

"Yes? "

Xia Guowei also stood up and asked.

Xia Ziliang smiled coldly and said, "I saw this thing very clearly that day. Moreover, I have been unceded by it since I was a child. I can't read it wrong."

"But if battalion commander li really lost such an important thing, it's impossible not to investigate the whole city."

For a time, the Xia family even divided into two views.

"Well, don't argue," Xia Guohao shouted, "since it's battalion commander Li's thing, why don't we send someone to ask if battalion commander Li has lost it. If it's lost, we'll catch the fool Xiao Chen and send it to him, so as to avoid our Xia family from being implicated with the fool."

Xia Guojun nodded. "Big brother said you were right."

Before Xia Guowei could speak, Zhao Youzhen also raised her hand and said, "yes, yes, just do as big brother said."

Xia Guowei secretly stared at his wife.

Here Xia Guohao asked Xia Ziliang to go to see Li bearded and ask about it. If Xiao Chen stole the jade Ruyi as he said, he would tie him up and send him away.

Xia Ziliang nodded and was about to go out.

I saw three soldiers outside the door.

"Staff of cer Wang?"

Xia Ziliang saw someone. There were also some accidents, but then it seemed to think of something.

He came forward and said, "staff Wang, are you here because of him?"

Xia Ziliang pointed to Xiao Chen standing over there.

Staff member Wang was stunned and said with a smile, "Xia Ziliang, you're really powerful. You know what I'm doing here?"

"It's really this thing!" Xia Ziliang went to Xiao Chen and said, "Xiao Chen, don't you tell the truth at this time?"

"Wait!" Staff of cer Wang saw that Xia Ziliang seemed to be trying a prisoner. To Xiao Chen, he came forward and said, "Xia Ziliang, are you wrong? The battalion commander heard that your Xia family's mother's birthday, he specially asked me to send a gift. This is also in the face of Xiao Chen. Do you want to stop talking to battalion commander Li's benefactor like this?"

Xia Ziliang had just arrived in front of Xiao Chen and raised his st before it could fall, but he was frightened by the words of staff Wang and stopped in the air.

"What are you talking about?"

Xia Ziliang suddenly turned around. He pointed to Xiao Chen and said, "staff Wang, you're right. Is it this fool?"

"Fool? Hum, if Xiao Chen is stupid, is there any wise man in this world? If he is stupid, can he cure aunt BA's disease?"

Staff of cer Wang said, walked to Xiao Chen and gave a regular military salute directly.

"Mr. Xiao Chen, battalion commander Li asked me to tell you something. In the future, just mention his name with a big beard. If someone really disagrees, go to him and he will help you!"

Xiao Chen smiled and nodded.

"Thank you, battalion commander Li. Please go back and thank him for me."

Staff of cer Wang replied yes.

Then he waved to the two soldiers accompanying him.

The two soldiers sent the two wooden pallets they were holding to Qin.

"Old lady, this is a little thought from battalion commander Li. One thousand silver dollars."

Qin quickly got up and thanked him.

Seeing that his work was nished, staff Wang nodded to Xiao Chen and left with people.

The matter came to light this time.

No one in the Xia family dares to say anything.

But Xia Ziyuan hated Xiao Chen in his heart, and Xia Ziliang was more nervous. He couldn't even eat, so he chased staff of cer Wang.

"I said, "third, you're in the limelight this time." Chen Suhua walked up to Zhao Youzhen and Xia Guowei and said in a gloomy and gloomy way: "but don't you make us Ziyuan ugly? Why, don't you think our family has no money and can't afford yuruyi? "

Seeing the sister-in-law, Zhao Youzhen made it clear that she was angry with their family for not having been ventilated in advance.

"Sister-in-law, we don't know. It's all this fool. He, he didn't tell us about it," he said with a smile

"Hum, you are a family in the nal analysis. Of course, you Zhen, how can we communicate with each other in the future?"

Chen Suhua said and stared at Xiao Chen. "Such a fool, who can believe that he can cure the illness of the eighth aunt with big beard Li? It's not taught by your Yunchang family."

"Sister in law, we%..."

Chen Suhua didn't listen to the explanation at all. He snorted coldly and walked away.

Zhao Youzhen stared at Xiao Chen and said, "it's all caused by you fool. Look, now we tell the whole Xia family that no one believes that you did it, and the cloud clothes are blamed with you."

Xia yunshang waved his hand. "Mom, forget it, Xiao Chen is also kind."

Xiao Chen looked at the wife beside him, in his memory. This is the rst time that Xia yunshang cares so much.

The family banquet ended hastily in a strange atmosphere.

It seems that this time, the biggest winner is Xia Guowei's family, who has always been at the bottom.

It was his foolish uncle who really made the third Xia family a winner.

The next day.

"Grandma, you must decide for your grandson this time!" Xia Ziliang knelt in front of Qin, crying and howling.

"What's the matter?"

"Isn't that Xiao Chen? Our Ziliang returned to the company yesterday. He was originally a platoon leader, but he was withdrawn this morning. Now he's just a big soldier. Mother, it's all caused by Xiao Chen. You must make decisions for Ziliang."

Wu Minzhi also knelt on the ground. The mother and son cried and made a noise. Qin blamed Xiao Chen for what happened yesterday. This time, the platoon leader her grandson just bought was also withdrawn. She immediately stood up and said, "this Xiao Chen, go and nd him with me. I want to see if I'm the mistress of this family. Can you let him, a fool, say it?"

Xiajia medical center.

"Fool, what else can you do? Why did you buy breakfast late again?" Aunt Wang scolded Xiao Chen and threw the mop to him.

"Go and mop the whole house. If you can't clean it, don't eat lunch today."

Xiao Chen took the mop and walked to the medical hall.

Xia yunshang was in the medical hall at this time. See a doctor for a patient.

Seeing him coming in, she said faintly, "go back. There are many people here, and you are in the way here."

Xiao Chen is going back.

But at the door, Xia Ziliang strode into the hospital.

"Xiao Chen, come back!"

Xiao Chen turned around and saw that Xia Ziliang had come to him. He raised his hand with a punch.

The punch hit him in the face.

Xia yunshang relaxed his arms and blocked Xia Ziliang's st.

"Second brother, what are you doing?"

"You, are you protecting this fool now"

When Xiao Chen saw that his wife had shot for him, his heart was warm.

At this time, Qin Shi and Wu Minzhi came in.

"Yunshang, what are you doing? He's your second brother. Why, do you dare to ght with your second brother now? Are there any rules? You know the rules if I don't ght!" As Qin said this, he raised his crutch and hit Xia yunshang.

At this time, Xiao Chen held Xia yunshang in his arms, and the crutch hit him on the head.

But he didn't move.

Just to prevent Xia yunshang from being wronged by his wife.
