

The God Of Medicine Son-in-law Chapter 4 -

Xiao Chen looked at her with an idiot expression: “he will wake up in three minutes.”

After the disease pulse coagulates, there is a qualitative change in the speed of absorbing the disease Qi. The blood just spit out is poisonous blood.

Liu Chunlan doesn't know. Just think he's fooling around.

“If someone dies, you're ready to go to jail.” Liu Chunlan gritted her teeth.

The voice fell, and Jiang Haotian, who was unconscious, turned his eyelids and immediately woke up.

Although there was still some wheezing, his face had completely recovered. It was very different from that of dying just now.

The people around are also amazed. Such medical skills are almost unheard of.

As soon as Liu Chunlan saw that the situation was wrong, she immediately ran away in despair.

Jiang Haotian learned that Xiao Chen had saved himself. He held his hands gratefully and couldn't stop thanking him.

“Little brother, I'm Changjiang Haotian, the director of Yisheng jewelry. This is my wife, Lu Wenxia. I can't repay my help. This is my little wish. Please accept it.”

With that, he took out a million check.

Xiao Chen didn't even look at the check and said, “I'm here to buy a birthday present for my grandmother. I won't accept the money. Give me a bracelet.”

It's natural to charge for seeing a doctor. They should understand which is more important, a bracelet or a million dollars.

It's not that Xiao Chen doesn't love money, but that he is too troublesome. He has to go to the bank to cash the check.

Seeing Xiao Chen's insistence, Jiang Haotian didn't insist.

He personally entered the store, jumped out the best jade in the store and put it in front of Xiao Chen.

Xiao Chen was not polite either. She casually pointed to a thirty or forty thousand white jade bracelet.

Lu Wenxia hurriedly jumped out of the jade bracelet and took it for packaging.

Taking advantage of this gap, Xiao Chen looked at Jiang Haotian and said, "Mr. Jiang, when I treated you just now, I found that you had Qi deficiency, kidney deficiency and spermatic cord blockage. If I guessed correctly, you should have no children and no children under your knees!"

Upon hearing this, Jiang Haotian said excitedly, "you are a miracle doctor, little brother. I have been married with Wen Xia for ten years and have been asking for medicine. I always want children in my dreams. Can you help me?"

Xiao Chen nodded: "it's not a big problem. You're not born, but injured the day after tomorrow. You only need acupuncture and one needle to solve your problem."

When he heard Xiao Chen say that he was injured the day after tomorrow, Jiang Haotian was shocked and almost knelt for him.

God, it's so God.

Lu Wenxia wrapped the jade bracelet and came over. Seeing her husband excited, she learned that Xiao Chen could cure her husband's sterilization certificate. At that time, she left tears.

"Brother, as long as you can really cure brother Tianhao, I'll give you whatever you want!"

Xiao Chen smiled and left him a number and an address to ask Jiang Haotian to send someone to pick him up tomorrow.

With that, he left on an electric car.

Jiang Haotian and his wife looked at the back of him when he left and sighed with great emotion that they had met a noble man today.

At 7 pm, at the gate of Donghai hotel.

Wu Yaqing came with her golf, looked at Xiao Chen who had been waiting for a long time, and said coldly, "many relatives will be there tonight. After you give gifts, try not to talk. Do you hear me?"

Xiao Chen smiled and nodded: "I can't speak."

Looking at his submissive appearance, Wu Yaqing felt helpless.

If it hadn't been for Grandpa's temporary will, she would have divorced him.

They walked into the hotel box one by one.

At this time, the relatives of the Wu family came, and the huge box was bustling.

"Yaqing, you're here. Everyone is waiting for you!"

"You're so late that you won't prepare any surprise gifts?"

"Come on, come here. Now who in the East China Sea doesn't know that there is a female miracle doctor in the Huichun Hall..."

Wu Yaqing was flattered and sought after by everyone, while Xiao Chen behind her was directly ignored by everyone.

Xiao Chen didn't care. She sat silently beside Wu Yaqing. No one paid attention to him. Instead, it was better to save being ridiculed.

For example, Wu Zhongchao, Wu Yaqing's cousin, is sarcastic every time he meets, and belittles Xiao Chen as worthless.

The name of Xiao Chen's son-in-law was publicized by him.

No, before Xiao Chen's ass was hot, Wu Zhongchao stared at him: "Xiao Chen, what's in the plastic bag in your hand? It can't be a gift for grandma?"

Xiao Chen nodded: "yes."

The box originally used to hold bracelets was too luxurious. Xiao Chen wanted to keep a low profile, so she temporarily changed a bag for vegetables.

"My God, there are vegetable leaves on your plastic bag. Isn't it a bag for vegetables?" Wu Zhongchao sneered, "you won't go to the vegetable market and buy a bunch of green vegetables as a gift for grandma?"

Xiao Chen shook her head and said, "no, the gift was bought by the jewelry store."

When the voice fell, Wu Zhongchao laughed disdainfully: "OK, what are you wearing? Your face is cleaner than your trouser pocket. What can you take to the jewelry store to buy gifts?"

Looking at the plastic bag in Xiao Chen's hand, others in the box laughed and pointed at him one by one.

Listening to the ridicule of the crowd, Xiao Chen looked indifferent, but Wu Changqing and Zhao Sulan couldn't face up.

Although their family is not a rich family, Wu Changqing is at least a deputy department level cadre. Isn't he ashamed?

Being laughed at by so many relatives is worse than death.

Zhao Sulan was about to get angry. Wu Zhongchao took the lead and said, "waste is waste. Look what gift I bought for grandma. I spent more than 30000 on Liaoshen."

Wow.

Looking at the ginseng with complete roots in the glass jar, everyone gave a cry of surprise.

"Zhongchao, you are too generous!"

"You still have filial piety."

"Yes, big brother and sister-in-law are good at teaching children!"

Hearing the praise from the crowd, Uncle Wu Changshan and Aunt Chen Meiqin smiled.

"Where? Zhongchao paid for it. We didn't know he bought ginseng." With that, Wu Changshan glanced at Wu Changqing.

Although it was not obvious, it still choked Wu Changqing.

Boom!

Wu Yaqing got up and said angrily, "didn't I tell you when I went out this morning? I asked you to buy a better gift. Look what you bought? Do you want me to lose face?"

"Yaqing, well, forget it." At this time, the old lady said, "today is my birthday. No one is allowed to be anxious."

"Grandma, I'm curious about what gift Xiao Chen bought. Let him show it to you." Wu Zhongchao said.

"Yes, I'm also curious about what's in his plastic bag."

"Take it out and have a look!"

When you hear it, nod your head and take a look

“Waste, take out the things for everyone to see.” Wu Zhongchao waited to see the joke.

“Don’t take out the things quickly!”

Wu Yaqing was upset and angry, and roared at Xiao Chen.

“Grandma, this is a white jade bracelet. I wish you happiness and longevity!” Xiao Chen opened the gift box inside the plastic bag. Inside, there was a white jade bracelet with pure color and round and delicate texture. It was very valuable at first sight.

what?

“This... This is actually a lanolin white jade bracelet. Judging from the quality of this bracelet, it is still Laokeng jade from Myanmar. The price starts at 200000!”

At this time, a middle-aged woman sitting next to the old lady was surprised. Her name was Jia Feng. She was Xiao Chen’s third aunt. She had worked in a jewelry store before and recognized the bracelet in the box at a glance.

The voice fell, and everyone’s eyes focused on Xiao Chen.
