

God level 931

Chapter 931

The next second, the three guardian spirits came towards Qin Feng at the same time.....

"OMG!"

"This... what's going on?"

Everyone in the Southern League exclaimed.

But the guardian spirits of the eternal threshold combat power are extremely fast...

In the blink of an eye, the three guardian spirits started fighting Qin Feng and the shadow clone.....

Boom~! Boom~! Boom~!

For a moment, the sky shattered and the earth shattered, the void collapsed, the entire sacred tree trembled slightly, and billions of voids shook violently...

And the battle in the field was filled with dazzling lights and moving figures.....

Qin Feng and the guardian spirits moved so fast that everyone in the Southern League could not see who was who.....

Even the three gods Zhenji, Jiuyuan and Bitie are no exception.

They couldn't even see clearly in such a battle.

Despite this, everyone was still extremely nervous, their eyes widened, and they didn't even dare to breathe.

Everyone was praying that nothing would happen to Qin Feng.

Nowadays, Qin Feng is the support of SAARC and the hope for the future.

If something happens to Qin Feng, the Southern League will be destroyed.

The Yu and Bai tribes of Guixu will definitely not let go of the Southern Alliance.....

At the moment, everyone was nervously watching the battle...

I don't know how long it took, but several muffled groans sounded in the dazzling battle circle...

The next second, a figure was shaken out of the battle circle.....

Everyone quickly looked around and saw that the person who was pushed back was Qin Feng.

The fighting in the field also stopped.

The three guardian spirits looked at Qin Feng in surprise, but the shadow clone disappeared and seemed to be defeated.....

"Level seven? Is this guy really level seven?"

A guardian spirit looked in disbelief.

"It surprised me that! In this positive world, such a guy actually exists!"

"yes! He obviously only has level seven cultivation, but he actually explodes into level eleven combat power. It's incredible!"

The other two guardian spirits were also amazed.

In their world, the seventh level represents the true god, the eighth level is half a step from the god to the peak of the god, the ninth level is the god, the tenth level is half a step to eternity, and the eleventh level is the eternal realm combat power..

Thinking of this, the three guardian spirits looked at Qin Feng with great respect... Although the three of them teamed up to repel Qin Feng, it did not prevent the three of them from respecting Qin Feng.

"Positive to the world? What's the meaning?"

Qin Feng heard some signs and was very curious.

"hehe! You don't need to know this!"

The old guardian spirit leader smiled slightly.

"Are you all projections?"

Qin Feng tested again

"That's right! My friend, you don't need to pry so much. To you, we are your testers. If you want to get the remaining two spiritual fruits, you have to defeat the three of us!"

After hearing this, Qin Feng was a little depressed.

With his own strength, it was almost impossible to defeat the three people's joint efforts.

Could it be that he couldn't get the last two spiritual fruits?

"I would like to ask, are you the manifestation of the will of the sacred tree?"

Qin Feng is here to inquire about

"Feel sorry! We are lawful ones, not the will of some sacred tree. Some orders are untouchable...."

"Then can you tell me what method I should use to obtain those two spiritual fruits?"

"To defeat the three of us together, this rule cannot be changed! Let me remind you again, if this sacred tree has another hour, it will escape into the reverse world. If you want to get the Xuanji Spirit Fruit again, you have to wait a hundred million years....."

These words were full of goodwill towards Qin Feng.

The next second, the three guardian spirits retreated at the same time and disappeared strangely.

Qin Feng couldn't help but frown, feeling a little anxious.

There is only one hour left, and the spiritual roots of heaven and earth will disappear.

But he was not able to pick the last two spiritual fruits yet.

His idea of moving the entire sacred tree was even more extravagant.....

"Lord Qin Feng, how is the situation?"

At this time, Zhenji God and others gathered around

"Things are a bit difficult!"

Qin Feng shook his head slightly.

Everyone was silent.

Everyone saw that it is almost impossible for Qin Feng to grab the spiritual fruit among the guards of the three guardian spirits with his own strength.

Unless Qin Feng can do it in a short time Improve his strength again.

But there seems to be no way for Qin Feng to improve.

This thought made everyone worried, and they all started whispering.

"Things are going to be difficult this time! There is only one hour left for the spirit root to appear....."

"Not to mention an hour, even if given another day, Lord Qin Feng may not be able to win the spirit fruit!"

"Hey~! Who would have thought that there would be three guardian spirits defending together? This rule is confusing and too difficult!"

"yes! Unless Master Qin Feng's strength increases by another 20%, there may still be some hope."

"Increase combat power by 20%? Just... just in this short period of time? Do you think that's possible? This is too exaggerated!"

Many people shook their heads slightly and sighed.

Even Qin Feng thought it was impossible!

But he was unwilling to give in.

At this moment, the crowd was commotion, and the Nine Yuan God came out of the crowd and walked to Qin Feng

"Lord Qin Feng, I have a method that may help you improve your strength.

Qin Feng's eyes lit up:"What can we do?""

"Sir, please accept these spiritual fruits!"

Jiuyuan God waved his hand, and a hundred Yuanchu Spirit Fruits appeared in front of Qin Feng.

Qin Feng was stunned for a moment.

Then he shook his head and said: "No! These are the spiritual fruits assigned to you from Jiuyuan Mountain, how can I take them away!"

"Sir, compared to the Xuanji Spirit Fruit, these hundred Yuanchu Spirit Fruits are nothing at all. Besides, if you miss this opportunity, you will have to wait another 100 trillion years. And if my subordinates lose these 100 Yuanchu Spirit Fruits, they only need to wait another 1 trillion years to get them....."

Qin Feng was surprised: "Why do I have to wait another 100 trillion years? But you only need to wait another 1 trillion years?"

The Nine Yuan God replied: "Sir, the maturity time of Yuanchu Spirit Fruit is 1 trillion years. Xuanji The spiritual fruit lasts for 100 trillion years. In addition, the spiritual fruit with the spiritual root of heaven and earth also has a special feature, that is, when mature, it must match the number of heaven."

"There are three Xuanji Spirit Fruits, which coincides with the number of the three talents of heaven, earth and people. I once heard the Master of Jiuquan Universe say that no matter which kind of spiritual fruit you pick, you need to pick it all at the same time. If any are missed, the spiritual fruit will ripen and fall off on its own."

"In other words, Sir, there are still two Xuanji Spirit Fruits that have not yet been picked. When the spiritual roots of heaven and earth escape to the back of the void, the two Xuanji Spirit Fruits on them will fall off automatically. It will take 100 trillion years for the sacred tree to bear three Xuanji Spirit Fruits again....."

As soon as these words came out, everyone suddenly realized.

Qin Feng also looked stunned.

If so, if he doesn't finish picking the Xuanji Spirit Fruit this time, he will really have to wait 100 trillion years.

100 trillion years!

It's too long!

Qin Feng couldn't afford to wait.

After everyone heard this, they were speechless.

However, they felt that Jiuyuan's words should be true.

Jiuyuan is a direct descendant of the Lord of the Jiuquan Universe.

The Lord of Jiuquan Universe once picked the Xuanji Spirit Fruit, and even wanted to forcibly transplant the spiritual roots of heaven and earth. He knew more about the spiritual roots of heaven and earth than anyone else.....

"Jiuyuan, do you really want to give me these hundred spiritual fruits?"

"certainly! It's just a hundred spiritual fruits. We at Jiuyuan Mountain have gotten them many times, and this time is no different. If you wait for another 1 trillion at most, there will be another one."

"Besides, you saved nine yuan a life, and I have nothing to repay. Now, when the Lord is in trouble, how can Jiu Mou sit idly by? In fact, Jiumou's spiritual fruits are just the icing on the cake and cannot provide help in times of need. I hope you won't dislike it, please accept it!"

Jiuyuan God said with great sincerity.

Qin Feng was moved.

At this moment, Zhenji God also stood out from the crowd and took out a hundred Yuanchu Spirit Fruits.

"Sir, our Zhenji Sect is also willing to dedicate these hundred spiritual fruits to you to help you!

Qin Feng was surprised:"Zhenji, why are you doing this?"

Zhenji God smiled and said:"Sir, just as fellow Taoist Jiuyuan said, his spiritual fruits alone are not enough. Besides, if we lose this batch of spiritual fruits and wait another 1 trillion years, it would be better than letting adults wait 100 trillion years....."

As soon as he said these words, the eight top forces also stepped forward and took out the spiritual fruits.

"Sir, we are also willing to offer spiritual fruits!"

Qin Feng sighed:"You don't have to be like this! Everyone took risks and went through all kinds of hardships to come here, not just for these spiritual fruits. How can you abandon your own interests and only use them to fulfill me? This is absolutely impossible!"

"Sir, just as Zhenji God and Jiuyuan God said, if we lose this batch of spiritual fruits, we can wait another 1 trillion years. If you lose this opportunity, we will have to wait 100 trillion years. 1 trillion years, we can still wait!"

"If we can increase your strength this time, we in SAARC will have adults as our backers in the future. Are we afraid that we will not have the resources? Are you afraid you won't have a chance?"

"Minglin Tianzun is right! Within the God Realm, there are many opportunities, many of which are comparable to the Yuanchu Spirit Fruit. Isn't it just because we, SAARC, are weak that we are excluded by those forces? It is precisely because of this that we in SAARC took the risk to go to Guixu."

"But it's different now. We have Master Qin Feng in charge. When we return to the God Realm in the future, are we afraid that we won't have the chance? Just losing some spiritual fruits now is nothing!"

"That's right! Your Excellency is in need right now, so it's only natural that we should contribute a little bit. If we cannot achieve this level of unity, we will be members of SAARC in vain!"

The leaders of the top forces spoke categorically one by one.

The subordinates nodded again and again, thinking that this should be the case.

Qin Feng watched silently and was greatly moved.

"good! Everyone, Qin has recorded your feelings! If you don't abandon me, I will never abandon you. Today, Mr. Qin has made a decision here. The spiritual fruit you gave me will be returned twice as much in the future!"

As soon as these words came out, everyone was happy

"Sir, this is our intention, and I don't ask you to return it!"

"Qin keeps his word, if you treat me like this, I will treat others kindly in the future. In the future, Qin will definitely bring the Southern League to the pinnacle of the God Realm and become the strongest force in the God Realm!"

"I will follow you to the death!"

Everyone was excited and cheered.

The feeling of unity was beyond words.

"Sir, please accept the spiritual fruit and hurry up. The time for the sacred tree to stay is running out."

Jiuyuan Tianzhu reminded in a low voice.

Qin Feng stopped talking. He opened his mouth and swallowed all the 236 spiritual fruits.....

At this moment, a huge sound of breaking through the air suddenly sounded in the distance.

Everyone was startled and turned around to look, and saw two huge beasts flying rapidly towards this side.....

Bai Wuchuan and Yu Heng finally arrived..

Chapter 932

"Look! what is that?"

"not good! The Bai clan leader is back!"

"The giant beast next to him is so huge. Could it be a strong man in the eternal realm?"

"It should be! If I guess correctly, that is the supreme elder of the Yu clan!"

As soon as these words were said, everyone looked a little panicked.

The strong men from the eternal realm were attacking, and a big battle was inevitable.....

Weak people like them were afraid of being affected by the aftermath, which was scary just to think about it...

This thought made everyone even more uneasy.

At this time, the voice of the phantom clone sounded behind everyone

"When you enter my universe, avoid the limelight first!"

Hearing this, everyone was overjoyed

"Thank you Lord Qin Lei!"

The phantom clone waved, the surrounding space shook slightly, and a white light door appeared out of thin air. It was the entrance to the Taichu universe.

Everyone in the Southern Alliance got in one after another...

Zhenji and others knew clearly that if they stayed in place, they would only hold back Qin Feng and distract him from taking care of them.....

In the blink of an eye, everyone entered the Taichu Universe.

Only the shadow clone and Qin Feng were left in the field.

Zhenji Tianzhu and others watched the situation outside nervously through the vision opened by the phantom clone.....

Not long after, Bai Wuchuan and his two men approached the scene.

"Ding~! Congratulations to the host for successfully swallowing Yuanchu Spirit Fruit (236 pieces)The host's cultivation level is upgraded to True God's Great Perfection 31%.....Combat power increased to 190 trillion Rang....."

At this moment, Qin Feng finally finished refining the spirit fruit, and his combat power increased dramatically.

He just opened his eyes and saw Bai Wuchuan flying towards him.

A strong gust of wind blew towards them, and Yu and Heng were a hundred feet away in the blink of an eye.

Immediately, Yu Heng retracted his wings, transformed into a human form, and glanced around.

He was looking for Yu Qian.

He sensed the breath of Yu Qian's broken soul, floating around...

At this time, Bai Wuchuan also transformed into a human form.

"Senior Yu Heng, this guy is Qin Feng!"

Bai Wuchuan pointed at Qin Feng angrily

"What? Is this the guy?! Wuchuan, are you kidding me? This guy is just a true god! With his low level of cultivation, he can still control the Divine Fire of Creation?"

Yu Heng didn't believe it at all.

Along the way, Bai Wuchuan kept telling him that Qin Feng was powerful and could control the Divine Fire of Creation, but he didn't tell him that Qin Feng was just a true god.

In fact, it wasn't that Bai Wuchuan didn't want to say it, but he didn't dare to say it..

He was afraid that if Qin Feng's cultivation level was mentioned, Yu Heng would not come.

Who would believe that he and Yu Qian could not defeat a true god together.

They were beaten by that true god so that one of them ran away and the other was trapped.

Because of this thought , Bai Wuchuan did not tell Qin Feng's cultivation level, but only described Qin Feng's power, so that Yu Heng could come out to save people earlier.

"Senior Yu Heng, I swear to God that I will never deceive you! This kid can control the Creation Fire, and his strength reaches half a step of eternity!"

"This...how is this possible!"

Yu Heng looked at Qin Feng in disbelief.

At this moment, Qin Feng frowned and was extremely depressed.

The spiritual roots of heaven and earth will disappear in less than an hour.

He didn't have enough time to pick spiritual fruits, but these two A guy ran over.

With these two guys interfering, it was almost impossible for him to pick the last two Xuanji Spirit Fruits! Is it possible that he really has to wait until 100 trillion years later?

The more Qin Feng thought about it, the more depressed

"Boy, I want to ask you, who harmed Yu Qian?"

Yu Heng stared at Qin Feng with a cold and arrogant expression.

He did not believe that Qin Feng could kill Yu Qian.

Needless to say, Qin Feng was just a true god. Even a half-step eternal strongman could not break through Yu Qian's barrier.

Qin Feng frowned and was too lazy to talk.

"Boy, if Senior Yu Heng asks you something, speak quickly! Who harmed Brother Yu Qian? And what about you people from SAARC? Why are they all gone?"

Bai Wuchuan is also aggressive.

He never thought that Yu Qian was killed by Qin Feng.

He can't be blamed.

No one can believe that in less than two days, Qin Feng's strength has broken through from half-eternity to eternity. The first level

"Boy! What are you doing so dawdling?"

Bai Wuchuan shouted again.

With Yu Heng's support, he was confident.

In his opinion, he had defeated Qin Feng.

"Boy, do you want to die? Say it!"

"Noisy!"

Qin Feng was angry. He dodged and killed Bai Wuchuan directly.

"senior!"

Bai Wuchuan was frightened and backed away repeatedly.

He had been frightened by Qin Feng for a long time.

Yu Heng frowned, secretly thinking that Bai Wuchuan was such a waste that he was scared away by a true god.

However, he still dodged and stood in front of Bai Wuchuan and faced him. Qin Feng's attack.

Bai Wuchuan was overjoyed. He followed Yu Heng and attacked Qin Feng together.

At this time, the shadow clone also rushed over and stopped Bai Wuchuan.

In an instant, the two sides fought together.

Qin Feng faced Yu Heng..

The phantom clone faced Bai Wuchuan.

Boom~! Boom~!

Two earth-shaking loud noises!

Yu Heng was blown away by Qin Feng tens of billions of miles away.

Bai Wuchuan was also blown away by the phantom clone.....

This scene made everyone in the SAARC watch with great joy.

In the void, the extremely shocked voices of Yu and Heng echoed....

"This...how is this possible?!"

"He...is he really just a true god?!"

At this moment, not only Yu Heng was confused, but even Bai Wuchuan was completely dumbfounded.

It had only been less than two days, and he couldn't even defeat Qin Feng's clone.

He seriously suspected that he had fallen into a hallucination.

The two of them had no idea at all. I couldn't believe what just happened.

The next second, the two of them came back angrily to kill each other.

"Boy! It must be you who killed Yu Qian!"

"Senior Yu Heng, let's avenge Brother Yu Qian together!"

Rumble~!

A strong wind rose, and the earth trembled~!

In the blink of an eye, Yu Heng and the others came back to fight again.

Qin Feng frowned.

Although he repelled the Yu Heng and the two, the difference in strength between the two sides was very small.

If If the battle continues like this, there will be no winner in ten and a half months. In that case

, how can he pick the Xuanji Spirit Fruit?

He has less than an hour left. He can't be entangled with the two of them like this. Got it.....

At this moment, Yu Heng and the others had already come to kill him.

Qin Feng had no choice but to fight again.

But at this moment, an idea flashed in his mind, and his eyes shone brightly.

An idea suddenly occurred to him.

At this moment, Yu Heng and the others rushed in front of him.

Qin Feng quickly took action to meet Yu Heng's attack.

"Boy, I'm going to kill you!"

Yu Heng roared and punched.

He still didn't believe that he was repelled by Qin Feng just now.

He used all his strength in that punch.

The combat power of 200 trillion Rang increased by 170 times. Down, destroy the world.....

Yu Heng's huge fist burst into dazzling golden light, which illuminated the entire world for an instant, making people unable to open their eyes...

Qin Feng stepped forward in the air and punched directly.

The momentum that looks down upon the world is moving forward inexorably.....

Boom~!

The sky breaks!

The void collapses!

Yu Heng groaned and was blown away again.....

"Ah~! No~! This is impossible!"

His unwilling roar echoed in the void.

On the other side, the phantom clone also took action. As soon as

Bai Wuchuan came back... the phantom clone waved his hand, took out the rope to bind the sky, and flew directly to Bai Wuchuan.....

Bai Wuchuan felt bad and wanted to avoid it.

But at this moment, the shadow clone sacrificed the Dingling Pearl again.....

As soon as the spirit bead appeared, five colors of light bloomed, and Bai Wuchuan's consciousness blurred for a while...

The bundle of sky ropes took the opportunity to tie him upright.

Bai Wuchuan woke up instantly

"Damn it!"

He was frightened and angry, and struggled hard.

Although the sky-tying rope is a heaven-grade spiritual weapon, it is extremely difficult to tie up half a step of eternity.....

As soon as Bai Wuchuan struggled, the bundle of sky ropes made a snapping sound, as if it was about to be broken, and there were some slight cracks on it...

As long as he continued to struggle, he would definitely be able to escape...

At this critical moment, Qin Feng rushed over

"No~! "

Bai Wuchuan was so frightened that his face turned pale.

But the next second, Qin Feng did not kill him directly, but picked up Bai Wuchuan and threw it towards the third level of the spiritual root of heaven and earth.....

Qin Feng has the strength of the first level of eternity.

With this throw, Bai Wuchuan hit the trunk of the sacred tree like a meteor.....

The speed was so fast that it was like a blade of light, leaving a mark in space...

If it hit the tree trunk, I'm afraid it would turn into flesh on the spot.....

"No~! Senior, save me!"

Bai Wuchuan screamed in shock.

He couldn't break free of the rope that bound the sky for a while, so he had to call for help.

"not good!"

When Yu Heng saw this scene, he also secretly thought that something was wrong, and rushed over desperately, trying to save Bai Wuchuan. As soon as he spread his wings, he turned into a rainbow light, and he was extremely fast...

In the blink of an eye, he rushed forward To the vicinity of Baimo River.....

At the same time, Qin Feng and Xuying's clone also chased after him.

The next second, Yu Heng chased after Bai Wuchuan, grabbed Bai Wuchuan's figure, and rescued him.

Bai Wuchuan was overjoyed and broke free of the rope...

But at this moment, the sacred tree suddenly lit up with purple light, reaching the sky and the earth.

The next second, two soul attacks comparable to the threshold of the eternal realm attacked the two of them respectively.

It turned out that they accidentally broke into the third level area, and the sacred tree took the initiative to attack.

In just an instant, the two of them were hit by soul power.

Bai Wuchuan was unable to resist the soul attack and was instantly lost...

Yu Heng only swayed slightly.

Soul power is, after all, the weakness of the Guixu spirits.

However, Yu Heng still took it.

He was frightened and frightened. He grabbed Bai Wuchuan by the back of his neck and tried to escape.....

But at this moment, the surrounding space changed.

Three guardian spirits appeared at the same time

"Intruder, die!"

The three guardian spirits cannot be distinguished. One kills Bai Wuchuan, the other two kills Yu Heng.....

At this moment, Qin Feng and Xuying's clone also arrived.

Without even thinking about it, one person rushed directly towards the spirit fruit.....

"you again!"

The three guardian spirits roared and immediately sent one of them to intercept...

Qin Feng stopped the guardian spirit that rushed over without saying a word.

In a moment, the three guardian spirits dealt with Qin Feng, Yu Heng, Bai Wuchuan, and Xu Ying respectively. There was no one to deal with the clone.

The phantom clone took the opportunity to rush towards the spirit fruit and arrived at a spirit fruit in the blink of an eye..

Chapter 933

The phantom clone took the opportunity to rush towards the spirit fruit and arrived at a spirit fruit in the blink of an eye.....

Boom~! Boom~! Boom~!

Three loud noises in a row!

Yu Heng and the guardian spirit were evenly matched.

In fact, Yu Heng was stronger than the guardian spirit.

After all, the guardian spirit is just a projection of the lawful ones, whose combat power has just reached the threshold of the first realm of eternity, and is only used to test those who pick spiritual fruits.

Yu Heng is truly a strong man in the first realm of eternity. He has only broken through for a year, but he is still ahead of these guardians.

However, the sacred tree continued to launch soul power attacks, which affected Yu Heng's performance.

After all, soul power is Yu Heng's weakness.

This puts him on a par with the Guardians.

Qin Feng was naturally not affected by the soul attack, and easily defeated the guardian spirit with one palm.

On the other side, Bai Wuchuan was so confused by the soul power attack that he had no protection at all. He was killed by the guardian spirit with a knife and turned into energy all over the sky.....

At this moment, there was a soft click, and the shadow clone cut off the stem with a knife and picked a spiritual fruit.....

"No River!"

Yu Heng roared loudly.

"Damn it!"

The guardian spirit who killed Bai Wuchuan roared violently and rushed towards the shadow clone.

Qin Feng took this opportunity and waved his hand to collect all the energy that Bai Wuchuan had transformed into a storage ring.....

At this moment, the guardian spirit caught up with the phantom clone and was about to take action.....

With the strength of the phantom clone, it is naturally no match for the guardian spirit.

But at this moment, a sudden change occurred.

Qin Feng activated the summons, and the phantom clone disappeared out of thin air and appeared behind Qin Feng in an instant, avoiding the fatal blow.....

The guardian spirit jumped with anger.

Qin Feng and the shadow clone quickly evacuated

"Stop leaving!"

The guardian spirit that was knocked back by Qin Feng before came back and hurriedly stepped forward to intercept the retreat of Qin Feng and the shadow clone.

Boom~!

There was a loud noise of the earth shattering!

Qin Feng knocked away the guardian with a casual palm. Spirit.

Immediately, he and the phantom clone rushed out of the area covered by the divine tree's spiritual light, that is, they rushed out of the third level...

At this point, Qin Feng breathed a sigh of relief, and his heart was filled with endless joy.

According to the rules, he only needed to exit the third level. On the third level, the guardian spirit will not chase and kill...

In other words, the second Xuanji Spirit Fruit was successfully obtained.

Before Qin Feng could finish being happy, a sound of rapidity broke through the air behind him.

Na Yu Heng saw the situation Oops, he finally tried his best to repel the guardian spirit and rushed out...

But the next second, he was shocked to find that both Qin Feng and the virtual shadow clone were standing at the border of the third layer, both with evil smiles on their faces. looking at him.....

Yu Heng suddenly felt something was not good.

But he didn't have time to think too much and rushed towards the border at full speed.....

But when he rushed to the border, Qin Feng and the shadow clone took action at the same time...

Boom~! Boom~! Boom~!

Several loud noises!

Yu Heng groaned and was pushed back.

At this moment, the three guardian spirits chased him and attacked Yu Heng at the same time.
.....

Qin Feng and Xuying's clones have left the border.

According to the rules, they can't take action.

But this guy is still within the third level, so they can naturally take action.

Besides, Qin Feng had taken away the second spiritual fruit, and they were worried that they had nowhere to vent their anger...

For a moment, the three guardian spirits attacked Yu Heng with all their strength, without holding back...

Boom~! Boom~! Boom~!

Yu Qian screamed repeatedly and was rolled over by the three guardian spirits, flying towards the border.....

But at this moment, Qin Feng and the shadow clone took action again and blasted him into the boundary.....

For a time, a strange situation formed in the field.

Yu Heng was attacked by the three guardian spirits, Qin Feng, and Phantom clones at the border junction...

Boom~! Boom~! Boom~!

For a time, both sides bombarded Yu Heng alone.

"ah~!...Ah~! Why...why?"

Yu Heng screamed repeatedly, feeling extremely depressed.

He didn't grab the spiritual fruit at all!

Why were they all dealing with him alone?

Qin Feng and others naturally wouldn't explain to him, and they were all killing him with all their strength.....

Yu Heng wanted to escape, but how could he escape the siege of the four eternal-level powerhouses?

For a moment, he screamed and couldn't break free.

The shadow clone also offered the Dingling Pearl.

He took advantage of Yu Heng's weak soul power and constantly used Ding Lingzhu to stun Yu Heng's five senses, making it impossible for him to break out.....

This strange scene left everyone in SAARC stunned.....

"This...this...the supreme elder of the Yu clan is besieged!"

"Ha ha!! Master Qin Feng is so smart that he actually used the rules to trap the supreme elder of the Yu clan....."

Everyone was excited and admired Qin Feng even more...

In this way, Yu Heng was besieged by Qin Feng's five men, and it was extremely miserable.....

Time flies so fast, a quarter of an hour passes in the blink of an eye.....

Yu Heng finally couldn't hold on any longer, and his body instantly collapsed and turned into white mist.....

His soul was also exposed.

The spirits of Guixu can condense their soul even after cultivating to the eternal realm.

It's just that the Yuanshen is weaker than the eternal strong ones in the God Realm.

The next second, white mist rolled in, and Yu Heng wanted to resurrect.

Qin Feng had sacrificed the divine fire of creation, rushed into the misunderstanding, and swallowed up the soul...

Yu Heng's screams suddenly rang out in the sea of fire.....

When the three guardian spirits saw the Creation Fire, their expressions changed slightly.

However, they didn't say anything more and continued to attack Yu Heng's soul frantically.

These are the rules!

They will not disobey!

The shadow clone also put away the Soul-fixing Pearl, took out the Heaven-Slaying Sword, and attacked wildly into the sea of fire.....

Qin Feng fully controlled the Creation Fire...

Obviously, the Creation Fire was devouring the soul with great force, and Yu Heng's aura continued to plummet.....

"Spare...spare my life....!ah~! "

Poof~!

Not long after, a soft sound came from the sea of fire, like a cold wind blowing out a lonely lamp...

Yu Heng's soul was shattered, and was instantly swallowed up by the creation divine fire.....

"Ding~! The host successfully killed the returning demon in the first realm of eternity.....Obtain 500 trillion merit points....."

Ha ha! Success!

Qin Feng was ecstatic, and with a wave of his hand, he collected the energy that Yu Heng had transformed into...

The battle was over.

The three guardian spirits glanced at Qin Feng with complicated expressions, then retreated and disappeared into the void... When everyone in the Southern Alliance saw this scene, they cheered.

"Ha ha! died! died! The supreme elder of the Yu clan is dead!"

"Ha ha!! Lord Qin Feng is so awesome!"

"The Yu and Bai tribes are nothing more than this!"

Everyone in the Southern League was almost crazy with excitement...

Qin Feng was also extremely excited.

As soon as he saw the three guardian spirits leaving, he happily took out the trophies he had just taken and devoured them again and again.....

"Ding~! Congratulations to the host for successfully swallowing the Xuanji Spirit Fruit (1 piece).....
.....The host's cultivation level is upgraded to True God's Great Perfection 39%.....Combat power increased to 200 trillion Rang....."

"Ding~! Congratulations to the host for successfully swallowing half-step eternal energy (Bai Wuchuan).....The host's cultivation level is upgraded to True God's Great Perfection 53%.....Combat power increased to 224 trillion Rang....."

"Ding~! Congratulations to the host for successfully devouring the first level energy of eternity (Yu Heng).....The host's cultivation level is upgraded to True God's Great Perfection 92%.....Combat power increased to 290 trillion Rang....."

In just a moment, Qin Feng's momentum increased continuously, becoming more and more exaggerated every time, which was earth-shattering...

Chapter 934

After a long time, Qin Feng slowly opened his eyes, his face full of ecstasy.

This time, his strength has been greatly improved. He has reached 91% of the Perfect God in one fell swoop, and is not far from being a half-step god.

And his combat power has reached 290 trillion yuan, and he is no longer the bottom existence in the first realm of eternity.....

The combat power range of the first realm of eternity is 200 trillion Rang to 400 trillion Rang.

With Qin Feng's combat power and increase, his overall strength is considered to be above average in the first realm of eternity.

As for the guardian spirits and Yu Heng, they were both at the bottom of the first realm.

Thinking of this, Qin Feng was very satisfied with his progress in strength.

"Congratulations to Your Majesty on your great improvement!"

"Congratulations to Lord Qin Feng for his great improvement in strength!"

Everyone congratulated.....

"Qin Feng, with your current strength, it will be easy for us to go to the Bai tribe to snatch the Six Spirits Ancestral Water this time....."

Qinglin's joyful voice sounded in Qin Feng's mind.

Hearing this, Qin Feng was also secretly happy.

As long as he gets the Six Spirits Ancestral Water, he can condense the Divine Water of Creation.

He got two of the four spiritual beings in creation.

The simultaneous use of Creation Fire and Creation Water will definitely have unexpected miraculous effects.....

"Sister Qinglin, let's not talk about that for now. Let's talk about it after I finish picking the last spiritual fruit....."

After Qin Feng finished transmitting the message, he looked up at the top of the sacred tree.

There is the last Xuanji Spirit Fruit left there, hanging high.....

"Qin Feng, there is only a quarter of an hour left before the spiritual roots will disappear. You have to hurry up....."

Qinglin reminded in a low voice.

Qin Feng smiled confidently: "There's enough time!"

As soon as he finished speaking, he stepped forward and walked towards the third level of the sacred tree.....

The shadow clone follows closely behind

"Look! Sir, it's time to pick the last spiritual fruit!"

"Quiet! Quiet!"

Everyone in the Southern Alliance became nervous again, looking at the battlefield with wide eyes.

This time, Lord Qin Feng had to face the three guardian spirits alone.

In just a moment, Qin Feng walked into the third level area.

The space suddenly changed, and the three guardian spirits appeared one after another.....

"You're here again!"

"Let's go back! You can get two Xuanji Spirit Fruits, which is already very good. However, both times were tricks. But this time, you can only face the three of us head-on. You don't have any chance...."

"That's right! What's more, there is less than a quarter of an hour left, and you are too late. I advise you to retreat!"

The tone of the three guardians was very polite, and they kindly reminded Qin Feng...

They didn't know that in just ten minutes, Qin Feng's strength had skyrocketed.

After all, when Qin Feng swallowed them, they all absent

"You three, I still want to give it a try!"

Qin Feng smiled modestly.

The three guardian spirits frowned slightly.

They had kindly reminded them, but this guy didn't know how to be funny.

"My friend, if you insist, then we won't be polite!"

"bring it on!"

"good!"

At this moment, the three guardian spirits rushed towards Qin Feng together, each taking out a palm...

In an instant, the sun and moon were dim, and the wind and clouds changed color!

The three palms came together, and the momentum was earth-shattering, making the void tremble and the heaven and earth roar...

Qin Feng smiled slightly , meet directly.....

Everyone in the Southern League opened their eyes wide, not even daring to take a breath.....

In the blink of an eye, the two sides fought together!

Bang~!

A loud bang!

The world explodes!

The void collapses~!

Three muffled groans sounded in unison!

The three guardian spirits were knocked back by Qin Feng's punch, while Qin Feng stood still.....

Everyone in SAARC suddenly cheered.

Immediately, the three guardian spirits stabilized their bodies, and each of them looked at Qin Feng in disbelief with their eyes wide open... Oh my god!

How long has it been since?

This guy's strength suddenly increased by 50%!

This is too exaggerated!

At this moment, the three guardian spirits were a little confused.

It's really hard for them to believe the facts in front of them

"Three of you, accepted!"

Qin Feng smiled and handed over his hands.

The three guardian spirits looked at me and I looked at you, and they all showed a wry smile.

It seems that they can't stop Qin Feng even if they join forces. If they fail this time, points will be deducted.....

However, the three of them sincerely admired Qin Feng.

One look at this child's vitality and blood levels showed that he was extremely young, definitely no more than 10,000 years old.

But being so young and having such strength is terrifying!

With such terrifying potential, even in the reverse world, there is no one who can compare with Qin Feng.

"My friend, you win! Go pick this third spiritual fruit!"

The old guardian spirit leader actually raised his hand to Qin Feng with a very polite tone.

He knew very well that Qin Feng's future was hard for him to hope for.

Maybe, after Qin Feng figured out the secret of Guixu, he would still be with him. Qin Feng met.

At that time, he might still have to rely on Qin Feng.

In that case, he might as well make friends with Qin Feng when he was weak and leave a ray of goodwill.

"Are you not going to stop me?"

Qin Feng's attitude was also very polite.

Since others respect him, he will naturally give others face.

The old man smiled bitterly: "The three of us are no match for you together, so why bother to stop us anymore?"

"That's right! Go ahead and pick it!"

The other two guardian spirits also echoed

"Thank you!"

Qin Feng handed over his hand.

The shadow clone dodged and reached the third Xuanji Spirit Fruit, picking it easily.

This scene made everyone in the Southern Alliance extremely excited.

Master Qin Feng finally got all the spirit fruits, and his strength increased again. About to make a big move.....

"I don't know your little friend's name, can you tell me?"

The old guardian spirit asked politely, obviously wanting to make friends.

"Fellow Taoist, you're welcome, I'm Qin Feng!"

Qin Feng said his name readily. This is not something ulterior.

"Little friend Qin Feng, you are the second person so far to have picked the Xuanji Spirit Fruit."

"oh? Who is the first?"

"The first one is the Lord of Jiuquan Universe. However, his original cultivation was the Great Perfection of God, and his combat power was much weaker than yours."

"Back then, he gave up picking Huangzhong Spirit Fruit and Yuanchu Spirit Fruit in order to pick Xuanji Spirit Fruit, just to spend all his time picking Xuanji Spirit Fruit....."

The old guardian spirit looked into the distance, his eyes lost in memories.

"He fought hard for three days and three nights before he snatched three spiritual fruits from the three of us. In terms of harvest, you have gained much more than him....."

Speaking of this, the old guardian spirit actually showed a look of envy.

Qin Feng got all the Huang Zhongguo and Yuanchu Guo, and he had obtained the information from his subordinates.

The old man continued:"Having said that, your qualifications and talents are more than one level better than Jiuquan's back then! You are the True God of Great Perfection, and your strength has reached the upper-middle level of the first realm of eternity."

"If you wait until you reach the level of a half-step god, you should be the top being in the first realm of eternity. At that time, even if I come in person, I will not be your opponent....."

The old man sighed

"Fellow Taoist, thank you!"

Qin Feng smiled modestly.

The old man nodded appreciatively: "Not only are you stronger than Jiuquan, but your attitude is also more humble than that of the Lord of Jiuquan Universe. Back then, Na Jiuquan was very arrogant. I once reminded him that if you get the spiritual fruit, just leave!"

"But he didn't expect that he was greedy and wanted to forcefully transplant the spiritual roots of heaven and earth. As a result, it attracted the siege of the four powerful saints from Guixu. I witnessed his death with my own eyes...."

Hearing this, Qin Feng's heart moved: "Fellow Taoist, Qin has a doubt."

"Please say!"

"Why would the four great saint clans of Guixu come to harass me as soon as the spiritual roots of heaven and earth are touched?"

"Feel sorry! This issue involves a higher level of confidentiality and also involves the fundamentals of Guixu. I can't say...."

"oh!", Qin Feng was slightly disappointed.

Seeing his appearance, the old man seemed to have thought of something, and said with some worry: "My little friend, you don't want to imitate Jiuquan and transplant this heaven and earth spiritual root, right?"

Qin Feng hesitated, he really had this idea.

The old man hurriedly said: "Little friend, for the sake of our fate, I would like to remind you. You must not have such thoughts. As long as you move this sacred tree, the four saints will sense it immediately"

"They also have secret techniques that allow them to teleport over immediately. At that time, you will be besieged by the four eternal powerful men, and you will not be able to escape even if you want to. That's how Jiuquan fell back then....."

"oh!", Qin Feng responded lightly.

The old man smiled slightly:"I would like to remind you that one of the four Eternal Realm powerhouses is already in the Second Eternal Realm!"

"Huh! There is actually a second realm of eternity!"

Qin Feng was suddenly shocked.

The threshold of combat power in the second realm of eternity is 1,000 trillion yuan, which is definitely not something he can deal with.

The old man added:"The other three are not weak either, and none of them are inferior to my little friend. If not, how could Jiuquan fall?"

Hearing this, Qin Feng couldn't help but take a deep breath of cold air, secretly thinking that this sacred tree really can't be moved!

Otherwise, if he attracts those four people, he will definitely be in danger.

"OK! My little friend, that's all I've said, little friends, do what you want!"

As soon as the words fell, the three guardian spirits were about to leave.

"Fellow Taoist, wait a minute!"

"My friend, what else can I do?"

"Fellow Taoist, Qin wants to ask you something"

"Please say!"

"You just said that you witnessed the death of the Lord of the Jiuquan Universe with your own eyes. Has your Taoist friend ever seen a half-piece inheritance jade certificate like this?"

Qin Feng took out half of the inheritance jade certificate, which was the half given by Jiuyuan.

He has obtained three complete jade certificates, and he is only missing the last half to reorganize Jiuquan's universe.

"This one.....Very familiar...."

The old man stared at the half of the inherited jade certificate with an expression of reminiscence.

After a moment, his eyes lit up:"I remembered it. I once saw Holy Master Wu Tian pick up half a jade certificate. It looked very similar to the jade certificate in your hand....."

Qin Feng's eyes also lit up, secretly thinking that that should be the whereabouts of the jade ultimatum.

"Fellow Taoist, who is Wu Tianshengzun?"

"He is the leader of the Wutian Saint Clan! I would like to remind you, with your current strength, you are not a match for Holy Master Haotian. Okay, I have revealed too much today, so I can't say any more. Goodbye, little friend!"

At that moment, the three old men cupped their hands slightly, then retreated to the sacred tree and disappeared out of thin air...

Qin Feng stared blankly at the direction in which the three disappeared, with a lot of thoughts in his mind.

It seems that he wants to get Jiuquan's universe. He must face Saint Haotian.

Unfortunately, he is not the opponent of Saint Haotian yet.

Therefore, he still needs to improve some strength.

The Six Spirits Ancestral Water must be obtained as soon as possible.

After thinking several times, Qin As soon as Feng waved his hand, the Xuanji spirit fruit in the virtual shadow clone's hand flew towards him.

Qin Feng opened his mouth and swallowed the spirit fruit..

Chapter 935

Qin Feng opened his mouth and swallowed the last spiritual fruit.....

"Ding~! Congratulations to the host for successfully swallowing the Xuanji Spirit Fruit (1 piece).....
.....The host's cultivation has been upgraded to True God's Great Perfection 98.1%.....Combat
power increased to 300 trillion Rang....."

Not long after, Qin Feng opened his eyes happily.

Devouring this spiritual fruit made him greatly stronger, and his combat power increased to 300 trillion Rang.

His cultivation level has increased to 98.1%, which is just one step away from breaking through to half-step to the level of God.

If he goes to the Bai Clan headquarters again and gets the Six Spirits Ancestral Water, he should be able to break through to the Half-Step God level in one fell swoop.

At that time, he would still be very confident when he went to Wu Tiansheng Clan to ask Wu Tiansheng for the half of the inherited jade certificate.

Qin Feng is bound to win the vast universe of Jiuquan.

Creating the divine world requires a large number of large worlds and small worlds as a basis.

Jiuquan's universe can evolve into a thousand worlds.

This will be of great help to Qin Feng's creation of the divine world and improvement of his strength.

Having said that, Qin Feng has made breakthroughs in cultivation, but there has been no progress in creating the God Realm...

This is because the number of worlds Qin Feng obtained is not enough...

According to the "Creation Code", when the worlds accumulate to nine, Once this happens, the first transformation will occur, and Qin Feng's divine brilliance will be revealed for the first time.....

But Qin Feng now only controls a small world, not even a big world.

He will naturally get Jiuquan's universe.....

Buzz~!

At this moment, the entire body of the sacred tree lit up with purple light, emitting a clear cry from heaven and earth.

The entire void gradually formed a huge space vortex, and the sacred tree began to slowly sink into the vortex...

The time has finally come, and the sacred tree is about to retreat.....

Qin Feng felt a little sorry.

He wanted to forcefully transplant this sacred tree, but it was no match for the four holy clans.

However, compared with the Lord of Jiuquan Universe, he has countless more opportunities.

Qin Feng raised his head slightly and looked at the mainland not far away.

The broken and tall Monument of Reincarnation stood alone, and it was unknown how many years of erosion it had gone through...

With the existence of this continent, he could find the location of the spiritual roots of heaven and earth at any time.

With his current strength, he has the ability to break through the void.

When his ability reaches the level of the Four Saints in the future, it won't be too late to transplant the spiritual roots of heaven and earth...

Thinking of this, Qin Feng's thoughts suddenly became clear.

Speaking of which, he would also like to thank the Lord of Jiuquan Universe. If Jiuquan's residual thoughts had not been locked on the spiritual roots of heaven and earth, it would be difficult for him to find the spiritual roots of heaven and earth.....

At this moment, the entire spiritual root of heaven and earth had escaped into the center of the space vortex, leaving only the top of the tree with the last divine leaf exposed.

That leaf is also the largest leaf of the entire sacred tree. It is golden in color, faintly exuding three thousand charms, and is extremely magical.....

"Huh! correct!"

Qin Feng thought and shot out a sword light with a snap of his fingers.....

Click~!

The sword light cuts off the branches in an instant.....

The divine leaf just fell down.....

Qin Feng was delighted, and with a wave of his hand, he sucked the divine leaf into his hand.....

Woo~woo~!

The sacred tree trembled violently and made a sound similar to a mournful cry.

At this moment, the light of the sacred tree suddenly shined, and the sky and the earth were connected.....

Immediately, the void trembled violently, and four monstrous holy powers emanated from the top of the tree, covering the entire void in an instant, causing Qin Feng's heart to suffocate.....

These four holy powers are actually emanated from powerful people in the eternal realm, and one of them is from the second realm of eternity.....

"who?!"

"Who is touching the sacred tree?"

"Where do the ants come from?"

"Anyone who touches my sacred tree will die!"

Four majestic voices echoed in the void.

When everyone in the Southern League saw this scene, their expressions changed drastically.

Isn't it possible?

The four holy saints are coming?

That's not a good situation!

Just when everyone was panicking, then The sacred tree has been completely pulled into the space vortex by invisible force, leaving only a small golden light spot.....

The next second, the small light point also disappeared, and the sacred tree disappeared completely...

All the visions disappeared, and the entire void became quiet, and the voices of the four saints could no longer be heard.....

Everyone in the Southern League breathed a sigh of relief.

Qin Feng showed a smile, he had guessed this.

As long as the sacred tree disappears, the four holy saints will not be able to show up.....

At the same time, the residence of the four holy clans in Guixu has been turned upside down...

Deep in Guixu, there is a strange world.

The whole world is filled with white flames, exuding the power of burning the sky and boiling the sea, which is somewhat incompatible with the surrounding Guixu.....

This is the residence of the Zhutian Holy Clan, and all the tribes in Guixu call it the Zhutian Holy Land.

In fact, this holy land is extremely huge, and there is no end to it. It is comparable to a vast world.

In fact, Zhutian Holy Land evolved from a large universe.

This is not only true of Zhutian Holy Land, but also the residences of the other three tribes.

At this moment, in the center of Zhutian Holy Land, roars were heard from a sea of white fire.....

"who? Who is it? Who hurt the Guixu Sacred Tree?"

Immediately afterwards, the sea of fire rolled, flames erupted, and an extremely huge beast's body rushed out from the hot magma, bringing up the sky with lava, hanging like the sky... After a moment, the flame giant's body swayed, and He transformed into a strong man with red hair, looking angrily in the direction of the spiritual roots of heaven and earth.....

That spiritual root is related to the secrets of Guixu's foundation and the secrets of the reverse world. It cannot be transplanted or destroyed.

But he had just clearly sensed that the most essential divine leaf on the sacred tree had been picked.
.....

"who? Who on earth would be so bold as to attack the sacred tree? By the way, it must be someone from the God Realm. This thing is only of great use to the God Realm. Is it possible that the fall of Jiuquan didn't wake up the people of the God Realm?"

Holy Lord Zhutian is extremely angry.

The incompleteness of the sacred tree will have an impact on Guixu and his understanding of the great road. How can he not be angry?

Unfortunately, the sacred tree has disappeared into the void, and he cannot directly teleport through secret techniques. Next to the sacred tree.

Otherwise, he will definitely kill the despicable thief, take back the divine leaf, and make the divine tree complete again.....

It was at this moment that his messenger jade talisman moved.

Holy Lord Zhutian took it out and saw that it was the message sent by the other three Holy Lords.

"Zhutian, the sacred tree was destroyed by someone, and the strongest sacred leaf is missing....."

"The incomplete sacred tree will affect the foundation of our return to the ruins!"

"Damn it! Dao Dao shows mercy and allows people from the God Realm to pick spiritual fruits, but they actually don't abide by the rules!"

"That's it! That's it! The Great Dao does not prohibit people from the divine world from attacking the divine tree. This calamity should have happened today....."

"Why! Cause and effect reincarnation, strictly speaking, this sacred tree belongs to the Lord of the Ancient God Realm....."

"No matter how much! Since what we have received is ours. It seems that Jiuquan's death is not enough to deter all the races in the God Realm!"

"Hey~! If it weren't for the sacred tree to hide in hiding, we could go and see who did it!"

"hehe! If I have to guess, I'm afraid it's the people from the Southern League of Gods who are responsible!"

"No way? Since the fall of Jiuquan, the southern part of the God Realm has not even had a half step of eternity, so it is not worth mentioning."

"yes! Without the strength of the eternal realm, there is no way to cut off the divine leaves at the top of the divine tree....."

"Three people, not to mention too much, in my opinion, that guy hasn't left yet. Hurry up and issue a wanted order for all races! Anyone who enters the God Realm of Guixu, no matter which force they belong to, will be arrested..."

"That's right! Especially those from the God Realm who have been close to the spiritual roots of heaven and earth recently, they cannot let go....."

Soon, the four saints reached an agreement.

After a while, a wanted order jointly issued by the four great saints was conveyed to all the tribes in Guixu.....

On the other side, after Qin Feng got the divine leaf, he watched it for a while.

Upon observing this, his eyes lit up with joy.

That divine leaf actually contains an extremely huge amount of fortune from heaven and earth, as well as three thousand talismans...

If this divine leaf is used to fuse with the Earth Mother Scripture, not only can the cracks in the Earth Mother Scripture be repaired, but the Earth Mother Scripture can also be restored. The Mother Scripture was promoted to a higher level, even reaching the eternal level in one fell swoop.
.....

Eternal level spiritual weapons are difficult for many eternal realm experts to possess. As long as you have one, your strength can be increased by 30%...

Thinking of this, Qin Feng put away the divine leaves happily.

At this moment, the system prompt sounded in his mind

"Ding~! Congratulations to the host for successfully picking the divine leaves from the Guixu Divine Tree...the host has gained 300 trillion merits....."

Qin Feng was slightly startled.

Isn't it?

Can he gain merit by picking a leaf?

What does this system imply?

Suggesting that if he gets the sacred tree, it will be of great benefit?

Just when Qin Feng was confused, the system sent another prompt

"Ding~! The host's merit value has been detected and has accumulated to 2000 trillion... The Half-Step Eternal Mall is opened, and the host can view it at any time....."

"Huh! What a good thing!"

Qin Feng's eyes couldn't help but shine.

He really wanted to know what treasures there would be in the mall..

Chapter 936

"Ding~! I would like to ask the host, do you want to check the mall now?"

"Check!"

"Ding~! The mall is open!"

The next second, a mall interface invisible to outsiders appeared in front of Qin Feng.....

He browsed quickly.....

The world cultivates essence (cultivation), 10 million redemption points/piece.

Fire God Pill (body tempering), 1 million redemption points/piece.

Water God Pill (body tempering), 1 million redemption points/

Taishen Pill (cultivation), 1 10,000 redemption points/piece for the Ultimate Divine Pill (cultivation), 5,000 redemption points/piece for the Quasi-God Pill (cultivation).....

Redemption points: 100 million merit value = 1 redemption point, 100 million karma value = 1 redemption point, 100 million life value = 1 redemption point

"Huh! Cultivate essence in the world?"

Qin Feng's eyes shone.

He intuitively felt that this was a good thing.

At that moment, he exchanged all his merits, karma, and fate for exchange points.

In fact, he was very interested in the increasing merits. , karma, and destiny, he was worried about how to use it...

Unexpectedly, the system opened the mall at this moment.

He happened to exchange his endless merit, karma, and destiny for treasures, and it was like a waste. as a treasure.....

Soon, Qin Feng finished all the redemptions and got a total of 57.43 million redemption points.

"Ding~! The host is sure to spend 50 million exchange points to exchange for 5 copies of the Great Thousand World Cultivation Essence?"

"Sure!"

"Ding~! Congratulations to the host on the successful redemption! There are currently 7.43 million redemption points remaining....."

As soon as Qin Feng thought, he found five three-color light groups in front of him, blooming with extremely dazzling light...

The three-color light represents the three poles of merit, karma, and destiny. Mixed together, it contains Amazing energy...

These three-color light groups are the cultivation essence of the world.

Qin Feng opened his mouth and inhaled, trying to swallow a bunch...

The next second, the essence turned into an extremely huge energy flow and poured into Wenyuan Xiaoqian World.....

Afterwards, Wenyuan Xiaoqian World was like a sponge, absorbing the energy crazily, and then rapidly expanded and expanded.....

Boom~! Boom~! Boom~!

The small world is growing.....

The earth-shattering movement caused the two universes to tremble slightly. Billions of living beings felt the sensation and looked up to the sky in horror.....

Everyone in the Southern League also sensed it, and everyone looked at all this in surprise.....

They didn't know what Qin Feng was doing, but they didn't find it strange what Qin Feng did.

There were so many things that surprised them about Qin Feng.....

After a while, Wenyuan Xiaoqian World absorbed all the energy and expanded by 50%.....

"Ding~! Congratulations to the host for successfully devouring the Great Thousand World and cultivating the Essence (1 copy)... Wenyuan Small Thousand World promotion rate has been increased to 20.8%.....The host receives a large amount of combat power in return, and the combat power is increased to 305 trillion yuan....."

Note: When the promotion rate reaches 100%, the Small World will be promoted to the Great World.....

Qin Feng was overjoyed.

This essence is indeed a good thing!

Just one portion increased his combat power by 5 trillion yuan, equivalent to the effect of half a Xuanji Spirit Fruit...

At that moment, he opened his mouth and sucked in, and swallowed all the remaining four essences.....

"Ding~! Congratulations to the host for successfully devouring the Great Thousand World and cultivating essence (4 copies)... Wenyuan Small Thousand World promotion rate has been increased to 100%.....The host receives a large amount of combat power in return, and the combat power is increased to 325 trillion yuan....."

"Ding! Congratulations to the host, your Small World (Wenyuan) has been successfully promoted to the Great World (Wenyuan).....The host has obtained the first Great Thousand World, and your creation progress of the God Realm has been increased to 1.3.%.....The host's combat power is increased to 335 trillion Rang....."

In just a moment, Qin Feng's combat power increased continuously, and his momentum continued to surge...

In the blink of an eye, his combat power reached 335 trillion Rang, and his strength increased by a full 30 trillion Rang. The progress was huge.....

"The benefits of gaining a whole world are so great!"

Qin Feng slowly opened his eyes, his face full of joy...

This also made him more eager to get Jiuquan Universe.

If he can get another Great Thousand World, not only will his strength be greatly increased, but the creation progress of the God Realm will also be improved....However

, the remaining half of the inherited jade certificate is in the hands of Wu Tianshengzun, and he still needs to think about it in the long term...

Thinking of this, Qin Feng looked at the mall list again. There are many treasures in it, and there are many more that he needs.

Qin Feng thought about it At once, he exchanged all the remaining 7.53 million exchange points for Taishen Pills, and exchanged them for a total of 753...

At this point, all his exchange points were used up, and he needed to earn them again...

After doing this, Qin Feng waved. , and released all the people in the Southern League.

"Congratulations to Mr. Qin Feng for his great improvement in strength!"

As soon as everyone showed up, they all came forward to congratulate him, and their attitudes were extremely respectful.....

Qin Feng's successive astonishing performances have completely convinced everyone in the Southern League.....

"Everyone, Qin Feng once said, if you don't abandon me, I will never abandon you. The kindness you showed me by gifting spiritual fruits before, I will repay you twice as much....."

"I have just received a batch of magical elixirs. Each one is as effective as a Yuanchu Spirit Fruit. I will give it to you now....."

As soon as he said these words, Qin Feng waved his hand, and hundreds of Taishen Pills flew towards the leaders of the forces.....

Zhenji Tianzhu and Jiuyuan Tianzhu each received 200 pieces.

Ming Lin Tianzun got sixteen, and the rest of the top power leaders followed suit, which was exactly twice the number of spiritual fruits they gave away.....

"Wow~! These are the magic pills!"

Qinglin recognized it at a glance.

Zhenji Tianzhu and others were wondering, they didn't understand the use of this Taishen Pill, and they all looked at Qinglin...

Qinglin explained:"Everyone, this Taishen Pill, Xiao The woman and two younger sisters have taken it. In fact, its effectiveness is not inferior to Yuanchu Spirit Fruit at all."

"Even better, it can help Half-Step God break through the bottleneck. The little girl relied on the Taishen Pill to break through to the realm of gods in a very short period of time....."

As soon as these words were spoken, the whole place was in commotion, and everyone's eyes glowed with fiery light.

Especially the seven or eight half-step gods, all of them were extremely excited.....

"Tsk tsk!! It turns out that this elixir is like thisstrange! Just because it can break through the Half-Step God bottleneck, its value exceeds the Yuanchu Spirit Fruit!"

"yes! Lord Qin Feng, the elixir you gave us is so precious!"

Everyone looked at Qin Feng, their eyes full of gratitude.

Qin Feng shook his head slightly:"Don't be too happy too early. This Taishen Pill is only effective for half-step gods and true gods, and a person can only take one pill in his life. Eating more is ineffective"

"However, since you choose to believe me, follow me. Qin will naturally not treat you badly. In the future, if there is an elixir suitable for gods and gods, you will definitely have it. Today's pills are just an appetizer!"

As soon as these words were said, everyone was ecstatic.

They chose to follow Qin Feng, which was absolutely right!

Master Qin Feng is really kind and righteous.

"Thank you for the reward, sir!"

"I will swear allegiance to your Majesty to the death!"

At this moment, everyone came forward to express their thanks.

At this moment, the Lord Jiuyuan stood out from the crowd and took the lead.

"Mr. Qin Feng, Jiu is willing to follow the example of Bie Tie and sign a contract with you to serve as your master. I wonder if your Excellency is willing to accept Jiu Mou?"

Jiuyuan God came forward and bowed.

Qin Feng was slightly startled: "Why do you have such an idea?"

Jiuyuan Tianzhu smiled slightly: "I asked Bi Tie in private, and I know that you have been very kind to Bi Tie. The Lord not only saved his life, but also helped him break through to God. If the Lord is like this, what else can I ask for?"

"What's more, your potential is far greater than that of my ancestor, the Lord of the Universe, Jiuquan. If I can follow you, my future will be brilliant. If I only rely on my own strength, I am afraid that the realm of God will be the limit of my life...."

"Furthermore, Jiu's life was originally saved by an adult. Today, I take refuge in your lord's sect, it is no exaggeration to think of it as repaying your kindness. I just hope that you will not give up and accept Jiu Mou...."

Jiuyuan Tianzhu's tone was very sincere.

Qin Feng nodded slightly, but it was hard to refuse.

Having said that, if he can accept another God into his sect, it will also help to improve his strength.

"Master Qin Feng, we are willing to follow Master Jiuyuan and join your sect together. I hope the adults will also accept us!"

At this time, the gods, half-step gods, and true gods of Jiuyuan Mountain also asked Qin Feng for orders.....

Seeing this scene, everyone in the Southern League looked stunned.

Many people showed hesitation.

At this moment, another figure emerged from the crowd

"Master Qin Feng, Ming Lin is also willing to follow the example of Jiuyuan God, Bati God, and Qinglin God and join your sect. I hope you will not give up....."

Ming Lin Tianzun, the leader of the eight top forces, actually expressed his stance at this moment.

His actions were followed by Ming Linshan's subordinates.

Seeing this, the other top forces no longer hesitated. One after another, they expressed their willingness to join Qin Feng's sect...

Even Jiuyuan Tianzhu and Minglin Tianzun were about to join. What are they still hesitating about?

Look at the Bati God and Qingqiu Mountain.

They all benefited greatly after joining Qin Feng.

And Qin Feng was indeed affectionate and righteous towards them. If he had treasures, he would reward them with them.....

What's more, Qin Feng's potential is one-tenth that no one in the entire God Realm can match.

With Qin Feng, the future is definitely bright.

In this case, they made up their minds to follow Qin Feng wholeheartedly in the future...

In just a moment, Jiuyuan Mountain and the eight top forces all requested to join Qin Feng's sect...

Seeing this, the Zhenji God hesitated for a while, and finally made up his mind. determined

"Master Qin Feng, I am also willing to join your sect. I hope you will not give up....."

When these words came out, Qin Feng was a little surprised.

Before he could think too much, everyone in the Zhenji Sect also expressed their opinions.

"Lord Qin Feng, we are willing to join your sect together with Lord Zhenda....."

Qin Feng took a deep breath and glanced at everyone

"Everyone, have you thought about it?"

"Sir, we have thought about it!"

"Please accept us!"

Everyone agreed in unison

"good! Since you trust Qin so much, I swear here today that I will not treat you badly in the future. From now on, our power has only one name, and that is SAARC!"

"I will follow you to the death! Let SAARC flourish in the divine world!"

Everyone agreed.

Qin Feng was delighted.

Then, he signed the contract with everyone.

A quarter of an hour later, all the contracts were completed.

Qin Feng received a large amount of combat power in return, and his combat power increased to 340 trillion Rang without realizing it. He was overjoyed

"Your Majesty, where shall we go next?"

Zhenji God changed his name.

After signing the contract, everyone had a closer relationship with Qin Feng and respected Qin Feng more.

"Next, we have the Bai people. The Bai people have formed a deadly feud with us and cannot be allowed to stay. In addition, the Six Spirits Ancestral Water of the Bai tribe is something I can compare with. There are also Qinglin's bones from his previous life there, and they need to be retrieved as well....."

Qin Feng arranged all the itineraries clearly.

Everyone nodded

"Sir, let's set off now! After all, this is Guixu, not our God Realm. Just now, when you picked the leaves of the sacred tree, you alerted the four holy clans, and your subordinates were worried that something had happened....."

Zhenji God reminds you carefully.

Qin Feng nodded slightly:"That's right! Let's set off now."

After saying that, he waved his hand and handed the remaining 201 Taishen Pills to the Ziwei Star Master.

"Ziwei, please distribute these elixirs to the people in Qingmeng and ask them to refine them as soon as possible....."

"Yes, Your Majesty!"

After doing this, Qin Feng took everyone into the dual universe.

Immediately, he followed Qinglin's guidance and flew towards the Bai Clan's residence..

Chapter 937

At the moment, Qin Feng rushed towards the Bai camp.

Everyone in the Southern Alliance has entered the dual universe, either refining the Taishen Pill or practicing in seclusion.....

If this batch of Taishen Dan is distributed, it will definitely make a group of people greatly improve their strength, which will also indirectly improve Qin Feng's strength.....

On the other side, the phantom clone also entered the dual universe.

He began to take stock of his recent gains, such as the storage rings of Yu Heng, Bai Wuchuan, and Yu Qian, as well as the storage rings of the northern gods, and the divine leaf... The shadow clone is an extension of Qin Feng's body and can also be used as a substitute. He refines magic weapons.....

In this way, everyone in the dual universe performs their duties, and Qin Feng rushes on at full speed.....

At the same time, the Bai people's forbidden land.

Taishang Elder Bai Ku has summoned all the seven elders of the Bai clan together.

At this moment, everyone's faces were very ugly.

"Your Majesty, has Chief Wuchuan really fallen?"

The third elder asked urgently with his lips trembling.....

He couldn't believe what he just heard.

These three elders are Bai Wuchuan's brothers. How could he accept his brother's death?.....

"The patriarch is a half-step eternal strongman! There aren't many people in Guixu who can kill him, right?"

"yes! I heard that the clan leader is going to deal with the people of the Southern Alliance in the God Realm. The Southern Alliance has always been weak, and there is not even a half-step eternal strongman. I really can't figure out who else can threaten the clan leader....."

Several elders agreed.

They also cannot accept the fact that Bai Wuchuan died.

"Hey~! Take a look!"

Bai Ku smiled bitterly, then opened his palms, and a broken soul tablet appeared in front of the elders.....

That is Bai Wuchuan's soul card!

When the elders saw it, their expressions changed drastically.....

The third elder swayed slightly and almost fell down...

His brother really died!

At this time, all the elders were completely dumbfounded. Their throats were all dry and they were speechless.....

"Your Majesty, how did my brother die?"

The third elder asked sadly.

"Hey~! This time he went to the vicinity of Tiandi Spiritual Root to capture Jiuyuan God alive, and to find out the truth about the deaths of Mi and Baishan, as well as the truth about the disappearance of Yaochi God."

"Just in case, Wuchuan also roped in people from the Yu tribe. But I didn't expect that when they left, all the ten elders of my clan and the Yu clan died, Yu Qian was trapped, and only Wuchuan escaped....."

As soon as these words came out, all the elders changed their expressions and secretly took a breath.

"hiss~! "

"No way? Isn't the South Alliance very weak? Why was the clan leader defeated by them? Bai

Ku shook his head slightly:"The situation was urgent at that time. Wuchuan did not return to the clan and did not elaborate on the reason. He only sent me some information." He said that a young man came out of the Southern League, his name seemed to be Qin Feng, and his strength reached half-step eternity."

"It was this person who trapped Yu Qian, and he had to rescue him quickly. At that time, I was unable to separate myself because of the holy egg. Wu Chuan contacted Yu Heng, and the two set

off again. But I didn't expect that in less than two days, Wuchuan's soul card had just been shattered."

Speaking of this, Bai Ku is extremely sad.....

"No way? Hasn't Senior Yu Heng broken through to the first realm of eternity? With him here, how could anything happen to the clan leader?"

"yes! Even if Qin Feng from the Southern Alliance is a half-step eternal warrior, it would be difficult to escape in front of the first realm of eternity. Why do I feel that the death of the clan leader has nothing to do with SAARC?"

The elders looked confused.

Accompanied by Yu Heng, Bai Wuchuan had fallen, which was really hard for them to understand.

I'm afraid not many people in Guixu could do it!

"By the way, Your Majesty, since you have Senior Yu Heng accompanying you, please contact Senior Yu Heng now and ask the clan leader what happened. Will everything become clear?....."

Bai Ku smiled bitterly:"I have contacted Yu Heng, but there has been no reply for a long time. The situation this time is too confusing....."

As soon as he said this, someone sent a message to Bai Ku's communication talisman.

He quickly took out the communication talisman and penetrated with his spiritual consciousness.

The next second, his expression changed drastically. He was dumbfounded and his eyes widened in shock.

"Your Majesty, what's wrong?"

All the elders asked anxiously.

Only then did Bai Ku come back to his senses and looked at everyone with a dejected face.

"I just received a message from the chief elder of the Yu clan that both Yu Qian and Yu Heng have died....."

"Wha...what?!"

As soon as those words came out, it was like thunder, and the whole audience was dumbfounded.

For a moment, the entire audience was silent, and even the air froze.

It took a long time for everyone to look at each other and calm down.

"Your Majesty, is the news just now true?"

"Naturally true! The soul cards of Yu and Heng were shattered, so what else could there be to doubt?"

Bai Ku took a deep breath, his face was very gloomy.

The expressions of the elders also darkened...

The current situation is very wrong!

After a while, the third elder spoke first

"Your Majesty, Senior Yu Heng is already a strong man in the first realm of eternity. Even if he is the weakest among the four saints, it is extremely difficult to kill him. How could he fall? Could this be related to that young man named Qin Feng?"

As soon as this was said, some people objected

"impossible! SAARC definitely does not have that kind of strength. As for Qin Feng, he only has half a step of eternal strength. With such strength, can he destroy Senior Yu Heng and the two clan leaders alone?"

"That's right! I also don't think it could have been that kid, I'm afraid it's someone else..."

"If you want to kill Senior Yu Heng, you must be at least a saint-level expert. Then who could it be?"

The elders started talking a lot.

Bai Ku frowned:"No matter who the murderer is, this matter is inseparable from the Southern Alliance. Maybe if we find people from SAARC, we can know some truth....."

The third elder's eyes lit up:"Your Majesty is right, this matter is somewhat related to the South Alliance. Your Majesty, should we send people to arrest the people of the South Alliance now and force them to tell the truth. The hatred of the clan leader cannot be I won't retaliate!"

As soon as he finished his words, another message came from the withered communication talisman.

He quickly took it out and took a look.

After a moment, he frowned slightly, showing a strange look.

"Your Majesty, what happened?"

"The four great saints jointly issued a wanted order, asking all races to send people to search every corner of Guixu for traces of people from the God Realm. If you find anything, report it immediately! Those who have the ability to capture will be rewarded heavily!"

"Huh! Why did the Four Saints issue such a wanted order?"

"Someone destroyed the spiritual root of heaven and earth and picked the most essential divine leaf from it....."

After Bai Ku finished speaking, he calmly put away the communication talisman.

The elders opened their eyes wide in shock.

To be able to pick the divine leaves from the divine tree, you must have at least a combat power at the threshold of the eternal realm!

This person is not something they can deal with!

The third elder's eyes lit up:"Everyone, isn't the Southern Alliance heading for the spiritual roots of heaven and earth? I'm afraid that this incident has nothing to do with the Southern Alliance....."

Bai Ku nodded slightly:"I think so too. Whether it is the fall of Wuchuan or the loss of the divine leaf, it involves the Southern Alliance. If we want to find the truth, we must first find the people of the Southern Alliance....."

"Your Majesty, let us unite with the Yu clan now and use all our strength to find them....."

"No! Bai Ku shook his head,"Even Yu Heng has disappeared, and we are still so reckless. We are afraid that the disaster will be worse." In my opinion, there may be an extremely powerful person hiding behind SAARC....."

The third elder said anxiously:"What should we do? Now that the spiritual roots of heaven and earth have disappeared, the people of the Southern League will return to the God Realm. Are we watching them return to the God Realm? What if we wait until they return to the God Realm? Revenge for the clan leader would be difficult...."

"yes! Your Majesty, we cannot just wait for the Southern Alliance to return to the divine realm!"

The elders also expressed their opinions one after another.

Bai Ku nodded:"That's right! Wuchuan's revenge must be avenged! However, you don't have to worry. According to the past, it would take seven or eight days for SAARC to return to the God Realm. We still have time....."

"Your Majesty, what are you going to do?"

"Contact the Holy Lords and ask them to help us take revenge!"

As soon as these words were said, all the elders showed strange expressions.

Even the third elder hesitated.

Then, an elder smiled bitterly: "Your Majesty, if you invite the Holy Lord to come, our secret cultivation of the Holy Egg will be exposed.. If we don't do it right, we will be exterminated by the holy lords....."

"yes! Your Majesty, the four great saints prohibit all races from cultivating holy eggs in private. The fact that our Bai and Yu tribe secretly cultivated the holy eggs must not be leaked....."

It turns out that the holy eggs cultivated by the Bai and Yu tribes will also be ghosts after they are born in the future.

But this kind of holy egg spirit is different. It is born with soul and is the master of the universe.

When the holy egg spirit monster grows to the eternal realm, it can turn its own universe into a holy land, making the Bai clan become the fifth saint clan like the four major saint clans.

This is the ambition of the Bai and Yu tribes to cultivate holy eggs.

However, the four major saint clans do not allow the birth of new saint clans, so all races are prohibited from cultivating holy eggs.

If found, their entire clan will be exterminated.

Seeing the panic of the elders, Bai Ku had already expected

"Folks, you don't have to worry. We only notified Holy Lord Wu Tian to come, but not the other three Holy Lords. Wu Tian Shengzun is the weakest and is not good at the six senses. As long as we hide the Holy Egg in advance and eliminate all signs, it will be fine....."

Bai Ku comforts everyone

"Your Majesty, do you have to invite the Holy Lord Wu Tian? Bai

Ku smiled bitterly:"If we don't ask him for help, I'm afraid we won't be able to get revenge." If you don't want to avenge the clan leader, let this matter go. We will let the Southern Alliance return to the divine realm....."

"no!"The third elder immediately objected,"I think the Supreme Leader's approach is feasible. As long as we hide it well, Lord Wu Tian will discover the unholy egg. Besides, we are only using his power to take revenge, and we are not letting him stay in our station all the time....."

As soon as these words came out, all the elders thought.

After a while, everyone nodded slightly to express their agreement.

"By the way, Your Majesty, please ask Lord Wu Tian to help. We also need to inform the Yu clan and ask them to hide the holy egg, so as not to reveal any clues, and both of our clans will be ruined!"

"Makes sense!"

At that moment, Bai Ku sent a message to the great elder of the Yu clan.

Soon, the two clans reached a consensus.

The Yu clan was also eager to avenge Yu Heng and Yu Qian, and also agreed to invite Holy Lord Wu Tian.....

In this way, the two races began to hide the holy eggs.

One day later, the two tribes completely hid the holy egg and erased all traces of the altar.

After doing this, Bai Ku sent a message to Wu Tianshengzun for help.....

In this day, Qin Feng had arrived near the Yu clan's residence without even realizing it.

Bai Ku and others did not know that Qin Feng and the people from the Southern Alliance not only did not return to the God Realm, but instead came to kill them..

Chapter 938

At this moment, in the vast void, a figure appeared, it was Qin Feng...

He had been traveling in the void for a day...

One day in the outside world, ten years in the dual universe.

In the past ten years, those subordinates who have refined the Taishen Pill have greatly improved their strength.....

For example, several half-step gods from Southern Alliance have all broken through to the realm of gods.....

Some other subordinates with outstanding talents have also made progress after ten years of seclusion... such as Panzu, Fengdi, and Fuzhidu have broken through to half-step gods.

Qin Baobao and Ming He also broke through to the Perfect God.....

All in all, all my subordinates have greatly improved their strength throughout the day.....

This increased Qin Feng's combat power to 342 trillion yuan, an increase of 2 trillion yuan.....

In addition, the cultivation breakthroughs of many of his subordinates also gave Qin Feng extra lives.

When Qin Feng took Zhenji, Jiuyuan and others into his sect, he also accumulated a large amount of life points.....

Qin Feng exchanged all these life values and got more than 3 million exchange points.....

In addition, the phantom clone also counted a large amount of trophies, obtained countless resources and secret techniques, and gained extremely richly...

In addition, Qin Feng also found the source of the Yu Clan's residence from Yu Heng's storage ring. occult.....

"Your Majesty, how far are we from the Yu Clan's camp now?"

Qin Feng's mind rang with the question of Zhenji God.

"You can arrive there in about an hour....."

"Your Majesty, why don't you go to the Bai camp first?"

"The Bai people have more settlements than the Yu people, so they need to travel another day."

"I see! Hope this trip goes well....."

Prayers to God.

Qin Feng didn't say much.

He killed the Supreme Elder and the clan leader of the Yu Clan, and had already formed a deadly feud. Naturally, he had to kill and eradicate them...

Otherwise, the Yu Clan would most likely go to the God Realm and seek revenge from the Southern Alliance.....

What's more, the Yu clan possesses the Three Wonders of Ancestral Water, which is also what he wants.

There is also the holy egg mentioned by Qinglin, which he is also very interested in.....

At this moment, Qin Feng rushed towards the Yu clan's camp with all his strength.....

Time passed quickly, and an hour passed in the blink of an eye.

At this moment, the Yu clan is stationed within the forbidden area.

The four elders of the Yu tribe looked at the demolished altar below and were filled with emotion.

"Second Elder, the altar has been demolished. Even if Holy Lord Wu Tian comes, he won't find anything, right?"

"You shouldn't find out! What's more, the place where Wu Tian Shengzun is going is for the Bai people, not our Yu people, so we don't have to worry too much."

"Speaking of which, the four great saint clans are still too domineering! After they cultivated the holy egg, other races were not allowed to cultivate it. It makes people angry just thinking about it."

"Hey~! There are only so many benefits for Guixu, so they naturally don't allow others to share the benefits. In short, before we cultivate the Holy Spirit, we must be careful in everything we do."

The second elder warned carefully.

All the elders nodded.

At this time, another elder was happy.

"Speaking of which, we are slightly luckier than the Bai people. At least the first stage of our holy egg is mature, so it will be fine even if it stops. But when the Bai people stopped, most of their early cultivation was wasted, and the first stage of their holy eggs was not yet mature....."

"Hey~! There is no way around this! The Bai people were eager for revenge and had to make some sacrifices."

"But this time, our supreme leader and clan leader both died, and their losses were even worse than theirs....."

"yes! However, our Holy Egg is making good progress. As long as the Holy Egg is cultivated smoothly, our Yu Clan will be able to make a comeback and bring our Yu Clan to its peak....."

These words made the elders nod slightly.

The second elder looked in the direction of the Bai people and murmured to himself.....

"Now it depends on the Bai people. If the Bai tribe does not condense the Six Spirits Ancestral Water, our Holy Egg will not be able to proceed to the second stage!"

"yes! The Bai people took such a big risk this time and invited Wu Tian Shengzun here, saying it was for revenge on Bai Wuchuan, but in fact it was for the Six Spirits Ancestral Water. Without the Six Spirits Ancestral Water, their holy eggs would never reach the first stage of maturity....."

"This is true! I really didn't expect that it would be so difficult to condense a Six Spirit Ancestral Water. This time, not only Bai Wuchuan was involved, but also our Yu clan's supreme leader and clan leader were involved....."

"I hope that this time, they can use the help of Wu Tianshengzun to intercept the people of the Southern League and capture the Nine Yuan God alive....."

"Hey~! Hope so!"

The four people sighed.

It turns out that the maturity of the holy egg is divided into two stages.

In the first stage, the holy egg of the Yu tribe enters a mature state by absorbing the Sanqi ancestral water. At this time, the holy blood can be extracted for use.

The Bai tribe's The Holy Egg is cultivated using the Six Spirits Ancestral Water.

In the second stage, it is necessary to use the Creation Divine Water to cultivate the Holy Egg.

With the power of the Yu and Bai tribes, it is difficult for a single tribe to condense the Creation Divine Water, so they form alliances and cooperate. First, each condenses an ancestral water, and then together they condense the divine water of creation.

Therefore, if the Bai tribe's Six Spirit Ancestral Waters are not condensed, the Yu tribe's Holy Egg Project will not be able to continue.....

"By the way, the Great Elder and the others have arrived at the Bai tribe, right?"

"It should be here! I guess it's time for Holy Lord Wu Tian to come to the Bai tribe....."

"I hope they can succeed this time, and they must not let the SAARC people escape again....."

"Do not worry! This time, the Great Elder brought six powerful Heavenly Lords over, and the Bai clan still had one Half-Step Eternal. Seven Heavenly Lords, plus Holy Lord Wu Tian, couldn't stop a single Southern Alliance person?"

"I'm afraid that not only these masters, but also Wu Tianshengzun will bring some of his subordinates there....."

"That's good! I wonder where those SAARC people are now?"

As soon as these words were said, there was a shocking loud noise outside the forbidden area...

Rumble~!

Click~! Click~! Cha!~!

"not good! The station formation has been breached!"

"who?! who?! Who is attacking our Yu tribe?"

The faces of the four elders changed greatly, and they all looked outside the forbidden area.

At this moment, a shrill scream sounded outside the forbidden area...

The faces of the four people became extremely ugly.

There is no doubt that, the Yu tribe was attacked, and they were massacred one-sidedly... Before the four of them could take action, a tribesman covered in blood flew out of the forbidden area.....

"Elder! Elder! Not good! Not good...! The people from SAARC are coming to kill you!"

"What?!"

The four elders were dumbfounded and thought they heard wrongly.

They were guessing the movements of SAARC, but they didn't expect that the other party had already entered the house.....

"SAARC? How do you know you are from SAARC?"

"Elder! themselves... ah~! "

Boom~!

Before the man could finish speaking, a slender and white finger penetrated the void, crushing the man to pieces with one finger...

The four elders were so frightened that their expressions changed, and they retreated in horror...

The one who was killed instantly The clansman is a powerful person at the top of the gods, but he was crushed to death by someone with one finger. This is really terrifying.....

The next second, the space shook slightly.

The owner of the finger walked out of the void, and turned out to be an extremely handsome young man with long flowing hair, starry eyes, and unparalleled power.....

Chapter 939

The owner of the finger walked out of the void, and turned out to be an extremely handsome young man with long flowing hair, starry eyes, and unparalleled power.....

The visitor is Qin Feng.....

"Who are you?!", the second elder asked in shock....

"What does it have to do with you!"

Qin Feng's lips curled up slightly:"Hand over the Holy Egg and Sanqi Ancestral Water!"

The faces of the four elders changed greatly.

The Holy Egg is the biggest secret of their clan. How does this person know?

Of course they don't know. Qin Feng has already obtained many secrets of the Yu clan from the storage rings of Yu Heng and Yu Qian.

The holy egg is no longer a secret to Qin Feng.

He even learned how to cultivate the holy egg.

"Sir...How do you know that our clan has a holy egg?"

An elder asked with trembling lips.

Qin Feng frowned and slapped it with a palm...

Boom~!

A loud explosion!

The void shattered and the body collapsed~!

The elder screamed miserably and turned into water mist all over the sky. , was killed instantly with one palm.....

"Ding~! The host kills the God-level returning monster... and obtains 100 trillion merit points (1 million redemption points)....."

System prompts echoed in Qin Feng's mind...

At this moment, the place was in chaos.....

"Five...the fifth elder is dead!"

The elders shouted in shock

"You...why did you kill the fifth elder?...."

Boom~!

Another shrill scream!

The questioning elder was also killed instantly by Qin Feng.....

"Ding~! The host kills the God-level returning monster... and obtains 103 trillion merit points (1.03 million redemption points)....."

The second elder and another elder were completely shocked. They were so frightened that they did not even dare to breathe.,.....

Qin Feng can kill God instantly with just a raise of his hand.

They don't need to think about it to know that Qin Feng is a powerful person in the eternal realm.
.....

In front of the powerful people in the Eternal Realm, they were like ants, not even having the courage to escape...

But they couldn't figure it out. No matter how Qin Feng's cultivation aura looked at it, it was just a True God's Great Perfection!

Can a true god, Dzogchen, be so powerful?

They dare not think, let alone ask.....

At this time, Qin Feng looked at the two of them calmly.

The two of them were even more frightened and their faces turned pale.....

"explain! Where are the Holy Egg and Sanqi Ancestral Water?"

"Sir... Sir, I... I will tell you the location of the Holy Egg and the Sanqi Ancestral Water, will you let me go?"

Boom~!

"Ding~! The host kills the God-level returning monster... and obtains 108 trillion merit points (1.08 million redemption points)....."

With another crisp palm, Qin Feng killed the elder instantly.....

For a moment, only the second elder was left in the field.

At this moment, the second elder opened his mouth wide and looked confused. He could not guess what Qin Feng was thinking at all.....

"What a noise!"

Qin Feng was a little impatient.

What he wanted was the answer, not the other party's inquiry, let alone negotiating terms.....

Even if these people didn't say anything, he could still find out the Holy Egg and Sanqi Ancestral Water with his ability, so he didn't bother to talk too much with these people...

Qin Feng turned his head slightly and looked at the second elder...

The second elder was frightened. Have to tremble all over

"explain!"

"Sir... sir, over there!"

The second elder quickly pointed to the depths of the forbidden area, in the direction of a huge mountain.....

"By the way, sir, you can't kill me! The Bai people have contacted Wu Tianshengzun to come. He is the ultimate powerhouse in the first realm of eternity. If you kill me, Lord Wu Tian will definitely not let you go....."

Qin Feng frowned slightly.

He originally thought that after condensing the Divine Water of Creation, he would go to the Holy Land of Wu Tian and take back the last half of the inherited jade tablet from the hands of the Holy Master Wu Tian.....

Unexpectedly, that guy was invited by the Bai people.

I don't know if this is good or bad?!

However, the news came at just the right time for him to make more preparations.....

"You said that Wu Tian Shengzun is an extremely powerful person in the first realm. What does this mean?"

Qin Feng inquired.

Seeing Qin Feng's expression softening, the second elder thought that Qin Feng was afraid of Wu Tiansheng.

At that moment, he said:"Sir, the so-called extremely powerful people are those who are almost invincible in the first realm of eternity. Holy Lord Wu Tian is such an existence"

"Not only that, he is immortal. Unless his holy land can be destroyed, he can still be resurrected in the holy land after being killed."

"But if you really want to go to the Holy Land to deal with him, you will be even less likely to be his opponent. Outside the Holy Land, Saint Wu Tian is an extremely powerful person in the first realm of eternity. But inside the Holy Land, he can use the power of the Holy Land to reach the level of the second realm....."

The second elder talked eloquently.

He told Wu Tianshengzun's fighting power to scare Qin Feng away in order to save his life...

After hearing this, Qin Feng was a little surprised, but also a little happy at the same time.

If he didn't know it and went to the other side's holy land to find trouble with Holy Lord Wu Tian, I'm afraid he would have no choice but to run for his life.

With his current strength, he is still far from the second level.

Fortunately, the Bai people invited Wu Tiansheng out. This is a good thing!

At least outside the Holy Land, he still has a chance to defeat Holy Lord Wu Tian.

However, that slim chance is still slim.

After all, the combat power of Saint Wu Tian has reached the limit of the first level!

Qin Feng frowned slightly, feeling pressure in his heart.

When the second elder saw this, a look of pride flashed across his eyes, secretly thinking that this boy was still afraid of Holy Lord Wu Tian!

He brought up the name of the Holy Lord, and it was indeed right.....

"Sir, Holy Lord Wu Tian will arrive here soon. Yu advises you to retreat now. Otherwise,....."

The second elder paused deliberately when he said this.

The threat in those words was clear at a glance.

Although what he said was a lie, Wu Tianshengzun would not come to the Yu tribe's camp, but he was confident that he could scare Qin Feng away...

In his opinion, Qin Feng's strength was much worse than that of Wu Tianshengzun, and he would definitely be frightened and retreat immediately. , even the Holy Egg and Sanqi Ancestral Water did not dare to be taken.....

"Yeah? Will Holy Lord Wu Tian come?"

"Yes, it should be arriving soon!", the second elder continued to deceive

"Oh, then you can go die!"

"Wha...what?!"

Boom~!

Before the second elder could react, Qin Feng took action directly...

With a shrill scream, the second elder was killed to pieces.....

"Ding~! The host kills the God-level returning monster... and obtains 121 trillion merit points (1.21 million redemption points)....."

In just a short while, Qin Feng accumulated more than four million redemption points...

He would not show mercy when he killed Xu Degen, and he also knew that the second elder did not tell the truth.....

The old guy said before that he was invited by the Bai tribe, but now he said he would come to the Yu tribe.

Calculating the time, it won't be that fast.

According to Qin Feng's calculation, even if the Bai people invite Wu Tianshengzun, it must be after he has killed Bai Wuchuan, so he will not arrive so soon.....

Thinking of this, Qin Feng opened his mouth and sucked in all the energy transformed by the four elders.....

"Ding~! Congratulations to the host for successfully absorbing God-level energy (four).....Your cultivation level has been raised to True God's Great Perfection 94.7%.....Combat power increased to 346 trillion Rang....."

After a while, Qin Feng had refined all the energy, and his combat power increased again.

Satisfied in his heart, he ducked and arrived near the giant mountain pointed by the second elder.

After careful observation, he found that there was an opportunity under the giant mountain, and various phantom formations were arranged around it...

At that moment, Qin Feng began to crack the formation...

The Guixu spirits were not good at formation restrictions, and those phantom formations The arrangement was very rough...

It didn't take long for Qin Feng to untie the magic array, and the entire forbidden area trembled violently...

Long~! Long~! Long~!

The huge mountain slowly moved away.

As the earth trembled, a huge spiritual pool slowly rose from the ground.....

The spiritual pool was filled with the Sanqi Ancestral Water, and on the altar in the center of the spiritual pool, there was a giant egg that was a hundred people high...

The giant egg was as green as jade, exuding a dazzling aura, and appeared to be full of spirituality..

This is the holy egg of the Yu clan.

Qin Feng observed for a while and found that the holy egg exuded a touch of heavenly power and suddenly reached the level of God.....

This made him happy, thinking to himself that it was indeed the case.

Now, this holy egg is not fully mature and its consciousness has not yet formed, yet it has the power of God.

According to the cultivation information left by Yu Heng, as long as it is cultivated with the Divine Water of Creation, the holy egg can be transformed into a complete state and the Holy Spirit can be born.

At that time, as soon as the Holy Spirit is born, he will be able to achieve half-step eternal strength.

When the Holy Spirit is born, it can be fed with blood to make it recognize its Lord.

This is equivalent to having a half-step eternal battle pet!

Not only that, the Holy Spirit grows extremely fast. When it reaches adulthood, its strength will naturally rise to the first level of eternity...

What's more, this little guy will have a small universe in the future.

After it hatches, it can turn the small universe into its own small world, which will be of great help to him in creating a new divine world...

In short, this holy egg will be of great help to Qin Feng.....

With this in mind, he waved his hand and took the holy egg into his dual universe.

The next second, he opened his mouth and swallowed the full pool of Sanqi Ancestral Water..

The next second, Qin Feng opened his mouth and swallowed the full pool of Sanqi Ancestral Water.
.....

"Ding~! Congratulations to the host for successfully refining a large amount of Sanqi Ancestral Water.....Your combat power increases to 350 trillion Rang....."

After a long time, Qin Feng slowly opened his eyes, filled with joy.

The pond full of Sanqi ancestral water was refined by him. Although it had no effect on his cultivation progress, it increased his combat power to 350 trillion Rang in one fell swoop.....

The limit of combat power in the first realm of eternity is generally around 400 trillion yuan...

However, the increase in combat power in the first realm of eternity is about 170 times.

But Qin Feng's combat power increased by two hundred times.

After such calculation, Qin Feng's current comprehensive strength is comparable to the limit of combat power in the first realm.....

In other words, if the second elder of the Yu clan had not lied, his winning rate against Wu Tian Shengzun would now be about 50%.....

Qin Feng was satisfied with this thought.

50% winning rate!

Half and half!

It's worth a try!

What's more, the Bai tribe has the Six Spirits Ancestral Water that he wants most, Qinglin's bones from his previous life, and another holy egg.....

At this moment, the sound of breaking through the air continued to be heard outside the forbidden area.....

After a while, five people, Zhenji, Jiuyuan, Bie Tie, Ziwei, and Qinglin, entered the forbidden area.

"Your Majesty, kill all the millions of spirits and monsters in the Yu clan without missing a single one!"

Zhenji God reported respectfully.

Qin Feng nodded slightly:"Okay! To cut the weeds, we need to root them out. If we don't exterminate them today, it will be a disaster for us in SAARC tomorrow! By the way, where are the others?"

"Returning to Your Majesty, they are transporting the resources of the Yu tribe. Although the Yu people are barbarians who have returned to the ruins, they still have a lot of resources left!"

Zhenji Tianzhu looked excited.

Jiuyuan and others also smiled.

The harvest this time was not small, and everyone was very satisfied.

Qin Feng nodded slightly and didn't say much.

Just let his subordinates arrange these small resource matters. Got it

"Your Majesty, this is the energy that the spirits turned into after their death. We have collected it."

Zhenji God respectfully presented a storage ring.

Jiuyuan, Bitie, Qinglin, and Ziwei each also presented a storage ring.

While they were killing the Yu clan spirits, they were also responsible for collecting energy.

The energy of millions of monsters is enough to fill five storage rings.

"good!"

Qin Feng accepted the five storage rings with satisfaction.

"Your Majesty, have you obtained the Holy Egg and Sanqi Ancestral Water? Qing

Lin asked curiously.

Qin Feng nodded slightly: "I got it!" However, I got another news. The Bai people actually invited Wu Tianshengzun to come. It should be for our Southern Alliance....."

As soon as these words came out, the expressions of Qinglin and the other five people all changed.

"Your Majesty, the situation is not good now! The Four Saints of Guixu are all very powerful. They are not comparable to ordinary first-level eternity powerhouses....."

"yes! At the beginning, my ancestor, the Master of Jiuquan Universe, lost his life because he despised the four saints. Your Majesty, you have to be careful....."

Zhenji and Jiuyuan reminded each other.

They know more about Guixu than the average person.

Qinglin also said worriedly: "I really didn't expect that the Bai clan would do this. Generally speaking, if the Guixu clan wants to invite the Holy Lords, they can't do it. I'm afraid something will happen here and the Holy Lords will come voluntarily." Come....."

"No matter what, the situation is not good. Your Majesty, should we withdraw to SAARC first and avoid the danger temporarily? After all, this is Guixu territory and it's not good for us....."

Bie Tie also expressed his opinion.

Only Star Master Ziwei smiled slightly and did not express any opinion.

She knew that the four Zhenji people had been together with Qin Feng for too short a time and did not understand the speed at which Qin Feng's strength was improving.

To put it bluntly, the four Zhenji still underestimated Qin Feng.

Their view of Qin Feng's strength still rests on the impression that Qin Feng killed Yu Heng.

In fact, Qin Feng has reached the level of Wu Tianshengzun without knowing it.

And Star Master Ziwei knows Qin Feng very well.

Since Qin Feng told this information, it means that Qin Feng is not afraid of Wu Tiansheng at all.

Qin Feng smiled slightly: "What are you afraid of? I got the information from the Yu clan elders. I don't know whether it is true or false. Even if it is true, so what? Of course, if we can get to the Bai clan faster than Wu Tian Shengzun, more beneficial to us...."

Qinglin's eyes lit up: "Yes! As long as your majesty arrives first, you can obtain the Six Spirits Ancestral Water, and your majesty's strength will be greatly increased. Maybe, your majesty can break through to half a god in one fell swoop. By then, your majesty will still be able to There is really no need to be afraid of Lord Wu Tiansheng...."

This reminder made everyone in Zhenji's eyes light up.

Immediately, Zhenji said: "Your Majesty, let's set off now! Don't delay the trip!"

"The five of you quickly help others collect resources and deal with all this. We will set off immediately!"

"yes! His Majesty!"

At this moment, the five Zhenji people left the forbidden area one after another to help their subordinates search for resources...

Qin Feng took out the five storage rings he had just obtained, released all the energy inside, and swallowed them all in one gulp.....

It didn't take long for him to devour and refine them all.

The energy of those millions of spirits was so majestic that his cultivation level was increased to 95.8% of the True God's Perfection, and his combat power was increased to 354 trillion yuan.....

This made Qin Feng very happy, and his confidence in fighting Wu Tianshengzun became stronger.
.....

Soon, everyone in the Southern League also plundered the resources of the Yu clan. It was a great harvest, and everyone was overjoyed.

A quarter of an hour later, Qin Feng took everyone into the dual universe and hurried towards the Bai Clan's residence.....

At this moment, the Bai people's camp was already in panic.

Bai people, in the meeting hall.

Bai Ku was surrounded by the elders of the Bai and Yu tribes, and everyone looked panicked.

"Yutong, are you telling the truth? Have all the four elders left behind by your Yu clan died?"

Bai Ku looked at the great elder of the Yu clan - Yu Tong

"yes! Senior Bai, their soul cards are all broken, there is absolutely no mistake...."

Yutong looked sad

"Senior Bai, not only the four elders died, but the soul cards of other clan members were also shattered. We contacted everyone and couldn't reach anyone....."

"Not long ago, some tribesmen sent us distress messages, but now we can't contact them. Our Yu tribe is probably exterminated....."

The other elders of the Yu clan cried one after another...

Everyone looked ugly after hearing this...

Bai Ku took a deep breath: "The person who came here can destroy the Yu clan in such a short period of time. His power is so powerful that it cannot be done by just one person. Yutong, do you know who did it?"

"Senior Bai, in the message asking for help, a tribesman mentioned that he saw two of them very similar to the Jiuyuan God and Zhenji God described by the tribe....."

"What? Jiuyuan, Zhenji? Could it be that those who came to kill were people from SAARC?"

"No way? We haven't even caused trouble with SAARC, but they have come to our door!"

"Damn it! Your Majesty, let's go to the Yu tribe now and kill all the Southern Alliance dog thieves!"

The elders of the Bai ethnic group were filled with indignation.

"Senior Bai, we also believe that it was SAARC who did this, and we hope Senior Bai will make the decision for us!"

Yu Tong also choked and begged.

But Bai Ku shook his head repeatedly: "Don't worry, everyone! Judging from the current situation, it is indeed SAARC. But have you ever thought about it. After Nanmeng picked the spiritual fruit from the spiritual roots of heaven and earth, not only did they not leave, but they came to kill them. This shows what?"

"Your Majesty, what does this mean?"

"It means that the story of Yaochi God has been completely exposed! The SAARC came here for revenge. Moreover, they have the ability to take revenge! Are you thinking about how Yu Heng, Yu Qian and Wuchuan fell? I'm afraid that among the people they come this time, there are powerful people in the Eternal Realm!"

Bai Ku's analysis was very clear and logical.

Those words were shocking.

After listening to it, everyone's expressions changed drastically and they were all panicked.

"Your Majesty, then...what should we do? If the Southern Alliance has the support of Eternal Realm experts, we, the Bai people, will be in trouble!"

"yes! It would take only three or four hours to get here from the Yu Clan's station, at the speed of the Eternal Powerful One. What should we do? Bai

Ku took a deep breath:"Everyone, I contacted Holy Lord Wu Tian not long ago. He will arrive in three hours.""

As soon as these words were spoken, everyone's eyes lit up.

"It would be great if the Holy Lord could arrive at this time!"

"yes! With the Holy Lord here, we don't have to be afraid of the powerful Eternal Realm experts from the South Alliance."

"strangeness! I have always heard that the strength of the South Alliance is low. When did there be a strong person in the Eternal Realm?"

"Eternal powerhouses are extremely rare. In my opinion, even if there are powerhouses in the eternal realm in Southern Alliance, they are the ones who have just broken through....."

Everyone gradually felt relieved when they learned that Lord Wu Tiansheng was coming.

Bai Ku said again:"Everyone, no matter when the Holy Lord arrives, we must not relax. Great Elder, please inform us immediately to activate the defense formation of the whole clan. I will personally lead the formation, and you will also help me. The Yu clan's Elders, come together!"

"Senior, we will fully obey your orders!"

The elders of the Yu tribe agreed one after another.

"This time, with the Taishang's main formation and the assistance of more than a dozen elders from our two clans, the protective power of the defensive formation has reached its peak. Even if a strong man from the first level of eternity comes, he will not be able to break the formation within an hour."

"One hour is enough! Perhaps, Holy Lord Wu Tian will arrive without waiting for us to activate the formation....."

Several elders of the Bai tribe looked relaxed.

Bai Ku urged:"Everyone, hurry up and get ready! I will also contact the Holy Lord and urge him to arrive as soon as possible....."

"I'll obey!! "

At this moment, all the elders took the order and left...

After Bai Ku hurriedly sent a message to Wu Tianshengzun, he also rushed to set up a defensive formation.....

It's just that these people underestimated Qin Feng's strength.

Qin Feng is not an ordinary first-level eternal warrior. His combat power has reached the limit of the first-level eternal warrior.

At his speed, it would only take two or three hours to get from the Yu tribe to the Bai tribe's camp, not three or four hours.....

On the other side, somewhere in the void.

More than a dozen giant beasts are rushing towards the Bai tribe.

The giant beast headed by it has an extremely huge body, and the width of its back cannot be seen at a glance. It seems to be tens of billions of miles wide...

This giant beast is Wu Tianshengzun.

Behind it were two half-step eternity-level behemoths, two elders of the Wutian Saint Clan.

The next dozen or so giant beasts are all God-level.

At this moment, Wu Tian Shengzun seemed to sense something. With a shake of his body, he transformed into a middle-aged man with a majestic expression...

All his subordinates also transformed into human forms.

After Wu Tianshengzun turned into a human form, he took out the communication jade talisman and took a look at it, and frowned involuntarily.

"Holy Lord, what's wrong?"

A half-step eternal elder asked with concern

"I just received a message from Bai Ku asking for help, saying that the SAARC people are about to kill them. They asked me to speed up and rush to the rescue....."

"SAARC? He didn't mean that the loss of the Divine Leaf was related to the Southern Alliance. Then Nanmeng should flee back to the God Realm as soon as possible. He has the means to track

SAARC. It is also because of this that we come to the Bai tribe. Why did the Southern Alliance now take the initiative to kill the Bai people?"

"Since Bai Ku asked for help, the situation must be critical. Otherwise, I can rush there first and you can arrive later....."

Holy Lord Wu Tian put away the communication jade talisman.

Without the burden of his subordinates, he would be faster and could naturally reach the Bai clan earlier.....

At this moment, all the men agreed.

After Wu Tiansheng made an explanation, he hurried towards the Bai people alone..
