

"Thank you very much."

Xiao Chen picked up the kneeling woman.

"Nothing, are you okay?"

"No, thanks to your benefactor, you came in in time. Otherwise, I don't know what they will do to me."

"You'd better not touch such a person. "

The woman nodded helplessly and said, "benefactor, you know, no one can offend us in our business. They gave money and I thought they were just drinking with me. Who knows, they should be here with me..."

The woman looked at Xiao Chen and stopped the following words.

Xiao Chen actually saw it.

"Well, you go quickly."

The woman is leaving. Suddenly turned around and said, "benefactor, those two people, one is Li Guoqing, the other is sun and sun Changming. They are both of cials."

"Of cials?" Xiao Chen snorted coldly and said, "it's really a scum of the country."

"Benefactor, they are all right. That Li Guoqing, who has a brother-in-law, is a vice captain of the patrol room. His name is Zhang San. This man is not easy to provoke. Relying on his being a patrol room, he is domineering in the street. I see that when Li Guoqing just left, he told you to wait. I'm afraid he's going to nd his brother-in-law."

"Patrolling the house? Knowing the law and breaking the law is even more hateful."

"Benefactor, you'd better go too, so that you won't be put in prison if you're charged with a crime."

Xiao Chen thought for a moment and said, "I have to wait for a friend here. You don't have to worry about me. Go rst, lest they see it and trouble you again"

When the woman saw that Xiao Chen insisted on staying, she could only worship again and left.

Xiao Chen was not in the mood to go elsewhere, so she went back to her room.

But here he just sat down.

I only heard a sound of swearing outside.

"Damn it. That man who doesn't know how to live or die dares to call even my brother-in-law Zhang San and come out to me!"

Then I heard the door of the next room being kicked open.

Xiao Chen heard Zhang San's name and knew it was Li Guoqing and them.

He poured wine into the glass.

Just wait for the other party to nd here.

Sure enough, the people next door didn't see Xiao Chen, so they looked around and just opened the door of Xiao Chen's house.

Li Guoqing shouted, "san'er, this boy is here!"

Then three patrolmen rushed in.

"Are you the one who hit my brother-in-law? "

Xiao Chen put down his glass and nodded.

"I got it!"

"Wait a minute, I'll ask. What law have I committed and want to arrest me?"

Zhang San walked to Xiao Chen with a sneer, took out a bag of white powder from his pocket and said, "you asked me why I caught you, that's why I caught you. Now I have evidence to prove that you hide drugs, boy, you're waiting to go to jail."

Xiao Chen frowned and asked in a deep voice, "are you planting?"

"Hahaha, you know? You're right. I planted it. What's the matter? What can you do with me? I'm Zhang San here. I say what crime you are, what crime you are!"

Zhang San then took out handcuffs from his waist and directly handcuffed one of Xiao Chen's arms.

"Are you really going to catch me?"

"Really? Ha ha, listen to what he asked me. Why are you afraid? When you get to the patrol room, I'll let you know what's the most terrible."

Then he pulled up Xiao Chen. He walked outside.

Li Guoqing then came forward and said, "san'er, don't spare this boy. He just broke us."

Zhang San nodded and said, "don't worry, brother-in-law, he won't think about this kind of gossip in my life."

Li Guoqing and sun Changming looked at Xiao Chen, who was taken away by Zhang San. They giggled behind.

Out of the moon tower.

Zhang San pushed Xiao Chen into the car and drove all the way. They soon came to the patrol room.

"San'er, how did anyone catch someone?" Asked the guard on duty.

"Yes, yes"

Zhang San swaggered Xiao Chen into the patrol room.

He gave a few words to the two next to him, and took Xiao Chen to the interrogation room. He will teach Xiao Chen a lesson rst.

He just went to the basement of the patrol room.

The porter on duty looked at it and said, "I said, is it the silly son-in-law of the Xia family that Zhang San took just now?"

The two Zhang San who were asked looked at each other. "I don't know. I brought it back from the moon tower anyway."

The porter also went to the morning market that day and met Xiao Chen, but he remembered that Captain Liu date didn't say. Take care of Xiao Chen in the future.

He got up and went to the captain's room on the second oor.

Here, Zhang San took Xiao Chen to the basement. He opened the iron door of the interrogation room, pushed Xiao Chen in, followed him in and locked the iron door.

"Boy, you just hit my brother-in-law. You're very good. It seems that you can ght, right? In this way, there's no one here. You hit me. Let me see how good you can ght?"

Xiao Chen has learned Zhang San's trick.

If you can really move your hand, you'll do it in a restaurant.

Now I'm falsely accused of hiding drugs. If I hurt the patrolman, I'll be charged with a big crime.

Now we can only wait for staff of cer Wang. Thinking of this staff member Wang, Xiao Chen was also unable to laugh or cry.

Even if you go home and try his function.

But not for so long.

"Boy, why are you counselling? Well, if you don't do it, I'll do it!"

Zhang San said, taking down a wooden stick from a shelf on one side, which was wrapped with a layer of cowhide. In fact, this is to beat people without leaving trauma.

When this thing hits people, it will often hit people with heavy internal injuries.

It's vicious.

Zhang San walked up to Xiao Chen with a sneer. Without saying a word, he suddenly swung the stick and hit Xiao Chen.

Xiao Chen didn't move.

No, he's not afraid to ght.

This time, he didn't feel at all, as if the stick had hit someone else.

Sick gas?

Xiao Chen immediately knew that this was the disease Qi in the body and defended on the surface of the body.

Zhang San doesn't know.

He thought Xiao Chen pretended to be hard in front of him.

More angry.

"Shit, you can pretend. OK, let me see how resistant you are."

His stick was then smashed more than a dozen times.

When Zhang San gasped and looked at Xiao Chen again, he still didn't move.

"Is that all you have?" Xiao Chen glanced at Zhang San, who was tired and squatting on the ground panting.

"You!"

Zhang San was angry and became angry. He threw the stick directly.

Go to the wooden frame, pick up a whip and turn to Xiao Chen. This thing is generally not easy to use, because it will leave a heavy trauma.

Mostly used for some prisoners who killed people.

Zhang San can't care about these now.

Just as he raised his hand to smoke.

"Open the door!"

Zhang San said angrily, "the grandson, didn't you see me judge people here!"

"I'm fucking Liu Dai!"

Zhang San was dumbfounded.

Xiao Chen, hearing the name, raised his mouth slightly.
