

God Of Medicine 121

The God Of Medicine Son-in-law Chapter 121

“Oh, it’s amazing to know magic!” Xiao Chen nodded faintly.

Zhao Sulan quickly pretended to be kind and persuasive and said:

“Xiao Chen, we thought you saved us before. We’d better advise you to run quickly. The other party is going to kill you. Since you love Yaqing, you can’t implicate her.”

“Well, since you love her, don’t bother her. Your daughter gave you all the good words.” Xiao Chen is now more and more disgusted with these two white eyed wolves.

“Am I wrong?” Zhao Sulan didn’t seem to find anything wrong with what he said.

Wu Changqing was silent for a while. At least he is now a cadre. If Zhao Sulan hadn’t been his wife, he would have argued with her now.

He was originally a door-to-door son-in-law. He didn’t have much status at home because he became a regular after Xiao Chen’s arrival. After that, he obviously felt that his status in the whole family had improved a lot.

But now in this situation, he dare not help either side, because if he offends any party, he is not a good man.

Looking at Wu Changqing’s silence, Xiao Chen was completely disappointed. It seems that the two people have been completely selfish. If it weren’t for Wu Yaqing, Xiao Chen wanted to let the two people die directly in the calculation of Wu Zhigu.

Slowly soothed his mood. Xiao Chen said slowly, “you’d better not have any strange actions recently. I’ll handle the things over there. As for whether your sister’s family should be saved, let’s see again.”

Zhao Sulan was stunned when she heard Xiao Chen's words, and then shouted, "what are you? You think you're great if you have a little Kung Fu? You're successful! I think you can fight with those immortal masters who can spell!"

Xiao Chen ignored her and just walked back to Ning Wangshu's room.

Everything just happened. Ning Wangshu also heard clearly. As soon as Xiao Chen came back, he saw the blue veins on his head burst, which seemed to be the anger of leaving.

"Grandpa Wangshu, you don't have to be angry. It's just some secular fools. They all disappear." Xiao Chen has a very good attitude.

Over the years, his mind has been honed to a certain extent. So I'm bearish about these things.

"It's just that the young sect leader is magnanimous. If I were you, I would teach these unscrupulous men and women a good lesson." Ning Wangshu immediately loosened his clenched fist.

"Well, these things are not important. Now I need to find some people to check how many people the other party has come and how strong it is. We can't fight in the urban area at that time. We have to find a way to go to the suburbs." Xiao Chen looked up at the crescent moon outside the window.

"It's easy to do. I've trained a professional investigation organization for so many years. Although it's not particularly strong, it's OK to collect some intelligence." Ning Wangshu said.

"That's just right. Then grandpa Wangshu will be in trouble." Xiao Chen was immediately delighted.

"As long as it is needed by the young sect leader. I will go through fire and water at all costs." Ning Wangshu looked loyal and righteous.

Xiao Chen was helpless. It seems that in Ning Wangshu's heart, there is no way to change the title of being the little sect leader.

However, he didn't care too much. Since he couldn't change him, he just adapted, and he didn't treat Ning Wangshu as his servant at all, but as his relatives.

After discussion, Xiao Chen left his room. Ning Wangshu also took the time to contact the organization in his hand and began to investigate.

Originally, it was estimated that this matter could be known by calling ah Ling, but Xiao Chen knew that the situation of the extermination organization was more critical. So I gave up the idea for the time being.

Previously, Wu Yaqing had been in the medical school and didn't know what had happened. When he got home, he saw Xiao Chen sitting on the sofa without saying a word. It seemed that he was thinking about something. He immediately felt a little curious.

"What's the matter? My hero, what are you thinking?"

When Wu Yaqing came back in the evening, he saw someone selling cherries on the roadside and bought some. Directly took out one and stuffed it into Xiao Chen's mouth.

Xiao Chen didn't react and almost choked, but then he felt that the taste was quite good, so he asked for two more.

"Thinking about something that has happened recently." Xiao Chen said while eating cherries.

"Well, take your time. I'll send cherries to my parents first." Wu Yaqing said and walked to the room of Wu Changqing and Zhao Sulan.

Then he sent some to Ning Wangshu.

Seeing Wu Yaqing returning to his room, Xiao Chen said, "I may be busy again in recent days. I can't stay at home with you all the time."

“Oh, well, I’m reading all kinds of medical books every day. In fact, I’m quite full. I’m just worried about what kind of accidents you will encounter outside.” Wu Yaqing’s answer was very flat.

Seeing that Wu Yaqing was so considerate, Xiao Chen felt an unspeakable feeling in her heart.

However, the problem of Wu Zhigu was not solved, and he didn’t think too much.

Early the next morning, Wu Yaqing went out early and went to work in the hospital. It seems that Zhao Sulan and Wu Changqing quarreled again last night. It seems that both of them don’t look very good.

Compared with before, Zhao Sulan’s attitude towards Xiao Chen seems to have returned to the original.

But Xiao Chen didn’t intend to tell them about himself, because he could predict that they would publicize everywhere when they knew it. When their identity was exposed, they might cause a lot of trouble.

So in order to avoid some unnecessary trouble, I have to endure it temporarily in this family.

“Wu, there’s only three days left. You’d better make a decision quickly, or you’ll regret it!” Seeing Xiao Chen and Ning Wangshu go out, Zhao Sulan said in a threatening tone.

“Zhao Sulan, I see you clearly. You’re going to poison your son-in-law for your relatives, aren’t you?” Wu Changqing’s voice was loud.

This is the loudest time since he entered the house.

“Well, now you have the support of your so-called son-in-law, so you’re tough to speak, aren’t you? Why didn’t you have today’s virtue when you begged me to marry you like a dog?” Zhao Sulan immediately roared like a mad tigress.

“It was then and now. Have you ever worked for this family now?” Wu Changqing seems not to be afraid of Zhao Sulan’s threat at all.

“OK, OK, you Wu Changqing, you’ve started to argue with me now, haven’t you? What do you think you are? My Zhao family can send you to today’s position and let you down. Wait for me! I’ll call my uncle right away and you’ll be tough on me if you have seed!” Zhao Sulan said that she was going to walk into her room.

Hearing the word “Uncle”, Wu Changqing immediately softened.

Hurriedly stopped Zhao Sulan and said, “I’m sorry. Wife, I’m wrong. I really know I’m wrong. Everything you say is right. I must do everything according to your instructions!”

Although his heart is full of humiliation, this is the price he paid today. I can’t escape the fate of being controlled by a woman all my life.

Zhao Sulan threw away his hand and said angrily, “why? Now you know you’re wrong? Didn’t you just shout very loudly? You know my sister’s family hasn’t helped you for so many years! You just don’t save your life for that so-called good son-in-law?”

“Yes, my wife, you have a large number of adults. I was confused just now. I was wrong. The lives of our relatives and ourselves are the most important. Everything else is not important. What you say, I will follow your plan.” Wu Changqing came to Zhao Sulan in general.

Seeing his appearance, Zhao Sulan seemed to be a little relieved of her anger. Then he said coldly, “let the boy and the old man come back for dinner tonight. At that time, we’ll add that thing. The sorcerer said that even some martial arts experts can’t eat it, so when the boy fell with the old man, we’ll inform the sorcerer.”

“Good. Your wife has the final say.” Wu Changqing nodded quickly.

“Well, go and arrange it now. Be sure to inform the boy to come back for dinner with the old man!” Zhao Sulan seemed to be just angry and felt a little tired, so she went to one side of the sofa and lay down.

The two of them thought their conversation was not known by anyone, but in fact Ning Wangshu had a special heart and installed a listener in the Wu family.

Although a little disgraceful. But he had no good feelings for Zhao Sulan and Wu Changqing, so it's understandable.

We still don't understand whether these two people are enemies or friends, so these work must be done in place.

They went out today to find the so-called Zhao Sulan's sister and family.

Ning Wangshu learned the location of Zhao Sulan's sister Zhao Suxin's home through his organizational intelligence.

Xiao Chen drove to Binghe Avenue in Bingjiang District of the East China Sea.

After a search, they did find that their family disappeared for some reason the other day, which should be about the same time as Wu Zhigu.

I just didn't scare each other. It's for real.

This makes Xiao Chen have a big head.

While they were still discussing the situation of Zhao Suxin's family, Ning Wangshu received a notice from his intelligence organization.

They found a group of suspicious people who stayed in the green sky hotel in Donghai city in recent days.

The figure of one of them is very similar to that of Wu Zhigu described by Ning Wangshu.

However, because they were afraid that the other party was a medical practitioner, all investigators were afraid to approach. They were afraid that if they startled the snake, all their previous efforts would be wasted.

So Xiao Chen and Ning Wangshu found the corresponding room location of the big dream Hotel opposite the green Qingtian Hotel, and then determined through observation that it was the group.

It seems that they are not people in China. They were all dressed in white robes and looked like they came from South Asia.

But they were too far apart to determine each other's accomplishments. But I saw a total of four people.

However, since Wu Zhigu was the first person to work, it is likely that his position is not very high. And it is likely that the cultivation is relatively low.

According to this speculation, the other party has at least four figures above the medical honor level.

Xiao Chen estimated that as long as the other party didn't have more than two figures of medical emperor cultivation, it was quite simple to win.

He doesn't believe that a sect of the other party will send such powerful experts to sneak attacks in China. If so, the medical practitioners of the five major sects will certainly pay attention to them.

So this time, Xiao Chen is still very sure to take all four people at one stroke. At that time, as long as he tries to find out the whereabouts of Zhao Suxin's family, the crisis will be solved.

What is lacking now is an opportunity.

Just as they were thinking about how to create this opportunity. When you try to take the initiative in your own hands.

Ning Wangshu suddenly remembered the monitor he had put in the Wu family, so he found an excuse to go back and get it.

Although Xiao Chen didn't know what he had done, he believed that Ning Wangshu was thinking about himself, so he didn't worry much.

Soon. Ning Wangshu took all the recordings he had monitored.

"Grandpa Wangshu, isn't that good for you?" When Xiao Chen knew what Ning Wangshu had done, he suddenly felt a little ashamed.

I didn't expect him to have so many minds when he was old.

But after hearing the dialogue between Zhao Sulan and Wu Changqing, Xiao Chen immediately changed his view.

As the saying goes: day and night, it is difficult to prevent domestic thieves.

Sure enough, if the people around you really want to calculate you, it's really difficult for you to prevent.

"Colorless and tasteless poison?" Xiao Chen thought carefully.

"One day, the soul is broken!" Ning Wang slowly spit out a few words.

After hearing this, Xiao Chen was also secretly frightened. Isn't this the poison ouyangchen used to poison under the medicine immortal gate?

Even Shen Qianshan, whose accomplishments reached the level of medical emperor, was poisoned and died in the end.

Even if Xiao Chen becomes ill, he has no resistance to the poison. If he is really caught, they will be in danger.

“Grandpa Wangshu, this is really a wonderful move!” Xiao Chen quickly took back what he had said before. Now it seems that being more attentive is not a bad thing.

At this time, Xiao Chen received a call from Wu Changqing.

“Hey, Xiao Chen, I’m really sorry last night. I discussed with your mother. We’ll cook a delicious meal in the evening as an apology for you. Do you think it’s ok?” Wu Changqing’s tone is quite sincere.

If he hadn’t heard their previous conversation, maybe Xiao Chen would really believe him a little.

But now Xiao Chen just smiled faintly and said, “it’s not very good. In fact, I’ve done something wrong. Why don’t I invite you out for a potluck tonight!”

“No, no, just do it at home. We’ve bought all the dishes!” Wu Changqing hurried.

The God Of Medicine Son-in-law Chapter 123

After Xiao Chen refused for a while, Wu Changqing pulled down his face and let Xiao Chen and them come back for dinner.

So Xiao Chen had to pretend to be reluctant to agree.

In the evening, Zhao Sulan found a reason to ask Wu Yaqing to visit her grandmother’s house first.

Wu Changqing prepared two bottles of Maotai and drank with Ning Wangshu and Xiao Chen.

“Oh, my good son-in-law, thank you for taking care of me all the time. Sulan and I are actually preparing for your wedding with Yaqing, but I don’t know how you are thinking about it?” Wu Changqing said while pouring wine for Xiao Chen.

“In fact, I don’t have many ideas about this matter. I can just see what Yaqing thinks.” Xiao Chen answered happily.

Ning Wangshu was silent on one side.

“Oh. And this one, who should also be the leader in the pharmaceutical industry?” Wu Changqing also poured wine for Ning Wangshu.

Because Xiao Chen and Ning Wangshu were received by Wu Zhigu before, Wu Changqing thought Ning Wangshu was also a famous person.

After all, Wu Zhigu is a mage level figure. The person who can see must not be a layman.

Seeing Ning Wangshu didn’t pay attention to himself. Wu Changqing had to smile awkwardly.

“It seems that the master doesn’t particularly like talking to people.”

Xiao Chen quickly patted Ning Wangshu on the shoulder and said, “Oh, Grandpa Wangshu’s ears don’t work well, so just tell me what to say. He’s not a celebrity. He just did some small business in Kyoto. Now he’s back to prepare for development in the East China Sea.”

“Oh, in Kyoto? That’s not easy. Come on, master, let me toast you!” Then Wu Changqing picked up his cup and clinked it with Ning Wangshu.

Wu Changqing has been involved in officialdom for many years. The only thing he has learned is how to observe words and colors on the wine table and activate the atmosphere.

It's also common for Ning Wangshu to say nothing at once. After clinking a glass with Ning Wangshu, he choked off his wine.

Ordinary old people eat this set. It's a habit of many old leaders at the dinner table to come and not be rude.

If someone toasts and cheers in front of you, you must return a toast. This is a proper etiquette.

But he didn't expect Ning Wangshu to ignore him completely as if he hadn't seen anything.

Suddenly he thought of something that Xiao Chen said was bad for Ning Wangshu's ears.

So he filled another glass of wine, and then shouted in front of Ning Wangshu: "master, I'll give you a toast!"

Ning Wangshu still doesn't look at him. Ning Wangshu knows that the couple are not kind, so according to his character, he doesn't bother to talk to each other at once.

Seeing Ning Wangshu, there was still no response. Wu Changqing filled another glass of wine, and then directly stood in front of Ning Wangshu and said, "master, this is the third cup. You can have it at will!"

Seeing Wu Changqing drink up again, Ning Wangshu's face still hasn't changed.

After reading it, Xiao Chen sent a message to Ning Wangshu and said, "Grandpa Wangshu, please give me a toast. Although these two people are shameful, after all, they are just ordinary people. There is no need to see things like them."

Ning Wangshu's face changed slightly after hearing this. He took a sip of the wine glass and drank it up.

Seeing this, Wu Changqing thought his offensive had worked, and hurriedly wanted to pour wine for Ning Wangshu. But Ning Wangshu blocked him directly with his hand. Obviously, he didn't want to drink with him anymore.

"This..." I shut the door before I started. Wu Changqing immediately felt a little embarrassed.

Xiao Chen said lightly, "my grandfather doesn't like drinking very much. He usually only drinks Erguotou. He's not used to drinking such valuable wine."

Wu Changqing was a little angry after hearing this. You should have said this earlier! I wasted so much money to buy good wine. I used to like strong wine.

"Then why don't I go out and buy two bottles now?" Wu Changqing was about to get up.

"Oh, no, there's no way to go out to buy wine at dinner. I hope Grandpa Shu will replace wine with tea later. It's no problem. The family is so indifferent." Xiao Chen hurriedly stopped him.

Hearing the word "family", Ning Wangshu's face suddenly changed slightly. In his opinion, he could not accept Wu Changqing and Zhao Sulan as his family.

If it weren't for Xiao Chen. It is estimated that he will teach them a lesson now.

"Grandpa Wangshu, don't think about this now. We'll have a good meal and you'll vent later." Xiao Chen heard again.

Ning Wangshu immediately exhaled deeply, tried to keep his expression not particularly serious, and began to eat with vegetables.

"Come on, master, we made it specially here. The streaky pork was just marinated today, and this shrimp is also fresh. I watched the man catch it."

With that, Wu Changqing began to recommend various dishes to Ning Wangshu.

Seeing Xiao Chen's respect for Ning Wangshu, Wu Changqing thought that Ning Wangshu should be a very important person. As long as you please him, when you poison him, both of them will be caught, and you will certainly take credit for it.

At that time, if Wu Zhigu is happy and teaches himself some spells, he may break away from Zhao Sulan's control and become the real master of the family.

Wu Changqing even wanted to laugh when he thought of it, but the expression on his face still didn't change.

Then Zhao Sulan, who had been inside, came out with a large stainless steel bowl.

There were bursts of fragrance in it. It was obviously the chicken soup that had just been stewed.

"Come on, you two, try it quickly. This is the native chicken I bought in the countryside today, and it's an old hen. It's very nutritious!"

With that, Zhao Sulan pushed the chicken soup to Ning Wangshu and Xiao Chen.

"Come on, I'll fill it for you." Zhao Sulan said and picked up Xiao Chen's bowl.

Xiao Chen stretched out his hand to stop it.

Zhao Sulan and Wu Changqing were nervous at once. They thought Xiao Chen saw something coming.

They just spilled the poison in the chicken soup.

Then Xiao Chen smiled and said, "how can this kind of thing bother you? I'll come, I'll come!"

Then he stood up and filled everyone with a bowl.

Wu Changqing and Zhao Su Langton were ashamed when they saw the chicken soup in front of them. They knew it was highly toxic, but they didn't eat it well.

Otherwise, if Xiao Chen and Ning Wangshu detect anything, their previous efforts will be wasted at that time.

"Well... Ah, I just remembered that there are still two dishes left!" Zhao Sulan suddenly said.

The God Of Medicine Son-in-law Chapter 124

"I'll help her too!" With that, Wu Changqing also stood up.

Xiao Chen looked at their poor performance with a suppressed smile.

Even if they really don't know what they're going to do tonight, now Xiao Chen knows what they think through their performance.

Ning Wangshu gently spit out a few words: "two mindless things."

"Well, Grandpa Wangshu, don't be angry. It's time for us to act next!" Xiao Chen pretended to go with all the chicken soup.

Ning Wangshu also pretended to drink all the chicken soup in one bite.

Then Xiao Chen began to wander.

"This soup..."

"Crackle!"

Their bowls fell to the ground and broke.

Wu Changqing and Zhao Sulan, who had just run into the kitchen, quickly poked their heads and came out to see their situation.

He breathed a sigh of relief.

“It’s finally done. Now contact the wizard and let him release people first.” Wu Changqing Road.

So Zhao Sulan took out a yellow amulet with strange words from her pocket. Just light it with a lighter.

So I saw the air floating out.

Soon after, Wu Zhigu appeared in front of the Wu family.

“It’s all done?”

“Yes, sorcerer, can you release my sister’s family?” Zhao Sulan begged.

“Let me see first.” Wu Zhigu said and walked to Xiao Chen and Ning Wangshu.

He felt their pulse with his hand. It’s really poisoned. The meridians have been broken.

“Yes.” Wu Zhigu nodded and gave Zhao Sulan and Wu Changqing a cold look.

“Sorcerer, I drunk them first and then drank chicken soup. You have to give me a great credit!” Wu Changqing is full of expectation.

It seems that he thought that Wu Zhigu would give him any reward.

“OK, well done. Come with me!” With that, a burst of black smoke came out of Wu Zhigu’s hand and wrapped them directly.

They were a little panicked.

But then he fainted, and Xiao Chen and Ning Wangshu on the other side were also taken away by Wu Zhigu.

After a while, Wu Zhigu came to a very empty place in the suburbs.

The first three seem to be doing it. A large stone statue was erected in the middle, on which a strange figure was carved.

“Witch, have you brought all the people?” A more ferocious looking man said.

“Yes, those two monks are poisoned. It seems that they won’t live long. How to deal with these two?” Wu Zhigu said and threw Zhao Sulan and Wu Changqing to the ground.

“No one can know our existence. Kill!” Wu mandao.

“Good!” With that, Wu Zhigu pinched out a Dharma seal on his hand, and then Zhao Sulan and Wu Changqing began to ignite a flame.

They suddenly woke up and kept wailing.

“Sorcerer, didn’t you agree to let us go after we finished?”

“Ah... Help me, help me!” Zhao Sulan is now in pain.

Both of them were tossing about on the ground. But the fire was getting hotter and hotter.

“Well, now bring those two people here. Their flesh and blood are still nutritious, which can improve our cultivation!” Wu Man motioned to carry Xiao Chen and Ning Wangshu to his side.

Then he kneaded a formula in his hand. Suddenly, the stone statue in front of me was opened.

It can be seen that there is a vacuum inside, but there is a sharp blade air flow on it. If any living creature is thrown in, it is estimated that it will be stirred into debris.

At the moment when Wu Zhigu waved his hand to throw both of them into the stone statue.

Xiao Chen and Ning Wangshu, who had fainted in the black smoke, suddenly woke up.

Then Ning Wangshu slapped Wu Zhigu directly.

“Pa—”

Wu Zhigu was photographed directly into the stone statue without any precaution.

The door of the statue closed quickly.

“Ah—”

There was a scream inside.

“What!” Wu Man and other three people were surprised.

And Xiao Chen was the first to appear, which extinguished the flames on Zhao Sulan and Wu Changqing.

But the reaction of the other three people was also quite rapid. The strength of wuman had reached the level of the fifth section of the medical king. Even in the original medical immortal gate, his cultivation was very advanced.

The other two are also at the level of medical spirit, and their cultivation is one point higher than that of Ning Wangshu.

Fortunately, the skill of Yixian sect is very mysterious. It is not comparable to ordinary medical schools.

And now Xiao Chen has developed a disease pulse, and her strength can crush each other.

The reason for using this trick is mainly to find the whereabouts of Zhao Suxin's family.

Now that the four of them have chosen this place. Then it shows that Zhao Suxin and others are also locked up not far away.

"Grandpa Wangshu, go and look around first. See if you can find the four people who are locked up. I'll take the one here." Xiao Chen said faintly.

The other three rushed up directly, all of them emitting black light. It was obvious that they had practiced some kind of skill.

Ning Wangshu was obviously reluctant, but Xiao Chen said he had to obey.

"Be careful, young sect leader!"

With that, he picked up his strength and ran in the other direction.

And one of the three found that Ning Wangshu was going to run and immediately wanted to stop him.

But suddenly a strange ball flew behind him.

“Bang -“

When the ball exploded, the medical practitioner fell to the ground and lost consciousness.

Xiao Chen solved a medical practitioner at the level of medical spirit.

The remaining two people suddenly stopped their steps when they saw this scene.

“Has this guy’s vitality been condensed to this extent? He can produce substantive attack!” At this time, Wu man realized the power of Xiao Chen.

“What? Are you afraid?” Xiao Chen sneered.

The doctor lington on one side was irritated and rushed up: “the thief wants to die!”

Because I can’t see Xiao Chen’s accomplishments clearly. In addition, Xiao Chen just made a sneak attack, so he decided that Xiao Chen’s cultivation was not high, but the sneak attack was successful.

However, at the moment when he rushed up, Xiao Chen appeared ill in his hand. A sharp long sword was formed immediately, which directly pierced the practitioner’s chest.

“No!” Wu man was furious when he saw this situation. This time, he was the first step to ensure that he could start the plan with the above. He had to come to three men with such accomplishments, but he was secretly killed by Xiao Chen and Ning Wangshu in an instant.

But even if he has the cultivation of the medical King now, he has a desire to retreat.

After all, Xiao Chen's strength is too strong. The consolidation of vitality can only be achieved by the cultivation of the medical emperor. He is only the fifth section of the medical king. If he continues to fight, he is likely to be directly killed.

The God Of Medicine Son-in-law Chapter 125

Just when Xiao Chen was about to make a move, Wu man suddenly read a strange formula in his mouth. Then he drew out a dagger and scratched it on his hand. Suddenly, the ground burst into strange brilliance, and a dark shadow appeared on the spot.

"Summoning?" Xiao Chen didn't expect that someone would use such an ancient secret method.

However, the general summoning skill can only summon the existence with much lower cultivation than yourself, so even if the witch man summons a monster now, it is estimated that it will not be particularly powerful.

But at the moment when Xiao Chen saw the dark shadow clearly, his pupils suddenly contracted.

"How could this be possible? Just relying on the cultivation of the medical king, the demon was summoned!"

The monster in front of us looks like a human, but it has spiked wings on its back. Red eyes stared at Xiao Chen, as if to swallow him directly.

After the call, the consumption of wuman seems to be very huge, and he immediately retreated. Obviously, he is very afraid of the demon.

The attack of Succubus is not particularly fast, but it has a very terrible ability, that is, charm.

And this kind of charm is carried out through six senses, that is, as long as people are still alive, they will have a certain chance to be charmed by it.

Its shell is quite hard and stronger than the vigorous Qi of ordinary medical practitioners.

So now Xiao Chen's strength is strong, but he is not his opponent at all. If he meets him, he can only find a way to escape.

But at the moment when he was ready to retreat, he suddenly felt that his back was a little cold.

The instinct to fight made him run away.

It turned out that Zhao Sulan and Wu Changqing had been charmed. Now they are like walking corpses attacking Xiao Chen.

The enchanted living creature was stronger than before, so Xiao Chen quickly killed the other medical practitioner who had just fainted.

Then the demon stood in front of the stone statue and didn't know what to do.

It seems that woman can't control it. Just call it out and take the opportunity to escape.

But he didn't run now, just kept a certain distance from the demon, and Xiao Chen looked at him on the other side.

"Look, if you don't save these two human wastes, you'll wait for the demon to swallow them directly!"
Wu man smiled bitterly. He knew that Zhao Sulan and Wu Changqing had a certain relationship with Xiao Chen.

Otherwise, Xiao Chen would not put out the flame on them at the first time.

Just then. Suddenly a woman's cry came from afar.

“Dad, mom!”

“Yaqing!” Xiao Chen hurriedly turned back.

“No, get back!” Xiao Chen quickly roared.

Wu man took the opportunity to sneak into Xiao Chen.

The demon seemed to notice that Wu Yaqing was coming, and suddenly his red light was shining.

Wu Yaqing has no resistance to the charm ability of the demon.

Instantly enchanted.

Wu man took out his dagger and killed Xiao Chen.

“You die!” Xiao Chen’s eyes were red. He kicked Wu Man directly into the air, and then hit the stone statue on one side.

Suddenly, the witch vomited blood wildly.

“Young sect leader! I found them!” Ning Wangshu also came back at this time.

“Take them away!” Xiao Chen was very anxious at this time.

He didn’t want anyone else involved.

“Demon!” Ning Wangshu also saw the demon standing beside the stone statue with red light from a distance.

“Go. Take them!” Xiao Chen immediately roared.

“Yes!” Ning Wangshu immediately understood Xiao Chen’s meaning and turned away directly.

Wu man slowly got up from the ground and smiled grimly: “what’s up, boy? No matter how strong your cultivation is, can you save them? You can only watch them die!”

Now if you want to save Wu Yaqing and others, you have no choice but to kill the demon directly.

Xiao Chen quickly calmed down.

A trace of ill Qi directly lingered on Wu Yaqing.

Then tie her up so that she can’t move for the time being.

Suddenly, the demon noticed Xiao Chen’s behavior, and his eyes stabbed him like a sharp blade.

“Ha ha, you are really infatuated. But infatuation has to pay a price. See how you fight the demon now!”
The witch man on one side saw that his treachery had succeeded. Suddenly he burst into a wild laugh.

“Noisy!” The instant on Xiao Chen’s hand condensed a sick Qi and directly hit Wu man.

And Wu man was not too slow, so he kneaded a decision in his hand. The whole body forms a black barrier.

Although the disease Qi broke through his defense, it didn’t hit him.

Witch pretty is also the cultivation of the medical king. There are really no other medical practitioners to deal with.

The key is that now Xiao Chen has saved Wu Yaqing, and the demon will keep staring at himself unless it dies or Xiao Chen dies.

Xiao Chen can only temporarily use his flexible advantage to deal with the demon.

While wuman is quietly absorbing the power on the stone statue.

Xiao Chen destroys his plan. He won't stop until he kills Xiao Chen. As for the demon. Then we'll find a way to deal with it.

Now the demon is his best weapon. Now Xiao Chen is stared at by the demon and has no time to take care of him.

Gave him plenty of time to do it.

The longer you are controlled by the demon, the more you will gradually lose your mind. At that time, even if the demon is killed. Maybe people can't return to the previous situation.

"Damn it!" Xiao Chen's several attacks had no effect on the demon, and he began to worry.

At this time, the pharmacopoeia in Dantian suddenly began to become active.

"Yes!" Xiao Chen suddenly thought of something. He condensed a black ball with sick Qi and hit the demon directly.

The evil spirit still didn't stop or hide, and directly accepted Xiao Chen's attack.

However, as like as two peas, the attack was found to be abnormal.

Because there are signs of shell melting at the place just hit.

It turned out that a breath suddenly appeared in Xiao Chen's pharmacopoeia, which turned out to be a kind of highly toxic.

Xiao Chen just injected the poison directly into the attack.

"Die!" Xiao Chen stabbed the evil spirit's decaying shell with the sharp sword made of disease Qi again.

"Stab -"

At that moment, a huge blood hole was cut out on the left chest.

"How is that possible?" The witch man on one side was shocked. He didn't expect that Xiao Chen pierced the shell of the demon and caused fatal damage to it.

The evil spirit seems to have to struggle hard and launch the final attack on Xiao Chen.

The back wings fell off directly, and then turned into two flying blades to stab Xiao Chen directly, but Xiao Chen easily avoided it. After all, its action is too slow.

The God Of Medicine Son-in-law Chapter 126

The demon on the ground was dying, and the red light on his body gradually dissipated. After a while, he lay on the ground and disappeared.

Wu Yaqing and the two people who were controlled over there suddenly collapsed.

Wu man seems unwilling to give up. He immediately rushes towards Zhao Sulan and Wu Changqing. The dagger in his hand flashes in the cold light, obviously to take their lives.

But suddenly a dark figure appeared in front of him.

“Now you have nothing to rely on. I’ll see what else you can fight me!” Xiao Chen said faintly, and two fingers directly caught the dagger in his hand.

Then a trace of sickness directly entered his body. Wu man immediately rolled on the ground like an electric shock. After a while, he foamed at his mouth and died directly.

Xiao Chen was relieved to see that he had no breath. With the help of the elixir.

However, Xiao Chen also felt more and more that the pharmacopoeia in his Dantian was very magical. He still had to study it well in the future.

Xiao Chen flashed to Wu Yaqing’s side. Wu Yaqing looked a little painful. It was obvious that the charm effect of the demon had not been completely eliminated, and a breath of disease entered her body.

Wu Yaqing soon woke up.

“Xiao Chen? My parents and they.....” Wu Yaqing suddenly remembered the terrible scene she saw when she came.

Immediately concerned about the situation of Zhao Sulan and Wu Changqing.

“They have nothing serious, just minor burns.” Xiao Chen said faintly.

Of course, he would not tell what Zhao Sulan and Wu Changqing had done before, which would still hurt the feelings between Wu Yaqing and her parents.

After all, everything has been solved by yourself. It’s better to keep other things in your heart for the time being.

However, Xiao Chen will not show any good face to the two people from now on.

“Dad! Mom!” Wu Yaqing lay beside them.

Zhao Sulan woke up and saw Wu Yaqing in front of him. He immediately burst into tears: “Yaqing! Is this... Is this hell? Why did you come down?”

“Mom, look, you’re still alive, we’re all alive. Xiao Chen saved us.” Wu Yaqing quickly helped her up.

“Xiao Chen, he’s not...” Zhao Sulan remembered the poisoning of Xiao Chen and Ning Wangshu.

“Mom, I’m here.” Xiao Chen stood behind Wu Yaqing and said.

Zhao Sulan immediately closed her mouth and said nothing more.

Wu Changqing also woke up with his forehead.

“Where am I?” Suddenly he seemed to think of something.

“Monsters! Monsters!” Then he hid directly behind Zhao Sulan.

Wu Yaqing couldn’t help laughing at his appearance.

Zhao Sulan said angrily, “if there are monsters, take me as a shield, don’t you? You’re really a useless thing.”

“Well, the car is coming. We should go back.” Xiao Chen said and helped Wu Yaqing up.

Wu Yaqing pulled Zhao Sulan up.

Wu Changqing hurriedly got up from the ground.

When he got home, Wu Yaqing couldn't help asking Xiao Chen, "how did you defeat that monster just now? It looks so fierce."

"You don't believe your husband. I said there are no monsters and people in the world that I can't beat." Xiao Chen is very proud.

"Come on, you know smelly beauty." Wu Yaqing suddenly looked cold.

But she still knew in her heart that this was the second time Xiao Chen had saved their whole family.

When Zhao Sulan came home and saw Zhao Suxin's family, she was very happy.

"I thought something really happened to you!"

"We were really caught, but the mage saved us." Zhao Suxin pointed to Ning Wangshu road standing aside.

Ning Wangshu didn't overdo it and didn't want to see Zhao Sulan.

Zhao Sulan knew it was because of the previous events. I offended Ning Wangshu and Xiao Chen. Now I can't make up for anything.

It's not easy for them to appear in the Wu family now.

In the space of chatting, Wu Changqing suddenly came out with a pot of chicken and shouted, "to celebrate our family's safe return, today I specially stewed an old hen to celebrate!"

Hearing that the stew was an old hen again, Zhao Sulan went straight up and slapped Wu Changqing.

“Wife, why did you hit me?” Wu Changqing received a slap in the face and was immediately full of grievances.

“Let you buy something else. It’s an old hen again. Didn’t you wake up?” Zhao Sulan was furious.

Previously, they used chicken soup to faint Xiao Chen and Ning Wangshu.

Although I don’t know what method they used to detoxify. But now the old hen is stewed again. Isn’t this hitting yourself in the face.

Wu Changqing immediately reacted. Lian hurriedly said, “Oh, yes. Chicken can’t eat recently. I’d better go out and buy something else right away!”

“Mom, what happened to the stewed hen?” Wu Yaqing has some doubts.

Zhao Suxin’s family also looked confused.

Ning Wangshu and Xiao Chen smiled and continued to drink the tea in their hands.

“Well, chicken is not good. It’s not suitable to eat chicken this season.” Zhao Sulan thought for a long time and didn’t come up with a reason, so she had to find a far fetched reason.

“Why is it not suitable to eat chicken this season?” It is the first time that Wu Yaqing has heard of any season that is not suitable for eating chicken.

“Oh, don’t ask. Your father will buy other dishes later, and then he will have a big meal.” Zhao Sulan gave a careless eye and tried to fool the matter over.

“Young sect leader, I’m a little curious. How did you defeat the demon? Our current cultivation should not break through the shell of the demon.” Ning Wangshu asked Xiao Chen about the war at that time.

Xiao Chen condensed a black breath on her hand and showed it to Ning Wangshu.

“This... This is highly toxic!” Ning Wangshu immediately recognized it.

“Yes, I didn’t know what was going on at that time. There was such a toxic smell in the Pharmacopoeia, so I attached it to my ill Qi, so the shell of the demon was corroded by me.” Xiao Chen said faintly.

“Sure enough, the little sect leader is a genius of Tianzong. He will always make some breakthroughs at a critical juncture!” Ning Wangshu smiled after listening.

“Well, Grandpa Wangshu, I don’t need to say these words. I know my own cultivation. But this time, we still need to continue to investigate to see which country dares to attack us.” Xiao Chen felt nothing.

He was originally a modest and low-key person, and naturally maintained his original heart in front of such a close person as Ning Wangshu.

The God Of Medicine Son-in-law Chapter 127

“Young sect leader, don’t worry. My breaking dawn organization has begun to investigate now, and there should be results soon.” Ning Wangshu nodded.

“What are you talking about?” Wu Yaqing sat directly on Xiao Chen’s lap.

Since Xiao Chen went to Huining last time. I haven’t made out with Wu Yaqing for a long time.

So Wu Yaqing now looks like a little woman.

Seeing this, Xiao Chen also hugged her gently and said, “we’re talking about the previous battle.”

“Young lady, you also study medicine. Why don’t you try to cultivate the skill of our medicine immortal sect?” Ning Wangshu saw such love between them. I was also very happy, and then I thought of something that could make Wu Yaqing practice.

“I’ve tried. My physique is too poor to practice.” Wu Yaqing shook her head.

“Well.” Ning Wangshu immediately became silent, but then suddenly thought of something and said, “I remember, the old sect leader hid a divine pill to prevent the young sect leader from accidentally. Maybe that can make the young lady cultivate.”

“Divine pill?” Xiao Chen immediately became interested.

“Yes, the old sect leader is always far sighted. He expected that the disciples of the medicine immortal sect would destroy the little sect leader’s elixir field at that time. If the little sect leader can’t cultivate the disease pulse, he also prepared a back hand.”

Ning Wangshu was a little excited.

“Where is the pill now?” Xiao Chen’s look also changed slightly.

If it’s really like what Ning Wangshu said, it’s really possible for Wu Yaqing to practice.

“Young sect leader of pill, you should know. Didn’t the old sect leader tell you at that time?” Ning Wangshu said.

“Me?” After hearing this, Xiao Chen immediately began to recall all kinds of things before, but there was no memory of this pill at all.

When Xiao Qingyuan left, he left only an ancient book.

“Does it mean that the secret is hidden in the medicine fairy gate?” Xiao Chen suddenly thought that his ancient books were also obtained at the medical immortal gate.

“Very likely.” Ning Wangshu nodded.

So after dinner, they rushed directly to the medical immortal gate. After some searching, I didn't find any special pill.

Ning Wangshu searched all the secret doors and secret rooms he remembered. He didn't find anything except some important classics.

“Did Grandpa take things out?” Ye Yu frowned and thought.

“There should be no such possibility. The old sect leader prepared it for the little Lord at the beginning. If you take it out, the little Lord may need to find him to get this pill.” Ning Wangshu analyzed.

But they racked their brains and couldn't find the pill.

Xiao Chen still believes in his intuition. I think to find the pill, we must first find our grandfather Xiao Qingyuan.

While they were looking for pills, Ning Wangshu received a call from Ren Yajun, saying that his father suddenly got a strange disease and asked him to have a look.

Ning Wangshu tells Xiao Chen what happened. So Xiao Chen nodded and decided to see Ren Aoguang first.

When he came to the hospital, he saw Ren Aoguang lying in bed with a purple face.

The doctor saw that Xiao Chen and Ning Wangshu were dressed in ordinary clothes. I immediately wanted to drive them out.

“The patient is seriously ill now. You two irrelevant personnel should not make trouble.”

Ning Wangshu and Xiao Chen have no choice but to turn around and leave. After a while, Ren Yajun walks up and sees that Ning Wangshu and Xiao Chen are preparing to leave. They quickly ask:

“Doctor Ning, why don’t you go in?”

“The doctor won’t let us intervene.” Ning Wangshu waved his hand.

“What! Don’t these doctors want to mix up?” Ren Yajun’s temperament came up in an instant.

Directly pushed the door of the ward open and said loudly, “who did you just not let doctor Ning come in to see a doctor!”

The doctors inside were still seeing Ren Aoguang, and they were all shocked.

A male doctor quickly took off his mask, looked at Ren Yajun with a flattering smile and said, “Yajun, I’m a doctor of medicine who came back from studying in Western Europe. Just give it to me by your father. We don’t need any miracle doctors. We can cure it right away.”

This man is Ren Yajun’s friend from childhood to childhood, but Ren Yajun doesn’t seem to be interested in him.

“Qian Shida, are you out of your mind? Do you know what level Dr. Ning is? Can it be compared by ordinary people like you?” Ren Yajun was immediately furious.

Previously, Ren Aoguang was sent to the hospital with a cough. Qian Shida wanted to please Ren Aoguang and wanted to treat him.

Originally, Ren Aoguang saw that he was sincere to Ren Yajun for so many years, and he didn’t seem to be seriously ill, so he reluctantly let him do it.

At first, Qian Shida thought it was just a little cold and would be cured soon.

He also gave Ren Aoguang a whole-body examination with high-end instruments.

He was given medicine without finding any problems.

Who knows that in three days, Ren Aoguang's body is getting worse and worse. Now he has arrived at the ICU.

There is no way to invite some experts.

Qian Shida vowed that he could cure it by relying on some experiments he had done outside.

Ren Yajun doesn't believe him at all. Now she just wants her father to get better.

Unexpectedly, he finally informed Ning Wangshu that he was coming and was stopped outside.

Qian Shida didn't know what to say for a moment. In fact, he was at a loss now. But in order to pretend to be a man in front of Ren Yajun, he hardened his head and said he could cure it.

"Without treatment, Ren Aoguang won't have much time to live." Xiao Chen saw Ren Aoguang's disease at a glance.

"Which onion are you?" Qian Shida just got angry at Ren Yajun. Seeing Xiao Chen saying some alarmist words here, he immediately got angry.

Xiao Chen just looked at him coldly and didn't speak again.

"Doctor Ning, please save my father!" Ren Yajun doesn't know Xiao Chen's strength.

But now people with a clear eye can see that he is in danger.

“I may not be able to cure your father. Only our little sect leader can cure it.” Ning Wangshu shook his head and said faintly.

“Doctor Nanning, please invite your young sect leader.” Qian Shida quickly said respectfully to Ning Wangshu.

“Young sect leader, you’d better do it, otherwise this term of Aoguang won’t last long.” Ning Wangshu said to Xiao Chen.

Seeing Ning Wangshu’s respect for Xiao Chen, Qian Shida, who had just been arrogant, was suddenly stupid.

The God Of Medicine Son-in-law Chapter 128

He didn’t know that Xiao Chen and Ning Wangshu came together.

And these two days, Xiao Chen didn’t wear a suit for convenience, but wore very casual clothes.

It looks similar to the goods on the ground. Ning Wangshu’s dress is fairly standard.

So Qian Shida thought they didn’t know each other at all, but unexpectedly Xiao Chen was the young sect leader in Ning Wangshu’s mouth.

After listening to Ning Wangshu’s words, Ren Yajun also looked at Xiao Chen anxiously and said, “brother Xiao Chen, I’m really sorry for the previous things. Now my father’s situation is really serious. I hope you don’t forget the past grievances. If you save my father, I’ll agree to any conditions!”

Of course, Xiao Chen is not the kind of person with a small belly and chicken intestines. He nodded faintly and said, “of course I will save uncle Ren, but now some irrelevant personnel will go out first. I’ll save it with Grandpa Wangshu.”

“No problem!” Ren Yajun nodded hurriedly, then shouted to the doctors inside: “you all go out and let the two miracle doctors see my father!”

Then all the doctors looked at Qian Shida, because he was the attending doctor of Ren Aoguang.

“Get out, get out!” Qian Shida waved quickly.

If Ren Aoguang misses the best opportunity for treatment due to the delay of time, he can't bear this responsibility.

Ren Yajun looked at him contemptuously, then turned to Xiao Chen and Ning Wangshu and said, “brother Xiao Chen, doctor Ning, please come in!”

They nodded and walked in.

Ning Wangshu's face became particularly dignified as soon as he entered the door.

“Young sect leader, are you really sure?”

He also saw that Ren Aoguang's disease was extraordinary.

“Of course!” Xiao Chen answered positively.

In fact, as soon as he came over, he saw that Ren Aoguang's disease was not simple, because his lungs had swollen seriously and pressed his heart pulse.

And I don't know what medicine I used. As a result, all his blood vessels were blocked. It seems that an enemy was targeting him and used such a vicious technique.

This kind of feeling that blood is blocked all over and the heart pulse is pressed is a pain that almost anyone can't bear.

Although he is now in a coma, Xiao Chen can even feel Ren Aoguang's soul begging him to die quickly.

Without hesitation, Xiao Chen directly injected the disease Qi into his body first, and immediately all the unknown substances blocking blood vessels had been removed by him.

And Ren Aoguang's face also had a little blood color.

The swollen lungs are now quite fragile. Xiao Chen slowly carried the disease Qi and played several very strange printing formulas on his hand.

"This is Qimen's return to heaven!" Ning Wangshu recognized the skill that Xiao Chen had used.

This skill was learned by an expert Xiao Chen met while traveling abroad.

Previously, treating other patients did not need to use this skill, but now Ren Aoguang's situation is just suitable for this skill.

It seems that Xiao Chen's hand doesn't touch Ren Aoguang's body, but the air flow on his hand is constantly evacuating all kinds of strange bubbles that cause Ren Aoguang's lungs to swell.

After a while, Ren Aoguang's nose kept discharging these bubbles. They are all dark purple. They look like congestion, but they are gaseous.

Gradually, Ren Aoguang's breathing became more and more rhythmic. The painful expression on the whole face was gone.

At the moment when Xiao Chen was ready to stop, he suddenly felt that there seemed to be something in Ren Aoguang's head.

He was shocked and stunned on the spot.

Because he found a bullet in Ren Aoguang's brain.

This is a wonderful story. A man has a bullet in his head, but he is still alive.

Now, with Xiao Chen's strength, he still needs the help of instruments to take out the bullet, so he temporarily gave up the idea of treating his head problem.

Recover the ill Qi from Ren Aoguang. Xiao Chen and Ning Wangshu open the door of the ward.

"How's it going, brother Xiao Chen? Has my father recovered from his illness?" Ren Yajun seems to be worried about Ren Aoguang and has been waiting outside.

See Ning Wangshu and Xiao Chen come out so soon. Qian Shida didn't believe it at once, because even the simplest operation takes at least half an hour.

Now Xiao Chen and Ning Wangshu stayed inside for less than a quarter of an hour and came out.

"Well, your father is all right. Now he just needs to rest for a few days." Xiao Chen nodded.

Then he whispered in Ren Yajun's ear: "it's best for your bodyguards to keep an eye on your father these days. Don't let anyone have the opportunity to give him any unknown drugs."

After hearing this, Ren Yajun's pupil contracted suddenly, nodded without trace, and gently replied, "OK."

Seeing that Xiao Chen and Ren Yajun were so close, Qian Shida was a little upset.

But the other side is a miracle doctor. He had to stare at Xiao Chen, but he didn't dare to say anything.

Xiao Chen has no idea about the so-called overseas doctor, but thinks his medical skills are too bad.

Ren Aoguang has many needle pricked scars on his hand. At first glance, Qian Shida doesn't know the situation. The result of indiscriminately giving Ren Aoguang drugs.

Seeing Xiao Chen and Ning Wangshu walking towards the door of the hospital, Ren Yajun quickly said, "guys, do you want me to arrange to see you off?"

"No." Xiao Chen waved her hand with her back.

Seeing that there was something wrong in Ren Yajun's eyes at Xiao Chen, Qian Shida immediately came up and said, "Yajun, let's go in and have a look at Uncle Ren!"

Ren Yajun pushed him away and almost made him stumble and fall to the ground.

Then insert the waist path:

"You, you get out of the way. Get out of the way before my father leaves the hospital."

Qian Shida didn't know what mistake he had made and opened his mouth to ask what else.

But Ren Yajun grabbed his head and said, "give you three seconds to disappear, otherwise, you won't want to see me again in your life!"

Qian Shida was helpless and then ran away.

But in my heart, I hated Xiao Chen. It was after Xiao Chen came that Ren Yajun changed his attitude so much.

He was so skillful that he wanted to see if Xiao Chen really cured Ren Aoguang.

If a person doesn't wake up within three days, he has made an abacus to find Xiao Chen for trouble.

On the other side, Xiao Chen drove to Ruihua.

Ning Wangshu asked curiously, "young sect leader, the move you just used should be the lost strange gate hand back to heaven?"

Xiao Chen nodded and couldn't deny it.

"Is this what the old sect leader left for you?" Ning Wangshu continued.

The God Of Medicine Son-in-law Chapter 129

Xiao Chen shook his head.

"This is not. This is taught to me by an old miracle doctor I met when I was traveling."

"Oh, that's also a chance given by the young sect leader." Ning Wangshu continued to praise.

"It's not a chance. I just met it by chance. I'm lucky to learn it. And I didn't expect to use it in this Aoguang." Xiao Chen said faintly.

"This term Aoguang was also a senior official in the financial management of Kyoto. He has always been very cautious. I don't know who should have done this to him." Ning Wangshu immediately thought about Ren Aoguang.

"Well, it's a bit strange, but we didn't find any suspicious people or drugs at the scene." Xiao Chen seems to be more interested in the murderer's technique.

“Young sect leader, do you see what medicine you took during the treatment?” Ning Wangshu asked again.

“I didn’t see it. There are too many strange poisons in the world, and once they enter the human body, many poisons will be broken down. Even my current cultivation accomplishments can’t see what poisons are, but it feels a little like Zhu Yinghua.” Xiao Yuan recalled the feeling when he had previously probed the disease Qi into Ren Aoguang’s body.

“Zhu Yinghua?” Ning Wangshu was surprised.

“If it’s Zhu Yinghua, we may need to be careful. It seems to be the poison that Eyu sect, one of the five major sects, is good at using.” Ning Wangshu’s tone was a little heavy.

“Eyu sect? Which sect is this?” Xiao Chen knows little about this aspect, so she still needs to listen to Ning Wangshu’s explanation.

“The Eyu sect is a medical sect that has grown up in recent centuries. It is said that its leader is a peerless beauty with the posture of heaven and man. Once instructed by an immortal, she came to the earth to heal the world, but somehow, her temperament changed greatly. Instead of healing the sick people, she also helped some terrorist organizations and provided all kinds of poisons.”

Ning Wangshu took a deep breath.

“Where is the Eyu sect now?” Asked Xiao Chen.

“All medical schools have similarities with our medical immortal sect. Their mountain gates are isolated from the world. I can’t tell exactly where they are.” Ning Wangshu also shook his head.

“That female leader doesn’t even hang a pot to help the world. On the contrary, she also endangers the world. This kind of thing really doesn’t accord with the style of a medical school.” Xiao Chen touched his chin and thought.

“In fact, all medical schools have no distinction between good and evil. They just do what they want to do according to their own ideas.” Ning Wangshu said faintly.

Hearing this, Xiao Chen also agreed. After all, he has been doing what he wants to do according to his own ideas all the time. It’s just that these things are good in the eyes of secular people.

However, he decided to investigate the matter of Eyu sect. After all, if someone is always using some powerful poisons to treat ordinary people, especially some important people.

Then it is also a great threat to a country.

Not to mention that Xiao Chen is now taking developing traditional Chinese medicine as his own responsibility, even if he doesn’t have this idea. Hearing such a thing, he will feel that he should take care of it.

Because regardless of his heart, he doesn’t feel peaceful.

Ning Wangshu said that the ability of his investigation team is limited, so if you really need to meet people from Eyu sect, it still needs a certain chance.

Xiao Chen hid it in his heart first.

Recently, I haven’t received any news from ah Ling, and Xiao Chen is also a little worried about her.

Simply call her first to ask about her situation, and then make plans.

“Hello? Ling?”

“Yes.” The voice at the other end is still cold, but you can feel a trace of excitement.

“How is the organization doing recently?”

“Average. Now it seems that several other continents have calmed down and seem to be preparing for something.” Ling Dao.

Originally, Xiao Chen thought that after the last thing. The American side should step up the search and pressure on the extermination organization, but I didn’t expect that there was no action.

Now it’s calming down.

“That’s just right. I have something to trouble you.” Xiao Chen said.

“Go ahead.” A Ling seems to have a relaxed tone, indicating that she is telling the truth.

“I want to investigate the five major medical schools in our territory. It’s best to send them the specific location.”

“No problem. It will take about ten minutes.” Ah Ling promised.

“OK.” Xiao Chen hung up.

“Young sect leader, I knew you must have more powerful means. Why haven’t you seen you use it before?” Ning Wangshu also heard Xiao Chen’s dialogue.

For Ning Wangshu, Xiao Chen has nothing to hide.

“I still can’t tell you in detail about this matter. There are too many things involved.” Xiao Chen has some apologies on her face.

“Oh. Then I won’t ask. Young sect leader, there’s no need to apologize to me.” Ning Wangshu hurried.

“Well, let’s go to my wife’s hospital first.”

Xiao Chen said and sped away with a foot on the accelerator.

When I came to the door of huichuntang medical school, there were as many people inside to get medicine as before.

See Xiao Chen coming. Wu Yaqing quickly put down what he was doing and came to say hello.

“Why do you have time to come, busy man. Hello, Grandpa Ning.”

“Madam Shao is really good at medicine. The hospital is running so well.” Ning Wangshu looked at the endless stream of humanity inside.

“I can’t come. My wife’s wings are hard now that she has learned some medical skills!” Xiao Chen said and picked Wu Yaqing up.

“Oh, I hate it. Put me down. There’s something else to do later!” Wu Yaqing immediately gave a coquettish voice.

“What’s more important than meeting my wife?” Xiao Chen still held her tightly in her arms.

But then his phone rang, so he put Wu Yaqing down and looked at the information above.

The location of the Mountain Gate of the five medical repair sects has been found out.

Unexpectedly, the location of Eyu gate is within the river city above the East China Sea.

“What’s the matter? What important information?” Wu Yaqing also came together to have a look.

Seeing that the name of the writer was a Ling, he froze immediately.

Then he walked away in silence.

“Young lady, what’s the matter?” Ning Wangshu asked suspiciously when he saw Wu Yaqing’s appearance.

Xiao Chen remembered that he had forgotten to change the name of the sender.

He quickly put his mobile phone back in his pocket and ran up to find Wu Yaqing.

When Wu Yaqing returned to the hospital, he was filling the patient with medicine.

“Yaqing, don’t get me wrong. It’s all business.” Xiao Chen came to her and said.

The God Of Medicine Son-in-law Chapter 130

Wu Yaqing did not pay attention to him, but filled the medicine himself.

“Didn’t you just watch it? It’s just some business. We didn’t talk about anything else.” Xiao Chen continued to explain.

Once the little girl’s Vinegar jar is overturned, it will take a long time to persuade her to come back.

Ning Wangshu stood outside the door and looked at them with a smile.

He once had his beloved, but he was a medical practitioner, so she took the first step.

But he also left many beautiful memories in his heart.

Seeing Xiao Chen and Wu Yaqing now is like seeing what they looked like when they were young.

“Yaqing. You have a rest first and I’ll help you!” Xiao Chen grabbed the prescription in Wu Yaqing’s hand.

Quickly take all the herbs the patient wants.

The long line disappeared at once.

The medical worker on the other side was stupid. She didn’t expect Xiao Chen’s speed to be so fast.

“You see, it’s done. Let me explain to you. You can check our records. It’s really just business.” Xiao Chen finished his work and hurriedly came to Wu Yaqing.

But Wu Yaqing just looked at the medical book in his hand and ignored Xiao Chen.

“Well, good wife, you’re the best and most lovely. It’s not beautiful to be angry.” Xiao Chen tried her best to please her.

But Wu Yaqing did not move.

“Well, in that case, I’ll go.” Xiao Chen stood up with a calm face.

Step by step towards the outside.

Seeing Xiao Chen, she coaxed him twice and was ready to go out. Wu Yaqing bit her lips tightly, and the expression on her face was also a little disappointed.

“Master, doctor Xiao Chen is gone!” The medical staff behind him warned.

“Young sect leader, are you leaving now? Young lady wants you to coax her more!” Ning Wangshu looks very experienced.

Xiao Chen shook her head and said, “if she believes me, she will always believe me. If she doesn’t believe me, it’s useless for me to say more.”

Ning Wangshu smiled bitterly after hearing this. Forget it, who calls others the young sect leader?

Now I’m good at medicine. It’s romantic to have a few more lovers.

“Xiao Chen!” Wu Yaqing suddenly appeared in front of the door.

Xiao Chen and Ning Wangshu were startled.

“Young lady... In fact, young sect leader he...” Ning Wangshu wanted to explain.

But Xiao Chen made a gesture to keep him quiet, and then opened the door.

“I’ve just explained that I’m really just on business. If you don’t believe me, I can’t help it.” Xiao Chen said faintly.

Wu Yaqing was so wronged that tears came out.

Ning Wangshu could not see it, but it was hard to say anything.

But in the end, Wu Yaqing hugged Xiao Chen and said, “you can’t tell how long you’re going every time you go out. I don’t know who you’ve met, actually, actually...”

When Xiao Chen heard Wu Yaqing’s sobbing, she immediately softened her heart.

“Well, I promise. I really promise that I will report my news to you when I go out, but you must believe me. I am sincere to you.”

“Yes.” Wu Yaqing answered in a charming voice.

“Well, stop crying.” Xiao Chen picked her up and sat on the back seat to comfort her.

“Grandpa Wangshu, please drive. Let’s go for a ride on the beach.” Xiao Chen said to Ning Wangshu in front.

Ning Wangshu nodded immediately, then sat in the driver’s seat and started the vehicle.

The medical staff of the hospital also wanted to stop Wu Yaqing. Because there are still some things to be arranged in the hospital.

But the old doctor behind him grabbed him and said, “do you know who Xiao Chen is? People open the medical school entirely for their own responsibility. The owner left as soon as he left. We’ll just go to work as usual.”

Hearing this, the medical staff immediately envied. If only they could find a husband like Xiao Chen at any time.

When the party came to the seaside, Wu Yaqing immediately forgot his previous unhappiness and had a good time with Xiao Chen.

Ning Wangshu also stood aside, blowing the sea breeze.

Suddenly he found a small black spot moving on the sea.

And very fast.

“No, young sect leader, be careful!” He shouted hurriedly.

Xiao Chen, who had been walking by the sea with Wu Yaqing, also noticed.

Directly picked up Wu Yaqing, went to Ning Wangshu and said, “Grandpa Wangshu, take Yaqing with you first. I’ll go and see what’s coming from the sea.”

Ning Wangshu nodded and said, “be careful, young sect leader. I’ll send Miss Yaqing back first. I’ll come right away.”

Xiao Chen promised and flew to the seaside.

After a while, the black spot grew larger and turned out to be a mermaid shaped monster with a long tail.

There are fins on the gills, but the body and head are similar to human beings.

“Human beings?” The mermaid monster saw Xiao Chen and spit out words.

“Where are you from?” Xiao Chen tried to talk to it.

But the mermaid monster suddenly stuck out its long tongue. He flew directly towards Xiao Chen.

Suddenly Xiao Chen understood that the other party had a bad intention. At least now he wanted to eat him.

A sick Qi flew out and directly cut off the tongue of the mermaid monster.

Suddenly, a sharp roar of mermaid monster came out.

Obviously, the tongue was cut off and felt very painful.

However, the tongue fell to the ground and was still wriggling like a snake.

Xiao Chen once again made a sick Qi, and the tongue stopped wriggling.

“Powerful human beings!” Although the mermaid monster felt pain, it was also excited.

The whole face began to swell and finally turned into a big fish.

Because he didn't know each other's ability, Xiao Chen was still very cautious.

Looking at the fish man flying, Xiao Chen quickly dodged.

At the moment when Xiao Chen thought he was avoiding, suddenly the fish man monster grew a long bone.

It is very sharp, like a sword that has been polished for a long time.

Stabbed directly at Xiao Chen's chest.

Seeing that Xiao Chen can't escape.

Suddenly a laser came.

Suddenly the bone disappeared, and Xiao Chen escaped.

Then Xiao Chen saw a man in armor standing opposite him, but he had never seen this armor and didn't know which country it was from.

The fish man failed and attacked Xiao Chen again. It seemed that he didn't pay attention to the armor at all.

Xiao Chen would not sit and wait to die. He pinched out two black balls and smashed them directly at the fish man.

The fishman didn't hide, so he hit it directly.

"Boom -"

The sound of shaking the sky sent out, but the fish man monster didn't seem to be hurt at all, and rushed straight towards Xiao Chen.

This time Xiao Chen knew to hide far away.

The armour behind him shot a laser again.
