

God tier Farm 1001

Chapter 1001:

Song Rui almost fainted when he heard that. His face turned pale and he asked in a trembling voice, ""Ruofei ... I'm really infected ... That ... How serious is it?"

Xia ruofei said seriously, "your condition is called a suspected illness in medicine. It's a type of physical disorder. It mainly refers to the patient's worry or belief that he has one or more serious physical diseases, accompanied by anxiety or depression." Looking at your condition, it can be classified as aids, which is ..."

"Wait! Wait a minute!" "Are you saying that I don't have AIDS?" song Rui shouted.

Xia ruofei was laughing in his heart, but he still looked serious. He shrugged and said, ""When did I say that you're infected with AIDS?"

"F * ck! Then why do you make it sound so serious and have such a pained expression!" Song Rui said unhappily, "brother, people can scare people to death, okay?"

Xia ruofei thought, "I just wanted to scare you!" Let's see if you still dare to go out and have fun ...

Xia ruofei said seriously, "song Rui, don't underestimate this suspicious illness. It's a mental illness!" Some studies have shown that people with a serious fear of cancer have a higher chance of getting cancer than the average person!"

"Don't try to educate me!" Song Rui said, "brother, this situation is different. If it wasn't for this, I wouldn't be so suspicious all day long!"

Xia ruofei looked at song Rui and said, ""All diseases have triggers. The 'thing' you mentioned is the trigger!"

"Alright, alright!" Song Rui raised his hands to beg for mercy. Then, he said timidly, "ruofei, it's not that I don't believe you, but ... I really have symptoms. It's not my imagination! I've been running a fever recently! My throat also hurts!"

Xia ruofei said indifferently, "you have a wind – Heat cold!" Go get some huoxiang dripping pills or yinqiao detoxification pills and eat them for a few days!"

"It's ... It's that simple?" Song Rui was dumbfounded.

"Don't tell me you think you're very serious?" Xia ruofei asked in amusement.

"No, no. I just can't believe it ..." Song Rui smiled awkwardly. "But ... My appetite has been bad recently!"

"You've been imagining things all day long to the extent of being possessed. It would be strange if you still have the appetite to eat!"

"Then I've lost a lot of weight too! This was still objective data! I'm weighing myself every day!" Song Rui said.

Xia ruofei glanced at song Rui and said, ""Nonsense! If I'm like you, not eating or drinking all day, and being suspicious like a bird startled by the mere twang of a bow, I'll lose weight as well!"

"You mean to say ... I'm just scaring myself?" Song Rui muttered.

"It's up to you to believe it or not!" Xia ruofei shrugged.

"I believe you!" Song Rui quickly put on a fawning smile and said, "you, miracle doctor Xia, have already diagnosed it. How can I not believe it?"

People were like this sometimes. When they suspected that they had some kind of illness, they would naturally be suspicious, especially now that the internet was so developed. Many people habitually went online to search for it, and in the end, they would find that all the symptoms listed on the internet seemed to match them.

They didn't know that if they could rely on the internet for things like treating illnesses, what was the point of having doctors?

If diseases could be diagnosed by searching for clues, would there still be a need for the medical University to set up a five – year clinical course? If everyone was given a computer with internet access, they could go to the hospital. Why waste five years?

With Xia ruofei's personal diagnosis, song Rui's worries were gone. He looked sickly just now, but now he was full of energy.

He chuckled. "That ... Ruofei, the huoxiang dripping pill that you mentioned just now is too slow to take effect. Since you've diagnosed me, you should be responsible to the end!" Give me some medicine that takes effect quickly, I'm having a fever every day and it's uncomfortable!"

Xia ruofei shook his head helplessly and said, ""You brat ... You're insatiable!"

"Hehe, we're brothers for life, you won't be so cruel, right?" Song Rui said shyly.

"Fine! I knew that there would be no good feast!" Xia ruofei said as he opened his bag and took out a small porcelain bottle.

There were more than ten pills left from the pill he made for Song Wei. Xia ruofei had just informed Xia Qing in the space with his spiritual sense to put three pills in this small porcelain bottle.

Due to the difference in the flow of time 30 times that of the outside world, although it had only been a few seconds, Xia Qing had already prepared the pill in the space.

Xia ruofei reaching into his bag was just a cover for song Rui to think that he was taking something out of his bag. In fact, he took it out from the medium with a thought.

"Take it after meals, one pill each time!" Xia ruofei replied, "I should be fine in a day."

The pill contained the petals of the spirit Heart Flower. Even the strange poison in Song Wei's body could be removed after taking it for ten to twenty days. Song Rui only had a common cold. Three pills would definitely cure him.

In fact, it was a waste to use such a pill to treat a cold. However, Xia ruofei knew that if he did not know about Song Rui's cold, he would be suspicious.

Chapter 1002:

For the sake of his good friend's health, Xia ruofei did not feel too bad even though he knew it was "using a cannon to kill a mosquito".

Moreover, he had made a few more pills for Song Wei. It would be a waste if he did not use them. He might as well give them to Song Rui.

Song Rui took the porcelain bottle as if he had found a treasure and carefully put it in his arms. He said with joy, "You're indeed a good friend! Good brother!"

Xia ruofei rolled his eyes and said, "if you don't serve the food soon, your good brother is going to starve to death ..."

Song Rui patted his head and said in embarrassment, "Blame me, blame me, I'll get them to serve the dishes immediately!"

"Waiter!" Song Rui shouted.

The waiter waiting at the door immediately pushed the door open and asked, "Sir, what do you need?"

Song Rui's dejection was swept away and he said in high spirits, "Inform the kitchen to serve the dishes! Hurry up!"

"Yes, sir!"

Song Rui then looked at Xia ruofei and asked, "Oh, ruofei, do you want to order a few more dishes?"

Xia ruofei waved his hand and said, "no need. It's just the two of us. Let's make it simple." By the way, you haven't fully recovered from your cold yet, so let's not drink at noon!"

"We have to listen to the doctor's orders!" Song Rui laughed and said to the waiter, "take the wine away! Also, hurry up and serve the dishes!"

"Alright!"

.....

In the liberation Square.

Song Wei and her best friend Zhuo Yiyi walked out of a Western restaurant and stood by the side of the road, waiting for a taxi.

Song Wei's car was still in the southwest, and Song Qiming was very strict with himself. Song Wei would never use her own car for personal use just because her father was a high – ranking provincial official. Therefore, she had been traveling with Zhuo Yiyi in Sanshan city for the past two days. They had mostly taken a taxi, and they would even take the public bus or subway occasionally.

It sounded a little unbelievable. The daughter of a Secretary of the provincial government and a member of the Standing Committee of the Provincial Party Committee actually took the bus and subway when she went out. However, it was normal for this to happen in Song Qiming's house.

Song Qiming would only use his power when it concerned Song Wei's safety. However, he would only do so within the rules.

The last time he sent Song Wei's blood sample to Beijing for a test, Song Qiming's influence only made the flight wait for a few minutes. The departure time was not affected. All the expenses of the medical staff in the provincial People's Hospital to Beijing were paid by Song Qiming personally.

After a few days of fun at San Shan, Zhuo Yiyi was ready to go home. Hence, Song Wei accompanied her for lunch to send her off.

The two of them had been roommates for four years in University. They were also the only two girls in their entire year majoring in archeology, so they were naturally quite close.

The two of them stood at the taxi stop under the shade of a tree. Song Wei said reluctantly, "Yiyi, are you really not going to play for a few more days?"

Zhuo Yiyi giggled. "Little girl, could it be that you've taken a fancy to this young master? you can't bear to see me leave?"

Song Wei rolled her eyes at Zhuo Yiyi and said, "Go to hell! You're not serious!"

Zhuo Yiyi laughed out loud, then said mischievously, "I suddenly thought of a very interesting question ... If we become lesbian ... Will the boys in the archeology Department be heartbroken?"

They were the only two girls in the entire grade of archeology, and the rest were boys. If the only two girls 'held hands', it meant that the boys in archeology were failures!

Song Wei couldn't help but burst out laughing and said, "What kind of nonsense are you thinking about all day long?"

"We're just discussing it! "Did you put it into practice ..." Zhuo Yiyi said nonchalantly. "Let me make this clear first! This sister is a pure girl! I'm not interested in women!"

When Song Wei heard the word "pure girl," she almost burst out laughing. She held her stomach and laughed while pointing at Zhuo Yiyi and said, "You're such a weird guy ..."

Zhuo Yiyi blinked her big eyes and said, "Seriously, we haven't even solved our personal problems yet! If you have any good boys, you must remember to introduce them to me!"

"Then you're asking for too much!" Song Wei pouted and said. You, beauty Zhuo, are the goddess of all the boys! As long as he beckoned with his finger, there would probably be a strong row of pursuers!"

"You're speaking as if you're not a goddess ..." Zhuo Yiyi mumbled. "Who asked the archeology Department to have more yang than Yin?" They don't have a choice, okay?"

"That makes sense ... The guys in our Department are so pitiful ..." Song Wei pursed her lips and laughed.

The noon sun was very hot, and the road on this side of the square seemed to be melting. The two of them stood under the shade of the tree and talked for a while, but there was no empty taxi passing by.

However, the two of them weren't in a hurry. Zhuo Yiyi's flight was in the evening, and they weren't in a hurry. They only needed to take a taxi to the hotel to pick up their luggage.

Moreover, the two girls always had endless things to talk about when they were together. In addition, they were about to part soon, so the two of them hoped to chat for a while longer.

However, while Song Wei and Zhuo Yiyi were chatting, they didn't notice that on a motorcycle not far away, two young men wearing helmets were constantly looking in their direction.

The motorcycle slowly drove toward the two people on the side of the road, but the two of them didn't realize that danger was approaching.

When the motorcycle passed by them, the person behind suddenly reached out and grabbed Song Wei's bag. Then, the person in front stepped on the gas and the motorcycle sped up.

Song Wei did not expect a street racer to steal her bag in broad daylight. She was quite shocked and did not have any defense at all. When the motorcycle accelerated, she was even pulled by the bag strap and staggered.

Although Song Wei grabbed her bag subconsciously, she could not win against the biker due to the momentum of the motorcycle. She felt the weight in her hand lighten and her bag was taken away.

At this moment, Song Wei had yet to react, but Zhuo Yiyi reacted even faster. She shouted, "This is robbery!"

Then, he ran after the motorcycle.

"Yiyi, forget it ..." Song Wei came back to her senses and said.

However, Zhuo Yiyi had already run a few meters away. It was as if she had not heard Song Wei's words as she continued to chase after the motorcycle.

Song Wei did not plan to chase after them. Although she did not expect the public security in Sanshan city to be more chaotic than she had imagined, she was still the daughter of the Secretary of the municipal government. Since these two guys had stolen her, there was no way she could escape.

With song Qiming's words, there was no way such a petty thief could hide.

However, Zhuo Yiyi had already given chase, and the other party was two strong men! Song Wei was worried that Zhuo Yiyi would be at a disadvantage, so she didn't even have the time to call her and quickly chased after her.

.....

At the entrance of the Shangri – La hotel, Xia ruofei and song Rui, who had eaten and drunk to their heart's content, had just stepped out of the hotel when they heard someone shouting "robbery" not far away.

Xia ruofei turned his head and saw a motorcycle speeding along the road south of the square in their direction. The person in the back of the motorcycle would turn his head back from time to time.

The man was holding a handbag that was obviously designed for women.

Behind the motorcycle, a girl in a T – Shirt and jeans was running wildly.

“F * ck! What’s the situation?” Song Rui couldn’t help but call out.

The motorcycle was moving very fast and was about to reach Xia ruofei and song Rui’s location.

The motorcycle was on the opposite Lane, and there was a guardrail in the middle.

To Xia ruofei, it was not difficult to stop him directly. It was just the width of a road. He could fly over it with a light tap. However, this would inevitably be a little shocking.

Xia ruofei looked left and right and did not find anything useful, so he called out, “”Song Rui, take off your shoes!”

“Ah?” Song Rui was stunned and didn’t react for a moment.

Xia ruofei grabbed song Rui’s right leg and shook it lightly. His shoe fell off his foot.

Xia ruofei did not wait for the shoe to land on the ground. He did a ball – like action and threw song Rui’s shoe up about half a meter. Then, he turned sideways and kicked song Rui’s shoe with his right foot.

A volley shot!

The shoe flew out with a Swoosh, drawing a parabola across the middle of the road, and then fell rapidly.

Just as the motorcycle passed by, the shoe happened to fly there and hit the rider’s helmet ...

?

Chapter 1003: The “uncle” who is pretending to be young_1

“Bang!”

Although the engine of the motorcycle was roaring loudly, the muffled sound was still very obvious. Even Xia ruofei and song Rui, who were on the other side of the road, could hear it clearly.

The rider was wearing a helmet. Normally, even if something were to hit the helmet, it wouldn’t cause too much damage.

However, after being hit by the “flying shoes,” the rider felt as if his helmet had been hit by an iron hammer. Although the outer shell of the helmet was hard and the inner lining was soft, the strong shock wave still made him dizzy, as if countless stars were flashing in front of his eyes.

The rider's vision turned black, and he let go of the handle and fainted.

The motorcycle lost control and fell to the ground. The wheels were still spinning at high speed, but the body of the motorcycle had already fallen to the ground. Because of the inertia, the motorcycle was still moving forward, and for a moment, sparks flew everywhere.

The man in the back seat screamed and waved his hands, but in a moment of desperation, his foot got stuck in the motorcycle, and his body was dragged forward by the motorcycle.

No one would wear a lot in the summer, so the robber in the back seat was only wearing a pair of shorts and a T – Shirt. As he was dragged on the ground, his arms and thighs were torn open, and he couldn't help but let out a terrible scream.

The motorcycle slid for a full seven to eight meters before the man finally broke free. He lay on the ground, groaning. The man who had been hit in the helmet had fainted.

The motorcycle slid forward for a few more meters before it made a turn and stopped.

Everything happened in the blink of an eye. Before Song Rui could react to Xia Ruofei snatching his shoes, everything was over.

Song Rui was still flabbergasted as he stood there barefooted.

"What are you doing?" Xia Ruofei said calmly, "let's go and take a look!"

With that, Xia Ruofei ran out first.

There were not many cars on the road in the middle of the day. Xia Ruofei crossed the street easily. With one hand on the barrier, he crossed the barrier in a very natural and unrestrained manner and ran towards the place where the two street racers had fallen.

At this time, Song Rui came back to his senses and quickly followed.

However, Song Rui's running posture was a little strange. Yingying was wearing a shoe on one foot and barefooted on the other. The height of both sides was unbalanced, and it looked strange.

Zhuo Yiyi was already panting as she ran over. Xia Ruofei picked up the bag from the ground and handed it to Zhuo Yiyi. Smiling, he said, "You threw this, right? Be more careful next time."

"Thank ... Thank you ..." Zhuo Yiyi said, panting.

Just as she reached for her handbag, Song Rui also jumped over the guardrail a little clumsily.

Song Rui saw this and shouted, "RUO Fei, wait!"

After that, Song Rui ran up to the two of them and said, "RUO Fei, how can you be so sure that she's the owner? At least let her tell us what's in her bag, right?"

Hearing this, Zhuo Yiyi's brows instantly furrowed, and she retorted angrily, "Hey! Uncle, what do you mean by that? Do you think I can pretend to be the owner?"

"Uncle ... Uncle?" Song Rui was dumbfounded. "I'm that old? Hey! I'm only in my twenties! You're actually calling me uncle?"

"In his twenties?" Zhuo Yiyi sized song Rui up and pouted. "Uncle, aren't you a little too eager to grow up?"

"You ..."

Xia ruofei looked at song Rui, amused. This guy had been so scared of AIDS that he had no appetite for food or water. He had no time to take care of his personal hygiene. He had not shaved for days and his hair was unkempt. His eyes were red and had dark circles. He did look old, like an internet – addicted otaku.

Song Rui touched his stubble and unkempt hair. Perhaps he felt that it was too late to save his image now, so he simply skipped the topic.

"Sister, even if you're the owner, it's normal for us to verify it, right?" he said, a little annoyed. Besides, we're doing a good deed! Why are you so fierce?"

Zhuo Yiyi immediately said, "please don't use the word 'we', okay?" I saw it very clearly just now, the one who did the right thing was this little brother. Uncle, it's hard for you to even climb over the guardrails, so the difficult job of doing the right thing shouldn't be suitable for you, right?"

Song Rui almost choked on the sharp – tongued Zhuo Yiyi's words.

He held it in for a long time before he said angrily, ""Do you know what weapon this guy used to knock down the speeder Union? It's my shoes! Without my leather shoes, how could he be so courageous?"

Zhuo Yiyi subconsciously looked down and saw song Rui wearing a shoe on one foot and bare on the other. She couldn't help but burst into laughter.

Zhuo Yiyi laughed so hard that her body trembled, and the peaks on her chest trembled slightly as well.

Song Rui looked up and saw this somewhat erotic scene, and his heart couldn't help but sway.

Earlier, Zhuo Yiyi had been running madly all the way here, so she was also sweating profusely. Her navy blue divkiest shirt was also soaked, and only the part covered by her bra was still dry. The part that was wet with sweat was darker in color, while the two round parts and the two shoulder straps were lighter in color, making them look more obvious.

Therefore, song Rui's gaze fell on it subconsciously.

Zhuo Yiyi's sharp senses detected song Rui's gaze. She immediately clutched her chest, glared at song Rui, and shouted, ""Hey! Uncle, where are you looking at?"

Song Rui was very embarrassed. This guy was well – known in the capital's rich and powerful circle. He did not expect to show his fear in front of a strange woman in Sanshan city.

"I ... I'm going to find the shoes!" Song Rui said, looking a little embarrassed.

With that, song Rui hurriedly ran towards the shoe that had landed not far away. Zhuo Yiyi looked at song Rui's back and made a face at him.

With Song Rui's example, Xia Ruofei naturally would not look around. He looked straight at Zhuo Yiyi and smiled. "Actually, what my friend said makes sense. After all, we don't know each other. Out of a responsible attitude, I do need to verify your identity."

Zhuo Yiyi said magnanimously, "your words are much more pleasant to hear!" Unlike that uncle just now, his tone was full of suspicion, as if I was going to pretend to be the owner of the item to cheat!"

Song Rui was squatting not far away, putting on his shoes. After hearing Zhuo Yiyi's words, his body couldn't help but tremble again.

I just haven't taken care of myself for the past two days. That kid, RUO Fei, is just a little whiter and taller than me! Both of us clearly wanted to express the same meaning, but why is there such a big difference in attitude? Girls nowadays judge people by their looks too much! Song Rui's heart was filled with blood and tears as he complained.

"Thank you for your understanding!" Xia Ruofei said with a smile.

"But I really don't know what's inside this bag," said Zhuo Yiyi. "It's because this bag belongs to my friend. But she should be here soon."

As she said this, Zhuo Yiyi saw Song Wei dragging her tired legs and running towards them. She immediately jumped up and waved her hands. "Wei Wei! I'm here!"

Comparing the two, Zhuo Yiyi's physical fitness seemed to be much better than Song Wei's.

She had the image of a cute girl, but she had the heart of a tomboy. In terms of physical fitness, she was not inferior to men. This girl was quite interesting.

Xia Ruofei also noticed Song Wei. He could not help but look surprised.

Where were they? He did not expect to run into Song Wei in such a big provincial city.

It seemed like this cute tomboy was Song Wei's friend? Xia Ruofei smiled as he waited for Song Wei.

At this moment, Song Rui had already put on his shoes and walked over. He also saw Song Wei's figure and could not help but widen his eyes. "A girl from the keeper of initial enlightenment? What's going on?"

Soon, Song Wei arrived in front of the three of them. She was also drenched in sweat, and her pretty face was flushed from the strenuous exercise.

Before Song Wei could catch her breath, Zhuo Yiyi said impatiently, "Wei Wei, it's all thanks to this little brother this time. You didn't see him just now! He directly threw a shoe at him from the opposite side of the road, simply piercing through the Poplar from a hundred steps away! If not for the two little bastards, they would have been able to escape ... Wei Wei! Wei Wei! Are you even listening to me?"

Zhuo Yiyi said a lot before realizing that Song Wei was not paying any attention to her. Instead, she was staring straight at the young man who could shoot through trees with a hundred steps. The expression on her face was one of utter shock.

This woman ... Even if she saw a handsome guy, she didn't have to be like this, right? The insensitive Zhuo Yiyi couldn't help but Mutter in her heart.

Xia ruofei smiled and blinked at Song Wei. "Song Wei, I didn't expect to see you again."

Song Wei exclaimed in surprise and joy, "RUO Fei, why is it you? You were the one who helped us subdue the street racer gang just now?"

Only then did Zhuo Yiyi understand the situation. She asked, "Weiwei, you guys know each other!"

Before Song Wei could answer, song Rui walked out from behind Xia ruofei and waved at Song Wei. He said, "Long time no see, Song Wei!"

Song Wei's expression was even more surprised. Her cherry lips opened slightly, and she was stunned for a moment before she awkwardly greeted, "Uncle ... Song Rui, you're here too ..."

Although Song Wei was not used to calling a young man who was only a few years older than her uncle, she could not say that she and song Rui were relatives who were not even from the fifth server! Song Rui and song Qiming's great – grandfathers were blood Brothers.

Even though song Qiming addressed elder song as "general" out of habit, Song Wei still had to address song Rui as "uncle" due to their seniority. When she was young, she had visited the song family as a guest. She was against calling a kid who was about the same age as her "uncle". She had even been reprimanded by song Qiming for that.

"Hehe!" Song Rui chuckled and said, "just now, it was ruofei and I who cooperated tacitly and subdued the two street racers in one fell swoop!"

"Is that so ... Then I really have to thank you!" Song Wei said awkwardly.

At this moment, Zhuo Yiyi jumped out and pointed at song Rui. "Ha! Uncle, so you're Weiwei's uncle! Just now you were still acting young, saying that you're only in your twenties, now you've been exposed!"

Song Rui's face turned black and he was filled with grief and indignation. Xia ruofei couldn't hold it in anymore and burst out laughing.

?

Chapter 1004: Happy enemies (1)

Song Wei's face also turned red. She quickly tugged on Zhuo Yiyi's sleeve and said, "Yiyi, uncle song Rui is only of higher seniority. He's only in his twenties! There's no need to act young!"

"Is he really in his twenties?" Zhuo Yiyi's voice couldn't help but grow louder. She pointed at the unshaven song Rui and said, "it looks like he's indeed more of a good – looking man, right, uncle?"

Song Rui couldn't help but roll his eyes. His heart was filled with grief and indignation.

Song Wei looked at song Rui, who looked like a decadent otaku. She wanted to laugh, but she did not dare to. Her face was red from holding it in.

Seeing this, Xia ruofei laughed and said, ""Alright, alright! Don't make fun of song Rui. We were able to catch the thief just now because he contributed the shoe!"

Song Rui's face darkened. He looked at Xia ruofei resentfully and thought to himself, are you speaking up for me? Why do I feel like I've been hurt even more?

Xia ruofei ignored song Rui and passed his bag to Song Wei. He smiled and said, ""This is your bag, right? Be more careful next time and see if you've lost anything!"

"Thank you, ruofei ..." Song Wei said softly.

She took the bag and checked it. Her phone and documents were all there. She thanked Xia ruofei again.

The two unlucky thieves were still lying on the ground. One of them was motionless, and it was unknown whether he was Dead or Alive. The other one was groaning and moaning like a bloody gourd, looking very scary.

Xia ruofei was well aware of the strength he had used. Besides, the unconscious biker was protected by a helmet. He knew that his life would not be in danger.

Xia ruofei took out his phone and called the police. Soon, the police cars from the nearby police station arrived at the scene.

Before the police arrived, Song Wei called her father, song Qiming, and told him what had happened.

Song Qiming was shocked when he heard that. He quickly asked Song Wei if she was injured.

Song Qiming heaved a sigh of relief when he found out that his daughter was fine, and that Xia ruofei happened to pass by and helped to apprehend the street racer gang. There was also no loss of property.

At the same time, he couldn't help but feel a little emotional. It seemed like his family was owing Xia ruofei more and more favors ...

Song Qiming was very dissatisfied with the public security of Sanshan city. Even the daughter of the Secretary of the municipal government was robbed by a street racer gang. How chaotic was the public security?

Therefore, he immediately called Chen Bo, the Deputy Mayor and director of the Public Security Bureau of Sanshan city. On the one hand, he asked him to inform the police station in the liberation Square. On the other hand, he wanted to severely criticize the public security situation in Sanshan. He also asked the Public Security Bureau to immediately take action and increase the inspection of human gathering places such as stations, subways, and urban complexes to crack down on all kinds of illegal crimes.

It was conceivable that with the words of the Secretary of the municipal Committee, Sanshan city was bound to launch a large – scale crackdown on illegal and criminal activities. The days of the snakes, insects, rats, and ants living in the dark were becoming more and more difficult because of two little thieves who did not have eyes.

The police had received instructions from their superiors, so they were very polite to Xia ruofei, Song Wei, and the others. They did not ask them to go back to the station. They took a simple statement at the scene and let them leave.

Then, the police investigated the scene, preserved the evidence, and called an ambulance to take the two unlucky people to the hospital.

Of course, these things had nothing to do with Xia ruofei and the rest.

Knowing that Song Wei and Zhuo Yiyi did not have a car, Xia ruofei offered to give them a ride.

When Xia ruofei drove the Knight XV off – Road vehicle out of the hotel's parking lot, Zhuo Yiyi could not help but whistle and exclaim excitedly, ""The Knight the fifteenth!"

Then, she grabbed Song Wei's hand and jumped up and down. "Wei Wei, it's the Knight XV! And it's a limited edition! How domineering!"

Song Wei said to Xia ruofei awkwardly, ""Ruofei, I'm sorry ... Yiyi really likes cars ..."

"I'm fine ..." Xia ruofei chuckled.

Then, Xia ruofei waved at Zhuo Yiyi and said with a smile, ""Get in the car!"

Zhuo Yiyi was still in a state of excitement as she mumbled, ""I can actually ride on Knight XV once ..."

At the side, song Rui couldn't help but roll his eyes again with a look of disdain.

In fact, song Rui had driven here, but he did not leave alone. Instead, he reached for the door of the Knight XV's passenger seat.

Zhuo Yiyi was the first to open the car door, and she said with a smile, ""Uncle, can you let me sit in the front passenger seat?"

Facing Zhuo Yiyi, whose eyes were full of stars, song Rui shrugged helplessly and gestured for her to leave.

"Thank you, uncle!" Zhuo Yiyi said happily.

"Sister, can you not call me big ..." Song Rui said helplessly.

Before he could finish his sentence, Zhuo Yiyi had already deftly grabbed the handle of the car and climbed up in two steps, entering the car.

After she closed the car door, she stuck her head out of the window and asked innocently, ""Uncle, what did you just say?"

Puchi ...

Song Wei could not help but laugh again.

"It's nothing ..." Song Rui said helplessly.

"Oh!" Zhuo Yiyi immediately retracted her head. Then, like Granny Liu entering a Grand View Garden, she looked up and down, left and right, sizing up everything in the car.

Song Wei and song Rui also got into the car. Xia ruofei looked at Zhuo Yiyi and said, ""Can you put on your seat belt first?"

Zhuo Yiyi stuck out her tongue in embarrassment and hurriedly unbuckled her seat belt. Then, she said to Xia ruofei, ""Alright! Let's drive ..."

Along the way, Zhuo Yiyi looked at Xia ruofei's car as if it was a piece of art. She loved it so much that she could not bear to part with it. Xia ruofei could see from the corner of his eye that Zhuo Yiyi was touching the interior of the car as if she was touching her lover. He could not help but feel a chill in his heart.

Fortunately, the hotel that Zhuo Yiyi was staying at was not far from Liberation Square, so they arrived there in no time.

Under Song Wei's urging, Zhuo Yiyi got out of the car reluctantly.

"RUO Fei, song Rui ... Uncle, thank you for today!" Song Wei said politely.

Xia ruofei laughed and waved his hand. "It's a small matter, no need to be so polite! Then we'll be leaving first!"

"Drive slowly ..." Song Wei smiled.

"Wait!" Zhuo Yiyi called out, "brother ruofei, you've helped us so much today. Let me treat you to a meal ... Oh, right, uncle, you should come too!" In any case, you contributed a shoe ..."

Song Rui almost lost his temper when he heard that. This was too much of a difference in treatment! If that kid ruofei becomes "brother ruofei," then I'm just an "uncle"! Also, can you not mention a sore spot? Besides, I'm going to get mad at you about the shoes ...

Zhuo Yiyi did not notice the murderous look in song Rui's eyes. She was still looking at Xia ruofei expectantly ... To be more precise, she was looking at the Knight XV.

"Yiyi, your plane ..." Song Wei reminded her softly.

Zhuo Yiyi replied nonchalantly, "the flight is in the evening!" Let's have dinner earlier! There's still time ... Brother ruofei, do you have time?"

Xia ruofei smiled. "I don't have anything to do today. But you don't have to be so polite."

"Of course, of course, I'll repay your kindness!" Zhuo Yiyi hurriedly said, "then it's a deal!"

Song Wei looked at her best friend helplessly and shook her head with a bitter smile.

At this moment, Zhuo Yiyi smiled in embarrassment and said, ""Since we're going to have dinner together ... Why don't we go out in the afternoon? I have to catch a plane, so I'll have to eat early!"

Xia ruofei was stunned and asked, "play?" Where are you going?"

"Anything! You can go for a ride too!" Zhuo Yiyi blurted out, then awkwardly said, "that ... Don't misunderstand, it's not because of the car ..."

Xia ruofei laughed and said, "I know, I know ... Okay!" We'll follow your arrangements!"

Zhuo Yiyi said happily, "yay!" That's great ... Why don't you guys wait for me? I'll go check out of my room and get my luggage. I'll be done soon! This way, we can go directly to the airport after dinner!"

"Alright then!" Xia ruofei said, "slow down! There's no hurry ..."

Zhuo Yiyi nodded her head heavily and walked into the hotel quickly. Song Wei also quickly greeted Xia ruofei and Song Rui before quickly following them.

Xia ruofei and Song Rui got out of the car. Xia ruofei took out the special cigarette that Elder Song had given him and flicked one for Song Rui. Then, he took one for himself.

The two of them lit up their cigarettes and took a puff. Xia ruofei laughed and said, "Song Rui, this girl is quite interesting."

Song Rui pursed his lips and said, "why didn't I see that?" He's like a love – struck fool ..."

Xia ruofei laughed, "this shows that he's real!" At least it's better than those women who put on a show with you and flatter you!"

"That's true ..." Song Rui took a puff of his cigarette and said.

Then, Xia ruofei said awkwardly, "by the way, didn't you drive today?" Why are you in my car?"

Song Rui was stunned for a moment and then immediately said, "There's a problem with my car's ability to avoid shock ... I ... I asked the repair shop to fix it! Why? You don't want to get in your car?"

Xia ruofei laughed and said, "no problem!" It's my honor to have you, young master Song, ride with me!"

"Don't give me that ..." Song Rui pouted and said.

Then, Song Rui asked shyly, "Ruofei, do you have a razor in your car?"

"What's the matter?" Xia ruofei asked with a faint smile.

"I ... Don't I think it's not good to have an unkempt beard?" Song Rui said, "I didn't have the mood to take care of it a few days ago, but I'm fine now, aren't I? Of course I have to pay attention to my image!"

Xia ruofei glanced at the entrance of the hotel and said with a smile, "I really do have some ... Just you wait!"

With that, Xia ruofei walked to the back of the car and opened the trunk. He bent down to block Song Rui's view and took out an electric shaver from the space. After some thought, he took out a clean shirt and casual pants.

Xia ruofei tucked his clothes under his arm and passed the razor to Song Rui. He asked, "I think you're dressed too casually. Do you want to change? I happen to have a spare set of clothes and pants here. Our figures are similar, so you should be able to wear it. "

"Why would I change out of the blue?" Song Rui asked, his eyes evasive.

Xia ruofei laughed and said, "didn't Zhuo Yiyi call you" uncle "?" Don't you want to give her a good scare?"

"That makes sense!" Song Rui immediately said, "thanks, brother! I'll shave first!"

After saying that, Song Rui immediately climbed into the car and lowered the sunshade in front of the passenger seat. He shaved his beard in front of the small makeup mirror and then tidied up his messy hair.

Xia Ruofei smiled as he passed the clothes to Song Rui. Song Rui changed his clothes in the car.

Not long after he got out of the car, Zhuo Yiyi and Song Wei came out of the hotel, each pushing a suitcase.

"I'm sorry for the long wait ..." Zhuo Yiyi said as she pushed her luggage to the back of the car.

"It's okay. Give me your luggage!" Xia Ruofei said with a smile.

Then, he took the large suitcases from Zhuo Yiyi and Song Wei, opened the trunk, and placed them inside.

"Thanks!" Zhuo Yiyi said with a smile.

Then, Zhuo Yiyi curiously asked, "Eh? Where's uncle? Did he leave in anger?"

At that moment, Song Rui, who had just shaved and changed his clothes, was standing beside Zhuo Yiyi. However, Zhuo Yiyi actually ignored him. Song Rui could not help but feel speechless ...

?

Chapter 1005: suffering losses (1)

Song Rui took a few deep breaths before he managed to suppress his urge to go berserk.

He glared at Zhuo Yiyi, who was right in front of him, and waved his hand forcefully.

"Argh! Who is it!" Zhuo Yiyi jumped in shock and hurriedly took a step back. She looked at Song Rui with a sullen expression.

Zhuo Yiyi's face revealed a hint of doubt. She rubbed her eyes and sized Song Rui up, causing him to feel goosebumps all over his body.

At this moment, Zhuo Yiyi asked uncertainly, "You are ... Uncle?"

Song Rui almost burst into tears. He roared in his heart, "My great aunt, you finally recognized me! Was this bro's presence really that low? He was actually invisible in front of you ...

Although Song Rui's mind was full of thoughts, he was still very calm on the surface. He only nodded slightly and asked while suppressing his hidden bitterness, "Is there really nothing wrong with your eyesight?"

Zhuo Yiyi asked in surprise, "is he really an uncle?" You ... Why ... Have you ... Changed so much?"

Song Rui almost fainted. He shouted, ""You're the one who 's' shit – like '!"

Xia ruofei couldn't hold it in anymore and burst out laughing. Song Wei, who was trying to hold it in, burst out laughing when she heard Xia ruofei's words.

However, Song Wei quickly stopped smiling and said to song Rui apologetically, ""Uncle song Rui, Yiyi ... She has always been a Little Blind to faces. When it comes to recognizing people ... Hehe, please forgive her!"

Zhuo Yiyi sized song Rui up, then said seriously, ""So you really are an uncle ..."

Xia ruofei laughed. "That's enough. Stop fooling around. Get in the car!"

"Oh ..." Zhuo Yiyi nodded and looked at song Rui curiously, as if she couldn't understand why he had changed so much in such a short time.

"Oh right, Song Wei, don't you have motion sickness? You can sit in front!" Xia ruofei said.

Song Wei was stunned for a moment. When did I get carsick? However, her mind was very clever. When she heard this, she only nodded and said, ""Alright!"

Zhuo Yiyi had originally wanted to sit in the front passenger seat, but after hearing Xia ruofei's words, she went straight to the back seat.

After everyone got into the car, Xia ruofei started the engine and asked with a smile, ""Song Wei, Zhuo Yiyi, where do you guys want to go?"

"I'll listen to Yiyi!" Song Wei shrugged. Didn't you say she would arrange it?"

Zhuo Yiyi sat in the back seat, and as she fastened her seatbelt, she tilted her head and thought for a moment before saying, ""I remember the airport is by the sea, right? Why don't we go to the beach? I'll treat you guys to seafood tonight!"

"Alright!" Xia ruofei nodded and stepped on the accelerator.

Xia ruofei was very familiar with the road from the city to the seaside because Taoyuan farm was located by the sea. He had gone back and forth countless times in the past year.

The car sped along the Second Ring Road. Zhuo Yiyi was still looking around like a curious baby, while song Rui, who was usually talkative, seemed to have become a little reserved. He sat upright and still beside Zhuo Yiyi.

Zhuo Yiyi stuck her head out and asked, "Oh right, brother ruofei, what do you do?" There were not many people in the country who could drive a Knight XV! You must be the big boss, right?"

Xia ruofei laughed and said, "then you're wrong!" I'm just running a small business to support my family ..."

"A small business owner can drive a luxury car that's worth tens of millions?" Disbelief was written all over Zhuo Yiyi's face. "You're not being so humble because you're afraid that I'll pester you, are you? Don't worry! We only like cars, not gold – diggers!"

Xia ruofei didn't know whether to laugh or cry. This girl was too bold! He really didn't have a filter on his words!

Song Wei was both angry and amused. She turned around and glared at Zhuo Yiyi, ""Woman, can't you be a little more reserved? Can't you be more ladylike?"

"It's not like I want to hit on brother ruofei," Zhuo Yiyi said nonchalantly. "Why do I need to act like a lady?!"

After song Rui heard this, he couldn't help but touch his forehead. He felt that this woman was really hopeless. She dared to say anything! However, he did not know why, but after hearing this, he felt a little relieved.

"You want to hit on ... Bah bah bah, even if you want to pursue him, there's no chance!" Song Wei said unhappily. Ruofei has a girlfriend! And she's pretty and rich ..."

"Your girlfriend is rich?" The fire of gossip in Zhuo Yiyi's eyes was instantly ignited. She could not help but look at Xia ruofei with a half – Smile and asked, ""Could it be that brother ruofei is living off a woman ..."

"Hey!" Xia ruofei immediately protested.

Song Wei also said nervously at the same time, ""Yiyi, don't talk nonsense! RUO Fei's own business is very big, and he's very capable. Even my father has high praises for him!"

When Zhuo Yiyi heard this, she immediately gave Song Wei a meaningful look and said, ""Even your father sees brother ruofei in a different light? Wei Wei, could it be that ... There's something going on between you two?"

The speed of his attention shifting was comparable to the speed of light! This lady's brain was definitely not the same as a normal person 'S. Xia ruofei was speechless.

Song Wei's face was also red. She could not help but say, "What nonsense are you talking about? Didn't I tell you that RUO Fei already has a girlfriend?"

?

Chapter 1006: suffering losses again and again (2)

Zhuo Yiyi pointed at Song Wei as if she had just discovered a new continent and shouted, ""Wei Wei, you're shy! And you say there's no situation?"

"You ..."

"Don't use your girlfriend as an excuse! There's still divorce after marriage!" Zhuo Yiyi immediately swallowed back Song Wei's words.

"Do I make sense, uncle?" he turned to song Rui and asked.

Song Rui looked at Zhuo Yiyi helplessly, not knowing what to say.

Zhuo Yiyi even asked innocently, "Uncle, why didn't you say anything on the way here?"

"You've already said what you wanted to say, what else can I say?" Song Rui said helplessly.

Xia ruofei could not help but smile bitterly at Zhuo Yiyi. "Student Zhuo Yiyi, please don't treat me like I don't exist, alright? My girlfriend and Song Wei know each other too. We even had a meal together two days ago ..."

"Shall we have dinner together?" Shocked, Zhuo Yiyi asked, "Weiwei, you left me behind the other day and told me that you had an important date with brother ruofei and his girlfriend?"

Song Wei nodded her head helplessly. Just as she was about to explain that it was her family who had invited Xia ruofei to dinner, Zhuo Yiyi beat her to it and said, "Brother ruofei, you're so capable! To be able to let the flower and wildflower live in peace, this little girl worships ..."

Song Wei's pretty face suddenly burned with passion and she said loudly, "Hey! Who are you calling wildflowers!"

"Could it be that you're the family's flower?" Zhuo Yiyi laughed evilly.

"I ..."

Song Wei realized that no matter how she tried to explain, it would only make things worse. That was because Zhuo Yiyi did not listen to any explanation at all. Everything was just her own imagination.

Xia ruofei was also speechless. He had no energy to complain, so he just closed his mouth and focused on driving.

Zhuo Yiyi saw that the two people in the front row were ignoring her and felt a little bored. After a while, she turned to Song Rui and asked, "Uncle, you're so familiar with both of them, and you're also Weiwei's uncle. Do you really have the heart to see Weiwei jump into the fire pit?"

Song Rui turned around and said seriously, "Zhuo Yiyi, didn't Song Wei just say it? He doesn't have that kind of relationship with RUO Fei. Did you not hear clearly?"

Zhuo Yiyi was stunned for a moment before she replied, "I heard it!" But Wei Wei, she ..."

"I thought there was something wrong with your ears. I was going to introduce you to a doctor from the Department of ear, nose, and throat!" Song Rui said, "it doesn't seem like it's a problem with my ears! You should go and take a look at this place ..."

Song Rui said as he poked his head with his index finger.

Zhuo Yiyi was slightly taken aback, but she quickly recovered and said angrily, "Stinky uncle, you dare say that there's something wrong with my brain? You're the one with a problem! There's something wrong with your entire family's brains! No! There's something wrong with the brain of your entire community ..."

"Okay, okay, okay. A good man doesn't fight with a woman. I said the wrong thing, okay?" Song Rui quickly dodged to the side, afraid that Zhuo Yiyi's finger would poke his eyes.

As Xia ruofei drove, he looked at the two people in the back through the rearview mirror. He could not help but smile.

Meanwhile, Song Wei glanced at Xia ruofei and looked thoughtful.

In fact, Zhuo Yiyi was just speaking without thinking. However, her personality was not annoying. She was cheerful, innocent, and full of youth, so Xia ruofei and Song Wei were not really angry. They just felt a little embarrassed after being teased by Zhuo Yiyi.

Song Wei's heart was rippling. She would look at Xia ruofei awkwardly from time to time.

However, with the happy – go – Lucky Zhuo Yiyi around, the atmosphere would not become too awkward no matter what.

When she saw that the two in the front row ignored him and started talking to song Rui, her curious nature was revealed. She asked all kinds of questions such as “what's your real age” and “do you have a girlfriend”, which song Rui couldn't handle.

“Uncle,” Zhuo Yiyi asked again, “you're Weiwei's uncle. Don't tell me your family is also in politics?”

Song Rui nodded seriously and said, “Yes, some of my elders work in the party Committee and government departments.”

“Are you really the second generation of an official?” Zhuo Yiyi's curiosity was piqued. “Then tell me, what kind of officials do you have in your family?”

Song Rui counted with his fingers and said, “The biggest one ... Should be at the national level, right? In addition, there are four or five at the provincial level, and I have to count the Bureau level ...”

“Puchi!” Zhuo Yiyi couldn't help but laugh and say, “uncle, I thought you were very honest! So you're a pervert! You don't even make a sound when you tell jokes ...”

“I'm serious, I'm not joking!” Song Rui said.

“Alright, alright, you're not joking.” Zhuo Yiyi said with a helpless expression, “you're the top nouveau riche in China, and your family is a political tycoon, okay? Why don't you just say that your grandfather is elder song!”

“How did you know?” song Rui asked in surprise. My grandfather is really ...”

“Alright, alright! Are you done joking?” Zhuo Yiyi burst out laughing. “Elder song? If your grandfather is elder song, then my grandfather is the referee!”

The first senior official of this term was surnamed Luo.

Seeing Zhuo Yiyi's disbelieving look, song Rui couldn't help but smile bitterly.

It's not easy for me to tell the truth, can you not be so harsh?

In the past, when song Rui went to all kinds of top clubs in the capital, his bad friends would bring celebrities and socialites to socialize. All kinds of women were naturally very interested in this ‘young

master Song' that even the rich Playboys respected. They would often try to make indirect inquiries, but song Rui would not easily reveal his family background.

Their circle was like this. If you were qualified to enter this circle, you would naturally know the other party's identity. Otherwise, they would not even bother to show off in front of you.

Today, when Zhuo Yiyi took the initiative to talk about this topic, song Rui didn't beat around the bush and told her the truth. However, she didn't expect Zhuo Yiyi to not believe him at all.

Xia ruofei and Song Wei looked at each other and couldn't help but laugh.

The two of them didn't expose him. Anyway, it was quite interesting to see song Rui's defeated look.

The car came down from the Second Ring Road and drove out of the city for a short while. Then, it went through the ramp and onto the highway.

The car drove all the way to Changping County. Xia ruofei was more familiar with this area. He thought about it and felt that it was not a wise choice to go to the beach during the hottest time of the afternoon in the hot summer.

After a moment of silence, Xia ruofei drove to a water park by the sea in Changping County.

Song Wei and the other two agreed with Xia ruofei's arrangement, especially the playful Zhuo Yiyi. Without a second word, she pulled Song Wei and rushed in.

Xia ruofei took the initiative to go and buy the tickets. Then, everyone bought a swimsuit at the service desk. Actually, Xia ruofei always had swimming trunks in his interspace. After all, the interspace had the sea that Xia ruofei could enjoy alone. He would go in for a swim occasionally.

However, it did not make sense to keep swimming trunks in the car all year round, so Xia ruofei bought a new one with Song Wei and the others.

After changing their clothes in the men's and women's changing rooms, everyone gathered at the water park.

There were many things to do in the water park. There were time travel slides, skateboarding surfing, trumpets, and so on. The child – like Zhuo Yiyi felt as if she had arrived in heaven. She couldn't wait to try out all kinds of things. Xia ruofei, Song Wei, and song Rui were also dragged by her to run around the venue. The entire venue could hear Zhuo Yiyi's laughter.

In the end, Zhuo Yiyi was interested in the water park's special feature, the obstacle course.

This kind of Breakthrough Program had been very popular in the past few years because several satellite TV stations would do this kind of program every summer, and the stages were all similar.

The tickets they bought for the water park included a break through, but they had to exchange for tickets when they arrived. Each ticket could be used twice.

When the four of them arrived at the entrance of the checkpoint, Zhuo Yiyi immediately said excitedly, "Wei Wei, brother ruofei, uncle, let's have a match!"

?

Chapter 1007: Natural naïve naïvely 1

Xia ruofei was the first to wave his hand and said, "forget it!" A good man doesn't fight with a woman ..."

"Do you look down on women?" Zhuo Yiyi immediately said, "or ... Are you afraid that you'll lose face if you lose to women?"

Xia ruofei laughed and said, "you think I'll lose to you?" However, student Zhuo Yiyi, trying to goad me into action is useless. I really don't want to play this game, so you guys go ahead!"

This kind of breakthrough event tested one's flexibility and balance. Of course, it also had a certain requirement on physical strength. To Xia ruofei, this was child's play.

Not to mention that he had taken so much body tempering soup after obtaining the interspace and even embarked on the road of cultivation. With his skills in the Army, it was as easy as eating and drinking for him to quickly complete such a breakthrough.

Xia ruofei was not interested in things that were not challenging.

"Boring!" Zhuo Yiyi pouted as she said this, then turned her gaze to Song Wei.

"I don't want to play either, I can't swim!" Song Wei quickly replied. You'll definitely choke if you fall into the water ..."

"Hey! You're too disloyal!" Zhuo Yiyi said angrily, "Weiwei, there are lifeguards in the water. What are you afraid of?" Besides, are you that unconfident? Do you think you will fall into the water?"

"Yiyi, don't try to persuade me," Song Wei said with a smile. "I won't try something I'm not confident in." If you feel bored playing alone, you should persuade uncle song Rui!"

Hearing this, Zhuo Yiyi looked at song Rui and said, "Uncle, don't tell me you don't want to play?"

Song Rui said without thinking, "play!" Of course he was playing! I'm not like some people who cower in the face of danger!"

"Ha! Uncle, I've known you for so long, and this is the only sentence that I've ever heard!" Zhuo Yiyi said happily. She even shot a glance at Xia ruofei.

"Have you known me for a long time?" song Rui did not know whether to laugh or cry.

Zhuo Yiyi had only said it casually, but even though she realized her slip of the tongue, she still refused to admit defeat. She forced herself to say, "We've known each other for half a day, it must be ... More than a hundred thousand seconds! It hasn't been long?"

Xia ruofei and Song Wei burst out laughing. Song Rui rubbed his forehead and said, "Yes ... It's been long enough ..."

"Aiya, don't mind these details!" Zhuo Yiyi said, "let's go and change our tickets!"

With that, Zhuo Yiyi walked to Xia ruofei and Song Wei and extended her hand.

“Why?” Song Wei asked in confusion.

“The tickets! Don’t waste it even if you don’t want to play!” Zhuo Yiyi said matter – of – factly, “I’ve changed my ticket to play with uncle. Each of us can play four times!”

“Here you go ...” Xia ruofei hurriedly passed the tickets to Zhuo Yiyi.

Zhuo Yiyi took the tickets for the two of them and said, “Uncle, what are you doing? Let’s go!”

Then, she grabbed song Rui’s hand and ran toward the entrance of the checkpoint.

Caught off guard, song Rui stumbled and almost fell to the ground. Then, he was pulled by Zhuo Yiyi in an extremely sorry state and involuntarily ran to the ticket exchange office.

Xia ruofei and Song Wei found an empty sun chair and sat down. They each ordered a glass of fruit juice.

“Song Wei, your classmate is quite interesting!” Xia ruofei laughed.

Song Wei’s face reddened. “Yiyi is a person who speaks without thinking. Don’t mind her!”

“Why would I mind?” Xia ruofei laughed and said, “you didn’t even mind song Rui being hit like that! Do you think I’m that petty?”

When Xia ruofei mentioned song Rui, Song Wei couldn’t help but look at the two people who were exchanging their tickets at the entrance. She revealed a meaningful smile.

Xia ruofei and Song Wei sat on the sunbathing chairs and watched Zhuo Yiyi and song Rui play the game.

Song Rui didn’t usually exercise, and his body coordination wasn’t very good. He stumbled through the first level, but slipped into the water on the next level.

On the other hand, Zhuo Yiyi was as tough as a man. There were a few times when she looked like she was about to fall into the water, but she managed to get past them without any mishaps and made it all the way to the finish line.

Zhuo Yiyi proudly received a small gift and then returned to the starting point from the finishing point. At this time, song Rui had just swum to the shore in a sorry state and was climbing up the escalator.

Zhuo Yiyi happened to pass by the pond, so she naturally couldn’t avoid a round of teasing.

The situation was similar for the second and third time. Although Zhuo Yiyi did not maintain her good luck and fell into the water halfway, she still passed more rounds than song Rui each time.

“This Yiyi girl is going to be proud ...” Song Wei smiled.

“Maybe song Rui let her win on purpose!” Xia ruofei’s lips curved up as he spoke.

“I don’t think so ...” Song Wei said. “He always looks so embarrassed when he falls into the water. If he’s pretending, he’s really trying his best ...”

“Let’s continue watching!” Xia ruofei said with a smile.

His eyes were naturally sharper than Song Wei 'S. Song Rui had indeed fallen into the water without any preparation, and he had slipped.

It was the second and third time. Although it was also very realistic, Xia ruofei could tell with one look that he had not lost his balance. Moreover, he had fallen into the water both times when Zhuo Yiyi happened to look at him. Hence, he had already figured it out.

?

Chapter 1008: Natural na?ve nature (2)

Song Rui had learned how to scheme ... Xia ruofei could not help but find it funny.

As expected, the two of them still had one last chance to clear the stage. This time, the two of them stood at the starting point together. It was Zhuo Yiyi who had taken the initiative to suggest that she would clear the stage with song Rui.

Song Wei also noticed this and turned to look at Xia ruofei in surprise.

The first obstacle was similar to the plum blossom dome. She had already played it three times before, so Zhuo Yiyi was also very familiar with the route and rushed over it with great strides.

Then, she didn't move forward but stood there and waited for song Rui. Although they couldn't hear her clearly from a distance, they could still see that she was encouraging song Rui.

Very quickly, song Rui had also successfully crossed the plum blossom dome. Just as he was about to jump onto the middle platform, Zhuo Yiyi even took the initiative to reach out and pull him.

"Uncle song Rui is so cunning!" Song Wei could not help but comment.

"You can tell?" Xia ruofei chuckled.

Song Wei glanced at Xia ruofei and asked,""You already saw through it, right?"

Xia ruofei laughed."Just now at the entrance of the hotel. After you guys went in, this kid asked me for a razor to shave. I felt that something was wrong."

Song Wei's face revealed a trace of worry as she said,"Yiyi grew up in an ordinary family. I'm afraid that she and uncle song Rui ..."

Xia ruofei interrupted her and said,""The eight words haven't even taken shape yet! Why are you so worried?"

"Yiyi is my best friend!" Song Wei said,"I don't want her to get hurt ... Don't be fooled by her carefreeness. She's very innocent when it comes to love."

"I can tell. Otherwise, I wouldn't be so defenseless against song Rui ..." Xia ruofei said with a smile.

"You're still talking!" Song Wei said coquettishly. You're also helping the evildoer ..."

"This is called the happiness of an adult, alright!" Xia ruofei said,"song Rui is different from before. Besides, Zhuo Yiyi is your best friend. This guy knows what's important. He definitely wouldn't play with her feelings."

"I hope so ... I don't want Yiyi to get hurt ..." Song Wei nodded.

"I understand." Xia ruofei smiled and said,"don't worry! I'll find a chance to talk to song Rui. "

"Thank you!" Song Wei said sincerely.

Xia ruofei turned to look at Song Wei and said,""Eldest niece, why are you being so polite with me?"

Song Wei was embarrassed and said, "Who's your niece?"

Xia ruofei said matter – of – factly,"song Rui is my best brother. You're his niece, so you're my niece too." That's what Secretary song said the other day ..."

"If you keep talking ... I'm too lazy to talk to you!" Song Wei said angrily.

Xia ruofei laughed out loud and the two of them turned their attention to the race track.

While the two of them were talking, Zhuo Yiyi and song Rui had already worked together to reach the last stage.

At this moment, the two of them were climbing up. This time, song Rui also exerted his strength and agilely climbed up the last high platform. Then, he laid down and reached his hand down, pulling Zhuo Yiyi up the high platform together.

The two of them had successfully worked together to break through. Zhuo Yiyi was jumping up and down in joy and even hugged song Rui in excitement.

Seeing this, Song Wei couldn't help but shake her head and said,""This silly girl ..."

Xia ruofei smiled."Song Wei, I suddenly thought of something. If Zhuo Yiyi and song Rui really get together, wouldn't you have to call her aunt?"

Song Wei was stunned ...

Xia ruofei laughed as he stood up and walked towards Zhuo Yiyi and song Rui.

Only then did Song Wei come back to her senses. She stomped her feet and quickly followed after him.

Zhuo Yiyi's flight was at half past six in the evening, so after they had their break, the four of them left the water park and prepared to find a place to eat.

Xia ruofei was more familiar with this area. He drove them to a seafood stall not far from the airport.

Along the way, Zhuo Yiyi was still excitedly talking non – stop, especially about the heroic feat of their fourth successful joint effort. She even pulled song Rui along to obtain his proof.

After the two of them had worked together before, song Rui wasn't as reserved as before. He smiled and echoed Zhuo Yiyi's words.

Xia ruofei and Song Wei sat in the front row and looked at each other. Song Wei shook her head and thought, "This silly girl was really slow ...

Soon, they arrived at the seafood stall.

Xia ruofei ordered a bunch of seafood, including the most famous clam, scallops, oysters, shrimp, and so on.

Xia ruofei had to drive, and Song Wei was still recovering, so neither of them could drink.

However, Zhuo Yiyi said that seafood had to be paired with beer. She looked down on the two people who did not drink. Then, she called the waiter over and ordered a draft beer, ready to drink with song Rui.

Song Rui naturally did not reject her offer. He even laughed and poured Zhuo Yiyi some wine.

Soon, the seafood was served. Xia ruofei and Song Wei ordered fruit juice, while Zhuo Yiyi and song Rui drank beer.

They were all young people, so they naturally chatted freely. The food stall had a wide view, with a beach in front of them and a boundless sea further ahead. The environment was quite good, so the atmosphere of the meal was also very good.

Zhuo Yiyi had always been an easy – going person. After the meal, she had already become familiar with Xia ruofei and song Rui, and they naturally exchanged WeChat messages.

Xia ruofei clearly saw a flash of joy in song Rui's eyes. He couldn't help but find it funny. When had young master Song ever been so careful when he wanted to chase a girl?

However, this also showed that song Rui really cared about Zhuo Yiyi, who had fallen in love at first sight. He wasn't just playing around like he used to.

Xia ruofei felt a little relieved. Of course, he knew that even if song Rui and Zhuo Yiyi were to get together, they still had a long way to go.

The biggest obstacle was undoubtedly the pressure from the family.

In a wealthy and influential family like the song family, song Rui was the eldest son and grandson. It was definitely not allowed for him to find a daughter from a humble family. Yingluo, the song family had already arranged for Tian Huilan's daughter, Lu You, to marry him. Only a marriage of equal social status through political means would be considered the most suitable by the elders of the song family.

Xia ruofei could foresee how much resistance and difficulty song Rui would face.

Whether he could overcome these difficulties would depend on song Rui's determination. Xia ruofei had no idea.

At a little past Five O' clock, the four of them had already had their fill.

Zhuo Yiyi rushed to pay the bill, and the group went out and got into the car. Xia ruofei then drove towards the airport.

On the way, Zhuo Yiyi's phone beeped with a WeChat notification.

After she swiped on her phone to check, her face turned pale. She, who had been chattering non – stop for a long time, became a little quiet.

"Yiyi, what's wrong?" Song Wei asked, concerned.

"I'm fine!" Zhuo Yiyi pouted.

Song Rui frowned slightly and asked, "Did you encounter any difficulties? Maybe everyone can help you!"

Zhuo Yiyi glanced at Song Rui and said, "Uncle, if your grandfather is really Elder Song, he'll definitely be able to help me ... But now ... Let's forget it!"

Song Wei couldn't help but turn to look at Zhuo Yiyi in amusement. This girl was really ... If she found out that Song Rui's grandfather was really Elder Song, she wondered what kind of expression she would make.

"What's the matter? Who sent you a WeChat message?" Song Wei asked, "Yiyi, if you're unhappy, just tell me! Do you still treat us as friends?"

"Gina sent it ..." Zhuo Yiyi said dejectedly.

"Gina?" Song Wei was stunned for a moment before she asked, "the one from the Faculty of Arts? When did you add her on WeChat?"

"It was during the interview that day!" Zhuo Yiyi pursed her lips and said, "she was the one who insisted on adding me!"

"What did she send?" Song Wei asked.

"What other content could it be?" Zhuo Yiyi sighed and said, "he's just showing off to me ... Sigh! Let's not talk about such unhappy things! I'll just continue looking for a job after I return to the capital. It's no big deal!"

"Hey! Don't stop halfway!" Song Rui asked, "what is it? I still have a few friends in Beijing, they might be able to help you!"

Chapter 1009: You call this problem?

"Uncle, you won't be able to help even if I tell you. That's the capital!" Zhuo Yiyi said unhappily.

Song Wei's heart skipped a beat as she smiled and said, "Yiyi, Uncle Song Rui might really be able to help you with that matter! Just tell me! If you don't want to say it, I'll say it!"

"Don't!" Zhuo Yiyi hurriedly replied. Then, she smiled bitterly and helplessly. "Actually, it's about work!"

As it turned out, Zhuo Yiyi's grades were not as good as Song Wei's, and she had no chance of getting a postgraduate recommendation. Moreover, she wanted to start working as soon as possible, so she had not taken the postgraduate entrance exam at all and had started looking for a job this semester.

Many of the students who were studying in the capital city hoped to stay and work there, and Zhuo Yiyi was no exception.

It wasn't easy for an archaeologist to find a job. Even a graduate from a top university like Yanjing University didn't have many choices.

However, Zhuo Yiyi did manage to find a job that was quite suitable for her. In fact, she quite liked it. It was the work of preserving cultural relics in Yanjing Museum.

This job suited her profession quite well. Besides, Zhuo Yiyi was also quite interested in the conservation of cultural relics. Even though she was currently applying for the Yanjing Museum, it would at most be an official job, but Zhuo Yiyi still signed up without hesitation.

A batch of resumes was eliminated, but since Zhuo Yiyi's specialization was more suitable, she still successfully entered the written test.

After a period of serious preparation, Zhuo Yiyi successfully completed the written test, and her results were rather good. She was ranked second among all the applicants, and naturally, she entered the interview.

This time, Yanjing Museum recruited three people and more than ten people went for the interview.

Zhuo Yiyi felt that her major was more suitable, and her written test results were also very good. She had a high chance of getting this job.

While they were waiting for the interview, the girl named Gina, who had texted Zhuo Yiyi earlier, took the initiative to strike up a conversation with her. She asked about her school, major, written test results, and so on. She even took the initiative to add Zhuo Yiyi on WeChat.

Zhuo Yiyi had always been a carefree person, so she was not on guard against Jin Na. Hence, she told Jin Na about her situation.

After the interview, all they had to do was wait for the notice. Zhuo Yiyi, on the other hand, was bored in the capital. When she heard that Song Wei had moved to Sanshan, she decided to travel to Sanshan by herself. Initially, she thought that the results of the interview would not be out too soon, so she was prepared to go home and spend time with her parents.

She had not expected that Gina would be the one who had sent a message to Zhuo Yiyi, telling her in a flaunting tone that she had been hired.

Zhuo Yiyi immediately logged into Yanjing Museum's official website to check, and found that the recruitment Notice had indeed been released. Her name had fallen from the sky.

Among the three who were accepted, other than the first who won first place in the written test, the other two had very low written results, and Gina was one of them.

Moreover, Gina was only a Chinese major student at an ordinary University in the capital city. She had nothing to do with the conservation of cultural relics. Under such circumstances, she would usually be eliminated in the first round of screening. Yet, she had actually successfully passed the written test and interview. She had even been accepted even though she ranked last. Zhuo Yiyi would rather die than believe that there was nothing fishy about this.

Initially, Zhuo Yiyi had not wanted to say anything, but once she opened her mouth, she could not stop herself from telling him everything that had happened.

Then, she said angrily, "the establishment is really precious these days!" Even a government office like the Yanjing Museum had so many people trying to get in! This group of people probably didn't even know what a cultural relic was, and they just wanted to occupy an establishment to do nothing! We, who are really learning this and love this industry, are being rejected! You really are ..."

Xia ruofei chuckled. "Actually, it's not necessarily the Yanjing museum's problem. This is an institution with a strong academic atmosphere. If the higher authorities had asked, they wouldn't have been able to stop them even if they wanted to!"

Song Wei nodded in agreement and said, "I think they probably only want to recruit one person, but they have to report three targets to be able to recruit one person!"

"Sigh ..." Zhuo Yiyi sighed and said, "I only realized how cruel reality is after I left the school ..."

Song Rui laughed and said, "this is called a problem?" Zhuo Yiyi, don't worry, I'll take care of it!"

Zhuo Yiyi was stunned for a moment. She turned to look at song Rui and asked, ""Uncle, you're not joking with me, right?"

"You're already so anxious," song Rui said, pouting. "I dare to make such a joke?"

Xia ruofei looked at song Rui through the rearview mirror and said with a smile, ""Yiyi, don't worry. Since song Rui has agreed to help, this matter will definitely not be a problem."

"Yeah!" Song Wei immediately nodded in agreement. Yiyi, uncle song Rui will definitely be able to do it!"

Zhuo Yiyi was a little puzzled as she asked, "you guys are actually so confident in uncle?" Why do I feel that this matter is a little mysterious?"

Song Rui was so angry that he immediately took out his phone and said, ""Zhuo Yiyi, just watch! If this matter isn't settled before the plane takes off, then I, song Rui, am bragging!"

After that, song Rui pondered for a while and dialed a number on his phone. He said directly, ""Qiangzi, you are familiar with the people in the Beijing cultural Bureau. Help me do something! I have a friend who applied for the position of cultural relic conservation in Yanjing Museum. She ranked second in the written test, but she was not accepted in the end! This is too much of a bully!"

?

Chapter 1010: You call this a problem?_2

Qiangzi's real name was Xu Qiang. His father was a leader of the Ministry of Culture. The Ministry of Culture was not a particularly powerful Department among the major ministries. Naturally, Xu Qiang's status in song Rui's circle was not very high.

However, it was the most convenient for him to do this.

The Yanjing Museum was a subsidiary of the Jing city's Bureau of culture. The head of the museum was usually a Deputy Director of the Bureau.

Xu Qiang's father was a leader of the Ministry of Culture, so Xu Qiang had a lot of connections in this industry.

Usually, Xu Qiang could barely hang around in song Rui's circle. This time, young master Song actually called him personally to ask him to do something. Moreover, this matter was easy for him, so Xu Qiang agreed without hesitation.

"Brother Rui, leave it to me!" Xu Qiang said, "I'd like to see who has the guts to take the spot of brother Rui's friend!"

Song Rui said lightly, "let's talk about it later. I want to see the results first. My friend's name is Zhuo Yiyi. She came in second in this written test ... Qiangzi, can you finish it in half an hour?"

"No problem! If I can't even do this, then I won't have the face to work with brother Rui!" Xu Qiang said without hesitation.

Then, he laughed evilly and said, "brother Rui, it sounds like a girl!" Isn't this girl super pretty?"

Song Rui said indifferently, "are you itching for a beating?" Don't ask around!"

"Yes, yes, yes! Brother Rui, I'll go do something first!" Xu Qiang quickly said.

"Give me a call if you have any results." Song Rui said and then hung up.

He turned to look at Zhuo Yiyi and said, "I've already told my friend, don't worry! There will be results soon."

Zhuo Yiyi had known song Rui for a long time. Song Rui had always been a good – tempered gentleman, but this was the first time she had seen him so domineering. She couldn't help but take a few more glances at him.

Then, Zhuo Yiyi asked in disbelief, "Uncle ... This ... This is it?"

"It's not a big deal," song Rui shrugged.

Zhuo Yiyi felt that all of this seemed a little unreal, but she also felt that song Rui didn't seem to be lying, so she couldn't help but feel conflicted.

Xia ruofei laughed and said, "Zhuo Yiyi, why are you still so worried?" Even if song Rui didn't help, you won't lose anything, right?"

"That makes sense!" Zhuo Yiyi smiled and said, "the situation can't get any worse anyway ..."

Song Rui knew that it was unlikely that Zhuo Yiyi would be completely at ease just because of his words. However, he didn't want to explain further. After all, once the final results were out, Zhuo Yiyi would know that he wasn't bragging.

Therefore, Song Rui only smiled and did not continue the topic.

The seafood stall was not far from the airport. Xia Ruofei arrived at the airport's parking lot in no time.

Xia Ruofei and Song Rui each pushed a large suitcase. The four of them walked into the airport departure hall.

There was still more than an hour before the flight would take off. After checking in their luggage at the counter and changing their boarding passes, Zhuo Yiyi was not in a hurry to go through the security check. Instead, she followed Xia Ruofei and the rest to the lounge chair in the lobby and sat down.

It had only been ten minutes since Song Rui had finished the call.

Zhuo Yiyi, Xia Ruofei, and the other two chatted with each other. Her mood had been affected by the recruitment incident, and she was not as lively as before.

Xia Ruofei saw a vending machine not far away and asked with a smile, "I'm a little thirsty. I'll go buy a bottle of water. What do you guys want to drink?"

Just then, Zhuo Yiyi's phone suddenly rang.

Song Wei looked at Song Rui and said with a smile, "Yiyi, quickly pick up the phone!"

Zhuo Yiyi took out her phone and looked at the caller ID. It was a landline from Beijing.

"Who is this?" Zhuo Yiyi mumbled to herself as she picked up the call. "Hello!"

A very solicitous voice came from the other end of the phone. "Hello, are you student Zhuo Yiyi from Yanjing University?"

"I'm Zhuo Yiyi. May I know who you are?"

"Hello, student Zhuo! I'm Secretary Hu from the Human Resources Department of Yanjing Museum. "The voice on the other end of the phone became even more enthusiastic. "I'm informing you on behalf of the Yanjing Museum that you have been officially accepted by our Museum. Congratulations!"

Zhuo Yiyi was stunned. She subconsciously glanced at Song Rui and stuttered, "Re ... Accepted? This ... Could you have made a mistake? I didn't see me on the list of candidates that your official website published!"

Officer Hu's voice became a little awkward. "Student Zhuo, that list is only for public use. It's not the final admission Result. After some feedback and the leader's comprehensive consideration, you will be on the final admission list."

Even Mr. Hu himself was baffled. Less than an hour after the official website had announced the name list, the museum's curator had personally come over and asked him to immediately inform Zhuo Yiyi of her acceptance.

In addition, officer Hu also heard the director go to the office next door and very urgently ask the colleague in charge of the maintenance of the official website to immediately withdraw the notice and replace it with a new one.

In fact, it wasn't just officer Hu, even the museum's curator himself was still confused. Just a few minutes ago, the director of the city's cultural Bureau had personally called to criticize the museum's recruitment work. He said that some of the more professional and comprehensive comrades had been inexplicably excluded from the list, and that this was a serious dereliction of duty by the museum's recruitment leader, and so on.

Immediately after, the director of the Cultural Affairs Bureau instructed that Zhuo Yiyi, who had placed second in the written test, must be admitted.

The curator of the museum was also a party member and Deputy Director of the cultural Bureau, so he couldn't help but ask around. It was only then that he found out that a Deputy Director of the Ministry of Culture had personally called to ask about this matter because of Zhuo Yiyi.

Beijing was a municipality. The director of the cultural Bureau was at the main department level, and the curator of the museum was also at the Deputy department level. Speaking of which, the Deputy Director was only at the same level as the curator.

However, in the officialdom, matters could not be simply judged by the administrative level. The Deputy Secretary of the municipal Party Committee and the Deputy – mayor of a Prefecture – Level city were both Deputy Directors. However, one was the third – in – command of the city, while the other had not even entered the Standing Committee. The power of speech was on a completely different level.

The Deputy Director was the Department leader of the higher authorities. He had direct supervision and guidance power over the city's cultural Bureau. Even if a director or a Deputy Director made the call, the director would pay great attention to it, let alone the Deputy Director.

The curator broke out in a cold sweat when he heard the news. He didn't have time to ask any other questions and directly asked the director to remove Gina from the list.

In fact, among the three criteria, the first place in the written test was based on her own ability, while the other two were accepted through connections. Moreover, Gina was not much different from the other person's client in terms of rank. Under the same circumstances, the museum had no other choice but to get Gina in.

Who asked her to have the worst grades?

Everything had been settled in just a few minutes. Gina had no idea that the organization that she had spent so much effort on had already flown away and landed in the hands of Zhuo Yiyi, who had lived up to her reputation.

After Zhuo Yiyi heard this, she felt as if she was in a dream. She repeatedly confirmed it with that Secretary Hu.

Officer Hu knew that this future colleague of his had a very powerful background, so he could only patiently answer Zhuo Yiyi's questions, which were almost all the same.

In the end, after Zhuo Yiyi hung up the phone, she immediately logged into the official website of Yanjing Museum to take a look. She realized that the list had indeed been changed, and she was on it.

“Ah!” Zhuo Yiyi shouted happily. Ignoring the strange looks from the people in the departure hall, she hugged Song Rui and said, “uncle, you’re too awesome! It was really settled with one phone call!”
