

Aunt Wang was stunned when she was scolded.

"You, me, him..."

Staff Wang put his hand on the handle of the gun at his waist. Aunt Wang was so frightened that she lost her pulse and her face was blue and white.

Looking at Xiao Chen getting on the military jeep, she could only whisper: "then, who will close the door?"

Staff member Wang said gloomily, "of course it's you."

"Me?" When did Aunt Wang do such things? Although she should have done them, Xiao Chen usually did them.

"I won't. I..."

Staff member Wang was already on the bus.

In a roar, the car raised dust and went away.

Only Aunt Wang stood in front of the hospital at night in a daze.

At this time.

"Doctor Xiao, have you had dinner in the evening?"

Xiao Chen shook his head.

"Then I'll invite you to the moon tower."

"No, No. we'd better go to your house first. We'll see the doctor first."

Staff member Wang looked at him with some gratitude.

But the car came straight to the moon tower.

The moon tower at this time can be said to be the most crowded time.

Stopped the car.

Xiao Chen got out of the car.

The man at the door was stunned by Xiao Chen. He was wondering whether this car should be the car of staff of cer Wang?

Why did this fool come down today?

"What are you looking at?" Staff Wang stared at the stunned man. "Haven't you seen doctor Xiao? I haven't said hello yet"

Staff of cer Wang is also a boss who participates in the stock market in the moon building.

Seeing that the boss said so, the man hurried forward, picked up the white towel on his shoulder, brushed it on Xiao Chen's foot and said, "Xiao, doctor Xiao, please come inside."

It was the first time for Xiao Chen to eat in this moon watching building. She had heard of this place at ordinary times, but it was all in her memory.

"Please, doctor Xiao, you are welcome here. From today on, you know that all accounts can be recorded in my name when you eat and drink here."

Xiao Chen nodded his head and thanked.

But how could he do that.

Staff Wang took him to an elegant room. Ask the waiter to prepare some of the best signature dishes of the moon watching building. He closes the door of the house.

"Doctor Xiao, in fact, I don't take you home for my purpose. "

Xiao Chen actually guessed.

"Let me put it this way. The last time I knew you were optimistic about Aunt BA's strange disease, I knew that I met a noble man this time."

He said and poured tea for Xiao Chen himself.

"Staff of cer Wang, just say what you have."

"Well, let's put it this way. I, my disease is actually a man's disease. It's the last time I was on a mission. I didn't know why I couldn't do it when I went home."

Xiao Chen nodded and said, "in fact, I can see it if you don't say it."

"What, you see?"

"Staff member Wang, let's say so. Your disease is not your own problem."

"Not my own problem?"

Xiao Chen nodded and said, "you have to check it yourself, but I can say that your problem is probably poisoned."

"Poison?" Staff member Wang was a little surprised and said, "how is this possible? I didn't offend anyone, either"

Xiao Chen said, "since staff of cer Wang brought me here, we might as well stay here and avoid going home. Mrs. Wang was embarrassed to see it."

"Yes, yes," of cer Wang smiled awkwardly and said, "I actually think so."

At this time, the waiter brought up the food.

Wait until the guys finish.

Staff Wang locked the door.

"Staff member Wang, show your stomach."

"OK."

According to Xiao Chen, he showed his stomach.

Xiao Chen put her hand on the other side's abdomen.

As he expected, a black sickness gas was sucked out of staff member Wang's body by him.

"How's it going?"

"I don't seem to feel anything. "

Staff Wang shook his head.

Xiao Chen smiled and said, "how can there be a feeling here. You have to go home to know. "

"Oh, yes, yes," said staff Wang. He was so upset. I wish I could go back now.

Xiao Chen saw his anxious appearance and said, "otherwise, staff Wang can go home first. I'll eat here first. "

"Very good, very good."

Staff of cer Wang said and turned and ran out.

Look at him in such a hurry.

Xiao Chen smiled and shook his head.

Staff member Wang walked for a while, and Xiao Chen ate almost the same. Anyway, he had nothing to do, so he stood up and walked out of the room.

The doors of the elegant rooms upstairs were closed. Xiao Chen walked downstairs, but he didn't wait for him to go to the stairs.

"Help, help!"

Hearing someone shouting for help behind him, Xiao Chen looked curiously. The voice came from the next door of his room.

But after just one sound, it's gone.

He didn't want to take care of it, but when he came to the stairs. But a frown.

It's hard for my conscience to do so.

He turned and walked to the room.

Knocked at the door.

"Who?"

Someone came to the door impatiently and opened it.

Xiao Chen looked inside.

The man who opened the door deliberately blocked it with his body.

"What are you doing? Who are you"

Xiao Chen saw that there was a man and a woman in the room, but the woman was bound by hands and feet, and her face was slapped with fingerprints.

"What are you doing?"

Then the man in the house. But he snorted coldly, "who do I think it is? Isn't this Xia Guowei's silly son-in-law? "

"Oh, is He Xia Guowei's silly son-in-law?" The man at the door also looked up and down at Xiao Chen with a sneer and said, "you fool, knock on the door blindly. Go and go quickly. Don't spoil the good deeds of men here."

"What if I have to care?"

"Don't you know who we are?"

Xiao Chen said coldly, "I don't care who you are, but this woman is obviously bullied by you. I'll take care of it. "

"She, she is a chicken. We gave money. How to clean up is our business. Get out of here quickly, or you'll look good later."

The man in front of the door pushed Xiao Chen.

But this time, I didn't wait to meet Xiao Chen. I saw Xiao Chen's body push forward slightly.

The man was directly shaken out.

"Ahi!"

He fell to the ground.

Xiao Chen strode in, came to the woman and took out the cloth ball stuffed in the woman's mouth.

"Help, help me, they, they are animals!"

"Shut up!"

The man sitting next to her threatened, "don't forget what my brother does? Don't you want to stay in Binjiang city."

The woman was so frightened by his threat that she bowed her head and dared not speak again.

Pop!

Xiao Chen slapped the man in the face and rolled him out of the stool.

"Fuck you, you fool, how dare you hit me?"

"It's just you. Don't wait for me to get angry. Get out now!"

Seeing that they were not Xiao Chen's opponents, the two men had to run out. However, the one who was slapped pointed to Xiao Chen at the door and said, "fool, do you dare to wait for me?"

Xiao Chen glanced at him and said, "what do you want? "

"I'll find someone who can deal with you now."

"OK, I'll wait for you here."
