

## God level 893

### Chapter 893

Time flies so fast, one day passes in a blink of an eye.

At the end of the day, Qin Feng achieved extremely rich gains with the help of the beasts.

What he gained alone was dozens of times the combined gains of all the players.

If this were said out loud, the three gods would be jealous.

At this moment, deep in the ocean, on an uninhabited island.

Qin Feng happily took stock of the harvest.

After a while, he dug out a black crystal the size of a walnut from among the many harvests.

It was actually a very rare source of extreme yin, much larger than the one he grabbed from Huoyue Tianzun last time.

Qin Feng opened his mouth and sucked it in, then swallowed it.

"Ding! Congratulations to the host for successfully devouring the source of extreme yin... Your divine base, true spirit, and heavenly soul have been successfully tempered by the source of extreme yin. You are still 77% progress away from the body of the moon saint.....The host's combat power increases to 6.3 trillion Rang....."

The strength has improved again!

The harvest this time is really not small!

Qin Feng opened his eyes happily.

His current combat power is 6.3 trillion Rang, and he is getting closer and closer to the threshold of the God's Great Perfection combat power.

The battle power threshold of the God's Great Perfection is 7 trillion Rang.

However, Qin Feng's comprehensive combat power has completely reached the level of God's Great Perfection.

In other words, he is the hidden God

"It's time to do something serious...."

Qin Feng put away the storage ring, looked in a certain direction of the sea, and showed a sneer.  
.....

In that direction, the Heavenly Saint Patriarch was healing his wounds at the bottom of the sea...

Qin Feng planned to take action.

The ancestor of Tiansheng had a grudge against him, and he knew the secret of Qinglin's reincarnation, so he couldn't keep it.

Besides, there were only nine hours left before everyone gathered, and he had to get rid of this guy as soon as possible.

Thinking of this, Qin Feng rose into the sky and flew in that direction.....

At this moment, in that direction, deep in the seabed, there was a cold and dark place.

The ancestor of Tiansheng sat cross-legged on the bottom of the sea, constantly absorbing the cold evil energy from the bottom of the sea to heal himself.

Around him, there are six true gods protecting the law.

There are only six true gods in Tiansheng Mountain.

They are all here to protect their ancestors.

No matter what, the Heavenly Saint Ancestors are the only support for the Heavenly Saint Mountain, and they must protect it.

After two days and two nights of healing, the Tiansheng Patriarch's complexion improved a lot, and his cultivation level returned to 80% of its original state.

The true gods saw it in their eyes and were happy in their hearts.

At that moment, six people communicated in low voices.

"Great Elder, look at the ancestor's complexion, he has recovered very smoothly!"

"yes! The cold evil energy here is very suitable for the ancestor to heal his wounds. As long as the ancestor is given some more time, he will definitely return to subversion. By then, he will be able to get his ranking back"

"It is impossible to get back the original ranking. After all, Qin Feng and Qin Lei are ranked above, but there is no problem for the ancestor to get sixth place."

"That's right! The sixth place is always much better than the current last place, and you can get more spiritual fruits!"

"Hey~! Speaking of which, it's all Qin Feng and Qin Lei's fault. If they hadn't appeared, our Tiansheng Mountain would still be in fourth place, and we would have received more spiritual fruits!"

"yes! Where did those two hateful guys come from? If it weren't for the two of them, Qinglin would have become the ancestor's descendant long ago, and the ancestor would have broken through to the peak of the gods!"

"hehe!! More than Qinglin? The red moon, green tea, and the girls of Qingqiu have all become our playthings....."

"Speaking of the women of the Qingqiu clan, all of them are fair-skinned and beautiful. They are as beautiful as gods and can squeeze water out of their hands. They are really alluring. Ha ha!!"

As soon as these words were said, the six people laughed knowingly.

However, these six people did not notice that not far from them, a sea turtle was lying under the coral reef, secretly observing them.....

All their words and deeds have long been seen by Qin Feng without knowing it...

At this time, another true god sighed

"Why! such a pity! pity! We have lost the bet. It is almost impossible to get a woman from the Qingqiu clan."

"All of this is a good thing that was ruined by two little beasts, Qin Feng and Qin Lei!"

"yes! I wish I could kill these two little beasts, but I don't have the ability! Why!"

"Third Elder, you don't have to worry! This time Qin Feng not only offended his ancestor, but also Huoyue Tianzun. They will not let Qin Feng go!"

"The second elder is right! I heard my ancestor mentioned that Huoyue Tianzun is secretly uniting with helpers to attack Qin Feng deep in Guixu, and our ancestor also agreed to join. The Great Elder knows this best!"

As soon as these words came out, everyone's eyes lit up and they all looked at the great elder.

"Great Elder, do you know who Huoyue Tianzun is uniting with?"

"yes! Can you reveal a little information?"

The great elder smiled proudly: "It doesn't hurt to tell you!" In fact, this time it was someone else who took the initiative to contact Huoyue Tianzun to deal with Qin Feng together."

At this time, everyone was stunned.

They couldn't think of anyone among the top forces, except Tiansheng Mountain and Huoyue Mountain, who had enmity with Qin Feng.

At that moment, an elder asked doubtfully: "Great Elder, what exactly is it? Who is contacting Huoyue Tianzun?"

"They are from Yaochi Mountain!"

"What?! Yaochi Mountain? A person from Yaochi God?"

"No way! Why do the people of Yaochi God want to deal with Qin Feng?"

"hehe! Don't ask me why, I can't figure it out, but they just want to deal with Qin Feng...."

Everyone took a deep breath and looked at each other, very puzzled.

But after a while, everyone's faces showed a look of joy

"No matter why the people in Yaochi Mountain did this, Qin Feng would be dead this time if they took action!"

"you still need to ask?! That kid would never have thought that he would be able to enter Guixu alive, but then go back without his life! ha! ha!"

Everyone laughed triumphantly.

But at this moment, the water pattern above suddenly fluctuated.

Immediately, a sneer sounded above everyone's heads.

The true gods were shocked and looked up one after another, and saw a majestic figure falling sharply from above..When they took a closer look, they found that the person coming was Qin Feng, and they turned pale with fright.

"Qin...Qin Feng!"

"not good!"

Everyone exclaimed!

But before they could think about it, Qin Feng took it with one palm. Suddenly the sea shook and millions of seawater squeezed towards the six people...

This time, it alarmed the people not far away. Heavenly Saint Ancestor

"It's you!"

Ancestor Tiansheng looked at Qin Feng in horror.

"Ancestor, help!"

Several true gods saw the life-saving straw and desperately called for help.

"stop!"

The Heavenly Saint Ancestor was in a hurry and rushed to the rescue.

But at this moment, the phantom clone suddenly appeared and punched the Heavenly Saint Patriarch.

The Heavenly Saint Patriarch was frightened and hurriedly stopped him.

There was a loud noise, and the sky was shattered. The Holy Ancestor groaned and was blasted by the phantom clone, causing him to vomit blood and fly backwards.....

At the same time, Qin Feng's palm also fell...

Boom~! Boom~! boom~!.....

Six loud bangs in a row!

The six true gods were all exploded!

All physical bodies, true spirits, divine bases, and heavenly souls were turned into powder!

The six true gods died on the spot!

The blood is rolling!

Qin Feng opened his mouth and sucked it all in.....

"Ding~! The host killed the true gods (six people)...the karma value increased by 63 trillion....."

"Ding~! The host swallows a lot of energy.....Your cultivation has been raised to True God Realm 94.6%.....Combat power increased to 6.42 trillion Rang....."

At this moment, Qin Feng's momentum continued to increase...

The Heavenly Saint Ancestor who was blown away happened to see this scene, and his face changed with fright, and his eyes were full of disbelief...

Immediately, he turned around without even thinking about it. Just run away!.Kill six true gods in one move. Even the peak gods cannot do it unless they use some special spiritual objects.

For example, Qin Feng's Creation Fire!

But this time, Qin Feng did not use the Creation Fire at all, but used his strength to crush it.

Only the gods can achieve this level of perfection.

But Qin Feng was at the peak of his power a month ago!

How could he be promoted to the level of the Great Perfection of Gods so quickly?

He really couldn't imagine why Qin Feng's strength had improved so horribly!

Thinking of this, the ancestor of Tiansheng was extremely frightened and swam desperately to the sea...

He knew that Qin Feng was here to kill him.

He must escape as soon as possible and seek help from the three gods!

He wants to tell everyone that Qin Feng killed his southern colleagues and was a destroyer of southern unity.....

In the blink of an eye, the Heavenly Saint Ancestor rushed out of the sea.

But at this moment, a sweet cry sounded over the sea

"Tiansheng, are you going to escape?!"

The ancestor of Tiansheng was startled, and he quickly looked up and saw a beautiful figure blocking the front.

The person who came was none other than Qinglin!

It turned out that Qin Feng summoned Qinglin in advance before he wanted to kill the ancestor of Tiansheng. Yes, let her stay above the sea to prevent any fish from slipping through the net.....

When the Heavenly Saint Ancestor saw it was Qinglin, he breathed a sigh of relief, with a hint of disdain in his eyes.

If a true god dares to stop him, he is simply seeking death.

At this moment, the waves below him were roaring and rumbling, and a black shadow was rushing up from the bottom of the sea...

It was the shadow clone catching up.

The ancestor of Tiansheng was in a panic: "You bitch! Get away!"

Qinglin was furious, took out a long gun and fired at the ancestor of Tiansheng.....

"roll!"

Tian Sheng Laozi was disdainful and waved his hand casually, and a pair of S-shaped scimitars turned into horns met the attack...

When~!

There was a shocking sound of metal collision!

The sound of swords resounded throughout the universe!

Countless sword lights bloomed across the sky.....

Qinglin and Tiansheng Ancestor groaned at the same time and flew out at the same time..

Chapter 894

At this time, Patriarch Tiansheng was stunned.

His injuries have not healed yet, but his combat power has returned to the ordinary level of a god.

But Qinglin could actually compete with him on a par. Could it be that this woman had broken through to the level of a god?

How could she break through so quickly?

Has she awakened her past life memories?

At this moment, countless thoughts emerged in the mind of Patriarch Tiansheng.

But he didn't have time to think too much, the shadow clone had already caught up.

He dodged and rushed out of the sea again.

But at this moment, the space in front of him shook. Qin Feng walked out of the void and slapped him with a palm.....

"No~! "

Ancestor Tiansheng screamed in fright.

Boom~!

There was a loud crashing sound!

The whole continent shook violently!

This alerted all the players, and they all looked in this direction...

The power of that palm was too terrifying!

Completely reached the level of God!

Everyone was shocked!

The gods were also stunned.

Even the three great gods were shocked on the spot.

Immediately, the three gods rushed here in unison.....

But Qin Feng slapped him with one palm, blasting the Heavenly Saint Patriarch into a ball of blood mist.....

The blood mist rolled violently, and the mad roar of the Heavenly Saint Patriarch came out

"Qin Feng! Stop your wishful thinking! You can't kill me! The three great gods will definitely come to save me! By then, your crime of murdering your southern colleagues will be exposed to the world! Ha ha!!"

As soon as these words came out, Qinglin secretly frowned and was a little anxious.

Murdering his colleagues was against the unity of the Southern Alliance!

If caught by the three gods, he would be disqualified from sharing the spiritual roots of heaven and earth. It would not be worthwhile. What's more

, killing a god is different from killing a god-level spirit.

The god-level spirit has no divine base, heavenly soul, and no soul. It cannot be resurrected indefinitely. Killing it once is enough.

The god has a soul, which is an immortal body. Infinite resurrection, it is extremely difficult to kill.

Even if God takes action, it will take several hours to kill a god...

And it only takes less than half an hour for the three gods to arrive here.

Is it still too late?

In Qingqing When Lin was worried, Qin Feng took action.

With a wave of his left hand, the divine fire of creation turned into a sea of golden fire, instantly swallowing up the blood mist all over the sky.....

At the same time, he waved his right hand, and the three strange ancestral waters turned into three-color waves, and also rushed into the blood mist...

Both of these two things have great harm to the soul...

When the two things are combined, water and fire are both powerful!

For a moment, explosions continued, and the damage to the soul suddenly increased by more than ten times...

The ancestor of the Heavenly Saint's soul suddenly dropped rapidly at a speed visible to the naked eye.....

Qinglin was overjoyed and quickly raised his sword and launched a mad attack.....

The phantom clone also arrived at this time.

He used the Four Heaven-Destroying Swords and launched a mad attack.....

"No~! Spare your life! Master Qin Feng... spare your life!"

The ancestor of the Heavenly Saint was completely panicked.

He did not expect that Qin Feng's method of killing the gods was so sharp...

At this speed, he would die before the three gods arrived, so he had to beg desperately...

Qin Feng Naturally, he will not be soft-hearted and will use all his strength to activate the Divine Fire of Creation and the Sanqi Ancestral Water.....

"Master Qin Feng, spare your life! Spare...spare my life...ah!"

A moment later, there was an extremely shrill scream!

The soul was shattered!

The ancestor of the Heavenly Saint completely disappeared into smoke and turned into a mist of blood all over the sky.....

Qin Feng opened his mouth and sucked in everything, swallowing everything.....

"Ding~! The host killed a god...the karma value increased by 137 trillion....."

"Ding~! The host swallows a lot of energy.....Your cultivation has been raised to True God Realm 99%.....Combat power increased to 7 trillion Rang....."

In an instant, Qin Feng's whole body's momentum surged, covering the sky and the earth.....

The momentum had completely reached the level of God, and creatures hundreds of millions of miles away could sense it, and they were all horrified.

After a while, Qin Feng slowly opened his eyes, his face full of joy.

His combat power has reached 7 trillion yuan, which has just reached the threshold of God's combat power.

And his cultivation level has reached 99% of the true god realm, which is just one step away from the peak of the true god.....

Having said that, his background is too deep. Even though he absorbed the energy of a god, he still failed to break through to the peak of true god...

This also shows that his potential is extremely terrifying, far beyond everyone's imagination, even in the ancient world of gods. The Lord is not as good as

"Qin Feng, Tiansheng is dead! Grandma's revenge is finally avenged!"

The great revenge was avenged, and Qinglin looked excited.

Just a few days ago, Qin Feng told the three Qinglin sisters the truth about Grandma Qingqiu's death.

The three girls were extremely sad and hated the old man Tian Sheng. Ancestor.

Now that the ancestor of the Heavenly Saint died, Qinglin was naturally happy.

Qin Feng also had a look of relief.

He waved his hand and put away the storage ring and spiritual weapon of the ancestor of the Heavenly Saint.

But at this moment, there was a sound in the distance. Three rapid sounds broke through the air.....

"The three gods have arrived! let's go!"

Qin Feng took Qinglin and Xuying's clones into the dual universe.

The next second, he launched the space summon and disappeared out of thin air.....

Not long after Qin Feng left, three figures rushed to the scene.

It is the three great gods!

As soon as the three people arrived, they looked around in surprise.

But there was only a faint smell of blood left at the scene, and no one else's scent could be sensed anymore.....

"Strange! I clearly sensed an extremely powerful aura here, why did it suddenly disappear out of thin air?"

"yes! The little girl also felt it. Look at that combat power aura, it has completely reached the level of God!"

As soon as these words were said, the expressions of the three people changed slightly.

There are more than just the three of them at the God level!

Why is there a fourth person?

Could there be a God level spirit intruding?

At this thought, the three Gods looked at each other , with horror in his eyes

"You two, something might have happened!"

Zhenji God took a deep breath of air-conditioning.

"Brother Zhenji, do you think a god-level spirit has broken in?"

Jiuyuan Tianzhu looked worried.

"Brother Jiuyuan, other than this situation, what other explanation is there? The aura just now was clearly from the God level, but it was fleeting, which meant that the person who came was forcibly teleported out by mainland Cannian....."

Jiuyuan God suddenly realized:"In other words, the visitor must be a spirit, not a person from the south, otherwise it would not disappear so fast!"

"That's right! It must be the work of monsters! Besides, we don't have such powerful people in the south yet...."

"That's right!"

Jiuyuan Tianzhu nodded repeatedly, obviously agreeing with this point of view.

Immediately, he smelled the blood in the air and had a very bad premonition.

"Brother Zhenji, the smell of blood here is strong. Apparently there was a battle just now. I'm afraid something bad happened."

"yes! I also feel something is wrong. Although it is said that God-level spirits will be forcibly teleported out when they come to this continent, God-level spirits are God-level monsters, and it will not take one second to teleport them away....."

"As long as the God-level spirits stay here for a quarter of an hour, it is not difficult to kill one or two players!"

"Brother Zhenji, looking at the current situation, I'm afraid someone has been murdered!"

The Lord of Yaochi also intervened:"You two! What the little girl is worried about is, will the spirit that was forcibly transported away come back again?"

Hearing this, both the Zhenji God and the Jiuyuan God were shocked.

The ghosts of Guixu and the creatures from the divine realm are natural enemies.

If the spirits find that there are people from the divine realm appearing here, they will definitely look for them again.

At this moment, Zhenji God took a deep breath: "It seems that this place is no longer safe. Let's leave here quickly and rush to the next piece of land!"

"Makes sense! Then let's hurry back to the meeting point and summon everyone back!"

"good!"

As soon as the words fell, the three gods hurried back to the gathering place.

But these three people didn't know that everything before was done by Qin Feng, not some god-level monster..

Chapter 895

But on the other side, Qin Feng disappeared out of thin air after summoning him from space.

The next second, he arrived in a remote forest and appeared next to Hongyue

"Huh! Husband!"

Hongyue's face was filled with joy when she saw Qin Feng.

Qin Feng waved his hand and released Qinglin and Xuying's clones.

"Qin Feng, the three gods shouldn't have noticed us, right?"

Qing Lin asked anxiously as soon as he appeared.

After all, the killing of colleagues in the south should not be made public. It would be bad if he was discovered.

"Do not worry! They are not as fast as us!"

Qin Feng's mouth curled up slightly, with a confident look on his face.

Seeing this, Qing Lin secretly breathed a sigh of relief.

Hong Yue was puzzled: "Sister, what did you do?"

"Yue'er, we just killed the old thief Tiansheng!"

"ah?! Sister, did you really kill the Heavenly Saint Patriarch? By the way, that huge movement just now was caused by you.?"

"That's right!"

At the moment, Qinglin narrated the process in detail.

After Hongyue listened, she was surprised and happy.

What surprised her was that Qin Feng's strength had improved so horribly that he killed a god in just a few minutes.

She was happy Yes, grandma's revenge has finally been avenged

"Very good! That's great! Grandma's revenge is finally avenged! Woo~! Woo~!"

Hong Yue actually cried with joy.

She is extremely affectionate and has deep feelings for Grandma Qingqiu.

"Husband, let's go find Green Tea! I want to tell her the good news..."

Hongyue rubbed her red eyes.

After all, the three sisters were raised by their grandmother.

"good! I have sensed the location of Green Ming. It is not far from here. Come with me!"

Qin Feng's figure flashed and rushed in one direction.

Qinglin and Hongyue followed closely.

Not long after, the three of them arrived near a valley...

In that valley, more than a dozen people had already gathered. Contestant, Green Ming is among them. At this moment, all the contestants looked greedily ahead. In that direction, next to a cyan rock, there were three purple spiritual flowers growing, which were so beautiful.

But the contestants did not dare to step forward. Pick!

Because next to the three spiritual flowers, there is a giant beast that is taller than a three-story building. It looks like a lion, has curly hair, and is golden in color. The aura exuding from its body suddenly reaches the perfection of the true god.

Those ten Several players are below the peak of the True God. Even if they join forces, they may not be the opponent of this giant beast.

What's more, more than a dozen people come from several forces and are not united.

As a result, naturally no one dares to step forward, and no one dares to step forward. They were willing to step forward.

But the spiritual grass so close at hand made them reluctant to give up.

The giant beast seemed to see that these people were strong on the outside but weak on the outside. It raised its head high and looked at the contestants with a look of disdain, and let out a growl in its throat. The whirring sounds seemed to warn everyone not to come forward.....

At this moment, a roar of tigers and lions sounded from behind the valley.

With a strong gust of wind!

There was a bang, golden light flashed, the heavy object fell to the ground, and the valley shook.

Unexpectedly, another giant beast that looked like an ox or a deer landed in front of everyone, standing side by side with the previous giant beast.

Judging from the aura of this ferocious beast, it was actually at the level of the True God's Great Perfection.

Everyone's expressions changed greatly, and they secretly exclaimed that the situation was not good, and there was no way to get the psychic grass.

Some were so frightened that their legs trembled and they wanted to run away on the spot...

They didn't dare to step forward to a ferocious beast at the level of the True God's Great Perfection, let alone two.

"Withdraw! I can't get the spiritual grass!"

"Why! When there was only one just now, if we unite together, we might still have a chance."

"cut! Well said! Unity? Who will stop the beast? Who is going to pick the spiritual grass? What's more, there are only three of them, so how do you divide them after you collect them?"

The crowd cursed.

Roar~! Roar~!

Two beast roars~!

The valley shook!

The overwhelming aura of ferocious beasts instantly enveloped everyone.

All the players trembled in fright, thinking that the two beasts were about to attack. They did not dare to stay and wanted to leave. go.....

According to the habits of these ferocious beasts, as long as they don't steal their treasures, they will take the initiative to attack the players.....

At this moment, a sound of breaking through the air came from the mouth of the valley... shua~!

A figure fell on the scene.

Everyone took a closer look and saw that it was Huoyue Tianzun.

"Huh! Psychic grass! This is quite rare!"

Huoyue Tianzun saw the three spiritual grasses at a glance, and his eyes couldn't help but shine, and he was about to pick them...

Seeing this, all the players stopped one after another, and many of them looked regretful.....

This spiritual grass was eventually obtained by someone else.

Speaking of which, these two ferocious beasts are going to be in bad luck!

No matter how strong they are, they cannot be the opponent of Huoyue Tianzun!

In the crowd, Green Ming felt heartbroken when she saw that Huoyue Tianzun was about to pick.

She knew that Huoyue Tianzun had a grudge against Qin Feng, and it would be a shame if others picked it. It would be a pity for this guy to pick it.

But she couldn't stop all this.

At this moment, Huoyue Tianzun strode forward, wanting to pick the spiritual grass.....

Roar~! Roar~!

Two ferocious beasts roared and stopped in front of him.

"court death! roll!"

Huoyue Tianzun was furious and wanted to teach these two ferocious beasts a lesson.

Lu Ming frowned and couldn't bear it.

Some players also lamented in their hearts, secretly thinking that these two ferocious beasts were not very intelligent and would not know how to run away when they saw the gods. Can't escape the poisonous hand.....

At this critical moment, a cold shout resounded throughout the audience

"stop!"

The shout suddenly exploded, and everyone's ears and drums were ringing, and they were dizzy.

Huo Yue Tianzun faced the impact directly, and was suddenly shocked to the point of losing energy and blood, and his head was so shocked that it almost exploded.

He was furious, looked at the sound, and saw Four lights and shadows flashed in succession.

Qin Feng, Shadow Clone, Qing Lin, and Hong Yue arrived just in time

"It's you!"

Huoyue Tianzun was shocked and angry.

"Husband!"

As soon as Green Ming saw Qin Feng and others arriving, he ran over happily.

When everyone saw Qin Feng and the shadow clone arriving, they all took a deep breath, not daring to breathe.

"Qin Feng, what do you mean?"

Huo Yue Tianzun was very unhappy.

Although he was not Qin Feng's opponent, he was not afraid of Qin Feng.

In his opinion, the difference in strength between himself and Qin Feng was very small.

"Do you want to choose these three psychic grasses?"

Qin Feng glanced at the three spiritual grasses in front of him indifferently.

In fact, he had known about the existence of these three spiritual grasses for a long time.

This psychic grass does not have much effect on humans, but it has some effect on monks who are beasts. The effect of improving understanding is even greater for ferocious beasts with low intelligence.

Because they can greatly improve the intelligence of ferocious beasts, and can even help ferocious beasts awaken in one fell swoop and become true monks.

For this reason, Qin Feng has never picked, Instead, it was left to these ferocious beasts.

What's more, this psychic grass is not mature yet. It will take a while to cultivate it before it can be used.

Of course, the real reason why Qin Feng stopped Huo Yue Tianzun from picking the spiritual grass was to help Fierce beasts.

After all, these ferocious beasts are his future subordinates.

Once he collects all the inherited jade certificates, he can call on these ferocious beasts at any time

"That's right! I want to pick these psychic grasses, why do you want to stop them?"

Huo Yue Tianzun asked.

His true form is the Moon-Swallowing Heavenly Dog, which is a beast.

This psychic grass is of great use to him.

"Feel sorry! These three spiritual herbs belong to me. If you want to pick them, just look for them elsewhere!"

Qin Feng smiled coldly.

If he hadn't just killed the ancestor of Tiansheng, which had aroused the alert of the three gods, he might have taken action against Huoyue Tianzun.

Of course, he didn't want to hurt innocent people, after all, the crowd of onlookers There are people from other forces among them.

These have no enmity with him and cannot be silenced.

Sure enough, after hearing this, Huoyue Tianzun was furious: "Qin Feng, you are bullying others too much! Obviously I came here first, so these spiritual herbs will naturally belong to me! Why is it yours?"

Qin Feng sneered: "You came first?" Then these players came earlier than you, so should the psychic grass belong to them?"

"That's right! Huoyue Tianzun, we came much earlier than you!"

Green Ming immediately agreed.

Huoyue Tianzun's face changed slightly.

Immediately, he sneered: "You guys came earlier than me, but you didn't pick them before I arrived. These spiritual grasses are ownerless things. Things that have no owner will naturally be taken by the strongest person! Qin Feng raised the corner of his mouth and said,"

That's well said!" You didn't pick it before I came, so these spiritual herbs are ownerless. As for who is their master, you and I can see the real chapter based on our strength!"

As soon as these words were said, Huo Yue Tianzun's face turned ugly, and he couldn't say anything to refute for a long time.

Everyone felt it was a bit funny.

Huo Yue Tianzun dug a hole for himself and slapped himself in the face.

"Qin Feng, you...you are so deceptive!"

Huoyue Tianzun is not willing to give up.

"how? What you say yourself can be applied to others, but not to yourself? You are really hypocritical!"

Qin Feng was very disdainful.

Everyone nodded, thinking it made sense, and whispered to each other.

Many people looked at Huoyue Tianzun with strange eyes.

Huoyue Tianzun suddenly felt like a light was on his back, and he was in a dilemma.

If he gave up just like that, From then on, he became the laughing stock of everyone.

But if he persisted, he could not defeat Qin Feng.

Just when Huoyue Tianzun was in a dilemma, Qin Feng spoke again

"Fellow Taoist Huoyue, if you really don't want to give up, I will give you a chance. How about we have a bet?"

"A gamble? How to bet? Don't talk about gambling or fighting with Huo. Huo admits that he is not your opponent. If it is a gambling fight, there is no need to discuss it!"

"Of course it's not a gambling fight! I don't want to take advantage of you either!"

"So what's the bet?"

"Just bet that these two ferocious beasts will automatically give the spiritual grass to see who they will give the spiritual grass to? What about whoever you give the spiritual grass to?"

As soon as these words were said, everyone was slightly stunned, feeling that what Qin Feng said was a bit fanciful.

Huo Yue Tianzun even laughed loudly.

"Ha ha!! Qin Feng, are you kidding? Everyone knows that these ferocious beasts have low intelligence and are unruly. Let alone you, not even the gods can tame it. If you want them to take the initiative to offer spiritual herbs, it is simply a dream!"

"You do not believe?"

"Of course I don't believe it!"

"What if I could do it?"

"Ha ha!! If you can do it, Huo will give you all the gains he has gained these days!"

Huoyue Tianzun didn't believe it at all.

Everyone also felt that it was unreliable.

Even the three Qinglin sisters were anxious, secretly thinking that Qin Feng was talking too much.

It was obviously a situation where he had the upper hand, but if he did this, it would become a Others' jokes.

But Qin Feng continued:"I still don't like your harvest. If you really dare to bet, take out the source of your extreme yin and bet!"

"Huh! How do you know I have the source of extreme yin?"

"Seeing how quickly your Fire and Moon Seal and strength fully recovered, I can guess that."

"Hiss~! You are smart!"

Huo Yue Tianzun took a deep breath of cold air and his expression became more serious.

Anyone who is guessed about his own background will feel a little nervous.

"how? If you don't dare to gamble, leave early. This spiritual herb belongs to me!"

Qin Feng said something irritating.

Huo Yue Tianzun frowned:"Ha! Qin Feng, do you think Huo can't see that you are deceiving me? Do you think I really don't dare to gamble? I think you really don't have the ability to do it! Since you want to bet, then I will accompany you!"

"look! What's this?"

Huo Yue Tianzun flipped it over casually, and there was a black crystal in the palm of his hand, exuding a cold and gloomy aura.

Qin Feng's eyes lit up, and his eyes showed joy.

This source of extreme yin was stronger than what he had gotten before. Twice as much!

"Everyone, did you hear what Qin Feng just said? He said that he could make the ferocious beast take the initiative to give him spiritual grass. If he didn't do it, even if he lost, Lingcai would be mine."

"If he can do it, my source of extreme yin will belong to him! I hope you can all bear witness to Huo!"

After saying this, Huoyue Tianzun looked at Qin Feng with gloating.

He didn't believe that Qin Feng could do what even God couldn't do.

At that moment, he said proudly:"Qin Feng! Bet, I took it out! There are also witnesses! There you go! Huo wants to see how you tame these ferocious beasts? By the way, don't delay for too long. ...."

Before he could finish speaking, Qin Feng looked at the two ferocious beasts

"Hello~! Are you two willing to give me the spiritual grass?"

Woo~! Woo~!

Those two ferocious beasts nodded their heads repeatedly, so obediently.

Huoyue Tianzun couldn't help but be stunned.

Everyone also looked puzzled.

But what happened next made them even more confused.

Qin Feng said casually: "Then hurry up and get the spiritual grass!"

"Woo~! Woo~! "

The two ferocious beasts howled in joy for a few times before shrinking their bodies one by one and becoming the size of a pet dog.

Then, the two beasts ran over and dug out the roots of three spiritual grasses.

One picked up two sticks, the other picked up one stick, and rushed to Qin Feng to offer the spiritual grass.

Qin Feng happily put away the three spiritual grasses and stroked their furry heads.

The two beasts also happily stretched out their pink tongues and licked Qin Feng's hand, looking like they were trying their best to please their master.

This scene made Huoyue Tianzun completely dumbfounded.

Everyone's mouths were also open!

"Bring it!"

Qin Feng stretched out his hand directly towards Huo Yue.

Huo Yue Tianzun woke up in shock.

His throat rolled and he swallowed hard.

"Qin...Qin Feng, how did you do it?"

"What does it have to do with you? Get it quickly!"Qin Feng is too lazy to talk nonsense.

"with your's!"

Huo Yue Tianzun threw the piece of Extreme Yin Source with a painful look on his face, turned around and left.

He really couldn't stay any longer.

At this moment, his heart was bleeding.

He spent countless dollars on that piece of Extreme Yin Source. It took trillions of years to save up, but I didn't expect that I would be able to take advantage of my enemy all of a sudden...

In the blink of an eye, Huoyue Tianzun escaped thousands of miles away.

Qin Feng happily put away the source of extreme yin.

At this moment , the talismans of everyone in the field shook.

Qin Feng and others quickly took them out to take a look.

It turned out that the three major gods sent a message, asking them to quickly go to the meeting point to meet up. Something big happened..

Chapter 896

Qin Feng and others quickly took it out and took a look.

It turns out that the three gods sent a message, asking them to quickly meet up at the meeting point. Something big happened.

"Huh! What happened?"

"I do not know!"

"Let's go meet up quickly!"

Everyone hurriedly put away the magic talismans and rushed towards the meeting point.....

In the blink of an eye, only three sisters, Qin Feng, Xuying's clone and Qinglin, were left in the field.

"Qin Feng, does the news sent by the three gods have anything to do with us?"

Qing Lin silently put away the talisman of passage.

"Guess so! After all, we made such a big fuss before, which should make the three of them nervous."

Qin Feng also put away the magic talisman.

When Lu Ming heard this, he seemed to remember something, and asked in surprise:"Husband, was it you who made that terrifying sound before?"

"That's right!"

"Oh My God! I thought some god did it! Husband, your strength has improved again!"

Green Ming was amazed.

"Third sister, Qin Feng just avenged his grandma. He killed the old thief Tiansheng....."

Hongyue briefly described the matter.

After hearing this, Green Ming was just moved and her eyes were red.

Grandma's great revenge is finally avenged!

"Qin Feng, the old thief Tiansheng is dead, but Huo Yue is still alive. That guy is very dissatisfied with you...."

Qinglin reminded in a low voice.

Qin Feng smiled coldly:"It's not just him? Yaochi Mountain is also preparing to deal with me....."

Qinglin was shocked:"Why?"

"I don't know exactly why. However, I heard from people in Tiansheng Mountain that the people from Yaochi Mountain want to deal with me....."

At the moment, Qin Feng briefly recounted the conversation between the six true gods of Tiansheng Mountain before killing the ancestor of Tiansheng.

After hearing this, the three Qinglin sisters were angry and worried.

"This Yaochi Mountain is really abominable! Before we could find their trouble, they came here first!"

Hongyue was angry.

Qinglin sneered: "I guess Yaochi doesn't want to see Qingqiu's rise, so she has to deal with Qin Feng. In her opinion, Qin Feng is the key to our rise!"

Hongyue also sneered: "To put it bluntly, she has a guilty conscience!" Husband, since we already know that Huoyue Tianzun and the people from Yaochi Mountain are going to deal with you, then we don't need to talk to them about southern unity, let's attack first!"

Qin Feng nodded slightly: "I have the same intention! Next, we look for opportunities"

"Husband, Huoyue Tianzun is the pinnacle of the Nine Extremes God Base, and his strength is three to four times stronger than the Heavenly Saint Ancestor. It is not easy for us to destroy him silently. There are also several gods from Yaochi Mountain. They are protected by the Lord of Yaochi, so it is not easy to do anything....."

Green Ming looked worried.

Qinglin and Hongyue also frowned at this reminder.

The risk of killing Huoyue Tianzun and the gods of Yaochi Mountain is indeed much greater than that of the ancestor of Tiansheng.....

If he misses, Qin Feng may become the target of public criticism!

"Everything comes down to strength, as long as you give me some time, I will have a chance!"

As soon as Qin Feng turned his hand, there was a black crystal in his palm, which was the source of the extreme yin he had just won.....

He opened his mouth and sucked it in, then swallowed it.....

"Ding~! Congratulations to the host for successfully devouring the source of extreme yin... Your divine foundation, true spirit, and heavenly soul have been successfully tempered by the source of

extreme yin. You are still 47% away from the Moon Saint body... The host's combat power has increased to 7.3 trillion Rang....."

In just a moment, Qin Feng's physique was strengthened again, his momentum surged, and the terrifying power of heaven loomed.....

The three Qinglin sisters sensed it immediately.

The three girls were surprised and happy.

At this time, Qin Feng slowly opened his eyes, hiding his joy

"Qin Feng, won't your strength improve again?"

Qin Feng smiled slightly:"There is an improvement!" Qinglin was overjoyed:"With your rate of progress, you might be able to kill Huoyue Tianzun silently!""

"talk later! Anyway, the next target is him!"

Qin Feng waved his hand, and the two psychic grasses flew towards the two ferocious beasts on the side.

"I will only take one of this psychic grass, and you can keep the remaining two for yourselves!"

"Woo! Woo!"

The two beasts were delighted and nodded their thanks.

With these two spiritual grasses, their intelligence will definitely increase greatly in the future, and they can even transform into normal monks.....

Qin Feng also casually put away the last psychic grass and sent it to the dual universe for Yun Xi to plant and cultivate it.

"Let's go! We cannot keep the three great gods waiting any longer! Huh! That guy is killing people again....."

After handling those trivial matters, Qin Feng will take Qinglin and the girls to the gathering point.

But at this moment, he suddenly stopped and turned his head to look in a certain direction to the west...

In that direction, there was a secret forest.

The God of Heaven looked at the blood all over the ground with a proud look on his face.

Just now, he killed a false god player...

At this moment, he found the talisman of passage from the victim's storage ring.....

"The third piece! Just three more pieces is enough!"

The God of Maori put away the magic talisman with joy.

But he didn't notice that in the grass behind him, an insect lying on a grass pole was watching all this curiously.

Qin Feng passed through that The compound eye of a zerg saw all the killings of God Maori.

This was not the first time Qin Feng saw him kill someone, but the third time.

In other words, in the past three days, God Maori, A total of three players were killed.

It was not that the God of Heaven was not killing fast enough, but that he was very cautious.

In order not to cause any disturbance, he only attacked pseudo-god-level players, making sure to kill them with one blow.

But this time he came in Contestants, false gods are in the minority, so it is not easy to meet them.

Seeing the Maori God put away the talisman of passage, he rushed to the gathering place, Qin Feng also withdrew his sight.....

"Qin Feng, who did you see killing someone just now?"

Qing Lin looked curious.

"A very strange person! The man's name seems to be Kui Ying, and he is from Tiansheng Mountain. In the past two days, he has been killing people, specifically targeting pseudo-gods, and has already killed three!"

Qin Feng didn't hide.

Qinglin frowned: "Why did this guy kill someone? Wasn't it ordered by the Heavenly Saint Patriarch?"

"Probably not!", Qin Feng shook his head, "One of the three people he killed was a Tianshengshan man, and his strength also surpassed that of a true god, and he had the shadow of a god....."

"What? God?!"

The three women were surprised.

Qin Feng smiled slightly: "So I think this person is weird, I'm afraid there is some secret hidden behind him. No more to say! Let's go gather!"

At that moment, everyone rushed to the gathering place.....

An hour later, everyone rushed back to the meeting point.

After the three gods carefully counted the number of people, they found that thirteen people were missing.

This surprised the three gods.

In the past, people would disappear, but only two or three disappeared at a time. Unlike this time, there were thirteen missing all of a sudden. This is very abnormal.

Not long after, everyone also discovered this problem.

But soon, they discovered that only two of the ten members of Tiansheng Mountain were left, namely Wen Yuan and Kui Ying.

The Heavenly Saint Patriarch and the six true gods have all disappeared!

At this time, everyone was shocked!

You know, those who disappeared in the past were all pseudo-god-level players.

Most of them died at the mouths of ferocious beasts because of lack of strength. Very few true gods disappeared, let alone gods.

"what happened? Why is the Heavenly Saint Patriarch missing?"

"yes! Not only was he missing, but the six true gods and one false god player from Tiansheng Mountain were also missing."

The crowd was talking a lot.

At this moment, the voices of the three gods were heard from the front.

"Jiuyuan, have you contacted Tiansheng?"

"No! And you?"

"Why! nor! He never replied to the message I sent!"

"The same goes for the little girl!"

"Hey~! It seems something happened to Tian Sheng!"

Zhenji Tianzhu sighed and put away the communication jade talisman.

Everyone felt bad when they heard this.

Huoyue Tianzun asked quickly:"Zhenji Tianzun, do you think something happened to Tiansheng?"

"should be! Did you hear that loud noise before?"

Huo Yue was startled:"Master Zhenji, wasn't that the loud noise caused by you?"

Zhenji God smiled bitterly:"It wasn't the three of us, it was someone else who did it. According to the speculations of the three of us, a God-level spirit was passing by and happened to discover this continent. Perhaps, Tiansheng and the others met the spirit and were poisoned!"

As soon as this was said, everyone sighed.

"Oh My God! The ancestor of Tiansheng has fallen!"

"Not just him! The six true gods of Tiansheng Mountain are also missing....."

"There was also a pseudo-god-level player who also suffered disaster....."

"Tiansheng Mountain is really miserable this time! Now there are only two pseudo-god players left....."

Everyone sighed.

Without the Tiansheng Ancestor and the six true gods, Tiansheng Mountain will fall directly to a medium-sized force, and the future will be difficult...

Many people looked at Wen Yuan and Kui Ying in the corner with sympathy.

These two people are the only remaining roots of Tiansheng Mountain.

But no one knew that these two people were not from Tiansheng Mountain at all, but spies from the north.

Tiansheng Mountain has been completely wiped out

"Everyone, this place has been discovered by a god-level spirit and is no longer safe! Let's leave quickly and rush to the next continent!"

Zhenji God announced a new order.

Everyone agreed.

A moment later, under the leadership of the three gods, everyone left the mainland and flew to the depths of Guixu...

One day later, everyone found the second piece Continent.

What they relied on was the half-piece of jade tablets in the hands of Jiuyuan God, which allowed them to sense the location of the nearest continent.

As soon as they arrived in the new continent, everyone began to search for resources.

Qin Feng also began to look for the remaining inherited jade tablets.

That piece The new continent was much smaller than before.

One day later, everyone had searched the entire continent, and the resources obtained were much less than before.

Qin Feng also found nothing, and no new jade tablet fragments were found.

Afterwards, everyone continued to go deep into the ruins. In this way, everyone encountered four continents one after another, all of which were very small.

Qin Feng still gained nothing, and no one suffered any casualties or missing.

During this period, Qin Feng tried to attack Huoyue Tianzun several times, but failed to find a suitable opportunity..

It was not until seven days later that everyone finally encountered a very huge new continent.

This continent was more than ten times larger than the first continent they encountered.

Without more than ten days of effort, it was impossible to search the entire continent.

But this also means that there are more resources in the new continent.

The three gods immediately announced that everyone will be free to search for resources this time and will gather in ten days.

The members were very excited and went to search for resources.

This was an extremely rare opportunity..

Qin Feng also secretly thought that the opportunity had come.

At that moment, he and the shadow clone went to search for the inherited jade ultimatum.

The next day, he made a huge discovery.

This time, he sensed the aura of an inherited jade ultimatum, and It is a complete inheritance jade certificate..

Chapter 897

Qin Feng was overjoyed and immediately rushed in the direction of his induction.

Not long after, he arrived over a desert.

The vast yellow sand there is endless.

In addition, this desert is very hot. The temperature between heaven and earth is as high as thousands of degrees. The sand on the ground is in a state of melting, which is very unusual.

Desert lands are inherently resource-scarce.

This desert is located in a remote place, so few people come here.

Qin Feng stared in the direction of the center of the desert.

Wherever the temperature is higher, the environment is harsher.

And the inherited jade certificate he sensed was there.....

Qin Feng was looking forward to it, and as soon as his mind moved, he flew in that direction.....

In just a moment, he arrived in the middle of the desert. The temperature in the air reached two to three thousand degrees, and the sand below liquefied into a glassy state. It was very strange... but the aura of the inherited jade ultimatum became even more obvious.

The jade ultimatum is hidden under the sand!

Qin Feng's thoughts moved and he fell downwards.

But just as he was about to land, a sudden change occurred, and a monstrous murderous aura rushed out from the ground...

Boom~!

The dust is flying~!

The cold light appears~!

An ax blade larger than the mountains broke through the desert and slashed directly at Qin Feng in mid-air.....

The power of that ax opened up the world and suddenly reached the upper limit of the peak of the gods. It was not at all below Huoyue Tianzun, and even exceeded it.

"court death!"

Qin Feng flicked his fingers and struck the ax blade.

When~!

There was a roar of the ax! It reached the sky and the earth~!

There was a muffled groan under the desert~!

A monster bigger than the mountain was blown out.

Qin Feng focused his eyes. Look, all you can see is that monster with the head of a beast and a human body, covered in pitch black hair and knotted muscles.

Looking at its head again, it looks like a cow or a dragon, with one corner missing. There is a scar on it, and the skull can be seen deeply.

From this, it can be seen that the head of this monster He had been severely injured.

This is indeed the case!

This demon's name is Bati, and he was born by eating fire and iron.

He is one of the three thousand innate beings created by the Lord of the Jiuquan Universe, and he is also the best among them. In the battle that year, Jiuquan fell, Many cosmic creatures followed and died in the battle.

He was one of the very few survivors.

However, his head was severely injured and his intelligence was greatly reduced. Sometimes he was awake and sometimes confused.

The inherited jade tablet that Qin Feng sensed was in his It turned out that when the universe collapsed, one of the inherited jade tablets happened to fall next to him.

His intelligence was blurred at that time, but he knew that this thing was an extremely precious thing, so he swallowed it in one gulp. It was left to be refined.

Unfortunately, his cultivation at that time was already at the peak of the gods and exceeded the constraints of the laws of heaven and earth, so he could not refine and inherit the jade tablet.

Because only those below the gods can refine the jade tablet.

Bi Tie had no choice but to give up refining and inheritance. The jade ultimatum was hidden underground to heal his injuries.

But unexpectedly, after tens of trillions of years, his injuries not only did not improve, but became more and more serious, which caused his intelligence to continue to decline and it became increasingly difficult to control himself.....

One of the manifestations was that the fire energy in his body leaked out, causing tens of millions of miles around to turn into desert...

But at this moment, the iron hand held the double-edged giant axe, and he staggered up from the ground.

His eyes were red and he glared at Qin Feng.

The next second, he roared and rushed towards Qin Feng, raised his ax and struck again....

"Huh! This guy!"

Qin Feng frowned, secretly wondering if this guy was a little stupid.

The forces of the two sides were obviously not on the same level. Instead of running away, this guy came to his door. I'm afraid he didn't have enough brains to do it...

Boom~!

The earth shook~!

Thousands of miles. Sand and dust were flying!

Qin Feng slapped the iron into the sand with one palm, and stepped on his head with the other foot

"Demon, please hand over the inheritance jade certificate! Otherwise, I will disembowel you and take out the jade certificate from your belly with my own hands!"

With this sharp shout, overwhelming murderous aura descended from the sky, suppressing Bi Tie until he could not move. The originally irritable Bi Tie suddenly woke up and regained some of his intelligence.

He was frightened, struggling, and spoke angrily.

"Human being, it is simply a delusion for you to want my jade certificate! As long as I choose to self-destruct, the inheritance jade certificate will be exploded with me, and you won't get any feathers!"

"Yo ho! You have become quite sober and smart now! It's not like he lost his mind just now! Well, how about you and I make a deal?!"

Qin Feng's spiritual consciousness scanned Bi Tie's body.

Soon, he discovered the root of Bi Tie's disease.

His soul was actually corroded by a group of strange spiritual things.

It seemed that tens of trillions of people had been corroded by the situation. Years ago, Bie Tie was unable to do anything about it.

This resulted in Bie Tie's soul being constantly damaged and his sanity also greatly affected.

"trade?! hehe! I am not interested in any kind of transaction now! Either you let me go! Either I will blow myself up and you will get nothing!"

Bie Tie's tone became more and more urgent, and his eyes gradually turned red.

The time he spent awake was getting shorter and shorter. If this continued, he would fall into chaos again.

By then, he himself could not guarantee that he would not Self-destruction.

Being irritable is his nature!

Fighting to the death is his innate trait!

"Demon, I see that your mind is damaged. What do you think if I exchange something for repairing your sanity with you?"

Qin Feng knew that he couldn't force himself.

If he tried to force himself against a demon who had lost his mind, if he really blew himself up, he would get nothing.

Sure enough, as soon as his words came out, Bi Tie was shocked.

He was about to lose his mind. His eyes lit up with light

"Do you have any spiritual tools to repair your sanity?"

"certainly! What do you think this is?"

Qin Feng waved his hand, and a spiritual grass appeared in the air. It was the psychic grass he got a few days ago. After one day in the outside world and the cultivation in his dual universe in the past ten years, this psychic grass has become Mature

"Psychic grass!"

As soon as Bie Tie saw the psychic grass, his eyes shone with excitement.

If he could eat this psychic grass, he would be able to recover 90% of his spiritual damage.

"Human, are you really willing to trade this psychic grass with me?"

"certainly!"

The corner of Qin Feng's mouth curled up slightly.

This psychic grass is not precious to him, and it is definitely worth it to exchange for a complete inheritance jade certificate.

In the same way, the inheritance jade certificate is useless to Bi Tie, and it is useless for psychics. Grass is a treasure that can save his life.

He doesn't want to live in such a hazy way anymore.

"Human, I am willing to trade with you. But what should I do if I don't trust you? Otherwise, give me the psychic grass to eat first, and then I will pass on the jade ultimatum to you."

"hehe! are you kidding me? Who knows if you will regret it after eating it?"

"Then how do I know that after you get the jade certificate, you will not give me the psychic grass?"

"Judging from your cleverness, you don't look like you've lost your mind. How about this? How about we sign a contract before we trade?"

"That's okay!"

"good!"

Qin Feng waved his hand and took out a contract scroll with a blood inscription on it.

After finishing it, he showed the contract to Bi Tie.

After the demon read it carefully, he felt that it was OK, so he bit the tip of his tongue and squirted out A drop of blood essence.

The next second, the contract came into effect and the aura bloomed.

Qin Feng loosened his foot and put away the contract scroll.

After Bi Tie stood up, he quickly opened his mouth and spat out, and a complete inheritance jade certificate appeared in front of the two of them.

"for you!"

Bai Tie waved his hand, and the jade certificate flew to Qin Feng.

Qin Feng also gave him the psychic grass.

Both parties got what they needed, and they were both happy and couldn't help but smile at each other.

The next second, Bi Tie couldn't wait to eat it. He lowered the spirit grass and refined it on the spot while sitting cross-legged.

Seeing how anxious this guy was, Qin Feng also began to drop blood to refine the jade ultimatum.

After a while, the jade ultimatum lit up with purple light.....

"Ding~! Congratulations to the host, you have refined the inherited jade ultimatum of the Lord of the Nine Springs Universe (Hell Realm, complete).....The host has great control over the creatures in this world....."

Buzz~! Buzz~! Buzz~!

In an instant, the inherited jade certificate kept vibrating and burst into purple light!

The next second, the majestic figure of Qin Feng appeared in the minds of all the ferocious beasts in this continent, standing on the nine heavens, emitting immeasurable golden light.....

When the new master finally appeared, all the beasts were ecstatic and roared to the sky.....

For a moment, the entire continent was filled with the roar of ferocious beasts.

One after another, deafening.....

The three major gods and all the players were shocked again.

This similar scene appeared a few days ago, and now it appears again.

It's just that the scale is bigger.

Many people feel a little uneasy. After this happened last time, many people died. , this time, it won't be the same, right?

After a while, the beasts returned to calm.

Qin Feng also opened his eyes happily.

Just now, he communicated with the beasts and got a lot of useful information.

For example, there are several places on this continent where the source of extreme Yin is buried.

This is one of the treasures Qin Feng desires most.

The Lord of the Jiuquan Universe back then was the Eternal Moon Body, so there were many fragments of the source of extreme yin hidden in this broken universe.

Thinking of this, Qin Feng was excited and prepared to dig soon.

At this moment, Bi Tie also finished refining the psychic grass and opened his eyes..

Chapter 898

At this moment, Bi Tie also finished refining the psychic grass and opened his eyes.....

"How does it feel?"

Qin Feng looked at Bie Tie with a smile.

Although he refined the inherited jade certificate of the hell world and became the Lord of Hell, he could not control Bie Tie.

This demon was an innate creature created by the Lord of Jiuquan Universe, and he was still the best among them..Innate beings are, to a certain extent, on an equal footing with the Lord of the Three Realms.

The Lord of the Three Realms cannot be controlled, only the Lord of the Universe can control them.

"Ha ha!! I have recovered 90% of my intelligence!"

Bie Tie laughed.

At this moment, he was in a good mood.

The pain caused by tens of trillions of years was actually resolved in this moment.

"Is your jade certificate also refined?"

With a flick of his head, the beast's head turned into a face full of beards, with a rough and heroic temperament.

Before the change, he was not smart enough to control such a change.

Now, he can easily change it. In human form, able to travel anywhere

"That's right! Refined!"

"Um, can you really refine it? That inherited jade certificate can only be refined by the gods. How can you... Hey! You are just a true god....."

Only then did Bie Tie see Qin Feng's cultivation clearly, and his face was filled with shock.

Immediately, he shook his head repeatedly

"impossible! This is absolutely impossible! How can a junior who is not even the pinnacle of true gods defeat me?!"

"Could it be that I was unconscious just now and fell under your illusion? In fact, you didn't defeat me at all....."

The more Bi Tie thought about it, the more something was wrong, and the look he looked at Qin Feng became more and more strange.....

Gradually, he narrowed his eyes.

Qin Feng also frowned slightly.

Is this guy's suspicion a bit serious? Or are there any psychological shadows?

"Boy, tell me the truth, did you use illusion just now? You haven't defeated me at all, have you?"

"nonsense! You said I have never defeated you! So what's with the footprints on your face?"

"What footprints?"

Bie Tie touched his face casually and felt a faint pain.

It was stepped on by Qin Feng before.

But he still didn't believe it!

In fact, let alone him, no one else would believe Qin Feng's words.

Who would Will believe that a person who is not even at the peak of a true god can defeat a powerful person at the peak of a god with one move.....

And he is the ultimate powerhouse among the gods!

It is true that Qin Feng's potential is so terrifying that it is unprecedented and unheard of.

No matter what Bie Tie thought, it seemed impossible and unreasonable.

He was convinced that he was under an illusion.

After all, his intelligence was severely damaged before, so it would be easy for him to fall prey to illusion masters.

"Boy, I'll give you another chance. Tell the truth, are you using illusions?

Qin Feng frowned:"There must be something wrong with you!" I can defeat you with just one move!"

"I believe you are evil! You're such a bad boy! See how I force you to show your true colors! Ha ha!!"

Bai Tie laughed wildly, raised his giant ax, and struck Qin Feng head-on.

He didn't believe Qin Feng's words at all.

Qin Feng was furious and slapped him with his backhand.

Boom~!

A loud noise!

Bang~!

Qin Feng slapped the iron on the sand with one palm, forming a human-shaped pit that could not be dug out.

Bi Tie was horrified and was about to raise his head.

Bang~!

Qin Feng stomped on his head again, burying his head deeply and chewing a mouthful of yellow sand.....

At the same time, the overwhelming murderous aura pressed down, once again making Bi Tie unable to move.

At this moment, Bi Tie was extremely frightened.

He finally knew that Qin Feng didn't lie, it was entirely him who was suspicious.

But it was really hard for him to imagine that a true god could be so terrifying.

This has completely reached the level of God!

Is this guy really just a true god?

"Do you trust me now?"

Qin Feng exerted force on his feet, feeling annoyed.

Bi Tie wailed:"Sir... sir, I... oh, no... I believe it! I really believe it!"

"snort! I saved your life in vain, but you are ungrateful and attack me. This crime is unforgivable!  
Ba

Tie knew he was wrong and begged:"Sir, Ba has been living in a muddle these years and is full of doubts about himself.""

"What's more, your strength is too exaggerated! You obviously only have the cultivation level of a true god, but you can defeat Xi with one blow. If you tell me this, who will believe it? Besides, Baa was just testing you just now, and he never really wanted to kill you."

Qin Feng smiled coldly and did not answer.

Bia Tie continued:"By the way, Sir, Bah hid the inherited jade certificate in his body, and ordinary gods cannot sense it. How did you sense it? Could it be that you are the master of the universe?"

"Ah! You are getting smarter and smarter. To be honest, I am the Lord of the universe! Bi Tie was shocked:"

Oh my God!" Not only are you so powerful, you are also an extremely rare master of the universe. Then your potential far exceeds that of my Father God!"

"Your Father God?"

"He is the Lord of Jiuquan Universe! I am an innate being, created by Him. In short, your potential far exceeds that of my Father God! Xi's admiration for you is like a surging river, unstoppable!"

"Stop flattering me! You have offended me, and your sin cannot be forgiven. What's even more damning is that my identity as the Lord of the Universe has always been kept secret and must never be known to outsiders. But you already know it, and I can't even keep you! Bi

Tie's expression changed drastically:"Sir, I'm just asking you if you are the Lord of the Universe, I haven't confirmed it yet!" You admitted it yourself!"

"That's right! I must admit it personally before I am determined to kill you!"

Bie Tie was extremely frightened:"Sir... Sir, no... I don't want to play like this....."

"how? You don't want to die? If you don't want to die, I can also show you a clear path! Bi Tie's eyes lit up:"

Sir, please tell me!"

Qin Feng smiled slightly:"As long as you recognize me as your master, I will naturally not embarrass you again!"

Bi Tie was stunned for a moment.

Immediately, he shook his head firmly:"Impossible! Absolutely impossible! Ba is a majestic god, and even if he dies, he will not accept human beings as slaves. This is the most basic dignity of a god!

Qin Feng sneered:"What?" Do you think there is no future with me? Or have I wronged you?"

"this....."

Bi Tie pondered.

In his opinion, Qin Feng's potential is indeed far greater than that of the Master of the Jiuquan Universe. It can be said that Qin Feng is dozens or even a hundred times stronger than Jiuquan.

But potential is potential, everything is in the future.

Qin Feng's current cultivation level is still too low.

No matter how powerful a genius is, if he dies midway, is it still just talk?

Just like his Father God, he was once extremely dazzling, but fell before he could break through to the eternal realm, and all the glory turned into nothingness.....

What's more, Qin Feng's current strength has not yet reached Jiuquan's level.

After all, Jiuquan had attained the Great Perfection of Heavenly God back then, and his combat power was comparable to the realm of eternity.

Thinking of this, Bitie naturally hesitated.

Seeing his hesitation, Qin Feng couldn't help but sneer.

"You are really tough! In this case, I will send you on your way!"

"Forehead.....Don't you give me some time to think?"

"Feel sorry! I'm very busy!"

"....."

He was speechless.

Speaking of which, he was really hesitant.

Although Qin Feng's strength is not as good as that of Jiuquan back then, his potential is much greater and it is still worth investing in.....

"That's it! It's obvious that you don't really want to conquer me! If you want to kill, just kill! I won't frown. Of course, even if I am not your opponent, I will resist with all my strength and will not let you destroy me easily!"

Bie Tie became more and more aggressive as he spoke, and his neck became stiff.

"Yo ho! It seems that you are not very afraid of death!"

"snort! Whatever you think! Anyway, I'm willing to risk it all!"

Seeing this scene, the corner of Qin Feng's mouth curled up slightly.

He could tell that this guy wanted to submit to him, but seeing that his cultivation level was not high, he was a little unwilling.

This guy is now in an extremely hesitant situation , there is one less reason to convince himself in his heart.

Thinking of this, Qin Feng said quietly:"As a side note, although you have eaten psychic grass and recovered more than 90% of your mental intelligence, the hidden dangers have not been completely eliminated."

"Your soul is wrapped in a group of strange spiritual things. The spiritual things are constantly eroding your soul, but you have no ability to get rid of them. According to this development, tens of thousands of years later, your intelligence will be greatly reduced, and you will live in a state of confusion, like a wild beast!

Bi Tie was shocked:"You have seen all this!" It seems that your soul power is stronger than mine. You are right, I do have this hidden danger"

"But it will be tens of thousands of years before my hidden danger strikes. During these tens of thousands of years, I can look for new psychic grass to provide relief.

Qin Feng sneered:"Psychic grass is extremely rare. Are you sure you can find another one within tens of thousands of years?"

"This...it all depends on man!"

"It seems that you are not sure whether you can find it or not. Besides, if you have hidden dangers, your spiritual intelligence will not be fully restored, and your understanding will inevitably be damaged, which is not good for your cultivation!"

After hearing these words, Bie Tie said depressedly.He frowned.

He knew that Qin Feng was telling the truth.

Immediately, he asked in confusion:"Why are you mentioning this to me?"

Qin Feng said calmly:"If I had a way to help you eliminate hidden dangers in a few seconds, would you be willing to accept me as your master?"

Iron eyes Yiliang:"Do you have any idea?"

"certainly!"

Bie Tie still couldn't believe it:"You're not lying to me, are you? That damn thing has been bothering me for trillions of years, and I can't do anything about it. How can you clear it?"

"To be honest, that thing is too scary! If I were not a practitioner of both gold and fire and have strong immunity to the fire element, I would have been devoured by it long ago. Let me see, even if God-level masters can't do anything about it, can you really clear it out? Qin Feng disagreed:"

Just because you can't help it doesn't mean I don't have any." How about this, you and I sign a contract. If I can eliminate your hidden dangers, you will recognize me as your master. If I fail, I will let you go on the spot! Bi

Tie's eyes lit up:"If you can really help me understand the hidden dangers, I will recognize you as my master. What's the problem?"

"good!"

Qin Feng let go of Bie Tie and called out a contract scroll.

He quickly drew up the contract and handed it to Bie Tie.

Bie Tie took a quick look and signed it without hesitation.

The contract scroll glowed with aura and took effect on the spot.

"There you go! It won't take long, right?"

"Need not!"

Qin Feng pressed one hand to the left side of Bati's head.

There was a deep scar visible to the bone, which could not be healed.

With a thought in his mind, Qin Feng focused his soul power and pulled outwards.

The next second, a string of golden flames appeared, along with With the power to destroy the heaven and the earth, it was pulled out from the wound...

It was actually the divine fire of creation!

No wonder Bie Tie has been unable to remove it.

This thing is easy for Qin Feng to capture.

He just thought As soon as he moved, the golden flames swished and penetrated deep into the palm of his hand...

The creation fire in his body suddenly became stronger, and his momentum increased a bit...

And that ray of creation fire was blown by Qin Feng After sucking it away, Bi Tie was shocked, and the scar on his head immediately healed at a speed visible to the naked eye.

His soul was completely restored in an instant, his intelligence became clearer, and even his momentum increased.

"Huh! alright! I'm really fine!"

He touched his head in disbelief.

The scar was really gone. He also felt the unprecedented comfort deep in his soul, and all hidden dangers were eliminated.....

Bi Tie is excited!

He suddenly raised his head, looked at Qin Feng, and fell to his knees

"Impressed! I'm convinced! Master, please accept Bie Tie as your slave! From now on, I will always follow your lead and be loyal to you for the rest of my life!"

"good!"

Qin Feng was overjoyed, his fingertips were bleeding, he drew a seal in the air, and pressed it to the center of Bati's eyebrows.....

Bie Tie readily accepted.....

Blinking his eyes, the essence and blood rune was imprinted on the center of his eyebrows and disappeared.....

"Ding~! Congratulations to the host, a new subordinate of the top of the gods (Bai Tie) has been acquired... The life value has increased by 79 trillion....."

"Ding~! The host receives a large amount of combat power from its subordinates (Bie Tie) in return. ....Your combat power increases to 8 trillion Rang....."

After a moment, Qin Feng opened his eyes happily.

His combat power reached 8 trillion Rang in one fell swoop.

God's combat power ranges from 7 trillion Rang to 12 trillion Rang.

Qin Feng has a combat power of 8 trillion yuan, which is not outstanding among the gods.

But his increase is two hundred times. With this addition, he is no longer weak among God.

According to Qin Feng's own judgment, he should be stronger than Yaochi God, on par with Jiuyuan God, and slightly weaker than Zhenji God.

Qin Feng is already very satisfied with this result.

"Master, what shall we do next?"

Bie Tie ran over with a smile.

After signing the contract, the intimacy between him and Qin Feng greatly increased, and he actually took the initiative to ask for instructions.

Qin Feng was naturally pleased to see him so obedient.

"Next, let's get some Extreme Source Crystals first, and then kill someone!"

"Who to kill?"

"Huoyue Tianzun! Huh! those people....."

At this moment, Qin Feng seemed to have discovered something. He frowned and looked in a certain direction..

Chapter 899

At this moment, Qin Feng seemed to have discovered something. He frowned and looked in a certain direction.....

In that direction, in a remote valley, people from Yaochi Mountain gathered together secretly and were discussing something.

But they didn't notice that just behind them, under a rock, a yellow-skinned lizard beast broke out of the ground, looking at them with curious eyes.

Qin Feng could clearly see the situation in the field through the eyes of the lizard beast.

In the field, all the subordinates were standing in front of the Lord Yaochi, waiting for orders.

Among those subordinates, there are seven Light Gods, two Half-Step Gods, and the rest are all true gods.

The strength of Yaochi Mountain can be said to be extremely strong

"Lord, you summoned us here, are you ready to attack Jiuyuan God?"

A god couldn't wait to ask.

In the distance, Qin Feng frowned slightly when he heard this.

Everything was as he expected, the Yaochi God was really going to attack the Jiuyuan God this time.

After all, the Jiuyuan God was also a water cultivator and a God. A super master who meets the standards for refining the Six Spirits Ancestral Water.

It seems that the Guixu Bai Clan's Six Spirits Ancestral Water has not been completely refined yet.  
.....

In addition, Qin Feng still has something he can't understand.

Why is Yaochi God so anxious to deal with Jiuyuan God?

Shouldn't she wait until she has divided the spiritual roots of heaven and earth before dealing with the Nine Yuan God?

Without the Nine-Yuan God, no one would be able to find the location of the spiritual roots of heaven and earth. After all, the Nine-Yuan God has half a piece of inherited jade in his hand...

Of course, Qin Feng has one and a half pieces of jade in his hand.

Even if there is no Nine Yuan God to lead the way, he can still find the spiritual root of heaven and earth, but it will be a little troublesome.

After all, it was his first time to infiltrate Guixu, and many routes were unfamiliar to him...

Just when Qin Feng was confused, the Lord of Yaochi spoke.

She shook her head and said, "Now is not the time to attack Jiuyuan."...."

"Lord, didn't the Bai people get half of the inherited jade certificate? They also promised to give us that half of the jade certificate. In this case, what is the use of keeping the Nine Yuan God?"

"Exactly! Lord, the Bai people are still short of the last god-level corpse before they can condense the Six Spirits Ancestral Water. We'd better capture the Nine Yuan God as soon as possible and send it to the Bai people, so that the Six Spirits Ancestral Water can be condensed early...."

Yaochi shook his head slightly: "Don't be impatient! We have signed a good contract with the Bai people, and they will not break the contract, and they will definitely give us the Six Spirits Ancestral Water they promised!" As soon as these words were said, all the gods in Yaochi showed joy.

They are all water cultivators, but their physical talents are too poor.

If you get the Six Spirits Ancestral Water to cleanse your soul, your physical quality will definitely be greatly improved.

When Qin Feng heard this, he was even more shocked.

He always thought that only the God of Yaochi colluded with the Guixu Bai people. Unexpectedly, the entire Yaochi Mountain was involved.

From this point of view, this force is the cancer of the Southern Alliance!

Of course, the Bai people actually had half a piece of inherited jade in their hands, which surprised him.

At this time, Yaochi God said again: "Having said that, with our current strength, even if we are surprised, it will be difficult to subdue Jiuyuan. Don't underestimate him! If the attack fails, it will not be worthwhile to alarm Zhenji God. Got it...."

"Lord, I am not saying that the Bai clan will send three God-level figures here this time. Together with you, Lord, with four to one, we should be able to easily subdue the Nine Yuan God!"

"My subordinates think so too! Besides, the Lord has hidden his strength for many years, and the outside world has underestimated you. In fact, your strength is not inferior to that of Jiuyuan God at all....."

The subordinates seemed impatient and encouraged Yaochi Heavenly Lord to attack Jiuyuan Heavenly Lord one by one.

Qin Feng was naturally even more surprised when he heard this.

This time, the news he overheard was more exciting than the last!

The Bai people actually sent people to participate this time.

In this way, with the three God-level spirits plus the Yaochi God, the Jiuyuan God will definitely be in trouble.

There was another thing that surprised Qin Feng. It turned out that the Lord of Yaochi had been hiding his strength.

In other words, her strength is equivalent to Jiuyuan, which is about 10 trillion yuan...

At this time, the voice of Yaochi God was heard again in the field

"Don't be impatient! This time, half of the jade certificate in the hands of the Bai people was from the Heaven Realm, and they had already lurked into a fragment of the Heaven Realm's continent. With the help of the jade certificate, everything is under their control"

"They have already prepared an ambush and are waiting for us to rush over and join them. At that time, we captured Jiu Yuan in one fell swoop and asked the Bai people to take him away. As for the jade certificate in his hand, as well as the jade certificate of the Bai people, they belong to us....."

"At that time, we will find the spiritual root of heaven and earth according to the guidance of the inherited jade ultimatum....."

"Lord, do you mean that we secretly go to the land of spiritual roots of heaven and earth and ignore the Zhenji God and the others?"

The God of Yaochi sneered:"Ha! Of course I don't care about them! This time, our Yaochi Mountain wants to dominate the spiritual roots of heaven and earth, how can we give them a share of the pie?"

As soon as these words were said, everyone's eyes lit up and their faces were full of joy. There is a certain number of spiritual fruits produced by the spiritual roots of heaven and earth. If their family can monopolize it, the benefits will be great.

"After we obtain the spiritual roots of heaven and earth, we will meet at the Bai Clan's camp. Presumably, they had already used their Nine Yuan bodies to condense the Six Spirits Ancestral Water at that time. If we get the Six Spirits Ancestral Water again, our strength will increase greatly!"

The more Yaochi God spoke, the more he looked forward to it, his eyes filled with light.

All his subordinates also looked happy.

The master's plan is perfect!

"Lord, according to your plan, I will get the spiritual fruit first and then the spiritual water. After doing this, you will definitely be able to break through to the half-step eternity realm!"

"Ha ha!! By then, our Yaochi Mountain will surely dominate the south, and all the gods will regard the Lord as their supreme deity."

"It's too early to say this! Everything depends on getting the spiritual root."

Yaochi had a smile on her lips and felt happy in her heart.

"Lord, since you are not going to take action against the Nine Yuan God this time, then you have summoned everyone here. Do you have any new arrangements?"

"That's right! This time I want you to kill someone together!"

"who?"

"Qin Feng!"

Hearing this, everyone was stunned.

Immediately, some people were puzzled

"Lord, although Qin Feng's strength is comparable to the peak of the gods, he is only a true god after all. Compared with Jiutian God, he is nothing but a witch. If the Lord wants to kill him, he can just send three or four people there. There is no need to make such a big show of it, right?"

"yes! Isn't he just a true god? Why do we need to go together?"

The gods of Yaochi kept mumbling.

These people were not present in the competition that day, so they didn't understand Qin Feng's true strength. Their understanding of Qin Feng was only through rumors.

Many people believed that Qin Feng could defeat Huoyue Tianzun. He had strong doubts.

After all, he had not witnessed it with his own eyes. Who would believe that a true god could defeat the peak of the gods?

Seeing this, the Yaochi God smiled bitterly and shook his head.

These guys have always been arrogant, and it is indeed difficult for them to admit that a true god is better than them.

"That's it! I won't talk to you too much! This time, I will not take action personally, but will only provide support to prevent you from making mistakes in your actions and arousing the suspicion of Zhenji and Jiuyuan."

"And what you twenty-nine people have to do is to destroy Qin Feng at all costs!"

When everyone saw that the Yaochi Emperor's military order had been issued, they naturally did not dare to say anything.

"Lord, this continent is very huge. It will not be easy for us to find Qin Feng....."

Yaochi nodded slightly:"So I plan to divide you into three groups and search in three directions. In addition, Huoyue Tianzun has also joined forces with us. Huoyue Mountain will also participate in this operation, and they are already looking for traces of Qin Feng....."

As soon as this was said, everyone frowned

"No way? To deal with a little true god, does one still need outsiders to participate?"

"That's right! With our strength, there is no need to join forces with Huoyue Mountain! Yaochi frowned:"

Don't be verbose!" Whatever you are told to do, just do it!"

"yes! Lord!"

No one dared to disobey

"Lord, I have a question in my mind, why do you pay so much attention to that Qin Feng? This time, we actually want to gather the strength of our Yaochi Mountain and Huoyue Mountain to encircle and suppress him?"

At this reminder, everyone showed confusion.

Yes!

Speaking of which, Qin Feng's threat to them is far less than that of Jiuyuan God and Zhenji God. Why does Yaochi God want to deal with Qin Feng like this?

Yaochi God smiled coldly : "None of you were present at the competition that day, so you didn't know that Qin Feng had a ball of Sanqi Ancestral Water on his body!"

"Huh! Sanqi ancestral water! That is the same level of spiritual water as the Six Spirits Ancestral Water!"

"yes! The three strange things are yang, and the six spirits are yin. The so-called three wonders in the sky and six spirits in the earth. It is said that there will be wonderful changes when the three adventures meet the six spirits!"

"I never expected that Qin Feng would have such a treasure!"

Everyone kept muttering.

Yaochi God continued: "The body tempering method we practice is based on the Six Spirits Ancestral Water. The Sanqi Ancestral Water is of the same level as the Six Spirits Ancestral Water, so it must also have some body-tempering effects."

"Therefore, I want you to kill Qin Feng and seize Let me study the Sanqi Ancestral Water. Perhaps, I can research a new body tempering method and teach it to you when the time comes....."

Everyone suddenly realized it and showed great joy.

At this moment, they figured out why Yaochi Emperor wanted to kill Qin Feng

"Lord, if it's for the Sanqi Ancestral Water, Qin Feng should indeed be killed!"

"Ha ha!! It's just a matter of killing a true god, we will definitely not disappoint the Lord!"

As soon as there was a benefit at hand, the gods of Yaochi became excited and wanted to kill Qin Feng immediately.

The God of Yaochi also showed relief when she saw the high morale of her subordinates.

She waved her hand, and dozens of jade talismans flew towards everyone.

"Among these jade talismans are ways to communicate with Huoyue Tianzun, and there are also some plans that I have discussed with him. We don't have much time, let's get started!"

"yes! Lord!"

After everyone read the information, they divided into three groups, got into the vast expanse, and began to hunt Qin Feng.....

After everyone left, Yaochi Heavenly Lord looked in the distance in the direction of Zhenji Heavenly Lord and Jiuyuan Heavenly Lord.

Then, she rushed in that direction.

After a while, if a battle really breaks out, there will definitely be a huge noise.

She wanted to hold these two people back and buy some time for her men.

In the blink of an eye, there was no one in the venue.....

In the distance, Qin Feng also retracted his vision and sneered in his heart.

The people from Yaochi Mountain are going to attack him!

It's a pity that these people underestimated themselves.

This time, he will definitely make them pay a heavy price

"Master, what happened over there?"

Batie on the side called out.

Qin Feng looked back: "Batie, there may be a big battle soon. You and I need to get ready!"

"But according to the master's orders! Ba Tie vows to follow you to death!"

"good! I'll also keep my story short. We are currently pressed for time and have to divide our forces into two groups. In the map recorded in this jade talisman, there are two places where the source of extreme yin is buried. Take it out quickly!"

Qin Feng threw a jade talisman casually.

He is already the lord of this hell world and the lord of billions of ferocious beasts. He naturally knows exactly where the source of extreme yin is buried.

Therefore, he decided to get it first Go to all the sources of extreme yin, improve your strength, and then take action to destroy Huoyue Tianzun and the gods of Yaochi Mountain.

However, this continent is too huge and he cannot collect it all by himself in a short time, so he arranged some tasks for Bie Tie.

Bie Tie glanced at the jade talisman for a moment, then smiled and said: "Master, I am very familiar with this continent. I have been to these two places before. I didn't expect such a precious treasure to be hidden! No more words, my subordinates are going to get the treasure now!"

As soon as he finished speaking, Bi Tie rushed out of the desert.

Qin Feng didn't say much and chose another direction to leave.

At the same time, the phantom clone was also rushing in the same direction.

Not only that, Qin Feng also Sent a message to Qinglin, asking her to go to the fourth source of extreme Yin treasure.....

With this four-pronged approach, he can collect the source of extreme yin much faster..

Chapter 900

Time flies so fast, half a day has passed in a blink of an eye!

In the past half day, Qin Feng traveled back and forth across half of the continent and collected four sources of extreme yin.

Three phantom clones have also been collected.

Bi Tie has collected two places.

Qinglin also has two tasks, but she is the weakest and the slowest.

Currently, she has collected one place and is on her way to the second one.

Qin Feng is already very satisfied with this progress.

A quarter of an hour later, on top of a mountain.

Qin Feng summoned both the shadow clone and Bie Tie.

"Master, this is the source of extreme yin collected by my subordinates!"

Bai Tie offered two pieces of extremely yin source with both hands.

"Well done!"

Qin Feng took it happily.

Then, he got three more pieces from the shadow clone.

In this way, he had a total of nine pieces in his hand.

Qin Feng did not avoid suspicion, and swallowed nine pieces in one gulp in front of Bie Tie. The source of extremely yin.....

Bi Tie looked shocked.

You must know that the source of Jiyin is extremely corrosive. Even Jiyin practitioners dare not swallow it directly. It needs to be refined slowly, otherwise the soul will be damaged.

However, the True God's Divine Base, Heavenly Soul, and True Spirit have not yet been fully integrated, so they are much more fragile than the Yuan Shen, and the impact will be even greater.

The master is still a true god, but just swallowing it like this is too reckless.

The more Bi Tie thought about it, the more worried he became.

But at this moment, a cold breath emanated from Qin Feng.....

"Ding~! Congratulations to the host for successfully devouring the source of extreme yin (nine pieces)... Your divine foundation, true spirit, and heavenly soul were successfully tempered by the source of extreme yin.....There is still 4% progress left before the Moon Saint's body... The host's combat power has been increased to 8.8 trillion yuan....."

The next second, Qin Feng's momentum continued to surge.....

Bi Tie on the side looked dumbfounded.

After a long time, Qin Feng slowly opened his eyes, his face full of joy.

His strength has increased greatly.

What's even better is that he is only 4% short of progress before he can be promoted to the body of the Moon Saint.

And Qinglin has two sources of extreme yin!

In other words, if he swallows those two sources of extreme yin, he will definitely be promoted to the body of the Moon Saint.

In this way, his physique is a combination of the body of creation fire, the body of eternal water, and the body of the Moon Saint.

Regardless of talent, potential, or strength, it will be greatly improved.

Qin Feng feels better the more he thinks about it

"Master...Master, have you refined it?"

"Um!"

"This...so fast!"

Bie Tie was dumbfounded.

This was the first time he heard that someone could refine the source of extreme yin so quickly. You know, even a strong man at the God level would take ten days and a half to refine a source of extreme yin!

But Qin Feng refined it in less than a quarter of an hour, and even refined nine pieces of it at once.

"hiss~! ", Bi Tie took a deep breath,"Master, I admire you more and more! You are stronger than I expected!"

Bi Tie sighed.

He truly admired Qin Feng and was even more grateful for his choice.

Qin Feng smiled slightly:"Bie Tie, from now on, you don't need to call me master in front of outsiders, just call me your majesty or alliance leader....."

"yes! Owner!"

Bia Tie is grateful.

Qin Feng did this because he wanted to leave enough face for him in front of outsiders.

Anyone who sees a god at the top of the sky who is serious about being a god will feel a little disdain.

Thinking of this, Bia Tie felt towards Qin The wind became even more determined

"Master, have you collected all the sources of extreme yin?"

"There's another piece! Qinglin has gone to collect... Hey!"

Qin Feng suddenly raised his head and looked to the east, which was exactly where Qing Lin was.

"Master, what's wrong?"

"Qinglin is in trouble! snort! What a Huo Yue Tianzun, how dare you touch my own people! Bati, let's go!"

As soon as Qin Feng waved, the two of them disappeared out of thin air.....

At the same time, in a canyon.

A ferocious beast with the body of a tiger and a tail of a leopard, with its claws raised forward, protecting a black crystal the size of a walnut beneath its body.

That black crystal is the source of extreme yin.

The aura of this ferocious beast has reached the level of the Great Perfection of the True God.

At this moment, it stared at the group of people in front of it in horror.

The group was divided into two factions.

There is only one woman in one faction, and it is Qinglin.

The other faction is headed by Huoyue Tianzun.

The nine people behind him are all descendants of Huoyue Mountain.

In other words, everyone from Huoyue Mountain is here.

A group of them did not separate, just to gather strength to deal with Qin Feng.

Unexpectedly, they didn't find Qin Feng, but they met Qing Lin

"Huoyue Tianzun, what do you mean? I discovered this source of extreme yin first!"

"Ha ha! Qinglin, are you kidding?! I also discovered the psychic grass before, but it was snatched away by Qin Feng. It's better now. If it falls on you, won't I be allowed to snatch it from you?"

Qinglin frowned: "Huo Yue Tianzun, don't talk nonsense!" Qin Feng did not rob you, but won a bet with you. Many people witnessed it at the time!"

"hey-hey! That's not because Qin Feng is so strong that Huo has no choice but to comply!"

Qinglin sneered: "Don't talk about how wronged you are!" You didn't bet because you thought Qin Feng would lose. Unfortunately, you miscalculated....."

This sentence exposed Huo Yue Tianzun's background and made him blush with embarrassment.

Immediately, he sneered and said: "You are right! But I was unwilling to lose before, and this time I want to gamble with Qin Feng again." Once! Contact Qin Feng now and ask him to come over and gamble!"

"What does this mean?"

"what for? Very simple! Let him gamble again. If you win, this source of extreme Yin will be yours. If we lose, it's ours!"

Hearing this, Qinglin was a little confused.

It stands to reason that Huoyue Tianzun and his group have an absolute advantage in strength.

If he really wants the source of Jiyin, he can just go up and grab it. Why have to wait for Qin Feng to come forward? ?

If Qin Feng really comes, I'm afraid they won't get anything.

Qinglin doesn't believe it, Huoyue Tianzun can't figure it out.

Is there any conspiracy here?

Thinking of this, Qinglin said deliberately: "That's it! My Majesty is on a treasure hunt and has no time to come over. This source of extreme yin, you Take it if you want it! This girl doesn't want it anymore!"

As soon as the words fell, Qing Lin was about to leave.

But unexpectedly, there was a swishing sound all around.

People from Huoyue Mountain blocked Qinglin's way and surrounded her in the center.

Qinglin's face changed slightly: "Huoyue Mountain, what do you mean?"

"Ha ha! Very simple! If Qin Feng doesn't come, don't even think about leaving!"

Huoyue Tianzun had a ferocious smile on his face.

Qinglin's face looked a little ugly.

This guy seemed to want to use himself to lure Qin Feng here. Is there really any trap?

If there was really a trap, she would never let Qin Feng come. Risky.

But as soon as the thought came to her mind, Qin Feng's voice transmission sounded in her mind.

Qin Feng sent new instructions.

After Qinglin listened, her eyes lit up.

The next second, she looked at Huo Tianzun Yue pretended to be angry and said: "Huo Yue, do you really want Qin Feng to come?"

"certainly! I want to have another bet with Qin Feng. I don't believe he can win this time!"

Huoyue Tianzun pretended to be unwilling.

Qinglin sneered in his heart, knowing that he was pretending.

"good! You asked for this yourself!"

Qinglin pretended to believe it, picked up the communication jade talisman, and sent a message to Qin Feng. When

Huoyue Tianzun saw this scene, his eyes showed joy.

After a while, Qinglin finished sending the message

"How about it? Is Qin Feng willing to come over and gamble?"

"certainly! How could my Majesty be afraid of you?"

"hehe! When will he arrive?"

"Half an hour later!"

"very good! The last time we had a gambling fight, there was a third party standing by as a witness! This time I can't live without a witness! I now call some people to come over and bear witness!"

After Huoyue Tianzun finished speaking, he picked up the jade talisman and sent three messages in a row.

Qinglin frowned:"Who are you sending messages to?"

"Your Qingmeng League and our Huoyue Mountain are both top powers. Naturally, it is appropriate for this third-party witness to be someone from a super power, such as the people from Yaochi Mountain....."

Huoyue Tianzun put away the communication jade talisman with a smile.

As soon as he finished speaking, the disciples of Huoyue Mountain looked at each other secretly, showing knowing smiles.

They all knew that their master's plan was going to succeed, and Qin Feng would die here soon.

It turns out that Huoyue Tianzun used Qinglin as bait and gambling as an excuse to deceive Qin Feng.

On the other side, he notified people from Yaochi Mountain to come over, pretending to invite witnesses.

In fact, he wanted to unite with the people of Yaochi Mountain to destroy Qin Feng

"Oh, it turns out you are looking for someone from Yaochi Mountain to be a witness. It seems like you have a good relationship! They won't favor you, right?"

Qinglin deliberately asked

"hey-hey! Do not worry! Yaochi Mountain is a super power, and they will not take sides. When the time comes, the gambling battle between Qin Feng and I will be absolutely fair!"

Huoyue Tianzun looked proud.

He thought Qinglin had fallen into the trap.

"If it can be fair, that would be great! By the way, when will the people from Yaochi Mountain arrive soon?"

"It would take half an hour at the fastest!"

Huoyue Tianzun did not doubt that he had it and told the truth.

When Qinglin got this information, his eyes lit up and his face showed joy.

Half an hour!

It was enough for Qin Feng to kill Huoyue Tianzun before Yaochi Mountain arrived. Waiting for someone.

Qinglin quickly sent a message to Qin Feng.

Then, there was a space fluctuation above everyone's heads.

Everyone was startled and looked up one after another, and saw Qin Feng walking out of the void.  
.....

Huoyue Tianzun was stunned.

The disciples of Huoyue Mountain were also confused.

Didn't it mean that Qin Feng would arrive after half an hour?

How come you arrived in the blink of an eye?..
