

## God tier Farm 1041

### Chapter 1041: a good show begins (2)

Xia ruofei chuckled and said, "I'm very relieved to have capable subordinates like you!" Besides, I've already completed the core work, so there's no need for me to do the rest by myself, right?"

"Fine, we're already used to it," Feng Rao said helplessly.

Then, Feng Rao couldn't help but say, "Chairman, are you doing this on purpose? I'm about to leave for Hong Kong, but you're making such a big move ..."

Xia ruofei laughed and said, "just go on your business trip as usual!" It's not a matter of one or two days from approval to production anyway. "

"How can I do that?" Feng Jing replied, "there are many things to do in the early stages of marketing! Before the soldiers and horses moved, the rations would go first! The advertising will definitely be a step ahead!"

Feng Jing couldn't sit still anymore. She stood up and said, "Why don't I change my ticket? Delay your trip to Hong Kong for two days and gather our colleagues in the marketing department to discuss the overall plan. Otherwise, I won't be at ease ..."

Xia ruofei quickly said, "don't, don't, don't ... CEO Feng, you've already set a time with Hengfeng. It's not good to stand them up." You should hand over the preliminary work of the Jade skin cream to Xiao Qiang first!"

"But I've been using the jade skin cream, so I have the most comprehensive and direct understanding of this product ..." Feng Rao frowned.

Xue Jinshan's eyes suddenly changed. Before this product was launched, director Feng had already used it for a long time. Needless to say, it must have been given to her by director Xia. Their relationship was indeed not ordinary!

Xia ruofei also noticed Xue Jinshan's gaze and couldn't help but say, "Kanayama, what's with your expression? How noble and fearless is it to experience the product development process personally, President Feng?"

"That's right, that's right. Leaders, please continue ..." Xue Jinshan said while trying to hold back his laughter.

Feng Rao blushed and said, "I think I should have the most say in this product. I'm a little worried about letting the marketing department handle it ..."

Xia ruofei smiled and said, "President Feng!" You're going to Hong Kong, not Mars! At most, I'll let director Xiao and the others come up with an overall plan first and then pass it to you for you to look through! If you really can't do it, you can have a video conference, you can just do it in Hong Kong ..."

Feng Rao was also confused. She placed too much importance on the jade skin cream.

She nodded helplessly and said, ""That's the only way! President Xia, there's still some time left. Let's hurry back to the farm! I want to gather Xiao Qiang and the others for a short meeting!"

Xia ruofei shrugged and said, " Jinshan, I'll go back with President Feng first." Keep an eye on the factory ... Right, clean that production line first and continue producing the heart – nourishing soup!"

"Yes, President Xia!" Xue Jinshan quickly replied.

Feng Jing thought for a moment and reminded him, "Jinshan, the heart – nourishing soup will pass the vetting process very soon. When the jade skin ointment is put into production again, our two production lines will definitely be stretched thin. I've read the report you made last time about increasing the production line. Two more lines are definitely not enough. We'll increase it by six!" By then, three of them will be used to produce the heart – nourishing soup, and five will be used to produce the jade skin ointment. It should be enough for the early stage. "

Obviously, Feng Jing was quite optimistic about the market prospects of the jade skin ointment.

"Alright, I'll revise the report immediately and submit it again!" Xue Jinshan said happily.

The better the pharmaceutical factory's development was, the higher his position in the company as the director. His income was also linked to the benefits of the factory. Of course, he welcomed such a good opportunity with both hands.

"By the way, Chairman, the raw materials for the jade skin cream ..." Feng Jing asked after some thought.

Xia ruofei smiled and said, "other than one key ingredient, I've already handed over dozens of other ingredients and their ratios to Kanayama. I'll personally provide the last ingredient. Furthermore, the production process and parameters have already been sealed and solidified into the program. Therefore, there's no problem keeping the prescription a secret!"

Feng Jing heaved a sigh of relief. Although intellectual property protection was much better than it had been a few years ago, when the profits were so huge that it could drive people crazy, the protection of the law would always be weak. Most of the time, one had to rely on themselves.

Feng Jing was very confident in Xia ruofei. Since Xia ruofei said that there was no problem keeping it a secret, the probability of a leak was very low.

"Then, Jinshan, you have to start stocking up on the raw materials and medicinal herbs now. I think the approval for the jade skin ointment will be approved very soon. Once it's on the market, there will be a wave of people snatching it. You must prepare for a rainy day!" She said to Xue Jinshan.

"Alright, CEO Feng!" Xue Jinshan replied seriously.

Xia ruofei and Feng Jing said a few more words before they left the pharmaceutical factory.

On the way back to Taoyuan farm, Feng Jing kept jotting down something in her notebook.

Xia ruofei guessed that she must have written down the important points to emphasize in the meeting later.

Xia ruofei couldn't help but be secretly speechless. This strong woman was really crazy when she got into work mode.

Luckily, she had to leave for Hong Kong in the afternoon. Otherwise, Xia ruofei could imagine how she would feel when this unforgettable product was released. The employees in the marketing department would probably have to work overtime as well.

After returning to the farm, Feng Jing knew that Xia ruofei would definitely not be attending their meeting. Hence, she bade Xia ruofei farewell and hurried upstairs.

Xia ruofei only found out that Feng Jing had brought them to a meeting until two in the afternoon when she met Xiao Qiang, who had just come out of the cafeteria after lunch, while she was walking around in the evening. Even lunch was packed up by the administrative staff from the cafeteria.

Feng Rao made use of every minute to voice out her thoughts and assign tasks.

After the meeting, Feng Jing returned to her room to grab her luggage before heading to the airport.

As for Xiao Qiang and the others, they began to work according to Feng Rao's arrangements.

Although Feng Jing had gone to Hong Kong, Xiao Qiang and the others still had a lot of work to do. They would probably have to work overtime for the next few days.

In Xiao Qiang's half – joking words, even the canteen was caught off guard. After all, there were not so many people who had dinner at the company in the past. Today, the entire marketing department had stayed behind, and the food in the canteen was a little insufficient. In the end, Cao tieshu's wife even specially cooked a large pot of noodles for everyone to eat their fill.

Xia ruofei felt that it was both funny and helpless. He could only give Xiao Qiang a few words of encouragement. He told him that the company placed great importance on the jade skin cream and that his colleagues in the marketing department had worked hard. He would definitely give everyone a bonus after the product was launched.

Time passed day by day.

The employees of the company's marketing department were working at full capacity, including the art team where Lin Qiao was. They were also full of tasks.

The packaging design for the dried abalone was completed quickly. Xia ruofei personally picked one out of the three designs.

According to Xia ruofei's request, the art team had sent him the three design drafts without a signature. Xia ruofei did not want to be affected by his own subjective factors.

Under such circumstances, the one that Xia ruofei was most satisfied with was actually designed by Lin Qiao.

The little girl was so happy that she almost jumped up.

Of course, Xia ruofei chose this design mainly because of its creativity. In terms of art design and software usage, Lin Qiao was naturally not as good as Zhong Lingling and the others.

Therefore, even though Xia ruofei had chosen this design, Zhong Lingling was still the one who beautified Lin Qiao's draft and produced it outside.

Xia ruofei had bought a vacuum – sealing machine before and kept it in his interspace. Hence, after he took out the vacuum – sealing machines, he quickly changed the packaging of his dried abalones.

Lin Qiao's design was simple, elegant, and fresh. At the same time, it highlighted the brand characteristics and of paradise Corporation. After the abalone was changed into the new packaging, it really felt different.

Xia ruofei was also very satisfied.

Five days passed by in the blink of an eye. The auction for the top – grade one – headed abalone was to be held in the grand banquet hall of Hengfeng Jiahua Hotel in Hong Kong the next day.

Xia ruofei received a call at noon.

"Hello, Mr. Xia. I'm Xue Ming from the Hengfeng group's San Shan office. I'm at the farm's entrance." A voice said respectfully.

"Okay, thank you for your hard work, manager Xue!" Xia ruofei smiled and said, "pass the phone to the security guard at the entrance!"

Xia ruofei ordered the old soldiers on duty at the door to let them in and asked them to point the way for Xue Ming.

Then, he picked up the large thermal box that he had prepared earlier and walked out of the villa.

?

Chapter 1042: Top – Level insurance (1)

When Xia ruofei arrived at the courtyard with a large thermal container, a black Mercedes – Benz had just arrived at the entrance of the villa.

A middle – aged man in a navy blue suit and tie quickly got out of the car from the passenger seat and jogged to Xia ruofei.

"Hello, Mr. Xia. I'm Xue Ming, who just contacted you!" The middle – aged man said respectfully, "the private jet sent by Chairman MA has landed at Sanshan International Airport. The flight crew has sent a message that their application to take off in an hour to return to Hong Kong has been approved."

Xue Ming was the newly appointed Hengfeng group's San Shan office manager. Although the office was only a liaison agency responsible for coordination, security, and other work, he still had a lot of power as a manager and had a small influence within the entire group.

Because San Shan was a special place, Xue Ming knew very well that the Father – in – Law of the General Manager, Ma Zhiming, was in San Shan. The family of Ma Zhiming's father – in – Law was very influential

in the mainland's political scene. Ma Zhiming's sister – in – Law, Ms. Tian Huilan, had even reached a high position at the official level.

In addition to MA Xiong's growing age, Ma Zhiming was now more and more in charge of the company's business, and it was only a matter of time before he took over.

Therefore, the manager of the Sanshan office must be someone the MA family trusted very much. The previous two office managers were both put in important positions after they were transferred back to the company's headquarters.

Even so, Xue Ming still did not dare to show the slightest neglect when facing this young Mr. Xia.

This was because the previous office manager had told him during the handover that in addition to handling the daily business of the company, he had to pay attention to befriending two people when working in San Shan. One was naturally Boss Ma's father – in – Law, professor Tian, and the other was this CEO Xia of paradise Corporation.

And this time, Chairman MA Xiong had sent a special plane to San Shan to pick up Mr. Xia, which showed how deep the relationship between Mr. Xia and the MA family was.

In the face of such a person, how could Xue Ming dare to show the slightest disrespect?

After he finished speaking, he immediately reached out and took the large thermal container from Xia ruofei's hands. His actions were very natural.

"Thank you for your hard work, manager Xue!" Xia ruofei smiled.

"I wouldn't dare!" Xue Ming quickly said.

When he opened the trunk, he found that the spacious trunk had been modified in advance. There was a small refrigerator in it. Since the refrigerator that came with the Mercedes – Benz was not big enough to hold more than 20 big abalones, MA Xiong had personally asked the San Shan office to modify the trunk overnight.

The small refrigerator was not standard in the car, so it was also installed with a transformer to supply power from the car.

It was only about half an hour's drive from Taoyuan farm to the airport, but he had already gone through so much trouble. It was clear how much importance MA Xiong placed on these abalones.

Xia ruofei followed Xue Ming to the back of the car. He personally entered the password to open the thermal box. Then, he and Xue Ming put the abalones into the refrigerator one by one.

In the morning, Xia ruofei had specially put these abalones in the refrigerator for a while, so they were still cold in his hands.

After the abalone was packed, Xue Ming quickly opened the back door for Xia ruofei. He respectfully invited Xia ruofei into the car before he sat in the front passenger seat.

The Mercedes – Benz started steadily, left Taoyuan farm, and drove toward Sanshan airport, which was not far from the farm.

There was a small building next to the airport terminal, which was the entrance and exit passage for private planes and public planes.

After the Mercedes – Benz was parked, Xue Ming quickly took out the abalone from the refrigerator and carefully put it into the thermal container. Then, he personally carried the thermal container and walked into the small building with Xia ruofei.

One of the benefits of taking a private plane was that the security checks were relatively loose.

At the entrance of the passage, a security personnel checked Xia ruofei's Hong Kong and Macau Pass and Xue Ming's temporary pass to enter and exit the airport's restricted area. Then, he did a simple check on the abalone in the thermal box and let them in.

Xue Ming carried the thermal lunch box and led Xia ruofei through the tunnel. They arrived at the tarmac in no time.

This place was a few hundred meters away from the terminal, and it was specially used to Park small planes and business jets.

A Gulfstream 650 plane was already quietly parked there. The captain, the co – Pilot, and two flight attendants were waiting quietly beside the plane.

This was not the first time Xia ruofei had taken this luxurious public jet.

The first time was when MA Xiong had a sudden cerebral hemorrhage in Hong Kong. Xia ruofei and Ma Zhiming's family had rushed to Hong Kong and successfully saved MA Xiong from the brink of death.

The second time was when he went to Shen Cheng city with MA Xiong to attend the truffle auction.

Hence, Xia ruofei was even more familiar with the captain.

He greeted the flight crew with a smile while Xue Ming handed the insulated box to a flight attendant with a slim figure and a pretty face. He then said goodbye to Xia ruofei very politely and left the tarmac.

Xia ruofei got on the plane with the crowd. The flight attendant had already received instructions to store the precious abalone in the plane's refrigerator.

The flight crew had already turned on their APUs, so even though the plane was parked on the ground, the power supply in the cabin was not affected.

Xia ruofei boarded the plane and the door closed quickly.

There were still about 20 minutes before the scheduled take – off time. The captain and co – Pilot went into the cockpit to prepare for the flight. Xia ruofei leaned back in the soft and wide leather seat and browsed the news on his iPad.

?

Chapter 1043: Top – Level insurance (2)

He was naturally concerned about the news regarding the auction.

After so many days of hyping up, the abalone auction had become well – known in Hong Kong. Many media outlets had been reporting on it for many days.

The Hengfeng auction house's press officer said that the auction had received more than 80 media applications for interviews, more than 50 of which came from both mainland and overseas.

On the forum, there were mixed reactions to the auction. Many people still couldn't believe that someone could take out so many top – Quality abalones at once, and almost all of them were one – headed abalones.

Most of these skeptical people thought that this was a malicious hype. As for the publicity video and pictures, the photo editing software was so advanced these days. Sister ran could become fan Bingbing, so what was the big deal with editing the picture and video of the abalone?

On the other hand, the supporters felt that the Hengfeng auction house wouldn't destroy its own reputation. After all, it was a well – known auction house!

There were also a few netizens from the southeast province who expressed their trust in the Paradise brand. After all, the Paradise brand had become a synonym for high – end in the southeast province, especially in the capital of the southeast province, Sanshan city.

But after all, the influence of the Paradise company was not large enough, so the “positive and negative” parties did not mention much about the Paradise company. Some of them also criticized the Paradise company for maliciously hyping up the news.

Xia ruofei laughed as he browsed through the various comments on the internet. He was in a good mood.

After a while, a beautiful flight attendant walked to Xia ruofei's side. She squatted down and kept her height at Xia ruofei's. Then, she whispered, “Mr. Xia, the plane is about to take off. Please fasten your seat belt.”

Xia ruofei put down the iPad and smiled. “Alright!”

While Xia ruofei was putting on his seatbelt, the flight attendant walked back to his seat elegantly and put on his seatbelt.

Not long after, the plane trembled slightly and began to push backward.

In the process of pushing back, the engine of the plane began to turn. When it reached the runway, the cart was removed, and the luxurious Gulfstream G650 bus began to glide steadily.

The plane taxied all the way to the entrance of the runway and stopped steadily behind the yellow line, waiting for the take – off command.

Xia ruofei also looked out of the porthole. In the distance, a huge Airbus A380 was slowly descending. After a while, this Airbus A380 flew past their Gulfstream and landed smoothly on the runway.

The Gulfstream plane was obviously waiting for the plane to land.

After the A380 landed, Xia ruofei's Gulfstream was immediately allowed to enter the runway.

The plane taxied slowly again, made a big turn at the end of the runway, and firmly aimed at the center line of the runway.

At this time, the Airbus giant plane had left the runway through the right taxiway. The Gulfstream business jet, which had been ready for a long time, immediately stepped on the gas to take off after receiving the take – off command.

Xia ruofei felt the plane shake slightly before it started to accelerate on the runway. He also felt an obvious push on his back.

This standard runway was too long for the Gulfstream G650. It did not need such a long distance to take off or land.

After gliding at high speed for a few hundred meters, the plane reached the speed of lifting the wheels. The nose of the plane lifted up gently, and the entire streamlined luxury business jet rose lightly into the sky.

The Gulfstream commercial plane flew at a higher altitude than ordinary passenger planes, so there were very few bumps during the flight. Moreover, it was extremely comfortable, which was a completely different feeling from riding a passenger plane.

The Gulfstream G650's maximum cruising speed reached Mach 0.925, which was close to the speed of sound and far exceeded that of ordinary passenger airliners. Therefore, the entire flight from San Shan to Hong Kong only took a little more than an hour.

Two – thirds of this time was used for climbing and approaching.

When the luxurious private plane landed smoothly at the Hong Kong airport, Xia ruofei could not help but feel a little emotional.

"I must buy a plane like this when I have the chance! This is the real high – end enjoyment!" Xia ruofei thought to himself.

Every time they took a private jet, Xia ruofei could not help but feel a little envious.

And now, he was not far from owning a private jet, especially when the peach Garden vegetables in Australia began to produce in large quantities. The profits every month would be tens of millions or even hundreds of millions of us dollars, so buying a private jet was not a big deal.

Of course, a high – end business jet like the Gulfstream G650 could not be owned immediately with money. Every Gulfstream series business jet was custom – made according to the customer's requirements. After the order was placed, the production line could only be lined up.

Yes, they were queuing.

There were many rich people in the world. If someone else's order happened to be in front of you, you might have to wait even longer.

If they were unlucky, they might have to wait for two to three years.

The Hong Kong airport was very busy. The Gulfstream G650 was arranged to Park at a remote parking lot. However, Hengfeng group's MA Zhiming, Hengfeng auction house's manager Dong Jiajun, Feng ke, and others had already arrived at the parking lot.

The moment Xia ruofei got off the plane, he saw the people who had come to pick him up.

A burly man in a black suit took the thermal lunch box from the flight attendant and immediately put it in the car, storing it in the refrigerator.

"Xia Sheng, it's been a long time since I've seen you. You're still as elegant as ever!" Ma Zhiming greeted with a smile in Mandarin with a strong Cantonese accent.

"Hahaha! Mr. MA, how are aunt Huixin and Huanhuan?" Xia ruofei asked with a smile.

"Thanks to you, Huixin and Huanhuan are both very good!" Ma Zhiming smiled and said,"when Huanhuan heard that xiasheng was coming, she even made a fuss about coming to the airport to pick her up! However, she just happens to have calligraphy class today, so I can only let Huixin stay at home to coax her!"

Huanhuan was diagnosed with severe autism. At that time, Xia ruofei did not have the prescription for the heart – nourishing soup. He had used the petal solution of the spirit Heart Flower to cure Huanhuan. Later, Xia ruofei happened to save MA Xiong from the brink of death when he had a serious cerebral hemorrhage. Hence, the entire Ma family was grateful to Xia ruofei from the bottom of their hearts.

After Xia ruofei and Ma Zhiming exchanged some pleasantries, he turned to Feng Jing and said with a smile,"President Feng, it's been hard on you these past few days!"

He could see the fatigue on Feng Jing's face. He could imagine how intense her work must have been in Hong Kong.

"It's nothing, Chairman!"Feng Rao smiled. Just thinking about the auction this time makes me feel full of energy!"

"Hahaha! It's because you're in Hong Kong that I'm not worried. I only came here when the auction was about to start!" Xia ruofei smiled and said,"President Feng, I'll give you a big red packet after the auction is over!"

"Alright! "I'm not going to stand on ceremony with you ..." Feng Jing said with a smile."The housing prices in San Shan are getting more and more expensive. I want to buy a big house as soon as possible!"

"Then all the more reason for you to work hard!" Xia ruofei laughed and said,"the better the company's performance, the more bonus you will get at the end of the year! If we can make it into the top 500 in one night, buying 10 villas will be a piece of cake!"

The group of them walked to the car, talking and laughing.

Ma Zhiming had brought an extended version of a Bentley. The dried abalones had already been placed in the Bentley's ice bar.

Xia ruofei, Ma Zhiming, and Feng Jing sat in the Bentley while the bodyguards and staff sat in two other cars. The group of people left the airport very quickly.

MA Xiong had arranged for Xia ruofei to stay at the Hengfeng Jiahua Hotel in Hong Kong where the auction would be held the next day.

This was also a high – end brand under the Hengfeng Hotel Group. The truffle auction that Xia ruofei attended in Shen Cheng city was also held at Hengfeng Jiahua Hotel.

After the car left the Hong Kong airport, it passed by the North Island Highway and the green sunflower highway before finally arriving at the Hengfeng Jiahua Hotel, which was located by the seaside and overlooked the Victoria port.

When the car slowly drove into the hotel lobby, Xia ruofei saw the founder and chairman of Hengfeng group, MA Xiong, standing at the entrance of the hotel, waiting for him. He could not sit still.

?

Chapter 1044: hands – off shopkeeper, who’s the strongest? 1

Xia ruofei did not expect MA Xiong to come to the hotel to welcome him personally. It was beyond his expectations.

MA Xiong had a very high status in Hong Kong. Needless to say, his assets were worth tens of billions. He was one of the top ten richest people in Hong Kong all year round. He also had many titles such as the director of the Hong Kong horse race, Sir Angela, and so on. There were probably no more than ten people who had the same social status as him in Hong Kong.

Although Xia ruofei had saved MA Xiong’s life, he was still a little flattered by such a high standard of treatment.

Hence, Xia ruofei opened the door and stepped out before the car even came to a complete stop. He then walked quickly to MA Xiong.

He said, “old Mr MA, how can I let you come and welcome me personally?” This is really too much for this junior!”

MA Xiong laughed and said, “Xia Sheng is a benefactor of the MA family! You’re worthy, you’re worthy ...”

Some of the hotel’s top executives, who were being cautious, couldn’t help but be secretly speechless when they saw this scene.

When MA Xiong personally came to the hotel to welcome the guest, they were already secretly guessing how distinguished the guest had to be for MA Xiong to treat him so seriously.

When they saw the young Xia ruofei, their eyes almost popped out of their sockets. They thought that the person MA Xiong welcomed so seriously must be a super – rich man or a Big Shot in the political and business world. They did not expect it to be an ordinary – looking young man.

Xia ruofei and MA Xiong were speaking in Mandarin, so the Hengfeng hotel's senior management couldn't help but Mutter in their hearts,"Could he be the son of some famous rich family in the mainland? Even so, Chairman MA shouldn't have placed so much importance on it, right?"

With MA Xiong's status and special position in Hong Kong, he could directly talk to the political Giants in the mainland. Even if he was the young master of the Hong family, MA Xiong didn't have to welcome him personally, right?

The hotel management who attended to the guests were all guessing. Meanwhile, MA Xiong had already exchanged a few words with Xia ruofei before he turned to look at Feng Jing.

"Xiasheng, this must be President Feng from your company, right?" MA Xiong said with a smile. He was really young and promising! I heard from Jiajun that they've been very happy working with boss Feng!"

Feng Jing was a little nervous in front of this legendary rich man. She quickly went up and greeted him,""Good day, old Mr. MA!"

"Good, good, good!" MA Xiong didn't put on any airs as he asked with a smile,"is everything going well with the preparations for the auction? If your company has any requests, just tell Jiajun, he'll do his best to cooperate!"

"Alright, thank you, old Mr. MA." Feng ke said.

Only then did Feng Rao realize how close Xia ruofei and MA Xiong were.

She had been in Hong Kong for four or five days and had been feeling a little strange. On the one hand, the reception was very warm, and on the other hand, there was almost no resistance in her work. Whenever she asked for improvements, the Hengfeng auction house would try their best to satisfy her. If they couldn't do it, Dong Jiajun would personally explain it to her patiently.

Feng Jing's plans for the auction had all been realized, and it was so smooth that she found it hard to believe.

Originally, Feng Jing was prepared for difficulties. After all, the Hengfeng group was a giant Financial Group, and the Hengfeng auction house was also a well – known auction house in the industry. As for the Paradise Corporation, it was only a small company with a small reputation for the time being.

In such an unequal cooperation, the weaker party would definitely be at a disadvantage. Some reasonable requests might not even be met. Not to mention, Feng Jing wanted to use this auction as an opportunity to promote paradise Corporation as much as possible, so she was already prepared for a tug – of – War.

However, all the preparations she had made were almost useless.

Today, Hengfeng group's general manager Ma Zhiming had personally gone to pick them up, and a legendary figure like Chairman MA Xiong had also personally come to the hotel to welcome them. Moreover, both parties were so familiar with each other. Feng Jing suddenly realized.

She remembered that Xia ruofei had strongly dissuaded her from coming to Hong Kong a few days ago to coordinate the auction.

Only now did Feng Jing realize that Xia ruofei didn't think there was a need to coordinate at all. He just didn't want to dampen her enthusiasm so he didn't say it.

Feng Jing couldn't help but sneak a glance at Xia ruofei.

Fortunately, Xia ruofei did not notice her. He was still smiling as he spoke to MA Xiong.

The group of people exchanged a few words at the entrance of the hotel and began to walk in.

The precious one – headed abalone had already been placed back into the thermal container. A burly Man in Black followed Xia ruofei with the thermal container in his hand.

MA Xiong chuckled. "Xia Sheng, I'll still arrange for you to stay in the Presidential Suite on the top floor. If you need anything else during your stay, just let Yu Hao know. He's the General Manager of this hotel."

A middle – aged man in a suit and leather shoes beside MA Xiong quickly bowed to Xia ruofei and handed him a business card with both hands. He said respectfully, ""Xia Sheng, please give me your guidance!"

Xia ruofei took the name card with a smile and said, "Then I'll have to trouble President Yu for the next two days!"

"I don't dare! He didn't dare! "You're welcome ..."Yu Hao quickly said.

MA Xiong and Ma Zhiming personally accompanied Xia ruofei and Feng Jing to the Presidential Suite's special elevator to the top floor.

When they arrived at the huge, luxurious living room, MA Xiong couldn't wait to see the top – grade one – headed abalones that were going to be auctioned.

?

Chapter 1045: hands – off shopkeeper, who's the best?(2)

Naturally, Xia ruofei would not reject such a small request. Besides, the abalones would be auctioned tomorrow.

He opened the thermal box with a smile.

Although they had seen photos and videos of these high – Quality one – headed abalones, they still couldn't help but gasp when they saw 20 to 30 huge abalones stacked on the coffee table.

It was also Feng Rao's first time seeing the top – grade one – headed abalone, so she was just as shocked as MA Xiong and his son.

MA Xiong's hands were trembling as he mumbled, "One – headed abalone ... Top – Quality one – headed abalones ... I never dreamed that I would see so many top – Quality one – headed abalones one day ..."

As a native of Hong Kong, MA Xiong's love for seafood was ingrained in his bones. Even though he was already a billionaire, he couldn't help but lose his composure when he saw so many one – headed abalones that he couldn't even buy with money before.

Xia ruofei smiled and accurately picked out a few Pixiu from the pile of abalones. In fact, the abalones were labeled on the outer packaging and their weight was also accurately measured. With Xia ruofei's memory, he could naturally distinguish them with a glance.

The abalones that Xia ruofei had picked out were all slightly lighter. Strictly speaking, they were not even the standard of a one – Head abalone. The other three were the heaviest and would be the final items of the auction.

Putting the abalones aside, Xia ruofei laughed and said, "Mr. MA, according to our previous agreement, you can choose two one – headed abalones from here."

In addition to the three heaviest ones and the two that Tang He had bought in advance, there were a total of 20 top – Quality one – Head abalones.

Ma Zhiming didn't know that his father had such an agreement with Xia ruofei. He couldn't help but look surprised when he heard this. Feng Jing's mouth moved slightly. She felt a little distressed, but Xia ruofei had already made his decision. She knew her limits, so she didn't say anything.

"Alright, alright ..." MA Xiong nodded excitedly.

He came to the 20 one – headed abalones, picked one up, looked at it for a while, then put it down and picked up another one.

The abalones that grew up in the spirit map space were of very high quality, and MA Xiong liked every one he saw.

This super – rich man, who was decisive in the business world, began to hesitate in the face of twenty abalones.

But in the end, he still chose two abalones to hold in his hands. Then, he looked at the remaining 18 with some reluctance and said, "Xia Sheng, just these two!"

"No problem!" Xia ruofei said with a smile.

He could clearly see that MA Xiong didn't pick the two heaviest one – headed abalones among the 20 one – headed abalones. Instead, he chose the two that were of medium weight.

The old man was quite kind. He didn't take more abalones just because Xia ruofei asked him to. He knew that these abalones were going to be auctioned tomorrow. Xia ruofei was already kind enough to let him choose two before the auction.

Xia ruofei gathered the rest of the abalones together and placed them in a thermal container. He then walked to the huge double – door refrigerator and arranged them one by one.

On the other side, MA Xiong was holding two one – headed abalones fondly and said with a smile, "Xia Sheng, I don't know what the price will be at tomorrow's auction. I think ... Why don't we wait until the auction is over and I'll pay you according to the average price of the auction?"

Xia ruofei waved his hand and said, "no need, no need. Old Mr. MA, just give it to me as you see fit." With our friendship, how can I sell it to you at the auction price?"

"That's embarrassing. "MA Xiong chuckled. You're already giving me face by letting me choose the abalones first. How can I let you lose more money?"

Ma Zhiming also chimed in, "that's right, Xia Sheng!" My daddy is right, let's settle the price according to the average auction price! We can't let you suffer any losses ..."

"Are you two looking down on me?" Xia ruofei said angrily. Old Mr. MA, if I only want to make money, wouldn't it be better if I put all the abalones on auction? I believe that with your wealth, it's impossible that you can't even bid for two abalones, right?"

MA Xiong was stunned for a moment, then he smiled and said, "Xia Sheng, you're treating us like outsiders ... Alright! We'll do as you say!"

He pondered for a moment and said, "Then ... I think four million for an abalone should be a reasonable price ..."

Ma Zhiming didn't even blink when he heard the price. To him, this amount of money was indeed not even a drop in the ocean. It was hard to buy a good heart with money! Her father loved abalones so much that it was worth it to spend eight million on two one – headed abalones.

On the other hand, Feng Rao sucked in a deep breath of cold air after hearing MA Xiong's bid. She felt that it was too easy to earn money. One abalone was already four million ...

Although one – headed abalones were rare, rich people were not stupid. The auction price was not sky – High, so they could still estimate the price. Although MA Xiong owed Xia ruofei a favor, the price he said was basically the auction price he had predicted.

In the end, he still did not want to treat Xia ruofei unfairly in terms of money.

Xia ruofei smiled and said, "old Mr. MA, I'll be honest with you." Grandpa Tang United States from shengbang also bought two one – headed abalones from me. They weighed about the same as the two you chose, and I charged him six million Yuan. So ... You can't exceed this standard at most. I can't favor one over the other!"

?

Chapter 1046: hands – off shopkeeper, who's the best (3)

MA Xiong was stunned when he heard that. He asked, "I didn't expect Xia Sheng to have such a good relationship with brother Tang!"

Xia ruofei smiled. "It's just a business deal. When your employees went to the farm to appraise the abalones, elder Tang was also a guest at my place. He liked the abalones very much and bought two from me on the spot."

MA Xiong nodded and said, "Alright! Xia Sheng, since you've already said so much ... Then we'll do as you say!"

After he finished speaking, MA Xiong gave Ma Zhiming a look. Ma Zhiming immediately took out his checkbook, wrote down the numbers, and signed his name.

Xia ruofei took the check and put it in his pocket without even looking at it.

After MA Xiong got the two abalones, he was also eager to go home. After chatting for a while, he stood up and said, "Xia Sheng, I'll take my leave first. I've arranged a welcome dinner tonight. Please attend it with Chief Steward Feng!"

"Thank you, old Mr. MA!" Xia ruofei said with a smile.

After sending MA Xiong and Ma Zhiming off, Feng Jing and Xia ruofei were the only ones left in the huge Presidential Suite.

Feng Jing's heart started to race as she was alone with Xia ruofei in the hotel room.

Fortunately, the Presidential Suite was very large, unlike ordinary hotel rooms, which only had a bed and a few chairs.

Feng Rao glanced at Xia ruofei and said, "Chairman, I'll report to you the preparations for the auction these few days and the main process for tomorrow!"

Xia ruofei waved his hand. "I'll leave the details to you. I'm not worried."

"But tomorrow, you're going to ..."

"You'll be in charge of everything on behalf of the company tomorrow. I won't be getting involved!" Xia ruofei said with a smile.

"Ah?" Feng Rao couldn't help but open her mouth wide.

Xia ruofei laughed and said, "ah what?" "You're the company's general manager, can't you represent the company? Don't tell me you're having stage fright?"

In fact, Xia ruofei had already made up his mind before he left. He would avoid such an event as much as he could. There would be so many media reporters there tomorrow. If he appeared on stage, he would be completely exposed in the spotlight. It would not be easy to live a low – Profile life in the future.

Feng Jing was the company's general manager, and as a woman, she had an innate advantage. Not to mention, Feng Jing had a beautiful image and a good temperament, so she was the most suitable person to attend such an event.

"I won't have stage fright!" Feng Rao replied without even thinking.

"Then isn't it settled?" Xia ruofei lay down on the soft leather sofa and said lazily, "You were the one who volunteered to come to Hong Kong ..." He said.

Feng Rao could not help but glare at Xia ruofei and said in a low voice, "You only know how to be lazy ..."

With Xia ruofei's hearing, he naturally heard it clearly. However, he still pretended to be confused and asked, "What did you just say?"

"It's nothing!" Feng Rao looked at Xia ruofei unhappily.

Xia ruofei chuckled. "Director Feng, you can handle the details yourself. I have absolute trust in your ability!"

"Okay ..." Feng Jing said. "Chairman, I'll go back to my room. The auction will start tomorrow, and I still have a lot of things to prepare."

"Alright, thank you for your hard work, President Feng!" Xia ruofei said with a smile.

"By the way, there are many rooms in this Presidential Suite. The conditions should be much better than the guest room you're staying in. Do you want to move in?" he asked.

Xia ruofei regretted it the moment he asked that.

Although the Presidential Suite was surprisingly large, with seven or eight bedrooms of various sizes, a study, a living room, a small kitchen, and so on. It was bigger than most people's homes, but it could only be considered a hotel room! How could he invite a girl to live with him?

As expected, Feng Rao's face turned red after hearing his words.

?

Chapter 1047: whoever sees it gets a share (1)

Xia ruofei was embarrassed, but before he could explain, Feng Jing blushed and said, "Chairman, I ... I'll go back to my room first ..."

"Ah?" Xia ruofei was stunned and quickly said, "Oh, Okay, okay, okay ..."

Xia ruofei heaved a sigh of relief as he watched Feng Jing leave. He warned himself that he should not be so outspoken in the future even though they were close.

Xia ruofei had left everything to Feng Jing, so he was very relaxed. After Feng Jing left, he started to stroll around the luxurious Presidential Suite.

This Presidential Suite was generally the same as the Presidential Suite of Hengfeng Jiahua Hotel in Shen Cheng. However, because Hong Kong was the headquarters of the Hengfeng group, the Hengfeng Jiahua Hotel here was more luxurious.

This was reflected in the Presidential Suite, which was bigger and more luxurious.

The entire suite had a living room, dining room, bar, study, pantry, and eight bedrooms of various sizes. The master bedroom was more than 100 square meters in size. The entire side of the Super large master bedroom was covered with floor – to – Ceiling glass. After the electric curtains were slowly pulled open, one could enjoy the beautiful scenery of Port Victoria from all angles.

The bathroom had a custom – made sauna and a large Jacuzzi. The faucet was made of pure gold, the sink was inlaid with crystals, and all the toiletries were from hermès.

There was also the ‘Hengfeng Jiahua bed’, which was hand – made with dalayi latex from the United States, as well as the unique pillowcase that was embroidered with the guest’s name in advance. All of them had the same specifications as the Hengfeng Jiahua Hotel in Shen Cheng.

In addition, the biggest difference was that the Presidential Suite of the Hengfeng Jiahua Hotel in Hong Kong had a super large terrace with an borderless spa pool. It was called a bath pool, but in fact, it was more like a small swimming pool.

Xia ruofei’s heart skipped a beat at the sight of the large bathtub. He immediately returned to his bedroom and changed into the swimming trunks provided by the hotel. Then, he put on his bathrobe and went to the balcony.

Xia ruofei spread out his bathrobe on the long lounge chair beside the bathtub and jumped into the large bathtub.

The bathtub was equipped with a constant temperature heating system, and the water temperature was always maintained at about 25 degrees.

Moreover, this terrace extended from the hotel building, so there was almost no shelter around it. In addition, the entire bath pool was designed without edges, so the feeling of being in the bath pool was as if the surface of the water and port Victoria below were one. It was as if they were on the vast sea, and it was indeed relaxing.

Xia ruofei swam more than ten times in a carefree manner. Then, he laid back and floated in the water, looking at the blue sky. His body and mind were completely relaxed.

Just as Xia ruofei was about to fall asleep, a melodious sound came from the smart extension beside the bathtub. Then, an electronic voice prompted, “There was a visitor, a visitor ...

Xia ruofei raised his head and saw that the LCD screen had already automatically displayed the image taken by the security camera at the door. It was Feng Jing standing at the door.

Xia ruofei was curious as to why Feng Rao would return. However, he quickly got out of the bath, wiped the water off his body, put on his bathrobe, and walked out.

When he opened the door, Xia ruofei saw Feng Jing dragging a small suitcase and carrying her laptop bag.

He couldn’t help but be stunned. His mouth was wide open for a long time before he said, “President Feng, you ... You ...”

Feng Rao glanced at Xia ruofei and said, “Didn’t you invite me to stay here? I just went back to move things!”

“Ah?” Xia ruofei was shocked.

“The chairman doesn’t welcome me?” Feng Rao asked Xia ruofei with a half – Smile.

"No, no!" Xia ruofei quickly said, "please come in!"

With that, Xia ruofei stepped aside.

Feng Rao looked at Xia ruofei, who was in a bathrobe with water droplets on his hair, and blushed.

However, she pretended to be calm and said, "I'm saving the company's business expenses! Hengfeng Jiahua hotel's room fees are not cheap!"

She didn't even have the confidence to say that because she had booked a hotel nearby for this business trip. However, the Hengfeng group was very welcoming and directly arranged for her to stay at the Jiahua Hotel, where the auction would be held, without charging a single cent.

Feng Rao had considered the fact that the auction would be held here, so she had agreed after a few words of rejection for the convenience of her work.

Xia ruofei chuckled and took Feng Jing's luggage. "CEO Feng, you can choose any of the eight bedrooms here! It's not a problem even if you want to live in the master bedroom!"

Feng Rao glanced at Xia ruofei and said half – jokingly, "I wouldn't dare to do that ... I'd better choose a room further away from the master bedroom!"

Xia ruofei laughed drily and walked into the room with Feng Jing.

This room was relatively small. Generally speaking, the functions of a Presidential Suite were very complete. In many cases, the VIP who stayed in the Presidential Suite was not alone. There were usually secretaries, bodyguards, and other attendants. Looking at the layout of this room, it was obvious that the bodyguards' rooms were used by secretaries or servants. They were usually closer to the master bedroom.

However, although the room was small, it had a complete set of functions. It also came with a separate bathroom. The beddings, toiletries, and so on were the same as the master bedroom, and it was quite luxurious.

Xia ruofei said, "CEO Feng, this room is a little small!" There are a few bigger rooms over there, do you want to ..."

"This place is pretty good!" Feng Jing sat down on the bed comfortably and even pressed down on the soft latex mattress. She smiled and said, "I've stayed in many super five – Star hotels, but this is my first time experiencing a Presidential Suite! It's all thanks to the chairman!"

?

Chapter 1048: everyone gets a share (2)

After speaking, Feng Jing opened her laptop bag and placed it on the desk before turning it on.

"Alright," Xia ruofei said. "I won't disturb you from your work!"

Feng Rao raised her head and smiled at Xia ruofei. "Thank you, Chairman!"

Xia ruofei smiled and waved his hand. He closed the door behind him as he left the room.

Initially, he had invited Feng Jing to move in with him, but it was just a joke that Xia ruofei had blurted out. After that, he felt that it was inappropriate. He had not expected Feng Jing to really move in.

Although the Presidential Suite was huge, it was still considered a suite. Xia ruofei felt that it was a little too much for a man and a woman to stay together.

However, since Feng Jing had already moved in, Xia ruofei couldn't possibly go back on his word. If he did, Yingying might really fall out with him.

He could only smile bitterly, shake his head, and walk back to the master bedroom.

In the afternoon, Feng Jing shut herself in her room to deal with her work. Xia ruofei had nothing to do, so he went to the Presidential Suite's theater and watched a movie that had just been released.

Although the recording studio was not big, the facilities were quite luxurious. It used the most advanced sound – absorbing materials and the best sound equipment. Facing the real leather first – Class seats was a huge screen.

The effect of watching the movie was much better than in the cinema.

After the movie, it was almost dinner time. Xia ruofei went back to his bedroom and changed into a suit before returning to the living room.

He looked at Feng Jing's tightly shut door and wondered if he should knock on her door to remind her. He knew that Feng Jing would lose herself in her work and might even forget the time.

MA Xiong had also invited Feng Jing to the dinner party.

Just as Xia ruofei was hesitating, the melodious sound of the doorbell rang.

Hence, Xia ruofei gave up on the idea of reminding Feng Jing and stood up to open the door.

The moment the door opened, Xia ruofei heard a happy voice.

"Brother RUO Fei!"

Then, a figure jumped into his arms.

A warm smile appeared on Xia ruofei's face. He squatted down and opened his arms, allowing the angel – like little Huanhuan to pounce on him.

Xia ruofei lifted Huanhuan up and asked, "Huanhuan, did you miss your brother?"

Huan Huan nodded her head like a chick pecking at rice. "I want to!"

Then, she pouted and said, "big brother ruofei is so bad!" You don't even come to Hong Kong to see Huanhuan ..."

Xia ruofei said awkwardly, "brother has been very busy with work ... Well ... I'm here today, aren't I?"

"Liar!" Huan Huan raised her head and said, "brother ruofei is here for work too! I've heard about it from Grandpa ..."

Hearing this, Xia ruofei felt even more embarrassed. Ma Zhiming and Tian Huixin, who had come with Huanhuan, didn't know whether to laugh or cry.

"Huanhuan, how can you say that!" Tian Huixin quickly said.

"It's okay, it's okay ... Mr. MA, aunt Huixin, please come in and sit!" Xia ruofei said with a smile.

At this moment, Feng Jing, who had been working in her room, opened the door and walked out.

Seeing that Xia ruofei's beautiful subordinate was also in the Presidential Suite, Ma Zhiming and Tian Huixin's expressions became a little strange. Of course, they were not stupid enough to ask anything. They just smiled and nodded at Feng Jing.

Ma Zhiming and Tian Huixin were only curious, but Huan Huan didn't care about that. After seeing Feng Jing, she immediately asked with her eyes wide open, "Big brother ruofei, why is there a pretty big sister in your room? Is she your girlfriend?"

Xia ruofei and Feng Rao blushed.

"Huanhuan, this is my brother's colleague," Xia ruofei quickly said.

"Why do colleagues live together?" Huan Huan tilted her head and asked in confusion.

Xia ruofei was immediately embarrassed. Tian Huixin quickly said, "Huanhuan, why are you asking so many questions? Hurry up and come down! Your big brother ruofei's hands are already sore ..."

"Don't, don't!" Huan Huan shouted and hugged Xia ruofei's neck tightly.

"I'm fine, I'm fine!" Xia ruofei said, "Huanhuan isn't heavy ..."

After being frightened by Tian Huixin, Huan Huan was no longer bothered by the fact that her colleagues could live together. Xia ruofei also heaved a sigh of relief.

Feng Rao's pretty face was slightly red as she greeted Ma Zhiming and his wife.

Xia ruofei explained, "President Feng wanted to report to me about the auction. There are a lot of empty rooms here. So, I asked her to move in. It's more convenient for her to work ..."

Ma Zhiming and Tian Huixin looked at each other and chuckled as they nodded. No matter how one looked at it, their gazes were somewhat ambiguous.

Ma Zhiming's family had come to invite Xia ruofei for a meal, so after everyone sat down and chatted for a while, they prepared to go to the restaurant downstairs.

Feng Rao also went back to her room to change into a formal suit. Xia ruofei put Huanhuan down and went to the master bedroom to take out the gift that he had prepared before leaving.

As soon as Xia ruofei returned to the living room, Huanhuan immediately wanted him to hug her. After Huanhuan's autism was cured, she had been very close to Xia ruofei. This was a kind of intimacy that came from the bottom of her heart. Even Tian Huixin was a little envious.

Xia ruofei had no choice but to pass the things in his hands to Feng Jing. Then, he carried Huanhuan and the group of them left the Presidential Suite and took the special elevator downstairs.

MA Xiong had invited Xia ruofei to the Jiahua restaurant on the third floor of the hotel. It was a Michelin – starred restaurant owned by Hengfeng Jiahua Hotel.

MA Xiong did not invite anyone else to the banquet. The guests were only Xia ruofei and Feng Jing while the MA family only had MA Xiong, Ma Zhiming and their wife, as well as little Huanhuan.

Xia ruofei and the rest entered a small elegant private room in Jiahua restaurant. MA Xiong immediately stood up and greeted them with a bright smile.

“Old Mr. MA!” Xia ruofei smiled and greeted him.

“Xia Sheng, miss Feng, come, come, come, sit here!” MA Xiong said with a smile.

Xia ruofei said to Huanhuan, “Huanhuan, can you go to mom’s place first?” Big brother has something to do.”

Although Huan Huan was very attached to Xia ruofei, she still replied obediently, “”Alright ...”

After handing Huan Huan over to Tian Huixin, Xia ruofei took the things that Feng Rao had prepared earlier. He smiled and said, “”Mr. MA, I’ve brought you some gifts. It’s just a small token of my respect!”

He had prepared half a catty of top – grade Da Hong Pao for MA Xiong, while Tian Huixin had received the jade skin cream that Xia ruofei had personally brewed. Although the mass production of jade skin cream had been put on the agenda, there was still a difference between hand – brewed and mass – produced. After all, the rarer something was, the more expensive it was!

MA Xiong was a man who knew what was good. He knew that the tea was extraordinary just by opening it and smelling its fragrance. Tian Huixin had also received the jade skin cream from Tian Huilan and knew the magic of this skin care product. Therefore, the two of them were very fond of the gift and repeatedly expressed their gratitude.

Finally, Xia ruofei took out a small box and said with a smile, “”Huanhuan, this is a gift from brother RUO Fei! Open it and see if you like it.”

Huan Huan had been itching to get a gift from her grandfather and mother, but her good upbringing had kept her from asking for it. When she heard that the box contained a gift from brother RUO Fei, she immediately accepted it happily.

“Thank you, brother ruofei!” Huan Huan said with a sweet smile.

Xia ruofei smiled and nodded. “”Open it and take a look!”

“En!” Huan Huan nodded her head and opened the box.

MA Xiong’s family also looked over curiously. After Huan Huan opened the box, MA Xiong and the other two could not help but stare and gasp in unison ...

?

Chapter 1049: A precious gift (1)

Inside the box was a lifelike Jade Leaf.

Xia ruofei had bought a piece of well – colored jade a few days ago and spent an entire day in the spirit map to carve it.

Although the quality of the Jade was very high, it was only worth a few hundred thousand Yuan. It was not enough to make MA Xiong and the others lose their composure.

At MA Xiong’s level, or even with Xia ruofei’s wealth, a few hundred thousand Yuan was nothing.

What truly shocked MA Xiong and the others was the carving technique of the Jade Leaf.

The MA family was a truly wealthy family, and the Hengfeng group was in the jewelry business. Therefore, whether it was MA Xiong or Ma Zhiming, they naturally had good taste.

They could tell at a glance that this life – like green jade Leaf was not ordinary. The whole leaf was natural and exuded a natural charm. There was no trace of carving on it, as if it had been born with this appearance.

Upon closer inspection, every curve and vein of the leaf seemed to be in harmony with the laws of heaven and earth. MA Xiong and the others could feel that even the slightest deviation would cause the Jade Leaf to lose its charm.

This was clearly a superb carving technique that was even at the integration of heaven and man realm!

In the early days, Hengfeng group’s main business was in the jewelry industry. The company had many sculptors all year round, many of whom were famous masters in the industry.

However, even if these jade carving Masters were to make their own moves, none of them would be able to carve the Jade Leaf to such a natural state.

The value of the Jade itself might only be a few hundred thousand.

However, after such a process, its value had increased by at least tens or even hundreds of times.

Most importantly, the Jade Leaf was similar to the top – grade one – headed abalone, and one might not be able to buy it even if one had money.

After all, a sculpted master at this level couldn’t just casually make a move. This kind of peak work couldn’t be completely measured by money.

Therefore, MA Xiong and the other two immediately realized the value of the Jade Leaf.

Tian Huixin was the first to react. She quickly said, “Ruofei, your gift is too expensive. We can’t accept it.”

Ma Zhiming also came back to his senses and immediately said, “Yes, yes, yes. Xia Sheng, how can you give such a treasure to a child?”

When Huan Huan saw the Jade Leaf, her eyes were filled with love. This was a gift from brother RUO Fei! Moreover, this Jade Leaf was extremely pure and had a natural charm to it. Although the child did not understand it, he subconsciously felt very close to it.

When she heard that her parents had rejected Xia ruofei's gift, Huanhuan pouted. However, she was very sensible and did not cry. She only held the box tightly with a strong sense of reluctance.

Xia ruofei smiled and said, "Mr. MA, aunt Huixin, this is my gift to Huanhuan. It's not for you. It's not nice for you to reject it on behalf of the child, right?" Look at how much Huanhuan likes this gift!"

MA Xiong cleared his throat and said, "Xia Sheng, our child is still young. Your Jade Leaf can be considered a peerless treasure. We really can't accept it!"

Xia ruofei smiled. "Old master Ma, this is a gift from me to Huanhuan. Jade has a price, but feelings are priceless. I'm very close to Huanhuan. Please don't reject it ..."

"This ..." Ma Zhiming and Tian Huixin looked at each other.

Xia ruofei continued, "old master Ma, I treat you guys as my own people. Huanhuan is like my sister. It's just a small gift. You guys don't have to be so formal, right?"

Ma Zhiming and Tian Huixin were still hesitating. MA Xiong was a formidable figure in the business world after all, and he had strong courage and decisiveness. Seeing that Xia ruofei had already put it this way, he only muttered to himself for a moment before saying, "Zhiming, Huixin, since Xia Sheng has said so, let's accept it!"

Ma Zhiming could only nod and say, "thank you, Xia Sheng!"

MA Xiong looked at Xia ruofei deeply and said, "Xia Sheng, I won't say anything more. You've done a great favor for the MA family, and we're all family. We're one family, so there's no need to talk like two families!"

Xia ruofei smiled and nodded.

"Huanhuan, why don't you thank brother RUO Fei?" Tian Huixin quickly said.

When Huan Huan saw that the adults had finally allowed her to accept the gift, she was elated. She immediately said sweetly to Xia ruofei, "Thank you, brother ruofei!"

Then, she leaned over and planted a kiss on Xia ruofei's cheek with her sweet lips.

Everyone couldn't help but laugh.

Xia ruofei laughed and said, "You're welcome, Huanhuan. Can big brother help you put this Jade Leaf on?"

"En!" Huan Huan nodded heavily.

This Jade Leaf had already been strung with a red string in advance. Xia ruofei picked up the two ends of the string and warned the MA family, "Make sure Huanhuan wears this Jade Leaf at all times. Don't take it off under any circumstances."

Although MA Xiong and the others felt that it was not safe for the child to wear such an expensive Jade Leaf, it was a gift from Xia ruofei. Besides, the MA family was a wealthy family and had bodyguards to escort them in and out of the house. Even if Huan Huan wore the Jade Leaf, it would not matter too much.

Hence, when they saw Xia ruofei's Serious Request, they immediately nodded in agreement.

Only then did Xia ruofei pick up the Jade Leaf with a smile. He wrapped it around Huan Huan's neck and carefully fastened the lock on the back.

?

#### Chapter 1050: A precious gift (2)

No one noticed that when the Jade Leaf came into contact with Huanhuan's skin, an undetectable red light shot out from Huanhuan's body and quickly entered the Jade Leaf.

Huan Huan was immersed in the joy of receiving a gift. She felt as if she had been bitten by an ant and did not care at all.

Following that, she felt that she was even closer to the Jade Leaf, as if there was a connection of flesh and blood between them.

The child didn't know so much. She felt that since this was a gift from brother RUO Fei, it was normal for her to like and be so close to this Jade Leaf.

In fact, Xia ruofei had just used his spiritual energy to wrap a wisp of genuine Qi and gently stabbed Huanhuan's body. Then, he brought out a little blood and threw it into the Jade Leaf.

With Xia ruofei's cultivation, no one present could notice him.

In fact, the MA family did not know that the most precious thing about this Jade Leaf was not the carving.

Although Xia ruofei's spiritual power and a cultivator's understanding of the way of heaven and earth far surpassed ordinary people's, and the Jade Leaf he carved was indeed amazing, the most precious part of the Jade Leaf was the runes that Xia ruofei had carved with his spiritual power.

With the high – grade Jade as a carrier and the recognition of its master through Huanhuan's blood just now, it was no exaggeration to say that this Jade Leaf was equivalent to Huanhuan's other life.

Whether it was an accident in life, such as an unpredictable car accident, a fall from a high place, some premeditated injuries, or even a gun attack, the protective rune contained in this Jade Leaf could save Huanhuan's life.

If those super – rich people knew about such a magical amulet, they would definitely fight to buy it even if they had to spend hundreds of millions.

The richer a person was, the more they cherished their lives. They had worked hard for most of their lives to earn hundreds of millions of dollars. Once they died, everything would be for nothing.

Of course, MA Xiong and the rest could not see the magic of this Jade Leaf and Xia ruofei would not specifically tell them.

He just felt that he hit it off with Huanhuan, and he did not want to win the favor of the MA family with such an expensive gift.

After hanging the beautiful jade Leaf on Huan Huan's neck, Xia ruofei gently touched Huan Huan's nose and said, "Huanhuan, you can't take off the gift from brother ruofei no matter what. You can't lose it either!"

Huan Huan nodded seriously and said, "Mm! Brother ruofei! I'll be very careful!"

Xia ruofei nodded with relief. Then, he looked at Ma Zhiming and said with a smile, "Mr. MA, I've prepared gifts for old Mr. MA, aunt Huixin, and little Huanhuan, but I really can't think of what to give you ..."

"Xia Sheng, there's no need ... You're already being too polite ..." Ma Zhiming quickly said.

Initially, Xia ruofei was only half – jokingly explaining. However, after he took a look at Ma Zhiming, a hint of undetectable surprise flashed in his eyes. He couldn't help but take another look.

"Mr. MA, I do have a gift for you, but not now ..." Xia ruofei said with a smile.

After he finished speaking, Xia ruofei looked at Tian Huixin with a strange expression, but he immediately looked away.

"There's really no need for that, Xia Sheng," Ma Zhiming said.

Xia ruofei smiled and waved his hand, "you'll definitely like this gift!" Mr. MA, how about this ... After the auction ends tomorrow, you can come to my room to find me. "

Ma Zhiming still wanted to decline tactfully, but MA Xiong's eyes slightly narrowed and he said in a deep voice, "Zhiming, there must be a reason for Xia Sheng's instructions. You must remember to visit him tomorrow!"

MA Xiong was experienced and experienced. He noticed something strange from Xia ruofei's expression and associated it with Xia ruofei's magical medical skills. He immediately suspected that there was something wrong with his son's body that Xia ruofei had already diagnosed. Hence, he did not dare to delay and quickly instructed Ma Zhi Ming.

In fact, MA Xiong was right about half of the time, but not all of it.

Although Ma Zhiming's situation was a little tricky, it was not a fatal problem.

If it was Xia ruofei who had relied on the petals of the spirit Heart Flower to conquer the world in the past, he would naturally not be able to discover anything. However, ever since he had absorbed the massive amount of information from the human – shaped jade talisman, he would digest and absorb it whenever he had free time.

The knowledge in the Jade talisman had been imprinted into his mind, so the efficiency of his learning was naturally extremely high.

Hence, Xia ruofei's medical skills could be considered to have reached a higher level. He was not inferior to an ordinary Chinese medicine master.

If it was supplemented with the assistance of mental power, his diagnosis could be said to be superb.

He seemed to have glanced at Ma Zhiming twice, but in fact, he was looking at the "look" in Chinese Medicine's "look, listen, ask, and feel". This word sounded simple, but in fact, it was broad and profound. A truly experienced Chinese medicine master could make a general judgment of the patient's condition by simply observing the patient's improvement, the condition of the tongue, and so on.

When Xia ruofei looked at Ma Zhiming for the second time, he secretly used his spiritual power. Naturally, he was able to spot Ma Zhiming.

Of course, Ma Zhiming's problem was not life – threatening, so Xia ruofei was not in a hurry. He decided to help him solve it after the auction.

Ma Zhiming was known far and wide for his great filial son. He never dared to disobey his father's words, so he immediately said, "I know, daddy!"

While everyone was chatting, Jiahua restaurant was also rushing their preparations and the dishes were served very soon.

MA Xiong treated Xia ruofei with the highest standard.

Many of the ingredients were expensive Taoyuan vegetables, and many of them were high – Quality ingredients that were flown in from abroad. The skills of Michelin star chefs were impeccable, so Xia ruofei and Feng Jing were full of praise for the taste of the dinner dishes.

This was the first time Xia ruofei had tasted paradise vegetables cooked by a Michelin star chef. It felt different. He was probably the one who had eaten paradise vegetables the most, but he still had a deep impression of those dishes.

The color, fragrance, and taste were all impeccable. It retained the appearance of the Paradise vegetables that made people drool to the greatest extent, and the freshest and most tender taste of the vegetables was also vividly displayed.

The same ingredients could be made differently by a brilliant chef.

MA Xiong, who was in a good mood after seeing an old friend, even opened a bottle of precious red wine. This bottle of wine was produced in Bordeaux, France. The brand was called Tummons. It was different from the Lafite red wine that the nouveau riche in China often used to show off. Tummons red wine was truly low – Key luxury. A 700 – milliliter bottle of red wine often sold for tens of thousands of dollars.

MA Xiong's bottle of wine was produced in 1987, the best year in the history of tumons, and its price was even more shocking.

Of course, there was a reason why it was expensive. You get what you pay for.

This bottle of red wine had a unique taste. Even Xia ruofei, who did not know much about red wine, could not help but praise it.

The meal was naturally a joyous one.

After the meal, Huanhuan was still clinging to Xia ruofei. Tian Huixin tried her best to persuade Xia ruofei, and Xia ruofei promised to take her to Disneyland and Sea World after he was done with work the next day. She then said goodbye to Xia ruofei unhappily and left the hotel with her parents and grandfather to go home.

Xia ruofei and Feng Jing returned to the Presidential Suite.

Feng Jing had also drunk a few glasses of red wine during the banquet, so her face was flushed red, making her look even more beautiful. The moment the two entered the room, they felt an awkward and ambiguous atmosphere.

Before Xia ruofei could say anything, Feng Rao quickly said, ""Chairman, I'm going back to my room. Good night!"

Then, she quickly ran back to her room as if she was escaping.

Xia ruofei felt a little relieved. He was not in the mood to enjoy the luxurious facilities in the Presidential Suite and the spa pool on the huge terrace. He went straight to the master bedroom.

After Xia ruofei returned to his room, he first went to the sauna room to steam for a while. Then, he soaked in the Super large Jacuzzi for a long time. He felt refreshed from head to toe before he got up and put on his bathrobe.

He thought of Ma Zhiming's situation he had checked before the banquet, and his heart moved slightly. He immediately contacted Xia Qing in the space through his divine sense ...
