

God level 961

Chapter 961

It didn't take long for Huang Tianshengzun to be completely unable to hold on anymore.....

"Lin Feng, the little thief! Huang and you are at odds with each other! I will definitely come and get the Zodiac Seal in person.....ah~! "

Pfft~!

With a soft sound, the soul was shattered~!

Huang Tianshengzun died~!

Compared with the creatures in the divine world, Huangtianshengzun's soul was weaker than Luofu, and it was easier to strangle.....

"Ding~! Congratulations to the host for successfully killing the Returned Ruins Spirit (Huangtian Shengzun) in the first realm of eternity.....Obtain 12 million merit points (12 million exchange points)....."

Qin Feng was overjoyed and put away the energy transformed by Huang Tianshengzun.

The Zodiac Seal made a clear sound, and fled towards the entrance of Guixu like a living thing...

Qin Feng stopped the treasure, sealed it, and put it away...

In addition, Holy Lord Huangtian also left behind He dropped a large amount of Creation God Land, which was also pocketed by Qin Feng.....

The harvest this time is huge!

After doing this, Qin Feng went to kill Wu Tiansheng.

This time, Qin Feng, Xu Ying's clone, and Kun Peng joined forces to kill Wu Tian Shengzun in just a few encounters.....

In the sky, the screams of Saint Wu Tian reverberated.....

"Ah~! Young man Lin Feng, if you don't take revenge for this, Wu will never be a human being!"

It took a long time before the screams completely dissipated and everything returned to calm.....

System prompts echoed in Qin Feng's mind.....

"Ding~! Congratulations to the host for successfully killing the returning monster in the first realm of eternity (Wu Tianshengzun).....Gain 10.7 million karma points (10.7 million redemption points)"

Wu Tianshengzun was killed by Qin Feng for the second time, and his last chance to be resurrected was about to run out.....

Qin Feng was delighted when he saw the sky-wide energy transformed by Saint Wu Tian and the divine wind of creation.....

He waved and put away all his energy.

The ball of creation divine wind was also put away, and will be refined when there is time, and will be used by the phantom clone in the future...

Speaking of which, Wu Tian Shengzun was killed by him twice in a row, and both groups of creation divine wind were lost. There is no divine wind inside, which is quite embarrassing.....

"Master, the enemies are all dead! It's a pity that one of the strongest ones ran away....."

At this time, Kunpeng ran over excitedly.

It's just that he couldn't keep Zhutian Shengzun, which made him feel regretful.....

"If Zhu Tian were not allowed to leave, we would not be able to kill him so smoothly. Speaking of which, the threat to us from the four great saints of Guixu has been reduced to the minimum. Next, the most troublesome thing is the seven major forces in the God Realm....."

Qin Feng thought of Luofu's heartfelt oath before his death, which should have alarmed the powerful men of the seven major forces in the God Realm.....

Of course, with Qin Feng's current strength, he is no longer afraid of any strong person in the second realm of eternity.....

But among the great powers of the God Realm, there is also the existence of the third eternal realm...

As far as Qin Feng knows, there are three eternal third realms among the seven major forces.

As for the Nine Heavens and Ten Realms, that is even more mysterious. Qin Feng doesn't know how many third-level masters there are...

Regarding the temptation of the holy weapon, the Nine Heavens and Ten Realms may not be tempted, but the great masters of the God Realm will definitely be tempted.....

Qin Feng's biggest pressure is the three powerful men in the third eternal realm.....

The threshold of combat power in the third realm of eternity is 4000 trillion Rang, which is far beyond what Qin Feng can deal with now.....

"Master, will the seven major forces of the God Realm come soon?"

Little Kunpeng began to worry about his master.

"It's not like we'll arrive right away! The God Realm is huge, and even if those great powers want to rush over, it will take them some time."

"What's more, these people are all old and mature. If they don't understand some situations, they will not come forward easily. According to my estimation, even if someone comes to cause trouble, it will be ten and a half months later..."

Qin Feng carefully After some analysis,

Xiao Kunpeng nodded slightly:"Master, then we have to take advantage of this time to make some preparations....."

"During this time, my strength should improve. Of course, if I can ascend to the third level of eternity, I won't have to fear anyone in the God Realm, but it's just too difficult....."

Qin Feng was a little helpless and said no more.

At present, improving strength is the key and the most urgent thing.....

The phantom clone casually threw the jade bottle containing the energy transformed by Luofu over.
.....

Qin Feng took it, opened his mouth and sucked in all the energy inside.....

The next second, his momentum began to skyrocket.....

"Ding~! Congratulations to the host for successfully devouring the energy of the first realm of eternity (Luofu)... The host's cultivation level has been improved to Half-Step God 76%.....Combat power increased to 2030 trillion Rang....."

All this is not over, Qin Feng continues to devour.....

"Ding~! Congratulations to the host for successfully devouring the peak energy of the first level of eternity (Wu Tianshengzun)... The host's cultivation level has been improved to Half-Step God 82%.....Combat power increased to 2200 trillion Rang....."

"Ding~! Congratulations to the host for successfully devouring the peak level energy of the first level of eternity (Huang Tian Wu Tian Sheng Zun)... The host's cultivation level has been improved to Half-Step God 89%.....Combat power increased to 2400 trillion Rang....."

After a long time, Qin Feng slowly opened his eyes, his face full of ecstasy.

He continuously devoured the energy of three powerful men in the first realm of eternity, and his combat power reached 2400 trillion Rang in one fell swoop.....

This far exceeds the second realm's combat power limit of 2,000 trillion Rang. Coupled with his two hundred times increase in combat power, it can be said that he can completely sweep the second realm of eternity.....

The only one who can control Qin Feng is the third realm of eternity.

But within the God Realm, only three people in the third realm are known.

In other words, Qin Feng has reached the peak level of the God Realm.....

Of course, there may be some hidden masters here, as well as the Nine Heavens and Ten Domains, and the Guixu reverse world, and there will be stronger existences.....

But those are still relatively far away and cannot threaten Qin Feng for the time being.....

In short, Qin Feng is very satisfied with this improvement in strength.....

"Master, I feel that you have become so strong!"

Xiao Kunpeng looked at Qin Feng excitedly.....

"not enough! As far as I know, the threshold of combat power in the third realm of eternity is 4,000 trillion Rang, and the limit of combat power is 8,000 trillion Rang. With my current strength, even if I meet the weakest third level warrior, I will not be my opponent....."

Qin Feng smiled humbly.

He has always been self-aware and has not been dazzled by the progress in front of him.....

"Master, what are you going to do next?"

"I just got the two holy weapons, I need to deal with them.....There is also the Divine Soil of Creation and Divine Wind that still need to be refined. I can also use the Divine Soil to temper my body and improve my strength...

Speaking of this, Qin Feng thought of something and his eyes lit up again.

"By the way, Kun'er, your physique belongs to the wind attribute, so you should be able to temper your body with the Divine Wind of Creation. I will give you a Wind God Pill later to help you temper your body. Whether you can obtain the Creation Wind Body depends on your own creation. If the physique can be successfully promoted, the strength will be greatly improved....."

Kunpeng's physique is the eternal wind body. If he advances to another level, he will naturally become the creation wind body.....

"Thank you master!"

Little Kunpeng was overjoyed.

Qin Feng said with a smile:"You have made great achievements this time and you deserve to be rewarded....."

Just after saying this, there was another change...

In the distance, there was a rapid sound of breaking through the air, and a miserable roar.....

Qin Feng quickly followed the sound and saw three black spots flying in the distance...

The one flying at the front was suddenly the Holy Lord Gongtian.....

At this moment, it was covered in blood and bruises. It kept screaming along the way. It was obviously severely injured.....

Besides the mysterious black-robed man, there was also a gray-robed man chasing it.....

Qin Feng could tell at a glance that in addition to the Holy Lord Gongtian and the man in black robes who were both in the second realm of eternity, the newly appeared man in gray robe was also a strong man in the second realm of eternity.....

At this moment, the three of them flew towards Qin Feng's direction....

Chapter 962

"Master, look! Someone is coming! All three are strong men in the second realm of eternity!"

Little Kunpeng was a little nervous.

He had never seen the black-robed man before, nor had he seen the Holy Lord Gongtian.

People are always more uneasy about strange people and things.

"Don't worry! These three people are not in the same group....."

Qin Feng looked calm.

At this moment, the screams of Holy Lord Gongtian came again from the front.....

"Brother Zhu Tian, Brother Huang Tian and Brother Wu Tian, come and save me! help me!"

The Holy Lord Gongtian didn't know that Huang Tian and Wu Tian were dead and Zhu Tian had escaped, so he came here to ask for help.....

Hearing this call for help, Qin Feng secretly breathed a sigh of relief.....

"Brother Zhutian, come out and save me!"

Holy Lord Gongtian shouted sternly again..... pity! no answer.....

He also vaguely felt a second.....

The man in black robe, who was originally a little nervous, laughed proudly when he saw this scene.....

"Ha ha!! Gongtian, no one can save you today! My heavenly work will kill you today!"

"Damn traitor! If the two of you hadn't joined forces, how could I be afraid of you!"

The Holy Lord Gongtian is extremely sad and angry.

Not long after he broke through to the second realm, it was the time when he was proud of his life and full of energy.

Therefore, when he saw the traitor today, he reflexively chased after him, hoping to take back what the traitor had snatched away back then. a treasure of.....

In his opinion, he is already a strong man in the second level. Even if he is not the opponent of the traitor, there is no problem in retreating intact.....

What's more, the traitor ran away as soon as he saw him, obviously feeling guilty.

For a moment, he thought that the traitor was weak and was scared... but he didn't expect that the traitor had a trick to escape and deliberately led him to a sea surface.

Wherever they are, the men in gray robes have long been lurking under the sea.

Strange to say, the man in gray robe also practices the water element, and his soul aura is very familiar with the man in black robe...

Holy Master Gongtian fought for a long time, but he still couldn't figure out the identity of the man in gray robe... But he said that the man in gray robe specializes in the water element, and in the water His level of concealment was extremely high. When the Holy Lord Gongtian was not on guard, he was successfully attacked by the men in gray robes, resulting in serious injuries.....

Later, the men in black robes and gray robes joined forces to chase and kill him, and the Holy Lord Gongtian fled completely.....

After chasing him all the way, his injuries were three points worse.....

"Traitor, you will die badly!"

Holy Lord Gongtian is still roaring.....

The man in black robe was furious:"Gongtian, you are the despicable and shameless traitor! Back then, in order to seize my position as inheritor, you united with the elders of the clan to exclude me, and even killed my wife, children, and children. This hatred is irreconcilable! I, Tiangong, have sworn to destroy you! Destroy the entire Gongtian clan!"

The face of Saint Gongtian changed slightly, as if he had a guilty conscience.

"Tiangong, I inherit the holy throne in a grand manner, when will I try to seize it? Back then, my father announced in public that he would pass on the holy throne to you, which can be described as being frank and selfless! But after you became the heir, you became arrogant and did all kinds of stupid things, which eventually caused public outrage....."

"Only then did all the elders join forces to depose you from your position as successor. My father even said all the good things to you back then, but everyone in the clan refused to agree. My father has been extremely kind to you. And I have obtained the status of successor, which can be said to be what everyone expects....."

"But I didn't expect that because you were a lowly person and lost your status as the successor, you blamed my father and secretly assassinated my father. How can our clan tolerate you with such sworn hatred?"

The people in the sky were very angry and reprimanded loudly.

"Ha ha!! joke! What a big joke! Everyone in the world thinks your father is kind and generous, but in fact he is the biggest traitor! Everything about him is disguised!"

"Back then, if I wasn't much better than you and was favored by my tribe, how could he designate me as the inheritor in public? But your father and son are not willing to give in. Your father is one thing on the surface but another behind his back...."

"After I obtained the status of inheritor, your father secretly united with the elders to frame me, ruined my reputation, and finally deprived me of my status as inheritor and passed the position to you....."

"What's even more disgusting is that your father and son did not give up and insisted on killing them all. To say that I assassinated your father is purely a farce directed by your father and son. Your father is not dead at all, he is still alive now...."

"The strongest person in Guixu now is not Zhutian, but your father, Gonglong. I know that he is living well now. He has been in retreat. His ambition is to unify and return to the ruins and become the second holy ancestor....."

The words of the man in black made the face of Holy Lord Gongtian change greatly, as if some big secret had been revealed.....

"nonsense! You are talking nonsense!"

Gongtian yelled in panic. He was afraid that Zhu Tian and others would hear him...

But what he was curious about was why he didn't see Zhu Tian and others.....

But on this side, Qin Feng overheard all this, with a strange look on his face.

He didn't expect that the man in black robe was also a returnee.

No wonder this guy also has the Divine Water of Creation.

He even didn't expect that there was someone else who was the strongest among the Gui Xu...

At this moment, the three people from Gongtian were chasing each other and flew near Kunwu Mountain...

The Holy Lord Gongtian didn't see Zhu. Tian and others flew directly towards the entrance of Guixu, trying to escape from Guixu.....

"Stop him!"

Qin Feng gave an order, and Kunpeng and Xuying clones rushed over and intercepted the Holy Lord Gongtian.....

"roll! Get out of here!"

Holy Master Gongtian yelled anxiously.

But the shadow clone and Kunpeng joined forces and easily entangled him, preventing him from escaping...

The shadow clone's current combat power is 800 trillion Rang, which is far from the second level. The threshold of 1,000 trillion Rang is not far away.

And his combat power has increased by two hundred times. Taken together, he is infinitely close to the threshold of the second level. Coupled with Kunpeng's cooperation, it is not difficult to stop the seriously injured Gongtian Saint.....

On the other side, Qin Feng did not take action, but quietly watched the black-robed and gray-robed men approaching...

With his current strength, he was confident that he could easily defeat these two men one against two.....

However, he didn't take action.

If what the man in black robe said before is true, he even sympathizes with the man in black robe.....

Thinking of this, Qin Feng glanced at the gray-robed man again, revealing a hint of surprise.....

There are many similarities in the soul aura of these two people, but there are also some differences. I don't know what the relationship is.....

At this time, the black-robed man and the gray-robed man stopped at the same time. They both looked at Qin Feng with fearful expressions and did not dare to approach.....

"Sir, what do you want?"

The man in black robe looked at the attacked Holy Lord Gongtian. This was the enemy he wanted to destroy in his dreams.....

"Of course I want to kill him!"

Qin Feng didn't hide anything.

He and the Four Saints of Guixu have formed a deadly feud. There is no room for maneuver. This is not the time to show mercy.....

Hearing this, the man in black robe's eyes lit up:"It seems that your relationship with the Gongtian Saint Clan is not very good either....."

"It's none of your business!" Qin Feng knew that he was inquiring about the details.

The man in black robe smiled awkwardly and looked around again.

He was looking for traces of Zhu Tian and others, but did not find any...

Then he took a deep breath and said:"Luofu is Was he killed by you?"

"That's right! how? Do you want to avenge him? The corner of the man in black robe curled up:"Luofu and I are only in a cooperative relationship, not life and death friends. If he dies, my cooperation with him will be automatically terminated, and I have no obligation to avenge him." Besides, I'm no match for you either....."

"Then are you interested in cooperating with me to deal with the four saints of Guixu together?"

Qin Feng suddenly made a suggestion....

"this...."

The man in black robe hesitated.

Immediately, he sighed:"It's not that I don't want to cooperate with you, but because of your current situation, I'm afraid you won't be able to protect yourself....."

"how do I say this?"

"Ah! Before Luofu's death, his oath spread throughout the God Realm, fearing that it would have alerted all the powerful powers. I'm afraid no one can resist the temptation of the holy weapon. When the time comes, powerful forces from all parties will surely come to attack you!"

"Calculating the time, it is only ten days and a half. I would like to advise you, if you take the initiative to offer the Great Luo Divine Sword, you may still be able to survive. If you insist on keeping it for yourself, I am afraid that disaster will inevitably happen. I wonder what your plan is?"

The words of the man in black robe were also spoken from the bottom of his heart.

Qin Feng smiled slightly:"Your words make some sense. It's a pity, I don't plan to give up the Daluo Shenjian...."

"this....", there was a look of disappointment in the eyes of the man in black robe.

Immediately, he sighed:"Since you are so insistent, Tiangong can't persuade you anymore. It's just a matter of cooperation. Unless you survive the next dispute, we can have a chance to cooperate..."
The man in black robe meant very much. Understand...

He wants to cooperate, but he doesn't want to be used as a weapon by Qin Feng.

Next, Qin Feng will encounter risks that he does not dare to participate in.....

"Qin can understand your Excellency's thinking. Whether you and I can cooperate depends on future opportunities...."

"Whatever! The worker said goodbye first that day. I hope fellow Taoists can get through the difficulties smoothly!"

The man in black robe cupped his hands and was about to leave.

Before leaving, he glanced at the seriously injured Holy Lord Gongtian, hesitated for a moment, then stopped and looked at Qin Feng.....

"My friend, I would like to remind you that if you kill the Holy Lord Gongtian, he will not die and will still be resurrected in the Holy Land. Now that he has reached the second realm of eternity, his number of resurrections has reached 3 times....."

"I know!", Qin Feng nodded calmly.

The man in black robe said seriously:"I want to remind you that Gong Tian will always retaliate. He is not a big threat to you, but you must be careful about his father - Gong Long. If what I expected is correct, that old guy is already a strong man in the third realm of eternity....."

Hearing this, Qin Feng couldn't help but frown slightly.

The third realm of eternity is a bit troublesome.....

"Farewell, my friend! Goodbye!"

The man in black robe handed over his hand again.

The next second, he and the man in gray robe turned and left...

Looking at the two people's leaving figures, Qin Feng thought for a while.....

Although the Gonglong was a threat, he had no way out.

If that's the case, then don't stop doing it.

Thinking of this, he turned around to support the two shadow clones.

As soon as he joined, it didn't take long for Gongtian Shengzun to be bombed.....

"Boy, you can't kill me! If you kill me, my father will definitely avenge me!"

In the blood mist, Gongtian screamed shrilly, his tone full of threats...

Qin Feng sneered:"So, what that Tiangong said is true. You father and son are really evil!"

"Boy, this has nothing to do with you...."

"Go to hell!"

"ah~! "

A shrill scream came from the blood mist...

In just a moment, there was a soft sound, and the spirit was shattered.....

"Ding~! Congratulations to the host for successfully killing the returning ruins spirit in the second realm of eternity (Holy Lord Gongtian).....Gain 21.4 million karma points (21.7 million redemption points)....."

The Holy Lord Gongtian died and disappeared.....

Qin Feng looked at the energy filling the sky with joy and a ball of surging Divine Water of Creation.....

This is the energy of the second realm of eternity!

This is the first powerful person in the second eternal realm that he has killed, and it is also his biggest energy harvest...

It seems that his strength will increase greatly again..

Chapter 963

Qin Feng opened his mouth and sucked in all the energy transformed by Gongtian Saint.....

The next second, he activated the god-level devouring force, and the aura in his body began to surge.....

"Ding~! Congratulations to the host for successfully devouring the energy of the second realm of eternity (Holy Master Gongtian)... The host's cultivation level has been improved to Half-Step God 93.2%.....Combat power increased to 2800 trillion Rang....."

It took half an hour for Qin Feng to digest all the energy.....

After a long time, he opened his eyes with a look of joy.

The harvest this time is really great!

Absorbing an energy at the threshold level of the second eternal realm actually increased his combat power by 400 trillion yuan, which was more than Huang Tian and Wu Tian combined.....

His combat power has reached 2800 trillion yuan, which is a big step closer to the threshold of the third realm's combat power.....

What's even more gratifying is that his cultivation progress has reached 93.2% of the half-step god level, and he is not far from the god level.

Having said that, if he can break through to the God Realm, he will not be afraid of the ordinary third realm, unless the top powerhouse in the third realm takes action.....

However, Qin Feng's foundation is too strong, and this trend is still strengthening.

If he wants to break through a realm, the energy he needs to consume is extremely huge.....

Naturally, it is extremely difficult for him to break through a realm.....

In the short term, it will be difficult for him to break through to the realm of gods, unless he can devour two or three of the eternal second realm.....

This cultivation breakthrough, the closer it is to the bottleneck, the more energy it consumes.....

However, Qin Feng is extremely satisfied with the current progress.....

"Master, your strength has improved a lot....."

Xiao Kunpeng and Qin Feng have a spiritual connection.

He immediately sensed the change in Qin Feng's strength.....

"These are not enough! Little guy, let's go back to Dual Universe Retreat first, and I'll help you temper your body....."

Kunpeng was overjoyed:"Thank you, master!"

The next second, Qin Feng waved his hand and entered the dual universe.....

Time flies!

In the blink of an eye, two days passed in the outside world, and twenty years passed in the dual universe.

In the past twenty years, Qin Feng used the Wind God Pill and the Creation God Wind to successfully help Kunpeng complete the body tempering and promote him to the Creation Wind Body...

This process went very smoothly, which made Qin Feng very happy.

It stands to reason that the success rate of Kunpeng's physical evolution is only 5% at most. His success this time is entirely due to luck.

The body of creation is not something everyone can possess.

You must know that the physique of the Lord of the Ancient God Realm was just the body of creation wind and fire.

Kunpeng possesses the Creation Wind Body, which means he has half the potential of the Lord of the Ancient God Realm.

Generally speaking, the eternal body can only be cultivated to the third level of eternity, which is the limit.

The body of creation can break through this limit and reach the higher fourth realm or even the fifth realm.....

All in all, Kunpeng's physical improvement this time is a radical change.....

His combat power has also increased by 40% in one fell swoop, and his overall strength has surpassed that of Holy Lord Wu Tian, and also surpassed Holy Lord Huang Tian who did not have a sacred weapon.

The most important thing is that Kunpeng's talent and potential have improved tremendously, and his future achievements are limitless.....

Kunpeng's improvement in strength also allowed Qin Feng to receive a large amount of combat power in return...

In addition, during this period, Qin Feng also acquired all the newly acquired Creation Fire, Creation Water, and Creation Earth. Refining.....

This greatly improved his combat power.

Divine water swallows souls, divine fire devours souls, and the speed of destroying souls by using both water and fire can be increased by a hundred times.....

The divine wind corrodes the bones, the divine earth rots the body, and the combined use of wind and earth can increase the speed of destroying the physical body by a hundred times...

If the four spirits of divine fire, divine water, divine wind, and divine earth are used together, the speed of killing the powerful in the eternal realm can be increased. Thousand times.....

In other words, if it takes others a hundred days to kill a powerful person in the Eternal Realm, Qin Yong only needs one or two hours.

To a certain extent, Qin Feng's gathering of the four spiritual objects is equivalent to possessing a sacred weapon.....

In addition, he also gave the extra ball of divine fire, a ball of divine water, and a ball of divine wind to the phantom clone.....

The phantom clone has obtained three new spiritual objects, and its overall combat power has been improved... all of this is not over yet.

Later, Qin Feng used the Creation God Earth to temper his body, and successfully obtained the Creation Earth body.

At this point, his physique has reached the creation wind, water, fire and earth body, plus the eternal moon body. His potential and talent are more than twice as strong as the Lord of the Ancient God Realm...

In short, after this, Qin Feng's combat power has skyrocketed. A lot.....

In addition, two days have passed in the outside world, and Zhenji and others have finally signed all contracts for all southern creatures...

This has allowed Qin Feng to gain a large amount of life points and combat power...

At this point, Qin Feng's exchange points have accumulated to More than 80 million, combat power increased to 3000 trillion yuan.....

But on this day, Qin Feng had just left the confinement and was preparing to leave the forbidden area of the Heavenly Palace...

Zhenji and others came to ask for a meeting.....

It turns out that they have returned from all over the south.....

Qin Feng was overjoyed and hurriedly summoned.....

Having said that, Zhenji performed very well this time. He stood alone in the crisis and helped Qin Feng reverse the situation of the war at the critical moment...

Not only that, after Zhenji signed the contract with the forces of all races, he even treated ordinary creatures who were not forces. Creatures who have not practiced cultivation will not be spared either.....

As long as they are from the southern part of the God Realm, all creatures with spiritual intelligence must sign a contract...

Today, more than 90% of the creatures in the Southern Alliance have completed contracts with Qin Feng...

The remaining less than 10% are basically spiritually intelligent. Low, or little intelligent creatures.....

This will bring a great benefit to Qin Feng, that is, the entire southern part of the God Realm has become his back garden.....

Many inconspicuous southern creatures have become his informants.

If there are any changes from outside forces, he will be able to detect them as soon as he sets foot in the south.....

At the same time, he can also use space to summon and teleport over immediately.

He can come and go freely in the huge southern area, and no one can stop him. It has completely become his base camp...

This is something that even the strongest in the third realm of eternity cannot compare to.....

It can be said that no leader of the forces in the God Realm can control his own territory as firmly as Qin Feng. It is almost under his eyes... At that moment, Qin Feng was going to the meeting hall to summon the real people. Ji and others will hold a high-level summit meeting to deal with the more difficult matters that follow.....

For example, the influence of Luofu's Heart Oath, the potential threat of Gonglong, and the issue of two sacred artifacts.....

During this period, he wanted to forcibly refine the holy weapon, but found that the holy weapon had a spirit and could not be refined at all...

Perhaps Zhenji and others can know some reasons. After all, they have survived in the God Realm for more than ten trillion years. Although his cultivation level is not as good as that of Qin Feng, his knowledge is not low.....

Thinking of this, Qin Feng was ready to leave.....

But at this moment, the system sent another prompt.....

"Ding~! It is detected that the host has additionally completed the task of collecting the Creation God Soil, and will receive generous rewards (eternal first-level rewards)....."

"Ding~! The host additionally completes the mission collection of the Creation God Land, obtains a god-level evaluation, and the mission reward is doubled....."

"Ding~! The host completed the collection of the four creation spirits ahead of schedule, received a super god level evaluation, and additionally received super god level experience (eternal second level reward)....."

Huh! Here comes another benefit!

Qin Feng was overjoyed and his eyes sparkled.

Chapter 964

"Ding~! I would like to ask the host, do you want to receive the reward now (the first level of eternity)?"

The system prompted again.....

"receive!"

"Ding~! Congratulations to the host for successfully claiming it. Your rewards (eternal first level) are as follows: 1 Holy Spirit Pill, 5 Hongshen Pills, 20 Wild God Pills, 100 Mysterious God Pills, and 500 Taishen Pills....."

Note: The Holy Spirit Pill can greatly enhance the combat power of the first level of eternity, and can also assist the half-step peak of the eternal level to break through the bottleneck (a person can only take one pill in his life, taking more will be ineffective).....

Qin Feng's eyes lit up, this Holy Spirit Pill is definitely a good thing!

However, in the past, the best elixir was rewarded with 2 pills, but this time only one was awarded...

Could it be that the Holy Spirit Pill is too precious?

Just when this thought came up, another prompt came from the system.....

"Ding~! It is detected that the host completes additional tasks, the reward is doubled, and your reward starts to be recalculated....."

"Ding~! After the calculation is completed, your rewards are as follows: 2 Holy Spirit Pills, 10 Hongshen Pills, 40 Wild God Pills, 200 Xuan Shen Pills, and 1,000 Taishen Pills....."

"Ding~! I would like to ask the host, do you want to receive the reward (eternal second level) now?"

"receive!"

"Ding~! Congratulations to the host for successfully claiming it. Your rewards (eternal second level) are as follows: Hongmeng Body Fusion Method (cultivation), 3 Holy Spirit Pills, 20 Flood God Pills, 60 Wild God Pills, 500 Mysterious God Pills, and Taishen Pills. 2000 pieces....."

Qin Feng was overjoyed.

The system rewards this time are more than ten times richer than last time...

The Holy Spirit Pill alone has accumulated to 5 pills.....

He can greatly improve the strength of his subordinates again.....

However, what Qin Feng is more curious about is, what is the Hongmeng Body?

As soon as he thought about it, there was an extremely simple purple jade talisman in his hand, which contained the cultivation method of Hongmeng Body.....

The next second, Qin Feng penetrated his consciousness, and a large amount of information instantly poured into his sea of consciousness, almost exploding his sea of consciousness.....

The content described in the message was something Qin Feng had never heard of before and was extremely novel.....

At the moment, he greedily absorbed.....

It took a full hour for him to digest the content of the information. His eyes slowly opened and closed, and his eyes were full of joy...

He finally understood that the Hongmeng body is the four bodies of creation: water, fire, wind, and earth. First, a super physique has evolved, which is the Hongmeng body.

This Hongmeng body is a big level higher than the Creation body, just like the Creation body is a big level higher than the Eternal body...

At present, Qin Feng already has the Creation water, water, wind and earth bodies, which has just reached the level of cultivation. qualifications.

In addition, to practice the Hongmeng body, you also need to integrate the four spiritual objects of creation into the body...

From then on, the aura in Qin Feng's body contains the characteristics of the four spiritual objects. It is no longer ordinary aura, but the Hongmeng aura...

The speed at which Hongmeng spiritual energy kills powerful people in the Eternal Realm will be ten times faster than using four spiritual objects at the same time. No one can stop it.....

If Qin Feng can refine it, his strength will definitely skyrocket to a big level...

Thinking of this, Qin Feng was very excited...

This is only the primary stage of the Hongmeng Body, and there will be promotion stages in the future, such as upgrading his Eternal Moon Body to Creation. With the moon body, you can advance to the second stage. These are all things for later.....

However, Qin Feng still had no choice.

There are three basic conditions for practicing the Hongmeng Body.

The first one has the four creation bodies (water, fire, wind, and earth). The second one has the four creation spiritual objects (divine water, divine fire, divine wind, and divine earth). The third one has four great worlds.....

The four great worlds need to be refined with the four spiritual objects of creation, and will eventually become the great world of water, the great world of fire, the great world of wind, and the great world of earth.....

They thus become the roots of the Four Creation Spirits, allowing the Creation Four Spirits to never dry up and be continuously generated.....

But Qin Feng now only has three great worlds, namely the Jiuquan Great Thousand World, the Wen Yuan Great Thousand World, and the Kunpeng Great Thousand World.....

"such a pity! There is still a thousand worlds missing, so this secret method cannot be practiced for the time being....."

Qin Feng put away the jade talisman with a look of regret.

"Huh! By the way, isn't Guixu Holy Land just a variant of the Great Thousand Worlds? I killed Holy Lord Wu Tian twice. If I kill him again, I should be able to capture Holy Land of Wu Tian!"

Qin Feng's eyes glowed with fiery light.

If you want to seize the land of the saints, you must first kill the owner of the holy land.

There is no chance for Holy Lord Wu Tian to be resurrected. If he kills him again, Holy Land Wu Tian will become ownerless. , he can take it away.....

Although Holy Lord Wu Tian can rely on the power of the Holy Land to reach the strength of the second realm of eternity.

But now the second realm of eternity is already a target that can be killed in Qin Feng's eyes.....

The more Qin Feng thought about it, the more he felt that this method was feasible, and he was naturally moved...

However, Wu Tian Holy Land was after all the home of the ghosts who returned to the ruins. There was not only Wu Tian Holy Lord, but also hundreds of millions of Wu Tian clan spirits...

With Qin Feng I'm afraid it will be difficult to capture it with one person's strength.

When the time comes, he must mobilize his men and engage in an all-out war in order to successfully capture the Holy Land...

It seems that it is imperative for him to improve the strength of his men.

In addition, the number of his men still needs to continue to increase.....

This time, the actions of Zhenji and his subordinates helped him a lot.....

Thinking of this, Qin Feng thought, and a pure white elixir appeared in his hand.

As soon as the elixir appears, its fragrance overflows. Just one sniff of it makes one's billions of pores open, making one feel extremely comfortable from the inside out...

From this, it can be seen that this elixir is extremely extraordinary!

This is the Holy Spirit Pill that Qin Feng just got. He still doesn't know how effective it is.....

The next second, he opened his mouth and swallowed the elixir...

Not long after, Qin Feng's aura began to surge.....

"Ding~! Congratulations to the host for successfully swallowing the Holy Spirit Pill... Your cultivation level has increased to 95.4%, and your combat power has increased to 3100 trillion yuan....."

After a long time, Qin Feng opened his eyes, his face full of joy.....

A Holy Spirit Pill actually increased his combat power by 100 trillion Rang. This pill was really very effective...

Immediately, he waved. The space in front of me suddenly changed, and Kunpeng appeared out of thin air.....

"Master, why did you summon Kun'er?"

Little Kunpeng showed joy when he saw Qin Feng.

He had just been tempered by Qin Feng not long ago, and his strength had greatly improved. He had reached the late stage of the first realm of eternity.

This made him full of incomparable gratitude to Qin Feng, his master.....

"Kun'er, this Holy Spirit Pill is a reward for you. You have refined it, and your cultivation should be able to rise to the peak of the first realm of eternity....."

Qin Feng waved his hand, and a Holy Spirit Pill flew over.....

Little Kunpeng was ecstatic and subconsciously caught the elixir

"Thank you Master for the elixir!"

At this moment, he was grateful to Qin Feng to the point where he could not express it.....

"Master, then... then Kun'er is going to refine now?"

Kunpeng looked at the elixir in his hand and was so excited that he even stuttered when speaking.
....

"Go for it!"

"Master, Kun'er has resigned!"

At that moment, Xiao Kunpeng left happily.....

Looking at Xiao Kunpeng's leaving figure, Qin Feng was also very relieved.

As long as this little guy can break through to the peak of the first level, his comprehensive strength will be comparable to the threshold of the second level...

Then Qin Feng can get a lot of combat power in return.....

In addition, Xiao Kunpeng will also be a big help in his attack on Wutian Holy Land...

Thinking of this, Qin Feng dodged and left the forbidden land.

He will hold an important meeting with Zhenji and other senior officials to discuss how to deal with Wu Tian Holy Land.....

At the same moment, a major event was happening in Guixu, Wutian Holy Land...

Wu Tianshengzun had just been resurrected and left seclusion, and the three saints took the initiative to visit.

Chapter 965

At the same moment, a major event was happening in Guixu, Wutian Holy Land...

As soon as Wu Tianshengzun was resurrected and released from seclusion, the three great saints came to visit...

At this moment, inside Wutian Holy Land, in the VIP reception room.

Wu Tian, Huang Tian, and Gongtian, the three great saints, all looked a little pale...

The three of them had just been resurrected, and their strength had not returned to their peak, and their bodies were all a little weak.

Holy Lord Zhutian looked as usual, but he was a little embarrassed.

He didn't suffer any losses, but he left Huang Tian and Wu Tian behind and escaped alone. Although there was a reason for the incident, he still felt a little embarrassed after all.....

At this moment, he sat silently in the corner, sipping the spiritual tea and saying nothing.....

On the other side, Wu Tian and the others were inexplicably sad and angry, and they all sighed in silence.

"Hey~! This time, Gong not only lost a chance of resurrection, but also lost a ball of the divine water of creation. That is our clan's only creation divine water!"

The Holy Lord Gongtian wants to cry but has no tears.

It is extremely difficult to condense the divine water of creation, and it took all the strength of his clan to gather two groups.

One group is in his hands, and the other group was stolen by the traitor Tiangong...

Now, in his hands That group was lost too.....

"Ah! Huang not only lost a ball of creation earth, but also lost the sacred object Zodiac Seal. It was Huang's lifelong effort that made him obtain it....."

Holy Lord Huang Tian smiled bitterly and shook his head.

Gongtian quickly comforted him:"Brother Huang Tian, you don't have to be sad. Although the Zodiac Seal is lost, you still have a chance to get it back. The only sacred weapon is one that is born with a spirit and is extremely loyal to its owner....."

"Unless the previous owner identifies it, or the sacred vessel proactively recognizes its owner, it is impossible to refine the sacred vessel. Even if that kid got the Zodiac Seal, he couldn't refine it. Not to mention him, even those in the three eternal realms can't do it....."

It turns out that refining the eternal holy weapon is extremely easy, yet extremely difficult.

It's very easy to say, as long as it is approved by the weapon spirit, it can be refined in a matter of seconds.

To say it is extremely difficult is to say that it is not easy to get the approval of the weapon spirit.

Generally speaking, weapon spirits are extremely loyal and will not regard the former owner as an enemy.

Therefore, it is extremely difficult to refine the Great Luo Divine Sword and Zodiac Seal that Qin Feng obtained.....

At this time, Holy Lord Huang Tian smiled bitterly again:"Having said that, I still don't know when I can regain the Zodiac Seal."....."

As soon as these words were spoken, Wu Tianshengzun, who had been silent all this time, let out a long sigh.

"Alas~! Compared to the two of them, Wu was even worse. He even lost his last chance of resurrection. From now on, Wu will not dare to step out of the holy land easily. As for revenge, I don't know how long it will take to get revenge?"

Shengzun Wu Tian lamented, with a look of disappointment on his face.

Seeing this scene, Gongtian smiled bitterly:"Brother Wu Tian, you are the one I am most worried about now. I'm afraid you may not be able to escape the disaster if you don't leave the Holy Land."

Wu Tian was shocked:"How can you say this?"

"Brother, have you ever thought about it? We have developed a deadly feud with that Lin Feng, and it can be said that we will never stop fighting. You are the weakest at the moment, do you think he will miss the opportunity to eradicate it?"

"Is it possible that he still dares to come to my Wutian Holy Land?"

"Why not?!", Gongtian smiled coldly,"Brother, even if you can reach the second level of combat power with the help of the Holy Land, you are still no match for Lin Feng. You know, there are two Eternal Realm powerhouses beside him...."

Gongtian refers to the shadow clone and Kunpeng.

Hearing this, Lord Wu Tian's expression changed slightly.

But he still refused to accept it

"I still have hundreds of millions of tribesmen, and there are hundreds of thousands of formations in this holy land. When these tribesmen join forces to set up formations, they are also a huge force."

Gongtian shook his head:"Don't forget it! That boy seems to have a large number of subordinates, and he is not alone. If what I expected is correct, he is the real leader of the Southern Alliance. The name of Lin Feng is probably also fake....."

These words were reasonable and well-founded. After hearing this, all the saints were moved by it.
.....

Holy Lord Wu Tian could not help but feel chills running down his back. He also realized the major crisis...

Even Holy Lord Huang Tian felt fear.

His situation is not much better than that of Wu Tian Shengzun.

Without the Zodiac Seal, his strength is only slightly stronger than that of Wu Tian Shengzun.

If Qin Feng attacks Huangtian Holy Land, he will be in danger.

Only Gongtian and Zhutian are not worried. They are both strong men in the second realm. With the help of their own holy land, they can exert their eternal third realm combat power.....

"Brother Gongtian, what do you mean?"

"yes! Brother Gongtian, if you raised this topic, you should already have a countermeasure, right?"

Wu Tian and Huang Tian both asked with concern.

Seeing this, Gong Tian smiled slightly in his heart and thought to himself that it was finally time to get down to business.

He came today with a very important purpose.

At that moment, he whispered: "The three of us feel that it's time for our four tribes to activate the teleportation contract....."

As soon as these words were spoken, Wu Tian and Huang Tian's expressions changed slightly.

Even Zhu Tian was moved.

The so-called teleportation contract is a wartime contract signed by the four tribes.

It turns out that in the holy land of the four tribes, there are giant teleportation arrays leading to the other three tribes.

But these teleportation arrays are closed, and communication has always been prohibited.

Although the four Guixu tribes are united, there is also a competitive relationship and they are on guard against each other, and everyone understands this tacitly.

If the teleportation array is opened, it will be equivalent to opening one's own door to the other three tribes, which will cause many security risks...

Therefore, unless the four tribes are under huge threats, they will not open the teleportation array easily.....

Once it is opened, the four tribes must sign a contract together and cannot close it without authorization.

If you want to open it, you need to open it together. If you want to close it, you need to close it at the same time. The four races need to discuss together.....

"This...this...Brother Gongtian, isn't it a little early to activate the teleportation contract now?"

Sage Wu Tian said carefully.

Now, the Wu Tian clan is weak. If the teleportation array is activated, we don't know what will happen...

He is not willing to activate it unless it is absolutely necessary.

Gongtian smiled coldly:"Brother Wu Tian , if not enabled. When the time comes, Lin Feng brings everyone from the Southern League to attack. We are too far away from you and cannot rescue you for a while. You, the Wu Tian clan, are probably in danger....."

"This...hey~! This seems to be a problem...."

Wu Tian looked ugly and hesitated a little.

"And you, brother Huang Tian, if Lin Feng attacks Huang Tian Holy Land, I'm afraid the situation won't be much better....."

"this.....",Huang Tian also smiled bitterly.

At this time, Gongtian looked at Saint Zhutian:"Brother Zhutian, what do you think?"

"As long as the two of them agree, it doesn't matter to me!"

Zhu Tian said lightly. Among the four major saint clans, the Zhutian clan is the strongest. If the teleportation array is opened, it will be beneficial to them. Naturally, he will not object.....

"good! Brother Zhutian agrees, and Mr. Gong also suggests opening it. It depends on the two of you. This suggestion was made for the sake of both of you. In addition, Mr. Gong has another piece of bad news for everyone...."

"what news?"

"This time, the Communist Party fell entirely because of the joint efforts of Lin Feng and the traitor."

Gongtian Shengzun began to make up lies

"The traitor is already at the second level of eternal cultivation, and there is a helper beside him who is also at the second level. Not to mention Lin Feng, he is more terrifying than them....."

"The Communist Party can tell you responsibly that the traitor seems to have reached an agreement with Lin Feng, and they may kill together at Guixu. Which of you two can resist?"

As soon as this lie came out, Wu Tianshengzun and Huang Tianshengzun were completely panicked.....

The two looked at each other.

After a long time, the two of them sighed.

"That's it! That's it! Wu agreed to sign!"

"Huang also agreed!"

"good! Then I'll sign the contract as soon as possible and activate the teleportation array to avoid changes over time....."

Holy Lord Gongtian said calmly, but his heart was filled with ecstasy.....

He still has a secret that he has not told the three of them... his father, Gonglong, will break through to the third realm in the near future and will be released soon...

Speaking of which, he also wants to be grateful to Wu Tianshengzun.

If it weren't for the holy egg given by Holy Lord Wu Tian, they still don't know when their father and son would have been able to break through.....

It turns out that Holy Lord Gongtian only used half of the Holy Egg to break through to the second level.....

The other half was given to his father, Gonglong.

Gonglong was about to break through. Since he absorbed half of the holy egg, the progress of the breakthrough has accelerated, and he will succeed in the near future... Holy

Lord Gongtian is so active in allowing the four races to communicate with each other in the teleportation array, just to pave the way for his father. Let his father unify the four tribes more easily.....

Wu Tian, Huang Tian and Zhu Tian were unaware of this.

At that moment, the four saints discussed and signed the contract.....

On the other side, Kunwu Mountain is the headquarters of SAARC.

Qin Feng is also holding a major meeting...

Chapter 966

On the other side, Kunwu Mountain is the headquarters of SAARC.

Qin Feng is also holding a major meeting.....

At this moment, in the main hall.

Qin Feng sat on a high throne.

Below, high-level officials were discussing.....

"I didn't expect Luofu to be so skillful....."

"yes! As soon as he did this, His Majesty had another potential hidden danger. Unless, His Majesty hands over the newly acquired Daluo Divine Sword....."

"The Eternal Sacred Artifact is extremely precious. Your Majesty finally obtained it, so how can you give it away?"

"that is! In fact, with your Majesty's strength, even if those powerful people come to cause trouble, Your Majesty is not afraid....."

"Having said that, I am worried that the three eternal third realm giants will show up. If they come, I am afraid that....."

Jiuyuan Tianzhu sighed and did not dare to continue speaking.....

After hearing this, everyone's expressions changed slightly and they all felt a little uneasy.

With Qin Feng's current strength, it is definitely not enough to deal with the third level of eternity.
.....

"Your Majesty, I think we can take it one step at a time. If a strong person from the third level really comes, and we are defeated, it would be a good idea for you to offer the Great Luo Divine Sword.
...."

Ziwei Star Lord proposed carefully.

She doesn't want to see anything happen to the man she loves.....

But as soon as she finished speaking, Zhenji shook his head slightly.

"Fellow Daoist Ziwei, this method may not be feasible....."

"how do I say this?"

Zhenji sighed:"Luofu's previous heart oath was heard by the entire God Realm. His wish is: as long as someone avenges him, Daluo Shenjian will recognize that person as its master. Therefore, even if His Majesty offers the Daluo Divine Sword, others will not be recognized by the Divine Sword.
....."

As soon as these words came out, everyone suddenly realized, and everyone showed a look of astonishment..... yes!

According to the content of the heart oath, only by avenging Luofu can one be recognized by the divine sword. Otherwise, it is useless to obtain the divine sword... But if they want revenge, they must destroy their majesty.....

They must not accept this.

At the moment, Star Master Ziwei frowned:"It seems that it doesn't mean much whether or not to offer the divine sword. We can only deal with it head-on."....."

"yes! If we want to eliminate this danger, there are only two ways. The first is to raise His Majesty's strength to the third level as soon as possible, so that he will not be afraid of anyone provoking him."

"The second way is: let your Majesty refine the Great Luo Divine Sword and become the new owner of the Divine Sword. In this way, Luofu's heart oath will be automatically broken. But this second method is more than ten times more difficult than the first one....."

Having said this, Zhenji smiled bitterly and shook his head.

Qin Feng's heart moved and he raised his eyes to look at Zhenji.....

"Zhenji, why is the second method more difficult than the first?"

Qin Feng asked the doubt in his heart.

This is also the question he is most concerned about.

These days, he has been studying the Great Luo Divine Sword and the Zodiac Seal, but he just can't refine it.....

"Return to Your Majesty! In this world, every holy weapon is unique. There will never be two identical holy weapons in the world. And the holy weapon has a spirit. If you want to refine the holy weapon, you can refine it instantly as long as you get the approval of the weapon spirit. This is difficult to say, easy to say....."

Zhenji God respectfully replies.....

Qin Feng suddenly realized, no wonder he couldn't refine two holy weapons

"Zhenji, is there any way to forcibly refine the holy weapon?"

"This... Your Majesty, as far as I know, there should be nothing you can do. At least, it's something that even the strong men in the third realm of eternity can't do....."

Hearing this, Qin Feng nodded slightly.

Since he has not done anything in the third realm of eternity, it will be even more difficult for him to forcibly refine it.....

"In this way, if I want to deal with the upcoming troubles, there is only one way, which is to increase my strength to the third level as soon as possible....."

"Your Majesty, it is indeed so. However, Your Majesty still has a lot of time"

"how do I say this?"

"Your Majesty, the only ones who can threaten you in the God Realm now are the three eternal third realms. And the three of them already have holy weapons, so they won't be so tempted by the Great Luo Divine Sword. Only the strong men in the first and second realms will be greatly tempted....."

"But these people are not a threat to you. Perhaps, after those in the first and second realms have failed, those in the third realm will come forward....."

Qin Feng was surprised:"Strange! Why don't those three strong men in the third realm feel moved after they have the sacred weapon? Isn't it true that the more sacred weapons the better?"

"Your Majesty, this is wrong! There are two categories of sacred vessels. The first category is the natal sacred vessels. Generally, after a strong person obtains the first holy weapon, he will refine it into his natal holy weapon. The natal sacred weapon has the greatest impact on strength"

"If you obtain a sacred weapon in the future, it will fall into the second category - an auxiliary sacred weapon. Auxiliary holy weapons can also improve strength, but their impact on strength is much smaller. The three powerful men in the third realm of eternity all have their sacred weapons, and they practice in seclusion every day, regardless of trivial matters....."

"Even if the sacred weapon is born, it will be handled by the subordinates, unless it is a major matter that cannot be handled by the subordinates, so I conclude that the three of them will not come forward immediately....."

"What's more, the treasure of the Ancient God Lord is about to be opened. The three powerful men are actively preparing for this matter, and they should not put their minds on a sacred artifact. The treasures in that treasure are many times more valuable than a sacred vessel....."

Zhenji God said a lot in one breath.....

"Huh! Treasure of the Ancient God Lord? what is that?"

Qin Feng's eyes lit up, showing interest.

"Your Majesty, it is the treasure left behind by the Lord of the Ancient God Realm. It is rumored that it contains nearly half of the treasures and resources of the Ancient God Realm in his life. It is also the largest treasure house in the entire God Realm. It even contains the secrets and experiences of creating the God Realm....."

"However, this treasure is only opened once every 100 trillion years, and it will not be more than a few decades until it is next opened. It is a pity that since the birth of SAARC, we have not participated in it even once....."

Zhenji smiled bitterly.

Other SAARC members also looked embarrassed.

Qin Feng was surprised:"It has been more than 100 trillion years since the birth of the Southern Alliance. Why have you never participated once?"

Zhenji said helplessly: "The treasure of the ancient God Lord is the greatest secret in the God Realm. By then, not only will there be gods World forces will go to explore the secrets. Nine Heavens and Ten Territories will also send people there, and even some unknown forces will come to participate."

"But the resources in the treasure are limited after all. In order to restrict too many people from entering, various forces have made a rule. If a force does not have a strong person from the first realm of eternity sitting in command, it will not be eligible to participate in the exploration....."

"Since the birth of our Southern Alliance, we have finally given birth to the Lord of the Nine Springs Universe, whose strength has reached the first level of eternity. But he died before the treasure of the Ancient God Lord could be opened. In this way, I, SAARC, have participated in...."

As soon as he said these words, Qinglin's eyes lit up: "Fellow Zhenji, your Majesty's strength is now not only at the first level, but also at the second level. In other words, in a few decades, our Southern Alliance will have Qualified to participate in the Treasure Tour...."

"Hey! Yes! We have His Majesty sitting in charge, so we have this qualification....."

All SAARC members showed joy.

Even Zhenji's eyes flashed with a hint of joy.....

Qin Feng smiled slightly: "Don't be too happy too early. We still have a difficulty at present, and that is the problem of handling the Great Luo Divine Sword....."

This sentence brought everyone back to reality, and many people began to feel worried again.....

"Your Majesty, in my opinion, the only way now is to improve your strength as soon as possible. However, time is tight at the moment, I'm afraid it's too late....."

Zhenji looked helpless.

Qin Feng pondered for a while and said: "I have a method that can give me the combat power of the third level in a very short time....."

"any solution?"

Everyone's eyes lit up with anticipation.

"Attack the Wutian clan and capture the Holy Land!"

Qin Feng's idea is that as long as he captures the Wutian Holy Land and evolves it into the fourth Great Thousand World, he can condense the Hongmeng Body...

By then, his battle The power will inevitably reach the third realm, so there is no need to fear the threat of the eternal third realm.....

At the moment, he briefly described the situation of Lord Wu Tian.....

After everyone listened, they nodded repeatedly.....

"Your Majesty, if you obtain the Wutian Holy Land, you will be able to reach the third level of combat power. I think this battle can be fought!"

Zhenji's eyes became hot, as if he had seen hope.

However, Jiuyuan God said worriedly:"Your Majesty, what if the great master of the gods happens to come to South Alliance to cause trouble when we are waiting for a large-scale attack on Wutian Holy Land?

Qin Feng smiled slightly:"Don't worry about this!" 90% of the creatures in the South Alliance have signed contracts with me. If there is any change here, I can use the dual universes to rush back as soon as possible, which only takes a few seconds....."

Everyone's eyes lit up, secretly thinking that this was indeed the case.

In this way, they will have less worries and can concentrate on attacking Wutian Holy Land.....

"Your Majesty, in addition to Holy Lord Wu Tian, there are hundreds of millions of people in Wutian Holy Land. We must also deal with them carefully....."

Emperor Feng warned carefully.

Qin Feng nodded slightly:"Of the hundreds of millions of clan members, those below quasi-gods are not a threat, and those above are quasi-gods with some fighting strength. If my estimate is correct, the Wutian clan's combat strength above quasi-gods is only two to three million. Count them, right? The number of quasi-gods among all the races in our Southern Alliance combined is almost three to four million, which still outnumbers them....."

Zhenji seemed to have thought of something and hurriedly stepped forward

"Your Majesty, I have a proposal that can double the number of our quasi-gods. In this way, it will be of great benefit to us in attacking Wutian Holy Land, and at the same time it can also enhance His Majesty's strength....."

Qin Feng's eyes lit up:"Tell me about it?"

Zhenji smiled and said:"Your Majesty, the Great Luotian Palace has been destroyed, and the northern part of the God Realm is leaderless. And the northern land is more vast than our Southern League, with as many as one large and small forces. There are 6,000 families. We might as well take advantage of the opportunity to recover them....."

Qin Feng smiled and said:"I have already thought about it and have this plan. Since you have said it, let's do it. All living beings with intelligence must sign a contract... This time, those who sign the contract will survive! Those who do not sign will , die!"

As soon as these words were said, everyone was bright-eyed and full of energy... The

Southern Alliance's territory was originally small and could not be compared with the seven major forces in the God Realm.

If they can unify the north, the territory of SAARC will be comparable to that of the seven major powers.....

As the territory expands, resources will increase, which will be of great benefit to the future development of SAARC.....

"Your Majesty, I will take people to the north immediately....."

Zhenji takes the initiative to ask for help

"No need! This time, Jiuyuan, Ziwei, Qinglin, Bitie, Minglin, Fengdi, and Fuzhi each led a team of troops to conquer the north in seven directions. The faster the better....."

"Well, that old man....."

"You made a great contribution last time, and I want to reward you! Just follow me in retreat. I will help you temper your body and improve your strength....."

He was so ecstatic that he thanked him with gratitude:"Thank you, Your Majesty!"

Everyone around looked envious.

Qin Feng smiled again and said:"You don't have to worry. After you conquer the north, I will also give you a big reward. This time, the elixir resources I obtained are more than ten times richer than last time, which can greatly improve your strength....."

As soon as he said this, everyone was overjoyed and thanked them one after another.....

The major matter of attacking the north has been decided.

Soon, Jiuyuan and others left.

In the hall, only Qin Feng and Zhenji were left

"Zhenji, follow me to retreat!"

"Your Majesty, I have something important that I almost forgot to mention."

"What's the matter?"

"Your Majesty, this bottle contains the energy of millions of disciples of Daluotian Palace, and it also contains the energy of six gods. In addition, the more than two million disciples of Yaochi Mountain were unwilling to surrender, so I killed them all and absorbed all their energy....."

Zhenji God respectfully handed over a rune jade bottle

"Well done!"

Qin Feng was pleased and put away the jade bottle.

After he swallowed the energy in the bottle, his combat power would be improved..

Chapter 967

Qin Feng put away the jade bottle and remembered something again

"By the way, Zhenji, I suddenly remembered something"

"Your Majesty, say it!"

"If the Great Luo Divine Sword cannot be refined, it will always be a hidden danger, and I will never be able to get rid of Luofu's heart oath, just like a curse. Even if I gain the strength of the third realm in the future, I still can't stop others from being greedy....."

"yes! Your Majesty, if you want to completely lift this curse, there is only one way, and that is to refine the Great Luo Divine Sword, so that you can completely eliminate the greed of others, but... Hey!"

Zhenji shook his head helplessly. Even the strong men in the third realm of eternity couldn't forcibly refine it, and he had no choice...

Qin Feng smiled coldly:"I have a way, maybe it can lift the curse without refining!

Zhenji's eyes lit up:"What can we do?"

"Destroy the Daluo Divine Sword!"

Zhenji was stunned for a moment.

Then, he thought for a moment and nodded slightly.

"Your Majesty is extremely smart. I didn't expect this method, but it does work. As long as the Great Luo Divine Sword is destroyed, others will have to give up the idea of seizing the Divine Sword. Just doing this would be a pity for a sacred weapon....."

Hearing this, Qin Feng smiled and said nothing.

For him, destroying the Great Luo Divine Sword is not a waste.

The Daluo Divine Sword was destroyed, mainly because the weapon spirit was destroyed, but all the materials for the sword body were...

Qin Feng obtained the secret technique of refining the sacred weapon not long ago.

He can incorporate those materials into the Four Swords of Death according to secret techniques.
.....

The Great Luo Divine Sword is made of metal, and the Four Swords of Zhutian are also made of metal. The two are very compatible.....

In addition, QinHe also wanted to destroy the Zodiac Seal and integrate it into the Heaven-Slaying Formation.

The Zhutian Formation Diagram is of earth attribute and coincides with the Zodiac Seal.

After this operation, I should be able to refine the Zhutian Sword into a holy weapon, even stronger than the Great Luo Divine Sword.....

There are three levels of sacred artifacts: the cauldron level, the heaven-casting level, and the creation level.

The Great Luo Divine Sword and the Zodiac Seal are both the lowest Kaiding level.

According to Qin Feng's idea, the Heaven-Slaying Sword and the formation diagram that were finally refined might be able to exert the power of the Heaven-casting level when the two work together.....

At this time, Zhenji said again: "Your Majesty, you want to destroy the Great Luo Divine Sword. Is there a problem in this?"

"What problem?"

"Sacred weapons cannot be destroyed! Although the Great Luo Divine Sword is only the lowest level of opening a cauldron, to destroy it, one must at least have the strength of the third level of eternity....."

Qin Feng suddenly said: "It seems that if I don't improve my strength to the third level, I really can't do anything with it. By the way, if it is a heaven-forging holy weapon, what strength is needed to destroy it?"

"I'm afraid the existence of the fifth realm of eternity is needed. However, it is hard to say whether the fifth realm of eternity exists or not. If it exists, it is only in the Nine Heavens and Ten Domains....."

"I see!"

Qin Feng nodded slightly and secretly wrote it down...

The next second, he waved his hand, and the two of them disappeared out of thin air, and then entered the dual universe to retreat.....

Time flies!

In the blink of an eye, five days passed by the outside world.

In these five days, SAARC successfully captured the north.

The northern part without the Daluotian Palace is just a bunch of lambs waiting to be slaughtered, completely crushed by the Southern Alliance...

This time, the Southern Alliance used thunderous means to attack the northern part. Any living being with intelligence must sign a contract. Those who do not sign will die.!

In just five days, Jiuyuan and others swept across the entire north, bringing tens of billions of creatures under Qin Feng's command...

At this point, the north has become Qin Feng's back garden, where he can come and leave whenever he wants. Complete integration with SAARC.....

From then on, there was no northern part of the God Realm, and it was all owned by the Southern Alliance.....

The Southern Alliance's quasi-god-level combat power has also reached more than five million...

Qin Feng also gained tens of millions of life points, and the exchange points accumulated to more than 120 million points...

He also gained A large amount of combat power has been fed back, and the strength has increased again... all this is not over.

Five days in the outside world, fifty years in the dual universe.....

In the past fifty years, Qin Feng used the Creation Fire and the Fire God Pill to temper his Zhenji physique into an eternal fire body.....

Later, he rewarded Zhenji with a Holy Spirit Pill, which allowed him to successfully break through to the first realm of eternity.....

During this period, Kunpeng also successfully refined the Holy Spirit Pill, and his cultivation reached the peak of the first realm of eternity.....

At this point, Qin Feng had three eternal-level combat forces, namely: Shadow Clone, Kunpeng, and Zhenji...

After Jiuyuan and others unified the north and returned to the headquarters, Qin Feng rewarded everyone with a large number of divine pills.....

Later, he used the points to redeem a large number of elixirs, as well as the Wind God Pill, Fire God Pill, Water God Pill, and Earth God Pill.....

He wants to transform the physiques of his confidants in large quantities.....

A large-scale activity to improve the strength of subordinates was launched in this way.....

Time flies!

In the blink of an eye, another ten days have passed... ten days in the outside world and a hundred years in the dual universe.

In the past hundred years, Qin Feng finally tempered the physiques of all his confidants. He also spent 100 million redemption points, leaving only more than 30 million... and the strength of the entire Southern League has also improved by a large amount. grade.....

However, the talent level of everyone has also changed.

Jiuyuan, Qinglin, Bitie, Ziwei, Fengdi, Panzu, and Fuzhi successfully broke through to half-eternity...

Baobao, Styx, Hongyue, Green Ming, Minglin and others reached the peak of God.

As for the God level, there are more than seventy people... and even more than the God level.....

The combat power of quasi-gods and above is close to ten million, which is visually estimated to be four times that of Wu Tian Holy Land.....

With such strength, it is not at the bottom among the seven major forces in the God Realm...

In short, the development of the entire SAARC can be said to be full of vigor and vitality.....

Everyone is full of confidence in the upcoming battle at Wutian Holy Land.....

After Qin Feng's series of operations, his combat power increased to 3500 trillion Rang unknowingly.....

This brings him closer and closer to the threshold of combat power in the third realm.....

Everyone saw it in their eyes, felt happy in their hearts, and had more and more confidence in Qin Feng.....

Of course, in the past half month, four groups of Eternal Realm powerhouses came one after another, all coming for the Great Luo Divine Sword.....

These people either came alone or in groups of two or three, but they were all easily defeated by the phantom clones.....

Even the fourth wave of provocateurs, a strong man in the second realm of eternity, was defeated by the phantom clone.....

At this point, Nanmeng became famous in the divine world.

The name of Qin Lei (phantom clone) has resounded throughout the God Realm.....

And on this day, in the dual universe, a big event is happening in the palace of the Lord Ziwei...

The fetus Hongjun has been in the mother's body for thousands of years, and today there is finally a huge movement.

Chapter 968

And on this day, in the dual universe, a big event is happening in the palace of the Lord Ziwei...

The fetus Hongjun has been in the mother's body for thousands of years, and today there is finally a huge movement.....

At this moment, Star Lord Ziwei was lying on his side on the cloud bed, with a look of pain on his beautiful face, and beads of sweat oozing out from his smooth forehead.....

"Ziwei, are you okay?"

Qin Feng felt distressed when he saw it.....

"Your Majesty, I'm fine. You can continue. I can still hold on!

Qin Feng was stunned:"You still want to insist?" You can't continue in this state....."

"Sister Ziwei, I also advise you to cultivate yourself for a while before talking about it....."

Emperor Feng also persuaded.

Qinglin was also hesitant to speak, and the two girls were always by his side.

"Your Majesty, I know my body very well. I can hold on. Besides, this is also Hong'er's own wish."

Ziwei Star Master looked at his belly with a gentle expression.

The belly that was originally slightly bulging has now bulged as high as that of an ordinary woman who is seven or eight months pregnant.....

At the same time, there is a three-color glow shrouding the lower abdomen, which is extremely sacred.....

Within the glow, there is a clear and strong wave of thoughts, expressing an extremely intimate attachment to Qin Feng.....

That's exactly what Fetus Hongjun had in mind.....

It seems that this child really wants to be born!

He knew that Hongjun's baby was born because of him...

He was now facing potential danger, and Hongjun's baby was worried that he didn't have enough manpower.....

"Master, otherwise, we can continue after you recover....."

"Your Majesty, we cannot wait any longer! I have communicated with Hong'er that if I wait for my body to recover, I'm afraid it will take hundreds of years....."

Qin Feng was shocked: "Hundreds of years? So, the previous two forced temperings caused great damage to your body! Then this time, you can't try it again....."

"Your Majesty, Hong'er and I have communicated. As long as he refines it to perfection and achieves the chaotic body, he will get a breath of innate chaos energy."

"That breath of chaos can help me restore my physique instantly, so I don't have to wait hundreds of years. Your Majesty, are you willing to watch me suffer for hundreds of years and only for a moment?"

"Um... Hong'er really said that?"

"certainly!"

As soon as Ziwei Star Master finished speaking, the fetus Hongjun sent a strong wave of thoughts to Qin Feng, seeming to agree...

Qinglin and Fengdi also felt it.....

"Your Majesty, since Hong'er has said so, I suggest you give it a try....."

"I also think I can give it a try!"

Qinglin and Fengdi persuaded each other

"That's it! That being the case, let's give it a try! If you take these two Earth God Pills, they should be able to help you and Hong'er resist the corrosion of some of the Creation God Earth....."

Qin Feng waved his hand, and there were two golden elixirs in his palm, which were the Earth God Pills.....

Lord Ziwei took the elixir and swallowed it directly.....

One of the medicinal powers entered his body and led to his limbs and bones. The other medicinal power poured into his belly and was absorbed by the fetus Hongjun.....

Seeing this, Qin Feng waved his hand again, and there was a ball of yellow dust billowing in the palm of his hand, like mist and dust, which was the God of Creation...

Next, he would use this God of Creation to give the fetus Hong Jun has tempered his body...

Strangely enough, all of Qin Feng's confidants can only temper their bodies with one of the four creation spirits, and cannot temper their bodies with two spiritual objects.....

For example, if you have used divine fire to temper your body, you can no longer use divine water, divine wind, or divine soil to temper your body. Otherwise, not only will it not help, but it will cause great damage to the body.....

Not to mention those close men, even Kunpeng is like this. He can only use divine wind to temper his body, and cannot accept other three spiritual objects to temper his body.....

However, the fetus Hongjun is an exception. He can be continuously tempered by the four spirits...

Qin Feng has successively used divine water, divine fire, and divine wind to temper him into eternal water, eternal fire, and eternal wind.....

This also allowed Hongjun's cultivation to make continuous breakthroughs, reaching the peak of half-step eternity.....

If Qin Feng uses divine soil to temper his body again, the fetus Hongjun will definitely gain an eternal earth body.....

According to Ziwei, if Hongjun obtains the eternal water, fire, wind, and earth bodies, he can fuse the four bodies and be promoted to the chaotic body... The chaotic body is completely superior to the creation body, but it is much weaker than the Hongmeng body.....

But as long as Hongjun obtains the Chaos Body, his potential and talent will surpass that of the Lord of the Ancient God Realm, and far surpass Kunpeng.....

Qin Feng, this child, will definitely be an extraordinary existence in the future.....

This also made him extremely happy and looking forward to it... but there was one thing that made Qin Feng very embarrassed.

That is, when he tempers the body of the fetus Hongjun, the four creation spirits will first enter the main body of Ziwei Star...

In addition to the divine water of creation, the divine fire, divine wind, and divine earth will all do great harm to the body of the main body of Ziwei Star.....

Before, the divine fire and divine wind had made Ziwei's body extremely weak, so Qin Feng stopped continuing to temper her body.....

Now, at the strong request of Ziwei and Fei Hongjun, he started the last step, which is to temper the body of divine soil.....

The divine wind corrodes the bones, and the divine soil rots the flesh.

The divine soil does the most damage to the flesh and blood body, so Qin Feng took the last step.
.....

"Master, are you ready?"

"Um! let's start!"

Ziwei Star Lord gently closed his eyes.....

"Sister Lin, Yue'er, you come to protect the law!"

"yes!"

After instructing these trivial matters, Qin Feng took a deep breath and immediately began the final step of body tempering.....

When the God of Creation soil seeped into Ziwei's body, waves of terrifying corrosive power began to devour her skin, blood, tendons, and muscles...

A look of extreme pain appeared on her face.....

Qin Feng felt extremely distressed.

The next second, as soon as the divine soil penetrated into the fetal womb, it was absorbed by the fetus Hongjun and began to temper Hongjun's physical body.....

After a while, the three-color glow covering the belly of crape myrtle gained a touch of yellow and began to transform into a four-color glow.....

At the same time, under the glow of the rays, an extremely powerful force of vitality emanated from the fetus Hongjun, rushing towards Ziwei's limbs and bones, and began to resist the corrosive power... The look of pain on Ziwei's face , with some relief.....

At this moment, the system prompts sounded in Qin Feng's mind.....

"Ding~! Congratulations to the host, your child Hongjun is undergoing the tempering of the divine earth, and the current tempering progress is 0.1%.....0.2%.....0.3%....."

When the body tempering progress reaches 100%, it means that the body tempering is completed...

Qin Feng secretly breathed a sigh of relief.....

This time the body quenching was smoother and much faster than the previous three times...

Obviously, after three times of body quenching, the fetus Hongjun's physique and talent were better, and it was easier to quench the body.....

According to the current speed of body tempering, Qin Feng estimates that it can be successfully completed within one year.....

In one year, Ziwei Star Master should be able to persevere...

Thinking of this, Qin Feng slowly let go...

One year in the dual universe, one or two hours in the outside world, is already extremely fast....

In this way, Qin Feng carefully tempered the body of the fetus Hongjun...

Qinglin and Fengdi were protecting the law...

Time flew by!

In the blink of an eye, Qin Feng tempered the fetus Hongjun for ten months, and the tempering progress reached 87.6%....

Seeing that all victory is in sight...

Qinglin and Fengdi are both happy and looking forward to it...

Lord Ziwei's condition is acceptable, and there will be no problem if he persists for another two months...

Qin Feng feels relieved, thinking that the biggest difficulty is It was about to pass...

But on this day, he seemed to sense something. His face changed slightly, and he suddenly raised his head and looked in the direction outside the palace.....

"Your Majesty, what's wrong? Qinglin noticed it and asked quickly.

Qin Feng frowned:"It's really damned!" At this time, a group of Eternal Realm powerhouses suddenly came and broke into our Southern Alliance. They should have come for the Great Luo Divine Sword....."

"Your Majesty, are the people coming this time stronger than the previous four times?"

Qin Feng nodded slightly:"Not only is it stronger than the previous times, but there are more people. There are two people in the second level of eternity alone, and one of them has reached the late stage of the second level of eternity. It is much more difficult to deal with than the previous times....."

Hearing this, both Qinglin and Fengdi looked ugly.....

"Your Majesty, I'm afraid that you will have to take action personally this time to retreat from the enemy....."

Both girls were a little panicked.

Qin Feng looked at the Ziwei Star Master who looked extremely painful, and sighed in his heart.....

"I can't go out to fight the enemy for the time being. This body tempering cannot be interrupted. If I go to fight the enemy now, the body tempering will fail. I need to start over again next time, and Ziwei's suffering will be in vain. I'm afraid she won't be able to endure the pain of body tempering next time....."

"Your Majesty, then...what should we do?"

The two girls were at a loss.

Qin Feng pondered for a while and then said:"As long as I can delay it for half an hour, I can complete the body tempering....."

"Sister Qinglin, please give me an order for all powerful men above God to enter the first level of combat readiness....."

"Yue'er, go inform Kunpeng and Zhenji and ask them to get out of seclusion quickly and go to assist the phantom clone to meet the enemy....."

"Your Majesty, this place....."

"You don't need a Dharma protector here, so go ahead!"

"Yes, Your Majesty!"

At that moment, the two women left in a hurry..

Chapter 969

"Yue'er, go inform Kunpeng and Zhenji and ask them to get out of seclusion quickly and go to assist the phantom clone to meet the enemy....."

"Your Majesty, this place....."

"I don't need a Dharma protector here, so go ahead!"

"Yes, Your Majesty!"

At that moment, the two women left in a hurry.....

At the same time, a group of mysterious people appeared over the border of SAARC.....

There are only five people in this group, but all of them are powerful in the Eternal Realm... The white-haired old man who leads them has a thin body, a painful face, but extremely arrogant eyes, and his cultivation has reached the late stage of the Second Eternal Realm.

He is the most powerful among these people...

The combat power in the late second stage is between 1,500 trillion Rang and 2,000 trillion Rang.
.....

This shows how extraordinary this person is!

This person's name is Patriarch Ku Xing, and he is the leader of the forces in the western realm of the gods.

The Western Realm ranks fourth among the seven major forces in the God Realm.

As for the top three forces, there is a third-level powerhouse in charge.

However, he said that the ascetic ancestor flew ahead, followed closely behind him were three powerful men in the first level of eternity, a Cixi fairy, a Wenshu Taoist, and a Yuexian Venerable.

These three people are also powerful men in the Western world, and are all capable men of the ascetic ancestor.

There are four eternal powerhouses in one force, and one of them is in the late stage of the second realm. This shows that the Western Realm is stronger than any major saint clan in Guixu, but it only ranks fourth in the God Realm.....

In addition, walking side by side with the ascetic ancestor is a fat old man with a rosy complexion, bare breasts, and a smiley expression on his face...

This old man is called Old Immortal Mimu, and he is also a strong man in the second realm of eternity. , but it is the early stage of the second realm...

Old Immortal Mimu is a casual cultivator in the divine realm. He does not belong to any divine realm force and has always been used to being free.....

At this moment, a group of five people were chatting while flying in the air.....

"My old friend Yamu, how long until we arrive?"

The ascetic ancestor asked casually, with a bitter melon-like expression on his face. People who were not familiar with him would have thought he was sulking.....

"Brother Ascetic, you'll be there in a quarter of an hour. The headquarters of the new SAARC is Kunwu Mountain...."

Old Immortal Mimu said with a smile.

"hehe! New SAARC? The new Southern Alliance has been a bit arrogant recently. Taking advantage of the three holy saints' retreat, they actually annexed the north and destroyed the rules of the God Realm. Now, on the contract of saints, the name of the north has disappeared....."

The ascetic ancestor was a little angry.

Immortal Mimu was surprised:"Is there such a thing? As far as I know, the seven major forces have signed a contract and they cannot attack other forces at will. How dare the Southern Alliance do this?"

Immortal Mimu just said this. The casual cultivator has never been interested in power struggles, and his eyes and ears are not as sharp as those of other forces. He just learned today that the north has been destroyed.....

"Hey~! My dear friend Mimu, let me tell you the truth, the contract between the saints in our divine world only binds existences above the half-step eternity realm, and it is only signed once every ten trillion years, and the time for the next re-signing has not yet come....."

"But no one expected that the Southern Alliance would give birth to several half-step eternal realm and eternal realm experts during this period, and these guys destroyed the north without being bound by the contract....."

"The three great saints were very dissatisfied with this matter and asked me to deal with it. This time, all the powerful people above half-saints in the Southern League must leave their names on the contract of saints. Anyone who refuses to sign will be killed without mercy!"

"For this reason, I even brought the scroll of the Contract of All Saints!"

Speaking of this, the ascetic ancestor looked proud...

He came here this time with the three holy decrees and represented the will of the seven major forces in the divine world.

He did not believe that the newly rising Southern Alliance dared to disobey.....

The so-called three great saints refer to the three powerful men in the third realm of eternity.

Half a step into eternity, revered as a half-saint.

The first and second realms of eternity are revered as holy beings.

In the third realm of eternity, he is revered as the supreme saint

"Brother Ascetic, what you said before is different! Didn't you come here this time for the Great Luo Divine Sword?"

"Ha ha!! I have two purposes for coming here this time. One is to get SAARC to sign a contract, and the other is to get the Daluo Divine Sword....."

"Brother, if you want to get the Daluo Divine Sword, you must kill Qin Feng, the leader of the Southern League. Isn't that person difficult to deal with?"

Hearing this, the ascetic ancestor laughed:"Haha!" Old friend, you lost to Qin Lei last time, and there is a shadow in your heart, right? I inquired and learned that Qin Feng and Qin Lei are brothers. They are similar in age and have the same level of cultivation....."

"It can be seen that the two are equally powerful. Even if Qin Feng is stronger than Qin Lei, he is not much stronger....."

As soon as these words came out, everyone nodded slightly.....

Even the old immortal Mimu nodded in approval.

In fact, the news about Qin Feng's identity was deliberately released by people from SAARC. It is half true and half false.....

Those forces that were secretly snooping couldn't help but believe it.

The main thing is that the cultivation realms of Qin Feng and Xu Ying's clones are always the same, and the outside world will naturally subconsciously think that the strength of the two should be equal.

No one knows that Qin Feng's strength is three times that of the shadow clone

"By the way, old friend Mimu, you played against Qin Lei last time. How do you think I compare with Qin Lei?"

Ascetic Ancestor asked casually.

It turned out that this old Immortal Mimu had already caused trouble with the Southern Alliance once for the Great Luo Divine Sword, but was repelled by the phantom clone.....

This old Immortal Mimu is a well-known strong casual cultivator in the God Realm, a genuine early stage of the Eternal Second Realm...

It was precisely because of that battle that the name of Qin Lei (the shadow clone) was resounding throughout the God Realm, and it also made Xin Xin The name of SAARC becomes dazzling.....

"Brother Ascetic, to be honest, I fought with Qin Lei for three days and three nights before losing with just one move. Although Qin Lei is stronger than me, his strength is extremely limited. If compared with his brother, he is far behind. It can be seen that Qin Feng is definitely not my opponent....."

The old immortal Mimu spoke eloquently.

He sincerely believed that Qin Feng could not be the opponent of the ascetic ancestor.....

"Ha ha! This is exactly what I expected!"

The ascetic ancestor laughed proudly and felt much more relaxed.

Fairy Cixi, Taoist Wen Shu, and Venerable Yuexian all also smiled.

They were also full of confidence in their ancestors.....

"Ancestor, this subordinate remembered something. If you kill Qin Feng, will others in the SAARC still be willing to sign? Fairy

Cixi suddenly asked.

The ascetic ancestor smiled coldly:"If they sign a contract, they can still survive!" If you don't sign, you will be killed without mercy! This discussion is a joint decision of the three great saints!"

Actually, this is a deal between the Ascetic Ancestor and the Three Great Saints.

The Ascetic Ancestor came to kill Qin Feng and seize the Great Luo Divine Sword.

When Qin Feng was killed, the Southern Alliance would inevitably collapse.

The signing proposed by the Ascetic Ancestor To use the power of the Three Great Saints to intimidate the people of the Southern Alliance, disintegrate the fighting spirit of the Southern Alliance, and make the Southern Alliance surrender.....

His ultimate goal is to divide the territory of the New Southern Alliance among the three supreme saints.

This allows the three great saints to gain benefits without taking any action.

The benefit gained by the ascetic ancestor is the Great Luo Divine Sword.

And what he has to bear is the cause and effect of killing Qin Feng.

This is the deal between him and the three supreme saints.

Otherwise, the three supreme saints would not give up on seizing the Great Luo Divine Sword and let him seize it...

And in order for this operation to be successfully completed, the ascetic ancestor did not hesitate to spend a lot of money to invite the old immortal Mimu to help.....

He and Old Immortal Mimu are both strong men in the second realm of eternity, and there are three subordinates in the first realm of eternity...

He is confident that this operation will definitely succeed.....

You know, the last time Immortal Mimu broke into the SAARC lair alone, he was able to escape unharmed. What's more, they are coming together with five masters this time.....

"Brother, if I help you win the Daluo Divine Sword this time, you must give me one of the places on the decades-long trip to the treasure of the Ancient God Lord....."

Immortal Mimu suddenly reminded.

This gift of quota is also within their transaction scope.

"Ha ha! Easy to say! Easy to say!"

The ascetic ancestor agreed, as if he had a winning ticket.

Taoist Wen Shu also smiled and said:"Ancestor, if you get the Great Luo Divine Sword this time, your comprehensive strength must have reached the peak of the second realm of eternity, right?

The ascetic ancestor stroked his beard and said with a smile:"If there is a divine sword to help, it should be like this!"

Taoist Wen Shu was overjoyed:"If the ancestor's strength increases greatly, then the trip to the treasure of the ancient God Lord will be more beneficial to us.""

The ascetic ancestor smiled proudly and said:"It's too early to talk about this now. Let's talk about it after we kill Qin Feng.""

"The ancestor was right!"

At this moment, the group of people looked relaxed and rushed to Kunwu Mountain talking and laughing.....

Time passed quickly, and a quarter of an hour passed in the blink of an eye.

The ascetic ancestor and his party finally arrived near Kunwu Mountain.

At the same time, within the dual universe.

Qin Feng's progress in quenching the fetus Hongjun has reached 94.6%.....

Chapter 970

The moment the ascetic ancestor and others arrived near Kunwu Mountain, Qin Feng sensed.....

He frowned slightly and looked up...

The next second, he saw everything in the outside world clearly through the perspectives of many of his subordinates.....

"Your Majesty... Your Majesty, have the enemies arrived?"

Ziwei Star Master asked with a weak look on his face.

"Well, we have arrived near Kunwu Mountain...."

Qin Feng silently withdrew his gaze

"He...how many of them are there? What are their strengths?"

"One in the late second realm, one in the early second realm, and three in the eternal first realm.
....."

"Ah...this...so strong...."

The haggard face of Ziwei Star Master revealed an anxious look....

"Your Majesty, without you in the outside world, the shadow clones and the others cannot survive.
.....You'd better go out and pick him up as soon as possible....."

"No matter what, I have to help Hong'er finish tempering his body first. I can't let you suffer anymore...."

"Your Majesty... Your Majesty, how long will it take for Hong'er's body tempering to be completed?"

"This time it went very smoothly, and it only takes twenty minutes to complete..."

Hearing this, Star Master Ziwei's eyes lit up...

The progress of body tempering this time was much faster than she expected.....

In twenty minutes, she believed that the shadow clones and the few people could barely survive it.
.....

"Master, don't think so much! Let's continue quenching the body, and leave the outside to the phantom clone....."

"Um~! "

The Lord Ziwei responded gently...

At the moment, Qin Feng continued to temper the body of the fetus Hongjun.....

At the same time, over Kunwu Mountain,.....

"Old friend Mimu, is this the headquarters of SAARC?"

The ascetic ancestor looked down with a proud face...

This was his first time to come to the South Alliance since Jiuquan's fall.....

After all, Southern League was too weak. In the past, he would not have looked down upon it at all.

If it weren't for the Great Luo Divine Sword, he wouldn't even bother to come here today.....

"Ascetic brother, this is it. Wait a moment, I'll take the lead first...."

As soon as he finished speaking, Old Immortal Mimu looked down.....

"Yamu is visiting! Where is fellow Taoist Qin Feng?"

This song was sung, and the sound waves swayed in all directions, spreading to every corner of Kunwu Mountain in an instant...

The next second, there were clattering sounds from every corner of Kunwu Mountain, up and down, millions of quasi-gods and above. , all taking their places.....

Buzz~! Buzz~! Buzz~!

Formation light pillars soared into the sky, hundreds of thousands of them rising instantly, supporting an extremely huge light shield, protecting the entire Kunwu Mountain.....

SAARC has long been prepared!

The Ascetic Ancestor and his party were shocked...

This South Alliance would have millions of quasi-god or above powerhouses at random...

Based on this alone, it can be seen that the foundation of the South Alliance is very strong, and it is not at all like the rumors. so weak.....

The ascetic ancestors looked at each other, some of them couldn't believe it...

It's not that the Southern Alliance is weak, with less than a million Quasi-gods and above, but there are six or seven million at a glance.....

When did the SAARC forces advance so quickly?

Just annexing the north won't do that!

The ascetic ancestors were greatly puzzled and even a little jealous.....

The basic foundation displayed by SAARC is no weaker than that of their Western counterparts!

They don't know that in front of them is not all the forces of the Southern Alliance, but millions of powerful people above quasi-gods, scattered and guarding fortresses in various places.....

Today, the number of quasi-gods and above in the Southern Alliance has reached tens of millions.

This was completely cultivated by Qin Feng with a large amount of elixirs...

At this moment, nearly a hundred sounds of breaking through the air were heard from below, and a group of people flew into the sky from the southern headquarters...

The leader was the phantom clone. , Kunpeng, Zhenji...

When the Ascetic Ancestor and his party saw this scene, their expressions changed again.....

He could tell at a glance that Kunpeng and Zhenji were both in the first realm of eternity.

Behind these two people, the six people Jiuyuan, Qinglin, Panzu, Fuzhi, Bietie, and Fengdi are all in the Half-Step Eternity Realm...

And behind these six people, Qin Baobao, Minghe, Hongyue , the number of powerful Gods headed by Ming Lin actually reached seventy or eighty.....

"Oh My God! The power of SAARC is so strong!"

"The number of their semi-saints and gods is more than double that of our Western world....."

"strangeness! Aren't you saying that SAARC is weak? Why did it become so strong all of a sudden?"

At this moment, Fairy Cixi, Taoist Wen Shu, and Venerable Yuexian kept whispering.....

While the three of them were shocked, they also showed envy.....

It would be a good thing to annex such a powerful Southern Alliance...

Unfortunately, the ancestors agreed to the three supreme saints. The carving up of Southern Alliance is a matter of the three supreme saints. They have no share in the western world...

At this time, Xu Xu The shadow clones and others were already standing in the sky, confronting the ascetic ancestor and his party.....

"Fellow Taoist Mimu! I opened my eyes to you last time, why are you visiting again?!"

The phantom clone looked at Old Immortal Mimu and asked coldly.

Before Old Immortal Mimu could speak, Ancestor Ascetic frowned in displeasure.

"Boy! What is your identity? A little half-step god dares to shout loudly to old friend Mimu, are there no distinctions between superior and inferior among people in the Southern League? You two, how do you control your subordinates?"

The ascetic ancestor didn't even bother to look at the phantom clone. His eyes fell directly on Kunpeng and Zhenji...

In his opinion, Kunpeng and Zhenji are the leaders. The phantom clone, a half-step god, is probably the leader. Descendants have no right to speak out.....

But as soon as he finished speaking, Mimu Laoxian coughed dryly with an embarrassed look on his face.....

"Cough~! Cough~! That... that... Brother Ascetic, this is Qin Lei, the deputy leader of the Southern Alliance!"

"Wha...what? He is Qin Lei!"

The ascetic ancestor was greatly surprised.

The three Cixi fairies were also stunned, and they all looked at the phantom clone in disbelief.....

"My friend Yamu, are you right? Isn't this kid a half-step god? Were you defeated by him last time?"

Ancestor Ascetic is still in disbelief.

Old Immortal Mimu smiled awkwardly:"That's right! He is Qin Lei!"

Hiss~!

The ascetic ancestor secretly took a breath of cold air, and his eyes began to change when he looked at the phantom clone.....

With only half a step of the cultivation of a god, he defeated the old immortal Mimu in the early stage of the second eternal realm. Qin Lei's talent and potential are really terrifying... In terms of talent and potential alone, he far surpassed the three major Extremely holy.

If you give this kid some more time, he can become a figure above the three great saints.....

Thinking of this, the ascetic ancestor felt unhappy and very jealous... thinking that he had gone through countless years to achieve today's achievements and status.

And it seems that it is not far away if the phantom clone wants to catch up with him.....

"Boy, your brother Qin Feng is also a half-step god?"

Ascetic Patriarch inquired.

The shadow clone frowned:"Who are you?"

The Ascetic Ancestor smiled proudly:"I am the leader of the forces in the Western world - the Ascetic Ancestor! Today, under the orders of the three supreme saints, I order you, a powerful person from the Southern League of Half Saints or above, to sign a contract of all saints!"

As soon as he finished speaking, the Ascetic Ancestor waved his hand...

Bang~!

There was a crisp sound!

A hundred-foot-long contract scroll swung in the air and unfolded...

I saw that the scroll was completely white, with black at both ends. On the handle of the axis, on the front of the central scroll is a map of mountains, rivers, and the Great Wilderness God Realm, with the SAARC region suddenly among them.....

In the center of the scroll, suddenly there are five ancient seal characters - Contract of All Saints...

Looking at the back of the scroll, there are one yuan pattern, two ritual patterns, three talents pattern, four elephant pattern, five elements pattern, Liuhe pattern, seven star pattern, There are many patterns such as the Eight-pole pattern and the Nine-Yao pattern...

As soon as this scroll came out, the divine light shone for billions of miles, and the rays of light shot straight into the ninth heaven, alarming countless creatures throughout the south. It was incomparably sacred and solemn.....

"This is the Contract of All Saints! I've already brought it, why don't you sign it quickly?!"

The ascetic ancestor sneered proudly.

Everyone in the Southern League couldn't help but look slightly condensed, secretly thinking that the person who came was evil. This ascetic ancestor had obviously come prepared.....

At this moment, everyone couldn't help but look at the phantom clone.

They know that the phantom clone is the extension of Qin Feng's body and is Qin Feng's agent.....

Qin Feng was not present, so the shadow clone would naturally give orders.....

"What if SAARC does not sign?"

"Ha ha! If you don't sign, you are disobeying the holy will of the three supreme saints, and you will have to bear the wrath of the three supreme saints! Aren't you in the south afraid of being removed from the divine world?"

The ascetic ancestor laughed, with a look of gloating on his face.

The expressions of everyone in the Southern Alliance changed drastically, and everyone looked at each other in shock.

Even the shadow clone frowned.

Originally, a strong man in the third realm of eternity was enough. The SAARC has a headache.

If the three supreme saints are provoked at the same time, it will definitely be unbearable for the SAARC.....

A depressing atmosphere began to spread among the people of the South Alliance...

The ascetic ancestor saw this scene in his eyes, and felt even more proud...

His deterrent effect has been initially achieved.....

"Your Majesty, in my opinion, it is better to sign this contract, otherwise the seven major forces will not be able to tolerate us, and the three great saints will not be able to tolerate us....."

Zhenji secretly transmitted a message to the shadow clone... the shadow clone nodded slightly.

He also knew that signing this contract was inevitable.

Unless, the Southern Alliance and the entire God Realm Fall out with force.....

"My fellow ascetics, we have no control over the signing of the contract. Otherwise, I'll report it to my brother first and ask for his opinion....."

The phantom clone hit Haha, trying to delay time.

But unexpectedly, as soon as he finished speaking, the ascetic ancestor laughed loudly.....

"Ha ha! Qin Lei, you don't need to ask Qin Feng about this matter, you can just make your own decision.....".

The shadow clone was stunned:"What do you mean by this?"

"hey-hey! Before I came, the three supreme saints told me that Qin Feng's killing of Luofu violated the rules of the divine realm and was not accepted by our divine realm, so he was not qualified to sign the contract, let alone join us! This signing is only for you, not him!"

As soon as these words were spoken, the whole audience was moved.

"hehe! I understand!", the phantom clone sneered:"Your contract this time is only to divide the power of our Southern Alliance and make our children of the Southern Alliance use the enemy as a weapon. After signing the contract, your next step is to kill my brother and seize the Daluo Divine Sword....."

As soon as these words came out, everyone suddenly realized and became furious

"Damn old thief! If you want us to betray His Majesty, just dream!"

"Ha ha! Even if I die fighting for Your Majesty, I will not sign any ghost contract....."

"hehe! To put it bluntly, this old guy didn't do this trick just because of the Great Luo Shenjian....."

Everyone in the SAARC shouted and cursed one after another, bursting with anger.....

The ascetic ancestor was a little surprised.

He didn't expect that everyone in the Southern League would be so loyal to Qin Feng.....

Immediately, he sneered:"No matter what you think, this is the will of the three supreme saints. Is it possible that you, the Southern League, want to confront the three supreme saints?"

"What nonsense are the Three Great Saints! If you want me to betray my master, I will kill the three supreme saints first!"

Little Kunpeng was furious and cursed

"Ha ha!! I, the man of the South Alliance, will not betray His Majesty, not even the Three Great Saints. You people from the Western world, get out now, you are not welcome in SAARC!"

Zhenji also reprimanded loudly and unceremoniously.

"That's right! Get out of here!"

"roll! Get out!"

In an instant, the whole audience shouted and cursed in unison, with overwhelming momentum.

"This is your own death!", the ascetic ancestor became angry in shame, "I'm too lazy to talk to you!"

As soon as he finished speaking, the ascetic ancestor waved his hand and put away the contract of the saints... Old Immortal

Mimu, Fairy Cixi, Taoist Wen Shu, and Venerable Yuexian all sacrificed their magic weapons...

When everyone in the Southern League saw it, , also sacrificed their magical weapons one after another, the formations at all levels also opened one after another, and formation lights shot up into the sky...

The atmosphere in the field instantly became tense..
