

## God of Life 1371

### Chapter 1371 Worth It?

If it were not for her unstoppable force to crush, how could the Karen star field fall into the hands of the galaxy people!

This Fang Yue, he is still shameless!

He can't even solve a small Zhang family, and he still has to Chen Qingqiumeng. If he does this, he will be greatly deducted from the evaluation of the Galaxy Star Alliance!

"does it worth?"

Zhang Yuan said with a bitter Fang Yue.

Fang Yue spread his hands out: "I don't want this thing either! But you are really deceiving people too much, and your Zhang family is too powerful! Not only are there three strong masters in the master realm sitting on the surface, but there are also eight masters in the dark. The powerhouse of the first class is responsible for guarding different places. If I rush to install it like this, I will definitely be slammed. If so, it is better to ask Master Qiu Meng for help. Although it is a bit shameful, at least it can give me peace. Drop a big rock on the road ahead!"

Fang Yue's expression was rather helpless. On the surface, he was flattering, but in fact, he had completely eaten Zhang's old folks.

Zhang Yuan hangs his head.

The Zhang family lost.

No one can save him if he loses completely!

"When will Master Qiu Meng do it!"

Zhang Yuan asked in a hoarse voice.

"I just submitted the news, there are about three or five hours left to do it! With this effort, you can still write a will or something, what treasures you have, tell me where you are, and I'll watch it for you!"

Fang Yue patted Zhang Yuan on the shoulder as if he were an old brother sharing life and death.

Zhang Yuan twisted his head and bit down on Fang Yue's palm frantically.

"Fang Yue, I want you to die!"

Zhang Yuan's furious opponent Yue roared.

Fang Yue withdrew his palm and slapped Zhang Yuan's head to pieces.

A powerful man in the main realm of dignity, under Fang Yue's men, could not resist a round!

"I'll give you a chance. You don't cherish it. If you don't be so impulsive, you can at least live longer."

Fang Yue shook his head slightly, regretting Zhang Yuan's impulse.

Afterwards, he loaded Zhang Yuan's body into the Baiyu Xiaoding for sacrifice!

The flesh and blood in it tumbling, quickly melted and became Fang Han's sacrifice.

Sima Zhonglie, who watched all of this happening, had cold hands and feet, and sure enough, there was not a soft persimmon who dared to be the commander-in-chief of Helen Planet.

Although Fang Yue's cultivation level is not high, his combat power has reached an unattainable level!

Zhang Yuan is also a strong man in the old generation of the Zhang family, and has been immersed in the master realm for decades.

Even though it is slightly inferior to Sima Zhonglie in terms of combat power, the real gap is not very big.

Fang Yue's ability to slap Zhang Yuan to death proved Fang Yue's ability to slap him to death!

Fortunately, he didn't listen to Zhang Yuan's flicker just now, otherwise, the corpse on the ground now is not one Zhang Yuan, but two side by side.

"Master Qiu Meng is really coming to Helen Star?"

Sima Zhonglie tremblingly asked Fang Yue.

It was a female killer god, who left him an indispensable nightmare.

If Master Qiu Meng really wants to come, Sima Zhonglie will definitely welcome him.

"Destroying a Zhang Yuan does not need her to do it herself! Sending a team down is enough!"

Fang Yue yawned. Then he reached the position Zhang Yuan just made.

"Then dare to ask, since Master Fang Yue has such a strong personal force, enough to sweep the entire Zhang family, why do you want to mobilize everyone and invite Master Qiu Meng to come?"

Sima Zhonglie was quite puzzled about this matter.

This Fang Yue can even slap one of the strongest masters in the master realm. Even though there are more saints in the Zhang family than on the bright side, it is a matter of slaps more for Fang Yue, and he asks Qiu Meng to help. Weaken the evaluation of the Galaxy Star Alliance!

Fang Yue glanced at Sima Zhonglie: "Actually, this thing shouldn't have been told to you, but Zhang Yuan died because of you. This is also a certificate of fame. It's okay to tell you something!"

"First, over the years, the natives of Helen have been subjected to the conservative policies of the conservatives in the Galaxy Covenant. They have given you the natives of Helen too much face. Some of you jumping are too happy, so autumn. As a radical, Meng has long wanted to take action and suppressed you natives! This incident is considered to give Qiu Meng a chance. Therefore, this incident is not counted as me begging her, at most it is an occasional plot. !"

"Secondly, the so-called strong dragon does not crush the ground snake. I just killed the Su family. If I kill the Zhang family alone at this time, it will definitely lead to the dangers of all the forces in the royal city. When the time comes, they will join together. Hand to deal with me, even if I can win, it will definitely be a tragic victory. The price paid is unbearable. Instead of this, it is better to give in and take a while. I

use Qiu Meng's military support to show weakness and show my lack of confidence. In this case, even if the Zhang family is destroyed, no one will think how strong, on the contrary, I feel that I am inferior to the Zhang family, look down upon me, and no longer look like a big enemy!"

Fang Yue's voice fell.

Step by step.

Sima Zhonglie's heart was cold.

Who would have expected such a delicate kid to have such an exquisite calculation.

Fortunately, he was in the right position. Otherwise, the Sima family would definitely not be able to protect him.

"My business is finished, let's talk about you! Why didn't you Sima Zhonglie agree to Zhang Yuan's request? Stand up and deal with me?"

Fang Yue looked at Sima Zhonglie.

This is also a wonderful person.

He was new to Sima Zhonglie and he was not yet familiar with this Sima Zhonglie, so Sima Zhonglie chose him!

Sima Zhonglie pondered for a moment before he said: "The son is a talented person, he is generous, and has the power of dragons and tigers. I am impressed..."

"speak English!"

Fang Yue had no expression on his face. Although he liked that others slapped him, Sima Zhonglie's flattery was too fake.

Sima Zhonglie couldn't help practicing asceticism: "If I said, I'm gambling, do you believe me?"

"What are you betting on?"

Fang Yue looked at Sima Zhonglie and couldn't help asking with curiosity.

"Betting that our Sima family still has a silver lining!"

"Actually, I have already seen through this element of mind. No matter whether the son is strong or weak, if I rashly deal with the son, there will be no good end in the end. If I lose, the Su family will be a lesson from the past, and the whole family will be wiped out. I can't even keep a seed! If I win, things will get worse. I killed the son. For the sake of glory, this Galaxy Star Alliance will send someone to track down and kill me, and I will be slain, so as to impersonate you! So I follow Zhang Yuan's bewilderment not only didn't get any benefit, but it was a dead end anyway, and the family was completely destroyed.

That's why I chose to be a whistleblower, hoping to stand on the side of the son and take a chance for the Sima family. "

Sima Zhonglie's words are sincere, expressing the difficulties and difficulties he is in.

Fang Yue also smiled slightly.

"Sure enough, Sima Zhonglie is a wonderful person who knows how to advance and retreat, knows how to choose, and is not deceived by the immediate interests! Since you have taken refuge in me at this time, no matter what the reason is, you will be giving charcoal in the snow! At that time, as long as my palace does not. On the contrary, there will naturally be a benefit for you!"

Fang Yue accepted Sima Zhonglie's refuge.

This is certainly not how loyal Fang Yue thought this Sima Zhonglie was, and fell under the shock of his tiger body.

But this Sima Zhonglie is a role model, who can just use a thousand catties to buy bones.

Fang Yue is not a bloodthirsty person, if he is really sincere and can't get along with him, of course he won't be merciful.

But all the forces in this royal city cannot be completely wiped out. He needs to win a group, suppress a group, and divide a group!

This is the standard political skill of Chinese people.

Being an official is not brutal, you must know tricks and methods.

the next day.

The entire Tiandu Wangcheng was shocked.

Zhang Jiayu's attempt to murder the Platinum Seed of the Galaxy Star Alliance and the Helen Star Special Commander-in-Chief Fang Yue was discovered and reported to the Star Controls Qiu Meng case.

After a thorough investigation overnight, it was true that the Zhang family destroyed the clan, the whole clan, old and young, a total of 57,862 people, all beheaded, and no one survived.

All properties of the Zhang family belong to Fang Yue and dispose of them at will.

Qiu Meng sent a five-thousand guard to protect Fang Yue to protect Fang Yue Zhouquan. It is said that there are ten strong leaders in this guard who have followed Master Qiu Meng in killing and fighting for hundreds of years. All of them are exquisite and superb. Together, even the saint can hardly hurt Fang Yue's hair.

On the same day, Sima Zhonglie officially announced his allegiance to Fang Yue, and he was willing to lead the Sima family to protect Fang Yue. Fang Yue gave a pill to reward the Sima family for his loyalty. Sima Zhonglie took the pill and immediately broke through the bottleneck. One step!

The entire royal city shook!

Some thoughts that were still in motion before became quiet immediately!

Whether it is the extermination of the Zhang family or the guard given by Master Qiu Meng to Fang Yueqin, it represents a major change in this royal city. Perhaps, this royal city will no longer be the one they imagined in the future!

In the first palace, Fang Yue and Li Yuanjie, the guard leader sent by Master Qiu Meng, stared with big eyes in the study.

"I see here that I need to think quietly, what are you doing with me?"

"Master Qiu Meng said, I am the leader of the personal guards. If something happens to you, I will definitely ask me! I don't care about your life or death, but I care about Master Qiu Meng's opinion of me!"

Li Yuanjie seemed to be a second stunner, and had followed Fang Yue from the day he arrived.

Follow your meal and sleep!

Even Li Yuanjie, who wants to read the book well, followed!

This Master Qiu Meng is really kind to him!

Surprisingly good!

Good Fang Yue gritted his teeth, wanting to kill this Lord Qiu Meng!

Contrary to the rumors, the number of guards arranged by Qiu Meng for Fang Yue is a full 50,000 people. Among them, the leader Li Yuanjie is a strong man in the saint state, and he has fifty strong leaders in the master state. In addition, under his command is the commander of the three thousand Yin and Yang realms, and the most ordinary guards remaining are masters in the rotation realm.

Of course these people were not personal guards for Fang Yue.

Not to mention Fang Yue, a platinum seed at the rotation level, even a diamond seed at the yin and yang level does not have this treatment!

"I said, if we are not married to each other, can you keep a distance from me? You are also a strong man in the sage state. What is it like to follow me every day? You have a career, a dream, and a pursuit. , Although I am excellent and I have unlimited potential, I am not going to make you follow so recklessly!"

Fang Yue kept thinking about Li Yuanjie, saying good things and bad things too, but they are just oil, salt, sauce and vinegar, and they don't enter anything!

She follows Fang Yue every day, doing her own way.

Chapter 1372 The origin of the first palace

Fang Yue was arguing with Li Yuanjie in the palace.

Another clone of him has appeared in a house in the royal city!

No way, we don't have anything else, just a lot of clones.

Fang Yue's clone is an evolution of spiritual energy, and it only condensed it after spending a full 300,000 spiritual stones!

This aura clone needs a huge amount of aura, especially Fang Yue's aura clone is the first-level clone of the Yin-Yang realm, and the energy contained in it is especially huge!

There were two figures beside Fang Yue, one was Drucker and the other was Sima Zhonglie.

"Is there anything special about the name of the first palace? Why is it called the first palace? Are there any ancient ruins and treasures below?"

Fang Yue gave full play to his imagination and opened his mind, imagining the origin of this palace.

And Drucker directly poured cold water: "This first palace was indeed the residence of a King Helen, and that king finally reached the level of the Great Sacred Realm, but it is a pity that When the king left, he took away all the treasures and valuables in the mansion, but left the guardian formation to protect the mansion!"

"How do you know this first palace so well?"

Fang Yue looked at Drucker in surprise, he really just asked casually just now, but he didn't expect that Drucker's mouth was really predictable.

"Because I am the owner of the first palace!"

Drucker looked at Fang Yue blankly.

"amount!"

Fang Yue was speechless for a while, but in this case everything would be linked together!

It's no wonder that Drucker's clone will descend on this remote Helen star.

It turns out that this is simply their home, their home base!

"Are you Duke Drucker?"

Sima Zhonglie heard this and finally confirmed the identity of the person in front of him.

The first master of the First Palace, Duke Peter Drucker!

He is a legendary character on the planet Helen, and many people regard him as an idol they worship.

Sima Zhonglie had seen Peter Drucker's biography in his youth.

But isn't this Peter Drucker the patron saint of the Su family?

The mystery about the rise of the Su family may be a big secret in the eyes of other families.

But for old princes like them, this matter is not a secret at all.

The secret Sima Zhonglie knew was far beyond the imagination of others.

In this royal city, the real masters were their old nobles, not the kind of monsters, ghosts and snakes who shouted five and six.

"Yes!"

Drucker generously admitted his identity, anyway, he and Sima Zhonglie will be allies from now on.

It is not a big deal to let the other party know who you are.

"Sima Zhonglie, met Lord Peter Drucker!"

Sima Zhonglie bowed slightly, being extremely respectful and polite to this old noble senior!

"Easy to say, easy to say!"

Drucker helped Sima Zhonglie up, and the two were completely in love with each other.

Fang Yue said with a smile: "Don't be polite, you two. Who can tell what Qiu Meng's calculations are and why he suddenly sent troops to be stationed in the First Palace at this time."

Fang Yue was puzzled. As for the official said to protect him, Fang Yue felt that this was pure nonsense!

Protect him?

As for Qiu Meng to send such a powerful army?

If there is a conspiracy, there must be a conspiracy.

"Master Qiu Meng's thoughts are unpredictable. Otherwise, when she conquered the planet Helen, we wouldn't have lost so badly. If we hadn't seen the wind and saw the situation wrong, we surrendered quickly. Galaxy Star Alliance, I'm afraid now the grass on the graves of our old earls is one foot tall!"

Sima Zhonglie said half-jokingly.

"Forget it, since I don't know it clearly, then don't think about it. Anyway, I don't intend to show too much ambition on this planet Helen! My real goal is to support my home planet Earth, the resources of this planet Helen. , The more I take in, the faster my home planet Earth will develop!"

Fang Yue's purpose is quite clear, he and the earth are really grasshoppers tied to a rope.

Now he has opened up many ways for the earth to communicate with the universe, but these alone are not enough to meet the rapid development of the earth, only enough resources are injected into the earth, the earth can follow Fang Yue The set direction grew rapidly.

Now that the Ten Thousand Worlds Universe has shown a turbulent posture, this chaotic era is about to come.

Those old antiques on the earth must be alive one by one, but I don't know what medicine they sell in the gourd. They have already reached this time and haven't jumped out.

This is the responsibility of the earth's rapid recovery, only Fang Yue's generation will resist.

Fang Yue has no regrets about these.

My hometown, I feel distressed.

This Galaxy Star Alliance gave him the status of the commander-in-chief of the planet Helen. The intention was to let him retreat from difficulties, but he did not expect to give him a chance to make the earth rise and make a fortune!

"The next plan is to allow people from my home planet to immigrate to this planet of Helen. The soil on this planet of Helen is fertile and contains a lot of aura. The vegetable and rice planted in it are also rich

in aura. , If these Linggu spirit vegetables are used as daily food, their physique will definitely be improved quickly and more suitable for spiritual practice! In addition, they can also bring some unique things from my home planet to Helen planet Come up, earn some spirit stones to subsidize the earth's relatively scarce spirit stone resources!"

Fang Yue didn't say that he was confident, but he already had his own ideas for every step of the plan.

He will not directly give the people of the earth too many resources, because in this way, they will breed the idea that they get nothing for nothing. Doing so will not only not benefit the people of the earth, but will harm them.

Fang Yue is just preparing to give the people of the earth some opportunities to rise, and can use his own hands to struggle and obtain more spiritual resources, so that the earth can rise at a faster speed.

"Have all the Su's shops that were found before have been replaced?"

Fang Yue asked Sima Zhonglie. Sima Zhonglie knew everything in the entire Heavenly Capital City.

Over the years, he has already planted countless eyes and ears of his own in the Heavenly Capital City.

As long as his mind moves a little, there will be far more constant news!

"All the shops have been emptied. Chen Wenqing is considered an old man in the City of Heavenly Capital. Although he doesn't show the mountains and leaks, he has a deep mind. If he uses it well, he is definitely a good knife. !"

Sima Zhonglie understood that Fang Yue's inquiry about his Su family's store was also investigating the power of the Sima family's penetration in the Heavenly Capital City, and also inquiring about Chen Wenqing's details and origin!

Fang Yue is not a person who is good at trusting others.

This Chen Wenqing took refuge in him, and Fang Yue did not treat him badly, but Fang Yue always had some doubts in his heart about Chen Wenqing's loyalty.

"Yeah! That's fine. These shops help me. Who dares to make trouble unreasonably in the future and help me suppress all of them? If you encounter tricky ones that can't be offended, you can tell me directly. I naturally have a solution!

Fang Yue told Sima Zhonglie.

This Sima Zhonglie and Drucker are the two chess pieces in Fang Yue's hands, one in the light and the other in the dark, so as to ensure that the people on earth can take root smoothly in the heavenly capital city!

About three days later.

Some gadgets suddenly flooded into the market in Tiandu Wangcheng.

These gadgets are extremely delicate, all of which are extremely practical daily necessities, such as soap, toothpaste, and perfume!

Practitioners, it is difficult to achieve a state of dust and dirt and otherworldliness without reaching the level of the world.

They are still mortals and need to eat and bathe.

However, in the civilization of this practitioner, the way of bathing is still extremely backward, that is, bathing with clean water and then finding someone to take a bath.

The influx of daily necessities is a great improvement to the daily life of the people in the heavenly capital.

Soap, they can wash their body with fragrance, clean and delicate skin!

Toothpaste, on the other hand, has cured the problem of bad breath. There will be no more garlic, leeks, and other messy flavors when kissing!

And the prices of these things are extremely cheap.

Soap, you only need one spiritual stone to buy five!

And toothpaste, a piece of Lingshi can buy three boxes!

These things are durable, a piece of soap can be used for three months, and a box of toothpaste can be used for two months.

Lingshi is a hard currency in the eyes of the people of the Heavenly Capital City, but it is not very powerful in terms of purchasing power.

A piece of low-grade spirit stone, in the eyes of the people of the Heavenly Capital City, the purchasing power is equivalent to one hundred dollars in the eyes of the people of the earth.

This is not the case in the eyes of the earth traders who have been emigrated.

This spiritual stone is such a precious thing!

It can assist them in their cultivation, improve their realm, prolong their lives, and look young. Although the reserves of spiritual stones on the earth are not scarce, most of them are in the hands of major forces as a resource reserve.

The ordinary merchants can see very few spirit stones.

It costs about 800 to 1,000 yuan to buy a low-grade spirit stone on the black market.

And here, a few boxes of toothpaste and a few pieces of soap can be exchanged for lower-grade spirit stones. This is simply a pie in the sky!

This one is willing to sell and the other is willing to buy.

The sales of these three daily necessities soon spread across the entire Tiandu Wangcheng.

Even people from other cities are willing to come to the Heavenly Capital City to buy these daily necessities!

The shop of the Su family once suddenly changed from the cold green of the door to the hottest place!

Pieces of spiritual stones fell into the pockets of these earth merchants.

Although every business is not very big, it wins in the long flow and the flow of customers is huge.

### **Chapter 1373: Zhang Changkong's request**

Every day, there will be at least one hundred thousand spiritual stones to two hundred thousand spiritual stones.

This is what keeps those businessmen busy, and it is a real pleasure to earn!

In the first palace.

Li Yuanjie's rare one did not follow Fang Yue's side.

She came to an empty room, took out an incense burner, burned incense and recited sutras.

In a moment, the cigarette curled out of the incense burner took shape.

The change became the appearance of Qiu Meng, lifelike.

"Master, the subordinate is incompetent, unable to stare at Fang Yue. Let him out of the subordinate's field of vision, and ask the lord to condemn him!"

Li Yuanjie's voice was extremely depressed.

She originally thought that it should be a piece of cake to stare at the seeds of a small rotation-level Galactic Alliance with her saint's cultivation base.

But this Fang Yue was actually moving under her eyelids, making her unable to touch the opponent's heels at all.

Even Fang Yue established a teleportation formation during this period of time, allowing a thousand earthlings to come to the planet Helen. Among them, 800 were young geniuses of the earth. They were talented in cultivation and were placed in the palace to take advantage of them. There are two hundred people who are practicing in the spiritual environment of the earth. With the help of the shops left by the Su family, they can sell the daily necessities made by the earth people everywhere!

"You don't blame you for this thing! If Fang Yue is really so easy to be stared at, the Su family will not be so easy to be killed by Fang Yue! He is a cunning little fox, and he is also of the platinum level of the Galaxy Alliance. Seed! It is not so easy to deal with him!"

Qiu Meng spoke slowly.

She had a high evaluation of Fang Yue, and this Qiu Meng seemed to be an extremely understanding of Fang Yue, otherwise it would be impossible to say such a thing!

"What Fang Yue does has nothing to do with our plan! Originally, I wanted to use him as my bait, let the conservative old guys attack him, and then take the opportunity to plant them on the planet Helen. All

the people and horses are caught in one go, but now it seems that this matter needs to be considered for a long time!"

Qiu Meng sighed slightly.

I want to change my previous plan.

For Fang Yue, she actually didn't take it very seriously.

This monkey that can jump can not escape the palm of the Buddha.

But behind Fang Yue are Ye Wushuang and Alice from the Galaxy Alliance, both of whom are well-known missions in the Galaxy Alliance.

If they borrowed the power of the lower Yue, the two people might not be able to say anything, but if Fang Yue is commanded hard, then she may cause a lot of unnecessary trouble!

For Fang Yue, he can only be soft, and the higher the status, the more he knows the terrifying depth of this Galaxy Star Alliance.

Ye Wushuang does not just represent him as a lonely saint, there is also a faction behind him, a faction that is so powerful that it is suffocating!

"Fang Yue will ignore him for the time being. As long as he doesn't interfere with the plan we have set, in fact, we and Fang Yue will be able to stay out of the river."

Qiu Meng Fang Yue showed great tolerance.

There is no way because it is not tolerant.

The big man behind Fang Yue, she didn't dare to provoke and couldn't afford it.

The water in the Milky Way Star Alliance is too deep, and the reason why she chose to release it to this star field where birds do not \*\*\*\* thousands of years ago, the real purpose is to avoid right and wrong in the Milky Way Star Alliance.

Commodity fires.

Fang Yue's plan has completed the first step. He wants the earthlings to gain a foothold on the planet Helen, that is, he needs to let the natives of the planet Helen know that the goods of the earthlings are valuable and beneficial to them.

As for the income of Lingshi, Fang Yue didn't care. He received 10% of the channel fee and the rest of the Lingshi was given to merchants from the earth.

They are the first ones who dare to eat crabs, and there is nothing to earn more!

The most important thing is to pave the way for people on earth.

Five days later, an unsuspecting guest came to the First Palace.

He came to visit, but his face was full of jealous expressions.

"Zhang Changkong pays homage to Commander Fang Yue!"

Zhang Changkong stood at the door of the First Palace and spoke aloud.

His voice was clear and clear, and it spread throughout the entire first palace in an instant.

"Zhang Changkong? There doesn't seem to be such a person in this Helen Star, right!"

Fang Yue flipped through the information about the masters in Helen Star specially compiled for him by Chen Wenqing.

There is no Zhang Changkong's entire name!

"I am indeed not from the Helen Star, but I have a connection with the Zhang family. I was an orphan before, and I was helpless. Later, the people of the Zhang family showed kindness and adopted me and brought me up. At the age of eighteen, I was sent to Bai Yugu, one of the three taboo places on Hailun Xing, to learn art. After 50 years, I returned from my studies and wanted to repay the Zhang family, but I didn't expect that the Zhang family had been razed to the ground because of you! "

Zhang Changkong's eyes were red, and Fang Yue could see a trace of grief and anger.

Fang Yue immediately understood that this was still a trap by those Helen star who wanted to put him to death.

It turned out that Zhang Yuan jumped out and it was arranged by them. When the Zhang family was destroyed, the sky would be called out to deal with Fang Yue.

This long sky cultivation base is naturally not as powerful as Fang Yue, but once he dies, he will definitely annoy the people of Bai Yugu.

Baiyu Valley is one of the three taboo places in the entire Helen Star.

His strength is unfathomable, even if he is overbearing and powerful, such as Qiu Meng, he will detour when conquering the planet Helen.

Rumor has it that there is more than one powerful man of the Great Sage in the three forbidden places!

These conspiracies are interlocking, and every move will kill.

Such a delicate calculation really made Fang Yue amazed.

But knowing the other party's plan did not prevent Fang Yue from dealing with Zhang Changkong.

"Zhang Changkong, what do you want? Kill me and avenge the Zhang family?"

Fang Yue was not afraid of the so-called White Jade Valley.

What can you do with a strong man in the Great Holy Realm? Have the ability to jump out and kill me!

Since Bai Yugu chose to forbearance when Qiu Meng invaded Helen Star, then this time, Bai Yugu would not go to war after Fang Yue killed Zhang Changkong.

Unless, there are other conditions to trigger.

Otherwise, even if this sky is dead, it will be dead in vain.

"I have investigated this matter. The fault lies with Zhang's family, not with you. If it weren't for Zhang Yuan to persuade the various forces to deal with you, he would be so profitable and heed the words of Jiuyinghou, it would not cause you to report the matter to Qiu. Dream, let her send troops to strangle the Zhang family!"

Unexpectedly, this sky is not a silly roe deer who listens to wind and rain. On the contrary, he is wiser than most people think.

However, Zhang Changkong's wisdom also stopped here.

"Although the Zhang family did something wrong in this matter, but the kindness of raising is nothing in return, Fang Yue, I must initiate a life and death duel against you, even if I die in the ring, I won't regret it!"

Zhang Changkong straightened his waist, as straight as a gun.

A pair of eyes glowed with desire!

"I am a cultivator at the rotation level, and you are also a cultivator at the rotation level, and you are also the seed of the platinum level in the galaxy alliance, you shouldn't be shy!"

Zhang Changkong's words are very embarrassing.

If Fang Yue refuses, it is tantamount to blacking out the Galaxy Star Alliance!

The platinum-level seeds cultivated by the Galaxy Alliance are already the top existence in the same realm in the Galaxy Alliance.

If Fang Yue refuses, it is equivalent to saying that the top seeds cultivated by the Galaxy Alliance are not as powerful as Helen Star, a disciple cultivated by such a power that colonizes the planet!

"If you say so, then I will fulfill you!"

Fang Yue didn't hesitate, and stepped directly out of the hall.

His current battle represents the honor of the Galaxy Alliance.

Li Yuanjie also didn't know it, and the ghost appeared in the battlefield of the palace.

Regarding Fang Yue's escape from Jin Chan before, it was clear that he was still able to escape even when he was watching closely.

This time, she wanted to see what kind of ability Fang Yue had, and whether she could still perform astonishing dramas like before.

In the fighting arena, a lot of spectators from all sides came.

In order to ensure that he could have a fair duel with Fang Yue, Zhang Changkong had arranged a back hand. As a disciple of Bai Yugu, he invited representatives of various forces to watch the battle.

And Fang Yue didn't have much resistance to the arrival of these representatives.

After all, what should come is still coming!

I wanted to pretend to be a pig and eat a tiger for a period of time to show the enemy's weakness and give the people of the earth a period of peaceful development. It seems that the plan cannot succeed.

However, Fang Yue didn't have the slightest fear for the upcoming ring match, but had a trace of expectation in his heart.

Don't you want to see my real strength?

Okay, then I will let you take a closer look, I hope you don't get scared and get down!

Fang Yue rubbed his fists and stepped onto the ring. At this moment, Fang Yue was covered with a thick layer of armor.

This armor wrapped Fang Yue's whole body like a tortoise shell. It was airtight, which made Fang Yue look like a steel warrior.

"Shameless!"

"shameless!"

"Unexpectedly, the so-called platinum-level rotation seed in the Galaxy Star Alliance is actually such a thing!"

Various voices came from the stands, and their hostility towards Fang Yue was quite obvious.

All of them standing by were the indigenous forces in the Heavenly Capital City. These forces were more tyrannical than one, and they didn't even look at Fang Yue.

What is the Su family?

What is the Zhang family?

Didn't they even count as a knighthood as the root of Zhengmiaohong in the royal city of this day?

Not counting!

And this Fang Yue has the ability to play awe-inspiring on those small forces. He really met a big force, he must be in seconds!

Moreover, their camps are innately opposed.

The benefits of the capital city are so much today. If you divide a part of it, we must cut the meat!

As soon as Fang Yuegang came to the stage, the spectators in the audience were yelled at by the same enemies.

And Fang Yue took out a small notebook very professionally, and then wrote down the names of all the people who rejected, yelled, and ridiculed him and the forces behind them.

There are a large number of adults, which is obviously not Fang Yue's style.

Only the blemish must be reported, and it is our Fang Yue's real idea to make you regret it!

Fang Yue's move shocked the spectators in the audience.

What is Fang Yue doing?

Don't you want to fight? What are you writing in a notebook?

### **Chapter 1374: Duel**

Is it to write a suicide note?

All of them are Lenovo.

Exerting their imagination.

The only one of them is that no one is guessing, this Fang Yue is taking down their names and the forces behind them, and after the things in front of them are over, they will retaliate one by one!

This is because the forces represented by these people present almost include all the forces with names and surnames in the capital city.

You still want all revenge.

Could it be that you are preparing to be an enemy of all the forces in the entire Heavenly Capital City?

Soon, Fang Yue put away his little notebook, because he had recorded all the names accurately.

The next step is to fight Zhang Changkong!

It's really nervous, so excited, so excited!

Then Zhang Changkong appeared on the stage, wearing a white robe with a three-foot long sword at his waist.

He is handsome, with fluttering clothes, like a peerless sword fairy, descending to the world!

The images of Zhang Changkong and Fang Yue formed a sharp contrast.

One is a peerless sword fairy, and the other seems to be a tortoise in a metal shell!

Haven't played the competition, the two people's rivalry is the verdict!

"Bai Yugu, Zhang Changkong!"

Even if Zhang Changkong harbors endless hatred, he still looks personable.

"Galaxy Star Alliance, Fang Yue!"

Through the heavy armor, Fang Yue's voice became screaming!

"It's really embarrassing to be thrown home!"

In the audience, how could Alice's figure be captured.

But when Alice saw Fang Yue's costume on the ring, she immediately had the urge to cover her face and leave.

What a shame!

Fang Yue's contest this time represents the Galaxy Star Alliance, how could he do this!

Alice even wondered whether it was right or wrong to recruit Fang Yue into the Galaxy Star Alliance.

Because Fang Yue's performance in Hailun Xing was not as good as she intended.

The cultivator should be brave and diligent. With Fang Yue's strength and the strength in his hands, for the Su Family, a force like the Zhang Family should be overwhelmed and fair. Only this is in line with her temper.

But what about Fang Yue?

After all the conspiracy and the organs were exhausted, the Su family and Zhang family were ransacked.

Even when the Zhang family was wiped out, Fang Yue did not hesitate to face and asked Qiu Meng to do it!

Is this the incompetence of the person recommended by her Alice?

Even a small Zhang family can't win it smoothly.

As for Zhang Changkong, there is even an ant. What is the power behind him?

Bai Yugu?

I have never heard of it. In Alice's concept, the power she has not heard of should not be a big power.

Such a guy, after he is killed, he still competes in martial arts.

Since Alice started her practice, the most annoying thing is to calculate people secretly!

And Fang Yue's style of pretending to be a pig and eating a tiger is not her style.

Fighting, if you don't pleasing to your eyes, forget it with a single hack. If I can't kill you, you will kill me!

It was this kind of character that caused Alice to reach such a level of cultivation, and her position in the Galaxy Star League was still a vanguard captain.

Those seats that hold great power will always pass her by.

"This Fang Yue is ready to use a knife!"

Ye Wushuang didn't know when he quietly appeared beside Alice.

"My lord, why are you here too?"

In front of Ye Wushuang, Alice still maintained full respect.

"Don't worry about you and Fang Yue! Take a break and take a look! Fang Yue, this kid, looks very honest, but he actually caused me trouble!"

Ye Wushuang said slightly displeased.

"He actually opened the plane channel between the earth and the planet Helen privately. This is simply not allowed. The planet Helen has not been completely conquered, and it is not a complete territory of the Galaxy Alliance. Once they are released from the planet Helen. Going out is likely to cause large-scale revenge on the Galaxy Star Alliance! However, fortunately, Fang Yue still completely grasped the control of this face channel in his own hands, but let the earthlings descend into Helen Star. Let the Helen Stars leave here. Otherwise, the catastrophe caused by Fang Yue will touch certain taboo areas of the Galaxy Alliance. Even if he is a platinum-level seed of the Galaxy Alliance, he will be severely punished. More likely, our old opponents will use this opportunity to attack Fang Yue and reduce his seed level to the gold level!"

If it hadn't been for Fang Yue to open the plane channel privately, Ye Wushuang wouldn't rush over.

After all, he is a great sage, a pivotal existence in the Galaxy Star Alliance. Although he is optimistic about Fang Yue, it is impossible to go around Fang Yue all day and serve as a bodyguard for Fang Yue!

Ye Wushuang's words made Alice even more surprised.

"Does this Fang Yue still have this kind of ability? He can even open up a plane channel. As far as I know, Fang Yue's hometown should be on the earth! The distance between this earth and Helen star can be said to be extremely far away, almost Across a galaxy, the farther the distance is, the more difficult it is to open a plane channel. Being able to cross a plane channel of the galaxy, this Fang Yue's understanding of the space and heaven is probably already extremely deep. At least the fifth level!"

The fifth level of heavenly attainments.

This is already comparable to most of the saint-level powerhouses in the Galaxy Star Alliance in terms of Taoism!

"Huh, if it wasn't for this stinky boy who has such talent, I wouldn't bother to care about him, come over and wipe his butt! This time Zhang Changkong and Fang Yue competed with each other, and there were some people in the Galaxy Star Alliance. I didn't expect this Helen Star is so complicated, the undercurrents in it are turbulent, and even some of the veteran forces in the Galaxy Star Alliance have participated! Their main goal is to target Qiu Meng, but the appearance of Fang Yue also disrupted their presence in Helen Star. The layout in China! So Fang Yue was also targeted, and it is very likely that he will become a victim of the confrontation between the two forces!"

Ye Wushuang's face was stern, he said he didn't like Fang Yue, that was fake.

Otherwise, he wouldn't be able to abandon all the things at hand and hurriedly come to watch the battle in Helen Star!

"Then this sky is to kill or not to kill?"

The smile on Alice's face also gradually faded.

Unexpectedly, Fang Yue encountered such a thing when he first came to the Galaxy Star Alliance.

Fang Yue was already miserable enough to be sent to Helen Star.

If this is something that mortals suffer when encountering a fight with gods, then Fang Yue is really unfortunate!

"Whether it's Zhang Changkong's life or death, Fang Yue will encounter calculations in the end. Those old things have lost their eyelashes one by one. It's a complete plan. If you want to kill Fang Yue, you can't leave it to him. Any retreat!"

Ye Wushuang stayed in the Galaxy Star Alliance for too long, and he knew the old things too well.

They did not show up one by one, and they were all spoiled secretly.

"Fang Yue destroyed the Su family, which was tantamount to breaking their financial path, and let Qiu Meng destroy the Zhang family, but broke their minions. Fang Yue did this. Those who are careful not to retaliate will have ghosts. Yeah! The best way now is to let Fang Yue act carefully!"

Ye Wushuang looked at Fang Yue on the ring with clear eyes.

It seems that Fang Yue already understands the current situation!

Otherwise, he would have killed Zhang Changkong long ago, and he would not wait until now standing on the ring like a clown!

If Fang Yue was here, he would definitely sigh.

It turned out to sigh, it turns out that the person who knows me best in this world turned out to be you, Ye Wushuang!

They want to force me to use my real strength, I don't!

Fang Yue felt that he was an extremely stubborn boy, and he would never play cards according to the other party's expected routine.

You are my enemy, why should I listen to you?

Fang Yue stood on the ring, letting Zhang Changkong take a shot.

When Zhang Changkong started, the extremely gentleman was still humbly, let Fang Yue take the first shot. But Fang Yue just refused, helpless, Zhang Changkong had to stab his long sword.

Zhang Changkong's first sword moves were the simplest and purest sword moves, which contained no skills.

This level of moves can be accurately grasped by apprentices who have just learned to use swords.

But Fang Yue was in the ring with Zhang Changkong to appreciate how mysterious this sword style was.

The sword style of every move has been cultivated by him to the point of returning to the basics, and every shot is exquisite!

This seems to have not come from the hands of a practitioner in the rotation realm, but a senior swordsman. His every move and every style contains thousands of changes, and the traces of the law are extremely obvious.

Ruo clumsy.

Back to Basics.

Every sword move in this long sky is full of murderous intent. If Fang Yue is careless, he will be hit by Zhang Changkong's sword move.

This battle was obviously extremely dangerous, but to outsiders it seemed to be a contest of children.

Fang Yue's heart immediately felt vigilant, and there were other deep meanings in this comparison between the sky and his own.

If you really lose, or even just be injured by Zhang Changkong's sword attack, it proves that he is the seed of the platinum-level rotation realm of the Galaxy Covenant, and the Galaxy Covenant has no eyes.

This represents damage to the reputation of the Galactic Alliance.

The implications are deeper than he thought.

However, this Zhang Kong's mastery of swordsmanship is too high, it is not like the achievement of a beginner junior, even if Zhang Changkong's talent is amazing, it is a rare sword body. However, according to normal principles, this sword technique in the sky will not be as superb as the one in front of you!

Split horizontally, cut vertically, pick diagonally.

Every move seems to be a mess.

This is an antelope hanging horn, with no traces, elusive, but it also contains thousands of swordsmanship!

"Fang Yue, use your true skills! Otherwise, you will never survive under my sword. My sword is the inheritance of Bai Yugu! It is impossible to encounter among the same generation opponent!"

The proud breath of Zhang Changkong's body burst out.

The light in his eyes grew deeper and deeper.

There is also a trace of faint years in that depth.

And Fang Yue's eyes freeze, just to capture the traces of the vicissitudes of time.

### **Chapter 1375: Picture poor see**

"I understand, this Zhang Changkong is not a younger generation of practitioners at all. He is very likely a saint reincarnated or his body is still his, but the soul in this has been changed to someone else's, otherwise If this is the case, the age of this sky should not be more than two hundred years old, and he would never have such a profound experience in swordsmanship, and the vicissitudes of time in his eyes would never be owned by anyone who has not lived for more than a thousand years. !"

Fang Yue's heart stopped beating for a moment. It turned out that this time the opponent's arrangement was not only in terms of the consequences of defeating Zhang Changkong, but the sky itself was also a trick against him.

In order to treat me as a small practitioner in the cycle, are those people worthy of such deliberation?

Fang Yue felt slightly wronged in his heart.

At the same time, when Fang Yue was distracted and thinking, Zhang Changkong's sword fell from the sky like a flying fairy from the sky, turned into a thunder and lightning, and fell on Fang Yue's forehead.

Seeing this, the sword light in the sky was about to pierce Fang Yue's eyebrows.

Fang Yue caught a touch of murderous intent on Zhang Changkong's face.

See the poor picture.

Jianmang hesitated.

This sword light is definitely not something that can be displayed at the level of the rotation realm.

On Zhang Changkong's body, Fang Yue smelled a familiar breath.

This is the breath of the lower power.

They really value themselves. Not only did they send out Zhang Changkong who is comparable to a saint-level powerhouse in terms of experience, but they also contained a drop of precious lower power in his body. They could use this at critical moments. The next supernatural power dealt a fatal blow to him.

These links are intertwined, if you change another person, I am afraid you will die on the spot.

Chong.

An empty, loud voice appeared on Fang Yue's armor.

This sword in the sky did not have the slightest damage caused by the armor on the opponent Yue at all.

The experience of the saint state, the force of the Yin-Yang state.

Even if it is a magic weapon at the master realm level, it is impossible for it to burst out such a terrifying defense without the master's full urging.

There seems to be only one explanation for the scene in front of him, that is, the armor on Fang Yue's body must be a saint-level armor, and the lowest level is also a half-step saint-level armor!

If Fang Yue really wears a saint-level armor, then he is already in a state of invincible invincibility, and this is still a piece of wool.

Just wipe your neck and kill yourself!

"Fang Yue, you are despicable! You and I fight a life-to-death duel, you actually legend a saint-level armored body!"

Zhang Changkong suddenly stopped the moves in his hand, and the three-foot long sword shattered every inch of his hand.

He used too much force just now, which has exceeded the limit that this long sword can withstand, and Fang Yue's armor is too amazing in terms of defensive power. Under the layers of counter shock, Zhang Changkong's sword, it couldn't withstand the back shock of this armor, and eventually the long sword shattered and turned into countless fragments, smashed, and fell to the ground.

Fang Yue looked at Zhang Changkong.

He sighed faintly: "This financial strength is also part of your strength! You were born in Baiyu Valley, but you are not willing to equip a disciple of Tianjiao like you with a set of saint-level artifacts. It's really stingy! Otherwise, you can take refuge in me! My Galaxy Star Alliance is extremely generous. A arrogant like you has combat experience in the Saint Realm at the rotation level. My Galaxy Star Alliance will definitely give you a set of weapons in the Saint Realm. With the armor, your strength will reach a higher level by then, and you will definitely be able to become a hegemon, a legend, and a rising arrogant among the Helen Star!"

Fang Yue praised Zhang Changkong.

On the surface, it looks like Fang Yue's admiration for Zhang Changkong.

In fact, he was ridiculing Bai Yugu for being too stingy, even refusing to equip the Tianjiao disciples with a set of saint-level artifacts.

But then I thought about it.

Not so!

That was a saint-level magic weapon, every piece was of invaluable value, and even the most powerful masters in the leader realm did not get a saint-level magic weapon.

What's more, a genius like Zhang Changkong who has not fully grown up yet?

It is Fang Yue who is too tyrant, that's why he has such a level of armor!

However, does this Galaxy Alliance treat seeds so well?

Just give out a set of saint-level armor, if that's the case, it's simply a matter of taking refuge in the Galaxy Star Alliance.

The group of poor fools who followed Helen star had no future.

Even the leaders themselves have not yet assembled a set of magical tools for the Saint Realm.

How can they reward their subordinates with such precious things?

For a moment, Fang Yue directly deceived the thoughts of the envoys in the audience.

They were clearly here to help Zhang Changkong, and they wanted to observe the true strength of Yixia Yue.

But none of these goals seems to have been achieved.

Zhang Changkong was defeated too fast, he was basically labeled a loser at the moment his sword was broken!

And Fang Yue's strength.

Damn it, we haven't seen it!

This guy didn't even make a single move, and he dodges after patronizing from beginning to end.

The last move was really unable to hide, and then used his armor to shatter Zhang Changkong's sword.

This, does Fang Yue's strength count as money?

This Fang Yue is really rich!

"In other words, Alice, are the seeds of the Galaxy Covenant already cultivated so much by the Galaxy Covenant? This Fang Yue is just a seed of the Rotation Realm level and gave him a set of Saint Realm level. I don't think I was treated like this when I was in the Saint Realm back then. Finally, when I reached the peak of the Saint Realm, I could fight invincible all over the world, and finally I had a set of Saint Realm level magic tools. I still use it now!"

Ye Wushuang was also stunned by the situation in front of him. He looked at Fang Yue with a different hot feeling in his eyes, as if he was going to fight the local tyrants and divide the fields, and he seemed to want to retreat to his youth. To become the seed of the Galaxy Star Alliance again, at least you can get a set of saint-level armor to wear!

Alice narrowed her mouth.

"Master Ye, don't tease the little ones, okay? You know Fang Yue's position in the Galaxy Star Alliance best! How could he be rewarded with a set of saint-level armors from the Galaxy Star Alliance? The Galaxy Star Alliance did promise Fang Yue a set of armored artifacts, but the armored artifacts are only at the Yin-Yang level, and they have not yet arrived!"

Alice awakens Ye Wushuang from the dream of rejuvenation.

This Galaxy Star Alliance is afraid that it will not release armored magic weapons of this level to the highest-level seeds!

"Oh, it's not from the Galaxy Alliance!"

Ye Wushuang wiped the saliva from his mouth and finally woke up completely from the dream dream he had just now!

"This Fang Yue is actually very popular in the Galaxy Alliance. He also has an inexplicable relationship with Galaxy Bank, and the VIP level of Fang Yue's account in Galaxy Bank has reached seven stars! In other words, His wealth even surpassed 90% of the powerful saints in the Galaxy Star Alliance! This armor may be obtained from the Galaxy Bank, and the relationship between Fang Yue and Wanxiang Pavilion is also good. When he was in Xinghua City, Fang Yue rented the storefront in Vientiane Pavilion to manage his own business! This kind of big deal, I am afraid that neither you nor I can get it out!"

After Alice's instruction, Ye Wushuang finally woke up.

Well, deduction of B will always be deduction of B, pointing to the Galaxy Star Alliance to send benefits, he can really make a fortune only after he is in the year of the monkey!

The audience was silent for a long time, and the messengers who came to the families seemed to have awakened.

They began to fight against Fang Yue continuously.

"Fang Yue, as a platinum-level seed of the dignified Galaxy Star Alliance, don't you dare to compete head-on with Zhang Changkong?"

"It turns out that the platinum-level seeds of the Galaxy Star Alliance are at this level. They are clearly named, and they are a brave courage. They only know that they are hiding under the hard armor to survive!"

Voices of various crusades kept coming.

Fang Yue narrowed his eyes, and then the corner of his gaze fell on Li Yuanjie who was watching the battle next to him.

This is aimed at the Galaxy Star Alliance!

But he has nothing to do with me, the master of the first palace, the commander-in-chief of Helen Star.

As long as the brain doesn't convulse, you can hear it.

The person behind this scene pointed the blade at the Galaxy Star Alliance!

At this moment, Li Yuanjie's face was green, and he did not expect that this incident was aimed at the owner.

And this Fang Yue was only used by the opponent to sacrifice the flag.

Fang Yue stood steadily on the ring, letting all kinds of provocative and insulting sounds from the audience.

At first, the envoys were more civilized, and at least they didn't spit out any dirty words.

But later they found that this civilized way of cursing the street was not very effective, just like cursing the street in Mandarin, there was always a very polite and soft taste.

Later, they simply tore their face, and the other party Yue even scolded the kind of words that your child has no X-eyed!

"Did you finish?"

Fang Yue looked at the messengers.

Suddenly, his voice came out, using the technique of Buddhist lion roar.

The surrounding space trembled.

Those messengers all suffered internal injuries of varying severity, and some even spurted blood directly.

They looked at Fang Yue with surprise and stunned eyes.

This guy seems to be somewhat different from the legendary strength!

Not to mention that the masters of this first palace have a name?

But our ability to become a representative of a force is at least the strength of the Yin-Yang realm.

He is so far away from us, and he uses a group attack like sonic wave. The attack direction is in all directions, and the energy is extremely scattered. It should not cause us the slightest harm!

But there is always a huge gap between reality and imagination.

The strength that Fang Yue showed was extremely astonishing.

All of them were severely injured, and all of them were listless, with declining energy and blood, just like patients who had recovered from a serious illness.

This kind of strength, this kind of means, at least the master-level combat power!

The rumors are really cheating!

Those envoys were cursing secretly in their hearts one by one, and they would have known that they would not wade through the muddy waters this time. They would be able to mix to the level of Yin and Yang, and they would be considered as decent people in this royal city.

It is not too difficult for them to find a place to enjoy the happiness or to dominate the party.

At this moment, in the sky, slices of white rune snowflakes fell one after another. These rune snowflakes fell on these messengers, and all the injuries they had just suffered from the sound wave were healed in an instant.

The snow in the sky is so holy!

### **Chapter 1376: Gathering of Heroes**

The corners of Fang Yue's mouth curled up slightly, and finally he said, "The Lord has finally arrived!"

"White Jade Valley!"

Li Yuanjie secretly squeezed the hilt of the sword around her waist, she had a taste of being ready to go.

This Bai Yugu has actually been fighting in secret with Master Qiu Meng for a long time. It's just that their way of fighting is relatively secret and has not been discovered by people.

In the beginning, Bai Yugu had more defeats and less victory. However, as time went on, Bai Yugu seemed to have been instilled by an inexplicable force, and its strength suddenly increased. It has gradually begun to tie with Master Qiu Meng in terms of victory and defeat. .

This time, they finally couldn't restrain the impulse in their hearts and began to attack Master Qiusha on the bright side?

And Fang Yue was the first target of the operation?

Originally, Li Yuanjie didn't care much about Fang Yue's life and death.

But this time the matter was about the battle between Master Qiu Meng and Bai Yugu, which was more serious.

Li Yuanjie's face was tight, she was ready to take action when necessary to help Fang Yue once.

However, at this time, a figure in white clothes like snow appeared in front of Li Yuanjie.

"Miss Li Yuanjie, right? I really admire it for a long time. Why don't we have tea and watch the show here?"

This snow-like figure in white turned out to be a woman, and this woman looked like a fairy from the heaven.

Her voice was ethereal and seemed to have a fairy-like charm.

Li Yuanjie's breath was suppressed by the white-clothed figure like snow, vaguely, there was a feeling of falling into the wind.

"Dare to do, who is your excellency?"

Li Yuanjie asked very nervously and vigilantly.

There seems to be no such number one person in the Bai Yugu information she has.

"One of the three taboo places of Helen Star, the disciple Luo Tiancheng of Boundless Sea."

The white-clothed snow-like woman reported herself to her home, as if she was not afraid of being approached by the Galaxy Star Alliance after the autumn afterwards!

"it is good!"

Li Yuanjie didn't dare to go to war with Luo Tiancheng, she had to sit down and drink tea with her.

This Luo Tiancheng was obviously looking for a reason to entangle Li Yuanjie, but her preparation work was done extremely well. She really took out a tea table, then put the precious fairy tea into the tea cup, and then The hot spring spring water was put into the tea cup, and the two of them drank tea in the auditorium, which became a very unique scenery.

Later, Ye Wushuang and Alice were also trapped.

The same is the powerhouse of the boundless sea.

Both of them faced the great sage of the boundless sea.

This kind of battle fully demonstrated the true background of this Helen Star native.

This time Fang Yue was completely planted!

The same thoughts were born in the hearts of those messengers.

The two great forbidden places of Boundless Sea and Baiyu Valley have joined forces to trap all Fang Yue's strong men who protect his way.

Today Fang Yue is definitely hard to sing alone.

His cultivation at the rotation level is able to defeat the Yin and Yang realm, and is even comparable to the master realm. However, there is no shortage of saints at these two taboo places. When the powerhouse of the saint realm attacks him, he is afraid that he will be beaten by others. Slap on the ground!

Fang Yue was not afraid, as if nothing had happened.

His expression was calm, as if he had already expected the scene before him.

"Fang Yue, do you still need external support to compete with my disciple in Bai Yugu?"

A majestic voice fell.

Immediately afterwards, a strong figure of a burly figure, wearing a golden armor in the Saint Realm came.

He is from Baiyugu.

When Zhang Changkong saw the big man, he respectfully held his fists and saluted: "The disciple Zhang Changkong has seen Master!"

This big man turned out to be Zhang Changkong's master.

When Fang Yue saw this big man, his eyebrows twitched slightly, "Master Zhang Changkong, Daoist Jin Guang! Long Yang Yang!"

"I have long heard that the Taoist Jin Guang of Bai Yugu is famous for being unreasonable and reckless. I didn't expect to see it today, it really is!"

Fang Yue spoke unscrupulously, even insulting the saint in front of him.

This made the messengers in the audience a cold sweat.

Is this Fang Yue crazy?

He even dared to provoke the saint.

What kind of status is this saint? His status and status are extremely noble!

If Fang Yue is humbled and confesses his mistake, maybe this Jinguang Taoist will leave him a whole body.

But if Fang Yue did this, with Daoist Jin Guang's temper, he might slap him to death.

But it is not the same as those envoys imagined.

This Jinguang Taoist was not really angry, but a faint light flashed in his eyes.

"Fang Yue's supernatural powers are indeed well-deserved! I have been in retreat in Baiyu Valley for three hundred years. Few people in the outside world know my existence. Even many of my old friends and opponents already think that I am in three hundred. I sat down years ago, but you recognized me at a glance! It's really amazing, amazing!"

Daoist Jin Guang praised Fang Yue, as if he was looking at the younger generation of his best friends.

Fang Yue clasped his fists: "Thank you for the praise of Taoist Jin Guang, but it is still too early to say this!"

Fang Yue's voice fell.

Taoist Jin Guang gave birth to a look of interest.

"In this way, do you have other arrangements besides knowing my identity?"

"Life and death are big, how can it be a trifling matter!"

Fang Yue said solemnly to Taoist Jin Guang.

Immediately afterwards, a blood-colored paper crane came from the sky and broke through the clouds.

When Taoist Jin Guang saw the blood-colored paper crane, his heart suddenly tightened.

Because this blood-colored paper crane often represents a major event that affects the survival of Baiyu Valley.

"Thousands of souls from other worlds came across the border. Thousands of undead soldiers stepped through Dongliang City. The defenders in the city were defeated. All the people were killed, and there was no life left!"

"This is your arrangement?"

At this moment, the Taoist people of Jin Guang no longer have the leisurely feelings of cat and mouse before.

There is only endless shock and anger in his heart!

This Dongliang city is his home.

It was a fief rewarded by the White Jade Valley, and the tax resources in this city would be used to improve his cultivation, which was his lifeblood.

But this time, his life was broken.

This Fang Yue sent someone to destroy his Dongliang City, and then slaughtered it all!

"Yes, you come to kill me, I cut your rear, it's a tie!"

Fang Yueluoluo confessed generously and said with confidence.

And Taoist Jin Guang was almost stunned by Fang Yue!

"Fang Yue, don't be too public, do you know what the fate and consequences of offending me are? My name is Taoist Jin Guang. This is actually because Bai Yugu was worried about my murderous aura, so I changed it. My previous name The title is a blood light Taoist, wherever he goes, where he kills, there is never a time when his hands are soft!"

Jin Guang Taoist Fang Yue showed fierce eyes!

Fang Yue didn't care about Taoist Jin Guang's expression.

It seems that Fang Yue is saying, come and kill me!

Come on, happy!

Fang Yue slowly took out a purple spar and placed it in front of Taoist Jin Guang.

"If you say that, I used to have a nickname that belongs to me! This nickname is Taoist Lei Guang, come, look, senior should be no stranger to this thing in my hands!"

Taoist Jin Guang glanced.

His hair exploded, and he was shocked.

He immediately stepped back three steps, and the fierce and evil aura on his body dissipated almost 50% in an instant!

It's not because the Taoist Jin Guang is timid, but the thing Fang Yue brought out is simply too scary!

What is this?

Purple Thunder Crystal!

Store the things of the saint Lei Jie!

Daoist Jin Guang's legs were shaking. Didn't he have never experienced the calamity of the saint's sage level, he died in nine deaths!

Even if he was extremely prepared back then, he had exhausted his hole cards one after another, and he had overcome the baptisms of thunder and tribulations with great difficulty and finally became a saint.

The saint Lei Jie is like a nightmare for every saint.

Even if this nightmare has passed for five hundred years, it occasionally appears in the mind of Taoist Jin Guang.

"How is it? I, the Taoist Thunder Light, is better than you, the Taoist Blood Light!"

Fang Yue triumphantly waved the purple thunder crystal in his hand, showing off to Taoist Jin Guang.

"Hmph, kid, don't be proud, I know you have a trump card in your hand, don't I have it in my hand? What's more, I was able to survive the thunder tribulation at the saint level five hundred years ago, and now I don't have any. problem!"

The Jin Guang Taoist opponent Yue Qiang took up courage and said the opponent Yue hesitated.

Fang Yue took out a purple thunder crystal without saying a word.

"One piece will not work, how about the two pieces?"

As soon as Fang Yue's two purple thunder crystals appeared, Daoist Jin Guang shook his head.

Purple Thunder Crystal X2, perhaps the Thunder power is X10.

In the hearts of Taoist Jinguang 10,000 heads of grass and mud horses rushed past.

I have a saying about it, I don't know if it's inappropriate to say it?

Taoist Jin Guang's heart is almost cold.

Who will help me!

Didn't it mean that Fang Yue was already poor?

But what happened to the purple thunder crystal in his hand?

What about wholesale?

On weekdays, one piece is extremely rare.

Fang Yue took out two yuan at once!

Tyrant!

This Fang Yue is the real local tyrant, and he even has the potential to be promoted to become a tyrant!

"How is it? Bloody Taoist, come and kill me, \*\*\*\* light!"

Fang Yue's provocation became more intense.

Fang Yue really owed too much.

Daoist Jin Guang looked at Fang Yue, wanting to get angry, but he swallowed the most words after looking at Fang Yue's trembling palm.

Fang Yue, why are your hands shaking!

Oh, don't shake, don't shake, this amethyst thunder is about to fall to the ground.

These are two amethyst thunders, if they explode, we will definitely die together!

Daoist Jin Guang's liver was shaking.

Little master!

My life was very good at the beginning, so don't die with me!

Seeing Fang Yue's desperate Saburo posture, Daoist Jin Guang was really a little confused.

On the ring, a strange confrontation formed.

Zhang Changkong, who was originally one of the protagonists of this life and death ring, has become a standard outsider.

The confrontation between Fang Yue and Jinguang Taoist has already involved a dispute at the level of the saint.

And the messengers who shouted "666" in the audience are silent at this moment.

They opened their eyes and held their breath, as if they could hear their own heartbeat.

### **Chapter 1377: Everything is clear**

The fire at the gate of the city has hit the pond fish!

Gods fight, mortals suffer!

If Fang Yue really dared to squeeze this amethyst thunder, they would probably not survive the calamity of the saint realm level.

I would not have come if I knew it.

Who knew that Fang Yue was so impulsive.

Taoist Jin Guang suddenly seemed to remember something, his eyes condensed, staring at Fang Yue.

"Fang Yue, I'm sure you will not dare to do it. The lethality of this amethyst thunder is irrespective of the enemy and me. If you dare to explode the amethyst thunder, none of the people in the audience, including you, will survive. He is a strong person in the Saint Realm, but I am afraid that the status of the wheel is not as good as that. You platinum-level seed of the rotation realm!

With you in the funeral, even if I die, I am willing! "

The Taoist Jin Guang said more and more surely.

This Fang Yue definitely wanted to use this amethyst thunder to threaten him and make him throw a rat-aperture.

Fang Yue stared at Taoist Jin Guang for a while, as if he was looking at a pet.

"Dao Jinguang, do you think there is a problem with my brain or with my brain? How can a noble person like me die together? And these two amethyst thunders are prepared by me beforehand, do you think I will There is no way to get out? Come, take a look, take a look, take a closer look, is this my deity?"

Fang Yue's carefree provocation caused Jin Guang Taoist to be immediately shocked.

Fang Yue's figure is gradually becoming illusory, and the saint-level armor on his body also disappeared without knowing when.

Fuck you Fang Yue, you don't wear this saint-level armor at all to resist Zhang Changkong's sword, but to conceal the fact that your deity did not come!

Why did you always defend and refuse to make moves just now, is it because you are afraid to expose your clone?

Everything is clear, so it is, it is so!

All this is a round made by your Fang Yue!

"However, Fang Yue, you can get rid of the golden cicada, and it would not be good if Ye Wushuang and Alice were implicated and affected! They are still on the court, still..."

Taoist Jin Guang looked back.

The figures of Alice and Ye Wushuang gradually faded and disappeared.

The two earth-shaking big figures in the two galaxy alliances of you two also cooperate with Fang Yue in acting?

Do you have any more exercise!

Dao Jin Guang's ears seemed to think of the sound of clicking, clicking.

That is his shattered worldview!

Where are the ethics of your Galaxy Alliance!

Have you fed the dogs?

Wang! Wang!

Under the ring, Wangcai suddenly yelled twice.

Taoist Jin Guang was completely in tears, crying against the cold wind.

The time to come will always come, Fang Yue's palm shivered, two amethyst thunders exploded with a bang, and the rising mushroom cloud turned into an endless thunder, which directly drowned everyone on and off the ring. This also included The messengers of the big families who waved the flag and shouted 666.

The two armies are at war without being cut.

But this rule is just \*\*\*\* in Fang Yue's eyes.

The other party has already asked the messenger to put the knife on his neck, and if he doesn't kill them, do you keep it for the New Year and invite them to eat dumplings?

The Taoist Jin Guang who was in the center of the explosion fought hard, seeking his own life in death.

But this line of life is really too difficult to find.

This Thunder Tribulation is different from Thunder Tribulation.

Some practitioners have a high cultivation base, and the power of Thunder Tribulation is stronger.

Some practitioners have a low cultivation base, so the power of Thunder Tribulation is low.

The same is the saint robbery, its power may be a thousand times different.

At that time, Daoist Jin Guang received the weakest version of the thunder robbery. This is the case. He was smashed and wounded all over his body and almost lost his life. The thunder robbery he faced this time was the stronger one. .

Without any weakening, killing is invisible.

Jin Guang Taoist Rao had spent five hundred years at the level of the Saint Realm, but when faced with this level of thunder, he still couldn't find any vitality except for his death.

"help me!"

Taoist Jin Guang shouted in the endless thunder with a hoarse voice.

His intestines are almost regretful.

Knowing that Fang Yue is so insidious, why did he wander around the muddy water this time when he was idle?

It's a mistake, it's a mistake!

There is always a way out.

A pale palm broke through the void.

"Take my hand!"

A strange and majestic voice came out of the void.

Taoist Jin Guang's eyes lit up, and his heart was extremely excited.

Saved, finally saved.

You \*\*\*\* Fang Yue, wait for me. When I get out, I will definitely break your body into pieces.

As for who the owner of the voice is, it doesn't matter, it's more cruel and terrifying things that have not been hacked to death by thunder in this world.

What's more, White Jade Valley is unfathomable, and it is very likely that those in the White Jade Valley that he has never met with the Great Sacred Realm came to rescue him!

Taoist Jin Guang handed out his palm, and grabbed the pale palm tightly.

The other party suddenly used force, and Taoist Jin Guang came to another world.

A chaos, nothingness everywhere.

who am I?

Where is this?

What am i doing?

Uncontrollably, Jin Guang Taoist asked the oldest and most profound philosophical question in the world.

I am Jinguang Taoist.

I want to kill Fang Yue's little beast after getting out of trouble.

But where is this?

In front of Taoist Jin Guang, a huge and boundless figure appeared.

This is Fang Han's figure, his hands and feet reaching the sky.

An existence that was unfathomable, and tens of thousands times stronger than the virtual immortal that Taoist Jin Guang had seen before, there was an existence he was very familiar with - Fang Yue.

"Fang Yue, why are you!"

Taoist Jin Guang's goose bumps are all wrinkled.

This is Fang Yue's conspiracy, where is this, let me out quickly!

"Surprise! Be happy! I didn't expect it! You have been tossing for a long time, and finally fell into my hands, Taoist Jinguang, I have been waiting for you for a long time!"

Fang Yue said to the Taoist Jin Guang very utterly.

Taoist Jin Guang's face was completely black.

You old Yin B, I don't want to see you again!

"Fang Yue, what conspiracy do you have, just use it!"

Taoist Jin Guang made a generous expression of righteousness. Anyway, even if he kneeled down and begged for mercy, it didn't make any sense to cry and cry with Fang Yue's thigh.

He might as well be free and easy before he died, and he was laughed at.

Fang Yue glanced at Taoist Jin Guang: "Is it not easy if you want to die? But, let you die like this, thanks to me, a living saint is much more valuable than a dead saint!"

"Alive?! Could it be that Fang Yue, you don't want to kill me?"

Taoist Jin Guang widened his eyes.

He smelled a hint of life from Fang Yue's words.

As the saying goes, it is better to live than to die. Who wants to die if he can't die?

"Of course I will not kill you, but your soul will dissipate from this world."

Fang Yue's tone became cold, as if a high-ranking king was trying to judge the fate of his courtiers.

"You don't kill me, but my soul will dissipate from the world. Could it be that you are trying to seize my body?"

Taoist Jin Guang's pupils suddenly shrank.

What he said, guessed Fang Yue's intentions.

Unfortunately, the answer was correct, but there was no reward.

"Okay, I'm going to talk again. According to Fang Yue's previous agreement, you provided me with this body and I can help you three times!"

Fang Han's voice fell, and he unexpectedly felt a sense of eagerness.

These days, Fang Yue sacrificed a lot of sacrifices to him, allowing his vitality to recover and accumulate a little. While fighting against the destruction of the demons, he has the power to seize the saints, and he also wants to refine one. Doppelganger, walk in the outside world to see what the universe of ten thousand realms is now.

Taoist Jin Guang just wanted to say something.

A golden light has rushed into the center of his eyebrows, replacing his body.

Taoist Jin Guang, a magnificent saint, couldn't even say a word at the moment Fang Han duoshe, and he didn't have the slightest ability to resist.

Fang Yue took a deep look at the Taoist Jin Guang who was taken away by Fang Han.

He didn't know whether his choice this time was right or wrong.

But he really can't wait any longer!

The situation in the Ten Thousand Worlds Universe is getting more and more chaotic. If he doesn't have enough hole cards, he will probably be killed at will like an ant in the future.

This time, it was an obvious lesson.

Obviously it was a dispute between the two factions of the Galaxy Star League. In the end, he wanted to get him to be attacked first and turned into cannon fodder. If he hadn't expected him and set a trap, he might have been caught by the people of Baiyugu. It's gone!

Taoist Jin Guang, to be precise, Fang Han's clone laughed, and his voice was extremely hearty. He stretched his waist, and the traces of his body that had been chopped by thunder tribulation quickly disappeared. At the same time, Fang Han's clone continued to cultivate its realm. From the first level of the Heaven-Through the Sky Realm successively reached the second, third, and fourth levels of the Heaven-Through the Heaven Realm's breakthrough. Only at this time did it slowly stop falling and rapidly rise.

"This Jinguang Taoist's comprehension of the law and the comprehension of the Tao is really too weak. He clearly has a large accumulation of pill energy in his body, but he doesn't know how to dissolve it and use it, but it's good, his accumulation is all it's cheaper for me. If he really reaches the fourth level of the Heavenly Transcendent Realm, Fang Yue estimates that your amethyst thunder may not really put him in a desperate situation, so easy to be fooled!"

Fang Han changed his body and transformed the body of the Taoist Golden Light into his own.

Fang Han can be called a handsome and handsome, he is simply a hero. You don't need to look at his cultivation level, as long as you look at his appearance and temperament, you can feel the unfathomable breath in him.

"Fang Yue, I will go to the universe with you in a moment. You need to find me a quiet retreat and retreat. My clone has just been refined, and the true fit is not very high. It will take some time to run and temper. Cultivation! Otherwise, this clone cannot practice, and just staying at the fourth level of the Heaven-Through Realm is a waste!"

Fang Han spoke, and Fang Yue was just right.

If Fang Han is practicing in his mansion, it is tantamount to having an extra free bodyguard.

This is a great god, the real cultivation base and insight are extremely high!

Regardless of the physical body of his current clone, it is also the fourth-level realm of the Heavenly Tongtian Realm, but if his combat power is fully deployed, at least he will not be able to find an opponent under the Great Sage!

"It's on me!"

Afterwards, the figures of Fang Yue and Fang Han all descended in the first palace.

As for the fighting arena, there is already a mess.

The sage Jin Guang Taoist of Bai Yugu seemed to have evaporated from the world, and he could not see people or dead bodies.

All the messengers in the stands were chopped into corpses by the lightning of Amethyst Thunder.

### **Chapter 1378: Two don't help**

On the contrary, the powerful men responsible for blocking Fang Yue's Saint Realm reinforcements were unscathed.

This is not because Fang Yue's amethyst thunder is not powerful enough, but when it exploded, Fang Yue deliberately controlled the radiation range of this amethyst thunder.

This is the battle between Qiu Meng and the other faction of the Galaxy Star Alliance and Fang Yue has a woolly relationship.

He killed Jinguang Taoist to prove that he was not easy to provoke.

The next time these people make another move, they will also weigh them. This is a deterrent, but Fang Yue doesn't want to forge feuds with people from another faction.

It was enough to kill one Jinguang Taoist. Even if the remaining people were only injured by Fang Yue, it was equivalent to letting Fang Yue stand in line and stand on the side of Qiu Meng to fight against the forces of the other Galaxy Star Alliance.

This Qiu Meng fart didn't give him any great benefits, so why!

Fang Yue didn't have a lot of affection for Qiu Meng. This time she sent someone to her palace and asked Li Yuanjie to monitor him, which had already touched Fang Yue's bottom line.

And this time, he was obviously being used as a gun by Qiu Meng, otherwise, the conservatives of the Galaxy Star League would not be so decisive to start with Yue.

And Fang Yue also stated his position this time.

The two don't want to help, and the two don't participate, but if anyone dares to mess with me, it will not end well!

The next day, the entire Tiandu King City was in a state of tremor.

The new commander-in-chief actually killed a powerful man in the sage realm in Bai Yugu under all eyes.

Although it is not to see people alive and dead to see corpses, there has been a gossip from Bai Yugu that the soul card left by the Taoist Jinguang in the white jade valley has been completely shattered.

It means that the Taoist Jinguang has truly fallen, and there is no way to survive.

Although this Jinguang Taoist is said to be the least used sequence among the saints, but if it is not used, it is also a magnificent saint!

As long as that step is taken, it is transcendent and holy, standing on the nine heavens, overlooking all living beings.

And the death of Taoist Jinguang was a great shock to the entire Heavenly Capital City. The new commander-in-chief's methods shocked and admired them!

As for the death of the messengers sent by large and small forces, it seemed that it had never happened.

Now Fang Yue is a furious tyrant, who dares to show the slightest hostility to him, he will win the prize at all costs to cut the grass and root out the other side, implicating the Nine Clan.

On the cusp of this storm, no one wants to provoke such a lunatic.

I haven't seen the previous Su family and the Zhang family. The bones are not cold, and the Taoist Jin Guang is even more miserable. He has already taken that crucial step. You said you find a place to meditate, and then it's not good to go between the world?

The result must be directed at Fang Yue, then? Even the bones and dregs are gone!

Not only was Taoist Jin Guang dead, but Fang Yue gave him his lair.

Those old subordinates who had something to do with him were completely killed by Fang Yue, without leaving a piece of armor!

The fierceness and cruelty of this Fang Yue left a deep impression on the people of the entire Heavenly Capital City.

Some people who had previously criticized Fang Yue in the dark were all trembling now.

This young master didn't look like a generous person.

Nowadays, there is a strange atmosphere in the heavenly capital city.

The sudden emergence of Fang Yue made many veteran forces tremble.

Fang Yue had no time to deal with the old aristocratic forces in the first palace.

Those insults are all bullying and fearful of hard work. Seeing soft persimmons, they can't wait to squeeze out the water. Seeing the powerful ones, they all become well-behaved little sheep.

Fang Yue is portraying a series of images.

Alice, who was standing next to Fang Yue, was frightened when she saw these formations. These formations were absolutely one-time items, the materials were not very good, and they might even collapse when they were half used.

But the pattern outlined above is absolutely high-level, criss-crossing each stroke, like the interweaving of truth and reason, even ordinary saints are unpredictable!

What is Fang Yue doing?

After Alice passed the last time, Fang Yue took a look more seriously.

Regardless of any means, this buddy can kill the saint enough to be equal to her.

"Report! Commander-in-chief, Miss Li Yuanjie is asking to see you outside the house!"

"In!"

Fang Yue stopped writing and put away all the formations.

"Pour water, make tea, welcome guests!"

Fang Yue's voice fell in an orderly manner.

After the last event, Li Yuanjie also understood that Fang Yue was not a doll to be manipulated, and he was not staring at Fang Yue every step of the way.

When I met Fang Yue this time, the first announcement was that she had changed her attitude.

If it had been the case before, she must have come directly to Fang Yue's side, as if she was a ghost.

"Do I need to avoid it?"

Alice glanced at Fang Yue.

Fang Yue shook his head and said, "No! Li Yuanjie wants to see me, but he looks more like you!"

Fang Yue knew what position he was in Qiu Meng's hearts.

Although he killed a saint with the help of amethyst thunder last time, and even took the opportunity to copy the other's nest, this at best proves that Fang Yue is good at calculating.

Conspiracy is not a big deal after all.

No matter how good Fang Yue is, he is just a clever and cunning junior.

And Alice is the one that really deserves their attention!

Soon, Li Yuanjie entered Fang Yue's living room.

She came in costume and looked extremely formal.

"Li Yuanjie has met Master Fang Yue, and Master Elise!"

Li Yuanjie saluted her predecessor. In terms of her cultivation realm, she must have dumped Fangyue Eight Streets.

But in terms of the identity of the Galaxy Star Alliance, she is not as good as Fang Yue.

Fang Yue is the commander-in-chief of Helen Star and the seed of the platinum level of the Galaxy Alliance.

Both of these identities are higher than Li Yuanjie, even though her cultivation is amazing and has reached the realm of a saint, she still needs to bow her head in front of Fang Yue.

"Free gift!"

Fang Yue did business by himself, without the slightest politeness.

Fang Yue was quite dissatisfied with Qiu Meng's use of him, and all that was incurred was innocent disaster.

Fortunately, he noticed it early, otherwise, under the opponent's net of heaven and earth, he has been destroyed and even the scum remains!

"Young Master Fang Yue, the Nu Family is here to apologize to you this time!"

Li Yuanjie's smile was full, and compared to her usual indifference, there was even a hint of enchantment on her body.

"Forget it! I asked Master Qiu Meng to help me calm the Zhang family, and she used me again this time, this time you come and go, and the favors are still exhausted. From now on, you go through your Yangguan Road, and I will pass mine. The single-plank bridge, the two owe nothing to each other, and I never want to cooperate with Master Qiu Meng again!"

Fang Yue had already said nothing.

He didn't bother to take care of the disputes and disputes among the high-level members of the Galaxy Star Alliance.

Fang Yue just wanted to live his own little life and send all kinds of resources to the earth so that the earth could become stronger quickly.

Li Yuanjie couldn't help but her eyes flickered when she heard this, and the slight humble expression before disappeared.

"Fang Yue, don't be too innocent. Even if you don't participate, you also played a very important role in this matter. I know why the senior leaders of the Galaxy Star Alliance arranged you in the position of

commander-in-chief. Come on? They deliberately want you to be involved in the right and wrong of this Helen Star!

In fact, anyone who has a bit of common sense at the senior level of the Galaxy Alliance knows that Helen is a bottomless pit, and there are some unexpected things in it, not just the natives of Helen, but also some ancient relics and prehistoric civilizations. . Otherwise, no matter how powerful this Hellas native is, it has now been conquered by the army of the Galaxy Star Alliance!

Therefore, Fang Yue, your position is not good. Whether it is some high-level forces of the Galaxy Alliance or the natives of Helen Star, they will not allow the existence of a commander-in-chief sent by a powerful Galaxy Alliance! Your arrival has already broken the original delicate balance in Helen. In order to restore this balance, you can only completely disappear from Helen! "

Li Yuanjie looked at Fang Yue no longer respectful and humble, but seemed to be watching a dead person looking at Fang Yue.

"You can hardly imagine the power of this prehistoric civilization and relics. They have already reached quite a distance on the corresponding civilization branch. Anything unearthed can kill you a million times! These three forbidden places are truly The horror of this is also here. They not only have the existence of powerful guardians, but also possess powerful and terrifying weapons of prehistoric civilization! For example, the Jinguang Taoist you killed is quite powerful in your opinion. Existed, but in Baiyu Valley, such existences can be mass-produced with the help of civilization relics. They belong to semi-finished saints, not the existence of a real saint level. According to normal principles, They will never be able to step into the Saint Realm level in their entire lives, and can only stay at the peak of the Leader Realm level, but Bai Yugu has used special power to weaken the catastrophe they deal with by several times, and then let them face the sky. The robbery, smoothly crossed the robbery, and then stepped into the level of the saint.

The saints created in this way are only the weakest and lowest existence among saints. Other saints naturally look down on them, but they are stronger than those at the peak of the leader realm, and the bottlenecks and barriers in the saint realm disappear. After that, their path forward became extremely smooth, and with the accumulation of time, they could slowly progress and become stronger, close to the normal breakthrough of the saint realm powerhouse! "

Li Yuanjie revealed some of the secrets of Helen Star.

However, Fang Yue's face was not half surprised. Because Fang Han had already seized the memory of the Jinguang Taoist when he seized the house, in his memory, the memory of Bai Yugu was more detailed and accurate for Li Yuanjie.

"Well, I know all of these! The three taboo places, among them, Baiyu Valley holds a relic of prehistoric civilization, which can weaken the existence of the bottleneck of the saint realm and below, but this method requires a considerable price. It's huge! In order for the Taoist Jinguang to smoothly promote to become a powerhouse in the saint realm, the price of this white jade valley is about the value of a magic weapon at the saint realm level! Although this white jade valley is one of the three taboo places One, I don't know how many years I have stood on this Hailun star, but the resources of Baiyu Valley are limited after all, it is impossible to create a pseudo-saint like Taoist Jinguang without restriction!"

Fang Yue said in more detail than Li Yuanjie, and even the price paid by the Taoist Jin Guang to break through to the level of the saint was clear.

### **Chapter 1379: Scroll, scam!**

At this moment Li Yuanjie was really shocked!

Originally, he wanted to run out to frighten and frighten Fang Yue, but in the end he was bluffed by Fang Yue!

"Well, how did you know this? Did the Taoist Jin Guang tell you before he died?"

Li Yuanjie found that her heart was trembling slightly, and Fang Yue's news network far exceeded their expectations.

What happened before was just an accident. It was Fang Yue's misplay and accidental layout that killed Taoist Jin Guang, but now it seems that Fang Yue's secret is far from this.

Fang Yue said with a smile: "It's hard to tell! This time your arrival is pious enough on the surface, but the pride in your heart is the opportunity to destroy this cooperation. Of course, I understand that my arrival has affected this Helen. The balance between the various forces of the star, but I still want to tell you, I also understand that if you cooperate with you, it is no different from seeking skin with a tiger, because Lord Qiu Meng is too powerful, so powerful that she has reached the point of arrogance! This strength of mine will not be taken by her at all. In her eyes, I am just a dispensable piece that can be sacrificed at any time! I don't want to be the cannon fodder in her hand, so I don't want to play with She cooperated positively, and in the last layout, I just killed the Taoist Jinguang, and the others were unscathed. I believe that the other side of the Galaxy Alliance and the three taboo places in Helen have been Understand my thoughts and will not specifically target me!"

Fang Yue was indifferent to Li Yuanjie's threat.

He had already made a full statement.

This autumn dream is simply too proud!

It is simply impossible to make Fang Yue work for her without paying any price!

Li Yuanjie glanced at Fang Yue deeply, this guy was far more difficult than she thought.

However, she believed that Fang Yue would regret it someday!

"Fang Yue, this is your own decision. I just hope that one day you will not regret it!"

After Li Yuanjie finished speaking, she walked away.

The negotiation failed, and her arrogance did not allow her to make any compromises here.

Fang Yue watched Li Yuanjie's departure. Although Li Yuanjie had slowed down as much as possible, Fang Yue didn't want to stop him at all!

Knowing that Li Yuanjie disappeared at the end of his vision.

Fang Yue just turned around and said to Alice: "This time the incident may be very turbulent. Even the strong of the Great Sacred Realm will be involved a lot. Lord Alice, I hope you can avoid it, lest it is because of me. And you are implicated!"

Alice snorted coldly: "Fang Yue, you too underestimate me, am I the kind of person who will be frightened by the storm? What's more, this may not be my chance to Nirvana in the storm!"

"Willing to be your most loyal ally!"

Fang Yue leaned back, his smile revealed confidence that he was winning!

"Are you really coming to me this time just to let me kill such a trivial ant at the rotation level?"

Nangong Changfeng sat in the air, his body suspended, his eyes closed slightly, giving people a very sacred feeling.

Although he is a man, Nangong Changfeng's appearance is really very beautiful. His skin is fairer than that of a woman, and his long hair falls straight to his waist.

In front of Nangong Changfeng, there was a young man dressed in snow-white clothes. However, there was an extremely hideous scar on his face that penetrated from the corner of his left eye to the lip of his right lip.

"I am here this time to represent the will of the thirteen families of the Heavenly Capital King City. The price paid, the Lord will definitely impress you!"

The handsome young man spoke again, his voice tinged with bewilderment.

Bang bang bang.

The young and handsome man slapped his palms twice, and then dozens of servants came to Nangong Changfeng carrying thirteen and a half tall iron boxes.

"There is a little bit of the thirteen family's heart and no respect. If it succeeds, they are willing to offer a map of a small ruin that has never been mined!"

The handsome young man opened the box.

Inside the thirteen boxes were all kinds of pills.

The pill with the lowest grade is at the Yin-Yang level, while the pill with a higher grade is the pill at the master level.

His Nangong Changfeng is not a lonely person. He has thousands of family disciples who need him to support him.

These medicines were enough to make the cultivation of hundreds of disciples under him even higher.

But the most tempting thing is the right to enter that small ruin.

The real value of Helen star lies in the entrance of a large number of ancient relics on this planet. Many of the relics are not on Helen star, but can enter from Helen star. Therefore, Helen star will become a multi-party force of the Galaxy Covenant. The place of competition, and because of this, there will be so many transcendent forces and one after another in the world of unspeakable saints.

This small force that has never been passively used contains endless treasures.

If these treasures fall into his hands, perhaps he can rise to a higher level on the original level.

"Okay!" After thinking for a while, Nangong Changfeng agreed to the other party's request.

The man in white smiled slightly, then drifted away.

On the way the white-clothed man left, he suddenly fell in mid-air. The mana in his body seemed to have dried up. His eyes were wide open, but he lost all his strength.

"Formation..."

The man in white yelled these two words in an extremely difficult and hoarse voice.

He didn't expect that he would be overcast on the way to contact Nangong Changkong.

"Tsk tusk tusk, family Thirteen, do you want to kill me that way?" Fang Yue's voice rang in the ears of the white-clothed man, his face as earthy.

This was all confidential work. It was so bad. He contacted Nangong Changfeng in secret, but he was discovered by Fang Yue.

He knew Fang Yue's character. Although he had never met before, he also knew that Fang Yue would either not kill, but kill the whole family.

This time he was caught by Fang Yue, and he was basically desperate for his future.

"Fang Yue, kill me! I won't say anything."

The white-clothed man spoke with a determined expression.

"Okay!" Fang Yue didn't say a word, swinging his knife down, the cold blade reflected the cold light in the sun.

The white-clothed man was stunned, fucking, if I let you kill me, you kill me? Are you really not going to interrogate me to understand my origin and purpose?

This is completely different from his previous plan!

Fang Yue, wait!

Hand up the knife and drop.

The head of the white-clothed man rolled to the ground, his eyes opened in anger and he couldn't squint!

"Remove the formation for me, and then clean up the corpse for me!"

Fang Yue gave an order, and a group of people jumped out from the surrounding dense forest.

These people were all slaves of the Yin-Yang realm that Fang Yue had bought, and they were extremely loyal and neat.

This Galaxy Star Alliance product must be a boutique, even slaves are most in line with the master's wishes.

The white-clothed man's cultivation realm is at the Yin-Yang realm. In fact, he is not even as good as the 20 miscellaneous slaves brought by Fang Yue.

A slave came to the man in white and wanted to remove the headless body.

"and many more!"

Fang Yue found a small skin bag on the waist of the white-clothed man, which was very different from a normal storage bag.

"What is this?"

Fang Yue stepped forward and took the skin pouch from the waist of the white-clothed man.

He opened the skin bag and found a white scroll in it.

In the scroll, there was a piece of spiritual power imprinted, and what this spiritual power outlined turned out to be a map.

"This seems to be the map of that small ruin?"

Fang Yue's brows were raised slightly. Actually, Fang Yue had heard the conversation between this white man and Nangong Changfeng.

But Fang Yue always felt that there might be some tricks and weirdness.

If this small ruin map is really unattended, it should be extremely precious, and it is absolutely impossible to be carried by an emissary.

Even if this messenger wouldn't be greedy for ink, if Nangong Changfeng had discovered the existence of this ruin map just now, wouldn't it be possible to make money?

The reputation of Nangong Changfeng in the outside world is not so good.

"There must be fraud in this!"

Fang Yue rolled his eyes, and then put away the map.

"Thirteen families, hum!"

Fang Yue snorted coldly, then walked away.

The Chen family in the Heavenly Capital City.

In the drawing room, the curtains were drawn in, and it was clear that the sky was clear outside, but the dim drawing room could only be illuminated by the dim night pearl.

All this seems very abnormal.

The room was crowded with figures, at least forty or fifty people, and the dim Ye Mingzhu could only illuminate their fuzzy outline.

The specific figure and details of appearance are difficult to see under the dim lighting.

Moreover, these people are all wearing black hoods, it is difficult for people to see their faces clearly, and their auras are reduced one by one, for fear of being discovered their identity.

With a click, on the table next to the left hand of Chen Taiyi, the head of the Chen family, a soul jade slip suddenly collapsed.

"The messenger I sent to see Nangong Changfeng is dead! Fang Yue should have killed it. If I expected it, our jade slip should have fallen into Fang Yue's hands!"

A faint smile appeared on the corner of Chen Taiyi's mouth.

"Have you done everything I asked you to do?"

Chen Taiyi spoke here.

His gaze swept over the guys with black hoods.

Hmph, a group of cowards, Fang Yue in a small area scared them like this. No wonder they can only protect their family business in the Heavenly Capital City, and none of them can get out of this palm-sized place. , Opening up the territory.

"Patriarch Chen rest assured, we have done everything! But Patriarch Chen, can you really do the things you promised us before?"

One of them was short in stature, but he was full of anger and greed when speaking.

"As long as Fang Yue is dead, the Southwest King will naturally deliver what he promised to you before. You can doubt Chen's credibility, but you should all understand what the Southwest King's reputation represents!"

Chen Taiyi snorted coldly, a little displeased with the suspicion just now.

### **Chapter 1380: Gamble**

"Naturally, I have learned about the Southwest King. We have arranged this black rock cave to look like a relic, and our array mage and all kinds of skillful craftsmen are there to arrange the sky and earth nets. This Fang Yue just dare Go, we can guarantee that he will definitely come back and forth!"

The short figure just now responded to Chen Taiyi immediately, as if he had no complaints about Chen Taiyi's badness.

If he was questioned like this, he would definitely feel unhappy, but this time the matter is of great importance. If Fang Yue is really allowed to run away and know their identity, the family present I'm afraid that no one can escape Fang Yue's revenge.

This Fang Yue is simply a complete lunatic, a murderer, he even dared to kill the saints of Bai Yugu, killing them is naturally a piece of cake!

Not only will they get crazy revenge for the family behind them!

If it weren't for the fact that the Southwest King promised was too amazing, they would definitely not take the risk and design to kill Fang Yue under the bewitching and leadership of the Chen family!

"In that case, I beg you, I believe this Fang Yue fell during the process of exploring the ruins. Even if the Galactic Alliance is really investigated, it will not be able to investigate your heads, and we have already joined other members of the Galactic Alliance. People from a faction are in contact! As soon as Fang Yue dies, they will clean up all the things in Fang Yue Wang's mansion and give it to you as a little gift!"

Chen Taiyi added another fire to these people's hearts.

Fang Yue can kill even the Saints of the White Jade Valley Saint level, and the good things in his hands are definitely too numerous to list. When the time comes to divide those good things into their points, maybe it will be the hole card for future life!

The hearts of these people are even more fiery, and their eyes are red.

Fang Yue put the scroll in his hand in the First Palace, but he didn't have the slightest intention to explore.

He got the news that the messenger in white was going to the Nangong Changfeng residence to unite. The source was quite weird. It was reported by the spy of the thirteenth clan who did not know which palace lord was lurking in the first palace.

Fang Yue's heart of temptation was also broken, so he brought his slaves at the Yin-Yang level to intercept the messenger in white on his way back, but he didn't expect that he would really catch someone, and also from his hands. Get this treasure map.

Fang Yue searched for the soul, there was nothing wrong with the memory of the messenger in white.

However, after Fang Yue's careful research, he discovered that there was a part of the memory of the messenger in white that had been deleted.

As a result, Fang Yue had deeper doubts about the origin and authenticity of this treasure map.

Fang Yue is not the kind of person who doesn't want his life when he sees money, knows that there are tigers in the mountains, and prefers to walk in the mountains.

This treasure map is 80% fake, and even Fang Yue, the 13th clan of the Heavenly Capital King City behind the white messenger, has doubts.

However, he has other uses for this treasure map, maybe it can come in handy at a critical moment!

Fang Yue once again entered the martial arts arena of the Galaxy Star Alliance.

Began to fight against a Tianjiao who had left a reputation among his peers in the Galaxy Alliance.

At the level of Fang Yue, it is difficult to find a worthy opponent among his peers.

Although the Tianjiao who left their marks on the martial arts arena are not so powerful, they all have their own strengths. In the process of fighting with them, Fang Yue can still get some inspiration, so that he can improve his knowledge, in martial arts. Get greater progress!

Fang Yue was constantly tempering herself in the martial arts arena, and Alice felt frightened when she saw Fang Yue's ranking rise on the list.

Fang Yue challenged upwards one by one according to the ranking of all warriors.

Every warrior asks them to use their own killer moves. After the means are used cleanly, Fang Yue defeats them again, challenging the brand of the next Tianjiao strong.

In just three days, Fang Yue's ranking has risen from 99,990 to 99,950.

Even though this is only a promotion of forty, the meaning of this is completely different.

At the level that can frighten the Tianjiao of an era, they are already at the top of the pyramid of a certain era, but this Tianjiao and Tianjiao are also different.

In some eras, the strength of warriors is generally weak, so even standing at the top of the pyramid in an era does not necessarily represent how powerful they are.

In some times, the stars are shining, and the strongest of that era is terrible to the point of indescribability!

Therefore, both are Tianjiao and both are on the military list.

The power gap between them is like a world.

Every tenth is a small level, every fifty is a big leap!

Fang Yue ranked ninth thousand nine hundred and ninety and ranked nine hundred and ninety-fifth, which has completely different meanings.

Or the latter can defeat the former within a hundred moves, and their strength span is also quite huge.

Of course, as Fang Yue succeeded in his challenges again and again, Fang Yue's internal points of the Galaxy Alliance also showed a geometric explosion.

And this is during the inspection period, and Fang Yue's points all need to be multiplied by ten.

This makes Alice a little envious. If she wants to get the points Fang Yue has obtained from the martial arts arena these days, even she needs to be born and die, and complete a few missions to kill the saints to get so many points.

"Master Alice, I don't know what happened to the war between the Milky Way and the Alpha Galaxy these days?"

Fang Yue hadn't entered the plane of Jiuyou for a while.

He didn't know much about the situation on the Nine Nether planes, and the so-called internal information he got in the Galaxy Alliance was mixed.

At the very least, Fang Yue has not discovered the real reason for the Galaxy Alliance to declare war on the Alpha Galaxy.

As soon as the cannon rang, gold was ten thousand taels.

Behind such a huge consumption of resources and manpower, what kind of profit chain is hidden.

Alice's face turned dark.

"I don't know the specific situation very well. It is difficult to know the overall situation of the war without entering the core level of the Galaxy Covenant, but what I know is that the situation on the battlefield I was responsible for was quite bad. Before I left, I have helped them kill thirty-two strong saints in the Alpha galaxy, but in the last few days, a large number of saints have suddenly appeared in the Alpha galaxy to support everywhere. I previously commanded them. In that real area, there were 50 more saint-level experts in the Alpha galaxy. All of them were extremely tyrannical and undaunted to death. They have already killed eight of our saints!"

Having said this, Alice sighed involuntarily.

Those strong men who fight for the Galaxy Covenant are the cutest people. Although they are not so good, they are willing to drain their last drop of blood for the Galaxy Covenant. Unlike some people, they are obviously in the Galaxy. Standing in a high position in the Star Alliance, enjoying countless resources, but unwilling to work hard for the Galaxy Star Alliance, they are still making trouble in the rear, making it difficult for the soldiers fighting in the front to fight with peace of mind!

Alice certainly pointed out.

Fang Yue didn't know much about the struggle within the Galaxy Star Alliance, so he didn't support it.

Just listening to Alice's sigh.

"By the way, Fang Yue, there was a young generation gambling battle between the Galaxy Covenant and the Alpha Galaxy recently. I don't know if you are willing to participate!"

The matter mentioned by Alice was quite unpredictable.

"This Galaxy Alliance is going to start a gambling battle with the younger generation of Alpha Star Territory? What are they betting on?"

Fang Yue is quite sensitive to this matter.

This gambling battle may reveal the real reason for the war between Alpha Star Territory and Xinhe Star Alliance.

"Gamble on resources, scriptures, mineral veins, countless treasures unearthed in ancient ruins!"

Alice's eyes lit up.

"It is estimated that at least a million people will participate in this gambling game. It is divided into different levels and different age groups. The more consecutive games in the game, the more rewards you get after winning each game. The more! It is said that even if it is the first game of the 0-500 age group at the first level, if they can win, they will be rewarded with a full five million spirit stones! And if it is an insider of the Galaxy Alliance If you do, an additional internal point will be awarded!"

Fang Yue couldn't help being silent upon hearing this.

To be honest, compared with the rewards of those games, Fang Yue pays more attention to what benefits the Galaxy Star League or the Alpha Galaxy will get after each victory! This is about the true meaning of this gambling battle!

"For such a good thing, I will naturally sign up! However, the number of people who sign up should be a lot. I am afraid that it will be necessary to go through the preliminary rounds and semi-finals before they can officially become a player to participate in the Galaxy Star League!"

Fang Yue knew a little bit about the rules of this game.

This kind of competition can basically maintain fairness and justice.

Moreover, every game is played in a virtual world constructed with huge mental power. Each player's treasure and his own physical body can be projected in through a special rule to ensure that it will not appear during the game. Any casualties.

"Of course, the Galaxy Covenant will conduct a large-scale audition across the entire galaxy in three days! In half a month, there will be half a million people representing the Galaxy Covenant! The remaining 50 The quota of 10,000 players is determined by the major forces. Don't underestimate these default players. Compared with those who have no background, they are only strong but not weak."

Alice paused for a while, and then said: "As a powerhouse at the pinnacle of the Saint Realm, although I have little right to speak in the Galaxy Alliance, I still have treatment, and I have a quota in my hand. , I can recommend you to enter this game, without the audit directly, and it seems that you, as the seed of the platinum-level Galaxy Star League, will also have a rotation-level default quota! You want to join this gambling battle It's easy!"

Alice looked at Fang Yue again, a sense of detachment in her eyes spontaneously.

This is a sense of superiority brought to them by status!
