

God level 981

Chapter 981

When the battle is over, everything returns to calm, and only the strong smell of blood remains in the air.....

At this moment, thousands of people from SAARC began to clean the battlefield and search for loot and resources.....

Many senior officials came to Qin Feng and began to report the results of the battle.....

"Your Majesty, the statistics have just been completed. More than 700 of our sons were injured, and none of them were killed....."

Zhenji reports the casualties.

Qin Feng nodded with satisfaction

"In addition, more than 90% of the Wutian Saint Clan was killed, and less than 10% fled to the other holy places of the three tribes in the teleportation array... Also, this jade bottle contains the energy of hundreds of millions of Wutian Saint Clan, please accept it. Down!"

Zhenji respectfully presented a rune jade bottle.....

Qin Feng was delighted and took it casually.

This jade bottle is filled with the energy of hundreds of millions of saint clan disciples, which can greatly increase his combat power.....

"Master, this bottle contains the energy of twenty-three half-step eternities and sixty-three god-level spirits....."

Xiao Kunpeng also presented a jade bottle with a happy face...

Qin Feng nodded with satisfaction and put it away happily.

When all the senior officials saw this scene, they all smiled.

The harvest this time was very satisfactory.....

"Your Majesty, now that the Wutian Saint Clan has been destroyed, should we continue our efforts and rush to destroy the Huangtian Saint Clan?"

"yes! Father, you have destroyed Holy Lord Huangtian twice in a row. His chance of resurrection is gone. If you go to Huangtian Holy Land now, you will definitely destroy him and seize his Holy Land....."

Jiuyuan and Fuzhi gave advice one after another.

The senior executives nodded slightly, feeling that it made sense.

Right now is the best time to destroy the Huangtian Saint Clan.

Qin Feng nodded slightly and looked at Gong Gong and Jiu Yin.

"You two, what do you think? Gong

Gong thought for a while and said:"Brother Qin, Gong feels that this matter is not as smooth as expected. Your action this time will even help Gong Long a big favor!""

"how do I say this?"

"Brother Qin, after this battle, the three Guixu clans have all become frightened, and they will definitely unite, especially the Huangtian clan. The Huangtian Saint Clan has no chance of resurrection. Even with the help of the Holy Land, they can only exert their combat power in the second realm of eternity....."

"Such combat power is already vulnerable to a single blow in front of SAARC. If Huang Tian wants to save the Huang Tian clan, there is only one way, which is to completely surrender to the Gongtian clan."

After hearing this, everyone still didn't understand.

Zhenji couldn't help but ask, "Even if Huang Tian completely surrenders to the Gongtian clan, Gongtian can't possibly put all his top combat power in Huang Tian's garrison for the sake of the Huangtian clan. Even if they are willing to garrison, they will still end up being destroyed. The Wutian Saint Clan is an example....."

Gonggong shook his head: "Friend Zhenji, it's not what you think. The spiritual object that controls the Holy Land is called the Order of the Holy Land. The Order of the Holy Land can not only absorb the power of the Holy Land to increase its combat power, but also control the movement of the entire Holy Land....."

"This time, Holy Lord Huang Tian suffered a big loss, and he also knew that Huang Tian's clan was about to perish. In order to save himself, he will definitely move Huangtian Holy Land to Gongtian Holy Land. At that time, when the two holy lands merge, he will be able to coexist and die with the Gongtian clan...."

"Also, the same is true for the Zhutian clan. With Zhu Tian's shrewdness, he knew that he could not withstand the attack of the Southern Alliance alone and would move the Holy Land there. At that time, the three races will become one...."

"Huang Tian has the help of the Holy Land, and his combat power can reach the second level. Zhutian and Gongtian have the help of Holy Land, and their combat power can reach the third level. With the addition of Gonglong, they will have three third levels."

"With such strength, I'm afraid we won't be able to attack it!"

At the end of the analysis, Gonggong also had a wry smile...

Zhenji and others also frowned after listening.....

"This is a troublesome thing! I didn't expect that those three tribes could actually move the Holy Land. If the three tribes' lands were to be merged, we, the Southern League, would really not be able to bear it. It's strange, they have this method, why didn't they merge before?"

Jiuyuan looked puzzled.

Gonggong sneered and said:"The four Guixu tribes seem to be extremely united, but there are still intrigues in the mainland. No one obeys anyone. Even the teleportation arrays are not interoperable, so they are worried about being annexed by the other three parties. Got it...."

"This time, they opened teleportation arrays for each other, and it was completely due to pressure. But they didn't expect that even if the teleportation array was activated, they wouldn't be able to save the Wu Tian clan. At this time of life and death, they will naturally merge together...."

"If we divide, we will all perish; if we unite, we will survive! These three tribes are very clear in their hearts. If you want to merge, you have to divide them into priorities. With the current strength of the Gongtian clan, it is natural that Gonglong will become the leader of the three clans....."

As soon as this was said, everyone was suddenly stunned.

Zhenji sighed:"No wonder, you said that your Majesty helped Gonglong. According to your analysis, it is indeed the case! Your Majesty, what should we do next?"

After hearing this, Qin Feng looked at Gonggong:"Brother Gonggong , even if Huang Tian and Zhu Tian want to move the Holy Land there, it will take some time, right?"

Gonggong thought for a while and said:"If Huang Tian moves at full speed, it will probably take five or six days to meet up with Gongtian Holy Land. Zhu Tianna Bian also needs three or four days. However, Gongtian can also cooperate. He moves Gongtian Holy Land at the same time, so that he can join the two holy places as soon as possible..."

Qin Feng said again:"If we set off now, we can rush to Huangtian Holy Land and Huangtian Holy Land. How many days does it take to bless the heaven and the holy earth?"

"It's almost four or five days!"

Qin Feng nodded slightly:"Based on this, I'm afraid there won't be enough time. The three great saints will come to visit in a few days, which will be a major test for SAARC. We'd better go back to SAARC first and wait for the arrival of the three great saints....."

"Of course, we cannot allow the three Guixu tribes to merge smoothly. Gonggong and Jiuyin, why don't you two set off immediately, one to Huangtian Holy Land and the other to Zhutian Holy Land to intercept them.

Gonggong was worried:"With the strength of the two of us, we can't stop him even if we arrive."
Qin Feng smiled slightly:"

I will send Kunpeng and Zhenji to follow you each." If you can intercept it, I can use space summons to appear beside you at any time....."

Gonggong's eyes lit up and he said with great joy,"This method is feasible!"

At that moment, after everyone had finished their discussion, they split up.

Gonggong took Zhenji with him and rushed towards the Huangtian Holy Land.....

Jiuyin led Kunpeng towards the direction of the Zhutian Holy Land...

He had to rely on Gonggong and Jiuyin to lead the way. The people of the Southern Alliance didn't know the route to the two tribes.....

After dealing with these, Qin Feng handed over everything else to the shadow clone.....

The next second, he returned to the dual universe.

He needs to refine the energy he just obtained earlier, as well as the Holy Land Order of the Wu Tian Clan...

According to his estimation, the three great saints and the ascetic ancestors will come to his door soon.

Therefore, he must improve his strength as soon as possible to deal with powerful enemies.

That will also be the battle for SAARC to truly secure its status in the God Realm.

Chapter 982

A quarter of an hour later, dual universes, the forbidden land of the Heavenly Palace.

Qin Feng appeared in a secret training room and took out three jade bottles.

Those three bottles are filled with the energy harvested this time.....

Next, Qin Feng began to absorb the energy...

He opened his mouth and inhaled, and a stream of extremely pure energy poured into his mouth from the first bottle...

The next second, he There was a clear cry in the body, as if the long-lost cultivation barrier was conflicted, the momentum suddenly surged, and earth-shaking changes took place.....

"Ding~! Congratulations to the host for swallowing the energy of the pinnacle of the first eternal realm (Venerable Huang Tian)...the cultivation level has broken through to 1.7 of the God Realm. %.....Combat power increased by 6000 trillion Rang...."

At this moment, Qin Feng finally broke through the realm and stepped into the realm of gods.

The turbulent weather surged into the sky, causing the heaven and earth to roar together, the heavens shook, and thousands of miles of purple light penetrated the sky.....

For a moment, countless creatures in the universe were startled and looked in the direction of the Heavenly Palace in shock.....

Could it be that the Lord of God is making a breakthrough again?

All living beings in the world are filled with emotion...

But all this is not over yet, Qin Feng continues to devour.....

"Ding~! Congratulations to the host for swallowing the energy of the peak of the first realm of eternity (Wu Tianshengzun).....The host's cultivation level is upgraded to God Realm 4.2%.....Combat power increased to 6157 trillion Rang....."

"Ding~! Congratulations to the host for swallowing the energy of the second realm of eternity (Holy Lord Gongtian).....The host's cultivation level has been upgraded to 11.2 of the God Realm. %.....Combat power increased to 6316 trillion Rang....."

"Ding~! Congratulations to the host for swallowing the energy of the second realm of eternity (Zhutian Shengzun).....The host's cultivation level has been raised to 18.6 in the realm of gods. %.....Combat power increased to 6533 trillion Rang....."

"Ding~! Congratulations to the host for swallowing a huge amount of energy (23 half-step eternal level, 63 god level) energy.....The host's cultivation level has been upgraded to 24.2 of the God Realm.%.....Combat power increased to 6718 trillion Rang....."

"Ding~! Congratulations to the host for swallowing a huge amount of energy (270 million saints' children).....The host's cultivation level has been upgraded to 31.4 in the God Realm. %.....Combat power increased to 7000 trillion Rang....."

For a long time, Qin Fengshen opened and closed his eyes, with a look of ecstasy on his face...

This time, his cultivation level unexpectedly increased to 31.4% of the Heavenly God realm, and his combat power reached 7000 trillion Rang, reaching the late stage of the third realm.

The combat power range of the late third realm of eternity is 6500 trillion Rang to 8000 trillion Rang... Of the three great saints in the God Realm, two are in the early third realm and one is in the late third realm.

It is rumored that the ultimate saint in the late third realm has already reached the limit of 8000 trillion Rang in combat power, and is just one step away from the peak of the third realm.....

In addition, the three great saints all have a sacred weapon of their own destiny.

Based on this calculation, even if Qin Feng's combat power increases greatly, he may not be the strongest opponent of the Supreme Saint.....

After all, the increase in the third realm has reached more than 180 times.

Not only that, what he had to face was not one Supreme Saint, but three Supreme Saints.

There are also many powerful people in the eternal realm under the command of the three great saints. Even if they are in the second realm of eternity, the ascetic ancestor is not the only one.....

The seven major forces have signed the All Saints Contract, and they naturally advance and retreat together, and are willing to work together.

If you want to coexist peacefully with the aliens of SAARC, you must first have a war.....

Counting the seven major forces, in addition to the three supreme saints, there are five people in the second realm of eternity, and thirteen people in the first realm...

Such a large number of people is not something that the South Alliance can resist now.....

However, Qin Feng still has a trump card.

After his breakthrough in strength, the strength of the phantom clone also broke through to the early stage of the third realm...

In addition, the phantom clone also has a holy weapon, which should be able to resist an extremely saint (with a holy weapon)...

In addition to this In addition, Qin Feng can also condense the body of Hongmeng.....

Thinking of this, he took out the Holy Land Order of Wu Tian Clan and started refining it...

He must seize the time to evolve Wu Tian Holy Land into the fourth Great Thousand World.

.....

Time flies!

In a blink of an eye. It's been three days.....

Three days in the outside world, thirty years have passed in the dual universe.

In the past thirty years, Qin Feng has successfully transformed Wutian Holy Land into the fourth great world.....

This increased his combat power...

Then, he officially began to condense the Hongmeng Body.....

On the other side, the phantom clone's progress in refining the Heaven-Destroying Sword and the Heaven-Destroying Formation has reached 30%. It is still a long way from becoming a holy weapon.....

However, the phantom clone clearly sensed that the refining of the weapon this time was very different from the last time the Earth Book was refining.

If the Heaven-Destroying Sword can be refined, there is a high chance that it will surpass the Kaiding level and reach the Heaven-casting level.....

By that time, Qin Feng will refine the Heaven-Slaying Sword into a sacred weapon, and his strength will skyrocket again...

Such good news makes Qin Feng full of expectations.....

In addition, there are several good news in the past thirty years...

Relying on the resources taken from Wutian Holy Land last time, the subordinates have greatly improved their strength...

Jiuyuan God has accumulated a lot of experience and successfully broke through to The first realm of eternity.....

Qin Baobao and Ming He also came up from behind, surpassing Hong Yue, Ming Lin, and Lu Ming, and successively broke through to half a step of eternity...

This shows the importance of talent.....

In short, the successive breakthroughs of these subordinates have given Qin Feng a considerable improvement.....

However, there is also bad news coming out these days.

After all, Gonggong and Jiuyin went a step too late.

The Holy Lord Huangtian and the Holy Lord Zhutian reacted quickly, and the Holy Lord Gongtian also cooperated extremely well. The three holy places have merged together and formed the Guixu Alliance...

Gonglong naturally became the leader of the alliance!

At this point, the three major saint clans have the holy land to rely on, which is equivalent to having three eternal third realms guarding... With the current strength of the Southern Alliance, it is naturally impossible to attack...

Qin Feng could not do anything, so he had to let the phantom clones conquer the common people. Gong and others took back SAARC.....

Not long after Gonggong and others returned, Gonggong received another important news through his own news channel...

After Gonglong became the leader of the alliance, he regarded himself as the leader of the Guixu alliance and actually issued an emergency summons to all the Guixu tribes. Order, let all the powerful men above the gods of all races rush to the Holy Land to gather...

This move is first to prepare for the attack of the Southern Alliance, and secondly, Gonglong and others are afraid that they will not be willing to give in, or have the idea of taking the initiative to counterattack.....

After all, among all the Guixu tribes, there are hundreds of people above God, there are seventy or eighty people in Half-Step Eternity, and there are twenty or thirty people in the first realm of eternity.....

If this large wave of strong men join the three major holy clan alliances, there is really a possibility of counterattacking the SAARC...

When everyone in the SAARC heard this news, they were naturally a little nervous, and each of them worked harder.....

Qin Feng also felt the pressure, and tried his best to gather Hongmeng's body to prevent unexpected events...

Just like that, two more days passed, and everything seemed calm.....

At the same time, in the eastern part of the God Realm, there is a strange place that is shrouded in clouds all year round, and red light shines through...

In the red light, there are cranes flying, spirit beasts walking, and countless strange flowers and plants, ancient trees and strange vines, There are also waterfalls hanging down from the sky, fairy lotus jade pond...

There are big red lotuses blooming in the lotus pond, which are crystal clear and fragrant. Under the lotus flowers, there are colorful spiritual fish wandering among them, free and easy.....

Everything is like a fairyland!

This place is the Fire Cloud Holy Land, the leader of the seven major forces in the God Realm and one of the three holy lands!

The owner of the Fire Cloud Holy Land is the Huoyun Supreme Saint, the head of the three great saints...

At this time, he is in the Fire Cloud Temple.

Huoyun Jisheng summoned all the Eternal Realm experts from the seven major forces in the God Realm. There were three in the third realm, six in the second realm, and fourteen in the first realm. The ascetic ancestor was among them... At this moment, in the main hall, superior.

Huoyun Jisheng had red hair and a red face, sitting proudly on the throne in the center of the hall.

On his left side, there was an old man with colorful hair and blue robes sitting.....

This old man is one of the three supreme saints, the green-robed supreme saint, who has reached the peak of the early stage of the third realm of eternity.

On the right side of Huo Yun sat a man carrying two swords.

This person is the Purple Green Sword Saint, one of the three great saints, who has cultivated to the early stage of the third realm of eternity.

Below the three people, a row of Eternal Realm powerhouses stood respectfully.....

The ascetic ancestor stood in the queue, crying and telling about Qin Feng's cruelty and the wolfish ambitions of the Southern League. He could be as evil as he wanted without saying a good word.
.....

All the Eternal Realm experts listened silently, with gloomy expressions on their faces.....

After the ascetic ancestor finished crying, all the powerful men were very angry, and naturally they no longer had a good impression of SAARC.....

"Green-robed fellow Taoist, what do you think of this matter?"

Huoyun Jisheng turned his head slightly and looked to the left.

Green-robed Jisheng pondered for a while and said:"According to what the ascetic fellow Taoist said, Qin Feng is indeed a talent who can exert his combat power at the threshold of the third realm. If the three of us don't take action, I'm afraid no one will be able to subdue him!"

Huoyun Jisheng nodded slightly:"This boy is indeed not simple! What I find strange is that I have never heard of this person before. How did he suddenly appear? What's more, he showed up in SAARC. Then SAARC is a barren land, can such talents really be born?"

The green-robed Supreme Sage sneered:"No matter how he appeared, this boy has great ambitions. He first killed Luofu, then annexed the north, and then made the saints of the Southern League refuse to join the covenant of saints. This was to fight againstThe world of gods is an enemy!"

Ziqing Sword Master agreed:"That's right! It was understandable that he killed Luofu and destroyed the Great Luo Divine Sword. But to refuse the Saints of the Southern Alliance to join the Saints Contract is to have different aspirations and not to advance or retreat with the seven major forces of our God Realm. In this case, this child cannot be kept!"

These three great saints don't know that the truth is that the Ancestor Ku Xing only let Qin Feng's men sign the contract, and excluded Qin Feng alone... The original purpose of the Ku Xing Ancestor was to snatch the Great Luo Divine Sword, and naturally he didn't want to give it up. Qin Feng signed the contract.....

Regarding this detail, the ascetic ancestor will not tell it.....

Of course, Huoyun Jisheng knew a little bit of the truth, but he knew that it was true that the SAARC saints refused to sign the contract.....

This made Huoyun Jisheng unhappy, not to mention that he was very jealous that Qin Feng had the strength of the third level at such a young age. For various reasons, he was too lazy to point out the truth.....

But after hearing those words, the powerful men from the seven major forces felt a little unhappy in their hearts.....

"The three supreme saints have something to say about their asceticism! Qin Feng first annexed the northern part of the God Realm, and then refused to join the Contract of All Saints. Such wolfish ambitions are clearly justified. If we don't stop it, we don't know which force will follow suit next."

The ascetic ancestor continues to add fuel to the fire.....

As soon as he finished speaking, the expressions of the other three weaker forces changed drastically. yes!

If Qin Feng is not stopped, they may be the next ones to be annexed by the Southern Alliance.....

At that moment, there was a commotion and a lot of discussion.

Immediately, a strong man from the second level came forward to give advice.

"The three supreme saints, Yan Mou, also feel that what the ascetic Taoist friend said is very true. We can no longer condone the Southern Alliance, and must kill the chief evil-Qin Feng, so that peace can be restored to the God Realm!"

"That's right! I think so too!"

"I support Yan Daoyou's suggestion!"

Everyone agreed.

Seeing this, Huoyun Jisheng's eyes lit up.

This is the result he wants.

"good! Since everyone thinks so, we will attack SAARC together and kill its chief culprit - Qin Feng!"

As soon as this was said, everyone was overjoyed and agreed one after another.

"Lord Huo Yun is wise!"

"I will follow you to the death!".

Chapter 983

As soon as this was said, everyone was overjoyed and agreed one after another

"Lord Huo Yun is wise!"

"I will follow you to the death!".....

When the ascetic ancestor saw this scene, he was extremely happy, secretly thinking that the great revenge could be avenged...

Last time, he suffered a big loss at the hands of Qin Feng, and all three of his men were killed in the battle. The old immortal Mimu who was invited with a heavy reward Also died in battle.

Even he himself lost two-thirds of his cultivation, and his realm fell from the late second realm of eternity to the early second realm...

This made him hate Qin Feng so much that he wanted to eat his flesh, drink his blood, and drain him. His tendons bruised his bones and raised ashes.....

"Three lords, now that we have discussed it, when will we attack the evil traitor Qin Feng?"

The ascetic ancestor stepped forward to ask.

He couldn't wait to take revenge.

"In my opinion, it's better to choose a day than to hit it, so let's set out today! This matter cannot be delayed!"

The green-robed Supreme Saint expressed his opinion.

"That's right! In more than thirty years, the treasure of the Ancient God Lord will be opened. Historically, our seven major forces in the God Realm have united and entered together, so that we can compete with the people of the Nine Heavens and Ten Realms. But now there is a SAARC that is incompatible with us, which is not conducive to our unity....."

"What's even more frightening is that the Southern Alliance has great ambitions. It dared to annex the northern part of the God Realm some time ago. Next, it may dare to annex the western realm, the southeastern realm, and even our three holy places. Such encroachment step by step will be extremely harmful. , Zi also suggested that it would be better to destroy SAARC as soon as possible....."

Ziqing Sword Master also expressed his opinion.

Huo Yun Jisheng nodded repeatedly:"Okay! Since everyone agrees, let's set off immediately to attack the Southern Alliance!" Huo Yun

's decision made the ascetic ancestor feel confident, secretly thinking that Qin Feng would not be able to escape this time...

Then , everyone discussed the details and set off immediately.....

But at this moment, an elder-level disciple of the Fire Cloud Holy Land hurriedly entered the hall.
.....

"This disciple has something important to do to meet with his ancestor!"

The elder held a rune jade bottle and reported to Huoyun Jisheng excitedly.....

"Ninth Elder, what do you want?"

Huo Yun Jisheng frowned slightly.

He has always been impatient.

At this moment, he was about to set off, but he was entangled in trivial matters, and he was a little unhappy...

The elder looked around and saw many eternal level bosses present, and wanted to He stopped talking, as if it was inconvenient to say...

Huoyun Jisheng was a little impatient.

He waved his hand and said directly: "These are not outsiders. If you have anything to say, just tell me!"

"Old... Ancestor, someone came from the Great Sun Heaven Realm just now!"

"What? Someone from the Great Sun Heaven Realm? Who is sent this time?"

Huoyun Jisheng's eyes lit up, and he suddenly became energetic. When all the eternal bosses heard the words 'Great Sun Heaven Realm', they were all moved and couldn't help but pricked up their ears to listen...

Great Sun Heaven Realm, Nine Heavens Realm" The first level of heaven...

The ninth level of heaven is the nine heavens among the nine heavens and ten realms.

"Back to our ancestors, the Great Sun Heaven Realm sent a powerful man from the second realm of eternity, but his disciples were blind and did not recognize him. However, after that person arrived, he left the brocade box behind and left directly....."

"Brocade box? This is what you have in your hand! quick! quick! Bring it to me quickly!"

Huoyun Jisheng had an excited face...

The elder did not dare to neglect, and quickly offered it with both hands...

Huoyun Jisheng couldn't wait to open the brocade box as soon as he took it.....

All the Eternal bosses looked over curiously.....

The moment the brocade box was opened, red light emitted, instantly illuminating the entire hall.
.....

Everyone looked carefully and saw that there was a red elixir the size of a baby's fist placed in the brocade box. The red light was shining, and the clouds were formed by themselves. There was an illusion of a scorching sun, and it was projected in the clouds. It was very magical.....

"Ha ha!! Yes! Yes! That's it! Emperor Jun's Heavenly Saint Fruit won't deceive me!"

Huo Yun Jisheng was overjoyed.

"Hiss~! It's a holy elixir!!"

"Oh My God! This is the Great Sun Holy Pill!"

All the big guys took a deep breath of air-conditioning and were amazed.....

More people showed envy

"Congratulations to fellow Taoist Huo Yun for obtaining this holy elixir!"

"Congratulations fellow Taoist! With this holy elixir, you will definitely be able to break through to the peak of the third realm....."

The green-robed supreme saint and the purple-green swordsman congratulated him one after another.

Both of them looked envious

"Ha ha!! You two, I'm afraid I will be delayed for a few days before I can set off. If I want to refine this holy elixir, I must first break through to the peak of the third realm!"

Huo Yun Jisheng stroked his red beard and smiled from ear to ear.

"Easy to say! Easy to say! How many days will it take Brother Shiranui Yun to refine?"

"Three days at most!"

"Hiss~! In this way, Brother Huoyun will reach the peak of the third realm in three days!"

Speaking of this, the green-robed Supreme Saint's envy became even stronger.

All the big guys were also envious.

The ascetic ancestor even said happily: "If Lord Huo Yun breaks through to the peak of the third realm, kill the evil thief Qin Feng. , it's a piece of cake!"

As soon as these words were said, everyone smiled knowingly, secretly thinking that these words were true.....

At this moment, Huoyun Jisheng's mood gradually calmed down.

He smiled and said: "Although this holy elixir is wonderful, I paid a huge price to get one from Emperor Juntiansheng."....."

The green robe deeply believed it and said: "This is natural! This Sun Holy Pill can only be refined by the Heavenly Saint level. In all the worlds, except for the Emperor Jun Heavenly Saint and the Taitian Saint, I am afraid there is no third person who can refine it." It's been refined, and you'll have to pay a huge price to get it....."

The so-called Heavenly Saint is the honorific title of the fourth realm of eternity.

There are two great heavenly saints in the Great Sun Heaven Realm, namely Dijun Heavenly Saint and Taitian Saint.....

At this time, the ancestor of Ascetic seemed to have thought of something, and stepped forward and said:"Three gentlemen, Ascetic has a suggestion, I don't know whether to talk about it or not?"

Huoyun Jisheng was in a very good mood at the moment, he smiled and said:"Just say it directly Bar!"

"Lord Huoyun, you just said that in three days you can refine the Great Sun Holy Pill and break through to the peak of the third realm. In this case, why don't Lord Green Robe and Lord Ziqing take me there first. After the adults break through,Then arrived"

"With the speed of an adult, even if you are three days late, you can still arrive in time.....The speed at the peak of the third realm is beyond what we can imagine....."

Hearing this, Huoyun suddenly realized:"Haha!! Ascetic, it seems that you really hate Qin Feng and Nanmeng, and you can't even wait for these three days. However, your analysis is very reasonable. Even if I leave three days late, It's easy to catch up with you. At most, I'll wait for half a day at night....."

The green robe also smiled and said:"Having said that, even if Brother Huoyun is not present, it will be easy for us to win over Southern League and Qin Feng."....."

"hehe! In the small Southern League, only Qin Feng can handle it, and there are only three or five eternal realms left. With this little strength, how can it compare with our alliance of seven major forces in the God Realm?"

"yes! It will be absolutely easy for me to destroy them!"

All the big guys looked confident.

At that moment, Huoyun Jisheng said:"Okay! Then everyone, please go with Lupao and Ziqing first. I will rush over after refining the holy elixir!"

"I will obey your orders!"

All the big guys agreed.....

Afterwards, everyone discussed it and started taking action.

Huoyun Jisheng stayed to refine the holy elixir.

There is also a subordinate from the Eternal Second Realm who also stayed to protect him.

The Green-robed Supreme Saint and the Purple-Green Sword Master led five second-level experts and fourteen first-level experts to attack the Southern Alliance in a mighty manner....

Chapter 984

time flies!

Three days passed in the blink of an eye...

On this day, a large fire cloud rose from the Fire Cloud Holy Land, dyeing all the heavens and worlds red...

A supreme power of heaven emanated from the red cloud, covering the sky and the earth. , covering the entire Holy Land, alarming hundreds of millions of Holy Land disciples.....

For a moment, countless disciples looked up at the holy land...

The next second, they clearly sensed that the aura of heaven had reached the peak of the third realm of eternity.....

"Breakthrough! It was the ancestor who made a breakthrough!"

"Ha ha!!"

All the disciples suddenly realized and shouted excitedly...

At this time, thousands of miles of red clouds surged in the sky, shrank automatically, and turned into a red-haired old man, carrying a big red gourd behind him...

The red-haired old man was the fire. Yun Jisheng.

His body is actually a red cloud

"Ha ha!! Breakthrough! I've made a breakthrough!"

Huoyun Jisheng looked up to the sky and laughed wildly!

This time, he refined the Great Sun Holy Pill, and he really broke through to the peak of the third realm, and his strength skyrocketed.....

"Congratulations, ancestor! Congratulations, ancestor!"

At this moment, hundreds of millions of Holy Land disciples knelt on the ground and congratulated each other in unison. The sound shook the sky.....

"Ha ha!! You will stay in the Holy Land~! I will go to the Southern Alliance, take off the head of Qin Fengzhi, and then return!"

Huoyun Jisheng was full of energy.

As soon as he finished speaking, he sacrificed the big gourd behind him.

The big red gourd was his natal sacred weapon.

After the human and weapon were united, Huoyun Jisheng's aura surged a lot, and it actually surpassed He reached the ultimate level of combat power in the third realm...

The next second, he stepped on the big gourd and flew towards the South Alliance, disappearing from the sight of all the disciples in the blink of an eye.....

"Tsk tsk~! The ancestor made a breakthrough this time and his strength increased by more than 30%!"

"yes! I'm afraid that no one in the third realm of eternity can be my ancestor's opponent....."

"If the ancestor takes action, the boy named Qin Feng will definitely die!"

"Ha ha!! Needless to say! I'm afraid that without the ancestor arriving, the two adults, Lupao and Ziqing, would have killed Qin Feng first..."

All the disciples of the Holy Land laughed endlessly.....

They are full of confidence in Huoyun Jisheng and others.....

At the same time, the team of Green-robed Supreme Saint and Purple-Green Sword Master were only two days away from the Southern Alliance.....

The closer we get to the SAARC region, the more excited the ascetic ancestor becomes.

The day when his great revenge will be avenged is getting closer and closer.....

At the same time, in the SAARC headquarters, in the dual universe, Qin Feng's retreat has also made great progress.....

After evolving the Holy Land of Wutian into the Great World of Wutian, as well as receiving support from Jiuyuan and others in combat power after their breakthrough, Qin Feng's combat power has exceeded 7,200 trillion yuan.....

At this moment, in the forbidden area of cultivation.

Qin Feng was suspended in mid-air.

The divine fire of creation, the divine water of creation, the divine wind of creation, and the divine soil of creation formed the four poles and surrounded him...

The next second, the divine wind of creation poured into his body and penetrated directly into the Kunpeng world... ...

Thirty years of continuous preparations are finally fully activated at this moment...

Buzz~!

The great world of Kunpeng is shaking!

The divine wind of creation began to completely merge with the Kunpeng world...

Qin Feng's momentum also skyrocketed crazily.....

A quarter of an hour later, a system prompt sounded in his mind.....

"Ding~! Congratulations to the host, your Kunpeng world and the divine wind of creation have been perfectly integrated.....The Kunpeng World has been promoted to the Extreme World of Wind... Your aura has evolved for the first time, containing the attributes of the divine wind of creation....."

"Ding~! The host's cultivation level has been raised to 34 in the God Realm.%....Combat power increased to 7400 trillion Rang....."

"Ding~! Your subordinate Kunpeng is automatically promoted to the Lord of the Extreme Wind Realm. His aura automatically evolves and contains the attributes of the divine wind of creation.Kunpeng's cultivation level broke through to the threshold of the second realm of eternity, and his strength increased greatly....."

Qin Feng is overjoyed!

This time, not only did his strength greatly increase, Kunpeng and Kunpeng also broke through the peak of the first realm and were promoted to the threshold of the second realm...

Obviously, the Extreme Realm of Wind is a higher level than the Great Thousand World.

As an alternative lord of the universe, Kunpeng's combat power surpassed his cultivation level and reached the late stage of the second realm...

All this was not over yet. With a thought in Qin Feng's mind, the Creation Fire poured into the Wen yuan world...

The next second, the Creation Fire quickly merged with the Wen yuan World.....

Qin Feng's momentum surged again.....

"Ding~! Congratulations to the host, your Wen yuan World and Creation Fire have been perfectly integrated.....The Great World of Wen yuan has been promoted to the Extreme Realm of Fire... Your aura has evolved for the second time, containing the attributes of the Creation God Fire.....".

"Ding~! The host's cultivation level has been raised to 38 of the God Realm.%....Combat power increased to 7600 trillion Rang....."

"Ding~! Remind the host that there is no master of the extreme realm of fire, and the host can appoint one from his subordinates....."

Qin Feng's eyes lit up, and he secretly thought about the benefits for his subordinates.

He was also prepared.

The next second, he waved his hand, and Emperor Feng appeared out of thin air.

"His Majesty!"

"Are you ready?"

"Um!"

Feng Di nodded, closed his eyes and meditated.

Qin Feng condensed his hand, and a heritage seal composed of golden flames took shape in his palm.....

"melt!"

Qin Feng pointed his finger, and the flame divine seal penetrated into the center of Feng Emperor's eyebrows.....

That smooth forehead lit up with a dazzling fire...

Emperor Feng's face also showed a look of extreme pain, his delicate body was trembling, and a large amount of cold sweat oozed from his forehead.....

It lasted for a full quarter of an hour before the pain on Emperor Feng's face gradually calmed down, and her aura began to increase crazily.....

"Ding~! Your subordinate Phoenix Emperor is automatically promoted to the Lord of the Extreme Fire Realm. His aura automatically evolves and contains the attributes of the Creation God Fire.Emperor Feng's cultivation level broke through to the first level of eternity, and his strength increased greatly....."

After a long time, Emperor Feng slowly opened his eyes, with a look of ecstasy on his face...

This time, Qin Feng not only helped her break through to the first realm of eternity, but also made her an alternative master of the universe.....

This makes her combat power exceed that of cultivation, comparable to the peak of the first realm of eternity, and equivalent to the level of Saint Wu Tian.....

"I would like to thank Your Majesty for your gift!"

Feng Di was extremely grateful.....

Qin Feng also had a look of relief on his face: "Yue, you have followed me so far, so it is right for you to have the cultivation level you have today. There is no need to talk about gratitude between you and me as husband and wife....."

"Your Majesty's love will be remembered by me!"

Emperor Feng's heart was filled with warmth.....

Afterwards, Qin Feng continued to retreat... and

Emperor Feng left.

She also went back to retreat to consolidate her cultivation.

Next, Qin Feng used the Divine Water of Creation to promote the Jiuquan World to the Extreme Realm of Water, and appointed Qinglin as the Lord of the Extreme Realm of Water...

Later, he used the Divine Land of Creation to promote Wu Tianda. The world was promoted to the Extreme Realm of Earth, and Fu Zhi was appointed the Lord of the Extreme Realm of Earth.....

In this way, Qin Feng's aura evolved four times in a row, containing the four attributes of divine wind, divine fire, divine water, and divine earth.....

His cultivation level has also increased to 47% of the Heavenly God Realm, and his combat power has increased to 8000 trillion Rang, which has reached the ultimate combat power in the late third stage.....

Under his transformation, Qinglin and Fuzhi also broke through to the first level of eternity in cultivation, but their combat power reached the peak of the first level.

At this point, in addition to Qin Feng, there are seven powerful people in the Eternal Realm of the Southern Alliance, including Shadow Clone, Kunpeng, Qinglin, Fengdi, Fuzhi, Zhenji, and Jiuyuan.

In addition, SAARC also has two second-tier foreign aid from Gonggong and Jiuyin.

The overall strength of SAARC can be said to be much stronger.....

Just this operation took Qin Feng a day.

Next, Qin Feng continued the second part, integrating the four attributes of the spiritual energy in his body into one, and finally tempering his physical body into a Hongmeng body.....

This time, it will take him a day, or even more.....

But he didn't know that Lu Pao, Zi Qing and the others only had one day left to travel to SAARC.

The Fire Cloud Supreme Saint who came later could arrive in almost a day with his extraordinary speed...

The crisis in SAARC is coming...

Chapter 985

Time flies!

In the blink of an eye, a day passed...

At this moment, the twin universes were in the forbidden area of the Heavenly Palace.

Qin Feng closed his eyes and meditated, his whole body exuding dazzling four-color aura.....
.....

He is tempering his body wholeheartedly.....

Currently, his Hongmeng Body completion rate has reached 95%. As long as it reaches 100%, the Hongmeng Body will be completed and his strength will skyrocket... However, he still needs to complete the remaining 5%. months.

A few months in the dual universe, and half an hour in the outside world, it can be completed very quickly.....

When he thought that Hongmeng's body was about to be completed, Qin Feng felt infinite expectations in his heart.....

But at this moment, he seemed to sense something. A pair of divine eyes suddenly opened and closed, penetrating countless space barriers, and looked at the border of South Alliance in the distance...

At this moment, a group of Eternal Realm powerful people appeared in his field of vision. The leaders are none other than the Green-robed Supreme Saint and the Purple Green Sword Saint.....

Behind those two people, there were five second-level powerhouses and fourteen first-level powerhouses, and the ascetic ancestor was suddenly among them.....

Seeing this scene, Qin Feng frowned...

"Damn it! The ascetic ancestor brought people to the door so quickly! This time they are coming so fiercely that no one in SAARC can stop them, but I..."

"Hey~! Why do troubles arise every time at a critical moment? Is this a test for me from the great road?"

Qin Feng was extremely depressed...

He was at the critical moment to condense Hongmeng's body. He couldn't leave, otherwise all his efforts would be wasted.....

Unless you give him another halfIn about an hour, with the speed of the seven major forces in the God Realm, they arrived in a quarter of an hour at most.....

"That's it!"

Qin Feng thought for a moment and made his decision.

The next second, the phantom clone appeared above Kunwu Mountain.....

Qin Feng's idea is that he will let the phantom clone lead the people to face him first. If he really can't resist it, he can only give up condensing the Hongmeng body and forcefully leave...

But Qin Feng hasn't discovered it yet. Not far from the border, there is a powerful enemy coming...

That person is the Supreme Saint of Fire Yuan!

At this moment, Huoyun Jisheng is less than an hour away from Kunwu Mountain...

The SAARC is full of crises, one wave stronger than the other.....

But on the other side, as soon as the phantom clone appeared, it issued many orders.....

A moment later, nearly ten million SAARC disciples who were quasi-gods or above, under the leadership of many powerful Gods, took their positions and activated the formation...

Buzz~! Buzz~! Buzz~!

Formation light pillars soared into the sky, more than 10,000 of them...

The light pillars were connected by dots, and a mountain-protecting light shield appeared.....

The mountain protection formation begins now!

Afterwards, from the Kunwu Mountain headquarters, one after another the silhouettes of eternal strong men flew out and gathered behind the phantom clones.....

After a while, all the strong men arrived

Kunpeng, Gonggong, and Jiuyin in the second realm.

There are Qinglin, Fengdi, Fuzhi, Zhenji and Jiuyuan who are in the first realm.

There are also Panzu, Bie Tie, Qin Baobao, Ming He, Ming Lin, Hong Yue who are in the half-step eternal realm...

As soon as all the senior officials gathered together, they all looked at the phantom clones.....

"Your Majesty, are all the people from the seven major forces in the God Realm here?", Zhenji asked

"Um! Almost there! This time, the situation is a little bad....."

Just as the phantom clone finished speaking, a dozen rapid sounds pierced the air in the distance.
.....

Everyone was alarmed and looked up one after another, and saw a group of eternal warriors coming to kill them in a mighty manner.....

The two leaders are the green-robed supreme saint and the purple-green swordsman.....

After seeing the cultivation level of the two men clearly, everyone in the Southern League could not help but change their expressions slightly.....

"Oh My God! The two great saints came hand in hand!"

"fine! That Huoyun Jisheng didn't come, otherwise it would be even more troublesome...."

"Hey~! Even if Huoyun Jisheng is not there, Master Qin Lei and the others still can't resist it....."

"I hope His Majesty can come out soon. We in SAARC may still have hope....."

At this moment, hundreds of millions of people from SAARC could clearly see the situation in the sky, and they were all talking in low voices, with fear and anxiety in their hearts... The phantom

clones and other high-level officials were all waiting in formation, with serious expressions on their faces, but they were filled with uneasiness in their hearts.....

"Huh! There are so many powerful people in the Eternal Realm in the Southern Alliance!"

"yes! Three second realms, five first realms, six half-steps of eternity....."

"Tsk~! Tsk~! Such a huge force is comparable to a holy land! No wonder SAARC dares to be so arrogant...." now, The bosses of the big forces also saw clearly the formation of SAARC and couldn't help but marvel.....

Even the Green-robed Supreme Saint and the Purple-green Sword Master looked strange.

The two of them looked at each other with envy, jealousy and hatred...

Even their Green Robe Holy Land and Purple Green Holy Land did not have so many eternal-level subordinates.....

Only the power of the Fire Cloud Holy Land can be compared with the Southern Alliance...

They really can't figure out how a Southern Alliance that used to be so poor and weak could become so powerful in such a short period of time that it can compete with the Fire Cloud Holy Land. It's comparable...

Could it be that this little thief Qin Feng did all this?

The two great saints became more and more jealous as they thought about it!

A Fire Cloud Holy Land would crush the two of them to death!

They don't want to see a second Fire Cloud Holy Land appear in the God Realm and overwhelm them again.....

But at this moment, the voice of the ascetic ancestor came from behind the two of them.....

"Everyone, you should pay more attention to the kid at the front. Don't underestimate him. That guy's name is Qin Lei, and he is Qin Feng's brother. He is perhaps the strongest being among this group of people....."

"What? Is he the strongest being?!"

"No way? No matter how you look at that kid, he is just a little god!"

"yes! Would a god be the most powerful being? Is it possible that he is stronger than the three eternal second realms behind him?"

"Fellow ascetic, have you made a mistake?"

The big bosses of the seven major forces all looked questioning.....

"Hey~! That... Ku Mou told the truth, last time....."

The ascetic ancestor looked bitter

But at the end, he seemed to have thought of something, and a look of surprise appeared on his face..... yes!

The last time he saw the phantom clone, this guy was only half a god...

How come after a few days without seeing him, this guy broke through to the god realm, and his strength improved again!

This guy's strength shouldn't improve too much, right?

Thinking of this, the ascetic ancestor felt a little bitter and jealous.....

However, he is not worried!

The last time he saw the phantom clone, the phantom clone was stronger than the old immortal Mimu...

This time, even if the phantom clone breaks through a realm, its combat power will at most reach the late stage of the second realm.....

With such strength, he is vulnerable to any supreme saint.

What's more, the two supreme saints came this time...

The discussions of the ascetic ancestors and others naturally reached the ears of the two supreme saints.....

This made Lu Pao and Zi Qing even more unhappy...

There were so many Eternal Realm experts in the Southern League, which made them jealous. Now including Qin Lei and Qin Feng... the Eternal Realm experts were even more numerous than them. Going beyond the Holy Land of Fire Cloud.....

"Brother Ziqing, this SAARC has become a trend!"

"yes! It's time to uproot it! Don't give them the chance to join the Pact of All Saints!"

"That's right! If they are allowed to join, they will become the eight major forces in the God Realm. Our two families will only get less and less share of resources and benefits in the future!"

"I understand! You and I will let go and fight today. We must not give SAARC a chance to survive."

The Green-robed Supreme Saint and the Purple Green Sword Master communicated privately.....

The two soon reached a unanimous proposal to eradicate SAARC and then quickly.....

At this moment, the teams of the seven major forces arrived above Kunwu Mountain and confronted the phantom clones...

Below, hundreds of millions of people from the Southern League became nervous and looked up one by one.....

Kunpeng and other senior officials also looked serious, and they were all ready to prepare.....

"Who are you? Why did you break into our SAARC headquarters privately?"

The shadow clone stepped forward to question

"Ha ha!! Qin Lei, don't you remember me? Today, I brought people to take revenge! Where is the little thief Qin Feng?"

The ascetic ancestor stepped forward and yelled arrogantly.

The shadow clone frowned:"You are an old man, you are not qualified to see my brother!"

"you....! ", the ascetic ancestor was so angry that his eyes turned white...

Before he could finish his words, Ziqing Sword Master was already impatient.....

He raised his hand slightly and stopped the ascetic ancestor's words...

Then, he looked at the phantom clone with an arrogant look.

"Are you Qin Lei?"

"Exactly! Who is this fellow Taoist?"

"Fellow?!", Ziqing Sword Saint sneered, "I am Ziqing Sword Saint, one of the three great saints in the God Realm. In terms of superiority and inferiority, you should call me "senior" or "fellow Taoist". You can't afford it!"

The shadow clone couldn't help but frown...

Kunpeng, Qinglin and others also frowned, secretly thinking that this and Ziqing Sword Master are really arrogant.....

He also underestimated the phantom clone too much.....

"Boy, I am too lazy to talk nonsense with you! If you don't want to die, call Qin Feng out quickly!"

Ziqing Sword Master looked impatient.....

The green robe and others all watched with smiles on their faces, waiting for a good show.....

The shadow clone frowned slightly.

At this moment, the body's tempering progress has reached 97%, and it will take three quarters of an hour to complete.....

It seems that he has to find a way to delay the time...

Thinking of this, the phantom clone said: "Sorry! My brother....."

"No nonsense! Call Qin Feng out quickly!"

Ziqing Sword Master's tone was extremely tough.....

"this....."

"court death!"

As soon as he finished speaking, the Ziqing Sword Master suddenly took action...

This sudden scene made hundreds of millions of people in the Southern Alliance scream in shock...

I saw the Ziqing Sword Master casually slashing with his sword finger, and billions of sword lights struck him. It condensed and appeared out of thin air...

The next second, a rain of billions of sword lights shot towards the phantom clone....

Chapter 986

I saw the Purple Green Sword Master slashing with his sword finger, and billions of sword lights appeared out of thin air...

The next second, a rain of billions of sword lights shot towards the phantom clone.....

"not good!"

Kunpeng and others exclaimed.

This sudden change made them unable to react... but the strong men of the seven major forces showed signs of gloating.....

A little god would definitely be killed instantly when faced with an attack from a supreme saint...

The ascetic ancestor was so excited that his eyes gleamed.

He was certain that the phantom clone would suffer a big loss.

Under this blow, even if you don't die, you will still be seriously injured.....

In the blink of an eye, those billions of lightsabers arrived in front of the phantom clone. The power of each lightsaber reached the early stage of the second realm... The cumulative power of hundreds of millions of lightsabers reached the early stage of the third realm, or even stronger.....

Ziqing Sword Saint is a sword cultivator, and he has always been good at attacking... The power of one of his fingers is much stronger than those of the same level. Even the green-robed Supreme Sage does not dare to underestimate...

Just when everyone thought that the phantom clone When the billions of sword lights were about to penetrate into a sieve, sudden changes occurred in the field.....

I saw the phantom clone casually offering up a golden divine book.....

Buzz~!

The divine book emits aura!

A clear cry from heaven and earth!

Man and machine in one!

The momentum of the phantom clone surged instantly, and it suddenly reached the early stage of the third realm...

Wow~!

The next second, the book on the ground automatically set up a protective wall of light, running horizontally in front of the phantom clone.....

Dang~! Dang~! when~!.....

Billions of lightsabers all stimulated the wall of light, collapsed one after another, turned into starlight all over the sky, and slowly disappeared.....

The phantom clone easily blocked the blow!

"He...he actually blocked it!"

The people from the seven major forces exclaimed, each of them showing expressions of disbelief.
.....

Is this guy really just a god?!

"This...how is this possible?!"

The ascetic ancestor was even more dumbfounded.

A few days ago, Qin Lei's strength was even stronger than that of Mimu Old Immortal, which was at the early stage of the second realm.

How could he be able to compete with Ziqing Sword after not seeing each other for a few days? A move between saints?

How could this be possible?!

This increase in strength is too exaggerated!

"Good boy, you can actually block my finger! Quite capable!"

Ziqing Sword Master was shocked and finally put away his contempt.....

"Brother Ziqing, the golden book in this kid's hand is a sacred weapon, and it is a relatively rare defensive sacred weapon....."

The green-robed sage intentionally reminds you.....

"Zi saw it!"

Ziqing Sword Master glanced at the book lightly, showing a hint of disdain.

"Your Excellency has a sacred weapon, and so does Zi! Zi wants to see whether your defensive holy weapon is stronger, or my divine sword is sharper!"

Ziqing Sword Master pointed his finger...

Clang~!

A sword chant~!

A long green sword flew out from the sword box on Ziqing Sword Master's back and turned around.
.....

That is the Qingji Sword, one of the two swords of the Ziqing Sword Master. It is an offensive holy weapon and is a cauldron-level sword.....

Buzz~!

The Qingji Divine Sword chants!

The spiritual light bloomed, and the sword body skyrocketed!

The next second, the man and the machine merged into one, and the Ziqing Sword Master's momentum surged...

The phantom clone suddenly felt that something was not good!

At this time, Ziqing Sword Master pointed his finger.....

Buzz~!

The Qingji Divine Sword shot towards the phantom clone...

Wherever the sword passed, it actually split all space, all time, and even the law and avenue, and its power destroyed the heaven and the earth.....

The face of the phantom clone changed slightly, and there was fear in his eyes...

He clearly sensed that the power of this sword was more than twice the power of Gonglong's blow...

Thinking back to the beginning, he used the Earth Book to barely resist Gonglong. dragon strike.....

Now, although his strength has improved, he has no confidence in resisting a sword with twice the attack power...

But time is urgent, and he can no longer think too much...

Buzz~!

The phantom clone instantly raised the Earth Book.....

The divine book unfolds automatically and turns into a golden fetal membrane of heaven and earth, in which veins of divine leaves and veins of the earth are faintly revealed.....

The strongest defense display of Book of the Earth.....

At this moment, everyone in the Southern League opened their eyes wide and watched nervously the competition between the two...

Bang~!

The ten-thousand-foot divine sword struck the fetal membrane, blooming with a dazzling green light that lit up the starry sky. Countless people were stabbed to the point where they could not open their eyes.....

Poof~!

A muffled sound~!

The divine sword actually penetrated the fetal membrane of heaven and earth!

The whole world was shaken by it!

The fetal membrane of heaven and earth is based on one side of heaven and earth, and uses the power of one side of heaven and earth to resist.....

Unexpectedly, it was finally penetrated by the sword...

The next second, a cold blue light flashed, and the sword light penetrated the body of the shadow clone...

The shadow clone groaned, its body automatically cracked, and pain appeared on its face Color, momentum plummeted.....

"not good!"

The expressions of everyone in SAARC changed drastically.....

The people from the seven major forces showed expressions of ecstasy.....

"This kid was penetrated by the Qingji Divine Sword! He is dead!"

"Ha ha! The Qingji Sword is a sacred weapon and has extraordinary power!

"yes! Unless he is not injured by the Qingji Sword, even if he is injured even a little, it will cause great trauma to the physical body and the soul! Not only was this kid injured, he was also penetrated directly. This time he had to be seriously injured....."

The ascetic ancestor and other people from the seven major forces all showed great joy.....

The Purple Green Sword Master looked even more proud...

He was just a god. Even if his talent was arbitrary for eternity, he would not die in his hands.....

Even if the sword goes down and the phantom clone survives, it will still be seriously injured...

But before the Ziqing Sword Master is happy, something will happen again in the field.....

I saw the figure of the phantom clone swaying slightly, and the body healed instantly, and the momentum instantly returned to its peak, as if it had never been injured...

The sword of the Purple Green Sword Master was in vain.....

Seeing this scene, everyone in SAARC breathed a sigh of relief.....

The smiles on the faces of the Ascetic Ancestor and others froze...

The Purple Green Sword Master was also dumbfounded.!

"This...how is this possible?! How could you be okay?"

Ziqing Sword Master shook his head again and again, as if it was unbelievable.

Never before did someone remain unscathed after being injured by the Qingji Sword...

Even if the injured person's body is fine, the damage to the soul is the greatest. The hidden danger is also extremely difficult to cure...

He doesn't know that the phantom clone is just an extension of Qin Feng's body. It has no real body, so it is naturally not afraid of physical injuries...

What's even better is that the phantom clone has no soul, Qingji The sword's unique ability to damage the soul is useless to him...

What's more, the shadow clone is immortal, unless Qin Feng's true body can be destroyed.....

At this time, the phantom clone was completely restored, and his momentum was still at its peak...

He waved his hand, put away the book of the earth, and looked at the Ziqing Sword Master....

"hehe! I thought that as a supreme saint, your methods would be very impressive, but now it seems that it is nothing more than that!"

As soon as these words were said, Ziqing Sword Master became furious.....

"Arrogant kid! Then let you see my true methods!"

Qiang~!

The purple-green sword master pointed his finger, and another purple long sword flew out from the sword box behind him.....

That is his other holy weapon - Ziji Sword, an offensive holy weapon, open cauldron level.....

The Ziqing Sword Master possesses two sacred weapons, the Ziji Sword and the Qingji Sword, both of which are at the Kaiding level.....

But these two swords come from the same origin and can be used together.....

After the merger, the power is between the Kaiding level and the Heaven-casting level, which is extremely terrifying.....

"Boy, you deserve to die! combine!"

Ziqing Sword Master seals seals with one hand.....

Buzz~! Buzz~!

In the sky, the Purple Extreme Sword and the Qingji Sword bloomed with sword light that reached the sky at the same time, roaring incessantly.....

The next second, the two swords merged into one, blooming with a purple and green aura...

The combination of the two swords was successful!

"kill!"

Ziqing Sword Master pointed his finger, and the two-color divine sword swung directly towards the phantom clone.....

The power of this sword is suddenly more than three times stronger than the previous one.....

"not good!"

"It's over! It's over!"

The eyes of hundreds of millions of people from the Southern League opened in horror...

Master Qin Lei can't even block the Qingji Sword. The combined power of these two swords has skyrocketed, making it even more impossible to block it.".....

Not to mention the hundreds of millions of disciples who thought so, Kunpeng, Zhenji and others also thought so, and all of them lamented in their hearts... The shadow clone even frowned.

He couldn't block this sword at all!

Is he going to have to resurrect him again?

In this way, the secret that he is a clone will be known to the whole world.....

The shadow clone lamented.

Under the shroud of sword power, he had nowhere to escape and could only bite the bullet and resist.....

Speaking of which, the three great saints in the God Realm are all super powerful, far from being comparable to the likes of Gonglong.....

This purple-green sword master is still the weakest among the three great saints, and he has actually made the shadow clone unable to parry... In the blink of an eye, the purple-green swords were in front of the shadow clone.....

The phantom clone was about to resist... but at this moment, the mutation regenerated.....

At this moment, in the dual universe, Qin Feng is trying his best to condense the Hongmeng Body...

His progress has reached 98.7%, and he is getting closer and closer to completing the Hongmeng Body...

But at this moment, there is a message in his mind. Here comes the system prompt.....

"Ding~! Congratulations to the host, your child Hongjun has successfully condensed the body of chaos.....ThatThe power automatically evolves into the power of chaos, and the cultivation level breaks through to the threshold of the second realm of eternity....."

"Ding~! The host will receive a large amount of combat power from your child (Hongjun) in return...the combat power will increase by 1,500 trillion yuan....."

At this moment, Qin Feng's momentum surged, increasing by 1,500 trillion yuan...

At the same time, the outside world.

The momentum of the phantom clone skyrocketed simultaneously, and it suddenly increased by 500 trillion Rang...

But all this was not over yet, and the system sent another prompt.....

"Ding~! Congratulations to the host, your child (Hongjun) has his own small universe. His universe is tempered by the power of chaos and promoted to the extreme realm of chaos... This extreme realm begins to merge with the host's new divine realm....."

Note: The extreme realm of chaos is one level higher than the four extreme realms of fire, wind, earth, and water, and is two levels higher than the world.....

"Ding~! Congratulations to the host, the fusion of the Chaos Realm was successful.....The host has obtained the fifth big world...the creation progress of the divine world has been increased to 6.4%....The host's combat power surges....."

"Ding~! Congratulations to the host, your subordinate (Ziwei Star Master) has been fed back by the energy of chaos.....Its spiritual power automatically evolves into the power of chaos, and its cultivation level breaks through to the first level of eternity (the power of chaos).....The host receives a large amount of combat power in return...."

At this moment, Qin Feng's combat power surged continuously.....

In the outside world, the strength of the phantom clones has also skyrocketed..

Chapter 987

At this moment, Qin Feng's combat power surged continuously.....

In the outside world, the strength of the phantom clones has also skyrocketed.....

In just a moment, the phantom clone's combat power and momentum actually increased to the threshold of the third realm, but his increase was two hundred times.....

Generally speaking, the increase in combat power in the third realm is only one hundred and ninety times...

Comparing the two, the strength of the shadow clone has fully entered the early stage of the third realm.....

At this moment, the attack of the purple and green swords came, and the sword power that destroyed the world enveloped the phantom clone.....

"Master Qin Lei, be careful!"

Jiuyuan and others exclaimed...

Hundreds of millions of SAARC disciples opened their eyes nervously.....

"out!"

At this moment, the phantom clone sacrificed the Earth Book...

Buzz~!

In an instant, the Earth Book turned into the fetal membrane of heaven and earth, standing in front of the phantom clone...

Boom~!

The purple and green swords bombarded the fetal membrane. On the ground, a dazzling bright light burst out, reflecting the sky and the earth in a bright light, making it impossible to open one's eyes. Even those powerful in the eternal realm could not clearly see the situation in the field...

Only the sky and the earth were left shaking!

After a long time, the light faded, and everyone could see I was completely dumbfounded by the situation during the clearance.....

I saw the phantom clone standing proudly in the sky, the membrane of heaven and earth in front of me was intact, but the purple and green swords bounced back to the side of the purple and green sword master.....

"Huh! He blocked it!"

"This...how is this possible?!"

The powerful men of the seven major forces were completely dumbfounded!

Even the Purple Green Sword Master and the Green-robed Supreme Saint were confused.....

Just now, the phantom clone couldn't even block a Qingji sword. How could it block the attack of the two swords now?

This improvement in strength is too sudden!

"Ha ha! Master Qin Lei blocked it! Blocked!"

Hundreds of millions of SAARC people cheered and breathed a sigh of relief in their hearts.....

"Ziqing Sword Master, is this your double sword? It seems to be nothing more than that!"

The shadow clone's confidence greatly increased and he couldn't help but mocked.....

"Damn it!!"

Ziqing Sword Master was furious

"Little thief! Here we go again!"

As soon as he finished speaking, the Ziqing Sword Master rushed towards the phantom clone...

He didn't believe the result at all...

The two sides immediately fought together...

In this fight, the two of them killed each other until the sky was dark and the sun and the moon were dim.....

This is also a battle of sword and shield, attack and defense.....

In just a moment, the two sides fought for dozens of rounds, and it turned into a tie. No one could do anything to the other.....

The children of SAARC were very excited when they saw it!

This means that the Southern Alliance has two extremely holy-level combatants!

One is Lord Qin Lei, and the other is the stronger Lord Qin Feng!

The future of SAARC is immeasurable!

At this thought, all the disciples became excited.....

Gonggong and Jiuyin looked at each other, with complicated expressions deep in their eyes...

They both admired and envied Qin Feng, and also had a vague sense of powerlessness.....

Before they first met Qin Feng, both parties could still talk to each other as equals.

But in less than a month, their qualifications to talk to Qin Feng on an equal footing were almost gone...

This was not because of the passing of time and the vicissitudes of the world, but actually because Qin Feng's talent was unparalleled throughout the ages, making it difficult for them to match it...

At this moment, Gong Gong suddenly felt a little uncomfortable. I envy Jiuyuan and the others. It is a blessing to be able to work under such an outstanding and strong man as Qin Feng!

Thinking of this, Gonggong had some alternative thoughts in his mind.....

At this moment, the phantom clone and the Ziqing Sword Master had fought each other for hundreds of times.....

Neither side can do anything about the other, and the battle has fallen into a stalemate.....

The seven major forces became more and more stunned as they watched!

This Qin Lei's strength is really comparable to that of the Ziqing Sword Master, instead of relying on temporary secret skills.....

"Brother Ziqing, let me help you!"

The Green-robed Supreme Saint can't stand it any longer.

He has no patience to wait any longer.

This battle must be fought quickly!

As soon as he finishes speaking, he will take action to help.....

The expressions of everyone in the Southern League changed greatly.

The cultivation level of this green-robed supreme saint is at the peak of the early stage of the third realm, and his strength is even stronger than that of the purple-green sword master.

If he goes to help, Master Qin Lei will be defeated!

But just when Lu Pao was about to take action, a child's cute voice exploded out of thin air above everyone's heads!

"Old thief! What's the point of fighting two against one? If you have the guts, compete with me!"

This explosion instantly spread throughout the entire venue, and the sound waves rushed directly into the ears of all the powerful men, shocking all the eternal powerhouses to the point of being deafened, and their heads were about to explode.....

The faces of all the powerful men changed greatly, and they looked up one after another, and saw a little baby about one or two years old, wearing a red bellyband, with a bare butt, walking out of the void...

The little baby was chubby, with skin as white as snow, but Putting his hands behind his back, pretending to be old-fashioned.....

That look was so cute that it made everyone's faces bleed.....

What's even more funny is that the little bellyband on the little doll was obviously made in a hurry. The needlework was done in a messy way and there were a lot of threads hanging on it, which made the little doll even more adorable...

And behind the little doll , and followed by a stunning beauty, none other than the Lord of Ziwei Star.....

"Whose family does this little doll belong to? it's so cute!"

Qing Lin, Feng Di, and Qin Baobao all couldn't help but their eyes lit up.....

But the next second, there was an exclamation from the crowd....

"Oh My God! Look, that little baby's cultivation is actually at the early stage of the second eternal realm!"

"Hiss~! It's...it's true!"

This discovery shocked the entire audience!

Even the green-robed Supreme Saint was dumbfounded... He could clearly see that the little baby in front of him had less energy and blood than a year old. It was obvious that he had just been born... Could it be that this little thing was...

Being born is the second level of eternal cultivation?

Even those heavenly saints in the Nine Heavens and Ten Domains, and even the saint ancestors, these ancestral saint spirits who were born from heaven and earth, were far from so powerful when they were born!

This is too shocking Come on!

Thinking of this, the Green-robed Supreme Saint was even more shocked...

He couldn't help but take a deep breath and asked politely:"Little guy, who are you?"

"snort! Who is I and why do I have to tell you?"

The little baby is still old-fashioned, with his hands behind his back and a look of disdain.....

The green-robed supreme saint was so angry that he rolled his eyes.

Who is he?

He is one of the three supreme saints in the divine world, ranking second among the supreme saints, and his status is extremely respected.

Anyone who sees him is not respectful.

Now, a newborn baby was yelling at him. He was looking for death!

Just when the Green-robed Supreme Saint was about to attack, Feng Di's voice sounded in the field.
.....

"Sister Ziwei, is this child?....."

She looked at Ziwei Star Master's lower abdomen, which was already flat, and she understood clearly.....

"He is Hong'er!"

Ziweixingzhu said as she stepped forward and pulled the little bellyband of the baby Hongjun to make it straighter. She always felt that the little bellyband was a little crooked...

This little bellyband was just sewn by her...

She was also depressed. She forgot to prepare clothes for Hongjun's child, so she sewed a small bellyband temporarily...

But she was not good at needlework, and the things she made were a bit ugly, which made her unable to handle...

If it hadn't been an emergency outside, She really wants to do it again....

"Mom, stop talking! If you pull any more, this little bellyband will burst....."

"Forehead!"

Ziwei Star Master's forehead was sweating and he didn't dare to talk anymore.....

The quality of the bellyband she made is a bit poor. If the threads are torn apart, it would not be good to leave your child's butt naked in front of everyone.....

When everyone in the Southern League saw this scene, they suddenly realized and showed joy.....

"It turns out this is the young master!"

"Ha ha! The young master is born! The young master is really born!"

At this moment, everyone still didn't understand what was going on.

Kunpeng, Zhenji, Jiuyuan and other senior officials stepped forward to salute.

"The subordinate has met the young master!"

"I've been waiting for you to meet the young master!"

Below, hundreds of millions of Southern League disciples saluted Xiao Hongjun one after another, and their shouts shook the sky... When the powerful men of the seven major forces saw this scene, they suddenly realized.....

It turns out that this little baby is Qin Feng's son!

"Ha~! Who do I think you are? It turns out you are Qin Feng's little bastard! Then Qin Feng was a coward and didn't dare to come forward, but he sent you, a little scoundrel, to cause trouble!"

The green-robed Supreme Saint was already very angry.

Now, as soon as he figured out Xiao Hongjun's identity, he started spewing evil words.....

As soon as those words came out, everyone in the Southern League was furious.

Xiao Hongjun was even more furious

"Old thief! How dare you insult my father! I'm going to crush you!"

As soon as he finished speaking, he pounced directly on the green-robed Supreme Saint...

There were screams from all around!...

Chapter 988

"not good!"

"Young Master, be careful!"

Zhenji, Jiuyuan and others exclaimed.

Billions of Southern League disciples were also stunned...

Even the seven major forces were stunned for a moment.

But then, these people showed mocking looks.....

A newly born little cute baby in the second realm dares to attack a strong man who is at the peak of the early stage of the third realm. Isn't this a way to die?

Children are children!

If you have a hot head, you can do anything.....

"Hong'er, no!"

On the other side, Star Master Ziwei was so frightened that her face turned pale...

As a mother, you are strong. She didn't want anything to happen to her child.

But she wanted to stop it, but it was too late...

Her speed was not as fast as Xiao Hongjun's.....

In the blink of an eye, Xiao Hongjun rushed in front of the green-robed saint, and punched the green-robed saint's face with his pink fist.....

"Ha ha!! If Qin Feng doesn't come out, I might as well kill this evil species first!"

The green robe laughed wildly, and clapped his big hand forward, intending to hit Xiao Hongjun on the spot...

In just one thought, the green robe's big hand was about to collide with Hongjun's small fist.....

In this collision, Xiao Hongjun will undoubtedly be photographed into meat!

"No~! "

Star Lord Ziwei closed her eyes in despair.....

Everyone in SAARC also looked sad.....

Boom~!

There was a loud crashing sound!

All the void in the world will explode!

The huge energy explosion shook Kunwu Mountain violently, almost collapsing...

The green-robed big hand and Hongjun's small fist finally collided...

Billions of people from SAARC are in despair.....

The seven powerful men gloated over the misfortune, with smiles on their faces.....

But the next second, everyone was dumbfounded.....

Just hearing a muffled groan, the green-robed holy man spurted out a large mouthful of blood, and was blasted away by Xiao Hongjun.....

The people from the seven major forces all opened their eyes in shock, and their smiles froze.
.....

Billions of people from SAARC also opened their mouths, some of them couldn't believe the scene in front of them...

Oh my god!

The young master actually knocked away the green-robed supreme saint with one punch!

That is a strong man at the peak of the early stage of the third realm of eternity, and he is only one step away from the middle stage of the third realm!

And the young master is only at the early stage of the second realm!

He actually knocked away the green-robed Supreme Saint with one punch.....

"Old thief! How dare you insult my father! I'm going to crush you!"

Xiao Hongjun's roar sounded again...

In the next breath, he waved his little fist and chased after the green-robed Supreme Saint.....

In his young heart, Qin Feng was extremely noble and was his only relative...

He would never allow anyone to insult him!

This childish roar woke everyone up.....

"Oh my God! The young master actually beat the green-robed Supreme Saint away!"

"Very good! That's great!"

"The young master is indeed His Majesty's child!"

Everyone in SAARC cheered.....

"How can it be! How can this be?!"

The people from the seven major forces simply couldn't accept it...

In the blink of an eye, Xiao Hongjun rushed to the green robe again.....

"impossible! This is absolutely impossible!"

The green robe also roared.

He would never admit that he would be blown away by a newly born little cute baby.....

"Little bastard! go to hell!"

The green robe met Xiao Hongjun's fleshy punch.....

Boom~!

Ah~!

There was another loud noise!

The green robe screamed again and was blown away again.....

The next second, Xiao Hongjun caught up again, and punched hard with his little fist.....

Boom~! Boom~! boom~!

Ah~! Ah~! Ah~!

In just a few moments, the two sides fought for dozens of rounds.....

Lupao was beaten by Xiao Hongjun all the time, and Lupao's screams kept echoing in the field.....

The whole audience was dumbfounded!

"Damn it! Damn it!"

The Purple Green Sword Master roared anxiously.

He wanted to help, but was entangled by the shadow clone and couldn't...

At this moment, the roar of the green-robed supreme saint sounded in the air.

"Little thief! You've gone too far!"

As soon as he finished speaking, the green-robed Supreme Saint waved his hand and offered up a spiritual bead as black as ink.....

Buzz~!

The spirit beads vibrate~! radiant~!

"Lord Green Robe finally sacrificed the sacred weapon!"

"Ha ha!! That little baby is in trouble!"

The Ascetic Ancestor and others were very excited...

It turned out that the black spirit bead was the sacred weapon of the green-robed supreme saint - Xuan Mizhu.....

Buzz~!

The next second, man and machine become one!

The power of the holy weapon is fully revealed!

The Xuan Mizhu disappeared for a while, and in the blink of an eye, it transformed into an old man in green robes. His cultivation and appearance were exactly the same as the green-robed Supreme Saint...

This is the magical function of the Xuan Mizhu. It can transform into a second body with the same strength as the original body. It's equivalent to doubling the combat power at once, with endless magical uses.....

The only flaw is that the Xuan Mizhu needs to consume a lot of energy to change once, and the green robe needs to be accumulated for thousands of years to meet the conditions for one use...

Therefore, he will not use it easily until the critical moment...

Now, He was forced by Xiao Hongjun to use his trump card.....

"Little bastard! go to hell!"

The green robe changes from one to two, doubling its strength and greatly increasing its confidence.
.....

Xiao Hongjun was also stunned for a moment...

The next second, the two green-robed supreme saints rushed towards Xiao Hongjun.....

The two sides immediately fought together...

Two fists were ultimately unable to defeat four hands!

After a while, Xiao Hongjun began to fall behind...

Ascetic Ancestor and other people from the seven major forces became excited.....

Lord Ziwei and other members of the Southern Alliance are naturally worried.....

The purple and green sword master who was fighting against the phantom clone also breathed a sigh of relief.....

Gradually, the green-robed Supreme Saint's upper hand became more and more obvious, and he began to feel proud again.....

"You little bastard, do you really think I can't cure you? This time, I have to peel off your skin!"

Xiao Hongjun was furious:"Old man! Do you think you are the only one who has a sacred weapon, and I don't have a sacred weapon?"

The green robe was shocked:"What?!" You also have a holy weapon?! "

"snort! Old thief! You've got a good idea!"

Hongjun opened his mouth, and a gray spirit bead spurted out from his mouth.....

Buzz~!

The spiritual pearl appears!

The gray spiritual light shone everywhere, covering the eight extremes of the world, and there was no sky or earth.....

That is Hongjun's accompanying holy weapon - the Chaos Bead!

There is a unique small world in the Chaos Bead, which can avoid the great catastrophe of heaven, and is free from the Three Realms, Six Paths, and the Great Wild God Realm...

In that unique small world, Hongjun is the sky, the earth, everything, and is almost invincible.....

"Old thief! Come in with me!"

Xiao Hongjun made a strange seal with his hand...

Buzz~!

The next second, the Chaos Bead chirped again, emitting endless suction.....

Phew~! Phew~!

With only two soft sounds, the two green-robed supreme saints were forcibly sucked into the Chaos Bead.....

Xiao Hongjun dodged and got into the Chaos Bead...

At that moment, Hongjun and Lupao disappeared in the sky, leaving only a Chaos Bead, floating alone in the air...

Before everyone could think more, Chaos Zhujiu trembled violently, and there were rumbling sounds of fierce fighting and the screams of the green-robed saint.....

The faces of the people from the seven major forces suddenly changed.....

"not good! The green-robed master has fallen behind again!"

"Damn it! Damn it! Why is this little thief so powerful?!"

At this time, the Purple Green Supreme Saint was already jumping up and down anxiously.

He roared angrily:"What are you idiots still doing? Hurry up and do it!"

As soon as these words were spoken, the seven major forces were all awakened.

"Everyone, do it!"

"Take action! Take action quickly! Save Lord Green Robe!"

People from the seven major forces shouted.

Especially the disciples of the Green Robe Holy Land were the first to charge...

The ascetic ancestors followed closely...

The goal of these people is the Chaos Bead!

They want to destroy the Chaos Bead and rescue the Green Robe Supreme Saint.....

"not good! Stop it!"

"Don't let them hurt the young master!"

Everyone in the Southern League also roared angrily.

Kunpeng and Ziwei Star Master were the first to rush forward.....

Gonggong, Jiuyin and others followed closely behind.....

The two sides soon met, and the war was about to break out..

Chapter 989

On this side of the seven major forces, there are five people in the second level of eternity, including one in the late stage, two in the middle stage, two in the early stage...

Kunpeng directly faced the person in the late stage of the second stage, and the two sides were evenly matched once they met.....

Gonggong and Jiuyin faced off against two other mid-level players respectively, and they were evenly matched.....

Ziwei Star Master faced off against a person in the early stage of the second realm. What was shocking was that she was evenly matched with that strong man.....

Although Ziwei Star Master has just broken through to the early stage of the first realm, and is not the master of the universe and has no additional power bonus, her aura contains extremely powerful chaos power... This makes her combat power jump by a huge amount. The realm is comparable to those in the early stage of the second realm...

As a result, there is only one strong person in the second realm of the seven major forces who is unstoppable in the early stage.....

This man is the ascetic ancestor!

The ascetic ancestor was originally a strong man in the late stage of the second realm, but he was severely injured by Qin Feng and lost two-thirds of his cultivation, and he became an early stage...

Although his cultivation fell, his combat experience was extremely rich, and he avoided Blockade after blockade rushed directly towards the Chaos Pearl...

In addition to him, the seven major forces also had fourteen eternal first realms, including one peak-level powerhouse, four in the later stage, four in the mid-stage, and five in the early stage...

Although Qinglin, Fengdi, and Fuzhi are all in the early stage of the first realm, they are all masters of the extreme realm, and their comprehensive combat power has reached the peak of the first realm... At this moment, Qinglin stopped a first-level warrior. The first level peak powerhouse...

Feng Di and Fu Zhi stopped the four first level late stage powerhouses together.....

Zhenji and Jiuyuan together stopped two strong men in the early stages of the first realm.....

Panzu, Bitie, Qin Baobao, Minghe, Minglin, and Hongyue, who were in the Half-step Eternal Realm, led more than 160 God-level experts to form three large formations and intercepted the remaining three First Realm ones. Strong in the early stage.....

In this way, the four strong men in the middle stage of the first realm will be unstoppable.....

Together with the ascetic ancestor, these four people rushed directly to the Chaos Pearl.....

"Not good~! They want to destroy the divine beads!"

"Damn it! Stop them quickly!"

The strong men of the Southern League roared incessantly.

But they were all entangled by their opponents and could not move away...

Below, hundreds of millions of Southern League disciples were also extremely anxious.....

They also wanted to help, but their strength was too low and they were not even qualified to participate in the battle...

They could only guard the mountain formation and watch from below, feeling helpless.....

In the blink of an eye, the five ascetic ancestors arrived in front of the Chaos Bead....

"Four! Let's take action together! Destroy this spirit bead!"

The ascetic ancestor yelled.

He knew that this spiritual bead was weird. As long as this spiritual bead was destroyed and the green-robed supreme saint was released, Xiao Hongjun's advantage would be gone.....

Now, the five of them will take action together.....

But at this moment, the Chaos Bead trembled and emitted a dazzling spiritual light.....

Buzz~!

The next second, the Chaos Bead made a clear sound and sucked the five ascetic ancestors directly into it.....

After a while, more violent fighting sounds sounded inside the Chaos Bead.....

The screams of the ascetic ancestor disappeared, but the shouts and curses from both sides continued to be heard.....

The battle between the two sides seemed to have reached a deadlock and became a draw...

This scene surprised and delighted everyone in SAARC.....

The young master is so powerful!

He faced off against the Green-robed Supreme Saint alone, plus the ascetic ancestor, and four first-level mid-level powerhouses, and he was able to achieve a draw.....

This is really amazing!

"Damn it! Damn it!"

Ziqing Sword Master was so angry when he saw this scene that he almost exploded!

The seven major forces of the God Realm joined forces, but they only tied with a Southern Alliance...

Could it be that a Southern Alliance can take down the God Realm? Half of the country is lost?!

He cannot accept or understand such a result.....

What made him even more jealous was that all the people in the South Alliance were freaks. They were obviously very young, but they were able to fight across the ranks.....

For example, Qinglin, Fuzhi, and Fengdi can compete with the peak of the first realm at the early stage of the first realm...

Kunpeng can reach the late stage of the second realm at the early stage of the second realm.....

The Ziwei star master is in the early stage of the first level and can cross the level to fight in the early stage of the second level.....

The son of Qin Feng was in the early stage of the second realm when he was born, but his strength was infinitely close to the middle stage of the third realm, stronger than him and Green Robe.....

What's even more irritating is that Qin Feng's younger brother Qin Lei in front of him, who is obviously just a god, can actually fight to a tie with himself, the supreme saint...

This step up is getting more and more crazy!

Why are all the talents in the world concentrated under Qin Feng?

Just thinking about it makes him crazy with jealousy~!

Ziqing Sword Master didn't know that Qin Feng was not only powerful, but he was also so powerful that he was insanely powerful.....

At this moment, Qin Feng's body tempering progress has reached 99.7%, and he is just one step away from completing the Hongmeng body...

Time flies!

In the blink of an eye, a quarter of an hour passed.....

The battle between the two sides was extremely fierce, and it was still difficult to tell the difference between the two sides.....

The battle has completely entered a stalemate!

Billions of people from SAARC were anxious and uneasy after seeing this.....

"no! This is not the way to go! We must find a way to break the situation!"

Ziqing Sword Master was extremely irritable...

He could not accept the current results of the battle.

Suddenly, he seemed to have thought of something, and shouted to a strong man in the late first realm.....

"Fire crow! Quickly ask your ancestor, when will he arrive?"

As soon as these words came out, the powerful men of the seven major forces suddenly realized.

Yes!

They also have the strong support of Huoyun Jisheng!

"My lord, I ask now!"

The fire crow is from the Huoyuan Holy Land.

At this moment, he took time out and sent a message to the Huoyun Jisheng.....

In just a few seconds, Huoyun Jisheng sent a reply.

Huo Ya took the time to read the message and looked ecstatic.....

"Ha ha!! Everyone, my ancestor has responded to the message. He can get here in less than half a quarter of an hour....."

As soon as these words came out, everyone from the seven major forces was ecstatic.....

"Very good! Very good! Lord Fire Saint is coming!"

"Ha ha!! You little bastards of SAARC! As soon as Lord Fire Sage arrives, your death will come!"

The faces of everyone in the Southern Alliance changed greatly.

They naturally knew that Huoyun Jisheng was the strongest person in the God Realm, a strong person in the late third realm.....

"Lord Huo Yun? Are you talking about the Supreme Saint of Fire Cloud in the late third realm?"

Kunpeng couldn't help but ask.

Fire Crow laughed proudly: "Haha!! Boy, it doesn't hurt to tell you the truth! My ancestor is the Supreme Saint of Fire Cloud! However, my ancestor is no longer at the late stage of the third realm, but a peak powerhouse in the third realm!"

"What?!"

"No way? Already at the peak of the third realm?!"

The expressions of everyone in the Southern League changed drastically.....

The faces of hundreds of millions of people are so ugly...

Oh my God!

A powerful enemy at the pinnacle of the third realm is coming.

Once he arrives, who can resist him?

Not even the young master can do it!

The young master's strength is only close to the middle stage of the third realm, not yet to the middle stage, let alone able to resist the peak powerhouse of the third realm.....

Does God really want to destroy our SAARC?

Countless SAARC disciples panicked.....

Leaders such as Ziwei, Fengdi, and Zhenji are also extremely anxious.....

The Supreme Saint of Fire Cloud will arrive in less than half a quarter of an hour, and no one will be able to stop him then!

Unless His Majesty can come out of seclusion, there can be no rescue...

But now, His Majesty is still in seclusion. There is no news, and they can't even contact them...

At this moment, Ziqing Sword Master saw the panic of everyone in the Southern League, I felt inexplicably happy

"All the thieves of the Southern Alliance! Do you know what you are afraid of now? pity! We have no retreat! Your death is coming soon! Ha ha!!"

Speaking of this, the Ziqing Sword Master laughed proudly...

But before his laughter stopped, a sudden change occurred in the field.....

Boom~!

The momentum of the phantom clone suddenly surged. In an instant, it broke through the realm of gods and reached the peak of gods. Its combat power increased dramatically.....

The phantom clone actually broke through the realm of cultivation at this moment.....

It turned out that Qin Feng finally condensed the Hongmeng body, and his cultivation level broke through to the peak of the gods in an instant, and the phantom clone broke through simultaneously...

This sudden change made the Ziqing Sword Master stunned for a second...

But the next second, the phantom clone slapped him with a palm...

The power of that palm suddenly reached the middle stage of the third realm!

Ziqing Sword Master opened his eyes wide in horror...

Chapter 990

But the next second, the phantom clone slapped him with a palm...

The power of that palm suddenly reached the middle of the third realm!

Ziqing Sword Master opened his eyes wide in horror.....

How can this be!

The Ziqing Sword Master couldn't believe it, and immediately drew his sword to resist. The Ziqing swords joined together again, and faced that terrifying palm.....

Boom~!

A loud noise like the destruction of the entire world!

The purple and green swords were knocked away!

The remaining power of that palm hit the Ziqing Sword Master heavily...

Click~! Click~! Click~!

Ziqing's body cracked quickly!

Wow~!

The next second, he spat out a mouthful of blood and was blasted hundreds of millions of miles away...

This scene shocked the entire audience, and everyone was confused.....

What happened just now?

Why was the Ziqing Sword Master knocked away by Qin Lei?

Before anyone could react, the phantom clone took a step forward and chased the Ziqing Sword Master.....

At the same time, the space above everyone's heads changed, and Qin Feng walked out of the void.....

"His Majesty! It's Your Majesty!"

Everyone in the Southern League cheered.

The people of the seven major forces suddenly felt that something was wrong...

But before they could think about it, Qin Feng waved his hand and fired more than a dozen gray sword lights at the strong men of the seven major forces. out.....

Bang~! Bang~! Bang~! boom~!

Ah~! Ah~! Ah~!

For a moment, there were constant screams in the field!

Five strong men in the early stage of the first realm of eternity were all killed instantly with one blow!

In addition, the four late-stage first-level warriors and the peak first-level warrior were all blasted, and their souls were severely damaged.....

The remaining four second-level experts were also penetrated by the sword light, their momentum was sluggish, and they kept screaming.....

This time, everyone was dumbfounded!

OMG!

With one casual blow, His Majesty instantly killed five people in the early stage of the first stage, seriously injured five people in the late stage of the first stage and above, and killed four people in the second stage...

This is too terrifying!

Even if you are at the peak of the third level, you will never be able to do it!

The seven major forces felt as if they had seen a ghost, they were scared out of their wits!

Is this person the leader of the Southern Alliance - Qin Feng?

This guy is too scary!

Even if Huoyun Jisheng takes action, he can't kill a person in the early stage of the first realm with one move. What's more, Qin Feng can kill more than five people in an instant, but he can still do it with a casual blow...

Such a method can only be done by a strong person at the Heavenly Saint level. arrive!

The Heavenly Saint level powerhouse is the fourth realm of eternity!

But they saw that Qin Feng's cultivation level was at the peak of the gods, and his combat power and momentum did not seem to have reached the fourth level. How could he have such terrifying destructive power...

Of course, the eternal fourth level is extremely difficult to achieve.....

In the entire Great Wild God Realm, no one has reached that level. Only the Nine Heavens and Ten Realms can have such a super strong person...

The strongest person in the God Realm is Huoyun Jisheng, who has the peak cultivation level of the third realm.....

The combat power at the peak of the third realm is 10,000 trillion yuan, which is the power of 10,000 poles.....

10,000 trillion yuan = 10,000 poles.

The combat power threshold of the eternal fourth realm is 100,000 extreme powers!

Crossing from the third realm of eternity to the fourth realm is a gap that is difficult to cross.

Eternity is divided into nine realms!

The first, second and third realms are the lower realms.

The fourth, fifth and sixth realms are the middle realms.

Breaking through from the third realm to the fourth realm is from the lower realm to the middle realm. It is a qualitative leap, so the fourth realm is also a watershed between the nine eternal realms...

Qin Feng's current combat power has reached 15,000. The power of numbers can sweep through the third realm, but it is far inferior to the fourth realm.....

But the speed with which he can kill the powerful ones in the Eternal Realm is comparable to that of the Heavenly Saint in the Fourth Realm...

That's because his spiritual power is already the power of Hongmeng.

The dozen or so gray lightsabers he waved casually were formed by the power of Hongmeng.

The power of Hongmeng has great destructive power on the physical soul of the Eternal Realm strongman, which makes Qin Feng kill the Eternal Realm strongman at a speed comparable to that of the Heavenly Saint.....

"withdraw! Escape!"

"Everyone, run away!"

The people from the seven major forces finally woke up, roared and fled in all directions.....

"snort! Can you escape?"

Qin Feng sneered, waved his hand again, and more than a dozen lightsabers shot out again.....

Bang~! Bang~! Bang~!

Ah~! Ah~! Ah~!

In the blink of an eye, the four late-stage First Realm masters and one Peak First Realm expert were killed instantly.....

These people simply can't withstand Qin Feng's second blow!

In just two face-to-face encounters, Qin Feng instantly killed ten powerful men in the first realm of eternity.....

The remaining purple-green sword masters and the four second-level experts all fled in a hurry with their injuries...

At the same time, the green-robed supreme saint also saw the situation outside.....

I saw two green figures rushing out of the Chaos Pearl and escaping hastily towards the border of SAARC.....

The Supreme Saint in Green Robe also escaped... but two figures suddenly appeared, making it difficult to distinguish who was the original Green Robe and who was transformed by the Xuan Mizhu.....

As soon as the green robe escaped, the frightened shouts of the ascetic ancestor and others came from the Chaos Pearl.....

"Lord Green Robe, no...don't leave us! ...ah!"

"Spare your life! Young Master and Grandpa, please spare my life! ...ah!"

Boom~! Boom~! Boom~!

Fierce fighting sounds continued to be heard from the Chaos Bead, as well as the shrill screams of the five ascetic ancestors.....

Without the green-robed Supreme Saint, the five of them were completely beaten and completely at a disadvantage. They didn't even have the ability to escape. It was only a matter of time before they fell.....

"Stop them!"

After Qin Feng gave the order, he waved his hand and held out a rune jade bottle to collect the energy transformed by the ten eternal first-level powerhouses.....

"Ha ha! Old thief, don't even think about escaping!"

All the masters of the Southern Alliance were extremely excited, and they pursued each other crazily...

Kunpeng was known for his speed, and he soon entangled a second-level expert...

Gonggong and Jiuyin each also entangled a second-level expert.....

The strength of Ziwei Star Master can barely hold on to the weakest second realm.....

In fact, these four second realms have been severely damaged by Qin Feng, and their strength has dropped a bit...

At this moment, Qinglin, Fuzhi, Zhenji, and Jiuyuan each assisted one person, and the SAARC side quickly gained the upper hand.....

The four second realms were unable to escape and were roaring...

On the other side, the phantom clone easily stopped the Ziqing Sword Master, and the Book of Earth turned into the fetal membrane of heaven and earth, trapping him in it.....

The phantom clone also entered it and beat it crazily.....

In this way, only the Green-robed Supreme Saint will be unstoppable.....

In the blink of an eye, the green-robed supreme saint flew hundreds of millions of miles away...

At this time, Qin Feng had already collected energy.

He put away the jade bottle and chased after the green-robed Supreme Saint.....

In just a few breaths, Qin Feng chased after the green-robed Supreme Saint.....

The green robe turned pale with fright....

"Fellow Taoist Qin Feng, I was confused for a moment, why do you have to kill them all!"

At this moment, Lupao actually cried out and begged for mercy.
