

God level 911

Chapter 911

Qin Feng was very happy.

At this time, huge changes occurred in his body.

The Taichu Universe and the Taishi Universe actually began to merge.

Boom~! Boom~! Boom~!

For a moment, the roar of the dual universes continued.....

In the universe, countless creatures were shocked and looked up to the sky in horror.....

"Huh! This is..."

"Your Majesty, what happened?"

"Oh My God! The whole universe is moving.....

For a time, countless information flooded into Qin Feng's mind.

Qing Lin, Bie Tie, Shangguan Yunxi and others all sent in inquiries, their tone full of nervousness.
.....

Before Qin Feng could recover, a black and yellow energy of heaven and earth rose from the centers of the two universes... The so-called centers of the universe were respectively the Ziwei Star controlled by the Ziwei Star Master, and the Zhongji Star controlled by the Phoenix Emperor.....

As soon as the black and yellow energy in the two centers came into contact, the world and the world trembled, and the two universes began to slowly merge...

Vaguely, the connected black and yellow energy formed the appearance of a sacred mountain, which was bright and dark, giving people a sense of Very sacred feeling.....

At the same time, the prototype of the sacred mountain appeared, and the two cosmic creatures who were originally invisible to each other were able to see each other's existence.....

If you look carefully, you can see that the Taishi Universe is at the top and the Taishi Universe is at the bottom.

At the same time, the clear air rises and returns to Taishi, and the turbid air sinks and returns to Taishi.....

This scene shocked countless creatures.....

"Ding! It was detected that the host had acquired a small world, completely activating the creation of the New God Realm.....‘The prototype of the Pillar of Heaven has been formed, but the progress is insufficient and it has not yet been realized. Please name it....."

Qin Feng's eyes lit up and he was overjoyed.

He didn't expect that he would gain a small world and inadvertently start the creation of a new world of gods.....

Only then did he realize that the black and yellow air pillar connecting the two centers of the universe was the Pillar of Heaven that was being formed.

It's just that some aspects have not yet reached the standard, and the Pillar of Heaven has not been fully formed.

"Seeing that the Pillar of the Sky looks like a mountain, and it is not fully formed, it is incomplete. Then name it Buzhou Mountain!"

"Ding~! Congratulations on the successful naming of the host. This Pillar of Heaven is officially named 'Buzhou Mountain'....."

"Ding~! Remind the host that when Mount Buzhou is completely solidified, creatures from the Taichu Universe and the Taishi Universe can travel freely through Mount Buzhou....."

"Ding~! It is detected that the host has opened the God Realm... The dual universe has been initially reorganized, and the new God Realm has been established at 0.1%. The host has gained a large amount of power from the New God Realm, and your combat power has increased to 33 trillion yuan....."

It turns out it can still be like this!

Qin Feng opened his eyes in surprise.

A small thousand worlds allowed him to activate the creation of the divine world and achieve 0.1% progress.

If this continues, if he obtains a Great Thousand World, his strength will increase at least ten times that of the Small Thousand World.....

This thought made Qin Feng feel happy, and he was even more eager to collect the remaining jade tablets from Jiuquan Universe.

Right now, the Bai people have in their hands

"Your Majesty, you seem to be different from before!"

"yes! The Taichu universe and the Taishi universe seem to be connected, and the three thousand great laws of the universe have become more manifest. Qin Feng, what happened?"

Qin Feng's mind echoed with the exclamation of everyone in the Qing League.

At this moment, Ziwei Star Master, Qing Lin, Feng Emperor and others all looked at the dual universe in amazement.

Among them, Bi Tie was the most shocked.

He had always thought that Qin Feng Like Father God, he is the master of a single universe.

Unexpectedly, Qin Feng, the master, actually owns two universes.

Now, these dual universes have changed.

Looking at the momentum of Buzhou Mountain in the center, there is a vague posture of the Pillar of the God Realm. , extremely shocking.....

The more Bi Tie thought about it, the more shocked he became, and the more fortunate he felt.

It seems that I made a very correct choice by accepting Qin Feng as my master!

At this time, Qin Feng also came to his senses.

Hearing everyone's inquiries, he smiled slightly:"We'll talk about this later!"

As soon as he finished speaking, he looked ahead.

When he opened and closed his eyes, a divine light suddenly appeared, causing the heaven and earth to tremble...

At this moment, Qin Feng's eyes were like the eyes of heaven, and countless stars emerged, which was very strange.....

It turns out that after his dual universe evolved into the prototype of the divine world, his divine consciousness also evolved.....

The strength of his divine consciousness is comparable to that of the Eternal Realm, and it also has some special effects.

For example, Qin Feng could see at a glance that there were vertical and horizontal lines connecting the sky and the earth, intertwining into a large network of heaven and earth...

Those lines were the lines of the Three Thousand Avenues.

Obviously, the Three Thousand Avenues in Guixu are slightly different from the God Realm.

This may not be possible in the realm of eternity.

In fact, Qin Feng now has some characteristics of a divine master.

The so-called God Lord is the Lord of the God Realm.

The eyes of the God Lord are naturally the eyes of the God Lord, which are different from other gods.

At this moment, he looked forward calmly.

The next second, his face showed joy.

Just now, his Divine Lord's Eye scanned hundreds of millions of miles ahead.

Soon, he saw an uninhabited valley.

In that valley, there were four strange figures, all dressed in white and looking strange.

Three of them have auras that have reached the God level, and one has only the God level.

On that day, the god-level body had the aura of the inherited jade certificate, which was still intact.

Seeing this, Qin Feng was very happy.

This God's Eye is really useful. It allows him to ignore the obstacles of the laws of the great road and see more of the essence.

He didn't even know that those four people were from the Bai tribe.

What's even better is that they still have a complete jade certificate in their hands, which seems to be giving them an advantage.

Then, he shifted his vision and looked at Jiuyuan God and Yaochi God.

The two of them were getting closer and closer to the valley, and they should be there in half a quarter of an hour.

Qin Feng turned his head and looked in other directions, and soon found the location of the True God.

The Zhenji God is a little far away from the valley.

Thinking of this, Qin Feng withdrew his vision, took out the communication talisman, and sent a message to Zhenji God.

The next second, he put away the jade talisman and chased the two of Yaochi.....

On the other side, there is a long river with surging water. realGod floats on the waves, and his white hair flies.

Suddenly, he sensed movement in the communication jade talisman and quickly took it out to take a look.

At this sight, his expression changed drastically.

That message was sent by Qin Feng.

The content of the message completely shocked him.

No way?

Yaochi wants to unite with the Bai people to murder Jiuyuan?

Zhenji God couldn't believe it. no!

Regardless of whether this was true or not, he had to go there himself.

If Yaochi is really that vicious, he must save Jiuyuan.

Zhenji God suddenly raised his head and looked in the direction of the Bai clan's ambush.

The next second, he put away the jade talisman and hurried over there.....

The moment the Zhenji God set off, Qin Feng saw it through the eyes of the God Lord, and couldn't help but smile with relief.

This time, he not only wanted to destroy Yaochi and the Bai tribe, but also announced all the truth to the public.

Naturally, this must be witnessed by the True God himself!

What's more, with the help of Zhenji God, he will be more sure of annihilating the Bai clan..

Chapter 912

In this way, the actions of all parties are quietly carried out.....

Time passed quickly, and half a quarter of an hour later, two piercing sounds were heard near the valley.

"Here they come!"

"Hide!"

The three elders of the Bai tribe sensed it immediately.

But Bai Mi was stunned, as if he had discovered something, and turned his head to look in another direction.

"White Elk, what's wrong?"

"Elder, I saw Zhenji God speeding towards this direction. He seemed to have known the address for a long time!"

"What?!"

"Damn it! How could Zhenji suddenly know?"

The three elders all frowned, a little depressed.

But at this moment, the sound of breaking through the air outside the valley was getting closer and closer.

"No matter how many there are, let's lay an ambush first and capture the nine yuan!"

"Exactly!"

The three elders had no time to think too much, and they all ducked into the bushes and hid themselves.

Bai Mi didn't dare to neglect, and with the help of the three elders, he also hid his figure.

Not long after the four people hid, someone appeared outside the valley. Two rays of light and shadow flashed in.

The people coming were none other than Jiuyuan and Yaochi

"Yaochi, you said the treasure is in this valley?"

Jiuyuan Tianzhu glanced around with doubts on his face.

He didn't find any treasures!

Yaochi Tianzhu smiled slightly: "Fellow Jiuyuan Daoist, have you seen the big tree in front of you? This thing is a treasure!"

"What? Is that a treasure?"

Jiuyuan was surprised, and looked at the big tree carefully.

He saw that the big tree was a thousand feet tall, white in texture, like jade, glowing, and faintly exuding cold air. At first glance, it was really extraordinary... ...

Jiuyuan God was very curious, so he wanted to take a closer look and walked closer to the strange tree...

The closer he got, the more cold he found that the strange tree was getting colder. It really looked like a treasure. This made him His curiosity became even more intense.

After a while, he arrived at the foot of the big tree, and what greeted him was a stream of extremely cold air emanating from the trunk.

Jiuyuan was curious and reached out to touch.

But right there When his fingers were about to touch the tree trunk, a sudden change occurred in the field.....

Bang~!

There was an explosion!

The earth shatters and the sky collapses!

The big tree suddenly tilted.

The ground beneath Jiuyuan's feet suddenly cracked open, and a huge bloody mouth rushed out to bite him.....

"This is....."

Jiuyuan exclaimed.

Only then did he see clearly that the bloody mouth below was actually the mouth of a god-level monster.

The big tree before was not a tree at all, but was transformed into one of the monster's horns.

Jiuyuan suddenly realized that he had been deceived and thought something was wrong.

In the blink of an eye, the giant mouth approached, and the cold air rolled in.....

Jiutian's expression changed drastically, and he wanted to escape from the monster's maw.

But at this moment, the mutation happened again.

Bang~! Bang~!

Two loud bangs!

Two elders of the Bai tribe emerged from the ground, one on the left and one on the right, and attacked Jiuyuan.

In an instant, three great God-level spirits came to attack Jiuyuan.

"Yaochi help me!"

Jiuyuan was horrified.

ThreeGod-level spirits join forces, he can't resist it!

He immediately asked Yaochi for help, and at the same time desperately retreated, trying to get out of the encirclement of the three monsters.

"Fellow Taoist Jiuyuan, let me help you!"

At this moment, a cry from Yaochi sounded behind him.

The Lord of Yaochi rushed up directly and slapped him with one palm.

Jiuyuan was overjoyed.

But the next second, his face changed drastically, and there was a look of astonishment in his eyes..

How could Yao Chi's palm help him?

It was clearly a sneak attack on him!

This time, he had no way out and had to bear the combined attacks of the four powerful Gods. Serious injuries were inevitable.

"Yaochi, you are crazy!"

At this moment, Jiuyuan was extremely sad and angry.

Yaochi ignored him, but there was a look of pride in his eyes.

Seeing that Jiuyuan was about to be severely hit by the four gods, a sudden change occurred in the field.

"Yaochi! Die!"

With a loud shout, a person rushed out of the valley and attacked Yaochi's back.

The person who arrived in time was Qin Feng

"Um?! Qin Lei!"

When Yaochi saw Qin Feng, he thought it was the phantom clone coming. He raised the corner of his mouth slightly, ignored it at all, and continued to attack Jiuyuan.

When the three elders of the Bai tribe saw Qin Feng's appearance, they all showed disdain.

A little true god At the top, I also feel that getting involved in the battle between Gods is simply courting death!

"Little thief, you are looking for death!"

At this moment, a person rushed out from behind the forest and intercepted Qin Feng.

It was the White Elk who had been hiding for a long time.

He was worried about not having a chance to fight. The appearance of this human at the peak of the True God just gave him a chance to show off...

But... At this moment, Qin Feng's body flashed, and his phantom clone appeared instantly, directly facing the White Elk's attack...

Boom~! Boom~! Boom~!

Three consecutive loud noises!

The sky collapsed and the earth shattered!

The whole continent was violently shaking. Shaking, countless creatures were frightened and looked this way.

The Zhenji God, who was coming, suddenly changed his face and sped up.....

After the loud noise, three more shrill screams sounded in the field!

The first scream came from Jiuyuan Tianzhu.

After all, he was unable to defeat the top four alone. He was blasted on the spot until his body shattered and turned into countless blood mist.....

The second scream came from Yaochi.

She was blasted by Qin Feng's palm and turned into a mist of blood. She was injured more than nine yuan...

The third scream came from Bai Mi.

He was killed by the palm of the phantom clone. The sky was filled with water mist energy, a ball of Rengui water essence, and a complete inheritance jade certificate, suspended in it.

Before everyone could react, Qin Feng opened his mouth and swallowed all the energy of the water mist and the essence of Rengui water, and began to devour and refine it.....

The phantom clone also waved at the same time and put away the inheritance jade certificate.....

In the blink of an eye, the place was empty.

White Elk died so suddenly!

The three Bai elders were dumbfounded!

One by one, they looked at the phantom clone in astonishment...

This guy actually killed the white elk with one palm.....

If you want to kill the White Elk instantly, even a strong God may not be able to do it!

How did you achieve this peak of true god?

The three Bai elders couldn't believe what they were seeing, and even suspected that they were hallucinating.

Immediately, the three elders woke up, and they were all shocked and angry.

"He...he killed the white elk!"

"Bai Mi is the clan leader's nephew, we....."

"Kill...kill that boy! Revenge for the White Elk!"

Immediately, the three elders roared violently, transformed into their original animal forms, and rushed towards the phantom clone.....

At this moment, Qin Feng was closing his eyes and swallowing energy, ignoring the audience.....

Jiuyuan and Yaochi were also resurrected at this time.

The two of them were shocked by everything that had happened before, but they had no time to think about it.

As soon as the Lord of Yaochi was resurrected, he rushed towards the shadow clone.

She wants to cooperate with the three elders and destroy the phantom clone first.....

"Bitch! Stop leaving!"

Jiuyuan God flashed and stopped in front of Yaochi.

The two sides immediately fought together.

At the same time, the shadow clones also fought with the three elders.

Boom~! Boom~! Boom~!

Several consecutive shocking sounds. Loud noise!

There were also several muffled groans in the field.

Jiuyuan and Yaochi fought evenly.

The shadow clone actually repelled the three elders in one fell swoop and fought equally. Their strength was terrifyingly strong.

The three elders were greatly shocked. Shocked, something was wrong in their hearts.

Immediately, the three elders looked at each other and nodded.

The next second, the red line between their eyebrows split, and the third divine eyes opened one after another.

Yaochi was also completely shocked by the strength of the phantom clone.. Then

, she sacrificed her spiritual weapon, the Yaochi Divine Mirror, and prepared to fight with all her strength...

At this moment, an astonishing aura rose into the sky, instantly shocking the entire audience...

Everyone turned their heads to look. , Qin Feng opened his eyes with a happy face.

Just now, he had finished devouring the energy of the white elk, and his combat power had once again increased to 33.7 trillion yuan, and his strength could not be improved.....

The three elders felt the change in Qin Feng's aura and felt something was wrong.

At this moment, the three of them couldn't see through Qin Feng.

Yaochi and Jiuyuan looked confused.

They looked at Qin Feng, then at the phantom clone, wondering why there were two Qin Lei.

At this moment, Qin Feng's face changed and returned to his original appearance.

"Huh! Qin Feng, you...why are you not dead?"

The God of Yaochi exclaimed.

Jiuyuan was also stunned.

Qin Feng sneered:"If I hadn't waited for you, the spy, to be exposed, I wouldn't have hidden myself until now! Now is the time for me to take care of you!

Yaochi was furious:"Dream!""

Qin Feng stopped talking nonsense and slapped it with his palm..

Chapter 913

Qin Feng stopped talking nonsense and swatted away with his palm...

The God of Yaochi quickly raised the Yaochi Divine Mirror, and a beam of mirror light shined directly at Qin Feng.....

Her attack increase was originally only 130 times, but with the blessing of Yaochi Divine Mirror, it reached 150 times, which actually caught up with the increase of the Lord of the Universe.

This is also the strongest blow from Yaochi God!

The three elders of the Bai clan also took action at the same time, their eyebrows suddenly lit up, and each of them shot out a silver pupil light...

Buzz~! Buzz~! Buzz~!

Three clear calls!

The power of each pupil light was earth-shattering, directly tearing apart the Guixu space and shooting towards Qin Feng.....

The power suddenly reached twice that of their previous attacks!

This is also their strongest attack!

"not good!"

Jiuyuan God was very anxious when he saw this scene.

In his opinion, Qin Feng's strength was at most equal to that of the shadow clone.

But the shadow clone could only barely block the joint attack of the three elders.

Now, the three elders The strongest attack was used, doubling the attack power.

Yaochi also used the strongest attack!

The four of them teamed up to issue the strongest attack, but Qin Feng couldn't stop it!

With this in mind, he was going to support Qin Feng Wind.

But at this moment, something strange happened.

Qin Feng's momentum exploded with all its strength, suddenly reaching 33.7 trillion Rang... The two hundred times increase was also activated instantly!

Boom~!

That palm was shot with all its strength~!

Palm Wherever the wind passed, the space in Guixu burst into pieces, like the sky collapsing.....

Its power suddenly reached the half-step eternity level!

Lord Jiuyuan was shocked!

Oh My God!

Half a step to eternity?!

In the entire southern and northern parts of the God Realm, there are no half-step eternal masters stationed there, which shows how rare it is...

The four people in Yaochi were also horrified...

But it was already too late!

Before they could react, Qin Feng landed a palm.....

Bang~! Bang~! Bang~! Bang~!

Qin Feng shattered the attacks of the four people with one palm, and the remaining power crushed them down.....

Boom~!

Debris flew everywhere, the earth cracked, and the sun and moon lost all light!

That palm flattened the entire valley, leaving a huge pit with palm prints on the ground...

The God of Yaochi and the three elders of the Bai tribe were all slapped into the pit, leaving behind a human shape and three animal shapes.....

The Lord Jiuyuan on the side was dumbfounded!

Slapping down the four great gods with one palm can only be done by a strong person in the half-step eternity realm!

But isn't Qin Feng the pinnacle of true god?

At this moment, he was not the only one shocked.

The True God who came from a distance happened to see this scene and was completely dumbfounded...

Not only the two of them, but also the players scattered in every corner of the continent were stunned...

These people are basically True Gods The above existence is not weak in knowledge.

The power of Qin Feng's palm made the space in Guixu tremble, and it was extremely terrifying.

They immediately determined that it must be a blow from the existence of Half-Step Eternity!

At this thought, all the players were extremely horrified!

Half a step to eternity!

Only by uniting all the forces of the Confederacy can we barely contend.

In other words, if the Southern Alliance had a Half-Step Eternal in command, it would not be ranked last among the nine major forces in the God Realm.

But on the battlefield, Qin Feng flattened the four gods with one palm, shocking hundreds of millions of living beings...

The shadow clone took the opportunity to wave his hand, and a long rope flew towards the Yaochi god.....

As soon as the Yaochi God climbed out of the pit, she saw a long rope flying towards her...

She was horrified and quickly took out the Yaochi Mirror to block it.

The Yaochi Divine Mirror is both offensive and defensive, and has many wonderful uses.

But just as she sacrificed the divine mirror, a long spear rushed over, hit the mirror with one shot, and knocked it away...

But it was the Nine Yuan God who took action!

The God of Yaochi suddenly lost his protection, and with a swish, he was tied up with a long rope...

Plop~!

She suddenly lost control of her body and fell directly to the ground...

The long rope that tied her was the heaven-binding rope that Qin Feng snatched from Lord Luling.

At this moment, Yaochi's soul was sealed by the spiritual rope, making her unable to move.....

As soon as the soul was sealed, she lost control of the Yaochi Mirror.

The phantom clone took the opportunity to wave and grabbed the Yaochi Mirror in his hand.....

"let me go!"

The God of Yaochi was frightened and angry, and tried her best to break away from the rope that bound the sky...

After all, she is a strong person at the level of God. With this struggle, the light of the spiritual rope floated, and it was a little loose...

But at this moment, there was a scream out of thin air, and there was a ring. The whole audience was shocked.

Qinglin suddenly appeared.

"Yaochi, do you still remember me?"

As soon as he said this, Qinglin let go, and a golden light flew towards Yaochi's neck. It was the golden dragon scissors... click~!

The golden dragon cut the gate

, and there was a flash of golden light, and Yaochi's head rolled down.

Qinglin had already prepared everything. She grabbed the head and sealed it into a jade bottle, feeling very happy in her heart.....

The enemy in his previous life was finally captured alive by himself!

This scene seems complicated, but everything is done in a blink of an eye.

The Lord Zhenji was stunned!

He still doesn't understand why Jiuyuan, Qin Lei, and Qinglin teamed up to capture Yaochi?

But before he could think about it, the three elders of the Bai clan on the other side were so frightened that they fled into the void...

At this moment, they still dared to stay there.

Not to mention Qin Feng, an existence comparable to half-step eternity, they simply can't deal with it.

Even if the phantom clone and Jiuyuan join forces, they will all be at a disadvantage.

What's more, the Lord of Yaochi was captured, the Lord of Zhenji has arrived, and everything is over.

If you don't run away now, when will you wait?

At that moment, the three elders rushed into the void with all their strength and escaped thousands of miles away in the blink of an eye.....

That beast's body stretched across the sky. All the players on the entire continent saw it and exclaimed in surprise.....

Oh My God!

How could a Guixu spirit come to this continent?

And looking at the aura of the beast body, it is clearly a god-level spirit!

All the players were horrified!

But at this moment, the space in front of the three giant beasts changed, and a handsome figure walked out of the void, blocking the path of the three giant beasts.

When everyone saw that figure, they exclaimed again.

That was Qin Feng!

Isn't Qin Feng missing?

How would it appear here?

Before they could think about it, Qin Feng slapped the three giant beasts away with one palm, and all the players were stunned...

Oh my god!

Slap three great God-level monsters away with one palm!

That can only be achieved in half an eternity!

Could it be that Qin Feng is a strong man in the half-step eternity realm?

Doesn't he only have the cultivation level of True God Realm?

At this moment, all the players were dumbfounded and found it difficult to digest the facts before them.

The next second, after the three giant beasts were shot away, they fled in three directions regardless of their serious injuries.

Qin Feng dodged and stopped a giant beast.

The phantom clone also dodged and stopped the second giant beast.

"Brother Zhenji, come with me to stop him! Don't let any one go!"

"Damn you bastard! Don't even think about escaping!"

Jiuyuan roared and rushed towards the third one.

Although Zhenji God has not yet figured out all the causes and consequences, the Guixu spirits and the creatures of the divine world are natural enemies.

Without thinking, he rushed over to stop him.

In the blink of an eye, he He and Jiuyuan God stopped the third giant beast...

The three giant beasts were inexplicably horrified!

"quick! Quickly seek help from the clan leader and supreme elder!"

One of the giant beasts uttered human words, hoping to scare away Zhenji and others.

You must know that the patriarch and supreme elder of the Bai tribe are half-eternal existences. They don't believe that these people in the god world are not afraid.

But. As soon as he finished speaking, there were bursts of shrill screams not far away.

Everyone followed the sound and saw that the giant beast had turned into a semi-mist to reduce the damage of the attack.

This atomization method , is the specialty of the Bai people.

Even if the opponent is several times stronger than themselves, it is difficult to kill them in the atomized state.

But Qin Feng is too strong, and the giant beast is still miserable under his indiscriminate bombing. Keep shouting....

"Ah~~! Little...boy, even if you have half-eternal strength, you can't even think of killing me within five hours....."

"I have asked the patriarch and the Supreme Elder for help! They will arrive soon....."

As soon as these words were said, Jiuyuan and Zhenji became nervous.

The players watching from a distance were also scared!

Qin Feng sneered in his heart.

He knew the beast was talking nonsense.

The Bai clan's home base is far away from here, and it is impossible to get here within five hours.

However, he didn't bother to argue.

With a thought in his mind, he summoned the divine fire of creation and engulfed the giant beast.
.....

"Create...create...the divine fire of the world~! no no! Spare your life.....ah!"

As soon as the creation fire came out, the giant beast let out an extremely frightening roar...

In the blink of an eye, the golden sea of fire engulfed the giant beast.....

In just a moment, the giant beast turned into a ball of water mist energy, lifeless...

A god-level spirit fell. In less than a few minutes, the speed was astonishingly fast.....

The whole audience was dumbfounded!

Even if a powerful person from the Eternal Realm takes action, it may not be so fast.

Qin Feng was overjoyed, secretly thinking that the Divine Fire of Creation was indeed the enemy of the Bai people.

Of course, if he attacks with Sanqi Ancestral Water, I'm afraid it will have no effect.

The next second, Qin Feng opened his mouth and sucked in, swallowing up the energy of the water mist all over the sky..

Chapter 914

The next second, Qin Feng opened his mouth and sucked in, swallowing up the energy of the water mist in the sky...

The other two giant beasts were frightened to death when they saw this scene.

Immediately, they completely gave up their defense, atomized their bodies one by one, and broke out into the void.....

Boom~! Boom~! Boom~!

The attacks from the phantom clones, Zhenji God, and Jiuyuan God fell like raindrops crazily.....

The explosion caused the bodies of the two beasts to become erratic, as if they would disperse like mist at any time.

The two beasts also kept making painful groans.....

In fact, every time they take a hit, they will be injured... but they don't have time to care about this now.

In order to escape for their lives, they completely gave up resistance and rushed out of the encirclement even though they were injured...

That Qin Feng was really terrifying!

He actually mastered the Creation Fire!

That is the enemy of the Bai and Yu tribes!

Does this kid have anything to do with the Zhutian Saint Clan?

Otherwise, how could he control the Creation Fire?

That is a method unique to the Zhutian Saint Clan!

However, the two giant beasts had no time to think about this and ran away desperately.....

In the blink of an eye, they endured hundreds of attacks.

Fortunately, after they used the atomization method to blur their bodies, they were able to reduce more than 90% of the damage, and they could also penetrate any barrier... In the blink of an eye, the two giant beasts actually broke out of the encirclement.....

"Damn it!"

"We can't let them escape!"

Zhenji and Jiuyuan were in a hurry.

The two of them exclaimed and chased the third giant beast.....

At this moment, Qin Feng was digesting the energy of the first giant beast and had no time to care about it.

Qinglin was worried and quickly flew over to help.

At the same time, Bie Tie also showed up to help...

Jiuyuan God was surprised and happy when he first saw Bie Tie...

It was just that the situation was urgent and he had no time to reminisce about the past.....

On the other side, the shadow clone saw the second giant beast rushing past his interception and smiled coldly.

The next second, he sacrificed the Dingling Pearl.

As soon as the spirit bead appeared, it bloomed with five colors of light, dazzling the five senses and six senses.....

The giant beast suddenly felt dizzy, its consciousness fell into a brief state of chaos, and its body was frozen in mid-air...

The shadow clone took the opportunity to use the Four Heaven-Destroying Swords and activated the Heaven-Destroying Sword Formation.....

At this time, the giant beast broke free from the shackles of the Dingling Pearl and woke up.....

But it was already too late. The four sword gates opened and shot out billions of sword lights, swallowing it up instantly.....

For a moment, the giant beast was trapped in the sword formation and could no longer escape...

Inside the sword formation, screams continued...

In the distance, all the players were dumbfounded.

Even the Zhenji God and the Jiuyuan God couldn't stop a God-level spirit.

Qin Lei alone stopped a God-level spirit monster and trapped it in the sword formation. Even if it was killed, it was very possible.

In other words, Qin Lei is stronger than Zhenji God and Jiuyuan God!

Oh My God!

Brothers Qin Feng and Qin Lei are so terrifying!

Then the Qingmeng is not the strongest in the Southern League.

Even all the forces of the SAARC combined would be unable to resist the Qingmeng!

At this moment, all the players had a sudden realization in their hearts.

That is the emergence of the true king of SAARC.

The period of separation of powers in SAARC is coming to an end, and the period of real unification is coming.

The so-called king's power is the power that is superior to the super power.

There must be a semi-eternal powerhouse among its forces!

The Youth League has already reached this standard.

"Walk! Let's go over and take a look!"

A voice resounded from every corner of the continent.

Fear could not stop people's curiosity.

All the players rushed to the battlefield.

At this moment, on the battlefield, Qin Feng finally digested the energy, and his whole body momentum surged, supreme Divine power soared into the sky, one after another...

All the players were shocked and looked up.....

"Ding~! Congratulations to the host for swallowing a lot of water energy... Your cultivation level has reached True God Peak 43%.....Combat power increased to 36.4 trillion Rang....."

The combat power has improved again!

Qin Feng opened his eyes happily.

His current combat power is 36.4 trillion Rang, and he is getting closer and closer to the threshold of half-step eternal combat power.

The threshold for half-step eternity is a combat power of 40 trillion Rang.

However, Qin Feng's combat power increased by 200 times, and Half-Step Eternity was about 150 times.

In this way, Qin Feng's strength has completely reached the half-step eternal level, not the bottom level yet.

Qin Feng was very satisfied with the result.

He raised his head slightly and swept his eyes across, taking in the entire continent at a glance.

I saw all the players looking at me in awe, as if they were meeting me for the first time.....

At this moment, the scream of the second giant beast came from behind him.

Qin Feng dodged and reached the sky above the sword array.

"Spare...spare my life~! "

Within the sword formation, the giant beast begged for mercy as soon as it saw Qin Feng's arrival.

Qin Feng sneered, smacked it with a palm, and the divine fire of creation turned into a sea of golden fire, swallowing it up instantly.....

"No~!"

The giant beast roared in despair.

The next second, under the joint efforts of Qin Feng and the phantom clone, it was completely defeated and turned into energy that filled the sky...

Qin Feng was overjoyed and had gained something again.

He opened his mouth and sucked in, and swallowed up all the energy.....

The phantom clone chased the third giant beast.....

At this moment, the third giant beast had just escaped from the entanglement of Zhenji, Jiuyuan, Bitie, and Qinglin...

Before it had time to be happy, it saw the shadow clone chasing after it.

It was immediately frightened out of its wits and ran away desperately...

But its speed was not as fast as the phantom clone.

As Qin Feng's strength increases, the strength of the shadow clone will also increase.

A few minutes later, it was intercepted by the phantom clone.

Zhenji, Jiuyuan, Batie, and Qinglin also arrived.

The five of them worked together to surround the giant beast, easily trapping it in the sword formation, and then killed it together.....

The giant beast desperately wanted to break out, but found in despair that everything was in vain... and its aura continued to decline under the siege of five people.....

"Ah~! Spare your life! Spare your life.....Everything was the idea of Yaochi God. She took the initiative to collude with our Bai people. Please spare your lives!"

The beast's roar shook the earth and spread throughout the entire continent.

But its words shocked everyone!

The contestants were all dumbfounded!

No way?

The God of Yaochi colludes with the Guixu Bai people?

Zhenji God was even more surprised.

He has always trusted Yaochi and always maintained the unity of SAARC.

He never expected that Yaochi would betray Southern Alliance.

At this moment, he had figured out why Jiuyuan, Qinglin, and Xuying's clones teamed up to capture Yaochi.

Just when everyone was shocked, Qin Feng had already devoured the energy of the second giant beast.

This time, his cultivation level increased to 58% of the true god peak, and his combat power increased to 40 trillion Rang, just reaching the threshold of half-step eternal combat power... Then, he teleported and arrived next to the phantom clone.

The third giant beast completely collapsed when it saw Qin Feng, the killer star, arriving.....

"Qin...Master Qin Feng, don't...don't kill me! Our Bai tribe and the Zhutian Saint tribe have always been friendly. I hope you will spare me for the sake of the Zhutian Saint tribe!"

Qin Feng was about to take action when he was slightly startled when he heard this.

"What Zhutian Saint Clan?"

"Lord Qin Feng, didn't the creation fire that you can control rely on the help of the Zhutian Saint Clan?"

In the eyes of that giant beast, only the Eternal Realm can control the Creation Divine Fire, which even half an Eternal can't do.

And Qin Feng has not reached the Eternal Realm in terms of cultivation and strength, so it subconsciously believes that, Qin Feng was able to use the Divine Fire of Creation only with the help of the Zhutian Saint Clan.

Qin Feng was curious about the origins of the Zhutian Saint Clan.

Bie Tie said:"Master, the Zhutian Saint Clan is a large clan of Guixu, and there are Eternal Realm powerhouses in it.. Back then, one of the four Eternal Realm spirits who killed my father was from the Zhutian Saint Clan!"

Speaking of this, Bie Tie was filled with anger.

Jiuyuan on the side also remembered the hatred of the past, and his anger was hard to calm down.

Qin Feng suddenly said:"After doing this for a long time, the Zhutian Saint Clan is still returning to the ruins. You actually used them to make friends with me. It's really ridiculous! You can die!"

As soon as he finished speaking, he clapped it with his palm.

The divine fire of creation turned into a sea of fire, and layers of golden waves of flames swallowed it up.....

Zhenji and Jiuyuan also blasted away with all their strength.....

"No~! "

In the last desperate roar, the third giant beast also fell, turning into water mist energy filling the sky, a mighty wave.....

Qin Feng opened his mouth and sucked it all in..

Chapter 915

In the last desperate roar, the third giant beast also fell, turning into water mist energy filling the sky, a mighty wave.....

Qin Feng opened his mouth and sucked it all in.....

"Ding~! Congratulations to the host for swallowing a large amount of water energy... Your cultivation level has increased to 76% of the true god peak, and your combat power has increased to 45 trillion yuan....."

The combat power has been greatly improved!

This third behemoth is obviously the strongest.

Qin Feng slowly opened his eyes, his face full of joy.

Today, his combat power is 45 trillion Rang, fully reaching the level of half-step eternity.

The combat power range of Half-Step Eternal is 40 trillion Rang to 80 trillion Rang.

However, his cultivation is at the pinnacle of true godhood, and his future achievements are immeasurable.....

Jiuyuan Tianzhu was reminiscing with Bie Tie.

As soon as he saw Qin Feng open his eyes, he quickly stepped forward to salute

"Master Qin Feng, thank you for your help this time to save Jiuyuan's life!"

Lord Jiuyuan bowed respectfully to Qin Feng.

Qin Feng smiled slightly:"You and I are both from the Southern Alliance, there is no need for Jiuyuan Daoist to You're welcome, no need to call me"sir"....."

Jiuyuan was horrified:"Sir, the God Realm has always respected strength. With your current strength, you deserve to be called 'Sir'. I can't repay you for your life-saving grace. If you have any dispatches in the future, Jiuyuan will I will definitely obey my fate." As soon as he said this, the corner of his iron mouth curled up.

"Jiuyuan, don't say such nonsense. If you want to repay the kindness of saving your life, give half of the inherited jade certificate in your hand to my master....."

Jiuyuan Tianzhu was stunned:"Master Qin Feng needs it?

" The corners of Bitie's lips curled up:"That's right!" My master has collected three complete inheritance jade tablets, and this is the last one missing. It would be a wonderful thing for you to give that half piece to my master....."

Hearing this, Jiuyuan God seemed to have thought of something and quickly looked at Qin Feng

"Lord Qin Feng, are you the Lord of the Universe?"

Qin Feng smiled and nodded, which was regarded as approval.

With his current strength, there is nothing to be afraid of saying this.

But when Jiuyuan and Zhenji saw this, their eyes shone with surprise.

It has been tens of trillions of years. Ah!

Back then, the Lord of the Jiuquan Universe existed in the southern part of the God Realm, and he had a good status in the God Realm.

But after the death of the Lord of the Jiuquan Universe, the southern part suddenly became the bottom existence, and was squeezed out by tens of trillions by the eight major forces. Years have passed.

As long as the good resources and good things in the God Realm are good, the southern part can't even drink a sip of soup.

This is really because the southern part is too weak!

Not to mention sharing resources, it's good not to be extorted for resources.

Now, the southern part finally Another Master of the Universe has emerged.

What surprised the two more is that Qin Feng is obviously more talented and has greater potential than Jiuquan.

Back then, Jiuquan's cultivation reached the peak of the gods, and he only had the combat power of half a step of the eternal realm.

Qin Feng was at the peak of True God, and he had already reached half-step of eternal combat power.

There was a big difference between the two!

At this thought, the eyes of Zhenji God and Jiuyuan God changed when they looked at Qin Feng.

"Lord Qin Feng, I hope you will accept this half of the inherited jade certificate!"

At that moment, the Nine-Yuan Goddess took out the jade ultimatum of inheritance and destroyed his soul thoughts left in the jade ultimatum.

Then, the Nine-Yuan Goddess presented the jade ultimatum with both hands.

"Fellow Daoist Jiuyuan, do you really want to send me away?"

"This is natural! I hope you will accept it!"

"good!"

Qin Feng was not pretentious. He picked up the jade ultimatum with a wave of his hand.....

So far, he has collected three and a half pieces of jade certificates.

As long as he collects the last half of the jade tablet, he can reorganize the Jiuquan universe and evolve the world.

By then, his strength will skyrocket again.

Thinking of this, Qin Feng put away the jade certificate happily

"Lord Qin Feng, I would like to ask, what happened this time? Why do the Yaochi God and the Bai people collude?"

Zhenji God asked respectfully.

At this time, all the players had arrived at the scene one after another.

Everyone was also curious about what happened before and looked at Qin Feng.

In their opinion, Qin Feng might know more. Something happened.

Before Qin Feng could speak, Qing Lin on the side intervened.

"Let me talk about this! Zhenji God, Jiuyuan God, do you still remember Qingqiu God?"

"Qingqiu God? Isn't he the founder of Qingqiu Mountain?"

"That's right! The little girl is the reincarnation of Qingqiu God....."

At that moment, Qinglin narrated what happened that year.

After everyone listened, they suddenly realized, and everyone looked angry.

They never thought that the Yaochi God could be so vicious and had killed four southern Gods one after another.

This time, if Qin Feng hadn't taken action, Jiuyuan God would also have suffered.

"This damn bitch! She actually wanted to use my bones to refine the Six Spirits Ancestral Water!"

Jiuyuan God was furious.

The more he thought about it, the more afraid he became.

If Yaochi really succeeded this time, his end would be very miserable.

Speaking of this, he became even more grateful to Qin Feng

"Lord Qin Feng, how are you going to deal with that bitch in Yaochi?"

Jiuyuan God was furious and wanted to kill Yaochi immediately.

Zhenji God also said:"Master Qin Feng, the God of Yaochi has done such a treacherous and unethical thing, I hope you will take action to let him die! But he didn't want to, Qin Feng smiled and shook his head:"We can't kill her now!""

Jiuyuan God was surprised:"Why? Lord Qin Feng, this woman not only harmed the Southern League, she was also the enemy of Fellow Daoist Qinglin in his previous life. Why don't you kill her?"

Qin Feng smiled calmly:"Fellow Taoist Jiuyuan, you may have forgotten." To refine the Six Spirits Ancestral Water, the Bai people still lack the bones of a water god as raw material. This Yaochi happens to be the water god, and the Six Spirits Ancestral Water is also of great use to this deity!"

As soon as these words were said, everyone suddenly realized.

It turned out that Qin Feng wanted to use Yaochi God instead of Jiuyuan God to refine the Six Spirits Ancestral Water, which was the best punishment for her!

This thought made everyone feel relieved.

But Afterwards, Jiuyuan exclaimed:"Sir, do you mean that you are going to break into the Bai clan's lair?"

Zhenji God's face also changed greatly:Lord Qin Feng, you must not break into the Bai clan's lair. Not only do the Bai people have more than a dozen powerful Gods, but there are also two Half-Step Eternals who are here to guard them."

"In addition, they are adjacent to the Yu tribe. The Yu clan also has two half-step eternal beings in charge. If the Bai people are attacked, the Yu people will definitely come to help. At that time, you will face four half-step eternities alone, and the situation will be very dangerous....."

Qin Feng frowned slightly:"If I don't go to the Bai clan's lair, how can I get the Six Spirits Ancestral Water? Besides, wherever the bones of Qinglin's previous life are, I have to get them back!"

Hearing this, Qinglin was greatly moved.

At the moment, she also advised:"Qin Feng, let's forget it this time. I didn't expect that after trillions of years, the number of half-step eternity experts from the Yu and Bai tribes would increase. If they only have one or two half-step eternity experts, , there is still hope for you to try it."

"But there are four people over there, and since it's the Bai clan's lair, it would be dangerous to break in. Why don't we go there next time?"

Qin Feng shook his head slightly:"If you have to wait for the next return to the ruins, it will have to wait a trillion years. I can't wait....."

"Master Qin Feng, if you have to go, Jiu is willing to accompany you!"

"I am willing too!"

Jiuyuan God and Zhenji God actually asked for a battle.

This made Qin Feng a little surprised, but also a little warm-hearted.

It seems that the southern part of the God Realm is still very united.

At the moment, he smiled and said: "You two, let's improve a little first. Go with strength. Don't forget, everyone, we still have the spiritual roots of heaven and earth to harvest!"

With this reminder, everyone remembered the business.

Yes!

The spiritual root of heaven and earth is the biggest opportunity in the south. It only happens once in a trillion years.

As long as they get this spiritual root of heaven and earth, their overall strength will increase again.

Especially Qin Feng, his cultivation is at the peak of the True God, and he has never eaten the spiritual fruit of the spiritual root of heaven and earth before.

If he can eat enough spiritual root fruit this time, his strength will definitely improve.

By then, he will have enough I feel confident enough to break into the Bai tribe's lair..

Chapter 916

"That's right! Master Qin Feng, with your talent, if you have the help of the spiritual roots of heaven and earth, you will definitely be able to take a step further!"

"I think so too!"

Jiuyuan and Zhenji really think so.

Everyone below thinks so too.

In fact, Qin Feng is also looking forward to the effect of the spiritual root of heaven and earth.

Rumor has it that the effect of the spiritual root is only for the realm, not for the battle. Strength.

The lower the cultivation level, the better the effect after taking it.

Although Qin Feng has half-step eternal combat power, his cultivation level is the peak of True God, which is several levels lower than Jiuyuan and Zhenji.

In other words, the effect of Qin Feng taking a spiritual fruit will be several times that of Jiuyuan and Zhenji, even better than most players.

After all, among the players present, only a few have lower cultivation than Qin Feng

"Let's go! It's not a good place to stay for a long time!"

Qin Feng said lightly

"I hope Master Qin Feng will lead the way!"

Zhenji and Jiuyuan respectfully make way.

Before, the three gods led the way, but now Qin Feng leads the way alone.

Obviously, Qin Feng has been regarded as the number one person in the south by default, and the structure of the Southern Alliance will inevitably change in the future. change

"By the way, Lord Qin Feng, you want to use Yaochi's bones to refine the Six Spirits Ancestral Water, why don't you kill her now and just keep her bones."

Jiuyuan God suddenly thought of a question.

He hated Yaochi God so much.

Qin Feng shook his head slightly: "It's not enough to rely on the corpse's bones to provide energy. Her soul also needs to be sacrificed, so she can't kill her."

"I see!"

Jiuyuan suddenly understood and said no more.

At that moment, a group of people gathered together and counted the number of people.

After this count, everyone found that after all the previous events, there are now less than 140 contestants left.

Super The remaining forces are Jiuyuan Mountain and Zhenji Sect, and only eight top forces are left.

Seeing this scene, Bie Tie said: "Everyone, Yaochi Mountain has been destroyed, and only two of the three superpowers of the Southern Alliance remain. Our Qingmeng League is considered a kingly force. I think the distribution method of heaven and earth spiritual roots needs to be changed, right?"

As a member of the Qing League, Bi Tie extremely safeguards the interests of the Qing League.

As soon as he finished speaking, the members of the two super powers and the eight top powers looked at Qin Feng, Qin Lei, Zhenji Tianzhu, and Jiuyuan. God.

Unknowingly, these four people have become the default leaders of the south in their hearts. The one with the highest status is naturally Qin Feng, followed by Qin Lei.

Zhenji and Jiuyuan relied on their past prestige to make those people feel trustful, but These people don't know that Qin Lei is Qin Feng's clone

"Lord Qin Feng, I also thought about this problem just now. Nowadays, there are internal changes in our south. The Qingmeng League deserves to be the king force and should obtain more spiritual root fruits."

"That's right! Jiu thought so too."

Zhenji and Jiuyuan offered to give up profits.

No one among the players dared to talk, but they all looked concerned.

After all, this is related to everyone's interests.

Qin Feng smiled slightly: "This is a sensitive topic. If our Qing League scores more points, then the benefits obtained by your Zhenji Sect and Jiuyuan Mountain will be reduced..."

As soon as these words came out, those true god-level players nodded slightly, secretly thinking that this was true.

But the gods were indifferent.

They could This is not the first time, there is something else going on here.

Sure enough, as soon as Qin Feng finished his words, Zhenji God and Jiuyuan God looked at each other and smiled.

Then, Zhenji God said: "Master Qin Feng, do you have any questions?" As everyone knows, we in the south have long ago made some arrangements that everyone thinks are appropriate for how to divide the spiritual fruits when a king appears in the future. I will explain it to you, and you will see if it is suitable and then make a decision....."

"you say!"

"My lord, this is how the distribution works. The distribution of spiritual fruits among the top forces still follows the previous model. Now there are only eight top powers. The first one has eight, the second has seven, and so on... The last one has one."

"The distribution of super powers used to be divided equally among the remaining three super powers after the top powers were divided. What I mean is that after the top forces are divided this

time, the remaining ones will be divided equally into three parts. Zhenji Sect and Jiuyuan Mountain will each take one part, and the remaining part will go to the Qingmeng League.

Bie Tie frowned: "After all, the interests of your Zhenji Sect and Jiuyuan Mountain have not changed, and our Qingmeng has only replaced Yaochi Mountain." Is this kind of distribution worthy of our status as a king?"

Zhenji God smiled gently and said, "Don't worry, Taoist friend Bitie! I haven't finished speaking yet. You don't understand the spiritual roots of heaven and earth, so you think like this....."

Bi Tie's brow raised: "How do you say this?"

"Let me tell you this! The spiritual root of heaven and earth is a divine tree of heaven and earth. The tree is extremely magical. It is divided into three layers: upper, middle and lower. On the first level, spiritual fruit is produced once every trillion years."

"Those spiritual fruits are extraordinary and can produce all kinds of illusions. If the gods are close to them, they will get lost in them, or they will be spiritually attacked, and those who are weak will even perish. Only God can pick it"

"What we used to call spiritual roots is the first level of spiritual fruit, which is also the lowest quality. Its effect is very good for gods and true gods, but it is very small for God."

"Then there is the second level of spiritual fruit, which produces spiritual fruit every ten trillion years, but the quality is one level higher than that of the first level. It contains huge energy and has a great effect on God, even for half a step of eternity. helpful"

"pity! Without the strength of Half-Step Eternity, there is no way to pick the second-level spiritual fruit. We in the south have been developing the spiritual roots of heaven and earth for tens of trillions of years, but every time we look at them without being able to pick them. Why~! "

At the end of the sentence, Zhenji God had a look of regret.

Bi Tie's eyes lit up: "You mean, unless the first layer of spiritual fruits, our Qingmeng can get part of it, the second layer of spiritual fruits will all belong to the Qingmeng, and you will not participate in the distribution."

"exactly!"

Zhenji God nodded repeatedly.

"Lord Qin Feng, what do you think?"

Jiuyuan asked with concern.

"Can!"

Qin Feng readily agreed.

After all, the spiritual root of that day is the common resource of the Southern Alliance, and it cannot be justified for him to dominate it alone.

What's more, Zhenji and Jiuyuan were both good to him when he was weak.

But Bie Tie was a little unhappy.

He left it. Pouring his lips: "Tch~! I thought it was such a good way to distribute it. You said it generously, but it's not that you don't have the ability to pick it. Now only my master has the ability to pick it, so of course it all belongs to my master."

As soon as these words came out, both Zhenji and Jiuyuan were a little embarrassed.

"OK! Damn it, that's it!"

Qin Feng smoothed things over.

Zhenji and Jiuyuan looked grateful.

The gods and true gods of Zhenji Sect and Jiuyuan Mountain all breathed a sigh of relief, and their hearts were filled with gratitude to Qin Feng.

They knew that this was Qin Feng intended to give up the profits.

Otherwise, they had nothing to do if Qin Feng calculated.

In fact, Qin Feng felt that this distribution was quite reasonable.

He could not eat meat alone and not even leave a little soup for others.

That would be It is not conducive to the unity of the south.

Speaking of which, he is full of expectations for the second level of spiritual fruit.

The second level of spiritual fruit is effective for half a step of eternity, so it will be more effective for him.

"Fellow Taoist Zhenji, you mentioned the first and second levels of spiritual fruits, why didn't you mention the third level?"

"Returning to Lord Qin Feng, the third level of spiritual fruit is produced at the top of the sacred tree. It bears fruit once every one hundred billion years, and only three are produced each time. The quality is also the best, and it is of great use to the powerful in the eternal realm....."

Qin Feng's eyes lit up:"This spiritual fruit is really a treasure!"

"A good baby indeed! Rumor has it that the Lord of Jiuquan Universe wanted to snatch the spiritual roots of heaven and earth because he was interested in the third-level spiritual fruit, and did not want to perish because of it. In addition, although the third-level spiritual fruit is good, picking it requires the strength of the eternal realm....."

The Lord Zhenji looked sighing and helpless

"This is quite demanding! What a pity!"

Qin Feng sighed.

According to Zhenji God's explanation, he can't pick the third-level spiritual fruit.

He naturally regrets that there is no way to pick such a treasure.

However, he wants to give it a try.

"By the way, Master Qin Feng, I would like to remind you that after you find the spiritual root of heaven and earth, do not rush to pick the third layer, otherwise you will easily get lost in it and even be seriously injured....."

The true God kindly advises you

"Well, I know it! Let's go! It's time to go!"

Qin Feng replied casually, but thought in his heart that he had to give it a try.

In this way, everyone completed the discussion.

In a quarter of an hour, the group set off in a mighty manner under the leadership of Qin Feng.

At the same time , , the Bai clan's lair has exploded.

The death of the three elders of the Bai clan and Bai Mi has shocked the entire Bai clan...

Chapter 917

At the same time, the Bai clan's lair has exploded.

The death of the three elders of the Bai clan and Bai Mi has alarmed everyone in the Bai clan.....

At this moment, in the forbidden area of the Bai clan's home base, there was a huge spiritual pond in the sky.

Two men with cold temperaments looked at the four shattered soul cards in front of them with gloomy expressions.

Those are the soul cards of the four Bai Mi people.

"White Elk is dead!"

On the left, the middle-aged man with crow's feet at the corners of his eyes spoke first, his voice a little dry, and a little sad and angry.

His name is Bai Wuchuan, the patriarch of the Bai clan in Guixu, a half-step eternity realm.

Bai Mi is his grandnephew, and he is highly respected by him. He was so respected.

Unexpectedly, he fell this time.

This made Bai Wuchuan extremely sad.

"The three people from Baishan also died!"

On the right, the silver-haired old man has a deep voice.

His name is Bai Ku, the Supreme Elder of the Bai Clan in Guixu, a half-step eternity realm powerful, and the most powerful person in the Bai Clan.

"Taishang, who did it happen?"

Bai Wuchuan's tone was very respectful.

Although they are both half-step eternal strong men, his strength is far inferior to that of Bai Ku, the Taishang elder.

Bai Ku is already half a step. Stepping to the pinnacle of eternity, there is only one step away from reaching eternity, which is the realm of eternity.

"This time, we sent the three people from Baishan and Bai Mi to go. It stands to reason that with the help of Bai Mi's inherited jade certificate, they can take the absolute initiative. If there is any abnormality, they will discover it in advance and nothing will happen....."

Bai Ku shook his head slightly, confused.

"Your Majesty, do you think it was Yaochi who betrayed you?"

Bai Ku sneered:"Impossible!" She signed a life-and-death contract with me. If there is betrayal, she will definitely be killed by the contract. I'm sorry she doesn't have the guts!

Bai Wuchuan frowned:"That's strange!" If Yaochi and Nanmeng hadn't set a trap, someone would have killed the three people in Baishan head-on. If so, that person must be in the half-step eternity realm. Otherwise, the three people in Baishan cannot be destroyed."

"But the strength of the Southern Alliance is weak, there are only three gods, and one of them, Yaochi, is still ours. This doesn't make sense!"

"not necessarily!" Bai Ku shook his head slightly,"You have forgotten that the True God has already reached the peak of God, and is only half a step away from breaking through to half eternity. Perhaps, this time he broke through to half-eternity, and happened to encounter this incident..."

"Hiss~! It's really possible!"

With this reminder, Bai Wuchuan took a deep breath.

The more he thought about it, the more likely it was.

Only this explanation is more reasonable.

"Your Majesty, in this case, Bai Mi and Bai Shan all suffered at the hands of Zhenji God, so Yao Chi also suffered, right?"

"No! She is still alive!"

Bai Ku waved his hand, and a contract scroll appeared in front of him, exuding a faint spiritual light.

Bai Wuchuan only glanced at it and sensed that Yaochi's soul aura was still in the scroll, which is enough to show that Yaochi is still alive.

"strangeness! Your Majesty, have you contacted Yaochi?"

"got engaged! There was no response from there. She should have been captured by Zhenji God.

Bai Wuchuan frowned:"Strange!" Why didn't Zhenji kill her?"

"snort! He probably wanted to get some information out of Yaochi, so he kept him alive."

Bai Ku closed the contract scroll with a wave of his hand.

"Your Majesty, what should we do now?"

"This time, take action yourself! Yaochi and Baishan have failed, but the Six Spirits Ancestral Water must be refined, and this matter cannot be delayed any longer. The Yu tribe next door have already refined the Sanqi Ancestral Water, and their holy eggs are about to be cultivated....."

"So fast?!" Bai Wuchuan was shocked.

Bai Ku smiled bitterly:"Yes! I also heard rumors that the Yu clan took out the first drop of holy blood from the holy egg five years ago. Now, their supreme elder is refining that drop of holy blood, and he must be out of seclusion soon....."

Bai Wuchuan couldn't help but take a deep breath:"Hi~! With the help of that drop of holy blood, the supreme elder of the Yu clan will definitely break through to the first level of eternity! By then, we, the Bai clan, will be completely outclassed....."

Bai Ku said helplessly:"That's right! Our Bai tribe and Yu tribe have been in alliance for tens of trillions of years, and their strength has always been equal. But if we are compared this time, it's hard to say whether we will become a subsidiary of the Yu tribe in the future, so We must refine the Six Spirits Ancestral Water as soon as possible, we can't delay it any longer....."

"Your Majesty, what do you mean, you want me to go and catch the Nine-Yuan God and come back?"

"That's right! At present, he is the only one we know that can be used as a material."

"Then this altar....."

Bai Wuchuan glanced at the spirit pool below.

I saw a huge altar in the center of the spiritual pool.

There is a giant white egg on the altar, which is the holy egg cultivated by the Bai people.

There are six inscribed pillars erected around the altar, which are constantly flashing with spiritual light, as if they are absorbing the energy in the spiritual pool and providing it to the holy egg.

At the top of each inscribed pillar, there is a God-level powerhouse sitting cross-legged, controlling the altar.

In fact, under each inscription pillar, there is a corpse of a water god suppressed, and only one of the inscription pillars is still empty.

In addition, this altar for cultivating holy eggs requires six divine assistants, as well as Bai Wuchuan and Bai Ku to preside over it in order to maintain the operation of the altar.

This is also the reason why Bai Wuchuan and Bai Ku can't go away, otherwise they wouldn't just send the three people from Baishan to catch Jiuyuan.....

At this moment, Bai Ku also glanced at the altar and said quietly: "Don't worry! I can keep the altar running in a short time by myself, as long as you can return within a month."

Bai Wuchuan nodded slightly: "One month is enough! But, how can I find the people from the Southern Alliance? Bai Mi is dead, and there is no inheritance jade certificate. It is difficult to find those broken continents. Besides, as soon as I enter the continent, I will be Mainland China's regrets and rejection...."

"Just take this! Bai

Ku waved his hand and threw the contract scroll in his hand.

"This scroll contains the soul breath of Yao Chi. You can use it according to the soulRest and find the location of Yaochi. As long as you find Yaochi, you can find them. Don't do anything on the mainland. Just wait until they reach the spiritual roots of heaven and earth before doing anything. There will be no regrets to repel you...."

"Still too clever!"

Bai Wuchuan was overjoyed and took the scroll.

"Your Majesty, I will set off immediately!"

"Wait! You will take a few more elders with you!"

"No need, right? The southern part of the country has only reached the half-step eternity level, leaving only the Nine Yuan God without any masters. I can take care of them all by myself."

Bai Wuchuan looked confident.

It has been trillions of years since he broke through to half-step eternity, which is not comparable to the Zhenji God who just broke through.

He didn't know that his speculation was completely wrong.

The Zhenji God had no breakthrough at all.

The real half-step eternal strongman in the Southern League is Qin Feng.

And Qin Feng is not the kind of person who just breaks through!

At the moment, Bai Wuchuan was in a hurry to set off, but was stopped by Bai Ku

"Wuchuan, I suggest you take a few God-level elders with you, and also go to the Yu clan. Ask the Yu clan chief to go with you....."

The leader of the Nayu clan is also a half-step eternal powerhouse.

Bai Wuchuan was surprised:"Your Majesty, to deal with a Zhenji God who has just broken through, is it necessary to go to war in such a big way?" Bai Ku said seriously:"Wuchuan, don't be careless! We can't afford to fail this time, we must succeed, so I suggest you do So well prepared, don't underestimate the other party"

"good!"

Bai Wuchuan thought about it and realized that this was indeed the case.

He was not a young man, and he was still very prudent in his work.

At that moment, he and Bai Ku finished discussing and left.

An hour later, he left with five God-level elders.

This was the maximum number of people he could take away. One day later, Bai Wuchuan entered the Yu clan's lair.

Three days later, the Yu clan chief left with Bai Wuchuan and others, following Qin Feng and others..

Chapter 918

Time flies by, and seven days pass in the blink of an eye.

In these seven days, Qin Feng has refined all the newly obtained inheritance jade tablets.

Along the way, he continued to search for the last half of the inherited jade tablet, but found nothing.

This made Qin Feng a little confused.

He has searched all the Broken Continent, but there is no whereabouts of the last half. So where did the last half go?

Qin Feng wanted to ask Jiuyuan God, but everyone had already reached their final destination.

At this moment, on the edge of a floating continent.

Qin Feng stood in the sky, with his clothes fluttering and his long hair flying, looking extraordinary and handsome.

Zhenji Tianzhu, Jiuyuan Tianzhu and others all stood behind him.

At this time, everyone's faces were filled with joy

"That's right! This is it!"

"yes! Look at that broken monument. It's the reincarnation monument of Jiuquan Universe."

"Ha ha! arrive! We're finally here!"

Everyone was very excited.

Among the crowd, Bi Tie saw the ruined monument of reincarnation that was hundreds of millions of feet high in the center of the continent, and sighed with emotion.

This continent is a fragment of Father God Tianwaitian!

But Qin Feng is Face confused.

He glanced at the entire continent. Except for a broken monument, he didn't see the spiritual roots of heaven and earth, nor any other special things. He didn't even see a ferocious beast.

"Fellow Daoist Jiuyuan, is this really the terminal station?", Qin Feng looked back and asked

"Come back, sir, this is the terminal! The remnant monument of reincarnation is the symbol. Every time we see it, we know we have reached the last continent."

"Yeah? But I didn't see the spiritual roots of heaven and earth!" Qin Feng looked puzzled.

Jiuyuan God smiled and said: "Sir, you don't know something. The spiritual roots of heaven and earth do not grow on this continent, but are rooted in the void of Guixu...."

Hearing this, Qin Feng scanned the sky for hundreds of millions of miles and did not find any spiritual objects.....

Jiuyuan God quickly explained: "My lord, the spiritual roots of heaven and earth are extremely magical. They are usually hidden behind the void, invisible to the naked eye and invisible to spiritual consciousness. Only by forcefully breaking this space can we see its true face."

"Want to break open the space?"

Qin Feng couldn't help but frown.

This Guixu space is completely different from the universe space. Without the strength of the eternal realm, it cannot be broken.

Even a half-step eternal strongman can only leave a few cracks in the space. It's a joke to want to break the space.

Is it possible that if he wants to get the fruit of the spiritual root of heaven and earth, he needs to break the Guixu space himself.

But he can't do this step!

Jiuyuan saw Qin Feng's worry and quickly Continue to explain

"Sir, you don't have to worry about breaking open space. The spiritual roots of this world are extremely strange. Every trillion years, after the first layer of spiritual fruit matures, it will automatically break through the space and appear in the void. It will only appear for nine days at a time....."

"It's just that we came a little early this time, so we haven't seen it yet. If it had been in the past, it would have appeared long ago."

Hearing this, Qin Feng suddenly realized.

No wonder he didn't see anything. It turned out that the spiritual root of heaven and earth hadn't appeared yet.

Having said that, they had many accidents along the way, and they didn't dare to stay too long in many places. It was indeed farther than before. Hurry up, it's common to arrive early

"Fellow Daoist Jiuyuan, it's really extraordinary that the spiritual roots of heaven and earth are so spiritual! I wonder, will it appear in that void?"

"It should be there!" Jiuyuan Tianzhu pointed forward, "The spiritual root of heaven and earth has no fixed position. It has been floating behind the void and cannot be traced at all."

"Back then, the Lord of the Jiuquan Universe fell, and his residual thoughts were locked on the spiritual roots of heaven and earth. And this broken continent has been moving in the void with the spiritual roots of heaven and earth. Finding this continent is equivalent to finding the spiritual root of heaven and earth."

"I see!"

Qin Feng suddenly understood the cause and effect.

"When will this spiritual root of heaven and earth appear?"

"If we calculate the time, it will only be within one or two days."

"That's good! By the way, why didn't I find the remaining half of the jade tablet along the way?"

Qin Feng is very concerned about the remaining half of the jade certificate.

As long as he finds that half, he will be able to gain a vast world and his strength will be greatly increased.

"Didn't your Excellency notice it?" Jiuyuan was also a little surprised.

"No!"

"That...that battle that year..."

Jiuyuan began to mentally recall

"I vaguely remember that the Lord of the Jiuquan Universe was surrounded by four eternal beings. With one blow, I was affected, my body collapsed, and my soul almost collapsed. In the end, even the jade ultimatum of inheritance was broken into two halves....."

"My soul attached itself to half of the jade tablet and escaped. The remaining half was missing, but it was probably left on the battlefield. Where it went in the end is unclear....."

Qin Feng frowned:"If you stay on the battlefield, you won't be picked up by one of the Eternal Realm people, right?"

"This...is hard to say!"

Jiuyuan smiled bitterly and shook his head. He couldn't imagine that if someone in the eternal realm really picked it up, it would be too difficult to get it back...

Qin Feng also thought of this possibility and felt it was a bit troublesome.

"By the way, the spiritual fruit of the spiritual root of heaven and earth is so precious, why are we the only ones in the south to pick it, and don't the returning spirits come to rob it?"

Qin Feng asked another doubt.

At this time, Zhenji God intervened:"Sir, you don't know something. This spiritual fruit from the spiritual roots of heaven and earth is only effective for us creatures in the divine world, and is ineffective for the returning spirits, so they will not fight for it....."

"It is strange to say that the heaven and earth spirits are basically a specialty of Gui Xu, but they are useless to Gui Xu spirits and useful to the creatures of the God Realm. I don't know what secrets are hidden behind them. In short, this world is always wonderful!"

Speaking of this, Zhenji Tianzhu sighed.

Qin Feng was puzzled:"Since the spiritual roots of heaven and earth are useless to the monsters of Guixu, why did the four eternal realm masters in Guixu join forces to surround and suppress the Lord of Jiuquan Universe?"

Zhenji God sighed:"Hey! Sir, you don't know something. thenThe Lord of Jiuquan Universe not only wants the spiritual fruit, he wants to transplant the entire spiritual root of heaven and earth into his own universe"

"This shook the entire foundation of Guixu, which led to the Four Eternals coming to the door and killing him....."

Qin Feng was dumbfounded, thinking that the Master of Jiuquan Universe was really bold.

However, it would be a good idea to snatch away the entire spiritual root of heaven and earth!

When he thought of this, Qin Feng rolled his eyes and felt a little moved.

At this moment, there was a sudden rumble in the air ahead, and the entire void was trembling.....

"coming! coming! There is movement!"

"The spiritual roots of heaven and earth are coming out!"

Everyone was startled and exclaimed with joy.

Qin Feng quickly followed the sound.

He saw the void not far away, and the space suddenly distorted.

A purple light spot appeared in the center, blooming with dazzling purple light.....

The next second, the tip of a leaf slowly stretched out from the light spot, with nine colors of light and overwhelming spiritual energy...

The spiritual root of heaven and earth was finally about to appear.

Qin Feng also became excited..

Chapter 919

Boom~! Boom~! Boom~!

The world roars~!

The void trembles~!

A sky-supporting divine tree slowly breaks through the void and rises from the vortex of space, emitting thousands of purple light...

Besides the purple light, there are strips of golden light Dao lines, a total of three thousand, symbolizing the three thousand avenues, exuding the supreme power of heaven.....

Boom~! Boom~! Boom~!

The roar in the void is getting louder and louder~!

The complete appearance of the sacred tree gradually emerged. It was extremely huge, and every leaf exuded nine colors of light.....

In the middle of the leaves, there are spiritual fruits, like fairy peaches, green on top and white on the bottom. The fragrance is overflowing, and it brings with it the endless rays of light, which is extremely dazzling.....

What's even better is that the word 'Yuanchu' appears naturally on each spiritual fruit, which is extremely magical.

This is only the first level of spiritual fruit.

The sacred tree is divided into three layers, like three superimposed huge canopies, and like a three-layered divine tower...

Qin Feng moved his eyes upward, looked up, and looked towards the second layer.

I saw spiritual fruits peeking out from between the leaves on the second layer. They were like fairy peaches, but they were larger. Each one was yellow at the top and white at the bottom, with the word "Huangzhong" written on it.

Qin Feng looked up and saw that there were only three spiritual fruits growing on the third floor. They were huge and looked like fairy peaches, but they were red at the top and yellow at the bottom, with the word "Xuanji" written above them.

This was the first time Qin Feng saw the word "lingguo" and he couldn't help but be very curious.

"Fellow Taoist Zhenji, what does it mean that these spiritual fruits have Yuanchu, Huangzhong, and Xuanji?"

Zhenji God smiled bitterly: "Sir, I don't know anything about this either. In short, this thing is indeed magical!"

Jiuyuan Tianzhu agreed: "Sir, this thing is indeed extraordinary. As for why the words are on it, not to mention that fellow Taoist Zhenji doesn't know, even the Lord of Jiuquan Universe doesn't know."

"However, I have heard that there are billions and billions of spiritual beings in the ruins, but there are only three kinds of spiritual roots in heaven and earth. There cannot be one more or one less. This is the destiny of heaven and earth. It is extremely rare and extremely precious.

"All the tribes in Guixu value it extremely, especially those in the eternal realm, who pay special attention to these three spiritual roots. We can pick the spiritual fruits above, but we can never shake the foundation of this spiritual root, let alone remove it."

"Otherwise, the Eternal Realm powerhouses in Guixu will sense it immediately and use their unique methods to rush to the scene to stop or even directly kill those who steal the spiritual roots....."

"How strange! Why do those Guixu bosses protect their spiritual roots so much?"

Qin Feng couldn't help muttering.

He also wanted to uproot this spiritual root of heaven and earth.

At this time, the crowd was already boiling.

Everyone looked at the spiritual root with great excitement.

Some careful people, even the spiritual fruit on it The quantity can be counted clearly

"Did you see it clearly? The number of spiritual fruits on the first level is three hundred and sixty-five. Three hundred and sixty-five is the number of Zhou Tian, which is of extraordinary significance!"

"Uh~! According to what you say, there are only thirty-six on the second level, so what's the point?"

"Haha~! Thirty-six coincides with the thirty-six divine bases of the heavens, which is the number of the heavens."

"So what if there are only three on the third level?"

"That is the number of the three talents of heaven, earth and man...."

The crowd was chatting excitedly.

When Qin Feng heard this, he felt that it made sense.

"Fellow Taoist Zhenji, it is said that you have picked spiritual fruits many times. You have been unable to pick the second and third level spiritual fruits. Why are there still three and thirty-six?"

Qin Feng asked again the doubts in his heart.

"Sir, there is a magical place in the spiritual roots of heaven and earth. After these spiritual fruits mature, if you don't pick them, they will not grow new spiritual fruits. The second and third levels are always thirty-six and three, and will not accumulate."

As soon as these words were said, the sacred tree in the distance sank, as if it had taken root.

Buzz~!

The void shook slightly, and the sacred tree finally appeared completely.

Everyone's mood reached its peak.

The Nine-Yuan God asked Qin Feng Yi held his hand:"Sir, the spiritual root of heaven and earth has fully appeared. Let's go pick it up quickly. This spiritual root of heaven and earth has only appeared for three days. After three days, it will disappear automatically. Time is a little tight!"

"Go for it!"

"yes!"

Jiuyuan God was overjoyed.

He couldn't wait for a long time. At that moment, he ducked to the first floor of the sacred tree and found the nearest spiritual fruit.

But before he could get close, the spiritual fruit emitted a bright light. The auspicious energy soared to the sky.

A monster with a dragon head and human body condensed out of the rays of light and rushed towards Jiuyuan God.

Looking at the momentum of the monster, it suddenly reached the threshold of the God level. Ordinary gods are no match at all.

Jiuyuan God also Then the battle with the monster began.

Everyone had long been used to it, and everyone watched eagerly, but they did not dare to get even close to the sacred tree.....

With their strength, as long as they get close to the area shrouded in the spiritual light of the sacred tree, they will get lost, let alone fight the monsters summoned by the spiritual fruit.

Nine times out of ten, they will fall into it.

This important task of picking spiritual fruits can only be completed by the strong God.

"Huh! Zhenji, what is that monster with a dragon head and body?"

"Returning to my lord, they are the guardian spirits of spiritual fruits. They have different forms and their strength has reached the threshold of God. If you want to pick the spiritual fruits, you need to defeat them first. Fortunately, these guardian spirits will not be reborn, they only need to be defeated once"

"In this way, the guardian spirit of the second level spiritual fruit has the strength to reach the threshold of half-step eternity, and the first level has the strength to reach the threshold of eternity."

"indeed so!"

Qin Feng nodded slightly:"Okay! We don't have much time, let's seize the time to pick!"

"yes! grown ups!"

At that moment, Zhenji God also rushed to the first floor excitedly and started picking spiritual fruits.

Soon, he also fought with a spiritual fruit guardian spirit.

Everyone in the field watched the battle nervously, even a little anxious.

Because The speed at which the Zhenji God and the Jiutian God kill the guardian spirits determines the speed at which they can pick spiritual fruits.

In the past, the three Gods, Zhenji, Jiuyuan, and Yaochi, worked together and could only step on 2,780 fruits, unable to pick them all. It ended because the speed of killing the guardian spirit was too slow and there was no time.

After all, this heaven and earth spiritual root only appeared for three days.

While everyone was anxiously watching, the shadow clone took action.

He ducked and reached a spiritual fruit. In front of me.

The spiritual fruit bloomed with rays of light, and instantly summoned a monster with a horse head and body, waving a white stick, and smashed towards the shadow clone. The shadow clone only waved his hand, and the four swords of Zhu Tian were shot out. , and twisted it into pieces, killing him instantly with one blow.

The next second, the shadow clone reached out and picked off the spirit fruit.

Everyone cheered suddenly, and their eyes were full of excitement.

Zhenji, Jiuyuan There was also a face of ecstasy.

The phantom clones collected spiritual fruits so fast. This time, they will definitely be able to collect all the spiritual fruits on the first level, and the harvest will be much more than before!

Thinking of this, everyone naturally excited

"Ding~! Detected the host's clone and killed a foreign spirit... Obtained 10 trillion merit points....."

Huh!

Killing this one actually has merit value.

Qin Feng smiled slightly and felt good.

However, he didn't stop too much and flew directly to the spiritual fruit on the second level.

There were only three days left, so he had to hurry up and pick.

As for Qin Feng's move, all the players looked at him with expectant eyes.

They have never seen anyone pick the second-level spiritual fruit, nor have they seen what the guardian spirit of the second-level spiritual fruit looks like.....

At the same time, somewhere in Guixu.

Bai Wuchuan and the leader of the Yu clan, each with five gods, were rushing towards the direction of the spiritual roots of heaven and earth.

They are only one day away from the land of spiritual roots..

Chapter 920

But on this side, Qin Feng ducked and reached the second floor.

As soon as he approached the sacred tree, he felt a terrifying soul force oppressing him.

In just an instant, the soul power penetrated all the protection, rushed into Qin Feng's sea of consciousness, directly hit his divine base, and tried to attack his heavenly soul.

Qin Feng's heavenly soul is hidden deep in the divine base.

That soul power comes from the sacred tree.

The soul power attack emanating from this second level has reached the threshold of the half-step eternity realm.

If the soul body cannot withstand this wave of soul power attacks, it will get lost in it. This is also the reason why the powerful God dare not approach the second level.

At this moment, Zhenji and Jiuyuan were fighting with the guardian spirit while worryingly watching Qin Feng's every move.

They were worried that Qin Feng wouldn't be able to withstand the soul attack.

They also warned Qin Feng.

After all, although Qin Feng has strong combat power, his cultivation level is at the peak of the True God, which does not mean that his soul body is also strong.

If the soul body is too weak, it may not be able to withstand the soul attack, which will be extremely dangerous.

Unfortunately, although they warned him, Qin Feng didn't take it seriously and insisted on breaking through to the second level.

At this moment, Qin Feng's mind roared.

As soon as that soul power rushed into the sea of consciousness, it violently blasted towards the divine base.

Buzz~!

As soon as the soul power touched the divine base, it was bounced back and could not penetrate even half of it.

It turns out that Qin Feng's divine foundation is a unique creation divine foundation, which has its own resistance to soul power attacks.

In other words, even a strong person in the Eternal Realm cannot harm Qin Feng with soul power attacks.

Buzz~! Buzz~! Buzz~!

Several consecutive soul power attacks were all ineffective, and the sacred tree automatically gave up the soul power attack.

Qin Feng stepped in the air and walked towards the second level of spiritual fruit with an indifferent expression.

Zhenji and Jiuyuan breathed a sigh of relief when they saw this scene.

The players are getting more and more nervous.

Because Qin Feng is about to get close to the first 'Huangzhong' spiritual fruit, and he doesn't know when the guardian spirit will come out.....

At this moment, Qin Feng was very excited.

Just now, he tested the sacred tree's soul power attack, but it had no effect on him.

He evaluated from various angles and came to the conclusion that he would definitely be able to withstand the soul attack of the powerful man in the Eternal Realm.

In this case, after he finished picking the second layer of spiritual fruits, he would go to the third layer to try.

At least, he is not afraid of the third level soul power attack.

The only trouble is that he is no match for the third-level guardian spirit.

After all, the strength of the third-level guardian spirit should have reached the threshold of the eternal realm.

However, just because he is not an opponent does not mean that he cannot collect the third level spiritual fruit.

Thinking of this, Qin Feng stepped forward and arrived in front of the first spiritual fruit.

Buzz~!

The spiritual fruit glowed instantly!

The two characters "Huang Zhong" are even more dazzling.

The next second, an armored giant walked out of the glow, holding a giant ax in his hand, and charged at Qin Feng with fierce momentum.

The giant's fighting power was overwhelming, and he had indeed reached the threshold of half-step eternity.....

In the blink of an eye, the giant arrived in front of Qin Feng.

When all the contestants saw this scene, they held their breath and did not dare to breathe.

Although they believe that Qin Feng's combat power should reach half-step eternity, it is not clear what his actual strength is.

After all, Qin Feng has not yet fought the real Half-Step Eternity.

Right now, it's a test!

"Um? Only level seven?"

But at this moment, a sudden change occurred.

The giant was about to attack.

But when he saw Qin Feng, he realized that Qin Feng was just a true god.

He couldn't help being stunned for a moment, and actually uttered human words.

This made everyone I was stunned for a moment.

The guardian spirit could still speak?

"What level seven?"

Qin Feng was confused.

The guardian spirit did not answer, and his silver eyes showed a touch of disdain.

A small seventh-level monk was not qualified to talk to him.

The next second, he slashed at Qin Feng with an axe.

He was just a small seventh-level monk, and he could destroy it easily.

In an instant, the giant ax split open the layers of space, cut open all the avenues, destroying the heaven and the earth...

Everyone couldn't help but exclaimed.

Just then At this time, Qin Feng took action.

He instantly used the magic lamp of creation and faced the giant ax... when~!

There was a metallic sound~!

Qin Feng easily blocked the blow.

The giant was slightly startled, and seemed a little He couldn't believe it.

But the next second, the creation fire from the creation lamp surged out and engulfed him.....

"Creation...Creation Divine Fire!"

When the giant saw the Divine Fire, he roared in great horror.

The next second, he was swallowed up by the golden sea of fire.

The screams kept coming, and the giant's aura began to slowly decrease...

The Creation Divine Fire actually He is his nemesis!

Seeing this scene, Qin Feng was ecstatic.

He originally thought that it would take him several hours, or even longer, to defeat a strong man who was half a step beyond the threshold of eternity. After all, his strength was also at the half step threshold of eternity. Within, there is no absolute way to crush the opponent.

Judging from the current situation, it seems that it won't be long!

This will be of great help to him in picking the second layer of spiritual fruits.

After all, the heaven and earth spiritual roots only appear for three days, so he can naturally kill them. The sooner the better.

At that moment, Qin Feng thought and released the Sanqi Ancestral Water again.

But this time, he was surprised to find that the Sanqi Ancestral Water had no effect.

It seemed that only creation-level spiritual beings had any effect on this giant. great harm.....

At the moment, Qin Feng changed his method, burning with the Creation Fire, while using the golden dragon scissors to strangle him crazily.....

The descending speed of the giant's aura suddenly increased a lot.....

In this way, Qin Feng gained the absolute upper hand and completely suppressed the giant guardian spirit.

This scene made everyone stunned.

They thought it would be a well-matched battle, but they didn't expect it to be one-sided.

It seems that they underestimated Lord Qin Feng's strength!

At that moment, the players looked at Qin Feng with even more respect.....

In this way, Qin Feng and the giant guardian spirit fought fiercely...

An hour and a half later, the giant was finally defeated and turned into spots of light all over the sky.
.....

"No~! You...how can you be only at level seven!"

The infinite roar of the giant echoed in the void.

The voice was full of unwillingness, without the slightest trace of sadness, and it was not like the roar before death.....

This made Qin Feng feel very strange.

He felt more and more that this guardian spirit was more like a projection of a living being.....

But just as he defeated the guardian spirit, a system prompt came in his mind

"Ding~! It is detected that the host kills a foreign spirit...obtains 100 trillion merit points....."

How strange!

Why does killing a guardian spirit bring merit?

Is it a projection or a spirit body?

Qin Feng was a little confused.

However, he didn't have time to think too much.

It took him an hour and a half to defeat a guardian spirit.

Logically speaking, this speed is already extremely fast.

But Qin Feng was not satisfied.

There are only twelve hours in a day, and one can be defeated in one and a half hours.

At this rate, he could only pick twenty-four spiritual fruits in three days, and he would have no chance to pick the remaining twelve.

This is not what Qin Feng wants.

Not only did he want to pick all the thirty-six second-level spiritual fruits, but he also wanted three third-level spiritual fruits.

At that moment, Qin Feng didn't waste time and picked the spiritual fruit in front of him.

Click~!

With a crisp sound, the spiritual fruit detached from the branch, the word 'Huangzhong' shone brightly, and bursts of fruity fragrance floated in, refreshing the heart.....

Qin Feng suddenly felt that the pores all over his body were open and he felt extremely comfortable.

The next second, he swallowed the spirit fruit in one gulp under the envious eyes of everyone.....

"Ding~! Congratulations to the host for swallowing a 'Huang Zhongguo' and gaining a lot of energy and a wisp of black and yellow energy.....The host's cultivation level is increased by 78.4% of the true god peak, and the combat power is increased to 45.5 trillion yuan....."

After a moment, Qin Feng opened his eyes happily.

The effect of Huang Zhongguo was very good, and it actually increased his combat power by 0.5 trillion Rang in one fell swoop.

If all thirty-six yellow fruits were swallowed, the increase in strength would be unimaginable.

At that moment, Qin Feng couldn't wait to get closer to the second spiritual fruit.

This time, the guardian spirit summoned by the spirit fruit was a woman wearing a mask, and she was still half a step beyond the threshold of eternity.

After Qin Feng's strength increased, the speed at which he defeated the guardian spirits also increased.

This time, he killed the guardian spirit and obtained the second yellow fruit in less than an hour and a half, which was nearly ten minutes shorter than the last time.

Qin Feng ate the spiritual fruit directly, increasing his combat power to 46 trillion Rang, and then went to pick the third one.

This time, it took him less time to defeat the guardian spirit.....

In this way, Qin Feng picked up a spiritual fruit and ate one, and his strength continued to increase.....

As his strength increased, he defeated the guardians faster and faster.

In the blink of an eye, eleven hours passed.

Qin Feng has eaten eight spiritual fruits, and his combat power has increased to 49 trillion Rang.

It only took him an hour to kill the eighth guardian spirit.

According to this progress, he is very hopeful that he can pick all the yellow fruits within three days.

At the same time, the Shadow Clone, Zhenji God, and Jiuyuan God have teamed up to pick more than 300 Yuanchu fruits, which are the first-level spiritual fruits.

In less than a day, the harvest was greater than before, which made everyone excited.

Today, there are only about forty Yuanchu fruits left that have not been picked, and there are still twenty-eight Huangzhong fruits left.

But at this moment, Bai Wuchuan, the Yu clan chief and others were about to arrive.

They are less than an hour away from the spiritual roots of heaven and earth..
