Chapter 91

"Little friend Qin Feng, your talent is so high that I have never seen it before!"

Wei Xun smiled and praised, his eyes filled with admiration

"Ha ha!! Brother Qin Feng, this time, you have embarrassed our Yunyang City."

Shangguan Yunyang's face was full of joy, as if he was taking a breath of spring breeze.

He was really overjoyed.

"Well done to you two adults!", Qin Feng smiled.

It seems that his performance is not bad and he is recognized.

In fact, the fire department is his worst department.

"Lord Inspector, can you prove my innocence now?" Qin Feng suddenly mentioned this matter

"Don't worry, little friend, the alliance will give you a fair explanation.", Wei Xun turned around, "You guys take Lin Jianhao down and escort him to the headquarters immediately!"

"Yes, my lord!"

At that moment, several staff members took away Lin Jianhao, who was in a state of despair.

"Why~! "

Shangguan Yunyang looked at Lin Jianhao's back, shook his head and sighed.

After all, Lin Jianhao is his MP.

Afterwards, he said to Qin Feng: "Lin Jianhao and Zhou Changtong secretly traded. Although it is a serious crime, there is still a glimmer of hope. But in order to get rid of the crime, I have to frame you, which is adding crime to crime. I am afraid that this time, he will be in trouble." Less."

Wei Xun sneered: "This kind of person does not deserve sympathy! Moreover, what he did was stupid. The Alliance attaches great importance to geniuses. It is a serious crime to frame geniuses. He knowingly committed the crime and brought it upon himself."

"Don't mention this guy! Mr. Inspector, it's time for you to rate little brother Qin Feng, right?"

Shangguan Yunyang's eyes burned when he mentioned the rating.

This is related to Qin Feng's final rating.

The higher the rating, the higher the reward Qin Feng will get, and the more points Yunyang City will get.

"Ha ha!! good! good!" Wei Xun was also in a good mood, "You guys, please count up the points of little friend Qin Feng."

Following his instructions, several staff members began to calculate.

Shangguan Yunyang and Wei Qing both looked expectant.

"Sir Inspector, what is this rating for?", Qin Feng asked curiously.

Wei Xun politely explained: "My friend, the alliance has divided geniuses into five levels. The first-level genius has the highest reward, and the fifth-level genius has the lowest reward."

"The level of the score is related to the grade. For example, if you score 11-30 points, you are considered a fifth-level genius."

"Generally speaking, the lower grade of genius is 30 points, and the higher grade of genius is 50 points....."

Wei Xun explained very carefully.

After Qin Feng heard this, there was a strange look in his eyes.

It turns out that the maximum score is 100 points. As long as it exceeds 90 points, you are a first-level genius and can get the highest reward.

But if your talent reaches the peerless level, you will get a perfect score of 100 without any other tests.

"Sir, Count Qin Feng's points have been calculated!"

A female staff member came to report, holding a form in her hand

"Read it!"

"yes! grown ups! The female staff member picked up the form and said, "We took reference from Count Qin Feng's fighting video. His fighting level should be S level, with 20 points!"

S-level fighting skills are the highest level.

"Count Qin Feng's comprehensive combat power is at the early stage of three stars and his age is 17 years old. According to the conversion ratio between strength and age, he can get 10 points."

"In addition, Count Qin Feng's cultivation talent is a top-grade genius and can earn 70 points."

"Therefore, Count Qin Feng's total points are 100, which is exactly the perfect score, reaching the first-level genius standard!"

After the report, the female staff member glanced at Qin Feng with a smile, her eyes full of admiration.

"Tsk tsk! A perfect score of 100! very good!!"

Wei Xun looked at Qin Feng with more admiration.

Shangguan Yunyang and Wei Qing were both overjoyed.

A first-class genius with 100 points!

He is comparable to a genius with peerless talent.

This time, Yunyang City will become famous..

The few earls who had been watching looked at Qin Feng with more and more respect.

Such a genius, the future is unimaginable

"Sir, I wonder what I will be rewarded this time?", Qin Feng asked with a smile.

This is what he cares about most.

Wei Xun smiled and said:"If I am right as expected, I will reward you with a piece of Emperor Liu Jian (fire). This thing is extremely precious!"

Wei Xun sighed, his tone full of envy.

Everyone was envious.

A bottle of Emperor Ouyang (fire) is worth more than 10 billion!

You may not be able to buy it if you have money.

The alliance cultivates super geniuses. Sure enough, he spared no effort.

Qin Feng was also happy in his heart.

A bottle of Emperor Ooze (Fire) could allow him to immediately break through to the Second Star Fire Element Master

"Sir Inspector, we still have a genius we haven't tested yet!", Shangguan Yunyang reminded with a smile.

At this time, everyone remembered Chu Chu.

Everyone looked at the little girl who was left out.

Chu Chu felt a little embarrassed.

"Such a cute little girl."

Wei Xun looked at Chu Chu with a smile, "Little girl, the information does not indicate which type of cultivation talent you have. Do you have the talent for cultivation?"

"Yes, I am an ice type....", Chu Chu is a little timid.

Everyone's eyes lit up.

Ice talent is rare!

This little girl not only has high fighting skills, but also has a rare ice talent, so she has great potential!

Wei Xun suddenly became interested: "Xiao Li, help this little girl test her ice talent!"

"yes! grown ups!"

At that moment, the female staff member began to help Chu Chu test.

Ten minutes later, Chu Chu's ice talent was tested and she was actually a low-grade genius.

Everyone was shocked.

Oh my god!

Another genius level!

This pair The brothers and sisters are so shocking!

Shangguan Yunyang and Wei were even more surprised.

They had no idea that Chu Chu was so powerful.

This was a complete surprise!

This time, even Wei Xun was a little envious of Shangguan Yunyang.

Then, Chu Chu's points were calculated.

Xiaoli began to report:"Miss Chu Chu's fighting grade is A level, with 12 points!"

"Miss Chu Chu's cultivation talent is a low-grade genius, with a score of 30 points"

"Chu Chu's comprehensive combat power is mid-level one star, and her age is 13 years old. Based on the conversion ratio between strength and age, she can get 4 points."

"In addition, Miss Chu Chu is a rare ice type and can get 5 additional points."

"Therefore, Miss Chu Chu's total points are 51 points, which just meets the third-level genius standard!"

The points range for third-level geniuses is 51-70 points.

After Xiaoli reported, Chu Chu's eyes shone with excitement.

She felt that she was so lucky!

Fortunately, she was from the ice system and had 5 additional points, so her points reached 51 points, just on the threshold of the third level of genius.

You should know that the rewards will be much different for each level.

Shangguan Yunyang was also shocked.

I think back then, he was also a low-level genius.

The final comprehensive score was 39 points. Classified as a fourth-level genius.

This little girl is actually a third-level genius, surpassing him back then.

These brothers and sisters are really incredible.

One is stronger than the other, and they are all above him. Sure enough, the waves behind the Yangtze River push the waves ahead!

He He sighed in his heart.

He seemed to see the glorious future of Yunyang City

"Tsk tsk!! Lord Shangguan, congratulations! You, Yunyang City, have produced two geniuses at once. It's hard to even think about becoming famous. This time, just wait for Yunyang City to be promoted!"

Wei Xun is a little envious.

With such achievements, Shangguan Yunyang will have a comfortable life in the future.

"Ha ha!! A prize! A prize!", Shangguan Yunyang smiled with a smile on his face

"OK! Everything here has been dealt with, and it's time for me to go back and report."

Wei Xun looked at Qin Feng and Chu Chu again:"Little friend, there is also Miss Chu Chu. I will report your test results when I get back. Within three days, the alliance's rewards will be distributed"

"Then I'll trouble you, Lord Inspector!"

Qin Feng and Chu Chu were happy.

This time, there is another treasure to be had..

Chapter 92

"Little brother Qin Feng, I will talk to you in detail after this city lord has finished handling the trivial matters.", Shangguan Yunyang had a smile on his face.

He liked this super genius from the bottom of his heart.

After saying this greeting, Shangguan Yunyang left with Wei Xun and others.

The few earls who were watching were relieved. tone.

Then, they enthusiastically surrounded Qin Feng and Chu Chu

"Count Qin Feng, my name is Ma Yu, and I live in the villa behind your house."

"My name is Li Cong, I also live nearby"

"Brother Qin Feng, we are all neighbors. We should move around more in the future.!"

"Count Qin Feng, Miss Chu Chu, we have a banquet tonight and would like to invite you to attend.
....."

These counts are all neighbors who live nearby, and all of them are three-star yuan masters.

Usually, they are big shots in people's eyes.

But at this moment, they became amiable and even a little humble in front of Qin Feng and Chu Chu.

Every word was complimentary.

These siblings are both geniuses!

In the future, the achievements of these siblings will surely surpass them and even make them look up to them.

These people naturally show goodwill and express their intention to make friends.

Qin Feng smiled and declined everyone's enthusiasm, but also expressed his acceptance of everyone's goodwill.

It is not a bad thing to maintain good relations between neighbors.

After everyone left, a countess stayed behind.

The countess has bright eyes and white teeth, a dignified temperament, and a slim figure under her long skirt.

She seemed to be very interested in the Qin Feng brothers and sisters, and she didn't leave until everyone else left.

At this time, the countess looked around and found that there was no one else around.

She then said seriously: "Brother Qin Feng, Sister Ying wants to remind you, be careful of Lin Yuankun."

Lin Yuankun is the old head of the Lin family, Lin Jianhao's father.

Qin Feng's heart moved: "Sister Ying, do you know something about Lin Yuankun?"

"Why!... So be it!"

Chen Ying sighed deeply, and there was some sadness in her beautiful eyes.

This made Qin Feng even more curious.

"Sister Ying, can you tell me about Lin Yuankun? What kind of person is he?", Qin Feng asked curiously

"Let me tell you this, if Shangguan Yunyang hadn't been born, the lord of Yunyang City would have been Lin Yuankun."

"Back then, Shangguan Yunyang returned to Yunyang City with his talent, and with the help of the old city lord, he was lucky enough to obtain the position of city lord. Lin Yuankun was forced to become a deputy city lord."

"Later there was another conflict between the two. Shangguan Yunyang demoted Lin Yuankun to councilor and promoted Wei Qing to deputy city lord. Lin Yuankun was so angry that he resigned and went home to practice in seclusion."

"In the eyes of outsiders, Lin Yuankun is dead-set and does not want to pursue fame and fortune. snort! But I know that that person has an extreme personality and a strong desire for revenge. He is not that easy to talk to. I am afraid that he is brewing some opportunities."

Speaking of this, Chen Ying sneered.

"Sister Ying, you seem to know Lin Yuankun's character very well!", Qin Feng asked with a smile

"Of course I understand! He is my uncle!"

"Well....", Qin Feng was a little surprised.

Chu Chu also opened her eyes in surprise.

The brother and sister looked at each other.

Chen Ying smiled tenderly:"You two don't be nervous, the Lin family and I are not from the same family."

"Um, what should I say?"

Chen Ying sighed:"Hey~! Let me tell you this, Lin Yuankun is very weird and mysterious. When my aunt was alive, she always told us secretly that Lin Yuankun was a devil."

"But when we asked her why, she didn't say anything and always looked scared. She just said that if she died suddenly that day, she would have been killed by Lin Yuankun"

"Sure enough, my aunt died not long after. When he died, he looked very strange, with a smile on his face and no wounds on his body."

Speaking of this, the skin on Chen Ying's face trembled, obviously very scared.

"Afterwards, our Chen family asked Lin Yuankun why. He always said he didn't know, and finally ignored him. In short, because of this incident, our Chen family and Lin family completely fell out. From then on, the two sides never interacted with each other until death."

"Thinking about it now, it was probably Lin Yuankun who did something. That man was really a devil."

Chen Ying's face showed sadness.

She remembered that when she was a child, her aunt was a beautiful and cheerful person, and she loved her very much.

She and her aunt were very close.

But after her aunt married Lin Yuankun, her personality gradually became more and more gloomy. Got it

"This Lin Yuankun is really a weirdo!"Qin Feng also frowned.

Chen Ying added:"By the way, Lin Yuankun's experience is also a bit strange. Originally, there were four brothers in their generation, namely Lin Daoqian, Lin Yuankun, Lin Zhongyue, and Lin Fuhai."

"The talents of the four of them were almost the same, and Lin Yuankun's strength was not as good as Lin Dao's. Later, he seemed to have an adventure, his cultivation level increased greatly, and his talent level also improved. Now, he is already half a five-star, and his strength is only lower than that of Shangguan City Lord."

Qin Feng took a deep breath of cold air.

Half a step to five stars is half a step away from breaking through to five stars!

His current strength can barely compete with the four-star early stage, and has not yet reached the level of defeating the four-star early stage.

He is challenging the space Killing the sand devils relies entirely on the tricks of the nuclear warhead, not on one's own strength.

If Lin Yuankun were to meet him, he would die.

At this time, Chen Ying continued:"This time, Lin Jianhao will be captured by the alliance, and it will definitely be vicious. Much good and little good. Lin Yuankun valued this son very much. If he knew, he would go crazy"

"So, you have to be careful. That guy often plays cards out of common sense, and he might do something wrong. Okay, I've said everything that needs to be said. You two, brothers and sisters, just be careful."

"Thanks for the reminder, Sister Ying!

Chen Ying smiled sweetly:"We are all neighbors, so there is no need to be so polite." By the way, I live in Villa No. 17. If you have time, you can go to my place to play"

"OK!"

After saying hello, Chen Ying left.

The brother and sister stood at the door and sighed.

"Brother, is that Lin Yuankun really that scary?", Chu Chu was a little scared.

Qin Feng touched the little girl's head:"Little girl, don't be afraid! Brother will always protect you!"

"whee! I knew my brother was great!"

The little girl hugged Qin Feng's arms affectionately.

Whenever the little girl was scared, she would do this.

When she was watching horror movies when she was a child, she would bury her little head in Qin Feng's arms, peeking at the movie from the corner of her eyes from time to time, and then hiding into his arms.

Qin Feng smiled and touched the little girl's head lovingly.

But he was also worried in his heart.

This time, he killed all three of Lin Yuankun's brothers. He also designed to kill Lin Yuankun's son. His son was arrested and taken to the Alliance, and he even killed one of Lin Yuankun's grandsons.

If Lin Yuankun knew about these things, it would be difficult for him not to go crazy!..

Chapter 93

"Brother, what should we do now? Will Lin Yuankun find him soon?", Chu Chu raised her cute little head

"Won't!", Qin Feng smiled slightly, "At least before Lin Jianhao is sentenced, it is unlikely that he will take action."

Qin Feng thought very clearly.

Lin Jianhao was captured by the alliance, and Lin Yuankun would not leave it alone.

He would definitely work to alleviate Lin Jianhao's crimes, and even rescue Lin Jianhao.

During this period, Lin Yuankun would not make mistakes easily.

Otherwise, he would also How can he save Lin Jianhao if he follows in?

Of course, Chen Ying reminded that Lin Yuankun is very mysterious and often plays cards out of common sense.

He still needs to make some preparations.

In short, he will face Lin Yuankun sooner or later.

Thinking of this, Qin Feng He is also a little anxious.

He must break through to the two-star elemental master as soon as possible, so that he can have a chance to fight against Lin Yuankun

"Little girl, let's go! Let me buy you some ice elixirs first, and then test your sensitivity to mysterious elements."

"kindness~! ", the little girl nodded obediently, "Brother, I don't want the Ice Spirit Pill, it's so expensive!"

The little girl was still a little reluctant to give up the money.

Qin Feng pinched her little face lovingly: "Brother has 7.1 billion! Are you afraid of running out of money?"

"Wow! 7.1 billion! Brother, how come you have so much money?", the little girl's eyes widened.

Qin Feng smiled and said, "Don't worry about this. Anyway, I will take care of you!"

"whee! Brother is so kind!"

The little girl is very happy.

Being pampered by her brother is a kind of happiness.

Qin Feng has also thought about it. With the threat of the Lin family, he will help Chu Chu break through to the Bingyuan Master as soon as possible so that the little girl can protect herself.

After all, there are still a few two-star elemental masters in the Lin family.

These people can't deal with him, but they can deal with Chu Chu.

In addition, he also needs to make some preparations for the second god-level challenge.

He needs to break through to the two-star elemental master as soon as possible.

Afterwards, the brother and sister went to the garage together. The Yunyang government gave him a luxury car.

Opening the garage door, Qin Feng saw a top-notch luxury car.

The luxurious and elegant model with smooth lines was so cool. Instantly caught his eye

"Wow!! This car is so beautiful!"

Chu Chu was amazed.

Beep~!

As soon as Qin Feng pressed the car key, the door automatically raised

"Little girl, get in the car!"

Qin Feng got into the car excitedly and sat on the leather seat.

This leather is the skin from the belly of the monster, soft and tough.

"Brother, can you drive?", Chu Chu followed and sat in the driver's seat.

"It's almost like that, you'll know after you try it."

Qin Feng was familiar with the interior configuration of the car while groping for how to start it.

He had two lifetime memories and could drive on the original earth.

But obviously, there are still some differences between the cars in this world and the cars on the earth.

"Brother, I've never seen you learn to drive....", the little girl is suspicious

"I haven't learned it yet! Let me try! You can't die anyway!"

"ah...", the little girl has black lines on her forehead.

"By the way, don't wear your seat belt. The car will roll over and it will be inconvenient to jump out of the car...." neat:"....."

After a few minutes, the engine started.

The rumbling roar is particularly pleasant.

Qin Feng shifted into gear, and the car magically drove out.

It's just that he didn't know which one was the fast gear and which one was the slow gear, so he suddenly shifted to the fastest gear.

The car reached the top speed in an instant, and shot out like an arrow amidst Chu Chu's exclamations.

Boom~!

The gate to the yard was knocked open and dust flew up.

The chariot was not damaged at all, but Chu Chu's screams rang out inside the vehicle.

The next scene was seen by everyone in the entire villa area.

A silver-white luxury car was racing in the driveway of the villa and was swerving in all directions. It was shocking to see.

"I go! who is this?"

"Who is so arrogant! Dare to race in our villa area!"

There were voices of dissatisfaction in every corner of the villa area.

"Huh! It seems to be Lord Qin Feng..."

Everyone was silent in unison.

They couldn't afford to offend this guy.

After driving in the driveway of the villa for a long time, Qin Feng gradually became familiar with the operation, and then drove away with a happy mood.

The villa. The earls in the district breathed a sigh of relief.

At the same time, in the Lin family's mansion, in the meeting hall, all the elemental masters of the Lin family gathered together, and everyone was holding an emergency meeting.

The heads of the family were all arrested. The three earls were all missing.

The Lin family was in a panic.

Among the crowd, Lin Tianyang was anxious and sad.

"Aunt, what should we do now?" Lin Tianyang looked at Lin Xue for help.

"yes! Xiaoxue, what should we do now?"

Those tribesmen also looked at Lin Xue.

Lin Xue has always been Lin Jianhao's assistant.

Although her cultivation is not high, she has high prestige and strong ability to do things.

Lin Xue is also very painful in her heart.

Lin Jianhao is her true love. How could she just watch something happen to a man like him?

"Now, we are left with only one solution.", Lin Xue looked at everyone

"any solution?"

Everyone is looking forward to

"We can only ask the old master to come forward."

"Well...."

"this..."

When Lin Yuankun was mentioned, all the clan members showed fear.

The atmosphere in the venue became extremely quiet

"Do you really want to ask Grandpa to come forward?" Lin Tianyang also had fear in his eyes.

The person he fears most in this world is his grandfather.

Lin Xue said helplessly: "Nowadays, besides the old master, who else can help our Lin family resolve the crisis?"

If not, There was no way, she didn't want to see Lin Yuankun.

Every time she saw Lin Yuankun, she felt inexplicably scared

"What Xiaoxue said is right. The current situation can only be solved by the old patriarch coming forward."

"Well, that's all we can do for now."

The tribesmen all agreed.

Soon, the meeting ended.

Lin Xue took Lin Tianyang to Lin Yuankun's retreat..

Chapter 94

Deep in the Lin family's mansion, there is a lonely courtyard.

Lin Xue and Lin Tianyang stood outside the courtyard uneasily.

This small courtyard is Lin Yuankun's retreat.

There is a rule in the Lin family. Without Lin Yuankun's order, no one can get closer than 100 meters to the courtyard.

Otherwise, shoot without mercy!

A tribesman once accidentally broke into the small courtyard a hundred meters away, and was actually killed by Lin Yuankun on the spot, and even the body was dragged away.

What happened to the body in the end, no one knows.

From then on, the clan members became even more afraid of Lin Yuankun, and no one dared to approach the small courtyard.

Even if Lin Jianhao wanted to see Lin Yuankun, he would have to call and ask for permission before he dared to enter the courtyard.

But now, Lin Jianhao has been arrested.

Lin Yuankun's phone number is a secret, and only Lin Jianhao knows it.

Lin Xue and Lin Tianyang had no choice but to bite the bullet and pay a visit in person.

Creak~cheep~!

The old courtyard door was pushed open, and there was an empty sound.

Lin Xue took a deep breath and boldly walked in.

Lin Tianyang followed uneasily.

The courtyard was gloomy and a bit intrusive.

The smell of dampness and decay hung in the air.

Lin Xue and Lin Tianyang were very uneasy.

They risked being killed and forced their way in.

A gust of cold wind blew by, and the Autumn Tung tree in the corner of the courtyard rustled, as if a person was crying.

A few withered leaves are dancing gently in the air

"Tianyang, listen!"

Lin Xue suddenly opened her eyes wide with fear.

Lin Tianyang was startled. He quickly listened carefully and heard a woman crying from inside the house.

The crying was weird and creepy.

Lin Tianyang was surprised.

Grandpa was not the only one in the house. , why are there others?

"Shut up!", a cold male voice came from the room

"Let her cry...", and then another soft man's voice came out.

Lin Tianyang and Lin Xue were confused.

They looked at each other, their mouths wide open.

Didn't it mean that the old master was the only one in this yard?

How could it be ? There is one woman and two men?

What is going on?

The two of them were a little panicked.

They seemed to have stumbled upon some secret.

For a moment, the two of them froze on the spot and did not dare to go in.

They were afraid of being silenced.

"Two mice came outside...",A soft man's voice came from the house again.

Lin Xue and Lin Tianyang's expressions changed greatly.

The two of them were so frightened that they backed away, turned around and left.

But as soon as I turned around, 'Bang'~! ', the courtyard door was opened suddenly.

Another pale-faced man walked in outside the hospital, blocking their escape route.

This man looks middle-aged, with good facial features, but he exudes a cold temperament.

"grandfather~! "

When Lin Tianyang saw the man, he was so frightened that his legs softened and he fell to his knees with a thud.

"Second uncle, spare your life!"

Lin Xue also knelt down in fear, with a hint of crying in her voice.

This man was Lin Yuankun. He was obviously seventy or eighty years old, but he looked like he was only in his thirties, very young.

Lin Yuankun looked at Kneeling coldly. The two people on the ground had anger hidden in their eyes.

Lin Xue and the two were trembling with fear, not even daring to breathe.

"bang~! "

Another muffled sound.

The door of the hut behind him was pushed open forcefully.

Lin Xue and Lin Tianyang were shocked.

There was indeed someone else in the house!

The two people quickly turned around, only to see that the room was empty, except for a cold crystal coffin with a woman's body lying inside. The appearance was unclear and looked very strange.

Apart from that, there is no one else.

Lin Xue and Lin Tianyang were frightened

"Have you forgotten my order?"

Lin Yuankun's tone was cold and without any emotion.

Lin Xue was so frightened that she trembled all over.

But Lin Tianyang burst into tears.

"Grandpa, there is nothing we can do. My father was captured by the Alliance, and my uncle, third uncle, fourth uncle, and Xu Yang were all killed. The Lin family is doomed! Woo! Woo!!"

"Um..", Lin Yuankun was moved, "Enter the house!"

"yes! yes!"

Lin Xue and the two hurriedly got up.

When they entered the hut, they finally saw clearly that there was a beautiful middle-aged woman lying in the crystal coffin.

"grandmother....", Lin Tianyang looked at the woman in the crystal coffin with a look of horror.

Lin Xue also showed a look of horror.

It turned out that the woman was Lin Yuankun's wife, Lin Tianyang's grandmother.

But his grandmother has been dead for nearly twenty years.

Unexpectedly, the body never rotted and was still parked next to Lin Yuankun.

The two of them turned their heads quickly, not daring to look or ask any more questions.

Lin Yuankun saw the two people's expressions and didn't care.

Bang~!

The door was closed.

The two of them were startled and looked up at Lin Yuankun.

"explain!" Lin Yuankun had no expression on his face.

Lin Xue mustered up the courage and said:"Second uncle, this is what happened. Our Lin family has a secret deal with Zhou Changtong....."

Lin Xue told the whole story of the incident.

"So, my eldest brother, third brother, and fourth brother may all have died in the hands of that Qin Feng?"

Lin Yuankun's expression is still cold, without any fluctuation.

"Nine times out of ten this is the case."

Lin Xue and Lin Tianyang both looked sad.

"good! I see!"

Lin Yuankun's tone was still cold, as if he had no emotion.

"Second uncle, then we....", Lin Xue looked at him helplessly

"I'll handle it!" Lin Yuankun looked at the two of them expressionlessly, "You go back and let the clan members take stock of their assets."

"Um..." Lin Xue was stunned.

Immediately, she understood what Lin Yuankun meant.

"Second uncle, I understand"....

A few minutes later, Lin Xue and Lin Tianyang walked out of the small courtyard.

Both of them breathed a sigh of relief.

This time, there was no danger at all. Lin Yuankun did not pursue them for violating the order.

"Auntie, what does grandpa mean by asking the clan members to take stock of their assets?"

Lin Xue sighed:"The old master is asking us, the Lin family, to prepare for the worst." Lin

Tianyang was stunned for a moment.

Then, he figured it out and said in surprise:"Grandpa is planning to defect with the whole family?" Is he going to betray the alliance?

Lin Xue nodded slightly:"If the old master is desperate, he will take action against Qin." Regardless of success or failure, our Lin family has no place in the alliance."

"The only way out is to defect from the Alliance and go to the hostile Northern Alliance.

Lin Tianyang was a little panicked:"Auntie, defecting from the alliance is a capital crime." Just afraid of those tribesmen..."

Lin Xue said coldly:"The words of the old Patriarch are imperial decrees and there is no room for negotiation. Those people have to listen even if they don't listen. What's more, the old Patriarch didn't say it clearly...."

"Oh~ What will grandpa do this time?"

"I don't know, the old master didn't say it clearly..."

In the yard, inside the house.

The door was closed and the air was cold.

Lin Yuankun looked at the direction where Lin Xue and the two left expressionlessly.

After the two of them walked away, he slowly Lowering his head.

When his eyes turned to the woman in the crystal coffin, the cold expression gradually melted, and his eyes contained infinite tenderness and endless sorrow.

Why am I so lonely in this life...

Lin Yuankun closed his eyes gently I closed my eyes, and a line of hot tears flowed from the corners of my eyes.

Xiaowan, I promised you that I would take good care of our child.

But now he has been taken away..

Chapter 95

At the same time, Qin Feng drove a luxury car and took Chu Chu for a spin on the wide driveway.

In the car, he was humming a little tune and listening to the beautiful car music, feeling extremely comfortable.

Chu Chu on the side was still frightened.

She was almost scared to death by her brother today

"Little girl, put your seat belt on!"

"Um..." Chu Chu hesitated, "Brother, can you drive?"

She was worried that her brother would overturn the car and she wouldn't be able to jump out in time, which would be terrible.

"Little girl, do you look down on your brother? I'm driving pretty steadily!"

"oh~", Chu Chu obediently pulled out the seat belt.

Click~!

On the seat belt card, a button below is exposed

"Hey~! What does this button do?"

Qin Feng has sharp eyes and presses it smoothly.

Click~!

The vehicle-mounted missile system starts!

Click~! Click~! Click~

The tank vibrates a few times, and two missile launchers pop up on both sides of the wings.

Click~! Start missile filling.....The missiles are filled!

Click~! Click~!

Two micro missiles are filled directly on the launcher.

Damn~!

This button actually starts the chariot missile.

Chu Chu was scared to death: "Brother, don't be impulsive...."

This is a busy lane, there are many cars in front of it....

Meanwhile, people in the driveway were freaking out

"who is this? Driving a car and setting up a missile! Did I read that right?"

"Damn it! Driving a luxury car is amazing! So arrogant!"

"Shh! Keep your voice down! Do u wanna die! Look at the license plate of that car! The one starting with BJ, specially equipped by the government, the Earl's car...."

"Damn it! It really is! This car is so cool!"

The vehicles in the driveway gave way, fearing that Qin Feng's car would catch fire.

"Forehead..",Qin Feng was also a little surprised,"This is troublesome... How can I retract this?"

"Brother, you'd better stop doing it. I'll check it online...."

Chu Chu quickly dissuaded her, then took out her mobile phone and looked up information online.

She finally realized her brother's bold and willful side today.

Ten minutes later, Chu Chu found information on the Internet.

After repeated verification, the missile was finally taken back.

This operation also made Qin Feng more familiar with this tank.

A quarter of an hour later, the brother and sister drove to the city center.

That cool luxury car attracts envy all the way.

There were also some knowledgeable people who recognized it as the Earl's car at a glance.

When Qin Feng got off the car, everyone realized that the earl was so young.....

An hour later, Qin Feng and Chu Chu completed the purchase.

Qin Feng bought 10 ice spirit pills for Chu Chu, and he also bought a lot of earth demon cores and beast cores.

He predicted that earth-type talents should be rewarded in the next god-level assessment.

It's not a bad thing if he makes some preparations in advance.

Of course, he himself is very much looking forward to the earth talent.

He has a special type of earth-type mid-grade Yuanwu like 'Counter-Liquid Sand' in his hand.

As long as he has earth talent, he will be able to use this elemental weapon immediately, and his strength will increase a lot.

Afterwards, Qin Feng took Chu Chu to Yuanqi Pavilion.

Unfortunately, ice elemental weapons were scarce and Chu Chu could not buy the dual-sword weapon he wanted.

He only bought a low-grade Yuanwu armor for Chu Chu and himself, both with amplitudes of 80%, so they made do with it first.

After all purchases were made, a total of 2.1 billion was spent.

Qin Feng just has 5 billion assets left.

The brother and sister returned home with a full load and were in a good mood.

Half an hour later, the two arrived at a private talent testing center.

This is the focus of today.

Qin Feng wanted to know whether Chu Chu's sensitivity to mysterious elements had changed.

In order to keep a low profile, both brothers and sisters took off their knighthood medals.

The two of them have extraordinary temperaments and outstanding appearance.

As soon as we entered the lobby of the testing center, we attracted the attention of many people.

"Sir, is there anything I can do for you?"

A beautiful waitress greeted her warmly.

"I want to test my sister's talent. How do you test it here?"

"Sir, we have LP-3 ordinary level tester and NP-1 high-end tester here. If you just want to test the general talent, you can use the ordinary level, and the cost is cheaper."

The waitress introduced it professionally, but a flash of surprise flashed deep in her eyes.

This boy is so handsome!

"If it is an unknown talent, how to test it?", Qin Feng asked a concerned question

"We have a T-32 special tester, which is specially used to test unknown systems. However, the cost is a bit expensive. It is estimated that 10 million will be needed once"

"Money is not an issue, just arrange it for me.", Qin Feng said cheerfully.

The waitress's eyes lit up.

This guy is indeed a rich man.

"Sir, please wait a moment, I will arrange a professional for you."

The attitude of the waitress became more enthusiastic.

A few minutes later, a young man wearing glasses personally received the Qin Feng brothers and sisters.

The three of them arrived at the testing room on the third floor.

Qin Feng chose the confidentiality test.

That is, he Operate the test yourself, and only you know the test results.

Before the test, the glasses guy taught Qin Feng how to operate, while chatting with Qin Feng.

This glasses guy is a chatterbox at first glance, he is enthusiastic and likes to chat with people.

How many times ? After these words, the distance between the two parties was narrowed.

"Sir, your sister's future achievements will definitely be extraordinary. I'm afraid there are some things that you don't know yet."

The guy with glasses looked mysterious..

Chapter 96

Qin Feng was curious:"My sister hasn't even taken the test yet, how do you know she will achieve extraordinary results in the future?"

"Sir, this is because you do not understand the peculiarities of the unknown system. Let me tell you this, we divide elemental power into regular series, special series, and mysterious series."

"The conventional system is the Five Elements Yuanli, Ice Wind Thunder, etc. These are all conventional and are the most studied by humans."

"Then there are special types, such as shadow, diffraction, magnetization, etc. You should have heard of these"

"Then there is the mystery department, which was formerly called the unknown department. This category is the least understood by us humans and the latest to come into contact with it. But in recent years, human research on them has made breakthrough progress"

"Some organizations have even developed methods to allow people with mystical elements to awaken as mysterious elemental masters, which are terrifyingly powerful. In the future, mysterious elemental masters will rise in the human world and become far more powerful beings than those of the same level."

"No matter how high your sister's mysterious sensitivity is, as long as she has this physique, after human research comes out, there will be a chance for her to become an elemental master, and a powerful mysterious elemental master."

Speaking of this, the guy with glasses looked at Chu Chu with a look of envy.

"So magical?!"

Qin Feng and Chu Chu were surprised and happy.

"By the way, how do you know this?"Qin Feng asked curiously.

The glasses guy pushed up his glasses and said with some pride:"I work at the Alliance Elements Research Institute. This testing center is run by my dad. I come here during the holidays and take care of it for him."

This guy is really a professional.

"I would like to ask, how do people from the mysterious system awaken as elemental masters?", Qin Feng asked.

The guy with glasses smiled mysteriously:"Little brother, seeing that you have a good face, I will tell you directly. The mysterious type is different from the regular type. The regular type needs to absorb elemental energy to improve their cultivation, while the mysterious type needs to increase their sensitivity to advance."

Qin Feng was surprised:"Well...Generally, it is difficult to change the sensitivity, right? The sensitivity of this mysterious system is easy to increase? The guy with glasses said with a smile:"The mysterious system has two special features. One is that it can coexist with other elemental systems without rejecting interference." Another thing is that its sensitivity can be improved through acquired exercise."

"As for how to improve the sensitivity the day after tomorrow, it depends on the individual to find a way. If the opportunity is good, you can still find a way."

"If you have bad luck, you will never be able to find a way in your life. If you don't make any progress, your talent will be wasted. This is also one of the major topics studied by the Alliance."

Qin Feng sighed:"The mystery department is really special. Then what standard does the sensitivity of the mysterious system reach, even if it is a one-star elemental?"

The glasses guy said:"When the sensitivity reaches 1 or above, they can explode with strength equivalent to a one-star elemental master, even stronger than most one-star elemental masters."

"To put it simply, most of the mysterious types are control-type, not energy-type, so there is no need to absorb energy, as long as the sensitivity is high."

At this time, the glasses guy debugged the test machine.

"Little brother, the machine is debugged. You guys test it! If you have any questions, just press the call button on the wall and the staff outside will come in to help you solve it."

"OK, thank you!"

"You are welcome! Little sister, come on!"

The glasses guy smiled and gave Chu Chu an encouraging gesture and went out.

The brother and sister couldn't wait to test.

After a few minutes, the test results came out.

The sensitivity number - 0.97 - appeared on the display.

"Brother, look! 0.97!", the little girl was pleasantly surprised.

Qin Feng's eyes also lit up, full of excitement.

The little girl's sensitivity has really improved.

A long time ago, her sensitivity to the unknown mysterious system was only 0.9.

If the glasses guy is right, Really, as long as Chu Chu's sensitivity reaches 1, her mysterious element can be fully awakened.

Then this little girl's strength will skyrocket!

Qin Feng feels that the glasses guy is not lying, because this little girl's mysterious elemental power has already begun to show

"whee!! Brother, that's great! If I awaken the power of the mysterious elements, I can help you fight in the future."

Chu Chu looked excited.

Qin Feng touched her little head happily:"Little girl, the improvement of your sensitivity should be related to fighting."

"whee! Yes!", Chu Chu looked happy,"Ever since I started practicing fighting, it has become easier and easier to sense the existence of that kind of elemental power. In other words, if I practice more in the future, I will be able to fully awaken."

Chu Chu feels that she is very lucky.

According to the glasses guy, many people with mysterious elemental physiques have no achievements because they have not found a way to exercise their sensitivity, and they remain ordinary people throughout their lives.

She is also a coincidence. If you find a method that suits you under the circumstances, this is luck

"Brother, when I go back, I will go play fighting. Try to awaken that mysterious power as soon as possible."

The little girl was originally very obsessed with fighting.

Now that she found out that fighting has such great benefits for herself, she became even more obsessed.

Qin Feng patted her little head angrily.

"I just bought you 10 ice elixirs, but you haven't refined them yet! First, improve your cultivation as a quasi-elemental master of the ice system, and then practice fighting!"

"Okay!"

At that moment, the brother and sister cleared the data on the tester and went back with satisfaction.

This time they came out to test, which was an unexpected gain..

Chapter 97

After leaving the testing center, Qin Feng looked at the sky. It was almost evening and it was time to go back.

Now is the rush hour after get off work, and the flow of people is also increasing.

In the parking space at the door, Qin Feng's luxury car looked very cool under the sunset.

Several young people were commenting on the luxury car.

The guy with glasses is also in the crowd

"Wow! This car is so cool!"

"Such a cool car must be expensive, right?"

At this time, the guy with glasses said in an expert tone:"Brothers, this car uses the most advanced FTR-microcore combat power and is worth more than 100 million!"

"Tsk tsk! So expensive!"

The guy with glasses smiled:"The real value of this car is not the price, but its identity." Look at this license plate number. It starts with"Yun BJ". This is the Earl's car."

"OMG! Would a big shot like the Count come here?"

"Brother, could it be that the earl's family drove here?"

"Won't! Only the earl can drive this car, and no one else can use it. Because the starter key requires fingerprint verification. It cannot be activated if it is not the Count himself."

The guy with glasses looked like he knew everything.

Qin Feng was stunned for a moment after hearing this.

He looked at the car key in his hand, and there was indeed a fingerprint collection design on the button. He didn't pay much attention to it before.

This guy with glasses is really a know-it-all

"Look! There is a handsome guy!"

"Wow! So handsome!"

Several girls who were watching the luxury car were stunned by Qin Feng who came over.

The guy with glasses turned around and saw Qin Feng.

He smiled and said hello: "Little brother, are you done with the test?"

"Um~! ", Qin Feng smiled and nodded.

"Did you come here to see this car too? This car is awesome." "It is the car of Lord Earl," the glasses guy introduced excitedly. He has the potential to be a good teacher.

Qin Feng smiled without saying a word and pressed the car key.

The luxury car made a soft beep, and the door automatically lifted. Get up.

The young people were startled. The owner of the car has arrived!

That is the noble Earl!

The young people were nervous and looking forward to it. They looked around quickly, wanting to catch a glimpse of the Earl, but they did not see anyone coming nearby.

At this moment, Qin Feng took the key and sat in the cab, and Chu Chu also got in the passenger seat.

"This...is this car yours?!"

The guy with glasses was shocked.

The onlookers were also confused.

"Thank you for your explanation today, see you soon!"

Qin Sheng smiled, lowered the door, and started the engine.

The silver luxury car sped away in front of everyone's astonished eyes.

All the young people were dumbfounded.

Oh my God!

The young man just now was actually the lord Earl!

But that young man He is clearly about the same age as them, maybe even younger than them, how could he be the Earl?

This is so shocking!

An hour later, Qin Feng and Chu Chu returned to the villa.

Qin Feng directly sent Chu Chu to refine ice Miraculous pill.

He was worried that the Lin family would take action in the near future, so he wanted Chu Chu to improve his strength as soon as possible.

Qin Feng called the property management company and asked them to repair the villa gate.

Then, he also began to practice in seclusion.

As he expected Not bad, Lin Yuankun will take action as soon as Lin Jianhao's punishment results come out.

But he is not Lin Yuankun's opponent yet, so he must break through to a two-star elementalist as soon as possible. As for the second god-level challenge, he plans to wait until the alliance rewards are distributed..

During this period, he naturally could not waste time. At that moment, Qin Feng began to practice. During this practice, he discovered that after the fire element talent was improved, the condensation speed of the second star pattern increased by more than ten times.

This made He felt secretly happy. In the blink of an eye, two days passed.

During these two days, the outside world was calm.

Qin Feng also stayed in seclusion for two consecutive days.

On this day, he opened his eyes from practice and couldn't wait to adjust the attributes. Template to start checking the progress of practice.

Practitioner: Qin

Feng Wind realm (peerless): One-star Dzogchen (second star pattern 57%)

Thunder realm (peerless): One-star Dzogchen (second star pattern 50%)

Ice Realm (Peerless): One Star Great Perfection (Second Star Pattern 50%)

Fire Element Realm (Genius): One Star Great Perfection (Second Star Pattern 96%)

"Ha ha! good! The fire element should be the first to break through to two stars!"

Qin Feng looked delighted.

The top-grade fire element talent of a genius can be cultivated very quickly.

According to his estimation, even without borrowing any external force, the fire element can break through to two stars in three days.

Qin Feng closed the interface , I left the secret room in a comfortable mood.

Calculating the time, the alliance's rewards are almost here.

"I wonder if the little girl has made any progress in the past two days?"

After leaving the secret training room, Qin Feng was a little eager to see Chu Chu.

When he arrived in the hall, he saw the little girl lying on the sofa comfortably, reading comics, and giggling.

"elder brother!"

When the little girl saw Qin Feng, her face was filled with joy.

She suddenly dropped the comic book, jumped off the sofa, and rushed towards Qin Feng

"Brother, I haven't seen you for two days and I miss you so much! whee!"

Chu Chu immediately fell into Qin Feng's arms.

Qin Feng smiled and shook his head. This girl is too clingy.

He pushed the little girl away quietly.

This girl has grown up, and he can feel some parts of her body. Growth.

You should still pay attention to the influence.

Then, he looked at the little girl again and found that the little girl had already reached the level of quasi-elemental master.

He smiled happily: "Not bad! It seems that you have not been lazy in the past two days and have made great progress in your cultivation. Have you finished refining those 10 Ice Spirit Pills?"

"Refining is finished! Brother, I am now a quasi-elementalist. I also specifically measured the combat power index, and it has reached 500, reaching the threshold of a one-star early elementalist."

Speaking of this, Chu Chu was very happy

"very good! keep it up! By the way, you cannot delay the matter of condensing the Ice God Seal. With your ice talent, you should be able to become a true elementalist in two or three months."

"Brother, if it doesn't take that long, I can break through in a month at most, maybe even shorter!"

The little girl looked proud.

Qin Feng was stunned.

Immediately, he thought of something and said in surprise: "Could it be that the power of your unknown element can speed up the speed of condensing the divine seal?"

"whee! Brother, you are so smart, you guessed it right!"

Hiss~!

Qin Feng took a deep breath.

Is the power of this mysterious element so awesome?

He was a little envious.

"Ding! After detecting the host's strong wish, if the next god-level challenge is successful, the earth talent will be 100% rewarded...."

"Ding! Reminder: After the host has the earth talent and the hidden conditions are met, there will be a 10% chance of activating a mysterious element talent....."

Damn it~!

What a good thing!

Qin Feng's eyes shone brightly, and his heart was ecstatic.

Just then, there was a knock on the door outside the hall

"I'll open the door!", Chu Chu jumped up and ran to open the door.

The door opened.

Shangguan Yunyang came in with a strange middle-aged man with a smile on his face..

Chapter 98

The door opens.

Shangguan Yunyang walked in with a strange middle-aged man with a smile on his face.

The man was wearing an alliance uniform and had a majestic temperament. He was actually a five-star elementalist.

"I have met the Lord City Lord!"

Qin Feng and Chu Chu came forward to see the ceremony.

"Brother Qin Feng and Miss Chu Chu, you don't have to be polite!"

Shangguan Yunyang was smiling all over his face.

Then, he introduced to Qin Feng:"This is Master Qian Yu from the alliance. He is here to distribute alliance rewards to you."

Qin Feng's eyes lit up.

The reward finally arrived.

The brother and sister looked at each other happily.

"The little brother is indeed a talented person.", Qian Yu praised casually. "Little brother, let me first introduce the reward standards of the alliance."

"Level 5 Genius, reward 10ml of Imperial Liquid Serum"

"Level 4 Genius, reward 20ml of Imperial Liquid Serum"

"Level 3 Genius, reward 40ml of Imperial Liquid Serum"

"Level 2 Genius, reward 80ml of Imperial Liquid Serum"

"The first-level genius will be rewarded with 160ml of Imperial Liquid Serum."

After the introduction, Qian Yu looked at Qin Feng with a smile.

"Little brother, since you are a first-grade genius with perfect scores, the alliance will give you an additional reward of 40 ml, which makes the total 200 ml."

Qin Feng was overjoyed.

The Emperor's Liquid Serum he grabbed last time was equivalent to 100 ml.

This time the reward was twice as much as last time, which was so cool.

Then Qian Yu took out Two crystal bottles, both filled with fiery red spiritual liquid, which is the emperor's liquid (fire), each bottle is 100 ml.

Qin Feng took it happily

"Miss Chuchu, this is your reward." Qian Yu took out another half bottle of blue spiritual liquid and handed it to Chu Chu.

It was the Emperor's Liquid (ice), and its use was similar to that of fire.

Chu Chu also put it away happily.

"Miss Chu Chu, these flying snow swords are an extra reward given to you by the alliance....."

Qian Yu took out two more long swords.

The swords were long and slender, with cold light all over their body. The half-meter radius of the sword body condensed the cold air. It looked extraordinary at first sight.

"Miss Chu Chu, these flying snow double swords are the top quality among low-grade Yuanwu. The amplitude elemental attack power of a single sword is 100%; the resonance of the two swords can reach 120%. Take it!"

"Wow~! ", Chu Chu happily took the two swords.

What she lacked most was weapons, and now she finally had them.

Moreover, she is very satisfied with these swords

"Sir, why do I also get extra rewards?", the little girl asked curiously.

Qian Yu smiled and said:"You and your brother are both geniuses. If a family produces two geniuses at the same time, the alliance will take care of them to some extent."

Chu Chu was happy that there was such a good thing.

"You two, the rewards have been distributed. I would also like you to sign here and take your fingerprints! I can go back and report it!"

Qian Yu took out a reward registration form.

Qin Feng and Chu Chu both signed and fingerprinted readily.

Shangguan Yunyang kept watching.

The brother and sister received more rewards than expected.

He was envious. At the same time, he is also happy for these brothers and sisters.

These two young men are much better than he was back then!

In the fire department, in the near future, Yunyang City will become famous all over the world because of these brothers and sisters.

This is also his expectation of

"OK! You two, this is done, it's time for me to go back." Qian Yu put away the form.

Qin Feng suddenly said:"Master Qian, I want to ask you something."

"Tell me, little brother, if Qian knows anything, he will definitely tell you."

Qian Yu is still willing to make friends with a super genius like Qin Feng.

"Sir, I want to know how the Lin Jianhao matter is being handled? Generally speaking, how long does it take for the results to be available?", Qin Feng inquired.

The time Lin Jianhao took to deal with the results determined the time Lin Yuankun took action, so Qin Feng was very concerned

"Um...this thing is a little weird."Qian Yu's expression was different.

Even Shangguan Yunyang became curious.

"Sir, what kind of weird method is this?", Qin Feng asked

"Let me tell you this, Lin Jianhao denied everything at first. But just yesterday, he didn't know what medicine he took by mistake, so he voluntarily admitted everything and asked for a speedy sentence."

"In this way, his guilt will be established, and the results will be released this afternoon. The alliance is never lenient in dealing with such major cases, as they are afraid that Lin Jianhao will not escape death."

Speaking of this, Qian Yu sighed.

Qin Feng was surprised.

Damn~!

What does Lin Jianhao mean?

Why can't he understand.

Judging from his brief encounter with Lin Jianhao, that guy is definitely a smart man and won't be willing to die.

Is it possible that he has a new plan?

After a while, Qian Yu and Shangguan Yunyang left.

Qin Feng sat on the sofa in the living room, thinking deeply

"Brother, why do you think Lin Jianhao took the initiative to admit his crime?"

Chu Chu very thoughtfully made Qin Feng a cup of hot tea.

"Not sure!" Qin Feng picked up the tea cup and took a sip. "However, his crime has been found out, and it is unlikely that he will change his sentence."

"Brother, will Lin Yuankun cause trouble for us right away?", Chu Chu was a little uneasy.

Lin Yuankun was a half-step five-star master, and only Shangguan Yunyang in the entire Yunyang City could deal with him.

The little girl was naturally afraid.

Qin Feng smiled slightly: "Little girl, what are you afraid of? My brother is here!"

"By the way, the Emperor's Ooze (ice) accelerates the condensation of the Ice God Seal, allowing you to become an Ice Master earlier. Go and refine it quickly! The sooner you become a Bingyuan Master, the more relaxed your brother will be."

Qin Feng fondly touched the little girl and pinched her little baby face.

"oh~, "The little girl obediently let her brother hold her, "Brother, then I'm going to retreat.""

"Go for it! I'm here for everything!"

Qin Feng said it very casually and didn't take Lin Yuankun's matter to heart at all.

The little girl saw her brother's confident look and breathed a sigh of relief.

With her brother around, she felt safe.

At that moment, the little girl looked at her brother again. She was not as scared as before, her mood improved again, and she went to retreat happily. She was extremely looking forward to this practice.

With the 40 ml of Imperial Liquid Liquid (ice), and her special With the assistance of elemental power, she is confident that she will be able to break through to a one-star ice elemental master within a few days.

By then, she will dare to challenge even a two-star elemental master.

If she awakens the power of mysterious elements again, her strength will be even higher. With the explosion, maybe she can help her brother.

Thinking of this, Chu Chu decided to practice hard, and she must help her brother.

After Chu Chu left, Qin Feng's smile disappeared in the hall, and his expression became serious.

Just now, he was just pretending to Chu Chu, just not wanting to worry the little girl.

Facing a strong man like Lin Yuankun, how could he not be worried?

And the Lin family must know the outcome of Lin Jianhao's trial.

Lin Yuankun will not fail to take action.

To be honest, Lin Jianhao's strange operation made Qin Feng a little unexpected.

Tonight! It is destined to be unrest!..

Chapter 99

Tonight! It's definitely not peaceful!

Qin Feng looked out the window, the sky was getting dark.

He doesn't have much time left and must start the god-level challenge immediately.

Otherwise, his chances of survival would be slim.

Originally, he wanted to make more preparations before starting the challenge.

Unfortunately, time does not allow it.

Walking out of the hall, Qin Feng entered the secret practice room.

In the secret room, the light is dim.

Qin Feng looked at the time, it was 7 o'clock in the evening.

It's still too late to experience a god-level challenge, but I don't know if it will succeed.

"System, start a god-level challenge!"

"Ding! The one-star god-level challenge is activated, reminding the host that this is the last challenge opportunity for one-star level"

"Ding! Enter the challenge map after 10 seconds - Plains of Despair, 10...9...8...7...."

In a flash of white light, Qin Feng disappeared.

The next second, he stepped down to the ground and entered a new world. All he could see was a green grassland.

At this moment, a bloody massacre was taking place on the grassland.

Thousands of giant wolves were slaughtering various spirits on the grassland.

Those giant wolves are called bloodthirsty fire wolves. They are level 10 (early two-star stage). They are all three meters tall and have blood-red hair all over their bodies.

Thousands of bloodthirsty fire wolves attacked together, and the three-star spirits were easily torn apart.

Even a four-star early-stage wooden spirit giant elephant was surrounded by hundreds of giant wolves and roared repeatedly. The situation was very bad.

This pack of wolves is really scary when they join forces!

My god-level challenge this time won't be to kill the wolves, right?

Qin Feng felt dizzy when he thought of this.

At a glance, there are probably more than a thousand wolves in this pack.

This is equivalent to more than a thousand two-star elemental masters joining forces!

And they are also good at working together.

Not to mention four-star masters, even five-star Dzogchen masters would have to retreat when encountering such a wolf pack.

"Huh! That is...."

Qin Feng suddenly saw two giant silver wolves behind the wolves, standing on a grassy slope, overlooking the entire grassland.

The proud posture is like two kings.

Their height is different from other bloodthirsty fire wolves.

The bloodthirsty fire wolf is only three meters tall, but these two giant silver wolves are seven or eight meters tall, like two small buildings, with heads as big as cars.

Beyond that, there's something special about these two guys.

The silver wolf on the left has a red tip that is more than a foot long on the top of its head, and there is a faint flame burning at the top.

The silver wolf on the right has a blue tip that is more than a foot long on the top of its head, and lightning bursts out from the top from time to time.

"These two guys are not simple...."

Qin Feng first looked at the silver wolf on the left, and a light screen automatically popped up in his eyes.

Category: Spirit

Name: Fire Wolf King (normal level)

Level: Level 19 (early stage of four stars)

Skills: Explosive (skill stones can be dropped on the first kill)

Special: Fire Spirit Horn can enhance the power of skills by 50%.

Warning: The seriously dangerous level (win rate is less than 30%) is indeed a four-star early stage spirit. It is on the same level as the Sand Demon and should be of the same strength.

However, Qin Feng's strength has improved a lot compared to last time.

The last time he faced the Sand Demon, his winning rate was less than 10%.

This time facing the Fire Wolf King, the winning rate is less than 30%.

Qin Feng looked at Silver Wolf on the right again.

This one is called Thunder Wolf King, and it is also a four-star early stage spirit.

Except for the thunder attribute, the other attributes are the same as the Fire Wolf King.

Is this challenge mission to kill these two wolf kings in a row?

Qin Feng just came up with this idea.

Then the massacre on the grassland changed.

The giant wood spirit elephant from the early stage of the fourth phase finally went berserk.

It stamped its huge feet wildly, and countless wooden thorns rushed out from the ground, stabbing more than a dozen giant wolves to death.

The giant wood spirit elephant broke out of the encirclement and fled into the distance.

Ouch~!

Ouch~!

The two wolf kings were furious, roaring to the sky, and then came together.

In the next scene, the two wolf kings actually merged into one, becoming a two-headed wolf king that was a lot bigger.

Qin Feng was stunned, and the pop-up window in his eyes also changed.

Name: Two-Headed Wolf King (Elite)

Level: Level 19 (early stage of four stars)

Skills: Thunder Explosion (skill stones can be dropped on the first kill)

Fiery Explosion (skill stones can be dropped on the first kill)

Violent Transformation (thunder and fire fusion skills, advanced skills)

Warning: Very dangerous level (the winning rate is less than 10%)

Damn~!

These two wolf kings can actually fuse and become elite-level monsters, and the winning rate suddenly drops to 10%.

But all this was not over. The two-headed wolf king roared a few more times, his body expanded, and his momentum surged.

In the blink of an eye, its size grew again, its hair changed from silver to gold, its whole body was surrounded by thunder and lightning flames, and its aura more than doubled.

The data on the light screen also changed.

Name: Two-headed Wolf King (violent transformation state, quasi-lord level)

Level: Level 19 (early four-star stage)

Warning: Extremely dangerous level (win rate less than 5%)

Damn it!

After the violent transformation of this two-headed wolf king, his strength was directly upgraded from elite level to quasi-lord level.

Qin Feng's winning rate is also as low as less than 5%.

This is much harder than killing the Sand Demon

"Ding! The divine challenge begins!"

Challenge content: Kill the Fire Wolf King and Thunder Wolf King within twenty minutes!"

"Ding! The challenge will automatically start after 3 seconds...3...2...1.."

"Ding! The challenge begins! Automatic timer 20:00...."

Damn it! This is indeed more difficult than last time!

Qin Feng was depressed.

Last time he had three nuclear warheads to help him.

Nothing this time..

Chapter 100

At this moment, the two-headed wolf king charged towards the giant wood spirit elephant.

Qin Feng also moved.

The challenge timer has started.

He must race against time.

The enemy of your enemy is your teammate.

He wants to join forces with the Wood Spirit Giant Elephant.

Qin Feng's rush out alerted the wolves.

Immediately, five or six giant wolves rushed towards him, each with their huge mouths open and spitting fireballs at him.

Qin Feng's figure flashed and easily avoided those fireballs.

The wolves were alarmed, and twenty more giant wolves were called out.

This wolf pack is tough.

Qin Feng frowned.

The two-headed wolf king is getting closer and closer to the giant wood spirit elephant. He must go to the rescue and has no time to tangle with the wolves.

Absolutely frozen!

Qin Feng activated his only advanced skill.

In just an instant, dozens of giant wolves within a radius of 100 meters were frozen into ice sculptures.

Qin Feng rushed forward like a dodge. , bang~! Bang~! Bang~!

The ice sculptures were broken one after another~!

Debris flying!

Cool~dazzling~crazy~powerful!

Qin Feng was overjoyed.

The advanced skills that only six-star masters can master are incredibly powerful!

In just a few seconds, Qin Feng killed dozens of giant wolves, easily broke through the encirclement, and then rushed directly into the wolf pack.

He wanted to cross the pack of wolves to aid the giant wood spirit elephant.

Rush all the way.

The road is frozen and the ice is broken all the way.

Nearly a hundred giant wolves were killed instantly.

The wolves were frightened and started to avoid it.

This human being is so scary!

But the next second, the wolves were stunned again.

In the process of charging, Qin Feng disappeared out of thin air, as if he melted into the air all of a sudden, without any breath.

This is Qin Feng using the ice concealment technique.

He was close to his goal.

The giant wood spirit elephant is fifty meters ahead.

The two-headed wolf king was twenty meters ahead.

The Wind Shadow Boots have been activated, and Qin Feng's speed has completely reached the initial four-star level, which is faster than the Wood Spirit Giant Elephant.

Thirty meters... twenty meters... ten meters... five meters...

The two-headed wolf king finally caught up with the giant wood spirit elephant.

Qin Feng was anxious and accelerated again.

But the next second, he was confused.

The two-headed wolf king instantly killed the giant wooden elephant with one claw.

Damn it!

This two-headed wolf king in its transformed state can actually kill a four-star early stage spirit in an instant, which is really terrifying.

Qin Feng was shocked.

This guy can kill the Wood Spirit Giant Elephant instantly, he can kill him instantly!

That 'violent transformation' is indeed an advanced skill!

It is extremely rare for a four-star spirit monster to master advanced skills.

Qin Feng took a look at the challenge time. He had less than 16 minutes left, but he had made no progress.

At this moment, the body of the Wood Spirit Giant Elephant collapsed, leaving a level 19 crystal core and a skill stone on the ground.

Ha ha!!

There is a way!

Qin Feng instantly thought of a way to kill the two-headed wolf king.

Within 16 minutes!

Fuck it!

Absolutely frozen!

Qin Feng froze the two-headed wolf king in an instant.

At the same time, the wind shadow boots under his feet flashed with inspiration, doubling his speed.

He rushed to the scene instantly and grabbed the crystal cores and skill stones on the ground.

Bang~!

The ice exploded and debris flew.

The two-headed wolf king escaped in the blink of an eye.

It was furious that this human dared to rob them of their loot.

The two-headed wolf king pounced directly on Qin Feng.

At the same time, the entire wolf pack, under its command, surrounded Qin Feng.

Huh~!

Qin Feng instantly avoided the Wolf King's attack and disappeared into thin air.

The Wolf King was stunned.

The wolves were confused.

This hateful human being disappeared.

But the next second, the Wolf King sniffed, quickly raised his head, and looked to the left.

It smelled Qin Feng's scent.

At that moment, it chased in that direction.

But the wolves are still confused, they don't have as strong a sense of smell as the wolf king.

When Qin Feng saw the Wolf King chasing after him, he was not confused at all. His target was ahead.

There was a three-star Dzogchen fire horse running away desperately.

Because of Qin Feng's appearance, there was a commotion among the wolves, and these prairie spirits got a chance to breathe and took the opportunity to escape.

In the blink of an eye, Qin Feng caught up with the Fiery Horse and killed several giant wolves that were chasing it.

Li Huoma was a little stunned.

It couldn't figure out why this human being wanted to help him.

But at this moment, Qin Feng had a backpack in his hand and was tied directly to it.

Just when Liehuoma was a little confused, Qin Feng kicked the horse on the butt.

The Fiery Horse was frightened and ran forward with its back on its back.

Qin Feng quickly ran away in another direction.

This time, he wasn't invisible.

The two-headed wolf king who was about to catch up was stunned.

It looked at Qin Feng for a while, then at Li Huoma, and then hesitated.

It turned out that Qin Feng put the crystal core of the Wood Spirit Giant Elephant in that backpack.

The crystal core is of great use in improving the cultivation of the Two-Headed Wolf King and must not be discarded.

But Qin Feng grabbed the crystal core, killed many giant wolves, and completely angered the two-headed wolf king.

It didn't want Qin Feng to escape either.

After hesitating for a while, the two-headed wolf king split into two.

The Fire Wolf King chased the Fire Horse.

The Thunder Wolf King is chasing Qin Feng.

Ha ha!! be cheated!

Qin Feng was overjoyed when he saw the Thunder Wolf King chasing after him.

Wait until the two wolf kings are separated by some distance.

Qin quickly turned around and faced the Thunder Wolf King.

Thunder Wolf King was stunned. This human being was only at level 9 and he dared to fight.

Really looking for death!

In the blink of an eye, a man and a wolf met.

Qin Feng glanced at the challenge timer. There were only six minutes left and he had to kill with one strike.

Otherwise, it will be too late.

At this moment, the Thunder Wolf King roared and rushed over, carrying countless lightning bolts with great arrogance.

Qin Feng also came forward.

Absolutely frozen!

The Thunder Wolf King instantly froze into an ice sculpture.

The dragon bone gun struck out, striking violently and directly towards the throat.

The ice sculpture exploded, the Wolf King escaped, and the sharp horn of his head pierced Qin Feng's heart.

The two sides instantly formed a close-quarters battle. Their plans were so obvious that they couldn't avoid it, and they didn't even have time to react.

Thunder Wolf King is also a ruthless character.

It will die together with Qin Feng.

In an instant, Qin Feng turned sideways a few inches, avoiding the vital point of his heart.

Pfft~!

Blood splatters!

The thunder spirit horn, which was more than a foot long, penetrated Qin Feng's chest and passed by his heart.

Release countless thunder at the same time, rushed towards Qin Feng's whole body, and also towards his heart, which was very close.

The powerful current instantly shocked Qin Feng, making his whole body stiff and his heart twitching.

Qin Feng's mouth, nose, and ears were bleeding.

At the same time, Qin Feng also shot the Thunder Wolf King through the throat.

With a shrill roar, the Thunder Wolf King's body shook violently, and then slowly collapsed.

There is a crystal core, a skill stone, and a thunder horn left on the ground.

The wolves were shocked.

This human actually killed their king..
