

Seeing Zhao Youzhen saying so, Zhang San was somewhat disappointed and said, "don't you worry?"

"What are you doing worrying about the death of a fool?" Zhao Youzhen said she was about to turn around and leave.

Xia Guowei grabbed her and said, "wife, after all, he is our uncle. We don't care so much. I'm afraid others will say that we don't save when we die."

"What does his life or death have to do with us?" Zhao Youzhen stared at her husband and said, shaking off Xia Guowei's hand, she went to the jeep.

Right now.

The car in the patrol room sped out from the outside. The dust raised has covered the yard of such a large patrol room with dust.

"How do you drive?"

Liu Da's deputy jumped out of the car and looked at Zhao Youzhen. "The patrol room is also where you shout at will?"

Zhao Youzhen wanted to attack. It can be seen that the other party is tougher than herself. She can only stop, blink and mutter in a low voice, "what's great? I didn't break the law."

The Deputy stared at her. He walked to the car, opened the door and shouted, "come out."

Li Guoqing and sun Changming got out of the car.

"Brother in law?"

Seeing what happened to Li Guoqing, Zhang San ran forward and said, "what's the matter? What's the matter with my brother-in-law?"

"I'm sorry for captain Liu's order. If you want to know what's going on, ask the captain and take it away!"

The Deputy waved and immediately came up with four policemen to take Li Guoqing and sun Changming in.

"Help me, three!"

Li Guoqing was pulled and shouted as he walked.

Zhang San was shocked on his face. It seemed that he understood why Liu Dagang had just sent himself away.

He followed and chased in.

"Husband?"

At this time, Zhao Youzhen stepped forward, met Xia Guowei in a daze and said, "how did you catch Li Guoqing and them?"

"How do I know?"

Xia Guowei thought for a moment and said, "wait for me here. I'll go in and have a look. Maybe it has something to do with our uncle."

Hearing this, Zhao Youzhen said, "I'll go and have a look, too."

They both chased in.

In the hall of the patrol room at this time, Liu Da was looking at Zhang San and asked in a deep voice, "tell me, what's the matter? Zhang San, I can give you a chance. If you don't tell the truth, I think you should know Liu Da's means. Just your brother-in-law and I can let them know everything they know with a cup of tea. Do you believe it?"

Of course, Zhang San knew Liu Da's means. He ooped and knelt in front of Liu da.

"Captain, I, I said, are all my brother-in-law. He, he asked me to help clean up Xiao Chen. I think Xiao Chen is a fool. I thought I framed him for drug traf cking and wronged him into prison."

"You're really tough enough, drug traf cking? You know if this crime is implemented. I'm afraid doctor Xiao won't think of it in his life?"

Zhang San cried and climbed up to Liu DA and said, "Captain, please forgive me this time. I won't dare again next time."

At this time, the deputy has been invited out by Xiao Chen.

Liu Da looked at Xiao Chen and said, "doctor Xiao, this boy has all recruited. You say, what should I do with them?"

When Xiao Chen saw Xia Guowei and Zhao Youzhen were there, he nodded at them.

"Uncle. What's going on?" Xia Guowei came forward and asked.

Xiao Chen simply said the matter.

"So it is, uncle. What do you want to do?"

Xiao Chen thought. "I think captain Liu will handle it," he said

"Well, since doctor Xiao said so, come and lock up Zhang San."

Someone came forward and handcuffed Zhang San.

Zhang San collapsed at that time.

People are pulled down.

"Uncle, you see that Li Guoqing and sun Changming are my colleagues. Can you treat them lightly in my face?"

Seeing Xia Guowei pleading, Xiao Chen looked at captain Liu and said, "Captain Liu, what do you think?"

"Since it was doctor Xiao's father-in-law who spoke, the two men actually just encouraged Zhang San. Let's lock them up for one night and let them go back."

Xia Guowei can't say anything about Liu Da's handling.

Xiao Chen thanked Liu DA and followed Xia Guowei and his wife out of the patrol room.

"Xiao Chen. Look at you. It's really bad for our Xia family to follow you." Zhao Youzhen's complaint made Xia Guowei look at Xiao Chen with some embarrassment.

"Uncle, your mother is also for you."

Xiao Chen didn't care much.

"Why don't you go back to the hospital and wait?"

Xiao Chen nodded and was about to go back to the hospital.

Xia Guowei shouted, "uncle, let me drive you."

"What are you doing with him? He's causing trouble. We found the patrol room after looking for him at night. Is there any credit?"

Zhao Youzhen said and pulled Xia Guowei into the car.

Right now.

A jeep came at a gallop, and then stopped in front of Xiao Chen.

Staff Wang jumped out of the car.

"Doctor Xiao, I, I can do it!"

Xiao Chen was so angry and laughing when he saw it.

But it's hard to say anything. I can only nod with a smile.

"What are you?"

"Go back to the hospital."

"Go, I'll take you back."

Staff Wang took Xiao Chen into the car and left.

Xia Guowei and Zhao Youzhen watched them leave.

"Why has this fool become a pastry now? You see, this of cer values him so much. I don't know what's good about this fool?"

Xia Guowei looked at his wife, shook his head and said, "in fact, my uncle has changed a lot."

"You said he changed. What did he change?"

"It's different."

"I think he's just a fool."

Zhao Youzhen got into the car and said, "let's go home."

Hospital.

Xiao Chen sent off staff member Wang, opened the bedding and crossed his knees.

Today, I was beaten when I was interrogated by Zhang San, but I didn't leave any injuries on my body.

He also felt a little strange.

At this time of night.

Xiao Chenyi guarded the elixir eld and looked inside at his diseased pulse. He saw that the diseased pulse was shining slowly in his elixir eld like a newborn seedling.

The disease Qi absorbed by myself these days seems to be transforming into wisps of white Qi, slowly moistening all parts of my body from the disease pulse.

Although these white Qi is only a trace and has not really formed true Qi, Xiao Chen knows that as long as he takes time and treats more people, he will naturally be condensed into true Qi by the diseased pulse.

As long as you have true Qi, you can protect yourself even if you encounter a great threat.

The story of Zhang San tonight made Xiao Chen realize that he must become stronger. Only in this way can he himself and the people around him.

To get out of the riverside.

Only in this way can he have a chance to nd his father, Aya, and Wu Yaqing.

In Xiao Chen's heart, they must be waiting for themselves somewhere in the world.
