

## God tier Farm 1341

### Chapter 1341: The wild hothead (1)

It was not Zhao Yongjun who had called, but Liu Zhe.

Liu Zhe could be considered a second – generation child and was quite popular in Sanshan city. His father was the leader of the provincial state – owned assets Control Commission. Last time, when the Paradise Corporation bought half of the property rights of the Heng Li building, they encountered trouble from a small section Chief in charge of the matter from the state – owned assets Control Commission. It was Liu Zhe who came forward to help settle it.

In addition, Xia ruofei liked Liu Zhe’s personality, so he kept in touch with him. They would even get together for drinks occasionally. They had a good personal relationship.

On the other end of the phone, Liu Zhe seemed to be hesitating. He asked, “Brother Xia, are you free today? I have something to discuss with you ...”

Xia ruofei was stunned for a moment, then said, “Today...I’m afraid I don’t have much time. A few friends came to the three mountains, and I need to receive them ...”

Then, Xia ruofei smiled and asked, “Liu Zhe, what’s up?” Isn’t it convenient to talk over the phone?”

“Oh ... Then, brother Xia, please wait a moment!” Liu Zhe said.

.....

There was a Qing He teahouse not far from Ling Ji private kitchen, and Liu Zhe was in a private room at the teahouse.

Other than him, there were three other young men around his age.

One of them was slightly older, but he was only in his early thirties. The other man and woman were around twenty – five or twenty – six years old. The man was wearing a black motorcycle jacket, his hair was dyed yellow, and he had silver earrings. The woman also had yellow hair, and her makeup was very thick, especially her big red lips, which gave people the feeling of a bloody mouth. She clearly looked delicate and pretty, but with this makeup, it was obvious that she looked out of place.

After Liu Zhe heard Xia ruofei’s words, he covered the microphone and said to the only man in his early thirties who was dressed normally among the three of them, “Chief Tian, brother Xia said he has a business meeting today, so I’m afraid he won’t have time ...”

Liu Zhe was a little annoyed, but he had no choice but to pretend to be a snake with these three people.

All three of them came from Beijing.

The man in his early thirties, who was called “director Tian” by Liu Zhe, was called Tian Xiaojun. He was a Deputy Director of the Huaxia SASAC.

Although the capital's officials had a natural authority when they came to their local areas, Tian Xiaojun was only a Deputy Division Leader. There was still a large gap between him and Liu Zhe's father.

Besides, a Deputy Director in his early thirties might be a very prominent political star in the local area, but in the Ministry, it was actually not that big of a deal. There were many people faster than this, especially in the regiment system, where there were too many Department – Level cadres in their thirties to count.

However, Tian Xiaojun was different. Not only was he a Deputy department level cadre of the state – owned assets Supervision and Administration Commission of the southeast province, but his father was also a Secretary of the Ministry of Housing and Construction, and he was promoted from the southeast province. He was once the superior of Liu Zhe's father.

Therefore, when Tian Xiaojun came to the three mountains and found Liu Zhe, he had no choice but to help.

As for the remaining man and woman, they were not from the system.

The man was from the same family as Xia ruofei. His name was Xia Ling, and he was only twenty – four years old. The girl with heavy makeup was called Zhong Zixin.

The two of them were in a similar situation as Tian Xiaojun. Their fathers were both Department – Level cadres.

Although they didn't explain it to Liu Zhe in detail, Liu Zhe had already guessed that the three of them should be heading to paradise Corporation.

That was why Tian Xiaojun came to find out about Tao Yuan company's situation, especially Xia ruofei 's. When Liu Zhe accidentally let it slip and they found out that he had a good relationship with Xia ruofei, Tian Xiaojun immediately asked Liu Zhe to ask Xia ruofei out.

Liu Zhe was quite well – informed in San Shan. Xia ruofei's paradise Corporation had emerged as a new force. The emergence of the jade skin cream had made paradise corporation's name known throughout the country. In the eyes of many, this was undoubtedly a piece of fat meat.

In the San Shan area, there were not many people who dared to set their eyes on the peach blossom company because those who had the ability knew that Xia ruofei was under Song Wei's protection. As for those who were not qualified to know about this matter, they basically could not cause much trouble.

However, the local tyrant did not dare to act rashly, while the Dragon crossing the river rushed in fearlessly.

When Tian Xiaojun heard that Xia ruofei had rejected the meeting, he could not help but frown and said, "Ask him where he is! Let's go and join in the fun! It's only interesting to drink with many people ..."

"This ..." Liu Zhe was in a difficult position.

"What's wrong?" Tian Xiaojun frowned and asked. Is there a problem?"

"I'll ask ..." Liu Zhe said helplessly.

He did not want to offend Tian Xiaojun. At the same time, Xia ruofei was still waiting on the other end of the phone, so he could not delay too long.

After Liu Zhe took his hand off the microphone, he pretended to be relaxed and smiled. He asked, ""Brother Xia, where are you going to socialize tonight? I'm here to give a toast too!"

Xia ruofei was a little surprised. His rejection was obvious. Liu Zhe did not seem like such an insensible person!

He thought for a moment and felt that Liu Zhe might have something that he could not tell him. After a moment of hesitation, he said, ""I'm inviting some important guests to Ling Ji private kitchen tonight. If you're not in a hurry, can we talk about it in two days?"

It would be rude to reject him directly, so Xia ruofei told Liu Zhe where he was treating him to tonight. At the same time, he told him that the guests were more important. This was actually a polite rejection.

?

Chapter 1342: The wild hothead (2)

"I understand," Liu Zhe said with a smile. "Thanks, brother Xia!"

After hanging up, Xia ruofei saw that Zhao Yongjun had already sent an 'OK' emoji back.

Ling Qingxue stood at the door and asked, ""Ruofei, do you have something on tonight?"

Xia ruofei smiled and said, "it's nothing. A friend is looking for me. I'll tell him to talk to me in two days ... Go to the kitchen and tell him." Big brother Zhao and the others are already on their way. "

"Alright, I'll head over first." Ling Qingxue smiled sweetly at Xia ruofei, then turned around and walked out of the private room.

.....

In the Qing He teahouse, Tian Xiaojun saw that Liu Zhe had hung up the phone and immediately asked, "Did he say the place?"

"Chief Tian, brother Xia said that he's hosting an important guest today. I'm afraid ..." Liu Zhe said after some hesitation.

"Just tell me the location!" Tian Xiaojun said impatiently, "how many important guests can there be in a small place like the three mountains?"

Zhong Zixin was also touching up her makeup with a small mirror as she sneered and said, ""He's just a small boss of a small company. I'm afraid that even a Section Chief is an important guest to him!"

Xia Ling also laughed without restraint.

Liu Zhe was a little annoyed. Putting aside the two idiots Zhong Zixin and Xia Ling, what did Tian Xiaojun have to look down on the three mountains? You left after finishing high school in Sanshan. If you didn't have a good father, how could you be the Deputy Division Chief of the Ministry at such a young age?

Besides, if you look down on a small place like the three mountains, then why did you guys come here like cats that smelled blood after the jade skin ointment became popular? Pretentious!

Liu Zhe naturally did not dare to show his complaints. He could only helplessly say, "Brother Xia said he'll have Ling Ji's private kitchen tonight ..."

"Bring us there!" Tian Xiaojun immediately stood up and grabbed the handbag on the table.

Tian Xiaojun was very decisive, and Liu Zhe had already given up trying to persuade him.

He had already told Tian Xiaojun that Xia ruofei had a good relationship with Song Wei, but Tian Xiaojun did not take it to heart.

If Xia ruofei was close to Song Qiming, Tian Xiaojun might still have some reservations. However, Song Wei was Song Qiming's daughter. She could definitely use her influence to her advantage. However, it was not certain if it was Xia ruofei.

At the very least, Tian Xiaojun, who thought of himself as a superior official of the capital, did not care about these things.

Hence, Liu Zhe could only let him be. He was thinking about whether he could secretly inform Xia ruofei of the situation so that he could be prepared. He could also explain his difficulties so that Xia ruofei would not hate him.

Hence, Liu Zhe, who was sitting in the front passenger seat, had been fiddling with his phone ever since he got into the car.

Tian Xiaojun only looked on coldly from the side and did not interfere.

He knew that Liu Zhe would inform Xia ruofei, but he did not care. In his opinion, it would be better for Xia ruofei to know their identities in advance for the "negotiation".

When it came to things like status, it didn't seem as intimidating as when others said it.

Not only did Tian Xiaojun not interfere with Liu Zhe's business, but he also directly talked about the Paradise company in the car.

He sat alone in the most comfortable seat in the middle of the car, while Zhong Zixin and Xia Ling sat in the back seats obediently.

Tian Xiaojun said, "after we meet later, Xiao Ling will be the leader. After all, I'm part of the organization, so it's not convenient for me to make an appearance."

Xia Ling laughed and said, "understood!" Young master Tian, this kind of rich man probably hasn't seen much of the world. Don't be scared silly later ... Haha!"

Zhong Zixin also said in a sweet voice, "didn't young master Tian say it?" In terms of momentum, we have to gain the upper hand. Although this rich man doesn't have much power, the things he has made are still not bad. If we didn't come, he wouldn't have been able to hold on for long ..."

"Zixin's right!" Tian Xiaojun nodded. As long as everything goes well this time, we'll distribute some of our shares after we return to the capital, and then we'll sit at home and make a lot of money!"

"Why do you want to give it away?" Xia Ling asked.

Tian Xiaojun turned around and gave him a knock on the head, saying, "Nonsense, do you think the few of us can keep the shares? Don't you know how deep the water is in the capital? We're lucky this time. The few people in the upper – Class circle didn't notice this small company. When the time comes, we'll take the initiative to get close to it and get a share of the profits. Not only can we keep our way to wealth, but we might even be able to get into that circle ..."

At this point, Tian Xiaojun couldn't help but reveal a look of fascination. Xia Tian and Zhong Zixin were also the same, their faces full of anticipation.

In the eyes of these mediocre second – generation children, the circle of the top rich and powerful was like a Holy Land that they yearned for.

Tian Xiaojun and the others did not know that the "rich man" they were about to "negotiate" with was someone who could call the big shots in the top rich and powerful circle his brothers.

One could not blame Tian Xiaojun and the others for not having access to information.

The social circle in Beijing was like this. If you were in this circle, you would naturally know some news. However, people like Tian Xiaojun, who were not qualified to be in this circle, had no way of grasping this information at all. Even if it was just a topic of conversation between Song Rui and the others after a meal, it was very high – end news that was worth bragging about to Tian Xiaojun and the others.

Qing He teahouse was not far from the Ling Ji private kitchen, so Tian Xiaojun and the others arrived in a short while.

"This place is not bad!" Tian Xiaojun entered the room and looked around.

Zhong Zixin also said with a smile, "I didn't expect this rich man to know how to pick a place!" It seems like the three mountains aren't as backward as we thought!"

Liu Zhe couldn't help but curse silently, 'behind your sister!' The three mountains was the frontier of reform and opening up, okay?

"Welcome!" The hostess bowed slightly and asked, "do you have a reservation?"

Tian Xiaojun turned his body slightly and looked at Liu Zhe.

Liu Zhe could only smile bitterly. He stepped forward and said, ""We're here to look for Xia ruofei, President Xia. I called him and found out that he's having a banquet here tonight. By the way, I'm Liu Zhe. "

"Okay, please wait a moment," the receptionist immediately replied.

Then, she went to the front desk to pick up the walkie – talkie and reported the situation to the waiter in the private room so that he could ask Xia ruofei for instructions.

Zhong Zixin couldn't help but Mutter, the rules are quite big!

Tian Xiaojun looked at Zhong Zixin sternly and said, "Don't say such strange things! Remember, we're here to talk about business today. Although we need to be imposing, it'll be even better if we can make money in harmony!"

"I know, young master Tian!" Zhong Zixin said, unconcerned.

The receptionist finished her conversation very quickly and walked over. "I've already confirmed with director Xia. Please follow me!"

Xia ruofei received Liu Zhe's message on WeChat. He did not know whether to laugh or cry.

However, in order to not put Liu Zhe in a difficult position, he decided to meet the three hotheaded men who had flown over from the capital city in a hurry to eat the "meat of the Chinese monk."

He understood the way these guys did things. Once they saw benefits, they would gather around like sharks that smelled blood. Even if they avoided him today, they would still cling onto him like sticky candy.

It was better to deal with them all at once. Otherwise, these people might not be able to accomplish anything, but they would definitely do something bad.

Xia ruofei smiled at Ling Qingxue, who was making tea, and said, "My friend will bring a few people over for a discussion. You don't have to say anything, I'll handle it ..."

"An evil guest?" Ling Qingxue was stunned.

Xia ruofei chuckled and said, "not really!" They're just a few hotheaded youths, let them stumble a few times and they'll know the immensity of the heavens and earth. "

"Alright, I'll just watch the show then ..." Ling Qingxue pursed her lips and smiled.

The two of them chatted for a while. Xia ruofei heard footsteps coming from the courtyard outside. Soon, someone knocked on the door of the private room.

Just as he was about to call out for them to come in, the door of the private room was pushed open. Tian Xiaojun walked in first, with Zhong Zixin and Xia Ling on either side, like loyal lackeys.

On the other hand, Liu Zhe was half a step behind. He threw an apologetic look at Xia ruofei the moment he entered the room.

?

Chapter 1343: gaining nothing (1)

Xia ruofei furrowed his brows and looked at the confident Tian Xiaojun. He did not say anything and continued to brew tea.

Tian Xiaojun's face flashed with anger as he laughed, "This must be President Xia! We're Liu Zhe's friends, and we've come uninvited today. We're sorry to disturb!"

Xia ruofei poured the tea from the sea of tea into a cup and took a sip unhurriedly. Then, he said indifferently, "Since you know you're disturbing me, why did you come over?"

Tian Xiaojun's face immediately darkened.

Xia Ling couldn't help but snort and say, "Young master Tian gave you face and was only polite to you. Who Do You Think You Are?"

Although Zhong Zixin didn't say anything, she also sneered.

Tian Xiaojun said with a fake smile, "President Xia, please don't take offense. My brother is straightforward and can't hide things in his heart."

Xia ruofei put down his teacup and glanced at Tian Xiaojun and the other two. He asked, "What do you want from me? My time is limited."

Tian Xiaojun pretended to be forthright and laughed, "President Xia, this is not how you treat your guests! Since we're already here, we can at least sit down and ask for a cup of tea, right?"

Xia ruofei immediately said, "forget about tea. I'm used to being straightforward. I only drink tea when I'm chatting with my friends. If you have anything to say, just get straight to the point!"

Tian Xiaojun's eyes flashed with a trace of coldness. However, when he thought about the sales of the jade skin ointment online, he suppressed his emotions and even waved his hand to stop Xia Ling, who was about to flip out.

"I can see that President Xia is a straightforward person, so let's not beat around the bush," Tian Xiaojun said with a smile. Let me introduce myself first! My name is Tian Xiaojun, and I work for ..."

Xia ruofei waved his hand. "I'm clear about your background. Let's get straight to the point."

Tian Xiaojun stared at Xia ruofei with burning eyes and said, "President Xia, are you sure about our background?"

Xia ruofei's mouth twitched and he said, "If you're talking about the leaders of your fathers, then I'm sure."

Tian Xiaojun's eyelids twitched. It seemed like Xia ruofei had gotten the details from Liu Zhe.

However, since he knew the background of the three of them, Xia ruofei could still remain so calm. Moreover, his attitude was neither warm nor cold. This made Tian Xiaojun feel a little uneasy.

However, on second thought, he realized that paradise Corporation was just a small company in the outskirts of Sanshan city. They were only lucky to have developed a popular product like the jade skin cream, which caused their net worth to double. Even if Xia ruofei had some background, it couldn't be in the capital.

Didn't Liu Zhe say that Xia ruofei was close to Song Qiming's daughter, Song Wei? Perhaps this was what Xia ruofei was relying on? Tian Xiaojun quickly analyzed the situation in his mind.

If that was the case, then this local boss was too naive! Tian Xiaojun sneered to himself.

If it was Song Wei's own company, Tian Xiaojun would have to weigh the pros and cons. After all, Song Qiming was a powerful Deputy Director. However, what was Xia ruofei? Did he really think that he could do whatever he wanted in the three mountains just because he had a relationship with Song Wei?

Just a little of their connections would be enough to cause trouble for the Paradise Corporation!

Thinking of this, Tian Xiaojun became more confident.

Of course, this was also because of money. With a monthly revenue of 200 to 300 million, and it was the extremely profitable cosmetics industry, such a huge profit was in front of him, and it had already made Tian Xiaojun's judgment irrational.

A confident smile appeared on his face again as he said, "Since you're already clear about it, I won't waste any more time. Today, I'm mainly acting as a middleman. My younger brother wants to discuss business with President Xia. Speaking of which, he's from President Xia's main family!"

Seeing that Tian Xiaojun was talking about her, Xia Ling also cooperated and laughed, revealing her yellow teeth. However, her smile was not friendly, and coupled with the faint threat, it looked a little sinister.

Xia ruofei calmly leaned back in his chair and crossed his arms. He asked with interest, "Business with me? What business do we have to talk about?"

Tian Xiaojun smiled and gestured to Xia Ling.

Xia Ling immediately stepped forward and stared into Xia ruofei's eyes. She said loudly, "President Xia, I'm running an investment company and I feel that your Paradise Corporation has a good future. That's why I'm here to give you some money!"

Xia ruofei almost laughed out loud. The corner of his mouth twitched as he asked, "Give me money? How do you want me to send you off?"

"Our lucky capital is preparing to invest in the Peach Blossom company." Xia Ling said confidently, "I think a start-up company like yours needs development funds the most, so I'm here to give you money."

Xia ruofei laughed and said, "Thank you for your kind intentions, CEO Xia. However, our Paradise Corporation has sufficient cash flow. We don't have any plans to finance our company for the time being."

Xia Ling's face suddenly darkened, and she said gloomily, "President Xia, you mean ... You're not giving me face?"

Xia ruofei's eyes widened, and he asked in confusion, "What do you mean? Wasn't doing business all about mutual consent? We don't need any financing for the time being, and I've also expressed my gratitude for your 'good intentions'. How can you say that I'm not giving you face?"

?

## Chapter 1344: Gaining nothing from the White Wolf (2)

Xia Ling snorted coldly and was about to flare up on the spot.

At this moment, Tian Xiaojun patted Xia Ling's shoulder lightly and put on a fake smile as he looked at Xia ruofei. "President Xia, don't be so cold to me! Business people all paid attention to amiability to make money. Besides ... We're not here to get something for nothing, we're here to invest in it!"

Xia ruofei chuckled and asked, "Of course, we have to make money in peace when doing business. That's why I've always opposed forcing people to buy and sell!"

Seeing that Tian Xiaojun had shamelessly said that they did not gain anything for nothing, Xia ruofei was almost speechless at their shamelessness.

Tian Xiaojun's patience was almost wearing thin. His expression gradually turned cold as he turned to Liu Zhe and said, "Liu Zhe, it seems like your friend isn't very good!"

Liu Zhe was complaining in his heart. After he entered the room, he wished that he was invisible and that his presence was as low as possible. After all, he did not want to offend either of them. He was just like Zhu Bajie looking into the mirror and looking at himself in disdain!

He wanted to protect himself, but Tian Xiaojun didn't give him the chance and directly called his name.

Liu Zhe had no choice but to step forward and say, "Tian Chu, brother Xia didn't say that he wasn't willing to cooperate. You guys should have a good chat! It's normal to have differences in opinions, besides ... Even if ..."

Liu Zhe's voice became softer and softer as he spoke. He did not dare to say things like "even if the deal doesn't work out, there will still be benevolence". Otherwise, he could not guarantee that Tian Xiaojun would not fall out with him on the spot.

Tian Xiaojun coldly snorted and asked, "President Xia, the few of us came all the way from Beijing. Are you really not going to leave us any room for negotiation? The most important thing in doing business is to be down – to – Earth. Don't overestimate yourself and don't underestimate others ..."

The threat in his words was obvious. Xia ruofei smiled and said, "Then tell me! How do you want to invest?"

Since he had nothing to do anyway, he would just take it as a way to tease the boring people by listening to what kind of plans these hotheaded young men could come up with.

Tian Xiaojun was secretly happy when he heard this. He thought that his threat had worked. After all, it was the nature of businessmen to seek advantages and avoid disadvantages. They were usually more afraid of young masters with deep backgrounds like him.

As for Xia ruofei's nonchalant tone, Tian Xiaojun only thought that the young man was concerned about his reputation and did not want to admit defeat.

Hence, he gave Xia Ling a look.

Xia Ling immediately understood and said, "President Xia, before we came, we did some evaluation of the situation of paradise Corporation. You have a farm and a pharmaceutical factory. The hardware facilities are still passable. We are prepared to invest one million HxB, accounting for 51% of the shares."

Xia ruofei couldn't help but widen his eyes.

He could guess that these second – generation heirs had a large appetite, but he still didn't expect them to eat in such an ugly manner.

After the jade skin cream became popular, the investment community had also evaluated the value of paradise Corporation. The results varied, but basically, they were all going for more than 1 billion. After all, the jade skin cream's super money – making ability was there for all to see.

These few wild hotheaded young men really took their director – Level father as a dish. They only gave him a valuation of about two million, and they wanted to eat up 51% of the shares at once.

He wanted absolute control of the company.

As for what happened after that, it was basically obvious.

He wanted to kick Xia ruofei out of the company.

They weren't the first to do this, and they certainly wouldn't be the last.

As long as they had the controlling shares, it would be too easy to kick Xia ruofei out. The most direct way was to pass a series of development plans on the Board of Directors with a number of votes and then propose a capital increase.

With their connections, it was easy for them to borrow a large sum of money in the short term.

If Xia ruofei was really a local boss with no background, he would definitely not be able to fork out the money for such a huge capital increase plan.

There could only be one result, and that was that Xia ruofei's shares were being diluted.

In the end, the peach blossom company, the hen that laid the golden egg, would be devoured alive by this group of people.

If Tian Xiaojun and the others were only here to freeload, Xia ruofei would still have the mentality of teasing them. However, when Xia Ling mentioned this extremely outrageous so – called financing plan, Xia ruofei's face turned cold.

"Are you joking with me?" he asked, his eyes narrowed.

Xia Ling said casually, "how could I be joking!" Investment is a very serious matter, we have hired a professional company to evaluate it, the investment of peach blossom company may be slightly more

than two million, but the machinery Equipment and your vegetable greenhouse have been depreciating, so we are offering one million for 51% of the shares, which is a very fair price. ”

Xia ruofei pouted and asked, ”do you know how much Shanshan capital values us?” 1.3 billion! The two million you said is not even a fraction of the amount they gave! I’m not even interested in financing this!”

Xia Ling said disdainfully, ”those capital institutions are just hyping up the concept. This kind of valuation is almost as high as outer space. You actually believe it?”

Xia ruofei was so angry that he almost laughed. He didn’t believe in the valuation of a professional investment bank but believed in a few Rascals who wanted to swallow a rising star company with their empty words?

Ling Qingxue had been sitting quietly beside Xia ruofei. She didn’t want to say anything at first, but after hearing Xia Ling and the others ‘shameless remarks, she couldn’t hold it in.

She stood up and said, ”the Paradise Corporation has just acquired the balance power building in the center of Sanshan city with cash. The assets of this building alone are worth hundreds of millions. You’re a little too whimsical to offer one million to take 51% of the shares!”

Tian Xiaojun had noticed Ling Qingxue a long time ago. After all, she was a beautiful woman with a pair of long legs. It was hard for any man to ignore her existence.

Perhaps he wanted to show off in front of the beautiful woman, but at the same time, he didn’t want to continue discussing the issue of assets. It was obvious that they were getting something for nothing, and that excuse wouldn’t stand up to scrutiny at all.

Therefore, Tian Xiaojun cleared his throat and said, ”President Xia, this beautiful lady, I think your understanding of assets might be a little off.”

”Oh? Then, can Deputy Director Tian give me some advice?” Xia ruofei said sarcastically.

Tian Xiaojun smiled. ”You’re still young. It’s understandable that you don’t know much about the business world. I’m willing to share my opinion with you.”

Tian Xiaojun’s greedy eyes fell on Ling Qingxue’s face as he continued, ”Xia Ling took out one million in cash and wanted to take 51% of the shares. It might seem unreasonable, but please don’t ignore the intangible assets. I think that this is the important bargaining chip for us to become a shareholder! ”Cooperating with us means that the Paradise Corporation will have resources that you can’t imagine. Its expansion will be ten times, or even a hundred times larger than it is now. In the process of expansion, we will be responsible for solving all problems, big and small. Aren’t these worth 51% of the shares?”

Tian Xiaojun paused, then glanced at Xia ruofei and said, ”President Xia, working with us means that paradise Corporation will be on a smooth path from now on. On the other hand, I think a smart person like President Xia should be aware of the consequences.”

Xia ruofei finally couldn’t help but laugh. He looked at Tian Xiaojun and asked, ”Is Deputy Director Tian threatening me?”

Tian Xiaojun confidently pointed at Xia Ling and Zhong Zixin and said, "Xiao Ling's father is the leader of the price administration. I think uncle Xia has a say in whether your company's jade skin cream is suspected of false pricing or malicious speculation. The elders in Zixin's family are the leaders of the important departments in the Ministry of Industry and Information Technology. They only need to say a word, and no one in your most important e-commerce channels will dare to sell your products. In addition, we have many friends in other ministries. It can be said that any unit can decide the life and death of the Paradise company with a word!"

Tian Xiaojun deliberately said this unhurriedly, thinking that he had scored full marks in his acting. He could not help but glance at Ling Qingxue proudly, then said to Xia ruofei, "That's why I'm only stating the facts. As for whether it's a threat or not, it's up to you to decide ..."

?

Chapter 1345: This is the three mountains (1)

Xia ruofei squinted his eyes and looked at Tian Xiaojun.

A faint smile hung on Tian Xiaojun's face. He did not avoid Xia ruofei's gaze at all, as if he had Xia ruofei in the palm of his hand.

From Tian Xiaojun's point of view, after his "explanation," the village boss in front of him should be able to understand the situation very well, and the following conversation would enter the rhythm that he had set.

Tian Xiaojun even thought that he might have a chance to flirt with the long-legged beauty next to Xia ruofei. He felt that if he showed his strength, the other party would at least doubt Xia ruofei's ability, if not throw herself into his arms. Then, he would have a chance to win her over with a little trick.

Especially when they showed their fangs and kicked Xia ruofei out of Paradise Corporation, he didn't believe that this beauty would still follow Xia ruofei who had nothing.

As Tian Xiaojun thought about it, he glanced at Ling Qingxue, and his mind was filled with thoughts.

At this moment, Xia ruofei said, "I understand the 'truth' you're talking about. My answer is: No way!"

Tian Xiaojun was a little absent-minded, but he replied, "That's the way! He who understands the times will act ..."

At this point, he realized that Xia ruofei's answer was not what he wanted. His face darkened and he stared coldly into Xia ruofei's eyes. "What did you just say?"

Xia ruofei shrugged his shoulders and said to Ling Qingxue, "Look at him, not only is there something wrong with his brain, but there's also something wrong with his ears ... What's even rarer is that he's physically disabled but still so determined. Even in this state, he still doesn't forget to take money from home ..."

Ling Qingxue was originally filled with anger, but after hearing Xia ruofei's words, she couldn't help but burst out laughing.

This alluring smile seemed to raise the temperature of the cold winter by a little, and it was also like a flower blooming on her face.

However, Tian Xiaojun was no longer in the mood to admire the beauty. He could feel his anger rising rapidly. When he saw Xia ruofei's lips curl up into a sneer, he was even more furious.

Tian Xiaojun stared into Xia ruofei's eyes, gritted his teeth, and said, "You're playing with me?"

Xia ruofei spread his hands and said, "you're the ones who sent yourself to me!" I'm free anyway!"

When Ling Qingxue heard this, she couldn't help but laugh again.

The hot – tempered Xia Ling stood up and pointed at Xia ruofei's nose. "Grandson! Are you tired of living? You dare to make fun of us!"

Xia Ling's murderous look made Ling Qingxue's expression change slightly. Xia ruofei calmly grabbed Ling Qingxue's hand and gently patted the back of her hand. Then, he said calmly, "I hate it when people point at my nose. I'll let you off this time since it's your first offense. If you point at me again ..."

Xia Ling was so angry that she laughed out loud. He took two steps forward and stood in front of Xia ruofei. Then, he reached out and pointed at Xia ruofei's nose. This time, his nose was almost touching Xia ruofei's, but Xia ruofei did not even blink and just looked at Xia Ling quietly.

"Grandson!" Xia Ling said arrogantly. So what if he pointed again? He's just a village boss, why is he acting like a big – tailed Wolf?"

Xia ruofei knocked on the armrest of the chair with one hand and held Ling Qingxue's hand with the other. He said indifferently, "I can't do anything, just ..."

As Xia ruofei spoke, Xia Ling was still looking at Xia ruofei with a disdainful expression.

But suddenly, he felt his vision blur. Xia ruofei was sitting there without moving, but he was shocked to find that his finger had been grabbed by Xia ruofei. Then, he felt a sharp pain and couldn't help but scream.

The whole process was very troublesome to describe, but it actually happened in an instant.

Xia ruofei quickly retracted his hand and gently grabbed Ling Qingxue's soft hand. Even his posture was exactly the same as before.

This scene was even stranger in the eyes of Tian Xiaojun and Zhong Zixin.

They could clearly see Xia ruofei stand up, grab Xia Ling's finger, pinch it gently, and then sit back down.

The process seemed slow in their eyes, but in reality, it was as fast as lightning. In the blink of an eye, Xia ruofei had completed all the movements.

One was fast and the other was slow, forming a strong contrast.

Tian Xiaojun and the others could only watch helplessly, but they did not have the time to help. By the time they came to their senses, Xia Ling was already holding her finger and screaming in pain.

Xia ruofei then continued what he had been saying, ""It's just to make you remember! This time, I'll give you a light punishment. If you dare to point your finger at my nose again, I'll break your finger! Whoever wants to try, you can come over ..."

Tian Xiaojun quickly walked to Xia Ling's side and saw that her index finger was already swollen at a speed visible to the naked eye. Even if her bone was not injured, this injury was still very serious.

Tian Xiaojun couldn't help but feel a trace of fear. He had clearly seen Xia ruofei lightly pinch Xia Ling's finger just now, but it actually caused such an obvious swelling. How much strength did he have to use?

Could it be that this guy was also a martial arts expert? Tian Xiaojun muttered in his heart.

However, he was not too afraid. What era was this? One would never be able to defeat the powerful state apparatus if they were aggressive. No matter how good Xia ruofei was, could he be better than the fully armed police? Could they be more powerful than an Army equipped with heavy firearms?

?

Chapter 1346: This is the three mountains (2)

Thus, Tian Xiaojun quickly calmed himself down.

He looked at Xia ruofei and said, "Mr. Xia, isn't this a little too much?" Xia Ling's tone was just a little harsh, and you hurt him like this? Is there still any law?"

Xia ruofei sneered. "When I was talking to you about the law, you were being shameless. Now that I've taught a piece of trash a lesson, you're talking to me about the law?" So the law is your house's trash can? Open it whenever you want to use it?"

"General manager Xia, aren't you afraid that we'll call the police and Sue you for intentional assault?" Tian Xiaojun said with a dark expression.

Xia ruofei smiled brightly and said, ""Deputy Director Tian, this is San Shan ..."

Tian Xiaojun coldly snorted and said, "This is indeed the three mountains, but the three mountains are not outside the law. These are the three mountains of Huaxia!"

When Tian Xiaojun heard Xia ruofei's words, he was even more certain that he was relying on Song Qiming's daughter, Song Wei. He was furious.

If Song Wei really wanted to protect Xia ruofei, he could not do anything to Xia ruofei with Xia Ling's injuries.

As for the "three mountains of China," he was just saying it for show.

Xia ruofei did not even bother to respond to such childish words. He just smiled and shrugged.

Tian Xiaojun knew that there was no point in staying any longer.

He could not do anything to Xia ruofei at San Shan, but when he returned to the capital, he would have a way to deal with a small company in the local area.

After making up his mind, Tian Xiaojun looked deeply at Xia ruofei and said, "President Xia, in that case, we'll take our leave first! I hope that Tao Yuan company will always be so smooth – sailing ..."

"Don't worry, Deputy Director Tian, I will. " Xia ruofei said with a smile.

Tian Xiaojun coldly snorted and said with a dark face, "I'm sure CEO Xia will take the initiative to talk to us about financing soon, but by then, 51% of the shares will not be enough ..."

He didn't wait for Xia ruofei's reply and said to Zhong Zixin and Xia Tian, ""Let's go!"

Tian Xiaojun strode out of the private room. Zhong Zixin and Xia Ling glared at Xia ruofei hatefully before quickly following him.

Liu Zhe cupped his hands at Xia ruofei and smiled apologetically. He did not say much and turned to chase after Tian Xiaojun. No matter what, he had to receive Tian Xiaojun well. Otherwise, with Tian Xiaojun's vengeful personality, he might cause some trouble.

The lively private room was suddenly empty, leaving only Xia ruofei and Ling Qingxue.

"RUO Fei, will these people cause you trouble?" Ling Qingxue asked, a little worried.

Xia ruofei laughed, "silly girl, do you think I'm someone who can be bullied by others?" It's already good enough that I didn't find trouble with them, and they still dare to find trouble with me?"

In fact, Xia ruofei would not let the three of them go so easily. However, Liu Zhe had sent him a very detailed message with their names and backgrounds. They could run but not their temple. Otherwise, Xia ruofei would not have let them go.

Ling Qingxue was still a little worried. She said, ""These people all have powerful backgrounds in Beijing. If they really want to cause trouble for the Paradise Corporation, I'm afraid ..."

Xia ruofei put his arm around Ling Qingxue's shoulder and said, ""Wife, you don't have to worry about this. I know what to do. A few little brats can't turn the world upside down! It's not like we don't know anyone in Beijing, right?"

"Stronger than them?" Ling Qingxue asked.

Xia ruofei smiled and nodded. "We're not on the same level at all. So, don't worry!"

"Oh ... Then I don't care. It's good that you're confident," Ling Qingxue said, sticking out her tongue.

.....

Tian Xiaojun and the other two walked through the courtyard angrily and left, ignoring Liu Zhe who was following them.

At this moment, a lady from the opposite side led three people over. The Ling's private kitchen's backyard was designed to be a winding path, and the roads were relatively narrow. If someone were to walk in front of them, they would have to turn slightly to avoid each other.

Tian Xiaojun's heart was burning with anger, and he could not help but raise his head and glare at the hostess.

However, when he saw the person behind the welcoming lady, his eyelids couldn't help but Twitch, and the bitter hatred on his face instantly turned into an almost flattering smile.

"Young master hou! What a coincidence! You've come to the three mountains as well?" Tian Xiaojun quickly stepped to the side. He wished he could stand in the middle of the flowerbed and make way for them.

The person opposite him was Hou Liang. Beside him was Wei Jun, the son of Wei Jianming from Tongren Hall.

Hou Liang looked at Tian Xiaojun with a puzzled expression. He felt that this guy looked somewhat familiar, but he could not remember where he had seen him before.

Tian Xiaojun quickly introduced himself, "young master hou, I'm Tian Xiaojun from the state – owned assets Supervision and Administration Commission!" My father is Tian Xudong from the housing and construction department!"

Hou Liang was still a little confused. If it was a leader from a large Ministry, Hou Liang would at least know his name. However, Tian Xiaojun's father was only a Secretary. Hou Liang only felt that the name sounded familiar, but he still couldn't match it with the person.

"Liang bro, Tian Xiaojun's father is the Secretary of the xxx division in the Ministry of Housing and Construction ..." Wei Jun said.

"Yes, yes, yes!" Tian Xiaojun quickly said, "young master Wei, we even drank together the last time ..."

Tian Xiao Jun was quite envious of Wei Jun. One had to know that Wei Jun had been in a similar circle to him in the past, and they had often crossed paths.

However, Wei Jun had managed to cling onto a powerful backer. Everyone knew that he was close to Hou Liang. Even when Hou Liang went out to the capital to do business, he brought Wei Jun along. It was obvious that Wei Jun had already gradually mixed into Hou Liang's circle.

What Tian Xiaojun did not know was that Wei Jun had been able to be accepted by Hou Liang and the others so quickly because he had helped Xia ruofei.

At this moment, another young man beside Hou Liang chuckled and said, "Liangzi, you need to learn more. Director Tian has quite a bit of influence in the Ministry of Housing and Construction ..."

This young man had been standing behind Hou Liang the entire time, blocking Tian Xiaojun's line of sight. When he saw him, he couldn't help but be shocked. He quickly said, "So young master Xu is here too! Today was really a good day! All of you influential people from the capital have come to the three mountains!"

The young man who was called “young master Xu” by Tian Xiaojun was called Xu Zixuan. He was also on good terms with Zhao Yongjun and Song Rui. Unlike Hou Liang, Xu Zixuan was a standard third generation. He was famous and professional. His grandfather had made great contributions in the Army and was promoted to Lieutenant General before retirement.

With such a family background, Xu Zixuan was naturally an influential figure in the circle of rich Playboys, and Tian Xiaojun could not even fawn on him.

Only then did Hou Liang understand Tian Xiaojun’s situation. He nodded slightly and said, “So you’re Secretary Tian’s son, how are you!”

“Young master doesn’t dare to accept such an honor! Hello, young master Hou! Hello, young master Xu!” Tian Xiaojun said as he nodded and bowed. He was no longer as arrogant as he had been in the private room.

As for Zhong Zixin and Xia Tian, they didn’t even have the right to speak. In front of a good – for – nothing like Hou Liang, these two wouldn’t even dare to breathe loudly.

“Young master Xu, young master Hou, it’s rare for us to meet each other in the capital, but today, we’ve met by chance in the three mountains. This is definitely fate!” Tian Xiaojun asked carefully. Why don’t I treat everyone to a gathering tonight?”

“I’m sorry,” Hou Liang said with an indifferent expression. “We’re meeting a friend tonight. Let’s talk again next time!”

Tian Xiaojun was disappointed, but he quickly replied, “Okay, okay, okay, then we won’t disturb you any longer. I’ll be staying at the three mountains for a few more days. If you’re free, you can come and have a drink with me! Young master Wei has my number.”

“Let’s see what the arrangements are!” Hou Liang said noncommittally. We’ll go in first ...”

Tian Xiaojun quickly bowed and made an inviting gesture, saying, “Young master Hou, young master Xu, be careful. The road isn’t smooth ...”

Only when Hou Liang and the other two walked past him did Tian Xiaojun straighten his body. He looked at the backs of the three people with a hint of yearning in his eyes.

Zhong Zixin and Xia Ling also had the same expression.

Especially Zhong Zixin. When she saw Hou Liang and Xu Zixuan, she couldn’t wait to get close to them. However, she didn’t have the courage and wasn’t confident in her own looks.

“Let’s go ...” Tian Xiaojun said.

He had only taken a step when Tian Xiaojun suddenly stopped. He turned his head back and muttered to himself, “I remember that there was only one private room in that courtyard! Could it be ...”

?

Chapter 1347: Squatting in a row (1)

Tian Xiaojun's heart skipped a beat. The first thought that came to his mind was: These young masters in Beijing also had their eyes on the Paradise Corporation!

The path that Hou Liang, Xu Zixuan, and the others had taken only led to the backyard, where there was only one private room.

As for Hou Liang's "having a meal with friends", Tian Xiaojun had subconsciously ignored it. In his opinion, Hou Liang, Xu Zixuan, and the other second – generation heirs who could be said to be well – known in the capital, coming to the three mountains together was an extremely unusual matter. There was only one explanation, and that was that they had also noticed the peach blossom company's terrifying ability to make money, and they had come to find them immediately.

Tian Xiaojun's heart ached so much that he clenched his teeth. Since he had been targeted by this group of men, he probably wouldn't even have a share of the soup.

"Looks like I've made a wasted trip to the three mountains ..." Tian Xiaojun thought in frustration.

However, since there was no way to get the shares of the Paradise company, Tian Xiaojun immediately thought of how to obtain certain benefits.

An idea suddenly flashed through his mind. He didn't even have time to tell Zhong Zixin and Xia Tian before he quickly chased after Hou Liang and the others.

Hou Liang and the other two chatted as they walked.

"Liang bro, don't we ... Need to wait for Jun bro at the entrance?" Wei Jun asked.

"Young master Song said that they're going to take a detour to pick someone up. Brother Jun told us to go in first and not wait for him!" Hou Liang said with a smile.

"Oh ..." Wei Jun nodded and said, "it seems that young master Song has quite a few friends in the three mountains!"

"That's for sure ..." Xu Zixuan said with a smile, "brother Rui has been at the three mountains for quite a long time, he's familiar with this area!"

"Brother Xuan, the one we're most familiar with is the one we're about to meet, right?" Hou Liang asked with a smile. I'm a native of the three mountains!"

"Hahaha! That's true ..." Xu Zi Xuan said with a smile.

At this moment, Tian Xiaojun caught up with him, panting. He shouted, "Young master Xu, young master hou, please wait!"

Hou Liang and the others stopped in their tracks and turned around to look at Tian Xiaojun. They did not understand why this guy had become so clingy.

Tian Xiaojun smiled awkwardly and asked, "Young master Xu, young master hou, if you don't mind me asking ... Are you going to find ..."

At this point, Tian Xiaojun pointed at the door of the small courtyard not far away and continued, "Xia ruofei from paradise Corporation?"

Hou Liang and the other two exchanged glances. Then, Hou Liang asked indifferently, "How did you know?"

Tian Xiaojun chuckled and said, "Didn't I ... Just come out?"

Hou Liang raised his eyebrows. He sized up Tian Xiaojun and asked, "You know the person inside?"

Tian Xiaojun quickly waved his hand. "Young master hou, please don't misunderstand. I have nothing to do with that Xia ruofei. I'm not trying to help him!"

Tian Xiaojun thought that Hou Liang had misunderstood that he was speaking up for Xia ruofei, so he explained in a hurried tone, afraid that Hou Liang would be unhappy with him.

Little did he know that the moment he said this, the expressions of Hou Liang and the other two changed slightly.

Hou Liang and Xu Zixuan looked at each other again before he asked, "So, what's the purpose of your visit?"

Tian Xiaojun's face revealed a trace of embarrassment, and he laughed awkwardly, "I know I can't hide it from young master hou's eyes ... We're actually here for the Paradise corporation's shares ..."

When Hou Liang heard the word 'shares', the muscles on his face couldn't help but Twitch. However, he still remained calm and asked indifferently, "Since you've seen us coming, what are you doing here? Don't tell me you still want to split ..."

"I absolutely didn't mean it that way! I definitely didn't mean it that way!" Tian Xiaojun quickly said, almost swearing to the heavens, "didn't I ... Get rebuffed by that Xia ruofei? That's why I'm here to remind you, young master hou ..."

Then, Tian Xiaojun quickly explained, "I'm not underestimating your abilities, but I've been in contact with Xia ruofei just now. This person doesn't know what's going on. If you rashly ask for shares, he might not buy it. I'm afraid we'll have to do something ..."

"What method do you think we should use?" Hou Liang asked with narrowed eyes.

Tian Xiaojun's spirit was lifted, and he chuckled, "Young master hou, there are so many ways to deal with a small company like this! Any random functional Department could just give them a heads up and they would not be able to continue operating! I wanted to ask the price Department to teach him a lesson, but since you're here, I don't have to do anything ..."

Hou Liang slowly nodded. Beside him, Xu Zixuan and Wei Jun were looking at Tian Xiaojun as if he was already a dead man.

Tian Xiaojun was still unaware of it, and he said as if he was taking credit, "Young master hou, according to my judgment, it's more difficult to make him submit directly. It's better to teach him a lesson first, then it'll be much easier to talk to him later ... Oh right!"

After saying that, Tian Xiaojun quickly added, "This Xia ruofei is not only muddleheaded, but he's also a little barbaric. He doesn't care about us at all just because he has some skills ..."

Hou Liang's gaze gradually turned cold as he asked, "So ... You even fought with him?"

Tian Xiaojun replied awkwardly, "it's not really a fight!" Xia Ling ... The brother who was with me just now, he only pointed at him and he almost broke his finger. If you guys come into contact with him, please be careful ..."

?

#### Chapter 1348: Squatting in a row (2)

"Pay attention, my ass!" Hou Liang suddenly raised his voice and cursed.

Tian Xiaojun was instantly dumbfounded. Hou Liang's sudden rage had caused his brain to freeze. He didn't understand why Hou Liang had suddenly become so angry when they had been chatting happily just a moment ago.

Before Tian Xiaojun could react, he suddenly felt a pain in his waist. Xu Zixuan, who was standing behind him, had kicked him.

Tian Xiao Jun was immediately kicked to the ground by Xu Zi Xuan.

He trembled in fear and fell to the ground, asking with a face full of fear, "Young master hou, young master Xu, I don't know what I said wrong ... Please be magnanimous ... Please don't lower yourself to my level ..."

Zhong Zixin and Xia Ling, who had followed behind Tian Xiaojun, were also shocked.

They were all too clear about the capabilities of Hou Liang and the others. It could be said that if Hou Liang and the others wanted to mess with Tian Xiaojun in the capital, they didn't even need to do it themselves. As long as they spread the word, a little profligate son like Tian Xiaojun would basically become a stray dog.

Xia Ling, who was usually arrogant and despotic, didn't even dare to breathe. Seeing Tian Xiaojun being kicked down, she didn't dare to go forward to help him up. She only stood on the spot with Zhong Zixin in fear, a little at a loss.

Hou Liang's eyes were cold as he said, "I wonder what went wrong?" Then think carefully! We'll talk about it when you think of it!"

Then, Hou Liang turned to look at Zhong Zixin and Xia Tian. He said, "You guys, come over here!"

Not only did Zhong Zixin and Liu Zhe hurriedly walk over, but even Liu Zhe, who had been carefully protecting Tian Xiaojun's group, had no choice but to walk over to Hou Liang with an uneasy expression.

Hou Liang kicked Tian Xiaojun in disgust and said, "Are you lying on the ground like a dead dog? Quickly get up!"

Tian Xiaojun quickly used his hands and feet to support his body and quickly stood up.

Hou Liang pointed at the wall of the small courtyard in front of them and said, "You guys, put your hands behind your heads and squat over there!"

"Ah?" Tian Xiaojun could not help but call out subconsciously.

In any case, he was still a Deputy Division – Level officer. Although his position in the circle of good – for – nothings was far inferior to Hou Liang's, Hou Liang's actions still made him feel a little embarrassed.

"What do you mean" ah "?" Xu Zi Xuan said unhurriedly, "didn't you hear what Liang Zi said?" Or are our words useless? That's fine, Zhao Yongjun, brother Jun, and song Rui will be here soon. Their words should be of some use, right?"

When Tian Xiaojun heard the thunderous names of Zhao Yongjun and song Rui, he couldn't help but shiver. He quickly said, "I don't dare ... I don't dare ..."

After that, he didn't care about his pride as a Deputy Director anymore. He ran to the wall and squatted down facing the wall with his hands on his head.

Zhong Zixin and Xia Ling naturally didn't dare to be negligent and also ran over to squat down.

Under the intense gazes of Hou Liang and the others, Liu Zhe could only helplessly follow in the footsteps of Tian Xiaojun and the others.

Liu Zhe felt as if 10000 alpacas were galloping across his heart. He secretly shouted, "I'm really unlucky today! What does this have to do with me?"

However, he could not even afford to offend Tian Xiaojun, let alone offend Hou Liang and the others, whom Tian Xiaojun treated like a mouse seeing a cat. Therefore, he could only Mutter in his heart and did not even dare to explain himself.

In a short while, a row of four people was squatting at the base of the courtyard wall.

When the receptionist responsible for guiding Hou Liang and the others saw this scene, she wanted to laugh but did not dare to laugh out loud. She could only endure it with great difficulty.

As for Hou Liang, he walked to the entrance of the small courtyard and shouted, "Brother Xia! Boss Xia! Xia moneybags! Our brothers are already at the door, aren't you going to come out and welcome us?"

Xu Zi Xuan also joined in the fun and shouted, "President Xia!" The takeaway you ordered is here! Hurry up and open the door ..."

Wei Jun didn't dare to be so impetuous. He knew Xia ruofei's powerful background, and he wasn't that close to Xia ruofei. If he hadn't helped Xia ruofei settle the Tongren Hall matter, he wouldn't even have been able to get into Hou Liang's circle. So he stood cautiously beside Hou Liang and Xu Zixuan, feeling a little envious.

Soon, footsteps could be heard in the courtyard. The doors split into two and Xia ruofei and Ling Qingxue appeared at the entrance.

Xia ruofei was wearing a set of Armani casual clothes. He had been cultivating for a long time and had an otherworldly temperament. He looked very handsome.

Ling Qingxue, who was standing beside him, was not inferior in any way. She had a beautiful face and long legs, which made her look like an eye – catching divine weapon.

The two of them standing at the entrance of the courtyard was like a beautiful scenery. Hou Liang and the other two couldn't help but be stunned.

Xu Zi Xuan was the first to react, he quickly stepped forward and said: "Brother Xia, this must be my sister – in – Law! As expected, they were a perfect match! Brother Xia is so lucky!"

Hou Liang also came back to his senses. He hurriedly began to ramble, but his expression was a little exaggerated. With a single glance, it was clear that he was trying to pull a prank.

Ling Qingxue's face blushed slightly at their words. Xia ruofei, on the other hand, had already cultivated his thick skin. He even deliberately put on an expression that said he was happy to be flattered.

"This is?" Xia ruofei saw that Wei Jun looked a little unfamiliar and couldn't help but ask curiously.

"Oh, I forgot to introduce you!" "He's Wei Jun!" Hou Liang immediately said.

Xia ruofei immediately reacted and smiled gently. "So you're Wei Jun! We welcome you to the three mountains as a guest! Thank you for what you did last time!"

Wei Jun immediately felt flattered and quickly said, "You're welcome, President Xia! It's just a small matter ..."

Xia ruofei chuckled. "We're all friends. You don't have to be so polite. You can just call me brother Xia!"

Wei Jun was excited and said, "Alright, brother Xia!"

Xia ruofei reached out and grabbed Ling Qingxue's soft hands. He smiled and said, "Let me formally introduce to everyone, this is my girlfriend, Ling Qingxue!"

"Hello!" Ling Qingxue smiled and said, "welcome to the three mountains!"

"By the way, this private restaurant belongs to Qingxue's family. You guys should try the special dishes here later!" Xia ruofei smiled and said, "if it's good, don't forget to help promote it when you go back. You might even open a branch in the capital in the future!"

"So this shop is opened by sister-in-law's family!" "Of course!" Hou Liang quickly said, "the taste of the food definitely wasn't mentioned! By the way, we have quite a few friends in the three mountains. I'll introduce them to you when the time comes!"

"Thanks!" Xia ruofei said. Then, he asked, "Why are there only a few of you? Where's brother Zhao? And where did that kid song Rui go?"

"Oh! Young master Song and brother Jun are in the same car. They're going to pick up a friend, so they should be here soon." Xu Zi Xuan said.

"Alright, let's wait inside!" Xia ruofei smiled and said, "it's cold outside! Don't just stand there, come into the house! You guys aren't used to the wet and cold climate here in the three mountains, right?"

"Yup! It's supposed to be a few degrees hotter here than in the capital, but I just feel cold." Hou Liang could not help but shrink his neck and said, "we felt it the moment we got off the plane. The wind was so strong that the down jacket seemed to be useless. The cold air even seeped into our bones ..."

"Hahaha!" Xia ruofei smiled and said, "you guys should come out more. What's the point of staying in the capital all day?"

As they were talking, a loud thud suddenly came from the nearby courtyard wall.

It turned out that when Tian Xiaojun heard Xia ruofei chatting and joking with Hou Liang and the others, and when Xia ruofei was the most respected one among them, he could not help but feel his vision darken. In addition, he was cold and scared. After squatting for a while, his legs were numb, so he accidentally leaned forward and hit his head against the wall.

Only then did Xia ruofei notice it. He looked to the side and couldn't help but laugh. "Why are there still a few people squatting here? Eh? Why was Liu Zhe squatting there? What's the situation?"

?

Chapter 1349: Completely ignoring\_1

Liu Zhe raised his head awkwardly and looked at Xia ruofei. He squeezed out a smile that was uglier than a crying face.

Xia ruofei couldn't help but laugh. "Quickly get up, quickly get up!"

"Liangzi, what's the situation?" he asked Hou Liang. Liu Zhe is my friend. How did he end up squatting there?"

"Ah!" Hou Liang exclaimed and quickly walked over.

Liu Zhe was still crouching there, his face covered in dust and dirt, not daring to move. He was considered a prominent figure in the three mountains, but this was the first time he had been reduced to such a sorry state.

Hou Liang quickly helped Liu Zhe up and said, "Brother, it's a misunderstanding, a misunderstanding, a misunderstanding ... I really didn't know you were RUO Fei's friend! Why didn't you explain? I just saw you with these idiots, so ... Sigh! Wasn't this the same as flooding the temple of the Dragon King? It's all my brother's fault! Blame me, blame me ..."

"Young master hou, I ... I did come here with tianchu and the others ..." Liu Zhe said hurriedly.

Hou Liang couldn't help but reveal a hint of bewilderment.

At this moment, Xia ruofei walked over and said, "Liu Zhe, why are you saying this? You are you, Tian Xiaojun is Tian Xiaojun, do I have to be so unreasonable?"

Hou Liang immediately came back to his senses and said, "Yes, yes, yes! Brother, it's all my fault for letting you suffer! How about this, I'll arrange a banquet to apologize to you today!"

"No need, no need ..." Liu Zhe hurriedly said.

He was flattered. At the same time, he had a new understanding of Xia ruofei's power. Tian Xiaojun, who was so powerful in his eyes, did not even dare to breathe loudly when he met Hou Liang. Hou Liang did not even look at Tian Xiaojun. However, because of Xia ruofei's words, Hou Liang's attitude immediately changed 180 degrees. He was even more intimate than a real brother. This explained the problem.

In the past, Liu Zhe only thought that Xia ruofei was close to Song Wei and even the song family. He was also more straightforward, so he was willing to be friends with Xia ruofei. However, he still thought that Xia ruofei was just taking advantage of Song Wei.

After today's events, Liu Zhe finally realized that Xia ruofei did not need to bask in Song Wei's glory. He was completely qualified to be on equal terms with Song Wei. Perhaps even song Wei's influence was not as great as Xia ruofei's.

At least Liu Zhe knew that Song Wei's status wasn't enough for these rich Playboys in the capital to treat her like this.

"I must apologize!" Hou Liang said with a serious expression. You have to admit your mistakes! "I, Hou Liang, am not an unreasonable person ..."

"This ..." Liu Zhe's expression was troubled.

Xia ruofei chuckled. "Liu Zhe, liangzi, let me say something. There's no need for such a formal apology. We're all friends, so Liu Zhe should go in as well. Liangzi can just give Liu Zhe a toast."

"I think it's fine! Let's do this!" Hou Liang chuckled.

Liu Zhe's head was spinning. He did not dare to imagine that he would actually have the opportunity to drink and have fun with these top – notch nouveau riches of the capital. He had even been called "brother" by Hou Liang.

One must know that this wasn't just a qualification that could be used to show off, but also a real benefit. Not only for him, but also for his father, it was a rare opportunity.

Liu Zhe felt like he was in a dream. Xia ruofei patted Liu Zhe's shoulder and asked, "Why are you in a daze? I'm asking you a question."

"Ah?" Liu Zhe snapped out of his daze and asked in embarrassment, "did I disturb you guys too much ..."

"What are you saying?" Xia ruofei said angrily, "it's just a small gathering for friends. My brothers from Beijing came to San Shan to play. I didn't want to invite anyone else, but since you're here today, we're all my friends. What's the matter with having a meal together?"

Liu Zhe knew that Xia ruofei was trying to help him.

He was also very touched. After all, he was the reason why Tian Xiaojun could find Xia ruofei so quickly.

Although he was unwilling and had no other choice, and he had informed Xia ruofei in advance, he still played the role of an accomplice.

Not only did Xia ruofei not blame him, but he even helped him. Liu Zhe was convinced by Xia ruofei's generosity.

Liu Zhe was now aware of Xia ruofei's capabilities. He had only contributed a little when he bought the Heng Li building at the peach blossom company. How could he not be touched when Xia ruofei returned the favor?

Liu Zhe looked deeply at Xia ruofei and nodded his head. "Alright, brother Xia, I'll do as you say!"

"That's right!" Hou Liang said with a smile.

Xu Zixuan and Wei Jun also returned Liu Zhe's friendly smile. Compared to the treatment Tian Xiaojun had just received, this was like heaven and hell.

"It's cold outside, let's go in!" Xia ruofei said.

At this moment, Zhao Yongjun's hearty laughter came from not far away, "Why is it so lively? Are you guys waiting for me?"

Xia ruofei was already walking towards the courtyard, but when he heard Zhao Yongjun's voice, he turned around and smiled.

"Big brother Zhao! You're late!" Xia ruofei said, "be more conscious of your punishment later!"

"No problem!" Zhao Yong Jun said heroically, "your Drunken Eight Immortals is a good wine! I'll take this opportunity to drink a few more cups, haha!"

?

Chapter 1350: Completely ignoring\_2

Zhao Yongjun and the others walked over. Other than Song Rui and Liu Jian, there was also a beautiful girl in a light yellow short down jacket. It was Song Wei.

It turned out that Zhao Yongjun and the others had taken a detour to pick up Song Wei.

Song Wei smiled at Xia ruofei and said, "RUO Fei, I came uninvited today. I hope you don't welcome me?"

"I wouldn't dare! You're an important guest that we can't even invite normally!" Xia ruofei chuckled.

Zhao Yongjun also quickly noticed Tian Xiaojun and the other two squatting by the courtyard wall. He couldn't help but frown.

However, Xia ruofei was the host today, and Hou Liang and the others had arrived earlier. If there was anything, Hou Liang would have settled it already, so Zhao Yongjun only glanced at it and didn't ask much.

Naturally, everyone introduced themselves to each other when they met.

The main thing was that Xia ruofei was introducing his girlfriend, Ling Qingxue. Of course, he also introduced Liu Zhe to Zhao Yongjun and the other two. Liu Zhe and Song Wei were already familiar with each other, so there was no need for another introduction.

Song Wei and Ling Qingxue knew each other. The last time they had dinner at the lingji private restaurant, the two girls had exchanged WeChat messages.

Therefore, the two of them smiled and nodded in greeting.

After some small talk, the group of people followed Xia ruofei into the private room in the courtyard.

Outside the courtyard, Tian Xiaojun and the other two were still crouching in front of the wall.

Xia ruofei and the others were chatting so enthusiastically beside them, but no one paid them any attention. Except for Zhao Yongjun who glanced at him when he first arrived, everyone else treated them like air.

After the lively exchange of greetings, the courtyard outside became quiet. They could faintly hear the laughter of Xia ruofei and the others in the room with the heater on. Tian Xiaojun and the other two were squatting at the foot of the wall in the cold wind, their hearts filled with horror.

Hou Liang and Xu Zixuan were already big shots that Tian Xiaojun didn't even dare to provoke in his dreams. He didn't expect that there would be a few more coming. Liu Jian, Zhao Yongjun, Song Rui ... All of their names were like thunder piercing Tian Xiaojun's ears.

These people were so familiar with Xia ruofei and even treated him as the center of attention.

What kind of person was this?

Why had he never heard of it in Beijing?

Tian Xiaojun was also wailing in his heart.

If he had known that Xia ruofei was so powerful, he would not have dared to set his eyes on the Paradise Corporation even if he had a hundred guts! Just the thought of it was enough to make one feel afraid, let alone foolishly leading a group of people to attack the three mountains.

Not only had he come to the three mountains, but he had also impatiently contacted Xia ruofei through Liu Zhe.

Now that he thought about it, Xia ruofei had treated him like a clown in the room just now! His own clumsy performance not only made him a laughingstock, but the words he said were like water that had been poured out, and could not be taken back.

Tian Xiaojun didn't even dare to think about how Zhao Yong Jun and the others would deal with him.

"Brother Jun, what should we do?" Xia Ling shivered in the cold and asked helplessly.

Tian Xiaojun said in annoyance, "you're asking me, but who the F \* ck should I ask?" I don't even know what to do now!"

"Brother Jun, why don't we ... Go in and apologize and plead for mercy?" Zhong Zixin said in a low voice.

She really couldn't stand it anymore. In order to look pretty, she wore less clothes. The wet and cold climate of the three mountains was completely different from that of the capital. The cold wind seemed to penetrate into her bones, and she felt that her whole body was frozen.

"Apologize now?" Tian Xiaojun said unhappily. It's too late! Let's wait! Let's see what kind of regulations those few Masters will come up with ..."

Then, Tian Xiaojun could not help but glare at Xia Ling and said, "I've told you long ago, we're all people with status, don't fight so fiercely all day! If you had been more polite, we wouldn't have offended Xia RUO...Master Xia so badly. "

Xia Ling opened her mouth innocently, but did not dare to talk back.

However, there was no lack of silent criticism. Before they came, Tian Xiaojun had said that he wanted to suppress Xia ruofei with his imposing manner. However, he had official duties and could not rush to the front line, so the task of "main attacker" had fallen to Xia Ling. Now, Tian Xiaojun was blaming Xia Ling for speaking too harshly and offending Xia ruofei. How could Xia Ling accept this?

.....

In the courtyard private room.

The heater in the room was on. Zhao Yongjun and the others had brought six people, including Xia ruofei, Ling Qingxue, Song Wei, and Liu Zhe. They filled up the ten – seater table.

After everyone had taken their seats, the dishes that had been prepared earlier were served like running water.

Xia ruofei was very serious about today's dinner.

The ingredients were all vegetables from the Paradise. Furthermore, he had also prepared the Buddha Jumps Over the Wall and Chinese perch. These two dishes were still in the process of being prepared and had not been served yet.

As for the wine, he used the best wine on the market, the Drunken Eight Immortals. Considering that Ling Qingxue did not like to drink white wine, Xia ruofei even specially prepared a Semillon white wine that had been aged for a long time in the medium.

This was the new batch of wine he had bought from Old West's winery when he first went to Australia.

It had only been half a year, but not only was the West Winery now under his name, but even the once – largest Golden Oak winery in the Hunter Valley area had become his property.

Every time he thought of this, Xia ruofei couldn't help but feel emotional.

Other than Song Wei and Ling Qingxue, who were drinking half – Lon, everyone else poured themselves a cup of Drunken Eight Immortals wine.

Xia ruofei even said to Song Wei, "I bought this wine from Australia. It's an authentic semiron from Hunter Valley, produced by an old winery with a history of a hundred years!"

"Then I'm going to have a good taste!" Song Wei said with a smile.

Xia ruofei smiled and nodded. "I've already bought the winery. I've also improved the quality of the grapes this year. If everything goes well, we should be able to produce the new Semillon grape next year. I'll leave some for everyone then!"

"What a nouveau riche!" Song Rui cried out, "you bought the entire winery without saying a word. Do you have to be so pretentious?"

Zhao Yongjun also laughed and said, "well done, ruofei!" We'll let these country bumpkins experience the domineering power of the Xia country's tyrants!"

Song Rui immediately said, "brother Zhao, who are you calling a country bumpkin?" Who was he calling a country bumpkin? You're the country bumpkin, your entire district is filled with country bumpkins ..."

Zhao Yongjun said, "Are you sure?" The people living in our community are all generals, and they are at least lieutenant generals ..."

Song Rui was at a loss for words. He really didn't dare to respond to that. The old men in the Army were not to be trifled with ...

Seeing Xia ruofei's friends bickering with each other, Ling Qingxue and Song Wei found it very interesting. They could not help but cover their mouths and laugh.

Liu Zhe, on the other hand, was a little reserved. At the same time, he looked at Xia ruofei with envy.

Hou Liang specially sat down beside Liu Zhe and chatted with him from time to time. After knowing that he had 'accidentally' injured Liu Zhe, Hou Liang had been feeling a little guilty.

"Come on! Let's eat some hot food to fill our stomachs first, then we'll drink!" Xia ruofei picked up his chopsticks and said, "but don't eat too much! There will be two more main dishes later!"

Zhao Yongjun immediately said, "yes, yes, yes!" When I was in Beijing, RUO Fei had been bragging about his two dishes to me. He said that we've never tried them in Beijing before and that we'll definitely be amazed by them!"

"I'm really looking forward to it!" Xu Zixuan laughed and said, "brother Xia, don't blow your own trumpet! Brother Jun, brother Rui, and the others are all experienced and knowledgeable!"

Xia ruofei said confidently, "you'll know when you try it later!" Come, come, come, quickly eat! We haven't even touched our first glass of wine!"

Hence, everyone picked up their chopsticks and drank their first glass of wine under Xia ruofei's lead.

Even song Wei and Ling Qingxue couldn't help but take a big gulp of the cheese, mainly because the taste of the Semillon was too good. The wine had a rich, layered fruit fragrance, and it left a lasting aftertaste.

After putting down the wine glass, Zhao Yongjun threw out the question in his heart,""Ruofei, what's going on with those guys outside the hospital?"
