

## God tier Farm 101

### Chapter 101: Eccentric (1)

Xia ruofei frowned when he heard that. However, before he could say anything, pang Hao, who was beside him, said unhappily, "Liu Hang, what do you mean? Can't RUO Fei leave the Army earlier?" Liu Hang spread his hands innocently and said, "I didn't mean anything else! I'm just concerned about Xia ruofei! If there was any stain in the Army, the file would have to be brought to the local area. My dad works in the Civil Affairs Bureau, so he has some say in this. If RUO Fei really gets punished, it's best to think of a way to get rid of it, or it'll affect her future ..." Xia ruofei could tell that Liu Hang was probably unhappy that Jian Jia was the former class monitor after he became the center of attention. After all, he had always been the center of attention. That was why he deliberately spoke ill of Xia ruofei and secretly showed off his father's power. Of course, it could also be that Liu Hang did not like Xia ruofei because of the grudges they had in school. However, Xia ruofei felt that Liu Hang's behavior was ridiculous. He had no intention of competing for the limelight, but Liu Hang treated him as a threat. How petty. Pang Hao's eyes widened as he said, "do you look like you're going to help RUO Fei?" You ... "Chubby boy, that's enough ..." Xia ruofei interrupted pang Hao and looked at Liu Hang. "Thank you for your concern, class monitor. I'll look for you if I need anything." "MMH! You don't have to be polite with me!" Liu Hang said with a fake smile on his face. At the same time, he looked at the students around him with a sense of superiority. Xia ruofei looked at him indifferently and then turned to Yuan Lili. He asked with a smile, "Oh right, why don't I see your fiancé?" Yuan Lili could tell that Liu Hang and Xia ruofei did not get along. As the host, she was thinking about how to resolve the awkwardness. Seeing that Xia ruofei had changed the topic, she immediately smiled and said, "My husband is still in New York! He's very busy with his investment bank work, so he could only rush back on the day of the engagement. Today is just a small gathering between us classmates, and it's also my bachelor party. We'll hold our wedding in the United States. " "So it's like this! "It's not easy for successful people like you ..." Xia ruofei said with a smile. "What successful person! "I'm just trying to make a living abroad ..." Yuan Lili said humbly, then continued, "by the way, since everyone is here, let's not stand here and talk. Let's go to the hotel!" "Yes, yes, yes. Let's talk at the hotel!" Liu Hang immediately said, "my car can fit four people. Lili, you can sit in my car!" "Alright!" Yuan Lili said with a smile. "I came in RUO Fei's car, let's get in his car later!" Guan Ping said. Hearing that, pang Hao immediately said, "ruofei, you're driving!" Then I'll take your car too ..." Liu Hang was stunned for a moment and then asked, "Ruofei, you just left the Army and you're already buying a car! I've been working for more than three years, and I only bought a Toyota Ruizhi last year ... Sigh, I spend a lot, so I can't save money!" "By the way, what car did you buy?" he asked. "Great Wall pickup truck," Xia ruofei said with a faint smile. "A pickup?" Liu Hang showed an exaggerated expression and said, "who still drives a pickup truck these days? RUO Fei, you're not joking with me, right?" "What's there to joke about?" Xia ruofei shrugged his shoulders and said indifferently, "I think the pickup is quite convenient! It's also very practical for work. " "What?" Liu Hang immediately asked. "Ruofei, have you settled your work? Where do you work? Why do you need a pickup?" Xia ruofei felt that Liu Hang was really annoying. However, since it was Yuan Lili's treat today, he did not want to make the atmosphere too stiff. So, after thinking for a while, he said, "I didn't plan to settle down. I'm now planting my own vegetables in the suburbs!" "Grow vegetables? You went to suburbs to be a farmer?" Liu Hang's expression was very exaggerated. "Why didn't you come to me earlier? My dad is the chief of the Civil Affairs Bureau, so our family can help with the resettlement after retirement!" "I think it's good to start your own business." Xia ruofei said with a slight frown, his face showing a trace of impatience.

Liu Hang showed a look of understanding and said, "That's true. The placement of retired soldiers is worse than that of changed military officers. Moreover, you have a high school diploma, so it's not easy for you to be authorized! So you don't have to settle down, it's actually quite wise to get more retirement fees ... Besides, it's not a bad time to grow vegetables! If you work hard, it's not a problem to earn a few thousand Yuan a month." He seemed to be thinking for Xia ruofei, but in fact, he was belittling Xia ruofei. Guan Ping and pang Hao couldn't stand it anymore. Seeing this, Yuan Lili quickly said, "Let's not chat here. Who else is driving? Let's split up and go to the hotel!" Another two students who had driven over also tried to smooth things over and invited everyone to sit in their cars. There were only twelve or thirteen people in the group, so four cars were naturally more than enough. Liu Hang's words seemed to have an effect. The girls who were very friendly to Xia ruofei did not ask to ride in his car after hearing that he was a "vegetable farmer". In the end, only Guan Ping and pang Hao were in Xia ruofei's pickup truck. Along the way, Guan Ping and pang Hao criticized Liu Hang for being unkind. Xia ruofei, on the other hand, did not take it to heart. In his eyes, Liu Hang's sense of superiority was not worth mentioning at all. In fact, it was very ridiculous. Very quickly, Xia ruofei followed the car in front and arrived at a restaurant by the min River. Xia ruofei looked at the sign. This restaurant was called Hong Tian restaurant. Xia ruofei, who had grown up in Sanshan city, had heard of it. It was considered a long – standing brand that specialized in authentic min cuisine. As Xia ruofei's car was the last to enter, he was led to a parking lot further away. When Xia ruofei parked the car and walked into the restaurant with pang Hao and Guan Ping, they heard Liu Hang's loud voice. "What are you guys doing? I clearly said on the phone that I want to book Lakshmi Pavilion, and now that my guests have arrived, you're telling me that Lakshmi Pavilion has already been booked?" Liu Hang slapped the front desk angrily. The front desk manager carefully explained, "supervisor Liu, I'm really sorry. After I received your call, I immediately went to the front desk to confirm the reservation. However, Lakshmi Pavilion has indeed been reserved. So, I arranged for you to go to Ru Yi Pavilion, which is opposite. I also sent you a text message." "A text message?" Liu Hang immediately took out his mobile phone. Sure enough, there was a text message from the manager. He had been visiting the campus of No. 2 middle school with Yuan Lili and the others just now, so he did not notice the text message. "I don't care about your text messages." Liu Hang closed his phone and said, "we only get together once every ten years, and you arranged a trashy room like the Ruyi Pavilion for me? Do you still want to keep your hotel? Go and coordinate a change of private room for me immediately! I'm determined to get this Lakshmi Pavilion tonight!"

## **Chapter 102: The private room storm (1)**

Xia ruofei and the other two walked forward. Guan Ping pulled over a familiar classmate and asked, "What's the situation?" Through the student's story, Xia ruofei and the other two finally understood the general situation. It turned out that Liu Hang had volunteered to book a restaurant for Yuan Lili today. When they arrived at Hongtian restaurant, the front desk manager told him that the private room of Ji Xiang Pavilion that he had wanted had been reserved. He also sent a text message to Liu Hang to inform him of the matter. At the same time, the front desk manager also adjusted the layout of the Ruyi Pavilion private room for Liu Hang, which was exactly the same as Lakshmi Pavilion. However, Liu Hang was determined to find Lakshmi Pavilion, so he made a scene in the lobby of the restaurant. "Since the layout is the same, what's there to make a fuss about?" Xia ruofei asked in confusion. The student smiled bitterly. "The layout is the same, but Lakshmi Pavilion is a private room by the river. You can see the river view when you eat, but you can only see the hotel parking lot in Ruyi Pavilion ... And the class monitor may feel that she has lost face ..." Xia ruofei was speechless. Wasn't

this a little too pretentious? Although the hotel was at fault, it was just a meal, so they should be more understanding of each other! Besides, he had informed her immediately. It was just that she didn't notice the message. "Section Chief Liu, this ... The customer over there made a reservation first. It's not easy for us to coordinate ..." The front desk manager said awkwardly. Seeing that, Yuan Lili also said, "Liu Hang, why don't we forget about it? isn't it the same if we get together as classmates in any private room?" Xia ruofei also smiled. "I agree. It's a rare gathering. It's a happy occasion. There's no need to spoil the mood over such a small matter." When Yuan Lili spoke, Liu Hang's face only darkened a little. But when he heard Xia ruofei echo her words, he immediately frowned and said impatiently, "Xia ruofei, don't talk nonsense! Was this a small matter? When have I, Liu Hang, ever suffered such vexation? If you can't even book a private room you want, will you be able to enjoy this meal?" Xia ruofei pursed his lips and laughed silently. Liu Hang really thought he was a pushover. Just now, Yuan Lili had the same opinion, but he did not say anything. However, once Xia ruofei opened his mouth, he immediately scolded him. However, since Yuan Lili was treating them to dinner today, Xia ruofei did not want to make the atmosphere too stiff. He used his eyes to stop pang Hao and Guan Ping who were about to flip out. He simply stood at the side with his arms crossed and watched the show. Since Liu Hang wanted to be in the limelight, he would let him perform to his heart's content. In Xia ruofei's eyes, Liu Hang was no different from a clown. Liu Hang raised his head and said to the front desk manager, "Since you can't make the decision, then go and call your store manager he over!" The front desk manager said with a strange expression, "I'm sorry, Section Chief Liu, but Branch Manager he left his job a few days ago ..." "You ..." Liu Hang was choked up. His expression was as if he was constipated. At this time, another female student said, "Manager, why don't you tell us who booked Lakshmi Pavilion? Let's talk to him about changing rooms, okay?" Liu Hang's eyes immediately lit up and said, "Yes, yes, yes! Tell me, who made the decision for Lakshmi Pavilion? I'll call him personally! I don't believe that I, Liu Hang's, face doesn't work in the three mountains ..." "Class monitor, it seems that you've been doing well in the system these past few years!" "Isn't that so? How many years has class monitor Liu been in the company? He's already a Section Chief!" "Who would dare to not give face to Section Chief Liu?" The few classmates were all complimenting him. Liu Hang was obviously very pleased. He glanced at Xia ruofei, intentionally or otherwise, with a sense of superiority. The front desk manager hesitated for a moment. It was definitely against the rules to disclose the customer's information, but Liu Hang was obviously not willing to let it go. Moreover, the person who made the reservation at Lakshmi Pavilion was also a person in the system, so she made a decision after weighing the pros and cons. "Section Chief Liu, Lakshmi Pavilion has been booked in advance by Section Chief Hao from the provincial Civil Affairs Department." The front desk manager said carefully, "why don't ... You discuss this with him? However, please don't say that I leaked the information, it's against the rules ..." Liu Hang's proud look froze when he heard that. What kind of international joke is this? To discuss with Section Chief Hao of the provincial Department about changing rooms? My old man is only a Section Chief in the district Civil Affairs Bureau, and he has to be polite to the Section Chief of the provincial Department. I'm just a small section Chief, and you want me to give orders to the Section Chief of the provincial Department? Liu Hang really hated this gentle front desk manager now. If she had told him earlier that Lakshmi Pavilion was reserved by Section Chief zou, he would definitely have gone with the flow. Now that she had said it in front of so many students, wasn't it impossible to back down? Everyone had been in society for a long time, so they had the ability to read people's expressions. Therefore, when the little fatty pang Hao saw Liu Hang's expression, he almost could not hold back his laughter. Guan Ping was annoyed by Liu Hang's condescending tone when he spoke to Xia ruofei, so he said

directly,””Class monitor Liu, quickly go and talk to this Section Chief Zou and ask him to obediently give up the private room!” Hearing this, Pang Hao couldn’t help but chuckle,””Yup! The problem with the box is related to our class monitor Liu’s face. It’s no small matter!” Xia Ruofei smiled as he watched the show from the side, a warm current flowing through his heart. Xia Ruofei could tell that Guan Ping and Pang Hao were not doing very well. Liu Hang, on the other hand, obviously had a certain amount of power. However, the two of them were willing to offend Liu Hang just to help him get back at him. Their friendship from their middle school days had not diminished in the slightest. Liu Hang’s face turned red as he glared at Pang Hao and Guan Ping with hatred. It was obvious that he hated both of them along with Xia Ruofei. Seeing the awkward atmosphere, Yuan Lili quickly tried to smooth things over,””Liu Hang, let’s forget it ... Since they booked it first, let’s change to another room. It’s the same no matter where we are!” Liu Hang heaved a sigh of relief. Although he had slapped himself in the face, at least he had a way out. He quickly said,””Alright ... After all, first come, first served. Since you, the master, don’t mind, I have no objections either ...” The few students who had just praised Liu Hang now had strange expressions on their faces. The class reunion hadn’t even started, but the atmosphere had already become quite strange. Just as everyone was about to head to the elevator, a surprised voice suddenly came from the door.””Mr. Xia! Are you here to eat?” Xia Ruofei and the others stopped and turned around. They saw a curvaceous and charming young woman in a black professional suit walking over with a warm smile. The person was the new Procurement Manager of Ling Ji F & B. When Xia Ruofei first provided paradise vegetables to Ling Ji F & B, it was Ling Qingxue who personally brought her to Xia Ruofei’s Villa. “So it’s big sister Xu! You’re here to eat too?” Xia Ruofei smiled and greeted him. Then, she said jokingly,””Isn’t your own company in the F & B industry? Why is the fertile water still flowing into the fields of others?” “Mr. Xia, you’re so funny ... Didn’t Qingxue tell you?” Manager Xu chuckled. The Hong Tian restaurant has been acquired by our Ling Ji F & B, and it’s now a fully owned subsidiary of us that specializes in min cuisine. “

### **Chapter 103: I’m really just a vegetable**

Xia Ruofei couldn’t help but be dumbfounded. After a while, he smiled bitterly and said,””No way? What a coincidence! I’m just having a meal and I’m in your territory ...” At this time, a man in a suit and leather shoes hurried over and said,””Manager Xu, Welcome to our shop for inspection and guidance! We would also like to thank the head office for your care and concern for Hongtian restaurant. We have been looking forward to this batch of Taoyuan vegetables! I’ve been looking forward to this day ...” Manager Xu smiled apologetically at Xia Ruofei before turning to the man in the suit and said,””Store manager Lin, Taoyuan vegetables are in the car outside. You can have them move to the back kitchen! Also, Mr. Ling told me to check the purchasing records of the other branches. Please get them ready, I still have something to deal with here. ” “Alright, alright!” Branch Manager Lin said hurriedly. He handed it over to the front desk manager and quietly gave a few instructions to have the people below move the vegetables and prepare the accounts. He himself stood somewhat cautiously on the side, urging the head company’s department manager to come to the branch. That was the Imperial envoy! He had to be served carefully. When Manager Xu faced Xia Ruofei, his facial expression immediately became very gentle and respectful. “Mr. Xia,” she asked,””if I may ask, is this a gathering of friends?” “Oh! It’s our tenth graduation anniversary, so we’re all going to have a meal together. ” Xia Ruofei said with a smile. After that, Xia Ruofei introduced Manager Xu to the students. Manager Xu nodded enthusiastically to everyone. When Xia Ruofei’s middle school classmates heard that this B \* tch was actually the famous Ling Ji’s F & B procurement department manager, and that the new branch Manager of Hongtian

restaurant was also respectful to her, yet she was so polite in front of Xia ruofei, they immediately looked at Xia ruofei in a different light. Liu Hang's face turned red and white. He did not expect Xia ruofei, who called himself a "vegetable farmer", to have such a big reputation. Compared to his previous poor performance, he really wanted to find a hole to hide in. "Mr. Xia, when I came in just now, I saw that you two didn't seem to be happy." Manager Xu asked, "is there something wrong with the service?" As soon as manager Xu said this, Branch Manager Lin, who was next to him, suddenly became nervous. "It's nothing." Xia ruofei smiled faintly. However, the private room we wanted has already been booked in advance. We were just discussing the change of private rooms!" "Oh?" When manager Xu heard this, he immediately turned to manager Lin and said, "manager Lin, prepare the top floor's Linjiang Pavilion for Mr. Xia and the others immediately!" When Branch Manager Lin heard that, he was stunned for a moment, then said hesitantly, "Manager Xu, Linjiang Pavilion is CEO Ling's private room. This ..." As it turned out, Ling Xiaotian, who was from the three mountains, had a special liking for min cuisine. In terms of the degree of authentic min cuisine, the large – scale Ling Ji restaurant chain could not be compared to the decades – old Hong Tian restaurant. Therefore, after Ling Xiaotian had acquired Hong Tian restaurant, he had specially ordered people to renovate a large private room on the top floor. This private room was reserved for Ling Xiaotian's personal use, and was not open for business. So, even though manager Xu had spoken, Branch Manager Lin still felt that it was very difficult for Wanwan. After all, manager Xu was only a department manager at the head office, but the Linjiang Pavilion was the private room of the boss of the company! Manager Xu frowned and said, "what's wrong with President Ling's private room?" Mr. Xia was CEO Ling's esteemed guest, so of course, he had to open the best private room to receive him! Why don't you ... Give President Ling a call and ask for instructions?" Branch Manager Lin's forehead was covered in sweat, and he quickly said, "I don't dare, I don't dare, I'll arrange it immediately!" He also secretly scolded himself for being out of his mind. Since manager Xu had already spoken, he would just do as she said. Anyway, if President Ling really wanted to blame someone, she would be the one to take responsibility. But now, the private room had to be opened, and he had offended her for no reason. Manager Xu nodded expressionlessly. Then, he turned to Xia ruofei and smiled. "Mr. Xia, I'm really sorry. The people below don't know your identity ... I've already ordered them to move you to the top floor, Linjiang Pavilion." Xia ruofei could feel the strange looks from the students around him. He could not help but smile bitterly. "Big sister Xu, there's no need for that! We don't have many people, so the Ruyi Pavilion is fine. " "That won't do!" Manager Xu said seriously, "if CEO Ling finds out that we have neglected you, I can't bear the blame ..." "Well ..." Xia ruofei smiled bitterly and turned to Yuan Lili. "Yuan Lili, since manager Xu is so polite, shall we change to another room?" "Sure, let's take advantage of you!" Yuan Lili nodded with a smile. When Branch Manager Lin heard that, he quickly led the way and led Xia ruofei and the others to the exclusive elevator of the private room in Linjiang Pavilion. They went directly to the top floor. The Linjiang Pavilion private room was located above the auspicious Pavilion and the Ruyi Pavilion. It was as large as the two private rooms combined and was very spacious. Facing the river were two full glass curtains, allowing one to enjoy the 270 – degree view of the river with no dead angle. The luxurious decorations in the room made Xia ruofei's junior high school classmates feel like they were in a Grand View Garden. A thick white wool carpet covered the entire room, and against the wall was an antique pure oak Museum shelf, on which was a dazzling collection. In front of the shelf was a row of luxurious handmade Netherlands sheepskin couches, and an exquisite tea set was placed on the marble coffee table. On one side of the glass wall, there was a large, luxurious round table. On top of the Round Table, there was a bright Crystal lamp. The hanging ornament swayed gently in the breeze, reflecting a blurred light. The glass window on the

curtain wall was half – Open, and as the river Wind blew, the tassel – like gauze curtain gently swayed, making people feel relaxed and happy. Every detail in the private room was done to the extreme. There was clearly a Western luxury and a Chinese classical, but the two completely different styles were harmonious in this place, making people feel that there was no sense of disharmony. Even Liu Hang, who was self – proclaimed to be knowledgeable, could not help but click his tongue when he entered the room. He had been to this restaurant many times, but he had never known that there was such an extremely luxurious room hidden on the top floor. Manager Xu personally made tea for everyone, and store manager Lin became an errand boy, directing the youngest and prettiest waitresses in the store to get busy. After chatting for a while, everyone went to the Round Table and took their seats. Manager Xu also tactfully took his leave. The students were all curious about Xia ruofei. Yuan Lili took the lead and asked with a smile, “Xia ruofei, we’re all thanks to you today! This was definitely the treatment of a top VIP! Tell me the truth, what do you do? Why does the famous Ling Ji restaurant have to be so polite to you?” “Yes, yes, yes, if you dare to hide anything, I’ll make sure you die without a burial ground!” Pang Hao also joined in the fun, the fat on his face jiggling as he laughed, looking very comical. The other students also echoed. Only Liu Hang lowered his head slightly, and his face was frighteningly gloomy. Xia ruofei forced a smile and said, “didn’t I already tell everyone?” Actually, I’m just a vegetable farmer ...” “Tsk! Who would believe that?” Pang Hao shouted, “students, do you believe me?” “I don’t believe it!” Xia ruofei’s classmates all laughed. At this moment, the restaurant’s Branch Manager Lin personally came in with a dish. He had a warm smile on his face, but there was a heartache in his eyes that could not be hidden, making his smile seem a little bitter ...

#### **Chapter 104: Can’t keep a low profile (1)**

“Mr. Xia, distinguished guests, this is our store’s latest Taoyuan vegetable series. Please enjoy!” Branch Manager Lin tried to make his voice sound calmer and forced a smile. His intestines were about to turn green from regret. Although he had followed manager Xu’s instructions to open the private room in Linjiang Pavilion, he still felt very uneasy. After much thought, he couldn’t help but sneak out and call Ling Xiaotian to report the matter. He did not expect that once Ling Xiaotian heard that it was Xia ruofei, he would immediately order him to do his best to ensure the service and that all expenses tonight would be free. This was not a big deal. Ling Xiaotian was the boss anyway, and the loss of the bill was not his own money. However, what Ling Xiaotian ordered next made store manager Lin want to cry but had no tears. Ling Xiaotian had asked him to prepare Taoyuan vegetables for Xia ruofei’s table, and to serve each dish. Recently, the Paradise brand vegetables of the Ling Ji restaurant chain had become their well – known signboard. Many gluttons from other places came to try it, bringing a lot of popularity to the Ling Ji restaurant. Branch Manager Lin had also applied for many days before he managed to “snatch” a few catties of shares from several flagship stores in the city to Hongtian restaurant. He had originally wanted to use Taoyuan vegetables to boost his sales. He did not expect that Ling Xiaotian would give half of his daily share to Xia ruofei’s table with just one sentence. Moreover, it was provided for free. However, he didn’t dare to disobey the big boss’s orders. He could only tell the kitchen to hurry up and cook with a sad face. Xia ruofei’s classmates did not feel anything. Although many of them had heard of the Taoyuan vegetables, they did not have a direct understanding of their value. Even Yuan Lili thought it was Xia ruofei who had arranged the menu. Only Liu Hang’s eyes narrowed slightly when he heard the words “Taoyuan vegetables.” He often went out to socialize, so he naturally knew about the recently famous Taoyuan vegetables. Moreover, he even went to Ling Ji restaurant to try it out. However, he didn’t get what he wanted even after two visits. Now that paradise vegetables was too popular, unless

he had an internal relationship, he would still need to make a reservation many days in advance to go to Ling Ji restaurant. He was just a small section Chief of the district Civil Affairs Bureau, so he did not have that much face. He did not expect Xia ruofei to have such power even though he did not show off. Liu Hang could not help but secretly look at Xia ruofei, who was still calm and collected. Many thoughts flashed through his mind. "Thank you, Branch Manager Lin." Xia ruofei said with a gentle smile. Then, he said to Yuan Lili and the others, "students, let's try the cooking of the chef of Hongtian restaurant!" It was a dish of stir – fried spinach. The green spinach looked particularly attractive on the White porcelain plate. The appearance of the Paradise vegetables had always been excellent, and it was very easy to arouse people's appetite. Everyone responded one after another. Everyone picked up a piece of spinach and put it in their mouths, even Liu Hang. After tasting it, everyone's expression became rich and colorful. After chewing and swallowing, they couldn't stop praising the taste of the Paradise vegetables. "A few days ago, a colleague ate paradise vegetables at Ling Ji restaurant and bragged about it to us after he came back. I finally got to taste it today!" Guan Ping said excitedly, "I can only say that I've wronged that colleague. He wasn't bragging at all, it was really delicious!" "I've been hearing people talking about Taoyuan vegetables these days. I only realized how delicious they are after I tried them today!" Pang Hao also said. A female classmate said remorsefully, "Aiya! I actually forgot to take a picture and post it on my moments. It's not easy to eat paradise vegetables, so I'd be letting myself down if I didn't post it on my moments to show off!" This female student's words immediately resonated with several other students. Everyone felt that it was a pity because there was not much of the spinach left. At this moment, store manager Lin hurriedly said, "dear distinguished guests, there are five more dishes. All of them are high – Quality vegetables from paradise. You can take as many photos as you want." "Oh, really? That's great, that's great!" "Don't move! Let's talk after I'm done taking the photos!" "Same beat, same beat!" Xia ruofei found it funny that his classmates were so excited. He smiled at Branch Manager Lin and said, "Branch Manager Lin, I'll have to trouble you. Please convey my gratitude to President Ling!" "You're welcome ..." Branch Manager Lin said quickly. "I'll go to the kitchen to rush you. Please wait a moment ..." With that, store manager Lin bowed slightly to the crowd and left the private room. As soon as store manager Lin left, these middle school students focused their attention on Xia ruofei. If the incident in the private room just now had surprised them, then the Taoyuan vegetables had really shocked them. Xia ruofei had always wanted to keep a low profile, but things just happened to be so coincidental. Today, Yuan Lili was treating him to dinner, so he didn't want to overshadow the host. He raised his glass with a smile and said, "Students, don't forget today's main topic! I suggest that we all give a toast to Yuan Lili and wish her a happy marriage!" "Good! Congratulations!" "Come, cheers!" Yuan Lili raised her cup and said with a smile, "Thank you, ruofei. Thank you, everyone!" Everyone drank a glass of wine together. After a while, the remaining Taoyuan brand vegetables were served one by one. Everyone naturally took pictures from various angles and then ate together. Even though Xia ruofei had intentionally led the topic to Yuan Lili, he still inevitably became the focus of the crowd. Even Yuan Lili herself had specially toasted Xia ruofei several times. After everyone entered society, it was inevitable that they would become more realistic than before. In comparison, Xia ruofei, who had been in the Army for seven years, did not have the aura of a profiteer. He had always been indifferent to money. Of course, this was also because he had a killing weapon like the spirit map scroll, so he didn't have to worry about money. They had enjoyed the luxurious Riverview Suite, the red wine that Ling Xiaotian had secretly stashed away, and the vegetables that were as popular as the sun in the sky. Xia ruofei's junior high school classmates were naturally quite satisfied. Only Liu Hang was silent throughout the whole process. Even when he was tasting the delicious Taoyuan

vegetables, he was absent – minded and looked at his phone from time to time. Guan Ping, who was sitting beside Xia ruofei, nudged him and whispered, “You’re pretty fast, kid! He’s even meeting his parents!” Xia ruofei was confused and asked, “What parent – Teacher meeting? What parent – Teacher meeting?” “You’re still pretending, aren’t you?” Guan Ping smiled mysteriously and said, “didn’t you go back with the school Belle to meet her parents? President Ling is so good to you. Tonight’s arrangement is simply meticulous!”

## **Chapter 105: endless life**

Xia ruofei felt as if ten million alpacas had just run over him. What the hell was this? Initially, Guan Ping had thought that Xia ruofei had received such preferential treatment at a subsidiary branch of the Ling Ji restaurant because his relationship with Ling Qingxue had been confirmed, and that he had already become the future son – in – Law of Ling Xiaotian. Seeing Xia ruofei’s speechless expression, Guan Ping chuckled and said in a low voice, “Alright, alright! Don’t pretend to be innocent ... I’m still a loyal friend, haven’t I been keeping your secret?” “Protect your sister! “I really didn’t ...” Xia ruofei said as if he had said it. He smiled bitterly and helplessly. “Forget it, forget it. You can think however you want ...” Xia ruofei did not even have the strength to explain. If Guanping misunderstood, he could only let him be. When everyone was almost done eating, Yuan Lili quietly got up and went out. After a short while, she returned to the private room with a bitter smile and said, “Ruofei, you’re too polite ...” “What’s wrong?” Xia ruofei asked, confused. “I just went to settle the bill, but they said you’ve already paid.” Yuan Lili reproached, “I’m treating my classmates to a meal before my engagement. How can I let you pay for it? How much did this meal cost? I’ll transfer it to you later. ” “I didn’t ...” Xia ruofei smiled helplessly. He thought for a moment and understood the reason. He said, “I understand ... Yuan Lili, don’t worry about this. I have a good relationship with the owner of this restaurant. I guess he told me to give you a free meal.” “How can we do that? I’ll just give you the money!” Yuan Lili said. “The problem is that I didn’t spend any money ...” Xia ruofei shrugged helplessly. “I’ll just pretend that you’re paying for this meal. It doesn’t matter who’s paying! What’s important is that we can get together, right?” Yuan Lili wanted to insist on her opinion, but her classmates also tried to persuade her. Some people said that Xia ruofei had stolen the limelight from Yuan Lili, but most of them were just joking. At this time, Liu Hang said, “Yuan Lili, Xia ruofei is right. It’s most important to have fun together. Besides, a meal doesn’t cost much. You don’t have to be so formal.” “This meal isn’t cheap ...” Yuan Lili said with a bitter smile. “Let’s not talk about those high – end seafood. Although I haven’t been back in the country for long, I know how popular Taoyuan vegetables are in Sanshan city. One dish costs at least a few hundred Yuan ... Not to mention that so many dishes were served today. Even if other people have money, they can’t get to eat it!” “Yuan Lili, don’t argue with us. At most, when your fiancé returns to China, he can treat us to a meal.” Xia ruofei said with a smile. “Yes, yes, yes ...” Liu Hang said, “let’s take it as Xia ruofei treating us today!” How about this, since Yuan Lili has returned to China and we can get together as classmates, I’ll arrange the next program!” “Supervisor Liu, there’s still another program coming up?” pang Hao asked with a smile. “Of course, the nightlife has just begun!” Liu Hang said, “I’ll take everyone to a good place later. Ordinary people can’t even enter the gate!” “Oh, really? Then we’ll have to take a good look!” Guan Ping also said jokingly, “class monitor, there’s no problem with the box this time, right?” Previously, Liu Hang had been acting weird towards Xia ruofei. As Xia ruofei’s Good Brothers, Guan Ping and pang Hao could not stand it. Now that Liu Hang, who had been sulking the entire night, was acting arrogantly again, Guan Ping could not help but want to give him a blow. “What do you know? They’re on a membership system!” Liu Hang said disdainfully, “members will have a

private room at any time!” Then, Liu Hang turned to Yuan Lili and said, “Yuan Lili, Xia ruofei was the host for the meal just now. Now, I’ll be the host to celebrate with you. You’re not going to reject me, are you?” “Of course we have to give our class monitor face,” Yuan Lili said with a smile. “We don’t have to spend any money anyway. Don’t you agree?” The students laughed and agreed with Yuan Lili, while Xia ruofei could only smile bitterly in his heart. The atmosphere of the class reunion had changed a long time ago, but it would not be good to leave halfway, so he could only go with them. He could imagine that Liu Hang must be trying to show off and beat him, but he felt that such a comparison was too childish. Everyone had eaten and drunk their fill, so Liu Hang took everyone to the next scene. So, the group left Hongtian restaurant. Liu Hang found a few substitute drivers and drove them straight to the city center. Xia ruofei sat in the passenger’s seat and felt that the road was familiar. When they arrived at the parking lot, Liu Hang led a group of students to the scenic Area of San Fang Qi Street. Xia ruofei could not help but have a strange look on his face. Sure enough, after a while, Liu Hang led everyone to the entrance of the West River Moon Club. Xia ruofei couldn’t help but rub his forehead. What was going on today? why was it not Ling Ji restaurant but Xijiang Moon Club? Can’t we just have a gathering with our classmates in a low – Key manner? Liu Hang directly went up to the Man in Black at the door and said, “”Young master Li used his membership card to help me book a private room in the plum blossom Hall. He had already informed your manager ...” Xia ruofei couldn’t help but shake his head. Liu Hang didn’t even have Xi jiangyue’s membership card. He even asked someone to reserve a private room to show off. He really didn’t know how strong this guy’s vanity was ... Xia ruofei reached into his pocket and squeezed The Platinum Card. After some thought, he put it back. The Man in Black had a cold expression on his face. After confirming with the people inside through the walkie – talkie, he nodded and let them in. Liu Hang led Yuan Lili and the others into the courtyard of the club. Immediately, a tall waiter in a cheongsam came forward and led them to the private room. Liu Hang introduced proudly, “this Xijiang Moon Club is not a place that just anyone can enter!” Even I don’t have a membership card here, but I have a good friend who is a Silver member here. Today, I asked him to book a private room for me, so that everyone can see the life of the upper class!” The students were dazzled by the splendid decorations in the club. Liu Hang continued to boast, “”I often come here to eat with young master Li! Almost every time he came, he would meet celebrities ... He heard that Heavenly King Liu would invite his friends to San Shan for his concert! If you’re lucky, you might even meet your idol!” Liu Hang’s vanity was greatly satisfied when he saw his classmates’ envious looks. He looked at Xia ruofei as if he was showing off his strength, but Xia ruofei still looked indifferent. This lowered his sense of achievement by a lot. Soon, they arrived at the lobby of the club. Xia ruofei immediately saw the charming and graceful lobby manager. Coincidentally, the lobby manager also looked over. When she saw Xia ruofei, she was stunned for a moment before her eyes widened. However, before she could speak, Xia ruofei shook his head discreetly and gave her a look. The lobby manager immediately understood and smiled at Xia ruofei. He did not go forward to disturb him. However, when Xia ruofei and the rest followed the female receptionist through the lobby and walked to the plum blossom Hall, the lobby manager immediately walked to the side and gave President Zheng a call ...

## **Chapter 106: Share in the glory (1)**

“President Zheng, Mr. Xia just came to the clubhouse.” The lobby manager said respectfully. “Brother Xia is here? Why didn’t he give me a call in advance?” President Zheng was a little surprised and immediately said, “little Meng, you must take good care of brother Xia ... Hmm, the noble Hall is empty tonight, right?” I’ll arrange it for brother Xia ...” “President Zheng, Mr. Xia came with some friends. He

doesn't want me to disturb him." The lobby manager reported. "I see ..." President Zheng pondered for a moment and said, "then find out which private room they are in and give them a bottle of good wine in the name of the club. I'll go back now!" We'll talk about it when I'm back!" "Alright, President Zheng!" The lobby manager replied respectfully. After the phone call, she immediately paid more attention to Xia ruofei. She knew that President Zheng was playing cards at a friend's house tonight. She didn't expect that once he heard that Xia ruofei was coming, he would immediately put down his game and rush back. How much did he value Xia ruofei? She immediately beckoned for a service staff and asked her to find out which private room Xia ruofei and the others were in while she personally went to the warehouse to pick the wine. Xia ruofei and the rest soon arrived at the plum blossom Hall. The plum blossom Hall was not big. After Xia ruofei and a dozen people went in, it seemed a little crowded. It was obvious that Liu Hang's reputation was limited. However, any private room or private room in the West River Moon Club was quite exquisite. Such a medium – sized private room, whether it was the luxuriousness of the facilities, the professional sound system, or even every detail, was naturally more than a little better than the average nightclub or KTV. "Come on! Everyone, feel free to sit!" Liu Hang greeted everyone with a smug expression. Then, he asked the waiter to order some drinks, fruit platters, snacks, and so on. In fact, if the club's VIP members came to spend money, they didn't need to order themselves. The club would naturally arrange everything. "Make yourself at home. Those who want to sing, sing. Those who want to play cards, play. The club even has a special sauna room and gym that are all free to use. Whoever is interested, you can go there directly!" Liu Hang said as if he was the host. Apart from Yuan Lili who lived abroad, the rest of the students who came to the party were basically working in Sanshan. It was their first time at a top club like Xi jiangyue, so they were naturally a little reserved. Therefore, none of them used the other free facilities of the club. Instead, they sat together. Some of them started singing, while others gathered to play cards. Some of them even played dice, just like in the ordinary KTV rooms. At this time, the door of the private room was knocked open, and a beautiful and tall waitress came in with a bottle of red wine in both hands. She bowed slightly and said, "Dear guests, this is a gift from the club. It's a 1985 berthus red wine." "A gift? " 85 Petrus?" After all, Yuan Lili lived abroad. Hearing that, she immediately said in surprise, "a bottle is at least 1500 dollars!" "No way! What kind of wine was this that was so expensive! Li Li, are you sure you're not mistaken?" " 1500 Yuan for a bottle of wine? US dollars?" "Oh my God, this wine is worth one square meter of a house in the center of Sanshan city!" The waiter did not look down on Xia ruofei and his classmates because they looked like they had not seen the world. He smiled and said, "This is indeed a 1985 berthus. It was directly imported by our club from its original place, Bordeaux." In fact, everyone was just shocked by the price Yuan Lili had mentioned. They didn't really doubt the authenticity of the red wine. Liu Hang was a little confused at first, but he quickly reacted and said with a smile, "Hahaha! It must be because of young master Li, he was a Silver member of the club! He booked the private room himself, so it's normal for them to give him a bottle of red wine!" His face was glowing. This time, he had shown his face and made a fortune! When he spoke of young master Li, he felt a sense of honor. Liu Hang said in his heart, "young master Li is so kind. I have to thank him when I get back. Hmm ... What should I give him?" If it was too cheap, it wouldn't be worth it ... As Xia ruofei had hinted when he entered the room, the lobby manager did not give any special instructions to the waiter. Hence, she did not know what was going on. She brought the red wine to Liu Hang and asked him to check the label. Liu Hang waved his hand. "There's no need to look. You can't possibly fool young master Li's guests with fake wine, right?" The waitress didn't know who "young master Li" was, but her professionalism made her smile. After getting Liu Hang's consent, she opened the wine with a wine opener, poured a little into

the wine glass, and asked Liu Hang to try it. This time, Liu Hang didn't refuse Yingying's attention – he loved doing this. He pretended to take the wine glass, but he finished it in one gulp. Then he closed his eyes and said after a while, "Good wine!" Liu Hang had been brewing his emotions for a long time, but he did not say anything "solid". Moreover, his "one gulp" posture was quite like the state of a drinking contest in a food stall. The waiter almost could not help but laugh. Liu Hang was not aware of it. He shouted, "hurry up and pour some for each of them. Everyone, try this 1500 – dollar red wine!" "Yes, sir ..." The waiter said respectfully. After everyone's wine was poured, Liu Hang said, "Come, come, come. Let's have a taste. It's not easy to get such good red wine!" He was speaking from the bottom of his heart. As a Section Chief in the unit, he had to entertain a lot of people, but he had never tasted red wine that was worth tens of thousands of Yuan. "Let me tell you, young master Li is the only one who has a lot of influence. For ordinary people, they might not even sell this rare red wine even if they pay for it, let alone give it to them!" Liu Hang continued to brag about the "young master Li" who made him proud. At this moment, he seemed to have transformed into the young master Li who had a huge reputation. He had the pride of pointing out the country in front of his junior high school classmates and felt that he had completely surpassed Xia ruofei. He did not know that Xia ruofei was looking at him as if he was a clown. However, these students naturally had to say some words of flattery, which made Liu Hang's face even more radiant. He felt that he had finally gotten back at them, and his heart was extremely happy. After everyone had played for a while, the door of the private room was pushed open again. Before the person arrived, a forthright voice was heard, "Hahaha! Brother Xia, why didn't you give me a call before you came to my club? Don't be so polite ..." Xia ruofei could not help but smile bitterly. Sure enough, the next moment, Xia ruofei saw the chubby President Zheng appear at the door with a smile on his face. Beside him was the charming young woman, the lobby manager ...

#### **Chapter 107: Liu Hang in a sorry state (1)**

Although Yuan Lili and the others didn't know the identity of President Zheng, they could tell that he was an extraordinary man at first glance, so they all stopped their entertainment and even stopped singing. President Zheng looked at Xia ruofei and said with a smile, "Brother Xia, this plum blossom Hall is too simple and crude. I've already had people prepare the Honorable Hall. Would you and your friend please move there?" Xia ruofei stood up with a bitter smile on his face and said, "President Zheng, I'm here today to eat and drink with my classmates, you don't have to be so polite ... Actually, this private room is quite good." Then, Xia ruofei introduced her to Yuan Lili and the others, "Students, this is boss Zheng from the West River Moon Club. President Zheng, these are my middle school classmates. Today ... Can be considered our tenth graduation anniversary gathering!" "Hello, everyone!" President Zheng said with a smile, then he gestured to the lobby manager. The lobby manager immediately handed over a wine glass. It was a small red wine glass, about three taels in capacity, and filled with white wine. "Everyone here is brother Xia's friend, so you're my friend as well." President Zheng raised his glass and said. Today, you've come to my West River Moon Club. It's our fault for not being able to host you well. This glass of wine is for everyone, as an apology! You guys do as you please, I'll do it!" After saying that, President Zheng raised his head and drank the entire glass of white wine. Then, without changing his expression, he showed the bottom of the glass to everyone. When Xia ruofei's classmates heard that the fat man in front of them was the boss of the top – Class club that Liu Hang had praised to the heavens, and that President Zheng actually attached so much importance to Xia ruofei and toasted everyone with a big glass of white wine the moment he arrived, they all stood up and drank. Only Liu Hang's reaction was half a beat slower. His face was red and white, and his brain was still in a state of shock. It was as if

he had lost his ability to think. He just raised his glass and drank with his classmates mechanically. President Zheng did not notice Liu Hang. In fact, all his politeness and thoughtfulness were directed at Xia ruofei. All his attention was naturally on Xia ruofei. "Brother Xia," President Zheng asked with a smile, "I asked little Meng to send you a bottle of wine just now. Are you satisfied with it?" The private room suddenly became very quiet, and Liu Hang's face was even redder. He wanted to find a hole in the ground and hide in it. It was so embarrassing. He had no idea how to face his classmates who were just flattering him. Xia ruofei was not surprised at all. He smiled and said, "It's a very good red wine. President Zheng, you're very thoughtful." "It's good that brother Xia likes it!" President Zheng laughed and then asked, "you really don't need to change to another private room?" "There's really no need for that. Plum blossom Hall is fine. Thank you, President Zheng!" Xia ruofei said with a smile. "Alright!" President Zheng didn't force her and just said straightforwardly, "all the expenses for tonight are free. Everyone, eat and drink to your heart's content. I won't disturb your class reunion!" "Thank you, President Zheng." Xia ruofei said with a smile. President Zheng gave everyone another toast and then politely took his leave. After he left, the atmosphere in the private room became a little strange. Everyone still heard Liu Hang's bragging and young master Li, who was said to be extremely awesome. Now that the truth was out, Liu Hang's previous showing off had undoubtedly become a big joke. Liu Hang's face was the ugliest. He lowered his head for a long time before forcing a smile and saying, "I ... I'm not feeling well, so I'll go back first. Everyone, take your time ..." After he finished speaking, he left the room as if he was escaping. He did not dare to look at Xia ruofei again. Compared to Liu Hang's sorry state, Xia ruofei was much calmer. Whether it was when Liu Hang was bragging before or now, he always had a calm expression. After Liu Hang left, the awkward atmosphere in the room was swept away, and everyone became lively. Xia ruofei had successfully stolen the spotlight again and became the focus of the crowd. Even Yuan Lili, who was supposed to be the main character, was very curious. "RUO Fei, tell me the truth. What do you do?" Yuan Lili said with a smile. The students also joined in. "Yup! Even the boss of the West River Moon Club is so polite to you, and you still say you're a vegetable farmer?" "You're even hiding it from your old classmate, that's not very nice ..." Xia ruofei smiled bitterly and said, "everyone, everyone ... I'm not lying to you. I'm just a vegetable farmer! I'm not lying!" The only reason I know President Zheng and President Ling is because they bought my vegetables!" "Is it really that simple?" "It's that simple! I swear ..." Xia ruofei said. "Since when did vegetable suppliers become so awesome? What kind of vegetables are you selling?" Guan Ping laughed as he said this. He then asked suspiciously, "it ... It can't be that peach blossom vegetables, right?" Xia ruofei smiled noncommittally. "No way!" Pang Hao exclaimed. Was it really Taoyuan vegetables? RUO Fei, you're really awesome! It hasn't been long since he returned from the military! And you've already created such a heaven – defying product!" The students were also amazed. They had just tasted paradise vegetables and knew how popular it was in Rong city. They didn't expect the supplier of paradise vegetables to be among them, and it was even the most inconspicuous – looking Xia ruofei. Naturally, many people came to Xia ruofei for a drink. Even though he was a good drinker, he had to leave the private room by using the excuse of peeing. In fact, drinking was not the most important thing. He was not used to the compliments. Xia ruofei could not understand why Liu Hang was so keen on being in the limelight. Actually, there was a bathroom in the private room, but Xia ruofei still went outside. Not long after Xia ruofei left, pang Hao also stood up and left the private room. Yingying had drunk too much tonight, so he wanted to go out for some fresh air. Walking out of the private room, the wind from the central air – Conditioner in the corridor made pang Hao feel a little dizzy. He looked up at the sign and walked to the bathroom with heavy steps. As he passed by the door of a private room, pang Hao felt his

head spinning. He stood still and leaned against the wall, wanting to catch his breath. At this moment, the door of the private room was opened as a 25 – year old man walked out with his arm around the slim waist of a gorgeously dressed woman. The woman was holding a wine glass in her hand and was feeding the man wine with a coquettish smile. The two of them didn't look at where they were going and bumped into pang Hao. Caught off guard, pang Hao's entire body fell to the floor. Although the corridor was also covered with a thick carpet, pang Hao was also in a sorry state after the fall. Although the man and woman did not fall, they were also frightened. The woman poured the glass of red wine in her hand onto the man's expensive suit. The red wine on his white suit was particularly eye – catching. The woman shrieked in fear, while the man's expression was even more unsightly. He strode over to pang Hao, who was still in a daze from the fall, and cursed, "Don't you have eyes when you walk? Don't you know that a good dog doesn't block the way?"

### **Chapter 108: A bodyguard with a personality (1)**

The man in white was called Deng Ming. He was the son of a Deputy Mayor of Sanshan city. Although Deputy Mayor Deng was not a regular person and his ranking in the government was relatively low, he was still a Big Shot in Sanshan city. Relying on his father's connections, Childe Deng opened a consulting company in Sanshan city and became the boss behind the scenes. The so – called consulting company, to put it bluntly, was to help some people settle bidding, approval, and other things that ordinary people would find difficult to do, but he could do it easily. He made money quite quickly. Today, Deng Ming was singing in a private room with a few friends, and his evil fire was aroused by the private room Princess beside him. He was about to bring her upstairs to vent his fire, but he didn't expect to bump into pang Hao as soon as he went out. Moreover, his expensive Zilli suit was stained with a large wine stain. It was basically useless now. How could Deng Ming not be angry? Pang Hao, who was the one who was knocked down, naturally couldn't hold back his anger when he heard Deng Ming's unpleasant words. He stood up and said, "How can you be so unreasonable? You were the ones who bumped into me, so how is it my fault now?" "Bullshit!" Deng Ming was furious. "Am I as blind as you? You're such a big fat man standing here, how can I not see you crash into me?" "You ..." Pang Hao was so angry that he couldn't speak. He had never seen such an unreasonable person before. He had clearly knocked into someone, but not only did he not apologize, he even made a false accusation against the other party. "You what? Do you know how much my suit costs?" Deng Ming looked at pang Hao contemptuously and said, "eight thousand dollars! Now that the clothes are ruined, you better compensate me!" "You've gone crazy thinking about money!" Pang Hao was so angry that he laughed. "You want me to compensate you? You should count yourself lucky that I didn't ask you for compensation!" "Damn fatty, are you trying to cheat?" The flirtatious private room Princess immediately said, "why don't you find out who young master Deng is? You want to leave without paying for dirtying his clothes?" The glass of red wine had spilled on Deng Ming's body from her hands. If she did not catch pang Hao, Deng Ming would probably take his anger out on her later, so she spared no effort to help him. "You're simply unreasonable!" Pang Hao said angrily. Then, he turned around and was about to leave. He didn't want to continue pestering such rude and unreasonable people. It was better to leave immediately. He knew that these two people would never apologize even if he continued to pester them. And how could Deng Ming let pang Hao go so easily? He grabbed pang Hao's clothes and said, "Motherf \* cker! You still dare to run? If you don't pay up today, don't even think about going anywhere!" Even if pang Hao was a clay Bodhisattva, he would still be a little angry. He flung Deng Ming's hand away and glared at him. "What's wrong? He wanted to fight! Come on! Who's afraid of who?" Although pang Hao was fat, he was tall and big. Deng

Ming's small body, which had been hollowed out by wine and women, was naturally not his opponent. Deng Ming took a step back and shouted toward the private room, "Ye linyun, are you dead? Hurry up and come out!" The door of the private room opened, and a young man in a black suit with a cold face walked out. At the same time, a few men with disheveled clothes and reeking of alcohol also came out. They were all Deng Ming's scoundrels. The young man in the black suit had no expression on his well-defined face. He stood straight like a javelin and exuded a cold aura. He was obviously someone who had experienced life – and – Death battles and had seen blood. He walked to Deng Ming's side and asked, "Boss, what's your order?" Deng Ming stretched out his hand and pointed at pang Hao. He gritted his teeth and shouted, "Go! Beat him up! Beat him up so badly that even his mother won't be able to recognize him!" Ye linyun didn't move. He calmly said, "Boss, my duty is to protect your safety, not to act as a fighter. I can't do anything illegal." When Deng Ming heard this, he was even more furious. He turned his head and cursed, "Ye linyun, is your brain damaged? You're my bodyguard, and I'm the one paying your salary! Now that I'm being bullied, what's wrong with letting you go and teach him a lesson?" "Sorry, boss. If this person threatens your personal safety, I'll definitely take action." Ye Lingyun replied neither obsequiously nor haughtily, "but you want me to beat up an ordinary person. This is an order outside the scope of the contract. I refuse to execute it." Deng Ming squinted his eyes and looked at ye Lingyun for a few seconds. Ye Lingyun's expression did not change. He stood upright beside him and did not avoid his murderous gaze. "I don't want to waste my breath on you!" Deng Ming said coldly, "I'll give you two choices. First, go and cripple that damn fatty immediately. I'll take responsibility if anything happens. Second, get the F \* ck out of my sight right now!" Ye linyun was also very straightforward. He took two steps back and said, "I can't go against my own principles. I choose the second option." A few of Deng Ming's scoundrels immediately burst into laughter, and someone even whistled. "Young master Deng, your bodyguard has quite the personality!" "Haha, this kid is a bit of a Tiger! You can't even tell who the boss is ..." "Young master Deng, I'll introduce you to a few bodyguards later. They'll definitely be much more obedient than this bejeweled weapon!" Deng Ming was so angry that he laughed out loud. He nodded and said, "Alright, ye Lingyun, you're fired! You can get lost now ... Also, I'll tell my friends that in the future, even if you can get a job as a security guard in Sanshan city, I'll take your last name, let alone be a bodyguard!" The vengeful Deng Ming was disobeyed by his bodyguard in front of so many friends. Naturally, he hated ye Lingyun to the extreme. Ye linyun remained expressionless and said calmly, "Mr. Deng, it's not a problem to fire me. It's your business how you want to shut me out, but I've worked for you for seven days. According to the contract, my monthly salary is 20000 Yuan. You have to pay me 5000 Yuan. If you pay me, I'll leave." "You still dare to ask me for money?" Deng Ming was so angry that he laughed. "Are you out of your mind?" Ye Lingyun's expression turned cold as he exuded a chilly aura. He took a step forward and stared into Deng Ming's eyes as he spoke word by word, "Are you sure you want to renege on your debt?" Deng Ming's heart tightened for no reason. He recalled the scene when ye Lingyun easily knocked down more than a dozen burly men when he was applying for the job. He knew that his small body was not even enough to deal with ye Lingyun's finger. Moreover, after six or seven days of contact with ye Lingyun, Deng Ming knew that ye Lingyun was a man of few words, but he had definitely seen blood and was the kind of person who was ruthless. When such a person pushed him into a corner, he would do anything. He was a person of status, and there was no need to compete with such a Desperado. At the thought of this, Deng Ming pretended to be magnanimous and waved his hand. "Forget it, it's just five thousand Yuan. I'll give it to you, just treat it as a beggar ..." "Hey, you guys, stop watching. Who brought cash? give me 5000 Yuan first!" Deng Ming said to a few of his scoundrels. Although these people used their cards most of

the time when they came out to play, they would more or less bring some cash with them. Very quickly, they had gathered 5000 Yuan. Deng Ming passed the five thousand Yuan to ye Lingyun and said in disgust, ""I'll give you the money, so don't bother me anymore! Get lost ..." Ye Lingyun took the money and meticulously counted it twice. After confirming that there was no mistake, he put it in his pocket and turned to walk out of the club without any unnecessary words. At this moment, a voice rang out, ""How lively! Did I miss something good?" When pang Hao heard this voice, his uneasy heart immediately settled down. Ye Lingyun, who was walking out, heard the familiar voice. He trembled and turned around. He saw a smile in Xia ruofei's eyes as he looked back at him. Ye Lingyun's cold face was filled with excitement. With a look of disbelief, he shouted, ""Instructor Xia!"

### **Chapter 109: Deng Ming is scared (1)**

Xia ruofei smiled at ye Lingyun and walked over. He flicked his finger, and a half – smoked cigarette accurately flew to the extinguished area on top of the trash can. It was inserted into the small hole, and the cigarette end was immersed in the water, making a sizzling sound. Xia ruofei walked to pang Hao's side and said with a smile, ""Little fatty, what happened? I didn't even finish a cigarette before I was attracted by your loud voice." In fact, Xia ruofei had arrived earlier than this. While Deng Ming and pang Hao were tugging at him, he had already reached the corner of the corridor. However, when he saw ye Lingyun, he stopped in his tracks. He wanted to see how ye Lingyun would handle this. Obviously, Xia ruofei was satisfied with ye Lingyun's choice. Xia ruofei and ye Lingyun had known each other for five years. At that time, he was a first – term Sergeant, which was a corporal after the military rank reform, while ye Lingyun was a new soldier who had just joined the Army for a few months. At that time, Xia ruofei was already an official member of the lone wolf assault team. Ye Lingyun was a member of the training team and the only private in the entire training team. A first – year recruit could participate in the selection of the lone wolf assault team. It could be seen that ye Lingyun's military quality was very strong. That training camp lasted for three months, and the elimination process was carried out every day. Xia ruofei was one of the instructors and class monitors of this training team. Although ye Lingyun managed to survive until the third month and became one of the last two eliminated members, he was still selected by the Special Forces of the military Region as if he had received a treasure. If he could stay in the lone wolf Commando selection training for the third month, he would definitely be qualified to be the backbone of an ordinary special forces unit. After three months of interaction, Xia ruofei and ye Lingyun were naturally very familiar with each other. In the following years, the two often crossed paths in work and even fought together several times in actual military exercises. Ye Lingyun was extremely respectful to the instructor who had brought him into the Special Forces. In fact, he had always regarded Xia ruofei as his idol and goal. Xia ruofei was also very surprised that he would run into ye Lingyun in Sanshan city. Based on his understanding of ye Lingyun, this talented warrior would be like a fish in water in the Special Forces. He would stay in the Special Forces for a long time and might even become a Sergeant in the future. How did he suddenly leave the Army and become a private bodyguard? Xia ruofei's heart was also filled with questions, but now was obviously not the time to reminisce. He planned to ask ye Lingyun what was going on after he came down. Pang Hao explained what had just happened to Xia ruofei, "Are you hurt?" Xia ruofei glanced at Deng Ming nonchalantly and asked pang Hao. "I'm fine!" Pang Hao grinned. "It's just that they won't let us go! He said I dirtied his high – end suit and wanted me to pay 8000 dollars!" Xia ruofei nodded and looked at ye Lingyun. ""Xiao Ye, is this your boss?" "One minute ago, I was. Now, I'm not!" Ye linyun said. "I know." Xia ruofei shrugged. Then, he stared at Deng Ming and said indifferently, ""Apologize to my friend!" Deng Ming had been holding back

his anger for a long time. He immediately shouted, "Who the hell are you? Why are you acting like a big – tailed Wolf? And you want me to apologize? I'll F \* ck you!" As soon as he finished speaking, ye Lingyun suddenly moved. Deng Ming only felt a blur in front of his eyes. Before he could even look down on ye Lingyun's movements, ye Lingyun was already in front of him. His hand was like an iron Pincher, gripping his throat. Following that, Deng Ming heard ye Lingyun's cold voice, "Deng Ming, watch your mouth! If you dare to disrespect instructor Xia again, I'll break your neck!" "Ye Lingyun, are you crazy?" Deng Ming was so frightened that he started wailing. You dare to attack me? Don't you know who my dad is?" Xia ruofei couldn't help but laugh, "This person actually doesn't know who his father is ... Don't ask us about this! If you really can't, you can ask your neighbor uncle Wang. No... It should be uncle song from next door!" Pang Hao couldn't help but laugh when he heard that. Even Deng Ming's scoundrel friends almost couldn't hold back their laughter. Only ye linyun remained indifferent. "I don't care who your father is. I only know that I'll teach whoever disrespects instructor Xia a lesson!" In the shadow of the corner of the corridor, the head of security of the West River Moon Club, Shen Hu, had been closely watching the situation here. The guests in the club were all people of status. Under normal circumstances, when there was a conflict, the club would not immediately step in. After all, both sides had strong backgrounds, and it was easy for the club to be at odds with both sides. Only when the conflict escalated and reached an irreconcilable stage would the club Step in to mediate. Therefore, after Shen Hu received the report, he had been here for a while. However, he had been hiding in the dark and observing closely. Now that he saw ye Lingyun suddenly attacking Deng Ming, Shen Hu's expression changed slightly. He was ready to go out and separate the two parties in the conflict and then find a way to appease them. Just as he turned the corner, he suddenly saw Xia ruofei's figure. His face froze and he pulled his foot back. Then, he quickly took out his phone and called President Zheng. "Tiger, what's the situation?" President Zheng asked. "Boss, it seems a little complicated." Shen Hu hesitated for a moment before saying, "I just saw Mr. Xia. He seems to be on the opposite side of young master Deng ..." "What?" President Zheng also frowned. "What's the situation now?" "Not good. It seems like both sides are about to fight," Shen Hu said. "President Zheng, what should we do?" President Zheng fell into deep thought. Xia ruofei was his strategic partner and had a close relationship with Tian Huilan's family. President Zheng naturally wanted to rope him in. But Deng Ming was not to be trifled with either! The Deputy Mayor's son could be considered a rich second generation in Sanshan city. Furthermore, this kind of rich kid had always been incapable of achieving anything, so it was definitely not wise to offend him. President Zheng's brain was spinning rapidly. Suddenly, he had an idea and quickly said, "Tiger, you don't have to worry about this. Just stand there and watch. Unless there's a bloody conflict, you don't have to do anything!" Then, President Zheng hung up the phone and turned to the lobby manager next to him. "Xiaomeng, isn't Mayor Wu of Changping holding a banquet for his old colleagues at the bright moon Hall? Go and report this to her immediately. Be quick!" "President Zheng, is this ... Appropriate?" Little dream hesitated. He was the son of the Deputy Mayor! Why would County Head Wu do this? "You don't need to worry about that!" President Zheng said, "let's go now. Remember to mention brother Xia's name." "Oh, okay ..." Little dream didn't dare to say anything more and quickly ran out. The two sides were already in a state of mutual hostility. Xia ruofei had a faint smile on his face as he said, "Little ye, let him go first!" "Yes! Instructor Xia." Ye linyun replied. Then, he looked at Deng Ming coldly and released his hand. Deng Ming was breathing in the fresh air while rubbing his neck with his hands, looking at ye linyun with a venomous look. However, ye Lingyun turned a blind eye and walked directly behind Xia ruofei, staring coldly at Deng Ming and his gang. Deng Ming looked at ye Lingyun with a little fear. He estimated that he and a few of his scoundrels were not enough to deal with

ye Lingyun alone, especially when ye Lingyun's ruthlessness made him feel scared. Therefore, he also had the intention to retreat. In any case, as long as they were in Sanshan city's territory, young master Deng would be able to find out the background of those people. When the time came, he would just casually say something and there would be plenty of ways to deal with them. There was no need to risk his life now. After making up his mind, Deng Ming snorted and said, "Damn fatty, you're lucky! I'll let you off today." "Brothers, let's go back and continue drinking!" Deng Ming said to his scoundrel friends. After he finished speaking, he looked deeply at Xia ruofei and the other two. He did not hide the hatred in his heart at all. Then, he turned around and walked towards the private room. "Stop!" Xia ruofei's lips curled into a cold smile. "Did I say you could leave?"

## **Chapter 110: daggers drawn -1**

Deng Ming stood still and slowly turned around. He stared at Xia ruofei viciously and said, "I didn't ask this damn fatty to compensate me. Do you think I'm too easy to talk to? Go out and find out who I am first! Even if you're taking advantage of me, you still have to find a good partner!" "You knocked down my friend, insulted him, and even asked him to pay for it. I just want you to apologize, and you're taking advantage of me?" Xia ruofei said sarcastically, "I really don't know who you are. However, I've traveled the world with reason. It doesn't matter who you are!" This was Xia ruofei's temper. If others opened their hearts to him, he would also open his heart to others. Pang Hao had been his good friend for many years and had stood up for him many times during the class reunion. Naturally, Xia ruofei saw him as a brother. Since pang Hao had been wronged, Xia ruofei would definitely help him get back at him. As for Deng Ming's identity, to be honest, he really didn't care. "I ..." Deng Ming gritted his teeth. "I forgot to remind you!" Xia ruofei rudely interrupted Deng Ming's words. "If you keep saying 'I'm your father', I can't guarantee that I won't make your face swell first!" "You ... How dare you be so arrogant in front of me!" Deng Ming's eyes were spitting fire as he said, "don't think that you're great just because you're skilled. There are some people you can't afford to offend!" Ye Lingyun was enough to make Deng Ming afraid. Since ye Lingyun called this fair and clean – looking young man an instructor, his skills must be no worse than ye Lingyun's. This was also an important reason why Deng Ming had been suppressing his anger. Otherwise, with his temper, he would have already called his scoundrels to gang up on him and give him a beating. "You talk too much nonsense!" Xia ruofei pouted and said, "I'll give you two choices. One, apologize to my friend. Two, I'll beat you up until you apologize to my friend." You can choose!" Xia ruofei's tone was exactly the same as Deng Ming's when he spoke to ye Lingyun. In fact, he was even more arrogant than Deng Ming. Deng Ming was so angry that smoke was coming out of his seven orifices. He glared at Xia ruofei fiercely and panted as he said, "Good, you have guts! I'll play with you to the end today!" He then turned around and said, "Dahua, call old Zheng from West River moon!" Tell him that if he continues to play dead, I'll bring people here tomorrow to seal off this damn club of his! Changqing, call Ah Biao and tell him that I told him to come over with his men! Tell him that if he doesn't show up in ten minutes, he can forget about staying in the three mountains!" Deng Ming looked at Xia ruofei ferociously and said, "Come on! If you have the guts, try and touch my finger!" "Ruofei, forget it, forget it ..." Pang Hao said from the side. He could tell that Deng Ming had a powerful background. If this matter was blown out of proportion, Xia ruofei would definitely be implicated. As a brother, he naturally did not want to see such a thing happen. Deng Ming sneered and said, "now you're scared?" I'm telling you, it's too late! Come and hit me if you dare!" Xia ruofei couldn't help but laugh, "I've seen people proposing to me. I've never thought that someone would ask for a beating!" There's really no such thing as the most despicable, only even more despicable!" As soon as he finished speaking, he exerted a little

force on his feet and his whole body shot out like lightning. He arrived in front of Deng Ming almost instantly. Then, two crisp slaps sounded. Deng Ming stood in place in a daze, even forgetting the burning pain on his face. He didn't expect Xia ruofei to hit him without any hesitation. Ye Lingyun, on the other hand, was watching Xia ruofei's back. Xia ruofei's speed just now had made his eyes light up, and his heart was filled with admiration. "You keep calling me your father. Whose father are you?" Xia ruofei said coldly, "I did remind you, but your pig brain doesn't have a good memory!" Deng Ming's eyes were bloodshot. He had been slapped in the face by Xia ruofei in front of so many friends. It was a great humiliation! "Motherf \* cker! Go all out with him! Let's attack together!" Deng Ming shouted. Just as Deng Ming's scoundrels were about to rush forward, a cold voice rang out, "Stop!" Wu Lqian, the new deputy head of Changping County, was wearing a fitting suit and walked quickly between the two groups of people. She was slightly out of breath, and there was a little sweat on her bun. It was obvious that she had rushed over quickly. Wu Lqian had some alcohol that night, so her face was white with a tinge of red. When she panted, her full chest rose and fell, adding a bit of mature charm to her. Deng Ming looked at Wu Lqian's perky breasts greedily and said, "So it's County Head Wu!" Wu Lqian had previously been Tian Huilan's Secretary for a long time, and Tian Huilan's position at the time was the mayor. She was Deng Ming's colleague, so Deng Ming naturally knew Wu Lqian. Wu Lqian glanced at Deng Ming indifferently and nodded slightly, but her attitude was obviously very calm. Then, she looked at Xia ruofei and asked with a frown, "Ruofei, what's going on?" "Sis Wu, you're here too!" Xia ruofei smiled and said, "my friend was bumped into by Mr. Deng. Not only did he not apologize, but he also insulted my friend. I'm trying to reason with him!" "Xiao Deng, is that so?" Wu Lqian asked with a frown. "So you know this kid, Mayor Wu!" Deng Ming immediately said. Things were not as he said! It was that fat guy who hit me. Look, my clothes are all stained with red wine. And you saw it too, that kid hit me first!" He glared at Xia ruofei and continued, "County Head Wu, since you know him, then please uphold justice! Now, it's me, Deng Ming, who got hit by him. Tell me what to do!" "You're quite good at twisting the truth!" Xia ruofei smiled. Then, he pointed at the top of Deng Ming's head and said, "Do you see what that is? A surveillance camera! Let's go check the surveillance footage now. If my friend really hit you, I'll pay for your suit and give you an explanation for hitting you!" Then, Xia ruofei paused, stared at Deng Ming, and said coldly, "If it's like what my friend said, that you're the one who knocked him down and made a false accusation, what do you say?" "I think this is a good idea!" Wu Lqian smiled and asked, "Xiao Deng, what do you think? The surveillance cameras won't lie. If RUO Fei's friend is in the wrong, I won't help him." Deng Ming was immediately at a loss for words. He knew very well who was right and who was wrong. After hemming and hawing for a while, Deng Ming said, "I drank some wine just now, so I can't really remember ... But even if I accidentally touched that fatty, so what? Does that mean he can hit people as he wishes?" "When it comes to you, it's called 'accidentally'?" Xia ruofei sneered. "What a double standard! You were begging me to hit you just now!" "You ..." Deng Ming was furious. "County Head Wu, you've seen his attitude. It's not that I'm not giving you face!" "Chang Qing, call the police!" Didn't he say that there were surveillance cameras? There's irrefutable evidence that he hit me just now!" "Alright!" The long-haired young man behind Deng Ming grinned and took out his phone to call the police. Wu Lqian frowned and said, "Xiao Deng, there's no need to call the police." It's just a little friction, why make a mountain out of a molehill?" Then, Wu Lqian said to Xia ruofei, "Ruofei, it's not right for Xiao Deng to bump into your friend, but you've already vented your anger just now. Can you give sis Wu some face and let this matter go?" Xia ruofei shrugged his shoulders indifferently and said, "Since sis Wu has spoken, of course I have no problem with that!" Pang Hao wasn't injured anyway. Deng Ming, on the other hand, had been slapped twice. His molars must have loosened. Xia

ruofei didn't hold back at all. No matter how he looked at it, he didn't seem to be at a disadvantage. Deng Ming sneered, "County Head Wu, aren't you being too obvious with your bias?" I, Deng Ming, have never suffered such a big loss in my life! Just a little friction and you call it that?" "Evergreen! What are you doing? Aren't you going to call the police?" Deng Ming said to the long – haired young man with a frown. Obviously, he was not going to give Wu Liqian any face. Seeing this, Wu Liqian's expression turned cold and she said indifferently, ""Xiao Deng, you should reconsider! It's a waste of police resources to call the police over such a small matter ..." Then, she paused for a moment before she said meaningfully, ""By the way, I heard that you have a big investment project in Changping County? I want to thank you for your support in the economic development of Changping!" The threat in his words was already very obvious, so Wu Liqian didn't continue to make it clear. She just looked at Deng Ming quietly.
