

God Of Medicine 141

The God Of Medicine Son-in-law Chapter 141

“No, your dress is quite normal now. Don’t worry, they will like it.” Xiao lane.

Even after hearing Xiao Chen say so, Wang Cuilan still followed the two people in front with some trepidation.

Both hands also unconsciously clenched their fists tightly.

Xiao Che looked at her through the rearview mirror, smiled and said, “don’t worry, we’re here. They won’t reject you.”

“Thank you, sect leader Xiao Chen. You are really a good man in the world!” Wang Cuilan thanked the tunnel.

Xiao Chen shook his head slightly. He never felt that he had saved her, but that she had saved herself and survived such cruel punishment.

Perhaps this is a mother’s obsession with her children.

The elevator soon came to the floor where Ren Aoguang was hospitalized.

Wang Cuilan couldn’t help looking at herself in the reflection of one side of the window. I’m afraid that my daughter and adoptive father will see my ugliness when they don’t tidy up.

Xiao Chen informed Ren Yajun and Ren Aoguang in advance. They found it, but it was not the poison she gave, but Han Yiqiao.

They also understand this matter, and it is estimated that they are now looking forward to the emergence of Wang Cuilan.

“Brother Xiao Chen!” Ren Yajun saw Xiao Chen and Ning Wangshu walking towards Ren Aoguang’s ward.

Xiao Chen nodded slightly, and Ning Wangshu waved his hand.

Ren Yajun also raised his hand and waved.

She seemed to have seen Wang Cuilan following her, with some light flashing in her eyes.

When she came near, Wang Cuilan said with some embarrassment:

“Ren Yajun... Hello, miss.”

Hearing this, Xiao Chen and Ning Wangshu felt something wrong.

But neither of them said anything. But watching the two continue their conversation.

Ren Yajun also nodded and said, “Hello, Aunt Wang Cuilan.”

Hearing that the other party called her aunt, Wang Cuilan was still a little lost in her heart.

But I haven't been around my daughter for so many years. Now I have nothing. It's also right for the other party to deny themselves.

Wang Cuilan nodded sadly, and then the party went in to visit Ren Aoguang.

Ren Aoguang is reading the newspaper. Seeing Xiao Chen and others coming in, he immediately sat up.

“Dad, please rest first!” Ren Yajun hurried up to help him.

“How can this work? I’m almost well now. Two miracle doctors, please sit down!” Then Ren Aoguang took out his stool to one side.

Ren Yajun hurried up to help.

Wang Cuilan saw all this. I suddenly felt some comfort in my heart.

But she didn’t know how arrogant Ren Yajun was outside, and she grew up after these hardships.

And she is quite filial to Ren Aoguang’s, so she will have such a performance.

Xiao Chen and Ning Wangshu were not polite and sat down directly.

“How’s it going? Uncle Ren, how’s your recovery? I think your face is much better.” Xiao Chen asked.

“Thank you, doctor Xiao Chen! I really didn’t expect that I could be cured in such a situation. Now I have recovered 70% or 80%, and I’m expected to be discharged soon.” A smile appeared on Ren Aoguang’s face.

“Dad, what are you talking about? The doctor said. Let you stay in the hospital for another period of time and observe. How can your body recover so quickly!” Ren Yajun on one side looked at him with some blame and said.

“Ha ha, my daughter has grown up. She began to take care of her father’s affairs.” Ren Aoguang laughed.

“Well, you two get to know each other. Come on, Wang Cuilan. This is your daughter’s adoptive father, Ren Aoguang.” Xiao Chen directly introduced Wang Cuilan who was hiding behind.

Ren Yajun was still a little uncomfortable when he heard the word “daughter”, so he turned his face aside.

Although she previously promised on the phone that she would not be angry with her biological mother, anyway. It was also she who caused her adoptive mother to be plotted inexplicably.

Now his father has become like this again. If it wasn't for Xiao Chen, he would be an orphan now.

She won't have too much affection for the mother she hasn't seen in more than 20 years.

"You... Hello, Mr. Ren. This is Wang Cuilan." Wang Cuilan spoke in a low voice.

And it's so halting that people can't hear clearly.

She knew Ren Aoguang was a senior official in Kyoto. Although she had been locked up in eyushan for so many years, the situation outside had changed a lot.

But she still knows this concept quite well.

So now she has no status for the man in front of her.

Looking at Ren Aoguang's face, she felt her heart was about to jump out.

If you are cultivating normally in e'yu sect, according to her talent, it is estimated that even in another 20 years, you will not have the opportunity to meet a big man like him.

And now I see it.

"Oh, Hello, Ms. Wang Cuilan!" Ren Aoguang extended his hand to show kindness.

Ren Aoguang's every move seems to be very elegant.

Even if you are wearing a patient's suit now, it has a fatal attraction for women like Wang Cuilan.

She held out her hand tremblingly.

But when I touched Ren Aoguang's hand, I took it back like an electric shock.

Xiao Chen and Ning Wangshu didn't intend to continue watching, so they said, "we have other things, so we'll go first."

"Hey, two miracle doctors, don't go. They're all here. Why don't we have lunch or something?" Ren Aoguang quickly invited.

"Dad, the doctor said, you are now taboo, you can't go, I'll go!" Ren Yajun hurried.

"Of course not. I want to thank the two miracle doctors!" Ren Aoguang frowned slightly.

"Dad, you are so disobedient!" Ren Yajun was a little annoyed.

Xiao Chen refused: "no, let's eat together next time. That's it. Let's go first."

Then they left.

Wang Cuilan stood nervously in front of her father and daughter.

Although it seems a little cruel, she has to face it after all.

Ren Yajun glanced at her and said, "you talk. I'll go after brother Xiao Chen first."

Then she left the room.

Ren Aoguang stood up and said, “well, Ms. Wang Cuilan, sit down and talk. I have a lot to tell you. Yajun, she may not accept it at once...”

“Brother Xiao Chen!” Ren Yajun chased outside the hospital and shouted at Xiao Chen and Ning Wangshu who were ready to get on the bus.

“What’s up?” Xiao Chen thought there was something wrong again.

The God Of Medicine Son-in-law Chapter 142

“Brother Xiao Chen, I want to go out with you.” Ren Yajun came to the shortcut.

“Go out for a walk? We’re not going out to play.” Xiao Chen was speechless.

“I know that, but I don’t really want to stay here now.” Ren Yajun held his hands tightly together.

Xiao Chen shook his head and said, “if you want to go outside to relax, you can go by yourself. We don’t know each other very well. Let’s go first.”

With that, he drove away without looking back.

All this was seen by Ning Wangshu, but he had nothing to say. Had to sigh gently.

“Do you think I did it wrong?” Xiao Chen noticed his mood.

“Of course not.” Ning Wangshu answered.

“Then why do you sigh?” Asked Xiao Chen.

"I sigh because I know that this miss Ren Yajun must be very tangled in my heart now. Although we are indeed outsiders, so many things have happened. I still have some patience in my heart." Ning Wangshu had some brilliance in his eyes.

Xiao Chen suddenly stepped on the accelerator and stopped.

Ning Wangshu was startled.

"Young sect leader, what are you doing?"

"Grandpa Wangshu, it suddenly occurred to me that you can stay with them." Xiao Chen said faintly.

"Stay with them? Why?" Ning Wangshu has some doubts about Xiao Chen's sudden decision.

"Don't ask this, I'll take you back first!"

With that, Xiao Chen directly turned around and drove the car back.

At the next intersection where Xiao Chen was going to pass, several people in armor ambushed there.

"Kim, are you sure this man is the legendary god of war we are looking for?" A voice came from a armour.

"Absolutely not wrong. His ability has disappeared now. It's the best time for us to kill him. His head is worth several cities!" There was also a sound from another armor.

"But why did he suddenly turn around? Did he find us?" A voice came from the previous armor.

"It's impossible. We have a newly developed hidden device on us now. He probably turned around because of other things. This is his only way. We'll intercept him here. In his current situation, he can't withstand our attack!" Jindao.

So the three armours disappeared again.

If someone sees it, they may be scared to death.

Because they were invisible in broad daylight.

This device is the latest development of country m. It is the best for assassination.

Xiao Chen did not find three people wearing armor just now, but he noticed that the breath was wrong.

Originally, the insight of medical practitioners is better than that of ordinary people. Xiao Chen has five disease veins, and her insight is more than five times that of general medical training.

Ning Wangshu didn't find anything wrong just now, but Xiao Chen saw it.

That's why he had to turn around on the way back.

Ning Wangshu is still confused.

"Young sect leader, did I say something wrong? If you think I'm talkative, just say it. I'll improve!"

"No. why do I think grandpa Wangshu is talkative? It's just that I really think it's safer for Grandpa Wangshu to stay with Uncle Ren." Xiao Chen smiled and opened his mouth.

Ning Wangshu didn't know Xiao Chen's intention, so he had to half guess and half promise:

"OK, if the young sect leader wants me to do anything, just open your mouth."

Xiao Chen glanced at Ning Wangshu. After all, we still have to separate. It's better not to say some things. Otherwise, with Ning Wangshu's character, we'll be unwilling to let Xiao Chen take risks alone.

However, Xiao Chen clearly knows that the strength of the other party is not something that Ning Wangshu can deal with.

Although medical practitioners are indeed better than ordinary people, they are dwarfed by those armor.

This is the world's top secret and almost no one outside the organization knows it.

Xiao Chen has been fighting with such organizations for so many years.

And the strongest Western God of war.

If that really comes now. I'm afraid he's also a little difficult to deal with.

But it's good that it's still in China. Generally speaking. Such characters will not appear, even if they do. It will not show its real strength in the city, otherwise it will be noticed.

It may be locked by more advanced weapons.

Before coming to the hospital, Ren Yajun had left.

Ning Wangshu got out of the car according to Xiao Chen's instructions.

Xiao Chen is worried about Wu Yaqing's safety now, so even if he knows that there is an ambush on the road, he must go there. There is no other road here.

Once again came to the previous intersection, Xiao Chen's brain was running at full speed.

General laser weapons take about half a second from launching to hitting the target, so. As long as he passes the intersection at the speed of less than half a second, it is the only chance.

The speed reached the limit of the car, 300 miles.

But this is his only choice, as long as he enters the city. These armours dare not chase around in broad daylight.

“Here he is!” One of the men in armour became vigilant.

“Prepare, we three play an angle, so that even if he calculates the speed, he will be hit by us!” Kim quickly ordered.

All three of them aimed their laser weapons in one direction.

There was a green light ahead. Xiao Chen stepped on the accelerator and directly stepped on the accelerator in an instant.

“Buzz! Buzz! Buzz!” BMW’s engine suddenly rang.

Then Xiao Chen stepped directly to the end.

The tachometer reached a speed of 300 miles in an instant.

The last second the green light flashes! Rush!

“Fight!” Kim whispered.

At the moment Xiao Chen passed by, the three lasers flew in different directions.

Perfectly calculated every direction Xiao Chen could escape.

However, the vehicle that is about to hit Xiao Chen is just.

A Ferrari sports car came to Xiao Chen's right, and the speed was also quite fast.

Xiao Chen quickly and violently hit the steering wheel and passed Ferrari directly.

The two cars inevitably scratched.

"Zi... Zhi..." the tire made a mark on the ground.

It was just this accident that Xiao Chen escaped the three laser shots and fled directly in another direction.

I don't know how long later, Xiao Chen stopped the car.

There was a slight drop of paint on the body, but it didn't hurt.

However, as soon as I got off the bus, a clear sound came from behind.

"Brother, can you teach me how to drive?"

As soon as Xiao Chen looked back, he immediately saw a woman with almost perfect figure and angelic face standing behind him.

He could not imagine that this was the man who had just been racing in the city.

The God Of Medicine Son-in-law Chapter 143

“Ah?” Xiao Chen didn’t react.

The woman is wearing a blue Hip Wrap Skirt, and her feet are still wearing high heels.

He came towards him with an enchanting gesture.

“I said, can you teach me to drive?” The woman came to Xiao Chen and her red lips opened slightly.

Xiao Chen is not short, one meter eight five, but this woman is almost as tall as Xiao Chen.

In addition to high heels, it is estimated that there are more than 1.75 meters.

A pair of charming eyes like a fox looked at Xiao Chen.

However, Xiao Chen immediately replied, “Miss, I just seem to have scratched your car. Here’s the card. Go and repair it.”

With that, he took out a card from his pocket. Ready to hand it to the woman.

The woman smiled and stretched out her hand as if to take the card, but suddenly she was close to the five fingers of Xiao Chen’s right hand.

Xiao Chen immediately felt something wrong and hurriedly retracted his hand back, and the card fell to the ground.

“Miss, please be more self-respect.”

“Big brother. I said, let you teach me how to drive. I don’t need you to lose money.” The woman’s eye wave flows, which seems to be coquetting with Xiao Chen.

If it were an ordinary man, it would be difficult to control it now.

However, Xiao Chen was once the Oriental God of war. Now he is the master of the medical immortal sect. He has five disease veins. Even Han Yiqiao’s changing young woman can’t charm him.

Although the present one is not inferior in comparison, Xiao Chen also has no waves in his heart.

“Miss, you and I never know each other. I don’t have any need to teach you to drive, and your driving skills are already very good. I just advise you not to drive in the city in broad daylight.”

Xiao Chen said and was ready to turn around and leave.

Seeing that Xiao Chen was indifferent to herself, the woman immediately became interested and directly caught up with her:

“Then, brother, your skills can drag racing in broad daylight, or you can teach me!”

Xiao Chen didn’t want to pay attention to her now, but went to Wu Yaqing’s medical school. He is now going to determine Wu Yaqing’s security situation.

Unexpectedly, the organization of country m has been found here. I should be more careful in the future.

Just as Xiao Chen was about to cross the road, several black Mercedes benzs stopped near him.

A man in a high-end suit came down from the car, and several people in black came down from the other cars.

It's obviously the man's bodyguard.

The man looks in his forties.

The watch on hand is also a Rolex private customized model, worth tens of millions.

He also wears a jade wrench on his hand, which is very valuable.

Xiao Chen looked at each other's eyes and found that it was not on her, so she was ready to cross the road.

But then I heard the angry scolding of the woman behind me:

"Huang Shengxian, I said. I'm not interested in you, you worthless old man. If you do this again, I'll report to the official!"

"Yan Ran, how can you do this to me? Look, I just gave you a sports car yesterday, and I asked people to buy all the photos on the exhibition yesterday. Now they are all in my computer." Huang Shengxian's face was full of smiles.

Su Yanran's pretty face was cold. But there is some helplessness.

As a famous sports car model in the East China Sea, if it weren't for the nearly ten million appearance fee, she wouldn't go to so many places to show up and attract a group of shameless old men.

"Is that your car? OK, I'll give it back to you!" Su Yanran said and threw the key in her hand directly.

"Hey, Yan Ran. This car is for you. Of course it's yours. You can deal with it whatever you want. And what you want in the future, just tell me that there's nothing I can't afford in the whole East China Sea!" Huang Shengxian said.

Xiao Chen heard this name for the first time. When she met Chen family and Liu family and Liu Nianxin, she didn't hear them talk about it.

However, such things are actually more common. Those rich people have a lot of things to keep some models.

He doesn't want to be idle.

So he quickened his pace on his feet.

"OK, you want me, don't you? The man in front is my boyfriend now. You've taken care of him. You're at your disposal, okay?" Su Yanran suddenly pointed to Xiao Chen.

Xiao Chen suddenly felt speechless.

"Miss, I don't even know your name. When did you become your boyfriend?"

Seeing that Xiao Chen stopped, Su Yanran was delighted and trotted all the way to Xiao Chen.

"Please, I know you're so powerful. There must be a way. I'm almost bored by this old man!"

"Sorry, I'm not doing charity. Just do your own thing." Xiao Che's face was expressionless.

Then he was ready to leave.

But this time it was no longer Su Yanran who stopped him, but a very tall man who looked taller than Xiao Chen, and even wearing a suit, you could see the muscles all over him.

"My boss asked you to go back and talk to him. Don't rush away!" The man spoke slowly.

Xiao Chen didn't want to talk nonsense with him, so he raised his right hand directly. The ill Qi immediately condensed on his hand, and one punch directly flew the man a few meters away.

"What!" The bodyguards behind him were surprised.

Unexpectedly, Xiao Chen looked ordinary and solved such a big man with one punch.

"Brother Hu, are you okay! Brother Hu!" Several people quickly helped Yuanhu up.

But Yuanhu didn't get any actual damage under the just punch. He stood up directly from the ground, his face full of anger.

"You, boy, sneak attack without saying a word!"

With that, he rushed directly in the direction of Xiao Chen.

The whole ground felt a little shaking.

"Brother, be careful!" Su Yanran was frightened at the sight.

"Die!" Yuan Hu directly pinched the fist the size of his head and smashed it at the back of Xiao Chen's head.

However, Xiao Chen only lightly blocked Yuan Hu's angry fist with his right hand.

"How is that possible?" The bodyguard was surprised again.

Su Yanran, who was still worried, covered her mouth. This time she was surprised by Xiao Chen.

Such an attack, let alone ordinary people, is estimated to be difficult to easily resist even martial artists like the previous huoyun evil god.

But Xiao Chen's cultivation is quite powerful now.

In this secular world, there are few people who can threaten him.

Yuanhu is still working hard.

Xiao Chen just said coldly, "just now it's just a warning for you. If you still want to live, get away!"

The God Of Medicine Son-in-law Chapter 144

But the yuan tiger didn't seem to hear Xiao Chen's warning. His right hand was stopped by Xiao Chen and waved his left hand towards Xiao Chen.

"Really, stubborn." Xiao Chen was in the moment when Yuanhu's left fist had not been waved.

He grabbed him directly with the strength of his right hand, and then there was a perfect over shoulder fall.

"Dong -"

It's like something heavy fell to the ground.

Yuanhu's expression also changed from anger to shock, and then felt a pain in his right hand.

"Ah!" He let out a cry. Xiao Chen dislocated his right hand directly.

Yuan Hu stood on the ground and wailed bitterly.

Several younger brothers on one side hurried to help him up.

“Useless things!” Huang Shengxian took out a pistol from his arms, pointed it at Xiao Chen and said, “well, what’s your name? Kung Fu is good. Why don’t you consider being my subordinate? I’ll give you 10 million a month!”

Xiao Chen smiled coldly and looked at Huang Shengxian. He was ready to turn and leave.

Huang Shengxian was a little cold at the sight of Xiao Chen, but then he felt some anger in his heart.

Seeing that Su Yanran wanted to follow up, he immediately shouted, “Su Yanran, you stay for me!”

“Bang! Bang!”

The two shots hit Su Yanran directly on the ground she was going to walk through.

Obviously, it’s threatening her.

“Huang Shengxian, you!” Su Yanran obviously felt helpless.

“Hey, the boy in front, stop for me, do you hear me?” Huang Shengxian seemed to be angry and shouted at Xiao Chen.

But Xiao Chen seemed unable to hear and walked towards the other end of the road.

“Big brother, stop. He has a gun in his hand!” Su Yanran also shouted.

She was still worried that Huang Shengxian would really shoot.

After all, according to Huang Shengxian's power in the East China Sea, even if he really shot and killed people, it is estimated that he will not be found in the head when he is checked.

But Xiao Chen didn't care about these two people at all now. He just wanted to go back to the medical school to see the situation first.

"Stop the f*ck!" Huang Shengxian was really angry this time and shot Xiao Chen in the foot.

"Brother, be careful!" Su Yan screamed out.

But Xiao Chen was only slightly ill. The trajectory of the bullet was directly affected and passed him.

"How?" Huang Shengxian looked at the gun in his hand in disbelief.

Su Yanran was relieved.

"I don't believe it. I think you can drag it until when!" Huang Shengxian raised his gun again. This time he aimed directly at Xiao Chen's head.

"Bang bang!"

Three bullets fired quickly.

At the moment of approaching Xiao Chen's head, he deviated from the track again.

"Boss, the law enforcement officers are coming. Let's go first!" A little brother ran over and reported.

Huang Shengxian looked at the gun in his hand in disbelief and then put it away.

Sat on the Ferrari driving from one side.

While Su ran in the direction of Xiao Yan.

Xiao Chen quickly came to the hospital, while Wu Yaqing was still busy receiving patients.

Seeing Xiao Chen coming, he didn't greet him immediately. It seems that there are many things.

Xiao Chen was not in a hurry, but sat aside and waited.

At this time, a beautiful woman came to him. It was su Yanran who just met on the road.

"Big brother?" The crisp voice came over.

Xiao Chen was stunned. He didn't expect the woman to come here.

So he pretended not to know her and shut his mouth tightly.

Su Yanran was not in a hurry. Just sat down next to him.

Xiao Chen immediately felt a little uncomfortable all over.

So he sat down towards the seat on the side.

While Su Yanran was close to him and seemed to have to follow him.

Xiao Chen was helpless. Now he doesn't want to quarrel with Wu Yaqing about this.

So he sat next to an old man.

But unexpectedly, Su Yanran directly communicated with the old man and sat beside him.

“Miss, please don’t follow me. I’m really nothing special.” Xiao Chen said to Su Yanran in a ventral voice.

Seeing that Xiao Chen’s mouth didn’t open, but she heard the sound, Su Yanran looked around for the source of the sound.

“Where? Where are you talking?” Su Yanran looked around.

“Miss, I’m right next to you. I use ventriloquism!” Xiao Chen hurriedly explained.

After hearing this, Su Yanran couldn’t help smiling. If an ordinary man saw it, he would be intoxicated on the spot.

This is really a smile.

“Elder brother, you are so interesting. I’m going to be your apprentice. Teach me how to drive, and teach me ventriloquism, OK?”

Xiao Chen is speechless. Now is not the time to joke, okay?

Wu Yaqing seemed to be almost busy. He glanced at Xiao Chen and immediately felt something wrong.

In broad daylight, a woman dressed so s*xy and beautiful sat beside Xiao Chen.

And Xiao Chen didn’t speak. She even talked to herself there.

“Miss, I told you, I have nothing to teach you about my driving skills. Please don’t pester me. Go quickly! It’s very dangerous to be around me!” Xiao Chen continued to use her ventral voice.

This is Wu Yaqing who came over and said softly in Xiao Chen's ear: "husband, is this woman crazy? If you don't treat her, it's a pity that she's crazy."

Who knows, just after saying that, Su Yanran directly greeted Wu Yaqing and said, "Hello, sister-in-law!"

"Sister in law?" Wu Yaqing was surprised, then looked at Su Yanran and said, "this girl, have we met before?"

"No, but I don't know you now. I came with my eldest brother." Su Yanran smiled.

"Big brother?" Wu Yaqing then looked at Xiao Chen suspiciously.

"Hey, ha ha, I don't know her, really." Xiao Chen pretended not to know what had happened.

"Brother, don't lie. We just met on the road over there. Your driving skills are great!" Su Yanran said and grabbed Xiao Chen's hands directly.

Xiao Chen hurriedly pushed her away.

Seeing their actions so close, Wu Yaqing couldn't doubt it.

But she didn't say anything this time, but smiled and said, "Oh, let's talk first. I still have something to finish."

Then he walked away.

Xiao Chen immediately felt that her voice had changed and was obviously angry.

The God Of Medicine Son-in-law Chapter 145

“Well, Yaqing, I really don’t know her. You have to believe me!” Xiao Chen is really helpless. She can meet people like Su Yanran for no reason.

I really don’t know whether to say I’m lucky or unlucky.

“Oh, my sister-in-law said. Let’s talk for a while, brother. Just sit down!” Su Yanran immediately flirted with Xiao Chen.

At this time, some of the middle-aged men who were lining up in the hospital couldn’t see it.

The key is that Su Yanran is too beautiful and dressed up so enchanting.

Every action and look can capture a man’s heart at will.

And now I’m pestering a boy in very ordinary clothes.

Suddenly, several men gathered around, looked at Su Yanran and said with a smile, “this beauty. Why bother him all the time? Brother, now take you to the bar and have a good time. How about a good time?”

Xiao Chen didn’t want to make a public at first. Now she is more annoyed to see someone around.

“Go away!” He is not in a good mood now, so he goes straight out and asks the people in front of him to get away.

Su Yanran didn’t want to pay attention to these people.

“Ouch, who do you think you are? Do you know who covers this medical school? You should ask your brother if anything happens. Your boy dares to drag here with me!” The first man was a little angry immediately.

“Brother Dong, let me teach him a lesson!” A fat man with a bald head behind him seemed eager to try.

In fact, he just wanted to behave in front of Su Yanran.

Xiao Chen was in a bad mood. Now there are a group of guys who don't have eyes.

Now there are people who dare to make trouble in Wu Yaqing's medical school. It seems that they haven't beaten anyone for a long time.

Xiao Chen stood up with a gloomy face and said faintly, “let's go together. I don't want to waste time.”

“How dare you be arrogant!” The East elder brother said and kicked directly at Xiao Chen's abdomen.

Xiao Chen didn't look either. He caught his foot directly with his hand.

Then there were a few “creaks”.

His feet were broken by Xiao Chen in an instant.

“Ah!” A painful cry came.

“You boy, go to hell!” Then several other people jumped up immediately.

Xiao Chen broke all of them in an instant. He kicked out of the hospital.

The remaining elder brother lay on the ground and looked at Xiao Chen blankly.

“Brother... Brother, we're wrong. We really know we're wrong. Brother, spare your life!” He quickly apologized and climbed outside as he apologized.

But Xiao Chen didn't give him a chance and sent him out of the hospital.

Su Yanran applauded gently.

"Elder brother is really an expert. It's awesome!"

"You leave now and don't appear in front of me again." Xiao Chen pressed the anger in her heart.

But Su Yanran didn't know what she had done wrong. There was a glow of doubt in her beautiful eyes.

Seeing Su Yanran still in front of her, Xiao Chen held her fist tightly, but she didn't know what to do.

At this time, Xiao Chen suddenly felt a very strong and dangerous breath appeared behind him.

A man in black came to the hospital.

Su Yanran didn't know why Xiao Chen wanted to drive herself away for a moment. What else do you want to ask.

But Xiao Chen raised her hand and motioned her not to speak.

After the black robed man behind him looked at Xiao Chen, he didn't seem to be particularly sure, so he left.

"Brother, what's the matter? Why don't you let me talk?" Su Yanran is a little strange.

Xiao Chen immediately had some doubts about Su Yanran's identity.

Is everything just a coincidence?

From being ambushed. Then I met Su Yanran, and then I met Huang Shengxian. Finally, when I returned to the medical school, I could just see the man in black.

Fortunately, his breath is completely different from the previous God of war system.

The man in black didn't seem to recognize it.

And Xiao Chen will never forget, because the breath that just showed on the man in black was the desert God of war who had almost killed himself.

Is one of the gods of war from Africa.

This man is quite dangerous, and he will be rewarded if he is ill, and he has no demeanor of the God of war. Once he decided to kill people, whether strong or weak. All will see their bodies in a day.

And Xiao Chen can obviously feel the murderous spirit on the man just now.

I don't know whether I came to seek revenge or do something else.

But Xiao Chen still needs to keep a high degree of vigilance. If you fight here.

It is estimated that even he can't guarantee the safety of so many people.

But he did not expect that this man could enter the territory through inspection.

Although he still didn't know what the reason was, Xiao Chen still didn't dare to relax.

Until he felt that the breath of the man in black left far away, Xiao Chen's tight nerve loosened a little.

“Xiao Chen!” Wu Yaqing’s voice suddenly came.

Xiao Chen suddenly turned back and looked at her.

Wu Yaqing was immediately startled by his eyes.

“Ah!”

Xiao Chen immediately returned to God and said, “what’s the matter?”

“What just happened to you?” Wu Yaqing was obviously frightened.

“It’s all right. I just remembered something. What’s the matter, good wife.” Xiao Chen rubbed his nose.

“It’s all right. I just want to confirm your relationship with this.” Wu Yaqing said, pointing to Su Yanran on one side.

“I really didn’t have anything to do with her before. But now it may be, miss. Do you have time now?” Xiao Chen went up directly.

Seeing Xiao Chen’s serious face, Wu Yaqing didn’t ask much.

Su Yanran was still begging Xiao Chen. Now the other party inexplicably came to ask if she had time. Suddenly she was a little silly, but she immediately responded: “yes, of course, at any time.”

Hearing her answer, Xiao Chen nodded, then turned back to Wu Yaqing and said, “I may have a lot of things next. You can stay at home and try not to go out during this time.”

Wu Yaqing didn’t know why, but then he nodded like he remembered something.

Then Xiao Chen took her hand and told her to go.

“Hey, brother, don’t worry. Where are we going now?” Su Yanran sees that Xiao Chen is so active now, which is obviously a little uncomfortable.

“Go to the hotel.” Xiao Chen’s voice has no feelings.

“Hotel?” Su Yanran’s pretty face turned red.

Although she is indeed the first beautiful model in the East China Sea, she has been guarding herself for so many years, and no man can get close to her.

The God Of Medicine Son-in-law Chapter 146

Now, seeing Xiao Chen’s several wonderful performances, he beat up those disgusting men. He still has some good feelings in his heart.

But she didn’t want to be so fast.

Besides, it seems that Xiao Chen is already a married man. He even said such a thing directly in front of his wife. How can he feel that it is not appropriate.

So she quickly broke away from Xiao Chen’s hand and said, “brother, how can you do this? Can you afford your sister-in-law? And in broad daylight. Why do you want to go to the hotel? What can we say in other places?”

Xiao Chen looked at her, thought about it and said, “OK, let’s go to the car.”

“In the car?” Su Yanran suddenly thought crooked again, her pretty face flushed slightly and said, “the space in the car is too small. I mean, we can go to places like coffee shops.”

“No.” Xiao Chen refused directly.

“Why not?” Su Yanran felt something was wrong.

“There are too many people and many things are inconvenient.” Xiao Chen replied.

Hearing this, Su Yanran’s face became more red, so she began to hesitate.

“Well, brother, I actually feel pretty good about you. Although you do have a wife, your feelings should be very good, so I don’t want to be the third party. I’m wrong this time, okay? Let me go!”

“You talk a lot of nonsense.” Xiao Chen seemed impatient.

She carried Su Yanran directly. Just walk in the direction of your own parking.

“Big brother! Big brother! You put me down!” Su Yanran struggled on Xiao Chen’s shoulder.

When I saw a beautiful woman carrying a warning during the day, I immediately said:

“The man over there, put down the woman in your hand. You are committing a crime. I repeat! Put down the woman!”

However, Xiao Chen just gave him a look. Suddenly the law enforcer dared not speak.

Because he saw clearly that it was Xiao Chen, who even his own director respected very much.

Xiao Chen threw Su Yanran in the back of the car.

Su Yanran quickly covered her important part and said, "brother, you don't want it. I haven't thought about it yet. You must give me some time!"

Xiao Chen was helpless. But he didn't pay attention to her, but came directly to the front and launched his own BMW.

Then came to Ruihua hotel in less than five minutes.

"Get off." Xiao Chen stopped at the door of the hotel and said to Su Yanran.

Su Yanran was a little nervous, but she went on.

After Xiao Chen came, the staff of the hotel respected Xiao Chen very much.

Su Yanran suddenly found that Xiao Chen's identity was very unusual. Then I thought that the identity of those who can have such skills may not be too simple.

So I had to follow Xiao Chen into the hotel.

Came to Xiao Chen's room, the situation inside still didn't change.

Xiao Chen said to Su Yanran, "you can sit inside first and tell the waiter if you need anything."

"Then why are you going?" Su Yanran asked.

"I'll call and call someone over." Xiao Chen said.

"Ah?" Su Yanran got goose bumps all over her body.

There are many rich people who like to play some strange things.

She now feels that Xiao Chen is a little abnormal. I immediately had the idea of running away.

“Why are you still standing? Why don’t you sit here and wait.” Xiao Chen glanced at Su Yanran standing at the door.

“Oh... Oh, OK. Just sit on the sofa.” Su Yanran said and sat uneasily on the edge of the sofa.

Xiao Chen casually sat on the sofa, and she immediately screamed out.

Xiao Chen was startled by her move. But then he ignored her.

“Hello, Grandpa Wangshu, are you free now? Come to me first! Well, OK, OK.”

Xiao Chen hung up the phone, and Su Yanran immediately widened her eyes.

“Grandpa?”

“Ah, what’s the matter?” Xiao Chen was puzzled.

“Brother, brother, I’m wrong. I’m really wrong, but I’m still young. You can’t really give me to an old cow!” Su Yanran said and knelt down directly. The expression on her face was quite desperate.

“What are you talking about? What old cow? What a mess.” Xiao Chen frowned at once.

“I know. I know I shouldn’t be pestering you all the time. Please, let me go.” Su Yanran is still praying.

“Well, now that you’ve said this, I’ll ask you directly. I was going to ask grandpa Wangshu to come and ask again.” Xiao Chen took a sip of water.

“Question?” Su Yanran was obviously a little confused.

“You tell me. I won’t embarrass you. Why should you follow me? After you appeared, a lot of things happened here. Did you organize it?” Xiao Chen asked.

“Organization? What organization?” Su Yanran looked puzzled.

“Well, I’ll give you a chance. If you do this again, don’t blame me for being ruthless next.” Xiao Chen’s eyes were very cold.

“No, brother, what are you talking about? I really don’t know what organization or something.” Su Yan was confused.

Xiao Chen’s eyes at Su Yanran did not seem to be pretended, and then said faintly: “kill God.”

Su Yanran’s expression didn’t change, and the suspicion on her face didn’t decrease.

Xiao Chen was convinced that he had made a mistake.

So he waved his hand and said, “sorry, miss, I made a mistake earlier. You can go now.”

“Ah? Can I really go?” Su Yanran pointed to herself with a slender jade.

“Well, please help yourself. If you don’t have a car, you can ask the staff of the hotel to see you off and give me my name.” Xiao Chen made a gesture to indicate that she could leave.

Now it’s su Yanran’s turn to be a little reluctant. It turned out that she had misunderstood Xiao Chen all the time.

I thought Xiao Chen was a strange figure.

Slowly sat on the sofa and said, “well, can I stay here?”

“No.” Xiao Chen’s answer was crisp and clear,

“Big brother ~ how can you do this?” Su Yanran directly took Xiao Chen’s hand and began to act coquettish,

“Well, these are of no use to me. Leave now, or if I do it later, you won’t regret it.” Xiao Chen’s face changed slightly.

Su Yanran obviously didn’t give up. Then she took out her mobile phone and said, “brother, we are destined. Leave a contact information, or I won’t leave even if I die here today.”

The God Of Medicine Son-in-law Chapter 147

Xiao Chen looked at Su Yanran in front of her. She was helpless. Unexpectedly, the other party forced her to die in order to leave her contact information. In fact, it is not impossible to tell him normally.

Then Xiao Chen reported his mobile phone number to her.

“Brother Xiao Chen, right?” Su Yanran smiled.

Xiao Chen nodded.

Then Su Yanran called and said:

“My name is Su Yanran. When I’m free, I’ll come to you to learn driving skills!”

Xiao Chen didn't want to teach her to drive. But just when I wanted to say something, the doorbell had rung.

So Xiao Chen had to open the door. She also took Su Yanran to the door.

"Young sect leader, why are you so anxious to tell me to come?" Ning Wangshu stood in the doorway.

Then I saw Su Yanran with a smile on her face.

"This is..." Ning Wangshu saw such a beautiful woman come out of Xiao Chen's room, which inevitably led to some suspicion.

But seeing Xiao Chen's face calm as usual, he didn't think about anything anymore.

Xiao Chen looked at Su Yanran and said to Ning Wangshu:

"I don't know where it came from. Ignore her."

"OK. I see. Young sect leader." Ning Wangshu nodded.

"Come first!" Xiao Chen said and asked Ning Wangshu to enter the door.

Then they sat on the sofa.

"I'm really sorry to let you come all of a sudden, but there are really very important things that are not suitable to say on the phone." Xiao Chen's expression became a little serious.

Ning Wangshu also sat upright.

“The reason why I asked you to go back before is not to expose the relationship between us. Now I suspect that some overseas organizations have begun to take action. I hope you can help investigate.” Xiao Chen said and looked at Ning Wangshu.

“Organization?” Ning Wangshu didn’t react for a while.

“Yes, it’s the kind of organization I mentioned earlier. Now we can’t face it head-on with our ability.” Xiao Chen nodded.

“OK, I’ll ask my investigation team to check as much as possible.” Ning Wangshu nodded and agreed.

“Well, if you have any news, you must inform me. Also, try to let Ren Aoguang leave the East China Sea these days. It seems very not peaceful here. People like him had better stay away from here first.” Xiao Chen then added.

“Yes.” Ning Wangshu continued to nod.

“On your side, I also want to ask you to find out where my grandfather is. If you have any news, please let me know.” Xiao Chen seemed to think of something and said again.

“OK, don’t worry. I’ve been doing this all these years.” Ning Wangshu said.

“Well, that’s about it. Be careful when you go out. I’ve tried to hide it.” Xiao Chen stood up and walked to the window with his hands on his back.

Ning Wangshu took a deep look at him and opened the door and left.

This is a formal farewell. Ning Wangshu understands what Xiao Chen is shouldering now. His ability is limited, so he can only give full play to his strength.

Watching Ning Wangshu leave, Xiao Chen looked at the distance with deep eyes. This time, even the Ares level figures directly appeared in the East China Sea. There must be some special reason.

We should be more careful in the next period of time.

While he was still thinking about the recent events, he suddenly received a call from Lin Shihao.

“Doctor Xiao Chen, please. Come to the vegetable market in the West. My father seems to be dying!”

After cutting off the phone, Lin Chen hurried over. Although he knew that there might be danger outside now, Lin Lao and himself were friends who forgot their years. He died. I have to save myself.

When I came to the scene, I saw several black Audi separating the crowd.

Lin Shihao is right in the middle. In his arms is old Lin.

“Doctor Xiao Chen!” Lin Shihao was delighted when he saw Xiao Chen coming.

Cried out: “get out of the way and let doctor Xiao Chen come in!”

I heard Lin Shihao call him a miracle doctor. Immediately the crowd began to talk.

Xiao Chen came down to Lin Lao under the escort of a group of security guards.

But just after seeing Lin Lao’s situation, I was surprised.

Because he was already pierced with several silver needles, and only one person could do this method – Xiao Qingyuan.

My grandfather.

This is the original three-day life hanging needle created by the medical immortal sect. It is a needle used to protect life when people are on the verge of death.

But then he thought that old Lin's situation was really critical. He had used such a needle to protect his life.

At once, Qi and illness entered his body.

Suddenly, Xiao Chen felt something that made him a little desperate. His lungs had been completely destroyed. Even if he was saved, he could not recover completely.

You can only live on oxygen bottles every day, and you can't touch any dirty air outside.

"Doctor Xiao Chen. Please, my father came out to buy vegetables today. My mother is still waiting at home!" Lin Shihao hesitated when he saw Xiao Chen. He couldn't help feeling bad. Hurriedly begged Xiao Chen.

Xiao Chen sighed gently, took off the silver needle from old Lin, then tied more than ten silver needles again, and finally pressed his hand on old Lin's chest.

Lin Lao slowly had a certain breath, but it was still very weak.

"Hurry to the intensive care unit of the hospital and try not to breathe the dirty air outside!" Xiao Chen said.

So Lin Shihao hurriedly arranged for someone to send Lin to the hospital.

Soon the oxygen pipe was plugged in.

"Dr. Xiao Chen, my father's body..." Lin Shihao asked Xiao Chen standing aside.

“Let me tell you the truth. Mr. Lin’s lungs have been completely damaged, so under the current situation of science and technology, even if I help him survive, he can only live on pure oxygen tube, and it may be difficult to speak.”

Xiao Chen sighed again after saying that.

The damage of internal organs almost represents the end of life. This damage is the damage of the body and occurs naturally. When people reach a certain age, internal organs will gradually have some problems.

Many old people die of illness or natural death because their internal organs have stopped working.

Some internal organs may still be alive after they stop working, but some, such as Lin Lao’s current lungs, are very difficult to survive after they are damaged.

Lin Shihao also understood Xiao Chen’s meaning and nodded without saying anything more.

After a while, Xiao Chen saw that Lin Shihao was better and asked:

“Do you know who gave your father the needle before?”

The God Of Medicine Son-in-law Chapter 148

After hearing this, Lin Shihao shook his head and said, “I don’t know. When I arrived at the scene, my father was already like this. Several uncles nearby told me not to pull it out. It was an expert who saved my father, and then I called you.”

I listened to him. Xiao Chen immediately felt that things had become troublesome. A person who is likely to be Xiao Qingyuan appeared in the East China Sea. I must not miss such an opportunity.

Not long after returning to the hotel, Xiao Chen received a message from Ning Wangshu. He did find some information about coming in, but it was not about the organization. It's some blocked information. It seems that something is going to change.

But he still doesn't know what it is.

Ning Wangshu and Ren Aoguang's family have left the East China Sea.

He found that the whole of Kyoto was on alert.

It seems that Xiao Chen's speculation may be correct, and some major changes may take place recently.

Then Xiao Chen wanted to find clues on some news, but the kind of news he wanted to know didn't appear in the newspaper or other news.

On the contrary, several strange news in Donghai recently attracted his attention.

There is an advertisement on it. The drugs in it are very similar to the drugs he found in Huining last time.

There are many drugs that are very similar to his prescriptions for treating some difficult and miscellaneous diseases, but they are sold in a small range, and there is no big action.

So Xiao Chen went out to investigate.

In order to ensure that he was not easily recognized, he specially changed his clothes and usually wore loose sportswear,

Now he is wearing tighter jeans and a leather coat, which looks like a cowboy boy.

When she came to the drugstore mentioned in the newspaper, Xiao Chen bought two drugs with that function.

The staff of the drugstore thought he was a guest with that kind of demand. He quickly recommended several other kinds to him, saying that it would be better to take them together.

Although Xiao Chen didn't buy it, he paid special attention to the composition of several other drugs.

Then he found that the combination of these drugs could indeed play the same role as the drug he got in Huining last time.

And there will be no bad reaction.

The only person who can make such a judgment in this world can think of is Xiao Qingyuan.

But when asked about the source of these prescriptions, the staff and boss of the drugstore were quite vague, thinking that Xiao Chen was a reporter who came to secretly visit.

After all, such drugs are not a glorious thing on the market. They also don't want their pharmacies to be implicated.

Then, after Xiao Chenliang knew his identity, the store manager recognized Xiao Chen as the miracle doctor who had been treated by the miracle doctor express pill some time ago.

So he told Xiao Chen that these things were learned from an old man's mouth.

The medicine was also brought by the old man, but the old man was very strange and didn't charge money. He just asked the store manager for some other medicine and left.

At first, the store manager thought that what the old man brought was a "three noes" product. But when I went to the drug system to check, it turned out that it was really like the drug introduced by the old man.

On the first day, the store manager went home for a special experiment and found that he really became very energetic.

So he began to promote the drug to his guests.

As for the contact information of the old man, the store manager didn't know. But he told Xiao Chen that the old man liked to wander among the major pharmacies and often brought some magical prescriptions.

Now many medicine stores in the East China Sea admire him and call him "crazy old" or "crazy doctor".

It turned out that the old man looked a little crazy. He didn't talk to others, so no one knew his true identity.

But his prescription really works. So no one reported and arrested him, which led him to wander around the East China Sea all the time.

Many people met him and even treated him respectfully.

After learning this information, Xiao Chen began to investigate pharmacies in the whole East China Sea.

Eighty percent of the pharmacies in the whole East China Sea have a certain relationship with the enterprises under Liu Nian's novice.

Of the remaining 20 percent, except for some monomer pharmacies. A large part of Liu Nianxin also has information.

So they quickly locked the scope of the activities of the crazy old man, which was in four areas from the west of the river to the middle of the city.

Xiao Chen searched all these areas in one day. But there were no results.

Just when Xiao Chen thought he might not be able to find the crazy old man, he saw a strange old man setting up a stall to tell his fortune when he drove through an intersection.

Generally, no one will set up a stall in such a remote place.

Xiao Chen then parked his car nearby, so he got off to find the strange old man to do divination.

After entering, Xiao Chen began to detect the breath of the other party, but there was no abnormal breath on the other party, just like ordinary people.

And after entering, Xiao Chen found that the other party was completely different from his grandfather.

Just as he was about to leave, the old man stopped him:

“Young man, since you’re here, why don’t you count a divination?”

Xiao Chen noticed that the other party was really blind.

The pupil has lost any focus, indicating that he can’t see anything at all.

Suddenly, there was a sense of sympathy in my heart.

He casually took out several hundred yuan bills and put them in his hand. “Old man, I don’t believe this. Take this money and go. This place is not suitable for setting up a stall. You may be a little unsafe in such a remote place.”

Unexpectedly, the old man didn’t refuse after accepting Xiao Chen’s money. He stood up and walked back like a normal person.

Xiao Chen could not help but be slightly surprised that someone could imitate the appearance of a blind man.

And he couldn't see that he was pretending. Xiao Chen immediately ran up and stopped him:

"Wait a minute, master. Why do you pretend to be blind and set up a stall here to calculate divination?"

The old man didn't answer Xiao Chen's words, but stretched out his hand and nodded on Xiao Chen.

The action looks very simple and doesn't seem to use any real Qi.

But it was so fast that even Xiao Chen didn't react.

When Xiao Chen wanted to stop, the other party had stopped and turned away.

Xiao Chen suddenly felt a burst of heat in his Dantian and quickly began to practice Kung Fu.

I suddenly found that my accomplishments were growing rapidly.

The God Of Medicine Son-in-law Chapter 149

The five diseased veins as thick as chopsticks in Dantian suddenly began to grow crazily.

After a while, Xiao Chen felt that his strength had more than doubled, and the source of the power of the former God of war also had a continuous feeling.

So he tried his best to suppress the breath.

After all, he hasn't fully recovered yet, which is still far from the original.

It is estimated that someone outside is monitoring his movements at any time. Now if this breath is exposed, he is likely to be directly locked. At that time, the possibility of escaping from the desert God of war is almost zero.

Xiao Chen understood very well. What does the God of war mean? It's a super life beyond human life.

Even if he did his best. He still failed to kill him completely. Now he probably came back to avenge himself.

Feeling that his cultivation was no longer rising, Xiao Chen slowly opened his eyes, but the old man who had just disappeared.

Although I don't know where he came from. But Xiao Chen can still feel that the other party is here to help himself.

At this time, on an unknown street in the East China Sea, the old man just walked to it.

Muttered to himself, "he has such a special constitution. I don't know if his body can withstand such pressure at that time. It's the inheritance power of the two gods."

Then he disappeared into the darkness. I didn't know where he would go or where he came from.

Xiao Chen was thinking about the situation just now. Suddenly, the phone rang. It was su Yanran who called.

Xiao Chen took a look and hung up.

But the other party seems unwilling to give up and keeps calling.

Xiao Chen was really annoyed, so he answered the phone.

“Brother, you finally answered the phone. I really need your help this time. Only you can’t help me.” Su Yanran’s tone was very anxious.

Xiao Chen was not interested in what she said, but said, “your business is your own business, which has nothing to do with me. Don’t always bother me. This phone is used to answer important calls.”

“Brother, please, just help me this time. This matter is related to our dignity.” Su Yanran was very sincere.

“Dignity? What dignity?” Xiao Chen suddenly felt a little strange.

“This time, a racing master from country m came. If we lose, they will look down on us completely and think that there is no capable racing driver here.” Su Yanran’s voice was filled with tears.

Xiao Chen immediately felt a little funny. Isn’t this a child’s game? He said he looked down on it?

“Don’t call again. I’m busy now.” Xiao Chen hung up.

Su Yanran at the other end was obviously very disappointed. Still pleading with Xiao Chen.

Originally, Xiao Chen thought that this matter could not have anything to do with him, but then Lin Shihao also called Xiao Chen.

Xiao Chen thought it was something related to Lin, but he didn’t expect Lin Shihao to let Xiao Chen participate in a car race.

Because it was held together with several other countries. In fact, it’s still an important race. I don’t know where he heard that Xiao Chen is a great driver.

Xiao Chen was a little helpless. He didn’t know what kind of positioning the car was now, so he had to promise temporarily and rush there immediately.

Now my grandfather didn't find it, but such a stubble of things came to the door.

But the racing time is not long.

The venue of the competition was selected on Daliang Mountain in the west of the East China Sea, with a total distance of 40 kilometers.

A race takes about five minutes to run.

So Xiao Chen finally rushed to the scene.

Su Yanran saw that Xiao Chen was present and hurriedly greeted her.

"Great. I knew you would show up, brother. Come on. Use my car and I'll be your co pilot!"

"Your car?" Xiao Chen has some doubts.

Then he saw a special racing car coming in front of him.

"Didn't expect you to be a player?" Xiao Chen looked at the structure of the car with great interest.

They are all top-notch configurations. It's almost a perfect car.

"That's right. My favorite thing in my life is racing." Su Yanran seemed a little proud.

"Hey, who is that man? How can he be with Yan Ran?" Suddenly another Racer saw Xiao Chen and asked.

“I heard it was a special guest.” Someone answered.

“Special guest? Why haven’t I heard of it, and why are you so close to him?” The driver was very dissatisfied to see Su Yanran talking and laughing with Xiao Chen.

“Shen Shao, do you want us to teach that boy a lesson?” Suddenly a man with a headscarf came up and said.

“Why? I’ll go if I want to. Take it for me!” Shen Shao said and put the helmet in his hand on the man’s hand and went straight to Xiao Chen.

“Hey. Brother, are you okay after the car race? Why don’t we go to the West Beach together.” Su Yanran seems to be trying to get close to Xiao Chen.

“Madam, I’m married. Is it really appropriate for you to paste me upside down? You’re so beautiful that you can find a man with much better conditions than me.”

Xiao Chen looked at Su Yanran somewhat speechless.

“Brother, I don’t mean that. I just want to talk to you. Can’t I?” Su Yanran seems to have another idea.

“Oh, as I said, I won’t teach you how to drive. I can’t do this. I’d better find someone else to teach you. I’m usually very busy. It happened that day.” Xiao Chen thought of the previous events and explained.

“Well, let’s not talk about this first. I’ll talk to you after the game.” Su Yanran immediately terminated the topic.

“Hey, boy, where are you from?” Shen Shao comes up directly to stop Xiao Chen.

“Where do I come from? What’s your business?” Xiao Chen didn’t want to pay attention to him and went straight over.

Shen Shao immediately felt a trace of anger, but he still pressed it hard. He went to Xiao Chen and Su Yanran again, blocked Xiao Chen aside and said, “boy, you’re very drag. I tell you that the whole racing track is from my family. Pay attention to it.”

Xiao Chen felt a little angry when he saw such rich children. The key is that he didn’t provoke him at all. If it weren’t for maintaining the stability of the whole scene, Xiao Chen would have done it long ago.

Su Yanran was a little angry when she saw Shen Shao, but she didn’t say anything.

The God Of Medicine Son-in-law Chapter 150

But Shen Shao didn’t seem to see the unhappy expression on Su Yanran’s face, so he leaned over and said:

“Yan Ran, why don’t you be my vice chair? I’m the most likely person here to win the championship. How about we celebrate together at that time?”

“You’re disgusting. It’s good to say that you may win the championship. I know all about you. You amateur driver don’t know how to get into the professional race.” Su Yanran looked disgusted with the tunnel.

“Yan Ran, how can you say that about me? At least I’m also the champion of the upper bound Asian competition.” Shen Shao was scolded, but he didn’t seem to care.

His purpose is to push Su Yanran down. Since the moment he saw Su Yanran. All the time, he didn’t imagine what Su Yanran looked like under him.

I don’t know how much that feeling is better than his estimate of winning the world championship.

Now I feel a little excited when I think about it.

Looking at Shen Shao’s obscene smile, Su Yanran suddenly felt a burst of nausea.

“Come on, brother, let’s not talk to such people.”

But Xiao Chen didn’t move, and then walked forward directly.

One hit Shen Shao directly.

Shen Shao was caught off guard by Xiao Chen and almost fell. He was so angry that he pointed to Xiao Chen and said, “you little white face, dare to offend me. Remember it for me. Don’t leave the venue after the game, as long as you dare to appear in the East China Sea. You’ll wait to collect your body!”

Su Yanran began to worry about Xiao Chen’s safety when she heard Shen Shao’s scolding.

Although she had seen Xiao Chen’s skill before, Shen Shao was not originally from Donghai. There was an assassination organization under her. Whoever offended him died in the end.

Hurriedly took Xiao Chen’s hand and said, “brother, you shouldn’t mess with Shen Shao this time. He’s not from Donghai. His family’s men have great power. Now you’re in trouble. Why don’t you call the law enforcement officers and let them protect you.”

Xiao Chen pushed her hand away and said, “you don’t have to worry about this. My task is to participate in this competition. I left when I finished what I should go.”

Su Yanran still wanted to say something, but when she saw Xiao Chen’s cold expression, she swallowed it again.

I thought she cared about Xiao Chen so much that the other party didn’t have the slightest gratitude. And since seeing her, Xiao Chen seems to have no idea about her.

This makes Su Yanran enjoy such a relationship. After all, other men have only one mind to get her when they see her.

Following behind Xiao Chen, he soon came to the starting point of the game.

There are many other drivers here.

Professional competition is not only more than the operation of the car, but also learn to make way for each other in the right place. Because once there is any small mistake, it is pushed away and hit anything on the roadside. Can lead to the destruction of the car and the driver.

Professional drivers who are used to racing know that they don't have to be ahead to win. Only by holding your position can you win in the end.

Seeing Xiao Chen coming to the scene, Lin Shihao also came to talk to him.

Of course, as a member of the organizer, he can't communicate too much with the following contestants.

Because all eyes are looking at him, if he has any special actions, he is likely to be suspected of fraud.

"This race is very important. I heard that doctor Xiao Chen invited you to come because your car is still very strong. I hope you can let other people who look down on us see our real strength."

Lin Shihao then left the race track.

Then Xiao Chen got on the bus with Su Yanran.

"Wow. Do you still know Mayor Lin?" Su Yanran felt that Xiao Chen was very mysterious.

"Just ordinary friends," Xiao Chen said faintly.

"It's not easy." Su Yanran seems to be talking to herself and to Xiao Chen again.

But Xiao Chen didn't pay so much attention to her. After remembering the seat belt, he began to test the engine of the car.

"How professional you are." Su Yanran looked at Xiao Chen. Keep praising.

"You're here to follow the car, not to talk. Please be quiet." Xiao Chen's voice has no feelings.

"OK." Su Yan smiled and nodded.

But after a while, she began to talk again.

It also introduced the situation of other racing drivers and the most important points to pay attention to in the whole race.

Where is the best place to overtake.

Although Xiao Chen knew it wasn't nonsense, it seemed to him that it was all nonsense.

Because he doesn't need any information at all.

At his level, let alone a group of ordinary racing drivers, even if the strongest ones in the world appear, it is not necessarily that he will fall into the disadvantage.

"Well, all the players are ready. The game will begin soon!" Lin Shihao's voice came from the radio.

The audience outside was boiling.

Because this is a world-famous car race, it has received high attention.

Many powerful racing drivers came to the scene. Of course, many celebrities from all over the world were invited to watch.

With the command of the race issued, the car ready at the starting point rushed out like an arrow off the string.

Almost every car starts a hundred miles away.

Xiao Chen was faster, almost 200 miles.

This is the limit of this car. Xiao Chen has just come to the conclusion of the experiment.

Su Yanran saw such a fast start for the first time.

Suddenly grasped the handle in the car.

“Sit still. The real speed is only about to start now.” Xiao Chen said.

With that, he immediately stepped on the accelerator to the bottom.

Su Yanran was so frightened that her heart was about to jump out.

There is a continuous curve ahead. Xiao Chen dares to accelerate.

Because the position of the initial arrangement is relatively close to the outside, Xiao Chen is not the first now.

The first is a professional driver from country M.

He almost stuck his position.

Although the speed is fast, it has not reached the limit.

“Well, now is the first consecutive hairpin turn. We can see that the first place is still our Kanas driver from country m. It is worthy of being the champion of world Serbia for five consecutive times. The choice of speed and position is impeccable.”

The voice of the commentator came.

Su Yanran was very nervous.

Because she saw that Xiao Chen was about to overtake the vehicle in front of her at this bend.

“Followed by our Xiao Chen traffic jam driver, ac36, he accelerated when entering the corner. This is a very dangerous move!”
