

## God tier Farm 1111

### Chapter 1111: Could it be a magic tool?(2)

Elder song was stunned. After a while, he pointed at Xia ruofei and said with a bitter smile, ""You little Xia ... You're really multi – talented! I think even if you don't own a company, you can live a very comfortable life with this unique skill of carving Jade ..."

Song Zhilan and song Rui also found it unbelievable, especially song Zhilan. After listening to the conversation between elder song and Xia ruofei, she noticed the carving of the Jade Guanyin and couldn't help but take a few more looks.

She was also a well – informed lady from a wealthy family. Naturally, she had a lot of precious jewelry at home. However, the more she looked at this Jade Guanyin, the more she felt that it was not simple. It seemed to be without the slightest bit of smoke or fire. After looking at it a few more times, she actually felt a sense of immersion.

Elder song said as he took the Jade Guanyin out of the box and played with it in his hand.

As soon as the Jade Guanyin entered his hand, elder song couldn't help but raise his eyebrows and said, ""What?"

After all, elder song was an old man. Today was his birthday and he had spoken a lot. He even drank a few glasses of white wine. In fact, he was a little tired now. However, when he picked up the Jade Guanyin, he immediately felt a trace of coolness, and then his entire person became much more energetic.

"Little Xia, this Jade Guanyin ..." Despite elder song's vast knowledge, he couldn't help but reveal a shocked expression.

Xia ruofei smiled and said, "chief, this jade pendant can clear your mind and focus your mind. It's good for your health if you wear it for a long time." And ..."

Xia ruofei hesitated for a moment before he continued, ""If you drop a drop of your blood on it, the effect will be even more obvious!"

This spirit – gathering Jade Guanyin was the same as a protective jade talisman. It also needed to be bound by blood to unleash its full power.

With Xia ruofei's current cultivation, he could secretly take a drop of elder song's blood and drip it on the blood. He was confident that elder song would not notice.

However, after a moment of hesitation, he decided to tell the truth.

After all, elder song's status was extraordinary, and this was the most basic form of respect. Of course, Xia ruofei had his own motives. Since Jian Jia had already given elder song such a big gift, how could she do it secretly? You should at least let him know so that he'll accept your favor, right?

After elder song heard Xia ruofei's words, his body could not help but tremble. He almost lost his grip on the spirit – gathering Jade Guanyin.

His eyes were filled with shock, and even his voice trembled slightly.””Little Xia, could it be ... Could it be that this Jade Guanyin ... Is a magical weapon?”

Xia ruofei was stunned. In his knowledge of cultivation, there was no such thing as a ‘magical weapon’. However, he could roughly understand that elder song’s so – called ‘magical weapon’ should be something with special effects that science could not explain. From this perspective, it was not impossible to say that the spirit gathering Jade Guanyin was a magical weapon.

Before Xia ruofei could speak, song Zhilan couldn’t help but say,””Dad! What kind of magic tool is this? You don’t really believe in those feudal superstitions, do you? And little Xia, isn’t this a little too ridiculous?”

Although song Zhilan had a good impression of Xia ruofei, there was a hint of blame in her tone. Xia ruofei had just “bewitched” elder song and even wanted elder song to drip his blood on the Jade Guanyin. In her eyes, this was simply too crazy.

Elder song was a Man of Gold! And how noble was his status? How could he do such a childish thing? If this were to spread out, wouldn’t he be laughed at?

Eccentric song’s face darkened. He snorted and said,”Zhilan, don’t make any comments about things you don’t understand! Just because you don’t understand it doesn’t mean it doesn’t exist!”

Elder song had once been one of the most powerful figures in the central administration, so he naturally had access to some secret information that ordinary people couldn’t access. He knew that there were some hidden experts in this world, as well as some special “magical artifacts.” These things couldn’t be explained by science, but they really existed.

As for the magical artifacts that eccentric song had learned, they were very magical. Some had great offensive power, some could nourish the body, change the aura, some could protect the body from evil, and so on.

Elder song had even seen a magic weapon with his own eyes. It was an ancient bracelet. The owner of this bracelet had a higher status than elder song at that time. During an inspection, he had encountered an accident and his car had been hit beyond recognition.

At that time, elder song was in the car behind them and saw the tragic impact with his own eyes. He thought that the leader would not survive, but he was unscathed, not even a hair was hurt. The guards and the driver in the car were all dead.

It was only after elder song became the central authority that he found out that the leader’s bracelet was a protective magic artifact.

That personal experience had left a deep impression on elder song of the magic tools.

Hence, when he heard that Xia ruofei needed to drip blood, the first thing he thought of was a magical weapon.

Song Zhilan didn't expect her father to criticize her so severely. She felt very wronged and didn't dare to say anything more. However, her gaze towards Xia ruofei was filled with blame.

Seeing that his grandfather was angry, Song Rui was so scared that he didn't even dare to breathe. He stood at the side and didn't dare to make a sound.

After Elder Song reprimanded Song Zhilan, he looked at Xia ruofei with a trace of eagerness.

Xia ruofei smiled and said, "Chief, I don't know what magical weapon you're talking about, but this jade pendant can only unleash its full effect after it recognizes its owner by blood. Its main function is to change one's aura and gather the aura that's good for the body. If one wears it for a long time, one's body will be nourished unknowingly. It's especially suitable for the elderly!"

"Then it must be a magic tool!" Eccentric Song said excitedly. Little Xia, did you just say that you wanted to bind it with blood? How ... How do I do it?"

Elder Song's composure had already reached the peak of perfection, but he still couldn't suppress his excitement. This was a magic tool! He would soon have a magic tool ...

Xia ruofei smiled. "It's simple. You just need to drip your blood on the Jade. One drop is enough."

"Good! I'll try it now!" Elder Song said impatiently.

Xia ruofei couldn't help but find it funny and said, "I'll go! I'm a doctor after all!"

Then, Xia ruofei took out a small box from his bag and took out a silver needle for acupuncture. He gestured for Elder Song to give him his hand.

He lightly pricked Eccentric Song's finger and then injected a small stream of zhenqi into it. A drop of blood immediately appeared on Eccentric Song's fingertip.

As the blood dripped, Xia ruofei caught it with the Jade Guanyin.

Song Zhilan and Song Rui also couldn't help but stare at the Jade Guanyin.

Song Zhilan wanted to see Xia ruofei make a fool of himself. If the tadpole's blood dripped on the smooth Jade, it would definitely flow away. Could it really make the Jade recognize its owner?

From the bottom of her heart, Song Zhilan didn't believe in things that went against the laws of science.

However, the reality made Song Zhilan's brain almost stop working. After the drop of blood fell on the Jade Guanyin, it was immediately absorbed by it. From the outside, no blood could be seen.

Moreover, the Jade Guanyin was made of a transparent, glass – Type, colorless Jade. Even if blood seeped in, it should be visible. After all, the Jade was almost transparent.

However, the drop of blood seemed to have evaporated. The entire jade pendant remained transparent and colorless, and there was no trace of blood inside.

When Xia ruofei saw Song Zhilan's expression as if she had seen a ghost, he couldn't help but find it funny.

He handed the Jade Guanyin to Elder Song and said with a smile, "Chief, hold it in your hand and feel it."

After elder song took the Jade Guanyin, Xia ruofei took two steps back and watched from the side with a confident smile.

The moment the Jade Guanyin entered his hand, elder song's eyes immediately widened ...

?

Chapter 1112: The magical jade pendant (1)

Eccentric song felt the familiar comfort again, and this feeling was many times stronger than before. This kind of comfortable feeling made his spirit rise, and the surprise and joy in his heart could not be any greater.

For an old man in his 80s, what was more tempting than being healthy and prolonging his life?

Even though he had just received the Jade Guanyin, elder song was almost certain that if he wore this Jade for a long time, the benefits to his body would be obvious. Xia ruofei had just said that he could live to a hundred years old. With this Jade Guanyin, it would no longer be a simple blessing, but a real prediction.

After song Zhilan saw the miraculous scene of that drop of blood being completely absorbed, she didn't dare to speak nonsense about the unknown. However, when she saw her father's shocked expression, she couldn't help but walk over and ask, "Dad, what ..."

Song Zhilan suddenly stopped in the middle of her sentence. After that, her mouth unconsciously opened wide.

Because when she was about a meter away from elder song, she immediately felt a cool feeling, as if she had been bathed in a spiritual spring, and her whole person seemed to be much more energetic.

Could it be that ... There was really such a magical thing? Song Zhi Lan's shocked gaze was fixed on the Jade Guanyin in elder song's hand.

Elder song gripped the Jade Guanyin tightly, his lips trembling slightly. "Magic tool ... This must be a magic tool ... This is too magical ..."

After song Zhilan personally experienced the effects of the spirit gathering Jade Guanyin, she suddenly felt that she was like a frog in the well who was looking at the sky from the bottom of the well. There were too many things in this world that science couldn't explain.

Of course, as a successful businessman, Song Zhi LAN immediately realized the meaning of this Jade Guanyin to the song family.

The most obvious benefit of elder song getting the Jade Guanyin was that his body could be constantly nourished, and his lifespan might be greatly extended. And the health of elder song, the pillar of the family, was even more important than the song family's business earning billions or one of the song family's children being promoted to the Minister level.

If she could use a few billion in exchange for elder song to live for one more year, Song Zhi LAN would definitely take out money to exchange for it without hesitation.

With this Jade Guanyin, elder song's life expectancy would be extended by more than one year.

Furthermore, Xia ruofei had magical medical skills. If elder song had any problems in the future, his medical skills would be very precious.

Thinking of this, song Zhilan looked at Xia ruofei with some shame and said, "Xiao Xia, I misunderstood you just now. Please don't take it to heart ..."

Xia ruofei smiled. "Auntie song, you're being too serious. You're just concerned about the chief!"

Song Rui had been standing far away. He saw that his aunt, who had been skeptical all this while, suddenly seemed to have changed into a different person. He couldn't help but ask curiously, "Auntie, what ... What's going on?"

Song Zhilan looked at the Jade Guanyin in elder song's hand with fiery eyes, then smiled at song Rui and said, "Xiao Rui, you'll know when you feel it for yourself ..."

Song Rui walked over, still skeptical.

As soon as he came to eccentric song's side, song Rui's body trembled. His eyes were filled with disbelief as he shouted, "Damn ... This ... This jade pendant is too godly!"

To song Rui, Song Zhi LAN and the others who had never come into contact with spiritual Qi, the spiritual Qi around them suddenly became many times denser. That kind of feeling was indeed very magical.

It was just like when Xia ruofei first entered the spirit map space.

At that time, the spiritual Qi in the space was not as rich as it was now. However, Xia ruofei could not help but feel as if he had entered a Fairyland. He felt relaxed and happy.

After sensing the spiritual energy around elder song, song Rui even forgot that his most respected grandfather was right beside him. He even accidentally cursed.

Eccentric song couldn't help but frown. "Xiao Rui, what's the fuss about? You're afraid that others won't know, right?"

Song Rui quickly lowered his head and secretly stuck out his tongue. "Grandpa, I was wrong ... I was just ... Too shocked ..."

Xia ruofei smiled. "Chief, if you wear this Jade Guanyin all year round, it will gradually suit you better. Soon, your aura will be restrained to a very small range. This way, people won't notice anything unusual when they walk beside you."

"Little Xia, this jade pendant is too magical," elder song said excitedly, "I'm afraid that even the information I know about magical artifacts doesn't have such a magical effect."

Xia ruofei laughed in his heart. The spiritual Qi on earth was extremely scarce. Even if there were rare cultivators, their achievements would be very limited in such an environment. How could the so-called

“Dharma artifacts” that they made be compared with the precious spiritual gathering array recorded in the human jade talisman?

“Your gift is too expensive ...” Elder song sighed.

Xia ruofei smiled.”It’s the chief’s birthday. This is just a token of my appreciation. I’m glad you like it.”

“If I can’t even accept such a gift, then my standards are really too high ...” Elder song said jokingly.

Elder song’s mood was surprisingly good after receiving the miraculous spirit – gathering Jade Guanyin.

At this time, song Rui suddenly exclaimed and asked,””RUO Fei, I remember you saying that you personally sculpted this Jade Guanyin, right? Don’t tell me ... Don’t tell me you can make such a magical artifact?”

?

#### Chapter 1113: The magical jade pendant (2)

As soon as song Rui finished speaking, elder song and song Zhilan immediately realized this problem. Their faces suddenly revealed an extremely surprised look.

Elder song and his daughter were so excited by the Jade Guanyin that they didn’t realize that Xia ruofei had made this special gift. However, song Rui, who was usually carefree, immediately found the key to the problem.

Xia ruofei saw the three of them looking at him eagerly, so he didn’t hide anything. He smiled and said,””I did have some special encounters. I made this Jade Guanyin by myself, but ... It takes a lot of effort to make this kind of magic artifact, so I can only make one or two occasionally.”

Since elder song and the others called the Jade Guanyin a magical weapon, Xia ruofei might as well call Qianqian that. If he were to talk about the spirit gathering talisman, elder song and the others would definitely be more confused.

Although they had already guessed it, they still couldn’t help but take a deep breath when they heard Xia ruofei’s confirmation.

“Ruofei,” song Rui cried out subconsciously,”you actually have such an ability ... No, no, you have to give me one too!”

As soon as song Rui finished speaking, elder song’s face darkened and he said,””Nonsense! Do you think magic tools are like cabbages? Didn’t you hear what RUO Fei said just now? making magic tools is very taxing on the mind!”

Song Rui shrank his neck in embarrassment and said,””Hehe ... I was just excited ... Just excited ...”

Seeing this, Xia ruofei smiled. He reached into his pocket and took out a Jade Leaf. Of course, he was actually taking it out from his space.

"I definitely don't have any more of the Jade Guanyin that I gave to the chief." Xia ruofei smiled and said, "you can play with this little thing!"

"Little Xia, you can't do that!" Elder song hurriedly said, "this magical artifact is too valuable. I really need this Jade Guanyin, so I'll be thick-skinned and accept it. We definitely can't accept the rest ..."

Elder song was very clear about the rarity and value of magical weapons. Taking Xia ruofei's Jade Guanyin was already too much for him. Why would he take this Jade Leaf?

Song Rui looked at the Jade Leaf in Xia ruofei's hand with a fervent gaze. He wanted to take it immediately. However, elder song's influence in the family had been cultivated all year round. He was a man of his word. Since he had said so, even if song Rui wanted it, he did not dare to give it to him.

Xia ruofei smiled. "Sir, song Rui and I are brothers. We're good friends. It's nothing to give him a small gift."

Xia ruofei had sculpted seven pieces of jade leaves from the corners of the glass – Type jade. He had originally planned to give them to his close elders and friends. Song Rui was naturally one of the gifts.

Moreover, song Rui was the eldest son and grandson of the rich and powerful song family. His identity was very sensitive. Although the song family must have their own security measures, it was hard to guarantee that there would not be any loopholes. As the saying goes, one slip could make one mistake. If there was an accident, this protective jade talisman could ensure song Rui's safety.

After Xia ruofei finished speaking, he stuffed the Jade amulet into song Rui's hands and smiled. "Didn't you make a lot of noise just now? Why don't you dare to take it? Quickly take it!"

"Well ... Grandpa didn't allow me to take it," song Rui said with a chuckle.

"Since Xiao Xia gave it to you, just take it!" Elder song said, a little annoyed.

Although elder song's tone was a little stiff, the joy in his eyes could not be concealed. The Jade Leaf was not as precious as the Jade Guanyin, but it was still a magic tool! It was such a great fortune for song Rui to obtain a magical weapon!

After all, many of the big shots didn't even have magic weapons!

Song Rui was overjoyed. He quickly held the Jade Leaf tightly in his hand and asked impatiently, "RUO Fei, this ... Does it also need to be bound by blood?"

Xia ruofei nodded and said, "drip your blood on it and wear it." However, the effect of this Jade Leaf is different from the chief's Jade Guanyin. It's a protective jade talisman that can ensure your safety ..."

When song Rui heard that it was an amulet, he couldn't help but feel a little disappointed. He thought that it was something that Daoist priests drew on amulet paper on TV. He felt that it was too idealistic.

After all, the effect of elder song's Jade Guanyin was obvious.

"It ... How can it be safe?" Song Rui asked.

"You'll know when it's used," Xia ruofei said with a smile. "But ... I hope this jade amulet will never be used ..."

When Xia ruofei said that it was a protective jade talisman, elder song's eyes could not help but shine. He suddenly thought of the incident he had experienced in his early years. In such a tragic car accident, the leader who was wearing a magical bracelet was unscathed.

Although the magic bracelet lost its luster and its effect after the incident, it was still extremely precious even if it was a one – time use.

Seeing that song Rui was still confused, elder song couldn't help but Pat the back of his head and said, ""Quickly thank little Xia! To be able to obtain such a precious protective magic tool, how great of an opportunity is that!"

Xia ruofei chuckled."No need, no need. Song Rui and I are like brothers. You don't have to be so polite!" Song Rui, you'd better hurry up and claim ownership with your blood! Remember to always wear it and never take it off!"

Elder song glared at song Rui and said, ""You must remember what RUO Fei says, understand?"

"Yes, yes, yes ..." Song Rui quickly replied.

With Xia ruofei's help, song Rui quickly performed the blood ownership claim on the Jade Leaf.

After recognizing him as its master, he immediately felt a connection with this Jade Leaf. At the same time, he also felt very close to it.

Song Rui knew that it must be something good. He grinned at Xia ruofei and said, ""Good brother, you're a good friend! Thanks!"

Song Zhilan found two red headbands and helped elder song and song Rui hang the two jade pendants, one big and one small, close to their bodies.

When song Zhilan was hanging the Jade Leaf for song Rui, her eyes revealed a deep envy.

Of course, she wanted this magical weapon, but she was not that close to Xia ruofei. Besides, she had doubted Xia ruofei before, so how could she ask for it now?

Moreover, Xia ruofei had already given the song family two magical weapons. Song Zhilan knew that if she really asked for it, her father would scold her before Xia ruofei could even say anything.

Of course, Xia ruofei saw song Zhilan's eager eyes. He just pretended not to see Qianqian. He wasn't a money – giving child. He would only give something as good as the Jade talisman to the people closest to him.

Elder song touched the Jade Guanyin on his body and looked at Xia ruofei. He said meaningfully, ""Little Xia, it seems like you've had an extraordinary encounter ..."

Xia ruofei smiled."I won't hide it from you, chief. The inheritance of making magical weapons and my medical skills are all from the same family."

Xia ruofei then said seriously, ""Chief, no matter how capable I am, I'm still Xia ruofei, who was trained by the Chinese army. I won't do anything that will harm the country and society!" 1

Elder song looked into Xia ruofei's eyes, and Xia ruofei did not avoid his gaze at all. His eyes were clear and looked straight into elder song's.

After a few seconds, a smile slowly appeared on eccentric song's face. He nodded and said, "Very good, I'm relieved to hear you say that ..."

Then, elder song's gaze turned to song Zhilan and song Rui. He said with a serious expression, "Zhilan, Xiao Rui, you must keep your mouth shut about what happened tonight. You can't even reveal a word to the people closest to you! If I hear even the slightest bit of wind, I'll hold you responsible! Do you understand?"

Eccentric song's tone was very strict, and his eyes were also very stern. Song Zhilan and song Rui couldn't help but feel a chill in their hearts. The two of them quickly and respectfully nodded and replied, "Yes!"

?

Chapter 1114: Extra care (1)

Xia ruofei's heart warmed. He knew that elder song was doing this for his sake. If word of this got out, it would bring a lot of trouble. Even some special departments in the country might be alerted.

Of course, Xia ruofei dared to reveal his situation to elder song because he had some confidence.

Not only did he have the spirit map space, but he was also a cultivator who had stepped onto the path of cultivation. Moreover, he was a powerful cultivator who cultivated both true Qi and mental power at the same time. He had a lot of resources at his disposal, and his strength would steadily improve in the future.

It could be said that Xia ruofei already had a certain level of strength.

Besides, Xia ruofei trusted elder song. He had saved elder song's life and had a close relationship with the song family. That was why he dared to reveal to elder song that he had some tricks that ordinary people could not.

"Thank you, chief." Xia ruofei said with a smile.

"Xiao Xia, if I remember correctly ... Your parents and elders are no longer alive?" elder song waved his hand.

Xia ruofei nodded and said, "yeah!" My relatives are gone, but I have a godmother now. She's the mother of one of my comrades who sacrificed herself. I'm taking care of them now. "

Elder song's eyes revealed a hint of praise as he said, "What a good child ..."

Then, with a kind smile, eccentric song said, "Xiao Xia, I've always treated you as a junior in my family. In the future, don't call me chief, just call me Grandpa song! I'll call you Ruo Fei, okay?"

Song Zhilan and song Rui, who were standing at the side, couldn't help but be slightly stunned. Elder song was planning to acknowledge them as God – relatives!

Elder song used to favor Xia ruofei, but he was still an outsider. Hearing the old man's tone tonight, he was treating Xia ruofei like his own grandson.

Xia ruofei's heart felt warm. He nodded without hesitation and said, "Okay, Grandpa song!"

Eccentric song revealed a gratified smile and said, "Woof! Good child, we'll all be your family in the future. Xiao Rui is like a brother to you!"

Song Rui was also a little excited. He patted Xia ruofei's shoulder lightly.

Xia ruofei knew that elder song had always admired him. This time, the relationship between the two families had become closer. It was also related to the new strength that he had displayed.

It wasn't that elder song was snobbish, but that he was thinking about the long term.

Xia ruofei's extraordinary power was beneficial to the development of the song family. However, elder song was more concerned about the country and society.

Xia ruofei was an orphan. Although he had been educated by the party and the military for many years, he was still a person who was not part of the system. He obviously had a strong power that was beyond everyone's understanding. If he was not kind – hearted, he could become a disaster for the country and society. 1

Acknowledging him as God – relative would be beneficial to the development of the family. At the same time, it could give Xia ruofei family warmth. Even if Xia ruofei really went against the country in the future, with his relationship with elder song, he might be tied down.

Xia ruofei was not stupid. He understood elder song's plan. However, he was not an extreme person. He would not bring disaster to society just because he had a strong power.

Moreover, elder song did not know that Xia ruofei could make 'magical weapons'. Elder song had been very kind to him, so Xia ruofei did not have any negative feelings towards him. On the contrary, he admired elder song's National sentiments.

"Grandpa song, don't worry. No matter how capable I am, I'm still a descendant of the Chinese and I used to be a soldier. I'll never forget that." Xia ruofei said with a smile.

Elder song patted Xia ruofei's shoulder and said, "Good, good, good! RUO Fei, I know you're a good kid ..."

Elder song was very happy tonight. He was also nourished by the spiritual energy gathered by the Jade Guanyin, so he was in good spirits.

However, Xia ruofei considered the fact that he was an 80 – year – old man and should rest early at night. So, after chatting with the old man for a while, he bid farewell.

Elder song wanted Xia ruofei to stay the night at the song family's old residence, but Xia ruofei politely declined.

Instead, song Rui took the opportunity to say, "Grandpa, I haven't seen ruofei in a long time. Why don't ... I stay in his hotel tonight?" I still want to have a good chat with him!"

If it was in the past, elder song would have lectured song Rui if he wanted to stay the night. But today, he agreed readily.

"Alright," elder song nodded and said, "you two brothers should get closer. Xiao Rui! These two days, you've been accompanying RUO Fei around the capital. Also, don't you have a lot of friends in the capital? Introduce a few more to RUO Fei!"

Elder song was trying to build up connections for Xia ruofei.

Song Rui was overjoyed and quickly said, "Alright, don't worry, Grandpa! I'll definitely treat RUO Fei well!"

"Hmph!" Elder song snorted and said, "introduce more reliable friends to RUO Fei. Don't bring RUO Fei to the useless Zheng family!"

The old Zheng family that elder song was talking about was also a powerful family in the capital. However, the eldest grandson of the Zheng family, Zheng tianbing, was a devil incarnate. He indulged in debauchery all day long and had even harmed many young girls from good families. In the past two days, he had even been covered in drugs and had basically flown away. People in the circle could not help but shake their heads when they talked about him.

?

## Chapter 1115: Extra care (2)

"Don't worry, Grandpa!" Song Rui quickly replied. People like Zheng tianbing are not the same as me. Besides, RUO Fei is much more capable than I am. Are you afraid that I'll lead him astray ..."

This kid saw that the old man was in a good mood today, so his tone was much more relaxed than usual. He actually dared to make a joke with the old man.

"It's good that you know what you're doing," elder song said indifferently. "Learn more from ruofei in the future. Don't mess around outside and do more serious things!"

"Yes!" Song Rui said submissively and then gave Xia ruofei a look.

"Grandpa song, Auntie song, I'll go back first!" Xia ruofei stood up and smiled.

"Good, good, good!" Elder song smiled and said, "when you're in Beijing, come and visit this old man when you have time ..."

"Alright!"

"Take care, RUO Fei." Song Zhilan also smiled and said, "Xiao Rui, drive slowly!"

"I know!" Song Rui responded and left elder song's backyard with Xia ruofei.

Considering that they could stay out all night and they would need a car to go out, song Rui did not use elder song's spare car. Instead, he brought Xia ruofei straight to the garage in the front yard and drove a low – Profile Phaeton. They left the song family's old house in a hurry.

In the backyard.

Song Zhilan also prepared to bid her farewell to the old man and return to her room to rest.

"Wait a moment, Zhilan," eccentric song said indifferently.

"Dad, do you have any other orders?" song Zhilan asked hurriedly.

"Sit down!" Elder song pointed at the chair and said,"RUO Fei is a strange person. Don't be fooled by his gentle personality. Capable people are usually proud. In the future, when you interact with him, you must not be arrogant and rude because of your status."

Song Zhilan smiled bitterly and said,"dad, what are you thinking!" Even if today's incident didn't happen, RUO Fei saved your life! We've always been grateful to him, and we've never had the mentality of being superior to others. "

Song Zhilan said in her heart,"you've already personally acknowledged your godblood, how can we still be high and mighty?"

Moreover, song Zhilan had personally witnessed Xia ruofei's magical ability today. Even if she had a little bit of superiority as a child of a rich family in the past, after today, it would all be gone.

"That's good,"said elder song with a nod. Also ... Although ruofei's company isn't big, it has great potential. We have to help him in the business in the future. "

"I know, dad!" Song Zhilan said.

Elder song waved his hand and said,"alright, you should rest early." Remember, you can't tell anyone about what happened today, even Zhenwu!"

The Zhenwu elder song was talking about was song Zhilan's husband, he Zhenwu, who was also the leader of a state – owned enterprise.

"Dad, don't worry! I know what's important. " Song Zhilan stood up and said,"then you should rest early too. I'll go down first ..."

Elder song nodded his head. Only then did song Zhilan respectfully leave.

After song Zhilan left, elder song thought for a while. He got up and walked to the study room. He picked up the red phone on the desk and dialed a string of numbers.

Soon, song Qiming's respectful voice came from the other end of the phone.""Hello, chief. You're calling so late. Do you have any instructions?"

"Qiming!" Elder song laughed. How's your work going?"

“Reporting to the chief, everything is going well.” Song Qiming quickly said, “Secretary Lin from the Provincial Party Committee is very concerned about my work. Comrade Huilan has also left me with a very good situation in Sanshan city. Currently, all work is progressing in an orderly manner.”

“That’s good!” Elder song said, “Qiming! The southeast province is at the forefront of the reform and opening up. Its economy is more developed, and the People’s thoughts are more active. Sanshan city is also the provincial capital of the southeast province. As the leader, you have a heavy responsibility on your shoulders!”

“Don’t worry, chief. I will do my best to develop and I will not let you down!” Song Qiming said immediately.

“Okay, okay ...” Elder song said. Then, he asked casually, “is ruofei doing well at the three mountains? I hope I didn’t cause you any trouble?”

Song Qiming was shocked. Although elder song’s tone was casual, it revealed an important message. He was asking as an elder of Xia ruofei’s family.

Song Qiming even lost his focus for a moment. However, he was a high – ranking official, so he had a strong mental fortitude. He quickly composed himself and replied, “”Chief, ruofei has never done anything special. The only time he came to me was because of the child of his comrade who sacrificed his life to go to school.”

Eccentric song was also very pleased after hearing this. He said to himself, “RUO Fei’s character was not bad ...

“Mm, that’s good!” Elder song said calmly, “RUO Fei’s business is mainly in the southeast province. Qiming, please take care of him. If there are any difficulties that even you can’t solve, you can report to me directly!”

Song Qiming was extremely shocked. Elder song did not even say “it’s not against the rules” this time. Instead, he asked song Qiming to take care of Xia ruofei. He even told song Qiming to report to him if he could not solve the problem.

He probably didn’t even care so much about his own grandson, song Rui!

Song Qiming did not dare to be slow. He quickly and respectfully said, “”Don’t worry, chief. I’ll take care of him even if you don’t ask. He saved my Weiwei’s life!”

“Good, then!” Eccentric song nodded with satisfaction.

“Sir, you should rest early ...” Song Qiming said respectfully.

.....

After song Rui drove away from the song family’s old house, he was like a bird that had just left its cage. As soon as he drove out of the heavily guarded area, he immediately took out his phone and called his friends.

“Big brother Zhao, where is he ... No way! He’s home so early? You’re lying ... Fine! When you go back, you have to come out too ... RUO Fei is also participating, come out quickly ... Haha! I knew you’d agree to it! The King’s Manor’s private kitchen, see you there!”

“Liu Jian, where the hell are you? Transfer, transfer ... Nonsense, I’m an adult, what’s there to be afraid of when I come out to play at night ... Hey! Don’t provoke me! How about we pull an all – nighter today.....Don’t talk nonsense, Wang Fu’s private kitchen, RUO Fei is also here, quickly come over!”

.....

After a while, song Rui called all the young people at their table.

Of course, he definitely wouldn’t yell at Lu You until Yingying couldn’t wait to hide!

The fathers of these rich Playboys were very close to the song family, so song Rui was naturally close to them.

In addition to these people, song Rui made a few more calls and quickly gathered a large group of people.

Song Rui threw his phone on the dashboard and turned to Xia ruofei. He chuckled and said,“”Ruofei, I’d like to introduce some good friends to you tonight. Although they’re ignorant, they have strong connections and will be useful to you in the future!”

“Isn’t it enough that I know you, young master Song?”Xia ruofei smiled.

Song Rui chuckled proudly and said,“”It’s always good to make more friends!”

As the two of them chatted, the car quickly arrived at the private kitchen of the Wang Residence.

Elder song’s birthday party ended very early. When Xia ruofei left the song family’s old house, it was only about 9:30 in the evening. However, for a restaurant, this time was actually quite late.

If they didn’t serve supper, it would be almost time to close.

However, song Rui’s face was still useful. He had made a call on the way to book the biggest private room. After arriving at the restaurant, everyone from the manager to the head chef had not left work and were waiting for song Rui in the restaurant.

They had already eaten dinner. Today, they were mainly here to introduce Xia ruofei to some friends. Hence, song Rui ordered a few signature dishes and a few bottles of Maotai. The manager was left to prepare the rest of the dishes.

Xia ruofei and song Rui were making tea and chatting in the private room. After a while, Xia ruofei heard footsteps, followed by Zhao Yongjun’s forthright voice.“”Hahaha! Brother Xia! When I heard that you were here, I rushed here without stopping!”

?

Chapter 1116: The banquet (1)

Xia ruofei had a good impression of the bold Zhao Yongjun. He stood up and greeted him with a smile, ""Brother Zhao, I heard that you've already returned home. I'm really sorry to call you out again!"

Zhao Yongjun patted Xia ruofei's shoulder heavily and pretended to be unhappy. ""What are you saying! If it wasn't for your miraculous hand of rejuvenation, my dad might have retired by now! On the way back, my dad told me to thank you properly!"

"Hahaha! It's nothing, you're too kind, uncle Zhao!" Xia ruofei said, "brother Zhao, come in and sit!"

After a while, the people invited by song Rui arrived one after another.

Many of them had already met Xia ruofei at elder song's birthday party. They did not feel any sense of superiority when they saw Xia ruofei. They were all very polite.

Even those who were not qualified to attend the birthday banquet saw that Xia ruofei was the focus of the crowd when they arrived at the private room. Even Zhao Yongjun and Liu Jian, the sons of the rich families, were polite to him. These people did not dare to neglect him and quickly came over to greet him with enthusiasm.

Soon, everyone was present. Song Rui arranged for everyone to sit at the table. Song Rui, Zhao Yongjun, and the others insisted that Xia ruofei sit at the main seat. Xia ruofei knew that he was the star of the night, so he sat down after a few words of rejection.

After everyone was seated, song Rui raised his glass and said, ""Those who are here today are all my good friends. Everyone knows the person beside me. My grandfather admires ruofei very much and ruofei and I are like real brothers. I'll formally introduce him to everyone today!"

Xia ruofei also smiled and stood up with his glass. ""You're all good friends of song Rui, so you're also good friends of me, Xia ruofei. Let's not talk more. I'll give you a toast first!"

The guests at the birthday banquet naturally knew how important Xia ruofei was to elder song. The others were also smart and naturally knew what he meant. They raised their glasses and spoke very politely.

Then, song Rui brought two more glasses of wine.

After the three glasses, everyone started to toast to each other. Xia ruofei was the star of the day, so he had the most people toasting him.

Song Rui introduced Xia ruofei.

Xia ruofei couldn't help but click his tongue. The people who came today were all rich and powerful people from all walks of life. Their fathers were all important figures in major ministries, large state-owned enterprises, and people's groups.

Song Rui's intention was obvious. He wanted to bring Xia ruofei into their circle and help Xia ruofei build up a huge network.

One of them was a lean young man. Song Rui even mentioned him, ""Ruofei, his name is Hou Liang. He's the son of director hou of the SARFT. He was the one who helped you with that little artiste's matter a few days ago. He's pretty good!"

"Thank you, young master hou!" Xia ruofei said with a smile.

Hou Liang quickly waved his hand and said, "brother Xia, you're making me feel bad!" It's just a small matter. It's my honor to be able to help Brother Xia! Young master Song and the others all call me monkey. If you don't mind, you can call me that too!"

Hou Liang's father was the executive Deputy Chief of the SARFT. In the eyes of ordinary people, he was naturally a high – ranking official with great power. However, in the eyes of people like song Rui, he was a little lacking. Which family wasn't from an important Ministry to be invited by song Rui tonight?

Even Hou Liang's father was not qualified to attend elder song's birthday banquet. The reason why Hou Liang was invited by song Rui today was mainly because he had helped Xia ruofei with something two days ago.

Therefore, when he heard Xia ruofei call him young master hou, Hou Liang was terrified.

Xia ruofei smiled gently and said, ""Good! Houzi, let's have a drink!"

Hou Liang instantly felt flattered. He hurriedly bowed and lowered his glass. After clinking glasses with Xia ruofei, he immediately raised his head and finished the Maotai in his glass.

"Brother Xia, I'll drink first as a form of respect. Please do as you wish!" Hou Liang said as he showed Xia ruofei the bottom of his cup.

Xia ruofei smiled and finished the wine in his glass in one gulp. Xuxu could be said to be able to drink thousands of glasses without getting drunk. He would not drink a small glass casually. These rich Playboys loved their face the most. In a situation where their status was equal or even slightly higher, if you gave them face, they would think that you were worth befriending.

As expected, Hou Liang instantly felt proud. He said, "Thank you, brother Xia, for coming!"

Then, Hou Liang said in a low voice, "brother Xia, that little artiste called Dong Siyu doesn't know what's good for her. Do you want me to get someone to pass a message to her?" To let her serve brother Xia well?"

Xia ruofei couldn't help but smile wryly. This group of nouveau riches were all jackals of the same lair. Hou Liang's thoughts were exactly the same as song Rui 's.

Why was it that he couldn't stand that small star and banned her, but he had to fall for her beauty?

Song Rui couldn't help but laugh.

Xia ruofei glared at him and said, ""Monkey, don't bother yourself with this. I'm not interested in Dong Siyu at all. Just ban her and make sure she can't work in the entertainment industry anymore. Consider it a lesson for her. There's no need for her to do anything else."

Only then did Hou Liang realize that he had misunderstood. He chuckled awkwardly and said, "I know, brother Xia!"

The rich Playboys came over to toast Xia ruofei, and he did not reject them. He drank until his glass was empty, as if he could never get drunk, which made the rich Playboys admire him.

?

## Chapter 1117: The banquet (2)

People like Zhao Yongjun and Liu Jian, who had already known Xia ruofei at the birthday banquet, often toasted Xia ruofei with great enthusiasm.

Compared to Hou Liang and the others, Zhao Yongjun and the others had a more direct understanding of Xia ruofei's special status. Furthermore, it was all thanks to Xia ruofei that general Zhao Cheng was able to retain his military position and even advance a step further. Hence, Zhao Yongjun's attitude towards Xia ruofei was extremely close.

The drinking session lasted for more than two hours. It was almost midnight. Under Xia ruofei's suggestion, everyone had their last glass of wine.

Originally, song Rui wanted to find a club to sing in, but Xia ruofei rejected him.

The main reason was that it was too late. Besides, song Rui wasn't going back to the song family's old house tonight. If he had too much fun outside, it wouldn't be good if elder song heard about it.

Although song Rui wanted more, he still respected Xia ruofei's opinion. So, the group said goodbye to each other at the door of the private kitchen and left.

Xia ruofei didn't know if Zhao Yongjun and the others had another event, but he was definitely not going. He didn't even let song Rui go.

Although alcohol had no effect on Xia ruofei, he had drunk more than half a kilogram, so he did not drive.

The private kitchen of the Wang family had already called a few drivers in advance, so Xia ruofei asked them to drive and take the two directly back to the Hilton Hotel near Wang Fujing.

Xia ruofei got a single room for song Rui at the front desk, but this guy did not go back to his room. Instead, he shamelessly followed Xia ruofei back to his room.

After entering the room, song Rui didn't treat himself as an outsider. He first picked up an unopened pack of specially – supplied cigarettes from the bedside table, opened the package quickly, popped one out, and lit it. Then, he put the pack of cigarettes into his pocket without blushing or skipping a beat.

Xia ruofei could not help but shake his head with a bitter smile when he saw song Rui's shameless look.

"It's almost 12 o'clock, why are you following me?" Xia ruofei said helplessly, "go back to your room and rest!"

"Ruofei, I'm here for your advice ..." Song Rui took a puff of his cigarette and said.

"Yo! If it's something that even you, young master Song, are in a difficult position, what advice can I give you?" Xia ruofei asked half-jokingly.

"It has nothing to do with that!" Song Rui waved his hand and said. "It's about chasing girls, I think you're definitely better than me!"

"Go! I've only been in a relationship once, and I'm still in it. How can I be more experienced than you, a Playboy?" Xia ruofei laughed and scolded.

Song Rui glanced at Xia ruofei and said, "Don't beat around the bush in front of an honest person! You may only have one girlfriend, but you've also been with many other girls! Not to mention others, even aunt Tian's daughter is looking at you with a strange gaze! And that beautiful President of your company, your big-hearted girlfriend ..."

The image of Lu You and Feng Rao appeared in Xia ruofei's mind, and he felt guilty for no reason.

However, he quickly smiled and said, "there's nothing going on between Lu you and me!" Don't tell me you're jealous?"

"Go to hell! It's not like you don't know that I have no interest in that girl at all! Why are you jealous!" Song Rui said gloomily, "ruofei, I'm serious. You have to help me think of an idea ..."

Xia ruofei stopped joking and asked, "Still that Zhuo Yiyi?"

"Nonsense! Do I look like that kind of half-hearted person? Once you've decided, you definitely won't change!" Song Rui said in dissatisfaction.

The last time at the three mountains, Song Rui had fallen in love with Zhuo Yiyi at first sight. Xia ruofei had seen through it at that time. After that, Xia ruofei had often teased Song Rui about this matter, so he had not been shy in front of Xia ruofei and had admitted it directly.

"Don't you usually have a way?" Xia ruofei asked curiously, "Zhuo Yiyi should be working in the capital now, right? While you're in the capital, just take the opportunity to take it down ..."

"It's not that easy!" Song Rui said with a bitter face. "I've been going to the capital every few days, but I haven't made any progress ..."

Then, Song Rui began to pour out his grievances.

Last time, it was thanks to Song Rui's help that Zhuo Yiyi was able to avoid being squeezed out by those with connections and successfully enter Yanjing Museum to work. Song Rui also took the opportunity to obtain Zhuo Yiyi's contact information.

During this period of time, Song Rui frequently used all sorts of opportunities to go to the capital. He also often went to look for Zhuo Yiyi, treating her to meals, and giving her gifts. However, Zhuo Yiyi seemed to be a little insensitive when it came to relationships. After this period of offense, Zhuo Yiyi's

relationship with song Rui had become much closer. However, she seemed to be very slow and did not understand song Rui's feelings. She even seemed to treat song Rui as a brother.

This made song Rui rather depressed. There were several times when he wanted to make their relationship clear and confess to Zhuo Yiyi directly, but he was afraid that he would scare her and make it impossible for them to even be friends.

After Xia ruofei heard this, he couldn't help but laugh. "You're usually quite smart! Why is it so hard to chase a girl?"

"This girl is different from the others," song Rui said gloomily, "the tricks we used in the past didn't work on her at all ..."

"Then she probably doesn't know your identity yet, right?" Xia ruofei asked, grinning.

"Nonsense!" Song Rui said, "I hope that you can like me as a person and not because of my family background ..."

"I didn't expect our young master Song to be an innocent young man who has a beautiful vision for love!" Xia ruofei laughed.

Song Rui was a little angry and said, "Hey! I'm looking for you for advice, can't you have some sympathy! I'm already like this, and you're still making fun of me. You're too inhumane!"

Xia ruofei held back his laughter and said, "alright!" This is indeed a difficult problem, I have to think about it ... But I drank too much just now, and it's so late now, my brain is already a mess, I really can't think of anything!"

Song Rui quickly said, "then ... Then you should rest early!" Help me think of a good plan tomorrow!"

"Hmm, maybe I'll have an idea after I'm done resting ..." Xia ruofei said.

"Alright, alright, alright! I won't disturb you anymore!" Song Rui quickly said, "it's a deal. Give me some good advice tomorrow!"

"If you don't leave now, my mind might still be in a mess tomorrow!" Xia ruofei said with a smile.

"I'm leaving, I'm leaving!" Song Rui said, "I'll leave now!"

After he finished speaking, he walked out. After two steps, he stopped and picked up the tea box that Xia ruofei had left on the coffee table. He put it in his arms and laughed evilly. "I'll take it back and try it ..."

Xia ruofei was so angry that he waved his hand and said, "get lost!" Are you a Bandit? Every time, it's like a F \* cking Locust passing through ..."

Song Rui chuckled and ran away.

Xia ruofei shook his head helplessly. He raised his wrist to look at his watch. It was already past midnight. It was already half past midnight. He decided not to cultivate and took a shower in the bathroom. Then, he fell asleep.

?

## Chapter 1118: A busy morning (1)

At five in the morning, Xia ruofei woke up on time. He sat cross – legged in front of the window and began to cultivate.

It was Five O’ clock in the morning and the city was slowly waking up. People selling breakfast, vegetables, and morning shifts were all on the streets. However, Xia ruofei’s room was on the top floor, so it was still very quiet.

He silently circulated the great Dao chant, and the natural energy that was much denser than before quickly gathered and entered his meridians through the Baihui point on the top of his head. After a full circulation, the genuine Qi in his body had also increased a little.

The “great Dao scroll” was already a top – tier technique. If there were other cultivators on earth, they would be extremely envious of Xia ruofei’s current cultivation speed.

However, in Xia ruofei’s eyes, this improvement was too slow.

However, he had no choice. If he cultivated in the spirit map space and absorbed a large amount of spiritual Qi for a long time, it would easily damage the foundation of the spirit map space. Xia ruofei would definitely not do such a thing that the gains did not make up for the losses.

He could only work hard to find more world stones. As long as the spirit map space evolved further and the spirit Qi became denser, the spirit Qi He needed at this stage would not damage the foundation of the space. This way, he could cultivate in the space for a longer time.

“It seems like I have to find time to contact Song Wei,” Xia ruofei thought.

He was still thinking about the ancient tomb that Song Wei and the others had excavated. If he was not wrong, there would definitely be a world stone inside.

This thought only flashed in his mind for a moment. Very quickly, Xia ruofei devoted himself to cultivation.

After about an hour of cultivation, Xia ruofei frowned and woke up from his meditative state.

This was because he had sensed someone knocking on the door with a trace of his spiritual will.

Xia ruofei used his spiritual power to look outside and found out that it was Song Rui. He could not help but smile bitterly. It was only six in the morning and this guy with two panda eyes was already knocking on the door. Did he not need to sleep?

Xia ruofei shook his head helplessly as he got up to open the door.

He deliberately took his time to walk over. When he opened the door, he rubbed his eyes and asked with a dissatisfied look, “Kid, can’t you just let me sleep?”

"Ruofei, I couldn't sleep the whole night. That ... Have you thought of a way?" song Rui said with a big smile.

Xia ruofei snorted."I was about to figure it out. But you woke me up from my sleep. I forgot about it."

"Do you think I'll think of a way while you're busy in your dream?" Song Rui blurted out.

"What?" Xia ruofei raised his eyebrows.

"No, no, no..." Song Rui quickly smiled apologetically."You're my brother, okay?!" It's all my fault ... Then, what can I do for you to help me?"

Xia ruofei yawned and said,"we'll have to see if I can get a good night's sleep ..."

"Alright, alright ... You can continue to rest. I ... I'm going back to my room ..." Song Rui said with a bitter face.

Xia ruofei immediately took a step back and closed the door.

Song Rui stood outside the door and shouted,"Hey!" You're really ... Forget it, I'll bear with it! Who asked me to ask you for a favor?"

Song Rui muttered to himself as he walked back with a bitter expression.

After Xia ruofei's cultivation was interrupted by song Rui, he saw that there was less than an hour left before Seveno' clock. He decided to stop cultivating and really threw himself onto the bed to catch up on sleep.

A practitioner like Xia ruofei would not have mental problems. Furthermore, he had developed a habit after years in the Army. No matter what the environment was like, he could fall asleep as soon as possible. This was the only way to maintain his best condition in the harsh battlefield.

Hence, Xia ruofei fell into a deep sleep in no time.

However, this morning was destined to be a restless one. Xia ruofei felt that he had only fallen asleep for a short while before he was woken up by another knock on the door.

He rubbed his sleepy eyes and glanced at the clock on the wall. It was about Seveno' clock, and he had only slept for about an hour.

"Who is it?" Xia ruofei couldn't be bothered to use his spiritual power to check. He complained to himself as he walked to the door in his slippers.

Xia ruofei opened the door and saw song Rui's face. He could not help but stare.

Before Xia ruofei could speak, song Rui waved his hand and said,""Ruofei, don't be agitated, don't be agitated ... I'm not the one looking for you ..."

Xia ruofei raised his eyebrows. He was still confused when he saw a person appear behind song Rui and look at him with a faint smile.

"Lu You?" Xia ruofei's mouth was wide open."Why did you come here so early in the morning?"

"It's not easy to find a place where director Xia lives!" Lu You said with a faint smile on her face.

"Lu You called me to ask where you were staying, so I brought her here ..." Song Rui laughed dryly.

It turned out that Lu You did not know which hotel Xia ruofei was staying at. However, she knew that song Rui was most likely with Xia ruofei, so she gave song Rui a call directly. Then, song Rui brought Lu You to Xia ruofei's room.

"Is there something you need?" Xia ruofei asked with a smile.

Lu You glanced at Xia ruofei and said, ""Are we just going to talk in the corridor? Aren't you going to invite me in?"

"Oh! Please come in, please come in!" Xia ruofei finally came back to his senses. He quickly stepped aside and made an inviting gesture.

Song Rui smiled. "Ruofei, I won't disturb you anymore. Don't forget about me!"

?

Chapter 1119: A busy morning (2)

After that, song Rui wiped his head and left.

Seeing that song Rui had left, Lu You felt a little embarrassed instead, and a faint blush appeared on her face. After all, a man and a woman were alone in another person's room. It was indeed a little inappropriate.

However, when Lu You saw that Xia ruofei was smiling at her, she immediately raised her chin and gritted her teeth. She then walked into Xia ruofei's room.

"Miss Lu, it's only Seven o' clock and you've already found your way to the hotel! What's the rush?" Xia ruofei asked with a smile as he filled the kettle with water.

Lu You's watery eyes glanced at Xia ruofei and asked, ""You've already forgotten what you promised me yesterday?"

Xia ruofei was stunned for a moment. The water overflowed after the kettle was filled and flowed onto his hand. He then came back to his senses and quickly reached out to turn off the tap. He took an unused towel and wiped it. Then, he placed the kettle on the base and turned on the switch.

Lu You was still looking at Xia ruofei. His mind was spinning quickly. Then, he patted his forehead and said, ""Oh! Are you here to get the jaded skin ointment? What the ... This is too enthusiastic! Don't tell me you came out before daybreak?"

Lu You's face heated up. She stomped her feet in embarrassment and said, ""Why do you care? Was there even a jaded skin cream? I don't want to waste my time ..."

In fact, she could take the jade skin cream anytime. No matter how much Lu You liked to look pretty, it wasn't that urgent for her to use skin care products with her creamy skin. However, she got up early and left the house after contacting Song Rui. The sky outside was really just starting to brighten.

Xia Ruofei quickly replied, "yes, yes, yes!" Please wait a moment!"

With that, Xia Ruofei walked into the bedroom. He muttered to himself and took out twenty portions of jade skin ointment from the spirit map space. He put them in a paper bag and put them in it. The jade skin ointment was about to be mass-produced. During this period of time, Xia Qing had brewed quite a lot of jade skin ointment in the spirit map space. Hence, Xia Ruofei was much more generous than before.

Xia Ruofei walked out of the bedroom with the paper bag and placed it on the coffee table. He smiled and said, "There are twenty portions inside. You and Auntie Tian can each take half. Is that enough?"

"That's more like it ..." Lu You nodded.

Seeing that Lu You had no intention of leaving, Xia Ruofei did not know what to say. The atmosphere in the room was a little awkward and ambiguous.

At this moment, the Kettle's switch flickered. Xia Ruofei quickly said, "That ... Do you want to sit for a while? I'll make you some tea!"

"Alright!" Lu You replied quickly and sat down on the sofa.

Xia Ruofei thought to himself, Hey! Sister, you're really not polite ...

He walked over and brought the boiled water over. Then, he went back to the bedroom and took out a box of tea leaves. It was the same box that he opened yesterday, which Song Rui had stolen.

The tea leaves were naturally the best Da Hong Pao produced in the realm. The tea in the hotel was a little shabby, but it was still acceptable.

Xia Ruofei made the tea skillfully, and the room was filled with the alluring fragrance of tea.

He poured a cup of tea and pushed it in front of Lu You. He smiled and said, "Have a taste. This is my self-made Da Hong Pao."

Lu You was also attracted by the rich tea fragrance. She reached out to pick up the teacup and brought it to her mouth to blow on it gently.

Her tender red lips were faintly discernible in the mist, giving her an alluring look. Xia Ruofei's heart could not help but skip a beat when he saw her. He quickly looked away and poured himself a cup of tea to hide his embarrassment.

Lu You took a small sip and savored the taste slowly. She smiled and said, "It's so good!"

Then, Lu You immediately said, "this tea is not bad. Can you get me a few boxes too?" Whoever sees it gets a share ..."

Xia Ruofei had a smug smile on his face at first, but after hearing Lu You's words, his smile froze. He felt as if ten thousand apacacuses were running through his heart.

Whoever sees it gets a share? It was like plucking feathers from a goose that flew by!

Why was this girl just like song Rui! No wonder their parents wanted to set them up ... Xia ruofei complained in his heart.

Seeing Xia ruofei's stunned expression, Lu You couldn't help but smile and say, "You can't be that petty, can you?"

"Can I not give it to you?" Xia ruofei smiled bitterly.

"What do you think?" Lu You grinned as she looked at Xia ruofei, but there was a hint of threat in her eyes.

Lu You would only smile more in front of Xia ruofei. To be honest, Lu You looked pretty when she smiled. However, Xia ruofei was filled with grief and indignation and had no mood to admire her.

He sighed and said, "alright!" I'll give it to you ... But the production of these tea leaves is very low, so I can only give you one box at most!"

"One box it is!" Lu You opened her palm and said to Xia ruofei, "hand it over!"

"You're afraid I won't admit it?" Xia ruofei muttered as he stood up. He walked to the bedroom and took out a box of tea leaves from the medium. Then, he turned around and walked back to the small reception room.

"There! Just take it!" Xia ruofei placed the tea leaves in Lu You's hand. "There's only one box. There's no more!"

"How stingy ..." Lu You pouted slightly and reluctantly took the box of tea leaves.

"Hey, when do you plan to return to the three mountains?" Lu You placed the tea leaves into the paper bag that contained the jade skin ointment and asked.

Xia ruofei replied casually, "not necessarily. I might stay for a day or two. I've already finished my business in the capital."

"Oh ... Then let me know when the time is set! I'll go back with you." Lu You said in a casual tone.

"You're also returning to the three mountains?" Xia ruofei asked subconsciously.

"Nonsense! I still have to go to school!" Lu You looked at Xia ruofei amusedly and said, "I'm here to ask for leave! Don't tell me you think that I have to settle down in the capital just because my mother is transferred there?"

"No..." Xia ruofei chuckled.

At this moment, there was another knock on the door. Xia ruofei stood up immediately and said, "Is song Rui done yet?"

She knocked on his door three times in one morning. Xia ruofei was speechless.

He strode over and pulled open the door. However, when he saw who it was, Xia ruofei swallowed all his complaints.

“So it’s President Feng!” Xia ruofei said with a smile.

Feng Rao was shocked when she saw Xia ruofei open the door with a look of displeasure. She only spoke carefully when she saw Xia ruofei smile.””Chairman, we’ve chosen a place with good scenery in the suburbs of Beijing. We’re preparing to shoot an outdoor shoot, so we’re here to talk to you ...”

Feng Rao was in the middle of her sentence when she saw a slim figure in Xia ruofei’s room through the half – opened door. She was stunned.

When she thought of Xia ruofei’s unhappy expression, Feng Jing suddenly had countless associations. A faint resentment and an indescribable emotion rose in her heart.

No wonder the chairman looked so angry just now! “Could it be that they’ve been ...” Feng Jing thought to herself.

She had been so busy with the promotional video and the posters for the past two days, but Xia ruofei did not even ask about it. He even had a beautiful lady to spend the night with in the capital. Feng Jing could not help but feel wronged.

If the person accompanying Xia ruofei was Ling Qingxue, Feng Rao might not have thought much of it. However, the woman in the room was obviously not Ling Qingxue!

The chairman doesn’t have any self – respect ... Feng Jing thought to herself.

She looked behind Xia ruofei with a complicated expression, squeezed out a smile, and said,””Chairman, I’m sorry! I didn’t know you guys ... Hehe, sorry for disturbing you ...”

She turned around to leave.

Xia ruofei was also confused when he saw Feng Jing’s mood suddenly turn so low and then she wanted to leave.

But he subconsciously turned around and immediately understood what was going on. He quickly grabbed Feng Rao’s hand and said,””President Feng, you’ve misunderstood ...”

[PS: I would like to recommend brother steel gun’s book, ‘city’s best immortal chef’. It’s definitely a different novel about food. Everyone who has read it says it’s good!] [Oh right, launch the creation platform, but you can also directly watch it from Qidian!]

?

Chapter 1120: Don’t guess a girl’s thoughts (1)

Feng Rao was caught off guard and her soft hand was caught by Xia ruofei. Her face couldn’t help but turn red. She tried to break free, but Xia ruofei held on tightly in a hurry and she couldn’t break free.

Xia ruofei did not notice Feng Rao’s embarrassment and hurriedly explained,””President Feng, a friend of mine is in the room. He came to visit me this morning. It’s not what you think ...”

It was only Seven o' clock. Who would come to the hotel to visit a friend so early? Feng Rao didn't really believe it.

At this moment, a voice came from behind Xia ruofei. "Ruofei, you have guests?"

Then, Lu You's figure appeared beside Xia ruofei. She glanced at Xia ruofei's hand with a half – Smile.

Only then did Xia ruofei realize that he had been holding onto Feng Rao's hand. He quickly let go and said to Feng Rao, "President Feng, did you see that? This is the daughter of our former Secretary Tian, Lu You. You've met her before. She really just came over this morning."

"Lu You, help me prove it!" Xia ruofei turned around and said.

Lu You gave Feng Rao a meaningful look and said with a smile, "President Feng, you're here early in the morning for a spot check?"

Feng Rao also recognized Lu You. Furthermore, both Xia ruofei and Lu You were dressed neatly. She also knew that she might have misunderstood earlier. Now that Lu You was implying something, she felt even more awkward.

Feng Rao was a little embarrassed. "So it's miss Lu...I didn't dare to check the Chairman's post. I just saw that the chairman had a guest and didn't want to disturb your discussion."

Lu You smiled and didn't say anything. Xia ruofei heaved a sigh of relief and said, "CEO Feng, since you're here, why don't you come in and sit for a while? Didn't you just say that you have something to report?"

"This ..." Feng Rao looked at Lu You with a troubled expression.

"Just pretend that I don't exist ..." Lu You shrugged and said.

Seeing that Lu You had no intention of leaving, Xia ruofei could only smile and say, "It's alright. Lu You is one of us. If you have anything to report, just say it."

When Lu You heard Xia ruofei say that she was 'one of them', she couldn't help but Mutter in her heart, "Who's on your side ... But she still felt a little happy.

Sometimes, women were really creatures who did not mean what they said. Even if it was just a monologue in their hearts, it might not really be in line with their own hearts.

Since Xia ruofei had said so, Feng Jing could only follow him into the room.

After they sat down in the guest room, Xia ruofei poured Feng Jing a cup of tea and said with a pleasant expression, "President Feng, you've worked hard these past two days. Tell me about the progress!"

Initially, Feng Rao felt a little aggrieved. However, after Xia ruofei said that, it seemed that her little grievance disappeared. She immediately said, "Chairman, due to time constraints, our original plan to shoot the promotional video and posters in the southeast province has changed. We're going to find a place near Beijing to shoot."

Xia ruofei nodded slightly. If Duff and the crew were to go to the southeast province, not only would it waste a lot of time, but it would also be a good idea to film here.

"I've discussed it with Ms. Duff and the director a few times," Feng Jing continued. "We've basically decided on the plan and script for the shoot. We've found a place in the suburbs with a nice view. We're going to start shooting the commercial today ..."

The location was recommended by an Assistant Director of the crew. It was also the location for the shooting of a popular Xianxia drama. The scenery was beautiful, with mountains and rivers. Feng Jing and Duff went there personally to take a look. Everyone was satisfied, so they decided on the location.

Lu You sat at the side and listened quietly. She did not disturb Xia ruofei and Feng Jing. However, when she heard the name of the celebrity, Daphne, her eyes could not help but flash with curiosity.

Xia ruofei nodded and said, "sure!" Can we make it in time?"

Feng Jing said, "we'll have plenty of time if we shoot it in Beijing. We're only shooting a commercial, not a movie. Our initial estimate is that it'll be done in three days. They also have a professional team to help with the post – production, so we'll definitely be able to finish it before Duff's movie starts shooting."

After a short pause, Feng Jing continued, "after we're done with the commercial, we'll start editing the post – production work. At the same time, we can get Duff to start shooting the posters. The outer packaging designs for the jade skin cream have been finalized. I've asked the factory to produce a few sets of jade skin cream urgently and have them sent over."

Xia ruofei was very satisfied and praised, ""President Feng, you managed to organize everything in two or three days. I didn't choose the wrong person!"

Feng Jing shot Xia ruofei a resentful look. "If you weren't the chairman, would I be so tired?"

"Chairman," she said. "I can do these specific things, but there's one thing that you still need to make a decision on."

"Oh? What's the matter?" Xia ruofei asked with a smile.

"Although we don't need to pay for the endorsement this time, we'll still have to pay for the accommodation of the entire team in Hilton, the rental of the outdoor location, the shooting of posters, the rental of the studio, the transportation, accommodation, and other expenses." Feng Jing said, "that's why you have to give me a sum of money first. Otherwise, you can't do anything without rice!"

Xia ruofei smiled. "You're the General Manager. If you need money, can't you just ask chubby boy to transfer it to you?"

Lu You couldn't help but purse her lips when she heard this. She thought to herself, this guy is really carefree! Even if he didn't want to get involved in the company's specific Affairs, how could he have such casual control over the financial affairs? If everyone managed the company like him, wouldn't everyone under him earn enough money? He had to talk to him when he had the time!

In reality, Lu You did not know that although Xia ruofei's management was lax, Feng Jing had always adhered to her duties, especially when it came to the financial system. She was the one who had taken the lead in sticking to it. Furthermore, she had also referenced the advanced management of foreign companies and was very strict in the financial audit.

The General Manager had already taken the lead, and the system was so strict that the lower – Level people could not find a loophole.

As expected, after Feng Jing heard Xia ruofei's words, she immediately smiled bitterly and said,"Chairman, I need at least 500000 Yuan in advance. According to the rules, such a large amount of money needs your personal approval. As the General Manager, how can I take the lead in breaking the rules?"

Xia ruofei touched his nose and said,"Alright, then we'll follow the procedure!"

Feng Jing immediately took out an approval form for advance payment and said,"Chairman, here you go!"

Xia ruofei took a look and saw that there was no problem, so he took out a pen and signed his name. Then, he handed it to Feng Rao and said with a smile,"Just fax it back! Tell chubby boy to quickly transfer the money over and not delay the progress here! By the way, if there's not enough time, I'll personally give you some in advance. You can return it to me after you receive the company's advance loan. "

"There's no need for that. I still have some money in my card. I've been paying for the past few days. "Feng Rao smiled. Thank you, Chairman! Then I'll go make arrangements for the outdoor shoot and won't disturb you guys!"

Feng Rao smiled and nodded at Lu You before leaving Xia ruofei's room with the approval form.

After Feng Rao left, Lu You immediately revealed a strange smile and said to Xia ruofei,"Your general manager is pretty!"

Xia ruofei looked at Lu You and asked,"What do you want to say?"

Lu You pouted and said,"it's nothing!" I'm just curious ... Isn't your girlfriend worried?"

"Thank you! I'm very close to Qingxue!" Xia ruofei said.

"Tsk, I think she's the stupid one ..." Lu You muttered softly.

Xia ruofei's hearing was sharp, but he still pretended not to hear. He asked,"What did you just say?"

"It's nothing!" Lu You looked at Xia ruofei unhappily and continued to ask,"the advertisement spokesperson you were talking about just now, is it the Hollywood movie star, Daphne?"

"Yup!" Xia ruofei laughed and said,"I didn't expect miss Lu to be a fan of celebrities too."

"Can you take me to the set to take a look?" Lu You suddenly asked.

"If you want to go, I can ask President Feng to bring you along," Xia ruofei said after some thought.

"Aren't you going by yourself?" Lu You asked, a little disappointed.

Xia ruofei shrugged and said,"I still have things to do!" Besides, I usually don't care about these specific things. I'm very assured with you around. "

"You're so bold ..." Lu You couldn't help but mock him softly.

Xia ruofei asked, "do you want to go?" If they want to go, I'll call President Feng. They're going to suburbs for a shoot, so they'll probably leave earlier. "

"Of course we're going! You make the call!" Although Lu You was a little disappointed, she was still looking forward to meeting master Dave.

Xia ruofei gave Feng Rao a call without hesitation and asked her to bring Lu You along when she went to the outdoor filming location.

Naturally, Feng Jing wouldn't reject the Chairman's request. She immediately agreed.

After Xia ruofei hung up, he smiled at Lu You and said, ""They're leaving the hotel at 8:30. You can go downstairs to find President Feng. You still have time to go down and have breakfast. "

Lu You looked at Xia ruofei and asked, ""You want me to leave so quickly?"

Xia ruofei was stunned for a moment, then he smiled and said, ""How can I? You can stay for as long as you like! As long as you're not afraid of people gossiping ..."

"Tsk, a straight body is not afraid of a crooked shadow, what gossip am I afraid of?" Lu You said with a look of disdain. Then, she said, "but there's no point in doing this. I'm leaving!"

Xia ruofei felt that he could not keep up with Lu You's jumping thoughts and could not help but smile bitterly.

Lu You walked to the door with the paper bag and turned back. She smiled and said, ""I'll leave the things with you for now. I'll get them from you when I come back from the exterior!"

After saying that, Lu You placed the paper bag on the coffee table and waved at Xia ruofei in a carefree manner before turning around and walking out.

Xia ruofei looked at Lu You's back and suddenly had an idea. He called out, ""Woof! Lu You, wait a moment ..."
