

God level 871

Chapter 871

In the crowd, Qin Feng watched all this silently, thoughtfully.....

"Qin Feng, Yaochi looked a little weird just now..."

Qinglin's voice sounded in Qin Feng's ears.

Yaochi was Qinglin's enemy in his previous life, so she was naturally very concerned about it.

"Well, I saw it!"

"By the way, Qin Feng, I remembered something"

"What's the matter?"

"Back then, when Yaochi deceived me into a dangerous place in my previous life, we passed by a place and saw a lot of Sanqi ancestral water...."

Qin Feng was stunned.

Immediately, he remembered that during the competition, Qinglin saw the Sanqi Ancestral Water and awakened his past life memories.

Looking back now, he finally understood the reason and suddenly became enlightened.

Having said that, although he got some Sanqi ancestral water, he didn't mind getting some more.

Naturally, the more these spiritual beings the better.

"Sister Qinglin, didn't you think about getting some Sanqi Ancestral Water? The Three Strange Ancestral Waters and the Six Spirit Ancestral Waters are spiritual objects of the same level."

"Of course I thought about it! Unfortunately, the Sanqi Ancestral Water was surrounded by many Yu clan spirits and monsters, so there was no chance to attack it, so we gave up....."

"Yu tribe? What race is that?"

"It's the fish-like bird-like spirit you killed last time!"

"It turns out to be them!"

Qin Feng suddenly realized.

His three wonders of ancestral water were obtained from a bird-like fish-like spirit.

It turned out that those guys were the Yu tribe.

Qinglin continued to explain

"There are many types of spirits in Guixu, and the Yu tribe is only a moderately powerful ethnic group. By the way, the spirit with the body of a lion and the head of a deer that appeared together last time, with a body like snow and a third divine eye on its forehead, is the Bai tribe."

"The Bai people are also a medium-sized ethnic group and are in alliance with the Yu people. The two tribes are stationed very close to each other. The dangerous place I mentioned before is actually the Bai tribe's home base! Qin

Feng suddenly said:"So, in your previous life, you were jointly murdered by Yaochi and the Bai tribe!""

"Yes! However, I was reminded of something else. When we passed by the Yu clan's lair, we found a Sanqi Ancestor Water Spirit Pond, which contained a spiritual egg. The aura emitted by the spirit egg is actually from the eternal realm....."

"Later, we sneaked into the Bai forbidden area. The Six Spirit Ancestral Pool was discovered in the Bai Clan's forbidden area, and there was also a spirit egg in it. It's just that the aura of the spirit egg is obviously weaker, but it also has a god-level aura."

"However, trillions of years have passed, and the Bai clan's spiritual eggs should have grown up, reaching at least half a step of eternity....."

Hearing this, Qin Feng was surprised

"interesting! The Yu tribe produced the Three Strange Ancestral Waters, and the Bai tribe produced the Six Spirits Ancestral Water. Both tribes used the ancestral water to breed a spiritual egg each. Is it possible that there is some hidden purpose behind this?"

"yes! I think so too. Before, I was so focused on revenge that I ignored these details. But looking at Yaochi's expression just now, it makes me a little worried....."

The two communicated secretly.

At this moment, the sky above the square began to vibrate violently.

Qin Feng couldn't help but raise his head and look into the sky.

Boom~!Boom~!Boom~!

There was a rumbling roar in the void!

Click~! Click~! Click~!

There were loud noises like ice cracking!

A crack appeared in the void.

The crack opened wider and wider, forming a golden light door that bloomed with golden light and illuminated the entire square.

Immediately afterwards, countless spiritual energy from heaven and earth poured out from the light gate and spread across the entire square.....

The concentration of spiritual energy in the surrounding world increased several times...

It can be seen that behind the golden light door is a world rich in spiritual energy.

That golden light door is the entrance to the road to the ruins!

Everyone looked at the golden light door with excitement.

The members of the top forces were gearing up one by one, eager to enter right away.

The onlookers around were envious.

At this time, the True God floated into the sky.

He waved his hand casually, and more than two hundred jade talismans flew towards everyone.

These jade talismans can only be possessed by those who enter the road to return to ruins.

Qin Feng caught the jade talisman and after a brief inspection, he found that it was a magical talisman similar to a traffic order.

"Everyone, please put a drop of your own blood essence into this jade talisman and refine it quickly! If you don't refine it, you won't be able to enter the road to return to the ruins!"

After saying this, Zhenji Tianzhu took the lead in dripping essence and blood into his jade talisman and began to refine it...

Everyone followed suit.

Qin Feng also followed suit and dripped blood to refine it.

After a while, everyone in the audience had refined the Tongxing Shen. Talisman.

At this time, Zhenji God looked at Jiuyuan God

"Jiuyuan, take out the inheritance jade ultimatum and activate the talisman of passage!"

"good!"

Jiuyuan God turned his hand over, and there was a half-section of jade certificate in his palm.

As soon as Qin Feng saw the jade certificate, he felt familiar, and a strange look appeared on his face.

Not only him, but also Fu Zhi and Qin Feng Bao Bao, Xuan Ming and others all showed strange expressions.

It turned out that the jade ultimatum in the hands of Jiuyuan God was very similar to the three world creation jade ultimatum of Qin Feng Dual Universe, and could even be said to be exactly the same.

The only difference was that Jiuyuan God's The jade certificate in his hand was broken, only half a piece.

At first, Xuan Ming, Qin Baobao and others refined the complete inheritance jade certificate.

After refining, they became the Lord of the Hell Realm and the Lord of the Human Realm respectively..What happened to the broken jade certificate in the hands of the Nine-Yuan God?

Just when Qin Feng and others were wondering, the Nine-Yuan God pinched hundreds of seals. The broken jade certificate in his hand emitted thousands of purple light.....

Buzz~! Buzz~! Buzz~!

The popular talismans in everyone's hands also resonated, and auras bloomed one after another.

The Talisman of Passage is activated!

There was a wonderful telepathy between everyone's hearts and the talisman.

"That's it! Almost reached the limit!"

Jiuyuan God breathed a long sigh of relief and put away the broken inheritance jade certificate.

It turns out that all the passing talismans need to be authorized by the inheritance jade certificate.

However, the number of authorizations is limited, and only two hundred can be authorized. This is also the reason why the Southern Alliance has a limited entry quota, because if you exceed the quota, you cannot activate the pass talisman.

Seeing that Jiuyuan God completed the activation, Zhenji God also breathed a sigh of relief.

Immediately, he looked at everyone: "Everyone, remember, this universal talisman is only valid for one month. After we enter, we must return the same way within a month, otherwise we will get lost in Guixu and bear the consequences!"

"I'll understand!"

Everyone echoed

"Let's go!"

At this moment, the three major gods took the lead and flew into the light gate.

The members of the super forces followed in one after another.

After the super forces entered, Qin Feng also entered with the people from the Qing League.

Immediately afterwards, the people from Huoyue Mountain followed. After that, everyone will enter according to their power rankings.....

A moment later, Qin Feng led everyone from the Qing League into the light gate.

As the world began to spin, Qin Feng put his feet firmly on the ground.

When he opened his eyes and looked around, he found that he had entered a new world, with mountains, water, flowers, grass, strange insects and beasts, and oceans, volcanoes, and the Great Rift Valley in the distance...

His consciousness went further. Scanning everywhere, you reach the edge of this world.

The edge of this world is the endless void, cold and dark.

It turned out that the place where he was was a continent suspended in the ruins.

This continent is extremely huge, far larger than all the cave heavens and paradises, but lower than the vast world.

Qin Feng was feeling strange when Qing Lin came from behind.

"Qin Feng, do you think this continent is strange? Want a little more familiarity?"

"yes! I thought that the Guixu world was cold and dark, and the space was constantly changing. I didn't expect that there was a mainland world here, and the space was so stable." As he spoke, white lights flashed around Qin Feng, and more and more players entered. At this time, Qinglin whispered: "Actually, this continent was not created by Guixu. Qin Feng was puzzled:"

Then why does it appear here?"

Qinglin explained: "This starts from a long time ago!" At that time, an extremely powerful figure appeared in the south. Not only was he a god of great perfection, he was also an extremely rare Lord of the Universe. Therefore, his overall strength was comparable to that of the Eternal Realm."

"Because of his existence, our southern region is not weak in the divine world. But who would have thought that such a powerful existence would encounter three eternal realm monsters in this ruins?"

"After a battle between the two sides, three Eternal Realm spirits were seriously injured, and the Lord of the Universe also died. His inner universe collapsed and turned into dozens of continental fragments....."

"The continent beneath our feet is just one of its fragments!"

Qin Feng was a little surprised when he heard this.

This was the first time he heard about the Lord of the Universe at the level of God's Dzogchen.

Unfortunately, that person has died!

It can be seen that the Lord of the Universe has cultivated to the level of God's Dzogchen. Can be compared to the Eternal Realm.

He is the stronger Lord of the Dual Universes. I am afraid that when he reaches the God Realm, he will be comparable to the Eternal Realm.

At this time, Qin Feng thought:"Sister Qinglin, Jiuyuan God tells you Does this God-level Lord of the Universe have some origins?"

"That's right! Qinglin nodded slightly,"Jiuyuan Tianzhu is the descendant of the Lord of the Universe. He was still the Lord of the Human World when he was the Lord of the Universe." in his handThe jade certificate of inheritance is the jade certificate of inheritance in the human world."

"It's a pity that in the battle that year, the Lord of the Universe died in the battle, and the Nine-Yuan God almost fell, and half of the inheritance jade tablet on his body was broken into pieces. This makes him unable to control this broken continent"

"By the way, speaking of this, I want to tell you. Although the Lord of the Universe has died, his regrets are still there. His residual thoughts will reject any creature that was not born in his universe."

"Whether it is the spirits in the ruins or people from the God Realm, as long as they step into these broken continents, they will be forcibly teleported out."

"Fortunately, although the broken jade certificate in the hands of the Nine Yuan God cannot control these broken continents, it can authorize us to enter, which is equivalent to giving us a legal identity and being recognized by the Lord of the Universe."

Hearing this, Qin Feng finally figured out the cause and effect.

No wonder, before they entered, they needed a talisman of passage.

No wonder, Zhenji God reminded them that they only have one month.

If it exceeds one month, they will be forcibly teleported out, then To be lost in the ruins, to die without life

"Sister Qinglin, where are the spiritual roots of that day?"

"Follow these broken continents and go deeper step by step to find them. Back then, the Lord of the Universe fell because of the struggle for the spiritual roots of heaven and earth."

"His residual thoughts have always been locked on the spiritual root of heaven and earth, so no matter how the space of Guixu changes, there is always a continent staying near the spiritual root of heaven and earth."

"Moreover, although his universe has collapsed, those broken continents are still somewhat connected. If we follow the Nine Yuan God, we can find the spiritual roots of heaven and earth."

Qin Feng nodded slightly:"That's it!

Immediately, his eyes lit up:"Hey!" Sister Qinglin, based on my understanding of the Lord of the Universe, as long as we find the remaining three and a half inheritance jade tablets, we can gather all the broken continents together, and even transform them into a vast world!"

Qin Feng became excited at this thought.

He wanted to create a new divine realm, and he could build his dual universe into the main body of the divine realm, but these were not enough.

He also needed some great worlds to form the lower realm of the divine realm.

There are The lower realm is equivalent to having a foundation stone, so that such a divine realm can be completed.

And there is a ready-made broken universe in front of you, which can be used to derive a vast world.

After listening to this, Qinglin smiled bitterly:"What you thought of, before Many people have thought about it, and many people have searched for it. Unfortunately, they have not found those lost inherited jade ultimatums. Even the Nine-Yuan God can't do anything about it...."

"Why is there no way?", Qin Feng was confused.

Qinglin sighed:"The inheritance jade certificate is very special, it is something that can only be created by the Lord of the Universe. Except for the Lord of the Universe, no one else can sense it, not even the gods. Therefore, it is difficult to find the lost inherited jade tablet, unless the Lord of the Universe takes action. But in this world, the Lord of the Universe is too rare. Qin

Feng smiled slightly:"Sister Qinglin, don't forget, I am also the Lord of the Universe!"

"right!"

Qinglin's eyes lit up and her face was filled with joy.

She almost forgotGot this.

At this moment, all the players came in.

Zhenji God announced:"Everyone, no one has set foot on this continent for a trillion years. Over these trillions of years, resources such as spiritual flowers, strange fruits, and divine minerals have grown a lot, and they are very rich."

"These are your great opportunities! I'll give you three days to collect it cleanly! Three days later, we will gather here and go to the next piece of land...."

As soon as this was said, everyone was overjoyed

"Thank you God!"

"I'm waiting to leave!"

"Ha ha! I go to the east sea, who will go with me?"

"Brother Wang, I'm with you!"

At this moment, everyone cheered and rushed to all directions of the continent to start a new wave of resource collection.

Qin Feng and Qing Lin looked at each other and excitedly led the Qingmeng people towards the depths of the continent.

Of course, Qin Feng's goal is to search for the inherited jade tablets.

If he can collect the remaining three and a half pieces of the inherited jade tablets, he will be able to control the broken continent.

By then, he can come and leave whenever he wants.

But I don't know, Is there any jade ultimatum inherited in this broken continent?..

Chapter 872

But Qin Feng led the Qingmeng people to an uninhabited valley and stopped.

Everyone in the Qing League was waiting for his instructions.

"Sister Qinglin, there is no danger in this continent, right?"

"Normally there is no danger, because the spirits in Guixu cannot step into this continent. As soon as they break in, they will be teleported away by mainland Cannian, so we will not encounter the Guixu spirits...."

"However, there are also some powerful ferocious beasts on this continent, including many true god-level beings, so be careful. Of course, as long as we don't take the initiative to provoke them or snatch the treasures they guard, we'll be fine..."

Qinglin had been to Guixu many times in his previous life, and he couldn't be more familiar with the situation here.

After hearing those words, Qin Lin Feng was relieved.

Immediately, he looked at everyone: "Everyone, let's take action! Remember, if there is any danger, notify me immediately!"

"yes! His Majesty!".

The next second, everyone went in search of treasures in all directions...

In a moment, only Qin Feng, Qing Lin, and Xu Ying's clones were left in the valley.

"Qin Feng, are you going to find the inherited jade ultimatum?"

"This is natural!"

"This continent is quite large. It's not easy for you to search the entire continent in three days."

"I had a shadow clone to help me, and it was easy to finish the search in three days!"

"That's good! If something calls me, I'll take the first step....."

Later, Qinglin also left in search of treasure.

Next, Qin Feng and the shadow clone each chose a direction and began a carpet search.....

Inherited jade certificates are usually hidden deep underground and are extremely concealable.

Qin Feng had to penetrate his spiritual consciousness into the ground to find out the whereabouts of the inherited jade ultimatum.

With the strength of his spiritual consciousness, he can detect the ground 300 million miles per minute.....

The speed of the phantom clone is slower, but it is still a hundred million miles away...

In this way, Qin Feng and the phantom clone launched an all-out search.....

In the blink of an eye, it had been an hour since everyone in the south entered Guixu.

In a remote jungle, a shrill scream suddenly came out

"Ah~! Wen...Wen Yuan, why did you sneak attack on me!"

"So much nonsense even when death is imminent! Go to hell!"

Boom~!

A shocking loud noise~!

Along with a burst of extremely miserable screams, a player fell. At this moment, in the jungle, Wen Yuan picked up a storage ring from the blood on the ground, with a look on his face happy

"Well done, little friend Wen Yuan!"

In Wen Yuan's body, the northern gods were extremely excited.

"Among the seven seniors, who will refine the talisman first?"

Wen Yuan dug out a magical talisman from the storage ring.

"Give it to the god Maori!"

"good!"

With a thought in Wen Yuan's mind, he sent the Talisman of Passage into his own universe.

After the God of the Sun got the Talisman of Passage, he used his own essence and blood to refining it.

It turned out that these northern gods did not have the Talisman of Passage. , naturally they did not dare to show up.

Otherwise, as soon as they showed up, they would be forcibly teleported out by the mainland Cannian.

However, they quickly thought of a way, that is, to snatch the passage talismans from other players.

This was also the reason for Wen Yuan's sneak attack. The reason for the famous player.

After a while, the God of Maori refined the talisman of passage.

With a burst of space fluctuations, the God of Maori came out of Wen Yuan's body and was not forcibly teleported out.

"Ha ha!! Done!"

"This method really works!"

The gods of the north are overjoyed.

"Congratulations to Senior Maori!", Wen Yuan saluted respectfully

"What was the name of the person who died just now?"

"His name is Kui Ying! The disciples of Tiansheng Mountain have cultivated themselves into the Great Perfection of False Gods!"

"good!"

The God of Maori swayed and turned into the appearance of Kui Ying, and his cultivation was also disguised as the level of the False God's Great Perfection.

Wen Yuan was amazed when he saw it: "Senior Maori, your secret skill of disguise is extremely good, I'm afraid Even the gods can't see through it"

"hey-hey! When it comes to the art of disguise, Mao is more confident than the gods!"

The god Maori looked proud.

"Brother Mao, go kill six more players so that the six of us can come out...."

"Ha ha!! Mao, let's go now!"

As soon as he finished speaking, the God of Maori went into the vast jungle and disappeared.....

"Wenyuan, hurry up and search for the inherited jade certificate!!"

"The senior is right!"

Wen Yuan quickly released his spiritual consciousness and began to search for the inherited jade ultimatum.

He was also searching for the inherited jade ultimatum.

Unfortunately, the strength of his spiritual consciousness was far inferior to Qin Feng's, and he had no clone to help him, so his search speed was not 100% of Qin Feng's. One.

But it is said that the gods in the north were filled with envy when they saw Wen Yuan searching for the jade ultimatum.

The gods could not refine the jade ultimatum when they passed it down.

Because the god's foundation, true spirit, and heavenly soul had been integrated into one, and they were transformed into one. As the soul.

Without an independent heavenly soul, there is no way to plunder other people's universes, and there is no way to refine and inherit the jade ultimatum.

This is a kind of law of heaven and earth.

Therefore, even if Wen Yuan finds the jade ultimatum, The ultimatum can only be refined by Wen Yuan.

As for the Nine Yuan God, he also refined the half of the jade ultimatum before becoming a god.

In this way, while most of the contestants were searching for treasures, Qin Feng, the shadow clone, and Wen Yuan are all secretly searching for the inherited jade certificate.....

Time flies so fast, and one day passes in the blink of an eye.

Most people have received huge harvests, and some have been assassinated by the God of the Sun, but no one knows.....

At the same time, Qin Feng and the phantom clones had swept 80% of the mainland in one day, but found nothing.

Just when Qin Feng thought that there was no inherited jade certificate on this continent, news came from the phantom clone.

Finally they made a discovery.

Qin Feng was so happy that he quickly ducked and disappeared from the place.....

The next second, he appeared above a volcano crater.

Qin Feng looked down and saw the fiery red magma rolling down below, with waves of heat hitting his face.

At this moment, a figure rushed out of the magma, bringing out a wave of fire hundreds of feet high.

That figure was the shadow clone.

As soon as the phantom clone appeared, he waved his hand, and a broken inheritance jade tablet flew over.

Qin Feng caught the inherited jade certificate with one hand and was overjoyed.

Unexpectedly, there is actually a incomplete inheritance jade certificate on this piece of land.

It was worth noting that he had been searching for it all day, and finally found something.

But he said that as soon as he got the jade certificate, it seemed to be vibrating with spirituality, and seemed to be breaking free from Qin Feng's hands.

Qin Feng quickly cut his fingertips and popped out a little blood essence, which fell onto the jade ultimatum.

Then, the drop of essence and blood was absorbed by the jade ultimatum at a speed visible to the naked eye.

Qin Feng quickly moved the seal and began to practice.....

After a while, the jade ultimatum lit up with purple light.....

"Ding~! Congratulations to the host, you have refined a jade ultimatum inherited from the Lord of the Nine Springs Universe (Heaven Realm, Broken).....The host has certain control over the creatures in this world....."

The Lord of the Jiuquan Universe is the ancestor of the Jiuyuan God.

As soon as this prompt came out, the jade ultimatum seemed to be completely activated, making a buzzing sound...

Immediately, a cold breath flowed out from the jade ultimatum, followed Qin Feng's arm, and rushed directly towards Qin Feng. The sea of wind consciousness.....

That cold breath is the remnants of the Lord of the Nine Springs Universe.

In just a moment, Qin Feng's consciousness and residual thoughts blended together.....

Qin Feng couldn't help but closed his eyes and began to communicate with Cannian...

After a while, the two parties reached an agreement.

Qin Feng slowly opened his eyes, a look of joy on his face.

He has been recognized by the Lord of the Jiuquan Universe, Can Nian, and is already half the Lord of the Heaven Realm, and can initially control all creatures born in the Heaven Realm.

Not even the Nine Yuan God has this method.

Because the jade ultimatum of the Nine Yuan God controls the human world.

The continent they are on now is a fragment of the paradise world. The creatures here are controlled by Qin Feng, not the Nine Yuan God.....

At the moment, Qin Feng made a seal in his hand and controlled the jade ultimatum in his hand.

Buzz~!

The jade ultimatum is activated and blooms with purple light!

The next second, the residual thoughts of the Lord of Jiuquan Universe launched commands to the ferocious beasts all over the continent.....

In the minds of those ferocious beasts, a majestic figure immediately emerged, standing above the nine heavens, emitting supreme golden light.....

That figure is Qin Feng!

According to Jiuquan Cannian's prompts, Qin Feng is their new owner.....

At this moment, hundreds of millions of ferocious beasts on this continent became excited.

They have been waiting for trillions of years for their new master.

The beasts were so excited that they looked up to the sky and roared.....

For a time, the entire continent was filled with the roars of ferocious beasts, one after another, deafening.....

The contestants who were hunting for treasures were all shocked and looked around in horror.....

"what happened? Why did these ferocious beasts suddenly scream? Isn't there going to be a riot?"

"Huh! This phenomenon is so strange! Never seen it before! Could it be an accident?"

"It looks like something is wrong!"

For a time, questions from the contestants came from all corners of the continent.

Everyone was shocked and confused.

Even the three gods were alarmed, and they swept around with their spiritual consciousness.

But after watching for a long time, the three of them still didn't see the reason. Come.....

At this moment, Qin Feng's thoughts communicated happily with the beasts.

The beasts trusted him unreservedly.

Qin Feng quickly used his mind to convey the images of Qing Meng and others to the beasts, and ordered the beasts not to attack Qing Meng's people.....

The beasts readily agreed and told Qin Feng where there were strange flowers, exotic herbs, and spiritual treasures.....

In just a moment, Qin Feng had a lot of treasure information in his mind...

Qin Feng was overjoyed. With these ferocious beasts under his command, it would be too easy for him to gather resources.

Later, he grafted his vision with the vision of the beasts.

The next second, the scenes seen by hundreds of millions of ferocious beasts flooded into Qin Feng's mind.

Qin Feng saw the scene of the entire continent in an instant.

For example, two members of a top power family, a man and a woman, did not go hunting for treasures, but actually engaged in cowardly things under a big tree. The scene was a bit unsightly.

But these two people didn't notice that on a leaf on the big tree, there was an insect lying on the back of the leaf, watching all this curiously.....

Qin Feng saw everything clearly through its compound eyes and couldn't help but want to laugh...

He quickly cut off the screen and looked elsewhere.

But he saw a female contestant bathing in the mountain spring with a happy face...

But she didn't notice that a naughty fish swam between her legs.....

Qin Feng quickly cut off the screen and looked elsewhere...

In short, it all felt amazing!

This means that Qin Feng controls this continent to a certain extent.

Thinking of this, he was overjoyed.

Immediately, he also started to hunt for treasures...

With the help of the beasts, Qin Feng didn't have to worry about finding the treasures at all.

As long as he follows the picture, he can obtain the treasure.

In this way, he obtains resources thousands of times faster than others.

Of course, he only collects what is useful to him, and leaves what is not useful to the beasts.

In this way, Qin Feng started a pleasant harvest journey.....

At the same time, he noticed all kinds of weird things happening in the corners of the mainland and monitored them all the time..
