

God of Life 981

Chapter 981: witchcraft?

Does the elder of the Nalan family have this ability?

What a disappointment!

"Go with peace of mind!"

Fang Yue sighed softly.

The elder of the Nalan family fell to the ground in a blink of an eye, his eyes turned white, and his body twitched weakly.

The elders of the Nalan family hadn't gotten close to Fang Yue's body at all, so he didn't know his life or death.

"What kind of magic is this?"

The disciples of the Nalan family were shocked, and they defeated the elder of their Nalan family without moving a finger. Could this Fang Yue be the reincarnation of the evildoer?

"No, it's not that you didn't make a shot, it's that Fang Yue's shot was too fast, reaching the point where you can't catch it with your eyes!"

Sima laughed and explained patiently beside him, and a small ripple was also caused in his heart.

Have your friends of the past grown into such a powerful existence?

Even if he is close to the leader-level powerhouse, he is so vulnerable in front of him.

Kill with one blow!

Sima smiled and saw clearly, Fang Yue just dropped a finger on the eyebrows of the Nalan family elders, which was to extract the opponent's soul from the sea of consciousness.

Without the fleshy shell of the soul, just a walking dead!

If Fang Yue refused to return the souls of the elders of the Nalan family, he could now declare his death!

"It's so fast that they can't even catch their spiritual thoughts and eyes!"

Wu Fan felt his heart contract slightly, and then twitched.

How strong is this Fang Yue!

Even the elders of the Nalan family have become native chickens in front of him!

In the depths of Wu Fan's heart, a great horror rose!

He seemed to feel an inextricable shadow slowly floating in the air.

What kind of madness did I drive, and I want to provoke Fang Yue boldly!

Can such a monster be comparable to him?

"Give you a chance, self-decision!"

Fang Yue said the same thing again.

But the minds of the disciples of the Nalan family above the colorful clouds are completely different!

The teenagers in front of them can really easily decide their life and death.

And they don't even have the qualifications to die.

The fish will definitely die, but the net will not break!

There is no leader-level peak or even a saint-level Nalan family powerhouse present, they want to deal with Fang Yue or worry about it!

Suddenly, there was no response.

The disciples of the Nalan family, even though they are courageous, are unwilling to self-discipline, who is willing to die if there is a glimmer of hope?

The corner of Fang Yue's mouth curled up with a sneer: "It seems that you have rejected my proposal!"

"I, I hate being rejected!"

Fang Yue's smile became colder, and the corners of his lips were narrow and sharp as a knife.

Without it, Wu Fan felt a cold wind hit.

It's not an illusion, it's really windy.

The wind is not strong, but continuous.

Every air current can take away a ray of life in his body.

Obviously it was just a passing moment, but Wu Fan felt that his life was missing by ten years!

Tightened skin, creases gradually.

Young lives age in the wind.

This is not prose, but narrative.

The description of every word is true!

Wu Fan raised his eyes, not only him, but all the disciples of the Nalan family, showing varying degrees of aging in the wind.

Life stripped!

A spell noun that should only be printed in ancient books.

Now, he has personally experienced it.

Wu Fan, as the golden oil in the first city of Tianlu, is not a frog at the bottom of the well!

He is also familiar with some ancient classics.

A wave of despair rose from the bottom of my heart, like a person drowning in the sea, unable to find even a straw.

Just a breath of work. Wu Fan felt that he had gone through all the processes from the prime of life to the end of life.

Weeping old.

Wu Fan's skin was sagging, his eyes dimmed, and it was already time for the oil to run out!

"Fang Yue...you...will regret it!"

Wu Fan cursed Fang Yue with a hoarse voice.

Fang Yue didn't realize it.

Fang Yue never put Wu Fan in his eyes, just a clown, what threat can he pose to him?

Fang Yue just wanted to avenge the Nalan family.

And this Wu Fan is just a sound tube.

The sound is still in the air.

Wu Fan's corpse had fallen to the ground, his frightened soul peeling away.

"Your soul is mine, you are not qualified to make me regret it!"

Fang Yue's palm moves.

Wu Fan's soul was in Fang Yue's hands and gradually refined!

Killing Wu Fan is not much more difficult for Fangyue than crushing an ant.

The disciples and elders of the Nalan family above the colorful clouds were also struggling to resist.

Fang Yue's cultivation realm is higher, and the scope of influence of life stripping is also greater!

The rotation state is simply impossible to resist, and the yin and yang state will also be greatly affected!

Even if it is a leader-level powerhouse, a lot of vitality will be stolen if one is not careful.

The Temple of Life, able to establish a huge reputation in the world, no one dares to commit crimes, and it is not only the small favors and benefits in the ordinary days.

They are vital, and they also know how to attack!

Only one type of life peeling, no one can break!

"Dust to dust, dirt to earth!"

Fang Yue sighed, and suddenly the wind became stronger!

All the disciples of the Nalan family's rotation realm have all turned into a pile of dead bones!

The strong of the Nalan family in the yin and yang realm stand out!

"Fang Yue, we were wrong, we surrender!"

A disciple of the Nalan family said in horror.

"late!"

Fang Yue shook his head slightly, and he gave a one-word reply.

Fang Yue's voice fell, the wind blew the world, the dust was everywhere, the sun and the moon were drowsy, and the rocks shook!

Even the strong in the Yin and Yang realm can't resist such wind blowing, the vitality in their bodies is like a flood that opens the gate, surging and venting.

The disciples of the Nalan family were all horrified, their eyes widened.

They opened their mouths, but didn't even make a sound. They were exhausted and sat down!

The disciples of the Nalan family have all fallen!

Above the colorful clouds, bones are piled up in various appearances.

Fang Yue waved his hand, and put all their storage bags, brocade clothes, weapons, and all their income into his own storage bag. As for the corpses that had scattered all the vitality, they stayed in place, too lazy to pack them.

"This cloud is a good thing! Qing Fengyun is a kind of magical artifact. It collects the wind from the world and refines it for a hundred years. Finally, it forms such a magical artifact. It can be large or small to carry people into the air, and its magical power, The operation is extreme, it can take off 100,000 kilometers in one day, stable as Mount Tai, without the slightest turbulence!"

Zhang Tie is proficient in refining tools. When he saw the colorful cloud, his eyes were shining, and he regarded it as a treasure.

This Qing Fengyun was the preciousness he dreamed of. Although it was only a magic weapon at the heaven and earth realm level, it was comparable to the magic weapon at the peak level of the rotation realm in terms of the difficulty of refining it.

More importantly, its refining method is different from ordinary magical artifacts!

So if you get it and study it carefully, you will have great accomplishments in the development of refining tools.

"If you like it, take it!"

Fang Yue is not interested in Qing Fengyun or anything. If he rushes on his own, within a few breaths, he will be able to walk out of thousands of miles, without the aid of a magical weapon like Qing Fengyun!

Sima Xiao is also lacking in interest, and he has no affection for the Nalan family.

He is more willing to slay the disciples of the Nalan family and let them be devastated!

As for Qing Fengyun, it is far less powerful than the saint magical weapon in his hand!

Fang Yue and Sima laugh disturbed the secret, turned and left!

Even if it was a deduction by a saint-level powerhouse, they couldn't figure out where Fang Yue and Sima Xiao left.

Half a day later, a major earthquake occurred in the first city of Tianlu!

A disciple of the elder of the Nalan family died outside the city, the magic weapon was robbed, and even his belongings were not left!

Among them, there are elite disciples at the rotation level, who are valued by the ancestors of the Nalan family and cultivated as future successors, and there are also the powerful abilities of the Nalan family in all directions, and they hope to break ground to the level of the leader today. The pillar of the Nalan family!

However, under the First World War, they all died, and judging from the death, they should have died in the hands of the same person. Some people even reasoned that these people were beheaded by the same spell!

For the reputation of the Nalan family, this is a great damage!

Based on the first city of Tianlu for more than ten thousand years, the Nalan family, as one of the three giants of the first city of Tianlu, has never suffered such a big loss. This time, they lost their soldiers and died, and they died of genius. It was the fall of the mighty power, not only the clan power was consumed, but the most serious was that their reputation in the first city of the sky was damaged.

In the first city of Tianlu, rumors began to spread.

The Nalan family is already in prosperity and decline.

The rumor came suddenly without warning.

The high-level Nalan family was furious, and his heart was punishable.

This is obviously to draw a salary from the bottom of the tank, to shake the foundation of the Nalan family's rule in the first city of Heavenly Road!

They sent people to investigate and apprehend or kill the people who spread the rumors!

The next day, half of the people sent out were killed, and their heads were dropped on the door plaque of the Nalan family mansion!

The heads of each of them were extremely hideous when they died. They may have their eyes open with anger, and they were full of unwillingness, or their mouths opened, and they stopped talking!

The round heads seemed to verify the authenticity of the rumors.

The Nalan family has really come to the end of the crossbow, strong in the outside world, has reached the point where it can be slaughtered!

Someone from the top of the Nalan family spoke and issued a reward order!

If someone can find the rumors and give them the head or capture them alive, the Nalan family will give a weapon in the Yin and Yang realm, and give them the title of worship elder.

The reward was given, and the entire Tianlu First City was moved!

This rumors and troubles may not be strong, but the Nalan family is willing to use such a heavy reward to find and kill!

From the side, this has proved the Nalan family's determination to punish this person.

Almost a third of the practitioners in the first city of Heavenly Road are nervously mobilizing, looking for the culprit!

However, another day passed.

At the gate of Chengmen, the first city of Tianlu, another cold body was found.

The owner of this corpse belonged to a certain elder of the Nalan family. He was at the level of Yin-Yang realm during his lifetime, and he was famous in the first city of Tianlu.

Now, he was killed by someone, and his head was in a different place. The blood in his body turned black and dyed a piece of earth red!

"The sky is changing! This is really going to change!"

The old man was amazed.

In the old days, the status of the Nalan family, known as the invincible in the first city of Heavenly Road, will be shaken!

On weekdays, a Nalan's servant is arrogant, and others can't breathe.

Now, there is an elder of the Nalan family who has a dead body, cold and blood flowing!

Chapter 982

Isn't this changing the sky and what is it?

Could it be possible that the Nalan family will fall from this point, and will never recover?

The fall of a mighty power may not be a big deal to the Nalan family with a strong foundation.

But this is at least a bad omen, which means that the first city of Tianlu will enter a new chapter!

"I really didn't kill this person!"

At a tea shop, Fang Yue explained to Sima Xiao and Zhang Tie.

"The black blood represents that he was poisoned during his lifetime, and he was only punishable by someone in a weakened state!"

Fang Yue was very sensible. He analyzed the state of the Nalan family before his death.

"If I make a move, I don't have to work so hard, one move is enough!"

Fang Yue drank all the tea in front of him.

He was indeed spreading rumors, and killed many Nalan family who arrested those who spread the rumors, but he just sounded a prelude, and someone started to prelude for him.

"I believe this!"

Sima Xiao also felt that killing a Nalan family was nothing but Fang Yue's need to conceal or conceal it!

Fang Yue didn't put the power of the Nalan family in his eyes, and Sima Xiao did the same. He beheaded the leader and fought against the saint, but he was accidentally defeated before being exiled by the Sima family again.

There are already few people in Da Neng who can enter his Dharma Eye, which belongs to an influential battle sequence.

"But I want to know who killed the Nalan family's mighty power. After he killed someone, he also disrupted the secret, so that everyone could not deduct it!"

Sima Xiao was very curious. Is it possible that the wall is really pushed down by everyone, the Nalan family has already begun to go downhill, and any cat or dog dare to brandish a butcher knife at the Nalan family?

Sima laughed that this possibility is not very great.

This must be an organized and premeditated operation.

"According to my analysis, there may be three biggest ones. One is that the Nalan family is too arrogant and domineering to the point of anger and resentment, so some people took the opportunity to take advantage of the chaos and kill an elder of the Nalan family. , To vent his anger. One is that the elder of the Nalan family usually has a gap with others. He died in a vendetta, which is a personal grudge, and has nothing to do with this matter. The last one is in the first city of Heavenly Road The black hands of the other two forces of the three major forces! And I feel that of the three analyses, the third one is the most likely!"

Fang Yue analyzed carefully and said his thoughts.

Sima smiled and nodded in agreement. He also felt that the possibility of strangling and smashing each other among the three parties was more likely.

"If so, can we use the knife to kill people and join forces with the other two forces to put the Nalan family to death?"

Zhang Tie also participated, and he felt unprecedented tension and excitement.

In his opinion, the Nalan family used to be such an unreachable existence in his heart, as if it were a high mountain that could not be crossed.

But now, he actually feels that this Nalan family is no longer so unattainable, and even a small person like him can leverage the indestructible existence of Nalan family!

"Your Taoism is too shallow to plan and cooperate with the people of those big families!"

Fang Yue spoke, and tactfully refused Zhang Tie's request.

"Although this Nalan family is not a good thing, the two other big forces are definitely not good birds! We cooperate with them, and in the end they will only swallow the bones and dregs!"

Fang Yue said very straightforwardly, without the slightest evasiveness.

Although this piece of iron is weird and clever, his Taoism is still a bit too shallow after all!

Zhang Tie was stunned: "What do you mean?"

"The place where the tiger is sleeping is not tolerated! If we unite with the other two forces to destroy the Nalan family, then at the moment when the Nalan family is destroyed, those two forces will definitely adjust their spearheads immediately. Point to us! We have the ability to destroy the Nalan family, which means that we still have the ability to pose a threat to them!"

The person who explained it was Sima Xiao. He was in the big family every day, and he knew the nasty thinking of those big families better than anyone else.

When Sima laughed, Zhang Tie was taken aback for a moment, but after a deep thought, he discovered that Sima's smile made sense. If he were the person in charge of those two big families, he would definitely make the same decision!

The place where the tiger is sleeping is not allowed to let others sleep soundly. If the Nalan family were to die, the other two would be more powerful.

With the expansion of power, there are still people who believe!

Insufficient heart, the snake swallows the elephant.

He Zhang Tie didn't know whether the two big families would swallow the elephant, but it was more than enough to swallow the three of them.

"So how should we respond now?"

Zhang Tie looked at Fang Yue and Sima and smiled, his admiration could not help but gradually rise.

"If you believe in me, you will guide it in secret, and then watch the changes! We are a good knife in the eyes of those big forces, but they are also knives in the eyes of me!"

Fang Yue narrowed his eyes, wanting to use him? It's not that easy at all!

People are drifting in the arena, who can not be knifed.

"How to use it?"

Zhang Tie looked at Fang Yue, his eyes were full of excitement, and he was laughing with Fang Yue Sima, what he had experienced made him extremely excited!

He gradually realized that he was no longer an insignificant little person in the first city that day, and even his cognition and pattern gradually broke away from the bottom, and gradually moved to a higher level that is elusive!

"Like this!"

At the corner of Fang Yue's mouth, a treacherous smile appeared.

"I'm Zhang Rong again. The Nalan family has oppressed my Zhang family for many years. This time I finally got retribution! It's really a big block of people's hearts!"

Fang Yue changed his appearance once, from a handsome young man to a rough man, his loud voice spread all over the world.

The tea shoppers in the tea shop all changed their expressions.

This story of the Nalan family is well known in the first city of Heavenly Road.

However, there are those who make fun of them in secret, and those who are secretly happy.

However, the Nalan family is still one of the three hegemony in the first city on this day. Although their reputation is damaged, they are unscathed. In the dark, they say nothing, but some things cannot be obtained after all. Come on!

This honour blatantly provokes the Nalan family. This is absolutely bold. His behavior is not brave, but pushes the Zhang family into the fire pit!

Fang Yue's roar caused many of the tea shoppers in the tea shop to leave in a hurry, their expressions changed in shock, they were unwilling to cause trouble and contaminated troubles.

So they chose to stay away.

Of course, there are still some people who are bold and not afraid of the Nalan family. They all have extraordinary origins or unknown cards, so they look on the sidelines and take a look at the Nalan family's solutions.

In a moment, two soldiers of the Nalan family got up. They were dressed in silver armors with cold smiles. They sneered at Zhang Rong and said, "Bold ordinary people, dare to insult the Nalan family's prestige! Let me give you a chance. Kneel down and beg for mercy, maybe I can leave you a dog's life after waiting!"

The two guards of the Nalan family showed cruel smiles. Obviously, they were humiliating Fang Yue. From beginning to end, they didn't put Fang Yue in their eyes.

In their opinion, Fang Yue is just the most common practitioner who has just entered the rotation level, even if he tries his best, he can't compete with any one of them!

Both of them are family guards carefully cultivated by the Nalan family, each of them is the best in the same level, no matter if it is a technique or a secret technique, they have the upper hand!

More importantly, their cultivation realms are all above the fifth step of the rotation realm. The cultivator, the realm is like the sky, even if it is only one or two small realms, it is difficult to cross, let alone five. Little steps.

"The running dogs of the Nalan family are all damned! You are from the Nalan family, you should be dead!"

Fang Yue gritted his teeth, revealing a look of deep disgust!

The guards of the two Nalan Clan both sneered, and one of them walked towards Fang Yue. Since this guy was stubborn, he insisted on being an enemy of the Nalan Clan.

Then don't blame them for being ruthless and beheading him completely!

Just as the guards of the two Nalan families approached Fang Yue.

Suddenly, two human figures were culled. They were both black-clothed and masked, without the slightest vitality fluctuation on their bodies!

These are two humanoid puppets, each exuding a terrifying atmosphere of Yin and Yang.

They shot, every puppet held a long sword in his hand, the silver light flashed, and it landed instantly.

I saw the two guards of the Nalan family fell to their heads, and there was no time to beg for mercy and struggle!

"go!"

Fang Yue spoke to Sima Xiao and Zhang Tie.

The three left the tea shop in a hurry, no one stopped them.

And the two black puppets also jumped out of the window of the tea shop, and were submerged in the vast crowd, without a trace!

In the tea shop, there were only two cold corpses left. The two guards of the Nalan family were in different places, and the blood from the neck wounds gurgled like spring water!

They died unexpectedly.

If facing the enemy head-on, even if they are facing the assassins in the Yin-Yang realm, they still have a way to resist!

The Nalan family has given them treasures that can temporarily resist the attack and killing of the Yin-Yang realm powerhouse!

Under the crowd, two guards of the Nalan family fell.

This incident spread throughout the entire Tianlu First City at an astonishing speed!

The Nalan family is over!

Even the Zhang family, who is like a cat and a dog, would have a black hand against the Nalan family.

The wall fell down and everyone pushed, and the Nalan family was strong outside, and it was already time for decline.

All kinds of rumors spread like a plague, and no one can stop them.

Because the rumors are no longer just rumors, the two guards at the rotation level of the Nalan family were assassinated in broad daylight, in full view.

Too many people have seen it with their own eyes.

The provocation and arrogance of the Zhang family disciples and the momentary death of the two Nalan family guards.

"Which Zhang family is this family?"

The Nalan family was even more angry after hearing such information. During this time, their minds were restless, and there were too many changes in succession.

The enemy is dark, they are bright.

The opponent shot one after another, and they didn't even know the identity of the opponent!

This is destined to be an unfair fight and game!

During this period of time, the Nalan family members were beaten extremely aggrieved.

The damage was repeated, but the opponent's hair was not caught.

This time someone finally dared to jump out and attack the Nalan family.

Chapter 983: Nalan Nightmare

The senior leaders of the Nalan family were extremely excited.

Apart from anything else, at least there was a clue this time.

Zhang Family, although there are many in Tianlu First City, there are seven or eight big and small.

However, after investigating them one by one, they can find clues by seeing which Zhang family has a person named Zhang Rong. At that time, the Zhang family will be destroyed with the momentum of thunder. Their blood and corpses should be able to deter the Xiao Xiaos in the first city of Tianlu who believe that the Nalan family has gradually declined!

"Reporter, the matter you asked has been investigated clearly!"

In a moment, a guard in silver armor walked in front of Nalan Nightmare, the eighth elder of the Nalan family. He knelt on one knee with a respectful look.

The eight elder Nalan Nightmare is one of the few elders in the Nalan family who has hoped to be promoted to the level of saints in the last ten years.

He holds great power, the right to appoint and remove personnel from the Nalan family.

The Nalan family has a large span of elders.

You can become an elder from yin and yang realm to saint realm.

However, this elder is not the same as the elder. For example, the elder who had been killed by Fang Yue and came by riding on the colorful clouds. In fact, there is another name in the Sima family, the deacon elder. Although they have a small Rights, in the Nalan family can also obtain considerable respect, but they belong to the lowest level of existence among the elders.

Such deacon elders, there are no one thousand and eight hundred in the Nalan family, and the position of the elder that the Nalan family has always promised to others is actually this kind of deacon elder.

And above the deacon elders, there are the elders in charge of the leader level. The elders are in charge of a party of the Nalan family or have a rich fief in the outside world. In the fief, they are like the emperor!

Nalan Nightmare is an elder in charge, and being able to become an elder in charge means that Nalan Nightmare has been promoted to the top ranks of the Nalan family. Many matters require his instructions to take effect.

And above the elders in charge, there are standing elders!

Every standing elder is a superior saint-level powerhouse.

A standing elder holds ten or even dozens of voting rights, and they are often worthy of the voice of dozens of elders.

Standing elders are also known as great elders.

They kept their promises, and they were considered the topmost existence in the Nalan family.

As for the powerhouses of the Great Sage level, they are in retreat all year round. If the Nalan family is alive and dead, the powerhouses of the Great Sage level will not show up to take care of affairs.

The elder in charge, according to the level of personal strength, starts from the first elder.

Nalan Nightmare was honored as the eighth elder because he ranked eighth in real combat power among the elders in charge.

This time the suppression of the rebellion was presided over by Nalan Nightmare.

Although there is turmoil in the outside world, in the eyes of the senior Nalan family, these little tricks and small means can't enter their eyes. It is quite enough to be able to send an eighth elder to handle this matter. Take it seriously.

"Just tell me, which Zhang family is at the trouble!"

The eight elders were not fast, and there was a touch of majesty of a big man.

The guard respectfully said, "Zhang Rong is a disciple of the Zhang family in the north of the city. The Zhang family in the north of the city is considered to be an old family in the first city on this Tianlu Road! There were two saints in their ancestors! Sitting and falling, but the background is still there. There are still several master-level powerhouses in the Zhang family and a lot of Yin-Yang realm great abilities!"

The words of the guard are respectful.

Nalan Nightmare raised his eyebrows slightly.

"Ok?"

This family unexpectedly once appeared a strong person in the Saint Realm, and there were still two when they appeared.

Powerful saints generally leave behind their own inheritance techniques, even the saint magical tools they used during their lifetime.

If the chance of a saint leaving a saint magical device is not great, then the two saints...If nothing happens, they will inevitably leave behind their own saint magical weapon to suppress the family heritage!

His Nalan Nightmare is about to enter the level of the Saint Realm, but so far, he has not obtained the Saint Magic Tool. Even with his status in the Nalan family, if he wants to obtain a saint-level magic weapon, it is not enough to simply enter the saint state. He needs to make great contributions to the family before he can receive such a reward.

There are generally two types of saint magical instruments. One is refined by oneself or by someone, then drops blood to recognize the master, and slowly conceives.

Such a saint's magical device naturally has the highest degree of fit, the most powerful display, and the least consumption. However, collecting materials and inviting people to refine them all cost a considerable price.

The second is to inherit the saint's magical instruments used by the predecessors. The owner of this magical instrument is dead or completely cut off from the magical instrument, and then it can be refined again. This kind of magical instrument does not fit well, and it is displayed. The power is limited. Although it has many drawbacks, it is ultimately a saint magic weapon, far surpassing a master-level magic weapon!

The cost of the first type of artifact is ten, and the cost of the second type of artifact is one.

But Nalan Nightmare's current worth is not even a tenth of it.

And if he can use this reason to flatten the Zhang family and plunder the saint magical instruments, then he can have his own saint magical instruments at the moment of sanctification!

Thinking of this, Nalan Nightmare couldn't help but thumped.

Unexpectedly, it was just an ordinary task, and there was so much oil and water in it.

As for Zhang Family's resistance, his Nalan Nightmare didn't pay attention at all.

He has already reached the level of a saint with half his foot, and can be regarded as the most powerful group of existences under the saint. As long as there is no real saint to intervene in this matter, then this family is no rival in front of him!

Moreover, Nalan Nightmare was not alone in the family, he also had three master-level powerhouses under him, and could help him at any time depending on his dispatch arrangements.

"You will investigate carefully to see what hole cards this family has! Give you three hours, I want to get all the details of the Nalan family!"

Nalan Nightmare spoke again.

His character is cautious, and he will not be confused by interests. This saint-level magic weapon is good, but if it is hot, then he will choose to consider it long-term!

"Yes, my lord!"

The silver armored guard bowed his head in response. Then go back!

Three hours later, the silver armored guard returned.

A letter was delivered to Nalan Nightmare.

Nalan Nightmare pulled out the letter from the paper, and the tiny tiny prints were densely packed, occupying the entire page.

The paper records in detail the situation of the Zhang family's masters, the family's wealth cards, and even the beginning and end of the Nalan family's anger.

The Zhang family has been in the first city of Tianlu for more than 57,000 years, and in terms of historical background, it even far exceeds the Nalan family today.

It's just that the Zhang family's blood is ordinary, and there is never a particularly good and outstanding person.

That's why it was reduced to mediocrity, but two saint-level powerhouses appeared during such a long time.

If it is divided according to power, the Zhang family should actually belong to the Drucker family, one of the three powers. Although the Zhang family is a small third-rate family, they are favored and appreciated by the Drucker family because they plant and produce a purple night flower that can assist the leader-level powerhouse in their cultivation!

When Nalan Nightmare saw the three words Zi Yehua, even he was slightly taken aback.

Immediately, a scorching flame burned in his eyes.

As a master-level powerhouse, he naturally knew the value and function of Zi Yehua.

In the middle of each month, when the moonlight is perfect, taking a piece of Purple Night Flower can ensure that their enlightenment speed in the first month increases by nearly 50%.

However, the price of purple night flower is extremely expensive, because it has extremely high requirements for planting personnel and environment.

Therefore, even Nalan Nightmare will feel a vague distress every time he takes Purple Yehua!

A piece of purple night flower, the value on the market is vaguely comparable to an ordinary magic weapon at the peak of the rotation state. If you want to quickly realize the Tao, you need to use one piece every month to maintain it.

And this home turned out to be rich in purple night flowers.

This is really the innocence of everyone, and the Zhang family is afraid that they will be rich!

If you bring the Zhang family into your own hands, isn't it true that the resources for cultivation in the future will be endless?

The light in Nalan Nightmare's eyes became brighter.

This home will definitely become his mastery.

Nalan Nightmare had already made up his mind to defeat this family. Except for the gardeners who mastered the purple leaf flower refining method, everyone in the Zhang family must die in his hands.

Nalan Nightmare did not speak.

The sound transmission of his spiritual thoughts enveloped the entire Nalan family in an instant.

Soon, a group of powerful people gathered, and it was not enough time for a cup of tea, Nalan Nightmare mobilized three master-level powerhouses, sixty-four Yin-Yang realm powers, and the Nalan family at the pinnacle of the five thousand rounds. Escort.

The background of the Nalan family is like this!

It's just an elder in charge, and one order is to mobilize such a large number of masters.

If the Nalan family is truly sent out, the number of masters is so dense that the entire sky will not be able to accommodate it!

"The Zhang family ignores the majesty of my Nalan family and blatantly provokes my Nalan family's ten thousand years of fame. In the name of the eight elders of the Nalan family, I conscript you, and I am willing to fight against the Zhang family together, in order to correct the name of my Nalan family!"

Nalan Nightmare spoke, with a powerful voice, like a billowing thunder, spreading to all directions in a blink of an eye.

In the sky, the black crowd responded: "I would like to go to Zhang Family with the Eighth Elders, so that we can justify our clan's reputation!"

The vast power has made countless people's hearts tremble!

The Nalan family went on an expedition, so blatant, they were afraid that they would trample the Zhang family on the ground.

"The Nalan family is really angry this time! They have been attacked for days, but they can't even find the shadow of their opponents. Now they have finally found a person to crusade. Naturally, they spared no effort to make a move. Kill, vent your anger!"

In the streets of the First City of Heavenly Road, countless repairs raised their heads and looked up at the mighty army passing by the Nalan family!

So powerful, so majestic.

Let the floating hearts of the residents of Tianlu First City become quiet again!

Chapter 984: Qin Shuang is here

The Nalan family, the Nalan family!

The blood that covered the sky dispelled all the doubts in people's hearts.

"The Nalan family is really powerful!"

Fang Yue, Sima Xiao and Zhang Tie also mixed in the crowd.

In addition, there was another handsome young figure beside them. He was dressed in white clothes like snow, and his face was so handsome that he could not tolerate the laws of nature. Regardless of men and women, as long as they see him, they are deep in their hearts. Give birth to endless goodwill!

"Fang Yue, these are all your ideas! If there is something wrong, don't say that the Nalan family wants to kill you. First of all, I will not let you over!"

The handsome boy showed an angry face.

Fang Yue smiled and said, "Qin Shuang, just put your heart down and watch this good show! As far as the level of understanding of the way of killing is concerned, I can't reach it for you, but when it comes to this conspiracy, you are still slightly worse. One chip!"

This handsome young man turned out to be Qin Shuang transformed by the will of heaven on the turning battlefield.

Qin Shuang was still sleeping in his battlefield yesterday, accumulating strength secretly, waiting to be promoted to a medium level.

However, Fang Yue used the token to suddenly transmit it to his battlefield, saying that there was an important intelligence report.

Qin Shuang's incarnation has descended into a human form.

And when he just arrived, Fang Yue was indiscriminately dragged to the number one city on this road.

Qin Shuang was irritated, not because Fang Yue awakened him from the state of cultivation. The reason he was angry was that Fang Yue was able to pull him out of his battlefield because of his vast supernatural power and mastery of space power.

Strictly speaking, Fang Yue's behavior was hijacking Providence, but the crime of hijacking Providence is unconfirmed.

Because since ancient times, he is probably the first God's will to be hijacked.

Providence, even the weakest, transforming into human form is the level of the Great Sage Realm.

Qin Shuang wanted to get angry and capture Fang Yue back, but Fang Yue showed a mysterious power that could vaguely compete with him.

Qin Shuang reduced his anger and followed Fang Yue, but he wanted to see what kind of tricks Fang Yue had hidden.

Fang Yue glanced at Qin Shuang, mysteriously speaking.

How could he be negligent in the bureau he arranged.

Following the bustling crowd, Fang Yue and others came to the door of Zhang's house.

I saw the door of this house closed tightly, and there were only two guards watching the door!

These two guards are all tall and big, with burly stature, each holding a silver gun in their hands, their faces are fierce, and they have a taste of not anger or prestige.

"These two guards... seem a little weird!"

Qin Shuang was no longer angry with Fang Yue. He looked at the two guards who were guarding the door of Zhang's house, and there was also a vague feeling of rejection in his heart.

If this emotion appears in a normal person, it will naturally be nothing!

This mortal has emotions and likes and dislikes. It is normal to like or dislike, but who is he?

He is Qin Shuang, the providence of a world. He should be tolerant of all things. No matter what happens, he can be in an emotion without happiness or sadness, and will not be affected by emotion.

What he hates is definitely what the origin of the universe hates.

Among the ten thousand realms, every world plane is a derivative of the origin of the ten thousand realms universe.

"The origins of the universe of the ten thousand realms all give rise to disgust, is it possible that these two guards actually come from other universes?"

Qin Shuang exclaimed in a low voice, he asked Fang Yue.

Fang Yue smiled without saying: "It's just as you look at it!"

"Who are you waiting for?"

The two guards opened their mouths, their expressions were indifferent, and they didn't pay attention to the conquest army of the Nalan family that had broken through the sky and filled the sky.

"Bold!"

A young man at the pinnacle of the rotation of the Nalan family was the vanguard. He was the first one to kill the two Zhang family guards and made the first contribution, hoping to be included in the Nalan Nightmare. In the eyes of the law.

In his hand, a battle sword is about ten feet long, and the blade is wide, about three inches!

Cut it down with one knife, the knife shines like a waterfall.

In a sword, there are three distinct meanings of swords.

Frost, explosion, and lightning are all contained in it.

This was his strongest sword, and it was vaguely able to compete with ordinary Yin-Yang realm powerhouses.

He was deliberately expressing himself so that Nalan Nightmare could see his longest point.

When the knife fell, everyone in the Nalan family stood proudly.

These two Zhang family guards will surely have no way to survive under such a knife!

When the light of the knife fell, the Zhang family mansion naturally gave birth to a golden mask. This mask is very thin, like a piece of gold paper, like a mortal, it can be easily pierced with a finger .

However, the moment the knife was cut down.

There was a clanging sound from the golden cover, as if it was a collision of weapons or metal.

The two guards turned out to be safe and sound, and the light of the sword with three distinct blade intents was swallowed by the golden cover instantly!

"Hmph, it really is a family that dares to be an enemy of my Nalan family, it seems to be quite capable!"

Nalan Nightmare spoke. He didn't hope that a disciple who was at the pinnacle of the rotation realm in a family would be able to make a single blow.

That disciple took the initiative, he never stopped, but just wanted to move the boat along. Look at the quality of this home!

Now it seems that this home is pretty good.

At the very least, this golden cover is a defensive method at the leader level!

"Those who committed my Zhang family, cut it!"

In the depths of Zhang's house, a dull low roar came.

The disciple of the Nalan family who had been slashed out before that time had not yet reacted.

A single blow of the golden knife light cuts through the sky and cut it down!

This golden sword light was hundreds of feet long, but it was not comparable to the previous sword light that contained three different sword intents.

This sword light was a powerful sword light, and even Nalan Nightmare didn't react to the sudden appearance.

With a slash, the disciple of the Nalan family opened his eyes wide, and he begged for mercy: "No!"

However, his wailing did not reach the ears of the master of Daoguang.

The blade fell.

The disciples of the Nalan family had two halves, red blood splashed all over the ground.

The disciple of the Nalan family died extremely miserably. His body fell and lay in front of the Zhang family.

The fall before the war seemed to be an extremely ominous sign for the Nalan family.

Nalan Nightmare's complexion was cold, he clenched his fists. He thought that he could crush the Zhang family completely when he came to the Zhang family, and he could take the Zhang family down without losing a single soldier, but now, the Zhang family has not taken any action.

The suppression of this family's guardian was to behead his Nalan family first!

As a result, it was naturally not what Nalan Nightmare wanted.

"The Zhang family is really domineering, my soldiers from the Nalan family dare to be so arrogant!"

Nalan Nightmare spoke again, his voice rolling like thunder.

This voice represents his determination to destroy the Zhang family, and this voice represents the beginning of his Nalan family's inquiries!

The voice of Nalan Nightmare shook the whole field.

Every corner of the entire Tianlu First City was completely spread.

People of the Zhang family can no longer pretend to be ignorant and stay behind closed doors.

In a moment, the door of Zhang's house slowly opened, and an old woman in a white robe with a cane on a faucet walked out of it slowly, her eyes slightly muddy.

But none of those present dared to ignore the existence of this old woman. Because this old woman turned out to be a leader-level peak powerhouse, the white robe on her body, and the dragon head crutches in her hand are all the peak-level magic weapons of the leader level, each of which is infinitely valuable and powerful!

When Nalan Nightmare saw the old woman, he didn't have the slightest hesitation or hesitation. Instead, his gaze fell on the crutch of the dragon head, and a boiling flame rose in his heart.

This flame is the flame of greed.

This family has a deep heritage, and it really deserves its reputation!

"The current clan of the old woman Zhang's family advocates phoenix. I don't know why the adults of the Nalan family are here?"

The old woman's voice was hoarse, but not a little respectful.

Zhang Feng knew that since the Nalan family had come here this time, they couldn't do things well.

Since respect is a fierce battle and disrespect is also a fierce battle, she might as well be tough from the beginning to the end.

The gloom on Nalan Nightmare's face was deeper.

He thought that this family would tremble and slay after hearing the reputation of the Nalan family, and let them kill.

But the situation before him was far from the scene he imagined.

Nalan Nightmare took a deep breath and said: "Over the years, my Nalan family has kept a low profile and is kind to others, so that people have gradually forgotten the majesty of my Nalan family! This time, I want that Zhang family to have an operation. The reputation of my Nalan family!"

"Zhang Feng, Zhang Rong of your Zhang family insulted the Nalan family and set a trap to kill my Nalan family guard. But did your Zhang family plead guilty?"

The Nalan Nightmare overwhelmed everyone, and everyone was breathless.

Streaks of sage breath fell down, all directions suppressed, and Liuhe gathered.

This Nalan Nightmare has not broken through the barriers of the Saint Realm, but has already grasped part of the Saint's power!

Under the pressure of this saint, all creatures that have never stepped into the realm of saints are ants!

The power of this saint is one of the cards that Nalan Nightmare dares to come to Zhang's house to take people!

"This Nalan Nightmare really has two brushes. Even the saint's coercion has been realized in advance. If I didn't expect it to be bad, I would give him ten years at most, and he would break into the saint state from then on. Happy world, no longer restrained by reincarnation!"

Qin Shuang sighed lightly, this Nalan Nightmare's talent was indeed good.

Since ancient times, there have been thousands of monks, how many of them can become saints?

"Huh? Fang Yue, why are you all right under the pressure of the saint?"

From the corner of Qin Shuang's gaze, he saw Fang Yue and Sima Xiao, both of them were old gods, and they looked like nothing happened.

Fang Yue smiled and said: "This kind of coercion is nothing to me! I once fought head-on with a true saint, and the coercion I withstood was ten times that of this Nalan nightmare."

"I'm not afraid of the coercion of the saint!"

Sima said with a smile, and did not explain much to him, Qin Shuang, why should he answer his question!

Qin Shuang's eyes stopped on Fang Yue and Sima Xiao's body for a while!

"Interesting young people, really interesting!"

Not only Fang Yue and Sima Xiao who were unscathed under the pressure of Nalan Nightmare, the old woman Zhang Feng was also intact under the pressure of the strong saint.

Although she is like a candle in the wind, she seems to be in danger of extinguishing and falling.

But her figure is tall and straight, like a pine on the top of a mountain, she is disease-free under the pressure of the saint, and it seems that she can't feel the slightest pressure.

Chapter 985: The Powerful Zhang Feng

"The Nalan family is so domineering, do you want to wait for me to be cruel if you don't listen to me?"

Zhang Feng gave a dry cough, and his figure was slightly rickety.

But with her dry cough, behind Nalan's nightmare, dozens of disciples of the Nalan family's rotation realm burst into pieces and turned into a cloud of blood!

"What's happening here?!"

Nalan Nightmare's eyes condensed like a needle!

This Feng's method is terrible, and he can still attack the disciples of the Nalan family under the pressure of his saint.

Moreover, the way this phoenix shot was very strange, he just coughed, it seemed ordinary and unprepared, but dozens of disciples of the Nalan family were completely destroyed and left nothing!

"This is the Avenue of Sonic Waves, a very rare method! The sound can be used to kill people, killing people is invisible, and few people can resist it!"

Qin Shuang's eyes were solemn, and he didn't know much about Sound Wave Avenue.

Although his plane is condensed by various laws, it does not mean that he can comprehend all the principles.

Only the original will of the universe can comprehend all the principles.

Qin Shuang understood a lot of laws, but only a few of them represented by the way of killing were really proficient!

Qin Shuang knew a little about this sound wave road, but he was not very proficient.

But when Fang Yue saw the solemn expression on Qin Shuang's face, he knew that this sound wave avenue might not be easy to deal with!

Zhang Feng wiped out dozens of soldiers in the rotation of the Nalan family, which left the Nalan family's face out of place.

Their army suppressed the realm, raised the teacher to question the crime, and even Nalan Nightmare had already exerted the coercion of the saints.

And Zhang Feng actually killed dozens of soldiers at the pinnacle of the rotation of the Nalan family in the presence of Nalan Nightmare.

This time, even if the Nalan family defeated the Zhang family, it could not be called a complete victory!

"Zhang Feng, what on earth do you want to do? Is it possible that you really never put the Nalan family in your eyes and insist on being an enemy of the Nalan family?"

Nalan Nightmare became angry from embarrassment.

The development of the immediate event has far exceeded his expectations.

Zhang Feng's methods are weird, I am afraid that even if he can beat Zhang Feng, it will be a tragic victory.

He was able to withstand Zhang Feng's sonic attack, but what about the disciples of the Nalan family's rotation realm and even the Yin Yang realm behind him?

If Zhang Feng goes mad and burns jade and stone at all costs, none of the disciples of the Nalan family's rotation realm and even the Yin-Yang realm he brought can return alive.

Nalan Nightmare understood that Zhang Feng's action was not just to vent his anger by killing dozens of Nalan family disciples.

Her real purpose is to tell Nalan Nightmare not to rush her, otherwise, even one of the disciples from the Nalan family will not be able to return alive!

"It's not that I want to be an enemy of the Nalan family, nor that I never put the Nalan family in their eyes, but that the Nalan family never regarded my Zhang family as the same thing, and there is no time to explain it to me!"

Zhang Feng spoke, his tone relaxed.

She is now assuming a negotiating posture.

"If I said Zhang Rong was not a member of my Zhang family, would Lord Nalan believe it?"

Zhang Feng is an old man, she is a blockbuster, and she has grasped the bargaining chip.

"This honor is not from your Zhang family?"

Nalan Nightmare frowned slightly.

This is not impossible. Even before, Nalan Nightmare had thought that the previous incident was that someone deliberately planted and framed the Zhang family.

This matter is actually not complicated.

This family is not so strong that it can be compared with the Nalan family. There is no reason to send a family disciple to openly kill the Nalan family's disciples. Isn't this a disaster for the family!

Therefore, in the eyes of discerning people, 90% of this honor was not sent by the Zhang family.

However, even though Nalan Nightmare knew these things, he had to do it!

This family needs sage soldiers and sage soldiers, and industry has an industry. If it can take the Zhang Family's possessions and bring them into the hands of this ruin, it will not only justify the name of the Nalan family and deter Xiaoxiao, but it will also be famous. Smoothly add a bit of heritage to him!

However, this matter has now undergone a change.

He underestimated the strength of this phoenix. If he wanted to win the Zhang Family, relying on these people in his hands alone would have to pay a high price!

But retreat and admit mistakes.

Nalan Nightmare was also unwilling to one hundred thousand people. He wanted to build his might and move the crowd.

In the end, it was hurriedly dismissed by people, and even left dozens of the lives of the Nalan family's peak powers in the rotation stage. This is not to say that the Nalan family is afraid.

Shame and conspicuous to the Nalan family!

Zhang Feng saw Nalan's nightmare eyes extinguished, and he was uncertain.

She was so mature, she naturally understood what the Nalan nightmare was considering.

"Master Nalan Nightmare came to my Zhang family. How offended my Zhang family! The old man killed dozens of disciples of the Nalan family before was a last resort. The old man is willing to provide compensation on behalf of the Zhang family!"

As Zhang Feng said, he took out a brocade box.

The box opened and there was a purple orb in it!

Nalan Nightmare saw the purple orb, and soon couldn't look away.

This purple orb has a great reputation. This bead is called Purple Sauvignon. If swallowed, it can weaken the power of Heaven's Tribulation once!

Nalan Nightmare is ready for everything, and the reason why he has been reluctant to take the last step is not because he has not accumulated enough.

But at the moment of sanctification, in addition to the many vision bonuses, he has to face the terrifying baptism of heaven.

The robbery of the saint is so powerful that he can only survive it with his strength, and the Nalan family cannot provide him with the slightest help!

This saint's calamity is quite terrifying, and nine of them will fall after ten people cross the calamity!

Even if it was Nalan Nightmare, he had no idea whether he could successfully overcome the catastrophe, one step was life and death.

People who have reached the stage of Nalan Nightmare are quite pitiful.

But if he can get the blessing of the purple sauvignon asylum, at least he can weaken his catastrophe by 30%!

In this way, his chances of saving his life can be greatly improved!

The light in Nalan Nightmare's eyes is getting more and more shining. If you can get Purple Sauvignon to be promoted to a saint steadily, then what is a little face?

Even those disciples of the Nalan family who have fallen are considered to have died well, and their deaths are very valuable!

Nalan Nightmare was about to agree to this Feng's request.

Fang Yue in the crowd suddenly showed a smirk.

How could his carefully arranged game allow this phoenix to be resolved so easily!

On the horizon, a red dodo bird suddenly bowed its head and flew towards a guard of the Zhang family.

This dodo is just the size of a sparrow, without any aura fluctuations.

This is just an ordinary bird, and everyone subconsciously put down their defenses.

As for why this little bird rushed to Zhang's guards, maybe it was eating too much, so he wanted to die on purpose!

Everyone's attention was focused on Nalan Nightmare and Zhang Feng. This is a moment of life and death for the Zhang family. Who has time to care about the life and death of a bird!

The Zhang family's guards didn't regard that dodo bird as the same thing.

When the bird arrived, the Zhang family guard waved his palm, trying to drive him away.

Such a little guy, just drive away.

It's not that the Zhang family's guards are kind and unwilling to kill, but if he kills this dodo bird, he will be splashed with blood, which is too troublesome to clean.

Just when no one has ever taken it to heart.

Zhang Feng's heart suddenly missed a beat.

She realized that she seemed to have forgotten something important.

She looked at the Dodo again, her pupils suddenly shrank, like the tip of a needle.

"No!"

Zhang Feng wanted to stop, but unfortunately it was too late!

The Dodo swept across the sky, and its wings spread out suddenly.

It was full of flames, and all the fur on its surface burned out in an instant.

Where is a dodo bird, it is clearly a flaming creature with a dodo fur.

The flame contracted at the heart of the flame creature, changing from a bright red to a more condensed dark red.

With a bang, the Firebird exploded, and the strong flames directly overturned the Zhang's guard to the ground!

The guard of the Zhang family was caught in the flames of the firebird and rolled on the ground. He was not seriously injured, but he was still wailing on the ground.

A pair of delicate horns bulged in the hair, and a vertical eye slowly opened between the eyebrows.

His body surface exudes an aura of repulsion from the heavens and the earth. In the clear sky, clusters of dark clouds are slowly converging, and lightning and thunder are constantly brewing and intertwined!

"Is this a creature in the universe?"

The others hadn't come to realize it yet, Qin Shuang could see this guy's wickedness.

Only when the creatures of the other universe come from other universes can they be rejected by the origin of the universe of the ten thousand worlds. As soon as they reveal a little breath, they are immediately locked in, gathered in the heavens, and want to kill them without leaving a trace. !

"See you, my lord!"

Fang Yue said flatly.

An awkward smile appeared on Qin Shuang's face.

It is the natural duty and responsibility of every creature in this universe to kill the creatures in the universe beyond. Especially Qin Shuang, the incarnation of Heavenly Dao, is tantamount to the son of the universe.

For the invasion of the creatures from the other side of the universe, they have a deeper understanding and greater responsibility!

At the same time, they can also get the reward of the origin of the universe by killing the creatures of the universe.

And this reward can be used to help promote the world origin.

Since the birth of every creature, it contains the origin of its own universe. The stronger the realm of cultivation, the stronger the origin of the universe in the body.

Killing the creatures of the universe and offering sacrifices to the universe of the universe can enhance the power of the universe of the universe and make the universe of the universe stronger!

This Fang Yuela came by himself, turned out to be for this purpose.

Qin Shuang knew that he had misunderstood Fang Yue before.

A faint guilt rose from Qin Shuang's heart. As the will of the plane, he pays attention to fair dealing.

Including the mistakes he made, he will definitely compensate and redeem.

Fang Yue didn't even know that there were so many ways in Qin Shuang's heart.

His soul is powerful, and he has already discovered the tricks of this house in the first city of Tianlu. A huge Zhang family has been in the first city of Tianlu for tens of thousands of years, but its heels and feet have been completely destroyed, and all the creatures inside and outside the family have been replaced by creatures of the universe!

This matter may not be known to the top leaders of the three major families.

But no one wants to provoke the source of trouble in the universe beyond.

Therefore, as long as the people in this family don't explode, they will pretend to be confused.

Chapter 986: Spies

However, in front of him, the guards of this house have revealed their prototypes, exposing the identity of the creatures on the other side of the universe. The law enforcers on the road this day, the first one cannot spare them!

"The creatures of the Bi'an Universe! What a Zhang family! Your family has actually mixed with the creatures of the Bi'an Universe!"

Nalan Nightmare sternly scolded, but his heart was secretly crying.

He didn't know what the creatures of the universe mean.

The creatures of the universe on the other side are endless, and since several civilization eras, they have begun to penetrate the universe of the universe.

They continue to kill. If he takes advantage of the situation to destroy the Zhang Family and kill all the creatures of the Bian universe together, not to mention, what a huge price he needs to pay is just the continuous revenge from the creatures of the Bian, he and The Nalan family behind him cannot afford it!

Who on earth was the one who suffered a thousand swords, released the flame dodo and manifested the deity of the guard of the universe from the other side!

Nalan Nightmare cursed in his heart, and now he can be regarded as hard to get off.

Nalan Nightmare was hesitating, but Zhang Feng showed a hideous face.

She knew that her identity had been completely exposed!

Even if the Nalan family is timid and will not pursue it, the law enforcer on this sky road, the demon hunter can't spare her!

Kill one is enough, kill two to make money!

Everyone who sneaked into the Ten Thousand Worlds Universe to work as an undercover spy was a dead soldier trained by the other side of the universe.

Once exposed, I would rather commit suicide than be caught!

Before they die, they have to pull on the backs of the natives of the Ten Thousand Worlds Universe, causing them to suffer great losses!

"Nalan Nightmare, die!"

Zhang Feng shouted, her hair turned into green snakes and strangling away like a crowd!

It is not easy to kill Nalan Nightmare. Although Nalan Nightmare is greedy and extremely stupid in his heart, he is, after all, a steward elder carefully trained by the Nalan family, and his combat power is still worthy of recognition!

Zhang Feng is more aimed at these unclear onlookers, the disciples and elites of the Nalan family behind the Nalan Nightmare!

"Zhang Feng, you are so bold!"

Seeing this, Nalan Nightmare immediately came out clearly from his inner hesitation.

This phoenix actually started to act on the pedestrians around the disciples of the Nalan family, this is the rhythm that is forcing him to fight!

Nalan Nightmare's palm waved, and it turned into a mountain before the moment. The mountain and the green snake collided with each other, and the green snakes burst into pieces and turned into a dense blood mist. The mountain was blown up, rubble splashed, and smoke was everywhere.

Nalan Nightmare is well-deserved, able to stand out among the many leaders of the Nalan family and become the top group of existences under the saint, Nalan Nightmare is not a vegetarian himself.

"The Nalan family really has two brushes, but Nalan Nightmare, you can withstand my attack, can you resist the army of the universe beyond me?"

Zhang Feng looked up to the sky and roared.

The sharp sound, like an awl, tears the whole world apart!

In the sky, a void crack with a length of one hundred meters appeared, and this void crack forcibly penetrated another plane.

Tens of thousands of little demons, crushed in black, fell like a black cloud!

Every little demon is the life level of the pinnacle of the rotation realm, and they are proficient in coordinating combat, all kinds of battle formations, not afraid of death!

After enough tea time, the void crack slowly closed.

Hundreds of thousands of little demons appeared from the cracks, a piece of dampness, covering the sky and the sun, and even the sun could not penetrate through the cracks in their wings!

This scene seems to be the end of the world!

Nalan Nightmare panicked.

If there are hundreds of thousands of practitioners in the rotation realm, his heart is not afraid, and they are suppressed with absolute realm, and they will seem to be paper!

But with hundreds of thousands of little devil, Nalan Nightmare's heart was filled with a faint despair.

It's not that he hasn't fought against the creatures on the other side. It is quite clear in his heart that the biological weapons of the other side universe are closely matched and have the spirit of fearless death!

Those biological weapons can be freely combined into a variety of battle formations, and then use battle formations to oppress them. Even if the pure realm surpasses them several large levels, they may not be their opponents!

"The creatures of the universe have been operating in the first city of Tianlu for too long, and even left a deep foundation! They are silently conceived in the first city of Tianlu like a malignant tumor, if it weren't for you to discover in advance that these came from the other side Once the creatures of the universe are allowed to erupt completely, it will inevitably be a disaster for the first city of Heavenly Road!"

Qin Shuang looked at Fang Yue, the more pleasing he looked.

If the first city on this day's road is destroyed, it will not do him any good.

His plane is constantly growing by relying on the killing aura from the creatures who are constantly devouring fighting and fighting in the battlefield!

The first city of Heavenly Road is destroyed, so who else will go to his battlefield to compete?

"This time the Zhang Family eruption will inevitably cause a big commotion in the first city on this road! Killing and bloodshed are indispensable, Master Qin Shuang can take this opportunity to absorb the true spirit of killing to strengthen himself!"

Fang Yue pointed out the key point.

Qin Shuang was also silent.

He had this plan long ago.

In the first city on this day, there are three battlefields, and these three battlefields are all at the same level.

But now, the three battlefields have gradually widened the gap.

That leader-level battlefield seems to have become the strongest existence among the three battlefields, becoming a superior plane! The battlefield at the Yin-Yang level is closely following it, and it has been promoted to the level of the middle plane five thousand years ago, but it is still at the level of the inferior plane, struggling for a little pitiful life!

Why is there such a big difference in the battlefield of the same level in the three films?

The biggest reason for this is that they absorb the different levels of killing air!

The leader-level battlefield, it goes without saying that the fall of a leader-level powerhouse is enough to withstand the killing aura that erupted when hundreds of thousands of revolving creatures fell.

Even the battlefield at the Yin-Yang realm level, the killing energy left behind when the creatures fell, surpassed it a lot.

This led to the stronger being stronger, and it didn't want to get promoted until this time.

It's just this promotion, Qin Shuang is helpless, if it can't be promoted to a medium plane, it will die.

But at this time of promotion, Qin Shuang's heart itself is also lacking, not to mention that those precious materials are difficult to gather.

Just the savings of the murderous air, its previous storage is not necessarily enough!

And if there is a chaos in the first city of this day, killing wild corpses, and corpses everywhere, it can continuously absorb the air of killing, strengthen its body, and have a stronger foundation to promote to the middle plane.

The dark little demon fell suddenly like a black cloud!

Those disciples of the Nalan family quickly recovered from the previous panic. After all, the Nalan family is one of the three forces in the first city of Heavenly Road, and the disciples cultivated among them are not like those of the ten thousand worlds. Some of the disciples of the Great Sect in the middle school are just like waste, they are all flowers in the greenhouse. This day's road is a land of killing and conquering. It is **** and bloody, and the sun and the moon are fighting!

The disciples of any big clan grew up in the killing.

If it were not good at killing, it would have been buried in a mass grave outside the city!

The disciples of the Nalan family, ten people form a battle formation, one presides over, and the other nine cooperate. They each fight, but they cooperate with each other. Some form a defensive battle formation, condensing layers of golden light to resist external invasion, some are It is to form an attacking battle formation, transforming into a golden big sword and a war spear, ready to go, and want to kill the little demon on that side!

"The golden battle formation is the simplest, but one of the most varied battle formations! According to legend, the golden battle formation has a total of five basic battle formations, ten basic battle formations, 21 basic battle formations, and 64 basic battle formations. Battle formation, four combinations! Different basic battle formations cooperate with each other to form a more complex battle formation, golden battle formation, close attack, retreat and defend, can be regarded as one of the more comprehensive battle formations! What is important is that the principle of the Golden Light Battle Array is quite simple, and it is extremely difficult to master. After spending a little time to study, you can fully understand the principle of the Battle Array and master it to the level of proficiency!"

Fang Yue had a lot of research on the battle formation, and he briefly introduced this golden light battle formation to Qin Shuang and Sima Xiao.

I have to admit that the person who invented the golden battle formation is definitely a genius in the battle formation!

This golden light battle formation is simple and practical. Although it is not very powerful, it is the most popular battle formation in the world!

The two sides confronted each other, no matter it was the disciple of the Nalan family or the little demon that day, no one was willing to take the first step!

The battle between the two sides is about to start.

"The Nalan family dominates in the first city of Tianlu, do evil, bully men and women, and do everything! Although you are the natives of the ten thousand realms, the harm to the people of the first city of Tianlu is far better than my Zhang family! , After the first battle, you will inevitably decline! Maybe the wolves eat the tigers and be besieged by many forces. From then on, there will be no Nalan clan in the first city of Tianlu! The three forces in the first city of Tianlu will also become two One!"

Zhang Feng is even more cunning than Nalan Nightmare.

She understands psychological tactics. It is clear that the Zhang family has reached the point where the jade and the stone are burned, and they have to die. However, she still stands from the perspective of the Nalan family to make the Nalan family feel extremely anxious in their hearts!

When Nalan Nightmare heard the words, an anxious look appeared on his face.

This picture of Feng is right. If his team is destroyed, this Nalan family will indeed have a big hole in the backbone.

In fact, the real strength of the three major forces is not very different. On the Heavenly Road, unless it is the critical moment of the family's survival, otherwise, the masters of the Saint level and above can generally not shoot at will.

This cultivator at the master level, Yin-yang level, and rotation level has become the key to determining the amount of resources a family can acquire.

There are quite a few middle-level men and horses of the Nalan family he brought out this time. If all of them fall, it will definitely affect the resource competition between the Nalan family and the other two big families.

At the moment when Nalan Nightmare hesitated, Zhang Feng's pupils suddenly changed.

The turbid colors suddenly dispersed.

It was replaced by a chaotic starry sky.

"You are very confused! Very sluggish, you are sinking deeper and deeper in your hesitation..."

Zhang Feng's voice became low and hoarse, with fascinating magnetism.

And Nalan Nightmare gradually lost himself in this voice, and his spiritual will became weaker with Zhang Feng's voice.

Chapter 987: Psychic Illusion

"This is... psychic illusion!"

Seeing Zhang Feng's hand, Qin Shuang couldn't help feeling a strong shock in his heart!

Mental illusion is a very ancient method.

It contains the means of the Dao of the Heart Demon, and it also has the element of pure spiritual magic!

This kind of method is quite terrifying and can unconsciously confuse people's spiritual will and turn it into a puppet!

This phoenix summoned so many biological weapons, not purely for the purpose of breaking the net, she was creating pressure on Nalan Nightmare, and then preparing to use psychic magic to control and confuse Nalan Nightmare!

Step-by-step calculations made Fang Yue, a bystander, feel terrified.

Fortunately, he let Nalan Nightmare be the vanguard, otherwise, he would face Zhang Feng, and he didn't know how many tricks this Feng had waiting for him.

Zhang Feng saw Nalan Nightmare's gaze gradually become dull, losing all her look, and her mouth involuntarily raised a cold smile.

A poisoned green dagger appeared in Zhang Feng's hand, and the pattern of a poisonous snake faintly appeared on the dagger.

The dagger pierced Nalan Nightmare, and a leader-level deputy next to Nalan Nightmare felt that Nalan Nightmare's state was wrong.

He shouted: "Nalan Nightmare, wake up quickly!"

The sound reverberated and hovered in mid-air.

But Nalan Nightmare turned out to be completely unaware, as if it had really become a walking dead, humanoid puppet!

"It's useless, he is immersed in my world now! Everything in the outside world, he can't produce perception, if before dying, he can drag a half-step saint of the Nalan family into the coffin to enjoy, I Zhang Feng It's a worthwhile trip this time!"

Zhang Feng's smile was kind.

Like an old grandma, looking at her naughty grandson.

But the evil behind the kindness made everyone trembled.

The dagger in Zhang Feng's hand approached Nalan Nightmare's chest inch by inch, and Nalan Nightmare really seemed to have lost all of his will, but he didn't notice it.

The dagger came to his body with a flutter, and pierced into the heart of Nalan Nightmare's chest.

However, at the moment the dagger pierced, all the smiles on Zhang Feng's face receded, replaced by a look that was hard to hide.

Zhang Feng was shocked.

She felt that the dagger in her hand was so light that she didn't encounter the slightest resistance when it pierced into Nalan Nightmare's body.

At this moment, she realized that she had been fooled.

This Nalan Nightmare was not deceived by his own means at all, all this was a game made by Nalan Nightmare!

Nalan Nightmare's body burst and dissipated like a bubble.

This is not the real body, but a fictional clone of Nalan Nightmare.

"How about? My nightmare clone is okay!"

Nalan Nightmare appeared behind Zhang Feng, and a big hand hit Zhang Feng's heart.

Zhang Feng staggered and almost fell forward.

She was hit by Nalan Nightmare with all her strength, and her five internal organs were dislocated, causing all of them to be hit hard.

The corner of Zhang Feng's mouth was filled with bright red blood.

There were incredible expressions on her face.

"How is it possible, how can you see through my mental illusion!"

Zhang Feng didn't suffer from the severe injury, but was still immersed in the shock in his heart.

This spiritual approach is the greatest pride of her life.

The mental illusion was cracked, making it difficult for her to accept her failure for a while.

Nalan Nightmare's mouth curled up with an icy smile: "Do you know why I was named Nalan Nightmare?"

Before Zhang Feng could answer, Nalan Nightmare said to himself: "When I was born, the nightmare came in a radius of eight hundred miles, and all the creatures under the saints were immersed in the nightmare and could not protect themselves! I have talent, It is the power of manipulating dreams. When I sleep, I can dream, and when I am awake, I can still let all beings dream!"

"The power of dreams is also the power of the soul! When I first saw you, I felt the faint power of the soul permeating your body!"

Nalan Nightmare's tone was calm, but under that calm, there was a deep sense of pride hidden.

A trace of enthusiasm was in Nalan Nightmare's eyes.

He wanted to swallow this phoenix and refine all the spiritual power in her body.

Although Nalan Nightmare is born with the ability to create dreams, this ability cannot be cultivated, and can only be passively increased with the level of cultivation!

In addition, if Nalan Nightmare wants to enhance the ability to make dreams, he can only devour people with the same spiritual power!

No matter what this phoenix said, his Nalan Nightmare would not let it go, because this phoenix was already an out-and-out prey in Nalan Nightmare's eyes!

Nalan Nightmare understands that he is not a peerless genius. It is precisely because he has the trump card to make dreams that he can reach this point and get the attention of the Nalan family.

Because of dreaming, he can grow to such a realm. Because of dreaming, he can be different, stand out among the endless range of practitioners, and be able to stand as a saint in only half a step!

The enthusiasm in Nalan Nightmare's eyes grew stronger and stronger, and he wanted to devour this phoenix at all costs!

"You want to devour me and refine me?"

Zhang Feng was shocked.

Her voice was sharp, like the tip of a needle.

It is not a feeling to die in battle and be swallowed by others.

"Jiejie, Zhang Feng, the evil barriers of the other side of the universe, you should accept your fate! No one who has offended our Nalan family can end well. I know you were framed, but he thought Using our Nalan family, he will definitely spend his life in regret in the end, and he will go to the underworld to accompany you soon!"

Nalan Nightmare was so blatant that this phoenix had been severely injured by him, and she had no strength in her body.

The void was distorted, and a wide open mouth appeared.

The big mouth almost covered the sky, and a pair of cold, dark golden eyes looked down.

The owner of this big mouth is clearly Nalan Nightmare, he wants to swallow Zhang Feng directly, and even other steps can be almost directly omitted!

"Nalan Nightmare, you deceived people so much, do you think that I have lost the ability to fight once you have conspired it?"

Zhang Feng's face was flushed, with a look like pig liver, like a master of their level, every one of them values face very seriously. Even if you die, you have to die with dignity.

This is definitely the most dignified way of death to be swallowed in one bite, and you don't even need one of them.

Zhang Feng's anger is actually forgiven.

However, Nalan Nightmare didn't want to think so. Only if this phoenix was eaten completely would he be able to obtain complete spiritual power.

Nalan Nightmare now only has Zhang Feng's mental power in his eyes, and it doesn't matter if he doesn't even want anything else!

"This is what you forced me!"

Driven by the moment of life and death and dignity, Zhang Feng roared, and she had no choice but to use her hole cards!

"I am immortal, immortal!"

Zhang Feng's voice became lighter, as if reversing the time, returning from the old woman to the girlhood!

On Zhang Feng's body surface, a layer of old woman's human skin faded.

It was replaced by a young girl's skin. She was young and beautiful, extremely moving, and all her injuries were gone.

At this moment, Zhang Feng unexpectedly took another step steadily in the state of the previous leader-level peak. She had reached the level of a half-step saint, only one step away from true sanctification.

"What's happening here?"

Fang Yue was stunned, he had never seen such a weird situation.

Originally, he thought this situation was already Nalan Nightmare's winning streak, but seeing the transformation of the Phoenix battlefield, his previous speculation seemed a bit unstable.

"In this world, there used to be a tribe. They were born old, mature and mature, and dying children. Throughout their lives, they were reversing yin and yang and reversing growth! They had three opportunities for transformation in their lives, and every time they pushed the board, they would get one. For new students, their lifespan is halved, but the cultivation base is further improved! If what I expected is not bad, this phoenix comes from this family!"

Qin Shuang squinted his eyes, shocked in his heart.

He didn't expect that he could still meet people of this ethnic group in this little Tianlu First City!

This race is said to contain the mystery of time and reincarnation, which is distributed in any universe.

No matter who it is, if he can study the mysteries of this clan, he will surely become immortal and immortal.

Zhang Feng's transformation obviously disrupted Nalan Nightmare's position.

At this time, Zhang Feng didn't hesitate anymore. With her waving palm, the dense little demons in the sky crushed down. They were in groups of three or five, forming different battle formations. The changes in power were unpredictable!

Clusters of blood blossoms violently splashed, and the two sides met hand in hand. Whether it was the Nalan family or the little demon, there were heavy casualties, and the murderous air instantly rose into the sky!

"Qin Shuang, your chance is here!"

Fang Yue blinked at Qin Shuang. These killing auras are Qin Shuang's good dishes.

The killing aura in this is no longer simply limited to the rotation level. The creatures at the Yin and Yang level are also involved. They fight and fight, and there are a lot of killings!

The slaughter air filled the sky and spread all over the sky.

Within the coverage of this little devil, even the pedestrians on the street were greatly affected.

Fang Yue, Sima Xiao, Zhang Tie, and Qin Shuang were all shrouded in the attack range of the little devil.

But all the creatures born in this universe of ten thousand worlds are all delicious and delicious food in their eyes!

Zhang Tie shrank and hid behind Fang Yue. If he were to fight alone, he might be able to kill one or two little demons. But in the face of such a large-scale culling of the little devil, even if he exhausted all his solutions, it was difficult to resist!

Fang Yue traveled through the group of little demons. It was quite comfortable. As long as any little demon dared to fly within five meters of his body, Fang Yue didn't even have to do anything by himself. Will be sucked clean by him, become skinny and fall to the ground.

And the impact of this little devil did not cause devastating damage to pedestrians on the street. Where is this?

Chapter 988

It's not surprising that the first city of Tianlu can almost be called the whole people.

For all the natives who can survive in the first city of Heavenly Road or the testers who have entered the first city, the cultivation base of the rotation realm and the exquisite fighting skills are almost the most basic configuration.

Even among the pedestrians on the street, a few people showed that the cultivation level has reached the level of Yin and Yang. Although they were extremely reserved and unwilling to be too arrogant, they had occasionally been able to form a powerful force against those little demons. Counterattack, counterattack!

These little demons from the other side of the universe hope to be able to kill more people from the Ten Thousand Universe, and the powerhouses in the first city of Heavenly Road don't regard these little demons as their merits.

The fall of each little devil represents that there will be a lot of color on the merit token on their waist.

In the most core combat area in the distance, the battle between Nalan Nightmare and Zhang Feng has gradually entered a white-hot state.

Nalan Nightmare was slightly lost to Zhang Feng, and gradually fell into a passive situation in the two singles.

Zhang Feng now looks like a girl with an exquisite figure and tight-skinned skin. She is wearing a pink armor suit and holding a spear. She looks like a Valkyrie who has descended into the universe of the universe.

The fighting between the two sides became more intense.

Nalan Nightmare also summoned three other Nalan family leader-level powerhouses to help out.

When the three Nalan family leader-level powerhouses flew out, in the depths of the Zhang family, they also walked out of the three leader-level powerhouses to fight with them separately!

"The victory or defeat of the Nalan family in this battle is ultimately destined to depend on the strength of you and me. No external force can interfere with the progress of the battle between you and me!"

Zhang Feng's voice was cold, he looked at Nalan Nightmare, and a pair of beautiful eyes showed firm divine light.

It was as if there were two turbulent flames burning brilliantly in it.

"This place is indeed better than my battlefield world!"

Qin Shuang was sucking intoxicated the slaughter spirit that was constantly floating in the void.

It was just a moment of effort, those little demons and Nalan family powerhouses were falling like dumplings.

The corpses on the ground are densely packed and more and more, but the weakest among them are the practitioners at the peak of the cycle. Even the power of Yin and Yang is falling from time to time, and the little devil is constantly bursting in mid-air, separating flesh and blood. , Even the bones and scum can't be left!

With these few breaths, the killing energy that Qin Shuang has absorbed is equivalent to the three-day harvest on the battlefield of Rotating Realm.

More importantly, the killing aura of the Yin-Yang realm was stronger and purer than the rotation realm, and it made him more intoxicated.

"This battle is destined to be recorded in the history of Tianlu First City, but unfortunately, it may not leave you and me in it!"

Sima Xiao looked into the distance, and a group of dark and crushing figures gradually approached.

Some of these men and horses came from the Nalan family and belonged to the reinforcements of Nalan Nightmare, and some were the law enforcement officers of Tianlu to try these undercover agents who quietly sneaked into the universe beyond Tianlu First City.

"This time things are going to make a lot of noise!"

Fang Yue was also somewhat unexpected.

This nightmare of Feng and Nalan was of equal strength, and the fighting between the two was too long before the reinforcements arrived.

If there is a big difference in the realm of masters competing for the front, it is generally a matter of life and death between three moves and two styles.

If the two sides are almost the same.

It may be difficult to distinguish between three days and three nights.

"Zhang Feng, you surrender! If you are obediently swallowed by me, you can also avoid the pain of being caught and interrogated alive!"

Nalan Nightmare Jiejie sneered and looked at Zhang Feng.

It was already this time that he was still thinking about the power of the soul in Zhang Feng.

"Nalan Nightmare, do you think you have reinforcements, but I have no reinforcements? I knew you were delaying time and waiting for the reinforcements to arrive, but I was also delaying time!"

A sarcastic smile curled up at the corner of Zhang Feng's mouth.

Before she finished her words, the ancestral home of the Zhang family burst into pieces!

Under the ancestral house, there was a huge black hole with a diameter of tens of kilometers, and the original face of that black hole was an extremely stable space corridor!

The other side of the space corridor is connected to an ancient base in the universe beyond.

The creatures from the other side of the universe, like locusts, surged out of it, and the number reached a staggering level!

"Zhang Feng, what do you really want to do? Are you crazy? You actually built such a tunnel that runs through the world beyond the sky!"

Nalan Nightmare's heart was flustered, and an unmatched breath had come down through the tunnel!

What level of breath is that even Nalan Nightmare feels unmatched?

At the very least, he is also a strong man of the Great Sage level!

After all, Nalan Nightmare is now in the realm of a half-step saint, and even has the aura of a saint, even if he meets a real saint, he can struggle and work hard!

A strong man of the Great Sage level.

Thinking about Nalan Nightmare, I feel so flustered!

What spiritual power, what purple sauvignon, what purple leaf grass, Nalan Nightmare is all left behind at this time!

It wasn't that he let go of the red dust, his heart suddenly felt like he had completely wanted to open it.

But Nalan Nightmare understands that no treasure can be compared with his life!

In the distance, most of the people rushing to see this huge black hole, without a word, turned their heads and left!

The prerequisite is to fight the opposite side at least!

Inside this black hole is clearly a powerful master of the Great Sage level, why are they here?

To die?

"You guys come back!"

Nalan Nightmare felt so helpless for the first time.

He is the closest person to the black hole.

Even Zhang Feng moved horizontally, trying hard to get away from this black hole.

There is a powerful person in the universe who was once sealed in the other side of the universe, who went crazy and killed his own people!

Oh, no, the person closest to the corridor of this space is not Nalan Nightmare, but Fang Yue in a corner that Nalan Nightmare can't reach.

Fang Yue surreptitiously approached the space corridor, taking a deep breath in intoxication.

Well, it tastes good. It's all the smell of space debris!

Fang Yue carefully studied what the space corridor is.

The essence of the space tunnel is that the incalculable space debris are arranged in a certain order!

In terms of function, this thing is a bit like a pipe and a ladder. It connects one world to another in space. It is similar to the wormhole that Hawking deduced, but it is more complete.

Fang Yue took out the yin-yang mirror and used the corner of the mirror to tap the corner of the space corridor twice.

Click, click.

Two pieces of space debris fell down.

These two pieces of space fragments are just the size of a palm, but in terms of value, they may already be comparable to a complete attack-type yin-yang realm-level magic weapon!

Space debris is quite precious.

Space debris is the condensation of the essence of space power. Just space debris the size of rice grains can produce a space ring containing the size of a football field.

The palm-sized space fragments, if they are refined into space artifacts, can even contain a smaller city.

Each of these two palm-sized pieces of space is invaluable.

However, Fang Yue did not intend to sell these two pieces of space fragments or refine them into space magical instruments.

What Uncle Fang Yue lacks now is not the spirit stone or the space ring, what he needs is to refine these two space fragments into his body!

The mystery of the heavens in this space is endless, and there are all kinds of secret arts in it, which can manifest the boundless magic!

One of the secret techniques is to refine the space fragments and turn them into the purest space origin, which is integrated into every cell of the space heavenly path practitioner.

Each of these cells, under the effect of the secret technique, expands. If the cultivation is the ultimate, it can make a cell contain a vast universe.

Of course, just relying on these two palm-sized space fragments, it is far from possible to achieve this.

But at least it can increase the space contained in each cell by three to five times, and the space of each cell can be increased by three to five times, and the energy contained in it will increase by a corresponding multiple.

This cell evolves into its own independent space. If it is infused with the energy of the five elements, it becomes a small world on its own. As time passes, the law takes shape, and it becomes the smallest plane of the party.

Although these planes are so small that they are almost negligible, no matter how small they are, they are essentially planes.

As long as it is a plane, it can correspond to the origin of the universe and absorb the power of the universe.

This power of the origin of the universe can be said to be the most original and most fundamental power among the ten thousand realms. Even a trace of refining will be of great benefit to Fang Yue's future cultivation!

This secret technique is called "Ten Thousand Realms Body"!

It was a predecessor from the Ten Thousand Realms who cultivated the Heavenly Way of Space to the tenth level.

He once tried this secret technique. Although it was only completed initially, it has already established a reputation among the ten thousand realms. It is rare to meet the opponent!

"Ten Thousand Realms" is considered a very high-end secret method in the eyes of the practitioners of the Space Heavenly Dao.

Its low starting point and great potential are its greatest advantages.

According to the inference of the founder of "Wanjieshen", in theory, as long as you have cultivated to the level of the rotation realm, you can cultivate the rising chapter of "Wanjieshen".

And if the "Ten Thousand Worlds Body" is cultivated to the extreme, one cell is a universe, and the level of a cow, even the **** of heaven must worship!

Of course, the ultimate form of "Myriad Worlds" has not even been seen by its founder!

Seriously, you really lose.

The advantages of "Wanjieshen" are obvious, but the disadvantages are also very ostentatious.

If you want to practice "Ten Thousand Realms Body", the level of comprehension of the space and heaven is the realm above the third level of the space and heaven.

At the third level of the space heaven, you can understand the essence of the space domain.

Only with the spatial domain can a specific and micro world be established in each cell.

In fact, the third level of this space heaven has already turned away most of the practitioners of the space and heaven of the rotation level.

Other people's spatial heavenly ways, but the heavenly way-level principles, I realize that they are much harder than the great roads and paths of the same realm.

In general, practitioners in the rotation realm can comprehend the realm of space and heaven at most, and the third level is at least above the Yin-Yang realm.

This threshold, since ancient times, has blocked countless people!

In addition, the resources required for the cultivation of "Ten Thousand Worlds" are terrifying!

Chapter 989 "The World Body"

Among other things, it is only the space debris item, and very few people can take it out.

Not only is it expensive, but the key is that there is no market for this thing!

Things like space debris rarely appear on the market, even if they do appear, the forces of the major families that will be followed will be sold out in the first time!

Moreover, the demand for space debris in "The Worlds Body" is simply terrifying. It is only the first level of the "World Body" that requires this kind of palm-sized space debris, which is ten to twelve. Block or so!

In addition to space debris, the practice of "Ten Thousand Realms" also requires a variety of other resources as support, of which the most consumed is the Five Elements Essence.

When the space of your cell expands, it cannot always be empty. If a real miniature world is to be constructed inside the cell, the filling of the five elements is naturally essential! If there are resources, other things can also come in, such as the power of light and darkness, such as chaos and the law of order.

These resources are all sky-high prices.

If there is no way, you have no money.

But even if there are ways and no massive resources, it is no use.

In Fang Yue's words, if you practice "Ten Thousand Realms Body", it is not enough to have a mine at home, you must be a mine!

Originally, Fang Yue had no idea about "The Body of the World".

After all, there are no resources at hand, and there is no way to get it.

But seeing the space corridors of this universe on the other side, his heart immediately burned with a raging flame.

This space tunnel was demolished, there must be thousands of space fragments the size of a palm.

Fang Yue looked at the **** hole, very deep.

This is not because the space corridor is too long, so it appears so dark.

But because it connects the two worlds, the light at the other end of the corridor of this space will never pass through!

On the other side, Nalan Nightmare has been stared at by the unknown existence on the other side of the space corridor. He is stiff and unable to move.

Nalan Nightmare was sure that there was definitely a Great Sage-level existence on the other side of the space tunnel, because only the Great Sage-level existence could give him such a deep pressure.

Nalan Nightmare felt like a negative mountain. A slight movement and a breath would consume huge physical energy.

"My Nalan Nightmare, I am a happy life, with great talent, and I can be dreaming. I have been able to make people dream. Constrained by the rules of heaven and earth, but unexpectedly, the destiny is hard to violate, and death is the last step of sanctification!"

Nalan Nightmare looked back on the past and sighed suddenly, his voice was filled with sadness and vicissitudes of life.

It seems that the hero has the white head and the beauty is twilight!

"I know that the will of your Universe is to oppress me severely, refining it into a humanoid potion, and supplying Zhang Feng, so that her spiritual power can break through, take a step forward and become a saint. However, I The Nalan Nightmare is the proud son of the Nalan family, how could it be so compliant with your wishes! I would rather die than make a wedding dress for others! Ah, ah, ah! I will explode my body and reincarnate my soul! When I am reincarnated and reincarnated, I will practice the exercises again, and I will definitely avenge the things of this life!"

Nalan Nightmare's gaze was decisive, a thought fell, and his body burst into pieces!

His soul swayed out of his body, and went to the sky with a whistle.

This Nalan Nightmare is proficient in the power of dreaming and knows the spiritual method. Even after death, it will not reveal any confusion. The memories of previous lives can even be reincarnated directly without being washed away, and reborn as a practice!

His physical body exploded, earth-shaking, and the entire body of his cultivation that was close to the level of a saint was destroyed in exchange for a shocking blow.

Zhang Feng, who was standing next to Nalan Nightmare, was hit the most!

She didn't expect this Nalan Nightmare to have such a decisive side. Half a step away, she is the honor of a saint. If she is replaced by anyone else, she must carefully consider and consider before life and death!

Nalan Nightmare's self-destructive power was more than ten times the power of his full blow before his death.

Zhang Feng was the first to bear the brunt and almost broke his bones!

"This Nalan nightmare is really cruel! Even before dying, don't forget to count me!"

Zhang Feng was rushed to the edge of the black hole. She kept coughing up blood, and there was no complete place on her body. It was all blood, all wounds!

Her muscles and bones were misaligned and her internal organs were severely injured.

It was completely dying, almost in a state of death.

However, Zhang Feng is not worried. No one should dare to come close to this place. She can take pill medicine to slowly heal her injuries. When the power of the universe comes, she can act as a pioneer and level the first city on the heavenly road. !

"Huh? Why is there anyone here?"

The corner of Zhang Feng's gaze suddenly fell on Fang Yue's body, only Fang Yue's left hand was holding a saint magic weapon-Yin Yang Realm, and there were two space fragments in his right hand!

People have to be surprised by such a look!

When did the saint magical instruments become so common?

"Bold thief, you are so brave! You dare to steal space debris from my universe!"

Zhang Feng took a closer look and found that Fang Yue was only the breath of cultivation in the early stage of the rotation, she immediately burst out, the teacher-level breath, layer by layer!

Although Zhang Feng was seriously injured, his realm was still there, and her real realm was two big realms higher than the rotation realm. Fang Yue and her evolutionary level were incomparable!

According to Zhang Feng's calculations, as long as her breath fell, Fang Yue couldn't bear it, and she would immediately become a puddle of mud.

The space debris and saint's magical instruments in his hands are all hers.

This man is not guilty, and he is guilty of his crime. Fang Yue holding a saint magic weapon in his hand is his biggest sin!

Even Zhang Feng, wealthy, will inevitably be greedy when he sees the saint's magical instruments!

Fang Yue felt the coercion of the leader-level level fall, and only then was relieved.

The shock when Nalan Nightmare blew up just now was so great that even he was knocked out.

Of course, Fang Yue's physical body is stable and comparable to the Great Sage. He is not at the center of his self-destruction. Even if he is impacted, he is only a little qi and blood disorder. Just adjusting his breath for a while, he returns to normal without any injuries!

It's just that Fang Yue didn't expect that he hadn't planned what would happen to Zhang Feng and Nalan Nightmare, the two of them actually came to the door together!

The soul of Nalan Nightmare was still running away.

How could Fang Yue let him escape!

"The sky and the earth, the soul is eternal! Nalan Nightmare, where does your soul want to escape?"

Fang Yue let out a loud shout, and the soul of Nalan Nightmare suddenly stiffened!

This was a ghostly method. With a slap on the head, and Fang Yue's soul power beyond ordinary saints, Nalan Nightmare was immediately traumatized and staggered and fell.

Fang Yue stretched out his hand, and sealed the soul of Nalan Nightmare into the space of the stone pendant.

The stone pendant space contains everything.

Fang Yue didn't know how many miscellaneous things he had placed in the stone pendant space!

"You, did you capture the soul of Nalan Nightmare in one piece? My God! Who are you! Know the soul means!"

Zhang Feng exclaimed, she found that her leader-level aura had no effect at all to oppress the opponent Yue. Moreover, this Fang Yue's magical powers were vast, beyond imagination, even the soul of Nalan Nightmare that had escaped was directly captured by him, without a trace of resistance.

"I know not only the soul method, but also the imprint of a slave! If you were in his heyday, I could only kill you and rob you of the power of your soul, but now you are severely injured and you will send yourself to the door. I don't think I will You are domesticated and become a slave, and I feel a little sorry for you!"

Fang Yue is still quite curious and eager for Nalan Nightmare and Zhang Feng's psychic methods. However, after all, his time and energy are limited, not enough to dabble in so many aspects, so he plans to turn Zhang Feng into a slave and turn Nalan into a slave. The nightmare power of the nightmare is transferred to Zhang Feng. When the time comes, he will have an extra servant with the power of the soul. Even if he has mastered this power, he will not continue to be distracted and delay the power. Practice!

Zhang Feng raised his eyes slightly: "Boy, do you dare!"

"Huh, what do I dare not to do? The invading of the universe from the other side of your universe is itself rejected by the universe. As a member of the universe, I will subdue you as a slave and do things for the universe. It is equivalent to letting you redeem your merits, and you will definitely get the approval of the origin of the universe!"

Fang Yue looked at Zhang Feng.

Zhang Feng was rebelling, and she suddenly felt that she had fallen into the boundless universe, and she was extremely small, like a lone boat in the vast ocean!

Zhang Feng understood that this was Fang Yue's action on himself, and he wanted to refine himself into a slave when he was weakest.

Zhang Feng wanted to resist, but she couldn't adjust one percent of the collective strength.

"Damn Nalan nightmare, he never forgets to yin me when he died! If it weren't for his desperate self-destructive body, how could I have ended up in this world!"

Zhang Feng said bitterly, but he was full of anger at Nalan Nightmare.

Amidst the endless stars, Fang Yue's voice slowly spread.

"With the soul as the seal, seal all directions! With my mind, domesticate all beings!"

Fang Yue's great voice was like the sound of heaven falling.

A blurred look gradually appeared in Zhang Feng's eyes. She was not weak in her soul, but was too weak after being injured.

Fang Yue crushed her with absolute soul power, making her unable to resist, only passively surrendering.

"With the soul as the seal, seal all directions! With my mind, domesticate all beings!"

Fang Yue chanted the spell again. In this universe, the power of billions of stars suddenly gathered, and they turned into a purple mark, falling into Zhang Feng's eyebrows.

Zhang Feng suddenly opened his eyes.

The light in her eyes kept changing, from hideous to pain, and then from pain to struggle, and finally, the last ray of struggle disappeared from her eyes.

Zhang Feng has completely become Fang Yue's servant, respectful and humble.

Fang Yue withdrew from the illusion and brought Zhang Feng, who had turned into a slave, into the stone pendant space.

Zhang Feng can't appear in the first city of Heavenly Road at this moment. Her identity has been completely exposed. When discovered, she will definitely become a target of public criticism!

Chapter 990 Luo Yan

Zhang Feng put away.

Fang Yue's side became empty again. All of this, said to be very long, was actually before the electric light flint because of the pressure of the space channel.

So no one dared to get close to God's mind and know everything that happened here.

"This space fragment has already arrived, and Zhang Feng and Nalan Nightmare have been taken away! This place should not be kept for long. If you wait any longer, I am afraid that the strong from the other side of the universe will come down!"

Fang Yue is ready to bugger, he knows that everything must be adequate, and he will accept it when he sees it.

If you are too greedy, you might even get in!

The soles of his feet have not yet left the ground.

A great pressure is coming down.

"Since you are here, don't go! Act as a guide for me in the first city on this road!"

An indifferent, indifferent voice fell.

Fang Yue smiled uglier than crying.

He was caught just as he wanted to close the work.

Slowly turning around, Fang Yue saw a beautiful woman standing on the edge of the space tunnel.

White clothes, long hair, skin like fat, eyes like jade!

However, such a beautiful existence is an out-and-out powerhouse at the pinnacle of the Saint Realm.

The corner of her lips hung a curve of a smile.

Fang Yue said tremblingly: "What do you call it?"

"Luo Yan!"

Walking out of the spatial passage, Fang Yue's mind was still dumb.

This group of unrighteous guys are very happy when they are okay.

This is really something, even a person's shadow can't be found!

This Sima Xiao actually took Zhang Tie and ran away ahead of time, leaving Fang Yue with a communication jade slip saying that there was a big deal.

The Universe and the First City of Heavenly Road are about to be fully developed. Sima Xiao actually went to take up arms. He said that this business was too big to be busy by himself, so he took Zhang Tie away and beat him!

As for Qin Shuang, he looks loyal and honest, but at a critical moment, he actually ran away by himself, preparing for a big battle, collecting killing aura, supplementing himself, and preparing for promotion.

In the end, Fang Yue himself was the only one left, desolate and desolate, without even a support!

"Actually, I didn't mean anything else. I didn't intend to destroy the first city of Heavenly Road! I am a woman, soft and weak, self-cultivation, and I can't do the kind of ruining things!"

This Luo Yan, as soon as he opened his mouth, classified himself into the category of weak women.

However, Fang Yue didn't believe even a punctuation mark in what Fang Yue said to her.

Is the strong at the peak of the saint a weak woman?

If it is calculated like this, there is no one who can be called a strong one in this first city of heaven!

Fang Yue didn't speak, he was waiting for Luo Yan's next stumble. Since she didn't kill herself at the moment she appeared, it meant that she must be useful to her.

Seeing Fang Yue's calm look, Luo Yan couldn't help but nodded secretly, without arrogance or rashness, such a talent can achieve greatness.

If Fang Yue is a Feiyan impetuous person, Luo Yan must consider whether to kill him and switch to a partner!

"I came to the first city of Tianlu, the purpose is to find something! Such a thing is called the Immortal Fate Stone, if it is refined and injected into the Holy Weapon, the Holy Weapon can be advanced into a great holy weapon. ! I am already ranked among the top sages. I only need to survive the catastrophe to become a great sage. However, my weapons have followed me for many years, and I am not willing to abandon them and replace them. At any cost, cross the universe and come to this city to find the legendary fairy stone."

Luo Yan whispered, his voice was low, and it seemed that he really didn't look like a domineering person.

However, knowing people and faces, who knows if Luo Yan is a habitual disguise, or is really gentle and kind.

Therefore, Fang Yue did not presumptuously, but said to Luo Yan: "This fairy fate stone is the most precious treasure for forging the Great Sage Weapon. I don't know if it exists in the first city on this day road!"

Fang Yue explained.

Luo Yan smiled: "Since I have come across the universe at any cost, it means that I am confident that I can find traces of the fairy fate stone from these ten thousand worlds. I am bound to get the fairy fate stone, and no one can stop it. My action! I have already investigated, and there is a town house treasure in the treasury of the city's main mansion, which is suspected to be a fairy stone."

Luo Yan is also a dragon in the world. He will act after making decisions, and will not be impulsive.

Her voice was determined, and it was obvious that she had already had plans and plans in her heart.

Fang Yue was also curious when he saw this, he also yearned for this fairy stone.

The fairy fate stone, the fairy fate stone, as the name suggests, is the stone that can bestow the fairy fate. This fairy fate stone contains extremely pure red fairy qi. No matter what weapon it is refined into, it can turn decay into magic, so it can be let The saint artifact has been promoted to become the great saint artifact! From a saint to a great saint, the biggest difference is that a powerful person in the great saint realm has begun to come into contact with the immortal path. As long as they can break through the void and breathe in the immortal realm, they can refine the immortal energy, stabilize the body, and transform into a virtual immortal strong. Those who become the strongest among the ten thousand realms!

However, this immortal energy is also divided into three, six or nine grades, the most common immortal energy, which is sandwiched in spiritual energy, is mottled and impure, and even practitioners in the saint realm can breathe out and draw it out of the void!

On top of this, there is white fairy air, and the strands are milky white, like breast milk.

Above the white celestial qi, there are also red celestial qi, orange celestial qi, yellow celestial qi, green celestial qi and so on. One kind of fairy qi is higher than the other.

These celestial spirits are not valuable in the immortal realm. They can be seen everywhere, but when they reach the lower realm, they are cherished and infinitely valuable.

Fang Yue's eyes changed, and greed for the fairy stone was also raised.

A fairy stone, if he refines it, it is worth the work of thousands of years of penance, and he can climb to the sky in one step and directly cultivate to the pinnacle level of the rotation realm.

This kind of cultivation can be said to be flawless and without any hidden dangers. It can be regarded as the strongest improvement.

Scarlet immortal aura, to stimulate potential, is the best resource for any practitioner.

Thinking of this, Fang Yue said respectfully to Luo Yan: "I don't know what kind of service Luo Yan needs, the young one must do his best to do it all!"

Fang Yue wanted to borrow a knife to kill. Use this Luo Yan to test the fire of this City Lord's Mansion.

This city lord's mansion is not simple. Among them, the strong are like Lin, but the deputy city lord Li Fanshuang that Fang Yue met before is not much weaker than Luo Yan.

However, Fang Yue knew that Luo Yan must have a back hand, and none of the strong men who could descend from the other side of the universe were simple characters.

"Well, you are pretty good! Don't worry, I will not treat you badly! I have always been rewarding and punishing. As long as you are obedient, I will give you great benefits!"

Luo Yan really regarded Fang Yue as an ordinary practitioner in the early stage of the cycle.

This strong dragon does not crush the snake, Luo Yan wants to use Fang Yue to understand the basic situation of the first city on this day, so that he can act easily when doing things and will not make any mistakes.

Luo Yan asked about the basic situation of the first city on the Heavenly Road, Xiaoxia Yue, and was quite satisfied with Fang Yue's answer.

She raised her hand and gave a pill.

This medicine pill looks like a baby, it is white all over, with a faint milk fragrance.

"What is this? It smells so good! I really want to swallow this thing in one bite and refine it thoroughly!"

Fang Yuehe moved his nose and suddenly smelled a refreshing fragrance.

Luo Yan smiled and said: "This is the special product of the Universe on the other side, Yuan Yingguo, this kind of pill, which needs to be collected from ninety-nine and eighty-one auras in the void. It can nourish the body and prolong life. For practitioners in the Yin-Yang realm, it is the best practice resource. One Nascent Infant fruit is worth ten years of penance! You have credit for answering my questions, and I will not treat you badly. Yuan Yingguo is my reward to you. You can find a place to refine it slowly and improve your strength a little bit!"

Luo Yan acted generously and generously, and Fang Yue's mind movement also collected information about Yuan Yingguo from his mind.

The effect of this Yuan Yingguo is similar to what Luo Yan said.

This thing is definitely a top-grade elixir, even in the universe of the other side, it is of high value, and most people cannot enjoy it.

"Thank you, sir!"

Fang Yue took the Yuan Ying Guo and carefully placed it in a brocade box!

Fang Yue's performance was neither humble nor overbearing, and quite gentlemanly, so Luo Yan nodded slightly, quite approvingly.

Fang Yue's natural way, this Luo Yan is buying people's hearts. If he refuses, it will definitely make Luo Yan feel alienated. Therefore, Fang Yue pushed the boat along the water, reaped the benefits, and also gained Luo Yan's trust. Is quite clever.

"Huh? How did the little demons in the sky disappear?"

Luo Yan suddenly noticed that the sky was clearing, and all the little demons that had obscured the sky had disappeared.

They come and go like wind, without warning.

Even if she was a powerhouse at the peak of the saint class, she felt quite abrupt.

"Perhaps their master Zhang Feng has disappeared, and they have escaped without any command!"

Fang Yue was slanderous. He naturally knew the whereabouts of these little demons. These little demons were all included in the stone pendant space by him, because these little demons belonged to Zhang Feng. Now, Zhang Feng has become Fang Yue's servant, little devil. The real owner of Fang Yue also became Fang Yue.

Fang Yue always cherishes feathers, how could he let these little demons be wasted in the fight.

Full of millions of little demons, this may not be a big deal in the sky, if it were put on the earth, what a terrifying combat power this would be!

"Well, if you disappear, you will disappear! Anyway, some cheap biological weapons are of little value!"

Luo Yan didn't pay attention to the disappearance of the little devil. If she wanted such a biological weapon, she would need as many as it was not enough to make her care and distract her.

Seeing that Luo Yan hadn't followed up carefully, Fang Yue sighed in secret. He was really afraid of Luo Yan's obsession, so he had to break the casserole and ask to the end, to see what was so tricky.

"Our plan this time requires meticulous planning and robbery! The top-level combat power on the first floor of Tianlu, I don't know, there are at least seven or eight great saint-level powerhouses sitting in town, and there are special rules on Tianlu. Under the suppression of, all creatures cannot show the

strength of cultivation that exceeds the leader-level realm, but in this heavenly road city, the level of suppression of the rules is low, and the saints and the great saints can still show some of their powers!"

Luo Yan is also a person who is proficient in calculations, she is not so arrogant that she can suppress everything after she comes!
