

## God of Life 1691

### Chapter 1691: Gilsay City

"Okay, okay, okay! You are indeed a young and talented officer, Fang Yue, who knows how to judge the situation! If so, then we are a family! I just said the condition of talent to outsiders. Since you are willing to join the Su family, I The Su family won't chill your heart, let's say nothing else, I will add you to the number of fifty puppets of the dead warrior puppet at the master level. I have heard that your body contains a lot of destruction. As long as the blood of the demon race can grow up smoothly, it can add a saint-level powerhouse to our Su family, and even your future great saint can be expected, and in the future will definitely become the humeral minister of my Su family!"

Hou Nu Jiang couldn't help laughing. It was a worthwhile trip to take this city of Culrent into his hands, and it was even more of his feat to be able to bring Fang Yue into his command!

This Fang Yue was able to raid and conquer the city of Culrent when he just became a centurion. As long as he was given enough time to grow and develop, in the future, Fang Yue might become a general of their Su family. .

Liu Wendong next to Fang Yue looked at Fang Yue, a look of jealousy flashed in his eyes.

He was so flattering with the Nujiang Hou, but he didn't even have the chance to be seen by Nujiang Hou Zheng the last time.

However, Fang Yue joined the Su family's influence in a few words, and was valued and praised by the Nu Jianghou, how could he not be upset and angry!

"Thank you for the appreciation of Hou Nujiang, and I will eventually be broken into pieces, repaying Hou Nujiang for his knowledge!"

Fang Yue was grateful to the Nujiang Hou.

This makes Nu Jianghou even more proud!

Afterwards, Nujiang Hou just told Fang Yue to leave Fang Yue's camp.

Liu Wendong also followed Nujiang Hou's figure to leave.

When Nu Jianghou left, Fang Yue finally showed a sly smile like a fox.

This fish finally took the bait!

Fang Yue can even imagine that in the near future, Culrent City will become a meat grinder.

How can this city of Culrent be so easy to get.

Don't look at it before, the people of the Northern Alliance did not pay enough attention to Culrent City, neglected to take precautions, and was finally easily occupied by Fang Yue.

But when this is obtained, the people of the Northern Alliance may not think the city of Culrent has any value, but once it is lost, they will immediately realize the importance of this city.

Next, Fang Yue could even guess that the Northern Alliance agreement would definitely take back the city of Culrent at any cost.

At that time, this city of Cullent is a huge meat grinder, and no one will end well!

In Fang Yue's eyes, Cullent City is actually not of much value. The Spirit Spring Spirit Liquid that he had previously saved has been looted by him. There is no inventory support. The daily production of the Spirit Spring Spirit Liquid in Cullent City The amount of output is actually extremely limited.

It is actually an extremely irrational behavior to spend a lot of manpower, material and military resources in exchange for the limited resources.

However, the war itself is caused by a desire for impulse and destruction. If people are absolutely rational, there will never be any war in this world!

War is a disaster, but it is also a transformation and rebirth.

When the desire for violence and destruction in people's hearts is vented during the war, a long peace will follow!

"This planet Vegeta actually belongs to a sparsely populated planet, in which there are many folding spaces inhabited by some ancient organizations and powerful forces. If you want to start with the planet Vegeta, there are many entry points, Qiu Lent City is just one of the insignificant weak links!"

Fang Yue said to himself, in his heart, the North League agreement was even more hateful than destroying the demons. At the very least, the destruction of the demons hadn't aimed at the earth.

And the Northern Alliance's covenant has stretched its hands into the earth!

This Beimeng agreement is chasing wolves and tigers, and Fang Yue didn't have the same idea.

He spread out a detailed map of the planet Vegeta.

The rivers and mountains can be seen everywhere.

"My next goal here is to place the heavy-stocked granary of the Northern Alliance in the city of Gilsay. The resident army in Gilsay City is only less than 10,000 people, and most of the 10,000 people I belong to the old, weak, sick and disabled! There is no resource in this city, but the feng shui in the city is very good. As long as I take down this city, I will have myself on the planet Vegeta. The base of the Northern Alliance. Now the people of the Northern Alliance on Vegeta are shrinking step by step, wanting to let the neutral and opposition forces stand on the front line! Such a barren and cold town, the people of the Northern Alliance will certainly not care! "

Fang Yue's previous attack on Qiluent City was purely a shot to change a place!

His goal is to make a fortune and run away, because he knows that his troops simply cannot withstand the repeated attacks of the Northern Alliance.

However, the strategic significance of this Gil Sai City to Fang Yue is different. He intends to regard this Gil Sai City as his future strategic fortress.

In the early stages of development, the humble city of Gilsay City will not attract tigers and wolves to watch.

And when he developed to a certain level, after the city of Gilsay was really grown, even if others wanted to be tempted by Gilsay City, Fang Yue had already managed this city into a monolithic city, and those people had trouble splashing water. In.

Fang Yue led his five hundred soldiers to make a raid overnight. The stars were shining brightly and scattered the earth.

Fang Yue and others stood in front of the city wall of Gilsay City.

When Fang Yue really saw Gil Sai City, the thought of contempt in his heart disappeared in an instant.

The city of Gilsay is tall and there are no gaps in the hard and heavy walls.

The walls of Gilsay's city pool were still stained with purple blood stains, and the blood stains dried slightly, as if they were telling everything that happened in the past.

If you look closely, there are still traces of swords from the battle between the two armies hundreds or even thousands of years ago.

Fang Yue could clearly feel that Gil Sai City itself was a huge magic weapon, and ordinary means could not break it.

"Refining the city into a magic weapon, such a big handwriting, I don't know what this city is protecting, the outside world's evaluation of the city of Gilsay is probably all the smoke bombs spread by the Northern Alliance! Gilsay City is probably an extremely important fortress site established by the Northern Alliance!"

Fang Yue stroked this ancient city wall, and Fang Yue felt the traces of the passage of time in the potholes!

"Is there anyone guarding the city? My Fang Yue is calling out under the city!"

Fang Yue suddenly let go of his voice. It was a sneak attack but instantly turned into a heads-up!

There is no way, if the attack is really strong, I am afraid that all the five hundred people under Fang Yue will get in and it will not be enough for this city to suppress.

The magical artifact that the city of Gilsay has refined is at least a magical artifact of the Saint level.

The lights in the city of Gilsay are lit up, as if a beast from the prehistoric era is slowly awakening at this time!

"Where is the rat generation, dare to scream under the city late at night?"

On the wall of Gilsay City, a middle-aged man in a black armor walked up to the wall!

This middle-aged man is a cultivator at the master level, and there is still a faint smell of blood permeating his body.

In this middle-aged man, Fang Yue felt a taste of time-honored battles. He was different from the younger brothers who depended on resources to accumulate in the Northern Alliance.

The identity and status of this middle-aged man is definitely a little bit of his own, desperately working hard.

"Destroy the demons, Fang Yue!"

Fang Yue introduced himself.

The middle-aged man frowned slightly.

"Fang Yue, this name seems to be familiar, but no matter who you are, as long as you come to my Gil Sai City to make a battle, there must be no return!"

The middle-aged man's face showed a strong evil spirit.

That evil spirit is as strong as the substance.

The middle-aged man incorporated these evil auras into his body, and the moment the evil aura entered his body, the realm of this middle-aged man's cultivation was abruptly elevated to a level comparable to a saint!

"Nurturing evil spirits, cultivating souls, this person is really unscrupulous in order to increase his strength! The evil energy entering the body can enhance his own cultivation strength, but over time it will definitely affect the son's own mind and wisdom, and the evil energy will affect the physical body. The destructive power is extremely strong, and the suffocating energy will seriously affect the physical life of the body!"

Fang Yue's evaluation of the middle-aged man dropped slightly.

Melting this evil spirit into the body is actually a way to quench thirst by drinking poison!

This method is not the original creation of the human race, if it is really to trace the source, I am afraid it will be traced back to the demons in the ancient era!

"I am Yan Changqing. When I arrive at Huangquan, Yan Wang asks and says that I took your life!"

The middle-aged man reported his home, and he jumped off the wall.

In his hand was waving a square halberd.

There is quite a hint of Lu Bu's charm, but Fang Yue has just met the real Lu Bu. If you compare it a little, he is not even a bit worse than Lu Bu.

At the very least, Yan Changqing doesn't have the invincible aura of Lü Bu!

Yan Changqing brandished Fang Tian's painted halberd and slashed towards Fang Yue's head.

Yan Changqing never put Fang Yue in his eyes. This Fang Yue was only a cultivation level of the Yin-Yang realm, even if it was a cultivator with a talent and different handle that could rival the master realm level, it was already the head.

And he entered the body with suffocation, and broke out with all his strength. The real combat power is already comparable to the powerhouse of Saint Realm!

Therefore, Yan Changqing thinks that his ability to take the opponent's shot with all his strength is enough to make Fang Yue proud of his death. As for losing? That is impossible!

"It's only in its form, not in charm!"

once having seen the best, the rest is not worthwhile looking!

Fang Yue had seen Lu Bu's Fang Tian painted a halberd and looked at the same weapon that Yan Changqing used, and he immediately felt the difference.

Compared with Lv Bu, Yan Changqing is simply that the light of rice grains wants to compete with Haoyue.

Fang Yue's \*\*\*\* clamped the half-moon-shaped blade of Fang Tian's painted halberd. The Fang Tian painted halberd that Yan Changqing had cut in half couldn't sink any more!

"What is this?"

Yan Changqing's eyes are splitting!

He didn't expect that Fang Tian Huaji, who he was so proud of, would be stopped so easily.

"Training!"

Fang Yue simply explained two words.

And Yan Changqing instantly understood that it was a terrible mistake to fight in close combat with Fang Yue!

Physical training, specializing in physical training, has an advantage that other factions of practitioners cannot match in melee combat!

### **Chapter 1692: Gathering of Heroes**

Yan Changqing wants to retreat. He wants to get a distance from Fang Yue. This type of training is only good at close combat. They rely on brute force and are almost invincible in close proximity, but once they have a certain distance, they can use it. The monstrous mana came to suppress them!

Yan Changqing can be regarded as a man who has experienced many battles. He naturally understands the weakness of this physical training and needs to grasp it.

But Fang Yue didn't want to let this Yan Changqing go. This Yan Changqing should be regarded as a person of considerable status in Giles City.

Fang Yue wanted to read the memory from his mind to know the real situation in Gil Sai City.

Fang Yue grabbed Yan Changqing by the neck, making Yan Changqing held in his hand as if he were a little chicken.

Yan Changqing struggled hard but couldn't escape Fang Yue's claws at all.

"Fang Yue, I know who you are!"

At this moment of life and death, Yan Changqing suddenly understood and enlightened.

He looked at Fang Yue with a decisive taste in his eyes: "I didn't expect you to be the one who destroyed the demons. No wonder you have such a powerful energy! However, even if I die, I will not surrender!"

There was a sense of decisiveness in Yan Changqing's eyes.

Fang Yue could feel the energy in Yan Changqing's body suddenly gathering.

Condense that energy a bit!

"Blow!"

Fang Yue was aware of Yan Changqing's next move, but at this time he could no longer stop Yan Changqing's next move.

"The demon disintegration Dafa!"

Yan Changqing spoke everywhere.

All the energy in his body burst out in an instant.

With a bang, a huge white energy ball wrapped Fang Yue in it.

This Yan Changqing is also a stalwart, even if he is dead, he must pull Shang Yue together!

It's a pity that if this Heaven Demon Disintegration Dafa was used to deal with an ordinary saint, it might really cause the saint to suffer severe injuries or even fall on the spot.

But Fang Yue's physical body was too strong, so the waves of energy did not cause any harm to Fang Yue!

Just when Fang Yue was sighing for Yan Changqing, at this moment, Fang Yue suddenly raised his head. He suddenly saw another Yan Changqing on the top of the city wall.

And this Yan Changqing is the level of the Saint Realm.

Fang Yue thought for a moment and knew that the Yan Changqing who blew himself up in his hands was not Yan Changqing's deity but a puppet! The fall of this puppet will not cause much impact on the deity.

It's no wonder that this Yan Changqing practiced the evil spirit into the body. This evil energy into the body is only a crisis to his clone. The big deal is that when the body is withered and there is a problem, he can replace it with another one! As long as his deity is intact, how many clones are replaced is no problem!

"What a Fang Yue, do you know how much wealth your life is worth? I know that you kill the saint and have a reputation for being so fierce, but this time it's time for me, Yan Changqing, to make a great contribution to kill you here!"

Yan Changqing stood on the wall, and the runes on the wall gradually recovered!

With the revival of runes, Fang Yue felt that the whole city seemed to be becoming irritable and fierce.

Fang Yue never thought that this Yan Changqing was the only saint sent by the Northern Alliance to guard the city of Gil Sai!

When the saint shot, the whole city merged with him.

Fang Yue can feel that after Yan Changqing has integrated the entire city, his own aura has climbed to a new level!

Although he was only on the fifth level of the Saint Realm, after integrating the entire Gil Sai City, this Yan Changqing at least has the strength comparable to the Junior Great Sage!

This Gilsay City is not a saint-level magical weapon at all. It turned out to be a great-sacred-level magical tool. Whoever can master it and integrate with it can temporarily display something comparable to the existence of the saint-level. power!

This Yan Changqing is a typical example!

"No, it's not right, there seems to be a different kind of power in this city of Jill, this power is incompatible with you, and even this power does not belong to the city of Jill at all!"

Fang Yue's spirit is keen, and he quickly caught a cryptic detail!

This power seems to be a sleeping peerless powerhouse, slowly waking up and returning!

"It's been so many years! I finally sensed your existence. I didn't expect you to be suppressed here. This \*\*\*\* North League agreement!"

A voice full of resentment suddenly appeared on the battlefield.

In an inconspicuous corner, a gray-haired old woman was walking tremblingly with a cane!

"Dragon Snake Taoist! Why are you still alive!"

Yan Changqing saw the old woman, he immediately screamed like a cat whose tail was stepped on!

"Yan Changqing, you despicable villain is still dead, how can I be willing to leave one step ahead of you? If it weren't for you, my husband would not have gone to fight and die. If it weren't for you, this Gilsay City should be mine. It is you who stole the credit of the year, and you betrayed the ideals and covenants of the year!"

The more the old woman said, the more excited she became, and her eyes even burst out with an angry glow!

"This seems to be nothing to me!"

Fang Yue was ready to confront Yan Changqing, but he didn't expect that the Daoist Dragon and Snake would step in!

Fang Yue felt that his battle might be a full paddling!

And the next moment, another strong man was born.

This is Chen Muyun, the saint of the Destroyed Demon Race, this Chen Muyun is also a well-known existence in the Destroyed Demon Race. He is a supremely strong man in the Saint Realm, turning his hands into clouds and turning his hands into rain!

If you look at it from official positions.

This Chen Muyun seems to be the boss of Fang Yue's boss!

Fang Yue actually didn't know how many levels he was separated from Chen Muyun!

In short, Chen Muyun's status in the Destroyed Demon Race is very high!

Chen Muyun flew into the sky, and then he looked down, and the whole city of Gil Sai was in his eyes!

"This city is a magical tool from the ancient times, and its true rank is probably the best among the magical tools of the Great Sacred Realm level! It can suppress all worlds and seal the Quartet. Unfortunately, this pearl casts secretly. But it has fallen into your hands, and you can't even use the power of the saint-level magical weapons!"

Chen Muyun looked at Yan Changqing, with a faint disappointment in his eyes.

Yan Changqing clenched his fists tightly. He had never been so despised in his years of practice.

"How about the Daoist Dragon and Snake, you and I jointly kill this Destroyer Demon Race? Although you and I have had many grievances, in the face of racial interests, I should abandon the past prejudices!"

Yan Changqing persuaded Dragon Snake Taoist.

He already knew that he must be the opponent of Chen Muyun, the general who destroyed the demons.

Chen Muyun had fought with a powerful man in the Great Sacred Realm of the Northern Alliance last night without fail, and finally left calmly!

Yan Changqing is not sure that he will be unbeaten in a fight against the powerhouses of the Great Sacred Realm, and even if he really fights, Yan Changqing estimates that he will not be able to survive even ten moves.

With such a short amount of time, Fang Yue's original status as the protagonist has already taken a back seat and can receive a box lunch!

"You're Fang Yue, right! If you can uncover the secrets of Gil Sai City, I will remember this thing and I will give you a lot of credit after returning!"

Chen Muyun said to Fang Yue.

Fang Yue was taken aback for a moment, and then he saw the golden embroidery on a hidden position on Chen Muyun's cuffs. He just realized that Chen Muyun was also from the Hou Su family in Nujiang!

The news of Fang Yue joining the Su family apparently spread.

This Chen Muyun and Fang Yue are now grasshoppers on the same rope. Anyway, it was a matter of effort, and Chen Muyun was also willing to sell to Fang Yue's favor.

Fang Yue clasped his fists to express his gratitude!

According to Chen Muyun's statement, his contribution this time is not small! As long as there is credit, he will be able to get rich rewards according to the usual style of destroying the demons!

Fang Yue guessed that when he returned this time, he would be able to become a commander of command no matter what!

"Chen Muyun, don't you know it! Your new general, Fang Yue, is just a human being. You would believe that a human being will die for you. I think you are really stupid!"

Yan Changqing revealed Fang Yue's identity at this time. He originally thought that there would be a life and death battle between Fang Yue and Chen Muyun. But I didn't expect that the war did not start.

Chen Muyun looked at Yan Changqing, his lips curled up with a faint mocking smile.

"Yan Changqing, this statement that you made up is really too fake! Every member of the I Destroy Demons will undergo a bloodline identification test. This Fangyue's bloodline concentration is extremely high, which has reached the number of more than 300 generations. !"

"Such a person with pure blood has decided that it cannot be a human race!"

Chen Muyun and Fang Yue's defense were categorical. In his eyes, no matter who might be the spy of the human race, Fang Yue alone could not be!

Yan Changqing was stunned. He didn't expect that no one would believe the truth.

However, this Fang Yue really has vast magical powers, and he can even forge the blood of the Destruction Demon Race!

Yan Changqing firmly does not believe that Fang Yue will truly destroy the demons. He believes that Fang Yue must have flaws in his body!

"Yan Changqing don't say anything more, your death date is here, don't think you and I can join hands! I am here today not to represent the human race, but to represent an ordinary woman who avenges her husband!"

Taoist Dragon Snake's voice was a little hoarse, and the words in it were a little trembling.

This is the true expression of the mind of the Daoist Dragon and Snake. For these years, she has always kept the hatred between herself and Yan Changqing in her heart!

If it weren't for him, he wouldn't have to become this person or ghost.

"Yan Changqing, you confess, today next year will be your death date!"

The figure of Taoist Dragon and Snake changed. She spanned a long river of time and regained her youth for a short time. Taoist Dragon and Snake also recovered from a gray-haired old woman to the appearance of a young and beautiful girl!

At this time, Fang Yue also took action. His figure was illusory, and the next moment he appeared in Gil Sai City. Fang Yue could vaguely feel that he and this Gil Sai City seemed to have an inexplicable connection!

If he turns and leaves now, he might regret it for a lifetime!

### **Chapter 1693: White coat girls**

"The heroes rise together and the world is in chaos! I, Yan Changqing, finally waited for this day!"

Yan Changqing did not feel the slightest fear as he watched the people gathered around him. Instead, there was an expression of excitement and eagerness on his face.

Yan Changqing laughed loudly, his face showing endless joy.

Fang Yue and others felt something was wrong.

But they wanted to retreat but it was too late!

The surrounding mountains and forests are all changing, and the endless battlefield is also distorted!

The sun and the moon are dim, and the stars are not bright. It seems that Yan Changqing has activated the terrifying supernatural powers to change the world and change the world according to his will.

"The Avenue of War, Yan Changqing has already built the Avenue of War. Everything he did just now was delaying time. He really wanted to launch the Avenue of War.

Daoist Dragon and Snake exclaimed, a look of horror appeared on her face.

"Yan Changqing used to sow discords everywhere, causing all parties to fight. It turned out that his real purpose was to absorb the atmosphere of war in the war and cultivate his war avenue. Once this war avenue takes shape, it will play endlessly in the war. Power, I don't know how many military commanders and tycoons have consumed endless efforts to develop the avenue of war, but ultimately to no avail, and this Yan Changqing actually understood the essence of war and successfully cultivated this avenue of war!"

Taoist Dragon and Snake exclaimed loudly, and Chen Muyun's face was also slightly cold, and there was a gloomy smell in his eyes.

"The Avenue of War is rare in the world. Although it is a avenue, its power is even more terrifying than the Dao of Heaven if the timing can be accurately grasped in the course of war! The more the number of people, the more terrifying the power of the Avenue of War, this Yan Changqing He actually built the Great Avenue of War. He wants to launch endless wars and nourish himself with the blood of the people!"

Chen Muyun couldn't help sighing loudly.

Fang Yue quietly hid all the aura on his body.

He seemed to have become a transparent person, without any sense of existence on the entire battlefield.

Avenue of War!

Fang Yue is very interested in the avenue in Yan Changqing's body, but it is not yet time for him to take action. There will surely be a gathering of heroes around the city of Gilsay, and this city is so low-key on weekdays, but it is itself. So tough, there must be hidden secrets in it.

If the value of this secret is really amazing, now that he himself can hardly eat it alone, it would be better to let other people take the lead, and he waits for the opportunity to come back if he has a chance.

Fang Yue is not a reckless person, on the contrary, his mind is calmer than anyone at this time.

In the melee, the gun shot out, only to ensure that the wretchedness can have the last laugh.

In Gilsay City, an idol in the center of Gilsay City swayed slowly.

At the position of the eyes of the idol, a bright red light flashed quickly.

At the feet of the idol, a believer in a white robe knelt down on the ground. Their faces were full of pious expressions, kneeling and praying to the idol.

A hazy milky white light appeared on the surface of the idol.

The light suddenly became rich, as if it were a sun, it exudes endless brilliance around it.

Those believers who were kneeling on the ground had their eyes blurred.

Suddenly, the bodies of the believers burst into pieces, turned into a cloud of blood, and merged into the idol.

There are hundreds of believers at the foot of this idol. They are all powerful from Yin-Yang to the leader of the leader. They have different identities. They are usually big figures in the city, and among them there is a high authority. , There are also military generals, and top warriors, but at this moment, they all have only one identity, believers of this idol, a sacrifice used for sacrifice.

"I am finally back!"

In the idol, a wave of saint realm levels slowly diffused.

Fang Yue felt that the power he was summoning suddenly became clear outside the city.

"That is the power of reincarnation!"

Fang Yue whispered to himself.

"Someone has understood the true meaning of reincarnation, and wants to return against the sky!"

Fang Yue's eyes became hollow, and the light of reincarnation flickered one after another.

Gray light, without the slightest charm and vitality.

But just in this gaze is the most essential law that has governed the movement of the world for hundreds of millions of years-reincarnation!

The three saints outside the city were still confronting each other, as if they didn't know anything about the city.

Fang Yue looked at the energetic Yan Changqing again, suddenly a faint pity in his heart.

This Yan Changqing thought he was in charge of everything, but he would not have thought that he was actually just an insignificant chess piece in the hands of others!

"Soldiers stand out, follow me to conquer the saints!"

Yan Changqing roared, and there were 3,600 elites in the city of Gil Sai.

These three thousand and six hundred soldiers were all powerful at the peak level of Yin and Yang realm. They lined up from the gate of Gilsay City, and they were surrounded by a strong and extreme evil spirit.

These 3,600 soldiers in the Yin-Yang realm are all the confidants that Yan Changqing has cultivated in the city of Gilsay over the years, spending nearly half of the resources in his hand.

This is his future capital for conquering the world.

These soldiers walked out of the city of Gilsay, the blood in their bodies gathered, and all came out.

"Fight the world, the real dragon comes to the world!"

Yan Changqing roared in excitement. He has been forbearing for so many years for this moment.

Under Yan Changqing's roar of 3,600 soldiers at the level of Yin and Yang, their blood condensed and turned into an endless river of thousands of miles!

The mighty, blood is like a dragon!

In the long river of vitality and blood, a virtual shadow of a real dragon suddenly appeared.

The real dragon is floating in the air, with a pair of dragon eyes overlooking the surroundings. It seems to have become the only monarch in this world who can command all directions and command the world!

"A true dragon of vitality and blood at the sage level! The body of this true dragon is made up of pure vitality and blood. If these soldiers cannot be killed, this true dragon is an immortal existence!"

Chen Muyun said in a deep voice, he didn't expect that they would really meet an opponent this time!

Three thousand and six hundred soldiers in the Yin-Yang realm, if any one of them shot alone, he would look like an ant in his eyes, but when they were united, the superposition of blood and blood was enough to shake ordinary saints. Under the command of Yan Changqing, this blood was condensed. The real dragon has added the way of war, and the power of this real dragon will be even higher!

"coming!"

Fang Yue no longer has the mind to pay attention to Yan Changqing's way of war. Although this way of war is terrifying, it is nothing in Fang Yue's eyes. Yan Changqing is just getting started with the way of

war, only the second level. Even the third-tier war domain has not been condensed, and it cannot play a role in turning things around in real war.

However, the breath of the power of reincarnation in the game of Na Jill became stronger and stronger.

Fang Yue seemed to have established an inexplicable connection with this breath of reincarnation. They locked each other and would not cut off this connection because of the distance between them.

"I am back!"

A voice of nothingness was like a breeze.

It slowly spread out in the void.

The real dragon leaped into the sky and aimed at the direction the voice came from.

Yan Changqing is extremely vigilant: "Who is behind me?"

Yan Changqing's eyes widened, and they were full of vigilant expressions. This city of Gil Sai was where he made his fortune, with his foundation, all the opportunities and secrets in him.

There is absolutely nothing to lose in this Gil Sai City.

"Yan Changqing, my poor little disciple, don't you even know you as a teacher? Have you forgotten that you have a dream for nine days as a teacher and teach you this way of war?"

A soft voice fell in Yan Changqing's ears.

White clothes floated, she turned out to be a stunning beauty. Her skin was slightly pale, with some weak and weak smell, and everything else was normal, whether it was her face or figure.

"is her!"

When Fang Yue saw the white-clothed woman, he knew that this white-clothed woman was the source of the power of reincarnation he had sensed.

Unexpectedly, Yan Changqing's warfare was taught by this woman.

Yan Changqing's eyes widened, and he stammered: "Are you the idol in the center of Gilsay City?"

"Unexpectedly, my little disciple is still quite clever. He guessed his true identity as a teacher! As a reward, being a teacher is to tell you that there is still a big flaw in your true dragon formation. In your hands, it can't display even one-tenth of its power! Let's treat such a strong energy and blood as a snack for your teacher! Anyway, your true dragon of energy and blood can't kill the two in front of you. saint!"

Simple hands Qianqian.

The white-clothed woman's palm fell, and she held the hundreds-meter-long real dragon with blood and blood with one hand, then took it away, shrank it in her hand, and turned it into an earthworm, put it in her mouth and swallowed it directly!

The soldiers trained by Yan Changqing collapsed one by one, their spirits languished and their faces pale as paper!

"The avenues of war and the secrets of war that you taught me are used to sacrifice you when you recover?"

Yan Changqing understood everything in an instant, but he was still unwilling, unwilling to admit that all his efforts were in vain, and he was just making wedding dresses for others.

"Of course, it is their greatest honour to be able to swallow their vitality and blood for the teacher! You, including Changqing, should also be willing to dedicate all you have to the teacher!"

The woman in white gave Yan Changqing a deep look.

Yan Changqing was cold all over, like falling into an ice cave!

"I....."

Haven't waited for Yan Changqing to say more.

The woman in white had already attacked him.

The cherry mouth of the woman in white opened slightly, and the blood in Yan Changqing's body directly gushed out of her body!

"No, why? Why doesn't the blood in my body obey my control!"

Yan Changqing's face was full of unwillingness. He is a great saint, even if his strength is invincible, he shouldn't look so vulnerable in front of this white-clothed woman!

#### **Chapter 1694: Su Ji**

"Because the exercises I gave you were created by myself, but its origin is Dao Xin Demon Dafa!"

The woman in white icily explained the source of Yan Changqing's exercises she gave to him.

Her voice fell, making Yan Changqing completely stunned.

Yan Changqing looked at the white-clothed woman. He hadn't heard of any other exercises before, but this Dafa of the Heart Demon had long been heard of.

Rumor has it that this exercise was created by the Immortal Sect in the ancient times. Although it is a wicked one, it is a completed fairy sutra.

To practice this exercise, countless people are needed as a cauldron to plant magic seeds in their bodies.

Yan Changqing never thought that he would become someone else's cultivation base in the end!

"Dying under the cultivation method of Dao Heart Demon Seed, I, Yan Changqing, can be considered dead. But before I die, I want to know your name!"

Yan Changqing looked at the woman in white, his eyes were full of unwilling expressions, but at this time, even if it was unwilling in his heart, what's the use!

"Su Ji!"

The woman in white uttered two words lightly.

And Yan Changqing laughed up to the sky.

"The enchanting concubine Su Ji, the first enchanting concubine of the Ten Thousand Universe Universe, did not expect you to have fallen for many years, and now you return against the sky! My Yan Changqing's death in Su Ji's hands is not considered a wise man who insulted my life! Your cauldron, I really deserved to die!"

Yan Changqing's voice was filled with a sad atmosphere of heroic end.

However, Fang Yue's eyes were always locked on him, and Fang Yue always felt that a hero like Yan Changqing would never be killed so easily.

Even if he knew he would die, he would give it a go.

Su Ji smiled: "Yan Changqing, don't pretend to me anymore. I am also your master at any rate. How can I not see the unwillingness in your heart? What are you preparing for here compared to my delaying time! If you want to kill me, even if you let me go, I can tell you that I just recovered and now is my most vulnerable time. If you don't kill this time, even if you can escape from the dead this time, you will never kill me in your entire life. Chance!"

Su Ji's voice fell.

The sadness in Yan Changqing's eyes suddenly became full of hatred.

"Su Ji, you ruined everything I have, and I want you to pay for it! Do you think what you saw is my deity? To tell you the truth, this is also a clone of me, which I have refined in my life. Two clones, one is already dead in the hands of Fang Yue, sooner or later I have to settle this matter with him, and the other one is that this one was also destroyed in your hands! But the real deity has merged with this Heavenly Emperor City!"

"I am the Celestial City, and the Celestial City is me. I incarnate into a great holy realm-level magic weapon, suppressing the Quartet. I see how you can kill me!"

Yan Changqing laughed, his clone on the wall turned into a human skin and slowly fell to the ground.

At the same moment, this so-called Gilsay City actually shook off its walls, and a golden city appeared, and the plaque in front of the gate read "The Emperor of Heaven".

The breath of the great sage soared to cover the sky.

This city turned out to be a city at the pinnacle level of the Great Sacred Realm, which contained supreme power, which made everyone bow down and surrender.

Even though Fang Yue is quite far away from this Heavenly Emperor City, he can still feel the faint status emanating from this city.

Su Ji pursed her lips and chuckled: "I didn't expect my fool to discover the true mystery of this city, and you are willing to refine your own deity into this Heavenly Emperor City. It's a pity that Heavenly Emperor City contains truth. Spirit, this true spirit is resurrected, and you are probably going to be annihilated immediately!"

Su Ji didn't panic. Her body also showed a little bit of great sacred realm level aura. She had accumulated an unknown number of years, just to return to the world.

She can count the secrets of heaven in this way, how could the person who reversed the cycle of reincarnation reveal this Yan Changqing?

What Su Ji reveals is the real Great Sacred Realm level aura, which is caused by her own comprehension and Yan Changqing's aura of the Great Sacred Realm level reached with the help of external forces is completely different.

Su Ji's breath instantly suppressed Yan Changqing. Yan Changqing roared, and the emperor descended to suppress the Quartet!

With Yan Changqing's roar, the entire Celestial City glowed, a beam of light filled the world, and evolved into an emperor's phantom. He was dressed in a golden dragon robe with nine five-claw golden dragons embroidered on it. There is also a golden scepter in his hand.

The expression of the emperor was majestic and indifferent.

"I implore the emperor to take action for me, punish the demon girl, and return the world to justice!"

That day, the emperor virtual shadow seemed to give birth to a trace of spiritual wisdom, and his cold and empty eyes actually fell on Su Ji's body.

"Su Ji, you have disappeared between the world and the earth. Why do you have to come back again? You and I are not the people of this era, or the dust returns to the dust, the soil returns to the earth to disperse!"

This day the emperor seemed to know Su Ji, and he actually tried to discourage Su Ji with all his heart.

Su Ji was slightly startled and looked at the shadow of the emperor that day.

She was not sure if this was the return of the real Emperor, or she was pretending to be a ghost.

This heavenly emperor is a legend in the universe of Ten Thousand Realms. Although he has only cultivated to the level of the virtual fairyland in the end, his final achievements can be comparable to true immortals.

Once, there was a true celestial being fleeing from the immortal world. He harmed the surrounding areas and searched for all kinds of rare resources. In the end, it was the emperor who took the initiative to destroy the real celestial being!

Upon hearing this, the Immortal Realm intentionally summoned the Heavenly Emperor to the Immortal Realm and sealed the Immortal Venerable, but in the end he was disrespectful, staying in the Ten Thousand Realms for thousands of years, and finally sat down.

If the will of the emperor is really restored, it will be an incredible event.

This means that a strong man who once crossed the world has not completely fallen, and there is still the possibility of returning!

Fang Yue chuckled lightly.

"Master Su Ji, why delay too much time with a phantom, you have already gone through the cycle of life and death, and the world is immortal. Even if the emperor returns, it may not be your opponent! And this heavenly imperial city contains all kinds of mystery, This Yan Changqing's cultivation base and understanding are not enough, it is difficult to bear! How can he summon the phantom and will of the immortal emperor, now all this is just pretending to be a ghost, disturbing your Dao heart!"

Fang Yue interjected in the middle.

And Su Ji looked at Fang Yue deeply, and she felt the same aura in Fang Yue's body.

It's just that the breath of reincarnation on Fang Yue's body is thin but extremely pure!

Su Ji chuckled: "Thank you for your guidance, Yan Changqing, you dare to pretend to be a ghost in front of this palace, you are really brave!"

Su Ji yelled.

The phantom of the Heavenly Emperor that Yan Changqing turned into was directly drunk and scattered.

Yan Changqing's heart was extremely resentful, and Su Ji had already taken the bait. He didn't expect that all his previous efforts would be destroyed because of Fang Yue's trouble.

"Fang Yue, you beast, you must die!"

Yan Changqing knew that his plan had failed this time, and he was already doomed.

Su Ji is a pure Great Sacred Realm powerhouse than him, a powerhouse who barely possesses the Great Sacred Realm level of combat power after he has incorporated his body into the Great Sacred Magic Artifact.

Su Ji's bare hand gently slapped down, covering the sky with her palm, and dispelled the spirit of Yan Changqing in the Celestial City.

This Yan Changqing did not even have the power to resist under Su Ji's hands.

This Su Ji's strength is terrifying!

Daoist Dragon and Snake and Chen Muyun were slightly surprised.

They measured their own strength and compared with Su Ji, it was really worse than a star!

"Do you still want to watch the show?"

Su Ji smiled sweetly and fascinated.

Both the Daoist Dragon and Snake and Chen Muyun were shocked, and suddenly felt a sense of crisis.

Although they didn't know Su Ji's strength, the nickname of the former No. 1 Enchantress in the Ten Thousand Worlds Universe couldn't be wrong.

In the past, Su Ji has troubled the world, if she recovers to the top, her strength can definitely be unfathomable!

Daoist Dragon and Snake and Chen Muyun both held their fists at Su Ji, and then left.

Can't you not afford it or hide it?

After the two left, only Fang Yue and Su Ji were left.

Su Ji looked at Fang Yue and said, "I smell a nasty smell of the fairy world on you!"

When Su Ji spoke, Fang Yue's heart was shocked. He has traveled in this universe for many years, and he has seen any kind of powerhouse, but this Su Ji is the first to tell that he has the taste of the immortal world!

"Come out of the dust to be the immortal, cut off the seven emotions! I had the opportunity to be awarded the immortal venerable by the immortal world, but because of my heart, the red dust finally rejected the immortal world. Even so, I have a lot of opportunities to deal with the immortal world. I am quite familiar with the breath! Not only can I see that you are connected with the immortal world, but I can also see that you should be the messenger of the immortal world coming to the mortal world!"

Su Ji broke Fang Yue's identity.

This made Fang Yue couldn't help but smile.

"Su Ji Yingming!"

"Hahahaha!"

Su Ji laughed: "Wise? If I was really wise, I should have ascended to the immortal realm, obey the emperor of the heavens, and become an immortal deity. One day the same life will no longer be constrained by this birthday! If I were wise, then I would not have Being deceived by the villain, I ended up in a ruinous fate, leaving behind this scourge of the world!"

Su Ji's smile was filled with tears.

She also has her pain, she also has her sadness!

Fang Yue just stood beside Su Ji and stayed quietly. He knew that people like Su Ji must be moody.

At this moment, when you say that she is not good at anything, which sentence is wrong.

Fang Yue guessed that his clone would be abolished!

Sure enough, after waiting for a while, Su Ji returned to normal. She said to Fang Yue: "Actually, are you the messenger of the fairy world and I have nothing to do! Although I am not satisfied with some people in the fairy world, you are the messenger of the fairy world. , I will not be angry with you! But I am curious why you have such a pure breath of reincarnation!"

Su Ji's gaze fell on Fang Yue again, waiting for Fang Yue's response.

Fang Yue was silent for a moment, and then he said, "Do you believe this is what the fairy world passed on to me?"

### **Chapter 1695: From the Galaxy Alliance**

"Inheritance of the fairy world?" Su Ji heard Fang Yue's words, she couldn't help but stared at Fang Yue with a pair of beautiful eyes.

"Believe, of course I believe it! In fact, I should have thought that only in the immortal world can such a powerful scripture spread!"

Su Ji had no doubt about Fang Yue's words.

At the same time, her eyes also showed a dazed look.

"However, I just recovered and need your help! If you are willing, Su Ji owes you a favor. If you refuse, what if I didn't say anything?"

Su Ji looked at Fang Yue again.

Her eyes are still as clear as water.

"Let's take a look."

Fang Yue did not easily agree or refuse, a great sacred realm level existence and also contacted the essence of reincarnation, such an existence, Fang Yue can not afford to offend.

"Inject part of your reincarnation vitality into my body. I realized reincarnation for the first time, but it was not profound. This rebirth is still through the power of faith. In fact, my body is also between the body of faith and the body of flesh and blood. In the middle of the body! Don't look at the clean and neat when I killed Yan Changqing just now, it's because I planted the seeds of the Dao Heart Demon Seed in his body. If it weren't the case, he would be a powerful man who was comparable to the Great Sage. Heavenly Emperor City, is it especially easy for me to kill him?"

Su Ji had a bitter smile on her face.

After stepping through the wheel and returning, it sounds like an incomparable glory, but behind the glory also reveals boundless hardship.

Fang Yue pondered slightly.

"It's not impossible, but even if the reincarnation qi is injected into your body, it can only help you for a while but it cannot help you for the rest of your life. My reincarnation qi can only coordinate the current life and death forces in your body. If you do diligently for your cultivation base, the extra power of life and death requires you to coordinate yourself!"

Fang Yue clarified the pros and cons.

Su Ji couldn't help showing a bright smile.

"As long as you help me coordinate the powers of life and death in my body, I can concentrate on understanding the true meaning of reincarnation of life and death. I was once the first enchantress in the universe, if I could not even do this little thing. Okay, that would be a waste of the title of this first enchantress!"

Fang Yue heard this to help Su Ji regulate her body and refine the vitality of her body.

The true meaning of the cycle of life and death that Su Ji has understood is still not profound enough. Although she is revived, the vitality of life and death in her body is in chaos. That is to say, her own soul

is extremely powerful and can use the incomparably powerful power of divine mind to kill the life and death in the body. Every effort will be suppressed!

If it were replaced by another person, the power of life and death in his body was so confused, I am afraid that he would explode and die long ago, and his body would not know how much left!

Fang Yue has spent half a day working on Su Ji's body conditioning, leaving a pattern of his Tai Chi formed by the power of reincarnation in Su Ji's body.

Su Ji pulled out a blue silk and wrapped it around Fang Yue's finger.

She urged Yue to say, "If the life and death crisis is to burn this strand of blue silk, I will definitely arrive as quickly as possible when I have a feeling."

Su Ji solemnly promised.

Fang Yue nodded, and then Su Ji stretched her graceful waist, raised her hand to take away the Emperor City and left.

Fang Yue looked around and looked at the bare land, he couldn't help showing a wry smile.

The soldiers who destroyed the demons behind him were still guarding him loyally.

And the eyes of those soldiers looking at Fang Yue have also changed greatly!

Before, they followed Fang Yue purely to obey military orders and the true attitude of Fang Yue was unacceptable.

And now, when they look at Fang Yue, they are already convinced.

After all, they had not seen that the general who destroyed the demons could have an equal dialogue with a female demon of the great sacred realm level, and let this terrifying female demon owe him a heavy favor.

Fang Yue returned to the barracks.

And just after returning, the above was an order to promote Fang Yue's position to the position of commander of the commander!

No merit is not rewarded, this is the rule in destroying the demon army.

However, there are exceptions to everything.

If it is a saint speaking, then everything can be considered again. The first thing Chen Muyun did when he returned to the army was to reuse and promote Fang Yue.

As for the military merits Fang Yue needs from the lieutenant officer to the commander, it is allocated from his account.

For Chen Muyun, the military merit required for promotion from a lieutenant officer to a commander in chief was nothing.

But for an ordinary lieutenant officer, these military exploits require them to fight life and death again and again, take risks again and again, and accumulate at least a few years before they can accumulate the coveted number!

However, Fang Yue reached the sky in one step and became a commander of Yin-Yang level.

This matter also caused considerable criticism in the military.

But Nujiang Hou wiped out all the criticisms for Fang Yue.

Fang Yue played with the military seal of the commander in his hand. At this moment, Fang Yue was thinking about his future and way out.

Originally, he was actually planning to join the army of destroying the demons and doing a little errand, and then figured out a way to make the people who destroy the demons and the Northern Alliance have conflicts and hatred.

Unexpectedly, due to fate, his little undercover has become a thousand-foot-long in the Destroyed Demon Race.

This commander was considered a middle-level officer among the Destroyed Demon Race.

The general commander of the thousand commanders is served by the Destroyed Demons at the pinnacle level of the leader realm, and even some sages are busy cultivating, and when they reach the realm of the sage, they still have the position of the commander commander if they do not have enough military skills!

Fang Yue pondered for a while, and his goal for the next level of promotion was the school lieutenant.

This lieutenant of the Destruction Demon Race can control five thousand soldiers and horses!

If he were to get into the position of the captain, he might be able to lead his soldiers and horses to fight directly with some of the small city locations in the Northern Alliance.

After all, all of the troops that destroy the demons are elite, and the weakest are generally soldiers at the Yin-Yang level.

Relatively speaking, the quality of the troops in the small garrisons and cities of the Northern Alliance Covenant was much worse, and many soldiers at the bottom were still cultivated in the Heaven and Earth Realm and Rotating Realm.

Among them, there are not many strong people at the master level!

The quality gap is enough to make up for the quantity deficiency.

However, going from a commander to a captain is another hurdle, and many people will not be able to be promoted to the level of a captain even if they have enough military service.

Originally, Fang Yue planned to slowly develop after occupying the city of Nagil.

Now the city is gone.

Fang Yue can only figure it out slowly and come back with another plan.

"Master Fang Yue has an important military report!"

Outside Fang Yue's camp, a deep and composed voice came from outside the camp.

Fang Yue replied: "Come in!"

A soldier dressed in black and heavy armor walked into the camp.

He knelt on one knee and passed a heavy sheepskin scroll to Fang Yue's face.

Fang Yue glanced at the scroll, stepped forward, and picked up the scroll.

At the same moment.

The heavily armored soldier suddenly raised his head and he revealed a standard human face.

A smug smile cracked at the corner of his mouth.

With a loud sound, the dagger in his hand stabs out and hits Fang Yue's abdomen.

With a click, the dagger broke.

The heavily armored soldier's smile solidified.

"No, how is this possible? My dagger is a sharp thorn of the leader level with armor-piercing effect!"

The heavy armored soldier exclaimed.

Even the inner armor of the same leader realm level could not resist this armor-piercing dagger.

This is a means specially prepared for assassinating and destroying the big figures in the demons.

"Human race?"

Fang Yue's eyebrows were slightly raised, and his body was so strong that he could hardly regret it.

Naturally, this dagger can't hurt his fur, even if it has a piercing effect!

The heavily armored soldier got up quickly, and he turned to leave.

Fang Yue pressed his shoulder.

Then, a cold feeling filled the soldier's body.

After a few breaths, the body of the heavily armored soldier could not move, and he felt as if he had become a sculpture!

"Want to go? Have you asked me to agree?"

Fang Yue dragged the heavily armored soldier back, and his thought fell to separate his soul from his body.

Fang Yue searches for the soul.

What surprised him was that this guy turned out to be an assassin from the Galaxy Star Alliance, because he heard that he had only the Yin-Yang level but was in the army for important positions, so he was specifically selected for the assassination!

This time, the Northern Covenant took the initiative to ask for help from the Galactic Alliance, and thousands of people from the Galactic Alliance were sent to the planet Vegeta.

They specially sent troops to deal with the destruction of demons.

Fang Yue himself doesn't have much favor for the Galaxy Star Alliance!

"Is this Galaxy Star Alliance a brain teaser? The Northern Alliance agreement is obviously a direct line of the Vulcan Church. The Northern Alliance agreement was robbed. Why did they come here? Shouldn't they find a small bench to sit by and watch the show??"

Fang Yue shook his head, feeling that the people of the Galaxy Star Alliance were simply unreasonable.

"and many more!"

Fang Yue suddenly realized something was not quite right.

He captured a little detail in the assassin's mind.

There is a vague scene in his memory.

They received a task before they left.

If given a chance, they will kill Fang Yue and bring the body back.

"I rub, it turns out that people from the Galaxy Star Alliance will come at me!"

Fang Yue molars his teeth.

Unexpectedly, the people of the Galaxy Alliance still refused to let him.

Even Fang Yue suspects that the high-level of the Galaxy Star Alliance's killing intent to destroy the demons did not take him more seriously!

"Your uncle, the tiger doesn't show off, you treat me as a sick cat!"

Fang Yue's heart was full of anger, and he decided to include the Northern Alliance Covenant and the Galaxy Star Alliance on the list of killings.

"Chuan Lingbing, help me invite Nujiang Hou and say I have something to report."

Fang Yue gave an order, and the messenger outside the battalion commander received the news, and he immediately set off for the barracks where Nujiang Hou was located.

Fang Yue squinted his eyes, and a plan for the agreement between the Galaxy Star Alliance and the Northern Alliance loomed.

Don't be afraid that they won't be caught by that time!

Soon, the messenger soldier returned.

"Report to your lord, please, please!"

"it is good!"

Fang Yue put all the black soul of the assassin's body into the storage bag.

This is an important prop of his plan. Without him, I am afraid that he will not be able to gain the trust of Destroy Mozu.

### **Chapter 1696: The attitude of Nujiang Hou**

In the camp of Hou Nujiang.

Fang Yue and Nu Jianghou sat opposite.

Between the two of them is a simple wooden table, on which is also placed a pot of sake and two tea cups.

"I don't know what is going on for General Fang Yue to be so anxious to see you?"

A faint smile hung on the corner of Nu Jianghou's mouth, making him look like a courteous corporal.

This Fang Yue is indeed upright, and soon after joining his command, he was appreciated by the saint and was promoted to the commander of thousands!

In this army that destroys the demons, the first level is the first level. This lieutenant is only a high-level low-level officer, and the commander has slightly touched the edge of the middle-level army.

"The subordinate was assassinated in the military account just now, and the soul search found that this assassin turned out to be a strong man in the leader realm of the Galaxy Star League.

What animosity He Star League and my destroying demons have, they even chose to assassinate their subordinates for no reason. "

Fang Yue had done enough for the play and put on a helpless look.

Hou Nujiang couldn't help being shocked: "What? Someone in the army that destroys the demons dare to assassinate you! This is clearly not to put me in the eyes of the destruction of the demons, not to me! Galaxy Star League, Galaxy Star League ! I seem to have heard the name of this organization!"

"As for the Galaxy Star Alliance, the subordinates have a little understanding. It is said that this Galaxy Star Alliance is the number one power in the entire galaxy. The leaders in it are all powerful in the virtual fairyland, and the dragon is missing. Tail. However, these powerhouses of the virtual fairyland rarely show up, and some powerhouses of the Great Sacred Realm usually preside over the daily activities in this Galaxy Star Alliance! And among the many great sages of the Galaxy Star Alliance, There are two great sages who are quite strong, and they are my enemies of destroying the demons. One of them is called Zhang Taicang and the other is called Kang Yue!"

Fang Yue sold these two people without blinking!

Nu Jianghou couldn't help but ponder slightly, "Yes, this Galaxy Alliance seems to be the number one power in this galaxy! But no matter how strong they are, they are bullying and bullying the human beings in the galaxy, how can they dare to destroy the demons against me?"

There was a hint of anger in the voice of Nu Jianghou.

They have always been the only ones who destroy the demons and attack others, and no one has ever taken the initiative to attack them!

"This is the body and soul of the Galaxy Star Alliance at this moment. He failed to assassinate. I have interrogated his soul memory, but I only got some information. I also asked Hou Nujiang to take away the soul and body of the human assassin. Interrogation More detailed information!"

Fang Yue respectfully handed the human assassin's body and soul to Nujiang Hou.

Nujiang Hou immediately rejoiced.

"Fang Yue, it is a great achievement for you to give me the body and soul of this human assassin! Don't worry, I will not be greedy for your credit! There are a lot of souls in the assassin of the Galaxy Alliance. The information of the Galaxy Star Alliance, and putting this information on the top of the Demon Race, will surely be able to give you rich rewards!"

"Thank you for the grace of Hou Nujiang, Fang Yue will definitely repay you!"

Fang Yue knelt down on one knee, thanking the Nujiang Hou.

Nu Jianghou nodded and said, "Leave this corpse and spirit behind, Fang Yue, go back first!"

Fang Yue left Nujianghou's camp.

Behind Nujianghou, an old man with white beard and hair walked out.

This old man turned out to be a strong man in the sage realm. He was hiding in the dark of the camp, as if there was no such person at all. As long as he did not take the initiative to show up, no one would find his existence.

"Master Wang, what do you think of Fang Yue?"

Hou Nujiang spoke slowly, the smile on his face narrowed, he did not have the warm, hearty, courteous corporal appearance that he had just now.

"The origin of this Fang Yue is weird and mysterious, but his body contains a very strong bloodline of destroying the demons! His methods are all sophisticated and vicious, even some old men in the army may not be able to match him. This Fang Yue is A good knife, if used well, can kill people without blood, but if it is not used well, it may also hurt the owner, but now it seems that Fang Yue is still loyal to my Su family."

Nujiang Hou nodded slightly.

"It's true! Since Fang Yue is loyal to my Su family, I can't chill his heart!"

There was a flash of light in Nu Jianghou's eyes, and he seemed to have a choice.

The next day, with the reward of Destroying the Demon Race, Fang Yue's name was given an extra 200 soldiers.

This means that although Fang Yue is nominally a thousand chief, he has 1,200 people under his command!

Such a situation is quite common in the destruction of demons.

The same official position, the same class, is also divided into three, six or nine!

The commander with a thousand pawns is actually just the bottom of the commander of the destroying demons!

"This Destruction Demon Race is generous enough. One shot is to give me two hundred Destruction Demon Race establishments and fully staff me. This system of meritorious rewards is worth learning from the Human Race!"

Fang Yue is mingling in the destruction of the demons, and is also learning some excellent management models and experiences in the destruction of the demons!

This Destroyed Demon Race has been able to cross the universe for so many years, naturally there is its truth!

However, Fang Yue's undercover in the Destruction Demon Race has just started, and there is still a long way to go before it can affect the decision of Destruction Demon Race!

Without waiting for Fang Yue to start his next plan, this assembly command was sounded.

Among the Destroyed Demons, all the sergeants must gather immediately once they hear the assembly order.

This time it was Chen Fang, a powerful third-tier Saint Realm who destroyed the Demon Race.

This Chen Fang has a very high status among the Destroyed Demons, and he has 10,000 sergeants under his command.

This 10,000 sergeant is not the 50,000 soldiers of the Human Race, but the real elite. Every soldier must ensure that their cultivation level is at least higher than the Yin Yang level.

"The mission this time is to conquer the Taramaxia Canyon of the human race! This canyon is sealed with the head of a great saint realm powerhouse in the destruction of the demons! Back then, the great saint Lin Yin, who destroyed the demons, entered by mistake. In this starfield, the five great sages of Vegeta teamed up to kill him and split his body into pieces, hiding them in different places. At the same time, the spirit of Lin Yin was also suppressed in the sea eye of the sea of bones. In the midst, I will never turn over. Three days ago, I destroyed the demon clan's two great sacred realm powerhouses and worked together to solve the spirit of Senior Lin Yin from the bones. Now, only the different parts of his body are needed. Find it and put it together to make this senior resurrect smoothly! I am destroying the demons to become more powerful in the Great Sacred Realm!"

Chen Fang issued an order.

Then came the meticulous division of labor. This Taramasha Grand Canyon has a total of eight entrances, of which only one entrance can enter the real Taramasha Grand Canyon.

Fang Yue's task is to lead his soldiers into one of the entrances to explore the way to see if they can find the real entrance of the Taramaxia Grand Canyon!

Fang Yue didn't set off immediately after receiving this military order. On the contrary, he couldn't help but fell into thought when looking at the military order in his hand.

This military order seemed to have no problem at all, but Fang Yue felt that Chen Fang was a little bit wrong.

There was a faint murderous intent in the eyes that Chen Fang looked at him when he ordered the soldiers.

But Fang Yue was very sure that he had never met Chen Fang before, and that was the first time they met yesterday!

This Chen Fang's inexplicable hostility made Fang Yue wary.

"Chuan Lingbing, I have a letter here, please give the letter to Nujiang Hou!"

Fang Yue wrote the confusion in his heart in the letter. In this army destroying the demons, he was temporarily with the Nujiang Hou.

This Nujiang Hou will naturally protect him!

Soon, the Hou Nujiang responded to Fang Yue.

Sure enough, this Chen Fang belongs to the Chen family faction in the Destroyed Demon Race.

The Chen family and the Su family have always been at odds!

It's just that Fang Yue would be assigned to the Chen family's faction.

"Does this want me to be a cannon fodder?"

Fang Yue's eyes narrowed, he guessed Chen Fang's true intentions in his heart!

Naturally, the Chen family had no good intentions, so the easiest way to rectify Fang Yue was to kill with a knife.

The entrance he was assigned to was probably the most dangerous of the eight entrances, and out of ten, nine were not the real entrance!

However, Fang Yue was not cowardly.

But knowing that there are tigers in the mountains, I prefer to go to the mountains!

But before leaving, he sent another letter.

This letter did not stop in the army destroying the demons, and flew directly to a distant place.

In Chen Fang's barracks, Chen Fang is playing chess with a middle-aged man.

This middle-aged man is still wearing heavy armor even if he is playing chess with Chen Fang on the bed.

"This time, thanks to General Feihu! If it weren't for the arrangement of General Feihu, how could Fang Yue enter the urn so easily! He is from the Su family, and he has been extremely publicized recently. He has been rewarded many times. If you get rid of it, I'm afraid it will cause a big disaster in the future!

Chen Fang sighed.

The voice of General Feihu was extremely powerful.

"No matter whether Chen Fang's success or failure this time, I and your Chen family will not lose money from then on. This Fang Yue is one of my arrogant people who destroyed the Demon Race, but it has been helplessly mixed into your party disputes! But I want to remind you, this Fang Yue is very mysterious. Although he was assigned to your Chen Fang's hands with some trouble by me, your arrangements may be useless! When Fang Yue turns over your Chen family, you will hit your face. Up!"

General Fei Xiong and Chen Fang didn't mean much to be close.

After spending so many years among the demons, General Flying Bear knew best in his heart that the factional dispute of the demons was a pool of real muddy water, and the parties were the same. I don't know how many powerful saints in the Great Saint Realm have been folded into it since ancient times!

A light flashed in Chen Fang's eyes, "General Fei Xiong, don't worry, this time we have arranged Fang Yue a road to death! In addition to the inherent dangers, many of our Chen family's masters lie in wait. No matter what mystical trump card Fang Yue has, as long as he is not a strong man in the Great Sacred Realm, he will definitely die! This Fang Yue is a genius, but it is a pity that he is on the wrong team! The talent has died young, what a pity, what a pity!"

### **Chapter 1697: Summon a thousand army**

"Sir, this is the entrance to your mission!"

Fang Yue's team was led to the foot of a high mountain by Chen Shuai, Chen Fang's messenger.

And there is an extremely old cave in front of this mountain.

The cave is deep, dark, and bottomless.

Fang Yue could smell the faint \*\*\*\* smell coming from it.

"The whole army listens to the order, pause and rest!"

Fang Yue did not recklessly bring his soldiers into the cave, but instead let the whole army renovate and hesitate to move forward.

"Master Fang Yue, it's only a mere dozens of miles from the barracks to here! There hasn't been any overwhelming phenomenon, I don't think there is any need for renovation!"

Chen Shuai is a member of the Chen family, and he vaguely knows Chen Fang's idea of rectifying Fang Yue.

Although this specific plan is unknown, Chen Shuai can probably guess that these are related to this entrance.

"Chen Shuai, you are just a messenger. You are not even a lieutenant-level officer. You are not qualified to command me the method of using soldiers!"

Fang Yue suddenly became serious and yelled at Chen Shuai.

Fang Yue instantly changed his face and scolded the messenger.

Chen Shuai couldn't help but was taken aback. He didn't expect that Fang Yue would dare to say this to him.

Although he is just a messenger, everyone knows that he is a person of Saint Chen Fang.

He is equivalent to an imperial minister in Fang Yue's army, and his status is extremely high!

Chen Shuai's face was gloomy and he said angrily, "Fang Yue, do you know who you are talking to? You are so passive and sabotaged, I will truthfully report it to General Chen Fang! General Chen Fang is strict in governing the army, and he will definitely punish you. !"

"Report? Chen Shuai, you have died heroically on the battlefield. Do you think you have a chance to report?"

A playful smile appeared at the corner of Fang Yue's mouth.

Chen Shuai's face changed suddenly.

"Fang Yue, what are you going to do? I tell you, if you dare to touch half of my hair, General Chen Fang will definitely avenge me!"

Chen Shuai didn't expect Fang Yue to be cruel and daring to attack him.

"Don't worry, you won't be able to die at this moment, I just want to abolish your cultivation skills, and then show you a good show!"

Fang Yue's palm fell on Chen Shuai's shoulder, and Chen Shuai only felt that all of his cultivation skills were instantly hollowed out!

He suddenly became extremely weak, feeling that he was no different from an ordinary mortal!

"Fang Yue, you abolished my cultivation base! Even if I become a ghost, I won't let you go!"

Chen Shuai became weak even to speak. He was desperate and desperate. This Destroyed Mozu respected the strong, and abolishing the cultivation base made him more uncomfortable than killing him!

"Don't worry, you have no chance to become a ghost!"

Fang Yue said coldly.

"When this good show is over, I will kill you! There will be no chance of reincarnation!"

Fang Yue's voice fell, and then he waved his palm, and an already prepared formation was erected in front of the cave.

And in the seventh realm, Fang Yue's other clone also erected a teleportation formation, expelling many evil creatures into it!

However, as if Fang Yue was not expelled, those evil creatures had been trapped in this seventh realm for countless years, and they suddenly found an exit. All heads are madly running towards the teleportation formation, as if worried that if they take a step back, the teleportation formation will disappear from their eyes!

"Fang Yue, what are you doing?"

Chen Shuai felt a powerful breath in this teleportation formation calling out from it.

There was a panic on Chen Shuai's face.

"What are you doing? Pathfinder! However, I won't take my soldiers to death!"

Finally, a wicked creature in the pinnacle of the leader state poked its head out of the teleportation array, and it walked directly into the cave.

Immediately afterwards, the second, third, fourth... almost all hundreds of evil creatures came out of the teleportation formation.

The weakest cultivation bases of these evil thought creatures are in the third level of the leader realm, and the five more powerful evil thought creatures have reached the level of the saint realm.

They walked into the cave one after another!

In the cave, a burst of blood burst out!

The evil creatures that first entered the cave have begun to fight fiercely with the creatures in the cave!

The two sides are evenly matched, blood rushes to the sky, the sky shakes, and even the sky becomes dim!

"Sure enough, there are many crises in this cave. Even the evil creatures at the leader level have been killed! General Chen Fang really looked at someone in our side. The cave is so sinister, I am afraid it is General Chen Fang. Send me here to make me wait to die!"

There was a hint of indifference in Fang Yue's voice.

At the same moment, a sage creature of evil thoughts had rushed into the cave. This sage creature of evil thoughts was covered in scales, like an ape, and it slapped a creature in the cave out!

"Zombie?"

Fang Yue was also at this moment, seeing the true face of the creatures entrenched in this cave. It turned out to be a zombie who didn't know how many times it had evolved. Its aura was almost at the level of the peak state of the leader. However, it had a wave of annihilation.

"kill!"

A killing word was spit out from the zombie's mouth, and the annihilation aura on his body suddenly broke out.

The palm of that saintly creature with evil thoughts sprang to pieces under the aura of annihilation!

The evil creature reached out with its other hand and directly crushed the zombie's throat!

However, his throat shattered and the zombie was still alive. He was already a sequence of undead creatures, and his body was not critical.

The zombie opened its mouth and bit the palm of the evil creature with one bite.

Click, click!

The palm of the evil creature shattered.

That zombie turned out to bite the palm of the evil creature and swallow it!

"This zombie is so powerful?"

Fang Yue felt a little unexpected, this saint-level evil creature was used as a pathfinder stone in Fang Yue's heart that he had already cultivated enough.

But I didn't expect that this zombie was even stronger than Fang Yue had imagined. It was clearly the strength of the leader level, but it was able to cause trauma to this evil creature repeatedly!

"The light of life!"

Fang Yue's palm was sealed, and a beam of green light shone on the evil creature.

The broken hands of this evil creature grew again, and its heart was full of anger, and it threw the zombie to the ground, and then smashed the skull of this evil creature with one foot.

Among them, a gray crystal of life revealed a corner.

Fang Yue took the object in the void and took the crystal of life into his hands.

This life crystal is the largest life crystal Fang Yue has seen so far, and it contains extremely strong life force! The size of this crystal is about the same as an adult's fist!

Fang Yue put this life crystal in his hand and played with it repeatedly.

But that evil creature has no interest in this realm of life, even the thought of turning around and taking a look!

This evil-minded creature walked deeper into the cave, as if there was some great temptation hidden in it!

However, the number of zombies in the cave is greater, and the strength is stronger, and there is even a saint-level existence in it!

Evil creatures and zombies fought, and each had casualties.

One after another corpses spread across the ground, blood splattered, and lifeless!

It's just tea time.

Hundreds of evil creatures have become corpses all over the ground!

Although the zombies are also suffering heavy casualties, there are too many zombies in the cave, and they are still invisible at a glance!

"Hahaha, Fang Yue, do you really think that you have been arranged by General Chen Fang? General Chen Fang has a profound strategy. The hundreds of strange creatures you have made are not opponents of these zombies at all! If you can't remove these Zombies are the crime of fear of war. You have already issued a military order in the military. If you go back like this, none of you will be able to run away. You must be dealt with by military law, and you will all be killed on the spot!"

Chen Shuai laughed loudly.

Fang Yue sneered: "There are not many other things in the seventh realm, but there are many evil creatures! Can a zombies in a small cave be able to resist it?"

Fang Yue closed the teleportation formation just now. He was worried that sending too many evil creatures would cause the zombies in the cave to be unbearable, leaving too many evil creatures to handle.

Since there are so many zombies, Fang Yue doesn't worry about this happening anymore!

Fang Yue opened the teleportation array again, and in a blink of an eye, a thousand evil creatures appeared again.

These evil creatures are also frantically culling towards the cave!

There seems to be something that is vital to them in this cave, and this level of importance can even make their lives temporarily ignored!

The evil creatures rushed towards the cave.

And that Chen Shuai's face turned pale.

Where on earth is this Fang Yue? He is only at the level of Yin and Yang realm, and he can summon so many terrifying monsters!

Just now, Fang Yue summoned hundreds of evil creatures, he thought it was his limit.

But who can guess that this Fang Yue can once again summon thousands of evil creatures, and there are more powerful saints in it, there are a dozen of them!

For the first time, Chen Shuai lost confidence in Chen Fang's layout.

These monsters summoned by Fang Yue are enough to destroy the demon tribe's army!

Even if Fang Yue gave up the cave and returned to the army that destroyed the demons, with this skill of Fang Yue, Chen Fang might not be able to control him!

When the matter is violent, all the doorways will emerge from the dark.

Chen Fang dispatched Fang Yue to his subordinates and assigned him a mortal task. If this matter was left on the table, the Su family would be able to let him drink a pot!

"Where is this Fang Yue sacred? When did such a character emerge from the Destroyed Demon Race!"

Chen Shuai muttered to himself, his heart was full of fear!

Fang Yue glanced at Chen Shuai, "I'm afraid now? This good show has just begun!"

### **Chapter 1698: Messenger of Hades**

Fang Yue stood at the door of the cave, watching the continuous battles in the cave.

Heads of evil creatures entered it one after another, and those zombies seemed to go crazy and were fighting with the evil creatures in blood!

The war between the two sides has risen to the point where the earth is turned upside down, but the walls of the cave are extremely tough, no matter how the two sides bombard each other, they can't even damage the cave in the slightest!

"What kind of material is this cave made from? Even if the saint-level magic weapon is repeatedly impacted by the energy aftermath of the saint-level powerhouse fighting, this cave should have been damaged and collapsed long ago!"

Fang Yue felt more and more that the information provided by Chen Fang might be wrong, even if it was to suppress the head of a Great Sacred Realm-level destroying demon race, is it such a waste of time?

Not to mention the rank of the cave itself, just these zombies are extremely powerful and terrifying.

Thousands of evil creatures he got out this time were quickly consumed in the fight with the zombies.

And the number of zombies is still crushed in darkness, endless.

"Say, where does this cave lead? Why do I feel that there is such a big gap between Chen Fang's previous tasks and the facts?"

Fang Yue forced the palace, forced the palace's Chen Shuai.

Chen Shuai shook his head, his face pale.

"I'm just a messenger. Do you think I know what General Chen Fang would think?"

Fang Yue pondered for a while, what Chen Shuai said should be correct.

Looking at the evil creatures in the cave that had almost been exhausted, Fang Yuemo looked at the entrance of this teleportation formation, wondering if he wanted another wave?

At this time, the Sky-Swallowing Rabbit in Fang Yue's arms suddenly recovered, and it jumped out of Fang Yue's arms.

Fang Yue glanced at the Sky-Swallowing Rabbit after its bloodline metamorphosed. Suddenly, there was a hazy, divinely favored smell on it.

"What? The bloodline evolution in your body has been completely completed?"

Fang Yue glanced at the Swallow Sky Rabbit curiously, the aura on the rabbit seemed a little different from what he had imagined.

The Sky-Swallowing Rabbit shook his head slightly, but its big red eyes were always staring at the depths of the cave.

In its heart, there seemed to be a surge of desire.

"What is in this cave? How can you make you evil creatures yearning so much, even knowing the danger, but you can't restrain the desire in your heart?"

Fang Yue asked about the Sky-Swallowing Rabbit.

But the sky-swallowing rabbit turned out to ignore Yue's inquiry.

Its eyes seemed to have only the cave in front of it.

Fang Yue reluctantly activated the power of the contract, and the sky-swallowing rabbit's eyes were surprised before returning to his normal state.

"Master, quickly, set up an independent world to isolate me from this cave. There is a magical power in it, as if calling me, my body can't control it!"

Swallowing Sky Rabbit said anxiously, Yue.

Fang Yue couldn't help being stunned when he heard this, and then he arranged an independent space barrier.

The magical power in that cave has reduced the temptation of Sky-Swallowing Rabbit a lot. At this time, Sky-Swallowing Rabbit's eyes returned to a clear look.

"What is there in this cave? How can you, evil-minded creatures go so far as to forget their lives."

The sky-swallowing rabbit's eyes gradually regained its clarity, and Yue Fang, who had lingering fears, said.

"There seems to be some kind of magical call in this cave. This call can control the spirit of my waiting! Oh, no, this call should have a strong influence and temptation on all undead creatures, even if it is a saint. The existence of levels is hard to resist!"

Swallowing Rabbit Fang Yue explained.

Fang Yue frowned.

"In this way, this zombie is also summoned by the demon power, but these zombies are clearly resisting you from entering it! Could it be said that this is the purpose of the demon voice? But why did he do this? "

The thoughts in Fang Yue's mind were circling quickly, but in fact he already had a little speculation in his mind.

This is a sacrifice, and only the fallen undead creatures can provide the most delicious sacrifice to the owner of the demon voice!

In this way, he summoned evil creatures into the cave to consume the power of these zombies, but in a disguised form, he fulfilled the master of the demon voice in the cave!

At the moment Fang Yue thought about it, the independent space barrier he arranged casually shattered!

"Return, return!"

Fang Yue could also vaguely hear a strong and heavy voice calling to the outside world everywhere!

But the eyes of the Sky-Swallowing Rabbit became blurred again, and it wanted to rush into the cave and become the sacrifice of that sound.

"Who the \*\*\*\* are you? Why do you want to play tricks in this cave?"

Fang Yue's voice became serious, and he questioned the cave loudly.

At the same time, Fang Yue put the Sky-Swallowing Rabbit into a new independent space enchantment again, so that it can no longer be affected by the voice calling!

"Humble creatures, how do you know the greatness of my Gages! I am the messenger of the underworld trapped in this cave! Only the infinite undead creatures dedicated to me with their humble souls can restore me to the past. The glory of breaking through this \*\*\*\* trap! Those despicable human beings would rather die than let Pluto step into the galaxy! But how can they understand that Pluto's will is unstoppable! I Gages Sooner or later it will spread Pluto's will throughout the galaxy!"

Fang Yue finally understood this time!

It turns out that the trapped in this cave turned out to be a messenger of Pluto!

He should be in a trough state and needs to devour a lot of souls to recover his strength!

"This \*\*\*\* Chen Fang, he almost broke a big deal because of his own desires!"

Fang Yue naturally understood the terrible nature of this Pluto.

The underworld is the highest plane, and it is above the heavens and the world like the immortal world!

If the will of Pluto really comes, it will instantly turn this universe into a graveyard.

Fang Yue didn't say much, he directly began to chant the "Death Scriptures", the scriptures of the words became black runes, and these runes and musical notes flooded into the cave in an instant.

Those manic zombies became docile!

They are like lambs, let Fang Yue drive them.

"This is the celestial scripture, it's the "Death Scripture", how can you understand the celestial spirit technique in this heavenly court!"

The messenger of Pluto is no longer arrogant, but there is a vague fear in his voice!

This "Death Truth" is supreme.

Even if it is the best method in the fairy Scriptures!

Although the messengers of Pluto are noble, there are still countless messengers like him in the underworld.

But there is only one immortal scripture of this level, and only Master Pluto can practice it himself, or Pluto has also received part of it!

"The true celestial scripture belongs to me! You are just a small unknown person in the Yin and Yang realm, what qualifications do you have to practice this level of celestial scripture!"

The messenger of Hades who was sealed in the cave roared frantically in hysterics.

However, Fang Yue was still watching, collecting the remaining souls in the cave and refining them into drops of soul liquid.

Normally, Fang Yue rarely used the celestial scriptures.

Because the level of the fairy Scriptures is too high, his realm is difficult to maintain and consume. Secondly, everyone is not guilty and cherishes his sins. If people recognize that he is using the fairy Scriptures, I am afraid that even the strong in the real fairyland will be from the depths of time and space. Come out and \*\*\*\* it yourself!

But this time, he was facing the messenger of Pluto. To prevent the messenger of Pluto from controlling these undead creatures, he could only suppress it with a more powerful fairy scripture!

Moreover, Fang Yue knew that if the messenger of Pluto really escaped from this cave, the entire Milky Way galaxy would face a catastrophe of life and death.

This catastrophe will be even more terrifying than the invasion of the destroying demons!

Although Destruction Demon Race is powerful, the aura of this universe is not exhausted. Destruction Demon Race can only send very few people to infiltrate all realms, which can delay and resist.

At this moment, Fang Yue had sealed the Destruction Demon Clan under his command to the senses, preventing them from knowing how he and the messenger of Hades did.

Only Chen Shuai, Fang Yue let him witness the whole process!

Chen Shuai's heart trembled, and he was about to jump out of his chest.

Messenger of Hades!

Death truth!

At this moment, Chen Shuai suddenly felt that the General Chen Fang he admired in the past was so small.

Although Fang Yue has not really confronted Chen Fang.

But how could Chen Fang be Fang Yue's opponent who mastered the immortal scripture and could challenge the messenger of the Hades.

What's more, Fang Yue was able to summon a sage-level monster before. From a certain perspective, he already has a strength far surpassing Chen Fang!

"General Chen Fang's choice to be your enemy may be the biggest mistake in his life, but no matter how strong you are, I belong to the Chen family, and the blood of the Chen family is flowing in my body. I can only be loyal to the Chen family. !"

Chen Shuai suddenly spilled a ray of black blood at the corner of his mouth.

He actually bit the poison in his mouth and chose to commit suicide.

Chen Shuai did not want to be insulted like this again.

So I chose to commit suicide!

After Chen Shuai died, above his Baihui acupoint, an unconscious spirit floated out from it!

This is Chen Shuai's soul, and his eyes are full of confusion.

"Come!"

Fang Yue raised his hand, took Chen Shuai's soul into his hands, and then turned it into a soul liquid.

"It's a pity! A loyal martyr, but he was born in the Chen family by mistake and fell into Chen Fang's command!"

A touch of regret flashed in Fang Yue's eyes, but he had no regrets about Chen Shuai's death.

Because of their different positions, they are destined to be enemies.

To the enemy, you must be cruel, and kill the opponent by all means!

In fact, in this world, many times, where there are right and wrong, where there is justice and evil, some are just different positions, different goals, each is guarding the belief in the heart!

"you!"

The envoy of Hades in the cave was filled with anger like a volcanic eruption.

He has worked hard for thousands of years and gathered so many zombies. What he is waiting for is that one day he will be able to release these zombies, kill one earth-shaking, kill one corpse all over the field, and then he collects the souls of thousands of creatures and restores them to the peak state. Level, escaped from this \*\*\*\* seal.

However, the yin and yang youth in front of him actually controlled all these zombies, making his thousands of years of hard work turned into a dream bubble in one day!

### **Chapter 1699: Transformation of elbow and armpit**

The first thousand six hundred and ninety nine

Face off with the messenger of Hades outside Fangyue Mountain cave.

He found that the means of the messenger of Pluto was really good.

The zombies in the cave seemed to completely obey the call and enslavement of the messenger of the Hades. No matter how Fang Yue uses his mind, it is difficult to get them out of the cave and follow his drive.

Even though the "Death Scriptures" can only calm the emotions of these zombies and stop them from killing in their hands, once Fang Yue stops chanting or leaves completely, these zombies will once again become a tool for killing the messengers of the Hades!

Fang Yue can only prevent the recovery of the messenger of the Hades this time, and if someone sends troops to attack the cave afterwards, the messenger of the Hades may still absorb the dead souls, so as to restore prosperity and escape!

Just when Fang Yue was troubled by this matter.

The light brain on his wrist suddenly trembled!

"This is... Taoist Hungry Wolf? What is he doing with me at this time?"

Fang Yue opened the communication page of Optical Brain.

The face of the hungry wolf Taoist emerged.

"Fang Yue, where are you? This earth has something wrong!"

Fang Yue heard this, his heart instinctively tightened.

"What's the matter? Hungry wolf Taoist, tell me clearly!"

"The lord of the solar system appointed by the Galaxy Star Alliance has signed an agreement with the Northern Alliance Agreement, and has sold the management of the earth to the Northern Alliance Agreement. The Northern Alliance Agreement intends to turn the earth into a lure and destroy the demons. The bait, sacrifice completely!"

The words of the hungry wolf Taoist made Fang Yue annoyed: "This Northern Alliance's agreement is already difficult to protect, so I still want to attack the earth? And this Galaxy Alliance, when will there be a galaxy's star field? Lord, what right does he have to sell the earth to the North League covenant?"

"Fang Yue, where are you now? Come back quickly, no matter what the process is, but since the Northern Alliance agreement has made a decision, they are likely to use the earth as a bait to attract the destruction of the demons! The earth has just recovered and it can't bear it. This destruction of the Demon Race!"

The hungry wolves have lived and built on the earth during this period, and they have developed deep emotions for the earth.

"You may not believe it, I am now an officer in the army that destroys the demons!"

After Fang Yue finished speaking, the hungry wolf Taoists were completely fascinated.

This little master's undercover ability is too strong!

When has this been mixed into the Destruction Demon Race!

"Then what should we do next?"

Taoist Hungry Wolf had no idea about Fang Yue's plans and ideas.

Fang Yue didn't know what to do!

How the Beimeng Pact used the earth as a bait, and then attracted the destruction of the demons, Fang Yue simply didn't know the whole process of this plan!

"Um... let me think about it! But tell the Monkey King and the others to stop retreating! If anyone from the Galaxy Star Covenant or from the Northern Covenant enters the earth, They shot them all to death! I figured out how to deal with the destruction of the demons!"

Fang Yue confessed, then turned off the communication equipment.

"Hey, you, what do you call the messenger of Pluto!"

The messenger of Pluto was angry, and it had been a long time since this fellow had been with himself, and he didn't even know who he was!

"Emissary of Hades, Andersen!"

"Fuck, Andersen, brother, didn't you write fairy tales?"

Fang Yue was shocked, this is a celebrity!

"Huh? Fairy tale? What is that? I only know that when my messenger of Pluto descends into the world again, I will become a mythical existence in this universe!"

The messenger of Hades said proudly.

Fang Yue listened to the second response from the envoy of Hades, and he didn't bother to take this guy.

This Andersen should not be that Andersen. It is highly probable that they should just have the same name and have no wool relationship!

"Mr. Andersen! You probably heard my call just now! Originally, I wanted to keep you sealed for the survival of the entire galaxy for a while! But now I have changed my attention. How about a deal? I release you A clone of, and then help me level my enemy?"

Andersen snorted coldly, "The noble messenger of Hades does not bother to bow his head to the enemy!"

"I will give you ten drops of Sixth Rank Soul Essence, which is enough for you to create a sage-level clone in the outside world, help you collect sacrifices, and restore your deity to full prosperity!"

Fang Yue pulled out a bottle stopper, and the breath of ten drops of Sixth Rank Soul Liquid permeated out, which was extremely attractive.

"How could the noble messenger of Hades surrender so easily!"

Although the messenger of Pluto is still cold, his voice is obviously not as firm as before!

"Add ten more drops of Rank Six Soul Liquid!"

Fang Yue took out another small bottle!

"How do humble humans know how tough the pride of Pluto's messenger is!"

"Don't do this business! I'll find someone else!"

Fang Yue closed his stall and prepared to leave.

Behind him suddenly came the anxious voice of the messenger of Pluto: "You wait! The deal!"

The messenger of Hades thought that Fang Yue would increase the price, but he did not expect that he would simply leave after his third refusal!

He regretted that his intestines were about to be green. After being sealed in this cave for so long, he was almost suffocated to death! Finally, there was a chance to condense the clone to go out and breathe out, and he almost got rid of him!

"You have to swear that even if your deity is restored to prosperity and escaped from this cave, you will not be able to attack me or my home planet Earth!"

Fang Yue asked the messenger of Hades to swear.

The messenger of Pluto said disdainfully: "How can a noble messenger of Pluto bow to the humble human ants easily!"

"Hey wait!"

Fang Yue had turned around and was about to leave before the second declaration of the messenger of Hades was finished!

The messenger of Hades is anxious!

It doesn't matter if you go, this soul liquid will be left to me!

"Then you are still arrogant?"

Fang Yue squinted at the sealed cave where the messenger of the Hades was sealed.

"Willing to obey your will!"

The messenger of the Hades said humbly, and then the messenger of the Hades made an oath, and Fang Yue also fulfilled the contract to condense the clone of the messenger of the Hades.

Twenty drops of Rank Six Soul Liquid condenses a soul clone of the peak of the Saint Realm!

When the messenger of the Pluto enters the lord, this clone immediately rises to a level, and it reaches the level of the half-step Great Sacred Realm, and even if the messenger of the Pluto wants it, it can reach the level of the Great Sacred Realm at any time!

"Mr. Andersen, I came this time to complete a mission. It is said that there is a Great Sacred-level Destroyer Demon's head nearby that has been sealed. I wonder if you know the whereabouts of that head?"

Fang Yue asked Andersen.

Andersen nodded and said, "That head is in my hand! When I was sleeping in this cave, I heard this head noisy all day long, so I got him out and sealed it again!"

Fang Yue was speechless.

How powerful is this Andersen deity?

At any rate, that head belonged to a Destroyer Demon at the Great Sacred Realm level. Even if it was divided by five horses, this head must have been sealed with extremely strong mana. However, this Andersen's deity had not recovered the strength of the heyday before, and was able to seal the head of this great sacred realm-level destruction demons at hand!

"I wonder if Mr. Andersen will leave this head to me for disposal?"

Fang Yue felt that he might not be an enemy of the messenger of Pluto in the future.

Anyway, the Galaxy Alliance has almost completely abandoned him. He is an enemy in this galaxy, even if Pluto comes to the world and he has a relationship with him for half a dime! As long as these people don't care about them, and don't care about the earth, whoever they love will go!

"Five drops of Sixth Rank Soul Liquid! You know that the head of this great holy realm level is extremely precious!"

Andersen said with a smile on his face.

Fang Yue was shocked!

Feelings This Andersen should be a small business before he became the messenger of Pluto!

Dare to sell anything!

"Three drops!"

Fang Yue bargained with a serious face.

"Four drops! After all, this is the complete head of a great saint realm powerhouse. If combined with the spirit, he may still be dead and resurrected!"

"Deal!"

In this way, Fang Yue perfectly completed the task assigned by the Mozu!

Fang Yue carried the head of the Great Sage Destroyed Demon Race back to the camp of Destroyed Demon Race, and then handed the head directly to the Nujiang Hou!

This Chen Fang has already confirmed that it is a hostile camp. If Fang Yue takes this head and returns to life, he does not know what moths will be formed in the middle!

And Nujiang Hou is his own!

Even if Nujiang Hou gets this credit, he will not take it alone and will definitely give him a share!

"Fang Yue, aren't you supposed to be completing tasks at this time? What are you doing here?"

When Nujiang Hou saw Fang Yue, there was a hint of doubt in his smile.

"Hou Nujiang, I have completed this task, and even Master Lin Yin's head has been brought back!"

Fang Yue threw Lin Yin's head in front of Nu Jianghou.

Nu Jianghou was taken aback for a moment, and then showed a surprised expression.

"This is the head of Lord Lin Yin! Hahahaha! Chen Fang, Chen Fang, I didn't expect you to steal a chicken and eat a handful of rice, and you will have one day planted in my hands!"

Hou Nujiang carefully collected Lin Yin's head!

"Fang Yue, you have made a great contribution this time! This Master Lin Yin is a veteran master in my destruction of the demons. Combining his soul with his head, he can make another body for an incomplete recovery ritual. Wait until Finding the other sealed parts of the body, he will perform a complete recovery! If Master Lin Yin returns to his peak state, with his combat power, he should add another powerhouse at the peak level of the Great Sacred Realm!"

The Nujiang Hou Fangyue said: "Even if Master Lin Yin's incomplete recovery can make me destroy the Demon Race and create a powerful man in the Great Sacred Realm, this merit is greater than you killed thousands of Human Races! With this Thanks to you, you can directly be canonized as a general and become a very high-ranking figure in the destruction demons!"

"Fang Yue dare not take this credit. If it were not for Nujiang Hou's care and assistance, I would not be able to make this credit! Please also Nujiang Hou's head! Fang Yue also believes that Nujiang Hou will not treat me wrongly. !"

### **Chapter 1700: Overturn**

"Hahaha, Fang Yue, you are really a good general of my Su family! Yes, this is too much credit, even if you really give this head to the military service department, I am afraid that there will be many twists and turns! Maybe, this Chen Fang still I will take the opportunity to take away most of the credit from you and put most of the credit under his name!"

"But if this head is handed over by my Su family, the meaning will be different! My Su family is a big clan in the Destroyed Demon Race. Who dares to make things difficult for us? Then I will say that this head is your Fang Yue assistant. Our Fang family has obtained the merits, and I will naturally share some of the merits with you!"

"Thank you, sir!"

Fang Yue got the promise of Nujiang Hou and made a look of gratitude.

Afterwards, Fang Yue retreated, and Nujiang Hou began to operate how to turn this head into the greatest credit.

After half a day.

When Chen Fang returned, he broke into Fang Yue's camp angrily!

"Fang Yue, what do you mean? I kindly sent a disciple of the Chen family to be your messenger, but none of your soldiers died. Instead, the soul card of Chen Shuai, my messenger alone, was broken! This matter Do you want to give me an explanation!"

Chen Fang's mission did not go smoothly. They tried three entrances with heavy casualties, but none of them were the real entrances.

Chen Fang's heart was suffocated with fire, and he was ready to vent his eyesight less!

It happened that after he came back, he saw Chen Shuai's soul card shattered, and he used this to attack the opponent Yue.

"Chen Shuai made his heroic sacrifice to protect the other soldiers in our army. It is really a bit tragic! However, he regards death as home, where death is, and death is valuable and meaningful. Shouldn't General Chen be proud of him?"

Chen Fang was irritated by Fang Yue.

This awkward Chen Fang was a little confused!

With that said, should Chen Fang died in Fang Yue's army or should he thank Fang Yue?

"Fang Yue, don't mess around with me anymore. Chen Shuai's matter can be left aside first. I want to ask you, if you ignore the military order, you will return to the camp privately if you have not completed the task. Can I regard it as Deserter, give you a charge of disobedience and disrespect, kill you three clans, and divide you by five horses?"

A cruel smile appeared at the corner of Chen Fang's mouth.

This Fang Yue committed such a big mistake, no one can keep him!

Nu Jianghou could only watch Fang Yue die in his hands.

Fang Yue looked at Chen Fang with an innocent look and said: "I have completed the task assigned by General Chen for me!"

"Nonsense!"

Chen Fang said angrily: "The cave you explored has not yet reached its end, not to mention that there is a powerful saintly undead creature stationed in the cave. It is impossible for you to finish exploring!"

"But our task is to find Lord Lin Yin's head and return it to the army! After this task is completed, what meaning does the cave have to complete the exploration? Am I right, Lord Nujiang Hou!"

Fang Yue's voice fell.

Chen Fang was surprised.

Behind him, Nujiang Hou did not know how long he had been standing, and there was a middle-aged man behind Nujiang Hou.

Chinese character face, chain mail, and sharp sword hanging from the waist, without anger but prestige.

This person is exactly the military elder Sima Shangwu in the Destruction Demon Race.

Sima Shangwu moved slightly, and there was a devastating aura flooding the sky!

"Master Sima!"

Chen Fang bowed his head in cold sweat.

Sima Shangwu has a very high status in the destruction of the demon army. He is one of the three veteran figures who have descended on the planet Vegeta this time. Although it is said that there is also a powerful person in the virtual fairyland who has come this time. Those who manipulate the overall situation, but on the bright side, it is Sima Shangwu and other three powerhouses at the peak level of the Great Sacred Realm who manage daily affairs.

Although the Chen family was strong, they did not dare to be arrogant in front of Sima Shangwu, because the Chen family relied on only an ancestor of the virtual fairyland level, but the Sima family where Sima Shangwu was located had a true fairyland level. exist.

It is said that this Sima Shangwu's extraordinary strength has exceeded the shackles of his realm. Hundreds of years ago, this Sima Shangwu had played against a strong man who had just entered the virtual fairyland and insisted on a hundred moves.

This proves that Sima Shangwu has initially possessed the ability to fight against the strong in the virtual fairyland.

"Master Sima! This Fang Yuemu was lawless and didn't follow my orders. He also murdered the messenger he had assigned to him. I suspect that he had colluded with the human race and tried to destroy the demons against me!"

Chen Fang detained Fang Yue one after another.

Chen Fang didn't know that everything he said was right.

However, Nu Jianghou stood in front of Chen Fang and smiled at him.

"Master Chen Fang, you are a bit too sloppy when you made the assertion so easily! Let Sima master all this!"

Hou Nujiang was sorry and said to Sima Shangwu.

Sima Shangwu snorted coldly and glared at Chen Fang. At the same time, his gaze towards Fang Yue was exceptionally soft!

"Unexpectedly, when the hero was born as a teenager, you turned out to retrieve the head of Junior Brother Lin Yin!"

Sima Shangwu's words fell.

Chen Fang was immediately shocked!

"Has Fang Yue retrieved Master Lin Yin's head? This, this is impossible! The cave I sent to him may have entered the Talasia Canyon!"

Chen Fang suddenly realized that he had lost his temper, and said what he shouldn't have said!

"Huh! Chen Fang, you have indeed passed this period of time! Although you are a direct disciple of the Chen family, if you really disrupt the normal order of the military and murder Zhongliang, I can still kill you. I believe you behind The Chen family may not have any opinions!"

Sima Shangwu's tone has revealed an awe-inspiring murderous intent!

Chen Fang's breathing became rapid, his cheeks flushed!

Unexpectedly, the matter this time was so serious.

This Sima Shangwu actually issued a warning to him himself, this warning is not just a casual comment! Every word of Sima Shangwu is a golden rule. In the army, no one dares to be deaf!

"Master Sima Shangwu, let me explain!"

Before Chen Fang's words were finished, Nu Jianghou said gloomily: "What else are you explaining? This task of finding the head of Lord Lin Yin was arranged by Lord Sima himself! And you actually used this mission to murder. Fang Yue, even the 1,200 elite soldiers of Fang Yue who destroy the Demon Race have been sacrificed by you as cannon fodder!"

Hou Nujiang couldn't forget to put Chen Fang down. He knew that he would definitely not kill Chen Fang this time, but he was sickened anyway. The use of eye drops also made his heart feel more comfortable!

Chen Fang was dumb, he suddenly realized that he had jumped into the Yellow River and couldn't clean it.

This Fang Yue actually got Lin Yin's head, this is the outstanding credit!

"This time, Fang Yue helped the Marquis of Nujiang get Lin Yin's head. The main credit is to the Marquis of Nujiang. Fang Yue's credit is in the second place. The third-class marquis of the Marquis of Nujiang was promoted to the second-class marquis, and he gave top grade world crystallization Three thousand! Fang Yue also contributed to my destruction of the demons, but since your cultivation level is too low and you only have the strength of the early Yin-Yang stage, I will appoint you as a third-class baron and reward five thousand guards!"

Sima Shangwu's voice fell.

The jealous eyes of Chen Fang beside him could almost burst into flames!

This title is extremely rare among the Destroyed Demons. Once it has a title, it is equivalent to the nobles in the Destroyed Demons.

The average baron has no guards at all!

Only a big figure like Sima Shangwu can change the rules arbitrarily!

Fang Yue has a knighthood, it is even more difficult to kill him, because if a commander dies, he will die, no one will be held accountable, but the baron is the noble among the ruined demons, and he has made great contributions to the ruined demons. Character! Such a person, if something goes wrong, he must be thoroughly investigated, and once the cause of death is found, he must be revenge!

Moreover, the five thousand guards, plus the 1,200 elites commanded by Shang Shangyue himself, Fang Yue's power soared several times in an instant!

In the future in the army of the Destroyed Demons, he can be regarded as a true middle-level figure, and he has a little say in some decisions!

"As for you Chen Fang, you have been defeated repeatedly recently, and you still have all kinds of bad deeds. If this is the case for ordinary generals, I would have already cut the place and the heads of the people, in order to behave like you! But you are the Chen family. My disciple, I have a special status. In this way, I let you face the wall for a month and think about yourself. If you do it again in the future, don't blame me for turning my face and ruthlessly. The Chen family's face can protect you once, but it's impossible to protect you. lifetime!"

Sima Shangwu's voice fell.

Chen Fang immediately felt a bitter taste in the corners of his mouth.

This time he really lost his wife and broke down. If he had known this would happen, why did he bother?

Chen Fang did not dare to show any disrespect to Sima Shangwu, but he looked at Fang Yue as if he had hidden a knife.

In his opinion, all things were caused by Fang Yue, if he died obediently in the cave, these latter things would not happen!

Seeing Chen Fang's eyes, Fang Yue couldn't help but show a sneer.

I didn't even want to kill you, but if you want to take the initiative to find death, then it will fulfill you!

Fang Yue stepped forward and said to Sima Shangwu: "The subordinates recently learned about the Galaxy Star Alliance! This Galaxy Star Alliance has joined forces with the Northern Alliance on Vegeta, and wants to set up a game to kill me. Destroy the demon army! They want to use a remote planet, the earth as a primer, to lure me into the demon-destroying army, and then detonate the star core of this planet to kill all my demon-destroying army. this!"

Fang Yue told the truth about the conspiracy of the Galaxy Star Alliance and the Northern Alliance.

Sima Shangwu couldn't help but froze: "Fang Yue, can this kind of thing be irresponsible? You must pay attention to evidence in everything. If you can prove that what you are telling is the truth, this is a great achievement. This credit is enough to make your title no longer. You are promoted to one level, but if you tell lies, it is considered to be a lie to the military. I destroy the Mozu for the punishment of lie to the military! Not to mention that your title cannot be kept, even your life is hard to keep!"
