

## God of Life 1501

### Chapter 1501: Death pistol

"There is no writing on this paper. Is this drawing a wordless heavenly book?"

Fang Yue was slightly surprised. At first glance, there was no clue in this drawing.

"No, this is not a wordless book of heaven, but a thousand layers of paper. This kind of paper is made of layers of imprints, and there are countless words in it! You can look at it layer by layer only by pouring your spirit into it. This kind of paper looks like only a thin layer, but it contains a huge amount of information! The ancient civilization invented this kind of thousand-layer paper, the real purpose is to preserve valuable information! This kind of paper won't be damaged, it's harder than the strongest saint-level magic weapon, it won't invade water or fire, wind and frost won't be eroded, and can be eternally immortal!"

Fang Yue took this thousand-layer paper, probed it slightly, and immediately understood the extraordinary!

The outermost layer of paper is forged from fine gold. It can resist any damage below the leader level without water and fire. The second layer of paper refers to the silk spewed out by the Five Elements God Silkworm, which is eternal and immortal! Each layer of this layer of paper has a great background.

Finally layer upon layer, immortal civilization is imprinted!

"Are the people of the ancient civilization crazy? There is such a precious material to carry information! If you pile up the materials for making thousand-layer paper, it is enough to be known as a sacred artifact!"

Fang Yue muttered to himself.

Wang Kai was a little lost. Then, Wang Kai said: "Fang Yue, have you ever thought that this ancient civilization may be living in a different environment from ours. In that era, all kinds of creatures were tyrannical. In our age, in the ancient times, materials that are priceless were found everywhere! So they made this kind of sheet paper in order to pass on their respective civilizations. In fact, the sheet paper is not rare among the ancient relics found in my Zhang family. ! Even paper made of the more precious immortal \*\*\*\* gold exists!"

Wang Kai's speculation is very reasonable.

This allowed Fang Yue to recognize the ancestor of the Wang family again!

He represents the wisdom of the Wang family, and the speculation he said may be the summary of countless ancestors of the Wang family!

"Thank you!"

Fang Yue sincerely thanked him, and then took away the thousand layers of paper and left!

The Wang family made a splash on the race battlefield this time, especially using the inertial thinking of the demons to dig away the ancient relics for a living under the eyelids of the demons.

This is enough to make the Wang family famous again in Helen, and the Galaxy Star Alliance will never miss this opportunity to promote the Wang family and attack the demons!

Fang Yue returned to the first palace.

He began to study the various civilization monuments and resources in his hands, Fang Yue can already vaguely predict that the war of the demons will be even more fierce in the future!

Another aspect.

Goba continued to read books and play chess in the eighth camp, without the anger or gloating of losing an ancient ruin because of the foolishness of the demons!

"This Fang Yue!"

Anfang was a little speechless when he got the news. In fact, to be fair, the generals of the Mozu remained cautious this time and did nothing wrong in tactics.

However, people in the world can only see the results, but do not understand the process. No matter how hard you work, as long as you fail, you will be stinking for thousands of years. As long as you succeed, no matter how despicable the means, you can become a hero praised by millions!

"Fang Yue launched the Wang Family! This is not beyond my expectation, but to my surprise, this Fang Yue actually dared to take a risk with a ruin this time. According to my informant's return, This time Fang Yue can harvest quite a lot. Even the humans of the ancient times have been excavated. It is said that they are still sleeping, and there is a certain chance that they will die and recover!"

Goba put down the scroll in his hand, and he had a feeling of meeting his opponent.

Fang Yue didn't let the Mozu lose a single soldier this time, but he won a victory that excited the entire human race!

And let the Wang family be spread word of mouth throughout the galaxy on Helen planet!

"Are you going to make a move?"

Anfang looked at Goba.

Goba's act of holding back his troops and allowing the friendly forces to make a fool of himself is actually a naive act that lacks an overall view of the situation.

The entire Demon Race is a family, and every one is prosperous, and everything is lost. This time the Demon Race was beaten in the face by someone, and the loss was the coercion of the entire Demon Race.

Do you think that if you goba didn't participate in this, there would be no responsibility?

The demon's royal family can definitely see this little trick of your Goba.

"No! Since Fang Yue didn't hurt any soldiers of the Demon Race, then it proves that he had a more violent attack afterwards. This is just a farce, an appetizer for the Demon Race. !"

The corners of Goba's mouth smile strongly.

This Fang Yue seemed to him not to be an antagonistic enemy in different camps, but a confidant, a confidant who had never seen each other before, but could make him feel sorry for each other!

"This royal family is playing with the army of my demons as monkeys! Even under our noses, he dug up a treasure of ancient relics! Andrews bungled the military opportunity and was too conservative, and for the time being, he is no longer suitable for me. The commander of the Demon Race! Let him temporarily rest in the Demon Race's military account for a few days, after reflecting on his fault, and then returning to his original post!"

Among the demons, a commander of the peak saint level said.

He is tall, but his face is extremely delicate.

If he shrinks his face three to five times, maybe he can be called handsome!

George, a very common name among demons.

However, his cultivation base and ethnic group set him apart!

Sand Demon!

This is George's race, and their blood is extremely rare among the demons!

The blood of the Demon Race is flowing in the desert people, but the blood of the Sand Spirit Race is even more surging.

They have some of the characteristics of elemental creatures, but they also have the advantages of demons!

"The subordinate's inadvertent failure made the demons become the laughing stock of the human race. The subordinates are guilty, but I also hope that the adults can give me a chance to rehabilitate and redeem my sins and kill the powerful king! Their blood will wash away the shame of my demons!"

Andrews knelt on one knee.

His face was full of unwillingness.

Unexpectedly, he overturned the boat in this small river of Wang's house.

In fact, this time it was a big blow to Andrews!

Andrews wanted to prove to the upper echelons of the demons that he was not an incompetent person!

George sighed softly: "Andrews, it's not that I don't believe you. It's just that you just failed. If you lead the army again, you won't be able to convince the crowd. The prestige in this army is victory after victory, slowly accumulating! But as long as After experiencing a failure, the prestige accumulated in these days will collapse like a dam!"

"I let you rest and rest this time to protect you! After the limelight, I will naturally let you continue to control the barracks and give you a chance to make contributions!"

No matter how the parties reacted.

But in terms of the overall situation, whether it was the failure of the Li family's ambush or Fang Yue's excavation of an ancient relic in front of the Mozu's army, it was nothing to the entire fighting army of the two major ethnic groups!

Because of the confrontation between the two ethnic groups, the smallest unit of engagement is measured in tens of thousands.

And Fang Yue and the others are nothing more than a little trouble at best!

"This is my newly researched Z bomb. Are you sure you don't need to buy some?"

Fang Yue enthusiastically promoted a Cheng family elder at the door of his grocery store.

However, he was pushed away by the Cheng family elder with a look of disgust.

I really can't understand why a small business hawker like Fang Yue can make the demons defeated one after another and then become a hero of the human race.

The elders of the Cheng family all looked down upon Fang Yue's things!

Their Cheng family can be regarded as one of the best families in the entire Heavenly Capital City.

After so many years of accumulation, is there anything in the family?

Do you need Fang Yue to sell to us?

The elder of the Cheng family took two quick steps and left.

But Fang Yue's face didn't show the slightest annoyance.

After a while, the master came.

A middle-aged man with a chubby figure, wearing silk and satin, with a smiling mouth came over.

"Master Fang Yue! I need three thousand drops of Baicao liquid to heal our Wang family disciples at any time, and also need your Z bomb, a total of five hundred! It is said that you still have the armor of the God of War series here, we also want one hundred sets! Our Wang family is extremely optimistic about your equipment, but don't let our Wang family down!"

The fat man gave a flattering smile to Yue Yan.

Fang Yue took out all the things the fat man had said to him and put them in a storage bag!

"Chenghui, five hundred inferior world crystals!"

Fang Yue's current currency for buying things has been upgraded from a spirit stone to a low-grade world crystallization.

This thing is often tempered by only sages!

This is the hard currency traded between saints, which is much more expensive than Lingshi!

The fat man didn't hesitate, he paid the money in one hand and the goods in the other hand!

The fat man then left happily. When he left, his \*\*\*\* was still twisted and twisted as if to show off!

The Wang family bought all kinds of goods in Fang Yue's shop.

The people of the Galaxy Alliance are tickling their teeth with hatred.

This is a provocation!

Chen Xing of the Galaxy Star Alliance who was in charge of monitoring the people passing through Fangyue's shop gritted his teeth.

Chen Xing and Fang Yue are long-cherished wishes.

He and Chen Guangming came from the same family. Because of their outstanding talents, they were selected by the Galaxy Star Alliance 300 years ago, and they focused on cultivation and became members of the Galaxy Alliance!

It was precisely because Chen Xing belonged to the Galaxy Star League that he was spared when the demons descended that day.

Escaped!

However, Chen Xing had vaguely understood that Fang Yue was behind the scenes.

But relying solely on his personal strength, there is no hope of killing Fang Yue to avenge the Chen family, just wanting to disgust Fang Yue.

But his hope was also lost!

The Wang family, who became a crab-eater, blatantly violated the ban of the Galaxy Star Alliance and bought and sold a lot in Fang Yue's shop!

**Chapter 1502: reverse! Outstanding!**

"Wang family, this time you are planted in my hands! I will make you dead this time!"

Chen Xing gritted his teeth, his eyes were fierce!

Countless conspiracies have been born in his heart to drive the Wang Family into the eighteenth hell, so that they can never stand up forever.

"What, the Wang family still dare to come this time? And still send those hundred people?"

"Is this king's mad? The last time he offended the Demon Race was not ruthless enough, this time he wanted to take advantage of the Demon Race!"

The warriors of the Wang family's No. 100 rotation realm appeared again, and they still entered the battlefield from the main gate of the Heavenly Capital King City!

Both the Heavenly Capital and the Demon Race were stunned by the Wang Family's actions.

Is the Wang family planning to die this time?

Last time, the demon clan made a mistake of habitual thinking, so the king's opportunistic excavated an ancient relic. But this time, the demon clan will make the same low-level mistakes? Obviously, it does not exist!

The Wang family's hundred-member team went out of town, and the leader was still Fang Yue!

Fang Yue's team of a hundred people is no longer as trembling as it was last time.

Last time they came back in glory, let them enjoy the treatment of a hero.

This gave the Wang family's disciples all the courage, even if they were not afraid of death.

Their lives are ordinary and cowardly, and finally have the opportunity to raise their heads, stand upright, and be respected by others. They will naturally not let it go easily.

Fang Yue also sensed the change in the spirit of the team behind him.

The corner of his mouth smiled slightly.

Ordinary is actually a kind of potential, and pride is the key to open their potential treasure house.

As soon as the king's team of hundreds of people walked out of the city gate, they saw a dark sky.

Heads of winged demons came over the sky, and the endless demonic energy turned into lead-grey dark clouds, which gave people a feeling of depression and difficulty in breathing!

The demon army attacked, and instantly all the king's men and horses were surrounded.

Wang Jiaman has a total of 100 people, but these demons?

All the dispatched are elite teachers.

Fang Yue looked around, there were almost four to five thousand people!

The Mozu is holding the mind of the hundred people who will eat the royal family, and want to shame with the blood of the Wang family's disciples!

"The one hundred people of the Wang family must be over! They are included in the list of kills by the demons. Even though they are brave, how long can they survive the crazy attacks of the demons?"

The garrison soldiers on the Heavenly Capital City watched the one hundred members of the royal family surrounded by the demons. However, without the command of the commander above, they did not even dare to release an arrow!

The Wang family is a friendly army, this is good!

However, the Galaxy Star Alliance does not have too much affection for the Wang Family!

This is obviously our war, you are a king who jumped out to grab the limelight.

Is it to show that your royal family is stronger, smarter, and smarter than our Galaxy Star Alliance?

This is often unpredictable.

When the war entered a stalemate state, the commander of the Galaxy Star Alliance always wondered if the local forces in the capital city were more competitive this day!

I hope they can restrain the Mozu from paying more attention and gain more time for them.

However, when the Wang family suddenly emerged and made great contributions, the Galactic Star Alliance developed a complicated hostility towards the Wang family.

"Why don't you help the Wang family?"

At this time, Wu Siyu, who was always reading, playing chess, growing flowers, and embroidering in the mansion of the city lord, walked out of the mansion of the city lord.

Her voice made the soldiers on the wall suddenly nervous.

Unexpectedly, a big figure like Wu Siyu would walk up the city wall!

"The sir did not give an order, I dare not wait to take action without authorization!"

The soldier lowered his eyebrows and dared not look at Wu Siyu.

Wu Siyu looks like a god, like a god, but his status is lofty, and it is also not something that soldiers at the bottom of them can covet!

"In the face of the general situation, we share the enemy's grievances. The Wang family is a member of my Galaxy Star League. They are surrounded by demons. Naturally, we want to help them kill the enemy and get out of trouble! Send my order and shoot all the demons under the wall! These are! The demons are really unscrupulous, and they have all been killed under the city of my heavenly capital!"

Wu Siyu gave the order.

Her voice is crisp.

The soldiers on the city wall were all hesitant and undecided, and did not follow Wu Siyu's statement firmly!

Because of the soldiers on the walls, Wu Siyu is not the real direct boss.

Military rules need to be communicated layer by layer.

Wu Siyu can order the generals who are next to her, and those generals will pass the orders to the middle-level officers. Only by passing it through the layers, the soldiers at the bottom will receive the complete command.

This is actually to prevent the high-level generals in the army from suddenly rebelling, causing mutiny in the army, and then formulating a strategy!

Wu Siyu frowned.

"Where were you in charge last time?"

Wu Siyu didn't expect that what he said would not work well in the army.

She is also a platinum-level seed in the Galaxy Star Alliance!

In the Galaxy Star League, she has a very high status, she speaks freely, and no one dares to resist!

But this time, she collapsed in front of the soldiers at the bottom of the wall.

Wu Siyu covered his forehead, "A mistake, it's really a mistake! Now your chiefs should not be on the wall! Or, they didn't intend to follow my call from the beginning? They will be out, and the military orders are not subject to them. In the eyes of you, I am just a power grabber!"

Wu Siyu muttered to herself, as if to the soldiers on the wall, and seemed to be muttering to herself.

Where there are people, there are rivers and lakes, where there are power, there are disputes!

The soldiers on the walls lower their heads deeper.

Although they are at the bottom of the Galaxy Alliance, they see more disputes among the big players in the Galaxy Alliance than the others!

This is an open and secret fight between big people, it is a vortex that can strangle everything. They participate too much, it is not good, but it is easy to be accidentally injured and run down by big people.

Wu Siyu did not expect these soldiers to give her a satisfactory answer.

"Mother Qin! I will bother you this time!"

Wu Siyu said to the air in front of him.

Then the air in front of her actually reacted.

Circles of air rippled away.

Then, a woman in coarse linen appeared in front of Wu Siyu.

This mother Qin always had an old face.

If she were put in the field, she would look like a standard peasant woman with deep grievances.

"I don't know what is the arrangement for the lady to call me?"

Young and inferior, although Wu Siyu grew up with her own eyes, she will always look like a loyal servant in front of Wu Siyu.

"This time the family has arranged manpower to help me!"

Wu Siyu asked Qin's mother seemingly at random.

"The Patriarch sent the Canglong Department to protect the young lady, and the young lady can mobilize the Canglong Department at any time!"

Wu Siyu nodded slightly: "Then there is no problem! I have passed my order to dispatch a hundred elite of the Canglong Tribe to support the Wang Family!"

"A hundred elites of the Canglong Club?"

Mother Qin glanced hesitantly at the demons outside the city wall behind her.

"Miss back, although the members of the Canglong Division are all elites of my Wu family, there are 100 people, is it too few!"

"That's a lot! That's enough! The purpose is to take a ride, and why do you need so many people! Tell the people of the Canglong Ministry that they should protect their lives when they go down the city wall. As for this Wang family Those who can help the bureau, forget it if they can't!"

Wu Siyu showed a sly smile like a fox.

Mother Qin turned and left, conveying Wu Siyu's meaning.

Mother Qin's body melted into the air in front of her. She appeared silently before, and now she left silently!

Wu Siyu looked at the back of Qin's mother leaving, with a smug smile on his lips.

"These stupid guys wanted to give them a chance to do meritorious service. Since they don't need it, then forget it!"

Under the city of Heavenly Capital.

The one hundred men and horses of the Wang family led by Fang Yue are already surrounded by demons.

They were murderous one by one, with scarlet eyes, and they couldn't wait to dig out the skin and bones of these kings.

What a hatred and hatred this is!

Fang Yue looked at the appearance of these people in the Mozu, he felt a little scared!

"Can you talk about it?"

Fang Yue looked at these murderous demons and raised his hand, indicating that he would negotiate first!

"No way!"

One of the demon generals roared at Fang Yue.

They came this time to kill the team of one hundred members of the Wang family, talk? What to talk about!

Even if the Wang family kowtows to them, they are not prepared to forgive the Wang family!

With a flutter.

A fine spatial crack ran across the neck of the demon general.

The head fell, and the blood on the neck surged like a fountain!

"If it doesn't work, then change!"

Fang Yue said with a smile in his armor.

The blood in the hearts of the soldiers of the Demon Race faded slightly.

This general is the powerhouse of the seventh layer of Yin Yang Realm!

People from the royal family kill him if they say he is killed!

The strength of the troops sent by the Wang family this time seems to be somewhat different from what they imagined!

"Does anyone talk to me?"

Fang Yue still had that grinning expression.

Unfortunately, his face was blocked by the cold helmet, and no one could see it.

"There is nothing to talk about! Race battles, glory battles, life and death, there is no room for buffering!"

Another general of the demon race came out, this time a general of the demon race at the master level.

His voice is sonorous and powerful, he is obviously a big figure in the demons!

At the level of the master realm, whether in the human race or the demon race, in the peaceful era, they are all big figures on the side.

"Is it!"

Fang Yue waved his palm.

There was a bang.

An X bomb exploded in the distance!

The milky white light continued to spread around, swallowing the flesh and blood of dozens of demon warriors in an instant!

Those demons didn't know how they died when they were dying!

**Chapter 1503: Shock the demons, who is the enemy!**

Dozens of demons were wiped out of the world in this way!

The demon leader who stood up and simply rejected Fang Yue's mouth twitched slightly. twitch!

"What do you mean? Do you threaten me? I told you that the demons are absolutely not afraid of such threats. To die on the battlefield is the greatest glory of every demonic soldier! Death is not the end of my demons, but it is the sublimation of destiny!"

The leader of the demons has the potential for high MLM!

He was so impassioned and said such shameless words!

Fang Yue looked at the leader of the Demon Race and said, "I just want to sit down and have a good talk with you. Is this request really excessive? You wouldn't even agree to this request!"

Fang Yue's face was full of grievance.

It seems that something excessive has been done by the demons!

As his voice fell, dozens of green-skinned monsters at the rotation level appeared on the battlefield, and a group of demon races that were ready to go in the distance appeared in the middle of the demon race!

The demons in this team have a total of two hundred people, making them the smallest combat unit among the demons!

They are here to support!

I saw that there was no one on the left and right, and the guard was relaxed. Who really wanted to be happy from the sky, and a group of green skin monsters fell from the sky!

When the green monster appears, kill it!

Another fierce battle of life and death!

The surrounding demons are also killing the green-skin monsters. These nasty guys, as long as they are entangled, are as difficult to get rid of as dog skin plasters. What is more disgusting is that they have no obvious weakness, even if their heads are chopped off. It will grow by itself in a while!

The corner of the demon leader's mouth has been twitched again. Twitched!

What kind of messy tricks this guy uses.

The bombs for a while, and the green-skinned monsters for a while, specifically killing the peripheral soldiers of their demons.

"Sit down now and have a good talk?"

Fang Yue looked at the general of the Demon Race.

"Hmph, my demons would rather die than surrender! Don't think that you can make me surrender by killing hundreds of soldiers of my demons! There is nothing to talk about, it's your life and death!"

The commander of the demon clan said to Fang Yue extremely stubbornly.

At this time, agreeing to Fang Yue to sit down and talk, doesn't it mean that their demons are softened?

Soft?

That is impossible!

They will never be subdued for the rest of their lives. In the demons, there are only standing dead soldiers, not kneeling slaves!

"Come on! Kill me! I don't believe it. With our ten times, a hundred times as many as theirs, we can't kill these people from the royal family!"

The commander of the demons roared and waved the butcher knife in his hand, raising it above his head.

The butcher knife glowed with a faint scarlet light under the sun!

Fang Yue's face once again showed an aggrieved look.

"In fact, there are many things that don't need to be beaten and killed. Sitting and talking is the best result!"

Fang Yue's voice fell, and the soldiers of the Demon Race had rushed over!

"Brothers, since it is the demons who don't give us a way to survive, we can only be forced to fight back!"

Fang Yue's voice fell.

Abnormal changes occur suddenly.

The gates of the Heavenly Capital City slowly opened, and a group of people lined up, among which the big bearded man was still waving the flagpole in his hand and calling out loudly.

"Wu family, Canglong Pavilion, come to support by the order of Miss Wu Siyu!"

The sound shook the sky, as if rumbling and thunder, it made people boil with blood, and there was a vaguely generous feeling.

Tie Qi Juan Chen, suddenly arrived.

All this disrupted the previous arrangements of the Mozu.

"Is this king's reinforcements coming?"

The general of the Demon Race was slightly startled, but afterwards, he fixed his eyes and couldn't help laughing.

"This is only a hundred people, and there are only three practitioners in the Yin and Yang realm, and the rest are practitioners in the rotation realm! Is it possible that the ants who want to accompany the Wang family die together?"

"Wu Siyu?"

Fang Yue was also very surprised. He looked at these Canglong Pavilion people and felt something was wrong! According to his previous plan, the people of the Galaxy Star Alliance would never give him a

helping hand. They couldn't wait to sit on the sidelines and watch him get pierced by the demon's arrows!

However, all of these people in front of them are clearly dressed in the costumes of people of the Galaxy Star Alliance, and even their armor levels are more refined and advanced than those of the previous Galaxy Star Alliance soldiers!

"No, it's the saying that dogs can't change eating shit. Those in the Galaxy Alliance are absolutely impossible to make such a move in the snow!"

"Dare to ask your lady who is..."

Fang Yue asked the big bearded man.

The big bearded man smiled heartily: "My lady is Wu Siyu from the Wu family of the Galaxy Star League!"

The bearded man's smile is kind.

"The Wu family of the Galaxy Star Alliance? This is no wonder!"

Fang Yue knew the identity of Wu Siyu immediately after hearing Dahan's introduction!

Wu Siyu and he used to be the seeds of the Galaxy Alliance, Fang Yue also had a little understanding of Wu Siyu's background!

Wu Siyu herself is an extremely talented player. She repelled a demon's saint-level powerhouse when she was at the fifth level of Yin-Yang realm! And the Wu family behind her is one of the giants of the Milky Way galaxy. This family has infiltrated the two major forces of the Galaxy Bank and the Galaxy Star Alliance at the same time. It is said that the Wu family's hands have reached dozens of nearby stars. Domain.

Even the shadow of the Wu family is in the Alpha Star Territory!

"Miss ordered, I'll wait for you to make arrangements!"

Beard gave the command to Fang Yue's hands.

Since it is a play, a full set should be made. Anyway, this Fang Yue won't let them destroy their entire army!

"Temporarily retreat, the whole army retreat! Give this land to the demons!"

Fang Yue gave an order.

The beard was taken aback.

What kind of tactics is it to say that one is the best?

Why are they going to retreat when they just came out handsomely!

Looked at the beard in puzzled eyes.

Fang Yue had no time to explain.

The boat turned around very well, Fang Yue had only two hundred men under his hand, and it was easy to retreat.

"Stop!"

The leader of the Demon Race is chasing, and behind him is the great army of Demon Race!

After Fang Yue's men and horses had evacuated some distance.

A light suddenly lit up at the feet of the demon army!

"Not good, ambush!"

The leader of the demon army shouted, but he also made complete preparations.

A black stone in his hand floated into the air.

Magnetite divine stone can suppress all formation operations!

Of course, there is a limit to all of this. It is really useless for the tactics to reach the level of the saint.

The light of the formation is dim.

The commander of the demons gritted his teeth.

"Wang family, your souls are weak!"

The demon commander took a closer look and found that what lies beneath his feet is not a formation at all, but pieces of fluorescent stones suddenly glow!

Co-authoring him is a waste of feelings.

That piece of magnetite divine stone was also sacrificed for nothing!

"Why are you so nervous, I'm just afraid that it's dark, you can't find a way to chase me, so I kindly put a fluorescent stone for you to illuminate you, why are you so dog-biting Lu Dongbin and not knowing good people?"

Fang Yue teased.

The hatred in the head of the Demon Race suddenly became stronger!

Shame!

What a shame!

These people are clearly here to avenge their grievances, but they were played with by the king's applause and laughed generously!

"Kill, kill, kill! Kill me!" Of course, the calm before the leader of the demon clan didn't exist for an instant. He brandished his butcher knife and shouted in the direction of the Heavenly Capital City!

Wu Siyu on the wall said softly: "This demons is defeated!"

"Fang Yue never thought of negotiating with the demons from beginning to end. He just wanted to continue to provoke the demons in this way and turn them into a group of wild beasts! The demons are sturdy and good at killing. It is the biggest advantage of their race, but it is also their shortcoming! Once they lose their minds, these demons are no different from those crazy beasts!"

Wu Siyu glanced again at Fang Yue, who was hidden in the silver armor.

Unexpectedly, she still underestimated him!

But Wu Siyu only knew that the demons would lose, but he was very curious about how this demons would lose!

The Mozu chased and killed Fang Yue's 200th Centaur in the ass.

They overwhelmed the sky, and in various ways, blocked the path of all Fang Yue's subordinates!

There are all kinds of demons that fly in the sky, run on the ground, swim in the water.

Fang Yue ran ahead and suddenly turned around.

"Look at the formation behind you again!"

The leader of the demon clan already hated Fang Yue gritted his teeth, how could he be willing to take advantage of Shangfang Yue's second time!

"Don't lie to me, those are clearly fluorescent stones, there is no way to lie to me!"

The leader of the demon race did not turn his head back, letting the formation behind him light up.

"I didn't lie to you this time, it is indeed bright!"

Fang Yue's voice was suddenly hoarse and low, with a hint of sarcasm.

The formation was lit up, and a rumbling voice came from the ground!

The leader of the demon clan immediately felt something was wrong, and behind him a breath of destruction was born.

When he turned around, it was too late.

A giant of a hundred feet tall has slowly stood up from the formation.

"Thunder Titan!"

The leader of the demons recognized the identity of this giant at a glance.

Unfortunately, there is no reward!

The footsteps of Fang Yue and others have stopped.

The ultimate move has emerged!

Next, they just need to wait quietly for the fruits of victory!

"destroy!"

A deep roar rolled from the Thunder Titan's throat.

The roar turned into a billowing thunder, like a galaxy river, swept in the direction of those demons!

At least hundreds of demons were caught off guard, and were chopped into ashes by thunder in the rivers of the Milky Way.

The power of thunder represents calamity, judgment, destruction and rebirth!

All creatures have an instinctive fear of the power of thunder!

But the demons originally belonged to the dark family, and the power of thunder had an extra restraint effect on them!

#### **Chapter 1504: The demons are defeated, and their intelligence is crushed!**

You may not believe it!

Before that formation summoned the Thunder Giant, even Fang Yue didn't know what was going on in this formation.

The formation was arranged by the people of the Wang family, and it was said to be a killer's key from the ancient ruins!

Fang Yue is responsible for provoking the Demon Race, spurring the Demon Race's anger, and then leading the Demon Race to circle the battlefield, and at the same time let the formation method summon the Thunder Giant without any interference.

Summoning arrays are the most vulnerable, and some of the arrays are based on spatial coordinates.

Once a certain link is destroyed, it is very likely that the summoned Thunder Giant will not know which plane to go to fight for!

The figure of the Thunder Giant is tall and towering, like an insurmountable mountain!

With a slow motion, he kept advancing towards the position of the demon army.

The demons' army was in a state of trembling.

,

This Thunder Giant is a sect leader level Thunder Giant, born with great power, claiming that as long as both feet step on the ground, the power in the body can never be exhausted.

Ordinary demons face huge monsters like Thunder Giant, and the result of their encounters is usually two words-crush!

"Don't be afraid! This Thunder Giant has lost his wisdom and has been refined into a puppet. He has no strength in his lifetime, just an empty shell!"

At the critical moment, the commander of the Demon Race took the lead on top of himself.

He knew that if they were defeated, the endless pursuit would follow.

Cowardice is the deadliest poison on this battlefield.

And if they still have the courage to fight, then there is a possibility of victory!

A confident guard of the demon commander turned into a beam of black light towards the thunder giant!

He is the pinnacle level of the Yin and Yang realm, belonging to the Mantis Demon Race, this group of Demon Races, attacking transcendence, can leapfrog to kill the enemy, although the physical body is weak, but the advantages in attack and speed are enough to make them the best assassins!

Fang Yue said, "The courage is commendable, but it's a pity that the strength is not good!"

The action of the Thunder Giant is slow!

He couldn't stop the killing of this Mantis Demon Race.

The Mantis Demon Race approached the Thunder Giant and immediately showed a triumphant smile.

The goal is close at hand, as long as he kills the thunder giant, then he will be completely famous among the demons.

The blade in his hand was raised, and it fell towards the neck of the Thunder Giant.

The space is slightly distorted, and even the space will be completely torn in front of the blade of the Mantis Demon Race!

At the same moment.

Layers of golden armor charms suddenly appeared on the surface of the Thunder Giant!

The people of the Wang family naturally knew the strengths and weaknesses of the Thunder Giants. Why did they buy so many Golden Armor Talisman from Fang Yue's hands before going home and stick them on the door to ward off evil?

Obviously not!

These golden armor amulets are to resist the demon's surprise attack and block the fatal blow of the assassin.

The blade fell, and layers of golden armor emerged one after another.

The blade and the golden armor collided with each other.

Brilliant sparks were stirred up!

"Ruined!"

When the Mantis Demon Race saw the layers of golden armor, they knew that his assassination had failed.

This assassin is often like this, they only have one chance to shoot, once they fail, it means fall.

The blade of the mantis demon pierced dozens of layers of golden armor, but in the end it failed to penetrate the defense of the Thunder Giant.

"kill!"

A word of death roared from the Thunder Giant's mouth.

The sound was thunderous, causing the mantis giant's seven orifices to bleed, and his internal organs were all shattered!

In the next moment, the palm of the Thunder Giant fell, and the tiny Mantis Demon Race was photographed directly into meat sauce!

A mantis demon clan at the peak level of Yin-Yang realm has fallen.

The little courage that the soldiers of the Demon Race had just ascended disappeared instantly!

Can they break this golden armor talisman?

It can't be broken!

Even the assassination of the Mantis Demon Race, whose attack power is comparable to that of the Master Realm level, failed. Can people like them help this Thunder Giant?

Stuck!

The leader of the Demon Race saw this scene with a slight tremor in their hearts, and then they turned their eyes to Fang Yue and the others.

The ringer must be tied to the bell. Since these kings summoned the terrifying Thunder Giant, can killing them send the Thunder Giant back to his original world?

"Kill these guys!"

The leader of the Demon Race did not hesitate, he turned the blade directly to Fang Yue and the others!

"Particle Cannon, kill these shameless guys!"

Fang Yue was also well prepared.

Are we soft persimmons?

Sorry, you are wrong!

One hundred disciples at the rotation level of the Wang family are well trained, and they have launched a particle cannon.

The energy is filled!

A hundred rays of light run through the void and complement each other.

Each white light beam can take away several or even dozens of lives of demons.

Their bodies are directly evaporated! The fragile body is like a joke in front of the indestructible particle cannon.

The leader of the demons is terrified!

There were tigers in the front and chasing soldiers. On this battlefield, as strong as them, they turned from a tiger to a sheep and became the weakest side that no one can afford!

"Actually, when I started, I really wanted to negotiate with you!"

Fang Yue mentioned the old things again, and the leader of the demon clan spewed out a spit of blood.

He was vomiting blood by Fang Yue!

You are ridiculing! red. Naked ridicule!

Fang Yue glanced at the demon general who was vomiting blood.

"Elderly, you should take care of your body when you are old! It's only right for you to go home with such a physique. Such a physique still faces us. Is it true that the demons are no one?"

Fang Yue's expression was concerned, but he was completely annoyed and not paying for his life!

The demon leader's eyes were red.

"Wang family, don't be proud of you too early! Don't think I really can't do anything with you! This puppet of the Thunder Giant must have been refined by you with great difficulty. It takes a lot of manpower to capture the Thunder Giant. Refining to become a puppet requires huge financial resources! I am doing my best to destroy this thunder giant today. I don't think you are distressed or distressed!"

The commander of the demons finally went crazy! He will do his last effort to destroy the thunder giant.

Fang Yue is a little guilty.

This thing is not his after all!

The ghost knew whether this thing was important in the eyes of the Wang family.

If it is really a baby bump, it is ruined, and it might really make the Wang family feel painful!

"Don't worry, the generals of the demons can't destroy our Thunder Giant! This Thunder Giant was created by us imitating the blueprints aborted by the ancient civilization! If he is not indestructible, how can he be worthy of the waiter of the ancient Hades? The title!"

Wang Feng didn't know when he appeared beside Fang Yue.

There are confident smiles all over his face.

The blood in the demon general suddenly burned and turned into a boundless flame. His cultivation realm was abruptly raised by four or five small realms, and he was already a strong person comparable to the early days of the saint realm!

He drew a black sword from the void, the sword seemed to be condensed from the purest power of darkness.

There are countless weird inscriptions on the black sword.

Each of these inscriptions represents a symbol of the law of darkness.

The black saber slowly slipped down from the void!

A knife fell and slashed towards the body of the Thunder Giant.

The Thunder Giant roared, spread his hands, and a thunder waterfall poured down from above the nine heavens.

However, the Demon Race no longer cared about his own body injury. He could not stop because of using the secret technique. He was burning his blood and soul, even if he could defeat the Thunder Giant unscathed, with this secret technique. At the end, he will definitely run out of oil and the lamp will wither and fall.

Rather than useless defense, it is better to radiate the last bit of residual heat.

Ignore his defense, and then concentrate all his power on the sword in his hand.

The sword was raised, and the sword fell.

The void splits into the void, suddenly two halves!

The gold armor of the Thunder Giant's watch was torn apart like paper.

At the same time, it was the chest of the thunder giant that was shaved.

An extremely large heart was revealed. On the red heart, blood vessels seemed to be entwined with red poisonous snakes!

The eyes of the Thunder Giant were round, and he was fatally injured.

And the leader of the demons showed a proud smile.

Although he used the secret technique, although the last time of his life has been run out, after all, he defeated this thunder giant with his own strength!

"Roar!"

The Thunder Giant opened his big mouth, and a ball of flames spewed out.

One group, two groups, three groups, four groups...

There are nine flames, each of which is ten meters in diameter.

The flame fell, and all the demons hit by the flame burned into ashes.

The flame was black, without light and temperature, as if it was devouring all the beauty of time.

Life, hope, etc.!

"Netherfire!"

The eyes of the demons opened wide, and he said these two words!

The expressions in his eyes were unwilling. He didn't expect this Thunder Giant to have such an ability. He was dying, and he was able to hold his demons to bury him!

Although these nine groups of flames did not kill all the demons, at least 90% of them were dead.

The rest of the people face the black hole in the weather. The particle cannon of the hole has almost no possibility and hope of survival!

Then something happened that made him even more desperate.

The Thunder Giant smeared drops of herbal liquid on his chest.

The almost fatal scar began to heal slowly!

With the injection of a large amount of Baicao liquid, the wound healing speed is getting faster and faster.

The demon leader felt that his life had been truly exhausted, and he had no strength at all.

He wants another knife, but he can't lift the knife anymore!

"what!"

All the despair that the demons commanded was turned into this powerless roar.

Everything ends.

The demons were defeated, and the Wang family used their assassin to surprise the audience!

### **Chapter 1505: Famous and invincible**

The Wang Family defeated the Demon Race twice, and eight thousand Demon Race fighters never survived. Even the leader of the leader of the leader level died in the hands of the Thunder Giant at the last moment.

This time the end of the Demon Race is not tragic enough!

The king's winning streak once again gave the Mozu a fierce blow!

At this special moment when the two races are restraining each other and the war has not yet begun, this small-scale battle has become the mainstream of the entire battlefield.

The victory of the Wang family was unexpected and vigorous. If the first time the Wang family won, there were elements of coincidence in it.

But the second victory of the Wang family was impeccable and upright.

This is absolute crushing, whether it is force or intelligence!

The Mozu had nothing to say when he lost. Although he was unwilling, he had no words to explain.

The Galaxy Covenant will scroll the video of this war across the galaxy!

Although on the racial battlefield with hundreds of millions of people as the combat unit, the casualties of these thousands are nothing.

But this time the Wang family was unexpected, winning beautiful and winning earth-shattering!

The Wang family's purpose is achieved.

The name of this family suddenly rose, and it can be regarded as the number one person in the entire Milky Way galaxy!

"This battle was fought beautifully! My Wang family will never treat you badly!"

The Wang family, Fang Yue returned the 100th man from the Wang family to Zhao. In fact, they just wandered around the battlefield, and they made a mortal contribution.

In fact, the so-called merit depends not only on how many enemies you kill, but more importantly, on how your own faction promotes the matter.

Whether it is Fang Yue or Wang's family, it's actually a good time to catch up.

If it were placed in other ages, they would kill this person and make this point of credit.

But this time node is really too critical.

In the battlefield with the Alpha galaxy, the Galaxy Covenant has lost more and less victory, and its morale is low. However, it has been raided by the demons on the planet of Helen. Now the Galaxy Covenant is already in a state of desperation, and finally has a few rare and beautiful battles. Of course, it is necessary to work hard. The external publicity boosted morale!

At the same time, the Wu family has also worked hard to publicize this matter. What do you think this matter has to do with the Wu family?

Of course this is related!

The Wang family's hundred-member team fought alone outside the Heavenly Capital King City. Only the Wu family's Canglong Army was really willing to send troops to support them. Does this matter have anything to do with the Wu family?

When the Wu family promoted the Wang family, they also deliberately promoted themselves.

Then the Wu family's Canglong Army became a famous benevolent and righteous division in the entire Galaxy Star Alliance.

However, the army of the Galaxy Star League garrisoning the Tiandu King City remained silent in embarrassment.

Originally, they also had their share of the credit, but they insisted on standing by and watching Wang's jokes.

Naturally, there is no credit.

"This time, this time, things were caused by Fang Yue! Those Golden Jiafu and Baicao Liquid were bought by the Wang Family from Fang Yue! This Wang Family has long been unruly to my Galaxy Star Alliance. Heart! Even though they have made great contributions, I am afraid that the purpose in their hearts is not simple!"

Chen Xing whispered, standing beside Kang Yunyu.

Kang Yunyu is the instigator of Wu Siyu's overhead!

Behind Kang Yunyu is the Kang family of the Galaxy Star Alliance, and right is the Kang family where Kang Yue is.

And behind Wu Siyu is the Wu family.

Both big families belong to the behemoths in this galaxy. As the saying goes, one mountain cannot accommodate two tigers. Both of these two families are well-known big families in the Galaxy Alliance. Naturally, there are often conflicts of interest between them. Things like disliking each other!

The relationship between the Kang family and the Wu family was not harmonious.

And Kang Yunyu himself did not have any good feelings about Wu Siyu, and the two were selected into the seed sequence of the Galaxy Alliance.

But Wu Siyu is now a platinum seed, and he Kang Yunyu is still a golden seed.

Both were selected into the seed sequence of the Galaxy Star Alliance in the same session, so why is Wu Siyu's status higher than his Kang Yunyu?

Kang Yunyu's heart is not balanced! Therefore, after Wu Siyu came to the capital city on this day, Kang Yunyu would give birth to evil spirits to raise Wu Siyu!

However, Wu Siyu's fight back this time was a powerful blow.

Wu Siyu has already reported the fact that no one had dispatched the soldiers of the Galaxy Star Alliance in the Heavenly Capital City!

The Galaxy Star Alliance ordered a thorough investigation of this matter. Although Kang Yunyu has not been found, Wu Siyu's position in the Galaxy Star Alliance army in the Heavenly Capital City has suddenly risen!

"What, did you say that Wang Clan was in collusion with Fang Yue? They openly ignored the authority of my Galaxy Star Alliance?"

After receiving this news, Kang Yunyu began to chew.

He wanted to burn this fire on Wu Siyu's head.

For the Wang family, Kang Yunyu can't talk about likes or dislikes.

And Fang Yue is the absolute enemy of their Kang family!

Fang Yue is actually still a controversial figure in the senior management of the Galaxy Star Alliance.

Many people think that Fang Yue should be attracted instead of repelled!

"Since Wu Siyu dispatched the Wu family to support the Wang family this time, then this can create an unclear relationship between the Wu family and the Wang family! The Wang family blatantly defied the order of the Galaxy Star Alliance and bought various goods in Fang Yue's hands. I'm already despising the majesty of the Galaxy Star Alliance! In this way, I ordered a thorough investigation of the royal family to see if this royal family has a rebellious heart towards my Galaxy Star Alliance, and then handed over the confession to the Wang family! Let the Wang family hold all the ancient ruins in their hands and their research Turn in all the civilization achievements! I want to see how the Wu family will react!"

Kang Yunyu's eyes narrowed slightly.

He has already figured out all kinds of vicious tricks in his heart!

And at the same moment.

A rare and distinguished guest came from the Wang family, and Wu Siyu came to the Wang family alone.

"Ms. Wu's visit to my Wang's family really makes my Wang's family alive!"

Wang Feng received Wu Siyu with great enthusiasm. Although the Wang family has been keeping a low profile over the years, it is considered to be a good business, but compared with the Wu family, it is really the difference between rice grains and Haoyue!

This time the Wu family sent people out of the city to help out, no matter what kind of thoughts this Miss Wu Siyu has, after all, on the surface, the Wu family is still willing to make friends with their Wang family!

"Patriarch Wang Feng is not welcome! I am here this time to discuss important matters with the Wang family and Young Master Fang Yue!"

Wu Siyu's voice is soft, giving people a feeling of drunkenness!

When Wang Feng heard Wu Siyu's voice, his heart felt like a cat scratching.

"I don't know if Miss Wu's coming here, what do you want to discuss with me, the rebellious rebellion of everyone in the Galaxy Star Alliance?"

Fang Yue walked out of a different courtyard, his divine consciousness covered all directions, and everything around could not escape his divine insight.

Fang Yue's appearance made Wu Siyu's face a smile.

"Young Master Fang Yue, why bother about the actions of some young people in the Galaxy Alliance? Those people are narrow-minded and are destined to be unable to achieve the atmosphere. There are not unreasonable people in the Galaxy Alliance, not everyone. Everyone rejects Master Fang Yue!"

Wu Siyu's voice is lingering, which makes people feel relaxed.

Fang Yue smiled and said, "That's true. If this Galaxy Star Alliance really tried its best to kill me, I'm afraid there would be no place for Fang Yue in this huge galaxy!"

Wu Siyu nodded slightly: "Since Fang Yue understands this principle, it is good. In fact, there are only two forces in the Galaxy Star Alliance who are really hostile to the other party. One is the Kang family headed by Kang Yue, and the other is the one headed by Zhang Taicang. A faction. And my Wu family has always been in the Milky Way Star Alliance to say good things about Young Master Fang Yue, to safeguard the interests of Young Master!"

Fang Yue smiled, not all believe Wu Siyu's words.

There are intrigues and intrigues among the senior leaders of the Galaxy Alliance!

Is Wu Siyu really optimistic about herself, or just wants to use him.

This matter is really uncomfortable.

Fang Yue never trusts others easily.

This is also an important reason why he can live to the present.

"I don't know what is wrong with Miss Wu coming to me and Wang Feng?"

Fang Yue cut into the subject, unwilling to entangle himself in some imaginary things!

Wu Siyu sighed and said: "It seems that Young Master Fang Yue is still unwilling to completely believe in me, but that's all, this way of knowing horsepower has long seen people's hearts. When the critical moment comes, my Wu family will naturally stand on the side of Young Master Fang Yue!"

"I'm actually here this time for the ancient ruins. This time my Wu family came to the Helen Star. In fact, the rewards are not small! We have excavated dozens of ancient ruins and obtained many treasures unearthed from ancient civilizations! The treasures in the ancient ruins and some civilization inheritance are not what my Wu family needs, so I want to take out a part of the treasures from the ancient ruins to exchange something valuable to my Wu family to the Wang family and Fang Yue!"

Wu Siyu smiled like a flower.

She is talking about business with Fang Yue.

"So what kind of treasures can the Wu family come up with in exchange? I declared in advance that I don't have many products of ancient civilization in my hands!"

Fang Yue saw Wu Siyu's sly gaze, and immediately understood that this woman must have come with a purpose!

"No time, no time, before cooperating, I have to prove my sincerity! I guess, the opportunity for me to prove my sincerity is coming!"

Wu Siyu's words just fell.

He heard a loud noise from the outer courtyard of the Wang family.

"The Galaxy Star Alliance has an order. The Wang family has a business relationship with Fang Yue against the will of the Galaxy Star Alliance, and does not respect the order of the Galaxy Star Alliance! Order the Wang family to surrender all things related to the ancient relics and order all the elders and above of the Wang family to go to the city lord mansion. Please, let Master Kang Yunyu handle it!"

Chen Xing was full of excitement. His eyes swept across the Wang family greedily. Although the Wang family had fallen, the ancestors had also passed it. This time Kang Yunyu asked him to search the Wang family and gave him a chance to make a fortune?

In Chen Xing's heart, he had already secretly decided that he wanted to search the Wang Family completely, not even leaving them an inch of land!

### **Chapter 1506: The sincerity of the Wu family**

Chen Xing's order fell, and the entire Wang family was still in order.

From the servant to the master of the Wang family, none of Chen Xing's words were the same.

Who is Kang Yunyu?

Never heard of it!

In this day's capital city, who doesn't know that their royal family has a deep heritage!

This foundation is so deep that the current Wang Family has already declined on the surface, but all the families in the Capital City are afraid to act on the Wang Family!

Because they are afraid of being planted in the Wang family.

Sometimes, this background is more terrifying than a living master!

The troops of the Galaxy Star League have filed in, a total of 800 troops, all with guns and live ammunition, fully armed!

The look in Chen Xing's eyes was even more proud.

How about your royal family even if the ancestors were rich?

Could it be that he was still unable to resist under the will of the Galaxy Covenant, and following the will of the Galaxy Covenant, at best, was a little humiliated.

And if you defy the intention of the Galaxy Star Alliance, it is likely to mean that from today onwards, the Wang family will be completely removed from the royal city of this day!

"Wang Feng, come quickly to get your purpose!"

Chen Xing pinched his waist, completely looking like a villain.

There is no response.

Chen Xing's voice was like a mud cow entering the sea.

No one in the entire Wang family took care of Chen Xing, as if Chen Xing was singing a one-man show from start to finish, just talking about himself!

In a moment, Wu Siyu walked out.

"Chen Xing, this king's family is a meritorious minister. You just defeated the demons. You fabricated the decree of the Galaxy Star Alliance to search the king's family? You are so bold!"

Wu Siyu yelled sharply.

This Kang Yunyu is really getting worse and worse.

This guy has a small belly, and he fought against him in the Galaxy Star Alliance.

Unexpectedly, this time it turned out to be black and white, and openly searched the Wang family.

"Miss Wu Siyu, although you are a platinum-level seed in the Galaxy Alliance, you are not eligible to disobey the order of the Galaxy Alliance!"

Chen Xing also knows little about Wu Siyu's identity, but Chen Xing understands that as an excellent dogleg, the owner's enemy is his enemy.

This time, Kang Yunyu was going to attack the Wu family.

Since Wu Siyu has taken the initiative to stand up, it is naturally a good thing to save him from consuming brain cells and trying to find a way to cause trouble!

"I disobeyed the Galactic Alliance's orders? Does he Kang Yunyu represent the final decision of the Galactic Alliance?"

,

Wu Siyu laughed in anger, thinking that as long as she stood up, Chen Xing would naturally leave.

But who would have thought that Chen Xing turned out to be rude to her, and even the hat of defying the Galaxy Star Alliance wanted to be buckled on her head.

Wu Siyu looked at Chen Xing coldly.

"Chen Xing, you can! The dispute between my Wu family and the Kang family, the powerhouses of the Great Sacred Realm level in the general Galaxy Star Alliance dare not intervene at will. I did not expect that you, a small disciple of the Chen family, would be behind The family is gone! Even dare to speak rudely to me!"

Chen Xing lowered his head slightly and said with a stern look: "Miss Wu Siyu, please forgive me. My subordinates did not want to be rude, nor did they want to participate in the dispute between the Wu family and the Kang family, but the Galaxy Alliance had long ordered Fang Yue to be banned. On this day, the large and small forces in the capital city are not allowed to purchase Fang Yue's little goods! And this king family turned out to be law-knowing and breaking the law. Although they had done a good job in repelling the demons before, this credit and punishment cannot be confused with each other!

Galaxy Star The alliance will naturally reward the royal family for the merits, and for violating the ban on the galaxy star alliance, this is absolutely impossible to let go of the royal family, otherwise, where else will the majesty of the galaxy star alliance go?"

Chen Xing is totally arrogant, but he has a sense of righteousness.

Fang Yue also stood up at this time.

"Unexpectedly, there is still my business here! However, when did the Galaxy Covenant begin to block my shop, why don't I know? Although I have some small conflicts with some of the senior leaders of the Galaxy Covenant, But after all, everyone in this galaxy still knows that I have not quit the galaxy alliance. I am the platinum seed of the rotation level in this galaxy alliance! And I am still the master of this star of Helen! This galaxy alliance has passed several times. I decided to give this planet to me! Someone in my planet ordered me to be banned. This is incredibly absurd! So, you take out the command to ban me and I will publish it on the entire galaxy! If you do not have this order, then you are fabricating the will of the Galaxy Star Alliance, and the sin should be annihilated!"

Fang Yue is not a good crop, Wu Siyu is still a bit too soft.

Faced with a dog like Chen Xing, he can't give him the slightest way to survive. Only beating to death with a stick is the right way!

Chen Xing was suddenly dumbfounded.

Unexpectedly, Fang Yue could be so eloquent.

"This is an oral order! It is not an illegal order, I have no evidence!"

Chen Xing took a deep breath, and Fang Yue explained.

"Oral?" Whose verbal order, let him stand up and confront me, Chen Xing, if you can't find this person today, it's you fabricating the will of the Galaxy Star Alliance. Today I will not only kill you, but even the one behind you I want to kill all of the eight hundred people!"

Fang Yue's voice is strong, he is already anti-subject, aggressive, and has fully grasped the initiative in negotiations.

He is even more fierce and evil than Chen Xing, and he has to show his teeth and claws!

Opening up and shutting down is to punish the nine tribes and kill the whole family!

Chen Xing's palms began to tremble.

Unexpectedly, this Fang Yue turned out to be so fierce!

At this time, Wang Feng also stood up.

He glanced at Chen Xing and said to Chen Xing with interest.

"When did even this kind of bereavement dog come to my royal house and bark! Chen Xing, the Chen family behind you has been wiped out by the entire demon clan, and Chen Guangming from your Chen family has actually taken refuge in the demon clan, evidence To be sure, I remember that you are Chen

Guangming's nephew, this should be correct! Your uncle took refuge in the Demon Clan, and you are not innocent! You, a suspected Demon Clan spy, came to my Wangjiaxingshi Asking guilt, this is really funny and weird!"

Whether it is Wu Siyu or Fang Yue, Wang Feng is not good at everything!

Especially Fang Yue is the kind of person who usually goes to other people's door to find fault when nothing is wrong.

Now that he has been bullied to the top, how could he be reconciled?

Chen Xing flushed with shock.

"Okay, okay, okay! Since you are defying the orders of the Galaxy Star Alliance, don't blame me for reporting today's affairs, and then levelling the Wang family, and at the same time convicting Fang Yue and Wu Siyu!"

Chen Xing said harshly.

He knew that it was difficult for him to kill Fang Yue and Wu Siyu.

If the Galaxy Star Alliance can really do it, he doesn't need to make a move!

But if the Wang Family can be destroyed, it is also his great achievement, at least it can suppress the arrogance of Fang Yue and Wu Siyu.

In Chen Xing's eyes, the Wang family was nothing at all.

Although the royal family has a profound background, it used to be one of the best clan in the capital city thousands of years ago, but now it has fallen. On the bright side, there is even a saint like Wang Feng alive.

Even if there are other saints living in the Wang family, how many figures will there be?

One or two?

Or is it three or five?

Chen Xing roared.

Wang Feng sneered and said: "Chen Xing, this meal can be eaten randomly, but you can't talk nonsense, don't you just want to search my Wang family? Whatever! It's just that my Wang family has fallen! You may not be able to be in this Wang family. I found what you wanted!"

Chen Xing seemed a little bit soft when seeing Wang Feng.

He immediately showed a sneer: "It turns out that you, Wang Feng, are also a soft persimmon. Why have you compromised now? What about your aggressive and domineering just now?"

"Come here, search this king's house and take away everything related to ancient civilization!"

Chen Xing waved his hand, preparing to search Wang's house.

However, as soon as his voice fell, a soldier from the Galaxy Star Alliance who was in charge of the search burned to ashes!

This is an elite of the pinnacle level of the rotation realm, belonging to the Kang family's combat sequence.

Unexpectedly, he hadn't even found out half of the things in this Wang's house, and he would have died!

"Wang Feng, what the \*\*\*\* are you doing against the soldiers of the Galaxy Star Alliance?"

Chen Xing roared.

Wang Feng is innocent.

"Chen Xing, which eye did you see when I acted on the soldier of the Galaxy Star Alliance? Is it the \*\*\*\* eye behind you?"

Wang Feng sneered and sneered, "You are the one who returned to the Galaxy Star Alliance! He just made a mistake.

Stepped on the trap of my Wang family! "

Chen Xing frowned, he lowered his head and carefully observed the place where the soldiers of the Galaxy Star Alliance turned to ashes.

Sure enough, as Wang Feng said, there was indeed a trap under the soldier's feet.

And that trap is so ingenious that it is impossible to capture the slightest trace of it if it is not for a sharp soul!

"Wang Feng, you are also defying the orders of my Galaxy Star Alliance! Deliberately make things difficult for me to wait! I order you to close all the traps in the Wang Family now, otherwise, I will go back and report to the Galaxy Star Alliance high-level officials that you are disobedience. Not respectful!"

Chen Xing shouted at Wang Feng.

Wang Feng spread his hands: "This is really forgiving! These institutions are all left by the ancestors of my Wang family! And my Wang family used to be in its prime, now it has fallen, and there is no such kind of talent to dissolve institutions. If the members of my royal family were not of the same blood as our ancestors, I am afraid they would be attacked by these institutions indiscriminately!"

Wang Feng said pitifully!

But Chen Xing didn't even believe a word at all.

"Okay, okay, okay! Well, you Wang Feng, you are completely exterminating the Wang family!"

Chen Xing's voice roared.

Then, Wang Feng remained silent!

"If you want to add to the crime, why don't you have any trouble, since your Galaxy Star Alliance is determined to destroy my royal family, why bother to find this kind of excuse for the abuse?"

Wang Feng's tone was full of grief and anger.

And Chen Xing sneered and said: "The blame is on your Wang Family and the Wang Family's cooperation. Everyone evacuated the Wang Family with me and returned to the City Lord's mansion to immediately report to the Galaxy Star Alliance high-level officials to destroy the Wang Family!"

Chen Xing gave an order, and his 800 people were ready to leave.

### **Chapter 1507: Burning jade?**

However, at the door of the Wang family, endless lightning fell suddenly, turning into a curtain and abruptly blocking their way!

"Wang Feng, what do you mean?"

Chen Xing turned around and asked Wang Feng again!

Wang Feng helplessly spread his hands: "I just explained it! These institutions are left by the ancestors, and we can't solve them! You just guessed that you didn't know where you touched it!"

"Actually, Chen Xing, you don't have to worry! Since you are so eloquent in this galaxy star alliance, you will destroy whoever you say, kill whoever you say, now you can tell the galaxy star alliance's situation. People, let them send an army to save you! By the way, they can also destroy my royal family! To be honest, it's meaningless to be the Patriarch of this royal family. If you are wiped out by the Galaxy Star Alliance, it will be a hundred!"

Wang Feng's remarks were clearly intended to stimulate Chen Xing!

Chen Xing stared at Wang Feng and roared: "Wang Feng don't you think I dare?"

With a bang, a bolt of thunder penetrated the void, directly smashing dozens of Kang's guards into ashes!

Wang Feng teased and said: "Oh, by the way, Chen Xing, I forgot to tell you just now. What you are trapped in is a fierce formation arranged by the ancestors of my Wang family. There are many murderous opportunities in it! From time to time there will be some thunder and lightning. When you land, these men and horses under your hand may not be able to withstand a few waves of thunder and lightning! If this galaxy alliance's army comes too late, I am afraid that it will not be able to save you, at best it will collect your corpses!"

Wang Feng's words made the blood vessels on Chen Xing's forehead throb.

Arrogant, this Wang Feng is simply too arrogant!

"Wang Feng, wait for me. After three or five breaths, the army of the Galaxy Star Alliance will fall from the sky and razing your Wang family to the ground. Then, even if you want to kneel and surrender, no one will accept you. !"

Chen Xing gently lifted his palm, and a blood paper crane flew up into the sky, then disappeared.

Wang Feng did not rush to kill Chen Xing, he just embraced his arms, quietly waiting for the arrival of the galaxy alliance!

This Kang Yunyu still couldn't mobilize all the troops of the Galaxy Star Alliance in the capital city of this day. At most, he could get the people from the Kang family faction under him!

As long as all the troops of the Galaxy Star Alliance are not here, his Wang Family is not ashamed!

In a moment, the army of the Galaxy Star Alliance arrived as expected!

Thousands of mighty people covered the sky and sun.

These thousands of men and horses are all elites of the Kang family, and even the weakest soldiers are at the pinnacle level of the rotation realm. Among them, about 30% of the men and horses have reached the level of the Yin-Yang realm. In any one of the galaxy All the planets can be respected as beings of great energy level!

Among them, there are three hundred people who are strong in the leader realm, and ten saints are listed in order, and three of them are old immortals at the peak of the saint realm!

Even the Kang family has never used this battle against the demons!

A strange smile appeared on the corner of Fang Yue's mouth.

In every corner of the Milky Way galaxy, this scene is constantly being broadcast live.

The following is also accompanied by subtitles, the Kang family killed heroes, fornicating the demons, arrogant and arrogant, their sins are hard to redeem!

These are of course Fang Yue, Wu Siyu and Wang Feng both discussed at the beginning.

If you hit a snake, you have to hit seven inches. If you can't kill it all at once, Kang Yunyu would have not died!

The Kang family's battle appeared.

The Wang family felt a deep depression.

Wang Feng looked at Kang Yunyu floating above Wang's house and said with some grief.

"Kang family, you are simply deceiving people too much! My Wang family disciples went up and down, doing their best for the human race, and even the puppets of the ancient civilization at the bottom of the clan were taken out to kill the enemy! And your Kang family turned out to be the treasure of my king family. Turn the spear to us! We want to destroy the whole family of my royal family!"

Kang Yunyu is proud of the spring breeze.

In his eyes, today's Wang family is already the grasshopper of the Queen of Autumn.

"You are not guilty, and you are guilty! Wang Feng, you have been the head of the Wang family for so many years, are you so naive that you don't even understand this simple truth? Weapons of ancient

civilizations are used in clan battles. Weapons of this level are destined not to be owned by natives like you! It will belong to our Kang family!"

Kang Yunyu was unscrupulous.

Because everyone who heard this today is dying.

Perhaps Fang Yue and Wu Siyu were spared.

But who would listen to what the two said?

Kang Yunyu's voice fell.

The audience was silent.

From the top to bottom of the Wang family, the same hatred faces appeared on different cheeks!

Only Chen Xing was trembling with excitement.

The Wang family, who was aggressive in front of him just now, was so weak and incompetent in front of Kang Yunyu!

Fang Yue slowly opened his mouth and asked Kang Yunyu, "Kang Yunyu, I want to ask you a question, why did your Kang family come with such a large number of masters and elites this time, but don't participate in the battlefield of the ethnic group? With so many powerhouses in the Saint Realm and Leader Realm joining the Human Race, the Demon Race may not be able to conquer this Heavenly Capital City!"

Kang Yunyu glanced at Fang Yue.

He didn't expect Fang Yue to ask such a naive question!

"Fang Yue, do you still need me to answer such a simple question? My Kang family is the Kang family, and the human race is the human race. What is the relationship between the rise and fall of the human family and my Kang family? As long as my Kang family is strong enough, even if the Galaxy Star League perishes Even if the human race is destroyed, our Kang family can still be at ease. I came to the Heavenly Capital City this time only to benefit the Kang family! From the beginning to the end, I never thought about defeating the demons!"

Kang Yunyu told the truth, he became more and more unscrupulous.

There was always a faint smile on Fang Yue's mouth.

There are some things that Kang Yunyu said personally better than others' retelling!

At this moment, the light brain on Kang Yunyu's wrist suddenly lit up.

Kang Yunyu lowered his head and looked at the screen of Guangnao.

"Kang Yue, it turned out to be Lord Kang Yue! Could it be that he also heard of my amazing performance on Helen Star, so he is ready to praise me?"

When Kang Yunyu saw this name, the pompous expression on his face was suddenly put away, replaced by a solemn and solemn expression.

It is said that Lord Kang Yue does not like people who are pompous.

Only by doing things without leaking can you be appreciated by Lord Kang Yue.

Light brain turned on.

Kang Yunyu has not had time to speak.

Kang Yue's crazy roar came from inside.

"Idiot! Kang Yunyu, you idiot, hurry up and get me back! The performance of you just now was broadcast live by Fang Yue! The entire Galaxy Star Alliance has seen your performance!"

When Kang Yunyu heard the words, the divine light in his eyes faded like Lei Cheng.

The exaggeration on his face really disappeared this time.

Kang Yunyu was cold from the head to the soles of his feet, and he really felt like the end of the world!

"Give me an order to cut off all communication signals between Helen Star and the outside world!"

Kang Yunyu's voice became extremely cold and terrifying!

Ruined, his future is all ruined!

But he wanted to kill Fang Yue, destroy Wu Siyu, and completely eradicate the Wang family from Helen Star!

Kang's family law is harsh.

Of course Kang Yunyu knew what the result would be like when Fang Yue's performance was broadcast live.

Therefore, Kang Yunyu was not ready to go back alive.

He wants to make his last contribution to the Kang family before dying!

"Yes, my lord!"

Kang Yunyu's deputy spoke. He is a strong man in the Saint Realm, not the pinnacle, but a loyal dogleg trained by the Kang family for Kang Yunyu!

Fang Yue looked at Kang Yunyu with pity on his face.

"Does the dog jump over the wall in a hurry, want to die?"

"Jade and stone are burned!"

Kang Yunyu slowly uttered these four words.

Kang Yunyu's eyes are scarlet, just like being enchanted!

"Jade and stone are burned, I am afraid you are not qualified!"

In the depths of the Wang family, a breath of great sacred realm level swept out!

The mountains shook, the world changed color!

Wang Kai walked out of the depths of Wang's house step by step, stomping through the void with his soles.

Great Sage Peak!

He just used his breath to seal everyone that Kang Yunyu had brought.

Even a master at the peak of the Saint Realm had no power to fight back in front of Wang Kai at the summit of the Great Saint Realm.

And Chen Xing, who was trapped in the thunder and could not move anyway, had no pride on his face at the moment.

"The Wang family still has a great sage, and the Wang family has not fallen?"

Chen Xing muttered to himself, his face pale as paper.

If you knew that the Wang family still had a strong man at the peak of the Great Sage, who would dare to offend the Wang family?

Kang Yunyu's face faded away, and he looked up to the sky and laughed.

"Hahahaha, Wu Siyu, Fang Yue, Wang Feng, I didn't expect you to work together to calculate me! The declining Wang family turned out to be just an illusion. You deceived the people of the world and the Kang family!"

In Kang Yunyu's laughter, the breath in his body gradually withered and finally dissipated.

He chose to commit suicide and ended his life with a decent way of death.

"What about you? The funeral of the Kang family began to open up the soul, let me lay the mark of a slave and become the eternal slave of my royal family!"

Wang Kai looked at the remaining Kang family members.

They looked at each other, and finally all knelt down, expressing surrender.

As the saying goes, it is better to die than to live.

Even if he becomes his own servant, there is still hope of survival.

They were originally the servants of the Kang family. They had no so-called dignity. They were branded in their souls by Wang Kai, but they were changed to a master, and there was not much disturbance in their hearts!

Wang Kai imprinted their souls one by one, and then rolled their sleeves back to the depths of the Wang family.

And Chen Xing suddenly fell to his knees.

"I Chen Xing is also willing to be loyal to the Wang family forever and never betray!"

What Chen Xing is best at is his ability to see the wind!

It is always better to live than to die!

Wang Feng glanced at Chen Xing.

"Pull this guy down and put it to death! My Wang family doesn't have the habit of raising tigers! Sooner or later this Chen Xing will be a disaster!"

"No, Wang Feng, you can't do this to me! I'm a powerhouse in the leader realm, I'm still useful, I can still work for the Wang family and eliminate demons from the human race!"

The voice faded away.

The ending of Chen Xing is already predictable.

The villain won't last long.

Chen Xing's blood will make many people who covet the ancient relics of the Wang family sober!

### **Chapter 1508: Kang Fan**

The Kang family lost their face in front of the entire Milky Way galaxy.

Although Kang Yue came forward and repeatedly clarified that this little Kang Yunyu could not represent the Kang family, the people did not think so.

All enemies have an innate distaste for the powerful.

And Kang Yunyu completely stoned this ill feeling!

Immediately afterwards, as if to verify Kang Yunyu's statement, the front line of the Galaxy Star League was defeated by Kang Yue.

Among the casualties, the Kang family's direct line is rare!

The Kang family has become a rat that everyone shouts and beats.

Then, the Kang family made an amazing decision. In order to prove the Kang family's reputation and dignity, they sent ten saints to Helen Star and joined the racial battlefield to help the human race, and the Kang family promised not to make things difficult for Fang Yue and others. people.

They want to use methods to clean up!

To be honest, Kang's method is very low-level, but it is also very effective.

The ten strong men of the saint realm are also a powerful force for the Kang family, and since the day they were dispatched by the Kang family, the fate of these ten saints has almost been doomed.

Either all these ten saints fell and died on the racial battlefield, or these ten saints helped the Heavenly Capital City win victory and wiped out all the demons.

They all came with missions on their backs and are destined to not be able to retreat easily. Once they leave the battlefield, it means that the reputation of the Kang family in the entire galaxy will be completely wiped out!

"This can be regarded as my contribution to the battlefield of the human race!"

Fang Yue was very shameless and won the award. This time, the Kang family sent ten saints to help out. The credit is on him!

However, Wu Siyu did not pay attention to Fang Yue's narcissism.

"This battle is still difficult. Even if the ten saints of the Kang family are thrown into the battlefield, it will not change the destiny of the final collapse of the Heavenly Capital King City! The current situation is a small-scale battle, but how long can these small-scale battles last? Once the scale of this war really starts to expand to the level of a full-scale war, it means that the death of the capital city is inevitable, and there are no eggs under the covering of the nest, all the families in the capital city I'm afraid they will be buried for the Heavenly Capital City!"

Wu Siyu was worried.

Fang Yue ate a red fruit, and said in a vague voice: "So my men and horses have already begun to evacuate from the Heavenly Capital City!"

Wu Siyu's expression froze.

This can be regarded as a complete play against the cow.

This Fang Yue didn't even want to coexist and die with this heavenly capital city!

Then Wu Siyu turned his gaze to Wang Feng.

Wang Feng leaned back and smiled: "When the capital city is destroyed, my family will leave. I hope that you will be able to take a good look at today's cooperation!"

Wu Siyu had an urge to quit.

What kind of teammates are these?

Before the war really started, I was thinking about what to do after losing!

"Is it really lack of energy?"

Although Wu Siyu also knew that it would be difficult to really eliminate these demons with their human power, but after all, this was a battle she personally directed. If it really fails, her heart will be extremely unwilling.

"Yes! But it's difficult! There will always be hope, I believe in your wisdom!"

Fang Yue swallowed the fruit, then said in a high-sounding voice.

Wu Siyu gave Fang Yue a fierce look, and she finally understood why so many people wanted to kill Fang Yue.

Because he owes it!

"No kidding, the Heavenly Capital City can actually be preserved, but what good is it for us to leave this Heavenly Capital City? If you don't understand, this Heavenly Capital City is no longer the Heavenly Capital City of Helen Star Now, this is the Heavenly Capital City of the Galaxy Star Alliance, and I have already had a bad relationship with the Heavenly Capital City. Even if this Heavenly Capital City is saved, the relationship between me and the Galaxy Alliance will not be eased! The Galaxy Star Alliance defends the Heavenly Capital City. This is purely unpleasant and unpleasant. It is more ugly to say that I am a rival. Would you say that if you were me, would you do such a stupid thing?"

Fang Yue scrutinized with Wu Siyu.

Wu Siyu turned out to be speechless, and every word Fang Yue said was right.

So from the beginning, Fang Yue didn't plan to preserve the capital city of this day!

"Then if I say, you are fighting for the Heavenly Capital City, our Wu family will definitely not treat you badly? I guess that soon all the Kang family's garrison in the Heavenly Capital City will all leave the Heavenly Capital City! Will give me this hot potato of the Heavenly Capital City! If I win, it will definitely consume a lot of the Wu family's power, and if I lose! It is that my Wu family is incompetent, and even the Kang family will have all kinds of things. Way to belittle our Wu family!"

Wu Siyu is an absolute talented woman, she takes one step and sees three steps.

She was able to get to this position by not only relying on family support.

What is more important is her own wisdom and skill!

"Wu family?!"

Fang Yue was silent for a moment.

"If it is to help your Wu family, it's not impossible! I have already had an affair with the Kang family, but the headquarters can offend the entire family of the Galaxy Star Alliance! However, I hope you can represent your Wu family. , When I need help, you can lend a helping hand!"

Fang Yue took a deep look at Wu Siyu.

This woman is not easy!

"Where is the Wang family? Is the Wang family willing to help our Wu family to keep this heavenly capital? I can promise that, regardless of success or failure, your Wang family will leave Helen and enter the Galaxy Alliance. My Wu family will try to help the Wang family in the galaxy. Stand firm in the middle!"

Wu Siyu turned his gaze to Wang Feng.

After thinking about it, Wang Feng nodded and agreed.

Their royal family still has a lot of back players in the royal city of this day. Anyway, they can't take them away. It's better to use them all before leaving. It's useless to get a promise from the royal family!

Three days later.

The ten saints of the Kang family have not yet come, but the army stationed in the heavenly capital of the Kang family is already ready to run away!

In fact, the Kang family's people are not many. There are still 5,000 people in the capital city.

However, these five thousand people are all elites among the elites, among which the lowest cultivation base is at the Yin-Yang level.

The three headed by them are all powerful at the Saint level!

They are not dispatched by Kang Yunyu.

Not more but refined.

This group of people from the Fang family fully proved this problem.

"We are resigning to Fang Yue and Ms. Wu Siyu! My Kang Yunyuli made my mind faint and said that kind of rebellious remarks. This made me quite ashamed! Now, all the horses in the capital city have returned today. It is dispatched by Miss Wu Siyu, and Commander Fang Yue is in charge of the overall situation! This is a place where there is no such thing as my waiting! I am waiting to return to the family and think about it!"

Kang Fan, the saint of the Kang family, said.

He is a strong man in the peak state of a saint, with the appearance of a middle-aged man with gray hair.

However, he is full of air, without any respect.

In his opinion, Fang Yue and Wu Siyu couldn't stop him when he wanted to leave.

Fang Yue glanced at Wu Siyu, she still knew the Kang family better.

This Kang family did something bad, and then they wanted to pat their butt, and left!

"Why is Master Kang Fan so! Those words are all Kang Yunyu said! It has nothing to do with the Kang family, and it has nothing to do with Master Kang Fan! The five thousand elites of the Kang family are the Dinghai Shenzhen needles of the King City of this day. You need these five thousand elites from the Kang family more!"

Fang Yue took Kang Fan's hand and said affectionately.

Kang Fan was stunned.

I have seen a shameless person, and I have never seen Fang Yue so shameless.

Don't touch my hand!

We are obviously hostile, okay?

Let alone we seem to be really good friends.

Fang Yue, Fang Yue, you really dare to leave us in this heavenly capital city.

Kang Fan's face was gloomy, and he just wanted to speak.

Fang Yue reminded him in a low voice again: "Master Kang Fan must not impulsively say something that shouldn't be said. Such a thing is not good for Master Kang Fan, nor is it good for the Kang family behind you! This is a live broadcast across the galaxy!"

All the cruel words Kang Fan wanted to say just now were swallowed back into his stomach.

Kang Fan's tooth roots itchy, this Fang Yue is simply a rascal!

"If Master Fang Yue said so, our Kang family would naturally be willing to do our best to protect the Heavenly Capital King City!"

Kang Fan is already helpless, what else can he say?

Insist on retreating?

Doesn't this mean that Fang Yue and Wu's family have been given the truth?

This Fang Yue is simply sprinkling water.

The most important thing for this big family is face.

The Kang family has already lost people in front of the masses of the Milky Way galaxy once, and they will never be ashamed a second time!

"Thank you Kang Fan for your understanding!"

Fang Yue clasped his fists and said solemnly.

Kang Fan secretly transmitted to Fang Yue: "Now you are satisfied, the live broadcast equipment should also be removed!"

Fang Yue said with a smile: "I'm sorry, Master Kang Fan, I lied to you. I didn't use any live broadcast equipment at all just now, but I hope Master Kang Fan will stay in the capital city on this day and fight against powerful enemies with me. If there is no such thing as a bottom-line, this gentleman can't chase after a word, Master Kang Fan's promise just now shouldn't be easy to repent!"

Fang Yue looked at Kang Fan blankly.

Kang Fan could only break his teeth and swallow it in his stomach.

He wanted to repent, but did he repent?

Wang Kai of the Wang family, don't you always go around here, okay?

Kang Fan looked at Wang Kai with fear.

This Fang Yue didn't come to discuss with him at all!

Wu Siyu stared at all this in amazement. She was cultivated and well-taught by the Wu family since she was a child. How could she have seen such a rogue style!

"Master Kang Fan, in fact, if you stay in the capital city this day, will I treat you badly! It's the same sentence I just said, Kang Yunyu is Kang Yunyu, Kang family is Kang family, Kang Yunyu did that I will not target the Kang family and overturn a boat with one stick!"

### **Chapter 1509: The fate of Kang Fan!**

Kang Fan stared at Fang Yue with wide eyes.

Brother, can you tell nonsense without blinking?

If this was spoken from someone else, I might believe it.

But these words came from your Fang Yue's mouth. I can't believe it!

The contradiction between Fang Yue and Kang Yue is something that almost the entire galaxy already knows, you and my Kang family are bitter and deeply feuded, and they have almost reached a place where they are incompatible.

And your Fang Yue is known to the entire galaxy, selfish, insidious, and careful.

If you were really so magnanimous, if you used your means to do your best, you would have completely saved the capital city of the day!

But what Kang Fan could say all the time, what he said was useless!

Fang Yue has taken him properly now.

Kang Fan was dealt with by Fang Yue, and a powerful force was added to the capital.

Before, Kang Fan and others were completely passive and sabotaged!

But under the current circumstances, Kang Fan must be on the front line if he really does work with the demons!

Moreover, the five thousand men and horses under Kang Fan are all strong soldiers!

If their team is used well, it will definitely be able to give the Demon a surprise attack and severely damage the Demon.

Fang Yue didn't have much interest in commanding the team of Kang Fan, and he gave the command of this team directly to Wu Siyu!

Originally, Fang Yue was here to help defend the city. He would not make low-level mistakes and win over the master, turning this guarding the heavenly capital city into his main task!

"How to deal with this Kang Fan?"

Wu Siyu then had a close conversation with Fang Yue.

"Death to the battlefield! None of the five thousand people from the Kang family can come back alive. This may be the best ending and destination for Kang Fan and his men!"

Fang Yue's face was expressionless, not at all like the hippie smiling face just now.

Wu Siyu nodded slightly.

"This is their ultimate fate!"

"What are you going to do next?"

When Wu Siyu saw Fang Yue hand over the command of Kang Fan and others to her, Wu Siyu knew that Fang Yue should have his own plan.

"I'm going to find Goba, maybe this war can burn the flames of war to other places, and not our family alone against the army of billions of demons!"

There was a deep smile in Fang Yue's eyes.

Wu Siyu couldn't help but opened his mouth wide.

This Fang Yue's thoughts are simply unbelievable, even if she is considered to be exceptionally wise, but she can never guess what Fang Yue wants to do next!

"Goba? Why are you looking for him? He is a demon. If you join hands with him, it is easy for the people of the Galaxy Alliance to grab the handle and position you as a traitor!"

Fang Yue chuckled: "Traitor? Who is the traitor? Don't worry, since I dare to go, I am fully prepared! If the communication between me and Goba is smooth this time, this The Heavenly Capital City may be successfully resolved. At that time, Wu Siyu's name of repelling the billions of demon army will be heard throughout the entire galaxy!"

Wu Siyu didn't know Fang Yue's specific plan, but with the miracles and deifications Fang Yue had created in the Galaxy Alliance before, Wu Siyu knew that he should believe Fang Yue.

Soon Fang Yue left the Heavenly Capital City, and Wu Siyu also began to accept all the garrisons of the Galaxy Star Alliance in the Heavenly Capital City.

Under her army, the existence of characters who listen to the call but not the announcement is not allowed, let alone any unstable factors!

Wu Siyu looks coquettish, but in fact he is also a very iron-fisted figure. It can be seen that the internal army of the Galaxy Star Alliance in the capital city will usher in a cruel storm this day.

The edge of the fire zone of the Rift Sky Grand Canyon.

In a rather simple thatched cottage.

Goba reads and makes tea in the thatched hut, always looking like a detached boy who ignores the world.

"Fang Yue, I didn't expect you to really dare to come!"

The circles of space in this void are rippling.

Then Fang Yue's figure appeared in front of Goba.

"There is nothing I dare to come, even I have seen the secret recipe! You can't compare with horror. Your master!"

Fang Yue smiled softly and retorted.

Goba smiled and stretched out his hand: "Sit down!"

Fang Yue sat across from Goba.

Then he poured himself a cup of tea.

The fairy air on the tea water has changed into various appearances, sometimes like a fairy palace in the fairy world, sometimes like a towering mountain, sometimes like a prison in a region, and so on. The changes are unpredictable, and the reflection of this world is the world. The most mysterious place in the world!

"Tea is a good tea, but it's a pity that you don't have tea with you!"

Fang Yue raised his head, drank the cup of tea, and then slowly exhaled his essence.

Goba smiled and said, "Brother Fang is the one who tasted tea with me!"

Fang Yue shook his head slightly: "I'm not the one who tastes tea with you! I'm just a crude person. I can fight, do business, and kill people, but the only thing I don't know is these literary and artistic things! I came from the bottom, no better than you. The nobleman, born with a golden spoon in his hand, was sitting on the ground just now with countless resources, with hundreds of servants clamoring forward and back, without having to think about his own livelihood and practice!"

Goba was taken aback for a while, he didn't expect Fang Yue to say such a thing.

"Brother Fang, where are you talking about? You are a disciple of the Fang family. If you really talk about your background, you might be much more noble than me!"

Goba never thought that Fang Yue turned out to be a small figure at the bottom.

It was clearly written in his information that Fang Yue was suspected to be a disciple of the Fang family.

And this Fang family is the largest Fang family in the entire Ten Thousand Realms.

A family, covering the sky with one hand, covers almost every corner of the entire universe.

The Kang family of the Galaxy Star Alliance, the Wu family was like a joke compared to this Fang family.

Fang Yue smiled: "I'm not afraid of your jokes. My disciple of the Fang family has never seen the real Fang family! I'm just a chess piece from the Fang family. I'm out of range. If I can become a talent one day, I might really recognize my ancestor. The qualifications for returning to the clan, and if we look at

the current situation, the disciples of my Fang family will most likely fend for themselves in the outside world, and the Fang family will not give me the slightest help at all!"

Goba re-examined Fang Yue.

Although the two have never seen each other, they have met each other for a long time.

But Goba found that he didn't seem to know Fang Yue before, and all he knew was that there was a big difference between some outside rumors and a very upright Fang Yue.

"The bottom is not easy! Actually, you might as well say that I also climbed up from the bottom of the demons step by step! I am just a child of a well-off family of the demons. If we follow the normal growth trajectory, I should do business after adulthood, Zi Cheng My father's business, and then sitting on my own small business, I live a life in the Demon Race steadily, marrying wives, children, birth, old age, sickness and death. However, when I was eighteen years old, I was awakened to a special bloodline and returned to my ancestors. Ascended to the sky in one step, directly from a little figure of the unnamed Demon Clan on the first level of the Innate Realm to become a peerless genius that has attracted the attention of the entire town! After that, I continued to grow, from the Innate to the Heaven and Earth Realm, and from the Heaven and Earth Realm. When I was thirty years old, I enlisted in the army and became a \*\*\*\* of the demons. Then I stepped on the bones of countless enemies to be promoted to lieutenants, generals, and marshals, and then I got to my current position!"

Goba was provoked by Fang Yue, and the two seemed to be not fighting the enemy and us on the battlefield at all, but the two old friends reunited and talked about it!

"Actually, if I hadn't been awakened by my blood, I might have been just an inconspicuous little person, muddled and stunned, and I would die!"

Goba toasted and drank the tea in the cup.

At this moment, Goba is extremely heroic, and there is no such pretentious attitude of reading and drinking tea.

Fang Yue also toasted and had a drink with Goba at the same time. The two began to talk about life, the past, and the future, but none of them involved the right and wrong on the racial battlefield of the two races.

In fact, this is a kind of tacit understanding. The two are so smart that they don't need to say anything to know each other's mind.

They met this time purely because they wanted to meet each other, chat, have tea, that's all!

The two chatted for half a day, from noon to dusk, before they said goodbye.

Fang Yue found out that compared to Wu Siyu, he actually liked Goba more.

It's not that Wu Siyu's character is bad, but because Goba, like him, is a small person who crawled out of the bottom step by step.

And Wu Siyu is the kind of noble lady who was born with a golden spoon, it is difficult to understand the kind of bitterness that is not afraid of getting out of the bottom, climbing up step by step.

Fang Yue returned to the Heavenly Capital City.

Wu Siyu returned home stained with blood, and her pretty face was stained with traces of demon blood.

A pair of eyes are brighter and brighter than before.

"Leader in the front line!"

Fang Yue was drinking alone in the city lord's mansion.

These wines were all left by Kang Yunyu, and each jar of wine was made from rare elixir. Kang Yunyu died, but now it is all cheaper than Fang Yue.

Fang Yue didn't drink much at first.

But he felt that the endless elixir in these wines would be wasted if he didn't drink it, so he started drinking too.

As a result, the wine was very vigorous, and Fang Yue felt a little drunk after taking three to five sips.

Wu Siyu returned with blood.

Fang Yue said something indifferently.

This made Wu Siyu's cheeks flush, and he was a little embarrassed.

It is said that it is the first to take the lead, but anyone with a discerning eye can see that there are still too many elements of show.

The reputation of the Kang family was corrupted, which happened to be a good opportunity for their Wu family to get ahead.

Wu Siyu wanted to use this method to make a sharp contrast with Kang Yunyu!

But such things are generally tacit, and when Fang Yue's words broke, Wu Siyu's heart is also quite embarrassing!

"Hahaha, Miss Wu Siyu don't have to be embarrassed! Life is alive, all depends on acting, how many things we see in this world, and how many things are performed by everyone? And how many people are acting I forgot that my original self took my disguise as real!"

Fang Yue drank another sip of strong alcohol.

Wu Siyu listened quietly and thoughtfully, the embarrassment on his face also receded!

### **Chapter 1510: Entry quota**

"Give you!"

Wu Siyu threw a crystal clear crystal into Fang Yue's hand.

"What is this?"

Fang Yue was slightly taken aback.

"I will pay you in advance! This is as a thank you for helping my Wu family suppress the Kang family."

A sly smile wafted from the corner of Wu Siyu's mouth.

"remuneration?"

Fang Yue looked at the crystal in his hand, and there was a slight spatial fluctuation in this crystal.

"Well, haven't you always wondered why the Galaxy Star Alliance and the Demon Race want the Rift Sky Grand Canyon at any cost? Now I can tell you clearly, because this Rift Sky Grand Canyon hides a complete ancient A civilized world! The ancient civilization was completely destroyed, but on the eve of its destruction, in order to ensure that the ancient civilization was passed on, the ancient civilization created such a world that can survive the destruction of the ancient civilization. There is the ancient civilization in it. Part of the heritage of civilization, the human beings are also the seeds of ancient civilizations passed down! This represents the inheritance of civilization! It can make the inheritance of ancient civilizations immortal!"

Wu Siyu looked at Fang Yue with a smile on the corner of his mouth.

Fang Yue was slightly taken aback.

Then subconsciously looked down at the crystal in his hand.

Unexpectedly, Wu Siyu was willing to give him such a precious thing.

"This crystal is the key to unlock the seed world?"

Fang Yue's breathing became slightly heavy.

"Yes! About a thousand of these crystals have been unearthed in the Rift Sky Grand Canyon over the years. My Wu family got a total of twelve! One key, one quota! Tomorrow is the day when this sub-world opens. Anyone who has a crystal key in his hand can enter the seed world of the Sky Rift Grand Canyon! There are a total of twelve inheritance crystals in this sub-world, and whoever can get the inheritance crystal can obtain a system of the ancient civilization. inherited!"

Wu Siyu's tone was a little cheerful.

She rarely saw Fang Yue and did not know anything.

Fang Yue has always been strategizing.

It was quite refreshing to be able to see Fang Yue asking for advice from him ignorantly.

"Why is this crystal so precious to me?"

Fang Yue looked at Wu Siyu and asked suspiciously.

There are many talents in the Wu family, and many people should be qualified to get this crystal.

"I got this crystal. I give it to whoever I want, without the consent of those old guys!"

Wu Siyu curled her little mouth, especially cute.

She is so scheming, she did not expect to have such a cute and cute side!

Fang Yue smiled slightly.

"Then thank you Missy!"

Fang Yue's smile was also particularly cheerful.

In fact, the more calculating people are, the more sincere they are.

Fang Yue could sense that Wu Siyu should be sincere this time.

"Early tomorrow morning, take the crystal to the area around the Rift Sky Grand Canyon! As long as the seed world resonates with this crystal, it can naturally transport you to the seed world!"

Wu Siyu told Fang Yue.

"Then are you going?"

Fang Yue looked at Wu Siyu and asked with concern.

For some reason, Fang Yue's heart suddenly had a little expectation for Wu Siyu and himself to enter the Rift Sky Grand Canyon together!

"Follow me!"

Wu Siyu put down two words, revealed two small tiger teeth, and ran away!

Fang Yue looked at the back of Wu Siyu's departure, smiled slightly, his eyes flashed with doting that he didn't even know.

In the early morning of the second day, the sun was shining.

Fang Yue came to the area around the Rifting Grand Canyon alone.

The area of the Rift Sky Grand Canyon is huge, it can be said to be vast, larger than the area of a small city.

As for the surrounding area, it is also extremely vast. Whether it is a human race or a demon race, it is impossible to stare at the surroundings of this sky-cracking grand canyon.

Just when Fang Yue approached the Rift Sky Grand Canyon, he sensed a weak energy fluctuation in the Rift Sky Grand Canyon.

This energy fluctuation coincided with the crystal in Fang Yue's hand.

"Is this the breath of the sub-world?"

Fang Yue closed his eyes and extended his spiritual thoughts, looking for the so-called seed world in the direction that this resonance came from.

In fact, Fang Yue is also quite curious about this so-called seed world.

The ancient civilization that was once so prosperous, what should the corresponding seed world look like?

However, Fang Yue's spirit was swept away.

But nothing was captured.

Rao did not find the specific position and coordinates of the seed world at his eighth level of comprehension of the space and heaven.

It is worthy of the relic world of ancient civilization.

It turned out to be so mysterious.

Fang Yue was not surprised and rejoiced. This kind of world is even more exciting!

next moment.

The crystal in Fang Yue's hand suddenly burst.

Fang Yue was completely enveloped by the power of a hazy space.

Afterwards, Fang Yue's figure disappeared.

Then, Fang Yue would appear in a dark mine with no view of the sun!

"Snapped!"

A blood-colored whip fell down.

The strength of the whip is great, if it falls on an ordinary person, it is enough to leave deep blood marks.

However, Fang Yue's physique, even the power of the saint level might not be able to restrain him!

The whip fell on him without even scratching it.

Fang Yue did not violently kill the enemy, but carefully observed the surrounding situation.

Around, black holes. A piece of the hole.

There was not even a trace of wind, and there was no light.

He scans the surrounding environment entirely by his spirit.

This is a cave, extremely narrow, only one person can travel through it!

There is a small \*\*\*\* at Fang Yue's feet.

Behind him is a burly overseer with a scarlet whip in his hand, will it fall on the surrounding miners?

Anyone who dares to be lazy will definitely come!

"Am I a miner in this world?"

Such a thought flashed through Fang Yue's mind!

However, he carried the \*\*\*\* in his hand and kept digging the so-called ore.

The soil in this mine is hard, like steel.

His \*\*\*\* fell. The walls of the mine are all right, the \*\*\*\* broke!

Fang Yue was a little speechless.

What's this special?

With a snap, the supervisor saw this scene and gave Mo Fang Yue another whip.

Then, he cursed and said: "You guys who are not useful, it's no wonder that you will be sent to this wasteland to do the most sordid job! How many times have I told you just now, this \*\*\*\* is limited, everyone only has If the \*\*\*\* is broken, you can only dig with your hands! You can dig up to ten spiritual stones a day before you can leave this mine. The extra spiritual stones are your own, but If you can't dig out these ten spirit stones, don't even think about leaving here. When will you dig enough, and when will you leave!"

The overseer's face trembled.

A vicious look seems to be born!

Fang Yue was taken aback for a moment, didn't this ancient civilization be said to be very developed?

The rich aura of heaven and earth is full of blessings and heavens almost everywhere.

But according to the supervisor's statement, it seems to be a deviation from Fang Yue's understanding of the ancient world!

Fang Yue picked up another hoe, and injected a qi into it.

Although Fang Yue is not very proficient in refining tools, he can still do the small things like tempering \*\*\*\* with true energy.

After Fang Yue's Zhen Qi tempering, this \*\*\*\* is extremely strong, no longer a weapon of a mortal, and it is absolutely comparable to a weapon of a general innate level!

Fang Yue continued mining.

Under the digging of a hoe, the iron-hard mine soil is as fragile as paper.

Soon, a bright cyan light appeared.

This is a low-grade spiritual stone, after cutting, it is worth at least twelve low-grade spiritual stones.

Upon seeing this, the supervisor couldn't help showing a touch of joy.

Some of these miners can complete the task and turn in ten spiritual stones, and he also has a commission!

Otherwise, he is a dignified martial artist of the innate realm, who wants to be a supervisor in this blind place!

Fang Yue dug up the spirit stone and handed it to the supervisor.

"Boy, have you!"

The overseer beamed with joy and changed the violent indifference before.

Human nature is so, no one can say anything!

"These are twelve low-grade spirit stones. Before you leave the mine, I will give you the two extra low-grade spirit stones! There are still three hours before the end of today, kid, are you still digging?"

The overseer reminded: "It's not easy to come to the mine once. It would be a loss if you don't make enough money! You are lucky today. You can dig a large one. If you can dig a medium-grade spiritual stone, then it will be developed! "

"dig!"

Fang Yue gritted his teeth and said.

He did this in order not to be noticeable.

Coming to an unfamiliar environment, the biggest rule of survival is to keep a low profile!

The wood show in the woods will be destroyed by the wind, and it will not be the same when going out with everyone.

Fang Yue continued to work hard to make others look normal!

However, the next three hours.

Fang Yue's luck didn't seem to be very good, but he dug up five relatively small spiritual stones.

After cutting it, there are about seven low-grade spirit stones!

In the middle of the night, when Fang Yuehuai left with nine low-grade spirit stones, he still attracted countless envy eyes!

There are not many miners who can dig out nineteen spiritual stones in one day. In addition to their own physical strength, there are some luck in the mining.

Fang Yue left the mine, looking around blankly.

This is a completely unfamiliar world, and he is not familiar with the place of life, where is he going to go!

But soon, the faint moonlight fell on him.

A memory flooded into his mind like a tide!

His name is Fang Yue and his name outside is the same.

Wasteland, an orphan in Locke town, has been helpless since he was a child, and lives by mining!

Because the old gentleman in the village school had pity for him, he was allowed to attend when he was nine years old, so he was mixed, learned a little skill, and had the three-tiered cultivation realm. This is a little bit powerful!

This wasteland is the exile of the seed world.

In the past, this place was a place of practice for the martial arts.

However, the large-scale profligacy of the aura of heaven and earth and all kinds of geniuses and treasures was so profligate that they eventually drew cruel revenge.

An unknown catastrophe swept through the core of the martial arts once erected on this wasteland.

After a thousand years of fierce battle, these martial arts have either destroyed their doors or moved.

In the land that was finally left, the aura in it was dwindling day by day, and now even the martial arts practitioners of the Houtian realm are struggling in this wasteland.
