehe! Who said I'm dead?"

As soon as he said these words, an extremely cold breath fell from the sky and enveloped the entire audience instantly.....

Those people were shocked and raised their heads one after another, and saw Qin Feng walking out of the void.....

"It's....it's Qin Feng!"

"You...how could you still be alive!"

Those people were so frightened that they backed away as if they had seen a ghost.....

"Uncle!"

Hua Yu was overjoyed, and her beautiful eyes were filled with brilliance...

Qin Feng nodded to her and looked at the seven people

"How many of you were just cursing me to death?"

"No! No! No! Lord Qin Feng, misunderstanding! You misunderstood! I...we didn't say it!"

Those people were so frightened that they waved their hands repeatedly...

Qin Feng sneered, did these people think they were deaf?

In an instant, his murderous intention surged, overwhelming, and he was about to take action...

The seven people were so frightened that they flew out of their wits...

At this moment , one of them said wittily:"Master Qin Feng, you can't kill us! Killing one of us will deduct 100,000 points, seven people will be deducted 700,000 points.....No!.....ah!"

There was a loud noise!

Before the man finished speaking, Qin Feng fell with a palm, and all seven people were killed to pieces. The true spirit of Shenji was turned into powder on the spot. Blood was flying all over the sky, mixed with the essence of dripping Rengui water....

Qin Feng opened his mouth and inhaled, swallowing it all, his breath slightly increased...

Just like that, the seven people were completely dead...

These guys didn't overestimate their capabilities, and threatened with points before they died, but they didn't know What Qin Feng lacks most is points.....

After Hua Yu saw all this, she was amazed and admired at the same time. Her big eyes stared at Qin Feng's handsome face, giving birth to a strange brilliance.....

"Are you OK?"

"I'm fine! Thank you uncle for your help!"

"That's good! Next time something critical arises, contact me immediately!"

Qin Feng dropped these words and disappeared into thin air.....

Once this episode was over, Qin Feng continued to harvest spirits and monsters while killing the remnants of the four realms.....

Time flies!

In the blink of an eye, an hour passed.

The remnants of the four realms were finally wiped out.....

Qin Feng discovered a strange change.

The number of monsters that were about to be wiped out suddenly increased for unknown reasons, even more than before the start of the competition...

It stands to reason that the number of monsters in this competition area is limited, and the more monsters are killed, the more monsters are killed. Less is better, how can there be more and more?

This phenomenon is completely unreasonable!

The more Qin Feng thought about it, the more he felt something was wrong.

However, he also got more out of it.

Because the more monsters there are, the more essence of Rengui Water he can obtain, and the closer he is to the body of the Water Saint...

In fact, it was not only Qin Feng who discovered the anomaly, but also other players.

But no one knows that deep in the fantasy world, the peak of the cracked snow mountain has been completely shrouded in silver strange mist, forming a huge sea of fog... Thousands of water mist monsters emerge from the sea of fog. Get out and attack in all directions of the examination room.....

At the same time, five golden light beams shot out from the center of the thick fog, sweeping across the entire examination area.....

Actually, those are five eyes!

After a while, a low animal voice sounded in the thick fog, as if someone was talking...

Chapter 854

In fact, when those five golden light beams swept across the entire examination area, all the contestants were alarmed and looked towards the snow-capped mountains in shock.....

Qin Feng was also alerted immediately.

He raised his head in surprise and stared in that direction, a flash of shock flashing across his eyes.

Just now, he felt a trace of the power of the gods from the five golden light pillars, which was extremely hidden...

If the strength of his heavenly soul hadn't reached the peak level of the gods, he might not have been able to sense it.....

Although Qin Feng is only in the realm of false gods, his heavenly soul has experienced the double tempering of the creation fire and the essence of Rengui water, and it is already comparable to the peak level of a god.....

"It's actually the breath of God! Could it be that a god-level monster appeared somewhere?"

"its not right! According to the competition information, there is only one semi-god-level spirit in the competition area, but I have already killed it. How come there is still a god-level spirit?"

The more Qin Feng thought about it, the more he felt something was wrong.

Look in that direction again. Isn't it the place where he killed Huode Tianjun and others!

Could there be something wrong?

After thinking for a moment, Qin Feng dodged and headed towards the snow mountain. He rushed there...

At the same time, the players scattered in every corner of the competition area also rushed there curiously.....

On the other side, in Lingyun Hall, all the gods were shocked.

That day the Patriarch Saint's face no longer looked proud.

At this moment, he looked at the jade monument in disbelief, his expression extremely ugly.....

I saw on the jade tablet that.....

First place: Qingqiu Realm (Qingqiu Clan), with 342,200 points...

Second place: Star Alliance Realm (Star Alliance), with 226,600 points...

Third place.....

Qingqiu and Star Alliance, who originally had millions of points, inexplicably dropped their points to hundreds of thousands.

But these two forces still occupy the first and second places.....

Look at the Fire Virtue Realm, the Blue Pond Realm, the Double Dragon Realm, and the King of Hell Realm. They all disappeared on the jade monument...

The people in these four realms were all wiped out, not even a single person was left alive... all this happened. It was too fast, less than two minutes before and after, and the ancestor of Tiansheng didn't even have time to react.....

It turns out that the time flow rate in the competition area is a hundred times that in Lingyun Palace.

An hour passed in Lingyun Palace, and only a minute or two passed in the outside world.

Just two minutes ago, the huge vibration in the examination area finally stopped...

The ancestor of Tiansheng was full of excitement.

He thought Qin Feng was killed, so the shaking inside stopped...

In fact, it was Qin Feng who killed Huode Tianjun and others, and all the movement stopped.....

Just when the ancestors of the Heavenly Sages were complacent and thought they had a chance to win, a sudden change occurred.....

The points of Qingqiu and Star Alliance suddenly kept falling.....

Immediately afterwards, the names of Huode Realm, Bichi Realm, Shuangjiao Realm, and King of Hell Realm collapsed one after another and disappeared on the jade tablet.....

The Heavenly Saint Ancestor was dumbfounded at that time, and the smile on his face froze instantly...

The gods were also stunned, and they all opened their eyes in disbelief.....

At this moment, you don't need to guess to think that it was Qingqiu and the Star Alliance that destroyed the four realms of Fire and Virtue...

At that moment, the atmosphere in the field fell into a deathly silence, and even the sound of breathing could be heard.....

"I...oh my God! The four realms of Huode were actually destroyed...."

After a long time, an exclamation broke the silence...

Only then did the Heavenly Saint Ancestor regain his composure and sit back on the throne...

He never expected that after all the hard work he had put in, it would all come to nothing in the end.
.....

This time, he was definitely going to lose the bet... but he wasn't willing to accept it!

"Why! I really didn't expect that! Huode Tianjun, Bichi Laomu, and Jinjiao Kunzhong have all fallen. These four people are all talents from my south! Pity....."

A god shook his head and sighed

"yes! This is really unexpected! By the way, who do you think will destroy them? Is it Qin Feng?"

"I'm afraid he can't do it alone. I guess the three sisters Qin Lei and Qing Lin helped. After all, they come from the same origin....."

"Even so, Qin Feng and Qin Lei are extremely good. This time, we have two extraordinary geniuses in the south....."

As soon as these words were spoken, the gods nodded slightly in approval.

Gengyi Tianzun narrowed his eyes slightly, thinking about how to recruit Qin Lei and Qin Feng into the Zhenji Sect after the competition.

At first, he just wanted to recruit Qin Lei.

But through this incident, he realized that Qin Feng's strength was not inferior to Qin Lei's!

He didn't know that Qin Feng and Qin Lei were the same person.

In short, these gods were full of praise for Qin Feng and Qin Lei, and they all felt ashamed.

After all, the cultivation of these two people is the perfect god. If analyzed carefully, it will be even more shocking.

The more the gods thought about it, the more they admired it, and there were more and more words of praise...

The Heavenly Saint Patriarch on the side felt it was particularly harsh... shua~!

He stood up at once, took a step forward, and arrived at the entrance of the examination area.....

"Fellow Daoist Tiansheng, why are you doing this?"

Gengyi Tianzun dodged and stopped in front of him.

The gods were startled and looked at the two people in the field.

"snort! Fellow Daoist Geng Yi, don't you think this is strange?"

"What's so strange?"

"To tell the truth to fellow Taoists, under my secret arrangements, Huode Tianjun and others joined forces to fight against the gods. With such strength, he still can't defeat Qin Feng? Is it possible that you really think Qin Feng has the strength of a god? You know, he is just a little false god, how could he have such strength!"

As soon as these words were said, everyone pondered.

Yes!

Both Qin Feng and Qin Lei are just small false gods.

How can such a low level have such a powerful combat power?

Thinking about it, it seems illogical..

Even Gengyi Tianzun frowned.

He couldn't believe it, but it just happened.....

"Fellow Taoist Tiansheng, what do you mean?....."

"I suspect Qin Feng is cheating, so I want to go in and check....."

The Heavenly Saint Patriarch was naturally not willing to give in.

He wanted to go in and confirm it himself to see what was going on.

Tianzun Gengyi was displeased: "Friend Tiansheng, no matter what happened inside, if you go in, it will be against the rules! By then, you will have angered the three gods. Don't blame Geng for not reminding you....."

When the three gods were mentioned, the Heavenly Saint Ancestor couldn't help but show fear in his eyes, and he really didn't dare to take another step forward.

No matter how unruly he was, he would not dare to disobey the three gods

"Brother Tiansheng, come back! The rules of this competition are set by the three gods, so we'd better not break them!"

"yes! Fellow Daoist Tiansheng, we also know that you are unwilling to do so, but how can anything in this world come true?"

Several gods were persuading, and they also gave the ancestor of the Heavenly Saint enough face.

The ancestor of the Heavenly Saint hesitated for a while, then sighed and stepped back with a look of frustration.....

But as soon as he returned to his seat, there was another loud noise in the examination area, as if the universe collapsed and all worlds were destroyed.....

That loud noise completely reached the level of a god, and was even more violent than before.....

The gods were shocked and looked towards the entrance of the examination area.

What happened there?

This competition is really not fair.....

At this time, a big event was happening in the examination area.

At this time, in the examination area.

Nearly 10,000 players have gathered under the endless snow peaks...

At this moment, they are all looking up at the sky in front of them in shock.

I saw a sea of golden fire rising in that direction, frantically devouring the silver mist in front of me.
.....

And above the sea of fire, there was a majestic figure hanging, it was Qin Feng.

Behind Qin Feng, there were also Shadow Clone, Qinglin, Hongyue, Green Ming, Ziwei Star Lord, Fengdi.....

In front of Qin Feng is the boundless silver sea of mist...

The source of the sea of mist is the space crack deep in the snow-capped mountains.

At this moment, an army of thousands of monsters, wrapped in a sea of silver mist, rushed towards the examination area with murderous intent...

Qin Feng instantly sacrificed the divine fire of creation, turning into a sea of golden fire...

The collision of gold and silver made a loud sound of earth shattering.!

Immediately, under the shocked eyes of everyone, the golden sea of fire quickly swallowed up the sea of fog.....

Wherever the sea of fire went, all the spirits were evaporated, leaving only drop after drop of the essence of Rengui water...

In the blink of an eye, thousands of spirits were all killed...

Thousands of drops of essence were suspended in the air...

Below, near All the contestants were dumbfounded.

Those spirits are not cannon fodder. There are many true god-level spirits among them, and there are even true god-level spirits...

But unexpectedly, they were all instantly killed by Qin Feng.....

I'm afraid the gods can't do it so easily, right?

How strong is this Qin Feng?

Just when everyone was shocked, Qin Feng opened his mouth and swallowed the thousands of drops of Rengui water essence.....

"Ding! The host has successfully swallowed a large amount of Guishui essence...your divine base has been deeply refined.....The host's combat power has been greatly improved....."

"Ding! The host has successfully swallowed a large amount of Renshui essence...your heavenly soul has been deeply purified.....The host's combat power has been greatly improved....."

"Ding! Congratulations to the host, your physique has been greatly improved, and you are only 7 points away from the progress of the Water Saint Body.%....."

"Ding! Congratulations to the host for obtaining a large amount of water law energy.....Your cultivation has been raised to False God Great Perfection 98.9%.....Combat power increased to 9990 trillion Zi...."

Qin Feng was overjoyed.

He is only one step away from the True God Realm, and not far away from the Water Saint Body.
.....

Everything in front of him is really his great opportunity!

Just as this thought came to my mind, the silver mist rolled in front of me, and hundreds more spirits rushed out.....

The three headed spirits were actually at the level of True God Dzogchen, and there were more than a dozen True Gods behind them.....

Qin Feng was delighted and took action again.....

Boom~!

There was a loud noise from heaven and earth!

Golden fire pillars poured down from the sky, and everything instantly turned into a sea of fire...

Hundreds of monsters collapsed and turned into pieces of Rengui water essence one after another, bigger than a fist.....

Qin Feng was overjoyed and was about to swallow the essence...

But at this moment, two shocking roars sounded from the depths of the silver mist...

Roar~! Roar~!

Roar together!

The sky is falling apart!

Murderous intent surged in all directions...

The onlookers were so shaken by the sound waves that they vomited blood and flew backwards...

Oh my God!

That's a god-level monster!

Still two!

Everyone's faces showed boundless terror..

Chapter 855

"Your Majesty, a god-level spirit is coming out!"

"Still two! be careful!"

Ziwei Star Master and Qinglin were very nervous.

"fine! I've been waiting for them for a long time!"

Qin Feng opened his mouth and inhaled, swallowing hundreds of drops of Rengui water essence in front of him...

Roar~! Roar~!

Before Qin Feng could finish digesting it, there was a violent rolling in the depths of the thick fog, and two giant beasts rushed out....A fish body with bird wings, its whole body is like ink, and it is as big as a mountain peak.....

This beast is named Yu Xi, a god-level spirit.

A lion-like deer beast with a whole body like snow and a third divine eye on its forehead, which is extremely majestic.....

This beast is called Bainum, a god-level spirit.

Two beasts appeared with overwhelming murderous intent.....

Everyone was terrified!

This god-level spirit is very different from the previous spirits. It already has a physical body, its eyes are shining with the light of wisdom, and it is obviously very intelligent... At this moment, they saw Qin Feng devouring the essence, and they pounced on it with great anger. Xiang Qinfeng....

There was a cry of surprise all around!

Qinglin and Ziwei were also shocked!

This is a god-level water mist monster. Even gods of the same level would have a hard time resisting one...

But now two of them are joining forces to kill Qin Feng, and even the gods are about to flee.....

Obviously, the thousands of spirits Qin Feng killed before were all their subordinates.....

At this moment, they want to avenge their men.....

At this critical moment, the phantom clone stepped forward and held up the Earth Bone Spirit Book. A huge defensive light shield blocked the front of him...

Boom~! Boom~!

Two earth-shattering loud noises!

The mask is broken!

The phantom clone was blasted to pieces on the spot!

There was a cry of surprise all around!

"Oh my God! Master Qin Lei was killed!"

"It's over! It's over! It's over now!"

"Oh my God! Why do god-level monsters appear here?"

"Run away! Run away!"

Nearly ten thousand players were scared out of their wits...

The phantom clones were half-gods in the minds of the players, the most powerful ones...

Now they were bombarded by two gods and monsters, and they are not worth mentioning....For a time, thousands of players fled in all directions.....

But the next second, there was another exclamation from the crowd

"look! Look! Master Qin Lei is alive again!"

Everyone was startled and turned around to look...

I saw countless black mist deep in the air where the shadow clone was killed. They gathered together in the blink of an eye and formed a majestic figure. It was the shadow clone!

Judging from his aura, he is still at his peak, and there are no injuries at all on his body.....

Yu Xi and Bai Marsh were dumbfounded.

They clearly felt that the phantom clone in front of them had not yet reached the strength of a god. Why did nothing happen to them when they joined forces?

Not even a little injured!

What makes them even more frustrated is that the phantom clones completely blocked their attacks, giving Qin Feng some strength... The combat power of these two beasts is more than 6,000 trillion zi...

The combat power of the phantom clones It is one-third of Qin Feng, which is more than 3,000 trillion Zi...

But the combat power of the shadow clone is increased by 200 times, which is twice as powerful as these two uncivilized monsters...

Although these two monsters Special abilities, but the growth rate is not as good as that of humans, only about a hundred times.....

More importantly, the shadow clone is immortal.

As long as Qin Feng is alive, he can be resurrected indefinitely.....

Regarding this, even Gengyi Tianzun and others don't know, let alone these two monsters...

Roar~!

A deafening roar!

The two beasts became angry...!

They are also the supreme beings among spirits. Normally they don't even look down upon humans at the level of gods. How could they be blocked by a human at the pseudo-god level now?.....

At that moment, the spirit named Bainuma's brows and eyes lit up with divine light, illuminating the heaven and earth.....

Click~! Click~! Click~!

Wherever the divine light reaches, all air, all sound, all wind, all time, all space, and all laws are frozen.....

It's like the whole world is frozen.....

In the blink of an eye, the phantom clone was frozen into an ice sculpture.....

Another spirit, Yu Xi, took the opportunity to spray out a ball of three-color spiritual mist.....

In less than a second, the three-color spiritual mist merged into the body of the shadow clone...

Both beasts showed joy in their eyes, and even secretly breathed a sigh of relief.....

Not far away, Qinglin saw the three-color spiritual mist, her delicate body shook violently, and an inexplicable throbbing surged from the depths of her soul...

She seemed to have touched something, and the memory of her past life hidden deep in her soul actually appeared. It's loose at this moment.....

She looked at the three-color spiritual mist in horror, feeling inexplicably familiar...

In fact, she had never seen it before.....

But she knew that the three-color spiritual mist was extremely dangerous.....

Qinglin's feeling was correct, that three-color spiritual mist was extremely dangerous.

She had been harmed by it in her previous life, so the first time she saw it, it touched the dusty memory...

That instinctive fear made her want to remind the phantom clone.

But it was too late, the three-color spiritual mist had completely integrated into the shadow clone's body.....

Qinglin was extremely anxious.....

The beast eyes of Yu Xi and Bai Marsh showed a look of gloating.

They waited quietly for the phantom clone to turn into a puddle of yellow water...

You must know that the three-color spiritual mist is a hundred times more powerful than the possession of the water mist spirit.

Because the three-color spiritual mist not only contains the essence of Rengui water, but also the extremely rare essence of Kanshui... The essence of Renshui dissolves the heavenly soul!

Guishui essence dissolves Shenji!

Kanshui essence dissolves the true spirit and physical body!

When the three essences of Ren, Gui and Kan are combined together, the power is increased a hundred times. Even the true spirit, divine foundation and heavenly soul of the gods can be quickly dissolved...

In other words, these three-color spiritual mist can turn the gods into one. The smelly water...

How can this little false god resist?

The two beasts were thinking proudly, but after waiting for a while, the shadow had no tendency to turn into a puddle of water...

The two spirits were a little confused...

At this moment, the shadow clone finally made some movement...

Click ~! Click~! Click~!

Bang~!

The ice sculpture exploded!

The phantom clone escaped, and the momentum of his whole body reached the sky. There was no trace of him that he was about to turn into thick water.....

That three-color thick fog failed!

Yu Xi and Shironuma were immediately confused!

For hundreds of millions of years, they have used three-color spiritual mist to deal with humans, and they have tried repeatedly, but this time they failed?

This was the first time they had seen this situation...

At this moment, they looked at the phantom clone in astonishment, as if they were seeing a monster.
.....

Why do they feel that the humans in front of them are more like spirits than they are?

Naturally, these two guys didn't know that the shadow clone was just an extension of Qin Feng's body, the other side of the yin and yang.

In other words, the phantom clone has no physical body, no real spirit, no divine base, and no heavenly soul.....

Yu Xi and Shironuma tried to deal with him using the same methods they used to deal with humans, but it was completely ineffective.....

But it was said that as soon as the phantom clone escaped, it instantly launched the Four Heaven-Slaying Swords...

The two spirits were shocked and were about to start again.....

But at this moment, a monstrous force rose not far away, and the boundless power of heaven instantly enveloped the entire mountain range...

Everyone was shocked and looked around to see that Qin Feng's aura was rising rapidly...

At the same time, System prompts also sounded in his mind.....

"Ding! The host has swallowed a large amount of Rengui water essence...your divine base and heavenly soul have been refined and strengthened again....."

"Ding! Congratulations to the host, your physique has been promoted to the body of water saint.The host's combat power is greatly improved....."

Chapter 856

"Ding! Congratulations to the host, your physique has been promoted to the body of water saint.The host's combat power is greatly improved....."

"Ding! Congratulations to the host for obtaining a large amount of water law energy.....Your cultivation has been raised to False God Great Perfection 99.2%.....The combat power has been increased to 11000 trillion Zi!"

Qin Feng slowly opened his eyes, his eyes full of joy...

The threshold of combat power at the peak of the gods is 15,000 trillion zi.....

He is getting closer and closer to this threshold...

In addition, he has reached the Water Saint Body!

Next, he will upgrade the holy water body to the eternal water body and the creation water body in sequence.....

Qin Feng raised his head and looked at Yu Xi and Bai Marsh not far away...

The two spirits also looked at him in shock.

They sensed the powerful aura of this human being, which was extremely terrifying...

At this moment, the phantom clone launched an attack, and billions of sword lights shot towards the two beasts overwhelmingly.....

The two beasts were shocked!

Yu Xi spread his wings and covered the sky and the sun.....

In an instant, thousands of black feathers shot out and turned into billions of feather swords, facing the attack...

In an instant, the two swords collided.....

Bang~! Bang~! Bang~!

Countless lightsabers collided with each other and exploded, the sky collapsed, and the sound was shocking.....

For a moment, neither side can do anything to the other!

Shironuma took the opportunity to pounce on the shadow clone... two against one always has an advantage.

But at this moment, a majestic figure instantly appeared in front of it and punched it.....

The person coming is none other than Qin Feng!

Shironuma was frightened and angry, and raised his claws to greet him.

Boom~!

A loud noise!

The giant claws of White Marsh shattered into pieces and turned into countless ice shards flying around. The huge beast body flew out... There were screams from all around!

Oh My God!

Lord Qin Feng knocked away a god-level monster with one punch.....

Yu Xi was also shocked.

But before it could think about it, Qin Feng kicked it away with one kick.....

Boom~!

The beast's body, as huge as a mountain peak, smashed into the depths of the thick fog. The ground shook and the entire examination area trembled...

Everyone was stunned!

Master Qin Feng is too strong!

In the blink of an eye, he knocked away two god-level monsters with one punch and one kick...

Roar~! Roar~!

Yu Xi and Shiranuma were extremely angry and rushed out of the thick fog again.....

Buzz~!

The divine eye on Bainuma's forehead opened and closed again, blooming with a strange brilliance, shocking the soul.....

In an instant, strange changes occurred in a radius of hundreds of millions of miles.....

Those who were watching, whether they were quasi-gods, pseudo-gods, or true gods, were all confused for a moment...

Their true souls seemed to be forcibly pulled out of the body by a strange force.....

This is another wonderful function of Bainuma's divine eye - soul-absorbing and soul-absorbing!

The divine eye can use its pupil power to forcibly absorb the soul of the gods.

The so-called Yuanshen is the perfect fusion of the true spirit and the heavenly soul, which only the gods possess.

Under the gods, the true spirit and the heavenly soul are still separated. They have not formed a soul, but they are easier to ingest.....

In fact, Bainuma's target is Qin Feng.

Its pupil power was fully exerted on Qin Feng, so the impact on Qin Feng was billions of times that of others... At that moment, Qin Feng intuitively felt that the heavenly soul and true spirit trembled violently, and were uncontrollably drawn to Outside the body... the heavenly soul and true spirit lost control, his consciousness became dull, and his physical body also lost control and froze in place.

.....

Qin Feng was horrified!

The power of this strange eye is extremely powerful, comparable to the top-grade heaven and earth spiritual weapons.....

Immediately, with a thought in his mind, the yin and yang turned on!

The cathode generates yang, the anode generates yin.....

In just an instant, Qin Feng turned into a shadow clone.

The shadow clone turned into Qin Feng.

Shironuma's trick suddenly failed...

Its soul-stirring eyes are the nemesis of all living things!

Because all living things have souls.

However, the shadow clone was soulless and not affected at all...

Shironuma suddenly felt something was wrong.

As soon as Qin Feng got rid of the lock of the soul-stirring eye, he instantly sacrificed the creation lamp, launched the monstrous divine fire, and engulfed Bai Marsh and Yu Xi.....

Rolling divine fire, falling from the sky!

Wherever the golden flame went, all the mist evaporated, swallowing up the two beasts instantly...

Roar! Roar!

The two beasts showed extremely painful expressions and let out shrill screams...

This is Qin Feng's strongest method!

As soon as the divine fire comes out, the gods retreat, even this god-level spirit is no exception.....

At the same time, the phantom clone also raised the Heaven-Destroying Sword and launched a mad attack.....

The two of them joined forces and killed Yu Xi and Bai Zhu until they screamed and retreated backwards...

However, it was not easy for Qin Feng to destroy them.

After all, this is a god-level spirit, and it cannot be killed simply by killing it.

In fact, even if the existence at the top of the gods takes action, it can only repel these two spirits, and it is impossible to kill them.

It was because of the Creation Fire that Qin Feng was able to kill the two monsters and abandon their helmets, gaining the absolute upper hand.....

At this time, the onlookers also regained consciousness one after another, and each of them was so frightened that their hearts went cold...

The god-level spirits were so terrifying!

Just one look almost killed everyone.

If it weren't for Lord Qin Feng and Qin Lei, I'm afraid everyone present would have died...

Looking at the front, Qin Feng and the shadow clones were fighting against the two beasts, and they actually had the absolute upper hand.

Everyone was dumbfounded and admired them even more...

Unknowingly, Qin Feng and the shadow clones rose to a very high status in the minds of the southern players...

In just a moment, the boundless sea of fog was engulfed by the Divine Fire of Creation. Devoured everything...

The original scene of the snow-capped mountains reappeared one by one, except that there were more space cracks on one side of the mountain.....

Wisps of extremely cold air escaped from the cracks, constantly forming silver mist.....

Seeing this scene, everyone suddenly realized, and there was a whisper in the crowd....

"Which...Which space crack is not leading to Guixu?"

"Do you even need to ask? This kind of spirit can only be produced in Guixu, and it must lead to Guixu..."

"I see! By the way, do you think such a fierce fight will attract more spirits in Guixu? I heard that there are spirits from the eternal realm in Guixu!"

"God! Eternal...eternal realm?"

Some people were so frightened that their tongues were tied.

The realm above the Great Perfection of God is the eternal realm!

That is an existence they dare not imagine...

But as soon as those words were spoken, a sudden change occurred in the field.

Yu was seen. Xi and Shiranuma were covered with wounds by Qin Feng and the shadow clones, and they could hardly hold on anymore...

The two beasts were also frightened and retreated desperately, trying to escape from the cracks in space...

But Qin Feng had already expected it, so that The phantom clone immediately took the back road and blocked the crack.....

The two beasts roared repeatedly and struggled in the sea of fire.....

Suddenly, there was a flash of golden light, and a huge golden scissor appeared out of thin air. It clicked on Shironuma's head, and it opened in two sections.....

Shironuma roared miserably, and his head fell down...

Immediately, his entire body collapsed, turning into water law energy that filled the sky...

There was a sperm bead and a strange eye suspended in it.....

This scene made everyone shout wildly and in surprise.

Qin Feng was also ecstatic.

White Marsh's strange eyes are too threatening, and they are the key targets of Qin Feng and Xuying's joint attack.....

After a hard fight, it was finally killed by Qin Feng...

Speaking of which, although this god-level spirit is extremely powerful, it has a fatal weakness, that is, it has no divine base and its soul is fragile...

They cannot be infinitely resurrected like the gods at a glance. , Either he will not die, or he will die as soon as he dies...

So Bainuma collapsed on the spot as soon as his head fell.

Of course, the golden dragon scissors are also dangerous things in the world!

It not only has the effect of strangling the physical body, but also has the effect of strangling the soul.

Even Tianhun can do two stages in one gate!

Therefore, Qin Feng performed a miraculous feat when he sacrificed the golden dragon shears for the first time...

At that moment, he opened his mouth and sucked in, swallowing up the water law energy and the essence bead...

The energy contained in the essence bead It is tens of thousands of times more powerful than the essence of Rengui. It can only be produced in the bodies of god-level spirits... As soon as Qin Feng swallowed it, he quickly started to consume it at the god level...

At the same time, when Yu Xi saw Bai Marsh being destroyed, he was so frightened that he roared. , desperately trying to escape towards the crack, but was blocked by the phantom clone.....

And the creation fire released by Qin Feng also wrapped it heavily, constantly roasting its body, and its whole body was burnt black. The momentum of its whole body dropped by more than half, and it was only a matter of time before it was destroyed.....

When all the onlookers saw this, they couldn't help but smile.....

But at this moment, a sudden change occurred!

In that space crack, a shocking roar of a beast suddenly sounded...

A spirit that looked exactly like Yu Xi, but larger, rushed in, and blasted away the phantom clone...
Immediately

, it opened its mouth and Spray a big ball of three-color divine water...

As soon as the three-color divine water appeared, the temperature between heaven and earth dropped by hundreds of degrees, as if it suddenly reached absolute zero.....

The endless cold air actually penetrated the circle surrounded by the Creation God Fire and spread around, freezing everything wherever it went.....

Countless onlookers backed away in fear, fearing that the cold air would stick to them.....

Even Star Master Ziwei, Hongyue, Green Ming, Feng Emperor and others also retreated.....

Only Qinglin was still hovering in the air blankly.....

She has straight eyes Looking at the three-color divine water, it seems to have touched some memory...

Boom~!

The next second, there was a loud bang in her mind, and her eyes became confused.....

The memory sealed deep in her soul began to awaken at this moment.....

In fact, many people have discovered that the three-color divine water sprayed by this monster is very similar to the three-color spiritual mist that Yu Xi sprayed before...

However, the power of the three-color divine water is hundreds of times greater than the three-color spiritual mist.....

The next second, people were horrified to discover that the three-color divine water actually blocked the calcination of Yu Xi by the divine fire of creation and rescued Yu Xi.....

Immediately, the two spirits rushed into the space crack together and escaped...

Seeing this, the shadow clone also rushed into the space crack and chased them away.....

At the same time, the system prompts sounded in Qin Feng's mind.....

"Ding! Remind the host that Sanqi Ancestral Water has been discovered....."

"Ding~! The god-level collection task is activated. The task content is to collect two ancestral water species. The two major ancestral waters are: Sanqi ancestral water (heaven) and Six Spirits ancestral water (earth)....."

"Ding! Collecting the two ancestral waters can be merged into the Divine Water of Creation...and there will be extremely generous mission rewards....."

It turns out that the three-color divine water is called Sanqi Ancestral Water!

The three wonders in the sky and the six spirits in the earth are combined into the number nine, which is the divine water of creation..

Chapter 857

Just after the system released the mission, Qin Feng also consumed all the energy, and his whole body momentum continued to surge.....

"Ding! Congratulations to the host for successfully swallowing the sperm beads (god level)...the cultivation level has broken through to the true god level 0.7%.....Combat power increased to 20,000 trillion Zi.."

"Ding! Congratulations to the host for successfully swallowing a large amount of water law energy.Cultivation level increased to True God Realm 17%.....The combat power increased to 23000 trillion Zi..."

At this moment, Qin Feng exuded an extremely powerful aura of true god, spreading to all directions, making the world shine...

Everyone was extremely shocked...

Master Qin Feng actually broke through to the true god at this moment At this moment, Qin Feng opened his eyes.

He waved and put away the strange eyes left by Bai Marsh.

The next second, he rushed into the space crack and chased the two beasts of Yu and Xi...

The field became empty, leaving only traces of battles everywhere.....

Everyone stared blankly at the place where Qin Feng disappeared...

For a moment, the whole place was a little quiet.

Before Qin Feng could break through to the True God, he could kill even the gods-level spirits.

Now that he has broken through, how strong will he be?

No one dared to imagine...

Among the crowd, Wen Yuan watched everything silently, with deep jealousy in his heart.....

He has always had his sights set high above his head and is conceited.

Because he is the extremely rare Lord of the Universe.

Even the gods were polite to him.

Therefore, he looked down upon people below the gods at all.

But Qin Feng's performance just now far surpassed him.

In other words, the fireflies compete with the bright moon.....

Qin Feng is the bright moon.

He is that firefly...

This naturally makes him unhappy and unwilling.

At this moment, several sighs sounded in his mind...

They were the sighs of several gods hidden in his body.

"Tsk tsk!! That Qin Feng and Qin Lei are both geniuses among geniuses!"

"yes! I never expected that such a weak southern country could produce such a genius! Two appeared at a time...."

"Will the two of you ruin our operation?"

"This...should not happen! No matter how good these two people are, they only have god-level strength. The seven of us join forces, even the God of Perfection will have to retreat...."

"That's right! What a pity! What a pity! Such two outstanding geniuses came from the barren south."

The seven northern gods admired Qin Feng.....

Wen Yuan frowned secretly after hearing this, feeling unhappy in his heart.....

At this moment, the onlookers gradually recovered from the shock and started talking in low voices.
....

"Everyone, do you think Qin Feng and Qin Lei are in danger? They have entered Guixu! I heard that there are dangers everywhere in Guixu, and the gods dare not act alone....."

"Not sure! After all, Qin Feng and Qin Lei are different and cannot be judged by common sense!"

"Huh! By the way, there are cracks in Guixu, which is not a good thing! If any God-level monsters, or even Eternal Realm monsters, appear again, then...then the entire southern part of the God Realm will be doomed....."

As soon as these words were said, everyone was panicked...

Immediately, someone said:"Everyone, let's go out quickly and tell the gods to repair the space cracks quickly, otherwise the consequences will be disastrous....."

"Um! Makes sense...."

At this moment, the onlookers dispersed and hurried towards the exit one by one...

Everyone in Star Alliance Qingqiu was guarding the crack, waiting anxiously for Qin Feng to return...

Star Lord Ziwei, Emperor Feng, Hong Yue, and Green Ming were waiting It's the uneasy heart.

They all knew that Guixu was extremely dangerous, and were very worried that something might happen to Qin Feng...

But they didn't notice that Qing Lin was quietly awakening next to him.....

But on the other side, the phantom clone rushed into Guixu, chasing the two beasts of Yu Xi...

The spirit who rescued Yu Xi was named Yu Chen, and he was also a god.

However, its combat power is 8000 trillion Zi, which is better than Yu Xi.

Yu Xi's combat power is 6000 trillion Zi.

In addition, Yuchen possesses a ball of extremely powerful Sanqi ancestral water, making his methods even stronger.....

Inside Guixu, it was cold and dark, like a bottomless abyss. It was filled with strange energy and dark evil everywhere. It was very strange.....

It didn't take long for the phantom clone to catch up with the two beasts.

After all, Yu Xi was seriously injured and could not escape quickly.

However, when they saw that the phantom clones were chasing after them, they were not afraid, and even had some disdain...

Both Yu Xi and another spirit had fought against the phantom clones before, and they knew the strength of the phantom clones.....

At that moment, the two beasts turned around and pounced on the phantom clone... the two sides met instantly.

Yu Xi and Yu Chen each flapped their wings and slashed towards the phantom clone together...

The phantom clones faced off one against two.....

Boom~!

A loud noise!

It's like the earth is falling apart!

Both sides flew out upside down, flying hundreds of millions of miles, and they were evenly matched.....

Yu Xi and Yu Chen were shocked!

Why did this human being suddenly gain so much strength?

They don't know that after Qin Feng's strength has greatly increased, the phantom clone will also increase simultaneously...

Now the combat power of the phantom clone is close to 7000 trillion zi, and with a 200-fold increase, it can naturally defeat one against two!

Roar~!

Yuchen is angry!

It didn't believe that the human in front of it suddenly became stronger, so it opened its mouth and sprayed out the Sanqi Ancestral Fire.....

But at this moment, a majestic figure appeared above the two beasts...

Qin Feng finally arrived!

The monstrous divine fire crashed down, blasting the two beasts away...

The shadow clones followed closely...

In an instant, a war broke out!

Qin Feng and his clones joined forces, killing the two beasts and retreating, roaring incessantly...

Yuchen's Sanqi Ancestral Water was also completely suppressed by Qin Feng's Creation Fire...

The scene was completely one-sided!

Qin Feng did not dare to be careless.

He had already heard about the dangers in Guixu and did not dare to be careless.

He must fight quickly, otherwise he will attract more god-level monsters and his life may be over.
.....

At that moment, Qin Feng and the phantom clones accelerated their attacks...

After a moment, Yu Xi, who was already seriously injured, could no longer hold on. His whole body was cracked and he was on the verge of collapse at any time...

At this moment, a systematic message came from Qin Feng's mind. hint.....

"Ding! Congratulations to the host, your subordinate (Qinglin) has awakened the memory of his past life.....The true spirit and heavenly soul undergo transformation...the body evolves into the Jiutian Snow Spirit Body....."

"Huh! This is...."

Qin Feng was surprised and happy...

Jiutianxue Spiritual Body is one of the variants of the Water Saint Body, and it is half stronger than the Water Saint Body.....

With the Nine Heavens Snow Spiritual Body, you will definitely become a powerful person in the Great Perfection of Gods in the future.....

"Ding! Congratulations to the host, your subordinate (Qinglin) has achieved a breakthrough in cultivation to the Perfect God.....The host gets feedback from combat power... Your combat power is increased to 20800 trillion Zi....."

"Ding! Congratulations to the host, your subordinate (Qinglin) has achieved a breakthrough in cultivation to half a god.....The host gets feedback from combat power... Your combat power increases to 22,000 trillion Zi....."

Qin Feng was overjoyed.

After Qinglin recovered his physique, his cultivation level rose to two minor realms in a row, and his strength also increased greatly...

At that moment, he attacked Yu Xi and Yu Chen again.....

The situation of the two beasts became even more critical. Their painful and anxious roars echoed in the dark void, as if summoning their companions.....

On the other side, something is also happening in Lingyun Palace.

Many things happened in the examination area, and only a few minutes passed in Lingyun Palace.
.....

Just as the gods were in shock and confusion, the roar in the examination area suddenly stopped.....

At this moment, the jade tablet in the center of the hall bloomed with spiritual light, and everything settled.....

Tianzun Gengyi finally breathed a sigh of relief.

The jade tablet glows, which means there are no more spirits in the examination area, and the competition is over.

The gods didn't know that it wasn't that there were no more spirits, but that the last two had fled back to the ruins...

In short, if there were no spirits in the examination area, it meant that the competition was over and all the rankings were settled.

The Heavenly Saint Ancestor looked blankly at the rankings on the jade tablet, and slumped feebly on his seat...

This time, he had completely lost the bet!

What's even more annoying is that not only was Qingqiu Realm not defeated by him, but it actually won first place, and the Star Alliance also got second place... these two forces were originally in the same group!

All the benefits have been taken by them.

This made Patriarch Tiansheng dissatisfied and unwilling.....

"Fellow Daoist Tiansheng, you really screwed up this time! However, victory or defeat is a matter of military strategists, so you don't have to worry about it!"

A god deliberately teased.

The ancestor of Tiansheng smiled coldly and became even more angry.

Speaking of which, it's all the fault of that little beast Qin Feng! The more the ancestor of Tiansheng thought about it, the more he hated it.

At this moment, Tianzun Gengyi He took out a jade talisman and started to control it...

Now that the competition was over, it was time for him to recall all the players...

After some seals, white lights lit up in the field.....

After a while, all the players returned.

There were 20,000 people when we went in, but only about 10,000 people were left when we came out.....

The gods glanced at the crowd expectantly.

They are all looking for the same person, that is Qin Feng.

But after a moment, all the gods were stunned.

Qin Feng was not among these people... even Qin Lei was missing!

At this moment, the red moon flew up and anxiously handed over to Gengyi Tianzun.....

"Lord Tianzun, a change occurred in the examination area, and a spatial crack appeared at the place connecting the ruins. Qin Feng and Qin Lei have accidentally entered it. We hope you can help us find them....."

As soon as these words were spoken, the gods were shocked.

Gengyi Tianzun opened his eyes even more

"What?! You said Qin Feng and Qin Lei entered Guixu?"

"Exactly!"

"not good! They two are in danger!"

Gengyi Tianzun panicked.

He didn't dare to break into that place alone.

Aren't Qin Feng and Qin Lei looking for death when they went in?

All the gods looked stunned...

Only the eyes of the ancestor Tiansheng lit up, deep in his eyes. showing joy.....

In his opinion, Qin Feng and Qin Lei are going to finish playing this time..

Chapter 858

All the gods were stunned...

Only the eyes of the Heavenly Saint Ancestor lit up, and there was joy deep in his eyes.....

In his opinion, Qin Feng and Qin Lei are going to finish playing this time.....

There are many dangers in Naguixu. If you don't follow the safe route and wander around on your own, even the God of Perfection will die inside.

There is only one safe route, and it is in the hands of the three gods of the southern sky.

It's just that that route only opens once every trillion years, and it only opens for one month at a time.....

It was through that route that the southern gods went deep into Guixu and found the spiritual roots of heaven and earth.....

Coincidentally, the spiritual roots of that day only mature once every trillion years.

The day when the safe route opens is when the spiritual roots of heaven and earth mature, which is also a great opportunity for the southern gods.

For this opportunity, the ancestor of Tiansheng worked hard to plan a perfect plan, but he did not want to be completely destroyed by Qin Feng....

This made him extremely angry!

Fortunately, that kid Qin Feng accidentally entered Guixu, and 90% of the time he wouldn't be able to come back alive.....

When he thought of this, the ancestor of Tiansheng felt relieved...

But he was a little unclear. Qin Feng didn't go in by mistake, but took the initiative...

Hongyue didn't say it clearly because he was worried that Gengyi Tianzun and others would not be willing. Take action to rescue Qin Feng.....

After all, taking the initiative to go in is tantamount to seeking death, and you deserve everything.

If someone enters by mistake, morally speaking, the gods cannot ignore death and not save him!

Hongyue loves her husband so much that she has put all her efforts into it.

But when she saw the shocked expressions of Gengyi Tianzun and the gods, her heart skipped a beat and she became even more uneasy.

Not only her, but also Star Master Ziwei, Feng Emperor, Green Ming and others all felt something was wrong.

It seems that the problem is more serious than they imagined!

"Lord Tianzun, is it extremely dangerous in Guixu?" Hongyue asked uneasily.

Gengyi Tianzun said angrily: "Then there is no need to say it! Why! Why did Qin Feng and Qin Lei enter by mistake?"

He patted his thigh vigorously, feeling regretful and anxious at the same time.

Qin Feng and Qin Lei are both unborn geniuses in the south. If they die like this, it will be a huge loss to the south!

In Guixu, the spatial orientation is constantly changing. Everything is changing. If you stray into it, you will lose your way and eventually be buried in it...

To put it simply, if you enter Guixu from the space crack, it is absolutely impossible to return the same way.

Because the space route automatically changes, people who enter will no longer be able to go back. I can't find my way back either.....

Unless they are spirits growing up in Guixu, they are born with the ability to identify directions.

Or find a safe route and return along the way.....

The so-called safe route means that within a certain period of time, no spatial changes will occur, so that people have a path to follow.....

But over the years, the southern gods have only found one safe route.

Qin Feng wanted to find a safe route back inside, but he was afraid it would be impossible...

It was for this reason that Gengyi Tianzun was extremely anxious.

"Fellow Daoist Gengyi, Qin Feng and Qin Lei should have entered by mistake not long ago. I'll go in for rescue as soon as possible. Maybe there's a chance to rescue the two of them....."

"That's right! It's probably not too late to save them now!"

Several gods suggested.

They didn't want the south to lose two such geniuses.

Tianzun Gengyi nodded immediately: "Okay! Let's try it! Everyone, go with Geng. Let's join hands and hope for greater success....."

"This is easy to say! Ren is willing to give it a try!"

"Ling is also willing to go!"

"Count me as an old man!"

Several gods responded one after another.

Seeing this scene, everyone in the Qingqiu Star Alliance showed joy.

They were worried before.

Looking at the nervous look of the gods before, they have realized the seriousness of the problem.

Fortunately, the southern gods They are relatively united, and in this critical moment, they have come forward one after another, which makes them very happy.....

At this moment, together with Tianzun Gengyi, nine gods were preparing to enter the examination area...

Only two people did not respond.

One is the ancestor of Tiansheng.

The other one is Huoyue Tianzun, the leader of the top ten forces.

Huoyue Tianzun is at the peak of his cultivation as a god and has always been on good terms with the ancestor of Tiansheng.....

The Heavenly Saint Ancestor has always been proud of his dual divine foundation and looked down upon other gods. He even looked down upon the second and third ranked gods among the ten.

Because although the two of them are at the pinnacle of the gods, they are both at the pinnacle of the Three-Yuan God Foundation, and their potential is not as good as that of the ancestor of the Heavenly Saint.

Only Huoyue Tianzun is extraordinary and is the pinnacle of the Jiuji Divine Foundation.

Therefore, Patriarch Tiansheng treated him with great respect and even often flattered him.

After going back and forth like this, the relationship between the two became close, and he naturally sided with the Heavenly Saint Patriarch.....

"Fellow Taoist Huo Yue, won't you go with us?"

Gengyi Tianzun looked forward to it.

All the gods also looked at Huoyue Tianzun.

Among them, Huoyue Tianzun is the strongest. If Huoyue Tianzun goes with him, there will be greater hope of rescuing Qin Feng and Qin Lei.. But

I didn't expect that as soon as Tianzun Gengyi finished speaking, the sneer of Tiansheng Ancestor rang out in the field.

"Fellow Taoist Gengyi, I advise you not to waste your efforts! Even if you try to save them, you won't be able to save them, and it will even take your lives....."

As soon as he said this, all the gods frowned.

Qingqiu and everyone in the Star Alliance were even more angry.

It's okay if this guy doesn't save people, he's still making sarcastic remarks here....

"Fellow Daoist Tiansheng, what do you mean by this?", Tianzun Gengyi looked displeased.

Ancestor Tiansheng smiled coldly: "Haha! Fellow Daoist Gengyi, have you forgotten the speed of time? The flow rate of time in the examination area is a hundred times that outside. We have been here for a few minutes, and two or three hours have passed in the examination area."

"Based on this calculation, Qin Feng and Qin Lei should have been in for a long time, not just recently. If you wait to save people now, it's already too late!"

At the end of the sentence, Patriarch Tiansheng's face was full of gloating.

"Everyone, we have missed the best time to save people, so don't try in vain!"

Huoyue Tianzun also spoke.

As soon as these words came out, the gods were stunned.

Yes! That seems to be the case. Is it true that God wants Qin Feng and Qin Feng to die?

"Are we going to die without saving him?"

Gengyi Tianzun was a little hard to accept.

A god sighed: "Hey! Brother Gengyi, I'm afraid we are really a step too late. There were constant strange noises in the examination area before. It should be when something went wrong. According to the time, one or two hours have passed....."

"This... what should we do?"

"Brother Gengyi, please inform the three gods immediately! Maybe they have a solution! Besides, there are cracks in Guixu, and three gods are still needed to repair them....."

"Makes sense!"

At that moment, Tianzun Gengyi took out the jade talisman and began to notify the three gods...

At this moment, he returned to the ruins.

After an earth-shattering battle, Yu Xi and Yu Chen were finally attacked by Qin Feng and the shadow clones. kill.....

Looking at the large amount of law energy suspended in front of him, as well as the two water essence beads, the Sanqi Ancestral Fire.....

Qin Feng was very excited.

He opened his mouth and sucked it all in, swallowing it all...

"Ding~! Congratulations to the host for successfully swallowing a massive amount of water law energy.....Your cultivation has been raised to True God Realm 22%.....Combat strength increased to 24300 trillion zi....."

"Ding~! Congratulations to the host for swallowing the water essence beads (two beads).....Your cultivation has been raised to True God Realm 35%.....Combat power increased to 26600 trillion Zi....."

"Ding~! Congratulations to the host for successfully refining the 'Three Wonders of Ancestral Water'.....Your true spirit, divine foundation, and heavenly soul have been completely purified by the Sanqi ancestral water....."

"Ding~! Congratulations to the host, your physique has been promoted to an eternal water body.Combat power increased to 29000 trillion....."

After a long time, Qin Feng slowly opened his eyes, his face full of joy.

He finally reaches the eternal body of water.

Sanqizu fruit is so amazing!

If we get the Six Spirits Ancestral Water again, we should be able to ascend to the creation water body.

At that time, he will have the body of creation water and fire, which is equivalent to the body of creation fire and wind of the Lord of the Ancient God Realm.....

In addition, his combat power has reached 29000 trillion zi, which is very close to the limit of the peak of the gods.

The limit of the gods' peak combat power is 30,000 trillion zi.

The combat power of Huoyue Tianzun is 30000 trillion Zi.

However, Qin Feng's increase was two hundred times, which was much higher than the increase of the gods.

In other words, Huoyue Tianzun, the leader of the ten gods, is no longer his opponent.

He should be the leader of the top ten forces in the future.

The more Qin Feng thought about it, the more he looked forward to it

"Ding! Remind the host... you have killed three god-level spirits, and the cumulative merit value exceeds 100 trillion. The host can start the refining of heaven and earth spiritual weapons (auxiliary type)....."

"Ding! Remind the host... You have completed the fifth stage of the god-level collection task. Generous god-level rewards have been distributed, and the host can claim them at any time....."

Qin Feng's eyes shone, it was really a double happiness!

However, he didn't have time to deal with this and had to leave Guixu as soon as possible.

After all, it's dangerous here.

Thinking of this, Qin Feng was about to return the same way.

But when he turned around, he was confused.

It's just that the cracks in the space where he came from have disappeared. No matter how much his spiritual consciousness sweeps across, he can't find any trace of the cracks. It seems that the space has changed unknowingly...

At this moment, the surrounding temperature inexplicably dropped, and the air became colder and colder. The colder.....

Qin Feng felt vaguely that something was wrong and wanted to leave the battlefield.

He quickly thought about using space to summon and teleport back directly.

This time I tried it, but found it didn't work!

At this moment, a low roar like a whale and a dragon resounded throughout the Guixu...

The whole space was shaken by it~!

A looming power from the sky descended from all directions...

Qin Feng couldn't help but change his expression. Big changes.

Because that divine power surpasses the peak of the gods, and even surpasses the perfection of the gods, could it be the emergence of the eternal realm?

The Eternal Realm can easily kill the Great Perfection of Gods.....

But Qin Feng's strength is far from the God of Perfection!

This thought made him even more uneasy..

Chapter 859

Qin Feng knew that he could not stay any longer. If the spirit of the eternal realm really arrived, there would be only one way to die.

At that moment, with a thought in his mind, he activated the Space Summoning again...

The surrounding space just shook slightly and then returned to calm...

The Space Summoning still failed...

This Guixu is really weird!

The avenues of heaven and earth here seem to be different from the three thousand avenues of the God Realm!

Since there are differences, it is normal for some magical powers to fail.

Roar~!

But at this moment, another low roar came from the front...

The world shook again, the pressure of the world became stronger, and the surrounding temperature plummeted without limit...

Ka~! Click~! Click~!

Layers of frost formed on Qin Feng's arms at a speed visible to the naked eye. It was extremely cold and penetrated into the bone marrow.....

Qin Feng was horrified!

This guy must be a spirit from the eternal realm, and he is getting closer and closer to him...

He must escape!

As for how to escape, he had already prepared a backup plan.....

But just when Qin Feng was about to escape, another shocking bird song sounded from the other direction.....

The chirping sound was like metal grinding, sharp and harsh...

The power of the invisible sound wave made Qin Feng's blood boil, and his soul was about to collapse...

With such momentum, it was definitely a spirit of the eternal realm...

The situation was even worse now. Got it!

Two Eternal Realm spirits are rushing towards this side.

Qin Feng's scalp felt numb for a while.....

He quickly dodged and disappeared into thin air.

In the void, there was only a light spot smaller than a sesame seed, which was difficult to see with the naked eye...

As soon as Qin Feng disappeared, the roars of whales and birdsong in the distance became more intense and impatient.....

Boom~! Boom~!

In the void, the roaring force was like overwhelming mountains and seas.....

The two spirits locked onto the light spot and came at full speed...

This is their world!

They won't let this human escape.....

At the same time, the twin universes were in the sky above the Temple of Samsara.

Suddenly, the space shook, and Qin Feng appeared out of thin air....

"It really works!"

Qin Feng secretly breathed a sigh of relief. It was just as he had guessed.

Although he couldn't teleport out and enter his dual universe, it was no problem.

Immediately, he ducked and arrived at a teleportation array, and started nervously Formation.....

He was also not sure whether the teleportation formation would be ineffective in the Guixu space...
a few seals!

Buzz~!

The great array vibrated, blooming with auras of light!

Huh~!

Qin Feng disappeared!

After a period of spinning, the surroundings suddenly became clear, and the world was bright...

Qin Feng raised his head and looked around.

This is where the Star Alliance resides in the God Realm.

He returned to God Realm safely!

Qin Feng is ecstatic!

His guess was indeed correct.

All the worlds are based on the three thousand avenues. The avenue of Guixu is somewhat different. It is obviously a world beyond the three thousand avenues...

If we can surpass the three thousand avenues, we can have a way to crack the space of Guixu..

When it comes to the avenue of space, there is no one better than the Lord of the Universe.

Even the Lord of the Ancient God Realm grew up from the Lord of the Universe.

It can be said that the Lords of the Universe are aliens who are above the Three Thousand Avenues, so their potential is unlimited.....

It is precisely because of this that the Lord of the Universe is much rarer than the person who possesses the Divine Foundation...

As for the Lord of dual universes like Qin Feng, it is even more unique...

It is easier for him to escape from the ruins than the Lord of a single universe...

In other words, Guixu is no longer a dangerous place for Qin Feng.

As long as he wants to escape, he can escape at any time.

This means that next time he can safely explore Gui Rui and look for more big opportunities...

This is also a natural ability.

If those powerful Dzogchen masters knew about it, it would be too late to envy them.....

At the same time, something was happening in the distant Lingyun Palace.

At this time, three gods have appeared.

Of these three gods, one is an old man with gray hair and a childlike face.

He is the ancestor of the Zhenji Sect and is revered as the Zhenji God.

The second one is a middle-aged man with a majestic expression. He is the ancestor of the Jiuyuan Sect and is revered as the Jiuyuan God.

The third one is a beautiful middle-aged woman with elegant temperament. She comes from Yaochi Mountain and is revered as the God of Yaochi...

At this moment, the three Gods are listening to the report of Tianzun Gengyi.

The gods listened respectfully...

Not to mention the true gods, false gods, and quasi-gods, they listened quietly one by one, not even daring to breathe...

After a while, the three gods finished listening. Report, everyone showed surprise

"Geng Yi, are you telling the truth? Are Qin Feng and Qin Lei as good as you say?"

"Geng Yi, you didn't deliberately exaggerate Qin Feng and Qin Lei just to get us to take action, right?"

"yes! Our south has always been poor in resources and talents. How can we produce such geniuses? Two of them appeared at once!"

The three gods all couldn't believe it.....

The three of them are aloof and don't care about the rankings of large forces, so they don't know what happened in the competition...

Gengyi Tianzun smiled bitterly:"Three Lords of God, Gengyi dare not make any lies!"

"What the three Lord Gods and Taoist fellow Taoist Geng Yi said is true!"

"yes! I have been watching, and Fellow Daoist Gengyi is not exaggerating....."

Several gods agreed and proved it for Gengyi Tianzun.

They didn't know that Gengyi Tianzun's description still far underestimated the strength of Qin Feng and the shadow clone, not even describing one-tenth.

But after hearing everyone's words, the three gods' eyes lit up and looked surprised.

"Unexpectedly, we in the south can also produce such talents! interesting!"

The True God stroked his beard and smiled.

"It's true! As expected, Qingqiu Realm and Star Alliance Realm came first and second!"

The God of Yaochi looked at the results on the jade tablet with a smile on her lips.

But her eyes fell on the name of Qingqiu Realm, and a cold light flashed deep in her eyes.

No one noticed this scene.

Among the crowd, only Qinglin's eyelids twitched.

However, she kept lowering her head and never raised it, as if she didn't want to attract the attention of Yaochi God.

"Three Lord Gods, I hope you can save Qin Feng and Qin Lei!"

Gengyi Tianzun begged

"You don't need to tell me, the three of us will save him!"

"Such outstanding talents are worth saving!"

Zhenji God and Jiuyuan God expressed their opinions one after another.

But Yaochi God smiled slightly: "You two, I am worried that the little girl will not be saved. Time has passed for a long time....."

This reminder made Zhenji Sect a little nervous.

He hurriedly said: "You two, let's hurry in and see the situation first!"

"Makes sense! You guys will go in with us, and no one below the gods will go in and cause trouble!"

Following the order of the Nine Yuan God, the gods followed one after another...

Even the ancestor of the Heavenly Saint stood up reluctantly. He did not dare to disobey the order of the God.

At that moment, the three gods and the gods entered the examination area and went Rescue...

Only the contestants were left in the hall, and they were whispering to each other.

No one noticed that Qinglin looked at the leaving figure of Yaochi God, with infinite hatred deep in his eyes.....

However, she quickly calmed down and her eyes returned to calm.

She has to wait for Qin Feng to return!

She wants to tell Qin Feng her biggest secret.....

At this moment, discussions continued in the hall

"Everyone, do you think the three gods can rescue Master Qin Feng and Master Qin Lei?"

"This...this is hard to say! It's been a while since the two of them went in...."

"yes! The time flow rate in the competition area is a hundred times that of the outside world. It has been delayed for too long....."

"Why! It would be a pity if Lord Qin Feng and Lord Qin Lei died in Guixu!"

"Just leave it to fate!"

Everyone sighed.

The people in Qingqiu and Star Alliance were even more anxious, as if they were in torment.

But the people in Tiansheng Mountain showed a look of gloating, and everyone secretly rejoiced.

Among the crowd, there was another person who was gloating.

This person was It was Wen Yuan.

At this moment, the discussions of the northern gods echoed in his mind.

Everything that happened outside, the northern gods could see clearly through Wen Yuan's vision, and the discussions were very intense at this moment.....

"hehe! The Southern Gods really value Qin Feng and Qin Lei!"

"Of course! There is a shortage of talents in the south, and it took a lot of effort to produce two such outstanding ones. How could they bear the loss?"

"such a pity! They will be disappointed this time! In my opinion, Qin Feng and Qin Lei are dead!"

"hey-hey! Randomly breaking into Guixu and trying to come back alive, even the gods would have difficulty achieving perfection, unless they were in the eternal realm. Qin Feng and Qin Lei are far from that kind of strength, they are definitely dead!."

"Wouldn't it be nice if Qin Feng and the two of them died? If they are allowed to grow up, it will be detrimental to us in the north! Maybe the strength of the south can surpass our north in one fell swoop, making our north the last in the God Realm....."

"Cut~! Everyone, you think too highly of Qin Feng and Qin Lei. Although these two people are extremely talented, they are also extremely stupid!"

"how do I say this?"

"As people from the south, don't they know the dangers of Guixu? They broke in regardless of the consequences. What is this if not stupidity?"

"Makes sense! We do think highly of them!"

"Ha ha!!!"

Speaking of this, the northern gods laughed triumphantly.....

Wen Yuan was also happy to hear this and couldn't help but smile.....

But at this moment, there was a spatial fluctuation above the hall, and two stalwart figures appeared.

When everyone looked up, they saw that it was Qin Feng and Xuying's clones!

"Oh my god...oh my god! Yes...it's Master Qin Feng and Master Qin Lei!"

"He.. they came out!"

The whole audience exclaimed.

Wen Yuan was immediately dumbfounded, and the expression on his face froze!

The northern gods were also confused, and their laughter that had not stopped became extremely embarrassing..

Chapter 860

Wen Yuan was immediately dumbfounded, and the expression on his face froze!

The northern gods were also confused, and their laughter that had not stopped became extremely embarrassing.....

"This...how...how did these two guys come out??"

"Yes...yes! They didn't come out with the Southern Gods. Did they come out on their own?"

As soon as these words were said, the northern gods immediately thought of something. They all looked at each other with astonishment in their eyes...

Wen Yuan also thought of something, and his face darkened.

After a long time, one of the gods swallowed his saliva and then whispered. Said:"It seems that one of Qin Feng and Qin Lei is the master of the universe! Only the Lord of the Universe can escape from the ruins on his own....."

"this.....This is impossible! The Lord of the Universe is extremely rare, and the chance of appearing is a hundred times lower than that of the God Base of the Heavens. Can this barren south produce such talents?"

"yes! We in the north have gone through countless epochs before the Lord of the Universe, Wenyuan, was born! The south is much worse than our north. How can we say that it was born just as it was born?"

Some northern gods still can't believe it.

"hehe! Then please explain, how did Qin Feng and Qin Lei escape from Guixu? I can't think of a better explanation."

"this....."

The gods were silent.

The Masters of the Universe had the ability to escape Guixu, and they discovered it by accident.

This secret has not spread in the God Realm, and the gods in the God Realm do not know it yet.

It is precisely because of mastering this secret that the gods from the north dare to come to the south to seize the spiritual roots of heaven and earth.

At that time, as long as they grab the treasure, they can leave Guixu at any time. They don't have to worry about people from the south cutting off their retreat. It can be said that they have no worries.

"When Brother Lu said this, it seemed possible! Although it was possible for Qin Feng and Qin Lei to find a temporary exit and escape, the chance was less than one in a billion, almost zero. On the contrary, the probability that one of them is the Lord of the Universe is 99%!"

"Um! That's the only way to explain it!"

"Hey~! I didn't expect that the Lord of the Universe could come out of the south. It's really true."

The gods looked depressed and seemed unable to accept it.

However, they have firmly believed that one of Qin Feng and Qin Lei must be the master of the universe.

Na Wenyan's face turned even uglier.

His cultivation talent is far inferior to Qin Feng.

The only thing he is proud of is his identity as the Lord of the Universe.

But now, Qin Feng has even compared what he is most proud of.

He was completely reduced to a foil.

This was a huge blow to him...

In fact, both Wenyan and the northern gods underestimated Qin Feng.

Qin Feng is not an ordinary master of the universe, but a unique master of dual universes.....

"By the way, you said that one of Qin Feng and Qin Lei might be the Lord of the Universe. Should we capture them and take them back to the north? The Lord of the Universe is extremely precious!"

"I suggest not to take action yet. We should grab the spiritual roots first and then attack Qin Feng and Qin Lei. This can avoid alerting the enemy....."

"That's right! I support Brother Lu's suggestion. Our main purpose is to seize the spiritual roots of heaven and earth, and we must not reverse priorities. What's more, whether there is the Lord of the Universe among Qin Feng and Qin Lei is just our speculation....."

"Makes sense! That's it!"

The northern gods quickly reached a unanimous decision.....

At this moment, the hall was already abuzz.

As for the safe return of Qin Feng and the shadow clone, everyone in the south was surprised and cheered...

Unconsciously, Qin Feng and the shadow clone had accumulated a high prestige among the southern players.

This is a world where the strong are respected.

The strong will be sought after by the world!

What's more, the south has always been weak and needs strong people to revitalize it.

The birth of a new strong man is the emergence of hope!

The southern players were naturally excited that Qin Feng and the shadow clones could return safely...

Of course, a group of people in Tiansheng Mountain were very depressed, and everyone looked disappointed.....

At this moment, Qin Feng has returned to the Qingqiu clan...

The people in Qingqiu and the Star Alliance have already cheered.

Their worries were finally relieved.

Hongyue's eyes were even redder, and she cried with joy: "Husband, I almost thought you would never come back!"

Qin Feng felt warm in his heart: "Silly girl, wasn't I a good person?!"

"Hong'er, stop crying, you should be happy...."

Qinglin also came over with a happy face.

She looked at Qin Feng with a smile, her beautiful eyes showed extreme admiration, and some secret joy...

Qin Feng looked up at her, and his eyes lit up...

After not seeing him for a while, Qing Lin was even more beautiful than before. For a minute, a casual smile was radiant and extremely beautiful...

But those clear and bright pupils were a little different from before...

Qin Feng knew that the Qinglin in front of him was different from before.

She has awakened the memory of her past life, and she is afraid that her personality will change, and even her attitude towards him will change...

Qin Feng suddenly felt worried about gains and losses.....

He still has a good impression of Qinglin. I wonder if Qinglin's attitude towards him has changed now?

"sister!"

Hongyue looked at Qinglin coming over and burst into laughter.

"By the way, sister, Qin Feng has helped us win the bet. Don't forget about the red pill....."

Hongyue lowered her voice so that only the three of them could hear it.

When Hongyue mentioned Hongwan, Qinglin's pretty face suddenly turned red, and her little heart jumped wildly...

Since she recovered her past life memories, she has become even more shy.....

In her previous life, she was a peerless genius. She devoted her whole life to cultivation and was in a high position early on. It was the first time that she had such an experience as she is having so many distracting thoughts in this life.....

"Sure enough, girls are outgoing! It's so quick to go to your man! Do not worry! I won't default on my debt....."

Speaking of this, Qing Lin's face turned even redder, and he was a little embarrassed to look at Qin Feng...

But his shy look was even more pleasant.....

The corners of Qin Feng's mouth curved slightly, pretending not to hear the conversation between the two women.....

At this moment, in the examination area.

Top of snow mountain.....

The three gods gathered around the space crack and discussed for a long time...

In the end, the three of them shook their heads slightly with a wry smile on their faces.

When the gods saw this, they suddenly felt that something was wrong

"Three adults, how is the situation?" Tianzun Gengyi asked eagerly.

"Why!" Zhenji God smiled bitterly and shook his head.

Gengyi Tianzun's heart thumped: "God, can't Qin Feng and Qin Lei be saved?"

"yes!"

Zhenji God sighed deeply.

"The three of us have just used our spiritual senses to detect it. We used this crack as a starting point and penetrated hundreds of millions of miles into Guixu, but we didn't sense the breath of Qin Feng or Qin Lei. Those two people should have entered the depths of Guixu, so there would be no way to find them....."

"yes! A range of hundreds of millions of miles is our limit, and there is nothing we can do beyond this limit. If you break in rashly, I'm afraid I won't be able to come back....."

"According to the little woman's opinion, this matter can only be left alone!"

The three gods were helpless.

Tianzun Gengyi's face looked ugly.

He was very optimistic about Qin Feng and Qin Lei. It's a pity that these two geniuses fell like this!

Oh~!

Tianzun Gengyi sighed in his heart.

All the gods also He shook his head secretly, with a look of regret on his face.

Only the ancestor of Tiansheng was happy, and he was almost smiling. That annoying guy Qin Feng is dead after all!

Hehe! So what if that guy broke his bet?

His life is still the same. Lost!

And he is still alive, then there is a chance.

He will eventually get Qinglin.....

The more the Heavenly Saint Patriarch thought about it, the more proud he became.

At that moment, he took a step forward, cupped his hands and said:"Three Lords of God, this crack is connected to Guixu, which is a huge potential hidden danger. I hope that the three adults will repair the crack quickly, lest any god-level spirits break out..."

This As soon as he finished speaking, the gods looked at him strangely.

They knew that Patriarch Tiansheng and Qin Feng would not deal with them.

The Heavenly Saint Patriarch said this obviously on purpose.

As soon as the space crack is closed, Qin Feng and the two will have no way out, and they will die without life.....

After listening to the suggestion, the three gods thought for a while and nodded slightly.

No matter what the purpose of Patriarch Tiansheng is, what he said is true.

"Hey~! It seems that this is the only way! You two, let's do it together!"

Zhenji God sighed helplessly.

At that moment, the three Gods took action together.....

After a while, the crack disappeared and everything was repaired.

The gods smiled bitterly and shook their heads, secretly thinking that Qin Feng and the two of them were completely finished.

"OK! The matter is over now! Let's go back!"

Zhenji God is not in a good mood.

The south finally produced two geniuses, but they lost them like this. No one can be happy.....

Unfortunately, there was nothing he could do.

Among the crowd, only the Heavenly Saint Ancestor looked gloating, and he felt relieved.

At this moment, Zhenji God waved his hand, and the entire space shook, and everyone disappeared out of thin air.

The next second, all the big guys returned to the sky above Lingyun Palace.

There was a sudden commotion in the hall.

At this time, the gods looked down at will.

But the next second, their eyes widened.

Among the crowd, Qin Feng and Qin Lei suddenly appeared

"This...how is this possible! You...why aren't you dead yet?!"

The ancestor of Tiansheng seemed to have seen a ghost, his eyes almost fell out.

"how? Are you disappointed that Qin is alive?"

"Tiansheng, what are you talking about??! "

Zhenji God frowned deeply.

The Heavenly Saint Ancestor suddenly realized that he had made a mistake and was stunned on the spot with an embarrassed look on his face.

Everyone also gave him strange looks..
