

God tier Farm 1131

Chapter 1131: Buying a siheyuan (2)

Song Rui chuckled and returned to his serious look. Then, he couldn't suppress his curiosity and asked, "RUO Fei, what's so special about this pair of wood carvings? Tell me!"

Xia ruofei said, "it's really just my intuition. I haven't had the time to look at it in detail!" If you want to know ... Then come back to the hotel with me this afternoon!"

"Alright!" "Okay!" Song Rui responded happily.

The three cars made a few turns and finally drove into an alley. There was a very good private restaurant hidden there. It was obviously not Song Rui and Zhao Yongjun's first time here. After the car was parked, Song Rui said to Xia ruofei, "This restaurant's Palace cuisine is very special. I was going to bring you here to try it!"

Xia ruofei smiled and said, "it's okay. We can always try again if it's good!" I'll give you a chance to treat us!"

"You're just thinking about eating from the rich!" Song Rui rolled his eyes.

Xia ruofei laughed and walked towards Xu Qiang and the others.

The private restaurant was located in a large courtyard with three entrances. It was very different from the messy social environment in Xia ruofei's impression. This courtyard had obviously been renovated and the environment was very good.

Although the building materials were antique, they didn't give people the feeling of being broken. It was probably made by professionals who specialized in repairing old buildings. Otherwise, it would be impossible to achieve such an effect of repairing old buildings as old as they were.

It was a traditional courtyard house with stone tables, stone chairs, grape racks, rocking chairs ... Xia ruofei could not help but feel tempted. If he could have such a quiet courtyard house in the bustling capital, it would be very pleasant.

However, now that the price of real estate in the capital had broken through the sky, a rare resource like a courtyard house was even more priceless. Even if there was a sale, the price would be at least over a hundred million.

Xia ruofei didn't live in the capital for long, so he only thought about it and didn't plan to do it.

However, Zhao Yongjun seemed to have noticed Xia ruofei's interest. After everyone sat down in the room, Zhao Yongjun, who was sitting beside Xia ruofei, nudged Xia ruofei lightly and asked with a smile, "RUO Fei, this courtyard isn't bad, right? Do you have any plans to buy one in Beijing?"

When Xu Qiang and Guo Ruchen heard this, they couldn't help but be shocked. Anyone who could buy a courtyard house in Beijing must have extraordinary economic strength. Even if they were locals of

Beijing and considered successful people, this was a high – end House that was more precious than a villa!

Xia ruofei smiled.”Brother Zhao, don’t scare me. How can I afford such an expensive house?”

Zhao Yongjun laughed.”Ruofei, don’t be so humble. I heard from song Rui that your business is very big in the southeast province. It’s not a big deal to buy a yard in Jing!”

Xia ruofei said,”I’m not being humble. My business is just starting out. I’ve invested all my money into the company. It’s not realistic to take out a few hundred million to buy a courtyard house.”

“The price isn’t that high!” Zhao Yongjun said with a smile. It depends on the location. ”

Then, Zhao Yongjun hesitated and looked at Xu Qiang and the others. In the end, he said,””Ruofei, if you really have the intention to buy a property in the capital, I know a good opportunity!”

“Oh?” Xia ruofei’s interest was piqued.”Brother Zhao, tell me about it!”

Xu Qiang and Guo Ruchen couldn’t help but prick up their ears. Even song Rui was very interested and stared at Zhao Yongjun.

Zhao Yongjun laughed and said,”I have a friend’s family who migrated overseas. The house he used to live in is about to be put up for sale. It’s in a good location, located in Dene Street liuhai Lane. It’s a three – inch – yard area, 1500 square meters, and the building area is more than 600 square meters. The yard is well maintained, and my friend said that all the furniture and appliances in the house will be given away. He won’t take a single piece with him!” If you buy it, you can basically live in it directly!”

Xia ruofei was a little moved. He smiled and asked,””Such a good location, such a big yard, the price must not be cheap, right? I heard that the unit price of some siheyuan in the capital has exceeded 300000 Yuan!”

If it was really 300000 per square meter, then the courtyard that Zhao Yongjun mentioned would be worth 400 to 500 million. Even Xia ruofei wouldn’t be able to take out such a large sum of money to buy a house.

“That’s a siheyuan near a scenic spot,”Zhao Yongjun said with a smile.” My friend’s house isn’t that exaggerated! The price of the nearby courtyards is around 100000 to 150000 Yuan per unit!”

“That’s about 100 or 200 million, right?” Xia ruofei said as he quickly calculated in his heart.

“Hehe, if you want to buy it, my friend will definitely give you the lowest price. I still have that little bit of face.” Zhao Yongjun said,”I can at least guarantee that the total price will not exceed 150 million!”

If it was tens of millions, Xia ruofei could squeeze a little, but 150 million was a little too much. However, after hearing Zhao Yongjun’s introduction, he was a little tempted and hesitated for a moment.

” 130 million is cheap enough!” Song Rui encouraged. RUO Fei, take him down!”

After all, Xu Qiang and Guo Ruchen were not familiar with Xia ruofei, so they only looked at them enviously and did not say anything.

Zhao Yongjun smiled and said, "ruofei, this is a good opportunity!" In such a location, with such a large courtyard and well – protected, this kind of resource was very scarce. Why don't we ... Take a look at the houses first before deciding?"

"Let's see!" Song Rui said, "you won't lose anything by looking at it anyway!"

Xia ruofei nodded and said, "sure!" We'll go over to take a look at the house in the next two days. If it's really good, I'll grit my teeth and buy it!"

"Haha, good!" Zhao Yongjun said, "ruofei, let me tell you. You'll definitely be satisfied! If it wasn't for the fact that I'm short on funds, I would've bought it ..."

"I don't have a lot of funds either!" Xia ruofei said with a bitter smile.

He definitely couldn't take out so much money at once, but now that he had a strong network and knew a few super – rich people, it wouldn't be a problem to borrow some money.

Once Fairyland farm in Australia was on the right track, its monthly dividends would probably reach tens of millions of us dollars. It would be easy for Xia ruofei to return the money.

At this time, the dishes were also served, and Xu Qiang quickly called everyone to drink.

The meal went on for more than an hour. During the meal, Xu Qiang kept toasting to Xia ruofei and the others. Even Guo Ruchen, the Vice President of the capital city's antique Association, also toasted Xia ruofei a few times. However, he was mainly impressed by Xia ruofei's ability to identify wooden artifacts and wanted to be on good terms with him.

After the guests and the host had their fun, Xia ruofei and the rest left the private restaurant.

At the door, Xu Qiang expressed his sincere gratitude to Xia ruofei and watched as Xia ruofei got into the car and left.

While they were drinking, song Rui was still thinking about Xia ruofei's pair of wooden sculptures. He secretly hinted to Zhao Yongjun, so after dinner, Zhao Yongjun did not go home. He drove behind song Rui's Phaeton and went to the hotel together.

Back in the hotel room, song Rui immediately said, ""RUO Fei, quickly take out that pair of wood carvings and let's have a look!"

Zhao Yongjun was also looking forward to it. After all, Xia ruofei had already demonstrated his ability to appraise wooden items in the morning. The gift he had chosen was a pair of wooden carvings, so Zhao Yongjun naturally thought that this pair of wooden carvings had an extraordinary origin.

Never in his dreams would he have thought that Xia ruofei didn't even know how to appraise a wooden artifact and that it was Xia Qing who had cheated. And he had chosen this pair of wood carvings not because of the wooden artifact, but because of the help of the spirit map.

Xia ruofei smiled as he opened the box and took out the wooden carvings.

In fact, he really did not check the wood carvings carefully. Under the watchful eyes of Zhao Yongjun and song Rui, Xia ruofei carefully observed the wood carvings. In fact, he used his spiritual power to do a full inspection of the wood carvings ...

?

Chapter 1132: The emperor's Green (1)

This pair of wood carvings was about 50 centimeters tall. They looked simple and dignified. They were painted in Vermilion. The divine beast under the door God's throne was also painted in gold. Whether it was the red or gold paint, it had become mottled with the erosion of time, revealing the paint inside.

While Xia ruofei was looking at it, Zhao Yongjun and song Rui were also staring at the wood carvings. They wanted to see what was so special about this ordinary – looking wood carving.

Song Rui knew nothing about antiques, and Zhao Yongjun was not good at wood. The mystery of wood carvings did not lie in the wood carvings themselves, so the two naturally could not see anything.

Some hard materials, such as rocks and porcelain, could not be completely penetrated by the power of the mind, so the exploration of the power of the mind was not omnipotent. For example, it was basically impossible to use the power of the mind to detect whether there was Jade in the raw stone. The resistance would be very high if the stone was penetrated a little bit.

Of course, if Xia ruofei wanted to detect the Jade content in the raw stone, he only needed to use the spirit map scroll. He did not need to use his spiritual power.

Even though mental power was not omnipotent, it was still very useful to investigate this wooden tool.

In particular, the mystery of this wood carving was actually very simple, but it was concealed very well. Even if one had a good eye, it would not be easy to see through it.

However, with Xia ruofei's spiritual power, everything was revealed.

Like a CT scan, Xia ruofei scanned the wood carving bit by bit with his mental energy. Soon, he found that there was a secret at the base of the wood carving.

He immediately revealed a smile.

"Ruofei, did you see anything?" song Rui asked impatiently.

Xia ruofei smiled at the two of them and took out a sharp military dagger. "I'll show you a magic trick!"

Then, Xia ruofei picked up one of the wood carvings and placed it on the table.

Xia ruofei used his military dagger to scratch the base of the wood carving, and a piece of mottled paint was cut off.

"Hey ..." Song Rui called out, trying to stop Xia ruofei.

Although the wood carving was not very expensive, it was still worth thousands of Yuan. This cut had destroyed the paint that had naturally formed due to the erosion of time, and the wood carving was basically useless.

However, Xia ruofei was so fast that Song Rui could not stop him in time.

On the other hand, Zhao Yongjun didn't make a fuss. Instead, his eyes brightened slightly and he revealed a thoughtful expression.

Xia ruofei's knife was very fast. In the blink of an eye, almost all the paint at the bottom of the wood carving had been scraped off.

Then, Xia ruofei used the tip of the knife to draw a line on the base. Soon, a small gap was revealed.

Zhao Yongjun's face changed and he cried out, "The wood carving is hollow? Could it be that something is hidden inside?"

Xia ruofei had already found all the gaps in the base.

He then inserted the tip of the knife into the gap and pried it gently. Soon, a round piece of wood on the base was pried out, revealing a hole.

"There really is a mechanism!" Song Rui shouted, "ruofei, quickly look inside!"

Zhao Yongjun also looked at Xia ruofei in disbelief. The cork and base of the wood carving fit perfectly. The gaps were filled with plaster and then polished flat. It was hard to find any flaws with the naked eye. Furthermore, there was another layer of paint and at least three layers of paint. Even if it had worn down over the years, it was impossible to see the gaps at the bottom.

Xia ruofei had found the secret in such a short time. This was beyond Zhao Yongjun's imagination.

Xia ruofei smiled and put two fingers into the hole. He quickly took out the item.

When Song Rui saw this, he immediately showed a disappointed look and said, "So it's this! I thought there would be some treasure!"

Xia ruofei took out a gold ingot.

Most people would be overjoyed to see such a large piece of gold. It was worth at least 100,000 Yuan! However, Song Rui's expectations were already very high. Now, he naturally felt that there was a big gap.

Zhao Yongjun was an old player in the antique circle. When he saw the gold, he was slightly disappointed, but he quickly thought of something and said, "Something's wrong! After spending so much effort and hiding it so well, it definitely wasn't just to hide a gold ingot!"

Xia ruofei, who already knew the answer, smiled and said nothing.

Song Rui couldn't wait to ask, "Could there be something else inside?"

Zhao Yongjun looked at song Rui with disdain, then said to Xia ruofei, ""Ruofei, I think this gold ingot is just a counterweight! Quickly take a look at the other wood carving, you might find some unexpected gains!"

"Weights?" "What do you mean?" song Rui asked.

"The two wood carvings are of the same material and size," Zhao Yongjun said. "If there's something hidden in one of them, the weight will change, and it'll be easy for people to find out. So I guess the person who hid the thing made the two wood carvings into the same structure. One of them hid something, and the other stuffed a gold ingot of the same weight in! So, the real secret should be in the other wood carving!"

Xia ruofei immediately clapped his hands and said, ""Big brother Zhao is indeed experienced, unlike some of our comrades who are so flustered ..."

?

Chapter 1133: The emperor's Green (2)

"You two experts are bullying a blood amateur. Do you have the guts to do that?" song Rui rolled his eyes.

"This is fun, I'm simply enjoying it!" Xia ruofei laughed.

"Go, go, go, cut the crap. Quickly open the other wood carving and take a look!" Song Rui laughed and scolded.

Xia ruofei had already known that the real secret was in the other wood carving. He had also guessed that the thing inside should be made of Jade because the spirit painting scroll would have a very strong reaction when approaching it. Therefore, the Jade must be of very high quality.

He picked up another wood carving and scraped off the paint at the bottom with great familiarity. Sure enough, he soon found a small crack.

Xia ruofei pried open the wooden stopper at the bottom.

"RUO Fei, quickly take a look at what's inside!" Zhao Yongjun's eyes were filled with anticipation.

Even the weight was a pure gold ingot, so the real thing hidden here must be even more complicated.

Xia ruofei nodded and put his hand in. At this moment, he could feel the spirit map scroll in his palm shaking violently. Soon, he felt a smooth block. He pinched it and took it out of the hole.

After this well – hidden treasure was revealed, Zhao Yongjun and song Rui gasped at the same time. Then, they slowly opened their mouths, their eyes full of shock.

Even Xia ruofei himself could not help but look surprised.

In front of everyone was a jade square card, about six centimeters in length, four centimeters in width, and nearly two centimeters in thickness. There was a gold base and a diamond inlaid.

This size of Jade was not very big, but it had a kind of soul – stirring beauty. The touch of vivid green rippled in front of the three people's eyes like blue waves, intoxicating their hearts ...

After a moment, Zhao Yongjun shouted, "Oh my God ... This ... This is the glass type of King's Green! A large, Jade – Green token ... Oh my God! Oh my God ..."

Zhao Yongjun couldn't be any more shocked. He used "Oh my God" two times in a row. It was as if there was no other word that could reflect the shock in his heart.

Xia ruofei's knowledge of jadeite was superficial. However, the violent shaking of the spirit painting scroll had already indicated that the Jade in the wood carving was not simple, so he was already mentally prepared.

Song Rui grew up in a rich family. He might not be an expert in antiques, but he had the basic ability to identify jadeite. When he saw the king's Green square plate, he couldn't help but Mutter, "RUO Fei, you Rascal ... You've really picked up a great opportunity this time. You're rich ... You're rich ..."

"Brother Zhao, tell me about it!" Xia ruofei smiled and said, "is this Jade token very valuable?"

Zhao Yongjun sized Xia ruofei up with a strange look and sighed, "RUO Fei, I don't know what to say ... You don't know anything about antiques, but you were able to point out the flaw of the Yingzi wood incense cabinet. He randomly picked a pair of wood carvings and found that there was a square plate of Imperial Green inside! Your luck is too heaven – defying!"

Xia ruofei smiled and scratched his head. "I've always been lucky ... Tell me about this Jade plate!"

"If this King's Green is real, then it's worth a lot of money!" Zhao Yongjun said. "I'll put it this way ... If I were to exchange this Emperor's Green square tile for the courtyard house I told you about this afternoon, there wouldn't be a problem at all!"

Xia ruofei was stunned as well. He looked at the Jade token in his hand and said, "This small piece of Jade is worth more than 100 million Yuan?"

After he finished speaking, he couldn't help but weigh the emperor's Green square card in his hand. The reaction of the spirit map scroll was so strong that he had a hunch that the quality of the Jade inside was very high, but he didn't expect it to be worth more than a hundred million Yuan.

Xia ruofei's actions almost gave Zhao Yongjun a heart attack. He quickly said, "Aiyo! Hold on tight! If this Emperor's Green tile falls to the ground and shatters, that'll be a hundred or two hundred million wasted!"

Xia ruofei couldn't help but laugh. "Big brother Zhao, it's not that exaggeration... Besides, you haven't even looked at it carefully! What if it's a fake?"

Zhao Yongjun shook his head and said, "if it's a fake, why would they spend so much effort to hide it in the wood carving?" Wasn't this crazy? Moreover, this wood carving was made during the period of the Wanqing People's Republic of China. The level of counterfeit Jade during that period couldn't have

reached such a level of confusion and authenticity, so even if you don't look at it, you can roughly confirm that this should be the real King's Green square card!"

Then, Zhao Yongjun laughed and said,""But it's also my first time seeing such a pure glass type of Imperial Green. I can't let go of such a good opportunity. I have to take a good look!"

Xia ruofei handed it over and said,""Here, take a look!"

"No no no, let's go to the sofa!" Zhao Yongjun quickly waved his hand. It's soft on the sofa, so it won't break even if my hands shake ..."

In fact, there were rules in the antique industry. If one wanted to appraise an object, one definitely couldn't take it directly from someone else's hand. The first person had to put it down, and the other person had to pick it up carefully. Otherwise, if it fell to the ground and damaged it, it would be hard to say who would be responsible.

However, Xia ruofei was not in this line of work and naturally did not know the rules, so Zhao Yongjun did not bother to remind him.

The three of them walked to the sofa. Zhao Yongjun took out a pair of gloves and put them on. Then, he carefully took the emperor's Green jade card from Xia ruofei's hand. He also took out a small flashlight and a magnifying glass to observe it carefully.

Xia ruofei couldn't help but smile at song Rui,"brother Zhao, why are you like Doraemon?" You have so many little things on you!"

"This is what I do for a living," Zhao Yongjun said without even lifting his head."These are all standard tools!"

"Brother Zhao is a Big Shot in the antique industry in the capital," song Rui said with a smile."Xu Qiang's shop may be big, but it's just a small shop compared to brother Zhao 's!"

"The thing is, I'm interested in this ..." Zhao Yongjun chuckled.

Zhao Yongjun said, but he didn't delay his appraisal of the king's Green square card. He looked at it for a long time and even took it off the Golden base. He shone it with his flashlight for a long time before he reluctantly put it down.

Zhao Yongjun's eyes lit up."Ruofei, this is indeed a large square plate of the king's Green of the glass type. Let's not talk about its cultural value for the time being, just this piece of Jade alone is the best of the best. Its value is immeasurable!"

Xia ruofei was also very happy after hearing this. He said,""Brother Zhao, tell us!"

"Yup! At most, we can only watch the show. " Song Rui also said,"what's so good about this piece of Jade?"

Zhao Yongjun immediately became excited at the mention of Jade. He pointed at the king's Green square card and said,""Look, this Jade is big and round. The color, type, and water quality of the Jade itself are all good. It's the top glass type of King's Green, with high density, fine crystals, and good transparency."

Zhao Yongjun paused, then said, "Generally speaking, jadeite that is too thick will inevitably lose its color and charm, losing that spiritual Qi. However, this large square card was an exception, winning with its thickness and purity. Its shape was simple, thick but not clumsy, it contained a rich and luxurious feeling. The color is bright, mellow and not stagnant, and there is a trace of charm in the atmosphere. "

Zhao Yongjun looked like he had just seen a beautiful woman. He carefully picked up the king's Green square card that hadn't been put back into the Golden base and turned on the bright flashlight.

He held the flashlight close to the square card and said, "Look, such a thick piece of Jade, but it has such good light transmission! The green inside was extremely rich, and it was not rigid at all. It was a kind of fresh green! It's definitely the best of the best!"

Xia ruofei thought for a while and asked, "brother Zhao, you've already made a detailed assessment. I want to know how much this Emperor's Green square plate can be sold for."

?

Chapter 1134: Priceless (1)

Zhao Yong Jun was stunned and said in surprise, "Ruofei, the king's Green of the glass type is hard to come by. Besides, this is at least a Jade from the late Qing Dynasty and has a certain cultural value. Are you really going to sell it for cash?"

Song Rui, who was standing beside him, said, "If it were me, I would definitely sell it too. Didn't brother Zhao just say it was worth hundreds of millions? A piece of Jade can't be eaten or drunk, it's more practical to exchange it for money!"

"You know nothing!" Zhao Yongjun laughed. This kind of King's Green could not be bought with money! Why did he need so much money? When money reaches a certain level, it's just a number. It's meaningless!"

Then, Zhao Yongjun turned to Xia ruofei and said seriously, "RUO Fei, do you really want to sell it? You have to think clearly!"

Xia ruofei smiled and said, "let me understand the market first." Besides, I'm still in the start – up stage, and I haven't reached the stage where money is just a string of numbers like brother Zhao said. Money is still very important to me!"

Actually, Xia ruofei had seriously considered it.

First of all, this jade pendant was so precious that it was worth more than a hundred million Yuan. Whether he gave it to Ling Qingxue or kept it for himself, it was basically impossible to wear it. Especially if he gave it to Ling Qingxue, then his safety would become a problem.

Usually, this kind of precious Jade product would be bought and kept by rich collectors.

On the other hand, it would be a waste if this piece of Jade was left for the spirit map scroll to devour.

Now that the spirit picture scroll had devoured Jade, the degree of evolution was very low. It had to be a large amount of Jade or directly devour world stones.

Although the emperor's Green jade was of high quality, it would only evolve a little if it was devoured by the spirit map. It was not worth it.

If he exchanged it for money, the effect would be immediate whether he invested it in starting a company or investing in a siheyuan in Beijing.

Taking ten thousand steps back, if Xia ruofei really needed a large amount of high – Quality Jade in the future, he could use the detection function of the spirit map scroll to go directly to the distribution center of raw jade stones, such as the Myanmar public market, to buy raw jade stones without restraint.

Because of the existence of the spirit painting scroll, high – end Jade was no longer a scarce resource for Xia ruofei.

Even if it was the rare glass type of King's Green, Xia ruofei could find it in a large number of raw jadeite stones if he was willing to spend time.

Hence, the king's Green tile that Zhao Yongjun thought was precious was not as attractive as a pile of cash in Xia ruofei's eyes.

Zhao Yongjun saw that Xia ruofei really wanted to sell the square plate, so he lowered his head and thought for a while. He said, ""Ruofei, it's very difficult to set a price for such high – end Jade because it's priceless. If we want to maximize our profits, we'll have to sell them through an auction. "

Zhao Yong Jun paused, then continued, ""According to my experience, if this big square plate were to be auctioned, the price would not be lower than 150 million!"

Song Rui took a deep breath and shouted, ""Damn ... Ruofei is rich! Auction! It had to be auctioned! Do you want me to help you contact your friends in the auction house?"

Zhao Yongjun glanced at song Rui and said lightly, ""Young master Song, do you know more people from the auction house than me?"

Song Rui's expression froze and he laughed dryly. ""Then ... Of course, big brother Zhao has more friends!"

Zhao Yongjun said to Xia ruofei seriously, ""Ruofei, if you really want to auction it, I can help you contact a few big auction houses in the capital. This King's Green can be the finale of the auction. Everyone will definitely welcome it."

Xia ruofei smiled. "Thank you, brother Zhao. I'll think about it first. If there's a need, I won't hesitate to ask!"

Zhao Yongjun patted Xia ruofei's shoulder and said, ""If I wasn't a little tight on funds, I would've bought it ... This is the king's Green of the glass type! Such a huge jade square tablet, tsk tsk ..."

Zhao Yongjun said with an envious expression.

Xia ruofei laughed and said, "brother Zhao, I'm sure you're no less experienced than me in picking up scraps!" Is there a need to be so exaggerated?"

Zhao Yongjun smiled bitterly. "All the treasures I've picked up in my life can't compare to what you've done this time!"

Song Rui laughed and said, "brother Zhao, I told you that RUO Fei is a magical guy!" You'll realize that he's amazing in many ways after you've been with him for a long time!"

Song Rui's words came from the bottom of his heart. He was already used to Xia ruofei's miracles. Whether it was when he pulled elder song back from the brink of death from late – Stage cancer, or when he cultivated the best vegetables, fruits, Chinese medicinal herbs, and even 'magical weapons'.

In contrast, it was a very normal thing for song Rui to pick up one or two hundred million Yuan from a trip to pan garden.

Zhao Yongjun nodded, then said seriously, ""RUO Fei, Xiao Rui, it's best to keep this a secret. The value of this piece of Jade is too high, and it's hard to guarantee that no one will have evil intentions. In addition, if qiangzi knows about the whole thing, he will have a bit of a grudge in his heart. "

It was your ability to pick up scraps in the antique trade. As long as you had a good eye, people would only be envious of you no matter how much you earned.

However, this pair of wood carvings were given to him by Xu Qiang. If he knew that Xia ruofei had found a King's Green square token, he would probably regret it so much that his intestines would turn green. Although he would not change his words, he would definitely be traumatized.

Therefore, the best way to deal with it was to get rich in silence. This was also a good thing for Xu Qiang. Sometimes, being kept in the dark was also a happy thing. Otherwise, he would probably regret it for days and nights without being able to eat or sleep.

Xia ruofei and song Rui immediately nodded in agreement.

Zhao Yongjun and song Rui were Xia ruofei's best friends, so they would not spread the news. Xia ruofei did not like to show off, so he kept a low profile and would not publicize it.

Then, Xia ruofei smiled and said, "brother Zhao, if you have time, please help me contact your friend who is selling the courtyard house!" If it's possible, I'd like to look at a house in the next one or two days!"

Zhao Yongjun laughed, "you're really going to sell this King's Green square tile to buy a siheyuan?" That friend of mine is also a collector. I guarantee that if you use this Jade token to exchange for the courtyard house with him, he will definitely agree without even frowning!"

Xia ruofei said, "brother Zhao, I haven't thought of how to deal with this big square tile yet. Let's go and look at the houses first!"

"Alright! I'll contact them in a while!" Zhao Yongjun said readily, "if everything goes well, we can go see the house tomorrow! We've all drunk at noon, so let's take a break in the hotel in the afternoon! I'm going to get a room too!"

"Alright! Then I'll leave this matter to you!" Xia ruofei didn't stand on ceremony with Zhao Yongjun.

He sent Zhao Yongjun and Song Rui to the door of the room, then closed the door and went back to his room.

Looking at the king's Green square card on the coffee table, Xia Ruofei felt like he was in a dream. He didn't expect to pick up such a big deal when he followed Zhao Yongjun to the garden to watch the show.

Xia Ruofei had a preliminary plan on how to deal with the king's Green square card.

Auctioning could naturally maximize profits, but the reason he asked Zhao Yongjun about the approximate price of this jade square plate was because he had other plans.

Hengfeng Group's MA family had a very close relationship with Xia Ruofei. Hengfeng Group had started out in the jewelry business. Now, Hengfeng jewelry occupied a very important position in the Hengfeng Group's business sector.

Hence, Xia Ruofei had the intention to sell this Jade token to the MA family.

As a leading company in the jewelry industry, Hengfeng Group would definitely be interested in this kind of high – end King's Green jade. A square plate of King's Green jade like the Kasaya, which was an object from the late Qing Dynasty, could be the treasure of the Hengfeng jewelry store.

Xia Ruofei did not mind doing MA Xiong a favor since he had asked for the approximate price in advance. He believed that as long as he could find MA Xiong, the old man would be ecstatic and buy the king's Green.

Compared to auctioning it off, it was much faster to sell it and earn money. Besides, MA Xiong would definitely not let himself suffer a loss in terms of price.

Xia Ruofei was still thinking of selling this piece of Jade to buy the Siheyuan that Zhao Yongjun had mentioned!

Although he hadn't seen the house yet, Xia Ruofei was very tempted after hearing what Zhao Yongjun said.

Xia Ruofei took out his phone and was about to call MA Xiong.

However, just as he was looking for a number in his contact list, his phone vibrated.

Feng Jing's number was displayed on the screen.

Xia Ruofei did not hesitate and immediately answered the phone. He asked calmly, "Boss Feng, what's the matter?"

Feng Rao's voice carried a hint of panic. "Chairman, Miss Lu had an accident on set!"

Xia Ruofei's mind buzzed and he quickly asked, "What's the matter? Is Lu You injured?"

Putting aside the fact that Lu You was Tian Huilan's daughter and had a special status, Xia Ruofei could vaguely tell that this little girl had feelings for him. This made him very concerned about Lu You's safety.

“Chairman, don’t worry. It doesn’t look like a big problem.” Feng Jing said hurriedly, but she was still a little uncertain.”We’re on the way to the hospital. We still need to do a full – body checkup!”

At this moment, Xia ruofei had calmed down. He had just given Lu You a protective jade talisman. Normal dangers would definitely not be able to harm Lu You. However, he was still a little worried.

“Which hospital are you going to?” he asked immediately.

“Temple of Earth hospital!”

“I’ll be right there!” Xia ruofei said without hesitation,”if anything happens, call me immediately!”

“Alright ...” Feng Jing said.

Xia ruofei couldn’t care less about the king’s Green square card. He picked up his phone and called song Rui.

“Song Rui, are you in your room? Can I borrow your car? I have something urgent to attend to!”

?

Chapter 1135: The Jade Leaf works (1)

After song Rui returned to his room, he didn’t even have time to lie down and sleep. He quickly asked,””What’s wrong? Do you need any help?”

Xia ruofei thought for a while and said,”not for now. I’ll call you if I need anything.” You can just give me the car keys. ”

“Alright, you wait here, I’ll bring it over for you!” Song Rui said.

Xia ruofei tidied up the room after he hung up.

Xia ruofei had kept the most valuable glass – Type King’s Green square plate and the gold ingot in the realm. Yingying’s safe was much safer than any other safe in the world.

Now, Xia ruofei’s control of the space was far better than before. Without Xia ruofei’s clear instructions, the spirit map space would not indiscriminately swallow the Jade that was sent into the space. Hence, the king’s Green square card was very safe to put in the space.

Xia ruofei took out a stack of cash from the space and put it in his bag. Then, he was ready to leave.

At this moment, there was a knock on the door. Song Rui came over with the car keys.

Xia ruofei picked up his bag and walked out. After opening the door, he took the key from song Rui and said,””Thanks!”

“Ruofei, you had some drinks this afternoon. Can you drive?” Song Rui called out from behind,”do you want me to call a driver for you?”

Xia ruofei didn't even turn his head. He waved his hand that was holding the car keys and said, "It's okay, I'm fine with driving. Don't worry!"

They took the elevator to the underground parking lot. Xia ruofei found song Rui's Phaeton and quickly set the navigation to the Temple of Earth hospital. Then, he drove out of the parking lot.

It was not yet the rush hour in the capital. Although there were many cars on the road, the traffic was not too heavy. Xia ruofei drove nimbly through the traffic and arrived at Ditan hospital.

After he parked his car, he grabbed his bag with one hand and called Feng Jing with the other. He then rushed toward the outpatient building.

"Chairman!"

"Boss Feng, I'm here. Where are you guys?" Xia ruofei asked urgently.

"The image center on the fourth floor ..."

"I'll be there immediately!" Xia ruofei hung up the phone and quickened his pace.

They took the elevator to the fourth floor of the outpatient department. Feng Jing was waiting at the elevator entrance. When she saw Xia ruofei, she called out with an ashamed expression, "I'm sorry, Chairman! I didn't take good care of Lu You ..."

Xia ruofei waved his hand and said, "let's not talk about this for now. Where's Lu You?" How is she?"

"She kept saying that she's fine, but she injured her head. We were worried that there might be a problem, so we insisted on coming over for a checkup!" Feng Jing replied, "she's doing a CT scan right now!"

Xia ruofei and Feng Jing talked as they walked towards the CT room.

Xia ruofei asked, "what happened?" How did you get your head injured when you followed him to the set to knock on the door?"

Feng Rao was a little embarrassed. "It's all my fault for not taking good care of her. The weather forecast today said that it might rain in the afternoon. We have to finish all the scenes in the morning, so time was a little tight and the set was a little busy ..."

Feng Rao continued, "miss Lu was chatting with Duff the whole time. I was busy coordinating with the filming departments, so I didn't notice her. I don't know when she went to the other side. They were assembling the crane over there. In the end, one of the cranes suddenly fell off and hit miss Lu on the head ..."

Feng Rao revealed a look of lingering fear when she said this.

At that time, the crane that weighed more than 100 Jin had fallen from a height of more than two meters and landed on Lu You's head. She had been scared silly when she saw this scene.

Her first reaction was that she was done for. Something big had happened.

With that height and heavy arm smashing into his head, even if he didn't die, he would definitely be seriously injured.

Everyone was stunned by this scene.

When everyone ran over, Lu You stood up as if nothing had happened. Although she was also quite frightened, she did not seem to be injured at all.

However, at least five or six people saw the crane smacking Lu You's head. Hence, even though Lu You kept saying that she was fine, Feng Jing didn't dare to let her guard down. She immediately stopped filming and brought Lu You to the hospital for a checkup.

After all, modern medicine was so brilliant, but there were still many unknown areas in the brain. Feng Jing was also very worried that Lu You would be injured without her realizing it.

After Xia ruofei heard this, he felt a little relieved. From Feng Rao's description, it was likely that the amulet had taken effect. Otherwise, even if he had suffered internal injuries, he would not have been able to feel no pain and act as if nothing had happened.

Xia ruofei looked at Feng Rao and comforted her, "Boss Feng, don't worry too much. You know your own body well. I don't think there's a big problem!"

"It's all my fault ..." Feng Jing blamed herself. "Chairman, should we inform miss Lu's family?" Tian Shu ... Would director Tian ..."

Xia ruofei laughed and said, "it's not that serious. Let's take a look at the results first." If there's nothing else, don't disturb Auntie Tian!"

"Alright ..." Feng Jing said.

The two of them waited at the door for a while. The door to the CT room opened and Lu You walked out with a coat in her hand.

After seeing Xia ruofei, Lu You was also stunned.

"What are you doing here?" Lu You asked.

"Can I not come?" Xia ruofei said unhappily, "I heard that you've gone to the film set to be a superwoman!"

Lu You lowered her head. "I didn't know that an accident would happen. Do you think I wanted to?"

Feng Rao saw that the two of them were about to quarrel, so she quickly came over and said, "Chairman, it's my fault for not doing a good job of on-site safety management. It has nothing to do with miss Lu ..."

Xia ruofei glanced at Lu You and saw that she looked like a wronged little wife. His heart softened and he could not bear to blame her anymore.

"Come with me for a moment!" He said.

"Why?" Lu You raised her head and asked.

Xia ruofei didn't say anything and pulled Lu You's hand to the side. Lu You's face heated up, but she didn't shake Xia ruofei's hand off. She followed Xia ruofei to the side, half – pushing and half – backing.

Feng Rao's eyes turned sad when she saw this.

Xia ruofei pulled Lu You to the stairwell of the emergency exit.

Lu You saw that Xia ruofei had brought her to a corner with no one around, and her heart was beating wildly. She did not dare to look Xia ruofei in the eye. She lowered her head and asked, ""What do you want to do?"

Xia ruofei didn't say anything. He reached out his hand towards Lu You's chest.

Lu You was so embarrassed that her face turned red. She thought to herself, "is this guy's beast nature going out and he wants to molest me here?"

Lu You was clearly overthinking.

Xia ruofei's hand grabbed the necklace around her neck and pulled it out.

When Xia ruofei saw the Jade Leaf, the stone in his heart finally fell to the ground.

Since Lu You was wearing this Jade Leaf, the protective jade talisman must have taken effect. Otherwise, Lu You wouldn't be in this state.

Lu You saw that Xia ruofei was holding the beautiful jade Leaf and knew that she had misunderstood. However, she quickly saw Xia ruofei reach out and grab the Jade Leaf that was still warm from her body. Her pretty face instantly became hot and she was so embarrassed that she did not dare to look Xia ruofei in the eye.

Xia ruofei did not notice Lu You's bashful look. He focused on using his spiritual power to check the Jade Leaf.

As he had expected, some of the energy in the amulet had been consumed. It was obvious that the amulet had been activated when the crane hit Lu You's head in the morning.

However, even though it had consumed some energy, the Jade talisman could still be used.

According to Xia ruofei's estimation, this Jade Leaf could at least block a few bullets at close range. It was only a beam that weighed a little more than a hundred pounds, so it did not consume much energy.

Xia ruofei finally felt relieved.

Out of habit, he wanted to stuff this Jade Leaf into Lu You's collar. He only realized that it was inappropriate when he reached out halfway, so he quickly put his hand down.

Xia ruofei smiled awkwardly and said, ""You can put it in yourself!"

"Oh ..." Lu You's face was red as she quickly stuffed the Jade Leaf into her clothes.

"No matter where you are in the future, you have to be more careful. Today's situation is very dangerous!" Xia ruofei said.

"I know." Lu You felt sweet in her heart and said softly.

"Tell me about the situation when the crane came crashing down!" Xia ruofei said.

Lu You thought for a while and said, "I can't remember the exact details. I only remember hearing someone beside me shouting for me to Dodge. But I didn't have time to react. The crane came crashing down on me ..."

When Lu You said this, she felt a lingering fear in her heart. At the same time, she also revealed a confused expression and said, "Then, I seemed to have seen a beam of light. The arm hit my head and rolled on the ground, but I didn't feel any pain. I asked President Feng and the others, and they said that I didn't see any light. They even said that I was hallucinating because of the injury to my head ..."

When Lu You said this, she also asked worriedly, "Xia ruofei, do you think my head is really injured and I just didn't notice it?"

Xia ruofei laughed and said, "now you're afraid?" Don't worry! You'll definitely be fine this time, but if you're so careless next time, then I can't be sure ..."

"How can you be so sure? "The results are not out yet ..." Lu You suddenly stopped. She thought of Xia ruofei's action of checking the Jade Leaf just now and suddenly had an idea.

She pulled out the Jade Leaf that she had just stuffed into her clothes and asked, somewhat dumbfounded, "Could it be ... Could it be that it protected me?"

Xia ruofei smiled and nodded. "Looks like you're not that stupid after all ..."

Lu youjiao glared at Xia ruofei and asked in disbelief, "So ... When the crane came crashing down, the ray of light I saw was ... Was ... Was not my hallucination?"

?

Chapter 1136: MA Xiong's trip to the capital (1)

Xia ruofei couldn't help but laugh. "Of course not, I'll tell you the truth! If it wasn't for this Jade Leaf, the best outcome for you right now would be a Broken Head and a concussion. If it was more serious, you might have lost your little life!"

Lu You's heart trembled. If it wasn't for the magical process of the blood contract which gave her a mental buffer, she would never believe Xia ruofei's words. However, when she thought of the scene where the blood mysteriously melted, Lu You felt that the materialism that she had learned for many years seemed to be wavering ...

Xia ruofei saw Lu You's dumbfounded expression and smiled. "I didn't tell you the details this morning because I was afraid it would be too shocking and you wouldn't believe me. I didn't expect this jade talisman to work so quickly. You're really something ..."

Lu You laughed in embarrassment.

Her hands tightly clutched this Jade Leaf that seemed to be connected to her heart, and her heart was warm.

This Jade Leaf was actually so precious. It could be a life – saving treasure at a critical moment! Xia ruofei gave it to her directly.

He should be concerned about me ... Lu You secretly thought to herself.

Xia ruofei saw Lu You's dazed expression and couldn't help but laugh. "What are you thinking? Don't be in a daze, let's go! President Feng must be very anxious!"

"En!" Lu You's eyes turned. She looked deeply at Xia ruofei before she lowered her head and said softly, "thank you ..."

Xia ruofei was stunned for a moment and then said, "I'm not used to you being so polite to me ... Oh, right, don't tell anyone about this Jade Leaf! Don't even tell aunt Tian and professor Tian ..."

Lu You's heart was filled with sweetness. She felt that she had a secret to share with Xia ruofei. However, this little girl didn't know that Xia ruofei had given the Jade leaves to more than just her. Xia ruofei had to explain it to everyone. 1

In fact, Xia ruofei had wanted to say it in the morning, but he did not have the chance to.

Now that Lu You had experienced such a terrifying moment, the effect of reminding her would be much better.

"I understand," Lu You said seriously. "Don't worry!"

Xia ruofei and Lu You walked out of the staircase together.

Feng Rao also walked over in surprise and said from afar, "Chairman, miss Lu, the CT scan did not find any brain damage! I can finally rest assured!"

In fact, the CT scan report would not come out so soon, but the doctor in charge of the examination could see the CT image. However, there were many people doing CT scans, and they usually came out with the report at the same time.

Feng Jing was very sociable. She went to the doctor and said a lot of good things about Lu You. Finally, she found out about Lu You's examination. The CT scan did not find any abnormalities in his brain, nor did he see any external injuries or blood clots.

Feng Rao heaved a long sigh of relief and ran over to Xia ruofei to report the good news.

Xia ruofei smiled and said, "it's good that you're fine!" Lu You, don't be so rash in the future. You must pay attention to your safety. "

"I understand ..." Lu You said softly.

Feng Rao looked at Lu You in surprise and then at Xia ruofei. Just now, the two of them had almost quarreled in public. How did Lu You become so docile in such a short time? What kind of magic did Xia ruofei use to suppress her?

However, Feng Jing, who had been under a lot of pressure all this time, was finally able to relax. So, she didn't think too much about it and smiled. "Chairman, I was really scared to death this morning ..."

"President Feng, I'm so sorry!" Lu You took the initiative to say, "I've caused you trouble and delayed your filming ..."

"It's fine!" Feng Rao said generously. "We'll go there again in a few days when the weather is better. We can shoot other scenes in the next few days."

"Can you make it in time?" Xia ruofei asked.

"No problem, don't worry, Chairman!" Feng Rao said casually.

It was already fortunate that Lu You was fine. As for the filming progress, it was nothing more than overtime. Feng Jing didn't really care about it. There was definitely enough time now, unless all kinds of accidents happened at the same time.

Xia ruofei nodded and said, "Alright, CEO Feng. Go and explain to Duff and the team. Tell them that Lu You is fine and don't worry. I'll send Lu You back!"

"Chairman, the official report hasn't been retrieved yet!" Feng ke said.

Xia ruofei smiled and said, "There's no need. I've just checked Lu You. She's really fine. There's no need to take the report."

Only then did Feng Jing realize that Xia ruofei was a brilliant doctor. Hence, she had no more worries and left the hospital after bidding the two of them goodbye.

Xia ruofei brought Lu You to the hospital's parking lot to get their car.

He first brought Lu You back to the hotel and took down the Jade skin cream and the box of tea leaves that he had prepared in the morning. Then, he drove Lu You home.

After Tian Huilan came to Beijing to work, she wasn't in a hurry to buy a property in Beijing, so she had been living in a public house provided by the development and development Committee.

However, as the main leader of the development and Reform Commission, Tian Huilan's accommodation standards were also very high. Although the central government had been paying close attention to building up their style, they still enjoyed the normal treatment that a Ministry – Level leader should enjoy.

Therefore, Tian Huilan's residence was the largest apartment in the old family compound of the development and Reform Commission. Although the building looked a little old from the outside, the interior decoration was still pretty good.

?

Chapter 1137: MA Xiong's trip to the capital (2)

Xia ruofei drove to the family housing area. Lu You stuck her head out and greeted the security guard. The security guard immediately let Wanwan through. Although Lu You rarely came to the capital, her mother was the managing Deputy Director. Hence, the security guard had already remembered this beautiful director's daughter from the first day she came.

Under Lu You's guidance, Xia ruofei drove song Rui's Phaeton to a ten – story apartment building.

"I'm here. " Lu You looked at Xia ruofei and asked,"do you want to go up and sit?"

"No, I won 't." Xia ruofei smiled and said,"Auntie Tian is so busy. It's not good to disturb her."

"There's no one at my house," Lu You blurted out."My mother must be at the office at this time!"

After saying this, Lu You's face heated up. She realized that this sentence was a little too ambiguous and hurriedly said,""I ... I'll go up first ..."

Xia ruofei was also a little embarrassed and quickly said,""Okay, I'll contact you in advance if I return to Sanshan. Oh, right, send me your ID number later. I'll take care of the plane tickets. You don't have to worry about it!"

"En!" Lu You nodded quickly. Then, she pushed open the car door and got out of the car with the paper bag full of jade skin ointment. She ran into the apartment building as if she was escaping.

Xia ruofei looked at Lu You's graceful back and felt a little confused. After a long silence, he sighed, started the car, and left the National Development and Reform Commission's family residence.

.....

It was already Five O' clock in the afternoon when they returned to the hotel. Xia ruofei was not in a hurry to return the car to song Rui. Instead, he went straight to his room.

He took out his phone and pondered for a moment. At first, he was going to call Ma Zhiming, but after thinking about it, he decided to call MA Xiong directly.

The phone rang twice before it was picked up. MA Xiong's hearty laughter came from the other end,""Hello, Xia Sheng!"

"Good day, old Mr. MA!" Xia ruofei smiled and said,"I hope I'm not disturbing your work."

"Hahaha! I'm in a semi – Retired state now, so I've handed most of the company's matters to Zhiming to handle!" MA Xiong smiled."Is there anything I can help you with, Xia Sheng?"

"Mr. MA, I recently got a pretty good jade square plate." Xia ruofei said,"I don't have a hobby of collecting Jade. I want to sell it." Originally, my friend suggested that I go through the auction channel, but I thought that your company has been in the jewelry and Jade business for a long time, so I wanted to ask if you are interested in taking over. "

After hearing Xia ruofei's words, MA Xiong replied without hesitation,""Of course I'm interested. Anything that Xia Sheng sells must be of the highest quality!"

Xia ruofei didn't even tell him about the Jade square plate, but MA Xiong had expressed his desire to buy it. Xia ruofei couldn't help but feel touched by his unconditional and blind trust.

“Mr. MA, how about this ... I’ll take a few pictures of the Jade cards and send them to you. You can decide after you’ve seen them!”

“There’s no need to look, I trust you, Xia Sheng!” MA xiongkai laughed and said, “just name a price. I won’t haggle!”

“Let’s take a look at the item first!” Xia ruofei smiled bitterly. “You can decide for yourself how much it’s worth.”

“Alright then!” MA Xiong said, “Xia Sheng knows my email address. I’m in the study now. Just send me the photos after you’re done.”

“Alright!” Xia ruofei said happily.

After hanging up the phone, Xia ruofei took out his laptop, SLR camera, and the king’s Green jade square plate from the medium.

He first pressed the power button of the laptop, then took the Jade square card to the balcony with better light.

There was a bouquet of flowers on the coffee table on the balcony. Xia ruofei placed the Jade square on the coffee table, pointed the DSLR at it, and took a few photos from different angles.

Then, he held the Jade square plate in one hand and pointed it at the sunset in the distance, while he took a few photos with a single – lens reflex camera in the other hand to show the transparency of the Jade.

This action was a little awkward, but Xia ruofei still completed the shoot easily.

If Zhao Yongjun saw Xia ruofei doing such a dangerous move, his heart would beat wildly. There was no carpet on the balcony. If his hand slipped, the king’s Green square card worth more than 100 million would definitely break.

Xia ruofei’s spiritual power cultivation was extremely high. It would not be a problem for him to make the Jade square card float in front of him. Naturally, he would not slip and fall.

Soon, he had taken the photos and put the king’s Green square card into his storage space. Then, he took out the SD card of the DSLR camera and went back to his room to insert the card into the computer.

Xia ruofei exported the photos and sent them to MA Xiong by email without editing.

After sending the email, Xia ruofei packed up his camera and computer and put them back into the space. Then, he walked to the balcony, lit a cigarette, and blew smoke into the bustling capital.

Before he could finish his cigarette, MA Xiong called.

Xia ruofei had expected this to happen. No one in the entire city could resist the mesmerizing beauty of the king’s Green. Furthermore, MA Xiong had been in the jewelry industry for most of his life.

“Old Mr. MA.” Xia ruofei answered the call.

MA Xiong's voice was excited. "Xia Sheng, I've seen the photo. This ... This is a high – Quality glass King's Green square plate?"

?

Chapter 1138: MA Xiong's trip to the capital (3)

No matter how he looked at it, this King's Green square card was almost perfect.

Although the photos could not be completely verified, MA Xiong knew that Xia ruofei would not joke about this.

Therefore, even though he had not seen it with his own eyes, MA Xiong had already made his own judgment.

Xia ruofei smiled calmly and said, "I don't know much about Jade, but my friend said that this jade square plate should be a glass type of King's Green. It was made in the late Qing Dynasty and has a certain cultural value."

MA Xiong's breathing became a little short. As a giant in the jewelry industry, he had naturally handled a lot of King's Green. However, the king's Green of the glass type was extremely rare. Even a small pendant would cause a fierce competition every time it appeared in an auction. Almost every piece could be sold for a sky – High price.

Moreover, this jade square plate was so thick and heavy. It was of great color and quality, and it even had a certain cultural value, which made MA Xiong's heart beat faster.

"Mr. MA, I wonder if you are interested in this jade square plate?" Xia ruofei smiled and asked, "do you want to see the real thing?"

"I'm interested! I'm so interested!" MA Xiong said without hesitation, "I'll arrange a flight right away. We'll fly to Sanshan tonight!"

Xia ruofei quickly said, "there's no hurry. If you want to see the real thing, you can come over tomorrow morning. You're the only person I've contacted so far!"

"Xia Sheng, thank you so much!" MA Xiong said happily.

"Oh, by the way, Mr. MA, I'm not in San Shan right now. I'm in Beijing!" Xia ruofei quickly reminded him, "you can go directly to Jing Hilton in the capital tomorrow!" I'm staying in this hotel!"

"Alright, alright, alright!" MA Xiong said, "Xia Sheng, you have to keep this King's Green square tile for me!"

"Don't worry!" Xia ruofei said with a smile.

MA Xiong really liked the king's Green square plate, but he was still worried. If Xia ruofei had not promised not to sell it to anyone before he arrived in the capital, he would have rushed over tonight.

.....

The next day, the heavens were more lenient. After a light drizzle yesterday, the sun was shining brightly. Feng Jing brought Duff and the film crew to the set in the suburbs.

Zhao Yongjun had contacted his friends. He was going to visit in the morning, but Xia ruofei had a meeting with MA Xiong, so he pushed the meeting to the afternoon.

Zhao Yongjun heard that Xia ruofei had contacted the buyer of the square plate. He was worried that Xia ruofei would lose out because he didn't know the market, so he insisted on staying in the hotel to help Xia ruofei.

Song Rui, who liked to join in the fun, would not miss such an event. He also stayed in the hotel.

After having breakfast at the buffet restaurant, the two of them went into Xia ruofei's room.

Initially, Xia ruofei wanted to pick MA Xiong up from the airport, but the old man politely declined. The two of them then agreed to meet at the hotel.

MA Xiong took his private jet from Hong Kong early in the morning. According to the flight route information provided by MA Xiong, he would land in Beijing around nine o'clock.

At half – past nine, Xia ruofei saw that it was about time, so he brought Zhao Yongjun and Song Rui downstairs to the hotel lobby.

After all, MA Xiong was a world – Class tycoon. It was fine if he didn't pick them up at the airport, but it would be rude if he didn't even go downstairs and just waited in his room.

The three of them sat in the lobby for a while before they saw a black Mercedes – Benz sport luxury van drive into the hotel lobby.

"RUO Fei, is it the person you're meeting?" Song Rui poked Xia ruofei's shoulder and asked.

Xia ruofei looked up and saw the electric door of the car open slowly. He saw MA Xiong getting out of the car.

"It's them!" Xia ruofei stood up with a smile and walked towards MA Xiong.

?

Chapter 1139: Negative EQ (1)

Xia ruofei didn't tell Zhao Yongjun and Song Rui who the buyer was. When they saw MA Xiong get out of the car, they couldn't help but rub their eyes in surprise.

MA Xiong was a world – Class billionaire! Even if he wasn't a household name, at least Zhao Yongjun and Song Rui had heard of him.

"I'm not seeing things, right?" Zhao Yongjun mumbled, "this is Mr. MA Xiong from Hong Kong's Hengfeng group?"

"It shouldn't be wrong." Song Rui knew more about Xia ruofei. "Ruofei has a good relationship with Hengfeng group. I just didn't expect him to be able to hire old Mr. MA."

While they were talking, Xia ruofei had already taken a few steps. They quickly calmed themselves down and quickly followed.

"Old master Ma, you've had a long journey!" Xia ruofei greeted him with a warm smile.

"Hahaha! I'm not tired at all when I think about the king's Green square card!" MA Xiong laughed heartily and gave Xia ruofei a warm hug.

After MA Xiong got out of the car, more people got out of the car one after another.

Xia ruofei was a little surprised. Ma Zhiming had also followed them to the capital. Besides them, there was also a white – haired old man in a Chinese tunic suit and a few attendants in suits.

This lineup was too huge! Xia ruofei said to himself.

Ma Zhiming greeted Xia ruofei enthusiastically as soon as he got out of the car. He was now very grateful to Xia ruofei.

Previously, Ma Zhiming's unmentionable disease was something that even the Urology experts in Hong Kong could do nothing about. However, after taking the pill that Xia ruofei had given him, he began to get better rapidly. Although he was still in the process of treatment, his physical condition had improved a lot.

MA Xiong gave Xia ruofei a brief introduction. The White – haired old man in a Chinese tunic suit was the chief appraiser of Hengfeng group's jewelry and jade products. His name was Liang Chongshan. The other person was the General Manager of Hengfeng group's Capital Branch, Chen Zhilin. As for the other followers, MA Xiong did not introduce them.

Xia ruofei smiled and nodded at Chen Zhilin. Then, he said to Liang Chongshan, "Hello, old Liang!"

Liang Chongshan's expression was serious. He looked at Xia ruofei and said, "This is Mr. Xia? I've seen the photo you sent to Chairman MA, and with all due respect, I doubt the authenticity of the photo. I don't think there's such a perfect glass type of Emperor's Green jade card. Either the photo has been retouched, or the authenticity of the item has yet to be tested!"

Both MA Xiong and Ma Zhiming spoke Mandarin with a strong Hong Kong accent. On the other hand, master Liang's Mandarin was perfect, but his words were not pleasant to the ear.

MA Xiong and Ma Zhiming both looked embarrassed. In fact, Liang Chongshan had volunteered to go with them to the mainland this time because he didn't believe that there was such a high – Quality King's Green square plate as shown in the photos. In order to prevent the company from suffering losses, he strongly requested to come to the capital with MA Xiong.

Liang Chongshan was one of the company's founding members. He had fled from the mainland to port when he was young. It was said that his hometown was Beijing.

Not long after Liang Chongshan arrived in Hong Kong, he entered MA Xiong's company. At that time, Hengfeng jewelry was still an unremarkable small jewelry store. It could be said that he was a senior figure who followed MA Xiong to conquer the world, so MA Xiong respected him.

On the way here, MA Xiong had repeatedly told Liang Chongshan to be careful of the way he spoke when he met Xia ruofei. He did not expect Liang Chongshan, who had a low emotional intelligence, to express his opinion so straightforwardly.

MA Xiong felt extremely awkward.

Because that would show that he did not trust Xia ruofei. Not only did he bring the chief appraiser of the company, but the chief appraiser was also merciless.

MA Xiong cleared his throat and explained with an apologetic smile, "Xia Sheng, old Liang's just like that. He's a little more direct with his words. Please don't mind him!"

"Yes, yes, yes, Xia Sheng. We have absolute trust in you!" Ma Zhiming also explained in a hurry.

Xia ruofei smiled and said, "It's nothing. I'll let the truth speak for itself!"

Xia ruofei was not as flustered and exasperated as Liang Chongshan had expected. He felt as if he had punched cotton, and there was an indescribable discomfort.

At this time, Zhao Yongjun and song Rui also walked out of the hotel lobby.

Xia ruofei immediately ignored Liang Chongshan and formally introduced Zhao Yongjun and song Rui to MA Xiong.

MA Xiong would not put on any airs with Xia ruofei's friends. Besides, Xia ruofei had hinted at their background, so MA Xiong was even more enthusiastic.

Although he had been living in Hong Kong for a long time, MA Xiong knew that the children of the rich families in the mainland were very powerful. Most of the Hengfeng Group's business was in the mainland, and it was the same in the capital. It was good to have a good relationship with top rich people like Zhao Yongjun and song Rui.

Of course, as a world – Class billionaire, MA Xiong wouldn't bow down to anyone. However, he wasn't reserved and the smile on his face became more enthusiastic.

Even so, Zhao Yongjun and song Rui still felt flattered. After all, the man in front of them was a legendary rich man! Furthermore, their base was in Hong Kong, which was different from the businessmen and tycoons in mainland China. MA Xiong's courteous treatment made them very comfortable.

After some small talk, Xia ruofei led MA Xiong and the rest back to their hotel room in the elevator.

Chapter 1140: Negative EQ (2)

“Xia Sheng, I can’t wait to see that King’s Green square card!” MA Xiong said with a smile as soon as he entered the room.

Initially, Xia ruofei wanted to ask Ma Zhiming about his health condition. However, seeing how impatient MA Xiong was and how there were so many people around, it was not convenient for him to ask about private matters.

“No problem,” he said with a smile. “Please wait a moment!”

With that, Xia ruofei pushed the door open and entered the bedroom. There was a small safe on the wall facing the bedroom door. This was the standard equipment of a five – Star hotel.

Xia ruofei opened the safe and reached in with his back to everyone.

In reality, he had used his body to block everyone’s line of sight and took out the king’s Green square card from a small paper box in the spirit map space.

Even though he had only gone downstairs for a short while, Xia ruofei was still very cautious as he kept the Imperial Green square card in his storage space. After all, it was a treasure worth one to two hundred million.

When Xia ruofei walked out of the bedroom with the paper box, he caught a glimpse of Liang Chongshan’s disapproving look.

Xia ruofei smiled and placed the paper box on the coffee table in the living room. He smiled and said, ““Mr. MA, the king’s Green square card is in this box.”

This was the rule that Zhao Yongjun had explained to Xia ruofei at the last minute. Otherwise, Xia ruofei really didn’t know that he couldn’t just hand things over to the other party.

MA Xiong couldn’t wait any longer. He chuckled and said, “Alright, alright ...”

Just as MA Xiong extended his hand, Liang Chongshan beat him to it and said, ““Chairman MA, please wait a moment. Let me take a look first!”

If it was an ordinary person, who would dare to be so presumptuous in front of MA Xiong? However, Liang Chongshan was one of the founding members of Hengfeng group. He even had a small number of company shares given to him by MA Xiong. He had a good personal relationship with MA Xiong. He dared to do things that others dared not do.

MA Xiong’s smile froze, but he still nodded and said, “That’s good. Liang is an expert in Jade. You can take a look first!”

Liang Chongshan nodded and looked at Xia ruofei. He said indifferently, ““Mr. Xia, I will expose this scam!”

Xia ruofei frowned and said, ““Mr. Liang, I don’t think it’s a good idea for you to make such arbitrary conclusions without any evidence!”

Even a clay Buddha was a little angry. No matter how good Liang Zhongshan's relationship with MA Xiong was, it had nothing to do with Xia ruofei. Xia ruofei was quite polite to Liang Zhongshan at first, but when he saw his attitude, Xia ruofei naturally did not show him any good attitude.

Liang Chongshan laughed coldly and said, "Arbitrary? I've been in this line of work for decades, and I still have the most basic judgment. As the saying goes, going too far is as bad as not going too far. Your photos are too perfect ..."

Xia ruofei didn't know whether to laugh or cry. He didn't even make any changes to the photos. He just took them out from the SD card and sent them to MA Xiong.

However, Liang Chongshan was certain that he had made a lot of changes to the photos, because the king's Green cards in the photos were too perfect.

He didn't know what kind of logic this was.

Liang Chongshan was MA Xiong's subordinate after all, and Xia ruofei did not want to completely fall out with him. Hence, he shrugged and said, "Then feel free to take a look!"

Xia ruofei stepped aside.

Xia ruofei did not argue with Liang Chongshan, but Zhao Yongjun could not stand it anymore.

Zhao Yongjun respected MA Xiong, but that didn't mean he would be polite to Liang Chongshan. Young master Zhao was also a well-known rich man in the circle. How could he take it when Liang Chongshan, this old man, kept doubting his brother Xia ruofei?

Seeing that Xia ruofei didn't say anything, Zhao Yongjun sneered, "Since you don't trust RUO Fei, why did you come all the way from Hong Kong to Beijing?"

Liang Chongshan snorted and said arrogantly, "You think I wanted to come? Our Chairman insisted on coming. I'm just worried that he'll be deceived!"

Didn't this clearly mean that MA Xiong had a low IQ and was easily deceived? No one else had such emotional intelligence.

If it was any other company leader, they would definitely have a grudge against Liang Chongshan. However, MA Xiong only shook his head with a bitter smile.

MA Xiong quickly explained, "Xia Sheng, Mr. Zhao, please don't mind him. Old Liang is like that. He's a straightforward person. I actually trust RUO Fei completely. Otherwise, I wouldn't have rushed here from Hong Kong immediately!"

Zhao Yongjun secretly pouted, then said indifferently, "Mr. MA, to be honest, I have a lot of friends in the antique circle in the capital. I'm also familiar with a few big auction houses. I've always suggested that we fly away to the auction channels. Not only can we earn more, but we can also avoid being suspected for no reason."

Then, Zhao Yongjun glanced at Liang Chongshan unhappily.

"Young master Zhao, please understand ..." MA Xiong said with a bitter smile.

Liang Chongshan, however, pouted and said, ""As long as the appraisers of the auction houses have the most basic professional judgment, they would not accept such a ridiculous item!"

MA Xiong finally couldn't take it anymore. He frowned and said, "Old Liang! If you keep talking like this, you'll go back to Hong Kong immediately! We don't need you here anymore ..."

Liang Chongshan immediately shut his mouth. Although he had a bad temper, he was very loyal to MA Xiong and the Hengfeng group. He was afraid that MA Xiong would send him back to Hong Kong in a fit of anger.
