

God Of Medicine 20

The God Of Medicine Son-in-law Chapter 20

Early the next morning, Zhang Xian drove to pick up Xiao Chen.

After taking a half day off with Wu Yaqing, they came to the home of Zhang xianlao's leader.

"The old leader used to be the director of public security, and then transferred to the city as a member of the Standing Committee. When you see him, just call him old Liu." Zhang Xian explained to Xiao Chen.

Since today is Liu Lao's birthday, his children and grandchildren have come, all of them frightening.

"Old leader, I wish you good luck and longevity."

Zhang Xian introduced Xiao Chen to the old leader while paying his birthday to him: "this little brother has excellent medical skills. It's not too much to say that he is a miracle doctor. I heard that the old leader has a physical problem. So I invited him to see a doctor for the leader."

"Liu laohao."

Liu Lao and Yan said, "Xiao Zhang, you have a heart."

"What miracle doctor? I'm afraid it's not a liar." An untimely sound sounded.

Xiao Chen turned her head and found that she was talking to a woman similar to him. Xiao Chen remembered that her name was Liu Xue. He is Liu Lao's granddaughter. At this time, a man with outstanding appearance is standing beside him.

"Grandpa, I want you to introduce me." Liu Xue pointed to the man next to her and said, "this man beside me is Feng Enron. He is a disciple of Chang Zhixing, a leader of traditional Chinese medicine. He is also the president of our Donghai traditional Chinese Medicine Association."

Everyone was in an uproar when they heard Feng Enron.

Chang Zhixing, the leader of traditional Chinese medicine, is the most famous medical saint in China. I don't know how many people he treated by saving people with medical skills.

Naturally, Xiao Chen, such a famous figure, has heard of it. What they don't know is that Chang Zhixing medical saint is actually an external disciple of Xianyi sect.

"Grandpa, Enron inherited the excellent medical skills of the medical saint. Let him check your body later."

Liu Xuechen glanced at Xiao Chen, "you can't let people of unknown origin see a doctor casually. This person may be a liar."

liar?

Liu Xueyu was amazing, and the people present looked at Xiao Chen with strange eyes.

Xiao Chen, he doesn't understand why Liu Xue targeted him. Because he saw hostility in each other's eyes.

Even Zhang Xian didn't understand.

In fact, what Xiao Chen and Zhang Xian don't know is that Feng Enron and Liu xuenai are boyfriend and girlfriend. They have been in love for several years. Now it's time to talk about marriage.

However, the Liu family is a rich and noble family. Even if Feng Enron has the status of medical Saint disciple, his status is still too low for the Liu family.

So in order to get the family to promise them to be together. Liu Xue came with Feng Enron and planned to cure old Liu with medical skills, so she came to get the consent of her family, and Xiao Chen's appearance undoubtedly undermined her plan.

“I don’t know why Miss Liu said I was a liar?”

“Look at the clothes you are wearing. They are all sold on the ground. You must be a poor man. My Liu family is a famous family. It’s not a place for people like you to come.”

It is said that people rely on clothes and Buddha rely on gold clothes. A person’s clothing taste often represents his status.

Before, Xiao Chen was despised by the security personnel of the Jiang family manor because of his clothes. At this time, the people of the Liu family also pointed at him.

“I don’t know what Zhang Xian is doing with such people.”

“Maybe I was cheated.”

“Is such a poor man or a skillful doctor? Would he still be so depressed if he really had medical skills?”

Xiao Chen was brought by Zhang Xian. In fact, the Liu family questioned Xiao Chen. He naturally wanted to stand up.

“Xiao Chen is low-key. He doesn’t like expensive clothes, but his medical skills are extraordinary. This is true.”

Liu Xue, a famous college student, sneered, “don’t you know who he is?”

Liu Xue really asked Zhang Xian about this. He really didn’t know where Xiao Chen learned his medical skills. He was a little confused for a while.

“Uncle Zhang, you don’t know anything about him. How dare you bring such a person to my grandfather to see a doctor?” Liu Xue said sarcastically.

The people of the Liu family are not happy at this time. It was good for you to bring people here. If you say someone has excellent medical skills, you have to tell us that he is a top student who graduated from the famous medical school or a descendant of the old traditional Chinese medicine. As a result, you don't know how to make them believe.

It's difficult to see Zhang Xian. Xiao Chen took the initiative to come out, "I am self-taught. I am neither a graduate of any famous school nor a successor of medical sage."

The Liu family was completely shocked.

Liu Xue took the lead in criticizing: "Uncle Zhang, what is your intention to bring such people here?"

Zhang Xian didn't expect Xiao Chen to answer like this, but he was full of confidence when he thought of Xiao Chen's medical skills.

"Although Xiao Chen is self-taught, his medical skills are no worse than others."

At this time, Feng Enron stood up and asked Xiao Chen some basic theories of traditional Chinese medicine.

Xiao Chen answered simply.

After that, Feng Enron asked some profound questions, but Xiao Chen was still calm. He could explain every question clearly. Every one is a way.

Feng Enron has determined that Xiao Chen's medical skills are not under him.

It's not Xiao's character to be beaten and not fight back. After Feng Enron asked, it's Xiao Chen's turn to face it.

However, the successor of the medical Saint couldn't answer any of Xiao Chen's questions.

The discerning man knew at a glance that Feng Enron was completely hanged by Xiao Chen.

In order to save the situation, Feng Enron can only use his last move. "I don't know if my brother has a medical qualification certificate?"

As a disciple of immortal medicine, Xiao Chen didn't need such things to practice medicine, so he didn't take the exam at all.

"The state stipulates that it is impossible to see a doctor for others without a medical qualification certificate." Feng Enron said seriously.

"Grandpa, you see, you don't even have a medical qualification certificate. He's a liar." Liu Xue said loudly.

"Well, Zhang Xian is just a piece of kindness."

Some people from the Liu family came out to say good things.

"Our Liu family is not unreasonable. I can understand Xiao Zhang's filial piety, but I'll forget about seeing a doctor."

Old Liu laughed and did not investigate.

Zhang Xian smiled helplessly.

"Sorry, Grandpa Liu."

Feng Enron didn't want to let Xiao Chen go. Now it's his turn to show. He must show his ability and let the Liu family recognize his existence.

"As the president of the traditional Chinese Medicine Association of Donghai City, I can't sit idly by."

“People without medical qualification certificate cannot see a doctor for others. Such behavior has been a violation of law and discipline. It is unknown how many fake folk doctors of traditional Chinese medicine have deceived many people.”

Xiao Chen smiled coldly, “so are you going to call the police and catch me?”

“You are the man brought by Uncle Zhang. We still need to give you this face.”

Liu Xue on one side smiled, “it’s just that we Liu family can’t come in like you.”

Then he said to his men, “drive him out.”

“Wait a minute.”

Xiao Chen said seriously, “are you sure you want to drive me out?”

“You can’t go out, but you can’t bear the consequences.”

Xiao Chen smiled. He said to Zhang Xian, “I’ll go back to Zhang bureau first.”

Zhang Xian was a little embarrassed. He didn’t expect this to happen.

Xiao Chen went out. Suddenly he came back. He said to the Liu family, “don’t blame me for not reminding you that there is something wrong with old Liu’s body, and no one in the world except me saved him. He will die in three days. I hope you can take care of yourself.”
