

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 15: A BEAUTIFUL MISUNDERSTANDING

It has been a tradition for years to have a quiz at the beginning of the school year and then select seats based on the results.

In order to prepare for the quiz, after school on the same day, Shi Qi ran to the downtown bookstore with his small school bag, following the list of exercises searched overnight yesterday, stuffing one exercise book into his basket.

"Seven...Seven, you bought so many, can you finish them?" Xu Mirai's eyes widened in disbelief as he looked at the stack of at least 15 or 20 exercise books.

The first thing you need to do is to get a good idea of what you're doing.

Only then did Qi Qi react to how many books she had taken, and she thoughtfully said, "It's indeed a bit more."

She silently moved two books out and put them back on the shelf, "This should be almost enough."

Xu Mirai silently looked at the exercise book in his arms, "..."

Is she too unproductive?

The first thing you need to do is to get a good idea of what you want to do, and you'll be hooked.

In her last life, when she was determined to take the film school, she enrolled in several cramming classes, reviewing and practicing her dancing talent.

At that time, she ranked fifteenth in B city in the arts.

It's just that mathematics and physics and so on, she is not very good, therefore, buy the exercise books, most of them are mathematics.

"Eh, Si Eucalyptus, isn't that Xu Future and Shi Qi from the class?" Hui Chi patted Si Eucalyptus.

Si Eucalyptus looked over and coincidentally saw Shi Qi walking out of the bookstore holding a mule of exercise books, and a light one in the arms of Xu Future next to her, forming a strong contrast.

"She bought so many books?" Hui Chi dropped his jaw in shock, only just started school and bought so many, is this another big brother?

He looked at Si Eucalyptus next to him and sighed in a serious tone, "It seems that Shi Qi's love for learning does not lose you in the slightest."

The latter raised his step into the bookstore, "Hello, may I ask what books the girl who bought a bunch of books in her school uniform just now bought?"

The company's main business is to provide a wide range of products and services to its customers.

The boss handed the small ticket left behind by Toki to Si Eucalyptus.

After a while, he saw that the student also held a pile of identical books over the checkout.

Huai late: "... big brother is big brother, no, he also has to keep up with the pace of learning!

Finally, the bookstore owner waved away the two, the flowers of the motherland so prosperous, it is really too touching.

That night, when Qi opened the first math exercise book, ten minutes later, she was secretly pleased, or very easy it!

Half an hour later, Shi Qi's mother opened Shi Qi's room with a glass of milk, "Qi..."

She looked at Shi Qi, who was sleeping soundly on the table, and fell into silence.

This child, like her father.

...

The next day when they arrived at school, Shi Qi was yawning and lazy.

The next day at school, Shi Qi yawned, lazily. Xu Mirai looked at her sleepy look, "Qi Qi, did you sleep late yesterday?"

When Qi Qi: "...well, last night to fill in the newly purchased exercises, accidentally forgot the time, two or three o'clock before going to bed."

If Timothy's mother was there, she would definitely spit out without mercy, she started studying for half an hour at ten o'clock, and indeed slept on the table until two o'clock before going to bed.

Xu Future looked at Shi Qi in shock, God... Shi Qi loves to study so much!

No, she must try to learn from her deskmate!

So thinking, she took out the new exercise book she bought yesterday and carefully looked through it.

When Dicky saw that she was brushing up on her problems early in the morning, he blinked, he didn't expect the future to have such good self-discipline, no, she had to learn from her deskmate!

Yesterday filled in the math problems of the second year of high school, it seems not, or from the first year of high school to brush up.

When Xia Zhi Zhi took out the buns to eat with Yang Xiao Ling, she inadvertently glanced back and saw the two back tables seriously brush up on their problems...

Xia Zhi Zhi: the hand of the bun it suddenly does not smell good.

Yang Xiaoling: Suddenly I feel ashamed of myself for eating buns.
