

Supreme God Of Fire

Chapter 15 - Fire Leaf's Fury -

C15 Fire Leaf's Fury

"Ming, you have to save your father! Although he is wrong, he is still your father!" Lan Ling'er, who was by the side, was already in tears. Looking at Huo Tian's darkened face, she became even more worried.

"Don't worry. I will save him. It's just that I am currently thinking of a way to save him. This way, I will use my blood to pour into the wound. This should be effective!" Huo Ming said after a long time.

"Can Ming do it with your blood?" Ming asked. You're still young!" Lan Ling'er said with a worried look.

"It's okay. My blood should be able to burn those poisons. Let me try!" Huo Ming asked someone to bring a dagger and cut a hole on his arm. Blood immediately flowed out and went to the place where the hidden weapon hit.

As for the dagger, he had burned it with fire. He took out the hidden weapon and wrapped it in a white cloth.

For this hidden weapon, it would definitely be useful in the future. Therefore, it was reasonable to leave it behind. When the blood dripped down, Huo Tian's wounds started to turn red from black. Finally, as if it was boiling, black blood kept flowing out.

Looking at the black blood flowing out, Huo Ming nodded. He sighed with emotion that this method was not bad. Not long after, Huo Tian's expression also recovered quite a bit.

After the black blood did not flow out, Huo Ming wrapped his finger with a white cloth. He found some herbs to stop the bleeding and wrapped his finger.

"Alright, now that the poison has been removed, it's basically fine. I'll leave first..." Huo Ming looked around and walked out of the room.

He naturally knew about Huo Tian. This time, if it wasn't for him, he wouldn't have gone to the Prime Minister's Mansion. At this time, Old Master Huo Ye probably already knew about it.

"In that case, I'll have to wait for the next step of my plan..." There was no need for him to go and see if there were any new developments in the Godly Fire Spell. Otherwise, he wouldn't be able to keep going at this stage. However, Yun Tian still wanted to find

some places where the Earth Fire existed. However, the situation was currently in turmoil, so he couldn't do it for the time being.

As for his injuries, he could not heal them so quickly. It was best for him to delay them as long as possible.

The assassin of the Boundless Sea told him about Huo Tian's poisoning on the way back to Old Master Huo Ye. Although Old Master Huo Ye was touched, he didn't make a big fuss about it. Instead, he chose to return to the Boundless Sea first...

However, in just a few days, after Old Master Huo Ye received the letter, he immediately flew into a rage. He brought his men and his army to the Prime Minister's Huo City.

In front of the gate of the Huo City, these one thousand men were like tigers and wolves. They stopped in front of the gate, while Old Master Huo Ye pushed open the gate with his palm and headed towards the Huo family.

In the Huo City, in the Huo family, Huo Ming was still lying on his bed. It seemed like his injuries were still very serious. As for Huo Tian, he had already recovered from his injuries, and his body had also recovered quite well.

However, Huo Ming told Lan Ling'er not to tell Huo Tian that Huo Ming had saved him. When Lan Ling'er asked him in time, she only said that the doctor did not know about the doctor's timely treatment or did he receive money and left.

"Where is my grandson? Is my grandson alright?" Old Master Huo Ye rushed into the Fire Prefecture, causing the entire prefecture to be thrown into chaos.

"Old Master, Ming is recuperating!" Huo Tian suddenly walked out and said.

"You brat, how are you going to take care of Ming? Why aren't you the one who was injured?" Old Master Huo Ye looked at him and pushed Huo Tian away. "Take me to see Ming!"

Huo Tian almost stumbled and fell to the ground. This was because he had not fully recovered from the discharge of the poisonous blood.

Of course, the mastermind behind this incident had to act a little. "You brat, what's going on?"

"Old Master, when Ming returned from his injuries, the Huo family Army found the token and the weapon. That's why I went to look for the person behind the scenes. I had no choice but to go to the Minister of War and let him see how the weapon was made. In the end, I found the Prime Minister's Mansion... "

"Bastard, who told you to look for the Minister of War? Are you really an idiot or a fake one? Who is Minister of War Li Yang? Don't you know? "You really are a bastard..." The old man was furious.

In the Prime Minister's Mansion, there is only one Wang Yueming, Old Eight, and I, the Prime Minister. I'm afraid that even a Wang Yueming would be able to fool you. He even has the face to tell me that he wants to anger me to death... "

"Father..." Huo Tian was about to speak when Old Master Huo Ye immediately called out, "Come on. I can't take it. I want to see my grandson. " Where is Ming? "

Huo Tian felt so wronged that he wanted to die. This was a lecture. Who was he going to look for when he had just been injured? Thinking about it, he decided against it. "Ming is in his courtyard. Old Master, you should go look for him yourself!"

Huo Tian sighed and walked back to the inner hall. Looking at the old man's back, he just shook his head.

It had been so many years. The two of them had quarreled when they met. Fortunately, they did not fight. This was considered giving them face.

In the courtyard, Huo Ming was still lying in his room. He did not go out. During this period of time, During this period of time, he was also cultivating the Godly Fire Spell. However, he was helpless and had no use at all. Thinking about it, he decided to let it go.

"Ming, where are you? Grandpa is here!" Old Master Huo Ye's voice sounded. Huo Ming immediately jumped up from the bed. "This old man is here..."

"Grandpa, I'm in the room! You are here..." Huo Ming opened the window and saw Old Master Huo Ye running around in the courtyard.

"Oh, so it is here. How is Ming?" Old Master Huo Ye frowned and his eyes lit up.

"He is seriously injured..." Huo Ming cried.

"You brat, I just wanted to let them try. I didn't expect that stupid father of yours would really avenge you. But this time, I have something to say..."

"Grandfather, you're going to make a move?" Huo Ming's expression changed as he quietly asked.

"Yes, both of you have been bullied. In that case, I will definitely attack. Alright, come with me!" Old Master Huo Ye said with a smile.

"Where?" Huo Ming did not understand.

"Of course we are going to Prime Minister's Mansion. I am going to investigate and gather a thousand troops. I will personally lead a team to Prime Minister's Mansion to ask..." Old Master Huo Ye patted his chest and pulled Huo Ming out of the window.

Just as he was about to go out, Huo Tian appeared in front of the two of them, "Old Master. You're..."

"Cut the crap. Come with me. We will go to the Prime Minister's Mansion and avenge your wrongdoings." Old Master Huo Ye said. He carried Huo Ming and left the Huo City.

Huo Tian hesitated for a moment, but he still followed behind the two of them. After leaving the city, he was shocked by what he saw. This army of a thousand men was well-equipped. They were going to fight a war!

"Alright, let's go to Prime Minister's Mansion." Old Master Huo Ye took a big stride and mounted his horse. He rode his horse towards the direction of the Imperial City.

Huo Tian naturally rode his horse as well. As for the thousand-man team, their speed was not slow at all. They were like a long dragon as they galloped away.
